Christine Powers

Miss Powers goes to Chicago

Christine Powers, of the Hackberry Senior 4-H Club, attended the National 4-H Congress in Chicago Nov.28-Dec. 2. She was also the only Cameron Parish representative and one of 45 from Louisiana. There were 1635 teenagers from all over the United States in attendance.

Highlights of her trip included talking to some of the top executives of the Ford Motor Company; seeing Miss America, Dorothy Benham, perform in person; and touring two of the nation's best museums of science and history.

She won her trip with her records in Girl's Achievement. The 4-Hers stayed in the Conrad Hilton, the largest hotel in the United States.

They were entertained nightly: Danny Davis and the Nashville Brass, Life Singing Group, Purdue Collegiate Singers and the Purduettes were some of the entertainers.

The 4-Hers attended rap sessions and banquets, saw films, and toured Marshall Fields, one of the largest department stores in the country. Louisiana delegates really enjoyed snow ball fights with members from different states.

Mrs. Richard Eugene Donahoe III

Newlywed couple will make home in Sulphur

Denise Ann Guilbeaux became the bride of Richard Eugene Donahoe III, in a double-ring ceremony performed by candlelight, in Our Lady of Prompt Succor Catholic Church.

Rev. Samuel G. Jacobs and Rev. Phil Negley conducted the Nuptial Mass at 7 p.m. Dec. 27.

Parents of the bride are Mr. and Mrs. Rodney J. Guilbeaux Jr. of Sulphur. She was graduated from St. Louis High School, McNeese State University and the University of New Orleans. She is presently a faculty member at Grand Lake School.

The groom is the son of Mrs. Naomi J. Donahoe of Lake Charles and the late Richard Donahoe Jr. He was graduated from Lake Charles High School and attended McNeese.

Maid of honor was Felice Ann Dardeau. Matrons of honor were Mrs. Analee Gregory and Mrs. Gisele Puckett, sisters of the bride. Flower girl was Melissa Shaddock.

Luis Remus was best man. Groomsmen were Timothy Donahoe and John Donahoe, brothers of the groom. Ushers were Scott Mount, James Guilbeaux and Michael Lanza.

For her wedding the bride chose a gown of candlelight crepe fashioned with an empire bodice, scooped neckline and bishop sleeves appliqued with heavy embossed lace. A self flounce formed the chapel train.

The bride's veil of illusion was caught under a princess cap covered with embossed lace. She carried a colonial bouquet of white silk rose buds and dried baby's breath, accented with light and dark blue dried flowers.

The wedding reception was held in the VFW Hall in Sulphur.

After a Texas honeymoon the couple will reside ir Sulphur.

No handicraft exhibit planned

The Cameron Parish Library will not sponsor a Handicraft Contest during the Fur and Wildlife Festival as it has done in the past years, according to Mrs. J. W. Broussard, Librarian.

Mr. Broussard cites as reasons for the cancellation a lack of space for displays and the increasingly difficult task of securing competent judges. Large numbers of people visit the library during the Festival and the Library Staff is afraid some of the displayed articles may be broken, soiled, or stolen.

The Library will welcome unusual and interesting items to be exhibited during the Festival, however, anyone wishing to exhibit one or more items should contact the Library as soon as possible.

Title I group names officers for new year

The Cameron Parish Title I District Advisory Council met in the School Board Office in Cameron on Dec. 15, to elect officers, discuss objectives and policies of the Council, view the statistics of the evaluation of the Title I program for the past school year, and to receive information on the Title I project for this school year.

Elected to serve as officers for a one-year term were: Mrs. James Albarado, chairman, Mrs. Peggy Reyes, vice-chairman, and Mrs. Jimmy Jinks; secretary.

Members of the Advisory Council for 1976-1977 are: Mrs. James Albarado, Cameron Elementary School; Mrs. Peggy Mhire, Grand Chenier Elementary; Mrs. Roderick Poole, Grand Lake High School; Mrs. Mae Doris Little, Hackberry High School; Mrs. Jimmy Jinks, Johnson Bayou High School; Mrs. Leroy Richard, South Cameron Elementary School; and Mrs. Peggy Reyes, South Cameron High School.

The Council decided to participate in a one-day workshop in Lake Charles Feb.2.

This school year approximately 330 students will be served by the Title I Reading Labs in Cameron Parish with a budget of approximately $100,000 according to Orrie P. Canik, Title I Director.

A report on natural gas available to the Gulf South this winter

The purpose of this advertisement is to report to you the volume of natural gas expected to be available during this winter to Gulf South communities, commerce and industry through the United Gas Pipe Line Company system.

From the very outset of the national gas shortage, this company, in common with other major interstate pipelines, has broadened and further intensified its search for new reserves. The success of this effort, however, has greater meaning for the future than the present. Time remains a problem.

There are various factors affecting the amount of time it takes for a company to contract for new reserves and introduce new gas production into its pipeline system. These are both economic and physical, and in some cases, human factors. There is intense competition for available new supplies, and the law requires that United Gas continue to allocate its deliveries in accordance with a priority schedule supervised by the Federal Power Commission.

Although the company expects to deliver to its customers more than 380 billion cubic feet of this vital fuel during the winter, this nevertheless represents a greater curtailment this winter than any previous winter.

United believes that the public is entitled to know not only the scope of the shortage, but also what is being done to cope with it. Thus, in a series of communications, of which this is the first, we will provide you information about how the shortage is being handled in the near term. In addition we will detail some of the projects now under way to introduce supplementary amounts of natural gas into United's system.

Because of the depth of the nationwide gas shortage, virtually all citizens are affected, one way or another, by the complex, often misunderstood and often controversial aspects of deliveries of gas. The delivery schedule assigns the highest priority to homes, schools, hospitals and other human needs consumers.

United's gas allocation program is based on priorities of service established in so-called "curtailment plans" approved by the Federal Power Commission and reviewing courts and, thus, are always subject to change. Last April United proposed a permanent program which would provide maximum protection to most gas-dependent customers in the Gulf South. Lengthy FPC proceedings are in progress to determine United's permanent program.

As a result of Court challenges by several of United's pipeline customers, the U. S. Court of Appeals for the Fifth Circuit has ordered United to make curtailments under a different program this winter pending further court or FPC action. However, the Court also ordered modifications to the plan to permit continued service to Gulf South industrial customers that lack the present ability to use other fuels. With this important modification, United's curtailments under the court ordered plan should be very similar to those under the plan United has proposed.

Based on present supply levels, United will be able to provide enough gas this winter to protect all human needs consumers and enough gas for industrial purposes to prevent any severe economic impact, such as plant closings, job layoffs or loss of normal production in United's Gulf South service area . . . unless there are prolonged periods of unusually cold weather.

United Gas will continue to work to protect the hundreds of communities in Texas, Louisiana, Mississippi, Alabama and Florida which we have served and helped build for more than 40 years.

The origin of the natural gas shortage and the means for dealing with it involve numerous complex economic and technological factors which have not yet been fully perceived by many of our citizens. Because of this, and because of the critical importance of natural gas to the well-being of the Gulf South, United Gas is once again publishing a series of advertisements to ensure, to the greatest extent possible, the understanding of the public.

In last winter's communications United Gas asked the cooperation of everyone in a program of conservation. The principle is simple: if gas can be saved in the home, it can be used in the plant. To those citizens who responded to this request, turned down their thermostats, increased their insulation and made the most efficient use of this precious fuel, the company extends its deepest gratitude for these acts of good citizenship. The final resolution of the shortage depends ultimately on the wisdom and willingness of the Congress to deal with the root causes of the shortage. In the meantime, successful handling of the effects of the shortage requires the understanding and cooperation of everyone.

NEWS FOR YOUTH

Training Film

Young people interested in earning some money by babysitting can now learn the best way to go about it.

A full-color, 15-minute training film called "Parent For Tonight" is available to schools, movie theaters, TV stations and service organizations. It's sponsored by the Kinney Shoe Corporation in cooperation with the National Safety Council and the Camp Fire Girls. It covers a full range of child care information, including advice on almost every situation from diapering to dealing with medical emergencies.

The informative, upbeat content of the film is geared to interest teen-age audiences, and the film fits any standard 16mm projector.

To get a free print, write to Director of Public Information, Kinney Shoe Corporation, 233 Broadway, New York, N.Y. 10007.

After seeing this film, a lot of teen-agers may be sitting pretty.

REMEDIES FOR HOLIDAY SPOTS AND SPILLS

Planning a great holiday party gives you enough to think about without having to worry about after-the-party laundry problems. If spots and spills overflow along with the good cheer, don't despair; a little spot-removal know-how makes quick and easy cleanups of party-time calamities.

Always remember, a spot is easiest to remove if it's treated as soon as possible. Washable items should be laundered according to the manufacturer's instructions; most common spots will respond to a tre

A "Small Farmers Conference" will be held in Gayle Hall at NcNeese State University, Tuesday, Jan.11, beginning at 9 a.m. with registration and ending at 2:40 p.m. with door prizes.

This conference will include all phases of vegtable and fruit production as well as the processing for home use and marketing.

Topics to be discussed by M.S.U personnall are: starting vegetable plants, irrigation of small gardens, insect, disease and weed control in vegetable and fruit trees.

Also, preservation, canning, freezing of vegtables and fruits as well as the preparation of vegetables and fruit for marketing.

All persons interested in vegetable in fruit trees are invited to attend.

Many mothers have asked me, "Won't my baby be healthier eating food I've made at home?"

"Not necessarily," I always reply. I know that mothers ask this question because they want to give their babies the best, but in some cases they may be risking their infants' health by preparing their food at home.

The reason is that the making of baby foods is a precise science. The specifications for baby food products at Gerber are among the most rigid in the entire food industry.

"Baby's resistance to contamination is not fully developed and therefore it is important that they have foods that are absolutely safe. Each Gerber food product must pass strict tests for safety and wholesomeness."

No matter how conscientious a mother is, it is almost impossible for her to duplicate this type of processing control.

A "Small Farmers Conference" will be held in Gayle Hall at NcNeese State University, Tuesday, Jan.11, beginning at 9 a.m. with registration and ending at 2:40 p.m. with door prizes.

This conference will include all phases of vegtable and fruit production as well as the processing for home use and marketing.

Topics to be discussed by M.S.U personall are: starting vegetable plants, irrigation of small gardens, insect, disease and weed control in vegetable and fruit trees.

Also, preservation, canning, freezing of vegtables and fruits as well as the preparation of vegetables and fruit for marketing.

All persons interested in vegetable in fruit trees are invited to attend.

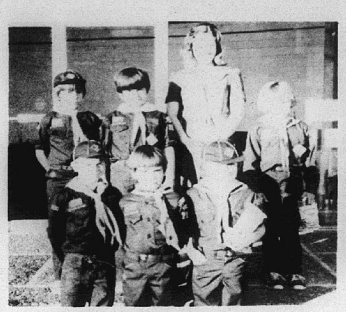
Many mothers have asked me, "Won't my baby be healthier eating food I've made at home?"

"Not necessarily," I always reply. I know that mothers ask this question because they want to give their babies the best, but in some cases they may be risking their infants' health by preparing their food at home.

The reason is that the making of baby foods is a precise science. The specifications for baby food products at Gerber are among the most rigid in the entire food industry.

"Baby's resistance to contamination is not fully developed and therefore it is important that they have foods that are absolutely safe. Each Gerber food product must pass strict tests for safety and wholesomeness."

No matter how conscientious a mother is, it is almost impossible for her to duplicate this type of processing control.



CLUB SCOUTS of Den 1, Pack 210 are shown with Mrs. Gloria Mhire, secretary, after she gave them a tour of the Calcasieu Marine National Bank in Cameron. The Scouts were also treated to souveniers and refreshments.

21ST ANNUAL EVENT SET

Festival set this week

The 21st annual Louisiana Fur and Wildlife Festival will be held in Cameron Thursday, Friday and Saturday, Jan. 13, 14 and 15 and will salute the alligator industry this year.

Several thousand visitors are expected for the three day event which will include programs Thursday, Friday and Saturday nights; numerous contests and exhibitions and a big parade.

The festival gets under way Thursday night when the 1977 Little Miss and Mrs. Cameron Parish are chosen at a program at 7 p.m. at the Cameron Elementary School. The Cameron parish queens for the past 20 years also will be honored.

Following the program a cocktail party honoring the past parish queens will be held at the home of Mr. and Mrs. J. B. Jones, Jr. at Grand Chenier by Festival directors and workers and their spouses.

TRAP SHOOTING

Events Friday will get underway at 8 a.m. with the parish eliminations in trap shooting next to the Masonic temple. Shooting will continue to 4:30 p.m. Anyone may shoot, but only parish entries may win trophies. There will be three divisions, men, women and junior. Boys 16 years and under must shoot in the junior division. Girls 16 years old and under may enter either the junior or the Women's division.

Cost of shooting will be $7 and only 12 and 20 guage guns may be used. The Tony Bellanger Memorial Trophy will be awarded to the parish winner.

At 10 a.m. the senior archery contest will be held behind the Cameron elementary school and the parish retriever dog trials will be held behind the courthouse.

The state 4-H fur judging contest will be held at 1 p.m. Friday at the Rockefeller Refuge at Grand Chenier. Winners from fur producing parishes will compete for the state title.

FRIDAY NIGHT PROGRAM

Friday nights program will begin at 7 p.m. in the Cameron Elementary auditorium and will be highlighted by the selection of the new Miss Cameron Parish.

Also the new King Fur will be crowned. He will be someone who has been outstanding in the alligator industry.

A queen's ball will follow at 10 p.m. at the Cameron recreation center.

SATURDAY MORNING

The Saturday events will begin with the preliminaries in the state trap shooting at 8 a.m. next to the Masonic Temple. Shooting will continue to about 4:30 p.m. with trophies to be awarded to first, second and third places. Winner of the state contest will receive an automatic shotgun.

The junior archery contest starts at 9 a.m. behind the school.

The women's muskrat and nutria skinning contest will be held at the elementary school at 9:30 a.m. followed by the men's skinning contests at 10:30 followed by the junior skinners.

The three fastest skinners will qualify to skin in the final contest to be held on stage during the Saturday night program.

The state retriever dog trials will be held at 10 a.m. behind the courthouse..

At 11 a.m. the trap setting contest will begin at the elementary school. The three contestants with the lowest time in setting 12 traps will compete in the final contest on stage during the Saturday night program.

PARADE

The event that will draw the largest crowds during the festival will be the festival parade that will assemble at the west end of town and then proceed east down main street at 2 p.m. Trophies will be awarded in several categories.

J. Burton Angelle, director of the Louisiana and Wildlife and Fisheries Commission, will be parade marshal and the parade will salute the alligator industry.

The senior and junior duck and goose calling contests will be held at 3 p.m. at the elementary school grounds. Contestants up to 16 will compete in the junior contest and those older in the senior contest.

SATURDAY NIGHT PROGRAM

At the Saturday night program, which begins at 7 p.m. at the elementary auditorium, the Louisiana Fur Queen will be selected from amoung seven contestants representing the fur producing parishes.

The festival will end with the queen's ball to be held following the program at the Cameron Recreation Center.

Ellender Bridge to open Monday

The new high level Ellender bridge, located about seven miles north of Hackberry on HWY. 27 across the Intercostal Canal will be officially opened at 11 a.m. Monday, Jan. 17, according to State Rep. Conway LeBleu.

Gov. Edwin Edwards will assist in the ribbon cutting ceremony.

The bridge will replace the present pontoon bridge that went into service about 20 years ago. Before that time, traffic was crossed on a small cable ferry.

During recent years the pontoon bridge has been knocked out of commission on several occasions by barges causing much inconvenience for residents of the Hackberry-Holly Beach-Johnson Bayou areas.

Following a big hurricane that hit the coast south of New Orleans a few years ago, Rep. LeBleu and other coastal representatives were able to get the legislature to appropriate funds to build a number of bridges and roads as hurricane evacuation routes.

A bridge similar to the Ellender bridge was opened over the Intracostal at the Gibbstown crossing in Cameron parish last June.

The Ellender bridge had been scheduled to open many months sooner than the present date but construction was delayed by labor violence and other problems.

The semi-high level bridge will permit navigation of 80 percent of marine traffic. It has a 300 ft. long steel truss span on two 200 ft. high steel towers. The length of the span is designed to clear the entire width of the canal and eliminated the need for protective fenders. (The fenders were what the barges had run into the past.)

There will be two 12-foot lanes with two six-foot shoulders. During evacuation this will allow two 12 foot lanes for leaving and one lane for incoming traffic.

In the down position the bridge will allow a vertical clearance of 50 feet above high water, and raised, will allow 136 feet as stipulated by the Coast Guard.

The intracostal canal at this location is part of the Lake Charles deep water channel.

The project was contracted by Con-Plex out of Jackson, Miss.

14 girls seeking Miss Cameron title

Fourteen Cameron parish girls will compete for the title of Miss Cameron Parish at the Friday night program of the Louisiana Fur and Wildlife Festival at 7 p.m. in the Cameron Elementary auditorium, according to Mrs. Robert Ortego, contest chairman.

The winner will be crowned by the outgoing Miss Cameron Parish Vickie Nunez of Grand Chenier.

Contestantants are: Jo Mae Badon, daughter of Mr. and Mrs. Ray Badon of Johnson Bayou; Beverly Joan Cox, daughter of Mr. and Mrs. James Cox of Sweetlake; Candy Vincent, daughter of Mr. and Mrs. Ernest Lee Vincent of Sweetlake; Patricia Ann Trahan, daughter of Mr. and Mrs. James Trahan of Oak Grove.

Sandie Poole, daughter of Mr. and Mrs. Raymond Poole of Hackberry; Nina Marie Theriot, daughter of Mr. and Mrs. Freddie Theriot of Grand Chenier; Nancy Claire Nunez, daughter of Mr. and Mrs. Garner Nunez of Grand Chenier; Carlean LaBorde, daughter of Mr. and Mrs. Joseph LaBorde Jr. of Hackberry.

Juanita Lane Jinks, daughter of Mr. and Mrs. Ira Jinks of Johnson Bayou; Gwendolyn Ann Hebert, daughter of Mr. and Mrs. Jack Hebert of Hackberry; Sherry Duhon, daughter of Mr. and Mrs. Isadore Duhon Jr. of Hackberry; Donna Marie Bellard, daughter of Mr. and Mrs. Larry Bellard of Sweetlake.

Cynthia Aucoin, daughter of Mrs. Eve Aucoin of Cameron; and Debet Ann Hebert, daughter of Mr. and Mrs. Myrle G. Hebert of Sweetlake.

Visiting La. queens

Four Louisiana queens will be among the guests of honor at the Louisiana Fur and Wildlife Festival in Cameron, Jan. 13-15, according to Mrs. Glenn Alexander, who is in charge of the visiting queens.

They are Leslie Trumbaturie, "La Orange Queen", representing the Plaquemines Parish Fair and Orange Festival; Muriel Palgout, "Delcambre Shrimp Queen," Dena Dautreuil, "La. Dairy Queen; Joan Winfrey, "Bouillabaisse Festival Queen."

The visiting queens will take part in all of the festival activities and will be housed at the Rockefeller Wildlife Refuge at Grand Chenier.

Road contract let

The W. B. McDonald Co. was awarded $298,227 contract by the Cameron police jury last Thursday for the patching and resealing of parish roads.

The jury was advised by W. T. Taylor, Jr., director of the Louisiana Dept. of Highways, that Hwy. 82 between Grand Chenier and the Vermilion parish line would be repaired as soon as possible.

The abandonment of several unused road rights-of-way in the Rutherford Beach subdivision was approved.

Alton Schexnider was reappointed to the Hackberry Waterworks District and Ronnie Daniels was appointed to the Gravity Drainage Dist. No. 4 board to replace Dalton Richard who died.

Coach granted leave

Head Coach Baron G. Thomas of South Cameron high school was granted a sabbatical leave for the 1977-78 school year to do graduate work at McNeese State University at the meeting of the Cameron parish school board Monday.

The board plans to hire a coach for the year that Coach Thomas will be out at its February meeting.

The resignation of Wanda Burchan as a sweeper at South Cameron high school was accepted and the board is advertising for a replacement.

The resignation of Mrs. Willa Dan Morris as kindergarten aide also was accepted.

Jan. 3 was declared a school holiday so that the schools would not have to make up the day they were closed because of the freezing weather.

The board voted to lease the mineral rights on School Section 16-14-11 to W. W. Rucks III of Lafayette for $168,927.

Friday night talent announced

Mrs. Wilma Guthrie, chairman of the Friday night program of the Louisiana Fur and Wildlife Festival at the Cameron Elementary School at 7 .m., announced that special entertainment will be provided by Miss Ramona Louney, a singer from Lake Charles, and Miss Kim Travers, from Cambridge, Maryland, who is the National Outdoor Queen.

Wrestling tourney

South Cameron High School will host a wrestling tournament on Friday night, Jan. 21, at 7 p.m. in the school gym with Basile and Jeanerette.

Humorist to be on program

One of the features on the Saturday, Jan. 15 program of the Louisiana Fur and Wildlife Festival will be Marie LeBlanc, a humorist who tells cajun stories.

For many years Mrs. LeBlanc told stories for the amusement of her friends, having spent a great deal of time in Southwest Louisiana.

She says of herself, "I have always had the ability to mimic an accent and imitate any dialect, and my travels to St. Martinville, Breaux Bridge, and Labadaville endeared these people to me. I like their way of life, and know the happiest I could ever be would be to live on the Bayou."

The program starts at 7 p.m. and will also feature the crowning of the Festival queen.

Phone hearing

The Louisiana Public Service Commission will hold a hearing at 9:30 a.m., Monday, Jan. 17 in Baton Rouge on the request that has been made by the Cameron Telephone Company for a rate increase in Cameron and Calcasieu parishes.

Angelle to be marshal

J. Burton Angelle, director of the Louisiana Wild Life and Fisheries Commission, will be parade marshal of the Louisiana Fur and Wildlife Festival parade in Cameron Saturday, Jan. 15. It starts at 2 p.m.

This year the festival salutes the alligator industry.

7 in fur queen contest

Seven contestants will vie for the title of "Louisiana Fur Queen" at the 1977 Louisiana Fur and Wildlife Festival Saturday, Jan. 15, at 7:30 p.m. in the auditorium of Cameron Elementary school, according to Mrs. Tommy Watts, chairman of the event.

The queen will receive a fur coat and a trip to the Mardi Gras Ball in Washington, D.C. as her prizes.

Contestants are: Leah Anne Barron, St. Martin Parish; Jenny Bird, St Charles Parish; Karen Vice, Iberia Parish; Vickie Nunez, Cameron Parish; Kimberly Kleinpeter, Plaquemines Parish; Sandra Allison, St James Parish; and Rebecca Broussard, Vermillion Parish.

Little Miss, Mr. Contest

Cameron Parish's "Little Miss and Mr. Cameron Parish" will be chosen Thursday at the opening night program of the 1977 Louisiana Fur andd Wildlife Festival, at 7 p.m. at Cameron Elementary School.

Contestants were chosen by their respective communities in contests held last month, according to Mrs. Guthrie Perry, chairman.

Contestants and the communities they represetnt are:

Johnson Bayou-Rickey Harrington, son of Mr. and Mrs. Jimmy Harrington and Samantha Fontenot, daughter of Mrs. Carolyn Fontenot.

Creole-Scotty Primeaux, son of Mr. and Mrs. J. T. Primeaux and Lacey Delcambre, daughter of Mr. and Mrs. Ronnie Delcambre.

Cameron-Gabriel Fontenot, son of Mr. and Mrs. Ward Fontenot and Melissa Racca, daughter of Mr. and Mrs. Murl Racca.

Hackberry-Micheal Devall Jr., son of Mr. and Mrs. Micheal Devall Sr., and Rebecca LeBauve, daughter of Mr. and Mrs. Jack LaBauve.

Grand Lake-Micheal Charles Daigle, son of Mr. and Mrs. San Daigle Jr., and Amy Pool, daughter of Mr. and Mrs. Gary Pool.

Grand Chenier-Tracy Erbelding, daughter of Mr. and Mrs. Dwight Erbelding and Dwayne Nunez, son of Mr. and Mrs. Kenneth Nunez Jr.

Festival scrapbooks on display

MRS. HEBERT & SCRAPBOOKS

One of the big attractions at the Cameron library each year during the Louisiana Fur and Wildlife Festival is the table that contains the three bound volumns of the publicity on all of the festivals, from Dec. 2, 1955 to the present time.

The scrapbook was originally started by Mr. and Mrs. Hadley Fontenot.

Mr. Fontenot was the very first president of the Festival and when he left Cameron for the job as County Agnet in Jennings the job of keeping the scrapbook was passed on to Mrs. Charles F. Hebert who is still doing a faithful job.

Mrs. Hebert assumed the responsibility during the 7th annual festival in 1963.

The scrapbook was saved during Hurricane Audrey because it was in Mr. Fontenot's office on the second floor of the Cameron Courthouse.

Mrs. Hebert states that she is always careful to protect the scrapbooks by either taking them out with her when she has to evacuate for a storm, or by putting them in her husband's office on the second floor of the courthouse.

The books are kept at the Cameron library so everyone can enjoy thumbing through them.

English folks come for Fur Festival

HENRY WOODGETTS & VISITOR

Mrs. Kate Woodgett has traveled thousands of miles to attend the 1977 Louisiana Fur and Wildlife Festival and see her neice, Susan Woodget, who is the 1976 Louisiana Fur Queen, crown her successor Saturday night, Jan. 15.

Mrs. Woodgett's home is in Wallsend Tyne Weer, England and she is the house guest of Mr. and Mrs. Henry Woodgett of Cameron, the parents of Susan.

She arrived in Cameron in time to spend Christmas here and said she had left six inches of snow at home.

She welcomed the warm climated here and said that our winters here are similiar to the summers at her home in England.

Commenting on the Christmas customs in England, Mrs. Woodgett said they are very much like those in America except that there is more singing in England.

She says that there is a great emphasis on caroling during the holidays and collecting funds and merchandise to be distributed to the poor.

Mrs. Woodgett plans to take some festival cookbooks back to England with her.

She has been receiving copies each year from her family here and says that she shares the recipes with her friends who really enjoy Cajun cooking.

SHOWN ABOVE are Gwen Hebert, left, president of Hackberry Future Business Leaders of America and district vice-president and Julie Landry, state and national president, making final plans for the district conference to be held Feb. 26 at 8 p.m. at Hackberry High School.

Plans made for FBLA meeting

The Hackberry Future Business of America Chapter hosted a district conclave Dec. 9 to make preparation for the District IV Conference to be held in Hackberry.

Gwen Hebert, local chapter president and District IV vice-president, presided.

Mrs. Pamela LeFleur, principal, gave the welcoming address. Guest speakers were Robert Tuner, South West Publishing Company Representative, Julie Landry F.B.L.A. state and national president.

Other state officer present were Michelle Bulot, state F.B.L.A. treasurer and Barcia Bonnett state F.B.L.A. District VI vice-president.

Friday buffet is cancelled

Mrs. Wendell Murphy, social chairman of the Louisiana Fur and Wildlife Festival announced there will be no Friday night buffet as previously announced.

The Saturday night buffet honoring the special guests of the festival will be held in the home of Mr. and Mrs. Tommy Eakin, in Cameron.

Legion to meet

GRAND CHENIER NEWS

by Elora Montie

The closing of the second and last half of the duck season, Jan. 11, saw many out of parish hunters out.

For many the start of the second half of the season was very poor and didn't show any improvement. The last weekend was worse than any part of the whole hunting season. Many brought out with them all their hunting equipment and call it quits until next hunting season.

The temperature was 17 degrees Monday with pipes frozen, some bursted from the freeze. An electric line was broken but was restored by early morning. Pipes thawed out during the day but some pumps stayed frozen most of the day.

Two local folks were on TV Sunday morning at 8:30 on Channel 3. Ted Joanen and Robby Dale Mhire were on film explaining the alligator life, hunting season, trapping and apprehension of the animals.

Folks on the Chenier wondered at first what the 66 bicycle riders were seen riding through here Wed. Jan. 5.

They were college students who were gaining college credits from their sights and studies during their ride from a University in Indiana. At the end of each day the students and their professor held classes on what they had seen and learned during that day.

Lola, daughter of Mr. and Mrs. Arnold Jones, Sr., was taken to Lake Charles Friday afternoon after an accident at School. She fell and injured her right knee. She is reported doing better, back home and resumed her studies at school.

Mrs. Frank Miller was in Welsh hospital for a few days last week. She came home Saturday and reported feeling better.

Mrs. Bernice Clark underwent surgery in St. Patrick's hospital in Lake Charles Monday, Jan. 3. She came home Saturday and is doing better.

H'BERRY-GORETTI

Tuesday night of last week in Goretti, it was the Knights 55 and Hackberry 44. Dana Dickerson of the Mustangs was the game's high scorer but just not enough for his team to muster the victory.

Goretti used an 18-6 second quarter scoring spree to erase the 16-14 first quarter lead by the Mustangs. The Hackberry five could not match the second quarter offensive output by the Knights and trailed by 8 points at halftime.

The Knights had a 11-9 third period scoring effort to increase their lead to 10 points and then closed out the fourth quarter with a 14-13 performance for the 11-point victory.

Goretti was led by Kevin Berken with 21 points while Terryl LeMaire chipped in 13 markers.

GORETTI GIRLS WIN

The Goretti girl's team took a 23-12 first quarter lead over the female Mustangs and was never headed thereafter.

Donna Carter pitched in 12 points and Bridgett Martin added 10 for Goretti.

Sherry Duhon was high scorer for hackberry.

TARP GIRLS WIN

In a District 4-AA contest, the South Cameron girls defeated the Sam Houston distaffers 41-33 for the Tarponettes frist District win of the early season. Three of the lady Tarpons landed in double figures as Becky Morris notched 14, Carol Cockrell and Debra Doland each netted 11.

Sheree Steward was the top scorer for the Sam Houston five with 14 points.

TARP BOYS LOSE

The South Cameron Tarpons were not as fortunate as the Lady Tarpons in their win over Sam Houston girls because the Broncos took a 54-24 halftime lead and led all the way for a whopping 96-47 victory.

Five Broncos wound up in the double figure catagory to lead the Broncos best offensive showing of the season.

Randy Lavergne with 18 points and Greg Dowden with 17 points led Sam Houston to their 48-point victory and a 1-0 record in the district in their opener.

Tim Mixon added 13 points, Randy Rials and Jim Eselstein chipped in 12 points and Glen Duhon canned 10 for the Broncos.

The Tarpons were led by James Wilkerson who netted 16 points and Tim Grady added 10 more markers.

BELL CITY WINS

Last Friday night as the Bell City Bruins defeated the South Cameron Tarpons in a close battle, 55-49 the female Tarpons pulled the upset of the week in Southwest Louisiana as they won over the Bell City girls 27-26.

The Tarponettes jumped to a 14-8 first quarter lead behind the dead-eye shotting of Becky Morris. The female Bruins perked up during the second period and went into the dressing room trailing by only two points.

During the third frame the Lady Tarpons outscored the Bell City distaffers 7-4, increasing their lead to five points.

With a little over a minute to play Bell City fought back in the fourth quarter for the lead but then Debra Doland pulled down a missed shot and put the rebound back up and through the hoop to give South Cameron a one-point lead.

Becky Morris led the Tarponettes in scoring with 10 points but the game's high point maker was Nanette Soileau who tossed in 14 for Bell City.

This loss dropped Bell City's record to 26-11 while South Cameron went 8-7.

STARKS WINS

Last Friday night in Johnson Bayou, the Starks Panthers placed six players in double figures in rolling to an 88-51 non-district victory over the Johnson Bayou five.

Starks took a 27-6 first quarter lead and were never headed.

Johnson Bayou's top scorers were Greg Trahan with 27 points and Dane Crater with 12 points.

J. B. GIRLS WIN

The Starks-Johnson Bayou girls game was a different story as the J. B. female Rebels walloped the female Panthers 49-34. Johnson Bayou girls jumped to a five point lead in the first quarter, 14-9.

The Johnson Bayou team went into the dressing room at halftime with a 7 point lead and then during the second half had an almost perfect defense as they held the Starks team to only 14 points while tossing in 22 for their 15-point victory.

Charlene Jinks was the game's high scorer with 18 points for Johnson Bayou. Carla Blanchard meshed 13 points and Penny Schaller added 12 more.

Home Health advisory committee meets here

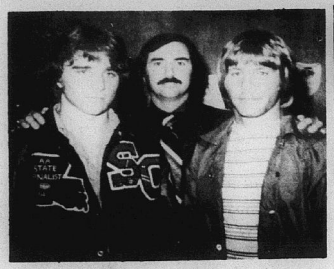
Featured at the annual meeting of the Cameron Parish Home Health Advisory Committe were talks by Hayes Picou, Jr., Cameron Parish coordinator, and Rev. Mims Robertson, director of the Cameron Parish Council on Aging. The meeting was held at South Cameron Memorial Hospital.

Mr. Picou spoke on homemakers services offered through the Cameron Parish Council on Aging. He prefaced his talk by stating that Homemakers Services are available not only to the elderly, but also to anyone else who meet the income guideling. He said that, while the program could service a maximum of one thousand persons, it is presently servicing twenty-three persons per month in the parish.

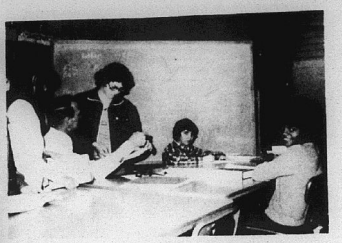
The coordinator said there are two homemakers, Mrs. Geneva Dyson and Mrs. Elnet Grady, employed to go into the home to meet with the client to determine his needs. The two homemakers teach the client to help himself such as by preparing simple meals and doing light housework. He also said that the homemakers provide transportation where needed.

Rev. Robertson focused on the role that the Council on Aging plays in helping the elderly. He stated that the Council's aim is to help senior citizens to reach out, to stay active, and to stay interested. Rev. Robertson revealed that the Cameron Council is presently assembling information to determine in what direction to go to provide a type of housing for the elderly in Cameron Parish.

Mrs. Robert Ortego, committee secretary and public health nurse, outlined the new services which have been added to the Home Health Services program in Cameron Parish. These include: Hommemaker, speech therapy, and nutrition counseling.



EXPLAINING the South Cameron high school wrestling program to the Cameron Lions Club last week were Danny Shay and Mark Theriot, team members, and Coach Clarence Vidrine.



Library mini-course offered at S. Cameron

The eighth grade Library Science Mini-Course practices the art of researching techniques through actual researching.

Students are allowed to apply the theories learned in lecture and from films on various areas of research in industry by actually researching a specific area of work, the qualifications, working conditions, and some criteria for selecting personnel.

This serves as a twofold culminating exercise for the unit in that it provides opportunity for the students to actually apply what they have learned in class lectures, and it enables students to explore an area of work.

Wrestling program outlined to Lions

An explaination of the wrestling program at South Cameron High School was given on the program at the weekly meeting of the Cameron Lions club held this week at Fred's restaurant.

Coach Clarence Vidrene and two members of the 1976 State Championship wrestling team Mark Theriot and Danny Shay appeared as guests.

Coach Vidrene explained that since there is not much interest in the wrestling program in area schools the local team must travel a great distance to meet competing teams, the closest being New Orleans and Baton Rouge.

The local team consists of 12 wrestlers with on in each of the 12 weight groups.

There are 7 wrestlers coming back this year from last year and Coach Vidrene says that he feels that it is a very strong team and has its hopes set on another state championship.

The local team, in addition to win the state championship in 1976 was the runner-up team in 1975.

Vidrene pointed out that the state win was at first considered a loss, with Parkway High in Shreveport winning the state trophy by 1¼ points.

However, after a recount of points it was found that the local team had won by 2 points and the Shreveport team had to relinquish the trophy and state spot to the South Cameron team.

The next tournament for the local team will be held on January 21, at 7 p.m. at South Cameron high and they will meet Basile and Jeanerette.

Know Nothings

The Know Nothing Party, the nickname of the American Party, was a political group which wanted to curtail immigration to the United States and to curb the influence of the Roman Catholic Church. During its peak in the mid-1850s it had 5 senators and 43 representatives in Congress, and ran former President Millard Fillmore as its presidential candidate in 1856.

Tarps lose to Bell City

The South Cameron Tarpons outscored the Bell City Bruins 27-24 last Friday night but it was not enough to be a Tarpon win and the Bell City team was the victors 55-49.

Bell City has a 31-22 halftime lead and managed to hand on just enough to win the non-district contest.

The Bruin's top scorer was Jude Zaumbrecher with 24 points while teammate Ricky Prejean tossed in 15 markers.

Once again, James Wilkerson was high point man for South Cameron with 12 points while Dirk Desonier hit for 10.

Tarpons wrestlers take Lafayette meet

South Cameron's wrestling team ran its record to 3-0 by winning the Lafayette High School invitational tournament recently.

The Tarpons tallied 170¼ points to outdistance five other teams. Tara of Baton Rouge was second with 126 points followed by Jeanerette with 123, Northside with 114¾, Lafayette with 101¼ and Acadiana with 39.

Winners for the Tarpons were Ward Theriot, 98 pound division; James Boudreaux, 112 pounds; Danny Shay, 138 pounds; Mark Theriot, 145 pounds; and Jeff McCall, 155 pounds.

Brian Lastraps of Lafayette was named the tournament's outstanding wrestler. He handed South Cameron's Myron Maynard his first defeat of the season.

Love Is What NUNS Are Made Of

Love of Christ! Love of humanity! Love of souls! That's what a Catholic nun is made of.

Only such a powerful motivation, in fact, could prompt a young woman to choose such a life. For the life of a nun offers no practical or material rewards commensurate with the sacrifice she makes to be one.

A nun turns her back on the pleasures, vanities and possessions most women want out of life. Instead of having a family and home of her own, she lives in a community with other nuns. Instead of trying "to keep up with the Joneses," she dedicates herself to a lifetime of poverty, chastity and obedience.

She makes these sacrifices ... and devotes years to her education and training ... so that she may be able to devote the fulness of her mind and heart and talents to the service of God. So that in the pursuit of her own holiness she will bring holiness to the souls she so humbly seeks to serve.

The number of young women who feel a divine call to the life of a religious is relatively small compared with those who choose otherwise. Yet something like a million nuns of the world-wide Catholic Church serve Christ and humanity in religious, charity and education activities that bless the lives of everyone, everywhere.

Catholic nuns, of course, are a familiar sight to people of all faiths almost everywhere. For withal the seclusion and humility of their personal lives, their labors of love are visible to everyone in their work of charity, education, social betterment and religion.

But not so well known ... and worth knowing ... is the story of how and why a nun becomes a nun, and the education and training that go into her preparation. Equally interesting is the story of how the individual talents of aspiring nuns are fitted into the work of the various sisterhoods, to provide a richly rewarding career for those who choose the religious career.

These and many other interesting facts are related in a new pocket-size pamphlet About Nuns, which we will be happy to send free upon your request. It describes, among other things, how the spirit of Christian renewal proclaimed by the recent Vatican Council touches upon the life and work of the religious women of Christ's Church.

Write today. Ask for Pamphlet No. KC-25. It will be sent without cost or obligation. Nobody will call on you.

ADVERTISEMENTS

Sealed Bids are invited and will be received by the Cameron Parish Sheriff's Department, on Friday, January 21, 1977 at 10:00 a.m. in the office of the Sheriff of Cameron Parish at Cameron, Louisiana for the purchase of the following: 1-1977 Dodge Automobile 4 dr. Sedan

Specifications may be obtained at the office of the Sheriff at Cameron, Louisiana.

Tarps to host Tigers

The South Cameron Tarpons will be host to the DeQuincy Tigers in Creole gym this Friday night. The junior varsity boy's game will begin the night's contests followed by the girl's games and climaxed with the varsity boys game.

The Tigers are led by Sylvester Jones, 6-4 center who last year was named to the AA all-state team and also made honorable mention on the All-American high school team. Jones has been averaging more than 30 points per game so far this season. It has been reported that several college coached have been scouting Jones several times this year.

Tuesday night, Jan. 18, the Tarpons travel to Vinton and on Friday night, Jan. 21, the Tarpons will be at home against the 1976 state AA Champions, the Marion Chargers. Three weeks ago the Chargers walloped the DeQuincy Tigers 99-68 for their first District win of the season. The Marion team have been picked to repeat as state champs again this year.

Jan. 25, the South Cameron boys teams travel to Lake Charles to battle with the St. Louis Sanits and on Friday Jan. 28 take off to Moss Bluff to take on the Sam Houston Broncos. Last week the Broncos walloped the Tarpons 96-47.

The right is reserved by the Sheriff to reject any and all bids or to accept any bids which in the opinion of the Sheriff will be to the best interest of the Parish of Cameron and the Cameron Parish Sheriff Department.

Claude Eagleson,
Sheriff of Cameron Parish

College students roll through

Sixty-six college students from Taylor University of Indiana are earning college credits with an "On Wheels" education.

Their teachers are two professors who hold doctors degrees in biology and history, their classroom is the wide open spaces, and their subjects are what they find around them.

The group who calls themselves "Wandering Wheels" left Indiana a month ago and were touring Cameron parish last week on their way to the Florida Keys.

Taylor University, a non-denominational Christian school, has been sending groups like this for some time around the country. They call it a ministry.

Each student earns four hours of credits, 2 in history and 2 in biology for the month long bike tour.

While in Cameron they heard about someone shucking oysters on the waterfront and the word quickly spread that everyone was to gather to witness the event.

A tour of Rockefeller Refuge was also on the agenda where the group received a lesson from the biology professor and they were able to watch the abundent wildlife in their native habitat.

The group is self sufficient and travel with three vehicles, one of which is the "Chuck Wagon" and contains the cooking equipment and food.

At night they seek the refuge of schools and churches to spend the night in.

Tuesday night they stayed in the Wakefield Memorial Methodist Chruch in Cameron.

NOTICE OF PUBLIC HEARING

A Public Hearing will be held at 1:00 p.m. on Tuesday, January 18, 1977, in the Contraband Room of the Lake Charles Civic Center, Lake Charles, Louisiana.

This public Hearing will be held in accordance with Act 334 of the 1974 regular session of the Louisiana Legislature and conducted by the Joint Legislative Committe on Transportation, Highways and Public Works.

The purpose of this Public Hearing is to review Highway Construction priorities for the fiscal year 1977-78 for the parishes of Allen, Beauregard, Calcasieu, Cameron, Evangeline and Jefferson Davis which comprise Highway District 07 based upon the project priorities established by the Highway needs analysis. The Highway needs and priority study was to determine the estimated cost of improving state maintained roads in Louisiana which do not meet a specified minimum tolerable condition for a particular functional class. Act 334 provides for a firm priority listing of the first ensuing year (1977-78) and tentative priorities for each subsequent year through 1982. This provides advice on the status of highway projects contemplated or under preparation.

Copies of the "Louisiana Highway Needs Report and Construction Program Fiscal Years 1977-82," and Highway Needs Summary, District 07 are available for review by interested persons at the Department of Highways District 07 Engineers Office at P. O. Box 1339, Lake Charles, Louisiana and also at the Louisiana Department of Highways Headquarters Building, 1201 Capitol Access Road, Baton Rouge, Louisiana, Room 476.

All interested persons are invited to be present at the above time and place for the purpose of becoming fully acquainted with the proposed program and will be afforded and opportunity to express their views.

Oral testimony will be received, however, in order that all persons desiring to make a statement have an equal opportunity to do so, it is requested that every effort be made to complete individual testimony in as short a period of time as possible. Oral testimony may be supplemented by presenting important facts and documentation in writing. Your cooperation and assistance will be appreciated.

Written statements will be accepted for a period of ten (10) calendar days following this hearing and should be addressed to Joint Legislative Committee on Transportation; Highways and Public Works; Louisiana Legislative Council; Box 44012, Capital Station; Baton Rouge, Louisiana 70804.

All bids to offer a cash bonus for a lease having a primary term which shall not exceed **three years** and granted without any warranty of title or recourse against lessor whatsoever, either expressed or implied, nor even for return by lessor of any payments received under the lease or being otherwise responsible to lessee. Minimum royalties shall be one-eighth (1/8th) of all oil produced and saved, one-eighth (1/8th) of all gas produced and saved or utilized, one-eighth (1/8th) of the value per long ton when marketed on sulphur produced and saved, but not less than two dollars ($2.00) per long ton; one-eighth (1/8th) of the value per ton when marketed on potash produced and saved, but not less than ten cents (10¢) per ton; one-eighth (1/8th) of all other liquid or gaseous hydrocarbon minerals produced and saved.

The minimum royalties above are not to be construed as values acceptable to the Board, it being the policy of the Board to reject any bid which does not reflect fair market value. The Board considers also bonus, royalty percentage, and also compares royalty with that granted by landowners in the area. In the exercise of discretion, the Board also reserves its right to accept any bid that reflects good potential and satisfies the minimum royalty requirements of R.S. 30:127, as amended.

All leases awarded shall be executed upon terms and conditions provided in the current State lease form with all applicable riders appended thereto, including but not limited to provisions as follows: Should lessee fail to begin the actual drilling (spudding in) of a well on the lease premises within one year from the date of the lease, the lease shall terminate as to both parties to the lease, unless on or before such anniversary date, lessee shall pay a delay rental (which shall in no event be less than one-half of the bonus offered), which shall cover the privilege of deferring drilling operations for a period of one year. Upon like payments annually, drilling operations may be further deferred for successive periods of one year each during the primary term of **five years.** The lease shall provide for the drilling of offset wells where necessary to protect the State's interest and shall contain the provisions against the assignment or sublease of the lease unless approved by the State Mineral Board. The lessee shall have the right to enter into pooling or unitization agreements with respect to development of the leased premises subject to the approval of the State Mineral Board.

Certified check, cashier's check or bank money order payable to the REGISTER, STATE LAND OFFICE, for the full amount of the cash bonus, shall accompany and be submitted with each bid, and no bid shall be considered binding until and unless approved by the State Mineral Board and the right is reserved to withdrawn or cancelled and the certified check, cashier's check or bank money order accompanying the bid of the successful bidder shall be immediately negotiated by the REGISTER, STATE LAND OFFICE and the proceeds thereof disbursed in the manner required by law. The successful bidder to whom the lease is awarded on the date of the lease sale shall return to the Register, State Land Office, within TWENTY (20) DAYS after bidder's receipt of same under penalty of forfeiture of the bonus previously tendered and negotiated in the event of failure to do so.

Consistent with the policy of the Board as expressed in a resolution dated August 12, 1965, all bidders are hereby notified that bids on portions of tracts should be described by metes and bounds and be accompanied by a transparent plat outlining thereon the portion of the tract advertised and the bid upon. The scale of the plat should be 1 inch = 4,000 feet.

The State Mineral Board reserves the right to reject any and all bids or to grant a lease on any portion of the tract advertised and to withdraw the remainder of the tract.

Festival royalty named

Nancy Claire Nunez

By GENEVA GRIFFITH

A Grand Chenier teenager following the footsteps of her mother, a St. Charles parish beauty and an international alligator expert all shared the spotlight at the 1977 Louisiana Fur and Wildlife Festival in Cameron last weekend.

Nancy Claire Nunez, 17-year-old daughter of Mr. and Mrs. Garner Nunez of Grand Chenier, was crowned the 1977 Miss Cameron parish Friday night. It was exactly 20 years ago when her mother, the former Nancy Precht, was crowned the 1957 Miss Cameron parish.

Jenny Bird, daughter of Mr. and Mrs. George Bird of Luling, representing St. Charles Parish, was crowned the 1977 Louisiana Fur Queen at the Saturday night program.

Ted Joanen, a biologist with the Rockefeller Wildlife Refuge at Grand Chenier and a recognized world authority on alligators, was crowned the 1977 Fur King.

FRIDAY'S PROGRAM

The first runner-up in the Miss Cameron contest was Juanita Jinks of Johnson Bayou; second, Gwendolyn Hebert of Hackberry and third runner-up was Patricia Trahan of Oak Grove.

Sharing the Miss Congeniality award were Beverly Cox and Donna Bellard, both of Sweetlake.

The new queen was crowned by her first cousin, Miss Vickie Nunez, 1976 Miss Cameron Parish.

Ted Joanen, the new 1977 Fur King, was chosen by the board of directors of the festival. His identity was revealed by J. B. Jones Jr., president of the festival.

Jones pointed out that it was fitting that Joanen receive this award since he is recognized internationally as the leading authority on alligators and the 1977 festival is dedicated to the alligator industry. Joanen has authored more than 40 scientific papers not only on alligators but also wet land and march management and many others. Jones said that people come from all over the world to Rockefeller Refuge on Grand Chenier where Joanen serves as research biologist to learn and study from him.

Joanen was crowned by the 1976 Fur King J. Bertog Daigle. The flower girl and

PARTICIPATING in the ribbon cutting ceremony for the Ellender bridge north of Hackberry Monday were from left: Gov. Edwin Edwards, 9-year-old Marla Kay Landry of Hackberry and Rep. Conway LeBleu of Cameron.

CROWNED AS the 1977 Louisiana Fur Queen was Jenny Bird of Luling, shown with Ted Joanen of Grand Chenier, who was crowned the 1977 Fur King.

CROWNED AS Little Miss and Mr. Cameron Parish during the Louisiana Fur and Wildlife Festival Thursday night, Jan. 13, were Tracy Erbelding and Dwayne Nunez.

Aggie Day set

The Hackberry Future Farmers of America will sponsor their seventh annual Aggie Day Saturday Jan. 22.

Festivities will begin with swine classes of market barrows followed by gilts and boars at 8:30 a.m. The swine will be judged by Doyle Cannon, Bell City vocational agriculture instructor.

Sheep classes will be judged beginning at 10:30 a.m. The judge will be L.F. Swoope, Calcasieu Parish county agent.

Steers and beef cattle will be judged at 11:30 a.m. with Vernon McCain of the Fenton Vocational Agriculture Department as judge.

Chicken and shrimp gumbo will be served beginning at 12 p.m.

The Hackberry FFA chapter will auction off 38 boys and girls for eight hours of work beginning at 1:30 p.m.

The activities are open to the public.

The skinning Mudds

Mudds to go to Maryland

A young Cameron family will represent the Louisiana Fur and Wildlife Festival and Cameron parish in the World Championship Fur skinning contests at the National Outdoor Show in Cambridge, Maryland Feb. 4-5.

Mr. and Mrs. Robert Mudd and their son Lance, who won respectively the muskrat skinning contests in men, women and youth divisions of the festival will skin in the international competition.

Mr. and Mrs. Mudd won expense paid trips as part of their prizes.

The local festival will also send, Miss Cameron Parish, Nancy Claire Nunez of Grand Chenier, to Maryland.

The two festivals have been exchanging dignitaries and queens for around 20 years and give the trips as prizes in their fur skinning and queen contests.

Little Miss and Mr. Cameron parish named

By GENEVA GRIFFITH

Little Tracy Erbelding, duaghter of Mr. and Mrs. Dwight Erbelding, and Dwayne Nunez, son of Mr. and Mrs. Kenneth Nunez, Jr., all of Grand Chenier were named "Little Miss and Mr. Cameron Parish" last Thursday night at the Louisiana Fur and Wildlife Festival program at Cameron Elementary school.

Runners up were Amy Katherine Pool, daughter of Mr. and Mrs. Gary Pool and Micheal Charles Daigle, son of Mr. and Mrs. Sam Daigle, Jr. of Grand Lake.

Other contestants who represented their communities in Cameron parish were:

Rebecca Ann LaBauve, daughter of Mr. and Mrs. Jackie LaBauve, and Michael Roy Devall Jr., son of Mr. and Mrs. Michael Devall Sr., of Hackberry;

Samantha Fontenot, daughter of Mr. and Mrs. Roger Fontenot, and Ricky Harrington, son of Mr. and Mrs. Jimmie Harrington of Johnson Bayou;

Lacey Denise Delcambre, daughter of Mr. and Mrs. Ronnie Delcambre, and Scottie Primeaux, son of Mr. and Mrs. J. T. Primeaux, from Creole.

The new little Miss and Mr. Cameron was crowned by the 1976 Little Miss and Mr. Cameron, Vickie Lynn Delino, daughter of Mr. and Mrs. Carlton R. Delino, and Joe Matthew Constance, son of Mr. and Mrs. John T. Constance, all of Johnson Bayou.

Mrs. Guthrie Perry was in charge of the event and Mrs. Harold Carter and Ray Stevens served as Masters of Ceremonies.

All of the past Miss Cameron Parishes from the very first Festival in 1956 to the present were also presented on stage.

After the program Mr. and Mrs. J. B. Jones were hosts at a party honoring the past queens at their home in Grand Chenier.

During the party the delegation arrived from Cambridge, Maryland which included Kim Travers, National Outdoor Queen, Bill Doerge, President of the National Outdoor Show, David Frazier, Rickey Travers and Woody Plescott.

Creole banquet

The annual Creole Knights of Columbus and Catholic Daughters of the year banquet will be held Saturday Jan. 29, at the K. C. Hall in Creole beginning at 6:30 p.m., according to Clifford Myers, Grand Knight.

Several awards will be made to members along with the honoring of special guests.

Father Jerome Dimas, M.S. of Sulphur, a native of Creole, will be guest speaker.

Vandals steal firetruck keys

Ray Burleigh, Fire Chief of the Cameron Volunteer Fire department, said that a near-disaster occured Wednesday night when a boat fire was reported and the volunteer firemen arrived at the firestation to man the fire truck.

It seems that vandals had broken into the station and made off with both the regular keys to the firetruck and the extra set that were locked to a chain.

The vandals had sawed the chain to get to the extra keys.

A locksmith had to be called to get a key that would fit the ignition before the truck could be started to get to the fire.

Chief Burleigh said that it so happened that the boat fire was a small one, but had it been a large fire, or possibly someone's home, valuable time would have been lost getting the truck started.

He said that there has also been some trouble with bank patrons parking in front of the garage doors blocking the path of the firetruck and asks that people refrain from using the firehouse parking lot when they do banking business in case an emergency arises and a fire truck has to be used.

Ellender bridge is dedicated

By LYNELLE FRUGE

With a plea for labor and management in the area to bridge the differences between them, Gov. Edwin Edwards dedicated the Ellender Ferry Bridge over the Intracostal Waterway north of Hackberry Monday.

Edwards expressed his regret that the violence that occurred during its construction caused a one-year delay in its completion. He said he also regretted the number of times he had to intervene as governor because of the violence.

"One act of violence is one too many. It makes an indelible blot on the economy of an area and the people suffer," he said.

He pledged his cooperation as well as that of the state legislature in working with labor and management in the area to prevent the occurrence of the past year from happening again.

Rep. M. J. LaBorde of Sulphur, master of ceremonies, said that the bridge has become a reality through the cooperation of Gov. Edwards to do something for the people of the area.

Rep. Conway LeBleu, who was co-author of the bill that provided the funds for the construction of the Ellender bridge. Gibbstown bridge and other coastal bridges and roads for hurricane evacuation, told the gathering: "We have waited a long time for this bridge."

He also noted that the Kelso Bridge at Hackberry is under construction and that Choupique Bayou bridge is also under way.

The new vertical lift structure is a 300-foot-long steel span resting on two 200-foot-high steel towers. the length of the span clears the entire width of the canal.

It is 36 feet wide with two, 12-foot lanes and a six-foot shoulder on each side. During evacuation from hurricane danger, it will ofer two 12-foot escape lanes.

Vertical clearance above high water is 50 feet in the down position and 135 feet in the raised position. The 50-foot clearance will accomodate more than 80 per cent of the waterway traffic. Boats requiring more than 50 foot clearance will be required to give four hours' notice of their approach.

The bridge was built at a cost of $5.4 million. Turhan Ak, project engineer, said the major construction is complete but there is still some painting to be done.

Many area officials including Senator Jesse Knowles, Cameron parish police jurors and Sheriff Claude Eagleson attended the dedication.

Two other Cameron parish people also took part in the ceremony. When Gov. Edwards got ready to cut the ribbon he asked if there was a little girl from Hackberry who would help him and 9-year-old Marla Kay Landry, daughter of Mr. and Mrs. Gerald Landry, came forward.

Rev. Jerome Dimas, assisant pastor of Our Lady of Prompt Succor Catholic church of Sulphur, and the son of Mr. and Mrs. Dimas of Creole, gave the invocation.

crown bearer were Little Miss and Mister Cameron Parish Tracey Erbelding and Dwayne Nunez.

Entertainment was provided by Romona Launey, a Lake Charles singer, and Miss Kim Traverse, the national outdoor queen from Cambridge, Md., who did a baton dance. Mr. Jones presented the outdoor queen with a mink coat as a gift from the people of Cameron Parish. She, along with Susan Woodgett, the 1976 Louisiana Fur Queen, were presented with keys to the city by Sheriff Claude Eagleson.

SATURDAY'S EVENTS

First runner-up in the Fur Queen's contest Saturday night was Vickie Nunez, Miss Cameron Parish. Second runner-up was Leah Baron of St. Martin Parish and third was Sandra Allison of St. James Parish, who also won the Congeniality award.

Mr. and Mrs. Robert Mudd each received an expense paid trip to the national outdoor show in Cambridge, Md., after being named top muskrat skinners. Their son Lance won the junior muskrat skinning contest.

It was family day in the skinning contest because Mr. and Mrs. Denny Weich each took first place in the men and women nutria skinning contest. Their son Benjy took first place in the junior nutria skinning contest.

In the parade the following awards were given: Richards Post No. 176 American Legion took first place in most original float with a bigger-than-lifesize alligator.

The Cameron Lions' Club which contained Fur King and the Louisiana Fur Queen won the most beautiful float. The South Cameron Leo Club took first in the junior most original division and the South Cameron Senior 4-H Club captured the junior most beautiful and best all around float award.

Burton Angelle, director of La. Wildlife and Fisheries Commission, was the parade marshal. In the archery contest, Sidney Theriot won senior men awards. Ladd Hebert captured to junior award and Mrs. Lucille Hebert won in the women's division.

Fletcher Miller won the trap setting contest and Jerome Carter won the fur judging contest. The following winners were in the trap shooting contest: Terrance Savoie, senior award; Robert Gaspard, Junior award, and Jill Willis, women's division.

During the afternoon, a Queen's Tea was held in the home of Mrs. Braxton Blake and a buffett for the visiting dignitaries in the home of Mrs. Tommy Aiken.

Ed Kelley was coordinator for the night program and Hadley Fontenot, former president of the festival, served as master of ceremonies.

Three visiting state queens were introduced during the program. They were Dena Dautreuil, dairy queen; Muriel Falgout, Delcambre shrimp queen, and Joan Winfrey, Bouillabaisse Festival Queen.

Appearing on the program was Dana Wills of Singer and Mrs. Caroline Patrick, who as the famous Marie LeBlanc entertained with cajun humor.

Tuesday night of last week in the Hyatt high school gym at Fields it was the Hyatt Bulldogs 87 and the Hackberry Mustangs 51 as the Spikes boys accounted for 67 of the 87 winning points.

Hyatt was led by Edgar Spikes with 24 points, Joe Spikes with 23 markers and Billy Spikes with 20 points.

Hyatt jumped to a 19-4 first quarter lead and increased this mark to 45-13 at halftime. In the third period the victors outscored the Hackberry five 29-7 to build up to a 54-point third quarter lead.

Dona Dickerson led the Mustangs scoring with 23 points.

Hyatt's overall record went to 17-10 and 1-0 in district play while Hackberry dropped to 16-10 and 0-1 in district.

HACKBERRY GIRLS WIN

In the Hackberry-Hyatt girls game it was a different story as Cindy Nunez and Sherry Duhon took scoring honors with Nunez getting 22 points and Duhon adding 12. The Hackberry girls had little trouble with Hyatt as they won the game 42-28.

Tanya Crabtree let the Lady Bulldogs in scoring with 12 points.

Hackberry is now 16-10 overall and 1-0 in district play while Hyatt slipped to 5-19 and 0-1 district.

WRESTLING TO BE HELD AT SC

The Tarpon gym of South Cameron High School is scheduled to be the scene of triangular wrestling tournament on Friday, Jan. 21 at 7 p.m.

Entered in the meet are the host Tarpons and teams from Basile and Jeanerette.

Recently the South Cameron wrestling team ran its record to 3-0 by winning the Lafayette High School invitational tournament.

The Tarpons tallied 170½ points to win over five other teams. Tara of Baton Rouge was second with 126 points, followed by the Jeanerette team with 123, Northside with 114½, Lafayette high with 101½ and Acadina with 38.

Winners for the Tarpons were Ward Theriot, 98 pound division; James Boudreaux, 112 pounds; Danny Shay, 138 pounds; Mark Theriot, 145 pounds; and Jeff McCall, 155 pounds.

Brian Lastraps of Lafayette was named the tournament's outstanding wrestler. He handed South Cameron's Myron Maynard his first defeat of the season.

These same Tarpons along with possibly others will perform in the coming tournament.

TIGERETTES LOSE TO LADY TARPONS

The DeQuincy Tigerettes faced a strong team of defensive strength by the South Cameron Lady Tarpons last Friday night and ended up on the short end of an 18-16 score. The game was played in the South Cameron high school gym.

The DeQuincy team have been averaging about 40 points per game up until they met the South Cameron girls led by Darlene Boudreau and Renee Reina.

The Lady Benglas had their lowest scoring game of the season as they managed for only four points per Quarter to make their total of 16 markers.

The Lady Tarpons however didn't go on any scoring spree themselves as they led at the end of the first period by 6-4 and increased this lead to 13-8 at the halfway mark. The Tigerettes scored four in the third quarter while the Lady Tarpons were held to only one field goal giving them a 15-12 third period lead.

With 1:57 left on the clock the Cameron girls held a 17-14 lead and with 41 seconds left on the clock Darlene Boudreau made a free throw good increasing her team's lead to 18-16 after Laura Shaheen hit a field goal from 10-feet out with the Tarponettes getting the rebound and running out the clock for the victory.

The DeQuincy girls made good on 8 of 41 field goal attempts while the Tarponettes hit 7 for 39 from the field. The Lady Tigers went to the free throw line four times and failed on all four tries while the Lady Tarpons had a 50 per cent mark at the free stripe, 4 for 8 tries.

Renee Reina led the Cameron scoring with three field goals and 6 points with Laura Shaheen and Lee Holman scoring four points for the losers.

TIGERS TAKE TARPS

The DeQuincy Tigers, last Friday night in Creole scored 23 points in the first quarter, 34 in the second period, 41 in the third frame and 10 in the fourth stanza to defeat the South Cameron Tarpons 108-66.

The South Cameron Tarps chalked up 15 in the first period, 11 in the second, 14 during the third quarter and 26 markers in the final period.

The 108-points by the Tigers gave them their highest score of the season and gave them a 2-2 district standing.

The Tigers put four men in double figures with all-stater Sylvester Jones, the game's top scorer with 34 points, Mike Deal meshed 26 followed by Percy Jackson with 24 points and Ernie Horn with 15. Jones hit 10 field goals and 6 free shots for his total.

For the Farpons, big Janes Wilkerson was his team's leading scorer with 27 points followed by Tim Grady with 14 and Jeff Jouett tossed in 12. Wilkerson hit 11 field goals and five free tosses for his 27 markers.

The DeQuincy team had 75 field goal attempts and made good on 31 and from the free throw line they made good on 18 of 45 tries.

The Tarpons faired much better from the field and the free throw line as they had 37 field goals for 60 tries and made good on 16 of 25 free throw attempts.

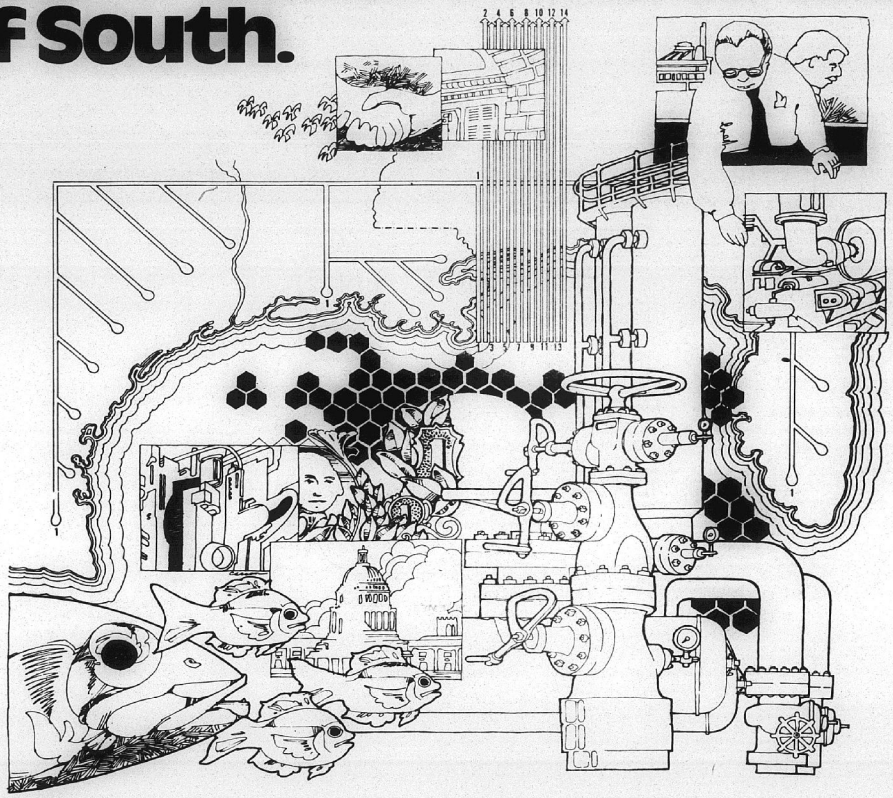
United Gas... the only major interstate pipeline committed to the Gulf South.



That's the way it's been for 40 years.

United Gas... serving the Gulf South. Familiar words in the growth of this region.

United Gas Pipe Line Company is the only major interstate pipeline company delivering significant quantities of gas to local distribution companies in all the Gulf South states.

Fourteen other major interstate pipelines take gas from Texas, Louisiana and Mississippi, and the prolific producing areas of the Gulf of Mexico, moving it north and east and west.

The need for natural gas is nationwide. Right now United Gas and all these other large-diameter pipelines are engaged in vigorous competition to acquire newly-discovered gas. These competitors are well-managed and well-funded. They are aggressively seeking new supplies for the regions they serve outside of the Gulf South.

It's tough competition.

New natural gas, to support the economy of the Gulf South states, therefore, depends greatly on how successful United Gas is in competing against these other companies. The majority of whatever supplies of gas United can acquire is delivered to the Gulf South; the overwhelming majority of those supplies acquired by these competing pipelines will be delivered *outside* the Gulf South. That's why United's success in obtaining new supplies of gas is so important to Gulf South homes, business and industries. If United is disadvantaged in its competition for new gas, for whatever reason, consumers in the Gulf South are also disadvantaged.

United Gas is the major interstate pipeline supplier of natural gas in Southeast Texas, Louisiana, Mississippi, Southern Alabama and Northwest Florida. Therefore, the mutual interest of United Gas and the public officials and citizens of this Gulf South region "working together" becomes crystal clear.

Understanding of the problem is a paramount necessity. The drastic changes in the national energy picture (particularly the shortage of fossil fuels which began in the early seventies) have given rise to confusion and misconceptions, some of which still linger. Such is always the fallout from change. For this reason United Gas continues its policy of disseminating information in the Gulf South, aware that citizen understanding is a prime element in the ultimate solution of the energy crisis.

This company is aggressively seeking to alleviate the gas shortage in this region. You can help — not only with understanding but with conservation. Conserve this vital fuel, wherever you can, whenever you can. With conservation and proper usage, the natural gas of America should last well into the next century.

Parish girls named to Camp Fire group

Two Cameron Parish girls, Mary Lee Manuel, daughter of Mr. and Mrs. Robert Manuel of Sweetlake, and Margaret Primeaux, daughter of Mr. and Mrs. Roland Primeaux of Creole, have been appointed to the new area Camp Fire Camper Council.

The Wi Ta Wentin Camper Council consists of 12 girls from the various age levels in camp program and was formed to plan the camping program, formulating rules of camp life, and promoting camp attendance.

The girls represent the three districts in Southwest Louisiana and met with the camp directors for the first time this week to discuss summer camping plans.

Miss Manuel was elected secretary of the group which will meet quarterly.

All bids to offer a cash bonus for a lease having a primary term which shall not exceed five years, granted without any warranty of title or recourse against lessor whatsoever, either expressed or implied, not even for return of bonus, or any payment received under the lease or thing done or suffered thereunder, are hereby notified that bids on royalties shall be one-eighth (1/8) part of all oil produced and saved, one-eighth (1/8) part of all gas produced and saved, one-eighth (1/8) part of all other liquid or gaseous hydrocarbon minerals produced and saved, but not less than two dollars ($2.00) per long ton, one-eighth (1/8) part of the value per ton when marketed on potash produced and saved, but not less than ten cents (10¢) per ton, one-eighth (1/8) part of all other liquid or gaseous hydrocarbon minerals produced and saved.

The minimum royalties above are not to be construed as values acceptable to the Board, it being the policy of the Board to reject any bid which does not reflect tract potential. The Board considers bonus, royalty percentage, and also compares royalty with that granted by landowners in the area. In the exercise of its discretion, the Board also reserves its right to accept any bid that reflects tract potential and satisfies the minimum royalty requirements of R.S. 30:127, as amended.

All leases awarded shall be executed upon terms and conditions provided in the current State lease form with all applicable rider clauses attached thereto, including but not limited to provisions as follows: Should lessee fail to begin the actual drilling (spudding in) of a well on the lease premises within one year from the date of the lease, the lease shall terminate as to both parties to the lease, unless on or before such anniversary date, lessee shall pay a delay rental (which shall cover the privilege of deferring drilling operations for a period of one year. Upon like payments annually, drilling operations may be further deferred for successive periods of one year each during the primary term of five years. The lease shall provide for the drilling of offset wells where necessary and shall contain the provisions against the assignment or sublease of the lease unless approved by the Commissioner of Conservation and shall contain the right to enter into pooling or unitization agreements with respect to development of the leased premises subject to the approval of the State Mineral Board.

Certified check, cashier's check or bank money order payable to the REGISTER, STATE LAND OFFICE for the full amount of the cash bonus, shall accompany and be submitted with each bid, and no bid thus submitted may be thereafter withdrawn or canceled and the bid of the successful bidder shall be immediately negotiated by the REGISTER, STATE LAND OFFICE and the proceeds thereof disbursed in the manner required by law. The successful bidder to whom the lease is awarded on the date of the lease sale shall return the written lease, duly executed, within TWENTY (20) DAYS after bidder's receipt of same under penalty of forfeiture of the lease and the bonus previously tendered and negotiated in the event of failure to do so.

Consistent with the policy of the Board as expressed in a resolution dated August 12, 1965, all bidders are hereby notified that bids on portions of tracts should be described by metes and bounds and be accompanied by a transparent plat outlining thereon the portion bid upon. The scale of the plat should be 1 inch = 4,000 feet.

The State Mineral Board reserves the right to reject any and all bids or to grant a lease on any portion of the tract advertised and to withdraw the remainder of the tract.

All bids to offer a cash bonus for a lease having a primary term which shall not exceed three years, granted without any warranty of title or recourse against lessor whatsoever, either expressed or implied, not even for return of bonus, or any payment received under the lease or thing done or suffered thereunder, are hereby notified that bids on royalties shall be one-eighth (1/8) part of all oil produced and saved, one-eighth (1/8) part of all gas produced and saved, one-eighth (1/8) part of all other liquid or gaseous hydrocarbon minerals produced and saved, but not less than two dollars ($2.00) per long ton, one-eighth (1/8) part of the value per ton when marketed on potash produced and saved, but not less than ten cents (10¢) per ton, one-eighth (1/8) part of all other liquid or gaseous hydrocarbon minerals produced and saved.

The minimum royalties above are not to be construed as values acceptable to the Board, it being the policy of the Board to reject any bid which does not reflect tract potential. The Board considers bonus, royalty percentage, and also compares royalty with that granted by landowners in the area. In the exercise of its discretion, the Board also reserves its right to accept any bid that reflects tract potential and satisfies the minimum royalty requirements of R.S. 30:127, as amended.

All leases awarded shall be executed upon terms and conditions provided in the current State lease form with all applicable rider clauses attached thereto, including but not limited to provisions as follows: Should lessee fail to begin the actual drilling (spudding in) of a well on the lease premises within one year from the date of the lease, the lease shall terminate as to both parties to the lease, unless on or before such anniversary date, lessee shall pay a delay rental (which shall cover the privilege of deferring drilling operations for a period of one year. Upon like payments annually, drilling operations may be further deferred for successive periods of one year each during the primary term of three years. The lease shall provide for the drilling of offset wells where necessary and shall contain the provisions against the assignment or sublease of the lease unless approved by the Commissioner of Conservation and shall contain the right to enter into pooling or unitization agreements with respect to development of the leased premises subject to the approval of the State Mineral Board.

Certified check, cashier's check or bank money order payable to the REGISTER, STATE LAND OFFICE for the full amount of the cash bonus, shall accompany and be submitted with each bid, and no bid thus submitted may be thereafter withdrawn or canceled and the certified check, cashier's check or bank money order accompanying the bid of the successful bidder shall be immediately negotiated by the REGISTER, STATE LAND OFFICE and the proceeds thereof disbursed in the manner required by law. The successful bidder to whom the lease is awarded on the date of the lease sale shall return the written lease, duly executed, within TWENTY (20) DAYS after bidder's receipt of same under penalty of forfeiture of the lease and the bonus previously tendered and negotiated in the event of failure to do so.

NOTE: In the case of all State Agency Lands, herein offered, certified check, cashier's checks or bank money orders for the cash bonus shall be made payable to such respective State Agency, provided that if a said instrument, or part thereof, located in a township other than that situated in more than one parish, is offered, certified check, cashier's check or bank money order for the full amount of the cash bonus shall be made payable to the STATE TREASURER. Any Amendments to the present or Agreement entered into between the State Mineral Board has awarded such lease must be approved by the Lessor Agency or Agencies.

Consistent with the policy of the Board as expressed in a resolution dated August 12, 1965, all bidders are hereby notified that bids on portions of tracts should be described by metes and bounds and be accompanied by a transparent plat outlining thereon the portion bid upon. The scale of the plat should be 1 inch = 4,000 feet.

The State Mineral Board reserves the right to reject any and all bids or to grant a lease on any portion of the tract advertised and to withdraw the remainder of the tract.

The Fur festival was a success after all the bad weather, but we were in for

Another freeze. We just about got all the busted pipes fixed.

Mr. and Mrs. James Quinn and Mr. Earl Lyons of Carlys spent the day last week with Mr. and Mrs. Booty Quinn and Mrs. Esther Quinn.

Mrs. Bugs De Beckey, and Mrs. Phelia Marshall of Lake Charles spent the weekend with Mr. and Mrs. Toaty Marshall recently, and enjoyed a big pot of chicken gumbo. Ellis and Archie Berwick both came and enjoyed the gumbo too. Ellis and Archie are Toaty's nephews.

Our Sunday visitors were Mrs. Chuck Styron and Linda Herring of Lake Charles. Given Pattison of Sulphur, Margie Kelly, Barry and Jerry.

Melvin Murphy of Freeport, Tex, spent the weekend with Mr. and Mrs. Bud Murphy. Bud is home doing better.

Preston Murphy, of Port Arthur, visited Mrs. Nancy Murphy in South Cameron Hospital serval times last week.

Mr. and Mrs. Frank Hooper, of Big Lake spent the day with Mrs. Elroy LaBove Saturday.

Mrs. Lille Mudd, Mrs. Cleo Vallett, and Mrs. Jack Drost of Sulphur, attended the fur festival Saturday and visited Mr. and Mrs. Bud Murphy.

Grand Lake 4-H Club

County agent Gary Wicke presented medals to members of the Grand Lake Senior 4-H Club at the Jan. 17 meeting held in the elementary school library. They received the medals for their records.

Recipients were Terry Beard for leadership and conservation (soil), Anita Stamm for food preservation, Tina Demarest for breads, Jolene LaBove for foods and nutrition, Mary Manuel for gardening and Christine Chesson for dairy foods.

Beth Greathouse was presented with a certificate for entereing the Sew With Cotton Contest, in which she won first place, and a sertificate for attending demonstration day.

Christine Chesson, Wayne LeDoux and Beth Greathouse gave project reports on their awards at Demonstration Day.

Mike Beard led the program, which was presented by Jolene LaBove, Beth Greathouse, Virginia Franks, and Kenneth Fontenot. The topic was on "The Birth of the Flag."

Mary Manuel announced coming events.

Mrs. Albert Guidry introduced our new county agent, Miss Charlotte Bertrand.

Mr. Wicke passed out the 4-H newsletter. He asked the members if they had any questions concering the livestock shows.

The Jr. Leadership meeting will be held in Cameron, Feb. 2.

Mr. Wicke showed the members a film on how you put a 4-H record book together. Then we discussed it, and then were adjourned by the bell.

SHOWN ABOVE are the 4-H medal winners from the Grand Lak Sr. 4-H Club. From Left - Tina Demarest, Terry Beard, Anita Stamm, Jolene LaBove, Mary Manuel, Christine Chesson and agent, Charlotte Bertrand.

French couple covers festival for journal

By GENEVA GRIFFITH

In Cameron this past week to cover the Louisiana Fur and Wildlife Festival for a Paris, France magazine was a young French couple.

Mary Jeanne Roulet and Patrick Nazzuca attended all of the events and took pictures to go along with the story.

Mazzuca is a writer for "Cannaissance de la Chasse" (Know How To Hunt) a sport magazine and is sending stories and pictures back to France to be published.

The young couple, who are learning to speak English since they have been in the United States, said they are vitally interested in the American sportsman and the way hunting differs here from France.

One oddity they have found is the use of the bow and arrow in hunting. This is never done in France.

French soldiers

"Napoleon's Soldiers in America" by Simone de la Souchere Delery, pub. by Pelican Publishing Co., 214 pp., $10.00

Reviewed by MARIE WISE

It seems astonishing that a book about Louisiana, set mostly in New Orleans, would have been written first in French and published in France where it was a book of the month selection. A generation later the English version has been published in this country, offering us an exceptional insight into life as it was in the Vieux Carre during the early 1800s.

Written by a native of France who taught French at Tulane University for 30 years, this story of Napoleon's soldiers after they came to America is the result of carefully researched facts and is presented with the affection and respect of the mother, and hope that the father approved."

Yvonne did smile and the Blanchards approved of this serious, hard-working teenager who was a good son and a good brother.

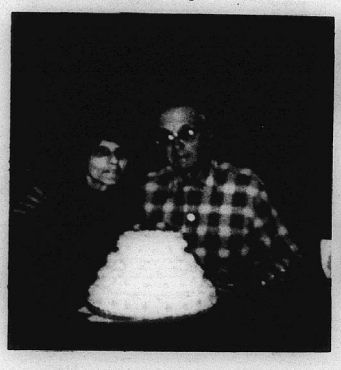
Tinonc worried that his was only a tenant family who owned no land. Before his children were grown he had saved enough to buy "a cypress house and 500 acres."

The story takes place roughly between World Wars I and II leading Tinonc through the death of his father, then his mother, later a brother and sister, the great flood of 1927 when his pirogue was everywhere helping neighbors, the depression, the droughts of the 30's when the plantation owner from whom Tinonc rented land, released enough water from his own rice fields to save the tenants' crops, into later years when so many bayou people left the land for the city.

Home remedies, the traveling stores, the church and the general store as social centers, Cajun sunbonnets worn to keep the face fair as suntanning was not a la mode (fashionable), the doctor who said "if you make a good crop in the fall, bring me two hens for a gumbo if you have no cash after paying your debts, cher" — all these are part of the story.

But always Tinonc predominates. He was hardly educated but intelligent; poor but none of his family ever went hungry; small in size but great in strength, without office or title but having the respect of his community.

Tinonc is the story of a little man who lived a big life.



PICTURED ABOVE is Harry Erbelding on his 70th birthday, Jan. 5. The cake was made by Mrs. Erbelding and decorated by Mrs. Clayton Nunez.

Cajun cookbook

"The Justin Wilson Cookbook" by Justin Wilson, pub. by Pelican Publishing Co., 92 pp., $3.50

Reviewed by MARIE WISE

However many cookbooks you may own, this one is a worthy addition to your collection, as much for the humor as for the recipes. Justin Wilson's gift for Cajun story telling has made him well known and loved for a generation. His record albums have brought Cajun humor and Cajun dialect to the listening world.

This cookbook was first published some 10 years ago; the Pelican edition came out last year. Its recipes, as well as its appeal, are timeless.

Page 1 explains, naturally, "how to make a roux." The final chapter on desserts contains no recipes at all, because "you don't got no place to put a dessert after you eat a real Cajun meal!"

In between are recipes for all the "familiars": Artichokes, garlic bread, eggplant, turtle soup, red beans, hot and cold slaw, barbecue, andouille, gumbos, etouffee, courtbouillon, meats, seafoods, game from squirrel to pheasant, dirty rice, okra, hush puppies, saw mill gravy.

'Cajun Columbus' first to America?

"Cajun Columbus" by Alice Durio and James Rice, pub. by Pelican Publishing Co., 36 pp., $5.95

Reviewed by MARIE WISE

History, humor, folklore and fun are rolled together to provide this tongue-in-cheek version of how Columbus was assisted in his discovery of America by Pierre Lastrapes and his hound dog.

Full page and double page pictures by illustrator James Rice of "Cajun Night Before Christmas" fame tell the light-hearted story as much as the words which are in Pierre's native language of Cajun-ese.

Except for the part in Spain to which Pierre and his pirogue are pushed by a big wind, the story takes place in the bayou country of south Louisiana. Here the hero had met the Vikings who came exploring from the other side of the Atlantic Bayou and taught them how to pass a good time drinking blackberry wine and dancing to the music of his windbox (accordian).

After being the "navi-alligator with a once-eyed spying glass" for Columbus, Pierre then saves him from the native Attakapas Indians and supplies him with hot pepper from Avery Island to take back to the "Spanieh" king and queen so they can make boudin.

Everybody lives happily ever after in this Cajun version of history as told by Alice Durio and based on characters created by David Durio. Serving as consultant for the final manuscript was Howard Jacobs, a leading authority on Cajun Dialect used throughout the story.

Picture book size (9 by 11 inches) this Cajun adventure and its illustrations should amuse imaginations of all ages.

The world ice cream eating record, according to the Guinness Book of Records, was set by Ronald C. Long in North Adams, Mass., in 1975. He ate 8 pounds of ice cream — 51 scoops — in 12 minutes.

Louisiana Almanac

"Louisiana Almanac" pub. by Pelican Publishing Co., 496 pp. $5.95

"This is the ninth edition (1975-1976) of the Louisiana Almanac. In its 27th year, it is recognized as the authoritative source of information on Louisiana. As such it is widely used by students, businessmen, tourists, and ordinary citizens who need ready information at their finger tips."

With the above paragraph Milburn Calhoun, publisher of the Louisiana Almanac, begins his foreword. In the following almost 500 pages he, with editor James Calhoun and associate editor Helen Kerr Kempe, make available to the reader just about every fact you may have ever wished you knew about Louisiana.

Major divisions are: General information, touring and recreation, fairs and fesitvals, history, dates in Louisiana history, climate and weather, population, parishes and cities, geology and physiography, water and wildlife resources, agriculture, education, libraries, literature.

State government, consitution and utilities, employment and industry, transportation, financial institutions, plants, forests, minerals, religion, health, vital statistics and hospitals.

Are you curious about what names will be given the hurricanes for 1977? Would you believe that the lowest temperature recorded for Louisiana was 16 degrees below zero at Minden in 1899? That 114 degrees was recorded at Plain Dealing in 1936?

Who knows the words and music to the official state song? The almanac does. What will be the date for Mardi Gras 10 years from now? Or 20? What are the 25 largest national banks in Louisiana?

How heavy was the biggest largemouth bass caught in the state? By whom and what year? The biggest flounder, blue marlin, redfish? What were all the LSU football scores in 1958 when the Tigers made 275 total points to their opponents' 53?

Who won the Louisiana literary award in 1973? For what? Where are the 35 colleges and universities of Louisiana located? The 14 special schools? What are their mailing addresses?

Nine flags, in addition to the present U.S. and state flags, have flown over Louisiana. What did they look like? What nations were represented? Where is the Sauce Piquant Festival held and when? The Pan American Regatta? The Art and Folk Festival? Holiday in Dixie? (No, it's not at New Orleans). Where can you write to get information about these?

All you ever wanted to know about Louisiana but didn't know where to ask — it's in the almanac. New and revised editions come out every other year with another one due in mid-1977.

'Tinonc' is story of Bayou Teche

"Tinonc, Son of the Cajun Teche" by Robert L. Olivier, pub. by Pelican Publishing Co., 122 pp. $4.95

Set in the Bayou Teche country, this short novel is the story of a stalwart Cajun boy from the age of about eight until his children are grown. In a way it is a tribute to the hidden heroism of one who led a simple life but took charge of raising a brood of younger brothers and sisters and, before they were grown, started his own family of nine.

Tinonc was a lover of the swamp. "He tramped amid the big trees with a shotgun on his shoulder and a dagger at his side; he paddled his noiseless pirogue in the still, dark waters."

The Cajun home is described, "of unpainted cypress with a porch wall of clay held together by a mixture of black moss and straw, the garconniere or attic reached by a front porch staricase." The beds, all four posters or half-testers to hold mosquito bars, each had three mattresses, one of corn shucks, one of black moss and one of goose feathers.

$100,000
WATERWORKS DISTRICT NO. 7
OF THE
PARISH OF CAMERON, LOUISIANA
WATERWORKS BONDS

Sealed bids will be received by the Commissioners of Waterworks District No. 7 of the Parish of Cameron, Louisiana, at the Police Jury Annex Building in Cameron, Louisiana, for the purchase of $100,000 principal amount of Waterworks Bonds of said District on the 1st day of February, 1977, up to 11:00 o'clock a.m., Louisiana time, at which time the bids will be opened and considered.

The bonds will be dated January 1, 1977, of the denomination of $1,000 each, and in coupon form payable to bearer, and will mature serially on January 1, in each of the years and in the respective principal amounts as follows:

Year	Principal Amt.	Year	Principal Amt.
1978	$1,000	1988	$5,000
1979	1,000	1989	5,000
1980	1,000	1990	6,000
1981	2,000	1991	6,000
1982	3,000	1992	6,000
1983	5,000	1993	7,000
1984	5,000	1994	8,000
1985	5,000	1995	8,000
1986	5,000	1996	8,000
1987	5,000	1997	8,000

Interest on the bonds will be payable semi-annually on January 1 and July 1 of each year commencing July 1, 1977. Both principal of and interest on the bonds will be payable at the Calcasieu Marine National Bank of Lake Charles, at its banking house in Cameron, Louisiana, or, at the option of the holder, at the principal office of the Cameron State Bank, in Cameron, Louisiana.

The bonds maturing on and after January 1, 1988, shall be redeemable by the District, at the option of the District, prior to the stated maturities thereof, on and after January 1, 1987, in whole at any time, or in part from time to time on any interest payment date in inverse order of maturity and by lot within a maturity, at a redemption price equal to the par value thereof, together with accrued interest to the date of redemption.

All bids must be unconditional. No proposal for less than all of the bonds or for less than par and accrued interest to the date of delivery of and payment therefor will be considered. Bidders shall name the rate or rates of interest which the bonds are to bear, to be expressed in multiples of 1/8 or 1/20 p.c. Bidders are not restricted as to the number of interest rates which may be named, and any rate named may be repeated. No interest rate named shall exceed eight per centum (8p.c.) per annum, and the difference between the highest rate named and the lowest rate named may not be greater than 2 percent. No bid may specify the use of split or supplemental interest coupons and a zero rate of interest may not be named. All bonds maturing on the same date must bear interest at the same single rate from their date to the date of their maturity. Any premium bid must be paid in bank funds as part of the purchase price of the bonds. The bonds will be awarded to the bidder offering to purchase the same at the lowest interest cost to the District, such cost to be determined by deducting the amount of any premium bid from the aggregate amount of interest on all of the bonds from their date to their respective maturity datys at the rate or rates specified by the bidder.

Each bid must be accompanied by a certified or cashier's check for two per cent (2 p.c.) of the par value of the bonds, drawn to the order of Waterworks District No. 7 of the Parish of Cameron, Louisiana.

Each bid must be enclosed in a sealed envelope marked "Bid for $100,000 Waterworks Bonds of Waterworks District No. 7 of the Parish of Cameron, Louisiana" and must be directed to the undersigned.

The right is reserved to reject any and all bids and to waive any irregularities in any bid.

A prompt award of the bonds will be made and checks of the unsuccessful bidders will be returned upon such award. The check of the unsuccessful bidder will be held until the bonds are delivered and paid for. No interest will be allowed on the amount of such check. In case the successful bidder does not comply with the terms of its bid, its check will be forfeited as liquidated damages. The bonds are expected to be delivered on or before March 15, 1977, or as soon thereafter as is reasonably possible, at the Police Jury Annex Building, in Cameron, Louisiana, against payment therefor by certified or cashier's check.

The full faith and credit of the District is pledged to the payment of the principal of and interest on the bonds, and the District is authorized and required to impose and collect annually, in excess of all other taxes, a tax on all the property subject to taxation by the District, sufficient in amount to pay the interest and the principal falling due each year on the bonds.

The printed bonds, the usual closing papers, including a non-litigation certificate, together with an opinion of Wood Dawson Love & Sabatine, attorneys, of New York, New York, as to the legality of the bonds, will be furnished to the purchaser of the bonds without cost.

Information relating to the bonds will be furnished upon application to the undersigned.

SECTION III: Pursuant to law, and especially as offered as Section 39.569 of the Louisiana Revised Statutes, there is hereby imposed and shall be collected annually, in excess of all other taxes, a tax on all the property subject to taxation by the District sufficient in amount to pay the interest on the tax shall be levied and collected by the assessor for the current time and in the same manner as the general taxes of the District. The full faith and credit of the principal and the interest on the Bonds.

SECTION IV: The Secretary of this Board is hereby authorized and directed to cause the Bonds to be offered at public sale on sealed bids on such date as shall be selected by the Secretary of this Board for the sale of the Bonds to be given by publication at lease two times within a period of not less than five days, the first publication to be made a least seven days in advance of the date scheduled for the reception of the bids, in the Official Journal of the District and one time in the Times Picayune, New Orleans, Louisiana, at least seven days in advance of the date scheduled for the reception of bids.

This Board shall select the date and hour of the time selected by the Secretary of this Board for the sale of the Bonds for the purpose of considering and acting upon the bids received. If any and all bids for the Bonds are considered, this Board at such meeting shall adopt proceedings fixing the rate or rates of interest which the Bonds shall bear, the bid therefor to be accepted and authorizing such other action pertaining to the issuance, sale and delivery of the Bonds as may be necessary.

Said Notice of Sale shall be substantially the following form:

$100,00
WATERWORKS DISTRICT NO. 7
OF THE
PARISH OF CAMERON, LOUISIANA
WATERWORKS BONDS

Sealed bids will be received by the Commissioners of Waterworks District No. 7 of the Parish of Cameron, Louisiana, at the Police Jury Annex Building in Cameron, Louisiana, for the purchase of $100,000 principal amount of Waterworks Bonds of said District on the 1st day of February, 1977, up to 11:00 o'clock a.m., Louisiana time, at which time the bids will be opened and considered.

The bonds will be dated January 1, 1977, of the denomination of $1,000 each, and in coupon form payable to bearer, and will mature serially on January 1, in each of the years and in the respective principal amounts as follows:

Year	Principal Amt.	Year	Principal Amt.
1978	$1,000	1988	$5,000
1979	1,000	1989	5,000
1980	1,000	1990	6,000
1981	2,000	1991	6,000
1982	3,000	1992	6,000
1983	5,000	1993	7,000
1984	5,000	1994	8,000
1985	5,000	1995	8,000
1986	5,000	1996	8,000
1987	5,000	1997	8,000

Interest on the bonds will be payable semi-annually on January 1 and July 1 of each year commencing July 1, 1977. Both principal of and interest on the bonds will be payable at the Calcasieu Marine National Bank of Lake Charles, at its banking house in Cameron, Louisiana, or, at the option of the holder, at the principal office of the Cameron State Bank, in Cameron, Louisiana.

The bonds maturing on and after January 1, 1988, shall be redeemable by the District, at the option of the District, prior to the stated maturities thereof, on and after January 1, 1987, in whole at any time, or in part from time to time on any interest payment date in inverse order of maturity and by lot within a maturity, at a redemption price equal to the par value thereof, together with accrued interest to the date of redemption.

All bids must be unconditional. No proposal for less than all of the bonds or for less than par and accrued interest to the date of delivery of and payment therefor will be considered. Bidders shall name the rate or rates of interest which the bonds are to bear, to be expressed in multiples of 1/8 or 1/20 p.c. Bidders are not restricted as to the number of interest rates which may be named, and any rate named may be repeated. No interest rate named shall exceed eight per centum (8p.c.) per annum, and the difference between the highest rate named and the lowest rate named may not be greater than 2 percent. No bid may specify the use of split or supplemental interest coupons and a zero rate of interest may not be named. All bonds maturing on the same date must bear interest at the same single rate from their date to the date of their maturity. Any premium bid must be paid in bank funds as part of the purchase price of the bonds. The bonds will be awarded to the bidder offering to purchase the same at the lowest interest cost to the District, such cost to be determined by deducting the amount of any premium bid from the aggregate amount of interest on all of the bonds from their date to their respective maturity datys at the rate or rates specified by the bidder.

Each bid must be accompanied by a certified or cashier's check for two per cent (2 p.c.) of the par value of the bonds, drawn to the order of Waterworks District No. 7 of the Parish of Cameron, Louisiana.

Each bid must be enclosed in a sealed envelope marked "Bid for $100,000 Waterworks Bonds of Waterworks District No. 7 of the Parish of Cameron, Louisiana" and must be directed to the undersigned.

The right is reserved to reject any and all bids and to waive any irregularities in any bid.

A prompt award of the bonds will be made and checks of the unsuccessful bidders will be returned upon such award. The check of the unsuccessful bidder will be held until the bonds are delivered and paid for. No interest will be allowed on the amount of such check. In case the successful bidder does not comply with the terms of its bid, its check will be forfeited as liquidated damages. The bonds are expected to be delivered on or before March 15, 1977, or as soon thereafter as is reasonably possible, at the Police Jury Annex Building, in Cameron, Louisiana, against payment therefor by certified or cashier's check.

The full faith and credit of the District is pledged to the payment of the principal of and interest on the bonds, and the District is authorized and required to impose and collect annually, in excess of all other taxes, a tax on all the property subject to taxation by the District, sufficient in amount to pay the interest and the principal falling due each year on the bonds.

The printed bonds, the usual closing papers, including a non-litigation certificate, together with an opinion of Wood Dawson Love & Sabatine, attorneys, of New York, New York, as to the legality of the bonds, will be furnished to the purchaser of the bonds without cost.

Information relating to the bonds will be furnished upon application to the undersigned.

Ancient food remains popular

People have been making cheese for at least 6,000 years. References to cheese have been found in Sumerian cuneiform tablets dated 4000 B.C. Cheese pots and bowls, with holes punched in the bottoms through which they were drained, have been found in ancient Egyptian tombs and in later Bronze Age excavations throughout the Mediterranean area.

The reason that elephants can easily be taught to parade is that in the wild they form single-file procession from babyhood.

Mark Richard

Richard rites held

John Mark Richard, 74, a former Cameron parish sheriff and clerk of court and a long time local businessman, cattleman and soil conservation leader, died Wednesday night, Jan. 19.

Funeral services were at 10 a.m. Friday, Jan. 21 from Sacred Heart Catholic Church in Creole.

Msgr. Curtis Vidrine, pastor of Our Lady Star of the Sea Catholic Church, officiated assisted by Msgr. M. J. Bernard and the Rev. Alcide Sonnier.

Burial was in Highland Memory Gardens in Lake Charles with O'Donnell Funeral Home of Creole in charge.

Mr. Richard, a lifelong resident of Cameron Parish, was Exxon distributor in Cameron, a member of the Fourth Degree Knights of Columbus and a Knight of St. Gregory.

He was a former sheriff in Cameron Parish for 12 years, and clerk of court for eight years.

He was a past director of the Jennings Production Credit Association, a past director of the Louisiana Brand Commission, a past president of the Mermentau River Basin Association and was serving as vice chairman of the Cameron Drainage Districct No. 3.

Mr. Richard was recognized as one of the leading cattlemen in Cameron parish and was honored by the Louisiana Fur and Wildlife Festival in 1971 as their "King Fur" for his contributions to the cattle industry.

He was known throughout Louisiana for his work in soil conservation and served 25 years as a member of the Gulf Coast Soil and Water Conservation District board of directors.

He served for 20 years as an area representative on the State Soil and Water Conservation Committee.

Only this past week he had announced his retirement from the soil conservation boards and was honored at a banquet in Lake Charles by the Gulf Coast district which presented him with a plaque in recognition of his long service.

Survivors are his wife; one daughter, Mrs. James E. Breaux of Lafayette; eight grandchildren and three great-grandchildren.

Road blockage is announced

Raymond Funk of the Tennessee Gas Pipeline Company announced that the parish road on the northside of the Mermentau River, approximately 3¼ miles east of the Mermentau River bridge located in Section 3, Township 15 south, Range 6 west, will be blocked Saturday, Jan. 29.

FOR CRUDE OIL ...AGE

Parish site picked

A salt dome in the West Hackberry oil field of Cameron Parish has been selected as one of four South Louisiana sites by the federal government for crude oil storage as reserves in case of a supply shutoff from exporters as happened in the 1973-74 crisis.

Federal Energy Administration (FEA) officials described Monday the Strategic Petroleum Reserve plan for the subcommittee to study salt dome utilization of the Natural Resorces Committee Monday.

Two of the sites are salt domes at Bayou Choctaw in Iberville and at West Hackberry in Cameron. Two are salt mines at Cote Blanche in St. Mary and at Weeks Island in Iberia.

The federal government plans to store 150 million barrels by 1978 and reserve 500 million barrels by 1982.

The Bayou Choctaw and West Hackberry salt domes will require new pipelines to bring the oil in, said a FEA technical expert.

Lake Charles Sen. Jesse Knowles, who chaired a state conservation dept. subcommittee, said "local people are concerned" about where disposal wells might be drilled, because "land is so scarce."

Such underground storage is "benign," said a federal official. "Once the oil is in the ground, it doesn't leak; it doesn't do anything."

The alternative solution - storage tanks is six times as expensive as underground methods, he added.

Salt dome storage of light hydrocarbons started in 1951 in Gibsland, said the officials. The largest single storage site is the Barbers Hill dome in Chambers County in East Texas, they said.

Louisiana has only one dome stored with crude oil - in Venice in Plaquemines Parish.

Prof. Tom A. Harrell of the LSU Law Center told the panel there are few statutes affecting salt dome use.

The landowner owns whatever use the salt dome has, subject to state regulation, he said.

"At the present time I assume a landowner can go down there and put anything in it he wants," Harrell said.

He suggested that mineral leases to a dome would not cover use of the area that is left after mining, so that salt dome use would require a separate contract.

The subcommittee also heard federal officials testify about the possibility of storing nuclear wastes in salt domes located in the interior United States - perhaps in north Louisiana.

The federal government is planning to build six such repositories for high-level, heat-generating radioactive wastes.

Lt. Gov. Fitzmorris

Fitzmorris to be KC speaker

Lieutenant Governor Janes E. Fitzmorris, Jr. will be the principal speaker at the annual Knight of the Year Award Banquet sponsored by Our Star of the Sea Council #5461. The banquet will be held Sunday evening, March 6 in Cameron, according to Grand Knight Ray Burleigh.

The award is presented annually to an outstanding member of the K. C. Council for services rendered to the council, church, and the community.

Alligators removed from endangered species list

Congressman John Breaux said he was pleased most U.S. alligators have been romoved from the endangered species list, but urged the Interior Department to balance their conservation efforts without killing Louisiana's legitimate commercial interests.

"The alligators in Vermilion, Cameron and Calcasieu parishes have neither been threatened nor endangered since 1975," Breaux said "but they still cannot be exported under terms of the International Trade Convention Treaty. I share the Fish and Wildlife Service's concerns for these reptiles which were once headed for extinction---but I also share the concern of many of my constituents whose trade rights are being unfairly restricted by such regulations."

While the reptiles have been successfully hunted in Louisiana under federal reegulations, they cannot be shipped outside the country to commercial tanners in Europe.

"While their intention may have been to prevent illegal traffic," the Seventh District Congressman noted, "the effect has been to prevent any traffic at all, and they have consequently stifled a very important business in southwest Louisiana."

The Interior Department recently removed the alligator from the endangered species list and placed it in the threatened category in Florida and the coastal portions of Louisiana, Georgia, South Carolina and Texas, which contain 75 percent of the alligator population.

The alligators remain endangered in Mississippi, Alabama, Oklahoma, and Morth Carolina as well as the inland areas of Louisiana, Texas, Georgia and South Carolina.

Breaux also said he was concerned by recent reports that the current U.S. ban on exporting hides had sparked other countries such as Cuba, New Guinea and India to go into commercial production.

Mrs. Hebert and cradle

Cradle returns home

A tiny neat white bentwood baby bed has traveled many miles, cradled the bodies of many, many babies and has been rocked many miles and has found it's final home back with the very first baby it cradled, Mrs. Helaire Hebert of Cameron.

Mrs. Hebert's mother Mrs. Albertina Chatagnier first bought the bed in 1912 in Erath for one dollar when she was expecting the birth of her first child, who was Mrs. Hebert (Alta Mae).

She had three more children who also cradled in it while she gently rocked it with her foot while she made garments on a pedal sewing machine using the other foot.

After he last child was through using the baby bed she sold it to her sister Mrs. Clarence Armstrong in Port Arthur, Texas for 50 cents and Mrs. Armstrong used it for all of her children.

It was passed around from family to family and was completely lost track of.

One day Mrs. Hebert happened to see it in the home of Mrs. Jumia Billard, a cousin of hers who lives in DeQuincy and something in her memory stirred.

She asked Mrs. Billard where the bed came from and she told her that it was the one from her childhood and presented it to her as a gift.

She now counts it as her most prized possession and had it on display at the Cameron library during the Louisiana Fur and Wildlife Festival.

The Hyatt Bulldogs held onto first place in the league standings of District 11-C as they turned back the Johnson Bayou Rebels 60-49 last Friday night. The win gives the Bulldogs a 3-0 league record while Johnson Bayou is 1-1.

Big Joe Spikes, the area's top scoring Class B-C player, had a game high of 37 points as the Bulldogs ran their overall record to 19-10.

Score at halftime was Hyatt 27, Johnson Bayou 20.

Joining Joe Spikes in the double figure bracket was Ed Spikes with 12 points. Greg Trahan hit 20 to lead the Rebel's scoring with Hallie Griffith scoring 15.

Johnson Bayou is now 11-20 overall.

LADY REBELS WIN

The lady Rebels saved the night from a "whitewash" as they crushed the female Bulldogs 49-28. The Johnson Bayou girls used a 17-6 first quarter and a 13-7 third quarter for the win that evened their District 10-C record at 1-1 and upped their overall record to 12-4.

Darla Blanchard tossed in a gae high 26 points for the Johnson Bayou while Penny Schaller canned 12 points and Charlene Jinks added 11 markers. Tanya Crabtree led Hyatt with 19 points.

CHARGERS WINNERS

The Marion Chargers continued to show their strength by defeating the South Cameron Tarpons 128-34, last Friday night. By the time this article goes to press, it will be either the W. O. Boston Panthers or the Marion Chargers that will be the leaders of district 4-AA.

In the Tarpon-Charger contest, Marion jumped to a first quarter lead of 21-7 and was never in trouble during the game. he Chargers had a 57-11 halftime lead. It was 88-24 going into the final period and the 100-mark was close. During the fourth quarter of Chargers blasted the nets for 40 points while the hapless Tarpons managed only 10.

Carl Hall, the tall Charger center paced the Marion scoring with Hall counting 30 while Mike Ricchard hit for 29. Bradford Matthews hit 16 points, Alvin Jackson 15 and Mike Robinson 13 to comolete double digit scoring for the Chargers.

Tim Grady led the Tarpons with 8 points.

GIRLS GAME CLOSE

The Marion-South Cameron girl's game was much, much closer than the spread of the boy's games as the female Chargers eked out a 42-39 win over the Tarponettes.

The Marion girls jumped to a 12-point halftime lead and then held on by a slim margin all through the second half for the close win. Marion was led by Pat Richard who made 15 points and Darene Campbell who added 10 more markers. Becky Morris led South Cameron with 15 points.

With the win, Marion's District 4-AA record went to 3-3 and 11-10 overall while South Cameron dropped to a 2-4 district mark and 9-10 overall.

4-H members introduced to new agent

Members of the Grand Chenier junior 4-H club were introduced to their new agent, Charolte Bertrand, at their Jan. 12 meeting held in the school library.

Four winners were named in the Forestry Slogan contest. They are Kirk Rutherford, 2nd; Duncan Crain, 3rd; Dennis Mhire and Guy Murphy Jr., honorable mention.

Members agreed to hold a garden and seed sale for their community project and, also, to raise club dues to $1 for 1977-78.

Project reports were given by Tina Hebert and Xann Murphy on handicraft, Monica Dupuis and Lana Hebert on animal projects and Ben Welch on fur judging and trapping.

It was announced that their would be a handicraft workshop in Creole at the K.C. Hall on Jan. 22 for 9 a.m. to 2 p.m..

The February meeting will be cancelled due to Family Night at the Grand Chenier Elementary School Feb. 16. Members are asked to attend this.

Mr. Wicke and Miss Bertrand discussed record books and told members that workshops would be scheduled.

Cameron Pilot

FOURTH YEAR--No. 26 CAMERON, LA., APRIL 1, 1960 10¢ A COPY

JOIN THE Easter Seal PARADE

*THE TOM STEEDS, taking a vacation before the shrimping rush begins, have just returned from a two-week trip to Florida. They report that one of the highlights was seeing the Passion Play by the famous South Dakota Black Hills players in Lake Wales, which is their winter home.

En route home they visited Fernandino Beach with Mrs. Helena Skipper and son Tommy, former Cameron residents. Mrs. Skipper, who subscribes to the Pilot sent us word that she keeps up with all her friends here through the paper.

• • •

AND INCIDENTALLY, we have two more persons interested in our proposed Cameron parish historical society--Mrs. Steed, and Mr. Fred Simon of Hebbronville, Texas. The latter was born in Cameron parish and knows a lot about the earlier days here.

• • •

MISS JIMMIE ANN MEAUX of Creole was among the 15 McNeese State College all-A students singled our at the Honors Convocation Thursday at the college.

• • •

Three other parish students, Miss Patricia L. O'Donnell and John W. Rutherford of Creole, and Patrick A. Doland of Grand Chenier, received honorable mention for their scholastic work.

• • •

SOUTH CAMERON HIGH will enter its first track meet Friday at 3 p.m. a dual meet at Vinton. Grand Lake was in a meet with Iowa and Longville Tuesday a nd will meet Bell City and Gillis Friday.

• • •

OOP--WE SLIPPED: In the letter from the South Cameron student council thanking the public for voting for the library tax, the sentence should have read:

"A public library system such as ours, modeled by (NOT on) other communities over the entire world, etc.."

And we inadvertently had Kornagay's Grocery giving saving stamps in their la st week's ad. They do not--but they do give mighty good prices.

• • •

THE U. S. CENSUS got underway in Cameron parish this week. Two parish census takers in that we failed to mention last week are Mrs. Doris Lee Rollins and Mrs. Linda Joy Portie of Hackberry.

• • •

CAMERON PARISH junior and senior classes have been invited to visit Sowela Vocational-Technical School in Lake Charles during an open house, next Wednesday, from 8:30 a.m. to 3:30 p.m. The school is supported by the state and offers boys and girls in this area an opportunity to train for special trades and skills.

• • •

A HACKBERRY family was involved in a wreck at DeQuincy last Sunday. Mrs. Jerry Lambert suffered a broken shoulder in the two-car collision and was taken to the Sulphur hospital. Her husband and two children were not seriously hurt.

• • •

A CUB SCOUT PACK was recently organized at Grand Chenier with B. M. Savoy as Cub Scoutmaster and Mrs. L. G. Hartwell and Mrs. John Doxey as den mothers.

A BRIDGE OVER the ship channel certainly would have aided Sharman, Allen, Gay and Taylor, Inc., contractors on the Mobil pipeline, Wednesday. One of their dirt trucks caught on fire on the west side of the channel. The Cameron fire department was aided to help, but by the time the fire truck was able to cross on the ferry the truck was a total loss.

Hey kids--here's how to earn a bike

Complete details on how Cameron parish boys and girls can earn themselves a bicycle in the Pilot's big subscription campaign are to be found on page 3 of this issue.

The campaign begins tomorrow (Saturday, April 2) and all youngsters interested in working for a bike are asked to meet with the publisher at any of the locations and times listed on page 3.

This is not a contest. Any boy or girl who sells 15 new subscriptions to the Pilot will earn a Murray bicycle. It's easy. Come on out and give it a try! See details page 3!

PROPOSED SEAWAY EXPLAINED HERE

Cam ron civic leaders and parish officials Tuesday evening heard a lively discussion on the proposed multi-million dollar Louisiana Intracoastal Seaway, which would make all of South Louisiana a deep water port.

The meeting, a joint gathering of the Cameron Optimist and Lions clubs, was held at Fred's Restaurant. Special guests included several members of the police jury and parish government.

Speakers were Dr. Herbert A. Hamilton, dean of Southwestern Louisiana Institute's school of commerce and president of the Louisiana Intracoastal Seaway Association, and Robert Angers, publisher of the Franklin Banner-Tribune, and secretary of the association.

Dr. Hamilton stated that the proposed seaway, which would follow the present intracoastal canal from Houma to Orange, Texas, would bring into South Louisiana $24 billion in new plant construction and provide 90,000 new jobs for the citizens of the area.

He also pointed out that the project would also provide a means of bringing fresh water to the Southwest Louisiana rice area from the Atchafalaja river, which he described as the "largest single source of fresh water left for industrial proposed in the United States."

He warned that if some plan is not made to use this water in South Louisiana, other sections of the state and perhaps even Texas would attempt to divert it for their use.

• • •

MR. ANGERS STATED that the parishes of South Louisiana might disagree on a variety of subjects but the one thing they had a "community of interest" in was water. He said the LISA organization would be an agency to work for the solving of water problems in sections of the area.

Both speakers admitted that Cameron parish would be a "problem area" in that the parish might not receive as many direct benefits from the seaway as would other parishes.

But they pointed out that the waterway, which would run through the northern part of the parish in the Sweetlake-Gibbstown area, would give the parish a high land industiral ridge, plus reclaiming thousands of acres of marsh land for industry or farming.

Following Dr. Hamilton's and Mr. Angers' presentations, they were bombarded with dozens of questions from those in attendance. Most of the questions were concerned with how the seaway would directly benefit Cameron parish.

Most of the Cameron people did not feel that industry would be brought to the parish by the canal, but others pointed out that if the entire area prospered as the backers believe, then Cameron would get many indirect benefits.

Police Juror Conway LeBleu told the group that the Cameron police jury was a members of the seaway association, but that it had not endorsed the project.

State Representative Alvin Dyson and sheriff O. B. Carter both expressed the belief that the seaway would benefit South Louisiana, but warned that the parish should proceed cautiously to make sure that it does not receive any detrimental effects from the waterway.

$1,559 raised in Heart Fund drive in parish

All of the receipts from the community Heart Fund leaders have now been turned in to J. B. Jones Jr., chairman for Cameron Parish. Mr. Jones reports that the very successful drive took in a total of $1,559.14.

He points that with the support of your Heart Fund, medical science has made dramatic progress in saving and prolonging lives of thousands of heart victims. Research has provided the knowledge needed to prevent rheumatic fever, to control most cases of high blood pressure, to repair damaged heart valves, to correct congenital defects through heart surgery, to develop heart-lung machines and to perfect drugs which retard blood clotting and reduce recurrence of heart attack.

EASTER SEALS LEADERS NAMED

An all-out drive to raise Cameron Parish's quota of $1,000 for the 1960 Easter Seals Drive will be made on Tuesday, April 12, according to parish chairman Roland J. Trosclair, [illegible]

Mr. Trosclair this week named the following persons as community drive chairment Mrs. Walter Stanley, Holly Beach and Johnson Bayou; Mrs. W. E. Reasoner, Sr., Hackberry; Mrs. Charles Precht, Sweetlake; Mrs. Ted Askew, Grand Lake; Dalton Richard, Creole; Mrs. June Harper, Grand Chenier; and Mrs. Roland Trosclair, Cameron.

About $350 has been raised in the parish drive to date, the chairman stated. He said a large percentage of the funds raised in the parish will remain here to assist the treatment of crippled children here.

Mr. Trosclair said there are some ten children in the parish benefiting from the crippled children aid.

Migues Funeral Home opens

Miguez Funeral Home of Jennings held open house Sunday in their new branch establishment in Lake Arthur.

This will be a special interest to many friends and relatives of the late Mrs. Henry Kuntz and the late Mrs. Ida Summers and of Miss Alice McCall, who is presently in a convalescent home at Lake Charles, for the location is the former big two-story home owned by Mrs. Kuntz and occupied until recently by her daughters, Mrs. Summers and Miss McCall. These ladies were former residents of the Chenier.

Cub Scouts have Grand Chenier boys as guests Monday

Cub Scout Pack 102 of Cameron had as their guests the Cub Scouts of Grand Chenier at the monthly meeting Monday night at the Cameron elementary school.

Dr. Cecil Clark welcomed the visitors; Mrs. Hoston gave the pledge of allegiance and the Cameron Cubs sang a song of welcome. In return the Grand Chenier scouts acted out a skit and Mrs. Theriot Den I also acted out a skit.

The den mothers want to thank the parents for the good attendance. A cake sale was held at the meeting.

The next meeting will be held at the home of Roland Trosclair, Monday, April 14, at 7 p.m. Parents are invited. Plans for evacuation drills and identification tags will be discussed.

Pine Wood Derby car race winners were announced at the Monday meeting. Carlton Freeman received a blue ribbon for first place and is entitled to enter the Derby Race against Lake Charles scouts.

Edward Peterson and John Clark won prizes for second and third places, and Thomas Crandall won the prize for having the best looking car. The cars were made by the boys themselves.

Oyster season closed here

Cameron parish's first oyster season in fourteen years came to an end Thursday. An effort to get an extention of the season failed after tests taken by the state health department showed that warm weather had caused the pollution level to rise [illegible] to permit [illegible] ing o[illegible] Ca[illegible] [illegible]ace was opened to oyster fishing at the first of February this year, after tests by the health department found that the pollution was low enough during this period of the year for the oysters to be wholesome.

Although the season ran for only two months this year, next year it is expected to be open from December 1 through March 31.

The state health department, upon the urging of numerous local groups and [illegible] greed to [illegible] [illegible]out the [illegible] area be off limits [illegible] oyster fishermen.

A cooperative agreement between the health department and the department of wildlife and fisheries was worked out to where the lake was patrolled every day to see that fishermen stayed out the polluted area.

Edison Mhire, sanitarian with the local health unit who did the patroling along with Steve Sedlock of the wildlife department, said there were only two violations found during [illegible] and that

(EDITOR'S NOTE--THIS A STORY FROM 17 YEARS AGO)

sulphur men and three Lake Charles men were found taking oysters in the polluted area, but were only given warnings, since it was believed that they did not intentionally violate the regulations.

Although the oyster season was short this year, several local people went into the oyster business on a small scale, and it is expected that an even bigger volumn will be done next season.

Lions to sponsor farm competition

As an incentive for Cameron parish farmers to produce bigger yields and improve their farming techniques, the Cameron Lions Club announces that it will sponsor two special farming contests this year.

The first will be to determine the champion corn producer of the parish, with the farmer raising the most bar reals to the acre being given a trophy.

There will also be a contest to select the champion rice farmer, with a trophy to be given in two classifications: small producers and large producers.

In addition all parish farmers who raise an average of 60 bushels of corn to the acre or 22 barrels of rice to the acre will be honored by the Lions Club at a dinner during national Farm & City Week.

Details for the contests are being worked out by Hadley Fontenot, Cameron county agent.

Super market to hold big Grand Opening

Dale C. Higgins, who recently purchased Micheletti Bros. supermarket in Cameron, is holding a grand opening of the store this weekend under its new name--Micheletti - Higgins super market.

Mr. Higgins invited everyone to attend the grand opening, Friday, Saturday and Monday. Free plastic aprons will be given to the first 500 women shopping in the store this weekend.

Lions protest postal schedule

The Cameron Lions Club Wednesday went on record protesting a change in the mail service for lower Cameron parish scheduled to go into effect soon.

The club voted to write Congressman T. A. Thompson urging him to ask Postmaster General Summerfield to reconsider the scheduled change.

Jimmy Derouen, manager of the Calcasieu-Marine Bank, said he understood that under the new provisions, the star route carrier who brings the mail out of Lake Charles each morning, would arrive here 30 minutes to an hour later, and would not leave Cameron until 6 o'clock in the evening.

Mr. Derouen said the idea was to give Cameron later outgoing mail service--such mail now goes out at 2 p.m.--but that it would actually do more harm than good since the morning mail probably would not be put up until noon instead of 10 o'clock as now.

Tom Steed, who operates Steed's Fish Co. here, said the change would work a hardship on local business people who depend on the mail to bring them supplies and parts out of Lake Charles.

The change in Cameron's mail service would be a part of new "Metro" mail plan for the country. Under this plan, a letter mailed in the evening in one community could be delivered the next morning in a community 300 miles distance.

Chenier revival services begin this Sunday

The Rev. J. Henry Bowden, Jr., pastor of the Moss Bluff and Eastwood Methodist churches at Lake Charles, will conduct a revival at the Grand Chenier Methodist church beginning Sunday, April 3, and continuing through Friday, the 8th.

Services will be held each evening at 7:30 p.m. and the public is cordially invited to attend.

The Rev. Taylor Wall, pastor of the Grand Chenier church, will be in charge of the singing.

British-American to install pipeline

The British-American Oil Producing Co., Lafayette, has applied for a Corps of Engineers permit to install a 6-5/8 inch oil and an 8-5/8 inch gas pipelines in the the Gulf about 16.4 miles southwest of Cameron.

The lines are to extend from an existing platform 22,491 feet to a point on shore. The lines are to be laid not less than 6 feet below the bed of the waterway.

Mrs. LeDoux in car accident

A non-collision accident occurred at 2 p.m. Saturday near the Percy David residence at Klondike when a station wagon driven by Mrs. Albert LeDoux of Lake Arthur got out of control in loose gravel, jumped a levee, and landed right side up in a big irrigation canal.

Mrs. LeDoux was thrown against the steering wheel, which broke off, and then the dash. Her face was badly bruised, with possibly a broken nose; side and limbs also badly bruised.

With her at the time were her three children, Leonella, 12, sustained serious face brusses and lacerations; Lucela, 8, a bruised eye; and Albert, Jr., 3½, unhurt except from blackberry vine scratches encountered as they climbed up the ditch bank after having gotten out of the car.

Ferris Broussard came along and took them to Jennings in his car, stopping at the LeDoux residence in Lake Arthur for the husband and family.

Observe 50th anniversary

By ELORA MONTIE
Grand Chenier Reporter

Mr. and Mrs. Nelson Bonsall of Grand Chenier celebrated their golden wedding anniversary Sunday March 27, by renewing their wedding vows at the Immaculate conception Catholic church. Father F. X. Lanoue officiated.

Mr. Bonsall was 20 when he married Lona Theriot, 15, at St. Eugene Catholic church in Grand Chenier in 1910 by Father Hose, who was then pastor.

Their six sons, Telesmar and Elton of Creole, Claude, Claudis, Ervin and Ual of Grand Chenier and their daughter, Mrs. Viola Brume of New Orleans, along with their nine grandchildren and three great-grandchildren helped them celebrate their anniversary.

Mr. Bonsall, who is 70, was born and raised in Grand Chenier, and has been a farmer and carpenter all his life.

Mrs. Bonsall, who is 65, was born in Kaplan and moved to Grand Chenier in 1907. Both are in good health and very active.

A family barbecue dinner and a reception from 2 to 6 o'clock was held at the Bonsall home during the afternoon. Over 150 guests visited during the afternoon. Many out of town visitors were there for the day.

CHICKEN OF TOMORROW

Parish winners announced

Four Cameron parish 4-H club youngsters are exhibiting broilers that they raised in the state Chicken of Tomorrow contest in Alexandria.

The four, who had the winning pens of six cockerals each in the parish preliminary contest Tuesday, are: Ronnie Breaux of Sweetlake, Wayne Sturlese of Creole, Harold Granger of Grand Lake and Bobby Doland of Grand Chenier.

The heaviest pens of the 8-week-old chickens weighed 21 pounds. The Cameron parish Farm Bureau awarded prizes of $5 to each of the four parish winners.

Other students who competed in the parish contest were Steven Thibodeaux, Grand Lake; George Sturlese, Creole; Ernest Hamilton, Hackberry; Ervis Portie, Creole.

Assistant County Agent Clifford Myers accompanied the parish winners to Alexandria Thursday. After the judging all of the cockerals were to be sold.

Bobby Doland of Grand Chenier was also on the state program at Alexandria to tell about his recent trip to the national Junior Poultry and Egg Fact Finding Conference in Kansas City, Mo.

No proposal for less than all of the Bonds will be considered unless accompanied by a certified or cashier's check for two per cent (2 p.c.) of the par value of the Bonds, drawn to the order of Cameron Fire Protection District No. 7 of the Parish of Cameron, Louisiana.

Each bid must be enclosed in a sealed envelope marked "Bid for $100,000 Fire Protection Bonds of Cameron Fire District No. 7 of the Parish of Cameron, Louisiana" and must be directed to the undersigned.

The right is reserved to reject any and all bids and to waive any irregularities in any bid.

A prompt award of the bonds will be made and checks of the unsuccessful bidders will be returned upon such award. The check of the unsuccessful bidder will be held until the bonds are delivered and paid for. No interest will be allowed on the amount of such check. In case the successful bidder does not comply with the terms of his bid, such check will be forfeited as liquidated damages. The bonds are expected to be delivered on or before March 15, 1977, or as soon thereafter as is reasonably possible, at the Police Jury Annex, Cameron, Louisiana, against payment therefor by certified or cashier's check.

The full faith and credit of the District is pledged to the payment of the principal of and interest on the bonds, and the Police Jury is authorized and required to impose and collect annually, in excess of all other taxes, a tax on all the property subject to taxation by the District sufficient in amount to pay the interest and the principal taxing due each year on the bonds.

The printed bonds, the usual closing papers, including a non-litigation certificate, together with an opinion of Wood Dawson Love & Sabatine, attorneys, of New York, New York, as to the legality of the bonds, will be furnished to the purchaser of the bonds without cost.

Information relating to the bonds, will be furnished to the ... upon application to the undersigned.

Information relating to the District and its affairs, and further information relating to the bonds, will be furnished upon application to the undersigned.

Secretary of the Police Jury of
Cameron Parish, Louisiana

SECTION V: The proceeds derived from the sale of the Bonds shall be applied to the purpose of acquiring buildings, machinery and equipment, including both real and personal property, for the District, title to which shall be in the public, to be used in giving fire protection to the property in the District. The District covenants that it shall make no use of the proceeds of sale of the Bonds which would cause any Bond to be an "arbitrage bond" under Section 103 of the U. S. Internal Revenue Code of 1954, as amended, and to that end the District shall comply with the requirements of said Section and the applicable regulations of the Internal Revenue Service promulgated thereunder so long as any of the Bonds are outstanding.

SECTION VI: This resolution shall take effect immediately upon its adoption.

ADOPTED AND APPROVED this 6th day of January, 1977.

All bids to offer a cash bonus for a lease having a primary term which shall not exceed five years and granted without any warranty of title, conventional, legal or implied, whatsoever, either expressed or implied, and with a fully paid royalty, any payments received under the lease or being otherwise responsible to lessee. Minimum royalties shall be one-eighth (1/8th) of all produced and saved, one-eighth (1/8th) of all gas produced and saved, one-eighth (1/8th) of the value per long ton when marketed on sulphur produced and saved; but not less than two dollars ($2.00) per long ton; one-eighth (1/8th) of the value per ton when marketed on potash produced and saved, but not less than ten cents (10¢) per ton; one-eighth (1/8th) of all other liquid or gaseous hydrocarbon minerals produced and saved.

The minimum royalties above are not to be construed as values acceptable to the Board. It being the policy of the Board to reject any bid which does not reflect tract potential. The Board considers bonus, royalty percentage, and also compares royalty with that granted by landowners in the area. In the exercise of its discretion, the Board also reserves its right to accept any bid that reflects tract potential and satisfies the minimum requirements of R.S. 30:127, as amended.

All leases awarded shall be executed upon terms and conditions set forth in the current State lease form with all applicable riders applicable to the area. Bidder is limited to provisions as follows: Lease to be for a term of 3 years and as long thereafter as oil or gas is produced in paying quantities from the date of the lease, the lease is subject to cancellation at the end of the primary term of the lease, unless on or before such date lessee shall pay a delay rental (which shall in no event be less than one-half of the bonus offered), which shall cover privilege of deferring the beginning of operations for a period of one year.

HACKBERRY FACILITY TO COST $20 MILLION

Big project planned

Plans to construct a liquid petroleum gas facility at Hackberry costing more than $20 million were announced to the Camron Parish Police Jury Tuesday by representatives of the Cities Service Refining Corp.

The jury appointed a Cameron Parish Industrial Development Board to assist the campany in taking advantage of a lesser interest rate on bonds issued by a public body.

Dr. C. M. Wheat, assistant treasurer and manager of corporate finance, Cities Service, Tulsa, Okla. gave the following information on the proposed project:

It will consist of an unloading facility on the Lake Charles ship channel to unload liquid petroleum gas brought up the channel in tankers, a fractional unit and storage capacity at the Hackberry salt dome location.

the gas will be transported from the unload facility to the fractionation unit and storage area by pipeline.

Cities Service, which already has some petroleum storage facilities in the Hackberry salt dome, will add two million barrels storage capacity for the new gas.

The liquid gas, to be imported from other countries, willl be for use by Cities Service and also by other customers. the company will charge other firms a fee for storage.

Dr. Wheat said the new facility is still in the engineering stage and if all of the necessary permits are secured it should be on stream by the end of 1978 or in early 1979.

He said that the facility will provide some additional employment in the Hackberry area but that this would not have too greeat an impact on the area.

It was pointed out, however, by parish officials that the additional tax assessment would be very beneficial to the Hackberry area and Cameron parish.

Dr. Wheat said that every precaution would be taken to see that the ecology and enviroment in the Hackberry is not affected by the new facilities.

Allen Kimball, attorney representing Cities Service, explained the new Industrial Development Board's relationship to the new project.

The board, composed of W. F. Henry, Jr. of Cameron, Charles Riggs of Hackberry and Charles Precht of Sweetlake, will issue bonds needed by Cities Service to build the facility. The bonds will be secured by a lease by Cities Service.

this arrangement will enable the company to secure a lesser rate of interest on the bonds.

Cameron Pilot

21st Year--No. 15 February 3, 1977 Cameron, La.

Cameron's main street improvement planned

The citizens of the town of Cameron who have been hampered for years by a narrow main street that floods during high tides and heavy rains and that has ugly open ditches on either side will get some welcomed relief sometime this year.

In an official advertisement elsewhere in this issue, the Louisiana Department of Transportation and Development is announcing a major improvement project for Marshall street, which is also L. 27 and 82 and the only east and west through street in the town.

The proposed improvements will begin on the west side of town near the Monkey Island ferry turnoff and runs to about 210 feet east of the Ann street intersection of the east side.

The length of the project is a little over a mile and includes widening of the existing two-lane roadway--now 20 feet--with side ditches to a 24-foot two-lane roadway with 10 feet paved shoulders on either side.

Curbs and gutters and subsurface drainage will be provided.

Sections of the road will entail modification of some local drainage canals.

the right-of-way for the project has been obtained by the state and no displacements were involved.

An official advertisement on the project is elsewhere in this issue.

Funds OKed for Chenier park

The Cameron Parish police jury Tuesday agreed to appropriate $3000 for improvements to the Grand Chenier park on the Mermentau river.

Juror Lester Richard, Jr. said that the jury will be able to get a $6000 tourist development grant from the state for work on the park also. Under terms of the grant work must be completed by June 30.

He said the funds would be used to renovate the public restrooms, put a fence around the park and do other improvements.

The park, which has a beautiful setting on the Mermentau river and large oak trees, was donateed to the state of Louisiana years ago by a Grand Chenier resident. A few years ago the state turned the park over to the jury so that it could be kept up better.

In other business, the jury heard a report from Mrs. Martha Fontenot on the CETA employment office in Cameron. She said that during the last three months of 1976, she was ablee to find jobs for 26 persons in the parish and so far this year has placed 10 persons in positions. She said her office was exceeding its anticipated placements.

Robert Landry was reappointed to the Recreation District 3 board and Braxton Blake was named to fill the vacancy on the Gravity Drainage District 3 board caused by the death of Mark Richard.

An ordinance admending the policy of the police jury on sick leave, vacations and other matters was adopted.

A liquor permit for Mrs. Aaron Lagneaux at Holly Beach was approved.

Hackberry area homes are visited by class

Michel Robitaille, Canadian coordinator for French studies in the elementary schools, visited DeQuincy High School Tuesday, Jan. 25 in connection with French Week (Jan. 24-29) celebrated throughout Calcasieu Parish.

He showed a French film illustrating the Mardi-Gras customs in Belgium and entertained students with French songs.

Mr. Robitaille reminded students of the many activities scheduled daily in Lake Charles: daily free French movies at McNeese, radio and TV programs, and French civilization displays at the Lake Charles Imperial Museum and the Prien Lake Mall.

The DeQuincy French classes contributed to the French exposition in the Prien Lake Mall by displaying informative posters about Brettany, one of the most picturesque regions of France.

Members of the DeQuincy French Club were invited to join the Vinton French Club to celebrate Mardi-Gras.

PUBLIC NOTICE
OPPORTUNITY FOR REQUESTING A PUBLIC HEARING

All interested persons are advised that the Louisiana Department of Transportation and Development, Office of Highways in planning to provide for improvement of LA 27 and LA 82, State Route in Cameron (Marshall Street) in Cameron Parish, under State Project No. 193-01-12, Federal Aid Project No. RS-201-1 (001).

The proposed project consists of the improvement of La 27/82, locally called Marshall Street, throught the town of Cameron. The project extends from approximately 360' west of the LA 1141 intersection to roughly 210' east of the Ann Street intersection for a total project length of 5645'. This improvement includes the widening of the existing two-lane roadway (20' travel width) with side ditches to a two-lane (24' travel width) with 10' paved shoulders on either side. Curbs and gutters and subsurface drainage will be provided. Sections of the roadway will be raised to reduce the incidence of tiual flooding of the facility. The project will additionally entail modification of some local drainage canals.

All required right-of-way has been obtained by the state. The total taking for this project was .083 acres. No displacements are involved.

The purpose of this project is to provide a satisfactory facility for the major traffic route through Cameron. Safety will be increased and the improvements will also provide a roadway more useable during unusually high tides.

Preliminary project plans and the approved non-major action letter are available to interested persons through the Department's District 07 Office on U. S. Highway 90 East, P. O. Box 1399, Lake Charles, Louisiana 70601. This information is available at the Department's cost and at the expense of the person requesting this information.

Interested persons are advised that they may request that a location and design public hearing be conducted to provide a means for the public to express their views relative to the proposed highway location and design public hearing be conducted to provide a means for the public to express their views relative to the proposed highway location and design and/or the probable social, economic, and environomental effects involved. In lieu of requesting a public hearing, interested persons, should they desire to do so, may submit their views in writing, pro or con, on the proposed project.

Written requests for a location and design public hearing and/or opinions should be addressed to: Public Hearings and Environmental Impact Engineer; Louisiana Department of Transportation and Development, Office of Highways; P. O. Box 44245, Capitol Station; Baton Rouge, Louisiana 70804, on or before February 25, 1977. In the event that requests for a location and design public hearing are received, a public hearing will be scheduled, and another public notice, stating the date, time and place of the public hearing will be published.

By ED BREDEHOEFT

Tuesday night of last week the weather was cold but the South Cameron Tarpons were colder as they lost a cold shooting affair to the St. Louis Saints 100-31.

As the score-by-quarters show, the Saints were not cold in hitting the bucket as they made an average of 25-points per period. The Lake Charles team took a 22-8 first quarter lead and ran that up to a 45-16 halftime advantage.

In the third frame the Tarpons fell from their 8 points the first and second quarter as they pumped in 27 markers.

The fourth and final stanza wasn't much different as the Saints notched 28 points and the Tarpons came up with another 8-point quarter.

Five of the Saints hit the double figure mark as Alvin Miles scored 24 points to lead the victors while teammate Greg Cole made 18, Mike Daniels, Phil Reynolds and Jery Bonvilliam each scored 13 points.

James Wilkerson and Jeff Jouett for the Tarpons hit 13 and 11 respectively.

BRONCOS 99, TARPONS 44

Last Friday night the Tarpons lost their second game of the week as the Sam Houston Broncos defeated Coach Feaster's squad 99-44. The Moss Bluff team ran out to a 25-9 first period lead and were never in danger as they ran their record to 6-13 and 2-5 in District play.

The Sam Houston team had a 48-21 halftime lead and then added 26 more points in the third period while the Tarpons picked up only 9 markers making the thrid period score 74-30.

Big George Dowden paced the Broncos with 27 points while Randy Rials added 16, Glenn Duhon 12 and Jimmy Eiselstein 10.

Tim Grady was the only double figure scorer for South Cameron as he canned 24 points.

The Lady Tarpons had a cold second half against the Sam Houston distaffers as they blew a two-point halftime lead and lost the contest 23-19.

Sheree Steward was high scorer for the Sam Houston team with 12 points and Carla Cockell led South Cameron Tarponettes with 8 points.

Stack crepes for dessert

Make twelve crepes: divide into stacks of four. Spread the bottom crepe with a fudge or thick chocolate sauce; sprinkle with toasted sliced almonds. Place the second crepe on top; spread with chocolate sauce and sprinkle with almonds. Repeat procedure for the third crepe. Top with remaining crepe and add a spoonful of whipped cream. Repeat for rest of servings. Cut each crepe stack into pie-shape wedges. It's a spectacular sweet to serve for a dessert and coffee party.

Hints For Homeowners

Tips To Help You

YOUR HOME'S WATER SYSTEM

How much water does your family use—or need—each day? How can you make sure you get the proper amount, with enough pressure to allow the use of several outlets at the same time?

If your water source is a private well, you should have an adequately sized water system—including pump and accessory equipment—to make sure that fresh water is always available, under pressure, for immediate use in your home.

To select a correct size pump, you should know the peak water demand in your home. The demand (capacity) in gallons per minute should equal the number of water outlets. For example, a water system with a capacity of 12 gallons per minute would be required for a modern home with two bathrooms, a kitchen, an automatic dishwasher, an automatic washing machine, a laundry tub in the basement, and two outside faucets.

Your water system should be able to deliver the required capacity in your home continuously for one hour. You'll need about 75

gallons per day per person for household use, plus more for outside use.

The Ground Water Council suggests that the first step in getting the right system for your home is to contact a reliable local water systems dealer. He may be a well driller, a plumber, a hardware dealer, or a home appliance dealer. He will help you calculate your exact water requirements based on the facilities and appliances in your home.

A water system properly sized for pressure delivers a full even flow of fresh water simultaneously to a number of outlets at all levels in the house. For a booklet, "Free Water: A Guide to Private Wells and Water Systems," send 25 cents to: Booklets Department, Ground Water Council, 221 N. LaSalle Street, Chicago, Ill. 60601.

Pesticide classes to be held for farmers

Training programs for the farmers and others who need to get "certified" in order to be able to buy or use restricted pesticides will be offered free of charge and a convenient locations around the parish, says Clifford Myers, Cameron parish County Agent. These will begin Monday, Feb. 14.

Myers says that the Environmental Protection Agency will require farmers to be certified by Oct. 21, 1977. If they are not certified before their deadline, they will not be able to use, store, handle or transport restricted pesticides. He urges all farmers to complete on of these sessions.

Certification for use of restricted pesticides is required by the Pesticide Control Act passed by Congress Oct. 21, 1972.

L.S.U. Cooperative Extension Service has agreed to provide the training courses which meet the requirements for certification as a help to all concerned. Farmers who complete on of the sessions, which will be about three hours long, will be given a form to fill out at the end of the session.

They will fill out the form attesting to their completion of the course and it will be signed by the County Agent. The County Agent will turn these over to the Department of Agriculture who will issue the certificates to the farmers.

"Because of the tremendous effort involved, we cannot offer these sessions on a continuous, week-to-week basis", Myers says. He urged farmers to complete a session and get his certificate at the earliest opportunity.

To be on the safe side, Myers warns, every farmer should get his certification. It would be a good idea for a farmer to have members of his family and employees get certified also.", he adds. This way, a farmer has a better chance of making sure pesticides are handled and applied under the supervision of someone who has been certified.

"This course is being offered free-of-charge by the L.S.U. Cooperative Extension Service and I hope our farmers will make every effort to get this requirement out of the way before October 21, 1977 deadline", Myers urged.

In Cameron Parish, the sessions will be offered at the following dates, place and times.

Feb. 14th-Klondike Community Center - 9 a.m.; Feb. 15th-Grand Lake High School - 3:30 p.m.

SHOWN WORKING on a castle in conjection with the study of the Elizabethan Age in an English class at South Cameron high school were from left: Yvonne Mouton, Tammie Hendrix, Patricia Trahan and Mrs. Kay Alexander, teacher.

Class has Elizabethan projects

Mrs. Kay Alexander's English IV classes at South Cameron High School have completed projects dealing with the Elizabethan Age in English literature. These projects reflected both students' originality and artistic ability.

A variety of projects were presented to the classes which aided students in their understanding of the period. Tammie Hendrix, Patricia Trahan, and Shelia Woodard constructed a replica of a castle built during the period.

A puppet show, representing scenes from Shakespeare's play, McBeth, were presented by Randalin Crain, Theresa Theriot, and James Wilkerson.

Elougia Baccigalopi made a costume, which was representative of the period, and modeled it for the class.

There were many other outstanding projects such as posters, research reports, and decoupaged pictures.

SHOWN WITH the costume that she made to represent the Elizabethan Age is Elougia Baccigalopi.

Vieux Carre book

"Drawings of the Vieux Carre" by Ben Earl Looney, pub. by Claitor's Publishing Division, 86 pp., $8.95

Reviewed by MARIE WISE

This Vieux Carre collection is Ben Earl Looney's fourth book of drawings on the New Orleans French Quarter, which he says he first came to know in the 1920s when, at the beginning of his career, he worked as a reporter for the Times-Picayune.

It is his second book of sketches to offer a text complete in both English and French, for which he acknowledges the help of CODOFIL (Council for the Development of French in Louisiana).

The artist's presentation of his black and white drawings is a happy choice of picture size pages in heavy, ivory-tone paper.

Each sketch is really a two-page offering, the full-page drawing on the right always accompanied by a verbal sketch filling the left page — first in English and then in French.

Artist Looney not only identifies his drawings; he gives historical information and personal references that add greatly to the interest of the text.

In a familiar size for sketches — 11 inches wide by 8 1/2 inches high including the borders — this book deserves to be kept on a table for easy looking through of its 40 "Drawings of the Vieux Carre."

Tarpons win tourney

The South Cameron Tarpons won their own wrestling tourney last Saturdday night as they racked up 100 points against three other schools. They were: Northside 73; Basile 52; and Hackberry 5.

The Tarpons, state wrestling champions of 1976 ran their record to 13-0 for this season which also might set a state record.

South Cameron captured nine first places out of 12 weight divisions.

The Tarpons' Danny Shay ran his record to 11-1 for the year as he was awarded a trophy for having the most pins in the quickest time. Shay used only 76 seconds to pin two apponents.

Myron Mayard of South Cameron registered the biggest upset of the afternoon, decisioning undefeated Melvin Broussardd of Northside by a 9-1 verdict.

Two defending state champions kept their unbeaten strings going with victories. Mark Theriot won in the 145-pound weight class to bring his record to 10-0 and James Boudreaux also upped his record to 10-0.

Sam Theriot, another Tarpon, stayed undefeated, boosting his record to 6-0.

County Agent's Report

By CLIFFORD MYERS

Farm Outlook-In the past five years a new dimension has become apparent in American agriculture. In this short time, world needs have become built-in to American agriculture in a way that is new, important and irreversible. U. S. agricultural exports have almost trippled in value and grown 75 percent in volum. In the coming year, it is expected another new record in export value will be achieved; something above this year's $23 billion. It will be the fourth straight year that U. S. Farm product exports will have exceeded $21 billion.

Beef Cattle-Feeder cattle prices are expected to come under some pressure the latter part of the month and continuing through March. Feeder cattle prices in April and May are questionable. However, weather will tend to be a factor. If bad weather does not force large numbers off of wheat pasture early, causing an early fill-pu of feedlots with light cattle, spring demand is expected to be relatively firm.

Soybeans-Domestic use of soybeans continues at relatively high levels. Exports have showed in recent weeks, but the decline should be only temporary as European demand for beans and meal is expected to pick up soon. Prices should move above the $7 level at the farm in an effort to ration the limiteed supply of beans available from this crop year.

Sunshine sisters are drawn by Cameron club

Sunshine Sisters names were drawn at the regular meeting of the Cameron Extension homemakers Club Monday night, Jan. 24, in the meeting room of the Calcasieu Marine Natl. Bank.

Hostesses were Patsy LaBove, Alice Mason, and Margie Brown.

Several 4-H members were present, and Ruby Miller and Beverly Primeaux asked to become members. Roll call was answered with a New Year's resolution.

It was decided that the club would again hold a cake sale in April, all proceeds to go to the Cancer Drive. Also, suggestions for a group tour were made. A committe will study the choices, and report to the club next month.

A motion was made and seconded that any club member not fulfilling her duties as a good Sunshine Sister would be placed on a deadhead list, and then she would not be allowed to draw the following year.

Club members are reminded to bring their crazy gifts for their Sunshine Sisters to the February meeting.

Auction gifts for February are Tootsie Dosher, Pam Carroll, and Virginia Duddleston.

Shrimp catch up one third

The Louisiana shrimp industry, which has barely broken even in recent years, may received a boost from a one-third increase in shrimp production in the Gulf of Mexico, according to Larry de la Bretonne, marine specialist with the LSU Cooperative Extension Service.

"This will be the first time in four years that many shrimp fishermen will make enough profit to pay on the principal on their fishing boats. In past years, shrimpers were only able to meet interest payments," de la Bretonne said.

Shrimp abundance is dependent on environmental conditions such as river stages, salinity, rainfall and temperatures, de la Bretonne explained. Unlike conventional farming, shrimp harvesting depends on finding stocks of shrimp over huge areas of the Gulf.

New methods of harvesting and improved boat construction and navigational equipment are available to fishermen, but because of the high cost of the products and the slim profit margin of the industry, new equipment is hardly ever purchased, de la Bretonne said. Fishermen usually make only minimal repairs on their vessels.

"The fishing heritage and father-to-son tradition of south Louisiana have kept many people in the business even though the profits are small," de la Bretonne noted.

The result of more persons entering the fishery business while the shrimp production remains relatively stable is a decrease in the catch per unit of effort. Therefore, fishermen should continually upgrade their equipment for increased efficiency, de la Bretonne advised.

Along with an increase in Gulf production, a national increase in commercial fishery landings (the amount of fish brought to docks) has also been predicted, de la Bretonne noted. The National Marine Fisheries Service forecasts a commercial landings figure of 5.2 billion lbs., the largest in 10 years.

The record dockside value, which will exceed $1 billion, is due to the steady increase in foodfish caught and to rising prices, de la Bretonne said.

Disaster tag asked for Cameron parish

The Cameron Parish Police Jury has requested Gov. Edwin Edwards to declare Cameron Parish an agricultural disaster area, thereby making parish cattlemen eligible for the Federal Emergency Livestock Feed Program.

Jury President Roland J. Trosclair, Jr. wrote the Governor: "Due to the unseasonably cold weather and the tremendous amount of rainfall in our area over the last three months, preceeded by a last summer and early fall drought which curtailed the amount of hay normally produced during this time, the Cameron Parish livestock situation is now critical."

Cameron people off for Outdoor Show

Two Cameron parish families will represent the Louisiana Fur and Wildlife Festival and Cameron parish at the National Outdoor Festival in Cambridge, Maryland, Feb. 11-13.

The Maryland and Louisiana festivals, both of which represent trapping, hunting and outdoor activities, have been exchanging dignitaries and queens for about 20 years. The Cambridge queen and Outdoor Festival officials were recently in Cameron for the local festival.

Making the trip to Maryland this week are the Garner Nunez family of Grand Chenier and the Robert Mudd family of Cameron.

Nancy Claire Nunez, 17-year-old daughter of the Nunezs, is the 1977 Cameron Parish Queen and will be representing both the parish and Fur Festival.

She will be accompanied by her parents and brother and sister. Her mother was the Fur Queen in 1957 and her father is a festival officer.

Mr. and Mrs. Mudd, who won the Louisiana muskrat skinning championships at the Fur Festival, will be competing in the national muskrat skinning contest at Cambridge. They will be accompained by a son, Lance, who won the junior muskrat skinning in Louisiana, and will be competing in the national event. Two other Mudd children will also make the trip.

Ferry closure is reported

The Cameron II Ferry (The Monkey Island ferry) at Cameron will be closed during the day for 1½ to 2 hour intervals Thursday, Feb. 10 through Friday, Feb. 18 for fender work repairs.

The Louisiana Highway Dept. advised that the work will be scheduled during the least busy traffic hours.

The ferry offers the only access to Monkey Island, the island that was created when a loop of the Calcasieu river was cut off by the ship channel.

Archery club proposed here

A number of people in the Cameron area are interested in forming an archery club.

Those interested in belonging to such an organization are asked to call Mrs. Carolyn Johnson at Cameron at 755-5421 leaving their name and phone number.

A spokesman said that from this response will be determined if there is enough interested to form a club.

Parish March of Dimes Drive begins Saturday

The annual Cameron Parish March of Dimes campaign will be conducted Feb. 12-20, according to Mrs. Jerry Jones, parish chairman.

Funds collected by the volunteers in each area will be used to support Regina Caeliand Speech and Hearing Center, to aid Storks Nest, to provide schalorships in health related fields, public health education programs and many other projects.

40 percent of the funds go toward the local programs, Mrs. Jones said.

In addition to the Mother's March the Camerion Lions club will hold a "Bucket Brigade" under the chairmanship of J. Berton Daigle.

Area chairmen helping Mrs. Jones are: Judy Jones and Mrs. Dallas L. Brasseaux, Grand Chenier; Mrs. Benny Welch, Oak Grove; Mrs. John R. Conner, Creole; Mrs. Harry Conner, East Creole; Mrs. John Allen Conner, Little Chenier; Johnson Bayou High School FHA under the sponsorship of Mrs. Robert Tanner, Johnson Bayou-Holly Beach; Mrs. Sanders LaBove and Mrs. Richard Poole, Big Lake-Sweet Lake.

Mrs. Jones will conduct the campaign in the town of Cameron.

The Hackberry community drive was conducted earlier by the Hackberry High School FFA club sponsored by Mrs. Mickey Parker.

Bonds sold for low interest

The firm of Ladd, Dinkins & Associates of New Orleans was the sole bidder on $100,000 worth of Cameron Fire Protection District No. 7 bonds last week but their bid of 5.61723 percent was termed a very "good rate" by officials.

The bonds will provide funds for the purchase of the old Creole water system by the new district and for the construction of a new system to serve the Creole area.

The old Creole water system was financed by revenue bonds which necessitated the use of watermeters. The new bonds will be financed by property assessment which will permit a lower monthly charge for water.

Fishing rodeo meeting set

A metting of the Cameron Parish Deep Sea Rodeo Association will be held Wednesday, Feb. 16, at 7:30 p.m. in the Cameron Fire Station, according to Don Criglow.

Plans will be started for the 1977 Cameron Parish Deep sea Rodeo to be held in Cameron over the July 4th weekend, Criglow said.

All persons interested in participating are invited to attend.

Aging council meetings set

Area residents 60 years old and above are invited to attend special meetings next week for a period of fellowship to discuss possible programs of handicraft and recreation.

The Grand Lake-Sweet Lake Council on Aging will meet at the Big Lake Gospel Tabernacle Monday, Feb. 14 at 10 a.m.

The Hackberry Recreation Center will host the Hackberry Council on Aging Wednesday, Feb. 16 at 10 a.m.

Jenny Sue Bird, newly crowned Fur and Wildlife Queen, will be amoung the 30 festival queens to be honored at the 1977 Louisiana Mardi Gras Ball Saturday, Feb. 12, in Washington D.c.

Chenier h'way work to start

Representative Conway LeBleu announced that the Louisiana Highway Department has signed a contract with a contractor to scrape a portion of old sealed coat that has been deteriorating for some time on a portion of the Grand Chenier highway.

It will be resealed with small size aggregate by the Highway Department.

LeBleu said the work is slated to start Tuesday, Feb. 8.

Tournament set by bass club

April 3 has been set as the date of the annual LeMesche Bass Club Fishing Tournament to be held in Cameron Parish waters.

Darryl "Fats" Dupont, chairman of the event, was cited at the February meeting of the club for his work in heading the 1976 rodeo.

Phillip Trosclair, newly elected president, presided and members were given new bylaws and tournament rules.

The club will raffle off a 1977 Yazoo bass boat, trailer, and a 20 horsepower Mercury motor.

Aggie Day results

The second annual South Cameron FFA Aggie Day was held Saturday, Jan. 22. Forty-one "slaves" were auctioned in the Slave Sale to perform one workday for their purchaser.

Todd Montie won the Aggie Day Sweepstakes for earning the most points with his exhibits.

Denise McCall showed the Grand Champion Market Steer and Shane Jouett showed the Reserve Champion. Grand Champion Showman was Brien Theriot and Denise McCall was Reserve Champion.

A complete list of the winners will be published in the Pilot next week.

RUNNERS-UP in the Miss Cameron Parish queen's contest held Jan. 14 during the Louisiana Fur and Wildlife Festival were, from left: Juanita Jinks of Johnson Bayou, 1st runnerup; Gwendolyn Hebert of Hackberry, 2nd runnerup; and Patricia Trahan of Oak Grove, 3rd runnerup.

Highway work told

A sizable portion of the $40 million worth of highway and bridge work now in progress in the Lake Charles Highway District is in Cameron parish or will serve Cameron parish.

Although recently opened to traffic, the Ellender bridge on Hwy. 27 just north of Hackberry is still being completed. the $5.4 million contract calls not only for the new bridge construction but also for the removal of the old pontoon bridge.

The Bayou Kelso bridge and approaches on Hwy 27 at Hackberry, contracted for $1,961,765, is about 50 percent complete.

The new Bayou Choupique bridge and approaches, located on the same highway in Calcasieu parish, is only about 11 percent complete with only a portion of the roadway dump having been built. The contract for this bridge is $2,030,300.

Work on restoring the storm damaged 4.5 section of th Johnson Bayou-Holly Beach road is about 90 percent complete. The cost of this project was $4,119,905.

Parents Night

The Hackberry Junior and Senior 4-H clubs will hold their 1977 Parents Night Tuesday, Feb. 15 at 7 p.m. Parents are invited to attend.

There will be demonstrations, project reports, entertainment, refreshments, exhibits, and awards.

SHARING THE Miss Congeniality Award presented to them during the Miss Cameron Parish contest held during the Louisiana Fur and Wildlife Festival were Beverly Cox, left, and Donna Bellard. They were choses by the other contestants.

Hearing set on storage of crude oil

The Senate Interior Committee has scheduled an oversight hearing for later this month into the Strategic Petroleum Reserve Plan of the Federal Energy Administration. Senator Bennett Johnston (D-La.) will chair the hearing which is expected to hear FEA officials detail their plans to store more than 200 million barrels of crude oil to buffer the nation against the effects of a future oil embargo.

FEA officials have estimated the cost of the project from $8 to $10 billion, and have said the storage capacity would be enough to meet the nation's emergency energy needs for about 150 days.

Senator Johnston announced that Senators Edward Kennedy (D-Mass.), Daniel Inouye (D-Hawaii) and Spark Matsunaga (D-Hawaii) have asked to testify. They are expected to suggest sites in New England and the Pacific as possible areas for emergency storage sites.

The FEA has proposed storing the oil in salt domes in Texas and Louisiana. The Louisiana sites under consideration include West Hackberry salt dome in Cameron Parish, Cote Blanche salt mine in St. Mary Parish, Weeks Island salt mine in Iberia Parish, and the Bayou Chocktaw site in Iberville Parish. Proximity to major oil refineries and existing oil pipelines make the Louisiana sites likely candidates for storage.

"We are now importing almost 45 percent of our crude oil. We must start immediately to make this nation less vulnerable to embargoes like the one imposed by the Arab nations in 1973 and 1974. The Strategic Reserve Plan of FEA is an important starting point," Johnston stated.

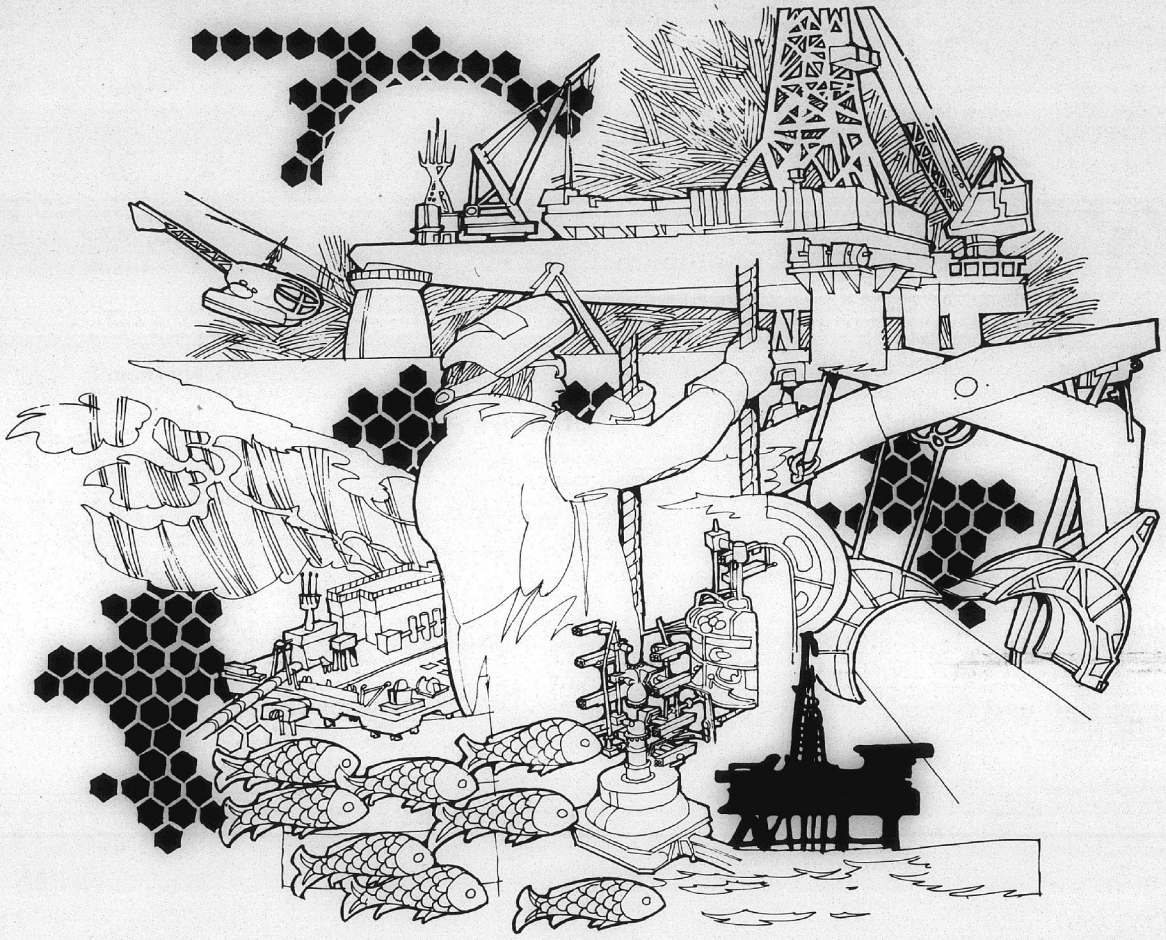
It's a major operation to bring Gulf of Mexico gas ashore



Sure, it's a major operation and a slow one.

It's also costly and going to get more so. To bring offshore gas into the United Gas system, large underwater pipelines must be laid and compressor stations built in deep water. Gulf of Mexico gas is far offshore and as marine drilling technology progresses, it's going to get further out.

But the Gulf is our best, most immediate hope to bring more gas to the Gulf South.

United Gas has invested hundreds of millions of dollars in offshore Louisiana lines and in advance payments to gas producers. Now under construction is a new pipeline going a hundred miles offshore Texas. Not only because the gas is there, but because the federally-regulated Gulf of Mexico gas is the only major area where interstate pipelines like United Gas can acquire substantial new supplies at prices the Federal Power Commission permits them to pay.

Yet the Gulf presents a problem. United Gas must compete to acquire this gas.

This company is not the only pipeline interested in the new offshore production. Fourteen other major pipelines, taking gas to nearly all parts of the United States, are vigorously competing. However, United is the only company which delivers substantial amounts of offshore gas to consumers in all the Gulf South states. To the degree this company is successful in this intense competition, the greater the amount of new gas for the Gulf South and the sooner the shortage on the system will be eased.

United's new offshore investment is in a 200-mile high-capacity pipeline network in partnership with four other companies. Named the High Island Offshore System (HIOS), it will cost more than $350 million and will be worth every dollar in benefits to the Gulf South consumers.

But this is only one of the things United Gas is planning to alleviate the shortage. Is there something you can do? Certainly. Conserve this vital resource. Wherever you can, whenever you can. With conservation and efficient usage, the natural gas of America will last well into the next century.

Chapter to sponsor dance Sat.

The South Cameron chapter of the Future Homemakers of America will sponsor a Valentine's dance Feb. 14 from 7:30 p.m. to 11 p.m. in the school gym.

Features of the evening will include the crowning of the queen by the F.H.A. beau and music by Halifax of New Orleans. The queen will be selected from the maids.

Maids and the months they represent are Nancy Nunez, Miss January; Maureen Savoie, Miss March; Tanna Clay, Miss April; Darlene Boudreaux, Miss May; Randalin Crain, Miss September; Becky Morris, Miss October; Wendy Boudreaux, Miss November; and Renee Reina, Miss December. Miss February will be the girl who sold the most raffle tickets.

The beau will be selected from the following boys, who represent eight school organizations: Alan McCall, 4-H; Sterling Vaughan, Student Council; James Wilkerson, Leo Club; Oscar Garcia, F.B.L.A.; Kent Benoit, Beta; Kevin Colligan, Band; Bradley Trahan, annual staff and Arlo Staff, Future Farmers of America.

NOTICE OF PUBLICATION FOR THE STATE MINERAL BOARD OF THE STATE OF LOUISIANA BATON ROUGE, LOUISIANA 70821

By virtue of and in conformity with the provisions of Chapter 2 of Title 30 of the Louisiana Revised Statutes of 1950, as amended, sealed bids will be received in the office of the State Mineral Board, State Land and Natural Resources Building, Baton Rouge, Louisiana, at 9:00 a.m. on the **9th day of March, 1977**, at 1:00 P.M. for a lease to explore, drill for, produce and operate for oil, gas (casinghead gas and gaseous hydrocarbons), sulphur and potash and on the following described tracts. Tract numbers 14401 through 14406, at which time and date the bids will be opened publicly in the State Land and Natural Resources Building, Capitol Complex, Baton Rouge, Louisiana.

TRACT 14401 — PORTION OF BLOCK 13, WEST CAMERON AREA, REVISED, Cameron Parish, Louisiana — That portion of Block 13, West Cameron Area, Revised, Cameron Parish, Louisiana, belonging to the State of Louisiana and not under mineral lease on December 23, 1976, described as follows: Beginning at the Southwest corner of Block 13, West Cameron Area, Revised, having Lambert Plane Coordinates of X = 1,758,629.780 and Y = 393,790.240, thence West 4,415.22 feet, thence North 2,959.76 feet, thence South 2,959.76 feet to the point of beginning, containing approximately **300 acres**, as shown outlined in red on a plat on file in the State Land Office. All bearings are based on Louisiana Lambert Plane Coordinate System (South Zone).

TRACT 14402 — PORTION OF BLOCK 12, WEST CAMERON AREA, REVISED, Cameron Parish, Louisiana — That portion of Block 12, West Cameron Area, Revised, Cameron Parish, Louisiana, belonging to the State of Louisiana and not under mineral lease on December 23, 1976, described as follows: Beginning at the Southwest corner of Block 12, West Cameron Area, Revised, having Lambert Plane Coordinates of X = 1,758,629.780 and Y = 393,790.240, thence North 4,729.00 feet, thence North 84 degrees 57 minutes 57 seconds East 5,415.19 feet to a point on the East line of said Block 12, thence South 8,029.00 feet, thence West 4,758.048 feet to the point of beginning, containing approximately **2,500 acres**, as shown outlined in red on a plat on file in the State Land Office. All bearings are based on Louisiana Lambert Plane Coordinate System (South Zone).

TRACT 14403 — PORTION OF BLOCK 19, WEST CAMERON AREA, REVISED, Cameron Parish, Louisiana — That portion of Block 19, West Cameron Area, Revised, Cameron Parish, Louisiana, belonging to the State of Louisiana and not under mineral lease on December 23, 1976, described as follows: Beginning at the Northwest corner of Block 19, West Cameron Area, Revised, having Lambert Plane Coordinates of X = 1,758,629.780 and Y = 393,790.240, thence South 3,790.24 feet, thence East 1,700.00 feet, thence South 1,109.76 feet, thence East 1,545.00 feet, thence North 4,865.00 feet to a point having Lambert Plane Coordinates of X = 1,762,874.28 and Y = 384,825.24, thence North 86 degrees 44 minutes 01 second East 18,530.16 feet to a point on the East line of said Block 19, thence North 8,365.00 feet to the Northeast corner of said Block 19, thence West 14,758.048 feet to the point of beginning, estimated to contain approximately **2,100 acres**, as shown outlined in red on a plat on file in the State Land Office. All bearings are based on Louisiana Lambert Plane Coordinate System (South Zone).

All Bids to offer a cash bonus for a lease having a primary term which shall not exceed **five years** and granted without any warranty of title or recourse against lessor whatsoever, either expressed or implied not even for return by lessor of any payments received under the lease or being otherwise responsible to lessee. Minimum royalties shall be one-eighth (1/8th) of all oil produced and saved, one-eighth (1/8th) of all gas produced and saved or utilized, one-eighth (1/8th) of the value per long ton when marketed on sulphur produced and saved, but not less than two dollars ($2.00) per long ton, one-eighth (1/8th) of the value per ton when marketed on potash produced and saved, but not less than ten cents (10¢) per ton, one-eighth (1/8th) of all other liquid or gaseous hydrocarbon minerals produced and saved.

The minimum royalties above are not to be construed as values acceptable to the Board in being the policy of the Board to reject any bid which does not reflect true potential. The Board considers bonus, royalty percentage, and also compares royalty with that granted by landowners in the area. In the exercise of its discretion, the Board also reserves its right to accept any bid that reflects true potential and satisfies the minimum royalty requirements of R.S. 30:127 as amended.

All leases awarded shall be executed upon terms and conditions provided in the current State lease form with all applicable clauses appended thereto, including but not limited to provisions as follows: Should lessee fail to begin the actual drilling (spudding in) of a well on the lease premises within one year from the date of the lease, the lease shall terminate as to both parties to the lease, unless on or before such anniversary date, lessee shall pay a delay rental (which shall in no event be less than one-half of the bonus offered), which shall extend the privilege of deferring drilling operations for a period of one year. Upon like payments annually, drilling operations may be further deferred for successive periods of one year each during the primary term of **five years**. The lease shall provide for the drilling of offset wells where necessary to protect the State's interest and shall contain the provisions against the assignment or sublease of the lease unless approved by the State Mineral Board. The lessee shall have the right to enter into pooling or unitization agreements with respect to development of the leased premises subject to the approval of the State Mineral Board.

Certified check, cashier's check or bank money order payable to the REGISTER, STATE LAND OFFICE, for the full amount of the cash bonus, shall accompany and be submitted with each bid, and no bid thus submitted may be thereafter withdrawn or canceled and the certified check, cashier's check or bank money order accompanying the bid of the successful bidder shall be immediately negotiated by the REGISTER, STATE LAND OFFICE and the proceeds thereof disbursed in the manner required by law. The successful bidder to whom the lease is awarded on the date of the lease sale shall return the written lease, duly executed, within TWENTY (20) DAYS after bidder's receipt of same under penalty of forfeiture of the lease and the bonus previously tendered and negotiated in the event of failure to do so.

Consistent with the policy of the Board as expressed in a resolution dated August 12, 1965, all bidders are hereby notified that bids on portions of tracts should be described by metes and bounds and be accompanied by a transparent plat outlining thereon the portion bid upon. The scale of the plat should be 1 inch = 4,000 feet.

The State Mineral Board reserves the right to reject any and all bids or to grant a lease on any portion of the tract advertised and to withdraw the remainder of the tract.

Tarponettes win but Tarps lose

The South Cameron Tarponettes continued to hold a jin over the DeQuincy female Tigers defeating Coach Darnell Fontenot's girls, 40-35. The game was played in DeQuincy Tuesday night.

The defense of the female Tarpons again confused the DeQuincy girls so much in the first quarter that the female Bengals made only one free throw. The South Cameron girls led at the close of the first period 8-1.

Led by Becky Morris and Carol Cockrill, the Tarponettes racked up 16 points during the second period while the Tigers meshed 14 points and the Lady Tarpons led 24-15 at halftime.

The DeQuincy girls outscored the lady Tarpons in the third frame 12-8 and the South Cameron team hung on to a 32-27 margin.

In the fourth quarter it was a stand-off as each team hit the nets for 8 points each but still enough for the Tarponettes to take the game 40-35.

TIGERS 80, TARPS 53

It was a different story in the boy's contest...The Tiger team overpowered the Tarpons 80-53. the score might have been much higher, but Coach English did not play Sylvester Jones, Percy Jackson nor Arthur Davis during the first half. The score at halftime was, DeQuincy 24, South Cameron 23.

At the end of the first period the Tigers had a 12-9 lead. The Tarpons outscored the Tigers during the second stanza 14-12.

The Bengals meshed 21 points and the Tigers had a 45-40 third quarter lead.

Mike Deal's 13 points during the final period helped the Tigers to a 35 point outburst while the Tarpons hit for 13 points. Deal led all scorers with a season high for him with 31 points. Sylvester Jones and Ernie Horn accounted for 15 points each followed by Percy Jackson with 11.

The South Cameron team made 21 field goals out of 61 attempts and out of 21 trips to the charity line they made good on 11 tries.

The Tigers took 80 shots from the field making good on 35 of the tosses. At the free throw line they shot a 50 percent mark, 10 for 20 tries.

South Cameron Tarpons have three games left in this year's schedule. Vinton at Creole Feb. 11, Marion there on Feb. 15 and finish the season on the home court against the St. Louis Saints on Feb. 18.

PUBLIC NOTICE
OPPORTUNITY FOR REQUESTING A PUBLIC HEARING

All interested persons are advised that the Louisiana Department of Transportation and Development, Office of Highways in planning to provide for improvement of LA 27 and LA 82, State Route in Cameron (Marshall Street) in Cameron Parish, under State Project No. 193-01-12, Federal Aid Project No. RS-201-1 (001).

The proposed project consists of the improvement of La 27/82, locally called Marshall Street, throught the town of Cameron. The project extends from approximately 360' west of the LA 1141 intersection to roughly 210' east of the Ann Street intersection for a total project length of 5645'. This improvement includes the widening of the existing two-lane roadway (20' travel width) with side ditches to a two-lane (24' travel width) with 10' paved shoulders on each side. Curbs and gutters and subsurface drainage will be provided. Sections of the roadway will be raised to reduce the incidence of tidal flooding of the facility. The project will additionally entail modification of some local drainage canals.

All required right-of-way has been obtained by the state. The total taking for this project was .083 acres. No displacements are involved.

The purpose of this project is to provide a satisfactory facility for the major traffic route through Cameron. Safety will be increased and the improvements will also provide a roadway more useable during unusually high tides.

Preliminary project plans and the approved non-major action letter are available to interested persons through the Department's District 07 Office on U. S. Highway 90 East. P. O. Box 1399, Lake Charles, Louisiana 70601. This information is available at the Department's cost and at the expense of the person requesting this information.

Interested persons are advised that they may request that a location and design public hearing be conducted to provide a means for the public to express their views relative to the proposed highway location and design public hearing be conducted to provide a means for the public to express their views relative to the proposed highway location and design and/or the probable social, economic, and environmental effects involved. In lieu of requesting a public hearing, interested persons, should they desire to do so, may submit their views in writing, pro or con, on the proposed project.

Written requests for a location and design public hearing and/or opinions should be addressed to: Public Hearings and Environmental Impact Engineer; Louisiana Department of Transportation and Development, Office of Highways; P. O. Box 44245, Capitol Station; Baton Rouge, Louisiana 70804, on or before February 25, 1977. In the event that requests for a location and design public hearing are received, a public hearing will be scheduled, and another public notice, stating the date, time and place of the public hearing will be published.

Vocation Ed Week to be observed by school

Feb. 6-12 has been designated as National Vocational Educational Week. It will be observed throughout the country by educational institutions, teachers and students. The theme "Vocational Education Builds the Skills of America" denotes the importance of the programs offered.

Leslie D. Griffith, director of Cameron Vocational-Technical School, stated that the purpose of this national observance is to bring attention to the merits and accomplishments of vocational education. He encourages citizens of the community to visit the school during this week to view on-going projects and programs.

Mr. Griffith also stated that both young people and adults today face a tremendous task of selecting career development programs. Careful investigation and observation are necessary for the potential student to choose the career training program which will provide the most satisfying and rewarding carreers.

The faculty of the Cameron Vocational-Technical School is ready to answer any questions you may have regarding Vocationa Education. Come and visit with them during National Vocational Education Week, Feb. 6-12.

The school is located on Highway 82 and is open from 8 a.m. until 4 p.m. For additional information, please call 542-5010.

Supt. Dickerson to retire here

U. W. Dickerson, Cameron parish superintendent of schools for the past four years and a parish educator for the past 19 years, announced Monday that he will retire effective July 1 this year.

Mr. Dickerson, who is 54, said he and his wife, who retired as a teacher in Cameorn last year, plan to build a home in Ruston, which is near Chatham where Mr. Dickerson was raised. He also said he wanted to move to a college town since he will have children going to college.

The school board announced that it will accept applications for the superintendent's position until Friday March 4 and will interview applicants at its finance meeting at 7 p.m. Thursday, March 10. It is expected that the new superintendent will be appointed at the March 14 meeting of the board.

Applicants must have a Master's degree and five years of administrative experience. A number of the parish's school supervisors and principals would qualify.

Mr. Dickerson came to Cameron parish in July 1958 when he was named principal of South Cameron high school, a post he held until 1966 when he was named high school supervisor. He was named superintendent in 1973 when Wilmer Smith retired.

During his four years in office, Cameron parish schools have made extensive advancements. All parish schools now have special education and speech theraphy classes and a summer migrant education course has been started at Cameron elementary.

A parish right-to-read program is in effect and a gifted student program is just starting. French classes are now offered throughout the parish and reading labs are at all schools. The mathematics curriculum for all the grades has been revised.

The Southern Association of Colleges and Schools has accredited Hackberry and South Cameron high schools and a study for this is in progress at Grand Lake.

A Federal Programs Director has been employed and Federal Handbook II accounting has been installed. A parish policy handbook for employees is being adopted. A management by objectives study is being carried out.

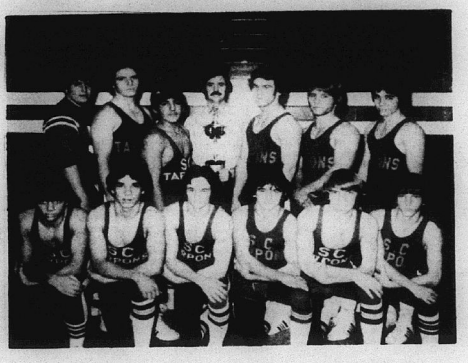
Clerical and cleaning help has been provided for all schools.

An additional 12 mill tax to improve schools was voted in 1974 and with the aid of Rep. Conway LeBleu the state penalty on 16th school sections income was removed by the legislature in 1975 giving the parish school $800,000 additional income a year.

The school board was voluntarily reapportioned in 1975.

Agriculture departments were added at Grand Lake and South Cameron high school, in addition to the one already at Hackberry.

Aid was given tin development of the Lower Cameron Vocational School and career education was added to the schools. Two employee cost of living adjustments were given.



THE SOUTH CAMERON High School team, pictured above, last week won the state wrestling championship in Division II. They are: back row: Michael King, Heavy weight class, 5th place; Ruben Doxey, 185 lb. class; Hector Garcia, 167 lb. class, 5th place; Coach Clarence Vidrine; Jeff McCall, 155 lb. class, 2nd place, Mark Theriot, 145 lb. class state champion; Danny Shay, 138 lb. class, 2nd place.

Front row: Irvin Bang, 132 lb. class; Myron Mayard, 126 lb. class, state champion; Lyndon Miller, 119 lb. class, 2nd place; James Boudreaux, 112 lb., class, state champion; Shannon Theriot, 105 lb. class, 2nd place; Ward Theriot, 98 lb. class, state champion.

Mudds are champs!

Cameron parish now can boast that it is the home of the fastest muskrat skinning family in the entire world.

Mr. and Mrs. Robert Mudd and their son Lance all won top honors in the International Muskrat Skinning Contest in Cambridge, Maryland last weekend.

Robert, who won the Louisiana's men's skinning championship at the Louisiana Fur and Wildlife Festival in January, won the international title in Maryland.

His wife, who was Louisiana's women's champ, won the women's international title also last weekend.

And their son, Lance, who was the state junior champ, took third place in the international competition.

Wills subject of aging meet

A member of the law firm of Jones, Jones, and Alexander will adress the Cameron Parish Council on Aging and the board of directors at the Council's monthly parishwide meeting at the Police Jury Annex in Cameron Thursday, Feb. 24 at 10 a.m.

The subject of the importance of making wills will be presented along with information concerning state laws concerning wills and bequests.

While all the people of the parish over 60 years of age are especially invited, anyone interested is invited, according to M. S. Robertson, Director of the Cameron Council on Aging.

The Director will present a report on activities during the last two months.

Mr. Robertson urges that everyone over sixty attend it possible.

Parents Night

The Hackberry Senior and Junior 4-H Clubs will hold their 1977 Parents Night, Thursday, Feb. 17 at 7 p.m. at Hackberry High School.

Their will be demonstrations, projects reports, entertainment, refreshments, exhibits and awards will be given.

Family night

The Grand Lake Jr. and Sr. 4-H club will have their Family night at 7 p.m. Friday Feb. 18 at the Grand Lake School. Awards will be presented to the top exhibitors. Games and refreshments will be held.

Jamboree film

A Boy Scout Jamboree film will be shown on Thursday night, Feb. 17, at 7 p.m. in the auditorium of South Cameron Elementary school for parents and members of Boy Scout troops 210 and 202.

Batts named coach

By ED BREDEHOEFT

The Cameron Parish School Board at its meeting Monday named Wayne Batts interim head coach at South Cameron on High School for the 1977-78 school year.

Batts, a former LaGrange gridder and graduate of McNeese State University, has been a Tarpon assistant four years, serving as defensive coordinator this past football season. He's also been the track coach and girl's basketball mentor duing the past year. At one time he was the head basketball coach but was replaced in that position by Jim Feaster for the '76 season.

Batts replaced Baron Thomas, who is taking a subatical leave for the '78 school year. Thomas has been head coach for the past six years at South Cameron, guiding the Tarpons to the state Double-A finals in 1974 only to lose to Opelousas Catholic 10-6. The past seasons have seen South Cameron go 7-13.

During Batts's reign as girl's basketball coach, his team won the 4-AA title last year and he was cited as Coach of the Year for his effort.

A native of Minden, Batts lettered two years as an end at LaGrange, being captain his senior year (1966). He then went to Louisiana College and played a year before transferring to Louisiana Tech.

At the Ruston school, Batts got a B.A. degree in journalism in 1971. He then picked up a B.S. in physical education from McNeese State in 1973.

The 27-year-old Batts is the son of Mr. and Mrs. Carl E. Batts of Lake Charles and is married to the former Mona Miller of Creole.

Tarpons are state champs

Last Friday night in the Baker High School gym, the South Cameron Tarpons captured the state wrestling title for the second time in three years as Coach Clarence Vidrine's Tarps collected 217 total points to far outdistance the field.

Natchitoches Central was second with 204, followed by Jeanereette with 173 and Baton Rouge High School with 122.

Northside of Lafayette paced the remainder of the pack with 110 points followed by Capitol, 90; Buras 81; Acadiana, 78; Basile, 63; St. Martins, 53; Neville 34; Hackberry 27; and Johnson Bayou, 7.

South Cameron moved into the semi-finals of six of Thursday's 11 weight classes. Ward Theriot got the Tarpons into the semis in the 98 pound class with a forfeit win in the opening round and in the quarter finals decisioned Mike Pique of Baton Rouge High School 9-0.

James Boudreaux pinned Alleman of Northside in 5:59 of a 112 pound opening round match and then pinned Canant of Natchitoches in 2:49 of the quarterfinals.

Lynn Miller got the Tarps a forfeit win the first round of 119 action and in the second round desisioned Jackson of Capitol 7-0.

In 126 pound play Myron Maynard pinned Smith of Destrehan in 0:55 before pinning Klump of Basile in 1:13.

Mark Theriot brought his Tarpon team a victory in the opening round of 145 pound action as he pinned Prejean of Acadinan in 2:29 and pinned Prescott of Johnson Bayou in 1:00.

Jeff McCall got South Cameron its final victory as he decisioned Walker of Capitol 15-7 in the quarterfinals. McCall received a bye in the first round play.

In the finals of Division 2 held Friday night, Ward Theriot captured the 98 pound title as he decisioned Davis of Natchitoches. It was one of three individual championships for the Tarps as James Boudreaux added the 122 pound titled by pinning Joseph of Jeanerette and Myron Maynard decisioned Brown, also of Jeanerette, to take top laurels in the 126 weight class.

Jeff McCall was top-seeded going into the meet in the 155 pound class but was decisioned in the finals by Daniel Jenkins of Natchitoches High School.

Ron Hayes of Natchitoches High decisioned Irvin Bang in the 132 class and J. Russell of Baton Rouge High decisioned Danny Shay 9-6 in the 119-pound play. On Thursday, Ruben Doxey at 185 pinned East of Hackberry but then in the quarterfinals was pinned by Huff of Neville High in Monroe, 3:15.

South Cameron Principal J. C. Reina and Coach Clarence Vidrine are two men in Cameron Parish that have utmost confidence in a part of the Postal Service called "Certified Mail." It was due to this type of mailing that finally put the South Cameron Tarpons in the State Wrestling meet over in Baker last week.

The report is that the entries of South Cameron and Jeanerette were mailed in the same envelope but when the letter was opened by Louisiana High School Athletic Association's personnel they must have checked of the Jeanerette entry and overlooked the Tarpon's papers.

Coach Vidrine remarked that it was a legitimate mistake on the LHSAA's part but he was glad that safety precautions like certified mail were made.

Vidrine can look forward to the 1978 season now even without the services of seniors, Lyndon Miller, Jeff McCall and Michael King.

Record hops to be discussed

The J. P. Boudoin Knights of Columbus Council will hold a community meeting at 7 p.m. Thursday, Feb. 17, concerning the weekly record hops.

All interested parents and children are urged to attend.

Grand Knight Clifford Myers said that there must be enough interest shown and responsibility taken for the hops to continue.

The announcement was made at the monthly meeting of the Council.

Plans were made for the spring barbecue on April 15.

C. R. Hendrix was named Knight of the Month.

Tarps to play last game Fri.

The South Cameron High School girl's basketball team has completed their 1976 season but the Tarpons have one more game yet to play this Friday night in Creole against the St. Louis Saints of Lake Charles.

The Marion Chargers beat the Tarpons 133-41 Tuesday night in Lake Charles.

Kevin Smith with 10 led South Cameron, whose best period was the second, in which the Tarps scored 16 points while the Warriors made 30.

Belguim choir to visit here

The possiblity of holding a "French Day" with demonstrations on crafts food, entertainment, contests, etc., was discussed at the monthly meeting of the Cameron Parish CODOFIL chapter Monday night at South Cameron Elementary school.

Mrs. Adam Conner, president, read a letter from the school board to the State Department of Education commending the two local French teachers, Jean Paul Calembert and Henri V. Falkerbert, and the local CODOFIL chapter for the interest generated locally by the group in the French heritage.

Adam Conner commended the local French class for the project they displayed in the Lake Charles Mall during the "French Week" and also commended on the display put on by the South Cameron Elementary students.

It was announced that a choir from Belgium is coming to the United States April 1-18 and has Cameron scheduled for the tour.

Various trips available to CODOFIL members at reduced rates were discussed.

Unique fish skeleton found

By GENEVA GRIFFITH

Mrs. Miller & skeleton

The beaches along the Cameron coast excell in many many beautiful treasures from the sea and along the shore can be found the skeleton of the Sail Cat or Crucifix fish.

The only place in the world that these can be found is along the Gulf Coast according to Christ Museum in Eureka Springs Ark.

Mrs. Annie Miller of Creole made a trip to the museum this summer and became interested when she saw a specimen of the fish on display, so she came back home and started a search to try to find some.

She and her friend Mrs. Arceneaux LaBove went beach combing on Broussard's Beach near Cameron and found 20, one being a very large one that she plans to donate to the arkansas museum for display.

The beautiful, intricately designed backbone resembles the Virgin Mary in her white robes with outstretched hands beckoning to the dove of peace that seems suspended in air directly in front of her. Evidently this forms the throat cavity of the fish.

When the skeleton is shaken a rattling sound comes from within and when opened reveals two hard disks in the form of hearts.

It is possible that the dice that were casts for Christ's clothing, as depicted in the following poem were not square as they are today, but round shaped.

The following is the legend of the Crucifix fish that some unknown author wrote:

It depicts Christ's life, but not as he wished.

See the body gleaming and white.

Nailed to the cross on that day and night.

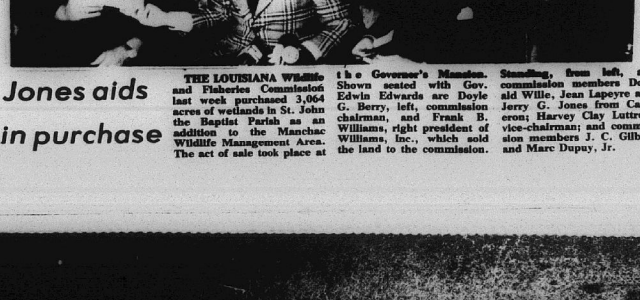
Upside down you'll be sure to find the hilt of the sword, faintly outlined.

Turning over the cross you will see the Roman shield as plain as can be.

Shaking the cross you'll plainly hear rattling dice cast for Christ's clothing near.

The Lord makes such wonderous things.

Find one of these and good luck it brings.



Jones aids in purchase

THE LOUISIANA Wildlife and Fisheries Commission last week purchased 3,064 acres of wetlands in St. John the Baptist Parish as an addition to the Manchac Wildlife Management Area. The act of sale took place at the Governer's Mansion. Shown seated with Gov. Edwin Edwards are Doyle G. Berry, left, commission chairman, and Frank B. Williams, right president of Williams, Inc., which sold the land to the commission. Standing, from left, are commission members Donald Wille, Jean Lapeyre and Jerry G. Jones from Cameron; Harvey Clay Luttrell, vice-chairman; and commission members J. C. Gilbert and Marc Dupuy, Jr.

RECENTLY INSTALLED as officers of the Creole Extension Homemakers Club are: back row, from left: Mrs. M. C. Kelley, president; Mrs. Robert Fruge, Mrs. Mayola Wicke, and Mrs. M. C. West, vice-presidents; Mrs. John M. Theriot, secretary; and kneeling from left, Mrs. Wayne Montie, treasurer; and Mrs. Harold Carter, reporter. Absent from the picture was Mrs. Robert Ortego, parliamentarian.

Homemakers Council plans year's work

The Cameron Parish Extension Homemakers' Council held its first meeting for 1977 on Feb. 8th in the Civic Room of the Calcasieu Marine Bank.

Mrs. Shirley Chesson, presided. The Council meeting dates for the upcoming year were announced. They are: April 5th, July 5th, and October 4th. The 4-H Good Grooming Tea, which is sponsored by the Council, will be held March 12, 1977 at 10 a.m. The Hackberry Extension Homemakers will serve as chairman for this event.

The annual Cameron Parish Food Show and Egg Cookery Contests will be staged March 19, at the Cameron Elementary School, beginning at 9 a.m.

Changes made in regards to the rules and regulations were that the Adult Bread category was dropped and the Wild Game and Poultry combined into one category. Any person needing information concerning the Favorite Food Show should contact Miss Charlotte Bertrand.

Teacher Appreciation week will be observed in each school and sponsored by the individual Homemakers' clubs. Various ideas in regards to observing this week were discussed. Each club willl conduct some type of observance during the month of March.

Miss Charlotte Bertrand, Assistant Home Economist, announced to the members that the cancer leaflets and materials were available to each club's regular monthly meeting. Each Club was asked to organize a committe and make plans to carry out the Cancer Crusade during the month of April.

The 1977 EHC Achievement Day was set for November. Several changes were discussed in to having a fun day of skits, but there was no final decision, there will be a discussion on this again at the July Council meeting.

Miss Bertrand asked that homemakers work with the 4-Hers in preparing 4-H record books and clothing garments which will be due March 29, 1977. She also announced that 4-H Achievement Day is April 16, 1977. Homemakers will be asked to assist with judging and other various duties.

Family night

Sterling Vaughn, senior, was recently selected to represent the South Cameron High School Student Council as sweetheart beau. Serving as first alternate is Bob Savoie.

The student council members agreed to supply cookies for the annual parent night and to supply one member to serve refreshments.

The members agreed to maintain the lunch room bulletin board with each class representatives changing the display each month.

Koppie graduates

Marine Gunnery Sergeant Ernest P. Koppie, son of Thurman Koppie of Cameron was graduated from recruiter's school.

The seven-week course at the Marine Corps Recruit Depot, San Diego, Calif., was designed to prepare selected non-commissioned officers for duty recruiting young men and women for service with the Marine Corps.

He joined the Marine Corps in April 1950.

Local man hurt

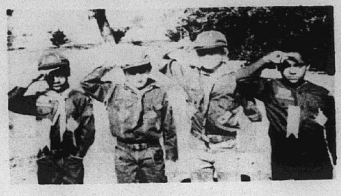
A Cameron man was injured in a two-car accident about 11:40 p.m. Friday in Jeff Davis Parish, according to State Police Troop D.

Raymond LeJeune, 29, was taken to American Legion Hospital in Jennings where he was treated and released. LeJeune was to have returned to the hospital Saturday for x-rays of his nose and cervical spine, a spokesman said.

According to Troop D, LeJeune was southbound on Louisiana 26 just south of Trailer Town Road when he saw a northbound vehicle approaching him in his lane.

Edison Touchet, 60, of Port Arthur, Tex., had crossed the center line in his pickup truck and sideswiped LeJeune's car, State Police said.

Touchet was uninjured in the accident. He was issued a citation for DWI.



THE CUB SCOUTS of Den 3, Pack 210 of Cameron made a visit to Rockefeller Refuge in Grand henler on January 29.

The Boys also received awards at the January Pack meeting. The boys are Jerry LaFosse, Kevin Lewis, Eugene Moore and Richard Mason.

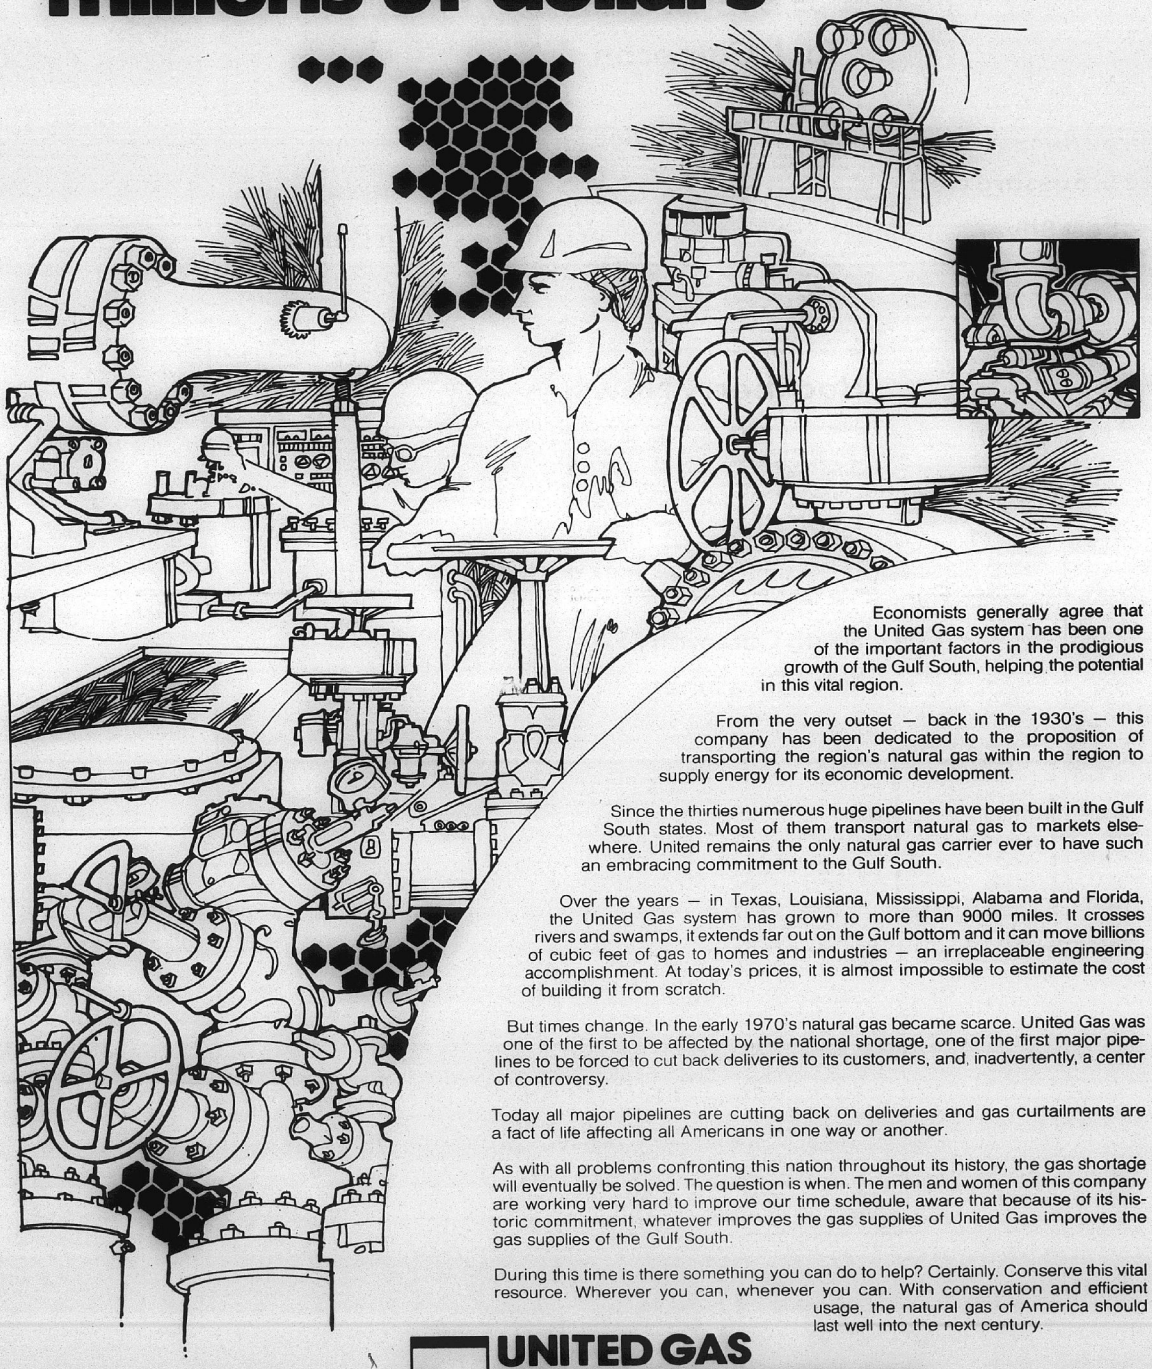
The United Gas System— miles of pipe lines, millions of dollars



Economists generally agree that the United Gas system has been one of the important factors in the prodigious growth of the Gulf South, helping the potential in this vital region.

From the very outset — back in the 1930's — this company has been dedicated to the proposition of transporting the region's natural gas within the region to supply energy for its economic development.

Since the thirties numerous huge pipelines have been built in the Gulf South states. Most of them transport natural gas to markets elsewhere. United remains the only natural gas carrier ever to have such an embracing commitment to the Gulf South.

Over the years — in Texas, Louisiana, Mississippi, Alabama and Florida, the United Gas system has grown to more than 9000 miles. It crosses rivers and swamps, it extends far out on the Gulf bottom and it can move billions of cubic feet of gas to homes and industries — an irreplaceable engineering accomplishment. At today's prices, it is almost impossible to estimate the cost of building it from scratch.

But times change. In the early 1970's natural gas became scarce. United Gas was one of the first to be affected by the national shortage, one of the first major pipelines to be forced to cut back deliveries to its customers, and, inadvertently, a center of controversy.

Today all major pipelines are cutting back on deliveries and gas curtailments are a fact of life affecting all Americans in one way or another.

As with all problems confronting this nation throughout its history, the gas shortage will eventually be solved. The question is when. The men and women of this company are working very hard to improve our time schedule, aware that because of its historic commitment, whatever improves the gas supplies of United Gas improves the gas supplies of the Gulf South.

During this time is there something you can do to help? Certainly. Conserve this vital resource. Wherever you can, whenever you can. With conservation and efficient usage, the natural gas of America should last well into the next century.

Mrs. Robert Silver

Miss Broussard wed to Robert Silver

Alta May Broussard and Robert Lee Silver were married Saturday, Feb. 12, 1977, at 10 a.m. in Sacred Heart Catholic Church in Creole.

Their parents are Mr. and Mrs. Armelin Broussard of Creole and Mr. and Mrs. Floyd Silver of Hackberry.

For her wedding day, the bride chose a gown of satin-mist crepe and Venise lace. Her bodice featured a V-neckline outlined with scalloped designs of Venise lace, and the leg o' mutton sleeves were set with cuffs accented with motifs of Venise. From a lace-edged cresent waistline fell her flared skirt of satin-mist crepe enhanced with cascading bands of Venise lace and motifs designs of Venise. A hemline flounce edged with Venice lace adorned the gown and chapel train.

Her Juliet bonnett of Venise lace, accented with seed pearls, held bouffant tiers of illusion, and she carried a bouquet of white roses.

Mrs. Freda Mae Guidry was matron of honor with Cheryl Baccigalopi. Linda Saltzman, Sue Silver, sister-in-law of the groom as bridesmaids.

They wore gowns of red knit and carried a single white rose.

Clarence Silver, brother of the groom, served as best man. Groomsmen were the groom's brother, Floyd Silver Jr., Bryant Simon, and Terry Rutherford.

Ushers were Bryant Domingue, Jerome Rutherford, Loston McEvers and Kenny Simon.

Sonya Guidry was flower girl, and Ricky Silver was ring bearer.

A reception was held at the K of C Hall in Creole.

Grandmother of the groom is Mrs. Lena Adams of Hackberry.

The groom is a graduate of Hackberry High School and is employed by Rollins Service Station, and the bride is a graduate of South Cameron High School and was employed by Dr. C. W. Dix.

Following a wedding trip to New Orleans the couple will live in Hackberry.

Mrs. Robert Tarter

Tarter-Adaway vows are said in Cameron

Nancy Lynn Adaway became the bride of Lt. Robert O. Tarter at 2 p.m. Saturday, Feb. 19, in a double-ring ceremony at the First Baptist Church in Cameron. Rev. M. J. Tanner officiated.

The bride is the daughter of Mr. and Mrs. Marse Pruitt of Cameron, and the groom is the son of Mr. and Mrs. Melvin Tarter of Creole.

Larry Dyson was vocalist for the ceremony accompanied by his wife, Harriet, on the organ.

The bride carried a spring flower bouquet and selected a traditional white gown, which featured a jeweled Venise lace bodice and a chapel-length train of peau de soie. Her Juliet veil was trimmed in Venise lace also.

The bride's sister, Mrs. Philip Smith was matron of honor with Natalie Saltzman, Christi Dyson, Mrs. Ray Core, Ann Tarter and Marilyn Pruitt as bridesmaids.

The attendants wore dresses depicting the colors of the rainbow - violet, yellow, blue, pink, green and peach.

Michelle Ratcliff was flower girl and Scott Chadwick was ring bearer.

Parry LeLande was best man with Pat Howerton, Earl Guthrie, Jeff Scruggs, Lt. Keith Maring and Billy Joe Doxey as groomsmen.

Ushers were Philip Smith, Jimmy Pearce and Bradley Trahan.

A reception followed the ceremony in the church fellowship hall.

The bride is a graduate of James Madison High School in Houston, Texas and has attended the University of Houston. The groom is a graduate of South Cameron High School and Baylor University.

The couple will reside at Laughlin Air Force Base in Del Rio, Texas where Lt. Tarter will receive pilot training.

Mrs. Savoie gets cake

Mrs. Betty Savoie was presented with a Valentine birthday cake at the monthly meeting of Our Lady Star of the Sea CDA court this week in Cameron.

A letter was read from State Regent Mrs. Barbra Songy about a trip to Europe.

The court was informed about a trip to Hawaii that is being sponsored by the Maplewood CDA court Aug. 15. Anyone interested may contact Mrs. Roy Hebert in Cameron.

Msgr. Curtis Vidrine reminded the Court of the group communion to be held at the 10 a.m. mass next Sunday.

The rosary club has changed the time to recite the rosary together from Thursday afternoon to Wednesday night after the 6 p.m. mass in order to enable more people to attend.

The next meeting will be held at the Catholic Center on March 1.

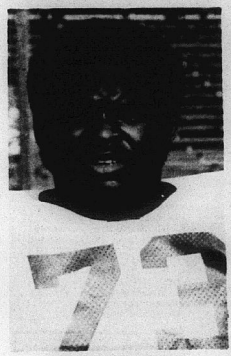
THE Cameron Pilot

21st Year--No. 18 Feb. 24, 1977 Cameron, La.



Donald January

January signed by Southern

South Cameron's Donald January has signed a football scholarship with Southern University.

January is a 6-0, 244 pound all-district center and Jaguar line coach Charlie Bates indicated the Tarpon senior would continue his grid efforts at this position.

He is the second South Cameron athlete to ink with Southern in recent years. Edgar Fullwood played with Jags' and graduated in 1975. He is now coaching at Capitol High School in Baton Rouge.

January is the son of Mr. and Mrs. Arceneaux January of Cameron.

Alligator meat could become a new delicacy

If they can ever get alligator tails untangled from government red tape, there'll be a new kind of meat in grocery stores.

"It's real tasty," said Burton Angelle, head of the Louisiana Wildlife and Fisheries Department. "It's flaky, white meat, something like fish or chicken."

An economist sent here to figure out a way to market alligator meat compared the taste to lobster. He described it as boneless, chewy and with no fishy taste.

But what's most mouthwatering for local officals is the possibility that alligator meat could develop into a multimillion-dollar industry. So far, Though, it's been left to decay in the swamps because of federal regulations.

Angelle said he thinks customers would be willing to pay $2 a pound, once they get over the idea of eating 'gator.

"In parts of Europe, alligator meat is considered a delicacy," he said. "It goes for $6 a pound."

At that price, almost $1 million worth of alligator meat was wasted last year when the carcasses of some 5,000 Louisiana gators were stripped and left rot.

"It seems ridiculous to kill an animal and only sell a portion of it," said Ted Joanen, a biologist at the Rockefeller Wildlife Refuge, the largest known alligator colony in the country.

He has been working with federal agencies in an effort to change the law which prohibits the sale of every alligator part except the hide, and that only recently and under certain conditions.

The law was the government's effort to keep poachers from dealing on the black market, Angelle said, and to same gators from extinction.

But Angelle never believed alligators would disappear.

"The year they were put on the endangered species list, we pulled 10 to 15 alligators out of a public swimming pool in Lake Charles," he said. "They wandered about 25 miles outside the swamp and that was probably the first first body of water they could find."

In three Louisiana parishes, there is one gator for every two persons. That's about 100,000 alligators in 197,000 humans.

Federal officials have given special permission for annual alligator hunts in Cameron, Calcasieu and Vermilion parishes.

Louisiana alligator hides got the highest market price ever last year-about $16 per foot. But the meat and the hides aren't the only assets.

At Xavier University in New Orleans, researchers are hoping to find a treatment for arthritis from a pile of gator tongues.

There also is talk of using alligator toenails for buttons.

TRADITIONALLY run in past year on horseback, Mardi Gras was celebrated this year on Grand Chenier by the above revilers who made the rounds in Mrs. Walter Dupuis' pickup truck. Those enjoying the day with Mrs. Dupuis were Yvonne Dupree, Nella Mae Miller, Allie Mae Theriot, Candy Henry, Jendy Duhon, Rosavel Monk, Inez Miller, Dorothy Theriot, Scott Trahan, Melba Lou Trahan, Mr. and Mrs. Bill Kelley, Sheila Wainwright.

Library board hosts meeting

The Cameron Parish Library Board was the host for the annual dinner meeting of the Southwest Louisiana Library Trustees and their guests at the Pioneer Club, Thursday, Feb. 17. The meeting, was chaired by J. C. Reina, president of the five parish group.

Mrs. Charles Precht, Sr., gave the invocation.

Guests included Thomas Jacques, state librarian; Mrs. Marcia Perkins from State library; Mrs. Weldon Lynch, Allen Parish trustee and guest speaker; and incoming President, Stuart Kay, Beauregard Trustee.

Mrs. Lily Stewart, Beauregard Librarian, was elected new secretary.

Mrs. Lynch gave a brief history of libraries. She stated that thourghout the ages libraries have existed to move ideas from the mind to another mind.

Mr. Jaques stated that libraries in Louisiana have received very little State aid. Presently a bill is being prepared to present to the 1977 Legislature asking for money to help libraries buy books. He urged trustees and other friends of the Library to contact their legislators and let them know what the Libraries need.

TV show set on Rockefeller

Alligator research programs being conducted at Rockefeller Wildlife Refuge in Cameorn Parish, including "gator hunting at night, will be featured on "The American Sportsman" Sunday, March 13, on ABC-TV, according to the Louisiana Wildlife and Fisheries Commission.

J. Burton Angelle, director, said that the popular outdoor television show would be aired between 3 and 4 p.m.

He said that the segment on the commission's alligator research program would focus national attention on what Louisiana has done to bring the American alligator back from the verge of extinction to abundance.

We goofed!

"Boy did we goof!" was the reaction at the Cameron Parish Pilot Office last week. The paper made the ultimate in errors and published the wedding of Nancy Lynn Adaway and Lt. Robert O. Tarter before it took place.

The Pilot extends its most sincere apology to the couple and their families for the error and wishes Lt. and Mrs. Tarter a long and happy marriage. They were married Saturday, Feb. 19 in Cameron.

True bill found

The Cameron Parish Grand Jury consider three cases lost Thursday.

They found No True Bills on Frank Miller, Jr. of Grand Chenier charged with negligent homocide in the death in a automobile accident of Debrah Bertrand on August 23, 1975; and on Victor Boudreaux, Aransas Pass, Texas, charged with simple rape, on Nov. 8, 1976.

A true bill was found against Charles R. Payne, Cameron, who was charged with negligent homocide in the automobile death of Kirby Gaspard on Sept. 20, 1976.

A "no true bill" means that the grand jury found that there was not enough evidence to bring the person charged to trial. A "true bill" means that the person charged will go to trial.

Broussard has new song out

"Julie's Sixteenth Birthday" is the title of the new sond "aimed for Red Sovine" and co-written by Michael Garwin of Shreveport and Teddy Broussard of Grand Chenier.

Mr. Broussard moved to Nashville, Tenn. to pursue his songwriting career when he met Mr. Garwin, who is a staff writer for All Galico Music Publishing Company.

The pair are grateful to Tommy Cassafa, director of operations for Tree Publishing Co. for promoting the song and to Tommy Hill, Mr. Savine's producer.

Oysters are on board's docket

When the Louisiana Wildlife and Fisheries Commission holds its regular public meeting at 10 a.m. Friday, Feb. 25 in New Orleans one of the topics on the agenda will be a discussion on extending the oyster season in Calcasieu Lake, west side only, in Cameron parish.

The board also will consider opening a 5-day white shrimmp season before regular shrimp season and discuss rules for bait shrimp season.

Jerry Jones of Cameron is a member of the commission.

Club to raise funds

Pictured are members of the LeMesche Bass club with the 1977 Yozoo Bass Boat the club will reffle off in May. The boat is fitted with fiberglass seats and a 20 HP Mercury motor and trailer.

A portion of the proceeds will be given to the South Cameron Athletic Association for equipment and supplies for the athletic department.

Sheriff's funds

The Cameron Parish Sheriff's office took in more dollars than it spent last year, a recent review by the Legislative Auditor shows.

Revenue exceeded expenditures by $8,995.70 in the fiscal year that ended June 30, 1976. The office's accumulated surplus for the year's end was $93,514.28.

Burleigh heads fishing rodeo

Ray Burleigh was elected president of the Cameron Parish Deep Sea Rodeo Association at a meeting of the club Wednesday night at the Cameron fire station.

Burleigh took over the position formerly held by Don Criglow. Ted Joanen was elected second vice president.

Plans were started for the annual July 4th Deep Sea Fishing Rodeo in Cameron with headquarters at Trosclair's Ice Company dock.

the dates were set for July 2-4th and the proceeds will go toward a fund to construct a recreation building for the community.

Tickets are now on sale at $5 each. Membership in the club which will be open until July 15, 1977, and can be obtained from the Cameron Outdoor Shop, Western Auto and many other Cameron parish businesses.

Sports fishing to open on two refuges

Sport fishing on the Lacassine and Sabine National Wildlife Refuges will open on March 1, and remain open until Oct. 15. Sabine Refuge Manager John R. Walther announced today.

Complete fishing regulations and maps for either area can be obtained from the Lake Charles office of Louisiana Wildlife and Fisheries Commission or by writing the following addresses: Lacassine National Wildlife Refuge, Rt. 1 Box 186, Lake Arthur, Louisiana 70549 or Sabine National Wildlife Refuge, MRH Box 107, Hackberry, Louisiana 70645.

Regulations this year will be the same as last year. Regulations applicable to both refuges include the limitation of outboard motors to 25 or less horsepower for use within impoundments, large motors can be used outside these areas; the restriction of a one day creel limit in possession while fishing in the reguge; and the legal fishing and visiting hours for both refuges of 1 hour before official sunrise to 1 hour after sunset, Walther said.

He cautioned fishermen against entering either refuge early or staying too late and noted that all boats using refuge waters during early or late hours should be equiped with running lights and be using them.

One problem at Sabine he noted, has been the misunderstanding of where the refuge boundary starts in relation to early entry. Boats launching at the Highway 27 parking areas are entering the refuge waters and this is the point where the entry hours apply not at the rollers to the impoundment, Walther continued.

Fishermen planning to leave boats within the Sabine impoundment should have both their name and address on it and a state registration number. Should anyone desire immediate information concerning fishing regulations on the refuges may telephone the Sabine office 318/762-5135.

The Paul C.Gary family

Gary family is well travelled

By MRS. TOM TAYLOR

The Paul C. Gary Family, now residing in Hayes, must be one of the most well-travelled familes in the area.

The Garys have six children, of whom only two were born in the same country and only one was born in America. They are Hope Ann born in 1961 in Taipie, Taiwan; Paul C. Jr. born in 1963 in Shirley, Mass.; Quintin Wayne born 1964 in Cairo, Egypt; Paige Marie born 1965 and Patricia Lynn born in 1967 both in Stockholm, Sweden and Bradley David born in 1970 in Bangkok, Thailand.

Paul C. Gary completed a 20-year tour in the U. S. Army Oct. 31, 1976 and retired as a master sergeant.

He is the son of Mr. and Mrs. Ferdinand (Black) Gary of Sweetlake Community and a 1954 graduate of Grand Lake School.

He enlisted in the Army in 1956 and was first sent to Ft. Chaffie, Ark. for basic training then to Ft. Devens, Mass. for technical training.

He served in Japan form May '56 to May '58 at which time he was discharged prior to his marriage to the former Agnes Henry of Jennings on July 5, 1958.

With the support of his bride he re-enlisted in the Army Dec. 20, 1958 and the pair set out to discover the world. Aside from the countries their children were born in they also were stationed in Formosa, Madrid, Spain and Okinawa, Japan. In the U. S. they lived in Massachusetts, Arizona and Texas. In four of the countries they lived in Gary worked with the U. S. Embassy.

Living overseas allowed the Garys to visit many other countries and bring back a rare and treasured collection of souvenirs and memories. Their favorite country was—Sweden. "Sweden is meticulously clean, a beautiful country, with excellent schools and very friendly people," they said.

During a tour at Ft. Hood, Texas the meritorious service award was presented to Gary for honorable service.

The Garys are now settled in their home in Hayes, and their children attend Bell City School.

Plans for the future? Retired M/Sgt. Gary has several vocations in mind. His stated perference is electronic communications.

Do THIS Before You Read The Bible

Reading Holy Scripture, of course, can be an inspiring and comforting practice.

But to get the most out of your Bible reading, you need a solid groundwork of knowledge that the Scriptures do not reveal. For as the New Testament says: "In these epistles there are certain things difficult to understand" (2 Peter 3:16).

The truth of this is manifested by the fact that equally intelligent people often draw conflicting conclusions from the same passages of Holy Scripture. And by the further fact that scholars of all faiths are continually searching the sacred texts to reveal and refine their meanings.

If you would like a better understanding and deeper appreciation of the Scriptures, write for a free copy of our new pocket-size pamphlet entitled: "Introduction to Bible Reading." Its purpose is not to interpret what the Bible says, but to explain how what it says is to be understood. Whether you are a devoted Bible student ... or just a casual reader ... this pamphlet will give you the basic principles for understanding not only what the Scriptures say, but what they mean.

It might be argued that the Bible ... being God's Word ... has to be a simple book so that people of all levels of intelligence can understand it. But if this were true, all Bible readers would understand the Scriptures in exactly the same way ... which they don't.

The fact is, of course, God did not intend that all our knowledge of Him should come from our own reading and interpretation of the Scriptures. In His covenant with the people of Israel, God commissioned the prophets to instruct the faithful in His word. Christ vested the same responsibility in His disciples and His church with the coming of the New Testament.

"Introduction to Bible Reading" gives you a solid groundwork for understanding why the Bible is God's book ... how it came into being ... what books it contains ... and the general principles which should be applied in interpreting it. It also offers samples of some good, modern English translations to help you in your selection of a personal Bible.

For your free copy of this interesting pamphlet, write today. Ask for Pamphlet KC-22. No obligation ... nobody will call on you.

Conley-Vincent vows said at G. Chenier

Alberta Conley and Rondell Vincent of Grand chenier exchanged marriage vows Saturday, Feb. 19 at 11 a.m. at St. Eugene Catholic Church with Father Joseph Woerdeman officiating.

The bride wore a long light blue dress with blue accessories. She carried a bouquet of flowers.

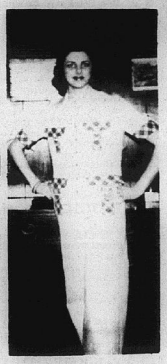
She was given in marriage by her father Rosovel Monk of Grand Chenier.

Mrs. Alice Guillory served as matron of honor. Mrs. Shelia Trahan was bridesmaid. They both wore darker blue long dresses and each bouquets of flowers.

Serving as best man was Billy Ray Trahan. Groomsman was Danny Guillory.

Kimberly Conley was flower girl and Mike Richard was ringbearer.

Following the ceremony there was a reception at John Richard's in Grand Chenier.



SHOWN HERE modeling her garment is this year's Parish Sew With Cotton Winner, Miss Beth Greathouse from Grand Lake Senior 4-H Club. Miss Greathouse competed with 59 other parish winners at the State Sew With Cotton Contest at Alexandria Friday, Feb. 4.

Sweetheart royalty crowned by SC FHA

Renee Reina, daughter of Mr. and Mrs. J. C. Reina; and Sterling Vaughn, were named South Cameron FFA Sweetheart Queen and Beau at the annual "Sweetheart Dance" held Feb. 14 at South Cameron High School.

Queen Reina was presented with a bouguet of roses and Sterling was given a bronze statue.

The two were chosen by a vote of FHA members.

Other members of the Court were: Nancy Claire Nunez, "Miss January; Maureen Savoie, "Miss March"; Ranna Clay, "Miss April"; Darlene Boudreaux, "Miss May"; Randalin Crain, "Miss September"; Becky Morris, "Miss October"; and Wendy Boudreaux, "Miss November".

The other Beau nominees and the organizations they represented were: Alan McCall, 4-H club; James Wilkerson, Leo Club; Oscar Garcia, F.B.L.A.; Kent Benoit, Beta; Kevin Colligan, Band; Bradley Trahan, Annual Staff; and Arlo Staff, Future Farmers of America.

Vaughn represented the Student Council.

There were two master of ceremonies for the evening - Yvonne Mouton and Patricia LaLande.

Halifax entertained the guests.

Leo Club plans school beautification

A school beautification project was planned by members of the South Cameron Leo Club at their monthly meeting Friday, Feb. 18, in the school lab.

All 24 members present agreed to come to the school Saturday, Feb. 26, to clean the school and grounds due to temporary shortage of sweepers.

A clothes drive was also set for March 5. Chairmen for each community were appointed. They are Mona Brasseaux, Kevin Colligan and Renee Reina.

The upcoming convention was also discussed.

S. Cameron Elem. 4-H

Members of the South Cameron Elementry Junior 4-H Club celebrated the month of February at their Feb. 10 meeting.

Club members Mike Morris and Kenton Ortego presented Valentine cards to Mr. Wicie and Miss Bertrand discussed cartoon drawing and how members could use cartoons to enter the contest on energy.

Family night held by club

Family Night was held by the Grand Lake Junior and Senior 4-H clubs Friday, Feb. 18.

Terry Beard presided, and the invocation was given by Christine Chession.

Pledges were given by Betty Dugas and Craig Duhon.

A style show of clothing contestants was held and narrated by Jolene LaBove.

Exhibits were set up with top honors going to Edward Stamm and Christine Chession.

Family games were played and refreshments were served by the 4-H'ers.

Grand Lake Jr. 4-H club meet

Family night, Feb. 18, was discussed by Mrs. Albert Guidry at the Grand Lake Jr. 4-H Club meeting held Monday, Feb. 14.

Mike Dugas gave a report and dates of coming activities.

Livestock project reports were given by exhibitors at Aggie Day and the parish livestock show. Participating were Preston Smith, Mike Dugas, Suzanne Greathouse, Joe Ledoux, Betty Dugas, Danny Fontenot and Johnny Ledoux.

Gary Wicke presented Mike Dugas with a first place trophy in the fur judging contest.

Mr. Wicke gave a demonstration on conserving energy and discussed the energy cartoon contest to be due Mar. 21.

Miss Charlotte Bertrand discussed the Favorite Food Show and the Egg Cookery Contest.

Energy conservation topic of club meet

A talk on conserving energy by agent Gary Wicke was the highlight of the Grand Lake Senior 4-H Club meeting, held Feb. 14.

Terry Beard announced that project reports would be given by Beverly Cox, Christine Chesson, Mary Manuel, Jack Dugas, Beth Greathouse and Pam Richard. The reports were given on the awards the members won at Aggie Day and the Parish Livestock Show. Beth Greathouse gave a summary on the State Sew with Cotton Contest. She won first place at the Parish Show.

Mary Manuel read the coming events, and Mrs. Guidry discussed Family Night. Beth Greathouse is the committee chairman for decorating the gym. Anita Stamm and Debra Saloom volunteered to serve refreshments.

Beverly Cox suggested that for any item bought with club money, the check has to be signed by the president and secretary.

Jolene LaBove reminded the members that Achievement Day will be held at Grand Lake.

Virginia Franks moved that the club provide paper plates, cups and napkins for Family Night.

Gary Wicke and Charlotte Bertrand passed out the 4-H newsletter and answered questions by members concerning upcoming events.

Mr. Wicke discussed the energy cartoon contest and showed us posters containing information about the three types of fuel: natural gas, coal and oil. He discussed the five new forms of energy: nuclear, solar, grothermal, wind and hydroelectric energy.

Anita Stamm and Mary Manuel reported on the Jr. Leadership meeting that took place in Cameron.

Bike-a-thon planned

David Domingue was guest speaker at the Feb. 17 meeting of the Hackberry Leo Club, held at the Hackberry Recreation Center.

The main topic was the bike-a-thon for Cystic Fibrosis set for March 13. Anyone wishing to ride is asked to contact Mr. Domingue or any Leo Club member.

Prizes will be awarded for the most sponsors and money collected.

The club will also sponsor a car wash March 26 at the Hackberry Recreation Center.

All bearings are based on Louisiana Lambert Plane Coordinate System (South Zone).

TRACT 14406 — PORTION OF BLOCK 19, WEST CAMERON AREA, REVISED, Cameron Parish, Louisiana — That portion of Block 19, West Cameron Area, Revised, Cameron Parish, Louisiana, belonging to the State of Louisiana and not under mineral lease on December 23, 1976, described as follows: Beginning at the Northwest corner of Block 19, West Cameron Area, Revised, Cameron Parish, Louisiana, having Lambert Plane Coordinates of X = 1,258,679.280 and Y = 393,790.240, thence South 3,790.24 feet, thence East 1,209.76 feet, thence East 1,545.00 feet, thence South 4,865.00 feet to a point having Lambert Plane Coordinates of X = 1,262,874.28 and Y = 384,825.24, thence North 86 degrees 44 minutes 30 seconds East 10,536.16 feet to a point on the East line of said Block 19, thence North 8,390.00 feet to the Northeast corner of said Block 19, thence West 14,798.048 feet to the point of beginning, estimated to contain approximately 3,280 acres, as shown outlined in red on a plat on file in the State Land Office. All bearings are based on Louisiana Lambert Plane Coordinate System (South Zone).

All bids to offer a cash bonus for a lease having a primary term which shall not exceed five years and granted without any warranty of title or recourse against lessor whatsoever, either expressed or implied, not even for return by lessee of any payments received under the lease or being otherwise responsible to lessee. Minimum royalties shall be one-eighth (1/8th) of all gas produced and saved, but not less than one-eighth (1/8th) of all oil produced and saved, but not less than one dollar ($1.00) per long ton; one-eighth (1/8th) of the royalty per one thousand cubic feet of potash produced and saved, but not less than ten cents (10¢) per ton; one-eighth (1/8th) of all other liquid or gaseous hydrocarbon minerals produced and saved.

The minimum royalties above are not to be construed as a bid acceptable to the Board; it being the policy of the Board to reject any bid which does not reflect true bonus, royalty percentage, and also consider bid quality with that granted by landowners in the area. In the exercise of this discretion, the Board also reserves its right to accept any bid that reflects true potential and satisfies the minimum royalty requirements of R.S. 30:127, as amended.

All leases awarded shall be executed upon terms and conditions provided in the current State lease form with all applicable riders appended thereto, including but not limited to provisions as follows. Should said lease be within the area of drilling (spudding in) data well on or before one year from the date of the lease, the lease shall terminate as to all rights to the lease, unless on or before such anniversary date, lessee shall pay a delay rental (which shall in no event be less than one-half of the bonus offered), which shall cover the privilege of deferring the drilling operations for a period of one year from like payments annually, drilling operations may be further deferred for successive periods of one year each during the primary term of the lease. The lease shall provide for the drilling of offset wells where necessary to protect the State's interest and shall contain the provisions against the assignment or sublease of the lease without the approval by the State Mineral Board. The lessee shall have the right to enter into pooling or unitization agreements with respect to development of the leased premises subject to the approval of the State Mineral Board.

Certified check, cashier's check or bank money order issued by and REGISTER, STATE LAND OFFICE, for the full amount of the cash bonus, shall accompany and be submitted with each bid, and no bid thus submitted may be thereafter withdrawn or cancelled and the certified check, cashier's check or bank money order accompanying the bid of the successful bidder shall be immediately cashed by the REGISTER, STATE LAND OFFICE and the proceeds thereof disbursed in the manner required by law. The successful bidder to whom the lease is awarded on the date of the lease sale shall return the written lease, duly executed, within TWENTY (20) days after said bidder's receipt of same under penalty of forfeiture of the lease and the bonus previously tendered and deposited and the lease is thereupon to do so.

Consistent with the policy of the Board as expressed in a resolution dated August 21, 1945, all bidders are hereby notified that bids on portions of tracts should be described by metes and bounds and be accompanied by a transparent plat outlining thereon the portion bid upon. The scale of the plat should be 1 inch = 4,000 feet.

The State Mineral Board reserves the right to reject any and all bids or to grant a lease on any portion of the tract advertised and to withdraw the remainder of the tract.

APPLICATION FOR THE ESTABLISHMENT OF INDUSTRIAL DEVELOPMENT BOARD OF THE PARISH OF CAMERON, INC.

To the Police Jury of the
Parish of Cameron,
State of Louisiana

We the undersigned, duly qualified electors of Cameron Parish, Louisiana, request your permission to organize and incorporate an industrial development corporation under the provisions of Chapter 7 of Title 51 and Chapter 2 of Title 12 of the Louisiana Revised Statutes of 1950, as amended. The proposed articles of incorporation are hereafter set forth. We request that you, the Police Jury of the Parish of Cameron, Louisiana by appropriate resolution duly adopted, find and determine that it is wise, expedient, necessary and advisable that the corporation be formed and authorized and to authorize us to form such corporation.

The proposed articles of incorporation shall be by acknowledged or authentic act and substantially as follows:

State of Louisiana
Parish of Cameron

ARTICLES OF INCORPORATION

We, the undersigned, desire to form a corporation under and pursuant to the provisions of the laws of the State of Louisiana, and particularly under the provisions of Chapter 7 Title 51 and Chapter 2 of Title 12 of the Louisiana Revised Statutes of 1950, as amended, do hereby organize ourselves into a corporation, the articles of which shall be as follows:

EXHIBIT A
ARTICLE I

Our names and residences are given hereinafter. Following our signatures each of us is an elector of Cameron Parish, Louisiana.

ARTICLE II

The name of this corporation shall be "Industrial Development Board of the Parish of Cameron, Inc."

ARTICLE III

Permission to organize this corporation has been granted by resolution duly adopted by the Police Jury of Cameron Parish, Louisiana, the governing body of Cameron Parish, Louisiana, on February 1, 1977.

ARTICLE IV

The location of the principal and registered office of this corporation and its mailing address shall be Police Jury Annex, in Cameron, Louisiana.

ARTICLE V

The purposes for which this corporation is organized are to acquire, own, lease, rent, finance, sell and dispose of properties to the end that this corporation may be able to promote industry and develop trade by inducing manufacturing, industrial, commercial and other enterprises to locate in this parish and further the use of its agricultural products and natural resources, and to acquire, own, lease, rent, finance, sell and dispose of properties for the abatement, elimination, control and prevention of air, water, noise or other pollution or to control or eliminate or dispose of liquid and solid wastes, and to exercise the authority of, and pursue the objectives of, industrial development corporations as provided for in Chapter 7 of Title 51 of the Louisiana Revised Statutes of 1950, as amended, it being the intention of the incorporators to make the scope of the authorized activities of this corporation and the corporate power of this corporation as board as is permitted by the applicable statutes of the State of Louisiana.

Tarps end season

By ED BREDEHOEFT

The South Cameron Tarpons finished their present basketball season last week as they lost to Marion Chargers 133-41 on Tuesday night and then on Friday night a loss to the St. Louis Saints 87-50.

In the Marion loss, one might possibly say that the Tarpons were beaten by the Class AA champs of 1977 almost the same team that won the title in 1976.

The Chargers jumped to a 43-6 first quarter lead and and was never in trouble during the contest. The Marion team outscored the Tarpons in the second period 30-16 and went into the dressing room at the halftime with a 73-22 advantage.

Marion reserves played almost all of the final two periods and managed to add 60 points while the Tarps had problems in scoring 19 second half points. 9 Chargers found ease in getting the double figures on their scoring spree while Kevin Smith was the only Tarpon to hit the two-figure mark as he scored 10 markers.

This win for the Chargers and then the victory over the Boston Panthers on Wednesday night gave them undisputed hold on the District 4-AA title with a 12-0 district record. The Chargers and Panthers will represent the District in the state Class AA play-offs beginning this week.

LOSE TO SAINTS

The Tarpons played their last game of the season on Friday night in the heart-stopper 87-50, despite the spread of the score.

Coach Jim Feaster's Tarps played one of their best games on the season on Friday night...at least for the first half. At the end of the first and second quarters it looked like the Tarpons would make a tight contest for the fans but then hit a cold, cold third quarter in scoring only 5 points while the Saints were pumping in 22 markers.

Alvin Miles led all scorers as he tossed in 27 points for St. Louis. Mike Daniels was good for 20 points and greg Cole added 10 points.

James Wilkerson led the Tarp's scoring with 20 markers and Tim Grady accounted for 15 points.

Oak Grove area may get natural gas

The Cameron Parish Police Jury for a number of years has been trying to obtain natural gas service for all homes in Cameron Parish.

Due to the installation of Louisiana Resources pipeline in the Oak Grove area, creating available natural gas for this area, Entex has produced a proposal that will provide natural gas to all citizens from the Vocational-Technical school east to the residents of Mrs. Annie Maux including from Dr. Dix's clinic south to Oak Grove.

In the interests of trying to obtain natural gas service for all citizens of Cameron Parish, the Cameron Parish Police Jury has called a public meeting for 7 p.m., Wednesday, Mar. 9 at the South Cameron Elementary School, so that Entex may present their proposal concerning this proposed gas district.

All citizens living within this area are urged to attend, and all citizens of Cameron Parish are welcome.

Benefit set for local child

Citizens of Cameron are planning a benefit dance Saturday night to aid a little 5-year-old local girl who was severely burned in an automobile accident near Kaplan recently.

Funds raised at the dance, which will start at 8:30 p.m. at the Cameron Recreation Center, will go to aid with the medical bills of Angie Callise, daughter of Mr. and Mrs. Daniel Collise.

The youngster is in the Shriners Burns Hospital in Galveston where her treatment is free. However, the family must pay for the blood used and they have incurred a large expense in connection with staying in Galveston to be with the child.

At the dance, Mike and the Majestics will play music from the '50s and '60s and Jessye Roux will sing.

Admission is $2 per person. Cakes and gumbo also will be sold.

New courses to begin soon

The Cameron Vocational-Technical school is now taking applications for openings in the following day preparatory courses: Auto, Mechanics, Bookkepping, Clerk-Typist, Secretarial, and Stenography.

Interested persons 16 years of age and older should come by the school March 3-11 to make application.

Office hours are from 8 a.m. to 4 p.m. weekdays.

The courses are entirely tuition free to residents of Lousiana and entry into classes is on a first-come, first-serve basis, according to Leslie Griffith, school director.

For more information interested persons may call 542-5010.

Trapping ends in the parish

Feb. 28 marks the end of the trapping season. Trappers have been busy pulling up traps.

Trappers in the the north marshes from Grand Chenier to Pecan Island have had less nutrias this year than in the past but better prices. Back in 1945 prices were about $7, while last year prices were about $6. This year there was a jump to $9 or better.

Trappers in the South Marshes had more nutria catches than the north marshes. Folks are wondering what was the difference in the marshes, was it due to a dry summer. They hope a study is made.

Most catches of nutrias this year were larger pelts, very few mediums were caught and still fewer of small nutrias.

Aging group

Rev. Minns Robertson, director of the Cameron Council on Aging, announces that the Johnson Bayou Council on Aging group will meet Monday March 7, at 10 a.m. at the Johnson Bayou Recreation Center.

Record hop

There will be a teenage record hop Friday, Mar. 4, at 7 p.m. at the Cameron Recreation Center.

Lt. Gov. to be speaker

Lt. Governor James E. Fitsmorris will be the principal speaker at the 13th annual Knight of the Year Award Banquet sponsored by the Our Lady Star of the Sea KC Council.

The event is slated for Sunday night, March 6 at the V.F.W Hall in Cameron.

The social begins at 6:30 p.m. followed by the banquet at 7 p.m.

Each year an outstanding Knight of Columbus member is chosen to be honored for his outstanding work.

The past recipients have been: James L. Derouen, 1964; Ray Champagne, 1965; Mark Richard, 1966; Hayes Picou, 1967; Hilaire Hebert, 1968; Amos Miller, 1969; E. J. Dronet, 1970; Earl Mouton, 1971; Sam LeBoeuf, 1972; W. H. Carter, 1973; Claude Hebert, 1974; and Wilman Saltzman, 1975.

Clothes pickup set Saturday

The South Cameron Leo Club will have a clothes pickup Saturday, March 5, from 9 a.m. until 5 p.m.

Persons wishing to donate good used clothing for the Salvation Army may deliver it to the following places which will be manned by Leo members:

Calcasieu Marine Bank in Cameron, Dallas Conoco Station in Grand Chenier, and a the KC Hall in Creole.

CHRISTINE CHESSON, Grand Chenier 4-H member, is shown with her 114-lb. grand champion market lamb at the Southwest Louisiana District Livestock Show, and her grandfather, Sheriff Claude Eagleson, who purchased the animal for $10.50 a pound.

SHOWN WITH plaques presented to them at the annual Cameron Fire Dept. banquet were Chief Ray Burleigh, seated; form left: Harold Savoie, Francis Guilbeaux, Pat Cheramie, Claude Hebert and Earl Mouton.

Youngsters are champs

Cameron parish FFA and 4-H youngsters had one grand champion, one reserve champion and several champion animals at the southwest Louisiana District Livestock Show in Lake Charles last weekend.

Christine Chesson, Grand Lake 4-H clubber, exhibited the grand champion market lamb. The 114 lb. animal was purchased by the youngster's grandfather, Sheriff Claude Eagleson of Cameron for $10.50 a pound.

Joni Gray, Hackberry 4-Her, exhibited the reserve champion market barrow. The 225 lb animal was purchased by R. Miller & Sons for $2.75 a pound.

The champion lamb showman was Becky Morris, South Cameron high FFA member, and A. J. Ewing, Grand Lake FFA member, was the reserve champion swine showman.

Joni Gray exhibited the champion medium weight market barrow and Jeffery Jouet, South Cameorn FFA, had the exotic cross steer reserve champion.

Firemen have birthday

The Cameron volunteer Fire Department held it's 22nd anniversary banquet Monday night in the reception room of the Cameron fire station.

Alfred K. Brazzard, Morgan City, fire chief and his wife, were guests of honor.

He congratulated the local department on their work and pointed out that the district has been updated to 6th class in insurance rating.

This is a very excellent rating, especially for a voluntary unit, he said.

Ray Burleigh, local fire chief, introduced guests and passed out awards to firemen: Harold Savoie, 10 year pin; Francis Guilbeaux, 5 year pin; Claude Hebert, Earl Mouton, and Patrick Cheramie, 20 year plaques.

Hilton Verrett was recognized for having attending more fire meetings than anyone else on the forcee.

Special recognition to those outside the force were also recognized: Ray Conner, police jury member; Ward Fontenot, local attorney, Geneva Griffith, journalist representing the media; and Boy Farley, oil company manager.

Burleigh called on the firemen to stress the importance of home fire drills and to make sure that every member of the family knows what to do when a fire occurs.

Entertainment was furnished by Fire Chief Brazzard who put on a magic show, assisted by his wife.

The invocation and benediction was delivered by Msgr. Curtis S. Vidrine.

New fishing zone in effect

By GENEVA GRIFFITH

On March 1, a controversial 200-mile fishing zone will be established off U.S. shores from the Georges Bank near New England to the western-most tip of Alaska's Aleution Islands.

This means that foreign fishing vessels will no longer be able to operate freely within that area.

The best fishing in these waters, which is some of the richest in the world, will be reserved for Americans.

Up to now, fishing off the U.S. shore has been dominated by foreign fishing boats which were permitted to come within 12 miles of the coast and were taking more than half of the offshore catch each year.

Now, foreign fishing boats allowed to operate within the 200-mile zone will be permitted to take only the kinds of fish and shellfish that are usually shunned by Americans and are not needed to maintain stocks.

Foreigner, for instance, will be allowed to fish for specific quantities of hake, squid, mackerel and herring, but more-popular seafood, such as shrimp, flounder, oysters andd salmon, will be reserved for American boats.

Preliminary plans are to hold the foreign catch this year to 2.1 million tons of all species of fish, compared to 2.6 million tons in 1974.

So far, 52 nations have signed the treaty including the European Common Market countries and eight others-Bulgaria, East Germany, Japan, Poland, Romania, South Korea, The Sovit Union and Taiwan.

The National Marine Service and the U.S. Coast Guard will have the job of preventing foreign fishermen from poaching in the 2.2 million square miles of water.

175 observers will be stationed on licensed foreign boats for two months or longer to make sure they obey the rules.

The Coast Guard will also have authority to board and inspect foreign vessels and, if necessary, to seize any that break the rules.

How does this new agreement affect the local fishermen? Roland Trosclair Jr., one of the owners of a Cameron shrimp canning plant says that this will affect the small shrimpers very little and in the long run will help the old-established fishermen because a man just going into business is going to think a long time before investing a half a million dollars in a boat with the new restrictions.

Shrimp alone along the Cameron coast is estimated to bring in from five to eight million dollars a year and is a very important part of the local economy.

This is in addition to the vast menhaden industry which is another great addition to the local economy.

There is talk that Regional councils are drawing up long range plans for conservation and management of fish in the 200-mile zone.

This is expected to bring a call for smaller catches of species considered to have been overfished, such as menhaden.

Eventually, decisions will be made about how much of the catch will to to commercial fishermen and how much to sportsmen.

Self-service car wash opens

The opening of Cameron parish's first self-service car wash, Ruben's EZ Car Wash, has been announced by Ruben Morales, owner.

Located behind Fred's Restaurant in Cameron, the new facility includes four wash bays with high power pressure coin-operated spray units that provide detergent, rinse and wax. There also coin-operated vacuum and paper towel dispenser.

Mr. Morales is the general manager and recording secretary of Steed's Fish Co. in Cameron.

Hackberry girl named to post

Julie Cuvillier, daughter of Mr. and Mrs. Curtis Cuvillier, was elected District IV Secretary of the Future Homemakers of America at the District Convention held Feb. 11-13 in Lafayette.

Julie, a 16 year old junior at Hackberry High School, has been in FHA for 4 years. She presently holds office of Song Leader for her chapter. She was elected Girl of the Month in September 1976 for work done in the club.

Her other extracurricular activities include Secretary of the Future Business Leaders of America, assistant cheerleader, and member of the flag crop.

African letter

Cameron Parish is getting recognition all over the world.

Mrs. Geneva Griffith this week received a letter from a young man in Ghana, West Africa asking her to send him some books, pictures, and information on the United States and the area in which she lives.

She plans to send him some of the brochures on the parish, the Creole Nature Trail and one of the Fur Festival cookbooks.

New ambulance delivered

The Cameorn Parish Police Jury accepted the delivery of a new ambulance which is to serve the parish from South Cameron hospital.

The $32,000 vehicle has oxygen and suction on aboard and can carry five patients, lying flat, comfortably, according to Ken Hopper, hospital administrator.

It also carried aboard a complete extradition set, known as "Jaws."

This equipment will be manned by certified employees who are trained to extract anyone from an automobile in five minutes or less by cutting the vehicle away from the victim.

Hopper pointed out that the ambulance attendants are all trained on the use of the equipment and will be able to get to the scene of an accident, extract the victim, and speed them on the way to the nearest hospital in record time.

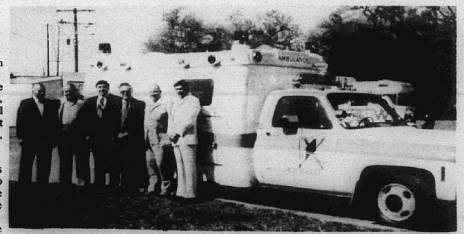
The ambulance has complete communications aboard from the ambulance to the hospital, from the ambulance to amy hospital and from the ambulance to the doctor's offices by a patch system.

It also has a C.B. radio on board.

Hopper said that there are five drivers and 14 emergency maintenance technicians who are all certified.

When not on calls on the ambulance the E.M.T.s work at South Cameron Memorial hospital.

The ambulance was financed jointly by the Cameron Parish Police Jury and the Cameron Parish Sheriff Claude Eagleson's Department.



MEMBERS OF the Cameorn parish police jury are shown accepting delivery of the new ambulance that will be stationed at the South Cameron memorial hospital. Left to right are Jurors Archie Berwick, Bud Rollins, Roland Trosclair, Jr., Ray Conner, Ernest Myers and Lester Richard.

GRAND CHENIER NEWS

Sand not appreciated

By ELORA MONTIE

Chenier folks were disturbed last week by the sand storm which caused many to have to wash their cars, houses and open porches. Some folks complained of the breathing situtation. Thanks to the rain which helped settle the problem.

Monday Feb. 28, with its 34 degree temperature, it was feared that the frost might kill the young tomatoes, bell peppers and eggplants recently transplanted.

The fruit trees here are all in full bloom.

Mr. and Mrs. Walter (TeBoy) Theriot recently purchased a 1977 Chevrolet.

Lenten Services at St. Eugene Church Parish are announced by Father Joseph Woerdeman:

St. Eugene; Mass at 6 p.m. Monday, Tuesday, Thursday, Friday: Way of the Cross before 6 p.m. Friday Mass.

Sacred Heart, Pecan Island; Way of the Cross, Mass 6:15 p.m. Wednesday.

Immaculate Conception; Way of the Cross, Mass 12 noon, Friday.

Confessions will be heard after each weekday mass and one half hour before the Sunday masses.

TRAFFIC DEATH

Sympathy is extended to the family of Alpha Broussard, 75, of Pecan Island who died resulting from an accident on highway 90 near Iowa February 24.

Mr. Broussard was well known here in our area. He was a cattle worker and helped many folks in our area when it was cattle working time.

LETTER TO THE EDITOR

Dear Editor:

We would like to thank you for your publications of our Den's activities. This is our first year in scouting and your Pilot has helped it to be a very memorable one.

We have talked to other Dens in other parishes and they can't get half the coverage we have received. We believe we are very fortunate indeed. Again we say thank you, and Den #1 Pack 210 salutes the Cameron Parish Pilot.

Thanks,
Den #1

Wills explained to Council on Aging

Jerry Jones, Cameron attorney, spoke to the Cameron Parish Council on Aging Thursday on wills.

He explained that will need to consider the Louisiana inheritance laws and that a handwritten will which is within the guidelines of Louisiana law is perfectly legal. However he recommended that everyone should have his will reviewed by an attorney to be sure it complies with Louisiana Law.

Mr. Jones indicated that legal costs for drawing up most wills are minimal, but that it is not out of order for one to ask for the price after indicating assets to be willed.

Mr. Jones also stated that real property in another state is subject to the law where it is, and that it would be well for makers of wills to consult attorneys in the state where the property is located. This is especially true since Louisiana laws on inheritance are different from those in every other state.

Rev. M. S. Robertson, Director for the Cameron Council on Aging, made a report on activities of the Council on Aging.

MISS BURNADETTE Monlezun and Mrs. Butch Taber, with the Lake Charles Tourist and Convention Commission, are shown with Ward Fontenot, president of the Cameon Lions Club. Miss Monlezun presents the new "Creole Nature Trail" brochure to Mr. Fontenot.

Lions hear about tourist industry

By GENEVA GRIFFITH

The Creole Nature Trail is receiving national and international acclaim Cameron Lions club member members were told last week when Miss Barnadette Monlezun, director of the Lake Charles Tourist and Convention Commission and Mrs. Butch Taber, assistant director, spoke at the weekly meeting.

Miss Montlezun outlined the operation of the Commission and pointed out that their main concern was bringing conventions to the area. She said that the Creole Nature Trail is a very important drawing card.

She displayed the new updated brochure which has just been printed on the Creole Nature Trail and the Louisiana Tours brochure which is published by the state and passed out to groups planning conventions.

She pointed out that conventions and tourism goes together, for people visiting the area for the conventions want to make side trips and go sightseeing while here.

The 135 wildlife species of wildlife alone at Rockefeller Refuge on Grand Chenier is very impressive.

The local nature trail will be a featured attraction in june when the international Lions club holds its convention at the Superdome in New Orleans, where 10,000 members are expected to attend.

At this time 10 buslods of these Lions have been booked to tour the trail, on June 27, and there will be two bilinguist on each bus. for most of the people will speak only French.

She spoke about the Governor's conference on tourisn to be held in Lake Charles at the Civic Center on March 18-19 where the local police jury will sponsor booths featuring the Creole Nature Trail.

It is the hope of those working on tourism in the south to package "Acadiana" she said and pointed out that it is a very strong possibility that the 1980 World's Fair will be held in New Orleans with headquarters in the largest room in the world, the Superdome.

FIREMEN'S BANQUET

SHOWN AT THE Cameron Volunteer Firemen's banquet are from left, Cameron Fire Chief and Mrs. Ray Burleigh and Morgan City Fire Chief and Mrs. Alfred Brazzard.

Despite continuing packaging innovations, paper companies, in order to be competitive, must strive to operate as efficiently as possible. How the competition comes out depends, in part, on the relative efficiency of the competitors, and that depends, in part, on workers who do their jobs well.

GLENN M. STOKES, director of the Jefferson Parish Dept. of Mosquito Control, has been elected vice-president of the American Mosquito Control Assoc. Stokes married to former Louisiana Sugar Queen [1956] Yvonne Cheramie. Her parents are Mr. and Mrs. A. N. Cheramie of Raceland.

FEWER CAVITIES – Children who are born and grow to early teens in an area with fluoridated water have 45-60 percent fewer cavities than those without fluoridated water.

Registration for school set

Registration for children entering a Cameron Parish kindergarten next fall will be held for the various schools as listed below.

Parents of children who will enter first grade and who are not presently enrolled in a Cameron Parish kindergarten are requested to register at the roundup for their area as scheduled for children entering kindergarten.

Children attending kindergarten at this time are not required to register for first grade.

Grand Chenier Elementary - Friday, March 11, 10 a.m.

Johnson Bayou - Tuesday, March 15, 10 a.m.

South Cameron Elementary - Wed., March 30, 10 a.m.

Hackberry High - Tuesday, March 29, 10 a.m.

Grand Lake High - Friday, April 1, 10 a.m.

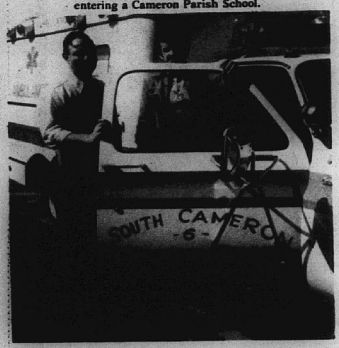
Cameron Elementary - Monday, April 4, 1:30 p.m.

Children entering kindergarten for the 1977-78 session must have been born on or before December 31, 1972. Children entering first grade must have been born on or before December 31, 1971.

Parents who plan to register children in these roundups are urged to bring birth certificates to the registration in their area. Parents who do not yet have their children's birth certificates should begin proceedings to secure them. Applications forms for birth certificates may be obtained at the parish health unit.

Mrs. Pat Ortego, Cameron Parish public health nurse, will attend the roundups to talk with parents about immunizations now required by law before a child begins school. Immunization records will not be required at the time of the roundups.

In the Klondike-Lowery area parents should watch for registration news of the school in which they plan to enter their children next fall since they will not be entering a Cameron Parish School.



KEN HOPPER, South Cameron hospital administrator, and L. J. Saltzman driver, are shown with the new ambulance stationed at the South Cameron hospital.

Library display

Mrs. Annie Miller Conner has a display at the Cameron library on some of her sand dollars along with the LEGEND OF THE SAND DOLLAR:

There's a pretty little legend That I would like to tell Of the birth and death of Jesus Found in this lowly shell.

If you examine closely, You'll see that you find here Four nail holes and fifth one Made by a Roman's spear.

On one side the Easter lily, Its center is the star That appeared unto the shepherds And led them from afar.

The Christmas poinsettia Etched on the other side Reminds us of his birthday, Our Happy Christmastide.

Now break the center open And here you will release The five white doves awaiting To spread Good will and Peace.

This simple little symbol, Christ left for you and me To help us spread His Gospel Through all eternity.

Mrs. Conner is a lover of nature and likes to relate the things she find to their religious significance.

Mrs. Miller

She and her friend Mrs. Arceneaux LaBove spend many hours in one of their religious significance.

Rice program told

For 1977 the Rice Production Act of 1975 will be in effect which is basically the same program that was in effect in 1976 for rice producers. Charles S. Hackett, County Executive Director of Calcasieu Cameron ASCS office said that the 1977 rice program permits any farmer to plant rice. An allotment is no longer needed. He explained that a farmer with no rice allotment can purduce and market rice, but he will not be eligible for price support loans, target price payments or disaster payments.

Mr. Hackett said that major provisions of the 1977 rice program are no market-ing quotas for 1977, the same as was in effect for 1976; Rice allotments for 1977 do not represent a limit on the acreage of rice a farmer can plant; The target price for the 1977 crop of rice, and the price support loan rate for the 1977 rice crop will be announced later; Disaster payments will be available at a rate of one-third of the target price; and a lease and same of allotment provision will be applicable.

Mr. Hackett pointed out that for 1977 rice allotments do not represent a limit on the acreage of rice planted, but will be used only to determine the quantity of rice eligible to be placed under loan, and to compute payments in the event target price or disaster payments are due.

Only producers with rice allotments are eligible for rice loans and those producers will be eligible to obtain loans only on an amount of rice equal to the allotment multiplied by the established farm yld.

Mr. Hackett said that anyone having questions about the new rice program should contact the Calcasieu-Cameron parish ASCS Office in Lake Charles.

SHOWN WORKING with the students at the chalkboard on traditional divisions methods is a teacher at Hackberry high school where a new math program has been put into operation.

New math program begun

A new math program, "Personalized Instructional Program in Mathematics," has been developed by the Cameron Parish S c h o o l Board and is in the process of implementation at Hackberry High School

Funds to develop and test the program were obtained through the Elementary and Secondary Education Act, Title IV Part C.

Seven program development teams composed of two teachers respectively from grade (1-7) worked on developing a course description, scope and sequence, and personalized learning activity packets for each grade level for the elementary school.

During the regular school year the developed material is in the process of being field tested. At the conclusion of the 1976-77 school year the development team will review the field test results and make necessary revisions in the personalized mathematics program.

It is anticipated that Federal funds through ESEA Title IV-C will be available during the 1977-78 school year for the development of a Personalized Mathematics Program for grades 8-12.

MEASUREMENT

Calcasieu-Cameron parish farmers may now request acreage measurement service to be performed by ASCS reported Charles S. Hackett, County Executive Director for the Agricultural Stabilization and Conservation Service in Calcasieu and Cameron parishes.

Measurement service is p r o v i d e d by Agricultural Stabilization and Conservation Service (ASCS) offices as service to farmers and a nominal fee is charged which offsets the cost to ASCS. The rate established by the ASCS County Committees in Calcasieu and Cameron parishes is $15.00 per farm plus $10.00 producer over o n e w h e n measured separately, plus $.10 per acre.

Trained ASCS personnel measure the acreage that a farmer wants planted to a particular crop Hackett said. However, any type of measurement a farmer wants can be provided.

JAMES S. [JIMBO] HENRY, center, is presented with the Knight of the Year award by William Saltzman while Mrs. Henry looks on. The award was presented at the annual awards banquet of Our Lady Star of the Sea KC Council. [Photo by Geneva Griffith.]

Unit system is adopted by jury

The Cameron parish police jury has voted to adopt the unit system of operation for the parish, although the jury will use the terminology of "parish-wide system of operation."

Under the new system, a Parish Road Superintendent will be hired to supervice all parish road and bridge work; all parish supplies will be centerally purchased; and five year parish road construction program will be planned.

The parishwide system will replace the old "ward system" under which Cameron parish has operated for many years. Under that plan, road work, employment and many purchases were under the supervision of each police juror in each ward.

However, in 1974 the Legislature passed an act requiring all parishes to go on the unit or parishwide system as a means of providing more economical operation.

Cameron pairsh adopted some phases of the unit system, such as centralized purchasing, in the past few years but had not adopted the centralized road supervision system up to now as it was felt that the parish was too large for this plan to work efficiently.

The police jury decided to go to the parishwide system in full after it was learned that it might lose state financial aid if it did not do so.

Under the new program the needs of the parish as a whole will be considered and the funds will be expended and the equipment used to the end that the interest of all of the people in all sections of the parish will best be served.

This means that parishwide road funds will be spent anywhere in the parish where there is the most public need, except that funds presently derived from Taxes voted within a road district will be used soley within that district.

Effective March 1, no expenditures for road purposes will be made unless approved in the budget as adopted by the jury.

Effectively immediately, the Parish Treasurer, Garner Nunez, will be responsible for supervision of all parish operations.

The parish engineer has been directed to begin preparing a five year parish road construction program with the projects grouped in an order of priority and to begin developing a maintenance program for parish roads.

The jury, in its resolution, provided that "no employee shall be terminated as a result of any manpower savings realized under the Parishwide System of Operation." Any such savings will come about attrition through retirement or termination from other causes."

Supervising the parishwide road program will be a Parish Road Superintendent which the jury will hire in the near future. The present Ward foremen will be under his supervision.

Henry named Knight of the Year

James S. "Jimbo" Henry was named Knight of the Year at the annual Knight of the Year awards banquet of the Our Lady Star of the Sea KC Council Sunday night at the VFW Hall in Creole.

Henry was presented with the award by last year's winner Wilman Saltzman, who cited Henry's leadership and service to the local council.

He was in charge of the inland activities of the July 4th Cameron Fishing Rodeo and was chairman of the Church bazaar for the past two years.

Under his leadership the bazarr this past year netted over $22,000 for the church. His wife was also cited for her help with the bazzars.

Henry now holds the position of Deputy Grand Knight of the local council.

J. Ray Burleigh, Grand Knight, introduced Carl LeCompte who served as master of ceremonies.

Lt. Governor James Fitzmorris, was principal speaker, and was introduced by E. J. Dronet.

Fitzmorris said Cameron Parish has a reputation of being a very courageous parish because of the ability of rebuild 20 years ago after being almost totally destroyed in Hurricane Audrey.

25 year awards were presented to James S. Henry Jr., Sheriff Claude Eagleson, Dorestan Broussard and Leslie Richard.

Msgr. Curtis S. Vidrine gave the invocation and the benediction.

New drug store to open here

A new drug store will open in Cameron in about two weeks, it was announced by the owners, Michael DeLaunay of Lake Arthur, Ted McWhorter and Ronald Broussard of Basile.

To be called Thrif-T-Way Pharmacy of Cameron, Inc., the store will be located in the Dyson building located next to Cameron post office.

Although individually owned, the pharmacy will be associated with more than 30 other similar stores in the Thrif-T-Way chain located throughout the state. There is a similar store in Lake Charles.

DeLaunay, who has relatives in Grand Chenier, will be the druggest and manager. He said the store will be a discount pharmacy and also will carrry gifts, jewelry, cards vetenarian supplies, etc.

McWorter and Broussard are the owners of a pharmacy in Basile.

The owners said they plan to have pickup points in Creole, Grand Chenier and Hackberry where prescriptions will by picked up and orders delivered for the convenience of customers.

Several sentenced in district court

Several persons received suspended jail sentences in the March 3 session of District Court held at the Cameron courthouse with Judge G. William Swift, Jr. presiding.

Johnny Northern, Jr., who had previously pled guilty to two counts of burglary and theft was sentenced to 1½ years in the Department of Correction, with the sentence suspended and he was placed on probation for three years under the conditions he spend six months in the Calcasieu Rehabilitation Center in Lake Charles.

Raymond Naquin pleaded guilty to two charges of theft and was sentenced to one year on each in the penitentiary. Sentences are to run consecutive to any sentence that may be imposed on him in Vermilion parish.

Vanessa L. Vickery was sentenced to six months in jail for each of three counts--burglary, theft of $25 and theft of a revolver, and to four months in jail for simple criminal damage to property. The sentences were suspended and she was placed on probation for one year on condition she make her share of restitution.

Leo Paul Abshire pled guilty to burglary, theft and possession of marijuana and sentencing was set for March 24.

George Clark, Jr. pled guilty to criminal damage to property and theft and was sentenced to four months in jail on each count. The sentence was suspended and he was placed on probation on condition that he pay his share of the restitution.

Joseph Jay McGee pled guilty to burglary and theft and will be sentenced on March 24.

Pleading guilty to DWI charges were Joseph Jay McGee, Paul W. Michon, Jr., Ulyss A Mouton and Ruby E. Southern. McGee and Southern chose to attend the alcoholic studies at McNeese in place of a fine. Michon was fined $275 and his driver's license was suspended 60 days. Mouton was fined $250 and his license suspended 60 days.

RICHARD IS NOTARY

Riley Richard of Johnson Bayou recently passed the Notary Public examination in Lake Charles and now is a qualified Notary Public.

Mr. Richard is employed in the Cameron parish's sheriff's department.

Ambulance phone number listed

A new telephone line has been installed at the South Cameron Memorial Hospital for use when calling for the ambulance. The number is 742-5100, according to Kenneth Hopper, administrator.

The regular telephone number should be used when calling about other hospital matters.

House burns at Oak Grove

The Creole Volunteer Fire Department responded to a house fire Wednesday night on Oak Grove.

The rent house was owned by Mrs. Tattie LaBove and was completely destroyed.

The firemen, however, were able to keep the fire from spreading to adjacent buildings.

A member of the fire department said it was believed to have been an electrical fire which started in the attic.

Anyone needing the services of the Creole or the Cameron Volunteer fire departments should call the Sheriff's office at 775-5111 and the fire alarms are activated from that office.

Heart Fund drive slated

J. B. Jones, chairman of the 1977 Cameron Parish Heart Fund drive, announced that the drive will be conducted throughout the parish in a door-to-door campaign.

He has named the following workers to aid in the campaign: Mrs. William Kelley, Mrs. Arnold Jones, Mrs. J. B. Jones Jr., and Mrs. Gilford Miller, all of Grand Chenier; Mrs. Eldon Ray Young of Johnson Bayou; Mrs. Gayle Stewart, Oak Grove; Mrs. Willie Miller, Mrs. Debbie Theriot, Mrs. Wilson Montie, Mrs. Lola LaBove and Mrs. Mayola Wicke, Creole; Mrs. Albert Guidry, Sweetlake; Mrs. Nata Hebert, Hackberry; Mrs. Floyd Istre, Klondike-Lowery; Mrs. Adenise Trosclair, Cameron; Mr. Rodney Guilbeaux, businesses; and U. W. Dickerson, schools.

Jones said that the parish goal for this year in $1500.

French Navy group to visit the parish

The Cameron Parish CODOFIL chapter has received notices that the parish will be "invaded" on Saturday, March 19 by the French Navy.

The Naval ship "Arcturas" will arrive at the Port of Lake Charles on March 18 and will be there until the 22nd, with dignitaries of the French navy aboard.

The French consulate has made arrangements with the local club and with other civic groups to entertain 35 officers and cadets when they make a tour of the Creole Nature Trail on Saturday, Mar. 19.

This is the first time a French Navy ship has ever docked in the area.

The dignitaries will be feted with a gumbo luncheon, hosted by local citizens at the Woodmen of the World hall in Creole and an open house from 1 to 3 p.m. in the afternoon when all of the public is invited to come by and meet the men.

The Belgium and Canadian singers will be on hand to entertain with native songs and a Cajun band will also entertain.

Bank Week is proclaimed here

The Cameron Parish Police Jury has proclaimed the week of March 6-12 as "Bank Week in Cameron Parish."

Roland Trosclair Jr., President of the Police Jury gave the following official proclamation for the event:

WHEREAS banks and bankers provide many worthwile services to the people of Cameron Parish in the everyday conduct of the economic affairs of the community and its citizenry,

WHEREAS the practice of banking is essential to the continued growth and development of Cameron Parish to its fullest potential,

WHEREAS banks and bankers do much to enhance the quality of life of the citizens of Cameron Parish,

WHEREAS banks and bankers in Cameron Parish provide a large amount of assistance in the conduct of worthwhile civic and charity activities, going many times well beyond the call of duty,

WHEREAS the State of Louisiana and the Louisiana Bankers Association have proclaimed the week of March 6-12 as Bank Week in Louisiana.

LIONS MOBILE GLAUCOMA UNIT

Glaucoma unit to come here

Glaucoma is a serious eye disease which can lead to blindness if not detected in time.

In the detection lies the hope, and the hope is with the Louisiana Lions Eye Foundation and the Cameron Lions Club, assisted by the Louisiana State Association of Optometrists.

Ward Fontenot, president of the Cameron Lions Club, said club members will help staff the Lions Mobile Glaucoma Screening Unit when it arrives in Cameron April 13 as part of a statewide swing to offer the free screening to residents of Cameron Parish.

"We fell fortunate in having the unit visit our community", said Fontenot, "It is estimated that more than 2 percent of the total population of Louisiana residents have unsuspected Glaucoma.

Many others have been reassured that they are fine.

When the Unit arrives, Lions and volunteers will help welcome adults wishing to take the simple painless test, and to assist the professional staff.

In addition to glaucoma tests, visitors to the unit also will be able to take the preliminary visual acuity tests for other eye problems which may need attention.

Glaucoma generally manifests itself in adults and its symptoms rarely are noticed until it has advanced to a dangerous stage, although it is detectable in earlier, treatable stages.

The disease is not inherited, but it does have a tendance to run in families.

There is no charge for this test and all people over 40 years of age should take the test.

ABOVE FROM left to right are the newly elected District IV Future Homemakers of America officers: President, Sara Roberts, Lake Charles; Vice President, Mandy Doyle, Mamou; Secretary, Julie Cuvillier, Hackberry; Treasurer, Erin LaBlanc, Declambre; Historian, Rella Fontenot, Mamou; Parliamentarian, Rhonda Wimberley, Chuch Point; Reporter, Ginger Norman, Sunset; and song Leader, Jackie Williams, Kinder.

Bass club names officers

Officers have been named for the newly organized Marsh Masters bass club.

Carrol "Sugar Boy" Miller was elected president; Robert Ortego, vice president; Sammy Faulk, secretary-treasurer.

The directors are: Julian Robicheaux, Grand Lake-Sweetlake; Don Menard, Creole; Ronnie Conner, Grand Chenier; and Roy Grady, Cameron.

The club meets the first Tuesday night of every month at 7 p.m. at Crain Bros. camp at Little Chenier and a meal and. films are enjoyed at each meeting.

CODOFIL meet

The March meeting of the Cameron Parish CODOFIL chapter will be held Monday, March 14, at 6:30 p.m. in the South Cameron Elementary school auditorium, according to Mrs. Adam Conner, president.

Mrs. Conner said members will make plans for welcoming the French navy officers and crew to Cameron parish and also the upcoming Belgium choir concert.

Chabreck wins award

Winners have been announced for the 13th Governor's Conservation Award Program which is sponsored annually by Sears, Roebuck and Co. under the auspices of the Louisiana Wildlife Federation and the National Wildlife Federation.

Dr. Robert H. chabreck of the LSU School of Forestry and Wildlife was recognized as the most outstanding conservationist of the year for his many years of research and teaching in the field of wildlife management and marsh ecology.

Dr. Chabreck has published numerous technical reports dealing with marsh wildlife and plants and has worked on national and international programs for the management and conservation of alligators and crocodiles. He has also evaluated and developed numerous projects to improve and protect valuable wetland habitat.

The March meeting of the Richard Bros. American Legion and Ladies Auxiliary will be held Tuesday, Mar. 15, at 7 p.m. in the Post Home in Creole, according to Oscar Reyes, Commander.

Supper will be served prior to the meeting.

What's Different About

EASTERN RITE CATHOLIC CHURCHES?

In all the essential elements, Catholic churches in union with Rome are exactly alike all over the world.

They all subscribe to the same articles of faith. All have the same Sacraments. The principal public worship of all of them is the Holy Sacrifice of the Mass. And all are members of the apostolic church under the spiritual authority of the Pope.

Yet a Latin Rite Catholic going to Mass in an Eastern Rite church might be quite confused. In the Syrian Rite, for example, the language of the Mass might be Syriac, Arabic or Malayalam . . . in the Coptic Rite, Coptic, Arabic or Geez. And for other Eastern rites, the language variations might include Greek, Slavonic or classical Armenian.

Nor is language the only difference. Holy Communion is received in the Byzantine Rite, for example, in the form of leavened bread and wine. There are variations in the vestry of the clergy, in devotional music, in the use of religious art symbols in the churches. Where a Latin Rite Catholic may genuflect before the altar, an Eastern Catholic may bow; where one makes the sign of the cross left to right, the other may do so right to left.

There are five major rites in the Catholic Church: the Syrian, Coptic, Byzantine, Armenian and Latin. Each has its own language, customs and canon law. And each reflects in its devotions the culture of the lands where the Apostles planted the seeds of the Christian faith. In a decree dealing with the Eastern Rite churches, Vatican Council II said: "They all make up the Mystical Body of Christ organically united in the Holy Spirit by the same faith, the same sacraments and the same government . . ."

If you'd like to read an interesting account of the origin and development of the Eastern Rite churches, send coupon for our new pocket-size pamphlet. It explains the laws of the Church with respect to the Eastern Rite . . . the differences in the rites . . . the contributions of Eastern Rite Catholics to the world's culture. There is also an interesting chapter on Catholic relations with the Orthodox Christians.

Free—just mail coupon. Ask for Pamphlet No.KC-42. We'll send it without cost or obligation. Nobody will call on you.

All bearings are based on Louisiana Lambert Plane Coordinate System (South Zone).

TRACT 14454 — PORTION OF BLOCK 7, WEST CAMERON AREA, REVISED, Cameron Parish, Louisiana — That portion of Block 7, West Cameron Area, Revised, Cameron Parish, Louisiana, belonging to the State of Louisiana and not under mineral lease on February 10, 1977, described as follows: Beginning at a point on the West line of Block 7, West Cameron Area, Revised, having Lambert Plane Coordinates of X = 1,322,419.52 and Y = 400,390.24, the same being the Northwest corner of State Lease No. 7239, thence North 395.10 feet to the Southwest corner of State Lease No. 7240; thence Northeasterly to the Northeast corner of said State Lease No. 7240, having Lambert Plane Coordinates of X = 1,336,804.82 and Y = 403,828.13; thence North 2,715.07 feet to a point having Lambert Plane Coordinates of X = 1,336,804.82 and Y = 406,543.15; thence Southeasterly to a point having Lambert Plane Coordinates of X = 1,339,799.54 and Y = 406,205.75; thence South 6,815.51 feet to the Northeast corner of said State Lease No. 7239; thence West 7,379.02 feet to the point of beginning, estimated to contain approximately 417.29 acres, as shown outlined in red on a plat on file in the State Land Office. All bearings are based on Louisiana Lambert Plane Coordinate System (South Zone).

TRACT 14455 — PORTION OF BLOCK 2, WEST CAMERON AREA, REVISED, Cameron Parish, Louisiana — That portion of Block 2, West Cameron Area, Revised, Cameron Parish, Louisiana, belonging to the State of Louisiana and not under mineral lease on January 21, 1977, described as follows: Beginning at the Southeast corner of Block 2, West Cameron Area, Revised, having Lambert Plane Coordinates of X = 1,322,419.52 and Y = 393,790.24; thence North 8,040.87 feet along West line of said Block 2 to the Southwest corner of State Lease No. 2760, as amended; thence East 696.13 feet to a point of intersection with the circular perimeter of State Lease No. 2760, as amended, thence Southerly and Southeasterly along the circular perimeter of said State Lease No. 2760 to the intersection with the line of a Lambert Plane coordinate of X = 1,408,916.19; thence South 5,294.41 feet to the intersection with the South line of said Block 2; thence West 2,109.99 feet along the South line of said Block 2 to the point of beginning, estimated to contain approximately 656 acres, as shown outlined in red on a plat on file in the State Land Office. All bearings are based on Louisiana Lambert Plane Coordinate System (South Zone).

All bids to offer a cash bonus for a lease having a primary term which shall not exceed five years, as amended, granted without any warranty of title or recourse against lessor whatsoever, either expressed or implied, not even for return by lessor of any payments received under the lease or any liability or responsibility to lessee. Minimum royalties shall be one-eighth (1/8th) of all oil produced and saved; one-eighth (1/8th) of all gas produced and saved or utilized; one-eighth (1/8th) of the value per long ton when marketed on sulphur produced and saved, but not less than two dollars ($2.00) per long ton; one-eighth (1/8th) of the value per ton when marketed on potash produced and saved, but not less than ten cents (10¢) per ton; one-eighth (1/8th) of all other gaseous hydrocarbon minerals produced and saved.

The minimum royalties above are not to be construed as values acceptable to the Board, it being the policy of the Board to accept any bid which does not reflect tract potential. The Board considers bonus, royalty percentage, and also competitive royalty with that granted by landowners in the area, in the exercise of its discretion, the Board also reserves its right to accept any bid regardless of tract potential and satisfies the minimum royalty requirements of R.S. 30:127, as amended.

All leases awarded shall be executed upon terms and conditions provided in the Mineral State lease form with all applicable riders appended thereto, including but not limited to provisions as follows: Should lessee fail to drill the actual drilling (spudding in) of a well on the lease premises within one year from the date of the lease, the lease shall terminate as to both parties to the lease, unless on or before such anniversary date lessee shall pay a delay rental (which shall be double the cash bonus, but not less than one-half of the bonus consideration), which shall confer the privilege of deferring drilling operations for a period of one year. Upon like payments annually, drilling operations may be further deferred for successive periods of one each during the primary term of the lease. The lessee shall receive credit for the drilling of offset wells determined necessary to protect the State's interest and shall consider the provision against the assignment or sublease of the lease unless approved by the State Mineral Board. The lessee shall have the right to enter into pooling or unitization agreements with respect to the development of the leased premises subject to the approval of the State Mineral Board.

Certified check, cashier's check or bank money order payable to the REGISTER, STATE LAND OFFICE, for the full amount of the cash bonus, shall accompany and be submitted with each bid, and no bid thus submitted may be thereafter withdrawn or cancelled and the certified check, cashier's check or bank money order accompanying the bid of the successful bidder shall be immediately negotiated by the REGISTER, STATE LAND OFFICE and the proceeds thereof disbursed in the manner required by law. The successful bidder to whom the lease is awarded on the date of the lease sale shall return the written lease, duly executed, within TWENTY (20) DAYS after bidder's receipt of same under penalty of forfeiture of the lease and the bonus previously tendered and negotiated in the event of failure to do so.

Compliance with the policy of the Board as expressed in a resolution dated August 12, 1965, all bidders are hereby notified that bids on adjacent tracts of tracts should be described by metes and bounds and be accompanied by a transparent plat outlining thereon the portion bid upon. The scale of the plat should be 1 inch = 4,000 feet.

The State Mineral Board reserves the right to reject any and all bids or to grant a lease for any portion of the tract advertised and to withdraw the remainder of the tract.

Favorite Food Show set

The Cameron Parish Homemakers Council will sponsor the annual "Favorite Food Show" Saturday, Mar. 19, at the Cameron Elementary School lunchroom, at 9 a.m., according to Mrs. Robert Ortego, chairman.

All residents of Cameron Parish may compete by exhibiting their favorite foods.

A person can enter only one major catagory (Adult or Youth).

For example, a 4-H girl may not enter in the Woman's catagory, and a person can enter only one exhibit in each contest.

The Favorite Food should be exhibited in any suitable serving dish or container, as the food would appear at the family meal.

The name of the owner should be placed on the botton of the container with tape or other marking.

This is to help in returning dishes to the proper owner. The exhibitor's name must not be visible to the judge.

Each exhibitor must register between 9 and 10 a.m..

All exhibitors will turn in a copy of their recipe, except Senior 4-H club girls who will have special instructions for their contests.

There will be 20 different contests and in each contest ribbons will be awarded the first 3 winners in order of placing.

In addition, honorable mentions will be given.

The first place dishes from each contest will compete for the "Adult Sweepstakes Award" and "Youth Sweepstakes Award."

Senior 4-H club members will exhibit their dishes with a recipe and an attractive place setting for the course at which the favorite food would be served.

The table setting will be for one person and a place mat with appropriate dishes, silverware, glassware, etc., for the meal will be used.

A menu for the entire day, using the "favorite food" must also be sumbitted stating the way the food is prepared.

This is part of the 4-H Achievement Day contest with the food exhibit scoring a possible 100 points.

The Adult catagories are: Rice, Vegetable, Salad, Dessert, Pie, Cake, meat, Poultry and Wild Game, and Seafood.

4-H club boys and girls may all compete in the Egg Cookery contest and the 4-H Boys may prepare any favorite food.

4-H girls may compete in any of the following: Main Dish, Salad, Dessert, Bread, or any other food.

All other youths may also prepare any favorite dish.

Mrs. Ortego pointed out that all of the winning dishes will be included in the 1978 Louisiana Fur and Wildlife Festival Recipe book to be published next year.

Food show is Saturday

Cameron Parish cooks are polishing up their recipes, cooking pots, and serving dishes in anticipation of entering their dishes in the annual Favorite Food Show Saturday morning in the Cameron Elementary school.

Registration begins at 9 a.m. with judging of the various dishes to follow.

Competition will be in adult, youth, and 4-H divisions.

The parish 4-H Egg Cookery contest will also be held with the winner being chosen to represent the parish in the state contest.

Ribbons will be awarded in each category and a plaque to the Sweepstakes winners.

The event is sponsored by the Cameron Parish Extension Homemakers Council.

Wife of former pastor dies

Funeral services for Mrs. D. S. Norris, 77, were held Thursday, March 10 at the Zion Hill Church of God in Christ in DeRidder.

The Rev. O. B. Pete, Sr. and Bishop John W. White officiated. Burial was in Spikes Cemetery in Bancroft.

Mrs. Norris was the wife of Rev. C. B. Norris, a former pastor of Evening Star Church of God in Christ in Cameron.

She was chosen to serve as secretary of the State Women's Department, and served in that capacity until 1948. Mrs. Norris was then appointed State Supervisor of the Churches of God in Christ in Western Louisiana.

Survivors include her husband, two daughters, Oleeda M. Norris of DeRidder, and Mrs. Oceola S. Hall of Washington, D.C.; one son, Major Lawrence J. Norris of Fort Lewis, Washington; one brother, Rev. L. T. Spikes of DeQuincy; and nine grandchildren.

Mrs. Rapheal Bargeman, Mrs. Mary Bargeman, Rosa Bargeman, Mrs. Rosa LeBlanc, Mrs. Lillie Harrison and Mrs. Annie January attended the funeral.

Book Fair set at Grand Lake

Grand Lake High School will sponsor a student book fair March 28 to April 1. Students will be able to browse and purchase books from the display in the high school library from 8:40 a.m. to 3:30 p.m.

The book fair committee invites all students, parents and visitors to attend the fair. The fair will encourage student interest in reading, in building home libraries, and will provide additional funds for the library.

The book fair display will include attractive new books from many publishers in all popular price ranges. All reading interests will be represented, including classics, fiction, biographies, adventure stories, science, nature, crafts, mystery and reference books.

Hackberry class to give play

The junior class of Hackberry High School will present a play entitled "The Teenage Millinaire" Friday, March 18, at 7:30 p.m. in the school auditorium.

His three-act comedy presents a teenager, Wayne Fuller, and the problems his million-dollar inheritance brings.

Tickets may be purchased form members of the junior class or at the door.

THOMP MCCALL, South Cameron high school FFA member, is shown above with his lamb that was named the Reserve Grand Champion market lamb at the annual LSU spring livestock show in Baton Rouge last week. Shown with Thomp, are the buyers of the lamb, from left: Leslie Grand, Gordon Hampton and Dug Durnin.

THOMAS (SONNY) MCCALL, right, has been named Cameron parish school superintendent effective July 1, and Robert Ortego, left will become assistant superintendent in addition to his job as high school supervisor. The promotions were occasioned by the retirement of Superintendent U. W. Dickerson.

McCall named superintendent

Thomas (Sonny) McCall was named superintendent of Cameron parish school at the monthly meeting of the school board Monday. He will assume the position on July 1 when the present superintendent, U. W. Dickerson, retires.

Mr. McCall, who has served as supervisor of elementary education for the past for a number of years, was the unanimous choice of the school board. There were no other applicants for the position.

Robert Ortego, who is the high school supervisor for the parish, was named assistant superintendent in addition to his present duties. Mr. McCall had previously held this position.

The school board agreed to advertise for applicants for two curriculum supervisors for parish schools. One will fill the vacancy created by Mr. McCall's appointment and other will be for a new position.

Applicants will be interviewed by the board at 7 p.m. Thursday, April 7.

A native of Grand Chenier, Mr. McCall has held a number of positions in the Cameorn pairsh school system. He is also a former Civil Defense director for the parish.

French ship visit planned

THE FRENCH Navy ship, "Arcturus," pictured above, will visit this area March 18-22 and will be docked at the Port of Lake Charles.

On Saturday, March 19, 35 officers and cadets from the ship will make a tour of the Creole Nature Trail and will be guests at a gumbo luncheon at the Woodmen of the World hall in Creole at noon.

From 1 to 3 p.m. there will be an open house so the public may come and meet the visitors.

French visitors coming

Some 35 officers and cadets from the French Naval ship "Arcturas" will visit Cameron parish Saturday and citizens of the paish and the local CODOFIL chapter are going all out to welcome them.

The group will tour the Creole Nature Trail through the parish that morning and will be honored at a gumbo luncheon at noon at the WOW hall in Creole.

An open house will be held at the WOW Hall from 1 to 3 p.m. and the public is invited to come and meet the visitors.

A local French band, Baro and the Teardrops, will entertain with music and a chorus, composed of French and Belgium teachers, will entertain with folk songs.

The public is urged to attend.

Natural gas available to area

By GENEVA GRIFFITH

Citizens of the Oak Grove - Front Ridge area of Cameron Parish can get natural gas if they share the cost of laying the new line, they were told at a meeting held last Wednesday night at South Cameron Elementary school.

Herb LeBlanc and Willard Fontenot, representing Entex, Inc., which supplies natural gas to Cameron Parish, met with area citizens and members of the police jury and school board.

The Entex men said they had done a feasibility study on laying the line in an area from the Vocational Technical school on the Front Ridge to the Annie Meaux home on Oak Grove, and figured on 114 customers. The cost would amount to $344 per customer, plus a $30 meter deposit and a $7.50 tap fee.

They explained that the tap would run 1142 feet in the march behind South Cameron High School to meet a Louisiana Resources pipeline that runs east and west through the march.

It was also pointed out that the natural gas rate will be the same for the new customers on the line as elsewhere in the parish, which would be a savings of around two thirds of the present price of propane.

Some of the area citizens beyond the eastern boundary of the proposed line expressed concern that if they were left off the original constructed line it would be many years before an extention to the line would reach them.

The group asked the Entex representatives to prepare an alternate plan for constructing a line to serve customers on each end of the proposed line.

U. W. Dickerson, superintendent of Cameron Parish schools, called on the group to adopt a plan so construction could begin soon.

He pointed out that the heating plant at the high school is just about gone and will have to be replaced before another season.

This would mean a very big investment and it is imperative that the school board know if they will be able to get natural gas.

The Entex representatives said they would work up an alternate plan and call another citizen meeting in about two months.

Schools planning to switch to natural gas

In anticipation of changing from propane to natural gas, the Cameron parish school board is advertising for bids for converting the heating systems at South Cameron Elementary and South Cameorn high schools.

The Oak Grove area of the parish hopes to secure natural gas in the near future by building a line to connect with a natural gas pipeline that runs nearby.

The board also advertised for bids on converting two storage rooms into a teachers lounge at Grand Lake high school.

A three week extension on its contract for a teachers lounge at South Cameron high school was granted to Realco, Ltd. because of an accident in which a truck load of materials destined for the site was wrecked and the driver killed.

Mrs. Leona McWhirter, third grade teacher at South Cameorn elementary, was granted a sabbatical leave for rest and recuperation from Feb. 14 to May 27.

Denise Leveque was hired to replace Mrs. McWhirter for the remainder of the year.

Mrs. Denise Guillory and Mrs. Marsha Corbello were granted maternity leaves.

The board voted to approve Nelson LeBlanc's retirement as a bus driver to South Cameron high school on July 1 and to advertise for applicants for his replacement.

Bar owner is fined; some charges dropped

A Cameron bar operator pleaded guilty in district court here last week to permitting prostitutes to frequent his premises and was given a $100 fine or 30 days in jail.

Rossevelt Fountain was one of several persons arrested here several months ago in a raid of several local bars by a state police vice squad.

Fountain also pled guilty to allowing a person under 18 to sell alcoholic beverages on the premises and was fined $100 on this count.

Nine other charges against Fountain, including soliciting for prostitution and allowing persons under 18 to sell alcoholic beverages, were dismissed by the court.

Six charges against Bertina Fountain pertaining to permitting prostitutes on the premises and allowing person under 18 to sell alcoholic beverages, were dismissed.

Charles R. Payne pleaded not guilty to negligent homicide and a jury trial was set for Oct. 24.

Junius Lewis, Jr. pleaded guilty to aggravated assault and to carrying a concealed weapon. They court sentence him to serve six months on each count to run concurrently with the 5 year sentences in Vermilion parish.

Robert W. Dowd pleaded guilty to simple burglary and was sentence to three years in jail.

Edward Proterfield pleaded guilty to DWI and was fined $250 or given 40 days in jail.

Tournament

The first fishing tournament of the year for the Bass Unlimited club of Cameron will be held Sunday, March 20.

The weigh-in will be held at the B. J. Dock in Cameron and the time will be from one minute after midnight on Saturday night until 9 p.m. on Sunday.

All paid-up bass club members may participate.

Subdivision

Coastal Estates, Cameron's newest subdivision, has been opened just east of Cameorn by J. D. LaBove, Carroll LaBove and Ed Burge.

The 21-acre subdivision, located south of the highway will have 75 by 120 foot lots for sale. Sewerage, water, electricity and gas are available.

Scrimmage set

The South Cameorn high school football team will have a intrasquad scrimmage at 7 p.m. Friday, March 18, at the Tarpon stadium, according to Coach Wayne Batts.

The public is invited and there will be no admission charged.

Powder Puff

A Powder Puff football game will be held Tuesday, March 22, at 6:30 p.m. at the Hackberry High School Rodeo Arena. Hackberry Future Business Leaders of America "Roadrunners" will play the Yearbook "Creeps" in a revenge match.

Tickets at the gate are 75 cents for children (12 and under) and $1 for adults. Advanced tickets can be obtained from any Hackberry FBLA member at 50 cents for children and 75 cents for adults.

Dome will be proven wise move--Roemer

By GENEVA GRIFFITH

"Even though you are proud of the fact that Cameron Parish was the only parish in the state to vote against the Superdome, you have to face the fact that you are going to have to help pay for it" said Charles E. Roemer II when he spoke at the Cameron Lions club last Wednesday. He was introudced by Roland Trosclair Jr., president of the Cameron Parish Police Jury.

Roemer, who is commissioner of Administration and executive assistant to Governor Edwards, said the Superdome is "the greatest show and convention center in the world and an investment in the future of the state."

"We must get away from the thinking that the Superdome is a sports arena alone," he said. It is a theatre and this image must be put before the people."

It also attracts tourist dollars, and tourism is a multimillion dollar industry that generates income that pays taxes we do not have to pay.

Roemer pointed out that if you consider the impact the Superdome had in the community last year, in tourist dollars that turned over 4 or 5 times, the Dome made money.

He said that history will record the fact that the $165 million invested in the Superdome was a wise move.

the budget for Louisiana last year was 3 billion 40 million dollars and it has operated for the past 5 years, during the present administration on a balanced budget.

This is something that has not prevailed in Louisiana in 76 years, he pointed out.

He also said that there is an anticipated increase for this year of $55 million.

There is a problem of people being untrained for jobs leading to unemployment which in turn leads to social problems and welfare, which costs the state more money.

He said there are also massive reforms in the prison system at Angola which have to be met.

The cost per prisoner per day is also increasing at an alarming rate and the need for rehabilitation is another problem which has to be faced.

He spoke with pride of Charity hospital in New Orleans, which is the second largest hospital in the United States and the only hospital in the state operating within its budget.

Ward Fontenot, president of the Cameron Lions Club, called on Lion club members to help with the Glaucoma scanning program.

GRAND CHENIER NEWS

SIGNS OF SPRING

Saturday, March 20, is the first day of Spring. Here folks are witnessing many signs of the season. The beautiful warm 70-degree weather is really enjoyed.

Other signs are the budding and new crop of leaves on most of the trees. The fruit trees, such as pears, peaches and plum are in full bloom as well as the non-fruit trees including the redbud.

The blackberries along the roadside fences and pastures indicate there will be a large crop; in addition, there is the natural beauty they bring.

Another signs which is noticed mostly by sportsmen is the large flock of geese in the late afternoon headed to their nesting grounds in Canada. Most of our larger ducks, such as Pintails and Mallards, have already taken off.

BIRTHDAY

Mrs. Dorris Sturlese's birthday was celebrated Sunday, March 13, with the families of the Ernest Richards, the Whitney Baccigalopis and Mrs. Elougia Richard. Helping them enjoy the day were Mrs. Sturlese's relatives of Port Neches; Mrs. Edna Theriot, Hubert Theriot and Mrs. Charles Theriot. This is an Annual celebration.

Clothing leader, Mrs. John M. Theriot gave a presentation on '77 spring and summer fashions - the new colors, fabrics, and dress styles which will be popular.

Assistant home economist, Charlotte Bertrand, gave a demonstration on "Lines and Designs". Using illustrations, Miss Bertrand showed the effects which lines have on the figure.

Members planned the annual Cancer Crusade which the club will conduct in the Creole area in April. Named as Crusade leaders were Mrs. Wayne Montie, Mrs. M. C. West, Mrs. Harold Carter, and Mrs. Theriot.

Miss Bertrand went over the rules governing entry into the Cameron Parish Favorite Food Show. The Show, an annual Council-sponsered event, is set for March 19 at Cameron Elementary School.

Members voted to sponser a Spring Tour in May.

Welcomed as a new member was Mrs. Tony Sturlese.

Attending as a guest was Mrs. Chester Kelley of Conroe, Texas.

Wedding date reset

The wedding of Judy Ann Dupuis, daughter of Mr. and Mrs. Walter Dupuis of Grand Chenier, to Dwayne Anthony Granger, son of Mr. and Mrs. Clement (Black) Granger of Sweetlake, has been reset for 11 a.m., Saturday, May 7 at St. Eugene Catholic Church in Grand Chenier.

The wedding was postponed from an earlier date due to an accident in which Miss Dupuis was in.

Family night held at school

Family Night was held on Feb. 17, at South Cameron Elementary School. Clubs participating were South Cameron Elementary, South Cameron Jr. High and Senior 4-H clubs.

Randalin Crain conducted the evening's program. The presidents of the three clubs introduced their officers to the group.

A special activity was the tribute to the graduating 4-H seniors read by Renee' Boudreaux. Seniors honored included Randalin Crain, Alan McCall and Larry Myers.

For the recreation session there were the life saver race, parents against 4-H members and the banana eating contest.

For the conclusion, Agent Gary Wicke presented grand awards to Wilda Mason, Jr. Division, and Phyllis McCall, Sr. Division.

Super rich brownies taste great

JON VIE BROWNIES

Adapted from a recipe originated by a New York City bakery and repeated by request.

2 cups granulated sugar
1 cup firmly packed light brown sugar
2-3rds cup light corn syrup
1 cup butter, softened
6 large eggs
6 squares (6 ounces) unsweetened chocolate, melted
2 cups flour, stir to aerate before measuring
2 cups pecan halves

Stir together the sugars, corn syrup and butter. Stir in eggs, one at a time, just until absorbed. Stir in chocolate, then flour, until blended. Reserve ½ cup of the nuts and stir in the rest. Turn into an ungreased jellyroll pan (about 15 by 10 by 1 inch). Sprinkle with reserved nuts. Bake in a preheated 350-degree oven until a cake tester inserted in center comes out clean — 40 minutes. Place pan on wire rack until cold. Cut into bars.

Oven bake chicken, curry dish

OVEN CHICKEN CURRY

Our latest idea, and something new under the culinary sun!

3-pound frying chicken, cut up
¼ cup flour
Salt and pepper
3 tablespoons butter
1-pound Spanish onion, peeled and quartered and cut in thin strips (2½ cups packed)
2 teaspoons curry powder
¾ pound (3 medium-small) tart green apples, peeled and cored and thinly sliced (2 cups)
1-pound can tomatoes, undrained

Wash and thoroughly dry chicken; coat with about ½ of a mixture of the flour, 1 teaspoon salt and ¼ teaspoon pepper. In a large skillet in the hot butter brown chicken; remove. In the drippings in the skillet gently wilt the onion; stir in the remaining flour mixture, curry powder and 1½ teaspoons salt; add the apples and tomatoes and cook over low heat, breaking up with a wooden spoon, until apples soften; do not boil. Turn onion mixture into an oblong 3-quart glass baking dish (13½ by 8¾ by 1¾ inches) or similar utensil. Top with the chicken, skin side up. Bake, uncovered, in a preheated 350-degree oven until chicken is tender and crisp — about 45 minutes. Makes 4 to 6 servings.

Stir fry cabbage in wok

Contributed by the well-known teacher of Chinese cooking and author of cookbooks.

1 small head cabbage, about 1 pound
2 tablespoons peanut oil
1 teaspoon salt
½ teaspoon sugar

Remove tough outer cabbage leaves and discard. Quarter head; cut out core pieces and discard. Cut cabbage into 1½ by 1-inch chunks and separate leaves — there should be about 6 cups firmly packed. Sprinkle with a little water. Heat a wok; add oil and cabbage; stir fry over high heat for 2 minutes, lowering heat if the cabbage starts to brown. Add salt and sugar and stir to mix well. Add 2 tablespoons water and cook, covered, over high heat for 2 minutes. Toss well and serve at once. Makes 4 servings.

Pan bread fills in for breakfast

BRAN PAN BREAD

If there's any leftover, wrap in foil and reheat.

1 cup flour, fork-stir before measuring
2 teaspoons baking powder
½ teaspoon salt
¾ cup unprocessed and unsalted miller's bran, available at "health" stores
1 large egg
¼ cup honey
¼ cup butter or margarine, melted and cooled
¾ cup milk

On wax paper stir together the flour, baking powder and salt; stir in bran. In a medium mixing bowl beat together the egg, honey and butter until blended; add the flour mixture and the milk; stir until dry ingredients are thoroughly moistened. Turn into a buttered 8 by 8 by 2 inch cake pan. Bake in a preheated 400-degree oven until a cake tester inserted in center comes out clean — about 15 minutes. Top will not be browned. Cut in squares and serve hot with butter and honey

MULLED WINE

Lengthwise strips of rind (yellow part only) of one lemon
10 whole cloves
1 cinnamon stick
½ cup sugar
4-5 quart bottle dry red wine
Juice of 1 lemon

In a large saucepan boil together for 15 minutes the lemon rind, cloves, cinnamon, sugar and 2 cups water. Remove rind and spices; discard. Add wine and lemon juice to saucepan and heat but do not boil. Serve hot in mugs. Makes 6 to 8 servings.

Perfect spinach serves two

Follow directions and you'll have a perfect vegetable.

10-ounce bag fresh spinach, end stems removed
2 tablespoons olive oil
½ teaspoon (scant) salt
⅛ teaspoon (scant) pepper
1 tiny clove garlic, halved and smashed

Wash the spinach well in cold water; lift out of water. In a large saucepot cook the spinach in the water clinging to its leaves over moderate heat, uncovered and turning constantly with a fork, until wilted and there is no liquid. Off heat, with kitchen scissors, coarsely cut spinach into short lengths. Add the remaining ingredients and stir over low heat until flavors blend and spinach is very hot; remove garlic. Serve at once. Makes 2 hearty servings.

Volunteers needed to work with the elderly

Volunteers can do much to make the lives of the aging better and happier, according to Rev. M. S. Robertson, Director of the Cameron Parish Council on Aging.

A number of aging live on marginal incomes, and they can hardly afford services that volunteers might render.

One area where help can be given is in the area of minor household tasks and repairs.

Repairing a torn screen or trimming a sticking door or repairing a leaky faucet could be very helpful to those who cannot afford or who cannot obtain repairmen.

Volunteers are needed along with information about which repairs they can attempt.

Some of the aging are not able to even change a light bulb.

Lawn and yard care can be a real problem where one's health or strength will not allow the aging to do this.

Errands and simple chores are often impossible for the aging, especially those who are sick or handicapped.

Transportation can be a pressing problem for some do not have or drive cars and need transportation for health services, groceries, and other emergencies.

Sometimes they need some one who will drive their car for them.

At times there is no nurse or member of the family capable of taking care of the invalid or near invalid.

Bathing changing clothes, grooming, and other assistance can make life easier and happier and cooking may be too much for some.

There are many of the Aging who are lonely, and any companionship may brighten their day.

A friendly visit, or even a telephone call, can give them reassurance and brighten their lives.

We are hoping that a substantial number of people will volunteer personal services to help the aging to live happier, more healthy, and useful lives, Rev. Robertson said.

Those who wish to render an important service to these people may volunteer by writing to the Cameron Council on Aging, P. O. Box 421, Cameron, Louisiana 70631, or by telephoning 775-5668.

Volunteers shoulld list services they can render and hours and days they will be available.

NOTICE OF PUBLICATION FOR THE STATE MINERAL BOARD STATE OF LOUISIANA BATON ROUGE, LOUISIANA 70821

By virtue of and in conformity with the provisions of Chapter 1 of Title 30 of the Louisiana Revised Statutes of 1950, as amended, notice is hereby given that bids will be received in the Office of the State Mineral Board, State Lands and Natural Resources Building, Baton Rouge, Louisiana, up to and before the 19th day of April, 1977, at 1:00 P.M., for a lease to explore, drill or mine for and produce oil, gas and any other liquid or gaseous hydrocarbon minerals, sulphur and potash upon and on the following described tracts (Tract Nos. 14453 through 14455), at which time and date the bids will be opened publicly in the State Land and Natural Resources Building, Capitol Complex, Baton Rouge, Louisiana.

TRACT 14453 — PORTION OF BLOCK 7, WEST CAMERON AREA, REVISED, Cameron Parish, Louisiana — That portion of Block 8, West Cameron Area, Revised, Cameron Parish, Louisiana, belonging to the State of Louisiana and not under mineral lease on February 10, 1977, described as beginning at the Southeast corner of Block 8, West Cameron Area, Revised, having Lambert Plane Coordinates of X = 1,332,419.52 and Y = 382,790.24; thence West 7,379.02 feet; thence North 1,895.08 feet to the Southeast corner of State Lease No. 7240; thence Northeasterly along the Southeastern boundary of said State Lease No. 7240 to its Southeast corner having Lambert Plane Coordinates of X = 1,332,419.52 and Y = 400,785.24; thence South 9,995.10 feet to the point of beginning, estimated to contain approximately 2,431.38 acres, as shown outlined in red on a plat to be filed in the State Land Office. All bearings are based on Louisiana Lambert Plane Coordinate System (South Zone).

TRACT 14454 — PORTION OF BLOCK 7, WEST CAMERON AREA, REVISED, Cameron Parish, Louisiana — That portion of Block 7, West Cameron Area, Revised, Cameron Parish, Louisiana, belonging to the State of Louisiana and not under mineral lease on February 10, 1977, described as beginning at the Southeast corner of Block 8, West Cameron Area, Revised, having Lambert Plane Coordinates of X = 1,332,419.52 and Y = 382,790.24; thence West 7,379.02 feet; thence North 1,895.08 feet to the Southeast corner of State Lease No. 7240; thence Northeasterly along the Southeastern boundary of said State Lease No. 7240 to its Southeast corner having Lambert Plane Coordinates of X = 1,332,419.52 and Y = 400,785.24; thence South 9,995.10 feet to the point of beginning, estimated to contain approximately 2,431.38 acres, as shown outlined in red on a plat on file in the State Land Office. All bearings are based on Louisiana Lambert Plane Coordinate System (South Zone).

TRACT 14455 — PORTION OF BLOCK 2, WEST CAMERON AREA, REVISED, Cameron Parish, Louisiana — That portion of Block 2, West Cameron Area, Revised, Cameron Parish, Louisiana belonging to the State of Louisiana and not under mineral lease on January 6, 1977, described as follows: Beginning at the Southwest corner of Block 2, West Cameron Area, Revised, having Lambert Plane Coordinates of X = 1,339,798.34 and Y = 392,790.24; thence North 8,048.87 feet along the West line of said Block 2 to the Southeast corner of State Lease No. 2760, as amended; thence East 6,496.15 feet to a point of intersection with the circular perimeter of State Lease No. 194, as amended; thence Southerly and Southeasterly along the circular perimeter of said State Lease No. 194 to the intersection with a line having a Lambert Plane Coordinate of X = 1,408,916.16; thence South 5,294.41 feet to the intersection with the South line of said Block 2; thence West 3,109.99 feet along the South line of said Block 2 to the point of beginning, estimated to contain approximately 456 acres, as shown outlined in red on a plat on file in the State Land Office. All bearings are based on Louisiana Lambert Plane Coordinate System (South Zone).

All bids to offer a cash bonus for a lease having a primary term which shall not exceed five years and granted only a royalty and of title or recourse against lessor warranty or guaranty of title or implied, not even for return by lessor of any money received under the lease or being otherwise responsible to lessee. Minimum royalties shall be one-eighth (1/8th) of all oil produced and saved, one-eighth (1/8th) of all gas produced and saved or utilized, one-eighth (1/8th) of the value per long ton when marketed on sulphur produced and saved, but not less than two dollars ($2.00) per long ton; one-eighth (1/8th) of the value per ton when marketed on potash produced and saved, but not less than ten cents (10¢) per ton; one-eighth (1/8th) of all other liquid or gaseous hydrocarbons when produced and saved.

The minimum royalties above are not to be construed as values acceptable to the Board, but are the policy of the Board to reject any bid which does not reflect the full potential. The Board considers bonus, royalty percentage and also compares royalty with that granted by landowners in the area in the exercise of its discretion, the Board also reserves the right to accept any bid that reflects tract values, and to waive the minimum royalty requirements of R.S. 30:127, as amended.

All leases awarded shall be executed and shall be subject to conditions provided in the current State lease form and all applicable riders appended thereto, including but not limited to provisions as follows: Should lessee fail to begin the actual drilling operations of a well on the lease premises within one year from the date of the lease, the lease shall terminate as to both parties to the lease, unless on or before such anniversary date, lessee shall pay a delay rental (which shall in no event be less than one-half of the bonus offered), which shall cover the privilege of deferring drilling operations for a period of one year. Upon like payments annually, the drilling operations may be further deferred for successive periods of one year each during the primary term of the lease. The lease shall provide for the drilling of offset wells, under the necessary facts and the State's interest and shall prohibit any unauthorized pooling, assignment or sublease of the lease unless approved by the State Mineral Board. The lessee shall not enter into pooling or unitization agreements with respect to development of the leased premises subject to the approval of the State Mineral Board.

Certified check, cashier's check or bank money order payable to the REGISTER, STATE LAND OFFICE, for the full amount of the cash bonus, shall accompany and be submitted with each bid, and no bid submitted may be withdrawn thereafter withdrawn or cancelled and certified check, cashier's check or bank money order accompanying the bid of the successful bidder shall be immediately negotiated by the REGISTER, STATE LAND OFFICE and the proceeds thereof disbursed in the manner required by law. The successful bidder to whom the lease is awarded on the date of the sale shall execute and file written lease, duly executed, within TWENTY (20) DAYS after bidder's receipt of same, under penalty of forfeiture of his bid and the bonus previously tendered and negotiated in the event of failure to do so.

Consistent with the policy of the Board as expressed in a resolution dated August 12, 1965, all bidders are hereby notified that bids on portions of tracts shall be described by metes and bounds and be accompanied by a transparent plat outlining thereon the portion of the tract bid on, and the plat should be 1 inch = 4,000 feet.

The State Mineral Board reserves the right to reject any and all bids or to grant a lease on any portion of the tract advertised, or to withdraw the remainder of the same.

Retirees may file Form W-4P

Retirees can avoid making quarterly tax payments by filing a Form W-4P to have Federal income tax withheld on each pension and annuity payment, the Internal Revenue Service said.

By filing a Form W-4P, "Annuitant's Request for Federal Income Tax Withholding," with the agency paying the pension or annuity, the taxpayer will not have to estimate the amount of tax owed nor will he or she have to pay a large sum of money at one time. The only requirement with a W-4P form is that at least $5 per month be withheld. Then the taxpayer must only file an annual tax return on or before April 15.

If a retiree does not file a W-4P and receives pension payments or other incomes which are subject to tax, he or she must file a declaration of estimated income tax, Form 1040-ES, when the estimated tax is $100 or more.

Even if some tax money is witheld, a declaration must be filed when the estimated gross income includes more that $500 on which not tax has been withheld. This, too, only applies when the estimated tax in $100 or more.

Payment is then made either when the Form 1040-ES is filed or in equal quarterly installments beginning with the filing form, the IRS said.

Taxpayers can obtain further information by checking with a local IRS office.

On motion of Mr. Richard seconded by Mr. dupont, and carried, the Board granted Mrs. Leona McWhirter a Sabbatical Leave for rest and recuperation effective February 14, 1977 to May 27, 1977.

On motion of Mr. dupont, seconded by Mr. Jones, and carried, the Board approved the appointment of Denise Leveque as a third grade teacher for South Cameron Elementary School effective March 7, 1977 to May 27, 1977.

On motion of Mr. Trahan, seconded by Mr. Jones, and carried, the Board granted a naternity leave to Denise Guillory effective March 30, 1977 and extending to the end of the 1976-77 school session.

On motion of Mr. Richard, seconded by Mr. Dupont, and carried, the Board granted Marsha Corbello a maternity leave effective March 11, 1977 and ending April 20, 1977.

On motion of Mr. Jones, seconded by Mr. Dupont, and carried, the Board voted to approve Nelson LeBlanc's retirement as a bus driver on June 1, 1977 and to advertise for applicants for his replacement.

On motion of Mr. Trahan, seconded by Mr. Doland, and carried, the Board named Thomas W. McCall as Superintendent of Cameron Parish Schools effective July 1, 1977 for a term of four years at an annual salary of $26,000.00. The vote is recorded as follows:

AYES: Trahan, Doland, Jones, Dupont, Richard, Taylor
NAYS: None
ABSTENSIONS: None
ABSENT: Riggs.

RESOLUTION

STATE OF LOUISIANA
PARISH OF CAMERON

WHEREAS, Louisiana's Governor Edwin Edwards has publicly urged police juries to adopt the unit system stating that it is in the public interest; and,

WHEREAS, the Legislative Auditor and his predecessor, the Supervisor of Public Funds, have together for the past several years continually recommended the Parish-wide System of Operations for police jury operations; and,

WHEREAS, the Public Affairs Research Council of Louisiana, Inc., a respected private non-profit research agency devoted to improving Louisiana Government at all levels, recommends this Parishwide System of Operation for police juries; and,

WHEREAS, the citizens and taxpayers of Cameron Parish are entitled to have competent and careful management of the operations of the Parish, with reasonable safeguards to assure that fair value be received in the Parish for all funds expended; and,

WHEREAS, the Cameron Parish Police Jury is desirous of insuring a businesslike administration of all public services under its supervision and authority.

NOW, THEREFORE, BE IT RESOLVED, by the Police Jury of the Parish of Cameron, that:

SECTION I: In order to better achieve and accomplish the results as stated above this Body does hereby establish a Parishwide System of operation for the management of Cameron Parish.

SECTION II: Final authority for achieving the purposes of this resolution shall remain vested in the Police Jury, which shall function as a body in formal session, and, in order to carry out the day to day functions incident to the operation of the Parish, shall by resolution duly delegate authority to committees, subordinate officers and employees as may be named herein or in the future.

SECTION III: It is the declared intention of the Police Jury of Cameron Parish in this resolution that from and after this date each and every Parish act which shall be considered, that the funds shall be expended and the equipment used to the end that the interest of all of the people in all sections of the Parish will best be served.

Except, however, those funds presently derived from taxes voted within one or more Road districts shall be kept separate from other Parish funds and shall be used solely within said Road Districts for purposes for which such taxes were voted by the taxpayers.

SECTION IV: That in pursurance of the purposes of this resolution, the following steps are authorized and directed:

(1) Effective March 1, 1977, no expenditures for road purposes shall be made unless approved in the budget as adopted or amended by the Police Jury.

(2) Effective immediately the Parish Treasurer shall be responsible for the supervision of all parish operations, on responsibility chart.

(3) Effective immediately, money collected from special road district tax levies shall be spent in the district in which the taxes are levied, but such expenditures shall be made only if approved in the parish budget and shall be made only under the supervision and direction of the Parish Treasurer.

(4) Establish job descriptions and classifications for employees in order to facilitate hiring of such employees and establishing pay scales. The job descriptions and pay scales shall be approved by the Police Jury before implementation.

SECTION VI: To further implement the purposes of this resolution, the Parish Engineer shall immediately proceed to accomplish the following and give a report of his progress on or before June 7, 1977:

(1) Begin preparing a five year parish road construction program with the construction projects grouped in an order of priority.

(2) Begin developing a maintenance program for parish roads designed to first bring all roads up to acceptable standards and then work towards establishment of a maintenance scheduled designed to keep all roads in good condition and to prevent their deterioration.

(3) Integrate the construction and maintenance programs so that the maintenance schedule reflects the new construction, such as surfacing of shell roads which will change the maintenance requirements for such roads.

SECTION VII: That no employee shall be terminated as a result of any anticipated budget manpower savings realized under the Parishwide System of Operation it being this Police Jury's intention that such savings shall be absorbed by attrition through retirement or termination from other cause.

Fishing rodeo set July 2-4

The Cameron Deep Sea Fishing Rodeo has been set for July 2-4 in Cameron with headquarters at Bolo's Ice Dock.

Plans were made at the meeting of the club last Wednesday night at the Cameron Fire Station.

A substation will be established this year at the Grand Chenier State park which will be in radio contact with the Cameron headquarters weigh station.

A miniboard will also be set up at the park with hourly updating so a person docking at the park can check to see if their catch is worth a trip to the Cameron weigh station.

First place trophies will be given this year for the largest fish in each catagory each day, in addition to all other prizes and trophies which will be the same as last year.

The blessing of the fleet will kick off all activities and will include two categories, fishing craft and oil company boats.

First through third trophies will be awarded in each class.

The deadline for the weigh-in each night will be 7 p.m. and all prizes will be awarded on the last night of the Rodeo at the headquarters in Cameron at 7:30 p.m.

Many events are also being planned for the on-shore activities including dances (both street dances and at the Cameron Recreation Center) a carnival for the children, shrimp boils, mini bike and go-cart races, waterfights, etc.

The next planning meeting will be held on Wednesday night, April 20 at the Cameron Fire Station and all club members are invited to attend, according to Ray Burleigh, club president.

Burleigh said that club memberships are also sought from anyone wishing to join.

TOP WINNERS in the Favorite Food Show held Saturday in Cameron were, from left: Mrs. Roland Trosclair, Jr., adult sweepstakes winner; Betty Dugas, Cameron parish Egg Cookery winner; and Jolene LaBove, junior sweepstakes winner.

Cameron citizens welcome French

By GENEVA GRIFFITH

Cameron Parish opened its heart and hospitality to the French Navy Saturday when the captain and crew of the French naval destroyer "Arcturus" were honored with a banquet, reception, open house and an old fashioned "Fais-do-do" at the Woodmen of the World hall in Creole.

The local event was sponsored by the Cameron parish CODOFIL chapter and Mrs. Adam Conner, chapter president, and her husband served as hosts.

An exchange of cultures was the order of the day, with everyone getting into the act.

A local Creole-French band, Baro and the Teardrops, played Cajun music for an old fashioned "Fais-Do-Do."

A French folk singing group from Quebec, Canada, composed of teachers who are teaching French in the Lafayette area for CODOFIL, sang native folk songs and everyone joined in singing in French.

Even the French sailors got into the act with impromptu songs from their native country, to entertain the group.

Members of the Home Demonstration clubs and CODOFIL members prepared the meals and served the tables.

Students of the 8th grade class at South Cameron high school also helped serve.

Captain Jean Pierre Laurent was presented with a key to the city by Cameron parish sheriff Claude Eagleson and made an honorary deputy sheriff.

The captain and crew were also presented with a cake made in the replica of the ship and each one received a ditty bag with various gifts of the area.

An open house was held during the afternoon so area citizens could come and meet the crew and speak with them in both English and French.

Captain Laurent commended the local people on their warmth and said the crew had enjoyed being able to have fun and not serve on protocol as they have been called on so much to do on their trip.

The ship was docked at the Port of Lake Charles and was the first French naval ship to visit the area.

Superintendent-elect has a full background

Thomas "Sonny" McCall was elected Superintendent unanimously by the Cameron Parish School Board at its regular meeting March 14.

Mr. McCall will replace the retiring Superintendent of Schools, U. W. Dickerson, on July 1.

The superintendent-elect is the son of Mr. and Mrs. Carl McCall of Grand Chenier and nephew of the late Thomas W. McCall, who served as Superintendent of Schools of Cameron Parish for 38 years.

McCall is married to the former Janie Arceneaux, who is a graduate of Hackberry high School and is currently a teacher at Grand Chenier Elementary School. They are the parents of five children, Jody, Mike, Denise, Thomp, and Tim and grandparents of Christopher Carl, son of Jody and Carolyn Rutherford McCall.

A graduate of Grand Chenier High School, Mr. McCall received his B. S. degree from the University of Southwestern Louisiana and his M. Ed. from McNeese State University and is currently doing post graduate work at McNeese State University.

His teaching career began in 1957 in Avoyelles Parish at Bunkie High School as a math-science teacher and assistant football coach. He came to South Cameron High School as a science teacher and assistant coach in 1958 and served in that capacity until 1966 when he was assigned to principalship at Grand Chenier Elementary School.

In 1971 Mr. McCall was named to the central office staff as Assistant Superintendent in 1973.

Mr. McCall belongs to numerous local, state, and national professional organizations and is past President of the Cameron Parish Teachers' Association, current Chairman of the Teacher Welfare-Insurance Committee, and is District 7 Representative on the State Louisiana Teachers' Association Welfare Committee.

He is a member of the Lions' Club, J. P. Boudoin K. of C. Council, St. Eugene Catholic Church, South Cameron Athletic Association, Grand Chenier Athletic Association, and the Board of Directors of the Cameron Parish Little League.

In 1965 Mr. McCall received the V.F.W. Cameron Parish Citizen of the Year Award.

McCall served in the capacity of Civil Defense Director for Cameron Parish for 10 years, has been chairman of the 4H-FFA Livestock Sale Committee for 5 years, and has worked with the summer youth baseball program for 18 years.

"I think that we in Cameron Parish have made great strides over the years through very hard and trying times for everyone involved," Mr. McCall said. "I think that we have one of the best systems in the state and this has been possible because of our teachers' and children's attitude, concerned parents, public support, and dedicated personnel. I'm open to suggestions comments, and advice from all."

3 share top awards in food show here

By GENEVA GRIFFITH

Cameron Parish's best cooks displayed their favorite dishes and vied for honors in the Cameron Parish Homemakers Council's annual Favorite Food Show held Saturday at the Cameron Elementary school.

Mrs. Roland Trosclair Jr. of Cameron captured the adult sweepstakes award and Jolene LaBove of Sweet Lake received the junior sweepstakes award.

The each received an engraved plaque.

Mrs. Trosclair's winning recipe was an original "Seafood Sunshine" which combined three products Cameron Parish is famous for: shrimp, crabmeat and oysters.

Miss LaBove won her award on an original "Chicken and Broccoli Surprise." Jolene is the daughter of Mr. and Mrs. Sanders LaBove of Sweet Lake.

Betty Dugas, daughter of Mr. and Mrs. Albert Guidry of Sweet Lake, took top honors in the parish Egg Cookery contest on her original "Egg and Shrimp Supreme".

She will represent the parish in the district Egg Cookery contest at Lafayette in May. There she will be competing for cash and special awards with 44 contestants.

At the conclusion of the show all participants and onlookers were allowed to sample each dish.

Other first place winners in the adult category were Mrs. Robert Ortego, Mrs. W. L. Duhon, Mrs. Albert Guidry and Mrs. John M. Theriot.

Schools to get gas here

South Cameron elementary and South Cameron high schools will be served with natural gas representatives of the Entex Co. told citizens of the Oak Grove area at a meeting Thursday night at the Elementary school.

The Oak Grove area is the only area in the parish left without natural gas service and the citizens expressed concern that once the two schools are served the surrounding homes will be left out.

Entex has promised to serve the area from the Vocational-Technical school on the west to the Annie Meaux home on the east provided the cost of establishing the services is borne by the residents.

Leslie Griffith, Melvin Tarter, and Dorsey LeBouef were chosen by the group to make a survey of residents in the area to see how many want natural gas so it can be determined what it will cost each customer, and whether or not it will be feasible to lay the line.

Season extended

Ratification of the extension of the oyster season in the west side of Calcasieu lake in Cameon parish will be done by the Louisiana Dept. of Wildlife and Fisheries at its monthly meeting in New Orleans next Thuesday.

Belgium choir to sing here

Cameron parish will be on the itinerary of the Belgium choir "Cahnte-Cite" when they made their American tour in April.

The choir, composed of over 40 voices, sings works from each century, from the reniassance to the present day.

They will appear in Cameron under the auspices of the Cameron Parish CODOFIL chapter and will present a free concert at the Cameron Elementary school auditorium on April 13.

They will also sing at a special French Mass at the Sacred Heart Catholic church in Creole at 5 p.m. that day.

They will be housed in the homes of Cameron parish citizens the night of the concert.

Parish kids are tops

Cameron parish FFA and 4-H exhibitors walked off with some of the top prizes at the recent LSU Spring Livestock Show in Baton Rouge.

Thomp McCall, South Cameron FFA, exhibited the reserve grand champion market lamb and also the reserve champion Hampshire lamb and received $7.50 a pound or $892 for the animal.

Other Cameron parish winners were:

Robert L. Savoie, South Cameron FFA, champion brahman bull.

Laurence Mhire, South Cameron FFA, champion brahman female.

Donna Doland, South Cameron FFA, champion purebred shorthorn, English crosses, market steer.

A. J. Ewing, South Cameron FFA, reserve champion Hampshire boar.

Blaine Buford, Hackberry 4-H, reserve champion Duroc sow.

Aging meeting

Rev. Minns Robertson, director of the Cameron Council on Aging; announces that the Creole, Grand Chenier area group will have their monthly meeting Monday, March 26, at 10 a.m. at the American Legion Hall in Creole.

He said anyone may bring a guest 60 and older.

Entertainment will be provided.

Delmus Hebert named to post

Delmus Hebert, Grand Lake High School principal, has been appointed by Mrs. Helen O. Reeds, of the Board of Elementary and Secondary Education from the Seventh Congressional District, to a special committee called the Educational Accountability Task Force.

Members of the force are selected throughout the state and represent those who will work with the accountability plan, which should assure quality in teachers, administrators and programs for students.

The task force held its first meeting March 8 in Baton Rouge.

BLAINE BUFORD, Hackberry 4-H club member, is shown with his pig that was named the reserve champion Duroc gilt at the recent LSU Spring Livestock Show. Making the presentation was Peggy Young of Wisnor, the Louisiana Pork Queen.

THESE FRENCH teachers from Quebec, Canada entertained with French folk songs for the visit of the French Navy group to Cameron last week. The teachers are all teaching in the Lafayette area.

JIMMY BOYER, center, spoke on Bank Week at the Cameron Lions Club meeting last week. Shown with him are E. J. Doronet, left, and Duford Harrington, Cameron bankers.

Cameron folks have more than share banks

Jimmy Boyer, president of the Gulf National Bank of Lake Charles and president-elect of the Louisiana Bankers Assn., was guest speaker at last week's meeting of the Cameron Lions club.

He was introduced by E. J. Dornet, president of the Cameron State Bank, and spoke on "Louisiana Bank Week," which is sponsored by the Louisiana Bankers Association.

The slogan for this year is "Banks have it all" and Boyer pointed out that the banking industry in Louisiana stresses service as a reason for being.

Boyer said that of the 254 banks in Louisiana, 50 are national and 204 are state banks.

There are 585 branches, with a total of 839 bank locations in the state, or an average of one bank for every 4300 customers.

He said that people in Cameron are indeed lucky because they have a bank location for every 1365 people.

He explained that complete electronic "no check" banking service is coming, but is so far out in the future there is no need for this generation to worry about it.

DEADLINE SET ON REDEEMING RICE

Rice farmers with 1976 crop rice under the price support loan program now have until June 30, 1977 to redeem the rice, according to Charles S. Hackett, County Executive Director for the Agricultural Stabilization & Conservation Service in Calcasieu and Cameron parishes.

He said that the United States Department of Agriculture on March 17, 1977 announced an extension of the maturity date for 1976 crop rice loans. What this means Mr. Hackett said is that the maturity date for 1976 crop rice under loan with ASCS has been extended from April 30, 1977 to June 30, 1977 at the option of producers.

Calcasieu and Cameron Parish rice producers whose rice is under loan or covered by purchase agreement and who desires to take advantage of the later maturity date will be required to sign an agreement to that effect at the parish ASCA office on or before April 30, 1977 Hackett said.

RICE DEADLINE IS NEAR HERE

Rice farmers in Calcasieu and Cameron parishes are reminded of the March 31 deadline for releasing or requesting rice allotment acreage, by Charles S. Hackett, County Executive Director for the Agricultural Stabilization and Conservation Service in Calcasieu and Cameron parishes.

If a farmer with a rice allotment will not plant rice in 1977 or will not plant the entire rice acreage allotment he may want to release the acreage to the parish ASC county committee. Temporarily releasing allotment acreage for 1977 can protect the allotment for future years Mr. Hackett said.

Sweetlake club honors teachers

The Sweetlake EHC club held a Teachers Appreciation Day Monday, March 21 honoring the teachers at Grand Lake high.

Club members prepared all the food. The table was decorated with purple Wysteria.

Special guests for this occasion were Mr. Dickerson, Mr. Ortego and Mr. Taylor from the Cameron Parish School Board.

DAIRY POSTERS

The American Dairy Association of Louisiana, in cooperation with the L. S. U. Cooperative Extension Service, is sponsoring a Dairy Poster Contest for all 4-H Club members, regardless of projects they are enrolled in.

The three parish winning posters will be sent to Baton Rouge for state competition on May 2nd. April 22nd is the deadline for turning in posters for the Parish contest.

NOTICE OF PUBLICATION FOR THE STATE MINERAL BOARD OF THE STATE OF LOUISIANA BATON ROUGE, LOUISIANA

By virtue of oil and in conformity with the provisions of Chapter 2, Title 30 of the Louisiana Revised Statutes of 1950, as amended, sealed bids will be received in the Office of the State Mineral Board, State Land and Natural Resources Building, Baton Rouge, Louisiana, on or before the 13th day of April, 1977, at 1:00 P.M., for a lease to explore, drill or mine for and produce oil, gas and any other liquid or gaseous hydrocarbon minerals, sulphur and potash in and on the following described tracts (Tract Nos. 14453 through 14455), at which time and date the bids will be opened publicly in the State Land and Natural Resources Building, Capitol Complex, Baton Rouge, Louisiana.

TRACT 14453 — PORTION OF BLOCK 8, WEST CAMERON AREA, REVISED, Cameron Parish, Louisiana — That portion of Block 8, West Cameron Area, Revised, Cameron Parish, Louisiana, belonging to the State of Louisiana and not under mineral lease on February 10, 1977, described as follows: Beginning at the Southeast corner of Block 8, West Cameron Area, Revised, having Lambert Plane Coordinates of X = 1,332,419.52 and Y = 393,790.24; thence West 7,379.02 feet; thence North 1,675.08 feet to the Southwest corner of State Lease No. 7238; thence Northeasterly along the Southeastern boundary of said State Lease No. 7238 to its Southeast corner, having Lambert Plane Coordinates of X = 1,332,419.52 and Y = 400,785.34; thence South 6,995.10 feet to the point of beginning; estimated to contain approximately **731.38 acres**, as shown outlined in red on a plat on file in the State Land Office. All bearings are based on Louisiana Lambert Plane Coordinate System (South Zone).

TRACT 14454 — PORTION OF BLOCK 7, WEST CAMERON AREA, REVISED, Cameron Parish, Louisiana — That portion of Block 7, West Cameron Area, Revised, Cameron Parish, Louisiana, belonging to the State of Louisiana and not under mineral lease on February 10, 1977, described as follows: Beginning at a point on the West line of Block 7, West Cameron Area, Revised, having Lambert Plane Coordinates of X = 1,332,419.52 and Y = 400,390.24, the same being the Northwest corner of State Lease No. 7239; thence North 395.10 feet to the Southwest corner of State Lease No. 7240; thence Northeasterly to the Southeast corner of said State Lease No. 7240, having Lambert Plane Coordinates of X = 1,336,804.82 and Y = 403,928.13; thence North 2,715.02 feet to a point having Lambert Plane Coordinates of X = 1,336,804.82 and Y = 406,643.15; thence Southeasterly to a point having Lambert Plane Coordinates of X = 1,339,798.54 and Y = 406,205.75; thence South 5,815.31 feet to the Northeast corner of said State Lease No. 7239; thence West 7,379.02 feet to the point of beginning, estimated to contain approximately **417.29 acres**, as shown outlined in red on a plat on file in the State Land Office. All bearings are based on Louisiana Lambert Plane Coordinate System (South Zone)

TRACT 14455 — PORTION OF BLOCK 2, WEST CAMERON AREA, REVISED, Cameron Parish, Louisiana — That portion of Block 2, West Cameron Area, Revised, Cameron Parish, Louisiana, belonging to the State of Louisiana and not under mineral lease on January 21, 1977, described as follows: Beginning at the Southwest corner of Block 2, West Cameron Area, Revised, having Lambert Plane Coordinates of X = 1,405,806.20 and Y = 393,790.24; thence North 8,048.87 feet along the West line of said Block 2 to the Southwest corner of State Lease No. 2760, as amended; thence East 696.13 feet to a point of intersection with the circular perimeter of State Lease No. 194, as amended; thence Southerly and Southeasterly along the circular perimeter of said State Lease No. 194 to the intersection with a line having a Lambert Plane Coordinate of X = 1,408,916.19; thence South 5,294.41 feet to the intersection with the South line of said Block 2; thence West 3,109.99 feet along the South line of said Block 2 to the point of beginning, estimated to contain approximately **1,000.00 acres**, as shown outlined in red on a plat on file in the State Land Office. All bearings are based on Louisiana Lambert Plane Coordinate System (South Zone).

All bids to offer a cash bonus for a lease having a primary term which shall not exceed five years and granted without any warranty in the title or recourse against lessor whatsoever, either expressed or implied, not even for return by lessor of any payments received under the lease or being otherwise responsible to lessee. Minimum royalties shall be one-eighth (1/8th) of all oil produced and saved, one-eighth (1/8th) of all gas produced and saved or utilized, one-eighth (1/8th) of the value per long ton for sulphur marketed or utilized, one-eighth (1/8th) of all gas produced and saved, but not less than ten cents ($0.10) per long ton; one-eighth (1/8th) of the value per ton when marketed or utilized, one-eighth (1/8th) of all other liquid or gaseous hydrocarbons produced and saved.

The minimum royalties above are not to be construed as values acceptable to the Board, but it is the policy of the Board to reject any bid which does not reflect true potential. The Board considers bonus, royalty percentages, but also compares royalty with that granted by adjacent leases. It is in the exercise of its discretion, the Board also reserves its right to accept any bid that reflects tract potential and satisfies it of the minimum royalty requirements of R.S. 30:127, as amended.

All leases awarded shall be executed upon terms and conditions provided in the current printed lease forms with additional riders appended thereto, including but not limited to provisions as follows: Should lessee fail to begin the actual drilling operations on a well on the lease premises within one year from the date of the lease, the lease shall terminate as to both parties. The lessee may on or before such anniversary date, lessee shall pay a delay rental (which shall in no event be less than one year's rental) per acre, which shall cover the privilege of deferring the drilling operations for a period of one year. Upon like payments and tenders, such operations may be further deferred for each succeeding one year each during the primary term of the lease. The lease shall provide for the drilling of offset wells where necessary to protect the State's interest and shall contain the provisions against the assignment or sublease of the lease unless approved by the State Mineral Board. The lessee shall have the right to pool, unitize or unitization agreements with respect to development of the leased premises subject to the approval of the State Mineral Board.

Certified check, cashier's check or bank money order payable to the REGISTER, STATE LAND OFFICE, for the full amount of the cash bonus, shall accompany and be submitted with each bid, and no bid in any manner conditioned or thereafter withdrawn or cancelled will be considered. Each cashier's check or bank money order accompanying the bid of the successful Bidder shall be immediately negotiated by the REGISTER, STATE LAND OFFICE and the proceeds thereof disbursed in the manner required by law. The successful bidder to whom the lease is awarded on the date of the lease sale shall return the written lease, duly executed, within TWENTY (20) DAYS after bidder's receipt of same under penalty of forfeiture of the lease and the bonus previously tendered and negotiated in the event of failure to do so.

Consistent with the policy of the Board as expressed in a resolution dated August 17, 1965, all bidders are hereby notified that bids on portions of tracts should be described by metes and bounds and be accompanied by a transparent plat outlining thereon the bid area requested. The scale of the plat should be 1 inch = 4,000 feet.

The State Mineral Board reserves the right to reject any and all bids or to grant a lease on any portion of the tract advertised and to withdraw the remainder of the tract.

"Chante-Cite," choir from Belgium

Belgian choir to sing Tuesday

A 28-member Belgian choir will perform in six South Louisiana cities in April--including Cameron and Lake Charles under the sponsorship of the Council for the Development of French in Louisiana and the Belgian government.

The group will perform at Our Lake Queen of Heaven Catholic church in Lake Charles at 7:30 p.m., Monday, April 11, at the Cameron elementary school auditorium at 7 p.m., Tuesday, April 12.

The group, "Chante-Cite", meaning Sing - City, is from Boussu-Bois, in the southwest part of Belgium. The singers range in age from 18 to 46 years and consists of 18 women and 12 men.

The singers have varied backgrounds.. They include doctors, professors, therapists, plumbers, students, nurses, pharmacists, photographers, technicians, mechanics, and housewives.

Their singing includes classical compositions of Jean-Sebastien Bach, like the "Magnificat", or Monteverdi and his "Orfeo", but also a histroical program showing the evolution from the middle ages until today, with songs of the internationally know singer, Jacques Brel (remember the English version "Don't Leave Me Alone"?) or Georges Brassens.

The group will begin their singing tour in Houma April 2-3-4. On April 5, they will be in New Iberia. The group will be in Lafayette April 6-7-8, and in Kaplan April 9 and 10. On April 11, they will be in Lake Charles, and April 12 in Cameron.

CODOFIL is presently attempting to locate local families which would host the singers in their homes in the different cities in which they will perform. Anyone interested can contact the CODOFIL office in Lafayette at (318) 233-1020.

At 5 p.m. Wednesday the choir will also sing at a special French Mass at the Sacred Heart Catholic Church in Creole.

Sheriff district formed

A new law enforcement taxing district, incompassing all of Cameron parish, was created by the Cameron police jury at its monthly meeting Tuesday.

Parish Treasurer Garner Nunez said the new district was being created in compliance with new state legislation that provided that funds for the operation for the sheriff's department in each parish will come from a direct tax.

millage he would have to submit the additional millage to a vote of parish citizens.

Since the 16 percent will not be subtracted from the parish taxes collected for the jury, school board and other public bodies, the jury Tuesday lowered the millage that it and the various public bodies collect.

In the past the sheriff has secured his funds from 16 percent of the taxes collected for the police jury, school board and other public taxing dirstict.

Mr. Nunez said the sheriff will have the authority to levee 10.86 mills on all taxable property in the parish, which will bring in the same amount of funds that he is now getting.

Fire ant solution sought by jurors

Treatment of parishes in Louisiana infested with fire ants will begin again some time in the future but it is still not known weather Cameron parish will be included.

County Agent Clifford Myers told the Cameron police jury Tuesday that the parish has a bad infestation of the ants but that he did not think the parish would be included in any aerial application program of the U. S. and Louisiana Departments of Agriculture.

Aerial application was made in the parish some years ago but was stopped because there was a fear that the Myrex poison being used might affect marine life such as crabs, shrimp, fish, etc.

Since then the county agent and the state department of agriculture has made sacks of the Myrex available to parish land owners to be applied to the ant mounds by hand. But even this was stopped several years ago because of the inveiomental danger.

Myers told the jury that there is only one plant making Myrex--in Mississippi--and it is on strike. However, he thought the poison could be secured for distribution after the strike was over.

Jury members told him to go ahead and try to get some of the poison.

In the meantime, Commissioner of Agriculture Gil Dozier announced that Myrex is being made in a new formula so that only one-third as much Myrex will be placed in the enviroment and yet offer the same degree of control of the ants as offered by the previous bait formulation.

Oyster season closed in lake

The season for taking of oysters in Calcasieu Lake's west side has been closed effective at Midnight March 31, according to J. Burton Angelle, secretary of the department of wildlife and fisheries.

The Louisiana Wildlife and Fisheries Commission at its regular monthly meeting in New Orleans March 29, authorized Angelle to close the season as originally set, or extend it, based upon biological data supplied by commission personnel.

Angelle said that data indicated the harvest of oysters on the West Side of the Calcasieu ship channel had been sufficiently large enough to warrant closing of the season at this time.

He said that enforcement of the closed season would be strict.

Glaucoma unit coming here

One of the leading causes of blindness in Louisiana will be dealt a serious blow Wednesday, April 13, when the Lions Mobile Glaucoma Screening Unit comes to Cameron.

Glaucoma is a symptomless disease in its early stages, but one whose progress towards blindness can be halted through early detection and treatment. Glaucoma is most prevalent among adults.

The tests will be given free of charge all day Wednesday.

The Unit will be parked at the Cameron Fire Station and will be manned by Lions volunteers headed by Rodney Guilbeau of Cameron.

Staffing is done by the Louisiana Lions Eye Foundation and assisted by the Louisiana State Association of Optometrists.

No appointments are necessary for the tests, which take only a few minutes and are painless.

In the test, a measuring instrument is used to record the fluid in the eyeball.

An elevated pressure might mean glaucoma, or it might mean something else.

Persons with an elevated pressure are referred to doctors for a complete eye check.

The Cameron Lions Club announced that screening tests for visual acuity also will be given and all tests are free.

"Considering how serious glaucoma can be if it is not detected in its early stages, this is a rare opportunity to safeguard your eyesight," said Ward Fontenot, Club president.

Jury to aid assessor with extra funds

The Cameron Parish Police Jury Tuesday agreed to put up its share of the additional $20,000 needed by the Cameron assessor's office annually to assess property in the parish.

The school board and other taxing authorities in the parish will share in the funding of the additional expenses.

Ambrose Savoie, tax assessor, explained that in the past the State Tax Commission has taken care of assessing oil wells, boats, pipelines, etc., but under a change in the law he will be responsible for this in the future.

The additional $20,000 will permit him to hire additional help and buy additional supplies to do this work.

The assessing of locally owned property such as homes and businesses will be carried as usual, he said.

HOMEMAKER SERVICE

The jury also made application to the Division of Family Services for the continuation of the homemakers service in the parish. This is a service to elderly and disabled persons.

Pete Picou, pairsh coordinator, told the jury that the parish will receive $11,641 this year to operate the family services with the jury putting up $1552.31 toward the project.

The jury designated Karo's Hobby Shop at Sweetlake as an official tourist information center for the parish.

A right-of-way for a new road in the Oak Grove area was accepted from Warren Miller. The jury will build the road with its own crews.

Ernest Broussard's resignation from the Recreation District No. 5 board was accepted and Betty LaBove was named to his place.

Bobby Conner was named to succeed Robert Ortego, who resigned, on the Creole recreation d

Father Dimas given award

The Memorial Chalice presented each year to a newly ordainded priest in the assembly area was presented to the Rev. Jerome Dimas M.S. of Sulphur at the meeting held by Msgr. H. Cramers General Assembly, Fourth Degree Knights of Columbus Thursday, March 24 at the St. Henry K. of C. Council Hall.

Making the presentation was immediate Past Faithful Navigator Luderin Darbone.

Rev. Dimas is the son of Mr. and Mrs. Ray Diams of Creole.

Bridge asked again

The Cameron Parish Police Jury Tuesday again officially asked the Louisiana Highway Department to build a bridge across the Calcasieu river ship channel at Cameron, but members indicated they did not have much hope of getting one any time soon.

The request was prompted by the installation of a small 8-car ferry that has replaced the large 50-car ferry on the ship channel while the latter is in drydock.

The small ferry is unalbe to carry trucks and is to small to provide adequate crossing for all the cars that use the ferry.

The jury has requested a bridge over the channel on numerous occasions in past years but there has never been any serious hopes of securing a bridge because of the tremdous cost involved.

One Cameron businessman at the meeting said the small ferry did not have enough power to go straight across the channel when the tide was running and was carried a ways down stream before getting across.

Codofil meet set for Monday

The April meeting of the Cameron Parish CODOFIL Chapter will be held Monday night, April 11, at 6:30 p.m. in the cafeteria of South Cameron Elementary school.

Mrs. Adam Conner, president, said plans will be made for the Belgium choir performance in Cameron.

"Chante-Cite," choir from Belgium.

Belgian choir to sing Tuesday

A 28-member Belgian choir will perform in six South Louisiana cities in April--including Cameron and Lake Charles under the sponsorship of the Council for the Development of French in Louisiana and the Belgian government.

The group will perform at Our Lake Queen of Heaven Catholic church in Lake Charles at 7:30 p.m., Monday, April 11. at the Cameron elementary school auditorium at 7 p.m., Tuesday, April 12.

The group, "Chante-Cite", meaning Sing - City, is from Boussu-Bois, in the southwest part of Belgium. The singers range in age from 18 to 46 years and consists of 18 women and 12 men.

The singers have varied backgrounds. They include doctors, professors, therapists, plumbers, students, nurses, pharmacists, photographers, technicians, mechanics, and housewives.

Their singing includes classical compositions of Jean-Sebastien Bach, like the "Magnificat", or Monteverdi and his "Orfeo", but also a histroical program showing the evolution from the middle ages until today, with songs of the internationally know singer, Jacques Brel (remember the English version "Don't Leave Me Alone"?) or Georges Brassens.

Senior citizens are invited to meeting

The Catholic Daughter of Our Lady Star of the Sea Catholic Church and the United Methodist Women of Wakefield Memorial United Methodist Church, Cameron, will sponsor a Senior Citizens Fellowship to meet monthly in the Cameron area.

All people of the area who are 60 and older, along with their husbands and wives, are invited. The first meeting will be at the Catholic Hall on Sunday, April 24 at 6 p.m.

The ladies of both groups will cooperate in providing refreshments and entertainment each month, and the meeting will alternate between the Catholic Center and the Methodist Recreation Hall.

A portion of the program will be designated to inform the people of benefits that may be available to the aging. Rev. M. S. Robertson, Director of the Cameron Council on Aging, will be in charge of this section of the program.

Door prizes will be offered to one man and one woman at each session, and a birthday cake is planned for one of the participants, to be chosen by lot if there is more than one birthday.

Transportation for those needing it can be arranged by telephone calling Mrs. Harold (Betty) Savoie, 775-5755.

Mrs. Roland Trosclair, Sr. is president of the Catholic Daughters, and Mrs. Edwin Kelley is president of the United Methodist Women.

There will be a naming contest for the fellowship with an appropriate prize for the winner.

All people of the area over 60 and their husbands and wives, regardless of their religion are invited cordially. They are urged to attend and enjoy an evening of fellowship, refreshments, and entertainment.

Margaret Walther is bike safety teacher

Margaret Walther, Hackberry High School student, daughter of Mr. and Mrs. John Walther, was one of twenty young people who qualified as bicycle safety instructors at a training session last week in Lake Charles.

The two-day sessions featured the All About Bikes program of the National Safety Council with Harold Heldreth, Director, Youth Department, National Safety Council, as training director.

This was the first presentation of this new national program in Louisiana and one of the first ten in the nation according to Mrs. Madelyn Wills, executive director, Calcasieu Area Safety Council.

The new instructors will be available to teach classes in schools or youth groups at the direction of the Calcasieu Area Safety Council.

WE'RE REDUCING OUR WITHDRAWAL— LEAVING MORE FOR YOU.

THERE WILL SOON BE an extra 900,000,000 cubic feet of natural gas available for Louisiana homes and business—about enough energy to meet the fuel and electricity needs of 4,000-5,000 families.

At our Uncle Sam phosphoric acid plant, we've been using natural gas to dry phosphate rock. (The rock is then ground up and treated with sulphuric acid to make phosacid.)

But gas is scarce and expensive now, and ways have been found to wet-grind the rock without drying out its natural moisture first.

So we're undertaking a $4,350,000 project to change from dry-grinding to wet-grinding—and we won't need that gas any more.

Beginning in 1978, we'll leave this gas in the "energy bank" to meet your needs.

P.S. Our sulphur business saves energy, too. In fact, when sulphur is made into sulphuric acid, the energy generated is considerably greater than the energy used to mine the sulphur.

FISHERMEN, setting their nets in the roadside bar ditches are creating a problem for many homeowners living along Highway 27-82 coming into Cameron. The fishermen are trespassing on private property, trampling down the grass and leaving a mess behing them. For this reason, No Trespassing sings have been erected on the front lawns of many homes.

Firm opens new facilities

Whitney Supply Co. celebrated the grand opening of its new facilities on the Jetty Road in Cameron Friday night by serving over a ton of boiled crawfish to visitors and customers.

Due to the raining weather a giant circus tent was set up in back of the building under which all the boiling kettles and rows of tables were placed for people to eat on.

Baro and the Teardrops furnished the music for an old fashioned "Fais-Do-Do" with dancing in the warehouse building.

Curtis Thibodeaux is the local manager of the plant and visitors came from as far as New York City for the opening.

The Challenge of Genealogy

by MARIE WISE

This first "Challenge of Genealogy" column makes its debut as what the writer plans to be a regular series on a subject that has fired the curiosity of thousands throughout history.

"Challenge" seems a suitable name for a genealogy column because tracing your family is exactly that: An intriguing and rewarding pastime that always offers one more puzzle to be solved.

This column will be published in two weekly newspapers, The Southwest Builder at Sulphur and The Leesville Leader at Leesville, and other publications as they may be added.

The author has been writing professionally for newspapers for more than 30 years. She grew up in the oldest permanent settlement in the Louisiana Purchase: Natchitoches, founded 1714, and has been interested in genealogy for a lifetime.

The number of people today turned on by genealogy is at an alltime high. Stimulated by the Bicentennial Celebration with its emphasis on the people who built our nation, more individuals now than ever before want to know who their ancestors were, where they came from and what they did.

All genealogists, new or experienced, need a lot of help. Their best source of help is other genealogists. Therefore, this column will serve as a forum for question its readers may want to ask about their particular research problems and, hopefully, may be able to provide some answers in reply from other readers.

We invite readers to submit questions to this column as well as information they think may be of interest to others. We will review genealogical and historical books, articles, unpublished manuscripts, and other material useful in family researching.

All correspondence should be addressed to: Marie Wise, "Genealogy", P.O. Box 99, Sulphur, La. 70663.

GOOS FAMILY

Mrs. J.G. Miltner, 4012 Holly Hill Road, Lake Charles, La. 70605, is doing research on the Goos family, Lake Charles pioneers from about 1855.

Daniel Johannes Goos was born 23 March 1815 in Wyk, Insel Fohr, Denmark. On 26 March 1846 in New Orleans, he married Katherine Barbara Moeling, born 28 November 1827 in Newstadt on the Hardt, Germany.

They had 15 children who married into the Flanders, Fitzenriter, Lock, Wachsen, Funk, Jessen, Richards, Perkins, Timmons, Bel, Green, Reeves and Williams families. Both died in Lake Charles in the late 1800s.

A niece of Daniel Johannes Goos, Gardina Amelia Goos married Simon Baker Jacobsen and they also lived in Lake Charles. He was a sea captain carrying lumber to foreign ports for Capt. Daniel Goos.

Mrs. Miltner, who is president of the Southwest Louisiana Genealogical Society, writes that she is doing further research on the Goos line. Her earliest records were obtained from Ev.-luth. Pfarramt--Nicolai Church in Wyk, on the Island of Fohr, one of the North Friesian Islands in the North Sea. The Pastorate of the church is located in Boldixum, Fohr.

Book review

'Sunshine' book is Jimmie Davis story

"You Are My Sunshine: The Jimmie Davis Story" by Gus Weill, pub. by Word Books, 187 pp., $7.95

Reviewed by MARIE WISE

There's a laugh on almost every page, sometimes a tear, but most of all the thought that you want to read this book again because it leaves you feeling good.

What makes this life story of the former Louisiana governor and country music singer extraordinary is the stories told by Jimmie Davis himself. And what stories-beginning in a sharecropper's cabin where parents, grandparents and 11 children struggled to make it through just one more day and concluding after he had twice made it all the way to the state mansion.

The book does not highlight poverty and privation nor studying desperately and being hungry most of the time you worked your way through college. It doesn't dwell on the harshness of politics nor expose any individual or organization. It has no anger, bitterness, denunciation or criticism.

What it does have is humor. The book is funny, full of classic "country boy" tales such as Jimmie's teenage visit to the state fair. After his shirt caught fire on the roller coaster, he and his friends were picked up by the police for questioning. Among their problems was explaining their Jackson Parish address: Beech Springs, near Quitman, between Antioch and Solemn Thought Church.

Many of the stories center on love for family and friends and the omnipresence of an abiding faith. Perhaps most of all, the book tells about one man's ambition to improve his status: His American Dream. "If a man is willing to dream it.....to sacrifice for it, he'll own the dream. It will be his forever."

The life story is factual, but always lightly handled. And it's full of names: The political history makers of Louisiana plus half a dozen presidents, and the entertainers Jimmie Davis met along the way to becoming a member of the Country Music Hall of Fame, the Song Writers Hall of Fame and Gospel Singer of the Year.

The book's title comes from what has been called "the Louisiana anthem," the song composed by Jimmie Davis and his band leader in the early 1940s and widely used in his unique political campaigning that offered more music than speech making.

"You Are My Sunshine" has since been recorded more than 350 times in every musical style from pop to soul and has been played by a hundred piece orchestra in Carnegie Hall.

The book has about 50 photographs, including the Beech Springs basketball team wearing football uniforms and leather soled brogans.

The Jimmie Davis story is another one that could happen only in America; perhaps only in Louisiana. It may rightly be called inspirational and historical because indeed it is both; but predominantly the book is entertaining—it makes you glad you read it.

The small verses have the lilt of limericks and imaginative rhymes: "The greatest miracle God wrought, was when He split His Adam; and thereby forthwith Eve He brought - the world's most famous madam."

One verse is about a fossil that is docile; another tells of the 'gator who sneers "Glad I ate 'er"; one more reports on the glutton who finds "his pants won't button."

Repeatedly, wisdom is woven in with lines that sing in double-rhyme: "Nothing's so flimsy as bits of whimsy; yet what can last so long? A fairy tale will never pale, nor will a sweet love song."

And advice, re-inforced by humor: "Don't hide your light beneath a bushel, or any other hamper; but neither let it blow a fuse, or overstrain an ampere."

It's a small book with a large amount of good reading.

'Small verse'

"A Small Book of Small Verse" by Sam Kushner, pub. by Expositon Press, 78 pp., $4.50

Reviewed by MARIE WISE

"Betcha can't read just one" might be a suitable caption for Sam Kushner's small verses because each clever little rhyme seems to whet the appetite for more.

The reader is led from one page to another through more than a hundred small verses that take a perceptive and amusing look at the many sides of people. The look is always a brief one presented in verses from the longest of 24 lines to the shortest of only two.

The Lake Charles businessman who authored this collection has put together his observations of more than 70 years with wit and wisdom, poking gentle fun at the foibles of humanity.

He draws his themes from everywhere: Children, lovers, kings and queens, lambs, wolves, polar bears and teddy bears, tobacco, traffic cops, red carpets, wars, apple pie, the bible, sin, Indians, hippos and a glow worm.

His characters are people: Mostly you and I, sometimes represented by alligators or a goose, but also interpreted by such well known names as Marie Antoinette, Aristotle, Cleopatra, St. George, Nero, Henry the Eighth, Aristotle, the Angel Gabriel, Salome, William Tell, Sampson, Caeser, King David, Adam and Eve, Napoleon, and ever Kilroy.

New guide out for Mississippi homes

"Old Homes of Mississippi" by Helen Kerr Kempe, pub. by Pelican Publishing Co., 2 vol., 150 pp. and $2.95 each

Reviewed by MARIE WISE

Two perfect companions for a trip to Mississippi have been published just in time for spring tours of the Magnolia state's beautiful buildings.

Paperback and carrying size, these guide books are exactly what a sightseer needs. They are filled with information: Historical, architectural, geographical and personal.

They may be purchased singly or together. Each one tells about some 300 different places worth seeing, using from one to several paragraphs for each.

Volume I features Natchez and the South with separate chapters on nine areas: Woodville, Natchez, Port Gibson, Vicksburg, Canton-Yazoo City, Jackson, Hattiesburg, the Gulf Coast and Meridian.

Volume II describes Columbus and the North with chapters on Macon, Columbus, Starksville, Aberdeen, Corinth, Holly Springs, Oxford, Sardis, Granada, Carrollton and Greenville-Delta.

Whatever part of Mississippi you may want to visit, one of these guide books tells about every historic place there is to see, its name, age, history, what families did or do live there, which homes are private, which are open for viewing during the famous annual Spring Pilgrimage, during the Artist Guild Home Tour, sometimes, all the time, or never.

Exact addresses are given, which buildings or homes charge a fee for touring and when, special features of each, some that are in ruins, some that may be viewed only from the outside, those that are listed in the National Register of Historic Places.

Not only mansions are featured in these books, though Mississippi has many, but also churches, schools, cemeteries, battlefields, Indian mounds, cottages, museums.

"Pirate's Pantry, Treasured Recipes of Southwest Louisiana" by The Junior League of Lake Charles Inc., P.O. Box, 3066, 403 pp., $7.50, add $1.00 for mailing

Reviewed by MARIE WISE

No matter how many recipe books you already have, there's one more you're going to want: "Pirate's Pantry" first published in November, the Junior League's treasure chest of recipes, area sketches, history and assorted information on how to handle the "natural riches" of southwest Louisiana.

This is no ordinary cookbook. It contains at least a thousand recipes on heavy, ivory-tone paper using blue print throughout. It has the popular spiral binding and for special lagniappe, a dozen full-page sketches of the Calcasieu area including Contraband Bayou, the Majestic Hotel, the Arcade Theatre, the Sallier Oak, the Bel lumber mill and a Jean Lafitte map. On the back of each sketch is its story.

The section on seafood alone is worth the price of the book. Not only does it have more than 100 recipes but also special "how to" pages on cleaning and cutting fish, (with diagrams) opening oysters and peeling crawfish, hard or soft shell crab and shrimp.

The wildlife section is full of gems for Louisiana cooks: the cleaning, preparing and pot roasting of game, "deer skinning in five minutes," and a collection of some 40 recipes including orange glazed duck, apple-apricot goose, venison chili, 'gator meat balls and "drunk squirrels" (baked in beer).

The variety of recipes ranges from gumbos to pickled turnips. The vegetables include area specialties: soybeans, cushaw, several for eggplant, mirlitons and assorted squash.

Almost 200 desserts are given: the Majestic Hotel black bottom pie, watermelon sherbert, a bread pudding recipe five generations old.

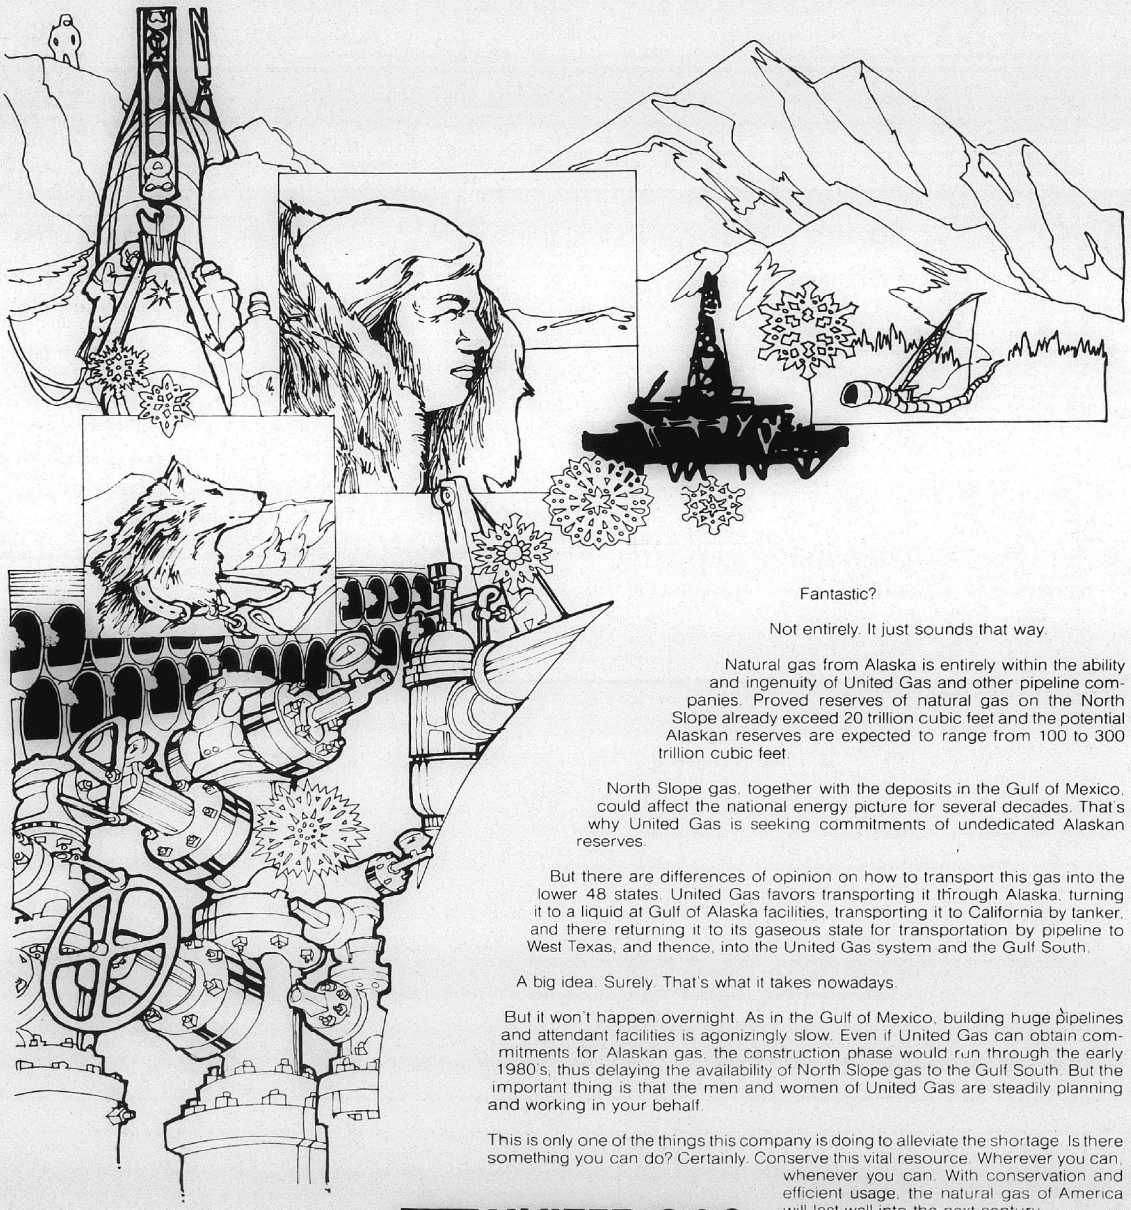
Gas for the Gulf South from the frozen North



Fantastic?

Not entirely. It just sounds that way.

Natural gas from Alaska is entirely within the ability and ingenuity of United Gas and other pipeline companies. Proved reserves of natural gas on the North Slope already exceed 20 trillion cubic feet and the potential Alaskan reserves are expected to range from 100 to 300 trillion cubic feet.

North Slope gas, together with the deposits in the Gulf of Mexico, could affect the national energy picture for several decades. That's why United Gas is seeking commitments of undedicated Alaskan reserves.

But there are differences of opinion on how to transport this gas into the lower 48 states. United Gas favors transporting it through Alaska, turning it to a liquid at Gulf of Alaska facilities, transporting it to California by tanker, and there returning it to its gaseous state for transportation by pipeline to West Texas, and thence, into the United Gas system and the Gulf South.

A big idea. Surely. That's what it takes nowadays.

But it won't happen overnight. As in the Gulf of Mexico, building huge pipelines and attendant facilities is agonizingly slow. Even if United Gas can obtain commitments for Alaskan gas, the construction phase would run through the early 1980's, thus delaying the availability of North Slope gas to the Gulf South. But the important thing is that the men and women of United Gas are steadily planning and working in your behalf.

This is only one of the things this company is doing to alleviate the shortage. Is there something you can do? Certainly. Conserve this vital resource. Wherever you can, whenever you can. With conservation and efficient usage, the natural gas of America will last well into the next century.

Mrs. Precht is talented artist

By GENEVA GRIFFITH

Mrs. Charles Precht Jr. could be called Cameron Parish's "Artist Laurete."

The self-taught artist takes the natural scenery of the area in which she lives and makes it come alive in oils on the many many canvesses she has painted.

She said that she has been drawing ever since she was able to hold a pencil in her hand, then one Christmas her husband presented her with her first set of oils and she has had a paint brush in her hand ever since.

She catches the beauty of the march during every moment of the day, from dawn to the beautiful sunsets.

Her wildlife scenes seem almost real with her mallard ducks, pintails, and geese caught on the wing or coming in for a landing in the marsh bayous.

Her flowers look as thought they have just been picked and still have the fresh dew on the petals.

This rare gift she has makes it possible for her to exactly duplicate what she sees around her on to the surface of the material on which she paints, all without the benefit of even one formal lesson.

She is a very busy housewife and mother of two sons who all help in the family operated rice farm with an almost 800 acres of rice planted each year.

She does all of her own work and cooking and only when this is done can she sit down and devote her time to the thing she loves to do most, her hobby of painting.

One of her bedrooms was converted into a studio where she retires to after dinner each day for about 3 hours of painting and creating.

Just before Christmas she and a friend, Mrs. Frank Woodard were in Texas attending a rock show and got the idea of painting on shells when they saw some shells with some designs on them.

She thought of painting a whole scene on a shell, just like she put on canvesses.

From this, the idea slowly evolved that perhaps a hole could be drilled in the top with a minute drill, a gold keeper and ring inserted which could be hung on a chain, it would make a unique necklace.

She painted a few samples on some shells that she picked up at Rutherford beach and sold them to friends as soon as she could get them painted.

Word spread like wildfire and everyone was clamoring for an original necklace for themselves and for gifts.

Each one is different and many custommade to the special likes of the person ordering it.

Her mother-in-law is a "Cactus nut" and naturally had to have cactus painted on hers, others wanted birds, flowers, beach or march scenes, some wanted alligators, and there were also juvenile charactors for the children.

Mickey Mouses and owls spring forth in vivid color under the magic of her tripple 000 sable brush and no detail is left out, although you would think that she would need a magnifying glass to paint the intricate small things.

She also paints on rocks and petrified wood (which has just been made a state fossel, so the price will now rise.).

She buys her onyx and gem stones that she paints on from rock hounds but knows that her supply of shells for her necklaces is endless and free for the beachcombing.

Whitney Supply is Proud to be a Part of Cameron's Growth...
Whitney Supply Company, now at its new Davis Road location in Cameron, is happy to be a part of this important Gulf Coast center of activity for the petroleum industry. We felt over five yeas ago that Cameron's people and facilities had great potential. This basic feeling prompted our decision to establish a store in Cameron early during 1972; our belief has certainly been proved correct.
With Store Manager Curtis Thibodeaux and his staff of Jason Billings, Judy Thibodeaux and Timothy Trahan, we now look forward to being part of even further growth as Cameron continues to play an important role in the national effort to develop our energy resources.

WATERWORKS DISTRICT NO. 10
OCTOBER 7, 1976

Johnson Bayou Waterworks District No. 10 held a meeting on October 7, 1976. The meeting was called to order by President, Lloyd Badon. Those present were:

Lloyd Badon; J. P. Constanct; J. B. Erbelding; Tommy Pease; Archie Berwick; Ray Conner; George Bailey, Lonnie Harper; Hayes Picou, Jr.; and J. B. Jones, Jr.

Mr. Bailey made a presentation to the board in regards to the status of the water project and indicated that the project would be cut from $2.5 million dollars.

Hayes Picou, Jr. presented a presentation in regards to Farmers Home Administration in order for the board to apply for funds through F.H.A. for a water system.

However, at this time the board decided against applying through F.H.A. for funds that they may have available due to the problems of waterworks dist. No. 7 All approved except Dave Griffin, who was absent.

Mr. J. B. Jones, Jr., Assistant District Attorney in Cameron Parish Louisiana suggested to the board to create a Fire District, in order to make themselves eligible of having bonding power to supply enough bonds to obtain the system. After a lengthy discussion amongst the board members in regards to the creation of a fire district the board decided that the creation of a fire district would be the most feasible way to provide its people with the needed water supply of the district.

The board requested the Mr. Jones write the legal description of the fire district and submit it to the Cameron Parish Police Jury at its next regular meeting on November 2, 1976 for approval by the Cameron Parish Police Jury.

Mr. Harper was instructed to contact the Hackberry Waterworks District in order that Waterworks District No. 10-Johnson Bayou may purchase water from Hackberry District in order to help lower the cost of the complete water system. The engineers were to report at the next regular meeting.

Being no further business the meeting was adjourned.

WATERWORKS DIST. NO. 10
JANUARY 4, 1977

Johnson Bayou Waterworks District No. 10 held a meeting on January 27, 1977. The meeting was called to order by President, Lloyd Badon. Those present were:

Lloyd Badon; J. P. Constance; Dave Griffin; Archie Berwick; Elmo Theriot; Ross Jr. Constance; Bailey; Sonny Hackett; Lester Richard; and Garner Nunes.

Mr. Bailey made a presentation to the board in regards to purchasing water from the Hackberry waterboard. Mr. Bailey indicated that Hackberry would be very interested in discussing the proposal plan for the purchase of water. Mr. Bailey indicated that Tuesday, February 1, 1977 at 6:00 p.m. the Johnson Bayou Waterworks District would meet with the Hackberry Waterboard to further discuss the proposed plan.

Mr. Bailey then proceeded to give a lengthy discussion on the proposed project, he explained the size of the lines, the area to be covered and the amount of water that the project would handle. He indicated that the system was not only adequate to cover present situations, but enough was included to cover all existing situations that might occur in the near future.

The total cost of the system is $2,266,290.00, with a project bond issue to be voted on by the Johnson Bayou Waterworks District No. 10 of approximately 25 mills. He also indicated that the local people within the bond district would pay back less than ½ cent on a dollar.

Mr. Bailey proceeded to take the assessment of one of the highest assessed people living within the district using the proposed mileage to show them what they would have to pay, both tax wise and for the pruchase of water for one year, and indicated that the cost would be approximately $80.00.

The Board agreed to meet with Hackberry on Tuesday, February 1, 1977 at 6:p.m. to discuss it further.

PROCEEDINGS
WATERWORKS DIST. NO. 10
JANUARY 4, 1977

Johnson Bayou Waterworks District No. 10 held a meeting on January 27, 1977. The meeting was called to order by President, Lloyd Badon. Those present were:

Lloyd Badon; J. P. Constance; Dave Griffin; Archie Berwick; Elmo Theriot; Ross Jr. Constance; Bailey; Sonny Hackett; Lester Richard; and Garner Nunes.

Mr. Bailey made a presentation to the board in regards to purchasing water from the Hackberry waterboard. Mr. Bailey indicated that Hackberry would be very interested in discussing the proposal plan for the purchase of water. Mr. Bailey indicated that Tuesday, February 1, 1977 at 6:00 p.m. the Johnson Bayou Waterworks District would meet with the Hackberry Waterboard to further discuss the proposed plan.

Mr. Bailey then proceeded to give a lengthy discussion on the proposed project, he explained the size of the lines, the area to be covered and the amount of water that the project would handle. He indicated that the system was not only adequate to cover present situations, but enough was included to cover all existing situations that might occur in the near future.

The total cost of the system is $2,266,290.00, with a project bond issue to be voted on by the Johnson Bayou Waterworks District No. 10 of approximately 25 mills. He also indicated that the local people within the bond district would pay back less than ½ cent on a dollar.

Mr. Bailey proceeded to take the assessment of one of the highest assessed people living within the district using the proposed mileage to show them what they would have to pay, both tax wise and for the pruchase of water for one year, and indicated that the cost would be approximately $80.00.

The Board agreed to meet with Hackberry on Tuesday, February 1, 1977 at 6:p.m. to discuss it further.

Blessing of fleet planned for holidays

A meeting of the fishing and oil company boat owners was held this week in the Cameron Fire Station to map out plans for the Blessing of the Fleet which will be held during the Cameron Fishing Rodeo during the July 4th weekend.

The Blessing of the Fleet will be held at 2 p.m. on Friday July 1st, which will officially start the weekend festivities.

The blessing will take place in front of the Trosclair Ice Company dock and after the event there will be a parade of boats around "Monkey Island", led by the Sheriff's boat where all the boats will be blessed at dockside.

Boat decorations can be ordered at Marine and Fishermen's Supply in Cameron, Ray Burleigh, President of the Rodeo Association, said.

There will be another meeting held in June to finalize the plans, Burleigh said.

Cameron scene ...

VISITORS FROM all over the United States flocked to Cameorn to salt water fish on the Cameron jetties. The jetties rim the mouth of the Calcasieu River as it empties into the Gulf of Mexico and fishermen can catch all sorts of fish. This is a cheap way to get some good fish, no boat is needed, and you can sit on the granite rocks, close to shore and safety. (Photo by Geneva Griffith)

Two named to school posts

Adam Conner, South Cameron elementary school principal, and Miss Judith Jones, Grand Chenier elementary teacher, were named as curriculum supervisors for Cameron Parish schools effective July 1 by the Cameron parish school board Monday.

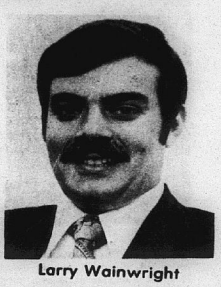
The new appointments were necessitated by the promotion of Thomas (Sonny) McCall and Robert Ortego to the posts of superintendent and assistant superintendent, respectively, last month by the school board. They also will resume their new duties July 1.

There were 10 applicants for the two supervisors' positions and school board members said that all of the applicants were well qualified. The vote on the appointments was unanimous.

The new supervisors will spend four days a week during the school session working with teachers in the various classrooms.

Mr. Conner has been principal at South Cameron elementary since it opened in 1969.

Applications are being taken by the school board for his replacement.



Larry Wainwright

Wainwright is named to post

E. J. Dronet, president of Cameron State Bank has announced the election of Larry R. Wainwright as vice president.

Mr. Wainwright has been in banking for seven years and was previously employed by Guaranty Bank and Trust Company of Alexandria as a branch manager.

A graduate of Pineville High School, he attended Northeast La. State College at Monroe majoring in Finance, and graduating with a Bachelor of Business Administration degree. He also attended L.S.U. at Alexandria.

Mr. Wainwright has received the Basic and Standard Certificates from the American Institute of Banking.

He is married to the former Kathy Lawrence of Alexandria and has two daughters, Lauren, 4, and Beth, 1 1/2.

He has been active in the Alexandria Lions club, Toastmasters International and Ward 10 Bassmasters Club.

Mr. Dornet stated that Mr. Wainwright's principal duties will be Loan Officer and Personnel Officer as well as assisting in the general operations of the Bank.

Mr. Dronet stated "we are extremely happy to have Mr. Wainwright associated with our bank. His education and experience should be a great asset to us in our bank's continued growth."

School, students are commended by board

The Cameron parish school board Monday adopted a resolution commending South Cameron high school for being co-winners of first place in Division III of the Southwest Literary Rally on March 26.

The board also adopted a resolution congratulating all of the parish FFA and 4-H club members who won awards with their animals at the district and state livestock shows.

Jerry Jones, local attorney, told the board that Louisiana Resources Co. has agreed to furnish natural gas to South Cameron high and elementary schools from its new pipeline going through the area. The gas will be furnished by the Entex Co., which in turn will serve the schools.

The board agreed to furnish its prorata share of a $20,000 year increase in the expenses of the local assessor's office to enable him to reassess all property in the parish.

Tax millages for all of the school districts were lowered to take into account that the sheriff will not be charging a fee for collecting such millages in the future. The sheriff's office will be financed by a special law enforcement district tax.

Resignations of four teachers were accepted: James D. Feaster at South Cameorn high; Denise Guillory at Johnson Bayou elementary; Susan K. Watts as Cameron elementary kindergarden teacher; and Renee Boudreaux at Johnson Bayou.

Another teacher was dismissed for not complying with the board's policy on corporal punishment.

Arnold Jones was named to represent the board on the Parish Council on Aging.

A request from the Boy Scout Council for permission to use the South Cameron high athletic bus to take Scouts to the National Jamboree in Pennsylvania this summer will be looked into by the board.

Rev. Paul Carter

Revival slated at local church

The Rev. Paul Carter, pastor of the First Baptist Church, Grand Chenier, will conduct revival services in the Cameron First Baptist Church, beginning Sunday morning, April 17 and continuing through Saturday night, April 23.

The Sunday night service will be at 6 p.m. and the weekly services will begin at 7 p.m. nightly.

The Rev. Carter was in full time evangelist service before coming to Grand Chenier. He has just concluded a revival in Anchorage, Alaska.

Rick Ramsey, music director of the First Baptist church of Maplewood, will direct the music during the revival.

He has served as a music director in the Lake Charles area and also worked with the B.S.U. at McNeese.

There will be a nursary for children under three.

Milsap feted at Cajun feast

By ELORA MONTIE

A Grand Chenier couple recently spent four days in Nashville, Tenn. helping introduce some of the country music people to some good Cajun cooking.

Teddy and Sue Broussard went up to help Mrs. Ronnie Milsap and Mr. and Mrs. Don Reeves prepare a Cajun supper in honor of Ronnie Milsap who recently won a Grammy Award in Los Angeles.

Others attending were Mr. and Mrs. Ben Peters, Mr. and Mrs. Don Blake of Blake Booking Agency, members of Milsap's band, and Diane Jordan of Columbia Records.

The menu consisted of shrimp gumbo, shrimp jumbalaya, fried oysters and shrimp and shrimp cocktail.

Many of the guest had never eaten Cajun food before but all seemed to enjoy it.

Frank Browns given awards

Frank Brown, rig superintendent for Loffland Brothers, has earned the distinction of being a Loffland "Key Man."

The "Key Man Award" is given to rig superintendents who have made a significant contribution toward the improvement of Loffland's image with the customer. This contribution is measured by the number and length of jobs on which Better Total Value ratings are received from the customer.

In connection with the "Key Man Award," Mrs. Margie Brown was presented with the "Queen of Drilling Award" recognizing her indirect but important contribution to her husband's achievement.

Mr. Brown works in Indonesia but maintains his current residence in Singapore. Their stateside address is Cameron.

Charles Perkins

Perkins gets promotion

Charles R. Perkins, branch manager of the Cameron office of the Louisiana Savings and Loan Association since 1973, has been promoted to assistant vice president in the Association.

A graduate of McNeese State University with a degree in business management, Mr. Perkins became associated with the Association in March, 1973.

He is the third vice-president of the Cameron Lions Club. He is married to the former Sammie Jo Miller of DeRidder and they have three children.

Immunization rules changed

Due to recent changes regarding signed parental consent, immunization will no longer be given in the parish schools without the parent being present, according to Dr. W. E. Hunt, Director of the Cameron Parish Health Unit.

A consent must be read and signed by the parent or guardian whenever a minor receives immunization against diphtheria, tetanus, whooping cough, polio, or measles-mumps.

After a child receives a D.P.T. booster, immunity lasts for 5 years. It then is the parents responsibility to check with the health department or family doctor to see when the next booster is due.

"We don't feel that the number of children receiving immunizations will decrease if parents will become more aware of the need to keep up with the shots," added Dr. Hunt.

Immunization from the health unit are given every Thursday. In other communities, the scheduled is as follows:

Grand Lake - at the kindergarten building every 1st Wednesday 1-3 p.m.

Johnson Bayou School - every 3rd Tuesday 10 a.m.-1 p.m.

Hackberry Recreation Center - every 3rd Friday 10 a.m.-1 p.m.

The, health nurse will not give immunizations during the weeks of April 11th & 18th due to meetings.

New fire alarm line installed at Hackberry

The first phase of a new fire alarm system for the Hackberry area has been put into service by the Hackberry Fire Protection District, according to Gerald Landry, Hackberry fire chief.

A watts line to the Cameron Sheriff's department has been put into service and will be used to report all fires and also emergency messages to the Sheriff's Office.

This phone number will be the same as before - 762-7200.

The watts line and the radio alarm system are the first steps twards a new alarm system in the Hackberry area. This radio alarm system is made possible with the purchase of an encoding devise, which was purchased by the Cameron Parish Police jury.

The encoder is large enough to allow each Community in the Parish to install a radio alarm system. The watts line is a joint venture between Sheriff Claude Eagleson and the Hackberry Volunteer Fire Department.

"Thanks must go to the men who work at the Kelso Bayou Bridge, who have answered all the fire calls for the past 17 years," Chief Landry stated.

Poppies to be sold Friday

Yes, The Bible Has a LIVING Witness

It may sound absurd to say this about a collection of writings prepared so many centuries ago.

For in that space of time every living thing on earth has been repeatedly replaced. Empires and whole civilizations have run their course and disappeared. Who, then, could possibly be still around to bear living witness to events so remote in human history?

The answer is, of course—the Catholic Church.

The Church has been carrying on its work of salvation for years before the New Testament writings were completed. And from the very beginning the sacred texts were in her custody and were used in her ceremonies. When the time came to decide which writings were to be accepted as divinely inspired, it was the Church which made the official decision.

For more than a thousand years prior to the invention of printing by movable type, all copies of the Scriptures were laboriously hand-made by monks and scholars of the Catholic Church. With the perfection of the printing process in 1440, one of the first and certainly the most famous publication of the time was the Vulgate version of the Catholic Bible—the celebrated Gutenberg.

Not all Christians agree exactly in all their interpretations of the Scriptures. But all can agree that the Bible is the inspired word of God... that the New Testament presents the life and teachings of Jesus Christ. For we have in the Catholic Church, a living witness to prove it.

Being responsible for the formation of the New Testament, and as custodian for the Old, the Catholic Church can provide a great deal of interesting and helpful information about the Bible. We have put some of this into a pocket-size pamphlet which we will be happy to send free to any Bible lover who requests a copy.

It contains a short story of the Bible... explains why the Catholic Bible contains 46 Old Testament books, inherited from the Jews, and 27 New Testament books, which the Church approved as inspired... gives you solid reasons why you can believe the Bible, but why the Scriptures are not easy to understand... tells you what Catholics believe about the Bible and how they use it.

You can get your free copy of this interesting pamphlet by writing your name and address on the accompanying coupon and mailing it today. You can study it in complete privacy and without obligation. If it raises any questions in your mind and you want additional answers, we will be glad to supply them. But nobody will call on you.

Fill in the coupon and mail it today. Just ask for Pamphlet No. KC-3.

Shrimp, Turkey Make Great Gumbo

So—you have always wanted to try your hand at gumbo? There is no better time than left-over turkey time. Live daringly. Don't toss those last sad pieces. By adding two cans of shrimp you have the basics for a rich, exciting gumbo, Creole style. This easy recipe is for an "okra" type, as distinguished from the kind called "file" gumbo. But don't be afraid of the okra. The trick is to fry it (yes, fry) until, in the words of one old-time Louisiana cook, it "quits ropin'."

SHRIMP AND TURKEY GUMBO

2 cans (4½ ounces each) shrimp
Turkey wing and "drumstick" or equivalent
1/3 cup cooking oil or fresh bacon drippings
1 box (10 ounces) frozen sliced okra
1-1/2 cups chopped onion
3 garlic cloves, sliced
1 can (8 ounces) tomato sauce
1 bay leaf
1/2 teaspoon crushed thyme
1/2 teaspoon cayenne pepper
1 teaspoon salt

Chill shrimp in the cans. Wash all traces of dressing from turkey. Heat oil in a heavy soup kettle; fry okra, onion, garlic together over high heat, stirring constantly, until okra loses its viscous quality. Add 5 cups water; stir well. Add turkey, tomato sauce, seasonings. Bring mixture to a boil; turn heat to simmer. Cover and cook, stirring frequently, 1½ hours or until turkey falls easily from the bone. Remove meat; break into bite-size pieces; discard all bone, skin, gristle. Return turkey to gumbo; add shrimp and all shrimp liquid. Heat. Spoon gumbo around mounds of fluffy rice. 6 main-course servings.

Reduce Heating & Cooling Costs with Insulating Glass Wood Windows

Whether building or remodeling you need to choose all materials carefully. It's not the original cost of materials that's important, it's the high cost of the energy to heat & cool your residence using these materials that is becoming the main consideration before selection.

Considering that a $300-1973 home heating cost could be $1,000 in 1976 (HUD estimate) you can quickly see why product performance should be carefully studied.

The most obvious way to conserve heat is to adequately insulate the house. Once proper insulation is in place the next area to consider is window and door design. After a house is fully insulated, up to 30% of the remaining heat loss can be saved by the selection of proper windows. Don't forget also that the reverse of heat saved carries over to air conditioning where cool air is desired inside the house.

Many types and styles of windows are available on the market. Most common is either aluminum or wood. Wood is the best insulator...1770 times more efficient than aluminum.

A feature which is almost standard in window specifications is the use of insulated glass. Insulated glass cuts heat loss in half over single glazed sash. This has several advantages beside heat savings. These include greater comfort, less maintenance, less window washing because there are fewer glass surfaces to clean by eliminating the need for costly storm windows. Messy condensation problems are also reduced.

Insulated glass windows are simply two pieces of glass, hermetically sealed together with a ¼" air space and set into an extruded, flexible vinyl gasket. This completely eliminates any need to clean the inside surfaces.

Another overlooked benefit from wood insulated glass windows is that heating/cooling equipment can be reduced due to lower BTU heat loss in winter and heat gain in summer.

Wise Energy Utilization Saves Money

Reducing energy costs is high on the list of priorities of many American families. And using less energy not only helps control utility bills but conserves the nation's energy resources.

Residential consumers and the business community can play a major role in reducing energy waste by using all energies in an efficient manner.

If an overall saving of 15 percent were achieved by home energy conservation this would be equivalent to the energy required to supply nine million new homes for a year.

According to the American Gas Association, the top energy savers in the average home are:

(1) 24-hour thermostat setback to 68 degrees F during the cold months. Even more can be saved with a lower turnback at night. A reduction of this type can save as much as 20 percent of heating costs.

(2) Adequate ceiling insulation (six inches) could save up to 17 percent, and pays for itself in about 2 years if you now have no insulation.

(3) Water heater setback to 120 degrees or warm setting can save up to 15 percent of water heating costs.

(4) Weather stripping and caulking costs little but saves money and cuts drafts.

(5) Maintaining furnaces and air-conditioners in good condition and cleaning or replacing air filters regularly.

windows can save up to 20 percent of your heating and cooling costs. The payback period is roughly 10 years for permanent units.

(7) Air-conditioning thermostat set no lower than 78 degrees F can save up to 15 percent of your cooling costs.

The climate in your area will change these savings figures. Obviously every home cannot achieve them all but if several of these energy savings tips apply to your homes, the savings can be substantial.

County Agents Report

Cameron Par. County Agent

Properly managed coastal bermudagrass - offers an alternative to wearing calves at heavier weight.

Poor gains have been reported on animals grazing coastal. However, research has shown it to be an excellent source of nutrients for cattle when properly managed.

The grass will produce up to eight tons of hay per acre annually. A digestion trail has shown that two cuttings of hay contained the same total digestible protein as 100 bushels of corn grain.

Studies have shown that the nutritive value of coastal decrease, just like any other forage, as age increases. Careful observances of the following management practices will result in satisfactory animal growth:

1. Begin grazing early - when the spring growth is no more than 2-3 inches tall.

2. Use a heavy stocking rate.

3. Remove surplus forage by clipping or baling if it exceeds 6 to 8 inches tall. Cattle may remain on the pasture during this haying.

4. Test soil annually and apply necessary Nitrogen, phosphorus and potash.

Coastal bermudagrass is one of the most productive plant that can be grown on many unused and underused land in the parish. It will produce an abundance of nutrients that can be efficiently utilized by young cattle. But, when young cattle are forced to consume mature coastal forage resulting from last initiation of grazing, understocking, and under fertilization, weigh gains will be poor. It must be recognized that the growth pattern of coastal bermudagrass is different, consequently it must be managed differently.

Shrimp Toast Is Snack Supreme

Chinese cooking is in! It is an easy, breezy style for the most part because the Chinese like to cook things in the shortest possible time. Like the French, early Chinese cooks needed to economize on fuel and so from necessity created many of the classic dishes that cook in a hurry. Chinese-style Shrimp Toast is no exception to the rule. This snack superior for all seasons and occasions requires about 30 seconds in an unusually small amount of hot fat. Spread the triangles ahead if you wish and at serving time turn them out hot, crisp—and fast. The recipe, adapted to easy, handy canned shrimp, is one to cherish and pass along with pride.

SHRIMP TOAST

2 cans (4 1/2 ounces each) shrimp
1/3 cup finely chopped water chestnuts or celery
1 tablespoon cornstarch
2 eggs
1/2 teaspoon sugar
1/2 teaspoon soy sauce
6 slices two-day old bread, crusts removed

Drain shrimp and chop coarsely. Combine with water chestnuts or celery, cornstarch, eggs, sugar, and soy sauce. Mix well and spread evenly over the bread all the way to the edges. Cut each slice into triangles. Fill a heavy skillet with cooking oil to a depth of one inch and heat oil to about 375 degrees or until, by test, it will quickly brown a small piece of stale bread. Lower the filled bread, shrimp side down, into the hot oil and fry about 15 seconds. Turn and fry on the other side a few seconds or until golden brown. Drain on absorbent paper. Serve hot. Makes 12 servings.

Sometimes, qualities which seem sophisticated to some people help many people run their lives and businesses in a more efficient way. One computer, for example, the Series/1 developed by IBM, is intended primarily for experienced data process users yet has 19-inch rack-mountable units that can attach to a large number and variety of input and output devices and can be used for many different types of requirements.

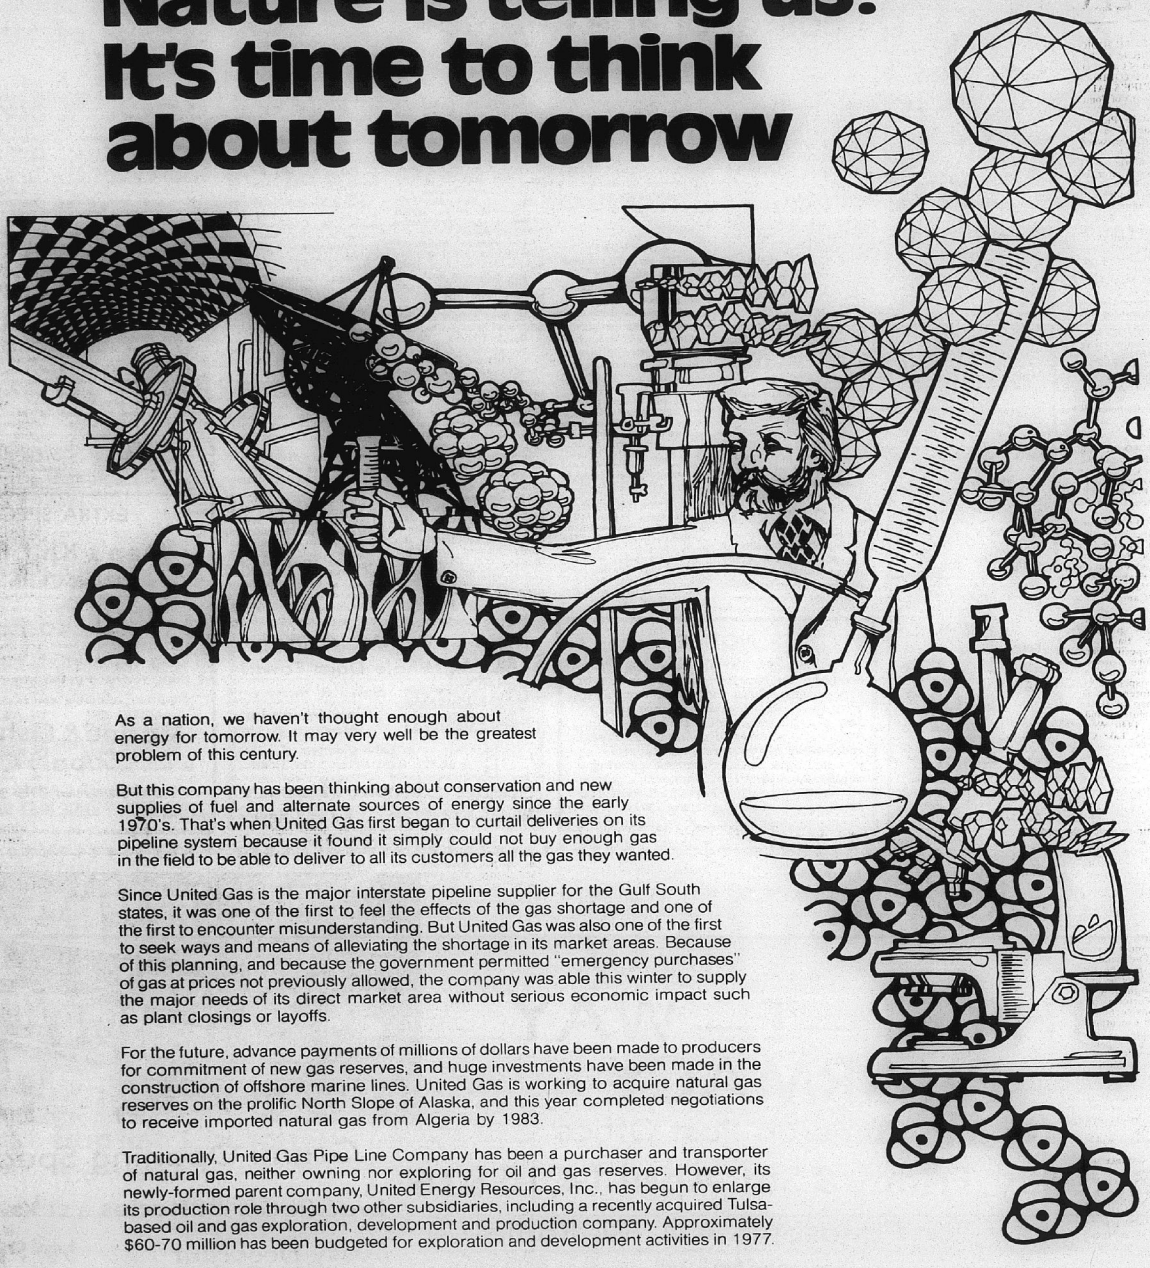
Nature is telling us: It's time to think about tomorrow



As a nation, we haven't thought enough about energy for tomorrow. It may very well be the greatest problem of this century.

But this company has been thinking about conservation and new supplies of fuel and alternate sources of energy since the early 1970's. That's when United Gas first began to curtail deliveries on its pipeline system because it found it simply could not buy enough gas in the field to be able to deliver to all its customers all the gas they wanted.

Since United Gas is the major interstate pipeline supplier for the Gulf South states, it was one of the first to feel the effects of the gas shortage and one of the first to encounter misunderstanding. But United Gas was also one of the first to seek ways and means of alleviating the shortage in its market areas. Because of this planning, and because the government permitted "emergency purchases" of gas at prices not previously allowed, the company was able this winter to supply the major needs of its direct market area without serious economic impact such as plant closings or layoffs.

For the future, advance payments of millions of dollars have been made to producers for commitment of new gas reserves, and huge investments have been made in the construction of offshore marine lines. United Gas is working to acquire natural gas reserves on the prolific North Slope of Alaska, and this year completed negotiations to receive imported natural gas from Algeria by 1983.

Traditionally, United Gas Pipe Line Company has been a purchaser and transporter of natural gas, neither owning nor exploring for oil and gas reserves. However, its newly-formed parent company, United Energy Resources, Inc., has begun to enlarge its production role through two other subsidiaries, including a recently acquired Tulsa-based oil and gas exploration, development and production company. Approximately $60-70 million has been budgeted for exploration and development activities in 1977.

More than this, the United Resources Companies are investigating the transportation of coal slurry by pipeline, the use of solar and geothermal energy, and even the use of water hyacinths and municipal wastes as organic material for the manufacture of gas. The future requires that the national supplies of natural gas be supplemented by new energy sources.

For more than 40 years United Gas has been delivering significant quantities of natural gas to the Gulf South, and will continue its best efforts in this endeavor.

This is a task in which you can help. Conserve this vital resource, whenever you can, wherever you can. With care and efficient usage, the natural gas of America will last well into the next century.

The unique aspect of this project is that the majority of the training is expected to occur in the rural areas of the district. Also, the training in large part will take place during the evening hours to increase the convenience to working parents.

The parents will be trained in Parent Effectiveness Training, a course developed by Dr. Thomas Gordon of California. The parent training calls for 24 hours of instruction spread over an 8-week period. The area professionals served by the project will be receiving instruction in Human Effectiveness Training. This course, also designed by Dr. Thomas Gordon, will supplement the counseling skills of the professional participants. This course calls for 30 hours of instruction extended over a 10-week period.

The project is designed to operate through April, 1978. Plans are being made to continue the project past the grant period as it is felt that such services are vitally needed, especially in the rural areas of this district.

New program is funded

Giles O. Gilliam, Executive Director of Education and Treatment Council, Inc. (Adolescent E.T.C.) announced today that Adolescent E.T.C., in cooperation with Judge Warren Hood and the 14th Judicial District Court, has been awarded a grant by the Louisiana Commission on Law Enforcement. The Commission is the state counterpart to the Law Enforcement Assistance Administration (LEAA).

The grant will provide a total of $20,912 over a 14-month period to enable Adolescent E.T.C. to conduct a project whose main goal is juvenile delinquency prevention. Of the total grant award, $18,676 will be provided by the LEAA.

The project, entitled "Training Before Trouble," calls for the training of at least 400 parents and 60 professionals serving youths in a 5-parish area of Allen, Beauregard, Calcasieu, Cameron, and Jefferson Davis. The emphasis will be on training the parents of youths who have been in contact in any way with the juvenile justice system. Referrals for the project will come from area law enforcement agencies, courts, schools, and other organiza-

NOTICE OF PUBLICATION FOR THE STATE MINERAL BOARD OF THE STATE OF LOUISIANA BATON ROUGE, LOUISIANA 70821

By virtue of and in conformity with the provisions of Chapter 2, Title 30 of the Louisiana Revised Statutes of 1950, as amended, sealed bids will be received in the Office of the State Mineral Board, State Land and Natural Resources Building, Baton Rouge, Louisiana, on or before the **11th day of May, 1977,** at 1:00 P.M., for a lease to explore, drill or mine for and produce oil, gas and any other liquid or gaseous hydrocarbon minerals, sulphur and potash in and on the following described tracts (Tract Nos. 14506 through 14509), at which time and date the bids will be opened publicly in the State Land and Natural Resources Building, Capitol Complex, Baton Rouge, Louisiana.

TRACT 14506 — Cameron Parish, Louisiana — All of the lands and waterbottoms situated within the following described boundaries. Beginning at a point having Lambert Plane Coordinates of X = 1,535,327.80 and Y = 446,454.93; thence West 10,000.00 feet; thence North 10,000.00 feet; thence East 10,000.00 feet; thence South 6,200.00 feet to the point of beginning. All lands estimated to contain approximately **480 acres,** as shown outlined in red on a plat on file in the State Land Office. All bearings are based on Louisiana Lambert Plane Coordinate System (South Zone).

All bids to offer a cash bonus for a lease having a primary term which shall not exceed **five years** and granted without any warranty of title or recourse against lessor whatsoever, either expressed or implied, not even for return by lessor of any payments received by lessee or being otherwise responsible to lessee. Minimum royalties based on one-eighth (1/8th) of all oil produced and saved, one-eighth (1/8th) of all gas produced and saved or utilized, one-eighth (1/8th) of the value per long ton when marketed on sulphur produced and saved, but not less than two dollars ($2.00) per long ton, one-eighth (1/8th) of the value per ton when marketed on potash produced and saved, but not less than ten cents (10¢) per ton, one-eighth (1/8th) of all the liquid or gaseous hydrocarbon minerals produced and saved.

The minimum royalties above are not to be construed as values acceptable to the Board, it being the policy of the Board to reject any bid which does not reflect tract potential. The Board considers bonus, royalty percentage, and also compares royalty with that granted by landowners in the area in the exercise of its discretion, the Board also reserves its right to accept any bid that reflects tract potential and satisfies the minimum royalty requirements of R.S. 30:127, as amended.

All leases awarded shall be executed upon terms and conditions provided in the current State lease form with all applicable riders appended thereto, including but not limited to provisions as follows: Should lessee fail to begin the actual drilling (spudding in) of a well on the lease premises within one year from the date of the lease, the lease shall terminate as to both parties to the lease, unless on or before such anniversary date, lessee shall pay a delay rental (which shall not be less than one-half of the bonus offered), which shall cover the privilege of deferring drilling operations for a period of one year. Upon like payments annually, drilling operations may be further deferred for successive periods of one year each during the primary term of **three years.** The lease shall provide for the drilling of such wells where necessary to protect the State's interest and shall contain the provisions against the assignment or sublease of the lease unless approved by the State Mineral Board. The lessee shall have the right to enter into pooling or unitization agreements with respect to development of the lands embraced in the lease, subject to the approval of the State Mineral Board.

Certified check, cashier's check or bank money order payable to the REGISTER, STATE LAND OFFICE, for the full amount of the bid must accompany and each be submitted with each bid, and no bid shall be considered nor be thereafter withdrawn or cancelled after the deposit of the cashier's check or bank money order accompanying the bid of the successful Bidder shall be forfeited. Checks of unsuccessful bidders will be returned by the REGISTER, STATE LAND OFFICE and the proceeds thereof disbursed in the manner required by law. The successful bidder to whom the lease is awarded on the tract offered will be notified by mail of the written lease, duly executed, within TWENTY (20) DAYS after bidder's receipt of same under penalty of forfeiture of the lease and the bonus previously tendered and negotiated in the event of failure to do so.

Consistent with the policy of the Board as expressed in a resolution dated August 12, 1965, all bidders are hereby notified that bids on portions of tracts should be described by metes and bounds and be accompanied by a transparent plat outlining thereon the portion bid upon. The scale of the plat should be 1 inch = 4,000 feet.

The State Mineral Board reserves the right to reject any and all bids or to grant a lease on any portion of the tract advertised and to withdraw the remainder of the tract.

The minimum royalties above are not to be construed as values acceptable to the Board, it being the policy of the Board to reject any bid which does not reflect tract potential. The Board considers bonus, royalty percentage, and also compares royalty with that granted by landowners in the area in the exercise of its discretion, the Board also reserves its right to accept any bid that reflects tract potential and satisfies the minimum royalty requirements of R.S. 30:127, as amended.

All leases awarded shall be executed upon terms and conditions provided in the current State lease form with all applicable riders appended thereto, including but not limited to provisions as follows: Should lessee fail to begin the actual drilling (spudding in) of a well on the lease premises within one year from the date of the lease, the lease shall terminate as to both parties to the lease, unless on or before such anniversary date, lessee shall pay a delay rental (which shall not be less than one-half of the bonus offered), which shall cover the privilege of deferring drilling operations for a period of one year. Upon like payments annually, drilling operations may be further deferred for successive periods of one year each during the primary term of **three years.** The lease shall provide for the drilling of such wells where necessary to protect the State's interest and shall contain the provisions against the assignment or sublease of the lease unless approved by the State Mineral Board. The lessee shall have the right to enter into pooling or unitization agreements with respect to development of the lands embraced in the lease, subject to the approval of the State Mineral Board.

Certified check, cashier's check or bank money order payable to the REGISTER, STATE LAND OFFICE, for the full amount of the bid must accompany and each be submitted with each bid, and no bid shall be considered nor be thereafter withdrawn or cancelled after the deposit of the cashier's check or bank money order accompanying the bid of the successful Bidder shall be forfeited. Checks of unsuccessful bidders will be returned by the REGISTER, STATE LAND OFFICE and the proceeds thereof disbursed in the manner required by law. The successful bidder to whom the lease is awarded on the tract offered will be notified by mail of the written lease, duly executed, within TWENTY (20) DAYS after bidder's receipt of same under penalty of forfeiture of the lease and the bonus previously tendered and negotiated in the event of failure to do so.

Consistent with the policy of the Board as expressed in a resolution dated August 12, 1965, all bidders are hereby notified that bids on portions of tracts should be described by metes and bounds and be accompanied by a transparent plat outlining thereon the portion bid upon. The scale of the plat should be 1 inch = 4,000 feet.

The State Mineral Board reserves the right to reject any and all bids or to grant a lease on any portion of the tract advertised and to withdraw the remainder of the tract.

Redwood Paneling A Long-Term Investment in Beauty, Quality And Energy Saving

Redwood wall paneling adds warm intimacy and decorative patterns adaptable to any room in a house. A practical energy-saving heat insulator, low maintenance redwood is an investment in enduring quality and value. Flawless Clear All Heart or sapwood-streaked Clear (shown here) grades of redwood can be applied vertically, horizontally, or diagonally, with unlimited variations in patterns, colors, and textures.

Paneling a room with redwood is an excellent way to build beauty, energy savings, and value into your home this year. Whether it covers one wall or whole rooms, rich, warm redwood paneling offers enduring quality that homeowners value today more than ever before.

As an integral part of room decor, redwood paneling complements glass, stone, metals, fabrics, and other furniture materials, and actually requires less furniture for a room to look complete. It can solve design problems with odd corners or lopsided walls, and upgrade little-used rooms to activity and entertainment centers that naturally attract people.

Inherent characteristics of redwood ensure solid quality and savings for homeowners. Its open cellular structure insulates against heat loss that can affect winter and summer energy bills. It also provides sound and electrical insulation.

Most interior paneling uses one of the two architectural, or clear, grades of redwood. Both are Certified Kiln Dried to withstand heat and humidity extremes without shrinking, checking, or warping.

The California Redwood Association offers a packet of design ideas and information on redwood paneling, including a color booklet, "Redwood Interiors," a construction tipsheet, "Panel a Room with Redwood," and a consumer information sheet, "Insulating with Redwood." Send 50¢ for the packet to the CRA, Department IP, 617 Montgomery Street, San Francisco, California 94111.

9 car ferry substitutes for 50 car ferry

Small ferry delays traffic here

Traffic waiting to cross the Calcasieu River between Cameron and Holly Beach is tied up for as long as 1½ to 2 hours since the temporary 9-car ferry has been installed to take the place of the regular 50-car ferry which is in dry-dock.

The regular ferry was expected back in service this week, but it was reported that it has been delayed because of extra work to be done to the hull.

In the meantime, vehicular traffic is beginning to increase over the vital route due to the opening of the menhaden season on Monday and the traffic of people owning summer camps at Holly Beach.

Rollins resigns to accept new road supt. position

John R. (Bud) Rollins, police juror for the District 2 (Hackberry) area for the past 2 years resigned that position at a special meeting of the Cameron police jury Tuesday and then was appointed to the recently created position of parish-wide road superintendent.

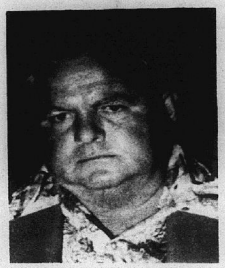
George Hicks of Hackberry was appointed by the jury to temporarily fill the vacancy until a new juror can be elected.

A primary election in District 2 was called for June 25 to fill the vacancy with a general election set for July 30 if one is needed.

Qualifying for the post will begin Monday, May 2 and end at 5 p.m., Friday, May 6. Candidates may qualify with Jerry Jones, chairman, or Garner Nunez, secretary, of the Democratic Parish Committee.

Rollins' resignation became effective Tuesday and he assumed he new duties on Wednesday. He will have an office in the police jury building.

The salary for the new position is $14,400 a year and Rollins will be furnished a car by the jury to use in making his rounds of the parish. (The jury voted to advertise for a car with bids to be open on May 5.)



John R. (Bud) Rollins

The position of parishwide road superintendent was created last month when the jury voted to set up a "parishwide system of operation" or unit system to comply with state law.

Under the new organization plan, Rollins will be over all the ward road foremen and road crews in the parish.

The jury Tuesday amended its earlier ordinance to give Rollins the authority to hire and fire all road personnel under his supervision--a power formerly held by the individual police jurors.

All road, bridge and drainage work in the future will be under Rollins' direct supervision. He, in turn, will answer to the police jury.

Rollins said he felt that he could serve the parish as a whole, as well as Hackberry, in his new position.

The jury was unanimous in its vote to name Rollins to the new position.

Born in Alvin, Texas, Rollins came to Hackberry in 1946 with his parents. (His father worked for Amoco Oil Co.) For the past 20 years he has operated a service station in Hackberry. He said he intends to sell his interest in the station.

About five years ago, Rollins ran for police jury for Ward 6 but lost to the then imcumbent, Charles Riggs. Following reapportionment of the jury another election was held in February 1975 at which time Rollins defeated Riggs by 27 votes.

The jury presented Rollins with a plaque Tuesday in recognition of his services as a juror for the past years.

Library features art exhibits

by GENEVA GRIFFITH

It's a rare gift to be able to see beauty in all of nature, whether it be turtle shells, fish fins, cow bones, driftwood and anything else that she finds lieing around.

Miss Anna Boudreaux, a teacher in the Cameron Parish school system is a true artist and takes an extreme delight in creating beautiful pieces of art from the things that she finds in nature.

For instance she creates beautiful animals from driftwood pieces she finds on the beach, cattle verterbra which have been bleached by the sun become beautiful flying birds nested in a handcrafted macrame hanging under her skillful hands; broken turtle shells become symbols of broken Indian chards on a lavish, colorful wall hanging which is topped by a Indian headdress and is a salute to the Bicentennial.

Miss Boudreaux also paints, but says that her first love is sculpture and the creation of beautiful things from the mediums she finds around her.

One of her sculptures, which is composed of many squares of wood set on steel rods at various heights and angles.

She has composed a poem to go with it which describes it and must be viewed from all sides to be appreciated.

It is now on display at the Cameron library during National Library week, along with handpainted shells and pictures by Mrs. Ethel Precht.

The following description of the "Square" - A creation of Man is given by Miss Boudreaux:

"The square is a creation of man; it is not found in nature. And we are, all of us, "Squares" dependent upon who is censoring, evaluating, judging.

In our mind's eye we see the inside, we know (or thing we know) where we've been, are, and are going.

But no one walks totally with the other, and it is still the number one who sees the inside.

The outside remains viewable only from the outside: from the one side, and, depending upon the angle, attitude, opinion, the viewed is likely to see from his side, the outside, the side that renders that man-made figure. "The Square."

The art exhibits will remain on display at the library for several days and will be the featured attraction at the annual open house and tea at the library on Friday afternoon from 2-4, to which the public is invited.

Mrs. Ada Lee Broussard said that all the shell jewelery and paintings of Mrs. Precht's that are on display are for sale and orders can be taken during the open house.

Library open house

Cameron Parish Library will celebrate National Library Week April 17 - 23. During this special week the local Library thanks parish citizens for their support and patronage.

Throughout the week Miss Anna Boudreaux and Mrs. Starks Johnson will exhibit some of their art, and there will be other interesting displays for visitors to enjoy.

Refreshments will be served during open house on Friday, April 22, between 2 and 4 p.m. The public is cordially invited to visit the Library and to attend the open house.

Airport project progresses

A public airport for Cameron parish, a project on which the police jury has been working for several years, is now getting nearer to reality, the jury was told by its parish engineer Tuesday.

George Bailey said the Federal Aviation Administration had given approval of the master plan but that all federal aviation funds were temporarily frozen.

However, he said that the state aviation department had advised him that the funds should be released in the near future and that the projects that are ready will be funded.

Under the present plans, the federal government will put up 90 percent of the cost of the project and the state will put up the other 10 percent.

Bailey said the construction will not cost the parish any thing but that the jury will have to maintain the airport after it is constructed.

He said the jury should begin preliminary work on securing the property for the airport. The airport study made several years ago recommended a site southwest of Creole.

He said, if the jury wished to do so, it could use its own funds to purchase the land which would be reinbursed when the federal funds come through.

The jury authorized Bailey to proceed with the airport project.

Top 4-Hers are named

Outstanding members of the Cameron parish 4-H clubs were given awards at the annual Achievement Day held Saturday at Grand Lake high school.

First, second and third place winners in each division were as follows:

Junior boys--Mike Dugas, Grand Lake, 1st; Tripp Glenn, Grand Lake, and Kirk Rutherford, Grand Chenier, tied for 2nd place; and John Lowery, Hackberry, 3rd.

Senior boys--Mike Prescott, Johnson Bayou, 1st; Todd Montie, South Cameron, 2nd; and Mike Beard, Grand Lake, 3rd.

Junior girls--Betty Dugas, Grand Lake, 1st; Denise Rutherford, South Cameron high, 2nd; and Stacey Mudd, South Cameron elementary, 3rd.

Senior girls--Beth Greathouse, Grand Lake, 1st; Renee Boudreaux, South Cameron, 2nd; and Christine Powers, Hackberry, 3rd.

FATHER ROLAND BERNIER, pastor of Our Lady of LaSalette Catholic church in DeQuincy, celebrated a special French Mass at the Sacred Heart Catholic Church in Creole on Tuesday, April 12. Singing at the Mass was a 28-member Belgian choir. Father Bernier is shown above with the choir and its director Willy Decamps.

SHOWN DURING the visit of the Lions Glaucoma testing unit to Cameron are, from left: Dr. Don Ellender of Lake Charles and Creole, J. C. Harrington, Oakdale, operator of the unit; and Cameron Lions Rodney Guilbeau, Jimmie Derouen and Don Menard.

Parish to use juvenile home

Cameron parish juveniles who must be detained by local authorities in the future will be housed at the Calcasieu parish juvenile detention home in Lake Charles.

The Cameron police jury Tuesday agreed to a request from Judge Warren Hood that such Cameron parish juveniles be placed at the Lake Charles facility instead of being but in the parish jail. Cameron parish has no juvenile facilities on its own.

Jurors agreed to the request as they felt it was not right to put juveniles in the parish jail.

Cameron parish will pay Calcasieu parish $21 per day per juvenile for the service.

Glaucoma units visits parish

The Lions Club Glaucoma Unit visited Cameorn Wednesday and parked all day at the Cameron Fire Station screening the public for possible Glaucoma.

Manning the Unit was J. C. Harrington, Oakdale, Past District Governor of Lions, who operates the Unit all over the state and Dr. Don Ellender of Lake Charles and Creole, who did the testing.

Helping out were members of the local Lions Club and wives of members.

All of the workers are volunteers and donate their time.

Dr. Ellender and Harrington were guest at the noon meeting of the Cameron Lions club Wednesday and Ellender explained that the Unit has been in operation for the past 3 years with Optometrists manning it in each area over the state.

He stated that "Lions in Louisiana should be commended on the fine work they are doing with their eye program."

Harrington reported that since Nov. 1, over 12,000 people over the state have been screened with the unit with aproximately 2 percent of those screened found to have Glaucoma.

The unit has traveled over 8,000 miles since November and Harrington reported that it is well received everywhere.

Rodney Guilbeau was the local chairman of the Cameron Program.

Duhon-Trahan vows exchanged April 16

Jendy Marie Duhon and David Wayne Trahan were united in marriage Saturday, April 16, with a double-ring ceremony at 11:30 a.m. in St. Eugene Catholic Church with Rev. Joseph Woerdeman celebrating the Nuptial Mass.

Donald Broussard of Pecan Island played the organ.

The bride is the daughter of Mr. and Mrs. Theard Duhon, and the groom is the son of Mr. and Mrs. Archie Trahan, all of Grand Chenier.

The bride, given in marriage by her father, chose a gown of handclipped Chantilly lace accented with re-embroidered Peau d' Ange lace and satin ribbon. Her Baroque bodice laced with satin ribbon featured a Renaissance Victorian neckline and leg O' Mutton sleeves. From a natrual waistline fell her flared shirt of handclipped Chantilly lace which featured a hemline flounce edged with reemboridered Peau d' Ange lace flowing on the skirt and chapel train.

She carried a bouquet of yellow daises and roses surrounded with baby's breath with white lace backing. Her Camelot of Peau d' Ange lace accented with seed pearls held her coordinated cathedral veil with reembroidered Peau d' Ange lace.

Shelia Wainwright was maid of honor with Katie Sales, sister of the bride, as matron of honor. Bridesmaids were Cindy Fruge Duhon, Candy Henry, Kathy Doxey, Vickie Roberts, Norma Cheramie and Pam Kelley. They wore Maize dacron organza gowns, which featured sheer bodices of organza and short Gibson sleeves. From a natural set-in midriff waistline fell their flared skirts of organza enhanced with sash streamers and hemline flounces. They each carried a bouquet of white and yellow daises surrounded with frosted baby's breath and white lace backing.

Allison Sales of Lafayette was flower girl, and Chad Mudd of Cameron was ringbearer.

Joey Reina served as best man with Martin Trahan, borth of the groom; Randy Duhon, brother of the bride; Mitchel Kelley; Sterling Vaughan; Glenn Baccigalopi; Bobby Perick; Johnny Sales and Lane Walfe as groomsmen.

A reception was held at the W.O.W. Hall in Creole following the wedding. The decorations followed a yellow color scheme and were arranged by Mrs. Arthurine Witherwax of Lake Charles.

Following the couple's wedding trip to Hot Springs, Arkansas, they will make their home in Grand Chenier.

The brides traveling costume was a jade green Quiana two-piece dress with jacket.

The bride is a 1975 graduate of South Cameron High School and is now a student a McNeese State University where she is presently a junior. The groom is a 1975 graduate of South Cameron High School and is attending McNeese State University and is also employed by Crain Brothers in Grand Chenier.

Mrs. David Wayne Trahan

THE VISITING belgan choir is shown performing on the stage of the Cameron Elementary School last week.

Members of the choir spent the night in the homes of parish residents.

Choir sings here

By GENEVA Griffith

The people of Cameron parish experienced a rare treat last Tuesday night when the Belgian choir "Chante-C i t e" performed with a concert at Cameron Elementary school.

Earlier in the evening they had sang at an all French Mass at Sacred Heart Catholic Church in Creole.

Father Roland Bernier, pastor of Our Lady of Lasalette church in DeQuincy delivered the sermon in French, assisted by Father Joseph Woerdeman of Grand Chenier, and Miss Domanique Rasquain, a Belgian teacher of French in Lake Charles who served as the lay reader.

Father Bernier is a Lasallette father and learned the French language while a missionary for 19 years on the island of Madagascar.

The performance in Cameron was the last stop for the 28-member choir before their return home the end of the week.

Willy Decamps, from Rosisin, Belgium, is the choir director and the singers include people from many professions such as doctors, professors, choir members, students, nurses, pharmacists, photographers, technicians, mechanics and housewives.

They come from Boussu-Bois, in the southwest part of Belgium and have been singing together for over a decade.

Through the joint efforts of the Belgium government and CODOFIL (Council for the Development of French in Louisiana) the group was brought to Louisiana in a cultural exchange program.

Songs which dated back as far as the 15th Century were performed by the group in Acapella rendentions.

Ancient tunes were also performed on flutes, which was reminscent of music performed in ancient castles and at Court.

Ther performers were hosted in individual homes in lower Cameron Parish and enjoyed sightseeing, a picnic on the beach, a lunchs prepared by Home Demonstration and CODOFIL members.

Many friendships were formed through this tour and people-to-people contacts made, with a better understanding of both the Belgium and American cultures.

All land owned by and not under mineral lease from the Cameron Parish School Board on April 5, 1977, situated in Fractional Section 16, Township 15 South, Range 7 West; said tract being bounded now or formerly as follows: North by South line of Section 9 and lands of S. O. Carter Estate; East by West Line of Section 15, and lands of S. O. Carter Estate; South and West by landward line of Zone 1 as defined in the October 12, 1956 Agreement between the State of Louisiana and the United States of America and delineated on a copy of Exhibit "A" thereof, on file in the State Land Office: the tract herein described is estimated to contain 22.0 acres more or less.

All bids are to offer a cash bonus for a lease having a primary term which shall not exceed three years. Minimum royalties shall be one-fourth (¼) of all oil and gas produced and saved; two dollars ($2.00) per long ton for sulphur produced and saved; twenty cents ($.20) per ton for potash produced and saved; one-fourth (¼) of all other mineral produced and saved.

Any lease granted hereunder shall be on the regular current State Agency form and shall be subject to the approval of the State Mineral Board. Certified check, Bank Money Order, or Cashier's check, payable to the Cameron Parish School Board for the full amount of the bonus, shall accompany and be submitted with each bid; and no bid thus submitted may be thereafter withdrawn or cancelled; and the cash bonus accompanying the bid of the successful bidder shall be forfeited to the Cameron Parish School Board should he not return the written lease, duly executed, within twenty (20) days after his receipt of the same.

The Cameron Parish School Board reserves the right to reject any and all bids and to grant a lease on any portion of the tract advertised for a price not less than proportionate to the best bid offered for the lease on the entire tract.

All bids to offer a cash bonus for a lease having a primary term which shall not exceed five years and granting without any warranty of title or recourse against lessor whatsoever, either expressed or implied, not even for the return of bonus, royalty percentage, and also compensatory royalty with that granted by landowners in the area. In the exercise of its discretion, the Board also reserves its right to accept any bid that reflects true potential and satisfies the minimum royalty requirements of R.S. 30:127, as amended.

All leases awarded shall be executed upon terms and conditions precisely in the same State lease form with all applicable riders appended hereto, including but not limited to provisions as follows: Should lessee fail to begin the actual drilling (spudding in) of a well on the lease premises within one year from the date of the lease, the lease shall terminate as to both parties to the lease, unless on or before such anniversary date, lessee shall pay a delay rental (which shall in no event be less than one-half of the bonus offered), which shall cover the privilege of deferring drilling operations for a period of one year. Upon like payments annually, drilling operations may be further deferred for successive periods of one year each during the primary term of five years. The lease shall provide for the drilling of offset wells where necessary to protect the State's interest and shall contain the provisions against the assignment or sublease of the lease unless approved by the State Mineral Board. The lease shall have the right to enter into pooling or unitization agreements with respect to development of the leased premises subject to the approval of the State Mineral Board.

Certified check, cashier's check or bank money order payable to the REGISTER, STATE LAND OFFICE, for the full amount of the cash bonus, shall accompany and be submitted with each bid; and no bid thus submitted may be thereafter withdrawn or cancelled; and the certified check, cashier's check or bank money order accompanying the bid of the successful bidder, shall be immediately negotiated by the REGISTER, STATE LAND OFFICE and the proceeds thereof disbursed in the manner required by law. The successful bidder to whom the lease is awarded will be required to furnish a performance bond in the amount of $400,000.00, and all bids must be accompanied by a transparent plat outlining thereon the portions applied for. The scale of the plat should be 1 inch = 4,000 feet.

The State Mineral Board reserves the right to reject any and all bids or to grant a lease on any portion of the tract advertised and to withdraw the remainder of the tract.

Hackberry site bought for storage of oil

A salt dome located at Hackberry apparently has been chosen as one of the sites for storage of emergency oil supplies as a precaution against cutoff of imported oil.

Federal authorities announced last week that a dome at Weeks Island in Iberia parish has been chosen as the first site for the storage and an announcement on the Hackberry dome may be forthcoming.

It was reported that the federal government was buying land in the Hackberry area for the site and an expropriation suit was filed in United District Court in Lake Charles on April 18 to purchase 290.30 acres of land owned by Mrs. Agnes Elender Lowery and others.

In Iberia parish the Morton Salt Co.'s Weeks Island mine will be converted, at a cost of $41 million, into a storage facility for 90 million barrels of oil.

Three other salt domes in the Louisiana Gulf Coast are under consideration as part of President Carter's plan to stockpile one billion barrels of oil as a hedge against a cutoff of imports.

Thomas Noel of the Federal Energy Administration announced selection of the Weeks Island mine Tuesday.

He said salt domes are favored because their conversion costs much less than construction of storage tanks.

Contract let on school job

The Cameron parish school board last Thursday awarded a $87,303.25 contract to Albert K. Newlin, Inc. for the alteration of the South Cameron high school heating system so that it my use natural gas instead of butane gas.

Louisiana Resources Co. has agreed to furnish natural gas to South Cameron high and elementary schools from its new pipeline going through the area.

The only other bid on the project was from Rester Refrigeration Service for $89,024.

Realco, Inc. was the successful bidder on alteration of storage rooms and conversion into a teachers' lounge at Grand Lake high school. Their bid was $7,750.

The board voted to permit the Boy Scouts to use the South Cameron high school activity bus to make a trip to Butler, Penn. to the National Scout Jamboree in July and August, a distance of 3200 miles provided the board is reimbursed 80 cents per mile traveled, the cost of liability insurance and the regular driver is used.

Jones, Swift, Veron up for judgeship

First Assistant District Attorney Jennings B. Jones Jr. of Cameron is one of three candidates for the U. S. district judgeship in the States Western District.

Louisiana Senators Russell B. Long and J. Bennett Johnson submitted Jones's name and those of Judge G. William Swift Jr. and Judge Earl E. Veron, both of Lake Charles, to President Carter last week.

Both senators said the three candidates were chosen "completely without preference."

"We will be pleased to rely on whatever judgment your administration makes in selecting one of them for the judgeship," the senators told Carter.

"All three candidates have had distinguished legal careers both as practicing attorneys and as officers of the court," the Louisiana senators told the President.

The new judge will replace Judge Edwin F. Hunter Jr. who has taken senior status. It was reported that Judge Hunter would be leaving the office May 6 and an appointment is expected before then.

All three candidates are well known in Cameron parish. Jones, a native of Grand Chenier, has lived here all his life, and Judges Swift and Veron have visited the parish on a regular basis in connection with their 14th Judicial District Court duties.

Jones, 52, a native of Grand Chenier, has been assistant district attorney for Cameron Parish for 24 years. He served in the U. S. Navy and attended Southern Methodist University, the University of Texas and LSU. He has practiced law in Cameron since 1949.

He has served as president of the Louisiana Fur and Wildlife Festival.

Judge Swift, 59, is a native of Arlington, Tex., and served as president of the Louisiana District Judges Association. He went to Washington and Lee University and LSU. He has been a judge of the 14th District since July 25, 1960.

He is a veteran of World War II, having served in the infantry and also as a combat pilot of a B-24 in the South Pacific.

Judge Veron, 55, is a graduate of McNeese and the LSU Law School. He is a charter member of the McNeese Chapter of National Blue Key Honor Fraternity.

A native of Ascension Parish he has been a Calcasieu Parish resident since 1940 and a judge since 1967.

Filing to begin for jury post

George Hicks of Hackberry will be sworn into office Friday as the new temporary police juror for District 2 to serve until a new juror is elected later this year.

The ceremony will be held at a special meeting of the police jury at 10 a.m. in the Police Jury Annex.

Hicks will replace John R. (Bud) Rollins who resigned last week as juror to accept the newly created position of parishwide road superintendent.

A special election will be held June 25 to fill the vacancy, with a runoff election set for July 30 if one is needed. Hicks will serve until then.

Qualifying for the post will begin Monday, May 2 and end at 5 p.m. Friday, May 6. Candidates may qualify with Jerry Jones, chairman, or Garner Nunez, secretary, of the parish Democratic committee.

Two years remain of Rollins' term.

Penny family featured

A DeQuincy family is featured in a special report on the financial squeeze on the middle class in the May 2 issue of U. S. News and World Report magazine.

The article tells how Mr. and Mrs. Robert Penny are meeting the problems of inflation and rising taxes by taking on additional outside jobs such as producing their own "Little Britches" rodeos and running summer rodeo camps.

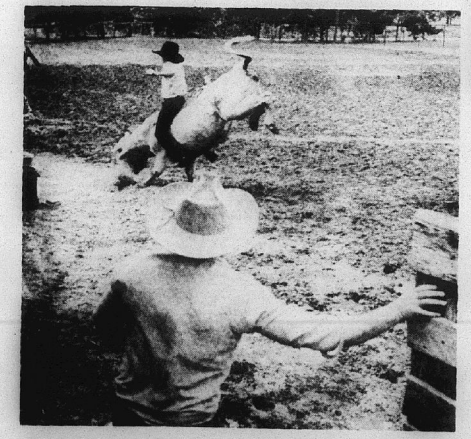
The magazine also published two photographs of the family--one of Penny watching one of his sons buck out a steer and the other of the family having dinner.

Penny is employed at Cities Service oil refinery but is presently out on strike and holding temporary job in Donaldsonville.

Three other families also are featured in the article--a $35,000 a year elevator maintenance man and his family from Hanover Park, Ill.; a $15,000 a year Los Angeles family where both the husband and wife teach; and a $37,000 a year family Brooklyn, N. Y., where the husband is an art teacher and the wife teaches English.

(The Pennys are known to many Cameron residents through their rodeos and due to the fact that Mr. Penny formerly taught at Johnson Bayou high school.)

SHOWN DISCUSSING the program of the annual convention of the Louisiana Press Association at the Hyatt Regency Hotel in New Orleans last weekend were U. S. Senator William D. Hathaway, left, of Maine, and LPA president Jerry Wise, publisher of the DeQuincy News. Senator Hathaway, the convention's principal speaker.



THIS PHOTO showing Robert Penny of DeQuincy watching one of his sons buck out one of their rodeo bulls was one of the pictures run in U. S. News & World Report of this week. Bill Gabbert, Lake Charles photographer, took the pictures.

Richard herd to be sold

One of the finest herd of cattle in this area, 190 Brangus animals owned by the late Mark Richard of Cameron, will be sold at public auction at the Horace Montie Shipping pens in Creole at 5 p.m. Friday, April 29.

The sale had been scheduled for last Friday but was postponed because of the bad weather.

To be auction are 137 cows, 21 heifers, 8 bulls, and 24 cows and calves and also 7 horses.

Jim Miller of DeQuincy will be the auctioneer.

Rev. Robertson goes to meet

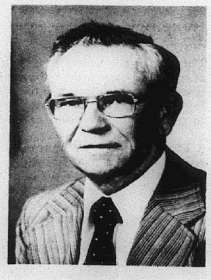
Rev. Minns S. Robertson, director of the parish Council on Aging represented Cameron parish at the Governor's Conference on Aging in the Superdome in New Orleans Saturday, April 23.

According to Rev. Robertson there were over 20,000 people in attendance. Much of the program consisted of presenting the proposals to the legislature for laws that would benefit the aging. A free lunch was served those present.

Highlight of the conference was the address of Governor Edwards, who told the senior citizens that he is working on a plan for having school programs served meals for those over 60 at little or no cost.

He also expressed concern about senior problems of health, eligibility income standards, expanded transportation services, and social activities.

The oldest persons present were a lady of 105 years, and a lady and man who were 104.



James Trahan

Trahan is promoted

James F. Trahan of Groves, Texas has been named Maintenance Supervisor in the General Work Section of Gulf Oil Company's Port Arthur refinery.

Trahan joined Gulf in 1947 as a helper in the pipe department. Prior to his new assignment, he was a pipefitter in the shops and crafts department.

Mr. and Mrs. Trahan reside at 6199 Garner Street in Groves. Their children are: James, Jr., of Port Arthur; Michael of Bridge City; David a student at the University of St. Thomas in Houston; Mrs. Larry Mercer, Ronnie and Heath of Groves; and four grandchildren. They are members of St. Peter's Catholic Church.

The Louisiana Baptist Children's Home in Monroe reminds us that Christian child care is an investment in the future and a ministry of faith.

Shrimp season dates set

Opening dates for this year's spring shrimp season were set this week by the Louisiana Wildlife and Fisheries Commission.

The commission is again using the concept of three separate coastal zones. Zone 2, that area between the mouth of the Mississippi River, and Zone 3, which runs from the eastern shore of the Atchafalaya Bay to the Texas state line, will open on May 30.

Figures available from the first ten months in 1976 reveal that dockside income to shrimpers ran about 105 million dollars, making it a record year for the industry.

Fishermen in Calcasieu Lake are reminded that the lake is closed to night trawling.

Driscoll named

Kevin Driscoll of Creole was nominated for two acting awards to b e presented by the campus chapter of Alpha Psi Omega, the national dramatics fraternity.

Mr. Driscoll was nominated for best actor for his interpretation of Mr. DePinna in "You Can't Take It With You" and best supporting actor as Doc Gibbs in the production "Our Town."

Winners of the awards, along with various awards in technical theater, will be announced at the Pi Gamma cast (chapter) spring banquet, to be held May 7.

Phone pictures are needed

The Cameron telephone Company will celebrate its 50th anniversary in 1978, and W. L. Henning, one of the owners of the company is trying to locate pictures of any of the operations of the early company, such as pictures of the buildings, telephone workers, new working on telephone lines, etc.

Anyone having any of this information may contact Mr. W. L. Henning, P. O. Box 167, Sulphur, La. 70663.

Bluegrass music

The second Annual Bluegrass Music Championship will be held at Longville Lake Park on May 7. This event is jointly sponsored by the Southwest Louisiana Fiddler and Bluegrass Club and the South Beauregard High School Band Boosters. All proceeds will be donated to the South Beauregard High School Band Boosters.

Entertainment and contests will begin at 10 a.m. and last all day. Over $1,000 in prizes will be offered in numerous contests.

Events include: fiddle, banjo, bluegrass band, guitar, dulcimer, harmonica, and buck-dancing. Entertainment will be provided by the Areno Boys gospel group from Sulphur, Louisiana with additional entertainment by club members. No electrical in struments or drums will be allowed.

Mrs. Ricky Randall Trahan

Greta Johnson marries

Greta Maureen Johnson became the bride of Ricky Randall Trahan during a nuptial mass celebrated Apr. 23 at noon in the Sacred Heart Church in Creole by Monseignor Benard.

The bride is the daughter of Greta Johnson of Creole and F. G. Johnson of Lake Charles, and the groom is the son of Mr. and Mrs. Billy Trahan of Lake Charles.

Music for their ceremony was provided by the Christ of King Choir.

Given in marriage by her father, the bride selected a gown of knit chiffon and Venise lace with a sheer yoked bodice and sleeves trimmed with soft Venise lace. The very full, flounced skirt was trimmed with lace and featured an attached chapel-length train.

From her wide-brimmed hat adorned in Venise lace, softly cascaded her veil of illusion. She carried a cascade of spring flowers.

Honor attendant was Ginger Manuel of Baton Rouge with Gail Baccigalopi and Debbie Conner of Creole, Charlene Boudreaux of Cameron, Bonnie McCoun and Lisa Trahan of Lake Charles as bridesmaids.

The attendants wore the colors of the rainbow and carried baskets of spring flowers.

Shelly Kay Saltzman of Cameron was flower girl and Kindle Styron of Cameron was ring bearer.

Keith Armentor of Lake Charles served as best man with Gary Klumpp of Houston, Tex., Greg Klumpp of Baton Rouge; Tony Johnson of Creole, Mitchell Trahan of Lake Charles and Craig Courville of Sulphur as groomsmen.

Ushers were Bubba Hinton, Gary Lavoi and Ken chapman of Lake Charles and Eddie Wilson of Houston, Tex.

A reception followed in the K. C. Hall in Creole.

The bride is a graduate of South Cameron High School and McNeese State University and is employed by the City of Lake Charles. The groom is a graduate of LaGrange High School and is employed by Crain Brothers.

Following a honeymoon to Houston, Tex. the couple will make their home in Lake Charles.

Grand Chenier News

By ELORA MONTIE

Grand Chenier folks got their share of wet weather last week. South Cameron High School had to be dismissed where water entered the school rooms.

On the Chenier there was 9 inches of rain Wednesday and Thursday. This caused cattlemen have to pump off the flooded cattle range.

The flood did damage to gardens also, one gardener reported his irish potatoes had to have dirt pulled back to cover the potatoes which were exposed by the heavy rain.

Creole Homemakers plan spring tour

When the Creole Extension Homemakers Club held its April meeting in the home of Mrs. Telsmar Bonsall, members saw a film strip on home decorating and a sewing demonstration on making pillowcases. They also finalized plans for the club's annual spring tour.

Assistant home economist, charlotte Bertrand, showed the film strip entitled "Home Decorating Ideas". The film emphasized how individual creativeness can achieve original, eye-appealing results in home decorating.

The sewing demonstration was presented by clothing leader, Mrs. John M. Theriot. She showed the group how to make three pairs of pillowcases out of a full-sized, flat sheet.

The club's spring tour was set for Saturday, May 7. It will take in the Acadian Village and Around-the-world Tropical Gardens in Lafayette. It will end with a seafood luncheon at Robin's Restaurant in Henderson.

President, Mrs. M. C. Kelley, gave an account of the Council meeting on April 5. She reported that the Creole club had been selected to host the next Council meeting set for July 5 at the W.O.W. Hall in Creole. She also announced that she had been appointed as a delegate to the State Council meeting in Alexandria, April 17-28.

Project leader reports were given as follows: Mrs. Wayne Montie, a Consumer Education report on "Courtesy Cards"; and, Mrs. Harold Carter, a Health report on "Hypertensive Women: Many Don't Know They Are.".

Assisting Mrs. Bonsall with hostess duties were Mrs. Preston Boudreaux and Mrs. Montie.

What To Do In The Event Of A Tornado

Suggested procedures for a tornado alert for Cameron Parish. If evacuation is centered around a TORNADO, the following are example safety rules to pass on to evacuees:

1. The best protection is an underground shelter or cave, or substantial steel-framed or reinforced concrete building. (If none is available, take refuge in other places as indicated below.)
2. If the home has no basement, take cover under heavy furniture on the ground floor that is away from outside walls and windows. (As a last resort, go outside to a nearby ditch, excavation , culvert or ravine.)
3. Doors and windows on the sides of the house away from the tornado may be left open to help reduce damage to the building, but stay away from them to avoid flying debris.
4. Do not remain in a trailer or mobile home if a tornado is approaching. Take cover elsewhere.
5. If advised that you are likely to be in the path of a tornado, and if time permits, electricity and fuel lines should be cut off.
6. If you are outside in open country, drive away from the tornado's path at a right angle to it. If there is not time to do this - or if you are walking - take cover and lie flat in the nearest depression, such as a ditch, culvert, excavation or ravine.
7. SCHOOLS - If the school building is of good steel reinforced construction, stay inside away from the windows and remain near an inside wall on the lower floors if possible.
8. AVOID AUDITORIUMS AND GYMNASIUMS with large, poorly-supported roofs.
9. In rural schools that do not have reinforced construction, move school children and teachers to a ravine or ditch if storm shelters are not available.
10. FACTORIES AND INDUSTRIAL PLANTS - When possible shut off electrical circuits and fuel lines if tornado approaches plant. Workers should be moved to sections offering the best possible protection, in accordance with advance plans.
11. SHOPPING CENTERS - Go to a designated shelter area (NOT to the parked car).
12. OFFICE BUILDINGS - Go to an interior hallway on the lowest floor, or to a designated shelter area. Stay away from windows.

Prime Time.

Gas grills for the prime time of the year.

Here's a little slice of life to spice up your summertime. A backyard gas grill. Cooking outdoors with gas is the quick and easy way to a whole lot of fun. Permanent lava briquettes give your food all the flavor and fun of outdoor cooking, but with none of the mess and expense of other types of grills. All you do is turn it on and you're ready to cook. At whatever temperature you need. From very slow for very thick meats. To very fast for very hungry appetites. Because it's a gas grill, you'll be saving energy as you're having fun. And because it's outside, you won't be heating up your kitchen. Or your family cook. So, this summer, cook up a little fun. Outdoors on a gas grill. Give us a call, because we've got a large selection to choose from. Come slice yourself some prime time.

NOTICE OF PUBLICATION
CAMERON PARISH
SCHOOL BOARD

By virtue of and in conformity with the procedure of Section 151 through 158 of Title 30 of the Louisiana Revised Statute of 1950, as amended, sealed bids will be received at the office of the Cameron Parish School Board in Cameron, Louisiana on or before the ninth (9th) day of May 1977, at 10:00 a.m. at which time all bids received will be opened by the Cameron Parish School Board, for a lease covering the oil, gas, sulphur, potash and or other liquid gaseous hydrocarbon mineral rights in, to, and under the following described property:

All land owned by and not under mineral lease from the Cameron Parish School Board on April 5, 1977, situated in Fractional Section 16, Township 15 South, Range 7 West; said tract being bounded now or formerly as follows: North by South line of Section 9 and lands of S. O. Carter Estate; East by West Line of Section 15, and lands of S. O. Carter Estate; South and West by landward line of Zone 1 as defined in the October 12, 1956 Agreement between the State of Louisiana and the United States of America and delineated on a copy of Exhibit "A" thereof, on file in the State Land Office: the tract herein described is estimated to contain 22.0 acres more or less.

All bids are to offer a cash bonus for a lease having a primary term which shall not exceed three years. Minimum royalties shall be one-fourth (¼) of all oil and gas produced and saved; two dollars ($2.00) per long ton for sulphur produced and saved; twenty cents ($.20) per ton for potash produced and saved; one-fourth (¼) of all other mineral produced and saved.

Any lease granted hereunder shall be on the regular current State Agency form and shall be subject to the approval of the State Mineral Board. Certified check, Bank Money Order, or Cashier's check payable to the Cameron Parish School Board for the full amount of the bonus, shall accompany and be submitted with each bid; and no bid thus submitted may be thereafter withdrawn or cancelled; and the cash bonus accompanying the bid of the successful bidder shall be forfeited to the Cameron Parish School Board should he not return the written lease, duly executed, within twenty (20) days after his receipt of the same.

The Cameron Parish School Board reserves the right to reject any and all bids and to grant a lease on any portion of the tract advertised for a price not less than proportionate to the best bid offered for the lease on the entire tract.

A covered dish supper will be served and Mrs. Watts asks that all members attend.

Awards given at box supper

The Lu Nil Oki Camp Fire Adventure group attended its annual Dad-Daughter Box Supper Friday night in Grand Chenier. All Cameron area groups were well represented with Emma Hughes, Cameron district leader, as special guest.

Miss Hughes passed out the awards earned by the girls during the recent Camp Fire Candy sale. She also stated that the West-Cal district, which includes Cameron parish, sold over half the total candy sold, surpassing both the other two Lake Charles districts in the SOWELA area.

All the girls in the group received certificates & candy charms, as well as various other prizes. Melonie LaBove & Kari Brown received perfect attendance awards, Kristie Portie & Missy Guthrie received 3 year membership charms, and Kari Brown received a 5-year membership charm.

Those attending from the Lu Nil Oki group & their dads were Kari Brown and May Kebodeaux, Kristie & John Portie, Missy & David Guthrie, Lisa Cormier & her brother Danny Shea, Melonie LaBove & L. McDaniels, Doris & J. C. Boudreaux and Denise Bertrand (whose father was unable to attend.)

Fishing rodeo plans are made

Plans for onshore activities, the blessing of the fleet and other fishing rodeo events were discussed at a meeting of the Cameron Parish July 4th Fishing Rodeo Association held this week at the Cameron Fire Station.

The next meeting will be held on May 25 at 7:30 p.m. at the Cameron Fire Station with a shrimp boil for members.

Two Cameron parish women will join 274 members of a group from Southwest Louisiana on a two-week trip to France and Belgium which is sponsored by the Council for the Development of French in Louisiana (CODOFIL).

Mrs. Roland Primeaux and Mrs. Geneva Griffith will leave on the charter flight from New Orleans on May 7 for Parish and return from Brussels on May 22.

The charter will include a religious pilgrimage throughout France headed by Father Jean Marie Jammes and a special program for journalists.

The Louisiana journalists will make the trip to learn about the French and Belgium news media and see what life is like in the French-speaking world.

The CODOFIL trip celebrates the first anniversary of the Louisiana Bien Aimee Exposition conducted in Parish last year in which Louisiana arts and crafts were exhibited at the huge Radio-France complex.

Mrs. Primeaux will be on the religious pilgrimage which will be visiting shrines, including the famous Lourdes, montastaries, centuries old churches etc. throughout the two countries.

Mrs. Griffith will travel to Portiers, France where she will be the guest of the local radio-T.V. and newspaper. In Belgium she will visit the Mons area as a guest of the local news media there.

This is the area from which the Belgium choir that recently presented a concert in Cameron and Southwest Louisiana is from.

He spoke about the socials that are being given for the senior citizens by local church groups and said he is trying to get other organizations involved in the program.

Richard herd is sold here

One of the largest cattle auctions ever held in Cameron parish was the sale last Friday of the entire herd of the late Mark Richard bringing in a total of $58,090.

About 40 buyers from throughout Southwest Louisiana paid what were described as "Extremely good" prices for the herd consisting of mostly purebred Brangus cattle. About 200 persons attended the sale which was held at the Hoarce Montie shiping pens in Creole.

Mr. Richard, a former Cameron parish sheriff and recognized as one of the parish's leading cattlemen, died recently.

The cattle brought the following gross amounts:

9 Brangus bulls, $4,375; 61 cows, $15,795; 92 pair (cows and calves), $29,940; 29 heifers, $5,935; 3 bull calves, $495; 4 heifer calves, $720.

Four horses were sold for $830.

Conducting the sale was Jim Miller of DeQuincy, owner of the DeQuincy Livestock Commission Barn, in cooperation with Coastal Professional Auctioneers, Inc., a new firm of which Mr. Miller is the president.

LeBleu has a good record

Rep Conway LeBleu of Cameron had one of the best attendance records of any state legislator during the 1976 regular session of the Louisiana Legislature, according to the Public Affairs Research Council.

Rep. LeBleu was one of fourteen representatives who participated in 95 percent or more of the record votes of the House. Only 13 other House members had better attendance records, and they were only one or two percentage points better.

In the senate there were only ten senators who has attandance records of 95 percent or better. Senator Jesse Knowles just barely missed being in this select group with a record of 91.4 percent.

Jury studies road problem

A few years ago, the Cameron parish police jury was receiving enough funds from the state severage tax to be able to blacktop the lanes and roads leading to individual homes in the parish.

To be able to legally do this, however, these roads had to be made public roads. Although parish citizens welcomed the blacktopping, some are finding that it has its drawbacks.

Harry Erbelding of Johnson Bayou asked the jury Tuesday if it would abandon back to him the blacktopped lane leading to his home as he had been having problems of drunks coming up to his house at night.

Jurors sympathized with him but pointed out that since the parish had put out funds to blacktop the road the jury could hardly abandon it.

Juror Lester Richard pointed out that if the jury abandon one such road such as this one it would be flooded with requests to abandon many more.

The jury told Mr. Erbelding that they would give him permission to put a gate on the road which he could lock at night, but he said he couldn't do that since that would prevent people from reaching the trailer park that he owns on the road.

Jurors agreed to talk to Mr. Erbelding after the meeting to try to work out a solution to the problem.

Bids aked on center system

Advertising for bids on a new air conditioning system for the Hackberry Recreation Center were authorized at the Tuesday meeting of the Cameron Parish Police Jury.

The Jury president and treasurer were authorized to open and accept bids on a new car for the parish road supervisor Thursday.

A building permit for Gary Billedeaux for a new barbershop building at Creole was approved.

Also approved was a permit for a camp for Roy Allgereau at Constance beach.

Leslie Griffith was reappointed to Garbage District No. 3 board.

CODOFIL meet

The monthly meeting of the Cameron Parish CODOFIL chapter will be held Monday, Man 9, at 6:30 p.m. in the lunchroom of South Cameron Elementary school, according to Mrs. Adam Conner, president.

The public is invited to attend.

Two file for police jury

Two persons have filed as candidates for the position of police juror from District 2 (the Hackberry area) in the June 25 special election, according to Garner Nunez, secretary of the Cameron parish Democratic Committee.

They are Kenneth R. Ducote and Tommie Lynn Goodrich, both of Hackberry.

The deadline for filing is 5 p.m. Friday, May 6.

John R. (Bud) Rollins, Hackberry juror for the past two years, recently resigned to accept the new parishwide road superintendent's position.

George Hicks was appointed by the jury to serve in Rollins' place until a new juror is elected.

Registrar to be in Hackberry

Mrs. Faye Jones, Cameron parish registrar of voters, announced that she will be at the Hackberry Recreation Center Tuesday, May 10 to register voters not already registered who wish to vote in the special election on June 25 to pick a new police juror.

John R. (Bud) Rollins recently resigned the post to accept the newly created position of parishwide road superintendent.

Contract let on highway

A contract has been awarded to repair Louisiana Highway 82 in the Grand Chenier area, two Southwest Louisiana legislators said Tuesday.

Sen. Jesse M. Knowles of Lake Charles and Rep. Conway LeBleu of Cameron said the State Highway Department has accepted the bid of Lamar Haddox of Ruston to do the work.

The contract price of $52,761 calls for taking off three-fourths of an inch off the present asphalt overlay, Knowles said, and spreading three coats of sealer and pea gravel.

the 14.6 mile long project will be started by May 15.

New line to be built at Chenier

The Jefferson Davis Electric Coop has announced that it plans to build a 69,000 volt overhead transmission line to serve the new Michigan Wisconsin Gas Plant located on the north bank of the Mermentau river across from Grand Chenier.

The line will run from the present 13,200 line located near the Mermentau river bridge northeast along the parish road for 1 1/2 miles.

Little Britches

There will be a Little Britches Rodeo at the Robert Penny Rodeo arena in DeQuincy on McFatter Rd. Friday and Saturday, May 6 & 7 with performances at 7 p.m. nightly.

Monkey Island move planned

The U. S. Coast Guard radio beacon station on Monkey Island is slated to be automated in about a year and the station personnel will be assigned to other posts. as there will be no need for them to maintain the instruments.

The men who man the only radio beacon station in the world are reluctant to leave a community they have grown so fond of.

They explain that there are many radio beacons located at various places, but this is the only beacon station manned by personnel.

Their pride in their work is shown in the patches they wear on their uniforms which says "Home of the Magnificent Seven-Radio Beacon Station Calcasieu" and the word "Monkey Island" with a radio beacon atop a tower in the center.

The men designed the patch themselves and proudly wear it to show their pride in their work, station and the Coast Guard.

Senior day set in L. Charles

Allen, Beauregard, Cameron Calcasieu and Jeff Davis parishes will observe Super Senior Day at the Contraband Room of the Civic Center in Lake Charles all day Thursday, May 12.

All people in these parishes who are sixty years of age and older are invited to attend.

A free lunch will be served at the noon hour.

The main speaker will be Mrs. Priscilla Engolia, assistant director of the Aging section of the Louisiana State Department of Human Services.

She will be introduced by Arthur Hendrick, Director of the Section on Aging of Imperial Calcasieu Regional Planning and Development Commission.

A craft show is planned where the aging may show their handicraft items and offer them for sale.

A number of door prizes will also be given away during the day.

Any senior citizen wishing to do so may also offer entertainment, but it will be necessary to notify the parish Director of the Council on Aging if they wish to participate so time can be arranged.

Registration will begin at 8 a.m. and the program is scheduled for the morning with the entertainment to be in the afternoon.

Car wash set

On Saturday May 7th the South Cameron High School Band will sponsor a car wash in Cameron and Creole. All proceeds will go the the purchase of new band uniforms.

Hicks & Primeaux

Hicks sworn as police juror

The oath of office was administred Friday to George Hicks of Hackberry by Roland U. Primeaux, Cameron Parish Clerk of Court, at a special meeting of the Cameron Parish Police Jury.

Hicks assumed the office of Police Jury Member from District 2, Hackberry.

The office was vacated when Bud Rollins resigned to become Road Supt. of Cameron Parish.

Hicks will serve until a new juror is elected in a special election on June 25.

Crippled Children chairmen

Drive is planned here

A meeting of area chairman who will conduct the 1977 campaign for the Calcasieu-Cameron Crippled Children and Adults program in Cameron parish was held this week at Fred's Cafe.

E. J. Dronet, is parish chairman and conducting the meeting were Mrs. Norman Durette, president of the Calcasieu-Cameron Chapter, and W. L. Smith, Chapter Treasurer.

They explained how the money received by the chapter is disbursed, all and asked that anyone knowing of a crippled person who is in need of braces, wheel chairs, or anything related to their impairment to refer their name to the chapter for help.

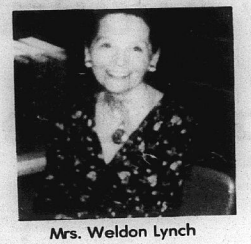
Dronet said the campaign will be carried on during May.

The following were named to help: Mrs. Braxton Blake, Cameron business donations; Mrs. Betty LaBove, Grand Lake-Sweetlake; Mrs. Neomi Penny, Hackberry; Mrs. Guy Murphy Jr., Grand Chenier; Mrs. James S. Henry Jr., Cameron; Mrs. Eldon Young, Johnson Bayou; Mrs. Tony Sturlese, Creole; Mrs. Wayne Batts, schools; Errol Cheramie, Cameron Lions Club Bucket Brigade; Miss Randalin Crain, South Cameron Leo Club; Mrs. Geneva Griffith, publicity.

Open house to honor Trahans

Mr. and Mrs. Theodore (Sid) Trahan will be feted with an open house Saturday, May 21, in honor of their golden (50th) wedding anniversary.

Friends and relatives are invited to drop by between the hours of 2 to 6 p.m. at their home in Johnson Bayou.



Mrs. Weldon Lynch

Mrs. Lynch is guest speaker

Mrs. Weldon Lynch, well known for her book theatre presentations, presented James Michener's Centennial to the South Cameron High School student body and staff April 27.

The Student Council members, who sponsored the presentation served refreshments for Mrs. Lynch and the faculty in the library following the presentation.

County Agent's Report

COUNTY AGENT REPORT
By Clifford Myers

Bronzing - is beginning to appear in some of the rice fields in the parish. Some has corrected it itself due to the "warming up" of the soil as cold weathe inhibits the up-take of zinc.

Some soils may require the addition of zinc. Zinc deficiency may be determined either by soil test or by observation after symptoms appear. Rice affected by zinc deficiency may have a bronzed appearance. Closer examinations of individual leaves often shows an irregular rusty pattern. Other symptoms may include paleness in young plants, dropping leaves and even death.

Where zinc is required, it can be applied in two different ways. One way is to apply during land preparation. Use liquid or dry Zinc Chelate at a rate equivalent to .85 pounds of metallic zinc per acre. The other method is to apply zinc chelate at the rate of .42 pounds of metallic zinc per acre as a foliar spray when zinc deficiency symptoms appear.

Pecan Trees - that were infested with Pecan Nut Casabearer, Black Pecan Aphid, Spider Mites and/or Phylloxera last year should be observed closely and sprayed with Malation as soon as it appears about time catkin, bloom, is near completely shed.

Peaches and Plums - are constantly affected by diseases and insects therefore, they must be checked regularly and sprayed an needed. Insects to look for are: curculio, aphids, scales and catfacing insects. Brown Rot, Scab and Bacterial Spot are also a problem. These pest can be controlled at this time by spraying with 2 tablesponns Malathion plus 2 tablespoons Methoxychlor or 3 tablespoons Swin plus 6 tablespoons Wettable Sulphur per 3 gallons of water.

HUNTS ARE FEATURED

(EDITOR'S NOTE--The following article from a Texas paper was sent in by Mrs. George Nunez, our Route 1, Cameron reporter. The Hunts have many relatives and friends in Cameron parish.)

IF YOU ARE looking for a happy family, cast your gaze on the Groves household of Mr. and Mrs. Murphy Hunt at 6433 Washington.

Take count and you'll find nine boys and five girls, all sons and daughters, totalling 14, plus the father and mother.

The elder children have taken employment in the Groves area and perhaps in Port Arthur and elsewhere. Gene Hunt, now 14, is enjoying his school work.

Their mother is a member of the Mended Hearts Association and taking due care of herself.

Hunt himself is steadily on the Texaco payroll. He was departing for work the afternoon we reached him on the phone, and then talked to the cheerful Mrs. Hunt.

Our salute ot the whole amiable family companionship!

ST. KILDA'S KIN

Do you know what part of Britain is nearest to America?

It's the remote island of St. Kilda, 40 miles closer than any other part of the country.

In the early thirties the St. Kildans left because the weather and other conditions were so bad and emigrated to the mainland of Scotland.

The animal and bird population continued to flourish however. Today St. Kilda has two animals and a bird which are unique to the island: the St. Kilda mouse, the St. Kilda field mouse and the St. Kilda wren. Their like is found nowhere else in the world.

St. Kilda has also the world's greatest population of gannets, large web-footed water birds, and a species of sheep which are more like goats because of the steep rocks on the island.

Today there is a human population, too, reports Teacher's Scotch Information Centre. The British Army has a rocket research station on St. Kilda and there is also a small group of ecologists who study St. Kildan life and are even rebuilding some of the empty crofts. One or two of the old St. Kildans even returned to look at their native island. They didn't stay long.

All land owned by and not under mineral lease from the Cameron Parish School Board on April 5, 1977, situated in Fractional Section 16, Township 15 South, Range 7 West; said tract being bounded now or formerly as follows: North by South line of Section 9 and lands of S. O. Carter Estate; East by West Line of Section 15, and lands of S. O. Carter Estate; South and West by landward line of Zone 1 as defined in the October 12, 1956 Agreement between the State of Louisiana and the United States of America and delineated on a copy of Exhibit "A" thereof, on file in the State Land Office: the tract herein described is estimated to contain 22.0 acres more or less.

All bids are to offer a cash bonus for a lease having a primary term which shall not exceed three years. Minimum royalties shall be one-fourth (¼) of all oil and gas produced and saved; two dollars ($2.00) per long ton for sulphur produced and saved; twenty cents ($.20) per ton for potash produced and saved; one-fourth (¼) of all other mineral produced and saved.

Any lease granted hereunder shall be on the regular current State Agency form and shall be subject to the approval of the State Mineral Board. Certified check, Bank Money Order, or Cashier's check, payable to the Cameron Parish School Board for the full amount of the bonus, shall accompany and be submitted with each bid; and no bid thus submitted may be thereafter withdrawn or cancelled; and the cash bonus accompanying the bid of the successful bidder shall be forfeited to the Cameron Parish School Board should he not return the written lease, duly executed, within twenty (20) days after his receipt of the same.

The Cameron Parish School Board reserves the right to reject any and all bids and to grant a lease on any portion of the tract advertised for a price not less than proportionate to the best bid offered for the lease on the entire tract.

NANCY CORMELis shown with a rare "Black Scooter" duck that was discovered near the Cameron jetties last week.

Rare duck found here

A group of Cameron people were fishing at the Cameron jetties late Wednesday afternoon and observed a duck, obviously in trouble, swimming around the rocks at the base of the jetties.

They rescued the rare "Black Scooter" and couldn't determine what species it was so they called the Rockefeller Wildlife Refuge on Grand Chenier who sent one of its personnel, David Richard, to pick up the duck.

Preliminary examination revealed that the duck was starving to death, and immediate feeding was started of fish pieces to the bird.

It will be kept at the Refuge for the ime being while it is nursed back to health.

This particular duck is found mostly in Alaska and Canada and this is only the seventh time that it has been reported in the state since 1890.

According to Dr. James Lowery, a bird Specialist in Baton Rouge, there have only been two other sightings reported in Cameron parish, one in 1938 on Johnson Bayou, and another on Sabine Wildlife Refuge in 1953.

This particular species of duck is a diving bird and feeds in the surf and usually flies in a group of from 10 to 20 birds when it migrates toward Alaska and other northern countries.

Local wildlife authorities are baffled as to why this duck has ranged so far south and why it is suffering from hunger.

Local authorities said that in the event the duck cannot be saved, its body will be sent to Baton Rouge to a taxidermist and will be kept for permanent display.

Officers to be elected

New officers to serve for the coming year will be elected at the May meetings of the Richard Bros Post No. 176 American Legion and Ladies Auxiliary, according to Oscar Reyes, Post Commander.

The meetings will be held on Tuesday night, May 17 at 7 p.m. at the Post Home in Creole.

Supper will be served prior to the meeting.

Mosquitoes plentiful following dry winter

By DON MENARD

Well, its that time of the year again, and it seems like mosquitoes are everywhere.

The reason for this was the very dry winter and spring that we had. Thousands of acres of prime mosquito breeding grounds were exposed to egg laying as the water levels in the marshes dropped. In April, we received 6-10 inches of rain, reflooding the marshes and producing many millions of mosquitoes.

Since it was a widespread rain, the entire parish was simultaneously overrun by the hordes of pests, making it an extremely difficult task to control the tremendous amounts of mosquitoes present in a short time.

To begin, we inspect the entire parish on a daily basis, using mosquito landing rates (amount of mosquitoes landing on the inspector in one minute), mosquito light traps (which collect mosquiotes at night), and public complaints. These are evaluated on a scientific basis to determine which areas need to be sprayed first. The areas of the highest populations of the mosquitoes are given highest priorty.

The Mosquito Control has only five trucks and one airplane to cover the seventeen spray areas of the parish. Under ideal conditions this could be done in three nights.

However, very seldom do i d e a l conditions exist. Weather is our worst enemy. Anytime the wind is over 10 M.P.H. we can't spray with the trucks. Winds over 5 M.P.H will stop us from spraying with the plane. These are label requirements setforth by the Environmental Protection Agency, and we must abide by them. We can't spray during the day since thermal air currents lift the spray off the ground and it won't get a kill. Also, fog and rain prevent us from spraying due to the danger to the drivers in a slow moving vehicle. Mechanical breakdowns are also common.

So, instead of getting all the areas in three days, it usually takes from five to seven days.

Also, since mosquitoes can readily migrate up to thirty miles from the breeding ground, they can quickly repopulate areas which have just been sprayed, forcing us to spray some areas several times before populations are lowered.

The District welcomes comments from the public and does its best to answer any questions you may have. Regular office hours are from 7 a.m. to 4 p.m. After hours and on weekends and answering service will tell you which areas are scheduled for treatment that night and will take a short message.

Since all spray equipment is scheduled each day before 2 p.m., we urge the public to call in the mornings. Calling employees at home doesn't accomplish anything since all trucks have been scheduled then. Wait and call the office the next morning for better service. Also, since it is impossible for the Police Jury and Mosquito Control Board members to know which areas we are going to spray each day, please call our office.

FBLA crowns its royalty

The crowning of Kenneth Pooser and Gwen Hebert as Mr. and Miss FBLA was the climax of the Hackberry Future Business Leaders of America Banquet, April 29, at the Recreation Center.

Kenneth, the son of Mr. and Mrs. James Pooser was presented with an FBLA jacket and a plaque. Gwen, the daughter of Mr. and Mrs. Jack Hebert also received a plaque.

First runners up were Douglas Mosley and Tina Schexnider.

David Busby introduced the theme, "Youth of Today, Leaders of Tomorrow." The Welcome was given by Bryan Little.

Special Entertainment was presented by Susan Spicer.

New Officers were installed in a candlelight ceremony. Julie Cuvillier will head the new slate. Working with her will be, Kelly Vincent-Vice President, Margaret Walther-Secretary, S u s i e Dickerson-Treasurer, Kenneth Pooser-Reporter, Danny Welch-Parlimentarian, and Lu Lu Hicks-Historian.

Both old and new officers received pens.

Gwen Hebert, District IV Vice President and local c h a p t e r president 1976-77, gave each member a gift and Mrs. Mary Baker Chapter Advisor, for their efforts in putting on the District Leadership Conference.

Honorary memberships were presented to: Mr. and Mrs. Ronald Parker, Mr. Steve Racca, and Mr. Robert Sheffield.

The mothers of the FBLA'ers prepared the food for the banquet.

Fire ant bait to be sold in the parish

The Louisiana Plant Pest Control Division will have some fire ant bait (Mirex) for sale a various locations in Cameron parish Tuesday and Friday, May 17 and 20, it was announced by County Agent Clifford Myers.

The poison has been in short supply in recent years and fire ants have become a serious problem throughout the parish.

Myers said the bait will be sold in 50 pound bags at $14.50 a bag.

In order that they may keep on their delivery schedule, the route men ask that persons wishing to buy poison pay by check or have the correct amount of money.

Local class has story in national school magazine

Mrs. Dickehs' Fourth grade class at the Cameron Elementary School has been named stringers for Scholastic NEWS EXPLORER, a weekly news magazine used in the fourth grade classrooms. Their news story currently appears in the May 5th issue of the magazine, and is entitled "Fur and Wildlife Festival."

In a fall column, NEWS EXPLORER asked its readers to act as stringers, out-of-town reporters. The students were instructed to write about news in their town, school, or community, following a few guide lines. They were reminded to dig out the facts and then set them down in story form in such a way that the basic questions of who, what, where, when, why and how were covered.

The article follows:

FUR AND WILDLIFE FESTIVAL

In our parish we celebrate the fur and wildlife festival. Our parish is mostly marsh and located next to the Gulf of Mexico. This means that wildlife of all kinds is very important to us.

At each festival a different industry in the parish is honored. This year the alligator industry was honored.

During the festival there are many contests. Some of them are skeet shooting, trap setting, duck calling, dog trials, arts and crafts, and archery. Everyone crowds along the main street to see our parade. There is also a carnival in the Court House Square. The festival lasts for three days and we get out of school to help celebrate.

Parent program slated

A new program will be offered to Cameron Parish parents by the Education and Treatment, Inc. (Adolescent E.T.C.) of Lake Charles.

The program, called Parent Effectiveness Training (P.E.T.), is scheduled to begin in Cameron on May 24.

P.E.T. is an 8-week course which t e a c h e s effective communication methods which can be used between parents and children.

The 24-hour course will be offered once a week for 3 hours each night from 7 to 10 p.m.

Classes are free of charge and will be held at Cameron Elementary school.

The instructor will be Mrs. Brenda Roberts, M.Ed., of Adolescent E.T.C. in Lake Charles.

Anyone wishing to enroll or wanting further information may call Bill Morris at Cameron Elementary S c h o o l (775-5518).

OFFICE CLOSED

Hubert (Baro) Boudreaux, who is the local Drivers license examiner, announces that his office will be closed from May 9 - 20.

Anyone needing to apply for drivers license can do so at the Sulphur or Lake Charles office, Boudreaux said.

Bazaar to be held

Pat Doland was elected to serve as chairman of the St. Eugene Parish Church barbecue and bazaar to be held Sunday, June 26, at the Grand Chenier State Park.

There will be plenty of barbecue with the following activities s c h e d u l e,d throughout the day: $1,000 first prize raffle, boat races, a country counter, green plant counter, country music and volleyball games.

A. J. EWING, president of the Grand Lake High School F.F.A., is shown with his Reserve Champion Hampshire Boar at the L.S.U. Spring Livestock Show. A. J. was also selected Reserve Champion Swine Showman at the Southwest District Livestock Show at Burton Collsium.

Richard named new principal

Barry Wayne Richard was named principal of the South Cameron elementary school effective July 1 by the Cameron parish school board Monday.

He will repalce Adam Conner, who will become a curriculum supervisor for the parish schools on the same date.

Debra Duplichain was named as a bookkeeper-secretary for the school board office.

The board agreed to advertise for applications for the position of School Food Service Supervisor.

The following resignation of teachers were accepted: Judy Ann Goodley, April 6; Nolan Ray LeMaire, April 14; Wanda Hoffpauir and Glenn Sanches, May 27.

Mrs. Raymond Badon was named as a sweeper at Johnson Bayou high school.

Mrs. Christine Garber was granted a maternity leave for first semester of the next school term.

A sabbatical leave for rest and recuperation was granted to Mrs. Marianna Tanner at Johnson Bayou high school.

The retirement of Wayne O. Wood as music teacher at South Cameron and Grand Chenier elementary schools on June 1 was announced.

The consolidation of several school bus routes due to declining number os students were discussed.

It was announced that the parish will have a six week migrant school program this summer.

Gifted children plan outlined to board

A tentative outline of the new gifted children's program for Cameron parish was outlined to the Cameron school board Monday by Miss Annie Boudreaux, who setting up the program and will be the teacher.

She said she is presently in the process of identifying gifted and talented children from the recommendations of teachers, parents and students.

The program will deal with only the fourth and fifth grades this coming year with about 30 students expected to be involved.

Two grades will be added each succeeding year until the program covers all of the grades.

The instructions will be on an individual basis and will stress the fields in which the gifted children are interested. Miss Boudreaux said she expected some of these fields to be creative writing, foreign languages and cultures, science, art and music.

Cameron parish is one of 18 parishes in a pilot program is the state this year and funds for the program will come from the state.

School plans summer classes

The summer session for Cameron Vocational-Technical School will open Wednesday, June 1, according to Leslie D. Griffith, director.

Classes will be held from 7:30 a.m. to 1:30 p.m. daily.

Registration and testing of new students will be Monday and Tuesday, May 30-31, beginning at 9 a.m.

All new students must be tested and counseled prior to entering classes.

Subjects offered in office occupations are typing, shorthand and bookkeeping.

Other courses being offered are automobile mechanics and welding.

The school is tuition free.

GROUP EFFORT

May friends helped last Saturday as Mr. and Mrs. LeVan Richard and Mr. and Mrs. Enos Baccigalopi butchered a hog weighing over 400 lbs.

Marion Primeaux and his wife, Mary Ann, Ray Conner and his two brothers, Bodie and David with Enos and LeVan brought the hog to Tootie's Place to butcher.

The remnants were then taken to Enos and Eunice's house to cut up and make grease. Some was prepared for dinner.

Much bouillion was produced Mary Ann prepared a big pot of rice, a pot of backbones and another pot of the insides all stewed in gravy. Everyone there ate boudoin.

Lorraine, Eunice and Mary Ann wrapped all the meat.

Mrs. Frank Davis (Ida). Dianne and Misty, Tootie and May ate dinner with the group and spent the night with the family.

Coast Guard volunteers info. sought

Dear Editor:

I am addressing this letter to any U. S. Coast Guard volunteers, still living, who can furnish proof that they were among the foot soldiers and horsemen whose job it was to patrol the beaches of Cameron Parish during World War II. I likewise wish to address this letter to the families of deceased volunteers just as long as they have proof of the deceased's service in this unit of the Coast Guard.

Proof of this service could be an old picture of the volunteer (or volunteers) in uniform, old Coast Guard orders, medals, citations, etc.

My reason for wanting this documented information is so that I can include the names of these volunteers in a history of the Louisiana Gulf Coast in World War II which I am presently writing.

You can write to me as follows: C. J. Christ, P. O. Box 10037-Station I. Houma, LA 70360.

Or you can contact: Mrs. Clifford Conner, phone no. 542-4983.

Honor officers are elected

Delta Sigma Pi, national honor fraternity for business majors recently elected two Cameron students as officers.

Elected for the 1977-78 school year are Daniel Lee Cox to serve as secretary and Anthony Bartie to serve as treasurer.

CDA elects officers

Newly elected officers to the Court of Our Lady Star of the Sea #1898 will be installed at the Saturday, June 11, Mass set to be held in the Cathedral in Lafayette.

They are Adenise Trosclair, Grand Regent; Hilda Henry, vice Regent; Betty Savoy, 2nd vice Regent; Victoria Daigle, financial secretary; Betty LaCompte, recording secretary; Ruby Hebert, treasurer; Florine LeBlanc, monitor and Anita Burleigh, publicity chairman.

The group discussed the May 15 Mass for South Cameron High School graduates and the breakfast that will follow at the Creole Life Center sponsored by the Catholic Daughters Court and also the Court of Our Lady Star of the Sea.

A committee of three - Adenise Trosclair, Mabel Saltzman and Betty LeCompte were selected to meet with United Methodist Women's chairman, Virgil LeBleu at the Methodist Recreation Hall to discuss the program for the senior citizens for the month of May.

These announcements came at the May 3 meeting of the Court. The door prize was won by Carrine Willis and the cake raffle was won by Victoria Daigle.

Refreshments were served by Mabel Saltzman and Victoria Daigle.

The senior citizen party will be held at the Methodist Recreation Hall May 22 from 6-8 p.m.

One of the big needs of the Louisiana Baptist Children's Home in Monroe is a more adequate endowment fund. Such a fund provides financial help year after year since only the interest earned by the invested money is used. A gift to the endowment fund may be made at anytime and in any amount.

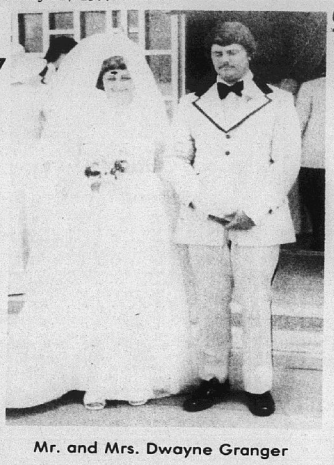
Judy Dupuis marries

Dwayne Granger May 7



Mr. and Mrs. Dwayne Granger

Judy Dupuis became the bride of Dwayne Granger during a nuptial mass, Saturday, May 7, at 11 a.m. in St. Eugene Catholic Church in Grand Chenier. Rev. Joseph Woerdeman, Pastor, officiated.

The bride is the daughter of Mr. and Mrs. Walter Dupuis of Grand Chenier, and the groom is the son of Mr. and Mrs. Clement Granger of Grand Lake.

Organist was Donald Broussard of Pecan Island.

Given in marriage by her father, the bride selected a gown of dacron organza and re-embroidered Alencon lace. Her bodice, paneled with re-embroidered Alencon lace, featured accents of buttons, a Victorian neckline and Renaissance sleeves accented with re-embroidered Peau d'ange. From a crescent waistline fell her skirt of organza enhanced with cascading bands of re-embroidered Alencon lace on the skirt and chapel train.

Her camelot of re-embroidered alencon and organza encrusted with seed pearls held soft lace-edged face veil and full cathedral illusion bordered with scalloped re-embroidered Alencon lace. She carried a bouquet of mixed spring flowers in rainbow colors.

Madeline Granger served as maid of honor. She wore a long, light purple dress with matching hat and ribbon. Brides maids were: Lena Dupuis in light yellow with matching hat and ribbons, Nita Dupuis in light pink with hat and ribbon to match, Johnette Duhon in light blue with hat and ribbon to match, Liz Richard in light yellow with hat and ribbon to match and Debrah Theriot in light green with hat and ribbon to match. Each carried a long stem white rose bud with green ferns.

Flower girls were Monica Dupuis and Pennie LaComb both in light blue long dresses. Thomas Duhon served as ring bearer.

John Arthmenta was best man and groomsmen were Walter Keith Dupuis, Michael Dupuis, Ronald Dupuis, Terry Miller and Wade Granger.

Ushers were Todd Dupuis, Trey Zamore, Shane Broussard and Johnny Granger.

The bride's mother wore a long blue chiffon dress and the groom's mother wore a long pink crepe dress.

Following the wedding a reception was held at the W.Ow. Hall in Creole. Servers were Mamie Richard, Alice Richard, Geneva Conner, Cecile LaLove, Mary Ann Primeaux, Jeanette Clayton, Lorma Miller and Lon Duhon.

The bride's traveling costume was an orange pant suit. They are making their home in Grand Chenier.

The bride is a graduate of South Cameron High School and employed as a sweeper a Grand Chenier elementary school.

The groom attended Grand Lake School and is employed by Crain Brothers.

Out of town guests were Mr. and Mrs. Allen Pontiff Jr., Mr. and Mrs. Thomas J. Gervois, Mr. and Mrs. Lovell Boudreaux, all of Raceland. Mr. and Mrs. Milton Breaux, Mrs. Laura McNeal and Mr. and Mrs. Vick Hebert all of Lake Charles. Mr. and Mrs. Hillard Hanks of Lake Arthur, Mr. and Mrs. Ronnie Weekley of Gueydon, Shirley LaComb and Paul, Juday and Angie North and a friend Theresa of Lake Charles. The Cameron Fellowship of Aging, which is sponsored by The Catholic Daughters of Our Lady Star of the Sea Church and the United Methodist Women of Wakefield Methodist Church, will meet in the Fellowship Hall of the Methodist Church on Sunday, May 22 at 6 p.m. Those over 60 years of age, their husbands and wives are invited.

Entertainment will be provided by Joy's Day Care School. Refreshments will be served, and other recreation is planned. There will be door prizes, a birthday cake for one whose birthday is in May, and other features.

Minns S. Robertson, Director of the Cameron Council on Aging, will mention items in the news of interest to the group, and the Council on Aging is planning to recognize the oldest person present.

An engraved loving cup will be awarded to the oldest person present to be kept until the next meeting, when it will again be awarded to the oldest person present. It is not planned that the cup will become the permanent trophy of anyone, but passed around from month to month.

Avoyelles cuisine

La Cuizine des Avoyelles by La Commission des Avoyelles P.O. Box 28 Hamburg, La 71339, 292 pp., $5.00 plus 25c mailing

This cookbook of Avoyelles parish recipes that took two years to produce is a proven success - the first printing was a sellout. Now thanks to a second printing by its publishers La Commission des Avoyelles, the "La Cuizine" collection is available again.

The Avoyelles Commission is an historical organization incorporated in 1974 "to preserve the colorful culture, cuisine and traditions of the parish as well as to promote products, resources and special attractions unique in the area."

The commission chose the cookbook for a 1976 bicentennial project as a means of reflecting the unique blending of American French and Spanish heritage in Avoyelles parish. "La Cuizine's more than 800 recipes do this superbly.

Reflecting the culture of Avoyelles parish is an added feature: Art work for the cover and section divider pages showing eight historic homes, each a century or more old and previously featured in "Allons Aux Avoyelles Tours." The pen-and-ink sketches by Debbie Kelly of Baton Rouge with histories and descriptions from Randy DeCuir's "Avoyelles Homes" include

The Destouse Home at Mansura (1854) that has been placed on the National Register of Historic Homes, the Ward Nash-Burges Plantation Home at Bunkie (1833-35) Oakwold near Evergreen (1837) that has remained in the same family for eight generations, Ashland Plantation on Bayou Boeuf (1825-30), the DeNux-McNeely Home (1870)

Dumping law to be enforced

Colonel Grover W. Garrison, Deputy Secretary in charge of State Police, announced the beginning of a strict enforcement policy by the State Police against littering of state highways.

Revised Statutes 32:289 states:

A. No person, firm, or corporation shall intentionally dump, leave, or deposit any glass or metallic objects, trash, refuse or garbage on any private property, without permission of the owner of said property, or on any highway or roadside park, or on any lands adjacent thereto.

B. No person, firm, or corporation shal operate any truck or other vehicle on any highway in such a manner or condition that the contents can blow or fall out of such vehicle, or that mud from its tires can fall upon the raodway.....

Colonel Garrison stated that a Department of Transportation spokesman advised that over one million dollars was spent last year to remove litter from the highways. Most of this litter consisted of cans, bottles, and paper thrown from vehicles.

'Country Journalism' has news as it was

"Country Journalism" by Erbon W. Wise, P.O. Box 99 Sulphur, La. 70663; 56 pp., $7.00

Reviewed by
MARIE WISE

How did a small town newspaper report the news of its community 50 years ago? The Leesville Leader's star reporter did so with generous amounts of personal opinion, outspoken approval or disapproval, righteous indignation for wrong-doing, intense loyalty to the community, candid reporting of prohibition and political activities, cheery optimism in the midst of a really bad depression and always appreciation of the ladies.

The oldtime, hard-hitting prose of Rev. Andrew Allen Veatch, who went to The Leesville Leader about 1921-22 and stayed for 12 colorful years, is always interesting and often hilarious. It will both astound and delight modern-day readers.

"Bold As A Lion," Country Journalism is the full title of the large (8½ by 11 inch) soft cover book edited by the present publisher of The Leesville Leader, who himself grew up in Leesville. The volume was prepared initially for his newspaper friends as a prime example of small town newspapering as practiced two generations ago.

This is a "spin-off" publication of excerpts from three other books edited by Erbon W. Wise, each being a collection of news stories as reported in the classic style of "The Leader Man." Veatch's favorite name for himself.

An ordained minister, Rev. Veatch appears to have devoted most of his energies to journalism while in Vernon Parish, although he was known far and wide as "The Country Parson." He frequently was a guest minister at rural churches and performed at least one marriage, in the newspaper office, according to his own write up.

Like the previous three, this book is made even more vivid and entertaining by the art of John Chase, Louisiana editorial cartoonist and unchallenged dean of his profession in the South. More than 80 of his comic sketches illustrate the stories, which are quoted verbatim (except for a discreet omission of names) from The Leesville Leader files of 1929, 1930 and 1931.

With delightful insight to human nature, the "news" stories are gathered into thirteen chapters ranging from "Law and Order" to "Society." Some random examples are:

"Thirty-six gallons of prohibition whiskey and a bottle of rum were captured in the south end of Leesville Friday afternoon by Joe L. Hunt and Lonnie Barrington after (an auto) chase of nearly ten miles."

"J.A. Nichols of the Handy-Andy store is in the Alexandria hospital with a broken arm due to a mule kicking him Saturday night while he was passing the said mule in his car."

"Saturday night at the Crossing a man was arrested for knocking a woman down. He said she failed to respond with as much love and affection as he craved and so he knocked her in the head to convince her of his worthiness."

"J.H. Johnson of Gravel Hill was in town Fri. with 144 pounds of lima beans which he sold to McFatter Bros. at 8 cents a pound. He said to raise more beans and less hell would be profitable to everybody."

Sugar was advertised at 10 lbs. for 55c; flour at 24 lbs. for 90c; cigarettes at 2 packs for 25c; breakfast bacon at 25c per lb.

The latest Western movie starring Hoot Gibson was described as "full of fast riding, hard fighting, fiery vengeance and fervent love making ... an all talking picture." Tickets were 10c for children, 25c for adults.

News item from Drake's Fork: "An aeroplane passed over here Sunday."

It's been a long time since 1929: "news" is different now; journalistic styles have changed; but the way it used to be has been locked onto the pages of "Bold As A Lion" Country Journalism that delightfully turns back the clock a half a century.

Grand Chenier News

By ELORA MONTIE

The Camp Fire and Blue Birds of Grand Chenier held their Mother - Daughter Camp Out at Camp Wi Ta Wentin at Moss Bluff over the weekend.

Enjoying playing games, singing around a bomfire and a wennie roast were Mary Jo and Jennifer Canik, Ledian Faye and Allyson Richard, Sue and Tommie Lynn Mhire, Yvonne and Roxann Dupre, Shirley Bonsall and Xann Murphy, Leola and Lorie Theriot, Judy, Pam and Jannett Erbelding, Linda and Alice Welsh.

Several folks on the Chenier Monday afternoon, traveling on the highway, noticed dark weather south of Grand Chenier toward the Gulf. Many stopped and observed the Tornado cloud which touched down near the Gulf. Some stated it looked like smoke while other said they saw "like white sand being picked up." It did not last long, but put some to thinking; what if that had been on the Chenier itself.

The American Legion Sturlese Post of Grand Chenier had a very good turn out Sunday. May 8, for their barbecue.

Bids asked on oil storage

The Federal Energy Administration has announced that it is accepting bids to provide materials and labor to construct a temporary system for the storage of crude oil in leached salt caverns in the West Hackberry oil field.

The facilities will consist of pumps, meters, instrumentation and piping to connect oil storage wells with nearby terminal and brine disposal facilities.

Cost of the work is estimated to be about $1,250,000.

In the meantime, a federal judge last Wednesday signed an order giving the federal government the right to take possession of the Bayou Choctaw salt domes in Iberville parish as storage facilities for crude oil.

The government plans to use the Iberville and Hackberry domes, plus domes in several other Louisiana and Texas locations to store more than 250 million barrels of imported crude oil as a reserve in case of emergencies.

Apparently the only thing that could stop the process would be a suit by environmentalists.

The Environmental Protection Agency already has Louisiana under strict standards for emission of hydrocarbons in the air.

State officials said hydrocarbons would be released by the massive pouring of oil into the domes.

Federal officials said the first crude oil for storage in the Choctaw domes should be received in July.

ALAN MCCALL and Jeffery Jouett of South Cameron high school senior 4-H club were first in the Gulf Coast Soil and Water Conservation district demonstration contest and second in the state contest. The latter was held last Saturday at LSU-A at Alexandria.

Red-Blue game set by Tarpons Friday

The South Cameron Tarpons will hold their annual RED-BLUE spring intra-squad football game Friday night, May 20, at 7:30 p.m.

The Tarpons wrapped up their spring drills this week and head coach Wayne Batts has been pleased with his squad's effort.

"Every year, there is only one coach satisfied with his team's performance--that's the state champion," said Batts" I can't say that I'm satisfied with our performance this spring, but I an please with our overal hustle and effort. We will come back this summer with a lot of work to do, but I believe our team has the attitude to have a competitive team next year."

Batts stated that he has had some pleasant surprises this spring pointing out defensive players Myron Mayard, Pat Primeaux and Martin Theriot and running back Binky Kiffe as squad members who came a long way in spring drills.

"We didn't know if any of those four could play the positions we wanted them to play, but they have done a fine job this spring."

The teams have been evenly divided for Friday's contest and the starting line-ups include:

Red--Luke Conner, quarterback, Tony Porche, fullback, Kiffe, tailback, Tim Grady, slotback, Bill Jones and Richard Tutt, split end, Oscar Garcia and Scott Quinn, tackles, Fred Conner and Val Mouton, Hector Garcia, center and Jeffrey Jouett tight end.

Blue--Boby Savoie, quarterback, Mayard, fullback, Henry Rankin, tailback, Mike Conner, slotback, Dirk DeSonier, split end, Primeaux and Shane Conner, tackles, A. J. Vaughan and Theriot, guards, Phillip Nunez, center and Ruben Doxey and Eric LeBouef at tight end.

The Red team is expected to posses a strong running game with Porche and Kiffe, two of the top runners this spring. The red defense will be led by Porche at nose-man, linebacker Mouton and end Jouett.

The Blue team will counter with more of a balanced attack led by the passing of Savoie to split-end DeSonier and the inside running of Mayard. Linebacker Theriot, tackle Conner and strong safety DeSonier will lead the Blue defensive corps.

Starting quarterback Paul Grady and Pat Smith, who was battling Kiffe for the number one tailback slot, will miss the game due to injuries.

Youth killed on highway

A 12-year-old Opelousas youth died Saturday morning when a van truck struck him when he stepped into the highway south of the Gibbstown bridge, according to State Police Troop D reports.

James C. Dupree was dead on arrival at South Cameron General Hospital.

The youth reportedly was fishing in a canal off Louisiana 27, about four miles south of the bridge, when he stepped onto the highway and was struck by a southbound van truck driven by Dwayne Kruse, 47, of Natchitoches, according to Troop D.

The youth reportedly was struck in the side and suffered internal injuries.

Two meet president

Two Cameron parish residents who are on the two week trip to France and Belgium sponsored by CODOFIL probably got a chance to meet the president of France last Wednesday.

The two are Mrs. Roland Primeaux, who is on the religious pilgrimage portion of the tour, and Mrs. Geneva Griffith, who will be visiting French newspapers and broadcasters. Mrs. Griffith is representing the Cameron Pilot and the American Press.

The CODOFIL group had a surprise meeting with President Valery Giscard d'Estaing at the Elysee Palace Wednesday.

The group went to the palace for a tour and were talking with presidential press spokesmen when Giscard d'Estaing appeared.

The president, who visited Lafayette, last year on his bicentenniel visit to the United States, asked about the mayor of Lafayette.

Gill net bills to be heard

Of interest to sports and commercial fishermen alike is the hearing on all bills pertaining to gill nets that will be held by the House Committee on Natural Resources on Wednesday, May 25.

The hearing will be in Committee Room 3 of the State Capitol in Baton Rouge at 9:30 a.m. If necessary, the meeting will be continued on May 26.

Rep. Conway LeBleu of Cameron and Rep. Mike Hogan of Lake Charles are members of the committee.

The bills in question would restirct in various degrees the use of gill nets in fishing in Louisiana waters.

Persons wishing to testify in favor or against any of the bills will be given a chance to do so by the committee.

You can save yourself some money by saving your egg whites when a recipe calls for only the yolks. Since one egg white fits neatly into an individual plastic ice-cube container it's a good way to freeze them. Protect them in the freezer with a plastic bag.

The Bean Stalk

Some families have their own association and even their own genealogical publication. The Bean family has both: The Southern Bean Association for Bean, Been, Beene, Bain, Bayne members or any other way the name might be spelled, plus "The Bean Stalk", their four times a year publication.

The editor sent a copy of their spring issue to this column, 50 typewritten pages offering a world of geneological information for the various Beans: census, cemetery and court records, wills, D.A.R. applications, a six-page family story, etc.

The association maintains a lending library (14 Bean books listed) from which for $1.00 readers may have a book mailed to them for two weeks of research. Queries about missing Beans, etc. are published free in The Bean Stalk, mailed to all association members.

In August the 6th annual Southern Bean Workshop will be held at Knoxville, three days of family get-togethering with planned workshops, meetings and entertainment for the "cousins by the dozens."

Membership in the Southern Bean Association including four issues of The Bean Stalk is $5.00 per year. Some back issues are available. The editor is, Hazle Boss Neet, 625 N. Brooks, Pontotoc, Miss. 38863.

Ferguson

"Genealogy of the Descendants of Elijah Ferguson" was compiled by William Richard Ferguson and Ann Elizabeth Ferguson in 1976 as "a preliminary document which, we hope, will bring us more information."

Elijah was born ca 1775 in Va., probably the son of John Ferguson of Culpepper Co.

Elijah married Elizabeth Jackson born in S. Car. whose father was an officer in the American Revolution, bought land along the Amite river and settled near Clinton, La. They and their descendants lived in Feliciana parish, Yazoo and Carroll Co., Miss., Drew Co., Ark. and after the Civil War moved to Texas.

The six typed pages plus two index pages are folder bound and priced at $2.50. Write: W.R. Ferguson, P.O. Box 42327, Houston, Tex. 77042.

Hot water for all, all at the same time.

For this family, we at Entex quickly suggest a fast-recovery natural gas water heater.

For 15-year-old Jimmy, who, having just discovered girls, has also discovered the benefits of the daily hot shower. For his dear old dad, who believes that a nice, hot shave should be just that. Nice and hot. For Mom, who has a warm place in her heart for clean dishes. For little Sara, who has a compelling need for clean, dry diapers.

For the very good reason that gas water heaters heat twice as fast.

You'll get the hot water you need when you need it most. And you'll use less energy in the bargain. Natural gas is clean, efficient energy. And it delivers more primary energy than electricity. By using gas for the big jobs in your home, you'll be helping America save energy.

With the properly sized water heater, your home has hot water for all. For the whole family. For a long, long time.

ENTEX

You can always depend on natural gas.

Miss Richard weds Darrell D. Ball

Elizabeth Lou Richard exchanged wedding vows with Darrell David Ball during an 11:30 a.m. Mass double-ring ceremony Saturday, May 14, at St. Eugene Church. Officiating were Father Joseph Wardeman and Rev. Darrell Ball.

Parents of the bride are Mr. and Mrs. Freddie Richard of Grand Chenier and the groom is the son of Rev. and Mrs. Darrell Ball of Oak Grove.

Organist was Grace Graham, and soloist was Theresa Ball, the groom's sister. The church was decorated with white carnations on the alter with rainbow color arrangements at the foot of the alter.

The bride, given in marriage by her father, wore a traditional gown of white silk organza over taffeta, fashioned along empire lines. The bodice, overlaid in Chantilly lace, featured a sheer overlay and high Victorian neckline. The long, fitted sleeves were Chantilly lace and the long, full skirt, edged in a lace-topped flounce, which swept into a bustle at the back waist, flowed into a chapel length train. The matching short full veil was appliqued with rose lace.

She carried a bouquet of roses and greenry.

Lena Dupuie of Grand Chenier was maid of honor dressed in a long lavender dotted swiss gown with matching hat and parasol. She wore a waistlet coursage of white carnations with ribbon to match the dress.

Bridesmaids were Cindy Broussard of Grand Chenier, Cheryl Benoit, Debra Gothreaux, and Leisa Bordelon of Lake Charles, Sue Bee and Debbie Lumbodena of Monroe and Cheryl Miller of Grand Chenier who was junior bridesmaid. Each wore dresses of rainbow colors with hats and parasols to match.

Flower girls were the groom's niece, Melony DeFee of Oak Grove, and Michelle Doucet of Moss Bluff, niece of bride.

Ring bearer was Tim Richard of Gillis.

Best man was Kirk Zounbreaker of Monroe with James Hammons, Tom Clark

Mrs. Darrell D. Ball

Steve Clarke, Dr. W. R. Crumpton and Lane Newman all of Monroe. Evans and Lawrence Mhire of Grand Chenier as groomsmen.

Ushers were the brides brothers, Glenn Richard, and Stanley Simpson, brother-in-law of groom.

The reception followed at the American Legion Hall.

The bride's mother wore a long two-piece green dress with white accessories and a white daisy corsage and the groom's mother wore a long, beige dress with a white daisy corsage.

The couple are on their wedding trip to parts of Texas.

They both attend Northeast State University in Monroe, where the groom is president of Delta-Demeter and Phi Kappa-Phi.

Youth Day to be held at Ebenezer church

The fifth annual Youth Day Celebration will be observed at the Ebenezer Baptist Church, Sunday, May 22, with youth filling all places of responsibility.

Sunday School will be presided over by Patricia Bartie. Other youth officers include: Cornella Bartie, assist. superintendent, Marion Harrison, dean, Michael Bartie, Erica January and Carol and Drusilla Cockrell, secretaries; Derek January, Alarec LeBlanc and Anthony Bartie, deacons; David Lute, Jr., master of ceremonies; and Al Bartie, organist.

The youth will present a program with emphasis on the theme through poems, quotations, scriptures, songs and solos.

Guest speaker for the 11 a.m. services will be the Rev. Roland Mouton of Houston, Tex. He is associate minister of Jordan Grove Baptist Church of Houston. Rev. Mouton recently received his Bachelor of Theology Degree from the Inter-Baptish Theological Seminary. He is also active in religious and community projects.

Refreshments will be served in the church dining hall immediately following the benediction.

The pastor and youth directors invite the public to see the youth in action during the Sunday School and worship hour at 11 a.m.

Pageant set for May 28

The Little Miss Cameron Charm pageant will be held Saturday, May 28, at the Cameron Elementary School.

It is open to all girls living in Cameron Parish between the ages of two and twelve.

Contestants will compete in interviews, sportswear and stage modelling. There will be no talent competition. Trophies will be awarded to all contestants.

Love Is What NUNS Are Made Of

Love of Christ! Love of humanity! Love of souls! That's what a Catholic nun is made of.

Only such a powerful motivation, in fact, could prompt a young woman to choose such a life. For the life of a nun offers no practical or material rewards commensurate with the sacrifice she makes to be one.

A nun turns her back on the pleasures, vanities and possessions most women want out of life. Instead of having a family and home of her own, she lives in a community with other nuns. Instead of trying "to keep up with the Joneses," she dedicates herself to a lifetime of poverty, chastity and obedience.

She makes these sacrifices ... and devotes years to her education and training ... so that she may be able to devote the fulness of her mind and heart and talents to the service of God. So that in the pursuit of her own holiness she will bring holiness to the souls she so humbly seeks to serve.

The number of young women who feel a divine call to the life of a religious is relatively small compared with those who choose otherwise. Yet something like a million nuns of the world-wide Catholic Church serve Christ and humanity in religious, charity and education activities that bless the lives of everyone, everywhere.

Catholic nuns, of course, are a familiar sight to people of all faiths almost everywhere. For withal the seclusion and humility of their personal lives, their labors of love are visible to everyone in their work of charity, education, social betterment and religion.

But not so well known ... and worth knowing ... is the story of how and why a nun becomes a nun, and the education and training that go into her preparation. Equally interesting is the story of how the individual talents of aspiring nuns are fitted into the work of the various sisterhoods, to provide a richly rewarding career for those who choose the religious career.

These and many other interesting facts are related in a new pocket-size pamphlet "About Nuns," which we will be happy to send free upon your request. It describes, among other things, how the spirit of Christian renewal proclaimed by the recent Vatican Council touches upon the life and work of the religious women of Christ's Church.

Write today. Ask for Pamphlet No. KC-25. It will be sent without cost or obligation. Nobody will call on you.

New Cameron parish sheriff dept. boat

Sheriff gets patrol boat

The Cameron parish sheriff's department has an important new aid to use in its law enforcement and rescue work—a 33-foot all-metal patrol boat.

Sheriff O. B. Carter said the boat was built for his department by Breau's Bay Craft, Inc. of Loreauville at a cost of $10,500.

The craft, which is powered by a 165-horsepower diesel engine and cruises at 20 knots, has an all steel hull and an all aluminum cabinet. It has an 11½ foot beam and draws 28 inches of water.

Presently docked at the Diesel Marine Service docks, the boat later will be housed in a boat house to be built next to the Steed Fish Company dock.

Operators of the new boat are Deputies Carlos Ratcliff and Charles Murphy, both of whom have had marine experience.

Sheriff Carter said the boat is very seaworthy and will be not only in the river and lake, but in the Gulf as well for rescue and patrolling work.

The boat has already been used in searching for two lost fishermen in Big Lake. (Both turned up safe.) And it was used in the investigation of a breakin of a camp at oyster bayou.

It is equipped with a two-way police radio.

The sheriff said the boat would also be used for other things such as making oyster surveys in Calcasieu Lake, and for controlling the speeding on the river and lake.

Tarpons to play in Iowa jamboree

The South Cameron Tarpons will see their first action this season when they play in the Iowa Football Jamboree Thursday night, Sept. 1, according to Coach Robert Manuel.

The Tarpons will play Elton in the second game of the evening. Other games will be Vinton vs. Gillis and Iowa vs. Iota. All are Class B games.

Each game will consist of two ten-minute halves, with five minutes between halves. The first game is at 7:30, with the others following immediately afterwards.

Coach Manuel gave his tentative lineup as follows:

Bobby LaLande LE, Leon Hebert LT, Rubin Morales LG, Barney Kornegay C, Raymond Hebert RG, Roland Trosclair RT, Eddie Joe Conner RE, Melvin Boudreaux QB, Alvin Mudd LH, Terry Conner FB and Charles Bernard RH.

Coach Manuel also listed these players as strong contenders for starting positions: F. J. Gaspard RE, James Albarado RH, Roger Richard LH and J. A. Miller RG.

Tickets are now being sold by the football players, coaches and at Boudoin Bros. Service Station in Creole. They are $1 for adults and 50¢ for students.

Local fans are urged to buy their tickets here before going to the Jamboree as South Cameron gets to keep the proceeds on all tickets sold here in advance. The ticket sales at the gate will be divided six ways.

The Tarpons have been working every day in preparation for the start of the season. Wednesday they scrimmaged at Basile and this Friday at 3:30 p.m., they will scrimmage with a Landry squad at Oak Grove.

Miss Granger assumes duties as H.D. agent

Miss Patsy Granger assumed her position here Monday as Cameron parish's new Home Demonstration agent. She succeeds Mrs. Iva Free in the job.

A native of Calcasieu parish, Miss Granger graduated from LaGrange high school, and attended McNeese State College. She received a degree in home economics education in 1951 from Louisiana State University.

She taught one year at Sweetlake and two years at Grand Lake in Cameron parish, and one year at Hayes in Calcasieu.

In 1955, Miss Granger entered agriculture extension work as assistant Home Demonstration agent of Evangeline parish. She was there two and a half years working with the 4-H clubs.

She served as Home Demonstration agent of Jeff Davis parish for one year and was then transferred to St. Landry parish as associate H.D. agent to work in the farm and home development program.

Miss Granger expects to complete her master's degree in extension education within the coming year.

She plans to make her home in the town of Cameron.

The new agent said she would begin meeting with the parish's Home Demonstration clubs in September, and that Assistant County Agent Clifford Meyers will also begin meeting with 4-H clubs as soon as school opens.

Schools to open in parish Monday

Cameron parish's five high schools and two elementary schools will open for the 1960-61 school term Monday. All schools will take in at 8:30 a.m., with the exception of South Cameron high which opens at 8:20 a.m.

The schools will be dismissed immediately after lunch is served Monday, so teachers can attend a meeting on teachers insurance at South Cameron high that afternoon. Full days will be taught the rest of the week.

All first graders and all transfer students from other states entering school here for the first time must have their birth certificates under the provisions of a new law adopted recently by the state legislature.

In the past, Superintendent U. E. Hackett said, these students have been given a week or two to secure their birth certificates if they did not have them. Under the new law, they will not be permitted to enter school until certificates are presented.

(This does not apply to first graders who have already presented their certificates at the pre-school roundups held earlier this year.)

Schools in the Cameron parish school system are: elementary and high schools -- South Cameron, Grand Lake, Hackberry, Johnson Bayou and Audrey Memorial Colored School.

Elementary schools---Cameron and Grand Chenier.

(Grand Chenier school definitely will operate this year, despite a rumor to the contrary, Mr. Hackett stated. He said the school board has no intentions of closing this school at any time in the foreseeable future.)

Dr. Clark named to state board

Dr. Cecil W. Clark of Cameron was appointed to the State Hospital Board by Gov. Jimmie H. Davis this week.

The Cameron physician, who operates the Cameron Medical Center, is secretary of the Lower Cameron Hospital Service District which is to build a new hospital between Cameron and Creole.

Dr. Clark gained nationwide recognition for his services during Hurricane Audrey in 1957 and received numerous citations, including being named General Practicioner of the Year for the United States that year.

Others named to the hospital board with Dr. Clark were G. Kemp Tricou, Baton Rouge; M. E. Brown, Minden; Jules Fogel, Vivian; and Walter D. Melson, Alexandria.

Five members of the board were reappointed: James A. Stire, Hammond; A. R. Johnson, Baton Rouge; Mayor John Leveson, Abita Springs; Dr. R. U. Parrott, Alexandria and Cecil R. Rester, Varnado.

THIS WEEK

BY JERRY WISE

GOV. JIMMIE DAVIS apparently has a warm spot in [illegible] Cameronian parish. This week he named a third Cameron parish resident to an important state post—Dr. Cecil Clark to the State Hospital Board.

Earlier he had appointed John Paul Crain of Grand Chenier to the state wildlife and fisheries commission, and Rep. Alvin Dyson to the Gulf States Marine Fisheries Commission.

The appointment of Dr. Clark has added significance to Cameron parish in that the Lower Cameron Hospital Service District, of which Dr. Clark is a commissioner, is presently trying to secure Hill-Burton federal funds for the new Lower Cameron hospital. The agency which aids in securing these funds is none other than the State Hospital Board.

The posts held by Rep. Dyson and Mrs. Crain are no less important to Cameron parish because of the big fishing and wildlife industries in the parish.

As we said, Gov. Jimmie has done well by Cameron parish.

THE NEW pension program for unmarried widows and dependent children of veterans of World War II who died from non-military causes will mean payments of from $45 to $60 a month for some dozen or more persons in Cameron parish, according to Deil LaLande, parish service officer.

HADLEY FONTENOT, just back from a vacation at Biloxi, reports that the Mississippi beaches are no better than those of Cameron. It is almost impossible to swim there because of the great distance you have to go to get to deep water, and like beaches here, there is a silt problem.

As for the white sand along the beaches, this is pumped in at a great expense, Hadley said he read that one county had spent $500,000 in one year to keep up its beaches.

There is a moral here for Cameron parish: we too could have pretty beaches and thousands of tourists if we were willing to spend the money needed to improve the beaches.

Cameron cattle re-accredited

Here's some good news for Cameron parish cattlemen:

After six years being plagued with a heavy infestation of tuberculosis among their herds, the TB problem has been controlled and Cameron parish cattle have been re-accredited by the U. S. Department of Agriculture.

County Agent Hadley Fontenot announced that of the cattle tested in recent months only .037 percent were found to have TB, far below the one half of one percent needed to be accredited.

The quarantine on several herds at Johnson Bayou has been lifted, leaving only one quarantine in the parish, that on 300 head of cattle at Sweetlake.

Agriculture leaders became concerned in 1954 when 199 cattle were found to have TB here. An extensive testing program was begun, and 30,291 head of cattle have been tested since then.

Some 34 TB reactors were found in 1958, but the number has dwindled in recent months. Animals found to have TB were slaughtered, with the government paying part of the loss suffered by the cattlemen.

Mr. Fontenot said that no more testing would need to be done for the next six years, unless more TB was to be discovered in the parish.

He thanked the parish cattlemen for their cooperation, and said that almost 100 percent of the cattle in the parish had been tested.

More races set by boat club

More boat races will be sponsored by the Cameron Boat Club this Sunday at 2 p.m., according to President Arsene LeBleu, who said the earlier races have been very well received by the public.

The races will be in front of the Diesel Marine Docks in Calcasieu river at Cameron.

There will be several races for boats of various horsepower, starting at 10 hp, and there will also be a free-for-all. There is a dollar entry fee for each race. Spectators are admitted free.

The boat club will hold its incorporation meeting this Friday night at 8 p.m. at Fred's Restaurant. All members are urged to attend.

Former Beach resident is killed by car

A former resident of Holly Beach was hit and killed by a car on U.S. Highway 90 six and a half miles west of Sulphur Tuesday evening.

She was Mrs. Edna Cobb Hargrave, 42, of Orange, Texas. A native of Alexandria, she had moved to Orange three months ago from Holly Beach.

State Police said Mrs. Hargrave had gotten her car stuck in a ditch and was trying to flag down a car for aid when she was struck.

The driver of the car, Lawrence E. Meadows, Lake Charles, told officers that he failed to see Mrs. Hargrave until it was too late to stop.

Mrs. Hargrave's husband, Ednor Hargrave, who is a cripple, was in the rear of the Hargrave car at the time of the accident.

Funeral services were held at 3:30 p.m. Thursday at the Hixon Funeral Home in Sulphur. The Rev. C. Barnes, pastor of the Calvary Baptist Church of Sulphur, officiated. Burial was in Big Woods cemetery.

Mrs. Hargrave is survived by her husband; two sons, Ednor Hargrave, Jr. of Orange ...; Ellis B. Clark of Oakdale and one daughter, Miss Emma Lee Clark of Houston.

Fur queen invited to Morgan City's centennial event

Miss June Robichaux, queen of the 1960 Louisiana Fur and Wildlife Festival in Cameron, has been invited to be a guest of honor at the Morgan City Centennial and Shrimp Festival, Saturday and Sunday, Sept. 3 and 4.

She will attend a luncheon for visiting queens at noon Saturday; will be presented Saturday night in the historical spectacle, "Bayou-Rama", and will be an honored guest at the Centennial Ball that same night.

Sunday morning a place on a guest boat for the Blessing of the Fleet and water parade will be reserved for her, followed by lunch at the American Legion Home. In the afternoon she will ride in the festival parade.

Big session of court held here

Newly cloaked District Judge William Swift, Jr. found an overcrowded docket of cases awaiting him when he arrived to preside over his first session of district court in Cameron Tuesday.

Judge Swift was elected in the recent Democratic primary election. Ordinarily he would not have taken office until January, but because the section of the court for which he ran was vacant, he was appointed by Gov. Davis to take office immediately.

Several penitentiary and numerous jail sentences were handed down by Judge Swift.

Frank Kelley, Jr., caught recently trying to break into a Cameron home, was given a 60 day sentence on a peeping tom charge and a year in the penitentiary on a charge of indecent behavior with a juvenile.

The probation of James Wilson, charged with criminal neglect of his family, was revoked and he received a year in prison.

Ruby Mae Love received a one year sentence for aggravated battery.

Three persons pleaded guilty to simple burglary and received suspended penitentiary sentences. They were Clifton P. Conner and Mahlon Joseph Hebert, each three years; and John Howard Corner, two years.

Luella Broughton got one year in jail for aggravated assault. Jim A. Marshall got a year's suspended sentence for a like offense.

Mrs. Laurents of Klondike dies in hospital Friday

Mrs. Emma (Frankie) Laurents, born September 6, 1899, in Jasper, Texas, and a resident of Klondike for over forty years, died at 5:30 p.m. Friday afternoon in a Lafayette hospital.

Mrs. Laurents, who had been ill for several months and who underwent surgery last Wednesday morning, succumbed to heart failure.

She is survived by two daughters, Mrs. Shelby Broussard of Evangeline and Mrs. Berton Carry of New Orleans; one son, George Laurents of Lake Arthur; a sister, Mrs. Robert Roberts of Jasper, Texas; nine grandchildren, a niece, a nephew, and a host of friends.

Funeral services were held at 11 a.m., Sunday, in Our Lady of the Lake Catholic church of Lake Arthur, the Rev. Harry Pelous officiating. Burial was in the local cemetery.

Mr. and Mrs. Jinks operating dry goods, sportings goods store

Mr. and Mrs. Vernon Jinks recently purchased the dry goods store operated by Nason Ellender in Hackberry for a dozen or so years.

The store is now operating under the name of Jinks Sporting and Dry Goods Store, and carries a line of dry goods and sporting goods.

William Savoie dies last week

William (Sam) Savoie, 47, of Creole, died suddenly Wednesday of last week while working with a survey crew in the Atchafalaya swamps near New Iberia.

A veteran of World War II, Mr. Savoie was a lifelong resident of Cameron parish.

It took some 26 persons more than 24 hours to remove the body from the swamp. A helicopter from the New Iberia Naval Air Station made three attempts to land near the body but could not do so because of the stumps and trees.

Funeral services were held at 10 a.m., Friday, at the Sacred Heart Catholic Church in Creole with the Rev. Joseph Decoteau officiating. Burial was in the cemetery there under the direction of O'Donnell Funeral Home.

Surviving are six sisters, Mrs. Charles Primeaux, Mrs. Euzebe Savoie and Mrs. Louvies Richard, all of Cameron, Mrs. Jim Baccigalopi of Creole, Mrs. Oscar Sturlese of Grand Chenier, and Mrs. Joe Babineaux of Lake Charles; two brothers, Pierre Savoie and Eugene Savoie, both of Cameron; and his parents, Mr. and Mrs. Camille Savoie of Cameron.

Second primary is Saturday

Cameron parish voters will vote for candidates in two run-off races in the second primary election to be held Saturday, while Ward 2 voters will also vote in a school board runoff election.

In the run-off for Congressman from the Seventh District are incumbent T. A. Thompson, son of Ville Platte and former state senator Arsene Stewart of DeRidder.

Thompson carried the parish by a big majority in the first primary, but failed to gain a majority vote district wide. The vote here last time was Thompson 1020, Sam Tarleton 591 and Stewart 323.

Cecil Cutrer and John Stewart face each other in the run-off for Division B district judge for Cameron and Calcasieu parishes. The Cameron parish vote in the first primary was Stewart 677, Cutrer 613 and C. C. Jaubert 538.

The only local race in the parish is that of school board member from Ward Two. Rodolph Theriot, who polled 180 votes in the primary, is opposed by Chester J. Mercent who got 200. The third candidate, Frank Miller, got 50 votes in the first primary.

Eight more voters have registered since the first primary, most of them from Ward Two, according to Miss Wynona Welch, registrar of voters.

Clerk of Court J. Berton Daigle reports eight absentee votes have been cast for Saturday's election, four from Grand Chenier, two from Cameron and two from Creole.

The polls will open at 6 a.m. and close at 8 p.m.

Cafe re-opens at Gibbstown Bridge

Mr. and Mrs. J. C. Perry have re-opened the cafe and service station at the Gibbstown Bridge. Formerly known as Robinson's cafe, it is now the Coastal Cafe.

The cafe and station are open seven days a week, 6 a.m. to 7:30 p.m.

The Perrys lived at the Pure Oil Camp at Sweetlake for nine years before moving to Lake Charles. Mr. Perry works for the Pure Oil Transportation Co. They have four children.

Mr. and Mrs. Cliff Robinson have moved into a house at Sweetlake and Mrs. Robinson is working at Hackett's store.

Two fishing boats towed into Cameron by Coast Guard

Two fishing vessels were towed into Cameron by the Coast Guard this past week, after one sprung a leak and the other had motor trouble.

Sunday morning the vessel "East Wind" was towed in by the local Coast Guard boat. A Coast Guard plane out of Corpus Christi had dropped it a pump by parachute, and the Guard cutter "Cohoone" from Galveston had towed it to the Cameron jetties.

On Thursday, the "Sea Duce" which had motor troubles about 35 miles out was brought into Cameron by the "Cohoone" and the local Coast Guard boat.

Beauty shop now open at Creole

Now in operation at Creole is Peis's Beauty Shop, owned by Mrs. Mary Nunez, and leased and operated by Miss Priscilla Mire.

Miss Mire, a graduate of the Louisiana School of Beauty, announced that the shop will be open from 8 a.m. to 6 p.m., Tuesdays through Saturdays.

Miss Mire's mother operates a beauty shop in Lake Charles. Her father has a barbershop in Lake Charles and her brother has one in Cameron.

Hunting, trapping seasons set

The Louisiana Wildlife and Fisheries Commission this week set a 40-day hunting season on ducks and two species of geese and a 70-day season on two other species of geese.

Hunting dates for ducks, coots and Canadian and White Fronted geese will be Nov. 11 to Dec. 20. Hunting dates for Blue and Snow geese will be Oct. 31 to Jan. 8.

The bag limit on ducks will be four daily, with a possession limit of eight. The bag limit on coot will be six daily, with 12 in possession.

The daily bag and possession limit on Canadian and White Fronted geese will be two, singly or in the aggregate. Daily bag and possession limit on Blue and Snow geese will be five.

The Commission set shooting hours from one-half hour before sunrise to sunset, except on opening day when shooting will extend from noon to sunset.

Also announced at this week's meeting were 1960-61 trapping seasons. The season on muskrat will be Dec. 1 to Feb. 25 and the mink season will extend from Nov. 15 to Jan. 10. The season for all other fur bearers will be Nov. 15 to Feb. 15.

The Commission also set a deadline of Nov. 1 for registration of motorboats under the new state motorboat act.

$71,360 spent on library

The Louisiana State Library spent a total of $71,360.40 in Cameron Parish during the two year library demonstration which has just ended, the Cameron parish library board was told Monday.

Miss Sarah L. Jones, field representative of the state library said that $45,998.53 of this amount came from federal funds provided through the Library Service Act.

The local library board has taken over the management of the library which is now being operated with parish funds.

A memorial book fund was also discussed by the board.

Board members present were Mrs. Charles W. Hebert, president; Mrs. Alden Sanner, Mrs. Charles Precht, Donald Broussard and Eraste Hebert, ex-officio member. Also present were Miss Jones and Mrs. Mary Brand, parish librarian.

Creole clubbers on tour

Creole club makes tour of village

When the Creole Estension Homemakers Club members and their guests recently toured the Acadian Village and Tropical Gardens at Lafayette, they paused to pose above on the bridge across the bayou. In the background is the quaint La Chapelle de la Norvell Espoir (The New Hope Chapel) which is an authentic replica of an early Acadian chapel. The trip to the Village and Gardens was this year's feature of the club's annual Spring Tour.

The Acadian Village is a relocated and restored bayou town of the early 1800's. All of the houses in the village were constructed between 1800 and 1850, and were moved onto the property from various locations. The stores and shops, built here, were constructed to resemble structures of the period.

Hackberry News

BY MRS. VERNIE WELCH

Happy birthday to Mrs. Stella Burch who was 88 years old May 16. She has eleven children, Mrs. Jewel Buford, Mr. Delious Burch, Charley Burch of Hackberry, Sophia Landry of Carlyss, Ophelia Marshall of Sulphur, Lucy Potrvin of Orange, Texas, Hark Burch of Orange, Florence Monk of Lacamp, Matilda Stanley, Syble Perkins and Raymond Lee Burch of Starks.

Get well wishes goes to Isadore (Jr.) Duhon who is in intensive care at St. Patrick's Hospital in Lake Charles.

The Around-the-World Tropical Gardens, located adjacent to the Village, features a wide variety of plants and flowers, many of them rare and unusual.

An interesting sidelight of the tour was the wedding which took place in the chapel as the club group was touring. It was the wedding of Mr. and Mrs. Roland LeBlanc, Jr. of Lafayette. Mr. LeBlanc being the grandson of the late "Couzan" Dudley J. LeBlanc of Hadacol fame.

The tour ended in Henderson with a luncheon at Robin's Seafood Restaurant.

Guests included Mrs. Barron Thomas, Mrs. Mac Rutherford, Mrs. Joyce Sturlese, Mrs. Laura Richard, Mrs. J. B. Meaux, and Mrs. Annie Meaux, all of Creole; also, Mrs. Eunice Perry of Kaplan, and Dale Mouton and Mrs. Dean Gossen of Lafayette.

Get well wishes to Mrs. Annie Mae Sanner who is in St. Patrick's Hospital.

FACTS & FANCIES

Although people had been carrying watches around since 1504, the first wrist watch was not invented until 1790. It was made by Jacquet-Droz and Leschot of Geneva, Switzerland.

* * *

The word "minute" comes from a Latin expression which denoted one-sixtieth of a unit. A minute is one-sixtieth of an hour, just as a minute in geometry is one-sixtieth of a degree.

* * *

When first introduced on the market, quartz watches retailed for upwards of $1,000. The quartz crystal splits each second into 32,768 equal parts for watches with superior accuracy. Now Timex produces an extremely high-quality water and dust-resistant stainless steel quartz watch for under $60.

* * *

You can save yourself some time in the kitchen by keeping your small kitchen tools in a crock with a wide, open mouth and a heavy base so it won't tip over. Put wooden spoons, spatulas, whips, basters, forks into it and you won't have to hunt in drawers when you need them.

* * *

In ancient times, a new month started on the day after the new moon. The word comes from the Old English "monath" for moon.

* * *

You can save yourself from the drudgery of oven cleaning with a new non-aerosol overnight oven cleaner. It has a thick, foam-like formula that clings to oven walls, absorbing grease and grime. Called Mr. Muscle, it's designed with an easy-to-use trigger sprayer for convenient application. Spraying it on a cold oven makes removing the dirt convenient too, it just wipes up with the foam in the morning. Label directions should be followed when using Mr. Muscle.

To the Voters of District 2

I wish to take this opportunity to announce my candidacy as a member of the Cameron Parish Police Jury from District #2.

I am a graduate of Hackberry High School and attended McNeese State University.

I am a past board member of Hackberry Recreation District, Hackberry Water District, Hackberry Fire District, and Hackberry Sewage Board. Having served on these political subdivisions gave me valuable experience concerning the over-all operation of the police jury.

I served as a law enforcement agent of the Louisiana Wildlife and Fisheries for 7 1/2 years and gained the rank of parish supervisor. Also, for 2 years I represented 8 parishes as a board member for the Louisiana Wildlife Agents' Association.

I am a member of Hackberry First Baptist Church.

I am an independent business man and obligated only to represent the people fairly and impartialy.

Since I have reached voting age, I have actively supported all civic, public and school improvements.

If elected, I pledge to continue an active interest in future public improvements, including an organized ward maintenance and drainage program.

I plan to work towards a quality filtration system on the water supply without any increased cost to tax payers.

Since we now have an efficient volunteer fire department, with a class 7 fire insurance rating which has lowered out fire insurance premiums 30 percent, I pledge my support to endeavor to keep this rating or upgrade this system if possible.

I plan to investigate the present status of ward sewage in order that I may answer all questions intelligently pertaining thereto.

I further pledge my support and cooperation to all political sub-divisions, and actively support a better Cameron Parish.

Go to the polls on Saturday, June 25th, and vote for Tommie L. Goodrich, No. 2 on the ballot.

Vote For No. 2

This reputable firm will be pleased to assist anyone with their plans including drawing up plans and giving estimates on the work. They personally see that all work is finished on time and according to the specifications in the contract.

In making this Review we, the authors, are glad to compliment this progressive concern upon their specialized service and to refer them to all our readers in this 1977 Consumers Message.

Plantation House

A Show Place for Lake Charles

The Plantation House, located at the 903 Broad in Lake Charles, phone 439-5692, is one of the finest restaurants in the entire area. When the owner opened its doors, it was with the idea his restaurant should combine friendly service with proper atmosphere. They have three dining rooms for private parties any time.

Here the service is cordail and the decor is complete in Louisiana decor. Specializing in crawfish, lobster, seafood, steak and a businessmen's lunch, the menu also features a children's plate along with a selection of your favorite beverages. Dinners here will please the palates of the most particular.

It you're in the mood for a trip out of town and find you don't quite have enough cash for a cruise, take a "dinner vacation" instead to the Plantation House. You'll be greeted with the same warmth and will enjoy the finest in cuisine.

This 1977 Consumers Message and the editors of it pause not a moment in giving our complete endorsement of the Plantation House.

Wilson Motor Co., Inc.

Cleve McGee General Manager

Years ago Americans bought motor cars impulsively. They made selections without comparing values. But now the new 1977 Cadillac and Oldsmobiles have changed that. Thousands upon thousands are turning to them today. They're finding in the smartly styled ar't impressive new models prominence and comfort beyond their expectations. When they slip into the driver's seat they discovered driving is almost effortless. There is a new brilliance of performance, too.

They also have an excellent selection of good used cars. Stop in and see them the next time you're in town.

Here you can have your car serviced by highly skilled mechanics too.

The Wilson Motor Co., Inc. is noted in this area as the headquarters for fine cars and square dealings. You'll find them at 2616 Ryan in Lake Charles, phone 433-5511.

Without hesitation, we the editors of this 1977 Consumers Message recommend this fine dealership to all our many readers.

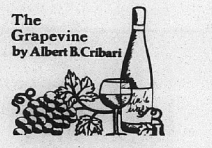
The Grapevine
by Albert B. Cribari



FACTS ABOUT WINES

Did you know wine is considered a basic food in many countries? More Americans than ever before now choose wine as a beverage both with meals and at cocktail time.

Want to learn more about wine? I learned at my father's elbow and he from his father who founded our family winery, B. Cribari & Sons, in 1904 in California. But, you don't have to spend years studying wine. A few simple facts will get you started on the road to wine knowledge.

Four Types

First, let's talk basics. There are four primary types of wine. Table wines, such as burgundy and chablis, sparkling wines like champagne, dessert wines which include sherries and port and aperitifs such as vermouth.

All four come from the juice of crushed grapes interacting with natural yeasts found on the grape's skin. Called fermentation, the process hasn't changed much since man first made wine thousands of years ago.

Know Grape Juice Color?

Another little known fact is that almost all grape juice is white. That's right. Wine color comes from the skins during fermentation when crushed grapes and skins are left in or removed from the juice. White wine results when skins are removed and red when they're left in to permeate the juice with the skin color. Pinks and rose wines are produced by leaving the skins in the juice for a set time, then removing them. It's as simple as that—there is no artificial coloring in wine.

FOOLPROOF FOOD FOR PART-TIME COOKS
The Streamlined Dinner

Cooking thin, looking thin—doesn't that say it all? To get ready for the great outdoors of Spring and Summer, you'll want to get your family into shape. For most people, this starts with more exercise and fewer calories, shedding weight along with the shedding of bulky winter clothes.

Low-fat cooking is the answer. And because other activities leave today's cooks and homemakers with less kitchen time, this cooking should be time-saving as well as calorie-saving. Here is one streamlined family dinner that meets all requirements including those of budget and nutrition. It's quick to prepare, low in calories and cost, and it supplies protein, iron, vitamins and minerals to meet the Recommended Daily Allowance established by the U.S. government. One more thing: this streamlined dinner is simply delicious!

Fish Orleans is the main attraction. Use ocean perch, sole, flounder or cod for this tasty dish. All provide high quality protein and little or no fat at minimal cost. Cook pieces of the white fish in a warm and flavorful blend of celery, green pepper, onion and Contadina round peeled tomatoes. Tomato sauce plus seasonings and small green peas add additional zip and zing. Serve over rice along with a tossed green salad. Rich in minerals and vitamins, the salad provides a crisp, cool contrast to this spicy main dish.

Pineapple Mint Parfaits make a tangy and refreshing dessert. Layers of crushed pineapple alternate with layers of lime gelatin and whipped milk made with instant nonfat dry milk crystals instead of cream. This keeps the calories low and flavor appeal high.

This streamlined dinner has everything going for it. It saves calories, fat content, the budget and the time of everyone with a million outside interests. It's a foolproof meal for the part-time cook.

FISH ORLEANS
(Makes four 1-cup servings)

2 tablespoons oil
1/2 cup sliced celery
1/3 cup minced green pepper
1/2 cup chopped onion
1 crushed garlic clove
1 3/4 cups (14 1/2-ounce can) Contadina Round Peeled Tomatoes
1 cup (8-ounce can) Contadina Tomato Sauce
1/2 teaspoon salt
1 bay leaf
1/2 teaspoon crushed oregano leaves
1/2 teaspoon ground turmeric
1 pound fresh or frozen white fish*
1/2 cup frozen small green peas
Cooked white rice

Heat oil in medium skillet; add celery, green pepper, onion and garlic. Cook 5 minutes over medium heat.

Add tomatoes, tomato sauce, salt, bay leaf, oregano and turmeric to skillet. Break up tomatoes; stir until combined. Heat to boiling. Reduce heat; boil gently, covered, 25 minutes. Cut fish into 1 inch pieces. Add fish and peas to skillet. Return to boil; boil gently, uncovered, 15 minutes. Remove bay leaf. Serve over cooked white rice.

*May use ocean perch, sole, flounder or cod.

PINEAPPLE MINT PARFAITS
(Makes 5 to 6 parfaits)

1 cup (8-ounce can) crushed pineapple and syrup
1 package (3 ounces) lime flavored gelatin
1/4 cup sugar
1 1/4 cups boiling water
1/4 teaspoon peppermint extract
1/3 cup Carnation Instant Nonfat Dry Milk crystals
1/3 cup ice water
1 tablespoon lemon juice

Drain pineapple in strainer, pressing with rubber scraper or spoon to remove all syrup. *Reserve syrup.* (Should have 1/2 cup syrup; if necessary, add water to make 1/2 cup.) Dissolve gelatin and sugar in boiling water in medium bowl. Add reserved syrup and peppermint. Chill to consistency of unbeaten egg whites. Combine instant milk crystals and ice water in small mixer bowl. Beat at high speed until soft peaks form (3-4 minutes). Add lemon juice.

Continue beating until stiff peaks form (3-4 minutes longer). Fold whipped instant into gelatin mixture. Alternate layers of gelatin mixture and pineapple in parfait glasses. (Make 2 layers of pineapple per glass, using about 2 teaspoons in each layer.) Chill at least 2 hours before serving. Note: If gelatin mixture is too soft to support pineapple layer, chill 15 minutes before layering.

NEWS OF BOOKS

Plain Talk

It has been estimated that there are about 50,000 formal speeches given in the United States each year and though you may only occasionally be called on to make one, the chances are you will probably hear one or two this year.

Whether you are just required to make an occasional speech, or are a regular speaker, or just someone interested in the proper and economical use of language, a book that is often recommended as a useful guide is now available. It is called THE SPEECH WRITING GUIDE by James J. Welsh.

Mr. Welsh, a public relations executive, intended his book as a practical reference tool for writing a worthwhile speech—a speech noted for clarity, unity and economy and one that has something to say to an audience. The book also includes chapters on writing a lean speech and the importance of reference material. Guides for speech delivery are also included.

The book is available at your bookstore or by writing to the publisher, John Wiley & Sons, 605 Third Avenue, New York, N.Y. 10016.

WHAT IS A SPEECH? Many experts feel it is merely an extended conversation and should be written at that level.

The Challenge of Genealogy

by MARIE WISE

Dr. Glenn R. Conrad of Lafayette, professor of history at the University of Southwestern Louisiana, told members of the Southwest Louisiana Genealogical Society at their April meeting in Lake Charles that "Courthouses are a gold mine of information" for those who are searching out their family histories.

The first courthouses in this state date back to about 1820 but these same courthouses are repositories for colonial and territorial records from 100 years earlier. The very oldest property transactions in Louisiana are from Natchitoches, founded in 1714 and New Orleans, founded in 1718. Just across the Mississippi, records at Natchez date from the founding of old Fort Rosalie in 1716.

Himself a descendant of a German colonial family that immigrated to Louisiana in 1720, Dr. Conrad is one of the South's leading genealogists. He is a popular authority on how to do research from courthouse records and historical documents.

In a few parishes, Dr. Conrad said, you will find the Clerk of Court and his staff geniunely interested in Louisiana genealogy and they will go out of their way to help you. In other parishes, he said, the help you receive will vary widely; but almost all courthouse personnel will assist you in some way.

After finding a guide to show you where the records you want to see are kept, you will need someone to show you how to use the indexes to these records. From then on, what you uncover will result from the luck, patience and persistence that seems to qualify all ancestor hunters.

Sanders volumes

Another "gold mine of information" can be found in the wonderful works of Mary Elizabeth Sanders who has gathered records from 1739 into her volumes on St. Mary parish and the Attakapas District that once included St. Mary, St. Martin, Iberia, Lafayette, Vermillion and the eastern part of Cameron parish.

Each volume is indexed and includes thousands of names. The Attakapas series is soft cover and in three volumes: Records of Attakapas District, 1739-1811, 157 pp.; Vol. 2., St. Mary Parish, 1811-1860, 179 pp.; and Vol. 3, St. Martin Parish, 1808-1860, 217 pp., $10.00 each.

The St. Mary parish series is hard cover. Vol. 1 is entitled "Annotated Abstracts of the Successions of St. Mary Parish, 1811-1834", 231 pp., $12.50. Vol. 2 is "Selected Annotated Abstracts of St. Mary Parish, Marriage Book 1, 1811-1829", 164 pp., $8.50.

Later this year, another work in this series will be published, a two volume set, "Selected Annotated Abstracts of Marriage Book 2, 1830-1837 and Abstracts of the Successions, 1834-1837".

Any of the above may be ordered from: Mary Elizabeth Sanders, P.O. Box 1864, Baton Rouge, La., 70821. All are postpaid.

ACADIAN MARRIAGES

The saga of the Acadians has a chapter in France of which many family researchers are not aware. In addition to the thousands deported from Canada to the American colonies in 1755, thousands more were sent to France between 1758-1760 where they were joined by still others being held in concentration camps in the port cities of England.

Until 1785 when seven expeditions brought almost 1600 exiles to Spanish held Louisiana where they settled along the Mississippi river and Bayou Lafourche, these many Acadians and their descendents lived in France.

Fortunately for historians and genealogists, their baptisms, marriages and burials were recorded in the church registers. Even more fortunately, they are now available in book form, in English and indexed by name.

Albert J. Robichaux, Jr., 532 Manhattan Blvd., Harvey, La. 70058, is the author of "Acadian Marriages in France, 1759-1776" which may be ordered from him at $25.00 per copy.

Its 200 pages contains what may be missing links for several hundred family names. The word for word translations of marriages in ten towns of the Department of Ille-et-Vilaine lists names of the parents of the bride and groom, often the parish of origin in Acadia and relationship of the witnesses to the bride and groom....a bonanza for researchers.

VERNON CEMETERIES

Jane (Parker) McManus, formerly of Simpson, La., now living at 14406 SE 165th, Renton, WA 98055 writes us that her latest project is copying information from the cemeteries in Vernon Parish with the goal of publishing a book in the near future. She will give family information with many of the grave records.

Ogden-Collins

A query on these family lines comes from John H. Stockett 155e Aberdeen St. Baton Rouge, La. 70808. He seeks information on:

John Ogden, born 1780, died 5 Sept. 1837, married Maria Collins in Wilkinson County, Miss., 27 June 1821. Their son, Thomas Edward Ogden, born 1822, married Isabella Virginia Morris. John Ogden was born in Ga. and Maria (Mariah) in S. Car.

Mr. Stockett thinks that Daniel and William Ogden who came by flatboat in 1780 from S. Car. with Curtis, Courtney, Stampley, Jones, and Perkins family members were some of his ancestors. They settled Coles Creek, North Natchez, and founded the Salem Baptist Church.

In addition to Ogden and Collins, Mr. Stockett is looking for his Morris and Knight lines in Ga. and S. Car.

Stine Family

Information on the Stine, French, Johnston and Norwood families is sought by Vida Norwood, 138 Louie St., Lake Charles, La. 70601. She wants more data on:

John Stine, his birthdate and place in Pa. ca 1772 (parents John Stine and Barbara Koakre), married Elizabeth Clark 15 January 1792 in Opelousas, died at New Iberia ca 1829. Stine has been recorded also as Stain, Shine, Stone, Stein, Stynne.

Josiah French, birthdate and place probably New York ca 1790 (parents Henry French and Marie Ham), married Marie Stine 1 April 1810, St. Martinville, date and place of death possibly New Iberia.

Thomas Johnston, birthdate ca 1802, Orkney Island, Scotland; marriage date in La. to Rebecca French, Johnston sometimes recorded as Johnson but signed Johnston.

Robert Norwood, birthdate and place ca 1834, probably in Va., married Eliza Johnston in New Iberia, 5 Feb. 1863, date and place of death ca 1900, probably at New Orleans.

Jennings Chapter

Jennings has a recently organized Genealogical Society and welcomes new members. President is Mrs. W.T. Cagnon, Jr. 406 E. Norwood Drive, Jennings, La. 70546.

Welsh Chapter

The Welsh Genealogical Club is newly organized and will probably enlarge its name to The Welsh Genealogical and Historical Society. President is Mrs. Calbert E. Lyon, 201 Pine Street, Welsh, La. 70591.

Graduation Around The World

What's the best way to reward a new graduate, now ready for bigger and better things?

At one time, among the Parintinin Indians of South America, it was with a new bride, awarded to the brand new warrior after his coming-of-age ceremony. The Tacuna Indians, also of South America, gave the initiated a sniff of tobacco and a formal introduction to the tribe's sacred trumpets. Their neighbors, the Carari, felt that what a man needed on such an important day was a drink—a heady blend of charred fish, game bones and ashes.

Our own graduation ceremonies are probably descended from those of the Middle Ages. The mortar board is said to symbolize the *quadrivium*, the four-subject curriculum of ancient universities. Another theory is that the shape protected wearers from the rain. The gowns worn at commencements were originally devised to keep English dons warm during lectures in dank halls.

Whatever a graduate receives—and wherever and whenever the graduation—the gift is a reward for having mastered the knowledge each culture considers most important.

LEAVING COLLEGE OR ENTERING THE TRIBE a graduate gets gifts around the world.

How's Your Head For Highway Safety?

TEST YOUR KNOWLEDGE

Whether you're one of America's 100 million automobile drivers or one of 15 million motorcyclists why not see if your highway safety I.Q. makes the grade?

1. When passing a motorcycle on the highway a driver should (a) use same lane (b) allow full lane to the cycle (c) honk for cycle to bear right?

* * *

2. When riding a motorcycle use your headlight (a) both day and night (b) night only (c) day only?

* * *

3. The most important piece of personal equipment for safe motorcycling is (a) boots (b) helmet (c) gloves?

* * *

ANSWERS: 1. (b) When passing a motorcyclist the driver should allow a full lane rather than crowding the cycle in the same lane. 2. (a) According to the Motorcycle Safety Foundation, cyclists should use their headlight both day and night. It's important to stay visible and make sure others see you. 3. (b) While all three items are important when cycling, the most important piece of personal equipment for safe riding is the helmet.

Handicapped survey planned

A federally funded search for handicapped children who are not in school has been launched in Cameron Parish. Designated Project Child Find, it is part of a statewide survey coordinated by the Louisiana State Department of Education through its Division of Special Educational Service.

According to Paula Wagner, who will serve as Parish Coordinator for Project Child Find, the survey specifically seeks to identify those physically, mentally, or emotionally handicapped children and young people--up to the age of 21---who are not now receiving the free public education guaranteed to them by federal and state law.

The Project is funded under the mandate of Public Law 93-380, Part B - Education of the Handicapped Act (1974), which guarantees equal educational opportunities to the handicapped and requires state departments of education to identify, evaluate and diagnose all educationally unserved handicapped children within their jurisdictions. With the initiation of Child Find, Louisiana joins other states in the nation which have undertaken similar surveys.

The Project will also assist in the implementation of State Act 368 (1972). It requires the public school system of Louisiana to provide the best available educational facilities, services, classes and opportunities to all children between the ages of 3 and 21--including the handicapped.

The survey in Cameron will be conducted through an extensive public awareness campaign, contacts within the school system, health and social welfare agencies, churches, and service organizations. Other indepth surveying methods are being planned. A questionnaire will be used to collect pertinent data on handicapped children.

At the conclusion of the Child Find survey, the names and addresses of all potentially eligible children will be submitted to the State Department of Education. Subsequent evaluation and diagnosis by competent authority teams will determine the eligibility for appropriate special education programs within their local schools.

Residents of Cameron Parish can assist in the search for educationally unserved handicapped children by calling the principal of their local school, the Cameron Parish Health Unit (775-5368), or Paula Wagner at the Cameron Parish School Board Office (775-5784). Families who have or may know of a handicapped child who is in school are urged to call to receive more information.

Rev. Knight funeral held

Funeral services for Rev. James A. Knight, 79, of Lake Charles were held Sunday, May 15 at the Simpson United Methodist Church.

The Rev. Glenn Messer, pastor, officiated.

Burial was in the Magnolia Cemetery in Westlake.

Rev. Knight died Friday at his residence after a brief illness. He was a native of Bourg and had lived in Lake Charles for the past 13 years.

He was a retired Methodist minister, having pastored churches in Kinder, Eunice, Oberlin, Iota, Merryville, and Cameron prior to his retirement in 1964.

He was a member of the Royal Arch Masons, the Order of the Eastern Star, and was one time a member of the Lions Club. He worked for the past several years for The Coleman Agency as a realtor.

Survivors include his wife; four daughters, Elaine Silliman of Westlake, Ola McClendon of Temple. Tex., Gyrthel Whiddon of DeQuincy, and Linda K. Knight of Dallas, Tex.; one son, James A. Knight, Jr. of Lake Charles; 16 grandchildren and four greatgrandchildren.

Migrant education school set

A Migrant Education summer school will be held again this summer at the Cameron Elementary School. The summer session will last six weeks and will begin June 13.

Eligibility requirements established by the State Department of Education states that the children of parents who have moved into Cameron from another parish or another state within the last six years for the purpose of working in some phase of the fishing industry are eligible to attend the program.

The summer school course of studies will consist of work in Reading, Math, Recreational Sports, Oral and written composition, and Arts & Crafts. A light breakfast and a hot lunch will be served free of charge to all students attending. Bus transportation will be available to all students who live too far from school to walk.

Interested parents who have not already signed their eligible students up for summer school should call the Cameron Elementary School 775-5518, or visit the school to complete necessary forms.

Funds sought to aid widow

An account has been opened by friends at the Calcasieu Marine National Bank, Cameron Branch, for Mrs. Olive Rutherford, Oak Grove Community, whose home burned. She lost everything.

Mrs. Rutherford, a widow, was in the hospital at the time and can not work at present. There was some insurance but not enough to replace her home. She would like to rebuild.

Any gift deposited in the special account will be appreciated. This can be done at any one of the Calcasieu Marine bank branches.

Aging meet

There will be a Council on Aging meeting for the Grand Chenier-Creole area, Monday, May 23 at 10 a.m. at the Methodist Church in Grand Chenier.

21st. Year--No. 31 May 26, 1977 Cameron, La.

MSGR. M. J. BERNARD, pastor of the Sacred Heart Catholic parish at Creole, is shown above at the right at his first mass 25 years ago at St. Genevieve's church in Lafayette. Shown with him consecrating the chalace is pioneer priest out of Cameron parish's past, Msgr. W. J. Teurlings, who was pastor of Lower Cameron Parish from 1895 to 1899. He was the parish's second priest.

Lead shot OK for L. Cameron

Congressman John Breaux announced that portions of Vermilion, Calcasieu and Cameron parishes have been excluded from a Department of the Interior proposal calling for the use of steel shot during the upcoming waterfowl hunting season.

In the original steel shot implementation plan published by the Secretary of the Interior in December, 1976, all of Calcasieu, Cameron and Vermilion parishes in addition to the Cathahoula Lake and Greentree Reservoir areas in the central part of the state would have been enforceable "steel shot only" hunting areas.

In a letter to the Interior Department on Jan. 31, 1977, Breaux urged that the lead shot ban be extended only to those areas where lead poisoning of waterfowl was a documented problem.

The revised steel shot proposal issued by the Interior Department excludes that portion of Vermilion Parish south of the Intracoastal Waterway, that portion of Calcasieu Parish south of Interstate Highway 10, and that portion of Cameron Parish lying south of the Intracoastal Waterway.

Breaux advised hunters that steel shot will be available in marketable quantities only for 12-guage guns and therefore the lead shot ban will not be applicable to 10, 16, 20 and other guage ammunition.

The Louisiana Department of Wildlife and Fisheries will be conducting studies to determine what effect the use of lead shot has on waterfowl population from ingestion in the southern portion of louisiana, where the marshy bottom does not support the lead shot, but rather lets it sink down into the mud bottom.

"It doesn't make any sense," the Seventh District Congressman said, "for the Department of Interior to ban the lead shot in the areas where we don't even know if it's a problem. This new ruling will allow them to study this before making an absolute determination."

Kenneth R. Ducote

La. group is given red carpet welcome

(EDITOR'S NOTE--Two Cameron parish women have just returned from the Council for the Development of French in Louisiana (CODIFIL) trip to France and Belgium. Following is the first of several stories on their experiences.)

By GENEVA GRIFFITH

he French-Belgium CODOFIL visit from May 7 to 22 was a great success in the opinion of the 183 French-speaking Louisianaians including 30 press people. It contributed greatly to the ever increasing favorable recognition and publicity which CODOFIL is creating for Louisiana in Europe.

The highlight of the visit in France came when the journalists were received by Valery Giscard d'Estaing, the President of France at the "palais l'Elysee".

The group was also entertained at a formal dinner by Radio France President, Mrs. Jacqueline Baudrier. It was attended by many of the outstanding journalists of France including the popular novelist Maurice Denuziere who is the author of the recent best seller "Louisiane." The novel, which many critics compare to "Gone With the Wind" will be translated into the English language shortly, and filmed in Hollywood.

In Belgium the group met with the officials of Radio-Television Belgium. They also met with the Minister of Education, Antoine H u m b l e t, who strongly committed support of the Belgian nation to the Louisiana "French renaissance" movement. A celebration was held for the twinning of Namur, the center of French-speaking Belgium, and the city of Lafayette.

The entire group was entertained lavishly by the press and public officials of Belgium. They were given a dinner by officials of the Common Market--this modern financial structure which largely controls the economic and financial stability of Western Europe today.

The French speaking press of the world has asked that Louisiana receive them next year at an international convention and CODOFIL, through its president, Mr. Domengeaux, responded most favorably to this suggestion, and expressed his hope of getting very good support from native Louisiana press people.

Msgr. Bernard to observe anniversary

Msgr. M. J. Bernard had no idea when he was ordained for the preisthood 25 years ago in Lafayette, and conducted his first Mass at St. Genevieve's church on May 10 1952, that he would play a part of Cameron parish history.

Msgr. W. J. Teurlings, who was 80 years old at the time, consecrated the chalace used by the young preist at his first Mass, after he had been ordained earlier that day by Bishop Jules B. Jeanmard at St. John's Cathedral in Lafayette.

Teurlings had come to Cameron as the second priest to serve lower Cameron parish and served here from 1895 to 1899.

He reminised in his memories, "One Mile An Hour," about his sojourn in Cameron parish, the hardships and trials he had to go through in the remote country which was cut off from the outside world. with the only access by water.

Msgr. Bernard now serves the Sacred Heart parish which is composed of Sacred Heart Church in Creole and St. Rose of Lima in Cameron, having come to the parish March 16, 1972.

He previously had served as assistant pastor of Immaculate Conception Church in Lake Charles, 1952-56; as Catholic chaplain at McNeese State University from 1953-70; and pastor at St. Bernard's Church, Breaux Bridge, 1970-72.

He was made a Papal Chamberlain (Monsignor) by Pope Paul in Rome in 1966 and a Prelate of Honor by Pope Paul in 1970.

The two local churches will host a Jubilee celebration honoring Msgr. Bernard on his 25 years of priesthood on Saturday, May 28, after the 4 p.m. Mass in the Catholic Life Center.

Some of the former church pastors are expected to attend, along with Most Rev. Maurice Schexnayder, D.D. and Most Rev. Gerard Frey, D.D. will be the Con-Celebrants, and Rev. Msgr. Curtis S. Vidrine, Homilist.

Mrs. Myrna Conner is chairman of the celebration in the Center and urges the public to attend. Everyone is welcome.

Absentee vote to begin here

Absentee voting will begin Monday, June 6 in the Clerk of Court's office in the courthouse in special primary election for police jury District 2 (Ward 6) of Cameron parish.

The clerks's office will be open until noon on Saturday, June 11 and 18 for the convenience of persons who wish to vote absentee with noon June 18 the deadline for such voting.

The election will be held Saturday, June 25.

Kenneth R. Ducote and Tommie L. Goodrich are the two candidates in the race.

Kenneth Ducote is candidate

Kenneth R. Ducote of Hackberry has announced his candidacy for Cameron parish police juror from District 2 in the special election to be held on June 25.

Ducote is a member of the Hackberry Volunteer Fire Department, Hackberry Water District Board, and is a past president of the Hackberry Athletic Association.

A graduate of Hackberry High School, he attended McNeese State University and served in the United States Marine Corps. He is employed by Cities Service Oil Co.

He is married to the former Lillie Mae Trahan and they have seven children.

Two sentenced for marijuana

Two persons were sentenced in district court in Cameron last week for possession of marijuana.

John David Taylor pled guilty to disturbing the peace, resisting arrest and possession of marijuana and received jail terms of 10, 30 and 60 days respectively to run concurrently.

John Gene Nugiba pled guilty to possession of Marijuana and was given a six months jail sentence to run concurrent with the revocation of probation on one year jail sentence he had received earlier.

Plant has good safety record

Continental Oil Company's Grand Chenier gas processing plant has completed four consecutive years of operation without a lost-time accident.

They plant has not had a lost-time accident since May 21, 1973, plant manager E. R. Howerton said. With a staff of 24, this is the equivalent of 182,588 manhours of safety on the job. The plant currently is processing 650 millin cubic feet of gas per day.

Howerton said the company is planning a dinner for the plant employees and their wives in Lake Charles to celebrate the safety anniversary.

O'Donnell Funeral Home is sold to Hixon's

Cameron parish's only funeral home, which has been serving the parish for forty years, will have new owners effective June 1.

Mr. and Mrs. Joe O'Donnell announced that They are selling O'Donnell Funeral Home in Creole to Hixon Funeral Home of Lake Charles.

Hixon's which has operated funeral homes throughout the state for many years, announced that the firm will be known as O'Donnell-Hixon Funeral Home in the future and that John Driscoll will become the manager.

Mr. Driscoll, who is the brother-in -law of Mr. O'Donnell, has been associated with the Creole funeral home since he retired from the navy in 1973. He is a licensed funeral director.

The funeral home was started in 1937 by Edgar Richard of Rayne, who sold it in 1938 to J. O. Theriot of Erath.

Mr. O'Donnell, who married Mr. Theriot's daughter, Doris, became associated with the Theriot Funeral Home in 1941 and later went to Erath to operate Mr. Theriot's funeral home there for three years.

From 1944 to 1946, Mr. O'Donnell served in the Navy and when he got out he became a partner in the funeral home in Creole. In 1954, he and his wife purchased the business.

Rebuilt after Hurrican Audrey in 1957, the funeral home then became known as O'Donnell Funeral Home.

The O'Donnells said they were selling both funeral homes and their home and are buying a home in Lake Charles. They have no immediate plans to go into any other type of business.

Watershed approved

The USDA Soil Conservation Service (SCS) has received authorization to proceed with planning the Bell City Watershed project under the Watershed Protection and Flood Prevention Act. A field examination report and a study plan have been prepared and additional study work is in progress.

The watershed project area covers 61,000 acres in Calcasieu, Cameron, and Jeff Davis parishes in Louisiana. The project is sponsored by the police juries in these three parishes, the Gravity Drainfage District No. 9, Ward 2 of Calcasieu Parish, and the Gulf Coast Soil and Water Conservation District.

A field examination was conducted in November, 1976 by the SCS, the watershed sponsors, and other agencies, groups, and individuals to determine the watershed problems and needs. Possibilities for solving some of these problems and meeting the needs were also studied. The public was invited to participate in the entire planning process.

In the near future the sponsors with assistance for SCS's watershed planning personnel, will begin gathering additional information to develop alternative plans. Public participation by offering planning information can help in working out these alternative plans.

Red team wins spring game

Red team fullback Tony Porche cracked over from the one yard line with 2:53 remaining to give his squad a 10-6 comeback victory over the Blue team in the South Cameron spring football game Friday night.

Although the Red team trailed for most of the game, his crunching ball control offense dominated the game. The Reds ran off a total of 51 plays amassing 180 yards rushing and 70 serial yards.

The Blue squad totalled 63 yards rushing and 91 through the airways.

Porche, the Tarpons' only returnign starter on offense, rambled for 134 yards on 18 carries. Running mate Binky Kiffe added 42 stripes in 17 carries.

The Red squad was directed by quarterback Luke Conner. The 190 pound senior hit on 6 of 12 passes after practicing at the position for only one week.

Slotback Tim Grady nabbed three Conner passes for 50 yards.

Noseman Porche, linebacker Val Mouton, end Jeffrey Jouett and cornerback Chris Landry were the defensive mainstays for the Red team.

Henry Rankin led the Blue rushing attack with 42 yards in six carries.

Blue quarterback Bob Savoie hit on three of eight passes including a 70 yard scoring strike to splitend Dirk DeSonier.

Savoie, DeSonier, linebacker Martin Theriot, end Myron Mayard and tackle Pat Primeaux were defensive standouts for the Blue team.

After a scoreless first quarter, Savoie hit DeSonier for the Blue touchdown mid-way into the second period. The Red team then drove 64 yards to the Blue one before they were stopped by a fine goal-line stand.

After the exchange of possession, Porche nailed a Blue ball-carrier in the end zone for a safety and the half soon ended.

The third quarter was scoreless, but the Red cranked up at the beginning of the final stanza with a 60 yard scoring drive. Porche and Kiffe Alternated at slashing sizable gains throughout the drive. Conner kept off left tackle for the conversion points.

The annual Rice Production Banquet was held May 19 at Jennings. Attending were 4-H Rice producers record winners from the rice producing parishes and members of the American Rice Growers Association. Announcement of the O'Donnell / Hixson Funeral Home

O'DONNELL FUNERAL HOME

CREOLE LOUISIANA
May 26, 1977

To my friends of Cameron Parish,

For 40 years the O'Donnell and Theriot families have served the families of Cameron parish. For health reasons, Doris and I have decided that we should consider the sale of our business.

We have felt a deep obligation to our friends to make certain that they will continue to be served by people who are dedicated to providing sincere professional service. For this reason, we have chosen the Hixson Family.

John Driscoll, my brother-in-law, will become manager of the O'Donnell-Hixson Funeral Home effective June 1, 1977.

We want to thank our many friends and neighbors for your loyalty through the past years.

Sincerely,
Joe O'Donnell

HIXSON FUNERAL HOMES

May 26, 1977

Mr. Joe O'Donnell
Creole, Louisiana

Dear Joe:

In purchasing the O'Donnell Funeral Home, we are fully aware of the high ethical standards under which you have operated your business, and that we have a great responsibility as successors to a man who has merited the favor and good will, in such great proportions, of the people throughout this entire section of Louisiana. It is our earnest desire to acquire such a standing in this territory that we too may merit the good will of your many friends.

With this objective, we assure you that your friends will recieve the best of service and personal attention at all times. The policyholders carrying a funeral policy with the Fireside Commercial Life Insurance Company will be given the best of service, and they will receive the same benefits as specified in their contracts when serviced by the O'Donnell - Hixson Funeral Home.

We trust that with your good will and support in the future, we will be able to better serve the people of Cameron Parish.

Sincerely,

Hixson Family

NOTICE TO ALL O'DONNELL/FIRESIDE POLICYHOLDERS

An agreement was incorporated in the sale, to guarantee that all funeral policies of the Fireside Commercial Life Insurance Co. will be serviced by the O'Donnell/Hixson Funeral Home and would receive the same benefits as specified in their policies.

John Driscoll becomes local manager. He is a licensed funeral Jirector and resident of Creole since 1973.

Shipwrecked skipper 'going back'

CAMERON, La. (AP) — Danny Barthelemy slipped in and out of delirium, baked by the sun and nibbled by schools of small fish as he drifted eight days on a raft after his boat sank in the Gulf of Mexico. He says he's going back to sea as soon as possible.

"I've been on boats since I was 13. It's my profession, and I'm going back," he said in a bedside interview at Cameron General Hospital Friday.

His face was swollen from sunburn, he moved gingerly because of blisters all over his body, and he kept dropping into a drowse between sentences. But hospital authorities said his recovery so far has been "remarkable."

He was given a 50-50 chance to live when he was brought to the hospital Thursday afternoon. By Thursday night, he was asking for permission to watch television, inquiring about his five-month pregnant wife, and wondering whether he still had a job with Cheramie Offshore Services, Inc.

"Hell, yes, he still has a job," said Gilbert Cheramie, president of Offshore. "But if it had been me out there for eight days, I would have told my boss what he could do with that job."

Cheramie said he had "a pretty good idea" of what caused his crewboat "Cleo C" to sink. But he wouldn't discuss it.

Barthelemy, 24, said he was sleeping nude when fellow crewmember Carlton Hebert awoke him and told him the boat was sinking Tuesday night. Hebert has not been seen since.

Barthelemy said he didn't pause to get dressed, running to the pilot house to sound an emergency siren in hopes nearby oil rigs would hear it and send help. He said he went over the side, grabbed a raft and climbed aboard.

The raft was made of wood, with a slat bottom. He said small fish nipped at him through the slats during his ordeal, waking him, once, from a dream that he had been saved. "I thought I was already at home one time, because I was shaking hands with my friend on the street," he said.

He said a crewboat passed within 50 yards of him about daybreak Wednesday morning and that he later drifted close to several of the oil rigs that dot the Gulf. "The more I hollered, the farther away they got," he said.

The Coast Guard speculated that winds blew him farther out to sea, then around the heaviest concentration of oil rigs before blowing him back to shore 100 miles from where his boat went down.

Along with blowing him away from the search area, the wind blew him out of the heavily-travelled lanes used by oilfield service craft, a Coast Guard investigator surmised. The search for Hebert has been widened on that theory.

Barthelemy said he rinsed his mouth with salt water on the fourth or fifth day. "I reached down there and got two or three handsful. I rinsed my mouth out and spit it back out," he said.

"One time, I don't remember whether I drank some or what happened. It was salty, real salty."

Finally, a small oilfield helicopter spotted his raft and called a crewboat to the scene.

"After days of looking at that sun, I couldn't see anything," Barthelemy said.

"I knew then I was going to be all right. They'd found me. It was the prettiest thing I'd ever heard."

Cattlemen meet set

The Louisiana Farm Bureau Federation has scheduled eight regional meetings throughout the state during May and June to discuss with cattlemen the Beef Research and Information Order.

One of the meetings will be held at 7:30 p.m., Monday, June 6 at the K.C. Hall in Creole, according to Whitney Baccigalopi, president of the Cameron Parish Farm Bureau.

A short slide presentation explaining the order will be shown; a question and answer session will follow, and Dr. Kenneth Wegenhoft of the Cooperative Extension Service will be present to hold answer any questions.

The Beef Research and Information Order authorizes a nationally coordinated research and information program to improve and develop markets for cattle, beef and beef products. However, before the program can be implemented, cattlemen must vote in a referendum to fund the effort.

Louisiana cattlemen will be asked to assess themselves three-tenths of one percent of the sale price of each animal they market. Feedlot operators and other handlers will also contribute three-tenths of a percent of the value they add to the animal as it moved through the marketing chain.

For passage, it will require a two-thirds majority of those voting, and fifty percent of the cattlemen registered must vote for the referendum to be successful.

Dates for the referendum have been tentatively set for July 5-15, 1977, but ot qualify to vote cattlemen must register at their local ASCS office June 6-17.

Clifford Myers, county agent, will be there with registrator cards from the ASCS office.

Cameron man is drowned

A 24-year-old Cameron man drowned about 1 a.m. Sunday when his car hit a bridge abutment and landed upside down in a canal, pinning him in the vehicle.

Dexter Hugh Benoit was dead at the scene, according to investigating officer Earl Cheramie of State Police Troop D.

State Police Sgt. Jack Clark said Benoit was northbound on Jenny Savoy Road when he swerved to avoid hitting cattle that had strayed into the road.

Benoit lost control, hit the bridge and landed upside down in the canal, Clark said.

Funeral services for Benoit were held Monday at Sacred Heart Catholic Church in Creole with burial in the church cemetery under direction of O'Donnell Funeral Home of Creole.

Survivors include his father, Herbert Benoit of Cameron; five brothers, Gregory Benoit, Patrick Benoit, Lionel Benoit, Marlon Benoit and Bradly Benoit, all of Cameron; four sisters, Mrs. Larry Primeaux of Channelview, Tex., and Mrs. Clyde Boxey, Margaret Benoit and Drucilla Benoit, all of Cameron.

Two injured

Two men were hospitalized after being involved in a motorcycle-automobile accident at Creole last Thursday.

The driver of the motorcycle, Thomas R. Ballentine, 24, Creole, lost his left leg in the mishap. A passenger, Tommy Joe Takes, 19, Creole, suffered a broken leg, according to a spokesman at Lake Charles Memorial Hospital.

The accident occured about 4:20 p.m. Thursday, on Louisiana 27 west of Holly Beach, according to State Police.

The car driven by Tavia R. Carter of Cameron allegedly crossed lanes in front of the motorcycle, the spokesman said.

Reading Club

The Summer Reading Club, sponsored by the Parish Library, will begin Tuesday, May 31. Young people in grades 2-12 are invited to visit the library in Cameron or the bookmobile and obtain blanks on which to list the books read.

Certificates will be given to those reading 10 or more books. A prize will be given to those reading at least 15 books, and a grand prize will be awarded in each of the following age groups: Grades 2 and 3 - Cameron or Bookmobile, Grades 4 and 6 - Cameron or bookmobile, Grades 7 and 8 - Cameron or Bookmobile and Grades 9 and 12 - Cameron or Bookmobile.

Join the Reading Club and let the Library help you enjoy your summer vacation!

Big judgement

A $202,700 judgement was awarded a Lake Charles man by a Cameron parish civil jury in district court here last week.

Hervert J. Verrett had sued Chotin Transportation Inc. for injuries to himself and damage to his tugboat in the collision of two tugs in the Intracostal Canal near Ellender Bridge.

THESE SOUTH Cameron elementary first Graders--Bradley Benolt, Chris and Jason Cheramie, Robbie Ortego, Lorraine Wynn and Goldie Richard--are enjoying books made for them by fourth graders.

Reading projects involve students

As a culminating activity in South Cameron Elementary School's "Right to Read" program, Mrs. Shirley Boudreaux's and Mrs. Rena Trahan's first grade classes have formed a "Let's Read for Fun" club.

When students have told about books they have read, read a book to their parents or had their parents read a "hard" book to them, they receive credit by have their folders initialed by their parents. Each student receives an award after he has read five books. Some students have already gotten their second award.

At school's end the child has read the most books will receive a special award.

Mrs. Ching Conner's 5A reading class prepared the student folders and keep the library books stocked in the first grade room for this project.

The 6A reading class made stick puppets earlier this semester and used them as they read the stories to the younger children during the 15 minute recreational reading period each day.

Mrs. January's 4A reading class has taught the children finger play stories during this period. The class has made charts for the students to read as they learn each story.

Planning for next year, four students have learned a technique for solvoging discarded books and converting them into useful booklets for the first and second graders to use in the early weeks of the fall semester as recreational reading.

The students, Pam Lind, Ann Stewart, Penelope Quinn, and Terri Nunez, will teach their classmates how to make the booklets in the fall. They plan on making enough booklets to keep the students supplied with a variety of recreational reading books for the first semester.

Adam Conner, the Right-to-Read director, said he is very pleased with the enthusiasm displayed by the studentsd and parents regarding this program.

Voc-Tech school has its first graduation

Mrs. Bonnie Willis Conner received her diploma this month and became the first graduate of the new Cameron Parish Vocational-Technical school.

It was presented to her by Leslie Griffith, director of the school and Miss Melba Daniels, office occupations instructor.

Mrs. Conner graduated from South Cameron High School in May, 1959.

She worked part time for several years at the Cameron Parish library as a librarian's assistant.

When the new Vocational-Technical school opened Mrs. Conner enrolled and successfully completed 966 hours of instruction in 9 months, which usually takes from 12 to 15 months, maintaining a 3.9 average.

Miss Daniels, instructor, reported that her ability to type before she entered was a contributing factor in her rapid advancement in her course.

Mr. Griffith stated that Mrs. Conner is a member of the school advisory Council and will remain in that capacity after her graduation to held with school policies.

Classes are slated to start soon at the local school on another semester of courses, Griffith said.

MRS. BONNIE W. CONNER, center, receives the first diploma from the Cameron Parish Vocational Technical School presented by Leslie Griffith, director, and Miss Melba Daniels, office occupation instructor.

Dr. Savoie honored by Fishing Rodeo

Dr. Frank Savoie has been named "Commander of the Fleet" of the Cameron Parish Deep-Sea Fishing Rodeo to be held in Cameron over the July 4th weekend.

Savoie was named to the honor by the Rodeo Board of Directors at a meeting last week.

The Rodeo officially opens Friday night, July 1, at 6 p.m. with the "Blessing of the Fleet" in the turning basin of the Calcasieu River.

In the parade of boats, private, commercial, and company, boats will each receive a blessing from the clergy and will also be judged on decorations Prizes will be awarded to the winners in various divisions.

After the Blessing, boats fishing offshore are free to leave for the fishing grounds.

The Rodeo closes Monday night July 4 at 7 p.m. and the prizes for the 3-day event will be awarded at the official weighing stand in Cameron after the points are tallied that night.

The official weighin will be held in Cameron and a supplimental sign board will be posted at the Grand Chenier State Park. so fishermen coming into that port can keep abreast of official scores in Cameron.

Fish coming into the Grand Chenier dock will be tagged but they must be brought to the official weight station in Cameron to be eligible to be posted on the board.

A daily champion fisherman prize will be awarded, in addition to the overal prizes.

There will be three catagories for fisherman - Offshore, for boats 28 feet and over; Inshore, boats 28 feet and under; and charter boats carrying 10 people and over.

Tickets are now on sale at $5 each for fishermen and $5 for each boat and can be obtained from Cameron Outdoor Shop, Cameron; Cameron Western Auto Store; Big Nunez Grocery at Oak Grove; Nunez Grocery at Grand Chenier; or at P. O. Box 389, Cameron, La. 70631.

In addition to the fishing activities there will be a full schedule of On-Shore activities, with fish frys, crab and shrimp boils, a 3 day carnival with rides for the children; and many other planned activities.

Ray Burleigh, Association president has called a final meeting of the group to be held before the Rodeo on Wednesday night, June 15, at 7:30 p.m. at the Cameron Fire Station.

Conoco honors five retirees

Millard Deshotel, a recently retired employee of Continental Oil Comany's Grand Chenier gas processing plant, was presented with a plaque Friday at a safety dinner for plant employees at the Sheraton Chateau Charles in Lake Charles.

Deshotel worked 30 years for the company without a lost day due to sickness.

The dinner was given to the plant employees by Conoco for having completed four consecutive years of operation without a lost-time accident.

The plant has not had a lost-time accident since May 21, 1973, plant manager E. R. Howerton said.

With a staff of 24, that is the equivalent of 182,588 manhours of safety on the job.

The plant is presently processing 650 million cubic feet of gas per day.

Special recognition was given to employees who have retired during the year: Ira Thrasher, Curlev Vincent, Elba Dardeau, Ernest Francois, and Deshotel.

On hand for the event were company officials Clem Barrare, Southern Division Manager; Herman Doesher, Safety Engineer; and Bob Lee, in addition to Howerton.

Entertainment was provided by Dave Pettijohn, Cajun joke spinner.

MRS. ROLAND PRIMEAUX of Creole and his son, Vernon, who is stationed with the U. S. Army in Heidelburg, Germany had a happy reunion while she was on the CODOFIL trip to Franch and Belgium recently.

France opens homes, hearts to visitors

by Geneva Griffith

France opened her heart and her homes to the people of Southwest Louisiana when a group of 183 made a visit to the country and to Belgium recently.

Two area women, Mrs. Roland Primeaux, from Creole, and Mrs. Elaine Singleton, from Vinton participated in the Religous pilgrimage headed by Father Jean-Marie Jammes with CODOFIL.

The group traveled by chartered bus through many very old towns, saw a lot of religious and historical buildings, many dating as far back as the early 1500s.

The also traveled thorugh many different French provinces and met and stayed with French families in their native surroundings.

They traveled through some of the best cattle-raising parts of France (Limousin and Charolais) where the famous Charolais cattle are from.

They also viewed the vineyards of Lanquedoc, Bourgogne, and Champagne.

One of the highlights of the trip was a visit to the beaches of Normandy where the Allied forces landed during World War II and a first hand account was given to them by one of the members, Warren LeFleur (formerly of Grand Chenier) who was in the landing.

The group visited and slept in monasteries during most of the trip and enjoyed the famous seven course meals and wine served by the nuns.

At one such Baccillica of Racamadour they stayed at the famous chateau there and were served a meal in the great hall, all at the same table, which featured a pure linen tablecloth covering the entire length of the table, all in continuous piece.

The group also toured the "Route of the Acadians" at Portwer, the territory from which the decendents of the Arcadians of the area came from.

Mrs. Primeaux was especially thrilled when a Mr. Boigart, a resident of the area, told her about some Primeauxs living nearby.

She was anxious to look up the families but time would not permit, so now she and her husband are interested in a return trip to establish long-lost ties with cousins.

Some of the other names in the area that the group recognized were Savoie, Savoy, Daigle, and many others.

Side trips were made to Limoges where the famous Haviland porcelin china is made; to Tours which is famous as being the home of St. Martin of Tours; Puy, which is known for handmade lace; the French Alps; the Lasallette Monastary which is at 6,000 foot elevation and the group had to walk up the mountain in the snow to get to it.

Mrs. Primeaux, when asked what the greatest highlight of the entire trip was, stated "Seeing Vernon, of course."

Her son Vernon is stationed in the U. S. Army hospital in Heidelburg, Germany and Mrs. Primeaux was able to break away from the tour and visit him at his station and he was able to accompany her back and see her off on the return trip home.

Insulation — The "Right" Amount Saves The Most Money

Ask homeowners how much insulation they should have in their attics, and chances are good they'll say, "six-inches."

But six inches of what? Six inches of sawdust? Six inches of Dad's old workshirts?

The fact is, all "insulating" materials are not created equal. A six-inch thick blanket of Fiberglas, for example, may have the same "R" value as a stone wall, nineteen-feet thick! And that's where the importance of "R-values" comes in.

According to B.G. Woodham, Jr., technical services manager of Owens-Corning Fiberglas Corporation, the nation's largest manufacturer of residential insulation, "R-values stand for a material's ability to resist the passage of heat—heat gain in the warm summer months and heat loss in colder fall and winter seasons."

"The higher a material's R-value," explains Mr. Woodham, "the greater that material's ability to resist the passage of heat through walls and attics."

"One brand of insulation may be thicker than another, but if they're both marked with the same R-value, they'll both resist heat flow equally as well."

Insulation is commonly available in two basic forms—"blanket" form, and "loose fill."

"Blankets are easiest for the do-it-yourselfer to use and help assure the consumer of obtaining a consistent R-value, because they've been prefabricated by the manufacturer to yield a uniform thickness and density," says Mr. Woodham.

In most cases, he points out, manufacturers of insulation blankets have marked the R-value of their products on the package—so all the consumer has to do is purchase the R-value he needs and lay the insulation into place.

If a product's R-value is not plainly visible, Mr. Woodham advises consumers to "ask their retailer for an explanation or purchase another brand."

As a further assurance of R-value performance, he suggests checking the insulation package for the NAHB (National Association of Home Builders) Research Foundation, Inc. certification label. "This label assures that samples of the manufacturer's insulation have been tested and meet the thermal performance stated on its package."

Obtaining a desired R-value with loose fill insulation is more difficult. Unlike blanket type insulation, which is simply un-rolled, cut-to-fit and installed, loose fill consists of finely chopped tufts of loose insulation that are either poured in place or "blown" between studs and joists with special pneumatic equipment.

"Since the material is not bonded together in a dimensionally consistent blanket, it must be poured or blown to a certain thickness and density in order to achieve a desired R-value," explains Mr. Woodham.

"While the instructions for achieving this density are sometimes found on the package, there is still a considerable margin for human error, unless the installer is very careful."

Regardless of whether a consumer chooses blanket or loose fill insulation, it is still R's—not inches—that count," Mr. Woodham emphasizes.

As for selecting the proper R-value for the area to be insulated, Mr. Woodham recommends that homeowners consult their building materials dealer, or Fiberglas insulation contractor.

Mrs Mrs. Kenneth Townsend

Townsend-Dimas vows said on April 30th

Sacred Heart Catholic Church in Creole was the setting for the marriage of Theresa Anne Dimas and Kenneth Allen Townsend at 12 p.m., April 30. Father Jerome Dimas, brother of the bride, assisted by Fathers Phil Negley, Jerry Miller and Rene Parent officiated at the double ring event.

The bride is the daughter of Mr. and Mrs. Ray Dimas of Creole. The groom is the son of Mr. and Mrs. Jack Townsend of DeKalb, Miss.

The bride chose a gown of Qiana accented with Venise lace. Her bodice featured a Renaissance Victorian neckline outlined with Venise lace and tapered wedding sleeves. From a crescent waisline fell her flared skirt of Qiana which flowed to a chapel train.

Her Camelot of Venise motifs jeweled with seed pearls held her co-ordinated lace edged Cathedral mantilla. She carried Floreria Regalos Condesa bouquet of crusted hand crafted seed pearl interlaced with yellow sweetheart roses and violets.

Kala Sue Belanger was maid of honor with bridesmaid Linda Conner. Christy Dimas, sister of the bride, was junior bridesmaid. Kimberly Belanger served as flower girl with ring bearer, Johnny Reina.

Gene Graves served as best man with groomsmen Paul Brown and Todd Dimas. Evans LaBove, Chuck Styron and Edward Petersen seated the guests.

A reception was held at the Dimas home. After the honeymoon trip on Cozumel Isle, the couple will make their home in Galveston, Texas.

The bride is a former employee of Cameron State Bank and the groom is employed with Petroleum Helicopters, Inc.

Miller-Theriot vows said in L. Charles

Lana Kay Theriot and Paul Evans Miller were married in Lake Charles Friday.

The bride is the daughter of Mr. and Mrs. Jerry Theriot of Creole and is employed by the Tax Assessor's office in Cameron.

The grrom is the son of Mr. and Mrs. Clyde Miller of Grand Chenier. He is employed by Louisiana Mud Company in Grand Chenier.

The are making their home in Grand Chenier.

A barbecue was given in their honor Sunday at the home of his parents.

Guidry made society member

Ricky Wayne Guidry of Sweetlake has been initiated into Gamma Sigma Delta International Agricultural Society at Louisiana State University in Baton Rouge.

Guidry, a graduate of Grand Lake High. School, is the son of Mr. and Mrs. Albert Guidry. He is a member of the Alpha Gamma Rho Fraternity, Alpha Zeta, Block and Bridle Club and the Agriculture Economics Club.

Hackberry exercises are held

Hackberry High School held its commencement exercises May 24, in the school auditorium.

Master of ceremonies was David Busby. The salutatory address was given by Amy Broussard, daughter of Mr. and Mrs. Donald Broussard. Callie Cabell, daughter of Mr. and Mrs. Clifton Cabell, gave the valedictory address.

Delivering the commencement address was John Debargre, Section Chief of School Transportation, State Department of Education.

Honorary scholarships from two universities were presented: Northeast - Amy Broussard and Northwestern - Callie Cabell.

Mrs. Pam LaFleur presented the American History award, sponsored by the Woodmen of the World Life Insurance Company, to Callie Cabell.

Recipients of the American Legion Awards were Amy Broussard and David Busby, son of Mr. and Mrs. John Busby.

The Fire Department School & community Award was awarded to Callie Cabell. Gerald Landry, Chief of the Hackberry Volunteer Fire Department, made the presentation.

The Betty Crocker Leadership in Family Living Award was presented to Callie Cabell. Tammy Hicks, daughter of Mr. and Mrs. George Hicks, was presented the Outstanding Home Economics Student Award. Mrs. Vickie Parker presented both awards.

Cliff Cabell of the Hackberry Lions Club presented the Lions Club Award to the most cooperative graduate. Tina Schexnider, daughter of Mr. and Mrs. Alton Schexnider, was the recipient.

Callie Cabell received the Girl's P.E. Award. Mrs. Beverly Goodrich made the presentation. Harold Frey was presented the Boy's P.E. Award by Mr. Albay Hanks. The P.E. Awards are sponsored by the school.

The VFW Post 8108 of Sulphur sponsored an award to be given to the most improved graduate. Receiving the award was Tammy Hicks.

Herff Jones Medals were given to the following for categories listed:

Activities - Gwen Hebert, daughter of Mr. and Mrs. Jack Hebert; Leadership - David Busby; Citizenship - Sandie Poole, daughter of Mr. and Mrs. Raymond Poole; School Spirit - Carlean LaBorde, daughter of Mr. and Mrs. Lee LaBorde; Sportsmanship - Kenny Brown, son of Mr. and Mrs. Frank Brown; Best All-Around Boy - Harold Frey, son of Mr. and Mrs. Harold Frey; Best All-Around Girl - Cindy Nunez, daughter of Mr. and Mrs. J. B. Nunez.

Diplomas were presented by Mrs. Pamela LaFleur, Principal.

The invocation was given by Rev. Curtis Burnett. Giving the benediction was Rev. Jerome Dimas.

The pianist was Mrs. Barbara LaBove and singing the class song was Mr. and Mrs. Frank Nihart.

SHOWN at the May meeting of the Creole Extension Homemakers Club are, from left, Mrs. Mayola Wicke, hostess, Mrs. M. C. Kelley, president, and Jean Paul Calambert and Henry Falkenberg, French teachers from Belgium. Mrs. Wicke and Mrs. Kelly look over a book of snapshots which the teachers had brought with them from belgium.

Belgium and Tunisia are club's program

Featured at the May meeting of the Creole Extension Homemakers Club were talks given by Cameron Parish French teachers, Jean Paul Calambert and Henry Falkenberg, of Belgium. The meeting was held in the home of Mrs. Mayola Wicke with Mrs. Anna Paris and Mrs. Harold Carter serving as co-hostesses.

Mr. Calambert talked about his native Belgium. He showed slides of various towns and of the countryside. He also showed scenes of the 1958 World Fair in Brussels, and scenes of Mardi Gras celebrations in different towns.

Mr. Falkenberg spoke on Tunisia in North Africa where he had taught on the secondary level for eleven years. He also showed a series of slides.

In the business session of the meting, President, Mrs. M. C. Kelley, appointed a committee to nominate club officers. Members are Mrs. John M. Theriot, Mrs. Wicke, and Mrs. Carter. They will submit a list of nomiees at the June meeting.

Guest, Mrs. Clifford Conner, gave out two different recipe booklets on Creole cookery.

Mr. and Mrs. T.L. Rhymes, Sr. will retire in June after more than 16 years as houseparents to boys in Murrell Cottage at the Louisiana Baptist Children's Home in Monroe.

FREE TEXAS LAND

On March 2, 1836, the day the Texas Declaration of Independence was proclaimed, the brand new republic used its rich resources of public land for "headright" grants to reward native citizens and to encourage immigration.

The grants were generous. Heads of families living in Texas on Independence Day were eligible for 4,605 acres. Family heads immigrating during the next year and a half, from March 2, 1836, to October 1, 1837, could receive 1,280 acres. Those immigrating within the following five years and three months, from October 1, 1837, to January 1, 1842, could be granted 640 acres or one section of land.

"Single men of at least 17 years of age" were eligible for Texas land on the same basis, but less of it, ranging from 1,476 acres for the Independence Day natives to 640 acres and 320 acres for the later comers.

All immigrants, but not the "native Texans" of 1836 had to prove their claims before receiving final title. This meant a three year residence and performance of all duties of citizenship. The lure of free land brought thousands of families westward from Louisiana and other more populated areas during this fast-growing era before Texas statehood in 1845.

Polyanthos, Inc., P.O. Dr. 51359, New Orleans, La. 70151 has just published a softcover edition of "Nacogdoches Headrights" by Carolyn Reeves Ericson, 132 pp., $20.00 which includes about 1800 names of men who were granted headrights, the amount of land, the date and in many cases, the witnesses. This covers the 1838-1848 records of the Board of Land Commissioners for Nacogdoches County, Texas and is a new source of information on early inhabitants of the Lone Star state, all of who came - - - originally - - - from someplace else.

Lynne Hollister

Miss Hollister to tour Europe with band

Lynne Bernice Hollister, a 1977 graduate at Lake Arthur High School, has been selected for membership in the United States Collegiate Wind Band, a highly selective musical organization which will make a concert tour of seven European countries this summer.

Miss Hollister, daughter of Mrs. Archie Stine Hollister and the late Mr. Hollister, has been a member of the LAHS Pride and Spirit Tiger Band since the organization began its rebuilding program in 1974.

In invitation to tour with the United States Collegiate Wind Band was sent by Prof. Al G. Wright, Director of Bands at Purdue University in Lafayette, Indiana, and conductor of five previous United States Collegiate Wind Band Tours since they were started in 1971.

The Band will travel for three weeks (July 15 - Aug. 7) in England, France, Germany, Austria, Italy, Holland, and Switzerland. Concerts will be performed in the Cities of London, Paris, Lucerne, Altdorf, Innsbruck, Lugano, Munick, Amsterdam, Aixles Baines, and Heidelburg.

The group will assemble in New York City for rehearsals prior to their departure on July 25. While in New York City the group will play invitational concerts at the Lincoln Center for the Performing Arts and in the Plaza of the Americans Rockefeller Center.

A maximum of one hundred musicians is chosen from the entire United States once each year.

Lynne Hollister was earlier named to the high school All-American Hall of Fame. For three years she was an outstanding flute player in her local band, was Rifle Corps captain in 1975, and was named to Who's Who Among Musical Students in America for the past two years. Her senior classmates voted her as "Most Likely to Succeed."

During her high school career she was selected as U. N. delegate, Pelican State delegate, and Sheriff Youth Recognition representative.

Upon graduating with high honors, Lynne was awarded an LSU freshman scholarship and the American Legion award.

She plans to enter LSU in the fall as a student of anthropology.

Safety Sense For Riding Mowers

It's important to be a good driver--not just of your car but of your power mower. The following is a list of safety tips for handling a riding lawn mower suggested by experts at the Outdoor Power Equipment Institute:

Hackberry is nation's first oil storage site

The number two man in the Federal Energy Administration came to Cameron Tuesday from Washington to tell the Cameron police jury that the West Hackberry oil field has become the number one priority site for the storage of national emergency oil supplies.

Thomas E. Noel, FEA assistant administrator, told the jury that a contract will be let this week for the preparation of a salt dome at Hackberry as a storage site and that oil should be pouring into the dome by the end of July--less than two months away.

Noel, who was accompanied by several other FEA officials, gave the jury the following rundown on the Hackberry project:

A workover oil rig is making preliminary borings into the salt dome this week and the large oil rig that will drill the wells for the removal of the salt brine and the injection of the oil is on its way from West Texas.

The government will open bids Thursday on the project and a contractor to do the majority of the work should be named by Friday.

In addition to drilling the wells, about a mile of pipeline will be laid from the well sites to the Amoco docks at Hackberry. Oil will be brought up the ship channel by barge and then transported to the storage site by the new pipeline.

At a later date a larger pipeline is expected to be built to the Sun terminal to move the oil more quickly.

Brine will be pumped from the salt dome to make room for the oil. This brine will be taken by another pipeline to another site about two miles south of the storage site where the brine will be pumped back into the earth through an other well to a depth of about 6500 or 7000 feet.

An alternate plan of building a pipeline to take the brine out into the Gulf for disposal is still under study and is regarded as the best long term way of disposing of the brine.

The national program, Noel reported, has been stepped up by the President with 250 million barrels of oil to be stored by December, 1978 instead of the 150 million as orginally planned. Of this amount 60 million barrels--or nearly a quarter of the national need--will be stored at Hackberry.

The government is also looking at other salt domes in this area as possible storage sites, including Sulphur Mines, Black Bayou and Vinton.

The government has already acquired from various land owners the land it needs for the Hackberry project but more land will be needed later.

In response to a quiry from the Hackberry Juror, George Hicks, Noel said that the government has already made it known what other adjacent land might be needed so land owners will not be kept in doubt.

In addition, the official stated the government is making every effort to work with the land owners on any problems that might be caused them.

Also he said that the objections from enviromental standpoint have generally been worked out.

State officials had said hydrocarbons would be released by the massive pouring of oil into the domes but Noel said that this would be only a temporary problem.

He said the installation would not have too great an impact on the community of Hackberry. Orginally it had been estimated that 20 to 30 federal employees would be needed to operate the facility after it was built, but Noel said plans were now to use as many local people as possible.

Asked by Parish Engineer George Bailey about parish roads that might be torn up by moving heavy equipment over them. Noel assured the jury that his agency and the contractor would take care of any damages done.

Also he said his agency would work with the jury and local officials in solving any other problems that might arise because of the installation.

However, he said he did not feel that there would be very many problems created.

Asked by Police Jury President Roland Trosclair as to what the working relationship was between Noel's agency and the property owners in Hackberry, Noel replied that while most property owners would rather not have seen the facility come to Hackberry things were worked out well with the property owners.

A number of Hackberry residents were in attendance at the meeting.

Magazine to feature Cameron Parish

Acadiana Profile Magazine is currently compiling information and gathering pictures and advertising for an extensive spread on Cameorn Parish.

This "Parish Profile", which is to appear in the July edition, is one of a series featuring the 22 parishes of Acadiana.

It will feature Cameron Parish's role in the oil, fishing and trapping industries; her growth as an important fishing port; the vast wealth of her marshlands; her tourist attractions; information on finance, government, education, culture and other areas of community life in the parish.

The education will also contain an extensive feature story on the life of the late Senator Dudley "Cousan Dud" LeBlanc, the south Louisiana politician and medicine man who developed his diet supplement, HADACOL, into a multi-million dollar operation that stretched from Florida to California and whose heyday was in the early 1950's.

LeBlanc was known throughout Louisiana not only because of his HADACOL operation, but also because of his long-time French-English radio news broadcasts which were heard on a network of stations that stretched from Terrebonne Parish to the Texas state line, because of his statesmanship on behalf of the poor and the aged, and becuase of the fact that he was the father of the Louisiana French renaissance movement.

He authored three books on the history of the Acadians, led three missions to the ancestral homeland of the Acadians of south Louisiana, and worked with Gov. John McKeithen for the first legislation promoting the interests of French-speaking Louisianaians.

Acadiana Profile is a general-interest regional magazine whose subject matter is drawn exclusively from south Louisiana. Now in its tenth year, the quarterly magazine is based in Lafayette and has a readership of nearly 100,000 in south Louisiana.

Miss Granger has been active for over 21 years in the National and Louisiana Association of Extension Home Economists. She received the Distinguished Service Award from these organizations in 1972.

Marsh fire causes wrecks and injuries

One person was injured and three collisions occured Wednesday afternoon of last week along Louisiana 27 following a blaze that broke out along 40 acres of marshland next to the highway.

Sgt. John Prescott, State Polce Troop D, said smoke poured out across the road, forcing vehicles to drive blindly along the highway. The accidents occurred about 2:55 p.m. after the blaze broke out about one mile east of Holly Beach.

Prescott said the fire may have been deliberately set.

Injured in one collision was Jeanne Perry, 41, of Cameron. She was involved in a three vehicle collision in west bound land of the highway. She was hospitalized in South Cameron Hospital with minor injuries and was listed in stable condition.

Moments later two other wrecks occured. A car and a pickup truck collided as did another auto truck. No injuries were received in the crashes.

A total of seven vehicles were involved in the accidents.

New pool hours

A change in pool hours of the Cameron swimming pool was made this week by Warner Daigle, director of activities.

From Tuesdays through Sundays it is opened from 1 to 4 p.m. and from 4:30 to 7 p.m.

On Thursdays from 4:30 to 7 p.m. the pool will be reserved for adults only, 18 years and older.

These hours will begin Friday, June 10.

CODOFIL meet set

The June meeting of the Cameron Parish CODOFIL chapter will be held Monday, June 13, at 6:30 p.m. in the South Cameron Elementary school cafeteria, according to Mrs. Adam Conner, president.

Catfish locks road nixed by P. Jury

The Cameron police jury made it quite clear to the U. S. Army Corps of Engineers Tuesday at the jury's monthly meeting that the jury does not intend to build a road to the Catfish locks on the Mermentau river.

Gregory Breerwood, chief of the lock operation sections for the Corps, New Orleans appeared before the jury to request that a 3 1/2 mile road be built through the marsh to the locks to serve the four families that live and work there.

When informed by Jury President Roland Trosclair that the jury did not intend to build such a road, Breewood asked if the jury would secure the rights-of-way and keep up the road if the Corps would build the road.

He estimated the cost of construction at a half million dollars but jurors said that because of the marshy conditions the work might cost three times that much.

Trosclair said the jury was not interested in getting the right-of-way and maintaining the road because the parish had no need for the road. He asked why didn't the Corps get its own rights-o f-way, build the road and keep it up.

Breerwood said that because of Corps policy it would be almost impossible for him to get approval of securing rights-of-way.

Trosclair did assure Breewood that the jury was not opposed to the road but was opposed to putting up any parish funds for it.

Catfish Locks, built about 30 years ago, are operated by the Corps to prevent salt water intrusion into the Mermentau river basin which serves a large rice growing area to the north of Cameron parish.

Derouen is honored

James S. (Jimmy) Derouen, who has been a member of the Cameron Lions Club for 25 years, was recognized at the Club's luncheon last Wednesday at Fred's Restaurant.

Ward Fontenot, club president, announced that Derouen is leaving the community to make his home in Welsh. Derouen retired as Manager of Calcasieu Marien Branch Bank in Cameron last year.

Fontenot also announced that Ed Kelley was awarded the Outstanding District Governor award at the Lions state convention in New Orleans.

Checks from the recent Lions Club bucket brigade, headed by Errol Cheramie were presented by Fontenot to Mrs. Tony Sturlese and Mrs. James S. Henry Jr., chairmen of the Creole and Cameron Crippled Childrens and Adults drives.

$254.37 was raised in Creole and $458.53 in Cameron.

Mrs. Geneva Griffith presented a silk banner to the local club from the Lions International headquarters in Paris, France, and reported that some of the French Lions would tour the Creole Nature Trail when they attend the International Lions convention in New Orleans.

PAR's activities told to Cameron group

By GENEVA GRIFFITH

A reorganizational meeting of the local chapter of the Public Affairs Research Council of Louisiana was held last week at Fred's restaurant in Cameron.

Tom Steed, local business man, was moderator for the meeting.

On hand for the occasion were Edwin Read, field representative of PAR and Arthur R. Thiel, executive director of PAR, both from Baton Rouge.

Thiel spoke to the group about the private, nonprofit, citizen-supported research organization which studies the most pressing problems of state and local governments in Louisiana and, based on its research, recommends ways of solving them.

PAR's primary purpose is to make factual and well-researched information on governmental issues available to Louisiana citizens and decisionmakers in an effort to improve the governmental process in Louisiana.

Thiel outlined changes that have taken place in Louisiana government and education over the past 20 years.

He stated that the attitude of citizens have changed and they are less tolorent of abuse in public office and have told officials that government can be run economically.

This has brought about a change in attitudes of elected officials.

He spoke about unemployment in the state and said that Louisiana usually ranks first in unemployment rates in the southern states and stated that the number of priority in rectifying this situation is encouraging young people to finish their high school educations then training them in a trade to which they can be employed.

He praised the trade schools in the state and said that they should be expanded to include para-professional fields.

He said that the training must be provided where the jobs are available.

Second row: Michelle Gaskill, 2nd; Randa Sue Murphy, 4th; Rodney LeBoeuf, 6th; Jill Aubey, 5th; Oralia Benoit, 7th; Catherine Tutt, 6th and Don Self, 5th. Not pictured is Bill Koch, 7th grade.

Migrant school to begin

The 1977 summer school session for children who qualify under the guidelines of the Migrant Agricultural and Fisherman Program will begin Monday, June 13, at 8 a.m. at the Cameron Elementary School. Some thirty students have registered to attend the six weeks program.

Transportation will be provided and a free lunch severed each day. The faculty, made up of teachers from the south Cameron Parish area, will provide instruction in reading, math, language arts, arts and crafts and recreational sports. Remedial work and advanced work will be stressed.

Eligibility requirements are designed to include those children of families who:

(1) Moved to Cameron Parish from out of the parish of state within the past year for the purpose of fishing or working in the fishing industry (processing plants.)

(2) Have moved to Cameron Parish within the last five years for the purpose of fishing or working in the fishing industry (processing plants.) regardless of present occupation.

Anyone who feels they have children who qualify and have not been contacted, please call or visit the Cameron Elementary School for further information.

Hurricane Week proclaimed

Hurricane Preparedness Week was declared for the week of June 1-7 by the Cameron parish police jury at its monthly meeting Tuesday.

The resolution urged all agencies such as Civil Defense, Weather Bureau, new media, etc. to put forth a concerted effort to inform the citizens of the parish of safety measures that should be taken when a hurricane threatens.

In just three weeks--on June 27--Cameron Parish will observe the 20th anniversary of Hurricane Audrey which took about 500 lives on that date in 1957.

Action taken by jury

Action on permits, appointments and bids were taken by the Cameron parish police jury at its meeting Tuesday.

The resignation of Joe O'Donnell from the parish housing authority was accepted by appointment of a replacement was postponed until next meeting.

David Griffith was reappointed to the Waterworks District No. 10 board.

The jury was told that it had been requested by the State Insurance Commissioner to adopt an insurance occupational license tax as the parish is only one of seven parishes without such a tax. It was estimated that such a tax would bring in $1000 a month in revenue for the parish. Action was delayed until additional information could be secured from the insurance commissioner.

A right-of-way for a new raod was accepted from Lorena Richard.

The jury agreed to advertise for a new fire truck for the Hackberry fire department and to put up $20,000 from revenue sharing funds toward the cost.

A cameron parish police jury safety policy for employees was adopted including a program of education, inspections, regulations, etc.

Building permits were approved for Anny M. Trahan, D. L. Brasseaux, Mrs. Olive B. Rutherford, Dwight Nash, Kenneth Allan O'Connell, Jesse Trahan, Superior Oil Co., Johnson Bayou Baptist Church, Joseph D. Simon, Pierre East, Huey Mhire and Loston's Auto Repair.

Registration plan opposed

A resolution opposion voter registration on election day was adopted by the Cameron parish police jury Tuesday along the lines of a similar resolution from the Louisiana Registrars of Voters Association.

The proposed plan, offered by the Carter administration, would permit voters to register on election day and then vote. Under present laws voters must register 30 days in advance of voting.

Ther Registrars Association pointed out that such mass registration on election day "would disrupt and delay the voting process and discourage voter participation."

(Other critics have said such a system would lead to mass election fraud.)

What To Do If A Hurricane Threatens Cameron Parish

When a HURRICANE WATCH is issued for the Cameron area, the national Weather Bureau Office will immediately notify the Cameron Parish Civil Preparedness Office. The Chairmen will call an immediate meeting of their commitees to review preparations for emergency procedures.

DEFINITIONS:

HURRICANE WATCH: An announcement issued by the Weather Bureau to the public and all other interests via press and radio and television broadcasts whenever a tropical storm or hurricane becomes a threat to a coastal area. The "Hurricane Watch" announcement is not a warning; it indicates that the hurricane is near enough that everyone in the area covered by the "Watch" should listen for subsequent advisories and be ready to take precautionary action in case hurricane warnings are issued.

HURRICANE WARNING: A warning indicating that hurricane winds of 74 miles per hour (64 knots) or higher or a combination of dangerously high water and very rough seas (with winds as low as 60 miles per hour) are expected in a specified coastal area. When a Hurricane Warning is announced hurricane conditions are considered imminent and may begin immediately or at least within 24 hours. It is of utmost importance that precautionary actions be instituted immediately when a Hurricane Warning is announced.

The public will be asked to take the following precautionary measures: THESE ARE PRECAUTIONARY MEASURES PRIOR TO EVACUATION

1. Check homes. Secure loose shingles or tiles. Repair window shutters and shaky chimneys.
2. Check yards. Trim or remove dead or dying trees. Anchor removable objects such as dog houses, chicken coops, lumber piles, etc.
3. Maintain supply of boards for boarding up picture and show windows.
4. Always keep at hand at least one flashlight in good condition.
5. Maintain in good operating condition battery-powered radio receivers for reception of Emergency Weather Warnings and other information from KOLE, KPAC, KAOK, KLOU, KLCL, KIKS-FM, and KPLC-TV. Also to be broadcast and published are instructions on what should be done when a hurricane is expected to strike the area. These include the following:
1. Keep your radio or television on and listen for latest Weather Bureau warnings and advisories. If power fails, use your car radio or other battery-powered receivers. Keep radio tuned to one of the following: KOLE, KPAC, KAOK, KLOU, KLCL, KIKS-FM, or KPLC-TV, and observe the instructions, Keep monitors on at all times if not actually listening to broadcasts. Keep your neighbors informed.
2. Avoid being misled by rumors. Rely only on advices from responsible public officials.
3. Be alert for high water in areas where streams of rivers may flood after heavy rains.
4. Board up windows or protect them with storm shutters or tape. Use good lumber securely fastened. Makeshift boarding may do more damage than none at all. Have strong bracing for outside doors.
5. Buy extra food, especially things which can be eaten without cooking or with very little preparation. Electric power may be off and you may be without refrigeration. Place dry ice in deep freezers and refrigerators to keep food from spoiling.
6. If emergency cooking facilities are necessary, be sure they are in working order.
7. Store drinking water in clean bathtubs, jugs, bottles, and cooking utensils. City water service may be interrupted during the hurricane and wells become polluted.
8. If in one of the evacuation areas, move furniture and other valuables to upper floors to minimize flood damage.
9. Check your battery-powered radio, emergency lights and flashlights. Be sure they are in working condition and keep them handy.
10. Make certain you have gasoline in your car. If electric power is off, filling stations may not be able to operate pumps for several days. (However, Cameron Shell Station and Creole Shell Station are able to operate on a generator.)
11. Make provisions for children and adults requiring special diets. If anyone in your home has to be removed by ambulance, phone the Emergency Operating Center, 775-5551.
12. If possible, arrange for the safe keeping of pets and other animals by friends living in quarters that will not have to be evacuated. No pets or animals of any kind will be allowed in evacuation shelters.
13. Be calm. Your ability to meet emergencies will inspire and help others.
14. When your civil Preparedness Committee advises evacuation, follow these instructions promptly:

a) Shut off main gas valve and pull main power switch before leaving home.

b) Head for the proper shelters or evacuation points indicated for your area.

c) Evacuated areas will be policed to prevent looting.

d) At shelter, follow instructions of Red Cross personnel in charge. Volunteer your assistance to do any tasks which are needed for the efficient operation of the shelter.

e) If the center or the "eye" of the hurricane passes directly over, there will be a lull in the wind lasting from a few minutes to half an hour or more. STAY IN A SAFE PLACE. Make emergency repairs during the lull if necessary, but remember the wind will return suddenly from the opposite direction, frequently with even greater violence.

f) Remain at shelter until informed that you may leave. Re-entry into evacuated areas will be given by Civil Defense when it is safe to return.

g) Keep calm at all times. If instructions are observed promptly, there is little personal danger involved. The local hazards from hurricanes have been carefully evaluated, and the measures taken for your protection have been well planned.

The EAST ALUMINUM PRODUCTS also offers custom patio covers, walk covers, storm doors, patio covers, storm windows, shutters and a host of other custom aluminum products designed to make living more comfortable. They can handle any installation problem and have easy terms to fit your budget.
The editors of the 1977 Consumers Message suggest that anyone interested in saving energy and raising the property value of their home or office contact this reliable firm and find out about awnings...the beautiful way to save energy!

Jeanis Air Conditioning

Ray Jeanis, Owner

The purpose of a building is to protect us from the weather. It protects us from the weather year around, it is not a modern building. In regards to year around air-conditioning, most of us are living in houses or working in buildings not up with the modern times in which we live.
With a General Electric year around air conditioner, you set the thermostat for either heating or cooling and you have spring the whole year.
If you have a central furnace, you likely have half and air conditioning system already and do not realize it. Call today for an estimate of the low cost of enjoying year around air conditioning. Let them furnish you a personal survey with all the pertinent facts and figures. See your authorized General Electric air conditioning dealer, the Jeanis Air Conditioning located at 914 Country Club Road in Lake Charles, phone 477-4006. They carry G. E. heat pumps, and can service all models of heat pumps and air conditioning units.
The writers of this 1977 Review recommend this firm for their fine service and expert workmanship.

School insurance up

After being advised that the premium on its fire and extended coverage insurance on parish school buildings will jump more than a third this coming year, the Cameron parish school board Monday agreed to make a study setting up a self-insurance program.

Assistant Superintendent Sonny Hackett told the board that the board's present insuror has advised school officials that the insurance on the schools, which cost $56,000 this year, amy reach $75,000 for next year.

It was also pointed out that the insurance on the schools is $6,500,000, but that the schools might be under-insured by $2 million because of inflation.

The board agreed to check with two or three other companies on insurance plans under which the board would have $25,000, $50,000 or even $100,000 deductible clauses. Under such a plan, the board would pay for a loss up to the deductible with the insurance company to pay for losses over this amount.

The board also will look into the possibility of setting up a contingency fund as self insurance against losses.

There have been no Cameron parish school fires in many years but extensive damage was done to the schools in 1957 by Hurricane Audrey.

Band uniforms are bought

Sixty new uniforms for the South Cameron high school band were purchased by the Cameron parish school board Monday.

Metalist-Stanbury, Inc., presented by the Swisgood Music Co. of Lake Charles, was the lowest of five bidders on the uniforms with a bid of $5704.76.

The school will pay for half of the cost and the school band will pay the other half.

Two bids on the repair of school and instruments were rejected and the board authorized band insturctors to get individual bids on instrument repairs.

Bids on new band instruments also were authorized.

In other actions the board named Mrs. Ladd Wainwright as food service supervisor for Cameron parish schools.

A resolution commending Supt. U. W. Dickerson and his wife for their 19 years service to the parish schools was adopted. Mr. Dickerson will retire effective June 30 and his wife retired earlier.

It was reported that the summer nigrant program has 33 students enrolled and is reaching nearly 90 percent of the children eligible for the program.

Bartley Roux was named as the Cameron-McNeese bus driver to replace Eddie Benoit who resigned.

Adam Kershaw was named as janitor at Hackberry high school to replace Gerald Hardy who resigned.

It was announced that the following school teachers and employees are retiring: Wayne O. Wood, Nelson LeBlanc, Betty Duhon, Mrs. Letha C. Smith and Supt. Dickerson.

SHOWN ENJOYING the Creole "kiddie" pool are Winn Theriot, Jamie Pinch and Jill Boudreaux. A summer recreation program is now under way at Creole.

Post honors deceased

A memorial to the two men for whom Doxey Vincent Post VFW was named has been erected in the Post home in Cameron.

A picture of the two men graces the main wall of the building along with the pertinent information on them, both killed during World War 2.

James A. Doxey was born July 7, 1923 and was killed in action July 16, 1944 during the Normandy Beachhead in France.

Armogene Vincent was born Jan. 5, 1926 and was killed in action June 4, 1945 in the Luzon Islands in the Pacific theatre.

Church bazaar set June 26

Saint Eugene Catholic Church in Grand Chenier will hold its fund-raising bazaar Sunday, June 26, in Grand Chenier State Park.

The Bazaar, will open at 10:00 a.m. and will include trophy boat races, barbeque dinner, cake, auctions, and a $2,000 cash raffle.

Registration for the boat races will start at 10 a.m. and include five different flights with competition for boats ranging from 20 h.p. and up with any type of motor. Trophies will be awarded for first, second and third places in each race, based on a point system for two heats in each race.

Service for the dinner will start at 11 a.m. at $2.50 per plate.

Other highlights of the day will be an amateur skiing contest for anyone who dares, a country corner stand, and sale of potted plants. The $2,000 raffle will include a $1,000 top prize, $500 second prize, $250 third prize, and five $50 prizes.

Cajun music will be featured throughout the day.

Creole program under way

The summer recreation program in Creole is now in full swing with the swimming pool reporting crowds each day.

Mrs. Terri Landry is the program director and announced the following hours for the pool:

Open from 3-7 p.m. on Tuesday through Friday; from 2-8 p.m. on Sunday; and closed on Saturday and Monday.

On Wednesday morning from 9-11 a.m. the pool will be reserved for women only.

Swimming lessons will be given Thursday and Friday mornings from 9-12 a.m.

Dr. and Mrs. Clark to be honored here Sat.

A reception, honoring Dr. and Mrs. Cecil Clark of Cameron, will be held Saturday, June 18, at 8 p.m. in the Our Lady Star of the Sea Church hall in Cameron.

It marks 25 years of dedicated service to the community and surrounding area by the couple.

Dr. Clark and his wife have a clinic in Cameron, she serving as his nurse.

He has received many awards during his years of service, including: The General Practioner of the Year award in 1957 given by the American Medical Association; The Humanitarian Award by B'nai B'nith in 1958; Outstanding General Practioner, given by La. Medical Society in 1957; Lion of the Year in 1962; Award for Distinguished Achievement by the Journal of Modern Medicine in 1958; Distinguished Service Award given by the U. S. Jr. Chamber of Commerce in 1957; Distinguished Intern-President Alumni Award, by Touro Infirmary, 1958, and a Certificate of Merit by the V.F.W. in 1958.

Dr. Clark won national recognition during Hurricane Audrey 20 years ago on June 27, when, in spite of losing three of his children who drowned when the storm tides destroyed his home, and not knowing the fate of his wife who was later found, he stayed on to doctor the survivors in Cameron.

Dr. Clark had left his home to go to his clinic, which also served as a hospital at that time, to see about his patients whom he had to evacuate to the Cameron Courthouse.

The rapid rise of water over the road prevented him from leaving Cameron to see about his family.

Elizabeth, Celia, and Jack Benny perished in the storm, and two other children Joe and John were visiting their grandparents on Oak Grove and were saved when they clung in oak trees.

The public is invited to come out and pay tribute to the couple.

Parish project funds approved

$750,000 for the creation of the Chenier State Preservation Area in Cameron parish was included in the state's $742.7 million capital outlay bill approved by the House Ways and Means Committee in Baton Rouge Monday.

However, since the project was among Priority four projects and since the state can only approve about $300 million in bonds, it is not likely the funds will last long enough to include the Cameron parish project.

The preservation area is a part of the State Parks and Recreation Department's long range plan for the development of parks and outdoor recreation in the state.

Rodeo set June 25

A Little Britches rodeo will be held at 7 p.m. Saturday, June 25 at the Gene Constance area at Holly Beach with events for both junior and senior boys and girls.

Contestants are requested to register by 7 p.m.

MR. AND MRS. CLAUDE YVON, at the left, are shown at their "Simple Cottage" with a Louisiana visitor, Mrs. Grace Graugnard of St. James. At the right, Christopher and John Charles Yvon proudly display an American flag in their room.

Belguim students coming

James Domengeaux, Chairman of the Louisiana Council for the Development of French in Louisiana has contacted the Cameron parish chapter of CODOFIL asking for homes to house students in the Belgium-Louisiana student exchange program.

Sixty high school students from Louisiana and 30 teachers will be visiting and studying in Belgium homes July 13 to Aug. 10.

In turn, 90 Belgium high school students will visit Louisiana July 11 to Aug. 11 to live in Louisiana homes.

Homes in this area are needed Domengeaux said, and the knowledge of French is not essential because these Belgium students are interested in practicing their English.

Anyone interested in receiving one or more of these students in their home are asked to contact Mrs. Adam Conner or Mrs. Geneva Griffith.

Beth Greathouse in state contest

Beth Lori Greathouse of Grand Lake has been nominated for Louisiana Junior Herford Association Queen. She will compete with approximately 10 other girls in the event during the Louisiana Junior Hereford Association Field Day Friday and Saturday, June 17 and 18, at Nichels State University in Thibodaux.

Beth will be a senior in high school next fall. She has been an active member of FHA, 4-H, and Beta Club. She is also a member of the annual staff, and has been a member of the Louisiana Junior Hereford Association for four years.

Frnest Dyson dies in wreck

Ernest Dyson, a former Cameron resident, was killed in a car-truck accident June 6, on the Lake Arthur bridge. Mr. Dyson lived in Cameron about 13 years before he and his family moved to Klondike.

Mr. Dyson worked for Gulf Crews in cameron as a boat captain for a number of years.

Buriel was in Shell Beach Cemetery in Lake Arthur.

Survivors include his wife, Dorothy Dyson of Klondike, a son Darryl Dyson of Klondike, 4 daughter, Carryl Dyson, Jackie Dyson both from Klondike; Priscilla Duprie of Gueydan and Linda LaFosse of Cameron; his mother, Susan Dyson of Klondike; two brothers, Johnnie Dyson of Klondike and Hebert Dyson of Sulphur and 3 grandchildren.

Dronet completes course

E. J. Dronet, president of Cameron State Bank, was among the 59 bank chief executive officers receiving a certificate following completion of a one-week conference on Senior Bank Management at the Louisiana State University.

Participants came from the various Southern States and hand to be former graduates of the School of Banking of the South at LSU puls presently serving as chief executive officers of their respective bank.

They participated in an advanced simulated bank management excercise utilizing the latest in computer input and analysis to make improved management decisions. Also included were lectures on profitability, economics, management techniques, and director's responsibilities.

A banker over 20 years, Dronet has been serving as president of Cameron State Bank since January, 1973 and holds a certificate of Certified Commercial Lender of the American Bankers Association.

Legion meet

The monthly meeting of Richard Bros. American Legion Post and Auxiliary will be held Tuesday June 21, at 7 p.m. in the American Legion Hall in Creole, according to Oscar Reyes, Post Commander.

Rodeo set

A Little Britches rodeo will be held Friday and Saturday, June 24 and 25 at Don Manuel's arena in Gillis.

Produced by Penny & Sons Rodeo Co. of DeQuincy, the rodeo will feature events for both boys and girls. Entry fee is $3 per event and entries should be placed with Mrs. Sis Penny at 789-8142.

Rodeo station

Pop's Package Store will be one of the official stations of the 1977 Cameron Deep Sea Fishing Rodeo, according to Ray Burleigh, president of the Association.

Anyone wishing to register or buy tickets may do so at this store which is located in downtown Cameron.

Tennis tourney

Warner Daigle, Director of the Cameron Recreation District, announces that a local tennis tournament will be held in July for residents of the area.

July 8 to 10 a tournament will be for men, 30 years of age and over; and July 15 to 17, for women, 30 years and older.

Registration and details can be obtained through Mr. Daigle and the Cameron Recreation Pool.

French couple love America much

(EDITOR'S NOTE--Mrs. Geneva Griffith and Mrs. Roland Primeaux recently returned from a CODOFIL-sponsored trip to France and Belgium. The following is another in a series of stories on their experiences.)

By GENEVA GRIFFITH

Claude Yvon, his wife Marie Theresa, and their children Francoise, Christopher and John Charles of Morlaix, France love America very much.

Yvon, who is a writer for "Le Telegramme De Brest," and his wife remember vividly World War II and the invasion of Normandy when Claude's home was completely destroyed, first by a bombardment by English planes and then by American bombs.

About the only thing he saved from a home filled with priceless antiques was the family silver which he had buried in the ground.

When asked if they felt any bitterness toward the Americans for destroying their home, the Yvons are quick to answer, "The Americans were our salvation and gave up their lives, many of them, to save us. We were not even their people, nor was it their country, yet they fought for and liberated us."

The youngs sons, Christopher and John Charles, have a huge American flag hung on their wall above their bed which serves as the decoration for their room.

Their home is called "Simple Cottage" which is the name of the original family home and serves to let everyone know that their's is a simple life that they love and cherish.

They welcome Americans with open arms. Last year La. Senator and Mrs. Sam Broussard of New Iberia spent some time in their home, during which time Mr. Broussard was able to revisit Normandy where he served in the invasion and was able to visit with some of the Frenchmen he served with at that time.

This year this reporter and Mrs. Grace Graugnard from St. James, La. were afforded the hospitality of "Simple Cottage."

This gives the Yvon family pleasure in some way repaying Americans the kindness shown to them 33 years ago.

Parish 4-Hers go to meeting

Instructions and experiences in leadership were given to 175 4-H Junior Leaders attending the 1977 State 4-H Junior Leadership Conference, June 7-10 on LSU's Baton Rouge Campus.

Objectives of the conference were to offer 4-H junior leaders the opportunity to learn skills and develop abilities which will enable them to better assume leadership roles, to provide a laboratory for exchanging ideas and experiences, and to offer an arena for wholesome and informal social interaction.

Those attending from Cameron Parish were Todd Montie and Jeffery Jouett of South Cameron High and Christine Powers and Theresa Powers of Hackberry High School. Charlotte Bertrand, Assistant Home Economist accompanied the group and served as agent advisor.

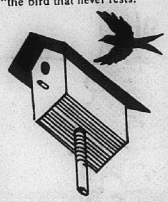
The purple martin (Progne subis) has always been a friend of man. As Peter Kalm noted in his 18th century *Travels in North America*, "they drive away both hawks and crows as soon as they see them... and by their anxious notes of alarm, warn poultry of the approach of their enemies."

For this reason, early American settlers, learning a lesson from the Indians who hung gourds on high poles for the same purpose, erected "martin boxes" to accommodate these welcome visitors. Indians invited in martins to protect their cornfields from marauding crows and their meat caches from hawks, the settlers to protect their young chickens.

The purple martin is an insect eater and feeds almost entirely on the wing. A graceful, agile, and extremely skillful flyer, it will consume up to 2,000 insects per day. And because of its ceaseless feeding activity, the Indians called it "the bird that never rests."



Gregarious and courageous, martins will nest just about anywhere they can find suitable habitation. They seem to prefer to nest in colonies, a trait which ornithologists believe stems from the original habit of nesting in hollow trees and holes in cliffs. They will often share their homes with other birds providing there is room. English sparrows and starlings often take advantage of this hospitality and take over. But sometimes the martins gang up on the inconsiderate invaders and dive bomb them away. For some reason martins hold eternal enmity for hawks and crows. Let either of these predators show up in their territory and it is in for trouble.

Uttering a loud cry of alarm, the martin will attack, diving like a jet fighting plane at the enroacher's head and back. Soon other martins will appear to join battle and wheeling, dodging, and executing other evasive maneuvers, the hawk or crow under attack will hastily decide it has business elsewhere and make tracks out of the vicinity.

Here in the United States, martins are among the earliest of fall migrants. As soon as their nesting and hawk-fighting duties are over for the summer, they start banding together in large flocks preparatory to departure for their winter home in South America. In late summer they can often be seen by the thousands resting on telephone and power lines, and descending in vast swarms to roosting places in trees. Sometimes during these autumnal rendezvous they are mistaken for starlings and slaughtered by the hundreds, as they were a few years ago in Chicago, by civic-minded persons thinking to protect their property.

Martins are valuable insect eaters and delightful little creatures to have around. In times past nearly every rural dweller, especially if he raised poultry, tried to attract them. And once attracted, they came back year after year, or as long as places were provided for their habitation.

Louisiana has new one-volume history

"Louisiana, A Bicentennial History", by Joe Gray Taylor, pub. by W.W. Norton & Co., 194 pp., $8.95

Reviewed by
MARIE WISE

Louisiana has a recorded history of almost 300 years, since LaSalle came down river from Canada in 1682 to claim "all land drained by the Mississippi and its tributaries" for King Louis XIV of France.

"Louisiana, A Bicentennial History" condenses the state's physical, political, economic and cultural story into less than 200 pages including an index.

The project of having a compact, up to date history written into a separate volume for each of the United States was scheduled for 1976 as "The States and The Nation Series" under administration of the American Association for State and Local History. The complete series will have 51 volumes, including one for the District of Columbia.

Louisiana's bicentennial history is authored by Joe Gray Taylor, chairman of the history department at Mc-Neese State University and a resident of Lake Charles. Dr. Taylor is an established author, having produced not only a number of other historical volumes but also writings on such wide-apart subjects as air warfare and gourmet dining.

The story of Louisiana is written with insight and knowledge from the almost 90 years of colonization efforts by France, Spain and England "during which the French showed a remarkable ability to impose their language and culture upon other nationalities" through the Americanization of Louisiana by the United States and on to the much romanticized antebellum times.

"In all the state in 1860, there were about 1,600 plantations with more than fifty slaves each". Tensas Parish had 118 such plantations. It was not unusual for the total investment of a sugar plantation to exceed $200,000 with a return in the 1850s of about nine percent. Investment for a 1500 acre cotton plantation might be $100,000 with a return of seven percent. Even so, "most of the state was still frontier or barely past the frontier stage in 1860," Dr. Taylor writes, and "Louisiana planter society was a society of self-made men".

One third of the book is devoted to the ending of this era, the Civil War with its devastating economic and manpower losses, the Reconstruction and its "legacy of hate".

The destruction of Louisiana's pine forests when lumber companies "left behind them a desert" is described from this period as is the cutting out of the great cypress groves, the largest being in the Atchafalaya Swamp. "Rafts of logs of enormous size floated on the rivers and bayous. One came to New Orleans made up of a hundred and fifty logs, each of them at least fifty feet long, and containing, altogether, more than a million board feet".

Much is offered on Louisiana's turbulent political history through almost three centuries, its economic development to the present agri-industry status, the diversity of its extraordinary cultural heritage, its population and growth patterns, all forces that went into the making of Louisiana and Louisianians today.

Condensed to a dozen short chapters and enriched with a photo section by A.Y. Owen, Dr. Taylor's history makes the telling of Louisiana's story into a compelling narrative.

The Challenge of Genealogy

by MARIE WISE

Between 1804 and 1810 the population of New Orleans doubled, due largely to the migrations from three distinct cultures. Frenchmen escaping the aftermath of Napoleon's downfall, refugees from Saint Domingue (Haiti) who had lost their plantations during the preceding slave revolt, and Americans moving in after the Louisiana Purchase.

MARRIAGE CONTRACTS

Changes during this time from European colony to American territory to one of the United States brought many changes in law. Marriage contracts to specify the exact property owned by each partner and how it was to be divided at the death of either became essential for protecting inheritance.

Included in the contracts was much genealogical information: "Guillaume Rene Commuy of Cape Francois, St. Domingue, son of Jean Commuy of Bordeaux, France and Suzanne Charriea of Cape Francois, to marry Charlotte Felicitee LaBatut, daughter of Jean Baptiste LaBatut of Bayonne, France and Marie Felicitee of St. Martin."

"New Orleans Marriage Contracts, 1804-1820", a softcover edition by Charles R. Maduell, Jr. has been published by Polyanthos, Inc., Dr. 51359, New Orleans, La. 70151, $17.50, 137 pp., including an index of over 2500 names. The volume lists major parties in 464 marriage contracts, where each may be found in the old notary records and how to get copies from the notarial archives.

MINERAL RESOURCES
ON BEHALF OF THE
STATE MINERAL BOARD
FOR THE
STATE OF LOUISIANA
BATON ROUGE, LOUISIANA
79031

By virtue of and in conformity with the provisions of Chapter 2, Title 30 of the Louisiana Revised Statutes of 1950, as amended, sealed bids will be received in the Office of Mineral Resources, State Land and Natural Resources Building, Baton Rouge, Louisiana, on or before the 12th day of July, 1977, at 1:00 P.M., for a lease to explore, drill for mine for and produce oil, gas and any other liquid or gaseous hydrocarbons, coal, minerals, sulphur and potash in and on the following described tracts: (Tract Nos. 14697 through 14698), at which time and place said bids will be opened publicly in the State Land and Natural Resources Building, Capitol Complex, Baton Rouge, Louisiana.

TRACT 14697 — PORTION OF BLOCK 11, WEST CAMERON AREA, REVISED, Cameron Parish, Louisiana — That portion of Block 11, West Cameron Area, Revised, Cameron Parish, Louisiana, belonging to the State of Louisiana and not under mineral lease on April 21, 1977, described as follows: Beginning at the Northeast corner of Block 11, West Cameron Area, Revised, having Lambert Plane Coordinates of X = 1,288,145.376 and Y = 402,878.85, thence Westerly, to a point having Lambert Plane Coordinates of X = 1,280,760.00 and Y = 402,878.85, thence North 7.15 feet to a point having Lambert Plane Coordinates of X = 1,280,760.00 and Y = 402,886, thence Northeasterly to a point having Lambert Plane Coordinates of X = 1,286,154 and Y = 403,467, thence Northeasterly, to the point of beginning, estimated to contain approximately 138.00 acres, as shown outlined in red on a plat on file in the Office of the Secretary, Department of Natural Resources, All bearings are based on Louisiana Lambert Plane Coordinate System (South Zone).

TRACT 14698 — PORTION OF BLOCK 10, WEST CAMERON AREA, REVISED, Cameron Parish, Louisiana — That portion of Block 10 West Cameron Area, Revised, Cameron Parish, Louisiana, belonging to the State of Louisiana and not under mineral lease on April 21, 1977 described as follows: Beginning at the Northwest corner of Block 10 West Cameron Area, Revised, having Lambert Plane Coordinates of X = 1,288,145.376 and Y = 403,746.45, thence Eastesly to a point having Lambert Plane Coordinates of X = 1,290,645.376 and Y = 404,097.28, thence South 2,500.00 feet to a point having Lambert Plane Coordinates of X = 1,290,645.376 and Y = 407,127.61, thence West 2,500.00 feet to a point on the West line of said Block 10, having Lambert Plane Coordinates of X = 1,288,145.376 and Y = 402,127.61, thence North 5,019.34 feet to the point of beginning, estimated to contain approximately 193.00 acres, as shown outlined in red on a plat on file in the Office of the Secretary, Department of Natural Resources. All bearings are based on Louisiana Lambert Plane Coordinate System (South Zone).

All bids to offer a cash bonus for a lease having a primary term which shall not exceed three years and granted without any warranty of title or recourse against lessor whatsoever, either expressed or implied, not even for return by lessor of any payments received under the lease or being otherwise responsible to lessee. Minimum royalties shall be one-eighth (1/8th) of all oil produced and saved, one-eighth (1/8th) of all gas produced and saved or utilized, one-eighth (1/8th) of the value per long ton when marketed as sulphur produced and saved, but not less than two dollars ($2.00) per long ton, one-eighth (1/8th) of the value per ton when marketed as potash produced, but not less than ten cents (10¢) per ton, one-eighth (1/8th) of all other liquid or gaseous hydrocarbon minerals produced and saved or utilized.

The minimum royalties above are not to be construed as values acceptable to the Board, it being the policy of the Board to reject any bid which does not reflect tract potential. The Board considers bonus, royalty percentage, and also compares royalty with that granted by landowners in the area. In the exercise of its discretion, the Board also reserves its right to accept any bid that reflects tract potential and satisfies the minimum royalty requirements of R.S. 30:127, as amended.

All leases awarded shall be executed upon terms and conditions provided in the current State lease form with all applicable riders appended thereto, including but not limited to provisions as follows: Should lessee fail to begin the actual drilling (spudding in) of a well on the lease premises within one year from the date of the lease, the lease shall terminate as to both parties to the lease, unless on or before such anniversary date, lessee shall pay a delay rental (which shall in no event be less than one-half of the bonus offered), which shall cover the privilege of deferring drilling operations for a period of one year. Upon like payments annually, drilling operations may be further deferred for successive periods of one year each during the primary term of five years. The lease shall provide for the drilling of offset wells where necessary to protect the State's interest and shall contain the provisions against the assignment or sublease of the lease unless approved by the State Mineral Board. The lessee shall have the right to enter into pooling or unitization agreements with respect to development of the leased premises subject to the approval of the State Mineral Board.

Certified check, cashier's check or bank money order payable to the SECRETARY, DEPARTMENT OF NATURAL RESOURCES, as successor to the Register, State Land Office, for the full amount of the cash bonus, shall accompany and be submitted with each bid and no bid will be considered and thereafter withdrawn or cancelled and the certified check, cashier's check or bank money order accompanying the bid of the successful bidder shall be immediately negotiated by the SECRETARY, DEPARTMENT OF NATURAL RESOURCES, as successor to the Register, State Land Office and the proceeds thereof disbursed in the manner required by law. The successful bidder to whom the lease is awarded on the date of the lease sale shall furnish a performance bond, duly executed, within TWENTY (20) DAYS after bidder's receipt of same under penalty of forfeiture of the lease and the bonus previously tendered and negotiated in the event of failure to do so.

Consistent with the policy of the Board as expressed in a resolution dated August 12, 1965, all bidders are hereby notified that bids designations of the tracts as described by metes and bounds may be accompanied by a separate plat outlining thereon the portion that bid upon. The scale of the plat should be 1 inch = 4,000 feet.

The State Mineral Board reserves the right to reject any and all bids or to grant a lease on any portion of the tract advertised and to withdraw the remainder of the tract.
