TRACT 14697 — PORTION OF BLOCK 11, WEST CAMERON AREA, REVISED, Cameron Parish, Louisiana — That portion of Block 11, West Cameron Area, Revised, Cameron Parish, Louisiana, belonging to the State of Louisiana and not under mineral lease on April 21, 1977, described as follows: Beginning at the Northeast corner of Block 11, West Cameron Area, Revised, having Lambert Plane Coordinates of X = 1,288,145.376 and Y = 403,746.45, thence Eastesly to a point having Lambert Plane Coordinates of X = 1,290,645.376 and Y = 404,097.28, thence South 2,500.00 feet to a point having Lambert Plane Coordinates of X = 1,290,645.376 and Y = 407,127.61, thence West 2,500.00 feet to a point on the West line of said Block 10, having Lambert Plane Coordinates of X = 1,288,145.376 and Y = 402,127.61, thence North 5,019.34 feet to the point of beginning, estimated to contain approximately 193.00 acres, as shown outlined in red on a plat on file in the Office of the Secretary, Department of Natural Resources. All bearings are based on Louisiana Lambert Plane Coordinate System (South Zone).

All bids to offer a cash bonus for a lease having a primary term which shall not exceed three years and granted without any warranty of title or recourse against lessor whatsoever, either expressed or implied, not even for return by lessor of any payments received under the lease or being otherwise responsible to lessee. Minimum royalties shall be one-eighth (1/8th) of all oil produced and saved, one-eighth (1/8th) of all gas produced and saved or utilized, one-eighth (1/8th) of the value per long ton when marketed as sulphur produced and saved, but not less than two dollars ($2.00) per long ton, one-eighth (1/8th) of the value per ton when marketed as potash produced, but not less than ten cents (10¢) per ton, one-eighth (1/8th) of all other liquid or gaseous hydrocarbon minerals produced and saved or utilized.

The minimum royalties above are not to be construed as values acceptable to the Board, it being the policy of the Board to reject any bid which does not reflect tract potential. The Board considers bonus, royalty percentage, and also compares royalty with that granted by landowners in the area. In the exercise of its discretion, the Board also reserves its right to accept any bid that reflects tract potential and satisfies the minimum royalty requirements of R.S. 30:127, as amended.

All leases awarded shall be executed upon terms and conditions provided in the current State lease form with all applicable riders appended thereto, including but not limited to provisions as follows: Should lessee fail to begin the actual drilling (spudding in) of a well on the lease premises within one year from the date of the lease, the lease shall terminate as to both parties to the lease, unless on or before such anniversary date, lessee shall pay a delay rental (which shall in no event be less than one-half of the bonus offered), which shall cover the privilege of deferring drilling operations for a period of one year. Upon like payments annually, drilling operations may be further deferred for successive periods of one year each during the primary term of five years. The lease shall provide for the drilling of offset wells where necessary to protect the State's interest and shall contain the provisions against the assignment or sublease of the lease unless approved by the State Mineral Board. The lessee shall have the right to enter into pooling or unitization agreements with respect to development of the leased premises subject to the approval of the State Mineral Board.

Certified check, cashier's check or bank money order payable to the SECRETARY, DEPARTMENT OF NATURAL RESOURCES, as successor to the Register, State Land Office, for the full amount of the cash bonus, shall accompany and be submitted with each bid and no bid will be considered and thereafter withdrawn or cancelled and the certified check, cashier's check or bank money order accompanying the bid of the successful bidder shall be immediately negotiated by the SECRETARY, DEPARTMENT OF NATURAL RESOURCES, as successor to the Register, State Land Office and the proceeds thereof disbursed in the manner required by law. The successful bidder to whom the lease is awarded on the date of the lease sale shall furnish a performance bond, duly executed, within TWENTY (20) DAYS after bidder's receipt of same under penalty of forfeiture of the lease and the bonus previously tendered and negotiated in the event of failure to do so.

Consistent with the policy of the Board as expressed in a resolution dated August 12, 1965, all bidders are hereby notified that bids designations of the tracts as described by metes and bounds may be accompanied by a separate plat outlining thereon the portion that bid upon. The scale of the plat should be 1 inch = 4,000 feet.

The State Mineral Board reserves the right to reject any and all bids or to grant a lease on any portion of the tract advertised and to withdraw the remainder of the tract.

OFFICE OF MINERAL RESOURCES ON BEHALF OF THE STATE MINERAL BOARD FOR THE STATE OF LOUISIANA

Published in the Baton Rouge "State-Times" on June 15, June 22 and June 29, 1977, and the Official Journal of the Parishes in which the property is located.

NOTICE OF PUBLICATION
OFFICE OF
MINERAL RESOURCES
ON BEHALF OF THE
STATE MINERAL BOARD
FOR THE
STATE OF LOUISIANA
BATON ROUGE, LOUISIANA
79031

By virtue of and in conformity with the provisions of Chapter 2, Title 30 of the Louisiana Revised Statutes of 1950, as amended, sealed bids will be received in the Office of Mineral Resources, State Land and Natural Resources Building, Baton Rouge, Louisiana, on or before the 13th day of July, 1977, at 1:00 P.M., for a lease to explore, drill or mine for and produce oil, gas and any other liquid or gaseous hydrocarbon minerals, sulphur and potash in and on the land or the water bottoms described in Tract No. 14699 through Tract No 14532, inclusive, at which time and date said bids will be opened publicly in the State Land and Natural Resources Building, Capitol Complex, Baton Rouge, Louisiana. The description of said tracts are more particularly set out below:

TRACT 14699 — Cameron Parish, Louisiana — All lands, water bottoms and minerals (except state lands) owned by and not under mineral lease from the State of Louisiana on April 21, 1977, situated in Cameron Parish, Louisiana, within the following described boundaries. Beginning at the Northeast corner of Block 11, West Cameron Area, Revised, having Lambert Plane Coordinates of X = 1,288,145.376, and Y = 403,746.45, thence North 2,000.00 feet along a North projection of the East line of said Block 11 to a point having Lambert Plane Coordinates of X = 1,288,145.376 and Y = 405,746.45, thence West 5,385.376 feet to a point having Lambert Plane Coordinates of X = 1,280,760 and Y = 405,746.45, thence South 2,910.45 feet to a point having Lambert Plane Coordinates of X = 1,280,760 and Y = 402,836, thence Northeasterly to a point having Lambert Plane Coordinates of X = 1,286,154 and Y = 403,467, thence Northeasterly to the point of beginning, estimated to contain approximately 62 acres, as shown outlined in red on a plat on file in the Office of the Secretary, Department of Natural Resources. All bearings are based on Louisiana Lambert Plane Coordinate System (South Zone).

TRACT 14580 — Cameron Parish, Louisiana — All of the lands now or formerly constituting the beds and bottoms of all water bodies of every nature and description and all islands and other lands formed by accretion or reliction, except tax lands, owned by and not under mineral lease from the State of Louisiana on February 16, 1977, situated in Cameron Parish, Louisiana, within the following described boundaries. Beginning at a point having Lambert Plane Coordinates of X = 1,533,427.80 and Y = 448,694.93, thence Southwesterly to a point having Lambert Plane Coordinates of X = 1,529,527.80 and Y = 448,494.93, thence North 6,200.00 feet, thence East 4,100.00 feet, thence South 4,000.00 feet to the point of beginning, estimated to contain approximately 373 acres, as shown outlined in red on a plat on file in the Office of the Secretary, Department of Natural Resources. All bearings are based on Louisiana Lambert Plane Coordinate System (South Zone)

All bids to offer a cash bonus for a lease having a primary term which shall not exceed **three years** and granted without any warranty of title or recourse against lessor whatsoever, either expressed or implied, not even for return by lessor of any payments received under the lease or being otherwise responsible to lessee. Minimum royalties shall be one-eighth (1/8th) of all oil produced and saved, one-eighth (1/8th) of all gas produced and saved or utilized, one-eighth (1/8th) of the value per long ton when marketed as sulphur produced and saved, but not less than two dollars ($2.00) per long ton, one-eighth (1/8th) of the value per ton when marketed as potash produced, but not less than ten cents (10¢) per ton, one-eighth (1/8th) of all other liquid or gaseous hydrocarbon minerals produced and saved or utilized.

The minimum royalties above are not to be construed as values acceptable to the Board, it being the policy of the Board to reject any bid which does not reflect tract potential. The Board considers bonus, royalty percentage, and also compares royalty with that granted by landowners in the area. In the exercise of its discretion, the Board also reserves its right to accept any bid that reflects tract potential and satisfies the minimum royalty requirements of R.S. 30:127, as amended.

All leases awarded shall be executed upon terms and conditions provided in the current State lease form with all applicable riders appended thereto, including but not limited to provisions as follows: Should lessee fail to begin the actual drilling (spudding in) of a well on the lease premises within one year from the date of the lease, the lease shall terminate as to both parties to the lease, unless on or before such anniversary date, lessee shall pay a delay rental (which shall in no event be less than one-half of the bonus offered), which shall cover the privilege of deferring drilling operations for a period of one year. Upon like payments annually, drilling operations may be further deferred for successive periods of **three years**. The lease shall provide for the drilling of offset wells where necessary to protect the State's interest and shall contain the provisions against the assignment or sublease of the lease unless approved by the State Mineral Board. The lessee shall have the right to enter into pooling or unitization agreements with respect to development of the leased premises subject to the approval of the State Mineral Board.

Certified check, cashier's check or bank money order payable to SECRETARY, DEPARTMENT OF NATURAL RESOURCES, as successor to the Register, State Land Office, for the full amount of the cash bonus shall accompany and be submitted with each bid and no bid will be considered and may be thereafter withdrawn or cancelled and the certified check, cashier's check or bank money order accompanying the bid of the successful bidder shall be immediately negotiated by the SECRETARY, DEPARTMENT OF NATURAL RESOURCES, as successor to the Register, State Land Office and the proceeds thereof disbursed in the manner required by law. The successful bidder to whom the lease is awarded on the date of the lease sale shall furnish a written lease, duly executed, within TWENTY (20) DAYS after bidder's receipt of same under penalty of forfeiture of the lease and the bonus previously tendered and negotiated in the event of failure to do so.

NOTE in the case of all State Agency Lands, herein offered, certified cashier's checks or bank money orders of the State Agency bonus shall be made payable to Department of State Agency, provided that if a fraction thereof, or part thereof, located in a township or fraction included in more than one parish, is offered, a certified cashier's check or bank money order for the full amount of the cash bonus shall be made payable to the STATE TREASURER. Any Amendment, Assignment or Agreement covered hereunder to the State Mineral Board has awarded such lease must be approved by the Assessor of the Parish.

Consistent with the policy of the Board as expressed in the resolution dated August 12, 1965, all bidders are hereby notified that bids on portions of tracts described by metes and bounds and be accompanied by a separate plat outlining thereon the portion bid upon. The scale of the plat should be 1 inch = 4,000 feet.

The State Mineral Board reserves the right to reject any and all bids or to grant a lease on any portion of the tract advertised and to withdraw the remainder of the tract.

Mary Olive CDA officers installed

Mrs. Harry Conner has been named court regent of Mary Olive CDA Court of Creole and was installed, along with other officers of the local court and all other courts in the diocese in ceremonies Saturday, June 11.

The event took place at 11 a.m. at St. John at Evangelist Cathedral in Lafayette with Bishop Gerard Frey officiating.

Other officers of the local court installed in caps and gowns were: Mrs. Sidney Savoie, first vice regent; Mrs. John M. Theriot, second vice regent; Mrs. Gerald Guidry, financial secretary; Mrs. Mayola Wicke, treasurer; Mrs. Clifford Myers, recording secretary; and Mrs. R o l a n d Primeaux, monitor.

GRAND CHENIER NEWS

By ELORA MONTIE

The Grand Chenier folks welcomed the much needed rain Sunday and Monday. This will help not only the cattlemen but also the gardens.

The Canik family held their annual family reunion this year at the home of Mr. and Mrs. Louis Canik which included a seafood supper Friday night, a fish fry Saturday night and a Barbecue Sunday. Those enjoying the events were: Mr. and Mrs. Ferdnand Canik and families of Abata Springs; Mr. and Mrs. Whitney Canik and families, Houston, Tex; Mr. and Mrs. Kenneth Canik and family, Baton Rouge; Mrs. Opal McFarlen and family, Evangeline; Mr. and Mrs. Jimmie Broussard and family, Mr. and Mrs. John Canik and family, all of Jennings; Mrs. M a x i n e Chapman and family, Lake Arthur; Mrs. Stephen Canik, Mr. and Mrs. Orrie Canik and family, the Louis Canik families, Mr. and Mrs. Adam Broussard, Lake Arthur, Mr. and Ms. Garrette Mayon, Houston, Tex., and Arnold Jones Jr.

The Mrs. M. O. Miller family gave a barbecue Saturday in Pecan Island for their cowboys and workers and family. Many folks from Grand Chenier attended.

Billy Doland entertained his helpers and cowboys with a barbecue Sunday at their camp, north of Mermenteau River.

Mr. and Mrs. Glenn Richard Sunday served a barbecue dinner to Mr. and Mrs. Bruce Hooper and boys, Mr. and Mrs. Howard Beau and granddaughter, Jeanette Louviere and children, Mrs. Thelma Broussard, Mrs. Pat McCormick, Mr. and Mrs. Larry Doucet, Michael and Sonya and Tommy Doucet, Michael Richard of Moss Bluff and Lake Charles. Along with Arthur Doucet who is 86 years of Moss Bluff on his first trip to Grand Chenier.

Mr. and Mrs. Clifford (Dean) Miller purchased a 1977 blue Datsun this past week.

The opening of the swimming pool at the Grand Chenier Recreation Center, Splash Days was Friday, June 10. There were 68 attending.

Those wanting to attend day camp for this year can get their applications from Mrs. Shirley B o n s a l l in Grand Chenier.

Returning Friday from a vacation trip to parts of Florida, including Disney World, Busch Gardens, Sea World, Silver Springs, were Mr. and Mrs. Gooch Baccigalopi and son, Mrs. Dorris Sturlese, Mrs. Elougia Richard, Dorothy, Joyce and Tina Baccigalopi.

Mrs. James Hebert of Pecan Island accompanied by Mrs. Geridine Canik spent some time in Tennessee where Mrs. Hebert takes her son for treatments.

Mrs. Ethel Martin of Lake Charles spent Saturday with Mr. and Mrs. Jeff Nunez.

The Curtis Richard family of Orange, Tex. visited Mrs. Estell Doland and Mr. and Mrs. David Richard over the weekend.

Visiting r e l a t i v e s and friends here Thursday were Mr. and Mrs. Dudley Thibodeaux of Lake Arthur.

Friday and Saturday Mr. and Mrs. Gilford Miller and Cheryl visited Mr. and Mrs. Dudley Thibodeaux in Lake Arthur.

Mr. and Mrs. Mack Vincent of Lake Charles spent some time in their camp last week.

Lena Dupuis of L a k e Charles spent the weekend with Mr. and Mrs. Howard Dupuis.

Visiting Mr. and Mrs. Whitney Baccigalopi during the weekend were Mr. and Mrs. Bobbie Baccigalopi and family of Houston, Tex.

Miss Marilyn Miller of New Orleans s p e n t the weekend with her sister, Mrs. Emily Theriot.

Mr. and Mrs. Garner Nunez and family attended the Precht family reunion at the Prien Lake Park in Lake Charles Sunday.

Party planned for senior citizens here

Plans for a party of senior citizens of Cameron parish were made at the monthly meeting of Our Lady Star of the Sea Catholic Daughters.

The party will be co-sponsored by the Cameron United Methodist Women and will be held June 26 from 6 to 8 p.m. in the Cameron Catholic Center.

Entertainment will be provided, refreshments served and prizes awarded at the party.

A talk on prayer was given to the group by Msgr. Curtis Vidrine and a discussion was held on the joint installation of all court officers in the diocese at the Cathedral in Lafayette.

Mrs. Betty Savoie was appointed birthday c a k e chairman by Mrs. Adenise Trosclair, Grand R e g e n t. Phalia Saltzman was the winner of the birthday cake.

Mrs. Saltzman and Mrs. Ray Burleigh were hostesses for the meeting.

Strip paint

Remember to strip the old paint from antiques in the baby's room—from anything in the house, for that matter. Beautiful as that faded old red rocking horse is, it may be dangerous.

Paint used not too long ago contained lead, which is a deadly poison if eaten. Hundreds of children have become ill from tiny bits of lead-based paint chewed from a bed nail or an old painted toy. Children will chew on the most unlikely objects!

The dyes used to color old wallpaper were often poisonous. Green wallpaper, for example, often contained arsenate of copper. If you're living in an old house and one day decide to remove that old wallpaper, be sure to dispose of it—especially the lower layers—very carefully. Protect your child from lead paint poisoning.

21st. Year—No. 35 June 23, 1977 Cameron, La.

Hurricane Audrey was 20 years ago

Dr. and Mrs. Cecil Clark

Clarks honored for 25 years of service

Cameron parish is fortunate to have had the services of a family doctor like Dr. Cecil Clark for 25 years, a colleague of the physician said at a testimonal dinner for Dr. and Mrs. Clark Saturday night.

The dinner, given in recognition of the Clarks' silver anniversary of service to the parish, was held in the family center of Our Lady Star of the Sea Catholic Church in Cameron.

Dr. Eli Sorkow, a medical school classmate of Dr. Clark, spoke with great admiration for him and his achievements in the medical field, including his continuing studies to keep abreast of the newest techniques in medicine. Dr. Sorkow was introduced by Mrs. Ward Fontenot.

A trophy and plaques were presented to the Clarks with inscriptions commemorating their 25 years of service to the people of Cameron as a doctor and nurse.

Mrs. Adenise Trosclair read a proclamation from the Cameron Parish Police Jury naming June 18 as "Dr. and Mrs. C. W. Clark Day" in Cameron parish.

Remarks were given by Mrs. Jimmy Colligan, director of nurses at South Cameron Hospital; Mrs. Louise Cole, and Ray Burleigh.

Mrs. Ashburn Roux, who was Dr. Clark's very first maternity patient in Cameron, presented the doctor with a picture of the first baby he delivered, her daughter Jessie.

Charles Cole served as master of ceremonies and special music was provided by Sherron J. Lebine.

Msgr. Curtis Vidrine gave the opening prayer and the closing prayer was by Rev. R. B. House.

Election set in Hackberry

A special election to choose a new police juror for District 2 (Hackberry) will be held Saturday, June 25.

Candidates are Kenneth R. Ducote, Cities Service Oil C. employee, and Tommie L. Goodrich, Hackberry service station owner.

The election was called to fill the vacancy created when John R. Rollins resigned the jury post to accept the position of parishwide road superintendent.

George Hicks was appointed to temporarily fill the position until the election could be held. He is not a candidate for the post.

The next juror probably will be sworn into office next week.

A total of 1014 persons are registered to vote in the special election, according to Mrs. Jaye Jones, registrar of voters.

LeBleu's bill passed

Rep. Conway LeBleu of Cameron pushed two measures through Legislative committees last week pertaining to oystering and fishing.

Persons who dredge for oysters on reefs in the Cameron Parish section of Calcasieu Lake would be subject to stiff penalties under a measure approved by the senate Natural Resources Committee.

The Department of Wildlife and Fisheries has outlawed oyster dredging, but without HB1003 the department has no vehicle for the enforcement of the regulation.

LeBleu's measure would fine the violator a maximum of $500 for the first offense and confiscation of all vessels and equipment used in the dredging operation. A fine of up to $600 and revocation of the violator's commercial oyster fishing license would be imposed for a second conviction.

The Senate panel also okayed HB553 which prohibits the use of slat traps except in designated areas. The measure clears up contradicting laws on the state's books; one authorizes the use of slat traps, the other prohibits their usuage. LeBleu's measure would actually erase the provisior allowing the use of the traps.

Both of those bills now go to the full Senate for hearing.

Hackberry project told

Cities Service Co. officials in Tulsa said this wek a $15 million liquified petrolem gas (LPG) tanker unloading facility will be built at Hackberry.

The plant will be built on the Calcasieu River Ship Channel 4.5 miles from the Cities Service existing underground storage at Hackberry. officers of Cities' Service NGL Division of the Chemical Group said.

They said the project will give the company capability to unload and store imported propane and field grade butanes at 10,000 barrels an hour. Planned are a single berth dock to handle ships with 472,000 barrel capacity and maximum draft of 40 feet.

The project includes an adjacent terminal to receive the products. It also will have a 16-inch pipeline connecting the terminal with the underground storage 4.5 miles away.

Cities Service's underground storage will be expanded by drilling and washing of two one-million barrel storage wells. There will also be additional pumps and a new 700,000-barrel brine pond, the announcement said.

The company expects to begin receiving products at Hackberry in 1979. Others will be allowed to use the unloading, storage and transporation services.

Officials said the growing demand for imported liquified natural gas led to the decision to build. The operation will facilitate the movement of products into distributor and retail markets and to the company's refining and petrochemical complex at Lake Charles.

Channel monitored

The Cameron Parish Sheriff's Department now has a CB radio and is monitoring Channel 9 which is the emergency Channel.

More than 500 lost lives June 27, 1957

By GENEVA GRIFFITH

Monday, June 27, will mark the 20th anniversary of one of the worst disaster to ever strike the lower Cameron coast.

It was 20 years ago that Hurricane Audrey slammed into shore pushing a giant wall of water ahead of it, early Thursday morning.

526 people lost their lives in the storm when they were caught in the isolated area.

Hardly a household escaped the heartbreak of the disaster as friends and families were counted among the dead and missing.

Mrs Lucy Brown remembers with a sad heart the terrible hours that she huddled with 27 members of her family in the home of a brother as the giant waves lashed and hammered against the new home, then tearing it apart.

The family members grabbed for pieces of wood to float on like rafts.

She grabbed one with her mother on one hand and her infant baby in the other.

The board tilted, they all fell off and she managed to save her baby but lost sight of her mother, Mrs. Susan Moore, a woman past 80 years, and never saw her alive again.

Eight people out of the 27 in the home survived and ended up in the marsh in back of the Sacred Heart Catholic church, in Creole, to which they made their way when it became daylight, after enduring the night out in the marsh.

The old Bazile Moore home, though gutted and leaning a bit, still stands today near where it was knocked from its original foundation, to give mute testimony to the terible disaster, one of the few remaining scars to the countryside left from the disaster.

Mrs. Brown was born and grew up in the home and regrets the decision the family made to seek refuge in the newer home instead of remaining in her mother's home, where everyone would have been saved in the second story, which did not break up.

She doesn't know the exact age of the home, but knows it is approaching the century mark and that the late Jim Rutherford was the builder.

Mrs. Brown is worried about the unusually hot summer we are having this year because it recalls memories of that summer in 1957 which started out just that way.

The first hurricane of the season is slated to be called Anita and Mrs. Brown, along with all the residents of lower Cameron parish are hoping that if when this hurricane makes up, it will spare them, because they feel that one such hurricane in a lifetime is more than enough.

MRS. LUCY BROWN stands besides the remains of her family home which was damaged during Hurricane Audrey 20 years ago. The old home, located on the Front Ridge near Oak Grove, is one of the few remaining reminders of the savage storm that took more than 500 lives. [Photo by Geneva Griffith]

Lion of Year

CHARLES F. HEBERT presents "Lion of the Year" award to Ward Fontenot as Mrs. Fontenot looks on.

Fontenot named as Lion of the Year

By GENEVA GRIFFITH

Ward Fontenot was named "Lion of the Year" of the Cameron Lions Club at the annual ladies night banquet last Thursday night at the VFW Hall in Cameron.

Fontenot, a Cameron attorney and the outgoing president of the club, was cited for his many civic activities over the years in various organizations in Cameron parish.

Charles F. Hebert, last years recipient made the presentation and pointed out that Fontenot's father, Hadley, was the recipient of the very first "Lion of the Year" award in 1956.

Ray Stevens served as Master of Ceremonies and Robert E. Farley made the presentation of membership awards as follows: J. L. Derouen, Ray Dimas, E. J. Dronet, R. E. Farley, Ward Fontenot, Robert Fruge, Charles F. Hebert, Edwin Kelley, Floyd Kelley, Charles Perkins, Roland Primeaux, Rogers Sonnier, and Tom Steed, One-Year 100 percent Attendance Awards.

Edwin Kelley received a five-year 100 percent Attendance Award and Key Awards for obtaining two new members were presented to Braxton Blake, Robert Farley, Floyd Kelley, and Clifford Myers.

The Master Key Award for obtaining 12 new members was presented to James L. Derouen; and service awards went to: Leslie Richard, 30 years; James L. Derouen, 25 years; Edwin Kelley, 15 years; Garner Nunez, 15 yrs.; Earl Mouton, 10 yrs.; and William O. "Bill" Morris, 10 yrs.

Officers to serve for the coming year were installed by Past District Governor John Dixon of the Maplewood-Hollywood Lions club.

Officers are: Braxton Blake, president; Robert W. Fruge, 1st vice president; Charles R. Perkins, 2nd vice president; Floyd Kelley, 3rd vice president; Robert E. Farley, secretary-treasurer; Roland Primeaux, Lions Tamer; Ray Stevens, Tail Twister; Ray Dimas, James S. Henry, Jr., and Charles F. Hebert, James L. DeRouen, Rogers Sonnier, and Don Menard, board members.

The invocation was given by Rev. Jack Tanner, pastor of the First Baptist Church, and the benediction by Rev. Curtis Vidrine, pastor of Our Lady Star of the Sea Catholic Church.

The meal was served by members of the South Cameron Leo Club.

Horse show set Saturday

The annual Cameron Parish Junior Light Horse Show will be held Saturday, June 25 at the Nunez Arena in Creole. Rules and Regulations will be according to the ones used for the District and State Junior Light Horse Show.

Registration will be from 8:45 to 9:30 a.m. followed by halter classes and performance classes.

A point system will be used for scoring and for trophies. Points will be based on a percentage entry in a class.

Area agencies ready for future storms

By RICHARD UCHIDA
(Lake Charles American Press)

"The best offense is oftentimes a good defense" was the message delivered to emergency preparation groups in Southwest Louisiana by David Barnes, meteorologist-in-charge of the National Weather Service Station in New Orleans.

Barnes addressed the group at the Hurricane Preparedness Conference in the Emergency Operations Center of the Civil Defense Department in Lake Charles.

"The Gulf waters along the coast have gotten increasingly warmer," said Barnes, "This makes it more conducive to hurricane conditions."

"Between 1960 and 1970, the population has grown by 25 percent along the Atlantic and Gulf coasts. The battering effect of the storm surge that accompanies a hurricane will involve more and more people."

Barnes warned that a good sized storm surge could pose serious drowning and flooding problems as far as 30 miles inland in Southwestern Louisiana.

"Because of the low-lying areas," Barnes explained," and the shallow coastal water which allows the surge to get even larger off Louisiana, the danger posed to the coastal areas of the state makes Louisiana the most prone area in the nation," Barnes said.

Barnes felt that Louisiana has a good warning system for oncoming storms.

According to Barnes, every 30 minutes a satellite above the earth takes photos of the Gulf area and can pick up objects within a half-mile radius if necessary.

As the storm moves closer into the area, reconnaisance planes fly into it and measure barometric pressure, etc.

Then, as the storm nears the coast, radars-one of which is in Lake Charles-take over the tracking.

"But no matter how effective our tracking and warning systems are," said Barnes, "if people do not heed our warnings, they're no good."

Barnes said a major problem may be complacency among Gulf residents.

"One major factor is that a strom of serious proportion has not hit this area of the Gulf for about five or six years. The last major storm in the Cameron area, Audrey, was 20 years ago."

Herbert Courville, executive officer of State Police Troop D; discussed Troop D's role in the evacuation plan. He said Cameron can be evacuated in six hours with the help of troopers stationed at strategic intersections in the area.

"With the addition of new high-rise bridges, traffic out of Cameron will be able to move more quickly," said Courville.

"The only problem is the high winds. Those bridges become dangerous when hurricane force winds sweep across them."

Total State Police manpower for the evacuation would be 15 troopers in 12 units.

"They'll be there to help evacuees get out and keep sightseers away. It's strange because you get just as many sightseers who want in to see the storm as you do evacuees who want out."

On shore activities told

James S. Henry Jr., Cameron, has been named chairman of on-shore activities at the Cameron Parish Deep Sea Fishing rodeo in Cameron July 1-4.

Most activities will take place on the courthouse square at the Cameron recreation Center.

There will be street dances each night on the square and plenty of seafood and drinks served.

There will also be a dance on Saturday night and Sunday night at the Cameron Recreation Center at 9 p.m. with Ted Dupin and his band furnishing the music.

The rodeo's first official event will be the blessing of the fleet on the riverfront on Friday night at 6 p.m.

Help offered

Needy families of Cameron parish are invited to share in the benefits of the Food Stamp Program.

The purpose of the program is to raise the nutritional level among low-income households and also to aid persons having high medical expenses.

More information on an individual basis may be secured from the Food Stamp Office located in the basement of the Cameron parish courthouse. Hours are 8 a.m. to 4:30 p.m. Monday through Friday.

Correction

Mrs. Austin Duhon is retiring as a Cameron parish school employee instead of Mrs. Betty Duhon as it was incorrectly reported published last week.

A wrapup meeting of the rodeo board of directors was held Wednesday night in the Cameron Fire Station.

Ted Joanen, Larry McNeese, Guthrie Perry, and Evelyn and Lydia Francis were named as the official rodeo judges.

Another official rodeo headquarters was set up at the Crab Lady Landing in Big Lake and an official board will be set up there and tickets sold for the rodeo. The landing will also be in radio contact with the Cameron headquarters.

The trophies for the 3 day event will be presented to winners on Monday night, July 4, at the Rodeo Dock headquarters at Trosclair's Ice Company Dock in Cameron.

Two qualify

Two Cameron parish girls, who rode in the Louisiana High School Rodeo in Sulphur, have qualified to compete in the National High School Rodeo finals in Helena, Mont.

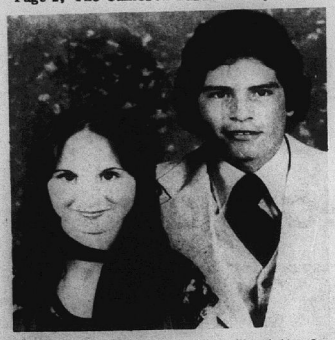
The girls are Beverly Cox of Sweetlake and Sandi Poole of Hackberry. Both will be competing in the goat tying event.

The national rodeo will be held August 15-21.

Record hop

The Record Hop of Cameron will perform for the first time Friday night, June 24, at the Johnson Bayou Recreation Center, from 7:30 to 10:30 p.m.

Admission is $1 per person and prizes will be given and contests held.



ENGAGED - Mr. and Mrs. Wadley Saltzman of Cameron announce the engagement of their daughter, Natalie Elane, to James L. Casanovas, Jr., son of Mr. and Mrs. James L. Casanovas, Sr. of DeRidder. The wedding will be held at Our Lady Star of the Sea Catholic Church in Cameron at 11 a.m., July 2. A reception will follow at the VFW hall. Friends and relatives are cordially invited.

Queen to be named at rodeo

A rodeo queen contest will be held during the July 4th Cameron Fishing Rodeo during the holiday weekend.

Mrs. Claude V. "Pete" McCall of Grand Chenier is chairman of the event which will be held on the Cameron courthouse square on Friday afternoon, July 1, at 8 p.m., following the blessing of the fleet ceremony.

The Rodeo Queen and the two runnersup will each receive cash prizes and the queen will receive a crown, trophy and roses and will reign over the 3 day event.

The contestants will be judged on poise, personality and general appearance in sportswear.

In order to compete the contestants must be single, ages 15 to 21, and must be residents of Cameron parish.

Entrants must submit their names, and ages to the Cameron Fishing Rodeo Queen contes, P. O. Box 95, Grand Chenier, La. 70643.

The deadline for entries is Thursday, June 30 and the girls must be prepared to meet with the judges at the Cameron Fire station on Friday, July 1, at 1 p.m. for an interview, dressed in the clothes they will wear in competion.

Other members of the queens committee are: Mrs. Richard Hebert, Mrs. Hattie Nunez, Mrs. Evelyn Francis, and Mrs. Carolyn Johnson.

JOINING THE TV SET— New home video games let everyone join the TV action.

Mrs. Leslie Prescott

Prescott-McGuire vows are said on June 11

United in marriage June 11 were Lari Lynn McGuire and John Leslie Prescott in a formal summer ceremony amidst yellow roses and candlelight.

The bride wore her mother's floor length gown of ivory peau de soir. The empire waistline was emphasized with Alecon lace embrodery and pearls. The train fell from mid-waist. The gown had a plain scoop meckline and long fitted sleeves. Her veil of illusion fell from a pearl tiara. The bride carried a bouquet of spring flowers.

The Rev. Roddy Bland performed the ceremony in the Aldergate Methodist Church. Attendants were maid of honor Shirley Fern and best man Tim Thomason; bridesmaids Cindy Hance and Lee McGuire and groomsmen Robert Morvant and Michael Prescott. Candle lighter were Troy McGuire and Gary Fern.

A reception at the church followed the ceremony.

The couple will be at home in Port Arthur after a wedding trip through Texas. The bride is the daughter of Mr. and Mrs. Larry McGuire of Port Arthur and the groom is the son of Mr. and Mrs. John Prescott of Johnson Bayou.

Baileys visit Hodges Gardens

John and Gari Bailey of Cameron were recent visitors to Hodges Gardens near Many. Of the many horticultural attractions in Louisiana's famous "Garden in the Forest," the Baileys enjoyed the two rose gardens and Rose Point by the lake the most. They were there during the peak of the spring rose blooming season.

Aging meeting

The Cameron Fellowship for the Aging will meet at the Catholic Hall in Cameron Sunday, June 26 at 6 p.m.

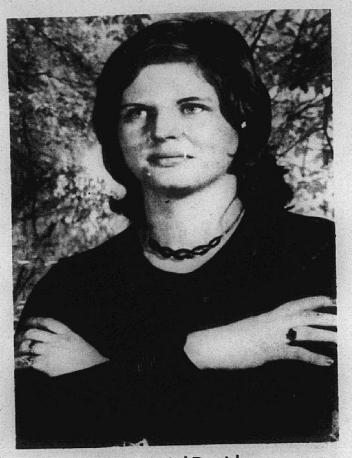
The Fellowship for the Aging is sponsored jointly by the Catholic Daughters of Our Lady Star of the Sea Catholic Church and the United Methodist Women of Wakefield Memorial United Methodist Church monthly for those who are are sixty Years and older, their wives and husbands.

The age factor is the only requirement for membership. Church relation, residence, race and other conditions do not prohibit membership.

The oldest person present will be recognized and given custody of a trophy cup until the next meeting of the Fellowship. There will be door prizes for one man and one woman in attendance. There will be a cake presented to someone who has a June birthday or a June wedding anniversary.

Refreshments will be provided. The Cameron Council on Aging will present information of importance to the group, and special entertainment is to be provided.

Everyone sixty and older, their wives and husbands, is invited to attend.



Mrs. Daniel Davidson

Marriage announced

Mr. and Mrs. Weldon Authement announce the marriage of their daughter, Vanessa, to Daniel J. Davidson, son of William Davidson of Abbeville, and the late Marie Davidson.

The couple were married at 7:30 p.m. Saturday, June 18, in their new home. Mrs. Thurmond Alexander performed the ceremony.

The bride is employed by Discount Food Center, Inc. where she is manager. The groom is employed by Oil Base, Inc., where he is superintendent.

Lest We Forget...

Aerial photo of downtown Cameron following Hurricane Audrey - 20 Years ago.

Monday, June 27 will be the 20th anniversary of Hurricane Audrey, the terrible storm that struck Cameron Parish on Thursday, June 27, 1957 leaving devastation and death in its wake.

The loss of so many friends and family -- more than 500 persons -- will always leave an empty place in our hearts. On this 20th anniversary let us all remember those beloved and gallant persons who are no longer with us.

Let us also give thanks to God for the almost unbelievable comeback that our parish has made since the storm--the new homes, businesses, schools, churches and public buildings. In the years since Audrey we have seen our parish grow and prosper and we can truly say "we have a wonderful place in which to live."

The Cameron State Bank, which was founded a few years after Audrey, is proud to have played a part in the rebuilding of Cameron Parish. We are also proud to serve a citizenry who have proven they are the hardiest, most hard working and most optimistic folks to be found anywhere.

You've come a long way since Hurricane Audrey, Cameron Parish, and we are proud of you.

Branches in Hackberry, Grand Lake - Sweetlake, Creole and Grand Chenier

GRAND CHENIER NEWS

Summer has arrived

By ELORA MONTIE

Summer arrived officially Tuesday but as evidenced by the temperatures into the 90's during June it had already come earlier.

Summer sights--folks enjoying outings at their camps and on the beach...charter fishing boat taking fishermen out into the Gulf...students off for camps.

FATHERS DAY

Fathers Day at the Chenier was well represented with families gathering at parents homes for old time barbecues after church Sunday.

HOMEMAKERS TO MEET

The Grand Chenier Extension Homemakers will hold their monthly meeting June 28 at 7 p.m. in the American Legion Hall.

New officers will be elected. Club members are reminded about the July 5 council meeting to be held in Creole at the W.O.W. hall.

NEW DAUGHTER

Mr. and Mrs. Louis Jerome Landry of Grand Chenier announce the birth of a daughter, Amy Michelle, June 3. She weighed 5 pounds.

Grandparents are: Mr. and Mrs. Sanders Miller of Grand Chenier and Mr. and Mrs. Jean Landry of Cameron. Great-grandparents are Mr. and Mrs. Dominic Miller of Grand Chenier.

Adam Swire purchased a 1977 Mercury.

ACCIDENT

Asa, son of Mr. and Mrs. Dudley Swire, was taken to Kaplan, hospital after his finger got caught in the belt of a well motor. He lost the first joint of the ring finger.

VISITORS

Mrs. Joy Christy and her special education class of DeRidder came on a field trip Wednesday through Grand Chenier. They began their trip on Holly Beach, and then came to the La. Wildlife Refuge. They had lunch with the Valin Theriot family here.

Coy Miller and Danny Armstrong are spending the summer here. Coy is at Mr. and Mrs. Watkin Millers' and Danny is at Mr. and Ms. Henry Roys'.

Mrs. Angel Conner of Creole spent the weekend with Mr. and Mrs. Gilford Miller and Cheryl and Mrs. Edmond Bertrand.

Dona and Ella Louise Booth were taken to Houston, Tex. last week by Earl Booth Sr. and Earl Booth Jr. where they went by plane to California. They were met there by Mrs. Corrine Granger and son Richard Wayne Granger. They will spend some time there and visit places of interest.

Mr. and Mrs. Evans Mhire and boys and Mr. and Mrs. Gilford Miller and Cheryl and Phillip Richard all of Grand Chenier spent some time at the Mhire farm in DeRidder last week.

Spending the weekend with Mr. and Mrs. Freddie Richard here were Mr. and Mrs. David Ball of Monroe.

Mrs. T. A. Davie of DeQuincy and her daughter Tommy Kay visited Mr. and Mrs. Earl Booth Jr. to help Earl Booth IV celebrate his first birthday.

Mrs. Bill Felter and granddaughter of Houston, Tex. and Mrs. Enes Bacciglaopi of Creole spent Saturday night with Mr. and Mrs. Charlie Theriot and Severin Miller in Grand Chenier.

Mr. and Mrs. Jimmie Savoie of Lake Charles visited on Grand Chenier after attending anniversary mass for Dennis Bonsall Saturday afternoon in Grand Chenier.

Mr. and Mrs. John Johnson and son Jayson visited in Grand Chenier with the Earl Booth Sr. family Saturday and Sunday.

County Agents Report

By CLIFFORD MYERS

The annual Rice Field Day will be held at the LSU Rice Experiment Station in Crowley, Thursday, July 14, and everyone interested in the rice industry is invited to attend. The program will begin at 9 a.m.

A tour of the experimental plots will begin the morning's activity. The tour will be followed by a panel discussion of important rice production practices. A barbecue lunch will be served at noon.

The afternoon session, presided over by Mr. M. D. Faulkner, Station Superintendent, will begin with John Denison, chairman, Louisiana Rice Research Board, Iowa, who will report on the progress of projects undertaken by the board during the past year.

Dr. J. Norman Efferson, Chancellor, Center for Agricultural Sciences and Rural Development, Louisiana State University, will discuss the 1977 rice outlook and market situation. Dr. Efferson, is an expert on international rice marketing.

Research workers appearing on the tour and their topics of discussion include Dr. R. M. Lawrence, LSU Agronomist, Soybean Research; Dr. M. C. Rush, LSU Plant Pathologist, Rice Disease Research; Dr. J. B. Baker, LSU Plant Pathologist, Rice Weed Control Research; Dr. W. O. McIlrath, LSU Agronomist, Rice Breeding Research; Dr. D. B. Mengel, LSU Agronomist, Rice Fertilization Research; and Mr. E. A. Sonnier, LSU Agronomist, Foundation Rice Seed Program.

Lewis Hill, LSU Extension Agronomist, will moderate the panel discussion. Those participating and the subject they will cover include Dr. I. L. McCormick LSU Extension Agronomist, Soybean Weed Control, Dr. Jack Bagent, LSU Extension Entomologist, Soybean Insect Control; and Mr. Lewis Hill, LSU Extension Agronomist, Rice Production Practices.

MR. AND MRS. Jerry G. Jones of Cameron who left this week for a tour of Europe, were honored Saturday night at a "Bon Voyage" party at the home of Mr. and Mrs. Glenn Alexander.

Hackberry News

By MRS. VERNIE WELCH

Returning last week from a vacation in Hawaii were Mr. and Mrs. Oscar Broussard, Mrs. Elma Courmier, Mrs. Faye Vincent and Kelli, Amy and Melanie Broussard, Mrs. Catherine Little, Kim LeBlanc and Karen Dominque, all of Hackberry.

Mrs. Delbert Sheffied and Cheryle have been visiting Mr. and Mrs. E. L. Ory (Jr.) in Lake Charles. Mrs. Ory is Mrs. Sheffield's sister.

Mr. and Mrs. Vernie Welch have returned from a two weeks vacation in Charleston, South Carolina where they visited Mrs. Welch's mother, Mrs. Maggie Braddock whose 82nd birthday was June 10. They also visited many other relatives.

LEO CLUB

The Hackberry Leo club met Thursday at the Hackberry Recreation Center. They elected new officers as follows: Joe Lejune, president; Christine Powers, vice-president; Gary East, tail twister; Lois Soirez, secretary; Danny Welch, treasurer.

The Leo club talked about washing houses and discussed plans for another car wash.

Softball games are being played at the Hackberry Recreation Center.

It's The Most!

NEWEST FASHION: Many women are piercing a second hole in one ear to hold a tiny diamond or flower-shaped stud placed above another earring. Since only one is worn, a single pair of studs can be shared.

SAFEST METAL: Platinum is considered the safest precious metal for jewelry, especially earrings, because it has no active properties to react in contact with human tissues. (It's used in cardiac pacemakers because it won't trigger the body's rejection mechanism.) It's allergy-free and never discolors the skin.

In China, at one period, there were 3,000 rules of conduct to be learned and obeyed.

4-Hers to go to meet

Louisiana will send 119 4-H boys and girls to Washington, D. C. this summer to participate in the Citizenship '77 leadership and citizenship program at the National 4-H Center.

The sessions will welcome nearly 6,000 4-H members from 44 states.

Attending from Cameron Parish are Joni Gray and Denise McCall.

According to Dr. C. J. Naquin, state leader for 4-H with the LSU Cooperative Extension Service, the weekplus living and learning experience in the nation's capital is designed to help young people from ages 14 to 19 understand the structure and function of our system of government, the heritage of our country's development, and the individual roles that citizens of all ages will play in our nation's future.

Using the nation's captial as a "classroom," Naquin notes that the program each week includes a day on Capitol Hill to meet with members of Congress and see government in action, and field trips to historical and cultural sites, including the Kennedy Center, Arlington Cemetery, the National Cathedral, the Beltsville Agricultural Research Station, the Mall area, the White House, Mt. Vernon and Alexandria, Va. In seminar sessions at the National 4-H Center, the young people will discuss elements of citizenship and ways in which skills and knowledge gained during the week can be applied to 4-H programs when they return home.

TO HELP PAY THEIR WAY through school, veterans will be given money by the government.

People who enlist in the Marine Corps can participate in a new Veterans Educational Assistance Program in which they contribute between $50 and $75 each month to a special fund for their future education. The U.S. government adds double that amount, so that someone paying $50 a month gets $100 a month from the government for a total benefit over the 3 years of $5400.

With benefits like these, it would appear that it pays for veterans to go to school in more ways than ever.

Superintendent
Run: June 13, 23, 30, July 7, 14, 21, 28

NOTICE
TO
CONTRACTORS

Sealed proposals will be received by the Board of Commissioners of Water. works District No. 7 of Cameron Parish, La., until 6:00 p.m., CST, on the 20th day of July, 1977, for the drilling and constructing of one deep water well and the furnishing and installing of one deep well pumping unit. The proposals will be opened and read publicly at the appointed hour at Creole K. C. Hall, Creole, La.

All bids must be made on the proposal form which is attached to the specifications, and is not to be separated therefrom.

Specifications are on file and may be examined at the office of Mr. Dan Dupont, Water Superintendent, Court House, Cameron, La., and at the office of Frederick E. Smith, Consulting Engineer, Sulphur, La. Copies of the specifications and bid form may be obtained by Contractors from Frederick E. Smith, Consulting Engineer, 1514 Wisteria Lane, Sulphur, La. 70663, upon deposit of $35.00, which deposit will be refunded to each actual bidder.

Each bid must be accompanied by bid guarantee in the form of bid bond, certified or cashier's check, in the amount of five percent of the total amount of bid.

No bid may be withdrawn after the scheduled closing time for receipt of bids until a period of thirty days has elapsed.

The undersigned reserves the right to reject any or all bids and to waive informalities.

WATERWORKS DISTRICT NO. 7 OF THE PARISH OF CAMERON, LA.
BY: Fredman Theriot,
Chairman
Run: June 23, 30, July 7

NOTICE OF PUBLICATION
CAMERON PARISH
SCHOOL BOARD

By virtue of and in conformity with the provisions of Section 151 through 158 of Title 30 of the Louisiana Revised Statutes of 1950, as amended, sealed bids will be received in the Office of the Cameron Parish School Board in Cameron, Louisiana, on or before the eleventh (11th) day of July 1977, at 10:00 a.m. at which time all bids received will be opened by the Cameron Parish School Board, for a lease covering the oil, gas, sulphur, potash and or other liquid gaseous hydrocarbon and mineral rights in, to, and under the following described property:

The North One-Half (N 1/2) of Section 16, Township 14 South, Range 5 West, of Cameron Parish.

All bids are to offer a cash bonus in the lease having a primary term which shall not exceed three years. Minimum royalties shall be one-fourth (1/4) of all oil and gas produced and saved; two dollars ($2.00) per long ton for sulphur produced and saved; twenty cents ($.20) per ton for potash produced and saved; one-fourth (1/4) of all other minerals produced and saved.

Any lease granted hereunder shall be on the regular current State Agency form and shall be subject to the approval of the State Mineral Board. Certified check, Bank Money Order, or Cashier's check, payable to the Cameron Parish School Board for the full amount of the bonus, shall accompany and be submitted with each bid; and no bid thus submitted may be thereafter withdrawn or cancelled; and the cash bonus accompanying the bid of the successful bidder shall be forfeited to the Cameron Parish School Board should he not return the written lease, duly executed, within twenty (20) days after his receipt of the same.

The Cameron Parish School Board reserves the right to reject any and all bids and to grant a lease on any portion of the tract advertised for a price not less than proportionate to the best bid offered for the lease on the entire tract.

NOTICE OF PUBLICATION
OFFICE OF
MINERAL RESOURCES
ON BEHALF OF THE
STATE MINERAL BOARD
FOR THE
STATE OF LOUISIANA
BATON ROUGE, LOUISIANA
70821

By virtue of and in conformity with the provisions of Chapter 2, Title 30 of the Louisiana Revised Statutes of 1950, as amended, sealed bids will be received in the Office of Mineral Resources, State Land and Natural Resources Building, Baton Rouge, Louisiana, on or before the 13th day of July, 1977, at 1:00 P.M., for a lease to explore, drill, mine for and produce oil, gas and any other liquid or gaseous hydrocarbon minerals, sulphur and potash in and on the following described tracts (Tract Nos. 14497 through 14498), at which time and place the bids will be opened publicly in the State Land and Natural Resources Building, Capitol Complex, Baton Rouge, Louisiana.

TRACT 14497 — PORTION OF BLOCK 10, WEST CAMERON AREA, REVISED, Cameron Parish, Louisiana — All that portion of Block 10, West Cameron Area, Revised, Cameron Parish, Louisiana, belonging to the State of Louisiana, and under mineral lease on April 21, 1977, described as follows: Beginning at the Northwest corner of Block 10, West Cameron Area, Revised, having Lambert Plane Coordinates of X = 1,288,145.376 and Y = 403,746.45; thence Easterly to a point having Lambert Plane Coordinates of X = 1,288,145.376 and Y = 403,746.45; thence Northeasterly to a point having Lambert Plane Coordinates of X = 1,286,154 and Y = 403,467; thence Northeasterly to the point of beginning, estimated to contain approximately 139.00 acres, as shown outlined in red on a plat on file in the Office of the Secretary, Department of Natural Resources. All bearings are based on Louisiana Lambert Plane Coordinate System (South Zone).

TRACT 14498 — PORTION OF BLOCK 10, WEST CAMERON AREA, REVISED, Cameron Parish, Louisiana — All that portion of Block 10, West Cameron Area, Revised, Cameron Parish, Louisiana, belonging to the State of Louisiana, and under mineral lease on April 21, 1977, described as follows: Beginning at the Northwest corner of Block 10, West Cameron Area, Revised, having Lambert Plane Coordinates of X = 1,288,145.376 and Y = 403,746.45; thence Easterly to a point having Lambert Plane Coordinates of X = 1,290,445.376 and Y = 404,097.28; thence South 1,970.17 feet to a point having Lambert Plane Coordinates of X = 1,290,445.376 and Y = 402,127.61; thence West 2,300.00 feet to a point on the West line of said Block 10, having Lambert Plane Coordinates of X = 1,288,145.376 and Y = 402,127.61; thence North 1,619.34 feet to the point of beginning, estimated to contain approximately 103.00 acres, as shown outlined in red on a plat on file in the Office of the Secretary, Department of Natural Resources. All bearings are based on Louisiana Lambert Plane Coordinate System (South Zone).

All bids to offer a cash bonus for a lease having a primary term which shall not exceed five years and granted without any warranty of title or recourse by lessor whatsoever, either expressed or implied, nor shall any rental or sum or any payments received under the lease or being otherwise responsible to lessee. Minimum royalties shall be one-eighth (1/8th) of all oil produced and saved, one-eighth (1/8th) of all gas produced and saved or utilized, one-eighth (1/8th) or the value per ton when marketed on sulphur produced and saved, but not less than two dollars ($2.00) per long ton; one-eighth (1/8th) of the value per ton when marketed on potash produced and saved, but not less than ten cents (10¢) per ton; one-eighth (1/8th) of all other liquid or gaseous hydrocarbon minerals produced and saved.

The minimum royalties above values are not to be construed as being acceptable to the Board, it being the policy of the Board to reject any bid which does not reflect true potential. The Board considers bonus, royalty percentage, and also compares royalty with that granted by landowners in the area. The Board also reserves its right to accept any bid that reflects true potential and satisfies the minimum royalty requirements of R.S. 30:127, as amended.

All leases awarded shall be executed upon terms and conditions provided in the current State lease form with all applicable rights appended thereto, including but not limited to provisions as follows: Should lessee fail to begin the actual drilling (spudding in) of a well on the lease premises within one year from the date of the lease, the lease shall terminate as to both parties to the lease, unless on or before such anniversary date, lessee shall pay a delay rental (which shall in no event be less than one-half of the bonus offered), which shall defer for the privilege of deferring drilling operations for a period of one year. Upon like payments annually, drilling operations may be further deferred for successive periods of one year each during the primary term of five years. The lease shall provide for the drilling of offset wells where necessary to protect the State's interest and shall contain the provisions against the assignment or sublease of the lease unless approved by the State Mineral Board. The lease shall have the right to enter into pooling or unitization agreements with respect to development of the leased premises subject to the approval of the State Mineral Board.

Certified check, cashier's check or bank money order payable to the SECRETARY, DEPARTMENT OF NATURAL RESOURCES, as successor to the Register, State Land Office, shall accompany and be submitted with each bid, and no bid thus submitted may be thereafter withdrawn or cancelled and the certified check, cashier's check or bank money order accompanying the bid of the successful bidder shall be immediately negotiated by the SECRETARY, DEPARTMENT OF NATURAL RESOURCES, as successor to the Register, State Land Office, for the full amount of the cash bonus, shall accompany and be submitted with each bid, and no bid thus subscribed may be thereafter withdrawn or cancelled; and the cash bonus accompanying the bid of the successful bidder shall be forfeited to the State Mineral Board should he not return the written lease, duly executed, within twenty (20) days after his receipt of the same.

The State Mineral Board reserves the right to reject any and all bids or to grant a lease on any portion of the tract advertised and to withdraw the remainder of the tract.

OFFICE OF MINERAL RESOURCES ON BEHALF OF THE STATE MINERAL BOARD FOR THE STATE OF LOUISIANA

Published in the Baton Rouge "State-Times" on June 15, June 22 and June 29, 1977, and the Official Journal of the Parishes in which the property is located

NOTICE OF PUBLICATION
OFFICE OF
MINERAL RESOURCES
ON BEHALF OF THE
STATE MINERAL BOARD
FOR THE
STATE OF LOUISIANA
BATON ROUGE, LOUISIANA
70821

By virtue of and in conformity with the provisions of Chapter 2, Title 30 of the Louisiana Revised Statutes of 1950, as amended, sealed bids will be received in the Office of Mineral Resources, State Land and Natural Resources Building, Baton Rouge, Louisiana, on or before the 13th day of July, 1977, at 1:00 P.M., for a lease to explore, drill or mine for and produce oil, gas and any other liquid or gaseous hydrocarbon minerals, sulphur and potash in and on the following described tracts (Tract Nos. 14499 through 14503), at which time and date the bids will be opened publicly in the State Land and Natural Resources Building, Baton Rouge, Louisiana. The descriptions of said tracts are more particularly set out below.

TRACT 14499 — Cameron Parish, Louisiana — All lands, water bottoms and minerals (except tax sales) owned by and not under lands under lease of mineral leases from Office of Mineral Resources on April 21, 1977, situated in Cameron Parish, Louisiana, and within the following described boundaries: Beginning at the Northeast corner of Block 11, West Cameron Area, Revised, having Lambert Plane Coordinates of X = 1,288,145.376, certified check, a Lambert Plane Coordinates of X = 1,288,145.376 and Y = 403,746.45; thence North 2,000.00 feet along a North projection of the East line of said Block 11 to a point having Lambert Plane Coordinates of X = 1,288,145.376 and Y = 405,746.45; thence West 2,300.00 feet to a point having Lambert Plane Coordinates of X = 1,286,154 and Y = 403,467; thence Northeasterly to the point of beginning, estimated to contain approximately 62 acres, as shown outlined in red on a plat on file in the Office of the Secretary, Department of Natural Resources. All bearings are based on Louisiana Lambert Plane Coordinate System (South Zone).

TRACT 14507 — Cameron Parish, Louisiana — All of the lands now or formerly constituting the beds and bottoms of all water bodies of every nature and description and all islands and other lands formed by accretion or reliction, and all lands, waters and beds under mineral lease from the State of Louisiana on February 16, 1977, situated in Cameron Parish, Louisiana, within the following described boundaries: Beginning at a point having Lambert Plane Coordinates of X = 1,533,637.80 and Y = 448,694.93; thence Southwesterly to a point having Lambert Plane Coordinates of X = 1,529,527.80 and Y = 446,494.93; thence North 6,200.00 feet; thence East 4,100.00 feet; thence South 4,000.00 feet to the point of beginning, estimated to contain approximately 373 acres, as shown outlined in red on a plat on file in the Office of the Secretary, Department of Natural Resources. All bearings are based on Louisiana Lambert Plane Coordinate System (South Zone).

All bids to offer a cash bonus for a lease having a primary term which shall not exceed three years and shall not exceed any warranty of granted without any warranty of title or recourse by lessor whatsoever, either expressed or implied, nor shall any rental or sum or any payments received under the lease or being otherwise responsible to lessee. Minimum royalties shall be one-eighth (1/8th) of all oil produced and saved; one-eighth (1/8th) of all gas produced and saved or utilized, one-eighth (1/8th) or the value per ton when marketed on sulphur produced and saved, but not less than two dollars ($2.00) per long ton; one-eighth (1/8th) of the value per ton when marketed on potash produced and saved, but not less than ten cents (10¢) per ton; one-eighth (1/8th) of all other liquid or gaseous hydrocarbon minerals produced and saved.

The minimum royalties above values are not to be construed as being acceptable to the Board, it being the policy of the Board to reject any bid which does not reflect true potential. The Board considers bonus, royalty percentage, and also compares royalty with that granted by landowners in the area. In the exercise of its discretion, the Board also reserves its right to accept any bid that reflects true potential and satisfies the minimum royalty requirements of R.S. 30:127, as amended.

All leases awarded shall be executed upon terms and conditions provided in the current State lease form with all applicable rights appended thereto, including but not limited to provisions as follows: Should lessee fail to begin the actual drilling (spudding in) of a well on the lease premises within one year from the date of the lease, the lease shall terminate as to both parties to the lease, unless on or before such anniversary date, lessee shall pay a delay rental (which shall in no event be less than one-half of the bonus offered), which shall defer for the privilege of deferring drilling operations for a period of one year. Upon like payments annually, drilling operations may be further deferred for successive periods of one year each during the primary term of five years. The lease shall provide for the drilling of offset wells where necessary to protect the State's interest and shall contain the provisions against the assignment or sublease of the lease unless approved by the State Mineral Board. The lease shall have the right to enter into pooling or unitization agreements with respect to development of the leased premises subject to the approval of the State Mineral Board.

Certified check, Cashier's check or bank money order payable to the SECRETARY, DEPARTMENT OF NATURAL RESOURCES, as successor to the Register, State Land Office, shall accompany and be submitted with each bid, and no bid thus submitted may be thereafter withdrawn or cancelled and the certified check, cashier's check or bank money order accompanying the bid of the successful bidder shall be immediately negotiated by the SECRETARY, DEPARTMENT OF NATURAL RESOURCES, as successor to the Register, State Land Office, for the full amount of the cash bonus, shall accompany and be submitted with each bid, and no bid thus subscribed may be thereafter withdrawn or cancelled; and the cash bonus accompanying the bid of the successful bidder shall be forfeited to the State Mineral Board should he not return the written lease, duly executed, within twenty (20) days after his receipt of the same.

The State Mineral Board reserves the right to reject any and all bids or to grant a lease on any portion of the tract advertised and to withdraw the remainder of the tract.

Church bazaar

St. Eugene Catholic church of Grand Chenier will hold a bazaar on Sunday, June 26 at the Grand Chenier State Park.

The bazaar, which will start at 10 a.m., will include trophy boat races, barbecue dinner, cake auctions, and a $2,000 cash prize raffle.

Registration for the boat races will start at 10 a.m. and will include competition for boats ranging from 20 h.p. to 50 h.p. and up with any type of motor.

Trophies will be awarded for first, second and third places in each race. based on a point system for two heats in each race.

Serving of the dinner will begin at 11 a.m. at $2.50 per plate.

Other highlights of the day will be an amateur skiing contest, a country corner stand, and sale of potted plants.

Cajun music will be featured throughout the day. The public is cordially invited to come out and take part in the fun.

Puzzles given

A good selection of jigsaw puzzles ranging in difficulty from moderate to very hard are now available at the Cameron Parish Library. Donated by Mrs. Frankie Henry, they may be checked out or patrons may work on them in the Library.

21st Year--No. 36 June 30, 1977 Cameron, La.

Fishing rodeo to begin

By GENEVA GRIFFITH

The Blessing of the Fleet at 6 p.m. Friday, July 1 will kick off a full weekend of festivities in Cameron during the Cameron Parish July 4 Fishing Rodeo.

The blessing will take place on the Trosclair Ice Co. dock on the Calcasieu river, with Msgr. Curtis Vidrine blessing each boat as it passes in review.

Trophies will be awarded for the best decorated boats in each division, which includes commercial and sports fishing boats.

The parade of boats will be lead by Dr. Frank Savoy, the Commadore of the 1977 Fleet, following by Sheriff Claude Eagleson's escort boat.

The 1977 Rodeo Queen will be selected at 8 p.m. on a stage set up on the Cameron courthouse square.

This will be followed by a street dance and another dance at the Cameron Recreation Center.

Mrs. Claude V. (Pete) McCall is in charge of the rodeo queen contest. Overall chairman of the rodeo is Ray Burleigh, president of the Cameron Parish Fishing Rodeo Association.

The chairman of the On-Shore activities is James S. (Jimbo) Henry and most of these activities will center around the Cameron Courthouse Square. He will be assisted by Mrs. Richard Hebert, Mrs. Hattie Nunez, Mrs. Evelyn Francis, and Mrs. Carolyn Johnson.

There will be shrimp and crab boils, fish-frys and a contest round of activities during the day. There will be a carnival during the whole weekend, mini-bike and go-cart races and many other events.

The official weigh-in headquarters is at Trosclair Ice Co. dock and the official weighmasters are Guthrie Perry and Ted Joanen, biologists with Rockefeller Wildlife Refuge, and Miss Lydia Francis and Mrs. Evelyn Francis.

Other sub-stations will be set up at the Grand Chenier State Park and at the Crab Lady landing in Big Lake, where sign boards will be posted so fishermen can keep abreast of official scores in Cameron with which constant radio contact will be kept.

Fish coming into Grand Chenier and Big Lake docks will be tagged, but must be brought to the official weight station in Cameron to be eligible for prizes.

A daily champion fisherman prize will be awarded, in addition to overal prizes.

Grid camp

NORTHWESTERN State University head football coach A. L. Williams [center] gives a few words of instruction to two high school football players during the annual NSU Football Camp on the campus. The players are Paul Grady [left] of South Cameron and Neal Maricelli of Merryville.

JOANIE J. CONSTANCE, daughter of Mr. and Mrs. John T. Constance of Johnson Bayou, was named Little Miss Cameron Charm of Cameron Parish at a program held Saturday, May 28. She received a trophy. She also won a trophy for sportswear.

Ducote is winner in police jury election

Only 38 votes separated the winner from the loser as District 2 (Hackberry) elected a new police juror Saturday.

Kenneth R. Ducote was the winner with 385 votes, 52.6 percent of the votes cast. His opponent, Tommie L. Goodrich, received 347 votes or 47.4 percent of the total.

Ducote, who is a Cities Service Oil Co. employee, is expected to take his oath of office within the next few days. However his commission from the Governor may not arrive in time for him to be seated for the July 5 regular jury meeting.

Ducote will succeed George Hicks in the District 2 juror post. Hicks was appointed to the position several months ago when John R. Rollins, juror for the past two years, resigned to accept the parishwide road superintendent's position.

A total of 732 persons or 72 percent of those registered in District 2 voted in the election Saturday.

Mrs. Yvonne Mhire

Mrs. Mhire is promoted here

Mrs. Yvonne Mhire has been named operations officer at the Cameron Branch of the Calcasieu Marine National Bank, according to Allen J. Rhorer, president.

Mrs. Mhire, who is married to Wendell Mhire, has been with the Calcasieu Marine since April of 1965 and has held positions of bookkeeper, proof operator, teller. She worked in the general ledger department and in the note department before her promotion.

1977 proving to be good shrimping year

The spring season for inside trawling in Zone 2 will close at midnight July 4, according to the Louisiana Department of Wildlife and Fisheries. It will re-open state-wide August 15, the third Monday in August as set by law.

J. Burton Angelle, secretary of the department, said that inside trawling in Zones 1 and 3 is scheduled to close at midnight July 18.

Angelle said that Zone 2 is that coastal area lying between the Mississippi River and the west side of Vermilion Bay. Zone 3 is that portion of the coast from the west side of Vermilion Bay to the Texas state line. Zone 1 is that portion of the coast east of the Mississippi River to the Mississippi state line.

He said that commercial shrimpers had taken well over 13 million pounds of shrimp (heads off) in May of this year, as compared with 10 million pounds in 1976, approximately five and a half-million pounds in 1975, five million pounds in 1974, and three million pounds in May 1973.

These figures represent total landings by offshore as well as inside trawlers. Zone 2 for inside trawlers opened May 16 and Zones 1 and 3 opened May 30.

June is proving to be a strong month for production, Angelle added, and the available figures for May do not include large catches by recreational and non-commercial shrimpers.

It should prove that 1977 will turn out to be one of the better years for shrimp, he concluded.

Pool closed

The Cameron swimming pool will be closed this weekend, beginning at 4:30 p.m. Friday, July 1 through Monday, July 4.

The pool will reopen Tuesday, July 5 at 9 a.m. with Tuesday mornings reserved as "ladies mornings", according to Warner Daigle, Director.

Trapping season

The department of wildlife and fisheries announced that the trapping season for 1977-78 would be the same as the 1976-77 season, opening Dec. 1 and extending through Feb. 28.

J. Burton Angelle, secretary of the department, said that taking of nutria, muskrat, beaver, bobcat, coyote, fox, mink, opossum, otter, raccoon, ring-tailed cat, and skunk would be on a uniform statewide basis.

Bank to hold open houses

Open houses will be held in the near future at both the Grand Chenier and Creole branches of the Cameron State Bank, according to E. J. Dronet, president.

Both branches were recently remodeled with new drive-in windows added, additional teller stations added, safety deposit boxes installed and lobbies made larger.

The Grand Chenier branch open house will be held from 10 a.m. to noon, Tuesday, July 12. Residents of the area are invited to begin registering now for door prizes and there will be refreshments and favors for all.

The date on the Creole open house will be announced later.

Banks closed

The Cameron State Bank and all its branches and the Cameron branch of the Calcasieu Marine National Bank all will be closed Monday in observance of the Fourth of July holiday.

Burglary and theft charged

Burglary and theft were involved in a number of cases heard in district court here last Thursday.

Rodney Leroy Kittner pled guilty to burglary and theft and sentencing was set for Aug. 25.

Earl Anthon DeSadier, Randy Marshal and Thomas A. Moseley pled guilty to similar charges and their sentencing was also set for Agu. 25.

Zane West pled not guilty to burglary and theft and his trial was set for Oct. 24.

Harold L. Comeaux pled not guilty to burglary and theft and his trial was set for Sept. 8.

John C. Comeaux will appear on June 30 for arraignment on burglary and theft.

Horace Lynn Perkins is due to be arraigned June 30 on burgulary, theft and simple damage to property.

Carlyle Crawford pled guilty to two charges of theft, and was given a 45 day sentence with all but time served suspended.

Marilyn Ann Mouton pled guilty to possession of marijuana and was given a $250 fine and put on a year's probation.

William Scott Fuller pled guilty to DWI and was finded $250 and instructed to attend the class in alcoholic studies at McNeese.

George Ladday, Jr. was fined $250 or 30 days for DWI.

Paul Northern's bond for DWI was forfeited.

Hurricane mobile home preparedness urged

The official hurricane season began June 1 and mobile home owners should have prearranged plans ready in the event a hurricane strikes, says the Insurance Information Institute.

The National Hurricane Center in Miami, the Institute notes, says that chances for a hurricane hitting the Gulf Coast are as good in 1977 as in any other year. No system exists for predicting hurricanes; so it is important that mobile home owners be prepared all year round.

First, says the Institute, every mobile home should be secured by an anchorage system or tie-down. Tie-downs are designed to secure mobile homes against extensive damage and may be made from such readily available materials as aircraft cable or metal straps, turnbuckles and ground anchors.

Check your insurance policy to find out if you are fully covered in the event of a storm. If you are unsure, contact your insurance agent and review your coverage.

When a hurricane warning is issued, mobile home owners should:

Pack all breakables.

Tape all windows.

Disconnect electrical, sewer and water lines.

Listen to the radio for information and instructions from local authorities.

Open faucets so water will drain out. Leave faucets open.

Seek shelter elsewhere.

The Institute emphasizes that even though their mobile homes may be well-anchored, homeowners should quickly seek other shelter when warned of an approaching hurricane.

Lions have own official pin

The Cameron Lions club now has its own official club pin which club members can wear and exchange with members from other clubs.

It was designed by Robert "Bob" Farley, secretary-treasurer of the local club.

He stated that the idea for the design came from the Cameron Centennial emblem and the desire to create something unique for the club members to have to exchange with clubs everywhere.

The very colorful pin is shaped like a ship's wheel with symbols between each spoke depicting phases of Cameron's economy, such as the flying duck, fish, cattle, pogy, shrimp, oilwell, and rice shock.

The letter C, for Cameron forms a rim on the outside which is inscribed "Cameron Lions Club, Louisiana."

The Lions emblem forms the center of the spoke.

C.D. meetings

Civil Defense meetings will beheld at the Grand Lake high school Monday, July 11 at 8 ap.m. and at Johnson Bayou high school Wednesday, July 13 at 6 p.m., according to Pete Picou, parish CD coordinator. Everyone interested in assisting with Civil Defense, including hurricane preparedness, are invited to attend.

Tennis anyone?

Warner Daigle, director of the Cameron summer recreation program, announced that all men interested in the local doubles tennis tournament to be held July 8-10 should be at the Cameron tennis courts Wednesday, July 6, at 5 p.m. for times and parings.

Visit returned to Belgian couple

By GENEVA GRIFFITH

In March the Cameron CODOFIL chapter was priviledged to sponsor a concert given by the Belgium choir "Chante-Cite" which was making a tour of Acadiana under the auspices of the state CODOFIL and the Belgium Government.

The 37 member group was made up of professional people from little towns and hamlets from around Mons, Belgium.

The group has been organized for around 15 years and sings native songs of their country in addition to the newest of pop songs.

Recently, a group of journalists, including this reporter, were priviledged to visit Mons, Belgium, as guests of the Belgium government and the local news media.

Their official hosts and guides during the stay in the Province were members of the "Chante-Cite" choir who received the Louisiana visitors in their homes where they were able to enter into the community and social life of the families.

Alain and Martine Ruelle served as the hosts for this reporter and Mrs. Grace Graugnard of St. James, La. and returned the courtesy they had enjoyed on their trip to Cameron parish earlier.

The young couple had left their infant daughter with their parents when they made the concert tour to Louisiana.

Mr. Ruelle is a pharmacist and works for one of the largest pharmacentical houses in Belgium. In Belgium no patent medicines are sold from the shelves and must be given out by prescription only.

The pharmacists in Belgium do more, really, than in America, rather close to being a doctor, as they make some decisions on prescriptions themselves and can write for those they make determinations on.

Mrs. Ruelle is a medical secretary for a pediatric clinic, by trade, but has not worked since the birth of her child.

Their home is located in the same building as the pharmacy and is a lovely old house which features leaded stained glass windows and a marble staircase for the three storied home.

They, as well as the other members of their group, which included doctors, lawyers, teachers, and other professionals had taken their vacations from their work in order to visit America.

They had also secured books on Louisiana and studied the history and customs of the country so they would be well versed on the area when they came.

They were impressed with the open area, the Gulf of Mexico, and the openness and friendliness of the "Cajun" people in Acadiana.

The local journalists had done the same and were received throughout the area in receptions given by local, area, and state officials.

Tours were made to the SHAPE headquarters, the officials seats of government, many of the very old cathedrals and to one of the famous parades in which the famous "Gilles" participated.

Lasting friendships were made and all choir members who had visited Cameron parish were anxious to hear about their hosts who kept them in their homes during their visit here.

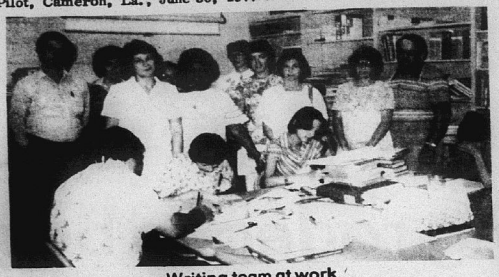
Math packs revised by team

A 14-member writing team led by Pearl Leach, is revising the personalized learning packets to be used in the teaching of math in Cameron Parish.

The idea was presented to the School Board following a community survey by Superintendent U. W. Dickerson and Federal Funds Director, Orrie Canik. The board agreed to supply the writing team with a work area in Cameron Elementary School. Funds were provided for the program by ESEA Federal Funds Title IV, Part C.

Special consideration has been given to determine which skills and concepts should be mastered on each level from grades K-7. The project was field tested in Hackberry Elementary School during the last school year.



Writing team at work

The teachers and students involved in this program were pleased with the positive results of the learning experiences that were derived from the use of these packets. The high interest created by this project has enabled the parish to plan a similar project for grades 8-12.

The following people were involved in the program:

Annette Ballard and Mildred LaPoint, Consultants; Ruth Billedeaux, Ginger Boudreaux, Josie Boudreaux, Adam Conner, Yolanda Conner, Marsha Corbello, Ann Gray, Robert Henry, Barbara January, Judith Jones, Glenn Sanchez, Delmus Hebert, Pearl Leach, Roselyn LeMaire, Lois Marcantel, Karen Miller, Sandra Miller, Kenneth Nunez, Jr., Elougia S. Richard, Roxanne Richard, Carolyn Sharp, Pat Vaughan and Pam LeFleur.

THE 1977 Shortcourse Winners from Cameron Parish and Agents are shown above. Top: left, David Vaughan, Mike Vaughan, Gary Wicke 4-H Agent, Shane Jouett, Denise McCall, Cindy Nunez; Bottom: left, Blaine Johnson, Shari Beard, Renee Boudreaux, Charlotte Bertrand, Home Economist Agent and Thomas McCall.

State 4-H winners announced

The annual State 4-H Short Course was held June 21-24 at L.S.U. in Baton Roube. Representing Cameron Parish in the state contest were Senior 4-H members from throughout the Parish.

The Blue Ribbon winners from Cameron Parish were : Renee Boudreaux, South Cameron High, child development; Shane Jouett, South Cameron, sheep shearing; Shari Beard, Grand Lake, rice demonstration; Poultry Team of David Vaughan, Blaine Johnson and Mike Vaughan of Hackberry, and the meat identification team of Denise McCall, Cindy Nunez and Thomas McCall, South Cameron High.

Also attended the State Contest: Kenneth Fontenot, Grand Lake, automotive care; Jeffery Jouett and Brain Theriot, South Cameron High, boys general demonstration; Beth Greathouse, Jolene LaBove and Sandy LaBove of Grand Lake and Penny Baley of Hackberry, dress revue.

Therese Powers of Hackberry, food preservation; Christine Powers of Hackberry, home management; Christine Chesson and Tina Demarest of Grand Lake, girls general demonstration; Todd Montie, South Cameron High, boys good grooming.

Betty Dugas, Grand Lake, girls good grooming.

Livestock Judging Team, Steve Trahan, Julie Trahan and Bob Savoie, Anita Stamm and Mary Manuel, Grand Lake 4-H, NJHA Use and Marketing Demonstration; Terry Buford and Rosalind Crain, NJHA Judging.

Joni Gray, Girls Public Speaking; Mike Prescott, Johnson Bayou, Boys Public Speaking; and Mike Beard of Grand Lake 4-H in tractor driving.

A PARTY DESSERT

For a festive, company dessert, try this spectacular Apricot Cream Bavarian, which is sure to make a hit with your friends.

This dessert has an airy, creamy texture with a subtle apricot flavor and a touch of almond. It's a refreshing dessert and will help to spark your menu.

Garnish with whipped cream and sliced almonds and serve with FANCY DIP Grahams and Striped Shortbread, a delicious accent for this dessert.

APRICOT CREAM BAVARIAN

1 (17-ounce) can apricot halves
1 envelope unflavored gelatine
1/2 cup granulated sugar
Dash salt
2 eggs, separated
3/4 cup milk
1/4 teaspoon almond extract
1 cup heavy cream, whipped
Sliced almonds, optional
FANCY DIP Grahams Striped Shortbread

Drain apricots, reserving 1/3 cup liquid. Sprinkle gelatine over liquid to soften. Puree apricots in blender or force through a sieve; combine in a large saucepan with 1/4 cup sugar, salt, egg yolks, milk and softened gelatine. Cook over low heat, stirring constantly, until sugar and gelatine are dissolved. Remove from heat; stir in almond extract. Chill, stirring occasionally, until mixture mounds when dropped from spoon. Reserve 1/2 cup whipped cream for garnish. Beat egg whites until soft peaks form; gradually add remaining sugar while beating until stiff. Fold with cream into apricot mixture. Spoon into 6 (2/3 cup) molds or a 4-cup mold. Chill 4 hours, or until set. Unmold onto serving plates. Garnish with reserved whipped cream and sliced almonds, if desired. Serve with FANCY DIP Grahams and Striped Shortbread. Makes 6 (about 2/3 cup) servings.

THE FIRST U.S. SCOUTS WERE AMERICAN INDIANS WHO TRAVELED AHEAD OF THE ARMY TO ADVISE ON THE TERRAIN!

Birthday observed

Mrs. Fredman (Ethel) Theriot and Mrs. Ray (Elsie) Theriot, twin daughters of Mrs. Charles F. Richard, celebrated their birthday Sunday, June 26, at a barbecue in the home of their mother.

Attending were Fredman Theriot and Sharon, Ray Theriot and Debbie, Mrs. Theresa Theriot, Mr. and Mrs. J. R. Conner and daughter, Mr. and Mrs. Bobby Conner and son, Mr. and Mrs. Preston Richard and son, Nancy Clark and Nancy Joe, Christie Richard from Orange, Tex., and Mr. and Mrs. Adam E. Conner of Morgan City.

Pictured above are Mrs. Fredman Theriot, left, and Mrs. Ray Theriot, right. Their mother, Mrs. Charles F. Richard, is in the center.

Mrs. Philip Gayle

Gayle-Johnson vows are said June 25th

Philip Anthony Gayle and Nancy Ellen Johnson exchanged marriage vows in a double-ring ceremony Saturday, June 25, at St. Margaret's Catholic Church in Lake Charles.

She is the daughter of Mr. and Mrs. William H. Johnson of Sweetlake, and he is the son of Mrs. John N. Gayle and the Late John Gayle of Lake Charles.

The Rev. Charles Dubois and the Rev. Sam Jacobs officiated at the nuptial mass.

On the day of her wedding the bride chose a gown of dacron organza and Peau d' Ange lace outlined with ruffled organza featured a sheer yoke of organza, a Sweetheart Victorian fluff neckline and tapered wedding sleeves of Peau d' Ange lace. Fromt a Cresent waistline fell her flared skirt of organza adorned with a cascading godet of scalloped Peau d' Ange lace edged with a hemline flounce on the gown and Chapel train.

Her Juliet bonnett of Peau d' Ange lace accented with seed pearls and crystals held her co-ordinated Cathedral mantilla bordered with scalloped Peau d' Ange lace.

She carried a Londonberry Cresent bouquet of white phalleonopsis orchids and ivy attached to her bible.

Attending their sister as matrons of honor were Carol Lavergne and Alma Gayle. Vickie Leonards, Rita Gayle, Jill Greathouse, and Beverly Cox served as bridesmaids.

They wore rainbow shades of Qiana, which featured a Renaissance Victorian neckline edged with Venise lace and lace edged cap sleeves. From an empire waistline fell their softly flared skirts.

They carried long stem white roses.

The flower girls were Julie Gayle and Jennifer Gayle. They wore dresses of dotted swiss over gingham trimmed with lace and bows.

The best man was William Gayle, II, brother of the groom. Serving as groomsmen were William H. Johnson, father of the bride, Norbert Leonards, Jeff Jones, Kenny Doucet, and Wayne DeBold.

Johnny Gayle, Johnny Hensgens and Scott Lavergne were ushers.

A reception followed the ceremony in St. Margaret's K. of C. Hall.

The bride is a graduate of Grand Lake High School and attended McNeese State University. The groom is a graduate of St. Louis High School and McNeese State University, where he was the secretary-treasurer of the Block and Bridle Club.

The couple will honeymoon on a cruise to the Bahamas.

The population of the United States in the year 1900 was 75,994,575!

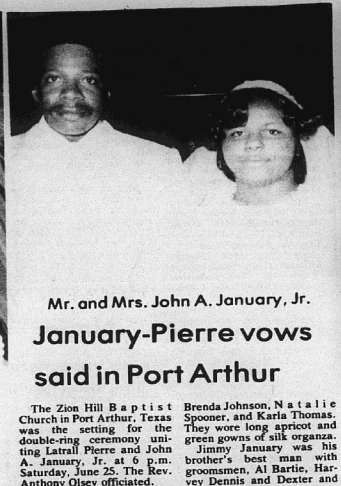
NOTICE

The Cypress Inn will be closed this week-end, due to the death of Mr. Miller's father.



Mr. and Mrs. John A. January, Jr.

January-Pierre vows said in Port Arthur

The Zion Hill Baptist Church in Port Arthur, Texas was the setting for the double-ring ceremony uniting Latrall Pierre and John A. January, Jr. at 6 p.m. Saturday, June 25. The Rev. Anthony Olsey officiated.

Parents of the bride are Mr. and Mrs. Herman Pierre of Port Arthur, Texas, and the groom is the son of Mr. and Mrs. John A. January, Sr. of Grand Chenier.

The bride was attired in a gown of Alencon and Venise lace on silk organza, and featured a Cathedral train with ruffled lace around the hem. She wore a bridal cap holding her elbow length veil of matching Venise lace, and carried a bouquet of spring flowers.

Latongo Pierre was her sister's maid of honor with bridesmaids Tammy Pierre, Brenda Johnson, Natalie Spooner, and Karla Thomas. They wore long apricot and green gowns of silk organza.

Jimmy January was his brother's best man with groomsmen, Al Bartie, Harvey Dennis and Dexter and Marlon Harrison.

Flower girls were Usler Francis and Vickie Broussard.

Ring bearer was Derek Battles, and Todd Wayne Pierre carried a white bible.

Ushers were Wendell and Thyrome Pierre, Troy Hypdite, Arlene Miller, Fred Clark and Yoshi Teceno.

The bride graduated from Thomas Jefferson High School in Port Arthur, Texas. The groom attended South Cameron High School.

The couple will reside in Grand Chenier.

Gauthier, Gretchen, Alice, Andre and Brennan Says, Thomas Jesse, and Ida M. Doland, Nick and Beulah Vignaud, Cameron, Malcolm, Alice R., Harold Perry, Inez, Mike, Jane and Kathleen McCall, Clyde Gauthier Gunter, Everett S. Doland and Robert Russell McCall.

Descendents of Elizabeth McCall and William Doxey: Dorothy Doxey and Frances Peueto Reid.

Family friends attending were: Meredith Necessary, Angie LaCombe, Romona Antie and Nadine Newlin.

Williams on dean's list

Homer H. Williams of Cameron, has been recognized by Millsaps College for meeting Dean's List requirements during the second semester of the 1976-77 academic session.

These students must carry at least 12 academic hours, have quality point index for the preceding semester of 3.2 and have no mark lower than a C for the preceding semester.

Brakes

LITTLE KNOWN FACTS

One lucky "brake" for Americans is that there have been many improvements in braking systems since Robert Wagner of Ward, Mass. got out the first patent for his self-regulating wagon brake in 1828.

* * *

Not only brakes but brake fluid has been improved, and there is one whose performance is so effective that all the race drivers who completed in the Indianapolis 500 used it this year.

CHAMPIONSHIP RACING DRIVER A.J. Foyt is the first driver in USAC history to go over the $2 million career mark.

SEWING MACHINE REPAIRS

Mr. and Mrs. Jay W. Dickey

Miss Dupuie is wed to Jay W. Dickey

Lena Elizabeth Dupuie became the bride of Jay W. Dickey in a double ring ceremony at 11:30 a.m. Saturday, June 18, at St. Eugene Catholic Church in Grand Chenier. The Rev. Joseph Woerdeman officiated.

Donald Broussard of Pecan Island was organist.

The altar was trimmed with bouquet of pink and white gladiolas and two large baskets of pink and white gladiolas on stands on each side of the altar. Altar rails were trimmed with fresh English ivy and pink and white flowers.

The bride is the daughter of Mr. and Mrs. Howard H. Dupuie Sr. of Grand Chenier, and the groom is the son of Mr. and Mrs. J. W. Dickey of Westlake.

The bride was given in marriage by her father. For her wedding day she chose a white dotted swiss with white silkened organza, Cluny and Venise lace. A fitted bodice of dotted swiss and sheer organza yoke was overlaid with Venise lace appliques. A high Victorian neckline of sheer organza was edged with Venise ball lace. The raised waist was enhanced by Cluny lace with a pink satin ribbon insert. Full bishop sleeves of silk organza and white dotted swiss wer enhanced with Venise lace appliques. The wide cuffs were accented with Cluny lace, a pink satin ribbon insert, and trimmed with Venise ball lace. The full A-line skirt featured a wide ruffled flounce fashioned with Cluny lace, a pink satin ribbon insert, Venise lace and Venise ball lace. The skirt flowed into a chapel length train. A pink satin ribbon fell softly at the back.

Her head piece was a picture hat of Swiss hairbroid overlaid with taffeta and silkened organza. Venise lace trimmed the brim and covered the wide satin ribbon at the crown.

Maid of honor was Mrs. Elizabeth Ball of Monroe. Bridesmaids were Carla Rutherford, Emily LaBove, Cindy Broussard, Nina Theriot, Christine Theriot, Patricia Cogar, Ruby Dupuie and Robbie Dickey. They wore long pink princess gowns of pointed organ with ribbon trim and caps.

They carried a long stem rose and wore two pink rosebuds in their hair.

Flower girls were Tammy Schmidt, Rhonda Perry and Melisia Travis. They wore pink dotted swiss halter style dresses with matching capes and carried baskets of fresh spring flowers.

Best man was Larry LeBlue. Groomsmen were Terry Hebert, Bruce Travis, Bobby Dickey, Donald Neirles, John Cogar, David Dupuie, Robert Torris, and Sherman Gillory. Ring bearer was Wes Perry. Howard Dupuie Jr. and Walter Keith Dupuis were ushers.

A reception followed the ceremony at the home of the bride and was set under a shade of oak trees. Brides table was decorated with pink and white lace trimmed with flowers and silver serving pieces.

The brides mother wore a long pink princess style gown with flowered organdy cape.

The groom's mother wore a long green gown with empire bodice and a short jacket.

For the wedding trip to Hodges Gardens and Toledo Bend, The new Mrs. Dickey wore a black and white polka dotted organza sundress.

The couple will make their home in Moss Bluff.

The bride is a graduate of South Cameron High School, and the groom is a graduate of Westlake High School. He is presently employed at Cash and Carry Lumber Company at Moss Bluff.

"Louisiana Sports Encyclopedia" by Bob Remy, pub. by Pelican Publishing Co., 630 Burmaster, Gretna, La. 70053, 358 pp., $5.95 pb.

Reviewed by MARIE WISE

It's here...the most comprehensive record book ever compiled on sports in Louisiana: 85 years of figures plus facts that go back much further.

The new 5½ x 8½ in. "Louisiana Sports Encyclopedia" has 358 pages of all-time records, annual won-lost statistics, championship results and individual and team performances at every level...professional, college, amateur and high school...in 18 sports from 1892 to the present.

In addition to in-depth coverage of the major sports...football, baseball, basketball and track and field...this book includes year-by-year records of virtually every other organized sport in the state during the past 85 years. Louisiana records and recordbreakers in archery, bicycling, bowling, boxing, fishing, golf, handball, horse racing, karate, pirogue racing, racquet ball, swimming, tennis and yachting, are all presented.

Special sections list the annual and all-time athletic records of each of Louisiana's 17 colleges and universities with intercollegiate programs, along with chapters on the five athletic conferences they represent. The scores of every college football game ever played in the state are given.

Also featured are profiles on Louisiana sports hall of fame members and other outstanding sports figures, as well as details on the participation of Louisianians in the Olympic Games.

Not confined to statistics, the Sports Encyclopedia gives historical backgrounds and tells interesting stories about Louisiana's sports and its sports figures.

Although horse racing itself in the state may be a hundred years older, the first racing course was opened at Jackson near Chalmette in 1825. Official yacht racing in Louisiana dates back to July 4, 1850 when the first Southern Yacht Club competition was held from West End, Lake Ponchartrain to Pass Christian, Miss. Abner Powell, manager of the New Orleans Pelicans baseball team claims he originated Ladies Day on April 29, 1887 as well as inventing the rain-check.

What's Different About

EASTERN RITE CATHOLIC CHURCHES?

In all the essential elements, Catholic churches in union with Rome are exactly alike all over the world.

They all subscribe to the same articles of faith. All have the same Sacraments. The principal public worship of all of them is the Holy Sacrifice of the Mass. And all are members of the apostolic church under the spiritual authority of the Pope.

Yet a Latin Rite Catholic going to Mass in an Eastern Rite church might be quite confused. In the Syrian Rite, for example, the language of the Mass might be Syriac, Arabic or Malayalam ... in the Coptic Rite, Coptic, Arabic or Geez. And for other Eastern rites, the language variations might include Greek, Slavonic or classical Armenian.

Nor is language the only difference. Holy Communion is received in the Byzantine Rite, for example, in the form of leavened bread and wine. There are variations in the vestry of the clergy, in devotional music, in the use of religious art symbols in the churches. Where a Latin Rite Catholic may genuflect before the altar, an Eastern Catholic may bow; where one makes the sign of the cross left to right, the other may do so right to left.

There are five major rites in the Catholic Church: the Syrian, Coptic, Byzantine, Armenian and Latin. Each has its own language, customs and canon law. And each reflects in its devotions the culture of the lands where the Apostles planted the seeds of the Christian faith. In a decree dealing with the Eastern Rite churches, Vatican Council II said: "They all make up the Mystical Body of Christ organically united in the Holy Spirit by the same faith, the same sacraments and the same government ..."

If you'd like to read an interesting account of the origin and development of the Eastern Rite churches, send coupon for our new pocket-size pamphlet. It explains the laws of the Church with respect to the Eastern Rite ... the differences in the rites ... the contributions of Eastern Rite Catholics to the world's culture. There is also an interesting chapter on Catholic relations with the Orthodox Christians.

Free—just mail coupon. Ask for Pamphlet No. KC-42. We'll send it without cost or obligation. Nobody will call on you.

GRAND CHENIER NEWS

Nigeria stationed priest visits area

By ELORA MONTIE

The Rev. Elmo Hebert spent some time in Grand Chenier with relatives this past week. He showed a film at the American Legion Hall Thursday afternoon on Nigeria where he is a priest. There were 25 people who atended.

Father Hebert is the nephew of Mrs. Edmond Bertrand of Grand Chenier and Mrs. Abra Conner of Creole.

He will spend some time with his father, Adam Hebert, in Thibodaux and also some time with friends in New York before returning to Nigeria in September.

THANK YOU

Father Joseph Woerdeman and Pat Doland, chairman of the St. Eugene Parish bazaar wants to extend thanks to all the workers, those who made donations and to all who attended the bazaar Sunday.

VISITORS

Spending the weekend with Mr. and Mrs. Charlie Theriot and Severin Miller were Mr. and Mrs. Clayton Thriot of Lake Charles.

Mr. and Mrs. LeRoy Brune of Houston spent the weekend with relatives in Grand Chenier.

Mr. and Mrs. John Mangano of DeRidder spent several days with Mr. and Mrs. Orrie Canik.

The E. J. Reynaud family of Marksville spent the weekend with Mr. and Mrs. Carl McCall.

Mr. and Mrs. Joe Swire of Jennings attended the wedding Saturday of Mr. and Mrs. Charles Edward Logston at St. Eugene Church in Grand Chenier.

Mr. and Mrs. LeRoy Lucus and children of Los Angeles, Calif. spent a week with Mr. Lucus's father, Ernest Lucus and the Earl Booth family in Grand Chenier.

Dona and Ella Louise Booth are spending some time with Richard Wayne Granger and Mrs. Earl Granger in California.

Mr. and Mrs. Earl Booth Jr. spent the weekend with Mrs. Booth's mother, Mrs. T. A. Davie, in DeQuincy.

Spending the weekend with Mr. and Mrs. Glenn Richard were Mr. and Mrs. Bruce Hooper and boys and Mrs. Thelma Brown of Moss Bluff.

Visiting Thursday with Mr. and Mrs. Albert Richard and family in Lake Charles were Mrs. Gilford Miller and Mrs. Edmond Bertrand.

Mr. and Mrs. Garrett Mayon of Houston, Texas spent the weekend in their home in Grand Chenier.

Spending the weekend with Mrs. Emily Theriot here was her sister Miss Annie Laurie Miller of Baton Rouge.

Mr. and Mrs. Fred Bult of Lake Charles spent Saturday and Sunday with Mr. and Mrs. Roy Clark and Roy Allen in Grand Chenier.

Spending the weekend with Mrs. Estelle Doland were Mr. and Mrs. Robert (Bob) Doland of Lake Arthur.

Mrs. Sue Koonce, Betty and Dannie Nunez of Port Neches, Loretta and children of Vida, Texas attended the wedding, Saturday of Mr. and Mrs. Charles Edward Logston.

Last week Mrs. Emma Nunez and Mr. and Mrs. Garner Nunez attended the Pierre Trahan in Lake Arthur.

Mr. and Mrs. Morris Chargois of Vinton are spending a few days with Mr. and Mrs. Pat Doland.

Club to make nomination

The Cameron Extension Homemakers Club held its monthly meeting Tuesday, June 21, with Glynn Portie, Margie Brown, and Ethelyn Kebodeaux as co-hostesses.

A committee was appointed to nominate a candidate for citizen of the year.

The nominating committee presented its slate of officers for 1978. Project chairmen were also named.

The door prize was won by Pat Taber.

July hostesses are Pam Carroll and Tootsie Dosher.

The roller skate was invented by J. L. Plimpton in 1863.

Auxiliary names officers

Mrs. Murphy Theriot was named president of the Ladies Auxiliary of the Richard Bros. American Legion Post.

Other officers elected were: Mrs. Fae Richard, 1st vice president; Mrs. Lynex Richard, 2nd vice president; Mrs. Ellis McWhirter, secretary; Mrs. Preston Richard, treasurer; Mrs. Woodrow Bertrand, chaplain; Mrs. Geneva Griffith, Historian; and Mrs. Jules Dronet, sergeant at arms.

Delegates chosen to represent the Auxiliary and Post at the state convention in New Orleans were Mr. and Mrs. Woodrow Bertrand, Mr. and Mrs. Jules Dronet, Mr. and Mrs. Oscar Reyes and Mr. and Mrs. Ellis McWhirter.

Officers will be installed at the July meeting.

Two club members, Mrs. Theriot and Mrs. Lynex Richard, were presented with gifts from Mrs. Fabian Goldenburg of Mons, Belgium, who was a recent visitor to Cameron parish and was hosted by the two local women.

The presentation was made by Mrs. Geneva Griffith to whom Mrs. Goldenberg had given the gifts on her trip to Belgium.

The Belgium visitors were received in area homes when they presented a concert in Cameron on a cultural exchange tour.

Black News

By MRS. LEE J. HARRISON

Bobby Byord was the winner of a calculator recently raffled by the CYO club of St. Rose of Lima Catholic Church.

The St. Rose of Lima Altar Society will conduct a door-to-door raffle ticket sale on a 250 lb. calf and a microwave oven beginning this week.

Tickets will cost $1, and the raffle date is set for July 31.

A dance will be held july 31 at the Cameron Recreation Center. Admission tickets will be $3 presale and $3.50 at the door. For tickets call Mrs. Carolyn Bargeman at 542-2133 or Mrs. Levine Harmon at 775-5037.

The average American eats 1/2 ton of cheese during a lifetime.

Rt. 1, Cameron

By Mrs. George Nunez

The Terry Theriots had three of their children, David, Tina, and Terry Joe, from Houston, Tex., visiting them. Muriel's daughter, Andrea Rials, is on an extended tour of the east coast with the Gilbert Mudd family. They are now on a four-day visit in Washington, D. C.

Mr. and Mrs. George Savoy of Lake Arthur spent the day with Mrs. Ozena Savoy and Mr. and Mrs. Carl Reon on Tuesday June 21.

Mr. and Mrs. George LaBove, Missey and Ronnie of Amelia, Tex., are on vacation. They spent a week at Toledo Bend and visited her parents, Mr. and Mrs. Carl Rion. They also visited Mrs. Ozema Savoy, Mr. and Mrs. Doreston LaBove, Mr. and Mrs. Kenneth Dupont, Shannon Dalna, and Timothy.

Mr. and Mrs. Leonard Newton, and Kala of Shreveport, and Mrs. Cleo Vallett, of Carlyss visited Bud Murphy in South Cameron hospital Saturday, June 25.

Mr. and Mrs. Maurice Vincent of Washington are spending a few weeks with Mr. and Mrs. Durphy Vincent, Mr. and Mrs. Chune Vincent. They visited Bud and Allie in the hospital. Maurice is Allie's brother.

Mrs. Grace Roberts, Mrs. Esther Quinn, Mrs. Olive Rutherford and Mrs. Pearl LaBove attended a meeting in Baton Rouge Saturday, June 25.

Mrs. Joanne Barsh and David of McLean, Virginia visited Mrs. Elray LaBove last week. Jeanne is Mrs. LaBove's granddaughter. Also visiting Mrs. LaBove was Mrs. Erma Meeks of Port Arthur, Tex.

Mrs. Jane Kershaw is back home from the hospital, but is going to St. Patrick's for treatments.

Blaine, Karen, Kirk and Cynthia Quinn all have the mumps.

Lunches for elderly being considered here

Cameron parish senior citizens were feted at a fellowship Sunday afternoon at the Catholic Family Center of Our Lady Star of the Sea church in Cameron, sponsored by the Cameron United Methodist Women and the Catholic Daughters Court.

The program was opened with a prayer by the Rev. Minns Robertson, director of the Council on Aging, who also gave a talk on the importance of regular health check-ups and on the danger of hypertension.

Members of the Council were asked if they wish to participate in a program for lunches for members.

If enough members wish to participate the local school board will be approached about the possibility of providing these lunches.

Mrs. Hazel Nunez received the Fellowship Cup which goes to the oldest person present to keep until the next monthly fellowship.

Mrs. Ruby Nettles received the women's door prize and Oscar LeBouef received the men's door prize.

The birthday cake for the month of June was shared by Mrs. Albert Colligan and Mrs. Hilarie Hebert.

Music was furnished by "The Cajuns", Poo Landry and "Playmate" Theriot.

Refreshments were served by the sponsoring organizations.

The next fellowship program will be held in August.

KEEP COOL with cold drinks and warm friends.

On motion of Mrs. Riggs, seconded by Mr. Doland and carried, the Board voted to advertise bids for School Bus Liability Insurance for the 1977-78 session.

On motion of Mr. Richard, seconded by Mr. Jones and carried, the following Resolution was offered:

RESOLUTION

WHEREAS, on July 7th, 1975, the Cameron Parish School Board, as lessor, executed and delivered to Corbin J. Robertson, as lessee, an oil, gas and mineral lease covering the following described tract of land in Cameron Parish, Louisiana, to-wit:

The North Half (N 1/2) and the Southeast Quarter (SE¼) of Section 16, Township 15 South, Range 9 West, of Cameron Parish, Louisiana, estimated to contain 538.68 acres, more or less.

WHEREAS, Corbin J. Robertson, has requested approval of assignments of his rights on this lease to the following parties is specified percents as follows:

Douglas B. Marshall and Margaret Cullen Marshall, an undivided 22.09375 percent of assignor's rights;

Roy H. Cullen, an undivided 5.15156 percent of assignor's rights;

Long Resources, Inc., an undivided 5.15156 percent of assignor's rights;

Scott Investment Company, an undivided 2.90695 percent of assignor's rights;

Arnold 1975 Exploration, Ltd., an undivided 2.57578 percent of assignor's right;

Barnhart 1975 Exploration Ltd., an undivided 3.67969 percent of assignor's right;

Scott 1975 Exploration, Ltd., an undivided 2.61258 percent of assignor's right;

Isaac Arnold, Jr. and Antonette Tilly Arnold, an undivided 2.94375 percent of assignor's right;

Hugh Ray Marshall, an undivided 1.10391 percent of assignor's right;

Douglas B. Marshall, Jr., an undivided 1.10391 percent of assignor's right;

Quintana Refinery Co., an undivided 24.53125 percent of assignor's right;

Carl F. Arnold, an undivided 1.50000 percent of assignor's right;

Robert I. Williams, an undivided .37500 percent of assignor's right;

WHEREAS, under paragraph 8 of said lease such assignment must be approved by the Cameron Parish School Board,

NOW, THEREFORE BE IT RESOLVED by the Cameron Parish School Board that the aforesaid assignments of interest in the oil, gas, and mineral lease from Corbin J. Robertson to Douglas B. Marshall; Margaret Cullen Marshall; Roy H. Cullen; Long Resources, inc.; Scott Investment Company; Arnold 1975 Exploration, Ltd.; Barnhart 1975 Exploration, Ltd.; Scott 1975 Exploration, Ltd.; Isaac Arnold, Jr.; Antonette Tilly Arnold; Hugh Roy Marshall; Douglas B. Marshall, Jr.; Quintana Refinery Company; Carl F. Arnold; an Robert I. Williams be and the same are hereby approved by the Cameron Parish School Board.

BE IT FURTHER RESOLVED that Mervyn Taylor, President of the Cameron Parish School Board, be and he hereby authorized and directed to countersing any documents necessary to the aforesaid assignments by Corbin J. Robertson in order to properly reflect the approval of said assignments by this Board.

NOTICE OF PUBLICATION
OFFICE OF
MINERAL RESOURCES
ON BEHALF OF THE
STATE MINERAL BOARD
FOR THE
STATE OF LOUISIANA
BATON ROUGE, LOUISIANA
70821

By virtue of and in conformity with the provisions of Chapter 2, Title 30 of the Louisiana Revised Statutes of 1950, as amended, sealed bids will be received in the Office of Mineral Resources, State Land and Natural Resources Building, Baton Rouge, Louisiana, on or before the 12th day of July, 1977, at 1:00 P.M., for a lease to explore, drill or mine for and produce oil, gas and any other liquid or gaseous hydrocarbons except sulphur and potash in and on the following described tracts (Act No. 14497 through 14498), at which time said bids will be publicly opened publicly in the State Land and Natural Resources Building, Capitol Complex, Baton Rouge, Louisiana.

TRACT 14497 — PORTION OF BLOCK 10, WEST CAMERON AREA, REVISED, Cameron Parish, Louisiana — That portion of Block 10, West Cameron Area, Revised, Cameron Parish, Louisiana, belonging to the State of Louisiana and not under mineral lease on April 21, 1977, described as follows: Beginning at the Northwest corner of Block 10, West Cameron Area, Revised, having Lambert Plane Coordinates of X = 1,288,145.376 and Y = 403,746.45; thence South 1,619.34 feet; thence Westerlerly to a point having Lambert Plane Coordinates of X = 1,280,760.60 and Y = 402,838.00; thence North 7.15 feet to a point having Lambert Plane Coordinates of X = 1,280,760 and Y = 402,838.00; thence Northeasterly to the point of beginning, containing 135.08 acres, as shown outlined in red on plat on file in the Office of the Secretary, Department of Natural Resources. All bearings are based on Louisiana Lambert Plane Coordinate System (South Zone).

TRACT 14498 — PORTION OF BLOCK 10, WEST CAMERON AREA, REVISED, Cameron Parish, Louisiana — That portion of Block 10, West Cameron Area, Revised, Cameron Parish, Louisiana and not under mineral lease on April 21, 1977, described as follows: Beginning at the Northwest corner of Block 10, West Cameron Area, Revised, having Lambert Plane Coordinates of X = 1,288,145.376 and Y = 403,746.45; thence North 1,288,145.376 and Y = 403,746.45; thence Easterly to a point having Lambert Plane Coordinates of X = 1,290,645.376 and Y = 404,077.28; thence South 1,970.12 feet to a point having Lambert Plane Coordinates of X = 1,290,645.376 and Y = 402,127.61; thence Westerly 2,500.00 feet to a point on the West line of said Block 10, having Lambert Plane Coordinates of X = 1,288,145.376 and Y = 402,127.61; thence North 1,619.34 feet to the point of beginning, containing 101.68 acres, as shown outlined in red on plat on file in the Office of the Secretary, Department of Natural Resources. All bearings are based on Louisiana Lambert Plane Coordinate System (South Zone).

TRACT 14499 — PORTION OF BLOCK 10, WEST CAMERON AREA, REVISED, Cameron Parish, Louisiana — That portion of Block 10, West Cameron Area, Revised, Cameron Parish, Louisiana, belonging to the State of Louisiana and not under mineral lease on April 21, 1977, described as follows: Beginning at the Northwest corner of Block 10, West Cameron Area, Revised, having Lambert Plane Coordinates of X = 1,288,145.376 and Y = 403,746.45; thence North 1,288,145.376 and Y = 403,746.45; thence Easterly to a point having Lambert Plane Coordinates of X = 1,290,645.376 and Y = 404,077.28; thence South 1,970.12 feet to a point having Lambert Plane Coordinates of X = 1,290,645.376 and Y = 402,127.61; thence Westerly 2,500.00 feet to a point on the West line of said Block 10, having Lambert Plane Coordinates of X = 1,288,145.376 and Y = 402,127.61; thence North 1,619.34 feet to the point of beginning, containing 101.68 acres, as shown outlined in red on plat on file in the Office of the Secretary, Department of Natural Resources. All bearings are based on Louisiana Lambert Plane Coordinate System (South Zone).

Published in the Baton Rouge "State-Times" on June 15, June 22 and June 29, 1977, and the Official Journal of the Parishes in which the property is located.

NOTICE OF PUBLICATION
OFFICE OF
MINERAL RESOURCES
ON BEHALF OF THE
STATE MINERAL BOARD
FOR THE
STATE OF LOUISIANA
BATON ROUGE, LOUISIANA
70821

By virtue of and in conformity with the provisions of Chapter 2, Title 30 of the Louisiana Revised Statutes of 1950, as amended, sealed bids will be received in the Office of Mineral Resources, State Land and Natural Resources Building, Baton Rouge, Louisiana, on or before the 19th day of July, 1977, at 1:00 P.M., for a lease to explore, drill or mine for and produce oil, gas and any other liquid or gaseous hydrocarbons except sulphur and potash in and on the following described tracts (Act No. 14504 through 14507), at which time said bids will be publicly opened publicly in the State Land and Natural Resources Building, Capitol Complex, Baton Rouge, Louisiana.

TRACT 14504 — Cameron Parish, Louisiana — All lands, water bottoms and minerals (except fee lands) owned by and not under mineral lease from the State of Louisiana on April 21, 1977, situated in Cameron Parish, Louisiana, within the following described boundaries: Beginning at the Northeast corner of Block 11, West Cameron Area, Revised, having Lambert Plane Coordinates of X = 1,288,145.376 and Y = 403,746.45; thence North 6,000.00 feet along a North projection of the East line of said Block 11, but not to exceed Lambert Plane Coordinates of X = 1,288,145.376 Agency Y = 409,746.45; thence West 7,385.376 feet to a point having Lambert Plane Coordinates of X = 1,280,760 and Y = 409,746.45; thence South 1,910.45 feet to a point having Lambert Plane Coordinates of X = 1,280,760 and Y = 407,836; thence Northeasterly to the point of beginning, containing 62 acres, as shown outlined in red on plat on file in the Office of the Secretary, Department of Natural Resources. All bearings are based on Louisiana Lambert Plane Coordinate System (South Zone).

TRACT 14507 — Cameron Parish, Louisiana — All of the lands now or formerly constituting the beds and bottoms of the water bodies of every nature and description and all islands, and all lands formed by accretion or reliction, except fee lands, owned by and not under mineral lease from the State of Louisiana on February 14, 1977, situated in Cameron Parish, Louisiana, within the following described boundaries. Beginning at a point having Lambert Plane Coordinates of X = 1,533,627.80 and Y = 448,694.92; thence Southwesterly to a point having Lambert Plane Coordinates of X = 1,529,527.80 and Y = 446,494.93; thence North 6,200.00 feet; thence East 4,100.00 feet; thence South 4,000.00 feet to the point of beginning, estimated to contain approximately 273 acres, as shown outlined in red on a plat on file in the Office of the Secretary, Department of Natural Resources. All bearings are based on Louisiana Lambert Plane Coordinate System (South Zone).

All bids to offer a cash bonus for a lease having a primary term which shall not exceed three years and granted without any warranty of title or recourse against lessor, whatsoever, either expressed or implied, nor against any failure of lessor of any payments received under the lease by any other party responsible to lessee. Minimum royalties shall be one-eighth (1/8th) of all oil produced and saved; one-eighth (1/8th) of all gas produced and saved or utilized; one-eighth (1/8th) of sulphur per long ton when marketed on sulphur produced and saved, but not less than two dollars ($2.00) per long ton; one-eighth (1/8th) of the value per ton when marketed on potash produced and saved, but not less than twenty cents (10¢) per ton; one-eighth (1/8th) of all other minerals produced and saved.

The minimum royalties set forth are not to be considered as values acceptable to the Board, as it is the policy of the Board to reject any bid which does not reflect the full potential. The Board considers bonus, royalty percentage, and any consideration other than that granted to landowners in the area, in the exercise of its discretion, in the Board also reserves the right to reject any bid that reflects tract potential and satisfies the minimum royalty requirements of R.S. 30:127, as amended.

Any lease granted hereunder shall be on the following terms and conditions and in the lease form with all applicable riders approved by the Board, including but not limited to provisions as follows: Should lessee fail to begin the actual drilling (spudding in) of a well on the leased premises within one year from the date of the lease, the lease shall terminate as to both parties to the lease, unless on or before such anniversary date, lessee shall pay a delay rental (which shall in no event be less than one-half of the bonus offered), which shall cover the privilege of deferring drilling operations for a period of one year. Upon like payments annually, drilling operations may be further deferred for successive periods of one year each during the primary term of five years. The lease shall provide for the drilling of offset wells where necessary to protect the State's interest and shall contain the provisions against the assignment or sublease of the lease unless approved by the State Mineral Board. The lessee shall have the right to enter into pooling or unitization agreements with respect to development of the leased premises subject to the approval of the State Mineral Board.

Certified check, cashier's check or bank money order payable to theSECRETARY, DEPARTMENT OF NATURAL RESOURCES, as successor to the Register, State Land Office, for the full amount of the cash bonus, shall accompany and be submitted with each bid; and no bid thus submitted may be thereafter withdrawn or cancelled; and the cash bonus accompanying the bid of the successful bidder shall be forfeited to the Cameron Parish School Board should he not return the written lease, duly executed, within twenty (20) days after his receipt of the same.

The Cameron Parish School Board reserves the right to reject any and all bids and to grant a lease on any portion of the tract advertised for a price not less than proportionate to the best bid offered for the lease on the entire tract.

MARY KAY PINCH, in the rear, was crowned queen of the 1977 Cameron Parish Deep Sea Fishing Rodeo Friday. In the front, from the left, are Dianne and Roxanne Myers, queen runners-up, and Barbara Dupont, Miss Congeniality. [Photo by Geneva Griffith]

Fishing rodeo results told

By GENEVA GRIFFITH

Named as the Outstanding Male, Female and Junior Anglers, respectively, at the 1977 Cameron Parish Deep Sea Fishing Rodeo last weekend were Mrs. George Wells of Lake Charles, Dr. Gardnel Sylvester of Ville Platte and Ken Nunez of Grand Chenier.

Mrs. Wells was fishing aboard the Clipper Jack and landed the largest fish in the rodeo, a 129 lb. 8 oz. shark.

Dr. Sylvester, fishing aboard the Adrienne III, won his award for placing first with a 24 lb. 8 oz. dolphin; all top three spots with wahoos ranging in weight from 12 lbs. 4 oz. to 15 lbs. 8 ozs. and a second place with a 20 lb. 4 oz. blackfin tuna.

Nunez copped his award for taking all 4 spots in the Spadefish division, ranging in weight from 5 lbs. 12 ozs. to 6 lbs. 4 ozs.

Top boat awards were won by Dr. Frank Savoy's Adrienne III in the offshore division; Pete McCall's Sunrise II in the Charter Boat Division; Wayne Phenice's Snapper II in the Inshore Division; and Cliff's Hantz's Mam in the Bay and Surf Division.

BLESSING OF FLEET

The rodeo opened on Friday night, July 1, at 6 p.m. with the Blessing of the Fleet in the mouth of the Calcasieu River.

The boats passed in a parade to receive a blessing from Msgr. Curtis Vidrine, assisted by alter boys Adam and Wilman Jr. Saltsman.

Dr. Frank Savoy, who served as Commodore of the Fleet on his Adrienne III hosted the lovely rodeo queen, Mary Kay Pinch, 15-year-old daughter of Mr. and Mrs. Bill Pinch of Grand Chenier, and her court consisting of Dianne and Roxanne Myers who were runners-up to the queen; Barbara Dupont who won the Miss Congeniality award; Christine Theriot, Cynthia Broussard, Beth Liptak, Dena Ellis, Delaine Desonier, Mona Brasseaux, Angela Cheramie, Rhonda Nunez and Belinda Kelley.

Taking top honors as best decorated boats were the Elizabeth McCall in the oil company boat division, followed by the Elaine Marie in second place and the Captain Charles in third place.

In the sport and shrimping division, the Adrienne III won top honors, followed by Miss Catherine, second and The Climax third.

QUEEN'S CONTEST

Mrs. Claude V. "Pete" McCall of Grand Chenier was in charge of the Rodeo Queen contest which immediately followed the blessing of the fleet.

Judges for the queen contest were: Mrs. Evelyn Francis, Lake Charles; Mrs. Margaret Young and Mrs. Shirley Savoy, Mamou; and Ray Kruger, Lake Charles.

Ray Burleigh, president of the Rodeo Association served as Master of Ceremonies of the queen's contest.

The queen was crowned by Mrs. McCall and was presented with a $100 bill and also a dozen roses by E. J. Dronet, president of the Cameron State Bank. Dana Willis furnished entertainment at the contest by singing.

James S. Henry, Jr. was in charge of the On-Shore activities which included shrimp and crab boils, barbecues, street dances, dances at the Cameron Recreation Center, go-cart races, water fights, and a carnival.

Excitement was furnished each day at the weigh-in station which was presided over by Guthrie Perry and Ted Joanen, biologists at Rockefeller Wildlife Refuge and Mrs. Evelyn Francis, when the boats came in with their catches.

Prizes were presented to each person who placed in first place in each catagory for each day of the rodeo - specially designed wooden plaques shaped like Cameron parish, with a gold star at the town of Cameron.

These were all presented on the closing day of the rodeo when the trophies and prizes were awarded from a platform at the dock immediately following the final weigh-in and tabulation of points.

RARE FISH

Some extra excitment was generated on Monday afternoon when a rare fish was brought in by Dr. John Adam Tassin of Ville Platte, which was tentatively identified as a 14 pound Blackjack by Guthrie Perry.

Perry said that the very rare fish are usually found offshore in very deep water of over 20 fathoms.

Dr. Tassin caught it in the East Flower Garden fishing on Sheriff Elan Pitre's boat from Ville Platte.

The fish was at first thought to be an African Pompano and it was packed in ice for shipment to the Marine Research Center in Ocean Springs, Miss.

It did not make the fishing board because there was no catagory for it.

WINNERS

The complete list of winners on the final day's weigh-in is as follows, with first through fourth placings:

King Mackeral - Bubba Flowers, 54 lbs. 12 ozs.; Lester Saucier, 40 lbs. 48 ozs.; Charles Gloriso, 37 lbs. 12 ozs.; Tom Crowther, 35 lbs.

Wahoo - Dr. G. Sylvester, all three places 15 lbs. 8 ozs.; 14 lbs. 8 ozs., and 12 lbs. 4 ozs.

Shark - Nancy Wells, 129 lbs. 8 ozs.; Duke Brannon, 102 lbs. 8 oz.; Larry Wainwright. 89 lbs. 8 ozs.; Bruce Craven 64 lbs.

Barracuda - Hal Wilkerson, 20 lbs. 12 ozs.; Mike Clark, 20 lbs.; Gerald Link, 18 lbs. 12 ozs.; and John Freeland, 17 lbs.

Dolphin - Dr. G. Sylvester, 24 lbs. 8 ozs.; John Young, 13 lbs.; Pat Savoy, 12 lbs. 15 ozs.; and Lester Richard Jr., 10 lbs. 13 ozs.

Blackfin Tuna - Dr. John Tassin, 21 lbs. 9 ozs.; Dr. G. Sylvester, 20 lbs. 4 ozs.; Peter Savoy, 18 lbs. and fourth place also at 17 lbs. 8 ozs.

Cobia - Carl Flowers, 40 lbs. 4 ozs.; Dr. P. D. Doboval 39 lbs. 12 ozs.; Scott Turner, 33 lbs. 12 ozs.; and Walter Wall, 35 lbs. 4 ozs.

Amberjack - Hal Wilkerson, 42 lbs. 4 ozs.; Dan Poole, 35 lbs.; Tim Pitre, 27 lbs. 10 ozs.; and Scott Turner, 27 lbs. 8 ozs.

Jewfish - J. T. Primeaux, 54 lbs.; Olen Clark, 53 lbs. 8 ozs.; Gerald Link, 43 lbs. 8 ozs.; Sabra David, 12 lbs. 12 ozs.

Red Snapper - Tom Crowther, 24 lbs.;

Continued on Page 5

NAMED AS THE outstanding man and woman anglers at the Cameron Parish Deep Sea Fishing Rodeo last weekend were Dr. Gardnel Sylvester of Ville Platte and Mrs. George Wells of Lake Charles.

Water bond issue vote called for J. Bayou

Bond issues totaling $2,400,000 were called Monday to provide funds for the construction of a water and fire protection system for the Johnson Bayou area.

An unusual feature of the proposal is the plan to bring the water from deeps drilled in the Hackberry area 15 miles or so to the north. A large waterline would bring the water across the marsh.

A $1,200,000 bond issue was called by the board of commissioners of Water District 10 and a similar bond issue was called by the Cameron parish police jury, governing authority for the Fire Protection District No. 10.

The election will be held Saturday, Aug. 20. Bonds are to be issued for up to 25 years and anticipated tax millages are two mills for the water district and three mills for the fire district.

The bonds will be retired by property taxes and no revenue bonds are involved. However, a nominal water fee will be charged to water users.

Since most of the property in Ward 5, the Johnson Bayou area, is owned by non-residents, the cost of the water system to local residents is expected to be relatively small.

Tests wells were drilled in the Johnson Bayou area several years ago but no good sourse of water was found making it necessary to plan to bring the water from the Hackberry area.

Flood insurance rules made more strict

An ordinance establishing new and tougher flood insurance requirements for Cameron parish was reluctantly adopted by the Cameron parish police jury Tuesday after they were told by their legal advisor that the parish would lose its federal flood insurance if the action was not taken.

J. B. Jones, Jr., assistant district attorney, said the Department of Housing and Urban Development had originally given the parish until July 1 to adopt the revised regulations but that he had gotten an extension to July 15.

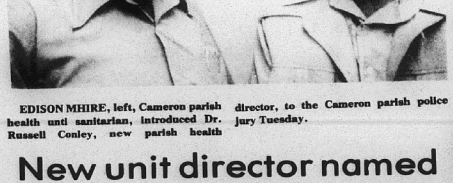
Jones said that HUD had originally proposed new restrictions that would have prevented the location of new mobile homes in lower Cameron other than in already established trailer parks and recognized subdivisions.

However, he said that agency officials have tentatively agreed to recognize the settlements along the ridges in lower Cameron as "linear communities", which would mean that trailers could continue to be located in these areas.

Jones pointed out that all new construction in lower Cameron parish now must be 7.5 feet above sea level.

REVIVAL SERVICES

Revival services will be held at the First Pentecostal Church of Cameron July 6 through 16. The services will begin nightly at 7:30 p.m. with Evangelist Johnny Donahue leading the services. He and Mrs. Donahue will also be in charge of the singing.



EDISON MHIRE, left, Cameron parish health unti sanitarian, introduced Dr. Russell Conley, new parish health director, to the Cameron parish police jury Tuesday.

New unit director named

Dr. Russell Conley has been named director of the Cameron, Allen, Beauregard and Vernon parish health units effective July 1.

He succeeds Dr. Walter Hunt who has been named director of the Lake Charles-Calcasieu Health Unit. Dr. Hunt is taking the place of Dr. G. Vasquez who is retiring in Lake Charles.

A native of Metarie, Dr. Conley is a graduate of the L. S. U. Medical School and was on the Staff of the Lake Charles Charity Hospital before accepting his new position.

He said he would have a regular schedule of visits to all four parishes and will have an office in the Cameron parish health unit.

MSGR. CURTIS VIDRINE is shown blessing the fishing fleet to officially open the 1977 Cameron Parish Deep Sea Fishing Rodeo last Friday.

New fire truck bought

Moosa Equipment Co. of Eunice was the successful bidder on a new fire truck for the Hackberry fire department at the Cameron parish police jury meeting Tuesday. The bid was $43,953.

Jack Cooks & Co. bid $50,163.

The jury agreed to advertise for bids on a new garbage truck to serve the Cameron, Creole and Johnson Bayou area.

A non-exclusive water franchise was granted to A. J. Braquet for the Holly Beach area.

Clifford Cabell was reappointed to the Hackberry Recreation District board and Melvin Theriot was named to the Waterworks District No. 9 board.

At the request of Juror Lester Richard, Jr. action on an appointment for the Lower Cameron Hospital District board was tabled until a later date. The term of Edison Mhire was expired.

Coop to hold annual meeting

The Jefferson Davis Electric Cooperative, Inc. will hold its annual membership meeting Monday, July 11, in the Cameron Elementary School Auditorium. Registration will begin at 9 a.m.

Twenty door prizes will be given away and the major prize is a 25" RCA color television. All members are urged to attend.

Promotions are announced here

Recent promotions and reassignment of personnel in connection with the restructuring of the transportation department of Louisiana Resources Company were announced by Brian F. Billings, president.

Louisiana Resources Company, a subsidiary of Williams Exploration Company, owns and operates two intrastate pipelines and is engaged in natural gas purchasing and marketing in Louisiana.

Two promotions were made in Creole, Louisiana. James A. Bell formerly superintendent of the Cameron/Vermilion system, was elevated to general superintendent over both of the Cameron/Vermilion system headquartered in Creole and the Faustina system headquarted in Thibodaux.

Simon L. Boudreaux, formerly gas measurement specialist was promoted to area superintendent, Cameron/Vermilion system. Both will continue to be located in Creole.

O. L. Stevenson, formerly assigned to the Faustina system will assume the duties of area superintendent-field construction, a new position to be located in Creole.

Williams Exploration Company is a subsidiary of The Williams Companies of Tulsa. Subsidiaries of the parent company, whose assets are $1.8 billion, are engaged in the fertilizer, energy, and metals businesses.

Bank to hold open houses

Open houses will be held in the near future at both the Grand Chenier and Creole branches of the Cameron State Bank, according to E. J. Dronet, president.

Both branches were recently remodeled with new drive-in windows added, additional teller stations added, safety deposit boxes installed and lobbies made larger.

The Grand Chenier branch open house will be held from 10 a.m. to noon, Tuesday, July 12. Residents of the area are invited to begin registering now for door prizes and there will be refreshments and favors for all.

THOMAS [SONNY] MCCALL, left, is administered the oath of office as the new Cameron Parish School Superintendent by Roland Primeaux, parish clerk of court. McCall assumed his new duties July 1.

Beth Greathouse

Greathouse is state queen

Beth Lori Greathouse, a senior at Grand Lake High School, was crowned Louisiana Hereford Queen at the Louisiana Hereford Field Day at Nicholls State University in Thibodaux recently.

As the state queen, Beth will represent Louisiana at the National Hereford Convention in Kansas City, Mo. this fall. She will appear at fairs, festivals, livestock shows and on television and radio promoting the Hereford breed all over the state.

Beth is the 17-year-old daughter of Mr. and Mrs. George Greathouse of Grand Lake.

Rt. 1, Cameron

By Mrs. George Nunez

Mr. and Mrs. Curtis Portie Damon, and Danine spent a week in Watkinsville, Ga., and visited Mr. and Mrs. George Crum and boys, formerly of Hackberry, and also went to Six Flags over Georgia, Ft. Walton Fla. and visited Avery Island.

Mrs. Alma Portie, of Lake Charles spent the weekend with Mr. and Mrs. John Edward Portie and children.

Last week Mr. and Mrs. Dewey Bons of Port Arthur spent a few days with Mr. and Mrs. George Kelley and Mr. and Mrs. Warren Miller and Karen, and Mrs. Arthur Murphy.

Karl Theriot, and son, Chris, of Groves, Tex. spent the weekend with Edwina Theriot and Betty Theriot, Nancy, Romaine and Roman.

Mrs. Marqurite Tate, Earl Keith, and Tommy Dean Jr. spent the holidays here with relatives.

Buster LaBove of Beaumont, spent Sunday with his mother, Mrs. Elray LaBove.

Mr. and Mrs. Burton Daigle, spent the weekend in New Orleans with Sandy and Wayne Hebert, and Laura and Willie Daigle went to Lafayette, and spent the weekend with Mr. and Mrs. Gerald (Coe) Daigle and children.

Michael King has a new 77 Chevrolet truck.

Mrs. Cleo Vallett and Mrs. Tillie Mudd of Sulphur spent the day Monday, with Bud Murphy. Bud came out of the hospital Monday.

A barbecue was held at Mrs. Virgie Trahan's Sunday. Those attending were Mr. and Mrs. Ronnie Hebert, and boys of Lake Charles, Mr. and Mrs. Leon and (Bugs) King Jr. and boys also of Lake Charles, Mr. and Mrs. Pierre Savoie and Michael King.

Melvin Murphy of Freeport, Tex. spent the weekend with Mr. and Mrs. Bud Murphy.

Mr. and Mrs. Buddie Hardie, Belinda and Derick spent the weekend in Deweyville with his parents.

Mr. and Mrs. Butch Watts, Bryan, and Gannon of New Iberia spent the holidays with Mr. and Mrs. Brown Watts and Mr. and Mrs. Fletcher Miller, and Mrs. Matilda Doxey.

Rodney Guilbeau is in Lake Charles Memorial hospital. He underwent surgery and had a pace maker put in last Thursday and is doing well.

Returning from a 3 week vacation on the East Coast are Mrs. Frances Mudd, daughters, Amanda and Aimee and neice, Andrez Rials. En route to North Carolina, they stopped in Simpsonville, South Carolina to pick up Mrs. Mudds sister, Mrs. Shirley Chadwick and a niece, Penny Jo Boudreaux. They visited the Piuen family in Williston, N. C. including Mr. and Mrs. Elvin Piner and Mrs. Jessie Piner. The Piners are former Cameron residents.

Creole club elects 78-79 officers

Officers who will head the Creole Extension Homemakers Club for 1978-79 were elected at the club's June meeting held in the home of Mrs. John M. Theriot.

Elected to assume office Jan. 1 were the following: Mrs. M. C. Kelley, president; Mrs. Robert Fruge, 1st vice-president; Mrs. Mayola Wicke, 2nd vice-president; Mrs. M. C. West, 3rd vice-president; Mrs. John M. Theriot, secretary; Mrs. Wayne Montie, treasurer; Mrs. Harold Carter, reporter; and Mrs. Robert Ortego, parliamentarian.

At the same time, project leaders were named for next year as well as hostesses for each of the monthly meetings.

Mrs. Kelley announced that the club had exceeded its quota in funds collected for the Cancer Crusade in the Creole area. She congratulated and thanked members who had participated, singling out Mrs. Montie, Crusade chairman for special praise.

Members were reminded of the July Council meeting which the club will host at the W.O.W. Hall in Creole July 5.

Project leader reports were given by the following: Mrs. Montie, "Modern Methods of Freezing Fruits and Vegetables"; Mrs. Carter, "Summer Safety for Children"; and Mrs. Theriot, "Today's Fashion Clothes Have Tendency to Shrink."

Assisting Mrs. Theriot with hostess duties were Mrs. Robert Ortego and Mrs. Raymie Broussard.

GRAND LAKE SR. 4-Hers representing Cameron Parish in state contest at Short Course at L.S.U. in Baton Rouge recently are shown above: Sandra LaBolve, Betty Dugas, Anita Stamm, Mary Manuel, Shari Beard, Kenny Fontenot, Michael Beard, Beth Greathouse, Jolene LaBolve, Christine Chession, and Tina Demarates. The group was accompanied by local leader Mrs. Albert Guidry.

BLACK NEWS

Flowers placed on graves of unknown

By MRS. LEE J. HARRISON

Mrs. Agnes Nash placed flowers on the graves of the unknown Audrey Memorial dead in Combre Memorial Park at Lake Charles, June 27. Funds for the flowers were provided by the Audrey Memorial Fund in which Bryant Bartie is the treasurer.

Mr. and Mrs. Clarence Chaney of Dallas, Texas were weekend guests of Mr. and Mrs. Simon Harrison last week. Also visiting the Harrisons last Wednesday were Mr. and Mrs. Robert Richard of Los Angeles, Calif.

Mr. and Mrs. Jimmy Dozier and Arlene of Houston, Texas visited Mr. and Mrs. Clem January and Mr. and Mrs. John January, Sr.

Mr. and Mrs. William Turner, Patrick and Rhonda of Baton Rouge visited Mr. and Mrs. Bryant Bartie, Sr.

Steve Manning visited his parents in Hornbeck, Texas for the weekend.

Mrs. Bernice Daniels and her father, Mr. Washington of Lake Charles, and Mr. and Mrs. Phillip R. January, Sr. of Port Arthur, Texas visited Mr. and Mrs. Simon Harrison.

Mr. Bishop rites held

Funeral arrangements for Eli Bishop, 83, will be announced by O'Donnell-Hixon Funeral Home.

Mr. Bishop died at 4:25 p.m. Friday at his residence.

A lifelong resident of the Creole area, he was a veteran of World War I.

Survivors are three daughters, Mrs. Gladys Harmon of Lake Charles, Edith Bishop and Mrs. Anna LeBlanc, both of Creole; one son, Ferdinand Bishop of Creole; one sister, Mrs. Celeste Savoy of Cameron; seven grandchildren and one great-grandchild.

Magazines available from state library

Librarian Ada Broussard announces that the Cameron Parish Library has received the State Library's new catalog listing its collection of over 1000 current magazines. This is the largest magazine collection for loan to the general public in the state.

Although most public libraries have magazines for loan locally, many do not have as many specialized titles or such an extensive back file.

The new catalog is available for use at the Cameron Parish Library and its branches. Persons wishing to borrow magazines from the listing may do so through the Cameron Parish Library.

In cases where a person needs an article from a magazine which is not available from the collections of the Cameron Parish Library or the state Library, he can request that the State Library buy a copy of the article from another library in Louisiana or a library outside the state.

In this situation, detailed information must be given by the local library to the State Library to initiate the request: the name of the magazine, its volume number and year; the title of the article, its author and page numbers; and the patron's willingness to pay for copying costs.

"This interlibrary loan service which extends beyond state boundaries gives the Louisiana patron access to whatever current, up-to-date information he might need," Mrs. Broussard added.

In China, at one period, there were 3,000 rules of conduct to be learned and obeyed.

Group goes on Ark. vacation

Arkansas was the vacation spot for Donna, John, Jay, and Marty LaBove, Chris and Gabe LaLande an Jocelyn Williams.

The group enjoyed the Ozark mountains, Dogpatch U.S.A. and a canoe trip down the Buffalo River. They also enjoyed digging for diamonds at Murfreesboro's Crater of Diamonds and touring the Indian burial grounds.

The highlight of the trip for Gave was Eureka Springs. The group saw the Passion Play and toured the Art Gallery and Museum. Gave presented a very large crucifix fish to the museum, which he found on a Cameron beach. The Curator said the crucifix fish would be framed and displayed in the museum.

Donation is made by bank to colleges

The Louisiana Foundation for Private Colleges is the recipient of the donation from Cameron State Bank of Cameron, Joe Didier, executive director of the Foundation reports.

The gift, the Bank's second, was sent in by Mr. E. J. Dromet, president.

Louisiana Foundation, with headquarters in Baton Rouge helps support four of Louisiana's independent liberal arts colleges by soliciting funds from business firms throughout the United States.

GRAND CHENIER NEWS

Father Vaughn is new pastor at St. Eugene

By ELORA MONTIE

We wish to welcome Rev. Roland Vaughn, the new pastor of St. Eugene Catholic Church in Grand Chenier. Also best of luck to Father Joseph Woerdeman who has transferred to Our Lady of the Sacred Heart Church in Church Point.

Milton Collins came home this week from Lake Charles hospital. He will be going to a Houston, Tex. hospital for more tests and extras.

Mrs. Bertha Swire returned home Saturday, July 2, from Memorial hospital in Lake Charles, where she had undergone surgery. She is doing very well.

Mr. and Mrs. Walter Dupuis celebrated their daughter's, Monica, 10th birthday at their home Monday, July 4. Helping her enjoy her cake and punch were Pam Cessford, Penny and Paul LaComb of Lake Charles, Mr. and Mrs. Edwin Mhire, Mrs. Onelia Dupuis, Shane Broussard, Mr. and Mrs. Dwayne Granger, Mr. and Mrs. Michael Dupuis and Shondell.

Congratulations to Mary Kay Pinch of Grand Chenier, daughter of Mr. and Mrs. William (Bill) Pinch, who was crowned Queen of the 1977 Cameron Parish Fishing Rodeo.

Spending some time with Mr. and Mrs. Tom Hess were Mrs. Hess' mother, Mrs. Jewell Beach, and two brothers, Howard and Richard Beach, and families of Shreveport.

The Joe Archie family of Lafayette spent some time in their home here, during the holidays.

VISITING

Mr. and Mrs. Henry Roy were guests of Mrs. Lorena Montagne of Chenier Perdu.

Dale Cartwright of Houston, Tex. spent the weekend visiting the Henry Roys and the Hayes Picou family.

Mr. and Mrs. Andrew Landry and Dannette of Erath visited the Walter Dupuis family, and Mrs. Onelia Dupuis, on their way to Galveston. In Galveston, they will spend some time with Mrs. Landry's sister and family, the Billy Joe Brownings.

Spending July 4 at Lake Arthur park were Mr. and Mrs. Manson Vincent and family, Mr. and Mrs. Wilson Swire and family, Ray Nunez and Elora Montie.

Spending July 4 in Lake Arthur visiting the Earl Doland family and the Robert Doland family were Mrs. Estelle Doland, Mr. and Mrs. Pat Doland and family, Mr. and Mrs. Billy Doland and family and the Curtis Richard family and a friend from Orange, Tex.

Spending Tuesday with Estelle Doland were Mr. and Mrs. Bobbie Doland and family of Houston, Tex.

Mr. and Mrs. Rudolph Miller of Palmetto, Ga. are visiting Mr. and Mrs. Gilford Miller and family and other relatives in this area.

Spending Sunday with Mr. and Mrs. Roy Clark and Roy Allen were Mr. and Mrs. Whitney Miller and family of Lake Charles.

Dona and Ella Louise Booth returned home Friday from their vacation in Calif.

Mrs. Bernice Booth and family, Mr. and Mrs. Joe Babineaux of Lake Charles and Mrs. Edna Baccigalopi of Creole spent Thursday through Saturday, in New Orleans visiting Mrs. Booth's brother and family.

Mr. and Mrs. Gilford Miller and Cheryl spent Thursday through Saturday with Mr. and Mrs. Dudley Thibodeaux in Lake Arthur.

Mrs. Mamie Richard and Mrs. Glenn Richrd attended the funeral of John Gilbert Jr. in lake Charles, Tuesday, July 5.

Mr. and Mrs. Horace Mhire, Lawrence, and Dennis and Ronald Dupuis spent some time at their farm in DeRidder.

Visiting the Whitney Baccigalopis on July 4 were Mr. and Mrs. Bobbie Baccigalopi and family of Houston, Tex.

Mr. LaBove rites held

Desrie (Jack) LaBove Jr. of Port Arthur, Texas, died June 29 at his home.

A native of Cameron, he had lived in Port Arthur since 1910. Mr. LaBove retired from Gulf Oil in 1953 as a boilermaker. He was a member of the Knights of Columbus No. 1304 and St. James Catholic Church.

Funeral services were held July 1 in St. James Catholic Church.

Survivors include his wife, Mrs. Mary Reaux LaBove of Port Arthur; two sons, Sidney P. LaBove of Port Arthur and John R. LaBove of Groves; one daughter, Mrs. Ruby Comeaux of Groves; six grandchildren, and eight great-grandchildren.

The four colleges, all fully accredited four year schools, are: Centenary College in Shreveport; Louisiana College in Alexandria-Pineville; Dominican College in New Orleans, and Holy Cross College in New Orleans.

DECISIONS, DECISIONS, DECISIONS—What possessions do you take along when you move far away?

Some observations on European travels

By GENEVA GRIFFITH

Anyone planning a trip to Europe in the spring or early summer and who believes the travel brochures that say the weather averages in the 70 degrees, is crazy.

An all weather coat is a necessity when visiting the Continent, not only for the warmpth it provides, but for the almost daily showers.

An even better idea is to throw in an extra sweater or two, even if you are counting luggage pounds, and traveling light.

Traveling light is also a MUST because you must remember that all of those pounds you have in that suitcase have to be lugged by you—bellhops are rare.

Another bit of advice is to go on a strict diet before you depart to make up for the pounds you will surely gain when you partake of the good food offered in all of the countries.

"Paris in the Springtime" has no equal anywhere and everyone should go there during the season at least just once.

The highlight of the recent CODOFIL Mass-Media trip to Parish was the visit to the Palace of President Giscard D'Estaing which was built by King Louis 15 for Madame Pompedour.

The priceless antiques and tapestries in the palace are under very heavy guard at all times and all those entering the front gate are under very tight security. It is not open to the public.

The Louisiana journalists who were afforded a reception at the palace and an audience with the President felt like they were indeed priviledged.

There has always been a close bond between the French and American people-a bond that spans over 200 years.

This is felt, especially in Louisiana, and even more so in Cameron Parish, where the President's neice, Genevieve De LasCases, was a guest of the Cameron Louisiana Fur and Wildlife Festival in 1976.

Miss De LaCases represented her country as "Miss Press France" at that festival.

This reported was priviledged to have a reunion with her and to have dinner in her home in Paris, where she sent back her best wishes to the people of Cameron parish.

Everywhere in France a tourist has to be impressed with the natives' love of the old things and of their heritage.

All of the old buildings are carefully preserved and restored and even the new homes are built to resemble the old homes so the landscape all looks the same. Everything with the charming centuries old look.

The people rebel at the sight of new skyscrapers going up in the larger cities, to vie with the centuries old church spires, because they do not like to see the skyline ruined.

Many of the quaint old hotels remain in constant use, but many new ones are being erected in the cities. There does not seem to be any motels yet.

Most of the newer hotels have self service refrigerators in each room that can be operated with the room key and automatically records a purchase on your room bill.

If you punch Coke you get beer; if you punch beer you get peanuts; and if you punch peanuts you get juice, so you give up and have a party with your "pot-luck".

All Europeon hotels furnish a continental breakfast with the room. This includes coffee, crispy rolls, French bread, real butter, and jelly. Anything else is extra.

All you have to do is mark your breakfast card and hang it on the outside of your door at night saying what time you want to it, then at the precise time, it is brought to your room so you may enjoy breakfast in bed.

The road signs in Europe are fantastic and no one needs to speak a language to understand them because they are drawn out for you in pictures.

If you decide to walk around the cities or tiny villages be sure to take along a comfortable pair of low heeled, thick soled shoes, because cobblestones were not made for the modern thin soled leather, high heeled shoe.

A tour of the very old churches and cathedrals in each town will yeild some of the most beautiful tapestries, carved wood, marble and stone art in the world, lovingly cared for by the parishioners, often with fresh flowers in them each day.

Vinegar should never be kept in a metal container because it reacts with metal and eats it away.

Do It Yourself AND SAVE!

See us for all your home repair or remodeling needs!
Also a complete line of hand & power tools.

NOTICE TO CONTRACTORS

Sealed proposals will be received by the Board of Commissioners of Waterworks District No. 7 of Cameron Parish, La., until 6:00 p.m., CDST, on the 20th day of July, 1977, for the drilling and constructing of one deep water well and the furnishing and installing of one deep well pumping unit. The proposals will be opened and read publicly at the appointed hour at Creole K. C. Hall, Creole, La.

All bids must be made on the proposal form which is attached to the specifications, and is not to be separated therefrom.

Specifications are on file and may be examined at the office of Mr. Dan Dupont, Water Superintendent, Court House, Cameron, La., and at the office of Frederick E. Smith, Consulting Engineer, Sulphur, La. Copies of the specifications and bid form may be obtained by Contractor from Frederick E. Smith, Consulting Engineer, 1514 Wisteria Lane, Sulphur, La. 70663, upon deposit of $35.00, which deposit will be refunded to each actual bidder.

Each bid must be accompanied by bid guarantee in the form of bid bond, certified or cashier's check, in the amount of five percent of the total amount of bid.

No bid may be withdrawn after the scheduled closing time for receipt of bids until a period of thirty days has elapsed.

The undersigned reserves the right to reject any or all bids and to waive informalities.

BY: Fredman Theriot,
Chairman

Run: June 23, 30, July 7

NOTICE OF PUBLICATION
CAMERON PARISH SCHOOL BOARD

By virtue of and in conformity with the procedures of Section 151 through 158 of Title 30 of the Louisiana Revised Statutes of 1950, as amended, sealed bids will be received at the office of the Cameron Parish School Board in Cameron, Louisiana, on or before the eleventh (11th) day of July 1977, at 10:00 a.m. at which time all bids received will be opened by the Cameron Parish School Board, for a lease covering the oil, gas, sulphur, potash and or other liquid gaseous hydrocarbon mineral rights in, to, and under the following described property:

The North One-Half (N 1/2) of Section 16, Township 14 South, Range 5 West, of Cameron Parish.

All bids are to offer a cash bonus for a lease having a primary term which shall not exceed three years. Minimum royalties shall be one-fourth (¼) of all oil and gas produced and saved; two dollars ($2.00) per long ton for sulphur produced and saved; twenty cents ($.20) per ton for potash produced and saved; one-fourth (¼) of all other minerals produced and saved.

Any lease granted hereunder shall be on the regular current State Agency form and shall be subject to the approval of the State Mineral Board. Certified check, Bank Money Order, or Cashier's check, payable to the Cameron Parish School Board for the full amount of the bonus, shall accompany and be submitted with each bid; and no bid thus submitted may be thereafter withdrawn or cancelled; and the cash bonus accompanying the bid of the successful bidder shall be forfeited to the Cameron Parish School Board should he not return the written lease, duly executed, within twenty (20) days after his receipt of the same.

The Cameron Parish School Board reserves the right to reject any and all bids and to grant a lease on any portion of the tract advertised for a price not less than proportionate to the best bid offered for the lease on the entire tract.

STATE OF LOUISIANA
PARISH OF CALCASIEU
14TH DISTRICT COURT
SUCCESSION OF EDGAR WILLIAM BROWN, JR.
Probate No. 17,657

NOTICE is hereby given that E. W. Brown, III, L. SLADE BROWN, JOHN S. BROWN and CHARLES E. BROWN, Co-Testamentary Executors of this Succession, have applied for authority to execute a unitization agreement with SHELL OIL COMPANY as operator, creating a voluntary unit for the production of oil, gas, and other hydrocarbons from the Oligocene Anahuac and Upper Frio Sands consisting of the following described property situated in Section 17, Township 12 South, Range 12 West, CAMERON PARISH, Louisiana, more particularly described as follows:

Commencing at the northwest corner of Section 17, Township 12 South, Range 12 West, Cameron Parish, Louisiana; thence South 2970.00 feet along the west line of said section to the point of beginning of herein described tract; thence South 89 deg. 56 min. 00 sec. East 1320.00 feet; thence South 660.00 feet; thence North 89 deg. 56 min. 00 sec. West 1320.00 feet to the west line of Section 17; thence North 660.00 feet along the west line of said Section to the point of beginning;

The succession being the owner of an undivided 13/36ths interest in and to said property, subject to prior mineral leases heretofor granted covering same.

The terms and provisions of the proposed unitization agreement are as set forth in a copy thereof attached to the application filed herein as Exhibit "A" thereto.

Any opposition to the proposed order authorizing the Co-Testamentary Executors to execute the proposed pooling and unitization agreement may be filed at any time prior to the issuance thereof. The order may be issued at any time after the expiration of seven (7) days from the date of publication of this notice.

BY ORDER of the Fourteenth Judicial District Court, Calcasieu Parish, Louisiana, dated this 29th day of June, 1977.

Editorial cartoons

"Best Editorial Cartoons of the Year, 1977," compiled by Charles Brooks, pub. by Pelican Publishing Co., 630 Burmaster St., Gretna, La. 70053, 160 pp., $4.95 paperback; $9.95 hard cover.

by MARIE WISE

It's all there — 1976 in review as depicted by the best editorial cartoonists in the country. They do it as no other form of expression could, with hard-hitting sketches that satirize national and world happenings.

Some are delightful, such as Viking II futilely scannig for life on Mars while a little rock with legs runs for cover. Other are ominous—nuclear waste, energy shortage, world resources, South Africa.

Many are prophetic; all hit their messages home; Golf club saying to ball, "What's President Ford's handicap?" the Ball's answer: "Nixon."

Nixon gets tough treatment from the cartoonists; so does Kissinger; the Howard Hughes will and the Concorde are played for laughs. Most popular with the experts is Jimmy Carter - his toothy smile is used repeatedly and also decorates the edition's cover.

There are 25 major topics from the Olympics to Wayne Hays, each chapter with an introduction to update the cartoons for 1977 or any year to come.

Rodeo Scenes

PICTURED ABOVE were some of the fishermen and their catches in the Cameron Deep Sea Fishing Rodeo held last weekend.

TOP LEFT, James Pat Giblin, J. T. Primeaux and Leslie Griffith and 129 pound shark caught on the Clipper Jack.

TOP RIGHT, three of the fishermen with some nice entries.

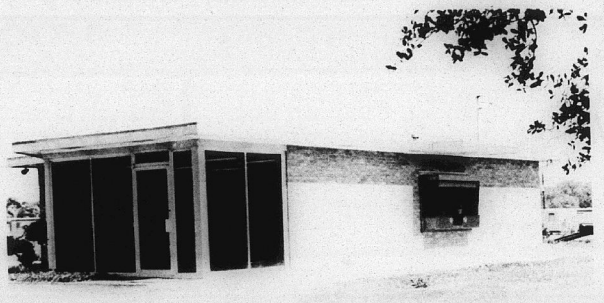
LOWER LEFT, Archie Conn and Jerry Beal with catches.

LOWER CENTER, Darren Richard, Wes Perry, Allison and Dana Richard a big haul.

LOWER RIGHT, Braxton Blake and Duford Harrington show off shark.

New Lions

NEW OFFICERS of the Cameron Lions Club who were installed recently are pictured above at the installation banquet.



Open house

THE NEWLY remodeled Grand Chenier branch of the Cameron State Bank will have an open house Tuesday, July 12 from 10 a.m. to noon. Among the new facilities is a drive-in window shown on the side of the building.

Art show set

An outdoor art show will be held at Karo's Kajun House at Hackett's Corner July 30 and 31 from 1 to 6 p.m. each day.

The dates for the 1978 alligator season will be set Tuesday, June 12 when the Louisiana Department of Wildlife and Fisheries meets in New Orleans.

The season is expected to apply to Cameron and Vermilion parishes.

Most oak trees take 100 years to reach maturity.

Open Air Show

Randell Young of Eunice will be featured as guest conductor for the second open-air concert to be presented by McNeese State University's Summer Band at 6:30 p.m. Thursday, July 7.

Presented in a casual "Pops" format, MSU's annual series of summer concerts are popular with area audiences, who enjoy the lighter musical fare presented in a relaxed atmosphere from the steps of McNeese Auditorium.

A variety of music, with something slated for all musical tastes, is chosen for each of the three programs.

Scene at Grand Chenier branch open house

Open house held at G. C. branch bank

An open house was held at the Grand Chenier branch of the Cameron State Bank Tuesday to introduce the public to the branch's new facilities, including a new drive-in window, new teller station and safe deposit boxes.

Winners of the door prizes were: William James, glass set and ice bucket; Mrs. Berta Roy, $50; David Doland, $25; Elizabeth Brasseaux, Mary McCall, Brady Richard, Coy Duplechain and Cherie Doland, $10 each; Deidre Theriot, Mrs. Enez Domingue, Mary Thibodeaux, T. J. Porche and Pat Landry, $5 each.

Pictured above at the open house from the left are: Robert Manuel, being served refreshments; J. P. Crain, Bank board member; Roni Theriot, serving the punch; Leslie Richard, chairman of the board; Lionel Theriot, board member; Mona Brasseaux, serving cake; and E. J. Dronet, bank president.

MEMBERS OF the South Cameron Leo Club served the meat at the recent Cameron Lions Club ladies night banquet. Shown serving Lion Roland Primeaux are, from left: Laurie Dyson, Angela Stephens, Rosalyn Crain and Mona Brasseaux. [Photo by Geneva Griffith]

Mosquitoes have big year

By DONALD MENARD
Cameron Parish Mosquito Control Director

With the summer nearly half over, this is by far the worst year we've had for mosquitoes in many years. We've had two major parishwide broods of mosquitoes hatch off, and we can expect another in a few days due to all of the scattered thunderstorms we have been having.

Since the primary goal of mosquito control is not to eradicate mosquitoes, but to hold populations at as low a level as possible, in this article we'll try to show how we attempt to do this.

There are two types of control practiced by mosquito control districts, permanent and temporary control.

Permanent control is the altering of the environment in such a way that mosquitoes cannot complete their life cycle. This can be done in several ways. Since mosquitoes must have water to grow in, removal of water which harbors mosquitoes is the first step.

This can be accomplished by grading, leveling, ditching and draining so that water doesn't stand long enough for larvae to develop. Installing of dikes and gates to keep salt sater from flooding pasture land and still allow drainage will prevent many mosquito problems.

Since our budget would have to be about three times what it is now in order to purchase and maintain the heavy equipment used in such operations, and since the marshes in Cameron are important breeding grounds for many beneficial organisms such as shrimp, fish and crabs, it is unfeasible to drain most areas of the parish.

Individual land owners could help themselves a good deal by keeping pastures and fallow fields drained, since this type of situation produces salt marsh mosquitoes by the millions after a good rain. A little ditching would, in most cases, eliminate a lot of mosquitoes around their own property.

Another way each person can help is to empty all water holding containers such as old tires, tin cans, old boats, etc. These can all produce enough mosquitoes to keep your yard infested year round.

Since permanent control is impractical at this time, temporary control is our only alternative. This can again be broken up into two main types, biological and chemical.

BIOLOGICAL CONTROL

Biological control involves the use of natural means such as predators and disease to reduce populations. Predators such as birds, bats and dragonflies help to reduce populations of adult mosquitoes while small fish and minnows eat the larvae and pupae. The only problem with fish is that in dry years, such as this year, the fish die off as the water dries up and mosquitoes can then grow unmolested.

Scientists have also been working for years with nematodes, fungi and bacteria that attack mosquitoes, but haven't had much success yet.

CHEMICAL CONTROL

The other type of temporary control is chemical control. Chemical control consists of larvicides and adulticides.

Larvicides are applied to the water to kill developing mosquitoes before they emerge as adults. Larvicides are not practical in this area for several reasons. First, they cost several times more per acre to apply than adulticides. Second and most important, most larvicides kill other aquatic organisms besides mosquito larvae. Also, a much larger area would have to be larvicided to be effective, and if only a small area happens to get missed by the chemical, that area would produce enough mosquitoes to reinfest the populated areas.

So all this leaves us with is adulticiding. In Louisiana, only five chemicals are registered for use by the E.P.Q. as widespread mosquito sprays, Dursban M.F.C., Baytex, Pyrethrum, Malathion and Dibrom 14. The first two of these can't be used in this area since they kill several types of aquatic life. Pyrethrum gives a quick kill, but is about four times more expensive than the others.

So, Malathion and Dibrom are the only chemicals we can use for widespread treatments. Both are applied at the rate of 3/4 oz. per acre, the maximum allowed by federal law.

All of our aerial spraying is done with Dibrom. This chemical gives a quick kill but coses about $40 per gallon, while Malathion costs about $11 per gallon.

We've divided the District into 10 aerial spray zones, which take an average of two hours each to spray and cost us from $1200 to $1400. All aerial treat-

A VERY SUCCESSFUL Cameron Deep Sea Fishing Rodeo was held the Fourth of July weekend. Here one of the fishermen, Mrs. Joe Oberle of Port Arthur, Texas shows off her catch of king mackerel. [Photo by Geneva Griffith]

Hackberry oil storage hearing announced

Although the Federal Energy Administration has announced that it intends to have crude oil pouring into caverns in the West Hackberry salt dome by the end of July, the Louisiana Department of Conservation is holding a hearing on Aug. 9 on authroizing the use of the domes.

A notice of the hearing, signed by Commissioner R. T. Sutton, is to be found elsewhere in this issue of the Pilot.

The hearing will beheld at 9 a.m., Aug. 9 in the state Land and Natural Resources Building in Baton Rouge.

Oral and written comments from any interested party will be received at the hearing and persons wishing to present written comments but who will not be able to attend may write the Department of Conservation, P. O. Box 44275, Baton Rouge, La., 70804.

The hearing is to determine if the area of the salt dome to be used is "suitable and feasible for such use;" if there is any danger of contamination to fresh water, oil, gas and other commercial mineral deposits; and if would be any danger to lives, property or the enviroment.

In addition the Commissioner will consider disposing of the brine displaced from the caverns via deep well injection.

Thomas E. Noel, FEA assistant administrator, told the Cameron police jury in June that Hackberry would welcome the nations first storage site for national emergency oil supplies.

$3,253 raised in drive

$3,253.58 was realized from the recent fund-raising drive for the Calcasieu-Cameron Association for Crippled Children and Adults, according to E. J. Dronet, chairman.

"The drive was most successful with area community chairmen and club organizations doing an outstanding job raising funds and the public responding greatly for the worthy cause," Dronet stated.

Heading the drive in the various communities were: Norma Blake of Cameron, business donations; Neomi Penny, Hackberry; Mrs. Guy Murphy, Jr., Grand Chenier; Randalin Crain of Grand Chenier, Leo Club; Geneva Griffith of Creole, publicity; Hilda Henry of Cameron; Errol Cheramie of Cameron, Lions Club; Mona Batts, schools; Mrs. Elden Young of Johnson Bayou; Mrs. Tony Sturlese of Creole; and Ira K. Ellender of Hackberry, president of the Hackberry Lions Club.

Anyone knowing of a crippled child or adult needing assistance is asked to contact Mr. Dronet or Mrs. Norma Blake, who serve on the board of directors of the association.

Cameron Telephone gets rate, service change

An increase in rates charged by the Cameron Telephone Co. for telephone service has been approved by the Louisiana Public Service Commission.

In an order issued last month, the commission approved Cameron Telephone's petition to upgrade its system with one-party service and making four-party service available at the option of subscribers. The monthly charge for four-party service will be 80 per cent of that for a one-party service.

Other points in the five-part order issued by the commission are:

The company will eliminate mileage charges for residential customers when one-party service is established.

The base rate area for business customers will be expanded.

Rates for one-party service may be increased over a five-year period.

The company is authorized to increase rates for nonrecurring charges.

The conversion to one-party service will take from one to three years, according to William L. Henning, president of the company.

The increase in the rate for one-party service will begin with the elimination of mileage charges for residential service.

The first year's increase on residential telephone service will be 85 cents a month and will increase at the same rate each year after that.

Legion, Auxilary installation set

Officers will be installed for the Richard Bros. American Legion Post and ladies auxiliary at the July meeting to be held Tuesday, July 19, at 7:00 p.m. at the Post Home in Creole, according to Oscar Reyes, Commander.

Visitors from other posts around the state are expected at the annual event.

Installation

The annual ladies night and installation of officers of the J. P. Boudoin Sr. KC Council will be held Thursday night, July 14, at 7:30 p.m. in the Knights of Columbus Hall in Creole.

Tennis winners

Winners of the recent men's 30 and over doubles tennis tournament held at the Cameron Tennis Courts were: Wayne Kershaw and Robert Fruge, 1st place; Bill Morris and Robert Manuel, 2nd place; and Robert Ortego and Wayne Batts, 3rd place.

Pool rules

Warner Diagle, Cameron recreation director, announced that effective July 12, the Cameron Swimming Pool will close for each swimming session if there are 12 or less persons in the pool after a one hour period.

Tennis tourney

A men's tennis tournament for men 18 through 29 will be held on the Cameron Recreation District Tennis courts from July 22-24.

Participants should contact Warner Daigle, recreation director, at the tennis courts on Wednesday, July 20 for pairing and time.

Lucky sevens

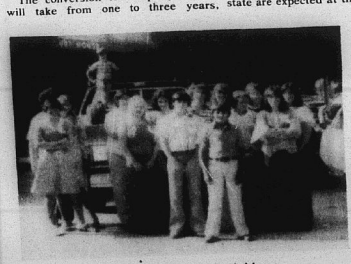
By MRS. GEORGE NUNEZ

Seven was the lucky number for Mr. and Mrs. Buddy Hardie Jr. when their new son, Brian Devin, was born on the 7th day of the 7th month (July), 1977 and weighed 7 lbs. and 7 ozs.

He was welcomed home by a sister, Belinda, and a brother, Derick. Grandparents are Mr. and Mrs. Malcolm Savoy and Mr. and Mrs. Buddy Hardie, Sr. Great-grandparents are Mr. and Mrs. Bud Murphy and Mrs. Margaret Savoy.

KC program

The installation of officers of the Our Lady Star of the Sea KC Council will be held Sunday night, July 17, at 7:30 p.m. in the Family Center of the church.



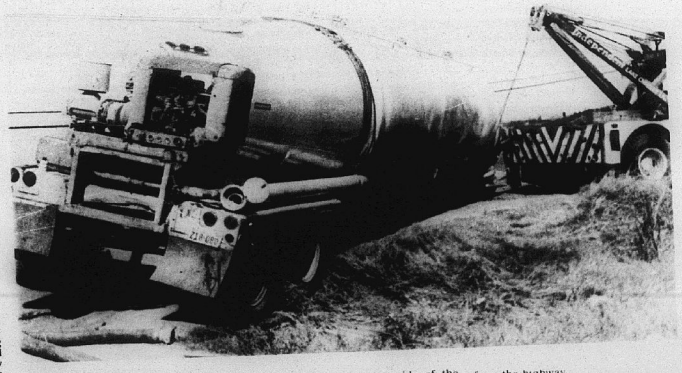
Visiting Missouri 4-Hers

Missouri 4-Hers visit the parish

Visiting Cameron Parish 4-Hers last week were 4-H Junior Leaders from Missouri. The Exchange trip was sponsored by the Jeff Davis Junior Leaders Club.

A total of thirty-two Missouri Junior Leaders made the trip and spent the week in homes throughout Jeff Davis and Cameron Parish. Plans for the week included fishing trips; tours of Cameron Parish; visit to Rockerfeller refuge and swimming in the Gulf. The week ended with a "Bon Voyage" party held in Jennings for the Missouri Junior Leaders.

Junior Leaders who entertained Missouri 4-Hers in Cameron Parish were: Todd Montie, Anita Stamm, Mary Manuel, Cindy Nunez, Rosalind Crain, Renee Boudreaux and Christine Powers.



Wreck blocks highway here

Highway 27 on the east side of the town of Cameron was partially blocked for much of the day Tuesday by a large oilfield mud truck that was involved in an accident early that morning.

The mud truck harden and it took several wreckers to eventually move the truck from the highway.

There was enough room for cars to pass but large trucks were delayed for several hours until the road was completely cleared since there is no alternate route through the town of Cameron.

Good reading

Cajun cooking the microwave way

"Saute: A Collection of Creole Recipes for the Microwave Oven" by Jeanne H. Landry P.O. Box 24191, New Orleans, La. 70184, 64 pp., $4.95.

Reviewed by MARIE WISE

Roux that cooks in 15 minutes? Crawfish etouffee in 30? Jambalaya in 75? Yes! If you have a microwave oven and Jeanne Landry's recipes from her new "Saute" book.

It's all done the Cajun-French way, but with a microwave replacing the big iron pot. And what a transition! Preparation time is reduced to half and stirring to almost nothing.

The chopping stays. Creole dishes would never be the same without their green, white and red onions, celery, bell peppers, parsley and garlic, all cut up into tantalizing sauces accented with cayenne, tabasco, file, andouille, chili peppers, and the assorted secrets of South Louisiana culinary tradition. But you have time to do the chopping as the oven does the cooking, author Landry says.

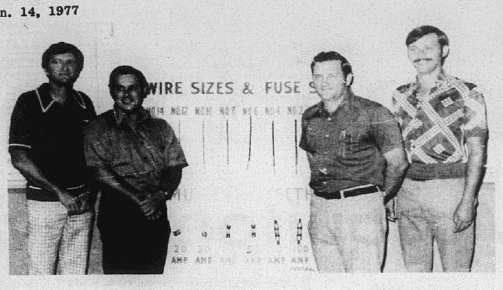
The magic of the microwave is its speed while retaining the special French cuisine flavors, she tells her readers. Jeanne Landry spent eight years adapting the world-renowned dishes of her native New Orleans area from the iron pot to the microwave method.

She had spent a lifetime among superb cooks from families appreciating the art: her Robichaux grandparents from Pontchatoula; her Grandmother Higginbotham whose specialities were rice dressing, creamed corn "and letting my Paw-Paw (Grandfather Higginbotham) cook red beans"; her mother whose cooking combined the best of both families; and her mother-in-law who excelled at turtle soup, grillades and daube. All of these have been adapted for "Saute".

The adapting came naturally to Jeanne Landry soon after she accepted a job as consumer educator with a major appliance distributorship. Here she used her first microwave oven, was intrigued with it, and has been "translating" recipes ever since. Now she is supervisor of a consumer education program in Louisiana and Mississippi.

Microwave cooking is different, this mother of five advises; you do have to learn how. But the new methods are fun; quicker, cooler, easier, and "the food tastes so good!"

Her paperback "Saute" is 6 x 8½ in., spiral bound, in seven sections from soups to miscellaneous. There are gumbos, sauce piquant and dirty rice; eggplant, squash and mirlitons stuffed with shrimp, crab, ham or ground meat; fig preserves, potato salad, and much more.



Teachers attend workshop

Some 80 high school and junior high school vocational agricultural teachers from the central and southern portion of the state attended a Vocational Agricultural Teacher Workshop June 27 through July 1 at the Bunkie Youth Center in Bunkie.

The workshop was jointly sponsored by Central Louisiana Electric Co. and Gulf States Utilities Co. in cooperation with the Louisiana State Department of Education. Instructors for the course were CLECO and GSU employees.

The workshop agenda included the wise use of energy, wiring fundamentals and safety, the Farm Electrification Contest guidelines and the correlation of food produced on the farm and energy needed to produce it.

Shown above at the workshop were: from left, instructor Buddy Johnson of Gulf States Utilities Co., Steve Racca of Hackberry School, Uland Guidry of South Cameorn High and Gary Pool of Grand Lake High.

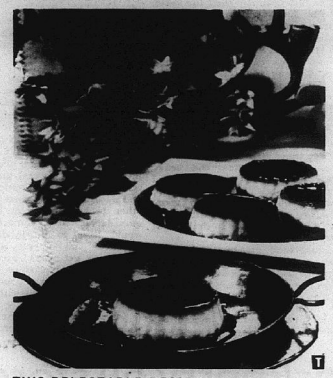
Cooking Corner



THIS DELECTABLE DESSERT, Caramel Custard, can be made practically cholesterol-free.

MEXICO'S DELICIOUS DESSERT

CARAMEL CUSTARD

Desserts in Mexico are superbly sweet and delicious—and the Mexican specialty for making dinner complete is delectable caramel custard, called flan.

Traditionally, flan is prepared with great numbers of eggs and whole milk—a high calorie, high cholesterol dessert. But now you can create this great dessert right in your kitchen without the high calories or high cholesterol.

This custard recipe uses the new egg substitute, Morningstar Farms Scramblers, which are made of farm fresh egg whites—no yolks—and contain no cholesterol. The recipe calls for skim milk in order to maintain a low saturated fat and cholesterol content.

Scramblers are found in your grocer's freezer section conveniently packaged in three individual cartons. Each carton contains the equivalent of two large fresh eggs.

They can be stored in your freezer or if you'll be using them within a week, in your refrigerator. They thaw overnight in your refrigerator. To thaw them quickly, place the carton in a bowl of hot water. Always be sure to shake the carton well before using.

This custard dessert is just one of the dessert uses for Scramblers. They're convenient and sensible for using in all your cream pies such as lemon and coconut. They're great scrambled for breakfast and in many casseroles, too. If your recipe calls for two eggs, use one carton. If it calls for one egg, shake the carton well and measure out one fourth cup of Scramblers.

Here is how you make Mexico's favorite dessert the low-cholesterol way.

CARAMEL CUSTARD (FLAN)

2 cartons (1 cup) Morningstar Farms Scramblers
1 cup sugar
1/4 teaspoon salt
1 1/2 teaspoons vanilla
2 cups skim milk, scalded

Caramelize 1/2 cup sugar over low heat until it melts, stirring occasionally. Coat bottom and sides of six custard cups with syrup. Combine remaining ingredients, pour into custard cups. Place in a shallow pan filled with one inch of hot water. Bake in 350°F. oven for 35 to 40 minutes or until a knife inserted in center comes out clean. Loosen sides and invert in sauce dish to serve. Makes six servings.

Enjoy your microwave oven says author Jeanne Landry; it can be as dependable a cooking companion as the big iron pot. Creole cooking in either one starts off the same way:

First you make a roux, then you "Saute" . . . . .

Hints for HOMEMAKERS

Tips To Help You

Staple A Roof?
It's The Latest Technology

Experts estimate that 3.4 million homes will need new roofs this year. These homeowners can slash installation costs if they select the right roofing contractor. The modern roofing contractor installs shingles with a heavy-duty air-powered stapler.

Staple a roof? That's right. Wide crown roofing staples are a far cry from the thin wire staples you use to hold paper together. According to the Paslode® Company, a leading manufacturer of pneumatic (air-powered) fastening tools and fasteners, roofing staples hold shingles exceptionally well because they have two shanks, whereas nails have only one. What's more, model building codes, industry associations and shingle manufacturers recognize the use of heavy-duty staples for roofing.

Roofing contractors around the country who have used roofing staples report that they can install a roof in half the time it used to take with hammer and nails. And that time savings translates into cost savings for the homeowner.

As for quality of work, the constant air pressure of the tool allows each staple to be driven uniformly into the shingle and roof, providing a solid, long-lasting installation. Many roof contractors have installed thousands of stapled roofs with virtually no unsatisfied customers.

Ask your roofing contractor if he'll install your new roof with power staplers. They'll save him time, and you money.

Alligator season is announced

Southwest Louisiana's alligator hunting season, the only one of its type in the nation, will open Sept. 1 and run through Sept. 30, the Louisiana Wildlife and Fisheries Commission decided Tuesday.

The harvest, as in past years, will be conducted only in Calcasieu, Cameron and Vermilion parishes under under permit, about eight per cent of 'gators in the three parishes, and maximum of about 8,000 from a total population of some 108,000.

Last year's hunt in the three parishes, produced about 4,300 alligators and the hides sold for some $509,000.

Ensminger said legislation just approved will allow non-residents to participate in the 'gator hunt but noted any such hunters must first find a landowner who will permit the hunter to use tags allocated to that property.

strict regulations by the Department of wildlife and fisheries.

Allan Ensminger, chief of the Refuge Division of DWF, said plans call for taking,

SHERIFF'S SALE

Love Is What NUNS Are Made Of

Love of Christ! Love of humanity! Love of souls! That's what a Catholic nun is made of.

Only such a powerful motivation, in fact, could prompt a young woman to choose such a life. For the life of a nun offers no practical or material rewards commensurate with the sacrifice she makes to be one.

A nun turns her back on the pleasures, vanities and possessions most women want out of life. Instead of having a family and home of her own, she lives in a community with other nuns. Instead of trying "to keep up with the Joneses," she dedicates herself to a lifetime of poverty, chastity and obedience.

She makes these sacrifices . . . and devotes years to her education and training . . . so that she may be able to devote the fulness of her mind and heart and talents to the service of God. So that in the pursuit of her own holiness she will bring holiness to the souls she so humbly seeks to serve.

The number of young women who feel a divine call to the life of a religious is relatively small compared with those who choose otherwise. Yet something like a million nuns of the world-wide Catholic Church serve Christ and humanity in religious, charity and education activities that bless the lives of everyone, everywhere.

Catholic nuns, of course, are a familiar sight to people of all faiths almost everywhere. For withal the seclusion and humility of their personal lives, their labors of love are visible to everyone in their work of charity, education, social betterment and religion.

But noe so well known . . . and worth knowing . . . is the story of how and why a nun becomes a nun, and the education and training that go into her preparation. Equally interesting is the story of how the individual talents of aspiring nuns are fitted into the work of the various sisterhoods, to provide a richly rewarding career for those who choose the religious career.

These and many other interesting facts are related in a new pocket-size pamphlet "About Nuns," which we will be happy to send free upon your request. It describes, among other things, how the spirit of Christian renewal proclaimed by the recent Vatican Council touches upon the life and work of the religious women of Christ's Church.

Write today. Ask for Pamphlet No. KC-25. It will be sent without cost or obligation. Nobody will call on you.

Mosquitoes

Cont. from Page 1

when really necessary. Spraying with trucks will cause very little resistance buildup and should be used whenever possible over the plane.

Malathion is used only in the spray trucks. It works just as good as Dibrom, but is a little slower acting, taking about four hours to get a complete kill.

The spray trucks, although not as effective as the plane on large broods, do a good job of holding down populations in residential areas, at about 1/10 the cost of an aerial treatment. The trucks can spray when winda are not over 10 miles per hour, so can get out many more times than the plane. All the drivers of the spray trucks are instructed to back down all driveways as far as possible. They will even drive out into dry fields and barn yards if the owners will open the gates.

Since mosquitoes travel up to 30 miles from their breeding ground in a few days, they can quickly repopulate areas which have just been sprayed, forcing us to retreat some areas several times before populations are lowered.

The District welcomes comments from the public and does its best to answer any questions you may have. Our regular office hours are from 7 a.m. to 4 p.m. weekdays. All other times, an answering service will tell you which areas are scheduled for treatment that night and will record a short message.

Since it is impossible for the Mosquito Control Board Members and Police Jurors to know which areas are going to be scheduled each day, please call the District for that information.

ments are done early in the morning or late in the evening. Treatments aren't effective other times of the day due to thermal updrafts preventing the fine spray from reaching the ground.

Spraying can't be done when winds are over 5 miles per hour for the same reason. That's why the last big brood took so long to control. Winds were over 10 miles per hour every afternoon, so it took us ten days to get the whole parish sprayed just once.

RESISTANCE BUILDUP

Although the airplane gets a better kill than the trucks due to the fact that a much larger area is covered, it is about 10-15 times more expensive than a truck treatment. What is even more important is that present tests which have been made on mowquitoes from this area show that there is a definite resistance buildup to chemicals.

This immunity is caused by constant treating of mosquitoes over breeding grounds while larvae are in the water, and with so many cattle grazing right on the breeding grounds, it is nearly impossible for us to treat most areas without affecting the larbal population. This means that in a few years mosquitoes will not be affected by any chemicals which are now on the market, and instead of people having to put up with a brook of mosquitoes for a week, they will be fighting them all summer long like they did before the mosquito control began.

The only way to prevent resistance buildup is to treat with the plane only

County Agent's Column

By CLIFFORD MYERS
Cameron County Agent

A series of pesticide training meetings will be held in each community in lower Cameron Parish next month. The "Safe Use of Pesticides," will be the main item of discussion. Upon completion of the session, which will last about 2 1/2 hours, a person will be certified to buy and use pesticides after the law becomes effective Oct. 21.

Cattle owners faced with a shortage of good grass for their animals because of the dry, hot weather should consider parasitism as a further complication.

Internal parasites and inadequates nutrition along with seizures of biting insects go hand in hand in cattle production. Short grass and dry weather are determinental to the larve of stomach worms present in the pastures but this benefit is offset by the fact that the annimals are on a low nutrition level and therefore more susceptble to parasite damage. Also, dormant stages of parasites present in the pasture are released when rains finally do come. Diarrhea, weight then occur, despite the fact that the grass is green and growing.

Reduced milk production because of poor nutrition also forces the nursing calf to depend more on grass. The parasite burden of the young, suscepible calf is increased and weaning weights are unprofitably low.

Excellent deworming medications are available in routine preventive use but without the protein and energy feedstuffs, the benefits of treatment will simply not include additional weight gains or improved performance.

Gerald Richard and big bass

Winners of Bass Club tournament announced

Winners in the LeMesche Bass Club Bass Tournament were announced at the July meeting of the Club held at the WOW hall in Creole.

Phillip Trosclair, president, handed out gift certificates as prizes to the following winners:

Largest Bass - Gerald Richard, 1st, Phillip Trosclair, 2nd; and Darryl "Fats" Dupont, 3rd.

Stringer - Phillip Trosclair, 1st; Gerald Richard, 2nd; and Dupont, 3rd.

The next tournament is scheduled for July 17 and will be a husband and wife team tournament with trophies to be awarded to the top women anglers.

Gerald Richard displayed the 10 lb. 9 oz. bass that he caught on Hatchineha Lake in Lake Wales, Florida on a recent trip there.

Club to host husbands

The Sweetlake Extension Club will host a supper for their husbands on July 18 at 8 p.m. in the Grand Lake Recreation Center.

The most intelligent person in the world is considered by many to be Kim Ung-Yong of South Korea with an I.Q. of 200.

Coffee beans are actually the pits of the red, cherry-like coffee fruit.

Rhubarb recipes

Summertime's rhubarb signals a season of tart and tangy desserts. All sweetly inexpensive. Whether you grow your own or pick from the crop at the supermarket, here are some rhubarb rules. One pound makes two cups. For a mild flavor, choose "early pink"—it takes less sugar. If the stalks are tender, why peel? Just "sauce" it in the skin. Or tuck it into a pie shell—alone or in pretty combination with pineapple, blueberries or pears (fresh, canned or frozen). And for the season's sassiest shortcake, costar tangy rhubarb with sweet fresh strawberries. My recipe below makes a crusty, sugar-topped shortcake. It's summertime simple.

SWEET 'N TART SHORTCAKES

2 1/3 cups Bisquick® baking mix
3 tablespoons sugar
3 tablespoons butter or margarine, melted
1/2 cup milk
Cream
Sugar
Slivered almonds
2 cups strawberry halves
1 1/2 cups sweetened cooked rhubarb
1/4 cup sugar
Whipped cream

Heat oven to 425°. Mix baking mix, 3 tablespoons sugar, the butter and milk until soft dough forms. Gently smooth into ball on lightly floured cloth-covered board. Knead 8 to 10 times. Roll dough 1/2 inch thick. Cut with floured 3-inch cutter. Place on ungreased cookie sheet. Brush tops with cream; sprinkle with sugar and almonds. Bake until golden brown, 10 to 12 minutes; cool. Mix strawberries, rhubarb and 1/4 cup sugar. Split shortcakes; fill with fruit mixture. Top with whipped cream. 6 servings.

Here's a basic Rhubarb Sauce. Good warm or cold. Delightful as breakfast fruit or as a dessert with cookies.

RHUBARB SAUCE

Heat 3/4 to 1 cup sugar and 1/2 cup water to boiling, stirring occasionally. Add 4 cups rhubarb, cut into 1-inch pieces. Simmer until rhubarb is tender and slightly transparent, about 10 minutes. If desired, stir in few drops red food color. 5 servings.

Sometime try this sauce over squares of fresh white cake; top with whipped cream. A tart, refreshing, summertime dessert!

The world's largest stadium, the 200,000-seat Maracana Stadium in Rio de Janeiro, has a nine-foot-wide moat to protect referees and teams from enraged sports fans.

Black News

By MRS. LEE J. HARRISON

A family reunion will be held in the home of Mrs. Geneva Laws in Lake Charles Saturday, July 16.

Family members and close friends are cordially invited to attend the all day event.

Mrs. Catherine Holmes of St. Petersburg, Fla. is visiting Rev. and Mrs. Joseph Savoy and Mr. and Mrs. Jimmy LaSalle.

Mrs. Barbara Johnson of Houston, Texas was a weekend guest of Mr. and Mrs. Lester Bartie.

Mr. and Mrs. August Guillory and children of Jennings visited Mr. and Mrs. George Washington, Saturday.

Charlie Davis is recuperating in St. Patrick's Hospital in Lake Charles.

LaBouve to head Hackberry drive

Jackie LaBouve of Hackberry has been named chairman of the annual fall Breath of Life Campaign in Hackberry by Dr. John L. Ochsner, the state campaign chairman of the Louisiana Chapter Cystic Fibrosis Foundation.

Funds raised by the fall campaign will benefit six million children with cystic fibrosis and related lung-damaging diseases such as asthma, bronchitis, bronchiectasis, and childhood emphysema.

NEWS OF RESEARCH

The age of blimps may be dawning again. Both the military and businesmen are looking into the use of the slow-moving, lighter-than-air craft to cut costs in transporting expensive fruits and vegetables, small cars, mail, and even passengers not in a hurry.

In Spanish no word begins with an "s" followed by another consonant, and a Spanish speaker trying to pronounce Spanish in English will normally say "Espanish."

Memorial books list

Memorial books in the Cameron Parish Library are listed as follows: with names of the ones in memory and donors, respectively:

Another SuperService From The SuperBank

HELLO VISA!

BANKAMERICARD VISA

The SuperBank takes pleasure in announcing that remarkable new Visa Card, the biggest shopping and travel card in the world will be available soon.

QUESTION: What is the Visa Card?
ANSWER: The Visa Card was introduced to keep pace with our ever-changing life style. Soon it will be the most widely accepted card in the world. A card that's so much like money, and so much better, that you'll want to carry it with you everywhere.

QUESTION: How does it compare with BankAmericard?
ANSWER: The Visa Card is designed to replace BankAmericard. Although it looks very much like BankAmericard, it goes so much further.

QUESTION: Why is the Visa Card so popular?
ANSWER: Because it is honored by millions of merchants across the nation and now in 110 countries around the world.

HERE'S HOW TO GET YOUR VISA CARD

1
If you now have a BankAmericard from the Calcasieu Marine National Bank, you will receive your new Visa Card automatically in the mail. Meanwhile, continue to use your BankAmericard.

2
If your BankAmericard was issued to you by another Bank, just stop in at any of the SuperBank's branches or the main office and apply for a Visa Card to replace it. Applications are being accepted now.

3
Even though you may not have a BankAmericard, the SuperBank will be glad to accept your application for a Visa Card. Come to the main office or any of our convenient branches.

YOU'LL WANT VISA, IT'S A LOT MORE CARD FOR THE LIFE YOU LIKE TO LEAD

Calcasieu Marine National Bank

Chenier residents among Coop winners

By ELORA MONTIE

Congratulations to the winners of the prizes at the Jeff Davis Electric Cooperative meeting Monday at the Cameron elementary School and especially to the Grand Chenier winners, Mrs. Dominic Miller and Mrs. Simon Harrison.

Mrs. Lorrine Baccigalopi received her new 18 passenger school bus July 5. She takes the college students from Grand Chenier to meet the college bus in Creole.

Mrs. Lorena Montang of Chenier Perdue, who was spending some time with her niece and family, the Henry Roys in Grand Chenier, was taken to South Cameron Hospital Saturday morning.

Elias Dyson was in Memorial hospital and underwent surgery Thursday. He came home Monday.

MARRIAGE

Shelia Guillory of Lake Charles and Randy Nunez of Grand Chenier were married in Texas June 30.

Shelia is the daughter of Mr. and Mrs. Hilory Guillory of Lake Charles and Randy is the son of Mr. and Mrs. Asa (Pup) Nunez Jr. of Grand Chenier.

VISITORS

Mr. and Mrs. Hilory Guillory and Cherry of Lake Charles visited Mr. and Mrs. Asa Nunez Jr. recently.

Visiting with Mr. and Mrs. Oliver Theriot Sr. were Mr. and Mrs. Renee Broussard and Floyd Theriot of Port Neches, Texas.

Belton Bonsall of New Orleans spent several days last week with his mother, Mrs. Burney Bonsall.

The Noland Doland family of Joaquin, Tex. spent several days in their home here.

Visiting Mr. and Mrs. Alle Sonnier in Bell City Friday were Elora Montie and Ray Nunez.

Spending Friday to Monday at the Astroworld and other points of interest in Texas were the Evans Mhire family, the Gilford Miller family and the Pete Rutherford family all of Grand Chenier.

Mrs. Della Richard is spending some time with her sister and family, Mr. and Mrs. Bruce Hooper and family in Moss Bluff.

Mr. and Mrs. Freddie Richard are on vacation. They will visit their daughter and husband, Mr. and Mrs. David Ball in Monroe, and then to Baton Rouge to visit Mr. and Mrs. Bob Chabreck and family.

Mr. and Mrs. George Cherry of Longville, Ky. and Mrs. C. B. Vaughan of Houston, Tex. visited for a few days with Mrs. Emma Nunez.

Miss Lucille Savoie is spending some time with Mrs. Bee Nunez. Miss Savoie is formerly from Gueydan. She now spends much time with relatives around this area.

Hackberry News

By MRS. VERNIE WELCH

Mr. Adam Kershaw has been in the hospital but is at home and doing better.

July 4th the Roland Kershaws of Houston visited the Vernie Welchs, the Abel Kershaws and the Martin Kershaws.

The Vernie Welshs visited the Curtis Fountains in Texas City, Tex.

The Jimmy Trahan's and baby from Lake Arthur are visiting the Oleous (Red) Trahans.

Exquisite Eyewear Fashions from TSO

Fadeaway or solid tints, embellished with your initials — either engraved or set in rhinestones; or, enhanced by gem-studded emblems of hearts, butterflies, galaxies or snowflakes.

Beautifully adorned, finest quality light-weight plastic lenses from TSO.

At TSO, we care how you look at life.

TEXAS STATE OPTICAL

John Johnson & Joni Gray

Two on committee

Joni Gray, Cameron Parish and John Johnson, Allen Parish representing the Southwest Area were elected to serve as members of the Louisiana 4-H Club Executive Committee at the recently held State 4-H Short Course on the LSU campus in Baton Rouge.

The officers and representatives of some 90,000 4-H club members will serve for one year as youth advisors to the State 4-H Club Staff and assist in planning and conducting State 4-H Leadership Conference and 4-H Short Course.

The 4-H Club program is conducted by the Louisiana Cooperative Extension Service through the Extension Serivce offices in each parish in the state. Membership is open to all youth between the ages of 9 and 19.

Rt. 1, Cameron

By Mrs. George Nunez

Mr. and Mrs. Dennis Fletcher and boys of Lake Charles, spent Friday and Saturday with Mr. and Mrs. Warren Miller.

Miss Karen Miller spent the weekend in New Iberia with Mr. and Mrs. Edwin Viator.

Jay and Benjy Rutherford had their tonsils removed last week.

Mr. and Mrs. Steven Marshall, and Mrs. Alida Marshall have been vacationing in Alabama, Gulf Port Biloxi, Miss.

Jake Marshall of Vidor, Tex., visited Mrs. Nancy Murphy and Joe. Mr. and Mrs. Brown Marshall, Mr. and Mrs. Bud Murphy. Also visiting the Murphys, were Manno Murphy, and Doris and Sharon of Freeport, Tex.

Mrs. Adam Sturlese of Lafayette spent the day with her mother, Mrs. Myrtle Savoie last week.

Mr. and Mrs. Doris Hebert and girls spent the day Sunday in Port Arthur, with Mr. and Mrs. McDonald Nunez and family.

Friends of Mrs. Jane Kershaw will be glad to hear she is home and feeling better. She still has to go to St. Patrick's 5 days a week for treatment.

Mr. Savoie rites held

Funeral services for Abra Savoie, 85, of Vinton were, Monday, July 4 from St. Mary of the Lake Catholic Church.

Burial was in Big Lake Cemetery under direction of Hixon Funeral Home.

Mr. Savoie died Saturday, July 2, at his residence after a lengthy illness.

A native of Creole, he had lived in Big Lake for 53 years before moving to Vinton five years ago. He was a retired state employee.

Survivors are his wife, Mrs. Elaine Savoie; one brother, Alvin Savoie of Cameron; one sister, Mrs. Nola Roger of Cameron; one daughter, Mrs. Winola Compton of Big Lake, two stepdaughters, Mrs. Laura Havens of Orange and Mrs. Leah Young of Lake Charles; one stepson, Austin Allemond of Vinton; two grandchildren, 3 great-grandchildren, and one great-great-grandchild, 14 step-grandchildren and 11 step-great-grandchildren.

Supper set for rodeo

A boiled shrimp supper will be held on Thursday night, July 14 at 7:30 p.m. in the Cameon Fire Station for all members of the Cameron Fishing Rodeo Association.

The election also will be held, according to Ray Burleigh, president.

All club members are urged to attend.

It is estimated that the earth weighs 6 sextillion, 570 quintillion tons.

The Challenge of Genealogy

by MARIE WISE

P.O. Box 99, Sulphur, La. 70663.

Kentucky, 15th state of the nation since 1792, found itself a stepping stone to the west and south during the period of great migration following the 1803 Louisiana Purchase.

The majority of pioneer families who settled Kentucky earlier had come from Virginia and the Carolinas, plus some from the northeast. Children of their large families and a steady wave of eastern emigrants moved onward in the search for land.

One of the busiest areas in Kentucky was Caldwell County, organized in 1809 and including what is now Lyon and parts of Trigg and Christian counties. Caldwell was rich in transportation opportunities: the old Saline Trace established by the first settlers was a major road to the west; the Cumberland and Tennessee rivers traversed the county; the Ohio and Mississippi rivers were gateways to the south and west.

When Captain Nicholas Roosevelt brought the first steamboat, the "New Orleans" downstream from Pittsburg in November, 1811, he opened the famous river traffic era that by 1820 was thriving between New Orleans and the falls of the Ohio.

CALDWELL COUNTY

"Pioneers of Caldwell County, Ky. Vol. 1, 1809-1834" is a 6 x 9½ in. hardback book, 157 pp., $15.00, by Olive Eldred and Nancy Beck, available from: Pioneers, 702 West Locust St., Princeton, Ky. 42445. Fifty pages of index list some 3,500 full names.

Containing probate records of the original settlers, this book is a valuable source of names from the constantly flowing population. During such a time, many families might easily have been missed in even the once-a-decade census records.

Listed from wills are name of the principal, his wife, children, grandchildren, other relatives, witnesses and executors. Inventories name the appraisers; sale bills, the administrators and buyers; settlements, the commissioners, executor and names listed in accounts . . . often 30 or more names to one instrument.

SILAS COOK

Olive Eldred, compiler of the above "Pioneers", also does historical and genealogical research in her area and writes that she has rather extensive files. Ms. Eldred also sent information on one of the Caldwell Co., Ky. citizens who migrated to Louisiana.

In 1796 Silas Cook married Lydia Early in Bertie Co., N. Car. In 1798 he appeared with his brother, John, on personal property tax list of Christian Co., Ky. and in 1799 he was named in a land survey from the area that became Caldwell Co. in 1809.

In 1802 he married Olive Pitman Fort and in 1810 Silas and his wife, Olive of Wilkenson County in the Mississippi Territory (Miss. became a state in 1817), sold land they owned in Ky. On 24 Sept. 1827, Silas was living in East Feliciana Parish, La. and appointed an attorney to sell property of his in Ky.

Silas was the son of Reuben Cook of Caldwell, Co., whose will of 1831 named heirs as John, Allen, Cullen, Sally Cook Howard, Patsy Cook Griffith.

The warranty on our gas air conditioner can get you through many long, hot summers.

There are some long, hot summers on the way. And if you want to keep your cool, then you'd better get an air conditioner that can keep its cool. A gas air conditioner.

Arkla/Servel gas air conditioning is built to last. And last and last and last. It's built so well, in fact, that now through August 31, we can offer customers a limited ten-year warranty.

For the next ten years, our limited warranty will cover defects in materials and workmanship of parts in the sealed refrigeration unit.

You see, no matter how high the temperature climbs, gas air conditioning is built to take it. Made of rugged, long-lasting materials like stainless steel.

And made with fewer moving parts. There are only three moving parts in the entire cooling cycle. And no compressor at all.

So, rest easy. If you get your gas air conditioner this summer before August 31, you'll get a limited warranty that'll help you survive the long, hot summers to come.

ARKLA Servel®
Dependable Gas Air Conditioning

1977 1982 1978 1983 1979 1984 1980 1985 1981 1986

For more information on Arkla/Servel gas air conditioning, and details on special financing, call your Arkla/Servel dealer or your gas company.

LEGAL NOTICES

NOTICE OF
BOND ELECTION
NOTICE IS HEREBY GIVEN that a special election will be held within the limits of Cameron Fire Protection District No. 10 of the Parish of Cameron, State of Louisiana, on

August 20, 1977

between the hours of 6:00 a.m. and 8:00 p.m. for the propose of submitting to the qualified electors the following proposition, to-wit:

PROPOSITION NO. 1

FOR THE INCURRING OF BONDED INDEBTEDNESS

Shall Cameron Fire Protection District No. 10 of the Parish of Cameron, Louisiana, incur debt and issue negotiable bonds in the amount not to exceed One Million Two Hundred Thousand Dollars ($1,200,000), to run not more than twenty-five (25) years from the date thereof, with interest not to exceed the maximum rate per annum permitted by law at the time of sale thereof, for the purpose of providing funds to acquire buildings, machinery and equipment, including both real and personal property, for said District, title to which shall be in the public, to be used in giving fire protection to the property in said District?

PROPOSITION NO. 2

FOR THE LEVYING OF A THREE (3) MILL PER DOLLAR SPECIAL MAINTENANCE TAX

Shall Cameron Fire Protection District No. 10 of the Parish of Cameron, Louisiana, levy a tax of three (3) mills per dollar of assessed valuation upon a taxable property in said District for a period of ten (10) years, commencing in the year in which the fire protection equipment of said District is first acquired for the purpose of maintaining and operating the district's fire protection facilities and paying the cost of obtaining water for fire protection purposes, including charges for fire hydrant rentals and service?

NOTICE OF INTENT
WEST HACKBERRY
SALT DOME
DOCKET NO. SDS 77-3
DEPARTMENT OF
CONSERVATION

In accordance with the laws of the State of Louisiana, R. S. 30:1, et seq., R. S. 49-951, et. seq. and particularly R. S. 30:6B and R. S. 30:23B, a public hearing will be held in the Conservation Auditorium, First Floor, State Land and Natural Resources Building, 625 North 4th Street, Baton Rouge, Louisiana, at 9:00 a.m., August 9, 1977.

At such hearing the Commissioner of Conservation will hear testimony and consider evidence relative to the storage of crude oil in existing caverns Numbers 6, 7, 8, 9, and 11, West Hackberry Salt Dome, Cameron Parish, Louisiana. The Commissioner will hear and consider evidence relative to the adoption of rules and regulations to govern the use and operation of existing facilities for crude oil storage.

Prior to authroizing the use of cavities and/or caverns for storage, the Commissioner must find:

(1) that the area of the salt dome sought to be used for injection, storage and withdrawal of liquid and/or gaseous hydrocarbons is suitable and feasible for such use,

(2) that use of the salt dome cavity for the storage of liquid and/or gaseous hydrocarbons will not contaminate other formations containing fresh water, oil, gas, or other commercial mineral deposits, except salt;

and,

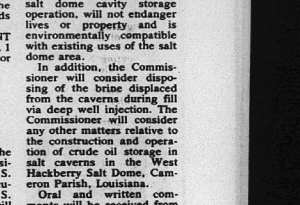
(3) that the proposed storage, including all surface pits and surface storage facilities incidental thereto which are used in connection with the salt dome cavity storage operation, will not endanger lives or property and is environmentally compatible with existing uses of the salt dome area.

In addition, the Commissioner will consider disposing of the brine displaced from the caverns during fill via deep well injection. The Commissioner will consider any other matters relative to the construction and operation of crude oil storage in salt caverns in the West Hackberry Salt Dome, Cameron Parish, Louisiana.

Oral and written comments will be received from any interested party at the public hearing.

Written comments which will not be presented at the hearing will need to be received not later than 5:00 p.m., August 8, 1977, at the Baton Rouge office. A summary of the proposed plan is available for inspection in the Department of Conservation Office, 625 North 4th Street, Baton Rouge, Louisiana, and in the Lake Charles District Office, 716 Hodges, Post Office Box 1767, Lake Charles, Louisiana.

/s/R. T. Sutton



NOTICE OF PUBLICATION
OFFICE OF
MINERAL RESOURCES
ON BEHALF
OF THE STATE
MINERAL BOARD
FOR THE
STATE OF LOUISIANA
BATON ROUGE, LOUISIANA
70821

By virtue of and in conformity with the provisions of Chapter 2, Title 30 of the Louisiana Revised Statutes of 1950, as amended, sealed bids will be received in the Office of Mineral Resources, State Land and Natural Resources Building, Baton Rouge, Louisiana, on or before the **19th day of August, 1977,** at 1:00 P.M. for a lease to explore, drill or mine for and produce oil, gas and any other liquid or gaseous hydrocarbon minerals, sulphur and potash in and on the lands and water bottoms described in Tract No. 14533 through Tract No. 14576, inclusive, at which time and date the bids will be opened publicly in the State Land and Natural Resources Building, Capitol Complex, Baton Rouge, Louisiana. The description of said tracts are more particularly set out below:

TRACT 14542 — Cameron Parish, Louisiana — All of the lands now or formerly constituting the beds and bottoms of all water bodies of every nature and description and all islands and other lands formed by accretion or reliction, except fast lands, owned by and not under mineral lease from the State of Louisiana on May 20, 1977, situated in Cameron Parish, Louisiana, within the following described boundaries: Beginning at a point having Lambert Plane Coordinates of X = 1,439,818.92 and Y = 403,778.96; thence South 5,022.22 feet to a point having Lambert Plane Coordinates of X = 1,439,818.92 and Y = 398,756.71; thence Southeasterly to a point having Lambert Plane Coordinates of X = 1,440,502.86 and Y = 398,498.94; thence East 4,596.86 feet to a point having Lambert Plane Coordinates of X = 1,445,099.72 and Y = 398,498.94; thence North 5,280.00 feet; thence West 5,280.00 feet to the point of beginning, estimated to contain approximately **179 acres,** as shown outlined in red on a plat on file in the Office of the Secretary, Department of Natural Resources. All bearings are based on Louisiana Lambert Plane Coordinate System (South Zone).

TRACT 14543 — Cameron Parish, Louisiana — All of the lands now or formerly constituting the beds and bottoms of all water bodies of every nature and description and all islands and other lands formed by accretion or reliction, except fast lands, owned by and not under mineral lease from the State of Louisiana on May 20, 1977, situated in Cameron Parish, Louisiana, within the following described boundaries: Beginning at a point having Lambert Plane Coordinates of X = 1,575,850.00 and Y = 442,950.00; thence East 5,700.00 feet; thence South 5,700.00 feet; thence West 5,700.00 feet; thence North 5,700.00 feet to the point of beginning, estimated to contain approximately **668 acres,** as shown outlined in red on a plat on file in the Office of the Secretary, Department of Natural Resources. All bearings are based on Louisiana Lambert Plane Coordinate System (South Zone).

All bids are to offer a cash bonus in form having a per acre amount which shall not exceed **three years** in primary term and without any warranty or recourse against lessor what-soever, either expressed or implied, not even for return by lessor of any payments received under the lease or being otherwise responsible to lessee. The minimum royalties required by RS 30:127, as amended, are one-eighth (1/8th) of all oil produced and saved, one-eighth (1/8th) of all gas produced and saved, seventy-five cents ($.75) per long ton of sulphur produced and saved, ten cents ($.10) per ton of potash produced and saved, and one-eighth (1/8th) of all other liquids or gaseous hydrocarbon minerals produced and saved. A bid of a royalty less than the aforesaid statutory minimums will be invalid and will not be considered by the Board. All bidders are notified that the Board does not accept bonus bids on a per acre basis, but requires that the bid be based on a per acre basis, in excess of the statutory minimums, but reserves the right to accept a bid which offers an excess of the statutory minimums and is considered most advantageous to the State of Louisiana.

With respect to royalty bids on sulphur and potash, prospective bidders are advised that the Board, by policy, has expressed a preference that bids be submitted based on a percentage or fraction-al basis, in excess of the statutory minimums, and that such suggested royalty bid which offers an excess of the statutory minimums and is considered most advantageous to the State of Louisiana.

With respect to royalty bids on sulphur and potash, prospective bidders are advised that the Board, by policy, has expressed a preference that bids be submitted based on a percentage or fraction-al basis, in excess of the statutory minimums, and that such suggested royalty bid which offers an excess of the statutory minimums and is considered most advantageous to the State of Louisiana.

All leases awarded shall be executed upon the standard conditions provided in the current State lease form with all applicable riders appended thereto, including but not limited to provisions as follows: Should lessee fail to begin the actual drilling (spudding) of a well on the lease premises within one year from the date of the lease, the lease shall terminate as to both parties to the lease, unless on or before such anniversary date, lessee shall pay a delay rental (which shall in no event be less than one-half of the bonus offered) which will confer upon the lessee the privilege of deferring drilling operations for a period of one year. Upon like payments annually, drilling operations may be further deferred for successive periods of one year each during the primary term of **three years.** The lease shall provide for the drilling of offset wells where necessary to protect the State's interest and shall contain the provisions against the assignment or sublease of the lease unless approved by the State Mineral Board. The lessee shall have the right to enter into pooling or unitization agreements with respect to developed or undeveloped premises subject to the approval of the State Mineral Board.

Certified check, cashier's check or bank money order payable to the SECRETARY, DEPARTMENT OF NATURAL RESOURCES, successor to the Register, State Land Office, for the full amount of the cash bonus, shall accompany the bid submitted with each tract, and no bid thus submitted may be withdrawn, altered or cancelled and the certified check, cashier's check or bank money order accompanying the bid of the successful bidder shall be immediately negotiated by the SECRETARY, DEPARTMENT OF NATURAL RESOURCES, as successor to the Register, State Land Office and the proceeds thereof disbursed in the manner required by law. The successful bidder to whom the lease is awarded on the date of the lease sale shall return the written lease, duly executed, within TWENTY (20) DAYS after bidder's receipt of same under penalty of forfeiture of the lease and the bonus previously tendered and negotiated in the event of failure to do so.

NOTE: In the case of all State Agency Lands, herein offered, certified checks, cashier's checks or bank money orders for the cash bonus shall be made payable to each respective State Agency, provided that if a statement of section, or part thereof, located in a township which is fully leased in more than one parish, is offered, certified check, cashier's check, or bank money order for the cash bonus shall be made payable to the STATE TREASURER.

Any Amendment, Assignment or Agreement entered into after the State Mineral Board has awarded such lease must be approved by the Lessor Agency or Agencies.

Consistent with the policy of the Board as expressed in a resolution dated August 12, 1965, all bidders are hereby notified that such portions of tracts should be described by metes and bounds and be accompanied by a transparent plat outlining thereon the portion the bid upon. The scale of the plat should be 1 inch = 4,000 feet.

The State Mineral Board reserves the right to reject any and all bids or to grant a lease on any portion of the tract advertised and to withdraw the remainder of the tract.

Triumphs Of Science

WATCHMAKING ADVANCES

The science of telling time has come a long way since the Chinese emperor Hwangti floated a leaky toy boat in a basin of water and told time by the length of time it took the boat to submerge.

By the 16th century ingenious mechanics had made clocks that were the size of eggs, and by the late 17th century the invention of a spring mechanism made possible watches small enough to be easily portable.

But perhaps one of the real triumphs of the science of watchmaking came in 1957, when the electric watch, based on a battery-operated balance wheel, was invented. The tedious act of winding was no longer necessary.

Another triumph of watchmaking was also introduced in 1970—the quartz crystal watch. A crystal rod vibrates thousands of times per second for great accuracy. Combined with an electronic movement, it makes for highly trustworthy timekeeping with little bother, since no winding is necessary. In fact, the solid state digital watches from Sears, Roebuck and Co., for example, are made to be 99.999981 accurate, and carry a warranty to be accurate to within three minutes a year.

Developments in the science of watchmaking are certainly something to watch!

Consolidated Report of Condition of
Cameron State Bank

of Cameron in the State of Louisiana and Domestic Subsidiaries at the close of business on June 30, 1977

ASSETS

Cash and due from banks	$983,000.00
U. S. Treasury securities	$5,561,000.00
Obligations of other U.S. Government agencies and corporations	$1,254,000.00

A Chenier summer scene

Emergency oil is on way to Hackberry

(From Beaumont Enterprise)

The first shipment of Arabian light crude oil--412,000 barrels--arrived at the Sun Oil Co. Terminal in Nederland, Texas Tuesday morning where it will be loaded aboard barges bound for the salt dome at Hackberry.

The Hackberry salt dome was selected as the first site in the nation for the storage of a crude oil reserve in case of another Arab embargo. A billion barrel nationwide oil reserve is planned.

There is currently only a 60-million barrel capacity at the Hackberry salt dome, but W. T. Oxford, Jr., petroleum engineer and geoloist from Dallas, said the caverns will be washed out to supply more room.

By 1983, the entire billion barrel supply will be delivered to the United States from foreign companies so the supply can be in storage by 1985.

In the case of another Arab oil embargo the stored oil will be used to supply area refineries and tose in the mid-continent for six months. Some oil would also be loaded aboard ships to the East Coast. The 1973 Arab oil embargo lasted almost four months.

A 40-mile long 42-inch diameter pipeline is being built from the Nederland terminal to Hackberry, south of Vinton and Sulphur. But until the pipeline is complete in December 1978, oil will be shipped on barges.

The first supplies will be shipped down the Neches River to the Intracoastal Canal, then up the Calcasieu River to the Alkali ditch, where it will be taken in at Hackberry.

The Hackberry salt dome will not be ready for the supply until Saturday, although the shipment may arrive as early as Thursday.

John Small of the FEA was in Nederland to supervise the project which is broken into an early storage phase and a strategic petroleum phase. He said a law was passed in 1975--two years after the Arab oil embargo--allowing a reserve program of oil imported from foreign countries.

Small said Hackberry was not the first choice for the federal reserve storage but the location was right and the salt dome was already there.

CBS national network has four crewmen at the unloading site where they said they were filming the news conference and cargo arrival for a television documentary to be broadcast nationally in October.

Alligator season is set for Sept. 1 - 30

Dates for the 1977 alligator season were set by the Department of Wildlife and Fisheries at the regular meeting of the Wildlife and Fisheries Commission in Morgan City July 12, according to J. Burton Angelle, department secretary. It will be held September 1-30.

He said that following the controlled season on alligators in Cameorn, Calcasieu, and Vermilion parishes last year a record average price of $16.50 per foot for 4,360 alligator hides pumped over a half million dollars into the economy of those parishes.

Angelle said that the department was actively continuing its efforts to have alligators declassified from the threatened and endangered lists so that seasons could be set in other coastal parishes but that for this year the season would only apply to Cameron, Calcasieu and Vermilion parishes.

He said that this year's quota of alligators had been set at approximately eight percent of the estimated 100,000 alligator population in the three parish area or slightly over 8,000 alligators. An aerial census of alligators conducted by department biologists this summer revealed over 250,000 alligators present in the 16 parish coastal area.

Angelle said that seasons should be conducted in other coastal parishes where high populations of alligators were surveyed but that the department was unable to set seasons until management of the resource was relinquished to the state by federal authorities.

Shrimping is closed

Inside shrimp trawling in Zones 1 and 3, with the exception of the Calcasieu Ship Channel south of nine mile point, closed at midnight Monday, July 18, according to the Wildlife and Fisheries department.

Jr. Burton Angelle, department secretary, said the closure after 50 days of trawling is based upon large numbers of white shrimp showing up in samples by biologiests.

That portion of the Calcasieu ship channel from the nine mile cut to the gulf within the navigational lights of the channel will be open only on an outgoing tide.

Angelle said it was an experimental extension in the ship channel and the area would be closed when biological data showed an influx of white shrimp.

Zone 1 includes coastal waters east of the Mississippi River to the Mississippi state line. Zone 3 includes all waters west of the western shore of Vermilion Bay to the Texas line.

Zone 2, that area of the coast west of the Mississippi River to the western shore of Vermilion Bay closed at midnight July 4.

The fall season for inside shrimp trawling will open statewide on the third Monday in August (August 15), as set by law.

Tennis meet set

A meeting to organize a men's tennis league will be held Wednesday, July 27, at 7:30 p.m. in the meeting room of the Calcasieu Marine National Bank in Cameron, according to Warner Daigle, summer recreation director.

All men 18 years old and older interested are invited.

J. P. Boudoin KC Council officers

KC officers installed

Charles Bonsall, Grand Chenier, has been named Grand Knight of J. P. Boudoin, Sr. Knights of Columbus Council No. 3014 and was installed this week, along with other officers of the Council at a ladies night banquet at the KC Hall in Creole.

Other new officers are: Msgr. M. J. Bernard, chaplain; Ray Hendris, deputy Grand Knight; Galton Boudreaux, chancellor; John Driscoll, recorder; Johnny Boudoin, financial secretary; Kenneth Montie, treasurer; Clifford Conner, lecturer; Richard Sturlese, advocate; Alex Beard, warden; Jim Theriot and Danny Nunez, guards; Clifford Myers, Lynex Richard, and Lasin Primeaux, trustees; and Burton LaBove and Gordon Nunez, honor guards.

Open house set at Creole Tues.

An open house will be held at the Creole branch of the Cameron State Bank from 10 a.m. to 12 noon Tuesday, July 26, according to E. J. Dronet, bank president.

The branch was recently remodeled with a drive-in window, additional teller's station and safe deposit boxes added. The lobby also was enlarged.

Creole area residents are invited to begin registering for door prized which will be given away Tuesday. Also there will be refreshments and favors for all Tuesday.

MSC degrees

Five Cameron parish students are among the 241 McNeese State University degree candidates who will get degrees at commencement exercises Wednesday, July 27, at 7 p.m. in the Lake Charles Civic Center.

The students are:

Master of Education - Dennis Wayne Batts of Creole, Beverly V. Goodrich of Hackberry, and Austin S. LaBove Jr. of Hackberry.

Bachelor of Art - Tonia Ann P. Nolan of Hackberry.

Bachelor of Science - Margaret M. Jones of Cameron.

Mhire to head Chenier Legion

Edwin Mhire was elected commander of Sturlese, American Legion Post, in Grand Chenier at its July meeting.

J. W. Broussard was elected first vice commander; G. S. Sweeney, second vice commander; and Neulan Dupuis, third vice commander.

Other officers elected were: Earl K. Booth, finance officer; Howard Dupuie, chaplain; Thomas Broussard, sergeant-at-arms; John Richard, historian and publicity; and J. W. Broussard, adjutant; Mildredge Broussard and Ernest Richard, color bearers; Hubert Miller and Freddie Richard, color guards; Bill Kelley, judge advocate; and J. B. Jones, service officer.

Ellis Mc Whirter of Creole, District Seven Area A commander, served as installing officer.

The ladies auxiliary served a meal after the installation.

Perkins named rodeo chief

Charles Perkins was elected president of the Cameron Fishing Rodeo Association at a shrimp boil held last week at the Cameron Fire station.

Other new officers are: Braxton Blake, vice president; Mrs. Earl Mouton, secretary; Patty Morales Corresponding secretary; Weldon Vincent, treasurer; Mrs. Geneva Griffith, publicity; Berman Cheramie, tickets; Dr. and Mrs. Greg Savoie and Mrs. Griffith, program book.

Ray Burleigh, outgoing president, reported a successful 1977 fishing rodeo with a record attendance at both the onshore and offshore activities.

Rules changes and the point system were discussed and tabled until the next meeting to be held Aug. 16, at 7:30 p.m. at the fire station.

Oil coming whether La. likes it or not

The Federal Engergy Administration (FEA) apparently plans to store oil in two Louisiana salt domes whether the state likes it or not--something that could lead to a court battle.

Thomas Noel, assistant administrator for the FEA's petroleum reserve program, said Thursday a transfer of oil to a dome in Hackberry near Lake Charles was planned for Saturday, July 23 with a transfer to the Bayou Choctaw Dome near Baton Rouge scheduled for late August.

William Huls, state natural resources secretary, said he would meet with Conservation Commissioner Ray Sutton Friday to decide what legal action, if any, should be taken.

Sutton said on April 27 the state would have to reject use of the Bayou Choctaw Dome becuase it did not meet environmental protection Agency (EPA) requirements for hydrocarbon emissions during the transfer process.

Noel, on the other hand, siad the EPA had withdrawn it objections May 11 because the emission problem was of a temporary nature.

When huge amounts of oil are poured into any facility, hydrocarbon fumes are released into the air.

Meanwhile, David Deviller, an attorney for the state conservation department, said the state may want to take legal steps to stop the transfer.

Permits are sought

The U. S. Corps of Engineers has received applications from several firms and an agency of the U. S. Government for work in Cameron parish marshes and offshore.

The Federal Energy Administration has applied for a permit to construct wellpads, access roadways and connecting pipelines from brine disposal in connection with its proposed West Hackberry Salt Dome oil storage facility.

Pipelines, 8-, 10- and 16-inch in size, will connect the well locations to a 24-inch pipeline which will be used to transport brine from the oil storage site.

Any protests to the proposed work will be received by the Corps until Aug. 11.

PENNZOIL WELL

The Pennzoil Producing Co. of Lafayette has applied for a Corps of Engineers permit to perform maintenance dredging in an existing channel and to dredge and maintain a slip, install a drilling barge, platform, pipelines, etc. to drill and exploratory well in Deep Lake about 16 miles southeast of Grand Chenier.

Any protests to the proposed work will be received by the Corps until Aug. 5.

FLORES WELL

William S. Flores of Lafayette has applied for a Corps of Engineers permit to dredge an extension to an existing canal for access to a proposed oil well location about 24 miles southwest of Kaplan in Cameron parish.

Any protests to the proposed work will be received by the Corps until Aug. 8.

SUPERIOR WELL

The Superior Oil Co. of Lafayette has applied for Corps of Engineers permit to drill for oil in Blocks 106 and 107 in the West Cameron area about 23 miles southeast of Cameron.

Any protests to the installation of the proposed drilling structures will be received by the Corps until July 28.

School Board given grants

Two federal education grants totaling over $50,000 have been awarded to the Cameron Parish School Board to finance a special mathematics program and for purchasing school materials, Superintendent of Education J. Kelly Nix announced.

A $47,200 grant was approved under the Elementary and Secondary Education Act (ESEA) of 1965, Title IV to provide funds for the "Development of a Personalized Instructional Program in Mathematics." The main focus of the program is to improve students' proficiency in mathematics.

In addition, $4,861 in ESEA Title IV Part B Funds was allocated for Cameron school officials to acquire library books and resources, instructional equipment and to provide guidance, counseling and testing services.

Vo-Tec grads

Leslie Griffith, director of the Cameron Vocational Technical school, announced the following sumer quarter graduates in office occupations:

Mrs. Kenneth Dupont, Cameron, Bookkeeping; Mrs. Michael Baccigalopi, Creole, Secretarial; and Miss Karen Baley, Hackberry, Secretarial.

Tennis tourney

A men's tennis tournament for men 18 through 29 will be held on the Cameron Recreation District Tennis courts from July 22-24.

Vo-Tec school enrollment set

The Cameron Vocational Technical school is now accepting applications for day preparatory and evening instruction for the Fall term, according to Leslie Griffith, director.

Students, 16 years old and older and not enrolled in high school, may pick up applications in the administration office at the school on weekdays from 8 to 12 a.m. and from 1 to 3 p.m.

Courses offered will be welding, vehicle/marine engine mechanics, bookkeeping, clerk-typist, secretary and stenography.

Registration for day preparatory courses will begin Aug. 26, with classes starting Aug. 29.

Evening instruction registration will be announced later.

Students should pick up applications as soon as possible as applications are accepted on a first-come first-serve basis and once these classes are filled the remaining applicants will be placed on waiting lists.

There are no tuition fees for these courses and the only expense incurred by the student is for books and supplies.

Our Lady Star of Sea KC officers

Installation held

James S. Henry, Jr. was installed as Grand Knight of Our Lady Star of the Sea Knights of Columbus Council No. 5461 Sunday night at the annual ladies night and installation banquet held in the Family Center of the church.

Ray Burleigh, outgoing Grand Knight, was master of ceremonies and Clifford Conner, district deputy, installed the new officers, assisted by Johnny Boudoin who served as escort.

Other officers installed were: Claude J. Hebert, financial secretary; John Portie, deputy Grand Knight; Howard Lancon, chancellor; Tony Cheramie, lecturer; Earl T. Mouton, recorder; E. J. Dronet, treasurer; Milton Theriot, advocate; Sherman A. LeBouef, warden; Calvin L. Boudreaux, inside guard; John Harold Savoie, outside guard; Wilman Saltzman, Carl LeCompte and Ray Burleigh, trustees.

Father Alcide Sonnier said the invocation and the benediction.

LAKE CHARLES, LA.

Sign of Good Housekeeping

bringing up baby.

By Mrs Dan Gerber

Since babies grow so rapidly, deciding on the right sizes for their clothes can keep mothers guessing.

I know I was sometimes befuddled by what size to get—even for my 18th grandchild.

Now, thank heavens, there's a sensible method that helps take the guesswork out of sizing. Gerber has developed a sizing system for its new babywear based on both weight and age.

It works like this: For pull-on baby shirts, for example, choose size 6 months if the baby weighs up to 18 pounds, size 1 year if the baby weighs between 18 and 22 pounds.

When clothing fits comfortably a baby is happier—and, let me tell you, that makes Mother happier too.

Mr. and Mrs. Solomon Savoy

Savoy - Tolbert Vows are said on June 25

Solomon Savoy and Betty Tolbert exchanged wedding vows at 4 p.m., June 25 at Greater St. Mary Baptist Church in Lake Charles. The Rev. R. B. House officiated the event.

The bride is the daughter of Mr. and Mrs. Samuel Tolbert of Lake Charles, and the groom is the son of Rev. and Mrs. Joseph Savoy of Cameron.

The bride's floor length gown featured a bodice of chantilly lace, high lace collar, and chiffon sleeves embellished with seed pearls and lace. A Juliet cap held a double-tiered fingertip length veil.

Lou Ethel Phillips served as maid of honor and bridesmaids were Jennifer Thomas, Myra and Sylvia Lawson, Carolene Eddie, and Marguerita LaFleur all of Lake Charles.

Phillip Andrews served as best man, and groomsmen were Willie, Marvin, and Melvin LaSalle, Bobby Young and Darrel LeBlanc.

Alisha Sanders was flower girl, and ring bearer was Anthony Small.

The bride is a graduate of Washington High School in Lake Charles, and the groom attended South Cameron High.

Grand Chenier News

By ELORA MONTIE

Understanding Yourself

By C. H. Tracy, M.D.

Saving your skin may be a bigger job than you realize—for your epidermis probably measures about 19 square feet and weighs more than seven pounds.

You have millions of nerve endings throughout your skin, a portion no bigger than a postage stamp contains four yards of nerves and 25 nerve endings. That's why even small itches, bites, scrapes and burns can be so painful. To soothe such discomforts, many people apply a general antiseptic such as Campho-Phenique.

Vital oil glands deep in the dermis insulate and lubricate your skin. Surprisingly, parts of your body—the palms of your hands and the soles of your feet—have no oil glands.

However oily your skin is, it's never too late to learn how to care for it properly—and possibly save your skin.

QUICK HEALTH QUIZ

By C. H. Tracy, M.D.

Do you have a healthy idea about what it takes to stay healthy? This quiz can help you tell.

1. By taking a pulse rate, a doctor determines (a) the artery size (b) the heart beat (c) the blood condition?

2. Minor burns should be treated with (a) a general antiseptic (b) butter (c) artificial respiration?

3. It's a good idea to see your dentist (a) twice a year (b) when you think you have a cavity (c) when your teeth need cleaning?

ANSWERS

1. (b) The doctor counts the number of heart beats per minute when he takes your pulse. 2. (a) Minor burns, cuts, and other simple injuries can be treated with a general antiseptic, such as Campho-Phenique. These antiseptics are also good for insect bites and poison ivy rashes. 3. (a) See your dentist at least twice a year. He can tell if you're getting a cavity before you can.

Mr. and Mrs. Ernest Richard, Mrs. Dorris Sturlese, Mrs. Elougia Richard, Mrs. Lorrine Baccigalopi and Tina attended the wedding of Mr. and Mrs. Gary Quibodeaux at St. Elizabeth Church in Port Neches, Tex. Saturday. Mrs. Quibodeaux is Mrs. Sturlese's niece.

Mr. and Mrs. Rickey Guidrey and family of Baton Rouge, a friend from Oklahoma, and Mr. and Mrs. Rosevelt Boullion of Baytown, Tex. spent the weekend with the Whitney Baccigalopis in Grand Chenier.

The Jimmie Savoies of Lake Charles visited relatives in Grand Chenier over the weekend.

Mrs. Cherrie Doland of Grand Chenier drove to Grand Cateau Sunday to bring girls to a basket ball camp. Girls attending from the Chenier area are Diane Doland, Donna and Debria Doland and Mary Kay Pinch. The girls will spend Sunday to Friday at the camp.

Mrs. Corrine Canik and Mrs. Angeline Mhire attended the funeral of their uncle, Will Portie, Tuesday, July 19, in Port Arthur, Tex.

Mrs. Inez H. Primeaux of Kaplan is spending some time with Mr. and Mrs. LeRoy Henry in Grand Chenier. Mrs. Primeaux is the mother of Mrs. Henry.

Fishing trip is made

Approximately 60 members of the Lamba Alpha Epsilon Fraternity, McNeese law enforcement fraternity, and enforcement officials from Louisiana and Texas fished from the Clipper Jack, during the Cameron Deep Sea Fishing Rodeo. The group is shown above. They fished 120 miles offshore and caught many prize-winning fish.

The Clipper Jack was sponsored by Ronnie Daniels, Tranco Oil Co., Leslie Griffith, J. T. Primeaux, and the Clipper Jack crew.

AT THE JULY meeting of the Creole Homemakers Club, Mrs. Robert Ortego, Public Health Nurse, checks the blood pressure of Mrs. Telsmar Bonsall.

Hypertension topic of Creole meeting

Highlighting the July meeting of the Creole Homemakers Club was a talk on "Hypertension" given by Mrs. Robert Ortego, Cameron Parish Public Health Nurse. The meeting was held in the home of Mrs. Edras Nunez with Mrs. Tony Sturlese and Mrs. William Morris as co-hostesses.

Mrs. Ortego outlined the factors contributing to hypertension and described the damage which it can do to the heart, the kidneys, the brain, the eyes when neglected or left untreated.

Following her talk, Mrs. Ortego checked the blood pressure of everyone present.

President, Mrs. M. C. Kelley, appointed a committee to select the club's nominee for the 1977 V.F.W. Citizen-of-the-Year award. Appointed were: Mrs. Harold Carter, Mrs. Mayola Wicke, and Mrs. Sturlese. The nominee's name will be submitted at the September meeting for approval.

Members made plans for the club's annual Family Night set for August 9 at 7:30 p.m. at the K. C. Hall in Creole. Plans call for a film to be shown, door prizes awarded, and homemade ice-cream and cake served.

Project leader reports were given as follows: Mrs. Sturlese, "The American Kitchen;" Mrs. Wayne Montie, "Low Calorie Pears-Good for Dessert;" and, Mrs. Carter, "Walk, Run or Swim-But Do Something."

Mrs. Carter gave a report on the July Council meeting.

COOKING Brilliantly

HELPFUL IDEAS

Cooking with wine not only adds a festive air to a meal and improves the taste of the food, it also helps tenderize the meat.

Wine can be used in every part of a party. You can make wine cocktails, serve wine hors d'oeuvres, appetizers, soups, salad dressing, main dishes, vegetables and desserts.

When cooking with wine, cook with a cooking wine. Most table wines can't stand up to the cooking process. The heat of your stove could cook the flavor away and instead of the aroma and taste you planned on, you could be disappointed with just an ordinary meal. Select only a genuine cooking wine such as imported Holland House Red, White, Sherry and Marsala Cooking Wines. These wines are specially selected for cooking; their rich robust flavor can stand up to the heat.

The average distance between neighboring galaxies is about a million light years.

FDIC

AFTER SPEAKING at the recent Cameron Parish Extension Homemakers Council meeting, Mrs. Frances Hennigan of the Calcasieu-Cameron Food Stamp Office, at right, hands out literature on the Food Stamp Program to five of the Council members. Reading from the right, the five are Mrs. M. H. Fulton, Cameron club, Mrs. Nata Hebert, Hackberry club, Mrs. Winnie Mouton, Creole club, Mrs. Albert Guidry, Sweetlake club, and Mrs. Evans Mhire, Grand Chenier club.

AT THE RECENT Cameron Parish Extension Homemakers meeting, Mrs. Nata Hebert, Council president, at left, is shown introducing guest speakers, Mrs. Priscilla Gallagher, Gulf States Utilities Service Advisor, to the audience.

Council hears talks on energy, food aid

By MRS. HAROLD CARTER

Featured at the July meeting of the Cameron Parish Extension Homemakers Council were two guest speakers, Mrs. Priscilla Gallagher, Gulf States Utilities Service advisor, and Mrs. Frances Hennigan, a representative from the Calcasieu-Cameron Food Stamp office. The meeting was held at the K.C. Hall in Creole with the Creole Homemakers Club serving as host.

Mrs. Gallagher began her presentation by giving a quiz on energy which revealed the many practices that can save energy. She spoke on the various electric appliances in use today.

Mrs. Gallagher also used slides to show how to select the right kind of lamps and light bulbs for the home.

Mrs. Hennigan told how the Food Stamp Program works. She asked the group to help find persons who are eligible for the stamps, but who are not now participating.

New officers elected were: president, Mrs. M. H. Fulton; president-elect, Mrs. Evans Mhire; 1st vice president, Mrs. M. C. Kelley; 2nd vice president, Mrs. Mervin Chesson; 3rd vice president, Mrs. Nata Hebert; secretary, Mrs. Albert Guidry; treasurer, Mrs. Robert Ortego; publicity book, Mrs. Larry McNeese and Mrs. Mhire; reporter, Mrs. John M. Theriot; and parliamentarian, Mrs. Charles F. Hebert.

In lieu of the annual Achievement Day, the Council decided to hold a "Fun Day" in November. Planned for the day's program are a dress revue, a country counter, individual club exhibit tables, club skits, and a covered dish luncheon. There will be no judging or competion at the "Fun Day."

Hospital patients

Patients admitted to South Cameron Memorial hospital recently were:

July 10 - Kenneth Tillman, Montecello Miss.

July 11 - Christina Nunez, Edolie Faulk, Julie Vincent, Belle Hebert, Delores Davis, all of Cameron.

July 12 - Thomas Burrell, Jr., Cameron.

July 13 - Susan Racca, Cameron.

July 14 - Alvin Savoie, Cameron; Walter Stevenson Jr. and Walter Stevenson Sr., New Orleans.

July 15 - Barry Copeland, Crowley; Glenn Hathaway, Pascagoula. Miss.

July 16 - Millard Quinn, Cameron.

July 17 - Feltus L. Rhodes, New Orleans; Lola Mae LaBove, Cameron.

Chairmen are named

Mrs. Frances Mudd of Cameron, Mrs. Charles Bonsall of Grand Chenier and Mrs. Barbara LaBauve of Sweetlake have been named chairmen of the annual fall Breath of Life Campaign in their communities by John L. Ochsner, M. D., the state campaign chairman of the Louisiana Chapter Cystic Fibrosis Foundation.

Funds raised by the fall campaign will benefit six million children with Cystic Fibrosis and related Lung-damaging diseases such as asthma, bronchitis, and childhood emphysema.

OFFICIALS--Officials of Jefferson Davis Electric Cooperative, are shown at the annual meeting of the members of the cooperative, held July 11 in Cameron. From left [seated] are Joseph L. Tupper, Elton, president; directors Garner Nunez, Grand Chenier; Eugene C. Todd, Welsh; R. O. Hackett, Bell City; and Charles M. Davis, Jennings, secretary-treasurer.

From left [standing] are William Knight, Jennings, Co-op attorney; J. S. Robbins, Jennings, Co-op manager; and directors Fritz Lang, Lake Arthur; and Sidney Derouen, Bell City. Unable to attend the meeting were directors Ralph Potter, Lake Arthur, Co-op vice-president; and Alvin Dyson, Cameron.

Coop members buying their energy at cost

Jefferson Davis Electric Co-op consumer-members are buying electric power at cost, Joseph L. Tupper, board president of the non-profit cooperative, told the annual meeting of the Co-op's members in Cameron July 11.

Addressing some 500 members and friends of the rural electric system, Tupper said that no one in the electric industry can promise lower rates in years to come. All indications, he said, point to ever increasing costs of electric power.

Among reasons Tupper cited for higher power costs were increases in generation fuel costs and skyrocketing costs of getting the power to consumers.

Natural gas used for power generation recently cost as low as 20 cents, but has risen to as high $2.00 per 1,000 cubic feet, Tupper said. Poles that cost $15 just a few years ago have shot up to $70 today, he said.

The high cost of natural gas, its scarcity and possible total phaseout as a boiler fuel forced Louisiana rural electric co-ops, including Jeff Davis Electric, to band together to construct a $640 million coal-fired power plant, Tupper told the gathering.

This plant, Big Cajun No. 2, will be the first coal-fired power plant in Louisiana, and will assure adequate power supply to rural electric consumers. Fired by low-sulphur coal brought by train and river barge from Montana and Wyoming, the plant puts rural electric co-ops ahead of the investor-owned power companies in the assuring power supply reliability in Louisiana in the years ahead, Tupper said. Big Cajun No. 2 will go into operation in 1979-80.

"Jeff Davis Electric will keep faith with the cooperative principle of adequate, reliable power at the lowest cost possible," the board president said. The non-profit co-op principle assures rural consumers reasonable rates in sparsely-settled areas, he said. Commercial power companies have comparable rates with Jeff Davis Electric in towns with more than 100 consumers per mile of line, whereas Jeff Davis Electric has less than 5 consumers per mile, Tupper reminded the consumer-members.

INCREASE SEEN

Jeff Davis Electric has never had a rate increase since it was organized almost 36 years ago, J. S. Robbins, Co-op manager, reported. The Co-op was able to squeeze by during 1976 without a rate increase, but may have to apply to Louisiana Public Service Commission late this year for a small rate increase, the manager pointed out. Jeff Davis Electric is one of a very few utilities anywhere who haven't put rate increases into effect, he said.

Higher bills, Robbins said, have resulted from using more expensive fuel oil during certain times of the year to generate power. These increased costs of power generation are passed along to Jeff Davis consumers monthly at the "Flow thru power costs" listed on their bills.

All of the "flow thru" charges are passed entirely on to wholsale power suppliers, and don't help the financial condition of the co-op, Robbins pointed out.

With the cost of generating power doubling since 1971, this cost now represents about 60 percent of every dollar Co-op consumers pay for electric power, he said. This leaves a decreasing percentage to spend on getting the power delivered to consumers, thus the reason for the possible small rate increase later this year, Robbins pointed out.

The manager praised the Co-op's nine-man board of directors for setting policy under which Jeff Davis Electric has been operated as cheaply as possible, while maintaining service reliability. With increasing numbers of consumers and service demands, Jeff Davis Electric has maintained the same number of employees for 10 years.

The manager reported the addition of 17.4 miles of line during 1976, with a net gain of 182 meters, bringing the total meters served to 6,667 at the end of last year.

"The best way for consumers to combat higher power costs," the manager pointed out, "is to properly insulate their homes are be careful to use power wisely."

Jeff Davis Electric Secretary-Treasurer, C. M. Davis reported that the 1,350-mile-electric system's net worth is $8.2 million, with total assets of $9.7 million.

Consumer-members spent $2.8 million for electric power during 1976, Davis reported.

The 325 registered Jeff Davis Electric members present at the meeting re-elected four of their fellow members to the Co-op's Board of Directors. Re-elected for two-year terms were C. M. Davis, Jennings; Ralph Potter, Lake Arthur; Sidney Derouen, Bell City; and Alvin Dyson, Cameron.

Lezime Kershaw, Rt. 1, Cameron, won the grand prize, a 25-inch color TV. The second prize, a whirlpool bath, was won by Burton LaBove, also of Rt. 1, Cameron. Twenty other members also won door prizes.

Mrs. Josephine Gary, Hathaway, was the oldest member present. She is 96.

Cameron team in tourney

By ED BREDEHOEFT

The Dixie Youth Baseball Sub-District 7 West tournament will get underway at the George M. Thompson Memorial Park here in DeQuincy, Thursday, July 21 with the first game scheduled for 2 p.m.

Game 1 scheduled for 2 p.m. Thursday will be between the Sulphur Nationals and South Beauregard Nationals. Game 2, at 4 p.m., will be DeRidder #2 meeting Moss Bluff Americans. The DeQuincy All-Stars will tangle with the Cameron team at 8 p.m.

There will be four games on Friday with the first contest scheduled for 2 p.m. with other games at 4, 6 and 8 p.m.

There will be a barbecue on Saturday, July 23, beginning at 11 a.m. All proceeds of the tournament will be used to pay expenses of the tournament and the improvements made to the concession stand and rest rooms.

Hints for HOMEMAKERS

Tested Tips To Help You

By Samantha

A few quick tricks from the Lestoil Homemakers' Service will help you wash the hassle out of cleaning difficult stains.

Ball point pen ink. Sponge this stain repeatedly with acetone or amyl acetate. Washing often sets ball point ink stains.

Fruit or berry stains. Stretch material over a large bowl and pour boiling water through the stains. If stains remain, bleach with hydrogen peroxide or chlorine bleach. Camphor will remove fruit stains from table linens if it is applied before the cloth is wet.

Coffee. Soak cloth overnight in large pan of strong vinegar water and hang in sun while dripping wet. Then wash as usual. You can use commercial coffee pot cleaners.

"Disaster" stains like oil, tar, mud, grass. Rub Lestoil's hard-working, grease-dissolving ingredients full strength onto the badly soiled areas. Then soak overnight in a tub filled with hot water. Drain and launder as usual.

Chocolate. Massage glycerine into the fabric and wash it out with plain water. Repeat if necessary.

German youths visit Cameron

The International Lions Club Convention recently held in New Orleans brought foreign visitors to Cameron as well.

Three German youths, Claudia Schroedter, 16; Susanne Groginger, 17; and Achim Mimdermam, 18 were sent to New Orleans to attend the convention and to represent their respective Leo Clubs. They spent an additional two weeks as guest of fellow Lions in Oberlin before flying back to Germany July 17.

Also attending the convention were Leo Kevin Colligan, representing the South Cameron Leo Club and Robin Tanner, president of the McNeese Lions Club, who was acting as chaperone for about forty International Leos. During the activities the three German youths and the Cameron boys became good friends and an invitation was extended to the Germans to visit Cameron for a day at the beach.

While in Cameron, the young people stayed in the home of Mr. and Mrs. Jimmy Colligan.

An outing at the beach where their first weiner roast was experienced, a boiled shrimp dinner in the home of Mr. and Mrs. Robert Tanner, a trip to Lake Charles and an ice cream parlor will be part of their memories of the trip to Cameron.

Oscar Garcia, Beth and Marcus Tanner, and Laurie Dyson joined Kevin and Robin in making their brief stay here an enjoyable one.

It's been a good year for skitters--not us

By DONALD MENARD
Cameron Parish Mosquito Control Director

With the summer nearly half over, this is by far the worst year we've had for mosquitoes in many years. We've had two major parishwide broods of mosquitoes hatch off, and we can expect another in a few days due to all of the scattered thunderstorms we have been having.

Since the primary goal of mosquito control is not to eradicate mosquitoes, but to hold populations at as low a level as possible, in this article we'll try to show how we attempt to do this.

There are two types of control practiced by mosquito control districts, permanent and temporary control.

Permanent control is the altering of the environment in such a way that mosquitoes cannot complete their life cycle. This can be done in several ways. Since mosquitoes must have water to grow in, removal of water which harbors mosquitoes is the first step.

This can be accomplished by grading, leveling, ditching and draining so that water doesn't stand long enough for larvae to develop. Installing of dikes and gates to keep salt sater from flooding pasture land and still allow drainage will prevent many mosquito problems.

Since our budget would have to be about three times what it is now in order to purchase and maintain the heavy equipment used in such operations, and since the marshes in Cameron are important breeding grounds for many beneficial organisms such as shrimp, fish and crabs, it is unfeasible to drain most areas of the parish.

Individual land owners could help themselves a good deal by keeping pastures and fallow fields drained, since this type of situation produces salt marsh mosquitoes by the millions after a good rain. A little ditching would, in most cases, eliminate a lot of mosquitoes around their own property.

Another way each person can help is to empty all water holding containers such as old tires, tin cans, old boats, etc. These can all produce enough mosquitoes to keep your yard infested year round.

Since permanent control is impractical at this time, temporary control is our only alternative. This can again be broken up into two main types, biological and chemical.

BIOLOGICAL CONTROL

Biological control involves the use of natural means such as predators and disease to reduce populations. Predators such as birds, bats and dragonflies help to reduce populations of adult mosquitoes while small fish and minnows eat the larvae and pupae. The only problem with fish is that in dry years, such as this year, the fish die off as the water dries up and mosquitoes can then grow unmolested.

Scientists have also been working for years with nematodes, fungi and bacteria that attack mosquitoes, but haven't had much success yet.

CHEMICAL CONTROL

The other type of temporary control is chemical control. Chemical control consists of larvicides and adulticides.

Larvicides are applied to the water to kill developing mosquitoes before they emerge as adults. Larvicides are not practical in this area for several reasons. First, they cost several times more per acre to apply than adulticides. Second and most important, most larvicides kill other aquatic organisms besides mosquito larvae. Also, a much larger area would have to be larvicided to be effective, and if only a small area happens to get missed by the chemical, that area would produce enough mosquitoes to reinfest the populated areas.

So all this leaves us with is adulticiding. In Louisiana, only five chemicals are registered for use by the E.P.Q. as widespread mosquito sprays, Dursban M.F.C., Baytex, Pyrethrum, Malathion and Dibrom 14. The first two of these can't be used in this area since they kill several types of aquatic life. Pyrethrum gives a quick kill, but is about four times more expensive than the others.

So, Malathion and Dibrom are the only chemicals we can use for widespread treatments. Both are applied at the rate of 3/4 oz. per acre, the maximum allowed by federal law.

All of our aerial spraying is done with Dibrom. This chemical gives a quick kill but coses about $40 per gallon, while Malathion costs about $11 per gallon.

We've divided the District into 10 aerial spray zones, which take an average of two hours each to spray and cost us from $1200 to $1400. All aerial treatments are done early in the morning or late in the evening. Treatments aren't effective other times of the day due to thermal updrafts preventing the fine spray from reaching the ground.

Spraying can't be done when winds are over 5 miles per hour for the same reason. That's why the last big brood took so long to control. Winds were over 10 miles per hour every afternoon, so it took us ten days to get the whole parish sprayed just once.

RESISTANCE BUILDUP

Although the airplane gets a better kill than the trucks due to the fact that a much larger area is covered, it is about 10-15 times more expensive than a truck' treatment. What is even more important is that present tests which have been made on mowquitoes from this area show that there is a definite resistance buildup to chemicals.

This immunity is caused by constant treating of mosquitoes over breeding grounds while larvae are in the water, and with so many cattle grazing right on the breeding grounds, it is nearly impossile for us to treat most areas without affecting the larbal population. This means that in a few years mosquitoes will not be affected by any chemicals which are now on the market, and instead of people having to put up with a brook of mosquitoes for a week, they will be fighting them all summer long like they did before the mosquito control began.

The only way to prevent resistance buildup is to treat with the plane only when really necessary. Spraying with trucks will cause very little resistance buildup and should be used whenever possible over the plane.

Malathion is used only in the spray trucks. It works just as good as Dibrom, but is a little slower acting, taking about four hours to get a complete kill.

The spray trucks, although not as effective as the plane on large broods, do a good job of holding down populations in residential areas, at about 1/10 the cost of an aerial treatment. The trucks can spray when winda are not over 10 miles per hour, so can get out many more times than the plane. All the drivers of the spray trucks are instructed to back down all driveways as far as possible. They will even drive out into dry fields and barn yards if the owners will open the gates.

Since mosquitoes travel up to 30 miles from their breeding ground in a few days, they can quickly repopulate areas which have just been sprayed, forcing us to retreat some areas several times before populations are lowered.

The District welcomes comments from the public and does its best to answer any questions you may have. Our regular office hours are from 7 a.m. to 4 p.m. weekdays. All other times, an answering service will tell you which areas are scheduled for treatment that night and will record a short message.

Since it is impossible for the Mosquito Control Board Members and Police Jurors to know which areas are going to be scheduled each day, please call the District for that information.

Outdoor Lore

By Nevyle Shackelford
University of Kentucky Extension Service

Although most professional naturalists deplore it, we, as a people, are incurably anthropomorphic. But don't let this throw you. It simply means that we have an inclination to ascribe human actions and emotions to the non-human creatures that share this earth with us.

When a lark sings, for example, we like to think it is expressing its happiness as we often do when we lift our voices in song. The fact is, according to naturalists, the bird may not be happy at all. Its delightful song is merely a means by which it tells other larks it is establishing hegemony over a certain piece of real estate and for them to keep out.

At times, however, certain birds and animals do demonstrate strange abilities that seem to border on human reasoning. To cite another example, take the case of a friend who once had two dogs and a big old wide-ranging tomcat. The cat did a lot of hunting and, for a time, brought in mice, rabbits, ground squirrels, and other small game to eat at leisure.

Liking wild game but being less skilled at catching it and, also being bigger, the dogs started confiscating the cat's prey. After having this happen several times, the cat abruptly changed its tactics. Instead of dragging the game home, the cat began eating it on the spot where the capture and kill was made.

Don't ask me how, but the dogs soon figured out what was happening and changed their tactics, too. Upon seeing the cat returning from the hunt, they would rush out, smell of its mouth to see what it had caught and eaten, then back-trail it to the spot where the kill had been made and eat any part of the game that had been left.

Another animal antic reported by a colleague deserves mention and is enough to give cause for wonder.

Looking out the window one spring day recently, our colleague was somewhat amazed to see a robin sitting on the back of her gentle, aged collie who was sunning himself on the walk. After stalking up and down the dog's furry spine a time or two, the robin suddenly reached down, yanked out a tuft of hair, and flew away.

In a few minutes the bird was back to repeat the performance and presumably pulled enough soft hair from the back of the unprotesting dog to line its nest.

While the scientists are undoubtedly right in declaring that to ascribe human characteristics to animals is highly inappropriate, it does seem true that their behavior under certain circumstances is similar to that of our own. Instead of the animals being like us, as one scientist put it, we are more like the animals.

Genealogy

by MARIE WISE

The inconsistency of 18th century spelling, especially in recording family names, is frustrating but inescapeable to genealogists. Coupled with the fact that a "good education" might correspond to our fifth grade level, were language barriers of almost despairing proportions.

As French, Spanish, English or Irish educated officials struggled with the phonics of opposing nationalities, their translated spellings often did not match. Germanic names are outstanding in this respect. "Schexnaider" with at least 14 different spellings in Louisiana is a prime example and who but the French could turn Schlumberger into the soft-spoken "Slum-burr-jhay"?

MONTGOMERY

There have been Montgomerys in the Natchez area of Misaissippi since shortly after the American Revolution at which timt the colony was under Spanish rule. One of these early settlers, Joseph, moved to Louisiana about 1818 leaving descendants in Concordia, Catahoula, Livingston, Ascension and other parishes. Some of their children continued the westward movement into Texas and all the way to California.

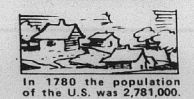
"The Descendants of Hugh Montgomery, Sr. and Some Related Families" is a 8½ x 11 in., 150 pp. volume by Dr. D.C. Montgomery, Jr., P.O. Box 1335, Greenville, Miss. 38701. $6.50 softcover, $11.00 hardcover, plus 35c mailing.

It traces the lines of Hugh Montgomery, Sr., a Scotch-Irish immigrant to the old Waxhaw Settlement in South Carolina in the mid 1750s, having come probably from Augusta County, Va. and possibly from a Lancaster County, Pa. line. The first American Montgomery was in Virginia in 1650.

Of the ten children of Hugh Montgomery, one remained in South Carolina, one went to Georgia, two to Tennessee and six to Mississippi, all raising large families. This book is enriched by a number of photographs and some maps, reproduced full-page. Researched also are the related families of Atterbury, Archer, Cameron, Eustis, Finlay, Pelham and Williams.

QUERIES

Address all questions or information for this column to: Marie Wise, P.O. Box 99, Sulphur, La. 70663.



In 1780 the population of the U.S. was 2,781,000.

LEGAL NOTICES

NOTICE OF
BOND ELECTION
NOTICE IS HEREBY GIVEN that a special election will be held within the limits of Cameron Fire Protection District No. 10 of the Parish of Cameron, State of Louisiana, on

August 20, 1977

between the hours of 6:00 a.m. and 8:00 p.m. for the purpose of submitting to the qualified electors the following proposition, to-wit:

PROPOSITION NO. 1
FOR THE INCURRING OF BONDED INDEBTEDNESS

Shall Cameron Fire Protection District No. 10 of the Parish of Cameron, Louisiana, incur debt and issue negotiable bonds in an amount not to exceed One Million Two Hundred Thousand Dollars ($1,200,000), to run for not more than twenty five (25) years from the date thereof, with interest not to exceed the maximum rate per annum permitted by law at the time of sale thereof, for the purpose of providing funds to acquire buildings, machinery and equipment, including both real and personal property, for said District, title to which shall be in the public, to be used in giving fire protection to the property in said District?

PROPOSITION NO. 2
FOR THE LEVYING OF A THREE (3) MILL PER DOLLAR ASSESSED MAINTENANCE TAX

Shall Cameron Fire Protection District No. 10 of the Parish of Cameron, Louisiana, levy a tax of three (3) mills per dollar of assessed valuation upon a taxable property in said District for a period of ten (10) years, commencing in the year in which the fire protection equipment of said District is first acquired for the purpose of maintaining and operating the district's fire protection facilities and paying the cost of obtaining water for fire protection purposes, including charges for fire hydrant rentals in said District?

FURTHER NOTICE is hereby given that the polling place and the election officals for the said election shall be as follows:

POLLING PLACE
Johnson Bayou School
ELECTION OFFICIALS
Mrs. Robert Merritt
Mrs. John Prescott
Mrs. Jackie Jinks
Mrs. Jessie Erbelding

FURTHER NOTICE is hereby given that the governing body of said District will meet in session on Tuesday, the 23rd day of August, 1977, at 10:00 a.m., at Police Jury Annex Building in Cameron, Louisiana, and will then and there examine and canvass the returns and declare the result of said election.

THIS DONE and SIGNED by order of the Cameron Police Jury, as the governing body of Cameron Fire Protection District No. 10 of the Parish of Cameron, Louisiana, this 5th day of July, 1977.

CAMERON PARISH POLICE JURY ACTING AS GOVERNING BODY OF FIRE PROTECTION DIST. NO. 10 OF THE PARISH OF CAMERON, LOUISIANA

NOTICE OF PUBLICATION
OFFICE OF
MINERAL RESOURCES
ON BEHALF OF
THE STATE
MINERAL BOARD
FOR THE
STATE OF LOUISIANA
BATON ROUGE
(7082)

By virtue of and in conformity with the provisions of Chapter 2, Title 30 of the Louisiana Revised Statutes of 1950, as amended, sealed bids will be received in the Office of Mineral Resources, State Land and Natural Resources Building, Baton Rouge, Louisiana, on or before the **10th day of August**, 1977, at 1:00 P.M., for a lease to explore, drill or mine for and produce oil, gas and any other liquid or gaseous hydrocarbon minerals, sulphur and potash in and on the lands and water bottoms described in Tract No. 14533 through Tract No. 14576, inclusive, at which time and date the bids will be opened publicly in the State Land and Natural Resources Building, Capitol Complex, Baton Rouge, Louisiana. The description of said tracts are more particularly set out below:

TRACT 14542 — Cameron Parish, Louisiana — All of the lands now or formerly constituting the beds and bottoms of all water bodies of every nature and description, except tax sales owned by and not under mineral lease from the State of Louisiana on March 22, 1977, situated in Cameron Parish, Louisiana, within the following described boundaries. Beginning at a point having Lambert Plane Coordinates of X = 1,439,818.92 and Y = 403,778.94, thence South 1,922.2 feet to a point having Lambert Plane Coordinates of X = 1,439,818.92 and Y = 398,756.71, thence Southeasterly to a point having Lambert Plane Coordinates of X = 1,440,502.6 and Y = 398,498.94, thence East 4,596.86 feet to a point having Lambert Plane Coordinates of X = 1,445,098.92 and Y = 398,498.94, thence North 5,280.00 feet, thence West 5,280.00 feet to the point of beginning, containing approximately 179 acres, as shown outlined in red on a plat on file in the Office of the Secretary, Department of Natural Resources. All bearings are based on Louisiana Lambert Plane Coordinate System (South Zone).

TRACT 14543 — Cameron Parish, Louisiana — All of the lands now or formerly constituting the beds and bottoms of all water bodies of every nature and description and all islands and other lands formed by accretion or relliction, except tax sales, owned by and not under mineral lease from the State of Louisiana on May 20, 1977, situated in Cameron Parish, Louisiana, within the following described boundaries. Beginning at a point having Lambert Plane Coordinates of X = 1,573,850.80 and Y = 442,990.00, thence East 5,280.00 feet, thence South 5,280.00 feet, thence West 5,280.00 feet, thence North 5,280.00 feet to the point of beginning, containing approximately 640 acres, as shown outlined in red on a plat on file in the Office of the Secretary, Department of Natural Resources. All bearings are based on Louisiana Lambert Plane Coordinate System (South Zone).

All bids are to offer a cash bonus for a lease having a primary term which shall not exceed three years and a gross royalty which shall in the event of less than one-half of the bonus offered, which shall specify the privilege of deferring drilling operations for a period of one year. Upon like payments annually, successively and consecutively during the primary term of the lease. The one year each during the primary term, provide for the drilling of offset wells and such other provisions as the State's interest and shall conform to the prevailing practice. No assignment or sublease of the lease shall be made unless approved by the Mineral Board. The lessee shall have the right to enter into pooling or unitization agreements with respect to development of the whole or any part of the premises subject to the approval of the State Mineral Board.

Certified check, cashier's check or bank money order payable to the SECRETARY, DEPARTMENT OF NATURAL RESOURCES, successor to the Register, State Land Office, for the full amount of the cash bonus, shall accompany and be submitted with each bid, and no bid thus submitted may be withdrawn or cancelled and the certified check, cashier's check or bank money order accompanying the bid of the successful bidder shall immediately be negotiated by the SECRETARY, DEPARTMENT OF NATURAL RESOURCES, as successor to the Register, State Land Office, and the proceeds thereof disbursed in the manner required by law. The successful bidder to whom the lease is awarded on the date of the sale shall return the written lease, duly executed, within TWENTY (20) DAYS after bidder's receipt of same under penalty of forfeiture of the lease and the bonus previously tendered and negotiated in the event of failure to do so.

NOTE in the case of all State Agency Lands herein offered, certified checks, cashier's checks or bank money orders for the cash bonus shall be made payable to such respective State Agency, provided that if a successful bid on or part thereof, located in a township which is subdivided in more than one parish, is offered, certified check, cashier's check or bank money order for 1/16th of the amount of the cash bonus shall be made payable to the STATE TREASURER.

Any Amendment, Assignment or Agreement entered into after the State Mineral Board has awarded such lease must be approved by the Lessor Agency or Agencies.

Consistent with the policy of the Board as expressed in a resolution dated August 12, 1965, all bidders for leases of navigable bodies of water owned by reach, shoals and beds of lakes, bayous, streams and bodies of water shall submit with their bids a plat outlining thereon the portion of the bottoms which they claim and should be 1 inch = 4,000 feet.

The State Mineral Board reserves the right to reject any and all bids or to grant a lease on any of the South shoreline of Grand Lake, Vermilion Bay and Eastern Bayou along said South shoreline to its intersection with a line bearing a Lambert Plane Coordinate of X = 1,533,200.00, thence Northerly to a point having Lambert Plane Coordinates of X = 1,533,200.00 and Y = 467,532.47; thence West 6,307.52 feet to a point having Lambert Plane Coordinates of X = 1,526,891.48 and Y = 467,532.47, thence South 12 degrees 28 minutes 56 seconds West 2,674.33 feet to a point having Lambert Plane Coordinates of X = 1,526,405.94 and Y = 464,903.77; thence South 1 degree 24 minutes 53 seconds West 3,569.79 feet to the point of beginning, containing 215.5 acres, more or less, as shown outlined in red on a plat on file in the Office of the Secretary, Department of Natural Resources. All bearings are based on Louisiana Lambert Plane Coordinate System (South Zone).

All bids are to offer a cash bonus for a lease having a primary term which shall not exceed three years and a gross royalty which shall in the event of less than one-half of the bonus offered, which shall specify the privilege of deferring drilling operations for a period of one year. Upon like payments annually, successively and consecutively during the primary term of the lease. The one year each during the primary term, provide for the drilling of offset wells and such other provisions as the State's interest and shall conform to the prevailing practice. No assignment or sublease of the lease shall be made unless approved by the Mineral Board. The lessee shall have the right to enter into pooling or unitization agreements with respect to development of the whole or any part of the premises subject to the approval of the State Mineral Board.

Certified check, cashier's check or bank money order payable to the SECRETARY, DEPARTMENT OF NATURAL RESOURCES, successor to the Register, State Land Office, for the full amount of the cash bonus, shall accompany and be submitted with each bid, and no bid thus submitted may be withdrawn or cancelled and the certified check, cashier's check or bank money order accompanying the bid of the successful bidder shall immediately be negotiated by the SECRETARY, DEPARTMENT OF NATURAL RESOURCES, as successor to the Register, State Land Office, and the proceeds thereof disbursed in the manner required by law. The successful bidder to whom the lease is awarded on the date of the lease sale shall return the written lease, duly executed, within TWENTY (20) DAYS after bidder's receipt of same under penalty of forfeiture of the lease and the bonus previously tendered and negotiated in the event of failure to do so.

NOTE in the case of all State Agency Lands herein offered, certified checks, cashier's checks or bank money orders for the cash bonus shall be made payable to such respective State Agency, provided that if a successful bid on or part thereof, located in a township which is subdivided in more than one parish, is offered, certified check, cashier's check or bank money order for 1/16th of the amount of the cash bonus shall be made payable to the STATE TREASURER.

Any Amendment, Assignment or Agreement entered into after the State Mineral Board has awarded such lease must be approved by the Lessor Agency or Agencies.

Consistent with the policy of the Board as expressed in a resolution dated August 12, 1965, all bidders for leases of navigable bodies of water owned by reach, shoals and beds of lakes, bayous, streams and bodies of water shall submit with their bids a plat outlining thereon the portion of the bottoms which they claim and should be 1 inch = 4,000 feet.

The State Mineral Board reserves the right to reject any and all bids or to grant a lease on any portion of the tract advertised and withdraw the remainder of the tract.

NOTICE
NOTICE OF PUBLICATION
OFFICE OF
MINERAL RESOURCES
ON BEHALF OF THE
STATE MINERAL BOARD
FOR THE
STATE OF LOUISIANA
BATON ROUGE

By virtue of and in conformity with the provisions of Chapter 2, Title 30 of the Louisiana Revised Statutes of 1950, as amended, sealed bids will be received in the Office of Mineral Resources, State Land and Natural Resources Building, Baton Rouge, Louisiana, on or before the **10th day of August**, 1977, at 1:00 P.M., for a lease to explore, drill or mine for and produce oil, gas and any other liquid or gaseous hydrocarbon minerals, sulphur and potash in and on the lands and water bottoms described in Tract No. 14577 through Tract No. 14578, inclusive, at which time and date the bids will be opened publicly in the State Land and Natural Resources Building, Capitol Complex, Baton Rouge, Louisiana. The description of said tracts are more particularly set out below:

TRACT 14577 — Cameron Parish, Louisiana — All of the lands now or formerly constituting the beds and bottoms of all water bodies of every nature and description and all islands and other lands formed by accretion or relliction, except tax sales, owned by and not under mineral lease from the State of Louisiana on March 22, 1977, situated in Cameron Parish, Louisiana, within the following described boundaries. Beginning at a point having Lambert Plane Coordinates of X = 1,526,248.25 and Y = 459,636.34; thence North 88 degrees 53 minutes 12 seconds West 7,818.09 feet; thence North 1 degree 34 minutes 24 seconds East 5,330.90 feet; thence North 00 degrees 51 minutes 23 seconds East 2,500.00 feet; thence East 8,339.36 feet to a point having Lambert Plane Coordinates of X = 1,526,897.48 and Y = 467,532.47; thence South 10 degrees 28 minutes 56 seconds West 2,674.33 feet to a point having Lambert Plane Coordinates of X = 1,526,405.94 and Y = 464,903.77; thence South 1 degree 24 minutes 53 seconds West 3,569.79 feet to the point of beginning, containing 1,678.5 acres, more or less, as shown outlined in red on a plat on file in the Office of the Secretary, Department of Natural Resources. All bearings are based on Louisiana Lambert Plane Coordinate System (South Zone).

TRACT 14578 — Cameron Parish, Louisiana — All of the lands now or formerly constituting the beds and bottoms of all water bodies of every nature and description and all islands and other lands formed by accretion or relliction, except tax sales, owned by and not under mineral lease from the State of Louisiana on March 22, 1977, situated in Cameron Parish, Louisiana, within the following described boundaries. Beginning at a point having Lambert Plane Coordinates of X = 1,526,248.25 and Y = 459,636.34; thence South 88 degrees 53 minutes 12 seconds West 7,818.09 feet; thence North 1 degree 34 minutes 24 seconds East 5,330.90 feet; thence North 00 degrees 51 minutes 23 seconds East 2,500.00 feet; thence East 8,339.36 feet to a point having Lambert Plane Coordinates of X = 1,526,897.48 and Y = 467,532.47; thence South 10 degrees 28 minutes 56 seconds West 2,674.33 feet to a point having Lambert Plane Coordinates of X = 1,526,405.94 and Y = 464,903.77; thence South 1 degree 24 minutes 53 seconds West 3,569.79 feet to the point of beginning, containing 1,678.5 acres, more or less, as shown outlined in red on a plat on file in the Office of the Secretary, Department of Natural Resources. All bearings are based on Louisiana Lambert Plane Coordinate System (South Zone).

All bids are to offer a cash bonus for a lease having a primary term which shall not exceed three years and a gross royalty which shall in the event of less than one-half of the bonus offered, which shall specify the privilege of deferring drilling operations for a period of one year. Upon like payments annually, successively and consecutively during the primary term of the lease. The one year each during the primary term, provide for the drilling of offset wells and such other provisions as the State's interest and shall conform to the prevailing practice. No assignment or sublease of the lease shall be made unless approved by the Mineral Board. The lessee shall have the right to enter into pooling or unitization agreements with respect to development of the whole or any part of the premises subject to the approval of the State Mineral Board.

Certified check, cashier's check or bank money order payable to the SECRETARY, DEPARTMENT OF NATURAL RESOURCES, successor to the Register, State Land Office, for the full amount of the cash bonus, shall accompany and be submitted with each bid, and no bid thus submitted may be withdrawn or cancelled and the certified check, cashier's check or bank money order accompanying the bid of the successful bidder shall immediately be negotiated by the SECRETARY, DEPARTMENT OF NATURAL RESOURCES, as successor to the Register, State Land Office, and the proceeds thereof disbursed in the manner required by law. The successful bidder to whom the lease is awarded on the date of the lease sale shall return the written lease, duly executed, within TWENTY (20) DAYS after bidder's receipt of same under penalty of forfeiture of the lease and the bonus previously tendered and negotiated in the event of failure to do so.

NOTE in the case of all State Agency Lands herein offered, certified checks, cashier's checks or bank money orders for the cash bonus shall be made payable to such respective State Agency, provided that if a successful bid on or part thereof, located in a township which is subdivided in more than one parish, is offered, certified check, cashier's check or bank money order for 1/16th of the amount of the cash bonus shall be made payable to the STATE TREASURER.

Any Amendment, Assignment or Agreement entered into after the State Mineral Board has awarded such lease must be approved by the Lessor Agency or Agencies.

Consistent with the policy of the Board as expressed in a resolution dated August 12, 1965, all bidders for leases of navigable bodies of water owned by reach, shoals and beds of lakes, bayous, streams and bodies of water shall submit with their bids a plat outlining thereon the portion of the bottoms which they claim and should be 1 inch = 4,000 feet.

The State Mineral Board reserves the right to reject any and all bids or to grant a lease on any portion of the tract advertised and withdraw the remainder of the tract.

The Challenge of Genealogy

by MARIE WISE

There are thousands of genealogical books in print, including those that list records (births, burials, marriages, wills, military service, ships' passenger lists, census reports, tax records, etc.), those that trace one line and perhaps its related families, those telling the story of a county, town or community and its builders, assorted books of history, geography and exploration that are all part of our nation's 350 year population expansion.

GUIDE BOOKS

Fortunately, genealogical guide books do exist. Among the handiest of these is the paperback, two-volume index available from: Netti Schreiner-Yantis, 6818 Lois Drive, Springfield, Va. 22150. Vol. I, "Genealogical Books in Print", 311 pp., sells for $4.00; Vol. II, "Genealogical & Local History Books in Print", 410 pp., for $5.95.

Each of these 5½ x 8½ in. catalogs contains over 5,000 (different) titles of available books with full ordering information. They begin with a listing of textbooks, manuals and handbooks such as "Tracing Your Ancestry, A Step By Step Guide . . .", go into reference listings by states, then to family genealogies, etc.

First published in 1975-76, each volume is in its second printing. The editor, Mrs. Schreiner-Yantis, has been a family and professional genealogist, a genealogy teacher and a compiler of genealogical publications for more than 25 years. Her set is an excellent hand-size index on some 1,000 titles that might be found at research libraries, requested through interlibrary loan, or purchased.

GA. MARRIAGES

The names of more than 150,000 ancestors who married during the early 1800's and before in the state of Georgia have recently been published in two large, 8½ x 11 in., hardcover books priced at $20.00 each and available from: Joseph T. Maddox, P.O. Box 157, Irwinton, Ga. 31042.

The first, published in 1975, is entitled "37,000 Early Georgia Marriages", most of which appeared in series during the preceding 11 years in issues of "Georgia Pioneers", a quarterly genealogical magazine published by Mrs. Mary Carter of Albany.

This 311 page volume includes marriages from 29 counties, in chapters by counties, listed alphabetically by the groom's last name, each showing the bride's name and marriage date. Many Georgians who married during the 1780-1860 general period covered, migrated westward - or their children did - as far as the Louisiana frontier.

The second volume, revised in 1977, is entitled "40,000 Early Georgia Marriages". With listings from 21 counties in 384 pages, it includes also 1754-1778 Salzburger marriages, not a county but a community of Austrian immigrants. In addition, some of the Wilkinson County marriages list parents of the bride or groom.

COOLEY

Doris Perego, Rt. 2, Box 397, DeRidder, La., 70634 writes that she is working on the following family histories and would appreciate any information:

Ira Cooley, b. 1 Jan. 1823, d. 17 Aug. 1908, m. Basha Arrington, b. 12 Mar. 1821, d. 14 Dec. 1908. Susan Cooley, b. 1860 (?), d. 14 Dec. 1900, m. John Louis Jackson, b. 3 Nov. 1851, d. 10 Mar. 1897; both bur. in Hagar Cemetery, Ragley, La.

Thomas A. Jackson, b. 1802 in Miss. (?), m. Cynthia Gill. John Hagar, b. ca. 1835, N.J., m. Ellen Reeves, b. Ala. (?).

James Harron Smith, b. 16 Dec. 1856, d. 23 Apr. 1899, m. Melissie Drusella Delaney, b. 7 Oct. 1858, d. 26 Aug. 1949. Pemelia Jane Cruse, b. 23 Dec. 1830, d. 9 Mar. 1931, m. 1st, John Delaney, 2nd (?) Stanfield.

LYON

Mrs. G.A. Lyon, Jr., 201 Pine St., Welsh, La. 70591 is seeking more information on the following lines:

Michael Lyon, b. 19 Mar. 1834, Morgan County, Ohio, m. Margaret Jane Addis, and d. 1929 in Lake Charles. His son, Emery A. Lyons, b. 1 Apr. 1871, Bourbon Co., Kansas, m. Vashti Nail, b. 17 Mar. 1871, Ft. Scott, Bourbon Co. and d. 4 July 1954, Jeff Davis Parish, La. and dau. of John G. Nail, Memphis, Tenn., who m. 20 Jan. 1861, Edith B. Summers, Smithville, Clay Co., Mo.

QUERIES

Address all questions or information for this column to: Marie Wise, P.O. Box 99, Sulphur, La. 70663.

For The Record

Tips On Choosing And Using Your Record Player

To be eligible for warranty service, you are sometimes required to fill out and mail a warranty card that is packaged with the equipment. It's a good idea to do this as soon as you unpack the unit. Also, file the sale slip away should proof of the purchase date be required later. Here are the experts at the Electronic Industries Association.

If there's no power coming in to your stereo unit, before you call the repairman, check to see if your unit is plugged in, if it is, check the fuses in the rear of your receiver. If one has burnt out, it is very inexpensive to replace.

* * *

Much of the poor performance in audio equipment is the result of not properly installing and operating the equipment. Before you buy, ask a salesman to familiarize you with the installation requirements and operating instructions. Follow these directions carefully and be sure to save all manuals and operating instructions in case you have a question later on.

* * *

All terms and conditions of the Unitization Agreement are contained in the copy of the proposed Agreement attached as Exhibit B to the petition.

Any opposition to the proposed order may be filed at any time prior to its issuance. The order applied for may be issued at any time after the expiration of seven (7) days from the date of publication of this notice.

By order of the 14th Judicial District Court.

Cameron, Louisiana
Thursday July 11, 1977

The Cameron Parish School Board met in regular session on this date with the following members present: Mervyn Taylor, President, Alvin Trahan, Jonnie Riggs, Preston Richard, Daniel Dupont, Patrice Doland, and Arnold Jones.

On motion of Mr. Dupont, seconded by Mrs. Riggs and carried, the Board voted to dispense with reading the minutes of the June 13, 1977, meeting and to accept same as published in the Official Journal.

On motion of Mr. Doland, seconded by Mr. Trahan and carried, the Board voted to open and tabulate bids on duplicating paper, duplicating master copies, and duplicating fluid for the 1977-78 session.

Company	Paper	Master Copies/100	Fluid/gal.
Lake Charles Copy Duplicating	1.66	2.75	1.95
Cameron Office Supply	1.51	2.95	3.10
Keller	N/B	3.30	N/B
Griffin Ed. Materials	2.68	3.10	2.75

On motion of Mr. Trahan seconded by Mrs. Riggs and carried, the Board voted to accept the following low bids.

Duplicating Paper	Cameron Office Supply	1.51
Duplicating Fluid	Lake Charles Copy Duplicating	1.95
Duplicating Masters	Lake Charles Copy Duplicating	2.75

On motion of Mrs. Riggs, seconded by Mr. Dupont and carried, the Board voted to open and tabulate bids on paper towels, and toilet tissue for 1977-78 session.

Company	Item	Bid	Alt. Bid
Southwest Paper Co.	Toilet tissue	27.00	22.05
	Roll towels	16.95	10.95
	C-Fold towels	13.85	12.06
Bancroft Paper Co.	Toilet tissue		19.50
	Roll towels	15.41	
	C-Fold towels	9.00	

On motion of Mr. Doland, seconded by Mr. Dupont and carried, the Board voted to refer all bids to a committee of supervisors for analysis and acceptance.

On motion of Mr. Richard, seconded by Mr. Jones and carried, the Board voted to open and tabulate bids on bonding for mineral purposes the North Half of Section 16, Township 14 South, Range 5 West.

Company	Bid
Goldking Properties Inc.	Cash bonus 29,119.29
	Annual rental 1/2 bonus

On motion of Mr. Richard, seconded by Mr. Doland and carried, the Board voted to open and tabulate bids for band instruments.

Company	Bid
Pod Elrry's Music Co	$6,691.34
Swicegood Music Co.	7,584.28
Ziegler's Music Shop	8,257.65

On motion of Mr. Richard, seconded by Mr. Doland and carried, the Board voted to refer the bids to committee of supervisors for analysis and acceptance.

On motion of Mr. Trahan, seconded by Mr. Dupont and carried, the Board voted to refer all bids to the Parish Plot as the Official Journal for the 1977-78 fiscal year.

On motion of Mr. Dupont, seconded by Mr. Richard and carried, the Board voted to advertise for bids for school lunchroom milk for the 1977-78 session and any summer programs offered during the summer of 1978.

On motion of Mr. Trahan, seconded by Mr. Riggs and carried, the Board voted to advertise for bread for the school lunchrooms during the 1977-78 session and any summer programs offered during the summer of 1978.

On motion of Mr. Doland, seconded by Mr. Dupont and carried, the Board voted to approve the employment of the following teachers for the 1977-78 school session. (See the attached list of school teachers.)

On motion of Mr. Dupont, seconded by Mrs. Riggs and carried, the Board accepted the resignation of Emily Dailey as sweeper at South Cameron High School effective July 15, 1977, and appointed Deborah McGhee to replace her.

On motion of Mr. Trahan, seconded by Mr. Richard and carried, the Board accepted the resignation of Darrell Carrere, Band Director at Hackberry High School; Ed Thompson, Band Director at South Cameron High School, and Karen Eleuterio, Teacher of Business Subjects at South Cameron High School effective July 11, 1977.

On motion of Mr. Richard seconded by Mr. Dupont and carried, the Board approved payment of Certificate No. 2 in the amount of $174.40 to Hackett & Bailey for architects fees on Teacher's Lounge Project at Grand Lake High School.

On motion of Mr. Trahan seconded by Mrs. Riggs and carried, the Board authorized payment of Certificate No. 1 in the amount of $4,982.76 to Realco Ltd. for construction of Teacher's Lounge at Grand Lake High School.

On motion of Mrs. Riggs, seconded by Mr. Dupont and carried, the Board authorized payment of Certificate No. 3 in the amount of $533.86 to Hackett & Bailey for architects fees on the Renovation to Heating System Project at South Cameron High School.

On motion of Mr. Richard, seconded by Mr. Trahan and carried, the Board authorized payment of Certificate No. 2 in the amount of $19,413.00 to A. K. Newlin, Inc. for Renovation to Heating System at South Cameron High School.

On motion of Mr. Dupont, seconded by Mrs. Riggs and carried, the Board authorized payment of Certificate No. 1 in the amount of $4,982.76 to Realco Ltd. for construction of Teacher's Lounge at Grand Lake High School.

On motion of Mrs. Riggs, seconded by Mr. Dupont and carried, the Board authorized payment of Certificate No. 3 in the amount of $4,982.76 to Realco Ltd. for construction of Teacher's Lounge at Grand Lake High School.

On motion of Mrs. Riggs, seconded by Mr. Dupont and carried, the Board authorized payment of Certificate No. 2 in the amount of $1,900.00 to Hackett & Bailey for architects fees on Renovation to Heating System at South Cameron High School.

On motion of Mr. Dupont, seconded by Mrs. Riggs and carried, the Board authorized payment of Certificate No. 1 in the amount of $204,980.30, $207,205.58, $205,854.17, and $207,876.96, and Special Building Fund Certificate of Deposit for the amount of $143,779.83 to Jim Shirey (30) days.

On motion of Mrs. Riggs, seconded by Mr. Jones and carried, the following Resolution was adopted:

RESOULTION

RESOLUTION

WHEREAS, in accordance with the laws of the State of Louisiana, application was made to the Cameron Parish School Board requesting that 330 acres, more or less, situated in Section 16, Township 14 South, Range 5 West and described as the North Half (N 1/2) of that section, by George F. White, that the above property be advertised for and oil, gas, and mineral lease, and

WHEREAS, in due course, the requested advertisement for this lease was published in the Official Journal of the State of Louisiana and the Parish of Cameron for the prescribed statutory period of time, and

WHEREAS, in response to said advertisement the following, one bid only, was received and opened in public session of the Cameron Parish School Board on the eleventh (11th) day of July, 1977 at a regular meeting of the Cameron Parish School Board.

BID: For a three (3) year mineral lease on 240 acres, more or less, situated in Section 16, Township 14 South, Range 5 West, and described as follows: The Northwest Quarter (NW¼) and the West Half of the Northeast Quarter (W 1/2 of NE ¼), of Section 16, Township 14 South, Range 5 West.

CASH BONUS: $29,119.20 ($121.33 per acre)
ANNUAL RENTAL: $14,559.60
ROYALTIES: ⅛ Royalty of all oil produced and saved; ⅛ Royalty on all gas produced and saved; ⅛ of the value per long ton when marketed on sulphur produced and saved, but not less than a minimum of $2.00 per long ton; ⅛ of the value per ton when marketed for all potash produced and saved, but not less than a minimum of 10 cents per ton; ⅛ of all other liquid or gaseous hydrocarbon minerals produced and saved.

WHEREAS, the Cameron Parish School Board feels that it is to the best interest of the Cameron Parish School Board to accept the bid of Golding Properties Company, and

NOW, THEREFORE BE IT RESOLVED by the Cameron Parish School Board in regular session convened at the office of said School Board in Cameron, Louisiana on the eleventh (11th) day of July, 1977, the bid of Goldking Properties Company be accepted and

BE IT FURTHER RESOLVED that Mervyn Taylor, President of the Cameron Parish School Board, be and he is hereby authorized and directed to execute on behalf of the Cameron Parish School Board an oil, gas, and mineral lease in favor of Goldking Properties Company covering the above described bid as submitted and said lease to be subject to the approval of the State Mineral Board.

RESOLUTION

A Resolution calling a special election in Waterworks District No. 10 of the Parish of Cameron, Louisiana, in order to submit to the qualified electors in said district (i) a proposition to incur debt and issue negotiable bonds of said district, for the purpose of providing funds to construct and maintain a waterworks system or systems in said district, title to which shall be in the public and (ii) a proposition to levy a special tax on all taxable property in said district for the purpose of maintaining and operating said waterworks system or systems; Providing for notice of said election; Providing for the voting machines and all the necessary things in the holding of said election; Naming the officers of said election and fixing their compensation; Fixing the date at which the result of said election will be canvassed and declared.

Be it resolved by the Board of Commissioners of Waterworks District No. 10 of the Parish of Cameron, Louisiana, as follows:

SECTION 1. Subject to the approval of the State Bond Commission a special election shall be held in Waterworks District No. 10 of the Parish of Cameron, Louisiana, and the same is hereby called for Saturday, the 20th of August, 1977, in order to submit to the qualified electors of said District, the following propositions, to-wit:

PROPOSITION NO. 1

Shall Waterworks District No. 10 of the Parish of Cameron, Louisiana, incur debt and issue negotiable bonds in an amount not to exceed One Million Two Hundred Thousand Dollars ($1,200,000), to run for not more than twenty five (25) years from the date thereof, with interest not to exceed the maximum rate per annum permitted by law at the time of sale thereof, for the purpose of providing funds to construct and maintain a waterworks system or systems for said District, title to which shall be in the public?

PROPOSITION NO. 2

Shall Waterworks District No. 10 of the Parish of Cameron, Louisiana, levy a two (2) mill special tax on all the taxable property in said District for a period of ten (10) years, commencing in the year in which such waterworks system or systems are put in operation, for the purpose of maintaining and operating the District's waterworks system or systems?

SECTION 2. The Board of Commissioners of said District will meet in open session on Saturday, the 23rd day of August, 1977, at 10:00 a.m., at the Police Jury Annex Building in Cameron, Louisiana, and will then, in open session, proceed to examine and canvass the returns and declare the result of said election.

SECTION 3. The President and Secretary of this Board be and they are hereby ordered and instructed to give notice of said election in the form and manner provided by law, said notice to state that the election is to be held on the date hereinbefore mentioned and at the polling place hereinafter named, and said notice shall also state that the Board of Commissioners of said District will meet in open session on Tuesday, the 23rd day of August, 1977, at 10:00 a.m., at the Police Jury Annex Building, in Cameron, Louisiana, and will in open session proceed to examine and canvass the returns and declare the result of said election.

SECTION 4. The polling place and the election officials for said election shall be as follows:

POLLING PLACE	ELECTION OFFICIALS
Johnson Bayou School	Mrs. Robert Merritt
	Mrs. John Prescott
	Mrs. Jackie Jinks
	Mrs. Francis Erbelding

SECTION 5. The compensation of the commissioners at said election shall be Thirty Five and No/100 Dollars ($35.00) per day for one day each and the compensation for the clerk at said election shall be Forty Five and No/100 Dollars ($45.00) per day for one day.

SECTION 6. The Secretary of the Board of Commissioners of the Waterworks District is hereby directed to procure all the necessary voting machines and all things necessary for the holding of the election and to deliver the same to the election officials at the proper polling place in due time for the holding of said election, provided that the ballots shall be in the form prescribed by law.

SECTION 7. The proposition on the ballot to be used in said election shall be in substantially the following form:

PROPOSITION NO. 1

FOR THE INCURRENCE OF BONDED INDEBTEDNESS

Shall Waterworks District No. 10 of the Parish of Cameron, Louisiana, incur debt and issue negotiable bonds in an amount not to exceed One Million Two Hundred Thousand Dollars ($1,200,000), to run for not more than Twenty Five (25) years from the date thereof, with interest not to exceed the maximum rate per annum permitted by law at the time of sale thereof, for the purpose of providing funds to construct and maintain a waterworks system or systems for said District, title to which shall be in public?

YES
NO

PROPOSITION NO. 2

FOR THE LEVYING OF A TWO (2) MILL PER DOLLAR SPECIAL MAINTENANCE TAX

Shall Waterworks District No. 10 of the Parish of Cameron, Louisiana, levy a two (2) mill special tax on all the taxable property in said district for a period of ten (10) years, commencing in the year in which said District's waterworks system or systems are put in operation, for the purpose of maintaining and operating the District's waterworks system or systems?

YES
NO

SECTION 8. The Polls for the said election shall open at the hour of six a.m. and remain open until the hour of eight p.m., at which last named hour they shall close.

SECTION 9. The aforesaid election shall in all respects be conducted in the manner provided by the general elections laws of the State of Louisiana, except as provided in Louisiana Rev. Stat. Ann. SS 39:501-39:523 (Cum. Supp. 1977).

SECTION 10. This resolution shall take effect immediately upon its adoption.

RESOLUTION

A Resolution requesting the State Bond Commission to consent to and approve (i) the calling of an election in Cameron Fire Protection District No. 10 of the Parish of Cameron, Louisiana, (ii) on a proposition to incur debt and issue negotiable bonds of said district for the purpose of providing funds to acquire building, machinery and equipment, including both real and personal property, for said district, title to which shall be in the public, to be used in giving fire protection to the property in said district, and (b) a proposition to levy a special tax on all taxable property on said district for the purpose of maintaining and operating said district's fire protection facilities and paying the cost of obtaining water for fire protection purposes, including charges for fire hydrant rentals and services; (iii) the levy of a tax sufficient to pay the principal of, premium, if any, and interest on said bonds; and (iv) the levy of the special tax, if approved at said election.

BE IT RESOLVED BY THE POLICE JURY OF CAMERON PARISH, LOUISIANA, as the governing body of Cameron Fire Protection District No. 10 of the Parish of Cameron, Louisiana:

SECTION 1. That the State Bond Commission is hereby requested to consent to and approve the calling of an election in Cameron Fire Protection District No. 10 of the Parish of Cameron, Louisiana, in order to submit to the qualified electors in said District (i) a proposition to incur debt and issue negotiable bonds of said district, in an amount not to exceed One Million Two Hundred Thousand Dollars ($1,200,000), to run for not more than Twenty Five (25) years from the date thereof, with interest not to exceed the maximum rate per annum permitted by law at the time of sale of said bonds, for the purpose of providing funds to acquire buildings, machinery and equipment, including both real and personal property, for said District, title to which shall be in the public, to be used in giving fire protection to the property in said District and (ii) a proposition to levy a special tax on all taxable property in said District for the purpose of maintaining and operating the District's fire protection facilities and paying the cost of obtaining water for fire protection purposes, including charges for fire hydrant rentals and services, all to be submitted to the qualified electors of said District, the following propositions, to-wit:

PROPOSITION NO. 1

Shall Cameron Fire Protection District No. 10 of the Parish of Cameron, Louisiana, incur debt and issue negotiable bonds in an amount not to exceed One Million Two Hundred Thousand Dollars ($1,200,000), to run for not more than twenty five (25) years from the date thereof, with interest not to exceed the maximum rate per annum permitted by law at the time of sale of said bonds, for the purpose of providing funds to acquire buildings, machinery and equipment, including both real and personal property, for said District, title to which shall be in the public, to be used in giving fire protection to the property in said District?

PROPOSITION NO. 2

Shall Cameron Fire Protection District No. 10 of the Parish of Cameron, Louisiana, levy a tax of three (3) mills per dollar of assessed valuation upon all taxable property in said District for a period of ten (10) years, commencing in the year in which the fire protection equipment of said District is first acquired for the purpose of maintaining and operating the district's fire protection facilities and paying the cost of obtaining water for fire protection purposes, including charges for fire hydrant rentals and services?

SECTION 2. The Police Jury of Cameron Parish, Louisiana, as the governing body of said District, will meet in open session on Tuesday, the 23rd day of August, 1977, at 10:00 o'clock a.m., at Police Jury Annex Building in Cameron, Louisiana, and will, in open session, proceed to examine and canvass the returns and declare the result of said election.

SECTION 3. The President and Secretary of this Police Jury be, and they are hereby ordered and instructed to give notice of said election in the form and manner provided by law, said notice to state that the election is to be held on the date hereinbefore mentioned and at the polling place(s) hereinafter named, and said notice shall also state that the governing body of said District will meet in open session on Saturday, the 23rd day of August, 1977, at 10:00 o'clock a.m., at Police Jury Annex Building, in Cameron, Louisiana, and will, in open session, examine and canvass the returns and declare the results of said election.

SECTION 4. The polling place(s) and election officials for said election shall be as follows:

POLLING PLACE	ELECTION OFFICIALS
Johnson Bayou School	Mrs. Robert Merritt
	Mrs. John Prescott
	Mrs. Jackie Jinks
	Mrs. Francis Erbelding

SECTION 5. The compensation of the commissioners at said election shall be Thirty Five and No/100 Dollars ($35.00) per day for one day each and the compensation for the clerk at said election shall be Forty Five & No/100 Dollars ($45.00) per day for one day.

SECTION 6. The Secretary of this Police Jury shall request the Secretary of the Commissioners of the governing body of the District to procure all the necessary voting machines and all things necessary for the holding of the election, and to deliver the same to the election officials at the proper polling place in due time for the holding of said election, provided that the ballots shall be in form prescribed by law.

SECTION 7. The proposition on the ballot to be used in said election shall be in substantially the following form:

RESOLUTION

A Resolution calling a special election in Cameron Fire Protection District No. 10 of the Parish of Cameron, Louisiana, in order to submit to the qualified electors in said District (i) a proposition to incur debt and issue negotiable bonds of said district for the purpose of providing funds to acquire buildings, machinery and equipment, including both real and personal property, to be used in giving fire protection to the property in said District, title to which shall be in the public, and (ii) a proposition to levy a special tax on all taxable property in said district for the purpose of maintaining and operating the district's fire protection facilities and paying the cost of obtaining water for fire protection purposes, including charges for fire hydrant rentals and service; providing for notice of said election; providing for the voting machines and all the necessary things in the holding of said election; naming the officers of said election and fixing their compensation; fixing the date for said election, and fixing the time and place at which the result of said election will be canvassed and declared.

BE IT RESOLVED BY THE POLICE JURY OF CAMERON PARISH, LOUISIANA, as the governing body of Cameron Fire Protection District No. 10 of the Parish of Cameron, Louisiana:

SECTION 1. Subject to the approval of the State Bond Commission, a special election shall be held in Cameron Fire Protection District No. 10 of the Parish of Cameron, Louisiana, and the same is hereby called for Saturday, the 20th day of August, 1977, in order to authorize the issuance of bonds of Cameron Fire Protection District No. 10 of the Parish of Cameron, Louisiana in the amount not to exceed One Million Two Hundred Thousand Dollars ($1,200,000) aggregate principal amount for the purpose of providing funds to acquire buildings, machinery and equipment, including both real and personal property, to be used for fire protection to the property in said District, title to which shall be in the public; to authorize the levy of a special tax on all taxable property in said District for the purpose of maintaining and operating the District's fire protection facilities and paying the cost of obtaining water for fire protection purposes, including charges for fire hydrant rentals and services; and to submit the same to the qualified electors of said District, the following propositions, to-wit:

PROPOSITION NO. 1

Shall Cameron Fire Protection District No. 10 of the Parish of Cameron, Louisiana, incur debt and issue negotiable bonds in an amount not to exceed One Million Two Hundred Thousand Dollars ($1,200,000) to run for not more than twenty-five (25) years from the date thereof, with interest not to exceed the maximum rate per annum permitted by law at the time of sale of said bonds, for the purpose of providing funds to acquire buildings, machinery and equipment, including both real and personal property, for said District, title to which shall be in the public, to be used in giving fire protection to the property in said District?

PROPOSITION NO. 2

Shall Cameron Fire Protection District No. 10 of the Parish of Cameron, Louisiana, levy a tax of three (3) mills per dollar of assessed valuation upon all taxable property in said District for a period of ten (10) years, commencing in the year in which the fire protection equipment of said District is first acquired for the purpose of maintaining and operating the district's fire protection facilities and paying the cost of obtaining water for fire protection purposes, including charges for fire hydrant rentals and services?

SECTION 2. The Police Jury of Cameron Parish, Louisiana, as the governing body of said District, will meet in open session on Tuesday, the 23rd day of August, 1977, at 10:00 o'clock a.m., at Police Jury Annex Building in Cameron, Louisiana, and will, in open session, proceed to examine and canvass the returns and declare the result of said election.

SECTION 3. The President and Secretary of this Police Jury be, and they are hereby ordered and instructed to give notice of said election in the form and manner provided by law, said notice to state that the election is to be held on the date hereinbefore mentioned and at the polling place(s) hereinafter named, and said notice shall also state that the governing body of said District will meet in open session on Saturday, the 23rd day of August, 1977, at 10:00 o'clock a.m., at Police Jury Annex Building, in Cameron, Louisiana, and will, in open session, examine and canvass the returns and declare the results of said election.

SECTION 4. The polling place(s) and election officials for said election shall be as follows:

POLLING PLACE	ELECTION OFFICIALS
Johnson Bayou School	Mrs. Robert Merritt
	Mrs. John Prescott
	Mrs. Jackie Jinks
	Mrs. Francis Erbelding

SECTION 5. The compensation of the commissioners at said election shall be Thirty Five and No/100 Dollars ($35.00) per day for one day each and the compensation for the clerk at said election shall be Forty Five & No/100 Dollars ($45.00) per day for one day.

SECTION 6. The Secretary of this Police Jury shall request the Secretary of the Commissioners of the governing body of the District to procure all the necessary voting machines and all things necessary for the holding of the election, and to deliver the same to the election officials at the proper polling place in due time for the holding of said election, and to deliver the same to the election officials at the proper polling place in due time for the holding of said election, provided that the ballots shall be in form prescribed by law.

SECTION 7. The proposition on the ballot to be used in said election shall be in substantially the following form:

PROPOSITION NO. 1

FOR THE INCURRENCE OF BONDED INDEBTEDNESS

Shall Cameron Fire Protection District No. 10 of the Parish of Cameron, Louisiana, incur debt and issue negotiable bonds in an amount not to exceed One Million Two Hundred Thousand Dollars ($1,200,000) to run for not more than twenty-five (25) years from the date thereof, with interest not to exceed the maximum rate per annum permitted by law at the time of sale of said bonds, for the purpose of providing funds to acquire buildings, machinery and equipment, including both real and personal property, for said District, title to which shall be in the public, to be used in giving fire protection to the property in said District?

YES

ORDINANCE

An ordinance making certain findings and determinations pertaining to the Cameron Fire Protection District No. 10 of the Parish of Cameron, Louisiana; amending the Title and Section 1 of an ordinance enacted by the Police Jury of Cameron Parish, Louisiana, on December 7, 1976, creating said Fire Protection District, in order to correct a clerical error in the title of said ordinance and to provide for the correction of a clerical error concerning the reference to the statute pursuant to which said Fire Protection District was created; repealing the Title and Section 1 of the ordinance creating said Fire Protection District as originally enacted; and ratifying, validating, approving and confirming the creation of said Fire Protection District.

BE IT ORDAINED by the Police Jury of Cameron Parish, Louisiana, as follows:

SECTION 1. The Police Jury of Cameron Parish, Louisiana (hereinafter referred to as the "Police Jury") hereby finds and determines:

(a) One December 7, 1976 the Police Jury adopted an ordinance entitled: "An Ordinance creating Cameron Fire Protection District No. 10 of the Parish of Cameron, Louisiana; providing for the appointment of the commissioners thereof; defining the areas of said fire protection district; fixing the domicile thereof; and repealing all ordinances and resolutions or parts of ordinances and resolutions in conflict herewith" (hereinafter referred to as the "Ordinance"), which created Cameron Fire Protection District No. 10 of the Par

Little yellow sub unique in the area

By GENEVA GRIFFITH

Everyone traveling down the Jetty Road this week did a double-take at the sight of a little yellow submarine sitting on a dock in the Calcasieu River turning basin.

The small underwater craft, which is only large enough to hold two people is in Cameron for modification to its frame and launching system and it will to back into the Gulf to a job when the work is completed by Cameron Construction Company.

The sub is owned by the Smit-Lecler International Company of Harvey, which is a member of the Smit International Group headquartered in Holland which specalizes in non-conventional marine services. This submarine is the only one of its kind in this country.

It was designed and built in Holland and used off the coast of Spain and mostly in Europe.

It is used in underwater pipeline inspection work, underwater installation and contruction, under water maintenance and repair, and salvage and cargo recovery.

It can dive to 1000 feet.

It is carried on a launching frame on the deck of a boat to the area of the work to be done, then lowered into the water on the frame where it is launched and takes off on its own support system for the dive to the bottom or to the area of work.

It can stay submerged for up to six hours on one dive and in addition, has a live support back-up system of 72 hours.

It is equiped with a video tape and maintains constant communications with the mother ship.

The men controlling it also take underwater film of the work areas.

The diving team which operates the tiny sub, Michael Knight, electronic technician; Leighton Lott, diving supervisor; and Leslie Lynch, chief pilot, accompanied their craft to Cameron to oversee the repair work.

They explained that it was painted the bright yellow because that is one of the company colors.

The hatch cover and nose are painted a luminous red so it can be easily seen by other ships when it surfaces to be taken back on board the mother ship.

Brothers held

Two brothers are being held in the Cameron Parish Jail for extradition to Florida on charges of theft of a car and gasoline.

The two, Randall Edward Hutchinson and Ronald Glenn Hutchinson, were arrested in Cameron last Wednesday by State Troope Earl Cheramie who caught them stealing gas at the Cameron Salvage Yard.

Dronets going to launching

More than 60 survivors of the sinking of the cruiser INDIANAPOLIS in the Pacific on July 30, 1945, will watch the launching of the high-speed attack submarine bearing the same name at General Dynamics' Electric Boat Division in Groton, Conn. on the 32nd anniversary of the event.

The survivors, members of the group called the INDIANAPOLIS Survivors' Reunion, will travel from 26 states to attend the launching of the sleek 360-foot, 6,900-ton sub.

Among the survivors and wives who will attend the ceremony will be Mr. and Mrs. E. J. Dronet of Cameron.

Also on hand for the launching will be several persons who commanded ships that took part in the rescue. The commander of the first ship to reach the scene, the destroyer escort CECIL J. DOYLE, will participate in the ceremony. He is W. Graham Claytor Jr., now Secretary of the Navy.

Among interested spectators will be two pilots, Wilbur Gwinn of San Jose, CA., and Adrian Marks of Frankfort, IN. Gwinn was the first to spot survivors and Marks was the first to land an amphibious aircraft among them.

Only 316 of the cruiser's crew of 1,196 were rescued after the ship was torpedoed and sank in 12 minutes. While most of the crew got off the ship, an error in the ship movement reporting system did not list the ship as missing for three days and many crewmen perished in the water.

Edwards, Schlesinger confer

Gov. Edwin Edwards and Energy Adviser James Schlesinger conferred Thursday about the storage of millions of barrels of oil in salt domes near Hackberry. Story, Page 1A. (Staff Photo by David Dodson)

ROSALIE PRIMEAUX and Cynthia Ann Primeaux, left and right, here welcome Theresa Bougnee, a Belgium exchange student, into their home at Creole.

Belgium teacher is visitor in home here

By GENEVA GRIFFITH

Miss Theresa Baugnee, 20 year old teacher, from Malmedy, Belgium has joined the Roland Primeaux family in Creole for a 5-week-visit.

The Primeauxs and six of the seven children have been entertaining the young Belgium visitor and trying to crowd as many experiences into her visit as they possibly can.

(Vernon, the Primeaux's other child, is in Heidleberg, Germany serving in the army.)

Mrs. Bougnee is enjoying the family life, the food, and the entertainment very much, but can't get used to the hot weather.

The climate in her country is much cooler than here and she has not been able to cope with the change.

In fact, she was only able to play for five minutes on the tennis court before giving up due to the heat.

The Primeaux children are getting a chance to learn some conversational French by conversing with Theresa, although most of the conversing is done in English.

Mr. and Mrs. Primeaux speak the French language fluently, but the children have only had courses in conversational French and can only understand and speak works, not carry on conversations in the language.

The Primeauxs have taken their visitor crabbing at Rockefeller Refuge on Grand Chenier; swimming at Rutherford Beach; to Hodges Gardens near Many, Astro-World in Houston; to a rodeo at Choupique; to St. Martenville and a tour of the Evangeline area; and to many local functions.

They also have more plans to tour other areas before the five weeks are up and she has to join her group in New Orleans for the trip back home.

Miss Baugnee's trip to Creole and Cameron Parish is under the sponsorship of CODOFIL and the Belgium government.

She is one of several Belgium and French students visiting in the homes of CODOFIL members in Cameron Parish.

Former agent dies in L. C.

Carroll H. McCall, 69, of Lake Charles died Thursday, July 21 in St. Patrick's hospital.

A native of Grand Chenier, he lived in Lake Charles 40 years. He was the president of McCall Farm Supply, past president of Calcasieu Cattlemen Association and past president and director emeritus of Southwest District Fat Stock Show.

He was a former county agent for Calcasieu and Cameron parishes and past chairman of the agriculture committee of the Chamber of Commerce.

Survivors include his wife, Elizabeth McCall of Lake Charles; two sons, Robert and William McCall, both of Lake Charles, three daughters, Eleanor Henly of Crosset, Ark., Kathy Screen of Baton Rouge and Kristy Butler of Pasadena, Tex.; four sisters, Mrs. Carl Lovell of Beaumont, Mrs. J. W. Comer of Lubbock, Georgia Miller of Pasadena and Mrs. Thomas Ricks of Union, Miss.; and 10 grandchildren.

Bazaar to be held this week

The annual Bazaar of St. Rose Catholic Church will be held Friday and Sunday, July 29 and 31, according to Jimmy LaSalle, general chairman.

On Saturday a gumbo will be served at the Cameron Recreation Center, starting at 6 p.m. Cakes will be sold at Friday and Sunday events.

This will be followed by a dance, also in the Center, with music by Baro and the Tear Drops.

On Sunday barbecue will be served at the Cameron Recreation Center and at the KC Hall in Creole, starting at 11 a.m.

The public is invited to attend all events.

Chairmen for the various phases of the bazaar are: Mrs. Bartie and Mrs. Agnes Nach, food; Mrs. Iris Jones, Bingo; Mrs. Willie Bargeman, raffle; Mrs. Charles January, cakes;

Dance presale tickets are $3 and can be obtained from Leven Harmon at 775-5037 or Carolyn Bargeman 542-2133.

There are still raffle tickets for the 250 pound calf and microwave oven which can be obtained from Mrs. Harmon and Mrs. Bargeman.

Installation

The Hackberry Leo Club installed new officers July 22 at the Hackberry Recreation Center. They are: President, Joseph LeJune; vice president, Christine Powders; Secretary, Lois Dairez.

Guests were were Mr. and Mrs. Glenn Bonin and son Mike.

The Leo Club was invited to a supper by the Lions Club.

Officials start flow of of oil at Hackberry

(From Beaumont Enterprise)

The first of millions of barrels of oil to be stored in underground salt domes along the Gulf Coast was pumped into a dome west of Hackberry Thursday as Chief Energy Advisor James Schlesinger and Gov. Edwin Edwards looked on.

Edwards and Schlesinger turned a pipeline value sending the Saudi Arabian oil into the dome beneath the marshy flatlands of Southwest Louisiana. The oil, part of a 412,000-barrel shipment, was carried to the site on barges.

The storing project marks a step in a national energy defense plan that will eventually shelter a billion barrels of oil in numerous salt domes as a preventive measure against future energy crisis.

The Hackberry dome will hold about 61 million barrels of oil by 1978, Schlesinger said.

The President's chief energy adviser told reporters and oil businessmen at the site he appreciated the "extraordinary cooperation" provided by the state's administration in speeding up the storage project.

He noted an "expedited environmental review" given the project by the state.

The expeditious review he referred to concerned Edward's public promis not to try to halt the Hackberry project and a similar project at the Bayou Choctaw dome near Baton Rouge dispite questions raised about the project's conformation with federal and state environmental guidelines.

Edwards said the project signified "Louisiana's best effort" to help the country solve energy problems and was a "Classic example" of the state's willingness to promote the storage program.

Local people help cap well

By GENEVA GRIFFITH

FRANK PICKETT, manager of Equipment Rentals of Cameron, here discusses the part Cameron firms and workers played in capping last weekend the gas well that blew out in the Gulf near Cameron.

"It was very exciting to be part of a major operation like the capping of the Gulf well blowout and I am very proud of the Cameron businesses and workers who were able to get the equipment and build the tool that was used to extinguish it," said Frank Pickett, manager of Equipment Rentals of Cameron.

He was speaking about the oil rig owned by Mobil Oil Corporation that blew out Wednesday night in the Gulf of Mexico, 25 miles south of Cameron.

The blow out, under 15,000 pounds of pressure, sent a white plume of gas and water eight stories high.

The Red Adair fire fighting company out of Houston, Texas was called in and "Boots" Hanson, Adair's right-h a n d-man, was sent to Cameron to supervise the job of capping the well.

Salt water was pumped down into the well to help reduce the possibility of a fire, which was a constant danger during the entire operation.

All efforts to cap the well by conventional methods failed so Hanson came into Cameron and asked Pickett at Equipment Rentals if he could secure the materials he needed for the job.

The main thing he needed was two 100-ton hydralic jacks. The company had one and was able to buy another one.

Then Wade Carroll, the owner of Cam-Trim Machine shop, b u i l t a pincher-ram designed by Hanson and set up a simulated condition in his shop and tested it before sending it out to the well site.

The theory was to use the two hydralic jacks to push against one another with the pincher-ram in the middle, pinching the pipe closed and shutting off the flow of gas.

Pickett said that great care was taken to assure that it would work before it was taken out to the rig because the Adair crew knew that if their first try failed there might be a fire which would be very complicated to put out, probably requiring the drilling of another rig to shut off the flow below the surface of the ocean floor.

It took about a day in the machine shop to build the tool and try it out under the simulated conditions, Pickett said.

There was about 30 people involved in the operation, about one-third from Cameron, and many companies, including Mobil Oil, Otis Engineering, Brown Oil-Tool; Cam-Trim; Equipment Rentals, and Adair's.

Joe Pickins, a Mobil official, and Hanson had great praise for the Cameron companies and their ability to secure the required materials and build the tool needed to cap the well that caused no injuries and virtually no pollution.

The tool was built on Saturday and taken out to the rig on Sunday to set on it and the job completed by 1:30 Sunday afternoon.

After the whole job was over the men came in and were treated to a boiled shrimp supper at the home of Mr. and Mrs. Tommy Watts in Cameron.

Post and Auxiliary have installation

Oscar Reyes and Mrs. Murphy Theriot were installed as commander and president, respectively, of the Richard Bros. American Legion Post and Auxiliary Tuesday night, July 19 at the post home in Creole.

Representatives from seven Legion posts from Southwest Louisiana were in attendance. Post guests were introduced by I. J. Deshotel and auxiliary guests by Mrs. Ellis McWhirter.

Special guests were Mrs. Mae Zaunbrecher, Department President and National Executive Committeewoman, and Miss Theresa Baugnee, from Malmeby, Belgium, a CODOFIL exchange student, a house guest of Mr. and Mrs. Roland Primeaux, who were introduced by Mrs. Geneva Griffith.

Following a seafood supper the Auxiliary officers were installed by Mrs. Douglas Brown, District 5 President and a member of Unit No. 1 in Lake Charles.

Officers installed in addition to Mrs. Theriot were: Mrs. Leroy Richard, 1st vice president; Mrs. Lynex Richard, 2nd vice president; Mrs. Ellis McWhirter, secretary; Mrs. Preston Richard, treasurer; Mrs. Woodrow Bertrand, chaplain; Mrs. Geneva Griffith, historian; and Mrs. Jules Dronet, Sgt. at Arms.

Officers were escorted to the front by Mrs. Bertrand, outgoing Sgt. at Arms, who also presented a gift from the unit to Mrs. Griffith, the outgoing President.

A talk on Americanism was given by Bill Colgreen, District Commander from Post No. 1, Lake Charles, who also installed the officers of the post. In addition to Commander Reyes there were:

J. Berton Daigle, 1st vice commander; Floyd Baccigalopi, 2nd vice commander; Lynex Richard, 3rd vice commander; John Driscoll, adjutant; Ellis McWhirter, finance officer; Elton Bonsall, historian; Jules Dronet, chaplain; Jerry Furs, service officer; Firman LeBouef, Sergeant at Arms; Woodrow Bertrand, judge advocate; and Clifton (Pete) Duhon and Clarence LaBove, color bearers.

25 membership pins, were presented to J. Berton Daigle, Levan Broussard, Clarence Boudreaux, Elton Bonsall, Monroe LeBouef, Phirma LeBouef and Ellis McWhirter.

Commander Reyes announced that other members not present may pick up their pins at any regular meeting of the Post.

John Driscoll delivered the invocation.

The door prize was won by Mrs. Lillie Bourque, from Rayne and Mrs. Mason Istre, Holly Beach won the color television set which was raffled off by the Unit.

Three to be in activities

Cameron Parish will represented for the first time this year in the All-Star High School Football game to be played Saturday night in the LSU stadium in Baton Rouge.

Three students from South Cameron high school were picked to join other students from throughout the state to perform at the game.

They are Angela Stephenson, flags; Bradley Trahan, tuba; and Mona Brasseaux, rifle.

They left Tuesday to go to Baton Rouge for pre-game practice.

GETTING READY--South Cameron slotback Luke Conner and Coach Wayne Batts display the 1977 Tarpon football schedules which will be distributed soon. The Tarpons will meet Tuesday at 12 noon at the school and bus to Cameron for physicals. Official preseason practice begins Tuesday, Aug. 3 at 8:30 a.m.

OFFICERS OF the Richard Bros. American Legion auxiliary and installing officer, Mrs. Douglas Brown, are pictured at the recent installation in Creole.

OFFICERS OF the Richard Bros. American Legion post and installing officer Bill Colgreen are pictured at the installation held recently in Creole.

Henry VIII of England is said to have had a total of 2,600 tapestries hanging in his various palaces.

RECEIVING 24-year membership pins at the recent banquet of the Richard Bros. American Legion post in Creole were the above members.

A young moose is so dependent on its mother that she has to drive it away in spring when she is ready to bear her next young.

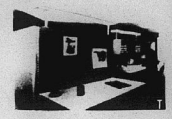
ENERGY-SAVING IDEA

Encouraging News About What's Being Done

in a rigid structure. They're designed by the Architectural Systems Division (ASD Group) of Westinghouse Electric Corporation to fit the open office environment in which panels and screens are used instead of walls.

The lighting fixtures are simply mounted in the tops of ASD Group work station panels or are integrated under shelves and cabinets.

This makes for a system that can be easily moved—at low cost—when the office



layout is changed. And it's a system that the people who work with it and pay for it really appreciate.

An old kind of lighting used in a new way is doing a lot to lighten the energy—and economic burden—of many of America's offices.

Today, lighting systems can combine overhead and "task lighting" to improve the quality of light you get while reducing the quantity. Because the light has been placed closer to the work area, less can do more.

One architect has estimated that this can cut energy requirements by 40 to 60 percent. In addition, it reduces glare, eyestrain and odd reflections, and it doesn't add as much heat as traditional lighting, so it's less of a strain on air conditioning.

The acoustical values in the office are improved too, since few if any luminaires —that bounce back noise— are in the ceiling area.

Besides the energy savings, construction costs are also minimized because fixtures do not have to be installed

Mr. and Mrs. Charles Logston

Logston-Miller vows said in G. Chenier

Pauline Marie Miller and Charles Edward Logston exchanged wedding vows Saturday, June 25, at 10:30 a.m. with Father Joseph Woreden performing the ceremony at St. Eugene Catholic Church in Grand Chenier.

The organist was Donald Broussard of Pecan Island.

The bride's parents are Mr. and Mrs. Donald Lee Miller of Grand Chenier. The groom's parents are Mrs. Lynn Jones of Muskagee, Oklahoma and Fred Logston of Claremore, Oklahoma.

For the wedding the bride chose a white organza gown. Floral lace highlighted the bodice, and cotton lace traced the demure neckline, bodice, long sheer sleeves and flowing A-line skirt curving to a chapel train of polyester organza lined with acetate taffeta. Her veil of illusion fell from a crown of seed pearls. She carried a bouquet of spring flowers of rainbow colors.

The church was decorated with arrangements of rainbow spring flowers.

She was given in marriage by her father. Diane Picou of Creole was maid of honor. Bridesmaids were Janie Trahan and Elaine Eastman. The attendents wore blue gowns with white hats and accessories and carried a long stem Red rose.

Flower girl was Robin Theriot of Grand Chenier and escorted by ringbearer Richard Theriot of Grand Chenier.

Ronnie LaPoint of Lake Charles served as best man. Groomsmen were Ruby Southern of Cameron and Ronnie Miller of Welsh.

The reception immediately followed at the American Legion Hall in Grand Chenier.

The brides table was decorated with spring floral arrangements. The serving party included Marilyn Miller, Peggy Ward, Melba Lou Trahan, Nancy Baccigalopi and Sue Koonce.

The bride's mother wore a long, yellow dress with matching jacket, yellow rose corsage, and matching shoes.

The couple's wedding trip was a two week visit in Claremore, Oklahoma, Muskagee, Oklahoma, Missouri and points in Texas. For her trip the bride chose a cream colored sundress and matching jacket.

They are residing at 2302 Smith Road, Apartment 2, Pinewood Apartment in Lake Charles.

The bride was a graduate of South Cameron High School, McNeese State University. She is employed at L.C.M.H. ICU/ccu, Staff R. N. Unit.

The groom is a graduate of North Western University, Soweta Tech. Ryders Trucking academy. He is employed by Comeaux Welders.

Hackberry News

By MRS. VERNIE WELCH

Get well wishes go to Donny Welch who had his tonsils removed.

Roaul Pitre from Thibodeaux visited the Vernie Welchs, Anderson Welchs, Ernest Welchs, Weida Ravia and the Isadore Duhon's plus several nephews in Hackberry last week.

THE ARMY RESERVE.
PART OF WHAT YOU EARN IS PRIDE.

HELPFUL Household Hints

If your dish towels are badly stained, you might be able to wipe away the problem by soaking them in the sink with suds and bleach. Not only will this whiten the towels, it will bleach your sink as well.

* * *

If something in your refrigerator has given it an odor you don't cotton to, and that remains after the food has been removed, put a little vanilla on a piece of cotton and place it on a refrigerator shelf.

* * *

If you want to be charged up for summer, it would be a good idea to check your batteries for cassettes, your kids battery-operated toys, calculators and so on. Now you can replace old batteries with new rechargeable AA, C, D and 9-volt size nickel cadmium batteries from General Electric and save the cost of new ones for years.

* * *

If you're careful about how you keep your lettuce, you can save a lot of your long green. Both lettuce and celery will stay fresher longer if kept in paper bags instead of cellophane. Don't remove the outside leaves until you're ready to use them. And don't put the lettuce in the same bag with the celery; it will absorb its odor.

all about baby

By Mary Hilton
Diaper Service Consumer Information Council

Don't Let Clean-Up Time Make A Mess Out Of You!

Why is it all babies have such fun throwing toys, spoons and food over the side of their highchair? It may not be fun picking up after baby, but it needn't be that difficult, either.

Fool your little one by tying his toys to the highchair with about a foot of string per toy. Tie a few shiny plastic clothespins on, too, and you can clip a plastic spoon or different toy without having to bend over to retrieve toys and spoons from the floor. As for food, you'll find a plastic Christmas tree skirt or old plastic tablecloth spread under the highchair makes cleaning up as simple as a shake over the sink.

Give a messy highchair a good cleaning by washing it with the strong spray from a garden hose out in the backyard. The strong spray will clean all those hard-to-reach corners and cracks.

Mesh playpens can be neatly mended with dental floss, which is strong and blends in nicely. To clean baby's white shoes, try rubbing a raw white potato over the scuffed areas before polishing.

Finally, if baby has trouble holding his bottle, drop it into a clean white sock or knitted glass coaster. His small hands will grasp the bottle more easily.

Have a question about better baby care? Write Mary Hilton, P.O. Box 1982, Philadelphia, PA 19107.

To be married

Mr. and Mrs. Robert Reese announce the engagement and forthcoming marriage of their daughter, Kathy Reese to Bert Henley of Cameron.

The wedding will be held at 7 p.m. Saturday, Aug. 6, at the V.F.W. Hall in Cameron. A reception will be held in the hall following the ceremony. Through this means friends and relatives are invited to attend.

OUR HERITAGE

Digging For Roots

Like most Americans, you have two heritages, your own here in the United States and your ancestors' in some foreign land.

If you'd like to know more about your other heritage, there are some things you can do to get to the root of your family tree.

• Try the Library of Congress in Washington, D.C. It has records of every copyrighted genealogy table in the United States.

• The National Archives or local National Archive depositories located all over the country can supply you with census figures, genealogy tables, etc.

• For a real feeling of your past, visit your country of origin. You can check the records in your family community, or just walk the streets and rediscover the sights and places your forefathers knew. Pan Am, an authority on heritage travel has a free booklet with lots of useful information. Entitled *Pan Am Invites You To Claim Your Heritage*, it is available through your travel agent or by writing to Pan Am Heritage, P.O. Box 200, Brooklyn, N.Y. 11232.

Though most birds are smaller than man, our feathered friends are 75 percent stronger, proportionate to their size.

No matter how much food you're planning, or how much help you have, it's always a good idea to place four or five bowls of nuts, olives or candy around the room in easy reach of your guests in case there's a delay in dining.

Sausages are mentioned in Homer's *Odyssey*, written in the ninth century B.C.

The dogtooth violet is not a violet at all, but belongs to the lily family.

THE RED WOLF [Canis rufus] is on the verge of extinction. The only pure bred specimens left are found in extreme southwest Louisiana and southeast Texas. The Red Wolf Recovery Program hopes to save the animal from vanishing completely. Photo by Lloyd Polssenot.

Outdoor Lore

By Nevyle Shackelford
University of Kentucky
Extension Service

Over much of our land the umble of industry and the roar of traffic drown out the song of the toad. Yet, of all the sounds of nature, none is more musical or nostalgic, for in the toad's tremorous twilight vespers along some quiet river or marshland is all the mystery and loneliness of epochs past. Here on earth, millions of years before songbirds, the shrill cries of the toad and its relatives could very well have been the very first songs of springtime and summer.

Naturalist Hamilton Gibson called the mellow nocturne of the toad the "sweetest sound in nature--full of pensive witchery, most musical, most melancholy. It is a sound that brings your feet to loitering in the deepening dusk--a distant music from swampy lowlands that lulls you on your pillow," he wrote.

Many people, especially those with a rural upbringing, have shared this early naturalist's enthusiasm for the song of the toad. Early visitors to our shores were also impressed by toad choruses. "To a stranger walking for the first time in this land in summer," wrote W. Priest in his *Travels*, "this appears the land of enchantment. He hears a thousand voices without being able to discern from whence or what animal they proceed."

The lowly garden toad is more valuable than just for its music. Back in the depression years, when a dollar looked bigger than a cartwheel, a U.S. Department of Agriculture entomologist figured that, in three months, a single toad would eat 9,936 injurious insects. Counting the injury to plants prevented by this insect destruction, he valued a toad at $19.88 per year. If a toad was worth that much back then, think how much more it is worth in these inflated times.

Other authoritative sources say the toad is worth $5 a year to the gardener for the destruction of cutworms alone. It will also gulp down hundreds of rose beetles, army worms and countless others of the worst bug pests. Even in the tadpole stage, a toad is a worthy little creature. It eats the slime of pools and thus improves the quality of stagnant water.

Nobody knows for sure the natural length of a toad's life. It is claimed that one lived for 36 years in an English garden only to be killed and eaten by a pet raven. It is doubtful, however, that many ever reach this age. From the time toad tadpoles hatch until they leave the water, they are preyed upon by water beetles, dragonflies, waterdogs, and some fishes. Ducks and other waterfowl feed upon both egg and tadpole. Then, upon leaving the water, the little toads are at the mercy of hens and many insectivorous birds.

Cameron red wolves almost last of kind

A mated pair of Louisiana red wolves are now in South Carolina playing a major part in a program intended to keep their species from certain extinction.

The two wolves, captured in Calcasieu Parish, are being held in a pen on Bulls Island, a part of the Cape Romain National Wildlife Refuge. Wildlife experts hope they will become accustomed to the area and remain on the island once they're released in October.

An attempt last winter to relocate a pair of wolves originally taken near Port Arthur, Texas failed when for some unknown reason the female left the island and swam to the mainland. The two wolves were captured easily but before another release could be tried the female died of an infection.

The red wolf (Canis rufus) once roamed from Texas to Florida and as far north as Illinois but now only a handful remain in the parishes of Calcasieu and Cameron and in the Texas counties of Chambers and Jefferson. It is believed that the species will become extinct in the wild in the next two years.

The Red Wolf Recovery Program, a cooperative effort of the U. S. Fish and Wildlife Service, the Louisiana Department of Wildlife and Fisheries, and the Texas Parks and Wildlife Department, is intended to keep the animal from vanishing completely. The program is the subject of a detailed article in the Summer Edition of the LOUISIANA CONSERVATIONIST, published by the Information Section of the department.

Although the red wolf is threatened because of habitat changes the final extinction of the species in the wild will result from interbreeding with coyotes and dogs. The only way to preserve the species is to relocate specimens to an area free of other canines or keep them in zoos.

So far the captive breeding program appears to be a success. There are now some 20 adult red wolves at the Point Defiance Zoo in Tacoma, Washington and seven more at the Fish and Wildlife Service's facilities in Beaumont, Texas. Joe Herring, chief of the Department's game division and a member of the Red Wolf Recovery Team, will travel to Tacoma later this month for a meeting on the program's future.

Just this past May four litters were born at the zoo. These were the first red wolves ever to be born in captivity. Fourteen pups are now reported doing well.

Open house held at Creole

An open house was held Tuesday at the newly remodeled Creole branch of the Cameron State Bank.

Winners of door prizes were as follows: Camelia Nunez, glass set and ice bucket; Earline Baccigalopi, $50.

Winning $10 door prizes each were: Sue Conner, Debra Miller, Whitney Miller, Leroy Richard, Helen Marie Theriot, Richard Conner, Mrs. Christine Bertand, Myrna Conner, Saundra Landry and Kim Boudoin.

Little Christopher Bruchhaus, son of Mr. and Mrs. Kirby Bruchhaus, drew the winning tickets.

Vo-Tec school enrollment set

The Cameron Vocational Technical school is now accepting applications for day preparatory and evening instruction for the Fall term, according to Leslie Griffith, director.

Students, 16 years old and older and not enrolled in high school, may pick up applications in the administration office at the school on weekdays from 8 to 12 a.m. and from 1 to 3 p.m.

Courses offered will be welding, vehicle/marine engine mechanics, bookkeeping, clerk-typist, secretary and stenography.

Registration for day preparatory courses will begin Aug. 26, with classes starting Aug. 29.

Evening instruction registration will be announced later.

Students should pick up applications as soon as possible as applications are accepted on a first-come first-serve basis and once these classes are filled the remaining applicants will be placed on waiting lists.

There are no tuition fees for these courses and the only expense incurred by the student is for books and supplies.

Offshore permit

Mobil Oil Corp. of New Orleans has applied for a Corps of Engineers permit to install drilling barges, platforms and other structures for oil exploration in Block 108, West Cameron area about 23 miles south of Cameron in the Gulf.

Any protests to the proposed work will be received by the Corps until Aug. 8.

Tourney awards to be given

Trophies earned in the "Husbands and Wives" tournament of the LeMesche Bass Club will be awarded at 7:30 p.m. Tuesday, Aug. 2, at the monthly meeting of the club at the WOW Hall in Creole.

Phillip Trosclair, president said wives of members are invited to attend. A meal will be served.

Pipeline to be installed

The Amoco Production Co. of Lake Charles has applied for a Corps of Engineers permit to install 2 1/2 and 4-inch petroleum products pipeline between existing well locations about 18 miles northeast of Grand Chenier.

Any protests to the proposed work will be received by the Corps until Aug. 8.

SEVENTH DISTRICT Congressman John Breaux, right, is shown explaining the various types of rice grown in Louisiana to Daniel Rodriguez, secretary to the Cuban Mission to the United Nations. Rodriguez is currently involved in negotiations with U. S. officials regarding the potential reopening of trade with Cuba. Estimates are that Cuba could require as much as 300,000 tons of rice per year and formerly most of their imports came from southern Gulf states.

LEGAL NOTICES

NOTICE OF BOND ELECTION

NOTICE IS HEREBY GIVEN that a special election will be held within the limits of Cameron Fire Protection District No. 10 of the Parish of Cameron, State of Louisiana, on

August 20, 1977

between the hours of 6:00 a.m. and 8:00 p.m. for the purpose of submitting to the qualified electors the following proposition, to-wit:

PROPOSITION NO. 1

FOR THE INCURRING OF BONDED INDEBTEDNESS

Shall Cameron Fire Protection District No. 10 of the Parish of Cameron, Louisiana, incur debt and issue negotiable bonds in an amount not to exceed One Million Two Hundred Thousand Dollars ($1,200,000), to run for not more than twenty five (25) years from the date thereof, with interest not to exceed the maximum rate per annum permitted by law at the time of sale thereof, for the purpose of providing funds to acquire buildings, machinery and equipment, including both real and personal property, for said District, title to which shall be in the public, to be used in giving fire protection to the property in said District?

PROPOSITION NO. 2

FOR THE LEVYING OF A THREE (3) MILL PER DOLLAR SPECIAL MAINTENANCE TAX

Shall Cameron Fire Protection District No. 10 of the Parish of Cameron, Louisiana, levy a tax of three (3) mills per dollar of assessed valuation upon a taxable property in said District for a period of ten (10) years, commencing in the year in which the fire protection equipment of said District is first acquired for the purpose of maintaining and operating the district's fire protection facilities and paying the cost of obtaining water for fire protection purposes, including charges for fire hydrant rentals and service?

FURTHER NOTICE is hereby given that the polling place and the election officials for the said election shall be as follows:

POLLING PLACE
Johnson Bayou School
ELECTION OFFICIALS
Mrs. Robert Merritt
Mrs. John Prescott
Mrs. Jackie Jinks
Mrs. Francis Erbelding

FURTHER NOTICE is hereby given that the governing body of said District will meet in open session on Tuesday, the 23rd day of August, 1977, at 10:00 a.m., at Police Jury Annex Building in Cameron, Louisiana, and will then and there examine and canvass the returns and declare the result of said election.

THIS DONE and SIGNED by order of the Cameron Parish Police Jury as the governing body of Cameron Fire Protection District No. 10 of the Parish of Cameron, Louisiana, this 5th day of July, 1977.

NOTICE OF PUBLICATION
OFFICE OF
MINERAL RESOURCES
ON BEHALF OF THE STATE
MINERAL BOARD
FOR THE
STATE OF LOUISIANA
BATON ROUGE, LOUISIANA
70821

By virtue of and in conformity with the provisions of Chapter 2, Title 30 of the Louisiana Revised Statutes of 1950, as amended, sealed bids will be received in the Office of Mineral Resources, State Land and Natural Resources Building, Baton Rouge, Louisiana, on or before the **10th day of August, 1977,** at 1:00 P.M., for a lease to explore, drill or mine for and produce oil, gas and any other liquid or gaseous hydrocarbon minerals, sulphur and potash in and on the lands and water bottoms described in Tract No. 14532 through Tract No. 14576, inclusive, at which time and date the bids will be opened publicly in the State Land and Natural Resources Building, Capitol Complex, Baton Rouge, Louisiana. The description of said tracts are hereinafter particularly set out below:

TRACT 14542 — Cameron Parish, Louisiana — All of the land now or formerly constituting the beds and bottoms of all water bodies of every nature and description and all islands and other lands formed by accretion or reliction, except tax lands, owned by and not under mineral lease from the State of Louisiana on May 20, 1977, situated in Cameron Parish, Louisiana, within the following described boundaries: Beginning at a point having Lambert Plane Coordinates of X = 1,439,818.92 and Y = 403,778.94; thence South 88 degrees 42 minutes East a distance of 5,222.26 feet to a point having Lambert Plane Coordinates of X = 1,439,818.92 and Y = 398,756.71; thence Southeasterly to a point having Lambert Plane Coordinates of X = 1,440,302.66 and Y = 398,498.94; thence East 4,596.86 feet to a point having Lambert Plane Coordinates of X = 1,445,098.92 and Y = 398,498.94; thence South 5,280.00 feet; thence West 5,280.00 feet to the point of beginning, estimated to contain approximately 179 acres, as shown outlined in red on a plat on file in the Office of the Secretary, Department of Natural Resources. All bearings are based on Louisiana Coordinate System (South Zone.)

TRACT 14543 — Cameron Parish, Louisiana — All of the lands now or formerly constituting the beds and bottoms of all water bodies of every nature and description and all islands and other lands formed by accretion or reliction, except tax lands, owned by and not under mineral lease from the State of Louisiana on May 20, 1977, situated in Cameron Parish, Louisiana, within the following described boundaries: Beginning at a point having Lambert Plane Coordinates of X = 1,442,950.00; thence East 5,700.00 feet; thence South 5,700.00 feet; thence West 5,700.00 feet; thence North 6,600.00 feet to the point of beginning, estimated to contain approximately 668 acres, as shown outlined in red on a plat on file in the Office of the Secretary, Department of Natural Resources. All bearings are based on Louisiana Lambert Plane Coordinate System (South Zone).

All bids are to offer a cash bonus for a lease having a primary term which shall not exceed three years and granted without any warranty or recourse against lessor whatsoever, either expressed or implied, not even for return by lessor of any payments received under the lease or being otherwise responsible to lessee. The minimum royalties required by RS 30 :127, as amended, are one-eighth (1/8th) of all oil produced and saved; one-eighth (1/8th) of all gas produced and saved; seventy-five cents ($.75) per long ton of sulphur produced and saved; ten cents ($.10) per ton of potash produced and saved; and one-eighth (1/8th) of all other liquids or gaseous hydrocarbons which are produced and saved. A bid of a royalty less than the above royalties will not be considered. The successful bidder will be notified that the Board does not intend to accept any bid or bids except as hereinafter provided, and that the aforesaid statutory minimum royalties will be required to be paid. Bids which offers in excess of the statutory minimums are met, if the entire bid is considered most advantageous to the State of Louisiana.

With respect to royalty bids on sulphur, each prospective bidder is advised that the Board, by policy, has expressed a preference that bids on sulphur and potash be based on a royalty per long ton of sulphur produced and saved, or a clear royalty per ton of sulphur produced and saved, it is to be clearly understood, however, that the Board reserves the right to accept a royalty bid on sulphur and potash greater or lesser than the one referred royalty, provided that the aforesaid statutory minimums are met, if the entire bid is considered most advantageous to the State of Louisiana.

All leases awarded shall be executed upon terms and conditions provided in the current State lease form with all applicable riders appended thereto, including but not limited to those riders as follows: Should lessee fail to begin the actual drilling operations on said tract on the lease premises within one year from the date of the lease, the lease shall terminate as to both parties to the lease, unless on or before such anniversary date, lessee shall pay or cause to be paid a delay rental (which shall in no event be less than the annual rental for the privilege of deferring the commencement of drilling operations for a period of one year. Upon like payments annually, drilling operations may be further deferred for successive periods of one year each during the primary term of the lease. The lease shall provide for the drilling of offset wells where necessary and consistent with the State's interest and shall contain the provisions governing the assignment or sublease of the lease unless approved by the State Mineral Board. The lessee shall have the right to enter into pooling or unitization agreements with respect to development of the leased premises subject to the approval of the State Mineral Board.

Certified check, cashier's check or bank money order payable to the SECRETARY, DEPARTMENT OF NATURAL RESOURCES, as successor to the Register, State Land Office, must be furnished with each bid, and no bid thus submitted may be withdrawn or the amount thereof changed. Each certified check, cashier's check or bank money order accompanying the bid of the successful bidder will be promptly deposited by the SECRETARY, DEPARTMENT OF NATURAL RESOURCES, as successor to the Register, State Land Office, to the credit of Escrow Agency Funds, herein offered, certified checks, cashier's checks or bank money orders for the cash bonus shall be promptly refunded and saved. A bid of a royalty less than the above royalties will not be considered. It is specifically understood that the Board does not intend to accept any bid or bids except as hereinafter provided, and that the aforesaid statutory minimum royalties will be required to be paid. Bids which offers in excess of the statutory minimums are met, if the entire bid is considered most advantageous to the State of Louisiana.

With respect to royalty bids on sulphur, each prospective bidder is advised that the Board, by policy, has expressed a preference that bids on sulphur and potash be based on a royalty per long ton of sulphur produced and saved, or a clear royalty per ton of sulphur produced and saved, it is to be clearly understood, however, that the Board reserves the right to accept a royalty bid on sulphur and potash greater or lesser than the one referred royalty, provided that the aforesaid statutory minimums are met, if the entire bid is considered most advantageous to the State of Louisiana.

All leases awarded shall be executed upon terms and conditions provided in the current State lease form with all applicable riders appended thereto, including but not limited to those riders as follows: Should lessee fail to begin the actual drilling operations on said tract on the lease premises within one year from the date of the lease, the lease shall terminate as to both parties to the lease, unless on or before such anniversary date, lessee shall pay or cause to be paid a delay rental (which shall in no event be less than the annual rental for the privilege of deferring the commencement of drilling operations for a period of one year. Upon like payments annually, drilling operations may be further deferred for successive periods of one year each during the primary term of the lease. The lease shall provide for the drilling of offset wells where necessary and consistent with the State's interest and shall contain the provisions governing the assignment or sublease of the lease unless approved by the State Mineral Board. The lessee shall have the right to enter into pooling or unitization agreements with respect to development of the leased premises subject to the approval of the State Mineral Board.

Certified check, cashier's check or bank money order payable to the SECRETARY, DEPARTMENT OF NATURAL RESOURCES, as successor to the Register, State Land Office, must be furnished with each bid, and no bid thus submitted may be withdrawn or the amount thereof changed. Each certified check, cashier's check or bank money order accompanying the bid of the successful bidder will be promptly deposited by the SECRETARY, DEPARTMENT OF NATURAL RESOURCES, as successor to the Register, State Land Office, to the credit of Escrow Agency Funds, herein created, and the proceeds thereof disbursed in the manner required by the lease sale shall return the written lease, duly executed within TWENTY (20) DAYS after bidder's receipt of the same under penalty of forfeiture of the lease and the bonus previously tendered and negotiated in the event of failure to do so.

NOTE: In the case of all State Agency Lands

Week of July 28th Thru Aug. 3rd.

FOUR VISITING French students are shown with their Cameron hosts on a fishing trip. From left to right are Jean Pierre Pansier, Bertie Blake, Brigitte Benkemoun, Martine Bruggeman, Charla Blake, Christophe Gegnaire. In the rear is Braxton Blake. The group is shown with their fishing catch. (Photo by Geneva Griffith)

French students visit with Cameron people

By GENEVA GRIFFITH

Four French students who are visiting Louisiana as the guests of the Lions clubs were taken fishing in the Gulf aboard the "Climax" by Braxton Blake, the president of the local Lions club.

Jean Pierre Pansier and Christopher Gegnaire are visiting in Sulphur; Miss Brigitte Benkemoun is staying in the Blake home in Cameron, and Martine Bruggeman is visiting the Clifford Conner home in Creole as weel as with the Blakes in Cameron.

Accompanying the visitors on the fishing trip were Bertie and Charla Blake who are helping entertain the French students.

The group was introduced to their first deep sea fishing trip and were thrilled over the number of large fish they were able to land.

They are also participating in many other activities with the families they are visiting, such as swimming, bowling, dancing, putt-putt golf and movies.

They are also having an opportunity to practice up on their English.

The young people found out that they have many things in common and compared the activities of the Leo Clubs to which they belong in each individaul country. They are all children of Lions members.

Trapping permits are granted in drawing

Assignment of a fur trapping permit for the "Gatecamp" trapping unit on Sabine National Wildlife Refuge will be determined through a public drawing on Sept. 15 at refuge headquarters, Refuge Manager John R. Walther announced.

The drawing will give all interested and qualified individuals an equal opportunity for a permit to trap on the federal area this fall. The refuge is located in Cameron Parish with headquarters on Highway 27 approximately seven miles south of Hackberry.

This permit will cover the remainder of a five year permit that expires at the close of the trapping season in February, 1980.

Each trapper's share will be 85 percent of all fur species trapped. Quotas will be established annually for otter, muskrat, and mink. Carcass disposal will be the trappers responsibility. The share percentage may be adjusted annually to allow a fair and proper return to both permittee and and the federal government.

Manager Walther said that anyone 18 years of age or older who is interested in receiving a permit and can demonstrate that he has sufficient trapping experience should write: Sabine National Wildlife Refuge, MRH Box 107, Hackberry, Louisiana 70645.

Each applicant will be sent a questionnaire which must be returned by August 31, 1977 in order to qualify for the drawing.

All trapping under this permit must conform to state regulations.

For further information on trapping units and yield contact the refuge manager.

Building permits OKed

A number of building permits were approved by the Cameron Parish Police Jury at its monthly meeting Tuesday.

Frank W. Hooper of Frank's Pipe Fabricators was given a permit to erect a 36' by 42' metal commercial building at Grand Lake.

Larry Taylor was granted a permit to add a 60' by 40' steel and brick upper story to his Cameron Motel in Cameron.

Permits for new homes were as follows:

W. E. White, Hackberry, 32' by 44' wood frame home on piers, 3 bedrooms.

Paul LaBove, Cameron 2-story brick home.

Henry E. Tingler, Johnson Bayou, 53' by 37' 2-story, 3 bedroom brick home.

Thomas John Watts Sr. was granted a permit to add a game room, family room, bath, garage and sundeck to a home in the Kornegay Subdivision, Cameron.

Shirley Fournerat was granted a permit to locate a trailer home in Sweetlake in a site outside a trailer park on the grounds that no trailer park was available in the area.

(Under the parish's new flood insurance ordinance trailer homes must be located in trailer parks unless permission is given by the jury otherwise.)

Weed spraying set

The annual aerial spraying of coffee-weeds in Cameron parish will be conducted Saturday, Aug. 13, according to Clifford Myers, County Agent.

The spraying is done to kill the tall weeds that harm pastures and marsh ranges by shading out the sun and preventing the grass from growing.

This is a ASCS program with the federal government paying about 75 percent of the cost of spraying, Myers said. Charles Hackett, ASCS director, will be in the county agent's office Monday, Aug. 8 to sign up those wishing to take part in the spraying program.

Anyone not able to come on the 8th should send someone to sign up for them, Myers said. This person should be familiar with the location and amount of land to be sprayed.

The county agent warned that each property owner was responsible for damages that might be caused by the drift of the herbicide to gardens or crops. He said that if the wind on Aug. 13 was from a direction that could cause the herbicide to drift to unwanted areas he would suggest the spraying be cancelled that day.

Bids taken by jurors

Two bids were accepted and one was tabled by the Cameron Parish Police Jury at its monthly meeting Tuesday.

A bid of $23,991.82 from Cagle Chevrolet Co. was accepted for a new garbage truck for the parish.

Bolton Ford, Inc. had submitted a lower bid--$21,998.90--but its bid did not meet the specifications.

The Cameron Parish Pilot was again named as the official journal for the jury for 1977-78.

Daniel Welding Service of Cameron was the low bidder on the fencing of the Grand Chenier-Chenier Perdue evacuation road but awarding of the contract was delayed until the firm can get the proper state permit.

The firm bid $51,169.18 on the project. The highest bid submitted was $75,582.

A shell dump site lease with James Henry and family on the Calcasieu river was approved at a rate of $2500 a year for 1.3 acres.

A right-of-way for a road on Happy Ridge was accepted from Marion Oliver.

The jury agreed to advertise abandon a portion of a road right-of-way in the Warren Miller subdivision at Oak Grove.

It was also agreed to readvertise the abandonment of a portion of the Jasper King road at Hackberry as the legal description had been in error in the previous advertisement.

A request to abandon 20 foot of the right-of-way on the Trahan Road in Johnson Bayou was denied after John Prescott appreared to protest the proposal. He said the abandonment might cause him problems in getting into and out of his property.

The right of way for the extension of a road on Monkey Island was accepted from Benny Bourg.

BID ASKED

Upon the motion of Juror Lester Richard, Jr., the jury agreed to advertise for bids on a 60 by 40 foot metal storage barn for District 4.

The jury also agreed to ask for alternate bids on adding 75 by 70 foot and 75 by 50 extensions to the roof of the parish junior livestock-mosquito control barn.

A resolution, authorized by the Louisiana Police Jury Association, was adopted urging the Louisiana Legislature to restore a $15 million appropriation to the police juries in the special session. The appropriation had been deleted in the regular session.

The jury agreed to advertise its intention to create Fire Protection District No. 9 for the Grand Chenier area at its September meeting.

J. Berton Daigle was reappointed to the board of Waterworks Dist. No. 7.

Edison Mhire was reappointed for one year to the board of the Lower Cameron Service District. His term was not longer as he plans to retire within a year.

ROAD PROBLEM

School Supt. Sonny McCall told the jury that the school board was having problems in getting some children to school because of several roads that were almost impassible for school buses in the bad weather.

The jurors said that the two roads in question--Rutherford Beach and Broussard Beach--were now being graded twice a week and this should improve the situation.

Similarity of names confusing

Due to an unfortunate simularity of names, some embarrassment was caused a 14-year-old Grand Chenier youth by a story on district court proceedings in last week's issue of the Pilot.

The article stated that Michael Dowd was fined $250 and given a six months suspended jail sentence after pleading guilty to possession of marijuana.

The Michael Dowd who was sentenced was NOT Michael Lane Dowd, age 14, son of Thomas Dowd of Rt. 1, Grand Chenier.

The person sentenced was Michael Patrick Dowd, age 23, who was born in Manchester, England, and who gave an address of 802 Eaton St., Key West, Fla.

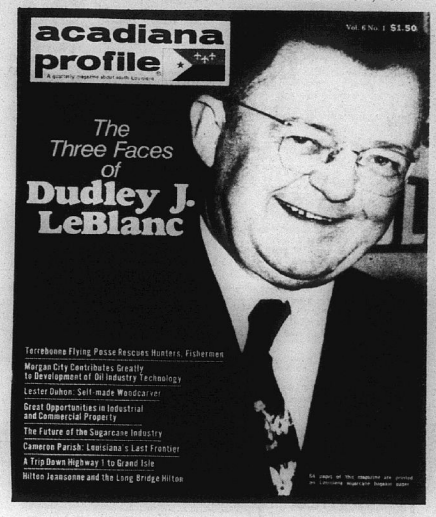
The Pilot regrets that the simularity of names caused some embarrassment for the Grand Chenier youth and hopes that this additional information will clear up any confusion caused by the first article.

Students go on L.C. field trip

The Cameron Parish Migrant Education Summer School students and teachers had a field trip to Lake Charles on July 20.

The group had a skating party at the First United Methodist Church recreation building. The group lunched at the Piccadilly Restaurant and attended a movie at the Charles Cinema.

There were 34 students enrolled in the summer program with 5 teachers, a counselor and a recruiter-recordkeeper. The six week program ended Friday, July 22.



THE ACADIANA PROFILE, a quarterly magazine about South Louisiana has a 14-page article on Cameron Parish in its issue published this week. The magazine also features the late Dudley J. Leblanc. An ad elsewhere in this issue of the Pilot tells where copies of the magazine can be secured.

Franchise tabled

The Cameorn Parish Police jury tabled action Tuesday on a request from A. J. Braquet for a non-exclusive franchise for a water system for the community of Holly Beach after a representative of Waterworks District No. 10 voiced opposition to the franchise.

Tommy Pease, water district board member, said the board was opposed to the franchise because they did not want "anything to happen to cause us any problems with our election."

The water district and a similar fire protection district will hold an election on Aug. 20 on property bond issues totaling $2,400,000 for the construction of a public water system for the communities of Holly Beach of Johnson Bayou and the Ward 5 area.

Pease said the board realized that the non-exclusive franchise would not prevent the water district or anyone else from putting another water system into Holly Beach but they did not want to take any chances on affecting the Aug. 20 election.

Pease also said he did not understand why Braquet wanted a franchise any way as he had been operating the system at Holly Beach for years without one. He also said Braquet had written his water customers that he planned to discontinue the water service on Dec. 31.

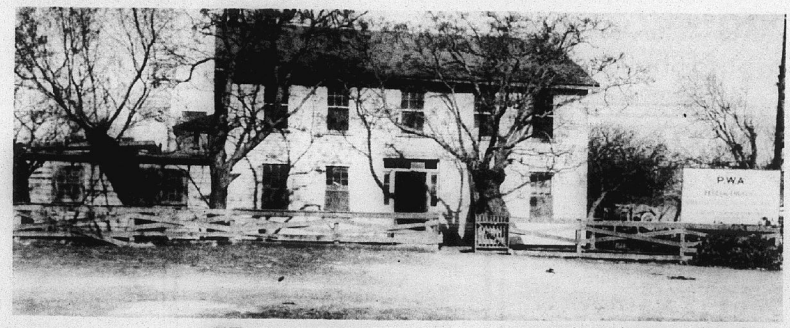
Bus inspection is held here

The annual School Bus inspection for the Cameron Parish School Bus Operators was held at Cameron Elementary School Thursday and Friday.

Thirty-six buses including the McNeese bus were inspected. The buses are carefully checked on 44 different items and classified as good, caution, or repairs needed.

Checking the buses were Trooper, St. E. Reed of Troop D, Lake Charles; Willis Quibodeaux, a school bus mechanic, employed by Calcasieu Parish School Board; Asst. Supt. Robert Ortego and Parish Supervisor Adam Conner.

Attending the inspection from Grand Chenier were Mrs. Lorrine Baccigalopi. Ray Nunez and Claude Bonsall, along with school bus drivers of all Cameron parishes.

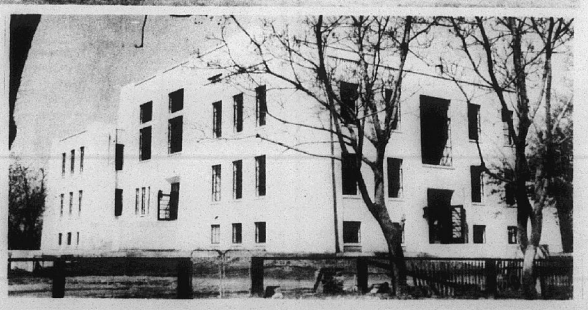


Do you remember?

The Photo above is of the old wooden Cameron Parish Courthouse that was replaced with the steel and concrete structure, at the right, some time in the '30s.

In the top photo can be seen the PWA sign indicating that the new courthouse was a Public Works Administration project being carried out during the Depression to pump money into the local economy.

Not too much change can be seen in the lower photo of the "new" courthouse from how it appears today more than 40 years later.



CLASSIFIED

FOR SALE - Native Chenier shells, any amount 542-4788 Houston Miller Cameron.

FOR SALE - 1954 Chevrolet school bus, 60 passengers, excellent condition. Ideal for church or camper. Price - $1,500. Call Austin (Bud) Duhon 762-6525, Hackberry. No collect calls. (7/14-8/4 p)

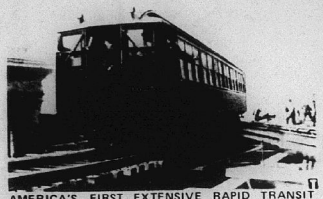
AMERICA'S HERITAGE

An Underground Movement



AMERICA'S FIRST EXTENSIVE RAPID TRANSIT SUBWAY SYSTEM is tested on May 4, 1904, five months before its first official run.

The first extensive rapid transit subway construction in the United States has recently been named a National Historic Civil Engineering Landmark, yet few in the nation know much about its origins.

Over 75 years ago ground was broken to build the first line of the New York City subway system. That system, still in use today, now carries a total of more than one billion passengers every year.

About 150,000 people rode the subway the day it opened, Oct. 27, 1904. The first train was eight cars of seated—and straphanging—dignitaries and their guests. It was driven by Mayor George B. McClellan. He took the train out of the ornate, arched-roofed City Hall station and up to Broadway and 103rd Street. The motorman continued the run to the terminus at 145th Street. The entire trip of about 10 miles took only 26 minutes—pretty good time in days when driving a car at 18 miles an hour was considered speeding.

Today, that first official New York subway has been designated a National Historic Civil Engineering Landmark by the American Society of Civil Engineers, a 75,000-member national professional society which is celebrating its 125th anniversary this year. The American Society of Mechanical Engineers has named the civil engineers in designating the subway system a landmark.

THE NEW YORK SUBWAY SYSTEM carries more than a billion people each year.

Some of the engineering features of historical significance found on the subway included the use of cut-and-cover digging techniques, steel bent construction, rock tunneling, underwater tunnels by shield and sunken tubes, elevated steel railway structures and relocation of utilities—all leading to the advancement of sub-surface facilities construction techniques.

What's more, its success led a lot of other places to believe they could really dig a subway, too.

Today, New York City's system is one of the largest in the world, consisting of nearly 240 route miles of rapid transit located in four boroughs, with 461 stations and a fleet of 7,000 cars making 8,000 trips to serve approximately 3.7 million passengers daily.

Lady Doctor Is First

Captain Mary Ann Spadaro, M.D., is an Army Reserve doctor with both feet on the ground . . . and sometimes in the air.

The attractive brunette is the first and only woman doctor to become airborne qualified in the Eleventh Special Forces Battalion, an Army Reserve unit of the Green Berets, in Tappan, N.Y.

Capt. Spadaro's civilian medical credentials are also impressive. A graduate of Fordham University and Upstate Medical Center in Syracuse, N.Y., Dr. Spadaro serves as an Associate Attending Physician in New York's Cabrini Hospital.

Her sub-specialty is rheumatology—the study of arthritis and related diseases. As if that were not enough to keep her busy, the lady doctor is also an instructor of clinical medicine at New York Medical School.

Somehow, Dr. Spadaro finds the time to be an active member of Army Reserve unit. For one weekend a month, and two weeks annual training each summer, she dons her officer's uniform and serves as her unit's doctor.

To retain her airborne qualification, she jumps out of an airplane or helicopter at least once every three months.

Why would a successful woman physician join the Army Reserve? "I wanted to expand the scope of my involvement in medicine," she said. "Joining the Army Reserve Special Forces is one of the ways in which I'm doing just that."

Capt. Spadaro said, "I'm the kind of individual who's always looking for new ways to expand my professional experiences. After I received my commission as an officer in the Army Reserve, I went to Fort Devens, Mass., for two weeks of some really intensive training at the airborne jump school."

She recalls those two weeks with a mixture of wry humor and remembered anxiety. "It was quite an experience," she said. "The fact that I'm a woman was not a hindrance!"

An English soccer player was once fined 10 shillings for smiling at a referee during a game.

The Challenge of Genealogy

by MARIE WISE

In the mid 1700s France employed professional recruiters to enlist men for military service in its Louisiana colony. Once recruited, the new soldiers were encouraged to marry and settle in the new world.

Making the change from Louisiana recruit to Louisiana colonist entitled the discharged groom and his bride to a grant of land (which they were required to occupy and cultivate), corn for planting, a food allowance for three years, a gun with monthly allotment of powder and shot, tools, a cow and calf, etc.

A settler's life on the Louisiana frontier was harsh, but it offered greater opportunity to most former recruits than had their birthplaces of Paris, Munich, Avignon, Strasbourg, Versailles, Lyon, etc.

LA. RECRUITS

Louisiana Recruits, 1752-1758 by Winston DeVille is a 6 x 9 in. softcover, 99 page, indexed volume, $12.50, available from: Polyanthos, Inc., Dr. 51359, New Orleans, La. 70151 that gives the ship lists of troops sent to the Colony of Louisiana for service at the French garrisons.

Eighteen detachments numbering from ten to eighty men as they departed from March 1752 to April 1758 are listed with the name, parents, birthplace, profession and sometimes wife of each. Example: Pierre Gervais, a hatmaker born at Rouen, the son of Marie Comet and Louis Gervais, embarked 14 Dec. 1756 on "Les Trois Marie". Also on board was his wife, Marie Ann Lahaye. Almost certainly, they became Louisiana colonists.

GALVESTON

In 1867 Galveston was a thriving seaport that rivaled New Orleans and one of the doors to the vast lands of Texas. From July to October of that year - which was also the aftermath of the Civil War - more than eleven thousand people died of a yellow fever epidemic.

Record of Interments of the City of Galveston, 1859-1872 is a 242 page, 8½ x 11 in. spiral-bound volume, softcover, indexed, $10.00, compiled by Mrs. Peggy H. Gregory, 7130 Evans St., Houston, Tex. 77061. Each entry shows name, dates of death and burial, age, sex, color, cause of death, place of residence, where born, where buried.

Many of the 1867 dead were "yallow fever" victims. When a soldier died, Confederate or Union, often his company or regiment were given, sometimes his commanding officer. In the case of immigrants, the ship that brought them might be listed... all valuable data for genealogists.

COTTEN FAMILY

Cotten Picking, Vol. 1 has been issued, with addedum, by Mrs. Peggy Gregory, 7130 Evans St., Houston, Tex. 77061, who credits her Uncle Scott Cotten with beginning the family genealogy and working on it for more than 25 years.

Benjamin Cotten of South Carolina, probably of Virginia parentage, and Jane Langley of Virginia, both born in the 1780s, were married in Kentucky in 1806, moved to Illinois, to Missouri, and their descendants spread west and south to many other states. Large number of related families included in family charts, etc. The book is 8½ x 11 in., spiral-bound, soft cover, 442 pages, indexed, $14.00.

BROUSSARD

Donna Adams, Broadmoor Plantations, Apt. 456, 10530 Florida Blvd., Baton Rouge, La. 70815 needs help with lines from Ascension and Catahoula parishes and the Bogalusa area. She asks for information on: Charles Magdawa Broussard, m. Francis Bernice Stephens in Ascension Par. before 1880. Charles had brothers, Dawson and Sol Broussard. Francis had brothers Huey, Charley and Paul Stephens and her father, Julius Stephens, b. about 1835, was from Catahoula parish, later Ascension.

Also: Louranie Perry of the Bogalusa area, b. about 1806 possibly in Tenn. About 1830 she m. John Spiers (Spears) of Miss., possibly from Tenn. Their daughter, Louranie Spiers, m. Jeremiah Odom before 1875. And any information on: Isalene (Alene) Rester who m. G.W. Burge, Jr. in 1868.

JOHN C. CLAY

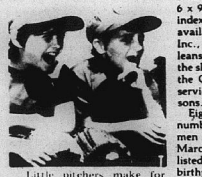
Francis N. Mouille, P.O. Box 116, Church Point, La. 70525 is searching for the parents of and any other information on John C(harles?) Clay b. 1796 in Kentucky, m. 15 May 1839, Adelaide Coulon de Villiers of St. Landry Parish and was divorced 6 Dec. 1851. Children were: Charles Clay, m. Therese Johnson; Aimee Clay m. Louis Roy; Francoise Clay m. Trosimond Soileau. John C. Clay is believed to have gone to Texas, possibly married and had children there.

QUERIES

Address all questions, information and review copies for this column to: Marie Wise, P.O. Box 99, Sulphur, La. 70663, For a reply, send stamped, self-addressed envelope.

FOCUS on FUN

Baseball Can Be Moving



Little pitchers make for great pictures, especially moving ones. Now that the baseball season is here, you have natural subjects for action-packed super 8 color movies whether it's a Little League game or a neighborhood encounter.

Backyard or sandlot shooting is easy with a Kodak XL movie camera, whenever the game is played. If there is enough light to play the game, there is enough light for your movie. To make filming even simpler, Kodak experts offer the following tips.

* Hold the camera steady and level.
* Shoot from an unobstructed vantage point that gets you close to the action.
* Focus carefully by estimating camera-to-subject distance as accurately as possible.
* Try to zoom in between filming sequences to avoid interrupting the movie's flow. If you zoom while the camera's running, do so slowly and *very infrequently.*
* Look for sideline action that adds variety. Cut away from the main sequence for footage of a parent/child conference, pitchers warming up in the dugout.
* Make scenes long enough to tell the story. Footage of a slugger popping a fly speaks for itself in a few seconds; one of a solitary outfielder or infielder awaiting action takes longer.
* Show the game's end with footage of the teams cheering or a tired child catching shut-eye on the back seat during the drive home.

* * *

The smallest known star is called LP 327-186. A "white dwarf," it's 100 light-years away, with a diameter only half that of the moon.

The smallest amount of natural gas on reserve in a long time is what we have now. Domestic supplies are dwindling. Proved reserves are at their lowest levels since 1955 and some industries have been suffering shutdowns because of shortages.

Grand Chenier News

By ELORA MONTIE

HOSPITAL NEWS

J. W. (Bud) Broussard of Grand Chenier is reported doing better in St. Patrick's hospital in Lake Charles where he was taken last week with blood poison.

Mrs. Annie Richard of Grand Chenier underwent surgery Friday in Lake Charles Memorial hospital and is reported doing better.

Milton Collins who spent some time in Houston, Tex. hospital is back in Grand Chenier and is staying with Mr. and Mrs. Lionel Theriot.

LOCAL ACTIVITIES

Mr. and Mrs. Horace Mhire of Grand Chenier honored their daughter and family Mr. and Mrs. George Miller and daughter, of Pottstown, Pa. with a barbecue Sunday at their home. Attending were 86 friends and families.

Mr. and Mrs. D. L. Brasseaux of Grand Chenier, who have been living in a trailer home since their marriage, are now building a home north of the Mermenteau River.

VISITORS

Miss Marilyn Miller of New Orleans spent the weekend with her sister, Mrs. Emily Theriot, in Grand Chenier.

Spending some time in their home here were Mr. and Mrs. Joe Archie of Lafayette.

The Norman McCall family spent Sunday with Mrs. Gladys McCall.

Mr. and Mrs. Earl Booth Sr., Dona and Ella Louise, Mr. and Mrs. Earl Booth Jr. and son and Mrs. Arthur Lee Booth and children and Cheryl Miller all of Grand Chenier spent Sunday visiting AstroWorld.

Mr. and Mrs. Glenn Richard spent, Sunday in Moss Bluff visiting friends and relatives.

Sonya and Michelle Doucet of Moss Bluff spent Friday night with Mr. and Mrs. Glenn Richard.

The Daniel Theriot family spent Sunday at AstroWorld in Houston, Tex.

Mr. and Mrs. Melvin Theriot and Mr. and Mrs. Gerald Richard attended the ball game at the Astrodome in Houston, Tex. Friday.

Visiting the Guthrie Perrys during the weekend were Mr. Perry's sister and family, Mr. and Mrs. Harold Pristley and two children, and two friends of Monroe. Mr. Priestley and his two friends played in the JC softball game in Sulphur.

Mr. and Mrs. Odea Thibodeaux of Sulphur visited friends and relatives here on Sunday.

Mr. and Mrs. A. P. Harper and Mr. and Mrs. Lonnie Glenn Harper spent the weekend in Houston, Tex. and toured AstroWorld.

Mr. and Mrs. Horace Mhire, Lawrence and Dennis Mhire, Ronald Dupuis of Grand Chenier and Mr. and Mrs. George Miller and daughter of Pottstown, Pa. spent Monday vaccinating their cattle in DeRidder at their farm.

Mr. and Mrs. Guthrie Perry, Wes, and Rhonda spent a week in Monroe visiting relatives. They celebrated the birthday of Mr. Guthries father, Wesley Guthrie Perry, Sr. who was 70.

Mr. and Mrs. Wallace LeBlanc of New Iberia spent Sunday with Mr. and Mrs. Sidney Naquin.

Spending the weekend with Mr. and Mrs. Henry Roy and family was Dale Cartwright of Houston, Tex.

Mr. and Mrs. Orrie Canik and family and Mrs. Corrine Canik are in Houston, Tex.

Spending Tuesday with Mr. and Mrs. Watkin Miller were Mr. and Mrs. Jason Billings, Dale Miller and daughter, Mr. and Mrs. Hubert Boudreaux and Mr. and Mrs. Manson Vincent.

Mrs. Charles Richard returned home Sunday after staying with her son and family, the Martin Richards.

Mrs. Robert C. Pinch

Pinch-Cheramie vows said in G. Chenier

The marriage of Norma Jo Cheramie and Robert C. Pinch was solemnized Friday, July 15, in the St. Eugene Catholic Church in Grand Chenier. Father Roland Vaughn officiated the candlelight ceremony.

Parents of the couple are Mr. and Mrs. Norman Cheramie of Cameron and Mr. and Mrs. William Pinch of Grand Chenier.

Given in marriage by her father, the bride chose a gown of chiffon with re-emboridered allucinon lace forming the bodice, the cuffs of the victorian sleeves and around the scooped oval neckline. The lace was set with seed pearls, and the empire waistline ended with a flowing train. The floor length wedding veil repeated the same lace as the dress as a border around it.

Jill Willis served as maid of honor. Bridesmaids were Jodi Cain, Theresa C. Miller, Mary Kay Pinch, Kay Guidry, Vickie K. Roberts, Kathy Doxey and Vickie Nunez.

Mia M. Faulk served as junior bridesmaid. Melanie Faulk and Christi Pinch were the flower girls.

Tommy Boudreaux served as best man and groomsmen were: Pat Pinch, Billy Pinch, Joey Reina, Mitchell Kelley, Carl Broussard, Gary LeBouef, and Dave Savoie.

Dwayne Nunez served as ring bearer. Ushers were Kent Crochet, Bob Savoie, Ken Nunez, and Edward Stewart.

Immediately following the ceremony a reception was held at the Woodmen of the World Hall in Creole.

After a wedding trip to Mississippi and Alabama the couple is residing on Oak Grove.

The bride is a junior at McNeese State University, majoring in Special Education and the groom is employed by Michigan Wisconsin Pipeline Co. in Grand Chenier.

POPCORN BONNET

about 12 gumdrops
icing or icing decorator
1 package (5 oz.) Jiffy Pop Popcorn®
1 cup sugar
1/2 cup corn syrup
1/2 cup water

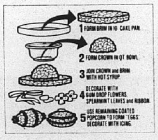
about 24 spearmint leaves

Roll out gumdrops with a rolling pin into 1" circles. Cut with scissors or knife to form petals of gumdrops flowers. Decorate center with icing or icing decorator.

Prepare popcorn according to package directions.



in New Orleans.

Mrs. Alden Sanner, of Hackberry and Mr. and Mrs. Jimmie Griffit of Jennings flew from New Orleans to London, England.

They will stay two weeks visiting Mrs. Sanner's son and daughter-in-lac, Mr. and Mrs. Charles Sanner.

Cameron team wins trophy

By ED BREDEHOEFT

The Cameron Parish Dixie Youth baseball minor league All-Stars was awarded the Sportsmanship Trophy at the end of the Sub-District 7 West tournament held in DeQuincy last week.

Since this is the first year that the Cameron Parish team has competed in the Dixie Youth Baseball program winning this award speaks high of the managers, coaches and players.

Individual awards made on Friday night was Dixie Youth baseballs to the outstanding player of the Moss Bluff Nationals, first place winner, the Sulphur Nationals, first runner-up and the DeQuincy All-Stars, third place winner.

Chad Statum of the Moss Bluff team received a baseball along with Patt Rapp of the Sulphur Nationals and the DeQuincy winner, the only girl player in the tournament, Lynette Rose.

Results of the tournament: South Beauregard Nat'ls 10, Sulphur Americans 9; Moss Bluff American 11, DeRidder #2, 1; DeRidder #1, 10, South Beauregard Americans 3; DeQuincy 10, Cameron Parish 5; Sulphur Nat'ls 20, DeRidder #2, 1; South Beauregard Americans 7, Cameron Parish 5; Moss Bluff Nat'ls 4, DeQuincy 3; South Beauregard Nat'ls 6, Moss Bluff Americans 5; Sulphur Nat'ls 9, South Beauregard Americans 0; DeQuincy 7, Moss Bluff Americans 5; Moss Bluff Nat'ls 6, DeRidder #1, 5; Moss Bluff Nat'ls 18, South Beauregard Nat'ls 4; DeQuincy 15, DeRidder #1, 3; Sulphur Nat'ls 11, South Beauregard Nat'ls 3; Moss Bluff Nat'ls 5, DeQuincy 3; Sulphur Nat'ls 4, Moss Bluff Nat'ls 3; Moss Bluff Nat'ls 3, Sulphur Nat'ls 2 (Championship Game.)

Today there are said to be between three and four million vegetarians in the United States.

Vows said in L. C.

Leona Thibodeaux Comeau and Aubrey Reed of Lake Charles were married Saturday, July 30, at St. Margaret Catholic Church in Lake Charles at 1 p.m. Odesa McDaniel was maid of honor and bridesmaid was Pat Benton.

Best man was Edison Mhire and groomsman was Lynn Vanvorus.

The bride chose a long aqua polyester dress with a white wide brim hat. She carried a bouquet of spring flowers.

The reception was held after the ceremony at the K of C Hall on eighteenth street. The couple will reside in Lake Charles, where they are both employed.

Attending the wedding from this area were: Mr. and Mrs. Wilson Montie, and Mrs. Rosa Primeaux and Creole, Mr. and Mrs. Elias Dyson, Mrs. Louise Portie, Mrs. Bertha Roy and Elora Montie, Mr. and Mrs. Horace Mhire all of Grand Chenier and Mr. and Mrs. George Miller and daughter of Pottstown, Pa.

Many friends and relatives of other areas attended.

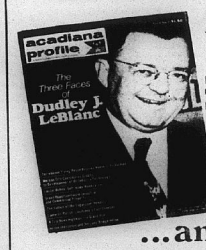
Cameron Parish is featured in a 14-page spread in the current edition of Acadiana Profile magazine



It's an in-depth documentary report on Cameron Parish, probably the most comprehensive story ever done on the parish. The story deals with Cameron Parish's role in the oil, fishing and trapping industries; her growth as an important fishing port; the vast wealth of her marshlands; her tourist attractions; and information on government, education, culture and other areas of community life in the parish.

...and so is the late Dudley LeBlanc

The late State Senator Dudley "Coozan Dud" LeBlanc of Abbeville, whose political career spanned half a century, was a legend in his own time. Some remember him as a powerful and cunning politician, others as the developer and brilliant promoter of the vitamin supplement called Hadacol, and others as the generous and protective political leader of the Cajun people.

UNTIED STATES DISTRICT COURT
WESTERN DISTRICT OF LOUISIANA
LAKE CHARLES DIVISION
UNITED STATES OF AMERICA,
Plaintiff
v.
290.30 ACRES OF LAND, MORE OR LESS, SITUATED IN CAMERON PARISH, STATE OF LOUISIANA, AND MRS. AGNES ELENDER LOWERY, ET AL., AND UNKNOWN OWNERS,
Defendants
CIVIL ACTION NO. 770405
CIVIL ACTION NO. 770406
CIVIL ACTION NO. 770407
CIVIL ACTION NO. 770408
NOTICE OF CONDEMNATION

TO: ALL OF THE PARTIES WHOSE NAMES AND ADDRESSES ARE SET FORTH IN ATTACHED SCHEDULE "B"

You are hereby notified that a complaint in condemnation has heretofore been filed in the Office of the Clerk of the above named Court in an action to condemn the following estates.

The estate to be taken for said public uses is as follows:

As to Tract No. 101, the fee simple title to the land, subject, however, to existing easements for public roads and highways, public utilities, railroads and pipelines; excepting and excluding from the taking all producing oil and gas wells, including all existing structures and improvements and all appurtenances and appurtenant rights used in connection with the exploration, development, production and removal of said oil and gas; provided, however, that the said producing oil and gas wells, including existing structures and improvements and all appurtenances and appurtenant rights so excepted and excluded are hereby subordinated to the prior right of the United States to utilize said land in the establishment, management, and maintenance of the Strategic Petroleum Reserve as authorized by the Act of Congress approved December 22, 1975, Public Law 94-163, 89 Stat. 871, 42 U.S.C. 6201, and the further right to abandon said producing oil and gas wells provided said wells are capped in accordance with the laws and regulations of the State of Louisiana; and, further reserving to Olin Corporation the right to construct, operate and maintain multipipelines and utilities in, on, over, under and across a strip of land described as

"A strip or parcel of land lying in Sections 20 and 21, Township 12 South, Range 10 West, Cameron Parish, Louisiana, being 50 feet in width and lying 25 feet each side of, when measured at right angles, and parallel to the following described centerline:

"For a point of reference, commence at the Southwest corner of the Southeast Quarter of the Northeast Quarter of said Section 20, thence run North 0 degree 11' West along the West line of said quarter-quarter section a distance of 75 feet to the Point of Beginning.

"From said Point of Beginning run North 89 degrees 49' East along a line 75 feet northerly of and parallel to the South line of the Northeast Quarter of said Section 20 and the South line of the Northwest Quarter of said Section 21 a distance of 1370 feet to a point 50 feet East of the line common to said sections 20 and 21 for the point of terminus of the centerline herein described.

"The above described tract or parcel of land contains 1.57 acres, more or less.

"The bearings and distances cited herein are based on the Lambert grid system."

for the period beginning with the date of taking and terminating with the expiration of that certain lease or leases entered into by and between Olin Corporation and Mrs. Agnes Elender, et al, or any renewal or extensions of such lease or leases; and further reserving to Olin Corporation the right to construct multipipelines in, on, over, under and across a strip of land described as

"A strip or parcel of land lying in Section 21, Township 12 South, Range 10 West, Cameron Parish, Louisiana, being 50 feet in width and lying 25 feet each side of, when measured at right angles, and parallel to the following described centerline:

"For a point of reference, commence at the Southwest corner of the Southwest Quarter of the Northwest Quarter of said Section 21, thence run North 0 degree 11' West along the East line of said quarter-quarter section a distance of 200 feet, more or less, to the centerline of an existing pipeline, for the Point of Beginning.

"From said Point of Beginning, run Southwesterly with said existing centerline a distance of 300 feet, more or less, the South line of the Northwest quarter of said Section 21 for the point of terminus of the centerline herein described.

"The above described tract or parcel of land contains 0.34 acre, more or less.

"The bearings and distances cited herein are based on the Lambert grid system."

for the period beginning with the date of taking and terminating with the expiration of that certain lease or leases entered into by and between Olin Corporation and Mrs. Agnes Elender Lowery, et al, or any renewal or extensions of such lease or leases.

As to Tract No. 103, the fee simple title to the land, subject, however, to existing easements for public roads and highways, public utilities, railroads and pipelines; excepting and excluding from the taking all producing oil and gas wells, including all existing structures and improvements and all appurtenances and appurtenant rights used in connection with the exploration, development, production and removal of said oil and gas; provided, however, that the said producing oil and gas wells, including existing structures and improvements and all appurtenances and appurtenant rights so excepted and excluded are hereby subordinated to the prior right of the United States to utilize said land in the establishment, management, and maintenance of the Strategic Petroleum Reserve as authorized by the Act of Congress approved December 22, 1975, Public Law 94-163, 89 Stat. 871, 42 U.S.C. 6201, including the right to prohibit the drilling of additional wells on said land, and, provided further that the use of said land shall be subject to the prior right of the United States to utilize said land for the Strategic Petroleum Reserve, reserving, however, to the owner, its successors and assigns, of producing oil and gas wells, the right to use existing access to the producing oil and gas wells, provided such access does not interfere with the rights of the United States to utilize said land in the establishment, management, and maintenance of the Strategic Petroleum Reserve as authorized by the Act of Congress approved December 22, 1975, Public Law 94-163, 89 Stat. 871, 42 U.S.C. 6201, and the further right to abandon said producing oil and gas wells provided said wells are capped in accordance with the laws and regulations of the state of Louisiana.

As to Tract No. 103E-1, a perpetual and assignable easement and right-of-way 50 feet in width, in, on, over and across the land, for the location, construction, operation, maintenance, alteration, repair and patrol of multipipelines in the establishment, management and maintenance of the Strategic Petroleum Reserve, as authorized by the Act of Congress approved December 22, 1975, Public Law 94-163, 89 Stat. 871, 42 U.S.C. 6201, including the right to trim, cut, fell and remove therefrom all trees, underbrush, obstructions, and any other vegetation, structures or obstacles within the limits of the right-of-way; reserving, however, to the landowners, their heirs and assigns, all such rights and privileges as may be used without interfering with or abridging the rights and easements hereby acquired; subject, however, to existing easements for public roads and highways, public utilities, railroads and pipelines.

As to Tract No. 103E-2, a temporary easement and right-of-way 25 feet in width in, on, over and across the land for a period not to exceed three years, beginning with the date possession of the land is granted to the United States, for use by the United States, its representatives, agents and contractors, for the construction of multipipelines in the establishment, management and maintenance of the Strategic Petroleum Reserve as authorized by the Act of Congress approved December 22, 1975, Public Law 94-163, 89 Stat. 871, 42 U.S.C. 6201, including the right to borrow and/or deposit excavated material thereon and the further right to remove temporary structures on the land and to perform any other work necessary and incident to the construction of the said multipipelines, together with the right to clear, cut, fell and remove therefrom all trees, underbrush, obstructions and any other vegetation, structures or obstacles within the limits of the right-of-way; reserving, however, to the landowners, their heirs and assigns, all such rights and privileges as may be used without interfering with or abridging the rights and easements hereby acquired; subject, however, to existing easements for public roads and highways, public utilities, railroads and pipelines.

As to Tract No. 106, the fee simple title to the land, subject, however, to existing easements for public roads and highways, public utilities, railroads and pipelines; excepting and excluding from the taking all producing oil and gas wells, including all existing structures and improvements and all appurtenances and appurtenant rights used in connection with the exploration, development, production and removal of said oil and gas; provided however, that the said producing oil and gas wells, including existing structures and improvements and all appurtenances and appurtenant rights so excepted and excluded are hereby subordinated to the prior right of the United States to utilize said land in the establishment, management, and maintenance of the Strategic Petroleum Reserve as authorized by the Act of Congress approved December 22, 1975, Public Law 94-163, 89 Stat. 871, 42 U.S.C. 6201, including the right to prohibit the drilling of additional wells on said land, and, provided further that the use of said land shall be subject to the prior right of the United States to utilize said land for the Strategic Petroleum Reserve, reserving, however, to the owner, its successors and assigns, of producing oil and gas wells, the right to use existing access to the producing oil and gas wells, provided such access does not interfere with the rights of the United States to utilize said land in the establishment, management, and maintenance of the Strategic Petroleum Reserve as authorized by the Act of Congress approved December 22, 1975, Public Law 94-163, 89 Stat. 871, 42 U.S.C. 6201, and the further right to abandon said producing oil and gas wells provided said wells are capped in accordance with the laws and regulations of the State of Louisiana.

As to Tract No. 117, the fee simple title to the land, subject, however, to existing easements for public roads and highways, public utilities, railroad and pipelines; excepting and excluding from the taking all producing oil and gas wells, including all existing structures and improvements and all appurtenances and appurtenant rights so excepted and excluded are hereby subordinated to the prior right of the United States to utilize said land in the establishment, management, and maintenance of the Strategic Petroleum Reserve as authorized by the Act of Congress approved December 22, 1975, Public Law 94-163, 89 Stat. 871, 42 U.S.C. 6201, including the right to prohibit the drilling of additional wells on said land, and, provided further that the use of said land shall be subject to the prior right of the United States to utilize said land for the Strategic Petroleum Reserve, reserving, however, to the owner, its successors and assigns, of producing oil and gas wells, the right to use existing access to the producing oil and gas wells, provided such access does not interfere with the rights of the United States to utilize said land in the establishment, management, and maintenance of the Strategic Petroleum Reserve as authorized by the Act of Congress approved December 22, 1975, Public Law 94-163, 89 Stat. 871, 42 U.S.C. 6201, and the further right to abandon said producing oil and gas wells provided said wells are capped in accordance with the laws and regulations of the State of Louisiana.

The property so to be taken is described in Schedule "B" attached hereto.

The authority for the taking is under and in accordance with the Act of Congress approved February 26, 1931 (46 Stat. 1421, 40 U.S.C. 258a) and acts supplementary thereto and amendatory thereof, and under the further authority of the Acts of Congress approved August 11, 1888 (25 Stat. 357, 33 U.S.C. 757), and the Act of Congress approved December 22, 1975 (Public Law 94-163; 89 Stat. 871) entitled the Energy Policy and Conservation Act, which authorizes the acquisition of land for the Strategic Petroleum Reserve and related facilities, and the Acts of Congress approved June 1, 1976 (Public Law 94-303) and July 21, 1976 (Public Law 94-373), which acts make funds available for such purposes.

The public uses for which said land is taken are as follows: The said land is necessary for the establishment, management, and maintenance of the Strategic Petroleum Reserve and related facilities. The said land has been selected for acquisition by the United States for the Strategic Petroleum Reserve and for such other uses as may be authorized by Congress or by Executive Order.

You are further notified that if you desire to present any objection or defense to the taking of your property you are required to serve your answer on the plaintiff's attorney at the address herein designated within twenty days after personal service of this Notice upon you, or the date of last publication of Notice.

Your answer shall identify the property in which you claim to have an interest, state the nature and extent of the interest you claim and state all of your objections and defenses to the taking of your property. All defenses and objections not so presented are waived. And in case of your failure to answer the complaint, judgment of condemnation of that part of the above described property in which you have or claim an interest will be rendered.

But without answering, you may serve on the plaintiff's attorney a notice of appearance designating the property in which you claim to be interested. Thereafter you will receive notice of all proceedings affecting it. At the trial of the issue of just compensation, whether or not you have previously appeared or answered, you may present evidence as to the amount of the compensation to be paid for your property, and you may share in the distribution of the award, and jury trial is demanded as to the issue of just compensation.

SCHEDULE "B"
TRACT NO. 101

DESCRIPTION:

The Southwest Quarter of the Northwest Quarter (Lot 2) of Section 21, Township 12 South, Range 10 West. The East 24 acres of the Southeast Quarter of the Southeast Quarter; Lot 10 or the Northeast Quarter of the Southeast Quarter; Lot 9 or the Southeast Quarter of the Northeast Quarter, of Section 20, Township 12 South, Range 10 West, Cameron Parish, Louisiana.

The above described tract or parcel contains 144.18 acres, more or less.

TRACT NO. 103

DESCRIPTION:

A tract or parcel of land being a portion of the Southeast Quarter of the Southeast Quarter of Section 20, Township 12 South, Range 10 West, Cameron Parish, Louisiana, being more particularly described as follows:

For the point of beginning, commence at the Northwest corner of the Southeast Quarter of the Southeast Quarter, of said Section 20, run thence East along the North line of the Southeast Quarter of the Southeast Quarter 330 feet to a point; thence Southerly 1320 feet to a point on the South line of said Section 20, thence run Westerly 264.8 feet to a point; thence Northerly to a line which lies 1126.7 feet South of the North line of the Southeast Quarter of the Southeast Quarter of said Section, thence West along said line 264.8 feet to the West line of the Southeast Quarter of the Southeast Quarter; thence North along said West line 1126.7 feet to the point of beginning.

Said tract or parcel of land contains 14.5 acres, more or less.

It is the intent of the above description to include the same land as described in a composite of deeds recorded as follows: Conveyance book 220, page 556; book 216, page 473; book 216, page 475; book 216, page 471.

TRACT NO. 103E-1

DESCRIPTION:

East 50 feet of the North 16 acres of the Northeast Quarter of the Northeast Quarter of Section 29, Township 12 South, Range 10 West, Cameron Parish, Louisiana.

The above described tract or parcel contains .61 acres, more or less.

It is the intent of the foregoing description to include a part of the same land as that described in Conveyance Book 210, page 556.

TRACT NO. 103E-2

DESCRIPTION:

West 25 feet of the East 75 feet of the North 16 acres of the Northeast Quarter of the Northeast Quarter of Section 29, Township 12 South, Range 10 West, Cameron Parish, Louisiana.

The above described tract or parcel contains .31 acres, more or less.

It is the intent of the foregoing description to include a part of the same land as that described in Conveyance Book 210, page 556.

TRACT NO. 106

DESCRIPTION:

The East half of the Southeast Quarter of the Northeast Quarter of Section 20, Township 12 South, Range 10 West, Cameron Parish, Louisiana.

ALSO KNOWN AS:

Lot 8 of the S. M. Lions subdivision of Lot 8 of Section 20, Township 12 South, Range 10 West, Cameron Parish, Louisiana.

The above described tract or parcel of land contains 5.0 acres, more or less.

TRACT NO. 104

DESCRIPTION:

A tract or parcel of land being a part of the North Half of the Northeast Quarter of Section 20, and the Northwest Quarter of the Northwest Quarter of Section 21 all in Township 12 South, Range 10 West, Cameron Parish, Louisiana, and being more particularly bounded and described as follows:

From the Point of Beginning, which point is the Northwest corner of the Southeast Quarter of the Northeast Quarter of said Section 20, run West along the North line of Southwest Quarter of the Northeast Quarter of Section 20 a distance of 330 feet, more or less, to the Northeastern corner of Lot 1 of the S. M. Lyons Subdivision of Lot 8 of said Section 20; thence run North parallel to the East line of said Section 20 a distance of 260 feet, more or less, to the existing ordinary high water line of Black Lake; thence meander easterly along said water line of Black Lake 2100 feet, more or less, to the intersection of said water line with a line running parallel and 420 feet East of the West line of said Section 21; thence run South parallel to the West line of Section 21 a distance of 280 feet, more or less; thence run East parallel to the North line of the Southwest Quarter of the Northeast Quarter of said Section 21 a distance of 900 ft. more or less; thence run South parallel to the West line of said Section 21 a distance of 110 ft. more or less; thence run West along the North line of the Southwest Quarter of the Northwest Quarter of said Section 21, and the North line of the Southeast Quarter of the Northeast Quarter of said Section 20 a distance of 2670 feet, more or less, to the Point of Beginning.

The above described tract or parcel of land contains 19.64 acres, more or less.

TRACT NO. 117

DESCRIPTION:

The North 1000 feet of the East half of the Southeast Quarter of Section 32; the North 1000 feet of the West 3280 feet of the North half of the Southwest Quarter and the Northwest Quarter of the Southeast Quarter of Section 33, all in Township 12 South, Range 10 West, Cameron Parish, Louisiana.

The above described tract or parcel of land contains 106.06 acres, more or less.

It is the intent of the foregoing description to include a part of the same land as that described by deed dated March 31, 1913 and recorded in the Official Record Book S. Page 368 et seq., of the Public Records of Cameron Parish, Louisiana.

Homemakers to hold Fun Day

The Cameron Extension Homemakers Club held its regular meeting Monday, July 25, at 7:30 p.m. Pam Carroll and Tootsie Dosher were co-hostesses.

Alida Hebert and Pearl Fulton gave a brief report on the Cameron Parish Council meeting held recently in Creole. It was decided at this meeting for the clubs to hold a Fun Day instead of Achievement Day. Each club will present a skit, and each member will bring a covered dish and $1 donation.

Club members are reminded that there will not be an August meeting. The next meeting will be Monday, September 26, with Norma Jean Balek and Roberta Rogers as co-hostesses. Members due to bring auction gifts are Frances Mudd, Sharon Murphy, and Shirley.

The raffle gift was won by Margie Brown and the door prize was won by Glynn Portie.

DO YOU REMEMBER? THIS WAS THE FIRST ISSUE OF THE PILOT PRINTED FOLLOWING HURRICANE AUDREY 20 YEARS AGO.

Cameron WILL Rise Again!

By Jerry Wise

Cameron Parish Pilot Publisher

Cameron will rise again!

Of this fact we are convinced.

Like many other Cameron people, we, at first, were overwhelmed by toll taking by Hurricane Audrey in lower Cameron parish; but after a week of talking to and working with the people of our area, we have found a new hope, a strong belief that Cameron will come back as strong as ever before.

Let us look at the facts:

First, although the death toll may run over the 500 mark, there are still thousands of Cameron folks who are alive and in good health.

Second, although hundreds of homes were destroyed in Cameron, Creole, Grand Chenier, Holly Beach and Johnson Bayou, many homes still stand; many can be put back in liveable condition in a short time; and some folks spent the hurricane in their homes and are still living there)

Third, although every business establishment in South Cameron was put out of operation by the storm, a large percentage of business places, especially in the town of Cameron, still stand and can be repaired.

Fourth, although we have heard one or two families and one or two businessmen say they will not return to Cameron, every other person we have talked to says he will come back and rebuild again.

Fifth, the Red Cross, the state and the federal government have already made it clear that they intend to stay in lower Cameron until the people are on their feet again. This includes giving aid to rebuild homes and businesses and furnishing assistance until such time as lower Cameron can become self-sustaining again.

Sixth, all of our public buildings and roads which were destroyed or damaged, will be restored in one way or another. Our schools, although heavily damaged, will be repaired with the insurance that was on them and with state and federal aid. The state and federal governments say they will restore our roads to their former shape. Our courthouse still stands with almost no damage, except for water in the basement. Our REA building, health unit, school board office and other public buildings are damaged, but they will be restored without extra cost to Cameron people.

Seventh, and perhaps most important, there is a new spirit here in Cameron—a spirit of determination, of willingness to work, to fight back to save our way of life here.

No, we are not discouraged, and neither are most of other Cameron folks to whom we have talked. CAMERON PARISH WILL RISE AGAIN.

On this you can depend!

Building for a new and better Cameron parish

THE PARISH Cameron Pilot

We believe in the future of Cameron parish

VOL. 1—NO. 40 CAMERON, LA., FRIDAY, JULY 5, 1957 10c A COPY

TO ALL OF YOU —

OUR APPRECIATION

On behalf of the people of Cameron parish, we would like to extend heartfelt appreciation to everyone who has helped the parish in its need . . .

. . . the people of Lake Charles and Sulphur and surrounding areas who helped rescue survivors, furnished shelter and food in their schools and in their homes, who donated clothing, money, and their time to help our people . . .

. . . to the Red Cross, Salvation Army and other welfare groups who immediately came to the aid of the survivors and who are staying on to help Cameron people get a new start . . .

. . . to the Army, Air Force and Coast Guard who sent in men, planes, helicopters, trucks, and vehicles from all parts of the nation to carry out rescue work, recover bodies and start the tremendous cleanup job . . .

. . . to the Civil Defense, National Guard, and law enforcement officers from all parts of Louisiana and Texas who moved in to help bring order out of chaos . . .

. . . to the hundreds of volunteer workers, who came from all parts of the nation to aid in any way they could . . . many of whom had never seen Cameron parish, but had a genuine desire to help . . .

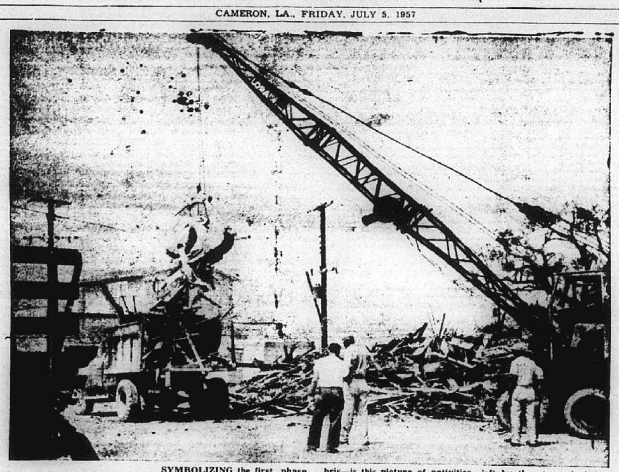
. . . to our fellow citizens, who while they had lost members of their families and everything they owned, stayed on in Cameron to work tirelessly toward the rebuilding of their community . . .

. . . to people of the United States and Canada from which have come donations of clothing, food and money . . .

. . . to the state and federal governments who have thrown open their entire facilities to help Cameron people rebuild their homes and businesses and start a new life . . .

. . . to the multitude of other individuals and organizations, whose names may have been forgotten in the confusion, but who have done their share in aiding our people.

To all of you, on behalf of Cameron parish, we say thank you. We can never fully express our true appreciation.



SYMBOLIZING the first phase of rebuilding lower Cameron parish—that of cleaning up the debris—is this picture of activities in front of the Cameron courthouse. The huge pile of debris left by the storm is being removed and will be burned.

Red Cross to give parish all-out aid

The American Red Cross established headquarters in Lake Charles and Cameron Wednesday and moved into a long-term rehabilitation program for the hard hit Cameron area.

Don Stout, director of Red Cross operations, and some 100 staff members will work in the Southwest Louisiana-East Texas area to assist storm victims to rebuild their homes, to get on their feet financially and to start life anew.

One thousand families in Cameron and Calcasieu parishes have been granted emergency funds, food and clothing, and this number is expected to rise to 1500 and 1800 families.

A registration program has been set up under which each family is given the opportunity to apply for Red Cross assistance.

Red Cross offices are located on the top floor of the Cameron courthouse and in the old First Presbyterian Church building, corner of Ford and Broad in Lake Charles.

The needs of each family is studied, and if these family has no other way of rebuilding its home and getting on its feet again, out-right grants are given by the Red Cross.

These are not loans and do not have to be repaid.

The grants are given in the form of disbursing orders which

(Continued on Page 3)

NOTICE TO CUSTOMERS:

Rodney Guilbeau, owner of Guilbeau's Laundry & Cleaners in Cameron, announces that he and his son, Rodney, Jr., will be at the shop this Sunday between 10 a.m. and 3 p.m. to return all clothing that was in the shop at the time of the storm.

An issue of hope

This issue of the PILOT is a strange one for a newspaper to publish.

Although the biggest news story in the history of Cameron parish has occurred, this issue contains little of the calamitious events that have occurred. The people of our parish have had their fill of tragedy — all they want now is hope.

We hope that in a small way that this issue of the Pilot can bring to you, our reader, just such hope—hope that you can return to Cameron, hope to rebuild your homes and businesses, and hope to build a new life.

A BRIEF WORD ABOUT the future of the Pilot:

There was no issue of the paper last week. This week's issue contains only four pages.

Although the paper suffered little physical damage, practically all of our advertisers have been put out of business by the storm. The only advertising that we have left now will be the little that comes from outside sources.

However, because we believe that Cameron parish needs its own local newspaper even worse than before, and because we have faith in Cameron parish and its people, THE CAMERON PARISH PILOT WILL GO ON.

We are dedicating our efforts and those of the PILOT to the rebuilding of our parish. Our news and advertising columns will be open at all times to the reporting of constructive news, news of hope for the parish.

ANYONE WISHING to contact the Pilot may find us at the courthouse. If not there, we may be reached by calling JA 7-7076 or JA 7-9255 in Sulphur, or by writing Box 485, Sulphur.

OPEN LETTER

TO THE RESIDENTS OF

THE CAMERON AREA

The Calcasieu Marine National Bank, with the recognition of the grave responsibility that has been placed in its hands and with the deepest humility, extends its heartfelt sympathy to the residents of the disaster area of Southwest Louisiana . . . especially to those that have suffered the loss of their loved ones and to the many hundreds who have suffered untold property damage.

We, too, of the Calcasieu Marine National Bank spent many anxious hours during the past hurricane . . . the bank was and is the custodian of hundreds of valuable papers, records and deposits . . . all of these deposits, records and papers were saved with very little damage from the force of the hurricane.

The officials of the Calcasieu Marine National Bank announce today that the building in Cameron, Louisiana is still intact, but will have to be renovated and that operation of the Cameron Branch Bank will be resumed as speedily as possible . . . all deposits, records and valuable papers held by the Cameron Branch, were in the vault and are safe.

Due to the hurricane, these records will be moved to the Main Office in Lake Charles for future safe keeping. Depositors and customers of the bank in Cameron, will find their deposits, records and valuable papers safely cared for in the Lake Charles Main Office of the Calcasieu Marine National Bank. All business transactions for the Cameron vicinity will be handled through the Lke Charles office of the Bank, and service will be resumed in Cameron just as soon as conditions permit

Mr. Derouen, Manager of the Cameron Branch of the Calcasieu Marine National Bank, will be in the Main Office and extends his personal appreciation to the hundreds of customers and depositors of the Cameron Branch, for their understanding and cooperation during the disaster and urges each and every one in the Cameron area to call upon the main office of the Bank for any assistance, advice or counsel needed. Conditions permitting, the Cameron branch of the Calcasieu Marine National Bank will be operating as usual, but until such time, all transactions will be handled through the Main Office of Lake Charles.

Sincerely yours,

Robert L. James, President

CALCASIEU MARINE NATIONAL BANK

All out efforts made to aid disaster survivors

All-out efforts on the part of all Federal Agencies in rehabilitating the hurricane disaster area of Southwest Louisiana will be forthcoming, was the view of Senators Allen J. Ellender and Russell B. Long, following a lengthy conference with some thirty top federal officials held Monday in Washington. Also present and participating in the conference were Will Candler, Secretary to Congressman Willis of the 3rd Congressional District, and Mrs. Clara Harrison, secretary to Congressman Thompson of the 7th Congressional District.

"All federal agencies seem to either have funds on hand or appropriation requests pending before congress to carry out the disaster relief programs which congress has provided to meet situations like that prevailing in the Cameron area, "The two Louisiana senators stated at the conclusion of the meeting, and "All officials are moving with top speed to get their rehabilitation programs into operation, in the wake of emergency relief measures already in operation."

The meeting with representatives of eight federal government departments was called by Senators Ellender and Long to determine the extent of federal assistance which might be available in rehabilitating the disaster area, including the reinstating of community services, rebuilding homes and business est-

(Continued on Page 2)

Rep. Dyson says parish will be aided in rebuilding

Cameron parish's state representative, Alvin Dyson, this week urged the people to take hope and to plan to return to rebuild their homes, businesses and lives.

"Sheriff Carter and I have been in conference with Red Cross, Civil Defense and governmental agencies, and we are happy to announce that every possible assistance will be given the people of our parish in the job of rebuilding.

He said the Red Cross was helping already by making outright grants to families in need, and that the agency would remain in the parish to help every family get back into its own home and on its own feet again.

Cameron business establishments will be aided by Small Business loans, which are given at low interest rates for a long period of time.

"We are encouraging all residents of Cameron to plan to return to this, their home. I, as state representative will give all the assistance possible in assisting the people of Cameron."

Mr. Dyson said he believed that lower Cameron could be rebuilt completely within two years.

"If we plan right, we can rebuild our area even better than before," he stated.

TEMPORARY LIVING quarters will be furnished families in tent structures, which will have wood floors and sides, as well as screens.

Mr. Dyson said these tents would be put up on each family's own lot or farm, and that there would be no such thing as a "tent city."

ALTHOUGH SUFFERING, extensive damages, the Gulf Menhaden Co. still is in fair shape, and will be rebuilt as soon as possible.

Work will begin immediately on the rebuilding of the damaged schools, with school insurance and state aid to bear the cost of the work. It is hoped that the schools will be in shape for the fall term, he said.

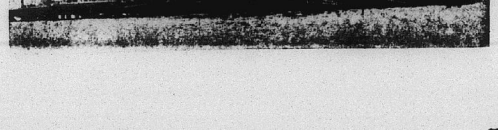
The federal government will pay half of cost of repairing the state roads and all for the parish roads, with the state putting up the rest of the money.

MR. DYSON ALSO had something to say about the insurance on Cameron homes and businesses.

"It was rumored that it was a tidal wave that did all the damage to Cameron parish and that the insurance will not cover water damage.

"I can tell you that it was a 140-mile hurricane wind that did the damage," he declared.

Mr. Dyson said that he and all other Cameron officials would put up an all-out fight, if necessary, to see that insurance damages were paid.



LEGAL NOTICES

PROCEEDINGS
CAMERON PARISH POLICE JURY
MEETING AS THE BOARD OF REVIEW OF ASSESSMENTS
July 5, 1977

The Cameron Parish Police Jury met as a Board of Review of Assessments on July 5, 1977 at 11:00 a.m., in the Police Jury meeting room of the Police Jury Annex Building in the Village of Cameron, Louisiana. The following members were present: Mr. Archie Berwick, Mrs. George Hicks, Mr. Lester Richard, Jr. Mr. Ernest Myers, Mr. Willie Ray Conner and Mr. Roland J. Trosclair, Jr. There were no members absent.

The President announced that the Police Jury was now sitting as a board to review assessments and to hear any protest or objections. The Secretary announced that there were no protests. Whereupon, it was moved by Mrs. Hicks, seconded by Mr. Myers and carried, that the meeting be adjourned.

APPROVED:
/s/Roland J. Trosclair, Jr., President
Cameron Parish Police Jury

ATTEST:
/s/Jerry G. Jones, Secretary

PROCEEDINGS
CAMERON PARISH POLICE JURY
July 5, 1977

The Cameron Parish Police Jury met in regular session at 10:00 a.m., Tuesday, July 5, in the Police Jury meeting room of the Parish Government Building in Cameron, Louisiana.

The following members were present: Mr. George Hicks, Mrs. Archie Berwick, Mr. Ernest B. Myers, Mr. Lester Richard, Jr., Mr. Roland Trosclair, Jr. and Mr. Willie Ray Conner.

It was moved by Mr. Myers, seconded by Mr. Berwick and carried, that the reading of the minutes of the previous meeting be dispensed with.

It was moved by Mr. Myers, seconded by Mr. Conner and carried, that the following applications for permits, be and the same are hereby approved:

1. Larry Taylor-Building Permit-Ward 3
2. Joseph Savoy-Building Permit-Ward 3
3. Carl W. Fonti-Building Permit-Ward 5
4. Gulf Coast Tabernacle-Building Permit-Ward 2
5. Allen Broussard-Building Permit-Ward 5
6. John William Bop-Building Permit-Ward 3
7. Michigan Wisconsin Pipe Line Company-Building Permit-Ward 2
8. J. C. Bercigliopi-Building Permit-Ward 2
9. Clifton J. Broussard-Building Permit-Ward 5
10. Sanguine Oil Company-Building Permit-Ward 3

11. Columbia Southern Recreation Association-to construct and maintain a camp on a hunting lease approximately 2 miles southeasterly from the intersection of the Calcasieu-Cameron line and the Sabine River, in Cameron Parish, Louisiana

12. Transco Exploration Company-construction and maintenance of fill, retaining walls, and bulkhead adjacent to the left descending bank of the east Pool of the Calcasieu River, approximately 4 miles above the mouth of the river.

13. Theodore Broussard-to construct and maintain a pier on the right descending bank of the Mermentau River approximately 3.7 miles above the highway bridge in Grand Chenier, Cameron Parish, Louisiana.

14. Claude Bonnall-to construct and maintain a timber pier on the left descending bank of the Mermentau River approximately 3.1 miles above the highway bridge at Grand Chenier, La.

15. Paul, Bacon & Davis Construction Corporation-Michigan Wisconsin Pipe Line Company for proposed construction of a barge dock to be located approximately Mile Post 715 on the Intercoastal Waterway, Cameron Parish, Louisiana.

16. Paul, Bacon & Davis Construction Corporation-Michigan Wisconsin Pipe Line Company for proposed construction of a tug dock to be located approximately Mile Post 7.5 on Mermentau River, Cameron Parish, Louisiana.

17. William Exploration Company-to prepare dragline fill for road to provide access for proposed well site and construct ring levee in connection therewith, in E-D Section 7, Township 15 South, Range 11 West, Cameron Parish, Louisiana.

18. Pennzoil Producing Company-to clean out an existing canal and to dredge a canal extension for proposed State Lease 2240, Rockefeller Refuge, in the Gulf of Mexico.

19. Edwin L. Cox-to drill Cutler Oil & Gas "A: No. 1 Well, Tuttle Lake Area, Cameron Parish, Louisiana.

20. Federal Energy Administration-to construct storage facility including well pads, pipe lines, and access roads, West Hackberry Area, Cameron Parish, Louisiana.

21. Superior Oil Company-for installation of pipeline in Sections 31 & 32, Township 16 South, Range 3 West, Cameron Parish, Louisiana.

22. Superior Oil Company-for installation of pipelines in Section 10, Township 16 South, Range 3 West, Cameron Parish, Louisiana.

23. Chiksan Production Company-amended location for proposed Quinana Miami Corp. #4, Cameron Parish, Louisiana

24. Watson Oil Corporation-for permit to drill oil and gas wells in Section 20, Township 14 South, Range 5 West, Cameron Parish, Louisiana.

25. United Geophysical Corporation-Seismograph Surveys

26. Continental Oil Company, Texaco Inc., Transcontinental Operating Company, Cameron Parish, Louisiana

26. Hemisphere Corporation-for Texaco Exploration Company for proposed improvement of a parking area for approximately 200 cars and three helicopter landing pads.

27. Conoco, Inc.-to maintain, repair, and construct an existing water supply channel for fire-fighting purposes within the left descending bank of Mermentau River, for approximately 3.0 miles east of State Highway No. 82 bridge at Grand Chenier, Cameron Parish, Louisiana.

28. Delta Exploration Company, Inc.-under contract to Texas Eastern Transmission Corporation, to conduct seismic surveys in Township 12 South, Range 9 West; Township 13 South, Range 7, 8, 9, 10, 11, 20 and Township 12 South, Range 7 West, Section 14 and 13, Cameron Parish, Louisiana.

29. Hunt Oil Company-to install and maintain well protection platform, drilling rig, and appurtenant structures in connection with State Lease Number 7279, Block 19, West Cameron Offshore, Gulf of Mexico, Cameron Parish, Louisiana.

30. John E. Chance & Associates, Inc.-for William S. Flores proposed canal and slip for oil and gas exploration and production in Section 35, Township 13 South, Range 3 West, Cameron Parish, Louisiana.

31. Louisiana Southern Company-for proposed construction of natural gas gathering pipeline, extension of Louisiana Resources Company's Cameron/Vermilion System known as Chenier Ridge Pipeline.

It was moved by Mr. Myers, seconded by Mr. Conner and carried, that the Louisiana Wildlife and Fisheries Commission, Inc. is approved subject to the following conditions:

1. There will be a seismic agent fired in the Wildlife and Fisheries Commission site size of each hole drilled and shot.

2. If there is any commercial fishing in the immediate area it will be up to the agent whether or not operations will be allowed to continue at that particular time.

3. If a shot hole is drilled and shot less than fifty to seventy-five (50 to 75) feet and that charges are of more than five to ten (5 to 10) pounds, this permit will be automatically cancelled.

4. It will be left to the discription of the agent whether or not to cease all operations in the area if the crawfish industry or shrimp industry can prove that there is any noticeable damages to either industry. This will also call for the permit to be revoked.

The following Ordinance was offered by Mr. Myers, seconded by Mr. Berwick and duly adopted.

ORDINANCE
AN ORDINANCE PROVIDING FOR
FLOOD INSURANCE REQUIREMENTS

WHEREAS, the Legislature of the State of Louisiana has in LRS 30:64 delegated the responsibility to local governmental units to adopts regulations designed to minimize flood losses.

THEREFORE, BE IT ORDAINED by the Cameron Parish Police Jury in regular session convened on this 5th day of July, 1977 that:

SECTION I: The flood-prone hazard areas of Cameron Parish are subject to periodic inundation which results in loss of life and property, health and safety hazards, disruption of commerce and governmental services, and extraordinary public expenditures for flood protection and relief, all of which adversely affect the public health, safety and general welfare.

SECTION II: These flood losses are created by the cumulative flood heights and velocities, and by the occupancy of flood hazard areas by uses vulnerable to floods and hazardous to other lands which are inadequately elevated, floodproofed, or otherwise protected from flood damage.

SECTION III: It is the purpose of this Ordinance to promote the public health, safety and general welfare and to minimize public and private losses due to flood conditions in specific areas by provisions designed:

(1) To protect human life and health;

(2) To minimize expenditure of public money for costly flood control projects;

(3) To minimize the need for rescue and relief efforts associated with flooding and generally undertaken at the expense of the general public;

(4) To minimize prolonged business interruptions;

(5) To minimize damage to public facilities and utilities such as water and gas mains, electric, telephone and sewer lines, streets and bridges located in flood plains;

(6) To help maintain a stable tax base by providing for the sound use and development of flood-prone areas in such a manner as to minimize future flood blight areas; and,

(7) To insure that potential buyers are notified that property is in a flood area.

SECTION IV. In order to accomplish its purposes, this Ordinance uses the following methods:

(1) Restrict or prohibit uses that are dangerous to health, safety or property in times of flood, or cause excessive increases in flood heights or velocities;

(2) Require that uses vulnerable to floods, including facilities which serve such uses, be protected against flood damage at the time of initial construction;

(3) Control the alteration of natural flood plains, streams channels, and natural protective barriers, which are involved in the accomodation of flood waters;

(4) Control filling, grading, dredging and other development which may increase flood damage;

(5) Prevent or regulate the construction of flood barriers which will unnaturally divert flood waters or which may increase flood hazards to other lands.

SECTION V: Unless specifically defined below, words or phrases used in this Ordinance shall be interpreted to give them the meaning they have in common usage and to give this Ordinance its most reasonable application.

Appeal-means a request for a review of the Parish Treasurer's interpretation of any provision of this Ordinance or a request for a variance.

Areas of Special Flood Hazard--is the land in the flood plain within a community subject to a one percent or greater chance of flooding in any given year.

Base Flood--means the flood having a one percent chance of being equalled or exceeded in any given year.

Breakaway Walls--means any type of walls, whether solid or lattice, and whether constructed of concrete, masonry, wood, metal, plastic or any other suitable building material which are not part of the structural support of the building and which are so designed to breakaway under abnormal tide or wind velocities, or high tides and wave action, if applicable, without damage to the structural integrity of the building on which they are used or any buildings to which they might be carried by flood waters.

Coastal High Hazard Area--means the area subject to high velocity waters, including but not limited to hurricane wave wash or tsunamis. The area is designated on a FIRM as Zone V1-30.

Development--means any man-made change to improved or unimproved real estate, including, but not limited to buildings or other structures, mining, dredging, filling, grading, paving, excavation or drilling operations.

Existing Mobile Home Park or Mobile Home Subdivision--means a parcel (or contiguous parcels) of land divided into two or more mobile home lots for rent or sale for which the construction of facilities for servicing the lot on which the mobile home is to be affixed (including, at a minimum, the installation of utilities, either final site grading or the pouring of concrete pads, or the construction of streets) is completed before the effective date of this Ordinance.

Expansion To An Existing Mobile Home Park or Mobile Home Subdivision--means the preparation of additional sites by the construction of facilities for servicing the lots on which the mobile homes are to be affixed (including the installation of utilities, either final site grading or the pouring of concrete pads, or the construction of streets).

Flood or Flooding--means a general and temporary condition of partial or complete inundation of normally dry land areas from:

(1) The overflow of inland or tidal waters.

(2) The unusual and rapid accumulation or runoff of surface waters from any source.

Flood Insurance Rate Map (FIRM)--means an official map of a community, on which the Federal Insurance Administration has delineated both the areas of special flood hazards and the risk premium zones applicable to the community.

Flood Insurance Study--is the official report provided by the Federal Insurance Administration. The report contains flood profiles, the water-surface elevation of the base flood, as well as the Flood Boundary-Floodway Map.

Habitable Floor--means any flood usable for living purposes, which includes working, sleeping, eating, cooking or recreation, or a combination thereof. A floor used for storage purposes only is not a "habitable floor."

Mangrove Stand--means an assemblage of mangrove trees which are mostly low trees noted for a copious development of interlacing adventitious roots above the ground and which contain one or more of the following species: black mangrove (Avicennia Nitida); red mangrove (Rhizophora Mangle); white mangrove (Laguncularia Racemose); and buttonwood (Conocarpus Erecta).

Mean Sea Level--means the average height of the sea for all stages of the tide.

Mobile Home--is not be leased within any designated floodway if any increase in flood levels during the base flood discharge would result.

(9) Prerequisites for granting variances:

a. Variances shall only be issued upon a determination that the variance is the minimum necessary, considering the flood hazard, to afford relief.

b. Variances may be issued upon (i) a showing of good and sufficient cause, (ii) a determination that failure to grant the variance would result in exceptional hardship to the applicant, and (iii) a determination that the granting of a variance will not result in increase flood heights, additional threats to public safety, extraordinary public expense, create nuisances, cause fraud on or victimization of the public, or conflict with existing laws or Ordinances.

c. Any applicant to whom a variance is granted shall be given written notice that the structure will be permitted to be built with a lower floor elevation two (2) feet below the base flood elevation, and that the cost of flood insurance will be commensurate with the increased risk resulting from the reduced lowest floor elevation.

SECTION XVII: In all areas of special flood hazards the following standards are required:

(1) All new construction and substantial improvements shall be anchored to prevent flotation, collapse or lateral movement of the structure;

(2) All new construction or substantial improvements shall be constructed by methods and practices that minimize flood damage;

(3) All new construction or substantial improvements shall be constructed with materials and utility equipment resistant to flood damage;

(4) All new and replacement water supply systems shall be designed to minimize or eliminate infiltration of flood waters into the systems;

(5) New and replacement sanitary sewage systems shall be designed to minimize or eliminate infiltration of flood waters into the system and discharges from the systems into flood waters; and,

(6) On-site waste disposal systems shall be located to avoid impairment to them or contamination from them during flooding.

SECTION XVIII: in all areas of special flood hazards where base flood elevation data have been provided as set forth in Section VII, Section XIV (7), or Section XIX (2), the following provisions are required:

(1) Residential Construction--New Construction or substantial improvement of any residential structure shall have the lowest floor, including basement, elevated to or above the base flood elevation. A registered professional engineer, architect, or land surveyor shall submit a certification to the Parish Treasurer that the standard of Section XV, (1), (a), is satisfied.

(2) Non-residential Construction--New Construction or substantial improvement or any commercial, industrial or other non-residential structure shall either have the lowest floor, including basement, elevated to the level of the base flood elevation or, together with attendant utility and sanitary facilities, be floodproofed so that below the base flood level the structure is watertight with walls substantially impermeable to the passage of water and with structural components having the capability of resisting hydrostatic and hydrodynamic loads and effects of buoyancy. A registered professional engineer or architect shall submit a certification to the Parish Treasurer that the standards of this Section as proposed in Section XV, (1), (c), are satisfied.

(3) Mobile Homes:

a. No mobile home shall be placed in a floodway, or in a Coastal High Hazard Area, except in an existing mobile home park or existing mobile home subdivision.

b. All mobile homes shall be anchored to resist flotation, collapse, or lateral movement. Specific requirements shall be:

(i) over-the-top ties at each of the four corners of the mobile home, with two additional ties at the intermediate locations and mobile homes less than 50 feet long requiring one additional tie per side;

(ii) frame ties at each corner of the home with five additional ties per side at intermediate points and mobile homes less than 50 feet long requiring four additional ties per side;

(iii) all components of the anchoring system be capable of carrying a force of 4,800 pounds; and,

(iv) any additions to the mobile home be similarly anchored.

c. For new mobile home parks and subdivisions (only in zones A-2); for expansions to existing mobile home parks and subdivisions; for existing mobile home parks and subdivisions where the repair, reconstruction or improvement of the streets, utilities and pads equals or exceeds 50 percent of value of the streets, utilities and pads before the repair, reconstruction or improvement has commenced; and for mobile homes not placed in a mobile home park or subdivision, require that:

(i) stands or lots are elevated on compacted fill or on pilings so that the lowest floor of the mobile home will be at or above the base flood level. A registered professional engineer, architect, or land surveyor shall submit a certification to the Parish Treasurer that the standard of this paragraph complies with (1) of this Section.

(ii) adequate surface drainage and access for a hauler are provided; and,

(iii) in the instance of elevation on pilings: (1) lots are large enough to permit steps, (2) piling foundations are placed in stable soil or more than ten feet apart, and (3) reinforcement is provided for pilings more than six feet above the ground level.

(4) Coastal High Hazard Areas (V2ones) - located within the areas of special flood hazard established in Section VII are areas designated as Coastal High Hazard Areas. These areas have special flood hazards associated with high velocity wave action tidal surge and hurricane wave wash, therefore, the following provisions shall apply:

a. All buildings or structures shall be located landwards of the reach of the mean high tide.

b. All buildings or structures shall be elevated so that the lowest supporting member is located no lower than the base flood elevation level, with all space below the lowest supporting member open so as not to impede the flow of water, except for breakaway walls as provided for in this Section, (4).

c. All buildings or structures shall be securely anchored on pilings or columns.

d. Pilings or columns used as structural support shall be designed and anchored so as to withstand all applied loads of the base flood.

E. Compliance with provisions contained in this Section, (4), (b), (c), and (d) shall be certified by a registered professional engineer or architect.

f. There shall be no fill used as structural support.

g. There shall be no alteration of sand dunes which would increase potential flood damage.

h. Breakaway walls shall be allowed below the base flood elevation provided they are not part of the structural support of the buildings and are designed so as to breakaway, under abnormally high tides or wave action, without damage to the structural integrity of the building on which they are to be used.

i. Prior to the construction, plans for any structure that will have breakaway walls must be submitted to the Parish Treasurer for approval.

j. If breakaway walls are utilized, such enclosed space shall not be used for human habitation.

k. Any alteration, repair, reconstruction or improvements to a structure started after the enactment of this Ordinance shall not enclose the space below the lowest floor unless breakaway walls are used as provided for in this Section. (5) (h), (i) and (j) above.

l. The placement of mobile homes is prohibited, except in an existing mobile home park or existing mobile home subdivision.

SECTION XIX: Standards for subdivisions proposals are as follows:

(1) All subdivision proposals shall be consistent with Sections, I, II, III and IV of this Ordinance.

(2) All proposals for the development of subdivisions shall meet Development Permit requirements of Section VIII, Section XV, and Section XIX of this Ordinance.

(3) Base flood elevation data shall be provided for subdivision proposals and other proposed development which is greater than the lesser of 50 lots or 5 acres, if not otherwise provided pursuant to Section VII or Section XIV (7) of this Ordinance.

(4) All subdivision proposals shall have public utilities and facilities such as sewer, gas, electrical and water systems located and constructed to minimize flood damage.

(5) All subdivision proposals shall have adequate drainage provided to reduce exposure to flood hazards.

SECTION XX: Whosoever violates any provision of this Ordinance shall be guilty of a misdemeanor and subject to fine of not more than $100.00 or imprisonment for not more than 30 days, or both.

And the forgoing Ordinance was passed and adopted this 5th day of July, 1977.

Thereupon submitted to a vote, the vote was as follows:

CAMERON PARISH POLICE JURY AS
SECRETARY OF THE GOVERNING BODY
OF FIRE PROTECTION DISTRICT NO.
10 OF THE PARISH OF CAMERON, LOUISIANA

The following resolution was offered by Mr. Richard, seconded by Mr. Berwick and declared duly adopted.

RESOLUTION

A Resolution requesting the State Bond Commission to consent to and approve (i) the calling of an election in Cameron Fire Protection District No. 10 of the Parish of Cameron, Louisiana, (ii) the proposition to incur debt and issue negotiable bonds of said district for the purpose of providing funds to acquire buildings, machinery and equipment, including both real and personal property, to be used in giving fire protection to the property in said District, title to which shall be in the public, and (iii) a proposition to levy a special tax on all taxable property in said district for the purpose of maintaining and operating the district's fire protection facilities and paying the cost of obtaining water for fire protection purposes, including charges for fire hydrant rentals and service; providing for the notice of said election; providing for the voting machines and all the acts necessary things in the holding of said election; naming the officers of said election and fixing their compensation; fixing the date for said election; and fixing the time and place at which the returns of said election will be canvassed and declared.

BE IT RESOLVED BY THE POLICE JURY OF CAMERON PARISH, LOUISIANA, as the governing body of Cameron Fire Protection District No. 10 of the Parish of Cameron, Louisiana:

SECTION 1. The State Bond Commission is requested to consent to and approve the calling of an election in Cameron Fire Protection District No. 10 of the Parish of Cameron, Louisiana, and to submit to the qualified electors in said District (i) a proposition to incur debt and issue negotiable bonds of said district, in an amount not to exceed One Million Two Hundred Thousand Dollars ($1,200,000). to run for not more than Twenty five (25) years from the date thereof, with interest not to exceed the maximum rate per annum permitted by law at the time of sale of said bonds, for the purpose of providing funds to acquire buildings, machinery and equipment, including both real and personal property, for said District, title to which shall be in the public, to be used in giving fire protection to the property in said District, and (ii) a proposition to levy a tax of three (3) mills per dollar of assessed valuation on all taxable property in said District for the purpose of maintaining and operating the district's fire protection facilities and paying the cost of obtaining water for fire hydrant rentals and service.

SECTION 2. The State Bond Commission is further requested to grant permission to this Police Jury, as the governing body of said District, to sell the bonds of the said District, if said bonds are authorized at said election by a majority of the electors voting on the proposition at said election, and to apply the proceeds of said bonds to the purposes for which they are issued, and to levy annually upon all taxable property in said District ad valorem taxes sufficient to pay principal of premium, if any, and interest on said bonds as they mature.

SECTION 3. The State Bond Commission is further requested to grant permission to this Police Jury to levy the said three (3) mill tax, if said tax is authorized to be levied by a majority vote in said election, and to apply the proceeds of said tax for the purposes for which they are levied.

SECTION 4. This resolution shall take effect immediately upon adoption.

APPROVED AND ADOPTED this 5th day of July, 1977.

PROCEEDINGS
CAMERON PARISH POLICE JURY
April 19, 1977

The Cameron Parish Police Jury met in special session at 10:00 a.m., Tuesday, April 19, 1977, in the Police Jury meeting room of the Parish Government Building in Cameron, Louisiana.

The following members were present: Mr. John R. Rollins, Mr. Archie Berwick, Mr. Ernest B. Myers, Mr. Lester Richard, Jr., Mr. Roland J. Trosclair, Jr. and Mr. Willie Ray Conner. There were no members absent.

It was moved by Mr. Myers, seconded by Mr. Rollins and carried, that the reading of the minutes of the previous meeting be dispensed with.

It was moved by Mr. Myers, seconded by Mr. Rollins and carried, that the following applications for permits be and the same are hereby approved:

1. McCormick Oil & Gas Corporation-to drill Cutler-Forgason proposed well site No. 2 Carter No. 1, Section 15, Township 15 South, Range 7 West, Cameron Parish, Louisiana.

2. Unico Oil Company of California-extension of Permit No. 1292 dated March 8, 1967 in connection with LMNOD-NP (Gulf of Mexico), Block 19, West Cameron.

3. Gulf Coast Pre-Mix Service-to install and maintain a pier and 10 guidepiles on the left descending bank of the East Fork of Calcasieu River.

4. John E. Chance & Associates, Inc.-for Apezon, Inc. to modify Permit No. "Cameron Parish Wetlands 100".

5. Shell Oil Company-to drill saw for J. B. Watkins No. 216 and 205, Shell Trust Acreage, Section 3, Township 14 South, Range 11 West, Cameron Parish, Louisiana.

6. Texas Crude, Inc.-to install a road and oil well site, State Lease 5986 No. 1, Section 36, Township 14 South, Range 16 West, Cameron Parish, Louisiana.

7. Texas Crude, Inc.-to install road and oil well site in connection with Noble-Crain No. 5 Well, Section 1, Township 15 South, Range 16 West, Cameron Parish, Louisiana.

8. Texas Crude, Inc.-to install road and oil well site in connection with Noble-Crain No. 5 Well, Section 1, Township 15 South, Range 16 West, Cameron Parish, Louisiana.

9. Richardson Petroleum Corporation-to prepare and maintain drill site, canal & slip, in connection with Cameron Meadows Land Company Well No. 4, Section 22, 27, Township 14 South, Range 13 West, Cameron Parish, Louisiana.

11. Whitaker & Webb-for proposed excavation for 4" pipeline from Well No. 1 to Well No. 2 (Sections 3 and 4), Township 15 South, Range 14 West, Cameron Parish, Louisiana.

12. Gulf Coast Soil and Water Conservation District-to construct crawfish pond in fresh marsh for Clayton Trahan, Grand Chenier, Louisiana.

13. Home Petroleum Corporation-to drill in West Cameron, Block 21, Well No. 1, East Cameron, Block 22, Well No. 1, Cameron Parish, Louisiana.

It was moved by Mr. Berwick, seconded by Mr. Conner and carried, that the application of Petty-Ray Geophysical for permit for geophysical operations in the Gulf of Mexico be referred to the Cameron Parish Wildlife who is authorized and directed to issue the permit provided adequate protections are made for crab fishing and shrimping industries.

It was moved by Mr. Myers, seconded by Mr. Conner and carried, that approval is granted for the payment of $21.00 per day for the use of the Cameron Recreation Center by Calcasieu Parish for juveniles from Cameron Parish, upon the authorization of the juvenile judge from the Fourteenth Judicial District Court.

The following proclamation was offered by Mr. Berwick, seconded by Mr. Myers and duly adopted.

PROCLAMATION

A proclamation recognizing the vacancy in the office of police juror, Election District No. 2, Parish of Cameron, appointing as successor to fill said vacancy to serve until the election of a successor and calling of an election to name a successor.

WHEREAS, John R. Rollins has resigned as Police Juror, Election District No. 2, Parish of Cameron, effective April 19, 1977, said,

WHEREAS, It is necessary that a successor be appointed to fill said vacancy and to serve until a successor is elected and qualified, and,

WHEREAS, it is necessary that a Primary Election and General Election be held to elect a successor to said office,

THEREFORE, the Cameron Parish Police Jury, in special session convened on this 19th day of April, 1977 does hereby proclaim:

SECTION I: The resignation of John R. Rollins as Police Juror, Election District No. 2, Parish of Cameron, be and the same is hereby accepted, effective April 19, 1977.

SECTION II: George Hicks, be and he is hereby appointed as Police Juror, Election District No. 2, Parish of Cameron, to serve until his successor is elected and qualified.

SECTION III: A Primary Election is hereby called and set for Saturday, June 25, 1977 and a General Election is called and

STATE OF LOUISIANA,
DEPARTMENT OF CONSERVATION, BATON ROUGE, LOUISIANA.

In accordance with the laws of the State of Louisiana, and with particular reference to the provisions of Title 30 of the Revised Statutes of 1950, a public hearing will be held in the Conservation Auditorium, 1st Floor, State Mineral and Natural Resources Building, 625 North 4th Street, Baton Rouge, Louisiana, at 9:00 a.m., Wednesday, August 24, 1977, upon the application of Watson Oil Corporation.

At such hearing the Commission of Conservation will consider evidence relative to the issuance of an order pertaining to the following matters relating to the Siph I Sand, Reservoir A, in the Little Cheniere Field, Cameron Parish, Louisiana:

1. To establish rules and regulations governing the exploration for and production of gas and condensate from the Siph I Sand, Reservoir A.

2. To create a single drilling and production unit, and to force pool and integrate all separately owned tracts, mineral leases and other property interest within the unit so created.

3. To designate a unit operator and a unit well for the unit.

The Siph I Sand, Reservoir A, in the Little Cheniere Field, Cameron Parish, Louisiana, is hereby defined as being that gas and condensate bearing sand encountered between the depths of 9,458 and 9,470' (electrical log measurements) in the Watson Oil Corporation - Boudoin No. 1 Well, located in Section 13, Township 14 South, Range 6 West, Cameron Parish, Louisiana.

A plat outlining the unit is available for inspection in the Offices of Department of Conservation in Baton Rouge and Lake Charles, Louisiana.

Since the interested parties are so numerous, the applicant will provide for the advertisement of this legal notice in a newspaper of general circulation in the vicinity of the subject field and will provide for the posting of the legal notice and unit plat in a prominent place in the area affected.

All parties having interest therein shall take notice thereof.

BY ORDER OF:
R. T. SUTTON
COMMISSIONER OF CONSERVATION
Baton Rouge, Louisiana

BLACK NEWS

By MRS. LEE J. HARRISON

Dallas Payton is ill in a Lake Charles hospital.

Two attend USL seminar

Bradley Trahan recently attended a week long seminar centered around yearbook planning at U. S. L. in Lafayette.

Also attending the seminar was Bill Jones, who attended photography classes.

While there he had to construct a "dummy" copy of the yearbook at his school for the 1977-1978 school session. At the end of the week the copy was turned in and judged. Bradley received an award for a "Superior Planned Yearbook" which was the highest honor given.

Bradley will be a senior at South Cameron High and is editor of the Tarpon yearbook staff.

Mrs. Harriet Baker of Los Angeles, Calif. is visiting Mrs. Goldie Washington and Mrs. Agnes Nash. Mrs. Mary Moss and John Nash of Houston, Texas were weekend guests of Mrs. Nash.

Mr. and Mrs. William Avant, Cindy and Annette of Los Angeles, Calif. are visiting Mr. and Mrs. Simon Harrison.

Rudolph Bartie, Jr. of Houston, Texas is visiting Mr. and Mrs. Rudolph Bartie, Sr.

Gregory Harrison of Houston, Tex. and Margaret Guillory of Lake Charles were weekend guests of Mr. and Mrs. Lee J. Harrison.

Lester and Henry C. Bartie have been released from the hospital and are recuperating well at home.

PROCEEDINGS
WATERWORKS, DISTRICT NO. 10
JULY 19, 1977

A meeting of Cameron Parish Waterworks, District No. 10, was held at the Johnson Bayou Recreation Center at 7:30 p.m. Tuesday, July 19, 1977. Members present: Lloyd Badon, J. B. Erbelding III, J. P. Constance, Tommy Pease, and Dave Griffith. Guests: Hayes H. Ross, Jr., and Ray Conner; Engineers, Lonny Harper and George Bailey.

The meeting was called to order by Chairman, Lloyd Badon. A motion was made by Mr. J. B. Erbelding, seconded by Mr. Tommy Pease, to dispense with the readings of the meetings. Yeas: Lloyd Badon, J. B. Erbelding, J. P. Constance, Tommy Pease, and Dave Griffith, Nays: None.

Mrs. George Bailey and Mr. Lonny Harper, consulting engineers for Waterworks District No. 10, gave a lengthy report on the proposed water system. A discussion was held in regards to the proposed system. A motion by Mr. Erbelding seconded by Mr. Badon and unanimously approved, the board voted to have a metered water system.

Being no further business, the meeting was adjourned.

PROCEEDINGS
WATERWORKS, DISTRICT NO. 10
JULY 5, 1977

A meeting of Cameron Parish Waterworks, District No. 10 was held at Cameron Parish Police Jury Annex building at 10:00 a.m., Tuesday, July 5, 1977. Members present: Lloyd Badon, J. B. Erbelding III, J. P. Constance, Tommy Pease, and Dave Griffith.

The meeting was called to order by Chairman, Lloyd Badon. The following resolution was offered by Mr. Erbelding and seconded by Mr. Pease and duly adopted.

RESOLUTION

A resolution requesting the State Bond Commission to consent to and approve the (i) calling of an election in Waterworks District No. 10 of the Parish of Cameron, Louisiana, (a) on a proposition to incur debt and issue negotiable bonds of said district for the purpose of providing funds to construct and maintain a waterworks system or systems in said district, title to which shall be in the public and (b) a proposition to levy a special tax on all taxable property in said district for the purpose of maintaining and operating said waterworks system or systems, (ii) the levy of a tax sufficient to pay the principal of, and interest on said bonds; and (iv) the levy of the special tax, if approved at said election.

Be it resolved by the Board of Commissioners of Waterworks District No. 10 of the Parish of Cameron, Louisiana

SECTION 1. The State Bond Commission is hereby requested to consent to and approve the calling of an election in Waterworks District No. 10 of the Parish of Cameron, Louisiana, (a) on a proposition to incur debt and issue negotiable bonds of said District, in an amount not to exceed One Million Two Hundred Thousand Dollars ($1,200,000), to run for not more than Twenty Five (25) years from the date thereof, with interest not to exceed the maximum rate per annum permitted by law at the time of sale of said bonds, for the purpose of providing funds to construct and maintain a waterworks system or systems in said District, title to which shall be in the public, and (b) a proposition to levy a two (2) mill tax on the dollar upon all taxable property in said District for the period of ten (10) years, commencing in the year in which said District's waterworks system or systems are put in operation, for the purpose of maintaining and operating the District's waterworks system or systems.

SECTION 2. The State Bond Commission is further requested to grant permission to this Board to sell the bonds of the said District, if said bonds are authorized by a majority of the electors voting on the proposition at said election, and to apply the proceeds of said bonds for the purposes for which they are voted and to levy annually upon all taxable property in said District ad valorem taxes sufficient to pay principal of, premium, if any, and interest on said bonds as they mature.

SECTION 3. The State Bond Commission is further requested to grant permission to this Board to levy the said two (2) mill tax, if said tax is authorized to be levied by a majority vote in said election, and to apply the proceeds of said tax for the purposes for which said tax was voted.

SECTION 4. This resolution shall take affect immediately upon adoption.

It was moved by Mr. Erbelding, seconded by Mr. Constance and carried, that, the secretary is authorized, empowered and directed to submit a copy of a resolution entitled:

RESOLUTION

"A Resolution calling a special election in Waterworks District No. 10 of the Parish of Cameron, Louisiana, in order to submit to the qualified electors in said District (i) a proposition to incur debt and issue negotiable bonds of said district, for the purpose of providing funds to district, for the purpose of providing funds to construct and maintain a waterworks system or systems in said district, title to which shall be in the public and (ii) a proposition to levy a special tax on all taxable property in said District for the purpose of maintaining and operating said waterworks system or systems; providing for notice of said election; providing for the voting machine and all the necessary things in the holding of said election; naming the officers of said election and fixing their compensations; fixing the date for said election; and fixing the time and place at which the result of said election will be canvassed and declared."

For ratification by the Cameron Parish Police Jury.

The following resolution was offered by Mr. Erbelding and seconded by Mr. Constance and duly adopted:

RESOLUTION

A resolution calling a special election in Waterworks District No. 10 of the Parish of Cameron, Louisiana, in order to submit to the qualified electors in said District (i) a proposition to incur debt and issue negotiable bonds of said District, for the purpose of providing funds to construct and maintain a waterworks system or systems in said District, title to which shall be in the public and (ii) a proposition to levy a special tax on all taxable property in said district for the purpose of maintaining and operating said waterworks system or systems; providing for the voting machines and all the necessary things in the holding of said election; naming the officers of said election and fixing their compensations; fixing the date for said election, and fixing the time and place at which the result of said election will be canvassed and declared.

Be it resolved by the Board of Commissioners of Waterworks District No. 10 of the Parish of Cameron, Louisiana, as follows:

SECTION 1. Subject to the approval of the State Bond Commission a special election shall be held in Waterworks District No. 10 of the Parish of Cameron, Louisiana, and the same is hereby called for Saturday, the 20th day of August, 1977, in order to submit to the qualified electors of said District, the following propositions, to-wit:

PROPOSITION NO. 1

Shall Waterworks District No. 10 of the Parish of Cameron, Louisiana, incur debt and issue negotiable bonds in an amount not to exceed One Million Two Hundred Thousand Dollars ($1,200,000), to run not more than twenty five (25) years from the date thereof, with interest not to exceed the maximum rate per annum permitted by law at the time of sale thereof, for the purpose of providing funds to construct and maintain a waterworks system or systems for said District, title to which shall be in the public?

PROPOSITION NO. 2

Shall Waterworks District No. 10 of the Parish of Cameron, Louisiana, levy a two (2) mill special tax on all the taxable property in said District for a period of ten (10) years, commencing in the year in which said District's waterworks system or systems are put in operation, for the purpose of maintaining and operating the District's waterworks system or systems?

SECTION 2. The Board of Commissioners of said District will meet in open session on Tuesday, the 23rd of August, 1977, at 10:00 a.m., at the Police Jury Annex Building in Cameron, Louisiana, and will then, in open session, proceed to examine and canvass the returns and declare the result of said election.

SECTION 3. The President and Secretary of this Board be and they are hereby ordered and instructed to give notice of said election in the form and manner provided by law, said notice to state that the election is to be held on the date hereinbefore mentioned and at the polling place hereinafter named, and said notice shall also state that the Board of Commissioners of said District will meet in open session on Tuesday, the 23rd day of August, 1977, at 10:00 a.m., at the Police Jury Annex Building, in Cameron, Louisiana, and will in open session proceed to examine and canvass the returns and declare the result of said election.

SECTION 4. The polling place and the election officials for said election shall be as follows:

POLLING PLACE	ELECTION OFFICIALS
Johnson Bayou School	Mrs. Robert Merritt
	Mrs. John Prescott
	Mrs. Jackie Jinks
	Mrs. Francis Erbelding

SECTION 5. The compensation of the commissioners at said election shall be Thirty Five and No/100 Dollars ($35.00) per day for one day each and the compensation of the clerk at said election shall be forty five and No/100 Dollars ($45.00) per day for one day.

SECTION 6. The Secretary of the Board of Commissioners of the Waterworks District shall request the Secretary of State of Louisiana to direct the commissioners to procure all the necessary voting machines and all things necessary for the holding of the election, and to deliver the same to the election officials at the proper polling place in due time for the holding of said election, provided that the ballots shall be in the form prescribed by law.

SECTION 7. The proposition on the ballot to be used in said election shall be in substantially the following form:

PROPOSITION NO. 1
FOR THE INCURRING OF
BONDED INDEBTEDNESS

Shall Waterworks District No. 10 of the Parish of Cameron, Louisiana, incur debt and issue negotiable bonds in an amount not to exceed One Million Two Hundred Thousand Dollars ($1,200,000), to run not more than Twenty Five (25) years from the date thereof, with interest not to exceed the maximum rate per annum permitted by law at the time of sale thereof, for the purpose of providing funds to construct and maintain a waterworks system or systems for said District, title to which shall be in the public?

YES
NO

PROPOSITION NO. 2
FOR THE LEVYING OF A TWO (2) MILL
PER DOLLAR SPECIAL MAINTENANCE TAX

Shall Waterworks District No. 10 of the Parish of Cameron, Louisiana, levy a two (2) mill special tax on all the taxable property in said District for a period of ten (10) years, commencing in the year in which said District's waterworks system or systems are put in operation, for the purpose of maintaining and operating the District's waterworks system or systems?

YES
NO

SECTION 8. The Polls for the said election shall open at the hour of six a.m. and remain open until the hour of eight p.m., at which last named hour they shall close.

SECTION 9. The aforesaid election shall in all respects be conducted in the manner provided by the general elections laws of the State of Louisiana, except as provided in Louisiana Rev. Stat. Ann SS 39: 501-39:523 (Cum. Supp. 1977).

SECTION 10. This resolution shall take effect immediately upon its adoption.

Civil Defense is ready for storms

By GENEVA GRIFFITH

The development of "suspicious areas" out in the Altantic ocean last week had at least one person in Cameron parish on the alert--Hayes (Pete) Picou, Jr., Cameron Parish Civil Defense director.

Easterly waves and shower areas do not necessarily develop into hurricanes, but they are watched intently by the local Civil Defense organization for further intensification.

When the distrubance comes out of the Atlantic into, or orginates in the Gulf of Mexico the local Civil Defense organization goes into action.

The parish's seven C.D. stations keep the "watch only" status until the disturbance reaches the 400 miles radius area of Cameron Parish and becomes a hurricane.

At that time all C.D. radio stations begin a 24 hour monitoring and plotting of the data, local readings of winds, tidal actions, water levels, barometer pressures and establish radio communications with the area representative of the southwestern region, keeping him advised on all actions taken and pending.

The Police Jury, which is the parish governing body and Department Heads is briefed on activities and all personnel are placed on standby.

Arrangements are made for relocation of heavy equipment in the event an evacuation of the area is ordered.

The American Red Cross is contacted in regard to shelters in case of an evacuation and the public is informed on activities with the main emphasis being on stopping rumors.

Station No. 1, or the Command Post is located in the Cameron Courthouse on the third floor, which is provided with an emergency generator in case of a power failure.

It is maintained by Roland and Phillip Trosclair and Picou who are in constant radio contact with Unit 14 at the McNeese Base in Lake Charles under the direction of Roger Richard and Sonny McCall.

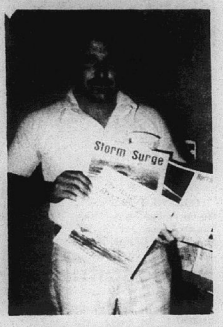
Unit No. 5 at Creole is manned by Charles Theriot and Loston McEvers; Grand Chenier, No. 4 by Darrell East and John Richard; Holly Beach, No. 9 by Mason Istre and J. P. Constance; Johnson Bayou, No. 10, by J. B. Erbelding and Francis Erbelding; Hackberry, No. 7 by Gerald Landry and Butch Little; Grand Lake, No. 6, by Betty LaBove, M. W. Guidry, and Alex Beard.

As the storm approaches the 300 area radius another set of operations is put into effect, intensifying the surveilance.

EVACUATION

At the 200 miles radius the local advisory administration, the Police Jury usually goes into session, if it has not already done so, depending on the intensity of the storm, and decides on whether or not to order an evacuation of

Cont. on Page 2



CAMERON PARISH CD Director Pete Picou is shown with some of the free literature on hurricanes that he has available to residents at his office on the top floor of the Cameron courthouse.

Cancer unit sets election

Election of officers of the Cameron Parish division of the American Cancer Society will be held at a noon meeting of the organization Tuesday, August 23 at Fred's Restaurant in Cameron, according to Mrs. Braxton Blake, president.

Mr. L. V. Harris, Jr., representative of the Southwest Louisiana District of the American Cancer Society, will meet with the group.

Hackberry aging meeting slated

Rev. Minns Robertson announces that there will be a council on aging meeting for the Hackberry area Wednesday, Aug. 17 at 10 a.m. at the recreation center. All members are urged to attend and bring a guest.

Creole pool new hours set

The Creole recreation swimming pool will be open on Sunday only for the next two weeks and will be closed for the fall on Aug. 22.

Tennis tourney winners named

The following were the winners of the men's "Under 30" tennis tournament held at the Cameron Recreation District tennis courts:

Barry Kelley and James Wilkerson, 1st place; Brent Cheramie and Gary Billideaux, 2nd; and Randall Williams and Glen Kelley, 3rd.

Food program set for aged

A program that will permit elderly persons to eat lunches at Cameron parish schools will be begun in the near future as the result of an agreement reached between the Cameron Parish School Board and the parish Council on Aging.

At its monthly meeting Monday, the board agreed to let the elderly eat in the lunchrooms and pay for the cost of the meal--about $1.

Ellis McWhirter, representing the Council on Aging, and Arthur Hendrick, Jr., representing the Area Agency on Aging, said the program will first be tried out in the Cameron and Creole area and if it is successful it will be extended to other areas.

They explained that the elderly will pay the same fee that students pay plus 15 cents. The extra pay is to make up for the free state commodities which cannot be given away except to the students.

In other business the board agreed to advertise bids for an addition to the school board office which will serve as a media center. Estimated cost of the project will be $60,000 with Title I funds to pay $36,282 of it.

Bids also were called for on the remodeling of the Hackberry school's principal's office.

It was announced that the board is seeking applications for an area migrant recruiter to work in five parishes to seek children for the migrant school program. If enough children are found in the other parishes summer schools similar to the one in Cameron may be established.

An in-service training program for parish teachers was approved for Aug. 22 and 23.

The resignation of Bryant Domingue was accepted.

Contracts awarded

Contracts were awarded to several firms for supplies and services at the Aug. 8 meeting of the Cameron Parish School Board.

State Farm Insurance Co. was awarded a $7,547.27 contract for liability insurance on parish school buses for a year. Maximum coverage is $250,000 and $500,000.

Cameron Insurance Agency had bid $6,127, but its policy provided only $100,000 and $300,000 coverage.

The Borden Company was given the contract for furnishing the school lunchrooms with milk for the year with a bid of 10.25 cents per half pint with an escaltor clause. Guth Dairy bid 10.55 cents.

Evangeline Maid submitted the only bread bid of 42 cents per loaf of bread, or package of buns. The firm was given a contract.

Cameron Insurance Agency was given a $75,697 contract for fire and extended coverage insurance on all of the parish school buildings.

Mid-South Insurance Agency had submitted a quotation of $86,185 on a different type of policy.

School Board Member Pat Doland voted against awarding this contract.

The board voted to table a proposed umbrella liability insurance policy that would have provided school employees and the board additional liability coverage above their present insurance.

Contracts were awarded to Bancroft Paper Co. and Southwest Paper Co. for paper towels and toilet tissue for the school.

Two students get diplomas

Two Cameron parish students were among some 875 awarded diplomas at Louisiana State University's commencement exercise in Baton Rouge last Friday.

Parish students graduating were: Arnold C. Jones, Grand Chenier, College of Arts & Sciences and Ricky Wayne Guidry, Sweetlake, Master's Degree, Graduate School.

Hackberry sets registration

Hackberry High School registration for all new students for the 1977-78 school year, grades K through 12, will be held Monday, Aug. 15, 10 to 12 in the principal's office.

All students must have birth certificates and up-to-date immunization records.

Parents should take their child's immunization record to their personal physician or Cameron Parish Health Unit and a card will be issued indicating if immunizations are in progress or complete. This is the card to be presented with birth certificate at time of registration.

G. L. School registration

Registration at Grand Lake School will be held Friday, Aug. 19, beginning at 8:30 a.m. according to Delmus Hebert, principal.

All new students must present a certified copy of their birth certificate and current immunization records.

Transfer students should bring the most recent report cards to verify grade placement.

Students who attended summer school will need to make changes in their schedules.

Possession is charged here

A Florida man has been charged with simple drunk and possession of marijuana after his arrest in Cameron Sunday, Aug. 7.

The Cameron Sheriff's Dept. identified him as Gerin Lynn Woodgate, 24, 210 Satellite Ave, Satellite, Fla.

Deputies Norman LaBove and Edwin Quinn made the arrest.

Three other men were charged with the shoplifting of seven fifths of liquor from a local grocery store on Monday. The were David Selke, 26, 842 S. Lynn, Seymound, Ind.; Weldon Fields, 21, Odessa, Texas; and Larry Drollinger, 26, Edinburg, Ind.

Deputies B. J. Nunez and George Hicks made the arrests.

Littering deplored

Cameron Parish is witnessing "wholesale littering" according to the Rev. Minns Robertson speaking to fellow members of the Cameron Lions Club during their regular weekly luncheon meeting last week.

Rev. Robertson stated that in his recent vacation trip visiting some ten states, Cameron Parish leads in litter along the roads, beaches and picnic areas.

"This is becoming a sore eye to our many tourists especially along the Creole Nature Trail," he said. "At Holly Beach, for instance" he stated "the beach was very nice and clean the day before Memorial Day weekend, and after that weekend, the beach looked like a gigantic trash dump.

Rev. Robertson stated that Cameron Parish is too much a natural beautiful area to let it get spoiled with uncontrolled litter disposal.

Lions Club President Braxton Blake called upon the Club's Community Betterment and Civic Improvement Committees to come up with suggestions how the club can assist in providing more litter barrels, and enforcement of anti-litter ordinances or laws throughout the parish.

Baron Thomas and Michale DeLauney were installed as new members of the club by Deputy District Governor Edwin Kelley. Thomas is employed by Cameron State Bank and DeLauney is owner of Thrift-T-Way Pharmacy in Cameron.

Shrimp season to open

The fall season for shrimp trawling in inside waters will open statewide at 12:01 a.m. Monday, August 15, according to the department of wildlife and fisheries.

Fishermen in Calcasieu Lake are reminded that the lake is closed to night trawling.

J. Burton Angelle, department secretary, said commercial trawlers had taken over 12 million pounds of shrimp (heads off) in June of this year, as compared with just under 12 million pounds last year, for a tentative increase of about a half million pounds.

When added to the approximate 3 million pound increase in shrimp production for May of this year as compared with last year, production for the two months was 3-1/2 million pounds higher this year over last year.

He said the figures represent only Louisiana landings and do not cover shrimp caught in State waters and docked in neighbring states. Figures do not include large catches by recreational and non-commercial shrimpers.

Angelle said the combined landings in Louisiana for May and June totaling over 25,000,000 pounds (heads off) more than doubled production for the same months in 1973, which amounted to 12,540,000 pounds.

He said figures for July, when available, should indicate that 1977 gives promise of being an excellent year for shrimpers.

THESE WERE some rare fish caught during the Cameron Deep Sea Fishing Rodeo held on the July 4th weekend. Left Dr. and Mrs. John A. Tassin of Ville Platte with a 14-lb. Blackjack, ranked in the top 10 in the state. Right, Dr. Tassin, Rhett Pitre and Tim Pitre with five Horse-eyed Jackfish. The heaviest is a new state record.

Miss Carrie Day set

By MRS. HAROLD CARTER

"Miss Carrie Day" will be celebrated at Our Lady Star of the Sea Church in Cameron this Sunday, Aug. 14, to honor Karolina Kasson, a fifty year resident of Cameron, for the many services she has performed for her church, her community, and her fellowmen. (People of Cameron affectionately know her as "Miss Carrie.")

The celebration, under the sponsorship of the Catholic Daughters of America Court Our Lady Star of the Sea 1898, will begin with a 10 a.m. Mass, followed by a reception in the church hall. The public is invited to attend.

Miss Carrie was born in Velke Rovne, a small town in the central part of Czechoslovakia. She came to this country in August, 1927, at age 21, without knowing a word of English. Moreover, she knew nothing about the customs and culture of the country which she was about to adopt.

Her destination was Cameron, Louisiana where she was going to live with the John Grunik at their invitation. The family lived on a farm just east of the small town. The Gruniks, who were also from Velke Rovne, had been very close friends and neighbors of the Kassons in the old country. The two families had always kept in touch, even after the Gruniks settled in this country.

Despite the language barier, Miss Carrie adapted to her new life in a new country with such ease as to surprise all those around her. In two short years, she had mastered the English language without benefit of formal instruction.

She says that she was able to accomplish this by listening carefully to everything spoken in English, and also by reading everything, written in English, that she could get her hands on. Moreover, with her warm, friendly, pleasant ways, it didn't take long for her to win her way into the heart of the community.

Wher queried about homesickness in those first few months and years, Miss Carrie reminded that those were the days of no conveniences when practically everything had to be done by hand. She said that with cows to milk, wood to be fetched into the woodstove, water to be carried from the well, kerosene lamps to be filled, washing done on a washboard, one scarcely had time to think, let alone to get homesick.

Miss Carrie added that when she did have some leisure time, usually in the winter months, she crocheted, embroidered, and did other fancy handwork which she had learned in Czechoslovakia. Not only did these pretty, handmade

Cont. on Page 2

Two records set for fish

Cameron Deep Sea Fishing Rodeo officials have received word that two rare fish caught during the 1977 Rodeo have been registered and are now on display in the "Rare Fish" division of the museum of the Gulf Coast Research Lab in Ocean Springs, Miss.

Guthrie Perrie, marine biologist at Rockefeller Refuge, who served as one of the judges at the local rodeo, took the fish, a "Black Jack" and a "Horseeyed Jack" to the laboratory for identification and certification.

The 14 pound "Black Jack" was caught by Dr. John Adam Tassin of Ville Platte and the 19 pound "Horseeyed Jack" was caught by Tim Pitre, also of Ville Plate.

They will be on display in vats filled with formaldahyde in the museum, along with other very rare fish caught in Gulf Coast waters.

This fish were caught at the "East Flower Garden," 120 miles south of Cameron, just 5 miles from the 100 fathom curve and the outer continental shelf, aboard Sheriff Elan Pitre's boat.

Five "Horseeyed Jacks" were landed on the trip, but the 19 pound one was the heaviest.

The fish are so rare there were no catagories for them to be entered in the local rodeo.

The fish have been registered with the Louisiana Outdoor Writer's Association for inclusion in the "Louisiana Record Fish" known by sportsmen as the "Top Ten."

Only one other "Horse Eye Jackfish" is listed in the "Top Ten." It was caught by Amos V. Moack in October 1974 and weighed 14 pounds and 11 ounces, several pounds below the 19 pounder caught in the local rodeo.

Four of the fish caught in the local rodeo will qualify in 1st, 2nd, 4th and 5th place positions on the list.

No "Black Jacks" have ever been reported so there is no catagory for that fish.

Perry said he has heard of only one other such fish being caught in these waters and it was not registered.

LOOKING OVER plans for the upcoming Sacred Heart Church Bazaar are Mr. and Mrs. Gerald Guidry, Bazaar chairman, while Msgr. M. J. Bernard, acting coordinator, looks on.

Hospital patients

The following people were admitted to the South Cameron Memorial Hospital on the dates specified:

Aug. 1 - Martine Godette, Cameron; John Leddy, Panama City, Fla; Eugene Moore, Cameron.

Aug. 3 - Donald Johnson, Baldwin; Willie Miller, Mathews, Va.; Jules Vincent, Creole; Lucuis Theriot, Creole.

Aug. 4 - Louie Chatman, Port Arthur, Tex.; Allen Oden, Cameron.

Aug. 5 - Dennis Bomarito, Port Aransas, Tex; Larry Frazier, Cameron.

Aug. 6 - Elmer Hughes, Bayou Blue.

Aug. 7 - Coleman Johnson, Mathews, Va.; Ozite Primeaux, Cameron; George Johnson, Burtistow, Va.

Aug. 8 - LeRoy Cox, Lake Charles; Karen Hunott, Sulphur.

Cameron pool to be closed

The Cameron Recreation District No. 3 swimming pool will close for the summer Friday, Aug. 19.

For the week of Aug. 16-19 the pool hours will be from 4 to 7 p.m. daily.

Aging group to meet 21st

The Cameron Fellowship for Aging, sponsored jointly by the Catholic Daughters of Our Lady Star of the Sea Catholic Church and the United Methodist Women of Wakefield Memorial Methodist Church, will meet at the Methodist Church in Cameron on Sunday, Aug. 21 at 6 p.m.

Entertainment will be provided by the Bayou Promenaders Square Dancing group under the leadership of Mrs. Norma Bobbett of Moss Bluff.

The Council on Aging will present information of concern to the group and award a loving cup for a month to the oldest one in attendance.

Everyone who is sixty or older, along with their wives and husbands is invited. Refreshments will be served.

Rodeo meeting

A meeting of the Cameron Parish Deep Sea Fishing Rodeo Association will be held Tuesday, Aug. 16, at 7:30 p.m. in the Cameron Fire Station. according to Charles Perkins, president.

Tennis tourney

Warner Daigle, director of the Cameron summer recreation program, announced the following upcoming local doubles tennis tournaments to be held at the Cameron tennis courts.

A boys "Under 18" tourney will be held on the weekend of Aug. 19-21. Anyone wishing to participate is asked to contact Daigle before Wednesday, Aug. 16 for scheduling and pairing.

A ladies doubles tourney for ages 18-29 will be held Aug. 26-28 and those wanting to register are asked to contact Daigle before Aug. 24.

Winners named

Mrs. Roland Trosclair, Jr. and Mrs. Harold Savoie won first place in the recent "Ladies Over 30" doubles tennis tournament held at the Cameron Recreation District Tennis Courts.

Mrs. Tony Cheramie and Mrs. Bob Fruge took second place honors and Mrs. Norman McCall and Mrs. Robert Ortego captured the third place award.

A total of 14 ladies took part in the tournament, according to Warner Daigle, recreation director.

Daigle wishes to thank everyone who played and especially those who helped with the line judging.

Church plans bazaar

The Sacred Heart Church Bazaar steering committee met Friday, Aug. 5, in the home of Mr. and Mrs. Harold Carter to discuss plans for the upcoming Bazaar. Named as Bazaar chairmen were Mr. and Mrs. Gerald Guidry.

Date of the two-day event was set for Oct. 29 and 30. Members of the steering committee who met are: Mr. and Mrs. Harry A. Conner, Mr. and Mrs. Carter, and Mrs. Mayola Wicke. Acting as coordinator was Msgr. M. J. Bernard, church pastor.

Bazaar activities are scheduled to get underway with an open rodeo Saturday morning, Oct. 29. This will be followed by a gumbo and dance that evening.

Activities on Sunday will begin at 10 a.m. with games, rides, and entertainment at the K.C. Hall in Creole. A barbecue meal will be served, starting at 11 a.m. to be followed by bingo and the crowning of the Tiny Tot king and queen.

Bazaar activities will conclude with a dance at 8 p.m.

Lewis LeBouef rites held

Funeral services for Lewis LeBoeuf, 79, will be at 10 a.m. Thursday, Aug. 11, from Sacred Heart Catholic Church in Creole.

The Rev. Joseph Vidrine will officiate. Burial will be in the church cemetery under direction of O'Donnell-Hixon Funeral Home of Creole.

Mr. LeBoeuf died Tuesday at his residence.

He was a lifelong resident of Cameron and was a retired farmer. He was elected constable in June, 1952 and worked for the Cameron Parish Sheriff's Department.

Survivors are four sons, Roland LeBoeuf of Orange, Tex., Buster LeBoeuf of Cameron, A.M. "Pete" LeBoeuf of Port Arthur, and John Lee LeBoeuf of Texas City, Tex.; two brothers, Brown LeBoeuf of Cameron and Elvin LeBoeuf of Creole; one sister, Mrs. Susan Trahan of Lake Charles; five grandchildren and 10 great-grandchildren.

Henry Bartie funeral held

Funeral services for Henry C. Bartie, 70, were held Saturday, Aug. 6, in Ebenezer Baptist Church.

The Rev. R. B. House officiated. Burial was in the church cemetery with graveside Masonic rites.

Mr. Bartie died Thursday, Aug. 4, in South Cameron Memorial Hospital.

He was a native and lifelong resident of Cameron. He served as a deacon of Ebenezer Baptist Church, and was a Sunday School teacher and choir member. He was a charter member of both Coastal Lodge 231, Prince Hall affiliated, and Gulf Coast Chapter 143, O.E.S. serving as cchaplain and worthy patron, respectively.

Survivors are one daughter, Mrs. Olivia Fontenot of Lake Charles; two sons, August and Robert L. Bartie, both of Lake Charles; one sister. Mrs. Lucinda Mouton of Lake Charles.

Also six brothers, Bryant and Lester Bartie of Cameron, Johnny and Earl Bartie, both of Lake Charles, Noah Bartie of DeRidder and Abraham Bartie of Oakland, Calif.; 12 grandchildren and two great-grandchildren.

"Miss Carrie" Cont. from Page 1

pieces dress up the Grunik home, but also they were given to friends and donated to raise money for various worthy causes.

As busy as she was with the house and farm chores, Miss Carrie never was too busy to turn down a request for help, whether in a case of sickness, bereavement, or some church or community project. Neighbors, friends, the community soon came to know her as the lady who was always ready to "pitch in" at a moment's notice.

In 1949, Miss Carrie went to work as a cook in the cafeteria at Cameron Elementary School Here she put into use her fine culinery abilities, especially in the line of baking and pastry making, for which Czech cooks are known.

Her baked goods, pastries, and doughnuts became an instant hit with faculty and students alike. Knowing this, she would go out of her way to prepare that delicious something extra to serve. Miss Carrie retired from the cafeteria in 1973, but her cooking and baking are still remembered by the students and faculty members who savored the products.

While very proud of her Czech origin and background, Miss Carrie has never regretted taking advantage of the opportunity which brought her to the United States. True, she says that she has missed her close kin people in Czechoslovakia, and has been back to see them three times. (Her mother died in Velke Rovne about four years ago.)

However, she says that she appreciates living in this country all the more after seeing what life is like in a country behind the Iron Curtain. Moreover, be being a citizen of this country, she has been able to give her kin in Czechoslovakia (behind the Iron Curtain) the help which they have needed and which they otherwise could not have gotten.

Although living in retirement now in her home on the old Grunik place, Miss Carrie is as active as she ever was, baking, canning, crocheting, sewing; and in fact, still mastering different new handicrafts which come into fad. Furthermore, she continues to lend a helping hand when called upon.

Miss Carrie has been a member of Catholic Daughters of America Court Our Lady Star of the Sea 1898 for over twenty years. She is also a member of the church Altar Society.

New reservoirs

Transco Exploration Company announced discovery of three new gas reservoirs at East Cameron block 263 offshore Louisiana in the Gulf of Mexico.

Initial discovery on the block was announced in early 1976 and an 18-well platform was ordered. Drilling of the first four wells from "A" platform resulted in the new discoveries.

The A-11 platform resulted in the new discoveries.

The A-11 well discovered two gas sands more than a mile to the south of the platform in a new fault block and will require several additional development wells. The A-7 well, now drilling, has confirmed the known field pays and found a new, deeper reservoir.

The development of this lease will continue into late 1978, when production is expected to begin.

Civil Defense, Cont. from Page 1

the lower parish.

The public is informed to begin final preparations for evacuation if the decision is made and coordination is begun with the highway department to keep bridges open (this was especially important before the new high level bridge was established at the Intracoastal Canal at Gibbstown).

At the 125 mile position, or Zone 1, as the local Civil Defense calls it, the Executive body is briefed on the situation again and the final meeting of the advisory council is held to evaluate if the evacuation will be implemented.

If the decision is made ot evacuate, all evacuation plans are put into operation, industries and utilities notified that final preparations should be completed to sustain operations throughout the emergency.

Hospitals are notified of the evacuation and local patients are transferred to Lake Charles hospitals.

Auxiliary law enforcement personnel will commence patrols to insure the evacuation is complete and that everyone is informed.

CHECK POINTS

Sheriff Claude Eagleson's department will set up check points at Hackett's corner in Sweetlake; Ellender Bridge at Hackberry; Sabine Causeway at Johnson Bayou; Superior Bridge at Grand Chenier and the Intracoastal Canal at Grand Lake.

The Civil Defense Director in Port Arthur, Texas is called to confirm evacuation.

The base stations will remain at their posts during and after the evacuations to monitor and report on conditions to the other stations.

All these plans have been made by the local organizations who have a very well planned and coordinated staff in each area of Cameron parish.

Picou has on hand phamplets on every phase of hurricanes and emergencies which can effect Cameron parish and the citizens, with advice on what to do and how to protect property in the emergencies, all free of charge.

Cameron citizens learned the hard way what it is not to be prepared for the worst.

The grim reminder that 527 citizens lost their lives on June 27, 1957, will forever be etched in their memory and they aim for this never to happen again.

Channel Shrimping in channel ends

Inside shrimp trawling in the Calcasieu Ship Channel south of nine mile point was closed at sunrise Friday, Aug. 5, according to the Department of Wildlife and Fisheries.

J. Burton Angelle, department secretary, said that portion of the Calcasieu ship channel from the nine mile cut to the gulf within the navigational lights of the channel has been kept open since July 18 as an experimental extension for the purpose of obtaining biological information, and fished only on an outgoing tide. The research program was completed last Thursday.

He said the fall season for inside trawling will open statewide August 15 as set by law.

To be married

Mr. and Mrs. Ernest R. Myers of Lowery announce the engagement and forthcoming marriage of their daughter, Claire Marie, to Royce P. Myers son of Mr. and Mrs. William P. Myers of Lake Arthur.

The couple will exchange wedding vows Saturday, August 20, at 10 a.m. in Our Lady of the Lake Catholic Church in Lake Arthur.

Hackberry News

By MRS. VERNIE WELCH

Mrs. Horace Goodrich has returned from a trip to Taiwan Republic of China, Seoul Korea, and Honolula Hawaii with the Nora Lam Ministeries of San Jose California.

She was a member of the crusade team. She was in Taiwan when typhoon Thelma hit, the hardest one in 80 years. She also experienced the highest temperture recorded in Seoul, Korea.

Jennifer and Rusty Istre from Carlyss and Michelle McInnis from Sulphur spent Sunday with grandparents, the Vernie Welchs.

Mr. and Mrs. Abel Kershaw, Mr. and Mrs. Martin Kershaw and sons Ronnie & Jerry spent the weekend at the Roland Kershaws of Houston, Tex. While there they visited the zoo.

Rt. 1, Cameron

By MRS. GEORGE NUNEZ

Mr. and Mrs. Gerald LaBoeef, Erie and Jeffery are vacationing in Tenn. and other places of interest.

Mr. and Mrs. Doris Hebert, Janie, Becky and Christy, and Phyliss Nunez, are spending several days in Houston, Tex. at Astro-World.

Mr. and Mrs. Gerald Nunez and Tim, and Margie Kelley and Jerry, spent a week in Florida touring Disney World and visiting Mrs. Florence Lingard in Jacksonville.

George Nunez 2 weeks in after spending 2 weeks in Port Arthur at St. Marys hospital. Mr. Nunez fell and hurt his back.

Martin Walter, of New Iberia spent a week visiting his grandmother, Mrs. Azema LeBouef, and Lindy. He painted her house. Mrs. Betty Walters also of New Iberia spent a few days visiting Mrs. LeBouef.

Mr. and Mrs. Al Guillory of Lake Charles, spent Saturday visiting Mr. and Mrs. Nosta Premeaux and Sonny.

Mr. and Mrs. Butch Watts, Bryan and Gannon of New Iberia, are spending their vacation visiting the Brown Watts, the Fletcher Millers, and Mrs. Matilda Doxey.

Mrs. Elray LaBove spent several days in Big Lake last week visiting Mr. and Mrs. Frank Hooper and family, and Mr. and Mrs. Waybern LaBove and family. They enjoyed a barbecue dinner.

Mrs. Erma Meeks, of Port Arthur, spent a few days visiting Mrs. LaBove.

Mr. and Mrs. Clayton Nunez are leaving for Hawaii Friday from the Dallas Airport.

Local team winner of softball tourney

First place winners in a Maplewood tournament Saturday and Sunday, July 23 and 24 were Ruben's E-Z Carwash, a womens team from Cameron and Creole.

The team members are: LeeAnna Morales, Suzanne Sturlese, Yvonne Mhire, Gwen Hebert, Pam Griffin, Nancy Clark, T-Gail Conner, Kathy Guthrie, Donna LaBove, Trudy Nunez, Patricia Bartie, Sherry Richard, Paula Mudd, Kelli Vincent, and Sharon Theriot.

The coaches are Ruben Morales (sponsor), Wayne Sturlese and Earl Guthrie. The score keeper is Jocelyn Williams.

4-Hers go to conference

The second annual Southwest District Teen Conference was held July 29-31 at Camp Grant Walker at Pollock. Attending this conference were 4-H junior leaders from throughout the Southwest District.

Representing Cameron Parish were: Renee Boudreaux, Caroline Wilkerson, Jeffery Jouett, and Rosalind Crain, all of South Cameron High School; Mike Prescott of Johnson Bayou; Mike Beard of Grand Lake; and Therese Powers and Christine Powers, both of Hackberry.

The three day conference consisted of leadership class, speaker and recreation for the Junior leaders and agents.

Tony Posser who had an appendix operation at Cal. Cam. hospital July 29 is now home doing fine.

Mrs. Lula Mae Swire and family wish to thank the people of Hackberry for the food and clothing given to them during which their house was destroyed by fire.

BIRTH

Mr. and Mrs. Frank Core announce the birth of a son, Brandon Heath, July 25 at West Cal-Cam hospital. He weighed 7 lbs. 2 ozs. Grandparents are Mr. and Mrs. Roudolph Nunez, Hackberry; Frank Core, Springfield; and Mrs. Frank Core, Baton Rouge.

BLACK NEWS

By MRS. LEE J. HARRISON

Harold and Elray La Salle are vacationing in Las Vegas, Nev.

Vernon Davis of Los Angeles, Calif. is visiting Mr. and Mrs. Charlie Davis.

Mrs. Julia Basker and Mrs. Barbara Johnson of Houston, Texas were weekend guests of Mr. and Mrs. Lester Bartie.

Mr. and Mrs. William Turner, Rhonda and Patrick, and Mr. and Mrs. Bryant Bartie, Jr., Derek, Sean, Charisse and Cory all of Baton Rouge were weekend guests of Mr. and Mrs. Bryant Bartie, Sr.

Mr. and Mrs. William Avant, Wendy and Annette, Mrs. Lillie Harrison and Mrs. Rosa LeBlanc visited Mr. and Mrs. John Frank in Port Arthur, Texas and Mr. and Mrs. Adolph Dozier in Houston, Texas last week.

Randolph January of Lake Charles visited Mr. and Mrs. Lee J. Harrison, last Friday. Also visiting the Harrisons for the weekend were Gregory Harrison of Houston, Texas, and Margaret Gillory of Lake charles.

SCHOLARSHIP PRESENTED

Rev. R. B. House presented a scholarship to Carol Cockrel Sunday during the Sunday School service. Ms. Cockrell plans to attend USL this fall.

The following resolution was offered by Mr. Berwick, seconded by Mr. Myers and declared duly adopted.

RESOLUTION
STATE OF LOUISIANA
PARISH OF CAMERON

BE IT RESOLVED by the Cameron Parish Police Jury in regular session convened on this 7th day of June, 1977, that:

SECTION I: The application of Laurence Boudreaux, d/b/a Larry's Seafood, located 1 mile East of Grand Chenier Bridge. North Side of Highway 82, for a permit to sell alcoholic or intoxicating liquors containing more than 6 percent of alcohol by volume in accordance with Act 190 of the Legislature of Louisiana, for the year 1946, be and the same is hereby approved.

ADOPTED AND APPROVED this 7th day of June, 1977.

APPROVED:
/s/Roland J. Trosclair, Jr., President
Cameron Parish Police Jury

ATTEST:
/s/Jerry G. Jones, Secretary

The following Resolution was offered by Mr. Richard, seconded by Mr. Hicks and declared duly adopted.

RESOLUTION
STATE OF LOUISIANA
PARISH OF CAMERON

BE IT RESOLVED by the Cameron Parish Police Jury in regular session convened on this 7th day of June, 1977, that:

SECTION I: The application of Stanford L. LaBauve, d/b/a LaBauve Fishing Camp, Hackberry, Louisiana, for a permit to sell alcoholic or intoxicating liquors containing more than 6 percent of alcohol by volume in accordance with Act 190 of the Legislature of Louisiana, for the year 1946, be and the same is hereby approved.

ADOPTED AND APPROVED this 7th day of June, 1977.

APPROVED:
/s/Roland J. Trosclair, Jr., President
Cameron Parish Police Jury

ATTEST:
/s/Jerry G. Jones, Secretary

It was moved by Mr. Berwick, seconded by Mr. Conner and carried, that the building permit of Jesse B. Trahan, Ward 5, be and the same is hereby approved.

It was moved by Mr. Conner, seconded by Mr. Richard and carried that a right-of-way by and between Lorena Richard and the Cameron Parish Police Jury, filed under File No. 150755, Records of Cameron Parish, Louisiana, be and the same is hereby accepted.

The following resolution was offered by Mr. Trosclair, seconded by Mr. Myers and declared duly adopted.

RESOLUTION
STATE OF LOUISIANA
PARISH OF CAMERON

WHEREAS, we have been requested to express our views with regard to the proposed Universal Voter Registration Act of 1977, and,

WHEREAS, this is a great concern to the registrars of voters throughout this state, and,

WHEREAS, this proposed legislation might impinge upon the rights of the states with regard to allowing all persons who register on election day to be permanently registered, like all other registered voters, and,

WHEREAS, mass registration on election day would disrupt and delay the voting process and discourage voter participation,

NOW, THEREFORE, BE IT RESOLVED that the Cameron Parish Police Jury in regular session convened on this 7th day of June, 1977, that:

SECTION I: This Body is opposed to the above legislation.

SECTION II: That if this bill is passed by the Congress of the United States that this Body goes on record requesting that the State Legislature pass appropriate state legislation so as to implement provisions of this law and make them applicable to all elections, State, Federal and Local.

SECTION III: That such legislation provide that the registering of applicants at the polling places on election day shall be done by the duly deputized registrars of voters according to the procedure provided in the election code of this State.

SECTION IV: That copies of this resolution be forwarded to Honorable Douglas Fowler, Commissioner of Elections, Honorable Paul J. Hardy, Secretary of State, all State Senators and Representatives.

ADOPTED AND APPROVED this 7th day of June, 1977.

APPROVED:
/s/Roland J. Trosclair, Jr., President
Cameron Parish Police Jury

ATTEST:
/s/Jerry G. Jones, Secretary

It was moved by Mr. Berwick, seconded by Mr. Conner and carried, that David Griffith, be and he is hereby reappointed as a member of the Board of Directors of Waterworks District No. 10.

It was moved by Mr. Myers, seconded by Mr. Richard and carried, that approval is hereby granted for the revisions to Over-all Economic Development Program for Imperial Calcasieu Regional and Planning Development Commission.

It was moved by Mr. Myers, seconded by Mr. Conner and carried, that the Treasurer is hereby authorized, empowered and directed to advance to the Assessor's Salary Fund the sum of $20,000.

It was moved by Mr. Trosclair, seconded by Mr. Conner and carried, that Edwin Quinn, be and he is hereby appointed as a member of the Board of Commissioners of Gravity Drainage District No. 3, replacing J. Berton Daigle, resigned.

In response to an advertisement for bids published in the official journal by Hackberry Recreation District for the purpose of changing out and renovation of the air conditioning system of Hackberry Recreation building, the following bid was received and tabulated:

BIDDER	AMOUNT
Gilley Air Conditioning Co.	$18,367.00

Considering the bid of Gilley Air Conditioning Company to be the only bid, it was moved by Mr. Hicks, seconded by Mr. Berwick and carried, that said bid be and the same is hereby accepted, payment to be made from the Cameron Parish Police Jury Federal Revenue Fund.

It was moved by Mr. Hicks, seconded by Mr. Myers and carried, that the Secretary is hereby authorized, empowered and directed to advertise for the purchase of one (1) 1978 Ford L-900 Cab/Chassis Fire Truck, with minimum 534 Cubic Inch V-8 Engine, Custom Cab, GVW 31,000 lbs.

It was moved by Mr. Hicks, seconded by Mr. Myers and carried, that the Cameron Parish Police Jury Hereby designates $20,000 of Federal Revenue Sharing Funds for payment towards the purchase of a new fire truck for the Hackberry Fire Protection District.

It was moved by Mr. Myers, seconded by Mr. Berwick and carried, that Lester Richard, Jr., be and he is hereby appointed as a member of the Imperial Calcasieu Regional Planning and Development Commission, replacing Roland J. Trosclair, Jr., resigned.

It was moved by Mr. Hicks, seconded by Mr. Myers and carried, that Roland J. Trosclair, Jr., be and he is hereby appointed as a member of the CETA Advisory Council.

It was moved by Mr. Richard, seconded by Mr. Conner and carried, that the parish engineer is hereby authorized, empowered and directed to advertise for the receipt of bids for 3.36 miles of fence in connection with Project No. 1977-01.

It was moved by Mr. Trosclair, seconded by Mr. Myers and carried, that the following proclamation be and the same is hereby proclaimed:

PROCLAMATION

WHEREAS, the Parish of Cameron is located in the region of State of Louisiana where hurricane frequently occur; and,

WHEREAS, history has demonstrated that a well informed and prepared citizenery can substantially reduce the possibilities of casualties, injury and damage to property as a result of such storm; and,

WHEREAS, the National Weather Service of the United States Department of Commerce, the Louisiana Department of Education, the Louisiana State Police, the Louisiana Civil Defense and the Cameron Parish Civil Defense have expressed desire to work with the citizens of Louisiana and Cameron Parish and the news media to disseminate information on safety and preparedness to the people of Cameron Parish.

THEREFORE, I ROLAND J. TROSCLAIR, JR., President of the Cameron Parish Police Jury, do hereby proclaim the week of June 5-7, 1977, A.d., as,

HURRICANE PREPAREDNESS WEEK

for the parish of Cameron, and urge the cooperation of all parties concerned in Civil Preparedness to put forth a concerted effort to inform the citizenery of safety measures appropriate under such conditions.

APPROVED:
/s/Roland J. Trosclair, Jr., President
Cameron Parish Police Jury

ATTEST:
/s/Jerry G. Jones, Secretary

It was moved by Mr. Myers, seconded by Mr. Richard and carried, that the following safety policy be and the same is hereby approved and designated as Cameron Parish Police Jury Safety Policy.

CAMERON PARISH POLICE JURY
SAFETY POLICY

POLICY

1. It is the policy of the Cameron Parish Police Jury to develop and maintain a Safety and Health Program to insure safe and healthful working conditions for employees. The personal safety and health of each employee of this Parish is of paramount importance. Occupationally-induced injuries and illnesses are of such consequence that safety will be given precedence over productivity whenever necessary. Foreman will provide all mechanical and physical facilities required for personal safety and health in keeping with the highest standards.

Our objective is a safety and health program that will reduce the number of disabling injuries and illnesses to a minimum, not unlike that being with, but surpassing, the best experience of other operations similar to ours. Our goal is "Zero accidents and injuries."

GENERAL

Our safety and health program will include:

A. Providing Mechanical and physical safeguards to the maximum extent that is possible.

B. Conducting a program of safety and health inspections to find and get rid of unsafe working conditions or practices; to control health hazards; and to comply fully with the safety and health standards for every job.

C. Training all employees in good safety and health practices.

D. Providing necessary personal protective equipment and instructions for its use and care.

E. Developing and enforcing safety and health rules; requiring that employees cooperate with these rules as a condition of employment.

F. Investigating promptly and thoroughly, every accident to find out what caused it and to correct the problem so that it won't happen again.

We recognize that the responsibilities for safety and health are shared:

A. The Parish is responsible, and accepts the responsibility for leadership of the safety and health program, for it's effectiveness, and improvement, and for providing, for it's guards required to ensure safe conditions.

B. Supervisors and Foremen are responsible for developing the proper attitudes towards safety and health in themselves and in those they supervise, and for ensuring that all operations are performed with the utmost regard for the safety and health of all personnel involved, including themselves. Supervisors and Foremen are required to complete safety inspection reports, keep a record of safety committee meetings, report on motor vehicle accidents and assist in accident investigative reports.

C. Employees are responsible for wholehearted, genuine cooperation with all aspects of the safety and health program including compliance with all rules and regulation, and for continuously practicing safety while performing their duties.

2. It must first be understood that to expect any degree of success of the program top management must participate in all phases of the program; therefore demonstrating to all employees, management, sincerity and enthusiasm in the program. What applies to management applies equally to all department heads or supervisors and foremen. By their faith and enthusiasm in the safety program, they must win the respect and support of all employees.

SAFETY COORDINATOR

In order to make the program effective, one individual will be appointed as a safety coordinator. His duties should include:

1) Appoint from four to six key personnel to a safety committee.

2) Conduct all safety meetings which should be held on a regularly scheduled basis and attended by all supervisors and foremans.

3) Maintenance of first report of injury records submitted to insurance company and also maintenance of foremans report of accident forms.

4) Instruct supervisors and foremans of the necessity of properly filling out foremans report of accident forms.

5) Insure that all unsafe conditions are reported by the committee are corrected.

6) Will be responsible for the purchase and maintenance of all safety equipment for the parish. He will present a monthly planned report to the Police Jury as to the continuing progress of safety planning and to the necessary equipment to be purchased.

7) Coordinate all activities relating to parish safety.

SAFETY COMMITTEE

The duties of the safety committees should include:

1. Regularly scheduled monthly inspection (as a group) of all areas of the parish, noting all unsafe conditions and/or unsafe acts. All adverse conditions should be corrected immediately either permanently or temporarily until such time as permanent correction can be made.

2. Submit parish inspection report to Safety Coordinator each month indicating all unsafe conditions noted. A copy of the report should be retained by the committee so that during the following weeks inspection, the committee can ascertain the amount of progress made in the correction of reported unsafe conditions.

SAFETY MEETINGS

1. The ideal situation would require two (2) safety meetings monthly one with all employees in attendance and one meeting with all supervisors and foremen in attendance.

2. In lieu of the above, one (1) meeting of all supervisors and foremen can be held monthly with the provisions that either the foremen or supervisors hold their own department or crew meetings weekly with their own men. These "Tail gate" or "tool box" meetings need not exceed 15 or 20 minutes in length weekly.

3. Safety meetings of supervisors and foremen should include.

A. Attendance by top management.

B. Should be conducted by safety coordinator.

C. Include discussion of progress made in the correction of unsafe conditions reported by parish inspection committee.

D. Thoroughly discuss any and all accidents that have occurred during the proceeding month including what happened, how it happened, the basic cause of the accident (unsafe condition, unsafe act as a result of improper attitude, etc.), finally, what can be done to prevent a recurrence.

GENERAL INFORMATION

The showing of short safety films at meetings is recommended. For a nominal fee a list of all safety films on hand may be obtained from: Greater Chicago Safety Council, Suite 1101, 10 North Clark Street, Chicago, Illinois 60602.

Upon receipt of this list of films, selections may be made of the desired film which, for reasonable fee, will be mailed for showing at safety meetings.

In addition, the formulating of an incentive program might be considered. Should this be done, it is suggested that any protective equipment such as safety hats, safety shoes, safety glasses, etc.

It is realized that each operation is different, has its own individual inherent hazards, and therefore, must be considered on its own peculiar merits. The foregoing is intended as a basic guide and may easily be added to or modified to suit individual needs.

The degree of success of this or any other type of safety program will, without any doubt whatsoever, depend entirely on the degree of enthusiasm and support afforded by the Police Jury.

APPROVED:
/s/Roland J. Trosclair, Jr., President
Cameron Parish Police Jury

ATTEST:
/s/Jerry G. Jones, Secretary

It was moved by Mr. Hicks, seconded by Mr. Conner and carried, that a right-of-way by and between Vincent Heirs, by John Vincent, and the Cameron Parish Police Jury, filed under File No. 150132, Records of Cameron Parish, Louisiana, be and the same is hereby accepted.

It was moved by Mr. Richard, seconded by Mr. Berwick and carried, that their is hereby declared an emergency in the repair and restoration of the compressor for the Cameron Parish Courthouse, therefore, the Treasurer is authorized, empowered and directed to accept the quotation of Albert K. Newlin, Inc., in the amount of $5,960, for the purchase of rebuilt Trane Compressor for Courthouse.

It was moved by Mr. Conner, seconded by Mr. Richard and carried, that a building permit for Loston McEvers, Ward 2, be and the same is hereby approved.

There being no further business and upon motion of Mr. Hicks, seconded by Mr. Conner, the meeting was declared adjourned.

APPROVED:
/s/Roland J. Trosclair, Jr., President
Cameron Parish Police Jury

ATTEST:
/s/Jerry G. Jones, Secretary

The Challenge of Genealogy

by MARIE WISE

Somewhere in the census records is data on all our ancestors, both before and after we became Americans. The United States has taken a federal census every ten years since 1790; states had been taking their own and separate censuses since before that: colonial and territorial records pre-date these by several generations.

All federal censuses through 1900 are available on microfilm at the National Archives in Washington, D.C. Fortunately for researchers, many libraries in recent years have acquired film tapes of parish records and the micro-readers necessary for their use.

Even better, more and more of these census records are being compiled into books, either listed alphabetically by family names or having alphabetical indexes. Available by purchase or in libraries, such books offer ready research to ancestor hunters.

LA. CENSUSES

The more than 400 page *North Louisiana Census Reports* recently published by Polyanthos, Inc., Drawer 51359, New Orleans, La. 70151 is a prime example of census records in book form. Compiled by Marleta Childs and John Ross, this 6 x 9 in. softcover edition, completely indexed, $20.00, is two volumes in one: *1830 and 1840 Schedules of Caddo, Claiborne and Natchitoches Parishes*, plus *1850 and 1860 Schedules of Union Parish*, each with a preface explaining how to use the section

Readers familiar with federal censuses will know that those before 1850 listed only the heads of households by name with other family members enumerated by sex and age groups. Beginning with 1850 every household was allotted a number and real estate valuation, with each member listed by name, age, sex, place of birth (often another state) and occupation for the adults. In 1860 the value of personal property was added.

STATE CENSUS

Colonial Georgia stretched from the Atlantic to the Louisiana Territory, including the later (1817 and 1819) states of Mississippi and Alabama. The Georgia constitution of 1798 required that a census be taken within two years and thereafter every seven years.

Most of these records have been lost, but a recent volume publishes for the first time, indexes to five state census returns from four Georgia counties and both abstracts and indexes to two others for the period, 1838-1845. Original documents for these reports, and others, are located at Georgia's State Archives.

Indexes to Seven State Census Reports for Counties in Georgia, 1838-1845 as compiled by Brigid S. Townsend, is a 6 x 9 in. softcover volume, 152 pp., $5.00, available from: R.J. Taylor, Jr. Foundation, P.O. Box 38176, Capitol Hill Sta., Atlanta, Ga. 30334. The closest federal census-taking years were 1830, 1840 and 1850; hence these state-census indexes are valuable new sources of information on our ever-moving earlier generations.

Founded in 1971 to promote genealogical research and study in the state of Georgia with emphasis on data prior to 1851, the R.J. Taylor, Jr. Foundation is working on two groups of publications projects, a Colonial Series and a Census Series, from which the above volume is its first.

CARTER

Mrs. Lily Carter Thurman, 1002 Bay Oaks Rd., Houston, Tex. 77008 is seeking information on the Carter and related families of Mains, Mims and Moore.

Redmond Carter and his wife, Nancy Kemp Carter came to Sabine Parish in the 1830s and lived on Rock Farm near Pendleton Ferry. Sons were: Bradford, who operated the Old Crow Ferry; James, killed in the Civil War; William Redmond, who married Eliza Jane Moore; and D.R. (no information). Daughters were: Elizabeth, who married Williamson Maines and Hattie who married ——— Mims.

BARTON

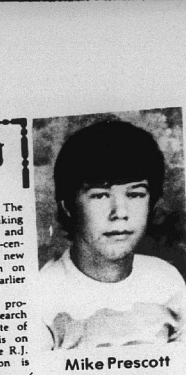
Mrs. Nelrose B. Anderson, Rt. 5, Box 410, Rayville, La. 71269 is trying to contact relatives of Edgar L. Barton, b. in La. in 1888 or 1889. He was living in Shawnee, Okla. in 1921, m. to Elizabeth Lucretia Benson from Texas.

SMART

Mrs. William H. Smart, Rt. 1, Box 227, Anacoco, La. wishes to locate a book on the Smart family genealogy, particularly Reese Washington Smart of Vernon parish which she knows was in print. Anyone having knowledge of the book please contact her.

QUERIES

Address all questions, information and review copies for this column to: Marie Wise, P.O. Box 99, Sulphur, La. 70663. For a reply, send stamped, self-addressed envelope.



Mike Prescott

Prescott to go to meet

Michael Prescott, member of the Johnson Bayou Senior 4-H Club will go to the Wildlife Conservation Conference in Washington D.C. The trip is sponsored by the Atlantic Richfield Foundation State Record Books.

The week-long program will include such topics as: wildlife management practices, land use, economics of wildlife, fish and fishing, trapping, shooting sports, and some practical application of these endeavors. There will be a number of field trips to Washington's wildlife facilities.

The conference participants from Louisiana will be Michael Prescott, Cameron Parish; Ellen Benkenstein, Calcasieu Parish; Curt Carner, Claiborne Parish and Mike Burke, St. Mary Parish.

New books at library

New fiction books in the Cameron parish library are:

The Lion of Christ by Butler. An Account of the dramatic conflict between King Henry II and Thomas A. Becket.

An Exchange of Eagles by Sela. An attempt by two soldiers to prevent war between America and Germany.

Hard Feelings by Bredes. A sixteen-year-old boy tries to settle accounts with parents sisters, and friends.

The Etruscan smile by Johnston. Samantha Dive-lin's search for her sister leads her to strange people and disturbing secrets.

The Man from Next Door by Tracy. Two Journals present the same events from totally different perspectives.

Sam 7 By Cox. Jetliner shot down! Experts probe crash in heart of London!

Sweet Salt by Goodson. A Sage of the individual successes and failures of several POW's aboard prison ships.

Capitol Crime by Meyer. A madly careening chase down the corridors of power.

The Fan by Randall. A thriller about life in the theater.

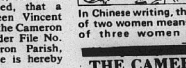
The Emerald by Soldati. A Tale of magic, science fiction, and politics as a man journeys into the future in pursuit of a fabulous jewel.

The Big Bazaar by Lee. A novel about the education of a gambler.

Saville by Storey. A novel of industrial South Yorkshire and Colin Savilles struggles toward spiritual and moral maturity.

So Much Blood by Brett. Murder strikes at the Edenburgh Festival.

Coil of Serpents by Stevenson. A mixture of fear and curiosity drives Emma through musty chambers and shattering chases in search of her wandering step-father.



In Chinese writing, the symbol of two women means quarrel, of three women gossip.

PUBLIC NOTICE
VEHICLE WEIGHT LIMIT PERMIT REGULATIONS IMPLEMENTED

Notice is hereby given that the State of Louisiana, Department of Transportation and Development, Office of Highways has implemented a vehicle weight limit policy which will affect numerous bridges throughout the State which have been recently evaluated and discovered to be structurally deficient to the extent they can not continue to serve the maximum legal weight vehicle allowed on the State's highway system. In implementing this policy the weight limit sign message and its explanation is provided in this notice to give those affected the opportunity to understand and thereby obey the limits set forth.

The weight limit sign as shown in this example shall be interpreted as limiting the gross vehicle weight (including the steering axle), a unit-body vehicle shall not weigh more than eight (8) tons and all vehicle combinations shall not weigh more than twelve (12) tons. The truck-tractor with the semitrailer as above left of the bottom weight limit value is intended as an example of a vehicle combination, but the bottom weight limit value is intended for all trucks other than a unit-body vehicle.

AMERICA'S HERITAGE

HIGHLIGHTS OF AMERICAN HISTORY

RENOVATED CAROUSELS BRING BACK MEMORIES

Just as they did 60 years ago, the proud and handsome carousel horses, frozen in mid-stride and mid-leap, delight Americans not yet grown up and those who never wish to be.

Although wooden carousels are not made any more, American families can now enjoy two of these timeless whirling rides—one at Kings Island theme park near Cincinnati, Ohio, and the other at Kings Dominion near Richmond, Virginia.

Built in 1926, the Kings Island carousel is a display of 48 hand-carved wooden horses riding three abreast. It even has a band organ which was originally part of a carousel at New York's famous Coney Island, giving riders a memory of Sousa marches and tinkling melizes as the world flies past in a blur of color.

The Kings Dominion carousel was built in 1917 in Philadelphia and began operating in 1973 when it was purchased and transported to its new home in Virginia. To coax the horses into sleek and good condition, skilled craftsmen stripped away dozens of layers of old paint and mended the wood carefully until the horses were restored to gleaming newness. Among the unusual features of this carousel are jewel-eyed horses with jeweled decorations arrayed in cavalry, Indian, Viking and Roman battle dress.

The carousel, so popular in America, began as a game played by Turkish and Arabian horsemen. During the 17th century, the game was introduced into France where it was used in training young nobles for combat.

Happily, now we can all whirl through a little of America's past, leaping up and down on a palomino steed which is part of a nearly vanished bit of Americana — the carousel.

A Hawaiian will normally pronounce "Merry Christmas" as "Mele Kalikimaka."

Legion, Aux. meetings set

The August meeting of the Richard Bros. American Legion Post and Auxiliary will be held Tuesday, Aug. 16, at 7 p.m. at the American Legion Hall in Creole, according to Oscar Reyes, Post Commander.

Supper will be served prior to the meeting.

NOTICE OF PUBLICATION
OFFICE OF MINERAL RESOURCES
ON BEHALF OF THE
STATE MINERAL BOARD
FOR
THE STATE OF LOUISIANA
BATON ROUGE, LOUISIANA
70821

By virtue of and in conformity with the provisions of Chapter 2, Title 30 of the Louisiana Revised Statutes of 1950, as amended, sealed bids will be received in the Office of Mineral Resources, State Land and Natural Resources Building, Baton Rouge, Louisiana, on or before the 14th day of September, 1977, at 1:00 p.m. for a lease to explore, drill or mine for and produce oil, gas and any other liquid or gaseous hydrocarbon minerals, sulphur and potash in and on the following described lands:

Tract 14579 — Portion of Block 2, West Cameron Area, Revised, Cameron Parish, Louisiana — That portion of Block 2, West Cameron Area, Revised, Cameron Parish, Louisiana, belonging to the State of Louisiana and not under mineral lease on March 25, 1977, described as follows: Beginning at a point on the East line of Block 5, West Cameron Area, Revised, having Y = 1,377,295.42 and X = 1,453,135.58, said point being the Southeast corner of Louisiana State Lease No. 6853, thence East 1,370.8 feet to a point, said point being estimated to contain approximately 1,218.86 acres, as shown outlined in red on a plat on file in the Office of the Secretary, Department of Natural Resources. All bearings are based on Louisiana Lambert Plane Coordinate System, South Zone.

NOTE: It appears according to our calculations that a portion of this tract is located within the limits of the right-of-way of the safety fairway area as set out by the Corps of Engineers, U.S. Army

Tract 14580 — Portion of Block 1, West Cameron Area, Revised, Cameron Parish, Louisiana — That portion of Block 4, West Cameron Area, Revised, Cameron Parish, Louisiana, belonging to the State of Louisiana and not under mineral lease on March 25, 1977, described as follows: Beginning at a point on the West line of Block 4, West Cameron Area, Revised, said point being the Southwest corner of Louisiana State Lease No. 6853, thence East 1,370.8 feet to a point, said point being estimated to contain approximately 1,218.86 acres, as shown outlined in red on a plat on file in the Office of the Secretary, Department of Natural Resources. All bearings are based on Louisiana Lambert Plane Coordinate System, South Zone.

NOTE: It appears according to our calculations that a portion of this tract is located within the limits of the right-of-way of the safety fairway area as set out by the Corps of Engineers, U.S. Army

Tract 14580 — Portion of Block 1, West Cameron Area, Revised, Cameron Parish, Louisiana — That portion of Block 4, West Cameron Area, Revised, Cameron Parish, Louisiana, belonging to the State of Louisiana and not under mineral lease on March 25, 1977, described as follows: Beginning at a point on the West line of Block 4, West Cameron Area, Revised, said point being the Southwest corner of Louisiana State Lease No. 7097, and having Lambert Plane Coordinates of X = 1,377,295.42 and Y = 401,907.19, thence South 1,370.8 feet to a point having Lambert Plane Coordinates of X = 1,377,295.42 and Y = 400,536.39, thence West 1,370.8 feet to a point having Lambert Plane Coordinates of X = 1,376,224.77 and Y = 400,536.39, thence North 1,370.8 feet to a point on the West line of said Block 4, having Lambert Plane Coordinates of X = 1,376,224.77 and Y = 401,907.19, thence East 1,370.8 feet to a point having Lambert Plane Coordinates of X = 1,377,295.42 and Y = 401,907.19, thence South 541.67 feet to a point having Lambert Plane Coordinates of X = 1,377,295.42 and Y = 401,365.52, thence West 1,370.8 feet to a point having Lambert Plane Coordinates of X = 1,376,224.77 and Y = 401,365.52, thence North 541.67 feet to a point on the West line of said Block 4, having Lambert Plane Coordinates of X = 1,376,224.77 and Y = 401,907.19, thence East 1,370.8 feet along the West line of said Block 4, to the point of beginning, estimated to contain approximately 17,1/2 acres, as shown outlined in red on a plat on file in the Office of the Secretary, Department of Natural Resources. All bearings are based on Louisiana Lambert Plane Coordinate System (South Zone).

All bids are to offer a cash bonus for a lease having a primary term of two (2) years and a royalty of one-eighth (1/8) of all oil produced and saved, one-eighth (1/8th) of all gas produced and saved, one-eighth (1/8th) of all other liquids or gaseous hydrocarbons produced and saved, and a royalty of one-eighth (1/8th) of sulphur produced (sett to accept a bid only if the bid offers a royalty of not less than 25 cents ($.25) per long ton of sulphur produced and saved, and a royalty of ten cents ($.10) per ton of potash produced and saved, and a royalty of one-eighth (1/8th) of all other liquids or gaseous hydrocarbons produced and saved. A bid of a royalty less than as aforesaid statutory minimums will be invalid and will not be considered by the Board. All bidders are notified that the Board does not intend to accept a bid which offers the aforesaid statutory minimums, but reserves the right to accept a bid which offers in excess of the aforesaid statutory minimums as considered most advantageous to the State of Louisiana.

With respect to royalty bids on sulphur and potash, prospective bidders are advised that the Board, by policy, has expressed a preference that bids on sulphur and potash be on a percentage or fraction-al basis, in excess of the statutory minimums, and that such suggested percentage is 12 1/2% or fraction-al percentage thereof, but the entire bid is considered most advantageous to the State of Louisiana.

The provisions of this notice or advertisement and the relevant statutes establish the material considerations necessary for the formation of proper bids, and this notice or advertisement shall not be deemed to be modified, enlarged or diminished by resolutions of policy expressions of the Board not incorporated herein expressly or by reference.

All leases awarded shall be executed upon terms and conditions provided in the current State lease form with all applicable riders appended thereto, including but not limited to provisions as follows: Should lessee fail to begin the actual drilling (spudding in) of a well or pay rentals on or before such date, lessee shall terminate as to both parties as to the entire land embraced in the lease, unless on or before such date lessee shall pay or tender as rental (which shall in no way be considered as bonus offered), which shall cover the privilege of deferring drilling operations for a period of one year next succeeding the primary term of three years. The lease shall provide for the drilling of offset wells where necessary to protect the State's interest and shall contain the provisions against the assignment or sublease of the lease unless approved by the State Mineral Board. The lessee shall have the right to enter into pooling or unitization agreements with respect to development of the lease premises subject to the approval of the State Mineral Board.

Certified check, cashier's check or bank money order payable to the OFFICE OF MINERAL RESOURCES for the full amount of the cash bonus, shall accompany the bid or bids submitted. Any and no bid thus submitted may be withdrawn or cancelled by the bidder after the bid is opened and the certified check, cashier's check or bank money order accompanying the bid of the successful bidder will be immediately negotiated by the OFFICE OF MINERAL RESOURCES and the proceeds thereof disbursed in the manner required by law. The successful bidder to whom the lease is awarded will be required to execute a lease and furnish the bond as required by law within TWENTY (20) DAYS after bidder's receipt of notification of forfeiture of the lease and the bonus previously tendered shall be forfeited in the event of failure to do so.

NOTE: The right of all state offices, boards and agencies offering certified checks, cashier's checks or bank money orders for the cash bonus to be made payable to the OFFICE OF MINERAL RESOURCES is hereby waived.

Any Amendment, Assignment or Agreement entered into after the State Mineral Board has awarded such lease must be approved by the Land Agency or Agencies

Consideration of bids by the Board as expressed in a resolution adopted August 12, 1965, all bidders are hereby notified that bids on tracts which contain lands described by metes and bounds and are accompanied by a transparent plat outlining thereon the portion bid upon, the scale of the plat should be inch = 4,000 feet

The State Mineral Board reserves the right to reject any and all bids or to grant a lease on any tract for a lesser acreage than is applied for, or to withdraw the remainder of the tract.

OFFICE OF MINERAL RESOURCES
ON BEHALF OF THE
STATE MINERAL BOARD
FOR THE STATE OF
LOUISIANA

Published in the Baton Rouge State-Times on August 10, Aug. 11 and August 24, 1977, and in the Official Journal of the Parishes in which the property is located

Tract 14602 — State Agency — Cameron Parish, Louisiana — A certain tract of land subject to the Gravity Drainage District Number 4 of Cameron Parish, Louisiana, described as the Creole Drainage Canal in the Southeast Quarter (NW/4) of Section 29, Township 14 South, Range 7 West, and being a strip of land 100 feet wide beginning at a point where said Creole Drainage Canal intersects with the North boundary of the Northwest Quarter (NW/4) of said Section 29; Thence Southeasterly direction with the meanders of said Canal a distance of approximately 2,694.25 feet across said Section 29 to a point where said Canal intersects with the South line of the Northwest Quarter (NW/4) of said Section 29, estimated to contain approximately 6.18 acres as shown outlined in red on Section 29, Township 14 South, Range 7 West. Department of Natural Resources Tract No. 14602.

The lessee agrees not to erect any structures or other equipment or use any of the leased premises nor shall lessee conduct operations in such manner, with lessor's use of the premises, that lessee shall have, however, the complete privilege to drill for, produce, extract and recover by means of wells drilled beneath said land by drilling on any land adjacent thereto, operations conducted from the surface of such adjacent land by the pooling or unitization of the land with other land, lease or leases in the area."

All bids are to offer a cash bonus for a lease having a primary term of two (2) years and a royalty of one-eighth (1/8) of all oil produced and saved, one-eighth (1/8th) of all gas produced and saved, one-eighth (1/8th) of all other liquids or gaseous hydrocarbons produced and saved, and a royalty of one-eighth (1/8th) of sulphur produced (sett to accept a bid only if the bid offers a royalty of not less than 25 cents ($.25) per long ton of sulphur produced and saved, and a royalty of ten cents ($.10) per ton of potash produced and saved, and a royalty of one-eighth (1/8th) of all other liquids or gaseous hydrocarbons produced and saved. Tract 14603 — Cameron Parish, Louisiana — All of the lands now or formerly constituting the beds and bottoms of all water bodies of every nature and description and all islands and other lands formed by accretion or reliction, except fast lands owned by private parties, within the following described tract: Beginning at the Northeast corner of Louisiana State Lease No. 6980, as amended; thence Easterly, Northerly and Easterly along the boundary of said State Lease No. 6980 to its Northeast corner; thence West approximately 2,300 feet to the Westerly bank of Sabine Lake; thence Northerly along the Westerly bank of Sabine Lake to its intersection with a line having a Lambert Plane Coordinate of Y = 505,540.00 feet; thence North to a point having Lambert Plane Coordinates of X = 499,700.00 and Y = 505,540.00 feet; thence West approximately 1,505,240.00 feet to the point of beginning, estimated to contain approximately 818.37 acres, as shown outlined in red on a plat on file in the Office of the Secretary, Department of Natural Resources. All bearings are based on Louisiana Lambert Plane Coordinate System (South Zone).

All bids are to offer a cash bonus for a lease having a primary term of two (2) years and a royalty of one-eighth (1/8) of all oil produced and saved, one-eighth (1/8th) of all gas produced and saved, one-eighth (1/8th) of all other liquids or gaseous hydrocarbons produced and saved, and a royalty of one-eighth (1/8th) of sulphur produced (sett to accept a bid only if the bid offers a royalty of not less than 25 cents ($.25) per long ton of sulphur produced and saved, and a royalty of ten cents ($.10) per ton of potash produced and saved, and a royalty of one-eighth (1/8th) of all other liquids or gaseous hydrocarbons produced and saved. A bid of a royalty less than as aforesaid statutory minimums will be invalid and will not be considered by the Board. All bidders are notified that the Board does not intend to accept a bid which offers the aforesaid statutory minimums, but reserves the right to accept a bid which offers in excess of the aforesaid statutory minimums as considered most advantageous to the State of Louisiana.

With respect to royalty bids on sulphur and potash, prospective bidders are advised that the Board, by policy, has expressed a preference that bids on sulphur and potash be on a percentage or fraction-al basis, in excess of the statutory minimums, and that such suggested percentage is 12 1/2% or fraction-al percentage thereof, but the entire bid is considered most advantageous to the State of Louisiana.

The provisions of this notice or advertisement and the relevant statutes establish the material considerations necessary for the formation of proper bids, and this notice or advertisement shall not be deemed to be modified, enlarged or diminished by resolutions of policy expressions of the Board not incorporated herein expressly or by reference.

All leases awarded shall be executed upon terms and conditions provided in the current State lease form with all applicable riders appended thereto, including but not limited to provisions as follows: Should lessee fail to begin the actual drilling (spudding in) of a well or pay rentals on or before such date, lessee shall terminate as to both parties as to the entire land embraced in the lease, unless on or before such date lessee shall pay or tender as rental (which shall in no way be considered as bonus offered), which shall cover the privilege of deferring drilling operations for a period of one year next succeeding the primary term of three years. The lease shall provide for the drilling of offset wells where necessary to protect the State's interest and shall contain the provisions against the assignment or sublease of the lease unless approved by the State Mineral Board. The lessee shall have the right to enter into pooling or unitization agreements with respect to development of the lease premises subject to the approval of the State Mineral Board.

Certified check, cashier's check or bank money order payable to the OFFICE OF MINERAL RESOURCES for the full amount of the cash bonus, shall accompany the bid or bids submitted. Any and no bid thus submitted may be withdrawn or cancelled by the bidder after the bid is opened and the certified check, cashier's check or bank money order accompanying the bid of the successful bidder will be immediately negotiated by the OFFICE OF MINERAL RESOURCES and the proceeds thereof disbursed in the manner required by law. The successful bidder to whom the lease is awarded will be required to execute a lease and furnish the bond as required by law within TWENTY (20) DAYS after bidder's receipt of notification of forfeiture of the lease and the bonus previously tendered shall be forfeited in the event of failure to do so.

NOTE: The right of all state offices, boards and agencies offering certified checks, cashier's checks or bank money orders for the cash bonus to be made payable to the OFFICE OF MINERAL RESOURCES is hereby waived.

Any Amendment, Assignment or Agreement entered into after the State Mineral Board has awarded such lease must be approved by the Land Agency or Agencies

Consideration of bids by the Board as expressed in a resolution adopted August 12, 1965, all bidders are hereby notified that bids on tracts which contain lands described by metes and bounds and are accompanied by a transparent plat outlining thereon the portion bid upon, the scale of the plat should be inch = 4,000 feet

The State Mineral Board reserves the right to reject any and all bids or to grant a lease on any tract for a lesser acreage than is applied for, or to withdraw the remainder of the tract.

Published in the Baton Rouge State-Times on August 10, Aug. 11 and August 24, 1977, and in the Official Journal of the Parishes in which the property is located

Tract 14584 — Cameron Parish, Louisiana — All of the lands now or formerly constituting the beds and bottoms of all water bodies of every nature and description and all islands and other lands formed by accretion or reliction, except fast lands owned by private parties, within the following described tract: Beginning at the Northeast corner of Louisiana State Lease No. 6998, having Lambert Plane Coordinates of X = 1,377,295.42 and Y = 471,300.00, thence North 1,000.00 feet to a point having Lambert Plane Coordinates of X = 1,377,295.42 and Y = 472,300.00; thence Southerly approximately 9,000 feet to a point on the Westerly bank of Sabine Lake; thence Southerly along the Westerly bank of Sabine Lake to the intersection with a line having a Lambert Plane Coordinate of Y = 461,000.00; thence West approximately 2,500 feet to the Northeast corner of said State Lease No. 6998, having Lambert Plane Coordinates of X = 1,377,225.00 and Y = 461,000.00, thence North 10,300.00 feet with the East line of said State Lease No. 6998 to the point of beginning, estimated to contain approximately 1,113 acres, as shown outlined in red on a plat on file in the Office of the Secretary, Department of Natural Resources. All bearings are based on Louisiana Lambert Plane Coordinate System (South Zone).

Tract 14585 — Cameron Parish, Louisiana — All of the lands now or formerly constituting the beds and bottoms of all water bodies of every nature and description and all islands and other lands formed by accretion or reliction, except tax lands, owned by and not under mineral lease from the State of Louisiana on March 15, 1977, situated in Cameron Parish, Louisiana, within the following described bed boundaries: Beginning at the Southeast corner of State Lease No. 6934, having Lambert Plane Coordinates of X = 1,213,966.48 and Y = 446,204.54, thence South 5,000.00 feet; thence South 73 degrees 31 minutes 00 seconds West 18,847.17 feet to the most Southerly Southeast corner of State Lease No. 6935, having Lambert Plane Coordinates of X = 1,195,863.08 and Y = 435,962.13; thence along the Southeast Land and Natural Resources Building, Baton Rouge, Louisiana, on or before the 14th day of September, 1977, at 1:00 p.m. for the purpose of offering for lease for oil, gas and any other liquid or gaseous hydrocarbon minerals, sulphur and potash in and on the following described lands and water bottoms described in Tract No. 14613 through Tract No. 14618, at which time and date the bids will be opened publicly in the Land and Natural Resources Building, Capitol Complex, Baton Rouge, Louisiana. The description of said tracts are more particularly set out below.

Notice is given that the State reserves and excepts unto itself in the lease provision to insure the payment of royalties accruing under the leased property without regard to any subsequent prescription or litigation until lease is released by the State, and reserves the exact language therein contained in a valuable potash lease executed by officers at the Office of the Secretary, Department of Natural Resources or the Office of Mineral Resources on behalf of the State of Louisiana.

All leases awarded shall be executed upon terms and conditions provided in the current State lease form with all applicable riders appended thereto, including but not limited to provisions as follows: Should lessee fail to begin the actual drilling (spudding in) of a well on the lease premises on or before such date, lessee shall terminate as to both parties as to the entire land embraced in the lease, unless on or before such date lessee shall pay or tender as rental (which shall in no way be considered as bonus offered), which shall cover the privilege of deferring drilling operations for a period of one year next succeeding the primary term of three years. The lease shall provide for the drilling of offset wells where necessary to protect the State's interest and shall contain the provisions against the assignment or sublease of the lease unless approved by the State Mineral Board. The lessee shall have the right to enter into pooling or unitization agreements with respect to development of the leased premises subject to the approval of the State Mineral Board.

All operations under leases executed hereunder shall be conducted in accordance with Rules and Regulations adopted and approved by the State Mineral Board and the Conservation Commission, including but not limited to the following rules: Access to or on the leased premises for drilling and production operations shall be by road or waterway as the State may direct. Whenever it is determined by the State Mineral Board that the Louisiana Wild Life and Fisheries Commission's interest in the area of operations is necessary, this Board may require the direct compliance with the specifications set forth by the State Mineral Board and the Louisiana Wild Life and Fisheries Commission. The Commission will be permitted to use the roads and waterways at all reasonable times. The rules and regulations are on file in the Office of the Secretary, Department of Natural Resources or the Office of Mineral Resources and copies may be obtained upon request. The rules and regulations shall be considered a part of the lease and incorporated therein or not.

Certified check, cashier's check or bank money order payable to the OFFICE OF MINERAL RESOURCES for the full amount of the cash bonus, shall accompany the bid or bids submitted. Any and no bid or deposit may be thereafter withdrawn or cancelled by the bidder and no bid thus submitted may be withdrawn or cancelled by the successful bidder in the event he fails or refuses to execute a lease and cash bonus thus deposited shall be forfeited in the event the successful bidder in the event he fails or refuses to execute a written contract within TWENTY (20) DAYS after receipt of WRITTEN LEASE IS SUBMITTED TO HIM FOR EXECUTION.

Consistent with the policy of the Board as expressed in a resolution dated August 12, 1965, all bidders are hereby notified that bids on portions of tracts should be described by metes and bounds and be accompanied by a transparent plat outlining thereon the portion bid upon. The scale of the plat should be inch = 4,000 feet

The State Mineral Board reserves the right to reject any and all bids or to grant a lease on any tract for a lesser acreage than is applied for, or to withdraw the remainder of the tract.

21st Year--No. 45 Cameron, La., Aug. 18, 1977

Cameron vocalist--Jessye Roux

Jessye records album

A young Cameron vocalist has just had her first L.P. album released.

Jessye Roux, 25, recorded ten songs in the "sad vein" for the album which is entitled "His Memory's All Around."

The title tune was written by two other Cameron parish country musicians--Teddy Broussard and Jerry Furs and the album was produced by Broussard.

There is one other Broussard-Furs song on the album --"My Love Song For You." Others are well known country songs by Webb Pierce, Kris Kristofferson, Conway Twitty and others.

The daughter of Mr. and Mrs. Ashburn Roux, who operate a store in Cameron, Jessey has lived in Cameron all her live and she has been singing since she was a little girl.

She has made some individual records in the past and has been to Nashville to meet the country music greats.

Free meal policy is announced by officials

The Cameron Parish School Board has announced a free and reduced price meal policy for school children unable to pay the full price of meal served in schools under the National School Lunch and School Breakfast Programs.

Local school officials have adopted the following family-size income criteria for use in determining eligibility.

Free and reduced price meals eligibility is based on the number of persons in the family and the family's annual income. A schedule that gives this information is available at the Cameron parish school board office or from the high school principals.

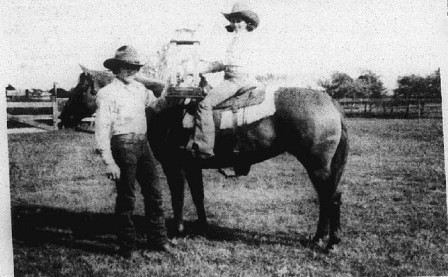
Children from families whose income level is at or below those shown are eligible for meals free or at reduced prices. In addition, families not meeting these criteria but with other unusual expenses due to unusually high medical expenses, shelter costs in excess of 30 percent of income, special education expenses due to the mental or physical condition of a child and disaster or casualty losses are urged to apply.

They may do so by filling in the application forms sent home in a letter to parents. Additional copies are available at the principal's office in each school. The information provided on the application will be confidential and will be used only for the purpose of determining eligibility. Applications may be submitted any time during the school year.

Kindergarten meeting set

Parents of entering Kindergarten students at Cameron Elementary School are requested to attend a pre-school meeting in the Kindergarten Building at 9:30 a.m. Friday, Aug. 19.

Miss Madelin Colligan, Kindergarten teacher, will explain the school callendar, give out class assignments, discuss Kindergarten fees and assign party and refreshment chairmen.



ROXANNE MYERS here received the Raleigh Rutherford memorial award from Tony Ledano at the recent Cameron Parish Junior Light Horse Show.

Roxanne is trophy winner

Roxanne Myers, daughter of Mr. and Mrs. Clifford Myers of Creole, was named all Around High Point winner at the recent annual Cameron Parish Junior Light Horse Show in Cameron.

Roxanne accumulated the most points in halter and performance classes with her quarter horse mare, "Puddin Lite."

She is a member of the South Cameron Senior 4-H club.

For her accomplishment she was presented with the Raleigh Rutherford memorial awarded by Tony Ledano, a grandson of the man in whose memory the trophy is given each year.

The award is a rotating trophy and was won by Tony Ledano in 1973, Sterling Vaughn in 1974 and 1975 and Stacy Mudd in 1976.

Miss Mudd, a South Cameron Jr. 4-H member was second place winner at this year's show with her quarter horse mare "Christy."

Other winners were: Brain Theriot, South Cameron High; Lance Mudd, South Cameron Elementary; Beth Greathouse, Grand Lake Elementary; David Boudreaux and Mary Boudreaux, South Cameron Elementary.

Election is Saturday

Residents of Ward 5--the Johnson Bayou-Holly Beach area--will vote Saturday, Aug. 20 on four tax propositions which, if passed, will provide a water and fire protection system for the area. The combined amount of bonds are $2,400,000.

In Waterworks District No. 10 bonds totaling $1,200,000 would be issued for a 25 year period with a two mill tax being assessed to retire the bonds.

In Fire Protection Dist. No. 10, which covers the same area, bonds totaling $1,200,000 would be issued to be retired by a three mill tax.

Since a large portion of the land in Ward 5 is owned by non-residents, the actual cost of the systems to the resident property owners will be relatively light.

If the issues are approved, water wells will be drilled in the Hackberry area and the water brought south across the marsh by pipeline. This is because no good usual water was found in the Ward 5 area.

4-Hers winners in contests

Four Cameron Parish 4-H members won in the 1977 State 4-H Record Book contest, according to Gary Wicke, Cameron 4-H Agent. They are: Mike Beard, Grand Lake, Field Crops; Beth Greathouse, Grand Lake, Horse; Mike Prescott, Johnson Bayou, Boys Achievement; and Christine Chesson, Grand Lake, Sheep.

They will attend the National 4-H Congress in Chicago, Ill. in November.

Winners in the Blue Ribbon group were: Rene Boudreaux, Girls Achievement and Girls Leadership, South Cameron; Terry Beard, Grand Lake; Agricultural Program; Mike Prescott, Johnson Bayou, 4-H Conservation of Natural Resources; Mary Manuel, Grand Lake, Horticultural; Mike Beard, Grand Lake, Petroleum Power; Therese Powers, Hackberry, Community Relations and Christine Powers, Hackberry, Girls Electric, Central Southwest District.

Junior Records for medals were: Suzanne Greathouse, Grand Lake, Forestry; Denise Rutherford, South Cameron, Handicraft and J. B. Glenn, Grand Lake, Woodwork.

Registration set at school

Cameron Elementary School will have a Pre-registration Day Friday, Aug. 19. All parents who have children who will be entering Cameron Elementary for the first time this fall are requested to pre-register these students on Friday between 9-12 at the school office.

Parents should bring birth certificate, immunization record, and whatever school records they may have from the previous school.

Beginning Kindergarten students who were registered last spring need not attend.

Hearing set on water rates

A hearing on the proposed increase in water rates and charges by the Holly Beach Waterworks, Inc. will be held at 9:30 a.m., Sept. 1 in the Louisiana Public Service Commission Office, Room 1630, North and 4th St. in Baton Rouge.

Anyone wishing to give testimony in the hearing should be present.

Rev. House to be honored

An appreciation celebration will be held at 2 p.m. Sunday at Ebenezer Baptist Church honoring the pastor, Rev. R. B. House for 25 years of service.

The theme is, "God's Courageous Man."

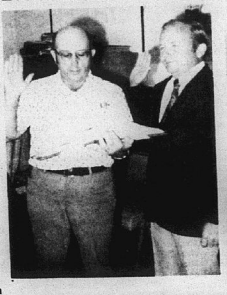
Guest speaker will be the Rev. Willie Stephenson of the Straightway Baptist Church of Moss Bluff.

Highlights of the program are as follows: solos by Tola Basker, Mrs. Rebecca LaSalle, and Leslie Raynor; welcome address, Anthony Bartie; "What the Pastor is To the Church," Warren Jones, Sr.; tribute to the pastor, Mrs. Louise Cole; selections, Community Gospel Singers.

Sowela Tech to offer classes

Sowela Technical Institute will offer evening extension classes in various occupational areas beginning the first week of September, 1977.

These programs are designed to assist employed persons in gaining further knowledge and skills concerning their present occupations and also in learning new skills which might enhance their employment opportunities.



KENNETH DUCOTE, new police juror for the Hackberry area, is shown above being administered to oath of office by Roland Primeaux, Cameron clerk of court.

Raccoon limit is established

Effective September 10 there will be a bag limit of one raccoon per legally licensed person in a group hunting raccons at night, according to the Department of Wildlife and Fisheries. The bag limit was established by the Wildlife and Fisheries Commission at a public meeting in Morgan City July 12.

Establishment of a bag limit on raccoons except during the trapping season resulted from a directive contained in Act 171 of the 1977 Legislature dealing with sport hunting of raccoons, according to J. Burton Angelle, department secretary.

He said that enforcement of the new regulation would begin September 10 and pointed out that the new Act specifically forbids the taking of raccoons from boats and motor vehicles.

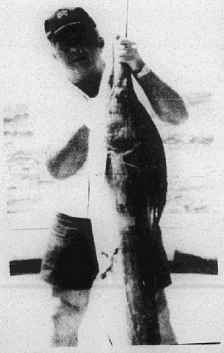
Angelle said that basic regulations pertaining to the hunting of raccoons at night by sport hunters had not bee changed. It is legal for two or more hunters with one or more dogs to take raccoons at night with the aid of headlights and one .22 rim fire rifle.

It is still illegal to take raccoons during daylight hours except during the trapping season.

He said that the bag limit of one raccoon per person per night in coon hunting parties would not be applicable during the trapping season. The 1977-78 trapping season, including raccoons, will run from December 1 through February 28, 1978.

Aging meet set

Rev. Minns Robertson, director of the Council on Aging, announces there will be a Creole-Grand Chenier Aging meeting Monday Aug. 22 at 10 a.m. at the American Legion Home. All members are urged to attend and bring a guest.



BRAXTON BLAKE of Cameron is shown with the 57 1/2 pound white marlin he caught at South Pass aboard the Bertie Jo. The fish took first place in the Southwest Louisiana Fishing tournament of Lake Charles.

Damaged crew boat at Cameron dock

Two killed in boat explosion

One man was killed and another was missing--and presumed dead--following an explosion and fire aboard an oil company crewboat in the Gulf Monday night about 3 1/2 miles off Constance Beach near Cameron.

The vessel was the Flying Diamond I owned by Dowell Company and under lease to Gulf Oil Co.

Killed in the explosion was Jack Fowler, 24, of Oil City, La.

Coast Guard officials are still investigating the case of the explosion Part of the seven-man crew was reportedly unloading some chemicals at an oil platform when the explosion occurred, a coast guard official said.

A Coast Guard spokesman said the possibility of finding the missing man is slight.

Five persons were rescued. Four of those were treated at a Cameron hospital and released while the fifth was held for further treatment.

The vesell was towed into Cameron.

Loans available for rice drying & storage units

Calcasieu and Cameron parish farmers can borrow money from the Agricultural Stabilization and Conservation Service to construct storage and drying equipment structures on their farms through the loan program administered by ASCS.

According to Charles S. Hackett, County Executive Director for the Agricultural Stabilization and Conservation Service in Calcasieu and Cameron parish, the loan program features interest rate at 7 percent for the period of the loan, maximum amount of loan $50,000, loan on 85 percent of the total eligible cost of the structure, and inclusion of concrete and electrical wiring as part of the cost.

The farm storage and drying equipment loan program is designed to provide farmers the opportunity to construct on-farm storage facilities for storing their commodities and selling as a time when the price may be higher. In other words, on-farm storage facilities provide farmers with another marketing tool Hackett said.

The program is not restricted to landowners as in some cases farmers not owning any land may qualify and be eligible to receive a loan.

The Calcasieu-Cameron parish Agricultural Stabilization and Conservation (ADC) Committee determines if the proposed farm storage or drying equipment is needed on the farm for which the loan application is made Hackett said.

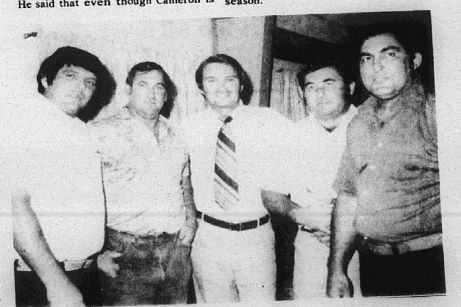
Congressman honored

Congressman John Breaux was honored Tuesday night of last week at a dinner given by parish civic leaders at the KC hall in Creole.

He thanked the people for the vote of confidence that Cameron parish has always given him, pointing out that Cameron parish led the state in the percentage of votes cast for him in the election.

He said that even though Cameron is the smallest parish in the state population wise it has many things that are important to him and to Louisiana, such as the hunting, fishing, and the oil industry.

He touched on some of the projects for the parish that he is working on at this time, including the Cameron-Creole Watershed program, mermentau channel maintenance, and a bigger alligator season.



PICTURED AT a dinner honoring Congressman John Breaux in Creole last week were, from left: Melvin Boudreaux, Louis Canik, Congressman Breaux, Lyle Crain and Frank Theriot.

Mr. and Mrs. Donald Thomas, of Baton Rouge visited the Frank Hoopers and the Waybern LaBoves in Big Lake and Mrs. Elray LaBove also spent a few days there, and they all attended a barbecue at the Waybrn LaBoves.

Mr. and Mrs. Curtis Roux and Rindy Linn Biaulleaud, of Houma spent a week with Mr. and Mrs. Douglas Murphy, and visited the Brown Watts, the Rolland Rouxs and us.

Mrs. Jeri MOore, Carroll, Paul, Bethann, Michael and Patrick, of Lake Charles and Mrs. Russell Nunez, Cline and Carson recently returned from a week's vacation at Fort Walton Beach, Fla. En route home, they visited an aunt, Mrs. Beulah Perkins and places of interest in New Orleans.

BIRTHDAY

A joint birthday party was given by Mrs. Mason Istre Aug. 7 for Pierre Savoie, 79 years young, and Fagon Istre, 14 in the home of Mr. and Mrs. Pierre Savoie. Thos attending were Mr. and Mrs. Mason Istre, and Marria, the Guidry Savoie family, the warner Daigle family, the Ronnie Hebert family of Lake Charles, Mrs. Virgie Trahan, and Mike, Mrs. Burton Daigle and Mrs. Allie Murphy.

BARBECUE

A barbecue was given recently by Mr. and Mrs. Guidry Savoie. Kermit Murphy of Arizona attended, and the above mentioned in the birthday party also attended.

Mrs. Allie Murphy, spent the weekend in Cartyss with Mrs. Cleo Vallett.

Gumbo cooks

Teachers named for School of Religion

Teachers of the Sacred Heart School of Religion will be commissioned by the pastor, Msgr. M. J. Bernard in special ceremonies during Mass Saturday, Aug. 27 at 5 p.m. at the church.

They are: Mrs. John F. Boudreaux and Mrs. Kermit Conner, 2nd grade; Mrs. Robert Landry and Mrs. Harry Conner, 3rd grade; Mrs. Alvin Mudd and Mrs. J. M. Theriot, 4th grade; Mrs. Gerald Guidry and Mrs. E. R. Hendrix, 5th grade; Mrs. Winston Theriot and Mrs. Kirk Landry, 6th grade; Mrs. Sidney Savoie and Mrs. Brandon Carter, 7th grade; Mrs. Thomas Mudd and Miss Sandra Miller, 8th grade; and Mrs. Adam Conner and Mrs. Elougia Richard, 9th grade.

Teachers' aides for these grades are: Mrs. Joe G. Boudoin, Mrs. Harold Carter, Mrs. Wilson Conner, Mrs. J. B. Meaux, Mrs. Curtis Portie, Mrs. Willard Savoie and Mrs. James J. Savoie.

Conducting the 10th through 12 grade program are: Msgr. Bernard, John Driscoll, Robert Landry, Norbert LeBouef, Layton Miller and Clifford Myers.

Religious instructions will begin Tuesday, Sept. 6 after school in the Life Center.

Classes will be conducted on Tuesdays for grades 2 through 5; on Wednesdays for grades 10 through 12 and on Thursdays for grades 6 through 9.

As in the past, there will be no classes scheduled on school holidays during the year.

Newcomers in the parish should register their children this coming week-end after Mass in the Pastor's office.

Local people go on extended vacation

Marty and Lola LaBove, Sue Conner, Elma Rome and Nita Vincent recently enjoyed a five-state vacation. They went to Los Angeles, Calif. and made tours of the movie stars homes and Universal Studio.

They visited Disneyland, Hollywood Wax Museum and Museum of Living Art, Farmers Market and Mann's Chinese Theatre where two characters of the movie "Star Wars" had just left their footprints.

From there they went to Las Vegas, Nevada and stayed at the MSM Grand Hotel where they saw Mac Davis, Joan Rivers, Flip Wilson, Shields and Yarnell, Dick Clark, Bo Diddely, Freddie Cannon and the Shirelles.

Marty and Sue got an extra treat when they rode in the elevator with Don Meredith, ex-Dallas Cowboys football player.

On the way home they visited Hoovers Dam and Six Flags Over Texas. They ended the trip with a dinner at the Victoria Station in Houston.

In the hope of rain at the beginning of the dry season, some Portuguese place a dummy dressed for rain on their rooftops!

New books at library

New books at the Cameron parish library include:

The Complete Home Handyman's Guide edited by Hubbard Cobb. This book describes every conceivable kind of home repair and maintenance.

The Great American Amusement. Parks by Kyriazi. A Pictorial history.

Don't Throw it away by Abell and Making Treasures from Trash, by Darman. Two books of unusual craft projects which turn household throwaways into objects of lasting value.

Treasure by Daley. The story of the most successful and most tragic treasure hunt of modern times.

Three Years with Company K by Stearns. A Narrative of a 24-year-old man who volunteered for three years service in the Infantry of the Union Army.

The Second Time Around by Westoff. Re-marriage in America.

The Living Dock at Pancaea by Rudlae. The adventures and misadventures of a professional marine specimen collector and of the barnacle-encrusted dock which connects him with the sea life of the bay, the mud flats, the grassbeds, and the marshlands of Florida's Gulf Coast.

FUNERALS

FRANCIS R. MURPHY

Funeral services for Francis Roy Murphy, 69, of Creole were held Monday, July 18, from Sacred Heart Catholic Church.

Burial was in the church cemetery under direction of O'Donnell-Hixon Funeral Home.

Mr. Murphy died at 9:40 a.m. Saturday at his home.

He was a lifelong resident of the Creole area.

Survivors are his wife, Mrs. Allie Vincent Murphy; two sons, Melvin Murphy of Freeport, Tex., and Kermit Murphy of Phoenix, Ariz.; one daughter, Mrs. Alva Mae Savoie of Cameron; three sisters, Mrs. Pierre Coney Savoie of Cameron, Mrs. Edith Vallette and Mrs. Tillie Mudd, both of Sulphur; 11 grandchildren and five great-grandchildren.

MRS. JULIE DUPLANTIS

Funeral services for Mrs. Julie (Sweet) Duplantis, 61, of Lake Arthur were at 10 a.m. Monday, Aug. 15, from Our Lady of the Lake Catholic Church.

The Rev. Gerald O. Smit, pastor, officiated. Burial was in St. Anthony Cemetery under direction of Miguez Funeral Home.

Mrs. Duplantis died at 11 p.m. Saturday, Aug. 13, in a Kaplan hospital. She was a life long resident of Lake Arthur.

Survivors include her husband, William Duplantis of Lake Arthur; two daughters, Mrs. Judy Thibodeaux, of Lake Arthur and Mrs. Jackie DeLaunay of Cameron; two sons, James Duplantis of Baton Rouge and Stanley Duplantis of Houma; her mother, Mrs. Eupthemi Pleasance of Lake Arthur; one sister, Mrs. Margaret Lauson of LaMarque, Tex., and three grandchildren.

The Challenge of Genealogy

by MARIE WISE

Ernest Anthony Carvin was born in Bay St. Louis, Miss. and grew up in Biloxi. His mother was a Bourgeois, related to the Guidry and Saucier families and his paternal grandfather was born in New Orleans.

Genealogist and historian for the family, Carvin has done a tremendous amount of research into his Mississippi-Louisiana roots. So far he has published five volumes and is contemplating a sixth on the Guidry Family.

The following four books are available from: Ernest A. Carvin, 569 Garfield Ave., Belford, N.J., 07718. Each is 8½ x 11 in., post-bound, indexed.

CARVIN-ISTVAN

"Genealogy of the Carvin-Istvan Families", 249 pp., softcover, $15.00 traces the Carvin line to Jean Baptiste of Marseille, France, age 42 in 1795, privateer for the French government. His son, Sieur Jean Baptiste, was born in Charleston, S. Car., in 1794, married Felicite Netilde Saucier in New Orleans in 1820.

The Sauciers are traced from New Orleans to Quebec to Paris in the early 1600s and the LaCroix family from Miss. to Illinois to Canada to France. Other related lines include: Bourgeois, Baudin, DeDeaux, Girardy, Laloire, Favre, DeGuerre, etc.

Mrs. Carvin's lines are Stefen-Istvan, Estock-Istok and other Czechoslovakian families who settled in and near Pennsylvania.

There are many pages of family group sheets and charts, plus photos, reproductions of marriage licenses, birth certificates, baptisms, newspaper clippings, and perhaps 2,000 names in the index.

FAYARD-LACROIX

"Genealogy of the Fayard, Lacroix, Lizana, Dubuisson and Cuevas Families", 76 pp., hardcover, $8.25, traces the Mississippi Fayards from the early 1800s and the Lacroix family (de la Croix) from France in the 1600s to Canada to Illinois in 1723. Barbara, daughter of the American immigrant, Francois, married Don Henrrique Saucier of Mobile, Ala. in 1732.

The Lizana (Lizania, Lazana) family is traced from Spain to Miss., the Dubuissons in Miss., the Cuevas (Quaves, Quavres, etc.) from Miss. and Cat Island. Other related lines include: Fontaine, Moran, Dedeaux, Nicaise, Langlois, etc., and several hundred references in the index.

GEORGE-TANNER

"Genealogy of the George, Tanner, Mallet, Santa Cruz, Abla, Ryan and Parker Families", 61 pp., hardcover, $10.00 traces the George line to its English immigrant, William, and his Irish wife, Mary, about the mid-1800s to Louisiana, Alabama and Miss.

The Tanner family goes back to the Carolinas, Ga., Va., Ala. and Miss. The Mallet(e) family is traced to Georgia and France, the Santa Cruz line to Ga., Switzerland, Spain and Ireland; the Abla line to Switzerland and Spain, the Voivodich to Austria and Spain, the Ryans to Spain, France and Ireland, and the Parkers to the Carolinas, Ga., Md., Sweden, Prussia and England. The index lists about 500 names.

LADNER-LALOIRE

"Genealogy of the Ladner Dit Christian, Jousset Laloire, Baudin, Tixerant, Blaize, Netto, Combel and Tarzetti Families", 80 pp., hardcover, $9.00 traces the Ladner (Laudner, Ladnier) families of New Orleans, the Laloire (or de la Loire) family from France to Canada to Alabama to New Orleans. Jousset LaLoire moved to St. James parish in 1776 and died there in 1782.

Aging meet to feature dance

The Cameron Fellowship on Aging will meet Sunday evening at 6 p.m. at Wakefield United Methodist Church. All people who are 60 or older, their husbands and wives are invited.

The special feature of the program will be a Square Dance demonstration by a team from the Lake Charles area. Other interested people are also invited. Refreshments will be served and other regular features of the Fellowship on Aging will be observed.

This fellowship is sponsered by the Catholic Daughters of Our Lady Star of the Sea Catholic Church and the United Methodist Women of Wakefield Memorial and alternates monthly between facilities of the two churches.

To be married

Mr. and Mrs. Ernest Lee Broussard of Lake Charles announce the engagement and forthcoming marriage of their daughter, Julie Ann, to Anthony Thompson, son of Mr. and Mrs. Eriel P. Thompson of Lake Charles. The couple will exchange wedding vows Saturday, Sept. 10, at 2 p.m. in Christ of King Chapel of Lake Charles.

Congressman shows up for ice cream party

An old-fashioned ice-cream party highlighted the annual Family Night sponsored by the Creole Extension Homemakers Club, Aug. 9. The affair was held at the American Legion Hall in Creole with members, their families, and guests enjoying a variety of homemade ice-cream and cookies.

The group was treated to an unexpected surprise when Congressman John Breaux dropped in to visit. Congressman Breaux happened to be at the neighboring K.C. Hall as guest-of-honor at a gumbo supper when he heard about the ice-cream party staged by the Creole club. He told the Homemakers group that he simply couldn't resist getting in on the "rare" homemade goodies.

Following refreshments, the group was shown a film on "Louisiana Cajun Country."

The door prizes were given at the end of the affair with winners as follows: Mrs. William Morris, ladies' door prize; Robert Fruge, men's door prize; and Derinda Morris, children's door prize.

Local guests included Mrs. Joyce Sturlese, Mrs. Laura Richard, John Sturlese, Mike Montie, and David Montie. An out-of-town guest was Faye Viator of New Iberia.

"What nobody seeks is rarely found." Pestalozzi

Bingo to be held each Sun. at St. Rose

Bingo games will be held Sunday night Aug. 21, at 7:20 p.m. at the St. Rose Catholic church hall.

Mrs. Iris Jones announced that games will be held at this time and place each week.

She also wishes to thank all of those who has helped in the organization of the event.

CIVIL DISTRICT COURT FOR THE PARISH OF ORLEANS
STATE OF LOUISIANA
NO. 584-554
DIVISION "A"
DOCKET: 1
SUCCESSION OF DR. MARTIN OWEN MILLER

FILED:
DEPUTY CLERK:

NOTICE OF APPLICATION FOR AUTHORITY TO GRANT OIL, GAS AND HYDROCARBON LEASE ON SUCCESSION PROPERTY

NOTICE IS GIVEN the Edna Kuntz Miller, the executrix of this Succession, has applied for authority to execute an Oil, Gas and Hydrocarbon Lease to Frank W. Harrison, Jr. and Jack P. Martin, on the interest of this Succession in the following described property located in Cameron Parish, Louisiana:

Tract 1

A certain tract of land lying and being situated in the Parish of Cameron, Louisiana, containing 8.127 acres, lying in the Southwest Quarter of the Southwest Quarter of Section 36, Township 15 South, Range 3 West. Bounded North by the North line, and South by the South line of the Southwest Quarter of the Southwest Quarter of Section 36, Township 15 South, Range 3 West, East by the property of Lezima Miller, and West by the property of Azena Miller. The East and West lines being parallel.

Tract 2

A certain tract of land lying and being situated in the Parish of Cameron, Louisiana, containing 8.127 acres, lying and being situated in the Southeast Quarter of the Southeast Quarter of Section 35, Township 15 South, Range 3 West. Bounded North by the North line and South by the South line of the Southeast Quarter of the Southeast Quarter of Section 35, Township 15 South, Range 3 West, East by the property of Pravate Miller, and West by the property of Milicia Miller. The East and West lines being parallel.

The above two tracts of land were conveyed to M. O. Miller by an act of partition between the Heirs of Eugene Miller and Angeline Sturlese, recorded in Volume 66, Page 40, Entry No. 52588, Conveyance Records of Cameron Parish, Louisiana.

Tract 3

A certain tract of land lying and being situated in the Parish of Cameron, Louisiana, containing 4.0635 acres, lying in the Southeast Quarter of the Southeast Quarter of Section 35, Township 15 South, Range 3 West. Bounded North by the North line, and South by the South line of the Southeast Quarter of the Southeast Quarter of Section 35, Township 15 South, Range 3 West, East by the property of Lezima Miller and West by the property of the Southeast Quarter of the Southeast Quarter of Section 35, Township 15 South, Range 3 West, a portion of the lands conveyed to M. O. Miller by Lorena Miller by act of exchange recorded in Volume 66, Page 81, Entry No. 52599, Conveyance Records of Cameron Parish, Louisiana.

Tract 4

A certain tract of land lying and being situated in the Parish of Cameron, Louisiana, containing 8.149 acres, lying in the North Half of the Northeast Quarter of Section 1, Township 16 South, Range 3 West. Bounded North by the North line and South by the South line of the North Half of the Northeast Quarter of said Section 1, Township 16 South, Range 3 West. bounded East by the property of Lezima Miller and West by the property of Azena Miller.

Tract 5

A certain tract of land lying and being situated in the Parish of Cameron, Louisiana, containing 8.149 acres, lying in the North Half of the Northeast Quarter of Section 1, Township 16 South, Range 3 West. Bounded North by the North line and South by the South line of the North Half of the Northeast Quarter of said Section 1, Township

Children have party

Children attending the Summer Story Hours held each Wednesday morning in the Cameron library were feted with a party Wednesday to mark the close of the program for the summer.

Mrs. Ada Lee Broussard, librarian, said the program had an average attendance of 44 children.

The 10 weekly sessions included stories, films and games and refreshments each day.

Some of the children attending are pictured above with a cake at their party.

Hackberry News

By MRS. VERNIE WELCH

Mrs. Annie Mae Sanner from Hackberry, daughter Jan and husband Jimmy Griffith from Jennings, have returned from a two weeks trip to London, England where they visited son Charley and wife. Charley is a patient at Westminister Hospital in London after being injured in an accident in Libya. He was flown to Westminister for treatment and will be there several weeks.

VISITORS

Mrs. Hazel Fucaldo and Mrs. Juanita Levine of New York City visited their sisters and families, Mrs. Neva Sheffield, Hackberry, and Mrs. Euia Ory from Lake Charles. While here they attended their niece, Janie's wedding.

Mr. and Mrs. Robert Sheffield and children Kathaleen and Craig visited the Delbert Sheffields over the weekend.

Mr. and Mrs. Curtis Fountain and son, C. R. from Texas City visited the Vernie Welch's over the weekend.

Mr. and Mrs. Ronnie Owens and son Rusty from Mansfield, Ark. spent the weekend with the Steve Racca family. Mr. Owens is the manager of Johnny Cake Ranch in Mansfield.

VACATION TRIP

Mr. and Mrs. Gerald Labove and children, Shawn, Krystal and Chance visited AstroWorld in Houston. They also visited Galveston. Sunday, Aug. 14 was Chance's birthday. Also making the trip was Mrs. Henry Joe LaBove and Mr. and Mrs. Glenn Monteet and son Jason.

BLACK NEWS

By MRS. LEE J. HARRISON

Marlon Harrison visited Mr. and Mrs. Douglas Dozier in Jacksonville, Fla. last week. Mrs. Rosa LeBlanc, Mrs. Annie January and Dexter Harrison are visiting the Doziers this week.

Mr. and Mrs. William Turner, Rhonda and Patrick of Balgn Rouge were weekend guests of Mr. and Mrs. Bryant Bartie.

Mr. and Mrs. George Elzie and George Jr. of Lake Charles visited Mr. and Mrs. Lee J. Harrison, Sunday.

Mr. and Mrs. J. C. Kinchey, Brenda and J. C., Jr. of Oklahoma City, Okla. visited Mr. and Mrs. Simon Harrison and Mrs. Rosa LeBlanc last Tuesday.

Rodeo school held last week at Penny's

The Little Britches Rodeo School was held Thursday, Friday and Saturday, August 11, 12 and 13 at Robert Penny Arena.

Students attending were Mike Fontenot, Billy VanWinkle, Alfred Burson, Reggie Murphy, Toby Laughlin, Terrel Boudoin, Shadd Savoie, Jamie Baudeaux, Craig Hare, Randy Dougharty, Joby Shirley, Terrell Cooper, Rags Gros, Jonathan Vallette, Neil Randolph, Tim Penny, Gerald Penny and a guest, Coleman Burson.

Trophy belt buckles were presented at the barbecue honoring the students and their parents on the last day of the school.

L. B. rodeo set Friday and Satruday

A Little Britches Rodeo will be held Friday and Saturday, Aug. 19 and 20 at 7 p.m. at the Robert Penny Arena near DeQuincy on McFatter Road.

The entry fee of $3 will include bareback, bulls, barrels, flag, poles and barrel pick-up.

There will be a jackpot bull riding at the end of the show. For more information call Sis Penny at 789-8142.

Preparations begun for church bazaar

Mr. and Mrs. Gerald Guidry have begun preparations for the 1977 Sacred Heart Catholic church Bazaar to be held Oct. 29-30 at a meeting at the Life Center of the church this week.

STATE OF LOUISIANA
PARISH OF CAMERON
NOTICE OF INTENTION TO CREATE CAMERON FIRE PROTECTION DISTRICT NO. 9 OF CAMERON PARISH, LOUISIANA

NOTICE is hereby given that the Police Jury of Cameron Parish, Louisiana, intends to create Cameron Fire Protection District No. 9 of Cameron Parish, Louisiana, to have all the powers granted and duties provided for such districts in law, and to have all the following boundaries described in law, and to have all the following boundaries described as follows, to-wit:

BEGINNING at the northwest corner of Section 2, Township 13 South, Range 5 West;

THENCE west to the center of the north line of Section 3, Township 13 South, Range 7 West, south on the half section lines to the center of the south line of Section 27, Township 14 South, Range 7 West;

THENCE west to the northwest corner of Section 32, Township 14 South, Range 7 West;

THENCE south to the Gulf of Mexico;

THENCE easterly along the Gulf of Mexico to the East line of Cameron Parish,

THENCE in a northerly direction along the east line of Cameron Parish to the Northeast Corner of Township 14 South, Range 3 West;

THENCE in a westerly direction along the north line of Township 14 South, Range 3 West, Township 14 South, Range 4 West, Township 14 South, Range 5 West to the point of beginning.

All police Jury will meet on the 6th day of September, 1977 at 10:00 a.m. in its regular meeting place, the Police Jury Room of the Courthouse Annex in Cameron, Louisiana, for the purpose of hearing objections, altering the proposed boundaries, if found advisable, and finally, creating the said Cameron Fire Protection District No. 9 of the Parish of Cameron, Louisiana.

That the governing body of said Cameron Fire Protection District No. 9 of the Parish of Cameron, Louisiana, will be the Cameron Parish Police Jury, as the Parish governing authority and the domicile of the said District shall be Grand Chenier, Louisiana, and the said Police Jury shall have authority to act and do all things as provided in Section 1495 of Title 40.

DONE and SIGNED by order of the Police Jury of Cameron, Parish of Cameron, Louisiana, this 2nd day of August, 1977.

APPROVED:

Use fresh pineapple juice or slices to tenderize meat, but don't marinate longer than two hours. The natural enzyme works fast.

NOTICE OF PUBLICATION OFFICE OF MINERAL RESOURCES ON BEHALF OF THE STATE MINERAL BOARD FOR THE STATE OF LOUISIANA BATON ROUGE, LOUISIANA
7621

By virtue of and in conformity with the provisions of Chapter 2, Title 30 of the Louisiana Revised Statutes of 1950, as amended, sealed bids will be received in the Office of Mineral Resources, State Land and Natural Resources Building, Baton Rouge, Louisiana, on or before the 14th day of September, 1977, at 1:00 p.m., for a lease to explore, drill or mine for oil, gas or other liquid or gaseous hydrocarbon minerals, and potash in and on the following described tract, to-wit:

Tract Nos. 14579 through 14580 at which time and date the bids will be opened publicly in the State Land and Natural Resources Building, Capitol Complex, Baton Rouge, Louisiana.

TRACT 14579 — PORTION OF BLOCK 4 WEST, CAMERON AREA, REVISED, Cameron Parish, Louisiana — That portion of Block 4 West Cameron Area, Revised, Cameron Parish, Louisiana, belonging to the State of Louisiana and not under mineral lease on March 23, 1977, described as follows: Beginning at a point on the East line of Block 5 West, Cameron Area, Revised, being the Southwest corner of Block 4 West, said point having a X = 1,377,795.42 and Y = 424,451.54, said point being the Southeast corner of State of Louisiana Lease No. 6853; thence East 13,702.38 feet to the point of beginning, estimated to contain approximately 1,829.0 acres, as the same is outlined in red on a plat on file in the Office of the Secretary, Department of Natural Resources. All bearings are based on Louisiana Lambert Plane Coordinate System (South Zone).

TRACT 14580 — PORTION OF BLOCK 4 WEST CAMERON AREA, REVISED, Cameron Parish, Louisiana — That portion of Block 4 West Cameron Area, Revised, Cameron Parish, Louisiana, belonging to the State of Louisiana and not under mineral lease on March 23, 1977, described as follows: Beginning at a point on the Southeast corner of State of Louisiana Lease No. 6853, thence East 15,399.84 feet to a point on the West boundary line of Block 5, said point having Lambert Plane Coordinates of X = 1,391,198.26 and Y = 424,451.54 and Y = 399,507.19; thence North 13,339.77 feet to the point of beginning, said point having Lambert Plane Coordinates of X = 1,391,198.26 and Y = 412,845.96; thence Northeasterly to a point having Lambert Plane Coordinates of X = 1,362,688 and Y = 419,991.99, said point being the most Northeasterly point of said State Lease No. 6853; thence East 13,702.38 feet to the point of beginning, estimated to contain approximately 1,829.0 acres, as the same is outlined in red on a plat on file in the Office of the Secretary, Department of Natural Resources. All bearings are based on Louisiana Lambert Plane Coordinate System (South Zone).

NOTE: It appears according to our records that a part of this tract is located within the restricted safety fairway area as set out by the U.S. Corps of Engineers, U.S. Army.

TRACT 14666 — PORTION OF BLOCK 4 WEST CAMERON AREA, REVISED, Cameron Parish, Louisiana — That portion of Block 4, West Cameron Area, Revised, Cameron Parish, Louisiana, belonging to the State of Louisiana and not under mineral lease on March 23, 1977, described as follows: Beginning at a point on the West line of Block 4, West Cameron Area, Revised, said point being the Southeast corner of State of Louisiana Lease No. 6853, Lambert Plane Coordinates of X = 1,377,795.42 and Y = 424,451.54; thence East 15,399.84 feet to a point on the West line of Block 5, said point having Lambert Plane Coordinates of X = 1,393,195.26 and Y = 424,451.54; thence North 13,339.77 feet to the point of beginning, said point having Lambert Plane Coordinates of X = 1,393,195.26 and Y = 411,111.77; thence West 15,399.84 feet to a point having Lambert Plane Coordinates of X = 1,377,795.42 and Y = 411,111.77; thence North 13,339.77 feet to the point of beginning, said point having Lambert Plane Coordinates of X = 1,377,795.42 and Y = 424,451.54, estimated to contain approximately 1,829.0 acres, as the same is outlined in red on a plat on file in the Office of the Secretary, Department of Natural Resources. All bearings are based on Louisiana Lambert Plane Coordinate System (South Zone).

All bids are to offer a cash bonus for a lease having a primary term which shall not exceed five years and granted without any warranty or recourse against lessor whatsoever, either expressed or implied, not even for return by lessor of any payments received under the lease, lessee being hereby responsible to lessee. The minimum royalties required by R.S. 30:127, as amended, are one-eighth (1/8th) of all oil produced and saved; one-eighth (1/8th) of all gas produced and saved; seventy-five cents ($.75) per long ton of sulphur produced and saved; and one-eighth (1/8th) of all other liquids or gaseous hydrocarbon minerals produced and saved. A royalty of a royalty less than the aforesaid royalty shall be considered most advantageous to the State of Louisiana.

The provisions of this notice or advertisement and the relevant statutes establish the material considerations necessary for the formulation of proper bids, and this notice or advertisement shall not be deemed to be modified, enlarged or diminished by reason of any provisions or omissions of the Board not incorporated herein expressly or by reference.

All leases awarded shall be executed upon terms and conditions provided in the current State lease form with all applicable riders applied thereto, including but not limited to provisions as follows: Lessee shall commence drilling (spudding in) of a well on the lease premises within one year from the date of the lease, the lease shall terminate as to both parties to the lease, unless on or before such anniversary date, lessee shall pay or tender rental (which shall in no event be less than one-half the bonus offered), which shall cover the privilege of deferring drilling operations for a period of one year. Subsequent drilling operations may be further deferred for successive periods of one year each during the primary term of the lease and lessee shall provide for the drilling of offset well(s) for the protection of the State's interest and shall comply with all other requirements of the State Mineral Board. The lessee shall have the right to enter into pooling or unitization agreements with respect to the lease premises and the execution of such agreements by the lessee shall be subject to the approval of the State Mineral Board.

Certified check, cashier's check or bank money order payable to the order of the Secretary of the Department of Natural Resources, for the full amount of the cash bonus submitted with each bid, and no bid will be considered unless accompanied by such certified check, cashier's check or bank money order. Any Amendment, Assignment or Sublease of the lease must be approved by the State Mineral Board before it will be valid and will not be considered by the Board. All bidders are notified that the Board does not intend to accept any bid which offers the aforesaid statutory minimums, but reserves the right to accept a bid which offers in excess of the statutory minimums and which is considered most advantageous to the State of Louisiana.

With respect to royalty bids on sulphur and potash, prospective bidders are advised that the Board, as a matter of policy, has expressed a preference for royalty bids on sulphur and potash based on a percentage or fraction of production, and that such suggested percentage is 12½% or fraction in excess of the statutory minimums, and that such suggested percentage is

Cameron Pilot

21st Year--No. 46 Cameron, La. Aug. 25, 1977

40 years ago..

DO YOU REMEMBER? This photo was taken about 1935 and Creole area farmers waiting around to get their cotton checks. Notice the old model car.

Rice given refuges to use as waterfowl feed

The United States Department of Agriculture, ASCS announced that 24,030 pounds of Nato rice was delivered to Lacassine National Wildlife Refuge in Cameron Parish as a donation from the USDA to the Refuge, to be used for wildlife feed.

The rice and from Moorehouse Parish, Bastrop, La. which was placed under loan and was later taken over by Commodity Credit Corporation.

The value of the rice on the open market would have to sell at lower than loan value to the farmer at the time his rice was placed under loan.

USDA determined that the rice purchased by CCC would prove more beneficial to the public by donating it for wildlife feed to the refuge by indirectly helping area sportsmen, therefore, being beneficial to the public.

Bobby Brown, manager of Lacassine Wildlife Refuge stated that the donated rice will be very beneficial in the "High Priority" program which is being carried on at the four National Refuges in the state and will be used on the others as well as Lacassine.

They are Catahoula, near Jena; Sabine, at Hackberry; and Delta, near Venice.

It will be spread around traps and used to lure the ducks into the traps which they cannot escape from, where they will be banded by the U. S. Fish and Wildlife Service.

The information received from the banding program will enable the Louisiana Wildlife and Fisheries Commission to determine if the state should be in another Flyway, instead of the Mississippi Flyway, as they now are.

Brown explained that Louisiana has been wanting to get out of the Flyway for sometime and this information can be vital in determining the feasibility of which one to be in.

Cancer drive over the top

Mrs. Charles F. Hebert, treasurer of the Cameron Parish Chapter of the American Cancer Society, announced that $1069.56 was collected during the 1977 Cameron Parish Crusade.

The memorial gifts collected throughout the year helped the parish reach its goal.

Mrs. Hebert said that the Memorial gifts program is one that goes on throughout the year and anyone wishing to donate money in memory of a loved one may do so by contacting a member of the memorial gift committee.

An appropriate card will be sent to the family of the deceased acknowledging the donation to the Cancer Society in memory of the loved one.

Members of the memorial gifts committee of the local chapter are: Mrs. Geneva Griffith, Mrs. Dupre Hebert, Mrs. Charles W. Hebert, Mrs. Harold Carter and Mrs. Conway LeBleu.

Two charged

Two persons were charged with aggravatd battery in connection with separate shooting and stabbing incidents here last week, according to Sheriff Claude Eagleson's office.

Fernando A. Wilson of 1015 North A. St., Pensacola, Fla., was charged with shooting Helen LaSalle of Cameron with a pistol. She was hospitalized in Lake Charles.

Haywood Thomas Jr. of Shell Keys, Fla. was charged with stabbing Annie Johnson in the arm.

Scrimmage set

The South Cameron Tarpons will meet the Merryville Panthers and the Welch Greyhounds in a scrimmage round-robin at 6 p.m., Friday, Aug. 26 at the Tarpon stadium at Oak Grove.

Refreshments will be sold at the scrimmage.

OFFICERS OF the Cameron Deep Sea Fishing Rodeo are pictured above, from left: Weldon Vincent, treasurer; Charles Perkins, president; Braxton Blake, vice-president; Mrs. Earl Mouton, secretary; Wayne Phenes, vice-chairman of board of directors; and Mrs. Patty Morales, corresponding secretary.

Directors elected

Directors were elected at the August meeting of the Cameron Parish Deep Sea Fishing Rodeo Association held last week in the Cameron Fire Station.

Charles Perkins, president, presided at the meeting where the following board was chosen: Don Criglow, Floyd Kelley, Buster Rogers, Asa Nunez, Jr., Dr. Greg Savoy, James S. Henry, Jr., Guthrie Perry, Ray Burleigh, Mrs. Braxton Blake, and Wayne Phenas who will serve as co-chairman along with the president.

The club voted to make the annual dues $15 per year and to make the annual rodeo entry fees $10.

Books by mail are offered

The Cameron Parish Public Library has a new free service for persons wishing to check out books. It is called BOOKS-BY-MAIL.

There are two ways to get books-by-mail. You can call Cameron Parish Public Library at 775-5421 or you can write the library at P. O. Box P, Cameron, Louisiana 70631. Send a list of the books you want along with your letter.

Meeting changed

The September meeting of the Le-Mesche Bass Club has been changed because of the Labor Day weekend, according to Phillip Trosclair, president.

It will be held Tuesday night, Sept. 6, at 7:30 p.m. at the WOW Hall in Creole.

Broussard tops

Rody Broussard, son of Mr. and Mrs. Mildredge Broussard was one of the five members of the Cowboy squad judged at the recent N.C.A. college Cheerleading Camp. The squad placed in the top eight at the camp held on the campus of Southern Methodist University in Dallas.

A total of 45 cheerleading squads participated in the camp. The McNeese State University squad received the spirit stick for three days and won the overall N.C.A. spirit award.

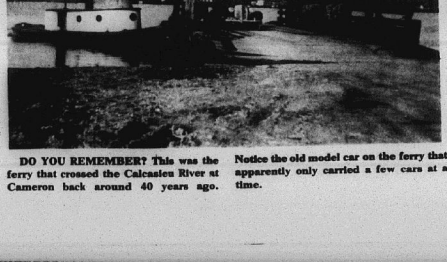
Reward

A reward of $1,000 have been authorized by the Louisiana Forestry Association for information leading to the arrest and conviction of anyone setting a forest fire in the state.

The arson reward approved by the association's Executive Committee is double the previous amount offered. "The reward is necessary because of the high incidence of forest arson in the state," said LFA President William D. Blake. "We want to prevent the loss of our important timber resources."

Seventy-eight percent of the 5,865 fires in the state through July were classified as incendiary by the Louisiana Forestry Commission. Those fires were responsible for 70,422 of the 85,357 total acres burned.

The LFA also offers a $500 reward for information leading to the arrest and conviction of persons guilty of vandalizing forestry equipment in the state.



DO YOU REMEMBER? This was the ferry that crossed the Calcasieu River at Cameron back around 40 years ago. Notice the old model car on the ferry that apparently only carried a few cars at a time.

Water bonds approved in Ward Five

Residents of Ward 5--Johnson Bayou and Holly Beach--gave overwhelming approval Saturday to four tax proposals which will provide the funds for the construction and maintenance of a water and fire protection system for the area.

On the proposition for Waterworks District No. 10 to issue $1,200,000 in property bonds for the construction of the water system the vote was 224 in favor and 10 against.

The vote on levying a two mill maintenance tax for the waterworks district was 213 for and 15 against.

On the proposition for Fire Protection District No. 10 to issue $1,200,000 in property bonds the vote was 224 to 7 in favor.

On a three mill maintenance tax for the fire protection district the vote was 219 to 11 in favor.

The two districts plan to drill water wells in the Hackberry area and pipe the water across the marsh to the Ward 5 area since no good water is available in local wells.

Donation made to child fund

A donation of $200 was made by Errol Cheramie, representing the Driftwood C.B. Club of Cameron, to the Cameron Lions Club Cripple Children Program.

Lions Club President Braxton Blake was authorized to purchase two life memberships in the name of the C.B. Club in the La. Lions League for Crippled Children.

J. L. Dickens, Jr., chairman of the Club's Community Betterment Committee, reported on various suggestions to Combat littering of the parish. Among them were to have anti-litter signs erected throughout the parish, install containers for litter, strict enforcement of anti-litter laws and ordinances, enlist the help of all citizens and organizations to take an active part in the anti-litter campaign, and a means to continue improving the beauty of all areas in the Parish.

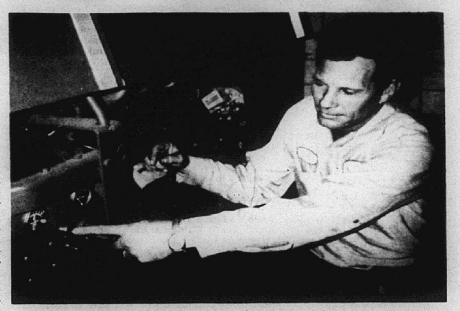
Funds available for growers

Forest land owners in Calcasieu and Cameron parish wishing to improve a stand of forest trees or plant trees should contact the Calcasieu-Cameron ASCS Office for details of the Forestry Incentives Program.

This reminder is from Charles S. Hackett, County Executive Director of the Agricultural Stabilization and Conservation Service in Calcasieu-Cameron parish, who said that Calcasieu and Cameron parishes are two of the 40 parishes in Louisiana designated to participate in the Forestry Incentives Program.

This program provides cost-share assistance to landowners for tree planting and timber stand improvement Hackett said. Persons eligible to participate in the program can receive cost-share assistance at a rate of 75 percent of the cost.

The Forestry Incentives Program is administered by the Agricultural Stabilization and Conservation Service and requests for cost-share assistance need to be made at the Calcasieu-Cameron ASCS Office.



CURTIS D. PORTIE vehicle/marine engines mechanic instructor, here checks out a diesel driven welding machine at the Cameron Vocational Technical School.

Mechanics course to be offered at Voc-Tec

Cameron Vocational Technical school will offer a new course this fall, Vehicle-Marine Engine Mechanics, which will be a combination of gas and diesel instruction designed to train mechanics, industrial engine mechanics, tune-up specialists, general mechanics, parts salesmen, shop foremen, and sales managers.

The course covers outboard and gasoline marine engines, engine overhaul, cleaning and inspection, diesel and gasoline engine overhaul, basic gasoline and diesel engine tune-up, and diesel fuel systems, auxiliary equipment, vehicle drive, vehicle suspension systems, chassis units and steering systems.

Leslie Griffith, director of the school, announced that registration will be held at the school Aug. 25 and 26 with classes starting Aug. 29.

In addition to the new course, classes in Welding and Office Occupations are also being offered.

The evening extension programs will begin Oct. 3 offering courses in Welding, Office Occupations, and Vehicle Marine Engine Mechanics.

There are no tuition charges for any of the courses and students are selected on a first come first serve basis, until each class is filled. Those left are placed on a waiting list for enrollment in the next classes, Griffith said.

Permits sought for Cameron area projects

The U.S. Corps of Engineers has received applications from a number of firms for various projects in the Cameron parish area.

Columbia Gulf Transmission Co. of Houston plans to lay a 6-inch gas pipeline from an existing platform in block 595, West Cameron area, about 3,407 feet to a connection with an existing pipeline, all about 116 miles south of Holly Beach.

Shell Oil Co. of New Orleans plans to excavate and fill to construct a ring levee for a proposed oil well location at either a site 3.8 miles east of Oak Grove or 3.7 miles east of Oak Grove.

Continental Oil Co. of Lake Charles is asking for a revision to its blanket permit to permit oil exploration in block 261 of West Cameron area.

Transco Exploration Co. of Grand Chenier is seeking a permit to install a fill and structures in an area about 970 feet long and 400 feet wide in East Fork of Calcasieu river about 4.6 miles above the mouth of the waterway or about 2 miles northwest of the town of Cameron.

McMoran Exploration Co. of New Orleans is asking for a permit to dredge in the Gulf Intracostal Waterway to extend an existing canal for access to a proposed oil well location about 14.5 miles northeast of Cameron.

Funds given for sewer project

The U.S. Environmental Protection Agency has awarded $26,850 to the Cameron Parish Sewerage District No. 2 for preliminary engineering on the project, according to Senators Russell Long and Bennett Johnson and Cong. John Breaux.

The district serves the Hackberry area. Sewerage District No. 1 serves the Cameron area which has had sewerage for about 10 years.

Robert Verret of Crowley, county agent in Acadia Parish, was elected president of the Louisiana County Agricultural Agents Association at the close of the group's annual meeting in Ruston last week.

Mr. Verret was a former assistant county agent for Cameron parish.

Will sing in H'berry

The Lisembys, a full time Evangelistic Team, will conduct services at First Baptist Church of Hackberry Aug. 26 to 28, at 7 p.m. Services will consist of a musical concert, followed by a message from members of the group each evening.

This multi-talented family are all active in the field of song writing and have recorded 8 albums of religious music with a 9th planned for late September in Nashville, Tenn. They play 10 different instruments some of which are the trumpet, saxaphone, and violin. They also edit and publish their own newspaper, the "Lisemby Music Business."

Snell-Woodard vows said in Odessa, Texas

The wedding of Shelia Woodard and Charles Dee Snell was solmnized at 2 p.m. Sun., Aug. 7, in the home of the groom in O'Dessa, Tex. It was a Western Type wedding.

The bride is the daughter of Mr. and Mrs. R. G. Woodard of Grand Chenier. The groom is the son of Mr. and Mrs. C. B. Snell of O'Dessa, Tex.

The bride chose white sheer polyester organza over a white satin gown. Floral lace highlighted the bodice and traced the neckline, long sheer sleeves trimmed at the wrist with some type of lace and at the hem of the A-line skirt.

Her veil of nylon illusion was held by a headpiece. It was covered with sheer polyester, trimmed with seed pearls and lace to match the gown. She carried a bouquet of white daisies.

Barbara Woodard, sister of the bride, was maid of honor.

Randy PettyJohn served as best man.

The bride is a 1977 graduate of South Cameron High School The groom is a graduate of O'Dessa, Tex. High School. He is employed in a machine shop there.

They will make their home

Mrs. Charles Snell

in O'Dessa, Tex.

Guest from Grand Chenier were: Mrs. Helen Dyson, Mrs. Dean Ellis and daughter, Denna.

Rt. 1, Cameron

By MRS. GEORGE NUNEZ

Mr. and Mrs. George Savoy of Lake Arthur, spent last Monday visiting Mr. and Mrs. Leonard Little, Mrs. Ozema Savoy and Mr. and Mrs. Carl Rern.

Mr. and Mrs. Doris Hebert, Janie, Becky and Christy spent the weekend in Port Arthur visiting Mr. and Mrs. McDoanld Nunez.

Karl Theriot of Groves, spent the weekend visiting Mr. and Mrs. Obie Theriot, Mrs. Betty Theriot and children, and Mr. and Mrs. Pep LeBlanne and Edwina.

Mr. and Mrs. Floyd Trahan of Groves visited Mrs. Gladys Trahan, Joe Bellanger, and the George Nunezs Sunday. Also visiting the Nunez's Sunday were Mr. and Mrs. Gerald Nunez and Tim of Vinton, and Margie Kelley and Jerry.

Mrs. Nelva Faye Newton, of Shreveport is ill and her mother, Mrs. Cleo vallett, of Carlyss is staying with her, and Mrs. Malcolm Savoy.

Mrs. Russell Nunez, Cline and Carson visited Mr. and Mrs. Hebert Rhodes, in Lake Charles Monday.

Mrs. Elray LaBove, spent the weekend in Big Lake visiting Mr. and Mrs. Frank Hooper and family and Mr. and Mrs. Waybern LaBove.

Get well wishes are extended to Chester Billeaud, who spent several days in Calcasieu-Cameron hospital in Sulphur.

Mrs. John Nettles and Andrea Rial have returned home after visiting some of the Hawaiian Islands recently.

They saw the only active volcano, the only palace, and the highest waterfall in the U.S.

The Islands visited were Hawaii, Maui, Kauai and Oahu. They spent nine days in Honolulu. Others from this area also going on the tour were Mr. and Mrs. J. D. Miller, Mr. and Mrs. Austin LaBove and Ms. Jollay Duhon of Hackberry.

Priest to be installed

By ELORA MONTIE

The installation of Father Roland Vaughan was planned by the St. Eugene Altar Society at their meeting Thursday in the church hall. The installation will be held Friday, Sept. 2, at 7 p.m. in the St. Eugene Catholic Church, where he is pastor. Everyone is invited to attend and bring a covered dish for the meal to follow the installation.

Members present at the meeting were Dorothy Bonsall, Bertha Roy, Evyonne Richard, Dorothy Sturlese, Macilda Theriot, Lorrine Baccigalopi, Mary Picou, Corrine Canik; Miss Judy Jones, Elora Montie and Father Vaughan.

The Challenge of Genealogy

by MARIE WISE

South Louisiana is the cradle of Cajun Culture, but the descendants of Acadian background are everywhere. Just as their indomitable ancestors came from France to Canada to New England, to Illinois and to settle a French Coast in Louisiana, today's Acadians are spread across the nation.

Mrs. Janet Jehn, 863 Wayman Branch Road, Covington, KENTUCKY 41015 is editor and publisher of the *Acadian Genealogy Exchange*, a quarterly publication devoted to Acadian genealogy, history and related material. It publishes queries free; back issues are available; a recent issue was 62 pages, 8½ x 11 in., included pedigree charts for Louisiana lines of Mouille, Thibodeaux and Cisclair, subscription: $5.00 annually.

JEAN GAUDET

Acadian Descendants, Vol. II, is an 8½ x 11 in. softcover volume of 505 pages including an index of over 1,000 surnames, available from Janet Jehn (above), $17.50 including a year's subscription to her *Acadian Genealogy Exchange*.

Centering on the genealogies of Jean Gaudet; his sons-in-law, Daniel LeBlanc and Etienne Hebert, plus others of France and Acadia (Canada) this book deals with Jean Gaudet who was born at Martaize, France, arrived in Acadia in 1636 settling at Port Royal. In the later 1700s his descendants were arriving in Louisiana among the founders of our Acadiana.

WILSON-BURCHELL

Bert Wilson is the 10th generation descendant of Captain Thomas Graves who arrived in Virginia in 1608, twelve years before the Mayflower, aboard the second supply ship sent from Eng-land to aid the struggling survivors of Jamestown's 1607 settlement. His arrival date made him one of the "Ancients", a term denoting those who, having immigrated before 1616, were entitled to special rights and privileges.

Edith Burchell is the 10th generation descendant of Hendrick Meuse Vrooman who emigrated from Holland to New Netherland in 1664, the same year this became New York as a British possession. A generation after in 1690 was a French-Indian force attacked their little settlement, one of Henrick's grown sons, Adam, escaped with three of his children but lost his wife and baby and had two small sons captured. Seven years later, after peace between Britain and France, Adam went to Montreal and got his boys back, one being the Burchell line's direct ancestor.

Wilsons and Burchells and Related Families, 1608-1976 is an unusually interesting genealogy with much information and enriched with family stories about its many lines that spread across the nation, including Sprigg, Owens, Snider, Young, Graves, Shriver. Indexed, 356 pages, 5½ x 8½ in. soft cover, spiral-bound, $12.00, available from: Ralph and Star Rowland, 4209 San Juan Drive, Fairfax, Va. 22030.

NESSMITH

Mrs. A.F. Kimbrough, 825 N. Mitchell St., Thomasville, Ga. 31792 is trying to trace her Louisiana line. She wants to correspond with descendants of Chyler or Thomas J. Nessmith, sons of Elander Nessmith who was in Vernon Parish on Aug. 19, 1875 according to a letter he wrote to relatives in Georgia.

She does not know when he went to Louisiana or why; but knows he left Thomas County, Ga. sometime after 1850 where he had grown children and grandchildren. She thinks he was in Vernon Parish during the Civil War period, married again and is the father of Thomas J.W. born 1869.

Mrs. Kimbrough would like to know where and when Elander Nessmith died, where he is buried and who he married.

CURRY-CHANDLER

Mrs. Janie Arnold, P.O. Box 24A, Dry Prong, La. 71423, who is 80 years old, asks for help in tracing her Curry-Chandler and Williams-Jones grandparents: Edd (or Edward, perhaps Joseph Edward) Curry, a Civil War veteran who mar. Mary Jane Chandler in Alabama and moved to Louisiana after the Civil War; and Joe Williams, perhaps from Texas as he had half-brothers and maybe sisters in Texas, who mar. Nancy Jones.

Mrs. Arnold writes also that she remembers her father speaking of Hugh Louis Sanders, Vernon Parish, 1844-1930, subject of a recent inquiry to this column. Her parents were mar. in Winn Parish in 1878.

Between 1804 and 1810 the population of New Orleans doubled, due largely to the migrations from three distinct cultures: Frenchmen escaping the aftermath of Napoleon's downfall, refugees from Saint Domingue (Haiti) who had lost their plantations during the preceding slave revolt, and Americans moving in after the Louisiana Purchase.

MARRIAGE CONTRACTS

Changes during this time from European colony to American territory to one of the United States brought many changes in law. Marriage contracts to specify the exact property owned by each partner and how it was to be divided at the death of either became essential for protecting inheritance.

Included in the contracts was much genealogical information: "Guillaume Rene Commuy of Cape Francois, St. Domingue, son of Jean Commuy of Bordeaux, France and Suzanne Charriea of Cape Francois, to marry Charlotte Felicitee LaBatut, daughter of Jean Baptiste LaBatut of Bayonne, France and Marie Felicitee of St. Martin.

"New Orleans Marriage Contracts, 1804-1820", a softcover edition by Charles R. Maduell, Jr. has been published by Polyanthos, Inc., Dr. 51359, New Orleans, La. 70151, $17.50, 137 pp., including an index of over 2500 names. The volume lists major parties in 464 marriage contracts, where each may be found in the old notary records and how to get copies from the notarial archives.

BERRY FAMILY

"The Berrys of Maryland, an Old Prince George's Country Family" is an indexed 41 page softcover book. $4.95 including mailing, authored by George R. Griffiths, a Certified Genealogist, 6023 Fairview Place, Fall Church, Va., 22041.

Tracing the Berry (Bery, Bury, Beri) family from its Norman origin to the first emigrant from Devonshire, England, the book concentrates on this early American and his succeeding generations linking such lines as Beane, Bowie, Dorsey, Keene, Long, Sherwood, Sprigg, Taylor, Williams and others.

PRICE SUPPORT FOR RICE IS AVAILABLE HERE

Rice farmers of Calcasieu and Cameron parishes are reminded of the availability of the price support loan program for rice administered by the Agricultural Stabilization and Conservation service.

Charles S. Hackett, County Executive Director of the Agricultural Stabilization and Conservation (ASC) Service for Calcasieu and Cameron parish said that any rice farmer having questions about the program, such as eligibility, should contact the Calcasieu-Cameron parish ASCS office in Room 1140, Federal Bldg., Lake Charles, La. 70601.

The price support loan program provides the farmer with another method of marketing his crop and in many cases proves to be a benefit.

Hackett said that for the 1977 rice crop the preliminary loan rate has been announced at $6.19 per hundredweight. Also announced are the loan rates for milled rice which are $10.75 per hundredweight for long grain, $9.25 per hundredweight for medium and short grain and $4.75 per hundredweight for broken rice.

As harvest of the 1977 rice crop begins, farmers should look into the details of the price support loan program Hackett said.

Grand Chenier News

By ELORA MONTIE

Aug. 22 started off with a workshop for the school teachers. Wednesday the children went back to school for another session.

Some changes have been made in school bus routes this year.

Folks are enjoying swimming at the Grand Chenier Recreation Center pool. The pool will be open Saturdays from 2:30 to 7 p.m. and on Sundays from 2:30 to 5 p.m.

VISITORS

Ms. Azamie LeBouef of Sulphur spent Thursday of last week with Mr. and Mrs. Watkin Miller and also visited Mr. and Mrs. Jeff Nunez.

Spending Saturday night and Sunday with Mrs. Alpha (Lazima) Baccigalopi were Mr. and Mrs. Gilliam Montie of Port Arthur, Tex. While here they visited Elora Montie here and Mr. and Mrs. Wallace Conner in Pecan Island.

Mr. and Mrs. Edwin Mhire and Ms. Carlos Bolanger and son of Cameron recently attended the reunion of the Company A of the 146 Combat Engineers held in New Orleans. Mr. Mhire met with friends he hadn't seen in quiet a while.

Mr. and Mrs. Louis Canik and daughters Dinah Sue and Rachal Crain recently enjoyed a trip to Mexico and San Antonio, Tex.

Mrs. Nelvia Murphy and daughter Lesia, Mrs. Yvonne Dupree', Dolly Leathers and Mrs. Sylvia Guillotte enjoyed a tour in Texas and Mexico.

Mrs. Abra (Angel) Conner of Creole spent the weekend with her sister Mrs. Edmond Bertrand in Grand Chenier.

Spending Saturday with Glenn and Della Richard were Mr. and Mrs. Bruce Hooper and boys of Moss Bluff.

Spending several days here with Mr. and Mrs. Glenn Richard is Mrs. Richard's mother, Mrs. Thelma Brown.

Visiting here with Mr. and Mrs. Earl Booth Jr. and family are Mr. and Mrs. Michael Cooley and twins of Colorado.

Mr. and Mrs. Mack Vincent of Lake Charles spent some time in their camp here.

Dona Booth left Thursday to attend Loyola University in New Orleans.

Mr. and Mrs. Frank Miller and Eulice Kershaw spent some time in the Miller home in Hayes.

Mrs. Mable Miller and Cheryl, Mrs. Edmond Bertrand and Mrs. Angel Conner spent Thursday with Mr. and Mrs. Albert Richard Jr. in Lake Charles.

The 4-H club children are back from camp.

Miss Jeanne Broussard, niece of Mrs. Emma Nunez, is visiting for a few days.

Mr. and Mrs. J. B. Jones have returned from their tour in Jerusalem.

Spending the weekend with Mr. and Mrs. A. P. Harper in Grand Chenier were Mr. and Mrs. Michael Harper and son of Lafayette.

Mr. and Mrs. Jimmie Perry of Bastrop spent Friday and Saturday with Mr. and Mrs. Guthrie Perry and family in Grand Chenier.

Spending Thursday with the Walter Dupuis family were Mrs. Dupuis's mother Mrs. Charles Lancon of New Iberia and sister, Mrs. Andrew Landry and girls of Erath.

Mr. and Mrs. Larry Abshire of Sulphur spent the weekend with Mrs. Abshire's father and relatieves, Durphy Swire of Grand Chenier. Mrs. Abshire was the former Orellia Ann Swire.

Spending Sunday and Monday with Mr. and Mrs. Wilson Swire and family in Grand Chenier were Mrs. Swire's mother, Mrs. Alice Guillott and her brother James Little of Sulphur.

The Garrett Mayon family of Houston, Tex. spent the weekend in their home in Grand Chenier.

Glenn and Della Richard, who recently bought the trailer belonging to Mr. and Mrs. Michael Dupuis, moved the trailer Saturday morning on property of Mr. and Mrs. Freddie Richard on the back ridge.

A musician of high quality was the Austrian-born violinist Fritz Kreisler (1875-1962). He is reputed to have earned more than $3 million during his career.

LET ROEBIC BACTERIA Clean your Septic Tank The Easy Way - $6.95. Tree Roots removed from Sewer Lines $6.95. Sinks Opened - $1.98.

MRS. CHARLES HEBERT is shown with local French teachers, Jean Paul Calambert and Henri Falkenberg, who were guest speakers at a recent Cameron Extension Homemakers Club meeting. This was part of the club's project on international relations.

Hackberry News

By MRS. VERNIE WELCH

Mr. Raymond Poole and daughters Sandi and Connie and Julie Trahan attended the National High School Rodeo in Helena, Montana.

Mrs. Patsy Poole and Toni visited her sister and family, Mrs. Jack Gumm, in Reguio, Tex.

Mr. and Mrs. Lawrence (Butch) Little, Kim, Shang and Windy Sue LeBlanc visited Disney World in Orlando, Fla. and Datona Beach.

Michelle and Sandy Wright visited the Dennis Bowman family in Crockett, Tex.

Troy Bowman of Crockett visited his grandparents, the Sam Little's. His Parents came and picked him up.

Randy LeBlanc left for Boy's Village Monday.

Mr. and Mrs. Norris Schexnider spent the weekend at Toledo Bend.

Mr. and Mrs. Larry Primeaux, Thad and Jonathon moved from Houston, Tex. to Cameron, Thad spent the week visiting grandparents, the Arvin Primeaux in Hackberry.

FAMILY REUNION

A family reunion was held at the Little's home in Hackberry. There were 95 guest present.

BIRTH

Mr. and Mrs. Randy Nolan announce the birth of a son, Jeromie Scott, born Saturday, Aug. 20, at St. Patrick's hospital, in Lake Charles. He weighed 6 lbs. 8 ozs.

Grandparents are Mr. and Mrs. Alton Penny, Jr. and Mr. and Mrs. J. N. Nolan of Crowley.

Great-grandparents are Mrs. Alton Penny, Sr. of Carlyss, and Mrs. Laura Bonsal of Hackberry.

LEO CLUB NEWS

The Hackberry Leo Club met Aug. 18 at Hackberry Recreation Center and was called by President Joseph Lejune.

The club voted on a new member, Katie Soirez, and asked Principal LeFleur of Hackberry high for permission to have a dance at the gym. President Lejune explained the state and national dues.

FUNERALS

NAOMI REON

Naomi Reon, 62, of Hackberry died Monday at West Calcasieu Cameron Hospital in Sulphur.

She was a lifelong resident of Hackberry.

Survivors include five brothers, Arnold Reon of Sulphur, Thomas Reon of Hackberry, Nolan Reon and James Reon, both of Lake Charles and Carl Reon of Cameron; and two sisters, Josephine Reon of Lake Charles and Odessa Cuviller of Hackberry.

ROLAND J. DAIVD

Funeral services for Ronald James David, 41, of Klondike were held Monday, Aug. 22, at Our Lady of the Lake Catholic Church.

Burial was in St. Anthony Cemetery.

Mr. David died at 8:30 p.m. Saturday, Aug. 20. He was a member of ASCS of Cameron Parish. Farm Bureau, Gueydan Rice Mill Co-op and a charter member of Vernon Parish Co-op.

Survivors include his wife, Mrs. Mary Simon David of Gueydan; one daughter, Dana Ann David of Gueydan; three sons, Mark, Kent and Jay David, all of Gueydan; his mother, Mrs. Lillian Greenhaw of Lake Arthur; his father, Percy David of Gueydan, and three brothers, Burton David of Gueydan, Cecil David of Morse and Johnny David of Lake Arthur.

Fellowship meeting held for elderly

The Cameron Fellowship for the Aging met Sunday evening at Wakefield Memorial United Methodist Church in Cameron. Entertainment was provided by the Bayou Promenanders, a square dance club from Lake Charles.

The door prize for a lady was won by Mrs. Wallace LaBove and the one for men was won by Wallace ("Cap") LaBove.

There were several birthdays during July and August, and the birthday cake was won by Rev. Minns S. Robertson.

Mrs. Violet Murphy won a month's custody of the loving cup for the oldest person present. In addition to the elderly, a number of other persons were present who were interested in the square dance.

The Cameron Fellowship for the aging is sponsered as a monthly activity for the elderly by the Catholic Daughters of Our Lady Star of the Sea Catholic Church and The United Methodist Women of Wakefield Memorial United Methodist Church.

Creole KCs in state playoffs

The Creole Knights of Columbus council 3014 softball team will play Crowley KC's for the fast pitch State Championship Thursday night at 8 p.m. at Crowley.

The game was cancelled last week due to bad weather conditions.

All boosters are welcome to come and cheer the Creole men's team.

Platform ordered by Transco

A nine-well, self-contained drilling and production platform is being ordered for West Cameron block 576, a farmout tract acquired by Transco Exploration Company from Texaco Inc. and Tenneco Oil Company. The platform is expected to be delivered in the second quarter of 1978.

Transco Exploration, a wholly owned subsidiary of Transco Companies Inc. has drilled two successful exploratory wells on the block which were drilled to total depths of about 7,900 feet, discovering two gas sands between, 4,100 and 6,800 feet.

All of the gas to be produced is dedicated to Transcontinental Gass Pipe Line, another subsidiary of Transco Companies Inc.

OUTDOOR LORE . . .

By Nevyle Shackelford

With the introduction of the gasoline-powered chain saw, that old adjunct to logging and firewood cutting, the two-man cross-cut saw, has slipped into virtual disuse. For all practical purposes this old tool, once so important around the homestead, now enjoys about the same status as the reap hook and breast auger.

The two-man cross-cut was a toothed blade, ranging in length from about four-and-a-half to six feet, with a detachable handle at each end. Facing each other across a log, the sawyers would drag the saw back and forth until a section was cut away.

This sounds easy, and was easy, provided the teeth were sharp, that there was plenty of "set" in the saw, and that both sawyers were skilled in handling the tool. Otherwise, sawing could be downright mankilling.

Good sawyers, after getting the kerf, or slot, started, let the cross-cut run ever so lightly, permitting the weight of the saw to determine the depth of the kerf with each drag across the log. This made all the difference in the world in the amount of energy necessary to expend. Bearing down on the saw in an attempt to make it cut faster was wasted effort. It didn't cut any faster, but the work was an awful lot harder.

"Riding the saw" was something a good sawyer would not tolerate in a partner. If after admonishing him a few times to "pick up his feet" didn't produce results, the good sawyer quit. In backwoods parlance, "pick up your feet" meant that the skilled saw handler didn't mind riding his partner back and forth with every stroke of the saw, but he sure as heck resented having to drag his feet along the ground, too.

In using a cross-cut, it was very important to pay close attention to the first few drags across a log. If the saw was allowed to slant a mere fraction of an inch, the kerf got out of line and by the time the saw buried itself, the friction between saw and log became terrific. To start a straight kerf was one of the cardinal rules of good sawing.

Old time sawyers could handle a cross-cut all day without becoming overly tired. Handling this tool became a matter of instinct and once the kerf was started and they got into the easy swing of the thing, instinct took over leaving the mind to wander, as it were, in a vacuum with little thought of the job at hand.

As mentioned before, little use is made of the cross-cut anymore which, in a sense, is too bad. Sawing wood with a cross-cut can do more for the weight-watcher than all the bay-window-banishing equipment in 40 gymnasiums. Pulling a cross-cut develops sleek and powerful muscles and melts away superfluous padding around the belt line. And, after using one all day, no sawyer ever has to take sleeping pills or requires being rocked to sleep. The cross-cut was a good outdoor tool and may its memory long remain.

Tour Louisiana's plantation homes

"Plantation Homes of Louisiana" edited by Nancy Harris Calhoun and James Calhoun, pub. by Pelican Publishing Co., 630 Burmaster St., Gretna, La. 70053, 128 pp., $2.95

Reviewed by
MARIE WISE

The revised and up-dated Pelican Guide to Plantation Homes of Louisiana has just been published. This popular hand-size guidebook, 5½ x 8½ in., contains sketches of more than 240 architecturally and historically significant homes in Louisiana. Over fifty of the descriptions are accompanied by photographs.

Eighteen chapters offer a tour each: two at New Orleans on the East and West banks of the Mississippi, two from New Orleans to Baton Rouge up either side of the Mississippi, two from Donaldsonville along either side of Bayou Lafourche, four from St. Francisville and two from Tallulah.

Also four tours to Opelousas: from Houma along Bayou Teche, from Natchitoches, from New Roads and from Lake Charles; plus others from Shreveport to Mansfield and from Monroe to Columbia. A two page map shows the routes for each tour.

Many of the homes described are private; others may be visited; some are open by appointment only. In addition to descriptions, the thumbnail sketches of each give interesting information on family ownership.

Of Magnolia Lane on the River Road, the editors write: "Of West Indies design, this home was built on the original Old Spanish Trail, at that time the only wagon road from the West into New Orleans. Edward Fortier built Magnolia Lane in 1784, on land which he received in a Spanish grant. The plantation is historically noted as the land on which Francis Quinette of St. Louis grew the first strawberries in Louisiana . . ."

This up-dated Plantation Guide offers good reading in itself plus being a handy help for finding and viewing Louisiana's lovely old homes.

Cattlemen vote down research program

Cattle producers voting in a nationwide referendum turned down a National Beef Research and Information Program. Based on preliminary results Charles S. Hackett, County Executive Director for Agricultural Stabilization and Conservation Service in Calcasieu and Cameron parish said that 322,175 beef producers registered to vote in the referendum. 231,046 or 72 percent voted and of those, 130,464 or 56.5 percent voted in favor.

Hackett said that the Beef Research and Information Act was signed into law in May, 1976, but before provisions of the Act could become effective, (1) Eligible beef producers had to register to vote, (2) At least 50 percent of those registered, had to vote, and (3) Two-thirds needed to vote in the affirmative. The proposal was for beef producers to assess themselves on cattle sold to finance the research and information program.

Results of the referendum show the proposal carried in Louisiana with 2179 of the 2482 votes cast in favor of the proposal. There was 3327 cattle producers in the State registered and eligible to vote Hackett said.

Here in Calcasieu and Cameron parish a total of 124 cattle producers participated in the referendum Hackett said with 121 voting in favor and 3 against the Research and Infromation Program proposal.

Plant potatoes here by about Sept. 5th

Planting of fall Irish potatoes begins around Aug. 10 in north Louisiana and ends around Sept. 5 in extreme south Louisiana, says Dr. Mike Cannon, LSU Cooperative Extension Service horticulturist.

Seed potatoes are usually hard to find this time of the year, so it is necessary to save enough small potatoes produced in the spring to plant in the fall.

Seed potatoes for fall planting are not cut, but are planted whole. This tends to reduce some of the disease problems encountered with cut seed. Potatoes approximately 1 1/2 inches in diameter are suitable for use as seed potatoes.

If potatoes from the spring harvest are used for seed, they will have to pass through a "rest" period of about 90 days after digging before they will sprout, Cannon says. It will be necessary to keep the soil moist by irrigating if there is less than an inch of rainfall each week to get good production. Generally, the yield from fall potatoes is not as large as the yield of the spring crop.

There are three varieties of Irish potatoes developed at LSU which do extremely well in the state. They are Red LaSoda, LeRouge and LaChipper. The first two are red skin potatoes and the latter has a white skin. Ask for these varieties when buying seed potatoes, especially in the spring, Cannon suggests.

Seed potatoes should be spaced about 12 inches apart within the row, with at least three feet between rows. Fertilize at the rate of 6 to 8 pounds of a complete fertilizer per 100 feet of row prior to planting. Side-dress with one pound ammonium nitrate when plants are about 6 to 10 inches tall.

Irish potatoes normally require 90 to 110 days from planting until they are ready to harvest. Therefore, potatoes planted in mid-August should be ready to dig by late november.

Leave the potatoes in the field as long as possible in the fall. If potatoes are exposed to a light frost, the quality of the potatoes will be affected very little. However, if exposed to a hard frost or freeze, the potatoes will be seriously damaged. Potatoes in most parts of the state should be dug by the end of the first week in December.

For more information on Irish potato production Cannon says to contact your local county agent.

To help yourself drive through snow, place extra weight in the back, over—or slightly behind—the rear wheels.

Ray Valdetero

Valdetero to head drive

Ray Valdetero, sports director of KPLC TV, has been appointed chairman of the "Wonderful World of Scouting" for 1977 for the Calcasieu Area Council, Boy Scouts of America, it has been announced by R. J. Pumpelly, council president.

The "Wonderful World of Scouting" is the title of the fall membership drive sponsored by the council in the Southwest Louisiana's five-parish area of Calcasieu, Cameron, Jeff Davis, Beauregard and Vernon.

Valdetero, who is also the announcer for McNeese's football and basketball games, accepted the position because he is convinced that Scouting is a program needed by both the youths and the community, Pumpelly said.

Surveys have indicated that up to 75 per cent of all boys would like to be Cubs or Scouts if they had the opportunity, Pumpelly said.

The "Wonderful World of Scouting" drive kicks off throughout the council area on August 29, and will continue through December, Pumpelly pointed out.

EASY ENTERTAINING

WITH SUNDAY BRUNCH

Looking for a new way to entertain? Invite a few friends over for an informal Sunday brunch. Preparations for such a party are comparatively simple, and the hour lends itself to a relaxing time for all.

If it is a nice day, have your brunch outdoors on the patio or in the yard. Whatever the location, set a pretty table keeping it informal, but colorful.

An American invention, brunch was first popularized in New Orleans during the 19th Century. Generally served between eleven and one, brunch menus range from traditional breakfast fare to anything you might serve for a light lunch.

Select food that is simple to prepare, yet satisfying. In spite of the hour this is the first meal of the day, so appetites will be high. Start with a big bowl of chilled fresh fruits (prepared the night before, of course). Egg-Vegetable Scramble is the star attraction—a tempting platter with a taste to match. Hot ham slices surround well-seasoned scrambled eggs topped with a medley of sauteed vegetables—zucchini, tomatoes, green pepper and onions. Enhanced by the buttery flavor of Blue Bonnet Margarine, this delicious dish will bring compliments galore.

Warm home-made bread is a must for any brunch, and these Pineapple Oatmeal Muffins can be mixed together in minutes. Just wait until you smell the aroma! Rich and flavorful, they too have Blue Bonnet's buttery taste.

Another brunch party bonus—you aren't stuck with dishes and clean-up in the wee hours of the morning. Most of the afternoon is still yours, so relax and enjoy!

EGG-VEGETABLE SCRAMBLE

4 tablespoons Blue Bonnet Margarine
1 cup chopped onion
1 cup green pepper strips
2 cups sliced zucchini
1 cup diced fresh tomato
1/2 teaspoon rosemary leaves
1/2 teaspoon salt
1/8 teaspoon pepper
8 eggs
8 slices hot cooked ham, rolled

Melt 2 tablespoons margarine in a skillet. Saute onion and green pepper for 2 minutes. Add zucchini, tomatoes, rosemary, salt and pepper. Stir to combine. Cover and let simmer for 10 minutes or until vegetables are tender.

Scramble the eggs in remaining 2 tablespoons margarine. Place eggs on serving platter. Surround eggs with rolled ham slices. Top with cooked vegetables. Makes 8 servings.

PINEAPPLE OATMEAL MUFFINS

1 cup quick-cooking rolled oats
1 cup milk
1 cup unsifted flour
2 tablespoons light brown sugar
1 tablespoon baking powder
1/2 teaspoon salt
1 teaspoon grated orange peel
1/4 cup (1/2 stick) melted Blue Bonnet Margarine
1 egg
1/3 cup pineapple preserves Blue Bonnet Margarine

Combine oats and milk; let stand 15 minutes.

In a large bowl blend together flour, sugar, baking powder, salt and orange peel. Combine milk mixture, melted margarine and egg. Add to dry ingredients with preserves. Stir just until dry ingredients are moistened. Spoon batter into 12 well-greased 2-1/2 x 1-1/4-inch muffin pans.

Bake at 400°F. 25 to 30 minutes, or until done. Serve warm with margarine. Makes 12 muffins.

Card of Thanks

CARD OF THANKS

From the bottom of my heart, I wish to thank everyone, who in anyway, helped to make "Miss Carrie Day" the most wonderful and most memorable day of my life. I sincerely appreciate all the work, time, and affection, on the part of so many, which went into the making of this celebration. Also, I am grateful to the many friends and associates who turned out for the occasion. All of you wonderful people have my everlasting gratitude and love.

Karolina Kasson
("Miss Carrie")

Hints For Homeowners

FIREPLACES: FIRE PREVENTION IS PROTECTION

Tempted to install your own fireplace? How about one of those new free-standing models to take the chill out of the family room?

Watch out, advises Trudy Daly, a fire safety education expert. "It is not a job for a weekend handyman; those installations require skill and planning."

Tragedy can result from the improper installation of free-standing fireplaces or the old-fashioned wood-burning stoves which are now on the market in large numbers.

The best protection for homeowners is prevention, says Mrs. Daly of the Hartford Insurance Group—buy a quality product and have the unit installed by professionals.

But if you do decide to do it yourself, these do's and don'ts may help.

DO vent it properly. Poor venting can fill a house with deadly carbon monoxide fumes; it can also start a fire at the point where the flue passes through the ceiling or roof.

DON'T plan on venting through an existing chimney without getting an expert's advice. It is generally not recommended that more than one stove or fireplace be connected to a single flue.

DO a lot of checking in advance. Look at the manufacturer's recommendations; inquire about fire codes; to allow for safe heat radiation, be certain your room has plenty of clearance under the unit and between unit and walls.

DON'T get a factory-built chimney for your fireplace unless it has been approved by a recognized testing laboratory.

DO consider the kind of fuel you will burn. For example, if you want to use coal, you will require a grate and bigger flue than necessary for other fuels.

Keep these suggestions in mind and you and your family should have a warm glow of satisfaction from the fireplace you've put into your home.

The joints have nothing to do with "double-jointedness." Actually it's the liga ments that are loose

TIPS TO HELP YOU

This information has been supplied by experts at The Society of Chartered Property & Casualty Underwriters, the national professional society whose members have earned the CPCU designation by meeting high educational, ethical and experience requirements.

Q. My widowed sister has come to live with us. Under our auto insurance policy is she covered while driving our car?

A. Yes. The standard auto policy covers the person named in the policy and any member of the family who is a permanent resident of the household.

It's always a good idea to review all your property insurance policies with your agent. By meeting with him, he may spot something you have missed, such as the fact that the value of your house has increased or that you may still be insuring something you no longer own.

"No man does anything from a single motive."

STATE OF LOUISIANA
PARISH OF CAMERON
NOTICE OF INTENTION TO CREATE CAMERON FIRE PROTECTION DISTRICT NO. 9 OF CAMERON PARISH, LOUISIANA

NOTICE is hereby given that the Police Jury of Cameron Parish, Louisiana, intends to create Cameron Fire Protection District No. 9 of Cameron Parish, Louisiana, to have all the powers and duties provided for such districts in law, and to have all the following boundaries described in law, and to have all the following boundaries described as follows, to-wit:

BEGINNING at the Northwest corner of Section 2, Township 13 South, Range 5 West;

THENCE west to the center of the north line of Section 3, Township 13 South, Range 7 West, south on the half section lines to the center of the south line of Section 27, Township 14 South, Range 7 West;

THENCE west to the northwest corner of Section 32, Township 14 South, Range 7 West;

THENCE south to the Gulf of Mexico;

THENCE easterly along the Gulf of Mexico to the East line of Cameron Parish,

THENCE in a northerly direction along the east line of Cameron Parish to the Northeast Corner of Township 14 South, Range 3 West;

THENCE in a westerly direction along the north line of Township 14 South, Range 3 West, Township 14 South, Range 4 West, Township 14 South, Range 5 West to the point of beginning.

This Police Jury will meet on the 6th day of September, 1977 at 10:00 a.m. in its regular meeting place, the Police Jury Room of the Courthouse Annex in Cameron, Louisiana, for the purpose of hearing objections, altering the proposed boundaries, if found advisable, and finally, creating the said Cameron Fire Protection District No. 9 of the Parish of Cameron, Louisiana.

That the governing body of said Cameron Fire Protection District No. 9 of the Parish of Cameron, Louisiana, will be the Cameron Parish Police Jury, as the Parish governing authority and the domicile of the said District shall be Grand Chenier, Louisiana, and the said Police Jury shall have authority to act and do all things as provided in Section 1495 of Title 40.

DONE AND SIGNED by order of the Police Jury of Cameron, Parish of Cameron, Louisiana, this 2nd day of August, 1977.

APPROVED:
/s/Roland J. Trosclair, Jr.,
President, Cameron Parish Police Jury

ATTEST:

NOTICE

It is hereby given that the Cameron Parish Police Jury has received a lease provision to insure the payment of royalties and rentals from the lessee property without regard to any division order. Any controversy or litigation until lease is released as to payment of royalties, the exact language therein contained is available for inspection at the Office of the Secretary, Police Jury Hall at Cameron or the Office of Mineral Resources in the event of refusal of the tracts.

All leases awarded shall be executed upon terms and conditions provided in the current State lease form with all applicable riders applying and all islands and other lands formed by accretion or reliction, except tax lands, owned by and not under mineral lease from the State of Louisiana on May 20, 1977, situated in Cameron Parish, Louisiana, within the following described boundaries: Beginning at a point having Lambert Plane Coordinates of X = 1,515,800.00 and Y = 459,700.00; thence South 7,920.00 feet; thence East 15,840.00 feet to the Northeast boundary of the Sabine Refuge; thence Northwesterly along said unit boundary to the Northeast corner of the South line of State Lease No. 5080, as amended; thence West along the South line of State Lease No. 5080, as amended, to the Southwest corner of said State Lease No. 5080 to its Western corner; thence North along said unit boundary 2,500 feet to the intersection of a line having a Lambert Plane Coordinate of X = 1,505,240.00; thence North to a point having Lambert Plane Coordinates of X = 1,505,240.00 and Y = 465,700.00; thence East 15,560.00 feet to the point of beginning, containing approximately 818.27 acres, as shown outlined in red on a plat on file in the Office of the Secretary. Bearings are based on Louisiana Lambert Plane Coordinate System (South Zone).

TRACT 14622 — STATE AGENCY — Cameron Parish, Louisiana — All of the lands now or formerly constituting the bed of the Gravity Drainage District Number 6 of Cameron Parish, Louisiana, described as the Creole Drainage Canal in the Northwest Quarter (NW/4) of Section 29, Township 13 South, Range 12 West, and being a strip of land 100 feet wide beginning at the intersection of said Creole Drainage Canal intersects with the North line of the Northwest Quarter (NW/4) of said Section 29; thence Southeasterly along said Creole Drainage Canal to the Gravity Drainage District Number 6 Canal; thence Southwesterly along said canal to the intersection with the South line of the Northwest Quarter (NW/4) of said Section 29, estimated to contain approximately 6.188 acres, as shown outlined in red on a plat on file in the Office of the Secretary, Department of Natural Resources. Bearings are based on Louisiana Lambert Plane Coordinate System (South Zone).

TRACT 14623 — STATE AGENCY — Cameron Parish, Louisiana — All of the lands now or formerly constituting the bed of the Gravity Drainage District Number 6 of Cameron Parish, Louisiana, described as the Creole Drainage Canal in the Northeast Quarter (NW/4) of Section 29, Township 13 South, Range 12 West, and being a strip of land 100 feet wide beginning at the intersection of said Creole Drainage Canal intersects with the North line of the Northeast Quarter (NW/4) of said Section 29; thence Southeasterly along said Creole Drainage Canal to the Gravity Drainage District Number 6 Canal; thence Southwesterly along said canal to the intersection with the South line of the Northeast Quarter (NW/4) of said Section 29, estimated to contain approximately 6.188 acres, as shown outlined in red on a plat on file in the Office of the Secretary, Department of Natural Resources. Bearings are based on Louisiana Lambert Plane Coordinate System (South Zone).

TRACT 14624 — STATE AGENCY — Cameron Parish, Louisiana — All of the lands now or formerly constituting the beds and bottoms of all water bodies of every nature and description and all islands and other lands formed by accretion or reliction, except tax lands, owned by and not under mineral lease from the State of Louisiana on May 20, 1977, situated in Cameron Parish, Louisiana, within the following described boundaries: Beginning at the Northwest corner of State Lease 6984, as amended; thence East 2,000.00 feet; thence North 1,320.00 feet; thence East 2,000.00 feet to a point having Lambert Plane Coordinates of X = 1,222,950.00 and Y = 473,300.00, said point being the Northeast corner of said State Lease 6984; thence East 1,320.00 feet to a point on the East shore of Sabine Lake; thence Southwesterly with the East shore of Sabine Lake to a point on the North line of a unit designated as Lambert Plane Coordinate of X = 1,222,950.00 and Y = 471,300.00; thence West 2,000.00 feet to a point having Lambert Plane Coordinates of X = 1,220,950.00 and Y = 471,300.00; thence North 2,000.00 feet to the point of beginning, containing 6988 having Lambert Plane Coordinates of X = 1,220,950.00 and Y = 473,300.00; thence North 10,300.00 feet; thence West 4,375.00 feet to Lease No. 6988 to its Northeast corner, containing 1,375.00 acres, more or less, all as shown outlined in red on a plat on file in the Office of the Secretary. Bearings are based on Louisiana Lambert Plane Coordinate System (South Zone).

TRACT 14585 — Cameron Parish, Louisiana — All of the lands now or formerly constituting the beds and bottoms of all water bodies of every nature and description and all islands and other lands formed by accretion or reliction, except tax lands, owned by and not under mineral lease from the State of Louisiana on March 15, 1977, situated in Cameron Parish, Louisiana, within the following described boundaries: Beginning at the Northwest corner of State Lease 6984, as amended; thence East 2,000.00 feet; thence North 1,320.00 feet; thence East 2,000.00 feet to a point having Lambert Plane Coordinates of X = 1,222,950.00 and Y = 473,300.00, said point being the Northeast corner of said State Lease 6984; thence East 1,320.00 feet to a point on the East shore of Sabine Lake; thence Southwesterly with the East shore of Sabine Lake to a point on the North line of a unit designated as Lambert Plane Coordinate of X = 1,222,950.00 and Y = 471,300.00; thence West 2,000.00 feet to a point having Lambert Plane Coordinates of X = 1,220,950.00 and Y = 471,300.00; thence North 2,000.00 feet to the point of beginning, containing 6988 having Lambert Plane Coordinates of X = 1,220,950.00 and Y = 473,300.00; thence North 10,300.00 feet; thence West 4,375.00 feet to Lease No. 6988 to its Northeast corner, containing 1,375.00 acres, more or less, all as shown outlined in red on a plat on file in the Office of the Secretary. Bearings are based on Louisiana Lambert Plane Coordinate System (South Zone).

TRACT 14585 — Cameron Parish, Louisiana — All of the lands now or formerly constituting the beds and bottoms of all water bodies of every nature and description and all islands and other lands formed by accretion or reliction, except tax lands, owned by and not under mineral lease from the State of Louisiana on March 15, 1977, situated in Cameron Parish, Louisiana, within the following described boundaries: Beginning at the Northeast corner of State Lease 6984, as amended; thence East 2,000.00 feet; thence North 1,320.00 feet; thence East 2,000.00 feet to a point having Lambert Plane Coordinates of X = 1,222,950.00 and Y = 473,300.00, said point being the Northeast corner of said State Lease 6984; thence East 1,320.00 feet to a point on the East shore of Sabine Lake; thence Southwesterly with the East shore of Sabine Lake to a point on the North line of a unit designated as Lambert Plane Coordinate of X = 1,222,950.00 and Y = 471,300.00; thence West 2,000.00 feet to a point having Lambert Plane Coordinates of X = 1,220,950.00 and Y = 471,300.00; thence North 2,000.00 feet to the point of beginning, containing 6988 having Lambert Plane Coordinates of X = 1,220,950.00 and Y = 473,300.00; thence North 10,300.00 feet; thence West 4,375.00 feet to Lease No. 6988 to its Northeast corner, containing 1,375.00 acres, more or less, all as shown outlined in red on a plat on file in the Office of the Secretary. Bearings are based on Louisiana Lambert Plane Coordinate System (South Zone).

TRACT 14685 — Cameron Parish, Louisiana — All of the lands now or formerly constituting the beds and bottoms of all water bodies of every nature and description and all islands and other lands formed by accretion or reliction, except tax lands, owned by and not under mineral lease from the State of Louisiana on March 15, 1977, situated in Cameron Parish, Louisiana, within the following described boundaries: Beginning at the Southeast corner of State Lease 6984, as amended; thence East 2,000.00 feet; thence North 1,320.00 feet; thence East 2,000.00 feet to a point having Lambert Plane Coordinates of X = 1,222,950.00 and Y = 473,300.00, said point being the Northeast corner of said State Lease 6984; thence East 1,320.00 feet to a point on the East shore of Sabine Lake; thence Southwesterly with the East shore of Sabine Lake to a point on the North line of a unit designated as Lambert Plane Coordinate of X = 1,222,950.00 and Y = 471,300.00; thence West 2,000.00 feet to a point having Lambert Plane Coordinates of X = 1,220,950.00 and Y = 471,300.00; thence North 2,000.00 feet to the point of beginning, containing 6988 having Lambert Plane Coordinates of X = 1,220,950.00 and Y = 473,300.00; thence North 10,300.00 feet; thence West 4,375.00 feet to Lease No. 6988 to its Northeast corner, containing 1,375.00 acres, more or less, all as shown outlined in red on a plat on file in the Office of the Secretary. Bearings are based on Louisiana Lambert Plane Coordinate System (South Zone).

TRACT 14622 — STATE AGENCY — Cameron Parish, Louisiana — All of the lands now or formerly constituting the bed of the Gravity Drainage District Number 6 of Cameron Parish, Louisiana, described as the Creole Drainage Canal in the Northwest Quarter (NW/4) of Section 29, Township 13 South, Range 12 West, and being a strip of land 100 feet wide beginning at the intersection of said Creole Drainage Canal intersects with the North line of the Northwest Quarter (NW/4) of said Section 29; thence Southeasterly along said Creole Drainage Canal to the Gravity Drainage District Number 6 Canal; thence Southwesterly along said canal to the intersection with the South line of the Northwest Quarter (NW/4) of said Section 29, estimated to contain approximately 6.188 acres, as shown outlined in red on a plat on file in the Office of the Secretary, Department of Natural Resources. Bearings are based on Louisiana Lambert Plane Coordinate System (South Zone).

TRACT 14623 — STATE AGENCY — Cameron Parish, Louisiana — All of the lands now or formerly constituting the bed of the Gravity Drainage District Number 6 of Cameron Parish, Louisiana, described as the Creole Drainage Canal in the Northeast Quarter (NW/4) of Section 29, Township 13 South, Range 12 West, and being a strip of land 100 feet wide beginning at the intersection of said Creole Drainage Canal intersects with the North line of the Northeast Quarter (NW/4) of said Section 29; thence Southeasterly along said Creole Drainage Canal to the Gravity Drainage District Number 6 Canal; thence Southwesterly along said canal to the intersection with the South line of the Northeast Quarter (NW/4) of said Section 29, estimated to contain approximately 6.188 acres, as shown outlined in red on a plat on file in the Office of the Secretary, Department of Natural Resources. Bearings are based on Louisiana Lambert Plane Coordinate System (South Zone).

TRACT 14613 — Cameron Parish, Louisiana — All of the lands now or formerly constituting the beds and bottoms of all water bodies of every nature and description and all islands and other lands formed by accretion or reliction, except tax lands, owned by and not under mineral lease from the State of Louisiana on May 20, 1977, situated in Cameron Parish, Louisiana, within the following described boundaries: Beginning at a point having Lambert Plane Coordinates of X = 1,515,800.00 and Y = 459,700.00; thence South 7,920.00 feet; thence East 15,840.00 feet to the Northeast boundary of the Sabine Refuge established by Department of Conservation Order No. 29; thence Northwesterly along said unit boundary to the Northeast corner of the South line of State Lease No. 5080, as amended; thence West along the South line of State Lease No. 5080 to its Western corner; thence North along said unit boundary 2,500 feet to the intersection of a line having a Lambert Plane Coordinate of X = 1,505,240.00; thence North to a point having Lambert Plane Coordinates of X = 1,505,240.00 and Y = 465,700.00; thence East 15,560.00 feet to the point of beginning, containing approximately 818.27 acres, as shown outlined in red on a plat on file in the Office of the Secretary. Bearings are based on Louisiana Lambert Plane Coordinate System (South Zone).

All bids are to offer a cash bonus for a lease having a primary term of two (2) years and one-eighth (1/8th) of all oil produced and saved; ten cents (10¢) per long ton of sulphur produced and saved; one-eighth (1/8th) of all other liquid or gaseous hydrocarbon minerals produced and saved; and one-eighth (1/8th) of the value per ton of potash produced and saved. Bid of a royalty less than one-eighth (1/8th) of all oil produced and saved; ten cents (10¢) per long ton of sulphur produced and saved; and one-eighth (1/8th) of the value per ton of potash produced and saved will be considered only as a bid to reduce the royalty to the minimum royalties required by RS 30:127 as amended, as one-eighth (1/8th) of all oil produced and saved; one-eighth (1/8th) of gas produced and saved; seventy-five cents ($.75) per long ton of sulphur produced and saved; ten cents ($.10) per long ton of potash produced and saved; and one-eighth (1/8th) of all other liquid or gaseous hydrocarbon minerals produced and saved. A bid of a royalty less than the aforesaid statutory minimums will be invalid and will not be considered by the Board. All bidders are notified that the Board does not obligate itself to accept a bid which offers the aforesaid statutory minimums, and that such suggested percentage is 12½% or fraction thereof on oil, gas and other liquid hydrocarbons produced and saved, and 12½% or fraction thereof on sulphur and potash produced and saved. It is to be clearly understood that the Board reserves the right to accept a royalty bid on sulphur and potash greater or lesser than the prescribed royalty, provided that the statutory minimums are met. The entire bid is considered most advantageous to the State of Louisiana.

The provisions of this notice or advertisement shall not modify, enlarge or diminish the specific terms, conditions or provisions of the statutes establishing the material consideration necessary for the formulation of proper bids, and this notice or advertisement shall not be deemed to modify, enlarge or diminish the specific terms, conditions or provisions of the Board not incorporated herein expressly or by reference.

All leases awarded shall be executed upon terms and conditions provided in the current State lease form with all applicable riders applying and all islands and other lands formed by accretion or reliction, except tax lands, owned by and not under mineral lease from the State of Louisiana on March 15, 1977, situated in Cameron Parish, Louisiana, within the following described boundaries: Beginning at the Northwest corner of State Lease 6984, as amended; thence East 2,000.00 feet; thence North 1,320.00 feet; thence East 2,000.00 feet to a point having Lambert Plane Coordinates of X = 1,222,950.00 and Y = 473,300.00, said point being the Northeast corner of said State Lease 6984; thence East 1,320.00 feet to a point on the East shore of Sabine Lake; thence Southwesterly with the East shore of Sabine Lake to a point on the North line of a unit designated as Lambert Plane Coordinate of X = 1,222,950.00 and Y = 471,300.00; thence West 2,000.00 feet to a point having Lambert Plane Coordinates of X = 1,220,950.00 and Y = 471,300.00; thence North 2,000.00 feet to the point of beginning, containing 6988 having Lambert Plane Coordinates of X = 1,220,950.00 and Y = 473,300.00; thence North 10,300.00 feet; thence West 4,375.00 feet to Lease No. 6988 to its Northeast corner, containing 1,375.00 acres, more or less, all as shown outlined in red on a plat on file in the Office of the Secretary. Bearings are based on Louisiana Lambert Plane Coordinate System (South Zone).

All bids are to offer a cash bonus for a lease having a primary term of two (2) years and one-eighth (1/8th) of all oil produced and saved; ten cents (10¢) per long ton of sulphur produced and saved; one-eighth (1/8th) of all other liquid or gaseous hydrocarbon minerals produced and saved; and one-eighth (1/8th) of the value per ton of potash produced and saved. Bid of a royalty less than one-eighth (1/8th) of all oil produced and saved; ten cents (10¢) per long ton of sulphur produced and saved; and one-eighth (1/8th) of the value per ton of potash produced and saved will be considered only as a bid to reduce the royalty to the minimum royalties required by RS 30:127, as amended, as one-eighth (1/8th) of all oil produced and saved; one-eighth (1/8th) of gas produced and saved; seventy-five cents ($.75) per long ton of sulphur produced and saved; ten cents ($.10) per long ton of potash produced and saved; and one-eighth (1/8th) of all other liquid or gaseous hydrocarbon minerals produced and saved. A bid of a royalty less than the aforesaid statutory minimums will be invalid and will not be considered by the Board. All bidders are notified that the Board does not obligate itself to accept a bid which offers the aforesaid statutory minimums, and that such suggested percentage is 12½% or fraction thereof on oil, gas and other liquid hydrocarbons produced and saved, and 12½% or fraction thereof on sulphur and potash produced and saved. Parish evacuates for Hurricane Anita

Residents take no chances

SCORES OF fishing boats and oil company crew boats took refuge at the Cameron docks early this week a Hurricane Anita moved across the Gulf

Almost all of the citizens of lower Cameron parish evacuated the area Tuesday evening as it remained uncertain as to where Hurricane Anita would hit land.

Hayes (Pete) Picou, Civil Defense director, said his agency had ordered the early evacuation as a precautionary measure in case the storm should change its course during the night and move toward Cameron.

Cameron parish schools were dismissed at noon Tuesday and no school was held Wednesday.

The parish's Civil Defense operation went into effect Monday at noon with 24 hour continuous monitoring of the storm in the CD office on the top floor of the courthouse.

Picou was being aided by CD volunteers in all parts of the parish who maintained constant radio contact.

The giant Gulf fishing fleet came into port and every available docking space in the Cameron harbor was utilized as the shrimpers and menhaden fishermen waited out the storm.

As a precaution, many of the oil companies began evacuating the offshore rigs on Monday and some of the floating rigs have been towed into the Calcasieu River to wait for calmer weather.

As early as 2 p.m. Tuesday, residents near Holly Beach and Johnson Bayou - keeping an eye on rising tides - began moving toward higher ground.

And by nightfall, Louisiana 82 was crowded with cars, some pulling livestock trailers.

In the town of Cameron, the 4-foot tide that arrived at dusk pushed a few inches of water over the main street.

About 20 patients at the South Cameron hospital were moved to Lake Charles.

Civil defense personnel and state police supervised traffic flow and informed evacuees where they could find emergency shelter in Lake Charles and into East Texas.

AMONG THE Cameron parish Civil Defense personnel keeping a 24-hour vigil by the C.D. radio on the top floor of the Cameron courthouse during Hurricane Anita's threat this week were Hayes [Pete] Picou, Jr., standing, parish CD director; and Carroll [Sugarboy] Miller, radio operator.

Permits sought here

The U. S. Corps of Engineers has received a number of applications for permits in the Cameron Parish area including the following:

•Superior Oil Co. to lay a 2-inch pipeline about 14.2 miles east of Grand Chenier connecting existing pipelines.

•Quintana Production Co. to install two 2 1/2-inch flowlines in wetlands about 4 miles northeast of Tiger Island.

•Pennzoil Co. to install drilling barges and platforms in block 253 of the West Cameron area about 51 miles southwest of Grand Chenier.

•Gulf Oil Corp. to install drilling barges and platforms in block 232, West Cameron area about 46 miles south of Cameron.

•Pennzoil Co. to add block 573 in the West Cameron area to its blanket permit for oil well structures.

•Continental Oil Co. to install drilling barges and platforms in Block 143 and 174, West Cameron area, 30 miles southeast of Cameron, and block 131, East Cameron area, 62 miles southwest of Cameron.

•Houston Oil & Minerals Corp. to install drilling barbes and platforms in block 94, East Cameron area about 55 miles southeast of Cameron.

•Southport Exploration, Inc. to dredge a canal and slip for access to a propose oil well location in Mallard Bay about 12 miles southwest of Gueydan.

AMONG THE MANY talented musicians who will be performing at the 2-day Tribute To Cajun Music IV are Beau Soleil band members Mike Doucet [left] and Bessyl Duhon [right]. The Cajun Music Festival will take place in Lafayette at Girard Park on Saturday, Sept. 10 from 11-6 and Sunday, Sept. 11 from 10-6.

Flash to retire from Conoco

Joseph E. Flash, Jr., will retire Sept. 1 after more than 38 years of service with Continental Oil Company. He is plant Chemist at Conoco's gas processing plant here.

A native of Crowley, Flash was reared and educated at Gueydan. He started with Conoco as a roustabout in the production department at Ville Platte in 1939 and served in several assignments during his 25-year-stay there. He moved to Grand Chenier as maintenance foreman in 1965.

After moving to Grand Chenier, he served 10 months as an operator on a pilot liquid methane fractionation barge at Bayou Long, a first in the industry. He became plant chemist in Conoco's natural gas and gas products department in 1970.

Mr. and Mrs. Flash were honored by co-workers with a retirement dinner at Creole on Aug. 18.

Mrs. Blake to head chapter

Mrs. Braxton Blake was named as president of the Cameron Parish Chapter of the American Cancer Society at the annual meeting this week at Fred's Restaurant in Cameron.

Other new officers are: Mrs. Harold Carter, 1st vice president; Dr. Cecil Clark, 2nd vice president; Mrs. John Portie, secretary; and Mrs. Charles F. Hebert, treasurer.

Named as chairmen of standing committees are: William O. Morris, public education: Dr. G. W. Dix, professional education: Mrs. Conway LeBleu, service: Mrs. Geneva Griffith and Mrs. George Nunez, public information; Mrs. Charles W. Hebert, Mrs. Harold Carter, Mrs. LeBleu, Mrs. Dupre Hebert, Jr. and Mrs. Griffith, memorial gift chairmen: Mrs. Charles F. Hebert and Mrs. Mayo Cain, nominating: Mrs. John Prescott, memorials; and Mrs. M. H. Fulton, parish crusade chairman.

Mrs. Carter was named delegate to the State Assembly with Mrs. Robert Ortego, alternate.

Sentences given here

Numerous fines and jail sentences were handed down in district court in Cameron Thursday after a long summer court recess.

Robert Allen Crews pled guilty to possession of marijuana and was fined $250 and given 6 months in jail, the jail sentence being suspended.

Sidney Oren DeBarge pled guilty to possession of marijuana. Sentencing was deferred until Sept. 15.

Weldon Fields, Larry B. Drollinger and David Charles Sells pled guilty to theft and were sentenced to time already served.

Harold L. Comeaux and John C. Comeaux pled not guilty to burglary and theft and their trials were set for Sept. 8.

Sentenced for D.W.I. are the following: Frank J. Fontenot, $250; Conrad K. Breaux, $250; Donald Paul Berg, $250; Boyd V. Seaton, 2nd offense, $250 plus 125 days in jail; Oliver Soniea, $250; Paul C. Gauthreaux, $250; James Morris Jr., $250.

Students named at Hackberry

Leo E. Coe, counselor of Hackberry High School, announced that several students have been inducted into The Society of Distinguished American High School Students.

Students from Hackberry who were inducted are: Amy Broussard, Callie Cabell, David Busby, Penny Bailey, Tammy Hicks, Sandie Poole, Shayne Hinton, Cheryl Navarre, Kenneth Pooser, Margaret Walther, Joan Lowery, Julie Trahan, David Vaughan, Jr., Shanna Vincent.

The Society, which is one of the nation's foremost high school honoraries, inducted the students because of their excellence in academic and civic achievements.

The National Awards Program is sponsored by 21 American colleges.

Church council officers named

The newly elected members of the Sacred Heart Parish Council were installed Sat., Aug. 27, at the Sacred Heart Catholic church in Creole, by the past, Msgr. M. J. Bernard, and Floyd Baccigalopi and Mrs. Mayola Wicke, trustees.

Installed were : Dallas Domingue, chairman; J. Berton Daigle, vice chairman; Mrs. Harold Carter, secretary; Joe G. Boudoin, Clifford Conner, Mrs. Harry Conner, Mrs. Kermit Conner, E. Ray Hendrix, Mrs. Willie Miller and Miss Cindy Vincent.

A buffet supper was held at the Life Center for the Parish Council and the faculty of the church school of religion and was hosted by the pastor of trustees.

Books by mail

The Cameron Parish Public Library has a new free service for persons wishing to check out books. It is called BOOKS-BY-MAIL.

There are two ways to get books-by-mail. You can call Cameron Parish Public Library at 775-5421 or you can write the library at P. O. Box P, Cameron, Louisiana 70631. Send a list of the books you want along with your letter.

Bass club meet

The September meeting of the Le-Mesche Bass Club has been changed because of the Labor Day weekend. according to Phillip Trosclair, president.

It will be held Tuesday night, Sept. 6, at 7:30 p.m. at the WOW Hall in Creole.

Big Cajun Music Festival to be held in Lafayette

The biggest Cajun Music Festival ever held will take place free of charge at Girard Park in Lafayette on Saturday, Sept. 10 from 11 a.m. to 6 p.m. and Sunday, Sept. 11 from 10 a.m. to 6 p.m. The two-day Tribute to Cajun Music will feature some of the best Cajun and Creole folk musicians of our time.

The CODOFIL-sponsored festival will feature some 20-odd groups spanning a musical spectrum from ballads of the Middle Ages through modern country and western including blues and rock.

Rising from the ashes of neglect, Cajun music achieved worldwide recognition yet had been sorely neglected at home. Thanks to the massive efforts of CODOFIL, the foreign press and the undying spirit of the Cajun people, Cajun music has finally come into its own.

Only July 27th the Balfa Brothers performed at the Library of Congress in Washington, D.C. During an interview with the Washington Star on this occasion Dewey Balfa gave his assessment of the present status of Cajun music: "Now the situation has changed and we're proud to play it, because it's music that has been handed down from our ancestors. I used to say I was afraid the music was going to die out, but now we are presenting this music in the schools, and our children, who used to just come home from school and watch television, can hear their music. I think it's very important, no matter who your ancestors were, to know your roots music."

The Cameron State Bank and the Calcasieu Marine National bank both will be closed Monday, Sept. 5 in observance of Labor Day.

Hunters charged

Charges of hunting alligators without licenses and trespassing have been charged against the following persons by state wildlife agents:

Stephen A. Doherty, 21, of 2130 E. Napoleon; Daniel W. Portie, 21, 611 W. Napoleon; Daniel B. Martin, Rt. 2, all of Sulphur; and Allen P. Hebert, Box 24, Vinton.

They were arrested in the Gum Cove area.

French teachers to come here

Friday evening approximately 260 foreign teachers and dependents arrived in New Orleans from Quebec, Belgium, France and Switzerland.

The majority of the teachers will teach French in the elementary schools of 32 parishes which include three in Cameron Parish.

Winners named

Mrs. Lavine Harmon announced that the following were the winners of prizes offered in the raffle at the St. Rose Bazaar: Carl Guilbeaux, microwave oven and Drucilla Cockrell, the calf.

The St. Rose Church also wishes to thank the "Teardrops" who furnished the music for the bazaar.

MSGR. M. J. Bernard, pastor of Sacred Heart Catholic church, is shown with Mrs. Harold Carter, parish council secretary and Dallas Domingue, council chairman.

Wayne Wood has new position

Wayne O. Wood, former resident of Grand Chenier has been named manager of the Leesville store of Hill's Music Center of DeRidder. He is also band instrument repairman for both stores.

Wood is a 1947 graduate of DeRidder High School, earned a Bachelor of Music Education degree from U.S.L. in 1951 and undertook additional studies at U.S.L. and M.S.U.

He taught band and elementary vocal music for 23 years in Evangeline, Calcasieu and Cameron Parishes.

Wood and his wife, Virginia are now making their home in Holly Grove Estates near Anacoco.

Wayne Wood

FFA winners

Five members of the South Cameron FFA chapter attended the Louisiana Junior Brahman Association Fall Preview Show in Alexandria, July 22 and 23.

They won these honors - Junior Yearling Heifer - Brien Theriot, 4th; Lawrence Mhire, 5th; and Dennis Mhire, 6th.

Summer Yearling Bull - Andy Vaughan, 1st; and Bob Savoie, 4th.

Spring Yearling Bull - Bob Savoie, 4th.

Junior Yearling Bull - Lawrence Mhire, 4th.

In Showmanship, Bob Savoie won first place in the 14 year old class.

Classified ads

Due to the increased cost of postage, the Cameron Pilot will no longer send bills for classified ads. All such classified ads must be paid in advance unless the advertiser has a regular business advertising account.

Mrs. Mason Istre of Holly Beach was the recent winner of a color portable television set raffled off by the Richard Bros. American Legion Ladies Auxiliary.

Calf vaccination is good insurance

Early calfhood vaccination of replacement heifers is the only long term protection cattlemen have against brucellosis, according to Dr. Steven S. Nicholson, LSU Cooperative Extension Service veterinarian.

Programs designed to control or eliminated bovine brucellosis or "bangs disease" have been in effect nationwide for more than 20 years. The infection causes abortions and infertility in cattle and undulant fever in man. Infected cattle must be removed from the herd and slaughtered. The herd remains under quarantine until a series of negative tests qualify it for release.

Although not perfect, the vaccine, when properly used, does provide substantial long term immunity for most females in the herd, Nicholson says. There have been so many conflicting views in the past regarding the value and effectiveness of vaccination, so it is sometimes difficult to get farmers to adopt the practice.

The disease is real and certainly not uncommon in Louisiana and other coastal states. Exposure from sources like infected neighboring herds and horses with draining fistulous withers cannot always be prevented, but every heifer calf can be given the vaccine, Nicholson adds.

Another protective measure is to add only test-negative cattle to the herd, because a carrier cow with a normal calf at her side may introduce the disease. Isolation and re-test of replacement animals 30 days later provides additional assurance. This doesn't give protection against neighboring infected herds, Nicholson says, so immunity through vaccination is the only 24 hour-a-day, year-in, year-out safeguard.

Acid used to produce better camellia blooms

The use of gibberellic acid to produce earlier, larger camellia blooms is increasing throughout the South.

Because of cold damage to camellia blooms grown in the open and the increased spread of petal blight which takes a heavy toll during mid-winter, having camellias in mid to late fall is especially desirable.

The prepared solution for gibbing, as the term is commonly called, is now available from many garden centers and nurseries, says Dr. T. E. Pope, LSU Cooperative Extension Service horticulturist.

The time of the year when application is made is very important. Early-blooming varieties should be treated in September or October. The late-blooming varieties should be treated in late November and December. If the treatment is made too early, some buds will drop and other may not develop properly.

Flower buds treated with gibberellic may open in 21 to 60 days after application is made. This depends on the stage of the bud development at the time of treatment, climatic conditions, the variety, and the vigor of the plant.

Varieties which do exceptionally well when "gibbed" are Mathotiana Supreme, Tiffany, Debutante, Flowerwood, and Rosea Superba. Poor performance has been observed in early-flowering Tommorrow, Ville de Nanter, and Lady Kay.

The method of treatment is quite simple, Pope says. Just remove the slender pointed bud adjacent to a plump flower bud and apply one drop of the gibberellic acid solution. Where you remove the vegetative bud, a small cup will occur and it is to this area the material is applied.

"Gibbing" can extend the flowering period of most camellias and can also yield unusually large flower specimens. A solution containing 12,000 to 15,000 parts per million of gibberellic acid has proven to be the best concentration, Pope adds.

Beef and dairy cattle owners must not assume that the state-federal brucellosis eradication program will keep this disease out of their herds, Nicholson emphasizes. It is up to each cattleman to use all the safeguards available.

Yard and garden tips

Q. When is the best time to plant head lettuce and what varieties do you recommend?

A. September and January are the two best months for planting head lettuce in Louisiana. The two best varieties for our state are Ithaca and Imperial No. 847 (Florida Iceberg). - Dr. Mike Cannon, LSU Extension horticulturist.

Q. When can I plant Chinese cabbage and what varieties do you suggest?

A. Chinese cabbage is planted in Louisiana from July through the first of October. Best performers are Early Hybrid G, Early Top and Burpee Hybrid. - Dr. Mike Cannon, LSU Extension horticulturist.

Q. What can I do to treat camellias for earlier and larger flowering?

A. Earlier and larger flowers often result from treating the camellia growth buds with gibberellic acid, about a 1.2 per cent solution. Pinch off the small growth bud beside the flower bud and add a drop in the cup that remains. Treated in September and October, the camellia will usually reward you with earlier flowers which are larger than they'd be if left untreated. - Dr. Thomas Pope, LSU Extension horticulturist.

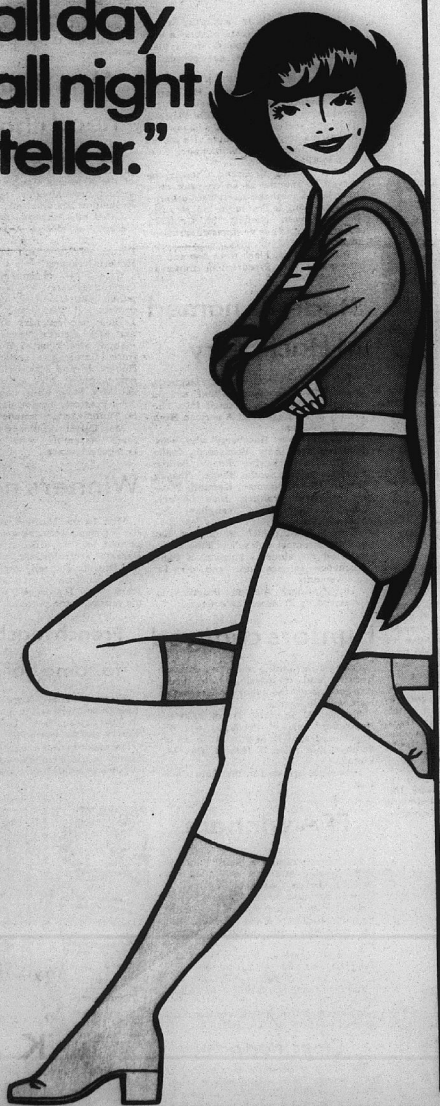
"Hi! I'm SuperSuzie ...your all day all night teller."



Almost like having a bank in your car!
Now Super Suzie makes banking even more convenient for SuperBank customers with 24 hour Banking Service!

Meet Super Suzie, the newest addition and the most unusual member of our banking family. She works every hour of every day of the year . . . our all day, all night teller.

What hour do you need to bank? You pick the time, day or night - any day of the year including Sundays and holidays - then go to any Super - 24 Teller machines and with Super Suzie's help, you can:

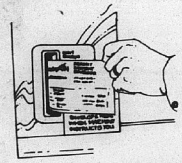
1. Get cash from your account 24 hours a day, every day of the year.
2. Deposit checks or cash to any of your accounts, checking or savings.
3. Check the current balance you may have on your checking or savings account.
4. Transfer money from your selected checking to your regular savings or Gold Star Savings accounts.
5. Make payments from selected checking or selected regular savings accounts to any installment loan.
6. Make payments on your Christmas Club account.
7. Make payments to any installment loan account using the Deposit/Payment envelope and coupon procedure.

You can count on Super Suzie. She's there all the time.

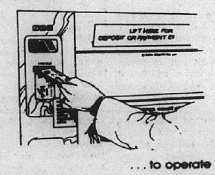
To operate the Super 24 Teller Machine, you must have your exclusive Super 24 card and your secret personal identification number, which means you are someone special with the SuperBank. It entitles you to the privilege of using the SuperBank's 24 Hour service at your personal convenience.

1. It's great!

. . . to get cash when you need it

2. It's easy!


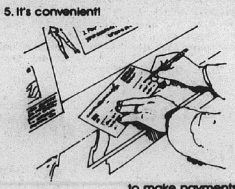
. . . to make deposits

3. It's simple!


. . . to operate

4. It's quick!

. . . to transact your business

5. It's convenient!


. . . to make payments

HEY KIDS!
Watch for a special announcement telling you how to win cash prizes in the bouncy Super Suzie Group Sing - A - Long Contest. Nothing to buy! Nothing to write! Just lots of fun! Learn to sing my happy SuperBank Jingle. It's everywhere!

Let Super Suzie do your banking over the Labor Day Weekend. Use the Super 24 teller machine any hour of the day or night.

Grand Chenier News

By ELORA MONTIE

The talk on Grand Chenier Monday was the weather included the great quanity of rain which we have gotten in the past weeks, and Hurricane Anita.

Monday morning Aug. 22 while Grand Chenier witnessed an electrical storm, lightening hit the large oak tree in the front yard of Elora Montie knocking out two plug ins and two switches in the home.

SCHOOLS OPEN

Cameron Parish Schools opened Wednesday Aug. 24. Our parish was very fortunate to have a clear day for opening day, as the day before Grand Chenier witnessed some 9 inches of rainfall.

Grand Chenier Elementary School enrollment is 109 this year from 1st through 7th grade.

There is no Kindergarten due to not enough children.

POOL CLOSED

The Grand Chenier Recreation Center Pool did not open Saturday and Sunday as advertised in last weeks paper due to the fact some one had tampered with the pool machine.

With the cool weather ahead the pool will not be open now until next summer.

VISITORS

Mr. and Mrs. James Bourque and family of Lafayette who were on vacation in Houston and Galveston visited Mr. and Mrs. Thomas LeMaire and family and Mrs. Annie Richard of Grand Lake on their way home.

Mrs. Annie Richard is recuperating from surgery at the home of daughter and family, the Thomas LeMaire family in Grand Lake. She came home Aug. 18.

Mrs. Dot Johnson and daughter of Kaplan spent Sunday night with Mr. and Mrs. Mark Theriot and family and also visited Mr. and Mrs. Henry Roy in Grand Chenier.

Mr. and Mrs. Garrett Mayon of Houston, Texas spent the weekend in their home here.

Mr. and Mrs. Wayne Theriot, Sabrina and Rocky of Lake Charles spent Saturday night and Sunday with Mr. and Mrs. Daniel Theriot and family.

Dr. Don Akin and LeRay Smith were at their camp in Grand Chenier Sunday.

Mr. and Mrs. Melvin Theriot, Mr. and Mrs. Elias Dyson, Elora Montie, Ray Nunez and Oliver Boudreaux of Grand Chenier, Mr. and Mrs. Edward Broussard and Mrs. Nita Vincent of Creole and Sepheron Theriot of Creole and Madora Fruge of Welch enjoyed an outing at the Lakeshore Club Sunday afternoon.

Mr. and Mrs. Jason Billings and Mrs. Dale Miller and daughter of Cameron spent Sunday with Mr. and Mrs. Watkin Miller in Grand Chenier.

7th grade has class election

On Friday, Aug. 26 the seventh grade class of South Cameron Elementary School had a class meeting. The class discussed their project for the Sulphur Cal-Cam Fair.

The also elected class officers. Mike Montie was elected president; Daena Dupont, vice-president; Tammy Conner, secretary, Michelle Stewart, 1st treasurer; Kim Nunez, 2nd treasurer; and Karen Savoie, reporter.

The class sponsers are Mrs. Patsy Miller and Mrs. Olga Mudd.

The teeth of sharks are set in their mouths in rows. As one row wears out another takes its place.

Mrs. Billy Davis LaBove

LaBove-Granger vows said in Creole church

Sacred Heart Catholic Church of Creole formed the Saturday, Aug. 27 wedding ceremony of Madeline Joyce Granger of Bell City and Billy Davis LaBove of Creole.

Msgr. M. J. Bernard performed the 11 a.m. Mass.

Parents of the couple are Mr. and Mrs. Clement L. Granger of Sweetlake and Mr. and Mrs. Clarence LaBove of Creole.

For her wedding day the bride chose a gown of organza. The bodice featured a sheer keyhole effect, a stand-up wedding ring collar, and long cuffed Bishop sleeves, all trimmed with lace motifs and Venetian lace. The full skirt flowed into a chapel length train.

The fingertip veil of illusion was held by a Camelot cap trimmed with lace motifs and simulated pearls.

She carried a cascade of minature white colonial daisies with babies breath encircled in lace.

Ellen LaBove, sister of the groom, served as maid of honor. Bridesmaids were Jennifer Granger, Mary Clayton, Debbie Granger, Delores Granger, and Debra Miller.

Best man was Dwayne Granger, brother of the bride. Troy Granger, Tony Duhon, John Armentor, Richard LaBove and Denton Charles Vincent served as groomsmen.

Ushers were Pat Pinch and Johnny Zamora.

Flower girls was Dodie Baccigalopi and the ring bearer was Eric Granger.

The bride attended Grand Lake High School and the groom attended South Cameron High School. The couple will make their home in Creole.

Memorial book list

Memorial books in the Cameron Parish Library are listed as follows: with names of the ones in memory and donors, respectively:

You can Fight Cancer and Win, Armogene Benoit by Mr. and Mrs. Brown Lefoeuf; Trials, Tears & Triumphs, Roby Cooper by Mrs. Charles Hebert and Mrs. Charles Precht; Do-it-yourself Encyclopedia v. 4, Myrtis S. Phillips by Mr. and Mrs. Sevan Miller.

Do-it-yourself Encyclopedia v. 1, Francis Nunez by Mr. and Mrs. Sevan Miller; Do-it-yourself Encyclopedia v. 2, Armogene Benoit by Mr. and Mrs. Sevan Miller.

Easy Steps to Safe Swimming, Bud Murphy by Mr. and Mrs. Sevan Miller; Do-it-yourself Encyclopedia v. 3, Armogene Theriot by Mr. and Mrs. Sevan Miller; Do-it-yourself v. 5, Ida Primeaux by Mr. and Mrs. Sevan Miller.

Do-it-yourself Encyclopedia v. 6, Jim Baccigalopi by Mr. and Mrs. Sevan Miller; Home Bread Baker, Abra Conner by Mr. and Mrs. Sevan Miller; Don't Throw it Away, Roby Cooper by Cathy and Richard Tutt.

"He who laughs, lasts."
Mary Pettibone Poole

Rt. 1, Cameron

By MRS. GEORGE NUNEZ

Mr. and Mrs. Al Guillory of Lake Charles, and Austin LeBouef of Port Arthur, visited Mr. and Mrs. Nosta Premeaux and Sonny Boy recently.

Mr. and Mrs. Randy Austin and son Benson Ray visited the George Nunezs, Margie Kelly, Barry and Jerry Thursday of last week. The Austins are from Port Arthur.

Mrs. LeRoy Nunez and Margie Kelley, visited in Port Arthur with the James Austins Saturday afternoon.

BIRTHS

Mr. and Mrs. J. C. Murphy are proud parents of a girl, Krystal Gail, weighing 8 lbs who was born Aug. 24 in Lake Charles Memorial hospital. Krystal was welcomed home by a sister X-Ann, grandparents, Mr. and Mrs. Arnold Murphy, Mr. and Mrs. Phirma LeBouef, and great-grandfather, Philibert Miller.

Mr. and Mrs. Michael Styron, are the proud parents of a girl, Brandi Michaell, born Aug. 7 at West Cal-Cam hospital. She weighed 5 lbs 7 ozs.

Grandparents are Mr. and Mrs. Robert Styron and Mrs. Addison Fruge of Lake Charles. Brandi was welcomed by a brother, Michael Jr.

Mrs. Elray LaBove was in Big Lake last week. Her daughter, Mrs. Frank Hooper, was bringing her home when Mrs. LaBove slammed the car door on her hand. Mrs. Hooper had to take her to Lake Charles Memorial hospital emergency room. They had to take 4 stitches in her thumb. Mrs. Erma Meeks of Port Arthur came to help care for her.

Get well wishes to Hebert Rhodes who had surgery in St. Patrick's hospital last week and to his brother Clifford who is ill at home. Another brother Elvence Rhodes is in a hospital in Houma.

TO HELP PAY THEIR WAY through school, veterans will be given money by the government.

CDA to have meeting Tues.

The Mary Olive Court of the Catholic Daughters of America ladies will have a meeting Tuesday, Sept. 6, in the Life Center at 7 p.m. All members are urged to attend.

Cameron parish 4-H clubbers go to camp

The annual State 4-H Summer Camp was held Aug. 15-19 at Camp Grant Walter near Pollock. according to Gary Wicke 4-H Agent. Attending the camp were Junior 4-H members from throughout Cameron Parish.

The following attended this year's camp: from Hackberry 4-H Club: Blane Buford, Deral Domingue, Paul Doucet, Tim Little, Bill Powers, Mitchell Jinks, Stephen Racca, John Patrick Broussard, Mark Trahan, Alissa Buford, Ronda Wooldridge, Shaun LaBove, Pamela Frey, Stacie Broussard, Beth Baley and Theresa Jinks.

Attending from Cameron Elementary: Craig Wainwright, Mario Reyes, Recia Labove, Christine Fuselice and Renee Daigle.

Attending from South Cameron Elementary: Lance Mudd, Kenton Ortego, Kevin Jouett, David Boudreaux, Tommy Nunez, David Conner, Stacy Mudd, Selika Miller, Mary Boudreaux, Denice Dozey and Mikie Morris.

From Grand Chenier 4-H Club: David Vincent, Glen Dupre, Guy Murphy, Ken Nunez, Tim McCall, Scott Trahan, Duncan Crain, Cheryl Miller, Tina Hebert, Lea Trahan, Monica Dupuis, Ruby McCall, Todd Dupuis and Kevin Mhire.

From South Cameron High Jr. Eric Baccigalopi, Monca Reyes and Denise Rutherford.

Grand Lake Jr. club: Danny Fontenot, Jody Labove, Jay Delaney and Jennifer Granger,

Junior Leaders from Cameron Parish were: Randilin Crain, Renee Boudreaux, Todd Montie and Shane Jouett, all of South Cameron High Sr. Club.

Mrs. Miller honored

Mrs. Leona Miller was honored with a baby shower Sunday, Aug. 28, at the American Legion Home in Creole.

The hostesses were Dianne Thibodeaux, Gwen Hebert, Hilda Bougeouis, Julie Cuvillier and Glenda Peshoff.

Many games were played and Mrs. Miller received a lovely array of gifts.

Bids sought on telephone poles & wire

The General Service Administration announced that sealed bids are being solicited for 467 telephone poles with two strands of copper wire located along Gulf of Mexico from Sabine Pass, Texas to near Johnsons Bayou.

Karl Merrill, GSA Regional Administrator in Fort Worth, Texas, said the invitation, Bid, and Acceptance Form GSA-R-915, which gives instructions for submitting bids, can be obtained from GSA's Business Service Center, Room 1A03, 819 Taylor Street, Fort Worth, Texas 76102, telephone 817-334-3281.

Bids will be accepted until 12:30 p.m., on Oct. 6, 1977.

The Challenge of Genealogy

by MARIE WISE

Did your family have a *dit*? If there is any French in your lines, at all, the *dit*, or "chosen" name is quite likely, resulting in a sudden change - within one generation - from one surname to another. Thus your elusive ancestor may not be lost at all, perhaps he just chose himself a *dit*.

***dit* CHARLEVILLE**

Chauvin dit Charleville is a remarkable book by Elizabeth Shown Mills, certified genealogist, historian and author of the Cane River Creole Series. Centering on Jean Baptiste Chauvin Charleville who fathered the Louisiana line, this 169 page, 8½ x 11 in hardcover, indexed volume traces the family back into France and the 1500s.

Pierre, with the *dit* of Grand Pierre, Chauvin was the first direct ancestor in America, having migrated to Montreal in 1653. Other Chauvins, not proven to be related, had preceded him by 50 years.

Grand Pierre and Marthe Le h'autreux (married at age 14 in Montreal) raised 10 children. Three of their sons left Canada in 1699 with a d'Iberville expedition to help found Biloxi and Mobile and in 1706, with same down the Mississippi River to join his brothers. Only Jacques kept the name of Chauvin, the others chooing *dits*: Joseph Chauvin *dit* de Lery (later Delery), Nicolas Chauvin *dit* la Freniere, Louis Chauvin *dit* Beaulier.

Two other sons remained in Canada: Philippe who adopted the *dit* of Joyeuse and Gilles who fathered Joseph Chauvin *dit* Charleville. Joseph moved south to Illinois where he was one of the earliest settlers. His son, Baptiste, fathered another Joseph who married Victoire Verdon, parents of the Louisiana progenitor, Jean Baptiste, born in St. Louis.

Jean Baptiste traveled south to Natchitoches to visit relatives, remained to marry 14 year old Marie Aurore Rachal and settle on Cane River at Isle Brevelle.

The Chauvins and all their *dit* descendants have spread across Louisiana from south and north, and across the nation from Illinois and Missouri in their Canadian-American story, more than 300 years old.

Available from the author: Elizabeth Shown Mills, 543 Haralson Ave., Gadsden, Ala. 35901, this family genealogy is well worth its $25.00 price as a superior narrative-history of the Chauvin *dits*, exploring and adventuring their way to Louisiana where they chose to marry and remain.

PYE-MARTIN

Mrs. Eugenia Pye, 872 Bettina Ct., Apt. 207, Houston, TX. 77024 is searching for the newspaper account of the wedding of P.G. Pye and Grace E. Martin in the First Baptist Church of Leesville on Nov. 18, 1902. She hopes that a descendant of one of the several attendants in this wedding may be able to furnish her a copy. Since it has been 75 years, this source could be anywhere in or out of Louisiana.

BASCO

W.L. Basco, Rt. 1, Box 20, Lena, La. 71447 wants information on origin of BASCO family.

MARIN, ETC.

Sidney L. Villere, 1668 Dufossat St., New Orleans, La. 70115 needs to know who were the parents of EVA LE PELLTIER de LAHOUSSAYE who married JAMES MARIN. They were living in New Iberia, 1938-1940.

BAIRD

Rosalie Baird Rountree, 600 S. Lincoln, Tallulah, La. 71282 is searching for the ancestory of BYTHELL HAYNES BAIRD in Woodville, Wilkinson County, Miss., early 1800s. Is there a relationship to JOHN BAIRD, early Scottish immigrant to N. Car.? Bythell, born at Hampton Hall, married Mary E. CLINTON of Clinton and they lived at White Hall Plantation on Red River before the Civil War, later moving to Texas.

NOLEN-WISE

Mrs. Nolen C. Miller, P.O. Box 10, New Roads, La. 70760 wishes to exchange information on the WISE families of Va. and La.

LIVELY

Verna Lively Everett, Rt. 2, Box 14, Columbia, La. 71418 is publishing the third volume on LIVELYS in America and offers to exchange information on LIVELYS, BAKERS, PITTMANS and EVERETTS.

COATS-WOODS

Elsie B. Chabala, 704 Davis, Lake Providence, La. 71254 asks for information on parents, brothers or sisters of: W.R. COATS, b. 1836, mar. in 1858, Mary Levonia MITCHELL, b. 1841; and also: ROBERT WILSON WOODS, b. 1821, d. 1897, in 1850 mar. Mary Malvania SUMMERY, b. 1832, d. 1872, in 1860 they came to La. from Miss.

QUERIES

Queries to be published here should be clearly written and mailed to: Marie Wise, Box 99, Sulphur, La. 70663. Pedigree charts wanted. For reply send stamped, self-addressed envelope.

Good reading

Florida's history like Louisiana's

"Florida, A Bicentennial History", by Gloria Jahoda, pub. by W.W. Norton & Co., 500 Fifth Ave., New York, N.Y. 10036, 210 pp., $8.95

Reviewed by MARIE WISE

Florida, like Louisiana, has a Latin heritage. Its roots, going back 400 years, are as firmly set in Spanish culture as Louisiana's are in French. And, like Louisiana, the northern part of Florida is newer than the south - a land of pine forests settled later by the Anglo-Saxons.

Gloria Jahoda, honored by the state legislature for her Florida writings in stories, poetry and novels, is editor of this single-volume Florida history, a part of "The State and The Nation Series" prepared as a national bi-centennial project.

Of all the states in the nation, Florida's history is the oldest. In 1513 Ponce de Leon rounded what is now Cape Canaveral and gave Florida its name, "Land of Flowers"; in 1528 the one-eyed, red-bearded giant, Narvaez, landed at Tampa Bay; in 1539 De Soto was at Tallahassee's Lake Jackson; in 1559 Arellano arrived at the site of Pensacola and in 1565 Aviles established America's oldest city, St. Augustine. Jamestown and the beginning of English colonization was still 42 years away.

At times as violent as its hurricanes - and the same might be said of Louisiana - Florida's history unfolds in an incredible story of contrasts. Author Jahoda weaves the state's political, economic and sociological development into sixteen fast-moving chapters from Spanish moss to moon rockets, from Seminole Indians to Disney World.

Louisianians are reminded again of their ancestors' role in winning Florida back for Spain when, in 1781, after only 20 years as a British colony, the Florida territory was taken from the English by Bernardo de Galvez, governor of Spanish Louisiana, in his successful campaign from New Orleans.

Three years later, some thirteen thousand English citizens evacuated Florida, many of them being Loyalists from the colonies. Some returned to England, some back to the new United States, many moved to the Bahamas and West Indies, while others went pioneering west to the Mississippi and beyond.

Florida, also like Louisiana, is a jambalaya of nationalities; Cubans whose ancestors arrived with the conquistadores and those coming after Castro, Greeks who helped build Tarpon Springs, and Czechs of Masaryktown. Jews whose familes pre-date the Seminole Wars and those recently arrived, Vietnamese refugees, long-time Southerners, countless retirees seeking a high-rise apartments and the Everglades, 3700 miles of coastline and all that glorious sunshine.

Louisiana readers will feel a kinship with Florida's story.

Card of Thanks

CARD OF THANKS

We wish to thank our many friends and relatives, and neighbors for all the kindness during the illness and death of our beloved one, Bud Murphy. We wish to thank everyone for all the masses, flowers, and food and South Cameron hospital nurses. Special thanks to Msgr. Bernard, Dr. Clark, Hixon-O'Donnell Funeral Home, and Dot's Flower Shop. They all have our everlasting graditude.

The Bud Murphy Family

HEALTHFUL PRECAUTION — The more you drink, the more you need vitamins.

Did Christ Give Us 1 or 2 — or SEVEN Sacraments?

Ask one Christian and he may tell you the answer is "none." He doesn't think the Sacraments are of divine origin but an invention of the Catholic Church.

Ask another and he may say there are two — Baptism and Holy Communion. But even among those who accept this number, there is conflict as to the nature of the Sacraments.

We suggest that anyone seeking Christian truth owes it to himself to at least investigate why the Catholic Church . . . the Apostolic Church . . . continues to maintain after nearly 2,000 years that there are *seven* Sacraments—all instituted by Jesus Christ and all essential to the full Christian life.

We have prepared a special pocket-size pamphlet entitled: "Christ's Seven Sacraments." It explains the origin, nature and sanctifying effects of each of them — Baptism, Confirmation, Holy Eucharist, Penance, Extreme Unction, Holy Orders and Matrimony. It provides authoritative evidence of their divine validity from the words and example of Christ Himself.

Upon investigation, you may come to believe as Catholics do . . . that Christ instituted seven Sacraments to meet seven basic human needs. You may be convinced, as we are, that they represent not merely a message from Our Lord, or a symbol, but a design for life as Christ would have us live it.

Through Baptism, for example, we are reborn into hope of salvation through Christ. Confirmation gives us strength for Christian living. In the Holy Eucharist our souls are ineffably exalted by the Divine Presence itself. The soul-destroying effects of sin are washed away by God's forgiveness in the Sacrament of Penance. The Sacrament of Matrimony puts the seal of God's approval on our family life and the procreation of our kind. Even down to our last hour of life on earth, God renders His consolation through the Last Anointing—the Sacrament of Extreme Unction.

The divine merits of the Sacraments were not visible to human eyes, of course, even when Christ Himself administered them to His followers. He made them understandable, however, by words and ceremonial actions which He directed His disciples to imitate . . . and He thus created the Sacrament of Holy Orders under which the Catholic Priest of today dispenses and administers the Seven Sacraments.

If you would like to know more about the seven Sacraments . . . their origin, purpose and divine nature . . . and how they can help you meet all the basic needs of a fuller Christian life, write today for our pocket-size pamphlet entitled: "Christ's Seven Sacraments." It will be sent free on your request; nobody will call on you. Ask for Pamphlet No. KC-5.

STATE OF LOUISIANA
PARISH OF CAMERON
NOTICE OF INTENTION TO CREATE CAMERON FIRE PROTECTION DISTRICT NO. 9 OF CAMERON PARISH, LOUISIANA

NOTICE is hereby given that the Police Jury of Cameron Parish, Louisiana, intends to create Cameron Fire Protection District No. 9 of Cameron Parish, Louisiana, to have all the powers and duties provided for such districts in law, and to have all the following boundaries described in law, and to have all the following boundaries described as follows, to-wit:

BEGINNING at the northwest corner of Section 2, Township 13 South, Range 5 West;

THENCE west to the center of the north line of Section 3, Township 13 South, Range 7 West, south on the half section lines to the center of the south line of Section 27, Township 14 South, Range 7 West;

THENCE west to the northwest corner of Section 32, Township 14 South, Range 7 West;

THENCE south to the Gulf of Mexico;

THENCE easterly along the Gulf of Mexico to the East line of Cameron Parish.

THENCE in a northerly direction along the east line of Cameron Parish to the Northeast Corner of Township 14 South, Range 3 West;

THENCE in a westerly direction along the north line of Township 14 South, Range 3 West, Township 14 South, Range 4 West, Township 14 South, Range 5 West to the point of beginning.

This Police Jury will meet on the 6th day of September, 1977 at 10:00 a.m. in its regular meeting place, the Police Jury Room of the Courthouse Annex in Cameron, Louisiana, for the purpose of hearing objections, altering the proposed boundaries, if found advisable, and finally, creating the said Cameron Fire Protection District No. 9 of the Parish of Cameron, Louisiana.

That the governing body of said Cameron Fire Protection District No. 9 of the Parish of Cameron, Louisiana, will be the Cameron Parish Police Jury, as the Parish governing authority and the domicile of the said District shall be Grand Chenier, Louisiana, and the said Police Jury shall have authority to act and do all things as provided in Section 1495 of Title 40.

DONE and SIGNED by order of the Police Jury of Cameron, Parish of Cameron, Louisiana, this 2nd day of August, 1977.

APPROVED:
/s/Roland J. Trosclair, Jr.,
President, Cameron Parish Police Jury

ATTEST:

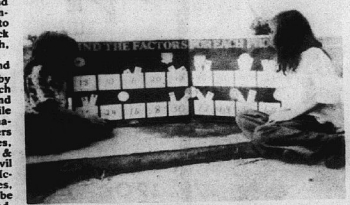
STUDENTS from South structed by Mrs. Barbara Cameron Elementary here January, 4th grade teacher. enjoy a learning center con-



MRS. YOLANDA Conner constructed this learning center for her class at the recent Cameron Parish teacher workshop.

Teachers take part in two day workshop

Cameron Parish teachers participated in a two day in-service workshop, Aug. 22, and 23.

The first day of the workshop teachers were informed of the regulations concerning Public Law 94-142 and its implications for students of Cameron Parish. This law concerns the education of the handicapped children.

During the second day teachers constructed learning centers. These learning centers will help students develop independent learning skills and provide enrichment.

New prison opened at Homer, La.

(EDITOR'S NOTE--In order to relieve crowded conditions at Angola, the state correctional department is building a new penal institution at Homer in north Louisiana. It will be patterned in many ways after the Louisiana Correctional and Industrial School at DeQuincy.)

An income-producing agri-business industry and educational instruction will be major programs of the State's Claiborne Parish Prison at Homer when it begins operation, said Commissioner of Administration Charles E. Roemer II.

Scheduled to be completed in 1979, the 500-man prison construction will include a 25-acre swinery, Roemer said, pointing out, "the $800 thousand program will be the major industry of the prison and one of the largest hog-producing programs in the South."

The prisoners will raise some eight thousand hogs yearly to be sold on the open market, he said.

"We are projecting that this industry will earn a gross income of $750 thousand a year," he said, adding, "the operation will be both modern and efficient, with the prisoners manufacturing the feed themselves from raw meal and feeding the animals by hand."

Education will be another primary program at the prison, Roemer emphasized academic training as the first priority for the prisoners, whose average education is on the fifth-grade level.

"Once they have learned to read and write, the prisoners can continue their education, earning high school equivalency diplomas from the State Department of Education."

The Education Department also offers vocational-technical training to the prisoners. At the Clairborne Parish Prison office accupations, welding and auto mechanics will be taught.

This vo-tech will have a dual prupose, serving the prisoners and the surrounding communities. Located at the corner of the prison compound, the school will be used by inmates during the day and local residents at night. Roemer said an inside gate will be locked at 4 p.m. daily to make the vo-tech private for those attending classes.

Mrs. Wayne Wood and grandchild

First grandchild

Mrs. Wayne Wood, former resident of Grand Chenier is shown holding her first grandchild, Virginia Adele McDonald.

Mrs. Wood and her mother, Mrs. Harvey Burrow of Anacoco, recently visited her son, James L. McDonald, his wife and their new baby in Alburquerque, New Mexico.

Virginia is also Mrs. Burrow's 1st great-grandchild. At birth, June 18, she weighed 7 lbs. 11 ozs. She was named after her grandmothers, Mrs. Wood, and Ruth Cunningham of Albuquerque.

An uncle, Willie McDonald resides in Grand Chenier.

21st Year--No. 48 | Cameron, La. | Sept. 8, 1977

New fire district created for parish

Fire Protection District No. 9 to serve the Grand Chenier area was created by the Cameron Parish Police Jury at its September meeting Tuesday.

The jury had advertized for any protest to the creation of the district and received none.

An ordinance leving an occupational licenses on insurance companies that do business in the parish was adopted and Parish Treasurer said the ordinance would bring about $1000 into the parish treasury every month. Cameron was one of three parishes in the state without such a license tax.

A number of appointments to parish boards were tabled since the jurors had not had a chance to discuss them prior to the meeting due to the storm threats last week.

A bid of $26,144 from the Cameron Construction Co. for the erection of a 60 by 40 metal storage building at Grand Chenier was accepted by the jurors.

Bids on additions to the parish multi-purpose building were received from two firms--Realco Ltm. for $22,350 and Charles Miller Construction Co. for $21,995.

The bids were tabled and Police Jury President Roland Trosclair said the school board would be contacted to see if it would help pay for the proposed expansion.

The jury voted to create **Drainage** District 3 to include Ward 4 and the north portion of Ward 1--the same boundaries as the election district.

Emergency bids were authorized on raising of Wakefield Road along the ship channel at Cameron. The road went under water during the storm disturbances in the Gulf last week.

The jury will open the bids at a special meeting at 10:30 a.m., Tuesday, Sept. 13.

The jury also advertised for reef sheel.

Building permits for new homes were approved for Larry P. Boudoin three miles east of Cameron and for T. A. Powell Jr. a half mile east of the South Cameron hospital.

Conner given new position

Eddie J. Conner will serve as branch manager of the First Federal branch in DeRidder which is scheduled to open in September, according to C. M. Abadie, president.

Conner has been living in DeRidder for the past year. He began training at First Federal's home office in March and has been made an assistant vice president with the association.

A native of Creole, Conner graduated from South Cameron High School and received his bachelor of science in Business Administration from McNeese State University.

He has six years experience in the savings and loan business as loan officer and branch manager.

Conner is a member of the Lions Club, the Veterans of Foreign Wars, the American Legion and the Knights of Columbus.

He is married to the former Susan Scott of Marksville. Mrs. Conner is a fourth grade teacher at Pinewood Elementary.

Jurors called

Thirty Cameron parish residents--13 of them women--have been summoned to appear in 14th Judicial District Court in Cameron on Sept. 22 at 10 a.m. to serve as Grand Jurors for the coming year.

Three cases will be presented to the jury, three involving negligent homicide charges against Charles R. Payne, Cameron; Arian J. Abshire, Rt. 1, Box 273, Cameron; and Thomas G. Benoit, Rt. 1, Box 72B, Grand Chenier, and one charge of manslaughter against Aline Johnson of Cameron.

Aging meeting

Rev. Minns Robertson, director of the Council on Aging, announces that there will be a community meeting for the Grand Lake-Sweetlake area Monday, Sept. 12, at 10 a.m. in the recreation center. All area members are urged to attend and bring a guest.

Parish has 2 evacuations

Almost as soon as they returned home last week after evacuating for Hurricane Anita's threat, residents of lower Cameron had to evacuate again because of Hurricane Babe.

Fortunately neigher storm did much damage in the parish. A few roads went under water during Anita's brush by the coast--particularly the road from Holly Beach west, but there was no damage.

Anita moved into the upper Mexican coast where she did considerable damage and Babe moved into shore near Morgan City doing very little damage.

Parish residents disliked being uprooted from their homes and jobs for nearly a week but were grateful there was no damage here.

Non-voters to be removed

A list of Cameron parish registered voters how haven't voted within the past four years is being published elsewhere in this issue of the Pilot by Mrs. Fae M. Jones, parish registrar of voters.

Under the provisions of the permanent registration law, voters who fail to vote within a four year period are subject to have their voter registration cancelled.

Persons who are listed in this category may have their registration reinstated by appearing personally at the registrar's office in the Cameron courthouse by Sept. 16.

Many of the persons listed have either moved from the parish or are deceased.

No rifle hunting

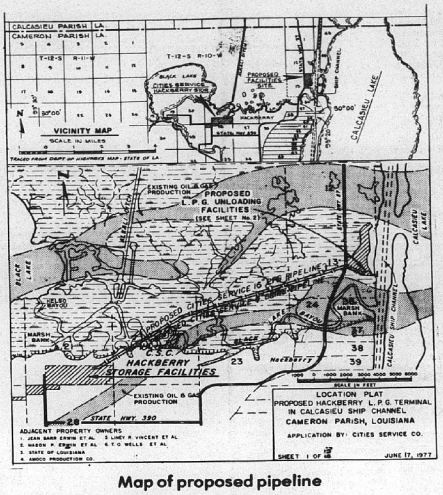
Hunters who plan to hunt deer in the designated open season areas around Hackberry and Grand Chenier have been reminded by the Cameron Police jury that a parish ordinance prohibits the use of rifles for hunting deer in Cameron parish. Shotguns may be used.

The reason for the ordinance, which was adopted several years ago, is that the parish is so open that rifle bullets might endanger persons in residential areas.

Council installed

The newly elected members of the St. Rose of Lima Sub-Council were installed Sunday, Aug. 28 during the 10:30 a.m. mass by the pastor, Msgr. M. J. Bernard.

Installed were: Jimmy LaSalle, chairman; Mrs. Carolyn Bargeman, secretary; Mrs. Lovenia Bartie, Willie Bargeman and Raymond LeBlanc, council members.



Map of proposed pipeline

Cities Service to install new pipeline

Cities Service Co. has applied for a permit to construct facilities for a liquefied petroleum gas terminal in the Calcasieu Ship Channel near Hackberry.

The facility would be on the west bank of the ship channel about 15 miles southeast of Sulphur.

Liquefied propane and field grade butane will be unloaded from ships at a dock on the ship channel bank and transferred by pipeline to an existing storage site near Hackberry. The pipeline will be nearly three miles long.

The application said the company proposes to dredge approximately 560,000 cubic yards of material from the bank to create a berthing area and dock located in an area about 700 feet long and 625 feet wide. The area would extend lengthwise approximately perpendicular to the mean low water shoreline, the outer edge to be about 220 feet channelward from the shore.

Spoil will be deposited on the ring levee and existing spoil area with the affluent returning to the dredge area.

Approximately 30,000 cubic yards of material will be excavated from the pipe trench and temporarily stockpiled in a wetland area to be used as backfill after the pipe has been installed.

The company plans to leach two storage caverns near Hackberry and discharge brine into the Calcasieu Ship Channel. Final action on the permit application to the Army Corps of Engineers will not be taken until authorization to discharge the brine has been obtained from the Environmental Protection Agency and the Louisiana Stream Control Commission.

Classes to begin

Leslie Griffith, director of the Cameron Parish Vocational Technical school, announces that evening classes in office occupations and welding will begin Monday Sept. 12.

The classes will be held each Monday and Wednesday from 6 to 9 p.m.

The vehicle-marine engine mechanics class will begin at a later date.

The students who are enrolled with be notified by mail and other interested students should come by the administrative office and pick up application forms on any weekday from 8 a.m. to 3 p.m.

Students are selected on a first-come first-serve basis and once the classes are filled the remaining applicants will be placed on a waiting list.

No tuition fees are charged for courses and only expenses incurred by students are for books and supplies.

Cajun festival is this week

The biggest Cajun Music Festival ever held will take place free of charge at Girard Park in Lafayette on Saturday, Sept. 10 from 11 a.m. to 6 p.m. and Sunday, Sept. 11 from 10 a.m. to 6 p.m. The two-day Tribute to Cajun Music will feature some of the best Cajun and Creole folk musicians of our time.

The CODOFIL-sponsored festival will feature some 20-odd groups spanning a musical spectrum from ballads of the Middle Ages through modern country and western including blues and rock.

Classified ads

Due to the increased cost of postage, the Cameron Pilot will no longer send bills for classified ads. All such classified ads must be paid in advance unless the advertiser has a regular business advertising account.

Attend the First South Cameron Tarpon Home Game, Friday, Sept. 9 -- Tarps vs Iowa

Two bridges are proposed here

Hopes for the realization of a long sought dream for lower Cameron parish--a bridge across the ship channel at Cameron--were given new life by Rep. Conway LeBleu at the Cameron Parish Police Jury meeting Tuesday.

Rep. LeBleu said he has gotten the Louisiana Department of Highways to make a preliminary survey and estimate of the cost on not only a bridge across the ship channel but also one across the river to Monkey Island to replace the present ferry.

LeBleu said it was estimated that the ship channel bridge would cost $25 million and the Monkey Island Bridge $3 million.

Financing of the bridge projects--the holdup for many years--could be solved within the next year or two by the increase in federal funds coming from the offshore oil production. Because of the energy crisis oil exploration has picked up considerably in the Gulf.

LeBleu said he saw no problems in getting a share of these funds for the bride project since Cameron is considered an "impact area" because of it being a base for offshore oil activity.

In addition, LeBleu proposed that such federal funds be used to create an additional lane for traffic on the highways east, west and north out of Creole to provide additional hurricane evacuation facilities.

On the bridge to Monkey Island, LeBleu said two alternate plans had been considered--one a low level lift span and the other a 35 foot vertical clearance fixed bridge that would permit most of the present fishing and oil vessels to pass under.

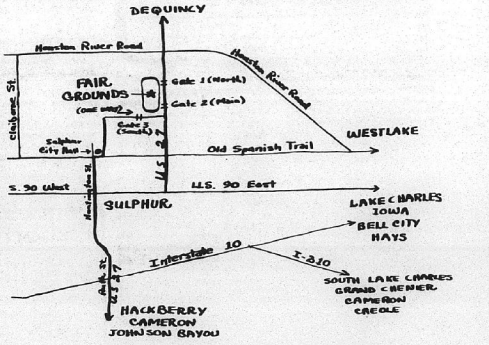
Jury President Roland Trosclair, who also operates shrimp and ice businesses, said he did not feel that 35 feet would be adequate and asked LeBleu to see if a 50 foot clearance could be gotten.

The ship channel bridge would have to have a 135 foot clearance to permit ships to go under it, LeBleu stated.

The representative said he had gotten permission from the recent Louisiana Legislature to use $8.5 million originally appropriated for an evacuation route out of Cameron for the bridge project. He said he felt that because of the lack of cooperation from the federal government in allowing the route to cross the Sabine Wildlife Refuge that the project was dead.

LeBleu also urged the jury to draw up plans for an alternate route east and west through the town of Cameron because of the heavy traffic on the one through street now. He said Cameron needed additional streets because of the increase of activities brought on by the oil boom.

The jury endorsed LeBleu's efforts on the bridges and highways and authorized Hayes Picou, Jr., parish federal funds coordinator, to draw up plans for the alternate route through Cameron.



Fair slated in Oct.

The citizens of Southwest Louisiana are once again preparing their entries for the annual Calcasieu-Cameron Bi-Parish Free Fair.

The Calcasieu-Cameron Fair Association and numerous volunteers are hard at work preparing for opening day Oct. 3.

Sept. 29 and 30 have been set aside to accept only cooking, cut flowers and agriculture exhibits will be accepted on the morning of Oct. 1.

The fair gates will open at 8 a.m. Oct. 3. The Matt Armstrong Shows will be on the carnival midway with rides and games.

The exhibit buildings, where exhibits submitted for judging will be displayed, will be open during fair hours without admission charge.

Deadline for registration for the parade is 6 p.m. Sept. 25. Entry blanks are available from Ernest Parker of the Downtown Lake Charles Optimists, P. O. Box 944, Lake Charles 70601 or Dr. Don England, 1200 Enterprise, Lake Charles.

Junior and senior queen contest deadline is 6 p.m. Sept. 23. Photo and information sheets are required, along with nomination by the school.

For entries in the tiny tot and king and queen contest, the deadline is 6 p.m. Sept. 30. Children may be registered with Mrs. Claude Coffey of 611 Audrey in Sulphur or Dance Arts Studio at 2712 Kirkman, Mrs. Glenda Menard or 1712 Sixteenth or Mrs. O. H. Fewell of 1221 Rosetta, all in Lake Charles.

The deadlines for the talent and twirling contests will also be at 6 p.m. Sept. 30. Talent entries may register with Mrs. Donald Ogden of 1602 Briarwood in Sulphur or Mrs. Coffey, and those to enter the twirling event may register with Mrs. Ogden or Dance Arts Studio.

A complete schedule of events, entry categories and entry deadlines is included in the fair catalogue, which is in this issue of the Pilot.

State opens 30-day season for 'gator hunters

[From Beaumont Enterprise]
By BABS ZIMMERMAN
Staff Writer

LAKE CHARLES — One of the only two alligator hunting seasons in the United States opened here Thursday.

Calcasieu, Cameron and Vermilion parishes are open for thirty days to the 'gator hunters.

The only other season is in six counties in north Florida, said Ted Joanen, a biologist with the state Department of Wildlife and Fisheries.

Once a scare reptile in Louisiana marshlands, the 'gators have flourished since the controlled harvest of their hides began in 1972.

Louisiana protected the creatures from 1962 to 1972 because they had been overkilled.

'Gator hunting may be a sport to some, but for most hunters it's a profit.

The 1976 hide sales amounted to about a half million dollars, Joanen said.

The hides were selling for about $16.50 foot, with the average alligator being about seven feet in length. Joanen said from his office in the Rockefeller Wildlife Refuge at Grand Chenier.

Hopes that alligator meat will compete with sirloin and t-bone steaks in the groceries have been raised by a new Louisiana law.

The bill, to permit the sale of "alligator parts," was sponsored in the 1976 legislature by Cameron Rep. Conway LeBleu.

Now it is illegal to sell the meat. But, Joanen said federal approval of Louisiana's law will give the go-ahead for a new delicacy in Creole and Acadian restaurants.

Joanen said it probably will be next 'gator season before legal hunters can sell the meat that they now must keep for themselves, throw or give away.

Wildlife and Fisheries agents have a clever way of controlling the number of alligators that be be slaughtered.

As the season opens, an official skinning guide is given to all hunters. Only those hides appropriately skinned can be tagged and only those tagged can be sold at season's end to tanners.

The agents also issue tags to the hunters for attachment to the carcuss as soon as the alligator is killed.

The number of tags issued are figured according to the salinity of the marsh being hunted. The most tags are issued for the intermediate marshes, where the most alligators thrive.

Louisiana now boasts some ten alligator farmers, who are raising about 12,000 'gators who eventually will provide the hides for shoes, belts, watchbands and purses.

About eight per cent of the tri-parishes' alligator population can be thinned each year, Joanen said.

"Good landowner co-operation, good court backing and a regulated harvest have allowed the alligators to flourish," Joanen said.

Also, alligators from wildlife refuges have been transplanted to North Louisiana, southern Arkansas and Mississippi where they are once plentiful, Joanen said.

In fact, the alligators in North Louisiana are expected to help trim the beaver population there. Beavers, nature's best engineers, can divert waterways and back up streams to the detriment of other wildlife.

Hunting the 'gator is simple. Hooked lines are baited with fish like mullets or shads. Hunters check the lines each morning.

A snared 'gator is shot in the head with a 30-30 caliber, 30.06 caliber or .22-caliber gun. The hunter is careful not to damage the hide.

The 'gator is tagged and then skinned according to instructions.

The hides are sold at one time, with Wildlife and Fisheries agents looking on to see that no illegal 'gators get to a tannery. Joanen said about half the buyers are from Louisiana.

Grand Chenier News

By ELORA MONTIE

Lower Cameron residents had to evacuate the area twice within a week's time last week because of the threat of Hurricanes Anita and Babe.

We are proud of our Civil Defense workers who kept the people so well informed and gave the evacuation orders in plenty of time.

Sympathy is extended to the family of Durphy Benoit who died in Lake Arthur last Monday. He was a cousin of Mrs. Annie Richard of Grand Chenier.

The Curtis Richard family of Orange, Tex. visited Mrs. Estelle Doland and Mr. and Mrs. David Richard in Grand Chenier last weekend.

Mr. and Mrs. Bobbie Baccigalopi and family of Houston, Tex. and Mr. and Mrs. Ricky Guidrey and baby of Baton Rouge visited with Mr. and Mrs. Whitney Baccigalopi.

E. Theriot rites held

Funeral services for Euphemon Theriot, 73, of Creole were held Saturday, Sept. 3, from Sacred Heart Catholic Church.

Msgr. M. J. Bernard officiated. Burial was in Sacred Heart Cemetery.

Mr. Theriot died thursday in a Lake Charles hospital.

He was a retired farmer, a native of Creole and had lived there all his life.

Survivors are three brothers, Ira Jim, Enes Toot, and Norman Theriot, all of Creole; two sisters, Mrs. Lona T. Faulk of Lake Charles, and Mrs. Bernie Latiolis of Lawton; and a number of nieces and nephews.

Schedule

The South Cameron high school Tarpons' schedule for 1977 is as follows:

Sept. 9, Iowa (H)
Sept. 16, Sam Houston (H)
Sept. 23, Lake Arthur
Sept. 30, Open
Oct. 7, Westlake
Oct. 14, Vinton**
Oct. 21, Marion (H)**
Oct. 27, St. Louis**
Nov. 4, W. O. Boston (H)**
Nov. 11, DeQuincy**
(H) Home, **(District games)

Want to know more about Tut?

On September 15, 1977, the New Orleans museum of Art will exhibit the "Treasures of Tutankhamun". This spectacular display will be in New Orleans through January 15, 1978. Cameron Parish Library has the following collection of books oncerning the treasures, Egypt's pharaohs and archaeology, which give the reader background information to make the exhibit more enjoyable:

All about archaeology by White, Wonderful world of Archaeology by Jessup, First book of archaeology by Kobie, Archaeology by Fortiner; Five queens of ancient Egypt by Cottrell.

Gift of the river by Meadowcroft, First book of ancient Egypt by Robinson, a review life in ancient times by National Geograpic Society.

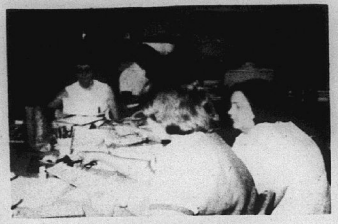
Gods, graves & scholars by Ceram, Lady of the Two lands by Cottrell, Past by Cottrell, Curse of the Pharaohs by Hartel, Daily life in ancient Egypt by Casson, Tutankhamen by Desroches-Noblecourt, Tutankhamen by Carter.

Grandparent Day proposd for Louisiana

A first Louisiana Grandparents Day has been designated as Sunday, Sept. 11 in a proclamation issued recently by Governor Edwin Edwards. House Joint Resolution #480 has been introduced in the United States Congress, the House of Representatives, requesting that president Jimmy Carter establish this first Sunday after Labor Day as National Grandparents Day.

Edwards in his proclamation recognizes grandparents for their hard work, wisdom and experience and encourages Louisiana youth to visit their own or someone else's grandparents on that day.

Mrs. Priscilla R. Engolia director of the state Bureau of Aging says that in addition to visiting one's own or another's grandparents, "it would be a wonderful gesture on this special day to honor those elderly in nursing homes or other shut-ins who may often be neglected, especially those who have no relatives to visit them on a regular basis."



Committee at work

Math program revised for parish schools

A personalized mathematics program for Cameron Parish was revised and completed for grades K-7 during June as a Federal Funds Title IV C project. The program was successfully tested in some schools last year. The program is now being extended to include grades 8-12.

A writing team began operation July 1, to organize the extended program. Its purpose is to promote quality education and is mainly concerned with our students' proformance in the area of basic mathematical skills and operations.

The new writing team consists of Gingerlee Boudreaux, Josie Boudreaux, Yolanda Conner, Peggy Farraro, Robert Henry, Barbara January, Teresa Martinez, Sandra Miller, Sherry Ross, Joseph Sonnier, Ronald Vining, and was led by Pearl Leach. The team was assisted by consultants Dr. Elton Womack and Roy LaPoint.

Woodmen & Court meet

The Woodmen of the World Ladies Court held its monthly meeting Aug. 25 at the WOW Hall. The main topic was the Sacred Heart Bazaar to be held Oct. 29 and 30.

Mr. and Mrs. Clifton "Pete" Duhon are chairmen of the dance and gumbo sale to be held at WOW hall, Oct. 29. Shrimp and chicken gumbo will be sold.

Mrs. Larmae Miller was put in charge of the cake sale for the dance.

Mr. John Driscoll spoke to the Court and Camp requesting their participation with the other community organization in a Parish Blood Donor program.

County Agent

By CLIFFORD MYERS

Grub damage to cattle can be prevented by treating them with a systemic insecticide before the end of this month. All cattle are subject to infestation by grubs unless they are treated. Any one of four different insecticides may be used as a "pour on" treatment for cattle grubs. They are CoRal, Warbex, Ruelene and Senthion. Each one may be purchased as a strength that can be applied directly to cattle without diluting with water.

Many pecan trees in the parish are being affected with the Hickory Shuckworm. These insects cause the pecan to fall prematurely. The small white worm can be seen lodged between the shuck and the pecan itself. Good control can be obtained when sprayed with 50 per cent thoidan in early August. Aphids and Mites can be successfully controlled by spraying with Cygon when damage is first noticed. Next year's crop will be affected by the presents of Aphids and Miter feeding on the leaver this year.

A recently confirmed case of Anthrax in St. Landry Parish is a sign that conditions may be ideal for additional cases to occure in other areas of central and Southern Louisiana.

Injection of all livestock with live sternes type non-encapsulated Anthrax spore vaccine usually produces immunity to field infection within eight days. Booster shots are usually not necessary during an outbreak.

There is no cause for alarm, but livestock owners should be alert for signs of illness in their animals becuase under similar weather condition in 1971 more than 700 animals died in 11 parishes.

These foliage-feeding worms are occuring in extremely high populations and in many fields where control measures have not been taken, soybean plants have been severely damaged. Any time 50 per cent or more of the leaves have been destroyed, yield losses can be expected.

Livestock show to be held on Jan. 25-29

The 39th annual Southwest District Livestock Show and its spectacular World's Championship Rodeo will be held at the urton Coliseum, Jan. 25-29, it was announced by John R. Denison, President.

Tommy Steiner of Austin, Texas, will produce the 1978 Rodeo.

Two major changes have been made in the structure of the annual event, which began in 1948 featuring 4-H and FFA cattle breeders and exhibitors of the southwest area.

One is the streamlining of the geographical area, encompassing the Southwest district, and the other was the restructuring of the board of directors of the Southwest District Fat Stock Show Committee, which sponsors the annual event.

Commencing with the January show, the district will encompass 7 parishes, Denison said. Six former district parishes have been grouped into a new district for a stock show to be conducted in Lafayette.

The Southwest District is now composed of the parishes of Acadia, Allen, Beauregard, Calcasieu, Cameron, Jeff Davis and Evangeline, and represented 52 percent of the livestock entries in all of the combined entries of the junior livestock shows of Louisiana, Denison said.

The Board of Directors will be composed of 48 members, with 24 to be elected from Calcasieu Parish and four each from the other parishes within the newly aligned district.

Thus each of the six other parishes will be represented by four board members form within their respective parish lines, Denison said.

The board members, which will be elected 45 days following the annual livestock show, will initially be elected to serve staggered terms of one, two, three and four years each.

Denison pointed out that the seven-parish district dominated the 1977 event by exhibiting 2,337 entries of the total 2,709 entries in an all-time record for the livestock show.

The six other parishes, placed in the new Lafayette district, entered 472 entries from the parishes of Vermilion, St. Landry, Iberia, St. Martin, St. Mary and Lafayette.

One factor, not officially disclosed in the making of the new alignment, was the growning costs of travel and housing for the young livestock exhibitors from all of the parishes in Southwest Louisiana.

The energy crisis, high cost of lodging and gasoline, thus will be averted, as far as the livestock show is concerned. Most young exhibitors will be within an hour's time, at the most, from Burton Coliseum and can return home after competitive showings, Denison said.

SEWING MACHINE REPAIRS
Repair, clean and oil any make of sewing machine in your home.

Duck, goose season dates are announced

Dates for the 1977-78 hunting seasons for ducks, geese and coots, which provice for different seasons in both east and west zones of the state under zoning provisions that have been in effect for the past two years, have been set by the Louisiana Department of Wildlife and Fisheries.

Duck hunting in the west zone will open Saturday, Nov. 5, with the first split extending through Sunday, Dec. 4. The second split will open Saturday, Dec. 17, and extend through Jan. 5, providing 50 days of hunting, according to J. Burton Angelle, department secretary.

In the east zone, the first split will open Saturday, Nov. 19, and extend through Sunday, Dec. 4. The second split will open Saturday, Dec. 17, and extend through Jan. 14, providing waterfowlers in that zone with 45 days of hunting.

Angelle said Louisiana duck hunters will be hunting under the point system with point values of various species the same as last year. Under the point system, it is possible for hunters to take a daily bag of between 1 and 10 ducks. Shooting hours are from one-half hour before sunrise to sunset.

The north-south line separating the east and west zones of the state remains the same this season. It runs from the Arkansas state line south on La. Hwy. 3 to Bossier City, then east on Interstate Hwy. 20 to Minden; then south on La. Hwy. 7 to Ringgold; then east on La. Hwy. 4 to Jonesboro; then south on U. S. Hwy. 167 to Lafayette; then southeast along U.S. Hwy. 90 to Houma; then south along the Houma Navigational Canal to the Gulf of Mexico.

The following point values have been fixed for ducks:

Pintail, teal, gadwall, shoveler, scaup, red-breasted merganasers and American mergansers have a point value of 10. Ducks assigned a 25-point value are mallard drake, wigeon, ring-necked and mottled ducks. A point value of 70 has been asigned to mallard hens, wood ducks, black ducks, hooded mergansers and redheads. The canvasback has been given a point value of 100. The taking of canvasbacks and redheads is closed in certain areas of the state and duck hunters should check the digest fo waterfowl regulations.

Seasons for the hunting of coots (pould d'eau) will run concurrent with ducks, with a daily bag of 15 and a possession limit of 30.

Angelle said Louisiana's request to be zoned for the goose season had been granted by the U.S. Fish and Wildlife Service and the department could better align its duck and goose seasons.

The west zone will have a split season with the first split opening November 5 and running through Dec. 4, consisting of 30 days. The second split will be from December 17 through Jan. 25, consisting of 40 days.

For goose hunting, the east zone will have a straight 70-day season, starting Nov. 19 and running through Jan27.

In both zones, Angelle said, there will be goose hunting concurrent with duck hunting. Dates selected should provide the greatest hunting opportunity to the most hunters.

The limit for geese is five, daily and in possession, with not more than two white-fronted (speckle bellies) in fronted (speckle bellies) in the bag. Shooting of Canada geese in Louisiana is closed.

There will be a special scaup only season in 50 southeast La. saltwater lakes and bays, he said. It will extend from January 15 through January 30. During the 16-day scaup season, the daily bag will be five, with a possession limit of 10. Hunters should check the regulations pamphlet for a description of areas open for scaup hunting.

Angelle cautioned all waterfowl hunters that certain areas of the state have been declared steel shot zones by the U.S. Fish and Wildlife Service for the 1977-78 waterfowl seasons. Hunters using 12 gauge shotguns in those zones must use steel shot exclusively for the taking of ducks, geese and coots.

The steel shot zones are:

1. Vermilion Parish-north of Intracoastal Water way.

2. Calcasieu Parish-south of I-10.

3. Cameron Parish-north of the Intracoastal Waterway and north of the Sabine National Wildlife Refuge west of La. 27.

4. Calcasieu Lake Area-bounded on the north by La. 8, south by La. 28, west by U.S. 165, and east by U.S. 84.

5. The green-tree reservoir on the Saline Wildlife Management Area.

Angelle cautioned hunters that possession of 12 gauge lead shot while waterfowl hunting in the steel shot zones constitutes a federal offense. The steel shot requirement does not apply to gauges other than 12 gauge.

Benefit L.B. rodeo to be held 16 & 17

A benefit Little Britches Rodeo will be held for Our Lady of LaSalette Catholic Church September 16 and 17 at 7 p.m. at Penny & Sons Rodeo Arena. The arena is located six miles east of DeQuincy on McFatter Road.

The entry fee of $3 per event must accompany entry and must be mailed no later than 5 p.m. Sept. 14. The fee may be mailed to Sis Penny at Rt. 1 Box 97 B, in DeQuincy or interested persons may call 789-8142.

Events for junior and senior divisions will be bareback, bull riding, barrels, pole bending, goat tying, flag racing, and barrel pickup. Four all-around saddles will be given away. A belt buckle will be given to first place, and belt to second and a girt to third.

South Cameron shines at Jamboree Friday

By ED BREDEHOEFT

As one man put it, "South Cameron unleased a trio of hard running backs, Ambrose came out shining for St. Louis and Iowa played it close to the vest, to highlight football action in the annual Iowa Jamboree, last Friday night.

Tarpon quarterback Paul Grady, with only 53 seconds remaining in the game, blasted into the end-zone to give the South Cameron team a 16-8 victory over the Sulphur junior varsity eleven.

The Sulphur team used aerials of 22, 27 and 22-yards to take a first half advantage 8-0 over the Tarpons.

Coach Wayne Batts' Tarpcns struck back to tie early in the second half. Using the hard-running of Pat Smith and Tony Porche, South Cameron moved the ball to the 39. There, Paul Grady found Dick DeSonier cutting over the middle and the duo teamed up for a 39-yard scoring play. Grady pushed across the tying two points and the momentum swung over to the Tarpons in the closing minutes of play.

First year coach Wayne Batts found his South Cameron crew reeling off a 78-yard scoring drive to ice away the triumph.

The big play was a 35-yard aerial from Grady to DeSonier. A 15-yard run by Smith and a 12-yard scamper by Grady moved the ball to the Tor five. Grady then faked to his fullback up the middle and kept on a roll-out around left end for the go ahead score.

Grady led all rushers with 58 yards in six carries while Smith added 53 in six totes and Porche had 50 on 10 attempts.

The Iowa Yellow Jackets walked over Goretti 19-0 and Coach Wayne Batts will have his Tarpons pointing towards their Friday night contest against these same Yellow Jackets at Tarpon stadium in Creole.

It the Tarpons expect to win this contest they will have to stop such hard running backs as Stan Vest, Randy Stanfield, Larry Toups and James Abshire are capable of doing.

Vest picked up 203-yards on the ground against the Goretti Knights. He accounted for 82 of these yards in 11 carries to emerge as the top ground gainer of the night.

Native trees, shrubs can be used for home

Louisiana has an abundance and variety of native trees and shrubs suitable for landscaping, and they're inexpensive and relatively easy to grow.

Landscaping with these native trees and shrubs is featured in the current issue of FOREST & PEOPLE magazine, published by the Louisiana Forestry Association.

Many of the trees and shrubs can be transplanted from the wild and are free, providing the landowner's permission is obtained, the article says. "Trees are important in any environment for their special roles in cooling and cleansing the air, controlling soil erosion, providing homes and food for wildlife and, not least of all, giving us beauty," the magazine says. "In urban areas...trees also help reduce noise pollution and screen unpleasant views."

The article includes suggestions for preventing transplant shock to the tree or shrub, proper spacing to allow the plants to reach their mature size and the correct way to plant the new tree or shrub in the yard.

Also included are lists of small trees and shrubs, medium sized trees and large trees, where they are found, and what their characteristics are.

The Challenge of Genealogy

by MARIE WISE

Many a family has losts its "Mc" in the Americanization process, McManns becoming Manns, McMills shortened to Mills, McCain to Cain, Mc-Daniel to Daniels, plus McVay translated to Veaugh and other variations that stretch the imagination but did happen in records of the past two centuries.

The Scots who early brought their Mc names to the American colonies were natural adventurers and shrewd traders, sought after by the English to set up barter with the Indians. In the early 1700s most of the Scottish clans were well represented by name in the seaboard colonies including Carolina, Georgia, and Florida (British from 1763 for the next 20 years). They kept coming, into every seaport, every territory and inland across the New World.

ALABAMA

Cherokee County in northeastern Alabama on the Georgia border, is the subject of two excellent reference works by Mrs. Frank Ross Stewart, P.O. Box 295, Centre, Alabama, 35960. *Cherokee County History, Vol. I*, pp. 1 - 239, names and tells about the county's pioneer families from at least 1836 with many dates back into the 1700s.

The section on Indian history begins with DeSoto's visit there in 1540, recounts how in 1820 the Creek Indians moved into Cherokee territory after ceding their lands to the United States and how in 1836 both Creeks and Cherokees were removed by force to west of the Mississippi. Also full of names, places and dates.

Cherokee County History, Vol. 2, pp. 240 - 483, is dedicated to the county officials from circuit judges to Congressmen, beginning in 1836 and offers hundreds of individual biographies with much genealogical material. The volumes are hardcover, 6 x 9 in., $15.00 each.

MILLS - MCMILLS

Opal McMills Myers, 4809 Longfellow Dr., Baton Rouge, La. 70805 wants to contact any relatives of her grandfather, ISAAC MILLS (or McMILLS) who was a settler of the Summerfield Community north of Colfax in Grant Parish..

SANDERS

Debra D. Stradley, 4654 Warren Dr., New Orleans, La. 70127 seeks help in identifying her great-great-great grandfather. She has a will written by NATHANIEL N. SANDERS in 1834 naming Hugh L. Sanders his executor and administrator.

LACROIX - BELL

Mrs. F.M. Terral, Box 471, Lake Providence, La. 71254 seeks info. on families of her grandmother, CATHERINE LACROIX of France who came to Catahoula parish and mar. ROBERT BELL.

DICHARRY

Mrs. Gerald Dicharry, Box 14, Lutcher, La. 70071 wants info. on CAPT. JACK DICHARRY of St. Charles parish, thought to have been a captain of a river boat. Was he a descendant of Jacques Dicharry, b. in France, 1786, who mar. Marie Clemence DUGAST

HARGIS-FRIDAY

Edith F. Barnette, Rt. 1, Box 18, Converse, La. 71419 has a pedigree chart tracing her maternal Hargis line from 1730 through N. Car., Va., Tenn., Miss. to La. She is interested in more information on the related lines but especially on her paternal line of Friday. Her father, Robert (Henry) FRIDAY, b. 16 Oct. 1862 in Miss., was mar. in 1887 to Perniecia Rebecca HARGIS, b. 4 Feb. 1868 in Winnfield. Robert was the son of Jack Friday and Agnes Jones, said to be German.

SMITH

Mrs. Maxine Smith, La. Tourist Comm. 122 Saint John, Monroe, La. 71201 wishes information on SMITH families of LaSalle, Grant and Winn Parishes, La.

NELSON-ALLEN

Mrs. R.C. Allen, 1711 Eighteenth St., Lake Charles, La. 70601 needs Revolutionary War ancestors of NELSON and ALLEN families. WILLIAM TAYLOR NELSON, Sr. was of S. Car. and St. Landry Parish, La. YOUNG DRURY ALLEN was b. GA., 1808; d. Claiborne Parish, La., 1881.

MAXIMILLIAN

Mrs. R.G. Allen, 1711 18th St., Lake Charles, La. 70601 has records on MAXIMILLIAN family of Sabine Parish, La. and wishes information on Mary, b. 1850, dau. of John and Anna or Amy (Christie) Maximillian.

D.A.R.

Mrs. A.M. Redlich, Stratford, Conn. writes that persons tracing their ancestory may send questions to the D.A.R., 1776 D St., N.W., Washington, D.C. 20006. Their magazine will publish queries for a charge, about which writers should inquire. She reminds readers also that the Catholic Center in Baton Rouge has old church records on microfilm.

QUERIES

Queries to be published here should be clearly written and mailed to: Marie Wise, Box 99, Sulphur, La. 70663. Pedigree charts wanted. For reply send stamped, self-addressed envelope.

PLANT WARNING

Wild food can poison

By ROLLA WILLIAMS
Copley News Service

The wildwood culists who would live off the land, either from a genuine affection for the taste of dandelion greens and wild mushrooms or in reaction to high prices in the supermarkets, are playing a dangerous game.

So concludes an article in Smithsonian magazine. It is entitled "Burgeoning Cult of Wild Food Nourishes Fatal Misconceptions," and is by Robert E. Arnold and Laer Pearce.

Arnold is described as a Kentucky surgeon who writes a regular column on poisons for Field and Stream magazine, Pearce is a free-lancer who specializes in medical subjects.

The authors believe that the man on the street has forgotten what his ancestors knew about poisonous plants.

"Modern Americans," they say, "don't even realize that toxic plants are growing all around them. Such plants are not confined to the woods, meadows and creeks of the wilderness — they're growing in alleys, along fences, in vacant lots and even inside our houses."

Since 1972, they have found the number of children eating poisonous plants has increased 20 per cent. Plant poisonings, they say, rank third behind medicines and cleaning agents among children under the age of 5.

Not just children are in jeopardy. Their parents who play with mushrooms, jimsonweed, oleander, philodendron, mountain laurel, rhododendron and hemlock are toying with nausea, convulsions, even in the ultimate, death.

Mushrooms are a particular threat to the inexperienced.

"The telltale signs of the textbooks — rings around the stem or the way the cap and the stem meet — actually tell little," the authors say. "In its short life a mushroom can change shape, consistency and color, so even experts have difficulty identifying many subspecies.

"Fatal mistakes can be made. For centuries, the sudden appearance and rapid decay of mushrooms have made them a symbol of the ephemeral.

"But few things, plant or animal, will lead briefer lives than the collector who mistakes the Amanita phalloides for an edible mushroom. The fungus is so famous for its lethal effects that it is commonly known as the 'destroying angel;' it can kill from 50 to 90 per cent of those who eat it and can leave many survivors with permanent liver damage and shorter life expectancy."

Wild parsnips are a gourmet delight, but if your "parsnip" roots are not single, but multiple and joined at the top by a single stalk, you may be harvesting water hemlock.

Arnold and Pearce call it "one of the deadliest biota on earth. ... A few bites can polish off a healthy adult. In fact, it is estimated that the plant kills 30 per cent of those who ingest it."

Lost your appetite for foraging in the woods, saving on the food bill? Read on.

Poison hemlock, which looks a bit like a lacy fern, was introduced from Europe and now grows along roadsides and in the city dumps in most states. Socrates was one of its victims. Its leaves sometimes are mistaken for parsley and its seeds for anise, both deadly when swallowed or chewed.

Kids find new sport thrilling

By JOHNNY McDONALD
Copley News Service

A mother was preparing a quick "camp-out" dinner with the loud blat-blat of motorcycles in the background.

She kept her anxieties to herself as she watched her husband unload the tools to prepare a small two-wheeled machine for her son, who would soon ride it around a mile-long course of twists, turns and jumps.

The mother is one of hundreds of parents who either tag along for spiritual support or get deeply involved in a sport dominated by the young: motocross.

Parents who pursue or prod their sons' athletic endeavors in Little League or Pop Warner football might look upon motocross as risky and too expensive.

To be sure, the parents involved in the motorcycling ventures might agree.

But it becomes satisfying by recognizing it for its physical qualities. The participants must learn to keep fit or the sport can be more punishing.

Nothing quite conspires against man and machine like the typically torturous motocross dirt course ... its tight turns, savage ruts, jumping ramps, roller-coaster drops and, sometimes, water hazards.

Motocross became popular immediately following World War II and the excitement fanned across Europe in the early 1950s.

In the United States, motocross didn't take firm hold until the late 1960s, shortly after the boom began in family recreational riding.

Rod Eschenburg, whose devotion to motorcycle action has taken him to many tracks as the public address announcer, summed up the motocross trend.

"This is the new hot-rodder," Eschenburg said. "We probably remember the hot-rodders of our day as those young men who tinkered with cars so that they could run them on the dry lakes and later on airport drag strips."

There are several riding classifications and th- participants range in age from 6 to the early 20s. The stages of racing maturity surface in the early- to mid-teens.

Most wear pants and a jacket made of soft leather with padding in the elbows and knees. Even shoulder pads are used.

Soft leather gloves — kangaroo or kid — are worn. Heavy leather with bands of thick vinyl running from the back of the hand to fingertips are included.

Preferred laced-up boots of heavy leather protect the feet and legs and a full-enclosure helmet protects the face as well as the head. It resembles an egg with a slot for vision.

Many sheets of Plexiglass can be used to cover eyes. These can be discarded as they become dirty during a race.

"I paid $65 on sale for a pair of boots and I bought the leathers from kids who had quit racing," said one father. "They sold them to me for $40 but they usually run for anything from $80 to $120."

The colorful jerseys generally cost $13 but some shops will give 10 per cent discounts since they carry the names of motorcycle factories.

Even the smaller bikes are not slow. Some of the kids have come within five seconds of professional lap times.

Shedding light on color pictures

SHOOTING STARS

By JERRY WINDLE
Copley News Service

Recognizing the type and direction of light falling on your subject is the first step in improving your photographs.

Once you can identify the light source you can use it to your advantage. Then you can consider yourself an accomplished photographer.

Some effects from sidelighting and backlighting will be the same in black-and-white or color pictures. However, there are some changes which will occur in color film which could be very important to the success or failure of your pictures.

The adage of the "sun over the shoulder" is old hat. It will give us well-lit pictures, but they will be flat and have no depth or texture to them.

So let's take a look at some of the more familiar types of subjects and what happens to them when we use crosslighting and backlighting and color film.

One of the subjects that stays the same with black-and-white or color is people. They will look more natural with angular lighting. In real life, we seldom see people lit by frontlight other than performers on a stage. Outdoors with the sun shining or in a brightly lit room, people unconsciously change positions to avoid bright lights catching them in the face. As soon as the face is turned partly away from the light source, we get some "modeling" in the face and the face is relaxed, relieving squinty eyes and tight faces.

Flowers are another popular subject for color film.

The petals of most flowers are translucent and therefore become richer when we use backlighting. Frontlit flowers will appear less colorful because some white light is reflected from their surface. The white light tends to dilute the color of the petal, causing it to look washed out.

The colors will appear the richest when light is transmitted by the petals rather than reflected from them.

In black-and-white as well as color, when using backlighting, the flowers will stand out since the background will be in shadow. This helps separate the flower from the background.

Leaves and grass often will appear greener with crosslighting rather than frontlighting. Again the frontlighting will cause white light to be reflected from the leaves diffusing the color. Backlighting leaves will cause them to go bluish since there is an increase in reflected skylight. This bluish-white skylight from the leaves tends to obscure the deeper greens causing the foliage to look bluish. For the best greens, look for strong sidelighting.

Be careful with backlighting unless the light is actually being transmitted or is passing through the leaves.

Interesting shadows and edge lighting result from backlit or sidelit scenes. However, sometimes backlighting results in a loss of quality in scenic shots. The sky will seem milky, the color less saturated, the foliage gray rather than green and there might be an overall bluish cast.

These effects usually are most apparent in scenics which are medium to distant views and are primarily a result of the prevalence of shadow areas and skylight being reflected from foliage and other objects.

It is better to use strong backlighting for close-ups or for subjects where highlight detail is relatively unimportant, or for shots with a minimum of sky.

The proper use of sidelight or backlight to create shadow areas will deepen the pastel colors that are there. This is again a result of eliminating surface reflection of white light we have when using front lighting. The white light being reflected from the subject will wipe out any pastel or softer colors that may be there.

Remember that crosslit and backlit subjects will require more exposure than those that are frontlit. As a general rule, you should increase exposure by one-half f-stop for sidelit subjects and a full f-stop for backlit subjects. This rule applies when you want to preserve shadow detail.

One of the best ways to hold shadow detail in close-ups is to add light by using flash or reflectors rather than increasing exposure. Increasing the exposure tends to wash out the highlight areas. To preserve the highlight detail, use the same exposure required for a frontlit scene and simply add enough light to fill in the shadows.

Keep your eye open for natural reflectors such as sand, snow, water or even a white building or white shirt.

A word of caution. Angular lighting increases the risk of lens flare and reflections. Keep your camera lens as clean as possible. Dust, fingerprints or grease on the lens will cause more trouble with angular lighting than with frontlighting.

Also it is important to shield the lens from the direct rays of the sun. Use a lens shade to help prevent this problem. In a bind you can use a hat or hand to provide temporary shade over the lens to eliminate this effect. If you have a SLR, you can actually see what happens when you cast a shadow over the lens.

In both black-and-white or color photography, sidelighting will help create texture and give depth to your subject. Shadows will play an important role in giving scene feeling to your pictures.

The National Highway Traffic Safety Administration is currently conducting two studies related to motorcycle helmet laws that it hopes will provide documentation of the effect of helmet law repeal.

So far, nine states have repealed their motorcycle helmet laws, and repeal bills are pending in at least 20 other states.

OVEN-FRIED LEMON CHICKEN

1 3-lb. broiler-fryer, cut into pieces
½ tsp. each, salt, onion salt, thyme and marjoram
2 tsps. grated lemon peel
One-third cup fresh lemon juice
½ cup water
Lemon quarters, paprika and fresh snipped parsley for garnish

Sprinkle chicken with salt, rubbing well into skin. Place chicken in shallow baking pan, skin side down. Combine remaining ingredients (except for garnish) and pour over chicken.

Bake, uncovered, at 400 degrees for about 40 minutes. Turn chicken and continue baking, basting with pan drippings once or twice, until chicken is done and skin is crisp, about 35 minutes.

Dust one side of a lemon quarter with paprika, the other with parsley. Garnish chicken with decorated lemon quarters.

To go with the chicken, there's the old standard potato salad. But here are some other choices to take along. A large Thermos is a perfect choice for packaging side dishes — cold or hot.

In the 19th century beard-wearing was prescribed for men with delicate throats.

COLE SLAW WITH SOUR CREAM DRESSING

4 cups finely shredded cabbage
½ cup sour cream
½ tsp. mustard
½ tsp. paprika
1 tsp. sugar
1 tbsp. lemon juice or vinegar
Salt, pepper to taste

Combine sour cream with remaining ingredients and blend. Add cabbage and toss lightly until shreds are coated. If a more tart dressing is desired, add a little more vinegar or juice. Makes six servings.

Spoon into freezer tray; freeze until firm.

Tarps lose to Jackets in sea of mud Friday

By ED BREDEHOEFT

The South Cameron Tarpons and the Iowa Yellow Jackets played their first football game of the season in a sea of mud last Friday night with the Yellow Jackets on the high side of a 12-7 score.

The Tarpons swam to a first quarter touchdown with halfback Tony Porche making good gains on the wet turf with quarterback Paul Grady going to the air with Dirk DeSonnier making a sensational catch of the wet pigskin and sprinting into the end zone from 10-yards out for the first score of the game.

Phillip Nunez's kick make the score 7-0 with 19 seconds left on the clock of the first period.

After the ball changed possession three times to begin the second quarter, Iowa took over at its own 22-yard line.

With Stan Vest and Darryl Schexnayder picking up yardage on the ground and quarterback Larry Toups hitting Herbert Parker with a 15-yard aerial, the Jackets moved the ball to the Tarpon 36.

On fourth down and four, the Tarpons were called for pass interference, giving Iowa a first down at the Tarpon 20-yard marker. Toups hit Parker again with an 18-yard touchdown pass. The try for extra point failed and the Tarpons led 7-6.

The Jackets scored late in the second quarter on a 66-yard pass scoring play with the extra point try failing again but the Yellow Jackets now had the advantage of 12-7.

It was all defense during the third and fourth quarters but the Tarpons did have the advantage with a chance to score with 28 seconds left in the ball game. The contest ended when Tarpon quarterback Paul Grady threw a desperation pass into the end zone over the outstretched hands of his receiver, Dirk DeSonnier.

Tarpons host Broncos Fri.

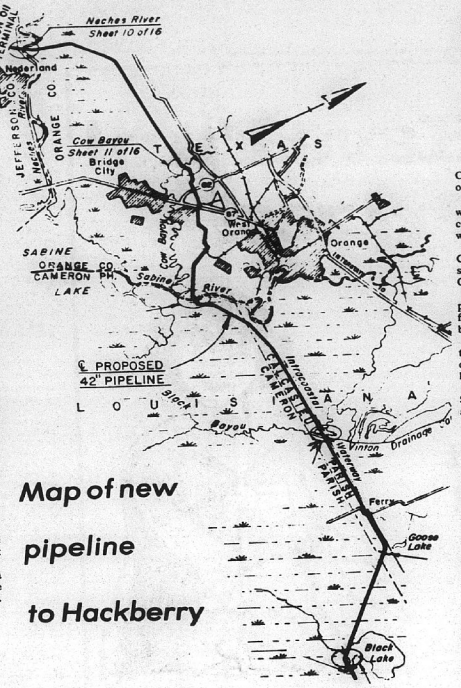
This Friday night, Sept. 16, the South Cameron Tarpons will take on the Sam Houston Broncos at the South Cameron stadium at 7:30 p. m.

Last Friday night, the underdog Broncos, a new entry in the Class AAA ranks, gave the Class AAAA Lake Charles Wildcats all they could handle before succumbing 26-15. It was a moral victory for the Moss Bluff eleven.

Junior quarterback Kent Reber is back to lead the offense that ranked second only to St. Louis in 4-2A a year ago. Roy Lee Jones returns in the backfield while lineman Jim Eiselstein and Mike and Gene Williams are also back.

Senior defensive end Nolan Dantley made all-district last fall and he'll be counted on to lead the team in that department.

The Bronco-Tarpon contest could be a passing duel between Paul Grady of the Tarpons and Kent Reber of the Broncos.



Map of new pipeline to Hackberry

Contracts let by school board

Contracts were awarded by the Cameron Parish School Board Monday on two construction projects.

Roberia & Managan Construction Co. was the successful bidder on the media center addition to the school board office with a bid of $72,698.

Other bids were: Charles Miller Construction Co., $79,999; Hyatt Construction Co., $86,180; and Realco Co.,$86,500.

About half of the cost of the project--$36,000 will come from federal funds. Supt. Sonny McCall told the board.

Charles Miller Construction Co. was the successful bidder on the remodeling of the principal's office at Hackberry high school with a bid of $13,100.

Other bidders were Hyatt Const. Co., $13,545; Roberia & Managan, $14,401; and Realco, $15,860.

HACKBERRY BUS

The board voted to advertise for bids on an activity bus for Hackberry high school which is expected to cost around $15,000. Supt. McCall said he had been informed by the police jury that the jury would provide some federal revenue sharing funds to help pay for activity buses for parish schools.

The board noted that the Johnson Bayou and Grand Lake activity buses probably will have to be replaced in another year.

AID ON BARN

Noting the police jury's decision last week to ask the school board to aid in making additions to the parish livestock barn, which is used by the 4-H and FFA clubs, Supt. McCall said the law would not permit the board to spend school funds on property not owned by the board.

CAMERON LEASE

There was considerable discussion about renewing the lease on five acres of land adjacent to the Cameron elementary school for use as a playground.

Several members thought that the $2,500 a year lease was too high but Board Member Dan Dupont said that because of the oil boom all property in Cameron had gone up in value.

By a 5-2 vote, the board agreed to lease the land for another year but asked Supt. McCall to contact the owner, J. A. Davis, to see if he would permit the board to use some of the annual lease money to build up the property which is low in some parts.

CONTRACT EXTENDED

The board agreed to a month's extension on A. K. Newland's contract for converting South Cameron high school's heating system from butane to natural gas. Some of the materials needed for the conversion have not arrived, it was reported.

A contract between Louisiana Resources Co. and Entex Corp. for furnish natural gas to the South Cameron elementary and high schools was approved.

The recent salary increases granted school employees by the Louisiana Legislature was implemented by the board with 12 months employes being given a prorata raise.

GRAND LAKE LAND

The Sweetlake Land and Oil Co. has agreed to provide the Grand Lake high school agriculture department with 20 acres of land to be used as a school farm for such projects as rye-grass and calves and poultry.

Mrs. Lois Marcantel of Creole was hired for the new position of migrant recruiter from among four applicants.

The resignation of Mrs. Alberta Rutherford as a Cameron elementary bus driver was accepted and Wilbert Miller was hired in her placle.

Annie Welch was named a sweeper at Hackberry high school to replace Sally Busby, who resigned.

The board agreed to advertise for a sweeper at Cameron elementary to replace Deborah McGhee who resigned.

It also agreed to advertise for a kindergarten aide at South Cameron elementary.

It was approved that school board members can participate in the School Board Blue Cross health insurance plan.

Oil activity continues to be brisk in parish

A number of applications for permits pertaining to petroleum and marine work in the Cameron parish area have been filed with the U. S. Corps of Engineers. They include:

*American Natural Gas Production Co. of Houston to install a drilling barge in Grand Lake 12 miles northeast of Grand Chenier.

*Malcolm Savoie, Rt. 1, Cameron to dredge to enlarge an existing pirogue ditch about 5.5 miles west of Creole.

*Transco Exploration Co. of Houston to install a drilling barge in Block 498 West Cameron area.

*Williams Exploration Co. of Tulsa, Okla. to install a 3½-inch gas pipeline about 4.5 miles northwest of Holly Beach.

*Gulf Oil Corp. to install a 12-inch gas pipeline about 64 miles southeast of Holly Beach.

*Atlantic Richfield Co. of Houston to install drilling barge in block 142, East Cameron area, about 30 miles southeast of Cameron.

*Louisiana Land and Exploration Co. to dredge an extension to an existing canal for access to a proposed oil well location about 12 miles east of Grand Chenier.

*Reb Petroleum Co., Houston, to dredge a canal to provide access for drilling an oil or gas well about 12 miles northeast of Grand Chenier.

*Atlantic Richfield Corp. of Houston to install drilling barges in Blocks 227 and 316, West Cameron area about 43 miles south of Cameron.

*John B. Duhon, Rt. 2, Lake Charles, to deepen a pirogue ditch about 17.8 miles south of Lake Charles in Cameron parish.

Pipeline to carry oil from Texas to H'berry

An application to construct a 42-inch pipeline from Nederland, Tex., area to to the federal oil storage site at the West Hackberry salt dome has been filed with the U. U. Corps of Engineers.

The proposed line would extend from the Sun Oil terminal near Nederland in Jefferson County in an easterly direction, crossing portions of Jerrerson and Orange counties in Texas and Cameron and Calcasieu parishes in Louisiana.

The line would be used to transport crude oil as part of the Strategic Petreleum Reserve Program, according to the application.

The Federal Energy Administration would own the pipeline.

The West Hackberry dome is slated to hold about 60 million barrels of crude oil, part of a stockpile of 250 million barrels which the federal government hopes to build up against the future Arab oil embargo or national emergency.

The 42-inch pipeline would cross the Neches River, then run easterly across Interstate 10 and cross the Sabine River-the Louisiana-Texas border-east of Cow Bayou.

The pipeline would continue eastward, crossing the Vinton Trainage Canal 4.5 miles west of the Gum Cove Ferry, then cross a portion of Black Lake about five miles west of Hackberry before reaching the salt dome storage site.

The FEA proposes to pump crude oil from the Sun Oil terminal at Nederland directly to the West Hackberry dome.

Plans for the proposed work are on file in the office of the District Engineer, U. S. Army Engineer District, Foot of Prytania Street, New Orleans, and protests or suggestions will be received through Sept. 22, it was announced.

Rev. Vaughn is installed Fri.

The Rev. Roland Vaughn was installed as the pastor of St. Eugene Catholic Church parish Friday, Sept. 9 at 7 p. m.

The Mass was celebrated by Father Vaughn with Msgr. Irvin DeBlanc of Our Mother Queen of Heaven Church of Lake Charles giving the sermon.

Rev. Joesph Woerdeman, former pastor at St. Eugene, presented Father Vaughn with the Holy Bible.

Also taking part in the ceremony were Rev. First from the Benedictine Fathers and the Rev. Benne Morales.

After the Mass a covered dish supper was served in the church hall. Approximately 75 guests enjoyed the meal. Among those attending were Father Vidrine of Cameron and Msgr. M. J. Bernard of Creole.

Mrs. Austin and Mrs. Bargeman

Miss Bargeman top in state

Mrs. Carolyn Bargeman, the number one Avon saleswoman in Louisiana, was honored recently at a luncheon in the Sheraton Hotel in Alexandria.

Her sales were superior to those of 3,000 other Avon representatives from 20 districts throughout the state.

Mrs. Bargeman was presented red roses and a 24 carat gold necklace.

She was highly commended by her manager, Mrs. Lois Austin; district manager, Mrs. Betty Haws, and department heads from New York for her outstanding sales performance.

Man struck by passing truck

A 54-year-old Bell City man was struck by a pickup truck on Louisiana 27 about a mile south of the Cameron Parish line shortly after 6 a. m. Monday.

Officials at St. Patrick Hospital said Clinton Richard of Rt. 1, Bell City, was not seriously hurt.

According to Troop D State Police, Richard was walking south in the northbound land of the highway when he was struck by the outside mirror of a truck driven by Warren Newman of Rt. 4, Lake Charles.

TFC L. E. Kyle said Newman was cited for passing in a no-passing zone, and Richard was given a ticket for walking on the roadway.

Festival meet

The annual meeting of the board of directors of the Louisiana Fur and Wildlife Festival will be held Saturday, Sept. 17, at 6:30 p. m. at the Headquarters House of Rockefeler Wildlife Refuge.

Election of officers will be held and the 1977 festival will be planned, according to J. B. Jones, Jr. president.

Pesticide classes to be held in parish

Clifford Myers, Cameron Parish County Agent, announced that pesticide training for farmers, home gardeners and others who need to get certified in order to be able to buy or use restricted pesticides will be offered free of charge and at convenient locations.

The classes will start Sept. 20 and will end on Oct. 11.

The Environmental Protection Agency requires that persons be certified by Oct. 21 who wish to purchase pesticides.

Anyone not certified before this deadline will not be able to use, store, handle or transport restricted pesticides.

All farmers and home gardeners are urged to complete one of these sessions.

The L. S. U. Cooperative Extension Service has agreed to provide the training courses which meet the requirements for certification as a help to all concerned.

The State Department of Agriculture will issue by mail a certificate to each person who satisfactorily completes one of the sessions. This will make him eligible to buy, handle and apply restricted pesticides.

The following is the schedule set up for the pesticide training which will lead to certification and any one may attend whichever session is more convenient:

Sept. 20, Grand Chenier School-6 p. m.
Sept. 21, Hackberry Recreation Center 9 a. m.
Sept. 22, Cameron Elementary School 6 p. m.
Sept. 26, Johnson Bayou School-6 p. m.
Sept. 27, Cameron Elementary School-9 a. m.
Sept. 28, South Cameron High School-6 p. m.
Oct. 5, South Cameron Elementary School-6 p. m.
Oct. 11, Hackberry High School-6 p. m.

J. B. Meaux to be speaker

J. B. Meaux, Creole rancher, will speak on marsh management at a meeting of the Society for Range Management in Lafayette at the USL Alumni Center Saturday, Sept. 17.

Range management people from 12 southeastern states will attend the meeting, according to Francis J. Ezernack, district conservationist.

Missionary to be speaker to Oak Grove revival

A revival will be held at the Oak Grove Baptist Church Sept. 18-23 with services each night at 7 p. m., according to Rev. M. C. Kelley, Church pastor.

Rev. Herman P. Hayes will conduct the revival.

The Rev. Hayes and his wife are Southern Baptist missionaries to Indonesia following transfer from Vietnam in 1975. After a year of language study in Bandung, the are now serving in Klaten.

Engaged in field evangelism, he leads a home worship group, preaches in existing chapels and churches, teaches in the seminary's extension department and looks for places to start new work.

Mrs. Hayes assists her husband in his work. She also helps with music and teaches piano. She is active in women's work and also teaches English.

While in Vietnam, Hayes was a general evangelist in Saigon. He was also business manager and treasurer of the Vietnam Baptist Mission (organization of Southern Baptist missionaries) for several years.

Appointed by the Foreign Mission Board in 1959, the couple studied language in Saigon for one year and then began evangelistic work there. They organized the first Vietnamese-language Baptist church in the city, and Hayes served as its first pastor.

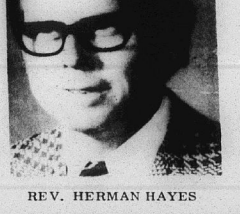
He also pioneered evangelistic work in Cantho where they lived from 1969 to 1971. From 1964 to 1965 they lived in Dalat for more language study and evangelistic work. On several occasions both Hayes and his wife have taught at the Vietnam Baptist Theological Seminary.

Born in Haughton, La., Hayes moved to nearby Bossier City when he was 13. He was graduated from Louisiana College, Pineville, with the bachelor of arts degree and from New Orleans Baptist Theological Seminary with the bachelor of divinity and master of religious education degrees.

Before going to Vietnam he was pastor of several churches in Louisiana and Mississippi.

Mrs. Hayes, the former Dottie Primeaux of Cameron, was graduated from Louisiana College with the bachelor of arts degree. She taught in a junior high school in McComb, Miss., for a year before going overseas.

The couple has three grown children.



REV. HERMAN HAYES

management, (3) need for proper grazing water resources for future generations.

New library books

New books at the Cameron Parish library include:

LYNCH-STRANGER AT THE WEDDING, A tale of murder and mistaken identity, of sinister intrigues in the languid Italian countryside.

LOFTS-THE LONELY FURROW. The third in the trilogy that began with Knight's Acre and continued with The Homecoming follows the activities of the children of Sir Godfrey and Lady Jollbays.

ELEGANT - DYNASTY. Anavel of China featuring a powerful Eurasian family divided by ambition, adultery, power, death, and a country torn apart by ideology, revolution, intrigue, and bloodshed.

SAFIRE-FULL DISCLOSURE. A bestseller about the forty-first president who, while meeting in Russia with Soviet leaders, was blinded in an assassination attempt.

AMBLER-THE SIEGE OF THE VILLA LIPP, A brilliantly stylist and chillingly realistic novel by a prominent fashioner of intrigue.

COPPEL-The DRAGON, A riveting adventure of the near and all too possible future-and, by extension, a chilling commentary on the present.

QUIGLEY - QUEEN'S ROYAL, A tumultuous story of Frona Frase King, the matriarch of the King Clan, and the man who was her match in business and her mentor in love.

BRADDON -THE FINALISTS, The story of the most sensational tennis match ever played on the revered centre court at Wimbledon.

DRURY-ANNA HASTINGS, The story of a Washington newspaperperson-brilliant, ruthless, and all conquering-yet somehow pathetic, vulnerable, likeable, and touching.

PLAIDY-THE THREE CROWNS, This is the story of William and Mary of Restoration England and of their strange relationship. William is determined to subdue, and Mary has to decide between loyalty to her husband or to her father.

In emergencies and when you're away from home, you can use one bank credit card for an immediate cash advance at over 20,000 member banking branches across the country and abroad.

Grand Chenier News

By ELORA MONTIE

Folks have now settled down,unpacked and are back on a regular schedule after the two evacuations for hurricanes Anita and Babe.

Claude Bonsall recently purchased a 1977 pickup truck.

Mrs. Charles Richard purchased a 1977 Ford L.T.D.

NEW DAUGHTER

Mr. and Mrs. Richard Sturlese announces the arrival of a daughter, Mary Nicole, born in Lafayette General Hospital, August 30. She weighed 7 lbs. 14 ozs.

Grandparents are Mr. and Mrs. Louis Canik of Grand Chenier and Mr. and Mrs. Adam Sturlese of Lafayette.

Great grandparents are Mr. and Mrs. Oscar Sturlese, Mrs. Corrine Canik, Moise Sturlese of Grank Chenier and Mrs. Kimmie Savoie of Creole.

Mary Nicole was welcomed aby a sister, Kimberly Ann, age one.

AUXILIARY MEETING

The Sturleese American Legion Auxiliary met Sept. 7 at the Legion Home.

Diane Doland whom they had sent to Girl States, reported on her trip. There were four guests: Dona and Debra Doland, Dena Ellis and Christine Theriot.

After the meeting a supper was served by Mrs. Ella Mae Theriot.

Claude (Pete) McCall spent several days in the Mamou Hospital. He is home and felling better.

GRADUATES

Michael McCall, son of Mr. and Mrs. Claude V. McCall, has completed his schooling and is now a graduate Registered Nurse. He is now working with Dr Clark in Cameron.

Dr. Frank Savoy, Dr. Greg Sagoie, Father Sonnier, and Gerald Hebert last week took their shrimp fleet to Lake Arthur during the evacuation. These folks have camps at the Chenier.

VISITORS

Mr. and Mrs. Noland Doland of Joaquin, Texas spent several days in their home here.

Spending the weekend with Mrs. Emily Theriot was Miss Annie Laurie Miller of Baton Rouge.

Mr. and Mrs. Earl Quarles and sons of Lakes Charles spent the weekend with her mother, Mr. and Mrs. Cyrus Constant.

Spending Saturday and Sunday with Mrs. Charles Richard were the Martin Richard family of New Orleans, the Russell Vincent family and the Alden Sanner family of Hackberry and the Harry Richard family of Lake Charles.

Spending Saturday with Mr. and Mrs. Charlie Theriot and Severin Miller were Mr. and Mrs. Calvin Landry of Erath.

Mr. and Mrs. Hayes Picou, Jr. were in Washington at a civil defense meeting Monday and Tuesday.

Spending the weekend with Glenn and Della Richard were Mr. and Mrs. William Hooper and boys of Moss Bluff, Mrs. Glayds Lauglin and children of Sulphur and Michelle and Sonya Doucett of Moss Bluff.

Mrs. T. A. Davie of DeQuincy mother of Mrs. Earl Booth, Jr., spent the weekend with the Earl Booth, Jr. family.

Mr. and Mrs. Charles Edward Logston of LaKE Charles visited over the weekend with Mrs. Logston's parents, Mr. and Mrs. Donald Lee Miller.

Mr. and Mrs. James Bourque and family of Lafayette spent the weekend with Mrs. Annie Richard.

Spending the weekend in Toledo Bend were Mr. and Mrs. A. P. Harper, and Mr. and Mrs. Lonnie Harper and family all of Grand Chenier.

Mrs. Lucille Duplechin of Lake Charles is visiting relatives here.

'Gator season

IT IS ESTIMATED there are over 100,000 alligators in Cameron, Calcasieu, and Vermilion parishes where they may now be hunted by sportsmen as well as commercial hunters during the 30-day special season in those parishes. 'Gators there are part of an estimated quarter-million alligators censused in 16 coastal parishes this past spring. Photo by Bob Dennie.

Gator season opened

On September 10 when Act 558 of the Louisiana Legislature became effective, it became possible for both resident and non-resident hunters to hunt alligators for sport during the remainder of the 30-day alligator hunting season in Cameron, Calcasieu and Vermilion parishes which opened September 1.

It is possible, provided they can make the necessary arrangements with landowners and guides in those three Louisiana parishes where the alligator is not an endangered or threatened species, according to J. Burton Angelle, secretary of the department of wildlife and fisheries.

Angelle said that at least a dozen non-resident big game hunters may be visiting Louisiana in an effort to bag a bull 'gator. The prospective hunters have expresses a desire to have one of the huge reptiles mounted to add to other trophies collected around the world.

Still others want to have boots and gun cases fashioned from the fine leather that enjoys such world prestige. Tanned alligator hide costs as much as $100 a linear foot in world market. A finished pair of boots can run as much as $500.

Angelle said that the $500 non-resident alligator sport hunting license was established by the legislature at its regular 1977 session. The cost of a license for resident sport hunters is $25. Licenses are available only at Rockefeller Wildlife Refuge in southwest Louisiana.

Before securing a license, Angelle said, it is necessary for a potential alligator sport hunter to work out arrangements with a landowner in one of those three parishes where there will be hunting. Actual cost will have to be worked out between the landowner and the hunter.

It will also be necessary for a hunter to secure the services of a guide, on the commercially licensed alligator hunters who has been authorized by a landowner to take alligators from his land.

Assuming hunters clear all those hurdles and bag their alligators, there are still additional regulations that must be followed. The hunter must see to it that his alligator gets to a federally licensed taxidermist if it is to be mounted, or to a federally licensed tanner if the hide is intended for leather goods.

The new licenses do not imply that alligators can be hunted whereever they may be found, Angelle said. The special alligator sport hunting licenses are part of a total management plan for Louisiana alligators.

"An alligator in the marsh represents a conservative investment of several hundred dollars. When processed and turned into leather goods, that figure could fmn as high as a thousand dollars," Angelle said.

The new law making alligator hunting possible for sportsmen was necessary, he said, but this form of hunting will be carefully regulated.

Teal season to open in state Saturday

The 1977 teal season opens Saturday, Sept. 17, and extends through sunset Sunday, Sept 25, spanning a nine-day period that includes two weekends, according to J. Burton Angelle, secretary of the department of wildlife and fisheries. Daily bag limit is four; possessionn limit is eight.

Angelle reminds hunters that shooting hours are from sunrise to sunset and no ducks other than blue-winged and green-winged teal can be taken during this special season. One fully feathered wing or the head must remain attached while the teal is being transported home.

Waterfowlers, he added, must have a valid state hunting license if they have reached their 16th birthday, and must have a federal duck stamp, properly signed and in their possession. Residents 60 years of age and older do not need a license, but must have a hunting permit, issued free of charge by the department of wildlife and fisheries.

Hunting licenses are on sale at all sheriff's offices as well as at many sporting goods stores. Duck stamps cost $5 and are available at all post offices.

Angelle cautioned all waterfowl hunters that provisions for the use of steel shot set up by the U. S. Fish and Wildlife Service apply in certain areas in the upcoming teal season. Hunters using 12-gauge shotguns in those zones must use steel shot exclusively.

The steel shot zones are:

1. Vermilion Parish-north of Intracoastal Waterway.
2. Calcasieu Parish-south of I-10.
3. Cameron Parish-north of the Intracoastal Waterway and north of the Sabine National Wildlife Refuge west of La. 27.
4. Catahoula Lake Area-bounded on the north by La. 8, south by La. 28, west by U. S. 165, and east by U. S. 84.
5. The green-tree reservoir on the Saline Wildlife Management Area.

Possession of 12-gauge lead shot while teal hunting in the steel shot zones constitutes a federal offense. The steel shot requirement does not apply to gauges other than 12-gauge.

"Teal season represents wise utilization of a waterfowl resource by allowing the hunting of these transient ducks migrating early to Mexico, Central and South America," Angelle said. He urged sportsmen to hunt strictly by the rules and avoid violations.

Tiny Tots

Parents may sign up their four and five year olds for the Tiny Tot King and Queen Contest at the Cal-Cam Fair in Sulphur. The deadline for registration is Friday, September 30th, by 6 p. m.. No entries will be accepted after this date.

To register contact Mrs. Calude Coffey, 611 Audrey, Sulphur.

The preliminary contest will be held Monday, Oct. 3rd, at 6:30 p. m. for the girls and 7:30 p. m. for the boys.

All four year olds must be four on or before Oct. 3rd, 1977 and all five year olds must be five on or before Oct. 3rd, 1977.

Twenty finalist, 10 girls and 10 boys, will be chosen and they will compete for the Tiny Tot King and Queen on stage Friday, Oct. 7th, at 7:30 p. m.

Ponds stocked by Dept. of Fisheries

by
Julia Murchison

Over four and a half million fish have been stocked in Louisiana lakes and ponds this past year, according to J. Burton Angelle, secretary of the Louisiana Department of Wildlife and Fisheries.

Over 4,000,000 bream (bluegill and redear sunfish) and 500,000 bass were released, free of charge, in about eight hundred farm ponds and public lakes as part of the department's fisheries program. Crappie are not normally stocked in farm ponds because production is usually disappointing is small bodies of water.

Bluegill are stocked first during January and February as fingerlings, 1,000 per acre, and largemouth bass are stocked during May and June, 100 per acre. The fish are about 1 to 2 inches long at stocking time.

It is essential to stock the bass after the bluegill have been released, but as far in advance of the bluegill spawning season as possible. This procedure enables the bluegills to reach sufficient size by the time bass are introduced to prevent the bass from eating large numbers of bluegill fingerlings thereby creating an undesirable condition of an overabundance of bass. The first hatch of bluegills assures the bass an ample source of food and the presence of bass will control the bluegill population and prevent overcrowding.

Anyone having a new farm pond they would like to have stocked, can request an application for fish from their wildlife and fisheries district office. After they have returned the application with the correct information, their names will be placed on the list to receive fish.

"Now is the time to send in the application to assure processing and approval in time to receive the first shipment of fish in January and have a full, balanced papulation by the following spring," Angelle said.

Prior to delivery date, recipients will be notified to meet a fish stocking truck at a central location in their parish. Persons picking up fish should take along a large clean container (a thirty gallon trash can will do) to hold the fish. It should be filled with chlorine free water.

Use of an aeration device can increase fingerling survival rate. Some type of covering is needed to prevent the young fish from jumping out. Biologists recommend burlap bags because they don't cut off supplies of fresh air.

Before releasing the fish into the pond, it is essential to check the water temperature in the pond and container. If there is any great difference in temperature, it is best to mix some of the pond water with the container water to prevent thermal shock which can kill small fish. Pond water should be slowly added to the container until both temperatures are the same before adding fish to the pond.

Fish used in stocking are raised in three department fish hatcheries at Monroe, Lacombe, and Glenmora and the federal fish hatchery at Natchitoches. Revenues from the sale of fishing licenses are used to help defray expenses.

Station, Baton Rouge, LA 70804.

Angelle said that prints of the department's Brown Pelican movie, an award-winning documentary film produced last year, are also available at the same address.

Cranberries will keep for 4 to 8 weeks in your refrigerator. Or you can freeze them with no preparation.

S'ships to be given

The Calcasieu-Cameron Fair Association has increased the Fat Stock Scholarship Award. There are now two scholarships, a $400 Beef Scholarship, and a $400 Sheep Scholarship.

These schoiarsnips are awarded annually to the boy or girl earning the most points. A boy or girl can only win the scholarship once. They may, however, win both beef and sheep scholarships in the current year. Competition is open to 4-H and FFA members only.

Judging for the Junior Fat Stock Show will be Monday, Oct. 3, at 3 p. m. for horses, Friday, Oct. 7, at 9 a. m. for dairy and beef breeding, and 1 p. m. for sheep breeding. Saturday, Oct. 8, the judging for the market lambs will be at 8 a. m. and for the market steers it will be 1 p. m.

All steers and lambs must be weighed and in their stalls before 7 p. m., Thursday, Oct. 6, prior to judging. All animals will remain on display until 9 p. m., Saturday, Oct. 8. Visitors are welcome to view the animals in the Fat Stock Building and also during judging.

Entry days set for Cal-Cam Fair

The Calcasieu-Cameron Bi-Parish Fair Association would like to inform the public that entry days will be Sept. 29,(exhibits accepted from 12 noon to 6 p. m.) and Sept. 30 (exhibits accepted from 8:30 a. m. to 6 p. m.). Entries close this day for non-perishable goods. On Oct. 1st, the fair will be accepting perishable exhibits only, (Agriculture, cut flowers, and cooking) from 8 a. m. to 10 a. m. No visitors will be allowed during entries or judging.

No exhibits will be removed from the buildings until Monday, Oct. 10th. You will have from 8:30 a. m. to 6 p. m. to remove your entries. At 6 p. m. the Fair Association will take some down and will not be held responsible for any lost, stolen or destroyed exhibits.

All exhibitors must register at the Secretary's office and recieve an entry number before any articles may be entered in any department.

Awards will be made from the judges records alone. Only one first and one second prize will be awarded under one premium number unless the judge finds two worthy and then two first or second ribbons may be given.

Film is available for clubs

THE PAYOFF IS IN THE CATCH, a 26-minute color movie on freshwater fishing in Louisiana, has been released by the Department of Wildlife and Fisheries and is now available to television stations, schools, civic groups, Scout organizations, sportsmen's clubs and other organizations, according to J. Burton Angelle, department secretary.

Viewers can see plug casting for marsh bass in the southern parishes of the state, see the results of tournament bass fishing on big Toledo Bend reservoir, sample float fishing on scenic streams in southeast Louisiana, relive the thrill of jerking fat catfish from farm ponds, and watch fisheries biologists in action on projects that make angling even better in the new movie that is free upon request.

Angelle said the movie, second in the department's series of documentary films, covers angling for marsh bass, bluegill, largemouth bass, spotted bass, crappie, and catfish.

The film also portrays the department's diversified fisheries programs and operation of its three hatcheries that are designed to enhance the state's freshwater angling.

The movie shows how the department stocks farm ponds, reservoirs, streams, and lakes in all parts of the state to provide better fishing for ever-increasing numbers of anglers. It shows many of the activities of the fish division of the department.

Produced by the Information Section of the department, copies of the new film are available by writing the Education Section, Department of Wildlife and Fisheries, P. O. Box 44095, Capitol

PART OF WHAT YOU EARN IS PRIDE.

Game & fishing acts effective

September 10 is the effective date for a number of Acts adopted during the 1977 regular session of the Louisiana Legislature pertaining to wildlife and fisheries resources.

The recent Acts covered a variety of outdoor activities from raccoon and fox hunting to leaving deer and wild turkey heads attached while transporting game to private residences or cold storage.

They also cover the legal dimensions for slat traps used in fishing according to J. Burton Angelle, secretary of the Louisiana Department of Wildlife and Fisheries.

Act 171 resulted in a bag limit of one raccoon per person per night on coon hunting parties except during the trapping season from December 1 through February 28, when there is no limit. Angelle reminded hunters it is still illegal to shoot raccoons while hunting during daylight hours.

Angelle said the provisions of Act 344 add foxes to the protected list and makes the killing of foxes illegal except during the trapping season when they can be taken only by licensed trappers. They may by chased with hounds for sport throughout the year except on wildlife management areas and in areas that are open for still hunting of deer and wild turkey.

Act 197 provides that the heads of deer and wild turkeys must be left intact by hunters while they are being transported to individual domiciles or processing plants. Deer and turkey may be divided in camp or in the field but each package must be tagged with the name, address, and license number of the hunter who bagged the game. Transportation of whole carcasses without heads is considered illegall.

A vessel pulling more than one shrimp trawl in inside waters remains illegal under Act 549, but the act provides that double rigged vessels pulling only one trawl can operate in inside waters in season.

Act 140, dealing with slat traps used for taking catfish, provides they cannot be longer than six feet, nor larger than two feet wide and two feet high. Slats not more than six inches wide must be at least one inch apart.

License fees were fixed for non-resident in addition to resident sport alligator hunters, now making it possible for alligators to be hunted for sport. Under existing federal regulations, alligators can only be hunted in Cameron, Calcasieu, or Vermilion parishes.

Angelle said these were some of the most important new laws that become effective September 10. A complete list will appear in the fall issue of the LOUISIANA CONSERVATIONIST magazine.

BLACK NEWS

By MRS. LEE J. HARRISON

Rev. J. J. Gillespie of DeQuincy was guest speaker in the 11 a.m. services of the WMU department at the Ebenezer Baptist Church, Sunday. He is itinerant evangelist for the New Light Missionary Baptist Association

Mr. and Mrs. John Frank of Port Arthur, Texas visited Mr. and Mrs. Simon Harrison, Saturday. Mrs. Frank is spending a week in Grand Chenier to care for her mother, Mrs. Frances January.

Mr. and Mrs. Bryant Bartie, Mrs. Mary Cockrell and Drusilla visited Mr. and Mrs. Noah Bartie in DeRidder, Sunday.

Pictures to be taken at Cameron Elem.

School pictures will be taken at Cameron Elementary School Monday, Sept. 19. The pictures are to be sold on a pre-paid basis this year. All families who want picture packets must send the money before the 19th in order to assure having a packet printed.

Pre-school pictures will be taken at 7:45 a. m. on that date. All parents of pre-schoolers should report to the school at that time.

After regular class pictures have begun, no pre-school pictures will be taken. Money for pre-school pictures can be paid at that time.

Alexandre Eiffel not only built the tower that bears his name, he designed the framework for the Statue of Liberty and the locks on the Panama Canal.

Miss Karolina Kosson

Miss Carrie honored at reception here

A smiling Karolina Kosson prepares to cut the large, ornately-decorated cake which was the focal item at the reception given in her honor on "Miss Carrie Day", Sunday, Aug 14.

The reception, held in Our Lady Star of the Sea Parish Center, followed the 10 o'clock morning Mass which began "Miss Carrie Day". The Mass was celebrated by Msgr. Vidrine, pastor of Our Lady Star of the Sea Church.

A short program, emceed by Mrs. Wilman Saltzman, preceded the buffet-style luncheon served at the reception. The program consisted of several presentations together with a talk by Mr. William Morris, principal of Cameron Elementary School.

Mrs. Adenise Trosclair, regent of Catholic Daughters of America Court Our Lady Star of the Sea, make two of the presentations. On behalf of the Cameron Parish Police Jury, she presented Miss Carrie with a proclamation of "Miss Carrie Day"; and, on behalf of the Catholic Daughters organization, she presented the honoree with a cash gift.

Mrs. Saltzman, president of the Altar Society of Our Lady Star of the Sea Church, then presented Miss Carrie a cash gift on behalf of the Altar Society.

Concluding the program was the talk given by Mr. Morris, who has known Miss Carrie from the time he first came to the parish as a teacher in 1955, having roomed at her home during his first two years here. He spoke about her many kindnesses to him and to others. He said that she was just like a mother to him when he lived at her home.

He went on to describe how fine and pleasant a worker she was in the cafeteria at Cameron Elementary School from the time he became principal in 1966 until she retired in 1973. He praised her for going over and beyond the call of duty in preparing baked goods which she knew the students, as well as the faculty members, would enjoy.

Donation to flood area

Our Lady Star of the Sea Catholic Daughters of America Court voted at their monthly meeting to send a donation to the CDA Court in Jonestown, Penn. which was a victim of recent floods.

The Court also made plans for the Senior Citizen Recreation Day to be held Sept. 25 at the Family Center from 6 to 8 p. m.

The program is sponsored by the United Methodist Women and the local CDA Court.

All persons age 60 and over are invited to attend.

Mrs. James S. Hebert, Jr. was appointed as chairman of the October Halloween program.

Mrs. Henry also shared the September birthday cake with Mrs. Rose Lancon.

Msgr. Curtis Vidrine, Court Chaplain, gave a talk on the new television series Soap to be aired on ABC TV this fall.

He urged the members to write in protest to the sponsors of the series and the television stations carrying the program.

He also urged the court to consider the Bishop's Service appeal which is now being collected from now and for the next three month

Refreshments were served by Mrs. Adenise Trosclair, Court Regent and Mrs. Henry.

New program is outlined

Mrs. Brenda Roberts of the Parents Education and Treatment Council from Lake Charles outlined the council's program to members of Mary Olive Catholic Daughters of America Court at their first meeting of the fall on Sept. 6 at the K. C. hal in Creole.

The Regent, Mrs. Myrna Conner, opened the meeting with prayer.

A workshop is scheduled for Oct. 23 from 8 a. m. to 5 p. m. at Court of Our Lady of LaSalette in Sulphur.

At the last June meeting, Regent Conner asked all members to be thinking of her favorite prayer. She will ask one daughter to read it at the closing of each meeting. Mrs. Conner and Mrs. Jeanette Savoie read their's. Mrs. Roland Primeaux was asked to read hers at the October meeting which will be held Oct. 4, 7 p. m. at the K. C. hall.

Raffle tickets were given to members for the Sacred Heart Parish Bazaar, Oct. 29-30.

To be married

Aubrey Ellen Harris will become the bride of Mark Anthony Montie at 11 a. m. Oct. 1 in Sacred Heart Catholic Church in Creole.

Parents of the bride-elect are Mr. and Mrs. Roy E. Harris of Lake Charles. The prospective groom is the son of Mr. and Mrs. John Kenneth Montie of Creole.

Grand Lake F.H.A.

By MARY CRADOR

The Grand Lake High School F. H. A. chapter held its first monthly meeting for the 1977-78 school year Sept. 7.

The F. H. A. held a back to school dance at the Grand Lake Recreation Center Aug. 20. Another fund raising activity held during the summer was a bake sale at Speedy Tote's Aug. 13.

The rules and requirements of the club were explained by the President, Caren Beard. An election was held with these results: President, Caren Beard; Vice President, Tracy Lannin; Secretary, Marcy Alderson; Treasurer, Cindy Fogleman; Reporter, Mary Crador; Parliamentarian, Carmen Hebert; Historian, Wendy Lannin; Songleaders, Merri LaVergne and Cathy LeBlanc.

Executive Counsil: Senior-Kelly LaBove, Junior-Arleen Crador, Sophomore- Kim Breaux, Freshman- Sandra LaBove.

Beaus: Mike Beard, Duke Hebert, Kenneth Fontenot, and Mark Broussard.

Marie Nunez wins stole

Marie Nunez and Barbara Lane Nunez represented Big's Grocery at the Grocery Store Convention in New Orleans August 19-24.

Seminars, luncheons and various activities were scheduled for the participants. Door prize drawings were held, giving away a diamond ring, watch, several dolls trimmed in $100 bills totaling $1,000 each and a mink stole.

Marie Nunez was the ecstatic winner of the mink.

Two baskets for your nest egg

You'll find them both at our bank. One comes in ready money green. The other is red, white and blue.

Our own savings accounts, of course. "Rainy-day money," like life insurance, is an old American tradition . . . for protection against emergencies.

But we also sell and recommend U.S. Savings Bonds – a special kind of saving for your long range goals. Bonds are safe – protected against loss – backed by the full faith and credit of the United States. Sharing in America is a worthy tradition, too.

As part of the "full-service" concept of banking, we offer both kinds of nest egg. And it needn't be either/or. It should be both.

Stop in tomorrow. Discover how neatly you can split a nest egg, without a sign of splatter. And discover, too, how neatly our bank can handle all your other financial needs.

PROMULGATION OF
ELECTION RESULT
STATE OF LOUISIANA
PARISH OF CAMERON

BE IT KNOWN that the Board of Commissioners of Cameron Fire Protection District No. 10 of the Parish of Cameron met in open session on the 23rd day of August, 1977 at 10:00 A. M., at the Police Jury Annex Building in the Village of Cameron, Louisiana and did proceed to examine and canvass the returns and declare the result of the special election held on August 20, 1977, at which the proposition hereinafter set forht was voted upon by all qualified voters of said District, qualified to vote in said election, and we, the said Board, in the presence of Garner Nunez and Dale Miller, qualified witnesses, and such others as desired to be present, do make the following compiled statement of the result of said election, the vote for and against said proposition being as follows, to-wit:

PROPOSITION NO. 1

Shall Waterworks District No. 10 of the Parish of Cameron, Louisiana, incur debt and issue negotiable bonds in an amount not to exceed One Million Two Hundred Thousand Dollars ($1,200,000), to run not more than twenty-five (25) years from the date thereof, with interest not to exceed the maximum rate per annum permitted by law at the time of sale thereof, for the purpose of providing funds to acquire buildings, machinery and equipment, including both real and personal property for said District, title to which shall be in the public, to be used in giving fire protection to the property in said District?

PROPOSITION NO. 2

Shall Waterworks District No. 10 of the Parish of Cameron, Louisiana, levy a two (2) mill special tax on all the taxable property in said District for the period of ten (10) years, commencing in the year in which such waterworks system or systems are put in operation, for the purpose of maintaining and operating the District's waterworks system or systems?

And it appearing that the said proposition was carried by a majority in number of votes at said election as shown by examining and canvassing the sworn returns of said election, we do accordingly ratify said sworn returns of said election and approve the same, and declare that the said proposition has been carried in number of votes and as hereinabove set forth, and we do hereby accordingly make public proclamation of the result.

THUS DONE AND SIGNED IN triplicate in open session by the Waterworks District No. 10 of the Parish of Cameron, Louisiana, in the presence of the hereinabove named and the undersigned witnesses and others who desired to be present on this 23rd day of August, 1977.

Mrs. Blake new D.A.C. member

At the September meeting of Robert E. Lee Chapter No. 305 of the Daughters of the Confederacy, Mrs. J. B. Blake, Jr. of Cameron and Mrs. Arthur Pharris were welcomed into the chapter and presented certificates of membership.

Mrs. Wilhelmina Lyles reviewed a book on Caroline Meriwether Goodlett, who founded the UDC in 1894 and served as its first president.

Real Daughters of the chapter--Mrs. M. D. O'Neal, Mrs. Thomas F. Porter and Miss Marie Ryan--were honored. Each was given a red corsage. Real Daughters are those whose fathers served in the Confederacy.

PET program told to Catholic Daughters

Mrs. Harry Conner, Grand Regent of Court Mary Olive CDA, received material on the Parent E f f e c t i v e ness Training (PET) program last week at the monthly meeting of the Court from Mrs. Mike Roberts of Lake charles.

Mrs. Roberts, therapeutic counselor f o r Adolescent ETC Guidance, spoke on the program. The court is going to help with the program in the area.

B. P. Babineaux of Lake Charles, right, was one of more than 80 members of the Babineaux family, descendents of early Acadian settlers of Nova Scotia, who had a reunion in New Brunswick, Canada recently during the official opening of an Acadian historical village.

Mr. and Mrs. Babineaux visited the home grounds of the first Babineaux in Fort Doyle, Nova Scotia. He had settled there in the early 1700's.

After the reunion many of the visitors took in a seven day tour of the province.

Mr. Babineaux is shown above with two other members of the Babineaux clan.

Route 1, Cameron

By MRS. GEORGE NUNEZ

Mrs. Lois Watts and Mrs. Neta Goodman, spent the weekend in Angleton, Texas with Mr. and Mrs. Son Eaglestun.

Buster LaBove of Beaumont, and Waybern LaBove of Big Lake spent the day with Mrs. Elray LaBove recently.

Mr. and Mrs. Pete Bonsall of Port Arthur, are visiting Edwina, Betty Theriot, Mrs. Elray LaBove and the George Nunez.

Mr. and Mrs. T. H. Small from North Carolina, spent Thursday till Sunday with Mr. and Mrs. Cap LaBove and visited other friends.

Mrs. James Austin, Janet and Robert of Port Arthur, spent Labor Day weekend with the George Nunezs. Sunday we got the word to evacuate, so we went to Port Arthur with the Austins intending to go on to Vinton to the Gerald Nunez's, but the weather never got any worse and we spent two nights with the Austins, and were happy to get back home.

Mr. Ozema Savoy spent the storm Babe in Lake Charles with the Lionel Savoy family.

Richard and Gail Nutt and girls Christie and Bambi of Houston visited her father, Mr. and Mrs. Terry Theriot. Also visited her grandmother Mrs. Theresa Theriot.

MUSINGS...

By BERNICE STEWART

The winner in any contest is recognized and applauded. That is as it should be. His inherent ability plus his fixity of purpose, effort, and hours of practice have culminated in victory. We honor and respect him. We would not diminish his glory one iota.

However, it is our belief that a contestant may succeed and still not win. We do not believe that any hard-working, deserving competitor should be called a loser. He simply did not reach the top.

Perhaps he had less talent with which to start; perhaps he functioned by a different biological clock. It is possible that he may have accomplished even greater acceleration within his own performance than did the winner himself.

On our lawn are two trees that were planted the same year--seedlings of about the same age and height. One is a pine; the other, a Chinese tallow. Year by year each strives to grow. Each sends out roots to extract sustenance from the soil. Each receives the same proportion of sunshine and rain. Each is buffeted by the same storms and droughts and frosts. Each tree succeeds within its capacity. But the pine consistently tops the tallow.

Measured by speed of growth and its present size, the pine is the winner. And, yet, can one say that the tallow does not deserve respect and commendation also? It is fulfilling its potential every bit as much as is the pine. Is not our luxuriantly-leaved and colorful Chinses tallow as much a winner as is our graceful, lofty pine?

And so, for each participant in whatever competition, his real victory is measured by his own inward growth and by the manner in which he accepts the results.

Hackberry News

By MRS. VERNIE WELCH

Mrs. Elaine LeBlanc, Mrs. Catherine Little and Mrs. Evie Little are visiting the Hawaian Islands. W h i l e there they will visit Mrs. LeBlanc's aunt, Mrs. Ann Swann.

Mr. and Mrs. N o r r i s Schexnider and Gabe and L y n n visited Mrs. Schexnider's s i s t e r and family, Mr. and Mrs. Weston Touchette.

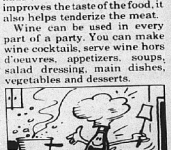
Wally Davidson and Mike Clark from Sumter, South Carolina visited the Vernie Welchs. The Curtis Fountains and C. R. from Texas City and the Roland Kershaws from Houston spent Saturday in Hackberry.

COOKING Brilliantly

HELPFUL IDEAS

Cooking with wine not only adds a festive air to a meal and improves the taste of the food, it also helps tenderize the meat.

Wine can be used in every part of a party. You can make wine cocktails, serve wine hors d'oeuvres, appetizers, soups, salad dressing, main dishes, vegetables and desserts.



When cooking with wine, cook with a cooking wine. Most table wines can't stand up to the cooking process. The heat of your stove could cook the flavor away and instead of the aroma and taste you planned on, you could be disappointed with just an ordinary meal. Select only a genuine cooking wine such as imported Holland House Red, White, Sherry and Marsala Cooking Wines. These wines are specially selected for cooking; their rich robust flavor can stand up to the heat.

Cameron Pilot

21st Year--No. 50 Cameron, La. Sept. 22, 1977

Rev. Edward Brunnert

New pastor is assigned here

The Johnson Bayou and Holly Beach chapels of St. Peter the Apostle Church in Hackberry has a new pastor. He is rev. Edward Brunnert, M. S.

Rev. Brunnert's is from St. Louis, Mr. and he has come to this parish after being in Sulphur for one year. He is replacing retired Rev. A. Gilbert.

Rev. Gilbert is spending one month in his hometown of Boston, Mass. Then he will return to Sulphur to serve as chaplain at the Cal-Cam Hospital.

Night classes are scheduled

Orrie Canik, Supervisor of Adult Education for Cameron Parish, announces that anyone interested in completing his high school education or improving reading and math skills may do so by attending night classes offered by the parish school system.

Interested persons may register for the night classes at the following schools at 6 p. m. Tuesday, Sept. 27:

Hackberry High School, Grand Lake High School and South Cameron High School.

Attend seminar

Baron Thomas, management trainee; Lana Eakin, Jena Cournier, Brenda Boullion, Viola Bourrique and Mary Picou, tellers at the Cameron State Bank, participated in a teller training seminar sponsored by the Louisiana Bankers Association in Lafayette Sept. 15.

The seminar featured a comprehensive program presented by experienced instructors covering a variety of subjects in the area of bank security, communications and bank procedures.

Tiny Tots to compete here

Mrs. John Allen Conner, chairman of the Tiny Tot King and Queen contest of the annual Sacred Heart Church Bazaar to be held Oct. 29 and 30, announced the contest rules this week. Assisting Mrs. Conner will be Mrs. Alvin Ray Mudd.

The age limit for entries is 3 to 7 years old and the deadline for entering is Oct. 10 in the parish wide contest.

Those interested in entering or desiring more information may contact Mrs. Conner at 542-2756 or Mrs. Theresa Mudd, co-chairman at 542-4311.

All those entering the contest will be presented with a trophy, and banner with the child's name on it and will kick off the bazaar with a ride in a haywagon at the Bazaar Rodeo.

The King and Queen winners will win larger trophies and $10 gift certificates.

Mrs. John A. Conner

THIS NOSEGAY-type corsage, which Mrs. Christina Nunez is shown pinning on Mrs. Mayola Wicke, is one of several hundred now being offered for sale in conjunction with the upcoming Sacred Heart Church Bazaar. Mrs. Wicke bought the first corsage while Mrs. Nunez made them. The corsages come in a variety of colors and will be a symbol of the Bazaar.

Pesticide classes

Clifford Myers, Cameron Parish County Agent, announced that pesticide training for farmers, home gardeners and others who need to get certified in order to be able to buy or use restricted pesticides will be offered free of charge and at convenient locations.

The classes will start Sept. 20 and will end on Oct. 11.

The Environmental Protection Agency requires that persons be certified by Oct. 21 who wish to purchase pesticides.

Anyone not certified before this deadline will not be able to use, store, handle or transport restricted pesticides.

All farmers and home gardeners are urged to complete one of these sessions.

The following is the schedule set up for the pesticide training which will lead to certification and any one may attend whichever session is more convenient:

Sept. 22, Cameron Elementary School 6 p. m.

Sept. 26, Johnson Bayou School-6 p. m.

Sept. 27, Cameron Elementary School-9 a. m.

Sept. 28, South Cameron High School-6 p. m.

Oct. 5, South Cameron Elementary School-6 p. m.

Oct. 11, Hackberry High School-6 p. m.

Recipes sought for cookbook

Ward Fontenot, editor of the Louisiana Fur and Wildlife Festival recipe book, announces that now is the time to send in recipes to be included in the 1978 book.

They may be sent to him in Cameron or to either of the two co-editors, Mrs. Braxton Blake, Cameron, or Mrs. Lyle Crain, Grand Chenier.

Wildlife meeting

When the Louisiana Department of Wildlife and Fisheries meets at 10 a. m. Tuesday, Sept. 27 in New Orleans it will consider two items of importance to Cameron parish, Namely:

*Setting of the oyster season in Calcasieu Lake.

*Promulgation of rules for sport taking of shrimp and oysters from Rockefeller Refuge and other refuges and wildlife management area

The meeting is opened to the public. Jerry Jones of Cameron is a member of the wildlife board.

GARLAND RICHARD and his 10 year old grandson Gerald, son of Mr. and Mrs. Joseph F. Richard, all of Creole hold up the tails [showing tags] on some of their salted down alligator hides which they will sell at the alligator sale at the close of the season.

Garland Richard is 'The Alligator Man'

by GENEVA GRIFFITH

Ask anyone in the Creole for the "Alligator Man" and you will be directed to Garland Richard, a true man of the marsh--hunter, guide, and expert on all creatures that inhabit the lower Cameron parish marshes.

Richard has been featured on television programs and in magazine and newspaper articles. He has spent almost a half a century in the marsh, having started out with his father, Numa Richard, when he was only 7 years old.

He now suffers from a heart condition and is waiting until the alligator sale is over to reenter a Houston, Texas hospital for treatment.

Even though he is not able to do as much of the hard work he used to do out in the marsh he is still able to supervise others in the work.

He took his 10 year old grandson Gerald, the son of Mr. and Mrs. Joseph F. Richard, with him this year on the special alligator harvest. They were able to complete their alloted harvest in only seven days.

Richard said that if it were not for the two days lost in evacuating for the two hurricanes it could have been done in 5.

Their total take was 88 alligator hides, 71 on their own land and 17 on another piece of land for a neighbor.

Richard's son, Joseph L. Miller and Wilfred Miller also aided in the alligator hunt.

As each "gator" was skinned the special "flap" was put on each hide to distinguish that it was caught and skinned during the special season.

Each year it is different and is a closely guarded secret until the season starts to prevent poaching throughout the year.

Richard said he believes the hunt is being carried on the right way and that the harvest is not in any way affecting the density of the alligator population-the marsh is still full.

"However, he said, if the hunt is not controlled the poachers would come and it would not be long before there would be no alligators to hunt."

Richard said that he expects to receive about $20 a running foot for his skins and that he has about 650 running feet in all, including those of this neighbor, which means around $12,000 total.

The price per foot in 1976 averaged out at $16.50 but all indications are that the price will soar this year, bringing in much better prices for the local hunters.

This should mean a boast to the local economy, since the parish was allotted around 8,000 tags.

When asked about the alligator "tails" Richard said that he was flooded with requests and got rid of everyone he captured to people who came and picked them up as soon as they were brought in.

He said that this year he received requests for not only the tails, but also for the whole carcasses.

If and when it is ever legal to sell the meat this will be an added income to the local alligator hunters.

Alligator hunting is hard and streneous work and is not a profession for a novice, so Richard feels that now is not too soon to start teaching his 10 year old grandson how to hunt "gators".

Tanner named to new post

Robin Tanner, son of Mr. and Mrs. Robert Tanner of Cameron, has been elected vice-president of the Resident Student Association for the 1977-78 school year at McNeese State University. Tanner is a senior majoring in computer science.

Currently serving his second term as president of the McNeese Lions Club, he has been a Student Government Association senator, a member of the University Band and Chorus and is active on various SGA and RSA committees.

Jody Chesson rites held

Jody Layne Chesson, 21, of Sulphur, died at 10:30 p. m. Sunday, Sept. 18 in West Calcasieu-Cameron Hospital of a sudden illness.

Funeral services were held Tuesday, Sept. 20 in the Lyons Funeral Home Chapel.

The Rev. Terry Willis, pastor of the Neighborhood United Methodist Church officiated. Burial was in Minosa Pines Garden of Memories.

Mr. Chesson, a native of Lake Charles, had lived in Sulphur for 19 years. He was a graduate of Sulphur High School, attended Northeast Louisiana University for two years and was a nursing student at McNeese State University at the time of his death.

Survivors are his parents, Mr. and Ms. Bobby R. Ransom of Sulphur; two brothers, Bruce and Brian Ransom, both of Sulphur; and grandparents, Mr. and Mrs. Placid Chesson of Lake Charles, Mr. and Mrs. Nolton Richard of Sweetlake and Mrs. R. N. Ransom Sr. of Sulphur.

Jones to head Fur Festival again

J. B. Jones, Jr. was reelected president of the Louisiana Fur and Wildlife Festival at the annual board of directors meeting Saturday night at Rockefeller Refuge.

Other officers elected are: Garner Nunez, treasurer; Mrs. Geneva Griffith, secretary; and Ward Fontenot, William O. Morris, Robert Ortego, Roland Trosclair, Jr., Ray Stevens, George Wilkerson, Wendell Murphy, Bob Farley, and Mrs. Braxton Blake, vice-presidents.

The date of the 1978 festival was set for Jan. 13-14 in Cameron.

The possibility of holding many of the events in the Creole area for the upcoming festival was discussed due to the anticipated main street widening project which will be going on at that time.

Nancy Claire Nunez, reigning Miss Cameron Parish, gave a report on the various trips she has made to other festivals and events representing the local festival and Cameron parish.

Mr. Fontenot, who serves as editor of the Festival cookbook, asked members to get the recipes in earlier this year.

Two are sentenced

A Franklin, La. man, Leroy Ceasar, pleaded guilty to possession of marijuana when arraigned before Judge Warren E. Hood in district court in Cameron last Thursday.

Judge Hood sentenced him to pay a fine of $250 and to six months in jail, with the jail sentence suspended, and he was placed on probation for one year.

Sidney Oren DeBarge, who was to have been sentenced for possession of marijuana, had his case reset for trial Sept. 22.

Bradley Steen, 23, of Abbeville was given sentences totaling five years on three charges of theft which included theft of an outboard motor and shrimp baskets. The sentences are to run consecutively with sentences in Vermilion parish.

Parent program set

Giles O. Gilliam, administrator of the Education and Treatment Council, Inc., of Lake Charles announces that a Parent Effectiveness Training program is scheduled to begin in Creole.

P.E.T. is an 8-week course which teaches effective communication methods that can be used between parents and children.

The 24-hour course will be offered once a week for three hours each night, from 6:30 to 9:30 p. m. at South Cameron Elementary school.

There will be a $17.50 deposit for materials which will be returned upon successful completion of the class.

The instructor will be Mrs. Brenda Roberts of Adolescent E.T.C. in Lake Charles.

There will be a limited enrollment and anyone wishing to attend is urged to pre-register by calling Mrs. Lydia Primeaux at 542-8039.

Bank makes statement here

Herbert Ryder, senior vice-president and chief auditor of the Calcasieu Marine Bank, provided the following statement:

"Our continuing investgative audit procedures do indicate a possible defalcation in the Cameron branch office of the bank.

"At this point our investigations are not complete. In compliance with federal law when the investigation is complete we will turn over all our findings to four separate federal agencies: the Comptroller of the Currency, the United States Attorney, the F.B.I., and the Federal Deposit Insurance Corp.

"Any charges or prosecutions must orginate by one or more of these agencies. The Calcasieu Marine National Bank will cooperate fully with any action taken by these agencies."

"As a point of information," Ryder said, "the bank and all its employees are bonded and there will be no financial loss to the Bank or to any of its customers in any event."

Ryder's statement was issued in answer to an American Press Informer question concerning a reported embezzelement at the bank's Cameron branch office.

Permits sought in area

Several permits are being sought from the U. S. Corps of Engineers for projects that pertain to the Cameron area.

PPG Industries of Lake Charles is seeking to deepen existing trenasses (boat trails) about 6.3 miles southwest of Sweetlake.

Texaco Inc. of New Orleans seeks to dredge a slip as an extension to an existing canal for access to a proposed oil well location and to install a 2½-inch pipeline about 2 miles southwest of Lake Arthur.

Seeking permits to install drilling barges for oil exploration offshore are Atlantic Richfield Co. in Block 339, West Cameron area, 54 miles southwest of Cameron, and Texasgulf Inc. of Houston in Block 129, East Cameron area, 129 miles southeast of Cameron.

Aging meeting

Rev. Minns Robertson announces that there will be a council on aging community meeting for the Grand Chenier-Creole areas at 10 a.m., Sept. 26 at the Grand Chenier Methodist Church. He invites everyone over 60 to be present and bring a friend.

Crewman's body is recovered

The body of Ired Lopez, a crewman who tumbled last Monday night from a shrimp boat into the Calcasieu Channel, has been recovered.

Deputy Adrian Hebert of the Cameron Parish Sheriff's Department, working from the department's patrol boat, found the body at 6 a. m. Thursday in the channel.

Soybean farmers battle insects here

By Clifford Myers

Soybean farmers are continuing their battle with insects. It appears to be one of the worst year in Cameron Parish. Most fields have already been sprayed once while may, two or more.

I would like to caution however that the lable on Methyl Parathion and Lannote is limited to a maximum of 2 applications per growing season. Sevin has no time limitation and may be used more than twice during the growing period.

It is essential that correct identification and population of the insects present be determined before treatment is made. Apply insecticides only when one or more of the following conditin exist:

An average of 3 corn earworms (½ inch or longer) per 1 foot of row or an average of 1 stink bug (¼ inch or larger) per 1 foot of row or when there is an average of 8 leaf-feeding catepillar larve (½ inch or longer) per 1 foot row.

Do not use excessive amounts of insecticides or apply more often than necessary as it results in unnecessary expense, pollutes the environment, causes unnecessary destruction of predators and parasites, increases residue hazards and increases the possibility of resistance developing in pest populations.

Heavy rainfall in recent weeks has intensified weed problems in soybean fields around the parish.

Severe weed infestations results in high amounts of foreign green matter in harvested beans and increases combine time, both costly to the producer.

Some weed problems can be reduced by using a desiccant to dry weedy vegetation prior to harvest. Paraquat and a Sodium Chlorate formulation sold as Oxy Leafex 3 are currently registered for use in soybeans. Paraquat has been widley tested while Oxy Leafex 3 has been tested less. Both should be applied only to desiccate weeds and not defoliate soybeans. Production will be reduced if either product is applied more than 7 to 10 days prior to harvest. Beans should be fully mature, at least half of the leaves should have fallen and the remainder of the leaves should be yellow before the desiccant is applied.

management, (j) need for proper grazing water resources for future generations.

CCD classes to begin soon at J. Bayou

Registration for C.C.D. Classes will be today, Sept. 22, at Our Lady of Assumption Catholic Church in Johnson Bayou for grades 1-12. The fee is $3 for an individual, $6 for a family of more than one in the program.

All students must be registered with one of their parents. Plan to pick up your child or children at school and come meet the pastor.

Woodmen to have meeting

The Woodmen of the World Camp 706 and Ladies Court will hold their monthly meeting Thursday, Sept. 22, at the WOW Hall. Supper will be served at 7:30 with the meeting following.

Coastal Refrigeration & Air Conditioning Service

The Challenge of Genealogy

by MARIE WISE

Words change their meanings through the years and some definitions fall so out of useage as to be forgotten. In America- English of the 1600-1700's a "memorial" was an abstract of title to land. the registration of which was mandatory so that - through his Auditor General of Plantation Revenues - the British monarch could collect his rent.

MEMORIALS

South Carolina Memorials, Vol. II, is a hardcover book, 6 x 9 in., 222 pages, indexed, $17.50, compiled by Katie-Prince Ward Esker, published by Polyanthos, Inc., P.O. Dr. 51359, New Orleans, La. 70151.

It contains abstracts of selected land records, dated 1771-1776, from a collection in the Dept. of Archives and History, Columbia, S. Car. The original records are in twenty volumes; a complete duplicate series made in 1820 into fourteen volumes and two indexes is available to researchers, in Columbia.

Some of the registrations trace land ownership back to the 1670's; all give information as to the size and location of grants and the identity of adjacent owners; some give heirships, name other family members, etc.

Vol. II contains about 500 memorials such as: ". . . by Nathan Ellis . . . 200 acres on the High Hills of Santee . . . bounded by lands of Benjn. Rees and James McKelvey, James McCormack, Hugh Matthew, Richard Wells and John Ginnings, surveyed 1773, attested by Nathan Moor."

The people of the church and Robert and Sis Penny would like to thank those who bought ads in the program and who worked so hard in putting the rodeo on.

Food roundup set in Oct.

Churches throughout Calcasieu, Cameron and Beauregard parishes are participating in the annual fall food roundup for the Louisiana Baptist Children's Home in Monroe.

"We're In This Together" is the theme being used for the roundup in which canned goods, staple items and other useful things are being gathered for the Home. The truck will make stops Monday, Oct. 24 at Lake Charles, and Tuesday, Oct. 25 at Westlake, Sulphur, Vinton, Crossroads, Starks, DeQuincy First Baptist Church and Singer.

Rules told for Tiny Tot show

SULPHUR — Parents who are interested in entering their 4 and 5-year-old boys and girls in the Tiny Tot King and Queen Contest at the Calcasieu-Cameron Fair must register by 6 p.m. Friday, Sept. 30.

Accepting registrations are Mrs. Claude Coffey, 811 Audrey St., Sulphur; Glenda Menard, 1712 16th St., Dance Arts Studio, or Mrs. O. H. Fewell, 1221 Rosetta, both in Lake Charles.

To be eligible, contestants must be 4 or 5 on or before Oct. 3, 1977.

Preliminary contests to choose finalists will be held on stage at the fairgrounds Monday, Oct. 3. Ten finalists will be selected from the girls in a program beginning at 6:30 p.m. and the 10 boy finalists will be picked at 7:30 p.m.

The 1977 Tiny Tot King and Queen will be picked from the finalists on the fair stage at 7:30 p.m. Friday, Oct. 7.

Reigning until their successors are named are King Jeffrey Trosclair, son of Mr. and Mrs. Paul Trosclair of Sulphur, and Queen Bridgette Thibodeaux, daughter of Mr. and Mrs. Glenn Thibodeaux of Lake Charles.

ABSTRACTS

Wills are an important name reference to ancestors, listing heirs and their relationship, plus executors, witnesses, etc. *Johnston County, North Carolina Will Abstracts, 1746-1825, Vol. 1*, has been published by Elizabeth E. Ross, R.F.D. #1, Box 403, Clayton, N. Car. 27520.

This volume is 8½ x 11 in., softcover, spiral bound, 114 pages, with a General Index and another of servants and slaves, $15.00. It contains wills from Books I and II as recorded in the Smithfield Court House, abstracts from the original wills located in the North Carolina Archives, Raleigh, N. Car., plus more abstracts from the Johnston County Court Minutes. An estimated four thousand names are listed in the indexes.

INSCRIPTIONS

The value of headstone inscriptions is known to all genealogists. Lucky are those who find listings from old cemeteries already in print so they need not personally go searching through old graveyards in some distant county.

In the state of Arkansas there are thousands of old cemeteries. Many of these have been copied and some published but researchers wishing to use the records have had no organized way of knowing where to find them.

A Bicentennial Project adopted by the D.A.R. Prudence Island Chapter, has resulted in the publishing of: *Index to Sources for Arkansas Cemetery Inscriptions*, softcover, 8½ x 11 in., 55 pages, $5.00, available from: Mrs. Johnny Holt, Chairman, Bicentennial Project Committee, Prudence Hall Chapter, NSDAR, 5203 Wood St., North Little Rock, Ark. 72118.

Several thousand cemeteries are named alphabetically by counties, each with a code reference to the master list of sixty two sources.

FRANKLIN

Mrs. Lily Carter Thurman, 1002 Bay Oaks Rd., Houston, Tex. 77008 seeks info. on the FRANKLIN family, related to the A.J.HOWARD family of Vernon parish ca. 1880. Mr. Franklin died in 1950, age 94. Also wants info. on Lydia Gatsie Susannah Franklin died ca. 1910 in Vernon parish, age 106 or 108, having lived with a Dowden or Owers family.

DAVIS-HINES

Mrs. Pete Bayard, 2514 Roxton, Sulphur, La. 70663 asks info. on _____ Jefferson or Jefferson _____ DAVIS, b. 1840's in Vernon Parish; m. Mary (or Martha) Adeline HINES; had 3 children: Rosalie, Robert and Annie Dora.

DeBLIEUX

John C. DeBlieux, 1923 Oleman #K, Houston, Tex. 77080 wishes to exchange info. on DeBLIEUX family that came from Augusta, Ga. to Natchitoches, La. ca. 1800.

QUERIES

Queries to be published here should be clearly written and mailed to: Marie Wise, Box 99, Sulphur, La. 70663. Pedigree charts wanted. For reply send stamped, self-addressed envelope.

Schools needed pioneer leaders

Louisiana's public schools were developed in the 1800's, mostly in the last generation. All 28 of the educators reviewed in *Pioneer Leaders* were born in the nineteenth century, lending their leadership during those turbulent times and into the early 1900's to the developement of a badly needed state education system.

In 1888 when John McNeese was elected superintendent of public education for the parish of Calcasieu which at that time included also Allen, Beauregard and Jefferson Davis, he found a typical situation: "Public schools were mostly non-existent . . . throughout Louisiana except in New Orleans". There were "a few poorly trained teachers in one-room schools, teaching terms of six months or less, at salaries of $25.00 to $30.00 a month. Immediately he began to advocate consolidation into larger school units with wagonette routes to serve them". Other leaders were doing the same in other parts of the state.

In 1884 the State Normal School at Natchitoches had been established to train Louisiana teachers, the same year that Warren Easton was appointed state superintendent of public education.

Easton was born in New Orleans, as was Alexander Dimitry, the first state education superintendent appointed in 1847; Caroline Richardson of Newcomb College fame; and the indomitable Sophie Bell Wright who started her own day school and operated the first free night school in New Orleans for 25 years, teaching everything from reading to mechanical drawing.

4-H'ers 'Think Metric' In Kitchen

CHICAGO—Changing to metric measurements is like learning a whole new language. To make it easier for young cooks to "think metric," the new 4-H food, nutrition project members' manual, "Quick Meals," contains several recipes that give both customary U.S. measures and their metric equivalents.

The manual, with accompanying leader's guide, is designed for use by 12- to 14-year-olds in the national 4-H food-nutrition program conducted by the Cooperative Extension Service and supported by General Foods Corporation.

Instead of teaspoons, tablespoons and cups, 4-H cooks can measure both dry and liquid ingredients in milliliters and liters. Some ingredients such as meats, cans and packages are given in gram weights. Temperatures are given in degrees Celsius and pan sizes in centimeters.

The "Quick Meals" unit helps young teens acquire cooking skills as they learn-by-doing to prepare meals that are varied, interesting and easy. At the same time, 4-H'ers learn about nutrition, meal planning, food selection, serving and courtesy, and scientific reasons for cooking do's and don'ts.

Projects and activities in the 4-H food-nutrition program are geared to boys and girls 9-19. From novice to advanced cook, 4-H'ers can create and serve nutritious, eye-appealing meals using a variety of foods from the four basic groups.

General Foods offers recognition to program members at all levels of participation: six $1,000 scholarships nationally, an expense-paid trip to the 56th National 4-H Congress Nov. 27-Dec. 1 in Chicago for one 4-H'er per state, and four medals of honor in each county.

Winners are chosen by the Cooperative Extension Service and awards are arranged by National 4-H Council. More information on the program is available from county extension agents.

Try this "Quick Meals" recipe that gives both customary measures and metric equivalents:

SPAGHETTI WITH MEAT SAUCE
(makes 6 servings)

1 pound (½ kg)[1] ground beef
1 medium-sized onion, finely chopped
1 clove garlic, minced*
½ teaspoon (2 ml) oregano*
1 teaspoon (5 ml) salt
¼ teaspoon (1 ml) pepper
1 can (6 oz. or 170 grams) tomato paste
1 can (15 oz. or 425 grams) tomato sauce
1 cup (425 g) water
1 bay leaf*
8 ounces (227 g) uncooked spaghetti
½ cup (125 ml) grated Parmesan, Romano or other cheese

*May be omitted
(1) Metric measurements

Crumble ground beef into 4-quart (4 liter) saucepan. Add onion, garlic, oregano, salt and pepper. Heat to brown meat. Add tomato paste, tomato sauce, water and bay leaf. Bring to a boil. Then simmer, uncovered, over low heat about 45 minutes. While sauce is simmering, cook spaghetti. Drain and rinse. Place hot spaghetti on a platter. Cover with meat sauce. Sprinkle with cheese.

"Quick Meals," a new educational unit in the national 4-H food-nutrition program, helps young cooks learn the language of metric measurements. 4-H'ers also gain cooking skills and learn-by-doing how proper diet contributes to good health, appearance and fitness. The program is conducted by the Cooperative Extension Service and supported by General Foods Corporation.

GRAND LAKE
Lake area folks are in far-flung places

[EDITOR'S NOTE—Mrs. Agnes Hebert, who lives at Bessie's Corner, is the Pilot's new Grand Lake-Sweetlake correspondent. Anyone having news from this area are asked to call Mrs. Hebert at 598-2106.]

By MRS. AGNES HEBERT

How would you like to visit the ruins of a castle off the Mediterranean Coast? See your local Air Force recruiter!

That's what Sue Demary, 1974 graduate of Grand Lake High School, did in December, 1976. She is now serving in Turkey as a dental assistant, taking college courses at night, and enjoying the local scenery in her free time.

Susie says the sea is extremely salty, clear blue and perfect for snorkling and scuba diving. She's a good will ambassador for the U. S. as she has visited in private homes, enjoyed their native dishes and reciprocated by preparing American style hamburgers and hotdogs.

From the other side of the world, Butch Hebert, working as an insulator in Prudhoe Bay, Alaska, writes that the temperature there now is several degrees below zero. He has seen white fox and caribou and celebrated his birthday in August with snow. No trees up there in the Artic Circle, nothing but frozen tundra as far as the eye can see. Butch is looking forward to viewing the northern lights as winter is starting to set in and days will be darker.

BELLARDS IN CANADA

Residents of Boones Corner are now international travelers. The Larry Bellard family have gone to live and work in Fort McMurray, Alberta Canada.

Donna, a freshman at McNeese says her mother Fran, writes that Leigh and Cheryl are studying French and love their high school. Leigh, a Jr., discovered she had the equivalent of 70 high school credits as they equal 5 to 1 to Ca. credits.

However, it takes take 100 credits to graduate there. Baby Wendy cut two teeth since their migration and Brendon Earl is having a fabulous time running up and down stairs in their 4 bedroom townhouse.

Kenton Robichaux, a pipefitter for Matsco in Prudhoe Bay, Alaska for over a year now, feels the call of the hunter back to the Louisiana marshlands. He's asked wife Grace to look for a lease-blind. Ronnie wings back every nine weeks and would like to get in some hunting next trip back.

PLANNING EUROPEAN TRIP

Betty and Lawrence Faulk are studying maps of Europe. Their dream is to visit son Dennis and his wife Sedelia in Saragosa, Spain. Dennis is serving three years there with the Air Force. Besides the maps the Faulks enjoy looking at pictures of their latest granddaughter, Melissa Kaye Falcon who was born in China Lake, California where their daughter Louetta and her husband Keith are stationed with the U. S. Navy. Louetta's twin sister Loretta Gaspard recently returned from a visit to see the baby. The Faulks also traveled there by mobile camper this summer.

Rounding out the Faulk's "family away from home" are daughter Ann, husband Chris and Lori who live in Biloxi, Miss. Kenneth, an Air Force veteran is working as a civilian engineer at Keesler, AFB.

VISITS HOME

Home from LSU to attend former classmate Julie Broussard's wedding to Tony Thompson was Gail Demary. She is planning a career as a Physical Therapist.

Stevie Perry, home from Valdez, Alaska has traded off his low slung Corvette on a high stepping Ram Charger.

NEW BABY

Paula, Gary, Amy and Allison Pool welcomed Aaron Wyatt to the family on Sept. 6. Weighing in at 7 lbs. 10¼ ozs., Aaron arrived at 7:52 a. m. at Memorial Hospital. Mr. Pool's Ag students at Grand Lake High were helping him wish for a boy, but Amy, a second grader wanted another sister.

RICE HARVEST

The Prechts are busy as beavers taking in the rice, Mervyn and Terry Taylor have built a new storage barn and as the time for harvesting soybeans approaches, Red Broussard, Larry Eagleson and Billy Trahan are making preparations.

So our area farmers are busy and the shrimpers keep the boat launchers occupied. Even the school children are happy for fall to arrive; besides school, it also brings the teal hunting season.

SCHOOL OPENS

Open house was held at the beginning of the term for parents and grandparents to meet the teachers and visit the classrooms. New teachers are Miss Linda Hicks, Reading Lab and Mrs. Brenda Smith Home Economist.

Connie Daigle Paulsboe recently home on leave from the Air Force has returned to Chanute Base in Illinois.

Mrs. Joseph (Zeline) Demarest, wife of a former long time school board member and a life long resident of the Big Pasture Community is is poor health and being cared for in the Lake Charles area. Spiritual bouquets would be appreciated.

NEW HOMES

Thomas Broussard is building a new home on his acreage near the Robert Manuels.

Dwight Nash is nearing completion on their new home in Granger Cove south of the parish line.

Work continues on the extensive remodeling of the former Max Johnston residence which was purchased by Odell Vinson.

The Carroll LeMaires have moved into their new home in the southern most tip of the Big Pasture.

MRS. SMITH RETIRES

Best wishes and a happy retirement to long time school-bus driver, Mrs. Letha Smith. Her cheerful smile was an asset to our school.

The Challenge of Genealogy
by MARIE WISE

Genealogy is currently the No. 1 hobby in the United States, having moved past stamp and coin collecting in popularity. Its requirements are minimal: All you need are ancestors, plus enough curiousity to wonder the "who, what, when, where and why" of each.

Then comes the practical application of research and the excitement of learning your own family saga from some other land to a new life in America, either directly or first across several states. Whether this took place eighty years ago or, for the earliest arrivals more than three centuries, getting to know your ancestors is a very self-satisfying experience.

INSCRIPTIONS

Carolyn Reeves Ericson, 1614 Redbud St., Nacogdoches, Texas 75961 has long been gathering genealogical records in her Nacogdoches County area some 50 miles west of Sabine and DeSoto parishes.

Among the more than twenty volumes of information she can offer researchers are four made up of cemetery records, each containing hundreds of inscriptions copied from headstones. Giving names, birth and death dates, sometimes spouses, parents, military service, place of birth, etc. these constitute valuable research material.

Vols. III and IV of the series, *Nacogdoches County Cemetery Records*, are each 8½ x 11 in., softcover, and indexed. Vol I contains inscriptions from eleven cemeteries, is 136 pp., $12.50; Vol. IV lists inscriptions from 29 cemeteries, is 134 pp., $10.00.

SCHOOL CENSUS

1854 School Census of Nacogdoches County also by Mrs. Ericson, offers another kind of hard-to-get family information, "enumeration of the population between six and sixteen years" as taken from the 1854 school records. The 25 Nacogdoches school districts showed 703 males and 558 females as pupils, listed by families with the full name of each child and parent or guardian.

This volume is indexed, 39 pp., softcover, 8½ x 11 in., $3.00.

BLACKWELL

Nancy B. Gordon, 1228 Southlawn Blvd., New Orleans, La. 70114 wants to contact anyone with knowledge of the BLACKWELL family from around Collins, Covington County, Miss. Her father was Henry Hundell Blackwell, b. 2 Sep, 1911, d. 3 May 1969, m. 14 Feb. 1946 to Jo Aline Cotten. His father was Henry Plummer Blackwell, b. 4 Dec. 1869, d. 8 Jan. 1950 (?) mar. 1st, Alice Robertson, b. 19 Oct. 1873, d. 7 Nov. 1907 and 2nd Adeline Robertson, b. 8 Jan. 1891, grandmother to Ms. Gordon. Parents of Henry Plummer were Richard Montgomery Blackwell, b. 1 Mar. 1847, d. 29 Jul. 1912 and Zorada Kazar Knight, b. 27 Dec. 1850, d. 5 May 1943.

POLASKI

Mrs. B.M. Rodriguez, 515 Giuffrias, Metairie, La. 70001 is searching for any information on the parents of ADELINA POLASKI of Morgan City, b. 19 July 1831, d. 21 July 1923 at Patterson, bur. by St. Joseph Church, her father being J. Palaski (Palwalski, etc.) mother unknown.

Mrs. Rodriguez is also tracing her RODRIGUEZ (Rodrique, Lodrique, Lodriquez, Lodrigues, etc.) ancestors of Bayou Lafourche, Ascension, Assumption and St. Mary parishes, who arrived in Louisiana from Spain in 1779. Thirdly, she is researching her DAIGLE (Daigree) line that came to Louisiana via Canada.

THEAL-WOOTEN

Mrs. Geraldine C. Wycoff, P.O. Box 86, Sicily Island, La. 71368 needs information on these two lines, particularly for: ANN, maiden name said to be THEAL, born ca. 1829 and resided in South La., parish not known. Mar.—WOOTEN, son of Daniel and Celia Wooten who were listed in 1840 and 1850 census of Caldwell parish.

DOWDEN

Mrs. Verda Gobert, 310 Stephenson Drive, Vidor, Texas 77662 is seeking info. about Rebecca Rose DOWDEN who mar. Warren Wilson WILLIAMS II ca. 1858. They came to Texas from Okla., having seven children b. 1859-1868: Narsisa (Sis), Warren Wilson III, William Jasper, Henry Newton, Sophia, Rose, and William Robert (Bob).

BROWNING

Netha Lee Powell, Rt. 1, Box 34, Florien, La. 71429 needs more information on: JOSEPH R. BROWNING, b. Lucus (Locus), Ala., son of Isaiah Browning, born in Ireland. Joseph mar. Cinderella (Sinlee) ALLEN ca. 23 Feb. 1907.

QUERIES

Queries to be published here should be clearly written and mailed to: Marie Wise, Box 99, Sulphur, La. 70663. Pedigree charts wanted. For reply send stamped, self-addressed envelope.

Good reading

"Upon a River" is Pineville's story

"Once Upon a River, A History of Pineville, La." by Elaine H. Brister, pub. by Claiter's, P.O. Box 239, Baton Rouge, La. 70821, 230 pp., $12.50.

Reviewed by MARIE WISE

Pineville, in the very heart of Louisiana, began using its present name in 1805 after the Louisiana territory was purchased by the United States. More than 80 years before that, as early as 1723 historians believe, French soldiers were stationed at the same site, calling it, the Post du Rapides.

This location "half way between the beginning of Red River - from the Mississippi - and the Post St. Jean Baptiste de Natchitoches"- established in 1714 and under the able leadership of Louis Juchereau de St. Denis - was a logical place for founding another in the line of French settlements along the rivers.

Such outposts were essential to the development of French Louisiana - for encouraging colonization, maintaining peace with the Indians, guarding against Spanish encroachment and - most critical - protecting river travel. First in canoes, later on flatboats and still later on steamboats, people and products of interior Louisiana were transported the 350 miles to New Orleans.

Once Upon A River tells the story of Pineville - originally Rapide - built on the northside bluffs overlooking Red River. Shortly above this site were the river rapids for which the early post and later Rapides Parish were named.

This heart of Louisiana area has a longer history than is often realized. A tradition exists that the Spanish came to the rapids on Red River even before the French, it being said that Franciscan missionaries from Los Adayes near Robeline in Natchitoches parish were first at the Rapide site in the early 1700's.

Author Brister has much more than history and tradition in her thoroughly researched, smoothly written book. The result of over twenty years work, the hard cover volume first published in 1968 is indexed and lists some 300 research references.

Its eleven chapters begin with a physical description of Pineville and its environs, go into the Louisiana colonial period, include an excellent section on the mid-state Indians, and continue with "People, as They Came". There are names on every page - early settlers and their families, landowners and developers, businessmen, professionals, office holders, area leaders, descriptions of their homes and lives - a joy to genealogists as well as historians.

Politics has a chapter as does Religion, Trades and Industries, Civic Affairs, the Military; Education, Culture and even Leisure. Presenting every aspect of development from exploration to tourism, this history moves through three centuries.

A military outpost, a colonial settlement, an American town, a Louisiana city - always Upon the River, the story of Pineville - once Rapide - spans a diversified 250 years.

The odds against finding all 13 cards of one suit in a bridge hand are 158,755,357,992 to 1.

Although J. S. Bach has been called the composer who brought European music to one of its highest peaks, during his lifetime he was mainly known as a fine organist.

ROUTE I CAMERON

By MRS. GEORGE NUNEZ

Mrs. Margurite Tate and Earl Keith of Jasper, Tex. visited Mrs. Allie Henry and other relatives recently.

Mr. and Mrs. Duane Nunez and baby and Darla Hooper of Big Lake, visited Mrs. Elray LaBove Sunday.

Mr. and Mrs. Gerald Nunez and Tim of Vinton and Given Pattison of Sulphur, Margie Kelley, Jerry and Barry, spent Sunday with the George Nunezs.

Mrs. Alpha Hamilton of Port Arthur spent several days this week with Mr. and Mrs. Brown Watts, and visited Mr. and Mrs. George Nunez.

Get well wishes to Heath Quinn, who had surgery in Lake Charles last week and also to Cline Nunez who is on the sick list.

Fagon and Marria Istre of Holly Beach spent the weekend with grandparents, Mr. and Mrs. Pierre Savoie.

Refuges to be open for hunts

The Sabine and Lacassine National Wildlife Refuges will be open to waterfowl hunting this year, under regulations essentially the same as last year, according to John Walther and Bobby Brown, managers of the two refuges.

Hunters will be required to shoot steel shot, and must obtain special hunting permits to hunt the refuges. Hunters may not use lead load shot shells no matter what gauge. These shells are completely banned from the refuges. No steel shot shells will be sold at the refuges this year.

Each hunter must appear at the respective refuges to obtain hunting permits. No permits will be mailed this year and no permit will be issued to any person other than that who will be using it. Permits will be issued beginning Oct. 1, and each day thereafter through the season. They are issued free of charge and are good for the entire season.

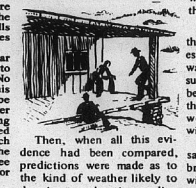
Hunting dates are Nov. 5 through Dec. 4, and Dec. 17 through Jan. 5.

There are other special regulations which apply to hunting on the two refuges. For additional information, copies of regulations or maps write the refuge in question: Sabine Refuge, MRH Box 107, Hackberry, La. 70645; or Lacassine Refuge, Rt. 1, Box 186, Lake Arthur, La. 70549.

Outdoor Lore

By Nevyle Shackelford

Since time out of mind, early autumn has been a period when rustic weather sages got together on porches of country stores, compared such observations as the number of foggy mornings in August, the condition of husks on ears of corn, the width of the middle bands on the backs of woolly bear caterpillars, and, of course, many other nature signs.



Then, when all this evidence had been compared, predictions were made as to the kind of weather likely to dominate the impending winter.

As a result of daily weather broadcasts, first on radio, then on television, and now on both, this old practice is no more. Information on what to look for in nature is no longer being passed on from generation to generation and now exists only in the minds of a few old timers and a few quaint books that not many of the younger set take the time and trouble to read.

At one time, however, the above mentioned winter weather signs were common knowledge; country people set great store by them and arranged their affairs accordingly. But there were still other signs which took more skill to interpret. One of these was the wishbone of a wild goose and another was the study of oak galls.

This oak gall, or oak apple, thing was particularly interesting. The odd thing about it was that, by studying it in summer, the prophet, it was believed, could often predict the events as well as the weather of the oncoming winter.

To such an expert rustic sage, the oak gall—when broken open at the time of its withering—foreshadowed the sequel of the year. He foretold by the living thing or things found in it. If he found a white worm, he knew a mild open winter was in the offing. If he found an ant, he knew he could safely predict a cold winter but with good crops and plenty of provender to help withstand it. A fly inside the gall indicated an average winter, but a war was likely to break out. The worst thing of all to find was a spider.

The discovery of a spider inside an oak gall was a disturbing thing fit to strike terror in the heart of the beholder, because it meant a bitter winter of famine and disease epidemics of great mortality. Maybe it was just a coincidence, but just for the record we were once told that during the summer before the terrible flu epidemic of 1918, nearly all the oak galls examined contained spiders. Also just for the record, all the oak galls examined this summer either contained little white worms, or nothing. There were no flies, spiders, or ants.

This, of course, is all folklore with no basis in scientific fact but as William Cullen Bryant once wrote, "To him who in the love of Nature holds communion with her visible forms, she speaks a various language . . ."

MUSING . . .

By BERNICE STEWART

Local and national statistics show us that decreased speed in automobile driving has resulted in few accidents on the highway. That is understandable, we say. The less speed, the less danger. The less speed, the more control a driver has over his vehicle.

Do we ever pause to compare our life to a motorized vehicle? Do we consider the hazards of speed to which we subject ourselves from day to day? Estranged relationships? Heart attacks? Paralytic strokes? Nervous breakdowns?

We set a goal--one, perchance, beyond our capacity to attain. We thrust our physical and mental faculties toward it. Our stress builds up. We feel the strain. Then, unless we heed the signposts of warning and slow down, tension pulls our very life apart.

Perhaps the goal might be attainable if only we were to give ourselves more time to reach it. But we are always in a hurry. We jam the accelerator of our ambition to the floorboard of our being and speed ahead.

We ignore the rules of good driving that command us to look right, left, and in the rear view mirror as well as directly ahead. Thus we miss much of the beautiful scenery along life's highway. Tender little joys of family living, the warmth of friendships, the rich certainty of God's presence and unlimited power everywhere.

We promise ourselves that once our destination is reached we will turn around and find again all that we have so ruthlessly ignored.

We are fooling ourselves. If we do reach our designated point, we learn that no journey can ever be retraced on the highway of life; no experience recaptured in so far as actual participation is concerned.

More than likely, our speed will prevent our reaching the goal. It will cause us to overlook the road signs that spell danger or detour. Our mind and body if neglected, like the mechanism of the automobile, will break down along the way. And suddenly we are catapulted into wreckage that cripples our future life or ends it forever.

CHAMPIONSHIP RACING DRIVER A. J. Foyt is the first driver in USAC history to go over the $2 million career mark.

NOTICE FOR BIDS

Acting under the authority of the Legislature of the State of Louisiana, the Cameron Parish School Board will receive sealed bids for the leasing of all surface rights including the rights of range, trapping, hunting, fishing, and farming on the following described lands:

Section	Township	Range
16	12	5*
16	12	11*
16	12	13
16	14	3
16	14	5
16	14	6*
16	14	7*
16	14	8
16	14	10 (47.13 acres)
16	14	11
16	14	13
16	14	14
16	15	3
16	15	4
16	15	5*
16	15	6*
16	15	7*
16	15	14* (all except 20 acres)
16	15	15*

*Renewal rentals on marked sections may be paid during September. If renewal rental is received during September, all bids on these sections will be returned unopened.

All bids must be sealed, the envelope marked "Bid-Section 16, Township——* Range——" and may be forwarded through the U. S. Mail to the Cameron Parish School Board, P. O. Drawer W, not less than $1.00 per acre for a lease with a primary term to end September 30, 1982. Annual renewal rentals will be due each year by September 30th in order to continue the lease in effect. Cash or check in favor of Cameron Parish School Board for the amount of the annual rental for the first year shall accompany and be deposited with the bid, and the rental thus deposited shall be forfeited to the Board as liquidated damages if the successful bidder fails to enter into written contract in accordance with his bid within ten (10) days after acceptance by the Board.

If farming rights are utilized, bidder may offer annual rental plus a fractional part of not less than one-tenth (1/10) of any and all crops produced and saved during the year. The value of the one-tenth share shall not be considered in the awarding of the lease unless bidder guarantees a specific amount which shall be added to and accompany bid. Should the one-tenth value of the crop be greater than the cash guarantee paid at the time of the lease, the Cameron Parish School Board shall demand such additional payments as necessary to bring value adjustment to a full one-tenth of crops produced and harvested on any and all the above listed sections.

The surface rights and privileges granted in the lease are restricted to range, trapping, hunting, farming, and fishing; and these rights in no way, manner or form interfere with the granting of mineral lease or the full utilization of all rights and privileges granted in any mineral lease.

Bids will be received until the hour of 10:00 a. m., Monday, October 10, 1977; at such time all bids received will be opened and considered in public session of the Cameron Parish School Board at Cameron, Louisiana.

The Board reserves the right to reject any and all bids received.

On motion of Mr. Trahan, seconded by Mr. Dupont and carried, the Board adopted the attached resolution.

On motion of Mr. Jones, seconded by Mr. Richard and carried, the Board voted to include School Board members in all insurance programs offered to Cameron Parish school employees.

On motion of Mr. Jones, seconded by Mrs. Riggs and carried, the Board approved salary adjustments to employees as provided in Act. 3 of the First Extraordinary Session of the 1977 Legislature, including adjustments for 12 month employees and 10 month employees.

On motion of Mr. Dupont, seconded by Mr. Trahan and carried, the Board authorized use of ½ day on Friday, October 7, 1977, for the regular semi-annual meeting of the Cameron Parish Teachers Association.

RESOLUTION

On motion of Mr. Trahan, seconded by Mr. Dupont, the following resolution was offered and adopted:

BE IT RESOLVED, that the Cameron Parish School Board hereby approves (i) THAT CERTAIN DOCUMENT ENTITLED "Instrument of Conveyance and Assignment," dated as May 26, 1977, by the Howard Corporation to AA Development Corporation--A Consuming Assets Corporation, recorded under File No. 150034 of the Conveyance Records of Cameron Parish, and (ii) that certain document entitled "Mortgage, Deed of Trust and Assignment of Production" dated as of May 26, 1977, by AA Development Corporation--A consuming Assets Corp. to Citibank, N. A., et al recorded in MOB 73, page 224, under File No. 150034 of the Mortgage records of Cameron Parish; both of which documents affect certain interests in that certain oil, gas, and mineral lease granted by the Cameron Parish School Board to Standard Oil and Gas Company, dated February 3, 1956, recorded in COB 112, Page 323, of the records of Cameron Parish, Louisiana, with further particulars being stated in the aforementioned documents.

This approval is given with the distinct understanding that the owner of the above lease shall be bound and obligated to fulfill all terms and conditions thereof. The violation or the failure to comply with the terms of the original lease by the original lessee or assignees or sub-lessees, prior hereto, shall not be cured by the consent to the above described instrument.

This approval is also given with the distinct understanding that these instruments in no way affect the interest of the Cameron Parish School Board in the aforementioned lease and only affects the lessee's interest as it may appear.

CERTIFICATE

I hereby certify that the above is a true and correct copy of a resolution adopted at a meeting of the Cameron Parish School Board, held in the City of Cameron, Louisiana, on the 12th day of September, 1977, pursuant to due notice, at which meeting a quorum was present and that the said resolution is duly entered in the Minute Book of said Board and is now in full force and effect.

Miss Jinks has surprise party

Debbie Jinks was guest of honor at a surprise party given Sept. 3 in celebration of her birthday. The party was held at the home of Jesse and Vicky Trahan.

Other friends and family attending the party were Debby's husband, Larry Jinks, Dale and Charlotte Jinks, Joseph and Corrine Griffith, and guests from Bridge City, Texas, were Keith and Rhonda McComic.

A featured activity at the party was group singing accompanied by Jesse playing the guitar.

Tarps lose to Broncos 21 to 6

BY RICK SCHROEDER

Neither ankle-deep mud, nor the best South Cameron defense, could stop the Sam Houston Broncos last Friday night at Creole.

The Broncos offensive, lead by quarterback Kent Reber, were virutally unable to be stopped when they put the ball into the air. A muddy field seemed to equalize the running threat of both offenses.

In the first quarter the Broncos took the football 45 yards down field, but were cut short of a touchdown when a fumble gave the Tarpons possession at their own 20 yard line. South Cameron had little success running the ball and was forced to punt.

The Broncos made another attempt to take the ball into the end zone, but were stopped when the Tarpons intercepted a pass at their own 25 yard line.

The second quarter turned out to be a stand off with neither team able to move the ball, making the half time score 0-0.

The Broncos came out of the locker room utilizing a passing game with tremendous force, scoring 21 points in the second half. The first touchdown was made by Bronco James Stahl catching a short pass which ended a short 18 yard drive. Brian Landreneau kicked the extra point and put Sam Houston out front by seven points.

The Tarpons couldn't move the ball against a stubborn Bronco defense and Sam Houston's offense regained control, driving 50 yards with Eric Hebert taking the ball 14 yards into the end zone. Landreneau kicked his second extra point and gave Sam Houston a 14-0 lead.

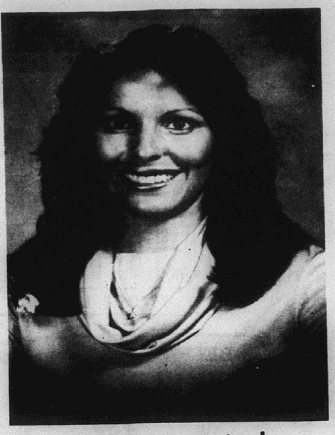
Midway through the 3rd quarter Brent Reber found Dyson open and hit him with a pass which Dyson carried 44 yards for another touchdown. Landreneau's kick was on target and the Broncos held a 21 point lead over the Tarpons.

The Tarps only break came when Binky Kiffe found his way into the end zone after catching a short pass from quarter back Paul Graby. The kick was off and South Cameron had 6 points on the board.

When the clock ran out the Broncos were on top of 21-6.

Better babies contest slated

Parents who are interested in entering their children in the Calcasieu-Cameron Fair's Better Baby contest may do so on Monday, September 26, from 8 a.m. to 12 noon, at the Ward 4 Recreation Gym in Frash Park on Picard Road, Sulphur.



To be married

Mr. and Mrs. Lee R. Nunez, Jr. of Grand Chenier announce the engagement and approaching marriage of their daughter, Vickie Lee, to David Allen Savoie, son of Mr and Mrs. Thomas R. Savoie of Creole. The wedding will take place Oct. 8, at the home of the bride in Grand Chenier.

GRAND CHENIER By Elora Montie

Fall has arrived

Thursday, Sept. 22 is the first day of fall. The cool "norther" which blew in Monday may bring some good weather which we all need. The sunshine helped dry out the soaked ground.

The goldenrods are blooming in the pastures and along fence rows and the trees are changing to their fall colors.

TEAL SEASON

Another teal hunting season rolled around Saturday, Sept. 17. Many out-of-town sportsmen were in our area for the opening. Some bagged their limit while others did not do as well.

VISITORS

Mrs. T. A. Davie of DeQuincy who had spent some time here with her daughter and family, the Earl Booth Jr., left Saturday with another daughter and family, who had come to get her.

Mr. and Mrs. Bruce Hooper and boys of Moss Bluff spent the weekend with Glenn and Della Richard.

Saturday Mr. and Mrs. Horace Mhire, Evans Mhire and boys drove to DeRidder to their farm to pick up a load of cattle to move to their winter range here.

Mrs. Mable Miller, Mrs. Edmond Bertrand and Mrs. Angel Conner visited Tuesday with the Albert Richard family in Lake Charles.

The Leland East family of Lake Charles recently spent some time in the home of Mr. and Mrs. Morris East.

Mr. and Mrs. Charles Bull and daughter of Welsh spent Sunday afternoon with Elora Montie and Ray Nunez.

There will be two age groups, three months to one year and one year to two years. The children should be comfortably dressed with clothes that may be easily removed for examination. Fancy dress will have no bearing on the judges' decision.

Awards will be presented to the first place winners in each division during ceremonies on stage at the Calcasieu-Cameron Fair grounds, Friday, October 7, at 7:15 p.m. Runners-up will also receive awards. All winners will be notified after the contest by Fair officials and before presentation on stage parents are asked to please not call judges for results.

Valsin Montie of Atlanta, Georgia spent Tuesday to Friday with Mr. and Mrs. Wilson Montie, Nita Williamson and Mrs. Louise Portie in Creole.

Mary Ann, daughter of Mr. and Mrs. Roy Clark, who is stationed in North Carolina in service, came to visit her folks Sunday. Monday they went to Lake Charles where she bought a 1977 Ford Granada.

Mr. and Mrs. Ike Manuel and children of Kinder spent sunday with Mr. and Mrs. Watkin Miller. Also spending Sunday with them were Mr. and Mrs. Jason Billings of Cameron.

Shelton Miller of Lake Arthur and Mr. Guidrey of Sweet Lake visited Sunday with Mr. and Mrs. Watkin Miller here.

RICE THAT'S DIFFERENT: LONG GRAIN

COUNTRY CAPTAIN

1 frying chicken, cut in serving pieces
Salt and pepper
2 tablespoons vegetable oil
1/2 cup chopped onion
1/2 cup chopped green pepper
1 clove garlic, minced
2 tablespoons flour
2 cans (1 lb. ea.) stewed tomatoes
2 packets MBT instant chicken flavored broth
1/2 teaspoon thyme leaves
1/2 teaspoon curry powder
Dash hot pepper sauce
1/4 cup raisins
1/4 cup toasted, slivered almonds
3 cups hot, cooked Carolina or Mahatma long grain rice

Season chicken pieces with salt and pepper. In heavy skillet over low heat, saute chicken in hot oil. Remove chicken from skillet. Add onion, green pepper, and garlic. Saute until tender. Blend flour into pan drippings. Stir in tomatoes, chicken broth, thyme, curry, hot pepper sauce, raisins, and almonds. Return chicken to skillet. Cover and simmer 20 minutes. Serve over hot, fluffy rice. Makes 6 servings.

Hackberry News

By MRS. VERNIE WELCH

Mrs. Pearl David and Mrs. Mabel David from Abbeville and Mrs. Codrey Amuny and children Billy, Lana and Annie from Sulphur visited their mother and grandmother, Mrs. Olivia Schexnider and brothers, the Norris Schexnider family and the Alton Schexnider family. Also Roxanne Constance another great granddaughter from Johnson Bayou.

Mr. and Mrs. Curly Andrews visited their daughter and family, the Jerry Lamberts, in Robeline. While there they attended the Arkansas State and Northwestern football game. Their grandson Mike is a trainer for Northwestern.

LEO CLUB

The Hackberry Leo Club had their meeting Sept. 15, at the Recreation Center. Meeting was called by president Joseph LeJune. The club talked about work at the fair Oct. 7, the District 8-0 Mini-Convention at New Iberia, Sept. 24th and a car wash.

GIRL SCOUT NEWS

Sept 16, Hackberry Girl Scouts Troop 171 invited Brownies and guests to a cook out at the fire station. A Brownie Fly Up ceremony was held to welcome Michele LaBove into the junior group.

Visitors were Melissa Abshire, Jimmy Jinks, Rhonda Johnson, Shawn LaBove, Tammy Swire, DeeDee Turner, Kelly Wilson, Judy Wright, Mrs. Abshire, D. D. Abshire, Mrs. LaBove and Mrs. Reeves.

Brownies were Marty Boudreaux, Pam East, Becky LaBove, Krystal LaBove, Trina LaBove and Cathy Richmond.

Lunch program serves billions

About 3.37 billion meals were served through the National School Lunch Program in a recent year to over 20 million school children in 75,000 schools across the nation.

Approximately 15 per cent of all the meals were served free or at greatly reduced prices to school children from low-income families.

Mr. and Mrs. C. B. Gauthier

Carter - Gauthier vows are said

Carl Ben Gauthier and Dawn Carter were wed Tuesday, Sept. 6, in the home of his grandparents, Mr. and Mrs. Columbus Hebert.

Dawn is the daughter of Mr. and Mrs. William N. Carter of Jennings and Carl Ben is the son of Mrs. Anna Belle and the late Paul Cauthier.

The reception was held in the home of the bride in Jennings Saturday, Sept. 10.

The couple is making their home in Cameron.

Heating water by wind

Cornell researchers have designed a system that successfully heats hot water by using wind power. Experiments have proved water becomes piping hot if agitated continuously in an airtight container and wind power is used to do the churning.

A wind speed of ten miles an hour produces about 120 gallons of hot water.

Parish has its share of seashore & shells

By GENEVA GRIFFITH

Did you know that Cameron parish has about one half of one percent of all of the ocean shoreline in the United States--90 of the 18,600 miles? The parish borders on the Gulf of Mexico for its entire southern boundary.

The beach holds special attention after a high tide. That's when the touch of the beachcomber in us longs to see what shells, driftwood, sea beans and other items have been brought ashore.

This time of year is the best for beachcombing. Summer storms have churned up the ocean floor and pushed seaweed shoreward, bringing with it shells and all sorts of treasures.

Seeking the shells is a fascinating hobby, and there's an art to preparing the shells so they will last indefinately and retain their natural beauty.

Even the egg cases of whelks are collectable. These cases, which resemble streamers of seaweed at first glance, are actually hundreds of horny cases that surround tiny, perfectly shaped shells.

All shells have life in them. Most grow by secreting a calcium carbonate from special glands located along the edge of the fleshy mantle of the sea animal.

To create a permanent collection of shells, you must take several steps.

First, put the shell into boiling water to kill the animal inside quickly. Tweezers can them be used to remove the body from the shell. A longer process is to bury the shells in sand after boiling them and wait for ants to clean out the shell.

After the shell is emptied, it should be scrubbed in soapy water, using a toothbrush to go inside crevices.

Harder spots on the shell can be cleaned with fine steel wool.

After it is scrubbed clean, the shell can be soaked in household bleach for a short time. This removes the outer "skin" found on many shells.

Then, simply place it in the sun and let it remain there until it whitens naturally.

Shells can be used as conversation pieces or may be drilled and placed on chains as jewelery. They can also be used as ash trays or pin dishes, or a casseroles for baking individual seafood dishes.

Some cooks have used large clam shells for these casserole dishes for many years and still find them perfectly good.

A basket of multi-colored shells makes a fine centerpiece, and tiny shells glued to the frames of wall mirrors create an unusual effect and command good prices in specality shops.

Whatever your choice, in early Fall you'll find beachcombing a nice way to build an unusual collection of sea shells for all seasons.

MRS. JOHNNIE ENRIGHT, one of the numerous shell collectors in the Cameron area, here shows off a whelk shell case and other shells found on local beaches. [Photo by Geneva Griffith.]

KC barbecue set Sunday

The annual fall barbecue of J. P. Boudoin, Sr. KC Council will be held Sunday, Oct. 2, at the KC Hall in Creole, according to Charles Bonsall, Grand Knight.

Festivities will get under way at 10:30 a. m. with the serving of barbecued chicken and roast.

This will be followed by bingo in the afaternoon and a dance.

The public is invited to attend.

Grand jury

A new Cameron parish Grand Jury was empaneled Thursday, Sept. 22. The foreman and six other of the 12 members are women.

The grand jury is composed of the following:

Mrs. Nan B. Wilkerson, foreman; Mrs. Ruth Sanner Billedeaux, Brenda Fay Romero Bouillion, Carl Lee Trahan, Mrs. Mervyn L. Taylor, Gilbert Landry, Jr., Mrs. Beverly Ann Dyson, Altus Joseph Gaspard, Terry Earl Smith, Mrs. Bill Kelley, Rogerest Lee Romero and Mrs. Ruth B. Richard.

C.D. meetings

Community Civil Defense meetings have been called throughout the parish as follows by Parish C. D. Director Pete Picou:

Grand Chenier--Monday, Oct. 3, 6 p. m.

Johnson Bayou--Tuesday, Oct. 4, 6 p. m.

Holly Beach--Tuesday, Oct. 4, 8 p. m.

Creole--Wednesday, Oct. 5, 6 p. m.

Grand Lake--Thursday, Oct. 6, 6 p. m.

CADET CAPT. Jennifer M. Frey of Hackberry was recently appointed recruiting and public affairs officer of the McNeese State University Reserve Officers Training Corps.

Five Cameron scouts go to National Jamboree

By GENEVA GRIFFITH

Five Cameron Parish Boy Scouts attended the ninth National Scout Jamboree last month at Moraine State Park near Butler, Pa.

Making the trip from Cameron parish were John LeBlanc from BS Troop 210 in Cameron, and Shane Savoie, Mike Morris, David Nunez, and Gary Conner from Troop 202 in Creole.

They were part of the 40 member group from the Calcasieu area Scouts that traveled together stopping along the way to visit Washington D. C. and other points of interest.

Approximately 40,000 Scouts, leaders and staff attended the once-in-a-lifetime event for young men from all over the United States and foreign countries.

The local scouts traded their colorful patches with scouts from other units and were also able to fashion cups from the bamboo they had left over from the entrance to their campsite to trade for the patches.

Upon their arrival at the Jamboree, the local group formed a Troop which they named "Opposum-Troop 474" and one of their number, Mike Morris was named the leader.

The boys fashioned their own flag which hung over their campsite during their stay there.

Traveling with the local group was an exchange scout Kristian Geil from Lindknud, Denmark who impressed all of the scouts.

Geil exchanged ideas from his Troop in Denmark with the local scouts and was able to get some ideas of his own to take back home with him.

After the return to the area, Geil visited in the homes of some of the local scouts before his return to his country.

KRISTIAN GEIL, Boy Scout from Denmark, recently visited in the homes of some of the Cameron parish Scouts.

Sentences are given here

Joseph E. Andrepont was fined $250 and given a six months suspended jail sentence when he pleaded guilty to theft in district court here last Thursday.

He was placed on probation for a year on condition that he pay back damages done to his ship.

Sidney Oren DeBarge was given a six months sentence in jail for possession of jarijuana.

Michael W. Hazelwood was fined $250 and given a 90 day jail sentence for possession of majijuana.

Sentenced for DWI were the following: Curtis Holcomb, $250 fine and ordered to attend classes on alcoholic studies at McNeese.

Thadius Good, $250 fine and driver's license suspended for 60 days.

Ruby Southern, $250 fine and driver's license suspended 60 days.

David Clayton Vandergrift, $250 fine and alcoholic school.

Bench warrants were issued for Guenis Lynn Woodgate, who failed to appear for arraignment on possession of marijuana and being drunk, and Gary C. Anderson on DWI.

A large number of bonds were forfeited on wildlife and fishery charges including angling without licenses, operating boats without life jackets, shrimping in closed waters and out of season.

Alligators are given Miss.

Fifty-five Louisiana alligators were taken from Rockefeller Refuge and released in Mississippi last week as part of a restocking program, according to J. Burton Angelle, secretary of the Louisiana Department of Wildlife and Fisheries.

Since the program began in 1972, over 4,000 surplus gators have been moved to Mississippi, Angelle said. About 90 percent are released at the request of landowners in search of beaver control.

Major objective of the program is to reintroduce and establish the alligator in its native habitat. It is presently on the federal endangered species list in Mississippi and most other states.

Louisiana has an estimated gator population of 300,000 in coastal parishes. The alligator was recently removed from the endangered list in three parishes, Cameron, calcasieu, and Vermilion. The Louisiana Department of Wildlife and Fisheries is presently negotiating with the U. S. Fish and Wildlife Service to delist the alligator in other coastal parishes where it is classified as a threatened species.

Louisiana is also contibuting to a restocking program in Arkansas, Angelle said.

15 charged

Fifteen people on six shrimp boats received citations on September 22 for operating vessels with double rig trawls in inside waters in Atchafalaya Bay.

J. Burton Angelle, secretary of the Louisiana Department of Wildlife and Fisheries, said that enforcement agents arrested the captains of each of the six boats and booked them in Morgan City. They were released on $1,000 bond each.

The agents confiscated and sold the shrimp aboard the vessels and are holding the checks in escrow. Total amount from the sale is $11,355.05.

Trawl nets were also confiscated and are being held by Wildlife and Fisheries.

Fishing regulations set for Rockefeller

Regulations for the sport taking of shrimp, oysters, fish, crabs, and crayfish on Rockefeller Wildlife Refuge, State Wildlife Refuge, Marsh Island Wildlife Refuge, Pointe au Chien Wildlife management Area, and Salvador Wildlife Management Area were adopted by the Louisiana Wildlife and Fisheries Commission at their September 27 meeting in New Orleans.

J. Burton Angelle, secretary of the Louisiana Department of Wildlife and Fisheries, said the regulations are as follows:

Shrimp may be taken by the use of cast nets only. Each boat is allowed 100 pounds during open shrimp season in inside waters. Size count must conform with open season requirements. During the inside closed season 10 pounds per boat may be taken for bait.

Oysters may be taken from natural reefs and opened at the site. A maximum of one gallon per boat is permitted and all shells must be thrown back onto the reef. Removal of unshucked oysters is prohibited.

Fish may be taken by rod and reel or hand lines for recreational purposes only.

Crabs may be taken through the use of hand lines or nets; however, none of the lines are to remain set overnight.

Crayfish may be harvested in unrestricted portions of the refuges and game management areas and shall be limited to 100 pounds per boat or group. Crayfish traps cannot be set overnight.

The harvest of all fish, shrimp, oysters, crabs, and crayfish must be for recreational purposes only and can be taken only during daylight hours. Any commercial use is prohibited.

"This controlled harvest can be permitted without jeopardizing resources or violating regulations by which the State obtained title to the areas," Angelle said.

Oyster season set in lake

Calcasieu Lake's oyster season will open this year on Monday, Nov. 14, one half hour before sunrise, and run through Friday, March 31, 1978, one half hour after sunset, according to J. Burton Angelle, secretary of the Louisiana Department of Wildlife and Fisheries. The department retains the right to extend or close the season sooner if biologically justifiable.

Angelle said fishing is restricted to daylight hours and tonging only. The three inch culling law will be enforced and culls must be returned to the fishing area reefs to provide for future harvesting.

All oysters must be put into sacks before leaving the oyster fishing area. Oysters not in sacks leaving the area are subject to confiscation by wildlife and fisheries agents.

The commercial catch is restricted to fifteen sacks per boat per day. The taking of oysters for home consumption is limited to three bushels (two sacks per boat per day).

Closed areas in Calcasieu Lake are the same as last year. They are East and West Fork, Oyster Bayou, Calcasieu River, and the ship channel.

Angelle reminds commercial oyster fishermen that they must have proper licenses and that sacks of oysters must be properly tagged before leaving the fishing vessel.

Club to meet

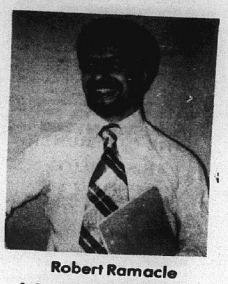
The October meeting of the LeMesche Bass club will be held Monday, Oct. 3, at 7:30 in the WOW Hall in Creole, according to Phillip Trosclair, president.

A meal will be served prior to the meeting.

Lightbulb sale

Braxton Blake, president of the Cameron Lions club, announced that the annual lightbulb sale will be held Oct. 5 in Cameron, Greole and Grand Chenier.

Proceeds from the project will be used in the club's Sight Conservation project.



Robert Ramacle

New French teacher here

Johnson Bayou has a new resident, Robert Ramacle from Belgium, who is teaching French classes at Johnson Bayou School to grades 1-7 and Adult French Classes on Thursday nights from 7 to 9 p.m.

He is scheduled to teach half a school term here and the second half in Hackberry. Mr. Ramacle came direct from Belgium, where he had been teaching English classes to 12 to 16 year old students.

Refuge hunting rules given

The Sabine and Lacassine National Wildlife Refuges will open to waterfowl hunting this year, under regulations essentially the same as last year according to John Walther and Bobby Brown, managers of the two refuges.

Hunters will be required to shoot steel shot, and must obtain special hunting permits to hunt the refuges. Hunters may not use lead load shot shells no matter what gauge. These shells are completely banned from the refuges. No steel shot shells will be sold at the refuges this year.

Each hunter must appear at the respective refuges to obtain hunting permits. No permits will be mailed this year and no permit will be issued to any person other than that who will be using it.

Permits will be issued beginning Oct. 1, and each day thereafter through the season. They are issued free of charge and are good for the entire season.

Sabine Refuge will be open on the weekends of Oct. 22 and 23 and Oct. 29 and 30 for issuing of permits. Hours for those days are as follows:

Oct. 22 and 29-8 a.m. to 4 p.m.

Oct. 23 and 30-9 a. m. to 5 p. m.

Hunting dates are Nov. 5 through Dec. 4, 1977 and Dec. 17, 1977 through Jan. 5, 1978.

There are special regulations which apply to hunting on the two refuges. For additional information, copies of regulations, or maps write the refuge in question: Sabine Refuge, MRH Box 107, Hackberry, La. 70645; or Lacassine Refuge, Rt. 1, Box 186, Lake Arthur, La. 70549.

Soil & water problems discussed

Local agricultural agency representatives met recently in the ASCS Office, Lake Charles, La. to discuss and to identify soil and water conservation problems of Cameron parish.

According to B. Howard Cox, Chairman of the Agricultural Stabilization and Conservation Committee for Cameron Parish, the representative of the agricultural agencies met with the ASC Committee in preparation for development of the 1976 Agricultural Conservation Program.

Basically the Agricultural Conservation Program is designed to provide cost-share assistance to farmers and landowners for carrying out needed soil and water consercation practices Mr. Cox said.

Heads of agricultural agencies, Soil & Water Conservation District members and others interested in conservation along with the ASC County Committee make up the ACP Development Group which is responsible for developing the Agricultural Conservation Program each year.

The soil and water conservation problems of Cameron Parish as identified by the group are: (a) Poor drainage due to rough fields not leveled; (b) Lack of erosion control structures; (c) Lack of brush and weed control; (d) Lack of crop residue management; (e) Lack of proper pasture management; (f) Lack of cover crops for protection of cropland; (g) Poor crops due to failure to check soil fertility and P. H.: (h) Lack of drainage ditch maintenance; (i) Lack of irrigation water management; (j) Need for proper grazing distribution in marsh grazing areas and etc.

These conservation problems are of the ones given high priority.

Chairman Cox said that the same group will meet again later after the announcement of the 1978 gricultural Conservation Program. At that meeting they will develope a program for Cameron parish aimed at solving the highest priority conservation programs.

The Agricultural Conservation Program which is administered by the Agricultural Stabilization & Conservation Service is the most widely used ASCS administered farm program and has been in effect since 1936 providing cost-share assistance to farmers while conserving and protecting our soil and water resources for future generations.

Lanette Vincent

Julie Addison

Hackberry high names contestants

Representatives for the Calcasieu-Cameron Fair Queen contest have been selected by the studest body of Hackberry High School.

Lanette Vincent, daughter of Mr. and Mrs. Leo Vincent, was selected to represent Hackberry High School in the Senior Queen's contest. Lanette, a Junior, has been an active member in the FHA Club for four years, FBLA for two years an also has served the band as a majorette. She is a member of the Student Council and is currently a cheerleader.

Representing the school in the Junior contest will be Julie Addison, daughter of Mr. and Mrs. Jim Addison. Julie, who is a ninth grade student, is a member of the Rodeo Club, FHA, and a class officer. She is a member of the cheerleader squad and has been an active member of the 4-H Club for six years.

The girls will ride in the fair parade Monday, Oct. 3, at 3 p. m. and will be presented formally on the fair stage Wednesday, Oct. 5 at 8 p. m.

Mrs. Cleo Vallitt has been called back to Shreveport where her daughter Nell Newton is ill.

Mrs. James Trahan and children of Groves spent Saturday night with Mrs. Gladys Trahan and Joe and attended the dog trials in Sweet Lake.

BIRTHS

Mr. and Mrs. Roy Jones are the parents of a boy, Jared Uriah Jones, born Sept 17 in St. Patrick's hospital. He weighed 6 lbs. 10½ oz. Grandparents are Mr. and Mrs. Malcolm Savoy of Cameron, Mr. and Mrs. Jessie Simon of Johnson Bayou, LeRoy Jones of Lonoke, Ark; great grandparents are Mrs. Ozeme Savoy, Mrs. Bud Murphy of Cameron, Mrs. Uriah Trahan of Johnson Bayou, Mrs. Ophie Simon of hackberry.

Mr. and Mrs. Dennie Fletcher and boys of Lake Charles visited Mr. and Mrs. Warren Miller last week.

Mr. and Mrs. Malcolm Trahan

Marilyn Badon and Malcolm Trahan wed

Malcolm Trahan and Marilyn Badon were married Friday, Sept. 2, in Orange, Texas.

Marilyn is the daughter of Mrs. Rita Badon and the late M. H. "Blue" Badon and Malcolm is the son of Mr. and Mrs. Uthy Trahan, all of Johnson Bayou.

Malcolm is an employee of the state of Louisiana and Marilyn is employed at the Johnson Bayou School, where she teaches Kindergarten classes.

The couple are making their home in Johnson Bayou.

GRAND LAKE JR.

4-H CLUB MEETS

The first meeting of the year of the Grand Lake Junior 4-H Club was held Tuesday, Sept. 20.

The officers of first, second, and third vice president were filled due to the absence of a vice president elected in May of last year. The new vice presidents are: Preston Smith, Craig Duhon and David Crador.

The meeting was then turned over to Mr. Gary Wicke, who conducted membership enrollment and explained the project books.

Upcoming events were discussed and announced.

Black News

By MRS. LEE J. HARRISON

The Ebenezer Baptist Church Choir sang at the Greater St. Mary Baptist Church in Lake Charles Sunday, Sept. 25, honoring Dr. R. B. House upon his 37th anniversary as pastor. Tola Basker was soloist.

The Rev. N. D. Lee, pastor of Mt. Olive Baptist Church, delivered the anniversary sermon.

Other members of Ebenezer attending the celebration were Lester and Bryant Bartie, David Lute, Sr., Sam Washington, and Warren Jones, Sr.

Miss Mary LaChapelle of Lake Charles was a weekend guest of Mr. and Mrs. Lee J. Harrison.

Mr. and Mrs. Bryant Bartie, Jr., Sean, Charisse and Cory all of Baton Rouge visited Mr. and Mrs. Bryant Bartie, Sr., Sunday.

Chairmen are named in drive

Robert Manuel of Grand Chenier, Mrs. Agnes Nash of Creole, and Bernadette Sitver of Hackberry have been named mental health "Bellringer" chairman for the October 1977 fund raising campaign, announced David K. Gatto, president of the Mental Health Association in La.

The Mental Health Association is supported by contributions from members of the community. The October fund raising drive is crucial if the Mental Health Association in La. is to continue its work.

MUSING ...

By BERNICE STEWART

There is magic in the word homecoming. It triggers memories bright, animated, beautiful. The official homecoming of our various high schools will be observed this season. Faculty, students, and community sponsors of each prepares for the event. Anticipation runs high. The stage is set. The gridiron contestants are keyed to triumph. The band quivers to begin. The queen and her royal court of beauties were never lovelier.

Amidst all this excitement is the pleasant phase of homecoming. That is because the road home merges with the old friendship trial, and the two amble companionably together to the designated spot.

Couples return. Some come back alone. Many bring with them second and even third generation families.

There are greetings. . . handclasps. . . embraces. . .introductions. . .questions that seldom await answers. . .smiles. . .a tear now and then. . .a visual exchange of photos by proud mammas and doting grandmoms. . .occasionally by equally proud dads.

And always the ejaculation, "You haven't changed a bit. You look as young as you did 20(or 30 or 40) years ago! I'd have recognized you anywhere."

Said, of course, by another who has paced the 20 or 30 or 40 years and whose eyes have become dimmed by the passage of time.

Then comes the inevitable, "Do you remember?".

Remembered joys of earlier years are among the most exquisite of precious treasures. Even sorrows shared and recalled sweeten renewed friendships.

For a little while the present and its problems, the future and its uncertainties are laid aside. Friends revel in the mellow fruits of memory. Tender recollections gild hearts with richer splendor.

Togetherness pumps new vitality into spiritual sinews, and adrenalizes flagging spirits. Something of the confidence of earlier years, of half forgotten hopes and dreams is recaptured. Each handclasp becomes an honest grasp upon the goodness of life.

There's nothing like a homecoming to bring folks down that old friendship trail. There's nothing like a homecoming to send them back invigorated and happy for having come.

After all, happiness depends primarily upon home and friends and comfortable surroundings.

The classification of plants and animals that is the basis of the modern system was devised by 18th century Swedish botanist Carolus Linnaeus.

FBLA holds election

The following students were elected of the South Cameron High School, Future Business Leaders of America for the school year: president, Angela Stephenson; vice president, Jeffery Jouett; secretary, Mary Kay Pinch; treasurer, Arlene Miller Roy; reporter, Cindy Nunez; parlimentarean, Mary Diane McCall; Historian, Phyllis McCall.

"Old wine and an old friend are good provisions."

NOTICE FOR BIDS

Acting under the authority of the Legislature of the State of Louisiana, the Cameron Parish School Board will receive sealed bids for the leasing of all surface rights including the rights of range, trapping, hunting, fishing, and farming on the following described lands:

Section	Township	Range
16	12	5*
16	12	11*
16	12	13
16	14	3
16	14	5
16	14	6*
16	14	7*
16	14	8
16	14	10 (47.13 acres)
16	14	11
16	14	13
16	14	14
16	15	3
16	15	4
16	15	5*
16	15	6*
16	15	7*
16	15	14* (all except 20 acres)
16	15	15*

*Renewal rentals on marked sections may be paid during September. If renewal rental is received during September, all bids on these sections will be returned unopened.

All bids must be sealed, the envelope marked "Bid-Section 16, Township——, Range——" and may be forwarded through the U. S. Mail to the Cameron Parish School Board, P. O. Drawer W, not less than $1.00 per acre for a lease with a primary term to end September 30, 1982. Annual renewal rentals will be due each year by September 30th in order to continue the lease in effect. Cash or check in favor of Cameron Parish School Board for the amount of the annual rental for the first year shall accompany and be deposited with the bid, and the rental thus deposited shall be forfeited to the Board as liquidated damages if the successful bidder fails to enter into written contract in accordance with his bid within ten (10) days after acceptance by the Board.

If farming rights are utilized, bidder may offer annual rental plus a fractional part of not less than one-tenth (1/10) of any and all crops produced and saved during the year. The value of the one-tenth share shall not be considered in the awarding of the lease unless bidder guarantees a specific amount which shall be added to and accompany bid. Should the one-tenth value of the crop be greater than the cash guarantee paid at the time of the lease, the Cameron Parish School Board shall demand such additional payments as necessary to bring value adjustment to a full one-tenth of crops produced and harvested on any and all the above listed sections.

The surface rights and privileges granted in the lease are restricted to range, trapping, hunting, farming, and fishing; and these rights shall in no way, manner or form interfere with the granting of mineral lease or the full utilization of all rights and privileges granted in any mineral lease.

Bids will be received until the hour of 10:00 a. m., Monday, October 10, 1977; at such time all bids received will be opened and considered in public session of the Cameron Parish School Board at Cameron, Louisiana.

The Board reserves the right to reject any and all bids received.

CIVIL DISTRICT COURT FOR THE PARISH OF ORLEANS
State of Louisiana

Number 584-554 Division "A" Docket 1
Succession of Dr. Martin Owen Miller
Filed Sentember 27, 1977

NOTICE OF APPLICATION FOR AUTHORITY TO GRANT OIL, GAS AND HYDROCARBON LEASE ON SUCCESSION PROPERTY.

Notice is given that Edna Kuntz Miller, the executrix of this succession, has applied for authority to execute an oil, gas and hydrocarbon lease to Ver-Cam Co., Inc. on the interest of this succession in the following described property located in Cameron Parish Louisiana; in Section 19, township 15 south, range 5 west, the southeast quarter of the northeast quarter, and the northeast quarter of the southeast quarter and in section 20, township 15 south, range 5 west, the north half of the southwest quarter; the south half of the northwest quarter; the southwest quarter of the northeast quarter; and the northwest quarter of the southeast quarter; less and except any portion of the described property subject to a valid oil, gas and mineral lease as of the effective date of this lease, containing 180 acres more or less.

The lease provides for a bonus of $9,000 and other good and valuable consideration and minimum basic royalties of 25 percent on oil, 25 percent on hydrocarbon extracted from gas, 25 percent on gas, and 25 percent on other hydrocarbon substances. The other terms and provisions of the proposed lease, including a three years and 90 days primary term, are set forth in the petition and the copy of the lease attached to the petition.

An order of court may be issued granting the executrix the authority to execute the lease on the above described property after the expiration of seven days from the date of publication of this notice in the official journals of the parishes of Orleans and Cameron, Louisiana.

An opposition to the application may be filed at any time prior to issuance of an order by this court.

CIVIL DISTRICT COURT FOR THE PARISH OF ORLEANS
State of Louisiana

Number 584-554 Division "A" Docket 1
Succession of Dr. Martin Owen Miller
Filed September 27, 1977

NOTICE OF APPLICATION FOR AUTHORITY TO GRANT OPTION TO PURCHASE OIL, GAS AND HYDROCARBON LEASE ON SUCCESSION PROPERTY.

Notice is given that Edna Kuntz Miller, the executrix of this succession, has applied for authority to excute an option to purchase oil, gas and hydrocarbon lease ot Ver-Cam., Inc., on the interest of this succession in the following described property located in Cameron Parish Louisiana.

The south one-quarter of section 29, the south one-quarter of section 30; all of section 31; and all of section 32, township 15 south, range 5 west, and all of section 36, township 15 south, range 6 west; Cameron Parish, Louisiana, which said lands are estimated to comprise 1600 acres, more or less.

The option provided for a consideration of $12,500 and other good and valuable consideration and a term of 90 days. The other terms and provisions of the proposed option are set forth in the petition and the copy of the option attached to the petition.

An order of court may be issued granting the executrix the authority to execute the option on the above described property after the expiration of seven days from the date of publication of this notice in the official journals of the parishes of Orleans and Cameron, Louisiana.

An opposition to the application may be filed at any time prior to the issuance of an order by this court.

Run: September 29.

Take a clothes look at a gas dryer.

Hey, you out there. It's us, your clothes. Look, we've always been close to you. So, we want to talk about something that's just burning us up. Your old clothes dryer.

This time, please get a natural gas dryer. Because natural gas is a better way to dry us. But don't just take our word for it. Consider the facts. One of which is, gas dryers move more air through the drying drum, so they dry faster. So we dry faster. And more gently.

Do us a favor, okay? This time, get a gas dryer.

And since gas dryers use less energy, you'll be doing yourself a favor, too.

Natural gas is clean, efficient energy. And it delivers more primary energy than electricity. By using gas for the big jobs in your home, you'll be helping America save energy.

And you'll be helping yourself save in the bargain.

You can always depend on natural gas.

ENTEX

Where are they now?

By MRS. AGNES HEBERT

Roll call of the Lake Charles City Police Dept. staff contains several Grand Lake High School alumni. Patrolmen Roger Terrall Thomas, Norris Beniot and Myrle Lynn Gothreaux join Radio Dispatcher Diane Duhon in reminincing about the "good old days".

Former students employed by the Lake Charles Fire Dept. are: Edward Hebert, Lester Miller, Micheal Hebert and Hewitt Peshoff.

Joyce Duhon, a sophomore at McNeese, works part time at the Gulfgate Branch Gulf National Bank. She shares an apartment with Carol Lannin who is employed at Joseph's Shoe Store. Audrey Fourneret works in the downtown shoe store also.

Jo Ellen Monceaux works part time at the Gulfgate Bank; she and her daughter, Allison live in the Paulme' Chalet Apartments as do Joyce and Carol.

Julie Broussard Thompson and Judy Fourneret Taylor are both employed in the downtown business office of Phillips Cash and Carry Lumber Co.

Nancy Johnson Gayle and LaVonna Sonnier Delaney work together at the McNeese Branch of Lakeside Bank.

Joey Duhon's super black and red Ford pick-up was one of his first purchases on entering the ranks of the employed. Joey, a spring graduate is working off-shore as a welder.

NEW RESIDENTS

New members of our community but certainly not strangers are Sherry and Larry Broussard and their children. They have purchased acreage in Robert Granger's subdivision in the Big Pasture and moved their trailer.

Sherry's brother Gerald Richard and his wife Norma bought the John B. Hebert homeplace. Their oldest son, Greg started kindergarten this term.

There's no place like the country, especially when it's not far from town and a young doctor can get in some shrimping and hunting and still come in quickly if needed. Syd Dyer is not only a fisherman, hunter and gynecologist, he is a prize winning marksman as well and he really enjoys the Big Lake area.

Jack Nelson, owner of Nelson Dodge, maintains a camp at Hebert's and finds it not only relaxing for his family and friends but an ideal place to entertain business accociates.

Debbie and Ellis Nunez purchased Steve Taylor's mobile home and moved it to Hebert's Trailer Park. Steve and Carol have bought a home in Moss Blut

VISIT DISNEYLAND

Darlene, Michael and Shadd Taylor enjoyed a tour of Florida's Disneyland over the Labor Day Holiday.

Mrs. Annie Lou Fosson, retired math teacher is home recuperating from a recent illness. Many former students and their parents remember her with love and appreciation and wish her a speedy recovery.

Donald Seamons has undergone surgery and is also convalescing under the loving watch of family and friends.

CBERS ACTIVE

Monitoring emergency channel (9) by local CB members of REACT, is a volunteer service rendered to the motoring public. Now remember, good buddy, if you're in a heap of trouble while trucking through our neck of the woods, either Hambone, Goldilocks, Blue Snake or Toothless will have their "ears on" to help you out.

EXERCISERS

Several years ago after experiencing heart problems, Eddie Demary began walking several miles a day for exercise. Joining him were members of his athletically inclined family. Joggers Susie and Gail worked up to 20 miles. Now with both of the girls away from home, Mr. Eddie's walks are mostly solitary. Except on Sundays when he is joined by daughter Brenda Young and one or more of his grandchildren.

There have been brisk spurts of others here "walking for their health" but no one with the endurance of the Demarys.

Gary and Paula Pool exercise on bicycles as do Ernette and Corliss Nash.

The brisk autumn weather may bring out a few more participants. My head knows its good for my heart--but my feet get lazy.

GOLDEN WEDDING

Mr. and Mrs. Joe Fruge are celebrating their Golden Wedding Anniversary on Thursday, Sept. 29. A reception will be held at son J. D. Fruge's home, Joining J. D. and Billie in honoring their parents are, Betty and Hugh L. Babineaux, Totsy and Buddy Mouton and Mr. and Mrs. Harold Fruge, plus 19 grandchildren and 2 great grandchildren.

All of Dutch and T-Joe's friends are invited to share this time of love and happiness with the family. Open house is from 5 p. m.

WEDDING

Bernadette Fruge, Billie Jean and J. D.'s daughter served as flower girl in her cousin's wedding recently. Michelle Babineaux, daughter of Hugh L. and Betty Fruge Babineaux was married to Butch Kowarsch in a Catholic ceremony in Lake Charles.

CALIF. VISITORS

Mr. and Mrs. Charlie LeBleu of Sweet Lake enjoyed a visit from her brother Irby Bourriague and his wife. The Bourriagues flew here from Santa Cruz, California. "Granny" LeBleu has kept a scrapbook of articles from the Cameron Parish Pilot since years back. This heirloom is lovingly prepared as a legacy for her daughter Billie Jean Fruge.

Mrs. J. D. Primeaux bought a new electric organ and her second graders are wishing she would have a concert just for them. Those who have heard Mrs. Primeaux play can testify that she is very accomplished. Alcia Trahan bought the organ Mrs. Primeaux originally owned and is enjoying learning to play her favorite melodies.

Gerald Richard's new home near J. L. Duhon's is nearing completion.

IN BRITISH HONDURAS

Paul Toerner is currently off to British Honduras where he serves as a consultant to the local telephone company.

YEARBOOK ARRIVES

The Grand Lake Hornet 1977 Yearbook has arrived and it is an exceptionally fine one. To be commended for a job well done are: Ernestine Biagas, faculty advisor, Joey Duhon, editor and his hard working staff. The 1978 group has a lot to live up to.

An anniversary mass was held for Kirby Gaspard at Our Lady Queen of Heaven on Tuesday, Sept. 20. Delores has sold her home in Gaspardville to Robert and Linda Richard.

Charles Precht III and Jack Sullivan are building fence around their trailer near the parish line. Trying to make their yard smaller, says Charles, so they won't have as much grass to cut. These young bachelors are trying to keep their pad neat and looking for short cuts helps.

ANOTHER SIGH

Last year travelers along the Old Gulf Highway were amused by the roadsigns erected to commemorate Jeri Woolard's birthday. Her good friend Ethel Precht warned her that she couldn't stay 39 forever. This year Jeri got her own back by putting out a sign saying, "Who's 40 now?". As a token of affection, the new sign erected by Mr. Pool's Ag. class (with a little help from Coach Odom and a lot of help from Ervin Richard) gave Ethel Precht a birthday greeting. Good to see you in my generation again, Ethel. Best wishes.

79TH BIRTHDAY

Mrs. Maggie Hebert who operated a store near the old Grand Lake School site for many years has just celebrated her 79th birthday. Maggie still walks 10 to 20 city blocks each day for exercise and has her own vegetable patch in the flower beds of her home on Clarence Street.

Irene Faulk is another former resident who grows vegetables in her yard on 18th Street. Irene lives across the street from her son Dudley, who manufactures duck and goose calls. Dud recently won an award with his antique automobile. He rides out to Boone's Corner in his shining, new-looking, old car when the weather is fair.

Congratulations to the South Cameron Tarpons for winning their game against Lake Arthur. Your neighbors from Grand Lake-Sweet Lake are rooting for you, Tarps. Stay tough!

NEW TEACHERS

The faculty and students of Grand Lake welcome, Miss. Anna Boudreaux and Ivy Bean. Miss Boudreaux is working with the Academically Advanced and Miss Bean is the Speech Therapist.

Debbie Alexander who was our Speech Therapist last term is continuing her studies at LSU. We're hoping that when she's in the neighborhood visiting her future home site that she'll stop by the school to say hello.

NEW SON

New baby boys arriving this month were, Terrell on Sept. 8, son of Mr. and Mrs. Wilson Thibodeaux and Eric on Sept. 11, son of Mr. and Mrs. Richard Fogleman.

BRIDAL SHOWER

Laura Lynn Hebert, bride-elect of Rocky Fontenot was given a bridal shower by Mrs. Nelson Fontenot.

Karen, Jesse and Jennifer Nunez visited Betty and Lawrence Faulk and Alcia and Jack Trahan. The Nunez's are residents of Cameron.

Barbara and Frank Hooper have moved a mobile home just south of Black Bayou in the vicinity of Raliegh Newman's place.

HONORED AT a joint birthday party held recently at Johnson Bayou were Ena Griffith, left, and Haddie Trahan. Dude Jinks was also honored but was not present when the picture was taken.

3 Bayou residents honored on birthdays

Haddie Trahan, 76, Dude Jinks, 74, and Ena Griffith, 70, were honored at a party in celebration of their birthdays held at the home of Haddie Trahan. Hostesses were Mrs. Josey Trahan and Mrs. Gladis Innes.

Over 60 family guests attended. This included their brothers and sisters, their children, grandchildren, and great-grandchildren; also Dude's wife. All attending were from Johnson Bayou with two families coming from Hackberry.

Refreshments served consisted of several cakes, punch, and coffee. Everyone visited, while the children played.

Reunion set

The annual Stine-Eagleson family reunion will be held Sunday, Oct. 2, at the James S. Henry home in Cameron.

All relatives and friends are invited to spend the day.

Covered dishes are to be brought by those attending.

Lou Anna and Nelson "Chief" Hebert are enjoying the last stages of summer type weather at their camp on the lake. They are often joined by Billie Jo and Howard Nelson.

Hackberry News

By MRS. VERNIE WELCH

Mr. and Mrs. Rex Broussard from Youngsville , her mother and father Mr. and Mrs. Edier Broussard from Milton, her sisters Leona Broussard from Lafayette and Mr. and Mrs. Carol Lacy and children Paula, Becky, and Chad from Lafayette visited the Alton Schexnider family.

Last week Norris Schexnider and son Gabe went to Toledo Bend fishing.

CDA MEETING

The Catholic Daughters had their monthly meeting Sept. 19 at the catholic hall. The new pastor, Father Brunnert, attended the meeting.

SR. 4-H NEWS

The first meeting of Senior 4-H Club of Hackberry was held. Officers elected were: president, Sharon Nunez, vice president, Stacy Goodrich; secretary, Connie Poole; treasurer, Joni Gray; reporter, Brian Pitre; parlimentarian, Glenn Jinks.

The club has decided to enter a float in the Hackberry Homecoming parade No. 9.

RODEO CLUB

The first meeting of the Hackberry High School Rodeo Club was held Sept. 12. Officers for 1977-1978 are as follows: President, Julie Trahan; vice president, Stevie Trahan; secretary, Shanna Vincent; reporter, Connie Poole; parlimentarian, Jeff Addison.

Some of the members will lead off the Hackberry Homecoming parade on horses.

14. Amoco Production Company-to prepare location and drill site for Miami Corporation I R/A C West No. 14, Little Pecan Lake Field, Cameron Parish, Louisiana.

15. Hinsco Petroleum Products-in connection with proposed dredging and flowline to serve "VU A; S. T. 1812 Comegys U3" Well No. 3, Cameron Parish, Louisiana.

16. Reb Petroleum Company, Inc.-to dredge and construct facilities for proposed Miami Corporation No. 1, Cameron Parish, Louisiana.

The following resolution was offered by Mr. Berwick, seconded by Mr. Myers and duly adopted.

RESOLUTION
STATE OF LOUISIANA
PARISH OF CAMERON

BE IT RESOLVED by the Cameron Parish Police Jury in regular session convened on the 6ht day of September, 1977, that:

SECTION I: The application of Andy Phipps, d/b/a Andy's One Stop, Hackberry, Louisiana for a permit to sell alcoholic or intoxicating liquors containing more than 6 percent of alcohol by volume in accordance with Act 190 of the Legislature of Louisiana, for the year 1946, be and the same is hereby approved.

ADOPTED AND APPROVED this 6th day of September, 1977.

APPROVED
/s/Roland J. Trosclair, Jr.

Commencing from a point which is 134.35' S 89 degrees 22'22" E and 817.40' S 0 degrees 37'40" W of the NW Corner of SE ¼ of NW¼ of Section 32, Township 14 South, Range 7 West, thence 868.98' S 0 degree 37'-40" W along the centerline of a 60' wide road right-of-way to a point on the North right-of-way line of an existing hardsurface Parish Road.

It was moved by Mr. Richard, seconded by Mr. Conner and carried, that the following road right-of-way, the same being of no further public use, necessity or convenience, be and the same is hereby abandoned:

Commencing from a point which is 2468.0' East and 60' North of the N.W. Corner of Fractional Section 47, Township 12 South, Range 10 West, thence East 250', thence West parallel to a 30.0° offset from the centerline centerline of the hardsurface East-West Parish Road to a point on the East right-of-way line of a hardsurface North-South Parish Road, thence North along the East right-of-way line of the North-South Parish Road a distance of 51.8' to point of commencement.

The following Ordinance was offered by Mr. Myers, seconded by Mr. Richard and declared adopted.

ORDINANCE

AN ORDINANCE PROVIDING FOR AN OCCUPATIONAL LICENSE TAX ON INSURANCE

BE IT ORDAINED by the Cameron Parish Police Jury in regular session convened on September 6, 1977, that:

SECTION I: On any insurer engaged in the business of issuing life or accident or health insurance policies or other forms of contracts or obligations covering such risks, or other forms of contracts or obligations covering such risks, or issuing annuities or annuity policies, or contracts, or other similar forms of contract obligations in consideration of the payment of a premium or other consideration for the issuance of such policies, contracts, or obligations or such insurer is operating in the Parish of Cameron through an agent or other representative or otherwise, not more than ten dollars ($10.00) on gross annual premiums up to two thousand dollars ($2,000.00), and the additional license thereafter shall no be more than seventy dollars ($70.00). On each ten thousand dollars ($10,000.00), or fraction thereof, of gross annual premiums in excess of two thousand dollars ($2,000.00). Provided that the maximum license on such businesses, payable to the Parish of Cameron by one insurer, shall not exceed twenty-one thousand dollars ($21,000.00).

SECTION II: On any insurer, engaged in the business of fire insurance policies, contracts, or other forms of obligations covering the risk of fire, marine, transportation, surety, fidelity, indemnity guaranty, workmen's compensation, employer's liability, property damage, livestock, vehicle, automatic sprinkler, burglary, or insurance business of any other kind whatsoever in the Parish of Cameron, whether such insurer is operating in the Parish through agents or other representatives or otherwise, not more than the following:

First Class-When the gross receipts are not more than two thousand dollars ($2,000.00), the license shall be two per cent (2 percent) of the gross receipts, but shall be not less than ten dollars ($10.00).

Second Class-When the gross receipts are more than two thousand dollars ($2,000.00), and not more than four thousand dollars ($4,000.00), the license shall not exceed sixty dollars ($60.00).

Third Class-When the gross receipts are more than four thousand dollars ($4,000.00), and not more than six thousand dollars ($6,000.00), the license shall not exceed eighty dollars ($80.00).

Fourth Class-When the gross receipts exceed six thousand dollars ($6,000.00), the additional license thereafter shall not be more than seventy dollars ($70.00) on each ten thousand dollars ($10,000.00), or fraction thereof, in excess of six thousand dollars ($6,000.00).

SECTION III: The maximum license on such businesses, payable to the Parish by any insurer, shall not exceed nine thousand dollars ($9,000.00). Provided that plate glass and steam boiler inspection insurers shall pay one third of the above rates provided in said subsection (2), and provided further that the amount of license payable to the Parish of Cameron as fixed in this section shall be one-third of the amount so fixed if the payee shall file a sworn statement with the annual report required by Title 22 of the Revised Statutes of Louisiana of 1950, showing that at least one-sixth of the total assets at the end of the payer, less assets in an amount equal to the reserves of tis policies issued in foreign countries in which it is authorized to do business and which countries require an investment therein as a condition of doing business, is invested, mainly, either in bonds of the state, or in bonds of municipal, school, road or levee district, or other political subdivisions of this state, or in real property in this state, or shall be requisite for the convenient accommodation of the transaction of its own business, or in policy loans, or other loans to residents of this state, or to corporations organized under the laws of this state and domiciled in this state, or in stock of homestead building or loan associations organized under the laws of this state, to the extent such stock is guaranteed or insured by the Federal Deposit Insurance Corporation or other federal or state agency.

SECTION IV: All ordinances or parts thereof in conflict herewith are hereby repealed.

The foregoing Ordinance was reduced to writing and considered and a vote thereon was called for with the following results:

YEAS: Mr. Roland J. Trosclair, Jr., Mr. Archie Berwick, Mr. Willie Ray Conner, Mr. Kenneth Ducote, Mr. Ernest Myers, Mr. Lester Richard, Jr.

Mary Ann who is stationed in North Carolina had been visiting her parents here but left Sunday for her

Squirrels & rabbits fair game Oct. 1

Hunting seasons for squirrels and rabbits open Saturday, Oct. 1, according to the Louisiana Department of Wildlife and Fisheries.

J. Burton Angelle, secretary, said the squirrel season will extend through January 8. The bag limit is 8 daily. Possession limit during the season is 16.

He said the rabbit season would extend through February 28. Bag limit for rabbit is also 8, with a possession limit of 16.

Angelle said biologists are predicting an average season for squirrel hunters throughout the state, The mast crop is good this year, indicating better than average squirrel reproduction next year.

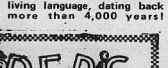
Rabbit hunters can look forward to a better than average season, he said, because of the unusually heavy rainfall this summer, which brought about maximum growth of vegetation for food and cover.

Archery hunt to begin in La. Oct. 1

Louisiana's long archery season for deer opens Saturday, October 1, and will remain open through the last day of the last segment of gun season for deer in each designated area, including sildlife management areas located within those areas, according to the Louisiana Department of Wildlife and Fisheries.

J. Burton Angelle, secretary, said either sex deer may be taken in all areas open for deer hunting, including wildlife management areas. Where a bucks only season is in progress for gun hunting, archers must conform to the bucks only regulations, including wildlife management areas.

Angelle said it is unlawful to carry a gun while hunting with a bow and arrow during the special archery season for deer. It is also illegal to have in possession or use a poisoned or drugged arrow, arrows with explosive tips, or any bow drawn, held, or released by mechanical means except as specified by law.



Chinese is the oldest living language, dating back more than 4,000 years!

LOOKING OVER the previous program of the Sacred Heart Catholic Church Bazaar are Revs. Tony Sturlese and Mrs. John Raymond Conner. The Bazaar will be held Oct. 29 and 30 in Creole.

COUNTY AGENT'S COLUMN

Only three pesticide classes are left here

By CLIFFORD MYERS

Only three more pesticide programs will be held in Cameron Parish. They are: Grand Lake School on Oct. 4; South Cameron Elementary School, Oct. 5 and Hackberry High School, Oct. 11. All three classes will begin at 6 p. m.

RYE GRASS

Ther is no single pasture species that will give 12 months grazing. However, overseeding sod with rye-grass will approach that goal is a good management and soil fertility program is followed.

One of the pitfalls of overseeding ryegrass on a permanent sod is seeding the pasture when there is an accumulation of summer grass. This grass must be removed to get good results. If there is a large accumulation, then make hay and lower the mower as close to the ground as possible.

After the excess has been removed prepare the surface for planting. Remember, it is necessary for the ryegrass seed to come in direct contact with the soil. Therefore, harrowing or light disking is necessary for the ryegrass seed to reach the soil. The thing to do is disturb the surface enough that the seed will reach the soil.

Both phosphate and potash should be applied at the time of seeding. The nitrogen should be withheld giving more time for the warm season grass to become inactive in growth. This will make more of your nitrogen available to the ryegrass rather than providing it to the competitive grass.

ONIONS

For large juicy onions this spring and early summer, seeds should be planted in late September through mid October. Onion sets or transplants can also by purchased and set out from mid December through the end of January Plant the seed shallow, approximately 1/8 inch deep.

Several varieties are recommended, but the Red Creole is probably the most popular. This is due primarily to its excellent keeping qualities after harvest. Other recommended varities are Excel, Grano, Crystal Wax, and Burgundy, a sweet purple variety.

New books at library

New books at the Cameron Parish Library include:

FICTION

Hill-The Green Salamander, A story of Margaret Douglas, Countess of Lennox.

Lehman-The French Atlantic Affair, The S. S. Marseille, 65,000-ton Pride of the French Atlantic Line, has been secretly taken over in mid-ocean by 174 shadowy conspirators and diverted toward a rendezvous in the southern Atlantic.

Whitney-The Stone Bull, Was Jenny Baughn to blame for her sister's death? Suddenly Ariel was gone, and Jenny's ordinary life as a schoolteacher was transformed completely.

Cohen-330 Park, Suddenly 500 workers inside the office building at Park and Fiftieth Street are hostages. The terrifying ordeal of negotiating with a nightmare begins.

Cookson-Life and Mary Ann, Fifth in the enchanting series of Mary Ann Shaughnessy stories.

Dr. Mona-The Benedict Arnold Connection, a baffling mystery which escalates into unbearable tension and excitement.

McIlvanney-Laidlaw, The first of a promising series of first-rate crime novels set in Glasgow, Scotland.

NON-FICTION

Wallinchinsky, Wallace, and Wallace-The People's Alamanic presents The Book of Lists, a truly unique compendium of learning and fun.

Ten Boom-Prison Letters, Deeply-moving letters that were the only tie between Carrie, her loved ones, and the outside world during her time of trial and triumph. Donated by the Grand Chenier Baptist Church.

7th grade has election

Grand Lake High School Seventh Grade class officers are: President, Dawn Newell; vice president, Jody LaBove; secretary, Tish McFillin; treasurer, Lisa Daigle; reporter, Tina Hebert.

YOUR LIFE INSURANCE

Prepared by the American Society of Chartered Life Underwriters, the national society of life insurance professionals who have earned the CLU designation by meeting high educational, ethical and experience requirements.

Q. In a few months I will be receiving $50,000 from my endowment policy. Is there anything I can do to lessen the tax bite?

* * *

A. By taking it in installments you can change that tax bite into a tax nibble. Your insurance agent can arrange, if you wish, for installments over a fixed period—so much a month for the next 10 years, for instance—or installments (smaller ones) for life. It is to your advantage to spread the $50,000 over a period of years, especially retirement years when your tax bracket is likely to be lower.

MRS. CAROLYN GIBBS shows one of her paintings to Mrs. Pearl Fulton, Cameron Homemakers president, at their recent meeting.

Sewing machines is topic at club meet

The Cameron Extension Homemakers Club met Monday in the home of Mrs. Roberta Rogers, with Mrs. Dink Lupton and Mrs. Norma Jean Blake as co-hostesses.

Fun Day, which this year will be held instead of Achievement Day, was discussed. Plans for a skit were submitted. Each member was remeinded that she was to bring a covered dish and one dollar for the meal.

Carolyn Gibbs of Karo's Gift House gave a talk on proper use of sewing machines, then talked about oil painting and showed some of her pictures.

October hostesses are: Kathy Trahan, Opal LeBouef, Marie Kelly, & Evelyn Kelly. Auction gifts will be brought by Roberta Rogers, Betty Savoy, and Pat Taber.

Mrs. Edith Griffith will be guest speaker for October, with a talk on proper hair care.

JOHNSON BAYOU NEWS

Chevron employees attend safety school

By CAROLINE HEBERT

Don Hebert of Johnson Bayou and several other Chevron employees of other areas, attended a Safe Crane Operation School Sept. 14 in Morgan City.

Dude Jinks is in the Baptist Hospital in Beaumont. After hip surgery, he is expected to stay in the hospital for several weeks. (Dude recently celebrated his 74th birthday.)

NEW SON

Steve and Diane Price announces the arrival of a son, Keith Alan, born at West Cal-Cam Hospital in Sulphur, Aug. 17. He weighed 6 lbs. 13 oz.

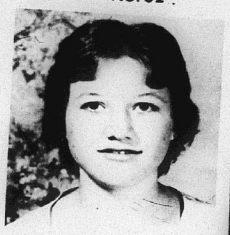
21st Year—No. 52 . Cameron, La. Oct. 6, 1977



Contestants

REPRESENTING Grand Lake High school in the Cal-Cam queen's contest were Jolene LaBove, left, senior queen candidate; and Dean Phillips, junior queen and candidate.

Two persons are indicted here

Two true bills and one no true bills were returned by the Cameron parish Grand Jury last Thursday. Mrs. Nan B. Wilkerson was jury foreman.

A true bill was returned in the case of Aline Johnson of Cameron charged with manslaughter.

A true bill was also returned against Arian J. Abshire of Cameron charged with negligent homicide. He pleaded not guilty in court that day and his jury trial was set for Oct. 24.

A no true bill was rendered in the case of Thomas G. Benoit of Cameron who was charged with negligent homicide.

Trial of Johnson was also set for Oct. 24.

The grand jury found the courthouse and jail in good condition with the exception that cushions are needed for chairs in the grand jury room and a padded cell is needed at the jail.

The jury found that there were 13 prisoners in the jail and that the cost of feeding then was $2.50 a day.

DISTRICT ATTORNEY Frank Salter, seated center, is shown at a recent meeting of Cameron parish public officials at which it was agreed to seek a separate judicial district for the parish. Left to right, seated are Asst. D. A. J. B. Jones, Jr., Mr. Salter and Roland Trosclair, Jr., police jury president; Standing from left are Archie Berwick and Lester Richard, police jurors; Ward Fontenot, Cameron attorney; Rep. Conway LeBleu; Ernest Meyers and Ray Conner, jurors; Jerry Jones, jury secretary; and George Hicks, juror.

Appointments made by police jury here

A number of appointments were made by the Cameron police jury at its monthly meeting Tuesday.

Whitney Baccigalopi was named to the Mosquito Abatement District board to replace Pat Doland, who resigned.

Reappointed as West Cameron Post Commission members were Donald Broussard, Clifford Jinks, Howard Cox and C.A. Rogers.

(Police Jury President Roland Trosclair said the commission will become active in the near future.)

J. T. Primeaux was named to the Cameron Parish Housing Authority to replace Joe O'Donnell, who moved from the parish.

Paul Gerald Touchet was reappointed to the Johnson Bayou Recreation District board.

Mrs. Charles Hebert was reappointed as a library board trustee and Mrs. Georgie McKnight was named a trustee to replace Mrs. Ann Badon who resigned.

Larry Dyson was reappointed to the Waterworks Dist. No. 1 board.

Stanford Miller was named to Cameron Waterworks Dist. No. 2 board to replace Kenneth Ducote, who resigned.

MOVE REQUESTED

At the request of the Cameron parish school board the jury agreed to move the polling place and Civil Defense headquarters from Johnson Bayou School to the Johnson Bayou recreation center and to move the C. D. headquarters from the Grand Chenier school to the Grand Chenier recreation center.

School Supt. Thomas McCall said the board felt that the recreation centers would be a better place for these activities since they are community centers.

HOMES PLANNED

Lake Charles Attorney C. A. Miller, Jr. told the jury that he was planning to build a number of homes for sale in a subdivision owned by his family in the Creole area and asked that the jury give him clarification on provisions of the flood insurance ordinance.

The jury voted to accept as soon as the streets were shelled, the Island Subdivision at Hackberry being developed by E. C. Hunt and others of Lake Charles.

At the request of Juror Archie Berwick, the jury agreed to amend its stock law ordinance to remove the parish roads in Ward 5 from the provisions of the ordinance. The state roads will still be covered.

Readvertisement for bids on a storage building at Grand Chenier was authorized.

Mary Austin was introduced to the jury as the new job developer with the CTTA program in the parish. She replaces Mrs. Martha Pontenot, who resigned.

Thomas G. Clement was granted a building permit for a new home on the Front Ridge road.

Abandonment of a portion of the Happy Ridge Road was authorized to be advertised.

Gator hunters get jail terms

Four persons who pled guilty to taking alligators in closed season and trespassing were sentenced in district court in Cameron last Thursday.

Allen Paul Hebert, Daniel Portie, Steve A. Doherty and David B. Martin were each sentenced to serve 90 days in jail on the alligator charge.

On the trespassing charges they were fined $125 or given a 30 day sentence.

On a DWI, second offender charge George James Ducote was fined $250 and given a 125 day jail sentence.

Donald O. Hebert was fined $75 or given 15 days in jail for reckless operation.

Rene Allen Begnaud failed to answer burglary and theft charges and the court ordered his bond forfeited and a bench warrant issued for him.

Cameron slated to get own judicial district

A new district court for Cameron Parish was approved by the Judicial Council of the Louisiana Supreme Court Monday.

The new court will be split from the present 14th Judicial District composed of Calcasieu and Cameron parishes. At present, one of the five judges in Lake Charles sits in Cameron parish.

Final approval of the new court is subject to referendums in both Cameron and Calcasieu parishes. All additional judgeships are subject to approval by the legislature.

The 1977 legislature held off creation of the new court pending approval by the judicial council.

If the new court is approved by the Legislature and in the referendums, Cameron parish will be able to elect its own judge and district attorney.

The New Orleans meeting was attended by Rep. Conway LeBleu, Assistant District Attorney J. B. Jones, Jr., Sheriff Claude Eagleson, Clerk of Court Roland U. Primeaux, Tax Assessor Ambrose Savoie; Police Jury president Roland Trosclair, Jr, and several members of the Police Jury, all who were present in support of the proposal.

Cameron's chief spokesman at the meeting was Frank Salter, District Attorney of the Fourteenth Judicial District, who made the motion that the request be granted and spoke in favor of a separate district.

Mr. Salter pointed out that, even though Cameron Parish's population is small, it has a large transient population in the oil industry, shrimping industry and summer tourists. He further observed that the best system of government is one in which the people elect their own officials.

Vo-tec school has openings

Leslie Griffith, director of the Cameron Parish Vocational Tehnical school, announced that there are still openings in the Auto Mechanics and Welding classes which are starting now.

Anyone interested in starting any of the classes are asked to come by the school and register.

Griffith said that there is also an opening at the school for a maintenance repair man.

Anyone interested in the state civil service job may come by the school for an interview.

4-Hers place at rifle meet

The L. S. U. Extension Service had the first Annual State 4-H Rifle-Archery Meet and 4-H Wildlife Conservation Program Sept. 7-9, according to Gary Wicke, 4-H Agent for Cameron Parish.

Attending the meet were 4-H members from through out the state. Representing Cameron Parish 4-H were: Duncan Crain, Kenton Ortego, David Vincent, David Bourdraux, South Cameron Junior 4-H Club, and Blaine Buford, Mark Trahan, Hackberry Junior 4-H Club.

The top ten Riflemen and Archermen received plaques with the top three receiving shotguns and bows for their awards.

David Vincent from Grand Chenier placed first in the Rifle competition winning a 20 gauge single barrell shot gun donated by J. W. Solocum, Jr., Contractor of Alexandria.

Kenton Ortego also placed in the top ten which won him a plaque.

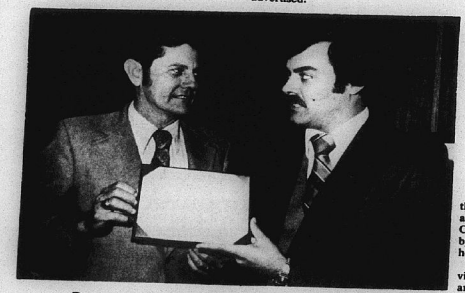
The event at Camp Grant Walker was sponsored by the Louisiana Wildlife and Fisheries Commission and L. S. U. Cooperative Extension Service.

Clinics set here

Family Planning Revisit Clinic services will begin Wednesday, Oct. 12, in the Cameron Parish Health Unit, according to Mrs. Pat Ortego, R.N.

The Revisit clinics are offered as a convenience to residents of Cameron Parish who have begun services in Lake Charles but who will not have to return there for supplies or problems.

"It is hoped that Cameron Parish residents will take advantage of this new service being offered in the Health Unit or will avail themselves of information available there about Family Planning," Mrs. Ortego said.



Dronet presents Wainwright diploma

Wainwright graduates

E. J. Dronet, president of Cameron State Bank, announced that Larry Wainwright, loan officer at the bank, has graduated from the Louisiana Banking School for supervisory training held in Lafayette recently.

Classes included management techniques, human relations, bank management concepts, written and oral communications and current developments in banking.

Queen attends Gumbo festival

Nancy Claire Nunez of Grand Chenier, the Louisiana Fur Festival Queen, attended the Gumbo Festival at Bridge City, La. recently. She was accompanied by her mother, Mrs. Garner Nunez, and her grandmother, Mrs. Herman Precht.

The three also took the opportunity to visit the King Tut exhibit in New Orleans and to attend a Tulane football game in the Superdome.

Revival set at Chenier church

Revival services are scheduled at the First United Methodist Church in Grand Chenier on the evenings of Oct. 9-11 at 7 p. m. with Rev. E. J. Martin, pastor of the Fairview-Sweetlake Methodist churches, as the evangelist.

Rev. Martin has had much experience and success in working with young people, and the youth of the church are sponsoring the revival. His Youth Fellowship from the churches he serves will attend and bring special music.

Rev. Martin was born in Houma, attended MacDonnell French Mission School and Southwestern University at Georgetown, Texas. He received his B. A. degree at Scarritt College, Nashville, Tenn. and his Master of Religious Education degree at Iliff school of Theology, Denver, Col.

He has served pastorates in Texas, Tennessee, North Carolina, and Alabama in addition to Louisiana.

The program will begin with a fellowship-covered dish supper at the church Sunday night. Refreshments will be provided after the services Monday and Tuesday. Everyone is invited.

'Beauty Contest' set

Grand Lake High School Beta Club will sponsor a "Women's Impersonator Beauty Contest" Friday, Oct. 14, in the gym at 8 p. m.

The contestants will be judged on dress, best impersonator, poise and posture, interview and talent.

The masters of ceremonies will be Donna Kline and Beth Greathouse.

Refreshments will be on sale in the concession stand before the show, during intermission, and after the show. There will be a cake auction during intermission. The cakes will be made by the Beta members.

Firemen class set

A 3-hour, one night training course on ventillation will be conducted Thursday, Oct. 6, starting at 6:30 p. m. at the Cameron Fire Station.

It will be taught by L. Hebert, with the L.S.U. Firemen Training program.

Ray Burleigh, Cameron Fire Chief announces that all area firemen are cordially invited to attend.

Princesses

The Athletic Association of Grand Lake High School is planning their annual Fall Festival to raise funds. Princesses chosen to represent each class are:

Kindergarten, Nancy Granger; 1st, Kaylynn Breaux; 2nd, Rena Stoddard; 3rd, Laurie Crador; 4th, Rhonda Lannin; 5th, Bobbie Jo Beard; 6th Frances Faulk; 7th, Tina Hebert; 8th, Susan McGee; 9th, Barbara LaBove; 10th, Carmen Hebert; 11th, Arleen Crador; 12th, Pam Richard.

Richard treated

Riley Richard, a member of the Cameron sheriff's department, is in St. Elizabeth hospital being treated for a heart attack that he suffered about two weeks ago.

He was reported out of intensive care.

CODOFIL meeting

The October meeting of the Cameron Parish CODOFIL chapter will be held Monday, Oct. 10 at 6:30 p. m. in the auditorium of Cameron Elementary School.

Mrs. Adam Conner, club president, urges members to attend to help plan the pregram of activities for the coming year.

Aging meet set

Rev. Minns Robertson, chairman of the Council on Aging, announces that there will be a community meeting for the Grand Lake-Sweet Lake areas Monday, Oct. 10 at 10 a. m. at the Grand Lake Recreation Center.

Drawing of Cameron State Bank's explansion plans

Bank planning big renovation program

Cameron State Bank is announcing a major renovation to its main office building in Cameron, according to E. J. Dronet, president and chief executive officer.

"Due to the bank's growth in recent years, it has become necessary to have additional space to provide our customers with better service and convenience", Mr. Dronet stated.

The home office floor space will be more than doubled. Additional space will be provided for a totally computerized accounting department, enlargement of the lobby and teller area, new officer's facilities, and loan department.

All construction will be masonry and steel. The exterior of the building will be totally remodeled, featuring aggregate panels, masonry, and glass.

A contract has been approved for $242,247 with K. M. & P. Construction Company of Lake Charles. U. E. Hackett, Jr. is architect on the project.

SERVICES TO PERSONS UNABLE TO PAY THEREFOR CERTIFICATION SOUTH CAMERON MEMORIAL HOSPITAL CAMERON, LOUISIANA

The South Cameron Memorial Hospital has certified that it will not exclude any person from admission on the ground that such person is unable to pay for needed services, and that it will make available to each person so admitted services provided by the facility without charge or at a charge which does not exceed such person's ability to pay therefor, as determined in accordance with criteria established in the Louisiana Medical Facilities Construction Plan. This certification has been made pursuant to the requirements of the regulations of the Public Health Service, U. S. Department of Health, Education and Welfare, (42 CFR 53.111), and the applicable provisions of the Louisiana Medical Facilities Construction Plan.

Copies of the criteria used for identifying persons unable to pay for services may be obtained from the Louisiana Hill-Burton State Agency, 655 North 5th Street, Baton Rouge, La. 70804.

The records and documents on the basis of which the above level of uncompensated services was established are available for public inspection at the above address between the hours of 9:00 A. M. and 4:00 P. M. on regular business days.

What's Different About

EASTERN RITE CATHOLIC CHURCHES?

In all the essential elements, Catholic churches in union with Rome are exactly alike all over the world.

They all subscribe to the same articles of faith. All have the same Sacraments. The principal public worship of all of them is the Holy Sacrifice of the Mass. And all are members of the apostolic church under the spiritual authority of the Pope.

Yet a Latin Rite Catholic going to Mass in an Eastern Rite church might be quite confused. In the Syrian Rite, for example, the language of the Mass might be Syriac, Arabic or Malayalam . . . in the Coptic Rite, Coptic, Arabic or Geez. And for other Eastern rites, the language variations might include Greek, Slavonic or classical Armenian.

Nor is language the only difference. Holy Communion is received in the Byzantine Rite, for example, in the form of leavened bread and wine. There are variations in the vestry of the clergy, in devotional music, in the use of religious art symbols in the churches. Where a Latin Rite Catholic may genuflect before the altar, an Eastern Catholic may bow; where one makes the sign of the cross left to right, the other may do so right to left.

There are five major rites in the Catholic Church: the Syrian, Coptic, Byzantine, Armenian and Latin. Each has its own language, customs and canon law. And each reflects in its devotions the culture of the lands where the Apostles planted the seeds of the Christian faith. In a decree dealing with the Eastern Rite churches, Vatican Council II said: "They all make up the Mystical Body of Christ organically united in the Holy Spirit by the same faith, the same sacraments and the same government . . ."

If you'd like to read an interesting account of the origin and development of the Eastern Rite churches, send coupon for our new pocket-size pamphlet. It explains the laws of the Church with respect to the Eastern Rite . . . the differences in the rites . . . the contributions of Eastern Rite Catholics to the world's culture. There is also an interesting chapter on Catholic relations with the Orthodox Christians.

Free—just mail coupon. Ask for Pamphlet No.KC-42. We'll send it without cost or obligation. Nobody will call on you.

Vickie Nunez

Miss Nunez feted at bridal shower

Vickie Lee Nunez, bride-elect of David Allen Savoie, was feted with a bridal shower last Thursday night in the home of Mrs. Garner Nunez at Grand Chenier.

Decorations in the reception room and on the table centere around multicolored flowers.

Nancy Clair Nunez, cousin of the bride-elect, was in charge of the gift book.

Hostesses, in addition to Mrs. Nunez, were Mrs. Lyle Crain and Mrs. Voelkel Dyson.

Science club has meeting at Grand Lake

By CAREN BEARD

The Grand Lake Science Club met Sept. 14 to re-elect a secretary for the new school year. Other officers for the 77-78 school year are as follows: Coy Vincent, president; Wendy Lannin, vice president; Shelley Demarest, secretary; Christine Chesson, treasurer; March Alderson, Parlimentarian; and Caren Beard, reporter.

The dues were set at $2. The deadline for paying the dues is at the next regular meeting Oct. 12. Any student at Grand Lake from grades 7-12 who has taken a science course and maintained a "C" average may join the club.

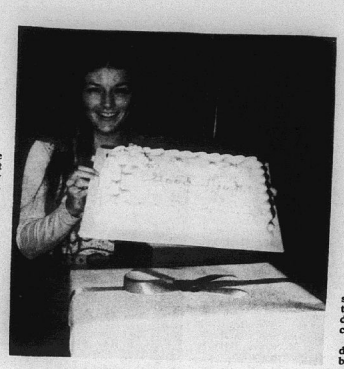
The club is sponsored by Dr. Joseph Sonnier.

Grand Lake seniors elect

The Grand Lake High School seniors held a meeting to elect new officers with the following elected. Beth Greathouse, president; Mike Beard, vice president; Donna Kline, secretary; Mark Broussard, treasurer; Caren Beard, reporter.

Elected as the Senior Fall Festival Princess was Pam Richard.

An Asian tribe sets aside eight days a year when no work, bathing or visiting is done in order to give the spirit of rice a rest.



Miss Hopson feted

Miss Vickie Hopson was feted with a "Going Away" party Friday afternoon by personnel of Cameron State Bank.

Miss Hopson, who has been employed at the local bank for a year, is returning to her native Florida.

She was presented with a gift and a cake decorated with "Good Luck, Vickie".

Mrs. Primeaux tells of trip to France

Highlighting the September meeting of the Creole Extension Homemakers Club was a talk given by Mrs. Roland Primeaux, describing her recent trip to France as a member of the tour sponsored by Codofil. The meeting was held in the home of Mrs. Winnie Mouton with Mrs. Bessie Boudreaux and Mrs. Telsman Bonsall as co-hostesses.

Mrs. Primeaux began her talk with this personal bit of advice: "Hold fast to your dreams, and they might come true. I held on to mine, and finally made it to France which had always been my dream."

Mrs. Primeaux went on to trace the travels of the Codofil group through France, beginning with the first stop in Paris and going on to Cartres, Lesieu, Normandy, Mont. St. Michelle, the Loire Valley, Lourdes, the French Alps, Toulouse, and many other towns and places of interest. She described each of the places visited; and, at the same time, gave some interesting or unique fact about the place.

Mrs. Primeaux said that at the University of Toulouse, the Codofil group took part in a panel discussion which was televised. She revealed that this film and tape was to be given to Codofil in Lafayette for local televising.

In concluding, Mrs. Primeaux told of her side trip to Heidelburg, Germany, made aside from the tour, to visit with her son, Vernon, who is serving with the U. S. Army there, and whom she hadn't seen in over a year.

In the business session of the meeting, Mrs. Mayola Wicke showed the group an attractive, nosegay-type corsage which was made out of the cutup comic section of a newspaper. She announced that at some future meeting, she would demonstrate how to make the corsage.

Creole Athletic Assoc. meets

The Creole Junior Athletic Association held it's first yearly meeting at South Cameron Elementary School Sept. 26.

The coaches for the two elementary teams are Kenneth Nunz, Pee Wees; Henry Griffin, Little League.

Officers were elected as follows: Mrs. Warren Jones, president and Mrs. Alvin Mudd, secretary-treasurer.

Future Homemakers make plans for year

By JO ANN MORGAN REPORTER

The Hackberry High School Chapter of the Future Homemakers of America held its first meeting Sept. 12.

The 1977-78 officers are: president-Susan Spicer, vice-president-Penny Baley, secretary- Julie Cuvillier, treasurer- Carla Frey, historian- Susan Frey, reporter- Jo Ann Morgan, and song leader- Penny Riggs.

This year we have a club chaplain, Jackie Frey who will give devotionals at every meeting.

The FHA will sell candy as a fund raising project through Oct. 7. Other events for the coming year will be: A fashion-entertainment show, the annual Christmas Party, District 4 FHA meeting at the Lake Charles Civic Center, March 4, State FHA meeting in Shreveport, March 31 and April 1, the Annual Spring Banquet, April 21 and State Camp at Bunkie in June.

This summer at the summer workshop the officers revised the constitution and made a new handbook for members.

We would like thanks to go to the Home Ec. 2 Class for making the refreshments for our meeting. They baked and decorated two cakes surrounded by Milky Way Bars and decorated the top by spelling FHA in M & M's. The next meeting will be Oct. 17.

Recipes are sought by Chenier club

The Grand Chenier Extension Homemakers Club held their monthly meeting Tuesday, Sept. 27 in the American Legion Hall.

Mrs. Guthrie Perry gave a demonstration on making bread dough flowers.

All club members were reminded to hand recipes in to Mrs. Charles Bonsall.

Club members were asked to attend the October 4th Cameron Parish Extension Homemakers Council meeting in Cameron at 1:30 p.m.

Mrms. Guthrie Perry donated the door prize which was won by Mrs. Charles Bonsall.

Mrs. Donald Richard and Mrs. Freddie Richard were hostesses.

Memorial book list

Memorial books in the Cameron Parish Library are listed as follows: with names of the ones in memory and donors, respectively:

Louisiana a Bicentennial History, H. A. Miller by Mr. and Mrs. Cecil Bates.

Life After Life, Carroll H. McCall by Mr. and Mrs. M. C. West.

A Capitalist Romance, Myrtice Smith by Mrs. Bertha Fawvor and Barney Smith.

Cajun Sketches, Dalton Richard by Gooch, Kathy and Scott Baccigalopi.

Navigation, Francis Murphy by Eve Aucoin and children.

Shackleton's Boat Journey, Carroll McCall by Mr. and Mrs. Clyde Theriot.

James Beard's Theory and Practice of Good Cooking, Mrs. H. A. Miller by Mr. and Mrs. Cecil Bates.

macrame, Franke Jones Rogers by Mr. and Mrs. M. C. West.

Decorating demon. set

A demonstration on cake decorating will be given by Mrs. Larry McNeese and Mrs. Evans Mhire at the October meeting of the Grand Chenier Extension Homemakers Club Oct. 20 at 7 p. m. in the home of Mrs. Watkins Miller.

The two club women recently completed a course in cake decorating in Lake Charles.

Co-hostesses for the event are Mrs. Lyle Crain and Mrs. Lonnie Harper.

In the above picture, Mrs. McNeese, left, and Mrs. Mhire exhibit some of their decorated cakes.

LEGAL NOTICES

SUCCESSION OF LEWIS T. LOHMAN

35TH JUDICIAL DISTRICT COURT
PARISH OF PLAQUEMINES
STATE OF LOUISIANA
NO. 19-379, DIV. "D"

FILED: SEP 27 1977 Bonnie D. Mann DEPUTY CLERK

NOTICE OF APPLICATION TO SELL IMMOVABLE PROPERTY AT PRIVATE SALE

Notice is hereby given that Lelamae Wood, the duly appointed, acting and qualified Testamentary Executrix of this Succession, has petitioned this Court for authority to sell certain royalty interests (immovable property interests) belonging to this Succession at private sale to James A. Gibbs, in accordance with the provisions of Article 3281 of the Code of Civil Procedure, for the price of Two Hundred Thirteen Thousand, Three Hundred Ninety-Six Dollars ($213,396.00), payable in cash, upon the following terms and conditions:

(1) Sale is to be without warranty of title.

(2) Sale is to be effective November 1, 1977; purchaser will be entitled to all income from production subsequent to that date, and the succession is entitled to all income, whenever received, from production prior to November 1, 1977.

(3) All recording costs to be paid by purchaser.

The royalty interests proposed to be sold at private sale are described on Exhibit "A" annexed hereto and made a part of this notice. Any heir, legatee or creditor who opposes the proposed sale must file his opposition within seven (7) days from the day on which the last publication of this notice appears.

BY ORDER OF THE COURT.

/s/ Glenn R. Williams
CLERK OF COURT

Parish of Cameron
STATE OF LOUISIANA
William Gayle Campbell et al
VS. No. 6632
James David Norris

By virtue of a writ of seizure and sale issued and to me directed by the honorable court aforesaid, I have seized and will offer for sale at public auction to the last and highest bidder with the benefit of appraisement, at the court house door of this parish of Cameron, on Wednesday, October 12, 1977, between legal hours, the following described property, to-wit:

Lots 75 & 76 of Gulfway Acres a subdivision as per plat recorded in Plat book 4, page 97, record of Cameron Parish, Louisiana seized under said writ.

Terms: Cash on day of sale.

/s/Claude Eagleson
Sheriff Cameron Parish, La.
Sheriff's Office, Cameron, La., Aug. 29, 1977

Cecil R. Sammer
Attorney for plaintiff
Advertised on Sept. 8, 1977 and October 6, 1977 in the Cameron Pilot.

LEGAL NOTICE

This is to advise that the Cameron Parish Police Jury, in its regular session convened on Sept. 6, 1977 accepted as complete and satisfactory the work performed under the contract for Bituminous Seal Coat Work (Parishwide), Project 1977-01 in Wards 1 & 4 Cameron Parish, Louisiana, pursuant to the certain contract between the Cameron Parish Police Jury and W. E. McDonald & Sons, Inc., under File No. 148905.

NOTICE IS HEREBY GIVEN that any person or persons having claims arising out of the furnishing of labor, supplies, material, etc., in the construction of the said works should file said claim with the Clerk of Court of Cameron Parish, Louisiana, on or before forty-five (45) days after the first publication hereof, all in the manner and form as prescribed by law. After the elapse of said time, the Cameron Parish Police Jury will pay all sums due in the absence of any such claims or liens.

GRAND LAKE-SWEETLAKE

Columnist had good intentions at start

By AGNES HEBERT

I undertook this column with all kinds of good intentions. Like: 1. be concise 2. be brief, 3. check sources, 4. don't get personal, and 5. make it interesting. So here I am, still a novice and I've just about blown it all.

The trouble is I write the same way I talk, too much. That's resolutions 1 and 2. Number 3 went out the window when I gave credit for the terrific new school sign to Gary Poe's Ag students. Actually it was Ernest Vincent and the Athletic Assation who were responsible--but Gary is basking in the reflected glory of my error. Sorry about that, folks.

Good intention number 4 lost out before we even began. The main words in my vocabulary are me and I. This is a result of a generation gap. When I was a student, we were seen but not heard, much. Teachers told us what they knew and we listened. Feeling the need to communicate verbally, I studied to be a teacher.

Imagine my anguish when I entered the classroom to discover I didn't have a rapt audience waiting for me to tell then what I knew. Kids now have television and they know a little bit about a lot of things and a whole lot about many things.

They're so eager to share what they know and how they feel and what they think. Bless their hearts--I love 'em all and I could listen to them forever but I've still got a need to communicate. So, I've turned to the written word and with Jerry's indulgence, I'll try to concentrate on good intention number 5.

SMOKEY VISITOR

Since she was a little girl, Mrs. Bessie Hebert had heard the saying, "Go West, young man". As her children were growing up the family visited the Western U. S. regularly. She enjoyed the sights but t it took a trip to the Smokey Mountains to convince her that green mountains are the best kind. Despite her dental problems, this trip was "something else". Mrs. Hebert and her twin grandsons, Micheal and David traveled with her daughter Alcia Trahan and Jack and their children through the Smokeys.

CLASS REUNION

Joseph G. Thomas, better known as Gervice, is interested in organizing a 30 year class reunion in 1978 for the class of '47. Gervice retired from the Air Force as a Lieut. Colonel and is residing in a beautiful home on Burton Lane in Lake Charles.

His wife is the former Genevieve McFatain. Their children are still in school. Mary Dee at Sowela Tech, Tommy a senior at Barbe and Joey a sophomore. Gervice is the vice-president and engineer for Meche Plastics on Hwy. 14. If any of you readers know a member of that class, ask them to give Gervice and Jay a call.

News from Christine Hebert Armstrong residing in Clinton, Maine is that her son William Hamilton IV is graduating from Clemson in North Carolina and her daughter Angela is in the 6th grade. Chris writes that winters are severe in Maine They are hoping to visit here with relatives soon.

PRACTICE SESSIONS

Vibrations have been felt in the general vicinity of Lee and Warren Granger's home over the years. This is where many of the practice sessions for Mike and the Majestics have been held. Their son Michael Young and Gilbert Hebert form the nucleus of the combo. Joining then in the past have been Tony Sullivan, T-Mike Duhon and Cedric "Booga" Hebert. Presently playing with the group is Terry Beard, a spring grad and now fireman at McNeese. Terry is studying refrigeration.

Fixing up the Adolph Hebert homeplace across from Speedi-Tote is Dixie Hebert LeLieux and her family. The LeLieuxs reside in Crowley and come to this area on weekends. Dixie's grandfather operated a grocery store on this site over 40 years ago. Dixie's father, the late Saul Hebert was the only notary public in this area that I can recall.

Now we have a newly licensed but well qualified notary public. Robert Primeaux, son of Mr. and Mrs. H. D. Primeaux can notarize affadavits, bill of sales, transfer titles, etc.-A unique feature here is that since Robert is employed in Lake Charles and resides in Grand Lake, he is licensed to notarize in both Calcasieu and Cameron Parishes. Robert, his wife Jean and their 2 children live just south of Mac Broussard's place.

HOME FOR X-MAS

If all goes well, Ella Fontenot will have all of her children home this Christmas for the first time since they're grown up. Ella and Ivan saw all of their sons finish college and two of them are making the military their careers. Malcolm, the oldest is an electrical engineer and living in Knoxville. "Cho" went to work for TVA when he finished college and married a Tennessee girl. After serving as Lieut. Col. of the McNeese ROTC Reginald decided to be a 20 year man. He was recently home from Korea on a 30 day visit. His wife Veronica (Gilmore) and children are staying in Lake Charles until Brown finishes his Korean tour. They're hoping to be stationed in El Paso before Christmas.

There they will be able to visit with Bristow and Saundra (Thomas) and their children. Bris and family are stationed in El Paso since returning from Germany. Bris followed his brothers footsteps at McNeese and is also in the Army.

Joining the family reunion will be Twila "Sister" Savoie and her husband Yank and children from Creole. Also Valerie "Coon" Vincent and Ernest. The Vincents are active in school and community projects and should be for several years. Although daughter Candy is a freshman at MSU, Coy and Casey hasn't started to school yet.

Marshall Young and his father Pete are overseas working as pipefitters in Iran.

CONNECTIONS

The elementary teachers who work with Mrs. Kennedy are sometimes envious of her "connections". Her daughter Pauline is the station manager of Royale Airlines operating out of Shreveport, La. In the 4 years she has been working for the airline, Pauline has taken advantage of employee rates to visit Puerto Rico, Virgin Islands, Mexico, San Francisco, Rome and London. Margaret and Clifton accompanied their daughter on her first trip to Hawaii several years ago. Now Pauline is planning another trip to Hawaii in June.

Besides spending time on the Shively family farm in north La., Mrs. Lena Stratton and Mrs. Enid Hoffer have been enjoying many trips since their retirement as school teachers. Both are still very active in Eastern Star and Delta Kappa Gamma activities.

NEWS OF MR. HACKETT

An educator who was an inspiration and encouragement to many students in his years as principal at Grand Lake, Mr. U. E. Hackett is also active in Eastern Star and Masonic activities. He and Mrs. Hackett reside in Lake Charles but still maintain a summer home at Big Lake and are enjoying watching their grandchildren grow up.

Sonny Hackett visits the school occasionally on business and always has time to greet the fourth grade teacher who is a friend from pre-school days. Besides deep sea fishing, Sonny is a busy architect with Hackett and Bailey.

Darrell and Kathy Delaney have moved into their new house in the Big Pasture and sold their trailer. The Delaneys purchased the Savan LaBove property several years ago.

Sam Daigle, Jr. has bought Mrs. Letha Smith's rent house in the Big Pasture.

CLASS PHOTOS

Enthusiasm and love are two of the main ingredients necessary to produce good school pictures year after year. Mr. and Mrs. Thompson are the man and wife team who accomplish this for Grand Lake. I can remember Mr. Thompson taking my fourth grade picture, my high school senior picture, my college pictures at McNeese and a lot of other school pictures in between.

Now when I bring my class in, he will always ask me where he has seen my face before. I suuspect that he is using the same lens that he used when I was in the fourth grade because my most recent pictures have a few wrinkles. Probably his lens are getting old. The Thompsons are semi-retired on a farm in north La. and use their mobile camper when they're here.

SOYBEAN PROBLEMS

The worms are a serious nuisance for the soybean farmers and they're not much good for anyone else either. Rachel Manuel, playing near a tree on the school ground, had a run-in with a burning worm, and she can tell you, they are painfu.l. In case you run into one, Rachel advises you to try an ice pack. The little daughter of Mr. and Mrs. Robert Manuel, Rachel is a first grader.

My mother has discovered a credibility gap in our telephone conversations. I'm always telling her that nothing new ever happens around Grand Lake and Sweet Lake.

The modern safety pin was patented in 1849.

MRS. LYNN MILLER, chairman of the Sacred Heart Church Bazaar Saturday night activities, looks on as her chief cook, Mrs. Clifton Duhon, practices at her art of gumbo-making. Gumbo will be the main dish served at the WOW Hall Saturday night function. The Bazaar will be on Oct. 29 and 30.

JOHNSON BAYOU NEWS

Norther brings thoughts of holidays

By CAROLINE HEBERT

Sunday, Oct. 2, a northerner came through our area, reminding us that winter is on its way. This always brings to mind the coming holidays: Halloween Thanksgiving, Christmas...the time of year for hot cocoa with marshmallows, hot delicious gumbos, and warm coats.

People on the Bayou and Beach are enjoying our first chilly days of Autumn and look forward to the winter activities.

CUB SCOUTS

All parents who wish to have their boys join Cub Scouts are urged to attend the meeting on Oct. 10 at 7 p. m. at the Recreation Center. The boys will be registered and 5 cents for each additional word. Because of the small cost of these ads and the high cost of sending a bill, CLASSIFIEDS MUST BE PAID IN ADVANCE.

GOLDEN RUM RAISIN GLAZE FOR HAM

1/2 cup golden raisins
1/2 cup white or gold Puerto Rican rum
1/2 cup apple jelly
1/3 cup orange juice
2 tablespoons cornstarch
2 tablespoons sugar
.. tablespoon dry mustard

Combine in saucepan raisins, rum, apple jelly and orange juice. Cook until jelly melts. Mix cornstarch, sugar, dry mustard; blend into rum mixture. Cook and stir over low heat until thickened. Spoon over ham during last 15 minutes in oven.

The apple of many a party-goer's (and party-giver's) eye is a hot punch.

and committees will be formed.

This meeting will be for the parents only. Any former Cub Scouts, who would like to donate their suits to new members may contact Mrs. Treva Billiot.

EXERCISE CLASSES

Ladies exercise classes will begin on Oct. 10 at 6 p. m. to 7 p. m. at the Recreation Center. The classes will be every Monday and Wednesday except on holidays. If you have any questions, you contact Mrs. Caroline Hebert.

Don, Caroline, and James Hebert combined a little pleasure with a business trip to Galvseston on Sept. 26. James especially enjoyed the ferry ride across the Galveston Bay with its many friendly sea gulls.

C. C. D. CLASSES

The schedule for C. C. D. Classes for Johnson Bayou and Holly Beach are as follows: Johnson Bayou on Thursdays at 3:30 to 4:30 p. m. for Grades 1-8; Holly Beach on Thursdays at 5:00 to 6 p. m. for Grades 1-8; calsses are on Wednesdays at 7:30 to 8:30 p. m. in Hackberry for grades 9-12.

All C.C.D. teachers and parents who are interested in understanding the religious doctrine taught in C.C.D., please attend the program on Oct. 15 at 7 to 9:30 p. m. in the Hall at St. Peter the Apostle Church in Hackberry.

LEGAL NOTICE

NOTICE FOR BIDS

Acting under the authority of the Legislature of the State of Louisiana, the Cameron Parish School Board will receive sealed bids for the leasing of all surface rights including the rights of range, trapping, hunting, fishing, and farming on the following described lands:

Section	Township	Range
16	12	5*
16	12	11*
16	12	13
16	14	3
16	14	5
16	14	6*
16	14	7*
16	14	8
16	14	10
		(47.13 acres)
16	14	11
16	14	13
16	14	14
16	15	3
16	15	4
16	15	5*
16	15	6*
16	15	7*
16	15	14*
		(all except 20 acres)
16	15	15*

*Renewal rentals on marked sections may be paid during September. If renewal rental is received during September, all bids on these sections will be returned unopened.

All bids must be sealed, the envelope marked "Bid-Section 16, Township-Range——," and may be forwarded through the U. S. Mail to the Cameron Parish School Board, P. O. Drawer W, not less than $1.00 per acre for a lease with a primary term to end September 30, 1982. Annual renewal rentals will be due each year by September 30th in order to continue the lease in effect. Cash or check in favor of Cameron Parish School Board for the amount of the annual rental for the first year shall accompany and be deposited with the bid, and the rental thus deposited shall be forfeited to the Board as liquidated damages if the successful bidder fails to enter into written contract in accordance with his bid within ten (10) days after acceptance by the Board.

If farming rights are utilized, bidder may offer annual rental plus a fractional part of not less than one-tenth (1/10) of any and all crops produced and saved during the year. The value of the one-tenth share shall not be considered in the awarding of the lease unless bidder guarantees a specific amount by which shall be added to and accompany bid. Should the one-tenth value of the crop be greater than the cash guarantee paid at the time of the lease, the Cameron Parish School Board shall demand such additional payments as necessary to bring value adjustment to a full one-tenth of crops produced and harvested on any and all the above listed sections.

The surface rights and privileges granted in the lease are restricted to range, trapping, hunting, farming, and fishing; and these rights shall in no way, manner or form interfere with the granting of mineral lease or the full utilization of all rights and privileges granted in any mineral lease.

Bids will be received until the hour of 10:00 a. m., Monday, October 10, 1977; at such time all bids received will be opened and considered in public session of the Cameron Parish School Board at Cameron, Louisiana.

The Board reserves the right to reject any and all bids received.

PROCEEDINGS
CAMERON PARISH POLICE JURY
September 13, 1977

The Cameron Parish Police Jury met in special session at 10:00 A. M., September 13, 1977, pursuant to the call of the President and pursuant to authorization by all the members of the Police Jury. The following members were present: Mr. Archie Berwick, Mr. Ernest R. Myers, Mr. Kenneth Ducote, Mr. Willie Ray Conner, Mr. Lester Richard, Jr. Member absent: Roland J. Trosclair, Jr.

The Vice-President, Archie Berwick, presided in the absence of the President.

It was moved by Mr. Ducote, seconded by Mr. Richard and carried, that the application of Joseph Racca for a building permit, Ward 3, be and the same is hereby approved.

It was moved by Mr. Ducote, seconded by Mr. Richard and carried, that the application of M. O. John LaBove for a building permit, Ward 6, be and the same is hereby approved.

It was moved by Mr. Conner, seconded by Mr. Berwick and carried, that an emergency is hereby declared as a result of the deteriated condition of the shell portion of Wakefield Road, and that, on account of recent occasion high tides have inundated the highway, and that, it is necessary that immediate action be taken to raise the level of the road, as this road is used extensively by the oil and gas industry, and that, accordingly, the parish engineer was authorized to advertise one (1) time for bids for Wakefield Road Project, in response to that advertisement in the official journal, the following bids were received and tabulated:

BIDDER- McDaniels Welding Service, AMOUNT-$31,566.40 ($8.72 per cu. yd.)
BIDDER- Roy Bailey Contractors, AMOUNT-$24,362.60 ($6.73 per cu. yd.)
BIDDER- Cameron Construction Company. AMOUNT, $39,204.60 ($10.83 per cu. yd.)

Considering the bid of Roy Bailey Contractors in the amount of $6.73 per cubic yard, it was moved by Mr. Conner, seconded by Mr. Ducote and carried, that said bid be and the same is hereby accepted.

It was moved by Mr. Richard, seconded by Mr. Myers and carried, that this Body does hereby reject the bids for the construction of one (1) 60 x 40 Metallic building, and, that the Treasurer shall readvertise in the official journal for receipt of bids at the next regular meeting for a 60 x 40 metal building.

The following Resolution was offered by Mr. Conner, seconded by Mr. Berwick and duly adopted.

RESOLUTION

BE IT RESOLVED by the Cameron Parish Police Jury in special session convened on this 13th day of September, 1977, that:

SECTION I: The Governor of the State of Louisiana is hereby requested to declare an emergency and authorize the Department of Transportation and Development to stripe Trosclair Road and Little Chenier Roads with state equipment, with the Police Jury to reimburse the State for costs of this work.

ADOPTED AND APPROVED this 13th day of September, 1977.

APPROVED:
/s/ Roland J. Trosclair, Jr., President
CAMERON PARISH POLICE JURY
ATTEST:
/s/ Jerry G. Jones, Secretary

There being no further business, upon motion of Mr. Ducote, seconded by Mr. Myers, the meeting was declared adjourned.

APPROVED:
/s/ Roland J. Trosclair, Jr., President
CAMERON PARISH POLICE JURY
ATTEST:
/s/ Jerry G. Jones, Secretary

PROCEEDINGS
CAMERON PARISH POLICE JURY
August 2, 1977

The Cameron Parish Police Jury met in regular session on Tuesday, August 2, 1977 at 10:00 A. M. in the Parish Government in Cameron, Louisiana. Members present were: George Hicks, Ernest R. Myers, Lester Richard, Jr., Roland J. Trosclair, Willie Ray Conner and Archie Berwick. There were no members absent.

It was moved by Mr. Myers, seconded by Mr. Conner and carried, that the reading of the minutes of the previous meeting be dispensed with.

It was moved by Mr. Myers, seconded by Mr. Berwick and carried, that the following applications for permits, be and the same are hereby approved:

1. John B. Dishon- to clean existing trails in Township 14 South, Range 7-8 West, Cameron Parish, Louisiana.

2. Basin, Inc.- for proposed installation of 415' bulkhead located 1-1/4 miles West and .08 mile North of Cameron, Louisiana, in Section 25, Township 14 South, Range 10 West.

3. Amoco Production Company- to prepare location and drill Vincent Heirs Well No. 8, Holly Beach Field, Cameron Parish, Louisiana.

4. Amoco Production Company- to install a four inch gas collection line and a two and one-half inch oil collection line Lakeside Field, Cameron Parish, Louisiana.

5. Gulf Coast Water Conservation District- to construct a new cattle walkway approximately 4560 feet in length for A. H. Crain.

6. Shell Oil Company- to perform work to serve compressor facility located in Section 25, Township 12 South, Range 11 West, LMNOD-SP Cameron Parish Wetlands) 131, West Hackberry Field, Cameron Parish, Louisiana.

7. Shell Oil Company- to perform work in connection with J. B. Watkins No. 230, 224, 223, 154, Black Bayou Field, Cameron Parish, Louisiana.

8. McDaniels Welding Service- improvements of property high quality fill, warehouse and office building, helipad, pipe racks and fuel storage tanks for use as a base of operations and staging area for offshore oil and gas production, Cameron Parish, Louisiana.

9. John B. Butz and Associates, Inc.- to excavate and fill for a ridge road, ring levee and appurtenances for proposed oil and gas well location for Sun Oil Company, Pearl No. 1 Section 13, Township 15 South, Range 15 West, Cameron Parish, Louisiana.

10. Shell Oil Company- to prepare will site in connection with R. Theriot No. 1, M. Boudreaux No. 1, Kings Bayou Field, Cameron Parish, Louisiana.

11. Mr. Malcolm Savoie- to clean and widen ditches on Sections 20 and 29, Township 14 South, Range 8 West, Cameron Parish, Louisiana.

12. Gulfintana Production Company- for proposed oil and gas pipeline and well protector installation, East Cameron Block 17, State Lease 6592 #2, Offshore Cameron Parish, Louisiana.

13. McMoran Exploration Company- to dredge canal, install and maintain drilling barge, platform and appurtenant structures to service proposed Miami Corp. No. 1, Sweet Lake Field, Cameron Parish, Louisiana.

14. Ford, Bacon & Davis- acting as agent for Michigan Wisconsin Pipe Line Company for Proposed construction of a fire water intake structure to be located approximately mile post 8.0 on Mermentau River, Cameron Parish, Louisiana.

15. Brown & Root, Inc. for proposed activity of digging of approximately 9 miles of mud-boat ditch and construction of one boat shed in Cameron Parish, Louisiana.

It was moved by Mr. Myers, seconded by Mr. Richard and carried, that the President be authorized, empowered and directed to execute on behalf of this Body a contract with Imperial Calcasieu Management work.

It was moved by Mr. Trosclair, seconded by Mr. Conner and carried, that the President is authorized, empowered and directed to enter into a Surface Lease with John Henry LeBleu, et. al. for a shell dump site on the Calcasieu River. (File No. 150931, Records of Cameron Parish, Louisiana).

The following Resolution was offered by Mr. Hicks, seconded by Mr. Myers and declared duly adopted.

RESOLUTION

Resolution approving and granting consent and authority to Calcasieu-Cameron Hospital Service District for the issuance of Hospital revenue Bonds.

BE IT RESOLVED by the Police Jury of the Parish of Cameron, Louisiana as follows:

SECTION I: The application of Calcasieu-Cameron Hospital Service District for consent and authority to issue Hospital Revenue Bonds in an amount not to exceed $1,500.00, to mature and be payable within fifteen (15) years from date thereof, pursuant to the authority of Act 430 of 1976, be and the same is hereby granted.

SECTION II: The authority herein granted to Calcasieu-Cameron Hospital Service District for the issuance of Hospital Revenue Bonds as set out and described in the Resolution of its Board of Commissioners adopted July 14, 1977, making application to this Police Jury for the consent and authority herein granted shall be construed and is intended to constitute a full approval, consent and authority for the issuance of said bonds as is required by Article VI Section 15, Louisiana Constitution of 1974.

SECTION III: The Secretary of this Police Jury is empowered , authorized and directed to forward a certified copy and multiple additional certified copies of this Resolution of approval to the Secretary of Calcasieu-Cameron Hospital Service District No. 1 as evidence of the approval of this Police Jury for the issuance of Hospital Revenue Bonds.

The foregoing resolution was declared adopted on this the 2nd day of August, 1977.

APPROVED:
/s/ Roland J. Trosclair, Jr., President
CAMERON PARISH POLICE JURY
ATTEST:
/s/ Jerry G. Jones, Secretary

It was moved by Mr. Richard, seconded by Mr. Conner and carried, that the following notice of intention shall be published in the official journal:

STATE OF LOUISIANA
PARISH OF CAMERON
NOTICE OF INTENTION TO CREATE CAMERON FIRE PROTECTION DISTRICT NO. 9 OF CAMERON PARISH, LOUISIANA

NOTICE is hereby given that the Police Jury of Cameron Parish, Louisiana, intends to create Cameron Fire Protection District No. 9 of Cameron Parish, Louisiana, to have all the powers and duties provided for such districts in law, and to have all the following boundaries described as follows, to-wit:

BEGINNING at the northwest corner of Section 2, Township 13, South, Range 5 West;

THENCE west to the center of the north line of Section 3, Township 13 South, Range 7 West;

THENCE from the center of the north line of Section 3, Township 13 South, Range 7 West, south on the half section lines to the center of the south line of Section 27, Township 14 South, Range 7 West;

THENCE west to the northwest corner of Section 32, Township 14 South, Range 7 West;

THENCE South to the Gulf of Mexico;

THENCE easterly along the Gulf of Mexico to the East line of Cameron Parish.

THENCE in a northerly direction along the east line of Cameron Parish to the Northeast Corner of Township 14 South, Range 3 West;

THENCE in a westerly direction along the north line of Township 14 South, Range 3 West, Township 14 South, Range 4 West, Township 14 South, Range 5 West to the point of beginning.

This Police Jury will meet on the 6th day of September, 1977 at 10:00 A. M. in its regular meeting place, the Police Jury Room of the Courthouse Annex in Cameron, Louisiana, for the purpose of hearing objections, altering the proposed boundaries, if found advisable, and finally, creating the said Cameron Fire Protection District No. 9 of the Parish of Cameron, Louisiana.

That the governing body of said Cameron Fire Protection District No. 9 of the Parish of Cameron, Louisiana, will be the Cameron Parish Police Jury, as the Parish governing authority and the domicile of the said District shall be Grand Chenier, Louisiana, and the said Police Jury shall have authority to act and do all things as provided in Section 1495 of Title 40.

DONE and SIGNED by order of the Police Jury of Cameron Parish of Cameron, Louisiana, this 2nd day of August, 1977.

APPROVED:
/s/ Roland J. Trosclair, Jr., President

RESOLUTION
STATE OF LOUISIANA
PARISH OF CAMERON

BE IT RESOLVED by the Cameron Parish Police Jury in regular session convened on the 2nd day of August, 1977, that:

SECTION I: The application of Aldon B. Bertrand, d/b/a Bertrand's Shell Station located in Creole, Louisiana for a permit to sell alcoholic or intoxicating liquors containing more than 6 percent of alcohol by volume in accordance with Act. 190 of the Legislature of Louisiana, for the year 1946, be and the same is hereby approved.

ADOPTED AND APPROVED this 2nd day of August, 1977.

APPROVED:
/s/ Roland J. Trosclair, Jr., President
CAMERON PARISH POLICE JURY
ATTEST:
/s/ Jerry G. Jones, Secretary

It was moved by Mr. Conner, seconded by Mr. Myers and carried, that J. Bertron Daigle, be and he is hereby reappointed as a member of the Board of Commissioners of Waterworks District No. 7.

It was moved by Mr. Richard, seconded by Mr. Conner and carried, that Edison Mhire, be and he is hereby reappointed as a member of the Board of Commissioners of the Lower Cameron Hospital Service District for a term of one year.

It was moved by Mr. Trosclair, seconded by Mr. Richard and carried, that the secretary shall advertise the intention to abandon the following described road right-of-way:

Commencing from a point which is N 34.35' S 89 degree 22'20" E and 817.40' S 0 degree 37'40" W of the NW Corner of SE¼ ofNW¼ of Section 32, Township 14 South, Range 7 West, thence 168.98' S 0 degree 37'40" W along the centerline of a 60' wide existing road right-of-way to a point on the North right-of-way line of an existing hardsurface Parish Road.

It was moved by Mr. Trosclair, seconded by Mr. Richard and carried, that this Body does except the following road right-of-way from Warren Miller, filed under File No. 150932, Records of Cameron Parish, Louisiana:

A survey of a public road right-of-way to the Warren Miller Sub No. 2 with a centerline described as follows:

Commencing from a point which is N 0 degree 17' 40" E 417.4 and S 89degree 22'20"E, 134.35' of the NW Cor. of the SE ¼ of the NW ¼ of Section 32, Township 14 South, Range 7 West, Cameron Parish, Louisiana, thence S 0 degree 17'40" W 1265.71, thence N 84 degree 05'W426.54' to the East end of an existing 40' wide public road right-of-way.

It was moved by Mr. Richard, seconded by Mr. Conner and carried, that the President is authorized, empowered and directed to execute on behalf of the Police Jury a boundary agreement survey with Mary Jane Miller, James Nevers, Gary D. Smith, Warren Miller and Dudley Dyson, in accordance with the plat of survey of George V. Bailey, dated June, 1977, recorded under File No. 150933, Records of Cameron Parish, Louisiana.

It was moved by Mr. Hicks, seconded by Mr. Myers and carried, that the secretary shall advertise the intention of this Body to abandon the following described road right-of-way:

Commencing from a point which is 2468.0' East and 60' North of the N. W. Corner of Fractional Section 47, Township 12 South, Range 10 West, thence East 252.0', thence West parallel to a 30.0' offset from the existing centerline of the hardsurface East-West Parish Road to a point on the East right-of-way line of a hardsurface North-South Parish Road, thence South along the East Right-of-way line of the North-South Parish Road a distance of 51.8' to point of commencement.

It was moved by Mr. Trosclair, seconded by Mr. Myers and carried, that having received a protest from John Prescott, no action was taken on the abandonment of the following described road right-of-way:

The west twenty (20) feet of the following right-of-way:

Sixty (60) foot right-of-way running from the middle Road South along the East property line of the following described property to the Southeast corner of the here under described property:

Northwest Quarter of Southwest Quarter (NW¼ of SW¼) less nine (9) acres off of the North end thereof in Section eleven (11) Township fifteen (15) South of Range Fourteen (14) West, La. Mer., containing 31 acres.

it was moved by Mr. Myers, seconded by Mr. Hicks and carried, that the following applications for building permits, be and the same are hereby approved:

Henry E. Tingler-Ward 5
Thomas J. Watts, Sr.-Ward 3
Paul A. LaBove-Ward 3
W. E. White-Ward 6
Larry Taylor-Ward 3
Frank W. Hooper-Ward 4
Shirley Fournerat-Trailer Variance-Ward 4

In response to an advertisement for bids published in the official journal, the following bids were received and tabulated for the purchase of one (1) 1977 or 1978 Cab and Chassis garbage truck:

Bidder	Amount
Cagle Chevrolet, Inc.	$23,991.82
Bolton Ford	$21,998.90

Considering the bid of Cagle Chevrolet, Inc. to be the lowest responsible bid and to have been the only bid which had met the specifications, it was moved by Mr. Trosclair, seconded by Mr. Myers and carried, that said bid be and the same is hereby accepted.

In response to an advertisement for bids published in the official journal, the following bids were received and tabulated for Project No. 1977-03:

Bidder	Amount
Pete Alford Fence Company	$75,528.00
A. & R. Fence Company	$67,373.95
Roy Bailey, Contractor	$59,985.81
W. E. McDonald, Contractor	$54,575.86
Daniels Welding Service	$51,169.18

Considering the bid of Daniels Welding Service in the amount of $51,169.18 to be the lowest responsible bid, it was moved by Mr. Berwick, seconded by Mr. Myers and carried, that the President is authorized, empowered and directed to execute contract upon the recommendation of the Parish Engineer.

In response to an advertisement for bids, published in the official journal for the designation of the official journal for Cameron Parish Police Jury, the following bid was received and tabulated:

Bidder	Amount
Cameron Parish Pilot	$4.00 per square (100 words) for each insertion

It was moved by Mr. Myers, seconded by Mr. Conner and carried, that the bid of Cameron Parish Pilot, be and the same is hereby accepted and the Cameron Parish Pilot is hereby designated as the Official Journal of Cameron Parish for 1977-78.

It was moved by Mr. Trosclair, seconded by Mr. Berwick and carried, that the application of A. J. Braquet for a non-exclusive franchise for a water system in Holly Beach, be and the same is hereby denied.

It was moved by Mr. Richard, seconded by Mr. Myers and carried, that the secretary shall advertise for bids for a storage barn (60 x 40).

It was moved by Mr. Richard, seconded by Mr. Conner and carried, that the secretary shall advertise for the receipt of bids for the addition to the livestock barn and an alternate bid for an extension of 75' X 70'.

The following resolution was offered by Mr. Myers, seconded by Mr. Conner and declared adopted.

RESOLUTION

21st Year -- No. 53 Cameron, La. Oct. 13 1977

BUYERS AND TRAPPERS inspect hides at the alligator sale at Rockefeller Wildlife Refuge. 5,209 'gators were sold by 236 trappers and four farmers. The income from this year's auction was close to a half-million dollars.

Gator hunt is success again

5,209 alligator hides sold for an average price of $12.23 per foot at Rockefeller Wildlife Refuge Oct. 4, J. Burton Angelle, Secretary of the Louisiana Department of Wildlife and Fisheries, announced this week.

The sale pumped a total of $474,563 into the economy of Cameron, Calcasieu, and Vermilion parishes in southwest Louisiana. This total was somewhat lower than the record sale of $509,060 from the 1976 sale when hides sold for $16.50 per foot.

"This is the third alligator sale since the passing of the Endangered Species Act in 1973 and the price per foot has gone down as a direct result of restrictions on the exporting of hides," Angelle said. "In spite of the price decrease, the season was excellent with 95 percent harvest success. Income from the sale was second highest since the harvest of surplus 'gators began in 1972."

In 1972, trappers took 1,334 alligator hides that brought $74,614. In 1973, 2,908 hides brought $271,649. The season in 1975, following the closed season in 1974, brought $251,876.

Angelle said that average length of the gators taken in the wild and auctioned at Rockefeller was 7.3 feet. There were two record fourteen footers.

Average price per hide was $91.27 and 41,000 feet of leather was sold to be used for boots, shoes, belts, watchbands, and purses.

5,753 tags were issued to 236 trappers and four farmers who participated in the 1977 harvest. 377 hides were sold by farmers with approximately 300 coming from Kliebert's alligator farm in Hammond.

All alligators were purchased by two companies, the Fouke Company of Greenville, South Carolina and Mirandona Brothers of New Orleans.

This year's alligator season opened Sept. 1 and extended through Sept 30 for a total of thirty days. The quota of 5,753 tags was figured according to the salinity of the marsh area being hunted. Eight percent of the total population on lands hunted can be harvested without hurting the overall population. An estimated 108,000 'gators live in the portions of the three parishes involved in the harvest.

The Department of Wildlife and Fisheries is presently negotiating with the U. S. Fish and Wildlife Service to remove the alligator from the threatened category throughout most of the coastal parishes and give the department the right to set annual alligator seasons in those parishes where there are excessive 'gator populations.

The department is also working to have the alligator reassigned to a less restrictive category under the provisions of the International Trade Convention Treaty in Endangered Species of Wild Fauna and Flora. Once this is done, the hides can be exported and European demand would greatly stimulate price increases.

Angelle said that population studies and the successful harvest of alligators conducted in the three parishes where surplus 'gators have been taken, reveal that Louisiana should be allowed to conduct seasons in other parishes where population densities exist.

IF IT LOOKS like 3-year-old Rusty Welch of Oak Grove has an alligator for a pet the picture is a little deceiving. Actually the 'gator is dead. Rusty's dad, Bennie Welch, killed the 'gator in the recent alligator hunt in the parish and put the whole animal in his deepfreeze until he had time to skin it. When he took it out the 'gator was in a crawling position and looked almost alive.

Surface leases given by school board here

Surface leases on ten school sections were awarded by the Cameron parish school board Monday, with the leases slated to bring a total of $16,478 in for the board annually.

The leases were on the Sixteenth sections that were given school boards years ago by the government to aid with financing schools. Most parishes in the state sold their sections long ago, abut Cameron parish held on to its sections and has been well rewarded in recent years with lucrative mineral leases and surface leases.

The surface leases are for hunting, trapping, fishing and farming.

Following are the surface leases awarded Monday with the bid of the successful bidder first, followed by those of the unsuccessful bidders:

Section 16-12-13: Charles Thackson, $1,253 a year; Larry J. Judice, $900; Lloyd C. Smith, $900; Steve Broussard, $1003; Harry Sutton, $1075; David Schalon, $1155.

Section 16-14-3: Warren Price, $576. (Only bidder.)

Section 16-14-5: Carl S. Falco, $3351; Daniel's Welding Service, $3000; Loston Shell Auto Repair, $2595; Willis Tool Co., $2668; David Schalon, $2520.

Section 16-14-10: Arty Cormier, $101; Luke Benoit, $50; McKinley Guidry, $50.

Section 16-14-11: Curtis Trahan, $1160; Lyle Crain $1120.

Section 16-14-13: Vetchel Cormier, $2006; Bill Delcambre, $1601; James J. Cox; 1587; Clifford Jinks, $1600.

Section 16-14-14: G. S. Soileau, $3616; J. P. Crain, $920.

Section 16-15-3: Daniel's Welding Service, $100; Elizabeth Richard, $777; A. B. Richard, $1050; Gas Appliance Co., $851; and Bobby L. Duhon, $715.

Section 16-15-4: Richard L. Gates, $3175; Paul Guillory, $2505; Robert Mudd, $3000; C. S. Falco, $2651; J. T. James Corp., $222; Dr. Hydes, Jones & Tanner, $3112; Drozan Miller, $2787.

Section 16-15-7: Bruchman Fruge, $80. (only bidder).

In another action involving a 16th section, the board agreed to transfer a farm lease agreement on Section 16-12-3 from Mary S. David, widow of Ronald David, to Cecil David, John Paul David, Lawrence David and Percy David.

A request from James R. Savoie of Creole to extend his surface lease on School Section 16-14-7 for 10 years with the provisions that he levee the section was taken under advisement by the board.

Under a new state law, school boards can grant lower leases on school sections if the leaseholder agrees to make permanent improvements to the property.

Absentee voting

Absentee voting in the special judgeship race for the 14th Judicial District will be Oct. 17-29 in the clerk of court's office in Cameron during regular office hours and until noon on Saturdays.

The election will be on Nov. 5.

S. Cameron to honor '28, '53, '68 classes

The South Cameron High School student council members planned for the 1977-78 Homecoming at the October meeting. The classes of 1968, 1953, and 1928 are the honorees in keeping with the traditional observation of 10, 25, and 50 years.

The 1928 graduating class consisted of Gilliam Montie, Bernice Richard, Irma Richard, Emily Miller, Joe Rutherford, L. B. Welch, Sophie Doland, Beulah LaBove, and Thelma Rutherford.

The 1953 graduating class of Grand Chenier consisted of Ruby Nunez, James Fawvor, Thomas W. McCall, Neil Crain, Donald Richard, and J. D. Bertrand. The Creole class of 1953 consisted of: Janelle Hebert, Dorothy Vincent, Betty Jo Peshoff, Betty Mae Richard, Marie Picou, Winston Theriot, C. J. Stoutes, Norbert LeBoeuf, G. H. LeBoeuf, Hilda Bonsall, Weldon Vincent, Jeanette Rogers, Floyd Kelley, Robert Doxey, Rufus Baccigalopi, and Winola Theriot. Audrey Memorial School had their first graduating class in 1953 consisting of Cleveland Washington, A. J. Pradia, and Eunice Bishop.

The South Cameron High School 1968 graduates were: Robert and Ted Baccigalopi, Gladys, Glenda, Patricia, Ronnie, and Sidgy Benoit, Dewey J. and Gwen Boudreaux, Ronald Breaux, Wendell Broussard, Mark Brown, Joe Clark, James and Roy Conner, Ronald Delcambre, Gloria DeRouen, Patsy Doxey, **Anna Guillory, Keith Hebert, Debbie** Jones, Tonny Kershaw, Charlene and Michael LaBove, Karen, Linda, and Sandra Miller, Suzanne Nunez, Gladys Peshoff, Ronnie Picou, Paula and Sharlene Richard, Walter Roome, Arlene and Barkely Roux, Geraldine, James and Kathy Savoie, Darrell Swire, Carl and Carolyn Trahan, Sharon Theriot, Thomas Thornton, Diane Warren, and Barbara Williams.

If any names have been omitted from these groups, please contact South Cameron High School at 542-8560.

An invitation is extended to all the above mentioned and their spouses to enjoy a social hour and refreshments in the South Cameron High School home economics department Friday, Oct. 21 from 6 to 7 p. m. and to attend the 1977-78 Homecoming game against the Marian Chargers at 7:30 p. m. in the South Cameron Stadium.

ATTEND STATE RIFLE MEET

REPRESENTING CAMERON parish at a state 4-H rifle-archery meet recently were, front row, from left: Duncan Crain, David Boudreaux, David Vincent and Kenton Ortego. Back row: Blaine Buford, Gary Wicke, parish 4-H agent; and Mark Trahan.

Oil flow begins at second dome

Sweet crude oil began flowing Tuesday into the Bryan Mound Salt Dome, near Freeport, Texas- one of the nation's energy piggybanks.

The dome is one of two currently being filled with crude oil to provide the nation with a mammoth reservoir in case of future oil crises. The other one is at Hackberry.

The domes are actually underground salt caverns filled with salt water.

Some 50,000 barrles of oil from the North Sea will be pumped into the Texas dome each day. By Oct. 17 some 275,000 barrels will be stored in the doem, which has a capacity of 63 million barrels.

The Louisiana dome has a capacity of 61 million barrels. The two domes are expected to have a strategic storage of nearly 2.3 million barrels by the end of the month.

Committee named

A three-member examining committee for Notary Public applications for Cameron parish has been appointed by the six judges of the Fourteenth Judicial District.

Following the provisions of Act 457 of the 1977 Legislature, the judges appointed the following committee:

H. Ward Fontenot, Cameron attorney, chairman; Glenn W. Alexander, Cameron attorney, the designee of Roland Ptrmeaux, clerk of court; and J. Berton Daigle, former clerk of court and a Notary.

The committee will serve for two years and will examine all applicants for Notary Public licenses in the parish.

Trucker killed in crash Sat.

Joseph C. Camalo, 27, of 829 Fifth St. in Lake Charles was fatally injured about 4:10 p. m. Saturday in a one-vehicle accident on Louisiana 27, four miles south of the Gibbstowns Bridge.

Trooper Errol Cheramie of Troop D State Police said Camalo was driving a truck north on the highway when he apparently ran off the east shoulder of the roadway.

Camalo apparently attempted to turn the truck back onto the roadway and lost control. The vehicle overturned three times, pinning Camalo in the wreckage. Cheramie said.

He was the sixth traffic fatality in Cameron Parish this year. The fifth fatality occurred May 23.

Retreat set for high schoolers

A "twilight retreat" for high school students in grade 10-12 will be held Sunday, Oct. 16, from 4 to 8:30 p. m. in the Sacred Heart Life Center, according to Msgr. M. J. Bernard, pastor.

Students from Cameron, Grand Chenier and Creole are invited to participate.

Father Sam Jacobs, chaplain, and the student staff from the McNeese Catholic Center, will conduct the retreat. He has been conducting the "SEARCH" program in the Catholic Diocese of Lafayette for teenagers.

The program will consist of a mass, refreshments and a social.

Reservations must be in by Thursday, Oct. 13. Interested persons may contact Melanie Guidry, Renee Boudreaux or Ann Theriot to make reservations.

Legion meeting

The October meeting of the Richard Bros. American Legion Post and auxiliary will be held Tuesday, Oct. 18, at 7 p. m. at the Post home in Creole, according to Oscar Reyes, commander.

Supper will be served prior to the meeting.

Mission slated

The Rev. Henry J. Broussard, pastor of St. Joseph Catholic Church in Evangeline, will conduct a two day mission at St. Eugene's Church in Grand Chenier Oct. 20 and 21. The exercises will begin at 7 p. m. and end with Mass.

Father Broussard was a member of the Holy Cross Brothers and he studied at the University of Austin. He was then stationed in Los Angeles, Calif. where he worked as a disciplinarian in a correction home for deliquent boys. Later he joined the diocese of Lafayette and studied at Immaculate Seminary in Lafayette, and Theology at Notre Dame Seminary in New Orleans.

Father Broussard was ordained a priest in April, 1972. He is a native of Eunice.

A. J. Planchard

Planchard in judge's race

A. J. Planchard, Sulphur lawyer, has announced his candidacy for a vacant judgeship in the 14th Judicial District Court. The vacancy, created when Judge Earl Veron resigned to accept a federal judgeship, will be filled in a special election on Nov. 5.

Planchard was reared in Sulphur was graduated from Sulphur High School in 1947. He attended McNeese and Louisiana state universities and received his bachelor of science degree from LSU in 1952. He was in Army artillery from 1953 to 1955. After his Army srvice, he was graduated from the LSU Law School and was admitted to the Louisiana Bar in 1958. He has practiced law in Sulphur since then.

Planchard was elected a delegate to the Louisiana Constitutional Convention of 1973, was elected to its board of directors and was appointed to the tax committee.

He is a member of the board of directors of the Sowela Area Camp Fire Girls Council, a member and past president of the Sulphur Rotary Club and a member of the American Legion, Vetecans of Foreign Wars, Southwest Louisiana, state and American bar associations and American Trial Lawyers Association.

A member of Our Lady of Prompt Succor Catholic Church in Sulphur, Planchard is a church lector and a former member of the church council.

Rev. Henry Broussard

GRAND LAKE-SWEETLAKE

Lake folks are busy

By MRS. AGNES HEBERT

Anyone who knows Ella Mae Precht can verify that even in a telephone conversation, the force of her exuberant personality can brighten your day.

Mrs. Precht called to say she was enjoying the articles and give me some news about their children. Daughter Barbara and husband Buddy Hanchey are living in Shreveport.

Buddy retired several years ago from a career in the Air Force. Granddaughter Karen is in college and Kathy is enjoying an extended visit with the Prechts.

Their son, Charlie Boy and his wife Ethel are carrying on the farming tradition now that Mr. Charlie, Sr. is easing into retirement. Ethel, of course, is our local artist. Their sons, Charles III, and Kelly, farm with their father.

Billy Wayne and Beverly live in Jennings where he is a pilot and crop duster and she teaches art in her spare time. Their boys Billy and Robert help out in the rice fields after school.

Ella Mae is not a bonafide "Coonie" but her joi do vie entitles her to be an honorary one.

GREEN THUMB

Winola Compton seems to have a green thumb just as her mother, the late Mrs. Matilda Savoie did. Winola and her husband Dude, who is retired from the oil fields, live on her parents homesite.

Before his death, her father Abra Savoie worked for the state on the Black Bayou ferry. The Comptons direct their energy to yard and gardens. Their blue bottle tree is very eye catching.

The house for sale in our area is Vernon McCains. Jolene and Vernon have lived in the outskirts of Iowa for several years. Vernon teaches Ag at Fenton and their children are very active in livestock projects.

Although in ill health, Mrs. Mimi McCain is being lovingly cared for by her daughter bernice Greathouse. Her mobile home is comfortably located very near the Greathouses and is connected by an interocm for her security. Bonnie doesn't get away from home often but enjoys an occasional visit with daughter Annette and son Wendall in Houston.

WILDLIFE AGENTS

Two of our Wildlife and Fishery Agents are living in the same section of the community. Agent Hubert Babineaux moved his family into the Cleo Matte homeplace near Harley Matte's house. This brings Hubert and Jackie to his in-laws neighborhood since her father, Camille LeJeune and her brother Mike and his family live down Delaney Lane. Agent Myrle Hebert and his family also live down this lane.

Moving into Donald Todd's rent house recently were Timmy, Diane and baby Timmy Daigle, Jr. His brother Roger and his wife Betsy have brought their sons back nearer to Granma Dot Daigle. They're renting Ruby Daigle's trailer near the John Demarests while Roger works in the oilfields.

ATTEND GAMES

Joining Mr. and Mrs. Robert Manuel in attending the South Cameron-Westlake football game were Mr. and Mrs. Adam Conner. Coach Manuel doesn't get as many butterflys in his stomach since he has retired and joined the cheering section-but almost. His heart is still with the Tarpons whom he coached for many years.

RECREATION CENTER

Looking in at the Grand Lake-Sweet Lake Recreation Center on a recent Friday night, I was warmly welcomed by the youngsters there and the very capable director, Mrs. Mary Venable.

The kids were playing cards, ping pong, pool, watching T. V. and just generally having a good time. We are fortunate to have a nice place in the area where the young people can get together to visit.

Granma Susan, as we at Boone's Corner affectionately call former Pilot reporter Mrs. Wasey Granger, is on her way to Tennessee for a visit to her "far away" grandchildren. Accompanied by her sister Mrs. Pearl LaBove, Susan is visiting her son Harold and his family. Granma is very proud of all her grandchildren and will share her latest photographs eagerly.

Granpa Wasey has retired from boilermaking and someone should prevail upon him to write his memoirs for posterity. The Pilot ran a series of fascinating articles from Wasey's father's diary several years ago. Wasey has the same analytical recall of detail and it would be a shame not to have a written record of some of his impressions.

FUR FESTIVAL

The Fur Festival is a very special event for parish residents. Yet, we tend to forget that it has been around for some time now. Seeing Miss Cameron Parish Nancy Clair Nunez displaying an advertising bumper sticker, we remember that only a few years ago her Aunt Debbie Precht posed for a similiar picture. Surely it could not have been too many years ago that the lovely Nancy Precht was Queen.

Debbie Precht Howerton and her husband Pat are residing in Jennings now and proudly watching their little daughter Heather Nicole blossom in future beauty queen fashion. Miss Cameron Parish Year of 2000? Could be. Second generation beauties are a family tradition.

DUCKS

Are all of the ducks in Odell Vinson's lawn pond for real? Some of them swim about while others look suspiciously like decoys. Odell left an island in the middle of the pond and has now constructed a bridge to the mainland.

Long time residents Geneva and Guy Humpheries have sold their home and moved to Starks to be near their daughter Cathy Corry and her family. These nice people will surely be missed. Guy kept all his neighbors in fresh tomatoes for years and Geneva's friendly service at the Fabric House was very welcome. Best wishes to them in their new community.

VISIT TO RACES

Visiting with Leatrice (Duhon) and Al Viator recently at Delta Downs we learned that their son Dwight is a horse trainer in New Orleans. Their daughter Debbie Theriot and her husband Terry live in Creole. D'Lisa is the youngest and still in school. She enjoys visits to Mama Mia and Granpa John B. Duhon in Sweetlake.

Between races Bernice and Alfred Duhon got to visit with her sister Audrey, her brother Jessie and their spouses.

Also on hand was Delta Downs President Lee Berwick from St. Joseph, La. who stopped by for a friendly chat.

Home for a visit from the coldest part of Alaska, Ronnie Robideaux is really enjoying the La. sunshine and his new home which was completed just prior to his departure for Santa Claus land last year.

Enjoying a delicious seafood dinner at Carltons in Creole were Belinda Hebert and Ernette Nash. They were in Cameron visiting Belinda's mother, Mrs. Eva O'Quin.

It's not that I'm running short of news but as my boss Sonny McCall foresaw, I've worn out my pencil.

MRS. HARRY CONNER, CDA Grand Regent of Court Mary Olive, here presents a past Grand Regent's pin to Mrs. Clayton Trahan at the October meeting.

National CDA Day to be observed Sunday

Court Mary Olive Catholic Daughters met Oct. 4, in the KC Hall in Creole. Regent Mrs. Harry Conner opened the meeting with prayer and Mrs. Clifford Myers led the pledge.

Mgr. Bernard reminded the Daughters that October is the month of Our Lady of Fatima. Members are urged to contact Mrs. Wayne Montie if they want to host a rosary.

National CDA Day is Sunday, Oct. 16. Daughters and their families will receive communion in a body at the 8:30 a. m. Mass in Creole. The Young Peoples Choir will sing for the congregation. Donuts and coffee will be served in the Life Center after mass for members and their families.

Mrs. Roland Primeaux's prayer was attributed to St. Francis of Assisi.

Mgr. Bernard closed the meeting with a prayer for the sick in the parish.

The next meeting will be Nov. 1, at 7 p. m. at the K. C. Hall in Creole.

The ancient Norse believed that the shaking of a god imprisoned in the earth was the cause of earthquakes.

AN EQUAL OPPORTUNITY EMPLOYER

Fellowship to be held 23rd

Plans were made for the October 23rd Senior Citizens Fellowship for Cameron Parish Senior Citizens over 60 years of age at the October meeting of the Our Lady of the Sea CDA held this week at the church Family Center.

The fellowship will be co-hosted by the Cameron United Methodist Women and will be held at the Methodist Church Hall.

Mrs. Adenise Trosclair, Grand Regent, reminded the Court of the C.D.A. workshop to be held Oct. 23, from 8 a. m. to 5 p. m. in Sulphur with Our Lady of LaSalette Court as hosts.

Msgr. Curtis Vidrine presented a program on Pro-Life Month and showed slides on Abortion.

Members were reminded that the first Sunday in November the group will have group communion at the church.

Discussions were held on fund raising projects, a trip to Jerusalem, and a nominee for the VFW Citizenship award.

The door prize was won by Mrs. Florine LeBlanc.

Camp Fire group has 1st meet

The Lu Nil Oki Camp Fire Adventure Club held its first meeting of the year Thursday in the home of Kari Brown.

The club welcomed a new member, Veronica Hebert.

Plans were made to have a Spook House at Halloween to raise money for a spring trip.

New officers elected were: president, Missy Guthrie; vice-president, Veronica Hebert; treasurer, Doris Boudreaux; secretary, Melonie LaBove; Sgt. at Arms, Kari Brown.

Also the club will take part in the annual Camp Fire magazine sale, beginning Oct. 21.

Refreshments served by Kari Brown.

When Napoleon was exiled to Elba, a Mediterranean island, his mother followed him there.

Cameron

Mrs. David Alen Savoie

Savoie-Nunez wedding vows said Oct. 8th

A garden setting on the banks of the Mermentau River, at the home of the bride's parents was the scene of the wedding of Vickie Lee Nunez and David Allen Savoie at 11 a. m., Oct. 8. The Rev. Francis LaRocque officiated.

The bride is the daughter of Mr. and Mrs. Lee R. Nunez, Jr. of Grand Chenier, and the groom is the son of Mr. and Mrs. Thomas R. Savoie of Creole.

The bride wore a candlelight quiana bridal gown which featured a queen ann neckline and a bodice fashioned of reembroidered alucinon lace studed with seed pearls.

The accordian pleated chiffon sleeves have the same lace at the wrist and on the ruffle around the bottom of the dress and ending in a train at the back.

The chapel veil repeats the same lace and pearls as the dress on the crown and as a border around the veil.

She carried a cascade bouquet of white roses.

Cynthia Ann Nunez, sister of the bride, served as maid of honor and bridesmaids were Mrs. Jerry Canik, sister of the groom; Darlene Boudreaux, Vickie Savoie, and Cindy Core.

They wore burgandy chiffon gowns and carried bouquets of flowers with the same flowers in their hair.

Flower girls were Chantelle Sturlese and Djuana Nunez. They wore candlelight gowns.

Gary Wayne LeBouef served as best man. Groomsmen were Jerry Canik, Bobby Pinch, Paul Miller, Jeff McCall, Jerome Rutherford, Kenneth Theriot and Wayne Sturliese.

Ring bearers were Myron Picou and Geary McDonald.

Serving as ushers were Bobby Conner, Evans LaBove and Pat Pinch.

The bride and groom are both graduates of South Cameron High School. The bride is a sophomore at McNeese State University, majoring in Home Econimics and Business and the groom is imployed by the Kerr-McGee Corp.

After a honeymoon trip to Houston, Texas, the couple will make their home in Grand Lake.

The word "dessert" gets its name from the French word meaning "to clear the table." It is that which is eaten after the table has been cleared.

Officers are elected at Grand Lake

Each class at Grand Lake high school has elected officers for their student body. The officers are:

Eighth grade-W. C.Beard, president; Lee Faulk, vice-president; Joel Leach, secretary; Linetta Pettifer, treasurer; and Susan McGee, reporter.

Ninth grade-John Lannin, president; Ancil Delaney, vice-president; Dena Phillips, secretary; Barbara LaBove, treasurer; and Bryan Beniot, reporter.

Tenth grade-Wendy Lannin, president; Buck Suydam, vice-president; Kim Breaux, secretary; Darryl Poole, treasurer; and Mary Crador, reporter.

Eleventh grade-Mark Lannin, president; Coy Vincent, vice-president; Tracy Lannin, secretary; Angela Thomas, treasurer; Ramona Newton, reporter; and Dewey Begnaud, parlimentarian.

Twelth grade-Beth Greathouse, president; Mike Beard, vice-president; Donna Kline, secretary; Mark Broussard, treasurer; and Caren Beard, reporter.

Grand Lake Sr. 4-H has meet

The Grand Lake Sr. 4-H Club met Sept. 20 in their first meeting of the school year to fill out their enrollment cards. They also eleted another 3rd vice-president, Mary Manuel.

Mrs. Guidry, sponsor, discussed the rice cookery contest and other upcoming events with the group.

Creole 4-H plans Week

The Creole 4-H Club met recently to discuss upcoming events and the National 4-H week projects.

The 4-H executive meeting will be held in Cameron Thursday, Oct. 13. Mike Montie, president, and Stephine Boudreaux, secretary, will attend the meeting.

J. Bayou honor roll

The Johnson Bayou high school honor roll for the first six weeks has been announced by Principal Howard Romero as follows:

2nd Grade: Nathan Delino, Angela Trahan, Bobbie Trahan.

3rd Grade: Shane Blanchard (all A's), Marla Crader, Wally Erbelding (all A's), Rhonda Jinks, Delin Manuel, Veronica Sandifer, Ann Schaller (all A's), Marty Sharp (all A's), Jude Touchet.

4th Grade: Angie Touchet.

5th Grage: Debra Badon, Pat Boudreaux, Vickie Delino, Desiree Romero.

6th Grade: Jennifer Tramonte, Denise Perry.

7th Grade: Mark Hebert, Marria Istre.

8th Grade: None.

9th Grade: Robert Constance, Crystal LeJeune, David Schaller.

10th Grade: William Perry, Jr.

11th Grage: Helen Merritt, Mike Prescott, Jessie Simon.

12th Grade: Penny Schaller, Greg Trahan.

Mr. and Mrs. James Kimberly Fawvor

Cynthia Ann Vincent and James Fawvor wed

The Sacred Heart Catholic Church of Creole formed the double ring ceremony uniting Cynthia Ann Vincent and James Kimberly Fawvor Friday, Sept. 30, at 7 p. m. Msgr. M. J. Bernard officiated the nuptial Mass.

The bride is the daughter of Mr. and Mrs. Amos J. Vincent of Creole. The groom is the son of Mrs. Ted Joanen of Grand Chenier and Dudley Fawvor of Lafayette.

For her wedding day the bride chose a gown embellished with pearls and Venise lace. The fitted bodice featured a v-neckline and tappered wedding sleeves. Her fingertip veil was trimmed with chantilly lace. She carried a cascade of minature pastel colored carnations and mums with red roses.

Carolyn Turver served as maid of honor. Bridesmaids were Maureen Manuel and Bethany Tarver. They each carried a long stem red rose.

The flower girl was Layla Manuel and the ringbearer was Joey Trahan.

The bride and groom are seniors at South Cameron High School.

After a wedding trip to Galveston, the couple will make their home in Grand Chenier.

Annual staff named at G. L.

Jolene LaBove was named editor for the 1978 annual staff. Other officers are: Tracy Lannin, co-editor; members: Wendy Lannin, Carmen Hebert, Angela Thomas, Nolia O'Blance, Irma Broussard, Beth Greathouse, Donne Kline, James Phillips, Christine Chesson, Coy Vincent, Sharon LaBove, Caren Beard, Mark Broussard, Chris LaBergne, Shelley Demarest, Duke Hebert, Mark Lannin, Ancil Delaney, and Bill Robichaux. Ernestine Biagas is the faculty sponsor.

Eli Whitney's model for the cotton gin was stolen and manufactured by unscrupulous businessmen before he obtained a patent.

Cottage to be dedicated Sunday in Monroe

Grace Cottage will be dedicated at 2:30 p. m. Sunday, October 16 at the Louisiana Baptist Children's Home in Monroe. Guest speaker will be Colonel Robert Cooke Buckner of Dallas, Texas, who was Home superintendent from 1934 to 1936. The cottage was paid for by contributions from more than 4,400 persons, including many from Calcasieu, Cameron and Beauregard parishes. Supt. Wade B. East has invited the public to attend.

Bazaar feature

MRS. LYNN MILLER tries on a handmade bonnet on Mrs. Winnie Mouton. Mrs. Mouton is chairman of the country counter at the Sacred Heart Catholic Church bazaar to be held at the Creole KC hall Oct. 29-30. The bonnets are among the many handmade items that will be offered for sale.

JOHNSON BAYOU

Harvest Festival plans are made

By CAROLINE HEBERT

The Johnson Bayou Athletic Association meeting was held Monday. This year's officers elected were: president, Sonny McGee; vice-pres., Mrs. Dot Schaller; secretary, Mrs. Cindy McGee; and treasurer, Howard Romero.

Plans for the coming Harvest Festival were discussed and Coach Doug Welch showed two movie films of the J. B. Rebels boys team playing scrimmages with Laccasine and Midland.

RECREATION CENTER

Friday, Oct. 14, will be the last Friday night dance at the Recreation Center for this season. The dance will be held from 7:30 to 10:30 p. m. Skating stopped rolling on Tuesday, Sept. 27. Tuesday and Friday nights can now be filled by attending the J. B. Rebels basketball games.

BUYS MODEL T

David Romero recently purchased a replica of a Model T Ford in Port Arthur.

Don Hebert entered three of this game chickens in the Cal-Cam Fair in Sulphur this year. He received one first and two second place ribbons, while Caroline received two first place ribbons and one second on the jelly and preserves she entered.

BIRTHDAY PARTY

Nadine Conner was honoree at a party given Sept. 22 in celebration of her 12th birthday, at the Johnson Bayou Recreation Center. The hostess was Mrs. Deanan Tingler. Nadine is the daughter of Robert Conner and Mrs. George Hicks, all of Johnson Bayou.

Friends attending the party were Marria Istre, Mark Hebert, Mac Sharp, Toby Sandifer, Helen Trahan, Patty Jinks, Jene' Griffith, Desiree Romero, Jude Touchet, Cynthia Badon, Tammy Bowen, Bobby Joe Jinks, Larie Barentine, Renee' Barentine and Elaine Barnett all of Johnson Bayou and Hollybeach.

BREAKS ARM

Mary Margaret Spencer, daughter of James David Spencer of Houston, Texas, is a guest of Mrs. Deanna Tingler. She plans to attend Johnson Bayou School, while her father is employed by an area contractor.

Mary has been here for two weeks and already has a broken arm from falling off a horse that she was riding.

David McGee received a broken collar bone when he fell off his bicycle last week.

Election

The following officers were elected to serve the South Cameron High School Student Body for 1977-78: President, Nadine Richard; Vice president, Delaine Desonier; Secretary, Deidre Theriot; Treasurer, Jocelyn McEvers; Reporter, Becky Nunez; Sgt. at Arms, Chris Theriot.

Other members on the student council are Bob Savoie, Alan Porche, Robbie Nunez, and Duncan Crain.

Projects the council is working on are: The erection of the South Cameron High School identification sign; the cleaning and maintenance of the school planters; the welfare of the teacher's lounge; the lunch room bulletin boards; homecoming, and the Veteran's Day program.

Pep squad

The Grand Lake high school pep squad has elected officers for the new year. They are: Cathy LeBlanc, president; Wendy Lannin, vice-president; Barbara La-Bove, secretary; and Shari Beard, treasurer. Their faculty sponsor is Ernestine Biagas.

HACKBERRY

Basketball game set for Saturday night

By MRS. VERNIE WELCH

Sister Mary Paul DeVincent of Crowley visited her parents and family, Mr. and Mrs. Adolph Meyers.

Mr. and Mrs. Larry Primeaux and sons from Cameron visited his parents, the Arvin Primeauxs.

Mr. and Mrs. Westen Touchett from Abbeville visited her sister and family, the Norris Schexnider and the Joe Soirez family.

Mr. and Mrs. Gabe Welch and son Doug visited the Sam Littles and the Vernie Welchs.

There was a pesticide meeting held Oct. 11 in the school cafeteria.

The yearbook staff are selling ads.

There will ba a spagetti supper Friday, Oct. 14, in the school cafeteria.

BASKETBALL GAME

There will be a basketball game Sat., Oct. 15, Hackberry vs Johnson Bayou.

Children from Hackberry who worked at the fair booth are Brian Petre, Jeff Gibbs, Mark Pooser, Lois Soirez, Christine Powers, Mike Le-Jeune, Katie Soirez, Douglas Mosley, Francis Lyons, and Kenneth Pooser.

Get well wishes go to Mrs. Stella Burch who is 88 years old and a patient at Cal-Cam hospital.

BIRTHS

Grandparents are Mr. and Mrs. I. J. Ellender, Mrs. Mary Lee Jinks, Vernon Jinks.

A brother, Jarod, welcomed the new baby.

Rt. 1 Cameron

By MRS. GEORGE NUNEZ

Mr. and Mrs. Butch Watts, Bryan and Granny of New Iberia visited Mr. and Mrs. Brown Watts, Mr. and Mrs. Fletcher Miller, and Mrs. Matilda Doxey recently.

Mrs. Tillie Mudd of Sulphur spent a few days in Eunice with Mrs. Plum Manuel and also visited here with Mrs. Allie Henry, Mr. and Mrs. Rodney Guilbeau. and Mr. and Mrs. Pierre Savoie.

Mrs. James Austin and Robert of Port Arthur spent Friday and Saturday with Margie Kelly and Jerry and the George Nunezs. Sunday Mrs. Floyd Trahan and Mark visited Mrs. Gladys Trahan and Joe, and the George Nunezs.

Mr. and Mrs. Peter Dahlen and Patty O'Hare of Wildwood, New Jersey, spent two weeks with Mr. and Mrs. F. O. Theriot and Mr. and Mrs. Richard Dahlen and family.

Our deepest sympathy to the family of Mrs. Jane Kershaw who passed away Friday. Mr. and Mrs. Guy Parks of Lake Charles and Mr. and Mrs. R. C. Domingue of Lafayette attended the funeral of Mrs. Kershaw.

Mrs. Frank Hooper and Debbie, Mr. and Mrs. Dwane Nunez and baby of Big Lake spent the day Sunday with Mrs. Elray LaBove. Mrs. Erma Mueler of Port Arthur is spending a few days with Mrs. LaBove.

Mr. and Mrs. Dennis Fletcher and boys of Lake Charles spent Friday night and Saturday with the Warren Miller family.

County Agent's Report

By CLIFFORD MYERS

Smutgrass can now be effectively and economically controlled with the use of Dowpon M. In fact, this is the only herbicide available that has proven to be effective in controlling smutgrass. The recommended rate is 5 pounds per acre in enough water to give good coverage.

Spring or fall applications can be made. However, fall applications is more practical. The main thing to keep in mind is to make the application while the smutgrass is still growing. The latest date depends on when the first frost comes.

The most important item in spraying Dowpon to control smutgrass is to make sure all the plants are completely covered. The larger the growth the more water is required. Usually 20 gallons of water per acre by ground equipment is needed.

Unless the growth is very rank and coverage impossible without mowing, the grass should not be cut. Best results are obtained with full growth of the smutgrass when sprayed. If mowing is done, leave at least 4 to 6 inches of top growth. Where the smutgrass is short, there is not enough top growth to take up enough Dowpon of effect a good kill.

In the spring following a fall application of Dowpon, the warm season grass should be well fertilized to stimulate growth. This will make the warm season grass spread more rapidly filling in the area vacated by smutgrass. If the desirable grass is growing fast, it tends to crowd out the new smutgrass seedlings as they emerge. Bermuda grass pastures fill in the area rapidly with runners.

To coat a food in aspic both should be very cold and the aspic barely liquid Chill between coatings.

Teacher-Aggies game scheduled

Final plans for the teachers-Aggies basketball game were made at the recent meeting of the Grand Lake Future Farmers. The game is scheduled for Thursday, Nov. 17.

The annual Aggie Day will be observed Saturday, Dec. 17. The Greenhorn initiation is set for Friday, Nov. 11. Plans are underway for a pig chain started by a gilt purchased at the spring show.

Letters of appreciation were sent to Mervyn Taylor, Charles Precht Jr., Richard Poole, Pat Smith and Terry Taylor for helping to get their school farm in shape by bush hogging and discing the rye grass pasture.

Farmers to nominate candidates

Calcasieu and Cameron parish farmers are asked to nominate candidates of their choice to the new ASC community committee ballot, stated James R. Friesen, Calcasieu, and B. Howard Cox, Cameron Chairmen of the Agricultural Stabilization and Conservation (ASC) Committee for Calcasieu and Cameron Parish.

The ASC Community committee election will begin by mailing of ballots on Nov. 25 and continue through Dec. 5, the election date. The ASC election will be conducted by mail. The four Calcasieu and three Cameron ASC communities in Calcasieu and Cameron Parishes are:

Calcasieu Parish

Wards 1 & 8, Gillis and Iowa areas, Community I.

Wards 2 & 3, Bell City & Lake Charles areas, Community II.

Wards 4 & 7, Sulphur & Vinton area, Community III.

Wards 5 & 6, Starks & DeQuincy area, Community IV.

Cameron Parish

Wards 1, 2 & 3, Grand Chenier, Creole, & Cameron, Community I.

Wards 4, 6 & 7, Klondike & Sweetlake, Community II.

Wards 5 & 8, Johnsons Bayou & Hackberry, Community III.

ASC committees are responsible for administration of farm programs at the local level. To meet the needs of individual producers, ASC committee members must be concerned and responsible individuals, Friesen and Cox said. Calcasieu and Cameron Parishes farmers have the opportunity to nominate persons they feel would best serve the farm community. Anyone eligible to vote in ASC elections is eligible to petition a candidate to appear on the ballot. All petitions must be submitted to the parish ASCS office anytime after October 6 and until October 31, 1977.

A few basic considerations should be kept in mind when circulating petitions, Friesen and Cox said. In order to be valid, petitions must be limited to one nominee each, must include written certification that the nominee is willing to serve if elected, must be signed by at least three persons eligible to vote in the ASC election, and must be received in the parish ASCS Office no later than October 31.

Bus purchased

Cagle Chevrolet Co. of Lake Charles was the successful bidder on an activity bus for Hackberry high school when the Cameron parish school board opened bids Monday.

Cagle's bid was $16,682.60 for the automatic transmission bus.

The board also agreed to advertise for a van-type bus to transport students to McNeese.

Betty Richard was named kindergarten aide at South Cameron elementary school and the board advertised for a sweeper at South Cameron high school.

The resignation of Alton Baccigalopi as a janitor at South Cameron high school was accepted and advertisement for a replacement was authorized.

The board voted to advertise for the sale of the old Sweetlake school building located on Sweetlake Land & Oil Co. property. The building was formerly used as a community center but has not been used for several years.

Sentences are given in court

Vester Ranains was found guilty of aggravated assault in a non-jury trial held in district court in Cameron last Thursday. He was given a 6-months jail sentence.

Richard Stiles, charged with theft and unauthorized use of a movable, was sentenced to six months in prison.

Rene Allen Begnaud pleaded not guilty to burglary and two counts of theft and his trial was set for Oct. 24.

Steven James Meadows was sentenced to 30 days in jail for resisting arrest and being drunk.

Ezell Minton was sentenced to 60 days in jail for theft.

Thaddeux Quarterman was fined $300 or given 50 days for D.W.I. and operating without a driver's license.

Rusty W. Lucas was fined $250 or 40 days for D.W.I. and instructed to attend the school on alcohol in Monroe.

Michael D. LeJeune was fined $50 for reckless operation.

Weatherization program set

A new program concerning weatherization of homes is now in effect throughout Cameron parish. The Cameron Council on Aging is now taking applications for anyone needing weatherization to their home.

All those interested are asked to contact the Council on Aging fat 775-5668 or 775-5551 or visit the Aging office on the third floor of the Cameron Parish courthouse.

Hackberry girl is finalist

Hackberry was well represented in the Junior Miss Calcasieu-Cameron Fair Queen contest Oct. 5 in Sulphur. Julie Addison, daughter of Mr. and Mrs. Jim Addison, was named as one of the top five contestants in the competition.

Chris Tramonte, daughter of Mr. and Mrs. V. A. Tramonte of Carlyss, was named queen.

Miss Addison is a freshman at Hackberry High School and was selected by her fellow students to represent them at the fair.

ORANGE — A wolf hunt during the past week has resulted in the chasing down of one of the most vicious wolves in Southwest Louisiana . . . from the Enterprise, Sept. 29, 1927.

Old One-Toe was an endangered Cameron Parish wolf, and for seven or eight years he had preyed on ranch stock. He had no wildlife militants to look out for him, so he had to fend for himself, and get his food where he could find it. Worse, he had no public relations counsel, no Truth Squad, and when his opponents put out a story he had no way to refute it.

It was reported that Old One-Toe killed about three calves a week, eating these and possibly making points by sharing them with lady friends. That was the story they put out on Old One-Toe.

Well, this time they really went after him. Sheriff Pate Brown of Orange led the posse. Monroe Parish and George White of Orange were along, and Vester Moore, who was in charge of the R.A. Moore ranches.

They borrowed two wolf dogs, Mike and Mandy, from Edgar Brown and they all went down into the ranch country of Cameron Parish and started looking for Old One-Toe.

This time they got him.

I don't suppose they could get away with it today. It would be pretty well proven.

That the loss of Old One-Toe would upset the balance of ecology.

That Old One-Toe was serving mankind by eating boll weevils, IRS men, and small foreign agents.

That Old One-Toe and his fellows were being slandered by a hostile press — that actually it was the Cameron Parish calves, an unprincipled villainous lot, that were slaughtering and eating the wolves.

S. C. honor roll

The South Cameron high school honor roll for the first six weeks is as follows:

Grade 8: Orala Benoit, Denine Dorsey, Shannon Fontenot, Recia LaBove, Tim McCall, Scott Trahan, David Vincent.

Grade 9: Michelle Boudoin, Stacy Clay, Charles Grady, Debbie Kelley, Carolyn Liptak, Joseph McCall, Ruby Mcall, Susie McMillan, Beth Tanner, Kevin Savoie, Caroline Wilkerson.

Grade 10: Deidre Bosarge, Elizabeth Conner, Archie Felio, Cynthia Gauthier, Patricia Kelley, Lori Lind, Thomas McCall, Randy Nunez, Rosalie Primeaux, Kelley Roberts, Lori Stewart, Richard Tutt, Sharon Venable.

Grade 11: Renee Boudreaux, Ramona Brasseaux, Bonita Broussard, Kevin Brown, Jerome Carter, Tim Colligan, Delbert Conner, Debra Doland, Tim Grady, Malinda Henry, Donald Le-Jeune, Christine Theriot, Shannon Theriot, Tammy Vickery.

Grade 12: Luke Conner, Paul Grady, Eugene Jones, Larry Jones, Michael Le-Boeuf, Teresa Lind, Beth Liptak, Denise McCall, Angela Mudd, Patrick Primeaux, Greg Richard, Nadine Richard, Lisa Stewart, Debbie Theriot, Rodger Theriot, Jeanette Thibodaux, Bradley Trahan, Cindy Nunez.

Radiological class slated

Cameron Parish Civil Defense, the Hackberry Volunteer Fire Department, and the Cameron Volunteer Fire Department will conduct a radiological monitoring class at the Hackberry Fire Station Wednesday, Oct. 12, at 7 p. m.; and Thursday, Oct. 13, at 7 p. m. at the Cameron Fire Station, according to Hayes Picou, Jr., parish Civil Defense Director.

All firemen and Civil Defense personnel are urged to attend.

Picou said that anyone else who is interested in the classes is welcome to attend.

Lacassine to close fishing

The Lacassine National Wildlife Refuge, located in eastern Cameron Parish, will close to fishing and other forms of public use at sunset on Oct. 15, according to Bobby Brown, manager of the refuge.

Brown says that the Oct. 15 date is the normal time that the refuge closes its doors to the public. At this time the refuge begins preparations to receive the hundreds of thousands of ducks and geese that spend the winter in its marshes.

The refuge will reopen to the general public for fishing, sightseeing, bird-watching and other uses on March 1.

Persons wishing to be on the refuge after the closing date must seek special permission from the refuge manager.

Mrs. Ortego to be delegate

Mrs. Robert Ortego, Cameron parish health nurse, will represent this area at the "Women Today," a conference for women to be held Friday and Saturday, Oct. 21 and 22 at McNeese State University.

The conference program is designed to examine the many roles open to women today, to present to women of all ages a chance to understand the stresses they are experiencing, and to bring together women from all parts of the community to explore common needs and solutions.

Dr. Jerry Ford gets promotion

Houston Baptist University President, Dr. W. H. Hinton, announced the appointment of Dr. Jerry Ford to the position of Dean of the University's Smith College of General Studies.

Dr. Ford, who was a resident of the Oak Grove community, has served as the Associate Dean of the Smith College of General Studies and the University Registrar for the past two years. In addition to serving as Dean, Dr. Ford will retain his position as Registrar. He joined the Houston Baptist University College of Education Faculty in January, 1973.

Dr. Ford was a member of the Cameron Elementary School faculty from 1968-1971. His wife Sheila served as a member of the South Cameron High School faculty from 1968-1972.

Charles Blondin crossed Niagara Falls on a tightrope several times, including blindfolded, on stilts, in a sack, pushing a wheelbarrow, carrying a man and even stopping to cook and eat an omelet.

PUBLIC NOTICE

This is to advise that the Cameron Parish Police Jury will receive sealed bids until 10:00 A. M., Monday, October, 31, 1977 for:

construction of a
60' X 40'
storage building

Bid forms and specifications may be obtained for the office of the Cameron Parish Police Jury in Cameron, Louisiana.

The Cameron Parish Police Jury reserves the right to reject any and/or all bids and to waive formalities.

GRAND CHENIER

Chenier youths are fair winners

By ELORA MONTIE

Several Grand Chenier youths won some top prizes with their show animals at the Cal-Cam Fair in Sulphur last week.

Dennis Mhire won a championship with his Brahman heifer. His brother, Lawrence Mhire, won Reserve Champion with his Brahman bull and also with his Brahman heifer.

Cheryl Miller of here won third place with one of her lambs and a fifth place with her second lamb.

Denise Rutherford won fifth place with her Brahman heifer. Her brother, Kirk, won 7th place with his Brahman Bull.

Charlie Theriot this past week purchased a new G. M. C. pickup truck.

CORRECTION

The Grand Chenier Extension Homemakers Club meeting will be Oct. 25 instead of Oct. 20. The meeting will be held at the home of Mrs. Watkins Miller at 7 p. m.

VISITORS

Mr. and Mrs. Joe Swire of Jennings visited Mr. and Mrs. Jeff Nunez Friday afternoon. The Swires spent Friday night and Saturday with Adam Swire and Idel Duhon. They helped with an old time hog butchering.

Spending some time with Mr. and Mrs. Orrie Canik and family were Mr. and Mrs. John Mangano of De-Ridder.

Mr. and Mrs. Elias Dyson and Mrs. Louise Portie spent Sunday afternoon with Mr. and Mrs. Leo Schexnider in Forked Island.

Mr. and Mrs. Alvin Richard of Gillis spent Saturday and Sunday with Mr. and Mrs. Freddie Richard.

Mr. and Mrs. Eddie Eskew and Eric of Jennings spent the weekend with Mr. and Mrs. Evans Mhire. They attended the wedding of Vickie Lee Nunez and David Allen Savoie in Grand Chenier.

Mr. and Mrs. Pete Rutherford and children, Mr. and Mrs. Gilford Miller and Cheryl, Mr. and Mrs. Evans Mhire and boys attended the Cal-Cam Fair in Sulphur.

FUNERAL

Mrs. Mamie Richard and Mrs. Edmond Bertrand attended the funeral of Charles G. Bertrand, 83, of Lake Arthur, formerly of Grand Chenier. Mr. Bertrand died Saturday. Funeral services were from Our Lady of the Lake Catholic Church in Lake Arthur.

Mr. and Mrs. Howard Dupuis were in Morgan City this weekend where they stood as godparents to their nephew. On returning home Mr Dupuis had her father, Delma Swire, to spend a month with them here.

Mr. and Mrs. Charles Perez and Mr. and Mrs. Alcide Guidrey and son all of lake Charles spent Sunday with Mrs. and Mrs. Henry Roy and family.

G. Chenier honor roll

The Grand Chenier Elementary School Honor Roll for the first 6 weeks is as follows:

Grade 2: Kenton Bonsall, Earl Broussard, Jr., Pamela Harrington, Norman Hebert, Christopher Henry, Bryan Jones, Christine Pinch and Lisa Roper.

Grade 3: Angela Conner, Richard Crowther, Roxane Dupre, Lance McNease, Carl Murphy, Dwayne Nunez, Wesley Perry, Hayes Picou, Kristine Vidrine, Alice Welsh.

Grade 4: Lori McNease, Amanda Seymour, Joey Doxey and Lori Theriot.

Grade 5: Jo Ellen Boudreaux, Derrick Brown, John Canik, Shelly Doland, Monica Dupuis, Janet Erbelding, Darren Hebert, Todd Richard, Shelly Roper, Lane Thomas, Lori Vidrine and Holly Williams.

Grade 6: Shannon Aucoin, Pamela Erbelding, Randall Hebert, Rhonda Roper, and Yancy Welch.

Grade 7: Donna Arrington, Tina Baccigalopi, Lisa Mayo East, Warren Felio, Leisa Hebert, Cheryl Miller, Allyson Richard, Darren Theriot and Ray Vincent.

Mrs. Kershaw funeral held

Funeral services for Mrs. Jane Kershaw, 70, of Cameron, were held Monday, from Sacred Heart Catholic Church.

Burial was in the church cemetery under direction of O'Donnell-Hixon Funeral Home.

Mrs. Kershaw died at 8:40 p. m. Saturday at South Cameron Memorial.

She was a lifelong resident of Cameron.

Survivors include her husband, Thozine Kershaw of Cameron; three brothers, Daniel and Ralph LeBouef, both of Lake Charles, and Monroe LeBouef of Cameron, and seven sisters, Mrs. J. E. Agen, Mrs. Lesman Conner and Mrs. Inez Park, all of Lake Charles, Mrs. Bea Hackett of Bell City, Mrs. A. R. Kurucar of Ft. Worth, Tex., Mrs. Theresa Benoit of Grand Chenier and Mrs. Grace Domingue of Cameron.

Mr. Bertrand rites are held

Funeral services for Charles G. Bertrand, 83 of Lake Arthur were Monday, Oct. 10 at Our Lady of the Lake Catholic Church.

Burial was in St. Anthony's Cemetery in Lake Arthur.

Mr. Bertrand died Saturday after a prolonged illness.

A native of Grand Chenier, Mr. bertrand moved to Lake Arthur 60 years ago.

A retired carpenter and mechanic, he was a veteran of World War I.

Survivors include his wife, Mrs. Rhonda Conner Bertrand; one sister, Mrs. Bertha Hymel of Lake Charles; two grandchildren and one great-grandchild.

NOTICE OF PUBLICATION
OFFICE OF
MINERAL RESOURCES
ON BEHALF OF THE
STATE MINERAL BOARD
FOR THE
STATE OF LOUISIANA
BATON ROUGE, LOUISIANA
70821

By virtue of and in conformity with the provisions of Chapter 1, Title 30 of the Louisiana Revised Statutes of 1950, as amended, sealed bids will be received in the Office of Mineral Resources, State Land and Natural Resources Building, Baton Rouge, Louisiana, on or before the 8th day of November, 1977, at 11:00 a.m., for a lease to explore, drill or mine for and produce oil, gas and any other liquid or gaseous hydrocarbon, minerals or sulphur and potash in and on the lands and water bottoms described in Tract No. 14657 through Tract No. 14701, inclusive, at which time and date the bids will be opened publicly in the State Land and Natural Resources Building, Capitol Complex, Baton Rouge, Louisiana. The description of said tracts are more particularly described as follows:

TRACT 14666 — Cameron Parish, Louisiana — All of the lands now or formerly constituting the beds and bottoms of all water bodies of every nature and description and all islands and other lands formed by accretion or reliction, except tax lands, owned by and not under mineral lease from the State of Louisiana on August 29, 1977, situated in Cameron Parish, Louisiana, within the following described boundaries: Beginning at a point having Lambert Plane Coordinates of X = 1,581,400.00 and Y = 458,680.00; thence South 2,640.00 feet to the Northeast corner of State Lease No. 6572; thence West 7,920.00 feet along the North line and a Westerly extension of the North line of said State Lease No. 6572; thence North 2,640.00 feet; thence East 7,920.00 feet to the point of beginning, estimated to contain approximately 302 acres, as shown outlined in red on a plat on file in the Office of the Secretary, Department of Natural Resources. All bearings are based on Louisiana Lambert Plane Coordinate System (South Zone).

TRACT 14667 — Cameron Parish, Louisiana — All of the lands now or formerly constituting the beds and bottoms of all water bodies of every nature and description and all islands and other lands formed by accretion or reliction, except tax lands, owned by and not under mineral lease from the State of Louisiana on August 26, 1977, situated in Cameron Parish, Louisiana, within the following described boundaries: Beginning at a point having Lambert Plane Coordinates of X = 1,370,000.00 and Y = 443,360.00; thence East 5,850.00 feet; thence South 5,280.00 feet; thence West 5,850.00 feet; thence North 5,280.00 feet to the point of beginning, estimated to contain approximately 709 acres, as shown outlined in red on a plat on file in the Office of the Secretary, Department of Natural Resources. All bearings are based on Louisiana Lambert Plane Coordinate System (South Zone).

All bids are to offer a cash bonus for a lease having a primary term which shall not exceed three years and granted without any warranty or recourse against lessor whatsoever, either expressed or implied, not even for return by lessor of any payments received under the lease or being otherwise responsible to lessee. The minimum royalties required by RS 30:127, as amended, are one-eighth (1/8th) of all oil produced and saved; one-eighth (1/8th) of all gas produced and saved; seventy-five cents ($.75) per long ton of sulphur produced and saved; ten cents ($.10) per ton of potash produced and saved; and one-eighth (1/8th) of all other liquids or gaseous hydrocarbon minerals produced and saved. A bid of a royalty less than the aforesaid statutory minimums will be invalid and will not be considered by the Board. All bidders are notified that the Board does not obligate itself to accept a bid which offers the aforesaid statutory minimums, but reserves the right to accept a bid which offers in excess of the statutory minimums and is considered most advantageous to the State of Louisiana.

With respect to royalty bids on sulphur and potash, prospective bidders are advised that the Board, by policy, has expressed a preference that bids on sulphur and potash be on a percentage or fractional basis, in excess of the statutory minimums, and that such suggested percentage is 12 1/2% or fraction is one-eighth (1/8th) of the value per long ton of sulphur produced and saved and 12 1/2% or 1/8th of the value per ton of potash produced and saved. It is to be clearly understood, however, that the Board reserves the right to accept a royalty bid on sulphur and potash greater or lesser than the preferred royalty, provided that the statutory minimums are met if the entire bid is considered most advantageous to the State of Louisiana.

The provisions of this notice or advertisement and the rights and duties established in the material considerations necessary for the formation of a proper bid, and this notice or advertisement shall not be deemed to be modified, enlarged or diminished by resolutions or policy expressions of the Board not incorporated herein or made a part by reference.

All leases awarded shall be executed upon terms and conditions provided in the current State lease form with all applicable riders appended thereto, including but not limited to provisions as follows: Should lessee fail to begin the actual drilling operations on a well on the lease premises within one year from the date of the lease, the lease shall terminate as to both parties to the lease, unless on or before such anniversary date, lessee shall pay a delay rental (which shall in no event be less than one-half of the bonus offered), which shall cover the privilege of deferring drilling operations for a period of one year. Upon like payments annually, drilling operations may be further deferred for successive periods of one year each during the primary term of three years. The lease shall provide for the drilling of other wells where necessary to protect the State's interest and shall contain the provisions against the assignment or sublease of the lease unless approved by the State Mineral Board. The lessee shall have the right to enter into pooling or unitization agreements with respect to development of the leased premises subject to the approval of the State Mineral Board.

Certified check, cashier's check or bank money order payable to the OFFICE OF MINERAL RESOURCES, for the full amount of the cash bonus, shall accompany and be submitted with each bid, and no bid unaccompanied by the hereafter withdrawn or cancelled and the certified check, cashier's check or bank money order accompanying the bid of the successful bidder shall be immediately negotiated by the OFFICE OF MINERAL RESOURCES, and the proceeds thereof disbursed in the manner required by law. The successful bidder to whom the lease is awarded on the date of the lease sale shall return the written lease, duly executed, within TWENTY (20) DAYS after bidder's receipt of same under penalty of forfeiture of the bonus and the bonus previously tendered and negotiated in the event of failure to do so.

NOTE: In the case of all State leases heretofore, now or hereafter offered, certified checks, cashier's checks or bank money orders for the cash bonus shall be made payable to and to each respective State Agency; provided that if a sixteenth section or part thereof, located in a township which is situated in more than one parish, is offered, certified check, cashier's check or bank money order for the full amount of the cash bonus shall be made payable to the STATE TREASURER.

Any Amendment, Assignment or Agreement entered into after the State Mineral Board has awarded such lease must be approved by the Lessor Agency or Agencies.

Consistent with the policy of the Board as expressed in a resolution dated August 12, 1965, all bidders are hereby notified that bids on portions of tracts should be described by metes and bounds and be accompanied by a transparent plat outlining thereon the portion bid upon. The scale of the plat should be 1 inch = 4,000 feet.

The State Mineral Board reserves the right to reject any and all bids or to grant a lease on any portion of the tract advertised and to withdraw the remainder of the tract.

Card of Thanks

CARD OF THANKS

We give thanks to all the people for the love and care of our beloved wife and sister, Janet Kershaw, for the beautiful flowers, food, masses and prayers. Special thanks to the Lake Charles doctors and staff of Memorial hospital, Dr. Dix and staff at the Creole hospital, Msgr. Bernard Broo, Martin and Lik.lly, Catholic Daughters, Altar Society, nurses, friends and family who loved her so.

Thozine Kershaw,
brothers and sisters

CARD OF THANKS

I wish to express my heartfelt thanks to all concerned, for the prayers, help, food, flowers, cards, calls and visits which I received during my hospital stay. It is greatly appreciated.

Lucille Guidry

CARD OF THANKS

Many thanks to our friends and family for your kindness shown to us before and after the loss of our infant daughter, Kellie Ann. A special thank you to Rev. Roland Vaughn, O'Donnell-Hixon Funeral Home, Dr. Caire, Dr. Colligan and the nurses in O. B. at Lake Charles Memorial Hospital.

Mr. and Mrs. Alfred Freed
(T. Boy) Boudreaux
and family

Cameron Pilot

22nd Year--No. 1 Cameron, La. Oct. 20, 1977

Some of the sick room appliances available on loan to Cameron parish residents from the Doxey-Vincent VFW Post are shown by J. Berton Daigle, commander. The items may be checked out for 60 day periods.

Sick room items are available

J. Berton Daigle, commander of Doxey-Vincent VFW Post, announced that the Post is custodian of various sick room appliances that can be checked out by Cameron parish citizens needing them for 60 day periods, free of charge.

There are 4 hospital beds, 6 wheel chairs, 2 walkers, 2 lifts, 1 portable bedside toilet and several pair of crutches.

Daigle said that the appliances were donated by the Cameron-Council on Aging, the Cameron Chapter of the Calcasieu-Cameron Crippled Children and Adults and the local VFW Post.

Anyone desiring to check out any of these items may contact Daigle at 775-5361.

Sentences are given here

Arian J. Abshire was sentenced to one year in the parish jail after he pleaded guilty to manslaughter in district court here last week.

He had previously pled not guilty but changed his plea after plea bargaining with the state. He is to be given credit for time previously served.

A continuation was granted in the trial of Aline Johnson charged with manslaughter. The case will be refixed for March.

Eldridge J. Adams was fined $300 or given 33 days on DWI and fined $50 or 5 days on operating without a driver's license.

Carolyn M. Fluman was fined $250 or given 30 days in jail for DWI.

Leon Allen was fined $50 or 7 days for reckless operation.

Courtland Craig Vierguez, charged with attempted possession of marijuana, was sentenced to 21 days in jail.

Course taken

Ray Burleigh, Cameron Fire Chief announced that 14 members of the Cameron Volunteer Fire Department successfully completed a 3-hour course on ventillation sponsored by L. S. U. at the local fire station.

Receiving certificates were: Burleigh, Ed Liptak, Kirk Burleigh, Wilman Saltzman, Claude Hebert, James Boudreaux, Michael Styron, Francis Gilbeaux, Tom Brown, Red Moore, Larry Wainwright, and John Swire.

BEST BAND HACKBERRY HIGH school's band won the Best Marching Band trophy in the recent Cal-Cam Fair in Sulphur. Above Gary East, left, presents the trophy to Mrs. Pam LeFleur, principal and Frank Racz, band director.

Rodeo, bazaar set Oct. 29

The Sacred Heart Church Bazaar will hold an open rodeo Saturday, Oct. 29 starting at 10 a. m. The rodeo is sponsored by Creole Rodeo Association, Inc. and will be held at the Boudreaux Arena at Oak Grove.

The catagories are: juniors - up to 11 years old and seniors - from 12 to 15 years. Belt buckles will be given for first through third places in each event and the high point junior and senior will receive trophys. Entry fees are $4 for bucking and timed events.

The featured events are bareback riding, barrell pickup, flag racing, bull riding, barrel racing and pole bending. Added attractions with entry fees of $20 are tie down calf roping, team roping, and girls barrel racing. The entry fees for these events will be halved by the church and jackpot.

A gumbo will be served at Creole Woodmen of the World hall at 6:30 p.m. that day. It will be followed by a dance at 9 p.m. with music provided by "Teardrops."

The bazaar will be held Sunday, Oct. 30 at the Knghts of Columbus Hall. The events are: children's activities and games - 10 a.m.; bargecue - 11 a.m.; bingo - 1:30 p.m.; crowning of tiny tot royalty - 3 p.m.; and a dance - 3:30 p.m.

The auction and raffle drawings will be during the dance.

Tarpon-Charger game Friday night

By ED BREDEHOEFT

Coach Wayne Batts was not the head football coach at South Cameron last season but he well remembers the Tarpon-Marion Charger score of last year and he will have his Tarpons victory-minded come this Friday night at the South Cameron high school stadium.

Marion Coach Solomon Cannon has been less than optimistic about his team's prospects for this season. Gone is the all-state passing combination of Carl Hall to Mike Richard that paced the club to a 5-4-1 showing last fall.

With only three returning seniors, Cannon said earlier this year that the kicking game will probably be the strength of his team. Only five starters returned from '76 but that includes two all-district players.

Harold Siverand was a first team defensive back while Charles Duhon, a 190-pound junior was a second team linebacker on the league all-star team.

Lineman Cleveland Collins, Gerald Arceneaux and Alvin Jackson are returning starters while Kevin Pitre will be the quarterback with Byron Broussard and Nathan Siverand at a running back.

As of this week Marion Chargers has a 1-4 record having scored only 18 points to their opponents 87. Earlier in the season West St. John (Formerly 2nd Ward) defeated Marion 6-0. The following week the Chargers upset B. T. Washington 18-14. And if this means anything to the grandstand quarterbacks, Washington defeated W. O. Boston 22-20 and then the Boston Panthers blasted the Chargers out of the park in a lopsided victory.

All this could mean that the Tarpons will enter the Friday night contest as the favorites but Coach Wayne Batts favorites or not, he hopes to have his Tarpons ready.

Game time in Creole is set for 7:30.

Tarpons beat Lions 14-0 last Friday

Coach Wayne Batts and his Cameron Tarpons knew that the Vinton Lions had lost 5 straight football games and also knew that it was to be Homecoming for the Vinton team last Friday night up in Vinton. The Tarpons spoiled the Homecoming festivities by soundly defeating the Lions 14-0.

Vinton had lost to Merryville 28-12, Sam Houston 41-6, Notre Dame 32-0, Kaplan 21-0 and a loss to the Welsh Greyhounds. The 14-0 loss to South Cameron was the Lions first District 5-AA setback and the Tarpon's first victory in District play. South Cameron's record stands at 2-3 for the season and 1-0 in district.

In the first quarter, after two punts by each team gave some indication that the night would be a battle of the defenses. South Cameron took over at its own 39-yard line.

On the first play from scrimmage, Pat Smith took a pitch and swept left end for 14 yards and a Tarpon first down.

After a first down pass went incomplete, the Tarpons' Bob Savoie dropped back and hit split-end Dirk DeSonnier in full stride at the Vinton 10-yard line. DeSonnier took the ball into the end zone and South Cameron led 6-0 with 3:18 remaining in the first quarter. Val Mouton's kick made it 7-0.

With 5:47 showing on the clock in the second quarter, the Lions' Randy Slack fumbled a Tarpon kick and Pat Smith recovered for the Tarps at the Vinton 37 yard line.

On the next play Smith took a pitch on the option and raced 27 yards to the Lions' seven. Two plays later Tony Porsche bulled over from the one to make the score 13-0. Val Mounton again split the uprights to end the scoring for the night with South Cameron leading 14-0.

South Cameron	7	7	0	0	—14
Vinton	0	0	0	0	— 0

SC—Dirk DeSonnier 47 pass from Bob Savoie Val Mouton kick.
SC—Tony Porsche 1 run. Val Mouton kick.

Revival slated at G. Chenier

The First Baptist Church of Grand Chenier will hold a revival Oct. 24-30. The Rev. Carl Rushing is the evangelist for the services to begin at 7 p. m. nightly. He is the pastor of the First Baptist Church of Holden.

A dinner on the ground will be held Sunday, Oct. 30. It will also be a homecoming day for former members and pastors of the church.

Myers named to district post

Ernest Myers, Cameron parish police juror representing the Klondike-Lowery-Sweetlake-Grand Lake area, has been named chairman of the Imperial Calcasieu Planning Commission.

The Commission is made up of representatives of the five parishes in Southwest Louisiana.

U. E. Hackett, Sr.

Hackett given Masonic honor

U. E. Hackett Sr. of Lake Charles has been elevated to the rank of 33rd Degree in Scottish Rite Freemasonry, it was announced Monday in Washington.

The honor is the highest available to a Scottish Rite Mason, and was conferred by the Supreme Council of Scottish Rite Freemasonry for the Southern Jurisdiction.

Hackett is a native of Cameron Parish, and retired several years ago as superintendent of Cameron Parish schools after serving 44 years as teacher and administrator in the system.

He is a member of Lake Charles Lodge 165, and is a member of the Lodge of Perfection, Chapter of Rose Croix, Council of Kadosh and the Consistory of the Valley of Lake Charles.

Hackett received the 32nd degree in 1945, and was given the rank and decoration of Knight Commander of the Court of Honor in 1959.

He has served as patron of the Eastern Star and is a member of the Lions Club.

The 33rd is a degree conferred by the Supreme Council upon selected Masons in recognition of outstanding service to the rite or in public life.

These 33rd Degree Masons are inspectors general honorary, and are honorary members of the Supreme Council. The active members of the Supreme Council are drawn from their ranks.

Certain 32nd degree Masons who have rendered signal service to the rite are chosen to receive the KCCH rank. A Mason must be a KCCH for at least four years before being considered for the 33rd Degree.

Athletic Assoc. picks officers

Newly-elected officers for the South Cameron Athletic Association are Garner Nunez, president, Mayful Harris, secretary, Mary Cooper, Bob Fruge, and Alalie Mae Theriot, vice-presidents.

The Association is presently conducting a membership sale canpaign and urges everyone to support the Tarpons. Dues are $5 per year and contributions are very much needed.

If you haven't been contacted, please call one of the officers.

Dedication week slated

A dedication week will be held at the First Pentecostal Church of Cameron Oct. 31 to Nov. 5 with services beginning at 7:30 p. m. nightly.

Those speaking will be: Monday-Rev. David Murphy, Baton Rouge; Tuesday-Rev. Murrel Ewing, Lake Charles; Wednesday-Rev. Timothy Simoneaux, Donaldsonville; Thursday-Rev. T. D. Cardwell, DeQuincy; Friday-Rev. Curtis Young, Baton Rouge (dedication night); and Saturday-Rev. H. E. Gerald, Orange, Tex.

Revival slated at J. Bayou

The Johnson Bayou Baptist Church will hold a revival Oct. 23-28, at 7 p. m. nightly, as announced by Rev. Malcolm Sharp, pastor.

Dr. Kenneth Trent, pastor of the Second Baptist Church of Channelview, Texas, will be preaching.

Jack Tanner, pastor of the First Baptist Church of Cameron, will be in charge of the music.

Nursery will be provided and everyone is invited to come.

SHOWN ATTENDING the Gulf Coast Soil & Water Conservation District meeting in Cameron were, from left: Mrs. Annette Thomas, Irving Hayes, Jr., J. Berton Daigle, Francis Ezernack, R. O. Hackett, James M. Winston and Terry J. Clement.

Soil Conservation group has meeting in Cameron

The Gulf Coast Soil and Water Conservation District meeting was held at the VFW Hall in Cameron Thursday night, with J. Berton Daigle, local Board member serving as host.

Irving Hayes Jr., board chairman from Welsh, served as moderator of the meeting and expressed the Board's appreciation to the Cameron Construction Company for furnishing the meal of boiled shrimp.

Daigle introduced the special guest and Francis J. Ezernack introduced SCS people attending.

A slide show was presented by Ezernack, narrated by James M. Winston, Crowley, District Supervisor.

A discussion was held on the Cameron-Creole Watershed and it was pointed out that Cameron parish has been negotiating for the last 15 years for the much-needed project and it is expected that there will be something concrete on the project in the next 3 or 4 months.

E. J. Dronet, a member of the Gravity Drainage District, pointed out that the people of Cameron really owe Congressman John Breaux a vote of confidence for his support of this issue.

Board members present, in addition to Daigle and Hayes were Mrs. Annette Thomas, Roanoak, and R. O. "Bob" Hackett, Sweetlake.

Terry J. Clement, Jennings, serving as the SCS representative in Jeff Davis Parish also helped with the program.

The invocation was given by Mr. Hackett.

Jury meeting to be Monday

The Cameron Parish Police jury will hold its monthly meeting Monday, Oct. 31 at 10 a. m. in the police jury building. The jury usually meets on the first Tuesday of the month but since this will fall on a state holiday--All Saints Day--the meeting was reset.

Adult classes

Adult education classes will begin soon at Johnson Bayou School, if enough people register.

Registration will be held at the school at 7 p. m. on Thursday, Nov. 3. The purpose of these classes is to prepare the adults so that, they may obtain the equivalent to a High School diploma.

Any interested persons may contact the principal, Howard Romero.

Firemen to have ladies night

The annual ladies night of the Cameron Volunteer fire department will be held Monday night, October 31 in the Cameron Fire Station.

The social hour will begin at 6:30, followed by a meal.

Wives of the local firemen will be honored at the event.

Drive slated

The following persons will lead "Bellringers" workers in a house-to-house fund raising drive for mental health in October:

Mrs. Agnes Nash in Creole
Robert Manuel in Grand Chenier and Bernadette Silver in Hackberry.

"Proceeds will benefit the Mental Health Association in Louisiana", said David K. Garto, president of the statewide organization.

Lists due

Reading lists from Home Demonstration Club members will be due in the Cameron Parish Library Oct. 21. These lists must be mailed to the State Library, which will send Reading Certificates in time for the annual H.D.C. Fun Day.

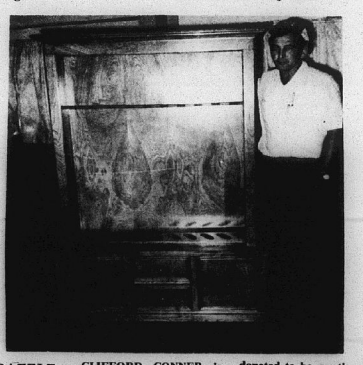
Going to meet

Gary Billideaux, owner of Gary's Barber Shop in Creole, will attend National convention of Men's Hair Stylists in Chicago, Ill. the weekend of Oct. 21-30.

Miss Elmer cast

Susan Elmer of Abbeville has been cast in a principal role in "The Miracle Worker" which is slated for production Nov. 16 to 19.

Miss Elmer is the daughter of Mr. and Mrs. A. L. Elmer Sr. and is a graduate of South Cameron High School.



RAFFLE PRIZE CLIFFORD CONNER is pictured with the wooden gun cabinet that he built and donated to be auctioned off during the Sacred Heart Catholic Church bazaar.

GRAND LAKE-SWEETLAKE

Duhons in new home dispite misfortunes

By MRS. AGNES HEBERT

When Lucy and Leon Duhon first made plans to build their dream house little did they suspect the tragedies and trials they were to survive before living happily ever after.

Choosing a site nearly a mile off the main highway, the Duhons began their

Doing most of the work themselves was very time themselves was very time consuming, as Leon is a teacher and Lucy had family chores to keep up.

Before the house was completed Leon's father, Mr. Jesse Duhon, suffered a stroke and passed away. Then as the final touches were being applied, Lucy fell off the edge of the patio and broke a leg and the ankle of the other foot. Since she was alone at the new home site, no telephone yet, she crawled and pulled herself over a mile to get help.

After remaining in heavy casts all summer, she is now up and about and the family can now relax and enjoy the solitude of their isolated little kingdom.

Into each life some rain must fall and the Duhon's have survived a cloudburst.

HUMPHERIES MOVE

Moving into the Humpheries homeplace are Earl and Cathy Stickell and their young daughter Cindy. Earl is a barber in Lake Charles and they are really enthusiastic about living in the country.

The fate of a neighborhood can change quickly. Tony and Gloria Sullivan have sold their trailer and are clearing their land to build a new home. They're staying with Gloria's mother, Mrs. Savan LaBove until the new house is built.

Mike and Tammy Young have moved their trailer near his uncle J. D. LaBove.

RECRUITER

When we speak of the local Air Force recruiter, we mean J. D. LaBove. Local, in that he is a resident of our community, but he drives daily to Beaumont and other parts of Texas to work. J. is looking forward to retirement but he has a few years to go yet.

Bustling activities are on going as all contestants strive to raise funds for the Queen's Contest in the annual Fall Festival sponsored by the Athletic Association on Oct. 30th.

Feted at a birthday dinner celebration was Deputy Dewey Hebert. Given his choice of menu by daughter Alcia Trahan, Dewey chose a seafood gumbo. Joining in the festivities were his wife Bessie and twin grandsons Michael and David.

NEW CAR

Sporting a sophisticated new Mercury Monarch are Ronnie and Elaine Schultz. Maroon on white and very pretty it is. Ronnie is one of our local flyers and he's had a busy season dusting crops.

Veronica Fontenot and her children road tested their new van on a weekend visit to her sister, Peggy Eagleson. Their mother Lena Gilmore is also enjoying a new automobile.

Also spotted Pam Richard with a new set of wheels.

Spending the weekend in Houston recently, Toni, Cathi, Tony and Bubba Smith enjoyed a fun day at Astroworld. The Smiths bought Jack Trahan's trailer and acreage north of the Catholic Church.

Since their family has increased with a little son, Judy and Tommy Taylor puchased a larger mobile home. They have a raised kitchen area with storage space underneath.

THANK YOU

We tend to take people who serve our neighborhood for granted, so here's a special "thanks" to Mary Louise LaBove at the local Cameron State Bank. She always has a cheerful smile and a kind word.

In calling attention to the exercisers, we omitted Father Doyle who bicycles regularly. Also Lee Faulk and Earl Gaspard whose stamina is as lasting as their enthusiasm. Joining husband Bill in the one-mile-aday club is Mrs. Fossom.

Shut-ins Mr. and Mrs. Raymond Blanchard enjoy telephone visits from friends and relatives. Both are very interested in the local oil production activities. They remain in contact with our long time former pastor Father Charles LeVasseur who now resides in Lake Charles. Ernette Nash and Diane Duhon visited Father Charles recently and found him to be keenly interested in what his young people are doing now.

Miss Renee Guidry and her sister Maritta maintain a weekend residence near Mrs. Bernice Duhon. Miss Guidry, much beloved first grade teacher for many years actually served us as doctor, dentist and barber as well. Her fabulous stories will be treasured as very happy childhood memories. Miss Guidry began teaching here in a one room building and retired in 1962.

ROCK GARDEN

A most attractive rock garden can be spotted as you drive through Hebert's Trailer Park. Mrs. Eloise Hebert loves growing plants and she always has flowers blooming. Her yard is worth while riding by to see.

Also in this category is Mac and Lovinia Broussard's yard. The Broussard's have a green house and their productions are so prolific they can offer some of their extra plants for sale on occasion. Mac has a terrific stand of sugar cane and is starting to put some out for sale.

Another yard to be admired is Mrs. Gilbert Heberts. Lorena has experimented with many different species of plants over the years since they moved here from Little Chenier after Hurricane Audrey.

Enjoying the spacious patio area and porch swing in their new home are Jane, Neil and Christopher Granger. This was a togetherness project with these young people doing most of the work themselves.

NEW ADDITION

We've noticed that Karo is building an addition to her country store at Hackett's Corner. This little lady has more energy and enthusiasm than a little bit. Plans are for ceramic lessons for interested parties.

Betty Dartez is into ceramics and she is producing her own special containers to house all her green plants. Betty also paints in her spare time.

Attending a very posh hair styling show at the Regency in New Orleans were Farrell Naquin and Jimmy Fontenot of the Matador Barber Shop. They returned with all kinds of new styles they're eager to try.

Friends and relatives gathered to help Mr. and Mrs. Wilson P. Hebert celebrate the church blessing of their marriage. Grow is our local Justice of the Peace.

Well - alright - Tarpons, winners of a district game! Atta way to go-Big Red, your neighbors here in Grand Lake-Sweet Lake wish you well.

Tells of trip

AT THE SEPTEMBER meeting of the Creole Extension Homemakers Culb, guest speaker, Mrs. Roland Primeaux, seated at left, shows Mrs. Telsman Bonsall, at right, the photograph allbum which she compiled of her travels through France as a member of the Codofil Tour. Looking on is Mrs. Bessie Boudreaux, standing at left, and Mrs. Winnie Mouton.

In Canton, China a fighting cricket called Genghis Khan won fights with as much as $90,000 at stake.

In Tiny Tot royalty contest

Mrs. John Allen Conner, chairman of the Tiny Tot contest of the Sacred Heart church bazaar announced that seven children will vie for the title of "Tiny Tot King and Queen" at the annual bazaar in Creole Oct. 29-30.

They are, back row: Angie Conner, daughter of Mr. and Mrs. John Allen Conner. Selma Gail Armentor, daughter of Mr. and Mrs. Kenneth Armentor; Sonja Guidry, daughter of Mr. and Mrs. Uland Guidry; and Terrell Conner, daughter of Mr. and Mrs. Harry Conner.

Front row: Kevin Landry, son of Mr. and Mrs. Ervin Lee Landry; Ronnie Armentor, daughter of Mr. Mary Jane Broussard; Kenny Lane Nunez, son of Mr. and Mrs. Johnny McDaniel. Not shown are Winn Theriot, son of Mr. and Mrs. Jerry Theriot; and Renella Boudreaux, daughter of Mr. and Mrs. Roy Boudreaux.

JOHNSON BAYOU NEWS

Touchets take trip to Hawaii recently

By CAROLYN HEBERT

Gerald and Linda Touchet of Holly Beach went on a wonderful vacation to Hawaii Sept. 27-Oct. 3. Linda's sister, Patty Thibodeaux was their guest on the trip as a graduation gift to her.

Gerald, Linda, and Patty were among the 400 people in the U.S.L. Tour Group. They attended the game between the U.S.L. Raging Cajuns and the University of Hawaii. They also toured all the islands by plane and saw an erupting volcano from the air.

On their trip home, they stopped in New Orleans to see the King Tut exhibit.

WINS PIE

My son, James, and I went shopping in Port Arthur last week. In Woolco's, a girl was selling chances on pumpkin pies to help handicapped children. We bought a chance and she told me they were getting ready to draw the winner. I turned around to see the lucky winner and she was Mrs. Luella McComic of Johnson Bayou.

HALLOWEEN PARTY

Jude Touchet was honored at a Halloween birthday party on Oct. 17 at his home in Holly Beach. He celebrated his eighth birthday with his classmates from school and his family. He is the son of Mr. and Mrs. Gerald Touchet.

Refreshments consisted of a ghost cake and punch. The children played various games. The main attraction was the showing of two horror films to get everyone into the Halloween spirit.

Friends and family attending the party were Delin Manuel, Liz Mouton, Wally Erbelding, Nathan and Vicki Delino, Marla Crader, Marty Sharp, Ann Schaller, Chad Constance, Rhonda Jinks, Ernest Trahan, Terry Hebert, Joey and Jeffrey Tramonte, Mike Dupis, Rachael and Angie Touchet, and Luke all of Holly Beach and Johnson Bayou.

BIRTHDAY

Mrs. Carrie Badon celebrated her birthday on Oct. 13 and her husband, Ray, took her to Lake Charles for a lovely birthday dinner.

ANNIVERSARY

Dee and Richard Drost celebrated their fourth anniversary on Oct. 5. Dee's parents, Mr. and Mrs. W. D. Hormon from New Roads, came to visit with them and help them celebrate.

Hospital patients

Patients recently admitted to South Cameron Memorial Hospital include:

Oct. 9, Flora Bell Jones, Cameron.

Oct. 12, Marse Pruitt, Cameron.

Oct. 13, William Thomas Beatty, Jonesville, Lawrence Wiltz, Gretna; Kevin Colligan, Cameron.

Oct. 14, Michael King, Cameron; Nancy Ann Murphy, Cameron; Robert Michael Styron, Cameron.

Oct. 15, Manuel Fuentis Sr., Egan.

Oct. 16, Vernis Paul Vincent, Cameron; Michael Glenn Dupuis, Grand Chenier; Thelma Charpentier, Cameron.

AN EQUAL OPPORTUNITY EMPLOYER

Route 1, Cameron

By MRS. GEORGE NUNEZ

Mr. and Mrs. Carl Reon visited Mr. and Mrs. George LaBove, Missy and Ronnie in Amelia recently.

Mrs. Erma Meeks and Mrs. Elray LaBove spent the day last week in Big Lake with Mr. and Mrs. Frank Hooper, and Mr. and Mrs. Waybern LaBove.

Mr. and Mrs. Brown Watts went to Houston last week for his checkup, and spent the night with Mrs. Alpha Hamilton and Mrs. Lottie Trahan.

My appology to Gannon Watts of New Iberia. I had his name spelled wrong in last weeks Pilot, and he reads it, and I'm sure he wasn't very happy.

Margie Kelby, Jerry and Mrs. George Nunez spent Friday night and Saturday with Mr. and Mrs. James Austin, Mrs. and Mrs. Floyd Trahan and also visited Mrs. Lottie Trahan and Alpha Hamilton in Port Arthur.

Mr. and Mrs. Charlie Ray LaBove of Baytown spent the weekend with Mrs. Allie Nunez, Mr. and Mrs. Nosta Premeaux and the George Nunez's.

Our visitors Sunday were Mr. and Mrs. Chuck Styron of Maplewood, Gwen Pattison of Sulphur, Margie Kelley, Barry and Jerry.

Mr. and Mrs. Dennis Fletcher and boys of Lake Charles spent the weekend with the Warren Miller family.

Mr. and Mrs. George Savoy of Lake Arthur visited Mrs. Ozma Savoy and Mr. and Mrs. Carl Reon recently.

Black News

by MRS. LEE J. HARRISON

The St. James Church of God in Christ will celebrate their pastor's 45th anniversary, Oct. 22-23.

Rev. J. B. Freeman, pastor of the church for 45 years will be honored Saturday, Oct. 22 at 7:30 p. m. with pre-anniversary services. Rev. Jr. J. Davis of Lake Charles will be the guest speaker.

Sunday at 3 p. m., the Rev. Alfred Perry of Sulphur will preach the anniversary sermon.

Area churches are invited to join in the celebration.

HAS SURGERY

Charlie Davis has undergone surgery in a Lake Charles hospital and is recuperating well.

Charles Washington of Eureka, Calif. visited Mr. and Mrs. Simon Harrison and Mrs. Rosa LeBlanc, Saturday.

Shirley Fountain of USL was a weekend guest of Mr. and Mrs. Roosevelt Fountain.

Mr. and Mrs. Bryant Bartie, Derek, Sean, Charisse, and Cory of Baton Rouge visited Mr. and Mrs. Bryant Bartie, Sr., Sunday. Also visiting the Barties and Mrs. Mary Cockrell for the weekend was Carol Cockrell of USL.

Ms. Margaret Guillory of Lake Charles visited Mr. and Mrs. Lee J. Harrison, Sunday.

Mrs. Julia Basker and Mrs. Barbara Johnson of Houston, Texas were weekend guests of Mr. and Mrs. Lester Bartie.

CIDERIFIC

3/4 cup apple cider
1 jigger Bacardi dark rum
1 tsp. butter
1 cinnamon stick
1 clove

Bring cider to boil. Remove from heat and add rum and butter. Ladle into mugs. Add a cinnamon stick and clove to each. Serves 1.

For 12 servings, follow same recipe using 7 1/2 cups apple cider, 3 cups Bacardi dark rum, 4 tablespoons butter and a cinnamon stick and clove for each mug.

Rice Festival sets LB rodeo

The first annual International Rice Festival Little Britches Rodeo will be Saturday, Oct. 22, at 7 p. m. and Sunday, Oct. 23, at 2 p. m. at the Rice City Riders Arena in Crowley.

Penny & Sons Rodeo, Inc. will produce the event and it will be sponsored by Rice City Riders Club.

The junior event is for up to 11 years old and the senior event is from 12 to 16 years old. The entry fee is $3 per event.

Trophies will be given first through third places in the following: bull riding, barrel pickup, pole bending, bareback riding, flag racing, barrel racing and goat tying. All around champion buckles will be awarded.

An added attraction will be open jackpot barrel pickup for all ages. Food and refreshments will be served.

For further information call Sis Penny at 789-8142 in DeQuincy.

Homemakers meet Monday

The Cameron Extension Homemaker's Club will hold its regular meeting Monday, Oct. 24, at 7:30 p. m. in the Calcasieu Marine Bank meeting room. Guest speaker will be Mrs. Edith Griffith, whose topic will be good hair care.

Hostesses are: Kathy Trahan, Opal LeBouef, Marie and Evelyn Kelley. Those due to bring auction gifts are Roberta Rogers, Betty Savoy and Pat Taber.

Birth

WILLIAM DENNIS YOUNG, JR.

Mr. and Mrs. W. D. Young, Sr. of Mittie announce the birth of a son, William Dennis Jr., Saturday, Oct. 8, at a Kinder hospital. He weighed 6 lbs. 11 oz.

Grandparents are Mr. and Mrs. Joseph O. Griffith of Hackberry and Mr. and Mrs. C. Young of Mittie.

Great-Grandparents include: Mrs. Joe Griffith of Johnson Bayou and Minnie Welch and Doug VanWinkle of DeQuincy.

The word corn originally referred to all the grains that were used as food for men or horses.

GRAND CHENIER NEWS

Michael Dupuis hurt in offshore mishap

By ELORA MONTIE

Michael Dupuis, who works offshore, was taken in to South Cameron Memorial Hospital Sunday by helecopter after an accident in which he broke his left hand.

The mission at St. Eugene's Church will be held Thursday and Friday night at 7 p. m. conducted by Rev. Henry J. Broussard. Everyone is invited to attend.

SINGING RESET

Due to revival being held Oct. 24 - 30, the First Baptist Church's Fifth Sunday Singing has been moved to Sunday, Nov. 6 at 7 p. m.

BOUCHERIE

Mr. and Mrs. Watkin Miller of here last Saturday had an old time boucherie. Their large hog dressed 380 pounds, and they made lard, sausage, bacon, boudin and meat.

Helping the Millers were Mr. and Mrs. Edwin Mhire, Mr. and Mrs. Dwight Mhire, Mr. and Mrs. Hubert Boudreaux, Mr. and Mrs. Jason Billings, Melvin Boudreaux Joelle and Jody, Butch Boudreaux and Mr. and Mrs. Adolph Swire.

Sympathy extended to the family of Mrs. Agnes English of Welsh who died recently. She was a sister to Mrs. Edrase Duhon who spent much time in Grand Chenier.

VISITORS

Mrs. Corrine Canik and Mrs. Angeline Mhire spent Monday to Friday of last week with Mr. and Mrs. Cecil Bates in Orange.

Joe Swire and son Frank Adam of Jennings visited with Mr. and Mrs. Watkin Miller Saturday.

Spending Sunday with Mr. and Mrs. Henry Roy were Mr. and Mrs. Everette Fuselier of Hayes and Val and Warren East of Lake Charles.

Spending the weekend in their camp were Mr. and Mrs. Morris East of Lake Charles.

Spending the weekend with relatives here were Mr. and Mrs. LeRoy Brune of Houston.

Mr. and Mrs. Neulan Dupuis of Jennings are spending Monday to Thursday with Mrs. Corrine Canik.

CLUB TO MEET

The Grand Chenier Homemakers club will meet Tuesday, Oct. 25, at 7 p. m. in the home of Mrs. Watkin Miller.

Cohostesses will be Mrs. Lyle Crain and Mrs. Lonnie Harper.

Mrs. Larry McNease and Mrs. Evans Mhire will give a demonstration on cake decoration.

Mr. and Mrs. Junius Mayne

Mr. and Mrs. Mayne are honored here Sunday

Mr. and Mrs. Junius Mayne were honored on their 50th wedding anniversary with a reception from 1 to 3 p. m., Sunday, Oct. 16 at the Evening Star Cafe in Cameron.

The event was given by the couple's children and their families: Mr. and Mrs. Robert Bishop and Mr. and Mrs. Zachary LeFleur of Lake Charles and Joe Mayne of Cameron.

The honored couple has four grandchildren and seven great-grandchildren.

James Frederick rites are held

Funeral sevices for James Deluce Frederick, 48, were held Saturday, Oct. 15, in O'Donnell-Hixon Funeral Home in Creole.

The Rev. Mims Robertson, pastor of Wakefield Methodist Church officiated. Burial was in First Baptist Cemetery.

Mr. Frederick died at 11 p. m. Thursday.

He was a self-employed shrimper.

William L., and Robert C. Doxey, all of Cameron, Oren G. Doxey of Abbeville, Joe, Al, Richard, Junior, George and Robert Frederick, all of Groves, Tex., and Uray Frederick of Kaplan; four sisters, Mrs. Irene Pampolina of Lake Charles, Mrs. Fletcher Miller and Mrs. Leo Folse, both of Cameron, and Mrs. Lou Etta Nunez of Creole and one

Survivors include his wife, Mrs. Ella Mae Frederick; three daughters, Mrs. Bonnie Hartwell, Mrs. Diane Smith, both of Gueydan, and Terri Lynn Frederick of Cameron; two sons, Michael Frederick of Cameron and John Frederick of Lake Arthur; 12 brothers, Ulrich, Walden,

Aging Council to have monthly fellowship

The Cameron Fellowship for the Aging will meet Sunday at 6 p. m. at the Fellowship Hall of Wakefield Memorial United Methodist Church.

There will be special entertainment, a door prize for a man and for a woman, and a cake will be awarded to the one with a birthday or an anniversary.

The Council on Aging cup for the oldest will be awarded for a month until the next meeting of the Fellowship. Refreshments will be served.

The Fellowship is sponsored each month by the Catholic Daughters of Our Lady Star of the Sea Catholic Church and the United Methodist Women of Wake field Memorial, alternating between facilities of the two churches each month.

Mrs. Jones rites held

Funeral services for Mrs. Betty Jones, 57, of San Francisco, Calif., and formerly of Cameron, were held Monday in Combre Funeral Home Chapel in Lake Charles.

The Rev. Michael Carr, pastor of Immaculate Heart of Mary Catholic Church officiated. Burial was in East Side Cemetery.

Mrs. Jones died Tuesday, Oct. 4, in San Francisco.

She was a native of Cameron and had lived in San Francisco 33 years.

Survivors include four brothers, Ernest Harrison of Hitchcock, Tex., Simon Harrison of Grand Chenier, Douglas Schesinger of Creole, Joe Harrison of St. Paul, Minn.; three sisters, Mrs. Frankie Savoy of Galveston, Tex., Mrs. Dorothy Chavis and Mrs. Ann Johnson both of San Francisco, Calif.

Houston trip planned by Sweetlake Club

Highlight of the Oct. 10th meeting of the Sweetlake Extension Homemakers was the upcoming trip to Houston texas.

The club members plan to take a bus tour of Houston and then spend the rest of the day at the Galaria Shopping Center on Oct. 25.

It was announced by club president, Shirley Chesson, that no "Fun Day" would be held this year. There will, however, be an installation of new Council officers on Nov. 29 at the K.C. Hall in Creole.

All club members were invited to attend.

Mrs. Chesson asked all members to please turn in their favorite recipes so that she could send them in to be published in the new Fur Festival cookbook.

Roll call was answered by "Your Favorite Household hint". There was one guest in attendance, Mrs. Janice Kibodeaux.

Hostesses were Mrs. Herman Precht, Mrs. Dwight Precht and Mrs. Sammie Faulk.

Mrs. Hebert rites held

Funeral services for Mrs. Columbus (Laurie Bell) Hebert, 69, were held Thursday, Oct. 13, from St. Rose of Lima Catholic Church in Creole. Burial was in the church cemetery.

Mrs. Hebert died Oct. 3 in a Lake Charles hospital.

She was a member of the St. Rose of Lima Altar Society.

Survivors include her husband, five daughters, Mrs. Tracy Cook and Mrs. Leona Young, both of Kansas City, Mo., Mrs. Bernice Ollie and Mrs. Anna Bell Gauthier, both of Cameron, and Mrs. Geni Welch of San Diego, Calif.; nine grandchildren and 13 great-grandchildren.

NOTICE OF PUBLICATION
OFFICE OF
MINERAL RESOURCES
ON BEHALF OF THE
STATE MINERAL BOARD
FOR THE
STATE OF LOUISIANA
BATON ROUGE, LOUISIANA
70821

By virtue of and in conformity with the provisions of Chapter 2, Title 30 of the Louisiana Revised Statutes of 1950, as amended, sealed bids will be received in the Office of Mineral Resources, State Land and Natural Resources Building, Baton Rouge, Louisiana, on or before the 9th day of November, 1977, at 11:00 p.m., for a lease to explore, drill or mine for and produce oil, gas and any condensate or gaseous hydrocarbon minerals, sulphur and associated substances on the lands and water bottoms described in Tract No. 14657 through Tract No. 14701, inclusive, at which time and date the bids will be opened publicly in the State Land and Natural Resources Building, Capitol Complex, Baton Rouge, Louisiana. The description of said tracts are more particularly set out below

TRACT 14666 — Cameron Parish, Louisiana — All of the lands now or formerly constituting the beds and bottoms of any and all water bodies of every nature and description and all islands and other lands formed by accretion or reliction, except as to mineral deposits and oil under mineral lease from the State of Louisiana on August 29, 1977, situated in Cameron Parish, Louisiana, within the following described boundaries: Beginning at a point having X = 1,581,400.00 and Y = 458,660.00; thence South 5,280.00 feet to the North boundary of State Lease No. 6572; thence West 7,920.00 feet along the North line and a Westerly extension of the North line of said State Lease No. 6572; thence North 2,640.00 feet; thence East 7,920.00 feet to the point of beginning, estimated to contain approximately 383 acres, as shown outlined in red on a plat on file in the Office of the Secretary, Department of Natural Resources. All bearings are based on Louisiana Lambert Plane Coordinate System (South Zone).

TRACT 14667 — Cameron Parish, Louisiana — All of the lands now or formerly constituting the beds and bottoms of any and all water bodies of every nature and description and all islands and other lands formed by accretion or reliction, except as to minerals owned by and under mineral lease from the State of Louisiana on August 29, 1977, situated in Cameron Parish, Louisiana, within the following described boundaries: Beginning at a point having X = 1,581,400.00 and Y = 458,660.00; thence South 5,280.00 feet; thence East 5,280.00 feet; thence West 5,280.00 feet; thence North 5,280.00 feet to the point of beginning, estimated to contain approximately 638 acres, as shown outlined in red on a plat on file in the Office of the Secretary, Department of Natural Resources. All bearings are based on Louisiana Lambert Plane Coordinate System (South Zone).

All bids are to offer a cash bonus for a lease having a primary term which shall not exceed three years and granted without any warranty or recourse against lessor whatsoever, either expressed or implied, not even for return by lessor of any payments received under the lease unless otherwise responsible to lessee. The minimum royalties required by RS 30:127, as amended, are one-eighth (1/8th) of all oil produced and saved; one-eighth (1/8th) of all gas produced and saved, casinghead gasoline (5.75) per long ton of sulphur produced and saved; ten cents ($.10) per ton of potash produced and saved; and one-eighth (1/8th) of all other liquids or gaseous hydrocarbon minerals produced and saved. A bid of a royalty less than the aforesaid statutory minimums will be invalid and will not be considered by the Board. All bidders are notified that the Board does not obligate itself to accept a bid which offers the aforesaid statutory minimums, but reserves the right to accept a bid which offers in excess of the statutory minimums and is considered most advantageous to the State of Louisiana.

With respect to royalty bids on sulphur and potash, prospective bidders are advised that the Board, by policy, has expressed a preference that bids on sulphur and potash be on a percentage or fractional basis, in excess of the statutory minimums, and that such suggested percentage is 12 1/2% or fraction to one-eighth (1/8th) of the value per long ton of sulphur produced and saved and 12 1/2% or 1/8th of the value per ton of potash produced and saved. It is to be clearly understood, however, that the Board reserves the right to accept a royalty bid on sulphur and potash greater or lesser than the prescribed royalty, provided that the statutory minimums are met if the entire bid is considered most advantageous to the State of Louisiana.

The provisions of this notice or advertisement and the relevant statutes establish the material considerations necessary for the formulation of proper bids, and this notice or advertisement shall not be deemed to be modified, enlarged or diminished by resolutions or policy expressions of the Board not incorporated herein expressly or by reference.

All leases awarded shall be executed upon forms and conditions provided in the current state lease form with all applicable riders appended thereto, including but not limited to provisions as follows: Should lessee fail to begin the actual drilling (spudding in) of a well on the lease premises within one year from the date of the lease, the lease shall terminate as to both parties to the lease, unless on or before such anniversary date, lessee shall pay a delay rental (which shall in no event be less than one-half of the bonus offered), which shall cover the privilege of deferring drilling operations for a period of one year. Upon like payments annually, drilling operations may be further deferred for successive periods of one year each during the primary term of the lease. The lease shall provide for the drilling of offset wells where necessary to protect the State's interest and shall contain the provisions and shall be assignment or sublease of the lease shall be approved by the State Mineral Board. The lease shall have the right to enter into pooling or unitization agreements with respect to development of the leased premises, subject to the approval of the State Mineral Board.

All certified checks, cashier's check or bank money order payable to the OFFICE OF MINERAL RESOURCES, for the full amount of the cash bonus, shall accompany and be submitted with each bid, and no bid thus submitted may be withdrawn or cancelled thereafter without forfeiture of said certified check, cashier's check or bank money order accompanying the bid or the successful bidder shall be immediately negotiated by the OFFICE OF MINERAL RESOURCES, and the proceeds thereof disbursed in the manner required by law. The successful bidder to whom the lease is awarded on the date of the lease sale shall return the written lease, duly executed, within TWENTY (20) DAYS after bidder's receipt of same under penalty of forfeiture of the lease and the bonus previously tendered and negotiated in the event of failure to do so.

NOTE: In the case of all State Agency Lands herein offered, certified checks, cashier's checks or bank money orders for the cash bonus shall be made payable to each respective State Agency, provided that if a sixteenth section, or part thereof, located in a township which is situated in more than one parish, is offered, certified check, cashier's check or bank money order for the full amount of the cash bonus shall be made payable to the STATE TREASURER. Any Amendment, Assignment or Agreement entered into after the State Mineral Board has awarded such lease must be approved by the Lessor Agency or Agencies.

Consistent with the policy of the Board as expressed in a resolution dated August 17, 1965, all bidders are hereby notified that bids on portions of tracts should be described by metes and bounds and accompanied by a transparent plat outlining thereon the portion bid upon. The scale of the plat should be 1 inch = 4,000 feet.

The State Mineral Board reserves the right to reject any and all bids or to grant a lease on any portion of the tract advertised and to withdraw the remainder of the tract.

COUNTY AGENT'S REPORT

Ryegrass needs good fertilization

By CLIFFORD MYERS
Cameron County Agent

Ryegrass season is now under way with much of it planted while others are in the process of planting. There are two important things a person should consider at this time. They are: proper fertilization and avoid grazing too soon.

The soil fertility level of your pasture should be maintained on the basis of soil test recommendations. The phosphate and potash you apply in the fall must be adequate for the winter growth of ryegrass and also the warm season, grasses the next year. At least, the phosphate and potash should be applied at planting time.

A few pounds of nitrogen at this time would give the ryegrass a good boost. In all cases, at least 80 pounds of actual nitrogen per acre should be available to the ryegrass when it is up to a good stand. Apply additional nitrogen during the winter as it is needed.

Avoid grazing too soon. Graze winter pastures only when enough growth has accumulated to give continuous grazing. Ryegrass should be 8 to 10 inches tall before starting to graze. Wheat and oats should be 12-14 inches tall. This will usually be in early December.

Grazing sooner will cause serious trouble later in the winter. If you must make short cuts, don't make them here. Grazing at the proper time is the key to your success.

SOYBEAN HARVEST

Soybean combines are moving into the fields in increasing numbers as medium-maturing varieties of beans become ready for harvest. The yields and quality of these medium-maturing beans will probably be higher than the early varieties harvested a few weeks ago.

For those harvesting now, the word is to, "go slow and low". Losses of beans usually increase with speed, because speed results in a higher cut. If a combine harvesting five acres per hour, loses a bushel per acre, then $25 will be left in the field each hour with beans selling at $5 per bushel.

Library club has election at Hackberry

The Hackberry Library Club held their first meeting Sept. 12 to elect officers for the new school year. The officers are: Susan Specer, president; Alton Pooser, vice president; Gary East, secretary-treasurer; and Teressa Powers, reporter.

Dues were set at $2.50. The club also voted to have a booth at the carnival.

The spaghetti supper which was supposed to be held last week was postponed until Friday, Oct. 21.

During World War II some Americans drank coffee made from over-roasted peanuts.

Hackberry News

By Grace Welch

The Catholic Daughters of St. Peters Catholic Church had their monthly meeting Monday, Oct. 17. Plans were made for serving gumbo Sunday, Oct. 30th.

The proceeds will go to the church for purchasing of chairs for the Catholic Hall. In the discussion of the annual banquet, it was decided that members and husband will go out. All members interested in going please contact Mrs. Joyce Schexnider, Mrs. Patsy Poole or Mrs. Hilda Domingue.

Get well wishes go to Mrs. Edia Broussard of Melton who hurt her leg. She is the mother of Mrs. Alton Schexnider.

Get well wishes to Mrs. Annie Terral.

Mr. and Mrs. Felix Dupre of Iota visited her sister and family, the Ernest Welch's.

Cameron Pilot

22nd Year--No. 2 Cameron, La. Oct. 27, 1977

BOB FARLEY presents a check for $2000 to Jerry Jones representing a donation by the Cameron Lions to the Boy Scouts.

Lions present funds to Scouts

The Cameron Lions club presented a donation of $2,000 to the Cameron Boy Scouts at their noon meeting Wednesday in Cameron.

Making the presentation was Bob Farley, secretary-treasurer of the Lions, to Jerry Jones, scoutmaster of Troop 210 of Cameron.

It was announced that Ward Fontenot was declared a 100 percent Lions president and became the first Cameron Lions club president to receive this honor.

Fall Festival set at G. L.

The Athletic Association Fall Festival for Grand Lake school is set for Sunday, Oct. 30. The event will feature a barbecue lunch, cake walk, bingo, and a queen's contest.

A country store will be open featuring many new gift items, hand-made articles, used toys and games, and good things to eat.

The store will have an "Early Bird Sale" Saturday, Oct. 29, from 3 to 5 p. m. in the school driveway.

Sponsors of the festival are Laurie Rose and Janice Crador.

Carnival rides

The Cameron Volunteer Fire Department is sponsoring carnival rides this weekend on the lot in front of the fire station.

McQuaiter Greater Shows will furnish the rides for the event, according to Fire Chief Ray Burleigh.

Spook House

The Lu Nil Oki Adventure Camp Fire club will hold a spook house Monday night, Oct. 31, from 6:30 to 9 p. m. at the Cameron Elementary School cafeteria. Admission will be 25 cents.

Jury meeting

The Cameron Parish Police jury will hold its monthly meeting Monday, Oct. 31 at 10 a. m. in the police jury building. The jury usually meets on the first Tuesday of the month but since this will fall on a state holiday--All Saints Day--the meeting was reset.

Luke Conner

Conner named

Luke Conner, son of Mr. and Mrs. Adam Conner of Creole, has been selected by Who's Who Among American High School Students and is featured in the 11th edition of this publication which will be issued Nov. 1.

Luke is a senior at South Cameron High School, a member of Beta Club, Leo Club and the Tarpon football team.

Creole bazaar slated Sat., Sun.

A full weekend of activities has been planned for the Sacred Heart Catholic church bazaar to be held in Creole Saturday and Sunday, Oct. 29 and 30.

The events get under way on Saturday morning at 10 a. m with a rodeo at the Boudreaux Arena on Oak Grove under the sponsorship of the Boudreaux Association.

The arena is located on Highway 82 east and will be open to Juniors from 1 to 11 years and Senior 12 to 15 years old and adults.

Belt buckles will be given for 1 to 3rd places in each event and high point Junior and Senior will receive trophies.

Entry fees will be $4 for bucking events and $4 for timed events with the starting time 10 a. m.

Featured events are bareback riding, barrel pickup, flag racing, bull riding, barrel racing and pole bending.

Added attractions are tie down calf roping for adults with an entry fee of $20, team roping for adults with $20 entry fee and girls barrel racing for 16 years and older with same entry fee.

Eats and drinks will be available at the concession stand throughout the day.

At 6:30 p. m. gumbo will be served at the WOW Hall in Creole followed by a dance at 9 p. m. with music by the "Teardrops".

Sunday activities get under way at 10 a. m. at the KC Hall with childrens games followed by a barbecue meal starting at 10 a. m.

Bingo games start at 1:30m p. m. and the crowning of the "Tiny Tot" royalty is at 3 p. m.

A dance starts at 3:30 p. m. with music by the "Teardrops".

A country counter, selling local craft articles will be operating throughout the day.

Tarpons take win over Chargers

The South Cameron Tarpons, who took a 28-13 win over the Marion Chargers last week in Tarpon Stadium, are now tied with Boston, each with a 2-0 record, for the District 5-AA lead.

The Tarpons will meet the St. Louis Saints in Lake Charles this Thursday night.

Scoring for South Cameron in the Marion game were Pat Smith, three touchdowns and two 2-point conversions; and Tony Porche, one TD.

Marion	7	6	0	6--13
South Cameron	6	6	16	0--28

SC—Pat Smith 57 run. Kick failed.
M—Kenneth Thomas 18 run. Gregory Anderson kick.
M—Ronald Labbe 60 pass interception. Kick failed.
SC—Tony Porche 1 run. Kick failed.
SC—Pat Smith 7 run. Pat Smith run.
SC—Pat Smith 13 run. Pat Smith run.

For District Judge

14th Judicial District, Division "E"

(One to be Elected)

BILLY H. EZELL Democrat 1 ☐

ARTHUR J. PLANCHARD Democrat 2 ☐

CHARLES W. RICHARD Democrat 3 ☐

THIS IS THE ballot that will face Cameron and Calcasieu parish voters on Nov. 5 when they vote in the special election to elect a 14th Judicial District court judge.

Rec schedule given at J.B.

The new time schedule for the Johnson Bayou Recreation Center is as follows:

Monday - Thursday: 3:30 p. m. -9 p. m.

Friday: 3:30 p. m. - 10 p. m.
Saturday: 2 p. m. - 10 p. m.
Sunday: 2 p. m. - 9 p. m.

The Recreation Center will be closed on all Holidays, all home basketball games, and all Tuesday night away basketball games.

Ladies exercise classes will continue to be on Monday and Wednesday nights from 6 to 7 p. m. Belly dancing classes will begin for ladies and for girls, ten years and up, if enough register. The beginners course will last for about four months. You may call Caroline Hebert at 569-5210 for more information and to register.

Adult classes

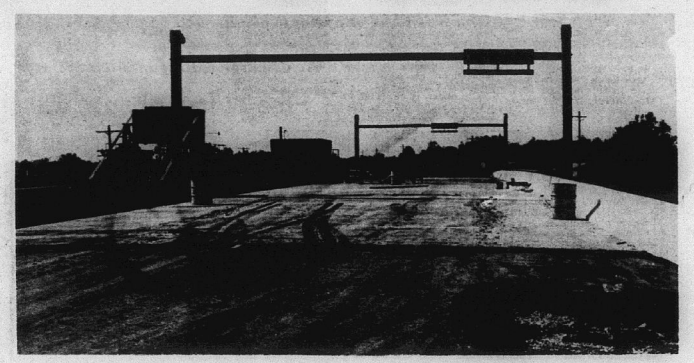
Adult education classes will begin soon at Johnson Bayou School, if enough people register.

Registration will be held at the school at 7 p. m. on Thursday, Nov. 3. The purpose of these classes is to prepare the adults so that, they may obtain the equivalent to a High School diploma.

Any interested persons may contact the principal, Howard Romero.

Rodeo

GETTING READY for the rodeo Saturday at Boudreaux's arena during the Sacred Heart Church Bazaar are, from left: Harry Conner, Gay Murphy, Jr. and Galton Boudreaux and some of the kids.



Sabine refuge to get vehicle

A $93,835 contract has been awarded by the U. S. Department of Interior to Quality Industries of Thibodaux for the purchase of two amphibious vehicles for use in two fish and wildlife refuges in Louisiana.

One of the vehicles will be used at the Sabine National Wildlife Refuge in Cameron parish.

The announcement was made in Washington by Congressmen Breaux and Treen and Senators Long and Johnson.

Sentences are given here

Zane West pleaded guilty to charges of burglary and theft in district court here last Thursday and was given a six month jail sentence.

The judge also sentenced him to three years in prison, but this was suspended and he was placed on probation for five years. He also will be required to pay a share of the restitution of the loss involved.

Gregory W. Kinnerson had his charge of theft reduced to unauthorized use of movables to which he pled guilty. He was given a six months sentence, which was suspended and he was fined $50.

Dan F. Campbell was fined $250 and given a six month jail sentence, which was suspended and was placed on probation for a year on charges of operating without a driver's license, DWI and unauthorized use of a movable.

Creole council to host group

J. P. Boudoin Council 3014 of the Knights of Columbus will host the regular monthly meeting of the Monsignor Hubert Cramers General Assembly, Fourth Degree Knights of Columbus in their council home in Creole Thursday, Oct. 27 at 7:30 p. m., it has been announced by Jerome Scalisi, Assembly Faithful Navigator.

This will be a ladies night and all preparations are being handled by Liaison Officer John Montie of Creole.

Plans for the La. District II Fourth Degree Knights of Columbus meeting to be held in Pine Prarie on Sunday, Oct. 30 will be discussed. The Assembly will also plan their annual Memorial Services to be held in November.

Continental Oil Company sets major safety record

Continental Oil Company's natural gas products department has achieved a major safety record. The department, including 14 gas processing plants, completed two consecutive years of operation without a single lost-time accident, on Oct. 14.

The two-year record represents a total of more than one million manhours of safety on the job, the company said. Currently, the Conoco department has 275 employees.

In addition to gas processing plants in Texas, Louisiana, Oklahoma, New Mexico, Colorado and Wyoming, the department operates underground storage facilities in Oklahoma and Louisiana and a major gathering and distribution system in southwestern Louisiana.

Conoco's Grand Chenier gas processing plant has not had lost-time accident since May 21, 1973. E. R. Howerton is the plant manager.

Nurses aid class

The Cameron Vo-Tech school will begin a Nurses Aid training program at South Cameron Memorial Hospital on Nov. 2.

The 12 week course will be held on Monday, Wednesday, and Friday mornings from 9 to 12 a. m. and Mrs. Carol Hopper, R. N., will be the instructor.

The course is designed to train persons for work in hospitals, private homes and nursing homes.

Classes are free of charge and interested persons 16 years of age and over should come by the Vo-Tech school to pick up application forms.

Retirement set

Linton J. Soileau, a roustabout in Continental Oil Company's natural gas processing plant at Grand Chenier, will retire Nov. 1 after more than 44 years of service with the company.

A native of Ville Platte, Soileau joined Conoco's natural gas department at Ville Platte in 1944 and became separator man in 1957. He served as roustabout first class at Lake Charles in 1958 and became roustabout and loading rackman at Easton in 1964. He has been roustabout at Grand Chenier since 1971.

OSCAR HARMON, Jr., lease operator for Continental Oil Co. in Cameron [standing, 2nd from left] was one of nine Louisiana and Texas residents enrolled in the recent Surface Safety Devices short course sponsored by the Petroleum Training Service at the University of Southwestern Louisiana. Instructor Jim Bordelon is shown at left.

CONSTRUCTION has begun on a modern new office building on Cameron's main street by Superior Oil Company. The front faces the main street and the back on the Calcasieu River.

Humorist, singers entertain Fellowship

The Cameron Fellowship for Aging met Sunday evening at Wakefield Memorial United Methodist Church under sponsorship of the United Methodist Women and the Catholic Daughters of Our Lady Star of the Sea Catholic Church. A large number was present.

Cap LaBove won the door prize for a man and Mrs. Allie Murphy for the lady.

Mrs. Lovenia Bartie was awarded the birthday cake from among several who have October birthdays.

Mrs. Vivian Stoutes, who is 83, was awarded the loving cup for one month as the oldest person present.

B. C. "Happy" Fletcher entertained the group with a numbr of Cajun stories.

The group of the Codofil teachers entertained the Fellowship with French songs.

Children riding on fire truck

Fire Week observed

In observance of "Fire Prevention Week" the Cameron Volunteer fire department took the Kindergarten Class of Cameron Elementary school on a ride on the fire truck around the town.

Ray Burleigh, fire chief, accompanied the youngsters, along with the driver, Ed Liptak, and the school teachers.

Altar Society has election

On Sunday, Oct. 23, the St. Rose Altar Society elected these new officers to serve the needs of St. Rose of Lima Catholic Church:

President, Mrs. Willie Bargeman; Vice-President, Mrs. Bryant Bartie; Secretary, Mrs. Oscar Harmon; Treasurer, Mrs. Junius Mayne.

The next meeting will be Nov. 27 at St. Rose Hall after the 10:30 a. m. mass.

Driver's Lic. office open 5 days a week

The Cameron Drivers License office is now open 5 days a week.

It is located in the basement of the Cameron Courthouse.

It has only been opened for short periods of time since the retirement of Hubert Boudreaux, Drivers License examiner.

'Beauties' selected at Grand Lake high

On Oct. 14 at 8 p. m. the Grand Lake Beta Club held a Women's Impersonator contest. Beth Greathouse and Donna Kline were the emcees.

Fourteen contestants were judged on dress, poise, posture, impersonations, and talent. A cake auction was held during intermission.

Three Beta members, Duke Hebert, Coy Vincent, and Bill Robicheaux, appeared as Charlie's Angels.

Winners were: 2nd runner up, Harold Savoie; 1st runner up, Charles Precht III; and winner, Kelly Precht.

Schlesinger rites held

Funeral services for Mrs. Henry D. Schlesinger, Sr., 44, were held at 10 a. m. Monday, from Our Lady Queen of Heaven Catholic Church in Lake Charles.

Msgr. Irving DeBlanc officiated. Burial was in Combre Memorial Park.

Mrs. Schlesinger, the former Katherine Duhon, died Friday, Oct. 21, in a Lake Charles hospital.

She was a member of Our Lady Queen of Heaven Catholic Church, past president of the Ladies Altar Society and a member of the Ladies Auxiliary of Knights of Peter Clavier Council No. 31.

Survivors are her husband; one daughter, Kathy Schlesinger; two sons, Byron and Henry Schlesinger, Jr.; her mother, Mrs. Julia Duhon; three sisters, Gertrude Duhon, and Mrs. Delores Combre, all of Lake Charles, and Mrs. Mable Harrison of Hitchcock, Tex.; one foster sister, Mrs. Barbara Lemelle, and one brother, Harvey Duhon, both of Lake Charles.

Relatives and friends from the Cameron and Grand Chenier area attended the funeral in Lake Charles.

Open house slated at Lacassine

The Lacassine National Wildlife Refuge will hold its annual "open house" Oct. 29 and 30. These days are donated to waterfowl hunters who want to visit the refuge before the opening of duck hunting season. The refuge staff will be available to answer questions and issue hunting permits.

Hunters may explore the hunting area and build hunting blinds if they choose. In a slight departure from previous years, hunters may also build blinds during the entire week preceding the opening of the duck hunting season. This activity is not just "open house" weekend.

Hunters should come by the office and obtain a permit before entering the hunting area during the days between open house and opening day of the hunting season, however, all activity on the refuge must cease before sunset.

Hunters are reminded that only native vegetation may be used in the construction of hunting blinds.

No firearms or shotgun shells may be in possession, nor will it be permissible to leave boats on the refuge prior to the opening of the hunting season.

The refuge office will be open during the open house, and personnel will be on the hunting area to provide assistance and information.

For additional information about hunting on the refuge, write: Refuge Manager, U. S. Fish and Wildlife Service, Rt. 1, Box 186, Lake Arthur, La. 70549; or call 774-2750.

Chenier club installation

An installation of officers for 1977-78 for the Grand Cenier junior 4-H Club was held at their recent meeting in the school library.

Old and new business was discussed and plans were made for national 4-H week in October.

Dues were discussed and asked to be paid before November meeting.

Project cards were filled out by club members.

New books at library

New books at the Cameron Parish library include:

FICTION

Water Under the Bridge. Eddiott. Set in Sidney, Australia, the book tells the story of two people, Neil Atkins and Maggie McGhee, who live during a time of shifting values and new horizons.

Yearbook. Marlow. A novel about adolescents and their bemused families, climbing into adulthood in a small Long Island, N. Y. atown in the tail-end of the 1950's.

Seawitch. MacLean. A spellbinding thriller about an enormous, sophisticated, mobile oil rig called the Seawitch anchored off the American coast in the Gulf.

Look Away, Beulah Land. Coleman. A sequel to Beulah Land concerning the Kendricks, whose plantation home has been left in ruins by Sherman's rampaging soldiers.

Pray to the Hustlers' God. Donahue. The best courtroom drama since Anatomy of a Murder.

NON-FICTION

All God's Children. Stoner and Parke. A comprehensive study of the new religious cults and their hold on idealistic young people.

The Tumbleweeds. Johnson. An overview of how five Puerto Rican boys became men through their participation in a tumbling act.

Johnny's Such A Bright Boy, What A Shame He's Retarded. Long. A timely look at some of the most controversial aspects of the segregation policy and an enlightening perspective on mainstreaming.

Lindbergh Alone. Gill. A meditation on one man's unprecedented accomplishment and the world's overwhelming response to it.

The Center of Life. Cudmore. A natural history of the cell.

Pvt. Abshire completes adv. training

Private John C. Abshire, son of Mrs. Helen Kershaw Hackberry, recently completed seven weeks of advanced individual training at Ft. Benning, Ga.

The training included weapons qualifications, squad tactic, patrolling, land mine warfare, field communications and combat operations. This qualified him as a light weapons infantryman and as an indirect fire crewman.

He was taught to perform any of the duties in a rifle or mortar squad.

Pvt. Abshire entered the Army in June of this year.

He is a 1976 graduate of the Army in June of this year.

His father, John C. Abshire Sr., lives in Lake Charles.

KENNETH POOSER of Hackberry high school was recently nominated to the McDonald's All American Marching Band. Mrs. Pam LaFleur, principal, here presents a certificate to Kenneth recognizing this honor.

GRAND CHENIER

GRAND LAKE-SWEETLAKE

Pecan-picking party held at Grand Lake

By AGNES HEBERT

To celebrate the joy of harvest time Mary Venable and Thelma Fruge threw a "pecan-picking" party.

Enjoying the bounty of the crop were: Meon Demarest, Ruby Daigle, Edith Broussard and Cecile Moore, all sisters and natives of this area. Joining them were Dana and Cathy Beniot, Mrs. Dave Venable and her sister Mrs. Dan Nunez.

When Bertha and K. P. Parker moved to Texas, Velma and Walter Fruge bought their place under the lovely old pecan trees. Close nieghbors are her sister Mary and her husband Lawrence Venable. The girls were Touchets before their marriages and were reared in the Big Pasture. Velma retired recently after working for many years at Krogers in Lake Charles.

SATSUMA RIPENING

Satsumas are starting to get ripe so Noble (DaBou) Theriot and his grandson Danny Myers are keeping a close watch on their orchard. They'll wait until they're just right before putting them for sale. Dewey Hebert and Dupree Guidry also usually have good home grown satsumas to sell each fall.

BREAKS ARM

When 5th grader David Crador broke his arm at school he had plenty of family support on hand. His mother is the school secretary and his grandparents are custodian and sweeper. David spent the night in the hospital and will be in a cast for several weeks. He is the son of Janice and Robert Crador and the grandson of Rose and Oiphy Crador.

Slowly recuperating in Intensive care at St. Pat's is Ezra Hebert. Shun-Tak had a heart seizure and is receiving care for a blood clot in one leg.

Best wishes to little Kevin Landry in the Tiny Tot King Contest for the Creole Church bazaar. He was in our neighborhood getting donations for his church and we really admire the young man and his friendly older brother for working so deligently.

FAULKS IN TEXAS

Stationed at Sheppards Air Force Base in Wichita Falls, Texas are Cahrles and Margie Faulk. Charles is a lieutenant in the Air Force and is working on college credits towards his Master's degree. He went into the service through the ROTC after graduation from La. Tech.

Also in the service is '77 grad, Richard Hebert. He is stationed at the Navel Training center in Orlando, Florida. Earline, Richard and his brothers and sisters are hoping to visit Ricky soon.

After spending two weeks in a Houston hospital with her mother Mrs. Clement Granger is happy to be home. Irma's mother is Mrs. Mary C. Nunez of Little Chenier. While in Houston she was able to visit with her daughter Frances and husband Bobby Baccigaloppi. Their children Jodie Dawn and Angie Fawn returned to Sweet Lake for a visit with their grandparents.

BIRTH ANNOUNCED

The star of Memorial Hospital nursery last weekend was Brandon Wayne Nash, infant son of Peggie and Reggie Nash. Weighing in at 10 lbs. 11½ oz. he was easily heavy-weight champ of the day. Happy grandparents are Enell and Julius Nash and Jackie and James LeBert.

Opening another Speedi-Tote store on 18th Street in Lake Charles is Kelly McBride. Since Kelly started by leasing Boone's Corner in 1975 this is the 4th in his chain of service stores. An ambitious and enterprising young man, Kelly is also a very hard worker.

BUTCH HOME

Home from the North Slope is my favorite son, Butch. The last land frontier of the U. S. really appeals to him and he's looking forward to returning in March when the territory thaws out a little. He left 38 degrees below weather to bask in 80 degree La. warmth.

Busy preparing for the hunting season are Amos and Bud Faulk who operate hunting camps. Amos has acquired two mobile homes to house his out-of-town sports. Bud built a clubhouse at the rear of his property last year. Also getting thing lined up is John B. Duhon who put a new roof on his large camp.

CEMETERY REMINDER

John B. Duhon and Wasey Granger keep books for the Community Cemetary near the Intracoastal Canal. If any resident or former residents are as absent minded as I am, perhaps they would appreciate a friendly reminder--donations of $5 per family are needed each year to provide the upkeep.

Former residents of the Big Pasture, Melda and Nickolas Demary have made two sad pilgrimages to the cemetary in recent months. Their son Earl who was an invalid perished in a fire not too long ago and now his son, Randy Paul has died at the age of 23. Melda is the sister of Mrs. Absie (T-Nes) Duhon and Nick is John Demarest's brother.

There are as many different spellings of some family names as there are members of the family. Demarest, Demary, Demarie, depending on how your particular birth certificate reads.

Former residents, the Andrew Istre family lost their son-in-law Leon Beniot recently. Leon's wife Betty leased Boone's Drive Inn several years ago and their boys attended school here, Betty is Ardean Thomas' sister. Norris Beniot bought Mr. and Mrs. Istre's house across from the Catholic Church.

NEW HOME

Building a most attractive new house north of her parents are the O'Connells. Carol's father is a stone mason and has really done an outstanding job on their house. This family is anxious to spread their roots here after working abroad in North Africa and Holland for several tours.

Bowling is a fun thing to do and especially so if it is a family interest. Sandi and Irvy Reon bowl for O'Brien's Flying Service on Thursday nights. Then on Saturday mornings the children, Christine-9, Timmy-7 and Melissa-5 years join other youngsters at the alley on Hwy. 14. The younger Reons comprise one team and compete against other sibling teams.

In the news most recently as a defense lawlyer in the Jupiter trials is a native of our area, Raleigh Newman. Success hasn't changed him much, Raleigh is like Conway LeBleu-if he's ever known you, he'll always know you and respond generously if a friend is in need.

WELCOME BACK

A warm welcome back to the community for Mrs. Caroline Agen who had been in Cameron helping to care for her sister who was ill and passed away recently.

Stopping by to say "hello" on a business trip to the school was Mrs. Edna Helms who taught 7th grade at Grand Lake for many years.

Stan and Mr. Walter have just returned from a tour of the Western U. S. and she's promised to give us more details for a future article. The Helms are very cosmopolitan, having visited Russia with other American farm families for an agricultural sutdy.

AT WEST POINT

At the U. S. Military Academy at West Point for his senior year is George Stone, son of Barbara and Hardy Stone and grandson of the Walter Helms. His sister Donna is a medical technologist in Lafayette and Cathy is a sophomore at McNeese.

When you're hot, you're hot and the Tarpons have been lighting up the scoreboards. Big district win #2, and what a great homecoming gift for former coach Sonny McCall who was an honored alumni.

"No one can know everything." Horace

Mr. and Mrs. Erbelding

Erbeldings honored on 60th anniversary

By CAROLYN HEBERT

Mr. and Mrs. J. B. Erbelding, Jr. of Johnson Bayou were honored for their 60th wedding anniversary with a dinner at the home of Mr. and Mrs. Richard Drost Sunday, Oct. 23.

Family members present at the anniversary dinner were their son and wife, Francis and Rosalie Erbelding; their grandson and wife, Richard and Dee Drost; and their great-grandchildren, Darin and Richard Jo Drost, all of Johnson Bayou.

Their daughter, Bertha Ellender of Sulphur, came to wish them Happy Anniversary on Monday, Oct. 24. Their other sons are J. B. Erbelding III of Johnson Bayou and Fritz Erbelding of Sulphur. They have nine grandchildren and thirteen great-grandchildren.

J. B. is 84 years young and Annie is 77 years young.

Recently returned from a vacation in Europe were Mr. and Mrs. Carl [Sing] Faulk of Cameron. They are shown above dressed in togas at a party in Rome.

The Challenge of Genealogy

by MARIE WISE

One of the recurring puzzles of family history mystifying to Louisiana researchers is the case of an ancestor who appeared in some parish four or five generations back, and since has well-documented descendants. However, this particular ancestor seems to have "come from nowhere" and left word with no one about his past.

Tracing the Louisiana line back to the original immigrant often covers several states and leads back to the Eastern Seaboard. To those who succeed, it is a special triumph.

HANCHEY

Mrs. Robert Glen Hanchey, 2915 Myrtle Ave., Baton Rouge, La. 70806 is publisher of the handsome, *Hanchey Family* volume, 8½ x 11 in., hardcover, 185 pages, $15.00, dedicated to her husband and covering their research of several years.

In learning more about William Hanchey (1806-1883) they traveled back through Louisiana, Alabama, North and South Carolina and northern Florida to find that he was the fifth generation of Hancheys in America.

This name, with at least fourteen different spellings including Hinchey, Honsey, Hance and Hanchez, has been here for 230 years. In about 1745, the Swiss-German immigrant, Jacob Hanchey (Henkey, Hackley) arrived from the lower Rhine Valley as a colonist to the Carolinas.

This line of the Hancheys has been in Louisiana for more than a century, James being registered in Caldwell Parish and William in Rapides for the 1860 census. In 1870 William was in Calcasieu parish and in 1880 in what is now Beauregard.

LEE-KING

Only a few families have been in America for fifteen generations. The Lee Family has, Henry Lee (Leigh) arriving in 1636 from England as one of the early immigrants to Virginia. Michael King arrived in 1646, also from England to Virginia, and from him the King family is traced for twelve generations.

Two sisters, Reba Shropshire Wilson and Betty Shropshire Glover, spent eight years of intensive research into their family lines to produce a beautiful book, *The Lees and Kings of Virginia and North Carolina, 1636-1976*, with four full-page colorplates and some 30 photographs.

Included are 15 pages of family lineage charts, a number of maps, migration charts showing how Lees and Kings moved south through the Carolinas and Georgia to the Gulf States and Texas as well as west through Tennessee. There is a great deal of history overlapping four centuries and many family stories included in the book.

Available from: Wilson and Glover Publishing Co., 571 Headden Drive, Ridgely, Tenn. 38080, 186 pages, 8½x11 in., hardcover, indexed, $25.00.

HOUGH-HUFF

Hough and Huff Families of the U.S. 1790-1850, The Southern Expansion, Volume IV is one of several books published by Dr. Granville W. Hough, 3438-B Bahia study of the Hough-Huff family lines originating "from several North European countries" and with many variant spellings including Hoff, Hauf, Hoft, etc. The number of volumes he has produced show how the families migrated to America and expanded into every state.

The Louisiana chapter of *Volume IV* shows Hough-Huff soldiers from the War of 1812 and the Army of the Confederacy plus 19th century census records from fourteen parishes.

IT'S A GOOD IDEA to have a good idea of the kind of molasses you're getting.

4-H club gets project books

The members of the Grand Lake Sr. 4-H Club received their project books at the club meeting Oct. 18.

Sandra LaBove was voted to serve as treasurer of the executive council.

Mr. Wicke gave a demonstration on "How to buy a T-shirt."

NOTICE

The Cameron Parish School Board is accepting applications for the positions of Janitor and Sweeper for South Cameron High. Interested persons must file applications with Robert Ortego, Personnel Director, Cameron Parish School Board, Cameron, Louisiana by or before November 10, 1977.

PUBLIC NOTICE

This is to advise that the Cameron Parish Police Jury desires to lease approximately 3 to 5 acres of land in the Grand Chenier Area. Interested parties should contact Mr. Lester Richard at 538-3236 or Mr. John R. (Bud) Rollins at 775-5718.

Mr. and Mrs. Blackburn

Blackburn-Thevis vows said in Mowata

Claudette Ann Thevis became the bride of Roger Eugene Blackburn of Johnson Bayou, in Mowata Community Catholic Church recently.

The bride is the daughter of Mr. and Mrs. Joseph H. Trevis of Mowata. She was graduated from Iota High School, attended McNeese State University, and is employed at the Welfare Office in Crowley.

Mr. and Mrs. Elden Ray Young of Johnson Bayou are parents of the groom. He is a graduate of Johnson Bayou High School, attended University of Southwestern Louisiana, and is manager of Young's Grocery Store in Mowata.

The couple honeymooned in Panama City, Florida and are making their home in Mowata.

OFFER GOOD UNTIL CHRISTMAS ON GUNS

REMINGTON LEFT HAND AUTOMATIC
MODEL 1100 GAS OPERATED

$206.25

Left-side loading, ejection and safety give new handling convenience to southpaw shooters. Barrel interchangeability limited to Left Hand barrels; other features same as regular Right Hand guns. 12 and 20 gauges. Trap version gives choice of regular stock or Monte Carlo Stock with cheekpiece on right side of stock.

3" Magnum----$221.25

20 Gauge Lightweight **$210.00**

Fast pointing, easy handling through approximately 12-ounce weight reduction from regular weight gun. Special lightweight steel receiver, mahogany stock and forend. Handles 2¾ in. regular shells and 2¾ in. 'baby' magnum shells. Barrel interchangeability limited to other lightweight barrels. Other features same as regular weight guns.

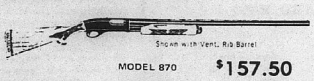
Plain Barrel---$195.25

REPEATING SHOTGUNS
REMINGTON "WINGMASTER" MODEL 870

Field Gun, Pump Action, 5 Shot **$138.75**
(4 Shot in .410 ga.; 3 in. Shells)

America's best-selling pump shotgun; since 1950 more than 2½ million 870's have been sold. Exceptionally fast and smooth chambering and extraction through use of double action bars. Quick, no-tools-needed barrel interchangeability. Receiver made from a block of solid steel. Barrel extension locks in the breech block to assure constant head space. Cross bolt safety. Vibra-honed metal finish, chrome-plated bolt. Stock and fore-end have deep, sure checkering. Fluted comb. Wood protected by DuPont's RK-W finish. Metal bead front sight. Distinctive white spacers at recoil pad and grip cap. Length of pull 14 in., drop at heel 2⅛ in., drop at comb 1⅝ in. 3-shot wooden plug furnished. 28 and 410 gauge guns have butt plates, not recoil pads.

3" Magnum---$153.75



Shown with Vent. Rib Barrel

MODEL 870 **$157.50**

3" Magnum----$172.50

REMINGTON "WINGMASTER" MODEL 870

Deer Guns **$146.25**
"Brushmaster" Deluxe Pump Action, 5 Shot

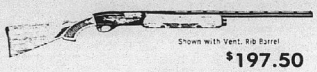
Shorter, 20 in. barrel and rifle sights—rear sight adjustable for windage and elevation. Improved Cylinder choke for maximum effectiveness with rifled slugs and buckshot loads.

REPEATING SHOTGUNS
REMINGTON AUTOMATIC MODEL 1100
GAS OPERATED

Field Gun, Automatic, 5 Shot **$183.75**
(4 Shot in .410 ga.; 3" Shells)

America's best-selling automatic shotgun. Automatically adjusts to power of shell being fired—low base, high base, 'baby' magnum. Low recoil effect—a light push instead of a hard punch. Quick, no-tools-needed barrel interchangeability. Barrel extension locks into the breech block to assure constant head space. Cross bolt safety. Receiver made from a block of solid steel. Vibra-honed metal finish. Chrome-plated bolt; receiver and bolt have decorative scrollwork. Distinctive teardrop pistol grip with white diamond inlay, white spacers on butt and grip cap; deep, sure-grip checkering, fluted comb. Wood protected with DuPont's RK-W finish. Metal bead front sight. Length of pull 14 in., drop at heel 2⅛ in., drop at comb 1½ in.
Available in 12, 16, 20, 28 and 410 gauge.

3" Magnum-----$196.75



Shown with Vent. Rib Barrel **$197.50**

* Ventilated rib barrel

3" Magnum-----$215.50

$146.25

20 Gauge Lightweight with 2¾" Chamber
20 Gauge Lightweight 3 Inch Magnum

Fast-pointing, easy handling through approximately 12 ounce weight reduction from regular 20 gauge gun. Special lightweight steel receiver, mahogany stock and forend. Handles 2¾ in. regular shells and 2¾ in. 'baby' magnum shells. The 3 in. magnum chamber version handles all 3 in. and 2¾ in. shells. Barrel interchangeability limited to other lightweight barrels. Other features same as regular weight guns.

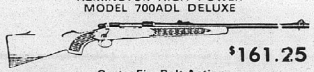
Ventilated Rib-----$165.00
3" Magnum----------$161.25
3" Mag. V.R.-------$179.50

Shown with Vent. Rib Barrel **$215.50**

Magnum Grade, Pump Action, 5 Shot

Maximum power for waterfowl hunting. 3 in. chamber; will also handle 2¾ in. 'baby' magnum shells and 2¾ in. regular shells. Interchangeability of barrels limited to other 3 in. chamber barrels; other features same as 2¾ in. chamber field gun. 12 and 20 gauges.

REMINGTON HIGH POWER
MODEL 700ADL DELUXE



$161.25

Center Fire Bolt Action

The ADL version of the Model 700—America's best-selling high power bolt action rifle—is available in 9 different calibers. Extra strong action with 3 rings of steel (bolt head, barrel and receiver) surrounding the cartridge head when gun is fired. Precision-rifled Remington steel barrel for finest accuracy. New anti-bind 'gliding' jeweled bolt, stainless steel magazine follower. Positive thumb safety. Bolt handle positioned farther forward of trigger to protect knuckles from recoil. Flat faced gold bead front sight with ramp. Rear sight adjustable for windage; new sliding ramp for more precise elevation adjustment. Rear sight removable for addition of scope block without drilling or tapping. Receiver drilled and tapped for scope mount or receiver sights. American walnut Monte Carlo stock with cheek piece, skip-line checkering on grip and fore-end. Fore-end deepened, pistol grip slimmed for more holding comfort. RK-W wood finish; butt plate set in with 4 screws. 13⅜ in. length of pull, 2⅝ in. drop at heel, 1⅝ in. drop at comb (from open sight line). Recoil pad included on 7mm Remington Magnum model. Sling strap and quick-release swivels optional at extra cost.

REMINGTON HIGH POWER
MODEL 700 HEAVY BARREL VARMINT SPECIAL

$195.00

Center Fire Bolt Action

The Varmint Special version of the Model 700—America's best-selling high power bolt action rifle—is available in 6 different calibers. Features are same as Model 700 BDL Custom Deluxe version except: 13⅛ in. drop at heel, 1½ in. drop at comb (from center line of bore) no sights, 40X8 type scope mounts.

REMINGTON DELUXE HIGH POWER AUTOMATIC
"WOODSMASTER" MODEL 742BDL

$195.50

Deluxe Grade, Automatic, 5 Shot

Model 742BDL Custom Deluxe features basket weave checkering on American walnut stock and fore-end protected by Du Pont RK-W finish. Monte Carlo stock with cheek piece. (Models with left hand cheek piece have left hand safeties—both at no extra charge.) Step receiver is the ultimate in deluxe design. Has white spacers on grip and fore-end—plus all the regular features of the standard Model 742 automatic.

MOSQUITO ABATEMENT
DISTRICT NO. 1
/s/ Don Menard
Director

To be run October 27 and November 3 and 10.

NOTICE OF PUBLICATION
OFFICE OF
MINERAL RESOURCES
ON BEHALF OF THE
STATE MINERAL BOARD
FOR THE
STATE OF LOUISIANA
BATON ROUGE, LOUISIANA

By virtue of and in conformity with the provisions of Louisiana Revised Statutes 30:121 et seq as amended, sealed bids will be received in the office of Administrative Services, State Land and Natural Resources Building, Baton Rouge, Louisiana, on or before the 8th day of November, 1977, at 10 o'clock a. m. for oil, gas and mineral lease for the purpose of exploring, drilling for, mining for and producing oil, gas and other liquid and gaseous hydrocarbon minerals, sulphur and potash in and on the following lands and bottoms described in Tract No. 14607 through Tract No. 14701, inclusive, at which time and date said bids will be opened and published in the State Land and Natural Resources Building, Capitol Complex, Baton Rouge, Louisiana. The description of said tracts are more particularly set out below

TRACT 14666 — Cameron Parish, Louisiana — All of the lands now or formerly constituting the beds and bottoms of all water bodies of every nature and description and all islands and ridges and ridges formed by accretion or reliction, except tax lands, owned by and not under mineral lease from the State of Louisiana on August 26, 1977, situated in Cameron Parish, Louisiana, within the following described boundaries: Beginning at a point having Lambert Plane Coordinates of X = 1,581,400.00 and Y = 458,680.00, thence South 2,640.00 feet to the Northeast corner of State Lease No. 6573; thence West 7,920.00 feet along the North line and the Westerly extension of the North line of said State Lease No. 6573; thence North 2,640.00 feet; thence East 7,920.00 feet to the point of beginning, estimated to contain approximately 382 acres, as shown outlined in red on a plat on file in the Office of the Secretary, Department of Natural Resources. All bearings are based on Louisiana Lambert Plane Coordinate System (South Zone).

TRACT 14667 — Cameron Parish, Louisiana — All of the lands now or formerly constituting the beds and bottoms of all water bodies of every nature and description and all islands and ridges formed by accretion or reliction, except tax lands, owned by and not under mineral lease from the State of Louisiana on August 26, 1977, situated in Cameron Parish, Louisiana, within the following described boundaries: Beginning at a point having Lambert Plane Coordinates of X = 1,570,600.00 and Y = 443,580.00; thence East 5,850.00 feet; thence South 6,550.00 feet; thence West 5,850.00 feet; thence North 6,550.00 feet to the point of beginning, estimated to contain approximately 885 acres, as shown outlined in red on a plat on file in the Office of the Secretary, Department of Natural Resources. All bearings are based on Louisiana Lambert Plane Coordinate System (South Zone).

All bids are to offer a cash bonus for a lease for a primary term for which shall not exceed three years and granting no express warranty or recourse against lessor whatsoever, either expressed or implied, not even for return by lessor of any payments received under the lease or being otherwise responsible to lessee. The minimum royalties required by RS 30:127, as amended, are one-eighth (1/8th) of all oil produced and saved; one-eighth (1/8th) of all gas produced and saved, seventy-five cents ($.75) per long ton of sulphur produced and saved; ten cents ($.10) per ton of potash produced and saved; and one-eighth (1/8th) of all other liquid or gaseous hydrocarbon minerals produced and saved. A bid of royalty less than the aforesaid statutory minimums will be invalid and will not be considered by the Board. All bidders are notified that the Board does not obligate itself to accept a bid which offers the aforesaid statutory minimums, but reserves the right to accept a bid which offers in excess of the statutory minimums and is considered most advantageous to the State of Louisiana.

With respect to royalty bids on sulphur and potash, prospective bidders are advised that the Board, by policy, has expressed a preference that bids on sulphur and potash be on a percentage or fraction-al basis, in excess of the statutory minimums, and that such suggested percentage is 12 7/8% or fraction is one-eighth (1/8th) of the value per long ton of sulphur produced and saved and 12 1/2% or 1/8th of the value per ton of potash produced and saved. It is to be clearly understood, however, that the Board reserves the right to accept a royalty bid on sulphur and potash greater or lesser than the preferred royalty, provided that the statutory minimums are met if the entire bid is considered not disadvantageous to the State of Louisiana.

The provisions of this notice or advertisement and the relevant statutes establish the material considerations necessary for the formulation of proper bids, and this notice or advertisement shall not be deemed to be modified, enlarged or diminished by recitations or policy expressions of the Board not incorporated herein expressly or by reference.

All leases awarded shall be executed upon terms and conditions provided in the current State lease form with all applicable riders appended thereto, including but not limited to provisions as follows: Should lessee fail to begin the actual drilling (casudding in) of a well on the lease premises within one year from the date of the lease, the lease shall terminate as both parties to the lease, unless on or before such anniversary date, lessee shall pay a delay rental (which shall in no event be less than one-half of the bonus offered), which shall cover the privilege of deferring drilling operations for a period of one year. Upon like payments annually, such drilling operations may be further deferred for successive periods of one year each during the primary term of the lease. The lease shall also provide for the drilling of offset wells where necessary to protect the State's interest and shall contain the provisions against the assignment or sublease of the lease unless approved by the State Mineral Board. The lessee shall have the right to enter into pooling or unitization agreements with respect to development of the lease or premises subject to the approval of the State Mineral Board.

Certified check, cashier's check or bank money order payable to the OFFICE OF MINERAL RESOURCES for the full amount of the cash bonus, shall accompany and be submitted with each bid, and no bid thus submitted may be thereafter withdrawn or canceled and the certified check, cashier's check or bank money order accompanying the bid of the successful bidder shall be immediately negotiated by the OFFICE OF MINERAL RESOURCES, and the proceeds thereof disbursed in the manner required by law. The successful bidder to whom the lease is awarded on the date of the lease sale shall return the written lease, duly executed, within TWENTY (20) DAYS after bidder's receipt of same under penalty of forfeiture of the lease and the bonus previously tendered and accepted by it in the event of failure to do so.

NOTE: In the case of all State Agency Lands, herein offered, certified checks, cashier's checks or bank money orders for the cash bonus shall be made payable to each respective State Agency, provided that in a sixteenth section, or part thereof, located in a township which is offered in more than one parish, is offered, certified check, cashier's check or bank money order for the full amount of the cash bonus shall be made payable to the STATE TREASURER.

Any Amendment, Assignment or Agreement entered into after the State Mineral Board has awarded such lease must be approved by the Lessor Agency.

Consistent with the policy of the Board as expressed in a resolution dated August 12, 1965, all bidders are hereby notified that bids on portions of tracts should be described by metes and bounds and be accompanied by a transparent plat outlining the portion bid upon. The scale of the plat should be 1 inch = 4,000 feet.

The State Mineral Board reserves the right to reject any and all bids or to grant a lease on any portion of the tract advertised and to withdraw the remainder of the tract.

SUCCESSION OF LEWIS T. LOHMAN

25TH JUDICIAL DISTRICT COURT
PARISH OF PLAQUEMINES
STATE OF LOUISIANA
NO. 19-379, DIV. "D"

FILED: SEP 27 1977 Deputy Clerk

NOTICE OF APPLICATION TO SELL IMMOVABLE PROPERTY AT PRIVATE SALE

Notice is hereby given that Lelamae Wood, the duly appointed, acting and Qualified Testamentary Executrix of this Succession, has petitioned this Court for authority to sell certain royalty interests (immovable property interests) belonging to this Succession at private sale to James A. Gibbs, in accordance with the provisions of Article 3281 of the Code of Civil Procedure, for the price of Two Hundred Thirteen Thousand, Three Hundred Ninety-Six Dollars ($213,396.00), payable in cash, upon the following terms and conditions:

(1) Sale is to be without warranty of title.

(2) Sale is to be effective November 1, 1977; purchaser will be entitled to all income from production subsequent to that date, and the succession is entitled to all income, whenever received, from production prior to November 1, 1977.

(3) All recording costs to be paid by purchaser.

The royalty interests proposed to be sold at private sale are described on Exhibit "A" annexed hereto and made a part of this notice. Any heir, legatee or creditor who opposes the proposed sale must file his opposition within seven (7) days from the day on which the last publication of this notice appears.

BY ORDER OF THE COURT:

Nathaniel P. Phillips, Jr.
Chaffe, McCall, Phillips, Toler & Sarpy
Attorneys for Petitioner
1500 First N. A. Building
New Orleans, Louisiana 70112
Telephone: (504) 568-1320

Publication: Twice, with at least twenty (20) clear days between publications.

EXHIBIT "A"

To Notice of Application to Sell Immovable Property at Private Sale

All the right, title and interest of the Succession of Lewis T. Lohman in the following described property.

All of the right, title and interest in and to the various royalty interests listed on Exhibit "A" annexed to the petition filed on , 1977 in this proceeding and recorded in the records of Acadia, Assumption, Bienville, Calcasieu, Cameron, Claiborne, Lafayette, Lafourche, Lincoln, Franklin, Jefferson, Jefferson Davis, Iberia, Plaquemines, St. Landry, St. Martin, St. Mary, Tensas, Terrebonne, Vermilion and Webster Parishes, State of Louisiana, as if copied herein in extenso, as follows:

MEMBERS OF the Cameron Vocational-Technical School student council are pictured above. Seated is Melba Daniels. Standing from left are Tony Duhon, Larry Myers, Valarie Thornton and Daena Trahan.

Vo-Tech school names council

The students at Cameron Vocational-Technical School in Creole held an organizational meeting to form the Cameron Vocational-Technical School Student Council.

Elected to serve for the 1977-78 school year are Tony Duhon, president; Larry Myers, vice-president; Valorie Thornton, secretary; and Daena Trahan, treasurer. Leslie Griffith, director, appointed Melba Daniels, office occupations instructor, to serve as student council advisor.

Student Council Representatives elected by each department are Sharon Murphy, Office Occupations; Stanley Abrahamsen, Vehicle-Marine Engines; and Cindy Lanson, Welding.

Alternate representatives for the Student Council of each department elected are Monica Bourriague and Tanan Clay, Office Occupations; Roger Theriot and L. J. Tullier, Vehicle-Marine Engines; and Michael LeBouef, and Donadl LeJeune, Welding.

JOHNSON BAYOU

Chevron employees get service awards

By CAROLYN HEBERT

Several Chevron employees working in Johnson Bayou attended a service award banquet in Lafayette Oct. 12.

Employees with thirty years service received a beautiful Bulova watch. They are Warren Roden, Harold Cranfield, C. E. "Buster" Keys, and Roy Gibson. Employees receiving a Chevron emblem pins were Charlie Hancock, 25 years; Woody Dollar, 20 years; and Jim Mullins, 10 years.

Employees attending the banquet as guests were Claude Driggers, Don Hebert, Larry Jinks, Mike Gray, and George Carpenter.

CUB SCOUTS

The Johnson Bayou Cub Scouts need adult leaders. If parents do not volunteer to help, the Cub Scouts will have to be discontinued.

Papers were given out at school for parents to sign; not enough were returned. Please let the school know if you will be a leader.

HARVEST FESTIVAL

Contestants for this year's Harvest Festival are kindergarten-Amanda Trahan, first grade-Delisa Leger, second grade-Tammy Erbelding, third grade-none at present, fourth grade-Shontel Blanchard, fifth grade-Lori Jinks, sixth grade-Jennifer Tramonte, seventh grade-Marria Istre, eighth grade-Patty Jinks, ninth grade-Lari Barrentine, tenth grade-Robin Schaller, eleventh grade-Helen Merritt and 12th grade-Debbie Constance.

HALLOWEEN PARTY

A Halloween Party will be held at the Recreation Center Saturday night, Oct. 29 at 7 p. m.-10 p. m. Admission is $1 and all proceeds go to Debbie Constance, contestant for Harvest Festival Queen.

BIRTHDAY DINNER

Warren O. Trahan of Johnson Bayou was honored with a dinner on Saturday, Oct. 15 in celebration of his 51st birthday. The dinner was at his home and given by his wife and daughters.

His children and their spouses attending the dinner were Mr. and Mrs. Presley Hebert of Cameron, Mr. and Mrs. Gerald Douchet, Mr. and Mrs. Sonny Trahan, Mr. and Mrs. Ernest Trahan, and Mrs. Lillie Koppie all of Johnson Bayou; also his sons at home are Eldaw and Tommy Trahan. Numerous grandchildren were present.

Special guest was his mother, Mrs. Haddie Trahan. Other guests were Mr. and Mrs. Murphy Romero and Mr. and Mrs. Roy Innes.

Out-of-town guests were Pastor Charles Fontenot of Sulphur, Mrs. Claire Eccles of Sulphur, and Bernel and T. Nunez of Cameron.

After dinner, cakes and punch were served. Rev. Fontenot and Sister Eccles played the accordian and guitar and sang numerous gospel songs.

SING-IN

The Johnson Bayou Pentecostal Church had a sing-in on Friday night. Oct. 14, to raise funds for their church. They plan to enlarge their church.

VISITING

Don, James, and I spent the weekend of Oct. 7-8 at my parents, Mr. and Mrs. Ernest McLeod in Sulphur. We visited with them and my sister and her daughter, Elaine and Janet Boudreaux. We also visited my sister and her family, Cailfe, Sam, and Kim Maddox in Lake Charles and got acquainted with our new nephew Christopher Reed Maddox, Oct. 3.

7 persons are patients here

Seven persons were admitted to South Cameron Memorial hospital last week, according to K. H. Hopper, administrator. They were:

Oct. 17--Nealie Porche, Dora Wooldridge, and Donald L. Rolland, Cameron.

Oct. 18--Euphemie Broussard, Creole.

Oct. 20--Lena Lou Duhon, Creole; Burl LaBove, Cameron.

Oct. 21--David Blakey, Fort Myers, Fla.

NOTICE TO BIDDERS

Sealed bids will be opened and publicly read by the Purchasing Section of the Division of Administration, Jarden Level West, One American Place, Baton Rouge, Louisiana, P. O. Box 44095, at 10 a. m. for the following:

BATON ROUGE OFFICE
A-Chain & Fittings, 11/3
A-Washer & Cable Clamps, 11/3

Bid Proposal Forms, Information and Specifications may be obtained from the Purchasing Section listed above. No bids will be received after the date and hour specified. The right is reserved to reject any and all bids and to waive any informalities.

Shipping tomatoes at low temperature does not keep them longer, but makes them ripen prematurely.

The smallest ship ever to cross the Atlantic was the *April Fool*. Only 5 feet 11 inches long, it sailed from Morocco to Florida in 1968 in only 84 days.

Homecoming Court named

The student body of Cameron Elementary school has chosen its 1977 Barracuda Homecoming Court. They are pictured above:

1st row from left-Daphne Eskin, third grade; Buffy Boudreaux, fourth grade; Jenny Morales, fifth grade; and Randee Sue Murphy, fifth grade.

2nd row-Chris LaLande, sixth grade, Sonia Miller; sixth grade; Donna Kay Conner, seventh grade; and Tressa Doxey, seventh grade.

The queen will be crowned by Monique Taber, the 1976 queen, Wednesday, Nov. 2, in the recreation center. Genji Miller is the bouquet bearer and John Jay LaBove is the crown bearer.

A Mr. Cuda and a Master Cuda will also be chosen this year. They will be chosen from the Barracuda teams by the cheerleaders and pep squad.

Good reading

Creoles of Color: Forgotten people

"The Forgotten People: Cane River's Creoles of Color", by Gary B. Mills, pub. by LSU Press, Baton Rouge, La. 70803, 366 pp., $20.00 hardcover, $7.95 paperback.

Reviewed by MARIE WISE

They were a very special breed, the Cane River Creoles of color, a unique society neither black nor white, that could have developed only in Latin Louisiana of the 1700's.

Founded by a family of freed slaves, their plantations eventually encompassed 18,000 acres of fertile soil in Natchitoches parish tilled by hundreds of their own slaves. They lived like the prosperous planters they were, in finely furnished homes where private tutors educated their youth.

Wealthy, cultured, deeply religious and highly capable, Cane River's Creoles of color enjoyed the friendship and respect of the dominant white Creole society in which they lived while developing and maintaining their own particular ethnic group of African - French - Spanish - Indian descent.

Like their white colleagues, their fortunes continued to rise until the Civil War, after which they, too, suffered financial ruin. For Creoles of color, however, recovery through the Reconstruction and afterwards was almost impossible and they became a "society within a society", proudest still of their French heritage but more and more a "Forgotten People".

Considerable disagreement exists among historians, genealogists and authors regarding the exact definition of the term *Creole*. In this book it is used for identifying *any person born in colonial Louisiana of French or Spanish descent* - with the sole exclusion of the Acadian exiles who were French-Canadian and had a distinct ethnic identity of their own.

Gary B. Mills does a superb job of authoring in presenting the true story of Marie Therese Coincoin.

Louisiana born slave of African parents, and the extraordinary dynasty she founded.

Authenticated with Natchitoches parish civil and church records, archives at Washington, D.C.; Seville, Paris and Marne, authorities from several universities, the resources of many libraries, and with cooperation from various descendants of the Cane River colony, this stranger than fiction history unravels legend from fact in recording the saga of the people of Isle Brevelle.

The result is an incredible true story that pays tribute to a unique group who are part of the rich heritage of north Louisiana's Cane River area.

The tale begins with Louis Juchereau de St. Denis, famous founder of Natchitoches in 1714. It was he who owned Marie Louise Coincoin's parents and it was his daughter, Marie des Nieges de St. Denis, wife of Antoine Manuel Bermudez y de Soto, who became the owner and friend of Marie Louise Coincoin.

Marie Louise's advancement from slave to wife of the French born Claude Thomas Pierre Metoyer to landowner and matriarch of a growing empire who bought and set free her own children and grandchildren, cannot help but be fascinating. Its many varied human, social, financial and legal facets evolving around this truly remarkable woman and her descendants holds the reader's interest from page to page by its presentation of a proud family with its own special ethnic origins.

"Every southern state had a few men of color of comparable wealth" writes author Mills, "However, no *family* group (of color) yet has been found, in Louisiana or in any other of the United States which boasted as many prosperous men and women or which retained such a degree of affluence and status for so long a period of time" as did "The Forgotten People" of Isle Brevelle.

Old timers game to be held at G. Lake

The Grand Lake FBLA presented the emblem ceremony Monday, Oct. 17, at the Grand Lake Recreation Center. The purpose was to acquaint the parents with the objectives of FBLA.

The participants were: Kenneth Fontenot, Donna LeBleu, Tina Demarest, Tracy Lannin, Angela Thomas, Ramona Newton, Mark Broussard, and Jolene LaBove.

After the ceremony the idea of having an "Ole Timers" basketball game as a means of raising funds was discussed and Nov. 11 was reserved for the occasion. Parents are to meet at a later date to plan and organize the event in more detail. Refreshments were served.

Mrs. Ann Nell Bertrand is the faculty sponsor of the Future Business Leaders of America.

James Frederick rites are held

Funeral services for James Deluce Frederick, 48, were held Saturday, Oct. 15, in O'Donnell-Hixon Funeral Home in Creole.

The Rev. Mims Robertson, pastor of Wakefield Methodist Church officiated. Burial was in First Baptist Cemetery.

Mr. Frederick died at 11 p. m. Thursday.

He was a self-employed shrimper.

Survivors include his wife, Mrs. Ella Mae Frederick; his mother, Mrs.Anna Doxey; three daughters, Mrs. Bonnie Hartwell, Mrs. Diane Smith, both of Gueydan, and Terri Lynn Frederick of Cameron; two sons, Michael Frederick of Cameron and John Frederick of Lake Arthur; 12 brothers, Ulrich, Walden, William L., and Robert C. Doxey, all of Cameron, Oren G. Doxey of Abbeville, Joe, Al, Richard, Junior, George and Robert Frederick, all of Groves, Tex., and Uray Frederick of Kaplan; four sisters, Mrs. Irene Pampolina of Lake Charles, Mrs. Fletcher Miller and Mrs. Leo Folse, both of Cameron, and Mrs. Lou Etta Nunez of Creole and one grandchild, Jeanie Frederick.

Good reading

A Country Boy's Life in "RFD 3"

"RFD #3" by Harry Addison, pub. by Pelican Publishing Co., 630 Burmaster St., Gretna, La. 70053, 95 pp., $5.95.

Reviewed by MARIE WISE

They grew up at Swartz in Ouachita Parish but Mama always thought that "Route 3, Monroe" sounded a lot better.

The time was the Depression of the '30's; the place, a small farm supporting a large family; the characters, a nine year old country boy, his family, friends, and assorted animals.

An eloquent spokesman for his rural North Louisiana heritage, Harry Addison has put together a collection of stories, poetry and one-liners that stir the memory and tug at the heartstrings.

Resulting is a funny, tender book of childhood memories and adult observations such as "It is a privilege to live on earth and no one man or race has the franchise" and "The erosion of the mind is by far the greatest waste of natural resources."

"We had three kinds of watchdogs when I was a boy", says author Addison, "Curs, hounds and guinea hens. The guineas were the best." Once they heard a strange noise, their warning cries would "wake the dead and scare the living to death . . . 'specially at night." He even trained one guinea to hunt squirrels and point quail, only to have this one's unusual career cut short when "a jealous bird dog" sneaked up and ate it.

There are growing up stories about the boys' corn cob wars, the racing game of Deer and Hounds, blowguns whittled from cane and loaded with chinaberries, home-made slingshots, fishing exploits, the inevitable daily chores, and lots of eating.

Allison even includes his mother's recipes for butter biscuits, nutmeg honey pancakes and collard greens ("wait 'til after a good, hard frost sweetens 'em").

The story of the Model A Ford belonging to Percy and his wife, Beulah, is one of the best. Percy spoke very little, lisped when he did, but never, never cursed. On July 26, 1934, Percy began fourteen laborious months of overhauling the motor and completely refinishing his beloved car.

On September 21, 1935, just as he and Beulah were leaving for Sunday School to show it off before an awed congregation, the Model A caught fire and burned to the ground in ten minutes. Losing his cool, the distraught Percy went so far as to exclaim, "Thun of a gun!"

Most haunting of the stories is the tale of Bo, the polio-crippled game warden who was "crippled only in his body" and Doug, the likeable young giant raised in the swamp and claiming it was his to hunt or poach as he saw fit.

These two were adversaries who truly admired each other. They both died on Thunder Road, each a victim of his Model A roadster skidding off the gravel in separate, blinding rainstorms.

Author Allison cared about the community in which he grew up. His caring and remembering have produced a memorable little book that is worth reading again and again.

Hackberry News

By Mrs. Vernie Welch

A spaghetti supper sponsored by the yearbook staff will be held in the Hackberry school cafeteria Friday, Oct. 28, at 6 p. m. There will be a cake walk at 8 p. m.

A shrimp gumbo will be held Sunday, Oct. 30 at St. Peters Catholic Hall to benefit St. Peter's Catholic Church.

HALLOWEEN PARTY

A Halloween party is set at the Hackberry Recreation Center Thursday, Oct. 27. A costume contest will be held. Prizes and treats will be given.

Mr. and Mrs. Alton Schexnider, Mrs. Glenda Abshire and little Richard visited her mother and father Mr. and Mrs. Edia Broussard who is at Mrs. Jeanette Lacy, fa sister to Mrs. Schexnider.

Mr. and Mrs. Norris Schexnider, Gabe and Lynn spent the weekend at Toledo Bend.

Gardening subject of Yearbook

"Gardening for Food and Fun", the 1977 Yearbook of Agriculture, was released Wednesday by the U. S. Department of Agriculture.

"A practical book for gardeners of all types--from the beginner to the proficient, from young people to retired persons," Secretary of Agriculture Bob Bergland calls it.

The new Yearbook has 400 pages of gardening text, plus 32 pages of color photos. It is organized into four sections: "Introduction to Gardening," "Home Garden Vegetables," "Fruits and Nuts", and "Home Food Preservation." The last section tells how to preserve and store garden produce at peak quality.

Specialists in a wide variety of fields have written this guide for successful home gardening. They cover all the major vegetable and fruit groups. Gardeners will have a chance to study the book and benefit from its tips well in advance of next year's planting.

In his foreword to the book, Secretary Bergland notes that "gardening is one of America's most popular activities.

"A U. S. Department of Agriculture study last year found that nearly half the households surveyed either had a garden or intended to have one.

"Why do people garden? The survey suggests three main reasons: 1--a preference for the taste of fresh fruits and vegetables; 2--an interest in gardening as a hobby; 3--a desire to save money and cut the food budget.

"But besides saving money, a lot of intangible satisfaction come from gardening and home canning. Who knows the value of being able to say, 'I raised it myself' or 'I prepared it myself'?

"We wish you the best of luck in your gardening, and hope this book will be helpful," Secretary Bergland concludes.

A copy of the Yearbook can be purchased at government bookstores for $6.50 or can be obtained by sending a check or money order for that amount to Superintendent of Documents, U. S. Government Printing Office, Washington, D. C. 20402. Order by stock number 001-000-03679-3.

In addition to the copies on sale, each member of Congress gets a limited number of the books for free distribution to constituents who request them.

QUALITIES *In Sound*

Little Known Facts

A sound idea when auditioning a speaker is to bring a familiar record with you to the store . . . a good piece of music that you've heard on a good system.

* * *

AT THE OCTOBER meeting of the Creole Extension Homemakers Club, guest speakers, Henry Falkenberg, third from left, and Baudoin Le Clement de Saint-Marcq, display a map of their native Belgium while, reading from the left, Mrs. Laura Richard, Mrs. Camellia Nunez, and Mrs. M. C. Kelley look on. This was part of the club's project on international relations.

Club hears talk on Belguim

When the Creole Extension Homemakers Club held its October meeting in the home of Mrs. Harold Carter, members heard talks on Belgium given by French teachers, Henry Falkenberg of Liege, Belgium and Baudoin Le Clement de Saint-Marcq of Brussels. Falkenberg teaches at South Cameron Elementary and Grand Chenier Elementary Schools and Saint-Marcq at Cameron Elementary.

Saint-Marcq gave the history of Belgium as it was governed by many different nations throughout the early centuries up until 1830 when it finally became an independent nation. He then showed slides of Brussels.

Falkenberg's talk dealt with present-day Belgium. He brought out such facts as that Belgium, along with the Netherlands, is the most densely populated country in the world; that it is one of the most highly industrious countries in Europe; and, that Brussels is the headquarters for the European Common Market. He concluded by showing slides on Liege.

Club president, Mrs. M. C. Kelley, reported on the Council meeting which she had attended in Cameron Oct. 4. She revealed that the Council had decided not to hold the annual Achievement Day or Fun Day this year.

Members discussed plans for the Council Installation Tea which the club will host on Nov. 29, at 1:30 p. m., at the K. C. Hall in Creole. Mrs. Harold Carter was appointed in charge of the installation ceremony.

Candied yams good with ham

Candied yams are especially good with ham. But then, many folks favor their syrupy yams with turkey for a festive holiday meal.

Home economists of the LSU Cooperative Extension Service say no matter how or when you serve yams, you're sure to get a bonus in nutrition because yams are rich in vitamins A and C and other vitamins and minerals.

But beware the trimmings if you're watching your weight, warn the home economists who say a medium-sized yam contains about 155 calories. The calories increase, however, when fat, nuts, sugar and other rich ingredients are added.

Favorite Candied Yams

4 medium yams
1 cup sugar
1 Tbsp. flour
1 tsp. cinnamon, nutmeg, or allspice (optional)
Dash salt
1/2 to 3/4 sticks butter or margarine (sliced)
2 slices lemon or orange (optional)
1/4 cup water

Peal and cut potatoes as for thick french fries. Place in baking dish, cover with dry mixture and butter. Twist lemon and place in with potatoes. Add water. Bake in 400 degree oven (moderately hot) for 1 hour or until potatoes are tender and syrup is thick. Baste frequently. Serves 4-6.

Minute Candied Yams

4 medium yams, cooked, canned, or leftover
1/4 cup brown sugar, firmly packed
1 tbsp. melted butter or margarine, and a dash of cinnamon

Cut in half. Blend butter, sugar and cinnamon. Spread over yams. Bake in 350 degree F. oven until hot, or broil 5 minutes. Serves 4-6. Prepared by Catherine Arnold; Home Economics Editor: Tel. 504/388-4141.

SALTY DANISH

1 ounce ice-cold Aalborg Akvavit
Grapefruit Juice to taste

Mix over ice and serve in a glass with a salted rim.

It's one way of showing your guests what good taste you—and the things you serve—can have.

Classifieds

Classified ads should be mailed to the Cameron Pilot, P. O. Box 995, DeQuincy, La. 70633.

Classifieds are $1.50 for the first 25 words per issue and 5 cents for each additional word. Because of the small cost of these ads and the high cost of sending a bill, CLASSIFIEDS MUST BE PAID IN ADVANCE.

22nd Year-- No. 3 Cameron, La. Nov. 3, 1977

SHOWN MAKING plans for the Our Lady of the Star of the Sea Catholic Church bazaar, to be held Nov. 18, are, from left: Mr. and Mrs. James S. Henry, Jr., co-chairmen, and Black Carter, one of the sub-chairmen.

Bazaar plans told

Mr. and Mrs. James S. Henry, Jr. have been named as co-chairmen of a "Bon Ton Roule" to be held by the Our Lady of the Sea Catholic Church Nov. 18, at the Cameron Recreation Center.

The Henrys announced the following chairmen to head up the various events:

Mr. and Mrs. Roy Hebert, gumbo; Mr. and Mrs. Harold Savoy, cake sales; Mr and Mrs. Harold Lincon, raffle; Mr. and Mrs. Ray Stevens, auction; Mr. and Mrs. Earl Mouton, dance; Mr. and Mrs. W. H. "Black" Carter, bar; and Mr. and Mrs. Mann Saltzman, cold drinks.

All proceeds from the event will go toward the new Parish Center for the church.

Chenier plant in operation

Texas Eastern today announced the tart-up of a new $15 million natural gas compressor station and liquid handling unit near Grand Chenier. Texas Eastern Gas Pipeline Company, a division, operates the facility.

The marshland station employs a 7,550-horsepower (site-rated) gas turbin compressor unit, the company's largest, which increases the flow volume through Texas Eastern's Cameron Area pipeline system from 545 million cubic feet per day (MMcfd) to approximately 652 MMCFD.

The Cameron Area system, which extends from 90 miles offshore Louisiana in Block 245 to 45 miles inland near Gillis, Louisiana, is the company's primary link to major gas supplies in the Gulf of Mexico, and is responsible for approximately 30 percent of its overall gas supply.

Grand Chenier's liquid handling unit, or "slug catcher", which can operate independently of the compressor, is believed to be the only one of its kind in existence. Texas Eastern has submitted a patent application for the facility's design concept, which is planned as a forerunner for future deepwater installations.

The prototypic facility has the capability of receiving liquid slugs (accumulations of retrograde condensates and liquids tendered for transport), storing 6,000 barrels of such liquids in an underground accumulator loop, and reinjecting specific volumes of liquids, as required, into the line downstream of the compressor.

Liquids and the compressed gas are transported via the company's Cameron Area 30-in. pipeline to an Iowa, Louisiana, natural gas processing plant, jointly owned by La Gloria Oil and Gas Company, a Texas Eastern subsidiary, and seven other companies.

At the Iowa plant, the liquids are processed while the gas is piped on to Gillis, where it enters Texas Eastern's main gas transmission system. The majority of the processed liquids are transported by another company's pipeline to Beaumont, Texas.

Because the Grand Chenier site is only three feet above mean sea level and is subject to flooding, the new facilities are installed on two concrete platforms 15 feet above the ground. The gas compression equipment, office and storage building, emergency generator and and control equipment are installed on one platform, and the liquid handling facility on the other.

The Grand Chenier facilities are fully automatic and remotely monitored and controlled from Shreveport.

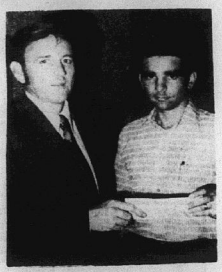
Bank seeks new branch office

The Cameron State Bank has filed an application with the Federal Deposit Insurance Corp. for permission to establish a branch of the bank to serve the Johnson Bayou-Holly Beach area.

E. J. Dronet, bank president, said the new branch, if approved, will be located about eight miles east of Holly Beach on Hwy. 82.

In addition to its main offices in Cameron, the Cameron State Bank also has branch offices in Creole, Grand Chenier, Hackberry and Grand Lake-Sweetlake.

An official notice of the bank's application can be found elsewhere in this issue.



SHOWN RECEIVING a $1,000 check from the Louisiana Menhaden Co. for the Boy Scouts is Jerry Jones, Scoutmaster of the Cameron Boy Scout Troop. Making the presentation is H. L. [Dickie] Dickens, manager of the local plant.

Local youth is accident victim

A Cameron youth was killed and two other persons were injured at 5:50 a. m. Tuesday, Nov. 1, when a pickup truck went off Trosclair Road (Front Ridge Road) and crashed.

Senior State Trooper John Prescott said Dewey Williams, 21, of Rt. 1, Box 200, Cameron, formerly of Lafayette, was killed.

Injured are Melvin Trahan, 49, same address, and Timothy Trahan, 20, his son.

Both were taken to Memorial Hospital in Lake Charles at 9 a. m.

Prescott said Timothy Trahan was driving the 1977 pickup east on Trosclair road about a half mile west of Oak Grove. The truck ran off the road and when he brought it back, it overturned.

Check given

The Cameron Parish Boy Scouts were $1,000 richer this week with the donation of a check from Louisiana Menhaden Company of Cameron.

The donation was made through the Cameron Lions Club to Jerry Jones, local scoutmaster from H. L. Dickens, local plant manager.

$3500 raised at Fall Festival

The annual Fall Festival sponsored by the Grand Lake Athletic Association was a great success. All queen contestants worked very hard and approximately $3,500 was raised by them.

Winners were: Junior queen - Laurie Rose Crador, Senior queen - Barbara Mae LaBove.

Much interest was generated by a new event, a Baby Show. Winners were: Dwayne Nunez, Jr., Trisha Sullivan, Joey Babineaux and Crystal Neff.

Bulb sale set

The annual Cameron Lions club light bulb sale will be held Thursday night, Nov. 3, in the Johnson Bayou area.

Lions club members will be contacting residents in a door to door sale.

Bucket Brigade

A "Bucket Brigade" for the March of Dimes will be held by the Cameron Lions Club Friday, Nov. 9 on the main street of Cameron.

J. Berton Daigle is chairman of the event.

Ward 5 stock law is amended by jurors

The Cameron police jury voted Monday to amend its stock law ordinance in Ward 5--the Johnson Bayou area--to remove two parish roads from the law.

Juror Archie Berwick of Johnson Bayou had asked for the amendment as he said the two roads in question split pastures in two and made a hardship of stockmen.

One of the roads was one located south of Martin Trailer Park. The other was the one running northward to Smith Ridge.

A third road, Ocean View Road, which was to have been taken out of the ordinance also, was left in after several property owners protested the move.

One property owner, Mrs. Helen Chamblee of Sulphur, said she and her husband planned to open a beach subdivision and to plant 100 palm trees along the road. Allowing cattle on the road would hamper their plans, she stated.

Mrs. John Prescott of Johnson Bayou portested removing the stock law from the road leading to the Johnson Bayou recreation center. She said the cattle on this road made it dangerous for children to walk to the center.

However, Juror Berwick stuck to his original plan to take the stock law off of this road and the jury went along with him.

The jury declined to abandon a road right-of-way across Mrs. Alex LaBove's property after several property owners protested that this would not leave them access to their property.

A right-of-way for a road at Hackberry was accepted from George LaBove.

Charles Miller Construction Co. was awarded a $24,293 contract for the construction of a metal storage building at Grand Chenier. The only other bid received was from Cameron Construction Co. for $26,144.

Gravity Drainage District No. 6, covering the northern part of Cameron parish, was created. Appointed as commissioners, on the recommendation of Juror Ernest Myers, were Charles Precht, Mervyn Chession and John Duhon of the Grand Lake-Sweetlake area; Clifford Broussard of Lowery and Floyd Istre of Klondike.

Upon the request of Hackberry Fire Chief Gerald Landry, the jury gave the Hackberry fire district permission to enter into an agreement to accept from the Federal government funds toward the upkeep of the fire department.

The Federal Government is doing this with the understanding the district will offer fire protection for the federal oil storage facility at Hackberry.

The Hackberry fire department was also authorized to advertise for 38 paging devices for Hackberry firemen to be used to call in the event of an fire.

Parish Engineer George Bailey reported that the state highway department would soon strip the Front Ridge and Little Chenier roads.

At the suggestion of Juror Lester Richard, Jr. the jury adopted a speed limit of 35 miles per hour on that section of the Front Ridge Road from the Oak Grove intersection to 2000 feet west. He said that speeding cars at the intersection was a hazard.

Johnny Boudoin of Creole was appointed to the Waterworks District No. 7 board replacing Freman Theriot, who resigned.

Mrs. C. A. Rogers was renamed to the parish welfare board.

Sentences and fines are given

Fines and sentences handed down in district in Cameron last Thursday included:

Gary B. Badon, DWI, $250 or 30 days, and to attend classes on alcoholic studies.

Thomas G. Benoit, DWI, $250 or 30 days, and to attend classes on alcoholic studies.

Junius Broussard, criminal neglect of family, 6 months in jail, suspended, and placed on probation for 5 years, condition that he pay child support.

Addie C. Cox, DWI, $250 or 30 days.

Scott Henry East, DWI and operating vehicle without license, $250 on first count and $100 on second. He also pleaded not guilty to possession of marijuana and his trial was set for Nov. 10.

Hybert W. Guilotte, reckless operation, ordered to make restitution for property damaged.

Luther N. Hodge, reckless operation, $150 or 17 days.

Joseph R. Langue, DWI, $250 or 30 days and drivers license suspended for 60 days.

Elvin K. Fontenot, DWI, bond forfeited and bench warrant issued.

Kenneth P. Henry, speeding and reckless operation, $70 on first count and $150 on second.

For District Judge

14th Judicial District, Division "E"

(One to be Elected)

BILLY H. EZELL Democrat	1	☐
ARTHUR J. PLANCHARD Democrat	2	☐
CHARLES W. RICHARD Democrat	3	☐

THIS IS THE ballot that will face Cameron and Calcasieu parish voters on Nov. 5 when they vote in the special election to elect a 14th Judicial District court judge.

Tarps to be hosts to Boston here Friday

By ED BREDEHOEFT

The South Cameron Tarpons will be at home this Friday night and will tangle with the District 5-AA league leader, the W. O. Boston Panthers. The Lake Charles team are the defending district champs, having lost only one regular season game in the past two year, that a 20-8 loss to the St. Louis Saints in 1975. That single loss cost the Panthers a trip to the state playoffs.

Last year, the Panthers went undefeated through 12 games before losing to defending state champ John Curtis in the state semifinals. Earlier this year the league's coaches had picked St. Louis over the Panthers to be the District champ but it looks like Coach Wiley Steward had other plans for the Panthers and at this writing they are on top of the heap.

The Tarpons are resting soundly in second place of the District's standing and it could be a fact that Coach Wayne Batts will pull out all stops in trying for his Tarps to give the Panthers their first loss of the season, come Friday night in Creole. Game time is set for 7:30 o'clock.

Next Friday night the Tarpons will travel northward to DeQuincy for the final game of the season for each team.

Tarpons lose to St. Louis Chargers Friday night

By ED BREDEHOEFT

Last Thursday night at the LaGrange stadium in Lake Charles, the St. Louis Saints "marched" all over the South Cameron Tarpons to the tune of 33-14.

The Saints doubled the Tarpons in first downs by racking-up 18 to 9. The rushing yardage was the big difference of the game as the Lake Charles team mustered 220 yards against 50 for the Tarps.

The South Cameron team out-passed the Saints as they had 140 yards via the aerial route against the Saints' 117 markers.

Greg Mier, starting his first game at tailback, and David Foret scored two touchdowns each to pace the St. Louis Saints to the 33-14 victory.

The Tarpons scored 6 points in the third quarter and 8 in the final stanza.

In the third period with the ball on the St. Louis 35, Jones and Mier got their signals crossed up on the pitch and the ball got away. South Cameron's Val Mouton, playing heads-up football, snapped up the loose oval at the 23-yard line and dashed into the end-zone for the score. The run for two-points was foiled with 36 seconds left in the half.

The Tarpons picked up their final score after holding the Saints on a fourth down at the Tarp 30. Bob Savoie hit Dirk DeSonier on a 39-yard aerial to the St. Louis 31 followed by a 28-yard dash by Patrick Smith and a three-yard jaunt by Tony Porche. Savoie hit Smith for the conversion. DeSonier caught four passes for 84-yards.

Education veterans to be honored at S. Cameron

The South Cameron High School Student Council will honor the retired "veterans of education" from the South Cameron school district Thursday, Nov. 10, at 2 p. m.

Tribute will be made to the following personnel who have worked with the school system connected with South Cameron High School:

Superintendent-U. E. Hackett, Sr., W. J. Montie, U. W. Dickerson.

School Board Secretary-Sybil McCall and Betty L. Smith.

South Cameron High School teachers-Ada Ricks Broussard and Bessie Rutherford.

Elemer ry teachers serving SCHS-Alma Di rson, Vergia LeBleu, Bessie Davis, Gr galene Arceneaux, Gladys McCall, Lucille Domingue, Eleanor West, Estelle Theriot, Wayne Wood, Whitney Broussard.

Cooks-Wayne Montie, Lille Savoie, Evelyn Savoie, Mrs. Elie Conner, Mrs. Blanc Bonsall.

Janitors-Phirma LeBoeuf and Ervis Portie.

Bus Drivers-Hon Montie, Boone LaBove and Nelson LeBlanc.

School Board Member-R o d o l p h Theriot.

Contest to be held at Cameron

The elemination contest for the Cameron Elementary School Little Miss Cameron and Little Mister event will be held Thursday, Nov. 10. The 12 girls and 12 boys chosen in this contest will participate in a night contest to be held at a later date.

The winner of the night contest will be in the Parish Contest to be held during the Fur Festival in January, 1978.

Clarification

In clarification of an o b i t u a r y published in the Cameron Pilot last week the family of Mrs. Mathilda Duxey has asked that the following be published:

Mrs. Mathilda Doxey, who is 75 years old and a Gold Star Mother, had the following children:

James A. Doxey (deceased World War II), Mrs. Fletcher (Bonnie) Miller, Mrs. Leo P. (Verda) Folse, Billy (L) Doxey, Robert C. Doxey, and Mrs. Boyd (Lou Etta) Nunez.

Dedication set

The Hackberry Methodist Church will have a dedication service for its new furniture at 7 p. m. Sunday, Nov. 6.

Taking part in the program will be the district superintendent and the choir from the Wesley Methodist Church in Sulphur.

There also will be some "good old time singing". The public is invited.

Hackberry homecoming to be held on Nov. 10

Hackberry high school will hold its 1977 homecoming Thursday, Nov. 10. The festivities will begin with an open house in the home economics department at 5 p. m. for the alumni of 1937, 1947, 1957, 1967, faculty, the homecoming court and their parents.

The presentation of the court will begin at 6 p. m prior to game time.

Representing the school as homecoming court are: freshman maid - Julie Addison, daughter of Mr. and Mrs. Jim Addison; sophomore maid - Liz Ducote, daughter of Mr. and Mrs. Kenneth Ducote; junior maids - Melannie Broussard, daughter of Mr. and Mrs. Donald Broussard, and Julie Trahan, daughter of Mr. and Mrs. Calvin Trahan; senior maids - Cheryl Navarre, daughter of Mr. and Mrs. Cleven Navarre, Joni Gray, daughter of Mr. and Mrs. Douglas Gray, and Carla Frey, daughter of Mr. and Mrs. Harold Frey.

Crown bearers are Brad Hanks, son of Mr. and Mrs. Alby Hanks; Alfred Devall, son of Mr. and Mrs. Mike Devall; and Tara Sanders, daughter of Mr. and Mrs. Benny Sanders.

GRAND-SWEETLAKE

Autumn in Smokeys sight to remember

By MRS. AGNES HEBERT

Autumn in the Smokey Mts. is out of this world. Susan Granger and Pearl LaBove say its a sight to remember. Home after spending three weeks visiting Wasey and Susan's son Harold and his wife Barbara in Nashville, Tenn., they're still estactic over the sights they saw.

Celebrating granddaughter Marian's 10th birthday, they spend a weekend in Gatlinburg where "Squeaky" went ice-skating. In Lynchburg they toured the Jack Daniel whiskey distillery, toured Grand Ole Opryland, the Ryman Theatre, Country Music Hall of Fame and saw Elvis Presley's Gold Cadillac. They heard and saw Johnny Cash film his TV Christmas Special.

Harold is comptroller of K-Stores which has franchises in Tenn. and North Carolina.

Received a card from Gilbert Demary who joined the Navy at the same time Richard Hebert and David Beard did. Gilbert is stationed at the Orlando, Florida Naval Training Center and he says basic is a little bit tough.

4-H TRIPS

The recipient of two nice 4-H Club trips in Christine "Goldilocks" Chesson. A trip to Chicago, Illinois is her reward for placing first in the state with her records on her sheep. A trip to Louisville, Kentucky is the result of being a top exhibitor at the State Fair in Shreveport. Christine is the daughter of Shirley and Mervin Chesson and follows her big brothers Mike and Mark in outstanding 4-H work. Also proud of Christine are grandparents Sheriff and Mrs. Eagleson of Cameron.

HOSPITALIZED

Hospitalized recently was Julie Thompson, daughter of Verly and Ernest Broussard but she was feeling well enough to bring little Braun to the Fall Festival at school.

Enjoying a nice Sunday visit with his niece Janelle Boudoin from Cameron were Bessie and Dewey Hebert. They've received a call since then that her husband, J.P., who was in a serious traffic accident has had to return to the hospital.

In celebration of Mother-in-Law Day, Jack Trahan gifted his with a beautiful floral centerpiece. Bessie had a full, happy week as her birthday was remembered by a dozen red roses from her husband, Dewey and her daughter, Alcia Trahan and Dewette Lannin took her to a Lake Charles restaurant for a birthday dinner and shopping expedition.

A WONDERFUL MOMENT

The Lake Charles Trade and Expo presented Faron Young in concert Thursday night. From the audience the master showman chooses Tammy Lynn Trahan to join him onstage and as she sat upon his knees he sang "Daddy's Little Girl". Tammy, a 6th grade student, was most impressed by Faron who is a great favorite of hers. She attended the concert with Mrs. Eddie Mae Faulk and Edie.

Also celebrating a birthday this weekend, Ernette Nash was taken to dinner at the Plantation House by her husband Corliss. They took in the Expo Show at the Civic Center afterwards. Her brother Butch brought her a pure gold nugget from Alaska for her 21st birthday.

ACTIVE AT McNEESE

After having been selected Most Likely To Succeed at Grand Lake, we were not surprised to hear from Virgie and George Duhon that their daughter Joyce is active in the Student Government Association of McNeese. SGA President Shannon Turner appointed her Chief Justice of the Supreme Court and at the recent visit of the State Board of Regents during Homecoming activities, Joyce attended a dinner at the home of President Leary Joyce is majoring in Marketing and plans a career in real estate. She is one of a small number of women to be pledged to the local chapter of Kappa Sigma Phi, business fraternity of McNeese.

Passing on news from their son Bruce and his wife Darlene, Virgie reports that they are living in Pasadena, Texas where Bruce is pipefitting. Their daughter Nell married to Billy Pelloquin lives in Lake Charles and is a

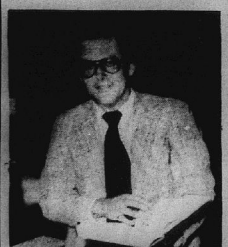
LET'S ELECT A YOUNG, INDEPENDENT QUALIFIED MAN AS DISTRICT JUDGE.



Billy Ezell is 34 years of age and has been active in the practice of law in both the civil and criminal courts of our state. He is dedicated to fair and impartial application of the law. As a concerned citizen he feels that all elected officials must be responsive to the people and he shall always be available to the people of Calcasieu and Cameron Parishes.

ELECT BILLY EZELL NO. 1

I want very much the opportunity to serve and work as your next District Judge.

Billy N. Ezell

JOHNSON BAYOU

Turkey shoot to be held on the Bayou

By CAROLINE HEBERT

A turkey shoot will be held Saturday, Nov. 12, at 3 p.m. at the Johnson Bayou Recrection Center. Bring your 12 gauge shotgun for this event. Entry fee is $2 and there will be four different divisions. A turkey will be given to the winner of each division.

All proceeds go to the sophomore class Harvest Festival Queen Contestant, Robin Schaller. Everyone is invited.

private nurse.

Virgie enjoys her work at Charity Hospital and commutes with Beverly Delaney who is also employed there.

HOSPITAL NEWS

The announcement by St. Elizabeth's Hospital in Beaumont that they are opening a neonatal intensive care unit to treat premature and other high risk infants is welcome news for this area. Careful watch of the obituaries in the last two months shows an alarming number of infant deaths.

Upon the capable shoulders of Barbara Boudreaux rests a new responsibility. After being assistant manager of the Unpainted Furniture Store in Lake Charles, Barbara has been transferred as manager of the Shreveport store. She made the move in her brand new Cutlass Oldsmobile. Her parents are Louise and Woodrow Boudreaux of the Big Pasture. Barbara was employed by K & B Drugs before entering the furniture business.

NEW TRUCK

The '78 Dodge trucks are here and Michael Hebert has a great looking dark green one with Mag wheels. Michael, son of Evie and Paul Hebert is a graduate of McNeese and employed by the L. C. Fire Dept. He shares an apartment in Park Place with Butch Hebert. The family sold their home in the Big Pasture several years ago and bought a home on Brundrette St. Jody and Kevin are still in high school while daughter Debbie is married, graduated from College and living in Missouri.

Winning prizes is not unusual for little Bernadette Fruge, daughter of Billie Jean and J. D. She was awarded the Grand Prize in the reading contest sponsored by the Cameron Parish Library. Congratualtions, Bernadette.

Last trip to the barber shop we saw Fred Wannage getting a sharp looking afro. It reminded me that I had taught 8 of the Wannage children and now the last one is out of school. Where does time go?

OUT OF HOSPITAL

After spending several days in St. Pat's, I had to miss a week of school to regain my strength and its a good thing I did because it's been a rough weekend. Our tough lil Tarpons had a set-back, my beloved McNeese Cowboys were rudely trounced for their homecoming and the Gators put the hurt to my favorites--the Tors. The only thing that helped was LSU's defeat of Ole Miss.

A sincere appreciation for the calls I've received from the readers who are enjoying the articles. Please pass your compliments to Jerry. He's a fine fellow and we're fortunate to have a civic minded editor in our parish.

SURGERY

Reiley Richard is in St. Elizabeth Hospital in Beaumont. He had open-heart surgery Oct. 25 and is reported out of intensive care and doing fine. He will be staying with his sister in Nederland when he is released from the hospital.

VISITING

Alan and Patricia Kimsley and their children Issac, Noah, and Summer had out-of-town guests on Oct. 22-24. They were Alan's parents, Lyle and Helen Kimsley from Manhattan, Kansas.

Issac was nine months old when he last saw his grand parents, three years ago; and Noah and Summer met them for the first time. It was a happy reunion for all and the Kimsleys enjoyed seeing our bayou and beach.

F.B.L.A. OFFICERS

The Johnson Bayou School Future Business Leaders of America installed their new officers for the 1977-78 school term. They are as follows: president, Penny Schaller; vice-president, Debbie Constance; secretary Barbara Broussard; treasurer, Tina Barentine; historian, Ivan Barentine; parlimentarian, Robin Sandifer; reporter, Robin Schaller.

The club discussed plans for the coming convention to be held at McNeese.

NEW ORLEANS TRIP

Mrs. Francis Tingler and her daughter, April, of Johnson Bayou went to New Orleans on Oct. 27-30. They traveled with Dr. Colligan and family of Lake Charles. They attended the showing of the King Tutt Treasurer, toured the French Quarter and other parts of the city.

Deer season to open Sat. in some areas

Deer hunting in a major portion of Louisiana will get underway Saturday, Nov. 5, with still hunting in Areas 2, 3, 4, and 5, according to the Department of Wildlife and Fisheries.

J. Burton Angelle, department secretary, said that the four areas would provide 19 days of still hunting only from Nov. 5-23. Area 1 will be open to still hunting starting Saturday, Nov. 12, providing 9 days of hunting.

Angelle said deer hunters should consult the digest of hunting and fishing regulations for details about the four areas that will be open for still junting Saturday, and for information on Area 1 which will open a week later.

He cautioned deer hunters, including archers, that they must comply with the provisions for the wearing of "Hunter Orange" during the upcoming deer season. The regulations for "Hunter Orange" are also included in the hunting digest.

Angelle said the digest also contains the regulations for either sex deer hunting for each of the areas opening Nov. 5. Deer hunters are cautioned to check the digest for all regulations pertaining to taking either sex deer.

BLACK NEWS

Winston rites held

By MRS. LEE J. HARRISON

Funeral services for John Parker Winston, 57, were held Saturday in Combre Funeral Home chapel in Lake Charles.

The Rev. J. J. Davis, pastor of Memorial Church of God in Christ officiated. Burial was in Combre Memorial Park.

Mr. Winston died Oct. 25 in a Lake Charles hospital.

Survivors include his wife, Mrs. Carrie Winston of Lake Charles; one daughter, Mrs. Shirley Ann Kane of Lake Charles; three brothers, Curley Winston of Los Angeles, Calif., Elbert Winston of Seattle, Wash., and Albert Winston of Bossier City; two sisters, Mrs. Pinkie Smith of Monroe and Mrs. Nettie Winston of Opelousas; one half-sister, Mrs. Pearl Mae Winzer of Athens, and two grandchildren.

GUESTS

Columbus Savoy of Haughton was a weekend guest of Mr. and Mrs. Nelson LeBlanc.

Mrs. Eli Bishop of Los Angeles, Calif., visited Mrs. Mary Bishop and other relatives for the weekend.

Mrs. Edna LeBlanc, and Mr. and Mrs. Albert January all of Port Arthur, Tex., visited Mr. and Mrs. Arcenaux January and other relatives for the weekend.

Mrs. Ethel Mae Dozier of Houston, Tex. was a weekend guest of Mr. and Mrs. Simon Harrison and Mrs. Frances January.

Mrs. Lillie Sykes of Lake Charles was released from South Cameron Memorial Hospital and spent the weekend with her mother, Mrs. Mary Bishop.

Charlie Davis recently underwent surgery and is recuperating in the home of Mr. and Mrs. Ernest Washington in Lake Charles.

Sidney Savoy of Galveston, Tex., visited relatives in the Cameron area last week.

Chenier club sees cake demonstration

The Grand Chenier Extension Homemakers Club held their meeting Tuesday, Oct. 25, in the home of Mrs. Watkin Miller.

Cohostesses were Mrs. Lyle Crain and Mrs. Lonnie Harper.

A cake decoration demonstration was given by Mrs. Larry McNease who also reported on the council meeting.

Mrs. Guthrie Perry, president, presided over the business.

Cameron Parish Extension Homemakers Council will hold installation of new officers Tuesday, Nov. 29, at 1:30 at the K. C. Hall in Creole.

Each club from Cameron Parish was asked to furnish some refreshments.

Mrs. Guy Murphy Jr. donated the door prize and was also the winner of the door prize.

The word *nickel* comes from a German word for "imp" because of the trouble it gave chemists in early times.

GIFT IDEAS FOR MEN

If you would like some of the men in your life to mend their ways a bit, the wise woman will try this:

Give him a man-sized ashtray, if he's a messy smoker. Give a watch or a desk clock to the chronically late, a chess set to the perennially preoccupied.

If he's not too good about grooming, give him a chance to change, with something like a nicely scented cologne. One popular, citrus-crisp scent comes in a collection of ship-shape grooming aids—eau de cologne, after shave, shower soap-on-a-rope, talc, and soap in a handy travel kit. It's sea-breezy Canoe, the cologne made in France.

If the man you love in mind tends to be touchy, it may be that he needs more peace and quiet. Get him the beginnings of a hobby he can work at alone—a stamp album, a power drill or even a darkroom kit.

Clubbers visit Houston

On Oct. 25th the Sweetlake Extension Homemakers enjoyed a tour of Houston, Texas.

Points of interest visited were the San Jacinto Monument, The Houston Planitarium Museum, The Galleria Shopping Center, and an interesting chapel dedicated to Martin Luther King.

The group chartered a Greyhound bus, as pictured above. The bus driver was Bill Johnson.

Trick or treaters out on the Chenier

By ELORA MONTIE

Children enjoyed trick or treat on the chenier Monday night for Halloween, some seventy-five children dressed out and were taken around for treats by parents and friends.

Joellen Boudreaux's eleventh birthday was celebrated Oct. 28 with a slumber party at her home where she had seven of her friends to help her enjoy the day.

Mrs. Ada Benoit of Port Neches died last week and burial was in Lake Arthur. She was the mother of Mrs. Annie Richard of Grand Chenier and other children of Lake Charles, Port Neches, and Lake Arthur and was well known here.

Another duck hunting season will begin Saturday Nov. 5 for the first half of the split season. This past weekend interested out-of-parish sportsmen as well as local hunters were busy bringing in boats and canoes, cutting cane and making their blinds. Many brought in trailer huses.

PARTY

The Ladies Auxillary of Sturlese Post No. 364 in Grand Chenier sponsored a Halloween party Wednesday night at their post home. They served weiner roast and candies.

NEW CAR

Mr. and Mrs. Clarence Vedrine recently purchased a white 1978 Corona Toyota.

SINGING

The First Baptist Church of Grand Chenier will have their 5th Sunday singing to be held at 7 p. m. This will include Baptist Church in Cameron, Methodist Church in Grand Chenier and Methodist Church in Oak Grove.

A social in the Fellowship Hall will follow the singing and will be hosted by the First Baptist Church of Grand Chenier.

MASSES HELD

Rev. Roland Vaughn of St. Eugene Church held masses on All Saints and All Soul Day with blessing of the cemeteries in the church parish after the masses.

Janet Whiteard, now Mrs. Robby Dale Mhire, was one of the 19 persons celebrating her birthday at Elora Monties October 23rd. She had been left off of list printed.

Mr. and Mrs. Guthrie Perry and family was visited last week by Mrs. Perry's mother, Mrs. Domonic Sclafani, of New Orleans.

Mr. and Mrs. Yolton Trahan and son Ryan and Mr. and Mrs. Whitney Trahan of Meaux spent the weekend with Mr. and Mrs. Galton Trahan and family.

Spending the weekend with Mr. and Mrs. Clifford (Dean) Miller and family was Mrs. Anna Broussard of Pecan Island.

Visiting mr. and Mrs. Carl McCall was Mrs. E. J. Reynaud of Marksville.

Mr. and Mrs. Kenneth McCardle and family and Mrs. Lonnie Primeaux visited Mr. and Mrs. Guy Murphy Jr.

Mrs. Della Richard spent Friday and Saturday with her mother Mrs. Thelma Brown in Moss Bluff.

Dona Booth of New Orleans spent the weekend with parents Mr. and Mrs. Earl Booth Sr. and family.

The earth's surface is constantly gaining weight because of a steady dustfall of small meteoritic particles.

Homemakers to host Aging Council party

The Cameron Extension Homemakers Club held its regular meeting Monday, Oct. 24, in the Calcasieu Marine Bank meeting room, with Opal LeBouef, Marie Kelley and Evelyn Kelley as hostesses.

The club decided to host the Council on Aging for one of its monthly parties.

Edith Griffith, guest speaker, gave a blow drying demonstration on club member Shirley Murphy.

It was announced that the Council had decided not to have Achievement Day, due to poor participation. There will only be an installation of officers.

For the November meeting each member will bring a salad dish and a drink. Those due to bring auction gifts are Sandi Williamson, Molena Skidmore, and Blackie Taylor.

Rt. 1, Cameron

By MRS. GEORGE NUNEZ

The little goblins had a nice turn out for their trick or treat. They were so cute in their costumes. They all had to remove their masks to let us old folks see who they were.

The Bazaar was a great success and we all enjoyed the good food they had for sale.

Mr. and Mrs. Al Guillory of Lake Charles visited Mr. and Mrs. Nasta Prenaaux and Sonny-Boy Friday of last week.

Mrs. F. O. Theriot is visiting in New Jersey with her parents and her daughter.

Mrs. Tillie Mudd and Mrs. Edna Bertrand of Sulphur visited Mr. and Mrs. Pierre Savoie Sunday and also attended the bazaar.

Mrs. Cleo Vallette, Mr. and Mrs. Calvin Vallette of Carlyss also attended the bazaar.

Mrs. Plum Manuel of Eunice and Mrs. Ruth Wismer of Baytown spent Wednesday till Sunday in Sulphur with Mrs. Tillie Mudd and Mrs. Myrtle Savoie and Lynn Savoie went and visited then there and also Mrs. Edith Marshall Trahan.

Mr. and Mrs. Pat Viator and daughter Sherry and Mrs. Bertha Ray Galander of Port Arthur visited Mrs. Elray LaBove and Mrs. Betty Theriot last week.

Roland Roux had eye surgery in Lake Charles Memorial Hospital Monday. Kenneth Roux also had eye surgery in Memorial last week.

BIRTH

Mr. and Mrs. Rick Graham are the proud parents of a girl, Carlota Danielle, born Oct. 10 at Homer Memorial Hospital. Grandparents are Mr. and Mrs. Jean Landry of Cameron and Mrs. Elsie Graham and Mrs. Furguson of Homer.

Halloween party held

James Kirk Hebert had a Halloween party Saturday at his home in Johnson Bayou. His parents, Don & Caroline, helped with the entertaining.

Friends attending the party were Issac and Noah Kimsley, Stacey, Rhonda, and Heath Jinks, and Lane Boudreaux. They were all dressed in costumes and had fun playing spooks with blinking skull lights. The featured activity was watching five cartoon movies. A door prize was given and all the children received a giant color book to take home.

Hackberry News

By Grace Welch

Dr. and Mrs. Harold Dickerson from Groves, Texas visited the Delbert Sheffield.

Mr. and Mrs. Roland Kershaw from Houston, Mr. and Mrs. Terry Istre, Jennifer and Rusty from Carlyss, Mr. and Mrs. Dwayne McInnis and Michelle from Sulphur, Mr. and Mrs. Curtis Fountain and C. R. and Mr. and Mrs. Robert Welch from Hackberry enjoyed a barbecue at the Vernie Welch.

The Kershaw's also visited his parents the Abel Kershaws.

DRIVE HELD

Mrs. Bernadette Silvers, chairman for the Mental Health fund raising wishes to thank the people of Hackberry for their contributions and many thanks to the Bellringers who were Sheryl Wooldridge, Joy Daigle, Dixie Richmond, Sue Labauve, Marie Miller, Leola Poole, Tammy Hicks and Mrs. Leroy Curvillier.

St. Peters Catholic Church was well pleased with their gumbo Sunday. Their profit was a success.

The spaghetti supper held lat the Hackberry school cafeteria was also a success.

Duck, goose seasons to open on Saturday

Hunting of ducks, geese and coots will open in the West Zone of Louisiana Saturday, Nov. 5, according to the Department of Wildlife and Fisheries.

The first split of the waterfowl season in the West Zone will extend through Sunday, Dec. 4. The second split will open Saturday, Dec. 17, and extend through Jan. 5, providing 50 days of duck and coot hunting, according to J. Burton Angelle, secretary of the wildlife department.

Angelle said that Louisiana would be zoned for goose hunting this season, with the first split of the goose season in the West Zone running concurrent with the first split of the duck season. The second split of goose hunting will open Dec. 17 and run through Jan. 27, providing 70 days of goose hunting.

Shooting hours for ducks, geese and coots will be one-half hour before sunrise to sunset.

Angelle cautioned all waterfowl hunters that enforcement of the steel shot regulations adopted by the U. S. Department of Interior for certain designated areas in the West Zone would be strictly enforced. This regulation is designed to gradually reduce lead poisoning kills of ducks and geese that ingest spent lead pellets while feeding. Eight cases were made during the September teal season against persons using lead shot in the steel shot zones.

He said hunters using 12 gauge shotguns in those zones must use steel shot exclusively for the taking of ducks, geese and coots. Possession of lead shot while hunting waterfowl with 12 gauge shotguns in the steel shot zones constitutes a federal offense, he said. The steel shot requirement does not apply to gauges other than 12 gauge.

Waterfowlers should check the digest of regulations for hunting migratory birds to be certain of the boundaries for steel shot zones, he said.

Angelle said that duck hunters will be regulated by the same point system as last season. The following point values are fixed for ducks:

Pintail, teal, gadwall, shoveler, scaup, red-breasted merganser and American mergansers have a point value of 10. Ducks assigned a 25-point value are mallard drake, wigeon, ring-necked and mottled ducks. A point value of 70 has been assigned to mallard hens, wood ducks, black ducks, hooded mergansers, and redheads. The canvasback has been given a point value of 100. The taking of canvasbacks and redheads is closed in certain areas of the state and duck hunters should check the digest of waterfowl regulations.

For the coot (poule d'eau) seasons that run concurrent with the duck seasons, the daily bag limit is 15 and the possession limit is 30.

The limit for geese is five, daily and in possession, with not more than two white-fronted (speckle bellies) in the bag. Shooting of Canada geese in Louisiana is closed.

Vegetable diseases

Diseases can be much of a problem to fall vegetables as they are in the summertime, says Dr. Ken Whitam, LSU Cooperative Extension Service plant pathologist.

Vegetables such as mustard, turnips, and radishes are attacked by several fungi.the diseases are white spot and anthracnose. Symptoms of these diseases are similar, both causing white bleached out spots on the leaves.

Crops such as onions, garlic and shallots can be damaged by diseases known as purple blotch or downy mildew, Whitam notes. The first symptom of purple blotch is white sunken spots with purple centers. These enlarge and may eventually girdle the leaf at the point of attack. Purple zones made up of masses of fungus spores may appear as the lesions increase in size.

Downy mildew may also spread rapidly in fields of onions or shallots. Leaves become pale green to yellow and may take on a moldy appearance. This mold will rub onto ones fingers when touched.

Crucifers (cabbage, broccoli, and cauliflower) have several serious disease problems. These crops may suffer injury from downy mildew. The symptoms include a purple speckling of infected spots, which yellows with age. Severely infected plants appear mottled with areas of yellow, brown, and purple.

The first Academy Award given to something other than a human being went to Mickey Mouse in 1931-1932.

Symphony to give concert

The Lake Charles Civic Symphony will present the opening concert of the season on Sunday, Nov. 6, at 3:15 p. m. in the Lake Charles Civic Center Theater with William Kushner conducting. Mr. Kushner is the newly appointed conductor of the Lake Charles Symphony.

Dr. Fred Sahlmann will be guest soloist performing the Emperor Piano Concerto by Beethoven with the orchestra.

The orchestra will perform Scheherazade by Rimsky Korsakow and Roman Carnival Overture by Berlioz. Tickets will be on sale at the door--$5 per ticket.

Card of Thanks

CARD OF THANKS

The family of Mrs. Columbus Hebert would like to express its deepest gratitude to the many friends and relatives for their help, kindness, florals, food, masses and prayers at the death of our beloved wife and mother. A special thanks to Dr. Clark, South Cameron and Lake Charles Memorial staff, Dr. Moss, Dr. Bultross, Hickson-O'Donnell Funeral Home, Msgr. Bernard and St. Rose of Lima Altar Society.

Mrs. Carolyn Bargeman
(11/3p)

EAST CHENIERE PURDUE FIELD
77-762, 77-763, 77-764, 77-765 and 77-766

LEGAL NOTICE

STATE OF LOUISIANA, OFFICE OF CONSERVATION, BATON ROUGE, LOUISIANA.

In accordance with the laws of the State of Louisiana, and with particular reference to the provisions of Title 30 of Louisiana Revised Statutes of 1950, a public hearing will be held in the Conservation Auditorium, 1st Floor, State Land and Natural Resources Building, 625 North 4th Street, Baton Rouge, Louisiana, at 9:00 a. m., Wednesday, November 30, 1977, upon the application of Goldking Production Company.

At such hearing the Commissioner of Conservation will consider evidence relative to the issuance of orders pertaining to the following matters relating to the 6,760' Sand, Reservoir A; the D Sand, Reservoir A; the D3 Sand, Reservoir A; the D-5 Sand, Reservoir A, and the H Sand, Reservoir A, in the East Cheniere Perdue Field, Cameron Parish, Louisiana:

1. To create single units for the exploration for and production of gas and condensate from each sand and reservoir.

2. To force pool and integrate all separately owned tracts, mineral leases and other property interests within the units so created on lda surface acre basis of participation.

3. To designate unit operators and unit wells for the units so created.

The 6,760' Sand, Reservoir A, in the East Cheniere Perdue Field, Cameron Parish, Louisiana, is hereby defined as being that gas and condensate bearing sand encountered between the depths of 6,758 and 6,780' (electrical log measurements) in the Goldking Production Company - North American Land Company No. 1 Well, located in Section 17, Township 14 South, Range 6 West, Cameron Parish, Louisiana.

The D Sand in the East Cheniere Perdue Field, Cameron Parish, Louisiana, was previously defined in Order No. 481 effective November 15, 1959, as being that gas and condensate bearing sand encountered between the depths of 10,005 and 10,013' (electrical log measurements) in the Humble Oil & Refining Company East Cheniere Perdue Gas Unit 1, Well No. 1, located in Section 8, Township 14 South, Range 6 West, Cameron Parish, Louisiana and the D Sand, Reservoir A, will be identically defined.

The D-3 Sand, East Cheniere Perdue Field, Cameron Parish, Louisiana, was previously defined in Order No. 481-A, effective October 1, 1962, as being that gas and condensate sand encountered between the depths of 10,211 and 10,217' (electrical log measurements) in the Humble Oil & Refining Company No. 1 Gas Unit No. 1 Well, located in Section 8, Township 14 South, Range 6 West, Cameron Parish, Louisiana and the D-3 Sand, Reservoir A, will be identically defined.

The D-5 Sand, Reservoir A, in the East Cheniere Perdue Field, Cameron Parish, Louisiana, is hereby defined as being that gas and condensate bearing sand encountered between the depths of 10,323 and 10,340' (electrical log measurements) in the Goldking Production Company - North American Land Company No. 1 Well, located in Section 17, Township 14 South, Range 6 West, Cameron Parish, Louisiana.

The H Sand, Reservoir A, in the East Cheniere Perdue Field, Cameron Parish, Louisiana, is hereby defined as being that gas and condensate bearing sand encountered between the depths of 10,622 and 10,695' (electrical log measurements) in the Goldking Production Company-North American Land Company No. 1 Well, located in Section 17, Township 14 South, Range 6 West, Cameron Parish, Louisiana. The aforesaid well was still drilling in the H Sand at its total depth of 10,695' and it is the intent of the above proposed sand definition to include all additional portions of the H Sand which may be proven by subsequent drilling.

Plats outlining the proposed units are available for inspection in the Office of Conservation in Baton Rouge and Lake Charles, Louisiana.

Since the interested parties are so numerous, the applicant will provide for the advertisement of this legal notice in a newspaper of general circulation in the vicinity of the subject field and will provide for the posting of the legal notice and unit plats in a prominent place in the area affected.

All parties having interest therein shall take notice thereof.

BY ORDER OF:
R.T. SUTTON
COMMISSIONER OF CONSERVATION
Baton Rouge, Louisiana

PUBLIC NOTICE

Cameron State Bank, Cameron, Louisiana, has filed an application accepted October 21, 1977 with the Federal Deposit Insurance Corporation, to establish a branch of this bank to be located approximately eight miles East of Holly Beach, Cameron Parish, Louisiana, on Louisiana Highway 82.

Any person wishing to comment on this application may file his comments in writing with the Regional Director of the Federal Deposit Insurance Corporation at its Regional Office at Suite 1800, One Commerce Square, Memphis, Tennessee 38103. If any person desires to protest the granting of this application, he has a right to do so if he files a written notice of his intent with the Regional Director within 15 days of the date of this publication. The non-confidential portion of the application is on file in the Regional Office as part of the public file maintained by the Corporation. This file is available for public inspection during regular business hours.

Run: Nov. 3

STATEMENT OF NONDISCRIMINATION

Cameron Telephone Company has filed with the Federal Government a Compliance Assurance in which it assures the Rural Electrification Administration that it will comply fully with all requirements of Title VI of the Civil Rights Act of 1964 and the Rules and Regulations of the Department of Agriculture issued thereunder, to the end that no person in the United States shall, on the ground of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination in the conduct of its program and the operation of its facilities. Under this Assurance, this organization is committed not to discriminate against any person on the ground of race, color or national origin in its policies and practices relating to applications for service or any other policies and practices relating to treatment of beneficiaries and participants including rates, conditions and extension of service, use of any of its facilities, attendance at and participation in any meetings of beneficiaries and participants or the exercise of any rights of such beneficiaries and participants in the conduct of the operations

"Any person who believes himself, or any specific class of individuals, to be subjected by this organization to discrimination prohibited by Title VI of the Act and the Rules and Regulations issued thereunder may, by himself or a representative, file with the Secretary of Agriculture, Washington, D. C. 20250, or the Rural Electrification Administration, Washington, D. C. 20250, or this organization, or all, a written complaint. Such complaint must be filed not later than 90 days after the alleged discrimination, or by such later date to which the Secretary of Agriculture or the Rural Electrification Administration extends the time for filing. Identity of complainants will be kept confidential except to extend necessary to carry out the purposes of the Rules and Regulations."

Reduce your heat loss

Draperies and other interior window covers, such as roll shades and venetian blinds, are effective ways to reduce heat loss from the home during winter, reminds Caroline Daigle of the LSU Cooperative Extension Service.

"The most effective window coverings trap air between the window and the material," says the Extension home economist, adding:

"Lined draperies are more effective than those insulated with a foam backing because the two layers of fabric also trap warm air between them.

"Window coverings that allow for the best use of the heating within a room and use of the sun's heat during sunny days are the most effective in conserving energy," explains Mrs. Daigle. She notes several ways to achieve these goals:

--Provide lining for unlined draperies. These are now available readymade or may be sewn at home.

--Draw draperies or shades open during warm sunny days to allow sunlight to warm the surfaces of the room. The heat can then radiate to other interior surfaces rather than directly back to the glass.

--Have drapery tracks extend a sufficient distance to either side of the window to permit the draperies to be drawn back fully from the window. This allows all the sunlight to penetrate the room.

--Draw draperies closed after sundown and during dull days to keep warm air inside the room.

--Have drapery material cover the full window or fall to the floor to prevent warm air from coming in contact with the cold glass and cascading back into the room at the bottom of the drapery.

--Select window dressings of tightly woven fabrics because they provide the best insulation.

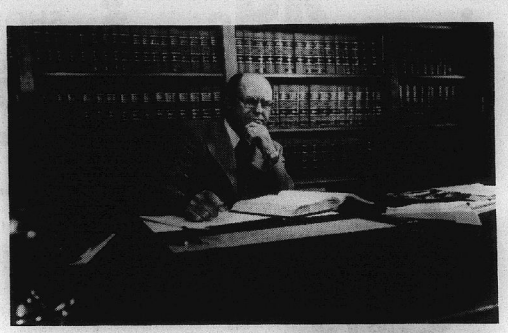
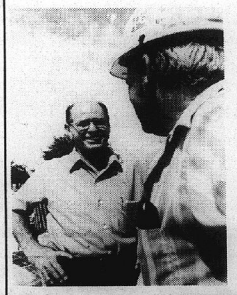
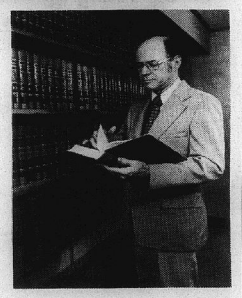
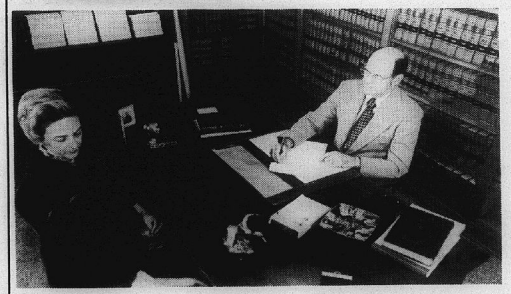
The only candidate for district judge who has discussed his qualifications for office is Charles Richard. One out of three is a clear choice.





Personal character comes with experience. Charles Richard has that experience which gives him the emotional maturity and seasoned judgement necessary for the bench.





Charles Richard's qualifications are clear. Throughout 27 years of professional and civic leadership, he's demonstrated his experience and integrity. We need him as judge. Saturday, November 5th, vote # 3.

Richard for Judge

22nd Year-- No. 4 Cameron, La. Nov. 10, 1977

Planchard is race leader

A. J. Planchard led two other candidates in the District Judge's election Saturday and will go into the Dec. 10 runoff with Charles Richard of Lake Charles.

Unofficial tabulations Saturday night had given Richard the lead in the race, but the official tabulation found that Planchard had 7243 votes; Richard, 7236; and Billy Ezell, 6258.

In Cameron parish alone, Richard led with 387 votes; Planchard had 364 and Ezell had 245.

The breakdown by precincts in Cameron was as follows:

CAMERON PARISH

WARD ONE — Pct. 1: Ezell 4, Planchard 9, Richard 45. Pct. 2: Ezell 1, Planchard 13, Richard 0. Pct. 3: Ezell 5, Planchard 1, Richard 12.

WARD TWO — Pct. 1: Ezell 30, Planchard 35, Richard 47. Pct. 2: Ezell 8, Planchard 37, Richard 21.

WARD THREE — Pct. 1: Ezell 44, Planchard 85, Richard 90. Pct. 2: Ezell 11, Planchard 52, Richard 38.

WARD FOUR — Pct. 1: Ezell 48, Planchard 24, Richard 32. Pct. 2: Ezell 21, Planchard 16, Richard 43.

WARD FIVE — Pct. 1: Ezell 22, Planchard 10, Richard 18.

WARD SIX — Pct. 1: Ezell 51, Planchard 82, Richard 41.

REV. ROLAND VAUGHN, above, is the new pastor of St. Eugene Catholic Church parish at Grand Chenier, coming there from St. Ann Church in Manou. He is originally from Kaplan. He replaced Rev. Joseph Woerdeman, who went to Church Point.

Firemen get new uniforms

The Cameron volunteer fire department received their new fireproof uniforms this week.

They were shown to the local firemen by Fire Chief Ray Burleigh at a ladies night supper held last week in the Cameron Fire station.

Shown above modeling the new uniforms are not "men from Mars" but six Cameron firemen: Red Moore, Kirk Burleigh, Ray Burleigh, Hilton Verrett, James Boudreaux and Ed Liptak. (Photo by Geneva Griffith)

Sentences are given here

Among the fines and sentences handed down in district court here last Thursday by Judge G. William Swift were:

Leonard Harold Flowers--DWI, $250 or 30 days; driving under revocation, 5 days in jail.

Mary Lou Broussard--forgery of prescription for central nervous system drugs, $150 fine; and one year in jail, suspended and placed on probation for two years on condition that she seek treatment.

Rodeo is Sunday

The St. John Vianney Catholic Church of Bell City will sponsor a benefit Little Britches Rodeo Sunday, Nov. 13, for the C.C.D. building fund.

It will be held at the Ox-Yoke Arena in the Sweetlake area beginning at 11 a. m. Admission is $2 for adults and $1 for children.

There are two age divisions: Juniors, 0-11 and Seniors, 12-15 years with All Around Buckles awarded in four categories: Senior Boy and Senior Girl and Junior Boy and Junior Girl.

The events will be $3 each which will include Bareback Riding, Break-Away Roping, Barrel Race, Goat Tying, Polebending, Barrel Pick-up, Flag Race and Bull Riding.

The stock will be furnished by Gene Constance of Holly Beach.

Entry blanks must be notarized and may be obtained from the area western stores, Petty's Superette in Bell City or by contacting the Don Matheson residence at 598-2149 or the Larry Richard residence at 598-2373, both at Sweetlake.

A special added attraction will be Professional Rodeo Cowboy Association clowns, Mike Quebedeaux of Lake Charles and Dickie Gayle of Baton Rouge who will entertain the crowd with their antics and the "Cajan Taxi Service", which has been the featured attraction at rodeos throughout the United States.

Tarps in last game

By ED BREDEHOEFT

The regular season's schedule for District 5-AA will come to a screeching halt this week as South Cameron travels to DeQuincy. Vinton does battle against Boston in Lake Charles and the St. Louis Saints meet Marion.

Boston (4-0) and St. Louis (3-1) must get past Vinton and Marion to claim first and second places in the District.

It is possible that the second place position could wind-up in a three-way tie, IF. South Cameron beats DeQuincy and Marion defeats the Saints. This would give the Tarpons, Saints and Chargers all a 3-2 District mark. If the Vinton Lions beat the Boston Panthers the Lake Charles team would be the league leader with a 4-1 record.

South Cameron has an all-games record of 3-5 while the DeQuincy Tigers have a 2-6 mark. In the District 5-AA play, the Tarpons are 2-2 while DeQuincy is 1-3.

This Friday night Cameron and DeQuincy will tangle at Tiger stadium which could be the last game of the season for both teams. Both the Tarpons and the Tigers have a so-so passing game with the advantage leaning towards the Tarpons.

So far this year, South Cameron has scored 121 points to their opponents's 118. The Tigers have pushed across 98 points while their opponents have scored 155. In the district scoring, the Tarpons have scored 62 points against 58 from the opposition. For the Tigers it is 66 while their opposition have pushed across 74 markers.

These figures alone should make the DeQuincy-South Cameron contest a very interesting one with the "breaks of the game" determining the winner.

It is not known in DeQuincy just how many Tarpon seniors will be playing their last game but for the Tigers it will be three 12th graders in their last contest.

Revival to be held at Johnson Bayou

An old fashion holy ghost revival will be held at Johnson Bayou Pentecostal Church Monday through Friday, Nov. 14 to 20. The services will begin at 7:30 nightly. The evangelist will be Rev. Frank Kendall.

The church pastor is Rev. Charles Fontenot.

Hackberry H'coming

The Hackberry high school homecoming will be held Thursday night, Nov. 10.

The classes of 1937, 1947, 1957 and 1967 will be honored at 6 p. m. at the school.

A parade Thursday will be held at 2 p. m. starting from Brown's Grocery.

Hackberry will play Grand Lake that night in a homecoming basketball game.

Pastor of local church dies

Funeral services for the Rev. C. J. Johnson, 65, were held Thursday, Nov. 3, in Leesville. The Rev. C. B. Norris officiated.

Rev. Johnson died Sunday, Oct. 30 in a hospital in Alexandria.

He was pastor of the Evening Star Church of God in Cameron. He was also Master of Ceremony of the DeRidder District, Asst. Master of Ceremony of Western La., President of the State and Regional Evangelist Board, and Supt. of the Hollywood District.

Survivors include his wife, 10 children, five sisters, three brothers and 18 grandchildren.

Food program

The Cameron Council on Aging is continuing its food program at the Cameron Elementary School and the South Cameron Elementary School.

The aging in the area are invited to participate in this program. The meals are $1 per day, five days per week. Meals are paid for at the school. All those 60 and above are invited to attend this program.

Menhaden to be honored

The Menhaden industry will be honored by the Louisiana Fur and Wildlife Festival at the 1978 event to be held on January 13-14, 1978 in Cameron, according to J. B. Jones, Jr., festival president.

Each year a local industry is honored and the king is chosen from this industry to reign over the festival.

Aging meet

Rev. Minns Robertson, director of the Cameron Council on Aging announces a board of directors meeting on November 10 at 10 a. m. at the Police Jury Annex in Cameron. All members of the board are encouraged to attend.

4-Hers to go to Chicago

Four Cameron 4-H students will attend the 1977 National 4-H Club Congress in Chicago, Nov. 27 through Dec. 1.

They are: Beth Greathouse, Grand Lake, horse; Christine Chesson, Sweet-Lake, sheep; Michael Prescott, Cameron, achievement; Mike Beard, Sweet Lake, field crops.

Delegates to the Club Congress are state, regional and national winners in 4-H Club activities supervised by the Cooperative Extension Service in each state.

The purpose of Club Congress is to provide a reward for outstnding accomplishment in 4-H projects.

Some highlights of their trip will be visits to the Sears Tower, the world's tallest building at 110 stories; the Shedd Aquarium, the Chicago Odyssey, the Museum of Science and Industry, the Field Museum of Natural History, the Adler Planetarium and the Quaker Oats test kitchens.

Wildlife meet

When the Louisiana Dept. of Wildlife and Fisheries meets at 10 a. m. Tuesday, Nov. 15 in New Orleans among the items to be discussed are the closing of oyster season and consideration of requirements for fur buyers and dealers for annual report on a parish basis.

THE 1977 South Cameron High School homecoming court is pictured from left to right: Joycelyn McEvers, Lori Trahan, Mona Brasseaux, Beth Liptak, Angela Stephenson, Mary Kay Pincy, Deidrie Theriot and Dana Boudreaux. [Not shown is Cindy Nunez.]

Bradley Trahan

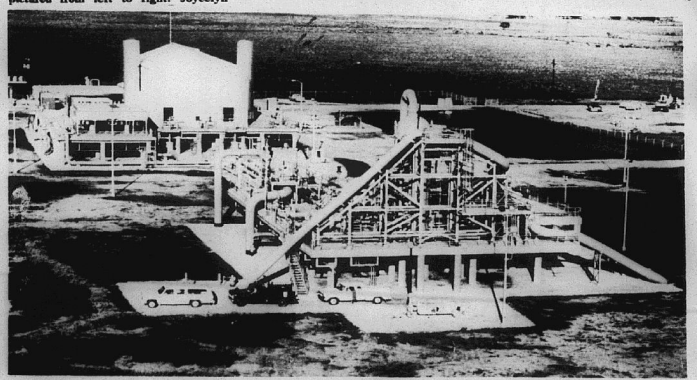
Trahan to get award

Bradley Trahan, son of Ted Trahan and Mrs. Geraldine Trahan of Cameron has been selected to receive the D.A.R. Award graduation night. He was chosen by his fellow classmates and faculty of South Cameron High School.

The Daughters of American Revolution sponsor this award annually at South Cameron High. This award is based on scholastic ability in American History, leadership abilities, and all-around scholastic performance.

Bradley is president of the senior class, president of the Leo club; editor of the school yearbook and a member of the Beta Club at South Cameron High.

BRIAN THERIOT, an agriculture student and a member of the South Cameron FFA, [second from right] is all smiles after State Senator Virginia Shehee [second from left] of Kilpatrick Life Insurance Co. bid $20 per pound for Theriot's 225 pound Grand Champion Market pig at the 1977 Louisiana State Fair Oct. 19-25. Looking on are Paul Goodin of Kilpatrick Life Insurance Co. and South Cameron FFA Advisor Uland Guidry Jr.



New plant

START UP OF a new $15 million natural gas compressor station and liquid handling unit at Grand Chenier was announced last week by Texas Eastern. The liquid handling unit is at the right andthe compressor station is in the rear.

GRAND CHENIER

Many hunters turn out for duck season start

By ELORA MONTIE

The duck hunting season began Saturday, Nov. 5 and will continue to Dec. 4 for the first half of the split season.

There was a very large turn out for the opening of the season, hunting was considered fair but not many bagged their limit due to weather conditions. There just hasn't been enough cold weather to bring ducks down to this area.

Mr. Richard K. Yancy, assistant director of Wildlife and Fisheries was here for the opening.

With rain during summer and early fall season water was plentiful.

During a regular meeting of the Thelma Hacket Chapter No. 225 Order of Eastern Star at the Masonic Temple in Cameron, Tuesday, Nov. 1, past warden grand patron, Brother Simon of New Orleans presented Mrs. Emma Nunez of Grand Chenier and Mrs. Bessie Davis of Lake Charles a 50 year Golden Certificate as charter members.

A meal of shrimp gumbo was served after the meeting.

Saturday was a good day for the Grand Chenier 4-H clubbers. Cheryl Miller, Allyson Richard, Lana and Lesia Hebert raffled a cake which brought their club $135.

Winner of the cake was Lola Jones.

A Parish Council meeting was held at St. Eugene Rectory Wed., Nov. 2. Those attending were Robert Mhire, Mona Brasseaux, Mae Ann Hebert, Lorrine Baccigalopi, Benny Morello, Elora Montie and Rev. Roland Vaughn.

Mr. and Mrs. Richard Sturlese purchased a new GMC pickup truck.

Mr. and Mrs. Mildredge Broussard purchased a 1978 dark gray Chevrolet pickup truck.

Mrs. Neil (Eula Mae) Richard was taken to South Cameron Memorial hospital early Monday morning then on the Memorial hospital in Lake Charles. She is in the intensive care unit there.

Mr. and Mrs. Grady McCall spent the weekend visiting the Kenneth Nunez family and other relatives.

The Garrett Mayons of Houston, Tex. spent the weekend in their home here.

Mr. and Mrs. John Mangano of DeRidder are spending some time with Mr. and Mrs. Orrie Canik.

Spending the weekend with Glenn and Della Richard were her mother, Mrs. Thelma Brown, and Mr. and Mrs. Bruce Hooper and boys, and Gladys and children all of Moss Bluff.

Mr. and Mrs. Chuck Logston of Lake Charles spent the weekend with Mr. and Mrs. Donald Miller and family.

Mr. and Mrs. Earl Booth, Jr. and children picked up her mother, Mrs. T. A. Davie, in DeQuincy and spent the weekend with Mrs. Booth's sister in New Orleans. Mrs. Davie stayed to spend a few days with her daughter there.

Spending the weekend with Wilfred Bonsall were; Mr. and Mrs. Jimmie Savoie, Mr. and Mrs. Dennis Savoie, James Savoie and a friend, and Perry, all of Lake Charles.

Mr. and Mrs. Iva Miller and Mr. and Mrs. Albert Gray of Jennings recently visited Severin Miller and M. and Mrs. Charles Theriot.

Spending a few days with Severin Miller and Mr. and Mrs. Charles Theriot this past week was J. B. Broussard of Abbeville.

Mrs. Daniel Anthony Shay

Shay-Baccigalopi vows said in Creole

The marriage of Linda Gail Baccigalopi and Daniel Anthony Shay was solemnized Saturday, Oct. 8, at the Woodmen of the World Hall in Creole.

Parents of the couple are Mr. and Mrs. Rufus Baccigalopi of Creole and Mr. and Mrs. Silton Cormier of Cameron.

Given in marriage by her father, the bride chose a gown of dacron organza enhanced with Peau d' Ange lace and crystal pleating. He bodice accented with a bib of Peau d' Ange lace outlined with crystal pleating featured a fluffed Victorian neckline and Bishop sleeves accented with Peau d' Ange lace motifs and set with cuffs edged with crystal pleating. From a satin edged crescent waistline fell her bouffant skirt of organza which held a fluted border of crystal pleating on the skirt and enhancing a full chapel train.

Her bridal ripple hat of Peau d' Ange lace adorned with seed pearls was accented with a streamer veil of illusion. She carried a cascade of carnations with a lavender orchid and sprengeri.

Trudy Nunez served as maid of honor. Bridesmaids were Claudette Boudoin, Debra Baccigalopi, Bridget Roux, Donna Richard, Stephanie Shay, Karen Richard and Theresa LeDano.

They wore skimmer gowns of rose Qiana which featured a Trapunto bib outlined with draped Qiana and falling to a flared hemline. A sheer overlay cape of chiffon was enhanced with rose satin ribbon. They carried red and pink roses.

Billie Jo Trahan served as flower girl and Donnie Simon was ring bearer.

Best man was Jo Higgins and groomsmen were Eric Dinger, Binky Kiffe, David Broussard, Kent Benoit, Karl Nunez, Ruben Doxey and Lane Wolf.

A reception at the hall was held immediately following the ceremony.

After the wedding trip the couple will make their home in Cameron.

The bride and groom are both graduates of South Cameron high school and the groom is self-employed in Cameron.

Workers in telethon are recognized

Workers of the Jerry Lewis Telethon were recognized at the Oct. 6 meeting of the South Cameron high senior 4-H club.

Reports on National 4-H week were given by Jodie Reyes. Those participating during the week were: Joe and Phyllis McCall, Caroline Wilkerson, Becky Hebert, Renee' Boudreaux, Denise Rutherford and Rosiland Crain.

A poem on being an active 4-H member was read by Caroline Wilkerson and a demonstration on "How to buy a T-shirt" was given by Mr. Wicke, who also handed out record books. Dues were set at $2 and must be paid by the next meeting.

Aging meeting

Rev. M. S. Robertson, director of the Cameron Council on Aging, announces a joint meeting for the Grand Lake-Sweet Lake area Monday, Nov. 14 at 10 a. m. at the Grand Lake recreation center. All 60 and over are invited to attend.

MRS. GLADYS McCALL, seated, was honored at the recent CDA meeting in Creole. Her she is presented with a gift by Mrs. Wayne Montie as Msgr. Bernard looks on.

Deceased members remembered by Mass

Eleven deceased members of the Catholic Daughters of America were remembered at a mass held recently at Creole.

Members attending a workshop in Sulphur were Mesdames Myrna Conner, Wayne Montie, Mayola Wicke, Linda Mae Conner, and Wyonna Miller.

The Christmas party will be held in the Life Center, Dec. 3, after the 5 p. m. mass. The guest speaker will be Mrs. Barbara Songy. Husbands are invited and each member and her husband are to exchange gifts.

Mrs. Mary Jane Guidry volunteered to be chairman for the Christmas party. Her co-chairmen are: Mesdames Louverta Vincent, Larmae Miller, Linda Dahlen, Wayne Montie, and Cora Hendrix.

Committee chairmen for the Catholic Daughter of the year are: Mesdames Linda Mae Commer, Larmae Miller and Cora Hendrix.

The guest daughter, Mrs. Gladys McCall, was recognized, and honored for her many works in the community. She also designed the CDA emblem. Mrs. Wayne Montie presented her with a gift.

Mrs. Myrna Conner, Regent, presided.

Paper staff attends meet

The staff of the newly established newspaper "Bon Temps Roulle" of South Cameron High School recently attended a workshop sponsored by the L.S.U. Journalism Department in Baton Rouge.

Members attending were: Beth Liptak, editor; Charla Jo Blake, illustrator; Angela Stephenson, club activities; Kevin Colligan, sports; Margy McCloskey, club activities; Lisa Stewart, amusements; Teresa Lind, advertisements; Laurie Dyson, club activities; Susan Liptak, amusements; Beth Tanner, club activities and Buck Stephenson, sports.

Revival held at church here

Rev. Glen Messer, pastor of Sumpson Methodist Church in Lake Charles, was the evangelist for services in Wakefield Memorial United Methodist Church, Cameron, 6-8, according to Rev. Minns S. Robertson, pastor.

The service on Sunday was preceeded by a covered dish fellowship supper. Mrs. Carrie Montgomery was the organist.

Meeting

The monthly meeting of the Cameron Parish CODOFIL chapter will be held Monday night, Nov. 14, at 6:30 p. m. in the auditorium of South Cameron Elementary school, according to Mrs. Adam Conner, president.

Cheerleaders announced

Delaine Desonier is head cheerleader of the South Cameron High School Tarpon cheering squad.

Other members are: Mary Kay Pinch, Melanie Guidry, Dianne and Roxanne Myers, May Diane McCall and Diedre Theriot.

Franklin Jones heads chapter

Franklin Jones has been elected president of the South Cameron High School FFA Chapter.

Other officers elected to serve for the 1977-78 year are: Brian Theriot, vice president; Renee Boudreaux, secretary; Cindy Nunez, treasurer; Neil Carter, reporter; Todd Montie, sentinel; and Lewis Theriot, parliamentarian.

The local chapter exhibited twenty four livestock exhibits at the 1977 Louisiana State Fair in Shreveport recently, including 32 market lambs and breeding sheep, 4 market hogs, and 15 beef cattle.

Plans are underway by the local chapter for exhibitors to attend Aggie Day on Dec. 10 and the Cameron Parish Livestock Show Jan. 6-7.

Miss Jones to head LSU drive

Judith Jones of Grand Chenier will head up the 19th annual LSU Alumni Fund in Cameron Parish, according to Carl W. Bauer, national chairman of the year-long direct support campaign.

The Alumni Fund supports all projects of the LSU Alumni Federation such as scholarships, part-time student employment, Alumni Professorships and distinguished teaching awards, continuing education and publications.

Last year 10 Cameron alumni contributed $210 toward the 18th Fund's record total of $303,596.73.

S.C. Sr. club has meeting

Enrollment cards were filled out during the first meeting of the South Cameron high senior 4-H club September 15.

Mrs. Savoie, the local leader, discussed the club's program for the year. Elizabeth January was elected as parlimentarian. Mr. Wickie presented awards to Roxanne Myers and Brien Theriot for the summer horse show.

4-H clubbers collect funds

The South Cameron high senior 4-H club collected money over the Labor Day weekend for the Jerry Lewis Telethon.

Those who collected were: Ann Theriot, Tanee Boudreaux, Denise Rutherford, Jerome Carter, Lawrence Mhire and Donald Dupuis.

The club received acknowledgement from Jerry Lewis on a job well done.

Banquet set for players

Members of the Cameron elementary school football team and pep squad and their parents will be honored at a banquet at 6:30 p. m., Thursday, Nov. 17, in the Cameron recreation center.

The Cameron Junior Athletic Association is sponsoring the event.

Mrs. Baronet dies in Erath

Funeral services for Mrs. August Baronet, 76, were held Sunday, Nov. 6 from Our Lady of Lourdes Catholic Church in Erath.

Mrs. Baronet, the former Laurence Theriot, died friday, Nov. 4, in Erath General Hospital after a long illness.

She was the sister of J. O. Theriot, formerly of Creole. Other survivors are one sister, Mrs. Vernis Boudreaux of Erath and several nieces and nephews.

"Neglect nothing that can increase your stature." Stendhal

NOTICE

NEW OFFICERS of the Cameron parish 4-H executive council are shown above. Seated: Connie Poole, secretary; Todd Montie, president; Ducan Crain, vice-president. Standing: Leisa Hebert, reporter; Gary Wicke, agent; and Mike Montie, parliamentarian.

JOHNSON BAYOU

No one hurt in crash at Johnson Bayou

By CAROLINE HEBERT

Greg Trahan, son of Mr. and Mrs. Alton Trahan, and Tisha Trahan, daughter of Mr. and Mrs. Jesse Trahan, were going to school on Nov. 7 and were hit by a large trailer truck carrying pipe.

Their car was pushed for 30 feet and the truck overturned. No one was injured. The pipe was spilled, but caused no further accident.

HALLOWEEN PARTY

John and Mikki Prescott had a Halloween party Sunday, Oct. 30 at their home in Johnson Bayou.

They played various games and had a dance. Guests in costumes attending the party were Mr. and Mrs. Alton Trahan, Mr. and Mrs. Billy Storm, Mr. and Mrs. Jimmy Billiot, Mr. and Mrs. Dale Jinks, Ronald Istre, and Ida Walters, all of Johnson Bayou. Out-of-town guests were Mr. and Mrs. Leslie Prescott from Port Arthur.

HOSPITAL TESTS

Jennifer Trahan, age 17 months, was taken to Texas Children's Hospital in Houston on Oct. 27 for tests on her hip. She is the daughter of Jesse and Vicki Trahan. The tests proved that her hip is fine.

NEW SON

Jean and Georgia Constance announces the birth of a son, Jean Allen, in St. Patrick's Hospital in Lake Charles, Nov. 2. He weighed 5 lbs. 9 oz.

Grandparents are Mrs. Azora Martin of Johnson Bayou, Jackson Authement of Sugartown, and Mr. and Mrs. Peter Constance of Johnson Bayou. Great-grandmother is Mrs. Dora Corbello of Johnson Bayou.

Waiting at home for their baby brother was Benji, age 2, and Roxanne, age 14. Also the baby's cousin, Wade Conner, age 15, who is living with the Constances.

NEW CAR

Mr. and Mrs. Ray Young recently purchased a 1978 Grand Marquis Mercury.

JUDGES

The judges for the "Little Miss and Mister Contest" to be held at the Cameron Elementary School on Nov. 10 are Mrs. Ernest Carol Trahan, Mrs. Alton Trahan, both from Johnson Bayou and Mr. Dwight Erbelding of Grand Chenier, formerly of Johnson Bayou.

This is the preliminary for the parish contest.

ALVIN TRAHAN HONORED

Alvin Trahan was given a party by his wife, Belle, in celebration of his 53rd birthday. It was held at his home on Nov. 4 after the ball game.

His children and their family attending the party were Sonny and Cindy McGee, Glenn, Angie, and Brandy Trahan, Donnell and Ann Trahan, and Timmy Trahan. Refreshments served were cake, ice cream, and soft drinks.

FIFTIES DANCE

There will be a dance at the Recreation Center on Sat., Nov. 12 from 7 p. m. to 10 p. m. The theme is the 1950's. There will be a door prize, dance contest, and a 1950's dress-up contest.

Admission is $1 and all the proceeds go the Shontel Blanchard, a Harvest Festival queen contestant. Refreshments will also be on sale. Everyone is invited.

ANNIVERSARY

Sonny and Cindy McGee celebrated their first anniversary on Nov. 6. Glenn and Angie Trahan accompanied them to Port Arthur for an anniversary dinner.

Plans made by C. D. A.

Plans for many upcoming events were made at the monthly meeting of the Our Lady Star of the Sea CDA held this week at the Cameron Catholic Family Center.

Mrs. Adenise Trosclair, grand regent, presided.

A nominee for the V.F.W. Citizenship award was chosen by the club and a discussion was held on presenting a Thanksgiving basket to a needy person.

A letter from the State First Vice Regent Eunice Rills was read inviting the local court to a luncheon honoring State Regent Barbara Sangy in Baton Rouge.

The Court was reminded of the memorial mass and communion the court is to attend in a group on Sunday, Nov. 13, at the 10 a. m. Mass at Our Lady Star of the Sea Church.

A discussion was held on the month Senior Citizen Fellowship Day to be held on Sunday, Nov. 20 from 6 to 8 p. m. in the Catholic Family Center.

This event is sponsored jointly by the United Methodist Women group and the local C.D.A. Court.

All senior citizens 60 years and over and their spouses are invited to attend for an evening of entertainment and refreshments.

A report on the CDA workshop held in Sulphur recently was given to the court.

The December meeting will be held on Tuesday, Dec. 6, at the Catholic Family Center with the Christmas party to follow.

Each member is asked to bring a covered dish and a gift for their secret pal.

Birthdays recognized for the month of November were Mrs. Olive Castaine, Mrs. Victoria Daigle and Mrs. Florine LeBlanc.

Creole KCs are host to met

Annual memorial services will be held Sunday, Nov. 20, at the Church of the Immaculate Conception in Lake Charles, it was announced by Faithful Navigator Jerome Scalisi of Msgr. H. Cramers General Assembly, Fourth Degree Knights of Columbus at their meeting of Oct. 27 hosted by the J. P. Boudoin Council #3014 of the Knights of Columbus of Creole.

Also announced was the date of the Assembly's Christmas Party which will be held in conjunction with St. Hubert Council #3622 of the Knights of Columbus which is located in Moss Bluff.

Prior to the meeting, a seafood meal was served to members and their wives by members and wives of the J. P. Boudoin council. Arrangements were under the direction of Liaison Officer J. K. Montie.

Angela Stephenson is queen

Angela Stephenson of Cameron was crowned 1977 South Cameron High School homecoming queen at half-time festivities held recently at Tarpon Stadium.

She was crowned by Darlene Boudreaux, 1976 queen.

Angela is a senior and is active in FHA, FBLA, 4-H club, a member of the annual staff, the newspaper staff, the Leo club and is captain for the Flag corps.

She is the daughter of Mr. and Mrs. Buddy Stephenson of Cameron.

Other members of the homecoming court were: Joycelyn McEvers and Darla Boudreaux, Freshmen maids; Mona Brasseaux and Mary Kay Pinch, Junior Maids; Dedrie Theriot and Lori Trahan, Sophomore Maids; and Beth Liptak and Cindy Nunez, Senior Maids.

Democracy contest slated

"My Responsibility to America" will be the theme for this year's Voice of Democracy contest.

Each student participating in the contest will be required to write and to deliver a 3 to 5 minute speech.

The contest will be held at South Cameron High school on Nov. 30 and the judges will be various faculty members chosen by Mrs. Michelle Both, contest sponsor.

The winner will have a tape made of his speech which will be used in both district and state competition.

If the speech wins the state contest, the author of the speech and his tape will go to Washington, D. C. for the national competition and the first prize winner will receive a $10,000 scholarship.

Those participating in the contest from South Cameron high school are: Teresa Lind, Kevin Colligan, Bradley Trahan, Debbie Theriot and Tim Alexander.

COUNTY AGENT'S REPORT

County agent replies to Press editorial

By CLIFFORD MYERS
County Agent

I had originally planned to reply in full to the editorial in the Lake Charles American Press last Friday concerning the pesticide program. However, because it was so vague and misleading, I decided not to do so as it would require a very long article. I am, however, in full agreement that it is not the complete answer to the use of pesticides.

I would, however, like to point out one thing. The writer stated that the pesticide program was a great imposition on the home gardener and flower lovers and indicated that the poison pesticides should be controlled before getting in their hands.

Evidently the editor does not know that all pesticides are potentially dangerous. Even the least toxic pesticides when improperly used, are just as dangerous to humans and the environment as the highly toxic ones.

I think the editor would need to become acquainted with the toxicidy rating of the pesticides used by the home gardeners and flower lovers. Perhaps, he would appreciate its safe use for the protection of humans and the environment. These pesticides however are very safe, provided they are properly used.

CATTLE LICE

The cool temperatures of fall and winter coming on will soon stimulate the female cattle lice to start laying eggs. They produce large numbers of new lice in a short time. The eggs are attached to the hairs and the life cycle is completed in about two weeks. A few female lice inside the ears of one or two cows is all it takes, because they are spread to other cattle through their normal contacts. This is why new cows added in the herd should be sprayed, too.

Treatment has been delayed too long when cattle start rubbing against fences and other objects, leaving balls of hair, or when they have areas of skin with the hair missing.

Major losses frequently occur during winter months if lice are not controlled. Cattle become anemic, weakened and more susceptible to diseases. Some lice-infested cattle die during severe winters. Stunted growth, weight loss and sharp reduction in milk production are other symptoms.

Treat every cow in the herd and apply the insecticide as a spray or dip, being careful to thoroughly wet them with the spray. Self-treating backrubbers and insecticide dust are not adequate for good lice control. More thorough coverage of the animals is needed than these provide.

Any one of several insecticides will give good control of lice. Beef cattle can be sprayed with either Co-Rol, Delnav, Korlan, Malathion or Methoxychlor. Read the label on the container and follow directions and precautions.

Boston is winner

By ED BREDEHOEFT

In Creole last Friday night it was W. O. Boston 12, South Cameron 6. The victory put the Panthers sole possession of first place in District 5-AA.

It has often been said (by grandstand quarterbacks), "It is the breaks that wins football games". If this is so, this could be the reason that the Panthers scored 12 points to the Tarpon's 6.

Boston completed 9 out of 17 attempts via the aerial route for a total of 111 yards. Two of the completions accounted for the two Boston touchdowns. The big break for Boston came as quarterback Lanny Jones lofted a high wobbler toward teammate Robert Griffin.

As the ball approached Griffin, he fell flat on his back at the 13-yard line. Tarpon defender Coy Mudd, who had already picked off one stray Panther aerial, stepped neatly in front of Griffin and appeared to have a certain interception.

To the Tarpkis' dismay, however, the ball went right through Mudd's hands and into the arms of Griffin, who still lay flat on his back! The Tarpon defense stiffened and it took the Panthers five plays to punch the ball across with the score coming on a one-yard sneak by Boston quarterback Freeman Evans.

Tony Porche, whose slashing runs off tackle provided the bulk of the Tarpons' offense, led all runners with 95 yards on 27 carries.

The Tarpons had 165 yards on the ground to 102 for the Panthers. The first downs were, Boston 13 and South Cameron 10.

Pet poisoning

Cats and dogs are quite susceptible to poisoning due to ethylene glycol antifreeze ingestion. This is the season when such unfortunate occurrences are most likely to happen, says Dr. Steven S. Nicholson, veterinarian with the LSU Cooperative Extension Service.

One or two teaspoonfuls of antifreeze can prove fatal to a cat, while one-and-a-half ounces taken by a 20 pound dog can cause death.

Antifreeze entering the nervous system produces a narcotic effect within one to six hours after the animal consumes it. Incoordination, weakness and rapid breathing followed by temporary recovery often occurs within 12 hours.

Improvement is short-lived, Nicholson notes, because symptoms return within 24 hours and are related to severe changes in body chemistry and kidney function. Vomiting, weakness, convulsions and death are the ultimate results.

Symptoms of antifreeze poisoning may closely resemble those of brain concussion, encephalitis, garbage poisoning and other toxic maladies. This poses a difficult diagnostic problem for the veterinarian, unless known access to antifreeze is reported to him.

Treatment in the early stages of poisoning, using intravenous ethyl alcohol and sodium bicarbonate, may prove very effective. Once the condition has progressed to severe kidney damage, the prognosis is poor, Nicholson adds.

"Obviously, prevention is best, but when an animal does drink antifreeze, it should be considered a medical emergency and a veterinarian should be contacted immediately," Nicholson concludes.

SHOWN MAKING plans for the dance to be held in conjunction with the Our Lady of the Sea Bazaar Saturday, Nov. 18, at the Cameron Recreation Center are Mrs. Earl Mouton and Black Carter.

REIGNING AS Tiny Tot king and queen at the Sacred Heart Church Bazaar were Kenny Lane Nunez and Sonya Guidry. They are pictured here iwth the trophies which each was awarded as winners of the Tiny Tot Contest, staged in conjunction with the Bazaar.

RECIPE

TUTTI-FRUTTI JAM

3 cups chopped or ground pears (takes about 2 pounds pears)
1 large orange
3/4 cup drained crushed pineapple
¼ cup chopped maraschino cherries (3 ounce bottle)
¼ cup lemon juice
1 package powdered pectin
5 cups sugar

Wash and heat jars, prepare jar lids according to manufacturer's directions. Sort and wash ripe pears; pare and core. Chop or grind the pears. Peel the orange, remove seeds, and chop or grind the pulp.

Measure chopped pears into a kettle. Add orange, pineapple, cherries and lemon juice. Stir in the pectin. Place on high and, stirring constantly, bring quickly to a full boil (bubbles over the entire surface).

Add the sugar, continue stirring, and heat again to a full bubbling boil. Boil hard for 1 minute, stirring constantly.

Remove from heat; skim and stir alternately for 5 minutes. Ladle jam into clean hot containers. Wipe top of jars with clean damp cloth, apply jar lid and ring. Process in boiling water bath for 5 minutes.

Makes about nine 6-ounce glasses.

Woodmen officers

When the Woodmen of the World Court 1170 held its October meeting at the W.O.W. Hall in Creole, members elected a new slate of officers for 1978.

These officers, who will be installed at the Janaury meeting, are: president, Mrs. Woodrow Bertrand; vice-president, Mrs. Loston McEvers; secretary, Mrs. Jeffery Boudreaux; treasurer, Mrs. Wilson Conner; reporter, Mrs. Roland Primeaux; publicity book and photographer, Mrs. Pete Duhon; watchman, Mrs. Lynn Miller; escort, Mrs. Sharon Theriot; sentry, Mrs. Oren Boudreaux; musician, Mrs. Harold Carter; and, trustees, Mrs. Billy Bertrand, Mrs. John Driscoll, and Mrs. John A. Conner.

Plans were made for the Thanksgiving supper, a joint function of the Ladies' Court and the Men's Camp 706. Set for Thursday, Nov. 17, at the W.O.W. Hall, the supper will feature baked turkey and covered dishes prepared by the ladies. The men will host the social hour, beginning at 6:30 p. m.

Another jointly-sponsored affair, the Christmas party, was set for Saturday, Dec. 17, at the W.O.W. Hall, beginning at 6:30 p. m. with a social hour.

President, Mrs. John A. Conner, informed members that this year it is the W.O.W.'s turn to sponsor the annual Children's Christmas Party for youngsters in the Creole area. Accordingly, members set the event for Wednesday, Dec. 21, at 6:30 p. m. in the W.O.W. Hall.

Package food right

Proper packaging is essential if frozen foods are to retain their original freshness, natural colors, flavors and nutritive values, reminds Donna Montgomery of the LSU Cooperative Extension Service.

"Frozen foods dry out when not packaged correctly and the loss of moisture causes freezer burns. Affected portions of the food must be discarded," says the home economist.

Also, this loss of moisture in frozen foods adds to frost from other moisture sources and increases the defrosting task," she says.

Always use containers and packages with tight closures for frozen foods and select packaging materials that are resistant to moisture and vapor, stresses Miss Montgomery, in giving reasons and suggestions.

If oxygen can reach the food, it will speed flavor changes in meats, darken light-colored fruits and possibly cause boilable pouches to burst.

Changes in vegetables are not as great if oxygen reaches them because vegetables are protected somewhat by a natural built-in antioxident.

Rigid containers made of aluminum, glass or plastic are excellent for frozen foods because water and vapor cannot pass through them.

All wraps should be strong enough to be handled and frozen without tearing.

Popular polyethylene bags are excellent to freeze foods in if they are between one and a half to three mils thick. Thinner bags will not protect the food and thicker ones are hard to twist closed.

Goods bags cost more than thin ones but provide better protection for the food and can be reused.

Other good packaging materials include heavy aluminum foil and laminated and coated sheets. These may be used in a length just enough to cover the food and to make a good closure.

Butcher paper and waxed paper are not recommended for frozen foods because they are not vapor resistant.

The Challenge of Genealogy

by MARIE WISE

Louisiana had people from all over the American Colonies as well as from Europe and Canada as its early settlers. Abscher (now Abshire) were Germans who came here from Pennsylvania, as did the Rees family, Andrus or Andrews came from the Atlantic States and originally from England, Arnaud from Turin, France;

Bell and Choate from South Carolina, Bertrand from Montreal, Berwick (Berwick) from England, Biggs and Clark from Ireland, Bonin from Grenoble, France; Raca, Gradenigo and Carlin (Carlini) from Italy, Venoble (Van Huble) from New Jersey, Walker from Philadelphia, Carruthers (Credeur) from Virginia, DeRouen from Canada, Amy and Andrepont (or Pont) from France; Meche (Metch), Faul (Pfhall), Marks (Marques), Taylor (Theller) and Stelly (Scheteli), all from Germany were some of the families arriving in the 1700's according to colonial church records.

PA.-OHIO

Area Keys, P.O. Box 19465, Denver, Colo. 80219 has published some guides to what genealogical records are available in other states, where to find and how to use them, that could be of considerable interest to Louisiana researchers.

Standardized to 8½x11 in., softcover, $8.00 each, the *Pennsylvania Area Key* by Florence Clint now in its 2nd edition has 148 pages and the *Ohio Area Key* by Ms. Clint and Carol Willsey Flavel, Certified Genealogist, has 261 pages.

A look at the map shows how likely it was for colonists to come by sea from the Philadelphia area to Louisiana, or south and west by land, or overland through Pennsylvania and Ohio where waterways flowed on to the Mississippi. Many of our ancestors did arrive in Louisiana via some of these routes, and stayed.

The Key volumes give state histories, list the availability of land records, county court house and record index systems, vital statistics, military records, census records, church records, library and main research facilities, as well as listing professional researchers, giving directories of genealogical and historical organizations, newspapers, periodicals, collections, and a great many addresses.

WAYNE CO.

Louisiana families came here also by way of Kentucky. Andrew J. Crawford, 312 S. Second St., Fairborn, Ohio 45324 has compiled the *Wayne County, Kentucky, Population Census, 1810-1880* volume, 8½x11 in., softcover, spiral bound, $12.50.

It contains 138 pages of names, approximately 13,000 listed alphabetically by each of the 8 decades, plus 16 pages of introductory material and research aids including forms for ordering microfilms and census information.

ORANGE CO.

The Origin of Orange, County, New York from 1683 to 1847 is a rare re-print of a history published 140 years ago by an ancestor of Mildred F. Roberts, 29500 Heathercliff Rd., #168, Malibu, Calif. 90265.

This volume is folder bound, 8½x11 in., 54 pages, $7.50, shows Signers of the Revolutionary Pledge (almost 200) in Newburgh in 1775, about 250 persons assessed in 1785, those receiving agricultural premiums at the 1820-24 county fairs, an alphabetical list of over 3,000 early residents, county history, etc.

CLARK-CLARKE

Harry D. Roberts (same address as above) has been doing genealogical research for more than 20 years. One of his specialities is the Clark-Clarke family on which he has produced four continuing volumes beginning from the 1600's.

Early Clark-Clarkes Clues, Vol. I thru IV contain from 50 to 100 pages each, $5.00 to $11.00 per volume, $25.00 for the set, folder bound, 8½x11 in. Similar volumes available on Harrison, McDaniel, Roberts, Winston, Henderson, Davison-Davidson families. Interested readers may write the Roberts for additional information on their publications.

LUCCOUS

Mrs. Alvin Hardin, P.O. Box 565, Leesville, La. 71446 wants info. in Dr. Bill (William?) John LUCCOUS possibly from Normandy, France, whose son, John Quincy (or Quake) Luccous settled on the Sabine River near Logansport, mar. (2nd) Martha Jane Bullock of St. Augustine, Angelina Co., Tex. They were parents of Dave Ira, b. 1875; Elige and Anna. John Quincy had two older sons, John and Tony.

COUCH-KOUCH

Mrs. Hewey Parker, 2210 12th St., Lake Charles, La. 70601 seeks help in contacting any relatives or friends of her great-grandmother, Lucille BENOIT of Grand Chenier, La. who married Ufagh KOUCH, said to be German (spelling could be Elface COUCH).

QUERIES

Queries to be published here should be clearly written and mailed to: Marie Wise, Box 99, Sulphur, La. 70663. Pedigree Charts wanted. For reply send stamped, self-addressed envelope. -30-

Do THIS Before You Read The Bible

Reading Holy Scripture, of course, can be an inspiring and comforting practice.

But to get the most out of your Bible reading, you need a solid groundwork of knowledge that the Scriptures do not reveal. For as the New Testament says: "In these epistles there are certain things difficult to understand" (2 Peter 3:16).

The truth of this is manifested by the fact that equally intelligent people often draw conflicting conclusions from the same passages of Holy Scripture. And by the further fact that scholars of all faiths are continually searching the sacred texts to reveal and refine their meanings.

If you would like a better understanding and deeper appreciation of the Scriptures, write for a free copy of our new pocket-size pamphlet entitled: "Introduction to Bible Reading." Its purpose is not to interpret what the Bible says, but to explain how what it says is to be understood. Whether you are a devoted Bible student . . . or just a casual reader . . . this pamphlet will give you the basic principles for understanding not only what the Scriptures say, but what they mean.

It might be argued that the Bible . . . being God's Word . . . has to be a simple book so that people of all levels of intelligence can understand it. But if this were true, all Bible readers would understand the Scriptures in exactly the same way . . . which they don't.

The fact is, of course, God did not intend that a." our knowledge of Him should come from our own reading and interpretation of the Scriptures. In His covenant with the people of Israel, God commissioned the prophets to instruct the faithful in His word. Christ vested the same responsibility in His disciples and His church with the coming of the New Testament.

"Introduction to Bible Reading" gives you a solid groundwork for understanding why the Bible is God's book . . . how it came into being . . . what books it contains . . . and the general principles which should be applied in interpreting it. It also offers samples of some good, modern English translations to help you in your selection of a personal Bible.

For your free copy of this interesting pamphlet, write today. Ask for Pamphlet KC-22. No obligation . . . nobody will call on you.

SUCCESSION OF WILLIAM DOXEY PLEASANT
PROBATE NO. 1469

NOTICE OF APPLICATION FOR AUTHORITY TO EXECUTE OIL, GAS AND MINERAL LEASE

Notice is hereby given that LOIS PLEASANT SIMONTON and THELMA PLEASANT SMITH JORDAN, Ancillary Testamentary Executrices of this Succession, have applied for authority to execute an Oil, Gas and Mineral Lease to Adam Sturlese, covering and affecting the following described property (estimated to comprise 33.17 acres), situated in Cameron Parish, Louisiana:

A certain tract of land containing 33.17 acres, more or less, situated in the Eastern portion of Section 1 and the Western portion of Section 37, T-15S, R-6W, and bounded now or formerly as follows: North by the Mermentau River, A. H. Cantu; East by Hermylee LeBoeuf, et vir; South by public road and/or H. W. Darling, et al; West by H. H. Cantu. This tract is also further described as Lots Nos. 1 & 14 of that certain Act of Partition between the heirs of J. Andrew Doxey, dated 11-26-43, and recorded in COB 53, Page 482, of the Conveyance Records of Cameron Parish, Louisiana.

By Order of the Fourteenth Judicial District Court for the Parish of Cameron, a hearing on the application of the said Lois Pleasant Simonton and Thelma Pleasant Smith Jordan will be held at 10:00 o'clock A. M., on the 1st day of December, 1977, in the Courtroom at the Courthouse in Cameron, Louisiana. The proposed lease is for a three (3) year primary term; for a bonus of One Hundred Dollars ($100.00) per acre, of which the Succession will receive $3,317.00; royalties of one-fifth (1/5) and annual delay rentals of One Hundred Dollars ($100.00) per acre, and is to be dated effective October 17, 1977. The other terms, considerations and provisions of the proposed lease are set forth in the Petition filed herein, and in a copy of the proposed lease attached as Exhibit "A" to that Petition.

By Order of the Fourteenth Judicial District Court for the Parish of Cameron, any opposition to the execution of said lease may be filed with the Clerk of Court of the Parish of Cameron at any time prior to the issuance of an Order authorizing the execution of said lease, which Order may be issued after the expiration of seven (7) days from the date of this publication.

By Order of the Fourteenth Judicial District Court.
Cameron, Louisiana, this 3rd day of November, 1977.

- NOTICE OF PUBLICATION -
MINERAL RESOURCES
ON BEHALF OF THE
STATE MINERAL BOARD
FOR THE
STATE OF LOUISIANA
BATON ROUGE, LOUISIANA
70821

By virtue of and in conformity with the provisions of Chapter 1 of Title 30 of the Louisiana Revised Statutes of 1950, as amended, sealed bids will be received in the Office of Mineral Resources, State Land and Natural Resources Building, Baton Rouge, Louisiana, on or before the hour of 9:00 a.m. December, 1977, at 1:00 p.m., for a lease to explore, drill or mine for and produce oil, gas and any other liquid or gaseous hydrocarbons, minerals, sulphur and potash in and on the lands and/or state waterbottoms in Tract No. 14706 through Tract No. 14731, inclusive, at which time and date the bids will be opened publicly in the State Land and Natural Resources Building, Capitol Complex, Baton Rouge, Louisiana. The description of said tracts are more particularly set out below.

TRACT 14708 — Jefferson Davis, Vermilion, and Cameron Parishes, Louisiana — All of the lands now or formerly constituting the beds and bottoms of all water bodies of every nature and description and all islands and other lands formed by accretion or reliction, except tax lands, owned by and not under mineral lease from the State of Louisiana on October 11, 1977, situated in Jefferson Davis, Vermilion, and Cameron Parishes, Louisiana, within the following described boundaries: Beginning at a point having Lambert Plane Coordinates of X = 1,555,000.00 and Y = 399,000.00 and Y = 407,500.00; feet; thence East 16,200.00 feet; thence North 14,000.00 feet; thence Southwest to the point of beginning, containing an area approximately 3,178 acres, as shown outlined in red on a plat on file in the Office of the Secretary, Department of Natural Resources. All bearings are based on Louisiana Lambert Plane Coordinate System (South Zone)

TRACT 14709 — Cameron Parish, Louisiana — All of the lands now or formerly constituting the beds and bottoms of all water bodies of every nature and description, and all islands and other lands formed by accretion or reliction, except tax lands, owned by and not under mineral lease from the State of Louisiana on September 22, 1977, situated in Cameron Parish, Louisiana, within the following described boundaries: Beginning at the Southwest corner of State Lease No. 6895, having Lambert Plane Coordinates of X = 1,548,480.00 and Y = 481,982.76; thence North 5,117.22 feet along the West line of said State Lease No. 6895 to its Northwest corner, having Lambert Plane Coordinates of X = 1,548,480.00 and Y = 474,700.00; thence West 4,000.00 feet to a point having Lambert Plane Coordinates of X = 1,548,480.00 and Y = 474,700.00; thence South 9,881.99 feet to a point having Lambert Plane Coordinates of X = 1,548,480.00 and Y = 464,818.01; thence East 4,000.00 feet to a point having Lambert Plane Coordinates of X = 1,548,480.00 and Y = 464,818.01; thence North 4,764.77 feet to the point of beginning, containing 768 acres, as shown outlined in red on a plat on file in the Office of the Secretary, Department of Natural Resources. All bearings are based on Louisiana Lambert Plane Coordinate System (South Zone).

TRACT 14710 — Cameron Parish, Louisiana — All of the lands now or formerly constituting the beds and bottoms of all water bodies of every nature and description and all islands and other lands formed by accretion or reliction, except tax lands, owned by and not under mineral lease from the State of Louisiana on September 22, 1977, situated in Cameron Parish, Louisiana, within the following described boundaries: Beginning at the Southwest corner of State Lease No. 6895, having Lambert Plane Coordinates of X = 1,548,480.00 and Y = 469,982.76; thence South 89 degrees 21 minutes 47 seconds East 11,980.80 feet along the South line of said State Lease No. 6895 and an eastern extension thereof to a point having Lambert Plane Coordinates of X = 1,560,895.31 and Y = 469,254.27; thence South 4,434.26 feet to a point having Lambert Plane Coordinates of X = 1,559,895.31 and Y = 464,818.01; thence West 6,125.55 feet to the Northeast corner of State Lease No. 6938, having Lambert Plane Coordinates of X = 1,555,769.76 and Y = 464,818.01; thence West 3,140.00 feet along the North line of said State Lease No. 6938 to the Northwest corner of said State Lease No. 6938, having Lambert Plane Coordinates of X = 1,548,629.76 and Y = 464,818.01; thence West 229.76 feet to a point having Lambert Plane Coordinates of X = 1,548,400.00 and Y = 464,818.01; thence North 4,764.77 feet to the point of beginning, estimated to contain approximately 1,197 acres, as shown outlined in red on a plat on file in the Office of the Secretary, Department of Natural Resources. All bearings are based on Louisiana Lambert Plane Coordinate System (South Zone).

TRACT 14711 — Cameron Parish, Louisiana — All of the lands now or formerly constituting the beds and bottoms of all water bodies of every nature and description and all islands and other lands formed by accretion or reliction, except tax lands, owned by and not under mineral lease from the State of Louisiana on September 27, 1977, situated in Cameron Parish, Louisiana, within the following described boundaries: Beginning at the Northwest corner of State Lease No. 7033, having Lambert Plane Coordinates of X = 1,560,000.00 and Y = 407,500.00; thence West 10,960.00 feet; thence South 5,280.00 feet; thence East 10,960.00 feet to the Southwest corner of said State Lease No. 7033; thence North 5,280.00 feet along the West line of said State Lease No. 7033 to the point of beginning, estimated to contain approximately 1,328 acres, as shown outlined in red on a plat on file in the Office of the Secretary, Department of Natural Resources. All bearings are based on Louisiana Lambert Plane Coordinate System (South Zone).

All bids are to offer a cash bonus for a lease having a primary term which shall not exceed three years and payment of royalty in cash or recourse against lessor whatsoever, either expressed or implied, not even for return by lessor of any payments received under the lease or being otherwise responsible to lessee. The minimum royalties required by RS 30:127, as amended, are one-fifth (1/5th) of all oil produced and saved; one-eighth (1/8th) of all gas produced and saved; seventy-five cents ($.75) per long ton of sulphur produced and saved; ten cents ($.10) per ton of potash produced and saved; and one-eighth (1/8th) of all other liquids or gaseous hydrocarbon minerals produced and saved. A bid of a royalty less than the aforesaid statutory minimums will be rejected and will not be considered by the Board. All bidders are notified that the Board does not obligate itself to accept a bid which offers the said statutory minimums, but reserves the right to accept a bid which is in excess of one of the statutory minimums and is considered most advantageous to the State of Louisiana.

With respect to royalty bids on sulphur and potash, prospective bidders are advised that the Board, by policy, has expressed a preference that bids on sulphur and potash be on a percentage or fractional basis of the statutory minimums, and that such suggested percentage is 12 ½% or fraction is one-eighth (1/8th) of the value per long ton of sulphur produced and saved and 12 ½% or 1/8th of the value per ton of potash produced and saved. It is to be clearly understood, however, that the Board reserves the right to accept a royalty bid on sulphur and potash greater or lesser than the preferred royalty, provided that the statutory minimums are met if the entire bid is considered most advantageous to the State of Louisiana.

The provisions of this notice or advertisement and the relevant statutes establish the material considerations necessary for the submission of proper bids, and this notice or advertisement is not to be deemed to be modified, enlarged or diminished by statements or policy expressions of the Board not incorporated herein expressly or by reference.

All leases issued shall be executed upon terms and conditions prescribed in the aforesaid statutes and such applicable riders appended thereto (including but not limited to provisions as follows: Should lessee fail to begin in each drilling (spudding in) of a well on the lease premises, or on acreage pooled therewith, within one year from the date of this lease, lessee shall terminate as to both parties as to the lease, unless on or before such anniversary date, lessee shall pay a delay rental of $1 per acre, or the event be less than one-half of the land covered hereby, which shall give the privilege of deferring drilling operations for an additional year. Upon like payments annually, drilling operations may further be deferred for successive periods of one year each during the primary term of three years. The lease shall provide for the drilling of offset wells where necessary to protect the State's interest and shall contain the provisions against the assignment or sublease of the lease unless approved by the State Mineral Board. The lease shall also grant the right to enter into pooling or unitization agreements with respect to development of the leased premises subject to the approval of the State Mineral Board.

Certified check, cashier's check or bank money order payable to the OFFICE OF MINERAL RESOURCES, for the full amount of the cash bonus, shall accompany and be submitted with each bid, and no bid shall be made part of the hereafter withdrawn or cancelled and the certified check, cashier's check or bank money order accompanying the bid of the successful bidder shall be immediately negotiated by the OFFICE OF MINERAL RESOURCES, and the proceeds thereof disbursed in the manner required by law. The successful bidder to whom the lease is awarded on the date of the lease sale shall return the written lease duly executed, within TWENTY (20) DAYS after bidder's receipt of same under penalty of forfeiture of the lease and the bonus previously tendered and negotiated in the event of failure to do so.

NOTE: In the case of all State Agency Leases, wherein offered, certified checks, cashier's checks or bank money orders for the cash bonus shall be made payable to each respective State Agency, provided that if a sixteenth section, or part thereof, lies within a township which is situated in more than one parish, is offered, certified check, cashier's check or bank money order for the full amount of the cash bonus shall be made payable to the STATE TREASURER.

Any Amendment, Assignment or Agreement entered into after the State Mineral Board has awarded such lease must be approved by the Lessor Agency or Agencies.

Consistent with the policy of the Board as expressed in a resolution dated August 12, 1964, all lessees are hereby notified that bids on portions of tracts should be described by metes and bounds and be accompanied by a transparent plat outlining thereon the portion bid upon. The scale of the plat should be 1 inch = 4,000 feet.

The State Mineral Board reserves the right to reject any and all bids, to grant a lease on any portion of the tract advertised and to withdraw the remainder of the tract.

News of Grand Lake & Sweetlake folks

By MRS. AGNES HEBERT

During World War II. the dependents of service men received medical care from the government. As there were no formal facilities in Cameron Parish, local neighborhood people were trained and supervised by the Health Unit doctors and make home nursing visits in the rural areas.

Special practical nurse Arisse Broussard served the Big Lake area. Among some of her happy memories of her work was the assistance at childbirth of several area natives. Since the death of her husband Albert, Nan doesn't leave the home place much but keeps in contact with family and friends by telephone. Her niece Winola Compton faithfully attends to her shopping.

On Saturday when I spoke to her on the phone Nan was excited about the grand-daughter's wedding-Caroline daughter of Stella and Harry Arthur, was married to Roy Benoit. But she was also concerned about her sister Azania who had fractured 3 ribs in a fall at the nursing home.

Mrs. Broussard is the step grandmother of the Louisiana Man--Doug Kershaw. She is remembered in grateful appreciation for providing health services to many of our area residents.

OLDEST CITIZEN

The eldest senior citizen of our area is probably Mrs. Louise Pelerin Trahan. News from Rose Crador who was her neighbor in the Big Pasture for many years. Now 96 years of age, Aunt Louise gets around the Oak Park Nursing home in a wheel chair, is very alert and attends religious services regularly.

Received a call from Verna Mae Pettifer, telling me that her mother, Mrs. Adia Benoit has built a new home just north of the Gibbstown Bridge. Helping her move into their new house were sons, E. J. and Bryan Benoit.

WINS IN CONTEST

Winning first place in the American Press Halloween Coloring Contest was sixth grader Gregory Lannin, son of Dewette and Sonny Lannin. Over 300 contestants participated. Greg was awarded a tape player as a prize.

INITIATION

On Oct. 4, Kim Woolard was initiated into Thelma Hackett Chapter #225, Order of Eastern Star. The meeting was held in the Masonic Temple in Cameron. She was conducted by Mrs. Janie McWherter of Kate Chrisensen Chapter in Iowa. Mrs. McWherter had been Kim's Mother Advisor in the Order of the Rainbow for Girls.

She was given the Bible Lecture by J. C. Witherwax also of the Iowa Chapter and he presented Kim and her mother with a key chain gavel he made himself.

A reception followed with a special cake honoring her as a new member. Kim is the daughter of Jerri and Frank Woolard of Sweetlake and a student at McNeese.

NEW GRANDCHILD

Proud grandparents, Enell and Julius Nash welcomed their 7th grandchild on Nov. 2. Born at St. Pat's to their daughter Telisa and Ferrin Heard was Julius Marie, weighing in at 7 lbs. 12 oz. and 17 inches long.

Hospitalized at Memorial was Enell's mother, Mrs. Raymond (Telice) Gaspard, who was accidentally knocked down by a car door and suffered injuries.

PLANT SALE

Our local bromeliad expert Gene Theriot had a sale in Lake Charles of some of his extra plants. Gene and his sister Peggy Myers inherited their interests in horticulture from their parents Mr. and Mrs. Noble Theriot. They very graciously share their knowledge in the care of houseplants with area residents.

Here today--gone tomorrow. Now Butch is off to Edmonton, Alberta, Canada to work on a processing plant being built by Cities Service. He left his Artic gear at home, came & won't be cold as Alaska--but it won't be as warm as the Gulf Coast either.

Home ill for a week was Mrs. H. D. Primeaux. Substituting for her in second grade has been Mrs. Fern Worthington. Get well soon, Mrs. Primeaux--I miss my yard duty buddy.

Fern is the daughter of Mr. and Mrs. Clem Desmarais. Mr. Clem has a leather shop in Sweet Lake and turns out mighty fine quirts and bull whips, too. Her mother, "Miss Willie" was principal of Sweetlake Elementary School and a respected educator.

A phone call from Nelson Hebert on Sunday morning to tell us that his Uncle Valmon Beniot had died. Nelson is the son of the late Arthur Hebert and his wife is Angel Benoit. He tells me that his two surviving aunts this mother's side are in ill health also.

HUNTING BEGINS

It sounded like a war this weekend but it must have been practice shots. Hunters report that the ducks are flighting with the Canadian cold front will liven things up a bit.

BUS AILING

The Hornet Bus is ailing. After a trip to Johnson Bayou--we can't get it back up the bridge. After replacing every conceiveable faulty part and still "no go"--someone suggested new tires. Its early days in the basketball schedule and are Mr. Delmus Hebert, principal and Mr. Olphy Crador, custodian, who walk over from the near-by school.

22nd Year-- No. 5 Cameron, La. Nov. 17, 1977

Insurance plan is approved

The Cameron Parish School Board approved a contract for workmen compensation insurance on teachers and school employees Monday although the annual premium is about double what it was several years ago.

The $18,242 contract was awarded to the Cameron Insurance Agency.

School Board Member Pat Doland voted against the insurance, stating that the board had never had a worksmen compensation claim of more than $1,000.

Supt. Sonny McCall said he had talked to an insurance consultant who had advised getting the insurance. He pointed out that the limits on such claims used to be $1,800, but now there were no limits.

McCall said it might be possible to get the policy broken down into two groupings--one for the teachers, on whom the insurance would be less, and the other on other employees.

SECTION LEASES

The board also heard a report from a committee of several of the members who had looked over the school section leased by Sono Savoie near Creole.

Savoie had requested the board to give him a long term lease on the land so that he could make permanent improvements such as levees on it.

However, board members agreed that while building levees might improve the property for cattle grazing, it might also harm it for hunting purposes. The request was turned down.

The board then adopted a resolution requiring all persons leasing school property to notify the board before making any improvements or changes, such as levees, fences, ditches, etc.

A bid by Terrell Taylor of $325 for the purchase of the old Hackberry activity bus was rejected as being too low.

Cameron Chemical Co. was the successful bidder on the old Sweetlake school building with a bid on the building of $555. It is to be torn down and moved.

Cathy McRight was named a sweeper at the South Cameron high school.

Jack Duhon was named as a South Cameron high janitor.

The resignation for health reasons of William F. Koehl, Jr. as an English teacher at South Cameron high school was accepted.

Teachers and school employees were granted Jan. 2 as a holiday, which is to be made up on Saturday, May 27.

Preston Richard, board member, objected to having school on Saturday, but Supt. McCall said the teachers had agreed that they would rather make up the day on Saturday than some other day. Students would only have to go to school and get their report cards that day any way.

The board voted to advertise the 4.37 acre Grand Chenier school site for oil and gas leases.

J. H. [BARO] BOUDREAUX, center, who has retired at the Cameron Parish license bureau examiner after 20 years of service, is presented with a diamond service pin by Allen Posey, Driver Management administrator, left, and John Miles, driver license inspector.

Boudreaux honored

J. H. "Baro" Boudreaux, who served as examiner for the Cameron Parish Drivers License office for 20 years before his retirement recently, was honored with a retirement party last week at the courthouse.

On hand to help him celebrate with punch and cake were courthouse employees and Drivers License department officials.

He was presented with a certificate of appreciation by Allen Posey, administrator of Driver Management, Baton Rouge and with a pin with four diamonds in it by John Miles, Drivers License Inspector, Crowley.

Other out-of-town guests were: Mrs. Katherine Smith, Supervisor of District 5, Crowley; Lionel Harrington, office manager of Drivers License Bureau, Crowley; and Mrs. Pat Kleckley, office manager of the Lake Charles bureau.

Prescott wins Chicago trip

Mike Prescott, son of Mr. and Mrs. John Prescott of Johnson Bayou, won a trip to the National 4-H Congress in Chicago. Mike placed first in the state for 4-H achievement and will depart Nov. 25 for a one week expense-paid trip.

The sponsors will take the students on tours to the National History Museum and to numerous dinners. They will explore various career fields to help them with their choice of a career.

Mike previously won a trip to Washington, D. C. as the highest in the state in Wildlife Conservation.

Thanksgiving service set

A Union Thanksgiving service will be held at Our Lady Star of the Sea Catholic Church in Cameron at 7 p. m. Wednesday, Nov. 23. Monsignor Vidrine, pastor, will be the speaker.

The service is sponsored by the host church, the First Baptist Church of Cameron, and Wakefield Memorial United Methodist Church and has been observed for a number of years.

Other churches in the community are invited to participate and everyone regardless of church or race is invited.

Rev. Jack Turner, pastor of First Baptist Church, Cameron, will participate in the service as well as several other people. Special music will be provided under the leadership of Larry Dyson.

Fine is given

Robert C. Gray was fined $250 or given 40 days on a DWI charge in district court here last Thursday. He also agreed to attend the alcoholic studies school.

FIRST AND second runners-up in the Tiny Tot queen's contest held recently at the Sacred Heart Church Bazaar were Angie Conner, left, daughter of Mr. and Mrs. John Allen Conner, and Terrell Conner, daughter of Mr. and Mrs. Harry A. Conner.

FFA game to be held Thurs.

The Grand Lake Chapter of the Future Farmers of America will hold their annual Teachers vs Members Basketball game at 7 p. m. Thursday, Nov. 17, at the Grand Lake school gym. Admission is: 5 years and under-free; 1st to 6th, 50 cents; 7th to adult, $1.

Mr. Clark to be speaker

Dr. Clyde Clark, director of the Louisiana Methodist Foundation Shreveport, will be the speaker at worship services at the Grand Chenier Methodist Church, Grand Chenier, and at Wakefield Memorial Methodist Church at Cameron Sunday, Nov. 20, according to Rev. Minns S. Robertson, pastor.

The Grand Chenier service will be at 9 a. m. and at 11 a. m. in Cameron.

Dr. Clark is responsible for investment of funds given throughout Louisiana for church related projects. Income from the gifts may be designated for the local church or any program of the Annual Conference or undesignated.

In addition, Dr. Clark will talk about programs that may be of interest to individuals including annuity income and wills and bequests. Members of the church are urged to attend and visitors are welcome.

Crain named to LABI board

Neil Crain of Crain Brothers, Inc. of Grand Chenier was elected a member of the board of directors of the Louisiana Association of Business and Industry at the organization's second annual meeting Tuesday, Nov. 15, in Baton Rouge.

Thanksgiving dance slated

A Thanksgiving Eve Dance sponsored by the J. P. Boudoin Sr. Knights of Columbus No. 3014 will be held on Thursday night, Nov. 23, from 9 p. m. to 1 a. m., according to Charles Bonsall, Grand Knight.

Music will be by the Teardrops and the public is invited to attend.

Bon Ton Roulle Fri.

An old fashioned "Bon Ton Roulle" will be held on Friday night, Nov. 18 at the Cameron Recreation Center, under the sponsorship of Our Lady Star of the Sea church.

Events get under way at 6 p. m. with a gumbo and homemade cakes to be served, followed by an auction and dance.

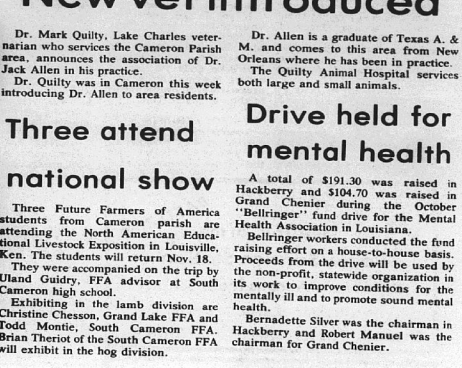
A door prize of $100 will be given away every hour on the hour and $500 to be given away at 1 a. m.

Music for the dance will be provided by the "Teardrops".

All proceeds will go towarh the building of the new church family center. The public is invited to attend, according to Mr. and Mrs. James S. Henry, Jr., co-chairmen of the event.

The Cameron post office is receiving applications for the position of part time clerk, according to Don Wagner, postmaster.

The starting salary is $6.11 per hour with increases to $7.21 an hour. Dec. 2 is the deadline for making application to take the written examination.



Mr. Allen and Dr. Quilty

New vet introduced

Dr. Mark Quilty, Lake Charles veterinarian who services the Cameron Parish area, announces the association of Dr. Jack Allen in his practice.

Dr. Quilty was in Cameron this week introducing Dr. Allen to area residents.

Dr. Allen is a graduate of Texas A. & M. and comes to this area from New Orleans where he has been in practice.

The Quilty Animal Hospital services both large and small animals.

CHRIS LALANDE, daughter of Donna LaBove and Robert LaLande, was crowned Barracuda queen at the Cameron Elementary School homecoming recently. Named as "Mr. Cuda" was Terrell Boudoin, son of Mr. and Mrs. Larry Boudoin.

Mrs. Vincent dies in N.M.

Funeral services for Mrs. John Vincent Jr., 50, of Klondike, were held Saturday, Nov. 12, from Our Lady of the Lake Catholic Church at Lake Arthur.

Burial was in St. Anthony Cemetery.

Mrs. Vincent died Wednesday, Nov. 9 in Espanola, N.M.

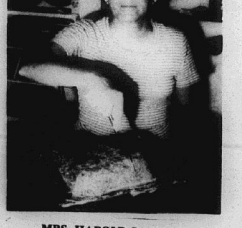
She is survived by her husband; four sisters, Mrs. Virginia Willye of Belen, N.M.; Mrs. Dorothy McAllister of Alexandria, Mrs. Wanda Williams of Beaumont, Texas, and Mrs. Ida Frasher of Morrilton, Ark.; three brothers, Robert Windham of Laguna Beach, Calif., Franklin Windham of Pasadena, Texas, and Morris Windham of Silsbee, Texas.

Bayou festival is Friday

The Johnson Bayou Harvest Festival will be Friday, Nov. 18, at the school gym. There will be lots of games and fun for everyone beginning at 5 p. m.

Highlight activity will be the queen contest. Shrimp and chicken gumbo will be served in the school cafeteria. There will be a cake sale as well as many other activities.

Everyone is invited to attend and help raise money for the Athletic Department.



MRS. HAROLD SAVOY is chairman of the cake sale for Our Lady Star of the Sea bazaar to be held Saturday, Nov. 18 in Cameron.

Bill Myers rites held

Funeral services for William "Bill" Myers, 87, of Lake Arthur were held Friday, Nov. 11, from Our Lady of the Lake Catholic Church.

Mr. Myers was the father of Police Juror Ernest Myers.

The Rev. Gerald Smit, pastor, officiated. Burial was in Andrus Cove Cemetery.

Mr. Myers died Wednesday, Nov. 9, in Welsh General Hospital.

He was a lifelong resident of the Lowry-Lake Arthur area and a retired farmer and cattleman. He was a World War 1 veteran.

He is survived by one daughter, Mrs. Frances Shultz of Jennings; one son, Ernest R. Myers of Lake Arthur; three sisters, Mrs. Mae Theriot of Franklin, Mrs. Dolly Kuehling of Abbeville, and Mrs. Lena Cessac of Vidor, Texas; two brothers, Joe Mayard of Abbeville and Robert Mayard of Kaplan; six grandchildren, six great-grandchildren, and 12 great-great-grandchildren.

Three attend national show

Three Future Farmers of America students from Cameron parish are attending the North American Educational Livestock Exposition in Louisville, Ken. The students will return Nov. 18.

They were accompanied on the trip by Uland Guidry, FFA advisor at South Cameron high school.

Exhibiting in the lamb division are Christine Chesson, Grand Lake FFA and Todd Montie, South Cameron FFA. Brian Theriot of the South Cameron FFA will exhibit in the hog division.

Program announced

The Agricultural Stabilization and Conservation Service (ASCS) will administer a new livestock feed program for Calcasieu and Cameron parish livestock feed producers.

According to Kirk D. Moore, County Executive Director for Calcasieu and Cameron, the new provisions of the emergency feed program are effective now and are authorized by the Food and Agriculture Act of 1977 recently signed by the President. This is an ongoing program and will be available for livestock producers when needed.

Mr. Moore explained that in order to be eligible, a livestock producer must have suffered at least a 40 percent loss of the total livestock feed normally produced on the owners farm or farms. For program purposes, the total livestock feed normally produced includes grain, hay and pasture.

The key to program eligibility is the loss of at least 40 percent of total livestock feed normally produced Mr. Moore said. The loss must have been caused by a natural disaster such as flood, hurricane, drought, storm or other disaster that may affect an area. In addition, the producer must not have sufficient feed for eligible livestock and will have to make purchases in quantities larger than normal.

Eligible producers may be reimbursed for up to 50 percent of the cost of feed pruchased for eligible livestock, not to exceed 2 cents per pound of feed grain equivalent Mr. Moore said.

The Calcasieu and Cameron parish ASC county committees will determine individual producer eligibility on a case-by-case basis.

In previous years ASCS administered a similar emergency feed program for the Federal Disaster Assistance Administration.

Rodeo

A Little Britches Rodeo will be held at the Don Manuel Arena in Gillis Saturday, Nov. 19, at 2 p. m. as a benefit for Sam Houston Rodeo Club.

For more information contact Sis Penny at 789-8142, or write Rt. 1, Box 97-B, DeQuincy, La. 70633.

Drive held for mental health

A total of $191.30 was raised in Hackberry and $104.70 was raised in Grand Chenier during the October "Bellringer" fund drive for the Mental Health Association in Louisiana.

Bellringer workers conducted the fund raising effort on a house-to-house basis. Proceeds from the drive will be used by the non-profit, statewide organization in its work to improve conditions for the mentally ill and to promote sound mental health.

Bernadette Silver was the chairman in Hackberry and Robert Manuel was the chairman for Grand Chenier.

Conner heads LISA drive

Ray Conner has been selected to serve as chairman for Cameron Parish during the November membership drive of the Louisiana Intracoastal Seaway Association.

Conner, a resident of Creole, is self-employed oil field contractor and owner and operator of the Tarpon Freezo. He is also a Cameron parish police juror.

LISA is an association of south Louisiana individuals, businesses and organizations joined together to support a multi-purpose water management program for coastal Louisiana between Bayou Lafourche and the Sabine River.

"Anyone in Cameron Parish who is concerned about the development of water resources, water-based recreation and the coastal environment is encouraged to join LISA. The LISA slogan 'Prosperity Goes Where the Water Flows' should have a special meaning for all of the people of this parish", Conner said.

Annual LISA membership dues are $10 or more for individuals and $50 or more for businesses or organizations. Persons interested in joining LISA are urged to contact Conner at 542-4222.

Shari Beard

Shari third

Shari Beard of the Grand Lake Senior 4-H Club recently represented Cameron Parish in the Rice Cookery Demonstration at the International Rice Festival in Crowley. She was a third place winner and received a silver tray and rossett. Shari was first place winner in the parish contest.

GRAND LAKE-SWEETLAKE

More on what Lake folks are doing

By AGNES HEBERT

The only school age children to be seen in the mall last Friday were the ones from Cameron Parish. Calcasieu did not observe Nov. 11-Veterans Day-as a school holiday.

Observed School Board President Mervyn Taylor enjoying some of the delicious seafood at the Crab Palace. Mervyn sells insurance for Farm Bureau in addition to his farming and school board duties.

Run by Mrs. Alice Gaspard and her family, The Crab Palace attracts many business executives looking for homestyle cooking. The restaurant was opened by her husband Glynn shortly before his death. Glynn and his boys caught their own fresh seafood.

HOUSEWARMING

After a gospel singing practice session in their new house, Stella and Tommy Broussard were surprised with a housewarming by friends and neighbors.

Saturday was a gorgeous fall day-perfect for a wedding. Rhonda Levine and Pete Nash pledged their vows in Our Lady Queen of Heaven Church which was designed to intergrate the outdoor setting with the interior by means of glass walls.

At the reception held at the Belmont, we renewed acquaintance with Dr. Tony Byles of McNeese and his lovely wife who is co-owner and operator of the Second Hand Prose.

Received a call from Patrick Hebert, eldest son of the Martin Heberts who run Hebert's Fish Camp and boat launching. Pat's been in the service for several years now and has approximately eight months left to serve. His wife Gail and their young son will make their home at the camp with her parents Dee and John Chagois for the time being.

Time slipped up on me-Evie Hebert called to remind me that her son Jody graduated from high school last spring and Kevin is a senior this year. Their daughter Debbie graduated Magna Cum Laude from the University of Toledo and is employed in Ohio.

SATSUMAS SCARCE

Satsumas are scarce this season. Dewey Hebert lost all his trees in last year's frost. Dupree Guidry's orchard was hard hit too. Noble Theriot and Mac Broussard have some out for sale.

Struggling with two weeks growth of beard is Lonnie Primeaux who says he's not sure he can stand it until Christmas which is the deadline he sets for himself.

If you'd like something unusual for a special little girl for Christmas, call or see Mrs. Harold Broussard. She is making the old fashioned Pariesene dolls for special orders. Sue brought one doll dressed in vivid purple velvet to show at Speedi-Tote.

ART EXHIBITS

Several ladies from this community had exhibits at the arts and crafts show at the Civic Center. Daro Gibbs, Donna Verzwyvelt and Lee Granger, Petey LaBove and Eva Faulk were some of the local talent represented.

Browsing around and getting in some Christmas shopping were Mrs. George Greathouse and her daughter Annette who was visiting from Houston. They were enchanted with the hand-crocheted baby articles and came away with some wee things for Irene and Wendell Greathouse who are infanticipating. Also taking in the show were Alcia and Tammy Trahan.

BETH'S TRIP

All excited about her fantastic trip to the National Livestock Show in Kansas City, Missouri is Beth Greathouse. She represented her state as La. Jr. Hereford Queen and placed in the top 5 in the nation. She qualified in the Nat'l Public Speaking Contest by placing 1st in La. and took part in a Cajun Skit at the national meet. Beth traveled with her Uncle Vernon McCain, whose children Maureen and Curt also represented their state in livestock competition.

The rewards of writing this column are the telephone and in-person visits I've received. The loveliest phone visit from Bernice Greathouse telling me how much she's enjoying the paper, especially since she is home bound caring for her mother Mrs. Mimi McCain. Bonnie remembers how happy her Uncle Steve Hebert was when she sent him the Cameron Pilot before his death several years ago. He was a judge in Cuero, Texas for many years and his wife, secretary in his law office, enjoyed the paper also.

NEW PARENTS

New parents since last April are Darlene and Donald Sistrunk. Darlene's parents are Effie and Curtis McCain formerly of Grand Lake. Donald is the son of Gloria and Marshall Sistrunk who stayed at Booster and Eloise Hebert's trailer park before moving to Moss Bluff. Both of these young people attended Grand Lake high school.

A young lady very much into real estate is Gail LeJeune who is with Suburban Agency, Moss Bluff branch. Gail is the daughter of the former Beulah Hebert and the late Simmie Devall, Jr. Her husband Arnold is also a native of Big Lake. His parents were the late Mr. Gabriel LeJeune and his wife, Mrs. LeJeune lives in Lake Charles in the lovely home Mr. Gabe built for them shortly before his death. The LeJeunes still have ties with the Big Lake Gospel Tabernacle where Gail has served as organist for some time.

NAME DROPPERS

Don't accuse me of being a name dropper--after all--I haven't told about attending the wedding and reception in the Governor's Mansion of Jenny Manuel and Gov. Edward's son, David--did I? But I must mention Sue McCardell. Would you believe this-she reads the Pilot but not the Grand Lake News and she lives just up the road from Boone's Corner. Sue is the daughter of Man and Ezora Nunez. Her lovely sister Bobbie Primeaux and her family live in Creole and are in the paper often. So now it's Sue's turn. Sure hope she sees it.

JUROR'S FATHER DIES

Our police juror Ernest Myers has lost both parents in a short time. Sincere condolences to his family for this most recent bereavement with the death of his father.

We have our Hornet Bus back home but recovery seems to be slow and we're still not certain whether the illness is terminal or not.

Change made by church in Communion

The Vatican Congregation for the Sacraments and Divine Worship has granted permission for American Roman Catholics to be able to receive Communion in the hand beginning Nov. 20. 1977.

Actually this is not a new way, but a renewed way. Taking the Host in the hand was the traditional practice in the early Church. It is practiced today in over 50 countries. Now Catholics in the United States have the choice of receiving the Host in their hand or on their tongue as they have done before.

Anyone with a good bedside manner and no fee is welcome to offer a diagnosis.

DOUBLE MEANING — To a banker "NSF" is one thing, but to a public health official it means something quite different.

COUNTY AGENT'S REPORT

By CLIFFORD MYERS

Now that this year's plant and livestock production is coming to a close, it is time to reflect back on the problems that occur and make plans to try to avoid it from happening again. It may have been malnutrition, insect, disease, parasites, too much or not enough mositure, wrong variety, etc.

If you had problems with plants and/or livestock and need help in identifying it and also how to correct it please do not hesitate to let me know regardless how small or large it may seem. If I do not know the answer to the problem, I know where I can get it.

Fertilizer costs have increased much over the past few years, so you want to make the best use of your fertilizer dollar. One of the best ways to do this is to know the fertility status of your soil, and the best tool for this is the soil test.

The fall months make an ideal time for taking soil samples. the soil analysis will indicate the level of nutrients in the soil. From this analysis a fertilizer recommendation can be made by fitting the fertilizer needs to the crop to be grown on that field. This will help insure a good crop at the lowest possible fertilizer cost.

For example: if the test shows adequate levels of phosphate and/or potash, these can be left out of your fertility program thereby, reducing the fertilizer cost and perhaps more important keeping the minor elements from becoming unavailable due to excess major elements.

Other important aspects of the soil test are soil ph and lime requirement. If the ph of the soil is low, the availability of phosphorus, calcium and magnesium can be greatly reduced. Liming and acid soil will increase the amount of these elements available for the crop or plant being grown.

Do not apply lime to a soil without first having a soil test. A soil test will reveal how much and what kind of lime to use if needed. If possible, the lime should be incorporated 3 or 4 inches deep in the soil. It will take about 6 months for the lime-soil reaction to occur provided it is incorporated in the soil.

Work shop set

A handicraft work shop has been scheduled for Saturday, Nov. 19, for members enrolled in 4-H Handicraft project.

This will be held at Karo Krafts Shop in Sweetlake, from 9:30 a. m. to 2 p. m.

Carolyn Gibbs, owner of Karo Krafts Shop will be displaying items for each of the handicraft categoraies for Achievement Day, according to Gary Wicke, Assistant County Agent.

Children go to businesses

Children from Joy's Day Care Center participated in a Halloween "Trick or Treat" to some local business places in Cameron.

By this means they would like to express their appreciation to the Cameron Parish Library, Cameron State Bank, Coastal Foods, Daniels Welding Service, Cameron Insurance who graciously served the children with numerous treats on Halloween.

Chew some dry coffee while holding your nose and you won't taste anything. But take a breath and you will. That's because what you're "tasting" is really an aroma.

GRAND CHENIER

Severin Miller has big birthday party

Mr. and Mrs. Charlie Theriot celebrated the 87th birthday of Severin Miller Sunday at their home with a barbecue. Approximately fifty people helped Mr. Miller enjoy his day. Among them were Mr. and Mrs. Darvin DeLoach of Lake Charles.

The family of Mrs. Emare Theriot of Chenier Perdu celebrated Mrs. Theriot's 89th birthday Sunday with a dinner. There were about 100 friends and family attending.

Out of town relatives were Mrs. Clarise Novell of Beaumont, Tex., Mrs. Matilda Wallace, Mrs. Ezora Rainstraw and Joyce Rainstraw, Nederland, Tex.; M. D. Miller, Jennings.

Mr. and Mrs. Wilson Swire celebrated the birthday of their son Dale who was 12 years old on November 13.

Games were played and prizes won by Patricia Swire, Anthony Swire and Orellia Abshire.

Senior citizens to meet Sun.

The monthly fellowship program of the Cameron Parish Senior Citizens will be held on Sunday, Nov. 20, from 6 to 8 p. m. in the Family Center of the Cameron Catholic church.

All senior citizens 60 years and over and their spouses are invited to attend and enjoy the fellowship and entertainment.

Door prizes will be awarded and birthdays of the month celebrated.

The oldest member present will be presented with a loving cup to keep until the next meeting and refershments will be served.

The program is sponsored by the Cameron United Methodist Women and the Catholic Daughters of America, Cameron Court No. 1896.

Activities are set by club

An officers meeting was held by the South Cameron High Sr. 4-H club to discuss two of the club's upcoming activities.

Discussed was the possibility of a float in the Fur festival parade. The group agreed to enter one and a committee was appointed to make the plans.

Also discussed were plans for hosting of parish Achievement Day in April.

Jerry Soileau honored on his retirement

An employee sponsored dinner was served at the K. of C. Hall in Creole Oct. 26 honoring Linton Jerry Soileau on his retirement from Continental Oil Company in Grand Chenier.

Mr. Soileau worked for Conoco for 33 years at various locations in Louisiana. His last six years were at the Grand Chenier Gas Processing Plant.

Honoring Mr. and Mrs. Soileau were six of their seven daughters and three son-in-laws. Also in attendance were employers from Houston and Port Arthur, Texas, Jennings and Lake Charles and local fellow workers and their wives. He was presented a B. and D. work bench and a hunting knife. Mrs. Soileau was presented a rod and reel.

Mr. and Mrs. Soileau will return to their home in Ville Platte. They plan to enjoy their 20 grandchildren, 3 great-grandchildren, do gardening, fishing, hunting, maybe a little carpenter work and most of all enjoy their retirement.

New library books

New books at the Cameron parish library include:

FICTION

Trans-Siberian Express. Adler. The 6,000 mile route of the world's longest, most exotic railway is the setting for this powerful and enthralling tale, which reveals a diverse cast of characters in the tense atmosphere of a speeding train.

Devil On Horseback. Hold. A wonderfully full and rich novel of romantic suspense, brimming with fascinating characters set against the exciting background of revolutionary France and eighteenth century England.

Second Deadly Sin. Sanders. In a jungle of human passions, dominated by the greed for wealth, beauty, power, or prestige, Chief Delaney sets out the one person whose avarice has resulted in the murder of a brilliant artist.

Michaelmas. Bodrys. A fine science-fiction novel about an electronics genius who plants hidden computer links into the world's data banks.

Lament For A Lost Lover. Carr. In the era of Cromwell and the Stuart Restoration, Arabella Tolworthy's loves and destiny are inextricably linked to the plight of her nation.

NON-FICTION

Whatta-Gal. Johnson and Williamson. The Babe Didrikson story.

Stroke. Dahlberg and Jaffe. A doctor's personal story of his recovery.

The Craft Of Macrame. Bress. Happy knotting!

Richard And Elizabeth. David and Robbins. The impetuous and passionate relationship of Liz Taylor and Richard Burton.

To Challenge A Distant Sea. Tazelaar and Bussiere. The life and voyages of Jean Gau, who sailed alone more than any other man.

Rt. 1, Cameron

By MRS. GEORGE NUNEZ

Mr. and Mrs. Leonard King Jr. are the parents of a boy. Kevin Eugene, born Nov. 10. He weighed 7 lbs. 4 oz. He was welcomed by two brothers Gerald Wayne and Leonard Troy.

Grandparents are Leonard King, of Lake Charles; Mrs. Virgie Trahan of Cameron.

Great-grandparents are George Pecard of Lake Charles and Mr. and Mrs. Pierre Savoie of here.

PARTY

A sales party was held recently in the home of Mrs. Guidry Savoie.

Mr. and Mrs. Brown Watts spent the weekend in New Iberia with Mr. and Mrs. Butch Watts, Bryan and Gannon.

Mr. and Mrs. Frank Hooper and Debbie, Mr. and Mrs. Waybern LaBove of Big Lake spent Friday of last week with Mrs. Elray LaBove. Sunday Buster LaBove of Beaumont and Darla Hooper and Wesley Trahan of Big Lake spent the day with Mrs. LaBove.

Mrs. Floyd Trahan of Groves spent Sunday with Mrs. Gladys Trahan and Joe. and the George Nunezes. Also spending the weekend with Margie Kelly and the Nunezes were Mr. and Mrs. Gerald Nunez and Timothy of Vinton.

CONGRATULATIONS

Mrs. Edith Trahan was married to Utah Roland Robbins, Nov. 2.

Mrs. Cleo Vallet of Carlyss visited Mr. and Mrs. Pierre Savoie, and other relatives last week.

Mrs. Bud Murphy spent Sunday night in Carlyss with Mrs. Cleo Vallett.

Mr. and Mrs. Al Guillory of Lake Charles spent Saturday with Mr. and Mrs. Nosta Premeaux and Sonny Boy.

Get well wishes to Mrs. Myrtle Savoie who is very ill in St. Pat's hospital. Also to little Jerry Jones, son of Mr. and Mrs. Roy Jones who had surgery in St. Pat's hospital last week. He is home and doing fine.

Black News

By MRS. LEE J. HARRISON

The Ebenezer Baptist Usher Board will hold its annual celebration Sunday, Nov. 20.

Theme for the occasion is "The Church Usher as God's Steward."

A program will be presented in the 2:30 p. m. services with David Lute, Sr. as master of ceremonies. Highlights are as follows: Welcome Address, David Lute, Jr.; Response, Mrs. Alma Pete of Lake Charles. Development of the Theme, Mrs. Eula Bartie; solo, Mrs. Wanita Harrison; selection by the Greater St. Mary Church Choir of Lake Charles.

Rev. Frank Fondel, also a well-known organist and singer will preach the celebration sermon in the p. m. services.

Refreshments will be served in the church dining room.

The pastor and the usher board invite everyone to join in the celebration.

ATTEND MEETING

Mrs. Wanita Harrison and Mrs. Mary Cockrell attended the regional meeting of Esther Grand Chapter O. E. S. in Lafayette, Saturday. Star of Lafayette #70 was host chapter to subordinate chapters of districts four, five six and seven.

Mrs. Harrison, worthy matron, and Mrs. Cockrell, secretary, represented Gulf Coast Chapter #143 of Cameron.

Mrs. Susie LaSalle attended the appreciation services for Rev. H. C. Allison at Mt. Calvary Baptist Church in Lake Charles, Sunday. Guest speaker for the a. m. services was Rev. Roland Mouton of Houston, Texas.

Bryant Bartie visited Mr. and Mrs. William Turner in Baton Rouge for the weekend. They accompanied him home Saturday.

Mrs. Mary Cockrell and Drusilla and Mrs. Wanita Harrison visited Carol Cockrell and Dexter Harrison at USL Saturday.

Charlie Davis and Mrs. Lucy Brown are recuperating in St. Patrick's Hospital in Lake Charles.

Mrs. Hebert to be rep.

Caroline Hebert will represent the Cameron Pilot for Johnson Bayou and Holly Beach on Sat., Nov. 19, at a public relations workshop sponsored by the West Deanery Pastoral Council.

She was invited to attend the workshop by Rev. Edward Brunnert, M. S. of St. Peter the Apostle Church. It will be held at Our Lady Queen of Heaven School in Lake Charles.

Representatives of The Morning Star and the Lake Charles American Press will be present to give information.

NOTICE OF PUBLIC HEARING

A Public Hearing will be held at 1:00 p. m. on Tuesday, November 29, 1977 in the Contraband Room of the Lake Charles Civic Center in Lake Charles, Louisiana.

This Public Hearing will be held in accordance with Act 334 of the 1974 regular session of the Louisiana Legislature and conducted by the Joint Legislative Committee on Transportation, Highways and Public Works.

The purpose of this Public Hearing is to review Highway Construction priorities for the fiscal year 1978-79 for the parishes of Allen, Beauregard, Calcasieu, Cameron, Evangeline and Jefferson Davis which comprise Highway District 07 based upon the project priorities established by the Highway needs analysis. The Highway needs and priority study was to determine the estimated cost of improving state maintained roads in Louisiana which do not meet a specified minimum tolerable condition for a particular functional class. Act 334 provides for a firm priority listing of the first ensuing year (1978-79) and tentative priorities for each subsequent year through 1983. This provides advice on the status of highway projects comtemplated or under preparation.

Copies of the "Louisiana Proposed Construction Program, Fiscal Year 1978-79," and Highway Needs Summary, District are available for review by interested persons at the Office of Highways District 07 Engineers Office at U. S. Highway 90 East, Lake Charles, Louisiana and also at the Louisiana Department of Transportation & Development Headquarters Building, 1201 Capitol Access Road, Baton Rouge, Louisiana, Room 476.

All interested persons are invited to be present at the above time and place for the purpose of becoming fully acquainted with the proposed program and will be afforded an opportunity to express their views.

Oral testimony will be received; however, in order that all persons desiring to make as statement have an equal opportunity to do so, it is requested that every effort be made to complete individual testimony in as short a period of time as possible. Oral testimony may be supplemented by presenting important facts and documentation in writing. Your cooperation and assistance will be appreciated.

Written statements will be accepted for a period of ten (10) calendar days following this hearing and should be addressed to Joint Legislative Committee on Transportation; Highways and Public Works: Louisiana Legislative Council; Box 44012, Capitol Station; Baton Rouge, Louisiana 70804.

PROCEEDINGS
CAMERON PARISH POLICE JURY
October 4, 1977

The Cameron Parish Police Jury met in regular session on Tuesday, October 4, 1977 at the Police Jury Government Building at 10:00 A. M. in the Village of Cameron, Louisiana. Members present were: Mr. Roland J. Trosclair, Jr., Mr. Archie Berwick, Mr. Ernest R. Myers, Mr. Lester Richard, Jr., Mr. Willie Ray Conner and Mr. Kenneth Ducote. There were no members absent.

It was moved by Mr. Berwick, seconded by Mr. Commer and carried, that the reading of the minutes of the previous meeting be dispensed with.

It was moved by Mr. Conner, seconded by Mr. Richard and carried, that the following applications for permits, be and the same are hereby approved:

a. Union Oil of California to lay a two inch flowline from Yount Lee Well No. 45D to Yount Lee Well No. 48, Sweet Lake Field, Cameron Parish, Louisiana.

b. Petro-Lewis Corporation to install and maintain a 4½ inch petroleum products pipeline about 5.0 miles northeasterly from Cameron, Louisiana.

c. Cameron Offshore Services, Inc.-to construct and or revise wharf on Calcasieu River, Cameron Parish, Louisiana, Approved Permit LMNOD-SP

d. Union Oil Company of California-to move marlin Drilling Company's drilling rig Marlin No. 7 on location to drill OCS-G-2566 Well No. 3, East Cameron Block 347, Offshore, Louisiana.

e. Pel-Tex Oil Company, Inc.-to dredge an oilfield canal and slip in connection with Walker Properties #1, Lakeside Field, Cameron Parish, Louisiana.

f. Amoco Production Company-to prepare location and drill F. J. Pavell "E" Well No. 1, Cameron Parish, Louisiana.

g. Exchange Oil & Gas Corporation-to prepare and maintain location in connection with Cameron Meadows Land Company Well Nos. 54 and 55, Section 21, Township 14 South, Range 13 West, Cameron Parish, Louisiana.

h. Continental Oil Company-to install firewater pump stand at Conoco's Gibbstown Terminal.

i. Lynal, Inc.-to drill Margie Nunez Dimas, et al, No. 1 Test Well, West Creole Area, approved subject to applicant furnishing this body with roadway construction permit.

j. Kerr-McGee Corporation-for proposed work in connection with OCS G-3512, Block 443, West Cameron Area, this approval in no way to be considered as "Blanket Permit" approval.

It was moved by Mr. Berwick, seconded by Mr. Conner and carried, that the request, for the removal of the voting box and Civil Defense Headquarters from the Grand Chenier School and the Johnson Bayou School to their respective recreation centers, by the Cameron Parish School Board, be and the same is hereby concurred with.

In response to an advertisement for bids published in the official journal for the purchase of clam and/or reef shell, the following bids were received and tabulated:

BIDDER	AMOUNT
Radcliff Materials, Inc.	$5.15 per Cu. Yd. Reef Shell
	$6.70 per Cu. Yd. Clam Shell
Harvey Industries, Inc.	$8.15 per Cu. Yd. Clam Shell
McDaniel Welding, Inc.	$5.50 per Cu. Yd. Reef Shell
Roy Bailey Contractor, Inc.	$5.08 per Cu. Yd. Reef Shell (Delivered at Cameron)
	$6.08 per Cu. Yd. Reef Shell (Delivered at Grand Chenier, Louisiana)

Considering the bid of Roy Bailey Contractor, Inc. to be the lowest responsibility for delivery of 4,500 cubic yards of reef shell at Cameron, Louisiana at $5.08 per cubic yard and 1,500 cubic yards reef shell delivered at Grand Chenier, Louisiana at $6.08 per cubic yard, including unloading, it was moved by Mr. Ducote, seconded by Mr. Conner and carried, that said bid be and the same is hereby accepted. Also, considering the bid of Radcliff Materials, Inc. to be the lowest responsibility for delivery of 1,500 cubic yards clam shell delivered at Hackberry, Louisiana at $6.70 per cubic yard and 1,500 cubic yards clam shell delivered at Big Lake Community at $6.70 per cubic yard, including unloading, it was moved by Mr. Ducote, seconded by Mr. Conner and carried, that said bid be and the same is hereby approved.

It was moved by Mr. Conner, seconded by Mr. Richard and carried, that the following applications for building permits, be and the same are hereby approved.

a. Tommie & Judith Taylor-Ward 4
b. Thomas G. Clement-Ward 2

It was moved by Mr. Trosclair, seconded by Mr. Berwick and carried, that the building application of C. A. Miller for construction of three (3) homes in Miller Manor, be and the same are hereby denied awaiting consultation with Federal Insurance Administration.

It was moved by Mr. Conner, seconded by Mr. Trosclair and carried, that the secretary is authorized to advertise the intention of this body to abandon the following described road right-of-way:

The east 371.44 feet of a 60' right-of-way owned by Mrs. Alex LaBove in Section 36, Township 14 South, Range 8 West, Cameron Parish, Louisiana.

It was moved by Mr. Richard, seconded by Mr. Conner and carried, that Whitney Bacciagalopi, be and he is hereby appointed as a member of the Cameron Parish Mosquito Abatement District No. 1, Board of Commissioners, replacing Pat Doland, resigned.

It was moved by Mr. Trosclair, seconded by Mr. Berwick and carried, that Donald Bronussard, Clifford Jinks and Howard Cox, be and they are hereby reappointed as members of the Board of Commissioners for West Cameron Port, Harbor & Terminal District.

It was moved by Mr. Conner, seconded by Mr. Berwick and carried, that J. T. Primeaux, be and he is here by appointed as a member of the Board of Commissioners for the Cameron Parish Housing Authority, replacing Joe O'Donnell, resigned.

It was moved by Mr. Berwick, seconded by Mr. Conner and carried, that Paul Gerald Touchet, be and he is hereby reappointed as a member of the Board of Commissioners for Johnson Bayou Recreation District.

It was moved by Mr. Berwick, seconded by Mr. Conner and carried, that Mrs. Charles Hebert and Mrs. Georgie McRight, be and they are hereby reappointed and appointed, respectfully, as members of the Cameron Parish Library Board of Control.

It was moved by Mr. Trosclair, seconded by Mr. Conner and carried, that parish engineer is hereby authorized, empowered and directed to obtain possible cost for the striping of some parish roads in Cameron Parish, Louisiana.

It was moved by Mr. Ducote, seconded by Mr. Conner and carried, that Stanford Miller, be and he is hereby appointed as a member of the Board of Commissioners for Cameron Parish Waterworks District No. 2, replacing Kenneth Ducote, resigned.

It was moved by Mr. Berwick, seconded by Mr. Conner and carried, that the secretary is hereby authorized, empowered and directed to readvertise for bids for the construction of a 60' x 40' metal building for Ward 2.

It was moved by Mr. Trosclair, seconded by Mr. Richard and carried, that the road right-of-way filed under COB 151507, Lorena Richard and Andy Oliver and 151558, Ida Castille, Re Records of Cameron Parish, be and the same are hereby accepted.

It was moved by Mr. Trosclair, seconded by Mr. Richard and carried, that the following procedure will be adhered to regarding possible acceptance of any road rights-of-way:

1. Survey of proposed road right-of-way must be furnished to the Police Jury, by owner of property.

2. Fully executed instrument must be attached to plat of survey.

3. Proposed right-of-way must be in compliance with construction standards set for all parish roads.

4. Right-of-ways will be submitted to the Cameron Parish Police Jury upon recommendation of the parishwide road superintendent and the parish engineer.

It was moved by Mr. Berwick, seconded by Mr. Ducote and carried, that the secretary is authorized, empowered and directed to advertise the intention of this body to alter the stock law which presently exist in Ward 5 and hear any objections at it's next regularly scheduled meeting.

It was moved by Mr. Berwick, seconded by Mr. Myers and carried, that the following building permits, be and the same are hereby approved:

a. Larry J. Bourgeois-Ward 4
b. Cameron State Bank-Ward 3
c. Cameron Parish School Board-Ward 3
d. Robert B. Steinmetz-Ward 3
e. Thomas Brown-Ward 3

It was moved by Mr. Berwick, seconded by Mr. Myers and carried, that the following application for a mobile home permit, be and the same is hereby approved.

a. Thomas DeBarge-Ward 3

It was moved by Mr. Trosclair, seconded by Mr. Berwick and carried, that C. A. Rogers, be and he is hereby reappointed as a member of the Cameron Parish West Cameron Port, Harbor & Terminal District.

It was moved by Mr. Conner, seconded by Mr. Berwick and carried, that the contract for Project No. 1977-05 (Wakefield Road Emergency Repair Work), in Ward 3, Cameron Parish, Louisiana, between the Cameron Parish Police Jury on the one hand and Roy Bailey, Contractors, Inc., Contractor, recorded under File No. 151474, Records of Cameron Parish, Louisiana, shall accept as complete and satisfactory and the Secretary shall cause the necessary advertisement for the claims to be made in the manner and dorm provided by Law.

It was moved by Mr. Ducote, seconded by Mr. Trosclair and carried, that the road right-of-way in Island Subdivision given by E. C. Hunt, Jr. and David Painter, filed under File No. 151818, Records of Cameron Parish, be and the same is hereby approved, as said road surface meets with conditions setforth by the Cameron Parish Police Jury, that being the road would consist of a layer of shell furnished by property owners.

It was moved by Mr. Berwick, seconded by Mr. Conner and carried, that the engineer contract between the firm of Hackett and Bailey and Lonnie G. Harper, P. E., for engineering services to be rendered to Cameron Parish Fire Protection District No. 10, be and the same is hereby accepted, a copy of which is attached hereto and made a part hereof, marked Exhibit "A".

There being no further business, and upon motion of Mr. Ducote, seconded by Mr. Myers, the meeting was declared adjourned.

APPROVED:
/s/ Roland J. Trosclair, Jr.
PRESIDENT, CAMERON PARISH POLICE JURY

EXHIBIT "A"

AGREEMENT

THIS AGREEMENT made as of the 4th day of October in the year Nineteen Hundred and Seventy-Seven (1977), by and between FIRE PROTECTION DISTRICT NO. 10 OF CAMERON PARISH, LOUISIANA, hereinafter called the owner, and Hackett & Bailey, Architects and Civil Engineers, and Lonnie G. Harper, Civil Engineer, hereinafter called the Engineer.

WITNESSETH, that whereas the Owner intends to construct the Holly Beach Johnson Bayou Water and Fire Protection Systems in FIRE PROTECTION DISTRICT NO. 10, cameron ERON PARISH, LOUISIANA, hereinafter called the Project.

NOW, THEREFORE, the Owner and the Engineer for the considerations hereinafter set forth agree as follows:

I. The Engineer agrees to perform professional services for the above Project as hereinafter set forth.

II. The Owner agrees to pay the Engineer as compensation for his services:

1) For his basic services eight percent (8 percent) of the Project Construction cost, hereinafter referred to as the Basic Rate for making all preliminary feasibility surveys, cost estimates, preparing Engineering plans, specifications, general engineering inspection of construction and preparing estimates for work completed, for the work to be let under contract.

After the Plans and Specifications are prepared and same have been approved by the appropriate approving and regulatory agencies, the ENGINEER shall assist the OWNER in advertising for construction bids for the Project.

The ENGINEER will attend the bid opening and tabulate the bid proposals, make an analysis of the bids, and make recommendations on the award of construction contracts.

Assist the OWNER in the preparation of formal contract documents for the award of contracts and secure approval of contracts from the Federal and State Agencies.

The ENGINEER shall provide engineering inspection of construction to check the Contractor's work for general compliance with the drawings and specifications and shall endeavor to protect the OWNER against defects and deficiencies in the work of the Contractor, but he does not guarantee the Contractor's performance. The ENGINEER'S general inspection shall not include furnishing a full-time resident inspector but shall include the following services:

a) Additional Instruction: The ENGINEER shall issue such additional instructions to the Contractor as may be necessary to interpret drawings and specifications or to illustrate changes required in the Contractor's work.

b) Contractor's Submittals: The ENGINEER shall check shop drawings, samples, equipment, approval data, and other data submitted by the Contractor for compliance with the drawings and specifications.

c) Visits to the Site: The ENGINEER shall make periodic inspections at the site to check the Contractor's work for general compliance with the Contract Documents and to determine the extent of work completed for checking of Contractor's request for payment.

d) Record Drawings: The ENGINEER shall prepare record drawings showing changes in the work authorized during construction and shall submit a set of reproducibles for the OWNER.

e) Observe initial operation of the Project, or of performance tests required by specifications.

2) The owner agrees to pay the Engineer reimbursables for expense which includes actual expenditures made by the Engineer in the interest of the Project for the following icidental expenses:

a) Expense of transportation and living of principals and employees when traveling in connection with the Project outside of Cameron Parish; long distance calls and telegrams.

3) Special service that will be negotiated by the Engineer acting in behalf of the Owner are as follows:

a) Soil investigations - including test borings, related analysis, and recommendations.

b) Detailed mill, shop and/or laboratory inspection of materials and equipment.

These special services shall be paid for by the Owner.

4) Special services that will be performed by the Engineer for which the Owner shall pay actual cost are as follows:

a) Land Surveys, establishment of boundaries and monuments, and related office computations and drafting.

b) Field surveys and plats for land acquisition.

c) Detailed Environmental Assessment Report of the area affected by the Project.

d) Supervising the replacement of all or such parts of the Project as may be damaged by fire or other cause furing construction; assisting the OWNER in arranging for continuation of the work should the Contractor default for any reason; and providing inspection of construction over an extended period should the construction contract time be extended by more than 25 percent not occasional by fault of the ENGINEER.

e) Assistance to the Owner as expert witness in letigation rising from the development of construction of the Project and in hearing before various approving, regulatory agencies.

f) The Engineer shall furnish a full-time "Resident Inspector", who will be responsible for keeping records of deliveries of materials, keeping complete "Daily Diary" and "Weather and Working Day Report", providing final site selection for line and structure locations and determination of service locations. The Owner agrees to pay the Engineer one percent (1 percent) of the Construction Contract Cost as compensation. This compensation will be payable as follows:

a) Ninety percent (90 percent) of the total compensation payable periodically during construction period in accordance with the percentage of completion of work by the Contractor, as established by periodic estimates.

b) Ten percent (10 percent) of the total compensation upon final approval of the Project by the Owner and completion by the Engineer of all the requirements of the Contract.

III. The parties hereto further agree to the following conditions:

1) The Owner, at his own expense, shall secure and acquire any and all rights of way necessary for the construction and shall provide for any removal, relocation and/or rearrangement of utilities, either publicly owned or privately owned, that may be necessary for the account of the construction of this Project.

2) Upon securing by the Owner of any right of way, and approval from the Owner of the Plans Specifications, and Estimates for the work, the Owner shall advertise for and receive bids for the work to be performed by the unit price contract method. Upon receipt of the bids and tabulation of same by the Engineer, the Owner shall award and enter into a contract with the lowest responsible bidder. The Engineer will then issue the Contractor with the authority to commence work.

3) The Owner shall pay the cost of preparation of plans and specifications, construction and construction supervision. Payments will be made as follows:

a) To the Contractor on progress and/or final estimates as payments become due under this contract, and shall be based on and evidenced by the certified copies of such estimates prepared by the Engineer for the Owner.

b) To the Engineer fees totaling eight percent (8 percent) of the final construction contract cost. Payments to the Engineer will be made as follows:

When the construction contract plans and specifications for the Project have been completed and approved by the Owner, a sum equal to five percent (5 percent) of a reasonable estimate of the contract cost of the Project, said fee to be based upon an estimate prepared by the Engineer and approved by the Owner.

When the work of construction inspection and the Project has been completed, a sum equal to three percent (3 percent) of the actual contract cost of the Project, exclusive of property damage, rights of way costs, and costs of engineering provided however, that at the request of the Engineer partial payments as hereinafter provided may be made to the Engineer for inspection services as the contractor is paid for construction and provided further, that upon completion of all work, the total fee paid to the Engineer for preparation of plans and specifications and general engineering inspection shall total eight percent (8 percent) of the actual cost of the work, exclusive of property damage, rights of way cost and cost of engineering.

Should partial payments be requested by the Engineer for engineering inspection, the Owner and the Engineer each then stipulate that after construction work has been started as and construction progresses, assigns and legal representatives to the the Engineer shall submit a STATE- other party to this Agreement and to the MENT AND THE Owner shall make partners, successors, assigns and legal payments in an amount not representatives of such other party in to exceed two and one-half percent (2½ respect of all covenants of this Agreepercent) of the value of construction ment. Neither the Owner nor the completed during the preceeding month. Engineer shall assign, sublet, or transfer Upon completion of all work to be his interest in this Agreement without performed by the Engineer, final pay- written consent of the other.
ment shall be adjusted to make the total IN WITNESS WHEREOF, the parties
fee paid to the Engineer equal to eight hereto have caused these present to be
percent (8 percent) of the total actual executed by their respective officers
construction contract work as herein- thereunto duly authorized as of the day
before provided. and year first above written.

IV. Termination of Agreement:

This agreement may be terminated by either party upon seven days written notice should the other party fail substantially to perform in accordance with its terms through no fault of the other. In the event of termination due to the fault of others than the Engineer, the Engineer shall be paid for the services performed to termination date, including reimbursements then due, plus terminal expense.

V. Ownership of Documents:

Drawings and specifications as instruments of services are the property of the Engineer whether the Project for which they are made be executed or not. They are not to be used on other projects except by agreement in writing.

NOTICE OF PUBLICATION OF MINERAL RESOURCES ON BEHALF OF THE STATE MINERAL BOARD FOR THE STATE OF LOUISIANA BATON ROUGE, LOUISIANA (7082)

By virtue of and in conformity with the provisions of Title 30 of the Revised Statutes of 1950, as amended, sealed bids will be received in the Office of Mineral Resources of the State Land and Natural Resources Building, Baton Rouge, Louisiana, at 9:00 o'clock, 10:00 this day of December, 1977, at which time they will be opened and read aloud, for mine for and produce oil, gas and casinghead gas, gaseous or liquid hydrocarbon minerals, sulphur, and other minerals, on and under and beneath the bottoms described in Tract No. 14700 to Tract No. 14711, inclusive, at which time and date, the bids will be opened publicly in the State Land and Natural Resources Building, Capitol Complex, Baton Rouge, Louisiana. The descriptions of the tracts are more particularly set out below.

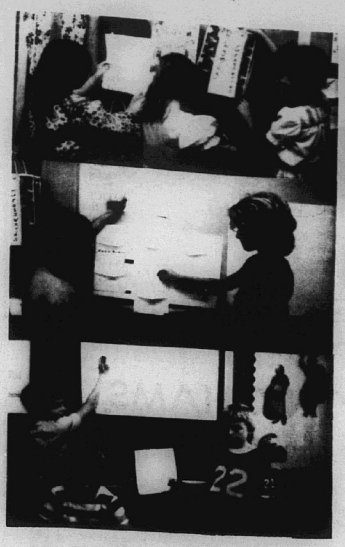
TRACT 14706 — Jefferson Davis, Vermilion, and Cameron Parishes, Louisiana — All of the lands now or formerly constituting the beds and bottoms of all water bodies and of every nature and description and all islands and other lands formed by accretion or reliction, except tax lands, owned by the State under mineral lease from the State of Louisiana dated September 27, 1977, situated in Jefferson Davis, Vermilion, and Cameron Parishes, Louisiana, within the following described boundaries: Beginning at a point having Lambert Plane Coordinates of X = 1,555,000.00 and Y = 509,000.00; thence South 9,000.00 feet; thence East 7,300.00 feet; thence North 14,000.00 feet; thence Southwesterly to the point of beginning, estimated to contain approximately 1,737 acres, as shown outlined in red on a plat on file in the Office of the Secretary, Department of Natural Resources. All bearings are based on Louisiana Lambert Plane Coordinate System (South Zone).

TRACT 14709 — Cameron Parish, Louisiana — All of the lands now or formerly constituting the beds and bottoms of all water bodies and of every nature and description and all islands and other lands formed by accretion or reliction, except tax lands, owned by the State under mineral lease from the State of Louisiana dated September 27, 1977, situated in Cameron Parish, Louisiana, within the following described boundaries: Beginning at the Southwest corner of State Lease No. 6895, having Lambert Plane Coordinates of X = 1,548,400.00 and Y = 469,582.78; thence North 5,117.22 feet to the Northwest corner of said State Lease No. 6895 in the Navigation Canal, having Lambert Plane Coordinates of X = 1,548,400.00 and Y = 474,700.00; thence West 4,000.00 feet to a point having Lambert Plane Coordinates of X = 1,544,400.00 and Y = 474,700.00; thence North 4,764.77 feet to a point having Lambert Plane Coordinates of X = 1,544,400.00 and Y = 479,464.818.01; thence North 4,764.77 feet to the point of beginning, estimated to contain approximately 700 acres, as shown outlined in red on a plat on file in the Office of the Secretary, Department of Natural Resources. All bearings are based on Louisiana Lambert Plane Coordinate System (South Zone).

TRACT 14710 — Cameron Parish, Louisiana — All of the lands now or formerly constituting the beds and bottoms of all water bodies and of every nature and description and all islands and other lands formed by accretion or reliction, except tax lands, owned by and not under mineral lease from the State of Louisiana on September 27, 1977, situated in Cameron Parish, Louisiana, within the following described boundaries. Beginning at the Southwest corner of State Lease No. 6895, having Lambert Plane Coordinates of X = 1,548,400.00 and Y = 469,582.78, thence South 88 degrees 21 minutes 47 seconds East 11,500.00 feet along the South line of said State Lease No. 6895 and an easterly extension thereof to a point having Lambert Plane Coordinates of X = 1,559,895.31 and Y = 469,254.27; thence South 4,434.73 feet to a point having Lambert Plane Coordinates of X = 1,559,895.31 and Y = 464,818.01; thence West 11,495.31 feet to the Northeast corner of State Lease No. 6958, having Lambert Plane Coordinates of X = 1,553,769.76 and Y = 464,818.01; thence West 5,140.00 feet along the North Line of said State Lease No. 6958 to the Northwest corner of said State Lease No. 6958, having Lambert Plane Coordinates of X = 1,548,629.76 and Y = 464,818.01; thence West 229.76 feet to a point having Lambert Plane Coordinates of X = 1,548,400.00 and Y = 464,818.01; thence North 4,764.77 feet to the point of beginning, estimated to contain approximately 1,137 acres, as shown outlined in red on a plat on file in the Office of the Secretary, Department of Natural Resources. All bearings are based on Louisiana Lambert Plane Coordinate System (South Zone).

TRACT 14711 — Cameron Parish, Louisiana — All of the lands now or formerly constituting the beds and bottoms of all water bodies and of every nature and description and all islands and other lands formed by accretion or reliction, except tax lands, owned by the State and not under mineral lease from the State of Louisiana on September 27, 1977, situated in Cameron Parish, Louisiana, within the following described boundaries: Beginning at the Northwest corner of State Lease No. 7033, having Lambert Plane Coordinates of X = 1,503,300.00 and Y = 497,500.00; thence West 10,960.00 feet; thence South 5,280.00 feet; thence East 10,960.00 feet to the Northwest corner of said State Lease No. 7033; thence North 5,280.00 feet along the West line of said State Lease No. 7033 to the point of beginning, estimated to contain approximately 238 acres, as shown outlined in red on a plat on file in the Office of the Secretary, Department of Natural Resources. All bearings are based on Louisiana Lambert Plane Coordinate System (South Zone).

All bids are to offer a cash bonus for a lease having a primary term which shall not exceed ten years, and granted without any warranty or recourse against lessor whatsoever, either expressed or implied, not even for return to lessor of any payments received



SOME NEW methods of teaching are demonstrated in the above photographs, in the two top pictures, students in Mrs. Audrey Wainwright's third grade make use of their activity center. Each bag contains a learning activity. In the lower photo students are shown at a reading enrichment center. Work is evaluated by the teacher and progress each student makes is posted.

Hackberry News

By MRS. VERNIE WELCH

Congratulations to the basketball teams. Both the boys and girls won their games. Danny Welch got a twisted ankle.

The 1967 graduating class was honored at homecoming. Out of 13 graduates, nine of them turned out for the event. They were Mrs. Glenda Seay, Mrs. Litter LaBove, Mrs. Brenda Nassar, Mrs. Sissy Montet, Robert Little, Jeffry Landry, Roland and Pat Kershaw and Robert Silvers.

Elwood Williamson from Gretna has been visiting relatives in Hackberry.

Mrs. Glenda Seay held a sales party Friday.

GIRL SCOUTS NEWS

The Hackberry Girl Scouts Troop held an anniversary party in honor of Mrs. Rita Walthers. Visitors included Kyla Sellers, Dorothy Walthers and Mrs. E. Cuviller.

GRAND CHENIER Junior 4-H Club members who attended the parish executive 4-H meetings are shown with their agent and leader. Left to right: Peggy Mhire, Leisa Hebert, Cheryl Miller and agent Gary Wicke. In the right photo, Mr. Wicke demonstrates the art of buying a T-shirt to Jeff Richard.

Macrame demonstration given to club members

A demonstration on macrame given by club members, Mrs. Robert Fruge and Mrs. Baron Thomas, highlighted the November meeting of the Creole Extension Homemakers Club. The meeting was held in the home of Mrs. Robert Ortego with Mrs. Mayola Wicke and Mrs. John M. Theriot as co-hostesses.

Mrs. Fruge pointed out that the most important and basic knot to learn is the square knot. She illustrated the four steps which go into its making. She then demonstrated how the Chinese square knot is made, revealing that it is the same palmetto knot used by cowboys on their ropes.

Mrs. Thomas demonstrated how to make the gathering or wrapping knot, also known as the "hangman's noose". Along with Mrs. Fruge, she showed several finished macrame articles.

Following the demonstration, the group worked individually on making macrame knots under the supervision of Mrs. Fruge and Mrs. Thomas.

Members discussed plans for the annual Little Miss and Mr. Creole contest which the club will be sponsoring early next month.

Plans were also finalized for the club's Christmas party, set for Tuesday, December 13, at 7 p. m. in the W.O.W. Hall.

Sturleses have girl

Mr. and Mrs. Tony Sturlese announce the birth of a daughter, Skye Christina, Nov. 3, at St. Patrick's hospital in Lake Charles. She weighed 8 lbs. 6½ ozs.

She was welcomed home by her grandparents Mr. and Mrs. Purlis J. Viator and Mr. and Mrs. Enes J. Sturlese.

Great-grandparents are Mrs. Camelia Nunez of Creole, Mrs. Doris Sturlese of Grand Chenier, and Mr. and Mrs. Julie Viator of New Iberia. A great-great-grandmother is Mrs. Corinne Langlinais of Biloxi, Miss.

Deer hunting opens Friday around state

Deer hunting throughout the state will be open on Friday, Nov. 25, the day after Thanksgiving, according to the Department of Wildlife and Fisheries.

J. Burton Angelle, department secretary, said that the season in Areas 1, 2, 3, 5, and 6 would extend through Dec. 11, providing seventeen days of hunting, with or without dogs. Area 4 will have ten days of hunting, with or without dogs, ending Dec. 4.

This is the second segment of gun season in most areas but the first segment allowing hunting with dogs. Hunting is restricted to legal bucks only.

Wildlife management areas will also begin bucks-only gun season on Nov. 25. Angelle advises deer hunters to consult the hunting regulations brochure for details about special requirements and closing dates.

He cautioned all deer hunters, including archers, that they must comply with provisions for the wearing of "hunter orange" during the upcoming season. These regulations are also included in the hunting digest brochure.

Mothers named by FHA group

The South Cameron chapter of Future Homemakers of America met Nov. 1.

Chapter mothers elected are: Dale Miller, Cameron; Glenda McEvers, Creole; Diane McCall, Grand Chenier.

The club voted on having a Thanksgiving basket for a needy family. The basket will contain various can goods and a turkey or ham.

The club sponsored a weiner roast honoring the football players.

Council meets

The South Cameron High School Student Council met Nov. 1. They planned for the Veteran's Day program and decided to honor the retired school workers. It was decided to give refreshments and show slides of the school.

FHA installs new officers at J. Bayou

The new officers of the Johnson Bayou Future Homemakers of America Club were installed during their annual Mother-Daughter Tea held in the Home Economics Department Thursday, Nov. 3.

The new officers are Debbie Constance, president; Tina Barentine, vice-president; Charlene Jinks, secretary; Belinda Trahan, treasurer; Penny Schaller, song leader; Helen Merritt, historian; Robin Sandifer, reporter; Barbara Broussard, parliamentarian; and Robin Schaller, chaplain.

The Outstanding F.H.A. Member Award for the year 1976-77 was awarded to Penny Schaller, daughter of Mr. and Mrs. Jerry Schaller. Patty Thibodeaux, daughter of Mr. and Mrs. Ervin Thibodeaux, was presented a Yam Charm for her participation in last years Parish Yam Contest.

The mothers and members were treated to a fashion film narrated by Helen Merritt. Penny Schaller led the group in a relaxer and refreshments were served to all.

The mothers attending the meeting were Mesdames: Charles Sandifer, Clifford Jinks, C. M. Broussard, Billy Storm, Dale Jinks, J. P. Constance, Clyde Barentine, Roy Ennis, Joseph LeJeune, Sr., Charles Jinks, Carole Trahan, and Robert Merritt.

A special guest was Mr. Robert Remacle, French teacher, who taught the girls to make quiche, a French dish, which was served to the mothers and enjoyed merry much. Mr. Robert, as he is called by the students, has many talents and a chef is one of them. His profession is a language teacher, although he also studied in Belgium for four years to be a chef.

SALT-FREE WHOLE WHEAT BREAD

Makes 2 loaves

4 to 5 cups unsifted flour
2 cups unsifted whole wheat flour
1/3 cup firmly packed light brown sugar
2 tablespoons granulated sugar
1 package active dry yeast
1-1/2 cups water
3/4 cup milk
1/3 cup Fleischmann's Unsalted Margarine

Combine flours. Mix 2 cups flour mixture, brown sugar, granulated sugar and undissolved yeast.

Heat water, milk and margarine until liquids are very warm (120°F-130°F.). Add to dry ingredients and beat 2 minutes at medium speed. Add 1/2 cup flour mixture. Beat at high speed 2 minutes. Stir in enough flour mixture to make a stiff dough. Turn out onto floured board; knead until smooth and elastic, about 8 to 10 minutes. Place in greased bowl, turn to grease top. Cover; let rise in warm place, until doubled, about 50 minutes.

Punch dough down; turn out onto floured board. Divide dough in half. Shape into loaves. Place in greased 9x5x3-inch pans. Cover; let rise until doubled, about 1 hour.

Bake on lowest rack position at 400°F, about 30 minutes or until done.

"Of all substitutes, a substitute speaker is worst."
Kin Hubbard

GOOD SAFETY RULE—Never leave small children alone in the house or leave matches within their reach.

Cameron Pilot

22nd Year-- No. 6 Cameron, La. Nov. 24, 1977

Three parish youths are national winners

Louisiana and Cameron Parish youngsters fared well with their steers, lambs, and hogs last week at the North American Livestock Exhibition in Louisville, Ky.

In classes which averaged 20 or more entries, Louisiana 4-H Club and Future Farmers of America boys and girls showed animals which placed in the top half of the competition in several classes.

A total of 309 steers, 218 lambs and 143 hogs were shown. Louisiana sent 12 steers, 10 lambs and 10 hogs to the show.

Getting a second with her lamb in the 115 to 116-lb. class was Christine Ann Chesson of Grand Lake FFA.

Tod Montie of South Cameron FFA had an eighth place lamb.

Brian Theriot, South Cameron FFA, placed sixth in the swine division.

Food stamps to be increased

Food stamp allotments for low-income families will be increased Jan. 1 to keep pace with rising food costs, Assistant Secretary of Agriculture Carol Tucker Foreman announced last week.

Monthly net income eligibility standards also will rise for most households on Jan. 1 because, under current regulations, income limits in most cases are tied to the size of food stamp allotments. Under the regulations, income eligibility limits rise when food stamp allotments are increased.

Assistant Secretary Foreman said monthly stamp allotments in the continental 48 states and District of Columbia will increase by at least two dollars for all households except single persons. For example, the allotment for a family of four will be increased from $170 to $174. Food stamp allotments are based on the cost of the U.S. Department of Agriculture's thrifty food plan.

Net income cut-offs also will be higher, except for one and two-person households. The monthly net income limit for a family of four, for example, will rise from $567 to $580. However, the income limits for the one and two-person households will not change. These income standards ($262 and $344 respectively) will remain at USDA's poverty guidelines. Food stamp regulations currently in effect require USDA to use either allotment-based calculations or the poverty guidelines, whichever is higher, in setting income eligibility limits.

New food stamp legislation recently signed by President Carter changes the procedures for setting income limits. The new legislation is not yet in effect. USDA is now developing proposed regulations to implement the new law, and plans to put them into effect next summer.

The table below lists net income limits, effective Jan. 1, for the 48 states and the District of Columbia:

One-person households, $262; two-person households, $344; three-person households, $460; four-person households, $580; five-person households, $687; six-person households, $827; seven person households, $913; and eight-person households, $1047. For each additional household member over eight, add, $133.

The Food Stamp Act requires USDA to adjust stamp allotments twice a year, in line with food price changes as reported by the Bureau of Labor Statistics. These price changes are reflected in the cost of the thrifty food plan. Allotment adjustments take effect Jan. 1 and July 1.

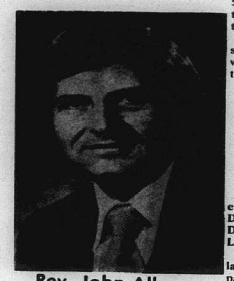
Conner heads LISA drive

Ray Conner has been selected to serve as chairman for Cameron Parish during the November membership drive of the Louisiana Intracoastal Seaway Association.

Conner, a resident of Creole, is self-employed oil field contractor and owner and operator of the Tarpon Freezo. He is also a Cameron parish police juror.

LISA is an association of south Louisiana individuals, businesses and organizations joined together to support a multi-purpose water management program for coastal Louisiana between Bayou Lafourche and the Sabine River.

"Anyone in Cameron Parish who is concerned about the development of water resources, water-based recreation and the coastal environment is encouraged to join LISA.



Rev. John Alley

Revival set at First Baptist

Rev. John Alley, evengelist from Alexandria, will preach at a revival at the First Baptist Church in Cameron Nov. 28 through Dec. 4.

Larry Dyson will be the sond leader at evening services each night at 7 p. m. and a Sunday morning service at 11 a. m.

A nursery will be provided for the children. The public is invited to attend.

Florida man drowns here

The Cameron Parish Sheriff's Department reported there was no foul play in the death of a Florida seafood company employee whose body was found last Wednesday in the Calcasieu Ship Channel.

Sheriff Claude Eagleson said his department had an autopsy performed on the body of Dave Wilkerson, who was employed on the shrimp boak Tiki 17 owned by the Anderson Seafood Co. of Panama City, Fla.

Wilkerson's body was found at 12:47 p.m. Wednesday floating in the channel about 15 feet off the bank near Cameron Ferry No. 2.

The body was spotted by Ray Frederick who notified local authorities. Frederick is the captain of the boat Kermac XXIII owned by Transworld Inc.

Eagleson said the body must have been in the water three or four days, or possibly more before it was found. The sheriff said the body appeared to have a cut on the head.

The man had not been reported missing, Eagleson said.

Dr. L. E. Remus, Lake Charles pathologist, performed the autopsy which found no evidence of foul play.

Deer hunting with dogs opens on November 25

Deer hunting throughout the state will be open on Friday, November 25, the day after Thanksgiving, according to the Department of Wildlife and Fisheries.

J. Burton Angelle, department secretary, said that the season in Areas 1, 2, 3, 5 and 6 would extend through December 11, providing seventeen days of hunting, with or without dogs. Area 4 will have ten days of hunting, with or without dogs, ending December 4.

This is the second segment of gun season in most areas but the first segment allowing hunting with dogs. Hunting is restricted to legal bucks only.

Wildlife management areas will also begin bucks-only gun season on November 25. Angelle advises deer hunters to consult the hunting regulations brochure for details about special requirements and closing dates.

He cautioned all deer hunters, including archers, that they must comply with provisions for the wearing of "hunter orange" during the upcoming season. These regulations are also included in the hunting digest brochure.

Correction on board story

School Board Member Pat Doland was misquoted in the Pilot's last week article in the Cameron parish school board meeting.

In urging the board not to approve a new workman compensation insurance contract that would cost the board $18,242 a year, Doland stated that the total of the claims against the board over the years had been less than $1,000.

The Pilot incorrectly quoted him as saying that the board had never had a workman compensation claim of more than $1,000.

Dronet named to church post

E. J. Dronet of Cameron has been elected as a vice chairman for the Deanery Pastoral Council for the West Deanery of the Catholic Diocese of Lafayette.

The council is made up of clerical and lay representatives of the 22 church parishes in the West Deanery. It is a policy-making group concered with the welfare, actions and mission of the church in the deanery. The West Deanery is made up of the civil parishes of Calcasieu, Cameron and Beauregard.

Mr. Dronet is a member of Our Lady of Star of the Sea Parish, and is a past parish council president.

The officers were elected at a meeting of the deanery councils executive board on October 24.

Fines are given in court here

Among those fined or sentenced in District court here on Nov. 17 were the following:

Reed Dupre, pleaded guilty to DWI, and was fined $250 or 30 days. He also chose to attend the school on alcoholic studies.

Donald O. Hebert, reckless operation, $100 fine.

Richard E. Southern, reckless operation, $75 fine.

Charles O. Trahan, reckless operation, $100 fine.

The following persons failed to appear for arraignment and their bonds were forfeited. Bench warrants were issued for their appearance:

Leroy Moss, aggravated battery; James R. Littleton, DWI and operating without driver's dicense; Lawrence B. Rush, DWI; Anita Orice Rogers, illegal carrying of weapon; Hugh Alvin Pelo-quin, possession of marijuana; Fernando A. Wilson, aggravated battery; Richard H. Vincent, theft; Charles Thomas Gartman, DWI; and Lloyd D. Dinger, trespassing.

A large number of persons forfeited bonds for offenses relating to fishing and boating such as operating without motorboard registration, not abiding by the rules of Rockefeller refuge, operating boat without life jackets, using illegal nets, fishing out license, etc.

L.B. rodeo

A benefit Little Britches rodeo will be held at 2 p. m., Saturday, Dec. 3 at the Robert Penny arena east of DeQuincy.

Proceeds will go to help pay the medical bills of Jerry Widdon, wellknown known local rodeo announcer who was seriously injured in an automobile accident some weeks ago.

Entry fees are $3 per event and contestants may register by calling Mrs. Sis Penny at 789-8142.

A saddle donated by the Boots & Saddle western store of Sulphur also is being raffled off.

Benefit set

The North Cal-Ten CB Club of DeQuincy will sponsor a benefit dance for the Robert Foster family Saturday, Dec. 3, from 7 to 1 at the New Recreation Center on Hwy. 27 south in DeQuincy. Music will be provided by a local band.

Mr. Foster was injured in an automobile accident several weeks ago. He will be unable to return to work for several months. The Fosters have three small children.

The admission for the dance will be $5 per couple or $3 for single. Events during the night will include door prizes, auction, and trophies for the largest club present and for the club with four or more members traveling the furtherest.

Father Billimek

Mission to be conducted

Our Lady Star of the Sea Catholic Parish in Cameron, Sacred Heart Church and St. Rose Chapel in Creole have announced a one week mission to be held in each church.

Father Alvin O. Billimek, veteran Redemptorist missionary based in New Orleans, will conduct this spiritual renewal.

He has been active in preaching missions in some 17 states during the past 26 years.

The mission in Cameron will take place at Our Lady Star of the Sea church each evening at 7 p. m. beginning Sunday, Nov. 27, and ending Friday, Dec. 2.

Sacred Heart church will hold its mission Sunday, Dec. 4 through Friday, Dec. 9. Services will be at 7 p. m.

St. Rose Chapel will be the site of the last mission week with services Sunday, Dec. 11 through Friday, Dec. 16 each evening at 7 p. m.

The missionary will be available for confessions and for consultation during this period. The public is invited to attend.

S. Cameron is Yam winner

The South Cameron High School football team, band and pep squad wish to thank all the business places who helped with the expenses of transporting them to Sunset this past weekend to the "Yam Bowl" game.

The score between the South Cameron and Touerling of Lafayette teams was 34-0 in favor of South Cameron.

Leo members go to meeting

Several members of the South Cameron High School Leo Club recently attended the District 8-0 Mini-Convention in New Iberia.

Members attending were Bradley Trahan, Nadide Richard, Mona Brasseaux, Kevin Colligan. They were accompanied by Mr. Billy Broussard.

The Leo Club is a high school club of the Lions Club and is devoted to volunteer work for the handicapped.

Job open

The Cameron post office is seeking applications for part time clerk's position, according to Don Wagner, postmaster. Full information and application forms may be secured at the post office.

Classes set

The Cameron Council on Aging will sponsor ceramic classes at the Wakefield Methodist Church each Wednesday beginning Dec. 7 from 8:30 to 11 a. m. All those sixty and above are invited to attend.

Aging meeting

Rev. M. S. Robertson, director of the Cameron Council on Aging announces that there will be a Creole-Grand Chenier Council on Aging meeting at the Grand Chenier Methodist Church at 10 a. m. Nov. 28. All 60 and above are encouraged to attend.

Gospel singing

The Sweetlake United Methodist Church will present The Gospel Strings Sunday, Nov. 27 at 7 p. m.

The musical program will be preceded by a covered dish supper at 4 p. m. Visitors are cordially invited to both.

Henry to be speaker here

E. L. (Bubba) Henry of Jonesboro will be the principal speaker at the annual V.F.W. Citizenship Award Banquet in Cameron, Saturday evening, Dec. 10.

Mr. Henry has been a member of the Louisiana House of Representatives since 1967 and has served as Speaker of the House since 1972.

He was elected Chairman of the Louisiana Constitutional Convention in 1973 and was instrumental in the formulation of the document and its subsequent approval by the people.

In 1972, he was elected as the Young Man of the Year in Louisiana by the Jaycees, and in 1974, he received the first annual award to Outstanding Achievement in Legislative Improvement.

The annual V.F.W. Citizenship Award is given to an outstanding citizen of Cameron Parish. The award will be presented by Post Commander J. Berton Daigle.

The banquet will be held in the V.F.W. Post Home in Cameron at 7:30 p. m. preceeded by a social beginning at 6:30 p. m.

Bubba Henry

The public is invited to purchase tickets to the banquet from Commander Daigle or any other V.F.W. Member at $4 per person.

Trapping season to be Dec. 1-Feb. 28

Trapping season in Louisiana opens December 1 and will extend through February 28, according to J. Burton Angelle, secretary of the Louisiana Department of Wildlife and Fisheries.

Licensed trappers can take nutria, muskrat, beaver, bobcat, coyote, fox, mink, opossum, otter, raccoon, ringtailed tailed cat, and skunk during the three month season. Nutria and muskrat are the backbone of the fur industry.

Angelle reminds trappers that they must obtain licenses, costing $2 for residents, from the main office of the department, 400 Royal Street, New Orleans, La. 70130, or at any sheriff's office.

He said that all buyers and dealers must also be properly licensed before buying and handling pelts. These licenses are available only at the department's main office in New Orleans.

Resident buyer's licenses cost $25; non-resident buyers must pay $100. Dealer's license fees are $150 plus a $500 deposit for residents and $300 plus $1000 deposit for nonresidents. Fur buyers are not allowed to ship pelts out of state. Only fur dealers can handle out-ofstate shipments.

Trappers planning to work wildlife management areas should check the hunting regulations brochure for special trapping requirements and season dates.

Louisiana's fur industry is a multi-million dollar operation and is an important part of the state's economy, Angelle concluded.

King Tut trip planned

"Interest in the treasures of King Tutankhamun has encouraged up to open the lecture portion of our King Tut tour package to those unable to make the trip to New Orleans."

So says Mrs. Norma Tornabene, director of student development at McNeese State University, adding that the lecture will be presented by Dr. Kim Bowman, assistant professor on languages, on Tuesday, Dec. 6, at a cost of $2 per person.

"The lecture is also a part of a package offered through the Leisure Learning program at McNeese," Mrs. Tornabene notes, "and a few vacancies still exist in this offering."

"Our package includes the lecture, on Dec. 6, and an over-night trip to New Orleans on Dec. 15. The package costs $55 and the fee covers the bus trip, hotel accomodations (two to a room), a breakfast and the museum fees for viewing the King Tut artifacts."

Reservations for either the lecture or the package tour may be made by telephoning Mrs. Tornabene's office at 477-2520, EX 468.

The program on King Tut is offered as a service to the community by the Department of Student Development through the School of Continuing Studies.

McNeese enrollment set

Students currently enrolled at McNeese State University may register early for the 1978 spring semester from Nov. 29 through Dec. 2.

The announcement comes from Miss Linda Finley, university registrar, who adds that transfer and former McNeese students who made application for admission by Nov. 1 are also eligible to register early.

Seniors and graduate students can register early on Tuesday, Nov. 29, while sophomores and juniors will register on Wednesday, Nov. 30. Freshmen will sign up Thursday, Dec. 1.

Financial aid checks will not be available during the early registration period and the University Bookstore will not charge any books. Students should make arrangement to pay for these costs from other sources.

Yule lights to be turned on at Hodges Gardens

On December 1st Hodges Gardens, Louisiana's famous "Garden in the Forest," will turn on its Christmas lights. Thousands of multicolored lights will sparkle around the shores of the lake and along the garden structures. There will also be Christmas displays in the Gardens and conservatory.

The lights are turned on each evening by 6:00 p.m. through December 23rd. Admission to the Gardens is free after 5:00 p.m. for viewing the lights.

These lights at Hodges Gardens and the lighting displays along the Cane River in Natchitoches are two west central Louisiana Christmas traditions and draw visitors from throughout the country. Motel accommodations are available across from the entrance to Hodges Gardens and in Natchitoches.

Hodges Gardens is located 12 miles south of Many, La. on U.S. Highway 171 approximately halfway between Shreveport and Lake Charles.

NOTICE

The Cameron Parish School Board will receive sealed bids at the regular meeting of the Board, in Cameron, Louisiana, on Monday, December 12, 1977, at 10:00 a. m. for the purchase of one second-hand 1969 Ford, 54 passenger bus.

Bidder should enclose check in the amount of his bid and should mark on the envelope "Bid on Bus."

All bids should be received no later than 10:00 a. m. on Monday, December 12, 1977, at the office of the Cameron Parish School Board, P. O. Drawer W, Cameron LA 70631.

The Cameron Parish School Board reserves the right to reject any and all bids submitted.

LEGAL NOTICE

This is to advise that the Cameron Parish Police Jury, in its regular session convened on October 3, 1977, accepted as complete and satisfactory the work performed under the contract for Project No. 1977-05 (Wakefield Road Emergency Repair Work) in Ward 3, Cameron Parish, Louisiana, pursuant to the certain contract between the Cameron Parish Police Jury and Roy Bailey Contractors, Inc. under File No. 151474.

NOTICE IS HEREBY GIVEN that any person or persons having claims arising out of the furnishing of labor, supplies, material, etc., in the construction of the said works should file said claim with the Clerk of court of Cameron Parish, Louisiana, on or before forty-five (45) days after the first publication hereof, all in the manner and form as prescribed by law. After the elapse of said time, the Cameron Parish Police Jury will pay all sums due in the absence of any such claims or liens.

Cameron Parish Police Jury
By: /s/ Jerry G. Jones

ORDINANCE

AN ORDINANCE CREATING GRAVITY DRAINAGE DISTRICT NO. 6 OF THE PARISH OF CAMERON; FIXING THE BOUNDARIES OF SAID DISTRICT; APPOINTING COMMISSIONERS THEREFOR, AND FIXING THE DOMICILE OF SAID DISTRICT.

WHEREAS, this body is of the opinion that a Drainage District should be created in the area hereinafter described in the Parish of Cameron, and that such action will be to the best interest and advantage of the area contemplated and the Parish in general; and,

WHEREAS, no petition for the creation of said Drainage District was filed with this body; however, it feels it should act upon its own initiative; and,

WHEREAS, no petition has been filed with this body for the appointment of commissioners of said District; however, it is the sense of this body that the said commissioners should be selected by it, as prescribed by law.

THEREFORE, BE IT ORDAINED BY THE POLICE JURY OF THE PARISH OF CAMERON, STATE OF LOUISIANA, in regular session convened, that:

SECTION I: That there is hereby, created a gravity drainage district in the Parish of Cameron, Louisiana, to be known and designated as GRAVITY DRAINAGE DISTRICT NO. 6 OF THE PARISH OF CAMERON, as contemplated and authorized by R. S. 38:1751, et seq.

SECTION II: The territory and lands comprising the said Gravity Drainage District No. 6 of the Parish of Cameron be and they are hereby declared to be as follows:

COMMENCING AT THE northeast corner of Township 12 South, Range 3 West;

THENCE, running south to the southeast corner of Township 13 South, Range 3 West;

THENCE, west to the southwest corner of Section 35, Township 13 South, Range 5 West;

THENCE, north to the northeast corner of Section 3, Township 13 South, Range 5 West;

THENCE, west to the southwest corner of Township 12 South, Range 7 West;

THENCE, south to the southeast corner of Section 13, Township 13 South, Range 8 West;

THENCE, west to Calcasieu Lake;

THENCE, northerly along the east bank of Calcasieu Lake to the line between Calcasieu and Cameron Parishes;

THENCE, east along said parish line to the point of commencement.

SECTION III: Charles Precht, Mervin Chassion, John Duhon, Brody Istre and Clifford Broussard, all of whom are qualified electors resident within the said Gravity Drainage District No. 6 of the Parish of Cameron, and holding all of the qualifications required by law for the appointment as drainage Commissioners, be, and they are hereby, appointed as drainage commissioners for the GRAVITY DRAINAGE DISTRICT NO. 6 OF THE PARISH OF CAMERON, each from this date, with all the powers and authority vested by law in such officers according to law; the said commissioners being appointed by this Body on its selection, there having been presented no petition by the property owners.

SECTION IV: The domicile of said Gravity Drainage District No. 6 of the Parish of Cameron is hereby fixed in the village of Sweet Lake-Grand Lake Community, in the Parish of Cameron, State of Louisiana.

SECTION V: The above named commissioners appointed by this body this day shall meet on the 30th day of November, 1977, in the village of Sweet Lake-Grand Lake Community, at the Recreation Center, Parish of Cameron, State of Louisiana, the domicile of the District, and shall then and there proceed to organize by the election of officers and as provided by L.R.S. 38:1766 et. seq., and the Constitution and Laws of the State of Louisiana.

SECTION VI: The Secretary of this Body is directed to cause a copy of this Ordinance to be published in the Cameron Parish Pilot, a Newspaper published in the Parish of Cameron, Louisiana, for a period of Thirty (30) days, and copies thereof shall be posted in three (3) public places in said District for the same period of time.

SECTION VII: That all Ordinances or parts of Ordinances contrary to or in conflict with the provisions of this Ordinance be, and the same are hereby, repealed.

ADOPTED AND APPROVED, in regular session convened at Cameron, Louisiana, on this 31st day of October, 1977.

APPROVED:
/s/ Archie Berwick,
Vice-President
Cameron Parish Police Jury

ATTEST:

Secretary

RUN: Nov. 24, Dec. 1. 8, 15, 22

Cameron, Louisiana
November 14, 1977

The Cameron Parish School Board met on this date in regular session with the following members present: Mervyn Taylor, President, Alvin Trahan, Johnnie Riggs, Patrick Doland, Arnold Jones, Preston Richard, and Daniel Dupont.

On motion of Mr. Dupont, seconded by Mr. Jones and carried, the Board voted to dispense with reading of the minutes of the October 10, 1977, meeting and accepting the same as published in the Official Journal.

On motion of Mr. Trahan, seconded by Mr. Jones, the Board voted to open and tabulate bids on a van to be used on the McNeese Route.

Company	Bid
Norwood Chevrolet Co. Inc.	$10,791.77
Nelson Dodge, Inc.	11,063.86

The following bid did not meet specifications:

Bill Seamans Bus Sales $9,300.00

On motion of Mr. Dupont, seconded by Mr. Doland, the Board referred the van bids to committee.

On motion of Mr. Dupont, seconded by Mr. Richard, the Board voted to open bids on sale of used activity bus.

Bidder	Bid
Terrel Taylor	$325.00

On motion of Mr. Doland, seconded by Mr. Jones, the Board rejected all bids and voted to re-advertise.

On motion of Mr. Richard, seconded by Mr. Doland, the Board voted to open and tabulate bids on the Old Sweet Lake School Building.

Bidder	Bid
Octave Conner	$225.00
James Cox	475.00
Cameron Chemical Company	555.00
Harold Savoie	511.00

On motion of Mr. Trahan, seconded by Mr. Dupont, the Board voted to accept the following bid.

Bidder	Bid
Cameron Chemical Company	$555.00

On motion of Mr. Jones, seconded by Mr. Dupont, the Board voted to name Kathy McCreight as sweeper at South Cameron High School.

On motion of Mr. Dupont, seconded by Mr. Doland, the Board voted to name Odia J. Duhon as janitor at South Cameron High School.

On motion of Mr. Richard, seconded by Mr. Trahan, the Board accepted the resignation of William F. Koehl, Jr., English teacher at South Cameron High School.

On motion of Mr. Trahan, seconded by Mr. Dupont, the Board voted to extend the Christmas Holidays through January 2, 1978, and to begin this day on May 27, 1978. The vote is recorded as follows:

AYES: Trahan, Dupont, Jones, Taylor, Riggs, Doland
NAYS: Richard
ABSENT: None

On motion of Mr. Dupont, seconded by Mr. Jones, the Board adopted the following Resolution:

RESOLUTION

WHEREAS, Roblyn Petroleum Corporation has made application in writing dated November 14, 1977, requesting the Cameron Parish School Board to advertise for bids for leasing for mineral purposes the following described tract of land situated in Cameron Parish, Louisiana, to-wit:

Grand Chenier Elementary School Site:

Beginning at the Southeast corner of the Irvin LaBove tract in, Section 43, Township 15 South, Range 5 West, thence North 9 degrees 11' East 598.6', thence South 73 degrees 04' East 256.2', thence South 9 degrees 07' West 595.3', thence North 73 degrees 10' West 260.1', to the point of beginning, estimated to contain 3.97 acres, this tract being designated as Tract 5 on plat of survey attached to boundary agreement dated April 4, 1955, recorded in Book 106, Page 69, File 70958 of the Conveyance Records of Cameron Parish, Louisiana. It is the intention that this description also include all of the minerals which may be owned by the School Board underlying the public road which is adjacent to and on the South side of the above described tract and containing .4 of an acre, more or less; a total of 4.37 acres, more or less.

WHEREAS, said application was accompanied by a certified check in the amount of $200.00 payable to the Cameron Parish School Board, as required by law, and

WHEREAS, in the judgment of the Cameron Parish School Board the application is in order, and it is to the best interest of the School Board that the above mentioned tract of land be advertised for bids for leasing for mineral purposes,

NOW, THEREFORE BE IT RESOLVED by the Cameron Parish School Board, in lawful session this day, that Superintendent Thomas W. McCall be, and he is hereby authorized and instructed to cause said lands to be advertised for bids in accordance with the provisions of the laws of the State of Louisiana covering publication for bids for leasing for mineral purposes of public land, and providing that all such bids must be received on or before 10:00 a. m. on Monday, December 12, 1977, at the office of the Cameron Parish School Board in Cameron, Louisiana, to be considered at a meeting of the Cameron Parish School Board at that time.

Adopted and approved the fourteenth (14th) day of November, 1977.

APPROVED:
/s/ Mervyn Taylor, President
Cameron Parish School Board

ATTEST:
/s/ Thomas McCall, Secretary

On motion of Mr. Doland, seconded by Mr. Richard, the Board approved payment of the following certificates:

Cert #2 Charles Miller Constr., Renovation of Hackberry Principal Office, $9,684.00

Cert #2 Hackett & Bailey, Renovation of Hackberry Principal Office, $323.00

Cert #1 Robira & Managan, School Board Office Addition, $163.00

Cert #1 Robira & Managan, School Board Office Addition, $5,560.56

On motion of Mr. Richard, seconded by Mr. Dupont, the Board approved a workmen's compensation contract with the Cameron Insurance Agency in the amount of $18,242.00. The vote is recorded as follows:

AYES: Trahan, Dupont, Jones, Taylor, Riggs, Richard
NAYS: Doland
ABSENT: None

On motion of Mrs. Riggs, seconded by Mr. Richard, the Board authorized attendance at the State and National School Board Convention.

On motion of Mr. Dupont, seconded by Mr. Doland, the Board authorized renewal of the following Certificates of Deposit:

Special Building Tax Account

$ 79,806.43	30 days	5	percent

General Fund:

308,533.61	30 days	5.81	percent
210,821.54	30 days	5.81	percent
209,436.86	30 days	5.77	percent

On motion of Mr. Doland, seconded by Mr. Jones, the Board accepted as substantially completed the work performed under contract on the Teacher's Lounge at South Cameron High School and the Teacher's Lounge at Grand Lake High School and authorized the retainage contracts between the Cameron Parish School Board and Realco, Ltd.

On motion of Mr. Jones, seconded by Mr. Doland, the Board voted to revise the current 16th Section Land Lease form and review the revised form at the regular meeting of the Cameron Parish School Board on December 12, 1978, for consideration of adoption.

On motion of Mr. Trahan, and seconded by Mrs. Riggs, the Board authorized payment of bills for the month of October.

On motion of Mr. Richard, seconded by Mr. Jones, the Board voted to adjourn until its next regular meeting on Monday, December 12, 1977 at 10:00 a. m.

GRAND LAKE-SWEETLAKE

Book week observed at Grand Lake high

Books are Something Special! That was the theme for National Library Week-Nov. 14-18. Busy passing out pins proclaiming the fact to teachers and book marks for the students was librarian Mrs. Ernestine Biagas.

The recreation center was the setting for a baby shower honoring Brenda Demary Young. Hostesses were Elaine Schultz, Comeaux, Annie, Mary and Carol Demary.

FIRST GRANDCHILD

All excited about her first great grandchild is Mrs. Letha Smith. Just 2 weeks old, Bryan Keith is the son of Kathy and Keith Boone. Grandparents are Mr. and Mrs. Ellery Guidry of Lake Charles and Herbert Boone of Sweetlake.

NEW DAUGHTER

Announcing the birth of a daughter Angela Jo on Oct. 31 are June and Doyle Baccigalopi. Grandparents are the Wilton Arceneaux and Swinford and Loraine Baccigalopi of Creole.

Great-grandparents are Gladys and Jasper Ogea of Big Lake, Mrs. Orellia Guidry and Ivinel Abshire of Crowley, Great-great-grandmother is Mrs. August Baccigalopi of Creole.

Holiday season is especially nice when we can visit with family members. Enjoying a visit with their sister Mrs. Leah Mack in Fannette, Texas recently were Tally Babineaux, Mr. and Mrs. Joe Babineaux and Mr. and Mrs. Jasper Ogea.

Looking forward to a Thanksgiving visit from their son Herman is Gladys and Jasper Ogea. Herman attends New Orleans Seminary in New Orleans.

TWIN'S BIRTHDAY

Celebrating their 19th birthdays on Nov. 19th were Annie and Eddie Demary's twin children, Andrea Gail and Andrew Gilbert. Gail is a student at LSU in Baton Rouge and was able to come home for her birthday but Gilbert is in Florida completing his basic training for the U. S. Navy.

Gilbert was named in honor of two of his father's brothers who lost their lives during World War II. Andrew and Gilbert Demarest were the sons of Mr. and Mrs. Joe Demarest of Big Pasture. The late Mr. Demarest was school member for this ward for many years. Mrs. Zeline Demarest, his widow celebrated her 91st birthday on Sunday, Nov. 20.

THIRD BIRTHDAY

Celebrating her 3rd birthday on Nov. 19th was Andrea Joy Faulk, youngest daughter of Pat and Sammie Faulk. Visitng from Jennings to help her little cousin celebrate was Heather Nicole Howerton.

Her parents Pat and Debbie Howerton are completing the purchase of Vernon McCain's place. Debbie will be next door neighbor to her sister Pat when they move.

What would you do it your doctor scheduled a daily walk and the weather is too nasty? Annie Lou and Bill Fosson exercise in the mall when the weather is bad. Now isn't that resourseful? Both the Fossons are feeling better and its just great to see these two good natured people ujp and about.

TRUCK STOLEN

Sometimes you feel as if you can't believe your eyes. After attending pre-natal class at a local hospital, Charles Gary and his wife searched the parking lot for their pick-up truck. But to no avail--someone absconded it and there's been no trace of it yet. Charles is the son of Mr. and Mrs. Ferdinand "Black" Gary of Sweet Lake.

KING TUT VISIT

It requires a great deal of patience and stamina to wait in line for 4 hours to see the King Tut Exhibit but Mrs. Clem Demarest can attest that its worth the effort. Miss Willie and Mr. Clem traveled to New Orleans with their daughter Fern and her husband H. T. Worthington to view the exhibit.

However, the best part of the trip was a visit with the Worthington's daughter Bonnie Chapman and her family. Miss Willis advises if you plan on attending, make a special effort to arrive early to avoid the long lines.

HIGHWAY ACCIDENT

Slightly injured when a truck struck his tractor and plow on the Old Gulf Highway last week was Mr. Raymond "1-Man" Gaspard. At the scene of the accident was practical nurse Loraine Baccigalopi of Creole who assisted Mr. T-Man until an ambulance arrived.

DEATHS

The rural delivery of a daily newspaper is much appreciated, however there seems to be a communications gap created by receiving the early edition paper. This is especially annoying in the case of obituaries. The notice of Mr. Ed Milsted's death last week did not appear in the edition received by Big Lake residents.

The Milsteds lived at Black Bayou for many years before moving to Lake Charles and their 2 sons Bud and Joe Ray have built homes near the family homeplace along the Old Gulf Hwy. Mrs. Milsted is a member of a pioneer family in this area, the LeBleus.

Buried in the Community Cemetery on Monday was Mrs. Ella Roche, a former resident of Big Lake.

Funeral services were conducted on Sunday for Mrs. Sylvia Romero, mother of Billy Romero. Billy's wife Earline is the daughter of Mr. and Mrs. Jasper Ogea.

Ran into Keith and Glenn Millers sons of Lester and Tibby and former students of mine, at Speedi-Totes on Sunday. Both are married, Glenn is stationed at England AFB in Alexandria and just recently became the proud father of a baby son.

Celebrating Thanksgiving properly will be the Pessons. Brenda has won turkeys in two different raffles recently.

Celebrating their 2nd wedding anniversary on Nov. 15 were Corliss and Ernette Nash. They gifted each other with a '78 tan and brown pick-up truck.

Moving their trailer near Norma and Gerald Richard's house are T-Boy and Delores LaBove. Their permit is to the rear of where Tony and Gloria Sullivan will build their new house.

FACULTY WINS

The Grand Lake Faculty swept by the FFA students at their fund raising basketball game last week. Tommy Fontenot used up all his juggling tricks in his pregame warm-up advertising specials. Run away winner in the boudin eating contest was Brian Eagleson.

Busy baking and delivering holiday pies are Mrs. Brenda Smith's FHA students.

Engine Wear

Some good news for motorists concerned with energy conservation is a new motor oil that increases gasoline mileage.

"Love and a red nose cannot be hid." Thomas Holcroft

NOTICE OF PUBLIC HEARING

A Public Hearing will be held at 1:00 p. m. on Tuesday, November 29, 1977 in the Contraband Room of the Lake Charles Civic Center in Lake Charles, Louisiana.

This Public Hearing will be held in accordance with Act 334 of the 1974 regular session of the Louisiana Legislature and conducted by the Joint Legislative Committee on Transportation, Highways and Public Works.

The purpose of this Public Hearing is to review Highway Construction priorities for the fiscal year 1978-79 for the parishes of Allen, Beauregard, Calcasieu, Cameron, Evangeline and Jefferson Davis which comprise Highway District 07 based upon the project priorities established by the Highway needs analysis. The Highway needs and priority study was to determine the estimated cost of improving state highway trained roads in Louisiana which do not meet a specified minimum tolerable condition for a particular highway class. Act 334 provides for a firm priority listing of the first ensuing year (1978-79) and tentative priorities for each subsequent year through 1983. This provides advice on the status of highway projects commenplated under implementation.

Copies of the "Louisiana Proposed Construction Program, Fiscal Year 1978-79 - and Highway Needs Summary, District are available for review by interested persons at the Office of Highways District 07 Engineers Office at U. S. Highway 90 East, Lake Charles, Louisiana and also at the Louisiana Department of Transportation & Development Headquarters Building, 1201 Capitol Access Road, Baton Rouge, Louisiana, Room 476.

All interested persons are invited to be present at the above time and place for the purpose of becoming fully acquainted with the proposed program and will be afforded an opportunity to express their views.

Oral testimony will be received; however, in order that all persons desiring to make as statement have an equal opportunity to do so, it is requested that every effort be made to complete individual testimony in as short a period of time as possible. Oral testimony may be supplemented by presenting important facts and documentation in writing. Your cooperation and assistance will be appreciated.

The provisions of this notice or advertisement of the relevant statutes establish the material considerations upon which the formulation of proper bids rest. This notice or advertisement shall not be deemed to be inclusive but expand or diminished by resolutions or policy statements of the Board not incorporated herein expressly or by reference.

All leases awarded shall be executed upon terms and conditions of the then current State lease form with all applicable changes and modifications, including but not limited to provisions as follows: Should failure fail to begin the actual drilling (spudding in) of a well on the lease premises within one year from the date of the lease, the lease shall terminate as to both parties to the lease, unless prior to such anniversary date, lessee shall pay a delay rental which shall in no case be less than one-half of the bonus originally paid, which cover the privilege of deferring drilling operations for a period of one year. Like payments annually, drilling operations may be further deferred for successive periods of one each and the primary term may be extended for two years. The lease shall provide for the drilling of other wells where necessary to protect lessor's interests and shall contain the provisions against the assignment or sublease of the lease unless approved by the State Mineral Board. Lessee shall have the right to enter into pooling or unitization agreements with respect to development of the leased premises upon the approval of the State Mineral Board.

Certified cashier's check or bank money order payable to the DEPARTMENT OF MINERAL RESOURCES, for the full amount of the cash bonus which the lessee is awarded on the date of the lease sale should be submitted with each bid, and each bid submitted may be thereafter withdrawn or cancelled only if certified checks, cashier's check or bank money order accompanying each of such withdrawn bids is immediately negotiable by the DEPARTMENT OF MINERAL RESOURCES, and the proceeds thereof received by it in the manner required by law. The successful bidder's check accompanying a bid awarded on the date of the lease sale should be returned less, duly executed, within TWENTY (20) DAYS after bidder's receipt of same under penalty of forfeiture of the lease and the proceeds thereof rendered and negotiated in the manner provided by law.

NOTE: In the case of all State Agency Lands, the minimum offered, certified checks, cashier's checks or bank money orders for the cash bonus shall be made payable to each respective State Agency involved that is a sixteenth section, or part thereof, located in a township which is situated in more than one parish, is offered, certified check, cashier's check or bank money order for the full amount of the cash bonus shall be made payable to the STATE TREASURER.

Any Amendment, Assignment or Agreement entered into after the State Mineral Board has awarded such lease must be approved by the Land Agency or Agencies.

Consistent with the practice of the Board as expressed in a resolution dated August 12, 1965, all bidders are hereby notified that bids on portions of tracts shall be described by metes and bounds and be accompanied by a transparent plat outlining thereon the portion of the tract. The scale of the plat should be 1 inch = 4,000 feet.

The State Mineral Board reserves the right to reject any and all bids or to grant a lease on any portion of the tract advertised and to withdraw the remainder of the tract.

OFFICE OF MINERAL RESOURCES
ON BEHALF OF THE
STATE MINERAL BOARD
FOR THE STATE
OF LOUISIANA

Published in the Baton Rouge "State-Times" on November 9, November 16 and November 23, 1977, and the Official Journal of the Parish of Cameron.

NOTICE OF PUBLICATION ON BEHALF OF MINERAL RESOURCES ON BEHALF OF THE STATE MINERAL BOARD FOR THE STATE OF LOUISIANA BATON ROUGE, LOUISIANA 70821

By virtue of and in conformity with the provisions of Chapter 7, Title 30 of the Louisiana Revised Statutes of 1950, as amended, sealed bids will be received in the Office of Mineral Resources, State Land and Natural Resources Building, Baton Rouge, Louisiana, on or before the hour of 10:00 a.m., December, 1977, at 1:00 p.m., for a lease to explore, drill for and mine for oil, gas and any other liquid or gaseous hydrocarbons, sulphur and potash in and on the lands and waters hereinafter described in Tract No. 14704 through Tract No. 14751, inclusive, at which time and date the bids will be opened publicly in the Mineral Resources Building, Capitol Complex, Louisiana. The description of said tracts are more particularly set out below.

TRACT 14708 — Jefferson Davis, Vermilion, and Cameron Parishes, Louisiana — All of the lands now or formerly constituting the beds and bottoms of all water bodies of every name and description and all islands and other lands formed by accretion or reliction, except tax lands, owned by and not under mineral lease from the State of Louisiana on October 1, 1977, situated in Jefferson Davis, Vermilion, and Cameron Parishes, Louisiana, within the following described boundaries: Beginning at the Northwest corner of State Lease No. 7033, having Lambert Plane Coordinates of X = 1,555,000.00 and Y = 509,000.00; thence South 9,000.00 feet; thence East 10,560.00 feet; thence South 5,280.00 feet; thence Southwest to the mouth of Calcasieu River, estimated to contain approximately 2,178 acres, as shown outlined in red on a plat on file in the Office of the Secretary, Department of Natural Resources. All bearings are based on Louisiana Lambert Plane Coordinate System (South Zone).

TRACT 14709 — Cameron Parish, Louisiana — All of the lands now or formerly constituting the beds and bottoms of all water bodies of every name and description and all islands and other lands formed by accretion or reliction, except tax lands, owned by and not under mineral lease from the State of Louisiana on September 22, 1977, situated in Cameron Parish, Louisiana, within the following described boundaries: Beginning at the Southwest corner of State Lease No. 6895, having Lambert Plane Coordinates of X = 1,548,400.00 and Y = 474,700.00; thence North 5,117.22 feet along the West line of said State Lease No. 6895 to its Northwest corner, having Lambert Plane Coordinates of X = 1,548,400.00 and Y = 474,700.00; thence West 4,000.00 feet to a point having Lambert Plane Coordinates of X = 1,544,400.00 and Y = 474,818.01; thence South 4,784.77 feet to the point of beginning, estimated to contain approximately 700 acres, as shown outlined in red on a plat on file in the Office of the Secretary, Department of Natural Resources. All bearings are based on Louisiana Lambert Plane Coordinate System (South Zone).

TRACT 14710 — Cameron Parish, Louisiana — All of the lands now or formerly constituting the beds and bottoms of all water bodies of every nature and description and all islands and other lands formed by accretion or reliction, except tax lands, owned by and not under mineral lease from the State of Louisiana on September 22, 1977, situated in Cameron Parish, Louisiana, within the following described boundaries: Beginning at the Southwest corner of State Lease No. 6895, having Lambert Plane Coordinates of X = 1,548,400.00 and Y = 469,582.78; thence South 88 degrees 21 minutes 47 seconds East 11,500.00 feet along the South line of said State Lease No. 6895 and an easterly extension thereof to a point having Lambert Plane coordinates of X = 1,559,895.31 and Y = 469,254.27; thence South 4,436.24 feet to a point having Lambert Plane Coordinates of X = 1,559,895.31 and Y = 464,818.01; thence West 6,125.55 feet to the Northeast corner of State Lease No. 6938, having Lambert Plane Coordinates of X = 1,553,769.76 and Y = 464,818.01; thence West 5,140.00 feet along the North Line of said State Lease No. 6938 to the Northwest corner of said State Lease No. 6938, having Lambert Plane Coordinates of X = 1,548,400.00 and Y = 464,818.01; thence North 4,784.77 feet to the point of beginning, estimated to contain approximately 1,137 acres, as shown outlined in red on a plat on file in the Office of the Secretary, Department of Natural Resources. All bearings are based on Louisiana Lambert Plane Coordinate System (South Zone).

TRACT 14711 — Cameron Parish, Louisiana — All of the lands now or formerly constituting the beds and bottoms of all water bodies of every nature and description and all islands and other lands formed by accretion or reliction, except tax lands, owned by and not under mineral lease from the State of Louisiana on September 22, 1977, situated in Cameron Parish, Louisiana, within the following described boundaries: Beginning at the Northwest corner of State Lease No. 7033, having Lambert Plane Coordinates of X = 1,503,300.00 and Y = 407,900.00; thence West 10,560.00 feet; thence South 5,280.00 feet; thence East 10,560.00 feet to the Southwest corner of said State Lease No. 7033; thence North 5,280.00 feet along the West line of said State Lease No. 7033 to the point of beginning, estimated to contain approximately 1,280 acres, as shown outlined in red on a plat on file in the Office of the Secretary, Department of Natural Resources. All bearings are based on Louisiana Lambert Plane Coordinate System (South Zone).

All bids are to offer a cash bonus for a lease having a primary term of not more or fewer than five years and granted without any warranty of title whatsoever against lessor whatsoever, either expressed or implied, not even for return by lessor of any payments received from lessee by the lessor or being responsible to lessee. The minimum royalty required by RS 30:127, as amended, are one-eighth (1/8th) of all oil produced and saved, one-eighth (1/8th) of all gas produced and saved, seventy-five cents ($.75) per long ton of sulphur produced and saved, ten cents ($.10) per ton of potash produced and saved; and one-eighth (1/8th) of all other liquids or gaseous hydrocarbon minerals produced and saved. A bid of a royalty less than the aforesaid statutory minimums will be invalid and will not be considered by the Board. All bidders are notified that the Board does not hesitate itself to accept a bid which offers the aforesaid statutory minimum royalties, but reserves the right to accept a royalty bid on sulphur and potash greater or lesser than the preferred royalty, provided that the statutory minimums are met if the entire bid is considered most advantageous to the State of Louisiana.

MUSING...

We have turned into a throw-away society

By BERNICE STEWART

From 1776 to the present we have changed from a frugal people to a throwaway society. It has been said that today in the United States more is wasted in one second than was made in a whole year a few centuries ago. Naturally, the increased population must be taken into account. A small quota of waste per person multiplied by millions produces an astronomical figure. By the same token, however, millions of people are capable of producing enormous quantities of everything under the sun.

I became acutely aware of our wasteful trends today as I stuffed tin cans, cardboard cartons, disposable glass bottles, plastic milk jugs, old newspapers, and paper towels and napkins into my garbage can. Two hundred, one hundred, even fifty years ago, these items were disposable items on the market.

On our farm at Grand Chenier, where I grew up, little was wasted. Frugality, besides being a necessity, was a virture. Left-overs from the table went to feed dog and cats, chickens and pigs. Meat fat scraps were transformed into soap. Ashes from fireplaces and stove were judiciously mixed with soil as an alkalizing agent. In my grandparents' younger years, it had been learned into lye. Manure from barn and chicken pens became garden fertilizer. Pasture grass was turned into hay and autumn leaves into compost.

Soapy water, in which clothes had been washed was used to scrub the wide open porches. Syrup cans with tiny rust holes were coated with bottom-of-the-bucket paint remnants and converted into containers for house plants. Scraps of dress material were sewn into patchwork quilts. Discarded clothing was stripped and braided into rugs. Garments outgrown by older members of the family were ripped and re-fashioned into everyday clothes for the children.

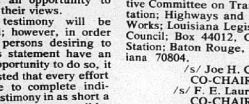
My mother firmly adhered to the principle of "make over, make do, and do without". Her paraphrase of Benjamin Franklin's maxim was, "A penny saved is a penny earned."

"Do without something now that you want but don't need," she would say, "in order to provide for the rainy day that you don't want, but are likely to have."

This spirit of frugality that was so dominant a characteristic of our Cameron heritage is too often being pushed aside by a wasteful, throwaway economy. Individuals with their willful waste seem to pace our government with its wild orgies of spending. The extravaganzas of our society as a whole seem to indicate its belief in no day of reckoning.

There are those who equate frugality with stinginess. They have a point if a person's frugality has made his selfish and miserly. The solution is to combine frugality with liberality. So cut down on unnecessary expenses in order to contribute to beneficial ones.

The sooner we practice frugality ourselves and demand it of those who draft all governmental budgets the sooner we shall our country return to a golden harvest of temperance and liberty. After all, these are the qualities of peace and happiness.



A baked potato will taste better if you stick it with a fork a few times before baking so the steam can escape more easily.

PICTURED ARE Miss Karen Miller with her second grade class of Grand Chenier Elementary School eating their Thanksgiving dinner with their Pilgrim's hats made by their teacher while studying "what Thanksgiving is about".

4-Hers go to workshop at Karo's

The Grand Chenier members of the Junior 4-H Club attended a workshop at Karo Cajun in Sweetlake Saturday, Nov. 19.

Those attending were: Cheryl Miller, Leah Trahan, Allyson and Dana Richard, Lesia and Lana Hebert, Lori McNease, C. A. and Kevin Mhire, Kreg Rutherford, Stephen, John and Paul Canik, Randal Hebert, Xann Murphy, Lori Theriot, Monica and Todd Dupuis and leaders, Peggy Mhire and Mary Jo Canik.

Parents accompanying the group were: Ledian Richard, LaRose Dupuis, Mable Miller, Regenia Rutherford and Yvonne McNease.

Yule plans

Christmas plans were finalized by the Creole 4-H Club at their regular meeting recently.

A report was given by Richard LeBeouf on the progress of his pig. Mr. Gary talked about the Forestry Slogan Contest and showed a film.

Birth

ROBERT COREY FAULK

Mr. and Mrs. Robert D. Faulk of Cameron announce the birth of their third child, Robert Corey, Thursday, Nov. 10. He weighed 7 lbs. 9 oz.

Grandparents are the late John K. Faulk and Irma Gros of Big Lake and Mr. and Mrs. Anthony Naquin of Paradis.

The couple's other children are DeDee and Dwaine.

JOHNSON BAYOU NEWS

St. Peter's church to have benefit Dec. 4

By CAROLINE HABERT

St. Peter the Apostle Church will have a benefit on Sunday, Dec. 4, in Hackberry. The parisioners of Johnson Bayou and Holly Beach are also invited to attend their Parish's Benefit.

The C.C.D. students will be involved in raffling a shotgun. A barbecue also will be held.

SURGERY

Mrs. Elsie Erbelding had surgery on Friday, Nov. 11, in the Cal-Cam Hospital in Sulphur. She returned home on Wednesday, Nov. 16 and is doing fine.

VISITING

Mrs. Faye Crisco from Biloxi, Miss. is visiting with Mr. and Mrs. J.B. Erbelding III and family for an extended three week visit.

Mr. and Mrs. Francis Erbelding had out-of-town guests recently. They were Mr. and Mrs. John Hensley from Mountain Home, Ark. The Hensleys are originally from Johnson Bayou where Mr. Hensley worked for Mobil Oil Company. They have been living in Arkansas for three years since his retirement.

Mrs. Kay Corley and her sons, Clint and Caroll, from Florien are visiting her parents, Mr. and Mrs. Francis Erbelding for the Thanksgiving week. They arrived on Friday, Nov. 18, and plan to stay through Sunday, Nov. 27.

FAMILY GATHERING

Don, James, and I visited his parents, Mr. and Mrs. Roy Hebert at their home in Cameron, on Sunday, Oct. 30 for a family dinner and our annual get-together to draw names for Christmas.

All the family attending the dinner were Mr. and Mrs. Buddy Aubey and their children, Jill, Joe, Beth, and Julie; Mr. and MRs. Hilray Trahan and their sons, Brian, Timmy, and Jon-Jon; Mr. and Mrs. Cedric Hebert and their baby, Clair; and Keith Hebert, all of Cameron. Also Mr. and Mrs. John Allen Hebert and their daughters, Tammy and Brenna from Lake Charles. Out-of-town guests for the day were Mr. and Mrs. Emery Hayes and their children from Lafayette.

On Sunday, Nov. 6, my parents, Mr. and Mrs. Ernest McLeod and my sister Elaine Boudreaux, and her daughter, Janet, all of Sulphur, visited with us at our home. We had a birthday dinner for Elaine and served cake and soft drinks after the dinner.

Plans for the annual Christmas party were made at the November meeting of the Richard Bros. American Legion Auxilliary last week at the American Legion Hall.

It will be held Friday night, Dec. 16, at the American Legion Hall and will feature a covered dish supper, gift exchange, and dance.

Mrs. Murphy Theriot, president, was in charge of the business meeting held after a Thanksgiving supper with the Post members.

Mrs. Vivian Stutes received the loving cup as the oldest person in attendance at the monthly fellowship of the Cameron Senior Citizens group Sunday night in the Cameron Catholic Family Center.

Opening prayer was led by Ed Kelley. The Cameron Cub Scouts, Webelows Den No. 4, Pack 210 and their Leader Mrs. Burl LaBove entertained the group with group participation games.

Mrs. Heliare Hebert was presented with the birthday cake of the month.

Mrs. Victoria Daigle received the women's door prize and the men's door prize was won by Ellis McWhirter.

Refreshments were served by the sponsoring groups, the Cameron United Methodist Women and the Cameron Court of the CDA No. 1896.

The December fellowship will be held Dec. 18 at the Cameron Methodist Church fellowship hall.

GRAND CHENIER NEWS

Chenier folks in hospital

By ELORA MONTIE

Claude Bonsall, who was taken to St. Patrick's Hospital, Nov. 12 is reported doing better.

Milton Collins, who was in a Houston, Texas nospital, came home Friday doing better.

Gerald Mouton, who underwent heart surgery in St. Luke Hospital in Houston is reported doing well.

T. A. Gawvor, who underwent tests in St. Luke Hospital came home Saturday.

Severin Miller was taken to St. Patrick's Hospital Sunday morning. He is doing better.

Mrs. Clophia (Louise) Baccigalopi of Creole underwent surgery Nov. 15 in St. Patrick's hospital. She is reported doing fine and expected home soon.

NEW CAR

Mr. and Mrs. Charlie Theriot this past week purchased a 1978 light blue Chrysler.

Mrs. Emma Ogburn purchased a light blue 1978 Buick.

Mr. and Mrs. Bobbie Baccigalopi, who have been living in Houston for some time, have purchased a home in Houston.

Congratulations to the Tarpons who won the game of 34 to 0 this weekend. Many folks from our area attended.

VISITORS

Mr. and Mrs. Curt Bouillion of Kaplan Friday visited Elora Montie.

Spending the weekend with Mr. and Mrs. Harold Porter in Lake Arthur were Mrs. Emma Nunez and Cindy Nunez.

Spending the weekend in their camps here were Dr. and Mrs. Bob Chabreck and Mr. and Mrs. David Chabreck of Baton Rouge.

Mr. and Mrs. Milton Dugas and children and Mrs. Pierre Broussard of Lake Arthur visited with Mr. and Mrs. Horace Mhire over the weekend.

Spending Saturday and Sunday with Mr. and Mrs. Harold (Red) Dupre were Mr. and Mrs. Anthony Randazzo and son Vic of New Iberia.

Mr. and Mrs. Joe Babineaux of Lake Charles spent the weekend with Mr. and Mrs. Arthur Lee Booth and family.

Spending Saturday and Sunday with Mr. and Mrs. Roy Clark and Roy Allen were Adam Miller and daughter Jennifer of Lafayette.

Spending the day Saturday with Mrs. Gladys McCall here were Mr. and Mrs. Norman McCall.

Spending some time this week with Mr. and Mrs. Lee Nunez Jr. and family were Mr. and Mrs. Tom Sumeral and children of Mississippi.

Mrs. Kathy Baccigalopi flew to Maryland to spend a week with her husband, Gooch Baccigalopi, who is stationed there.

Homemakers set meeting

The Cameron Extension Homemakers Club will hold its November meeting Monday, Nov. 28 at 7 p. m. in the Calcasieu Marine Bank meeting room. Members are reminded to each bring a salad dish and their own drink.

Plans for the annual Christmas party will be finalized.

The English call the merry-go-round a "roundabout." In France, where it was first made 300 years ago, it is named a carrousel.

Funerals

CHARLES NOBLES

Funeral for Charles Nobles, 83, of Hackberry will be at 10 a. m. Friday at St. Peter's Catholic Church with burial in the church cemetery under the direction of Hammer Funeral Home in Sulphur.

Nobles died at 6:45 p. m. Monday in West Calcasieu-Cameron Hospital.

Mr. Nobles was a retired oil field worker and a veteran of World Wars I and II. He was also a retired inspector of the U. S. Navy.

Survivors include his wife, Mrs. Allie Protie Nobles; two sons, Charles L. Nobles of Hackberry, and James Nobles of Terrell, Tex.; two daughters, Mrs. Margaret Pitts of Hackberry, and Mrs. Helen Sauchier of Raleigh, N. C.; two brothers, Phillip Nobles, and Thomas Nobles, both of Rapids, Wis.; one sister, Mrs. Margurite LaRoux of Evert, Wash.; ten grandchildren and five great-grandchildren.

MRS. URSULE BENOIT

Funeral services for Mrs. Ursule Benoit, 91, of Little Chenier, were held Sunday, Nov. 20, from Sacred Heart Catholic Church in Creole.

Monsignor M. J. Bernard, pastor officiated. Burial was in Little Chenier Cemetery.

Mrs. Benoit died Friday at her residence.

Survivors are two sons, Elery and Aristile Benoit; three daughters, Emma Benoit, Eumaia Benoit and Mrs. Edna Miller, all of Little Chenier; three sisters, Mrs. Doralise LeBove, Mrs. Margaret Mhire and Mrs. Euzade Anderson, all of Port Neches; one grandchild, four great-grandchildren and four great-great-grandchildren.

MRS. NANCY MURPHY

Funeral services for Mrs. Nancy Ann Murphy, 88, Cameron, were held Sunday, Nov. 20, in the Wakefield Methodist Church.

The Rev. Minns Robertson officiated. Burial was in the Wakefield Methodist Church Cemetery.

Mrs. Murphy died Saturday.

Survivors include two daughters, Mrs. Irene Vincent of Sulphur and Mrs. Norman Stanley of Port Arthur; three sons, Preston Murphy of Port Arthur, Howard Murphy of Mobile, and Joseph Murphy of Cameron; 15 grandchildren, 25 great-grandchildren, and 13 great-great-grandchildren.

The great pyramid in Egypt was built by King Cheops in the 26th century B.C.

Rt. 1, Cameron

By MRS. GEORGE NUNEZ

Mrs. McDonald Nunez of Port Arthur visited Mrs. Allie Nunez and Phil recently.

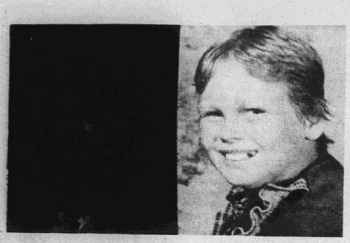
Mrs. Ruby DeBecky and granddaughter Patricia of Lake Charles visited Mr. and Mrs. Tooty Marsh Sunday and attended the funeral of Mrs. Nancy Murphy. Also some other out-of-towners at the funeral were Mrs. Mary Manuel, Mr. and Mrs. Wilson Mudd of Eunice, Mr. and Mrs. Austin LeBeouf, Port Arthur; Mrs. Dot Isgitt, Debra and John of Celia, Tex.; Mr. and Mrs. Slisk Marshall, Beaumont; Mr. and Mrs. Curtis Eagleson, Lake Charles; and Ben and Jim Mudd, Lake Charles; Mrs. Cleo Valette and MRs. Tillie Mudd, Sulphur; Elsie Marshall, Vinton; Doll Howard, Hackberry; Tommy Nunez, Houston; Mr. and MRs. Pate Sells of Johnson Bayou.

Mr. and Mrs. Gerald Nunez and Timothy of Vinton are spending the holidays with George Nunea and Margie Kelley and Jerry.

Mrs. Russell Nunez, Cline and Carson, visited in Lake Charles Monday with Mr. and Mrs. Herbert Rhodes.

Mr. and Mrs. Butch Watts Bryan and Gannon of New Iberia are spending a week with Mr. and Mrs. Brown Watts, Mr. and Mrs. Fletcher, and Mrs. Matilda Doxey.

Get will wishes to Gerald Mouton who had heart surgery in Houston, and who is doing better. Also to Mrs. Myrtle Savoie who is in intensive care in St. Patrick's.



Penny Baley

Pebbles Hicks

Girls of the Month named at Hackberry

The Hackberry high school F.H.A. Club has chosen their girls of the month for September and October.

Penny Baley, daughter of Mr. and Mrs. Sam Baley, was the girl of the month for September. She is an active member of the club and is currently serving as vice-president. Penny is a senior and is also a member of the library club.

Pebbles Hicks, daughter of Mr. and Mrs. George Hicks, was selected as girl of the month for October. She is a new member this year and was first place winner for the most candy sold during the candy sales.

Death

JERRY MASON

Funeral services for Jerry Mason, 45, of Cameron were held Monday, Nov. 21, at 2 p. m. at Sacred Heart Catholic Church in Creole. Father Bernard officiated. Burial was in Sacred Heart Cemetery.

Mr. Mason died Saturday, Nov. 19, of a heart attack while he was working on the boat, Sunrise III, in the Gulf of Mexico.

* * *

Loud praises are sung by music lovers across the country for a nationwide chain of stores, such as Radio Shack, whose Realistic brand offers low-priced high-reliability turntables that keep your LP's playing better, longer.

* * *

The loudest organ stop in the world has the apt name of the "Grand Great." It is operated by a pressure of 100 inches of water and has a pure trumpet note of earsplitting volume more than six times the volume of the loudest locomotive whistle.

Probably the loudest, but definitely the longest, alphorn in the world is 32 feet 9 1/2 inches long in Bavaria, West Germany. It required three blowers.

THE MEMBERS of the South Cameron high school yearbook staff for 1977-78 are pictured above. They are from left: top row - Miss Glenetta Benlot, sponsor; Bradley Trahan, editor; Arlene Roy, and Angela Stephenson; middle row - Stephanie Shay, Cindy Nunez, Kevin Colligan and Andrea Rials; bottom row - Christine Theriot, Kevin Brown, Laurie Dyson and Bill Jones. Members not pictured are Charla Blake and Rosalind Crain, trainees.

Legals

NOTICE OF PUBLICATION CAMERON PARISH SCHOOL BOARD

By virtue of and in conformity with the procedures of Section 151 through 158 of Titlw 30 of the Louisiana Revised Statutes of 1950, as amended, sealed bids will be received at the office of the Cameron Parish School Board in Cameron, Louisiana, on or before the twelfth (12th) day of December, 1977, at 10:00 a. m. at which time all bids received will be opened by the Cameron Parish School Board, for a lease covering the oil, gas, sulphur, potash and or other liquid gaseous hydrocarbon mineral rights in, to, and under the following described property:

Grand Chenier Elementary School Site: Beginning at the Southeast corner of the Irvin LaBove tract in Section 43, Township 15 South, Range 5 West, thence North 9 degrees 11' East 598.6', thence South 9 degrees 07' West 595.3', thence North 73 degrees 10' West 260.1', to the point of beginning, estimated to contain 3.97 acres, this tract being designated as Tract 5 on plat of survey attached to boundary agreement dated April 4, 1955, recorded in Book 106, Page 69, File 70958 of the Conveyance Records of Cameron Parish, Louisiana. It is the intention that this description also include all of the minerals which may be owned by the School Board underlying the public road which is adjacent to and on the South side of the above described tract and containing .4 of an acre, more or less; a total of 4.37 acres, more or less.

All bids are to offer a cash bonus for a lease having a primary term which shall not exceed three years. Minimum royalties shall be one-fourth (¼) of all oil and gas produced and saved; two dollars ($2.00) per long ton for sulphur produced and saved; twenty cents ($.20) per ton for potash produced and saved; one-fourth (¼) of all minerals produced and saved.

Any lease granted hereunder shall be on the regular current State Agency form and shall be subject to the approval of the State Mineral Board. Certified check, Bank Money Order, or Cashier's check, payable to the Cameron Parish School Board for the full amount of the bonus, shall accompany and be submitted with each bid; and no bid thus submitted may be thereafter withdrawn or cancelled; and the cash bonus accompanying the bid of the successful bidder shall be forfeited to the Cameron Parish School Board should he not return the written lease, duly executed, within twenty (20) days after his receipt of the same.

The Cameron Parish School Board reserves the right to reject any and all bids and to grant a lease on any portion of the tract advertised for a price not less than proportionate to the best bid offered for the lease on the entire tract.

Jazz, Voodoo, Moss & Margaret

Paperback books about New Orleans, by Raymond J. Martinez, published by Hope Publications, P.O. Box 10062, Jefferson, La. 70181, each $1.75.

Reviewed by MARIE WISE

Hope Publications distributes a variety of Louisiana oriented books, many of them paperback, from cookbooks to colorbooks, all of which offer entertaining reading and make convenient, quality-type gifts.

Portraits of New Orleans JAZZ, Its People and Places, has lots of pictures, 63 pages, and an index of 900 names. First published in 1971, it offers a collection of stories and information about "Jazz . . . born in New Orleans . . . created out of African rhythms and the European brass band music . . ."

Jazz, says author Martinez, "The only true American art form", developed naturally in New Orleans where the essentially Latin character was little effected by Puritan influences elsewhere in America.

Among the many stories is this one about the immortal Louis Armstrong: "When he first appeared in New York . . . everybody thought he would be laughed off stage (until) he took his horn out of a brown paper bag and started to blow".

Mysterious Marie Laveau, Voodoo Queen, and Folk Tales along the Mississippi, has 96 pages and a bibliography.

Was she a medium in the modern day scientific sense? A sensitive? A telepath? In any case, Marie Laveau was a real person and her power to influence events was real in the minds of those who sought her advice, including some of the most educated people in New Orleans.

Born a free mulatto at New Orleans in 1794, she claimed to be "descended from the noblest blood of France". In fact, she was a master showman and ritualistic who "succeeded in the practice of Voodooism in a community where culture was high and the Christian religion eminent . . ."

The Immortal Margaret Haughery, 76 pages, pays tribute to an Irish immigrant to New Orleans who established the first steam bakery in the South and spent her lifetime and fortune helping the poor.

The first statue ever erected in the United States to honor a woman was Margaret's at Margaret Place, following her death in 1882.

One of this remarkable woman's stories is the Margaret VS General Butler affair during the Civil War federal occupation of New Orleans. Ordered to stop sending food through the Union picket lines, she personally went to tell the Commanding General that she could not, would not, stop her charity work. The General reiterated that she faced arrest and possible execution if she persisted without his permission - and then gave her a special pass.

The Story of Spanish Moss and The Wax Tree, 31 pages, tells about two of Louisiana's very special products.

Beloved for its beauty and air of mystery, the moss that hangs from our Southern trees was called "tree hair" by the Indians, "Spanish Beard" by the early French and, in response, "French Hair" by the Spanish. Now known world wide as Spanish Moss, it is part of Louisiana's, and the Gulf South's, heritage.

Historically used for mattresses, in upholstering and as a binder for mud and clay in chimneys and caulking, moss was once an important part of Louisiana living.

Far less known is the wax

Cajun cooking the microwave way

"Saute: A Collection of Creole Recipes for the Microwave Oven" by Jeanne H. Landry P.O. Box 24191, New Orleans, La. 70184, 64 pp., $4.95.

Reviewed by MARIE WISE

Roux that cooks in 15 minutes? Crawfish etouffee in 307 Jambalaya in 757 Yes! If you have a microwave oven and Jeanne Landry's recipes from her new "Saute" book.

It's all done the Cajun-French way, but with a microwave replacing the big iron pot. And what a transition! Preparation time is reduced to half and stirring to almost nothing.

The chopping stays. Creole dishes would never be the same without their green, white and red onions, celery, bell peppers, parsley and garlic, all cut up into tantalizing sauces accented with cayenne, tabasco, file, andouille, chili peppers, and the assorted secrets of South Louisiana culinary tradition. But you have time to do the chopping as the oven does the cooking, author Landry says.

The magic of the microwave is its speed while retaining the special French cuisine flavors, she tells her readers. Jeanne Landry spent eight years adapting the world-renowned dishes of her native New Orleans area from the iron pot to the microwave method.

She had spent a lifetime among superb cooks from families appreciating the art: her Robichaux grandparents from Pontchatoula; her Grandmother Higginbotham whose specialities were rice dressing, creamed corn "and letting my Paw-Paw (Grandfather Higginbotham) cook red beans"; her mother whose cooking combined the best of both families; and her mother-in-law who excelled at turtle soup, grillades and daube. All of these have been adapted for "Saute".

The adapting came naturally to Jeanne Landry soon after she accepted a job as consumer educator with a major appliance distributorship. Here she used her first microwave oven, was intrigued with it, and has been "translating" recipes ever since. Now she is supervisor of a consumer education program in Louisiana and Mississippi.

Microwave cooking is different, this mother of five advises; you do have to learn how. But the new methods are fun; quicker, cooler, easier, and "the food tastes so good!"

Good reading

1776 Louisiana had a promoter

"Louisiana in 1776" edited by Gilbert C. Din, available from Hope Publications, P.O. Box 10062, Jefferson, La. 70181, 96 pp., $5.95.

Reviewed by MARIE WISE

Francisco Domingo Joseph Bouligny (1736-1800) was one of the most important public relations men Louisiana ever had. In the critical year of 1776 his glowing reports to the royal court of Spain influenced the crown to raise Louisiana's status from that of step-child colony to one of anticipated value.

Because of Bouligny's *Memoria*, Governor Galvez was ordered to increase Louisiana's defenses, promote commerce, develop new crops, divert trade from the British in Florida and improve Indian relations; in short, to build Louisiana into an important part of the Spanish Empire.

When Spain had accepted Louisiana from France in 1763 it did so reluctantly. The territory of Louisiana was gigantic but empty, having a mere 11,000 people mostly centered around New Orleans and barely half of them white. Spain assumed this burden only to keep England from getting it and as some sort of compensation for the loss of Florida to England in the Seven Years War.

In 1776, English colonies stretched from the Atlantic to the Mississippi and Spain needed a buffer state between the expanding British and their own New Spain in Texas and Mexico. Bouligny's *Memoria* convinced the Spanish court that Louisiana was worth developing for this purpose as well as for its economic value.

Francisco Bouligny ranks as one of the leading Spaniards in colonial Louisiana where he served for 31 years. Born in Spain, the son of a French father whose family (Bolgonini) was originally Italian, he first came to Louisiana with General O'Reilly's troops in 1769. Six months later he chose - as did many of the European officers - to marry a pretty Creole, Marie Louise Senechal d'Auberville, and settle permanently in New Orleans.

Bouligny was no diplomat - his lifestory is full of explosive incidents and personality conflicts (not unusual for a highborn Spanish-French-Italian) but his services to Louisiana both military and civil, were distinguished. Active in the all-important colonization promotion of Louisiana, it was Bouligny who established New Iberia in 1779 and worked with the great influx of Acadian colonists during this fast-growing period.

Louisiana in 1776, A Memoria of Francisco Bouligny, just published, in No. 3 in the Louisiana Collection Series on Colonial Louisiana. Translated and edited by Gilbert C. Din, PH.D., the manuscript was completed last year as a special Bicentennial project.

The book is 6 x 9 in., softcover, indexed, the last half being the actual *Memoria* in eleven chapters and the beginning devoted to Louisiana history, Bouligny's personal story, and interpretations of the enormous influence his optimistic presentation of Louisiana's potential had on Spain's consequent treatment of the colony.

No person really interested in Louisiana history should miss this volume. -52

The Challenge of Genealogy

by MARIE WISE

Kentucky, 15th state of the nation since 1792, found itself a stepping stone to the west and south during the period of great migration following the 1803 Louisiana Purchase.

The majority of pioneer families who settled Kentucky earlier had come from Virginia and the Carolinas, plus some from the northeast. Children of their large families and a steady wave of eastern emigrants moved onward in the search for land.

One of the busiest areas in Kentucky was Caldwell County, organized in 1809 and including what is now Lyon and parts of Trigg and Christian counties. Caldwell was rich in transportation opportunities: the old Saline Trace established by the first settlers was a major road to the west; the Cumberland and Tennessee rivers traversed the county; the Ohio and Mississippi rivers were gateways to the south and west.

When Captain Nicholas Roosevelt brought the first steamboat, the "New Orleans" downstream from Pittsburg in November, 1811, he opened the famous river traffic era that by 1820 was thriving between New Orleans and the falls of the Ohio.

CALDWELL COUNTY

"Pioneers of Caldwell County, Ky. Vol. 1, 1809-1834" is a 6 x 9½ in. hardback book, 157 pp., $15.00, by Olive Eldred and Nancy Beck, available from: Pioneers, 702 West Locust St., Princeton, Ky. 42445. Fifty pages of index list some 3,500 full names.

Containing probate records of the original settlers, this book is a valuable source of names from the constantly flowing population. During such a time, many families might easily have been missed in even the once-a-decade census records.

Listed from wills are name of the principal, his wife, children, grandchildren, other relatives, witnesses and executors. Inventories name the appraisers: sale bills, the administrators and buyers; settlements, the commissioners, executor and names listed in accounts . . . often 30 or more names to one instrument.

SILAS COOK

Olive Eldred, compiler of the above "Pioneers", also does historical and genealogical research in her area and writes that she has rather extensive files. Ms. Eldred also sent information on one of the Caldwell Co., Ky. citizens who migrated to Louisiana.

In 1796 Silas Cook married Lydia Early in Bertie Co., N. Car. In 1798 he appeared with his brother, John, on personal property tax list of Christian Co., Ky. and in 1799 he was named in a land survey from the area that became Caldwell Co. in 1809.

In 1802 he married Olive Pitman Fort and in 1810 Silas and his wife, Olive of Wilkenson County in the Mississippi Territory (Miss. became a state in 1817), sold land they owned in Ky. On 24 Sept. 1827, Silas was living in East Feliciana Parish, La. and appointed an attorney to sell property of his in Ky.

Silas was the son of Reuben Cook of Caldwell, Co., whose will of 1831 named heirs as John, Allen, Cullen, Sally Cook Howard, Patsy Cook Griffith.

ABBOTT FAMILY

"An Abbott Family" by Ruth Marcum Lind, 910 E. Sierra Way, Dunuba, CA 93618 is a 60 page, indexed, softcover volume, $5.00 that tells the story of Norman Abbott, b. 1825 in Ohio of Massachusetts parentage and his wife, Martha Tidwell, b. 1830 in Illinois of Georgia-Kentucky-South Carolina ancestors.

There are photographs of this couple and each of their eight children who reached adulthood with accompanying life histories giving personal information about where and how each lived, their physical descriptions, personality traits, and some interesting family stories.

The immigrant ancestor of this line, George Abbot(t) came to the American colonies in 1637 from Stortford, County Herts, England. Family records show the 12th and 13th generations today.

WHITAKER

Mrs. Betty Whitaker Leazenby, 6540 E. Raymond St., Indianapolis, Ind., 46203 writes that she is trying to locate a picture of her great-grandparents, James Frank (or Franklin) Whitaker and Mary Elizabeth Foshee Whitaker. He was b. May 24, 1824 in Georgia, migrated to Sugartown, La. ca. 1858, d. at DeRidder, 1901.

Mrs. Whitaker has traced the Whitaker lineage back to 1625 and invites anyone interested in the Whitaker family to write to her.

Address all questions or information for this column to: Marie Wise, P.O. Box 99, Sulphur, La. 70663.

LAWN HEALTH REGIME

If you're like most people, you understand the importance of enforcing a good health regime for your family. But many people don't realize that another living part of the family — the lawn — also thrives with proper health treatment.

Here are some tips from gardening experts on keeping your lawn healthy and beautiful.

1. Be sure to water the lawn properly. Water the seed well as soon as it is planted and make sure you keep the topsoil moist until seeds begin to germinate. Once the lawn is well-established, soak it to a depth of three to six inches whenever the soil becomes dry and crumbly, but don't water if rainfall is adequate. Excessive watering can cause lawn diseases.

2. Be sure to check the degree of acidity of the soil. Don't add lime unless you're sure it's necessary. It can be needlessly expensive and even harmful.

3. Be sure to protect against insect pests. If you're having an insect problem and don't know what it is, a logical first step may be to apply an effective all-purpose insecticide. One that is part of the Spectrum® line of home and garden products is Spectracide® Lawn and Garden Insect Control, containing Diazinon®. Spectracide fights damaging insects. Before using, read label directions.

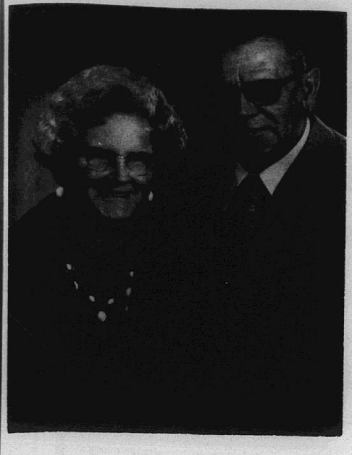
PROTECT ITS HEALTH—One way is to keep your lawn free of insects.

4. Be sure to apply the proper fertilizers at the proper times. Apply it in the fall and early spring with a spreader for even distribution.

5. Be sure to mow regularly. It's better to cut off a little grass regularly than a lot at one time. And keep your mower sharpened, as a blunt blade rips the grass.

Follow these health regime tips and your lawn should grow and prosper.

Early light bulbs did not last as long as modern ones because they contained a vacuum. Now they are filled with an inert gas.



MR. AND MRS. Robley Simon of Vinton will celebrate their Golden Wedding anniversary Dec. 10 in Kaplan. Mass will be at 10 a. m. at Holy Rosary Catholic Church followed by a reception at the American Legion Home. Their son and family, the Curtis Simons, will host the event. The honorees have six grandchildren. They are well known in the Holly Beach area.

HACKBERRY NEWS

By GRACE WELCH

The Thanksgiving Turkey Bingo was held Thursday night, Nov. 17, at Hackberry Recreation Center with 20 turkeys. 1 ham and a door prize awarded. Winners were Mrs. Claibornne Duhon, David Backlund, Molly Spicer, Mrs. Dolly Jackson, Mrs. Lennie Courmier, Arthur Seay, Mrs. Carolyn Hebert, Mrs. Lester Hebert, Mrs. Johnny Harris, Mrs. Marshall Spicer, Mrs. Jane Wright, Mrs. Laura Bonsall, Mrs. Norma Harrington, Miss Melba Vincent, Mrs. Benda Venable, Mrs. Robert Hewitt, Mrs. Carolyn Spicer, Mrs. Melody Swire, Ms. Claude Daigle and Debbie Spicer. The ham was won by Linda Gillis and doorprize by Linda Vincent.

HOMECOMING QUEEN

For Homecoming at Hackberry, Cheryle Navarre was chosen Homecoming Queen. She is a senior and daughter of Mr. and Mrs. Clevelaad Navarre.

Mr. and Mrs. John DeBarge and family have moved back to Hackberry from Baton Rouge.

BRIDAL SHOWERS

Miss Bussie Shove was honored at a bridal shower in Vinton Nov. 17, in the home of Mrs. E. W. Hayes.

She was also honored at a shower in the home of Mrs. Leroy Barbier in Hackberry.

BASKETBALL

The Hackberry tournament starts Friday morning Nov. 25, at 9 a. m. The Saturday games start at 9 a. m.

CHURCH NEWS

The Catholic Daughters had their meeting Monday night. Husbands attended. They discussed a barbecue coming up soon.

Rev. Mims of the First Baptist Church is on a two weeks tour of the Holy Land with the Hugh Van Eaton group. They left on Nov. 20 and will be back Dec. 1.

Last Sunday Donny Wright of Pasadena, Texas, a gospel singer formerly with the Chariots of Nashville, performed a concert during Sunday morning worship service.

Beta Club to aid orphanage

On November 14, the Grand Lake Beta Club was called to order by Donna Kline.

The club decided to send money to the orphanage in Monroe. Wendy Lannin and Jolene LaBove moved that the club to to a nursing home and sing Christmas carols in December.

The club decided to have installation of officers Monday, Dec. 5, at the recreation center. The installation is to be semi-formal, and refreshments will be served.

The Beta Club members decided to buy Beta T-shirts. The Christmas party is to be held at Jolene LaBove's house on Dec. 15, from 6:30 to 8:30. Everyone was asked to buy gifts for their secret pals.

The first potato chips were prepared in 1853 at Moon Lake House Hotel in Saratoga Springs, N.Y. They were made when a diner asked for "thinner than normal French fried potatoes."

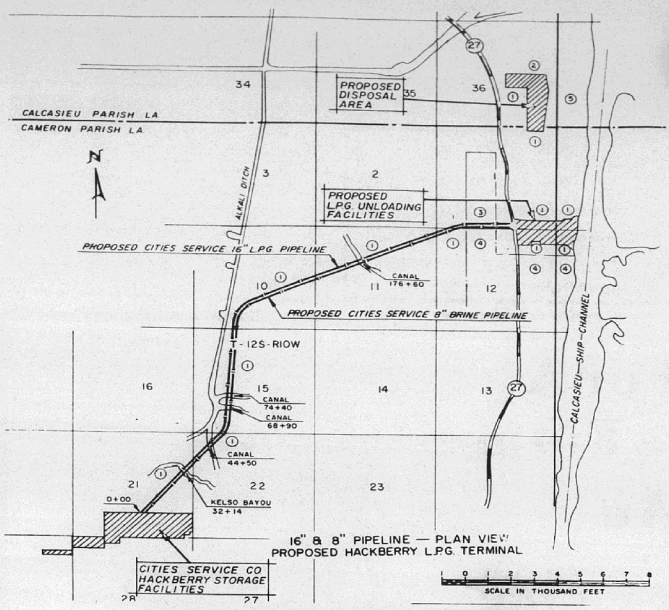
22nd Year No. 7 | Cameron, La. | Dec. 1, 1977



Map of Cities Service Hackberry pipeline

Texas Eastern to build new pipeline offshore

Texas Eastern has announced plans to construct a 26-mile, 30-inch diameter natural gas pipeline loop in the offshore Louisiana Cameron Area System operated by Texas Eastern Gas Pipeline Co. The $30 million pipeline will be constructed between East Cameron Block 245 and West Cameron Block 272, where manifold platforms exist.

The new pipeline, which will be constructed during the summer of 1978, will increase the system's maximum design capacity by 160 million cubic feet of gas per day (MMcfd). The increased capacity will allow the system to handle the addition of new gas production from the area, and increased production from existing dedicated sources.

Increased capacity also will accommodate the exchange and transportation of gas for other companies to reciprocate for their handling of new Texas Eastern supplies distant from the Cameron Area System, which transports offshore gas supplies to Texas Eastern's main line at Gillis, Louisiana, for transmission to eastern customers.

DEBBIE CONSTANCE was crowned as queen of the Johnson Bayou school Harvest Festival on Nov. 18. Shantel Blanchard, Robin Schaller and Maria Istre were first, second and third runnersup respectively.

Well permits sought here

The onshore and offshore oil exploration boom continues for Cameron parish.

Texaco Inc. has asked for a U. S. Corps of Engineers permit to enlarge an existing canal and install a shell pad about 2 miles northeast of Johnson Bayou.

Amoco Production Co. is asking for a permit to dredge and install two shell pads about 7 miles southwest of Cameron in Block 8 of the West Cameron area.

Amoco is also asking for a permit to install a drilling barge about 7 miles southwest of Cameron in Blocks 7 and 8 of the West Cameron area.

Catlett-Ferguson seeks to dredge an extension to an existing canal for access to a proposed oil well location about 3.2 miles southeast of Oak Grove.

H'Berry permit sought

Cities Service Co. has applied for a U. S. Corps of Engineers permit in connection with the construction of an unloading facility for liquified propane and butane on the Calcasieu ship channel and transferring the products by pipeline to an existing storage site near Hackbarry.

The gas is to be stored for later distribution by existing pipeline networks.

The company proposes to leave two storage caverns near Hackberry and discharge the brine into the ship channel.

Other work will include:

Dredge and maintain a berthing area and install and maintain a dock, mooring dolphins, two pile clusters, pier, a 16-inch pipeline, an 8-inch pipeline, and install and maintain a levee and repair and maintain an existing levee.

The proposed dock facilities are to be located within an area about 1,000 feet long and 100 feet wide, extending lengthwise approximately perpendicular to the mean low water shoreline, the outer edge to be about 350 feet landward therefrom.

The dredging operation in and off the Calcasieu Ship Channel will consist of the removal of approximately 1,200,000 cubic yards of material of which about 60,000 cubic yards will be deposited in a diked nonwetland area and approximately 1,140,000 cubic yards to be placed in an 86 acre disposal area of which about 15 acres is a wetland.

The pipeline will be 5.5 miles long.

Any person may request, in writing, that a public hearing be held to consider this application.

Creole contest set for Friday

The Creole Extension Homemakers Club will sponsor the South Cameron Elementary Little Miss and Mr. Contest Friday, Dec. 2, at 9 a. m. at the school under the direction of Mrs. M. C. Kelley.

Boys and girls who are 6, 7 or 8 years old and in grades 1, 2 or 3 are invited to participate.

Permission slips have been given out at school. These must be returned, signed by parents, prior to the judging on Dec. 2.

The winning pair will represent Creole in the parish contest during the Fur Festival in January.

Demonstration Day set

The annual Cameron Parish 4-H Demonstration Day will be held Dec. 22, at the Grand Chenier Elementary School according to Gary Wicke, 4-H Agent.

4-H members from throughout the parish will be participating in the following contests: Fur Judging, Conservation Demonstration, Dairy Food Demonstration, Bread and cereal Demonstration, Sew with Cotton, NJHA Artistic Arrangement Demonstration.

Winner of the Parish Contest will be representing Cameron Parish 4-H in the state wide contest.

Miss Cameron contest open

Mrs. Robert Ortego, chairman of the Miss Cameron Parish pageant announced that any girl interested in participating in the contest should contact her for an application.

Applications are also available at high schools in the parish.

Entrants must be a parish resident between the ages of 17 and 21, and unmarried.

The contest will be held on Jan. 13, in conjunction with the Louisiana Fur and Wildlife Festival.

Tickets on sale

Burman Cheramie announced that advance ticket sales are now in progress for a New Years Eve dance to be held at the Cameron Recreation Center on Saturday night, Dec. 31 from 9 p. m. to 2 a. m.

The Keynotes, an 8-piece orchestra, will provide the music and gumbo will be served.

Classes set

The Cameron Council on Aging will sponsor ceramic classes at the Wakefield Methodist Church each Wednesday beginning Dec. 7 from 8:30 to 11 a. m. All those sixty and above are invited to attend.

Alumni Fund drive

Miss Judith Jones will head up the 19th annual LSU Alumni Fund in Cameron Parish.

The Alumni Fund supports all projects of the LSU Alumni Federation such as scholarships, part-time student employment, Alumni Professorships and distinguished teaching awards, continuing education and publications.

Last year 10 Cameron alumni contributed $210 toward the 18th Fund's record total of $303,596.73.

Miss Jones graduated from LSU in 1973 with a master's degree in supervision and administration after receiving a B.S. degree in education from the University of Southwestern Louisiana in Lafayette.

A native of Grand Chenier, she is supervisor of curriculum and instruction employed by the Cameron Parish School Board. She was previously on the faculty of Grand Chenier Elementary School.

Season opens

Trapping season in Louisiana opens December 1 and will extend through February 28, according to J. Burton Angelle, secretary of the Louisiana Department of Wildlife and Fisheries.

Licensed trappers can take nutria, muskrat, beaver, bobcat, coyote, fox, mink, opossum, otter, raccoon, ringtailed tailed cat, and skunk during the three month season. Nutria and muskrat are the backbone of the fur industry.

Pilot escapes injury in Gulf

A pilot escaped without injury Sunday when his Air Logistics helicopter developed engine trouble and was forced down in the Gulf of Mexico about 15 miles off Grand Chenier.

The pilot, Bill Shirley, stayed with the downed ship until salvage equipment reached the scene, but the chopper was overturned by heavy seas and sand about 1½ hours after the mishap.

TFC Jerald Singer of Troop D State Police was dispatched to the scene to assist with diving operations to recover the ship. It was secured to an oil rig near the scene of the crash, but an Air Logistics spokesman said Monday the aircraft had been heavily damaged by waves up to 11 feet in height.

L.B. rodeo

A benefit Little Britches rodeo will be held at 2 p. m., Saturday, Dec. 3 at the Robert Penny arena east of DeQuincy.

Proceeds will go to help pay the medical bills of Jerry Widdon, wellknown known local rodeo announcer who was seriously injured in an automobile accident some weeks ago.

Entry fees are $3 per event and contestants may register by calling Mrs. Sis Penny at 789-8142.

A saddle donated by the Boots & Saddle western store of Sulphur also is being raffled off.

Tournament set at J. Bayou

The Johnson Bayou high school invitational basketball tournament will be held Thursday, Friday and Saturday, Dec. 1-3.

Thursday's schedule is: 3:30 p. m.--Goretti vs. Orangefield; 4:45 p. m.--Goretti vs. South Cameron boys; 6 p. m.--Grand Lake vs. South Cameron girls; 7:15 p. m.--Grand Lake vs. Orangefield boys.

Friday: 5 p. m.--Hackberry vs. Barbe girls; 6:15 p. m.--Johnson Bayou girls vs. winner; 7:30 p. m.--Johnson Bayou boys vs. winner.

More games are scheduled beginning at 1:15 p. m. with the finals that evening.

Cover girl

Mrs. Pam Broussard, of Lake Charles, the former Pam Burleigh of Cameron, was featured as the cover girl on the Nov. 9 issue of the Liaison, a biweekly publication out of Lake Charles.

She is the daughter of Mr. and Mrs. Ray Burleigh.

Winners named at J. Bayou

The Little Mister and Miss Johnson Bayou Contest was held Monday, Nov. 28, at the school. Winners were Ricky Harrington and Joanie J. Constance.

First runners-up are Denman Goodwin and Nita McGee. Second runners-up are Daniel Billiot and Sherry Goodwin; and third runner-up is Delin Manuel.

The other participants in the contest were LaTisha Trahan, Dawn McRight, Amy Turner, Tracy Bowen, Tammy Erbelding, Marla Carder, Lloyd Hanks, Barry Badon, Kent Leger, Dale Jinks, Richard Koppie, Nathan Delino, George Constance and Wally Erbelding.

The judges were Barbara Lane Boudin, former Miss Cameron Parish of 1960, Mrs. Belder Roux and Mrs. J. T. Primeaux.

Absentee voting

Roland Primeaux, Cameron Parish Clerk of Court announced that his office will be open all week for absentee voting in the judge's run off from 8 to 4:30 and from 8 to noon on Saturday.

Cameron to hold contest

The Cameron Elementary School has held its preliminary contest for Little Miss and Mister Cameron. The children will compete in a night contest Wed., Dec. 7, at 7 p. m. at the Cameron Elementary auditorium.

The 12 Little Miss finalists are: Carlotta LaBove, Vickie Stewart, Wendy Blankenburg, Ginger Taber, Nora Dyson, Tara Davidson, Shaina Williamson, Kim Belanger, Kaylan Portie, Delaine Bang, Vivian Saltzman, and Gunilla Taber.

The 12 Little Mister Cameron finalists are: George Benoit, Jamie Miller, Jimmy Lee Dyson, Brian Trahan, Chris Jacobs, Travis Duhon, Curtis Stevens, Kevin Perkins, Jimmy Pual Saltzman, Benjie Trosclair, Jerry Kelley, and Chris Davidson.

Everyone is invited to the contest. The Cameron Elementary Kindergarten will provide entertainment.

Mission services

Mission services will be held at Sacred Heart church each evening, Sunday through Friday, Dec. 4-9, at 7 p. m., according to Msgr. M. J. Bernard.

Transplant your fruit trees now

By CLIFFORD MYERS

Transplanting of fruit trees can be done any time from mid-November through February. However, the early part of the transplanting period is preferred.

Early-planted trees will establish a superior root system prior to spring growth and will be better equipped to cope with a spring or early summer drought. Early-planted trees will also grow off much faster and develop into productive trees much sooner.

One exception to this rule is citrus. Because of the danger of killing freezes, young citrus trees should be left in their containers and placed under cover or protected until they can be planted in March. If bare-rooted citrus trees are purchased, they should be potted and held until spring or heeled-in and covered with a heavy layer of organic mulch when killing freezes are expected.

The most common mistake made when planting fruit trees is that of inadequate soil preparation.

Begin by checking soil drainage. Dig a 12 inch deep hole and fill it with water. If the water doesn't drain in 24 hours, the soil drains to poorly for good root development or the water table is too high in that particular area. When such a condition exists trees should be planted on ridges constructed of high organci topsoil and should be 12 to 18 inches high and wide enough to allow a good root spread.

When planting bare-rooted trees, dig a hole large enough to allow the root system to spread naturally.

Do not allow the roots to dry. If you plan to plant within 24 hours, keep the roots wet. If it will be several days before you plant, dig a shallow trench and heel-in the trees.

Before planting, cut back any broken or damaged roots. The top of any bare-rooted plant should be cut back approximately 30 percent to compensate for loss of roots during transplanting.

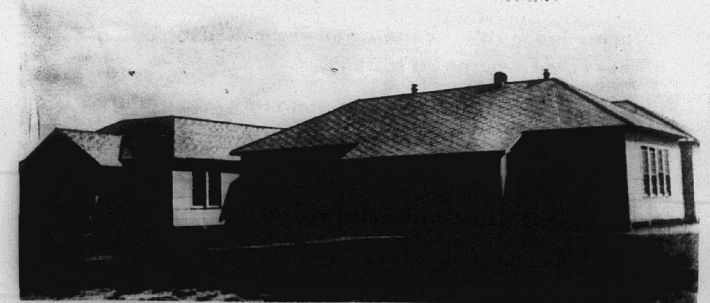
Balled and burlaped plants as well as those growing in containers have a distinct advantage over bare-rooted plants by having a relatively undisturbed root system. If this advantage is to be retained, use care to avoid breaking or damaging the root ball. Most nursery stock of this type can be planted anytime of the year.

Occasionally, one will buy a fruit tree which has been growing in a contaier too long and has become "root-bound". This condition is characterized by masses of roots piled around the bottom and sides of the container and usually growing out of drainage holes. Too, the plant usually appears stunted.

Begin planting procedures by thoroughly soaking the root ball. Completely immerse the root ball for about 15 minutes. Then let it stand several hours in a pan of water. Unless the root mass is loosened or some roots are cut, the plant will probably never outgrow its "root-bound" condition.

If you have to damage or remove part of the root system, you will need to compensate by pruning about ⅓ of the top growth. After placing the plant in the hole, back fill the hole 3/4 full with topsoil worked firmly around the root system with your fingers to eliminate air pockets. Fill the hole with water and let it settle. This should eliminate any remaining air pockets.

Finally, all the remaining top soil. Unless the topsoil is very deep, add organic matter of about ½ volume to the soil used as back fill.



DO YOU REMEMBER? This is a photograph of the old Sweetlake school taken about 1936. A portion of the old building, which had been used as a community center for years, was recently sold by the Cameron school board.

GRAND LAKE-SWEETLAKE

A World War II love story unfolds here

By AGNES HEBERT

During World War II, George Greathouse and Ed Gatchell were both officers with the U. S. Air Force stationed in England. George never met Ed's English sweetheart, Elizabeth, until they visited with his family recently.

After the war George returned to Louisiana and to his bride, the former Bernice McCain while Ed came home to Andover, Connecticut, married and had a daughter. Elizabeth never married. She worked for an artist in Paris and on a trip to the U. S. to an art show renewed acquaintance with her former sweetheart, Ed. He became a widower and 33 years after their first courtship, they were married.

The Gatchells stopped by to visit the Greathouses on their return from a trip to Mexico. They were especially happy to sample some of Bonnie's good seafood gumbo and to reminisce with George about wartime England.

SLUMBER PARTY

Lisa Daigle celebrated her birthday over the Thanksgiving holidays with a slumber party. Her classmates look forward to this as it has become an annual event. Lisa is the youngest child of Dot Hebert Daigle and the late Charles Daigle.

MARRIAGE

Saturday was the wedding day of Yvonne LeBert and Rickie LaBove. Rickie is the son of Velta and Wayburn LaBove of Big Lake. The young couple were married in Lake Charles.

With everyone trying to get in a little Christmas shopping you're bound to run into familiar faces in some of the stores. Chatted with Eloise Hebert who was picking up some more cactus for her rock garden.

Her mother, Mrs. Loney Fontenot who has had the misfortune to suffer several broken limbs in recent years, is now in a nursing home.

Sincere condolences to the family of my boss Sonny McCall upon the loss of their mother this weekend. Sonny was so sympathetic when Boon and I lost his mother last year that our hearts go out to him now.

MCNEESE ON TV

Did you see that fighting McNeese team on national TV? How about that! In spite of all their injuries they really gave the Raging Cajuns a tough time. Ernette and I enjoyed lunch on Saturday with Rhonda Nash and her mother Mrs. Ronnie Levine.

Billie and Ronnie attended the game in Lafayette on Friday night and she said the McNeese kicker was just crushed because he missed the tie-breaking kick but his team-mates were very sympathetic.

Men are really great cooks and they're especially masters at duck gumbo. Nelson "Chief" Hebert prepared a wildlife lunch for Bill Novick, Jack Randall Nelson and Boone Hebert recently.

These salesmen for Nelson Dodge were not surprised that the chef knew what he was doing because they can remember when he had the A & W root beer franchise in Lake Charles. Ate many a hamburger there myself.

Santa is in the Prien Mall and we saw little Shad Taylor having his picture taken on Santa's lap. His parents are Darlene and Mike Taylor. Also visiting with Santa were Jason and Jeremy Nash, sons of Dale and Phyllis Nash. Sue McCardle brought Chad and Casey shopping and to see Santa. The Raggedy Ann who helps Santa entertain his little friends is indeed--a living doll.

THANKSGIVING

Thanksgiving day at Granma's house. What better way could you spend this prayerful holiday than with your loved ones. All of their children except Harold were able to bring their families to Granma Susan and Granpa Wasey Granger.

Eight of their 11 grandchildren were present. Coming from Maplewood were Ernest and Clara and their children, Judy and Clyde Guillote and family, Neil and Janie and Christopher visited also even though Neil had to work and Janie had dinner with her parents the Clyde LaCombe's in Hayes.

Harold called from Nashville with love from his wife Barbara and daughter Squeaky. Rounding out the family circle were next door neighbors, Darrell and Gilbert Hebert who feel like they're part of the family.

FRIENDS

Making new friends should happen to everyone and so should keeping old ones. Allen LaVergne and Sherrie Taylor served as the witnesses for Jack Trahan and Alcia Barber's wedding ceremony in 1965. They were married shortly afterward and the friendship has stood the test of time.

The LaVergnes live in Ragley with their two children Mike and Missy and came down to spend Thanksgiving week with the Trahans While Jack and Allen took their sons Mike and Troy duck hunting. Alcia and Sherrie cooked holiday goodies and entertained the girls, Missy, Tammy and Tabitha with "do you remember" tales of their school days. The LaVergnes breed Boston Terriers and brought three of their dogs along.

Sherrie is the daughter of Lurdie and Mervyn Taylor of Sweetlake and Allen is the son of Juanita and Rufus LaVergne, formerly of Big Lake.

The first radio broadcast in the U.S. was made on Christmas Eve, 1906 by R. A. Fessenden.

Club plans for Christmas party on 12th

Sweetlake Extension Homemakers made plans at their November meeting for the annual Christmas party to be held Dec. 12, at the Recreation Center in Grand Lake. A covered dish supper will be served and gifts will be exchanged.

Roll call was answered by "Did you enjoy your trip to Houston and what do you want for Christmas?"

Project leader reports were given by Mrs. Susan Granger, Mrs. Peggy Eagleson, Mrs. Alcia Trahan, and Mrs. Rose Robichaux.

Dec. 5th at 7 p. m. was set for the Little Mr. and Miss Cameron Parish Contest in the Grand Lake High School gym. Refreshments will be served afterwards by the homemakers club.

The homemakers will be in charge of decorating the stage on Jan. 14 for the Fur and Wildlife Festival.

Refreshments were served by Mrs. Rose Robichaux, Mrs. Peggy Eagleson and Mrs. Donna Verzyvelt.

Plan For A Secure Future With An IRA Retirement Account

Enjoy your retirement years your way, with a special retirement account.

If you are self-employed or you do not have a pension plan, you may open a special retirement plan savings account at the Cameron State Bank which can give you a tax shelter while you save for your future.

Any eligible person can put up to 15 per cent of his or her earned income, up to a maximum of $1,500, into an individual retirement account, and defer paying taxes on the entire account until it is withdrawn upon retirement.

During the period the money is in the retirement fund, it is earning interest (also tax deferred) and increasing in amount.

(It should be noted that IRA funds may not be withdrawn before age 59½, without penalities, except in the event of disability or death. Funds in the IRA account must begin to be withdrawn no later than the year in which the individual reaches age 70½.)

For more information in IRA accounts, you are invited to come by the main office of the Cameron State Bank.

Note to present IRA customers: don't forget to make your deposit for this year before Jan. 1.

UNITED STATES DISTRICT COURT
WESTERN DISTRICT OF LOUISIANA
LAKE CHARLES DIVISION

UNITED STATES OF AMERICA,
Plaintiff
v.
290.30 ACRES OF LAND, MORE OR LESS, SITUATE IN CAMERON PARISH, STATE OF LOUISIANA, AND MRS. AGNES ELENDER LOWERY, ET AL., AND UNKNOWN OWNERS
Def.ndants
CIVIL ACTION NO. 770405
CIVIL ACTION NO. 770406
CIVIL ACTION NO. 770407
CIVIL ACTION NO. 770408
NOTICE OF CONDEMNATION

TO: ALL OF THE PARTIES WHOSE NAMES AND ADRESSES ARE SET FORTH IN ATTACHED SCHEDULE "B"

You are hereby notified that a complaint in condemnation has heretofore been filed in the Office of the Clerk of the above named Court in an action to condemn the following estates.

The estate to be taken for said public uses is as follows:

As to Tract No. 101, the fee simple title to the land, subject, however, to existing easements for public roads and highways, public utilities, railroads and pipelines; excepting and excluding from the taking all producing oil and gas wells, including all existing structures and improvements and all appurtenances and appurtenant rights used in connection with the exploration, development, production and removal of said oil and gas; provided, however, that the said producing oil and gas wells, including existing structures and improvements and all appurtenances and appurtenant rights so excepted and excluded are hereby subordinated to the prior right of the United States to utilize said land in the establishment, management, and maintenance of the Strategic Petroleum Reserve as authorized by the Act of Congress approved December 22, 1975, Public Law 94-163, 89 Stat. 871, 42 U.S.C. 6201, including the right to prohibit the drilling of additional wells on said land, and, provided further that the use of said land shall be subject to the prior right of the United States to utilize said land in the establishment, management, and maintenance of the Strategic Petroleum Reserve as authorized by the Act of Congress approved December 22, 1975, Public Law 94-163, 89 Stat. 871, 42 U.S.C. 6201, including the right to trim, cut, fell and remove therefrom all trees, underbrush, obstructions, and any other vegetation, structures or obstacles within the limits of the right-of-way; reserving, however, to the landowners, their heirs and assigns, all such rights and privileges as may be used without interfering with or abridging the rights and easements hereby acquired; subject, however, to existing easements for public roads and highways, public utilities, railroads and pipelines.

As to Tract No. 103E-1, a perpetual and assignable easement and right-of-way 50 feet in width, in, on, over and across the land, for the location, construction, operation, maintenance, alteration, repair and patrol of multi-pipelines in the establishment, management and maintenance of the Strategic Petroleum Reserve, as authorized by the Act of Congress approved December 22, 1975, Public Law 94-163, 89 Stat. 871, 42 U.S.C. 6201, including the right to prohibit the drilling of additional wells on the said land, and, provided further that the use of said land shall be subject to the prior right of the United States to utilize said land for the Strategic Petroleum Reserve as authorized by the Act of Congress approved December 22, 1975, Public Law 94-163, 89 Stat. 871, 42 U.S.C. 6201, including the right to borrow and/or deposit on the excavated material thereon and the further right to remove temporary structures on the land and to perform any other work necessary and incident to the construction of the said multipipelines, together with the right to clear, cut, fell and remove therefrom all trees, underbrush, obstructions and any other vegetation, structures or obstacles within the limits of the right-of-way; reserving, however, to the landowners, their heirs and assigns, all such rights and privileges as may be used without interfering with or abridging the rights and easements hereby acquired; subject, however, to existing easements for public roads and highways, public utilities, railroads and pipelines.

As to Tract No. 103E-2, a temporary easement and right-of-way 25 feet in width in, on, over and across the land for a period not to exceed five years, beginning with the date possession of the land is granted to the United States, for use by the United States, its representatives, agents and contractors, for the construction of multipipelines in the establishment, management and maintenance of the Strategic Petroleum Reserve as authorized by the Act of Congress approved December 22, 1975, Public Law 94-163, 89 Stat. 871, 42 U.S.C. 6201, including the right to borrow and/or deposit on the excavated material thereon and the further right to remove temporary structures on the land and to perform any other work necessary and incident to the construction of the said multipipelines, together with the right to clear, cut, fell and remove therefrom all trees, underbrush, obstructions and any other vegetation, structures or obstacles within the limits of the right-of-way; reserving, however, to the landowners, their heirs and assigns, all such rights and privileges as may be used without interfering with or abridging the rights and easements hereby acquired; subject, however, to existing easements for public roads and highways, public utilities, railroads and pipelines.

As to Tract No. 106, the fee simple title to the land, subject, however, to existing easements for public roads and highways, public utilities, railroads and pipelines; excepting and excluding from the taking all producing oil and gas wells, including all existing structures and improvements and all appurtenances and appurtenant rights used in connection with the exploration, development, production and removal of said oil and gas; provided however, that the said producing oil and gas wells, including existing structures and improvements and all appurtenances and appurtenant rights so excepted and excluded are hereby subordinated to the prior right of the United States to utilize said land in the establishment, management, and maintenance of the Strategic Petroleum Reserve as authorized by the Act of Congress approved December 22, 1975, Public Law 94-163, 89 Stat. 871, 42 U.S.C. 6201, including the right to prohibit the drilling of additional wells on said land, and, provided further that the use of said land shall be subject to the prior right of the United States to utilize said land for the Strategic Petroleum Reserve, reserving, however, to the owner, its successors and assigns, of producing oil and gas wells, the right to use existing access to the producing oil and gas wells, provided such access does not interfere with the rights of the United States to utilize said land in the establishment, management, and maintenance of the Strategic Petroleum Reserve as authorized by the Act of Congress approved December 22, 1975, Public Law 94-163, 89 Stat. 871, 42 U.S.C. 6201, including the right to prohibit the drilling of additional wells on said land, and, provided further that the use of said land shall be subject to the prior right of the United States to utilize said land in the establishment, management, and maintenance of the Strategic Petroleum Reserve as authorized by the Act of Congress approved December 22, 1975, Public Law 94-163, 89 Stat. 871, 42 U.S.C. 6201, including the right to trim, cut, fell and remove therefrom all trees, underbrush, obstructions and any other vegetation, structures or obstacles within the limits of the right-of-way; reserving, however, to the landowners, their heirs and assigns, all such rights and privileges as may be used without interfering with or abridging the rights and easements hereby acquired; subject, however, to existing easements for public roads and highways, public utilities, railroads and pipelines.

As to Tract No. 106, the fee simple title to the land, subject, however, to existing easements for public roads and highways, public utilities, railroads and pipelines; excepting and excluding from the taking all producing oil and gas wells, including all existing structures and improvements and all appurtenances and appurtenant rights so excepted and excluded are hereby subordinated to the prior right of the United States to utilize said land in the establishment, management, and maintenance of the Strategic Petroleum Reserve as authorized by the Act of Congress approved December 22, 1975, Public Law 94-163, 89 Stat. 871, 42 U.S.C. 6201, including the right to prohibit the drilling of additional wells on said land, and, provided further that the use of said land shall be subject to the prior right of the United States to utilize said land for the Strategic Petroleum Reserve, reserving, however, to the owner, its successors and assigns, of producing oil and gas wells, the right to use existing access to the producing oil and gas wells, provided such access does not interfere with the rights of the United States to utilize said land in the establishment, management, and maintenance of the Strategic Petroleum Reserve as authorized by the Act of Congress approved December 22, 1975, Public Law 94-163, 89 Stat. 871, 42 U.S.C. 6201, including the right to prohibit the drilling of additional wells on said land, and, provided further that the use of said land shall be subject to the prior right of the United States to utilize said land in the establishment, management, and maintenance of the Strategic Petroleum Reserve as authorized by the Act of Congress approved December 22, 1975, Public Law 94-163, 89 Stat. 871, 42 U.S.C. 6201, including the right to trim, cut, fell and remove therefrom all trees, underbrush, obstructions and any other vegetation, structures or obstacles within the limits of the right-of-way; reserving, however, to the landowners, their heirs and assigns, all such rights and privileges as may be used without interfering with or abridging the rights and easements hereby acquired; subject, however, to existing easements for public roads and highways, public utilities, railroads and pipelines.

The property to be taken is described in Schedule "B" attached hereto.

The authority for the taking is under and in accordance with the Act of Congress approved February 26, 1931 (46 Stat. 1421, 40 U.S.C. 258a) and acts supplementary thereto and amendatory thereof, and under the further authority of the Acts of Congress approved August 1, 1888 (25 Stat. 357, 33 U.S.C 257), and the Act of Congress approved December 22, 1975 (Public Law 94-163; 89 Stat. 871) entitled the Energy Policy and Conservation Act, which authorizes the acquisition of land for the Strategic Petroleum Reserve, and related facilities, and the Acts of Congress approved July 7, 1976 (Public Law 94-303) and July 31, 1976 (Public Law 94-373), which acts make funds available for such purposes.

The public uses for which said land is taken are as follows: The said land is necessary for the establishment, management, and maintenance of the Strategic Petroleum Reserve and related facilities. The said land has been selected for acquisition by the United States for the Strategic Petroleum Reserve and for such other uses as may be authorized by Congress or by Executive Order.

You are further notified that if you desire to present any objection or defense to the taking of your property you are required to serve your answer on the plaintiff's attorney at the address hereinafter designated within twenty days after personal service of this Notice upon you, or the date of last publication of Notice.

Your answer shall identify the property in which you claim to have an interest, state the nature and extent of the interest you claim and state all of your objections and defenses to the taking of your property. All objections or defenses not so presented are waived. And in case of your failure so to answer the complaint, judgment of condemnation of that part of the above described property in which you have or claim an interest will be rendered.

But without answering, you may serve on the plaintiff's attorney a notice of appearance designating the property in which you claim to be interested. Thereafter you will receive notice of all proceedings affecting it. At the trial of the issue of just compensation, whether or not you have previously appeared or answered, you may present evidence as to the amount of the compensation to be paid for your property, and you may share in the distribution of the award, and jury trial is demanded as to the issue of just compensation.

ing oil and gas wells, including existing structures and improvements and all appurtenances and appurtenant rights so excepted and excluded are hereby subordinated to the prior right of the United States to utilize said land in the establishment, management, and maintenance of the Strategic Petroleum Reserve, reserving, however, to the owner, its successors and assigns, of producing oil and gas wells, the right to use existing access to the producing oil and gas wells, provided such access does not interfere with the rights of the United States to utilize said land in the establishment, management, and maintenance of the Strategic Petroleum Reserve as authorized by the Act of Congress approved December 22, 1975, Public Law 94-163, 89 Stat. 871, 42 U.S.C. 6201, including the right to prohibit the drilling of additional wells on said land, and, provided further that the use of said land shall be subject to the prior right of the United States to utilize said land in the establishment, management, and maintenance of the Strategic Petroleum Reserve as authorized by the Act of Congress approved December 22, 1975, Public Law 94-163, 89 Stat. 871, 42 U.S.C. 6201, including the right to abandon said producing oil and gas wells provided said wells are capped in accordance with the laws and regulations of the State of Louisiana.

"As to Tract No. 117, the fee simple title to the land, subject, however, to existing easements for public roads and highways, public utilities, railroads and pipelines; excepting and excluding from the taking all producing oil and gas wells, including all existing structures and improvements and all appurtenances and appurtenant rights so excepted and excluded are hereby subordinated to the prior right of the United States to utilize said land in the establishment, management, and maintenance of the Strategic Petroleum Reserve as authorized by the Act of Congress approved December 22, 1975, Public Law 94-163, 89 Stat. 871, 42 U.S.C. 6201, including the right to prohibit the drilling of additional wells on said land, and, provided further that the use of said land shall be subject to the prior right of the United States to utilize said land for the Strategic Petroleum Reserve, reserving, however, to the owner, its successors and assigns, of producing oil and gas wells, the right to use existing access to the producing oil and gas wells, provided such access does not interfere with the rights of the United States to utilize said land in the establishment, management, and maintenance of the Strategic Petroleum Reserve as authorized by the Act of Congress approved December 22, 1975, Public Law 94-163, 89 Stat. 871, 42 U.S.C. 6201, including the right to prohibit the drilling of additional wells on said land, and, provided further that the use of said land shall be subject to the prior right of the United States to utilize said land in the establishment, management, and maintenance of the Strategic Petroleum Reserve as authorized by the Act of Congress approved December 22, 1975, Public Law 94-163, 89 Stat. 871, 42 U.S.C. 6201, including the right to trim, cut, fell and remove therefrom all trees, underbrush, obstructions and any other vegetation, structures or obstacles within the limits of the right-of-way; reserving, however, to the landowners, their heirs and assigns, all such rights and privileges as may be used without interfering with or abridging the rights and easements hereby acquired; subject, however, to existing easements for public roads and highways, public utilities, railroads and pipelines.

As to Tract No. 103E, a temporary easement and right-of-way 25 feet in width in, on, over and across the land for a period not to exceed five years, beginning with the date possession of the land is granted to the United States, for use by the United States, its representatives, agents and contractors, for the construction of multipipelines in the establishment, management and maintenance of the Strategic Petroleum Reserve as authorized by the Act of Congress approved December 22, 1975, Public Law 94-163, 89 Stat. 871, 42 U.S.C. 6201, including the right to borrow and/or deposit on the excavated material thereon and the further right to remove temporary structures on the land and to perform any other work necessary and incident to the construction of the said multipipelines, together with the right to clear, cut, fell and remove therefrom all trees, underbrush, obstructions and any other vegetation, structures or obstacles within the limits of the right-of-way; reserving, however, to the landowners, their heirs and assigns, all such rights and privileges as may be used without interfering with or abridging the rights and easements hereby acquired; subject, however, to existing easements for public roads and highways, public utilities, railroads and pipelines.

"A strip or parcel of land lying in Sections 20 and 21, Township 12 South, Range 10 West, Cameron Parish, Louisiana, being 50 feet in width and lying 25 feet each side of, when measured at right angles, and parallel to the following described centerline:

"For a point of reference, commence at the Southeast corner of the Southwest Quarter of the Northeast Quarter of said Section 20, thence run North 0 degree 11' West along the West line of said quarter-quarter section a distance of 75 feet to the Point of Beginning.

"From said Point of Beginning run North 89 degrees 49' East along a line 75 feet northerly of and parallel to the South line of the Northeast Quarter of said Section 20 and the South line of the Northwest Quarter of said Section 21 a distance of 1370 feet to a point 50 feet East of the line common to said sections 20 and 21 for the point of terminus of the centerline herein described.

"The above described tract or parcel of land contains 1.57 acres, more or less.

"The bearings and distances cited herein are based on the Lambert grid system."

"A strip or parcel of land lying in Section 21, Township 12 South, Range 10 West, Cameron Parish, Louisiana, being 50 feet in width and lying 25 feet each side of, when measured at right angles, and parallel to the following described centerline:

"For a point of reference, commence at the Southeast corner of the Southwest Quarter of the Northwest Quarter of said Section 21, thence run North 0 degree 11' West along the East line of said quarter-quarter section a distance of 200 feet, more or less, to the centerline of an existing pipeline, for the Point of Beginning.

"From said Point of Beginning, run Southwesterly with said existing centerline a distance of 300 feet, more or less, to the South line of the Northwest Quarter of said Section 21 for the point of terminus of the centerline herein described.

"The above described tract or parcel of land contains 0.34 acres, more or less.

"The bearings and distances cited herein are based on the Lambert grid system."

"A strip or parcel of land lying in Section 20, Township 12 South, Range 10 West, Cameron Parish, Louisiana, being 50 feet in width and lying 25 feet each side of, when measured at right angles, and parallel to the following described centerline:

"For a point of reference, commence at the Southeast corner of the East Half of the Southeast Quarter of the Southwest Quarter of the Northeast Quarter of said Section 20, thence run North 0 degree 11' West along the West line of the East Half of the Southeast Quarter of the Quarter of the Northeast Quarter of said Section 20 a distance of 75 feet to the Point of Beginning.

"From said Point of Beginning, run North 89 degrees 49' East along a line 75 feet Northerly of and parallel to the South line of the Northeast Quarter of said Section 20 a distance of 330 feet to the East line of the Southwest Quarter of the Northeast Quarter of Section 20 for the point of terminus of the centerline herein described.

"The above described tract or parcel of land contains 0.38 acre, more or less.

"The bearings and distances cited herein are based on the Lambert grid system."

As to Tract No. 104, the fee simple title to the land, subject, however, to existing easements for public roads and highways, public utilities, railroads and pipelines; excepting and excluding from the taking all producing oil and gas wells, including all existing structures and improvements and all appurtenances and appurtenant rights used in connection with the exploration, development, production and removal of said oil and gas; provided, however, that the said producing oil and gas wells, including existing structures and improvements and all appurtenances and appurtenant rights so excepted and excluded are hereby subordinated to the prior right of the United States to utilize said land in the establishment, management, and maintenance of the Strategic Petroleum Reserve as authorized by the Act of Congress approved December 22, 1975, Public Law 94-163, 89 Stat. 871, 42 U.S.C. 6201, including the right to prohibit the drilling of additional wells on said land, and, provided further that the use of said land shall be subject to the prior right of the United States to utilize said land for the Strategic Petroleum Reserve, reserving, however, to the owner, its successors and assigns, of producing oil and gas wells, the right to use existing access to the producing oil and gas wells, provided such access does not interfere with the rights of the United States to utilize said land in the establishment, management, and maintenance of the Strategic Petroleum Reserve as authorized by the Act of Congress approved December 22, 1975, Public Law 94-163, 89 Stat. 871, 42 U.S.C. 6201, including the right to prohibit the drilling of additional wells on said land, and, provided further that the use of said land shall be subject to the prior right of the United States to utilize said land for the Strategic Petroleum Reserve, reserving, however, to the owner, its successors and assigns, of producing oil and gas wells, the right to use existing access to the producing oil and gas wells, provided such access does not interfere with the rights of the United States to utilize said land in the establishment, management, and maintenance of the Strategic Petroleum Reserve as authorized by the Act of Congress approved December 22, 1975, Public Law 94-163, 89 Stat. 871, 42 U.S.C. 6201, including the right to abandon said producing oil and gas wells provided said wells are capped in accordance with the laws and regulations of the State of Louisiana.

"A strip or parcel of land lying in Section 20, Township 12 South, Range 10 West, Cameron Parish, Louisiana, being 50 feet in width and lying 25 feet each side of, when measured at right angles, and parallel to the following described centerline:

"For a point of reference, commence at the Southeast corner of the Southwest Quarter of the Northwest Quarter of said Section 20, thence run North 0 degree 11' West along the West line of said quarter-quarter section a distance of 1370 feet to a point 50 feet East of the line common to said sections 20 and 21 for the point of terminus of the centerline herein described.

"The above described tract or parcel of land contains 1.57 acres, more or less.

"The bearings and distances cited herein are based on the Lambert grid system."

for the period beginning with the date of taking and terminating with the expiration of that certain lease or leases entered into by and between Olin Corporation and Mrs. Agnes Elender, et al, or any renewal or extensions of such lease or leases; and further reserving to Olin Corporation the right to construct multipipelines in, on, over, under and across a strip of land described as

"A strip or parcel of land lying in Section 21, Township 12 South, Range 10 West, Cameron Parish, Louisiana, being 50 feet in width and lying 25 feet each side of, when measured at right angles, and parallel to the following described centerline:

"For a point of reference, commence at the Southeast corner of the Southwest Quarter of the Northwest Quarter of said Section 21, thence run North 0 degree 11' West along the East line of said quarter-quarter section a distance of 200 feet, more or less, to the centerline of an existing pipeline, for the Point of Beginning.

"The bearings and distances cited herein are based on the Lambert grid system."

for the period beginning with the date of taking and terminating with the expiration of that certain lease or leases entered into by and between Olin Corporation and Mrs. Agnes Elender Lowery, et al, or any renewal or extensions of such lease or leases.

As to Tract No. 103, the fee simple title to the land, subject, however, to existing easements for public roads and highways, public utilities, railroads and pipelines; excepting and excluding from the taking all producing oil and gas wells, including all existing structures and improvements and all appurtenances and appurtenant rights used in connection with the exploration, development, production and removal of said oil and gas; provided, however, that the said produc-

NOTICE OF PUBLICATION
CAMERON PARISH SCHOOL BOARD

By virtue of and in conformity with the procedures of Section 151 through 158 of Title 30 of the Louisiana Revised Statutes of 1950, as amended, sealed bids will be received at the office of the Cameron Parish School Board in Cameron, Louisiana, on or before the twelfth (12th) day of December, 1977, at 10:00 a. m. at which time all bids received will be opened by the Cameron Parish School Board, for a lease covering the oil, gas, sulphur, potash and or other liquid gaseous hydrocarbon mineral rights in, to, and under the following described property:

Grand Chenier Elementary School Site: Beginning at the Southeast corner of the Irvin LaBove tract in Section 43, Township 15 South, Range 5 West, thence North 9 degrees 11' East 598.6', thence South 9 degrees 07' West 595.3', thence North 73 degrees 10' West 260.1', to the point of beginning, estimated to contain 3.97 acres, this tract being designated as Tract 5 on plat of survey attached to boundary agreement dated April 4, 1955, recorded in Book 106, Page 69, File 70958 of the Conveyance Records of Cameron Parish, Louisiana. It is the intention that this description also include all of the minerals which may be owned by the School Board underlying the public road which is adjacent to and on the South side of the above described tract and containing .4 of an acre, more or less; a total of 4.37 acres, more or less.

All bids are to offer a cash bonus for a lease having a primary term which shall not exceed three years. Minimum royalties shall be one-fourth (¼) of all oil and gas produced and saved; two dollars ($2.00) per long ton for sulphur produced and saved; twenty cents ($.20) per ton for potash produced and saved; one-fourth (¼) of all minerals produced and saved.

Any lease granted hereunder shall be on the regular current State Agency form and shall be subject to the approval of the State Mineral Board. Certified check, Bank Money Order, or Cashier's check, payable to the Cameron Parish School Board for the full amount of the bonus, shall accompany and be submitted with each bid: and no bid thus submitted may be thereafter withdrawn or cancelled: and the cash bonus accompanying the bid of the successful bidder shall be forfeited to the Cameron Parish School Board should he not return the written lease, duly executed, within twenty (20) days after his receipt of the same.

The Cameron Parish School Board reserves the right to reject any and all bids and to grant a lease on any portion of the tract advertised for a price not less than proportionate to the best bid offered for the lease on the entire tract.

SCHEDULE "B"

TRACT NO. 101
DESCRIPTION:
The Southwest Quarter of the Northwest Quarter (Lot 2) of Section 21 South, Range 10 West. The East 24 acres of the Southeast Quarter of the Southwest Quarter; Lot 10 or the Northeast Quarter of the Southeast Quarter; Lot 9 or the Southeast Quarter of the Northeast Quarter, of Section 20, Township 12 South, Range 10 West, Cameron Parish, Louisiana.

The above described tract or parcel contains 144.18 acres, more or less.

TRACT NO. 103
DESCRIPTION:
A tract or parcel of land being a portion of the Southeast Quarter of the Southeast Quarter of Section 20, Township 12 South, Range 10 West; Cameron Parish, Louisiana, being more particularly described as follows:

For the point of beginning, commence at the Northwest corner of the Southeast Quarter of the Southeast Quarter of said Section 20, run thence East along the North line of the Southeast Quarter of the Southeast Quarter 529.6 feet to a point; thence Southerly 1320 feet to a point on the South line of said Section 20, thence run Westerly 264.8 feet to a point; thence Northerly to a line which lies 1126.7 feet South of the North line of the Southeast Quarter of the Southeast Quarter of said Section, thence West along said line 264.8 feet to the West line of the Southeast Quarter of the Southeast Quarter; thence North along said West line 1126.7 feet to the point of beginning.

Said tract or parcel of land contains 14.5 acres, more or less.

It is the intent of the above description to include the same land as described in a composite of deeds recorded as follows: Conveyance book 210, page 556; book 216, page 473, book 216, page 475; book 216, page 471.

TRACT NO. 103E-1
DESCRIPTION:
East 50 feet of the North 16 acres of the Northeast Quarter of the Northeast Quarter of Section 29, Township 12 South, Range 10 West, Cameron Parish, Louisiana.

The above described tract or parcel contains .61 acres, more or less.

It is the intent of the foregoing description to include a part of the same land as that described in Conveyance Book 210, page 556.

TRACT NO. 103E-2
DESCRIPTION:
West 25 feet of the East 75 feet of the North 16 acres of the Northeast Quarter of the Northeast Quarter of Section 29, Township 12 South, Range 10 West, Cameron Parish, Louisiana.

The above described tract or parcel contains .31 acres, more or less.

It is the intent of the foregoing description to include a part of the same land as that described in Conveyance Book 210, page 556.

TRACT NO. 106
DESCRIPTION:
The East half of the Southeast Quarter of the Southwest Quarter of the Northeast Quarter of Section 20, Township 12 South, Range 10 West, Cameron Parish, Louisiana.
ALSO KNOWN AS:
Lot 8 of the A. M. Lions subdivision of Lot 8 of Section 20, Township 12 South, Range 10 West, Cameron Parish, Louisiana.

The above described tract or parcel of land contains 5.0 acres, more or less.

TRACT NO. 104
DESCRIPTION:
A tract or parcel of land being a part of the North Half of the Northeast Quarter of Section 20, and the Northwest Quarter of the Northwest Quarter of Section 21, all in Township 12 South, Range 10 West, Cameron Parish, Louisiana, and being more particularly bounded and described as follows:

From the Point of Beginning, which point is the Northwest corner of the Southeast Quarter of the Northeast Quarter of said Section 20, run West along the North line of the Southwest Quarter of the Northeast Quarter of said Section 20 a distance of 330 feet, more or less, to the Northwest corner of Lot 1 of the S. M. Lyons Subdivision of Lot 8 of said Section 20; thence run North parallel to the East line of said Section 20 a distance of 260 feet, more or less, to the existing ordinary high water line of Black Lake; thence meander easterly along said water line of Black Lake 2100 feet, more or less, to the intersection of said water line with a line running parallel and 420 feet East of the West line of said Section 21; thence run South parallel to the West line of said Section 21 a distance of 280 feet, more or less; thence run East parallel to the North line of the Southwest Quarter of the Northeast Quarter of said Section 21 a distance of 900 feet, more or less; thence run South parallel to the West line of said Section 21 a distance of 110 feet, more or less; thence run West along the North line of the Southwest Quarter of the Northwest Quarter of said Section 21, and the North line of the Southeast Quarter of the Northeast Quarter of said Section 20 a distance of 2670 feet, more or less, to the Point of Beginning.

The above described tract or parcel of land contains 19.64 acres, more or less.

TRACT NO. 117
DESCRIPTION:
The North 1000 feet or the East half of the Southeast Quarter of Section 32; the North 1000 feet of the West 3280 feet of the North half of the Southwest Quarter and the Northwest Quarter of the Southeast Quarter of Section 33, all in Township 12 South, Range 10 West, Cameron Parish, Louisiana.

The above described tract or parcel of land contains 106.06 acres, more or less.

It is the intent of the foregoing description to include a part of the same land as that described by deed dated March 31, 1913 and recorded in Official Record Book S, Page 368 et seq., of the Public Records of Cameron Parish, Louisiana.

ORDINANCE

AN ORDINACE CREATING GRAVITY DRAINAGE DISTRICT NO. 6 OF THE PARISH OF CAMERON; FIXING THE BOUNDARIES OF SAID DISTRICT; APPOINTING COMMISSIONERS THEREFOR, AND FIXING THE DOMICILE OF SAID DISTRICT.

WHEREAS, this body is of the opinion that a Drainage District should be created in the area hereinafter described in the Parish of Cameron, and that such action will be to the best interest and advantage of the area contemplated and the Parish in general; and,

WHEREAS, no petition for the creation of said Drainage District was filed with this body; however, it feels it should act upon its own initiative; and,

WHEREAS, no petition has been filed with this body for the appointment of commissioners of said District; however, it is the sense of this body that the said commissioners should be selected by it, as prescribed by law.

THEEFORE, BE IT ORDAINED BY THE POLICE JURY OF THE PARISH OF CAMERON, STATE OF LOUISIANA, in regular session convened, that:

SECTION I: Therebe, and is hereby, created a gravity drainage district in the Parish of Cameron, Louisiana, to be known and designated as GRAVITY DRAINAGE DISTRICT NO. 6 OF THE PARISH OF CAMERON, as contemplated and authorized by R. S. 38:1751, et seq.

SECTION II: The territory and lands comprising the said Gravity Drainage District No. 6 of the Parish of Cameron be and they are hereby declared to be as follows:

COMMENCING AT THE northeast corner of Township 12 South, Range 3 West;

THENCE, running south to the southeast corner of Township 13 South, Range 3 West;

THENCE, west to the southwest corner of Section 35, Township 13 South, Range 5 West;

THENCE, north to the northeast corner of Section 3, Township 13 South, Range 5 West;

THENCE, west to the southwest corner of Township 12 South, Range 7 West;

THENCE, south to the southeast corner of Section 13, Township 13 South, Range 8 West;

THENCE, west to Calcasieu Lake;

THENCE, northerly along the east bank of Calcasieu Lake to the line between Calcasieu and Cameron Parishes;

THENCE, east along said parish line to the point of commencement.

SECTION III: Charles Precht, Mervin Chassion, John Dunn, Flody Istre and Clifford Broussard, all of whom are qualified electors resident within the said Gravity Drainage District No. 6 of the Parish of Cameron, and holding all of the qualifications required by law for the appointment as drainage Commissioners, be, and they are hereby, appointed as drainage commissioners for the GRAVITY DRAINAGE DISTRICT NO. 6 OF THE PARISH OF CAMERON, each from this date, with all the powers and authority vested by law in such office according to law; the said commissioners being appointed by this Body on its selection, there having been presented no petition from the property owners.

SECTION IV: The domicile of said Gravity Drainage District No. 6 of the Parish of Cameron is hereby fixed in the village of Sweet Lake-Grand Lake Community, in the Parish of Cameron, State of Louisiana, the domicile of the District, and shall then and there proceed to organize by the election of officers and as provided by L.R.S. 38:1766 et. seq., and the Constitution and Laws of the State of Louisiana.

SECTION VI: The Secretary of this Body is directed to cause a copy of this Ordinance to be published in the Cameron Parish Pilot, a Newspaper published in the Parish of Cameron, Louisiana, for a period of Thirty (30) days, and copies thereof shall be posted in three (3) public places in said District for the same period of time.

SECTION VII: That all Ordinances or parts of Ordinances contrary to or in conflict with the provisions of this Ordinance be, and the same are hereby, repealed.

ADOPTED AND APPROVED, in regular session convened at Cameron, Louisiana, on this 31st day of October, 1977.

APPROVED:
/s/ Archie Berwick.
Vice-President
Cameron Parish Police Jury

ATTEST:
/s/ Jerry G. Jones.
Secretary
RUN: Nov. 24, Dec. 1, 8, 15, 22

Deaths

T WILLIAM ROY

T. William Roy, 46, of Grand Chenier, died at his residence Monday, Nov. 28.

Services were held Wednesday, Nov. 30, at 10 a. m. at St. Eugene Church in Grand Chenier. Burial was in the church cemetery.

He was an employee of Crain Brothers.

He is survived by his wife Joyce; two sons, Johnny and Russell Roy of Grand Chenier; one brother, Henry Roy of Grand Chenier; three sisters, Mrs. Thedia Crain of Grand Chenier, Mrs. Thelma Guidrey of Lake Charles and Mrs. Lillian Fuselier of Hayes.

CHARLIE DAVIS

Funeral services for Charlie "T-Man" Davis, 83, of Grand Chenier were held Wednesday, Nov. 30, from St. Rose of Lima Catholic Church.

Burial was in Grand Chenier Cemetery.

Mr. Davis died Saturday in a Lake Charles hospital.

Survivors include his wife, Mrs. Mary Davis of Grand Chenier; a daughter, Mrs. Juanita Washington of Lake Charles; three sons, Charles Davis Jr. and Frank Davis, both of Los Angeles, Calif., and Vernon Davis of Riverside, Calif.; two sisters, Mrs. Rosie Teran of San Francisco Calif., and Mrs. Agnes Nash of Grand Chenier, 15 grandchildren and 10 great-grandchildren.

MRS. ANNIE LaBOVE

Funeral services for Mrs. Annie LaBove, 74, of Cameron, were held Friday, Nov. 25, from the Sacred Heart Catholic Church in Creole.

Monsignor M. J. Bernard officiated. Burial was in LaBove Cemetery in Creole.

Mrs. LaBove died Nov. 22 in a Lake Charles hospital.

She was survived by four sisters, Mrs. Ida Davis and Mrs. Irene Picou, both of Cameron, and Mrs. Lorena Richard and Matilda LaBove, both of Creole; on brother, Charlie LaBove of Creole, and a number of nephews and nieces.

ANITA McCALL

Funeral for Mrs. Anita Boneau McCall, 76, of Grand Chenier, was held Sunday at St. Eugene's Catholic Church with burial in the McCall Cemetery.

Mrs. McCall died at 9:30 a. m. Saturday at her residence. A native of Scott, she was a resident of Grand Chenier most of her life and was a retired school teacher.

Survivors include her husband, Carl McCall of Grand Chenier; a daughter, Mamie Reynaud of Marksville; a son, Thomas "Sonny" McCall of Grand Chenier; three brothers, Domonique Boneau, Renee Boneau, Amick Boneau, all of Fort Arthur and 10 grandchildren and two great-grandchildren.

Mrs. McCall was the mother of Sonny McCall, Cameron parish superintendent of schools.

By ELORA MONTIE

Claude Bonsall spent two weeks in St. Patrick's hospital in Lake Charles , but came home Tuesday.

Severin Miller who was taken to St. Patrick's hospital Sunday a week ago came home Wednesday.

Gerald Mouton who recently underwent heart surgery in a Houston, Tex. hospital came home Friday.

Mr. and Mrs. Donald Richard of Grand Chenier pruchased the car Mrs. Emma Ogburn had before she bought her new one.

The Dudley and Durphy Swire family were busy this past weekend. They cut and ground their sugar cane and made syrup.

The home of Mr. and Mrs. Charle sbonsall was the setting for Thanksgiving day with forty-nine people enjoying the day. There were folks from here, Houma, Baton Rouge and Creole.

During the afternoon they butchered two hogs.

Mrs. Clophia (Louise) Baccigalopi who underwent surgery recently in a Lake Charles hospital came home Friday.

The Burt Leonard family of Morgan City visited Monday and Tuesday with Mr. and Mrs. Charles Bonsall and family.

Spending Tuesday to Sunday with the Henry Roy family was Dannie Armstrong of Zowella.

Mr. and Mrs. Rodney Dyson and boys of Houston spent Thanksgiving with Mr. Dyson's parents ana family, the Elias Dysons.

Mrs. Domonic Scalfanie of New Orleans spent some time with Mr. and Mrs. Guthrie Perry and family during Thanksgiving. She returned home Sunday with Dona Booth who had spent the Thanksgiving holidays with Mr. and Mrs. Earl Booth Sr. and family.

Michael and Synoia Doucet of Moss Bluff spent Saturday to Sunday with Glenn and Della. They went to Moss Bluff Sunday afternoon to bring Michael and Synoia home.

The Whitney Miller family of Lake Charles spent Sunday with Mr. and Mrs. Roy Clark and Roy Allen.

Spending Thanksgiving holidays with Mr. and Mrs. Ervin Bonsall and family were Mr. and Mrs. Johnny Pellegrin and family of Houma.

Mr. and Mrs. Dave Ball of Monroe spent Thanksgiving holidays with Mr. and Ms. Freddie Richard.

Dr. Savoie of Mamou enjoyed a weekend in his camp here.

Mr. and Mrs. Gilliam Montie of Port Arthur, Tex. visited Mrs. Alpha Baccigalopi Sunday.

Mr. and Mrs. Freddie Richard spent Sunday and Monday visiting relatives in Gillis.

Mrs. Hilda Crain, Mrs. Nancy Nunez and Mrs. Emma Nunez drove to Sweetlake Sunday to hear the Sweetlake Methodist Church Gospel Singers.

Spending Sunday with Mr. and Mrs. Watkin Miller were Mr. and Mrs. Jason Billings of Cameron.

Visiting Mrs. Gladys McCall Saturday were Mr. and Mrs. Norman McCall of Cameron.

Tonya Reed is Bayou visitor

Tonya Reed, daughter of Mr. and Mrs. Jimmy Reed of Opelousas, spent Thanksgiving week with her grandparents, Mr. and Mrs. Roy Billeaud of Johnson Bayou. She is the first grandchild born to her fifth generation and her great-great-grandmother is Mrs. Joseph Quibodeaux of Opelousas.

A welcoming Thanksgiving party was given to Tonya at her grandparents home by Stacey, Rhonda, and Heath Jinks. Their mother, Mrs. Debby Jinks, helped with the entertaining.

Neighborhood children attended and they played games and enjoyed ice cream, pumpkin pie, and orange punch.

* * *

A very good idea when auditioning a speaker is to bring a very familiar record with you, a good piece of music that you've heard on a good system.

Alternate route sought for town

Almost the entire membership of the Cameron Lions Club attended the police jury meeting Tuesday to urge the jury to seek an alternate east and west road through the town of Cameron.

James Henry, spokesman for the club, said he had spoken to members of the Davis and Henry families, owners of much of the property involved, and he felt sure a right-of-way could be secured for a road to run from east to west north of the town.

Club members pointed out that when Cameron main street--which is also the state highway--is widened and resurfaced within the next few months traffic may be blocked for as long as four hours at a time in and out of the town.

It was also noted that when a tank truck turned over blocking the highway at the east end of Cameron several month ago, traffic was completely blocked for several hours and long lines of cars and trucks were formed.

Jury President Roland Trosclair, Jr. told the Lions that the jury was in complete agreement about the need for an alternate road, but that two questions would have to be decided by the community:

(1) How long a road should be built and where should it be tied in to the present highway on the east and west, and

(2) What route should be pursued in getting it financed.

The jurors and Lions, after some discussion, generally agreed that the west end of the road should connect with the approach to the new Cameron ship channel bridge which Rep. Conway LeBleu says he has hopes of getting built within a few years.

After discussing various east connection sites such as by the Methodist Church and by the blinker light, the group agreed that they should seek to extend the road all the way to the Tootie Marshall curve east of Cameron on Hwy 27. This would make the entire route about 7½ miles long.

It was estimated that the cost of the project would be around $8 million, which would mean that the project would have to be financed by state and federal funds.

Rep. LeBleu said he would do everything possible to secure the proposed road, and Jury President Trosclair said he would make an appointment for a meeting with the governor for the jury, Rep. LeBleu and other local leaders.

"We'll start at the top," he declared.

The need for the alternate route has become acute in the past year because of the big offshore petroleum boom centered in Cameron.

Citizen award set Saturday

The 18th annual presentation of the Doxey-Vincent V.F.W. Citizenship Award will be made Saturday evening, Dec. 10, at the V.F.W. Post Home in Cameron, according to Post Commander J. Berton Daigle.

The recipient of the award is selected from nominees submitted by civic, fraternal, and church organizations in the Parish.

Past recipients of the award are: Conway LaBleu, 1976; Mrs. Harold Carter, 1975; Roland U. Primeaux, 1974; Dorothy S. Bourgeois, 1973; Joe G. Boudoin, 1972; Mrs. Bynum Shove, 1971; Telesmar Bonsall, 1970; Deil G. LaLande, 1969; Mrs. Helen Colligan, 1968; Donald Broussard, 1967; Mrs. Roberta Rogers, 1966; Mrs. Conway LeBleu, 1965; Thomas (Sonny) McCall, 1964; Dalton J. Richard, 1963; Hadley A. Fontenot, 1962; J. W. Doxey, 1961; Ray Champagne, 1960.

State Representative E. L. "Bubba" Henry, Louisiana Speaker of the House will be the principal speaker at the banquet beginning at 7:30 p. m., preceded by a social at 6:30 p. m.

The public is invited to the program and may purchase tickets from Commander Daigle or at the Cameron State Bank at $4 per person.

Postmaster retires

Mrs. Emma Nunez, who has served as the Grand Chenier postmistress for 40 years, was honored by her co-workers last week on the day of her retirement. She was presented with a cake, a gift, a corsage, and a dinner in her honor.

Pictured on the occasion are: Alvin Conner, letter carrier, Mrs. Freddie Theriot, Mrs. J. E. Flash, and Mrs. Nunez in the Post Office at Grand Chenier.

Conner seeks light

Ray Conner, Creole police juror, says he is going to keep on trying until he gets a red light placed at the intersection of the two highways at Creole.

Conner had the jury request the state highway department for such a light some months ago but the department said the traffic count was too low to warrant a light and that it would just slow up traffic.

However, Conner said the intersection is very dangerous and noted there was a collision between a pipetruck and a car there only last week.

Conner was successful in getting the speed limit on the north and south road reduced from 45 to 35 miles per hour at the intersection but said that vehicles still were speeding through.

Oliver Broussard, highway department district official, was at the jury meeting Tuesday and Conner took the opportunity to press again for the traffic light.

Top riders

Lance and Stacey Mudd, children of Mr. and Mrs. Robert Mudd of Creole, are shown with Junior and Senior High Point trophies they won at the recent Sacred Heart Rodeo held at the Boudreaux Grove Arena.

In addition to the high point trophies they won 8 belt buckles and cash awards.

Budget is adopted

The Cameron parish police jury adopted a $2,741,603.06 budget for 1978 Monday, about a two percent increase over 1977 budget.

Of this amount, the parish anticipates receiving $313,008 in federal revenue sharing funds, about four percent increase.

The general fund budget was set at $1,530,000 increase over last year's $1,525,000.

The parishwide road and bridge budget was also up from $500,000 last year to $537,000 for 1978.

The courthouse and jail budget for 1978 is $87,695.31.

Other agencies and district budgets were as follows: criminal court, $69,685.63; Hackberry fire department, $10,230; Garbage District No. 2, $18,859.98; Garbage District No. 1, a deficite of $2,700; Cameron Fire Protection District, $33,912.13; parish health unit, $45,589.44; library, $98,322.57.

Judge race is Saturday

A. J. Planchard of Sulphur and Charles Richard of Lake Charles face each other this Saturday in the runoff election for 14th Judicial District judge.

Voting will be throughout Calcasieu and Cameron parishes.

Planchard was the leader in the November first primary with 7243 votes, followed by Richard with 7235 and Billy Ezell with 6258.

Services set

Mission services will be held at St. Rose Chapel each evening, Sunday through Friday, Dec. 11-16 at 7 p. m.

Tarpons wrestlers look for good year

The South Cameron Tarpons, coached by Clarence Vidrene, swept Division II state wrestling honors last year, and with 15 lettermen returning it looks like they will be the team to beat again this year.

The powerful club, which had six wrestlers in the state finals and four individual champions last year, lost only five starters from that team.

In last year's state championships at Baker High Schook, the Tarpons nipped second-place Natchitoches-Central 217 to 204.5 for top honors.

Exhibiting a calm confidence, Coach Vidrine says of his charges, "I feel we will do real well again this year."

Included in the 15 returnees are three state champions:

Senior Ward Theriot wrestled at 98-lbs. last year posting a fine 18-2 record on his way to state honors.

Junior James Boudreaux, already a two-time state champion, wrestled in at a tough 112 while posting an outstanding 18-1 record.

Senior Myron Mayard had a 19-2 record on his way to the state championship in the 126-lb. division.

All three appear in top form for the 1977-78 season, and they will be joined by a fine group which includes outstanding returnees Shannon Theriot, third in state last year at 105 with a 13-2 slate; Irwin Bang, a fine wrestler at 132-lbs. last year; Hector Garcia who placed fifth in state at 167 last year; and Ruben Doxey who wrestled well at 185-lbs.

Coach Vidrine said last year's team, most of which will be back on the mats this season, "worked harder than any other team I've ever had."

He adds, however, that he has some fine newcomers to add to the Tarpons's power for 1977-78.

They include Shane Theriot, a sophomore expected to wrestle at 98-lbs; Pat Smith, a sophomore slated to work out at 155-lbs; and Tony Porche, a senior who should see plenty of action in the 167-lb. division.

The following is the South Cameron High School 1977-78 Wrestling schedule:

WRESTLING SCHEDULE

Dec. 7-	Jeanerette,	Home
Dec. 10	Lafayette,	Home
Dec. 14-	Carencro,	Away
Dec. 17-	Open,

Jan. 7-	Lafayette Tournament,	Away
Jan. 11-	Acadiana (Lafayette),	Home
Jan. 13-	Jeanerette,	Away
Jan. 18-	Lafayette,	Away
Jan. 21-	Carencro,	Home
Jan. 25-	Northside (Lafayette),	Away
Jan. 28-	Lee (B.R.) Capitol (B.R.) Acadiana,	Acadiana
Feb. 4-	Regional Tournament at Lafayette High School	
Feb. 9 & 10-	State Tournament at Baker High-Baton Rouge	

Starting Times: Wednesday Meets-J. V., 6:30 p. m., Varsity, 7:30 p. m.; Saturday Meets-J.V., 1 p. m., Varsity, 2 p. m.

Creole winners named

Named as winners in the Little Miss and Mister Creole Contest, held at South Cameron Elementary School Dec. 2, were Dena Rutherford and Trent Guidry. Dena, daughter of Mr. and Mrs. Leland Rutherford, and Trent, son of Mr. and Mrs. Uland Guidry, Jr., will represent Creole in the parish contest during the Fur Festival in January.

Named as first runners-up were Kristin Rutherford, daughter of the Leland Rutherfords and younger sister of Dena, and Pernell Stewart, son of Mrs. Barbara January.

Last year's Little Miss and Mr. Creole, Lacy Delcambre and Scott Primeaux, crowned the winners while Mrs. Harold Carter served as mistress of ceremonies.

Other participants in the contest were: Mitchell Fontenot, Chad Mudd, Ken Mudd, Randy Richard, Chauntelle Rogers, Goldie Richard, Sonia Broussard Celeste Broussard, Lilly Elmore, Tracy Daniels, Lisa LaBove, Melissa Richard, TeLesha Sturlese, Chantell Sturlese, Chermaine Primeaux, Penny Kay LaBove, Belinda Hardie, Cynthia Quinn, Dee Ann Rutherford, Tanya Trahan, Bridget Conner, and Dorothy Duhon.

The contest was sponsored by the Creole Extension Homemakers Club with Mrs. M. C. Kelley serving as contest director. Assisting her were Mrs. Robert Fruge, Mrs. J. B. Meaux, and Mrs. Mayola Wicke.

Judges were Mrs. Cleo Duhon, Mrs. Billie Smith, and Mrs. Rose Robichaux of the Sweetlake Extension Homemakers Club.

WINNERS in the Little Miss and Mr. Creole Contest are, at the right, Dena Rutherford and Trent Guidry, while the first runners-up, at left, are Pernell Stewart and Kristin Rutherford.

They won

Appointments made

Two appointments were made by the Cameron police jury at its Tuesday meeting.

Robert Landry was named to the parish welfare board to replace Dalton Richard who is deceased.

Walter LeBleu was reappointed to the welfare board.

Building permits were granted to Miller Manor Development Corp for the construction of two new homes in Miller Manor near Creole.

A 5-year lease with the Swire family for a garbage dump site was approved at $600 per year.

The jury approved advertising for bids on renovations of Fire Station No. 2.

At the request of Juror Lester Richard, the jury agreed to ask the state highway department to extend the 35 mile an hour speed limit from in front of the South Cameron school to the Oak Grove corner.

Nutria threat

The troublesome plant Bidens laevis, commonly called "fourchette", is again present in many fresh water areas of southeast Louisiana, according to the Department of Wildlife and Fisheries.

J. Burton Angelle, department secretary, said that results of aerial surveys made in mid-November indicate that the plants are located in approximately the same areas as last year. However, the number of acres with heavy infestation appears to have decreased.

Northern Terrebonne parish is most heavily affected by the plant. In southwestern Louisiana it occurs only in small isolated patches but may be spreading. Sightings were made as far west as Cameron parish.

Bidens laevis has a barb at one end which punctures and becomes imbedded in the skin of nutria, the chief animal of Louisiana's fur industry, Angelle explained. "last year's nutria trapping industry brought the state nearly $15 million and it is imperative that something be done to protect nutria pelts from these plants," he said.

Hunting to resume

Waterfowl hunting will resume statewide on Dec. 17, according to the Louisiana Department of Wildlife and Fisheries. The second segment of duck and coot hunting in the West Zone will last through Jan. 5, and shooting of ducks and coots in the East Zone will continue through Jan. 14.

J. Burton Angelle, department secretary, said that goose hunting will also re-open in the West Zone on Dec. 17, with goose hunting in the western zone to last through Jan. 25. Closing date for geese in the eastern zone which has a straight goose season is Jan. 27.

Angelle said bag limits for ducks, coots and geese remain the same and reminded hunters that shooting hours are from one-half hour before sunrise to sunset.

Waterfowlers hunting in the special steel shot areas must abide by the regulations established by the U. S. Fish and Wildlife Service governing 12 gauge shotguns. The steel shot requirement does not apply to shotguns other than 12 gauge.

Meeting set

Rev. Minns Robertson, director of the Cameron Parish Council on Aging, announces a community meeting for the Grand Lake and Sweetlake areas will be held Dec. 12, at 10 a. m. at the Grand Lake recreation center.

Resignation

Rev. M. S. Robertson has tendered his resignation as director of the Cameron Council on Aging effective Jan. 1.

Rev. Robertson was the first director of the Council which began its work in September, 1976. The Council now has a full time secretary-bookkeeper, a half time outreach worker, a full time homemaker, and expects to employ a part time coordinator for senior citizens activities in January.

The resignation was directed to Ellis McWhirter, chairman of the board of directors of the Cameron Council on Aging and indicated that the present director would consent to serve until a replacement can be secured.

Trosclair is renamed pres.

Phillip Trosclair was reelected president of the LeMesche Bass club at the December meeting held this week in Creole.

Other officers elected are: Loston McEvers, vice president; Barry Richard, secretary-treasurer; Kenneth Nunez, Fredman Theriot, and Tony LeDano, trustees.

Barry Richard was appointed chairman of the committee to construct a float for the Louisiana Fur and Wildlife Festival parade.

The annual awards banquet, when officers will be installed, will be held in January.

Work is begun

The remodeling program at the Cameron State Bank is now in progress with much of the parking areas and sidewalks being torn up.

E. J. Dronet, president, said he wanted to assure the bank's customers that the bank was in full operation despite some inconvenience caused by the remodeling work.

"Please bear with us", Dronet said. "I think you will like our new remodeled and enlarged facilities".

Little Miss, Mr. named

Little Miss Grand Lake is Bernadette Fruge, daughter of Mr. and Mrs. J. D. Fruge. Her escort will be Little Mister David Smith, son of Mr. and Mrs. Tony Smith.

They will represent the school and community in the Little Miss Cameron Parish Contest for the Fur Festival in January.

First runners-up were: Laurie Crador and Jason Nunez.

Second runners-up were Amy Pool and Richard Faulk.

Are chosen

Pictured above are the winners of the Little Mister and Little Miss Johnson Bayou held Nov. 28. They will represent Johnson Bayou in the parish contest.

Ricky Harrington, son of Mr. and Mrs. Jimmie Harrington, is a second time winner. He represented Johnson Bayou in the 1976 Fur Festival also.

Joanie J. Constance, is also a repeat winner. She won Little Miss Cameron Charm and Little Miss Cameron Parish Sports Wear in 1977.

GRAND LAKE-SWEETLAKE

Transplanted Lakers report on Canada

By AGNES HEBERT

Received a long, interesting letter from Fran Bellard. They've been in Fort McMurray, Alberta, Canada since August. They were most surprised to hear from Butch who was also working up there.

Fran says that Leigh and Cheryl are both cheerleaders at their schools and honor roll students. She credits the good background provided by Grand Lake School as she says standards are extremely high in this province.

Leigh is enrolled in the equivalent of an English college course and is one of the advanced students in the group. The girls ice skate and go snow mobile riding which is called "ski-doing". There has been snow on the ground in the area since Oct. 9. Brett has a small sled and has a good time although Fran says he'd rather eat the snow than play in it. Since Wendee will be too young to remember their stay in Canada, the Bellards are busy taking pictures to show her later.

Fran promised to cook Butch some gumbo-but he came home early for the holidays.

Verly Broussard has been sending them articles from the Cameron Pilot, Fran and Larry say they surely are appreciated.

PRIMEAUX RETIRES

Gifted with a comprehensive and complete set of fishing equipment by his former employees-H. D. Primeaux is now properly equiped to enjoy his retirement. Mr. primeaux has been employed by the Revenue Service and was in charge of the License Bureau in Lake Charles prior to his recent retirement.

An energetic gardener, Mr. Primeaux has many ideas for enjoyment and fulfillment and we certainly want to wish him a most rewarding retirement.

ATTEND GAME

Attending the Dallas Cowboys - Philadelphia Eagles game in Dallas last weekend were Cowboy fans Julius Nash, Titus Guillote, Corliss Nash, Pete Nash and Ernest Smith.

Noticed my neighbors Leonard and Wilma Sullivan planting trees last week. Wonder if they had read Clifford Myers' article in the Pilot. I also saw the Sullivans planting a new mailbox---this is the right season.

Heard that Mrs. Bobbie Beard, former Pilot reporter from our area has been hospitalized. Hope she's around and doing better real soon.

GOING TO ALASKA

If you're interested in a mobile home-check the sign at Speedi-Tote. The Eldridge Duhons need to sell some of their equipment as they have plans to pioneer to Alaska. Work will be starting up on the Alcan pipeline in '78.

Talked to Lee Sensat, who's teaching at South Cameron Elementary, after their tornado scare last week. Those of us who spent some anxious moments practicing a real severe weather drill several years ago here at Grand Lake can appreciate their ordeal. Being entrusted with the care of God's "little people" is an awesome responsibility and tornadic winds and loss of power and lights requires cool, clear leadership and firm control.

WIN TOURNAMENT

A great, big congratulation to Coach Merna Greathouse and the Hornet girl's basketball team for capturing first place in the Johnson Bayou tournament. Coach Merna is a hard worker, sets a fine Christian example for her team and they deserve success.

An out of space exhibit was set up by Dr. Sonnier's 7th grade science class. This is an annual event and seems to get better each year.

Who enjoys "make believe" more than children? Well, some adults do. Mrs. Denise LaVoi's reading lab students entertain us each year with plays created from their favorite stories. Since Denise is a principle dancer with a Lake Charles ballet company-she lends a creative and dramatic flair to the productions.

Enjoying a holiday visit from Jackie and Terry Venable were the Frank Woolards and the Lawrence Venables.

Under going surgery in a Lake Charles hospital last week was Garfield Hebert. Garfield and his late wife Carmelite Guidry were both natives of the Big Lake area.

Since so many people enjoy plants for both indoors and outdoors, a check with Mac and Lovina Broussard for Christmas plants would be an enjoyable way to shop.

Butch bought Boone and I a lottery ticket in Canada. Prizes are $1 million each with a total of 20 drawings-so if you call me, please don't tie my phone up too long, as we're expecting a call from Canada telling us about our winnings at any moment.

IN HAWAII

Arriving in Hawaii in time to attend memorial services at Pearl Harbor on Dec. 7th.

To be married

Debra Bearb and Randy Badon plan to exchange marriage vows Saturday, December 17, at 11 a. m. at St. Basil Catholic Church.

She is the daughter of Mr. and Mrs. Dorris Bearb of Buson. His parents are Mr. and Mrs. Raymond S. Badon Sr. of Johnson Bayou.

She is a senior of Acadiana High School and he is a graduate of Johnson Bayou High School and is in the United States Marine Corps.

Hackberry honor roll

The Hackberry high school honor roll for the second six weeks is as follows:

Grade 2-Corey Billedeaux, Anthony Busby, Timothy Constance, Robin Lyons, Randy Silver, Mitchell Toups Andre Delcambre, Tressa LaFleur, Stuart Goodrich, Amy Broussard, Coby Seay, Kenny Kyle, Denise Turner, Michael Devail, Joey Gray, Lancey Buford, Wesley Vaughan, Cherelle Duhon.

Grade 3-Marty Boudreaux, Richie Erickson, Darrell Guidry, Trina LaBauve, Krystal LaBove, Chris Racca.

Grade 4-Joyce Carroll, Herbie Dykeman, Tracy Seay

Grade 5-Gerald Hardy, Theresa Jinks, Rhonda Johnson, Roy Lynn Trahan, Anita Walther.

Grade 6-Jordan Abshire, Beth Baley, Dana Broussard, Shay Simon, Rhonda Wooldridge.

Grade 7-Stacie Broussard, Paul Doucet, Pam Frey, Steve Racca.

Grade 8-Stephanie Goodrich, Patricia Hebert.

Grade 9-Samuel Baley, Stacy Goodrich*, Brian Pitre, Charlotte LaBauve, Mark Pooser

Grade 10, Scott Benoit, Donnie Mejia, Brent Navarre Alton Pooser*, Therese Powers*, Steve Trahan, Michael Vaughan*, Dorothy Walther*.

Grade 11-Susan Frey, Carolyn Hebert, Joan Lowery Gayle Pitre, Christine Powers, Liz Sanders, David Vaughan*, Shanna Vincent, Catherine Walther, Danny Welch.

Grade 12-Penny Baley*, Julie Cuvillier, Shayne Hinton, Kenneth Pooser, Penny Riggs*, Susan Spicer*, Margaret Walther.

Pauline Kennedy, an employee of Royale Airlines, will enjoy a winter holiday in the islands.

We quickly settle into suburban comfort and tend to forget the struggle we used to have to get rid of surplus clutter. Garbage pick up is taken for granted but since I can remember "when"-a thank you to our parish workers, Wayburn LaBove, Ellis Nunez and Rickie LaBove.

Serving as maid of honor in the Arnold-Kiser nuptials in Lafayette last Saturday was Daisy Bell Askew. Daisy is the daughter of the late Ted Askew and Mrs. Katherine Fewell of Big Lake. She is employeed by her stepfather, John Fewell, at Gulf Coast Furniture Co.

Back from Arkansas to make his home with his parents Quinnie and Boey McCain is Lonnie Wilhite. Lonnie graduated from Grand Lake in '71.

The school children have noticed that nice lady, Mrs. Caroline Agen doing annual battle with fallen leaves. We hope she enjoys being outdoors because this job is one of those whereby-the minute you're finished-it's time to start again.

Thoroughly enjoying the Loretta Lynn-Conway Twitty concert at the Civic Center Sunday were Mrs. Robert Manuel and daughters Mary and Rachel and her sister-in-law Mrs. Elden Manuel of Basile.

"Marriage makes two one—but which one?" Anonymous

Homemakers hold installation tea

The Cameron Parish Homemakers Council Installation Tea, hosted by the Creole Homemakers Club, was held on Nov. 29 at the K. C. Hall in Creole.

Council officers who were installed for the coming year are as follows: president, Mrs. M. H. Fulton, Cameron; president-elect, Mrs. Evans Mhire, Grand Chenier; 1st. vice-president, Mrs. M. C. Kelley, Creole; 2nd. vice-president, Mrs. Mervin Chesson, Sweetlake; 3rd vice-president, Mrs. Dupre Hebert, Hackberry; secretary, Mrs. Albert Guidry, Sweetlake; treasurer, Mrs. Robert Ortego, Creole; reporter, Mrs. John M. Theriot, Creole; publicity book chairmen, Mrs. Larry McNease and Mrs. Evans Mhire, Grand Chenier; parliamentarian, Mrs. Charles F. Hebert, Cameron.

Mrs. Harold Carter conducted the installation ceremony while Mrs. Kelley, assisted by Mrs. Robert Fruge and Mrs. J. B. Meaux, served as program director.

Featured as guest speaker was Mrs. J. B. Jones, Jr. of Grand Chenier who spoke on her recent trip to Egypt and the Holy Land. Her talk was given as a project of the Council's International Understanding Program.

Mrs. Jones began her talk with this statement: "As a result of my trip, I was left with two distinct impressions. The first was how visiting the holy places greatly strengthened my faith. The second was how blessed we are in this country as compared to some of those visited".

In describing her trip through Egypt, Mrs. Jones especially commented on the architectural wonder of the pyramids and the Sphinx. She also told of visiting the dwelling where Mary and Joseph hid the baby Jesus for two years from King Herod.

Mrs. Jones devoted the last half of her talk describing the many places visited in the Holy Land. The first of these was Jerusalem where she visited Golgatha, place of the crucifixion, the tomb of Christ, the Garden of Gethsemane, the Way of the Cross, and the Wailing Wall, last remaining wall of Soloman's Temple. Next was the town of Bethlehem where she visited the Church of the Nativity, site of the actual birthplace of Christ.

Four of the first five presidents of the United States came from Virginia—Washington, Jefferson, Madison and Monroe.

ORDINANCE

AN ORDINACE CREATING GRAVITY DRAINAGE DISTRICT NO. 6 OF THE PARISH OF CAMERON; FIXING THE BOUNDARIES OF SAID DISTRICT; APPOINTING COMMISSIONERS THEREFOR, AND FIXING THE DOMICILE OF SAID DISTRICT.

WHEREAS, this body is of the opinion that a Drainage District should be created in the area hereinafter described in the Parish of Cameron, and that such action will be to the best interest and advantage of the area contemplated and the Parish in general; and,

WHEREAS, no petition for the creation of said Drainage District was filed with this body; however, it feels it should act upon its own initiative; and,

WHEREAS, no petition has been filed with this body for the appointment of commissioners of said District; however, it is the sense of this body that the said commissioners should be selected by it, as prescribed by law.

THEEFORE, BE IT ORDAINED BY THE POLICE JURY OF THE PARISH OF CAMERON, STATE OF LOUISIANA, in regular session convened, that:

SECTION I: Therebe, and is hereby, created a gravity drainage district in the Parish of Cameron, Louisiana, to be known and designated as GRAVITY DRAINAGE DISTRICT NO. 6 OF THE PARISH OF CAMERON, as contemplated and authorized by R. S. 38:1751, et seq.

SECTION II: The territory and lands comprising the said Gravity Drainage District No. 6 of the Parish of Cameron be and they are hereby declared to be as follows:

COMMENCING AT THE northeast corner of Township 12 South, Range 3 West;

THENCE, running south to the southeast corner of Township 13 South, Range 3 West;

THENCE, west to the southwest corner of Section 35, Township 13 South, Range 5 West;

THENCE, north to the northeast corner of Section 3, Township 13 South, Range 5 West;

THENCE, west to the southwest corner of Township 12 South, Range 7 West;

THENCE, south to the southeast corner of Section 13, Township 13 South, Range 8 West;

THENCE, west to Calcasieu Lake;

THENCE, northerly along the east bank of Calcasieu Lake to the line between Calcasieu and Cameron Parishes;

THENCE, east along said parish line to the point of commencement.

SECTION III: Charles Precht, Mervin Chassion, John Duhon, Flody Istre and Clifford Broussard, all of whom are qualified electors resident within the said Gravity Drainage District No. 6 of the Parish of Cameron, and holding all of the qualifications required by law for the appointment as drainage Commissioners, be, and they are hereby, appointed as drainage commissioners for the GRAVITY DRAINAGE DISTRICT NO. 6 OF THE PARISH OF CAMERON, each from this date, with all the powers and authority vested by law in such office according to law; the said commissioners being appointed by this Body on its selection, there having been presented no petition from the property owners.

SECTION IV: The domicile of said Gravity Drainage District No. 6 of the Parish of Cameron is hereby fixed in the village of Sweet Lake-Grand Lake Community, in the Parish of Cameron, State of Louisiana.

SECTION V: The above named commissioners appointed by this body this day, shall meet on the 30th day of November, 1977, in the village of Sweet Lake-Grand Lake Community, at the Recreation Center, Parish of Cameron, State of Louisiana, the domicile of the District, and shall then and there proceed to organize by the election of officers and as provided by L.R.S. 38:1766 et. seq., and the Constitution and Laws of the State of Louisiana.

SECTION VI: The Secretary of this Body is directed to cause a copy of this Ordinance to be published in the Cameron Parish Pilot, a Newspaper published in the Parish of Cameron, Louisiana, for a period of Thirty (30) days, and copies thereof shall be posted in three (3) public places in said District for the same period of time.

SECTION VII: That all Ordinances or parts of Ordinances contrary to or in conflict with the provisions of this Ordinance be, and the same are hereby, repealed.

ADOPTED AND APPROVED, in regular session convened at Cameron, Louisiana, on this 31st day of October, 1977.

APPROVED:
/s/ Archie Berwick,
Vice-President
Cameron Parish Police Jury

Was Tarpons' season success or failure?

Was the South Cameron Tarpons' 5-5 football season a success or failure?

This is a question fans, players and coaches have to answer.

"Success and failure are very general in definition", stated South Cameron first year coach Wayne Batts." In some ways we experienced failure and in others success."

The Tarpons did win more games this season than in the last two combined. They did finish third in district compared to fifth last year.

They were picked by league coaches in pre-season to go 2-8.

"I think when you look at those factors, you have to acknowledge some success for the program," said Batts. "On the other hand a win over St. Louis would have put us in the playoffs, so you have to acknowledge some failure."

"I'm very proud of our seniors because they were tremendously loyal and worked very hard. They set a great example of leadership. They have put the program going in a positive direction. Now the burden falls on next year's seniors to continue these habits."

"We also had some young players come in this year and do a remarkable job. They are going to have to continue this for us to progress."

"We started the year with an inexperienced senior team, a new head coach, a new coaching staff that lacked experience. bad weather (two hurricanes), and losing a starting quarterback the week before district play.

"Our players overcame this adversity and became competitors. My coaches that supposedly were inexperienced worked their tails off and learned a lot. I made a lot of mistakes and I learned a lot.

"I sincerely appreciate the support from our fans, both vocally at games and financially through program ads and donations. I hope this is a show of faith in our program."

"With a little luck, we may have won six or seven and been in the playoffs," continued Batts. "Of course, with a little less luck, we may not have won a game".

"It's more or less up to our supporters to decide if we were successful or not this season, but I will say this, we've made some progress and I hope we will continue moving up until we are back on top. It's not going to be easy, but if we just keep working and wanting, if we keep the big goal in sight, then eventually we will attain it."

Tarpons to host Laf.

The defending Louisiana state champion South Cameron Tarpon wrestling team hosts Lafayette here Saturday in its second meet of the season.

Junior varsity action gets underway at 1 p. m. in the Tarpon gym followed by the varsity matches at 2 p. m.

Basketball tourney

The Cameron parish senior basketball tournament will be held Friday and Saturday, Dec. 9 and 10 at Johnson Bayou high school. The schedule is as follows:

Friday, Dec. 9
3:30 p. m.-Grand Lake vs. South Cameron (Girls)
4:45 p. m.-Grand Lake vs. South Cameron (Boys)
6:00 p. m.-Johnson Bayou vs. Hackberry (Girls)
7:15 p. m.-Johnson Bayou vs. Hackberry (Boys)

Saturday, Dec. 10
10:00 a. m. -Grand Lake vs. Johnson Bayou (Girls)
11:15 a. m.-Grand Lake vs. Johnson Bayou (Boys)
12:30 p. m.-South Cameron vs. Hackberry (Girls)
1:45 p. m.-South Cameron vs. Hackberry (Boys)
3:00 p. m.-Hackberry vs. Grand Lake (Girls)
4:15 p. m.-Hackberry vs. Grand Lake (Boys)
5:45 p. m.-Johnson Bayou vs. South Cameron (Girls)
7:15 p. m.-Johnson Bayou vs. South Cameron (Boys)

Team trophies will be presented for first, second, and third places. The All Tourney Team will be chosen by the Officials.

Tarpons win 34-0 in annual Yam Bowl

South Cameron's tough Tarpons ended the year on what Coach Wayne Batts termed a "Positive note" by blasting Teurlings of Lafayette 34-0 in the fifth annual YAM Bowl.

The Tarpons completely dominated the contest in every phase of the game building up 28-0 halftime lead, adding another quick third-quarter score before they cleared the bench in teh final 18 minutes of play.

South Cameron rolled up over 250 yards rushing and added another 100 through the airways while the Tarpon rock-ribbed defense destroyed the Rebs, allowing only 66 aerial yards and 33 on the ground. The Tarpons defense sacked the Teurlings quarterback 14 times in teh contest.

Sophomore qarterback Bob Savoie passed for 101 yards, had two touchdown tosses and added two more scores himself in the game to be named the contest's Outstanding Offensive Award. He also had two interceptions in the contest.

Other offensive stars included fullback Tony Porche with 142 yards rushing, split end Dirk DeSonier with three receptions for 76 yards and two touchdowns. Shane Conner, the Tarpons right offensive tackle, was named the game's outstand offensive lineman.

Noseman A. J. Vaughan nabbed enemy ball carriers 14 times including an amazing five quarterback sacks to be named the contest's top defensive performer.

"We ended the season on a very positive note", stated Tarpon coach Wayne Batts. "The victory was a great way for our seniors to close out their careeer and gives our younger players a lot of momentum going into next year."

Eight Tarpons named to All-District 5-AA team

Eight South Cameron Tarpons were selected by the coaches' for the All-District 5-AA football team here last week.

The Tarpons' third place finish allotted them four first team positions and four second team positions.

First team selections were fullback Tony Porche, defensive back Binky Kiffe, nose guard A. J. Vaughan and defensive end Jeffrey Jouett.

Second teamers include split end Dirk DeSonier, defensive back Bob Savoie, tackle Shane Conner and linebacker Val Mouton.

Porche, picked up 599 yards rushing on 107 attempts for a 5.5 yard average per carry. He scored nine touchdowns, a team high. The tough senior fullback saved his best effort for last as he rushed for 142 more yards in the Tarpons' 34-0 spanking of Teurlings in the Yam Bowl.

Kiffe picked off six interceptions and had 38 tackles on defense. He averaged better than nine yards per punt return and 27 yards on kickoff returns. He punted for a 33 yard average. The versatile Tarpon senior also caught 17 passes for 302 yards and two offensive touchdowns.

Vaughan was the leading Tarpon tackler with 59 including 13 behind the line tackles.

Jouett, a two year starter, had 51 tackles, nine behind the line. He intercepted one pass and five fumble recoveries.

DeSonier, a school record setting receiver, caught 28 passes for 539 yards and eight touchdowns during the season. He averaged 19.3 yards per reception.

Savoie intercepted six passes during the season and added two more in the Yam Bowl. He also quarterbacked the Tarps' in all their District contests and the Yam Bowl. He hit 29 of 59 passes for 524 yards and six touchdowns during his sophomore season

Conner, a second team repeater from last year, had 46 tackles on defense and three fumble recoveries.

Mouton, another repeater, had 57 tackles, three fumble recoveries and broke up nine passes.

Tarpon coach Wayne Batts explained that the selection process by the coaches does not adhere to Louisiana Sportswriters Association guidelines and thus forcing the news media to pick their own team.

"We know the American Press will not choose the team we have because of the quota system we adopted last spring. For years we have had quite a few misunderstandings concerning All-District. Usually, the higher you finished, the less players make the team because of jealousy and politics. I think allotting a specific number of players per finish is best becuase in most cases the best teams have the best players. It also gives you extra incentive. We had a small chance for the playoffs going into our last game, but the win over DeQuincy gave us three more players on the team."

Reading club is success

The Summer Reading Club sponsored by the Library was a great success according to Mrs. J. W. Broussard, Librarian. Young people participating received a certificate for reading 10 books or more, and those reading at least 15 books received a gift for a MacDonald's hamburger.

Youth earning certificates by reading books from the Bookmobile are these: Grades 1-3, Angela Conner, Timothy Newell, Trent Baldry, Fred Woodridge, Tanya Trahan, Kevin Landry, Laurie Crador, Roxanne Dupre, Bernadette Fruge, Coby Seay, Bryan Jones, and Ernest Trahan; Grades 4-7, Kevin Fruge, Dawn Newell, Lee LaVergne, Rhonda Woolridge, Pat Landry, Kevin Vincent, Karen Savoie, Tracy Seay, Monica Dupuis, Mary Dahlen, Jean Hebert, Lynn Hebert, Frances Faulk, Teena Poole, Rhonda Lannin, Betti Jo Beard, Bobbie Jo Beard, Carol Conner, Helen Trahan, and Johnny Reina; Grades 8-12, Irma Broussard, Merri LaVergne, Cindy Vincent, Dale Conner and W. C. Beard.

Those earning certificates by reading books from the Cameron Library are as follows: Grades 1-3, Michelle Gaskill, Roxanne Stoute, Michelle Guilbeau, Jodi Kelley, Craig Rutherford, Kimberly Belanger, Gabe LaLande, Tommy Trahan, Thomas J. Watts, Jr., Kelvin Bertrand, Jesse Reese, Elizabeth Guthrie, Travis Johnson, Justine Bertrand, Jerry Kelley, Bertha Fryon, and Kevin Perkins; Grades 4-6, Priclla Stoute, Missy Guthrie, Angela Trahan, Chris LaLande, Christine Bertrand, Renee' Trahan, Catherine Perkins, Kirk Rutherford, and Elizabet. Ann Conner; Grades 7-8, Denise Rutherford and Darlene Dyson.

Down condition in cattle due to feed

By CLIFFORD MYERS
County Agent

Cattle subjected to severe stress in catly winter are sometimes affected by the so-called "Downer" condition.

The downer condition, occurring under severe stress, can be due to several causes but the primary factor that is responsible for this particular form is a sudden lack of total digestible nutrients. As a rule, affected cows are in late pregnancy and are in good to even fat condition just before trouble begins.

The increased nutritional requirements imposed by the rapidly developing fetus and onset of cold weather coincides with the disappearance of good quality summer grass. As a result of these stress factors the animal eats more poor quality, often virtually indigestible, forage. A stomach full of this material adds to the already crowded condition caused by the fetus, thus impairing normal digestive tract function.

As virtual starvation continues the body fat is rapidly used for energy but also produces ketones which cause a marked supression of appetite. The liver becomes very fatty. The disease appears about this time in the cycle.

Affected cattle become weak and incoordinated, may tremble when forced to stand lose a great deal of weight then go down and are unable to rise. Unless the calf is delivered the death rate in affected cows is high despite treatment.

This is a problem even with well managed cattle operations. To prevent it, the availability of energy feeds or good quality hay is necessary during the transition period from summer to winter. It is a metabolic disease of significant importance and can only be dealt with successfully by preventive measures.

One sentenced for offense

Frederick Allen Beckley pleaded guilty to reckless operation of a vehicle in District Court here last Thursday and was sentenced to 12 days in jail with credit for time served.

Billiards were first played in America in 1565 in St. Augustine, Florida.

NOTICE

The 1977 Cameron Parish tax rolls are now completed and you may pay your taxes in the sheriff's office.

Please note: because of new state regulations, no leniency can be shown in collecting interest on unpaid taxes after Dec. 31.

Please pay your taxes by this date and save yourself this interest charge. In this day and time, every penny saved is important.

Sheriff Claude Eagleson

LAYTON MILLER, instructor at the Cameron Vocational-Technical school, demonstrates to students the manipulation of a torch during an oxygen-acetylene welding exercise.

Welding class being taught at Cam-Tech

Cameron Vocational Technical school is currently operating an evening extension class in welding.

The course is mainly designed to adults that are presently employed in the welding and related fields, but also accepts students that are interested in a welding career.

The class operates four hours a night on Monday and Wednesday nights.

The vocational school also offers classes in office occupations, welding and vehicle marine engine mechanics in the day preparatory classes.

Leslie Griffith, school director, stated that students may come on a part time basis, fulltime, and students that work seven and seven in the Gulf may apply for the courses.

Interested persons may contact the administrative office between the hours of 8 a. m. and 4 p. m., Monday through Friday or call 542-5010 to inquire about the evening and day preparatory classes.

In ancient India, a person with jaundice would drink water containing the hair of a red bull in the hope that it would restore his healthy color.

Turkey shoot to be held at Hackberry

By GRACE WELCH

There will be a turkey shoot sponsored by the Hackberry Lions Club Saturday, Dec. 17, at the Parish Barn from 2 to 5 p. m. There will be a Leo Club gun raffle afterwards.

Mr. and Mrs. Robert Sheffield and children Kathleen and Craig of Sulphur visited the Delbert Sheffields over the weekend.

DENNIS BABY

Mr. and Mrs. Kenny Dennis announce the birth of a son, Charles Patrick, Dec. 3, at Cal-Cam hospital in Sulphur. He weighed 7 lb. 14 oz. Grandparents are Mr. and Mrs. Dale Clark of Sulphur. They have two other children, Toni and Mike.

LEGER BABY

Mr. and Mrs. Lloyd Leger of Houston announce the birth of a daughter, Nancy Lynn, Dec. 1. She weighed 7 lb. 14 oz. Grandparents are Mr. and Mrs. DeLancy Landry of Carlyss. A great-grandmother is Mrs. Stella Burch of Hackberry. A sister, Beverly, welcomed her home.

GIRL SCOUTS

Girl Scouts of Troop 171 are selling girl scout calenders. The calendars have a colorful scene for each month of the year. Troop 171 elected a troop scribe, Michael LaBauve.

TOURNAMENT

The Parish Basketball Tournament will be Friday, and Saturday, Dec. 9 and 10 at Johnson Bayou.

A roofing of the house of Gordon Johnson went on this weekend. Helpers were his daughter and husband, Mr. and Mrs. Ricky Trahan from Lake Charles, Benny and Chris Bourg, Roy Dimas from Creole, Charlie Bruno from Vinton, Louis Hanks and Bill Rhorer from Lake Charles, P. J. Johnson and Cap Dean from Sulphur.

FIREMAN NEWS

The firemen of Hackberry and their wives had a hot tamalie and chili supper at the fire station Monday night. Fireman for the year is M. O. LaBove.

BARBECUE HELD

St. Peters, Holy Trinity, and Our Lady of Assumption united their efforts Sunday, Dec. 4, for a barbecue. St. Peter's CAtholic Hall was the scene of many people preparing and eating 300 barbecued chickens, to raise money for the much needed chairs in the Catholic Hall.

The winner of the gun raffle was Tom Fugua from Lafayette.

The winner of the turkey was Kimberly Dawn LeBlanc from Hackberry.

The barbecue raised around $2,300.

Rev. Mr. Bud Wagner, a permanent Deacon, visited Father Edward Brunnert overnight to celebrate the Sunday 7:30 a. m. mass. Liturgy and to deliver the homily message of the second Sunday of advent.

There will be a parish council meeting Thursday, Dec. 8, at 7 p. m. at the Catholic Hall to further organize the parish participation in church.

G. Chenier honor roll

The Grand Chenier Elementary School Honor Roll for the second six weeks was as follows:

Grade 2-Kenton Bonsall, Farl Broussard, Jr., Pam Harrington, Norman Hebert, Christopher Henry, Bryan Jones, Christine Pinch, Lisa Roper.

Grade 3-Angela Conner, Richard Crowther, Roxane Dupre, Lance McNease, Dwayne Nunez, Wesley Perry, Hayes Picou, Kris Vidrine, Alice Welch.

Grade 4-Paul Canik, Cliff Crowther, Lori McNease, Amanda Sevmour

Grade 5-Derrick Brown, John Canik, Shelly Doland, Janet Erbelding, Darren Richard, Todd Richard, Lane Thomas, Lori Vidrine, Holly Williams.

Grade 6-Shannon Aucoin, Pamela Erbelding, Lana Hebert, Randall Hebert, Yancy Welch.

Grade 7-Donna Arrington, Cheryl Miller, Donna Miller, Tina Baccigalopi, Lisa Gaye East, Warren Felio, Leisa Hebert, Allyson Richard, Jeffery Richard, Darren Theriot, Ray Vincent

Nurse assistance class being taught

Cameron Vocational Technical School is presently conducting a nine week nurse assistant class at the South Cameron Memorial Hospital.

The curriculum is designed to train interested persons for work in hospitals, private homes, extended care facilities, and other related health facilities.

Students are taught a proper, ideal method for giving quality nursing care and are made aware of the fact that they will not always observe others performing in the way they were taught.

Students are encouraged to give the best nursing care possible.

For further information about this program and other programs offered at the Cameron Vocational Technical school, interested persons may come by or contact the administrative office between the hours of 8 a. m. and 4 p. m. weekdays, or telephone 542-5010.

Toothbrush bristles were the first commercial product made of nylon, which was patented in 1937.

Club to host Aging council

The Cameron Extension Homemakers Club met Monday, Nov. 28, at the Wakefield Methodist Church with each member bringing a salad dish for supper.

The club decided to host the Council on Aging for January. Games, refreshments, and entertainment will be furnished by various club members.

The club's annual Christmas party will be held Wednesday, Dec. 14, at 7 p. m. in the social room of the fire station. Each member will bring a covered dish.

The club will furnish the crown and scepter for the Little Miss and Mister Cameron contest, sponsored by the club annually.

Door prize was won by Mrs. Alida Hebert.

Grand Lake honor roll

The Grand Lake high school honor roll for the second six weeks is as follows:

Grade 2-Angela LeMaire, Jason Nunez, Amy Pool, Timmy Reon, Rena Stoddard Troy Thomas.

Grade 3-Laurie Crador, Michael Daigle, Penny Farque, Bernadette Fruge, David O'Connell.

Grade 4-Shane Delaney, Teena Poole, Christine Reon, Brett Schultz, Mikki Woolard

Grade 5-*Joey Babyak, Jimmy Fogleman, Tripp Glenn, Suzanne Greathouse, Debbie Hooper, Darren LaBove, Sal Messina.

Grade 6-Edie Faulk, Gregory Lannin, Tammy Trahan.

Grade 7-Patrick E. Hebert, Jody LaBove, Tish McFillen, Dawn Newell.

Grade 8-none

Grade 9-Ricky Crador, John Lannin.

Grade 10-Mary Crador, Donna Delaney, Cindy Fogleman, Wendy Lannin, Mary Manuel, Charlene Thibodeaux.

Grade 11-Marcy Alderson, Tina Demarest, Wanda Hebert, Tracy Lannin, Ramona Newton, Bill Robichaux, Coy Vincent

Grade 12-*Donna Kline, Jolene LaBove, James Phillips.

Justice of the People
Lake Charles, Ward Three Native
WWII Veteran (Captain USAF)
Calcasieu, Cameron Assistant District Attorney, 13 years
Family Man
Active in: YMBL, VFW, American Legion, Boy Scouts, Girl Scouts and United Appeals
After 27 years of professional and civic leadership in Lake Charles, it's easy to see why Charles Richard is best qualified to serve as your new district judge. His support comes from the people of our area, not from a single wealthy individual or elected officials.
Charles Richard needs your help.
Vote #3, Saturday, December 10th.

CIVIL ACTION NO. 770407
CIVIL ACTION NO. 770408

NOTICE OF CONDEMNATION

TO: ALL OF THE PARTIES WHOSE NAMES AND ADRESSES ARE SET FORTH IN ATTACHED SCHEDULE "B"

You are hereby notified that a complaint in condemnation has heretofore been filed in the Office of the Clerk of the above named Court in an action to condemn the following estates.

The estate to be taken for said public uses is as follows:

As to Tract No. 101, the fee simple title to the land, subject, however, to existing easements for public roads and highways, public utilities, railroads and pipelines; excepting and excluding from the taking all producing oil and gas wells, including all existing structures and improvements and all appurtenances and appurtenant rights used in connection with the exploration, development, production and removal of said oil and gas; provided, however, that the said producing oil and gas wells, including existing structures and improvements and all appurtenances and appurtenant rights so excepted and excluded are hereby subordinated to the prior right of the United States to utilize said land in the establishment, management, and maintenance of the Strategic Petroleum Reserve as authorized by the Act of Congress approved December 22, 1975, Public Law 94-163, 89 Stat. 871, 42 U.S.C. 6201, including the right to prohibit the drilling of additional wells on said land, and, provided further that the use of said land shall be subject to the prior right of the United States to utilize said land for the Strategic Petroleum Reserve, reserving, however, to the owner, its successors and assigns, of producing oil and gas wells, the right to use existing access to the producing oil and gas wells, provided such access does not interfere with the rights of the United States to utilize said land in the establishment, management, and maintenance of the Strategic Petroleum Reserve as authorized by the Act of Congress approved December 22, 1975, Public Law 94-163, 89 Stat. 871, 42 U.S.C. 6201, including the right to prohibit the drilling of additional wells on said land, and, provided further that the use of said land shall be subject to the prior right of the United States to utilize said land for the Strategic Petroleum Reserve, reserving, however, to the owner, its successors and assigns, of producing oil and gas wells, the right to use existing access to the producing oil and gas wells, provided such access does not interfere with the rights of the United States to utilize said land in the establishment, management, and maintenance of the Strategic Petroleum Reserve as authorized by the Act of Congress approved December 22, 1975, Public Law 94-163, 89 Stat. 871, 42 U.S.C. 6201, including the right to trim, cut, fell and remove therefrom all trees, underbrush, obstructions, and any other vegetation, structures or obstacles within the limits of the right-of-way; reserving, however, to the landowners, their heirs and assigns, all such rights and privileges as may be used without interfering with or abridging the rights and easements hereby acquired; subject, however, to existing easements for public roads and highways, public utilities, railroads and pipelines.

As to Tract No. 103E-1, a perpetual and assignable easement and right-of-way 50 feet in width, in, on, over and across the land, for the location, construction, operation, maintenance, alteration, repair and patrol of multi-pipelines in the establishment, management and maintenance of the Strategic Petroleum Reserve, as authorized by the Act of Congress approved December 22, 1975, Public Law 94-163, 89 Stat. 871, 42 U.S.C. 6201, including the right to trim, cut, fell and remove therefrom all trees, underbrush, obstructions, and any other vegetation, structures or obstacles within the limits of the right-of-way; reserving, however, to the landowners, their heirs and assigns, all such rights and privileges as may be used without interfering with or abridging the rights and easements hereby acquired; subject, however, to existing easements for public roads and highways, public utilities, railroads and pipelines.

As to Tract No. 103E-2, a temporary easement and right-of-way 25 feet in width in, on, over and across the land for a period not to exceed three years, beginning with the date possession of the land is granted to the United States, for use by the United States, its representatives, agents and contractors, for the construction of multipipelines in the establishment, management and maintenance of the Strategic Petroleum Reserve as authorized by the Act of Congress approved December 22, 1975, Public Law 94-163, 89 Stat. 871, 42 U.S.C. 6201, including the right to borrow and/or deposit excavated material thereon and the further right to remove temporary structures on the land and to perform any other work necessary and incident to the construction of the said multipipelines, together with the right to clear, cut, fell and remove therefrom all trees, underbrush, obstructions and any other vegetation, structures or obstacles within the limits of the right-of-way; reserving, however, to the landowners, their heirs and assigns, all such rights and privileges as may be used without interfering with or abridging the rights and easements hereby acquired; subject, however, to existing easements for public roads and highways, public utilities, railroads and pipelines.

As to Tract No. 106, the fee simple title to the land, subject, however, to existing easements for public roads and highways, public utilities, railroads and pipelines; excepting and excluding from the taking all producing oil and gas wells, including all existing structures and improvements and all appurtenances and appurtenant rights used in connection with the exploration, development, production and removal of said oil and gas; provided, however, that the said producing oil and gas wells, including existing structures and improvements and all appurtenances and appurtenant rights so excepted and excluded are hereby subordinated to the prior right of the United States to utilize said land in the establishment, management, and maintenance of the Strategic Petroleum Reserve as authorized by the Act of Congress approved December 22, 1975, Public Law 94-163, 89 Stat. 871, 42 U.S.C. 6201, including the right to prohibit the drilling of additional wells on said land, and, provided further that the use of said land shall be subject to the prior right of the United States to utilize said land for the Strategic Petroleum Reserve, reserving, however, to the owner, its successors and assigns, of producing oil and gas wells, the right to use existing access to the producing oil and gas wells, provided such access does not interfere with the rights of the United States to utilize said land in the establishment, management, and maintenance of the Strategic Petroleum Reserve as authorized by the Act of Congress approved December 22, 1975, Public Law 94-163, 89 Stat. 871, 42 U.S.C. 6201, and the further right to abandon said producing oil and gas wells provided said wells are capped in accordance with the laws and regulations of the State of Louisiana.

As to Tract No. 107, the fee simple title to the land, subject, however, to existing easements for public roads and highways, public utilities, railroads and pipelines; excepting and excluding from the taking all producing oil and gas wells, including all existing structures and improvements and all appurtenances and appurtenant rights used in connection with the exploration, development, production and removal of said oil and gas; provided, however, that the said producing oil and gas wells, including existing structures and improvements and all appurtenances and appurtenant rights so excepted and excluded are hereby subordinated to the prior right of the United States to utilize said land in the establishment, management, and maintenance of the Strategic Petroleum Reserve as authorized by the Act of Congress approved December 22, 1975, Public Law 94-163, 89 Stat. 871, 42 U.S.C. 6201, including the right to prohibit the drilling of additional wells on said land, and, provided further that the use of said land shall be subject to the prior right of the United States to utilize said land for the Strategic Petroleum Reserve, reserving, however, to the owner, its successors and assigns, of producing oil and gas wells, the right to use existing access to the producing oil and gas wells, provided such access does not interfere with the rights of the United States to utilize said land in the establishment, management, and maintenance of the Strategic Petroleum Reserve as authorized by the Act of Congress approved December 22, 1975, Public Law 94-163, 89 Stat. 871, 42 U.S.C. 6201, and the further right to abandon said producing oil and gas wells provided said wells are capped in accordance with the laws and regulations of the State of Louisiana; and, further reserving to Olin Corporation the right to construct, operate and maintain multipipelines and utilities in, on, over and across a strip of land described as:

"A strip or parcel of land lying in Section 21, Township 12 South, Range 10 West, Cameron Parish, Louisiana, being 50 feet in width and lying 25 feet each side of, when measured at right angles, and parallel to the following described centerline:

"For a point of reference, commence at the Southeast corner of the Southwest Quarter of the Northwest Quarter of said Section 21, thence run North 0 degree 11' West along the East line of said quarter-quarter section a distance of 200 feet, more or less, to the centerline of an existing pipeline, for the Point of Beginning.

"From said Point of Beginning, run Southwesterly with said existing centerline a distance of 300 feet, more or less, the South line of the Northwest Quarter of said Section 21, the point of terminus of the centerline herein described.

"The above described tract or parcel of land contains 0.34 acre, more or less.

"The bearings and distances cited herein are based on the Lambert grid system."

for the period beginning with the date of taking and terminating with the expiration of that certain lease or leases entered into by and between Olin Corporation and Mrs. Agnes Elender Lowery, et al, or any renewal or extensions of such lease or leases.

As to Tract No. 103, the fee simple title to the land, subject, however, to existing easements for public roads and highways, public utilities, railroads and pipelines; excepting and excluding from the taking all producing oil and gas wells, including all existing structures and improvements and all appurtenances and appurtenant rights used in connection with the exploration, development, production and removal of said oil and gas; provided, however, that the said producing oil and gas wells, including existing structures and improvements and all appurtenances and appurtenant rights so excepted and excluded are hereby subordinated to the prior right of the United States to utilize said land in the establishment, management, and maintenance of the Strategic Petroleum Reserve as authorized by the Act of Congress approved December 22, 1975, Public Law 94-163, 89 Stat. 871, 42 U.S.C. 6201, including the right to prohibit the drilling of additional wells on said land, and, provided further that the use of said land shall be subject to the prior right of the United States to utilize said land for the Strategic Petroleum Reserve, reserving, however, to the owner, its successors and assigns, of producing oil and gas wells, the right to use existing access to the producing oil and gas wells, provided such access does not interfere with the rights of the United States to utilize said land in the establishment, management, and maintenance of the Strategic Petroleum Reserve as authorized by the Act of Congress approved December 22, 1975, Public Law 94-163, 89 Stat. 871, 42 U.S.C. 6201, and the further right to abandon said producing oil and gas wells provided said wells are capped in accordance with the laws and regulations of the State of Louisiana; and, further reserving to Olin Corporation the right to construct, operate and maintain multipipelines and utilities in, on, over and across a strip of land described as:

"A strip or parcel of land lying in Section 20, Township 12 South, Range 10 West, Cameron Parish, Louisiana, being 50 feet in width and lying 25 feet each side of, when measured at right angles, and parallel to the following described centerline:

"For a point of reference, commence at the Southwest corner of the East Half of the Southeast Quarter of the Southwest Quarter of the Northeast Quarter of said Section 20, thence run North 0 degree 11' West along the West line of the East Half of the Southeast Quarter of the Southwest Quarter of the Northeast Quarter of said Section 20 a distance of 75 feet to the Point of Beginning.

"From said Point of Beginning, run North 89 degrees 49' East along a line 75 feet northerly of and parallel to the South line of the Northeast Quarter of said Section 20 and the South line of the Northwest Quarter of said Section 21 a distance of 1370 feet to a point 50 feet East of the line common to said sections 20 and 21 for the point of terminus of the centerline herein described.

"The above described tract or parcel of land contains 1.57 acres, more or less.

"The bearings and distances cited herein are based on the Lambert grid system."

for the period beginning with the date of taking and terminating with the expiration of that certain lease or leases entered into by and between Olin Corporation and Mrs. Agnes Elender, et al, or any renewal or extensions of such lease or leases, and further reserving to Olin Corporation the right to construct multipipelines in, on, over, under and across a strip of land described as

"A strip or parcel of land lying in Section 21, Township 12 South, Range 10 West, Cameron Parish, Louisiana, being 50 feet in width and lying 25 feet each side of, when measured at right angles, and parallel to the following described centerline:

"For a point of reference, commence at the Southeast corner of the Southwest Quarter of the Northwest Quarter of said Section 21, thence run North 0 degree 11' West along the East line of said quarter-quarter section a distance of 200 feet, more or less, to the centerline of an existing pipeline, for the Point of Beginning.

"From said Point of Beginning, run Southwesterly with said existing centerline a distance of 300 feet, more or less, the South line of the Northwest Quarter of said Section 21, the point of terminus of the centerline herein described.

"The above described tract or parcel of land contains 0.34 acre, more or less.

"The bearings and distances cited herein are based on the Lambert grid system."

for the period beginning with the date of taking and terminating with the expiration of that certain lease or leases entered into by and between Olin Corporation and Mrs. Agnes Elender Lowery, et al, or any renewal or extensions of such lease or leases.

As to Tract No. 103, the fee simple title to the land, subject, however, to existing easements for public roads and highways, public utilities, railroads and pipelines; excepting and excluding from the taking all producing oil and gas wells, including all existing structures and improvements and all appurtenances and appurtenant rights used in connection with the exploration, development, production and removal of said oil and gas; provided, however, that the said producing oil and gas wells, including existing structures and improvements and all appurtenances and appurtenant rights so excepted and excluded are hereby subordinated to the prior right of the United States to utilize said land in the establishment, management, and maintenance of the Strategic Petroleum Reserve as authorized by the Act of Congress approved December 22, 1975, Public Law 94-163, 89 Stat. 871, 42 U.S.C. 6201, including the right to prohibit the drilling of additional wells on said land, and, provided further that the use of said land shall be subject to the prior right of the United States to utilize said land for the Strategic Petroleum Reserve, reserving, however, to the owner, its successors and assigns, of producing oil and gas wells, the right to use existing access to the producing oil and gas wells, provided such access does not interfere with the rights of the United States to utilize said land in the establishment, management, and maintenance of the Strategic Petroleum Reserve as authorized by the Act of Congress approved December 22, 1975, Public Law 94-163, 89 Stat. 871, 42 U.S.C. 6201, and the further right to abandon said producing oil and gas wells provided said wells are capped in accordance with the laws and regulations of the State of Louisiana; and, further reserving to Olin Corporation the right to construct, operate and maintain multipipelines and utilities in, on, over and across a strip of land described as:

"A strip or parcel of land lying in Section 20, Township 12 South, Range 10 West, Cameron Parish, Louisiana, being 50 feet in width and lying 25 feet each side of, when measured at right angles, and parallel to the following described centerline:

"For a point of reference, commence at the Southwest corner of the East Half of the Southeast Quarter of the Southwest Quarter of the Northeast Quarter of said Section 20, thence run North 0 degree 11' West along the West line of the East Half of the Southeast Quarter of the Southwest Quarter of the Northeast Quarter of said Section 20 a distance of 75 feet to the Point of Beginning.

"From said Point of Beginning, run North 89 degrees 49' East along a line 75 feet Northerly of and parallel to the South line of the Northeast Quarter of said Section 20 a distance of 330 feet to the East line of the Southwest Quarter of the Northeast Quarter of Section 20 for the point of terminus of the centerline herein described.

"The above described tract or parcel of land contains 0.38 acre, more or less.

"The bearings and distances cited herein are based on the Lambert grid system."

As to Tract No. 104, the fee simple title to the land, subject, however, to existing easements for public roads and highways, public utilities, railroads and pipelines; excepting and excluding from the taking all producing oil and gas wells, including all existing structures and improvements and all appurtenances and appurtenant rights used in connection with the exploration, development, production and removal of said oil and gas; provided, however, that the said producing oil and gas wells, including existing structures and improvements and all appurtenances and appurtenant rights so excepted and excluded are hereby subordinated to the prior right of the United States to utilize said land in the establishment, management, and maintenance of the Strategic Petroleum Reserve as authorized by the Act of Congress approved December 22, 1975, Public Law 94-163, 89 Stat. 871, 42 U.S.C. 6201, including the right to prohibit the drilling of additional wells on said land, and, provided further that the use of said land shall be subject to the prior right of the United States to utilize said land for the Strategic Petroleum Reserve, reserving, however, to the owner, its successors and assigns, of producing oil and gas wells, the right to use existing access to the producing oil and gas wells, provided such access does not interfere with the rights of the United States to utilize said land in the establishment, management, and maintenance of the Strategic Petroleum Reserve as authorized by the Act of Congress approved December 22, 1975, Public Law 94-163, 89 Stat. 871, 42 U.S.C. 6201, and the further right to abandon said producing oil and gas wells provided said wells are capped in accordance with the laws and regulations of the State of Louisiana.

The property to be taken is described in Schedule "B" attached hereto.

The authority for the taking is under and in accordance with the Act of Congress approved February 26, 1931 (46 Stat. 1421, 40 U.S.C. 258a) and acts supplementary thereto and amendatory thereof, and under the further authority of the Acts of Congress approved August 1, 1888 (25 Stat. 357, 33 U.S.C 257), and the Act of Congress approved December 22, 1975 (Public Law 94-163; 89 Stat. 871) entitled the Energy Policy and Conservation Act, which authorizes the acquisition of land for the Strategic Petroleum Reserve and related facilities, and the Acts of Congress approved June 1, 1976 (Public Law 94-303) and July 31, 1976 (Public Law 94-373), which acts make funds available for such purposes.

The public uses for which said land is taken are as follows: The said land is necessary for the establishment, management, and maintenance of the Strategic Petroleum Reserve and related facilities. The said land has been selected for acquisition by the United States for the Strategic Petroleum Reserve and for such other purposes as may be authorized by Congress or by Executive Order.

You are further notified that if you desire to make any objection or defense to the taking of your property you are required to serve your answer on the plaintiff's attorney at the address herein designated within twenty days after personal service of this Notice upon you, or the date of last publication of Notice.

Your answer shall identify the property in which you claim to have an interest, state the nature and extent of the interest you claim and state all of your objections and defenses to the taking of your property. All defenses and objections not so presented are waived. And in case of your failure so to answer the complaint, judgment by default by reason of that part of the above described property in which you have or claim an interest will be rendered.

But without answering, you may serve on the plaintiff's attorney a notice of appearance designating the property in which you claim to be interested. Thereafter you will receive notice of all proceedings affecting it. At the trial of the issue of just compensation, whether or not you have previously appeared or answered, you may present evidence as to the amount of the compensation to be paid for your property, and you may share in the distribution of the award. and jury trial is demanded as to the issue of just compensation.

NOTICE OF PUBLICATION
CAMERON PARISH
SCHOOL BOARD

By virtue of and in conformity with the procedures of Section 151 through 158 of Title 30 of the Louisiana Revised Statutes of 1950, as amended, sealed bids will be received at the office of the Cameron Parish School Board in Cameron, Louisiana, on or before the twelfth (12th) day of December, 1977, at 10:00 a. m. at which time all bids received will be opened by the Cameron Parish School Board, for a lease covering the oil, gas, sulphur, potash and or other liquid gaseous hydrocarbon mineral rights in, to, and under the following described property:

Grand Chenier Elementary School Site: Beginning at the Southwest corner of the Irvin LaBove tract in Section 43, Township 15 South, Range 5 West; thence South 89 degrees 6' East 598.6', thence South 9 degrees 07' West 595.3', thence North 73 degrees 10' West 260.1', to the point of beginning, estimated to contain 3.97 acres, this tract being designated as Tract A on plat of survey attached to boundary agreement dated April 4, 1955, recorded in Book 106, Page 69, Entry 70958 of the Conveyance Records of Cameron Parish, Louisiana. it is the intention that this description also include all of the minerals which may be owned by the School Board underlying the public road which is adjacent to and on the South side of the above described tract and containing .4 of an acre, more or less. a total of 4.37 acres, more or less.

All bids are to offer a cash bonus for a lease having a primary term which shall not exceed three years. Minimum royalties shall be one-fourth (¼) of all oil and gas produced and saved; two dollars ($2.00) per long ton for sulphur produced and saved; twenty cents ($.20) per ton for potash produced and saved; one-fourth (¼) of all minerals produced and saved.

Any lease granted hereunder shall be on the regular current State Agency form and shall be subject to the approval of the State Mineral Board. Certified check, Bank Money Order, or Cashier's check, payable to the Cameron Parish School Board for the full amount of the bonus, shall accompany and be submitted with each bid: and no bid thus submitted may be thereafter withdrawn or cancelled: and the cash bonus accompanying the bid of the successful bidder shall be forfeited to the Cameron Parish School Board should he not return the written lease, duly executed, within twenty (20) days after his receipt of the same.

The Cameron Parish School Board reserves the right to reject any and all bids and to grant a lease on any portion of the tract advertised for a price not less than proportionate to the best bid offered for the lease on the entire tract.

SCHEDULE "B"

TRACT NO. 101

DESCRIPTION:

The Southwest Quarter of the Northwest Quarter (Lot 2) of Section 21, Township 12 South, Range 10 West. The East 24 acres of the Southeast Quarter of the Southeast Quarter; Lot 10 or the Northeast Quarter of the Southeast Quarter; Lot 9 or the Southeast Quarter of the Northeast Quarter, of Section 20, Township 12 South, Range 10 West, Cameron Parish, Louisiana.

The above described tract or parcel contains 144.18 acres, more or less.

TRACT NO. 103

DESCRIPTION:

A tract or parcel of land being a portion of the Southeast Quarter of the Southeast Quarter of Section 20, Township 12 South, Range 10 West, Cameron Parish, Louisiana, being more particularly described as follows:

For the point of beginning, commence at the Northwest corner of the Southeast Quarter of the Southeast Quarter. of said Section 20, run thence East along the North line of the Southeast Quarter of the Southeast Quarter a distance of 329.5 feet to a point; thence Southerly 1320 feet to a point on the South line of said Section 20, thence run Westerly 264.8 feet to a point; thence Northerly to a line which lies 1126.7 feet South of the North line of the Southeast Quarter of the Southeast Quarter of said Section, thence West along said line 264.8 feet to the West line of the Southeast Quarter of the Southeast Quarter; thence North along said West line 1126.7 feet to the point of beginning.

Said tract or parcel of land contains 14.5 acres, more or less.

It is the intent of the above description to include the same land as described in a composite of deeds recorded as follows: Conveyance book 210, page 556; book 216, page 473, book 216, page 475; book 216, page 471.

TRACT NO. 103E-1

DESCRIPTION:

East 50 feet of the North 16 acres of the Northeast Quarter of the Northeast Quarter of Section 29, Township 12 South, Range 10 West, Cameron Parish, Louisiana.

The above described tract or parcel contains .61 acres, more or less.

It is the intent of the foregoing description to include a part of the same land as that described in Conveyance Book 210, page 556.

TRACT NO. 103E-2

DESCRIPTION:

West 25 feet of the East 75 feet of the North 16 acres of the Northeast Quarter of the Northeast Quarter of Section 29, Township 12 South, Range 10 West, Cameron Parish, Louisiana.

The above described tract or parcel contains .31 acres, more or less.

It is the intent of the foregoing description to include a part of the same land as that described in Conveyance Book 210, page 556.

TRACT NO. 106

DESCRIPTION:

The East half of the Southeast Quarter of the Southwest Quarter of the Northeast Quarter of Section 20, Township 12 South, Range 10 West, Cameron Parish, Louisiana.

ALSO KNOWN AS:

Lot 8 of the S. M. Lions subdivision of Lot 8 of Section 20, Township 12 South, Range 10 West, Cameron Parish, Louisiana.

The above described tract or parcel of land contains 5.0 acres, more or less.

TRACT NO. 104

DESCRIPTION:

A tract or parcel of land being a part of the North Half of the Northeast Quarter of Section 20, and the Northwest Quarter of the Northwest Quarter of Section 21, all in Township 12 South, Range 10 West, Cameron Parish, Louisiana, and being more particularly bounded and described as follows:

From the Point of Beginning, which point is the Northwest corner of the Southeast Quarter of the Northeast Quarter of said Section 20, run West along the North line of the Southwest Quarter of the Northeast Quarter of said Section 20 a distance of 330 feet, more or less, to the Northwest corner of Lot 1 of the S. M. Lyons Subdivision of Lot 8 of said Section 20; thence run North parallel to the East line of said Section 20 a distance of 280 feet, more or less; thence run East parallel to the North line of the Southwest Quarter of the Northeast Quarter of said Section 21 a distance of 900 feet, more or less; thence run South parallel to the West line of said Section 21 a distance of 110 feet, more or less; thence run East along the North line of the Southwest Quarter of the Northwest Quarter of said Section 21, and the North line of the Southeast Quarter of the Northeast Quarter of said Section 20 a distance of 2670 feet, more or less, to the Point of Beginning.

The above described tract or parcel of land contains 19.64 acres, more or less.

TRACT NO. 117

DESCRIPTION:

The North 1000 feet of the East half of the Southeast Quarter of Section 32; the North 1000 feet of the West 3280 feet of the North half of the Southwest Quarter and the Northwest Quarter of the Southeast Quarter of Section 33, all in Township 12 South, Range 10 West, Cameron Parish, Louisiana.

The above described tract or parcel of land contains 106.06 acres, more or less.

It is the intent of the foregoing description to include a part of the same land as that described by deed dated March 31, 1913 and recorded in Official Record Book S, Page 368 et seq., of the Public Records of Cameron Parish, Louisiana.

PICTURED HERE at the Cameron Parish Homemakers Council Installation Tea are the new officers for 1978. From the left, they are: Mrs. Charles F. Hebert, parliamentarian; Mrs. John M. Theriot, reporter; Mrs. Albert Guidry, secretary; Mrs. M. H. Fulton, president; Mrs. Evans Mhire, president-elect and publicity book chairman; Mrs. M. C. Kelley, 1st vice-president; Mrs. Mervin Chesson, 2nd vice-president. Absent from the picture are: Mrs. Robert Ortego, treasurer; Mrs. Dupre Hebert, 3rd vice-president; and Mrs. Larry McNease, publicity book chairman.

FEATURED AS guest speaker at the recent Council installation Tea was Mrs. J. B. Jones, Jr. shown here as she spoke on her recent trip to Egypt and the Holy Land.

Chenier club to meet

The Grand Chenier Extension Homemakers Club will hold their monthly meeting Tuesday, Dec. 20, at 7 p. m. in the American Legion Hall.

All members are to bring a favorite holiday dish. Club members will exchange Christmas gifts and reveal their sunshine sisters.

Hostess for the November meeting were Mrs. Howard Dupuie and Mrs. Guthrie Perry, who are pictured above.

Simons will observe 50th anniversary

An anniversary dance will be held at the V.F.W. on Country Club Road in Lake Charles in honor of Mr. and Mrs. Robley Simon Saturday Dec. 10, at 8 p. m.

Mr. and Mrs. Simon will celebrate their Golden Wedding anniversayr that day in Kaplan. Mass will be at 10 a. m. at Holy Rosary Catholic Church followed by a reception at the American Legion Home.

Their son and family, the Curtis Simons, will host the event. The honorees have six grandchildren. They are well known in the Holly Beach area.

Grand Chenier

By ELORA MONTIE

Many folks from this area enjoyed the Loretta Lynn, Conway Twitty show in Lake Charles Sunday.

Mrs. Angeline Whire this past week purchased a 1978 two-tone green Mercury.

Gerald Mouton has purchased a 1978 black, Lincoln Continental Mark V.

Mr. and Mrs. Robby Dale Mhire bought the car Mrs. Angeline Mhire had.

Mr. and Mrs. Louis Canik have purchased a 1978 two-tone blue Cadillac recently.

Belton Bonsall of New Orleans, formerly of Grand Chenier, recently underwent surgery in St. Patrick's hospital in Lake Charles. He came Tuesday to his mothers Mrs. James Bonsall, in Grand Chenier.

Joey Reina who spent some time in Memorial hospital in Lake Charles came home Thursday.

Mr. and Mrs. Tom Hess celebrated their son Brandon's 1st birthday at their home Sunday.

Refreshments of cake and punch were served to Michelle and Phillip Trosclair, Joanna and Rhondia Perry, Bo Bellenger, J. R. and Kreg Rutherford, Damion Mhire, Cheryl Miller allyson Richard, Lana Hebert and Christopher Brockhouse.

Mrs. Ella Mae Booth Sr. spent the weekend with her daughter, Dona, in New Orleans.

Mr. and Mrs. Lee Dartez and family of Alexandria spent the weekend with Mr. and Mrs. Oliver Theriot.

Hubert Miller and Mrs. Bernice Clark visited their sister Veda Bult in Lake Charles last Tuesday.

Mr. and Mrs. Chuck Lagston of Lake Charles visited Mr. and Mrs. Donald Lee Miller and family during the weekend.

Della Richard spent Tuesday and Wednesday with her mother Mrs. Thelma Brown in Moss Bluff.

The Carl Hebert family attended the wedding of their niece in Pecan Island this past weekend.

Mrs. Froel Bourque of Kaplan formerly of Grand Chenir is reported doing better after suffering a stroke last week. She was in Kaplan hospital for a while.

Rt. 1, Cameron

By MRS. GEORGE NUNEZ

Mr. and Mrs. Curtis Roux, Mr. and Mrs. Russell Billeaud, Mr. and Mrs. Raymond Billeaud and Rindy Lin Billeaud of Houma and Mr. and Mrs. Charles Bertrand of Lake Charles, spent the Thanksgiving holidays with Mr. and Mrs. Douglas Murphy and other relatives.

Mrs. Margie Kelley, Mrs. Gerald Nunez, and Mrs. George Nunez visited with Mrs. Chuck Styron recently in Sulphur.

Mrs. Mrytle Savoie is out of St. Patrick's hospital and is at her daughter's, Mr. and Mrs. Ben Mudd, and is expected to come home this weekend.

Chester Billeaud who has been in a Houston hospital 2½ weeks for tests and x-rays came home Sunday and is feeling better.

Mr. and Mrs. Ronnie Hebert and children of Lake Charles, spent the weekend with Mr. and Mrs. Pierre Savoie, and Mrs. Virgie Trahan.

Mr. McDonald Nunez of Port Arthur, visited Mrs. Allie Nunez Monday.

Kelley Richard has birthday

Mr. and Mrs. Neil Richard celebrated the 7th birthday of Kelley Richard at their home in Grand Chenier Dec. 1. Hostesses were Mrs. Gara Howard and Mrs. Sylvia Apline.

Games were played and prizes won by Jimmie Dowd, Rhondia Perry won two prizes.

The cake was decorated with Indians and cowboys.

Attending were Kelley Vincent, Danny, Kim, Marion and Spencer Apline, Christie and David Pinch, Marline, Asa, Anthony and Nancy Swire, Rhondia Perry, Jimmie Dowd, Becky Theriot Danny and Leonard Hayes. Mikey and Jimmie Meaux stopped in to wish him a happy birthday.

Tea was introduced into Europe from China by the Dutch East India Company in 1609.

Rice is topic of S. Cameron 4-H meeting

A slide presentation by Gary Wickie was given at the December meeting of the South Cameron Senior 4-H club. The film was entitled "American Rice."

A report on the Thanksgiving basket was given by Renee' Boudreaux.

Jeffery Jouett announced that the float committee is working on plans. He also announced FFA Aggie Day as December 17.

Mrs. Savoie, club leader, spoke to the group on participation at parish events.

Project reports were given by Susan Conner on her swine project and Ruby McCall on her beef animal.

Roxanne and Dianne Myers were recognized for participating in the Louisiana State Fair.

Newly elected officers of the parish executive committee were announced. Todd Montie of the club was elected president.

A skit called "The Candy Shop" was presented at the meeting. Those participating in the skit were: Roxanne Myers, Cindy Nunez, Dianne Myers, Brien Theriot, D. D. Doland, Thomas McCall, Shadd Savoie, Hubie Aucoin, Shane Jouett, Mary McCall, Joe Dupont, Mary Pinch, Drik DeSonnier, Todd Montie, Mrs. Savoie, Ann Theriot, Shanna Nunez, Renee' Boudreaux and Diana Sue Canik.

Chenier club sees rice film

A film on American Rice was shown to the Grand Chenier junior 4-H club at their meeting Nov. 9 by Mr. Wicke.

Allyson Richard read a Thanksgiving Poem and a game was played. The Forestry Slogan contest was announced and entries were given to the club members. A handicraft workshop was also announced.

Mrs. Peggy Mhire gave a cake decorating demonstration. Refreshments were served to those attending.

Camp Fire groups active

Cameron Elementary, South Cameron Elementary and Grand Chenier Elementary are a few of the many schools in this area having Camp Fire groups.

Sowela Area Council of Camp Fire Girls, Inc. has topped its Fall Organization goal of 2,000 members according to Linda Hudson, membership growth chairman. The increase in membership is due to a larger percentage of returning leaders from last year, as well as the organization of clubs in new areas such as Bell City.

When the members of some tribes intended to clear a bit of forest, they first built and furnished a little house for the forest's spirits to live in when their trees were gone.

Mrs. Irvin Fontenot

Shove-Fontenot vows said in Hackberry

Kathryn "Bussy" Shove and Irvin "Buddy" Fontenot Jr. were married Saturday, Dec. 3, in the First Baptist Church of Hackberry. The Rev. Johnny Mims and Rev. Edward Brunnert officiated at the double ring candlelight ceremony.

Parents of the bride are Mr. and Mrs. Bynum Shove of Hackberry. The groom is the son of Mr. and Mrs. Irvin Fontenot of Fenton.

The bridal gown of dacron organza featured a lace-trimmed bodice and sleeves. A full A-line skirt which flowed into a chapel train which was trimmed with an organza ruffle adorned with lace, seed pearls and sequins.

A Juliette cap held her fingertip veil of illusion and she carried a cascade of peppermint carnations and red roses.

Denise Barbier served as maid of honor and brides maids were Jeanne' Shove, sister of the bride, Pam Fontenot, sister of the groom and Dianne Thibodeaux. They wore red velvet floor length dresses and carried peppermint carnations. Gieselle LaBove and Tanya Toups were flower girls escorted by ring bearer David Bebee.

Jimmy Fontenot attended his brother as best man with groomsman George Shove, brother of the bride, Hayward Arabie and Craig Estes. Tommy McNabb and john Debarge Jr. seated the guests and candlelighter was Andra Bailey.

The bride is a graduate of Hackberry High School and attended Cameron Vocational Technical School. The groom is a graduate of Fenton High School and attended McNeese.

The couple will make their home in Fenton.

Workshop held

A Publicity/Public Relations Workshop was sponsored by the West Deanery Pastoral Council Nov. 19, at Our Lady Queen of Heaven School in Lake Charles.

Area people attending the workshop were Rev. Edward Brunnert, M.S., of St. Peters Parish in Hackberry, Mrs. Grace Welch and Mrs. Urline Hanks, both of Hackberry, and Mrs. Caroline Hebert of Johnson Bayou.

Citizen of Year Burton Daigle and wife

Burton Daigle named Citizen of Year

By GENEVA GRIFFITH

J. Berton Daigle was named Cameron Parish's "Citizen of the year" at the 18th annual Doxey-Vincent VFW Post Citizenship Awards banquet held at the VFW home Saturday night.

The presentation was made by John Driscoll, Sr., Post Vice Commander, who cited Daigle's outstanding and selfless work in his church, civic and fraternal organizations.

Daigle is the retired Cameron Parish Clerk of Court and has received many other outstanding awards, including the title of "King Fur No. 4" of the Louisiana Fur and Wildlife Festival; Knight of the Year and Lion of the Year.

Other nominees were: Mrs. Harry Conner, Dr. George W. Dix, Mrs. Nata Hebert, Thomas "Sonny" McCall, Mrs. Guy Murphy, Jr., and Mrs. John R. Walters.

E. L. "Bubba" Henry, Louisiana Speaker of the House of Representatives, was the guest speaker and was introduced by Rep. Conway LeBleu.

He spoke on the revamping of the Louisiana legislature to involve the people more, reflecting the ideas of the people of the state.

He spoke with concern about how the legislature is planning alternatives the state must take once there is a decline in the state's oil and gas industry.

He spoke on raises for teachers and school employees and of the educational system, stressing the fact that "We have got to get back to basic education for our children."

J. Berton Daigle, Post Commander, called the banquet to order and Ray Stevens served as the master of ceremonies.

J. C. Quibodeaux, Fifth District Commander, presented the Past Commander pin to Waldon Doxey.

Mrs. Walton Alcock, State Americanism chairman, presented Freedom Collections to the citizenship nominees.

Daigle presented certificates of appreciation to George Messor, Petroleum

Gutted remains of church's educational wing

Church is destroyed

A fire early Thursday, Dec. 8, destroyed the First Baptist Church in Cameron.

Hampered by a strong southeast wind, firefighters from the Cameron and Creole fire departments worked two hours to put out the blaze.

The fire began in a church classroom, moved through the attic and triggered an explosion in the auditorium, according to Cameron Firechief Ray Burleigh. The Cameron Fire Department received the alarm about 2 a. m.

The fire caused more than $200,000 in damages, according to Larry Dyson, a church deacon.

It was the second time in the past 20 years that the church has been destroyed. In 1957, Hurricane Audrey leveled the structure.

"We'll begin rebuilding right away on the same site," Dyson said.

With the assistance of volunteers and several business firms who provided equipment, the burned out church was completely leveled and the lot cleared by the end of the week.

The Rev. Jack Tanner, pastor, on behalf of the church members expressed appreciation to the firemen who fought the blaze; to everyone who gave gifts of money, equipment and labor; and to the entire community for the encouragement and assistance.

M. O. LABOVE here is presented with the "Fireman of the Year" award by Hackberry fire chief Gerald Landry.

LaBove named top fireman

M. O. LaBove was named "Fireman of the Year" when the Hackberry Volunteer Fire Department held its annual installation banquet Dec. 5.

Installed as officers for 1978 were: Gerald Landry, chief; Butch Litte, asst. chief; Chuck Wright and Jerry Constance, lieutenants; Clifford Little and M. O. LaBove, captains; Butch Silver, secretary-treasurer; and Bryant Domingue, reporter.

LaBove was recognized for attending 17 of the 24 firemen meetings during the year. Past recipients of the "Fireman of the Year" award were Butch Little and Robert Silver.

The firemen and their wives enjoyed a chili supper.

Santa's visit

Santa Claus will again fly down from the North Pole with bags of candy for Cameron Parish Children and will arrive on the Cameron Courthouse square aboard the Cameron Volunteer Fire Department Fire Truck at 2 p. m. Saturday, Dec. 17.

Santa will personally talk to each child attending and give them a gift of candy.

The Cameron Lions Club sponsors the annual event.

Yule cantata

The First Baptist Church of Cameron will present its Christmas Cantata at 7 p. m., Sunday, Dec. 18 at the Wakefield Memorial Church. The public is invited to attend.

The Baptist church was destroyed by fire last Thursday.

Santa coming

Santa Claus will arrive at the WOW Hall Wednesday, Dec. 21, at 6:30 p. m. to greet the children of the community and pass out candy to them.

All children are invited to come by and greet Santa.

This event is sponsored by the various civic and fraternal organizations in the community.

Plans made

The Woodmen of the World Camp 706 and Court 1170 will hold their annual Christmas party Saturday, Dec. 17, at the W.O.W. Hall in Creole. The affair will begin at 6:30 p. m. with a social hour.

Featured on the evening's program will be the exchanging of gifts, the serving of a covered dish supper and a dance.

On Wednesday, Dec. 21, the organization will sponsor the annual Creole Community Children's Christmas party at the W.O.W. Hall. The party will begin at 6:30 p. m. when Santa arrives.

Schools begin severe weather alert system

By GENEVA GRIFFITH

Two "near misses" for two days in a row, described by the Cameron Parish Supt. of Schools Thomas "Sonny" McCall as something that could have been disasterous, has prompted the local schools to implement an "Immediate Emergency Severe Weather System".

It all started Tuesday afternoon, Dec. 6, when a weather front moved into the parish.

As it approached Oak Grove it spawned tornadoes which swept over the tops of the South Cameron Elementary and South Cameron High Schools.

At the first sign of the severe weather, the school principals put into action the severe weather storm drill the students had been practicing for over four years.

Teachers knew exactly which windows to open to relieve the pressure. All of the children were herded into the center halls, which had been determined to be the safest places. They huddled against the side walls, leaving only a walking space in the middle, and assumed the "safety position", which is a kneeling position with heads down and hands clasped behind the head.

Key students who had been named before as "weather watchers" were stationed throughout the school to report on conditions in their area.

On Tuesday afternoon the students kept up this watch for over an hour as tornado like winds uprooted trees, blew in windows and doors and did other damage to the schools and grounds.

A repeat situation occurred the next morning when severe weather again hit the area, this time involving not only the schools but also the Vocational-Technical school.

Luckily, the tornadoes never did touch down, but their high winds and pressure caused more minor damage and the school students went into their storm drill for the second day in a row.

STUDENTS REACTIONS

The students, who are used to emergency situations in lower Cameron, and most of whom have been touched in some way or other by hurricanes and evacuations for most of their lives, take all of this in their stride.

"I felt bad. We had to go into the hall, I was being brave". Randy Richard (1st Grade)

"Man! Man! My heart fell to my toes when I heard that big poom-poom. I thought that thing was going to blow up

Cont. on Page 2

Search policy is adopted for schools

In accordance with an act passed by the Legislature this year, the Cameron parish school board Monday adopted a policy allowing teachers, principals and other school administrators to search students, desks and lockers when it is believed they have brought illegal drugs or weapons on the school ground.

The policy requires that a search of a student's person be conducted by a teacher or administrator of the same sex as the student and that at least one witness, also of the same sex of the student, be present.

The board decided not to extend the search right to students' cars.

Robiyn Petroleum Corp. was the sole and successful bidder on leasing the four-acre Grand Chenier school site for mineral rights. The terms were a $4,370 cash bonus, $2,185 annual rental and one-fourth of gas and oil produced. No drilling would be done on the school property.

Louisiana Bus Sales of Sulphur submitted the $853 successful bid on the used activity bus at Hackberry.

A method for fulfilling a new act of the Legislature regarding unemployment compensation for school employees was adopted.

Norwood Chevrolet's bid of $10,791 for a van to be used on the McNeese bus route was accepted.

The resignation of Boudoin le Clement Codofil teacher at Cameron elementary school, was accepted.

The board adopted a new policy requiring all leasees of 16th School Sections to secure approval of the board before making any changes on the property such as digging ditches or building levees. At the suggestion of Board Member Alvin Trahan, the board agreed to permit fencing work without prior approval.

A summer school program may be offered by the board, probably at the Cameron elementary school, to aid students who need to make up classes. A fee would be charged for the classes.

The board went on record opposing any changes in the higher degree program at McNeese and USL that might come about as a result of the Board of Regents Master Plan. It was pointed out that it was essential that parish teachers be able to work on higher degrees at nearby universities.

Aggie Day set

The South Cameron high school Future Farmers of America chapter will hold its annual Aggie Day Saturday, Dec. 17, at the Cameron parish multi-purpose building on the Front Ridge Road.

Uland Guidry, FFA advisor, said all FFA and 4-H members in the Cameron, Creole, Grand Chenier and Oak Grove area, were invited to take part in the activities which will include:

7-7:45--Weighing of market lambs and hogs.

8 a. m.--Judging of market lambs, breeding hogs, market hogs and hog showmanship.

9:30 a. m.--Judging of breeding sheep, market lambs and sheep showmanship.

10:15 a. m.--Judging of market sheep, beef breeding animals and beef showmanship.

Boys and girls will compete together in showmanship in two divisions--under 14, and 14 and over.

Lunch will be served.

A slave auction will be held later in the day with anyone who wishes bidding on the services of FFA students for one day of work.

Plans made

SHOWN AT a meeting held last week to plan a new emergency severe system for Cameron parish schools were: Seated from left: Pete Picou, parish CD director; Sonny McCall Supt. of Schools; and Rod Perkins, meteorologist of National Weather Service. Standing, Adam Conner, supervisor; Robert Ortego, asst. superintendent; Leslie Griffith, director, Voc-Tec school; and Eddie Pittman, from Lake Charles weather bureau.

Cameron Meadows is sold

A newly formed Santa Fe subsidiary may have found a rare buy in real estate, especially if prices keep going up for crude oil, natural gas and alligator hides.

Through a tender offer of $186 a share, SF Minerals, Inc. has acquired 96 percent of the outstanding shares of Cameron Meadows Land Company at a total price of $14,824,200.

Cameron Meadows is an unusual company. It was founded in 1911 by 30 residents of Eau Claire, Wisconsin, and its headquarters has remained there ever since, even though the company's principal asset was a big chunk of swampland some 1,200 miles to the south in Cameron Parish, Louisiana.

But the founders didn't think of it as swampland. Hence the name "Cameron Meadows". Most of the 18,300 acres currently owned by the company is a foot below sea level, except during the hurricane season. Then, as in the disastrous 1957 Hurricane Audrey which took more than 500 lives, the property may be covered by a tidal wave up to 12 feet high.

Jim Joyce, a prominent Eau Claire banker, gave little thought to hurricane threats back when he obtained an option from British interests on 50,000 acres of Cameron Parish land at $2.50 an acre.

He had other visions. A few years earlier, the fabulous Spindletop oil discovery had been made some 40 miles to the west in Texas, and there was already speculation that oil might eventually be found on the Louisiana side of Sabine Lake as well.

On his return to Wisconsin, Joyce told a few friends about his deal. He also mentioned the possibility of building dikes to keep out the Gulf of Mexico, then draining the property and converting it into rich farmland. All this would be possible under a new farmland reclamation law just passed by the Louisiana Legislature.

COMPANY FORMED

Cameron Meadows was established by Banker Joyce with a few other prominent Eau Claire citizens, including a lawyer, druggest, lumberman and real estate dealer. Its shareholders acquired 20,000 acres from Joyce at $5 an acre, leaving him with some 30,000 acres which he later lost for taxes during the depression.

Some lean years followed the founding of the company. The Louisiana Supreme Court promptly threw out the reclamation act. On investigation, it was decided that there was no economic way to drain the land, anyway. Some of the shareholders wanted out, but most of them refused to admit they had been "took". They borrowed money, assessed themselves to meet corporate expenses, and sold off a little land as necessary to pay taxes.

Their investment was not a complete loss, even in the early days. They leased surface rights on the land to trappers for a token fee, and the trappers were doing quite well taking muskrats and other fur animals from the swamps.

In 1927 one of the trappers discovered a gas seep on Cameron Meadows property. He told a lease broker, who acquired oil and gas rights on several thousand acres from Cameron Meadows, later assigning it to Vacuum Oil Co., now Mobil.

OIL FOUND

Through torsion balance and seismic surveys, Vacuum was able to define a large, deep salt dome on the Cameron Meadows lease. A well was drilled on a flank of the structure in 1930, but it was non-commercial. The second test, in 1931, discovered the Cameron Meadows field, which is still producing after yielding some 15 million barrels of oil and condensate and more than 136 billion cubic feet of natural gas.

Later discoveries on the property included Deep Bayou gas field and several smaller oil and gas producers.

To date 185 wells have been drilled on the property, ranging from about 1,300 to 13,000 feet in depth. Besides Mobil, oil companies operating on Cameron Meadows leases have included such giants as Exxon and Texaco as well as

SCHOOL BEGIN,
Cont. from Page 1

the school like MaMa told me about the barn one time when we had a big tornado and tore up those oak trees." Chad Mudd (1st grade)

"I couldn't think. I was happy the teachers had taken us out so fast" Richard Scott Nunez (2nd grade)

"Boy, Bradley and I were saying our prayers". Christopher Cheramie (grade 2) as the children crouched in the hall.

"I thought we were going to be blown off. That's what it seemed like." Scott Benny Nunez (3rd grade)

"I was real scared". Pat Landry (3rd grade)

"When I was in the hall with our heads down I thought we were going to die. I thought-did it hit in Creole by my house? Are the rest of my family O.K.? Why did this happen? Soon it was over." Terri Nunez (5th grade)

"I thought about everybody's life as I thought we might get killed as we knelt on our knees with our heads against the wall. Mr. Richard was talking on the loud speaker when the lights went off. We better thank God we are all alive today." Jo Ann LeBoeuf (6th grade)

"I was so scared when the roof in our room was moving up and down. When we got in the hall and into our position I thought we were all going to get killed." Stephanie Boudreaux (7th grade)

"I thought it was going to be like Hurricane Audrey which I have heard about. When I had my head down I was hoping that it wouldn't pick up the school." Medina Marie Miller (7th grade)

FAST DRILL

Barry Wayne Richard, principal of South Cameron Elementary school, reported that the Wednesday emergency drill was accomplished in 15 seconds, where every student was in his station after the alert was sounded.

The local school system requires these "emergency storm" drills in each school in addition to the standard fire drills.

The Civil Defense instructions for tornadoes is "Whenever possible, follow advance plans to an interior hallway or the lowest floor. Avoid auditoriums and gymnasiums or other structures with side freespan roofs. If a building is not of reinforced construction, go quickly to a nearby reinforced building, or a ravine or open ditch and lie flat."

SPECIAL MEETING

Concerned school officials met on Friday at the school board office with the Civil Defense Director, Hayes (Pete) Picou, Jr., and Lake Charles Weather Bureau officials to plan the new severe warning system in each school, a tone alert system.

The small, inexpensive transister radio receiver will be placed in each school.

A high pitched tone sounds when the weather bureau in Lake Charles spots any severe storm and sends out the severe warning immediately.

When this is sounded, the receiver sound can be turned up and a continuous, 24-hour weather information broadcast is heard.

Weather Bureau officials explain that the receiver is available to anyone and is easily obtained from radio and electronic shops.

It gives out continuous, 24-hour weather bulletins and can be run on house current or on batteries.

Through the cooperation of the local school system, Civil Defense, and weather bureau, Cameron parish probably will serve as a model for other school systems.

CAMERON MEADOWS
Cont. from Page 1

several independents.

Last year the company collected net royalty payments of more than $1,175,000.

Cameron Meadows has reciprocated over the years by purchasing stock in several major oil companies and a few other firms. These investments, valued in June 1977 at more than $125,000, represent practically the only asset of the company besides the land in Louisiana.

PROSPERITY

Since the discovery of oil on their property, Cameron Meadows shareholders have enjoyed 46 years of almost uninterrupted prosperity. Jack Arnold, President and General Manager of the company, says it has paid out more than $6,500,000 in dividends through the years. The original stock has been split 96 for 1. A $100 investment in Cameron Meadows stock since 1911 has returned more than $7,550, excluding the Santa Fe payment.

The number of shareholders increased too--from the original 30 to 134, only 36 percent now being residents of Eau Claire, with the remainder being scattered in Wisconsin and 20 other states.

It's a fair bet that the future of Cameron Meadows, like its past, will be closely linked to oil and gas exploration efforts on the company's 18,300 acres--a figure, incidentally, which is arrived at by estimate since much of the land has never been surveyed.

W. Frank West, President, and R. Gorman Webb, Senior Vice President of Santa Fe's Minerals Division, have noted that only about one third of the property is currently covered by oil and gas leases. Santa Fe's offering circular stated cautiously that the company believes the unleased area "may offer some potential for production of oil and gas".

Arnold himself has talked for years about the possibility of getting an oil company to drill deep wells to explore horizons below 13,000 feet.

PROPERTY ATTRACTIVE

But, aside from its oil and gas potential, the Cameron Meadows property is attractive in several respects.

Its north boundary borders the 143,000-acre Sabine Wildlife Refuge, a haven for game fowl such as ducks and geese. This fact, according to Arnold, "gives us some of the best hunting in the United States."

Trapping has flourished in recent years, too. Grain Brothers, of Grand Chenier, Louisiana, has paid Cameron Meadows more than $200,000 for trapping leases in the past 34 years. The 1977 payment was $10,972, highest since 1973.

ALLIGATORS

But the big cash crop of the future could turn out to be alligators, which thrive in the muddy bayous of southwest Louisiana.

"When I first went down there 25 years ago," said Arnold, "they were almost extinct and you'd be lucky to see one." For 20 years the state prohibited the killing of alligators, imposing a penalty of up to one year in prison and a $1,000 fine for poaching, first offense. This worked so well that alligators became a menace and the state established a short trapping season to bring them under control. About 3,000 were killed the first season, reducing the state's alligator population to an estimated 72,000.

There's a great demand for alligator hides, especially in France and Italy, where they are made into expensive shoes and purses for resale in this country. In 1972 Cameron Parish hunters/trappers sold 1,334 alligator hides at an average price of about $56 each. Four years later the take had risen to 4,300 hides and the average price had doubled.

Grand Lake to hold homecoming Tuesday

Grand Lake high school will hold its annual homecoming Tuesday, Dec. 20, beginning with a reception at 5 p. m. in the high school library honoring the class of 1968.

The homecoming activities will begin at 5:30 p. m. in the gymnasium. Presentation of the homecoming court and the crowning of the 1977 queen will also be at this time.

The game will begin at 6:30 p. m. against the South Cameron Tarpons.

The members of the class of 1968 are: Norris Benoit, Helen Bourriaque, Brenda Corry, Eddie Demary, Ernest DeVall, John Duhon, Larry Duhon, Michael Duhon, Douglas Faulk, Charles Gary, Mary Gary, Wanda Granger, Charles Greathouse, Damon Hebert, Lonnie Hebert, Roland Hebert, Noland Lonthier, Roland Lonthier (deceased), John Charles Robichaux, Ronnie Robideaux, and Donald Sistrunk.

The 1977 Homecoming queen is Geraldine Faulk.

Members of the homecoming court and their escorts will be:

Rhonda Verzwyvelt escorted by Scotty Poole; Angela LeMaire escorted by Robbie Broussard; Laurie Crador escorted by Troy Trahan; Christine Anne Reon escorted by Jody Allen Boone; Debbie Hooper escorted by Kipp Hebert; Cynthia Stewart escorted by Gregory Lannin; Tish McFillen escorted by Russel Guidry; Linetta Peltifer escorted by Danny Rontenot; Lilianna Billiot escorted by Bryan Beniot; Cindy Fogleman escorted by Steve Kjerulff; Christine Chesson escorted by Chuch Babineaux; Tina Demarest escorted by Mark Lannin; Shelley Damarest escorted by Michael Beard; and Donna Kline escorted by Mark Broussard.

Melissa Reon will be the flower girl and Clint Nash the crownbearer.

Director sought

The Cameron Council on Aging is taking applications for a director. Applicants must have a minimum of two years college, two years in the social service area, and the ability to organize and work well with the elderly. It is a twenty hour work week.

Anyone interested should apply with Mary Austin at the job development office, third floor at the court house.

Dance planned

A New Years dance, sponsored by the Our Lady of the Sea KC Council, will be held Saturday night, Dec. 31 at the Cameron Recreation Center, starting at 9 p. m.

Tickets for the formal affair will be $8 each or $15 a couple. Gumbo will be served at the close of festivities.

Fellowship set

The Christmas Fellowship for the Aged will be held Sunday night, Dec. 18th, in the Fellowship Hall of the Wakefield Memorial Methodist church in Cameron.

MEAT MARKET

Promoters of the Louisiana Fur and Wildlife Festival in Cameron are trying to establish a market for the alligator's meat as well as his hide. Their recently published Fur and Wildlife Cookbook contains recipes for alligator stew and "gatorburgers" among the hundreds of specialty dishes that supposedly whet the Cajun appetite. Alligator dishes are especially recommended by the cookbook editor as a surprise for your family "when they have become bored with the same old meat and potatoes".

President Jack Arnold stated that while it is a sentimental loss to all of us that have been involved with Cameron Meadows over the years, he was very pleased with the sale price and the fact that such a wonderful and understanding Company as Santa Fe were the new owners and would carry on the good relationship established by the Company with all the fine people of CAMERON PARISH.

Santa Fe International, Inc., headquartered in Orange, Calif., is an international contract drilling, engineering and construction company with gas and oil interests in the United States and abroad.

Social Security benefits are not taxable, but pensions attributed to employer contributions are taxable. Happily, if you move from one employer to another, your Social Security moves with you.

Day of Tornado

How does it feel to have had a near-miss by a tornado?

The following report, written by a fourth grade student at South Cameron elementary school tells it well:

THE DAY OF THE TORNADO

By Linus Conner

On the week of November 29, 1977, a tornado hit our school. That morning when I woke up it was cloudy and raining. While in class that day the sky got darker and darker and it was raining and the wind was blowing.

We were in Mrs. Januarys class when the tornado passed. We were doing our reading when it started raining real hard. It sounded like a bunch of rocks were hitting on the window.

Then Mr. Richard told us to move and get in the hall and put our hands behind our heads. We stayed there until Mr. Richard told us it was ok to go back to our classroom.

The tornado broke windows on cars and broke branches off of trees. The lights went off for a few minutes. We left school about 4:30 and it was still raining and I was glad to go home.

BURTON DAIGLE
Cont. from Page 1

Helicoptors, Inc.; Cameron State Bank; Trosclair Canning Company; and Mrs. Edna Cunningham.

Mrs. Martha Guillotte, 5th District Ladies Auxiliary President, presented Mrs. Waldon Doxey, Past Ladies Auxiliary President, presented Mrs. Waldon Doxey, Past Ladies Auxiliary President of the local Post, and Mrs. Cunningham with life memberships in the V.F.W. National Home in Eaton Rapids, Mich.

25-year pins were presented to Post members by J. Berton Daigle and Mrs. Henry Richard recognized Mrs. Mathilda Doxey, a Gold Star mother and a special guest of the Post.

Ellis McWhirter announced that Bradley Trahan was the Voice of Democracy winner and would represent the local Post in national competition.

The invocation was said by Rev. Minns Robertson, pastor of Wakefield Methodist Church, and the benediction was given by Msgr. Curtis Vidrine, pastor of Our Lady Star of the Sea church, in Cameron.

Planchard in

A. J. Planchard of Sulphur was elected to a 14th Judicial District court judgeship in Saturday's runoff election, beating Charles Richard of Lake Charles 12,645 to 9,163.

The vote in Cameron parish was 720 for Planchard and 390 for Richard.

(Roland Primeaux, Cameron clerk of court, reported that during the official court of votes, a 10 vote discrepancy was found favoring Planchard giving him 720 instead of 710 as earlier reported.)

Planchard, after he takes office, will be in Cameron on a periodic basis to preside over court sessions here.

Ten graduate

Ten Cameron area students are among the 316 McNeese State University degree candidates. Commencement exercises were held at 7 p. m., Wednesday, Dec. 14, at the Lake Charles Civic Center.

The students and their area of degree are: Carol W. Wainwright of Grand Chenier, Elementary education; Marty Allen LaBove of Cameron, Social Studies Education; Anthony Lee Bartie, Daniel Lee Cox and Veronica Marie Hebert of Cameron, General Administration; Edward Joseph Benoit and James Keith Brown of Cameron, Health and Physical Education; Sidney Louis Theriot of Creole, Law Enforcement; James Allen Pearce of Hackberry, Microbiology; and Leslie Randell Mouton of Gueydan, Zoology.

A tuneful treat for music lovers occurred when Johann Strauss the younger (1825-99) conducted an orchestra of 2,000 supported by a choir of 20,000 in Boston, Massachusetts in 1872. The violinists numbered more than 350.

Thank You...

Dear Friends,

To the valient fireman who fought those furious flames shoulder to shoulder with us,
To you who have given us your gifts of money, equipment and labor;
To you who have mourned with us;
To you who have offered us hope, encouragement and assistance;

The First Baptist Church of Cameron extends our deepest gratitude and a promise that should you need us, we will be there.

Our burden is great. But with confidence in your continued support and with our belief that in Him all things are possible, we have begun the great task of replacing our loss.

We pray that God may bless each of you as we come to this Christmas season, joyful and triumphant, for we know that in Cameron, there is peace and good will to men.

Merry Christmas!

First Baptist Church of Cameron
Jack Tanner-Pastor

NOTICE

The 1977 Cameron Parish tax rolls are now completed and you may pay your taxes in the sheriff's office.

Please note: because of new state regulations, no leniency can be shown in collecting interest on unpaid taxes after Dec. 31.

Please pay your taxes by this date and save yourself this interest charge. In this day and time, every penny saved is important.

Sheriff Claude Eagleson

Winners are named

The winners of the Grand Lake Little Miss and Little Mister were Bernadette Fruge and David Smith.

Laurie Rose Crador and Jason Brent Nunez were second and Any Pool and Richard Faulk were third.

Other contestants were: Mona Broussard, Debra Delaney, Cindie Devall, Jennifer Duhon, Dean LeBieu, angela Lemaire, Rachel Manuel, Rena Stoddard, Rhonda Verzwyvelt, Kevin Benoit, Chad Broussard, Rendy Drounette, Kirk Fruge, Scott Gaspard, Clint LaBove, Donald Neff.

The contest was sponsored by the Sweetlake Extension Homemakers Club. The president, Mrs. Shirley Chesson, wishes to thank the judges: Mrs. Barbara Lou LeBlanc, Mrs. Lee Anna Morales, Mrs. Yvonne Mhire.

Social Security not only provides you and your family with a basic floor of income protection in case of death or disability, it also provides you and your family with retirement benefits and health care protection (Medicare) in case of disability and at retirement.

Sturlese-Turner vows said at the Cathedral of St. John

The Cathedral of St. John the Evangelist was the setting for the Nov. 12 wedding of Miss Mona Elizabeth Sturlese and Walter Rand Turner Jr. Miss Sturlese is the daughter of Mr. and Mrs. Adam Sturlese. The groom's parents are Mr. and Mrs. Walter R. Turner Sr., of Jacksonville, N.C.

Rev. George A. Boudin officiated at the noon ceremony. Musical arrangements were provided by Carolyn Purcell, organist, and vocalist Cal Domingue.

The altar of the church was decorated with arrangements of gladioli, creme stock, mums, off-white starburst and Oregon fern. Family pews were marked with the flowers found on the altar.

Mrs. Walter Rand Turner Jr.

The bride, given in marriage by her father, wore an ivory chiffon and re-embroidered Alencon lace gown. The fitted Bodice, with a Queen Anne neckline, was completely appliqued with lace and beaded with tiny bridal pearls. A double layer of chiffon formed the angel sleeves. The floor-length skirt formed a chapel length train. The bride also wore a cap of re-embroidered Alencon lace enhanced with pearls and large motifs of lace that framed her face and extended over the back of her hair. The illusion veil was scattered with pearls and extended beyond the train. She carried a nosegay of white sweetheart roses, stephanotis, gypsophila, ming and Londondery fern.

The matron of honor was the bride's cousin, Mrs. Bonnie Donahue. Miss Kathryn Sturlese, sister of the bride, was maid of honor. Both were attired in matching gowns of salmon qiana, fashioned with a draped bodide and V-neckline. Each gown also featured long, tapered sleeves and a wrapped waistline. They carried bouquets of bronze fuji mums, red rover porn mums, gypsophila, brown button star flowers, ming fern and Scotch broom foliage. They wore combs in their hair trimmed with brown button star flowers and cured gypsophila.

Bridemaids were Misses Donna and Trudy Sturlese, sisters of the bride; Gail Comeaux, and Mrs. Roy Hollyfield. Thev were attired identical to the maid of honor and carried the same bouquets.

Mr. Turner served his son as best man. Groomsmen were David Sturlese, brother of the bride; Roy Hollyfield, John Berger, Barry Bailey and Henry Wolf III. Ushering the guests were Richard Sturlese, brother of the bride; Carlton Stryon, and Bob Heflin.

A reception was held following the wedding at the Petroleum Club. The guest registry table held a silver compote filled with an arrangement of red rover poms, off-white starburst poms, brown eucalyptus, and off-white starbursts. The bride's cake was trimmed with fresh leatherleaf ferns and gypsophila and topped with white sweetheart roses. Fresh foliage also decorated the groom's cake. The wine and cheese table and the refreshment table held arrangements of flowers similar to the church decorations.

For her daughter's wedding, the mother of the bride wore a mint green qiana floor-length gown with a pleated skirt and long tapered sleeves. She wore a corsage of white orchids.

The groom's mother wore a light blue knit floor-length gown with a shirt waist bodice and long cuffed sleeves. She wore a white orchid corsage.

Members of the houseparty included Mmes. Donald Haynes, Easten Dupuis Sr., Ernest Clooney Jr., R. C. Domingue, John McElligott, Wayne Hebert, Henry Wolf III, Curtis Eagleson, Ben Mudd, Richard Sturlese, Elvin Donahue, Kathy Judice, Tricia Patt, L. D. Savoie and J. R. Savoie, Charles G. Theriot.

For a wedding trip to Mexico, the bride wore a plum colored ultra suede suit with a silk blouse and matching accessories. She carried a single pink rose.

The bride is a graduate of USL. The groom graduated from North Carolina State University and is currently employed as a staff geologist in Houston.

Plan For A Secure Future With An IRA Retirement Account

Enjoy your retirement years your way, with a special retirement account.

If you are self-employed or you do not have a pension plan, you may open a special retirement plan savings account at the Cameron State Bank which can give you a tax shelter while you save for your future.

Any eligible person can put up to 15 per cent of his or her earned income, up to a maximum of $1,500, into an individual retirement account, and defer paying taxes on the entire account until it is withdrawn upon retirement.

During the period the money is in the retirement fund, it is earning interest (also tax deferred) and increasing in amount.

(It should be noted that IRA funds may not be withdrawn before age 59½, without penalities, except in the event of disability or death. Funds in the IRA account must begin to be withdrawn no later than the year in which the individual reaches age 70½.)

For more information in IRA accounts, you are invited to come by the main office of the Cameron State Bank.

ATTENTION I.R.A. CUSTOMERS
You have until Feb. 15, 1978 to make deposits for 1977

Note to present IRA customers: don't forget to make your deposit for this year before Jan. 1.

Chapter has Yule party

The Orrie Canik home on Grand Chenier was the scene of the Christmas party of the Beta Eta Chapter of Delta Kappa Gamma Saturday.

A covered dish luncheon was served at noon followed by the singing of Christmas Carols, accompanied by Mrs. J. W. Broussard at the piano.

Each member brought a beautifully wrapped Christmas gift for Boys Village.

Members of the chapter are pictured above.

New library books

New fiction books at the Cameron Parish Library include:

Nightwing, by Smith. A race against death in the land of the Hopi Indian.

The Honorable Schoolboy, by Le Carre. A novel of suspense, excitement, and espionage by the author of Tinker Tailor, Soldier Spy.

Daniel Martin, by Fowles, An intricate protrait of the relationship among four people, painted with a masterful combination of compassionate characterization, innovative style, and stimulating ideas.

Shall We Tell The President by Archer. It is Marcy of 1983, and President Edward Moore Kennedy is pushing his gun-control bill through congress even though certain powerful interests want to see the bill defeated.

Regent Square, by Bramble. Opening with the coranation of George IV in 1820 and sweeping to the end of the German War, this is the saga of three decades in the lines of the Kelleways, one of England's legendary legal families.

Westerns of the 40's, edited by Knight. Tales from the best of the old Western Pulps.

I Heard My Sister Speak My Name, by Savage. A magnificent chronicle of five generations of an American ranching dynasty.

The Walnut Door, by Hersey. A taunt, dazzling novel of suspense and reintrigue in which we watch the fateful convergence of two lines.

Just In Time For Christmas!

Rt. 1, Cameron

By MRS. GEORGE NUNEZ

Mr. and Mrs. George Savoy of Lake Arthur spent the day with Mr. and Mrs. Harold Savoy and also visited Mrs. Ozema Savoy, Mr. and Ms. Karl Rion last week.

Mr. and Mrs. Floyd Trahan and Mark of Groves spent Sunday with Mrs. Gladys Trahan and Joe and also visited the George Nunezs. Also visiting the Nunez's were Mr. and Mrs. Gerald Nunez and Tim of Vinton.

Miss Stella Abrahamsen of Lake Charles, spent the weekend with Mr. and Mrs. Stanley Abrahamsen Sr., Stanley Jr. and Inga.

Mr. and Mrs. Frankie Hooper of Lake Charles spent Sunday with Mrs. Elray LaBove, and Darla Hooper of Big Lake spent the weekend with Mrs. LaBove.

Mrs. Alida Marshall spent Thanksgiving and two weeks in Mobile, Ala., with her granddaughter Mr. and Mrs. Oscar Branch, and Joel, and spent a week with Mr. and Mrs. Harold Cooling in Lake Charles.

I wish all of you a Merry Christmas and a Happy New Year.

I would appreciate anyone having any news to call 775-5266.

The first recorded flood of the Mississippi River took place on March 18, 1543.

AN EARLIER DAY

'Wait a minute, Pa'

By ARCHIE HOLLISTER

Back in the early days when an automobile was a rarity, and most people had heard of the things rather than seen them, a forwardlooking citizen whom we shall call Ben Varien, brought one to Cameron.

It was a one-cylinder, chain-driven affair, hardly more than a gasoline engine mounted on a buggy. Ben's father, Frank, inspected the car, and his opinion was not favorable; he was skeptical of its abilities and rather doubted that it would run at all.

Ben insisted on a demonstration ride, and the old man reluctantly climbed aboard. His skepticism soon gave way to wild enthusiasm, however, and he became an ardent supporter of the automobile. Wherever Ben went in his car, his father was sure to be along, for he dearly loved to roam about the country anyway.

One day, running down a muddy road, the high-wheeled contraption stuck. Frank, still strong and vigorous, ran around behind to push the vehicle out. Ben drove.

The spinning wheels immediately picked up half the road and threw into Frank's face, effectively ending his efforts in that direction. Ben, leaving the engine in gear for the help that the motor might afford, took his father's place behind the car, being careful to keep out of the way of the flying mud.

But Ben wasn't man enough to budge the car by himself. Anxious to help, Frank ran around to the front and started pulling while Ben pushed.

Their combined efforts were successful; the car shot out of the mud hole, knocked the old fellow down, and ran over him. Due to the great height of the wheels, nothing was injured but his dignity, by which he never set great store anyway.

The driverless car careened on down the road, the wheels held firmly in place by the deep ruts. Ben, who had fallen flat on his face when the car started, leaped to his feet, cleared his father's prostrate body at one jump, and took off with great strides to capture the runaway vehicle.

He shouted over his shoulder, as he raced on down the road, "Wait a minute, Pa. Just wait a minute. As soon as I catch my car, I'll come back and see if you're killed." (Cameron Pilot, Dec. 14, 1956)

Books

"The Courthouses of Louisiana" by Brasseaux, Conrad and Robinson, pub. by Center for La. Studies, P.O. Box 4-0831, USL, Lafayette, La. 70504, 198 pp., $15.00.

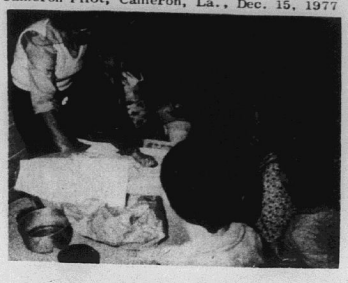
Reviewed by MARIE WISE

Three experts in the fields of history, photography and architecture have combined their talents to produce a very special book - the best of its kind - and one surely entitled to classic status in Louisiana historiography.

The Couthouses of Louisiana is a large, 8½ x 11 inch, hardcover volume, the first in the University of Southwestern Louisiana's architecture series. Illustrated with maps and some two hundred black-and-white photographs, the book's jacket shows in color the beautiful East Feliciana Parish courthouse originally built in 1840, a perfect example of Classical Greek-Roman architecture as immortalized by plantation owners in their imposing white-columned mansions.

The book has three introductions, one by each of its authors. Glen R. Conrad gives the historical background of Louisiana courthouses - the development of local administration from founding of the French colony in 1699 through the Spanish era into the formative years of the American regime.

In the beginning Louisiana was divided into twelve counties which evolved quickly into parishes that were more familiar to the Creole population. Just as naturally, the parish governing (policing) body of "a judge together with a justice of the peace and a jury of twelve inhabitants" came to be the Police Jury.



MRS. JOSIE Boudreaux's second graders at South Cameron Elementary are shown making Christmas decorations for their tree. The decorations are made from flour, salt and water. They are cut out with cookie cutters and then dried and painted.

$1 meals offered to the elderly here

(EDITOR'S NOTE--This is the first in a series of regular columns to be written by the Rev. M. S. Robertson, director of the Cameron Council on Aging.)

By M. S. ROBERTSON

The feeding program at Cameron and South Cameron Elementary Schools continues every school day with a balanced meal for the elderly for $1.00. We hope more people will use the program.

The Cameron Fellowship for Aging will be held at the Methodist Church in Cameron on Sunday, Dec. 18, at 6 p. m. All over 60, their husbands and wives are invited to attend. The Hackberry Meeting will be at the Recreation Center Wednesday, Dec. 21, at 10 a. m. Gifts should be brought for exchange.

Ceramics will be taught to Seniors in classes every Wednesday from 8:30 to 11 a. m. at Wakefield Memorial Methodist Church in Cameron. Beginner supplies will be provided. the program is purchasing materials and a kiln. We hope to have a two day weekly Senior Center program at the same place two days each week after January 1. The Council on Aging plans to buy a new hospital bed for temporary loan to our clients who may have such a need. We already have two walkers, two wheel chairs and one commode chair. These items are lent for a two month period (without cost) and may be "renewed" for two more months.

Burton Daigle is in charge of these items, or you can call the Council on Aging office, 775-5668.

Babineaux is home

B. P. Babineaux of Lake Charles, who is well known to Cameron parish folks due to his visits here for the Singer Co., is now home after having spent six weeks in the hospital recovering from back surgery.

Trahan to be contestant

Bradley Trahan, son of Ted Trahan and Mrs. Geraldine Trahan of Cameron, will compete in the annual Voice of Democracy radio script writing program.

Bradley, a student at South Cameron High School, is president of the senior class, president of the Leo Club, editor of the school yearbook, a member of the Beta Club, and has been selected to receive the D.A.R. Award on graduation night.

"What America Means to Me" is the theme of the program being sponsored by the Veterans of Foreign Wars and its Ladies Auxiliary with the cooperation of the National and State Association of Broadcasters.

"Participation in the Voice of Democracy program gives students experience in writing and speaking," said Ellis McWhirter, program chairman of the local sponsoring V.F.W. post.

Mrs. J. Berton Daigle is program co-worker for the Lakes Auxiliary.

Sentences are handed down

Among the fines and sentences handed down by Judge Warren E. Hood in district court here last Thursday were the following:

Michael D. LeJeune--pled guilty to two charges of theft and was given six months in jail, suspended all except for 30 days, and placed on probation for two years on condition that restitution be made within six months.

Richard W. Erickson--DWI, fined $250 and driver's license suspended for 60 days.

Elvin K. Fontenot--DWI, fined $250 and also directed to attend classes on alcoholic studies in order that he may retain license.

Randy P. Badon--reckless operation, $150 fine.

Lloyd Dudley Dinger--taking oysters with a dredge, fined $100 or 12 days.

REACT team formed

Serious-minded CB Radio operators who are interested in public service activities, including monitoring the CB emergency channel 9, should contact the Cameron Parish REACT Team concerning membership.

Candidates are now being accepted for membership in the local team and affiliation with REACT International for the entire year of 1978. Beginning in 1978, a new REACT International program supported by local teams is going into effect. This will mean direct mailing of the REACTer newspaper from International Headquarters to the individual member's home address.

Team Membership Chairman Mrs. Billie Fruge, pointed out that REACT International has received a contract from the Department of Transportation to produce a training program for CB emergency monitors.

For more information, contact Mrs. Fruge of the Cameron Parish REACT team at 598-2081 or Rt. 1, Box 294, Bell City, La. 70630.

Present Cameron parish REACT members include: Sharon Stoddard, Fred Stoddard, LeRoy Trahan, Charolette Trahan, Mike LeJeune, Ginger LeJeune, Jim Bishop, Lena Farque, Greg Devall, David Billiot, Billie Fruge, Adele Billiot, Betty Dartez, Alex Beard, Ina Beard, Peter Young, Alcia Trahan, Floyd Reed, Karen Reed and Bryan Benoit.

Tournament is held

Johnson Bayou and Grand Lake walked off with the team titles in the Cameron Parish round robin basketball tournament here Saturday.

Johnson Bayou compiled a perfect 3-0 record to garner the boys' title. Grand Lake and South Cameron tied with 2-1 records, but Grand Lake was awarded the girls' championship on the basis of a point spread.

Johnson Bayou wrapped up the title by tripping second place South Cameron 53-49.

Greg Trahan bucketed 18 points and Hallie Griffith added 11 for Johnson Bayou. South Cameron was sparked by Tim Grady with 13, Paul Grady with 12 and Dirk DeSonier with 10.

Grand Lake sewed up the girls' title with 42-30 triumph over Hackberry.

Mary Cradon chipped in 12 and Kelly LaBove added 10 for the winners. Shanna Vincent scored 10 markers for Hackberry.

Trahan ripped the net for 24 points to give Johnson Bayou a 59-47 victory over Grand Lake. Griffith added 18 for the winners while Coy Vincent posted 25 markers.

South Cameron drubbed Hackberry 54-44 as George Tinsley connected for 15, DeSonier chalked up 14 and Tim Grady added 10. Dana Dickerson and Danny Welch scored 24 and 11 points, respectively, for Hackberry.

Welch dumped in 26, Dickerson registered 18 and Raymond Hicks contributed 10 as Hackberry toppled Grand Lake. Vincent was Grand Lake's top scorer with 17 markers.

Lucinda Jinks popped in 13 and Penny Schaller and Charlene Jinks each scored 10 as Grand Lake tripped Johnson Bayou 44-39. Sharon LaBove pitched in 16 and Tracy Lannon tallied 10 for Grand Lake.

Debra Doland and Nadine Richard scored 13 and 12 points, respectively, as South Cameron humbled Hackberry 40-28. Kelly Vincent led the losers with eight points.

Charlene Jinks meshed 16 points and Lucinda Jinks dropped in 14 as Johnson Bayou topped South Cameron 4-2-26. Doland was high for the Lady Tarpons with 12 points.

Named to the boys' all tournament team were Trahan and Phil Young of Johnson Bayou, Tim Grady of South Cameron, Hackberry's Dickeron and Vincent of Grand Lake.

Grand Lake's LaBove and Lannon led the girls' all-tournament team. Also selected were Doland of South Cameron, Melanie Broussard of Hackberry and Charlene Jinks of Johnson Bayou.

NOTICE OF CONDEMNATION

TO: ALL OF THE PARTIES WHOSE NAMES AND ADRESSES ARE SET FORTH IN ATTACHED SCHEDULE "B"

You are hereby notified that a complaint in condemnation has heretofore been filed in the Office of the Clerk of the above named Court in an action to condemn the following estates.

The estate to be taken for said public uses is as follows:

As to Tract No. 101, the fee simple title to the land, subject, however, to existing easements for public roads and highways, public utilities, railroads and pipelines; excepting and excluding from the taking all producing oil and gas wells, including all existing structures and improvements and all appurtenances and appurtenant rights used in connection with the exploration, development, production and removal of said oil and gas; provided, however, that the said producing oil and gas wells, including existing structures and improvements and all appurtenances and appurtenant rights so excepted and excluded are hereby subordinated to the prior right of the United States to utilize said land in the establishment, management, and maintenance of the Strategic Petroleum Reserve as authorized by the Act of Congress approved December 22, 1975, Public Law 94-163, 89 Stat. 871, 42 U.S.C. 6201, including the right to prohibit the drilling of additional wells on said land, and, provided further that the use of said land shall be subject to the prior right of the United States to utilize said land for the Strategic Petroleum Reserve, reserving, however, to the owner, its successors and assigns, of producing oil and gas wells, the right to use existing access to the producing oil and gas wells, provided such access does not interfere with the rights of the United States to utilize said land in the establishment, management, and maintenance of the Strategic Petroleum Reserve as authorized by the Act of Congress approved December 22, 1975, Public Law 94-163, 89 Stat. 871, 42 U.S.C. 6201, and the further right to abandon said producing oil and gas wells provided said wells are capped in accordance with the laws and regulations of the State of Louisiana.

As to Tract No. 103E-1, a perpetual and assignable easement and right-of-way 50 feet in width, in, on, over and across the land, for the location, construction, operation, maintenance, alteration, repair and patrol of one pipelines in the establishment, management and maintenance of the Strategic Petroleum Reserve, as authorized by the Act of Congress approved December 22, 1975, Public Law 94-163, 89 Stat. 871, 42 U.S.C. 6201, including the right to trim, cut, fell and remove therefrom all trees, underbrush, obstructions, and any other vegetation, structures or obstacles within the limits of the right-of-way; reserving, however, to the landowners, their heirs and assigns, all such rights and privileges as may be used without interfering with or abridging the rights and easements hereby acquired; subject, however, to existing easements for public roads and highways, public utilities, railroads and pipelines.

As to Tract No. 103E-2, a temporary easement and right-of-way 25 feet in width in, on, over and across the land for a period not to exceed three years, beginning with the date possession of the land is granted to the United States, for use by the United States, its representatives, agents and contractors, for the construction of multipipelines in the establishment, management and maintenance of the Strategic Petroleum Reserve as authorized by the Act of Congress approved December 22, 1975, Public Law 94-163, 89 Stat. 871, 42 U.S.C. 6201, including the right to borrow and/or deposit excavated material thereon and the further right to remove temporary structures on the land and to perform any other work necessary and incident to the construction of the said multipipelines, together with the right to clear, cut, fell and remove therefrom all trees, underbrush, obstructions and any other vegetation, structures or obstacles within the limits of the right-of-way; reserving, however, to the landowners, their heirs and assigns, all such rights and privileges as may be used without interfering with or abridging the rights and easements hereby acquired; subject, however, to existing easements for public roads and highways, public utilities, railroads and pipelines.

As to Tract No. 106, the fee simple title to the land, subject, however, to existing easements for public roads and highways, public utilities, railroads and pipelines; excepting and excluding from the taking all producing oil and gas wells, including all existing structures and improvements and all appurtenances and appurtenant rights used in connection with the exploration, development, production and removal of said oil and gas; provided however, that the said producing oil and gas wells, including existing structures and improvements and all appurtenances and appurtenant rights so excepted and excluded are hereby subordinated to the prior right of the United States to utilize said land in the establishment, management, and maintenance of the Strategic Petroleum Reserve as authorized by the Act of Congress approved December 22, 1975, Public Law 94-163, 89 Stat. 871, 42 U.S.C. 6201, including the right to prohibit the drilling of additional wells on said land, and, provided further that the use of said land shall be subject to the prior right of the United States to utilize said land for the Strategic Petroleum Reserve, reserving, however, to the owner, its successors and assigns, of producing oil and gas wells, the right to use existing access to the producing oil and gas wells, provided such access does not interfere with the rights of the United States to utilize said land in the establishment, management, and maintenance of the Strategic Petroleum Reserve as authorized by the Act of Congress approved December 22, 1975, Public Law 94-163, 89 Stat. 871, 42 U.S.C. 6201; and the further right to abandon said producing oil and gas wells provided said wells are capped in accordance with the laws and regulations of the State of Louisiana; and, further reserving to the United States the right to construct, operate and maintain multipipelines and utilities in, on, over, under and across a strip of land described as

"A strip or parcel of land lying in Section 21, Township 12 South, Range 10 West, Cameron Parish, Louisiana, being 50 feet in width and lying 25 feet each side of, when measured at right angles, and parallel to the following described centerline:

"For a point of reference, commence at the Southeast corner of the Southwest Quarter of the Northwest Quarter of said Section 21, thence run North 0 degree 11' West along the West line of said quarter-quarter section a distance of 200 feet, more or less, to the centerline of an existing pipeline, for the Point of Beginning.

"From said Point of Beginning, run Southwesterly with said existing centerline a distance of 300 feet, more or less, the South line of the Northwest Quarter of said Section 21 for the termination of terminus of the centerline herein described.

"The above described tract or parcel of land contains 0.34 acre, more or less.

"The bearings and distances cited herein are based on the Lambert grid system."

for the period beginning with the date of taking and terminating with the expiration of that certain lease or leases entered into by and between Olin Corporation and Mrs. Agnes Elender, et al, or any renewal or extensions of such lease or leases; and further reserving to Olin Corporation the right to construct multipipelines in, on, over, under and across a strip of land described as

"A strip or parcel of land lying in Section 21, Township 12 South, Range 10 West, Cameron Parish, Louisiana, being 50 feet in width and lying 25 feet each side of, when measured at right angles, and parallel to the following described centerline:

"For a point of reference, commence at the Southeast corner of the Southwest Quarter of the Northwest Quarter of said Section 21, thence run North 0 degree 11' West along the West line of said quarter-quarter section a distance of 200 feet, more or less, to the centerline of an existing pipeline, for the Point of Beginning.

"From said Point of Beginning, run Southwesterly with said existing centerline a distance of 300 feet, more or less, the South line of the Northwest Quarter of said Section 21 for the termination of terminus of the centerline herein described.

"The above described tract or parcel of land contains 0.34 acre, more or less.

"The bearings and distances cited herein are based on the Lambert grid system."

for the period beginning with the date of taking and terminating with the expiration of that certain lease or leases entered into by and between Olin Corporation and Mrs. Agnes Elender Lowery, et al, or any renewal or extensions of such lease or leases.

As to Tract No. 103, the fee simple title to the land, subject, however, to existing easements for public roads and highways, public utilities, railroads and pipelines; excepting and excluding from the taking all producing oil and gas wells, including all existing structures and improvements and all appurtenances and appurtenant rights used in connection with the exploration, development, production and removal of said oil and gas; provided, however, that the said producing oil and gas wells, including existing structures and improvements and all appurtenances and appurtenant rights so excepted and excluded are hereby subordinated to the prior right of the United States to utilize said land in the establishment, management, and maintenance of the Strategic Petroleum Reserve as authorized by the Act of Congress approved December 22, 1975, Public Law 94-163, 89 Stat. 871, 42 U.S.C. 6201, including the right to prohibit the drilling of additional wells on said land, and, provided further that the use of said land shall be subject to the prior right of the United States to utilize said land for the Strategic Petroleum Reserve, reserving, however, to the owner, its successors and assigns, of producing oil and gas wells, the right to use existing access to the producing oil and gas wells, provided such access does not interfere with the rights of the United States to utilize said land in the establishment, management, and maintenance of the Strategic Petroleum Reserve as authorized by the Act of Congress approved December 22, 1975, Public Law 94-163, 89 Stat. 871, 42 U.S.C. 6201, and the further right to abandon said producing oil and gas wells provided said wells are capped in accordance with the laws and regulations of the State of Louisiana; and further reserving to the United States the right to construct, operate and maintain multipipelines and utilities in, on, over, under and across a strip of land described as

"A strip or parcel of land lying in Section 20, Township 12 South, Range 10 West, Cameron Parish, Louisiana, being 50 feet in width and lying 25 feet each side of, when measured at right angles, and parallel to the following described centerline:

"For a point of reference, commence at the Southwest corner of the East Half of the Southeast Quarter of the Southwest Quarter of the Northeast Quarter of said Section 20, thence run North 0 degree 11' West along the West line of the East Half of the Southeast Quarter of the Southwest Quarter of the Northeast Quarter of said Section 20 a distance of 75 feet to the Point of Beginning.

"From said Point of Beginning, run North 89 degrees 49' East along a line 75 feet Northerly of and parallel to the South line of the Northeast Quarter of said Section 20 a distance of 330 feet to the East line of the Southwest Quarter of the Northeast Quarter of Section 20 for the point of terminus of the centerline herein described.

"The above described tract or parcel of land contains 0.38 acre, more or less.

"The bearings and distances cited herein are based on the Lambert grid system."

As to Tract No. 104, the fee simple title to the land, subject, however, to existing easements for public roads and highways, public utilities, railroads and pipelines; excepting and excluding from the taking all producing oil and gas wells, including all existing structures and improvements and all appurtenances and appurtenant rights used in connection with the exploration, development, production and removal of said oil and gas; provided, however, that the said producing oil and gas wells, including existing structures and improvements and all appurtenances and appurtenant rights so excepted and excluded are hereby subordinated to the prior right of the United States to utilize said land in the establishment, management, and maintenance of the Strategic Petroleum Reserve as authorized by the Act of Congress approved December 22, 1975, Public Law 94-163, 89 Stat. 871, 42 U.S.C. 6201, including the right to prohibit the drilling of additional wells on said land, and, provided further that the use of said land shall be subject to the prior right of the United States to utilize said land for the Strategic Petroleum Reserve, reserving, however, to the owner, its successors and assigns, of producing oil and gas wells, the right to use existing access to the producing oil and gas wells, provided such access does not interfere with the rights of the United States to utilize said land in the establishment, management, and maintenance of the Strategic Petroleum Reserve as authorized by the Act of Congress approved December 22, 1975, Public Law 94-163, 89 Stat. 871, 42 U.S.C. 6201; and the further right to abandon said producing oil and gas wells provided said wells are capped in accordance with the laws and regulations of the State of Louisiana; and further reserving to the United States the right to construct, operate and maintain multipipelines and utilities in, on, over, under and across a strip of land described as

"A strip or parcel of land lying in Section 20, Township 12 South, Range 10 West, Cameron Parish, Louisiana, being 50 feet in width and lying 25 feet each side of, when measured at right angles, and parallel to the following described centerline:

15. United Gas Pipeline Company-to install two (2) 4" Pipelines across Calcasieu Pass, East Bank, Calcasieu River, Section 36, Township 14 South, Range 10 West, Cameron Parish, Louisiana, Item 12.

16. Texaco, Inc.-proposed dredging, drilling structures flowline and gas lift line to serve East Hackberry, State Lease 50 Well No. 134 Rev., East Hackberry Applin. No. 182.

17. Whitaker & Webb-to dredging and construct facility for proposed Goldking Production Company well site in connection with Clement No. 1, Miami Corporation N-1, and Miami Corporation 0-1, Cameron Parish, Louisiana.

18. Williams Exploration Company-to dredge and construct facility for proposed well site in connection with Miami Corporation No. C-1, Turtle Lake Prospect, Section 14, Township 14 South, Range 3 West, Cameron Parish, Louisiana.

19. Amoco Production Company-to construct bridge, access road, secondary containment levee and prepare location to drill in connection with Miami Corporation Well No. 34, Cameron Parish, Louisiana.

20. Houston Oil & Minerals-request change in original application to plug canal in event of well abandonment to prevent salt water intrusion, in connection with Miami Corporation No. 1, Section 19, Township 13 South, Range 7 West, Cameron Parish, Louisiana, application dated October 3, 1977.

21. Stephen Duplechin-Mobil Home Permit, Ward 2.

22. Lawrence Acosta-Building Permit, Ward 3.

23. Lionel J. LaBove-Building Permit and Mobil Home Permit Ward 4.

24. Wendell's Electrical Service, Inc.-Building Permit, Ward 3.

25. Edwin Joseph Smith-Mobile Home Permit, Ward 6

The following Ordinance was offered by Mr. Berwick, seconded by Mr. Myers and duly ordained.

AN ORDINANCE AMENDING AND REORDAINING THAT CERTAIN ORDINANCE DATED, APRIL 2, 1974, PROVIDING FOR DEFINITION OF CERTAIN WORDS CONTAINED THEREIN; PROHIBITING ROAMING OF LIVESTOCK IN CERTAIN HIGHWAYS IN WARDS 3 AND 5, CAMERON PARISH, LOUISIANA; PROVIDING EXCEPTIONS TO SAID PROHIBITION; PROVIDING FOR PROCEDURE IMPOUNDING LIVESTOCK FOUND ON SAID HIGHWAYS IN VIOLATION THEREOF AND; PROVIDING PENALTIES FOR THE VIOLATION THEREOF.

BE IT ORDAINED BY THE CAMERON PARISH POLICE JURY in regular session convened on this 31st day of October, 1977, that:

SECTION I: That certain Ordinance dated, April 2, 1974, entitled "An Ordinance providing for definition of certain words contained therein prohibiting roaming of livestock on certain highways in Ward 3 and 5, Cameron Parish, Louisiana, providing exception to said prohibition; providing for procedure of impounding livestock found on said highways in violation thereof, and providing penalties for the violation thereof", and in particular Section II, and the same is amended to read as follows:

SECTION II: Subject to any exceptions that may hereinafter be provided, no person owning livestock shall knowingly, and/or willfully permit his livestock to roam at large upon the following highway within Wards 3 and 5, Cameron Parish, Louisiana:

All public parish streets and roads and all state highways. All of State Highway No. La. 27-82 situated in Wards 3 and 5 located west of the Calcasieu Ship Channel, Cameron Parish, Louisiana, less and except the following: Parish Raod located South of Martin Trailer Park in Section 17, Township 15 South, Range 13 West and (2) Parish Road running northward from Middle Road to Smith Ridge in Section 2 and 11, Township 15 South, Range 14 West, Cameron Parish, Louisiana.

SECTION II: In all other respects, said Ordinance be and the same is hereby reordained.

A vote having been called for with the following result:

YEAS: Ernest Myers, Lester Richard, Jr., Willie Ray Conner, Kenneth Ducote, Archie Berwick

NAYS: NONE

ABSENT: Roland J. Trosclair, Jr.

NOT VOTING: NONE

And the foregoing Ordinance was passed and adopted this 31st day of October, 1977.

APPROVED:
/s/ Archie Berwick, Vice-President
CAMERON PARISH POLICE JURY
ATTEST:
/s/ Jerry G. Jones, Secretary

The following resolution was offered by Mr. Myers, seconded by Mr. Richard and duly adopted.

RESOLUTION
STATE OF LOUISIANA
PARISH OF CAMERON

BE IT RESOLVED by the Cameron Parish Police Jury in regular session convened on October 31, 1977, that:

SECTION I: The President be and he is hereby authorized, empowered and directed to execute on behalf of this Body a correction instrument correcting that certain right-of-way grant dated, September 15, 1976, recorded in Book 359, Page 717, Conveyance Records of Cameron Parish, Louisiana, executed by Rudell Granger and Robert Lee Hebert, Sr., to correctly describe said right-ofway as follows:

Commencing at a point which is 2350.35 feet South of the Northeast Corner of Fractional Section 2, Township 12 South, Range 9 West, Cameron Parish, Louisiana, which point is also 269.40 feet South of the Northeast Corner of Lot 5 of the Partition of Mrs. Ophelia Granger Estate in Fractional Section 2, Township 12 South, Range 9 West, thence Northwesterly on an angle of 86 degrees 04' West along the center line of said public road a distance of 711 feet, said public road to have a width of 50 feet, and 25 feet to be taken from either side of the above center line.

ADOPTED AND APPROVED this 31st day of October, 1977.

APPROVED:
/s/ Archie Berwick, Vice-President
CAMERON PARISH POLICE JURY
ATTEST:
/s/ Jerry G. Jones, Secretary

It was moved by Mr. Conner, seconded by Mr. Myers and carried, that due to objections received, the request to abandon the following public road right-of-way, be and the same is hereby denied:

The East 371.44 feet of a 60' right-of-way given by Mrs. Alex LaBove in Section 36, Township 14 South, Range 8 West, Cameron Parish, Louisiana

It was moved by Mr. Ducote, seconded by Mr. Myers and carried, that the President is authorized, empowered and directed to accept on behalf of this Body that certain road right-of-way dated October 31, 1977, granted by George A. LaBove, recorded under File No. 152181, Records of Cameron Parish.

In response to an advertisement for bids published in the official journal for the construction of one (1) metal building, the following bids were received and tabulated:

BIDDER	AMOUNT
Charles Miller Construction Co., Inc.	$24,293.00
Cameron Construction Company, Inc.	$26,144.00

Considering the bid of Charles Miller Construction Company, Inc. in the amount of $24,293.00 to be the lowest responsible bid, it was moved by Mr. Richard, seconded by Mr. Conner and carried, that said bid be and the same is hereby accepted.

The following Ordinance was offered by Mr. Myers, seconded by Mr. Conner and duly adopted.

ORDINANCE

AN ORDINANCE CREATING GRAVITY DRAINAGE DISTRICT NO. 6 OF THE PARISH OF CAMERON; FIXING THE BOUNDARIES OF SAID DISTRICT; APPOINTING COMMISSIONERS THEREFOR, AND FIXING THE DOMICILE OF SAID DISTRICT.

WHEREAS, this body is of the opinion that a Drainage District should be created in the area hereinafter described in the Parish of Cameron, and that such action will be to the best interest and advantage of the area comtemplated and the Parish in general; and,

WHEREAS, no petition for the creation of said Drainage District was filed with this body; however, it feels it should act upon its own initiative; and,

WHEREAS, no petition has been filed with this body for the appointment of commissioners of said District; however, it is the sense of this body that the said commissioners should be selected by it, as prescribed by law.

THEREFORE, BE IT ORDAINED BY THE POLICE JURY OF THE PARISH OF CAMERON, STATE OF LOUISIANA, in regular session convened that:

SECTION I: Therebe, and is hereby, created a gravity drainage district in the Parish of Cameron, Louisiana, to be known and designated as GRAVITY DRAINAGE DISTRICT NO. 6 OF THE PARISH OF CAMERON, as contemplated and authorized by R.S. 38: 1751, et seq.

SECTION II: The territory and lands comprising the said Gravity Drainage District No. 6 of the Parish of Cameron be and they are hereby declared to be as follows:

COMMENCING at the northeast corner of Township 12 South, Range 3 West;

THENCE, running south to the southeast corner of Township 13 South, Range 3 West;

THENCE, west to the southwest corner of Section 35, Township 13 South, Range 5 West;

THENCE, north to the northeast corner of Section 3, Township 13 South, Range 5 West;

THENCE, west to the southwest corner of Township 12 South, Range 7 West;

THENCE, south to the southeast corner of Section 13, Township 13 South, Range 8 West;

THENCE, west to Calcasieu Lake;

THENCE, northerly along the east bank of Calcasieu Lake to the line between Calcasieu and Cameron Parishes;

THENCE, east along said parish line to the point of commencement.

SECTION III: Charles Precht, Mervin Chassion, John Duhon, Floyd Istre and Clifford Broussard, all of whom are qualified electors resident within the said Gravity Drainage District No. 6 of the Parish of Cameron, and holding all of the qualifications required by law for the appointment as drainage commissioners, be, and they are hereby, appointed as drainage commissioners for the GRAVITY DRAINAGE DISTRICT NO. 6 OF THE PARISH OF CAMERON, each from this date, with all the powers and authority vested by law in such offices according to law; the said commissioners being appointed by this Body on its selection, there having been presented no petition from the property owners.

SECTION IV: The domicile of said Gravity Drainage District No. 6 of the Parish of Cameron is hereby fixed in the village of Sweet Lake-Grand Lake Community, in the Parish of Cameron, State of Louisiana.

SECTION V: The above named commissioners appointed by this body this day, shall meet on the 30th day of November, 1977, in the village of Sweet Lake-Grand Lake Community, at the Recreation Center, Parish of Cameron, State of Louisiana, the domicile of the District, and shall then and there proceed to organize by the election of officers and as provided by L.R.S. 38:1766 et seq., and the Constitution and Laws of the State of Louisiana.

SECTION VI: The Secretary of this Body is directed to cause a copy of this Ordinance to be published in the CAMERON PARISH PILOT, a newspaper published in the Parish of Cameron, Louisiana, for a period of Thirty (30) days, and copies thereof shall be posted in three (3) public places in said District for the same period of time.

SECTION VII: That all Ordinances or parts of Ordinances contrary to or in conflict with the provisions of this Ordinance be, and the same are hereby, repealed.

ADOPTED AND APPROVED, in regular session convened at Cameron, Louisiana, on this 31st day of October, 1977.

APPROVED:
/s/ Archie Berwick, Vice President
CAMERON PARISH POLICE JURY
ATTEST:
/s/ Jerry G. Jones, Secretary

It was moved by Mr. Conner, seconded by Mr. Richard and carried, that Joe Gayle Boudoin, be and he is hereby appointed as a member of the Board of Commissioners of Cameron Parish Waterworks District No. 7, replacing Fredman Theriot, resigned.

It was moved by Mr. Conner, seconded by Mr. Richard and carried, that Mrs. C. A. Rogers, be and she is hereby reappointed as a member of the Cameron Parish Welfare Board.

It was moved by Mr. Ducote, seconded by Mr. Conner and carried, that the Secretary shall advertise for the receipt of bids for the purchase of fire equipment for Hackberry Fire Protection District.

It was moved by Mr. Ducote, seconded by Mr. Myers and carried, that authority is granted to the Hackberry Fire Protection District to accept from the Federal Energy Administration grants to improve the Hackberry fire system.

The following resolution was offered by Mr. Richard, seconded by Mr. Myers and declared ordained.

ORDINANCE

BE IT ORDAINED by the Cameron Parish Police Jury in regular session convened on this 31st day of October 31, 1977, that:

SECTION I: No vehicle shall travel in excess of thirty-five (35) miles per hour on the east 2.000 feet of Trosclair Road.

SECTION II: Whosoever violates this Ordinance shall be sentenced to no more than $100.000 fine and/or ten days in the Parish jail.

SECTION III: All Ordinances or parts of Ordinances in conflict herewith are hereby repealed.

A vote having been called for with the following result:

YEAS: Ernest Myers, Lester Richard, Jr., Willie Ray Conner, Kenneth Ducote, Archie Berwick

NAYS: NONE

ABSENT: Roland J. Trosclair, Jr.

NOT VOTING: NONE

And the foregoing Ordinance was passed and adopted this 31st day of October, 1977.

The following resolution was offered by Mr. Berwick, seconded by Mr. Conner and declared duly adopted.

A RESOLUTION CONCERNING THE OWNERSHIP OF A PARISH ROAD
STATE OF LOUISIANA
PARISH OF CAMERON

BE IT RESOLVED BY THE CAMERON PARISH POLICE JURY in regular session convened on the 31st day of October, 1977, that:

In accordance with this body's general public policy, it is hereby recognized that the road designation by J. B. Jones, Jr. and Lynn R. Jones, which is recorded in the Conveyance Records of Cameron Parish, Louisiana in Book 277, page 519, under File No. 125457, did not convey to this body full ownership of the roadway, but conveyed to this body a servitude of passage for the public, and specifically recognized that full ownership of the 80-foot wide roadway stands in the names of Lynn R. Jones and J. B. Jones, Jr., subject to said servitude of passage for a public roadway.

The foregoing Resolution was reduced to writing and a vote thereon was called for, with the following results:

YEAS: Archie Berwick, Willie R. Conner, Ernest Myers, Lester Richard, Jr. and Kenneth Ducote

NAYS: None

ABSENT: Roland J. Trosclair, Jr.

CAMERON PARISH POLICE JURY
ATTEST:
/s/ Jerry G. Jones, Secretary

There being no further business and upon motion of Mr. Ducote, seconded by Mr. Myers, the meeting was declared adjourned.

APPROVED:
/s/ Archie Berwick, Vice-President
CAMERON PARISH POLICE JURY
ATTEST:
/s/ Jerry G. Jones, Secretary

GRAND LAKE-SWEETLAKE

Some of best 'news' may not be current

By MRS. AGNES HEBERT

As some of the readers have noticed, not all of my "news" is current. Some of it tends to be reminiscing and since it seems to be well recieved-here we go again.

Caught a glimpse of Mrs. Eleanor Rutherford West as she drove out of Speedi-Tote's the other morning and even though I haven't talked to her since she retired I'm inclined to believe she hasn't changed in appearance a great deal since she taught me in the 4th grade here at Grand Lake. Always a striking, statuesque brunette the dramatic overtones she lent to her oral rendition of a chapter by chapter reading of Treasure Island remains in my memory of enjoyable classroom experiences.

VIRGIE'S FAREWELL

On these cold, windy days when hardy elementary students balk against being contained within the school walls all day-I am reminded of Virgie DeCuir LaBleu's farewell to her fellow teachers.

She said if St. Peter assigned her to outside duty schedule as she approached his gates-she would be tempted to ask for a transfer.

THE PRIMEAUXS

Saw a picture in the American Press of one of Mr. and Mrs. H. D. Primeaux's sons. Gene, who is an employee of the L.C. Post Office was on the annual United Appeal fund raising campaign committee.

His brother Robert is with a savings and loan co. and also a Notary Public while Earl follows in his father's footsteps with the Internal Revenue Service. These handsome young men are a credit to their parents as they are all extremely polite, sincere and friendly.

Visiting the Albert Guidrys from Baton Rouge last weekend was their son Ricky, his wife Cathy and their little daughter Angela. Lena also told me she visited Mr. and Mrs. Raymond Fusilier in St. Pat's last week. Both the Fusiliers are patients there. Mrs. Fusilier will be remembered as head cook at Grand Lake School for several years

PROSPECTIVE PARENTS

Receiving diplomas on completing pre-natal classes at St. Pat's last week were area prospective parents: Carl Ray Demarests, Charles Garys, Corliss Nashs, Buddy Arabies and the Tommy Thibodeauxs.

On their tour of labor, delivery and nursery rooms they were able to see Jodi and Mike Reichart's brand new baby boy born that morning, Dec. 7

Home recuperating from a long stay in the hospital is Mrs. Ella Beard.

Met Mrs. Roger "Pauline" Richard at St. Pat's--she was visiting J. P. Boudoin who had a gall bladder surgery. Also ran into his wife Janell, who like me, couldn't resist a peek at the nursery window.

REASSIGNED

Due home for the holidays is air woman Connie Daigle Paulsboe. She will be reassigned from Chanute Air Force Base in Illinois to Lackland in Texas. With women's rights such a pro and con issue, I'm not sure on forms of titles, but it doesn't seem right to address a nice looking girl like Connie as "Airman".

Arriving from Canada this weekend for a short holiday visit were Frances Bellard, Leigh, Brett and Wendee.

GRADUATES

Graduating from McNeese this semester is Roger Richard's genial student teacher, Jerry Hickman. Jerry, a transfer from DeRidder, is going on to work on his Master's degree and has offered to substitute at our school. This offer is greatly appreciated by our principal Mr. Delmus Hebert, who dreads those early morning phone calls from sick teachers--because qualified substitutes are scarce.

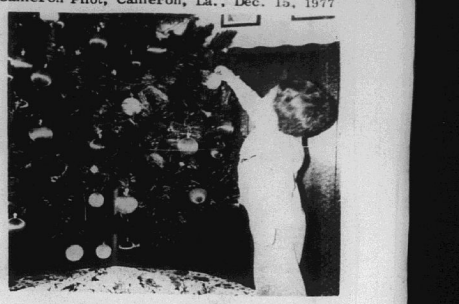
Noticed in the obituaries that Mr. Frank "Picard" Hebert, age 94, was buried in our local cemetery last week. The only remaining surviving sibling in this pioneer family is Mrs. Joe Demarest.

BRIGHT HOLIDAYS

Since resource shortages are not being heralded in the press as being acute, this holiday season is showing signs of being a bright and colorful one. St. Pat's hospital has a very eye-catching display and if you're tempted to bring your children to see the Christmas lights-do drive by and while you're passing, a spiritual offering of love and prayers for the elderly and the ill would be most appropriate. Christ died to redeem our sins, but he was born to revive our spirits.

WIN TOURNEY

Winning is great, as the girl's basketball team can verify after winning the Cameron Parish Tournament this weekend. Named to the All-Tournament team was: Sharon LaBove, Tracy Lannin and Coy Vincent. However, the award the school and community are most proud of is the Best Sportsmanship Award presented to our Hornets. After all, this is what sports is all about.



CHRISTMAS IS Just around the corner as this photo of James Kirk Hebert trimming his Christmas tree reminds. He is the son of Mr. and Mrs. Don Hebert of Johnson Bayou.

JOHNSON BAYOU

Christmas program to be held at J. Bayou

By CAROLINE HEBERT

A Christmas program will be held at the Johnson Bayou School Tuesday, Dec. 20, at 9 a. m. All parents and friends are invited to attend.

The program will consist of all the grades, Kindergarten through 12th grade, participating in Christmas plays, skits, and songs. Each grade will present their own entertainment.

Howard Romero, principal, asks that everyone please park in the gym parking lot and enter through the gym doors, as the program will be held in the gym.

HOSPITAL STAY

Lisa Badon, daughter of Mr. and Mrs. Shirley Badon, was in St. Patrick's Hospital in Lake Charles from Monday, Dec. 5-12. She is still under doctor's care, but is improving nicely.

CHRISTMAS PARTY

A Christmas party will be held at the Johnson Bayou Recreation Center on Thursday, Dec. 22, at 6:30 p. m. Everyone is invited to attend and join the group in singing Christmas carols. Refreshments will be served and a visit by Santa will be a featured event for the children and adults alike.

BAPTIST CHURCH

Rev. Malcolm Sharp, pastor of the Johnson Bayou Baptist Church, announces they will have their annual Christmas program on Wednesday, Dec. 21, at 6:30 p. m.

Following the program will be a caroling party. All the public is invited to come and join in. The carolers will travel in the back of pick-up trucks.

NEW JOBS

Don L. Hebert has been transferred from the Chevron plant in Johnson Bayou to West-Cam 17. His classification has changed from Operations Clerk to Pumper Gauger. Taking over his job in the office is Mrs. Debby Jinks.

James Kirk Hebert has been holiday visiting with his grandparents, Mr. and Mrs. Ernest McLeod, in Sulphur.

Mr. and Mrs. Allen Trahan recently purchased a 1978 Oldsmobile Delta 88 Royale Coupe.

Cub pack has first meeting

Pack 210 of the Cameron Cub Scouts held their first Pack meeting Thursday, Dec. 8.

The following boys from Den 3 earned their Bobcat Merit Badges: Billy Joe Albarado, David Dupont, Jaimie Conner, Jessie Reese, Ronald Southern, Tommy Watts Jr., John Wilkerson, and Kendall Portie.

Joey Sedlock, who is into his second year of scouting, earned 3 silver arrows.

The boys of Den 3 also enjoyed a tour of Petroleum Helicopters and were treated to a helicopter ride letting them view the town from the air on Saturday, Dec. 10. They would like to thank the employees of Petroleum Helicopters for the very enjoyable ride.

Merry Christmas

22nd Year--No. 10 | Cameron, LA | Dec. 22, 1977

AC P program set for Cameron Parish

As 1978 begins, the Agricultural Stabilization and Conservation (ASC) Committee for Cameron parish, which takes office January 1, will be administering farm programs covered by the Food and Agriculture Act of 1977 which begins with 1978 crops.

Howard Cox, Chairman of the Agricultural Stabilization and Conservation (ASC) Committee in Cameron parish said cotton, rice, soybeans, sugarcane, feed grain and wheat are the major commodities covered by the Act.

County Committee members for Cameron parish, as 1978 begins are: B. Howard Cox, Chairman, who farms in the Sweetlake community. He plants rice and soybeans and raises cattle; Vice-chairman is J. B. Meaux of Grand Chenier-a cattle rancher; and Regular member is Charles Precht, Jr. of Sweetlake community. He plants rice and soybeans, and raises cattle. Mr. Precht is also a trapper, which occupies some of the time, seasonally, and involved in other civic and church activities in his area. This is Mr. Precht's first year to be elected to the committee.

Target price provisions for cotton, rice, feed grain and wheat are included in the Food and Agriculture Act of 1977 Mr. Cox said, and are similar to provisions of the old act which were applicable for 1974 through 1977. The target price provision will continue through 1981. Target price legislation guarantees a minimum return for a producer's production on his planted acres.

Chairman Cox pointed out that the food and Agriculture Act of 1977 has provisions for disaster payments for some of the commodities and provide price support loans for eligible commodities. Another feature of the Act is the use of a set-aside program for certain commodities that are in abundant supply. For 1978 a set-aside program for wheat has been announced at 20 percent and for corn and sorghum at 10 percent.

Mr. Cox said that in addition to the cotton, rice, soybean, sugarcane, feed grain and wheat programs, other programs in Cameron parish which are administered by the county ASC Committee include: Agricultural Conservation Program, Price Support, Farm Storage Loan, Bee Indemnity, and Wool Incentive Payment.

Kevin &Wendy

Little Miss & Mr. named

Kevin Perkins and Wendy Blankenburg were named Little Mister and Miss Cameron at the Cameron Elementary School contest held Wednesday, Dec. 7.

Receiving first runner-ups were Vivian Saltzman and Brian Trahan. Shanna Williamson and Chris Davidson were named second runner-ups.

The winners will compete in the parish contest to be held during the Cameron Fur and Wildlife Festival.

Yule schedule

Be sure to do your banking early this week.

Both the Cameron State Bank and the Calcasieu Marine Bank will close at 2 p. m. Friday and will not reopen as normal from 3 to 6 p. m. Also both banks will be closed Monday--all to give their employees a long Christmas holiday.

New Years Eve dance slated

A New Years Eve dance will be held at the Cameron Recreation Center on Saturday night, Dec. 31, starting at 9 p.m. with music by the "Keynotes".

Advance reservations for the formal affair may be made by calling James S. Henry at 775-5224 or Gerald Guidry at 542-5212.

Hats and noise makers will be provided and gumbo will be served.

The dance is sponsored by the Our Lady Star of the Sea KC Council of Cameron.

The Cameron Telephone Company

THE NEW CAMERON Telephone Company directory, recently issued, features a painting by Will Hinds depicting the construction of the first telephone line between Sulphur and Hackberry in 1928. The painting was commissioned by the company in celebration of its 50th anniversary in 1978. Prints of the cover, suitable for framing, are available from the Cameron Telephone Co., P. O. Box 387, Sulphur, La. 70663

Pipeline route reset

The route of a pipeline that will bring crude oil from the Sun Oil Terminal at Nederalnd, Texas to the Strategic Petroleum Reserve storage facilities at Hackberry has been changed due to objections filed to the original route.

The 42-inch pipeline's route was changed from a point south of the Intracoastal Waterway near Goose Lake to the West Hackberry salt dome. It will cross Black Lake.

The change was made to resolve objections made to the original route by the U. S. Fish and Wildlife Service, National Marine Fisheries Service and Amoco Production Co.

Protests to the new route will be received by the U. S. Corps of Engineers in New Orleans until Dec. 29.

Services set Christmas eve

The Wakefield Memorial Methodist Church Christmas worship service, normally scheduled on Sunday, will be held this year at 6 p. m. Saturday, Dec. 24, according to Rev. Minns S. Robertson pastor.

This change is an experiment to determine if the service will have better attendance by permitting worshipers to have the day with their families.

The Saturday service will completely replace the usual Sunday Worship at 11 a. m.

Events set for contestants

Mrs. Glenn Alexander, chairman of the Louisiana Fur and Wildlife Festival Queen contest, announced that among social events planned for the contestants is a tea Saturday, Jan. 14 at 3 p. m. in the home of Mr. and Mrs. Leslie Richard, co-hosted by Mrs. Leslie Griffith.

There will also be a buffet in the home of Mr. and Mrs. Jerry Jones starting at 5:30 p. m. which will be co-hosted by Mrs. Braxton Blake.

Grand Lake FFA winner

The Grand Lake Chapter of the Future Farmers of America has won the Cameron parish Parliamentary Procedure contest for the second consecutive year.

The team members consisted of Buck Gueydam, Joe Young, Daryl Poole, Duke Hebert, Coy Vincent, Dewey Begnaud and Kenneth Fontenot. The chapter's public speaking contestant, Kenneth Fontenot, also won with his speech on "Pesticide Certification".

The Grand Lake team will compete in the District 10 contest at Sulphur High School on Jan. 16.

Texas Eastern plans offshore pipeline

Texas Eastern has announced plans to costruct a $30 million, 26-mile-long, 30-inch-diameter natural gas pipeline in the offshore Louisiana Cameron Area System operated by Texas Eastern Gas Pipeline Company, a division.

The new pipeline loop will be constructed between East Cameron Block 245 and West Cameron Block 272, where manifold platforms exist.

The new pipeline, which will be constructed during the summer of 1978, will increase the system's maximum design capacity from 666 million cubic feet of gas per day (MMcfd) to 846 MMcfd. The increased capacity will allow the system to handle the addition of new gas production from the area, and increased production from existing dedicated sources.

Increased capacity also will accommodate the exchange and transportation of gas for other companies as an equivalent service for their handling of new Texas Eastern supplies remotely located from the Cameron Area System, which transports offshore gas supplies to Texas Eastern's main line at Gillis, Louisiana, for transmission to eastern customers.

Trap setting rules given

Ellis McWhirter, superintendent of the Trap Setting contest of the Louisiana Fur and Wildlife Festival for Doxey-Vincent VFW Post, announced that the contest will be held Saturday, Jan. 14, at 11 a. m. on the Cameron Elementary school grounds.

The following rules will apply:

Each contestant must register prior to participating.

Each must set 12 traps. All 12 traps must be open (set) when time is taken (i.e. if any trap springs closed during setting, it must be reset before final time can be taken.).

The three contestants with the lowest time will participate in a final contest on stage during the Saturday night program

The finalists will set 12 traps in the final contest.

Four each of the following traps will be used in the contest: Small muskrat trap, Double spring trap, and Jumper trap.

Girls to be feted here

Mrs. Robert Ortego, chairman of the Miss Cameron Parish contest of the Louisiana Fur and Wildlife festival, announced that two events have been planned for the contestants Friday, Jan. 13, prior to the Friday night program where the winner will be chosen.

The queen's tea will be held in the home of Mr. and Mrs. Ray Stevens from 2 to 5 p. m. and a buffet will be held in the home of Mr. and Mrs. Ladd Wainwright from 5 to 7 p. m.

IRA deposits open to Feb.

Persons opening a new Individual Retirement Account, or making payments into an existing one, have until Feb. 15 to make deposits for 1977, according to E. J. Dronet, president of the Cameron State Bank.

In the past the cutoff date for making such IRA deposits was Jan. 1.

The later deadline will give depositors a longer period in which to assess their income tax situation and how an IRA account can save them taxes, Dronet stated.

Mrs. Freddie Theriot

Mrs. Theriot is Creole PM

Mrs. Freddie Theriot of Grand Chenier has been named postmaster of the Creole post office.

The post has been vacant since the death of Dalton Richard, the former postmaster, last year.

Mrs. Theriot, who has been working in the Cameron post office, assumed her new post Friday.

Archery rules announced

Bob Schwartz, chairman of the archery contest of the Louisiana Fur and Wildlife Festival, announces the following rules for the 1978 event opened to Cameron parish residents only.

The contest will be held Friday afternoon, Jan. 13, behind the Cameron Elementary school.

The Junior division event will begin at 11 a. m. and the Senior division will begin at 1 p. m., including both men and women.

All contestants must register 30 minutes before their division's starting time and no will be allowed to compete once the division has started.

All contestants must furnish their own bows and arrows. Entry fee is $3.

Boys and Girls in the junior division must be 15 years old or younger. Senior division entrants must be 16 years or older.

The target distance is 20 yards using a 24 inch target.

Each contestant should have at least 8 arrows in case one or more is lost or broken. A total of 60 arrows will be shot, 5 arrows at a time.

Plaques will be awarded to winners in each division.

Season ends

Shrimp season in inside waters closed at midnight Tuesday, Dec. 20, as established by law, according to the Louisiana Department of Wildlife and Fisheries.

11 in festival queen contest

Eleven young beauties representing major fur bearing parishes of Louisiana will vie for the title of "Louisiana Fur Queen" at the 1978 Louisiana Fur and Wildlife Festival during the Saturday night program, Jan. 14, in the Cameron Elementary school.

Mrs. Glenn Alexander is chairman of the contest.

Contestants and the parishes they represent are:

Gladys Nagy, daughter of Mr. and Mrs. Laszlo Nagy, Tangipahoa parish.

Kimbla Bossley, daughter of Mr. and Mrs. Gerald Bossley, Vermilion.

Connie Sue Gattochalck, daughter of Mr. and Mrs. Charles W. Gottschalck, St. Tammany.

Geralyn Ann Vergeron, daughter of Mr. and Mrs. Lucien Bergeron, Terrebonne.

Torrie Kay Terry, daughter of Mr. and Mrs. Don Terry, St. Mary.

Nancy Claire Nunez, daughter of Mr. and Mrs. Garner Nunez, Cameron.

Sharon Laney, daughter of Mr. and Mrs. J. A. Laney, Jr., St. Charles.

Kelly Elizabeth Steib, daughter of Mr. and Mrs. Leo J. Steib, St. John.

Leslie Marie Lester, daughter of Mr. and Mrs. Harry Lester, Iberia.

Elizabeth Ann Broussard, daughter of Mr and Mrs. John S. Broussard, Plaquemine.

Mary Lee Allee, daughter of M. and Mrs A. Lee Allee, St. James.

The winner will receive an all-expense paid trip to the Mardi Gras ball in Washington D. C. and a fur coat.

She will also represent the festival at various festivals throughout the state.

Holly Roberts wants a Hush Baby and anything else.

Willie Daigle wants a six million dollar man and other things.

And please Santa don't forget our babies: Seith Nolen, Bryan Hardie, Brady Stebbins, and Christopher Savoie.

News of interested to the elderly...

By MINNS S. ROBERTSON

I would like to thank Mr. Jerry Wise and the CAMERON PILOT for providing space for a column for the Cameron council on Aging. We hope to have something nearly every week of interest and importance to elder citizens.

The Fellowship for Aging was held in the Methodist Church in Cameron, Sunday night under sponsorship of the Catholic Daughters and the United Methodist Women. A large crowd was present.

Mrs. Virgie LeBleu read a Cajun Night Before Christmas. The Cameron Homemaker Extension Club will sponsor the January meeting of the Fellowship which will also be at the Cameron Methodist Church on Jan. 15. Regular meetings are planned for the third Sunday of each month.

The Director of the Council on Aging was disappointed to learn that many receiving Social Security and supplemental Security Income received increases in Social Security Benefits in July, only to have Supplemental Security Income checks reduced by the same amount.

Our senators and representatives ought to hear a protest from us about this. However, we understand that the law states that if Supplemental Security was eliminated by the Social Security Increase, clients are still eligible for Medicaid. Any cut off for this reason should appeal the decision.

Anyone receiving communications from any of your benefit Programs should be sure you understand what is said and know if an appeal ought to be made.

Rutherford rites held

Funeral services for Bobby Rutherford, 35, of Cameron, were held Thursday, Dec. 15, in O'Donnell-Hixson Funeral Home.

Burial was in Highland Memory Gardens in Lake Charles.

Mr. Rutherford died Tuesday in a Pineville hospital.

He was a native and lifelong resident of the Creole and Cameron area.

Survivors include three sisters, Mrs. Jo Ann Doxey and Mrs. Edith Gauthreaux, both of Cameron, and Mrs. May Willis of Dry Creek, and his stepmother, Mrs. Dorothy Rutherford of Creole

Chenier kids write Santa

Here are some letters to Santa Claus from Grand Chenier children:

Dear Santa,
Do you have a race track?: And do you have a puppy dog?: I want a stretch monster and a kick-n-go, and a book-ho ho ho MERRY CHRISTMAS to you.
Love, Kenton Bonsall

Dear Santa,
I want a stretch arm strong man and a stretch arm strong monster and a puppy dog.
Love, Norman Hebert

Dear Santa,
I want a bicycle and a skate board and a baby come back and a kkick-n-go.
Love, Christie Pinch

Dear Santa,
Do you have a race track? And do you have a puppy dog? I want a bike and a doll and a sleeping bag for Christmas too.
Love, Patricia Swire
Ho Ho Ho

Dear Santa,
I love you. I have a box of toys. Do you have a puppy? and a toy diamond ring? I want some balloons and one ball and one bananas. I love you this year.
Love, Lisa Roper

Dear Santa,
I want a crying baby and a bicycle.
Love, Liz Zamora

Dear Santa,
I like you. I want a doll.
Love, Pam Harrington

Dear Santa,
I want a kick-n-go and a boot and a stretch monster. Ho Ho Ho Santa.
Love, Spencer ho ho ho Aplin

Dear Santa,
I want two toys for I am a good big girl.
Love, Toni Mhire

Dear Santa,
I want a toy big foot and a big truck and a batman and a batcar.
Love, Earl Broussard

Dear Santa,
I was a good boy this year. I want a dump truck and a boat, and a train, and an airplane?
Love,
Christopher Joseph Henry

Dear Santa,
Thank you for bringing my toys and recordplayer.
I love you.
Love, Bryan Jones

Protecting Our Environment

A comprehensive engineering/economic study has been conducted by a major American company in an attempt to determine the full dimension of the impact

IMPROVING OUR ENVIRONMENT may be a matter of not trying to "improve" our environmental protection regulations.

of present and projected environmental control requirements in the United States over the next decade.

The study showed that environmental controls have been taking a larger and larger share of national resources and available money. A requirement for additional water treatment beyond that needed to meet the goal of fishable and swimmable rivers and lakes will cost the Du Pont Company alone nearly $800 million.

Many scientists believe that society has been subjected to naturally-occurring pollution levels in excess of the current standard for generations, and there is no serious scientific debate as to whether sporadic exposure to concentrations exceeding the standard are harmful.

The federal government, however, is expected to develop regulations which will require vast investments from industry, and 90 percent of those investments, according to the study, will result in no practical, identifiable benefit.

Fortunately, programs can be modified to balance pollution control between having none at all and having much too much.

The most valuable part of what the Marines have to offer—besides benefits that include dental and medical care, housing, food and 30 days paid vacation—may be the Options Programs. If a man qualifies, he is guaranteed before enlistment that he'll get training in a job field that's right for him. For information on what the Marines offer the potential recruit call, toll free, 800-423-2600 (800-252-0241 in California).

The first scarecrows used to protect growing corn were the whistles hung on poles by American Indian children—which frightened away field pests when the wind blew through them.

Forgive us our C'mases

One December, a little girl was heard to close her vedtime prayer with these words: "...and forgive us our Christmases, as we forgive those who Christmas against us."

What in the world did that little girl mean by the prayer, "forgive us our Christmases?"

Here's what I think. I think that as December 25 got nearer and nearer, she sensed a hurry and anxiety that threatened to rob the holidays of their real joy.

You know what I mean. You've seen children slapped and pushed in crowded stores, as their harried parents strain every nerve to "get ready" for Christmas.

What these parents don't realize is that children want unhurried moments just to watch and listen to the color and music of Christmas. They want home where there is at least a resemblance of sanity and calm.

Expensive gifts, and gaudily wrapped presents, and mountains of mouthwatering goodies will not replace a child's hunger for security and warmth and understanding.

Prices are high this Christmas of 1977. But the price of what I'm talking about is still the same. What is that price? It's whatever it costs us to share ourselves with those we love the most. Otherwise, we'll need to imitate the prayer of the little girl who begged: "...and forgive us our Christmases, as we forgive those who Christmas against us."

--From a church bulletin.

The most expensive table lighter in the world is an 18-carat gold replica of a lighthouse that is set on an island of amethyst. It sells for $56,875.

Wishing you much happiness and hoping your dreams will all come true. We say "thanks" for your continuing faith in us.

HACKBERRY

Turkeys, ham given away at center

By GRACE WELCH

Twenty turkeys, a ham and a door prize were given away at the Recreation Center Dec. 15.

Winners of turkeys was Mrs. Norris Schexnider, Mrs. Mae Welch, Mrs. Van Primeaux, Mrs. Helen Iseral, Mrs. Lilly Thibodeaux, Mrs. Clifford Hantz, Leland Venable, Jimmy Pitts, Mrs. Curtis Andrus, Mrs. Marie Little, Mrs. Odelia Little, Mrs. Deanne Nunez, Kenny Welch, Mrs. Mrgie Alleman, Mrs. Wilmer Cain, Mrs. Eve Hebert, Mrs. Margret Hebert, Ms. Annie Terral, Mrs. Clarence Turner, Mrs Wayne Welch.

The ham was won by Mrs. Lennie Courmier and the door prize by Mrs. Margret Pitts.

DESOMEAUX BABY

Mr. and Mrs. Bryant Desomeaux of Hackberry announce the birth of a son, Jered Paul, Sunday, Dec. 18, at Cal-Cam hospital, Sulphur He weighed 9 lbs. 3 oz.

Grandpatents are Mrs. Lois Desomeaux and Mr. and Mrs. Vernon Jinks.

Great-grandpatents are Mr. and Mrs. A. A. Meyers and Mr. and Mrs. George Nunez.

HANTZ BABY

Mr. and Mrs. Joe Hantz announce the birth of a daughter, Amanda Jo, Dec. 18, at Cal-Cam hospital in Sulphur. She weighed 7 lbs. 6 oz.

Grandparents are Mr. and Mrs. Kenneth Ducote and Mrs. Earline Hantz.

Great-grandparents are Mrs. Etna Ducote, Mrs. Hattie Trahan, and Mrs. Theresa Hantz.

FHA NEWS

The Hackberry chapter of the Future Homemakers of America met Dec. 12, in the school auditorium. They elected as club mothers Mrs. Sam Baley, Mrs. Curtis Cuvillier, Mrs. Harold Frey and Mrs. Reuben LaBove.

The officers demonstrated Parliamentary procedure through a discussion about a fashion show.

Carla Frey told about the yam contest to be held Jan. 9. The winner will go to the parish in Feb. The club members were reminded to bring their Christmas presents on Thursday to be judged for the annual Christmas party Friday at noon. It was voted by the club to have a spring fashion show the second week in March.

Some say pearls are unlucky.

Parish agents attend conference

According to Gary Wicke, 4-H agent, Peggy Mhire and LaRose Dupuis of Grand Chenier attended the 1977 Local Leaders Conference held Nov. 17 at Girard Park in Lafayette. Attending this conference were 4-H adult leaders from throughout the Central Southwestern District.

The annual conference was sponsored by Freeport Sulphur Company of New Orleans. The primary objectives of this program was to understand the purposes and objectives of 4-H and to become aware of the holes of leaders in the 4-H program.

In picture: Left to right- Mrs. LaRose Dupuis and Mrs. Evans Mhire, 4-H leaders, and Jesse Holder, director of Agriculture Research, Freeport Sulphur Company.

Non-fiction books listed

New non-fiction books at the Cameron Parish library include:

Lemon-Aid. Edmanston. The book the auto industry tried to suppress but could not.

All Things Wise and Wonderful. Herriot. A warm and joyful sequel to All Things Bright and Beautiful.

Go Out In Joy! Herrmann. A young hospital chaplains ministry to children and theirs to her.

Special People. Julie Eisenhower. Special people that Julie Nixon Eisenhower admire and writes about with skill and a unique personal knowledge.

The Name Game. Anderson. Your name can make you a winner or a loser. Your health, longenity, business and personal success are determined by your name.

I'm Eve. Sizemore and Pittillo. The compelling story of the internationally famous case of multiple personality.

Patients admitted

Patients admitted to South Cameron Memorial hospital recently included:

Dec. 11, Bruno Corley-Lake Charles.

Dec. 12, Jesseye Roberts-Cameron, Charles Willis Jr.-Cameron, Mary A. Conner-Creole, Shelby Coulter-Hattisburg, Miss.

GRAND LAKE-SWEETLAKE

Saltzmans to take life a little easier easier

By MRS. AGNES HEBERT

On April 18, 1950, Brother Renee' Saltzman moved his family to Big Lake to minister not only to his church members at Big Lake and Sweet Gospel Tabernacles but to anyone in need of spiritual comfort and guidance.

Brother and Sister Saltzman were both born and raised in Gueydan. They had pastored in Jennings 5 years before moving here. After 27½ full years, Bro. Saltzman will have a little more time to enjoy his carpenter work, as the church is hiring an associate pastor, who will be moving into the parsonage.

The Saltzmans are moving into their home, which Bro. Saltzman built near Sam Houston Park at West Lake and will commute to church. Their daughter, Rida and her husband, San Day, who is with the U. S. Postal Service live next door.

The new pastors are Bro. and Sister Dub Williams, who were missionaries until recently. They're from near Orange, Texas and have two children, a son Chris and a daughter, Laura.

COUNTRY GOSPEL

If you haven't heard Roderick Poole and the Gospel Strings yet, you're missing something great. They sing and play "country gospel".

The band consists of lead guitar-Steve LeBlanc; bass fiddle-J o h n Faulk; drums-Thomas Broussard; guitar and mandolin-Sheffield Royer; guitar and steel guitar-Roderick Poole.

Enjoying a new blue and white Dodge automobile are Pat, Billie and Preston Smith

TOERNER BABY

Little Miss Caroline Michelle Toerner weighing 7 lbs. 1 oz. was welcomed into this world on Dec. 3, at 6:53 p. m. by a host of great and grandparents. She is the first child of Evelyn and Mike Toerner. Paternal relatives are grandparents Edna and Paul Toerner of Sweetlake, a n d great-grandmothers, Mrs. Earl Toerner of Lake Charles and Mrs. William T. Hale, Sr. of Tampa, Florida.

Maternal relatives include grandparents Mr. and Mrs. James W. Rousseau of Lake Charles a n d great-grandmother Mrs. Kina Schwarz, of Frankfurt, Germany.

DEMAREST BABY

Proudly announcing the birth of a son, Peter Aaron are Mr. and Mrs. Carl Ray Demarests of t h e Big Pasture. "little Pete" arrived on Dec. 15th. Sharing their joy is grandmother Mrs. Olivia Demarests.

The Crab Palace had fresh crawfish this weekend and I don't know who enjoyed them the m o s t, C aroline "Shonie" Primeaux or her favorite nephew Corliss Nash

'Tis the season and enjoying the companionship of their associates and families at the annual Magnolia Life Christmas party last week were Robert and Margaret Hebert, Lee Allen and Jerrie Benoit, and Ronald and Belinda Hebert. The party was held at the Chateau Charles.

Spending the holidays with Enell and Julius Nash in their new home is h i s mother, Mrs. Ola Mae Nash from Houston.

Took a few minutes from Christmas shopping to visit with Beverly Gauthreaux at the Regent shop last weekend. Beverly and Myrl live at Grangers Cove but since nearly all their children are out of school, I'm out of touch. Their daughter Cindy is married and lives in San Antonio; Pam and her husband are expecting their first child and Myrl Lynn who is with the Lake Charles City Police, is the Security Guard for Suffolk Manor. Tim is in high school. Beverly had major surgery recently and is only now feeling better.

CAR ACCIDENT

Hospitalized following an automobile accident last week was Trudy Savoie and her sister Alice Faye LaBove, daughter of Harold and Margie Savoie. A pickup truck crossed the median line and hit their vehicle head on near Fenton, La.

Saw in the obituaries that Mrs. Marjorie Conner lost a sister just recently. Our sincere sympathy to Majorie and her family.

THE PEARSONS

Caught a glimpse of Mrs. Mike Pearson in the shopping crowds in Lake Charles. "Nanny" and Mike's official home address is Many, La., but we feel they're part of the family here at Boone's Corner, where they've had a camp for over 25 years.

The Pearson's have always epitomized southern hospitality in my opinion. They've very generously loaned the use of their houseboats and camp at Toledo Bend to many of their friends from Big Lake. Mike operates Pearson Motor Co. which is located across the street from their lovely home in Many. Since their youngest daughter, Jill is employed at St. Pat's and lives in Lake Charles, the Pearsons are at the camp more often and its always a pleasure to see them.

Little Derek Robideaux won't have Daddy home for Christmas again this year. Ronnie left last week to work again in Prudhoe Bay, Alaska. He also missed being honored along with his 1968 classmated at the annual homecoming. This will be Ronnie's second Christmas in Alaska, but Grace looks forward to his R & R leaves, every nine weeks.

NICE GIFT

Received the loveliest holiday wreath, made of pine cones and nuts, h a n d fashioned by my niece, Alcia Trahan. These area Home Demonstration Club ladies come up with fantastic handicraft. They're great cooks, too. I'm already looking forward to Teacher Appreciation time when they treat us to a banquet meal fit for royalty.

Christmas party held by CDA court

A Christmas party was held recently by the Court Mary Olive #1463 Catholic daughters. Each member invited someone to attend with them.

Gifts were exchanged and a luncheon was served.

Dr. George W. Dix was chosen to be the "Citizen of the Year."

Mrs. Jeanette S a v o i e, Mrs. Rose Montie and Mrs. Estelle Theriot, chairmen, gave reports on their committee.

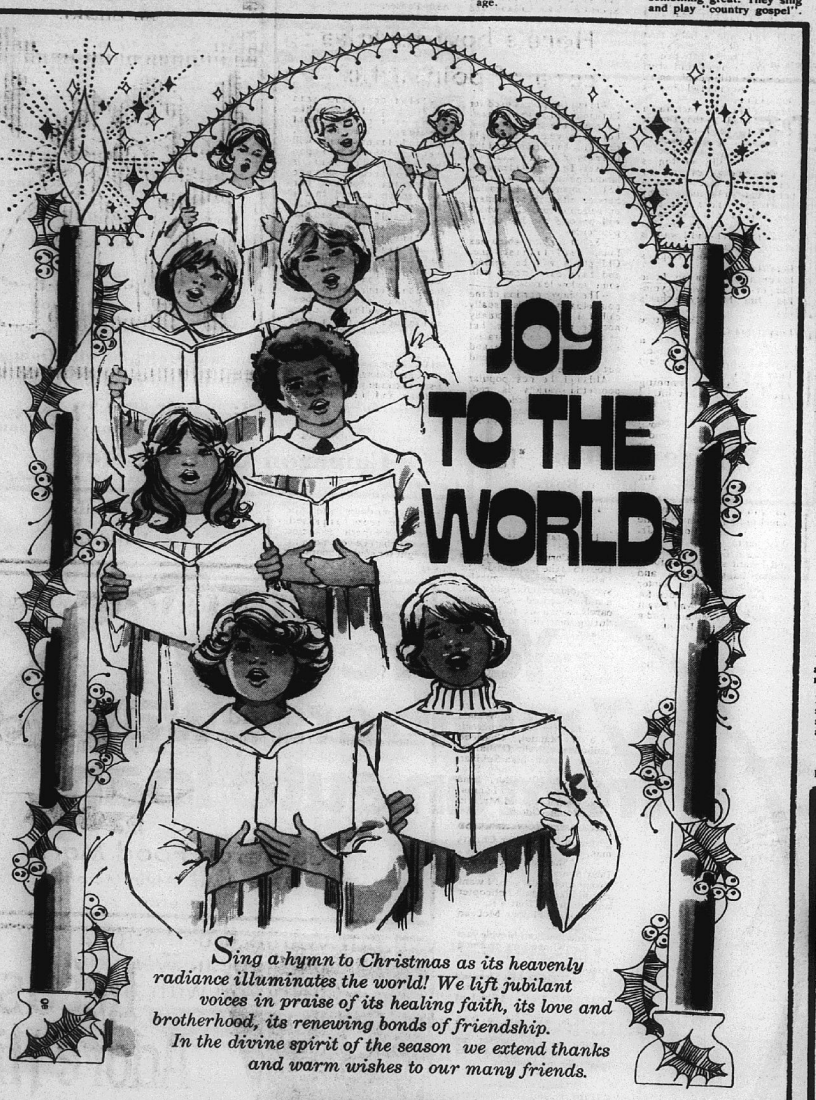
Mrs. Cora Hendrix read her favorite prayer.

The next club meeting will be held Tuesday, Jan. 3, 1978.

A special note to Santa: If you didn't bring Loretta Conner a new pair of boots she's going to be terribly disappointed.

May I take this opportunity to wish all our readers a most joyous, loving and spiritually rewarding holiday season. Do call and share with us your parties, visitors and holiday experiences.

It took astronauts about three days to get to the moon; at that rate, it would take 878,000 years to reach the closest star, Proxima Centauri.



Sing a hymn to Christmas as its heavenly radiance illuminates the world! We lift jubilant voices in praise of its healing faith, its love and brotherhood, its renewing bonds of friendship. In the divine spirit of the season we extend thanks and warm wishes to our many friends.

Santa Letters

[EDITOR'S NOTE: **Here are some of the letters that the kindergarten children of South Cameron elementary school have dictated. They were sent to the Pilot by Mrs. Virginia O. Kyzar, supervising teacher.**]

These are the exact quotes of the kindergarten children's letters to Santa Claus.

Dear Santa,
I want a Doctor's Kit and a Green Machine and a Gum Wrapper sleepin' bag-it was a Searmint Wrapper. Now uh campin' outfit. That's all.
Danny Ned Harper

Dear Santa,
A Baby That-A-Way and some tea sets and let's see-that's all. I love you.
Tanya Brown

Dear Santa Claus,
I wanna CB-I wanna train track that glows in the dark-and I wanna uh mini bike-I mean I done gotta mini bike-I done got 2 or 3 of 'em already. And I wanna a big barn and a robut-that's what I think of (robut) that's all.
Chris Daniels

Dear Santa,
I want a BB gun and I want a Big Wheel and a Baby That Away-and I want a Baby That Away and I want, I want some gloves-that's all-little people on it (gloves) when it snows, when it gets cold you have to put it on your hand-with little people on it.
Derinda Dean Morris

I wanna Jeep and a trailor and a big truck and I wanna Army tank and some army mens and uh-that all-and a football.
Donnie Lee Willis

Dear Santa,
I want a Baby Alive and a Baby That Away and a Baby Heart Beat and a Kissin' Doll.
Billie Jo Trahan

I wanna Chu Chu train and a BB gun-that's all.
Richard Miller, Jr.

I wanna BB gun and a baby with a yellow dress on-uh, uh, a baby heart beat-amd uh-train track and a baby that walk, and a baby that cries, and uh, uh, and some gloves wid some little people on it and a pants and shirt with some little people on it.
Aquilla Dell Porties

Dear Santa,
I want a Chu Chu track and a race car truck-uh-that Doctor Kit, just like I said, like Danny's-uh, it's-(to teacher) I know you don't understand.
Billy Joe Rogers

I want some gloves with my ABC's on it and I want a baby that walks and a Baby Heart Beat and a bag that has diapers in it and some clothes for it and a baby that walks-that's all-and I want it signed Raetta Hughes.
Raetta Hughes

Dear Santa,
I want a Silver for my Lone Ranger-Big Jim Motorcycle-Big Jim Motorcycle-that's all.
Chris Fruge

Dear Santa Claus,
I want baby doll and a "carry" stove. and a purse.
Butsy Kiwanda (Stanley)

Dear Santa,
A watch and a spinning wheel. That's it-I want. I want a Snoopy watch. That's it.
Jared Kendell LaBove

I want a cow that milks and a Baby Heart Beat, I want some gloves with the little people on it.
Jill Boudreaux

Dear Santa,
I want 2 packs of BB's and a BB gun-and a spinning wheel-tell him my next name
Lane Bonsall, Jr.

Dear Santa,
I wanna a Baby Heart Beat and I want some baby food, diaper bags, diapers and some gloves for the winter and I want a little truck for my baby brother. And I want a dress for my Momma and a pants suit for my Daddy.
Delema Armentor

I'm gettin' a new Armstrong for Christmas, I'm getting a new drum for Christmas, I'm getting a BB gun for Christmas, too.
Shannon Thibodeaux

Dear Santa,
I want uh big BB gun. I want a mini bike and uh helicopter and uh drum. That's it.
Douglas Flippen McLean

Dear Santa,
I wanna live dog, bicycle just my size without any training wheels, and a litle dollie-that's all.
Leslie Ann Sirmons

I love you, Dear Santa
I finished

Dear Santa,
I wanna BB gun, a bike without training wheels. I wanna little bicycle for my brother and uh and a flower plant for my Momma.

Favorites named at Hackberry H. School

Hackberry high school students have elected their favorites for this school year. They are as follows:

Prettiest-Julie Trahan, Pretty-Liz Ducote

Most Handsome-Steve Trahan, Handsome-Dana Dickerson

Best Dressed-Kelli Vincent and Dana Dickerson; and Well Dressed-Cheryl Navarre and Scott Benoit.

Most Popular - Melanie Broussard and Blaine Johnson and Popular-Julie Trahan and Jeff Addison.

Friendliest - Melanie Broussard and Kenneth Posser and Friendly-Liz Ducote and Brent Navarre.

Best Sport-Shanna Vincent and Steve Trahan, and Good Sport-Charlotte LaBauve and Randy Melancon.

Wittiest-Lulu Hicks and Raymond Hicks, and Witty-Esther Drouneft and Kenneth Pooser.

Most Courteous - Carolyn Hebert and David Vaughan, and Courteous-Liz Ducote and Kenneth Pooser.

Miss Personality-Lanette Vincent and Mr. Personality-Kenneth Pooser.

Class Favorites: 9th Grade-Julie Addison and Bill Morgan; 10th Grade-Susie Dickerson and Brent Navarre 11th Grade-Julie Trahan and Blaine Johnson; 12th Grade-Cheryl Navarre and Kenneth Pooser.

Most Likely To Succeed-Margaret Walther and Kenneth Pooser.

Here's how to take care of poinsettia

Among the plants used for Christmas gifts, the poinsettia ranks the most popular. For many years this bright red plant has brightened the interiors of homes and businesses. Dr. Neil Odenwald, landscape architect with the LSU Cooperative Extension Service, offers these pointers on selection and care which will prolong the life of the poinsettia:

--Select a plant which has foliage nearly to the soil line. Old plants will be spindly and have bare stems with some yellow leaves.

--The showy portion of the poinsettia, which is usually called a flower, is actually not the plant's flower, but colorful leaves called bracts. Bracts should be large and not limp. They should extend out over the foliage.

Although the most popular poinsettia variety is red, other colors include pink, white and some recent introductions which have variegated bracts.

--Select only plants with small, tight button-like flower parts in the center of the bracts. The small, rounded cluster of buds will eventually develop into open flowers. If the plant is already producing pollen and a nectar-like substance, then you can be assured that a protion of its useful display of life has already passed and the bracts will begin to fade.

--Poinsettia prices are usually based on the number and size of the bracts and the size of the plant. Select size and form based on the location. Some are low and flat-topped and are best suited for small tables, desks and grouped to give a mass of color, while others are large, multiple-stemmed and make excellent feature or tubbed specimens.

--Care following purchased is extremely important. Foliage and bract drop are caused by fluctuating temperatures, gas fumes, improper light, too much or too little water and plant pests. Provide as much light as possible indoors and keep the soil only moderately moist.

In extreme south Louisiana potted poinsettias may be planted outdoors after the danger of freeze has passed. Select a southern, protected site which receives morning sunlight for several hours per day.

Beta club has party

The Grand Lake High School Beta Club had its annual Christmas party on Dec. 15 in the home of Jolene LaBove. The group revealed secret pals, exchanged gifts, and practiced Christmas carols, which are to be sung during their visit to the Lake Charles Care Center on Dec. 21.

Refreshments were served to the following: Duke Hebert, Caren Beard, Jolene LaBove, Beth Greathouse, Donna Kline, Marcy Alderson, Coy Vincent, Bill Robichaux, Tracy Lannin, Wanda Hebert, Tina Demarest, Mary Manuel, Charlene Thibodeaux, Nolia O'Blanee, Wendy Lannin, Lisa Sullivan Donna Delaney, Cindy Fogleman, Mary Crador, Irma Broussard, John Lannin, Mike Demarest, and Mr. and Mrs. Ronnie Odom.

Camp Fire girls have Christmas party here

The Lu Nil Oki Camp Fire Club held its annual Christmas party Thursday, Dec. 15, in the home of Kari Brown. Each girl brought refreshments she had prepared herself, and gifts were exchanged.

The results of the recent ham raffle were told, with Mrs. Kathy Authement winning the ham.

Games were played, then refreshments served.

Those attending, Missy Guthrie, Melonie LaBove, Denise Bertrand, Kari Brown, Doris Boudreaux, Veronica Hebert and Lisa Cormier, are shown above.

Top "ticket sales girl" was Veronica Hebert.

An Italian immigrant to New Jersey, Italo Marcioni, produced the first ice cream cones. The invention attracted little attention.

Elderly have holiday party at church here

The Christmas party and monthly social for the Cameron Parish elderly was held Sunday night at the Wakefield Memorial Methodist church in Cameron.

Piano selections were given by Al Bartie before the program, which was opened with a prayer by Rev. Minns Robertson, director of the Council on Aging, who gave a talk on Social Security Supplimental income and Medicaid.

Anyone needing help in understanding the program can contact the Council on Aging in the Cameron courthouse.

Mrs. Vivian Stutes won the door prize for the ladies and the men's prize went to Rodney Guilbeaux.

Mrs. Edna Cunningham received the anniversary cake for December.

Mrs. Stutes also won a month's custody of the loving cup for being the oldest person present.

The reception room and refreshment table was decorated with the Christmas theme and party favors of tiny sleighs filled with candy were given out to each Senior Citizen.

For entertainment the group was invited to attend the Christmas cantata given by the Cameron Baptist church choir in the Methodist church.

The Cameron Fellowship for the aging is sponsored as a monthly activity for the elderly by the Cameron United Methodist Women of Wakefield Memorial Methodist Church and the Catholic Daughters of America, Court our Lady of the Sea.

The next meeting will be held Sunday, Jan. 15, with the Cameron Extension Homemakers Club hosting the event.

All Senior citizens 60 years and over and their spouses are invited to attend.

COOK CREATIVELY

To get some ideas on cooking creatively you can write for a free 16-page recipe booklet prepared by the California Brandy Advisory Board. Allow three weeks for delivery after writing to: Brandy Cookery, P.O. Box 1130, Modesto, California 95353.

Homemakers have Christmas party

The Cameron Extension Homemakers Club held its annual Christmas party Wednesday, Dec. 14, in the firehouse social room.

Installation of officers was held, with the following officers installed for 1978: President, Frances Mudd; 1st Vice Pres., Martha Fontenot; 2nd Vice Pres., Pam Carroll; 3rd Vice Pres., Betty Savoy; Treasurer, Tootsie Dosher; Secretary, Sandi Williamson, Reporter, Ethelyn Kebodeaux; Parliamentarian, Alida Hebert.

Guests were then introduced and a covered dish supper was enjoyed. After the meal, gifts were exchanged between sunshine sisters, with identities being revealed.

The next meeting will be Jan. 23 at 7 p. m.

The 1978 officers are pictured above.

Rt. 1 Cameron

By MRS. GEORGE NUNEZ

John Nettles recently visited with relatives in Mississippi. He spent some time with his brother, Dave Nettles and the family in Natches. Visited with nephew Herman Nettles and family in Sibley and had a family get-to-gether supper in the home of the Curtis Nettles family. He later visited the Otis Jacksons in Crosby.

Mrs. John Nettles and her sister, Mrs. A. H. Robertson of Groves drove over to Baytown, Tex., to the home of Mrs. W. C. Wismer, an aunt and met Evelyn Locke of Livingston and they all went to Houston, picked up their aunt, Mrs. Buelah Block and all went out to eat. Later they visited with Lillian and Wallace Sahlen.

Muriel Theriot and Andrea Rials made a trip to Houston to visit the Theriot children and grandchildren and to deliver Christmas gifts.

Mrs. Leroy Jones of Arkansas spent a week with Mr. and Mrs. Roy Jones and son Jered.

Mrs. Erma Meeks of Port Arthur, and Miss Darla Hooper of Big Lake spent several days with Mrs. Elray LaBove.

Australia has more than 10 times as many sheep (145 million) as humans (13 million).

Jan. 15 deadline

All applications for fish to stock new or renovated farm ponds during 1978 must be submitted no later than January 15, according to the Louisiana Department of Wildlife and Fisheries. Applications can be obtained from any district office.

J. Burton Angelle, department secretary, said that the first shipments of bluegill are now being delivered. The department is aiming to complete all deliveries by mid-February so that hatchery ponds can be prepared for bass fingerling production.

The ponds will be drained for four to six weeks to dry the bottoms in order to control parasites and disease Bass fingerlings will be ready for stocking in May and June.

Only those ponds stocked with bluegill in January and February will be eligible for bass. It is essential to release bluegill before bass to maintain a balanced fish population.

Fish used in stocking are raised in three department fish hatcheries in Monroe, Lacombe, and Glenmora and the federal fish hatchery in Natchitoches.

Over a million and a half fish were stocked in Louisiana lakes and ponds during 1977 as part of the department's fisheries program.

We're sure your holidays will be filled with the bright harmony that only Christmas brings. A resounding note of thanks for your patronage.

Seasons Greetings to all our friends from your friends at

Packard's

in Cameron

Let us cherish the glorious and holy message of Christmas. May the bright Star that shone over Bethlehem cast its eternal light over the world bringing all people together in peace, good will and brotherhood. For these blessings and for your enduring faith and trust, we say thanks.

Lovers of quality sound will ever want to cut short the Barber of Seville" if, before choosing an amplifier, they keep in mind the size of the room in which they'll be listening. Generally, the larger the space, the more amplifier power you'll need.

Penny-Saving Recipes

OLD-FASHIONED DUMPLINGS ARE AMERICAN FAVORITE

When you think of dumplings, you have all kinds to choose from. Herbed or plain atop meat stews. Schnitz und kneppe, Pennsylvania Dutch style ham with dumplings and dried apples. Gnocchi, Italian dumplings served with a sauce. Knaidlach, Jewish dumplings steamed and served in chicken soup. Apple Dumplings, a pastry wrapped baked apple. All are American favorites. And they illustrate the variety, the different regional and ethnic influences of American cookery.

History, climate, terrain and availability of ingredients have shaped American regional cookery. And every American family has preserved it with their favorite heirloom recipes.

Old-Fashioned Apple Dumplings are an all-time favorite. The apples are traditionally spiced with brown sugar, cinnamon, allspice and nutmeg with the centers of the apples filled with orange marmalade. Versatile Blue Bonnet Margarine gives that good buttery flavor to the apples as well as flavoring the tender pastry which is wrapped around the apples. Apple Dumplings are best served hot with Rum Hard Sauce, a simple mixture of Blue Bonnet Margarine, confectioners' sugar and rum.

OLD-FASHIONED APPLE DUMPLINGS

1/2 cup firmly packed light brown sugar
1/4 cup (1/2 stick) Margarine, softened
1/2 teaspoon ground cinnamon
1/4 teaspoon ground allspice
1/4 teaspoon ground nutmeg
2 cups unsifted flour
1 teaspoon salt
2/3 cup Margarine
6 to 7 tablespoons ice water
6 large baking apples, pared and cored
6 tablespoons orange marmalade

In a small bowl combine brown sugar, 1/4 cup softened margarine, cinnamon, allspice and nutmeg. Blend thoroughly; set aside.

Measure flour and salt into a bowl. Cut in 2/3 cup margarine with pastry blender or two knives until mixture resembles coarse meal. Stir in ice water; mix well.

On lightly floured board roll out dough to a 14 x 21-inch rectangle. Cut into six 7-inch squares. Place an apple in center of each square. Spoon 1 tablespoon orange marmalade in center of each apple. Spread brown sugar mixture on sides of apples. Bring up corners of dough to meet in center of apple; seal well. Place in large shallow baking dish. Bake at 350°F. about 1 hour, or until done. Serve hot with Rum Hard Sauce (below). Makes 6 servings.

RUM HARD SAUCE: Cream 1/2 cup (1 stick) Blue Bonnet Margarine until very light and fluffy (about 5 minutes). Gradually beat in 1 cup unsifted confectioners' sugar. Blend in 1 tablespoon light rum. Chill at least 1 hour.

"Man is the only animal that eats his friends."

The Challenge of Genealogy

by MARIE WISE

Almost any Louisiana family today might have an Indian heritage, going back two hundred or so years to the marriage between an immigrant European ancestor and a full-blood Indian girl. (Or three hundred years to the French Canadians who later made their way down the Mississippi.)

Hundreds of such marriages took place between Englishmen, Scotchmen, Welchmen, Dutchmen, Germans, etc., who came adventuring to the Carolinas, Georgia, Florida and stayed to settle down with a wife from the Cherokee Nation. Many of these families or their children's were established in Tennessee, in what is now Alabama, on to Louisiana, and further west.

CHEROKEE

Old Cherokee Families is a very enlightening book that the author, Emmet Starr, began some 80 years ago. It is 8½ x 11 in., softcover, 94 pages, index by J.J. Hill, $8.00, available from: J.J. Hill Publishers, Inc., P.O. Box 2310, Norman, Okla. 73070.

Emmet McDonald Starr, 1870-1930, was a Cherokee who combined the careers of physician and historian. Graduating in 1888 from Cherokee Male Seminary at Tahlequah, Okla. and in 1891 from Barnes Medical College at St. Louis, he practiced medicine for several years and then devoted his attention to Cherokee history and genealogy, studying records and traveling to interview hundreds of persons as well as authoring several books.

Recognized as an authority on the genealogy of Cherokee mixed-blood families, both the Cherokee Nation and the Dawes Commission used his records in making out land allotments to members of the Nation.

J.J. Hill, historian, library director, genealogist, has been working under grants from the Cherokee Nation and the University of Oklahoma Foundation in preparing an extensive bibliography of the Cherokee people and their history.

Some sample genealogy from *Families:* Hamilton Conrad, son of a Dutch father and Scotch mother, married Onai, a full blood Cherokee woman of the Bird clan. They had five children: Rattlinggourd, whose descendants took the surname of Rattlinggourd; Hair, whose descendants were known as Conrad; Youngwolf, whose descendants assumed the name of Wolf; Quatie, and Terrapinhead, whose descendants were known as Terrapin, except for the youngest son, full brother to the other children, who chose to call himself Thomas Fox Conrad.

Furthermore, Terrapinhead's only daughter, Jennie, married a Spanish—Cherokee known as Dick Spaniard who gave his name for military service as Jonson and his only son was called John Johnson!

Other part-Cherokee family names: Grant, Downing, Foreman, Bowles, Sanders, Ward, Carter, Adair, Hilderbrand, Wilkerson, Butler, Rogers, Henricks, etc.

VA. PATRIOTS

Patriots of the Upcountry, Orange County, Virginia in the Revolution is both a county history of the 1764-1788 period and a genealogical reference containing altogether more than 1000 names of Orange County, Va. people involved in the American Revolution.

This book by William H.G. Thomas is hardcover, with book jacket, 6 x 9 in., 166 pp., indexed, $4.75, available from: Orange County Bi-Centennial Commission, P.O. Box 1236, Orange, VA. 22960.

In writing of the Virginia militia - typical of all colonial militia - the author gives a very revealing description of the rebel patriots: "Independent, highly individualistic, largely unexposed to rigorous training and even less accustomed to military discipline." BUT "on their own ground, in defense of their homes, and under officers customarily of their own choosing, they were fierce and stubborn fighters, accurate marksmen with a rifle, and especially on the frontier, highly skillful hands at wilderness warfare."

The British found these Americans bewildering adversaries as they did, also, some years later at the Battle of New Orleans.

WISE-RICH

Sidney C. Mayr, Rt. 1, Box 196, Wakefield, Mich. 49968, wishes to correspond with anyone researching the WISE family for ancestry of Jennie J. WISE, b. ca. 1855, Indiana or Kansas, d. 1928, Kans., mar. Nathan N. RICH, 1882.

POISSOT

Holiday Gifts To Make

Here's a bright idea for making the eyes of family and friends light up this holiday season. Make a gift that they'll appreciate—by turning a tumbler into a glowing candleholder.

The trick is to cover the outside of the tumbler with glazed tissue. Make it this way: Cut colored tissue into small pieces. Glue layer on layer of different colors. Finish with a glaze of Elmer's glue. Insert votive candles, set on small rounds of cardboard.

Christmas half century ago recalled

ARCHIE S. HOLLISTER

It is more than a little difficult to be wholly objective about the memories of one's childhood, but when when I compare a Christmas season of today with one of forty-five years ago, my first though is that the essentials of both are about the same. True the Christmas celebrations of today are a good deal longer, and presents are much more plentiful now than then. But by and large the difference are more in amount than in kind.

I think that we started planning for Christmas on the twenty-sixth of December. That was the day when we fully realized the omissions in Santa's efforts, and looked forward to a rectification at his next visit. In some cases, ones feelings became chronic. I can distinctly remember a certain toy farm wagon that one of the mail order catalogs offered. It must have been a popular item for they carried the same picture for twenty years or more. I developed an intense deisre to own that particular vehicle when I was five years old.

Christmas followed Christmas, but the wagon never materialized. Other lesser wagons came my way, and I was pleased with them, and wore them out too, but my interest and desire in that one supreme creation never flagged. In time, I somehow came to realize that I would never get that wagon--about the time I got my first long pants no doubt--but I occasionally think that if I were to run across one like that today I would buy it--for the boys, of course. However, I believe that it has long since gone out of production.

SANTA'S VISIT

For children, and this has certainly not changed, the big event of Christmas was the visit of Santa Claus; gifts were not lavish, but since all things are relative, a few simple toys that would take considerable abuse made a boy feel that he had done quite well indeed.

I do not know to what extent other children shared my feeling, but articles of clothing and similar necessities were never quite as thrilling as, say a mechanical contraption or a book of adventure stories. I suppose, that in a childish fashion, I felt that it was the parents' obligation to furnish the requisite clothing anyway, and that a toy, a knife or some such much-desired object was much more suitable material for a gift instead.

Christmas trees in the home were very little in evidence during the first few years of my life. The church and the school, especially the latter, are no doubt largely responsible for their later wide-spread adoption. By the time that I was getting up in the grades the Christmas tree had become standard equipment in our home, and others as well.

On the first Christmas morning of which I have any clear recollection, I ran into the living room to find that Santa had all of my toys neatly stacked in a small wooden box on the floor. Close beside it was another similar box which held the gifts my sister received. Among mine that day was a small tin horn that had a particularly sharp and high bleat, and produced a most delightful and pleasing noise to a small boy. Today I would probably call it raucous and nerve-racking and bar it from the premises. (My grandfather must have been one of the most patient of men.)

A little later the box was replaced by a Christmas stocking, but I never trusted them too much. They appeared to be wholly inadequate to hold even a small part of the things I wanted, and confidently expected to get too.

SCHOOL ACTIVITIES

The school probably took a more active aprt in the Christmas celebration than anything else. An elaborate program was presented on the day before the holidays began, and if my memory serves , weeks of preparation was required. I suppose that I am over-emphasizing this, but it does seem to me--across the gap of forty years--that most of the school days between Thanksgiving and Christmas were spent in getting ready for this program.

And it was no after-recess affair either, with room parties, and a song or two. The usual program contained many songs--songs by individuals, songs by groups, songs by rooms, and songs by the entire school. Several one or two act plays were presented, and on occasion a three act play. There were recitations, drills, and similar exercises, all calculated to entertain the audience and give the children a chance to perform in public.

The older boys were sent to the woods to get a Christmas tree, which had to be a thickly-leaved and sturdy limb from a liveoak since conifers are not native to the cheniers. No one could have bought a tree, since there were none to buy.

Holly and mistletoe were both scarce, but usually some of each could be found. (I wonder if kids can still act as foolish about mistletoe now as they did then?) One species of native vine is an evergreen and in spite of its formidable thorns it was used extensively for decoration.

The red berries of haw trees--and there were three or four varieties available--were strung together to make ropes for looping about the branches; threaded popcorn served the same purpose, and sometimes they were alternated to make a very colorful and attractive strand.

No Christmas tree is complete without lights, and ours had its lights too--small wax candles in metal holders that were twisted about the limbs of the tree. That this was a definite fire-hazard never seemed to bother anyone until the afternoon that Santa's whiskers got afire and only quick thinking on the part of one of the young men teaching there prevented "the embodiment of the spirit of giving" from being severely burned. I wonder if "Santa" still remembers that?

CHRISTMAS DINNER

As today, the Christmas dinner was a special feature, only then I think that much more work went into it than does today. For one think, it seemed impossible to cut wood as fast as the old ranges burned it up. No frozen or processed food was to be had of course, and every bit of it had to be prepared in the home. My mother and my grandmother would have felt quite unprepared for Christmas unless they had a dozen or more large cakes, and as many pies, ready for the holidays.

Of special importance was the fruit cake. The mixture was stirred in a dishpan-no less--for there must me enough to make one large cake and several smaller ones. The baking of that fruit cake was an occasion in itself. I have no idea what ingredients went into it, but I should think that it contained practically every kind of fruit available. A small boy can be quite useful in preparing the articles, and since he would stand around and beg anyway he was usually put to work.

Raisins had to be seeded--evidently the seedless raisins were either unavailable or considered inferior--there was citron to be sliced, pecans to shell, and coconut dug from the husk and grated. And if someone observed that the boy was eating more than he was preparing for the cake, my grandfather would quote scripture to the effect that "thou shalt not muzzle the ox that treadeth out the grain." While a properly made and seasoned fruit cake is without doubt the most delicious cake known to man, the batter---just before it was put into the oven---had a special charm and taste all its own. The commercial article which travels under the assumed name of fruit cake bears little resemblance to the cakes of my boyhood days.

CAKE BAKING

The cake was baked several weeks before Christmas, sprinkled liberally with brandy or whiskey, covered with thin slices of apple, wrapped in a dozen layers of cloth, and stored away in a container that as nearly air-tight as possible. Except for occasional inspections and further sprinklings if necessary the cake was left in this container until time to place it on the table for Christmas dinner. To cut it beforehand would have spoiled the appearance of the masterpiece.

Here was where the smaller cakes-and they were not the least inferior to their bigger brother--came in handy. No housewife objected to cutting one of them for friends or relatives who dropped in on Christmas morning to make a call and be treated to cake and coffee.

Turkey, of course was traditional, but my grandfather looked upon the impressive fowl as distinctly inferior and felt that pork was the best meat that a man could eat. Consequently he usually butchered a shoat on Christmas Eve, and after eating a small portion of the turkey for "manners' sake" he would turn his attention to roast pig.

Relatives often came to visit at Christmas, and it was not unusual to have to feed them in shifts. A hearty eater might be able to make his way through two or three tables without having attention called to the amount fo food he was stacking away.

Housewives might have toiled overtime before Christmas preparing the massive meal but they were partly compensated for it by not having to cook for days afterward, particularly if the weather happened to be cool enough to keep the food from spoiling. There were leftovers for a week.

During most of the years of my childhood my people had no churc building and no organized church on the Chenier, so religious influence was not as significant as it later became. The custom of going to church on Christmas morning had to be omitted.

Yes, I think I can say that on the whole hristmas back in the days of my childhood was not too far removed from that of the present time. It was, in the words of Scrooge's nephew, "a kind, forgiving, charitable, pleasant time... I believe that it has done me good and will do me good; and I say, God bless it.

And I feel that when my children have reached the age I have now achieved, they in turn will be able to look back upon their childhood Christmases with much the same feeling and the same memories that I find so pleasant to recall.

Skylights

Eskimos use them in their igloos, the ancient Romans used a huge one in the Pantheon, and you can use them to save energy in your home. What? Skylights!

Skylights conserve energy by replacing expensive, artificial lighting with FREE, natural sunlight. On an average, a well-skylighted room could eliminate the need for artificial light during the day for 50% to 60% of the year.

And since more light comes in from a window in the roof than from a window in a vertical wall, you can have the same light from fewer square feet of skylights than of windows. This saves energy, too, because the fewer windows you have, the less heat loss in the winter.

Power Packed Ideas For The Holidays

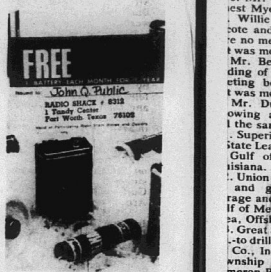
Chances are that among the gifts you give or receive this holiday season many will be battery-powered. So, plan ahead. Stock up on batteries now and avoid a last-minute energy crisis.

With a good supply on hand, you won't be disappointed by gifts that don't come supplied with batteries, or be unable to revitalize a youngster's new toy when its first set of batteries runs down.

Radio Shack, the nationwide eletronics store chain, offers the following suggestions to help keep your holiday bright:

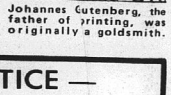
- Be sure to find out whether the gift you are buying comes with batteries or if you will have to purchase them separately.
- If batteries are included, check them to determine that they are still fresh, or, if you buy batteries separately, be sure you get the right size and quantity.

- You might also decide whether you want standard batteries, long-life or the heavy-duty alkaline type. The battery salesperson should be able to advise you on the best choice. While you're at it, it's usually a good idea to pick up an extra set for replacement use. Radio Shack stores carry a full selection of batteries in a variety of types and sizes.
- The most popular battery sizes are "AA" (penlight), "C", "D" and 9-volt rectangular, so keep a good supply of these on hand.
- Store your extra batteries in the refrigerator and they'll stay fresh over a longer period of time.



OUR POWER — Few people realize that power comes in so many shapes, types and sizes.

- While you're making your battery purchase, ask your Radio Shack salesperson for a free Battery Club card. This card will entitle you to pick up one free "New Formula" battery each month for a full year from participating stores and dealers, a value worth up to $5.88!



Johannes Gutenberg, the father of printing, was originally a goldsmith.

— NOTICE —

The Hackberry Water Office will be closed December 19 through December 26, 1977. Water payments may be mailed to: Hackberry Waterworks Dist. No. 2 P. O. Box 375, Hackberry, Louisiana 70645.

best wishes this Christmas

Wishing you the joy of a real old-fashioned family holiday. With grateful thanks for your good will.

SPORTS SHORTS

Rough and ready as he was reputed to be, President Theodore Roosevelt once threatened to ban football by executive order.

It happened in 1905 when the president saw pictures of a game between Penn and Swathmore which was marked by what even Roosevelt considered to be an unnecessary amount of mayhem.

His ultimatum to abolish football unless the game was made safer proved to be a stimulus to the development of protective equipment.

General use of pads had begun in the 1890's, but since helmets were unknown at the time it was a common practice for college football players to let their hair grow during the summer in preparation for the season' play.

Whitley's "Footha l Armor," designed by William P. Whitley, then production chief for The Rawlings Sporting Goods Company, now a division of A-T-O appeared in 1902. Since that time Rawlings has been a leader in the development of football helmets, protective pads, and other football equipment.

The concept of canned food was introduced in the 19th century by an English merchant, Peter Durand.

PROCEEDINGS
CAMERON PARISH POLICE JURY
December 6, 1977

The Cameron Parish Police Jury met in regular session on Tuesday, November 6, 7, at 10:00 A. M. in the Police Jury Meeting room of the Cameron Parish Government Building in the Village of Cameron, Louisiana. Members present were: Mr. Roland J. Trosclair, Jr., Mr. Ernest Myers, Mr. Lester Richard, Jr., Mr. Archie Berwick, Mr. Kenneth Ducote, Willie Ray Conner, Mr. Kenneth Ducote and Mr. Archie Berwick. There were no members absent.

It was moved by Mr. Myers, seconded by Mr. Berwick and carried, that the reading of the minutes of the previous meeting be dispensed with.

It was moved by Mr. Myers, seconded by Mr. Ducote and carried, that the following applications for permits, be and the same are hereby approved:

a. Superior Oil Company-to drill a well on State Lease 7213, West Cameron Block 6, Gulf of Mexico, Cameron Parish, Louisiana.

b. Union Oil Company of California-for use and gas exploration, production, storage and transportation operations, in Gulf of Mexico, Block 58, East Cameron Area, Offshore Louisiana.

c. Great Southern Oil & Gas Company, Inc.-to drill proposed Sweet Lake Land & Oil Co., Inc., No. 1 Well in Section 15, Township 13 South, Range 5 West, Cameron Parish, Louisiana.

d. Exchange Oil & Gas Corporation-to prepare and maintain drilling location in connection with Cameron Meadows Gas Land Company Well Nos. 56, 57, 58 & 59:

Section 20, Township 14 South, Range 13 West, Cameron Parish, Louisiana.

e. Williams Exploration Company-to prepare dragline fill for road to provide access to well drilling site and construct a levee in connection with J. W. Broom Fee "B" No. 7, Second Bayou Field, Section 20, Township 14 South, Range 11 West, Cameron Parish, Louisiana.

f. Milchem-for revised permit for proposed bulkhead and ramps and warehouse at Calcasieu Pass, Cameron Parish, Louisiana.

g. Texaco, Inc.-for proposed shell mat for existing battery barge and proposed dredging to widen existing canal, Cameron Meadows Field.

h. Cities Service Company-to construct a marine terminal site on the Calcasieu Ship Channel, Cameron Parish, Louisiana.

i. Pennzoil Producing Company-to construct an existing canal and to dredge a new canal and slip extension to a proposed location in connection with State Lease No. 2340, Rockefeller No. 19 and Daigle Lake Field, Sections 24, 13, 18 and 7, Township 16 South, Range 4 West and Township 16 South, Range 3 West, Cameron Parish, Louisiana.

j. 10. Whitaker & Webb-as agents for Jamieco Oil & Gas Company of Houston, Texas, to dredge and construct facilities for proposed oil well drilling site, Siagsvol-Flavia-Crain No. 1, Cameron Parish, Louisiana.

k. 11. Amoco Production Company-to place shell pads to stabilize drilling rigs in connection with State Lease 7238, Well Nos. 1 and 2, east Cameron Block 8, Gulf of Mexico.

l. 12. Goldking Production Company-Miami Corp. Well No. "A-5" Section 10, Township 14 South, Range 6 West.

m. 13. Miller Manor Development Corporation-Building Permit, Ward 3.

It was moved by Mr. Richard, seconded by Mr. Myers and carried, that garbage dump site lease between the Cameron Parish Police Jury and Dudley and Wilson Swire and Mrs. E. H. Boussard, for the sum of $600.00, recorded under file No. 152296, Records of Cameron Parish, be and the same is hereby accepted.

It was moved by Mr. Berwick, seconded by Mr. Myers and carried, that the following Ordinance be and the same is hereby ordained:

AN ORDINANCE AMENDING PARAGRAPH 8 & 9 OF SECTION I OF AN ORDINANCE ENACTED BY THE POLICE JURY OF CAMERON PARISH, LOUISIANA ON SEPTEMBER 6, 1977, CREATING CAMERON PARISH FIRE PROTECTION DISTRICT NO. 9 OF THE PARISH OF CAMERON, LOUISIANA, AND ADDING PARAGRAPH 10 IN ORDER TO CORRECT AN ERROR IN THE DESCRIPTION OF THE BOUNDARIES OF SAID DISTRICT; REPEALING THAT PART OF THIS ORDINANCE WHICH IS IN CONFLICT HEREWITH; AND RATIFYING, VALIDATING, APPROVING AND CONFIRMING THE CREATION OF SAID FIRE PROTECTION DISTRICT

BE IT ORDAINED BY THE POLICE JURY OF CAMERON PARISH, LOUISIANA, AS FOLLOWS:

SECTION I: The Police Jury of Cameron Parish, Louisiana (hereinafter referred to as the "Police Jury") hereby finds and determines:

(a) On September 6, 1977, the Police Jury adopted an Ordinance entitled: AN ORDINANCE CREATING CAMERON FIRE PROTECTION DISTRICT NO.9 OF THE PARISH OF CAMERON, LOUISIANA; FIXING THE DOMICILE THEREOF; AND REPEALING ALL ORDINANCES AND RESOLUTIONS OR PARTS OF ORDINANCES AND RESOLUTIONS IN CONFLICT HEREWITH" (hereinafter referred to as the "Ordinance"), which created Cameron Fire Protection District No. 9 of the Parish of Cameron, Louisiana (hereinafter referred to as the "Fire District").

(b) An error did exist in Section 1, Paragraph 8 and 9 of said Ordinance.

SECTION II: Section 1, Paragraph 8 and Paragraph 9 of an Ordinance dated September 6, 1977 be and the same is hereby amended and reordained to read as follows:

THENCE, in a northerly direction along the east line of Cameron Parish to the Northeast Corner of Section 1, Township 14 South, Range 3 West;

THENCE, in a westerly direction along the north line of Township 14 South, Range 3 West, Township 14 South, Range 4 West, Township 14 South, RANge 5 West to the Southwest Corner of Section 35, Township 13 South, Range 5 West;

and, Paragraph 10 is hereby added to read as follows:

THENCE, north along the East line of Section 34, 27, 22, 15, 10, and 3 Township 13 South, RANge 5 West to the point of beginning.

SECTION III: Section 1, Paragraph 8 and 9 as originally enacted is hereby repealed.

SECTION IV: The Police Jury hereby ratifies, validates, approved and confirms the creation of the Fire District.

SECTION V: This Ordinance shall take effect upon approval.

A vote was held with the following result:

YEAS: Mr. Roland J. Trosclair, Jr., Mr. Ernest Myers, Mr. Lester Richard, Jr., Mr. Archie Berwick, Mr. Kenneth Ducote, and MR. Willie Ray Conner

NAYS: NONE

NOT VOTING: NONE

ABSENT: NONE

And the Ordinance was passed and ordained this 6th Day of December, 1977.

APPROVED:

/s/ Roland J. Trosclair, Jr., President
CAMERON PARISH POLICE JURY

ATTEST:
/s/ Jerry G. Jones, Secretary

RESOLUTION

STATE OF LOUISIANA
PARISH OF CAMERON

BE IT RESOLVED by the Cameron Parish Police Jury in regular session convened on this 6th day of December, 1977, that:

SECTION I: Mr. Roland J. Trosclair, Jr., President, Cameron Parish Police Jury, is hereby authorized, empowered and directed to execute a Surety Agreement on behalf of this Body for advance payment for Title XX.

ADOPTED AND APPROVED this 6th day of December, 1977.

APPROVED:

/s/ Roland J. Trosclair, Jr., President
CAMERON PARISH POLICE JURY

ATTEST:
/s/ Jerry G. Jones, Secretary

It was moved by Mr. Conner, seconded by Mr. Myers and carried, that the secretary is hereby authorized empowered and directed to advertise the intention of this Body to abandon the following described road right-of-way:

40' Road Right-of-way in Section 20, Township 14 South, Range 7 West, Right of Way to be 20' each side of the following described center line commencing at a point which is N89 degrees 59' W 540.7' and N4 degrees 08' E 466.55' from the E¼ Section corner of Section 20, Township 14 South, Range 7 West, said point of commencement being in the centerline of Existing Asphalt pavement; thence S85 degrees 32' W 363.8' to end of said road right-of-way.

It was moved by Mr. Trosclair, seconded by Mr. Conner and carried, that the secretary shall advertise for the receipt of bids regarding renovation of Cameron Parish Fire Protection District No. 1, Fire Station No. 2, at it's finance meeting on December 30, 1977.

It was moved by Mr. Conner, seconded by Mr. Myers and carried, that Robert LeBleu, be and he is hereby reappointed as a member of the Cameron Parish Welfare Board.

It was moved by Mr. Conner, seconded by Mr. Myers and carried, that Robert Landry, be and he is hereby appointed as a member of the Cameron Parish Welfare Board replacing Dalton Richard, deceased.

It was moved by Mr. Ducote, seconded by Mr. Myers and carried, that the secretary shall readvertise for the purchase of 34 "G. E. Pagers" RF6514 with batteries and chargers or equal and second Remote units be received at finance meeting on December 30, 1977.

It was moved by Mr. Richard, seconded by Mr. Conner and carried, that Plan Change and/or Special Agreement No. 1 dated December 1, 1977, Road Dump Fencing Project, additional shell and lengthen cattle walkway, overrun $2,476.40, be and the same is hereby approved.

It was moved by Mr. Richard, seconded by Mr. Berwick and carried that the contract for Road Dump Fencing (1977-03), in Ward 2 Cameron Parish, Louisiana, between the Cameron Parish Police Jury on the one hand and Daniels Welding Service, Inc., Contractor, recorded under File No. 151850, Records of Cameron Parish, Louisiana, shall accept as complete and satisfactory and the Secretary shall cause the necessary advertisement for the claims to be made in the manner and form provided by Law.

It was moved by Mr. Myers, seconded by Mr. Ducote and carried, that the Cameron Parish Police Jury Budget 1978, marked Exhibit "A", attached hereto and made a part hereof, be and the same is hereby approved.

It was moved by Mr. Richard, seconded by Mr. Myers and carried, that the secretary write the Louisiana Department of Transportation requesting that the speed limit be raised to 35 M.P.H. from South Cameron High School to Big's Corner, westerly direction from school.

It was moved by Mr. Myers, seconded by Mr. Conner and carried, that the engineer is hereby instructed to compile a cost estimate and draw up maps regarding the alternate route westward into the Town of Cameron.

It was moved by Mr. Trosclair, seconded by Mr. Berwick and carried, that the secretary ask the Louisiana Department of Highways to conduct another count in order to try to secure a traffic signal at the Creole intersection.

Cameron, Louisiana
December 12, 1977

The Cameron Parish School Board met on this date in regular session with the following members present: Mervyn Taylor, President, Alvin Trahan, Johnnie Mae Riggs, Patrick Doland, Arnold Jones, Preston Richard, and Daniel Dupont.

On motion of Mr. Trahan, seconded by Mr. Dupont, the Board voted to dispense with reading of the minutes of the November 14, 1977, meeting and accepting the same as published in the Official Journal.

On motion of Mr. Richard, and seconded by Mr. Trahan, the board voted to open and tabulate bids on the Grand Chenier Elementary School Site for mineral lease.

Bidder	Bid
Robiyn Petroleum Corporation	$4,370.00

On motion of Mr. Richard and seconded by Mr. Doland the Board adopted the attached resolution.

On motion of Mrs. Riggs and seconded by Mr. Richard the Board voted to open and tabulate bids on the used activity bus.

Bidder	Bid
Louisiana Bus Sales	$853.00

On motion of Mr. Trahan and seconded by Mr. Dupont the Board voted to accept the following bid:

Bidder	Bid
Louisiana Bus Sales	$853.00

On motion of Mr. Dupont and seconded by Mr. Trahan the Board approved the committee recommendation of the low bidder, Norwood Chevrolet Company of $10,791.77 for the van to be used on the McNeese Route.

On motion of Mr. Dupont and seconded by Mr. Jones the Board accepted the resignation of Boudoin le Clement, Codofil teacher at Cameron Elementary.

On motion of Mr. Trahan and seconded by Mr. Dupont the Board adopted the attached search and seizure policy to comply with Act 658 of the 1977 Louisiana Legislature.

On motion of Mr. Doland and seconded by Mrs. Riggs the Board approved the Reimbursable Employer method in fulfilling mandate of the P.L. 94-566 of the 1976 Congress and Act 745 of the 1977 Louisiana Legislature.

On motion of Mr. Jones and seconded by Mr. Dupont the Board approved the attached revised 116th Section Land Lease Agreement for surface leases.

On motion of Mr. Dupont and seconded by Mrs. Riggs the Board approved advertising for bids on Special Education equipment from P.L. 94-142 funds.

On motion of Mr. Richard and seconded by Mr. Trahan the Board gave approval and final acceptance of the contract with Charles L. Miller Construction Company on Hackberry High School Office.

RESOLUTION

WHEREAS, in accordance with the laws of the State of Louisiana, application was made to Cameron Parish School requesting that the Grand Chenier Elementary School Site consisting of 4.37 acres, more or less, by Robiyn Petroleum Corporation, that the above property be advertised for an oil, gas, and mineral lease, and

WHEREAS, in due course, the request advertised for this lease was published in the Official Journal of the State of Louisiana and the Parish of Cameron for the prescribed statutory period of time, and

WHEREAS, in response to said advertisement the following, one bid only, was received and opened in public session of the Cameron Parish School Board on the twelfth (12th) day of December, 1977, at a regular meeting of the Cameron Parish School Board.

BID: For a three (3) year mineral lease on the Grand Chenier Elementary School Site described as follows: Beginning at the Southeast corner of the Irvin LaBove tract in Section 43, Township 15 South, Range 5 West, thence North 9 degrees 11' East 598.6', thence South 73 degrees 04' East 256.2', thence South 9 degrees 07' West 595.3', thence North 73 degrees 10' West 260.1', to the point of beginning, estimated to contain 3.97 acres, this tract beginning, estimated to contain 3.97 acres, this tract being designated as Tract 5 on plat of survey attached to boundary agreement dated April 4, 1955, recorded in Book 106, Page 69, File 70958 of the Conveyance Records of Cameron Parish, Louisiana. It is the intention that this description also include all of the minerals which may be owned by the School Board underlying the public road which is adjacent to and on the South side of the above described tract and containing, of an acre, more or less; a total of 4.37 acres, more or less.

CASH BONUS: $4,370.00 ($1,000.00 per acre)

ANNUAL RENTAL: $2,185.00

ROYALTIES: ¼ Royalty of all oil produced and saved; ¼ Royalty of all gas produced and saved; Two Dollars ($2.00) per long ton when mined and sold on sulphur produced and saved. Twenty Cents (20 cents) per ton when marketed for all potash produced and saved. ¼ of all other liquid or gaseous hydrocarbon minerals produced and saved.

WHEREAS, the Cameron Parish School Board feels that it is to the best interest of the Cameron Parish School Board to accept the bid of Robiyn Petroleum Corporation,

NOW, THEREFORE BE IT RESOLVED by the Cameron Parish School Board in regular session convened at the office of said School Board in Cameron, Louisiana, on the twelfth (12th) day of December, 1977, that the bid of Robiyn Petroleum Corporation be accepted and

BE IT FURTHER RESOLVED that Mervyn Taylor, President of the Cameron Parish School Board, be and he is hereby authorized and directed to execute on behalf of the Cameron Parish School Board on oil, gas, and mineral lease in favor of Robiyn Petroleum Corporation covering the above described bid as submitted and said lease to be subject to the approval of the State Mineral Board.

The foregoing Resolution was considered and a vote thereon was called with the following results:

YEA: Jones, Doland, Richard, Riggs Trahan, Taylor, Dupont

NAYS: None

NOT VOTING: None

ABSENT: None

The said Resolution was declared adopted and approved the twelfth (12th) day of December, 1977.

APPROVED:

CAMERON PARISH SCHOOL BOARD
Cameron, Louisiana
A POLICY ON SEARCH AND SEIZURE BY CAMERON PARISH SCHOOL BOARD

In accordance with Act 658 of the 1977 regular session of the Louisiana Legislature which amended Title 17 of the Louisiana Revised Statutues of 1950 by adding thereto a new section designated R.S. 17:416.3 relative to the authority of public school teachers, principals, and other school administrators, to provide with respect to the search of students' persons, desks, lockers, and other school areas and providing for illegal drugs and weapons, the Cameron Parish School Board does hereby adopt the following policy on search and seizure:

(1) Students are prohibited from bringing onto the school grounds, or having on their person or in their locker, desk, or any weapon, drug, alcoholic beverage, pornographic or obscene material, or any other object or material as such terms are defined by state law which would be a violation, or evidence of a violation, of any state law or school regulation.

(2) Personal Search and Seizure

School officials shall not search the person of a student except where the school official has reasonable belief that the student is carrying on his person material or objects in violation of law or school regulations or which would be evidence of an illegal act or violation of school regulations. Except in cases of emergency, it is recommended that the principal or a designee conduct the search or seizure. It is also recommended that if it is felt that the evidence will result in criminal charges being filed, a search warrant should be obtained through the police office or sheriff's office having jurisdiction over the school. Any search of a student's person shall be done by a teacher or administrator of the same sex as the student to be searched. At least one witness, also of the same sex as said student, shall be present throughout the search. A record of the search shall be made. One copy shall be filed by the Principal. One copy shall be sent to the Superintendent of Schools. Students shall be given a receipt for all items impounded.

(3) School Desks, Lockers, etc.

(a) Desks, lockers, and other equipment at a school belong to the school system and although assigned to particular students to use, may be entered and searched by school officials for reasonable cause at any time even though locked. Any student who locks his locker shall open same upon request of the teacher or other school official.

(b) If a student refuses to unlock a locker when requested to do so by school officials for reasonable cause, such official is authorized to forcibly enter the locker.

(4) Any object or material found as a result of any such search which is a violation or evidence of a violation, of any state law or school regulation may be seized by such school official and used as evidence in any suspension or expulsion proceeding resulting therefrom.

(5) The terms "reasonable cause" or "reasonable belief" is herein referred to that belief or cause for suspicion which is engendered by the average reasonable teacher, principal, or school official under the circumstances, because of their professional observations of the behavior of students of unusual appearance, of a locker or desk; or because of information obtained from other students whose veracity is not questionalbe, the teacher principal, or school official has no reason to doubt or because of information obtained, or observations of suspicious behavior or circumstances made by other school employees and transmitted to other school officials conducting the search.

TRAPPING, PASTURE AND HUNTING LEASE
STATE OF LOUISIANA
PARISH OF CAMERON
KNOW ALL MEN BY THESE PRESENTS:

That this agreement, made and entered into on this _____ day of _____, in the year of our Lord, 19_____, by and between the CAMERON PARISH SCHOOL BOARD, of the Parish of Cameron, Louisiana, herein represented by _____, Superintendent of said School Board, acting herein by virtue fo a resolution adopted by said Board on the _____ day of _____, A.D., 19_____, and _____, Louisiana, witnesseth:

The said _____ declares that he does, by these presents, for and in behalf of said Board, lease, demise and let, unto _____, here present and accepting the same for himself and heirs and acknowledging delivery and possession thereof, the following described property, to wit:

That certain tract of land, situated in the Parish of Cameron, Louisiana, the _____ of Section _____ of Township _____ South, Range _____ West, and containing _____ acres more or less.

This lease is made and accepted for a period of five (5) years, beginning on the _____ day of _____, and terminating on the _____ day of _____, 19_____, for and in consideration of the price and sum of _____ Dollars per year payable in cash, in advance, the rent for the year ending _____, 19_____, having been paid in cash on this day, receipt whereof is hereby acknowledged and athe balance of said rental to be payable in cash on the _____ day of _____ of each year thereafter.

It is distinctly agreed and understood between the contracting parties hereto that should the lessee fail or neglect to pay the rent punctually or before the date upon which said rental fall due, the said lease shall ipso facto and with demand and putting in default be terminated and cancelled, and the lessor is hereby authorized to take such legal steps as may be necessary to cancel the said lease from the records of the Parihs of Cameron.

It is further agreed and understood between the contracting parties hereto that this lease shall be heritable, but shall not be subject to mortgage, pledge, hypothecation or seizure and sale, nor shall the said lease be assigned, subleased, or otherwise transferred by the said lessee.

The lessor declares that the land hereinabove described is leased for the purpose of range, trapping, hunting, fishing, and farming, and the said lessee binds and obligates himself not to use the said land for any other purpose and to commit no waste thereon.

Utilization of farming rights herein granted is optional with the lessee, and it is hereby agreed that should the lessee utilize such rights on any part or the portion of any acreage herein leased that an additional payment, other than the cash payment herein provided, equal to _____ of the cash market value of any and all crops produced and saved on such acreage by the lessee.

It is distinctly understood and agreed that there is excepted from this lease, not herein leased, and that the lessor, the Cameron Parish School Board, reserves itself and its assigns all of the oil, gas and metals and any and all minerals whatsoever that may be in, or upon, or which may be hereafter extracted from the property herein leased, with all the incidental and necessary rights for the exploitation, development and enjoyment of the minerals thus reserved.

The Cameron Parish School Board hereby reserves the exclusive right to grant to others rights-of-way or servitudes for the transportation of oil, gas and other minerals on, over, under and across the premises herein leased, and the rights herein granted to and the same are hereby subordinated to such grants, and the Cameron Parish School Board shall not be responsible or liable unto lessee herein for damages of any kind that may be incurred by lessee herein as a result of such grants by lessor herein.

The lessor Cameron Parish School Board,further reserves the right to grant to others servitudes or rights-of-way on the premises herein leased for roads, ditches, pipelines, canals and all incidental and necessary rights for the exploration, development and transportation of oil, gas and other minerals produced from lands other than those herein granted shall be subordinated to and subject to such servitudes or rights-of-way, and Cameron Parish School Board shall not be responsible for any damages that lessee herein might incur as a result of such grants by the Cameron Parish School Board.

It is further agreed and understood that the lessor reserves the right to dig ditches for drainage and the right of passage through any of the land herein leased and to take such acts to conserve and properly develop such lands.

Lessee shall make no improvements, excavations, ditching or alterations to the premises in any manner without prior written approval of the lessor.

Lessee holds lessor harmless and agrees to indemnify lessor for all claims made by others as a result of lessee's use of the premises herein leased.

Thus done and signed in triplicate in the Parish of Cameron, State of Louisiana, on the day and date first above written in the presence of the undersigned competent witnesses.

RESOLUTION

WHEREAS, in recent editorials and articles concerning the Board of Regents' proposed study of the graduate and post-graduate programs at universities throughout the State; and

WHEREAS, approximately 85 percent of the teachers in Cameron Parish who have completed advanced degrees in both the Masters and Specialist Programs have done so at McNeese State University; and

WHEREAS, approximately 90 percent of teachers in the Parish who are presently working on advanced degrees are attending McNeese State University; and,

WHEREAS, as for the majority of these teachers from Cameron Parish, it would have been impossible financially and the distance involved in travel to other Louisiana universities would have prohibited them from obtaining an advanced degree in education; and,

WHEREAS, we believe that the University has done an excellent job in providing our educators with a quality program in both graduate and post-graduate programs; and,

WHEREAS, the faculty and staff of the Department of Education at McNeese State University has worked very closely with our administrators in an effort to provide quality graduate and post-graduate programs for the improvement of education of teachers and administrators; and,

WHEREAS, the loss of these types of programs at McNeese State University would definitely be a step backward for education in Southwest Louisiana,

NOW, THEREFORE BE IT RESOLVED, that the Cameron Parish School Board in regular session convened at the office of the said School Board in Cameron, Louisiana, on the twelfth (12th) day of December strongly recommends that the Masters Program and Specialist Program at this University be allowed to continue.

The foregoing Resolution was considered and a vote thereon called with the following results:

YEAS: Taylor. Trahan, Richard, Dupont, Doland, Jones, and Riggs.

NAYS: None

NOT VOTING: None

ABSENT: None

The said Resolution was declared adopted and approved the twelfth (12th) day of December, 1977.

ORDINANCE

AN ORDINANCE CREATING GRAVITY DRAINAGE DISTRICT NO. 6 OF THE PARISH OF CAMERON; FIXING THE BOUNDARIES OF SAID DISTRICT; APPOINTING COMMISSIONERS THEREFOR, AND FIXING THE DOMICILE OF SAID DISTRICT.

WHEREAS, this body is of the opinion that a Drainage District should be created in the area hereinafter described in the Parish of Cameron, and that such action will be to the best interest and advantage of the area contemplated and the Parish in general; and,

WHEREAS, no petition for the creation of said Drainage District was filed with this body; however, it feels it should act upon its own initiative; and,

WHEREAS, no petition has been filed with this body for the appointment of commissioners of said District; however, it is the sense of this body that the said commissioners should be selected by it, as prescribed by law.

THEEFORE, BE IT ORDAINED BY THE POLICE JURY OF THE PARISH OF CAMERON, STATE OF LOUISIANA, in regular session convened, that:

SECTION I: There be, and is hereby, created a gravity drainage district in the Parish of Cameron, Louisiana, to be known and designated as GRAVITY DRAINAGE DISTRICT NO. 6 OF THE PARISH OF CAMERON, as contemplated and authorized by R. S. 38:1751, et seq.

SECTION II: The territory and lands comprising the said Gravity Drainage District No. 6 of the Parish of Cameron, be and they are hereby declared to be as follows:

COMMENCING AT THE northeast corner of Township 12 South, Range 3 West;

THENCE, running south to the southeast corner of Township 13 South, Range 3 West;

THENCE, west to the southwest corner of Section 35, Township 13 South, Range 5 West;

THENCE, north to the northeast corner of Section 3, Township 13 South, Range 5 West;

THENCE, west to the southwest corner of Township 12 South, Range 7 West;

THENCE, south to the southeast corner of Section 13, Township 13 South, Range 8 West;

THENCE, west to Calcasieu Lake;

THENCE, northerly along the east bank of Calcasieu Lake to the line between Calcasieu and Cameron Parishes;

THENCE, east along said parish line to the point of commencement.

SECTION III: Charles Precht, Mervin Chaisson, John Duhon, Flody Istre and Clifford Broussard, all of whom are qualified electors resident within the said Gravity Drainage District No. 6 of the Parish of Cameron, and holding all of the qualifications required by law for the appointment as drainage Commissioners, be, and they are hereby, appointed as drainage commissioners for the GRAVITY DRAINAGE DISTRICT NO. 6 OF THE PARISH OF CAMERON, each from this date, with all the powers and authority vested by law in such office according to law; the said commissioners being appointed by this Body on its selection, there having been presented no petition from the property owners.

SECTION IV: The domicile of said Gravity Drainage District No. 6 of the Parish of Cameron is hereby fixed in the village of Sweet Lake-Grand Lake Community in the Parish of Cameron, State of Louisiana.

SECTION V: The above named commissioners appointed by this body this day, shall meet on the 30th day of November, 1977, in the village of Sweet Lake-Grand Lake Community, at the Recreation Center, Parish of Cameron, State of Louisiana, the domicile of the District, and shall then and there proceed to organize by the election of officers and as provided by L.R.S. 38:1766 et. seq., and the Constitution and Laws of the State of Louisiana.

SECTION VI: The Secretary of this Body is directed to cause a copy of this Ordinance to be published in the Cameron Parish Pilot, a Newspaper published in the Parish of Cameron, Louisiana, for a period of Thirty (30) days, and copies thereof shall be posted in three (3) public places in said District for the same period of time.

SECTION VII: That all Ordinances or parts of Ordinances contrary to or in conflict with the provisions of this Ordinance be, and the same are hereby, repealed.

ADOPTED AND APPROVED, in regular session convened at Cameron, Louisiana, on this 31st day of October, 1977.

Vincent rites held

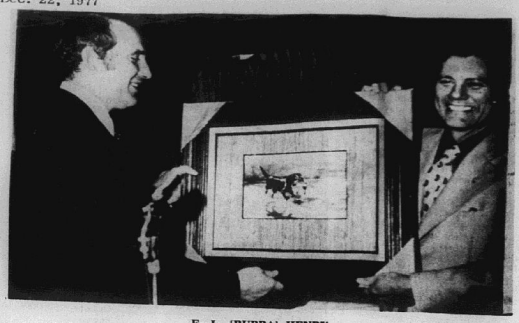
Funeral services for Bruce Jules Vincent, 73, of Hackberry, were held Friday, dec. 16, from St. Peter Catholic Church.

Burial was in the church cemetery.

Mr. Vincent died at 11:45 a. m. Thursday in his home.

He was a native and lifelong resident of Hackberry. He was a retired retail merchant and cattleman and a member of the Monsignor Hubert Cramers Fourth Degree Knights of Columbus

Survivors are his wife, Mrs. Naomi Landry Vincent; one brother, Britton Vincent of Lafayette; two sisters, Mrs. Elsie Arceneaux of Lafayette and Mrs. Gladys Trahan of Sulphur.



Gift

E. L. [BUBBA] HENRY, speaker of the Louisiana House of Representatives, left, is shown being presented with a painting by E. J. Dronet in appreciation for being the speaker at the Doxey-Vincent VFW Post's recent Citizenship banquet.

50 YEARS AGO

Big land deal closed

(From the American Press December 20, 1927)

One of the largest land deals made in Cameron Parish for the year has just been closed, with S.W. Sweeney being the purchaser of approximately 13,000 acres of marsh land, formerly owned by Richard Curran and Son of Chicago, Ill.

The consideration, as shown in the transfer filed for record, was $50,000.

This tract of land lies in the eastern section of Cameron Parish with the Chenier ridge being on the north side, and the big Rockefeller game preserve being on the east and south sides.

The entire area covers something like 22 square miles, which is some of the best trapping land in the parish, as well as one of the finest duck and goose hunting hunting grounds on the gulf coast.

Mr. Seeney was formerly clerk of court of Cameron Parish, and lives in the town of Cameron. Mr. Sweeney stated this morning he had purchased the land as an investment.

As a result of the oil activities in Cameron Parish within the last two years, with two oil fields already uncovered, the acreage purchased by Mr. Sweeney is believed by some to be within the probable oil producing area of Cameron Parish.

Outdoor Lore

By Nevyle Shackelford

The great naturalist John Burroughs once wrote: "He who marvels at the beauty of the world in summer will find equal cause for wonder and admiration in winter." And this is

true. While a season of simplicity, winter is not without its beauty. There's the beauty of the snow, which softens harsh lines and clothes all immoble objects in royal cloaks of ermine. Then there's the magic of the winter moon. At no other time of the year does it appear so large, glow with such wonderful purity, or reach such sufficiency of illumination. And although stern, dark, and foreboding, the wooded hills are not without attraction. With naked branches of trees etched in sharp relief against the sky, these hills appear in brooding phantasy which is enough to cause the nature lover to pause and gasp in meditative wonder.

Unmuffled by vegetation, sounds are sharper in winter. The boom of the hunter's gun or the musical ring of the woodsman's axe can be heard from much greater distances. And while the bird symphonies are gone from the woods, much music remains. Rigid and tense and bare, twigs on the trees become like strings on a violin. With the wind serving as a bow, they play strains as stirring to the imagination as the music of Strauss, Mendelssohn, or Saint Saens.

Summer, the counterpart of winter, appeals to the sentiment and the senses. But cast in a more austere mold, winter appeals to the intellect—more to the head than the heart. Psychologists say severe studies and disciplines come easier in winter and one is less inclined to be tolerant or cater to his own weaknesses.

The first public opinion poll was conducted in Wilmington, Del., in 1824, to determine the people's choice between Andrew Jackson, John Quincy Adams and two other candidates for president. Jackson won.

The Challenge of Genealogy

by MARIE WISE

"Cajuns, Creoles, Pirates and Planters" is the well-known column by genealogist, Damon A. Veach, featured in the New Orleans *Times Picayune* Sunday edition. Mr. Veach gives general information in his column, advice and recommendations on research, reviews on reference books and family genealogies, plus queries from readers.

Correspondence to his column may be sent to: Damon Veach, "Cajuns, Creoles, Pirates and Planters", 3800 Howard Ave., New Orleans, La., 70140. Queries are free and can be any length but should have a Louisiana connection by heritage or residence of researcher.

TEXAS

In addition to the New Orleans column, Mr. Veatch is well into his 10th year with "Your Texas Ancestors" published as a regular feature in the Fort Worth *Star-Telegram*. The general format of this Texas genealogy column is the same as above except that queries (also printed free) should have a TEXAS connection.

Send correspondence to: Damon Veach, "Your Texas Ancestors", P.O. Box 1870, Fort Worth, Tex. 76101.

L'HERITAGE

L'HERITAGE, a new quarterly for genealogy and local history covering the parishes of St. Bernard, St. Tammany, Plaquemine, Lafourche and Terrebonne, will begin publication in January, 1978.

Memberships are being accepted at $10.00 annual dues to include four issues of the magazine from: St. Bernard Genealogical Society, Inc., P.O. Box 271, Chalmette, La. 70044.

Vol. 1, No. 1 is planned to include records, source material, genealogies on early families, features, book reviews and queries (inquire about rates).

MAURY COUNTY

A collection of 522 ancestor charts contributed by members of the Home Demonstration Clubs of Maury County, Tenn. has produced a "Who's Whose" of ancestors in Middle Tennessee, reaching out into many states and several foreign countries.

This Bicentennial project is published as a 8½ x 11 inch book, softcover, indexed, 558 pages, $12.50, compiled by Estha Cole, Extension Agent and Mattie Glenn, Associate Agent. Available from: Margaret M. Cowart, Double Tree Press, 7801 Tea Garden Rd., S.E., Huntsville, Ala., 35802.

KNOX COUNTY

The records of St. Francis Xavier Catholic Church in what is now Vincennes, Indiana, have been preserved back to 1749 and are printed in the American Catholic Historical Society, *Records*, Vol. XIII, pp 46-60, 193-211, 322-336 for 1749-1778.

Civil marriage records begin in 1807 for Indiana which was created as a Territory in 1800. Historic Knox County dates from 1790 when it included almost all territory of the present state.

Early Marriages in Indiana, Knox County, 1807-1832, is a 5½ x 8½ inch softcover volume by Kenneth G. Lindsay, 60 pages, listing some 1400 marriages taking place during this 25 year period in the fast-growing, fast-moving Indiana frontier. Alphabetical by the groom's, listings show also the bride and date of marriage. Available from: Kenma Publishing Co., 1911 Conlin Ave., Evansville, Ind. 47714.

HART-HOLLOWAY

Mrs. W.R. Clayton, Rt. 1, Box 136S, Liverpool, Tex., 77577, seeks info. on parents of Jesse HART, b. 1804, Ga.; where his son, Robert, was born in 1835. Jesse lived in Rapides Parish, La. near Elmer. When did he die? Want parents of his wife, Nancy HOLLOWAY, b. 1810, whom he mar. ca. 1834. Had either been previously married?

ANDERSON

Norman J. Yentzen, P.O. Box 5, Westlake, La. 70669 seeks info. on YENTZEN and HERIARD families and on Thomas Cole ANDERSON, b. 1820, arrived Opelousas ca. 1840 from Virginia with two relatives, either brothers or cousins. Thomas mar. Mary Theresa HARDY.

UPSHAW

Ted O. Brooke, 79 Wagonwheel Ct., N.E., Marietta, Ga. 30067 is researching all branches of UPSHAW family: wants to hear from any Louisiana descendants. Particularly needs info. on FORRESTER UPSHAW, b. ca. 1772, Bedford Co., Va., m. Ann FAULKNER, lived in Georgia ca. 1790-1830. Family tradition is that Forrester died in La. while visiting a son (date, place, son's name unknown). This son might be John Upshaw, b. 1799, Ga. and wife, Tabitha (Lawless) in Bienville Par., 1850; or Peter Upshaw, d. 1841 in Natchitoches Par.,; or Henry Allen Upshaw in Winn Par., 1850.

QUERIES

Mail queries to: Marie Wise, Box 99, Sulphur, La. 70663. For reply send stamped, self-addressed envelope.

Skylights have come a long way since the Eskimo started putting a pane of transparent ice in the roof of his igloo. Most skylights today are made of acrylic with aluminum frames. There are domes, pyramids, round, square, flat and even double thermo-sealed skylights. You can even get a special shape for your pitched roof.

For free information on how skylights can save your energy dollars, send your name and address to: Bohem Mfg. Co., P.O. Box 388, West Conshohocken, PA 19428.

It gives us great pleasure to greet you and to extend our warm, sincere thanks.

ONE FOR ME AND ONE FOR THEE

There's a feeling of expectation in the air—hope—good friends—good cheer! What is a better way to share the sentiments of the season than with a gift from you—your kitchen.

This easy to prepare no rise yeast dough makes up six 9-inch rolls of tender "goodness", that are filled with a mixture of nuts and DROMEDARY Chopped Dates. All cooks, novice or gourmet, will be delighted to give this gift from their kitchen.

DATE-NUT ROLLS

2 (8-ounce) packages DROMEDARY Chopped Dates
1/3 cup water
2 tablespoons lemon juice
2 teaspoons grated lemon rind
1 1/2 cups butter or margarine
1 cup chopped walnuts
1 cup milk
About 6 cups all-purpose flour
2 packages active dry yeast
4 eggs
2 teaspoons vanilla extract
3 teaspoons baking powder
Granulated Sugar

In a saucepan combine first four ingredients with 1/2 cup butter or margarine for filling. Cook over medium high heat stirring until thickened, about 3 to 5 minutes. Stir in nuts; cool. Heat milk and 1 cup butter or margarine until warm (120 to 130°F.). Combine 1 1/2 cups flour and yeast in large bowl of mixer. Add milk mixture; beat at medium speed 2 minutes. Add next two ingredients and 1 cup flour; beat at medium speed 2 minutes. Stir in remaining 3 1/2 cups flour, baking powder and 3 tablespoons sugar to make a soft dough. Add an additional 1/2 cup flour if necessary. Divide dough in half; cover half. Divide other half into 3 equal pieces. Roll each piece in granulated sugar to make a 9-inch square. Spread about 1/2 cup filling thinly to within 1/2-inch of edges; roll up. Seal bottom edge. Repeat with other 2 pieces of dough. Place 3 rolls on greased baking sheet and bake in a preheated moderate oven (350°F.) for 25-30 minutes or until lightly browned. Remove from baking sheet and cool. Repeat with remaining half of dough. Makes 6 (about 9-inch) rolls.

SPICY APPLE SALAD

1 head western iceberg lettuce
2 teaspoons sugar
1/4 teaspoon salt
1/8 teaspoon curry powder
1/3 cup corn oil
1/4 cup lemon juice
Spicy Apples*

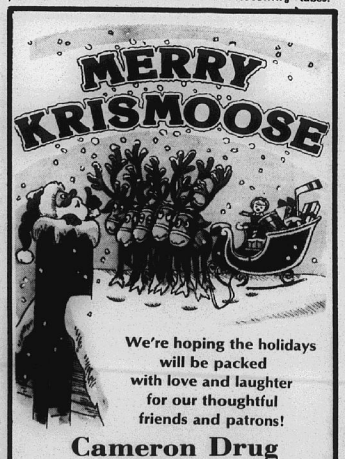
SPICY APPLES:

4 baking apples
1/2 cup water
1/4 cup Rose' wine *or* water
1/4 cup lemon juice
1/4 cup sugar
1/2 teaspoon chopped crystallized ginger

Core, rinse and thoroughly drain lettuce; chill in disposable plastic bag or lettuce "Crisp-it." At serving time, cut lettuce lengthwise into halves; place cut sides down on board and finely shred across heart to yield 6 cups. Combine sugar, salt, curry powder, oil and 1/4 cup lemon juice; toss with lettuce. Turn mixture onto platter or salad plates, top with Spicy Apples, cut sides down. Pour apple syrup over all.

Spicy Apples: Halve apples crosswise and remove cores. Place cut sides up with remaining ingredients in skillet; bring to boil. Reduce heat, cover and simmer 30 minutes or until tender. Remove apples and chill. Gently boil syrup in skillet until it measures about 1/2 cup; chill. Makes 8 servings.

The first jukebox was installed at the Palais Royal Saloon, San Francisco, in 1889. It consisted of an electrically-operated phonograph with four listening tubes.



We're hoping the holidays will be packed with love and laughter for our thoughtful friends and patrons!

Simply Wonderful

The kids aren't the only ones to help in your kitchen. Using a thrifty, tasty and easy-to-prepare canned ham can be all the help you'll ever need. It's simply wonderful—simple to fix and wonderful to eat.

FANCY FIXINS' DON'T HAVE TO look as simple as they are.

A five-pound canned ham needs only about 1½ hours in the oven. The last half-hour is when the glaze goes on—if you go in for a fancy fixin' that looks more difficult that it really is.

A tasty glaze complements the taste of the ham, and your family and friends will compliment you on a dish that looks as if you've taken a lot of trouble to please them.

You can try a simple glaze that combines a cup of brown sugar, one-half teaspoon of dry mustard and a tablespoon of apple cider vinegar. Or you can go in for something a little more exotic with this Southern-Style Glaze with Bourbon.

SOUTHERN-STYLE GLAZE WITH BOURBON

1 cup brown sugar
1/2 teaspoon dry mustard
1/2 cup bourbon
1 sectioned orange

Cook 5-pound ham for about an hour at 300°F. Remove from oven and baste with 1/4 cup bourbon. Combine other ingredients and baste again. Return to oven for 30 minutes, basting as needed. When done, arrange orange slices on top of ham. Don't forget to empty dripping before starting to glaze, and add two tablespoons of water.

It's a glaze that will make your simply wonderful ham simply delicious!

The scooter was invented by a 15-year-old London schoolboy, Walter Lines, in 1897. He didn't take out a patent because his father didn't think it would catch on.

Joy at Christmas

La Rochefoucauld

Aids to stay--Breaux

Congressman John B. Breaux today announced that he has received notification from the U. S. Coast Guard that aids to navigation in Southwest Pass near Vermilion Bay will not be removed this month as originally planned. The navigation aids were temporarily installed to mark an alternate channel to the Gulf of Mexico during repair work on Freshwater Bayou Lock.

In a letter to the Commander of the 8th Coast Guard District in New Orleans, Congressman Breaux requested that the removal of the lighted buoys marking the channel be delayed pending the results of a study to determine the advisability of providing permanent navigation improvements in the area. The Coast Guard responded that they would honor the request and not remove the buoys for at least thirty days while the matter is further investigated.

Congressman Breaux stated that he will continue urging the Coast Guard to make the navigation aids permanent in view of their demonstrated value to commercial and sport fishermen and oil industry vessels.

NOTICE

NOTICE OF PUBLICATION
OFFICE OF
MINERAL RESOURCES
ON BEHALF OF
THE STATE MINERAL BOARD
FOR THE
STATE OF LOUISIANA
BATON ROUGE
LOUISIANA 70821

By virtue of and in conformity with the provisions of Chapter 2, Title 30 of the Louisiana Revised Statutes of 1950, as amended, sealed bids will be received in the Office of Mineral Resources, State Land and Natural Resources Building, Baton Rouge, Louisiana, on or before the 11th day of January, 1978, at 1:00 p.m., for a lease to explore, drill or mine for and produce oil, gas and any other liquid or gaseous hydrocarbon minerals, sulphur and potash in and on the following described tract (Tract No. 14753) at which time and date the bids will be opened publicly in the State Land and Natural Resources Building, Capitol Complex, Baton Rouge, Louisiana.

TRACT 14753 — PORTION OF BLOCK 1, WEST CAMERON AREA, REVISED, Cameron Parish, Louisiana — That portion of Block 1, West Cameron Area, Revised, Cameron Parish, Louisiana, belonging to the State of Louisiana and not under mineral lease on October 17, 1977, described as follows: Beginning at a point on the South line of Block 1, West Cameron Area, Revised, having Lambert Plane Coordinates of X = 1,439,736.183 and Y = 393,790.240; thence West 13,200.00 feet along the South line of said Block 1 to a point having Lambert Plane Coordinates of X = 1,426,536.183 and Y = 393,790.240; thence North 8,348.10 feet to a point having Lambert Plane Coordinates of X = 1,426,536.183 and Y = 402,378.34; thence Southeasterly to a point having Lambert Plane Coordinates of X = 1,429,035 and Y = 401,760; thence Southwesterly to a point having Lambert Plane Coordinates of X = 1,429,020 and Y = 401,485; thence Easterly to a point having Lambert Plane Coordinates of X = 1,431,465 and Y = 400,740; thence Southeasterly to a point having Lambert Plane Coordinates of X = 1,436,899 and Y = 399,820; thence Southeasterly to a point having Lambert Plane Coordinates of X = 1,439,736.183 and Y = 398,784.84; thence South 4,996.60 feet to the point of beginning, estimated to contain approximately 2,698.22 acres, as shown outlined in red on a plat on file in the Office of the Secretary, Department of Natural Resources. All bearings are based on Louisiana Lambert Plane Coordinate System (South Zone).

NOTE: It appears according to our records that a portion of this tract is located within the restrictive safety fairway area as set out by the Corps of Engineers, U.S. Army.

All bids are to offer a cash bonus for a lease having a primary term which shall not exceed **five years** and granted without any warranty or recourse against lessor whatsoever, either expressed or implied, not even for return by lessor of any payments received under the lease or being otherwise responsible to lessee. The minimum royalties required by RS 30:127, as amended, are one-eighth (1/8th) of all oil produced and saved, one-eighth (1/8th) of all gas produced and saved, seventy-five cents (.75) per long ton of sulphur produced and saved, ten cents (.10) per ton of potash produced and all other liquids or gaseous hydrocarbon minerals produced and saved. A bid of a royalty less than the statutory minimums will be invalid and will not be considered by the Board. All bidders are notified that the Board does not obligate itself to accept a bid which is the aforesaid statutory minimums, but reserves the right to accept a bid which offers in excess of the statutory minimums and is considered most advantageous to the State of Louisiana.

With respect to royalty bids on sulphur and potash, prospective bidders are advised that the Board, by policy, has expressed a preference that bids on sulphur and potash be on a percentage or fractional basis, in excess of the statutory minimums, and that such suggested percentage is 12½% or fraction is one-eighth (1/8th) of the value per long ton of sulphur produced and saved, 12½% or 1/8th of the value per ton of potash produced and saved. It is to be clearly understood, however, that the Board reserves the right to accept a royalty bid on sulphur and potash greater or lesser than the preferred royalty, provided that the statutory minimums are met, if the entire bid is considered most advantageous to the State of Louisiana.

The provisions of this notice or advertisement and the laws and statutes establish the material considerations necessary for the formulation of proper bids, and this notice or advertisement shall not be deemed to be modified, enlarged or diminished by resolutions or policy expressions of the Board not incorporated herein expressly or by reference.

All leases awarded shall be executed upon terms and conditions provided in the current State lease form with all applicable riders appended thereto, including but not limited to provisions as follows. Should lessee fail to begin the actual drilling (spudding in) of a well on the lease premises within one year from the date of the lease, the lease shall terminate as to both parties to the lease, unless on or before such anniversary date, lessee shall pay a delay rental (which shall in no event be less than one-half of the bonus offered), which shall cover the privilege of deferring the commencement of operations for a period of one year. Upon like payments annually, drilling operations may be further deferred for successive periods of one year each during the primary term of **five years**. The lessee shall provide for the drilling of offset wells where necessary to protect the State's interest and shall obtain the provisions against the assignment or sublease of the lease unless approved by the State Mineral Board. The lessee shall have the right to enter into pooling or unitization agreements, with respect to development of the leased premises subject to the approval of the State Mineral Board.

Certified check, cashier's check or bank money order, payable to the OFFICE OF MINERAL RESOURCES, for the full amount of the cash bonus, shall accompany and be submitted with each bid and no bid thus submitted may be thereafter withdrawn or cancelled. The certified check, cashier's check or bank money order accompanying the bid of the successful bidder shall be immediately negotiated by the OFFICE OF MINERAL RESOURCES and the proceeds thereof disbursed in the manner required by law. The successful bidder to whom the lease is awarded on the date of the lease sale shall return the written lease, duly executed, within TWENTY (20) DAYS after bidder's receipt of same under penalty of forfeiture of the lease, and bonus previously tendered and negotiated in the event of failure to do so.

Consistent with the policy of the Board as expressed in a resolution dated August 12, 1965, all bidders are hereby notified that bids on portions of tracts should be described by metes and bounds and be accompanied by a transparent plat outlining thereon the portion bid upon. The scale of the plat should be 1 inch = 4,000 feet.

The State Mineral Board reserves the right to reject any and all bids or to grant a lease on any portion of the tract offered and to withdraw the remainder of the tract.

The Abe Manuel family--"Louisiana Cajuns"

Abe Manuel family to play for family dance

A musical family who have gained wide recognition as the "Louisiana Cajuns" will return to Creole--with which they have close ties--to perform for a family dance to be held at the Creole KC Hall Friday, Dec. 30 beginning at 7 p. m.

The family function, to which everyone of all ages are invited, will be sponsored by the Mary Olive Catholic Daughters Court, according to Mrs. Harry Conner, Regent.

Playing for the dance will be Abe Manuel; his wife, the former Dorothy Vincent of Creole, and their sons, Joe and Abe Jr.

The family has played Cajun music throughout the country on tour with Rusty Draper.

Abe Manuel, known for his fancy and trick fiddling, has played with such country stars as Lefty Frizzell, Hank Williams, Bob Wills, Hank Thompson, Doug Kershaw (also a Cameron parish product), Ernest Tubbs, etc.

The family will have some of their tapes on sale at the dance.

Gumbo and hotdogs also will be served beginning at 6 p. m. and throughout the evening.

Mrs. Richard Dahlen is chairman of the event.

New Years Eve dance slated

A New Years Eve dance will be held at the Cameron Recreation Center on Saturday night, Dec. 31, starting at 9 p.m. with music by the "Keynotes".

Advance reservations for the formal affair may be made by calling James S. Henry at 775-5224 or Gerald Guidry at 542-5212.

Hats and noise makers will be provided and gumbo will be served.

The dance is sponsored by the Our Lady Star of the Sea KC Council of Cameron.

Roxanne Myers shows champ

Roxanne Myers, South Cameron 4-H member, exhibited the Grand Champion quarter horse mare at the Five-Parish Youth Horse Show held at Burton Colesium in Lake Charles Saturday, Dec. 17.

Roxanne also placed first in Showmanship; second in Western Pleasure Riding; sixth in Barrell Race; seventh in Pole Race and tenth in Trail Riding.

Other Cameron Parish exhibitors and placings were: Dianne Myers, South Cameron 4-H, first place, three year old Quarter Horse Filly and sixth place in Showmanship; Shadd Savoie, South Cameron 4-H, first in Break-Away Roping; and Beth Greathouse, Grand Lake 4-H, fourth in the Aged Quarter Horse Gelding class.

4-Hers go to Chicago

Louisiana sent 43 members and six adults as its delegation to the 1977 National 4-H Club Congress in Chicago, Nov. 27-Dec. 1.

The Louisiana group was among 1,650 persons attending the annual program at the Conrad Hilton Hotel.

The purpose of Club Congress is to provide a reward for outstanding accomplishment in 4-H projects, while, at the same time, giving the youngsters educational experience while visiting the Windy City.

Attending from Cameron Parish were four outstanding 4-H members. Beth Greathouse, horse project; Mike Beard, field crop; Christine Chesson, sheep, all from Grand Lake 4-H Club, and Mike Prescott in achievement from Johnson Bayou Club.

Some highlights of their trip were visits to the Sears Tower, the world's tallest building, Shedd Aquarium, the Chicago Odyssey, the Museum of Science and Industry, the Field Museum of Natural History and many others.

ATTENDING the National 4-H Congress in Chicago from Cameron Parish were, from left: Mike Prescott, Christine Chesson, Mike Beard and Beth Greathouse.

Susan Kay Babin

Royalty to visit here

Cameron will be entertaining royalty the weekend of January 13-14 during the Louisiana Fur and Wildlife festival.

Some of the visiting queens who will participate in the festivities are: Jackie Hymel, "Miss Creole Gumbo"; Dodie Duplantis, "Shrimp and Petroleum Queen"; Jannette Stafford, "Cal-Cam Queen"; Susan Kaye Babin, "Miss Jambalaya"; and Phyllis Peltier, "Delcambre Shrimp Queen".

Mrs. Glenn Alexander said that the "National Outdoor Queen" from Cambridge, Maryland also will be on hand and will be accompanied to the local festival by a group of Jaycees from the National Outdoor Show.

Arts, craft contest set at Festival

The Louisiana Fur and Wildlife Festival will have an arts and crafts exhibit during the festival.

The catagories are: Ceramics-stained, glazed and special technique; Nature crafts (anything made from something found outside or belonging to nature); Shell crafts; Decoupage-3-D, traditional and coat pouron; Woodworking; and Needlework-crochet, knitting, rugs, and embroidery.

The art categories are divided into professional and non-professional: oils and acrylics-landscapes, seascapes and fowl and animals; watercolors; and charcoal or pencil drawings.

These age groups will compete together: 6 to 8, 9 to 11, 12 to 15, and 16 to 18. All adults will compete together.

The Fur Festival also will rent booths. Anyone interested in a booth space should contact Carolyn Gibbs at Karo's Cajun House in Sweetlake.

The booths will rent for $15 for individual 10' x 10' space, $25 for commercial 10' x 10' spce, and $7.50 for a single table booth.

Activites set

The Cameron Council on Aging announces that the Senior Center activities at the Wakefield Methodist Church will take place each Monday and Wednesday from 8:30 to 11 a. m. beginning Monday Jan. 2.

On Monday mornings there will be fellowship and games. On Wednesday mornings there will be a ceramic class taught by Carolyn Gibbs.

All those sixty and above are invited to attend.

Poster contest rules given

The Catholic Daughters of America, Court Mary Olive of Creole, is sponsoring the 8th Annual Poster Contest in conjunction with the Louisiana Fur and Wildlife Festival. This year the Festival is honoring the Menhaden Industry.

Rules and entry forms are available from every school principal in the parish. Any child attending any Cameron Parish School is eligible to participate.

There are three categories. Each category will be awarded with first, second and thrid place trophies.

Trophies will be awarded in three categories: Grades 1, 2, and 3; Grades 4, 5, 6, and 7; Grades 8, 9, 10, 11 and 12.

Winning posters will be exhibited in the lobby of the Cameron Elementary School Auditorium on Friday and Saturday of the Fur Festival. Awards will be presented at the Friday night performance.

Rules are as follows:

1. One entry per person.
2. Posters must have a title.
3. Use standard poster paper-22" by 28".
4. Attach entry form to back of poster. Posters with contestant's name visible to judges will be disqualified.
5. Posters may be drawn in pencil, water colors, oil, felt markers, crayons, or cut-outs, so constructed as to be hung on bulletin board.
6. The Festival is honoring the Menhaden Industry and posters must be on any phase of this industry.
7. Posters will be judged on neatness and originality.
8. Entries will be picked up at each school in the parish by noon on Tuesday, Jan. 10.

For more information contact Jeanette Savoie at 542-4355 or 542-8560.

Clark Bourque

Youth to play at Hayride

By ELORA MONTIE

Clark Fenton Bourque of Pecan Island will compete in the National Star Search contest at the Louisiana Hayride at 7:45 p. m. Saturday, Jan. 14, in Shreveport.

He plays the guitar and organ. He recently played at the Louisiana Cotton Festival in Ville Platte and has played for numerous organizations and churches.

Bourque, who was valedictorian of his graduating class, would like to go to Nashville and continue his musical career.

Chenier names little winners

Toni Lyn Mhire, daughter of Mr. and Mrs. Huey Mhire and Charles Hebert, son of Mr. and Mrs. Carl Hebert were named winners of the Little Miss and Mister contest at the Grand Chenier Elementary School contest held Dec. 9.

Christine Pinch, daughter of Mr. and Mrs. Billy Pinch and Norman Hebert, son of Mr. and Mrs. Richard Hebert were named first runners-up.

Second runners-up were Rhonda Perry daughter of Mr. and Mrs. Gurthie Perry and Kelly Richard, grandson of Mr. and Mrs. Neil Richard.

Peggy Mhire, chairman, said the winners will compete in the parish contest to be held during the Cameron Fur Festival.

Food stamps

The total amount of food stamps purchased during November was $4,917 for 47 households, according to the Cameron Parish Office of Family Services. Bonus stamps totaled $2709.50. There were two new households certified for food stamps during November.

Bank to close

The Cameron State Bank and its branches will close at 2 p. m. Friday for the New Year's holiday and will not reopen until Tuesday norming, Jan. 3, according to E. J. Dronet, president.

Welcome the New Year

By BERNICE STEWART

We come to the end of another year. Like all those that have gone before it has been filled with both good and evil, with recompenses and disappointments, with joys and tragedies. How we weathered it has depended for the most part upon ourselves and our relationship to God.

Have we noted the lessons that He lays before us in our own parish environment? Have our souls stretched to the expanse of our Cameron marshes? Have we attained their tranquility? Do we have the persistency of the Mermentau and the Calcasieu and the Sabine that press ever gulfward in spite of any impediment?

Have we incorporated beauty and color into our lives as has our land with its trees and flowers, its green grass and blue skies? Do we throb with life as do our streams and woods? And do we preserve and channel that vitality as do our federal wildlife management areas?

Have we the faith to expect a sunrise every morning and a sunset every evening? Have we the vision to penetrate the night gloom to behold stars traveling their destined course? Have we the capacity of the lowly oyster in our outlying reefs to transform irritations into pearls of beauty?

Are we aware that as an old year passes into obscurity a challenging one is coming into existence? That as sap rises in the tree so can hope mount in the human breast? That the oak springing from an acron and the butterfly emerging from its chrysalis are constant reminders that changes come but life is eternal?

May you and I welcome the new year in a positive way. May we heed the truths that our Cameron homeland offers us on every side and match our growth with that which is all about us!

Record hop

A record hop with Robert Doxey will be held Thursday night from 7:30 to 10:30 p. m. at the Grand Chenier Recreation Center. Admission is $1. All young people are invited.

Bank meet set

The annual meeting of the stockholders of the Cameron State Bank will be held at 4 p. m., Tuesday, Jan. 17, according to E. J. Dronet, president.

12 in contest now

Another fur producing parish has named a candidate for the Louisiana Fur Queen who will be named at the Saturday night, Jan. 14, program of the Louisiana Fur and Wildlife Festival in Cameron.

She is Melanie Ann Bonin, Daughter of Mr. and Mrs. Leroy P. Bonin of Jeff Davis Parish.

Other contestants are: Kelly Steib, St. John parish; Sharon Laney, St. Charles; Elizabeth Broussard, Plaquemine; Leslie Marie Lester, Iberia; Mary Lee Alle, St. James.

Also in the contest (and pictured in the Pilot last week) are: Gladys Nagy, Tangipahoa; Kimbla Bossley, Vermilion; Connie Sue Gattochalck, St. Tammany; Geralyn Ann Bergeron, Terrebonne; Torrie Kay Terry, St. Mary; and Nancy Claire Nunez, Cameron.

CONTESTANTS IN the Miss Cameron Parish Contest are pictured with Mrs. Robert Ortego and Mrs. Gerald Weiss at practice at the Ralph Squires auditorium at McNeese State University. The contest will be held Friday night, Jan. 13 during the Louisiana Fur and Wildlife Festival.

GRAND LAKE—SWEETLAKE

'Gentle Giant' fondly remembered in area

By AGNES HEBERT

The article by the late Archie Hollister recalling his childhood memories of a Christmas was thoroughly enjoyed by residents of this area, who remember the "gentle giant" with fond affection.

My first impression of this bigger than life personality was seeing him having to stoop down to enter through the doorframe of my uncle's home, from my position about 3 ft. from the floor. Mr. Hollister boarded at TeTant and Uncle Raymond Blanchard's home while he taught school at Grand Lake.

Boone, who was a wee bitty little fellow remembers the great kite Mr. Hollister constructed. So sturdy was the kite that it was able to support Boone's weight for a brief ride off the ground.

Someone else who I am sure enjoyed Mr. Hollister's article is Mr. Tom Hebert who resides on Hwy. 14 near the Fairview Methodist church. Larua and Glenn Hebert were telling me how much their Uncle Tom enjoys the articles from our Lake area. A very active 91 years-Mr. Hebert retains extensive memories of pioneer days of this area.

HOMECOMING

Homecoming activities were culminated with the crowning of Shelley Demarest as the very lovely and gracious queen. Shelley is a senior and the daughter of Bea and Nathan Demarest. Her proud Maw-Maw and Pa Pa Demarests watched Shelley's befitting humble triumphantal presentation.

Warmly welcomed by the Homecoming crowd were honored members of the class of '68--Charles Greathouse, Damon Hebert, Ronald Hebert, Nolan Lonthier and John Charles Robichaux. Arriving after presentation ceremonies were classmates: T-Mile Duhon, John Ed Duhon and Morris Benoit.

HOME FROM NAVY

Arriving home from the Naval Training Base at Orlando, Florida, just in time for Homecoming were Navy recruits Gilbert Demary, Richard Hebert and David Beard--'76 grads. The Hornet sign in front of the school proclaims their welcome home. Ricky has been reassigned to the Hawaiian Islands, a sailor's dream come true. David drew a Florida assignment and Gilbert is waiting to find out where he will be located.

When I was asked to sponsor the Homecoming Dance at the Recreation Center--I was most reluctant-because I've been involved in all the pre-teen and teenage activities with my own children and felt that I'm too old for these things now. But Mary Venable is most persuasive and I'm very glad she is-for I enjoyed myself thoroughly. Mike and the Majestics provided great dance music and Gilbert Lynn sang "Jolie Blon" especially for me.

OVEY GRANGER

Always interesting are Jim Beam's Sunday editorals in the American Press. They either amuse, aggravate or provoke. Anyone who can read them and remain indifferent certainly have their cool well controlled. This week--he wrote about Ovey Granger, native of this area and brother of Wasey and Junius Granger. Mr. Granger had just effected an "escape" from a local rest home and felt that the general public should be appraised about the plight of the elderly and their housing problems.

AVID READER

You've heard about people so intralled by the material they're reading that they are oblivious to everything around them--but how about being so engrossed reading the Lake area news in the PILOT that a skillet caught on fire and her hand was badly burned trying to get it out of the kitchen. I would not have believed it, if I had not seen the results for myself. Valerie "Coon" Vincent showed me her scars during a break in Christmas shopping. My sincere sympathy for Coon's suffering but my gratitude for her interest in this column.

Never having had anyone sing Christmas Carols in front of my house before, it's been especially thrilling to have had carolers two nights this Christmas week. Singing for Boon were Roderick and Lenore Poole with the young people from the Big Lake Gospel Tabernacle. Merna and Arlene Greathouse and her Hornet girl's basketball team arrived in a dump truck and sang carols for Ernette and I the next evening.

Enjoyed a most congenial visit with Dr. Syd Dyer during a recent session at the Matador Barber Shop. This young man was most appreciative at being mentioned in our Lake area news. It was indeed a pleasure speaking to this personable young professional.

We really enjoyed the fireworks display from across the street on Christmas night. The Demarys operate a holiday fireworks stand and treat the little ones in the family with a grand finale spectacular which we look forward to at Fourth of July and Christmas holidays.

RESOLUTIONS

Since I feel the need to regroup and renew my good intentions fairly often. New Year's resolutions are already set up well in advance. Since I'm writing for the Pilot--I need to add several new ones for 1978. First: To provide interesting, sympathetic and uniform presention of community activities; and secondly: Not to bore my readers by including too many details about my first grandchild who is now in production.

A most happy and healthful New Year to everyone.

Mrs. Savoie rites held

Funeral for Emma Savoie, 92, of Sulphur were held Wednesday at Sacred Heart Catholic Church in Creole with burial in the church ecemtery.

Mrs. Savoie died Monday in Holly Hill Nursing Home in Sulphur.

She was a native of Creole and had lived in Sulphur the past 20 years. She owned and operated the Savoie Retail Store in Creole for many years.

Survivors include two sons, Garfield Savoie and John A. Savoie, both of Sulphur; two sisters, Mrs. Dan Lebauf of Sweetlake and Margaret Savoy of Cameron; eight grandchildren and 11 great-grandchildren.

Twenty Years Ago

CAMERON PILOT, Dec. 27, 1957--

Hundreds of Cameron parish children jammed the courthouse lawn for a giant Christmas party put on by the Salvation Army and the Louisiana Federation of Women's Clubs with the toys being flown in by the Sheriff's Flying Posse of Baton Rouge.

Cameron parish citizens were still debating where to locate the new hospital being given to the parish by the American Legion.

Dr. G. W. Dix announced he was building a new office to replace St. Gabriel's hospital which was destroyed by Hurricane Audrey in June.

The body of another of Audrey's victims, a little girl, was found near Gibbstown.

The Cameron Telephone Co. announced that the Johnson Bayou telephone system, destroyed by Audrey was back in operation.

Parish residents received 350 blankets from the New Orleans Federation of Churches.

The 1958 Fur and Wildlife Festival was cancelled due to everyone being busy rebuilding their homes and businesses.

The yo-yo is depicted on ancient Greek vase paintings dating back as far as the eighth century B.C.

Hackberry

By GRACE WELCH

Mrs. Mildred Toups and Mrs. Margret Shove and Betsy spent the day with Mr. and Mrs. Alvin Ellender in Oakdale and visited with Mr. and Mrs. Irvin Fontenot.

Mrs. J. N. Micklewait spent Christmas holidays with her nephew and family, the Howard Perdues in Lafayette.

The Vernie Welchs had their children for Christmas. The Roland Kershaws of Houston, the Terry Istres and Jennifer and Rusty from Carlyss, the Curtis Fountains and C. R., the Robert Welchs from Hackberry and the Dwayne McInnis and Michelle from Sulphur.

Mr. and Mrs. A. M. McLean from Enterprise, Alabama spent Christmas with the James W. Pooser family.

Mrs. Delbert Sheffield and Cheryle spent the day with Mr. and Mrs. E. L. Ary Jr. in Lake Charles.

Get well wishes go to Mrs. Sella Burch who is sick in Hackberry.

Also to Father Edward Brunnert, pastor at St. Peters church.

Also to Standford LaBauve who is a patient at Cal-Cam hospital.

GOOD SAFETY RULE— Never leave small children alone in the house or leave matches within their reach.

AN EARLIER DAY

Adam and the drummer

[Cameron Pilot, Feb. 8, 1957]

By ARCHIE HOLLISTER

For years Adam Nunez operated a boat on the Mermentau, first the "Tuber" and then the "Delta". On one trip from Lake Arthur to Grand Chenier he had aboard as a passenger a salesman, or a drummer, as he was called in those days. From some of the other passengers--the boat was always crowded with people traveling up and down the river--he heard of the various tricks that Adam occasionally played upon his friends and neighbors. The drummer approached Adam, and asked to be allowed to participate in one of these escapades. Adam agreed readily.

That night Adam saddled a couple of horses and took the drummer along. "We are going up to old Uncle Luigi's", he said. "The old fellow's gone to raising bees, and nothing would make him madder than to have someone steal a hive or two from him".

The drummer was agreeable to this proposal, since Adam also spoke of the possibility of several other such pranks during the course of the night. Arriving at Uncle Luigi's , Adam said, "Now you wait by the fence here; I'll go in and steal a hive, and you take it down the road and put it up in the forks of that big oak tree over there. Then I'll make a noise of some kind, and Uncle Luigi will come tearing out of the house yealling and cursing."

A sudden thought struck the drummer, "What if those bees get out and start stinging me?"

"Oh, don't worry about that" Adam assured him. "I'll plug up the hole in the hive with this handful of moss."

Adam carefully plugged the opening in the hive with a wad of moss; the salesman, watching in the bright moonlight, saw the opening securely closed, and leaned over the fence to take the hive from Adam, as he lifted it toward him. What the salesman did not see however, was Adam jerking the moss out again just as the hive left his hands. Settling the box carefully on the fortree of the saddle, the drummer trotted gingerly on down toward the oak. Within a dozen steps however, hundreds of bees swarmed out and covered both man and horse.

There was no need for Adam to create a noise to arouse Uncle Luigi. The salesman was doing that himself as he and the horse--quite forgetful of their obligations toward each other--quickly parted company. Uncle Luigi came bursting out of the house, a shotgun in his hands and two loud-mouthed hounds at his heels. The stillness of the night was shattered by a bucking and running horse, an extremely articulate and active salesman, the humming of bees, the barking of dogs, and an outraged and indignant householder, loudly demanding the cause of the uproar. Adam had prudently removed himself to a safe distance at the beginning of the debacle, and now between uncontrollable spasm of laughter, looked upon his handiwork with extreme satisfaction.

And while the drummer could thereafter say that he had been in on one of Adam's pranks, it is not likely that he would be guilty of boring his friends back in New Orleans with repeated accounts of his experiences that night.

FOUR GENERATIONS are pictured above: Mrs. Stella Ruch of Hackberry, Mrs. Sophia Landry of Carlyss and Mr. and Mrs. Danny Leger and their children.

Arrests made for sale of alligator hides

In what may be the largest case yet under the Endangered Species Act, three corporations and four individuals have been indicted for alleged international trafficking in the hides of 2,500 American alligators, worth $700,000, Lynn A. Greenwalt, Director of the Interior Department's U. S. Fish and Wildlife Service, announced.

The indictment, handed down by a grand jury in the Eastern District of New York, Dec. 6, caps a major 3-year joint investigation by special agents of the U. S. Fish and Wildlife Service and the U. S. Customs Service.

Named in the indictment are Meg Import Corporation, a New Jersey firm specializing in the buying, selling, brokering, and exporting of skins of wild animals; Gunze New York, Inc., a New York import-export concern that is a subsidiary of the Japanese company, Gunze Sangyo Company, Ltd.; and Egawa International Company, Ltd., a New York import-export concern that is a subsidiary of the Japanese company, Union Sales Company.

The individuals named include Jacques Klapisch of Leona, New Jersey, principal employee of Meg Import; Kiyoshi Egawa, president of Egawa International; John Kelly of Queens, New York; and William Greenblatt of North Bellmore, New York.

The indictment charges that between June of 1974 and November 8, 1976, the defendants conspired to illegally purchase 2,500 American alligator skins in the Southeastern United States, transport them to New York, prepare them for shipment, and ship them to tanneries in Japan and France. It further charges that the hides were surreptitiously shipped out of the United States by the use of false and fictitious shipping documents that used the names of nonexistent firms and did not disclose the fact that alligator skins were in the shipments.

During the course of the alleged conspiracy the American alligator was listed as an endangered species throughout the United States except for three Louisiana parishes, where it was listed as a threatened species. The possession of unlawfully taken endangered species, and their export or sale in interstate or fireign commerce, are prohibited. Threatened species also may not be exported, but may, under strictly controlled circumstances, be taken.

Hides of American alligators are particularly valued for their quality, appearance, and the ease with they may be worked. The Fish and Wildlife Service has estimated the commercial value of the hides alleged to have been exported as part of this scheme to be around $700,000.

Jones renamed to Scout post

State Sen. William L. McLeod Jr. of Lake Charles will head the Calcasieu Area Council, Boy Scouts of America, during 1978.

McLeod was elected president of the council at the organizations's annual business meeting.

Jerry Jones of Cameron was re-elected as the council's commissioner.

Other officers to serve with the council are: Mrs. Joyce Price, Lake Charles, vice president of cub scouting; Robert Judd, Welsh, vice president of scouting; H. L. Dickens, Lake Charles, vice president of exploring; James A. Richardson, Lake Charles, vice president of district operations; Harold Myhand, Lake Charles, vice president of administration; Robert J. Pumpelly, Westlake, vice predident of manpower; and Elmo Sartin, DeQuincy, treasurer.

The new officers will be installed at the council's annual recognition dinner on Jan. 19.

FACTS ABOUT WINES

Replacing The "Usual"

Did you know that a drinking revolution is taking place in our country today? Millions of Americans are switching from their "usual" to white wine, chilled or "on the rocks".

Today's cocktail parties, because everyone seems to be calorie-conscious, feature light and simple foods like cheeses and fresh fruits rather than caviar and shrimp on toast. A chilled Vino Bianco is more likely to be served than a martini.

Right now, wine is outselling liquor in seven states. Market forecasts indicate that wine will outsell liquor in all 50 states by 1980. For the host and hostess, this surprising trend means easy, gracious entertaining. An all-purpose wine glass is all that is needed and one just opens the bottle and pours. Guests simply carry their glasses from cocktail hour to the dinner table.

And, don't be hesitant to serve your wine from the new larger size bottles. For instance, at B. Cribari & Sons, we're producing the new 1.5 liter metric sizes in whites as well as other wines. They are easy to pour, easy to store and are more economical when it comes to entertaining. But, we still market our traditional fifths of white wines as well.

^Be sure and refrigerate your white wine before serving. Some guests may want theirs "on the rocks." It is best to chill your wine for about two hours in advance of serving so it's cold enough to not melt the ice cubes.

So, next time you entertain, try serving wine instead of the "Usual". We're sure you'll be surprised by the number of your guests that choose wine.

If you'd like more information on wine, please write me at B. Cribari & Sons, Suite 601, 500 Sansome Street, San Francisco, California 94111.

La. Capitol is architecture art

"The Louisiana Capitol: Its Art and Architecture" by Vincent F. Kubly, pub. by Pelican Publishing Co., 630 Burmaster St., Gretna, La. 70053, 152 pages, $19.95

Reviewed by MARIE WISE

The state capitol at Baton Rouge is an architectural and artistic achievement, one of the finest examples in the nation of Beau-Arts structure.

Thousands upon thousands of visitors have walked up the front steps, each one bearing the name of a state in order of its admission to the union, gone through the main portal into the impressive, two-story high Memorial Hall with its flag-hung balcony over the bronze relief of Huey P. Long, and looked down at the large relief map of Louisiana set into the floor.

How many, though, have been able to appreciate the artistry that makes Louisiana's capitol, both inside and out, a monument to the state's history and its people who were the historymakers?

A handsome new book, generous-sized (9 by 12 inches) presents the first comprehensive pictorial study of Louisiana's capitol, said by many to be the most majestic statehouse in the nation.

Written by Vincent F. Kubly and featuring a foreword by Solis Seiferth, one of the original architects, this volume uses more than 150 photographs to detail work of prominent sculptors and artists of the 1930s.

Seiferth's foreword conveys the group spirit which affected the men working as architects, draftsmen and engineers on the huge project during its construction years of 1929-1932.

Author Kubly, an art history professor, describes the design and construction of the capitol from the time Huey P. Long as governor used his political influence to initiate construction of the 34-story edifice, instructing the architects that it should be "a tower". In a way, it became Long's monument, his statue heading the beautifully landscaped park opposite the capitol steps.

The book chronicles not only the gigantic effort of creation but explains the historic and symbolic context of the capitol's decoration, clarifying its meaning for modern Louisianians.

In the capitol's friezes, relief sculpture, statuary and other adornment, the reader can trace the state's history and understand what leaders of that era believed to be Louisiana's destiny.

The majestic building was planned as a tribute to the past and an expression of ideals and hopes of its time, as well as a symbol of the state's progress and its aspirations for the future.

The words of Robert Livingston, one of the American Statesmen who negotiated the Louisiana Purchase, are inscribed on the face of the capitol: "We have lived long but this is the noblest work of our whole lives...."

The building itself, in this new book, is presented as 'a noble work" reflecting the history, culture and aspirations of the state.

Classified Ads

Classified ads should be mailed to the Cameron Pilot, P. O. Box 995, DeQuincy, La. 70633.

Classifieds are $1.75 for the first 25 words per issue and 5 cents for each additional word. Because of the small cost of these ads and the high cost of sending a bill, CLASSIFIEDS MUST BE PAID IN ADVANCE.

The Challenge of Genealogy

by MARIE WISE

One safe and simple way for transferring land in colonial America was the INDENTURE used particularly by our British ancestors in what are now the Eastern seaboard states. This involved the hand-writing of a land transaction - deed, gift or mortgage - on a single sheet of paper which was then "indentured" or cut jaggedly in half. Each party had a copy.

These indentures were later brought into the County Court where they were officially "proved" or acknowledged as legal by both parties, and then copied into the deed book by the Clerk of Court. The method worked very well.

DEED BOOKS

Louisa County, Virginia, Deed Books A and B, 1742-1759, abstracted and compiled by Rosalie Edith Davis, contains several hundred transactions with names, locations and relationships of settlers during this early pre-Revolutionary period. The land area involved spans some 28 counties of Virginia plus colonies of North and South Carolina. Because of the scarcity of records from this particular time and place, this volume may be of particular value to the genealogist.

Softcover, 8½ x 11 inches, spiral bound, 179 pages, indexed, $10.00, available from: Mrs. Wm. J. Davis, 923 La Cherie Dr., Manchester, Mo., 63011.

BAKER

Among American settlers Baker is one of the earliest names. A genealogy of the family from the area of Jena, La. has been compiled by Mrs. A.T. Hair, Rt. 1, Box 372, Gueydan, La. 70542, softcover, 8½ x 11 inches, approx. 150 pages with updated yearly supplements since publication, $10.00.

The first member of this Baker line arrived in Virginia from England in 1665 at the age of 20. His descendants moved on to North Carolina, to Mississippi, to Arkansas, and at least by 1840, to Catahoula Parish. Bakers from this line settled in Acadia, Jeff Davis and Vermillion parishes, also at Crowley and into the Natchitoches and Ruston areas.

The Louisiana Bakers have a family association with officers and an annual reunion in June.

HAMPTON

The surname Hampton is English, in use since the 11th or 12th century and in Virginia since the early 1600s.

The Hampton Connection, Descendants of John Hampton the Tailor is a softcover volume, 8½ x 11 inches, 240 pages, indexed, compiled and published by Charles S. McCleskey, Rt. 3, Box 501, Baton Rouge, La. 70808.

John Hampton was a tailor by profession in Savannah, Georgia, who married Elizabeth Snider of German lineage in 1802. His genealogical "connection" goes back presumably to South Carolina, to Virginia, to England. His descendants migrated on to Louisiana and Texas.

In addition to tracing John Hampton's decendants for 175 years, this volume includes many letters, obituaries, excerpts from diaries, photos and other personal information.

CANNONS

The first official U.S. census taken in 1790 lists 148 Cannon families with a total of 829 persons living in the thirteen original states. The 1810 census lists Louisiana Cannons in at least Concordia and Orleans parishes.

Many Cannons arrived in the colonies in the 1600s, including John Cannon at New Plymouth in 1620, Richard and Elizabeth Cannon to New England in 1635 and Robert Cannon in Boston in 1652.

The Cannons "With Their Deep Roots and Tangled Branches" traces many lines of Cannons from many states. The volume is folder bound, 8½ x 11 inches, 140 pages plus index, $7.50, compiled by Edward P. Cannon, 462 North Main St., Poplar Bluff, Mo., 63901.

Included is a list of "Members of the Cannon Family who have been recorded in International History", plus a number of personal stories, records, history and family charts.

DAIGLE, ETC.

Mrs. B.M. Rodriguez, 515 Giuffrias, Metairie, La. 70002 wants to exchange info. on the families of DAIGLE, FORET, THERIOT and PALASKI from the Patterson and Houma areas of South Louisiana.

Cajun Pied Piper plays duck call, not flute

By GUY COATES
Associated Press Writer

LAKE CHARLES, La. — Dudley Faulk blasts on his whistle in the flat, Autumn-browned marsh. A flight of pintails answer, turn and head toward him.

A few minutes later he puts another contraption to his mouth, blasts a quacking noise and a small flight of mallards circle overhead.

"It don't always work," he said, chatting in a duck blind between sips of coffee. "Sometimes them ducks have a mind of their own."

But, more often than not it does work for Faulk, who has several duck calling championships to his credit.

With practice, the average run-of-the-mill weekend duck hunter can play a more modest form of pied piper, said the Cajun.

The best way to do it — if you don't have Faulk as an instructor — is to listen to an instructional record.

He's got to be right because Faulk sells duck calls by the thousands to hunters from New Zealand to Georgia "and a lot of places I forget."

At 51, Faulk has been turning out duck calls in a converted garage behind his house for nearly 20 years on a commercial basis.

"I was single and running around until 1960," he recollects. "Then I got married and took life more seriously. I worked shift work at a plant and on my off time, made a few calls in the garage.

"My daddy was a guide and made 'em for his own use. I guess I picked up his ear for getting the right sound."

Hunters from throughout the nation trek to the marshes near the southwest Louisiana city of Lake Charles each year and they watched in the early 1950s as local guides called in ducks with Faulk's calls.

"The word got around and that was that," he said. "Now, I have to limit production to keep quality."

Driving along the street in Faulk's neighborhood is like driving through a duck farm. All the sound flows from the old garage.

Six employees now help Faulk, who sits in the center of the small workshop, hand-tuning and testing each call that comes his way.

With the success of the duck calls, Faulk began getting requests for other animal calls and now he has a call for nearly all American game and predators, and currently "I'm working on the sound of a squeaking rat."

"I never been elk hunting in my life but I make an elk call that they say is good. I got a recording of a bull elk and worked three years on perfecting the sound."

When he's not grinding out calls or slipping away in season for a few hours hunting, Faulk speaks at Ducks Unlimited functions and teaches a class in calling at Louisiana State University in Baton Rouge.

"I can't do as much now. Getting too old for all that moving around." I got three daughters. They're not interested in the call business. Who's gonna make calls like Dud Faulk when I'm gone?"

If Faulk's getting old, he's fooling everyone. He moves around his shop like a teenager and is tireless on a hunt.

He's got a young man's temper, too.

The French Acadian accent gets stronger when he's on a subject that sparks the temper — like steel shot that the federal government wants as a replacement for lead shot.

Federal agencies claim that ducks are dying from lead poisoning, apparently picking up the shot from the muck as they feed.

Steel shot has not killing power," says Faulk. "You gonna cripple him, he's gonna fall and die slow or the animals will get to him.

"And, there's no way he's gonna gobble up that lead shot in this muck down here. That lead just sinks out of sight. Why ain't I dead? I've eaten so many duck with shot in em, I got a belly full all the time."

Quick Quiz!

How's your head for colds? Take this quiz and see how much you know about what gives one out of two Americans misery every year.

1. There are three waves of cold infection each year. True or false?

2. Americans spend more than $750 million a year for cough and cold preparations. True or false?

3. It takes between 18 and 48 hours for most colds to get started. True or false?

ANSWERS: 1. True. The waves occur after the opening of schools in September, in mid-winter, and in spring. 2. True. Approximately 24 percent of Americans use cough tablets—and almost half of these people turn to Halls Cough Tablets for relief of minor throat irritation and coughs due to colds and allergies. 3. True. During this short incubation period the first sign of a cold is usually a dry, scratchy or tingling sensation in the throat or nose.

The first American husband and wife team to win the Nobel Prize was Dr. Carl Ferdinand Cori and his wife, Dr. Gerty Theresa Cori—in 1947 for work in the field of medicine.

Ovey's cap, cane are welcome sight

(Lake Charles American Press)

EVERY NOW AND then I look up and there he comes down the aisle, cane in hand, tipping his leather cap to the ladies as he walks along.

My good friend Ovey Granger drops by to chat, share some thoughts he's put on paper, tell some jokes and just philosophize about life in general.

Granger is in his early 70s and is sharp as a tack.

One day he called me wanting help in getting out of what he called an "old folks home." He knew there had been reason to put him there, but he was getting itchy feet.

I contacted his daughter, explaining his plight, and in a few days he was out on leave. They had a difficult time getting him to go back.

Eventually, he was released, but it wasn't the best of experiences. Here is what he wrote about his stay in the home:

• • •

"I WAS FED pot-bottom leftovers. I lost 10 pounds the first two weeks. I was left $17.50 from my Social Security check to pay for my insurance and clothes and shoes.

"I came out naked and barefooted after three months.

"Even $15,000 can't cover what the month of September cost me in care and living space.

"The management has changed and all my reports are coming in better, but I could never face that same kitchen again, except to visit all my friends.

"I would love to help those helpless people.

"Oct. 3. I was given my liberty by the owners of that place. May God bless them."

Since that time Granger has been living upstairs in a two-story home, a place where he says he's "had a bed between hospital visits for five years."

Climbing the stairs is becoming difficult, so he's trying to find a place in a housing development for senior citizens.

The Council on Aging sent Granger to see a politician's aide in the hopes someone could expedite his application for housing. He says all he got from the aide was a "Ha, Ha."

Granger takes things in stride, but here's his answer to the problems faced by the elderly:

Jim Beam

"I heard a very good preacher say one time we poor people must fight Satan. How in this political hell can we starving old folks fight Washington, D.C. and every capital in the U.S.A.?

"The U.S.A. is the best, but there are no laws for us old folks who built it."

Granger left his assessment of things for me to look over. A couple of days later, he was back in again for a chat.

"I just came by to wish you a Merry Christmas," he said. He declined my offer of coffee, saying he couldn't drink it anymore. He said he was going to his daughter-in-law's for Christmas. In a few minutes, he was gone.

• • •

THOSE FEW MINUTES Granger and I spend together from time to time are enriching in every respect. He always apologizes for taking up my time, but what's a little time when people like him have so much to share?

Unfortunately, our senior citizens find too few willing to lend an ear.

I count myself lucky to have such an old and dear friend as Ovey Granger.

In some parts of Russia people used to roll around in the fields in the hope that this would encourage the crops to grow.

Pete and Barbara make it to Colorado

Dear Editor:

Remember Pete and Barbara Jenkins? The newly weds who were taking a walk across our huge United States of America.....

Well, sometime ago your newspaper published a fine story about us and our "Walk across America" which we are doing in collaboration with The National Geographic Magazine.

We felt that many of your readers, of whom a lot are our friends would like to know whatever happened to us. So, we have written you a short summary of our experiences as we have walked and talked and lived with great Americans through Louisiana, Texas, New Mexico, and Colorado.

A...No, we were not eaten by alligators--but we lived with some alligator hunters in Louisiana where we trapped, skinned and ate 'gator...yuck!

B...And no we didn't get robbed by outlaws and Indians in Texas, but we did stay with a rancher in Alto, Texas, who raises beautiful red Brahman cattle... Delicious!

C...And yes we lived in dynamite Dallas for the winter of '76 and yes I got fat working in a Mexican restaurant...Hot!

D...And no, we weren't burnt to a crisp by the Texas sun this summer because we had giant golfing umbrellas attached to our packs.

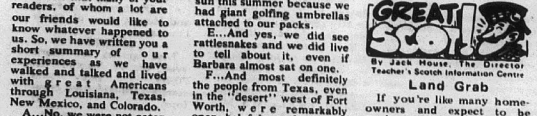
E...And yes, we did see rattlesnakes and we did live to tell about it, even if Barbara almost sat on one.

F...And most definitely the people from Texas, even in the "desert" west of Fort Worth, were remarkably open, helpful people.

G...And yes, we did stories about great Americans from Birmingham, Montgomery, Mobile, New Orleans, Lake Charles, Louisiana, Dallas, and Olney Truscott, Quanah, and Borger, Texas. Not to mention great cows and beautiful mountains of yellow in New Mexico.

H...And, my was I black and oily while working in the oil and gas fields around Borger, Tex.

I...And thank God on 10-28-77 we walked off 11,361 ft. Slumgullion Pass into Lake City, Colo. 4 months to the day after leaving Dallas, Tx. In this 8,700 ft. town which is one step below heaven we will spend the winter writing a book for the William Morrow Co. of N.Y...Believe it or now, the day after we got here a blizzard blew in with 3-6" of snow-now sure, it hasn't stopped yet.



GREAT SCOT!

By Jack Mouse, The Director Teacher's Scotch Information Centre

Land Grab

If you're like many homeowners and expect to be paying off your home and land for a long time to come, you might consider, with some envy, how land was acquired in ancient Scotland.

Then, if you wanted to lay claim to a piece of land, you had to take your boat right round it.

In the days when the Vikings were carrying out regular raids on Scotland a favorite Norse trick was to choose a narrow neck of land—called a tarbert—take the war galleys ashore and pull them across country to the next piece of suitable water.

One Viking fleet sailed to Loch Long and dragged the galley across country to Loch Lomond.

Then the Vikings sailed down Loch Lomond and claimed that all that part of Scotland belonged to them.

They were defeated in the 13th century, Teacher's Scotch Information Centre points out, but a village on Loch Lomond is still known as Tarbert.

YOUR LIFE INSURANCE

Prepared by the American Society of Chartered Life Underwriters, the national society of life insurance professionals who have earned the C L U designation by meeting high educational, ethical and experience requirements.

Q. My husband includes me in on all our financial planning but he has this "thing" about not discussing his insurance arrangements with me. How would I go about collecting on them if I don't even know where they are?

• • •

A. Surprisingly, there are a number of wives who are uninformed about their husbands' plans for the family's financial security. Husbands could save their spouses a great deal of anxiety and possible delay in receiving proceeds by giving them the answers to the following questions:

• Where are the policies kept?

• Where is the separate record listing all policy numbers and companies, including any employer-provided group policies?

• What family need is each policy intended to meet?

• What would happen if a premium isn't paid when it falls due?

• Are there any loans against any of the policies?

• How are the proceeds to be paid—in a lump sum or in installments?

The forerunner of the modern skyscraper was the 10-story Home Insurance Company building in Chicago, built with a steel-frame construction in 1884.

LEGAL NOTICE
STATE OF LOUISIANA,
OFFICE OF CONSERVATION, BATON ROUGE, LOUISIANA.

In accordance with the laws of the State of Louisiana and with particular reference to the provisions of Title 30 of Louisiana Revised Statutes of 1950, a public hearing will be held in the Conservation Auditorium, 1st Floor, State Land and Natural Resources Building, 625 North 4th Street, Baton Rouge, Louisiana, at 9:00 a. m., Wednesday, January 25, 1978, upon the application of Shell Oil Company.

At such hearing the Commissioner of Conservation will consider evidence relative to the issuance of an order pertaining to the following matters relating to the N Sand, Reservoir A, Kings Bayou Field, Cameron Parish, Louisiana:

1. To establish rules and aregulations necessary to revise the single drilling and production unit for the N Sand, Reservoir A, previously created by Order No. 638-B, effective March 1, 1966.

2. To force pool and integrate all separately owned tracts, mineral leases and property interests within the unit revised.

3. To designate as the unit well the Shell, J. H. Meaux Well No. 3, located in Section 35, Township 14 South, Range 7 West, Cameron Parish, Louisiana, which is the present unit well.

4. To continue tract participation based on 40 percent surface acre and 60 percent net acre-foot basis, as presently provided for in Order No. 638-B-1.

5. To adopt and promulgate such additional rules and regulations as may be necessary or appropriate in connection with the unit created.

The N Sand, Reservoir A, in Kings Bayou Field, is defined in Order No. 638-B, effective March 1, 1966.

A plat showing the proposed revised unit of 686.18 acres and the location of the unit well is available for inspection in the Office of Conservation in Baton Rouge and Lafayette, Louisiana.

Since the interested parties are so numerous, the applicant will provide for the advertisement of this legal notice in a newspaper of general circulation in the vicinity of the subject field and will provide for the posting of the legal notice and unit plat in a prominent place in the area affected.

All parties having interest therein shall take notice thereof.

LEGAL NOTICE
STATE OF LOUISIANA,
OFFICE OF CONSERVATION BATON ROUGE,
LOUISIANA

In accordance with the laws of the State of Louisiana and with particular reference to the provisions of Title 30 of Louisiana Revised Statutes of 1950, a public hearing will be held in the Conservation Auditorium, 1st Floor, State Land and Natural Resources Building, 625 North 4th Street, BAton Rouge, Louisiana, at 9:00 a. m., Wednesday, January 25, 1978, upon the application of Shell Oil Company.

At such hearing the Commissioner of Conservation will consider evidence relative to the issuance of an order pertaining to the following matters relating to the T Sand, Reservoir A, Kings Bayou Field, Cameron Parish, Louisiana.

1. To establish rules and regulations and a drilling and production unit for the T Sand, Reservoir A.

2. To force pool and integrate all separately owned tracts, mineral leases and property interests within the unit so created.

3. To designate as the unit well the Shell, J. H. meaux Well No. 4, located in Section 35, Township 14 South, Range 7 West, Cameron Parish, Louisiana.

4. To adopt and promulgate such additional rules and regulations as may be necessary or appropriate in connection with the unit created.

The T Sand, Reservoir A, Kings Bayou Field, is defined as that gas and gas condensate bearing sand occurring in the interval from 14,260 feet to 14,296 feet (electric log interval) in the Shell, J. H. Meaux Well No. 4, located in Section 35, Township 14 South, Range 7 West, Cameron Parish, Louisiana.

A plat showing the proposed unit of approximately 212 acres and the location of the proposed unit well is available for inspection in the Office of Conservation in Baton Rouge and Lafayette, Louisiana.

Since the interested parties are so numerous, the applicant will provide for the advertisement of this legal notice in a newspaper of general circulation in the vicinity of the subject field and will provide for the posting of the legal notice and unit plat in a prominent place in the area affected.

All parties having interest therein shall take notice thereof.

NOTICE
NOTICE OF PUBLICATION
OFFICE OF
MINERAL RESOURCES
ON BEHALF OF
THE STATE MINERAL BOARD
FOR THE
STATE OF LOUISIANA
BATON ROUGE
LOUISIANA 70821

By virtue of and in conformity with the provisions of Chapter 2, Title 30 of the Louisiana Revised Statutes of 1950, as amended, sealed bids will be received in the Office of Mineral Resources, State Land and Natural Resources Building, Baton Rouge, Louisiana, on or before the 11th day of January, 1978, at 1:00 p.m., for a lease to explore, drill or mine for and produce oil, gas and any other liquid or gaseous hydrocarbon minerals, sulphur and potash in and on the following described tract (Tract No. 14753) at which time and date the bids will be opened publicly in the State Land and Natural Resources Building, Capitol Complex, Baton Rouge, Louisiana.

TRACT 14753 — PORTION OF BLOCK 1, WEST CAMERON AREA, REVISED, Cameron Parish, Louisiana — That portion of Block 1, West Cameron Area, Revised, Louisiana, Louisiana, belonging to the State of Louisiana and/or under mineral lease on October 17, 1977, described as follows: Beginning at a point on the South line of Block 1, West Cameron Area, Revised, having Lambert Plane Coordinates of X = 1,439,736.183 and Y = 393,796.340, thence West 13,200.00 feet along the South line of said Block 1 to a point having Lambert Plane Coordinates of X = 1,426,536.183 and Y = 393,790.340, thence North 9,588.10 feet to a point having Lambert Plane Coordinates of X = 1,429,035 and Y = 401,760, thence Easterly to a point having Lambert Plane Coordinates of X = 1,431,465 and Y = 400,740, thence Southeasterly to a point having Lambert Plane Coordinates of X = 1,436,899 and Y = 399,820, thence Southeasterly to a point having Lambert Plane Coordinates of X = 1,439,736.183 and Y = 398,796.867, thence South, 4,996.00 feet to the point of beginning, estimated to contain 1,847.00 acres, more or less, all as shown on the plat on file in the Office of the Secretary, Department of Natural Resources. All bearings are based on Louisiana Lambert Plane Coordinate System (South Zone).

NOTE: It appears according to our records that a portion of this tract is located within the restrictive safety fairway area as set out by the Corps of Engineers, U.S. Army.

All bids are to offer a cash bonus for a lease having a primary term which shall not exceed five years and granting without any warranty or recourse against lessor whatsoever, either expressed or implied, not even for return by lessor of any payments received under the lease or being otherwise responsible to lessee. The minimum royalties required by RS 30:127, as amended, are one-eighth (⅛th) of all oil produced and saved; one-eighth (⅛th) of all gas produced and saved; seventy-five cents ($.75) per long ton of sulphur produced and saved; ten cents ($.10) per ton of potash produced and saved; and one-eighth (⅛th) of all other liquids or gaseous hydrocarbon minerals produced and saved. A bid of a royalty less than the aforesaid statutory minimums will be invalid and will not be considered by the Board. All bidders are notified that the Board does not obligate itself to accept a bid which offers the aforesaid statutory minimums, but reserves the right to accept a bid which offers in excess of the statutory minimums and is considered most advantageous to the State of Louisiana.

With respect to royalty bids on sulphur and potash, prospective bidders are advised that the Board, by policy, has expressed a preference that royalty bids on sulphur and potash be on a percentage or fraction basis, in excess of the statutory minimums, and that such suggested percentage is 1/36th or 1/40th and is one-eighth (⅛th) of the value per long ton of sulphur produced and saved and 12½% or ⅛th of the value per ton of potash produced and saved. It is to be clearly understood, however, that the Board reserves the right to accept a royalty bid on sulphur and potash presented or lesser than the preferred royalty, provided that the statutory minimums are met, if the lease is considered most advantageous to the State of Louisiana.

The provisions of this notice or advertisement and the relevant statutes establish the material considerations necessary for the formulation of proper bids, and this notice or advertisement shall not be deemed to be modified, enlarged or diminished by resolutions or policy expressions of the Board not incorporated herein expressly or by reference.

All leases awarded shall be executed upon terms and conditions provided in the form of lease form with all applicable riders as provided herein, including but not limited to provisions as follows: Should lessee fail to begin the actual drilling (spudding in) of a well on the lease or premises within one year from the date of the lease, the lease shall terminate as to both parties, unless on or before such anniversary date, lessee shall pay or deliver to lessor a delay rental (which shall in no event be less than one-half of the bonus offered), which shall cover the privilege of deferring the commencement of operations for a period of one year. Upon like payments or tenders annually, the commencement of operations may be further deferred for successive periods of one year each during the primary term of the lease. The lessee shall have the right to exercise any such option or agreement with reference to the State's interest and shall contain the provisions usual for the validation of agreements with regard to the development of the leased premises subject to the approval of the State Mineral Board. The lessee shall have the right to enter into any pooling or unitization agreements with respect to development of the leased premises subject to the approval of the State Mineral Board.

Certified check, cashier's check or bank money order payable to the OFFICE OF MINERAL RESOURCES for the full amount of the cash bonus, shall accompany and be submitted with each bid, and no bid thus submitted may be withdrawn. Each bid shall be sealed and the certified check, cashier's check or bank money order accompanying the bid of the successful bidder shall be retained and deposited by the OFFICE OF MINERAL RESOURCES and the proceeds thereof disbursed in the manner required by law. The successful bidder to whom the lease is awarded shall return the written lease, duly executed, within fifteen (15) DAYS after bidder's receipt of same with the penalty of forfeiture of the lease and the bonus previously tendered and deposited in the event of failure to do so.

Consistent with the policy of the Board as expressed in a resolution dated August 12, 1965, all bidders desiring to bid on separate tracts or portions of tracts should be described by metes and bounds and be accompanied by a transparent plat outlining thereon the portion bid upon. The scale of the plat should be 1 inch = 2,000 feet.

The State Mineral Board reserves the right to reject any and all bids or to grant a lease on any part of the tract advertised, and to withdraw the remainder of the tract.

The provisions of this notice or advertisement and the relevant statutes establish the material considerations necessary for the formulation of proper bids, and this notice or advertisement shall not be deemed to be modified, enlarged or diminished by resolutions or policy expressions of the Board not incorporated herein expressly or by reference.

All leases awarded shall be executed upon terms and conditions provided in the form of lease form with all applicable riders as provided herein, including but not limited to provisions as follows: Should lessee fail to begin the actual drilling (spudding in) of a well on the lease or premises within one year from the date of the lease, the lease shall terminate as to both parties, unless on or before such anniversary date, lessee shall pay or deliver to lessor a delay rental (which shall in no event be less than one-half of the bonus offered), which shall cover the privilege of deferring the commencement of operations for a period of one year. Upon like payments or tenders annually, the commencement of operations may be further deferred for successive periods of one year each during the primary term of the lease. The lessee shall have the right to exercise any such option or agreement with reference to the State's interest and shall contain the provisions usual for the validation of agreements with regard to the development of the leased premises subject to the approval of the State Mineral Board. The lessee shall have the right to enter into any pooling or unitization agreements with respect to development of the leased premises subject to the approval of the State Mineral Board.

Certified check, cashier's check or bank money order payable to the OFFICE OF MINERAL RESOURCES for the full amount of the cash bonus, shall accompany and be submitted with each bid, and no bid thus submitted may be withdrawn. Each bid shall be sealed and the certified check, cashier's check or bank money order accompanying the bid of the successful bidder shall be retained and deposited by the OFFICE OF MINERAL RESOURCES and the proceeds thereof disbursed in the manner required by law. The successful bidder to whom the lease is awarded shall return the written lease, duly executed, within fifteen (15) DAYS after bidder's receipt of same with the penalty of forfeiture of the lease and the bonus previously tendered and deposited in the event of failure to do so.

Consistent with the policy of the Board as expressed in a resolution dated August 12, 1965, all bidders desiring to bid on separate tracts or portions of tracts should be described by metes and bounds and be accompanied by a transparent plat outlining thereon the portion bid upon. The scale of the plat should be 1 inch = 2,000 feet.

The State Mineral Board reserves the right to reject any and all bids or to grant a lease on any part of the tract advertised, and to withdraw the remainder of the tract.

Homemakers have Yule party

Members of the Creole Extension Homemakers Club along with their guests, are gathered here around the Christmas tree with the gifts which they received at the club's annual Yule party. The affair was held at the Woodmen of the World Hall in Creole on Dec. 13.

The evening's program, under the direction of Mrs. Baron Thomas, Mrs. Preston Boudreaux, and Mrs. William Morris, consisted of caroling, playing games, and exchanging gifts. Climaxing the affair was a buffet supper.

Winners of the games were Mrs. Vernita Tillery and Mrs. Mayola Wicke.

Guests included Elvina Trahan, Lucille Savoy, Mrs. Mac Rutherford, Mrs. Roland Primeaux, Mrs. Eve Landry, Mrs. Annie Meaux, Mrs. Tillery, and Mrs. Laura Richard.

Grand Chenier

By ELORA MONTIE

Kenneth Nunez recently purchased a 1978 Dodge pickup truck.

Sympathy is extended to the family of Antoine Broussard who died recently. Mr. Broussard lived in Grand Chenier several years.

Mr. and Mrs. Fred Dunham of New Orleans have moved into the old home place of her father, Rapheal Miller. They moved back Dec. 10 and had with them for Christmas all their children and grandchildren.

CORRECTION

At Aggie Day in Cameron showing the two Reserve Champion Lambs was Cheryl Miller instead of Cheryl Granger. Sorry.
