More indictments are told for Joe Soileau

A Cameron Parish Grand Jury handed down five more indictments of felony theft Tuesday in the case of Joseph L. Soileau, former South Cameron Memorial Hospital chief executive officer.

Soileau is charged with stealing more than \$1.4 million from the hospital during his 10 year tenure as hospital administrator.

He was originally indicted 18 months ago for stealing \$425,000 from the hospital. This amount is included in the new total.

The Grand Jury handed down five more indictments of felony theft after hearing from an FBI agent, a state crimes investigator and other witnesses.

However, the Grand Jury postponed taking action Tuesday against Soileau's daughter,

Brandi, on five counts of felony theft.

District Attorney Glenn Alexander said the investigation of Joseph and Brandi Soileau was continuing.

Soileau pleaded not guilty to the first four theft charges last April and was freed from jail two months later on a \$100,000 bond.

Tax passes

Cameron Parish voters on Saturday renewed a tax for education that generates about \$800,000 a year, funding about 7 percent of the parish school budget.

The 8.09-mill, 10-year renewal passed 715-213, or 77 percent to 23 percent, according to Cameron Parish Clerk of Court Carl Broussard.

About 13 percent of the parish's 7,100 eligible voters turned out for the parishwide election.

The parishwide special tax was first passed in 1970 for the maintenance, operation and improvement of elementary and secondary schools.

Ambulance districts set meeting

Cameron Parish's two ambulance district boards will have a joint meeting at 7 p.m., Mon., Jan. 29, at the Cameron Council on Aging meeting room in Cameron.

The Lower Cameron Ambulance District includes the area west of the Calcasieu ship channel and south of the Intracoastal Canal and includes Cameron, Creole and Grand Chenier. Clifton Hebert is board president.

Cameron Parish Ambulance district #2 includes the northern and western part of Cameron parish including Grand Lake, Sweet Lake, Hackberry, Holly Beach and Johnson Bayou.

The District #2 board is expected to adopt a resolution seeking an increase in the millage for that district. They also will hold a hearing to receive an employee's grievance.

The parish's ambulances were formerly operated by the South Cameron Hospital but now are being operated by the two tax-supported ambulance districts.

Escapees were not in parish

The capture of four of the Texas escapees and the suicide of a fifth in Woodland, Colorado Monday probably cleared up the mystery of whether they had been sighted in Cameron Parish.

Seven men accompanied by a woman were seen in a Grand Chenier lounge on Wednesday night, Jan. 10, and some of the witnesses believed the men were the fugitives who had escaped from a Texas prison near San Antonio on Dec. 13.

FBI, sheriff deputies and other law enforcement officers conducted a thorough search of lower Cameron parish on Thursday, Jan. 11, but found no signs of the men.

Authorities said after the capture in Colorado Monday that the men were believed to have been in that area since around New Year's day, which if true, would have meant that the persons sighted here were not the fugitives.

Cameron Parish Coastal Use Permit Application
Interested parties are hereby notified that the Coastal Management Section of the Cameron Parish Police Jury has received the following apparently complete application for a Coastal Use Permit in accordance with the rules and regulations of the Louisiana Coastal Resources Program and R. S. 49:213.1, the State and Local Coastal Resources Management Act of 1978, as amended.

L.C.U.P. Application #010205
Name of Applicant: Miami Corporation, Inc., 309 LaRue France, Suite 201, Lafayette, La. 70508.

Location of Work: North Grand Chenier, Catfish & Grand Lake, Sections 5, 7-10 and 15-18, T14S, R4W, Cameron Parish, Louisiana.

Character of Work: The applicant requests authorization to remove approximately 102,357 cubic yards of native material from the water bottom of 110,546 linear feet of existing trenasse. The decision will reflect in the national concern for both protection and utilization of important resources. The decision must be consistent with the state program and approved local programs for affected parishes and must represent an appropriate balancing of social, environmental, and economic factors.
