

J. C. Boudreaux

## Boudreaux's movie role is recalled

J. C. Boudreaux of Cameron, who became a movie star at the age of 12 in 1947, got some more recognition in this month's issue of the Oxford American magazine, which calls itself the "Southern Magazine of Good Writing."

The issue was devoted to Southern movies and in the section on "13 Essential Southern Documentaries" the movie "Louisiana Story" filmed at Pecan Island by famed director Robert J. Flaherty gets an honorable mention.

The article relates how Standard Oil Company hired Flaherty to make a documentary on oil drilling in Louisiana.

"Flaherty decided to humanize his story by focusing the plot on the adventures of a 12-year-old Acadian boy," the article reads. The film was made in Pecan Island.

"For the role, they enlisted a local boy, Joseph Boudreaux, whom they found sitting on a curbstone near their base of operations in Abbeville."

The film went on to win national and international honors. Boudreaux grew up and became an employee of the Cameron Telephone Co., retiring a few years ago.

In 1984 he and his wife traveled to Los Angeles as guests of Exxon Corp. (formerly Standard Oil) to appear on a program celebrating the centennial of Director Flaherty.

In 1994 Boudreaux was honored at McNeese when "The Louisiana Story" was shown as part of the McNeese Banners Series.

Prime Time II registration will begin soon at the library. Transportation will be provided for both parents and children from your home to the library and back if requested at time of registration. There will be no charge for any services of Prime Time.

The program focuses on children ages 6 and older with a par-

ent or guardian. Stories are read and discussed with the discussion steered toward the theme (moral) of the week. This reinforces the role of the family and trains parents and children to bond around the act of reading.

Prime Time II also teaches parents and children to read and discuss humanities topics (history, literature, and ethical issues such as fairness, greed, honor, and trickery) fostering high academic expectations and achievement for children in low-literacy families.

All Prime Time Programs are free and open to the public. Advanced registration is required because of limited seating and books. For more information and advance registration call Cameron Parish Library at 775-5421.

# Alexander will not seek re-election as district attorney

Cameron Parish District Attorney Glenn W. Alexander has announced that he will not run for re-election in the October 2002 primary this fall. In announcing his decision not to run for a third term, Alexander, 52 said that he has enjoyed the privilege of serving in the District Attorney's Office for over 21 years and now wants to allow others to have the same opportunity to experience the enjoyment and satisfaction of public service.

"It has been a special honor and privilege for me to have served our people in the office of the District Attorney for these many years. We have enjoyed an excellent working relationship with Judge Fontenot, with our sheriff's Department, our Public Defender's Office, the Police Jury, School Board, all of the attorneys who have business with the District Attorney's Office, and with all of our public officials.

"I have been especially fortunate to have had Cecil Sanner and Jennifer Jones, both highly qualified attorneys with many years of experience and exceptional legal talent, to serve as my assistants. My staff of loyal and dedicated employees including Peggy LaLande, Renee Dupre, Reggie Jones, Michelle Conner, Ellen Montie, Roxanne Stoute and William Daigle, have handled the continually increasing workload of the District Attorney's Office extremely professionally and efficiently throughout the years, and I am very proud of them. They are simply the best.

"I am now at the age and the

Glenn Alexander

point in my life where I look forward to returning to the full-time private practice of law, and although I will not be in public office, I will continue to work for the good of our Parish and our people in the years to come."

Alexander has held the office of District Attorney of Cameron Parish and of the Thirty-Eighth Judicial District for the past twelve years, having run unopposed in each election. His first six-year term of office began in January of 1991.

Prior to his election he had served for the previous nine years as First Assistant under District Attorney Jerry G. Jones, and for the two years before that he was the Secretary and Legal Advisor to the Cameron Parish Police Jury beginning in 1979.

# Meeting set Tuesday on dredging materials

By LIZ MAPLES  
American Press

The last Louisiana meeting to gather suggestions for use of dredged material out of the Sabine-Neches Canal will be held at 10 a.m. Tuesday, Feb. 5, at the Sabine National Wildlife Refuge.

Calcasieu and Cameron police juries will have a joint meeting to discuss where dirt and sand should be placed.

The Jefferson County Waterway and Navigation District and the Texas oil industry wants the Sabine-Neches Canal enlarged to accommodate more cargo and larger ships. The canal is 40 feet deep and 400 feet wide, the same as the Calcasieu Ship Channel.

The U. S. Army Corps of Engineers, charged with studying the project, hired the Baton Rouge firm Gulf Engineers and Consultants to gather the ideas about spoil and canal expansion.

Preliminary cost estimates put a \$400 million price tag on the project. The local match would be \$100 million. Voters in Jefferson County would have to approve a bond issue first.

Members of the Cameron Preservation Alliance asked that dirt and sand dredged from the project be used to stop erosion around the Sabine Pass Lighthouse.

The alliance's Carolyn Thibodeaux said the group was concerned because the project could bring the banks of the channel closer to the lighthouse, which now sits about 150 yards away.

The district's Tom Jackson told the group it would have to be careful not to build up around the lighthouse too high.

"If you do, the lighthouse will be sitting in a pond," he said.

Members of the alliance said they would like to see spoil, dredged dirt and sand spread south of the lighthouse to stop erosion there. They hope that marsh grasses would grow on the spoil and act as a barrier to protect the lighthouse from hurricanes.

The lighthouse was built in 1854 at the passage from the Gulf of Mexico to Sabine Lake. A 2002 appraisal of the structure's condition estimated the cost of restoration at \$1 million.

The first Social Security check was issued by the U. S. Government on Jan. 31, 1940.

Cameron Pilot, Jan. 30, 1969. FORMER CLERK OF COURT

Old timers hereabouts were recalling this week the memory of John Edwin Gee, Cameron Parish's Clerk of Court for more than thirty years back around the turn of the century.

Their recollections were prompted by the presentation to the present Clerk of Court, J. Berton Daigle, of the framed certificate of Mr. Gee's appointment by Louisiana Gov. Samuel Douglas McEnery signed on April 22, 1884--nearly 85 years ago.

The old certificate was recently sent to the Cameron Pilot by Mr. Gee's granddaughter, Tyma Lee Snow, of San Antonio, Texas, who wrote:

"I just cannot destroy the enclosed old document since it carries the signature of the Governor of Louisiana in 1884. Any use you see fit to make of it will be greatly appreciated. I thought possibly there might be a place in the Public Library or perhaps the Court House."

Her grandfather, Mrs. Snow wrote, was born Jan. 17, 1838, in Alabama, and died Oct. 8, 1920. He moved to Cameron Parish following many years of convalescence in Alabama from injuries received in the War Between the

States.

He remained partially disabled all his life.

"He went back to Gainesville, Ala., after his first election as Clerk of the Court for marriage on Jan. 10, 1885 to his childhood sweetheart, Willie Ann Griffin, returning to Cameron parish," Mrs. Snow relates.

"He held the position of Clerk of the court for well over 30 years and I have been told that there were many times when he had no opponent."

Mr. Gee had two children, Irene Russell Gee, born March 12, 1870, died Aug. 12, 1956, and John Edwin Gee, born Sept. 9, 1878, died May 3, 1967.

John Edwin Gee was Mrs. Snow's step-father, and Pilot readers will remember that the paper ran a series of old photographs taken years ago in Cameron that had come from his scrapbook.

Gee was the second Clerk of Court of Cameron Parish. He was first sworn in on Nov. 23, 1875 and served until Dec. 23, 1908--a period of 33 years. He was preceded by L. C. Stansbury and followed by W. H. Laurents.

In Loving Memory of Bryant & Lovenia Bartie

They caught the winds of flight And soared where eagles go, They left the woes of troubled souls Behind them far below. Ma-ma, Pa-pa, Jimmie are with them in their flight, Enjoying the beauty of the night. The boundless heavens for their home, The breeze to lift them high Rising above their mortal bonds Never having to die. Knowing they have found the way To trails where angels trod, And when their wings could fly no more - They took the hand of God!

We love and miss you very much, Wanita, Mary, Lillie, Lorina, Bryant, Jr., and Walter

Lillian Mae Mouton  
HAPPY 2ND BIRTHDAY IN HEAVEN

1/31/38 - 12/15/00

Looking back on the memory of the dance we shared, beneath the stars above, for a moment all the world seemed right, how could I have known that you'd ever say goodbye.

Holding you I held everything, for moment wasn't I the king, if I'd only known how the king would fall, then whose to say you know I might have changed it all, and now I'm glad I didn't know the way it all would end, the way it all would go, our lives are better left to chance - I could have missed the pain, but I'd have to miss the dance!

You were and will always be the wind beneath our wings. Cherished memories of you live on in our hearts, your life is a gift we all share.

Loving and missing you always, yesterday, today and forever until we meet again, and finally to Jesus for having blessed our family with such a treasure.

Earl, Gerald, Yvonne, Val, Tommy, Johnny, Teresa, Patty, Family and Friends

Although monies generated from the newly passed tax won't be received until January of 2003, we will begin planning for improvements and try to implement a disease surveillance program on a limited basis this summer.

We will continue to provide the best possible mosquito control and at the same time operate in the most cost effective manner possible.

tions to try and hunt more days this coming season, and fish way more than we did last year, but now duck hunting is over and February has come and we're talking fishing. Time flies even if the ducks didn't.

Now that February is here, we'll see what the ground hog does Saturday, Feb. 2, but we'll also see what Boudreaux "D" Nutria from Pecan Island does also. Let's hope we don't have eight more weeks of winter.

February is the month opossums give birth and white bass begin spawning. Our migrating waterfowl will begin moving northward, sac-a-lait schools will break up and armadillos give birth this month.

Gulf sturgeon enter rivers to find suitable spawning habitat. It's time to repair turtle traps, clean and repair Eastern Bluebird homes and Purple Martins start to appear.

In Toledo Bend, largemouth bass will be biting on crawfish, and if the weather is warm our local bass will begin making nest to spawn.

We'll see squirrel, rabbit, nutria, quail and snipe seasons close. Folks will start celebrating Mardi Gras and Ash Wednesday, Lent begins. Observations of Lincoln's Birthday, Washington's Birthday and Presidents Day will take place and don't forget your loved one come St. Valentines Day.

I think it's fishing time and this is "The Fisherman's Prayer." Lord suffer me to catch a fish, so large that even I, in talking of it afterwards, shall have no need to lie.

## NEWS BRIEFS

A possible world record blue catfish that weighed 116 pounds 12 ounces was caught in Arkansas on the Mississippi River. A 62 inch long (5 feet, 2 inches) could beat the world record by up to 5 pounds. The funniest thing about that was that it was caught with a piece of luncheon meat, "Spam".

Lake Concordia will no longer be a trophy lake, even removing the slot limit. For ten years it was believed that a 10 pound largemouth could be taken from the lake, but now that's all over. This was a good 5 pounder lake at one time, but things have changed.

I've seen three pairs of brown pelicans this past week, in fact I was idling my boat at the camp, one pair was on the bulkhead and I passed within 8 feet from them and they didn't even move.

## SUNRISE - SUNSET

Fri., Feb. 1 - 7:04 a.m. & 5:49 p.m.  
Sat., Feb. 2 - 7:03 a.m. & 5:50 p.m.

Mon., Feb. 4 - 7:02 a.m., 5:52 p.m.  
Tue., Feb. 5 - 7:01 a.m., 5:53 p.m.  
Wed., Feb. 6 - 7:00 a.m., 5:54 p.m.  
Thurs., Feb. 7 - 7:00 a.m., 5:54 p.m.

The best fishing days for February is the 15th, 23rd and 24th. The good days are 4-5-14-17-28.

We'll start putting feeding times at the end of February.

# Scout praised for efforts to benefit the elderly

Occasionally events occur that bring to mind the effects the Boy Scout program and The Cameron Pilot have on our local society. I recently received a check from a former student and very good friend who read in the Cameron Pilot about the Eagle Scout project being performed by one of the Scouts in Creole Troop 202. The money was a response to a recent article this young man put in The Cameron Pilot requesting contributions to help purchase smoke alarms to place in the homes of elderly and needy families in the Creole area.

Mr. Billy Legare, who graduated from SCHS in the '60's and a regular visitor to our community owns and operates a taxi and bus company in Massachusetts. His response to Joby Richard's

request for contributions to help finance the purchase of the needed smoke alarms indicates the respect for Scouting and young Eagle Scout candidates, the far reaching arm of the news carried by The Cameron Pilot and the development of the true "southern hospitality and love for one's friends" that surely was ingrained in Mr. Legare during his days in Cameron Parish.

I want to take this opportunity to congratulate Joby on his Eagle Scout project, thank Mr. Legare for his contribution to the success of the project and express my appreciation to the Cameron Pilot for it's undying efforts to spread the news of Cameron Parish far and wide.

# 9/11 victims, sheriff's dept. honored by school project

Betti Jo Beard Pesson recently completed a project with the help of Grand Lake elementary students to remember the victims of Sept. 11 and to honor the Cameron Parish Sheriff's Dept.

Ms. Pesson made a banner in memory of the New York victims and honoring the law enforcement officers who lost their lives while trying to rescue the victims.

"With this banner I want to show the Cameron Parish Sheriff's Dept. how much we as a community appreciate all you do for us."

Students and teachers in PRE-K thought 4th grade signed a card that was presented to Sheriff Sono Savoie along the banner and a poem.

Ms. Pesson thanked Donnie Ogea, Sheri Doland, Dawn

Baker, Melba Faulk, Principal David Duhon and Asst. Principal Jackie Holmes for their help with the project.

Sheriff Savoie expressed his thanks to Ms. Pesson and the Grand Lake students for "being appreciated."

"The horrible events of Sept. 11 brought out the good in many people," Sheriff Savoie said. "At the Sheriff's Dept. we have received many words and acts of appreciation that we normally do not get. It seems that America has realized the invaluable service that is provided its citizens each hour of the day by her police officers, firemen and emergency medical providers."

Ms. Pesson also sent a poem entitled "Prayer for Peace" along with the banner and card to the Sheriff's Dept.

# 9th graders' parents are reminded of new standards

The Board of Regents for higher education this week is sending almost 60,000 letters to parents of 9th grade students around the state, reminding them that their sons and daughters will be the first class to be affected by the Regents' new college admissions standards that become effective 2005.

The Regents are sending the letters to school principals who have been asked to distribute the one-page document to the parents of 9th graders.

"We have an obligation to ensure that parents, students and school officials are aware of the changes in admission standards that require them to start planning now to be fully prepared for the rigors of college," said Commissioner of Higher Education Joseph Savoie. "This is a significant change. You can no longer wait until your senior year to decide that you want to begin preparing for college. As students begin scheduling their courses for next year, they must keep in mind that the time to prepare for college is now."

The letter to parents states that, beginning in the fall 2005, students who want to enroll in a Louisiana public four-year university must have completed the Regents' high school core academic curriculum (currently the TOPS core), and one of the following:

- \* a high school grade point average of 2.0 or higher, or
- \* an ACT composite score of 20 or higher, or
- \* graduation from high school in the top 50% of the class.

The letter also states that some universities will have higher requirements and strongly suggest that students contact university admissions offices or high school counselors for assistance.

"If your son or daughter plans to attend a four-year university," Savoie said, "please be sure he or she takes the TOPS core curriculum when scheduling classes for the 10th grade. This is required for admission to a Louisiana public university and greatly increases a student's chances of qualifying for a TOPS scholarship."

The new admissions standards framework is part of the Board of Regents' new Master Plan for Public Postsecondary Education.

Letters are being sent out this month to remind students who plan to attend a public four-year university to schedule college preparatory courses when making their class schedules. This spring, students throughout the state will schedule next year's classes.

# Toni Jo Henry murder recalled by Block

At 12:00 PM on Nov. 28, 1942, Toni Jo Henry, also known as the "tiger woman," walked down a flight of stairs in the Calcasieu Parish jail in Lake Charles, accompanied by Father Wayne Richard; she whispered a prayer, then a word to Sheriff Henry Reid as the executioner fastened the electrodes of the state's portable electric chair to her skull and legs. Ten minutes later, she was dead.

Her photograph in a newspaper depicted an attractive, slender, 26-year old brunette prostitute, who had spent the 18 months previous to Feb. 1940, soliciting in Beaumont's Crockett Street "red light district." Following a brutal murder, she was sentenced to death, but people could still barely contemplate that the "tiger woman's" heart was as cold as a cannibal.

Annie Beatrice Henry, born in 1916, was a product of the Great Depression, born into poverty, with only a 6th grade education, and so family-abused that she ran away at age 13 and became a hooker. While still in Beaumont, she married Wayne "Cowboy" Henry, who later was a Texas convict. "...He was the only man that ever treated me decent," she once exclaimed.

Her crime was committed in Feb., 1940, when she and an acquaintance, Horace Burks, flagged down a ride to Orange at the old Neches River steel bridge on Highway 90. At Orange they flagged another ride with J. P. Calloway, a Houston traveling salesman, who was driving a new car. As the trio approached Sulphur, Louisiana, the "tiger woman" pulled a small revolver from her purse and ordered Calloway to drive into a nearby rice field. She then ordered him

to disrobe, and as he knelt in the rice paddy, begging for his life, she fired one shot into his head. She then ransacked the cash money out of his pocket-book, and the murderers fled eastward in Calloway's car.

Luckily Calloway's body was quickly discovered, and an all-points bulletin was issued for the missing car. A few days later, the couple were captured in the car; were returned to Lake Charles, where she and Burks stood trial for capitol murder, and both were sentenced to death as a result of her confession.

Nevertheless 33 months elapsed before her date with death. She received 3 reprieves from Gov. Sam Davis; and twice her case was reviewed by the Louisiana Supreme Court. When no reprieve was forthcoming on the morning of the 28th, Toni Jo knew that "she had to ride Old Sparky" (die in the electric chair) at noon.

Father Richard stood by her side throughout the ordeal. She was received into the Catholic Church, where she obtained solace and absolution as a result of her confession. Earlier they had cleaned and pressed her black crepe dress, which she then put on, and she cried as they shaved her head.

A week earlier, Toni Jo's husband, "Cowboy" Henry, escaped from a Texas prison farm, with intent to help her break out of jail. However, it was an exercise in futility for him, for 2 days later "Cowboy" was recaptured in a Beaumont flophouse.

Toni Jo, only the second woman ever to be executed in Louisiana, walked stoically to her death, sat down in the chair, and replied "No," when she was asked to offer a last word. Later she was buried in Lake Charles' Orange Grove Cemetery on Broad Street.

During the Babylonian New Year celebration, the king was stripped of his clothes and sent away for a few days, leaving the people to behave however they chose.
