Recall petitions being circulated

A group of citizens in the Grand Chenier area are circulating petitions asking for a recall election for Ward 4 School Board Member Bill Morris.

The recall petition was filed with the Secretary of State on April 23 and was signed by Dorothy Theriot, recall chairman, and Elougia Richard, vice-

Signers of the petition must be active voters as of April 23. There were 1103 such voters listed on the Registrar of Voters roll as of that date.

To secure a recall election, 33 1/3 percent of these voters must sign the petition, which would be 368 in number. Petition sponsors have 180 days in which to secure the required number in

order to have a recall election

Petition sponsors have called public meeting for 7 p.m., Thursday, May 17 at the Grand Chenier Fire Station to discuss the progress of the recall efforts.

The sponsors are seeking Morris' recall for what they see as his failure to prevent the closing of the Grand Chenier elementary school next school year.

The Cameron Parish School Board recently voted 4-2 to close the school due to its declining enrollment and to transfer its students to the South Cameron Elementary School located at Oak Grove.

Morris was one of the two school board members to vote against the closing, but school supporters say he should have done more to try to keep the school open.

The recall group also plans to secure the service of an attorney and possibly file for an injunction to prevent the school's clos-

Morris, who is a former Cameron Parish teacher and principal, has been on the school board about ten years.

Taxes approved

Cameron Parish voters on Saturday approved all three propositions on various ballots Saturday.

In Gravity Drainage District which encompasses the Johnson Bayou area, a 5-mill tax for drainage work in the district was renewed by a vote of 46-37.

In the Hackberry area, voters approved by a 74-10 vote. The 10-year renewal of an 11.37-mill tax for recreation in the Hackberry Recreation District.

In Lowery's Fire Protection District 16, voters approved the continuation for 10 years of a millage for the operation of fire protection facilities and equipment. The vote was 19 for, 1 against.

Full Library tax to be collected

By GENEVA GRIFFITH

The Cameron Parish Library will continue to collect for another year the full 6-mill maintenance tax which was voted about a year ago as the result of a tie vote at the Cameron Parish Police Jury meeting Monday.

The jury last year agreed to allow the Library Board to collect the full 6 mills for the past year with the understanding that it might be rolled back to a lower millage if it was seen the full tax was not needed.

At Monday's meeting, Juror Charles Precht suggested that the tax be rolled back to 5 mills for the coming year if the library cannot justify the spending.

John Calzada, library board member from the Grand Lake -Sweet Lake area, spoke against rollback saying the library board is ordering a new bookmobile which is vital to the operation of the library to the outlying areas, and plans to set up satellite libraries in some of the other communities.

Jurors Scott Trahan and Steve Trahan sided with Precht, however Norma Jo Pinch and James Doxey were joined by Police Jury President Dusty Sandifer in opposing the rollback and the matter died due to the tie vote. The library will be given

PUBLIC NOTICE CAMERON PARISH COASTAL USE PERMIT APPLICATION

Interested parties are hereby notified that the Coastal Management Section of the Cameron Parish Police Jury has received the following apparently complete application for a Coastal Use Permit in accordance with the rules and regulations of the Louisiana Coastal Resources Program and R.S. 49, 213.1, the State and Local Coastal Resources Management Act of 1978, as amended.

L.C.U.P. Application #010503. Name of Applicant: Phillip Trosclair III, 5827 Grand Chenier Hwy. Grand

Chenier, La. 70643. Location of permit: Grand Chenier, North of Vincent Rd., Section 17, T15S, R4W, Cameron Parish, Louisiana.

Character of Work: Applicant proposes to plow up approximately 2,294 cubic vards of material and push with a dozer to build levees. Levees will be built to create an enclosed area for a crawfish pond. Water levels will be maintained by pumps and over flow

permit will be based on an evaluation of the probable impacts of the proposed activity in accordance with the state policies outlined in R.S. 49:213.2. The decision will reflect in the national concern for both protection and utilization of important resources. The decision must be consistent with the state program and approved local programs for affected parishes and must represent an appropriate balancing of social, environmental and economic factors. All factors which may be relevant to the proposal will be considered; among these are flood and storm hazards, water quality, water supply, feasible alternative sites, drainage patterns, historical sites, economics, public and private benefits, coastal water dependency, impacts on natural features, compatibility with the natural and cultural setting and the extent of long term benefits or adverse impacts. Certification that the proposed

activity will not violate applicable water and air quality, laws, standards and regulations will be required before a permit is issued. Any person may request, in writ-

ing, within the comment period specified in this notice, that a public hearing be held to consider this application. Request for public hearings shall state, with particularity, the reasons for holding a public hearing.

Plans for the proposed work may be inspected at the Cameron Parish

Police Jury Annex Building, Coastal Management Division, Courthouse Square, P.O. Box 366, Cameron, Louisiana, (337) 775-5718. Written comments should be mailed within 25 days from the date of this public notice

Wrestler winners honored by Jurors

By GENEVA GRIFFITH

Eight Cameron Parish winners in elementary wrestling were recognized at the Cameron Parish Police Jury's monthly meeting Monday.

The students, who received certificates, were Marcus Lavergne, John Comeaux, Colby Nunez, Daniel Dupre, Jade Miller, Dex Murphy, James Cormier and Matthew Miller.

In other business, the jury gave Sewerage District 10 its support to apply for Coastal Zone Impact funds to install a sewerage system in the Hackberry area.

Ray Miller, who represented the district, also asked the jury to maintain the parking lot and boat ramp at the Cameron ferry site which was used as a loading ramp for the side-loading ferry while the big ferry was in dry In other business the Police

Jury voted to advertise for bids on the official journal for the parish and the building of the Grand Chenier boat launch and to abandon a portion of Bourg Point road in Hackberry.

They accepted the low bid of \$948,535.12 and \$20,000 for an alternate item on pavement patching from T. L. Wallace Construction Company of Columbia, Miss. This was on 88 miles of chip sealing of parish

Jurors agreed to call an election in Fire District 14, the Sweetlake area, on 5.70 mills renewal on July 21.

They agreed to abandon Nunez Road in Little Chenier and on the Coastal Impact Assistance program to blacktop Superior Road, installing structures at Rings Bayou, and the Calcasieu-Cameron Black Bayou culvert project.

Heard a staff report from parish maintenance superintendent Ellis Nunez on establishing a test area on Teal Lane in Sweetlake using a substitute for lime stone, as a pilot program to see if there can be less dust.

Rodney Guilbeaux was reappointed to the West Cameron Port Board.

Scott Sandifer was reappointed to the Johnson Bayou Recreation Board, and police jurors accepted the resignation of Binky Jinks.

Albert Guidry was appointed to the Gravity Drainage District 5 board, and Joe Dupont and Scott Henry were reappointed to the Gravity Drainage district 3

Police jurors accepted the resignation of Butch Conner and Telesha Bertrand from the Ambulance District 1 Board and appointed Phillis Pinch and Loston McEvers to fill those positions.

Sandra DeShields was reappointed to the Waterworks District 7 board.

Jurors changed the next agenda meeting date from 5 p.m. Monday, May 28, to 5 p.m. Tuesday, May 29.

Migratory Bird Day event set

Sabine National Wildlife will Refuge celebrate International Migratory Bird Day on Saturday, May 12, by hosting bird walks at the Nature Trail and showing video presentations on birds and conservation at the Visitor Center. Bird walks and video presentations will begin at 8:30 a.m. and will repeat through 3 p.m.

Open to bird enthusiasts of all ages and abilities, the event will promote shade-grown coffee. This coffee is grown under a canopy of tropical forest trees, which provide homes for migratory birds spending their winter in the tropics.

International Migratory Bird Day is an annual event focusing on the nearly 350 species of migratory birds that travel between wintering grounds in Mexico, South and Central America, and the Caribbean, and nesting habitats in North America. The theme of International Migratory Bird Day 2001 is to make coffee drinkers aware of how they can contribute to bird and tropical forest conservation by choosing to drink shade-grown coffee.

If you require additional information regarding this refuge event or need other refuge information please call our office at 337-762-3816.

Shrimping to open

The opening dates of the 2001 Louisiana spring shrimp season were announced at the May 3 meeting of the Louisiana Wildlife and Fisheries Commission.

Shane Blanchard

Blanchard serving in Mediterranean

GAETA, Italy -- Armed Forces Day is America's annual opportunity to recognize the efforts of service members all over the world who have volunteered to help safeguard our way life. And for residents of Johnson Bayou it's comforting to know that one of those deserving recognition is our very own Shane Blanchard who serves as an Ensign aboard the guided-missile destroyer USS Arleigh Burke (DDG 51) homeported in Norfolk, Va.

Aspect of job enjoyed most -"I like being a mentor for the junior personnel in my division," said Blanchard when asked to describe his favorite part of the

The son of Quentin and Bonita Blanchard of Johnson Bayou, Blanchard's job includes overseeing all of the deck evolutions activities on board, including sea-and-anchor detail, underway replenishment and special boat operations.

Currently forward deployed the Mediterranean Sea, Blanchard is personally contributing to the Navy's ability to enhance peace and stability in the region. By being forward deployed aboard Arleigh Burke Ship, his mission also includes continually engaging historical allies as well as burgeoning democracies in order to positively shape the security environment, respond to crisis and prepare for an uncertain future in the region.

Why serving country is important - "The United States is the greatest country in the world," said Blanchard. "The freedom of choice we're given is worth defending. It is important to me to play a part in continuing to provide that freedom."

Blanchard's sense of duty and devotion were developed rignt nere in Jonnson Bayou, where he graduated from Johnson Bayou High School in 1987. As an Ensign, he received specialized Navy training at the Navy Surface Warfare Officer School in Newport, R.I.

A parent of two, who has been married since 1991, Blanchard has been serving in the Navy since 1987.

He's proud to be serving and appreciates the idea of Armed Forces Day. "I appreciate the fact that the U.S. armed forces are the best in the world, said Blanchard. "The tradition and history of our military is second to none and I respect the fact that we honor those associated with it."

Shooting event set

Cameron Parish Shooting Sports will hold its last competition Saturday, May 12, at 10 a.m. at the Mosquito Control Barn between Cameron and Creole. This will be the deciding factor that will pick the Cameron Parish SS Team that will compete at the state meet in Winnsboro, in June.

Cameron will send teams in archery, rifle, BB gun, and shotgun to compete in the state match. From the winners of the state match, the state team will chosen. These people will go on to compete in the national shooting sports events held in San Antonio in July.

Last year Cameron sent 12 youth to compete at the state match and 4 of those were cho-

sen for nationals. For more information call Mike at 775-5516 or DeDe at 775-8239 or look in the 4-H clover for more information.

FISHING, BOAT WEEK

National Fishing Boating Week is slated for June 1-10. this is the busy boat season and safe boating should be prac-

ticed by all. Last year, Louisiana had 242 boating accidents, 169 injuries and 44 fatalities. This is a record high for boating accidents for

our state. There are approximately 330,000 registered boats in Louisiana, and that number increases during spring and summer, as we have many visitors who trailer their boats to our state and some come to our state by waterways.

We see all the hundreds of thousand boats in our waterways and there is no special training required to operate these vessels by the operator. Anyone can purchase a boat and just take it to the water as long as you're 13 years old. Louisiana does not have a mandatory safe boating education requirement. We do have laws for safety equipment and life jackets, running lights and pamphlets for right of ways and such, but no operator training.

Our waterways are one of our states biggest assets, with the beauty and resources that are offered to attract people. We do have safe boating classes offered, but these are optional and they are free.

There are a couple of Senate bills filed, one that makes boating safety education mandatory and one that raises the boat operator's age from 13 years old to 16 years old.

A very large percentage of fatalities rescued from boating accidents would be alive today if they had worn life jackets. It is said, "It doesn't work if you don't wear it."

LETTERS Ship pilots need support says reader

May 3, 2001

For decades, our bar pilots have met their awesome responsibility, safely navigating foreign and domestic vessels through Charles Navigation Channel laced with high-pressure underwater oil & gas pipelines, water too shallow for many deep-draft vessels, shifting sands, and shoals.

weather, they travel from Lake Charles to the pilot station at the mouth of Calcasieu Pass, board a small pilot boat, travel offshore, often in heavy seas, to board incoming ships (hopefully in a lea) using a Jacob's Ladder, sometimes called...a "widow maker." It is to their credit there has never been an incident like the M/V Exxon Valdez or explosion, similar to Texas City. They represent our nation's finest in this most dangerous profession! Since they have demonstrat-
