Johnson named as Lion of the Year

By GENEVA GRIFFITH

The Cameron Parish Lions club held its annual awards night at the Creole Recreation center last week.

Greg Wicke, outgoing president, introduced guests and Judge Ward Fontenot was the master of ceremonies.

Charles F. Hebert, a Lion since the club was organized in Cameron 56 years ago and last year's "Lion of the Year" introduced Ron Johnson who was this year's honoree.

Hebert cited Johnson's work in the Cameron Sheriffs Dept. with the children's programs and his other activities in civic clubs throughout the parish.

Albert Baker, district governor of Carlyss installed the new officers as follows: Terry Hebert, president; Wilson Conner, 1st. vice-president; Tina Horn, 2nd. vice president; Penelope Richard, 3rd. vice president; Dinah Landry, secretary; Greg Wicke, treasurer; Alice Mason, lion tamer; and Rev. Gary Van Horn, tail twister.

The Club's memorial award given in memory of Bill Turnbull was given to his widow, Mary Jane Turnbull, by Carl Broussard.

Mayor Randy Roach of Lake Charles, was the guest speaker and gave a slide presentation. He unfolded his action plan for this city and the surrounding areas and spoke of the necessity of the whole area working together.

Jetty Pier grand opening

The grand opening of the Cameron Jetty Fishing Pier and RV Park will be held at 2 p.m., Thursday, June 28. The pier is located at the end of Davis Road on the ship channel at Cameron.

The 300-foot pier is owned by the Cameron Parish Police Jury and has been open for several months. A 38-space recreation vehicle park adjoins the pier.

It was announced last week that the jury has received a \$127,000 state grant which will allow the pier to be extended 200 feet. The pier is located on the east side of the ship channel near its entrance to the Gulf.

A number of political officials will be on hand for the opening and refreshments will be served.

Breakwater meeting set June 27

The public is invited to an informational meeting regarding the proposed "Holly Beach Breakwater Enhancement and Sand Management Plan" to be held Wednesday, June 27, at 7 p.m. at Hartner Hall on McNeese State University's campus. Hartner Hall is in the Mass communications Building, located at the corner of Common and Sale roads.

The agenda includes: Overview and Introduction of Project Team will be made by Bill Good, Dept. of Natural Resources.

Implementation and Funding will be discussed by Randy Hanchey, DNR Assistant Secretary.

Soileau pleads guilty to federal charges

By HECTOR SAN MIGUEL
American Press

Former South Cameron Memorial Hospital chief executive officer Joseph L. Soileau pleaded guilty Monday to federal wire fraud charges, but he still faces state charges in a trial scheduled to begin Aug. 20 in 38th Judicial Court in Cameron.

District Attorney Glenn Alexander said the state charges will not be dropped by his office.

Soileau, 58, appeared in U. S. District Court Monday before Federal Judge James Trimble. He was accompanied by his court-appointed attorney, Bryan Gill of Lake Charles.

He was charged in a federal one-count bill of information with wire fraud.

Soileau is accused of stealing more than \$1.4 million from the hospital he managed for 10 years. The sum includes more than \$425,000 he was indicted for stealing nearly two years ago.

Soileau served as the CEO of South Cameron Memorial Hospital from November 1996 through June 1999.

When asked Monday by the judge if he was pleading guilty to the wire fraud count, a stoic Soileau said, "Yes, sir. I do."

Trimble ordered Soileau to appear Monday, Sept. 17, for sentencing. Soileau faces a maximum sentence of five years in prison and a \$250,000 fine.

Classes offered here

Two computer classes for adults and a class on robotics for kids are being offered next week by the Cameron Parish Library in cooperation with the McNeese Leisure Learning Dept. Anyone interested can sign up at the Cameron Library. The classes are:

Beginning Computer - This three night course will comfortably introduce you to computers. Learn the difference between floppy disks and Hard disks, RAM versus ROM and CD versus DVD. Learn to navigate through Microsoft Windows, how to start the computer, how to start a program, end a program and close the computer. There will be an introduction to word processing using Microsoft Word and an introduction to spreadsheets using Microsoft Excel.

Instructor: Charles E. Sellers.

Monday, Tuesday and Thursday, June 25, 26 and 28, 5:30 - 8 p.m. cost is \$85.

How to E-mail and other cool internet stuff. If you would love to dive into the wonderful world of electronic communication and learn to use your computer for more than an oversized game console, this is the class for you. We will use MSN Explorer to teach you "Surfing" skills and etiquette, how to send and

receive email, send and receive attachments to email, etc.

Instructor: Charles E. Sellers.
Friday, June 29, 5:30 - 8 p.m. Cost is \$50.

Prebot (for kids) - Learn the steps to becoming robotics engineers. Learn how robotics uses the concept of simple machines to construct lifelike machines that make-work easier. Students will construct a boat using the simplest of tools and a real live "hot-rod". The \$40 supply fee is included in the total cost.

Instructor: Charles E. Sellers.
Monday, Tuesday, Thursday and Friday, June 25, 26, 28, and 29, Cost is \$100. Ages 9-12 or entering 4th, 5th, 6th grades.

The defendant's plea agreement states that restitution will be ordered by the judge. The amount due in this case is \$1.43 million, according to the agreement.

Soileau is to report to jail by 2 p.m. Wednesday, July 18. Trimble said he would request that Soileau be held in the Cameron Parish Jail until sentencing, but added "I don't know if that's possible."

Soileau replied, "I understand. I appreciate your consideration."

The bill of information states that Soileau "did knowingly and unlawfully devise" a scheme to defraud money from Medicare and South Cameron Memorial Hospital "by means of false and fraudulent pretenses, representations, and promises."

Soileau is charged with having a wire transfer of \$331,787 sent on Dec. 14, 1998, from an account at U. S. Bank of Minnesota to the hospital's general account at Cameron State Bank.

The defendant "used some of the money for his own personal benefit and the benefit of his family members and associates," according to the bill of information.

Soileau pleaded not guilty last month in Cameron to state charges in the hospital funds case. He was charged with five counts of felony theft.

Nutria hunting set for Sept. 1 - Feb. 28

The Louisiana Wildlife and Fisheries Commission issued its intent at the June 7 meeting to include nutria among those species recreational hunters will be able to harvest this fall. Louisiana Legislative Act 226, signed by Governor Murphy J. "Mike" Foster, authorizes the commission to adopt and promulgate rules and regulations providing for the recreational taking of nutria.

LDWF Assistant Secretary Philip Bowman recommended that the nutria season run from Sept. 1 through Feb. 28 with no bag limit. Recreational hunters are not allowed to sell nutria skins or meat unless they possess a valid trapping license and may do so only during the open trapping season.

Upon final adoption of the recommendation by the commis-

sion, recreational hunters will be allowed to take nutria during daylight hours only and with weapons legally used to take small game. Bowman said that the proposed nutria season will have no effect on the LDWF's nuisance animal permit program that allows landowners to kill nutria damaging their property.

Lease bids are sought on tracts

Elsewhere in this issue of the pilot is an advertisement for bids on the mineral leasing of a number of offshore and onshore tracts by the State Mineral Board.

Bids on the tracts will be opened on Aug. 8 in Baton Rouge.

The larger number than usual number of tracts being offered indicate a possible increase in oil and gas drilling in the Cameron Parish area, which would mean a boost for the local economy.

Hwy. 823 work is told here

The La. Dept. of Transportation recently opened bids on a number of highway projects, including the following in Cameron Parish:

Grading, cold planing, paving, overlay, pavement striping and related work on La 82 from the eastern approach approximately 8 miles to the Grand Chenier Bridge, R. E. Heidt Construction Co., Inc., Westlake contractor, \$1,272,448.69.

Subway Res. now open in Cameron

A first for Cameron Parish is the new Subway restaurant which opened recently at 501 Marshall St. across from the Cameron Elementary School. It is the first franchised fast food restaurant for the parish.

Owners are Bobby and Debbie Stutes of Cameron. Mrs. Stutes also owns the Scrip Shoppe Drug Store. Mr. Stutes formerly worked for Chevron and had a trucking company.

The restaurant serves breakfast from 6 to 11 on weekdays and 8 to 11 on Saturday. A wide variety of sandwiches are served 6 a.m. to 10 p.m. weekday, 8 to 10 on Saturday and 11 a.m. to 10 p.m. on Sunday. Phone 775-5814 or 775-5818.

They also can provide party and deli platters on 24 hour advance notice.

WEDNESDAY, June 27 will be the 44th anniversary of Hurricane Audrey which devastated Cameron Parish in 1957. The above photo, furnished the Pilot by Conway LeBleu, shows a boat and a barge that were washed up on the road at Cameron by the storm. In the foreground was the Cameron airstrip.

SABINE WILDLIFE Refuge, located south of Hackberry, recently opened this roadside viewing tower to permit visitors to view refuge wildlife, particularly the thousands of geese and ducks which winter on the refuge.

Viewing tower opened at Sabine Refuge

By DIANE BORDEN-BILLIOT

The Sabine Wildlife Refuge has been involved this past year in a clean up and development of new public use opportunities with the staff, student interns, Youth Conservation Corps and Cameron Parish Police Jury doing their part.

Just north of the refuge Visitor Center and east of Highway 27 the ridge along the

shell ditch there is a half mile of brackish marsh and open water from Highway 27 to Calcasieu Lake that is being cleaned up and developed as a public use area that will include a primitive walking trail out to West Cove and the new "BLue Goose" viewing tower.

The tower will provide visitors an opportunity to get off the highway and get a birds eye view of the brackish marsh habitat

and the wildlife that inhabit it. During the winter it will provide occasions for visitors to view and photograph the snow geese that frequent this area to ingest sand "grit" most mornings and many afternoons.

The refuge, in cooperation with the Creole Nature Trail National Scenic Byway hope to complete further development of the area by next spring.

Funerals

MRS. ETHEL M. ROBINSON

Funeral services for Mrs. Ethel Marie Robinson, 89, were held Saturday, June 16, in Hixson Funeral Home.

The Rev. John Poerio officiated. Burial was in Lacassine Cemetery in Lacassine.

Mrs. Robinson died Thursday, June 14, 2001, in a Lake Charles hospital.

CATCH & RELEASE

Bass fishermen more strongly support the practice of catch and release, then other anglers, according to a recent survey. It was also found that of all fishermen, bass anglers care least about keeping the fish they catch.

Saltwater anglers do practice catch and release, but most saltwater anglers do not believe in catch and release, and catching a limit of fish and good fishing were more important to most anglers.

Fishermen of all groups supported habitat management, minimum size limits, gear restrictions and spawning season closures.

Some saltwater anglers said that if catch and release rules were established for three popular fish species, they would cut their trips in half for King Mackerel, grouper, and red snappers. Most anglers would shift their fishing to other species, but some saltwater anglers said they would stop fishing altogether.

The study also showed that fish released right away had less mortality rate, than those put in live wells, especially bass.

FISHING REPORTS

Fishing reports are good, both saltwater and freshwater. Good catches of redfish and flounders on the southeastern end of Big Lake, also speckle trout around the old jetties.

There were quite a few anglers fishing the rocks between Holly Beach and Constance Beach last Saturday. Catching specs and some large redfish and drums.

Bass fishing in the Big Burn has been fair. Lots of heavy growth, but spoon and worm fishing in this heavy cover works.

My son Rudy and his family made a three day trip to Toledo Bend this past weekend and caught some real nice bass and quite a few in number also.

Folks are catching a few bullfrogs and the rains we had will make it easier to frog, getting around better.

GIBBSTOWN DOG FIGHTS

The results of the June 10th dog fights were: Keith Eagleson and Russell Pesson first place team, 8.61 pounds and second largest fish 3.69 pounds.

David Rabalais and Mac McElveen second place team, 7.8 pounds, with the first place largest bass 6.74 pounds. The third place team was Darren Richard and Quention LeBoeuf, 4.65.

Employees aid school with repairs

By GENEVA GRIFFITH

Duke Energy Company of Lake Charles, as a public service event, chose South Cameron Elementary school to spruce up the playground.

They are replacing the broken swings and replacing the ones that are missing and broken, and painting everything at no cost to the school board.

Taking part in the project, in addition to Duke Energy of Cameron is the Lake Charles Pipeline, and Iowa Gas Plant. Larvell Love is superintendent of the project.

Others helping were Boyd Peterson, Randall Hebert, Teleshia Bertrand, Roger Theriot, Jimmy Amy, Angela Sullivan, Howard Peard, and Daniel And Russel Savoie.

When the children return in the fall they will have new playground equipment and painted old ones.

To the People of Cameron Parish
Dear Friends,
Through recent correspondence with Ms. Margaret Jones of the Cameron Parish School Board I have learned that her interpretation of my letter to the editor on May 17, 2001 was that she was hiding money. I never said anyone was hiding money, but if that is the way Ms. Jones feels, then I sincerely apologize to her. That was not the intent of the letter. In fact Ms. Jones has been very helpful with my request. Responding quickly and courteously and I thank her for that. The only thing we disagree on is my belief that all monies should be included as assets of the board. The School Board does not agree. They view dedicated monies as a separate issue. Once again I extend my sincerest apologies to her. I would also like to thank Mr. Clifton Morris for his support of the Grand Chenier people and the Grand Chenier school. Johnson Bayou has a representative they can truly be proud of.

Sincerely

Milton A. Collins
Grand Chenier, La.

A Very Special Thank You...

I would like to thank the people of Cameron Parish who accepted and supported me in my administration these last four years. To those members of my congregation who were always available, loyal, and hard-working...my appreciation and respect; to those local business merchants who were kind and generous; to Sheriff Sono Savoie for allowing me to ride patrol; to the dispatchers for their patience and willingness to help when I called; to the deputies who safely brought me to hospital calls and to the funeral home when my night driving was limited; to Tina Horn and members of the local police jury who helped make my dream of a law enforcement monument for Cameron a reality; to my dear colleague Father Joe McGrath who stood beside me with encouragement and support; and finally, to all the children and teens who brought joy to my life. It is y'all I will miss the most!

Until we should meet again,
Rev. Al Volpe, Pastor

Preliminary Notification of Possible Impact to an Important Land Resource

The United States Department of Agriculture Rural Development is considering a pre-application for financial assistance sponsored by the Cameron Parish Police Jury located in Cameron Parish, LOUISIANA.

The specific element of this proposed action is the construction of a Parish Law Enforcement Center in Cameron Parish near the Parish Courthouse. The proposed development will take place in Section 31, Township 14 South, Range 9 West on the existing Courthouse grounds.

If implemented, the proposed action could have potential impact on the 100 year floodplain, wetlands, farmlands, coastal zone management area, and historic sites.

The purpose of this notice is to inform the public of this possible result and to request comments concerning (1) the impact of the proposed project on important land resources, (2) alternative sites or actions that would avoid these impacts, and (3) methods that could be used to reduce these impacts.

The proposed action is available for review at the following location:

USDA Rural Development
Mr. Gerard Labat, Rural Development Specialist
905 Jefferson Street, Suite 320
Lafayette, LA 70501
(337) 262-6610

Any person interested in commenting on the proposed action may do so by sending such comments within 30 days following the date of this publication to the above address.

A general location map is available at the USDA Rural Development Office described above.

Black Bayou project gets federal funding

Federal and state officials announced the award of the Black Bayou hydrological restoration project to Luhr Brothers Construction of Alexandria. The restoration of Black Bayou is a fisheries habitat project funded through the Breaux Act, a 10-year-old campaign to protect and restore coastal Louisiana's natural resources.

Black Bayou is a 25,530-acre wetland located in Cameron and Calcasieu parishes. Bordered by the gulf Intracoastal Waterway (GIWW), Sabine Lake and Gum Cove Ridge, the project area was historically a tidally-influenced brackish marsh. This wetland project is intended to restore coastal marsh habitat and to slow the conversion of wetlands to shallow open water.

"The goal for the Black Bayou restoration and our other Breaux Act restoration projects is to protect and restore ecologically valuable areas of coastal Louisiana for the benefit of fisheries, marine habitat and other important resources," said Bill Hogarth, acting assistant administrator.

Wave action from boats traveling the GIWW has eroded the bank in five locations along the project boundary. The breaches have allowed salt water into the project area resulting in much of the natural wetland dying back and reverting to shallow open water area. The project will limit saltwater intrusion into the surrounding marsh and canals from

the GIWW and Sabine River by re-establishing historic tidal influence through Black Bayou.

An innovative component of the project will be the replacement of an existing collapsed weir, or dam, with a new weir and the installation of a "self-regulating tide gate". The self-regulating tide gate, not yet used in Louisiana wetland projects, is expected to aid in restoring natural tidal flushing of the marsh to benefit estuarine plants, fish, shellfish, waterfowl and wildlife.

Louisiana Department of Natural Resources Secretary Jack Caldwell said, "contractors will build a 22,600 foot rock dike

on the southern spoil bank of the GIWW with rock weirs across Black Bayou Cutoff Canal, Burton Canal and Block's Creek. The weirs will have bays between them allowing for tidal exchange, fish passage and boat navigation into Black Bayou".

Caldwell noted that state legislators have strongly supported these coastal efforts and that Reps. Ronnie Johns, Dan Flavin and Sens. Willie Mount and Gerald Theunissen will join DNR project managers in about three weeks to get a firsthand look at the project when construction commences at the site.

The Black Bayou project is expected to protect the existing 25,530 acres of wetlands and over the next two years NOAA fisheries' plans include planting 55,000 wetland plants. For the 20-year life of the project, an additional 1800 acres of open water is expected to convert back into marsh across the project area.

Licenses on internet

Effective immediately, you can buy recreational hunting and fishing licenses from the comfort of home. Licenses may now be purchased at the internet with a credit card.

Visa and Mastercard are accepted through a link at the Louisiana Department of Wildlife and Fisheries website: www.wlf.state.la.us. The additional payment option was designed to make sports license sales more convenient for consumers. There is a \$3 surcharge for the option.

"At Wildlife and Fisheries, we want to make our customers happy," noted LDWF License Manager Janis Landry. "Internet sales is one more way to accomplish that."

**WATER DISTRICT #7
Parish of Cameron WW. Dist. #2
THE WATER WE DRINK
Public Water Supply ID 1023002**

We're pleased to present to you this year's Annual Water Quality Report. This report is designed to inform you about the quality of water and services we deliver to you every day. Our constant goal is to provide you with a safe and dependable supply of drinking water. We want you to understand the efforts we make to continually improve the water treatment process and protect our water resources. We are committed to ensuring the quality of your water. Our water sources are 2 wells.

We will soon have a source water protection plan available from our office, that provides more information, such as potential sources of contamination to the water supply. This assessment will include a delineated area around our wells through which contaminants, if present, could migrate and reach our source water. It also includes an inventory of potential sources of contamination within the delineated area, and a determination of the water supply's susceptibility to contamination by the identified potential sources. When the assessment has been completed for this system, you will be notified through the annual water quality report.

We are pleased to report that our drinking water is safe and meets federal and state requirements. If you have any questions about this report or concerning your water utility, please contact Jackie LaBave at 337-762-3935. We want our valued customers to be informed about their water utility. If you want to learn more, please attend any of our regularly scheduled meetings.

The Louisiana Dept. of Health/Office of Public Health, routinely monitors for constituents in your drinking water, according to Federal and State laws. This table shows the results of our monitoring for the period of January 1st to December 31st, 2000, all drinking water, including bottled drinking water, may be reasonably expected to contain at least small amounts of some constituents. It's important to remember that the presence of these constituents does not necessarily pose a health risk.

In this table you will find many terms and abbreviations you might not be familiar with. To help you better understand these terms we've provided the following definitions:

Non-Detects (ND)-laboratory analysis indicates that the constituent is not present.

Parts per million (ppm) or **Milligrams per liter (mg/L)**-one part per million corresponds to one minute in two years or a single penny in \$10,000.

Parts per billion (ppb) or **Micrograms per liter** - one part per billion corresponds to one minute in 2,000 years, or a single penny in \$10,000,000.

Parts per trillion (ppt) or **Nanogram per liter (nanogram/L)** - one part per trillion corresponds to one minute in 2,000,000 years, or a single penny in \$10,000,000,000.

Parts per quadrillion (ppq) or **Picograms per liter (picograms/l)** - one part per quadrillion corresponds to one minute in 2,000,000,000 years or one penny in \$10,000,000,000,000.

Picocuries per liter (pCi/L) - picocuries per liter is a measure of the radioactivity in water.

Millirems per year (mrem/yr) - measure of radiation absorbed by the body.

Million Fibers per Liter (MFL) - million fibers per liter is a measure of the presence of asbestos fibers that are longer than 10 micrometers.

Nephelometric Turbidity Unit (NTU) - nephelometric turbidity unit is a measure of the clarity of water. Turbidity in excess of 5 NTU is just

noticeable to the average person.

Variations & Exemptions (V&E) - State or EPA permission not to meet an MCL or a treatment technique under certain conditions.

Action Level - the concentration of a contaminant which, if exceeded, triggers treatment or other requirements which a water system must follow.

Treatment Technique (TT) - (mandatory language) A treatment technique is a required process intended to reduce the level of a contaminant in drinking water.

Maximum Contaminant Level - (mandatory language) The "Maximum Allowed" (MCL) is the highest level of a contaminant that is allowed in drinking water. MCLs are set as close to the MCLGs as feasible using the best available treatment technology.

Maximum Contaminant Level Goal - (mandatory language) The "Goal" (MCLG) is the level of a contaminant in drinking water below which there is no known or expected risk to health. MCLGs allow for a margin of safety.

During the period covered by this report we had no violations of drinking water regulations. We detected the following regulated contaminants but they were at levels below the maximum contaminant level. Additionally, we wish to inform you that these samples, except for lead and copper results, were collected at our individual sources and represent water before any treatment, blending or distribution. As such, the consumer tap levels could be less. The last chemical sampling of our source water was collected on 4/17/00.

Compound	Date	Level	MCL	MCLG
Lead	09/26/00	1.00	15	0 ppb
Copper	09/26/00	0.30	1.3	1.3 ppm
Gross Alpha				
Activity	4/17/00	3.00	50	0 pCi/l

Thank you for allowing us to continue providing your family with clean, quality water this year. In order to maintain a safe and dependable water supply we sometimes need to make improvements that will benefit all of our customers.

Some people may be more vulnerable to contaminants in drinking water than the general population. Immunocompromised persons such as persons with cancer undergoing chemotherapy, persons who have undergone organ transplants, people with HIV/AIDS or other immune system disorders, some elderly, and infants can be particularly at risk from infections. These people should seek advice about drinking water from their health care providers. EPA/CDC guidelines on appropriate means to lessen the risk of infection by cryptosporidium and other microbiological contaminants are available from the Safe Drinking Water Hotline (800-426-4791).

Please call our office if you have any questions. We at Cameron Parish Wv Dist. #2 work around the clock to provide top quality water to every tap, as stated by (337)762-3935. We ask that all our customers help us protect our water sources, which are the heart of our community, our way of life and our children's future.

NOTICE

Minutes of the Regular Meeting of the Cameron Parish Gravity Drainage District No. 3 held on Tuesday, April 17, 2001, at 2:30 p.m. at the Cameron Parish Police Jury Annex.

Members Present: Scott Henry, E. J. Dronet, Edward Racca, Jr., and Joe Dupont.

Member Absent: Kathy Guthrie.

Others Present: James LeBoeuf, Conway LeBleu, Floyd Baccigalopi, and Lonnie Harper.

A motion was made by Edward Racca, Jr., seconded by Joe Dupont, and unanimously carried to approve the minutes of the March 20, 2001, regular meeting as written.

A motion was made by Edward Racca, Jr., seconded by Joe Dupont, and unanimously carried to approve the following bills for payment:

1. Crain Brothers, Inc. - \$5,997.75.
Scott Henry noted that the DISTRICT received correspondence from DOTD on the Statewide Flood Program Pre-application deadline., There will be a meeting held at 4:00 p.m. on May 1 for any agency with new projects.

Scott Henry reported that we have received a letter of notification that the permit has been approved for the Joey Dockins request to move culverts to help drain his pasture, south of Highway 82 near the School Board office.

Floyd Baccigalopi was recognized and stated that he has water standing on his property, and suggested that perhaps we need another pump to handle the flooding situation.

Lonnie Harper reported, regarding the School Board Lateral cleanout and pump, that bid opening has been extended to make sure the sewer line will be no problem. The bids will be received at the next meeting.

Scott Henry stated that we got the permit to change culverts in the drainage ditch from School Board Road to where it meets Highway 82.

It was announced that a Cameron-Creole Watershed Advisory Committee Meeting will be held next Tuesday, March 27, 2001, at 10:00 a.m.

It was agreed that the new tax millage will be voted at the May meeting, and probably reduced from 7.00 to 6.50 mills.

Lonnie Harper presented drawings for the proposed lateral cleanout behind the courthouse pump project. The estimated cost will be approximately \$10,000.

There being no further business, the meeting was adjourned on a motion by Joe Dupont, seconded by Edward Racca, Jr., and unanimously carried.

NOTICE

Minutes of the Regular Meeting of the Cameron Parish Gravity Drainage District No. 3 held on Tuesday, March 20, 2001, at 2:30 p.m. at the Cameron Parish Police Jury Annex.

Members Present: Scott Henry, Edward Racca, Jr., Joe Dupont, Kathy Guthrie, and E. J. Dronet.

Members Absent: None.

Others Present: James LeBoeuf, Glenn Harris, Lonnie Harper, and Edward Petersen.

A motion was made by Joe Dupont, seconded by Edward Racca, Jr., and

unanimously carried to approve the minutes of the February 20, 2001, regular meeting as written.

A motion was made by Edward Racca, Jr., seconded by Joe Dupont, and unanimously carried to approve the Financial Report for the months of January and February, 2001. Scott Henry suggested that if we get an opportunity, that we roll back our tax millage again next year.

A motion was made by Kathy Guthrie, seconded by Edward Racca, Jr., and unanimously carried to approve the following bills for payment:

- Gulf Coast Supply, \$5.85.
- Cameron Parish Pilot, \$55.00.

Edward Petersen stated that the ditch in line with School Street in Cameron needs to be cleaned out to the pump. There is a row of trees there that the landowner (Henry Estate) would like to get cleaned out to increase drainage flow. This is an existing pump-off area. A motion was made by E. J. Dronet, seconded by Kathy Guthrie, and unanimously carried that we get the necessary permits, and in conjunction with the Parish, that we clean out that drainage ditch on School Street.

Glenn Harris reported that after the recent heavy rains, water levels reached 1.2 throughout the watershed. The day following the rain, all three gates were operational. All gates and flapgates were opened, and levels were at .9 yesterday. Mr. Harris stated that they probably can move more water out, and as expected salinities are down. All structures are functional at this time. He further reported that there are some funds left from the original automation project, and there is another MOU with the Department of Natural Resources. They should have someone to do the requested work on the structures to remove the automation in an emergency situation for manual operation.

It was reported that both Scott Henry and Joe Dupont have checked the Dockins request for assistance with drainage, and it was agreed that his is a project that can be done.

Engineer Lonnie Harper reported that he has a couple of things that have been added to the drawings for the School Board Lateral Project. Mr. Harper stated that the package is ready if we are ready to receive bids. The revised plans and specifications were displayed for the Board members.

A motion was made by E. J. Dronet, seconded by Kathy Guthrie, and unanimously carried to authorize the School Board Lateral & Pump Project to be advertised for bids.

Mr. Harper then gave a report on his engineering analysis of the proposed lateral maintenance in the Cameron area and permit application for Highway 82 Cameron Elementary area project for changing culverts and other ditch clean-out. He stated that he will be applying for a maintenance permit to do this project. A motion was made by E. J. Dronet, seconded by Joe Dupont, and unanimously carried to authorize Lonnie Harper to draw up the scope of this project and then to secure the permit.

There being no further business, the meeting was adjourned.

NOTICE

Minutes of Joint Board Meeting for Ambulance District One and Two held at the Cameron Parish Police Jury Annex, 6:30 p.m.

Board Members Present: District One - Clifton Hebert - Chairman; Wendy Dyson; Loston McEvers; Sethie Troclair; Phyllis Pinch.

District Two: Dinah Landry - Co-chairman; Mike Guillory; Gordy Hicks.

Mr. Clifton Hebert called the meeting to order and welcomed the new board members - Mr. Loston McEvers, Ms. Sethie Troclair, and Ms. Phyllis Pinch.

Ms. Troclair made a motion to have the three following items added to the agenda. 1) Voting on a co-chairman for District One's Board 2) Executive session to discuss grievance submitted by Mr. Tony Mooney 3) Proposed employee rehire and possible illegal transfer.

Seconded by Ms. Pinch. All in favor. None opposed. Motion carried.

District Two has no additions at this time.

Mr. Hebert has devised an employee evaluation form, derived from the combination of 2 evaluation forms that he has access to. Mr. Hebert stated that anything could be added or removed as recommended by Board members.

Mrs. Wendy Dyson made a motion to accept the employee evaluation form. New Board members were not able to

review the evaluation form prior to the meeting, so the motion dies from lack of a second.

District Two: Mr. Hicks made a motion to accept the employee evaluation form. Seconded by Mr. Guillory. All in favor. None opposed. Motion carried.

Ms. Troclair made a motion to go into executive session to discuss the Director's six month evaluation and performance. Seconded by Ms. Pinch.

This will be a joint executive session. District Two: Mr. Hicks made a motion to go into executive session to discuss with District One the Director's six month evaluation and performance. Seconded by Mr. Guillory. All in favor. None opposed. Motion carried.

Director Tom Javins was given the option to have the executive session open or closed. Mr. Javins chose to have a closed session. The following people were asked to stay - Police Jurors Scott Trahan, Norma Jo Pinch, and James Doxy and Parish Administrator Tina Horn.

Mr. McEvers made a motion to return to regular session. Seconded by Ms. Pinch. All in favor. None opposed. Motion carried.

District Two: Mr. Hicks made a motion to return to regular session. Seconded by Mr. Guillory. All in favor. None opposed. Motion carried.

No actions were taken during executive session.

District Two had no further business to discuss. Mr. Hicks made a motion to adjourn District Two's meeting. Seconded by Mr. Guillory. All in favor. None opposed. Motion carried and meeting for District Two was adjourned.

Ms. Pinch made a motion to reopen the agenda and make some other additions. Seconded by Ms. Troclair. All in favor. None opposed. Motion carried.

Additions to agenda are as follows: 1) Check writing policy - considering two signatures on all checks, one being the Director's and the other belonging to any board member 2) Publishing of the minutes in the local journal, the Cameron Parish Pilot 3) Discussion of mileage form being used by Director and amount paid per mile.

Policy and Procedure Revisions:

Sick leave had been discussed at a previous meeting but no standard was set. At this time, sick leave is set at 80 hours per year. For ambulance employees this equals only 3 days due to their 24 hour work schedule. Mr. Javins stated that employees have asked if the sick leave could be increased to 168 hours per year. This would equal 2 weeks for ambulance employees. Employees have also asked that they be compensated for the first 24 hours of sick leave with a valid doctor's excuse. At the present time, employees are losing the first 24 hours of sick leave with or without a valid doctor's excuse. Mr. McEvers suggests that employees accumulate one day of sick leave per month to be capped at 12 days per year. Mrs. Horn made the suggestion to form a committee of two Board members to meet with Mr. Javins to review and revise the Policy and procedure manual. Mr. Hebert suggested keeping the Policy and Procedure Manual beneficial to both Boards to keep confusion at a minimum. Mrs. Horn stated that she thinks that the two boards need to be kept separate and joint meetings should be eliminated except under special circumstances.

Ms. Troclair made a motion to form a committee of two Board members to meet with Mr. Javins to review and revise the Policy and Procedure Manual. Seconded by Mrs. Pinch. All in favor. None opposed. Motion carried.

Ms. Pinch and Mr. McEvers have volunteered to be said committee members.

Mr. Javins presented the Financial and Director's report. Training for the new software program took place April 16 thru April 18. By the end of the next month he expects all of the run tickets to be in the computer for billing. Copies of a financial statement were in each Board members packet. Mr. Javins explained this statement in detail. The First Responder class for Holly Beach and Johnson Bayou has 26 students enrolled. Mr. Javins will be starting a First Responder class in the Grand Chenier area within the next month or so. A Boy Scout Explorer program is being researched to give older scouts the opportunity to ride with qualified ambulance personnel on emergency calls to determine if they would like to make EMS a career. The State EMS Director, Ms. Nancy Bougeouis, has given Mr. Javins permission to teach a First Responder class to teens beginning at the age of 14, to coincide with this program. Riders will be required to sign a waiver excluding the ambulance service from any liabilities. The board will take this program into consideration and will make a decision at a later date based on legal counsels advice.

Mr. Javins will be attending a special meeting on May 23rd and has invited Board members to attend with him. This meeting takes place during EMS week in Baton Rouge and Mr. Javins will be meeting with legislators to discuss changes in EMS laws and how it will effect rural services. He attended a Rural Ambulance Alliance meeting on April 23rd and has included information in each Board members packet pertaining to the information obtained at the meeting.

Mrs. Rhonda Coleman is the "Employee of the Month" for the month of May. She has been working extra hours due to Johnson Bayou being shorthanded and has been helping Mr. Javins with the First Responder classes, among several other things.

A letter was sent by Gulfport Energy Corporation commending Mr. Chris Spicer and Mr. Glenn Perrodin for their job performance when they responded to a fire with a minor injury at this facility.

Petty cash is set at \$125.00 per District.

Mrs. Dyson made a motion to accept the Financial and Director's report. Seconded by Ms. Pinch. All in favor. None opposed. Motion carried.

House at "Y".

Mr. McEvers made a motion to table the discussion on house until next meeting or until such time as new board members have sufficient time for research. Seconded by Ms. Pinch. All in favor. None opposed. Motion carried.

Mr. Javins stated that he spoke to the auditor May 4, 2001. The auditor suggests that all of the run tickets be posted in the computer before he comes in to do the audit. Motion made by Ms. Pinch to table the auditor's report until the next meeting. Seconded by Mr. McEvers. All in favor. None opposed. Motion carried.

Ms. Troclair nominated Ms. Pinch for positions of Co-chairman. Seconded

by Mr. McEvers. All in favor. None opposed. Motion carried. Ms. Pinch accepted the position of Co-chairman.

Mr. McEvers is concerned with the cents per mile that the Director is receiving for mileage reimbursement. He asked that a study be made concerning this issue and that a discussion be tabled until the next meeting. Mr. McEvers made a motion to table the discussion on Director's mileage reimbursement until the next meeting. Seconded by Ms. Pinch. All in favor. None opposed. Motion carried.

Mr. McEvers made a motion to have two signatures on all checks, including payroll checks, with signatures being Director's and any of the District One Board members. Seconded by Ms. Pinch. All in favor. None opposed. Motion carried.

Ms. Troclair made a motion to post the minutes of District One Board meetings in the local journal, the Cameron Parish Pilot. Seconded by Mr. McEvers. All in favor. None opposed. Motion carried.

Mr. McEvers made a motion to have Chairman sign minutes of Board meeting at each following Board meeting (ex: meeting held on May 9, minutes signed at next scheduled Board meeting). Seconded by Ms. Troclair. All in favor. None opposed. Motion carried.

Mr. McEvers made a motion to set meeting dates for the 3rd Wednesday of each month at 6:00 p.m. at the ambulance office. Seconded by Ms. Troclair. All in favor. None opposed. Motion carried.

Mrs. Denise Leblanc, the executive secretary, has asked the Board to purchase an updated insurance manual. The one she is working out of is from 1997. Mrs. Leblanc was advised to take this issue up with the Director.

Mrs. Leblanc needs to know how to handle employee insurance for employees that only have dependent or spouse coverage. In a past meeting, the Board agreed to pick up the extra cost over \$200.00 per month for employees with family coverage. Mrs. Leblanc needs to know if she is to use the same dollar figure for employees with only dependent or spouse coverage or is she to use a percentage based on the amount that the ambulance service picks up for family coverage over \$200.00 per month. Decision was made to use same dollars figures. Mrs. Leblanc needs to provide Board members with detailed list of insurance payments.

Ms. Donna Miller, a former ambulance service employee, asked for and was granted, permission to address the Board. Ms. Miller made statements as to the operation of the ambulance service before and after Mr. Javins date of hire. She stated that several employees, that she knows on a personal level, have expressed their pleasure with the changes that Mr. Javins has made. She encouraged the Board to look at his credentials and job performance as opposed to listening to rumors or giving weight to anonymous e-mails.

Ms. Troclair made a motion to go into executive session to discuss grievance submitted by Mr. Tony Mooney. Seconded by Ms. Pinch. All in favor. None opposed. Motion carried.

Mr. Mooney chose to have a closed session. The following people were asked to remain in the executive session. Police Jurors Norma Jo Pinch, James Doxy, and Scott Trahan, Parish Administrator Tina Horn, Attorney Sid Rostet, and Director Tom Javins.

Ms. Troclair made a motion to return to regular session. Seconded by Ms. Pinch. All in favor. None opposed. Motion carried.

Mr. Rostet informed us that Mr. Mooney's records are dated 1998. Therefore, he is approximately 2 1/2 years into his "cleansing" period.

Mr. McEvers made a motion to waive the present DUI policy and rehire Mr. Mooney with the stipulation that he be put on a probationary period to end December 14, 2001, coinciding with his state probation. Seconded by Ms. Pinch. All in favor. None opposed. Motion carried.

Mr. McEvers made a motion to reinstate the DUI policy previously waived. Seconded by Ms. Troclair. All in favor. None opposed. Motion carried.

No further business to discuss at this time.

Ms. Pinch made a motion to adjourn. Seconded by Mr. McEvers. All in favor. None opposed. Motion carried and meeting was adjourned.

Bikes are given

Our Lady Star of the Sea Catholic Church Vacation Bible school has ended and two of the youngsters who attended have new bikes, donated by Father Al Volpe, pastor.

Mikalee Mooney and DeVaughn Thompson were the winners of the bikes in a drawing.

The Calcasieu Sheriff's department also sent members of its traffic department, marine division, mounted horse division

with Chief Morris Benoit and Lt. Blain Crochet to address the children and let them touch and pet the horses.

Also taking part in the event here, Lt. Gray Gibson, and Cpls. Joe and Randy Morsell of the traffic division, Lt. Ron Johnson, and Sgt. Matt Dailey and from the mounted horse division Lt. Danny Walkwe, and Sgts. Dusty Settig, and Gayle Laurents.

DEVON THOMPSON and Mikalee Mooney pose with Cpls. Randy Morrell and Joe Tartaglia from the Motorcycle Division of the Calcasieu Parish Sheriff's Dept. Both deputies helped draw names for winners of new bicycles as part of the bicycle safety program with the Vacation Bible School at Our Lady Star of the Sea Catholic Church in Cameron.

S. Cameron athletes in Hall of Fame

South Cameron's Josh Picou and Melissa LaLande were two of the six area athletes recently inducted into the Southwest Louisiana Hall of Fame. The Hall of Fame has been in existence for four years. In past years there were only three or four inductees.

This year the balloting was so close the committee decided to induct all six nominees. Each inductee received a jacket and a plaque and will have a plaque in their honor on the wall of fame at the Prien Lake Mall.

LaLande played basketball, softball, and was a cheerleader for 5 years and she ran track for 4 years. She was named to the All State Softball team. Her plans are to attend LSU and major in kinesiology. She hopes to follow in her father's footsteps and become a coach in basketball or softball.

Picou was this year's state runner-up in wrestling's light heavyweight division. He was a top football player for the Tarpons and was named Outstanding Defensive Player for the district this year. He played summer league softball and track. He also plans to attend LSU as a biological science major and then go on to medical school.

Melissa LaLande and Josh Picou are the first two South Cameron athletes to be inducted into the Hall of Fame.
