

THE CAMERON PARISH Library has now returned to Cameron in the form of a bookmobile located next to the site of the former Cameron Post Office. Construction of a new library will be planned in the future.

Library is back!

The Cameron Parish Main Library in Cameron was destroyed by Hurricane Rita last September but the Library has now returned to

the town of Cameron. Parish Librarian Charlotte Trosclair announced that the Cameron Bookmobile has been set up at 469 Marshall Street next to the old post office site.

She said that a grand reopening and open house will be held Friday, July 21 from 11 a.m. to 1 p.m.

The hours of operation are 8:30 a.m. to 5 p.m. Monday thru Thursday and 8:30 a.m. to 4:30 p.m. on Friday.

The new facilities are a smaller version of what the library had prior to Hurricane Rita but many of the former services will be available.

The library will be able to provide color and black and white copy and fax services as well as wireless Internet to the patrons who utilize the Bookmobile.

Patrons are encouraged to

Ironically, the Cameron Parish Library was the product of another hurricane--Audrey in 1957.

Following that storm, the Lake Charles and Louisiana Jaycees decided they wanted to help the parish and raised funds to build the library next to the Cameron Elementary School.

At the end of the year, Cameron Parish voters approved a tax to continue the operation of the library.

In recent years, the Library building had become too small to adequately serve the parish. Property was purchased next to the Cameron Post Office with the intention of building a larger library at a future date.

Due to some recent large grants to the Library by several organizations, that larger facility now may be realized, like the first library, as the aftermath of another hurri-

"The largest rebuilding effort in American history,' Louisiana's recovery from the twin disasters of hurricanes of the Louisiana Recovery Authority. The LRA has formed Southwest Louisiana subcommittee to focus on the recovery from Hurricane Rita in the western part of the state. The subcommittee held its first meeting last Wednesday in the Cameron Courthouse.

Laura Leach, who chairs the subcommittee, says "the damages and losses sustained by so many from Rita have been enormous," but she foresees a complete recovery for SWLA through the work of

LRA Board member Tom Henning, of Lake Charles, sees the formation of the subcommittee as a positive step for the area - a formalized way for the LRA as a whole to be kept informed about what is happening in SWLA.

Members of the subcommittee include Debbie Alexander, Dr. Paul Coreil, Lake Charles Mayor Randy Roach, Vermillion Parish OEP Vice-president Tim Creswell, SWLA Partnership Director George Swift, and Cameron Parish Planning and Development Director Ernie Broussard.

On Wednesday, Broussard presented the committee with an outline and the first visual images of Cameron Parish's recovery plan.

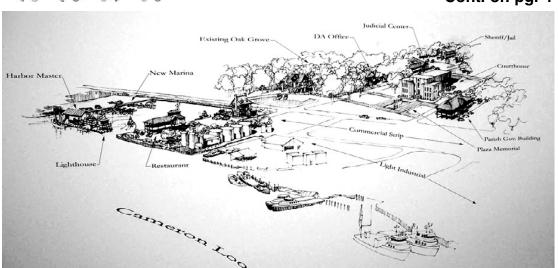

Key to Cameron's recovery effort will be the offer by Cheniere Energy to prepay taxes on its I which would not become due for 10 years after operations begin. Some \$30 million dollars which will become available to the parish early through this plan will be used to leverage up to \$150 million in total funding, through grants and matching funds.

Cheniere's Creole Trail LNG terminal has just received its FERC permit and construction has begun north of the Cameron Ferry. The Sabine Pass terminal is well under way. Each terminal takes about three years to complete.

The Planning Department is about to hire a firm to complete the final planning. Of the firms that responded to a lengthy request for proposals, the field has been narrowed to two. A choice will be made by the first of August. The firm chosen will have 12 to 18 months to fund the funding needed for the recovery. Broussard said they will get paid from that funding.

The first task for the recovery firm will be to apply Community a Development Block Grant by the Aug. 31 deadline. Other sources will be identified as time goes on.

Back to school meetings to be held around parish

Parents who will have children attending Cameron Parish schools this fall need to check a calendar of meetings which they need to attend to prepare for the start of schools on Aug. 17.

Meetings will be held at 9 a.m., Wednesday, Aug. 2 at Hackberry High School and at Grand Lake High School on Thursday, Aug. 3 for parents of students attending those schools who have a residency change, questions about residence change or will be new students at either school.

Also parents of students who will be attending Cameron Elementary, South Cameron Elementary, South Cameron High and Johnson

Bayou are required to attend a meeting at Grand Lake or Johnson Bayou high schools. (See the advertisement elsewhere in this issue of the Pilot for the schedule of these meetings.)

A list of information that the parents must provide at both sets of meetings may also be found in the ad.

Parents of new students who do not have copies of their birth certificates or Social Security cards should proceed to secure them now.

Grand Lake, Hackberry and Johnson Bayou students will attend schools at their respective school sites.

Students attending South High,

Cameron Elementary and Cameron Elementry, whose schools were destroyed by the hurricane, will attend school in portable buildings on the South Cameron High campus

located at Oak Grove. The Cameron Parish school system is also welcoming displaced students from school systems other than Cameron who have also been affected by Hurricane Rita or

Katrina. For information on how to enroll in Cameron Parish School and for a schedule of meeting for these students or parents see another advertisement in this issue of the

Texan dies in accident

A Hampshire, Texas man died in a one -vehicle accident last week on Highway 27, between Cameron and Creole. Sometime after midnight on the July 13, 40 year old Robert M. Perry, Jr.'s 1996 Ford Escort left the eastbound lane of the highway, hitting the gravel shoulder. He apparently tried to correct and went into a slide, then flipped several times. He was ejected into the westbound lane.

Perry was declared dead at the scene and transported to the Calcasieu Parish Coroner's office.

Church sets 2nd Mass

Our Lady Star of the Sea Catholic Church of Cameron will hold the second Mass in the church since Hurricane Rita on Sunday, July 23, at 9 a.m. Rev. Whitney Miler will celebrate the Mass in remembrance of deceased members who have passed on during the last year.

All are invited to attend and reminded to bring a lawn chair. Parishioners may also want to see the progress that has been made on cleaning up the church grounds.

Festival meet

The Fur and Wildlife Festival Board will hold a planning meeting Sunday at the Central Library on Ernest Street from 3 - 5 p.m.

Everyone interested in helping plan the 2007 festival is invited to attend.

Hazardous waste collection

Officials from the U.S. Environmental Protection Agency urge residents in Cameron Parish to bring their flood-damaged household hazardous wastes to the collection center in Cameron Parish during its final week of operation.

If Hurricane Rita storm victims cannnot take their items to the collection center, they are encouraged to place household hazardous materials on their curbside by Thursday, July 20.

Since the collection center was established in October 2005, the U.S. Environmental Protection Agency, Louisiana Department

Environmental Quality (DEQ) and parish officials have collected over two million pounds of household hazardous waste in the west branch area. DEQ will still be available, if needed, to help the parishes with hazardous materials collection after the center closes.

Household hazardous waste approved items are:

- Cleaners and House Chemicals • Pest Killing Products
- Paint and Workshop Supplies
- Automotive Products • Batteries
- Lawn and Garden
 - Fluorescent Lights • Thermometers
- Flammable Products • Television, Computers

and other Electronics

Items that are not accepted for drop off at this site include animal manure and carcasses, human waste and other biological items, neebuilding materials, debris, large appliances and spoiled food.

The household hazardous waste drop off location is: 700 Avenue J, Lake Charles. The

drop off site is open seven days a week, from 8 a.m.-4 p.m., call 329-3006.

trols will be needed to assure re-development, investors want to be sure that what they build will not be reduced in value by unfavorable development later.

Housing will be addressed through a variety of means, including the LRA's Road Home plan.

Lake Charles Mayor Randy Roach used one of Broussard's satellite maps to show that "God doesn't see the line between Calcasieu and Cameron. He sees a community that historically has lived and worked together." Roach said that Calcasieu's recovery is linked to the recovery in Cameron and asked, "How on earth can the federal government deny Cameron Parish's request for 100% (on debris removal) and make the state dip into its pockets?"

Dr. Paul Coreil, of the LSU Ag Service and formerly of Cameron Parish, pointed out to the committee that Shrimpers in Louisiana will not be able to come back without assistance. He said the US already imports 85% of its shrimp, and the other 15% could go overseas also without help. Debbie Alexander told the group that the culture and the industry does not have all the documentation that others do, and adjustments would have to

Contract awarded for rebuilding dikes in parish

(American Press)

An Illinois contracting company has been awarded a \$20.77 million contract from the U.S. Army Corps of Engineers to rebuild dikes in Cameron Parish.

Over the last year, Luhr Brothers has received jobs worth more than \$9 million for work involving reconstruc-

tion and protective planning in other hurricane-hit areas of Louisiana.

The work will take pace at the Calcasieu River and Calcasieu Pass. It is expected to be completed by March 4,

Luhr was the lone bidder on the work.

Road Home program to help homeowners rebuild

By CYNDI SELLERS

At last week's LRA meeting in Cameron, staff member Miles Bruder gave a report on the progress of The Road Home, the LRA's ambitious plan to spend up to \$9.25 million in reinvestment in housing in Louisiana.

To date more than 70,000 people have signed up for the plan state-wide, but another 20,000 potentially eligible homeowners have not contacted the LRA. Contact is easy, Bruder said. All you have to do is call 1-888-ROAD2LA or log on to www.louisianare-builds.info.

Bruder said many people

have become so disillusioned by the recovery process that they don't want to get into another program, but he hopes the establishment of local offices by the end of August will make it easier for homeowners to sign up.

The Road Home is set up to provide up to \$150,000 (less insurance and FEMA payments) for homeowners to rebuild, repair, or relocate. When the offices are opened in Cameron Parish, appointments will be set up for those who have registered. Homeowners will need to bring documentation with them, including current contact information, photo ID and Social Security number, the deed to the house, FEMA payment letter, costs already incurred, insurance policies, claims, and payments, litigation information, mortgage and lien information, and any SBA loan information. The local offices will be able to help with collecting some of these items.

Help for renters is still being planned. It will likely take the form of incentives to developers to rebuild destroyed rental units.

DHH eases verification of citizenship

Officials Department of Health and Hospitals announced they have developed a process where Medicaid caseworkers will have direct access to the Vital Records Registry system to verify citizenship for applicants and Medicaid enrollees.

Upon request, Medicaid eligibility workers will be able to access the Vital Records database, maintained by the DHH Office of Public Health, to confirm that the enrollee or applicant indeed has a valid Louisiana birth certificate. Persons without a U.S. Passport or original Louisiana birth certificate should call their local Medicaid office, not Vital Records, to use the process.

For more information on the Louisiana Medicaid Program, including a list of local offices across the state, visit our website at www.medicaid.dhh.louisiana.gov. Persons with questions about the program can contact their local office or our toll-free General Medicaid Hotline at 1-888-342-6207.

It Seems Just **Like Yesterday**

By Keith Hambrick

(Cameron Pilot, July 19, 1973) STATE HIGHWAY IS ALMOST IN CANAL

By GENEVA GRIFFITH Two lighted smudge pots stand vigil each night at each end of a stretch of road on the Creole levee road, just north of the Oak Grove intersection and approximately 150 feet south of the Oak Grove floodgate, to give warning to passing motorists that the road is about to fall into the canal.

About six months ago the road started to erode when a dragline was deepening and widening the canal as part of the Cameron-Creole watershed program. The shoulder of the road started caving into the canal, and in the last three months the entire shoulder has caved in.

CREOLE GETS NEW FIRE EQUIPMENT

A unique firefighting setup has been acquired for the Creole area, according to Norman McCall, Ward 3 Police Jury member.

A portable fire trailer, costing approximately \$3,000, was purchased with revenuesharing money.

It will be manned by members of the Creole Volunteer Fire Department, under the direction of Telesmar "Blanc" Bonsall, fire chief.

It is rigged up to tap into any of the 20 fire hydrants along the water system, or it can use any available water supply such as roadside ditches or canals when the hydrants are not available.

In the past, the Creole area has been served by fire However, requires more maintenance than is feasable for a volunteer department. This was why a portable unit was decided on.

The present fire department, in addition to Fire Chief Bonsall, includes: Joe G. "Johnny" Boudoin, Gordon Nunez, Dan Nunez, Dalton Richard, J. T. Primeaux, Fredman Theriot, Lynn Miller, Kirk Landry, Robert Landry, Kirby Gaspard, and Gilbert "Poo" Landry, Jr.

BRIDGE TO BE REPLACED

Motorists are advised that the first treated timber bridge located 4.36 miles south of the Gibbstown Pontoon Bridge on Louisiana 27 will be replaced beginning July 18.

Louisiana Department of Highways will employ a uniuge bridge replacement system in this area in that traffic will be maintained at all times without having to detour the area. The existing 25-foot wide timber bridge will be replaced with a 40-foot wide precast concrete bridge.

NEW WATERWORKS DISTRICT

Parish Cameron Police Jury has given notice that it intends to create Waterworks District No. 3 of Cameron Parish to serve the Grand Chenier-Oak Grove-Creole areas.

The district will include the areas that were formerly in Waterworks Districts No. 3 and 4. These districts were created about a year ago but were never put into use, as it was later felt that a combined district would better serve the

The new district also would take in the old Creole water system, a semi-private public district that was financed by a government grant and revenue bonds, that has had insufficient revenues to operate properly in recent years.

Cameron Parish has two other water districts in operation--Cameron Hackberry.

REVENUES UP ON SECTIONS

The financial statement for the Cameron Parish School System for the quarter ending June 30 shows an increase in income from the 16th section fund.

The 16th sections are sections of land given the schools many years ago by the state. Most parishes have sold these lands in the past, but Cameron Parish has held on to its sections, and has realized much income from oil royalties and leasing for grazing, trapping, farming and fishing.

For the fiscal year ending March 31, the 16th section revenues totaled \$175,667.57. However, for the quarter ending June 30, these revenues had increased to \$216,296.49.

ROUNDABOUT THE PARISH

U.S. Air Force Staff Sergeant Jerry W. Constance, son of Mr. and Mrs. J. B. Constance, Sr. of Hackberry, has arrived for duty at McChord AFB, Wash.

Loveless Theriot Nederland, Tex., spent Thursday of last week with his sister, Mrs. Doris Sturlese and niece, Mrs. Whitney

Baccigalopi and family.
Mr. and Mrs. H. M. Farrah, who are originally from north Louisiana, are building a new home in the Garber Subdivision.

This is July, and the hot weather and thunderstorms may hit and miss the area you're fishing. I've been either a "daybreak" to 10 a.m. angler or a 4 to 8 late afternoon angler. Lots of anglers are night fishing. It's more productive and more comfort-

able to fish. Travis Broussard and I tried Big Lake Saturday. we got out there about 3 p.m., and I was surprised to see only a few boats from Hebert's Landing to the very south end of the lake.

We caught a few speckle trout, nothing to brag about, but Travis had two trout going 20 inches. I caught one trout fishing bottom using a 1/2 ounce jig with a Norton all-purpose, chartreuse. The rest were caught on top water on a she-dog, green or blue top with chartreuse and orange bottom. We went by the open locks on the southwest corner of the lake, but the tide was running in, so we didn't waste time on trying for redfish.

CCA's S.T.A.R.

It has always been said, Big Lake trout sizes change. As you may be catching 2 to 4 pounders, and then the big one hits. Well, west trout division stayed the same as Tony Hayden still leads with 8.10 pounds. Now the flounder division for the west changed hands in all three places. Tom Lemoine is first with a 4.40 pounder, Chance Trahan second with a 4.05 and Hayden Fox captured third place with a 3.95 weight.

Quentin LeBoeuf of Creole is still in third place in the black drum statewide division with a 44.40 weight.

CAMERON PARISH TO HOLD

ELECTION: SEPTEMBER 30, 2006

If you are registered in Cameron Parish and have been displaced as a result of Hurricane Rita, you are still eligible to vote in your home parish, (if you have not registered in another parish of the state).

There are (3) ways: Absentee by mail ballot request; early voting (which will be done the week before the election) or in person at the polling place on day of election.

For more information on how to check your current registration status, and find out what is needed for a ballot request, please contact the Registrar's Office at 1-337-905-1167.

Election day is September 30, 2006. It is very important that those who choose to vote by mail must send a written request for a ballot. This must be done in advance for time reasons and must be done starting now.

Our mailing address is: Registrar of Voters Office, P O. Box 1, Cameron, LA 70631.

the summer months, you'll see sores on fish you catch. This takes place when water temperatures are warm.

which increases the potential

for fish infections. There are concerns regarding overall health of the fish populations, and some believe that these infections are very abnormal. Fish parasites are extremely common in most southern U.S. waters. Some of the things that cause these sores are bacteria, protozoa, fungi, flukes, tapeworms, roundworms and copepods. All adult fish are carriers of numerous species of parasites, but are otherwise healthy.

I know in the Big Burns we had lots of fish with sores, but when Miami Corporation decided to let some saltwater from the Mermentau River in the marsh, those areas cleaned up the sores on bass.

This happens not only in our marshes, but also on big lakes like Toledo Bend and Sam Rayborn. I was told that there was no danger eating these fish, just cut out the section that's bad if it's into the meat.

TARPON RODEO

It's been said that Grand Isle Tarpon Fishing Rodeo is one of the tradition-rich rodeo and America's oldest fishing competition and has lots of prizes in a long list of categories.

There were lots of damage done to the Grand Isle area $_{
m the}$ Katrina during Hurricane, but folks there are like Cameron Parish folks, the determination of residents is there and life will get back to normal, as quickly as

Well, all said and done, Grand Isle will host any salt-water angler as the rodeo is scheduled for July 27-29.

BRIEF

Most bass anglers agree that largemouth, smallmouth and spotted bass all time their spawns to the new and full moons.

Biologists don't agree or for that matter, don't disagree either. There's just not much hard evidence on this topic, so most won't post an opinion. They do agree that most panfish spawn on the moon phas-
