Parish teachers get \$2000 annual raise

By **GENEVA GRIFFITH**

Cameron Parish 337 certified teachers got some good news at the monthly meeting of the Cameron Parish School Board Monday--they are getting a \$2,000 a year raise retroactive to July 1.

School support workers--janitors, lunchroom workers--will receive pay raises of \$750 a year. The raises will be pro-rated with the raises added to their monthly checks.

The raises, which are permanent, are in addition to the "13th month" check.

Margaret Jones, board treasurer, reported that the budget for this fiscal year is looking good of the 34 parish school buses, three are new and the board plans to purchase three more, according to Ron Vining, who is in charge of bus maintenance.

He also reported that he had done an intensive search for someone to maintain the buses. From five proposals the Marshland Shop of Creole was chosen for a three year contract to service the buses.

Lonnie Bewley, bond issue attorney from New Orleans explained proposition, \$100 parcel fee to be voted on in the November election and in School Board District #4, the Grand Lake - Sweetlake Community for school improvements. He offered to help if the district needs him to explain the fee to the voters.

Registration to close for elections

Wednesday, Sept. 19 is the last day that new voters can register to vote in the Oct. 20 elections, according to the Cameron Parish Registrar of Voters.

One of these is the recall election for School Board member Bill Morris in District 4.

The other election is a School District 5 vote on the issuance of \$3.2 million in bonds for improvements to the Johnson Bayou school.

Only voters in these two districts may vote in their respective elections.

Health center to open at S. Cameron

By **JERRY WISE**

The new School Based Health Center will soon be in operation at South Cameron High School and will also serve South Cameron Elementary and Cameron Elementary Schools.

Funded by the La. Dept. of Health, the Health Center will be operated by Christus St. Patrick Hospital of Lake Charles in cooperation with the Cameron Parish School Board.

Christus is presently advertising to fill the following positions at the Center: nurse practitioner, part time; registered nurse, full time; social worker, full time; and two office positions, part time. (See the advertisement elsewhere in this issue on how to apply for these positions.)

The Center will be operated during school hours, 8 a.m. to 3:30 p.m. and will be closed on school holidays and during summer months.

The Health Center was announced in September, 2000 at an open house held at South Cameron High School.

Superintendent Judy Jones said the initial plans had been to include all of the schools in the parish in the program with Christus' mobile unit going to the outlying schools. However, the grant was not large enough to include Johnson Bayou, Hackberry and Grand Lake.

Jones said that Hackberry, that is served by a Rural Health Clinic, and Grand Lake, which is close to Lake Charles, had not seen the need for the service.

Supt. Jones said that services provided by the Health Center will include physicals, immunizations, vision and hearing screening, diagnosis and treatment for minor illness/injury, referrals, administration of prescription and approved over the counter medications, mental health services and other services.

Birth control services will not be provided by the Health Center.

All services offered would be at no cost to the student or parent but a \$5 fee will be charged for immunizations.

Birders offer aid to build tower here

By **GENEVA GRIFFITH**

Cameron Parish's new Jetties Fish Pier and the speed of ships in the ship channel were two of the main topics at the monthly meeting of the Cameron Parish Police Jury Thursday. The meeting had been postponed from Monday due to Labor Day.

911 telephone fees explained

A caller to the Southwest Daily News' Reader's Soapbox recently questioned a fee she had received on her cell telephone bill. She thought she had been charged for a call she had made to the Cameron Parish 911 about an accident near Holly Beach.

"I thought 911 calls were free," she stated. "I am amazed that someone has found a way to charge someone who put in a call for help."

Tina Horn, Cameron parish administrator, said the caller was confused. There is a 911 charge, but it is a monthly charge that is made on all cell phone bills to help finance the 911 program.

She said that residential phone customers are charged 85 cents a month and commercial users are charged \$1.71 to pay for 911 service. Cell phone users, who had not paid anything in the past, are now being billed 85 cents a month.

Horn said that no one is ever charged for a call to 911 reporting an emergency.

TEAL SEASON OPENS

It seems we can't shake the rain and last weekend was no exception. This sure put a hurt on our first split of dove season, as it ended last Sunday. I'm sure all this water won't held our teal season which starts Saturday, Sept. 15.

The Ducks Unlimited Banquet is set for Saturday evening at the Creole Multi-Purpose Building. The doors open at 6 p.m. and the ribeye dinner will be served at 7 p.m. and the auction and raffles will follow. Anyone is welcome to come. Remember this is the same day teal season opens.

FISHING REPORTS

Fishing reports are fair. A few reports on a few speckle trout in the three pound class caught at the Grand Chenier jet-ties and limits of red fish running around 20 inches in length. The Cameron jetty area is also producing red fish and if it holds true, big bull reds in the surf along Holly Beach.

This year the Lemesche Bass club plan to sponsor a Saltwater - Red Fish - Speckle Trout fishing tournament. Remember to obey all state and federal laws on size limits and areas you fish.

Fishing may begin at 12:01 a.m. on Sunday, Oct. 7, unless prohibited in the area you plan to fish. Weigh-in will be at the Grand Chenier Park from 2 p.m. to 4 p.m. (Persons in line at 4 p.m. will have their fish weighed.)

All decisions of weigh-master are final. come out and support this festival and enjoy a day of fun or a day of fishing. Remember 25 percent goes to the festival fund.

Tickets to enter will be on sale at area business places - in Grand Chenier - Booth's Grocery, Kajun Food Store and Larry's Seafood. In Creole Jerome's Convenience Store and in the Sweetlake and Grand Lake area Chasson's and Boone's Corner Store.

NEWS BRIEF

As I finish this writing, we've had 6 inches of rain in two days, which would bring my total up to 18 3/4 inches, not counting when my rain gauge over flowed. Our first north wind is blowing and maybe this will help move some of this high water out.

SCORING FOR South Cameron in the 22-18 win over Kinder last Friday were Donnie January, left, two TDs, and Neil Higgins, right, one TD and an extra point.

Tarpons take 22-18 win over Kinder last week

By CHRIS MUELLER

The South Cameron Tarpons moved to 2-0 in the young season as they beat class 2 A Kinder 22-18. It was the second week in a row the Tarpons have knocked off a class 2 A team, having beat DeQuincy 13 to 12 the previous week.

The Tarpons scored twice in the first quarter to take a 14-0 lead. With about 7 minutes to go in the first quarter Tarpon quarterback Brett Baccigalopi hit tight-end Neil Higgins with a 12 yard scoring toss. A short time later tailback Donnie January bulled in from the 1 yard line. Robbie Montie again nailed the extra point to put the Tarpons up 14-0.

The second quarter belonged to the Yellowjackets as they made a bid to get back in to the game behind the passing of freshman quarterback Curt Bertrand and the running of Derick Lavan.

Kinder's starting quarterback Steven Hamilton was knocked out of the game in the second quarter with an ankle injury. Derik Lavan scored on a two yard run and Samuel Griffin was on the receiving end of a 5 yard pass from Bertrand to make the score SC 14, Kinder 12 at the half.

Bertrand struck again in the third quarter to give his Yellowjackets their first lead of the game. A 24 yard pass to Austin St. Mary put the Jackets up 18 to 14 but for the third time the Jackets failed to convert an extra point. That proved to be the deciding factor in the game.

The Tarpons' January scored the winning points on a three yard touchdown run in the fourth quarter.

January put in a good game on the ground for the Tarpons rushing for 116 yards on 24 carries. Marcus Boudreaux added 33 yards on 9 carries. Brett Baccigalopi was 4-11 for 54 yards in the passing department. Trey Lute caught 3 passes for 51 yards on the night. The Tarpons powerful defense held Kinder to 4 first downs and 130 yards rushing in the game.

The Tarpons look to go 3-0 next week as they take on the 0-2 South Beauregard Golden Knights another class 2 A team that made the playoffs last season. The Tarpons will be on the road and gametime will be 7 p.m. in Longville.

Ducks Unlimited to help restore coastal marshes

By GENEVA GRIFFITH

Cameron Parish landowners, and especially those who use the local marshes for hunting, trapping, and other uses will be glad to hear that there are plans to restore the coastal marshes.

Through a grant administered by the North American Wetlands Conservation Act, Ducks Unlimited has secured funding to help landowners to restore Louisiana coastal wetlands.

The marshes have been deteriorating since man-made navigation channels have changed the natural waterflow patterns of the landscape, allowing salt-water intrusion into the marsh areas with vegetation that is less to tolerant to high salinity.

The vegetation dies, which creates large areas of shallow open water and a broken marsh, and adjacent to these large open-water areas they are experiencing severe erosion caused by wind generated waves. This can be seen at Rockefeller Refuge.

Louisiana has the highest coastal wetlands loss rate of any

state in the nation, and Cameron Parish is the largest parish in the state. More than 1,500 square miles of the coastal wetlands have been lost over the past seven decades.

Canals built to access oil and gas have accelerated coastal erosion, currently, from 25 to 35 square miles of the coastal wetlands are lost every year to open-water habitats.

South Louisiana contains the largest expanse of coastal wetlands in North American and has for centuries provided critical wintering habitat for up to two-thirds of the ducks and one-third of the geese that use the Mississippi Flyway.

Chad Courville, Ducks Unlimited project biologist will over see the implementation of the Louisiana Coastal Wetlands Project.

Implementation of the grant's objectives will be a cooperative effort of Ducks Unlimited, Louisiana Department of Wildlife and Fisheries, Louisiana Department of Natural Resources, the USDA National Resources, The U.S.D.A. National Resources Service, Cameron Parish Police Jury, Miami Corporation, North American Land Co. Inc, and private landowners.

Terraces will be constructed in water depths ranging from one to two feet. They look like duck wings from the air and will be 1,000 feet long, 40 feet wide at its base and about 10 feet wide at the top. The surface of each terrace will be about a foot above water level and will be planted with vegetation to reduce erosion. They will be designed in a "V" shape so that during any wind direction, calm water should be the result.

Ducks Unlimited engineers will survey and design more than 20 miles of these duck-wing shaped terraces and the construction of the terraces is scheduled to begin February 2002.

The local Cameron Parish annual Ducks Unlimited banquet is slated for Saturday night, Sept. 15 at the Creole Fire Station, with the social hour to begin at 6, followed by the meal and auction at 7 p.m. The entry fee will include the D.U. membership and the meal of ribeye steaks.

Everyone is invited to attend, according to Brandin Trahan, D. U. president.
