'59 farm income sets new record

Cameron parish farmers' income in 1959 will exceed $2¼ million, a record figure that exceeds even the pre-Hurricane Audrey years.

That is the highlight of the annual report just issued by Hadley Fontenot for the Cameron county agent's office.

Mr. Fontenot states that good prices for cattle in 1959 and a better than average yield of rice have helped to overcome the lower price of rice to bring the total income to the new record level.

The rice and corn crops were also new records for the parish according to the county agent's report, which continues:

Farm improvements continue in spite of the higher prices farmers have to pay for these improvements. Good hay crops, better bulls, improved pastures, new barns, good fences, land leveling, more weed control are some of the many indications of better farming which can be seen when traveling through the parish.

Another indication of progress in the organization of a cattlemen's association which has long been needed to serve this very important phase of agriculture in the parish. Over 80 members have become members since it was organized just a few months ago.

CROP PRODUCTIONS

Rice: A parish average yield of approximately 18 barrels, green weight, is the best in the history of the parish. The increased use of balanced fertilizer and top dressing, land leveling, insect control, new improved varieties and better weed control are some of the factors which have had significant effect on the yield going up.

Through the cooperation of farmer demonstrators, other agricultural agencies, experiment stations, fertilizer companies and news papers it was possible to get a large portion of the rice farmers to follow the good practices mentioned above.

Several demonstrations were conducted again this year to show the value of good fertilizer practices, weed control and top dressing with nitrogen.

To name a few, Absie Duhon estimates he increased his yield about 2 barrels per acre by top dressing with nitrogen, a practice he had never followed before.

Hebert, Precht Brothers were able to keep weed competition to a minimum by water planting and averaged over 20 barrels per acre on their crop.

Daniel Broussard estimates he increased his yield by several barrels by having used a balanced fertilizer as recommended by a soil test.

CORN

Estimated average of corn yield per acre was in excess of 30 barrels. Another first in Cameron parish history. A yield of 81 bushels was reported as top yield of the year and was produced by Conway LeBleu of Cameron. Several yields of over 60 bushels were reported. Severin Miller and Claude Bonsall of Grand Chenier, Dupre Guidry of Sweet Lake and Ojust Richard of Creole to name a few.

About 1000 acres were planted to corn this year by approximately 90 people. All corn was seeded to hybrid varieties. All was fertilized with mixed fertilize at planting time and most received some application of nitrogen as a side dressing.

PASTURE & RANGE

188 tons of lime was spread on 13 farms asa result of cooperatin assistance given these farmers by the County Agent, A.S.C. and S.C.S.

Over 5000 acres of coffee weeds were sprayed in marsh ranges this year through cooperative community action. Johnson Bayou ceme into the program for the first time this year.

58 farmers were assisted with planning their pasture improvements.

16 farmers were given advice on hay production.

13 farmers were assisted in planning cherokee and mosquite iontrol programs.

WATERMELON

Five watermelon producers were assisted with obtaining recommended varieties fertilization and disease control.

ORCHARD

Three farmers who have commercial size citrus orchards and two more who are going into the business were helped this year with locating trees, given instructions on budding and advised on fertilization and disease and insect control.

21 home orchard owners were assisted with disease and insect control, pruning and grafting problems.

By MRS. H. D. PRIMEAUX

Alexson Stoute, 63, of Cameron, died at 11:20 a.m. Monday at St. Patrick's hospital in Lake Charles after an illness of about two weeks.

Mr. Stoute was employed by the Louisiana Menhaden Company.

Funeral services were held at Our Lady Star of the Sea Catholic church in Cameron at 10 a.m. Tuesday with the Rev. Eugene Sonnerville officiating. Burial was at Highland Memory Gardens in Lake Charles under the direction of O'Donnell Funeral Home of Creole.

Survivors include his wife, Mrs. Vivian Stoute of Cameron; one son, Jimmy Stoute, Cameron; four brothers, Lovio Stoute of Cameron, Ben and Lezia Stoute of Gueydan, and Lucian Stoute of Lake Arthur; two sisters, Mrs. Elias Saltzman, Holly Beach; and Mrs. Noah Hebert of Lake Charles; and three grandchildren.

Cement sales firm begins operations here this week

The Cameron Supply Company, a firm which will sell portland cement to oilwell drilling firms and to building contractors, opened in Cameron Monday, according to Elmer E. Hasha, one of its owners.

The new business is located in the warehouse owned by Peter C. Henry across from LaBove's Magnolia Station.

Mr. Hasha said that there has long been a need for such a business and that he and his associates would try to fill this need. They plan at a later date to build a building on the waterfront.

The firm will buy its cement from the Lone Star Cement Corp. of Lake Charles.

Absentee voting now in progress for 2nd primary

Absentee voting for the second primary election on Jan. 9 began this Wednesday in the clerk of court's office in Cameron and will end at 5 p.m. Wednesday, Jan 6.

Clerk of Court J. Berton Deigle said, however, his office would be closed this Friday in observance of New Year's Day, but will be open Saturday morning.

There will be only one parish runoff race on the ballot in Cameron parish—the Ward 6 police jury race. All of the others will be state elections.

Mysterious calls for help touch off big search

By MRS. H. D. PRIMEAUX

Mysterious calls for help touched off a big search in the marsh around Creole Christmas eve but nothing definite was found.

Several hunters heard the cries north of the home of Mr. and Mrs. Odes McCullough. Thinking perhaps some hunter had been accidentally shot a search was conducted by local residents and the sheriff's department.

All that was found was a group of young boys who had gotten tired of hunting with their elders and were playing games on the next ridge. They may have been the ones who were heard calling—but no one is sure.

Parish residents buy $2,412 worth of bonds in Nov.

Purchases of Series E and H Savings Bonds during the month of November in Cameron parish totaled $2,412, according to J. W. Doxey, parish chairman.

Parish residents have bought $38,835 worth of bonds to date, or 59 percent of the annual goal of $65,000.

Effective January 1, 1960 all holders of Series E Bonds and unmatured Series F and J Bonds are permitted to exchange these securities for Series H Bonds with deferment of tax liability on accumulated interest and without regard to the annual limitation as to amount, reminded parish chairman Doxey.

Three wrecks reported over the Xmas hollidays

One person was seriously hurt and four cars were damaged in three separate wrecks throughout Cameron parish during the Christmas holidays, according to Cpl. C. E. Jones of the state police.

Moise Sonnier of Basile suffered a fractured neck when his 1959 Studebaker was hit from the rear by a 1958 Oldsmobile driven by Melvin Mhire on La. Hwy. 82 at Grand Chenier at 12 p.m., Dec. 24. Sonnier had previously suffered a broken neck in another accident.

Cpl. Jones said the Sonnier car was proceeding west at a very slow rate of speed when hit by Mhire's car. Sonnier was taken to the Lake Charles Memorial hospital. Mhire was charged with careless and reckless driving.

Joe Rankin, 33, of Lake Charles, an employee of an oilfield service firm, was also charged with careless and reckless driving after his 1959 Chevrolet hit and broke a Jeff Davis Electric Coop pole near the Gibbstown bridge at 7 p.m. Saturday.

Cpl. Jones said that Rankin had stopped his car in the line of traffic going north and had gone to sleep. Cars going around his car woke him up, and he started his car and passed three cars on the right shoulder of the road before hitting a highway sign. The car then careened across and hit the utility pole on the left side of the road. The Chevrolet had about $600 in damages. Rankin was unhurt.

IN A THIRD ACCIDENT at about 8 p.m. Saturday, a 1959 Oldsmobile driven by C. J. Phillips left the road three miles east of Cameron and went into a roadside canal. The car was going at such a high rate of speed, according to Cpl. Jones, that it stayed on top of the water for some 20 feet before submerging.

Phillips was charged with drunken driving. The owner of the car, Clayton Nunez, who arrived on the scene shortly after the accident, was charged with disturbing the peace, according to Cpl. Jones. The car had damages amounting to about $1500.

Mrs. Dyson of Cameron dies in hospital Tuesday

Mrs. Caroline Dyson, Cameron mother of eight children, died at 4:40 p.m. Tuesday at a hospital in Lafayette. Death was due to complications arising from accidents in which she broke her leg on two separate occasions.

Funeral services were conducted at the Dyson home in Cameron at 2 p.m. Wednesday by Father Eugene Sonnerville, pastor of Our Lady Star of the Sea Catholic Church. Burial was in the High Island Cemetery at Creole under the direction of O'Donnell Funeral Home.

Mrs. Dyson is survived by eight children, Dorcen, Edmond, Marylene, J. J., Irence, Collise, Rita and Floyd, all of Cameron; two brothers, Alcide Constance of Sabine, Texas; and A. J. Constance of Lake Charles.

Chep Morrison & ticket to be here Monday

Chep Morrison, candidate for governor, and his ticket will be in Cameron at 6 p.m. Monday and will hold a political rally in the courthouse square.

This will be Morrison's third visit to the parish during the current campaign.

Members of his ticket who will accompany him will be George Bowdon, candidate for lieutenant governor; Mrs. Marion Headerson, for state comptroller; George Shannon, for commissioner of agriculture; Fred Dent, Jr., for register of state land office; Paul Tate, for commissioner of insurance; and David W. Chennault, for custodian of voting machines.

Mrs. Doxey says she is still Chep's manager

In a statement issued this week, Mrs. James Doxey said that she is still the Cameron parish chairman of the Morrison for Governor committee despite rumors to the contrary.

She said that some people may have been confused by a statement issued last week by Jay Thornton, seventh congressional district Morrison co-chairman, naming Roland J. (Bolo) Trosclair as co-chairman for Cameron. She but that she is still the parish chairman.

Dalton Richard named "Knight of the Year"

Dalton Richard, Creole's postmaster, was named "Knight of the Year" by the Cameron Knights of Columbus council at a banquet Wednesday night at the KC hall in Creole.

Mr. Richard was presented a certificate by Grand Knight J. Berton Daigle and will later receive an engraved plaque.

His selection was made by a special committee and was based on his outstanding work in Catholic, church, civic and Knights of Columbus activities.

Mr. Richard is a Fourth Degree Knight, a past Grand Knight of the council and is presently its activity chairman. He organized the Boy Scout troop, which is sponsored by the KCs. He is chairman of the Creole Civil Defense, and helped organize the Creole volunteer fire department.

He is a past commander and past adjutant of the American Legion; a member of the VFW, Farm Bureau, Cattlemen Association and South Cameron Athletic Association. He is a member of the Creole Drainage District board of supervisors.

Oday Hebert of Lake Charles, president of the Confraternity of Christian Doctrine, was guest speaker at the banquet. Mark Richard was master of ceremonies.

19 century old "ad" to be found on Page 8

A unique advertisement, 19 centuries old, is to be found on page 8 of this issue of the PILOT. Published as a community service by the Cameron Insurance Agency and the PILOT, we sincerely hope that readers will take the nine minutes to read the entire page.

Actually the page is a modern presentation of the Sermon on the Mount. It is built upon the belief that there are certain well tested lessons, which should be brought before the public more often.

The Sermon on the Mount page was first published in the New York Herald Tribune, in December, 1950, by a group of citizens who felt that ideas contained in the Sermon should be brought to the attention of as many people as possible.

Since that time, the page has been published in hundreds of newspapers all over the world. The response to the ad has been tremendous, with praise coming from some of the best informed leaders of the Protestant, Catholic and Jewish faiths.

Readers who have any comments to make on the page are invited to send them to the PILOT, which will see that they are transmitted to all those responsible for the page.

Hackberry CDA gives Christmas baskets to needy

The Catholic Daughters of America, Court of Our Lady of Sorrows, held their monthly meeting December 21, in the Catholic Hall in Hackberry.

Committee gave their reports on Thanksgiving activities. Three boxes of food were delivered to the needy families and seven boxes of clothing were packed and shipped to the Bishop's Clothing Headquarters.

For Christmas two boxes of food, candy and fruit were given to the other needy families of the community.

The Mardi Gras Social will be February 1, for the benefit of the Court.

Father Brandley gave a talk on duties of order members.

The Junior Catholic Daughters sang Christmas Carols and served refreshments to the Catholic Daughters.

Meeting was closed with prayer led by Father Brandley.

Candidates make no sewarage promises

Both candidates for governor this week remained uncommitted on a proposal by the Cameron Lions Club that include provisions for aid for a Cameron sewage system in their program of work if elected.

The Lions recently contacted both Jimmie Davis and Chep Morrison suggesting that whoever was elected (1) extend the homestead exemption for a Cameron sewerage bond issue, and (2) secure a $500,000 appropriation from the Rockefeller Wildlife Refuge for the program.

(A sewerage bond issue for Cameron was defeated by the property owners here some months ago. However, the sewerage commission had hopes of bringing the issue to another vote at a later date if the above requests were met.)

The club stated in its request to the two candidates, that it was felt that Cameron parish should get some of the surplus oil revenues from the Rockefeller refuge since the refuge is chiefly located in the parish and the parish does not get any taxes from it.

Under state law, refuge revenues must first go to keep up the refuge. After that the state may use the surplus for school and health programs in the state. The Lions Club points out that the sewerage system for Cameron would come under the health provision.

J. W. Doxey, club member, who was appointed to contact Jimmie Davis, announced Wednesday that he had done so but that he had not asked for a firm commitment on the Lions' request. He said he had done some investigation on the refuge situation and found that while more than $2½ million has come out of the refuge in the past two years, the refuge is $70,000 in the red right now.

Mr. Doxey also said he had been informed in Baton Rouge that the state treasury is "broke" and that regardless of who is elected, the new governor will have a big financial problem.

Roland J. Trosclair told the club that he had sent the request to Morrison but that he had not gotten any definite promises, and that he did not expect any in view of the financial situation of the refuge.

Lion President E. J. Dronet thanked Doxey and Trosclair for their efforts and stated that the club was only trying to get an improvement for its community and not trying to get in politics.

Government to open bids on offshore leases

The U. S. Interior Department's Bureau of Land Management has announced approximately 1,608,000 acres of submerged lands off the coasts of Louisiana and Texas will be offered for competitive oil and gas leasing Feb. 24.

The bids are to be opened in New Orleans.

Involved are 288 tracts in two zones off the Louisiana shore and 97 tracts off Texas.

The minimum acceptable bonus bid will be $15 an acre for tracts ranging in size from "a few fractional blocks" to the regular size blocks of 5,000 acres offshore Louisiana and 5,760 acres offshore Texas.

Another part of coast road to be surfaced

Another section of the Hug-the-Coast road in Cameron parish will be blacktopped in the near future, Rep. Alvin Dyson announced this week.

Mr. Dyson said the state highway department will let a contract on Jan. 27 for the blacktopping of four miles of the road from the east end of Grand Chenier to the Superior bridge.

At the same time a contract will be let for a hot mix overlay for the road from the Mermentau river to the east end of Grand Chenier. This project plus the four mile project will total 19 miles of blacktop.

The new four miles of road to be surfaced were built by Cameron parish six years ago, and at the same time the Superior Oil Co. built a bridge at the end of that section. Both this section of the road and the bridge have been turned over to the state highway department.

When these new projects are completed, only 11.2 miles of the Hug-the-Coast road will be left unpaved between Grand Chenier and Pecan Island, 4 miles in Cameron and 7.2 miles in Vermilion. The dirt work for this portion was completed this past summer, and will have to settle for about two years before it can be blacktopped.

On the west side of the parish, 12 miles of the road between the Johnson Bayou school and the Sabine causeway remain to be blacktopped. Mr. Dyson said the highway department is still trying to get rights-of-way for this project, and that they hope to be able to call for bids in the near future.

JOHNSON BAYOU NEWS

Bayou folks have quiet but bountiful Christmas, and much coming & going

By MRS. M. C. JOHNSON

The bountiful sunshine was a welcomed sight Monday as Johnson Bayou housewives started their "After Christmas — Prepare for New Year" housecleaning. This year the school had no special activities, but each classroom exchanged gifts. The Catholic Church had Christmas Mass on Friday morning. The Baptist Church presented their annual Christmas program "The Bells Ring Out" last week.

A new fleet of bicycles are located on Smith Ridge at the home of the Thurmond Kopple family. Apparently Santa was really "loaded" as he passed that way.

Sunday visitors in the Billy Griffith home were Mr. and Mrs. Amos Mullins, Linda and Evelyn, of St. Joseph, Missouri. The Mullins are spending their vacation in Orange, Texas, visiting relatives who are nearby.

Trudy Faye Sturlese of Lafayette is spending this week with her aunt and family, the Elvin Donahues.

P.F.C. Gene Trahan, who is presently stationed at Fort Benning, Georgia, spent a few days last week visiting his parents, Mr. and Mrs. Alvie Trahan. Gene accompanied his parents to Houma where they visited thier daughter and grandchildren.

Mrs. Lettie Mae Rutherford spent the Christmas holidays in Sulphur with her daughter, Mrs. Edlow Peveto.

THE RAFAEL Manuel family enjoyed a week of vacation and most of it was spent visiting relatives in Eunice.

Mr. and Mrs. Marvin Fenin spent two days in Houston last week where they attended the Fanin reunion.

Fred Packard, who was a teacher at the Johnson Bayou School last year, was a visitor on the Bayou last week. Mr. Packard is attending Art School in New York and was through here on the Christmas vacation.

Glad to be home with her parents for two weeks is Pat Green, daughter of Mr. and Mrs. John Green. Pat is attending school in Kilgore, Texas, this year where she will graduate next May.

Latest report on the condition of Joe Storm, now in a Lafayette Hospital, came from his wife and family who visited him Christmas Eve. He is reported to be improving slowly.

Vacationers last week included Mr. and Mrs. Roy T. Valentine, Jr., Patricia and Jeff, who went to Odessa, Texas to visit relatives.

Due to the many sudden changes in our weather, many people have colds and some have the flu. To each of these we sent get-well wishes this week.

A WARM WELCOME is extended to Garry Keith Trahan, newest member of the Alton Trahan family. He arrived Sunday morning at 3:20 a.m., and weighed 7 lbs., 15 ozs. He was born at St. Mary Hospital in Port Arthur, Texas, and took his first look at Johnson Bayou on Tuesday. Other members of the family are Judy, Dwayne, and Sharon Kay.

Mr. and Mrs. Archie Berwick spent Christmas in Vinton with the Ellis Berwick family.

Visiting the L. R. Hathaway's for the holidays were Mr. and Mrs. R. L. Gordy and children of Pampa, Texas.

Mr. and Mrs. Clyde Barrentine spent the holidays with Mrs. Barrentine's family the Bernard Nunezs of Creole.

Sunday visitors in the Carl Rutherford home were his parents, Mr. and Mrs. Earl Rutherford of Sulphur.

Mrs. Veronica Stanley spent the holidays in the home of her son, J. P. Stanley in Lake Charles.

We were glad to welcome home Mr. Fred Griffith who has spent several weeks in Lake Charles — first in a hospital, then recovering from the illness in the home of his daughter.

Jimmy and Jack Edgerton of Fort Worth, Texas, and Peggy Edgerton and Velma Villionoven of Orange, Texas spent Saturday visiting their sister, Mrs. Marvine Griffith.

A freak accident occurred near the Billy Griffith home on Monday evening when a car overturned. Injuries to the occupants was minor.

Monday visitors in the Elvin Donahue home were Mr. and Mrs. Ben Mudd of Lake Charles. They returned home on Tuesday.

THE REV. AND Mrs. Adam Houffpeuir of Kansas City, Kansas, spent Tuesday and Wednesday in the Claude Rutherford home. Rev. Houffpeuir is pastor of a Nazrene church in Kansas City. Their children, Nancy and Jimmy accompanied them on their trip here. Also visiting the Rutherford home was Mrs. Rutherford's mother, Mrs. Edmond LeBeouf of Gueydon.

Edgar Billiot, student in college at Natchitoches, spent the holidays with his parents, Mr. and Mrs. Robert Billiot. Visiting in the home this week is Mr. and Mrs. Bobby Billiot of Lake Charles.

The Roy Billeaud family spent Christmas with Mrs. Billeaud's family, Mr. and Mrs. Norris Mhire in Grand Chenier. They also spent Friday night with Mr. and Mrs. Tom Mudd in Creole.

Bayou visitors last week included Mr. and Mrs. Sam Warren of Cameron, former residents of Johnson Bayou.

Mr. and Mrs. Elvin Donahue and children spent Friday visiting Mrs. Donahue's parents, Mr. and Mrs. James Savoie of Cameron.

Mrs. Claude Rutherford spent Friday in Port Arthur, Texas visiting her sister, Mrs. Ray Smith. Later, Mr. and Mrs. Smith returned to Johnson Bayou with Mrs. Rutherford, where they spent Friday night.

Mrs. Billy Griffith and children, and Mr. and Mrs. Dennis Burch spent last Thursday in Orange, Texas visiting friends and relatives.

THE MCRIGHT family reunion was held in Glenmora on Sunday and Mr. and Mrs. Kenneth McRight and Gwen attended.

Spending the weekend visiting relatives in Hull, Texas were the Sullivan LeNormand family.

Saturday visitors in the M. C. Johnson home were his brother and family, Mr. and Mrs. M. T. Johnson of New Iberia, and his mother, Mrs. W. E. Root of Lake Charles.

Mrs. Dave Griffith was hostess to a Christmas reunion of her family, the Choates, of Cameron.

Chains with locks were installed across the cattle guards at the school. Also locks were placed on the gates.

A new Oil Rig was moved on the Bayou this week and several local men were employed.

With the closing of duck season just around the corner, activity has picked up this week with visitors wanting to get in "just one more" hunt before the deadline.

Happy New Year to all!

Stanley walked three miles through the rain to pay 50¢ he had borrowed because, as he put it, "I am a man who keeps his word." Stanley still takes great pride in his honesty. He is a straight shooter and he never lies. But he is unhappy! This is not surprising, for his religion is his pride. He does not see that pride often keeps a man from being his best and may make him his worst.

Stanley is like the young man who asked Jesus how he might have eternal life. To show him the meager spiritual quality of his life Jesus reminded the young man of the Ten Commandments. He said, "All these things have I kept from my youth up" (Matt. 19:20). Jesus saw that his pride was his undoing. It had put him in competition with God, and caused him to go about with an invisible flag, so to speak, on which was written, "I am my own savior." So Jesus at once struck a blow at his pride: "Go and sell that thou hast, and give to the poor . . . and come follow me" (Matt. 19:21). Jesus was not discounting the importance of keeping the commandments. He was emphasizing that total surrender to God whatever is involved, is man's only way to heaven. Note his strong words: "Go . . . sell . . . give . . . come . . . follow."

What Jesus said is something that Stanley needs to get straight. God does not want just so much of his time, his money, his talent; he wants him, all of him. Stanley resents God's intrusion into his life; but it is in his resentment that Stanley acts most like a god. What he is really saying is, "I am a little god, and I don't want to be run over by a big God." He sulks and takes his motor boat to the lake on Sunday, saying: "A man has to live his own life. The church people make too many demands." He goes on burning his life out in a furious search for satisfaction and contentment. "I am free," he says; and from the way he acts it would seem that he is right. But Stanley is not free; he is a slave to his pride, his passions, and sin. Though God wants to set him free, he cannot do so until Stanley surrenders his life to him.

Stanley says to God, "All right! Give me a sign." God replies: "I have already given you a sign, that of my only begotten Son — the life he lived, the death he died, his triumph over the grave."

What did Stanley do? What must all of us do? We ought to keep the Ten Commandments, but unaided we cannot keep them. We need the help that only God can give. We can get it only by turning from sin, our sins, taking Jesus Christ as Saviour for both time and eternity, and surrendering to him as Lord. Then shall we find that when the Son of God makes us free we are free indeed (John 8:36).

DAVIS & MORRISON ON WILDLIFE, from their replies to a questionaire submitted them by the Louisiana Wildlife Federation: QUESTION-Will you actively support and vote for a bill to restore the resident hunting license fee to $2.00? (The average resident fee of the 48 states is more than $3.00. Our fee was $2.00, but now is $1.00. The additional money is needed to buy or lease lands and waters for public hunting. ANSWERS-Davis: "I will work to provide adequate funds for the efficient operation of the Commission. I hesitate to say that I will dedicate any certain amount of funds, but I do say that I promise full support in providing adequate funds for the Commission. I also pledge my support to the acquisition of lands for public hunting and fishing."

Morrison: "I would consider this. However, I would prefer to get the revenues from another source".

QUESTION: Will you support legislation allowing the setting of seasons and bag limits on all sport fish & animals in our state by the Wild Life & Fisheries Commission . . . without the veto power delegated to some political bodies of this state? (Parish police juries can now veto "any deer" hunting.) ANSWERS-Davis: "Yes. This is as it should be, and I shall support this." Morrison: "This is a Legislative, not an Executive function". (The question reads will you SUPPORT legislation, and none can deny that the governor can exert great influence for or against any particular bill.)

QUESTION: Will you support Federation views that all lands to be posted must be completely fenced, and that trespassers on legally posted lands be given more severe penalties? ANSWERS-Davis: "Posting of land is a highly controversial problem. For example: marsh land in the coastal areas. I agree that property lines MUST be well defined before posting. I would like to have this problem thoroughly covered by a representative committee. I am sure that we can come up with a fair and proper solution. I assure you that I shall take action to resolve this problem". Morrison: "This is a legislative and judicial function. The imposition of penalties can only be fixed by the courts based on the circumstances in each case. Neither legislature nor executive can interfere". (Again, the executive can exert great influence toward passage or of defeat of any bill; and toward or against enforcement of any laws on the books.)

QUESTION: Will you support legislation to create a study council on outdoor recreational needs. . .? ANSWERS: Davis-"Yes. Congratulations! This is a very important point. This study council could well be the beginning of a new concept in outdoor recreation management. . . " Morrison-"I will study and consider".

Copies of the entire questionaire and answers are available from the Louisiana Wildlife Federation, Box 8488, L.S.U., Baton Rouge.

Allen "No Rifles" Ban Challenged

Five hunters have pleaded not guilty to breaking the law by using rifles during the deer season in Allen parish, and their arguments will be heard in District Court in Oberlin at 11:00 a.m. on January 15. Three of them filed a motion to quash the counts, saying that the police jury ordinance which bans the use of rifles fails to set any offense as defined by law, that the ordinance is unconstitutional and is a violation of the Constitution of the State of Louisiana and the Second Amendment of the Constitution of the United States.

A lot of sportsmen will be following this case with interest.

What Does God's Law Say— "BETWEEN The Lines?"

Few Christians will deny that the Ten Commandments are God's design for human conduct. Some so-called Christians think they are out-moded.

But how many know what they really mean?

"Thou shalt not steal," for example, obviously forbids robbery, burglary and embezzlement. What many evidently do not realize is that this Commandment also forbids evasion of just debts, bribery to gain political and business advantages, lending money at usurious rates, and other sharp practices which are often dishonestly excused as "smart business."

The Commandments speak only in broad, general terms. Their full meaning can be understood only in the light of the teaching of the New Testament. "I am the Lord, thy God; thou shalt not have strange gods before me," is taken by some to mean only that they must believe in a Supreme Being. Actually, it obliges us to prayer, gratitude, hope and worship, even though these words are not mentioned.

Most Christians agree that The Lord's Day must be kept holy. Yet there is a wide difference of opinion as to how this should be done . . . indeed, there is even some disagreement as to *when* the Lord's Day should be observed.

When God said "Thou shalt not kill," He was not warning mankind merely against murder due to greed, lust or vengeance. He was telling us plainly that He, Who alone had the power to create human life, was reserving for Himself the right to take it away. And He made no exceptions for deliberate abortion and the so-called "mercy killings" which some Christians seek to justify today.

A wide variance of opinion also prevails as to the meaning of the Commandment: "Thou shalt not bear false witness against thy neighbor." Some apparently think this is a prohibition only against perjury in a courtroom. Actually, it is a warning against lies of all descriptions and all acts of commission and omission which injure the good name and reputation of another.

You hear people say, with smug assurance: "I keep the Commandments—that's enough." And it would indeed be enough if they truly understood what the Commandments require. But we must read "between the lines" if we are rightly to understand God's instructions and to live according to His design. If you want to be sure . . . if you want to refresh your mind on the true and full meaning of God's rules of life . . . write today for our free Pamphlet No. KC-12. It will be sent to you in a plain wrapper, and nobody will call on you.

Tarpons rated sixth best state B team

The South Cameron Tarpons were the best Class B high school football team in Louisiana this year, according to final 1959 rankings by Lee Meade's Louisiana Prep Grid Standard.

The St. James Wildcats, who were undefeated but twice-tied in 14 games this season, were ranked as the best team in the stat with a rating of 93.87.

The Grid Standard rates and ranks all of the state's high school football teams on a basis of average margin of victory or defeat and comparative strength of opposition.

It marks the second straight year that the Wildcats have been ranked No. 1 by the Grid Standard. Last year, however, there was some room for argument, since Greensburg captured the state playoff championship.

But in winning this season, St. James turned back all of its opposition. The two ties marring the Wildcat record were both against Class A rivals. St. James scored victories over six of the other nine Top Ten teams.

Oberlin (89.25) was second, St. Michael (85.87) third, Zachary (85.06) fourth and Erath (81.38) fifth. South Cameron (79.51) placed sixth, Dutchtown (78.35) seventh, St. John of Plaquemine (77.96) eighth, Cotton Valley (77.69) ninth and Clinton (77.33) tenth.

Father Teurlings of Lafayette won the distinction of being the most-improved Class B team. It raised its rating 23 points in its second season of competition.

St. Bernard of St. Bernard, which advanced 21.62 points; St. Joseph of Rayne, whicheame up 20.42 points; South Cameron, which showed an 18.62 point rise, and Berwick, which gained 17.39 points, were others showing significant improvement.

Delhi won top-ranking in Class B in 1957 with a rating of 87.41. St. James had 84.10 in 1958.

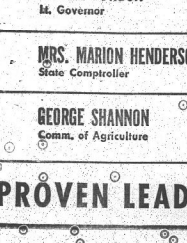
Health dept. urges you to get tetanus shots

Tetanus, (lockjaw), a disease which kills more people in Louisiana than polio, was the fourth leading cause of death in the state in 1957, from infectious and contagious diseases. Because of the seriousness of this disease the Louisiana State Medical Society and the Louisiana State Board of Health jointly urge widespread tetanus toxoid immunization of Louisiana's population.

Tetanus is an infectious disease associated with spasms of the musculature. The jaws may lock because of spasm of the jaw muscles, hence the term "lockjaw." Tetanus infection may occur at the time of injury even though the wound seems trivial. Death may occur early in the disease, either from heart failure or from asphyxiation during a spasm. The mortality rate in Louisiana is about fifty-five percent.

In the last year (1957-58) at New Orleans Charity hospital there were three times as many cases of polio as of tetanus, but there were seven times as many deaths from tetanus. Records for the previous year show ten times as many cases of polio, but three times as many deaths afrom tetanus.

Immunization provides protection against this highly fatal disease. Tetanus toxoid is one of the most effective immunizing materials. There are few preventive measures which are so simple, so safe, so effective and so cheap as tetanus toxoid immunization.



ANYONE WITH military experience in World War II will have received routine immunization. Immunity may be maintained with regular booster shots at three to five year intervals.

Many young people below age twenty probably were routinely immunized in infancy, along with diphtheria, smallpox and whooping cough vaccines. Booster shots at three to five year intervals are recommended. Parents should make sure that all inlants receive tetanus immunization.

All other persons, including pregnant women, should have tetanus toxoid shots. The mother's immunity may protect the newborn infant during the early months of life.

Immunization is effective only if it is received ahead of time, that is, before an injury occurs. Tetanus antitoxin, administered by a physician at the time of injury, provides a short-term immunity only. Many persons are sensitive to tetanus antitoxin which is made from horse serum which may produce severe reactions. Severe reaction to tetanus toxoid is extremely rare.

Tetanus infection may result from a minor cut, puncture wound or scratch. The growing rate of traffic accidents increases the risk of tetanus infection almost universally.

Social security tax increase is effective Jan. 1

A reminder was issued by Julian Covington, Lake Charles social security district manager, that starting January 1, 1960, the social security tax rate will be increased from the present 2½ percent of wages, paid by employees and employers to 3 percent by employees and a like amount by employers.

The present rate of 3 3/4 percent of net earnings paid by the self-employed will be increased to 4½ percent of net earnings.

Since its inception in 1935 the social security program has grown phenomenally, both in coverage, beneficiary categories, and the amount of benefit payments. Starting as a retirement program for the protection of the aged wage earner, it has now become a family insurance program protecting not only the wage earner, but the self-employed as well, in old-age, in total disability, and the family in case of the worker's death.

In 1937 the social security tax rate was 1 percent by employees and 1 percent by employers. This low tax rate was adequate under the restricted retirement provisions on the original Act and sufficient to maintain a self-supporting program.

Covington said that the self-supporting principle in social security program financing has been sustained through the years by periodically increasing social security tax rates to take care of higher benefit payments, extended coverage, and other program improvements. The new increased social security contribution rates, mainly insurance program protecting tain the self-supporting feature of the program and by its actual soundness assures future payments of all eligible beneficiaries.

Tired of High Insurance Premiums?
Reduce Your Rate With Paul Tate No. 53
Elect Paul Tate Insurance Commissioner and the Entire Morrison-Bowdon Ticket.

For the Biggest Job
Vote For the Best Man
Elect Chep Morrison 8
and entire Morrison-Bowdon Ticket

Compare the Candidates—

Chep Morrison has 20 years' proven experience as a state representative and as Mayor of the South's largest City. As a soldier, he has offered his life for his country in time of peril—to oppose any and all anti-American isms and enemies.

He has been tried and tested—and his record is that of a doer . . . a positive person who has performed . . . who has high qualities of proven leadership . . .

Chep Morrison, a man of good will and of high purpose, is a person of warm heart and cool head. He likes people . . . enjoys helping people because, in his own words, "Government is people working together to help other people". And he has demonstrated his ability to get people to work together for the common good.

Chep Morrison offers you full-time, hard work and 100% effort on the job.

Chep Morrison has offered to meet his opponent in debate and for questions and answers at "any time, any place, any day and on any subject". His second primary opponent has refused to meet Chep Morrison face-to-face on the same platform.

Chep Morrison offers the voters of Louisiana an opportunity and a challenge—the greatest opportunity in your lifetime for real leadership in the Governor's Office . . . an opportunity to work for the people's interests and the State's economic improvement.

The challenge is simply to elect the Best Man to the Biggest Job in Louisiana. With your aid and efforts, it will be met successfully on Sat. Jan. 9. Your help and vote will help Chep Morrison help all of our state and its people.

Compare Their Programs:

Chep Morrison and the Morrison-Bowdon Ticket offer you—in addition to qualified, capable candidates—a positive program for a better future.

This program, administered on a full-time basis, will take Louisiana Forward—Not Back.

Every parish will have an opportunity to share in the benefits of able leadership and a real Program of Progress for All of Louisiana.

This program, first to be made public, includes the following important items:

Maintain Segregation-State's Rights • Work for new industry, plants, payrolls—particularly for those parishes that need them most • Community Development • Increase Old Age Pension • Better Care for Needy, Sick, Mentally Ill and Handicapped. • Pay full salary schedule for Teachers, other school employees • Maintain Hot Lunch Program • Highways, black-topped parish roads • Sell farm and industrial products • Provide Educational opportunities, scholarships • Outdoor Recreation program and facilities • No tax increase.

Segregation—Consider these Facts:

Chep Morrison was the first of the remaining two candidates for Governor to pledge to use all of the powers of the Governor's Office to maintain Segregation and State's Rights.

In New Orleans, the 144 facilities of the City Recreation Dept. are Segregated.

Mayor Morrison is the only candidate for Governor who has been sued by the NAACP—and who has fought such suits all the way to the U. S. Supreme Court. These suits are public Court records.

New Orleans is the only large Southern City where there has been no appreciable mixing and which has had no trouble.

As the father of three children—two boys and a girl—Chep Morrison is pledged to work for a better Louisiana and for all the things that we want to maintain and improve for our children.

Men and women of good will will not be influenced or misled by last-minute smear attacks that have no basis in fact. Such tactics will be rejected by thinking people who compare the candidates and their records.

With your renewed efforts and help, we can complete the job with an impressive victory on Saturday, January 9.

The Best Man Can and Will Win.

LIBRARY LETTER

Interesting lives led by many authors

By MRS. MARY BRAND

Have you ever stopped to wonder about the lives of the authors of the books you read — when and where were they born — what made them what they are?

The English novelist, Somerset Maugham, was born in Paris, France on January 25, 1874. He spoke French before he spoke English. When he was ten years old his mother and father had both died and he was sent to live with an uncle, a clergyman, in England. He was sent to King's School, Canterbury, and the intention was that he should proceed to Oxford and prepare to enter the Church.

He always wanted to write and finally secured his uncle's permission to go to Heidelberg instead of Oxford. However, his uncle said he must choose a profession s he studied medicine even though he never practiced after his internship. He worked so hard he developed tuberculosis and was sent to South France to convalesce.

For ten years, he wrote and starved then his luck changed and he never had to worry about a means of livelihood except writing. "Of Human Bondage", his greatest novel, except for it semi-autobiographical. In 1946, he presented the manuscript of this novel to the Library of Congress.

Jack London, American novelist and short story writer, was born in San Francisco, California on January 12, 1876. When gold was discovered in the Klondike in 1896, he caught the "gold" fever and headed north. He returned home without an ounce of gold but from his experience came his famous work "Call of the Wild".

An American writer on art, Thomas Craven, was born in Salina, Kansas, January 6, 1889. He is a lively and provocative writer in a difficult field and his articles and books have stirred up interest even among those who know and care nothing about painting. Besides his own books, he edited the work, "Treasury of Art Masterpieces".

Hugh Lofting, English-American writer for children was born January 14, 1886. His famous Dr. Dolittle stories began during World War I. The children wanted letters from him and there being very little of interest to write youngsters from the front, he began writing these about imaginary characters. The Cameron Parish library has all Dr. Dolittle's Puddleby Advertures", "Dr. Dolittle's co", "The Story of Dr. Dolittle" and "The Voyages of Dr. Dolittle".

The Cameron Parish Library wishes everyone a very Happy New Year.

FARM INCOME

(Continued from page 1)

LIVESTOCK PRODUCTION

BEEF CATTLE

Through 4-H and adult leaders efforts some 36 pure bred and high cross bred animals were brought into lower Cameron to replace lost animals.

Some 42 calls were made atthe request of cattlemen to advise on diagnosing and treatment of sick animals. Anaplasmosis was again serious this year and most of the calls were for it's diagnosis. Foot rot was also serious in some herds.

Over 4000 heads of cattle have been tested in the Sweet Lake Grand Lake Area and also in the Klondike-Lowery area during 1959. Cooperation of cattlemen was received in an effort to keep the parish T. B. accredited.

28 requests for Bangs testing have been handled by the agent. Little herds are combined to facilitate this testing.

POULTRY

5 old commercial flocks owners were assisted with minor management problems.

There are now over 14000 commercial layers in the parish.

180 contacts were made in regards to chicken pox, other diseases, parasites and housing of farm flocks in the parish.

SWINE

Seven farmers were assisted in locating breeding stock.

Parasites and disease control problems took up several days of the agents time.

OTHER WORK

9 families were assisted with landscaping plans.

2 schools were assisted with landscaping plans.

3 farmers were assisted with obtaining P.H.A. loans and three more were assisted in obtaining other type loans.

3 farmers were assisted with filling application for Social Security pensions.

12 meetings of the S.C. committee was attended by the agent.

9 meeting os the S.C.S. and supervisors was attended by the agent. 18 meetings on agronomy was attended.

1 meeting on mosquito control was attended.

6 days were spent planning for the 4th Fur and Wildlife Festival.

Assistance with filling out Brand applications, helping order seed, fertilizer, and fruit trees, taking soil samples, sending seed samples for germination test, helping with income tax returns were some other ways the agent served Cameron parish farmers.

Tennessee Gas creates new division here

A new operating division for the administration of Tennessee Gas Pipeline Company's activities in the southern Louisiana-Mississippi area will be established on January 1, W. C. McGee, Jr., company president announced today.

Tennessee Gas Pipeline Company operates the 2200-mile South Texas-New England natural gas transmission system of Tennessee Houston.

The new pipeline division will embrace compressor station operations at Kinder and Leesville, La., and Bay St. Louis, Miss., and pipeline maintenance activities at Kinder, New Iberia and Houma, La., and at Bay St. Louis.

Fred Clarke, now district pipeline superintendent at Houma, has been named superintendent of the new division. In addition to compressor and pipeline maintenance operations, Clarke will also supervise all matters related to gas measurement, dispatching, corrosion control, radio communications, engineering and rights-of-way.

Division headquarters will be located temporarily at the company's present office in Houma. Plans call for the eventual relocation of the headquarters in Lafayette, La.

TAMMY SUE HEBERT

Mr. and Mrs. Edward T. Hebert, Lake Charles, announce the birth of a daughter, Tammy Sue, December 17 at St. Patrick's hospital. The baby weighed 5 lbs.-13oz.

LOWERY-LAKE ARTHUR-KLONDIKE

Lake Arthur's 'Believe It or Not' live oak again lit up for Christmas

By MRS. BERNICE STEWART

Again the age-old live oak at the end of Arthur Avenue near the wharf in Lake Arthur — the tree which once was featured in Ripley's "Believe It or Not" — has proclaimed its message of Christmas light and cheer to all the countryside. Myriads of colored lights, festooned among the branches, were topped by a gigantic five-pointed gleaming golden star at the top.

The Yuletide season in this area was marked by family gatherings, bounteous feasts, beautifully decorated Christmas trees, the exchange of gifts, church-going with pageants and musical programs, mass at midnight on Christmas Eve, and all the anticipation and excitement that accompanies the annual visit of Santa Claus and his reindeer. Indeed, in this air-minded age the old gentleman's speed and the flying ability of his steeds are far more plausible than in the yesteryear.

Wilson Broussard gave the opening and closing prayers.

Games were played under the direction of Mrs. L. W. McDonald. An exchange of homemade gifts followed. Each guest was presented with a pot holder made in the form of an old-fashioned sunbonnet.

The hostess was assisted by Mesdames G. Sandifer and James Jones in the serving of coffee, tea, bell sandwiches, Christmas wreath cookies, and Danish pastry.

"Christmas, Christmas, Everywhere Christmas" was the theme of the C. H. Fox home when the W. S. C. S. members of the Methodist church gathered there Tuesday afternoon for the annual revelation party.

From a candlelit, lace-covered dining table holiday refreshments were served.

Mrs. Dean Blackwell assisted in hospitality duties.

Last Sunday evening more than fifty young guest met in the Floyd Vincent home to help Mrs. Vincent's brother and sister, Carl and Brenda Alsbire, of Lowery, celebrate their December birthdays. Their mother, Mrs. Austin Alsbire, Sr., assisted in hostess duties.

Punch and beautifully decorated birthday cakes were served.

After the many gifts had been opened, the young people danced.

GUESTS OF Mr. and Mrs. Gus Laurents of Klondike on Christmas Day were Mr. and Mrs. Melchoir Campbell of Gueydan and Ben Laurents and daughter, Susan, of Bossier City.

Visiting the Laurents on Tuesday were Mr. and Mrs. Morris Conner and Mrs. Odea Hebert of Abbeville.

Miss Yvonne Doland of Fort Worth, Texas, is spending the holidays with her parents, Mr. and Mrs. E. A. Doland.

Enjoying Christmas Day in the J. A. Stewart home were Mr. and Mrs. Edgar Montagne of Abbeville, Mr. and Mrs. Frank Vaughan of Grand Chenier, Mr. and Mrs. Bradley Hardee and daughter Sallie, of Gueydan, Mr. and Mrs. J. L. Parker, Stephen Stewart, and Marvin Stewart of here.

Guests over the past weekend of Mr. and Mrs. C. H. Fox were Mr. and Mrs. Cyrus Hunt and son, Dwain, of Port Arthur, Texas, and Brenda, Ronny, and Robert Duncan of Orange, Texas.

Miss Susan Beth Stewart spent Christmas night and Saturday in Vinton with Mrs. J. L. Cagle.

Burton David, who is a senior at L.S.U., was home with his family, the Percy Davids, during the holidays.

The Joe Savoys of Lakeside had home for the long Christmas weekend their children, R. J. of Port Arthur, Texas; Mr. and Mrs. J. L. Elkins, Darlene, and Ramona; and Mr. and Mrs. Robert Broussard, also of Port Arthur; Mr. and Mrs. LeRoy Breaux and Wymonth of Lake Arthur; and Chester of Lakeside.

CALISTE DAVIS, who has been in training with the United States Air Force at Shepherd's Base in Texas, is spending his furlough with his parents, Mr. and Mrs. Dallas David, of Klondike.

Enjoying Christmas Day in the home of Mrs. Mildred Brown and son, Raymond, were Mrs. Vera Hardee, Ronny Hardee, Mr. and Mrs. J. B. Hardee, all of Lake Charles, Mr. and Mrs. Menard Hartwell and sons, Edward and Harold; Mr. and Mrs. Archie Hollister and family of Lake Arthur; and Mr. and Mrs. Bernard Hartwell and children of Lowery.

Mr. and Mrs. J. W. Rutherford, Sr., Miss Carole Rutherford, and Miss Ina Welch spent Christmas in Lafayette with the J. W. Rutherfords, Jr.

On Sunday Mr. and Mrs. A. P. Stewart were hosts to a turkey dinner with the proverbial accompaniments. Present for the occasion were Mr. and Mrs. E. J. Reynaud, Jr., and children, Glean, Dale, and Susie of Marksville, Mr. and Mrs. J. L. Parker, Stephen Stewart, Mr. and Mrs. Archie Hollister, Lloyd, Dale, and Lynne; Charles Fox, Mrs. Effie Hollister, Susan Beth Stewart, all of here.

Joining them later were Mr. and Mrs. Fred Stewart of Lake Charles and Mrs. J. W. Rutherford and Miss Ina Welch of here.

Recent visitors in Lake Arthur were Mr. and Mrs. Martin Stewart and son, Billy, and Mr. and Mrs. Dewey Raggio, all of Lake Charles.

Weekend guests in the Wayland Welch home were Mr. and Mrs. A. L. Stewart of Lake Charles.

As the new year approaches, farmers are looking forward to the making of 1960 crops.

Percy David and his son, Ronald, are planning to farm the land of Maple Hughes on the opposite side of the river from the David homestead.

Public schools will reopen in this area on January 4.

May we take this opportunity of wishing each and every one a peaceful and prosperous New Year.

Four men fined for exceeding bird limit

Four men were fined $25 each in district court in Cameron on Dec. 22 for having more than the legal limit of geese in their possession. This was the first migratory bird violation case to come up in district court under a new law passed by the state legislature. Up to now such cases have been tried in federal court.

The four were Evans J. Gaspard, Ned Lee Gaspard, Cyril Poreh e and Hubert C. Smith. Judge Mark C. Pickrel assessed a fine of $10 for each bird over the legal limit, and since among them they had 10 over the limit, their fine came to $25 each.

Five men were fined $15 each for trespassing while hunting. They were Cleveland A. Broussard, Daniel R. Comeaux, Alvin Lopez, Lloyd Moore and Nolan Thibodeaux.

Four others were fined $30 each and given 30 day suspended jail sentences for taking undersized shrimp. They were David T. Aday, Thomas S. Bondi, Ernest R. LaBove, and Edward Roy Williams, Jr.

Philo East and Cunnen P. Dunos were each fined $125 and given five days in jail for drunken driving. Carl Rutherford pleaded not guilty to the same charge and his case was fixed for Jan. 19.

Fined or sentenced for disturbing the peace were: Robert Mack Vest, $15; Joseph J. Savoy, $15; Wayne Gross was fined $50 and given two days in jail for reckless driving. Dormen G. Norris was fined $25 for taking wild game at night. James C. McInnis was fined $50 for reckless driving and Rodney Dale Reeves was fined $25 for illegal use of firearms.

Elvin Bryant Jinks pled guilty to charges of purchasing alcoholic beverage for a minor and to contributing to the delinquency of a minor and his case was fixed for Jan. 19.

Fined for speeding were: Dorothy K. Moore, $20; Eugene Stancil, $30; and Don B. Giddens, $30.

Norris Wait, $20 on one count, 10 days on another; Robert J. Jenkins, forfeited bond.

Hebert family has close call with fire again

By MRS. C. J. PARQUE

The Leon Heberts had another scare last Monday afternoon. Leon was clearing and burning some weeds to build a chicken house when the fire got out of control and spread to the entire yard and adjoining pasture. It was later found that oil from a nearby loading pump had seeped out and saturated the surrounding area.

Neighbors soon helped get the fire under control. The Heberts lost their home and all of their possessions by fire back in May.

Christmas Day celebration and family reunion was held Friday at the home of Mr. and Mrs. Floyd Granger, Black Bayou community. Out of town relatives were Mrs. Joe Dougay, Mr. and Mrs. William Ardoin, son Bobby, Mr. and Mrs. Horry Dougay, and family, all of Iowa, Miss Peggy Granger, Lacassine, the Alcide Dougays, the Ray Dougays, the Andrew Dougays, the Norris Pelloquins, and Roy Dougays all of Lake Charles. Approximately 51 attended.

A niece of Mrs. Aladin Granger, Mrs William Young and daughter Kimberlee, of Jennings, spent Christmas Day with the Grangers She plans to return to her home after the first. Mrs. Young's husband is overseas.

Mrs Daniel Hebert, was taken to St Patrick's hospital in Lake Charles last Saturday by ambulance. She has improved some what.

Those spending the Christmas holidays with Miss Linda Faye Royer, were Vivian Barbie, and John Corkran of Lake Charles.

KENNETH OGEA, while spending Christmas holidays with relatives in Lake Charles became very ill with the flu.

He is now up and around.

On our sick list are Mrs. Jim Parker, Mrs. Rene Sellman, Melba Farque, Dickie Granger, and Mrs. C. J. Farque, all with the flu.

Mr. and Mrs. Gene Fisher visited relatives in Henderson, Texas for the holidays.

Mr. and Mrs. Tol Askew visited relatives in Center, Texas last week. Elton and Daisey Bell, accompanied them.

The Lonnie Richards spent Christmas with relatives in Sulphur.

Mrs. Ernest Jones has been in bed with pneumonia since last Friday.

Jim Parker was called to Lufer by Texas last Wednesday night by the illness of his mother.

Mrs. Frank Sheridan, Springfield, Virginia, called her sister, Mrs. George Granger to wish her a happy birthday last Thursday.

Andrew H. Davis, Calcasieu lockmaster, was rushed to memorial hospital in Lake Charles last Tuesday night. He is now home and resting fine.

AN OLD-FASHIONED Christmas day was held last Friday at the home of Mr. and Mrs. Lavime LeBouef, and Mr. and Mrs. Antione Broussard.

A 21-lb. turkey, dressing, hens, along with a 45-lb. baked pig were served.

May I, your Grand Lake reporter, take this opportunity to wish our readers, and Mr. and Mrs. Jerry Wise and children of the Cameron Pilot, a happy and prosperous New Year.

DAVIS WILL WIN Because...

His ticket and principles hold the best future for Louisiana!

Jimmie Davis stands for growth for the entire state, not just special areas. He stands for prosperity for all people, not just a special few. He stands for dignity and prestige which is so lacking in Louisiana government. He will stand steadfast for the continuation of our Southern traditions.

The Davis-Aycock Ticket is the ONE ticket that can guarantee these promises.

WIN on Jan. 9th

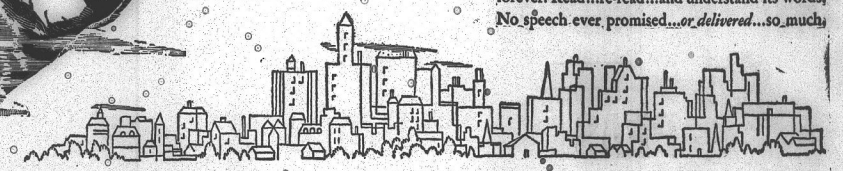
A Message To The People Of Cameron Parish...

I would like to take this opportunity to tell the people of Cameron Parish that I, Mrs. James Doxey, am the Campaign Manager for Chep Morrison for Cameron Parish to stop the rumors from spreading that Iam not.

I would like to announce that Roland J. (Bolo) Trosclair is co-chairman for the parish.

I urge the people of our fine parish to go to the polls on January 9th and vote for the entire Morrison ticket.

(Signed) Mrs. James Doxey



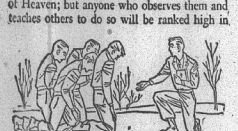
(Mrs. James Doxey Paid Political Ad)

can you spare 9 minutes

to read a message 19 centuries old?

The Sermon on the Mount is for everyone. Anyone who reads it will be happier today. Anyone who carries it in his heart will be happier forever. Read...re-read...and understand its words. No speech ever promised...*or delivered*...so much.

WHEN he saw the crowds of people he went up on the mountain. There he seated himself, and when his disciples had come up to him, he opened his lips to teach them. And he said:



★ Blessed are those who feel their spiritual need, for the Kingdom of Heaven belongs to them! Blessed are the mourners, for they will be consoled! Blessed are the humble-minded, for they will possess the land! Blessed are those who are hungry and thirsty for uprightness, for they will be satisfied! Blessed are the merciful,

for they will be shown mercy! Blessed are the pure in heart, for they will see God! Blessed are the peacemakers, for they will be called God's sons! Blessed are those who have endured persecution for their uprightness, for the Kingdom of Heaven belongs to them! Blessed are you when people abuse you, and persecute you, and falsely say everything bad of you, on my account. Be glad and exult over it, for you will be richly rewarded in heaven, for that is the way they persecuted the prophets who went before you!

★ You are the salt of the earth! But if salt loses its strength, how can it be made salt again? It is good for nothing but to be thrown away and trodden underfoot. You are the light of the world! A city that is built upon a hill cannot be hidden. People do not light a lamp and put it under a peck-measure; they put it on its stand and it gives light to everyone in the house. Your light must burn in that way among men so that they will see the good you do, and praise your Father in heaven.

★ Do not suppose that I have come to do away with the Law or the Prophets. I have not come to do away with them but to fulfill them. For I tell you, as long as heaven and earth endure, not one dotting of an *i* or crossing of a *t* will be dropped from the Law until it is all observed. Anyone, therefore, who weakens one of the slightest of these commands, and teaches others to do so, will be ranked lowest in the Kingdom of Heaven; but anyone who observes them and teaches others to do so will be ranked high in

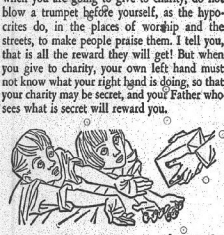
the Kingdom of Heaven. For I tell you that unless your uprightness is far superior to that of the scribes and Pharisees, you will never even enter the Kingdom of Heaven!

★ You have heard that men were told, "You shall not commit adultery." But I tell you that anyone who strays from his marriage in *thought* of lust toward another has already committed adultery in his heart. But if your right eye makes you fall, get rid of it, throw it away, for you might better lose one part of your body than have it all thrown into the pit! If your right hand makes you fall, get rid of it, throw it away! For you might better lose one part of your body than have it all go down to the pit!

★ They were told, "Anyone who divorces his wife must give her a certificate of divorce." But I tell you that anyone who divorces his wife on any ground, except unfaithfulness, makes her commit adultery, and anyone who marries her after she is divorced commits adultery.

★ Again, you have heard that the men of old were told, "You shall not swear falsely, but you must fulfill your oaths to the Lord." But I tell you not to swear at all, either by heaven, for it is God's throne, or by the earth, for it is his footstool, or by Jerusalem, for it is the city of the great king. You must not swear by your own head, for you cannot make one single hair white or black. But your way of speaking must be "Yes" or "No." Anything that goes beyond that comes from the evil one.

★ You have heard that the men of old were told "You shall not murder," and "Whoever murders will have to answer to the court." But I tell you that anyone who gets angry with his brother will have to answer to the court, and anyone who speaks contemptuously to his brother will have to answer to the great council, and anyone who says to his brother "You cursed fool!" will have to answer for it in the fiery pit! So when you are presenting your gift at the altar, if you remember that your brother has any grievance against you, leave your gift right there before the altar and go and make up with your brother; then come back and present your



gift. Be quick and come to terms with your opponent while you are on the way to court with him, or he may hand you over to the judge, and the judge may hand you over to the officer, and you will be thrown into prison. I tell you, you will never get out again until you have paid the last penny!

★ You have heard that they were told, "An eye for an eye and a tooth for a tooth." But I tell you not to resist injury, but if anyone strikes you on your right cheek, turn the other to him too; and if anyone wants to sue you for your shirt, let him have your coat too. And if anyone forces you to go one mile, go two miles with him. If anyone begs from you, give to him, and when anyone wants to borrow from you, do not turn away.

★ You have heard that they were told, "You must love your neighbor and hate your enemy." But I tell you, love your enemies and pray for your persecutors, so that you may show yourselves true sons of your Father in heaven, for he makes his sun rise on bad and good alike, and makes the rain fall on the upright and the wrongdoers. For if you love only those who love you, what reward can you expect? Do not the very tax-collectors do that? And if you are polite to your brothers and no one else, what is there remarkable in that? Do not the very heathen do that? So you are to be perfect, as your heavenly Father is.

★ But take care not to do your good deeds in public for people to see, for, if you do, you will get no reward from your Father in heaven. So when you are going to give to charity, do not blow a trumpet before yourself, as the hypocrites do, in the places of worship and the streets, to make people praise them. I tell you, that is all the reward they will get! But when you give to charity, your own left hand must not know what your right hand is doing, so that your charity may be secret, and your Father who sees what is secret will reward you.

★ When you pray, you must not be like the hypocrites, for they like to pray standing in the places of worship and in the corners of the squares, to let people see them. I tell you, that is the only reward they will get! But when you pray, go into your own room and shut the door, and pray to your Father who is unseen, and your Father who sees what is secret will reward you. And when you pray, do not repeat empty phrases as the heathen do, for they imagine that their prayers will be heard if they use words enough. You must not be like them. For God, who is your Father, knows what you need before you ask him. This, therefore, is the way you are to pray:

'Our Father in heaven,
Your name be revered!
Your kingdom come!
Your will be done on earth
as it is done in heaven!
Give us today bread for the day.
And forgive us our debts,
as we have forgiven our debtors.
And do not subject us to temptation;
But save us from the evil one.'

For if you forgive others when they offend you, your heavenly Father will forgive you too. But if you do not forgive others when they offend you, your heavenly Father cannot forgive you for your offenses.

★ When you fast, do not put on a gloomy look, like the hypocrites, for they neglect their personal appearance to let people see that they are fasting. I tell you, that is all the reward they will get. But when you fast, perfume your hair and wash your face, so that no one may see that you are fasting, except your Father who is unseen, and your Father who sees what is secret, will reward you.

★ Do not store up your riches on earth, where moths and rust destroy them, and where thieves break in and steal them, but store up your riches in heaven, where moths and rust cannot destroy them, and where thieves cannot break in and steal them. For wherever your treasure is, your heart will be also. The eye is the lamp of the body. If then your eye is sound, your whole body will be light, but if your eye is unsound, your

whole body will be dark. If, therefore, your very light is darkness, how deep the darkness will be! No slave can belong to two masters, for he will either hate one and love the other, or stand by one and make light of the other. You cannot serve God and money. Therefore, I tell you, do not worry about life, wondering what you will have to eat or drink, or about your body, wondering what you will have to wear. Is not life more important than food, and the body than clothes? Look at the wild birds. They do not sow or reap, or store their food in barns, and yet your heavenly Father feeds them. Are you not of more account than they? But which of you with all his worry can add a single hour to his life? Why should you worry about clothing? See how the wild flowers grow. They do not toil or spin, and yet I tell you, even Solomon in all his splendor was never dressed like one of them. But if God so beautifully dresses the wild grass, which is alive today and is thrown into the furnace tomorrow, will he not much more surely clothe you, you who have so little faith? So do not worry and say, "What shall we have to eat?" or "What shall we have to drink?" or

"What shall we have to wear?" For these are all things the heathen are in pursuit of, and your heavenly Father knows well that you need all this. But you must make his kingdom, and uprightness before him, your greatest care, and you will have all these other things besides. So do not worry about tomorrow, for tomorrow will have worries of its own. Let each day be content with its own ills.

★ Pass no more judgments upon other people, so that you may not have judgment passed upon you. For you will be judged by the standard you judge by, and men will pay you back with the same measure you have used with them. Why do you keep looking at the speck in your brother's eye, and pay no attention to the beam that is in your own? How can you say to your brother, "Just let me get that speck out of your eye," when all the time there is a beam in your own? You hypocrite! First get the beam out of your own eye, and then you can see to get the speck out of your brother's eye.

★ Do not give what is sacred to dogs, and do not throw your pearls before pigs, or they will trample them under their feet and turn and tear you in pieces. Ask, and what you ask will be given you. Search, and you will find what you search for. Knock, and the door will open to you. For it is always the one who asks who receives, and the one who searches who finds, and the one who knocks to whom the door opens. Which of you men when his son asks him for some bread will give him a stone? Or if he asks for a fish, will he give him a snake? So if you, bad as you are, know enough to give your children what is good, how much more surely will your Father in heaven give what is good to those who ask him for it! Therefore, you must always treat other people as you would like to have them treat you, for this sums up the Law and the Prophets.

★ Go in at the narrow gate. For the road that leads to destruction is broad and spacious, and there are many who go in by it. But the gate is narrow and the road is hard that leads to life, and there are few that find it.

★ Beware of the false prophets, who come to you disguised as sheep but are ravenous wolves underneath. You can tell them by their fruit. Do people pick grapes off thorns, or figs off thistles? Just so any sound tree bears good fruit,

but a poor tree bears bad fruit. No sound tree can bear bad fruit, and no poor tree can bear good fruit. Any tree that does not bear good fruit is cut down and burned. So you can tell them by their fruit. It is not everyone who says to me "Lord! Lord!" who will get into the Kingdom of Heaven, but only those who do the will of my Father in heaven. Many will say to me on that Day, 'Lord! Lord! Was it not in your name that we prophesied, and by your name that we drove out demons, and by your name that we did many mighty acts?' Then I will say to them plainly, 'I never knew you! Go away from me, you who do wrong!'

★ Everyone, therefore, who listens to this teaching of mine and acts upon it, will be like a sensible man who built his house on rock. And the rain fell, and the rivers rose, and the winds blew, and beat about that house, and it did not go down, for its foundations were on rock. And anyone who listens to this teaching of mine and does not act upon it, will be like a foolish man who built his house on sand. And the rain fell and the rivers rose, and the winds blew and beat about the house, and it went down, and its downfall was complete.

★ When Jesus had finished this discourse, the crowds were astounded at his teaching, for he taught them like one who had authority, and not like their scribes.

Ballot much shortened

Runoff is Saturday

Cameron parish voters will be faced with a much shorter ballot for the second primary election Saturday than they had to deal with in the first primary.

In only one Ward of the parish —Ward 6—is there a local runoff election. In this race, Ovin J. Duhon and Charles A. Riggs are vieing for the police jury seat which is being vacated by retiring jury member Bernard Duhon.

The only other races on the ballot for the parish are the seven state runoff elections for governor, lieutenant governor, state comptroller, commissioner of agriculture, register of state land, commissioner of insurance, and custodian of voting machines.

Much interest has been shown in the governor's race, with both Jimmie H. Davis and Chep Morrison having worked up much support in the parish.

Davis received 968 votes, or 36.9 percent of votes cast, to carry Cameron parish in the first primary. Cameron and Beauregard were the only two parishes in Southwest Louisiana carried by Davis with most of the rest of South Louisiana going to Morrison.

MORRISON got 668 votes, or 25.5 percent of the total cast in the first primary in the parish. Noe was third with 377 votes or 15.2 percent; Dodd was fourth with 369 votes or 14.1 percent, and Rainach was fifth with 163 votes or 6.2 percent.

A total of 2,620 of Cameron's 3,199 registered voters voted in the first primary—a percentage of 82.1. Since that time 30 more voters have registered to give the parish a total voting strength of 3,220.

(Despite Hurricane Audrey the parish now has 228 more registered voters than it did in 1956. There was an increase of 153 while voters during that period and a decrease of 13 Negro voters.)

Polls will open at 6 a.m. Saturday and close at 8 p.m.

More than 30 absentee ballots had been cast at the clerk of court's office by the time absentee voting closed Wednesday afternoon. Two Armed Services personnel had voted by mail.

Chep outlines his program for Cameron

Despite near-freezing weather several hundred persons turned out Monday night to hear Chep Morrison outline his program for Cameron parish should he be elected governor Jan. 9.

Although a few brave souls stood around the speaker's stand, most of the audience stayed in their cars.

Morrison's Cameron platform, which he hurriedly reviewed with some of his local leaders by the headlights of a car before the speaking, briefly was this:

(1) To hold fresh water in the marshes and bring back the muskrat industry;

(2) To find a means of destroying the nutria;

(3) To provide public hunting and fishing areas in the area;

(4) To build a bridge over the Ship Channel at Cameron;

(5) To build a direct road between Cameron and the Charpentier tracts of Calcasieu Lake;

(6) To provide more hurricane relief roads for the parish.

(7) And to promote recreation, one of the fastest growing industries in the state.

"THERE IS not another parish in the state which has suffered as much as you have," Morrison stated, referring to Hurricane Audrey, "and you deserve to be helped in every possible way."

Morrison also hit out at his opponent, Jimmie Davis, describing the former administration as "lousy, partisan government." He said Davis had given the state "lousy years of nothing."

He exhibited a document which he stated was a photostat of an executive order issued by Davis during his administration cutting old age pensions and aid to needy blind and dependent children by $3 a month.

"The boy has the nerve to talk about the $48 million surplus which he says he left in the state treasury," Morrison declared.

Morrison spoke briefly in French to the crowd, and told them that election would be the first in many years of a South Louisianian and a French Louisianian, as well.

"I'm just a French boy from New Roads," he told the Cameron crowd.

PAUL TATE, candidate for the office of insurance commissioner, spoke briefly stating that the present commissioner, Rufus Hayes, could not take credit for the insurance rates received by Cameron residents after Hurricane Audrey. He declared that the insurance companies had paid off because of public pressure and not because of Hayes.

Others on Morrison's ticket who spoke were Marion C. Henderson, candidate for state comptroller; George W. Shannon, for agriculture commissioner; Fred C. Dent, Jr., for register of state land; David Chennault, for custodian of voting machines.

School board gets record lease price

The Cameron parish school board Monday accepted a record bid of $24,850 on the mineral leasing of a section of school land in the eastern portion of the parish.

The sole and winning bidder was the Humble Oil Company, which paid better than $25 per acre for the mineral rights on Section 16, Township 14 South, Range 3 West, containing 978.25 acres.

The section is located north of Money Island.

Under the terms of the bid, the school board will also receive one-sixth of all oil and gas production on the land.

Superintendent U. E. Hackett described the lease bid as the largest ever received by the school board.

IN OTHER ACTIONS Monday the school board:

* Adopted a policy effective for the 1960-61 school term, whereby students living in Lake Charles will not be permitted to attend school in Cameron Parish.

* Approved payment to McNeese State College for participation in the special education program for handicapped and retarded children.

* Adopted a policy under which all equipment purchased for school lunch rooms must be on approved state list.

Mrs. Savoie of East Creole dies

Mrs. Amanda Theriot Savoie, 62, died at 4:30 a.m. Friday at her home in East Creole after a long illness.

Funeral services were held at 10:00 a.m. Saturday in the Sacred Heart Catholic Church with Father Gilbert officiating. Burial was at the Chenier Perdue Cemetery with the O'Donnell Funeral Home in charge of arrangements.

She is survived by her husband, Joe Savoie; four sisters, Mrs. Eve Miller, Miss Eumesh Theriot, both of Chenier Perdue, Mrs. Earl Toerner of Lake Charles and Mrs. Ida Primeaux of East Creole.

Pallbearers were Paul Toerner, Martin Theriot, H. D. Primeaux, Alvin Savoie, Sidney Savoie and Irvin Savoie.

Lions to conduct drive Saturday

The Cameron Lions Club will conduct a drive all day Saturday to raise money for its crippled children fund, according to J. Berton Daigle, chairman of the drive.

Funds raised will be used by the club for local assistance to cripple children and also to support the cripple children summer camp being built at Leesville.

The club is also investigating the possibility of erecting street markers in Cameron. Lion Daigle reported that concrete markers, similar to the ones used in Lake Charles, would cost $5 each.

At the suggestion of the club, the police jury agreed to have the flag pole taken down in front of the courthouse and repaired. The pole had been eaten out by rust and was in danger of falling.

Dr. Cecil Clark, Cub Master for the Cameron Cub Scouts, asked members Wednesday if they would add several needy cubs in obtaining uniforms. Individual members who agreed to buy uniforms were Tom Steed, Alvin Dyson, Harold Codina and Dr. Clark.

Jones to go to conference on erosion suit

J. B. Jones, Jr., assistant district attorney, will go to Tyler, Texas Monday to attend a conference with federal attorneys on a suit which has been filed against the federal government and the Cameron parish jury in connection with the erosion of land along the ship channel at Hackberry.

The suit which was filed by Isaac Doiron asks for damages for land lost through erosion into the channel.

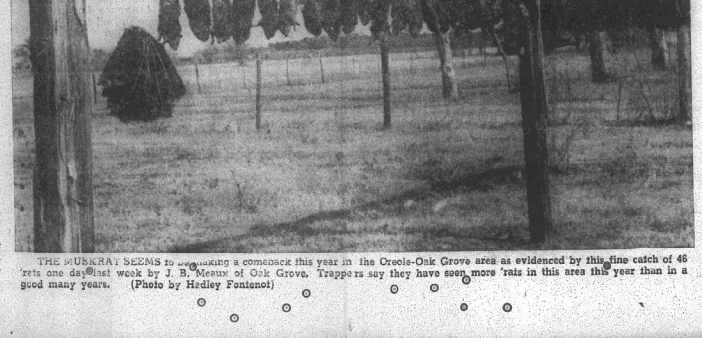
Heart Association to give grants

The Louisiana Heart Association announced today that it is now accepting applications for grants and fellowships for the fiscal year beginning July 1, 1960.

Detailed information on each grant or fellowship is available from the Louisiana Heart Association, State Office, 2060 Caton Street, New Orleans 22, La.

New clinic to be built in Lake Arthur

By BERNICE STEWART



The Creole Clinic, a new medical center for Dr. Joseph A. Cormier of Lake Arthur, is to be built and put into operation during 1960.

It will be located at the corner of First and Pelican Streets in Lake Arthur and will be built by M and E Construction Co. of Jennings. R. C. McChesney of the concrete firm states that the building will cost $49,363.

When completed and equipped, the project will represent an investment of over $100,000.

The building will be of hollow brick, with brick exterior walls, acoustical tile ceilings, and tile floors. It will be air-conditioned.

The two-sectional building will house a doctor's suite of waiting rooms and examining offices and a small hospital of eight-bed capacity, laboratory rooms and equipment, including X-ray, and an operating room.

SWEET LAKE MAN NOW IN BUDDING BUSINESS

Parish orange industry expands

By HADLEY FONTENOT

Dupre Guidry of Sweet Lake, who lives with his genial, widely known father-in-law, Louis Dupuy, has ventured into a much needed enterprise in Cameron Parish - and that's budding orange and satsuma trees. He has around a thousand for sale this year and he hopes to have more next year.

Budding of trees is rather new to Mr. Guidry as he started in this business on a very small scale only four years ago. However, growing of citrus trees is not new as he and Mr. Louis have been maintaining a citrus orchard for many years. As a matter of fact, some of Mr. Dupuy's four-and-seven-year-old trees produced as much as 6 bushels of fruit this year. A Washington Naval Orange tree produced even more.

Mr. Louis and Dupre have learned over the years how to control insects, how to fertilize and manage to produce fruits that are excellent to quality and taste. Any tree that does not come up to these standards is destroyed, and it is from these trees that Guidry takes most of the buds for budding. He has also obtained some buds of the latest varieties of Louisiana Sweet orange, Red-Flesh grapefruit, Satsumas, mandarine and naval orange from L.S.U. He will extend the growing of these within the next few years.

Growing of citrus trees for sale is not done in one season Mr. Guidry points out. It takes four years generally to grow a crop of citrus trees. It takes two years to grow the trifoliata seedlings to budding size and two more years to grow the buds to 3 to 3½ feet tall. This is the size Mr. Guidry likes to sell.

If everything goes well Mr. Guidry should have a lot of good satsuma and orange for sale within the next few years. He has about 200 young trees this year. He invites anyone who is interested in growing citrus trees to stop and see his trees to show them off.

Propagating citrus trees was a thriving business with the late Ernest LeBouef a few years ago. Mr. LeBouef had become less active in his later years and the business had almost gone out even before he died. His son-in-law, ernest Jones, has continued to do some of this work but is presently limited in production because of shortage of land.

Another who has started in the citrus budding business in Hoskins Miller of Creole. He had several hundred trees budded and growing well when Hurricane Audrey struck. Mr. Miller should have a number to market next year. If everything goes well Cameron homeowners should have no trouble getting their supply of citrus trees locally. And there is a decided advantage to getting trees in the area whr they are grown. There is less failure in starting them out, there is less shock in adopting to soil condition and less expense in transporting.

Carey Baptists list events for next week

Several events are planned for next week by Carey Baptist association.

Monday, January 11, the quarterly Sunday School rally for Calcasieu and Cameron parish churches will be held at First Baptist church in Sulphur. Clinton E. Duke, the association's Sunday School superintendent, said that new troop contests will be held and that J. J. Pollard, state Sunday School superintendent, will participate. A filmstrip depicting the 1960 Sunday School theme will be projected.

Preceding the Sunday School meeting will be three other meetings. The associational council meets at 4 p.m., the missions committee at 5 p.m., and the executive committee at 6 p.m.

Tuesday, January 12, the quarterly Night Federation will meet at Trinity church in Lake Charles with Mrs. E. C. Hebert, president, presiding.

Wednesday, January 13, the quarterly Woman's Missionary Society meeting will begin at 9:30 a.m. at Boulevard Baptist church, Lake Charles. The meeting will feature mission study and Mrs. R. E. Miller of Vinton will preside.

"This Week"

By JERRY WISE

IN THE DECEMBER 4 issue of the Pilot we made this fearless prediction for the first primary:

"You will see a photo finish between Chep Morrison and Jimmie Davis with Chep a nose ahead, these two men going into the runoff. In third place we see Willie Rainach and close behind Bill Dodd. Jimmy Noe will run a poor fifth, with the six lesser candidates trailing in the rear."

We don't like to brag—but we didn't miss it too far. Chep was first in the state with 33.3 percent of the vote, with Davis second with 25.3 percent (although this wasn't exactly a photo finish).

Rainach was third with 17 percent of the votes, but Jimmie Noe messed up our prediction by finishing ahead of Dodd, they polling 11.6 and 10.1 percent of the ballots respectively.

All in all, not a bad prediction, even if we do say so ourselves.

BUT THE prediction on Saturday's runoff is a lot tougher. Both men are good, honorable men and either will make a good governor in our opinion. It is a shame that both have thought it necessary to bring mud-slinging into the race after having conducted such clean races in the first primary.

Here's our prediction: Davis will squeak by Morrison by a few thousand votes or so in the state and will again carry Cameron parish.

Personally, we will vote for Morrison as we think he is the better administrator of the two.

THE PILOT'S First Baby contest has been a big success up to now, with one big drawback—as the Pilot went to press there still hadn't been a baby born in Cameron parish during the new year. But we expect to have one to announce by next week.

Library maintenance Tax vote is called

Tuesday, March 15 has been set as the date on which the property owners of Cameron parish will vote on a two-mill maintenance tax to operate the Cameron parish library.

The election was called Monday by the police jury at the request of the parish library board.

Mrs. Charles Precht of Sweet Lake, president of the board, told the jury that the homestead exemption will apply to the tax, and that all property owners having assessments under $2,000 would not have any tax to pay.

Mrs. Precht explained that modern $14,000 library building was given to the parish by the Louisiana Jaycees following Hurricane Audrey, and that the state library has furnished a 8,000 bookmobile, and some 8,500 books, and has operated the library free of charge for the past two years. She said that now the time had come for the parish to take over the operation itself.

It was estimated that two mills will bring in nearly $40,000 a year with which to operate the library.

Police Juror Conway LeBleu asked whether the board wouldn't rather have a 3-mill tax so their budget would not be quite so strained. Mrs. Precht replied that this would be nice, but that the board would rather ask for just two mills so as to be sure the tax will pass.

Mr. LeBleu said that the library had proven its worth to the parish and that he thought the jury should go on record endorsing the two mill maintenance tax. Other jurors expressed satisfaction with the library as well.

Mrs. Precht said that so far the library had not been able to adequately serve the Klondike and Little Chenier, but that bookmobile routes were being planned for these areas this year. In the meantime, citizens in these areas can order books from the library through the mail.

Members of the library delegation which appeared before the jury were Mrs. Precht, Mrs. Mary Bland, librarian; Mrs. Charles Hebert and Mrs. Emma Nunez, board members; Mrs. Iva Free, Home Demonstration Agent; and Miss Sarah Jones of the state library.

Champion duck and goose callers to be at festival

Three world duck and goose calling champions will be on hand at the annual Louisiana Fur and Wildlife Festival in Cameron on Friday and Saturday, January 15 and 16.

Raleigh Newman of Lake Charles, who won the World's Champion Goose Calling Contest at Missouri Valley, Iowa last September will demonstrate his calling ability on both days. Newman was recently featured on the nationally televised program, "To Tell the Truth."

James Fernandez of Groves, Texas, who recently won the World's Champion Duck Calling Contest at Stuttgart, Arkansas, will also be in Cameron for a Saturday afternoon demonstration.

Mike Chaney of Port Arthur, Texas, who won the Junior World's Champion Contest at Stuttgart will also be present to demonstrate his winning style.

Several other well known duck and goose calling champions will also be on hand. One will be Dad Faulk of Lake Charles who won the International Duck Calling title in 1954 at Crowley and was third in goose calling at Missouri Valley this year.

His father, Clarence "Patin" Faulk, well known duck and goose call manufacturer and holder of the World's Champion Goose Calling title for 1955 will also be present, as will John Comerly, Jr. of Port Arthur, who was runner up World's Duck Calling champion this year.

There will be duck and goose calling contests at 3 p.m. Friday, Jan. 15, at the Cameron elementary school. These contests will be limited to Cameron parish callers, but at 3 p.m. Saturday two more contests will be held for all comers.

Some of the other activities scheduled at this year's festival include a duck retriever dog show, boat races, a parade, muskrat and nutria skinning contests, a queen's contest and stage shows both Friday and Saturday evenings.

Emotional upsets cause bed-wetting

Emotional upsets often are the cause of prolonged bedwetting among children, according to a new pamphlet available now at the Cameron parish health unit.

The average child has outgrown bedwetting by the age of four, the leaflet says. Those who have not need their parents' understanding and guidance, rather than scolding, bribing or shaming.

Parents may find bed-wetting is caused by some underlying emotional upset, brought on by a new baby in the house, inability to make friends at school, family quarrels, change to a new neighborhood or school, or one of many experiences requiring new adjustments by the child.

Deters cannot always pin down these psychological causes. The child who continues bed-wetting beyond the normal period needs the help and understanding of his parents.

The pamphlet, "Bed Wetting: How Can I Correct My Child's Habit" is available free of charge to anyone requesting a copy at the Cameron parish health unit. It is distributed by the health unit as part of an educational series on child training.

Rutherford finishes second in scoring

South Cameron fullback Mac-Arthur Rutherford wound up in the second place spot in the race for Louisiana high school football scoring honors for the 1959 fotball season.

Rutherford, a senior for the Tarpons, scored 136 points during the regular season, second only to Pat Shows of Ruston, who ran for 144 points in 10 games.

A total of 15 prep backs in Louisiana scored 100 or more points in regular season play against varsity competition during the 1959 season, and six of them were Southwest Louisiana aces.

The othrs were Merlin Walet of Lereauville (132 points), Garland Hamic of Crowley (117), Larry Langlinais, Erath (107); Anthony Armand, Bunkie, 103; and Jerry King, Kinder (100).

For the first time in several years, no Class AAA player was able to break into the "Century Rutherford scored 18 touchdowns and 28 extra points in ten games to take second place honors.

The only other Class 5-B player to break the 100-point mark this year was Jerry King of Kinder, who had 100 points even.

Cameron fire dept. fights 27 fires in '59

The Cameron volunteer fire department was called out for 27 fires in 1959, according to Fire Chief Roy Burleigh in an annual report issued this week.

This number included 11 grass, 5 home, 4oil, 2 boat and 5 car fires. An average of 10 volunteer firemen reported to every fire, and there were no serious injuries to firemen during the year. There were no wrecks involving fire fighting equipment.

The firemen also cleaned up seven hazardous areas.

Chief Burleigh said that the department wished to thank the public for their cooperation in giving the firemen the right-of-way and for not interfering with the firemen during fires.

At a recent election held by the chief for a third year; Wilman Saltzman was re-elected assistant chief; Ray Champaign was named captain; Ray Theriot, lieutenant, and Erl Mouton, secretary.

764 premises poisoned for rats to date

The rat eradication program is still progressing in Cameron parish under the sponsorship of the police jury and health unit and a total of 764 homes in businesses have been poisoned to date, according to Edison Mhire, sanitarian.

Mr. Mhire said the parish still has a long way to go in getting rid of the vast hordes of rats which have appeared in the past year or so. He urged parish residents to take advantage of the free poison being provided by the police jury to rid their homes of the vermin.

Poison is available at the health unit in Cameron, Mhire's home in Grand Chenier, Boudoin Bros. service station in Creole, Bernard Duhon's home in Hackberry, the Magnolia Station at Holly Beach, and through the Home Demonstration clubs at Sweetlake and Klondike.

1959 state rice crop estimated at 7 million bbls.

Production of rice in 1959 in Louisiana is estimated at 12,910,000 hundredweights or 7,969,000 barrels, the Louisiana Crop Reporting Service announced today. This is 19 percent above the 10,812,000 hundredweight produced in 1958 and 5 percent above the 1948-57 average of 12,347,000 hundredweight.

There was a substantial increase in acreage this year owing to the discontinuance of the Acreage Reserve Program. Seeded acreage at 459,000 acres was 11 percent above the 415,000 acres seeded in 1958 and near the State's total allotted acreage.

Harvested acreage is estimated at 453,000 acres — 45,000 acres or 11 percent above the 408,000 acres harvested last year.

Yield per acre is estimated at a record high of 2850 pounds (47.6 barrels) compared with 2550 pounds (46.4 barrels) last year. Value of the crop is placed at $69 million — 12 percent above the 1958 crop value. Rice prices averaged $4.65 per hundredweight this year compared with $4.96 last year.

The crop generally had favorable weather conditions throughout the season. Practically all intended acreage was seeded although some had to be replanted before good stands were obtained. There was some damage from worms before flooding but insect damage generally was negligible. An abundance of water and spraying and dusting kept weeds and insects under control.

Combining of early varieties began in early August and by mid-October harvest was virtually complete. Yields were mostly excellent although there were some unusual losss from Blast disease and the crop was of good quality.

The South Cameron Tarpons built up a 13-point halftime lead and then sailed to an easy 43-32 victory over Merryville Tuesday night. John Watts was the top scorer with 13 points.

GRAND LAKE LOSES TO HATHAWAY, 35-16

The Grand Lake Hornets were defeated 35-16 Tuesday night in a District 10-C game. Hathaway was ahead 10-2 at the end of the first period and was never outscored in any other quarters.

Gerald Hebert and Wilfred LaBove scored five points each for Grand Lake.

Cotton allotments may be released

Any Cameron farm operator not planting all or part of his cotton allotment may release the unused allotment for one year or permanently, said Ednus Perron, county office manager of Cameron Parish ASC.

In order for an operator to release his allotment, he must file a written request with the ASC office in the courthouse building. The acreage released will be considered as planted and the farm history retained.

The closing date for operators to release their allotment is February 12, 1960, Perron said.

Prayer for the '60's: may spiritual growth match the material progress

By BERNICE STEWART

The last page of the chapter on the eventful 1950's has been turned, and already an engrossing new one is being penned. What events or what world attitudes are to be written into the story of the new decade only time will reveal. Meanwhile, it is our prayer that each nation's spiritual growth will catch up with its material enlargement; that each scientific accomplishment will be matched by a lasting attainment towards better understanding and world peace.

The public and parochial schools reopened Monday; and, in a way, teachers and pupils are taking inventory of their mental stock even as the merchants about here are listing their merchandise.

The local M.Y.F. installed at its Sunday evening service the following officers: Karen Welch, president; Ronald Thibodeaux, vice-president; Dorothy Perkins, secretary; Dana Hahn, treasurer.

Curtis Schmersal was appointed upper chairman and David Clayton, recreation chairman.

THE METHODIST Men's Club and the wives of its members enjoyed a roast beef dinner Monday evening in Fellowship Hall.

Hosts were John Shafer, Douglas Higgins, Jack Winegeart, and Ray Pearson.

After the meal, games were played. The Rev. Winegeart gave an inspirational talk, followed by installation of the following new officers for 1960: president, Jack Perkins; vice-president, Ray Pearson; and secretary-treasurer, Bill Buck.

Mr. and Mrs. J. O. Riley and little son, Jay, spent the holidays with Mrs. Riley's parents, Mr. and Mrs. Elmer Evans of Evans.

Mr. and Mrs. Austin Abshire, Sr., spent the past weekend in New Orleans.

Miss Dorothy Sonnier of Jennings spent the weekend here at Lowery with her parents, Mr. and Mrs. Wallace Sonnier.

Guests of Mrs. Lodias Vincent of Thornwell for New Year's day dinner were Mr. and Mrs. Wallace Sonnier and son, Buddy.

MRS. VERA Hardee of Lake Charles spent the long weekend with her sister, Mrs. Mildred Brown.

Mr. and Mrs. D. A. Hardee and children, Louella Fae and Gregory, spent the New Year's weekend in Fort Arthur, Texas, with Mr. and Mrs. Leo deBlanc.

Their older sons, Danny and Jimmie, stayed here with their cousin, Raymond Brown.

Mr and Mrs. Ernest Schexnaider and sons, Ricky and Michael, of Sweet Lake spent New Year's day with the Clesmae Broussards.

Mr. and Mrs. George Savoy attended the funeral of Gene Shaw in Boyce last Wednesday. The Savoys had just returned from a visit with relatives in Port Arhtur, Texas.

Mr. and Mrs. Vernice Marceaux and children, Betty, Sandra, Gerald, and Ella Mae, went to Houston, Texas, where they visited from Wednesday till Sunday with Mr. and Mrs. Sammy Magilleto.

Mr. and Mrs. Whitney Richard of Orange, Texas, spent Saturday night with Mrs. Richard's brother and sister-in-law, Mr. and Mrs. P. J. Woods of Klondike.

MR. AND MRS. Ross Clemm and son, Tracy, of Henderson, Texas, have been spending some time at Whitney Broussard's hunting camp.

Recent guests of the Broussards have been Mr. Broussard's brothers and their families, Mr. and Mrs. Leanus Broussard and daughter, Charlene, of Hackberry and Mr. and Mrs. Olebert Broussard and daughter, Virginia Ann, and son, Butch, of Sulphur.

Last Saturday Mr. and Mrs. Louis Trahan, Jr., and children, Keith, Neal, Reed, Ross, and Lenore, drove over to Alvin, Texas, to visit Mr. and Mrs. Arden Hill. Mrs. Hill will be remembered as Arline Trahan of Klondike.

Mr. and Mrs. Roy Sailor and daughters of Houston, Texas, joined the Trahans at the Hills. Mrs. Sailor is the former Alice Trahan, another of the sisters from here.

The Louis Trahans spent Sunday night in Lake Charles with Mr. Trahan's brother-in-law and sister (Eloise), Mr. and Mrs. Eusebe Breyou.

A PARTY FROM Klondike spent New Year's day in Morse with Mr. and Mrs. Roy Broussard. They were Mr. and Mrs. Ferris Broussad and children, Katie, Patrick, Daniel, and Jessica Marie; Mr and Mrs. Daniel Broussard, Bernetta, Darrell, and Wayland; Mr. and Mrs. Eulice Broussard; and Mr. and Mrs. Avery Gary.

Mr. and Mrs. Harry Vincent and son, Ira, drove to Lyons Point to spend New Year's day with Mrs. Vincent's mother.

Mr. and Mrs. Melvin LaCombe and children, Marilyn, Glenn, and Jack, of Buras were recent guests of the Joe LaCombes, the Curley Cormiers, and Mrs. Duplessis Conner.

Mr. and Mrs. Z. N. Cormier of Winnie, Texas, spent Wednesday with their son and his family, the Curley Cormiers.

Recent guests of Mr. and Mrs. Louis Trahan Sr., have been Mr. and Mrs. Arden Hill and children of Alvin, Texas.

Mrs. Trahan, Sr., is now able to take a few steps by using crutches, although her leg is still in a cast.

SPENDING Saturday with the E. A. Dolands were Mr. and Mrs. D. Y. Doland and Bobby of Grand Chenier and Mr. and Mrs. Gene Coatney and children of Grovers, Texas.

Mr. and Mrs. Louis Trahan, Sr., announce the arrival of James Wesley, their newest grandson born at St. Patrick's in Lake Charles at 1:15 p.m., Dec. 31, to Mr. and Mrs. Wardell Trahan of Cameron.

Maternal grandparents are Mr. and Mrs. Wilfred Broussard of Cameron.

Excessive rain has halted the work on the Lowery road and has resulted in a rather slippery situation — mud.

Whitney Landry, school bus operator, is being reminded of a similar experience last year, the construction of the Lake Arthur-Gueydan road through Klondike.

Mrs. J. L. Parker is on the sick list this week. Staying with her are Mr. and Mrs. Frank Vaughan of Grand Chenier.

JOHNSON BAYOU NEWS

Several personnel changes made at Magnolia plant as result of merger

By MRS. M. C. JOHNSON

Due to the recent merger of Magnolia Petroleum Company and the Socony Mobil Corporation, several changes have been made at the local plant. The L. R. Hathaways are being transferred to Lake Charles this week, while the John Green family is going to Morgan City. The Marvin Miller family has moved to Houston where he is employed by another firm now, and the Roy T. Valentine family is moving to Texas.

While working for Mobile Oil Company last week, Allen Trahan had an accident at the plant and suffered a broken rib and pulled muscles. He is recuperating at home.

The Johnson Bayou school opened its doors again Monday after a two weeks vacation.

The Kenneth McRight home was full of activity last week. Mr. and Mrs. Bruce B. Hawey and children, Terry, Barbara, and Bonnie, of Costa Mesa California visited with them Monday and Tuesday. Miss Lorraine McRight of Birmingham, Ala. arrived on Wednesday to spend the remainder of the week. Then on Thursday, Mr. and Mrs. Dick Templeton of Lancaster, Calif. arrived to spend a few days. They left Sunday afternoon. On Thursday, Mr. and Mrs. McRight and Gwendolyn, and Miss Lorraine McRight spent the day in Beaumont visiting an aunt, Mrs. Annie Henry.

Johnson Bayou, M. C. Johnson

Mr. and Mrs. John D. Belcher of Monroe spent the weekend with the LeNormand family.

Friday visitors in the M. C. Johnson home were Mr. and Mrs. W. R. Allen and family of Port Arthur, Texas.

DURING THE HEAVY rains and high winds last week, quite a washout was made at the Fishing Pier which is owned by B. E. Brown. Access to the building could not be made until additional runway could be put up.

Betty Jo Wilson spent Sunday visiting Sharon Johnson.

Barbara Faye Foster spent last week visiting relatives in Vidor, Texas. She returned home Sunday afternoon.

Nathan Griffith and his little brother, Dennis, are on the sick list this week and we extend get-well wishes to both. Nathan had both ears lanced last week and has been very ill as a result. Dennis has the flu. Get-well wishes are also extended to Mr. Alvi Trahan who has been confined to bed with the flu for more than a week.

Kenneth McRight received word that his uncle, Eugene Shaw of Boyce passed away last week.

Catechism classes resumed Tuesday at the Catholic Church after being omitted during the holiday period.

The Bayou had very little celebration for the entrance of the new year. A few fire works sounded off, but for many people, it was just another day. In checking for news, most people just said, "We didn't go anywhere and nobody came here."

The Baptist Church has announced that on February 1, at the church, the Billy Graham film "The Heart is a Rebel" will be shown. It is a dramatic film in full color and the theme is: "A Christian's answer to Life's fears, frustrations and anxieties." The public will be invited and there will be no admission

Call Us When You Call the Fire Dept!

We can't do a thing about putting out the fire, but we can sure help you afterwards. We'll see that insurance payments are made promptly for damage, and if necessary, that you find suitable temporary quarters. See us for coverage very soon.

GRAND CHENIER NEWS

John Paul Crain breaks arm and fractures skull on a deer hunt

By ELORA MONTIE

John Paul Crain of Grand Chenier suffered a broken arm and fractured skull while on a deer hunt over the holidays on Dr. M. O. Miller's ranch in North Louisiana.

Mr. Crain was in a blind up in a tree when he lost his footing and fell 15 feet to the ground. He was taken to a hospital, but is home now recovering rapidly.

Horace Mhire came back from the hunt very happy—he killed an eight-point buck. Another person on the hunt was Drozan Miller of Lake Charles.

The Grand Chenier school 4-H club met December 13th. Mrs. Free demonstrated picture frame making and showed some frames made at home.

They had a contest dipping nickles from a bowl with a spoon. Glenn Richard won.

An old time boucherie at Mr. and Mrs. Moise Sturlese's Monday where they butchered two hogs and a yearling. They got about 600 pounds of meat and made 450 pounds of sausage.

They had the help of Mr. and Mrs. Vian Theriot, Mr. and Mrs. Remie Broussard, Man Theriot, Mr. and Mrs. Steve Canik, Mr. and Mrs. Loudise Vincent, and Mr. and Mrs. Leon Murphy.

MR. AND MRS. Claude McCall of Grand Chenier had a New Year turkey supper Friday night with the following guests: Mr. and Mrs. Lee Miller and children of Lake Charles, Mrs. Glaydis McCall, Mr. and Mrs. D. W. Griffith and daughter, Mrs. Rose Vincent, Mr. and Mrs. Julian Arrant and family and Father Lenoue.

The Grand Chenier altar society met Sunday after 5 o'clock mass at the home of Mrs. Vivian Meynard.

These officers were chosen to serve for the following year: Mrs. Emma Lou Theriot, president; Mrs. Leona Broussard, vice president; Mrs. Gladys McCall, secretary; Miss Orba Miller, treasurer.

The next meeting will be held at Miss Oma Miller's.

A large Christmas dinner was prepared at the home of Miss Oma Miller's and Grandma Alcise by Mrs. Jessie January.

The log center pieces which Mr. and Mrs. Joe Yokum brought Miss Oma Miller to sell for the church benefit have brought in $37.50 with only 5 pieces left to sell.

The funds will be used for the upkeep of the cemetery and church parking lot.

Mrs. Murphy Marceaux slipped from a chair while trying to reach something on a high shelf and broke her wrist Christmas eve.

GET WELL wishes go to Mrs. Murphy Marceaux, and her son Mark, who was taken to the doctor Monday night with fever, Mrs. H. A. Miller, Mrs. Lionel Theriot and Placide Miller.

Mr. and Mrs. Bernard Spivey, and children, Mark and Sherry have moved in the apartment of Toby McCall just north of the Grand Chenier Catholic church. Mr. Spivey is employed by the continental oil co. here. Mr. Spivey had been roomin at the home of Mrs. Leona Broussard. The two children will enter Grand Chenier school.

Mr. and Mrs. Lee Nunez sr., are the proud owners of a new 1960 Ford.

George Smith of Lake Charles and Murphy Peloquin of Sulphur were over night guests of Mrs. Ruth Montie Monday night.

Gilliam Montie of Port Arthur, Texas, is spending a few days of his vacation with his mother, Mrs. Josephine Montie here.

MR. AND Mrs. Dallas Miller and granddaughter Adrine of Lake Charles spent Sunday with Mr. Miller's mother and sister, Mrs. Alcide Miller and Miss Oma.

Mr. and Mrs. Joe Archea of Houma, Mrs. Archea's parents, Mr. and Mrs. J. N. Miller of Lafayette, (formerly of Grand Chenier) spent a few days in Grand Chenier during the holidays. They were guests in the home of Mrs. Alcide Miller.

Mr. and Mrs. Lawrence Arceneaux and children spent Christmas with folks in Hackberry. They also visited his folks in Lafayette during the holidays.

Mr. Arceneaux and his father attended the sugar bowl game in New Orleans.

Mr. and Mrs. W. R. Evans and family of Lake Jackson, Texas spent New Year's with the Marvin W. Owens here.

The D. Y. Doland's had their family here for the holidays; Mr. and Mrs. Curtis Richard of Orange, Texas, Mr. and Mrs. Gene Coatney of Groves, Texas, and Mr. and Mrs. Pat Doland of Lake Charles.

The Bill Guidrys of Sulphur spent a few days visiting with Mrs. Lucient Sturlese.

Mr. and Mrs. Dudley Thibodeaux of Lake Arthur who are staying in Johnson Bayou during trapping season, spent Christmas with Mr. Thibodeaux's sister and folks, Mr. and Mrs. Horace Mhire here.

Mr. and Mrs. Leon Murphy of Baton Rouge are spending a few days with Mr. and Mrs. Murphy Marceaux here.

Mr. and Mrs. Joe Swire and family of Jennings, Mr. and Mrs. Floyd Kelly of Orange, Texas spent New Year's with Mr. and Mrs. Frank Miller here.

MRS. LOLA Jones of Grand Chenier has just returned from visiting her daughter and family in Laurel, Maryland where her son-in-law is in service.

George Krumm of Northwestern State College spent the weekend with Tommy Nunez, a classmate.

Mr. and Mrs. Niel Richard had for the Christmas holidays their daughter and family, Mr. and Mrs. Omer Smith and family of Littlefield, Texas.

Miss Annie Laurie Miller of Baton Rouge and Miss Marylin Miller of New Orleans spent the holidays with their mother, Mrs. Annie Miller and sister Mrs. Emily Theriot here.

Holly Beach News

Christmas was very quiet at Holly Beach

By MRS. WALTER STANLEY

The holidays are over and every one is happy to settle back into the routine. School children went back to their desks Monday. College students Mae Doris Constance and Arlene Stanley returned to Nicholls Sunday. Workers are back to their jobs.

This was the quietest Christmas the beach had ever witnessed. It was true to the poem "Not a Creature was stirring."

Mass was said in both sessions with very small attendances. For New Year's 9 o' mass was said here and everyone including many visitors drove to Hackberry for the evening mass.

A few hunters braved the bad weather for a last weekend shot at game.

Dense fog and rain prevailed in the area for most of the week between the tow holidays. The roads developed a few bad places but workers tried to keep them in passable condition.

MAE DORIS and J. P. Constance attended two performances of the National Championship rodeo in Dallas, Texas last week. They were accompanied by Ruby Simon and Ernie Little of Hackberry.

Mrs. Raney Martin and daughters of Estherwood visited her sister, Mrs. Walter Stanley for a couple of days last week.

Several people attended the funeral of John Corbello in Port Neches, Texas, on New Year's eve. Mr. Corbillo was from Groves. He was a brother of Mr. Joe Corbello and Mrs. Bright Daigle of Holly Beach.

The Irvin Thibodeaux's report that Mr. Thibodeaux's brother Irby suffered a severe stroke on Christmas day in Crowley. His condition has not improved.

Mr. and Mrs. Elias Saltzman attended the funeral of her brother, Alexon Stute of Cameron.

MR. AND MRS. Walter Stanley and children, Tommy and Paree drove to Hebronville, Texas last week to visit Fred Simon. Mr. Simon was born on Johnson Bayou but left here at the age of seven preceeding the 1886 storm. Mr. Simon has many hobbies. He collects historical facts on whooping cranes and Cherokee roses, does exquisite wood carvings and has dug a cave through rocky ground at his dwelling. The cave keeps an even temperature of around 58 all year round.

A PERSONAL MESSAGE FROM CHEP MORRISON TO THE VOTERS OF CAMERON PARISH:

Throughout the First and Second Primaries, we have campaigned on a positive program for the progress and improvement of all sections of Louisiana.

Our ticket offers you the voters an opportunity to employ for the next 4 years a group of qualified, experienced public officials who will work full-time in the public interest of our State and its people.

We are pledged also to maintain the social gains, improve the Old Age pension and Welfare program, pay for the full salary schedule for teachers and other school employees, and provide better care for the ill, mentally retarded and physically handicapped.

We are pledged likewise to use all of the powers of the Governor's Office to preserve and maintain Segregation, State's Rights, and to work with other Southern Governors and our Congressional delegation in all efforts to retain the traditional customs and way of life under which our State and its people have prospered and progressed.

All informed, thinking people know that I was the first of the two candidates remaining in the campaign for Governor to make a firm, un-qualified pledge to support and work for the maintenance of Segregation and State's Rights.

As Mayor of New Orleans I have always followed that policy and will continue to do so as your Governor.

As an overseas veteran of World War II, I served for 5 years in defense of this nation against its outside enemies. As the father of 3 small children, I want to work for the best interest and progress of our young people and their future.

Your election of the Morrison-Bowdon Ticket members will mean that we will work energetically to sell and market Louisiana's agriculture products; establish a real parks and recreation program; carry on the free hot lunch program and school books, and use available Federal Highway funds to construct needed major highways and blacktop farm to market roads.

To all men and women who want a clear-cut change — who want a Governor who will not be obligated to Earl Long or the New Orleans Old Regular ring. I ask for your valued help and renewed efforts to complete the job on Saturday, January 9.

We also ask for the help and the vote of everyone who may have supported other candidates during the First Primary. Many in practically every parish have joined with us, — and I sincerely urge that you clip and save the sample ballot which has been published in this newspaper and take it with you to the polls on Saturday, January 9.

I also ask that all men and women of good will not be misled or deceived by last-minute smear tactics, false rumors and gossip or other un-American propaganda which cannot stand up against truth and facts.

With the help of all men and women who genuinely desire a clear-cut change in the management of your public affairs, I am confident that the election result on January 9 will bring in a new day and a better way of life for you and your children.

MIAMI TRAPPING BEGINS

Trapping began Monday on the Miami Corporation's vast tract of marsh land in Cameron parish, according to Alvin Dyson, local overseer of the property. But the trapping outlook is poor—there are practically no muskrat, very few mink, and even the nutria don't seem to be as numerous as before.

Mr. Dyson said he doesn't expect to have as many trappers as in the past because of the poor prospects.

Trapping season extends to Feb 27, but trappers may continue to take nutria as long as their pelts are good, since the animals were outlawed by the state several years ago.

Mr. Dyson, who is also Cameron's state representative, says he expects to bring his nutria fur promotion bill up again in the legislature this spring. The bill was killed in the senate last year because of the shortage of state funds.

The bill would provide for a nationwide advertising program to try to increase the market and price of nutria pelts.

WILDLIFE PICTURE BRIGHT

THE "SOARING SIXTIES", to use the phrase that has been attached to the next ten years are upon us. Indications are good that this next decade should be a bright one for the wildlife picture in Louisiana, as more and more people awaken to the value of these resources.

Have you ever known of a statewide political race into which the candidates injected so much wildlife consideration as in this current one for governor?

That's a healthy trend, since wholesome outdoor recreation is vital to the welfare of this nation. Try to imagine, if you can, the situation that would exist if there were no opportunities for fishing, hunting, and boating. Best estimates place the number of fishermen in the U.S. at around FORTY MILLION, and there are about half that many hunters. Boating is taking such giant strides that I hesitate to hazard a guess as to numbers, but the Outboard Boating Club of America estimates that 37,000,000 people took part in recreational boating (more than once or twice) in 1958.

Thus fishing, hunting, and boating provided billions of days of leisure time activity. Where would these days have been spent had these outlets not been available? Fishing and hunting, for my money, need no outside justification. But, as lagniappe, I rather guess that many a family or business frustration has been worked out in the process of snatching a sack-lunch from under a cypress knee, and in burning power at a high-flying dove.

Yep, the sixties can be fine years for the outdoorsman and his family, but they're going to need some help. Public hunting may become a distant memory in Louisiana unless our state wildlife administration gets on the ball. Our fisheries program, both in research and in management, is a token thing. Facilities for the boating public in this state rank among the poorest in the nation.

Our state wildlife program has suffered greatly in the past three years through lack of direction — lack of dedicated and capable direction. The Wild Life and Fisheries Commission has among its ranks some talented wildlife workers (and some not so talented), but their accomplishments in recent years can only be compared to that of a ship without a rudder. The program has gone in all directions, including backward.

The next four years should offer a much better political climate for proper management of Louisiana's outdoor resources. Resolve now to do your part to insure that the best use is made of this period.

HUNTING SEASONS END

The period from January 1 to 10 sees the legal hunting seasons for deer, snipe, ducks, geese, and squirrels end. The second session dove season comes to a close on January 13, then woodcock on the 15th.

Summer predictions of a poor duck hatch were borne out during the winter hunting, with most kills being made up of a high percentage of old ducks. You probably saw a lot of evidence of these old ducks, as I did, in flocks that never came in gunrange. These sharpies would hang just outside the lethal range of a gun, make about four passes to whet your appetite, and then take off for parts unknown. Make no mistake about it, once a duck has survived one fall migration, being shot at from Canada all the way to the Gulf, he's a lot harder to fool.

DUCK SEASON UNCHANGED

The Fish and Wildlife Service announces that it has decided not to recommend an early closing of the duck season where birds are in short supply, as announced recently, and has likewise recommended disapproval of proposals to extend the season in States which have large numbers of birds in contrast to the general pattern.

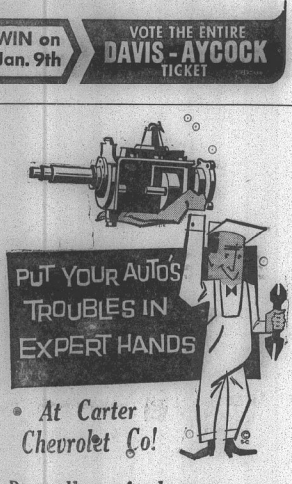
As a result of vagaries of migration, caused by weather and supplies of food, it is not uncommon for the duck distribution pattern to shift from year to year within a flyway, the Department stated. Thus, scattered States can have more birds compared to the previous year even with the overall population down sharply.

In addition, this year there apparently may have been an additional shift of adult birds between flyways. Already, early band returns show a substantial increase in returns from the western flyways of ducks banded in the regions that normally contribute the birds to the Mississippi Flyway. One possible explanation of this shift is that birds which last spring were forced north by drought on the prairies may have joined more westerly flights this fall.

"When you have a shortage of birds generally, it's not good conservation to permit in a few places an increased kill of birds needed to repopulate the nesting grounds for a wider area," commented D. H. Janzen, Director of the Service's Bureau of Sport Fisheries and Wildlife.

Director Janzen again pointed out that age ratios of birds shot this fall clearly show that 1959 duck nesting success was very low, and the hunting this year is mostly on the basic breeding stock. That's why there had to be tighter restrictions on hunting to protect an adequate portion of that stock for another year, it was explained.

DAVIS WILL WIN Because...



He will NOT deal with Hoffa!

The State of Louisiana belongs to the people of Louisiana. Former Governor Jimmie Davis will not solicit or accept endorsement from Hoffa or any other crime-ridden organization.

In many areas of this state, Hoffa's organization has been soundly refuted by the good working people, and this is mandate enough for Jimmie Davis.

The state belongs to the people. It will remain in the people's possession when Jimmie H. Davis is Governor.

by WALT BENTON

BATON ROUGE —Prediction:

If the weather Jan. 9 permits a big vote — say 860,000 — Former Gov. Jimmie Davis should win by more than 43,000 votes.

If the weather is foul, the gubernatorial race may be such a toss-up that the sure winnner might not be determined for days.

If ever a columnist stuck his neck out, there it is.

And those "ifs" are not hedging, either. Weather really plays an important part in most Louisiana statewide elections, and this one is no exception.

General belief here, by people on both sides, is that most of deLesseps Morrison's strength is in the larger cities, where even a heavy sleet wouldn't stop most voters from going a block or two.

By the same token, a great deal of the Davis vote is in the small town or rural areas, where getting to the polls in raw weather can be actual hardship and neglect of home duties.

Further, of course, Morrison's heaviest vote will be in heavily-populated South Louisiana, far less likely to get bad weather than the area from, say, Alexandria northward.

There is some belief here, but no certain knowledge, that weather, within reasonable limits, will be somewhat offset by the fact that election day was changed from Tuesday to Saturday.

All the above has been simply reported, carefully avoiding any reference to reasons people will vote thisaway or thatta way. So we haven't "campaigned!"

The nearest we will come to explaining the prediction of a probable victory for Davis is to agree with Pollster Gallup that a lot of people don't vote "for" a candidate — they vote "against."

Regardless of the outcome, two things are sure:

An awful lot of Louisiana people, including runoff candidates, will be glad it is over.

And all Louisiana people will be faced with the fact that while they have "elected" a new governor, he will not in fact be elected until April 19 and will not take office until May 10.

So all sorts of interesting things can happen in the next few months.

Suppose, for instance, that Louisiana meantime comes into some $100,000,000 or so of tidelands money? Anybody think the lame-duck governor and legislators will just stand by and look at a "watermelon" like that?

Two things can be done about the situation.

One is to change the Louisiana law prohibiting a man from serving two consecutive terms as governor, resulting in an upheaval every four years.

The other is to change the election timetable to permit the General election to follow immediately after the Democratic second primary.

Finally, of course, there seems to be no good reason that the man just chosen governor shouldn't take over that office in just the week or so that would be required for orderly transition.

Do YOU Want "Benefits" Like These????

New Orleans is now enjoying the following "Benefits" under Mayor Morrison. If you don't want these "Benefits" statewide, then don't vote for Morrison. Here are the Morrison "Benefits":

1. Integrated buses.
2. Integrated streetcars.
3. Integrated public rest rooms. (In new City Hall, too).
4. Integrated public building maintenance staff.
5. Integrated public amusement centers.
6. Integrated public tennis courts.
7. Integrated Parks.
8. Integrated swimming pools.
9. Integrated golf courses.
10. Integrated social workers' staff.
11. Integrated Detective staff.
12. Integrated Deputy Sheriff staff.
13. Integrated coroner's staff.
14. Integrated Police force.
15. Negroes in New Orleans with parole power.
16. Proposed integrated city public schools in September, 1960, by agreement between Morrison and NAACP lawyer A. P. Tureaud.

All these "Benefits" and many others are yours if you vote on January 9th for the man who made this possible in New Orleans.

To avoid these "Benefits" all over the state, vote against Morrison for Governor.

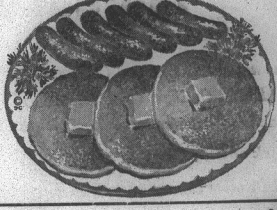
Allotments for new rice farms now available

Persons desiring a rice acreage allotment for the current year for a new farm must file a written request with the Cameron ASC office in the courthouse not later than January 31, 1960, said Ednus Perron, county office manager.



To be eligible for a new farm allotment, not only shall the application be timely filed, but the county committee shall be satisfied that the applicant has land for which the allotment is requested which is well suited for the production of rice.

He must have water and other irrigation facilities readily available for rice on such land in the current year. He must own or have available for his use in the current year adequate rice producing equipment; and expect to derive 50 percent of his livelihood from farming operations on the farm for which the allotment is requested. He nor the owner of the farm must have any interest in a rice crop on any other farm.

Perron said that a state total of 50 acres of rice are available for all rice producing parishes in the State of Louisiana.

To The Voters Of Cameron Parish:

We wish to thank the voters of Cameron parish for making Jimmie Davis the high man in the first primary election, and to urge them to go to the polls again Saturday, Jan. 9th and vote for the best man in the race — Jimmie Davis.

Jimmie Davis is well known to people in Cameron parish, having hunted and fished here and visited in many homes here. He knows the problems of our parish.

He has given the people of Cameron parish this pledge: When he is elected he will invite leaders of the parish to come to the State House and sit down with him and go over the various problems of the parish to find their solutions and to make Cameron parish a better place in which to live and work.

The Cameron parish supporters of Jimmie Davis are some of the most civic-minded leaders who have always taken the lead in the development of the parish. We feel that we can better accomplish the many things that are needed for Cameron parish by electing Jimmie Davis your governor.

Jimmie Davis received the largest vote for governor in Cameron Parish of any candidate in the first primary, and he and his entire ticket have been gaining thousands of votes all over the state every day.

We personally urge every Cameron parish voter to go to the polls Saturday and vote for Jimmie Davis — the best man and your next governor!

Davis carries parish; Riggs wins jury race

Jimmie H. Davis swept into the Louisiana governor's chair by more than 70,000 votes in Saturday's second primary election, but in Cameron parish it was a nip & tuck affair between him and Chep Morrison.

Davis again carried the parish, as he did in the first primary, but it was by only 214 votes. The parish vote for Davis was 1376; for Morrison, 1162.

In the only local runoff race, Charles A. Riggs, Hackberry merchant, nosed out Ovia J. Duhon by a scant 30 votes to win the Ward 6 police jury seat being vacated by Bernard Duhon in June. Riggs got 248 votes and Duhon got 218.

(In the first primary the vote was: Riggs—187, Duhon—128, and John A. Lowery—122.)

In the governor's race, Morrison carried only four parish boxes—Klondike, Muria, Cameron and Creole—but he was close behind in most of the other six.

(In the first primary, Davis led Morrison 1653 to 771 in the parish.)

The parish also gave majorities to all the members of the Davis ticket, with the exception of the voting machine custodian race in which Morrison's candidate, Chenault, beat out Davis' man, Fowler.

HERE IS HOW Cameron parish voted for the various candidates:

Governor—Davis 1376, Morrison 1162.

Lt.-Governor — Aycock 1211, Bowdon 1109.

State Comptroller — Theriot 1285, Henderson 998.

Agriculture Commissioner — Pearce 1252, Shannon 826.

Register of State Land — Moore 1208, Dent 1104.

Insurance Commissioner — Hayes 1341, Tate 975.

Custodian of voting Machines —Chennault 1190, Fowler 1077.

Mrs. Free to continue as HD agent here

Mrs. Iva P. Free, Home Demonstration agent for Cameron parish for the past five years, apparently will continue in that position for some time to come, it was learned here this week.

Mrs. Free appeared before the Cameron police jury and school board last Oct. 5, stating that she had been asked to resign by the L.S.U. extension department. She said that her superiors had refused to give the reasons for her dismissal and that she planned to continue work until fired and then she planned to ask for a hearing on the dismissal.

A letter received this week by Mrs. Free and her attorney from an official of L.S.U. stated that no charges had been made against Mrs. Free and that L.S.U. did not at the present time contemplate terminating Mrs. Free's employment.

THE LETTER, which was signed by Milton M. Harrison, vice president of the university, stated in part:

"At the request of President Middleton and Mr. H. C. Sanders, director of the Agricultural Extension Service, I have investigated the situation concerning Mrs. Free's employment status and am outlining this information below.

"Mrs. Free was employed by the University initially as Home Demonstration Agent in Cameron Parish effective July 1, 1954, through June 30, 1955. She has been reappointed each year subsequently, each appointment being for one year beginning on July 1. She was thus reappointed on July 1, 1959, for the period terminating on June 30, 1960.

"No action has been taken to terminate that appointment and at the present no such contemplated. No charges have been made against Mrs. Free by any University official and no disciplinary action has ever been recommended.

"During June of 1959 the supervisory personnel of the Agricultural Extension Service advised Mrs. Free that she was not well suited for extension work and that she could perhaps utilize her abilities in another type of work. It was suggested that she seek other employment by January 1, 1960. This was done in consideration of the best interests of both Mrs. Free and the Extension Service. She was, however, reappointed on July 1, 1959, and no action was taken to make the appointment for a period of less than a year."

Mrs. Free said this week, in view of the above letter, that she planned to continue in her work here as usual.

Seven parish girls compete for queen title

Seven parish girls will be competing Friday night for the title of "Miss Cameron Parish" and for the right to represent the parish in the queen's contest at the fur festival Saturday night.

The girls, who were selected by their respective communities, are as follows:

* **Catherine Marie LeBlanc, daughter of Mr. and Mrs. Dallas LeBlanc of Hackberry.**
* **Barbara Jane Dugas, daughter of Mrs. Ashbura Roux of Cameron.**
* **Sylvia Young, daughter of Mr. and Mrs. Jim M. Young of Sweetlake.**
* **Gail Devall, daughter of Mr. and Mrs. Shuntle Devall, Jr. of Grand Lake.**
* **Lou Anna Miller, daughter of Mr. and Mrs. Frank Miller of Grand Chenier.**
* **Sharon Ann Welch, daughter of Mr. and Mrs. A. P. Welch, Jr. of Creole.**
* **Mae Doris Constance, daughter of Mr. and Mrs. Peter Constance, Jr. of Holly Beach and is representing Holly Beach and Johnson Bayou.)**

The girls will have a practice session at 2:30 p.m. and then will meet with the judges at 4 p.m. Friday at Fred's restaurant for coffee. The final judging will take place at the Friday evening program beginning at 7 p.m. at the Cameron elementary school.

★ $6,000 donation made to hospital by Mrs. Domatti

The board of supervisors of the South Cameron Hospital Service District announced this week that it had received a $6,000 donation for the hospital from a Port Arthur, Texas woman.

The donor, Mrs. R. J. Domatti, of 3538 12th St., Port Arthur, wrote that she wished the donation to apply on the cost of an operating room or other rooms. She requested that a plaque be placed in the door reading "In Memory of Agnes Guilbeau Pavell."

She also wrote that she and her husband had been members of the American Legion and Auxiliary for a number of years. The Louisiana American Legion was responsible for raising some $50,000 for the hospital following Hurricane Audrey.

Mrs. Domatti, the former Patti Pavell, owns a large amount of property in Cameron parish and it is understood that her family lived in the Johnson Bayou area years ago.

The hospital board expressed its appreciation in behalf of the citizens of the hospital district for Mrs. Domatti's contribution, and stated that hers and other contributions would aid the district in erecting a better equipped hospital than originally planned.

Six parishes represented in festival's queen contest

Six of Louisiana's fur producing parishes will be represented in the queen's contest of the Fourth Annual Louisiana Fur and Wildlife Festival to be held in Cameron, Friday and Saturday, January 15 and 16.

The contestants are:

* **Miss June Robicheaux**, 17-year-old Franklin girl representing St. Mary parish. She is the daughter of Mr. and Mrs. Allen J. Robicheaux and a senior at St. John Academy.

* **Miss Diane Vice**, 17-year-old daughter of Mr. and Mrs. Norman Vice of Houma, and the Terrebonne parish entrant. A student at Terrebonne high school, she was queen of the 1959 Houma Fair and Rodeo and a maid at the 1959 Sugarcane Festival in New Iberia.

* **Miss Andre J. Larson**, 17, St. Martin parish's contestant. She is the daughter of Mr. and Mrs. William N. Larson of St. Martinville and a senior at the Convent of Mercy Parochial School.

* **Miss Cludette Broussard**, 17, daughter of Mrs. Martha Broussard of Abbeville and a senior at Abbeville High School. She is representing Vermilion parish.

Miss Miriam Joan Baudoin of New Iberia, Iberia Parish's contestant. She is the daughter of Mr. and Mrs. Isaac Baudoin and a student at Southwestern Louisiana Institute.

Cameron parish's contestant will be chosen at the festival's Friday night program, and will compete with the girls from the other five parishes for the title of festival queen at the Saturday night program.

A last minute entry in the state fur queen's contest is that of Jo Ann Purcell of Port Sulphur who will represent Plaquemines Parish. Her entry makes a total of seven contestants in the competition.

The six contestants will ride in convertibles in the festival's parade at 2 p.m. Saturday. At 4 p.m. they will have coffee with the judges and will be guests of the festival at a dinner at 5:30 p.m.

The final judging will be held at the Saturday evening program at South Cameron high school. Later that evening the queen and her court will attend the queen's ball at the Cameron youth center.

Miss Peggy Joy Seago of New Iberia, the 1959 fur queen, will crown this year's winner.

The queen will be presented a $250 muskrat coat by the fur festival, and each of the other five contestants will receive $135 muskrat stoles.

The fur queen will also have her choice of an all expense paid trip to the National Outdoor Festival in Cambridge, Maryland or to the Mardi Gras Ball in Washington, D.C. The runner-up in the contest will get the trip not selected by the queen.

SPECIAL SEATS will be reserved for the parents of the queen contestants at the Saturday night program.

Mrs. Lynn McKee will provide a piano accompaniment during the Friday and Saturday night programs.

The following youngsters will al-

ALTHOUGH LITTLE Bess Lou Greathouse wasn't the first baby born in Cameron parish in 1960 (she was born at Lake Charles Memorial Hospital) she was the first born to Cameron parents—Mr. and Mrs. George Greathouse of Grand Lake.

The baby, who weighed 7 lbs. 12 oz. was born at 4:30 p.m., Jan. There are four other children in the family, Wendell 13, Annette 11, Charles 9 and Jill 3½.

Grandparents are Mr. and Mrs. George A. McCain of Grand Lake and Mrs. Bessie Greathouse of Lake Charles.

Roosevelt Fountain, Jr. of Cameron was the first baby born in the parish and won the Pilot's first baby contest.

Parade to be highlight of fur festival

The annual parade of the fur festival, which will start promptly at 2 p.m. Saturday, will have four bands, more than a dozen floats and numerous cars, marching groups and mounted horsemen.

James L. Derouen, parade chairman, said the parade will begin forming at 1 p.m. at the Cameron elementary school and down the street by Roux's Cleaners.

The parade will go west down main street, with the marchers disbanding at the ice plant, and the floats disbanding at the Gulf Menhaden plant.

Bands scheduled to march are Hackberry, Grand Lake and South Cameron high schools and McNeese College.

Thre will be a color guard from the Lake Charles air force base, and the fur queen contestants and parish police jurymen will ride in convertibles.

Among the organizations and firms entering floats will be the Lions, Optimists, Louisiana Menhaden Co., Gulf Menhaden Co., VFW Auxiliary, American Legion, Cameron Home Demonstration Club, parish library, and junior 4-H Club.

First, second and third prizes of $75, $50 and $25 will be awarded in two classifications: "most beautiful" float and "most original" float.

Four bands to march and give concert Saturday

Four bands will participate in the fur festival activities Saturday. They are the South Cameron, Grand Lake and Hackberry high school bands and the McNeese State College band.

The bands will march in the parade which begins at 2 p.m., and immediately after that they will give a concert in the courthouse square.

The Hackberry band is under the direction of Wayne Woods; the South Cameron band under Raymond Sibley and the Grand Lake band under I. P. Renfro. Fred Petterson, student leader, will conduct the McNeese band.

Queen's Ball to be held at youth center

Climaxing the 1960 Louisiana Fur and Wildlife Festival will be the annual queen's ball scheduled to begin at 9 p.m., Saturday, at the new Cameron youth center.

The public is cordially invited to attend. Admission will be $1.50 for couples and stags.

Music will be furnished by Bobba Larcher and his band from Lake Charles.

The queen and her maid will be given a police escort from the South Cameron high school auditorium following the queen's selection, and upon their arrival the grand march will be held, with the royal court being escorted by local young men.

The first two dances are reserved for the court, after which dancing will be open to all on the huge 60 by 120 foot floor.

A special preparation is being put on the concrete floor to keep down the dust and to make it smooth for dancing.

Mrs. Harold Carter is chairman of the queen's ball.

Fountain baby is first born in the parish

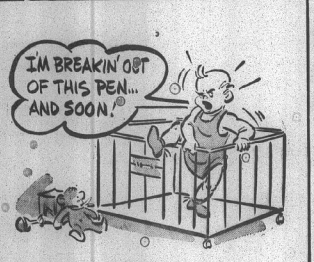
Roosevelt Fountain, Jr., 8½-pound son of Mr. and Mrs. Roosevelt Fountain of Cameron, was the winner of the First Baby Contest sponsored by the Cameron Parish Pilot and local merchants.

The baby, the first born in Cameron parish in 1960, was born at 6:01 a.m. Thursday, Jan. 7, at Carter's Clinic in Creole.

There is one other child in the family, Shirley Jean, age 2. The father works for Louisiana Menhaden Company.

The Fountains will receive a number of prizes which were donated by the merchants for the first baby.

Alcohol will not be sold at queen's ball Saturday



Alcoholic beverages will not be sold at the queen's ball to be held in the Cameron youth center Saturday night, it has been announced by the Louisiana Fur & Wildlife Festival.

In the past when the ball was held at other locations, such beverages were sold, but it was decided that it would not be appropriate to do so this year since the balls is being held in the youth center.

The official board of the Wakefield Memorial Methodist Church in Cameron went on record last week opposing the sale of alcoholic beverages in the south center for the ball.

A letter to the president of the fur festival, signed by Thomas W. Steed, chairman of the board, and the Rev. Taylor Wall, pastor of the church, stated:

"This is a building which from its inception has been dedicated to serving the needs of our community as a Youth Center and we feel that it could remain so, without the injurious influence of alcohol in any form."

Yes sir, it won't be long before he's out of there and into kindergarten . . . school . . . high school — then college!

Where's the money coming from? That's up to you, his parents. But it's not so hard, if you begin *now*, with a savings account at this bank, and add to it every payday. *Next* payday is a good time to start!

Mrs. Hadley Fontenot is chairman of the queen's contest.

Soil Conservation district to give free trees to residents of parish

Through the courtesy of the Gulf Coast Soil Conservation District several thousand trees will be given away free at the Cameron Courthouse on January 15 and 20, according to R. O. Hackett and Mark Bachard, supervisors of the District.

The actual distribution will be handled by the County Agent's office and anyone desiring these trees may obtain them at the Parish courthouse between 8 a.m. and 5 p.m. on Tuesday and Wednesday, January 19 and 20.

Anyone wanting more than 25 will be charged one cent each. A limit of 100 for each variety has been set per applicant unless there is a surplus left over.

Kinds of trees available are: slash pine, loblolly pine, sweet gum, green ash, cypress and sycamore.

These tree distributions are being made in the hopes that they will be used for farm lot shade, wind breaks for livestock and as a deterrant to erosion on the ridges and slopes. There is, of course, no argument against using these in such a manner that they will beautify the landscape around the farm and home.

The distribution will be made on a first come-first-serve-basis. However, it is believed there will be enough to go around.

Instructions on planting and care of the trees will be given out with each order by the County Agent's Office.

Three men burned in offshore oil rig fire Thurs.

Three men were seriously burned in anoffshore oil rig fire Thursday of last weekand were being treated this week at the Lake Charles Memorial hospital where they were flown by helicopter.

The men are Elray Authement, 24, of Cameron; Guy J. Murphy, Jr., 20, of Cameron; and Don D. Tyner, 28, of Lake Charles.

Authement is a roustabout for Cameron Construction Co.; Tyner a field service man for National Tank Co., and Murphy a roustabout for McDermott Oil Co.

The crew on the McDermott production platform reportedly was washing out a separator when a spark from a steam jenny set off the fire.

Freddie Richard, Miss Thompson are married Sun.

The marriage of Freddie Richard of Cameron to Dorothy Thompson, daughter of Mr. and Mrs. John Thompson of Sulphur, was solemnized at 11 a.m. Sunday at the Little Country Church in Hollywood. The altar was decorated with white gladioli and ferns.

The bride wore a white formal bridal dress and carried a bouquet of white flowers.

Dinner for the wedding guests was held at the home of the bride's parents.

Mrs. Richard is a graduate of Sulphur High School and Mr. Richard attended Cameron and Creole High School. He is part owner of Leger and Richard Mobil Station in Cameron.

JOHNSON BAYOU NEWS

Number of new families move here; Rain causes holes in Bayou road

By MRS. M. C. JOHNSON

Activity of moving people has increased on the Bayou and we would want to welcome a number of new families to our new community.

Mr. and Mrs. J. L. Dowden and children, Kathy and Ricky, have moved here from Bossier City. Mr. Dowden is a driller for the James O. Ruhl Company which is now drilling on the Gray property.

Mr. and Mrs. Alvie Tyson and children have moved here from Alexandria. Mr. Tyson is a motorman for the Ruhl Drilling Company. Both the Dowden family and the Tyson family live in the new houses of J. B. Constance.

Mr. and Mrs. Richard Ogburn have moved here from Monta Holley, Arkansas. He also works for the Ruhl Drilling Company. The Ogburns lived in Cuba for 2½ years, returning to the states in 1958. The Dowdens had lived in Cuba for 5 years, returning to the states at the same time. Both families have watched closely the movements of Fidel Castro since he began his rule last year, and it is very interesting to talk with someone who has been there and can give us first-hand information concerning our Carribbean neighbors.

Another new family we welcome this week is Mr. and Mrs. Allen Whitt and son, Larry. They moved to the Fred Erbelding house, and came here from Westlake.

Last week we reported many transfers being made by the Mobil Oil Corporation. This week two new families have moved to the Mobil Oil Camp to assume new duties. Mr. and Mrs. B. J. Sasser, originally from Stigler, Oklahoma, moved here from DeRidder. Mr. and Mrs. James Eskew and son, Jimmy, moved here from Lake Charles. We welcome these newcomers to our community.

A welcomed relief for Bayou folks over the weekend was that the rain had let up — at least for a few days. As a result of so much rain, many holes had been washed out in the road making for rough driving. Construction has stopped on the Bayou end of the road — at least temporarily.

A special visitor in the Marvin Fannin home recently was Bill Schiller. Mr. Schuler works in South America and was here on vacation. He and Mr. Fannin were roommates for three years at Texas Tech where they graduated.

CARROLL TRAHAN was burned in the face Sunday night when he poured kerosene on some wood in the fur barn. Some live coals were underneath which blew out into his face, giving him some very painful burns.

Mr. and Mrs. Jim Norris spent the weekend visiting Mrs. Norris' parents, Mr. and Mrs. E. C. Batt in Abbeville, and some friends, the Homer Quaries in Opelousas.

Sully LeNormand and M. C. Johnson attended the Carey Executive Board Meeting Monday night. The meeting was held in the First Baptist Church of Sulphur.

Visiting relatives in Houston, Texas, this week-end were Mrs. John Green and children, Phillip and Reneau.

The Alton Trahan family spent Saturday night in Cameron visiting Mrs. Trahan's father, Henry Mudd, who is very ill. Also with her father in Cameron was Mrs. Alvie Trahan.

Word was received here Monday that Mrs. Sam Warren of Cameron had undergone surgery Monday in a Lake Charles hospital. Mrs. Warren is a former resident of Johnson Bayou and her many friends here wish for her a very speedy recovery.

A new car has been added to the Johnson Bayou fleet. This time it is a new Oldsmobile owned by Elvin Donohue.

VISITORS IN the Dennis Burch home Sunday were Mr. Burch's parents, Mr. and Mrs. Mark Burch and D. T. Morris of Orange, Texas.

Mr. and Mrs. Claude Rutherford spent two days last week visiting Mrs. Edmond LeBeouf in Gueydan.

Part of the day was spent visiting in Crowley.

The Roy Billeaud's spent Sunday visiting Mr. and Mrs. Vernon Jinks in Hackberry.

Construction began Monday on the new home of Elvin Trahan. It is being built on Smith Ridge, on the East end near Ernest Trahan's home.

Texas visitors in the home of Mr. and Mrs. Marvin Fannin last week were Mr. Fannin's parents, Mr. and Mrs. M. B. Fannin of Corsicana, Texas, and his aunt, Mrs. J. W. Bowden of Palestine, Texas.

Several people from Johnson Bayou were in Lake Charles Saturday to attend the wedding of Sulie Menard, Jr. Reception after the wedding was a barbecue which was held at the Crain Brothers Camp here at Johnson Bayou. A large number of visitors were on the Bayou for the event.

A type of flu virus has seemed to be going around on the Bayou with a large number of people being ill.

The election called for some excitement on the Bayou, however, the turnout was not as large as the December 5th primary, when 186 persons cast their votes. Total number casting votes last Saturday was 122.

New book tells of priest's work in Cameron parish

By MARY B. BRAND
Parish Librarian

"One Mile An Hour; the Priestly Memories of William Joseph Teurlings" is a new book at the Cameron Parish Library. In the book, Father Teurlings speaks of his work in Cameron Parish.

A candy village made by Mrs. Hadley Fontenot is on exhibit at the Cameron Library. It is even more elaborate than the candy house she made last year.

For the past two weeks the "Parade and Float Guide" by Vaughn has been our most popular book. The library has furnished several pictures and other material for ideas for floats for the Fur Festival. The girls in the Queen's Contest have borrowed etiquette and grooming books.

One of the questions asked at the library this week was, "What city was the first capital of Louisiana?" We though it interesting to see that since Louisiana admission to the Union in 1812, New Orleans, Donaldsonville, Opelousas, Shreveport and Baton Rouge had all been the capital. New Orleans was the first and since 1879 Baton Rouge has been the capital.

If you have a question, come by or call your library and we will do our best to answer it for you.

A Personal Word of Thanks To The Voters of Cameron Parish:

Jimmie H. Davis, his entire ticket and his friends and supporters in Cameron parish extend their sincerest appreciation to you for again making the Davis-Aycock ticket No. 1 in Cameron parish.

We, the local Davis supporters, are proud of the face that the Davis-Aycock ticket was able to conduct a clean and honest campaign and win.

We believe that we have elected a man who will do much for Cameron Parish during the next four years. He did not make us any extravagant promises which he could not fulfill, but he did state that he would do everything in his power to help Cameron realize its many goals.

Now that the election is over, we urge and invite everyone, regardless of how they voted in this election, to again join forces and work for the betterment of Cameron Parish and our state. There could be no better time in which to do this than in the next four years.

Compliments of R. J. Pumpelly, Commission Agent, Continental Oil Co., West Lake, La.

According to Malcolm Connolly, outdoor writer for the Jennings Daily News, a lot of Louisiana duck hunters became goose hunters this year. Writing in the January issue of SOUTHWEST MAGAZINE, the new publication coming out of Lafayette each month, Malcolm said: "Heretofore, when a hunter ventured out in his duck blind he counted on his ducks and hoped that he would get a goose or two in the running. But, this season they went goose hunting and hoped to bag a few ducks. Southwest Louisiana really has a bumper crop of geese this season".

* * *

Here's a wildlife oddity for you:

Our correspondent for the northeast section of the parish, Mrs. Bernice Stewart, reports that Leonard Miller, a trapper at Lowery, caught a brown and white spotted nutria at Hawks last Friday.

Our conclusion is that with everybody having turned against the nutria they're learning to camouflage themselves.

* * *

DESPITE THE earlier predictions that the duck season would be bad this year, Joe Rutherford, who runs a hunting club on Oak Grove, says he considers the season just ended as "average." In fact, since the season closed last week, he has seen more ducks in the marsh than in the past two years. Hunters probably didn't do as well as in past years because most of the ducks were old birds and plenty smart.

Another informant says that the mallards were so wary this year that they just couldn't be decoyed.

* * *

WE HEAR THAT the rabbits are literally taking the country over around Grand Chenier. Almost enough that you can kill them with a stick.

* * *

GOOD NUTRIA CATCHES

Good nutria catches are being made by Grand Chenier trappers, reports Elora Montie, the Pilot's Chenier correspondent. However, few muskrats are being taken. About 15 trappers are trapping on the Chenier this year.

And the hunting camps are busy taking in their hunting equipment following the end of the duck season, she reports. Drozan Miller of Lake Charles and Bobby Gist of Sulphur, who have a private club there, have been getting it their canoes, boats and decoys, with the help of Oliver Theriot Sr. and Earl Granger, their guides.

The Hawkin's hunting club guides were also busy doing the same thing.

Johnson Bayou men not guilty of game charges

A Johnson Bayou man, his son and grandson, also of Johnson Bayou were found not guilty in U. S. District Court Monday afternoon to charges of possessing geese out of season.

The trial opened Monday morning with Judge Edwin F. Hunter presiding.

The defendants were Rayme Boudreaux; his son, Prosper Boudreaux, and his grandson, Paul Boudreaux, who is Prosper's son.

The charge dated back to Feb. 1, 1958, and Monday's trial was the second in the case, the first having ended in a mistrial.

The government argued that the three men had taken geese out of the woods near Holly Beach. The three defendants claimed that they had killed hogs on that date.

Boat races are new attraction at fur festival

A new attraction at this year's Louisiana Fur and Wildlife Festival in Cameron, Friday and Saturday, will be outboard motor boat races to be held in the Calcasieu river beginning at 10:30 a.m. Saturday.

Out to all owners of outboard pleasure boats in this area, the races will be divided into three classes: 25 to 35 horsepower, 35 to 50 horsepower and 50 horsepower and up. A trophy will be awarded in each class.

The base of operations will be Pete's Pier and all boat owners planning to enter should register with J. Berton Daigle or Ray Burleigh, superintendents of the event by 9:30 a.m. There is no entrants charge.

The boats will race around a circular course marked by buoys in the river. Patrol boats will halt river traffic during the races.

Assisting with the race will be Clay L. Pettelor of Lake Charles, who has a number of boat races around the country.

Texan fined for trespassing on Sabine refuge

Aubrey Beldon Barlow, 27, of Nederland, Texas, was fined $15 in U. S. District Court Tuesday, when he pleaded guilty to trespassing on the Sabine National Wildlife Refuge in Cameron parish when on a fishing trip.

Judge Edwin F. Hunter fined Douglas Hofgaur, and Russell Dickerson $100 each when they entered a plea of guilty to possessing geese after hours.

Election is now history, now let's all work for state's betterment

By MRS. BERNICE STEWART

The election, with its aftermath of victorious exhilaration or letdown of defeat, is over. Once again the pendulum swings from that of pre-election intensity of excitement to the regularity of everyday living.

We trust that the individuals so recently nominated for general election and who were virtually elected in one-party Louisiana, will remember in all faith and sincerity the worth-while promises made during their candidacy and will to the extent of their ability serve our state capably and honestly throughout the next four years.

May we, the voters who supported them and the voters who opposed them, now stand behind them and prove that we are loyal citizens, worthy of the best that we demand of them.

IN JEFFERSON Davis Parish Morrison had a plurality of something more than 1,100 votes over Davis out of a total 10,014 votes cast. About 90 per cent of the registered voters in the parish turned out Saturday. In the first primary about 80 per cent voted.

Louis deLaunay, Lowery Road, won for sheriff over Eve N. Garbarino of Jennings. Mr. deLaunay is the brother of Mrs. Lloyd Byler of Hackberry and of Miss Vivian deLaunay, assistant principal of Lake Arthur high school.

Norman Orconeux of Lake Arthur won the right to the Jeff Davis Parish seat in the Louisiana House of Representatives over his opponent, Clarence E. Romero, mayor of Welsh.

Homer Benoit of Lake Arthur defeated his opponent, Ivy LaBove, Sr., for the post of constable in Ward one.

The Lake Arthur High School Chorus was invited by Edward Steiner, choral director of McNeese State College, to participate in a two-day music clinic at the college in Lake Charles, which was held Friday and Saturday.

Forty-three of Sam Beazer's music students from the Lake Arthur High School participated in the chorus work.

Charles Ray Pearson, another Lake Arthur student, attended the band clinic, which was also being held.

ON NEW YEAR'S Day over a hundred people gathered at the Percy David Hunting camp at Klondike.

Fried chicken, roast ducks, dressings, salads, cakes, cold drinks, and coffee were served.

Many of the guests enjoyed boat-riding during the course of the day.

Mr. and Mrs. Wilfred LaPoint and children, Jeanette, Laura Mae, Mary Lou, and Rodney, were recent visitors to Lake Charles.

Mr. and Mrs. Robert Boyter and children, Sheila, Cheryl, and Bobby, of Pensacola, Florida, spent last week with Mr. and Mrs. Daniel Broussard.

Mr. and Mrs. Daniel Broussard and children were weekend guests of Mr. and Mrs. Ferdinand Constance of Rayne.

Mrs. Gus Laurents has been confined to her bed with an attack of flu.

Mrs. Effie Hollister has also been ill in bed for over a week.

An epidemic of virus infection has been running the gamut around here. There are also German measles, red measles, and chicken pox.

Mrs. Jimmy LeJeune of Gueydan and her daughter, Miss Beverly LeJeune of Lafayette, were Sunday guests of the Austin Abshires, Sr., of Lowery.

THE Confraternity of Christian Doctrine of the Catholic Church held its January meeting Thursday evening in the Catholic Hall in Thornwell.

Some inside repair work is being done on the Catholic Church at Thornwell.

The Ladies' Altar Society met at 2:30 Wednesday afternoon in the home of Mrs. Jules Benoit.

The Rev. J. F. Paradis, assistant pastor of the Catholic churches in Lowery and Thornwell, is in Quebec, Canada, where he went to perform the wedding ceremony of his brother.

The old adage, "Trouble does not come singly," was proven again this past week when little five-year-old Janelle, daughter of the Everett Rays, had diphtheria; and, just as she recovered, her mother had to leave for a Lake Charles hospital and surgery.

'The fur will fly' in skinning contests

The fur will literally fly in the annual muskrat and nutria skinning contests at the Louisiana Fur and Wildlife Festival in Cameron, Friday and Saturday, Jan. 15 and 16.

Trappers from various parts of Louisiana's fur parishes will be competing for the title of best skinner, cash prizes and for trips to the National Outdoor Show at Cambridge, Md, Feb. 4, 5 & 6. The two best muskrat skinners receive this trip each year.

Fletcher Miller of Cameron, who skinned five muskrats in one minute, 24 seconds last year, is the defending champion. His time, established in the 1959 festival, is the record.

Isaac White of Hackberry, who holds trapping rights on thousands of acres of marsh land in the Black Lake area of Cameron parish and employs a number of trappers, said he and some of his trappers will compete in the skinning contest this year.

A. H. (Sono) Crain, superintendent of the muskrat skinning, said records probably will be broken this year in the number competing as well as the time.

The Cameron parish muskrat skinning contest will be held Friday night at the Cameron elementary school auditorium, with the state contest scheduled for Saturday night at the South Cameron high school auditorium.

ALSO SCHEDULED Saturday night is an exhibition by Teddy Abbot, of Cambridge, Md., world's junior champion muskrat skinner. His time for ripping the fur off five muskrats is one minute and 14 seconds.

Ripping is exactly what it appears the skinner is doing when he takes the pelts off that fast. However, a sharp knife and care must be used in performing the operation in order not to damage the fur. A torn or damaged pelt which would affect its market value is grounds for disqualification of the contestant.

The nutria skinning contest, which is slower and not as spectacular as the muskrat contest, is scheduled for 2 p.m. Friday, with Fletcher Miller as superintendent of the event.

Prizes offered in the two contests are:

Parish muskrat skinning: 1st — $25, 2nd — $15, 3rd — $10, 4th — $5, 5th — $5.

State muskrat skinning: 1st and 2nd, trip to Maryland; 3rd — $25, 4th — $15, 5th — $10.

Nutria skinning — 1st — $40, 2nd — $25, 3rd — $15, 4th — $10, 5th — $10.

Contestants may furnish their own muskrats and nutria or the festival will do so.

Boy Scouts thank everyone for help in coffee and cake sale at polls

By ELORA MONTIE
Grand Chenier Reporter

The Boy Scouts of Grand Chenier wish to thank everyone for making their coffee and cake sale at the polls Saturday a big success. This includes the persons who donated the cakes, those who sold and the purchasers.

Louis Canik, who is employed by J. Ray McDermott, escaped injury Thursday of last week when the offshore oil platform on which he was on burned. Elray Autrement and Guy J. Murphy, Jr., of Cameron and Don D. Tyner of Lake Charles were seriously burned in this fire.

A large boucherie took place at Mr. and Mrs. Earl Granger's Saturday. About 1,000 pounds of meat was made into Boudan, sausage, meat for deepfreezing and lard. The Grangers had a nice day for butchering and plenty of help.

The new car-of-the-week on the Chenier is the new maroon and Ivory DeSoto of Mrs. Theda Crain.

Friends will be happy to know W. R. (Tobe) McCall of Lake Charles (formerly of Grand Chenier) is out of the hospital and home with his son, Carroll, in Lake Charles.

Mr. and Mrs. Carrol Hatcher and family are back in Grand Chenier with Mrs. Hatcher's folks, Mr. and Mrs. Albert Cohen. Mr. Hatcher has finished his term of service in the army at Fort Benning, Ga., and will resume his teaching of Grand Lake School after mid-term.

WORD HAS been received of the illness of Philbert Conner of Lake Charles, formerly of here. Mr. Conner has been taken to the hospital.

Neil Crain and Carrol Hatcher made a last day goose hunt at Johnson Bayou Saturday with not too much luck.

Alfred Miller, better known as "Little Alfred", who has been guiding this winter at Little Pecan Island is now home with his son and family, Mr. and Mrs. Clyde Miller.

Sonny and Carl McCall have been doing some dirt leveling in front and around Sonny's house. He intends to plant lawn grass after they finish.

The Grand Chenier Catholic choir practice is being held at the church every Tuesday at 4 p.m.

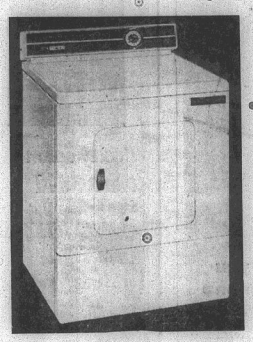
Cotton Kelly, Bill Hilsman and two company men of Tennessee Gas Transmission company of Houston, Texas were here on scouting tour Monday. While here they visited the Horsee Mitres.

Bill Hilsman, who lives in Lake Charles is very well known in Grand Chenier and has worked here for several years for Tennessee Gas. He is now being transferred to Houma.

MR. AND MRS. J. B. Meaux of Port Neches, Texas visited relatives and friends in Oak Grove and Grand Chenier over the week-end.

Everette and Tommy Doland and Mrs. Max Johnson of Lake Charles spent the weekend visiting parents Mr. and Mrs. Sam Doland. Mrs. Doland went to Lake Charles Saturday and her sister, Miss Clara McCall, returned with her to spend a few days.

Miss Holda Miller and Bobbie Doland visited in Lake Charles Sunday.



Mrs. Cholan Granger of Lake Charles spent the weekend with Mr. and Mrs. Earl Granger.

Mrs. Cecil Bates and family of Orange, Texas spent Saturday and Sunday with Mr. and Mrs. H. A. Miller.

Mr. and Mrs. Gus. LaGrange of the Locks were Saturday visitors in the home of Mrs. Ruth Montie.

Mrs. Murphy Marceaux was called to Baton Rouge for the surgery performed on her mother.

MISS GLENDA FORD

Pretty baton twirler will perform Fri.

Glenda Ford, Louisiana's candidate for Miss Majorette of America for 1960, will perform at the Friday night program of the Louisiana Fur and Wildlife Festival which begins at 7 p.m. at the Cameron elementary school.

The 17-year-old Sulphur girl is top when it comes to baton twirling. She won the Louisiana "Miss Majorette" title in April, 1959, "Miss Majorette of Houston, Texas" for 1960 and has been featured in "Who's Who in Baton Twirling" in "Who's Who in Baton Twirling" for two straight years.

Glenda is not only good at twirling, but pretty as well. She was chosen queen of the Maplewood Jubilee in 1958, Miss Sulphur High School for 1959-60 and was the first runnerup in the Junior Miss Louisiana Contest.

Parish chicken contests to begin in near future, says assistant agent

The annual Cameron Parish Chicken of Tomorrow Contest and AMVET Poultry chain will get underway in the near future according to Clifford Ayers, assistant county agent.

The Chicken of Tomorrow Contest is open to all 4-H Club members. The contest begins the week of Feb. 1-8 and the chickens will be judged on March 29. The parish winners will then attend the state show in Alexandria, where their chickens also will be sold.

The other project, the AMVET chain, was started in the parish by the Louisiana AMVETS, a veterans organization, to encourage the raising of better chicken in the parish.

Participating 4-H members are given 100 baby chicks. At the age of six months, these are judged and prizes awarded the winners. At that time, each 4-H member must give back eight chickens to the chain or pay $15 to keep the chain going.

The two contests will not be held at the same time, but 4-H members, if they wish, may take part in both. In the AMVET chain the baby chicks are delivered free to the members by their agent.

Any 4-H youngster interested in either or both of these projects is asked to contact the county agent's office.

To The Voters Of CAMERON Parish...

We wish to take this means of thanking the many people of Cameron Parish who supported and voted for Chep Morrison for governor. Although our candidate did not win, the fine vote that he received here in Cameron and all over the state was very gratifying.

We extend best wishes to Governor-Elect Jimmie Davis and sincerely hope that he has a successful administration.

Most important now is the fact that election is over. Let us all join hands again in working for the betterment of our parish and state.

On behalf of Chep Morrison, his entire ticket and ourselves, we again thank you for your support.

Graph illustrates increase in United industrial gas sales, 1950-59

"Growing like 60"... all through the '50s

The 1950's were big years for United Gas customers. Our industrial customers, for example, used nearly three times as much gas in 1959 as they did in 1949. Our total gas deliveries exceeded one trillion cubic feet in each of the last seven years — compared with a half-trillion in 1949.

It cost United Gas big money to meet the increasing demand for gas service — some $800 million invested in the 1950's in production, pipe line and distribution facilities. That's well over one million dollars a week over the past ten years spent right here in the Gulf South to keep ahead of the gas requirements of this dynamic, expanding area.

Franklin girl is new fur festival queen

Queen June Robicheaux receives fur coat from Festival President Hadley Fontenot.

John Broussard, Cameron, regains muskrat skinning championship

June Robicheaux, a pretty 17-year-old girl from Franklin, was named Louisiana Fur Queen of 1960 at the Louisiana Fur and Wildlife festival held Friday and Saturday in Cameron. Her prizes include a muskrat fur coat and a trip to the Mardi Gras ball in Washington.

And John Broussard, Louisiana's champion muskrat skinner for 1957, regained his title by skinning five muskrats in 1 minute, 32.5 seconds. He and second place winner, Isaac White of Hackberry, whose time was 1:35.5, will represent Louisiana in the national muskrat skinning contest in Cambridge, Maryland.

Second place in the queen's contest went to Diane Vice of Houma, who will go to the National Outdoor Festival at Cambridge, along with the two trappers, Feb. 3 and 4. She represented Terrebonne parish.

Judette Broussard of Abbeville in Vermilion parish was third place winner.

Miss Robicheaux, the new queen, was crowned by last year's queen, Peggy Joy Scago of New Iberia, presented with a bouquet of roses by Harold Carter and the fur coat by Festival President Hadley Fontenot. She burst into tears when it was announced that she had been chosen.

The queen, who had her choice of either the Washington or Maryland trips, decided that she would attend the annual Mardi Gras Ball to be given by the Louisiana State Society in Washington on Feb. 27.

Judges in the queen's contest were Mayor Sid Grey, Mr. and Mrs. George Walthers and Ray Spalding of Lake Charles, and Capt. Al McGill, public information office, Chennault Air Force Base.

IN THE CAMERON parish queen's contest on Friday night, Barbara Lane Dugas of Cameron was chosen "Miss Cameron" and named to represent the parish in the state fur queen's contest on Saturday.

Sylvia Young of Sweetlake was second and Katherine LeBlanc of Hackberry was third.

Isaac White of Hackberry, a new contestant in the muskrat skinning contest, won the parish preliminaries Friday night with a time of 50.5 seconds for three rats. John Broussard of Creole was second with 53.8; Leon Hebert, third with 59.9; and Fletcher Miller, last year's champ fourth, with 61.5.

James Miller of Hackberry turned in a time of 49.2 seconds but was disqualified because some of his pelts were damaged.

In Saturday's finals, Hebert was third with a time of 2 minutes, and Elien Mailhes of Erath, the only out-of-parish contestant, was fourth.

Friday night's program held at the Cameron elementary auditorium and Saturday program held at the South Cameron auditorium drew standing room only crowds.

Admission collected by the festival for the two nights and at the queen's ball total $696.

The trap shooting contest drew a large number of entries, with Perry Boudreaux of Cameron winning the parish championship with a score of 25 out of 25, and Frankie Henry, also of Cameron, taking the state title with 24 out of 25. ... F. Roush of Lake Charles was second in the state, and Charles of Styron, of Camron, third.

Despite cold weather, the retriever dog trials and the boat races, new events on the festival program this year, drew good crowds, and the parade that afternoon drew even more spectators.

In the parade the Cameron Lions won first prize for the most beautiful float with an entry featuring two giant paper mache lions, and the American Legion was first in the most original with a recreation of the Iwo Jima flag raising.

"Miss Cameron", Barbara Lane Dugas screams in delight as she is crowned by last year's queen, Marilyn Billings.

AN EARLIER DAY

Helping Uncle Josh

By ARCHIE S. HOLLISTER

One of the favorite characters of my boyhood days was a colored tenant, Josh Jamison, who lived on my grandfather's farm. Although I was only four years old when he moved to another farm, I can recall quite clearly a good many incidents of those days.

I can remember riding his oversized cotton-sack as he moved slowly down the rows picking cotton in the pleasant days of early fall; I only hope he got half as much pleasure out of it as I did. In the spring, when he went to the field to plow, he often placed me on the back of his plowhorse, where I rode hour after hour, swinging on the lines. And on those occasions when I went to sleep up there he would take me down and make me comfortable in some shady spot on the turnrow so that I might finish my nap in safety.

One particular incident comes to mind whenever I think of Uncle Josh. That morning, my grandfather had directed him to carry a 200-pound sack of blacksmith's coke out to his shop, a hundred or so yards away. The sack happened to be lying on a high perch and Pete Erickson, my grandmother's nephew, was standing nearby. Uncle Josh asked Pete to help him get the sack on his back, and Pete obligingly rendered the required aid.

After a little balancing and shifting, Uncle Josh got the sack settled securely and comfortably between his shoulders, each hand reaching backwards and holding the sack by an ear.

Pete asked, "You got it fixed all right now Josh?"

"Yes, sir," Uncle Josh answered, "I got her just where I want her."

Whereupon Pete himself forked the sack, and Uncle Josh trudged off, not at all distressed by his double load. Reaching the shop, Uncle Josh paused, and made a great show of getting the load to discharge his burden, just as if he had come along with that sole purpose in mind. Uncle Josh was willing to go along with the fiction, too. Turning to Pete, he said,

"Much obliged Mister Pete. I'm sure glad you came along to help me put this sack down. I don't believe I'd ever got it down my myself."

Mrs. Hebert is new president of library board

Mrs. Charles Hebert of Sweetlake has been elected president of the Cameron parish library board for 1960, succeeding Mrs. Conway LeBleu of Cameron. Mrs. Lee Nunez of Grand Chenier was elected vice-president and Donald Broussard of Creole, treasurer.

Other members of the board are Mrs. Charles Precht, Sweetlake; Mrs. A. F. Sanner, Hackberry; Mrs. LeBleu, and Eraste Hebert, Sweetlake, president of the police jury and ex-officio members.

A circulation of 37,970 books was reported for 1959 by Mrs. Mary Brand, parish librarian. She reported that adults had checked out more factual and informational material than non-fiction matter.

The Cameron police jury has set March 15 as the date on which the property owners of the parish will vote on a two-mill maintenance tax to provide for the continued operation of the library.

The library has been operated as a demonstration library by the state library for the past two years at no cost to the parish. The library building was a gift to the parish from the Louisiana Junior Chamber of Commerce.

1960 licenses now on sale in Cameron parish

Louisiana 1960 automobile license plates are now on sale in Cameron parish in the petit jury room on the second floor of the courthouse, according to Sheriff O. B. Carter.

H. D. Primeaux, a representative of the Louisiana revenue department will be on hand to sell plates at this location each day until January 29.

This will be the only location at which license plates will be sold in the parish this year. In previous years, they had been sold at several different places in the parish.

Lake Arthur to get its own weekly paper

In March, Lake Arthur is due to get its first weekly newspaper in over 20 years, The Lake Arthur Sun, which will be published every Thursday morning.

Clovis L. Bailey, publisher of the paper, has announced that Joe Mosby, former managing editor of The Jennings Daily News, will edit the new paper.

Bailey states that the paper will be printed by the offset process and will be full size, eight pages each week. Offices will be located at 127 Arthur Ave.

Bailey, owner of radio station KJEF in Jennings, said that the paper would not be connected with any other newspaper.

Johnson Bayou man guilty of 'contributing'

A 20-year-old Johnson Bayou man was found guilty of contributing to the delinquency of a minor, fined $50 and given two weeks in jail in district court in Cameron Wednesday.

He is Elvin Bryant Jinks, who was charged with giving a can of beer to an eleven-year-old boy on the Johnson Bayou school grounds. He was found not guilty on an additional charge of purchasing alcoholic beverages for a minor.

District Judge Marek C. Pickrel heard the case and passed sentence.

5,000 trees are distributed to parish residents

More than 5,000 tree seedlings wert distributed to 180 Cameron parish farmers and homeowners Tuesday and Wednesday by the county agent's office on behalf of the Gulf Coast Soil Conservation District.

County Agent Hadley Fontenot said that 500 sweetgums, 500 ash, 500 sycamore, 2000 loblolly pines and 2,000 slash pines were distributed.

He said he hoped to get more trees from the Soil Conservation District for distribution. The trees are to be used as windbreaks, and for the beautification of homes.

Oyster hearing to be held in Cameron Wed.

A hearing on the oyster pollution problem in Calcasieu lake will be held at 10:30 a.m., Wednesday, Jan. 27, in the courtroom of the Cameron courthouse, Representative Alvin Dyson announced this week.

He urged all oyster fishermen and other interested parties to attend.

The hearing will be conducted by representatives of the state health department, which has been making a survey of the pollution problem for the past year. It is expected that it will be announced at the hearing whether the oyster fishing can be reopened or not.

The taking of oysters in the lake was stopped in 1943 by the health department after it was found that the oysters were polluted by sewage coming down the Calcasieu river.

Cameron parish leaders have been trying to get the lake reopened ever since, but with little success up to now. In recent months, the community has redoubled its efforts along these lines, and a special oyster committee was recently appointed by the Cameron Lions Club to aid in the matter.

Although the sale of oyster has been illegal for the past 17 years, this has not stopped the taking of oysters by individuals for their private consumption. Hundreds of barrels of oysters are removed from the lake by many people throughout the year.

Mr. Dyson said that things are looking more favorable than in the past, but said that everyone would be brought up to date on the situation at the hearing Wednesday.

Local fisherman have stated that the oysters could be a "million dollar" industry for Cameron parish if their taking were permitted again.

A DELEGATION from Cameron met with state health officials in Baton Rouge Tuesday concerning the lyster situation in Calcasieu lake. They reported that an announcement on the health department's test of the oysters last summer may be forthcoming soon. In the group were Dr. Cecil Clark, Joe Doxey, Conway LeBleu, Bolo Trosclair and Alvin Dyson.

Lions hear talk on advancement in heart surgery

Recent advances in heart surgery and diagnosis were discussed Wednesday at the meeting of the Cameron Lions Club.

The speaker was Dr. John B. Stotler, a specialist in internal medicine from Baton Rouge. He is a member of the board of directors of the Louisiana Heart Association as well as clinical instructor in medicine at Louisiana State University School of Medicine, New Orleans.

Dr. Stotler's appearance was sponsored by the Cameron Parish Heart Council, whose chairman is J. B. Jones.

Much flu is reported in Creole area

By MRS. H. D. PRIMEAUX

A wave of flu is sweeping through the community and making everyone feel bad.

The fur festival brightened up things last weekend and many people attended. We are especially proud of the float that the Richard Brothers Post 176 of Cameron had in the parade. It won first place for originality. It depicted the raising of the Flag on Iwo Jima.

Amos Miller of Little Chenier has a lot of strawberry plants that he wants to give away. If anyone is interested in these berries they are the Premieres. Seems that he has too many and he'd like for some one to profit from them.

Curtis Richard, Mary Ann and David of Orange, Texas were visitors of Mr. and Mrs. Charles Richard last weekend.

Visitors of Mr. and Mrs. Freedman Theriot last weekend were Mr. and Mrs. Curtis Ray Clark, Mrs. Moise Trahan and Arise Buttabe all of Houston, Texas.

Pfc. and Mrs. John Boudreaux and daughter of Fayetteville, North Carolina are on furlough visiting his grandparents Mr. and Mrs. Hobert Dupuis.

Mrs. Lorena Montagne and Mrs. Edith Boudoin visited Mrs. Boudoin's daughter, Sister Peters, in Ville Platte Sunday.

MR. AND MRS. Frank Primeaux and children of Lake Charles were Sunday guests of Mr. and Mrs. Marion Domingue.

Mr. and Mrs. Joseph Portie and children of Lake Arthur visited Mr. and Mrs. Ovey Primeaux Sunday.

Mrs. Clyde Hall and daughters, Judy, Sue and Nancy of Lake Charles visited relatives here last weekend.

Mrs. Ida Primeaux returned home after spending a week in Lake Charles visiting friends and relatives.

Sunday visitors of Eumeah Theriot in Chenier Perdue were the Wm. Barnharts and Mrs. Earl Toerner of Lake Charles.

Pfc. McManus small son of Mr. and Mrs. Tommy McManus of Long Beach, Calif., appeared lately on a special Queen for a Day with Jack Bailey - T.V. show given for Muscular Dystrophy. Little Pfc. mother is the former Bertha Toerner of Chenier Perdue.

Cameron Parish School Board Proceedings

BOARD PROCEEDINGS

Cameron, Louisiana
January 4, 1960

The Cameron Parish School Board met in regular monthly session on this date with the following members present: Joe Sanner, President, Rodolph Theriot, Ray Dimas, Joseph Demarets, Alton Trahan. Absent: Percy David.

On motion of Mr. Theriot, seconded by Mr. Demarets and carried, the Board approved the minutes of the meeting held on December 7, 1959.

By motion of Mr. Demarets, seconded by Mr. Theriot and carried, the Board proceeded to open and tabulate bids received for the leasing of mineral rights on Section 16, Township 15 South, Range 7 West. The following bid was received:

Humble Oil Refining Company:
Cash bonus: $241,365.00
Annual Rental: 117.432.50
Royalties: 1/6 of all oil produced and saved
1/6 of all gas produced and saved or utilized
$2.00 per long ton for all sulphur produced and saved
25 cents per ton for all potash produced and saved
1/6 of all other minerals produced and saved

The following resolution was offered by Mr. Trahan, who moved its adoption, which motion was seconded by Mr. Demarets and carried, unanimously by the Board:

RESOLUTION

BE IT RESOLVED That the Cameron Parish School Board accepts the bid of Humble Oil & Refining Company, covering the following described property, to-wit:

All of Section 16, Township 15 South, Range 7 West, Cameron Parish, Louisiana, estimated to contain 718.23 acre, more or less, as the most advantageous to this Board, and, accordingly, Joe Sanner, the President of the Cameron Parish School Board, be and he is hereby authorized to execute an oil, gas and mineral lease in favor of Humble Oil Refining Company, and to execute on behalf of the Board all instruments necessary or advisable for carrying out the general purposes of this Resolution.

By motion of Mr. Trahan, seconded by Mr. Dimas and carried, the Board authorized the Superintendent to reimburse the Grand Lake School Lunchroom account in the sum of $542.72, representing the purchase price of a deep fat fryer. Since this piece of equipment is not on the list of approved equipment as set forth by the State Department of Education, lunchroom funds may not be used for the purchase of same.

By motion of Mr. Trahan, seconded by Mr. Theriot and carried, the Board approved the payment of $1,488.00 to Cyclone Fence Company for the construction of a fence around the Johnson Bayou School site as per bid of Oct. 5, 1959.

By motion of Mr. Demarets, seconded by Mr. Theriot and carried, the Board approved the payment of $1,120.31 to the Cameron Parish Police Jury, this payment representing the School Board's pro rata share of the aerial map survey of Cameron Parish.

By motion of Mr. Trahan, seconded by Mr. Dimas and carried, the Board approved the payment of $4,714.28 to McNeese State College representing Cameron Parish's payment of the Special Education Center.

On motion of Mr. Dimas, seconded by Mr. Demarets, the Board unanimously adopted the following Resolution:

BE IT RESOLVED that this Board takes notice of assignment OF HUMBLE OIL & REFINING COMPANY, a Texas corporation, of all of its assets, including all of the leases of interests in leases executed by this Board and owned by said Company, to HUMBLE OIL & REFINING COMPANY, a Delaware corporation, shall be bound by and shall carry out all of the obligations of HUMBLE OIL & REFINING COMPANY, a Texas corporation, under such lease or leases insofar as they apply to the interests assigned.

BE IT FURTHER RESOLVED That the Superintendent of this Board be and he is hereby authorized to signify this approval by affixing his signature to such instruments as may be necessary to evidence approval of such assignment.

By motion of Mr. Theriot, seconded by Mr. Demarets and carried, the Board agreed to furnish one man to assist Mr. Richardson on the construction of a garage at Hackberry.

By motion of Mr. Demarets, seconded by Mr. Theriot and carried, the Board unanimously agreed that it would establish the policy of prohibiting children whose parents live in Lake Charles from attending the Grand Lake High School or any other schools of Cameron Parish where tuition arrangements can not be made with Calcasieu Parish or the City School System of Lake Charles.

By motion of Mr. Demetets seconded by Mr. Trahan and carried, the Superintendent was authorized to adjust teachers salaries beginning with the first payment in 1960 in such a manner that all teachers and principals would receive not less than the minimum salary as established by Act 3 of 1956.

By motion of Mr. Theriot, seconded by Mr. Demarets and carried, the Superintendent was authorized to pay all bills due for the month of January, 1960.

By motion of Mr. Demarets, seconded by Mr. Trahan and carried, the Superintendent was authorized to employ teachers for the 1960-61 school session.

The Board agreed with the Superintendent that beginning teachers who have less than a Bachelor's degree and are now teaching under authority of a temporary certificate would not be reemployed next session unless it becomes impossible to employ properly certified teachers to fill there positions.

The ruling on employment of temporary certificate teachers is not to be interpreted as applying to teachers who hold Bachelors or Masters degrees, or those who have been teaching under temporary certificates for a number of years and are meeting all requirements for the renewal of their certificates by pursuing regular college courses applicable to permanent certification.

On motion duly seconded and carried, the Board adjourned to meet in regular monthly session on Monday, February 1, 1960.

Women's group hears talk on Cuba situation

By MRS. M. C. JOHNSON

The Woman's Missionary Society of the Johnson Bayou Baptist Church met Thursday night in the home of Mrs. Joe Erbelding. Eleven members and three visitors attended. The mission study was on Cuba and the society was privileged to have Mrs. Richard Ogburn as guest speaker. Mrs. Ogburn recently moved here after spending 29 months in Cuba. She gave a first-hand report on the conditions in Cuba and how current events effect the mission program of that country.

Mr. and Mrs. Roy Billeaud and son, Garland Ray, were in Kaplan Saturday to attend the wedding of Leo Daniel Dronet, Jr., to Shirley Schexnaydre.

The Roy T. Valentine family left Sunday for their new home in Snyder Texas, where Mr. Valentine will be employed by Standard Oil Company of Texas.

Alvie Trahan returned to work at the Sabine Causeway Bridge Wednesday after several weeks illness.

Mrs. Edlow Peveto of Sulphur spent Monday with her mother, Mrs. Mae Rutherford.

Sunday visitors in the Oscar O. Clark home were their son and daughter-in-law, Mr. and Mrs. Olen Clark of Lake Charles.

THE LADIES OF the Mobil Oil Camp gave a farewell party Monday night for Mrs. John Green who is moving to Morgan City this week. They presented her with a beautiful fruit bowl. Attending were Mesdames R. H. Boyd, Sully LeNormand, Jim Norris, Marvin Fannin, James Eskew, Creed Coffee, B. J. Sasser, with Mrs. Oscar O. Clark as hostess.

Mr. and Mrs. Roy Billeaud spent Sunday visiting Mrs. Billeaud's brother, Antoinne Broussard of Sweetlake, and Mr. and Mrs. Tom Mudd of Creole.

The Allen White family spent the weekend in Westlake visiting relatives.

Visitors in the Marvin Fannin home Sunday were Mr. and Mrs. Max Merrill of Beaumont and Mr. and Mrs. Bill Comiskey of Port Neches. Mr. Fannin, Mr. Merrill, and Mr. Comiskey were classmates in college at Texas Tech.

The Intermediate Sunday School class of the Baptist Church enjoyed a weiner roast Friday night at the Holly Beach Fishing Pier. Attending the event were Dorothy Merritt, Nola Bee Jinks, Jeff Wilson, Larry and Dale Jinks, Elaine Trahan, Phillip Green, Johnny Constance, Dwight Erbelding, Gwendolyn McRight, Ernest Trahan, their teacher, Mrs. M. C. Johnson, and guests Mr. and Mrs. William Wilson.

Mr. and Mrs. Melvin Broussard recently moved into their new home at Peveto Beach.

Get-well wishes are extended this week to Mrs. Ernest Trahan and Fred Erbelding.

The news here is talk about the Fur and Wildlife Festival. Everyone has praise for the affair and think its the best ever put on.

The parade was the delight of both children and adults. The workers behind the scenes deserve "a job well done" echo.

Mr. and Mrs. Louis Readie bought a new white Pontiac two weeks ago. Mr. Readie had the misfortune to wreck it four days after the purchase. He collided with a car on the Holly Beach-Hackberry highway while trying to overtake two men who had driven off from his station without paying for their gas. He received slight injuries.

The Readie's have been joined as residents here by her parents, Mr. and Mrs. R. A. Brown. The Browns moved their trailer next to the Readie station. Mr. Brown is a welder by trade.

Arlene Stanley nd Linda Henley from Miami, Florida as her weekend guest. Linda is a student at McNeese State College and a former model from her home town.

Yours truly remeron received announces and made new friends on a bookmobile trip Tuesday through the Sweetlake-Grand Lake run The trip was thoroughly enjoyed, however the stand out is a visit in the Alsie Duhon house and viewing their antique dining room set. I thank the bookmobile staff and everyone on the route for their gracious hospitality.

Who says robins are for spring? On the two coldest days this week we saw a number of robins hopring around the yard. Spring or winter we enjoy watching them.

GARLAND RAY Billeaud celebrated his fifteenth birthday Monday night, January 18th, with a party at his home. Cake and Root Beer were served. WORTH MORE BECAUSE THEY WORK MORE

Chevy's new torsion springs and Sturdi-Bilt design are changing everybody's ideas about how much work a truck can do. Last year's schedules are out—Chevrolet trucks ride faster over the rough runs to get in more trips a day! Big repair bills are no longer a problem—Chevrolet trucks rank up punishment that means downtime to other makes! And trade-in time's put off for extra thousands of miles—'60 Chevrolet trucks stay new like never before!

New Dollar-Saving Prices
Step-Vans, 4-Wheel Drives, many light-duty models with automatic transmissions—all are lower priced. Prices have also been reduced on all optional V8's.

New Torsion-Spring Suspension
Eliminates I-beam shimmy and wheel fight! With torsion springs up front there's a brand-new, smoother, easier handling feel behind the wheel. New rear suspensions include wide-based coil springs in most light-duty models; tougher variable-rate leaf springs in medium- and heavy-duty models.

Electronically Balanced Wheels
Front wheels and tiresare balanced at the factory. Helps make that new ride revolutionary!

New Cabs—Wider, Safer, More Comfortable
Many models are a whole 7 inches lower (without sacrificing road clearance), so it's easier to hop in and out of cabs. Still there's more space inside: more room for hats and hips, more foot room with suspended pedals. Cabs are safer, too; new build makes them 67% more rigid.

Plus Improvements All Through the Line
A new steering linkage system that cuts vibration, means better control. There's new V8 efficiency. Sixes long famous for saving. New key-turn starting. Higher, wider visibility. Talk to your Chevrolet dealer about the world's most advanced trucks.

LAKE ARTHUR, LOWERY & KLONDIKE

Lowery road in poor shape after week of rain and fog; trapping is slow

By BERNICE STEWART

Nearly all of the past week this area was enveloped in a reasonable facsimile of a London fog. Then, late Saturday rain began falling in earnest and continued throughout the night and early Sunday morning.

The Lowery road, already torn up because the construction crew has been putting in new culverts, is in a sorry plight.

We understand that the trappers around here have not done too well this season.

NEW RESERVE ASSISTANT

According to Jack Perkins, manager of the Lacassine Wildlife Refuge, a new assistant, Edwin Wilder, presently located in Paris, Tennessee, with the federal conservation department, will arrive sometime in February to take up his duties here.

He, Mrs. Wilder, and their two little daughters, ages four and six, will live on Kellogg Street in Lake Arthur, and he will commute to the Refuge.

The Jeff Densmores, Lowery Road, had as weekend guests their son-in-law and daughter, Mr. and Mrs. "Wardie" Odom, and their children, Judy, Shannon, and Madeline, of Sibbee, Texas.

Spending the weekend with Mr. and Mrs. D. A. Hardee were Mr. and Mrs. Winnie LeFleur and children, Phyllis and Wayne, of Church Point.

Joining them for Sunday dinner were Mr. and Mrs. Von Hough and little Sonya.

Saturday guests of the Hardees were Mr. and Mrs. T. H. Meaux of Welsh, parents of Mrs. Hardee.

BETA CLUB CONVENTION

Mrs. Eunice Comeaux, sponsor of the Lake Arthur Beta Club, and Mrs. Maurine Perkins, chaperoned a group of the local club members to the Beta Club annual state convention in Baton Rouge over the weekend.

Attending were Dorothy Perkins, Linda Tarver, Ginger Ellis, Karen Welch, Carole Rutherford, Susan Fault, Cheryl Fitzgerald, Charles Perkins, and Ronald Thibodeaux.

The Church of God, of which the Rev. Homer Broussard, formerly of Grand Chenier, is holding a revival meeting this week. The visiting evangelist is the Rev. Carl Vaughan of New Orleans.

WMU OFFICERS INSTALLED

An evening circle of the Baptist W.M.U. has been created here. Officers were installed Tuesday evening at a meeting in the church recreation room, with Mrs. Dorothy Howell serving as installing officer.

Officers installed were: Mrs. Ella Mae Newsome, president; Mrs. Augusta Broussard, vice-president; Mrs. Muriel Campbell, secretary and treasurer; Mrs. Amelia Quebedeaux, community missions chairman; Miss Mecille Richard, prayer chairman; Mrs. Pearl Broussard, program chairman; Miss Martha Ann Young, social chairman; and Mrs. Augusta Broussard, mission study chairman.

On Sunday a family reunion was held in the A. B. Hartwell home. Present were Mrs. Vera Hardee and Mr. and Mrs. J. B. Jardee of Lake Charles; the Maynard Hartwells and Archie Hollisters of Lake Arthur, and the Bernard Hartwells and Mrs. Mildred Brown and Raymond Brown of Lowery.

Mr. and Mrs. R. O. Doland drove to Cameron Saturday to attend the Fur Festival.

Mrs. Clara Vaughan Broussard formerly of Grand Chenier, fell at her home on the camp grounds Saturday afternoon late and dislocated a hip. She is in a Lake Charles hospital.

Mrs. Effie Hollister suffered a relapse Friday and is again confined to her bed.

Miss Sandra Broussard, daughter of Mr. and Mrs. Maurice Broussard of Lake Arthur and a second-year student at S.L.I., Lafayette, sang soprano in the chorus of the presentation of "Gay Paree" at the recent Louisiana Camellia pageant in Lafayette.

Miss Broussard's gown was of magenta taffeta.

Attending the performance were Mrs. Maurice Broussard, Mrs. Sarah Strain and Miss Doris Lockwood of Lake Arthur.

Mrs. Sarah Strain last Tuesday evening was hostess to the Wesleyan Service Guild and was assisted in hostess duties by Mrs. Grace Broussard.

The Sodality of the Blessed Mother of Lake Arthur was held at its regular meeting Monday evening.

A study and discussion was held and songs were practiced.

ELECT OFFICERS

The Lake Lads and Lasses, sixthgrade club sponsored by Mrs. Bernice Stewart, their teacher, elected officers last week.

They are June Anne Lilley, president; Leisa Jo George, vice-president; Celestine LaGotth, secretary; Gerthie Landry, treassurer; Tommy Pargman, reporter; and Ronald Smith, sergeant-at-arms.

Funeral services were held on Monday of last week for Mrs. Louisianelle Broussard, 63, in Winnie-Stowell Cemetery, near Winnie, Texas. She was formerly from this area.

Living in Lake Arthur is her son, Anadia Broussard, as well as her brother, Edmond Dugas.

Mr. and Mrs. P. J. Woods of Klondike on Saturday received their new gray Falcon.

Guests in the Louis Trahan, Sr., home over the weekend were Mr. and Mrs. Jack Strob; their sons, Steve, Douglas, Mike and David; and their daughter, Susan, all of Lake Charles, and Mr. and Mrs. Gray Manuel and children, Carolyn, Charlotte, Tony, and Brady, of Iowa.

Riley Hoffpauir of Cypress Point who was so severely burned several weeks ago while igniting grass with a welder's electric torch, is recuperating in the Guey-Lan Memorial Hospital. Hospital sources say that he will be there for several more weeks.

Mr. and Mrs. Gus Laurents, Sr., and Gus, Jr., spent part of last week with Mr. and Mrs. J. E. Flash in Ville Platte.

While there the elder Mr. Laurents attended an REA meeting in Opelousas. Gus, Jr., became ill. Although the family returned home, Gus, Jr., is still not well.

4-H CLUB MEETING

The Lake Arthur Sr. 4-H Club met Tuesday afternoon with agents Mrs. Inza Rae Brucchaus and T. A. Morgan, and with local leaders, Mrs. Bernice Stewart and Sam Beazer.

Herman Manceaus presided over the meeting and led in the pledges and motto.

Mr. Morgan announced that the Junior Livestock Show, sponsored by the Jennings Chamber of Commerce, would be held February 20 at the Jennings Fair Grounds. Both beef and dairy animals, sheep, and swine may be exhibited.

He also stated that the District Livestock Show in Lake Charles would be staged February 25.

Jefferson Davis Achievement Day has been set for April 9 at Lacassisne High School, according to the agents.

Mr. Morgan later met with the boys and gave a lecture on the mixing of feed for beef cattle.

Mrs. Brucchaus gave a demonstration to the girls on the use of patterns and on the cutting out of garments.

The Lake Arthur Jr. 4-H Club, presided over by Linda Whitman, held a similar program later except that the group sang spirituals.

The agents presented similar demonstrations.

Jack Winegearts of Lake Arthur adopt daughter

The Rev. and Mrs. Jack Winegeart of Lake Arthur announce the adoption of a seven-months-old daughter, Sallie Anne, on Thursday, Jan. 21.

The Winegearts have a son of their own, Gene, who is five years old.

The Rev. Winegeart is pastor of the Lake Arthur Methodist church. He and his family have resided in Lake Arthur for over five years.

Library gets mention in publication

By MARY BRAND
Parish Librarian

The following paragraph, quoted from THE PUBLIC LIBRARY TRUSTEE, a national publication for trustees, says that Carolyn Rasley, producer of "Libraries for Louisiana" was high in her praise of Cameron board and citizens for their cooperation in "shooting" the film. Board members and library staff had the necessary "actors" "on location" at the requested times.

"In Cameron, Mrs. Lee Nunez, board member from Grand Chenier, says she was proud of herself when she was able to produce after a phone request at night: "three rural women, six children of assorted ages, a pretty girl, and a man on a horse" at her post office early the next morning for the movie-making visit of the bookmobile."

CAMERON PARISH SCHOOL BOARD PROCEEDINGS
Cameron, Louisiana
December 7, 1960

The Cameron Parish School Board met on this date with the following members present: Joe Conner, President, Percy David, Pedalph Theriot, Ray Dimas, Joseph Demarets, Alton Trahan. Absent: None.

On motion of Mr. Demarets, seconded by Mr. Trahan and carried, the Board approved the minutes of the meeting held on November 4, 1959, as published in the official journal.

By motion of Mr. Demarets seconded by Mr. Theriot and carried, the Superintendent was authorized to advise principals of the following policies established by the Board: (1) Discontinue exemptions of mid-term and final examinations, (2) Principals to file copies of six-weeks tests, mid-term and final examinations with the superintendent's office; tests to be reviewed by the superintendent, supervisor and visiting teacher.

By motion of Mr. Theriot, seconded by Mr. Demarets and carried, the Board granted Mrs. Bessie Rutherford a leave of absence for the second semester of 1959-60.

By motion of Mr. Dimas, seconded by Mr. Theriot and carried, the Board approved the appointment of Miss Patsy Vincent to fill the vacancy caused by the resignation of Mrs. Rutherford.

The following resolution was offered by Mr. Theriot, seconded by Mr. Demarets and carried, unanimously by the Board:

RESOLUTION

WHEREAS, by letter dated November 24, 1959, Humble Oil Refining Company made an application to Cameron Parish School Board for an oil, gas and mineral lease covering the following described land situated in Cameron Parish, Louisiana, to-wit:

All of Section 16, Township 15 South, Range 3 West, Cameron Parish, Louisiana, containing 718.23 acres, more or less,

WHEREAS it is the desire of the Cameron Parish School Board to lease the above land, all as authorized under the provisions of the Revised Statutes of Louisiana of 1950, Title 20, Section 159 et seq.,

NOW, THEREFORE, BE IT RESOLVED, That U. E. Hackett, Superintendent is authorized and directed to advertise for bids for an oil, gas and mineral lease of the above described land in the name of the Cameron Parish School Board, all in manner prescribed by law.

By motion of Mr. Trahan, seconded by Mr. Dimas and carried, the Board approved the final payment to Belcher & Sons in the amount of $37,126.84 on the Johnson Bayou School contract.

By motion of Mr. Dimas, seconded by Mr. David and carried, the Superintendent was authorized to match federal funds for the National Defense Education Act for science and for guidance.

By motion of Mr. Theriot, seconded by Mr. Demarets and carried, the Board proceeded to open and tabulate bids on surface leases on Section 16-15-14 (20 acres), and Section 16-14-13. The following bids were received and tabulated:

Section 16-15-14 (20 acres):
Allen Trahan — $30.00
Section 16-14-13:
Clifford Jinks — $182.00

The following resolution was offered by Mr. Theriot, seconded by Mr. Demarets and carried unanimously:

RESOLUTION

WHEREAS, the Cameron Parish School Board, acting under the authority of Act No. 170 of 1940, advertised for bids for the leasing of the surface rights to include the rights of range, trapping, hunting and farming on certain Sections of School Land in Cameron Parish, Louisiana, and

WHEREAS, Bids were received, opened and tabulated in open public session of the Board in accordance with law and the notice calling for bids, and

WHEREAS, This Board has accepted what is considered to be the best bid submitted on the following listed Sections,

THEREFORE, BE IT RESOLVED That the Cameron Parish School Board does hereby grant a lease covering the surface rights of range, trapping, hunting and farming on the following sections to lessees as shown:

Allen Trahan, Section 16-15-14 (20 acres) — $ 30.00
Clifford Jinks, Section 16-14-13 (whole) — 182.00

BE IT FURTHER RESOLVED That U. E. Hackett, Superintendent of Cameron Parish School Board, be and he is hereby authorized, instructed and directed to execute the said lease contracts on behalf of this Board for a primary term of five years to be kept in force and effect by cash renewal rental payments as provided herein on or before the first day of November of each year of the term of the lease.

The following resolution was offered by Mr. Demarets, who moved its adoption, which motion was seconded by Mr. Theriot and carried unanimously by the Board:

RESOLUTION

WHEREAS, the Cameron Parish School Board is authorized under the provisions of Act No. 170 of 1940 to cancel leases covering surface rights on Sixteenth Sections of School Land when renewal rentals are not paid on the stipulated date, and

WHEREAS, renewal rentals were due and not paid on the following described leases:

Section 16-14-13, Warren Trahan, Lessee, Date due Jan. 6, 1959, $301.00,

BE IT RESOLVED That under the authority of Section 6 of Act No. 170 of 1940, this Board does hereby cancel and declare void lease as described in this resolution, and the Clerk of Court of Cameron Parish is authorized and directed to cancel said lease as recorded in his office.

By motion of Mr. Theriot, seconded by Mr. Dimas and carried, the Superintendent was authorized to issue checks for the period ending December 31, 1959, prior to the Christmas holidays.

By motion of Mr. Demarets, seconded by Mr. Trahan and carried, the Board authorized payment of all bills due for the month of December, 1959.

On motion duly seconded and carried, the Board adjourned to meet in regular monthly session on Monday, January 4, 1960.

Bayou Browsing

By Grits Gresham

Compliments of R. J. Pumpelly, Commission Agent, Continental Oil Co., West Lake, La.

The Holly Beach Fishing Pier, probably the first of its kind in Louisiana, has been seriously hampered since it opened last summer by the work on the Johnson Bayou road. But even at that, the owners have been so pleased with their returns so far that they are getting ready to extend the pier another 150 feet—or for a total length of 660 feet.

The pier, located several miles west of Holly Beach, was built by B. E. (Bud) Brown, who has built a number of such piers on the East Coast, and is owned by him, his brother, N. J. Brown of DeQuincy, and several other stockholders.

The pier was recently incorporated with a capital stock of $50,000. Bud Brown announced this week that they are offering 243 shares of the stock for sale to the general public at $100 a share.

Funds raised will be used to extend the pier, to build five overnight cabins on the pier and to construct a bulkhead and parking lot. With each share the pruchaser will receive a permit for free fishing for one person.

Extending the pier is expected to improve the fishing, Brown says. The water is seven feet at the end of the present pier. The addition will extend it into 9 foot water.

Brown says he is expecting very good summer season since the road should be completed by that time. Fishing is $1 per person for a 24-hour period.

Wildlife Federation Convention—march 11, 12, 13—Evangeline Hotel, Lafayette, Louisiana.

Make your plans now to attend this 21st annual meeting of your only state-wide sportsmen's organization. If you can't spare the time for the entire session, be there on Saturday. That's the day most of the general meetings will be held, including the various group gatherings on specific topics—quail, deer, law enforcement, public relations, water conservation, etc.

The Federation represents YOU in most matters re wildlife, whether you're a member or not. That's true because it's the ONLY state-wide organization of hunters, fishermen, hunters, and other outdoor people. If you don't belong to a local wildlife club then you have no voice in the policies of the Federation.

POLITICAL NOTES . . . Whether he's serious or not remains to be seen, but Bobby Styron says he may oppose "Bolo" Trosclair in the general election in April for Ward 3 police juror. Bolo is the Democratic nominee, while Bob would run on the Republican ticket . . . Charles A. Riggs, who was elected Ward 6 juror in the second primary this month, says he's very disappointed in some of the parish office holders for taking part in what he said should have been strictly a local election . . . there are still plenty of elections ahead of the parish this year—the general election on April 19, the congressional election on Aug. 27 and the presidential election on Nov. 8.

JIMMY DEROUEN says he wants to thank everyone who entered floats and cars or otherwise helped with the fur festival parade. The parade again was one of the high points of the festival and thanks to Jimmy and his committee it went off very smoothly and on time.

And Mrs. Harold Cater says she wants to thank Donald Broussard and the South Cameron students who decorated the youth center for the queen's ball. The queen and her court made a very lovely sight on their throne there.

FESTIVAL NOTES . . . Parade marshal this year was Cecil Colon, executive vice-president of the Calcasieu-Marine National Bank . . . parade judges were Sam Tarleton of Lake Charles, Eliot Burnham, publisher of the Welch Citizen, and Mrs. Rodney Hebert, both of Welch . . . Season Mhire, commander of the American Legion post, says he wants to thank the Cameron parish library for securing pictures of the Iwo Jima flag raising after which their winning float was patterned . . . on this float were Edwin Mhire, Celestane Nunez, Lionel Ducote, Roland Primeaux, Elton Baccigalopi and John M. Theriot . . .

OUR APOLOGIES to Mr. and Mrs. George Greathouse of Grand Lake. Their new daughter, who was born Jan. 4 at Lake Charles Memorial Hospital, was named Beth Lori—not Bess Lou as we had it in last week's paper.

HARRY RICHARD of Lake Charles called our attention to another mistake in last week's paper. In the election vote tabulation, we had Ward 4, Precinct 1 incorrectly identified as Klondike, when it should have been listed as Cow Island. Ward 1, Precinct 2 is Klondike.

Old friends are always a glad sight

By MRS. TOM TAYLOR

It is always a happy occasion when old friends drop in for a visit. It was so for Mr. and Mrs. M. Walding recently when Rev. and Mrs. Guy Newton (Rev. Newton, a former pastor of the Hayes Baptist Church) and Mrs. Newton's sister, Ruby Miller, of Seal Beach, California dropped in for a visit. With the Newtons were their daughter Mrs. Dan Morgan and two children Karan and Donette of Lake Charles.

Last Friday the Waldings had as their dinner guests Mr. and Mrs. U. W. Williams of Thornwell.

Capt. and Mrs. Thos. L. Hackett and children Sam, Hannah were recent visitors in the home of his parents the R. O. (Bob) Hacketts. They arrived in time to enjoy a family reunion on New Year's day. It had been three years since the entire family had been together. The Hacketts, prior to their coming down here were living near Boston, Mass., where Capt. Hackett was on special duty in the Air Corp. They are now living in Hattisburg, Miss., where Capt. Hackett and wife Janette, are attending Mississippi Southern University.

There was quite a gathering in the home of Mr. and Mrs. L. J. Conner last weekend. They were their daughter, Mr. Ronald Guidry and sons Hank and Kirk of Gueydan, Mr. and Mrs. Joyson Richard and sons Ivy Lee and Kent also of Gueydon, Mrs. Earl Ogea and son Andrew and Mrs. Conner's parents, Mr. and Mrs. W. J. LeBleu.

Last unday Mrs. Nellie Pisano, who teaches school in Calcasieu Parish, visited in the home of Mrs. Bessie Goodman. Other visitors in Mrs. Goodman's home recently were Mrs. Evelyn Schultz of Starks and an old friend, Mrs. Krum, whom she had not seen for thirty years. Mrs. Krum lives in Arkansas.

MRS. A. L. Hackett, affectionately known as Grandma Hackett, who has been visiting her daughter Mrs. Fred Danders of Bollingsworth for the the last two months is now back home with the R. O. Hacketts.

It was a glad surprise for the Ferdinand Garys last Monday morning when their daughter and son-in-law, Mr. and Mrs. Ernest Granger and baby Phillis arrived unexpectedly for a few days visit. The Grangers have been living in Mineral Wells, Texas since last July.

Mr. and Mrs. Delva Baumeaux received a letter last week from their daughter and son-in-law, Mr. and Mrs. M. J. Nader of Spokane, Wash., which brought them joy. They are coming down next month for a visit.

The Naders have been in Spokane over 2 years. They have two children. The first child, the Babineauxs have seen but the last one which is now a year old they have not seen.

Mr. and Mrs. Julian Verret of Lacassine were business visitors in Sweet Lake last week.

Last Sunday a birthday party was given in the home of Mr. and Mrs. Clyde LeDoux, honoring Mrs. LeDoux's brother Enes Guillory. Ice cream and cake was served to approximately 25 persons.

Aristile Guillory of Welsh, formerly of Sweet Lake, who suffered a heart attack a few weeks ago is now able to be up and feeling better.

Mrs. Theo Lognion who has been in a serious condition in St. Patrick's Hospital is showing slight improvement.

Mrs. J. D. Fruge, who underwent surgery recently at St. Patrick's Hospital, is now back home and getting along nicely.

Friends of Mrs. Thibodeaux wife of the former pastor of Sweet Lake Methodist Church, will be sorry to learn she is in the the General Hospital in Opelousas. Her condition is reported to be grave.

THOUGHT FOR THE WEEK:

Friendship improves happiness, and abates misery, by doubling our joys and dividing our grief.

SECOND ANNUAL CONTEST

Wildlife essay winners named

An essay on "Louisiana Marshlands" by Margaret Anne East of Cameron won first place in the wildlife essay contest for Cameron parish junior and senior students sponsored by the Louisiana Fur and Wildlife Festival.

This was the second year that Miss East had won the essay contest. The daughter of Mrs. Euphemie East of Cameron, she is a junior at South Cameron high school.

Her prize was a transistor radio.

Second prize of $15 went to Evelyn Pigott, daughter of Mr. and Mrs. Glenn Pigott, Sr. of Grand Chenier. Also a South Cameron junior, she wrote on "The Menhaden Fish Industry."

Third prize of $10 was won by Coral Lee Crain, daughter of Mr. and Mrs. A. H. Crain of Grand Chenier, who wrote about "The History and Need of Wildlife Refuges." She too is a South Cameron junior.

Receiving honorable mention were these students, all of South Cameron: Barbara Lou LaBove, Flora Domingue, Jackie Burleigh and Carol McClelland.

Judges were Frank Adams and Red Kohnke, who write an outdoor sports column for the Lake Charles American Press.

A large number of essays were entered in this year's contest, particularly by South Cameron and Grand Lake high school students.

The PILOT will publish a number of the essays in subsequent issues. Miss East's winning essay follows:

By MARGARET ANN EAST

What does a stranger see when he comes to this section of the state? He sees vast acres of "nothing". But to us, the picture is quite different. We see the valuable marshlands that provide our outstanding fur and oil industries and a paradise for sportsmen.

A wide fringe of coastal marshes extends along the 170-mile coast line of Louisiana. Close growths of sedge, grass, and rushes make up a flat treeless plain dotted with thousands of shallow salt and fresh water lakes. Sand and shell ridges are found throughout the marshes. Called cheniers because of the oak groves that usually grow on them, they represent former barrier beaches. Drainage is carried on with sloughs and drainage bayous. In the lower coastal region the marshes are generally salt or brackish.

Louisiana leads the nation in the production of furs. Large numbers of muskrats, nutria, mink, otter, and othr fur-bearing animals are hunted and trapped in Louisiana marshes.

Louisiana has been called "The Grand Central Depot" for the migratory game birds of the Mississippi Valley, with terminal facilities that are unsurpassed. Seventy-five percent of migratory game birds of eastern United States and Canada stop here in the Louisiana marshes. Due to the lavish manner in which nature has shown such succulent marsh vegetation as are now present in the marshes, game birds fleeing the harshness of northern winters find here an ideal resort rich with natural foods and mild climate. It is the coastal marshes, where the millions of ducks congregate each winter, that has given the state importance in the eyes of sportsmen.

The Gulf Coast marsh area is also the richest mineral area in Louisiana, yielding large quantities of oil, gas, sulphur, and salt.

Many farmers have made us of the marshes as grazing lands for their herds of cattle and horses.

The Federal Government, under the Pittman-Robertson Act, assists the Louisiana Department of Wildlife and Fisheries restoring and improving wild game areas. Among the projects they have undertaken were the Marsh Island, Rockerfeller, and State Wild Life Refuges. The work on these projects consists of planting water fowl food, water control, drainage, and construction of levees. Fortunately, the technique used in improving a marsh for one species of marsh wildlife is generally compatible with improvement procedures for other forms.

The transplating of good game food and water control have been the two greatest problems concerning the marshlands.

AN EXCELLENT combination of game food plants is thought to be three-cornered grass, spikerushes, wild millet, and other seed producing annuals in the marshes and widgeon grass in the marsh ponds. But the above can only be best produced in areas where water levels can be at least partially controlled. At present the most complete water control possible can be experienced at the Rockerfeller and Marsh Island Wildlife Refuges. These areas are completely surrounded by levees and, under normal circumstances, water can be controlled.

All plants have a definite range of tolerance for salt, and when the salinity is within a certain range, only certain plants will grow. Fresh, brackish, and salt marshes all produce several good game food plants, but during the change from one type to another, which often occurs when there is no water control, a marsh will often remain bare of vegetation until the invading plants have an opportunity to take over.

When this happens, wildlife food and protective cover are generally unavailable. Consequently, the animals depending on the area for food and cover, dissappera.

Controlled burning is also used in the marshes to encourage the growth of good game food plants. A burned-out area also attracts blue geese.

Although the marshes of south Louisiana have produced fur and oil so abundantly and have provided a home for many game birds, they are a breeding place for mosquitoes and other harmful pests that quite often leave the marshes and invade near-by communities, sometimes causing sickness among humans and animals. This is a serious problem linked with the marshes but one that has been solved. Ways have been found to prevent the yearly swarm of these insects.

To one who lives here, the marshlands hold a fabulous future of progress and wealth which is ever expanding to make our parish outstanding among our neighboring parishes, and our state among the entire union.

"Nothing?"

You are wrong, our marshlands are our future!

Iowa Jackets win Hackberry cage tourney

The Iowa Yellow Jackets won the Hackberry invitational basketball tournament Saturday by defeating Hackberry, 55-42. Aubrey Welch was Hackberry's leading scorer with 16 points, while James Murphy got 16 for Iowa.

Murphy and Hackberry's Don Drost were named Outstanding Players, and were joined on the all-tourney team by Welch and Ken Drost of Hackberry, Paul Dugas of Iowa and Joe Natalie of Bell City.

Gillis defeated Bell City 60-29 in the consolation game.

Fontenot to speak at state meeting Friday

Hadley Fontenot, Cameron county agent, will participate in a panel discussion on brush control at the fifth annual conference of the Louisiana Agricultural Aerial Applicators Association on the LSU campus at Baton Rouge Friday.

Also on the panel will be Dr. Walter Porter of the department of botony and pathology and Dr. Paul Y. Burns, head of the forestry school, both of LSU.

All pilots and members of aircraft service companies are invited to attend.

Oyster fishing to be permitted in lake; open season to be December thru March

Restricted oyster areas pointed out by health official

Commercial oyster fishing in Calcasieu Lake will soon be permitted for the first time in fourteen years, it was announced at a public hearing held at the Cameron courthouse Wednesday morning.

But officials of the Louisiana State Health Department, which closed down the Cameron parish industry in 1946 because of a pollution problem, stated this taking of oysters would be permitted only under certain conditions.

These conditions, outlined to nearly 70 fishermen and interested persons, were:

1. Oysters may not be taken at any time in the Calcasieu river nor from an area 500 feet on each side of the ship channel be-

ginning north of St. John Island.

2. The prohibited areas will be posted and will be patrolled during harvesting season.

3. Harvesting will be permitted only from December 1 through March 31 and will be prohibited at any other time.

4. The health department reserves the right to close down the oystering at any time that the pollution level becomes excessive.

State Representative Alvin Dyson also told the group that the Louisiana Wildlife and Fisheries Department does not intend to lease any oyster beds in the lake at this time and that the beds will be open to all comers.

He warned the fishermen that the success of the reopening of the oyster fishing would depend mainly on thm. They would have to see that no oysters were taken from prohibited polluted areas, and warned that such action might close down the oystering again.

MR. DYSON ANNOUNCED that the patrolling of the oyster grounds would be a cooperative effort of the wildlife and health departments, the former furnishing the boat and crew, and the latter the inspectors.

He said that actual oyster fishing could begin in the lake just as soon as the prohibited areas are posted, which should take place within a week or so.

The legislator also announced that the wildlife department and agreed to prohibit the dredging of oysters in the lake, and that they could be taken by tonging only.

He said that this provision had been requested to protect the small oyster fishermen. If dredging were from other parts of the state could come in and quickly clean out the lake, he stated.

But he cautioned the local fishermen not to get the idea that the lake was their private fishing grounds. The lake is state owned and therefore open to everyone, he said.

MR. DYSON SAID he did not know when the wildlife department would permit leasing but that they had stated that it would not be done until the entire lake (included the prohibited areas) were pronounced unpolluted.

He said that when that happened leases would be assigned to fishermen in the order that their applications were filed. He urged all Cameron fishermen to immediately file their applications.

Health officials in attendance said that oystering in the lake was closed down in 1946 because of the large amount of raw sewerage coming down the river from cities which were dumping it into the river.

A sewerage treatment plant at Oakdale and a second plant at Lake Charles has done much to allievate the condition, and several other cities are now working on plants which will further better the condition.

A survey of the lake this past year by the health department showed that most of the lake was relatively unpolluted and could be opened for several months during the year. (The pollution is higher during the other months.)

Mr. Dyson pointed out that Cameron, itself, was contributing to the sewerage matter in the river and warned that the community would itself have to build a sewerage disposal plant one day to protect the oyster industry.

(A sewerage bond issue was voted down by Cameron property owners last year.)

JOE A. D'ALFONSO, a representative of the food and drug division of the state department of health, said he personally thought that Cameron people should think twice before investing very much money in anything like a fresh oyster shucking house this year.

He pointed out that the season has only two months to run and that the fishermen will be in a better position next year to see what the oystering is going to be like.

He suggested that the fishermen sack their oysters and sell them to someone else this season.

The question of transplanting oysters from the polluted areas of the lake to the open areas was brought up, but it was stated that not much along those lines could be done until leasing was permitted.

Among the state helath department officials attending the meeting were Mr. D'Alfonso, A. B. Ritter, assistant director, engineering division; George Williams, and Whitney Martinez, with the food and drug division.

Also present were Dr. G. Vasquez, director of the Calcasieu-Cameron health unit, and Edison Mhire, health sanitarian for Cameron.

The officials were guests of the Lions Club at the club's Wednesday luncheon. The Lions club is one of the local groups that has been working on the oyster problem.

MEMORIES THIS WEEK

By JERRY WISE

THE PILOT'S STORY several weeks ago concerning the protest made by the Cameron Methodist Church to the proposed sale of beer at the fur festival's queen's ball may have left the impression that this was the only church group which protested. We have been informed, however, that other Methodist and Baptist churches in the area also asked that such beverages not be sold. (Because of these requests, beer was not sold at the ball.)

THE LIBRARY maintenance tax coming for a vote here in the parish soon definitely will be subject to state homestead exemption, according to an opiion received by J. B. Jones Jr., assistant district attorney, from Carroll Buck, assistant state attorney general. This means that property owners having assessments under $2,000 would have the library tax paid for them by the state.

MRS. BETTY L. BOYD, supervisor for the 1960 census of population in this area, has established an office at 525 Ryan Street in Lake Charles, where she will direct a force of 24 crew leaders and 362 census takers for eight Southwest Louisiana parishes. There will be six census takers for Cameron parish.

DID YOU KNOW that malaria, a disease which used to be very widespread in Louisiana, is practically non-existent in the state today? A. B. Ritter, of the state health department, told the Lions Club Wednesday that there were no cases at all reported in the state during 1959.

The demise of the disease goes back to an all-out eradication program put on by the health department about 15 years ago which consisted of spraying a large number of the homes in Louisiana with DDT to kill the mosquitoes carrying the disease.

THE AMERICAN LEGION is already getting ready for its junior baseball program this summer. The following were elected to the league's board of directors: Edwin Mhire, president; Roland Primeaux, secretary; Freddie Richard, Ervin Bonsall, Otis Duhon, Clooney Savoie, Dr. Cecil Clark, Ray Champagne and Hayes Picou. The Legion has received a certificate of merit for exceeding its membership quota this year.

H. D. PRIMEAUX of the state department will be on the third floor of the courthouse up until Saturday noon, Jan. 30, to sell 1960 automobile plates. Better get yours now. The plates will not be sold anywhere else in the parish and must be in use by Feb. 1.

THE BILLY GRAHAM film "The Heart of a Rebel" will be shown in two Cameron parish churches next week, Monday night it can be seen at 7 p.m. at the Johnson Bayou Baptist church, and Tuesday at 7 p.m. it will be shown at the Cameron Baptist church. The public is invited.

SAVING BONDS sales in Cameron Parish totaled $4,911 during December and sales for the year of 1959 amounted to $43,807, or only 67 percent of the parish's goal, according to J. W. Doxey, chairman.

SOCIAL SECURITY OFFICIAL TO COME

A representative of the Lake Charles office of the Social Security Administration will be in the county agent's office at the Cameron courthouse Feb. 8 to discuss with anyone information on Social Security. It is advisable to write for an appointment for that time.

State to open bids on ten tracts here

The Louisiana State Mineral Board will open bids at 10 a.m., Feb. 18, on the leasing of mineral rights on ten state owned tracts in Cameron parish and in the West Cameron offshore area.

Tracts up for leasing in the parish are Tracts 7704, 7705, 7706 and 7707. Offshore tracts are located in Blocks 1, 2, 29, 30, 31 and 32 of the West Cameron Area.

The official advertisements on these tracts are printed elsewhere in this issue of the Pilot.

New policy is adopted on expired licenses

A new policy regarding expired Louisiana driver's licenses has been adopted by the state department of public safety and will become effective Feb. 1, according to Hubrt Boudreaux, Cameron parish license examiner.

A person having a license expired more than 30 days will be required to pay the regular penalty fee of $1, and in addition will have to take a complete test consisting of road rules, road signs, vision and actual driving tests.

Mr. Boudreaux said he was advised that effective Feb. 1, the state police will begin an intensive drive on the approximately 100,000 drivers operating vehicles with expired driver's licenses.

Also effective Feb. 1, a vision test is to be given to each applicant applying for a renewal of his license.

$126,000 is for the birds in Cameron

For the purpose of furnishing the congressional committee on agriculture an estimate of damages done to various crops by birds a spot survey in Cameron was conducted by the County Agent's office. It revealed that it cost the farmers approximately $126,000 to feed the birds.

The breakdown of estimates are as follows:

Reduction in rice yield — 12,000 bbls at $6.50 is $74,000; Cost to mind or scare birds by various means such as shooting rifles, guns, airplanes and carbide gun cost farmers another $36,000. Damage to corn sorgum, vegetables, fruits and seeds and feed eaten by the birds is estimated at another

South Cameron 4-H Club enters float in parade

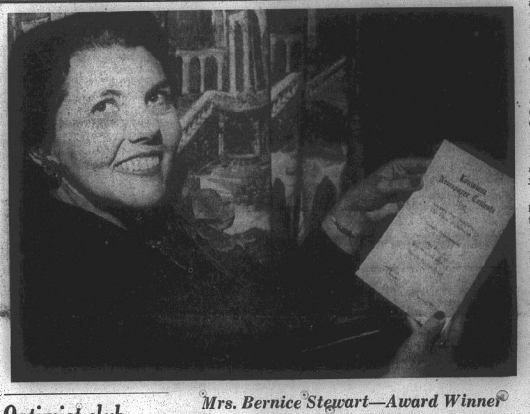
The South Cameron Junior 4-H Club entered a float — a marsh scene — in the recent fur festival.

It was announced that Achievement Day will be held March 23 at South Cameron.

Club officers received copies of the point system, as well as rules for the Chicken of Tomorrow Contest.

The club has one of the highest number of points of any club so far.

New charter boat firm established for this area



The establishment of Gulf Coast Charter Boats, Inc., to own, operate and charter these vessels for sports fishing purposes, has been announced by Gus J. Gauthier of Lake Charles.

Mr. Gauthier, who has operated the charter fishing boat, the "Eutaw", here for a number of years, was a resident of Cameron before Hurricane Audrey.

Officers in the new corporation are Mr. Gauthier, president; W. L. Chronister, vice-president; Mrs. Avie Chronister, secretary; and Mrs. Eunice Gauthier, treasurer.

Mr. Chronister is the owner of the Frieden office equipment agency in Lake Charles.

The new firm recently purchased the "Gulf Queen," a party boat operated here for several years by Ray Vaughan. Mr. Gauthier said he has not decided whether he will operate both the "Eutaw" and "Gulf Queen" this summer or not.

Mrs. Bernice Stewart—Award Winner

Mrs. Bernice Stewart wins press award

For the third straight year, a Cameron Parish Pilot community reporter has been named the "Best Country Correspondent" in Louisiana.

Mrs. Bernice Stewart of Lake Arthur received this honor at the annual Louisiana Press Association coavention in New Orleans Friday and Saturday.

Pilot correspondents who had won this honor previously were Mrs. Geneva Griffith of Oak Grove in 1958 and Mrs. Walter Stanley in 1959.

Mrs. Stewart won the LPA honor in competition with country correspondents from all over the state. Her prize was an all-expense paid trip to New Orleans where she was given special recognition at the awards luncheon Friday at the Monteleone Hotel.

THE JUDGE SELECTED Mrs. Stewart on the basis of the outstanding coverage she has given the news of the Lowery-Klondike and Lake Arthur area. She has been a PILOT reporter there since the paper was started in 1956.

Mrs. Stewart, who is a native of Grand Chenier, taught a number of years at Klondike elementary school in the northeast section of Cameron parish. When school was closed this past year, she was employed in the Lake Arthur school.

She is active in church work, teaches a Sunday School class, and is a member of several organizations in Lake Arthur. Her husband, A. P. Stewart, is employed by an oil company, and her daughter, Susan, is a freshman at Southwestern Louisiana Institute.

The judge of the country correspondent contest had this to say about Mrs. Stewart news reporting:

"Very colorful, very well written copy. Has good tie-in value and is well coordinated. This is our idea of a competent country correspondent—one who recognizes a good story and plays it up."

Winner of second place in the contest was Miss Marie Gaudet of the St. Charles Herald at Narco, and third place winner was Mrs. Clarence Farald of the Colfax Chronicle.

Harold Cooling, Ray Vaughan form new corporation

Articles of incorporation in th establishment of Engine Sales and Supply Co., Inc. were filed this past week with the Calcasieu clerk of court in Lake Charles.

Officers are Harold L. Cooling, president; Allie P. Cooling, vice-president; and Raphael P. Vaughn, secretary-treasurer. The registered office is 337 Washington, Lake Charles.

Mr. Cooling is the owner of Diesel Marine Service in Cameron, and Mr. Vaughan up until recently operated a charter fishing boat, "Gulf Queen," out of Cameron.

Mr. Cooling says a shop and warehouse has been open at 6420 Highway 90 east at Lake Charles, where the firm will build hydralic winches, on which it has a patent; custom build power units; and sell and service diesel and gasoline power engines and machinery and gear for all types of vessels.

The firm was incorporated for $250,000 with $10,000 paid in. It has four employees. Mr. Vaughan will be the general manager.

Mr. Cooling stated that the new business would not mean any reduction in Diesel Marine's operations in Cameron.

TB patch tests to be given in Big Lake area

Tuberculosis patch tests will be given in the Grand Lake area Monday, Feb. 1 at the following places: Savoie's grocery, 10 a.m. to noon; Hebert's service station, 1 to 3 p.m.

The Cameron parish heinth unit urges everyone in this area to have the tests made siene the mobil x-ray unit will not be coming to the parish this year.

Vaccinations for polio, diphtheria, whooping cough, tetanus, smallpox and typhoid also will be available.

The regular clinic will be held at the Grand Lake school, Wednesday, Feb. 3 from 10 a.m. to noon, and the Sweetlake clinic will be from 1 p.m. to 3 p.m. at Lyon Breaux's home.

Optimist club explains purpose of new building

The Cameron Optimist Club this week issued a statement to explain the purpose of the new recreation center which was completed last year in Cameron as a project of the club.

The statement was in answer to recent criticisms by several parish church groups to the proposed selling of beer at the recent fur festival queen's ball. (Festival officials decided not to sell beer after the protests were received.)

The church protests centerd around the assumption that the building was to be a "youth center," and the church groups said they did not believe alcoholic beverages should be associated with a youth center.

The Optimists state, however, that the building was never intended to be a youth center, but instead it is a community or recreation center available to all groups both adults and youths.

THE OPTIMISTS' statement, which further explains this view, and the financial status of the center follows:

"Approximately a year ago an idea was born in the Optimist Club to sponsor a building to be used as a recreation center and also to be a large enough for community projects.

"It was decided that there was a need in Cameron for this type of building to house the indoor supervised activities of the school children, to be used by civic clubs for community dances, to hold our various local festivities in times of inclement weather and a location for various community sponsored fund raising drives such as March of Dimes, Heart Association, and United Fund. In a nearby community, the Knights of Columbus hall serves very much the same function.

"Inquiries were made and ti was found that it would cost approximately $16,000 for the building alone of the size in which was thought adequate for this project. The members of the Optimist Club did not wish to ask any local people nor businesses for any of these funds, nor were there any funds available through the local, state or federal government for such a project.

"The members of the club raised

The Hackberry and Melville basketball teams will meet in the homecoming game.

The Hackberry group, which will go to Melville by cars, will spend the night, returning Sunday.

Crain Brothers marsh buggy is stolen in Texas

A marsh buggy owned by Crain Brothers of Grand Chenier was stolen Thursday night of last week near Port Arthur and $680 in damages were done before it was found.

The buggy was taken from its parking place between 6 and 7 p.m. that night, driven over a cable barge, through a fence, across a highway, through another fence and into a small two-wheel trailer before it was abandoned.

When the operators, Dorca LeBoeuf and Lee Quibodeaux of Grand Chenier, located the buggy, at 8:30 p.m., its motor was still running.

The buggy was rented to Shell Oil Company which was doing some work with it near Taylor's bayou.

The Jefferson County sheriff's department estimated damage to the buggy at $500 and the trailer's damage at $175.

Jackie LaBauve is "expert" in carbine firing

Army PFC Jackie R. LaBauve, 19, son of Mr. and Mrs. Stanford L. LaBauve, Hackberry, recently qualified as expert in firing the carbine while serving with the 81st Artillery in Germany.

LaBauve, who arrived overseas in January 1959, is assigned to Battery B of the artillery in Baumholder.

The 1958 Hackberry High School graduate entered the Army in August 1958 and completed basic training at Fort Chaffee, Ark.

Klondike HD club to begin meeting in old school

By Bernice Stewart

The Klondike Home Demonstration club met Friday afternoon in the home of Mrs. J. C. White.

The following officers were elected for 1960: Mrs. Edwin Ellender, president; Mrs. Davis Roy, vice-president; Mrs. Curley Cormier, secretary; Mrs. Gus Laurents, treasurer; and Mrs. Ellender reporter.

An invitation had been extended the club by the Dixie Rice Agricultural Corp., to use the old Klondike Elementary School building for its meating place. The club discussed the question, voted to accept it because of its central location in the community and state that it wishes to use this medium to thank the corporation publicly.

The members plan to bring coffee pots, china, etc., to use in serving refreshments, and they are taking as their project for the year the beautification of the grounds about the building. According to Mrs. Ellender, trees and flowers will be planted.

Mrs. Iva Free, home agent, gave a demonstration on the making and decorating of a hat covered with phensant feathers, explaining that feathers from wild ducks orother fowl might be used as well.

The hostess served cake and coffee to her guests.

The February meeting will be held in the old school building at which time the demonstration will involve the making of aluminum trays.

BAYOU BROWSING by Grits Gresham

Compliments of R. J. Pumpelly, Commission Agent, Continental Oil Co., West Lake, La.

LOUISIANA BOAT OWNERS have a temporary reprieve from registering their "over ten horsepower" motorboats with the U.S. Coast Guard, thanks to efforts of the Louisiana congressional delegation toward that end.

In case you missed the early stages of the battle, let's bring it up to date. In 1958 the Federal Boating Act was passed by Congress. Briefly, it calls for the registration and numbering of all motorboats over ten horsepower that are used on navigable waterways. The Act provided that the states themselves could pass state legislation to provide for this numbering and registration under state supervision, and gave them until April 1, 1960 to do so. After that, the Coast Guard would take over, and the registration fees ($5.00 for three years) would go into the Federal treasury.

The Louisiana Wildlife Federation could see no sense in letting all that money (estimated a quarter million bucks for first three year period) get out of Louisiana, when it could be used for building boat launching ramps and acquiring more fishing and boating areas, so they sponsored a Louisiana bill to conform to the Federal law at the past session of the Louisiana legislature. It passed the House, but the Senate killed it by a vote of 18 to 17.

Thus it looked as if our money would wend its way to Washington, but now, the Coast Guard has exempted Louisiana boat owners from this registration requirement until July 1, 1960—until the State Legislature has had time to set up state regulations that will conform with and satisfy the Federal requirements.

Since 10 of the 17 senators who voted against the bill last spring won't be returning to the legislature this year, there's an excellent chance the bill will pass this time. Actually, I think it would have passed last year if it had been properly explained to those 17. Practically everybody, including me, is opposed to more registration, particularly any kind of registration. But this, in general, is a case of either doing it ourselves of letting the government do it. You say the Federal law only applies to navigable waters? True, but that's a mighty flexible term that applies to all of our coastal waters and the majority of our inland waters.

HERE AND THERE

Bunnies and bobwhite are all that's left on the legal game farc, and those seasons will end February 15 . . . Elliott Coleman, Sheriff of Tensas parish for the past 24 years, was recently defeated in his bid for re-election by W. M. Seaman. Coleman figured prominently in the development of the Tensas' great deer herds, since he gave them ironfisted protection in the growing stages . . . February and March will see some of the best bass and bream fishing of the year in many of the coastal parishes. Later on, many of the marsh ponds will be choked with vegetation . . . In the February issue of FIELD & STREAM: "Winter Woodcock". It's the tale of a bee-hunt that Robert Murry and I made near Leesville, last winter . . . If you're not hunting now, and if the weather is too bad for you to fish, then it's a good time for you to get your tackle box, rods, reels and other gear in shape. First requirement for a reel to perform properly is that it be clean, and a lot os us are guilty of ignoring that month after month. Chances are good that you've got a rod guide that needs rewinding. If you did much fishing last year. And if you left a wad of plastic worms in your tackle box when you closed it back in the fall the odds are great that you've got some discarding of lures before you. Have at it!

Hackberry CDA to hold social on Mardi Gras

There's nothing like a new car—and no new car like a Chevrolet. This is the Impala Sport Coupe!

GO '60 GO CHEVY!

NOW—THE CAR THAT STARTS THE SIXTIES WITH SO MUCH THAT'S NEW, SO MUCH THAT'S DIFFERENT ...AND SETS THE PACE WITH LOWER PRICES!

Chevrolet speaks of the Sixties like no other car—with a broad accent on spaciousness, stirring new concepts in styling and strong emphasis on spirit and thrift.

Step inside this superlative '60 and look at the worlds of room around you: head room, hip room, shoulder-squaring room. Note how Chevrolet's engineers have further flattened and narrowed the transmission tunnel to give the middle man more foot room. Chevrolet's greater roominess is *inside* where you want it—not outside in useless body overhang.

You'll find economy teamed with performance in a new standard V8, engineered to deliver up to 10% more miles for every gallon, or the strapping Hi-Thrift 6.

And riding comfort in the new one is a never-ending treat, thanks to Full Coil spring suspension. There are also thicker, newly designed body mounts that filter noise and vibration to the vanishing point, more rigid frame and many other engineering advances.

But you'll have to drive the Sixty sizzler yourself—that's the clincher.

Why not see your Chevrolet dealer now—for a drive and the happy details on Chevy's new lower prices.

LOWERY, LAKE ARTHUR & KLONDIKE

Reporter has wonderful NO trip

By MRS. BERNICE STEWART

A dream has been realized! For three glorious days I lived the exciting starring role in a drama of reality. My fairy godparents (on close inspection they resembled Joy and Jerry Wise) with magical power made it possible to turn your plain country correspondent into a first place winner in the state contest.

Mr. and Mrs. Wise came by Lake Arthur Friday morning so that I might go with them to New Orleans to attend the 80th annual convention of the Louisiana Press Association, which was held in the Montelcone Hotel.

With them were Miss Ursula Trykowski, a charming young friend of theirs from Neuremberg, Germany, and Gerard de Vos-Roep, an exchange student in business relations from Holland.

THE WISES AND I, with our heritage of mixed ancestry, and these young people from the old country enjoyed a stimulating conversation with lively repartee on the trip both going and coming.

We arrived at the Montelcone later than we had anticipated but in time for the contest awards, which were presented in the Century Ball Room through the courtesy of the Louisiana Forestry Association.

It was a thrilling moment when Dr. T. James Price, director of L.S.U. School of Journalism, presented me with the "Country Correspondent of the Year" award.

I felt gratified that our neighboring paper, "The Jennings Daily News" also received several awards.

After the luncheon we met the many editors and publishers of our Louisiana newspapers, and then we examined the various contest entries.

In the evening the New Orleans Times-Picayune and States-Item were hosts during a hospitality hour.

Later we visited various interesting spots and wound up for dinner in the Vieux Carre.

On Saturday we breakfasted on coffee and doughnuts in the Bienville Room and sat in on a convention session. The panel discussions which ensued gave me a clearer and deeper insight to the problems confronting our newspaper editors and an even greater respect for the magnificent job that they do.

Next, we went on a walking tour through the French Quarter, delving into old bookshops and art galleries, lingering beside antiques of exquisite beauty, stopping in at the St. Louis Cathedral; in general, absorbing the spirit and savoring the atmosphere of a by-gone era.

WE WERE THE guests of the International House at luncheon. From there we wandered over to the International Trade Mart, where we examined beautiful imports.

Later, we left by taxi for the fairgrounds, where we stood out in a brisk, frosty wind for an hour or so watching the horse races (my first and most likely my last).

As no trip to the city is complete without a visit to the big department stores, Joy, Ursula, and I rounded ours off to our satisfaction.

Saturday night my friends graciously excused me from the evening's festivities so that I might spend the night in Kenner with Miss Emelia Jesse, my old college roommate of Normal days.

Since we had traveled by route of the Old Spanish Trail Friday, we returned Sunday via Baton Rouge, where we dined, visited the Capitol, and later crossed the river to the west bank by ferry-boat.

THE CLOSER WE got towards home the faster my heart beat. Then we were turning into my own driveway and my family was crowding to the door to welcome us—my mother, who was just up from an illness of several weeks, and my husband and daughter, who had cared for her during my absence and had made it possible for me to go.

Yes, it was a wonderful weekend, a never-to-be-forgotten experience; and I am grateful to all who made it possible.

Creole HD club thanked for visit to orphanage

The January meeting of the Creole Home Demonstration club was held last week in the home of Mrs. D. W. Griffith on Oak Grove. Mrs. Harold Carter, club president, was in charge of the meeting. The roll was answered by the gift each member most enjoyed at Christmas.

Mrs. Roland Primeaux described the trip the members took to St. Mary's Orphanage in Lafayette in December. Clothing, toys, and candy were taken for the Christmas party the club gave for the 40 children in the home. Mrs. Carter read a letter of thanks from Sister Mary Agnes on behalf of all the children and the sisters in the home. This party for the children in the orphanage has become an annual project for the club.

Gardening tips for the month of January were discussed by the club. Mrs. Iva Free, agent, explained how to fertilize and also named the most desirable camellias and azelias for the local soil and how to plant them.

She gave a demonstration on making of feather hats from pheasant and duck feathers.

Those attending were: Mesdames J. M. Theriot, E. Nunez, Robert Wickie, J. H. Mortie, Horace Montie, Roland Primeaux, D. W. Griffith and Iva Free.

Hackberry juniors win three games in Sulphur league

The Hackberry junior basketball team has won three games in the Ward 4 Recreation league at Sulphur. They beat the Black Hawks of Westlake 48-9 and 41-7, and the Jets 25-9.

The team also played the Sulphur high school second team, losing 47-31 and 14-11.

Coaches are Bennie Sanders and Dudley DesOrmeaux. The team is made up of 7th and 8th graders.

New washateria to be built in Cameron soon

Bruce Sterbenz of Shreveport, who opened Bruce's Washateria in Cameron recently, announces that he is planning to build a bigger washateria in the near future.

The old Vincent Barber Shop building will be moved and the new building will be erected in its location. The washateria will be of steel construction with a brick and glass front.

Six commercial dryers and 10 automatic washing machines will be installed, according to Mr. Sterbenz.

Diseases of the heart and blood vessels claimed the lives of 14,050 Louisiana residtnts in 1958, more than all other diseases combined.

Grand Chenier News

Many cases of flu reported on Grand Chenier

By Elora Montie

The flu epidemic is really hitting Grand Chenier hard. Many children are missing school and the Methodist Congregation was unable to have church Sunday night because of so many cases.

Much painting of barns and fences has began here.

Louis Fergerson, Fifteen Oil Company employee who has been in the hospital in Franklin for several weeks, has returned to Grand Chenier with his family.

Get well wishes this week go to Sam Doland, and Mrs. Eugenia Crain.

New vehicles on the Chenier this past week were a royal blue, and a 1960 red Chevrolet truck for the Fawvor's Boat Service. Mr. and Mrs. Dudley Fawvor of Grand Chenier also purchased a 1960 turquoise Ford car.

There were two boucherie's this week. Mr. and Mrs. Raymond Vaughan butchered 2 hogs which gave them their provisions of sausage, bacon and meat.

Mr. and Mrs. Frank Miller butchered 3 hogs.

Adam Nunez of Lake Arthur this past week was very generous. He brought down a truck load of fig trees for the folks here.

MRS. S. E. MILLER, the Grand Chenier beautician, was called to Houston to be with her daughter and family for the surgery of Rickey Stephenson, little son of Mr. and Mrs. Jack Stephenson.

MRS PHYLLIS Vaughan had a welcoming party at her home last week honoring Mrs. Jeffers and Mrs. Spivey who recently moved here.

Those who attended were Mrs. Betty McCall, Mrs. Adel Owen, Mrs. Maris Suire, Mrs. Vokel Lyson, Mrs. Marie Miller, Mrs. Jeffers and Mrs. Spivey.

A valentine theme was carried out. Mrs. Phyllis Vaughan served punch, fancy sandwiches and valentine candy prepared with the help of Francis January.

Mrs. Murphy Marceaux has returned to resume her work in their cafe and Lounge here after being away for some time while her mother underwent surgery in Baton Rouge. Mrs. Louis Marceaux, who had been helping attend to the Restaurant went home Thursday.

Clark Houffpauir who is with the Louisiana Fur and Wildlife department has gone to Baton Rouge for studies for four months. Mrs. Houfpauir will spend a few days with relatives in Crowley before joining her husband in Baton Rouge.

A supper was given in honor of Mr. and Mrs. Houfpauir Saturday night. Many friends attended.

MR. AND MRS. Dennis Bonsall of Grand Chenier attended the wedding of a nephew, Willard Theriot, in Hackberry, Saturday and went on to spend the rest of the weekend with their daughter and family, Mr. and Mrs. Odea Thibodeaux, in Sulphur.

Mr. and Mrs. Newland Dupuis of Jennings were weekend visitors here.

Mr. and Mrs. Ellis Porter of New Orleans (the former Joyce Vaughan Clark, daughter of the late Mr. and Mrs. Uri Vaughan of New Orleans) visited with their cousin, Mrs. Ruth Montie, here Monday afternoon. Mr. and Mrs. Porter were married in New Orleans Saturday, January 23rd.

Mr. and Mrs. Claby Clark and family of Jennings recently visited the Frank Millers in Grand Chenier.

Miss Marilyn Miller of New Orleans spent the weekend with her mother, Mrs. Annie Miller.

Mrs. Augusta Broussard and daughter Joanne of Lake Arthur spent the weekend with Mr. and Mrs. Lee Nunez sr. here.

Miss Mary Jane Marceaux of Baton Rouge spent the weekend on the Chenier visiting relatives and friends.

Diseases of the heart and blood vessels cause a loss of more than 69,200,000 work-days annually.

Grand Lakke 4-H club has program on "Arbor Day"

The Grand Lake Junior 4-H Club met Jan. 15. An "Arbor Day" program was presented by Sherril Taylor, program chairman; "What is Arbor Day" by Judy Fay Sensat; "Trees" by Joyce Kilmer, given by Alcia Barber; "Save the Trees for Me" given by Belva Breaux, Jackie Barber, Marlene LeBleu, Carol Guillery, Terry Taylor and Steven Thibodeaux; "On Forest Land," L. Library has received tremendous reception from Cameron parish folks

By SARAH JONES

"The tremendous reception given the Cameron Parish library during its first two years of existence proves again that people are hungry for new and good books." says Mrs. Charles Precht commenting on the library's 1959 report.

Mrs. Precht, who is president of the library board, states: "Since the library has proven its worth here we hope that it will now become permanent, with its annual operation cost paid for by the parish."

Mrs. Precht explains that the Library came to Cameron just a year after Hurricane Audrey, housed in a memorial building built by the Louisiana Jaycees and equipped and operated by the State Library by the trial plan by which it has spread public libraries over Louisiana.

That is, the State sent in thousands of books and a bookmobile, paid the salaries of a trained librarian and other library workers, and provided all costs of monthly operation. Citizens are given a sample of what a library is before they are asked to pay for it, by voting "yes" in a special election.

The use made of the new Library has been commended by the State Library, says Librarian Mary Brand. "Our total 60,000 circulation is about two-thirds juvenile, but our borrowers are about 2-qually divided into children and grown-ups. I think it particularly interesting that about half of the adult circulation has been for factual books."

Mrs. Brand commented that the Library's 8,500 books within the Parish are almost daily supplemented by borrowed material from the vast collection of the State Library in Baton Rouge to meet informational needs of individual readers. "We have recorded 1,859 special requests since the library opened. That is more than 100 a month, or four or five daily."

TODAY'S LIBRARY is the information center of the community, and Mrs. Brand says it has been gratifying to see Cameron people turning to their Library — sometimes just phoning — when they need facts to help them in their homes and businesses or their plain daily living.

"I have reported to the board some of the requests we get: how to style hair nad how to feed a monkey, making things from seashells and training hunting dogs, space travel and skin diving and navigation in Cameron waters, glamour books by girls in the queen's contest in the Fur Festival and material on floats for festival committees, statistical information on Cameron and Louisiana for boys going to 'Boys' State' and on fur animals for a boy who won a state 4-H prize for muskrat-skinning, material on the United Nations for a church group and pictures of Biblical costume for another doing a Christmas pageant, something about school board activities, how to raise pheasants, diseases of livestock, dried arrangements for a storekeeper stocking them."

The librarian thinks that during the first year of the Library, and it was just a year after Audrey, books on storms and books on house plans and decoration were most popular Children, like children everywhere, read the books children have always loved: Mother Goose, Little Women, Tom Sawyer, Cinderella. They also clamored for favorites probably new to their parents, books by Lois Lenski and "Dr Seuss" who have written a number of contagiously gay little books for the youngest.

"Louisiana books are always in demand, as Bristow's "Handsome Road" and books about Cameron as the novel "Hard Blue Sky" and Harnett Kane's "Golden Coast". Even before Carolyn Ramsey spent so many days in the parish during the past fall filming 'Libraries for Louisiana' her book, 'Cajuns on the Bayou' was never on the shelf. Civil war books, both the stories and the histories, are always being read. We have a few readers as easily pleased as the little girl who happily took a Christmas book when not a Thanksgiving book was in, and surprised us again more recently by checking out an Easter book because she couldn't find Christmas stories.

BOOKS THAT ARE best sellers over the country at large are read in Cameron, "Though one of our that Tolstoi's Rusian classic, 'War and Peace'", Mrs. Brand Recalls. "Men liked 'Aku Aku' and Mima's 'Chennault' and books about Alaska. Women read Frances Parkinson Keyes and 'Kids say the Darndest Things' and 'Dear Abbey'. Our teenagers read Pat Boone and about baseball and reptiles. Everybody liked Evans's 'Angel Unawares'.

Other services of the Library besides the circulation of books and magazines include the borrowing of educational and documentary films for endividuals and club programs. Story hour for children was a popular activity last summer.

Mrs. Precht who lives on a bookmobile route points out that bookmobile use is better than double the books checked out at the library building in Cameron. The Library normally operates five routes: Mrs. Precht's up in the northern part of the parish, then Hackberry, Grand Chenier, Creole and Johnson's Bayou. The last has been temporarily discontinued because of road repair, but readers have been getting some books by mail. Schools on all routes are served by regular bi-weekly visits. The bookmobile travels about 900 miles a month, has 20-odd stops in addition to the schools, and has 1,400 users, about two-thirds of the parish's total registered library borrowers.

Mrs. Brand herself rides the bookmobile because as a trained librarian and an expert in books she comes in contact with most readers from the bookmobile and is able to help them with their reading wants. Mrs. Ada Hebert is the driver. Mrs. Isaac Peshoff operates Cameron Branch, which is open for the circulation of books every week day from 10 to 5, and from 8 to 1 on Saturdays. Mrs. Jo Ann Segura is the office worker in the parish library system.

Members of the library board other than Mrs. Precht, all of whom are appointed by the Police Jury are: Mrs. A. F. Sanner, Mrs. Charles Hebert, Donald Broussard, Mrs. Emma Nunez, Ernste Hebert, and Mrs. Vergie LeBleu.

Tarpons express thanks for big football banquet

The South Cameron Tarpons, who were runners-up for the district title in 3-B football enjyed a banquet given in their honor recently at the K. C. Hall in Creole. Guest speaker for the event was Coach Lee Hayley of McNeese State College. He was introduced by Tarpon Coach Alton Magee.

The program was opened by Delmus Hebert, acting principal, in the absence of U. W. Dickerson. The response was given by Gerald Conner, team captain.

Some ninety students enjoyed the event. They join together in Fred's Restaurant, the Cameron Cafe, Mr. and Mrs. L. J. Hebert, and the Band Parents's Club for donating the food for the meal. Special thanks also go to the Knights of Columbus for allowing the use of the Hall and the South Cameron cooking staff for supervising the preparation of the food.

Fur Queen June Robicheaux off for Capitol

Fur festival queen to attend big Mardi Gras ball in Washington, D.C.

Mardi Gras in Washington, D. C. this year will be celebrated at the Louisiana State Society's 19th annual Mardi Gras Ball February 27. The celebration will salute the Pulp and Paper Industry of Louisiana, according to an announcement by U. S. Rep. Harold B. McSween, general chairman.

The identity of the King and Queen will not be revealed until they are presented to the Ball to be attended by over 1200 Louisianians and their guests at the Sheraton Park Hotel, but the King is expected to be a Louisianian who is representative of the sponsoring industry.

Miss June Robicheaux of Franklin, who was recently selected as queen of the Louisiana Fur and Wildlife Festival in Cameron, will be among the queens of Louisiana's 25 principal fairs and festivals who will fly to Washington by chartered plane to serve in the queen's court.

The Queen will be escorted by a prominent government official. Previous escorts have been Vice President Richard Nixon, House Speaker Sam Rayburn and Senate Majority Leader Lyndon Johnson. Also traveling to Washington for the Ball will be members of the masked Krewe who will provide entertainment for the royalty.

In recent years the Ball has become one of Washington's outstanding social events, attended by cabinet members, Senators and Congressmen, ambassadors and other ranking government officials.

WILDLIFE ESSAY ENTRIES

Pogies back bone of fish industry

EDITOR'S NOTE—This is another of the winning wildlife essays submitted in the recent contest sponsored by the Louisiana Fur and Wildlife Festival. Miss Pigott, a junior at South Cameron high school and the daughter of Mr. and Mrs. Glenn Pigott, Sr., won second place with the following on the menhaden industry.)

By Evelyn Pigott

The Menhaden fishing industry is a century old and is known as the backbone of industrial fishing.

The Menhaden fish are a migratory fish of the herring family. They are found from New England to the Gulf of Mexico. They eat only tiny microscopic plants from the surface of the water (diatoms and plankton). The fish strains its food from the water by means of a sieve-like structure on the gills.

The Menhaden fish is between twelve and eighteen inches long. They have blue backs with silver sides and yellowish fins.

Their spawning season is in late winter and early spring. Then they approach the coast to lay their eggs in long shoals. A single female may lay as many as 150,000 eggs.

The name Menhaden comes from a Narragonset Indian word for fertilizer.

These fish are caught in large schools and are easy to spot by fishermen because of their brassy color that comes from their silver sides and yellowish fins.

The Menhaden fish are caught mostly with purse seins. They are large nets which are run around the school. Then the nets are closed at the bottom with purse lines, trapping the fish. They are then loaded into the purse boat and finally emptied into the main hole aboard the fish boat.

When the boat gets to the factory or plant the fish are pumped out of the hole and processed (precesing separates the fish from the trash). Then they go into the hopper (a funnel shaped chamber where materials are stored temporarily and later discharged through the bottom), where they are measured by thousands, ten thousands, hundred thousands, and million.

The average catch per boat is about 15 million. This season was especially good in Louisiana. The largest number was 29,963,300.

The Menhaden fish are one of the most important food for the larger fish of the Atlantic coast. Hundreds of thousands of barrels of these Menhaden fish are used as bait for mackerel and other market fish.

These fish are seldom used for food but sometimes are salted and fried or canned in oil for American sardines.

The meal part of the fish is used as feed for poultry and hogs. The oil is used in vitamin feeding oil for poultry. In some of the industrial purposes the Menhaden fish oil is used in the making of paints, varnish, oilcloth, linoleum, insect spray, medicine, printing inks, soaps and fertilizer.

Be sure to declare your dividends

Stop! Take a second look at that Federal income tax return you are filling out.

"Did you declare all of the dividends you received last year? And all of the interest you received or were credited with?

It is important that you report all these amounts, Chester A. Usry District Director of U.S. Internal Revenue Service at New Orleans said today.

"The law requires you to report all dividends received and all interest received or credited to your account last year," Usry stated.

He cautioned that his office will make a closer check this year of dividend and interest items as part of the nationwide IRS program to close the $5 billion gap in unreported dividends and interest.

Edgar Guest wrote: "It takes a heap o' livin' in a house to make it home," and there are ever so many houses in nice neighborhoods that are still good for "a heap o' livin'" with just a reasonable amount of remodeling. In most of these cases the plumbing system needs renovating most of all.

Many folks who could qualify for loans on new homes would really rather remain where they are, in their old familiar neighborhood, among old friends, where their roots are deep and their memories entrenched. Now if they spend only a few dollars a month on new kitchen fixtures, a colored bath, repainting and redecorating in general, they will help to keep their neighborhood up to its proper standard, and everybody will be happier and feel secure in their self-respect—whereas if this is not done it's only a question of time until this really nice neighborhood joins the solemn, downward march of the slums.

THE CAMERON volunteer firemen will celebrate their fifth anniversary with a big banquet on Monday night, Feb. 29, at Fred's Restaurant, according to Chief Ray Burleigh. The police jurors and their wives will be special guests.

The firemen, incidentally, have completed arrangements to buy the old Methodist church site on main street from Joe Barbour. But first they must sell the house that is on the property to be moved away. See the ad in the classified section for more details.

THE BOARD OF directors of Cameron Meadows Land Company of Eau Claire, Wisconsin will make their annual visit to their holdings in the Johnson Bayou area sometime this month, according to secretary, J. E. Arnold. The company bought up a large tract of the parish's marsh land years ago with the intention of draining it and using it for farming. They found this to be impractical, but then oil was discovered and they have never since regretted their investment.

HAROLD CARTER has asked us to squash the rumor that he is getting ready to sell Carter Chevrolet Company in Creole. To set so, he says. Business is booming now that the steel strike is over and he's in business to stay quite a while.

REPRESENTATIVES of the Southwest Louisiana fishing Club will be in Cameron this Friday evening to meet with committees from Optimists, Lions and other local groups to plan this summer's fishing rodeo. Everyone is very pleased with the rodeo and the Fourth of July festival put on last year.

RAYMOND SIBLEY, director of the South Cameron high school band says he wants to express the appreciation of the band and band parents to everyone who pruchased fruit cakes to benefit the band.

BUD BROWN REPORTS that he has begun construction on the extension of the Holly Beach Fishing Pier and that the prospects for a good fishing season are good this year.

LAMAR LAWSON, Jefferson County commissioner, told the police jury Monday that the Port Arthur people are planning a big automobile tour from Port Arthur to Abbeville just as soon as the Pecan Island road is in good enough shape to travel.

He showed the jury some of the tourist leaflets which the Port Arthur group has distributed around Texas advertising the Sabine Lake Causeway and tourist attractions of Cameron parish. A thousand of these were distributed last year, and 2,000 new ones are now being printed.

Lawson, who has worked long and hard with Cameron leaders to make the causeway a reality, is up for re-election this year. He jokingly told the jury to "write their Port Arthur cousins" and tell them to vote for him.

A BIRTH CERTIFICATE is a mighty important thing to have, says the Cameron parish health unit. You need it for social security benefits, securing a marriage license, enrolling in school, entering the armed forces or getting a job. If you don't have a birth certificate, contact the health unit for aid in getting one.

SOMEONE ASKED us the other day whether it was true or not that there was a large sulphur dome under Calcasieu lake. We asked someone who should know: W. H. Mccom of the Freeport Sulphur Company. Mr. Mccom reports that there is a shallw dome under the lake—gas is being produced from it now—but nothing but traces of sulphur have ever been found in any drilling on the dome.

BOBBY DOLAND, son of Mr. and Mrs. D. Y. Doland of Grand Chenier, will leave for Kansas City next Wednesday to attend a national poultry fact finding conference. Bobby is one of three Louisiana 4-H clubbers to be sent to the conference because of poultry achievement.

IN THE FUTURE the Cameron clerk of court's office and other parish offices will be closed on Saturdays. The police jury Monday passed a resolution authorizing parish offices to close in compliance with a state act passed in 1952.

Legal oyster fishing opened in lake now

Commercial oyster fishing became legal in Calcasieu lake this week for the first time in fourteen years.

State Representative Alvin Dyson announced that the state health department has put up signs in the lake marking polluted areas and that oysters can now be taken for commercial sale provided fishermen meet certain conditions.

Oysters cannot be taken from an area 500 feet on each side of the ship channel, and harvesting will be permitted only from Dec. 1 to March 31.

A patrol boat will patrol the fishing grounds each day during the season to see that oysters are not taken from the polluted areas.

Although commercial oyster fishing did not become legal until this Wednesday, many individuals removed many barrels of oysters from the lake over the weekend, presumably for their private use.

Sabine causeway tollhouse to be rebuilt soon

Four representatives of the Jefferson County, Texas, commissioners court met with the Cameron police jury Monday to discuss plans for the repair of the Sabine Lake Causeway, which is jointly owned by Jefferson County and Cameron Parish.

The causeway, which was opened toward the end of 1958, has been struck by barges and tugs about five times. In the last accident, the toll house was knocked into the lake and the tollhaker was drowned.

Lamar Lawson, county commissioner, told the jury that a settlement of around $30,000 would be received from the insurance company for this last accident. He proposed that instead of giving out contracts for the replacement of the toll house that Jefferson County do the work itself with its employees.

Mr. Lawson said this would probably save the county and parish $10,000 or $15,000 which could be put into other improvements on the bridge.

One suggestion he had was to build a fishing pier off from the bridge and charge people to fish from it.)

The police jury agreed to let Jefferson County do the repair work. The new toll house is to be placed on the downstream side of the bridge and will be much safer than the old one was.

Also present at the meeting were J. M. Simpson, manager of the causeway; Frank Adams, first assistant district attorney, and E. S. Foreman, county auditor, all from Jefferson County.

Organization of Moose Lodge is sought for parish

A proposal to organize a Moose Lodge for the parish of Cameron will be discussed at a meeting of all interested men at 7 p.m. Friday, Feb. 26 in the parish courtroom in Cameron, according to B. E. Brown of Holly Beach.

Mr. Brown, who has been a member of the Moose Lodge for many years, said that representatives of the fraternity from Lake Charles and New Orleans would be present to explain the purposes of the organization. A film will also be shown.

Interested persons are invited to call Mr. Brown at JO 9-2156, Johnson Bayou exchange, for further information.

Jury requests state to build low-level dam

A resolution requesting the Louisiana Department of Public Works to build a low-level dam in the North Prong area to prevent salt water intrusion into the marsh was passed by the Cameron police jury Monday.

Conway LeBleu, Cameron police juror, abstained from voting, stating that he believed the dam to be a good thing, but that the jury might be making itself liable for any damages which might arise from the building of the dam.

The resolution was presented to the jury by Alvin Dyson, the parish's state representative, who is also on agent for the Miami Corporation which owns much marsh land in the North Prong area.

Mr. Dyson said that the dam would be built across the north prong at Grand Bayou just north of the limits of Sabine Refuge. He said it would help break water in the marsh and prevent salt water from entering at high tides.

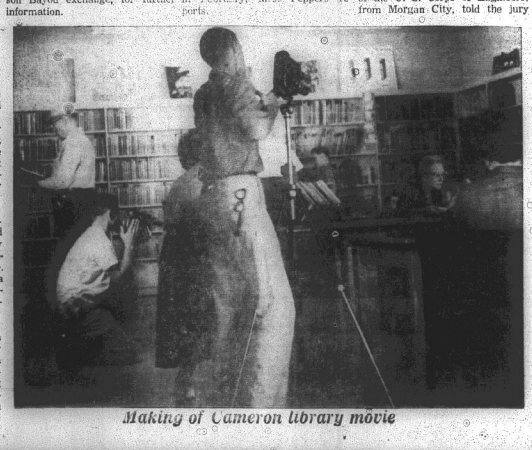
He said such dams had been built in other marsh areas of Louisiana and had done "wonders" in bringing back good marsh vegetation and wildlife.

Mr. Dyson said that Once the jury saw what this dam could do, they would be trying to get more for the parish.

The dam will be of wooden construction and just high enough to prevent salt water from entering the marsh.

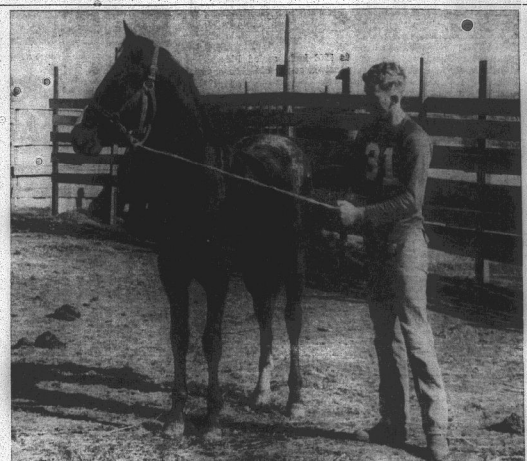
MR. LEBLEU's objection to the resolution was based on a clause which stated that the state would be "held harmless against any liability or claim for damages arising out of this project or the failure of any servitude or right-of-way."

Mr. LeBleu pointed out that the jury had had several lawsuits filed against it already because it had held the federal government harmless against any suits arising out of the erosion of the Lake Charles ship channel right-of-way.



Mr. Dyson said that the clause was a standard one required by the state for any such work which it did, and that he did not see how it could ever come back on the jury.

The resolution was passed unanimously with Mr. LeBleu abstaining.



Two Hackberry boys join Army

Two Hackberry boys have enlisted in the Army, according to Mrs. Erlynce R. Peppers, clerk of the Cameron draft board. They are Howard Paine Dawes and Charles Kenneth Dennis.

No registrants will be sent for induction or physical examinations in February, Mrs. Peppers reports.

Buddy Little and his Appaloosa horse

New breed of horse brought here

By HADLEY FONTENOT
County Agent

As far as is known a young stallion by the cheerful name of "CHIPPY-WA-TEE" is the first of the Appalcosa breed of horses to establish residence in Cameron Parish. Foaled on July 11, 1958 and bred by Robert Tudor of Opelousas, Chippy-Wa-Tee, was recently purchased by Buddy K. Ellender of Hackberry.

The Appaloosa breed have quite a colorful and distinguished history.

The story goes that these horses were descendants of the spanish breeds which were used by Cortez to conquer Mexico. Some of the horses were captured by the Indians and found their way to the western United States and were bred and selected by the warring indian tribes of that section.

They were so swift and had such stamina that the cavalry horse of that day were no match for them. For that reason a military order was sent out to kill every Appaloosa horse that could be located. The intention was to annihilate the breed and this was almost accomplished.

Because so few of these horses were spared they were almost forgotten as a breed. Thanks to some of the cattlemen in the west who knew about the outstanding qualities of the Appaloosa and who began breeding them for their own use, the breed is on the upgrade once again.

Buddy is the son of Adna Ellender of MRH Box 29, Hackberry. Buddy hopes that "Chippy-Wa-Tee" will become the papa of lots of Fine Appaloosas in the next few years. Buddy, hopes to get some of his investment back from stud fees.

Calcasieu lake filling up with silt from dredging, jury told

Calcasieu lake is steadily being filled up with silt from the dredging of the Lake Charles ship channel and may soon become too shallow even for small boats to navigate, the Cameron police jury was told Monday.

The jury passed a resolution asking the U. S. Corps of Engineers to hold up a new dredging contract which was to be let this month until after the May session of the Louisiana legislature.

State Representative Alvin Dyson intends to try to get a state appropriation of $25,000 wih which to build a dike along the lake to prevent the silt dredged from the channel from going into the lake.

Alfred Devall of Hackberry, who, operates a number of boats in the lake servicing oil installations there, said that the lake has silted up so much that it was now impossible to go into certain parts of the lake by boats.

He declared that if the silting continued, it would soon be impossible for him, the employees on his boats, and other fishermen and oil workers in the area to make a living.

G. G. Wilson, a representative of the U. S. Corps of Engineers, from Morgan City, told the jury that he did not believe that the federal government would build the dike needed to keep the silt out of the lake as the government already had the right to dump the silt into the lake.

He agreed that when the ship channel was dug some arrangement should have been made to keep the silt out of the lake, but stated that it was up to the local authorities to do something about it now.

Mr. Devall said he and a hundred or more Hackberry residents had written Congressman T. A. Thompson about the matter, but that Thompson had referred them back to the state government.

Also in attendance at the jury meeting was Pete Kohnke of New Iberia, who is an engineer with the Texas Company, which has oil and gas wells in the lake.

The Cameron Lions club at its Wednesday meeting adopted a resolution urging the federal government to dump the silt from the channel somewhere else than in the lake. Copies are to be sent to Congressman Thompson, the Corps of Engineers and the Louisiana Department of Wildlife and Fisheries.

Dredging for pipeline in progress here

Dredging work began last week and will continue 24 hours a day for 24 days in Calcasieu River 2.9 miles above the mouth of the waterway near Cameron.

U. S. Engineers said in a navigation bulletin that Socony Mobil Oil company will have the contract dredge Colon engaged in dredging a pipeline crossing there. Work will be done from the west bank to the center of the river for 14 days, from the east back to the center for the next 10 days, according to the dredging schedule.

Engineers directed mariners to approach the work site with caution at reduced speed, and not to attempt to pass until the exchange of proper signals. The lighting will be marked and lighted in line with regulations, engineers also announced.

Lions club to erect street markers here

The Cameron Lions Club is planning to erect concrete street markers on all streets in the town of Cameron. The police jury will buy the 44 concrete markers needed at $5 apiece.

J. Berton Daigle, chairman of the Lion committee, appeared before the police jury Monday to outline the project to them.

He said a number of the streets do not presently have names. The jury gave the committee authority to name these streets.

Some of the streets receiving names were : Lions street (by Larry Dyson's service station), Marshal street (going to Steed's Fish Co.), Gasoline Alley (leading down to Joe Dorey's Gulf Distributorship) Bolo Road, Carter Road, and Ve-Jay Road.

Police Juror Conway LeBleu's crew will erect the posts, and then the Lions will stencil on the names.

Sale causeway fill is sought

Two Texas multi-millionaires have approached the Cameron parish police jury with a proposal to buy or lease the 25-acre-or-so man-made peninsula on which the east end of the Sabine Lake Causeway rests.

If their plans went through they would build facilities costing thousands of dollars, including a restaurant, motel, bar, marine filling station, boat slips, sporting goods store, etc.

The Texans' attorney, C. A. Miller, Jr., appeared before the jury Monday to file a formal application to lease the causeway fill for a period of five years.

He also asked the jury to introduce a bill in the May session of the Louisiana legislature to give the jury the right to lease or sell the fill. This would have to be done since it is indefinite whether Cameron parish or the state owns the fill.

(The fill built out into the lake several years ago by Cameron parish at a cost of $235,000 in preparation for the building of the causeway. The causeway was jointly financed by Cameron parish and Jefferson County, Texas.)

The jury agreed to sponsor the bill and asked state Representative Alvin Dyson to introduce it.

MR. MILLER identified his clients as two prominent Port Arthur businessmen—H. M. Rosen, who owns Port Iron Supply Co. plus many other interests, and George Clark, owner of George Clark Distributing Company.

He said that the two Texens own 2,000 acres on the Texas end of the causeway and have two sections under lease on the Cameron end. He said they had been negotiating for the lease of the causeway fill for the past 2½ years and that if they were successful in getting it, they would go ahead with their development plans for the Louisiana side.

In the lease proposal submitted to the jury, Miller said that his clients would lease all usable land on the causeway peninsula, giving the parish or state a 300-foot right-of-way for the road.

(Miller added that an even wider road right-of-way could be given if needed.)

If given a five-year lease, his clients, Miller said, would immediately construct (1) a shelled public parking area to accommodate a minimum of 50 cars; (2) boat launching slips for small boats which would be free for public use; and (3) a fence along the highway to protect the traveling public, as well as the people using the fill area.

IF THE LEGISLATURE gave the police jury the right to sell the fill or to lease it for a period of 20 years or more, and if the Texens and the jury reached an agreement, then the more far-reaching development program (motel, restaurant, etc.) would be begun.

Miller asked the jury if they would indicate what they would accept as a minimum bid on the fill, but the jury declined to give him one. Miller also declined to make the jury an offer.

(Under the present laws, the fill would have to be advertised and sealed bids taken for its lease.)

Miller told the jury that his clients had no intentions of operating any type of gambling on the fill if given a lease and that they would be willing to have a "no gambling" clause written into the lease agreement.

Police Juror Conway LeBleu said he personally thought the jury ought to lease or sell the fill, pointing out that they were having a hard time making ends meet on the causeway as it was.

Other jurors indicated that they would be willing to discuss the proposed leasing or sale further.

Jury refuses to increase health unit allowance

A request by the Cameron health unit that the police jury increase its allowance to the unit by $3,000 a year was denied by the jury Monday.

Edison Mhire, sanitarian with the health unit, appeared before the jury on behalf of the director, Dr. G. Vasquez, to request the semi-annual installment on the amount which the jury pays to operate the hospital.

He stated that the jury is presently paying $9,400 as its share of the health unit's annual operating cost, with the state putting up $11,500. He asked that the jury increase its payment to $12,400 a year so that the public health nurse and health unit clerk could be given a salary raise.

Police Juror Conway LeBleu of Cameron said that he, for one, did not favor giving the increase, that he thought the health unit was costing too much as it was. He suggested that money could be saved by turning the school vaccinations over to a legal physician on a fee fasis and cutting out the unit altogether.

THIS BROUGHT up a topic which the police jury had been kicking around for months: whether or not the school board ought to share in the expense of the health unit. Jury President Eraste Hebert said each juror ought to talk to the school board members in the respective wards and see if the school board wouldn't agree to pay some of the health unit expense.

The jurors were of the opinions that since much of the health unit's work is with the parish school children that the school board ought to help.

In the end, the jury voted to give the health unit the same assistance as it has given in the past, suggesting that health officials contact the school board to see if they would put up the $3,000 increase.

4-H leaders banquet set for Friday

The outstanding boy and girl in each of the Cameron parish 4-H clubs and each club's adult leaders will be honored at the annual leaders banquet to be held at 6:30 p.m., Friday at Fred's Restaurant in Cameron.

C. J. Naquin, district program specialist for the 4-H clubs, from Baton Rouge, will be the guest speaker.

The banquet is sponsored by the Jennings Production Credit Association. L. P. Theriot, secretary-treasurer of the association, will also speak.

Cameron parish folks turn actors

When "Libraries for Louisiana" is released this month, the sound-color 20-minute movie will show Cameron Parish as a background for Cameron people "acting themselves" (as the film credit lines say) by checking out books at their library and bookmobile. Telling the story of how public libraries spread over Louisiana under the demonstration plan, the movie will be shown widely over the entire nation to library-interested groups, who acclaim Louisiana's system.

But first showings are scheduled in Cameron, says Librarian Mary Brand, where many are awaiting the appearance of themselves or neighbors on the screen.

Carolyn Ramsey, lecturer and producer of documentary films, with her expert cameraman, Richard Kahlenberg and Leroy Guidry, spent several days in Cameron during the late summer and early fall. They got much effective photography of the country along the bookmobile routes, such as the pier scene at Grand Lake and the Mermentau River crossing on the Grand Chenier road. Everyone who has seen the film, in previews of the work print, has been impressed with a long shot of the bookmobile winding its way into the distance of a straight and lonely marsh road.

Possibly Severin Dupuy of the Sweet Lake community has the star role, Mrs. Brand says, because he was selected to say the punch line: "Now I know what a library really is, people and books with a librarian to bring them together." Miss Ramsey described him as "a fine actor."

OUTDOOR SCENES were shot at the Grand Cheniers Postoffice, South Cameron and Audrey schools, Creole, Savoie's store near Grand Lake. Any number of local persons participated as Ned Crain on a horse, Mrs. Harold Carter, John B. Fagan, Mrs. June Harper, Mrs. Pete Boudoin, Mr and Mrs. Ulysses Comeaux.

Mrs. Bessie Goodman and her blind mother, fondly known as "Grandma Cox," were actors in a sequence showing library service available to the blind.

A library board meeting was reenacted at the Cameron library, and that hot August night a number of residents braved the camera's floodlights to present a busy interior scene with young and old alike checking out books. John Broussard was there as a trapper and Ray Burleigh as an oil field worker, and Mrs. Tom Nicoll tending to her two small granddaughters, Jennie and Margaret Jones.

There were individual shots of Father Seneville reading Steinmetz, little Lurchel Fontenot with her chihuahua wanting books on dog training, Jerry Champagne on

An Earlier Day

A good stalking horse is hard to find . . .

By ARCHIE HOLLISTER

Alcide Leger was a great hunter in his day, although that day is seventy-five years in the past. In order to slip up on a bunch of ducks feeding in the shallow sloughs on the open prairies, he employed a stalking-horse, a practice which, by the way, was quite legal then.

He had patiently trained an old blue horse to wander about over the marsh, apparently quite aimlessly, and feeding at intervals. Alcide kept well hidden behind the animal and so easily approached the unsuspecting ducks.

With advancing age, the old horse got lazier and lazier, and often spent more time grazing than he did stalking. One day, irritated at the slow movements of the animal, Alcide thoughtlessly poked him in the belly with the muzzle of his double-barreled shotgun. The gun was at full cock at the time, and Alcide had his fingers on both triggers.

The result of course was just what one might have expected — a thunderous roar, a precipitate flight of wild fowl, a thoroughly dead horse, and a sorrowing hunter. He knew that he could, in time, train another stalking horse, but never another stalking horse that he was genuinely grieved at the loss of his old standby, for which he felt a warm affection, and was heart-stricken in that it had been the cause, however unwittingly, of the animal's death.

Billy Martin is fourth in state contest

Billy Martin, South Cameron high school student, who won first place in the recent Cameron parish 4-H Club judging contest, won fourth place in the state contest held last weekend in Houma.

Other Cameron parish 4-H members who competed in the state contest were Dale Pinch, Richard Granger and Ronald Taylor in the junior division, and C. J. Lowery in the senior division.

William McCall, member of pioneer family, dies Mon.

William R. (Tobe) McCall, 88, a member of a pioneer family of the Grand Chenier area, died Monday night at the home of a son, Carell McCall in Lake Charles.

A native Texan and cattleman, Mr. McCall had made his home in Lake Charles during the last several years. He was a former member of the Cameron parish police jury.

Mr. McCall was the grandson of Dr. Milledge McCall, one of the early Grand Chenier settlers. The McCall family migrated to Louisiana from North Carolina, coming through Mississipi, around the Gulf and up the Mermentau river to Grand Chenier.

He was the son of the late Albert H. and Fannie Calhoun McCall of Grand Chenier.

The body was at the Burke-Hammer funeral home in Lake Charles, where services were held Wednesday. Burial was in the Highland Memory Gardens cemetery.

Mr. McCall was a member of the Methodist church.

Besides his son, survivors are six daughters, Mrs. Carl E. Lovell of Beaumont, Texas, Mrs. Raphiel Miller of Orange, Texas, Mrs. J. W. Comer of Midland, Texas, Mrs. B. T. Vincent of Lafayette, Mrs. T. A. Ricks of Union, Miss, and Miss Mary Alice McCall of Lake Charles; two half brothers, George B. Kuntz of Jennings and Charles I. Kuntz of Kinder; 25 grandchildren and 36 great grandchildren.

Theo and Henry Lognion badly hurt in automobile accident Saturday nite

By MRS. TOM TAYLOR

The Lognion brothers, Theo and Henry, were rushed to Memorial Hospital Saturday night for treatment for injuries suffered in a car accident.

They were coming home from Hayes, it was reported, when they were blinded by the bright lights of an oncoming car, causing the accident.

Theo, the older brother, is in a critical condition. Henry, who was at the wheel, received two bad lacerations on the face, one across the chin and one on the forehead.

Those from Sweet Lake attending the National Cattlemen and Cowbelle convention held in Dallas, Texas Jan. 28-30 were: Mr. and Mrs. Desire Miller and Mr. and Mrs. Lester Guidry.

A Farm Bureau meeting was held at the Sweet Lake Community Center Friday evening. Webster Todd, president, was in charge of the meeting. The three committeemen for this area are: Clyde LeDoux, Edmund Helms and Webster Todd.

Mrs. Charles Precht received a telephone call from her sister, Mrs. James Collins, Monday saying that Mr. Collins had suffered a heart attack the night before and was rushed to St. Patrick's Hospital.

Mr. Louis Dupuy's son-in-law, Leonard Landry, underwent a major operation, recently, in Methodist Hospital in Houston.

WE ARE HAPPY to report that Mrs. Clinton Beard who underwent surgery at St. Patrick's last week, is doing well and will be back home sometime this week.

Mrs. Mervyn Chesson is with her mother, Mrs. Claude Engleson, where she is recuperating from an illness suffered last week and of which she was hospitalized a couple of days at St. Patrick's.

It was a happy surprise for Mrs. Bessie Goodman and grandson Cox when an old friend, Mrs Eula Jeffries of Crowley, whom they had not seen for forty years, dropped in for a visit last Sunday. With Mrs. Jeffries was her sister, Mrs. Susie Guenthier who is secretary for First Federal Savings and Loan Ass'n of Lake Charles.

It was an enjoyable visit, Mrs. Goodman said, bringing back happy memories of long ago, when she, Mrs. Jeffries and Mrs. Guenther as young girls attended school in Bell City.

MR. AND MRS. Garner Kimball spent the weekend in the home of her parents, the Max Johnstons. They returned to Baton Rouge Sunday, where they will continue their studies at LSU.

Mrs. Celia Johnston attended the monthly meeting of the D.S.A. organization, last week at the First Methodist Church in Lake Charles.

Mrs. Eraste Hebert and Mrs. M. Walding were dinner guests of Mr. and Mrs. V. W. Williams of Thornwell, Monday.

Charles Precht, chairman of the parish ASC committee attended a meeting in Cameron Monday.

Mrs. Lily Robinson of Lake Charles formerly of Sweet Lake, announces the engagement of her daughter, Amelia Lee, to Sgt. William A. Dillard, son of Mr. and Mrs. W. T. Dillard of Anniston, Alabama. The date of the marriage will be announced later.

Thought for the week:
Real maturity knows the basic everlastingness of beauty and the goodness of God.

Sweetlake HD club urged to support library

By MRS. TOM TAYLOR

The Sweet Lake Home Demonstration Club held their monthly meeting at the club house last week. Mrs. Mervyn Chesson, president, was in charge.

The club collect was led by Mrs. Floyd Granger, Mrs. Curtis McCain, secretary, read the minutes after which Mrs. Tom Taylor gave the treasurer's report as being $90.45.

Mrs. Alsie Duhon turned in $15.65 to Mrs. Free for the Coke of the month, for the year 1959.

Mrs. Charles Hebert urged members who are property owners in Cameron Parish, to vote March 15th on a two-mill maintenance tax to provide for the continued operation of the library.

Mrs. Erace Pugg, Mrs. J. D. Fruge, and Mrs. Albert Guidry asked to be put on the inactive list.

Mrs. Free gave a demonstration on the making of feathered hats from duck and pheasant feathers.

Refreshments were served to those present by the hostesses, Mrs. McKinley Broussard and Mrs. Charles Hebert.

Marie Moore, Ona Belle Williams, Ethel Little, Arizona Hughes, Clara-Lee Barbier, Lorene Landry, Cecil Lyras, Ethel Watts, Mary Lea Jinks, W. E. Reasoner, Sr., and Eunice Billeaux of Johnson Bayou. Mrs. Jinks won the prize.

Hardy Fountain, who was scheduled to enter the veterans hospital in Houston, is back home. There were too many patients ahead of him.

Harry Darbonne, who had a stroke several days ago, spent several days in the hospital in Sulphur. He is now able to be up in a wheelchair.

Fannie Richardson and Shirley Reasoner of Northwestern College transferred to McNeese College for the Spring semester.

Mrs. Elma Gross has just returned home from staying with her sister Mrs. Lucy Thibodeaux in Lake Charles, who had been operated on.

Holly Beach News

Many new camps going up on Holly Beach

By MRS. WALTER STANLEY

The ra-ta-tat-tat of hammers and the buzz of the saws (which is sort of an official call of the beach) can once more be heard as a new flock of camps spring up. Much work or renovation is being done on the old ones also.

Elphege Sonnier is adding a second story to his place so his dance hall may be enlarged for this summer, and the annex on the Peter Constano home started some time back is almost complete.

Every week brings many inquiries about land buying as people are intent to be prepared when the hot season arrives.

Mrs. Walker Arceneaux who suffered a serious heart attack two weeks ago is reported much improved. Mrs. Arceneaux was under oxygen for some time at West Calcasieu-Cameron Hospital but is expected home this week if her porgress continues.

Mr. and Mrs. Louis Readie were called to New Orleans Sunday night due to illness of his mother. Mr. and Mrs. R. A. Nixon left for Pasadena, Texas Monday due to a death in their family.

THREE NEW CARS are to be seen on the beach. The Louis Readies replaced their two-toned white Pontiac with a light blue one. The Bobby Taylors ended up with a white Pontiac and the Ervin Thibodeauxs also have a new Pontiac. The color is one of those controversial tones of brown which no two persons can agree on.

Ervin Thibodeaux reports that his brother, Irby, who suffered a stroke Christmas day is better and out of the hospital. However, he is still paralyzed.

Though not much is being said about the roads at present, work still continues. It is in the process of getting another layer of sand and the much awaited asphalt coating will soon be next.

Our heartfelt congratulations to Mrs. Bernice Stewart on her correspondent's award. We're mighty proud of her and we think she is the best not only in Louisiana but anywhere in the country.

Broussard and Trahan vows pledged Saturday

Miss Ruth Broussard, daughter of Mr. and Mrs. Douglas Broussard of Lake Arthur, and Melvin Trahan, son of Mr. and Mrs. Louis Trahan, Sr., of Klondike were united in marriage by the Rev. Harry Peloso in Our Lady of the Lake Catholic Church at 9 a.m. Saturday.

The bride, given in marriage by her father, was attired in a bebe frock. She wore hat and gloves of winter white, brown shoes, and carried a purple orchid on a white missal.

Her attendants were Misses Betty Guidry and Mary Ann Doucet. Groomsmen were Allen Paul Broussard and Stephen Vincent.

Afterwards, there was a reception at the home of the bride's parents. Cake and coffee were served.

The young couple left for a honeymoon trip to New Orleans. On their return they will be at home in Bertrand Apartments in Lake Arthur.

Mr. Trahan, employed by Fritz Long, a rice farmer in the Klondike area, will commute to his work there.

Henry Roy makes two-state scouting trip to secure trees for Dr. Miller

By ELORA MONTIE

Henry Roy, who is employed here by Dr. M. O. Miller of New Orleans to care for his property on the Chenier and Pecan Island, went on a big scouting trip last week to secure shade trees, shrubs and fruit trees to be planted around Dr. Miller's big new home here.

The trip took Mr. Roy to nurseries in DeRidder, Longville, Port Arthur, Galveston, Youngsville and St. Martinsville. He was accompanied by Dallas Brasseaux.

Saturday they met with Dr. Miller on Pecan Island to discuss the tree situation.

Mr. Roy and other workers have been busy planting oleanders, trees and bamboo around the Miller home.

THERE'S STILL much flu on the Chenier—and now the chicken pox has broken out among the school children.

Mr. and Mrs. Lionel Theriot served a family barbecue at their home Sunday honoring the birthday of their son, Huey (Teboy). Those attending were Mr. and Mrs. Prevate Miller, Mr. and Mrs. Arnold Jones, Mr. and Mrs. Eugene Miller, Mr. and Mrs. Dallas Brasseaux, Mr. and Mrs. Clyde Miller, Mr. and Mrs. Milton Collins Jr., and Camile Miller.

New cars on Grand Chenier this week are a 1960 Blue over Ivory Pontiac for Mr. and Mrs. Asa Nunez Jr., a 1960 Ivory and Blue Pontiac for John Paul Crain, a 1960 Gray DeSoto for Mr. and Mrs. Severin Miller, a 1956 Bel Air Clevrolet for Waldron Montie, and a 1960 Ivory Ford for Mr. and Mrs. W. Wainwright.

Welcome to Mr. and Mrs. Bobbie Harmon who have moved here from Oakdale. Mr. Harmon is a biologist and will be working at the Rockefeller Wildlife Refuge.

TOMMY NUNEZ, who had spent the weekend with his parents Mr. and Mrs. Lee Nunez Sr., left Monday for Northwestern State College in a new 1960 White Ford which his parents bought him while he was home.

D. Y. Doland is preparing for spring work. He purchased a new Ford tractor Monday.

Mr. and Mrs. Bill Finch, who have been living in the Paul Nunez old home have moved to their home near Kenneth Nunez. Mr. and Mrs. Emory McGee have moved into the house which the Pinches vacated.

Carl and Sonny McCall had their hog butchering last week in spite of the damp weather.

The Tit Tan quarter boat is again docked at Crain Brothers wharf to do some more Seismograph work around Grand Chenier. The boat is working for the Pan American Company.

MR. AND MRS. Cecil Bates and children were visitors with Mr. and Mrs. H. A. Miller during the week.

Mr. and Mrs. Dua Miller and son of Jennings were weekend visitors of Mr. and Mrs. Henry Roy and family. Mrs. Alva Theriot and Sidney Jr., spent the weekend with the Roys.

Mr. and Mrs. Milton Collins Jr., of Houston, Texas, spent a few days with Mr. Collins family, Mr. and Mrs. Lionel Theriot here on the Chenier. On returning they brought back with them Patsy Miller, daughter of Mr. and Mrs. Clyde Miller, to spend a week or so with them.

Mr. and Mrs. Everette Doland and family of Lake Charles spent the weekend with parents, Mr. and Mrs. Sam Doland, here.

Mr. and Mrs. Delma Swire and family of Kaplan spent the weekend visiting Mr. and Mrs. Frank Miller, Mr. and Mrs. Howard Dupois and Mr. and Mrs. Donald Lee Miller.

Mr. and Mrs. Gilford Miller and Mrs. Edmond Bertrand visited Mr. and Mrs. Fred Bult in Sulphur over the weekend. Mrs. Joe Miller returned home here with them as she had spent a week with the Bults while Mrs. Bult was getting over her operation.

Mr. and Mrs. Andy Berry and family of Lake Charles, Bobbie Gist and Adalie Chesson of Sulphur, spent the weekend at the Hunting and fishing camp here at Grand Chenier.

Mrs. Carl McCall spent a week visiting with her daughter and family in Morisville last week and also had a medical check up while there.

Mrs. Shorty Osburn of Grand Chenier visited folks and friends in Lake Arthur last week.

Grand Lake and Sweetlake lead in bookmobile use

By MARY B. BRAND
Parish Librarian

The Grand Lake - Sweetlake area led the Parish in the number of books that were taken out from the bookmobile in the month of January.

The number of books taken out was 888 for Grand Lake - Sweetlake, 932 for Creole, 632 for Hackberry and 415 for Grand Chenier. Two trips to each section were made during the month. The difference in the number of books that went out on the various trips can be partly attributed to the fact that some trips cover a larger territory and not to the fact that people in that particular vicinity are not using the bookmobile service as much as in another section.

In January the Library had 39 people register as new library users.

A VARIETY OF NEW books were added to the Cameron Parish Library's collection in January.

If you are an armchair traveler "Meeting With Japan" by Fosco Maraini should fascinate you. It offers a personal introduction to the Japanese today, their age-old culture and their history.

Do you enjoy a good historical novel? If you do, then try "Enough Good Men" by Charles Mercer. This is the story of a handful of patriotic men and women caught up in the tide of the American Revolution.

"The Vital Spark" by the well known newscaster, Lowell Thomas, contains brief biographies of 101 great men and women, from Solomon to Winston Churchill.

"The Edge of Tomorrow" by Dr. Thomas A. Dooley is the story of six young Americans who go on their own to the still free tip of Southeast Asia to start a jungle hospital and to demonstrate democracy in action. Pete Kersey, one of the young men first worked neighboring city, Port Arthur, Texas.

Attention Men- "The Standard Handbook of Salt Water Fishing" by Robert Scharff is another new book now available at your Cameron Parish Library.

Why The Catholic Church Says "INVESTIGATE!"

Probably not more than a handful of people hate the Catholic Church as it really is.

But many have heard anti-Catholic calumnies from sources they have been taught to respect, and have come to fear and suspect the Church as it has been falsely represented to them.

It is hardly reasonable to believe that 25 millions of Americans would remain in the Catholic Church if the rumors circulated against the Church are true. Nor would thousands of others become Catholics every year if they believed such things — without inquiring into the facts.

That is why the Catholic Church says again and again to people everywhere: "Investigate! Investigate!"

The Church makes this appeal not merely to settle an argument, nor primarily to win the good-will of the non-Catholic people, although this is a hoped-for result.

Its more important aim is to invite people to inquire into Christ's truth as taught and preserved by the Catholic Church down through the centuries. For no man, seeking the salvation of his own soul, can conscientiously discount the Catholic claim to be Christ's Church on the basis of mere rumor and slander when the truth is so readily at hand.

The Catholic Church therefore invites you to inquire into its teaching and practices . . . to find out for yourself if what you believe about the Church is true or false.

Learn for yourself, for instance, if it is true that Catholics give divine worship to Mary, the Mother of Christ . . . or if this is not just another calumny. If you have been led to believe that Catholics worship idols and statues . . . buy and sell the divine worship of the Mass . . . are opposed to the religious freedom granted all religions by our Bill of Rights, then you have been deceived and misled.

If you have harbored these or any other false beliefs about the Catholic Church and its teachings . . . and if, above all, such misunderstanding has kept you from examining the Catholic claim to be the Church established by Christ Himself . . . you owe it to yourself in good conscience to seek the truth.

We shall be glad to send you free on request, a booklet dealing with the points mentioned here and many others . . . including the attitude of the Church toward Birth Control . . . secret societies . . . the salvation of non-Catholics . . . why Catholic priests are called "Father" . . . the Inquisition, and the alleged goings-on behind convent walls. It will come to you in a plain wrapper — and nobody will call on you. Write today . . . ask for your copy of Pamphlet No. KC-7.

"Cars Love Shell"

2 gasolines made to give you more miles per gallon

If the maker of your car specifies "premium".
Super Shell with TCP
You get more power, more mileage and a smoother-running engine

Super Shell with TCP* is the most powerful gasoline your car can use! Its octane rating is so high engine knock is no longer a problem.

Super Shell's extra power, from its aviation fuel ingredients, converts automatically to extra mileage when cruising.

TCP additive stops spark plug misfiring—actually tunes and smooths your engine while you drive.

If the maker of your car specifies "regular".
NEW Shell Gasoline with TCP
All-around performance no "regular" can beat—performance 88% of all regular gasoline falls to deliver

New Shell Gasoline at "regular" price is loaded with premium features—is higher in octane than *premium* grades of a short time ago.

And you get custom-volatility for easy starting; TCP to make a rough-running engine run smooth again. And new Shell Gasoline is made so that it will give you more miles per gallon!

JANUARY, where art thou? The to think that the hour you last first month of 1960 really got gone spent will never pass your way again in a hurry, didn't it? Time is really gain. If we had just a certain ly one of the most precious com- number of dollars to last us modities we have, yet most of us through our lifetime, with no hope waste it as if the supply were of getting any more, I expect we'd never ending. It's kinda sobering be mighty careful what we spent those bucks on. Could be that we should treat "time" with the same respect.

THE FASTEST GUN

. . . alive, of course! It's Dee Woolem, if we're talking about the speed with which a fellow can draw, cock, level and fire a single-action revolver.

How long does it take you to blink your eyes? Well, that's too long; Dee could've gunned you down before you finished thinking. In winning the national championship "fast draw" title for the past four years, Woolem has been timed at approximately 12/100 of a second. It takes 16/100 of a second to blink your eye.

Spurred by the rash of TV westerns in the past few years, the sport of fast draw competition has gained a tremendous following. Some of it the gun business could have done without. Quite a number of too-eager, irresponsible, uninformed people shot either themselves or someone else in making like Matt.

The American Association of Fast Draw Clubs shudders in horror at each one of these accidents — which are not really accidents, at all. The Association has a strict set of rules, first of which is a taboo on live ammunition. Where accuracy is involved they use either wax plugs for bullets, or a single BB pellet. The Crosman Arms Company has developed and marketed full scale replicas of the famous single-action Colt, and these are what most fast-draw enthusiasts use.

These Crosman guns use CO2 cartridges for power. Their Hahn "45" shoots regular BB's holding 18 at one loading. The gun I have is surprisingly accurate and a lot of fun to shoot. It's quiet, too, and safe to shoot where bigger guns wouldn't be.

Dee Woolem is available for performances at communities throughout the country, under the sponsorship of Crosman. If you'd like to have him in your town contact: John R. Powers, Crosman Arms Company, Fairport, New York.

Most fast draw competitions, incidentally, use a timer that is activated by the sound of the CO2 blast, and use NO bullets of any kind. If you plan to get into this new sport—it's, not hunting and it's not target shooting—follow the common sense rules. Don't use live ammo and don't point the gun at anybody.

A WRECK COULD WIPE OUT YOUR SAVINGS . . . Don't take chances. An accident can happen anytime. We can arrange a program of auto insurance that will give you the protection you need . . . at a cost you can afford. Call us soon.

LOWERY, LAKE ARTHUR, KLONDIKE

More than $1000 raised in drive

By BERNICE STEWART

The March of Dimes drive here brought in more than a thousand dollars, according to Mrs. Ann Faulk, local druggist and overall chairman of the Lake Arthur drive.

On Friday evening there was the Mother's March; on Saturday past, the Bucket Brigade, sponsored by the Boy Scouts; the preceding Saturday, another Bucket Brigade headed by Ray Pearson; on Saturday also, a food sale under the direction of Mrs. J. P. Hudson.

Mrs. Faulk wishes to thank officially all who participated in and who contributed to the cause, including the Lion's Clubs, which sponsored a radio auction over KJEF, Jennings, on Sunday.

The Lions Clubs will contribute three-fourths of the money received to the March of Dimes, keeping one-fourth for their crippled children's clinic.

BRIDAL SHOWER

Miss Ruth Broussard, daughter of Mr. and Mrs. Douglas Broussard of Lake Arthur and bride-elect of Melvin Trahan of Klondike, was honored last Sunday afternoon with a miscellaneous shower given by the Trahan family in the home of Mrs. Raymond Trahan in Lake Arthur.

A pink and white motif was used in the decorations throughout the reception rooms, from the ruffling around the gift-laden coffee table to the serving table covered with a pink cloth overlaid with one of white lace.

Refreshments of hot cocoa, coffee and cake were served to nearly twenty guests.

Mrs. Alcee Conner of Morse was the recipient of two prizes during the party.

The honoree was presented a corsage of white camellias, while her mother and Mr. Trahan's eldest sister, Mrs. Eloise Freyou, were given corsages of rose-red camellias.

GOLDEN WEDDING

On Sunday past Miss Brenda Abshire of Lowery attended the golden wedding anniversary high mass at 10:30 a.m. in Jennings of Mr. and Mrs. Olide Myers. Later, the couple entertained with open house at their residence near Jennings.

OES MEETING

Monday at a regular meeting of the Order of the Eastern Star the new worthy matron, Sister Leisa George, presented members present whose birthdays came in January with carnation corsages. Yearbooks were issued.

Hosts for the occasion, Gordon and Polly Mack, served coffee and cake to 24 members and to a guest, Sister Bobbie Newhouse, of Gueydan.

H.D. CLUB

At the January meeting of the Lake Arthur Home Demonstration Club, held in the home of Mrs. Blanc Marceaux and presided over by Mrs. Polly Mack, the following chairmen were appointed for 1960: Mrs. Windell Aguillard, home management; songs and recreation, Mrs. Mack; clothing, Mrs. Doll Fox; civil defense, Mrs. Jerry Jax; home furnishings, Mrs. J. A. Boutte; family life, Mrs. Fox; food preservation, Mrs. Marceaux; poultry, Mrs. J. W. Rutherford; consumer education, Mrs. Murray Buchanan.

PECAN ISLAND CHAPEL

Participating in the ceremony last Sunday afternoon in which the Sacred Heart Chapel of Pecan Island was blessed was the Rev. Harry Pelous, pastor of Our Lady of the Lake Catholic Church here.

In addition to him there were over seventy guests, including priests, nuns, Knights of St. Gregory, Fourth Degree Knights of Columbus, and friends from southwest Louisiana, who joined the Pecan Island Catholics for the occasion.

An executive meeting of the Confraternity of Caristian Doctrine was held Thursday evening in the Thornwell Hall.

N. B. (Red) Hackett of Baton Rouge, formerly of Cameron Parish, was in Lake Arthur Thursday, having come down with Jennings Fladhers, National Educational Association Regional Director for the Department of Classroom Teachers.

TEACHERS BANQUET

At the annual banquet of the Jeff Davis Classroom Teachers Association, held in the Zigler Hotel in Jennings that evening, Mr. Flatherg was the main speaker.

He is a speech teacher in an Amarillo, Texas, high school.

Attending the banquet from here were Mr. and Mrs. R. O. Doland, Mr. and Mrs. Douglas Higgens, Mr. and Mrs. Steven Broussard, Mrs. A. P. Stewart, Mr. and Mrs. Bill Buck, and Mrs. Ray Pearson.

Mrs. Ralph Potter returned to her home on Lowery Road Friday, after having been in Lake Charles with her mother, Mrs. Estelle Smith, who underwent surgery in Memorial Hospital.

Mrs. Kirby Vincent and baby, Kirby Jr., and Mrs. Floyd Vincent drove to Nederland, Texas, last week to visit Mrs. Savoy Hebert, mother of Mrs. Kirby Vincent. Mrs. Hebert is recuperating from surgery.

Miss Dorothy Sonnier spent the weekend with her family.

Ferris Broussard of Klondike is now working on a construction job in Egan.

VISITORS

Thursday night Mr. and Mrs. Daniel Broussard drove to Lake Charles to visit Mr. and Mrs. Lawrence Saltzman and their new daughter.

On Friday Mr. and Mrs. Broussard and little son, Wayland, lunched with Mr. and Mrs. Frank Davis of Welsh, forme residents of Klondike.

Mr. and Mrs. Curley Cormier and children drove to Winnie, Texas, to spend the weekend with his parents, Mr. and Mrs. Z. N. Cormier.

Mr. and Mrs. Joe Savoy had with them over the weekend their children and grandchildren, all of Port Arthur, Texas. They were A. J. Savoy, Mr. and Mrs. Robert Broussard, and Mr. and Mrs. Leander Elkin and children, all formerly of here.

The Elkins have purchased a dark blue 1960 Pontiac, and the Broussards a 1957 Mercury.

Sunday dinner guests of the Daciel Broussards were Mr. and Mrs. Dallas Benoit and children of Welsh.

Mrs. Daniel Broussard honored her husband on Tuesday evening at at a birthday supper. Guests for the occasion were Mr. and Mrs. Wesley Kratzer and children and Mr. and Mrs. Richard Savant and children, all of Lake Charles, and Mrs. Clarence Crochet of Roanoke.

BIRTH ANNOUNCED

Mr. and Mrs. John Vincent of Klondike announce the arrival of Janice, their newest granddaughter, to Mr. and Mrs. Dric Hargrove on Jan. 14 in the Gueydan Memorial Hospital. The Hargroves, who have another daughter, reside in Gueydan.

Mrs. Hargrove is the former Marian Vincent.

WSCS MEETING

The Lake Arthur W.S.C.S. completed its study of Africa this past week. The subject has been taught under the leadership of Mrs. Jack Winegeart in a series of four lessons during the month of January.

The Lake Arthur Tigers defeated the Gillis Broncbos 44-31 Thursday evening at Lake Arthur in a basketball game.

Michael Oliver scored 17 points for the Tigers and Eugene Lanoy 16.

SP-4 Jackson D. Croker, son of Mr. and Mrs. J. D. Croker of Lake Arthur, is home on re-enlistment leave. He has been stationed in Nurenberg, Germany since April, 1958.

Mr. and Mrs. Ravis Weekley and Deborah Lynne, who moved from here to Baytown, Texas, recently, returned to spend several days this last week with his parents, Mr. and Mrs. Edmires Weekley of Lakeside.

Ravis is working in an iron foundry in Baytown. He has purchased a Buick.

The college students who have been home during semesters returned to school Sunday afternoon or Monday morning, after having registered during the past week. Among them are Harold Welch of McNeese; Barbara Carnebell of Northwestern; Susan Beth Stewart, Sondra Broussard, Marilyn Conner, Claudette Oliver, Kent Smith, Harold Doiron, Eugene Sonnier, Jerry Bossley, Charles Fox, Jr., and Warren Bossley.

Mr. and Mrs. J. W. Rutherford, Sr., and Miss Ina Welch of here had driven to Lake Charles Sunday to be with Mr. and Mrs. James Meaux in Memorial Hospital, where both were patients. Mr. Meaux died while they were there.

There has been much sickness in these communities this past week. Influenza is responsible for most cases.

On Lowery, best wishes for a quick recovery to to B. B. Bossley, Preston Primeaux, Brenda Abshire, Mrs. Patricia Vincent, and Mrs. Jeff Dansmore.

At Klondike they go to Mrs. Howard Sonnier and children, Johnny and Sandra; Mrs. P. J. Woods, Mrs. Dulva Weekly, Gus Laurents, Sr., Mrs. Donald Broussard, and W. O. Broussard.

The Rev. P. B. Petitpas, who contracted double pneumonia last week following surgery, was taken to the Jennings Hospital again. He is now recuperating at home.

IN ACCIDENT

Whitney O. Broussard is still carrying his left arm in a sling after having been released from the Gueydan Memorial Hospital, where he was a patient for a week.

Mr. Broussard was injured when his car, on which he was working, slipped off the jack in his driveway on his farm at Klondike and pinned him beneath it.

He suffered a dislocated shoulder and neck injuries, sprains and bruises.

Andrew LaBauve, formerly of Grand Chenier, suffered a heart attack last week as he returned from fishing near the Lake Arthur bridge, which spans the Mermentau River. He collapsed by the highway, was found by Mrs. Lloyd Bailey, and was taken to a Lafayette hospital.

Daniel Broussard, whose combination barn and shop burned down last September, went to Franklin Monday to purchase lumber for a new one, which he plans to build at once.

January 22, 1960

The Board of Commissioners of the Lower Cameron Hospital Service District met in special and open session at 7:00 o'clock P. M. on the 22nd day of January, 1960, at the office of Dr. S. E. Carter, in Cameron, Louisiana.

Present: Dr. S. E. Carter, Dr. G. W. Dix, Dr. Cecil W. Clark, James L. Derouen and Edison R. Mhire.

Absent: None.

It was moved by Dr. G. W. Dix and seconded by Mr. James L. Derouen and duly carried, that the following resolution be adopted.

WHEREAS, this Board met on September 28, 1959, and at that time adopted a proces verbal of the special election for the issuing of bonds to the amount of $350,000.00 to run 20 years from date thereof with interest not to exceed the rate of 6% per annum, and for a levy of a three (3) mill tax to run 10 years.

WHEREAS, pursuant to law, this Board ordered the publication of said proces verbal in the official journal of Cameron Parish, Louisiana, ordered its recordation in the Mortgage Records of the Parish of Cameron, Louisiana, and ordered its recordation in the Office of the Secretary of State of the State of Louisiana.

WHEREAS, an error was committed in the preparation of the certified copies in that the three (3) mill tax was described in the certified copy that was published in the official journal, in the copy that was recorded in the Mortgage Records of the Parish of Cameron, Louisiana, and in the certified copy that was recorded in the Office of the Secretary of State of the State of Louisiana, as a two (2) mill tax even though the minutes of this Board properly set forth said tax as a three (3) mill tax.

NOW THEREFORE, be it resolved by the Board of Commissioners of the Lower Cameron Hospital Service District in special and open session convened on this 22nd day of January, 1960:

SECTION 1. That the Secretary of this Board be and he is hereby directed to re-publish in the manner and form prescribed by law a true certified copy of the proces verbal adopted by this Board on September 28, 1959, and he is further directed to record a true copy of the proces verbal adopted by this Board on September 28, 1959 in the Mortgage Records of the Parish of Cameron, Louisiana; and he is further directed to record a true copy of the proces verbal adopted by this Board on September 28, 1959, in the Office of the Secretary of State of the State of Louisiana.

The foregoing Resolution, having run ten (10) years, be opened, the been reduced to writing, was read and considered, and then a vote thereon was called for, with the following result:

YEAS: Dr. S. E. Carter, Dr. G. W. Dix, Dr. Cecil W. Clark, James L. Derouen, and Edison R. Mhire.

NAYS: None.

ABSENT: None.

NOT VOTING: None.

And the foregoing Resolution was declared duly adopted and was approved this 22nd day of January, 1960.

APPROVED:

/s/ Edison R. Mhire,
Chairman.

ATTEST:

/s/ Dr. Cecil W. Clark
Secretary.

STATE OF LOUISIANA

I, the undersigned, Dr. Cecil W. Clark, certify that I am the duly chosen, qualified and acting secretary of the Board of Commissioners of the Lower Cameron Hospital Service District, and the custodian of the official records thereof.

I further certify that the foregoing constitutes a true and correct copy of the Resolution at a special and open session of the Lower Cameron Hospital Service District convened at 7:00 o'clock P. M. at the Office of Dr. S. E. Carter, in Creole, Louisiana on the 22nd day of January, 1960.

I further certify that as of this date the Lower Cameron Hospital Service District has not yet adopted an official seal.

IN WITNESS WHEREOF, I have subscribed hereto my official signature at Cameron, Louisiana, on this 22nd day of January, 1960.

CECIL W. CLARK, M. D.
Secretary
Lower Cameron Hospital
Service District

Creole, Louisiana
September 28, 1959

Pursuant to its resolution adopted the 13th day of August, 1959, the Board of Commissioners of the Lower Cameron Hospital Service District met in special and open session at 10:00 o'clock A. M. on the 28th day of September, 1959, at the office of Dr. S. E. Carter in Creole, Louisiana, to promulgate the results of a special election held in said District on the 26th day of September, 1959.

Present: Dr. S. E. Carter, Dr. G. W. Dix, Dr. Cecil W. Clark, James L. Derouen and Edison R. Mhire.

Absent: None.

It was moved by Dr. G. W. Dix and seconded by Dr. S. E. Carter and duly carried, that the ballot boxes used at the election for the issuing of bonds to the amount of $350,000.00, to run twenty (20) years from date thereof, with interest at a rate not to exceed six per cent (6%) per annum, and for the levy of a three (3) mill tax, to the number and amount, returns canvassed and the results announced, which actions were performed.

It was moved by Mr. James L. Derouen and seconded by Dr. S. E. Carter and duly carried that a proces verbal in substantially the form set forth below be made of these proceedings, and filed as provided in L. R. S. 39:516, and that a certified copy of same be published to give public notice of the result of the said election.

PROCES VERBAL
LOWER CAMERON HOSPITAL
SERVICE DISTRICT

BE IT KNOWN THAT the Board of Commissioners of the Lower Cameron Hospital Service District convened in special and open session at 10:00 o'clock A. M. at the office of Dr. S. E. Carter in Creole, Louisiana, on the 28th day of September, 1959, as advertised in notices of election, with the following members present and taking part: Dr. S. E. Carter, Dr. G. W. Dix, Dr. Cecil W. Clark, James L. Derouen and Edison R. Mhire.

The said Board, in the presence of the undersigned witnesses and members of the general public present, did open the ballo boxes at the special election held in the Lower Cameron Hospital Service District on the 26th day of September, 1959; to submit to the voters thereat, the following propositions:

A. Shall the Lower Cameron Hospital Service District incur debt and issue bonds to the amount of $350,000.00, to run twenty (20) years from date thereof, with interest at a rate not to exceed six per cent, (6%) per annum, for the purpose of purchasing and acquiring lands, and purchasing, acquiring, constructing and maintaining hospitals, nurses homes, physicians and dentists offices, laboratories and other physical facilities necessary to provide proper hospital service in the Lower Cameron Hospital Service District.

B. Precondition to levy a three (3) mill tax on all of the property subject to State Taxation in the Lower Cameron Hospital Service District for a period of ten (10) years, commencing with the year 1960, for the purpose of constructing, maintaining and operating said District's hospital facilities.

And said Board of Commissioners did examine and count the ballots in number and amount, examine and canvass the returns, precinct by precinct, and did tabulate the results as shown. And after such count, examination and tabulation, it was found that as to proposition (A) set forth above the totals for all the precints were 284 votes, representing assessed valuation of property in the amount of $440,872.99 cast FOR the said propostion (A), and 87 votes, representing assessed valuation of property in the amount of $135,122.00 cast AGAINST the said proposition (A).

Therefore, there being a majority of 197 in number of votes and a majority of $255,750.99 in property assessment valuation IN FAVOR OF the said propcsition (A), the said Board of Commissioners of the Lower Cameron Hospital Service District did publicly proclaim that the aforesaid proposition (A) was duly carried and that the said bond issue has been duly authorized in the manner and form provided by the Constitution and Laws of the State of Louisiana, and does by these presents make such public announcement.

And after the said count, examination and tabulation of the ballots, it was found that as to proposition (B) set forth above the totals for all the precincts were 284 votes, representing assessed valuation of property in the amount of $440,872.99 cast FOR the said proposition (B), and 87 votes, representing assessed valuation of property in the amount of $135,122.00 cast AGAINST the said proposition (B).

Therefore, there being a majority of 197 in number of votes and a majority of $255,750.99 in property assessment valuation IN FAVOR OF the said proposition (B), the said Board of Commissioners of the Lower Cameron Hospital Service District did publicly proclaim that the aforesaid proposition (B) was duly carried and that the said special tax levy has been duly authorized in the manner and form provided by the Constitution and Laws of the State of Louisiana, and does by these presents make such public announcement.

THUS DONE AND SIGNED in the presence of the witnesses who sign hereto, as well as in the presence of the members of the public who were present, by the undersigned members of the said Hospital Board, all of whom were personally present and acting in the aforesaid proceedings, on this 28th day of September, 1959.

WITNESSES:

Betty Davis . . . at McNeese Monday

Betty Davis, Barry Sullivan to give Carl Sandburg show at McNeese Mon.

When Bette Davis and Barry Sullivan appear in "The World of Carl Sandburg" at McNeese State College Monday, February 8, local theatre-goers will view a Pre-Broadway showing of a star-studded play, Dr. Wayne N. Cusic, McNeese president, said today.

Tickets for the McNeese-sponsored production, which is set for 8 p.m. in the college auditorium, are available at $4 for lower orchestra, $3 for lower balcony and rear orchestra, and $1 of middle and upper balcony. These may be purchased at the 3 R's Bookstore in downtown Lake Charles and the McNeese business office or may be ordered by mail from the college.

Produced by Armand Deutsch, formerly associated with MGM studios as a top-flight producer, and adapted by Norman Corwin, distinguished writer-director of radio, stage and picture fame, "The World of Carl Sandburg" features selections from 28 of Mr. Sandburg's published works plus some of his heretofore unpublished material.

Vocal interpretation of several of the more celebrated songs will be by Clark Allen, noted folk singer, guitarist and painter.

In Mr. Corwin's adaptation of the American Poet Laureate's writings, some sources of program material were the following books: "Complete Poems," published in 1950 and responsible for a Fulitzer Prize for poetry in 1951; "Remembrance Rock," his first novel which appeared in 1948; "Abraham Lincoln: The Prairie Years;" "The American Songbag;" and "Always the Young Strangers."

Sweetlake MYF conducts service at church Sun.

By MRS. TOM TAYLOR

Members of the Methouist Youth Fellowship of Sweet Lake were in charge of the Sunday morning worship service at the Sweet Lake Methodist church.

Counselor Gerald Helms was leader of the program, with his wife, Isabel, assisting. Mr. Helms emphasized the important role of the parents in instilling in their children's mind a strong and abiding faith in God. Mrs. Helms chose as her topic the first verse of the 12th chapter of the book of Ecclesiastes, bringing out the beauty of a young life dedicated to God and of the gratifying results.

Miss Jane Todd gave an inspiring talk on faith. She said, in order to have a vital faith it must be challenging, compelling and a working faith.

Miss Martha Renfro told what the M.Y.F. meant to teen-agers. One important factor was, she said, teaching them how to have a lot of fun in a clean and wholesome way.

This fellowship is one of the most active and effective in the Lake Charles District and the congregation was quite joyful in having them direct their worship.

Bid received on repair of jetty at Sabine Pass

A low bid of $698,305 has been received for repair of the east jetty of the Sabine pass in Cameron parish, according to a telegram from the U. S. District Engineer in Galveston, Tex., to Senators Allen Ellender and Russell Long and Rep. T. A. Thompson.

The bid was submitted by the firm of William Cowgur and Co., Inc., of St. Louis, Mo.

The east jetty of the pass was heavily damage last year when it was struck by a barge. One man was killed in the accident.

Mr. and Mrs. Henry Precht celebrate their Golden Wedding anniversary

By MRS. TOM TAYLOR

Mr. and Mrs. Henry Precht celebrated their Golden Wedding Anniversary last Sunday with an open house from 3 to 6 p.m. at their home on highway 14.

Hosts for the event were Mr. and Mrs. Charles Precht, Mr. and Mrs. Herman Precht, Mr. and Mrs. Edwin Precht and Mr. and Mrs. J. C. Chellette.

A gold and white theme was caried out in the decorations. The refreshment table was covered with a lace cloth over gold taffeta, and was centered with an arrangement of gold flowers flanked by gold candelabra holding tall tapers.

The house party included, Mrs. J. W. Hebert, Mrs. Charles Hebert, Mrs. T. F. Roefield, Mrs. W. W. Hanna, Mrs. Clarence Fontenot, Mrs. Richard Bosse, Mrs. Glenn Hebert, Mrs. Johnnie Self, Mrs. Arlin Parker, and Mrs. Carl Robertson.

Granddaughters of the couple, Donna Chelette, and Pat Precht, were tea girls. Mrs. Garner Nunez, a granddaughter, registered the guests.

Mr. Precht is a native of Jackson, Minnesota, Mrs. Precht was born in Grand Lake. She is the daughter of the late Mr. and Mrs. M. Hebert who moved to Sweet Lake after she was married to Mr. Precht and lived here until the time of their death. The Prechts have three sons and one daughter, fourteen grandchildren and four great grandchildren.

Those from Sweet Lake who attended their golden wedding anniversary celebration were: Mr. and Mrs. Louis Dupuy, Mr. and Mrs. Dupre Guidry, Mr. and Mrs. Charles Hebert, Mr. and Mrs. Herman Precht, Mr. and Mrs. Charles Precht Jr., Mr. and Mrs. Glen Hebert, Mr. and Mrs. Billy Precht, Mr. and Mrs. Charles Precht Sr., Mrs. Tom Taylor and Mr. and Mrs. Walter Helms.

Cameron seeks share of Rockefeller royalties

Plans to seek what they consider Cameron parish's share of the millions of dollars of oil and gas royalties coming out of the Rockefeller wildlife refuge were announced today by parish leaders.

Edward L. Shaheen, district attorney for the 14th judicial district, which includes Cameron parish, said he and J. B. Jones, Jr., assistant district attorney, will go to Washington Monday to confer with the U. S. Interior Department concerning the matter.

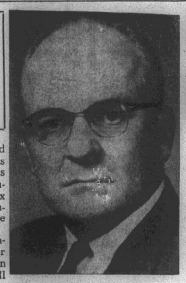
If successful, the move would mean about $250,000 a year for the parish to be used for the improvement of roads, bridges, tunnels, and ferries.

Mr. Jones explained the following background:

Under the Royalty Road Fund act, adopted as an amendment to the state constitution in 1942, parishes were granted ten percent of the royalties received by the state for mineral leases on state owned land in the respective parishes. The parishes were to use these funds in improving roads, bridges, ferries, etc.

Cameron parish has received this Royalty Road money on other state-owned land in the parish, but never on the Rockefeller refuge. The state treasurer has never included the refuge in the royalty program. Mr. Jones stated, as he did not feel that he should do so without the approval of the United States, which has some interest in the refuge.

THE FEDERAL government's interest arose in this manner:



On Sept. 20, 1920, the Rockefeller Foundation donated some 85,000 acres of land in Cameron and Vermilion parishes to the State of Louisiana to be used as a game refuge. However, the foundation reserved the right to reclaim the land if it were not used for the purpose intended.

In 1954, the Rockefeller Foundation transfered to the United States this right of reclaiming the land if the conditions stipulated in act of donation were not met.

The purpose of Mr. Shaheen's and Mr. Jones' trip Monday will be to meet with representatives of the Department of Interior to secure the government's approval for the parish to receive the tenth percent royalty on the Rockefeller oil and gas production. If they are successful then they will confer with state officials on the payment of this money to the parish.

Mr. Shaheen points out in a brief to be presented to the Interior Department that oil and gas development in any section of the state or nation imposes a terrific burden on the highways and bridges of that area and for that reason Cameron parish needs its share of the Rockefeller royalties to use in keeping up the roads and bridges.

He also points out that no ad valorem taxes are permitted by law on state or federal lands, and that Cameron parish receives no taxes on the large Sabine and Lacassine federal refuges, as well as the state-owned Rockefeller refug located in the parish.

DALE C. HIGGINS

Dale C. Higgins buys Micheletti super market

Dale C. Higgins of Beaumont, Texas, this week announced that he has purchased the four-year-old Micheletti supermarket in Cameron from Emile Micheletti of Galveston.

Originally opened in 1956 in an old church building on one of Cameron's back streets, the store was closed for several months following Hurricane Audrey before reopening in the Black Carter building on main street.

A graduate of Louisiana State University, Mr. Higgins served as a captain in the infantry during World War II. He was associated with the H. G. Hill store in New Orleans before going to work for the Stedman Co. of Beaumont, where he has been the division manager of the food department.

He has now resigned that position to assume the management of Micheletti's.

Mr. Higgins also owns two other grocery stores in Beaumont and Bridge City, Texas.

The new owner is married and is the father of three daughters, and one son.

Andrew O'Conner, who has managed Micheletti's since 1957, said he will return to Galveston. His future plans are not definite, but he said he might run for public office there.

Wildlife refuges have important part in Cameron parish, state and nation

(EDITOR'S NOTE — This was the third place winning entry in the wildlife essay contest sponsored recently by the Louisiana Fur and Wildlife Festival. Miss Crain is a junior at South Cameron high school and the daughter of Mr. and Mrs. A. H. Crain of Grand Chenier.)

By Coral Lee Crain

One stops to think of the wildlife that is gradually becoming extinct and wonders what may be done about it. However this is not an original thought, it was thought of by Henry VIII in 1536 when he established a refuge on his estate. Our government has also thought of it and became interested prior to the Civil War and established two national parks, Yellowstone National Park and Yosemite National park. Our state also did their part in this wonderful movement.

Refuges are needed to protect, shelter, and feed wildlife. Our refuges provide these things for the for bearing animals, reptiles, birds, and other smaller animals. Refuges provide a place for research, which is needed for improvement of our lands and animals. These refuges are to protect our wildlife from all the needless killing by our today's so-called sportsmen.

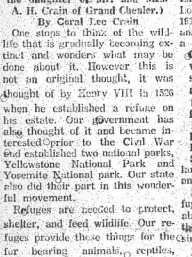
The first state refuge was established in California in 1870. Louisiana's first refuge was in 1911 in Vermillion Parish. Louisiana was the seventh state to have a refuge in the United States.

Cameron Parish has three wildlife refuges and one state refuge. These refuges are the Sabine National Refuge, Lacassine National Refuge and Rockefeller Wildlife Refuge. All of these have helped us in keeping our wildlife alive.

Sabine National Refuge is the largest of the wintering grounds and it consists of 146,293 acres.

Lacassine National Wildlife Refuge, which has 31,125 acres, lies about twenty miles inland from the Gulf of Mexico on the Lacassine Bayou.

Rokefeller Wildlife Refuge, consisting of 85,000 acres, was donated to the state by John D. Rockefeller in September of 1920.



LOUISIANA HAS ONE of the finest locations, with a wonderful climate, for fur bearing animals, migratory water fowl, and fish in the United States. Louisiana has marshes, high land, and water for its wildlife. It makes us proud to know that we are living in a fine and wonderful state with our parish as number one in the fur and wildlife industry.

The need of more migratory waterfowl refuges is becoming great. Our migratory waterfowl will soon be found only in refuges because of the increase in hunters and the decrease in waterfowl annually. Hunters kill ducks and geese needlessly just for the sport of it.

People all over the United States and Canada, who are interested in the preservation of our migratory water fowl, are doing all they possibly can to teach others the importance of keeping our waterfowl from becoming extinct. Most of the states have some way of informing the people of these unseen by the common hunter.

As a result of drouths and salt water intrusion, the refuges suffered severely just prior to Hurricane Audrey. When the Lac

IN HACKBERRY

Ship channel meeting is Monday

A public meeting to discuss the effects the widening and deepening of the Lake Charles ship channel will have on Cameron parish will be held at 7:30 p.m. Monday at the Catholic Hall in Hackberry. All interested persons are invited to attend.

H. G. Chalkley, a board member of the Lake Charles harbor and terminal district, and Omer Shutts, engineer for the district, will outline the torposdil channel work.

Representative T. A. Thompson, who was in Lake Charles Wednesday, announced that the channel to the Gulf would be deepened to 40 feet and widened to 400 feet by the end of this year.

At the present time the channel is only 34 by 250 feet, causing large tankers to leave port only partially loaded.

Cameron parish leaders have expressed concern in recent months over the filling up of Calcasieu lake with silt dredged from the channel, and efforts are being made now to try to get a dike built by the state or federal government to prevent the silt from entering the lake.

Members of the Cameron police jury and other parish leaders have been invited to attend the meeting which was called by C. A. Riggs and Alfred Devall.

Coffee and cake will be served to those in attendance.

Two men injured in Creole wreck last Wednesday

Two men were seriously injured in a headon collision of two cars about two miles east of Creole Wednesday of last week.

Most seriously hurt was Clarence Boudreaux of Creole, who suffered a broken hip and knee cap. He is in St. Patrick's hospital in Lake Charles.

The other man, Henry Oxendine, who has been working for a trucking firm in the Holly Beach area, was later charged with negligent injuries and reckless driving by the state police.

School board receives last CD aid check

The Cameron parish school board has received the last payment from the U. S. Civil Defense to aid in replacing the school buildings damaged or destroyed here by Hurricane Audrey in 1957.

School Superintendent U. E. Hackett said the Civil Defense aid to parish schools totaled $698,287.15. The school board received an additional $765,000 in insurance on the school buildings.

Funds from these sources, totaling near one and a half million dollars, were used to replace the Cameron elementary, South Cameron high, colored school and school board office, and to make repairs at Grand Chenier, Grand Lake and Hackberry schools.

Grand Chenier shooters form a trap club

A trap shooting club has been formed at Grand Chenier and is holding competition every Sunday afternoon.

At last Sunday's shoot, T-Boy McCall was first with 24 out of 24; Lionel Deroty second with 21 out of 25 and Burl Delaney, third with 18 out of 25.

The previous Sunday, Dallas Brasseaux was high with 18 out of 25.

The shoot this Sunday will be held at 1 p.m. behind the Grand Chenier Catholic church. The public is invited.

Helicopter makes forced landing in Gulf last Thursday

By ELDIE CHERAMIE

A forced landing in the Gulf was made by a helicopter at about 5 p.m. Thursday of last week about 16 miles west of Cameron. The five men aboard, as well as the craft, were all rescued.

The 'copter, piloted by James Bixler, landed in rough seas near an oil rig platform. He, Nolan Bondilley, Carl Ewall and two employes of Halliburton were uninjured and were picked up by the motor vessel, Rambo.

A crane barge later brought the helicopter to shore.

Cameron parish 4-H leaders honored

THESE ARE SOME of the Cameron parish 4-H club leaders who were honored at a banquet in Cameron Friday night. (Several were inadvertenily left out of the photos and several were unable to attend.) L. P. Theriot, left standing, is manager of the Jennings Production Credit Association, which sponsored the banquet.

Recruit Leroy J. Nunez, son of Mr. and Mrs. Rudolph Nunez, Hackberry, is presently assigned to Company A, 8th Battalion, 2nd Training Regiment of the U. S. Army Training Center, Infantry, at Fort Jackson, S. C. where he is undergoing eight weeks of Basic Combat Training.

He will be taught rifle marksmanship under the U. S. Army's TRAINFIRE program which enables the modern soldier to become a better rifleman in less time than previous methods. In this program, most of his training will consist of firing his rifle at pop-up targets at unknown distances on terrain which duplicates combat areas.

Restaurant employee takes own life here

Charles Hardenbergh, 36-year-old cook employed by Fred's Restaurant of Cameron, shot himself to death with a 12-gauge automatic shotgun early Friday morning of last week.

An employee of Fred's for about 18 months, Hardenbergh was from Newbern, Ala.

The body was found in a storeroom at about 4 a.m. Friday by William Royer, a fellow employee. Hardenburgh had apparently lain on the floor, placed the barrel of the shotgun in his mouth and fired.

The man reportedly had been drinking heavily earlier that night.

Hardenbergh is survived by his wife, who lives in Los Angeles, Calif., and by some chilren by an earlier marriage.

Baptist men to meet in DeQuincy

Men from Calcasieu and Cameron parish Baptist churches will attend a meeting of the Brotherhood of Carey Baptist association at First Baptist church in DeQuincy at 7:30 p.m., Monday, Feb. 15.

New telephone books mailed to subscribers

The 1960 Cameron Telephone Company telephone books, mailed to subscribers last week, contain some 1350 listings, or an addition of about 200 new subscribers over last year, according to William Henning, company president.

The book also has a 20 per cent larger yellow page section, plus the listings for Sulphur and Lake Charles.

Four of the phones listed on the Cameron exchange are mobile telephones, one of which is located on a Shell Oil Company platform 40 miles out in the Gulf of Mexico.

Mr. Henning also announced that a $32,000 contract has been let by the company to the Gulf Coast Line Contracting Co. of New Iberia for improvements to be made to the Cameron exchange. More private lines and more telephone cables will be installed.

In addition to this, another $20,000 worth of central office equipment is to be installed at Cameron.

"We are very gratified with the growth of the Cameron area, and will ever strive to keep in step with local progress," Mr. Henning stated.

AT BANQUET FRIDAY NIGHT

4-H club leaders honored here

The adult leaders of Cameron parish 4-H Clubs were honored at a banquet Friday night at Fred's Restaurant in Cameron. Also present were outstanding members of each of the parish clubs.

Miss Oma Miller of Grand Chenier was cited for her 25 years of service as a 4-H leader, and Mrs. Lena Sweeney of Grand Lake received a certificate for 31 years.

Other leaders who received certificates were Mrs. Barbara Landry of Grand Lake, Mrs. Dalton Richard and Mrs. A. B. Sibley of South Cameron, William Morris of Cameron elementary, Morris Leger of Johnson Bayou and Daniel Weekley of Hackberry.

Leaders who were unable to be present to receive their certificates were Miss Miller of Grand Chenier, Mrs. Archie Berwick and Ms. Sarah Buckmaster of Hackberry, Joseph Helton and Robert Penny of Johnson Bayou and Sonny McCall of South Cameron.

L. P. Theriot of Jennings, manager of the Jennings Production Credit Association, sponsor of the banquet, presented the certificates.

School Superintendent U. E. Hackett and state 4-H agent C. J. Naquin were principal speakers. Assistant County Agent Clifford Myers was master of ceremonies.

Other guests present included Walter Holms, a director of the credit association; D. Y. Deland, president of the Cameron Parish Farm Bureau, E. J. Dronet, president of the Cameron Lions Club; Hadley Fontenot, president of the Louisiana Fur and Wildlife Festival.

The outstanding boy and girl from each of the 4-H clubs were also present.

THIS WEEK

AS YOU MAY have suspected business in Cameron parish this fall was much better than it was a year ago. According to the Louisiana Business Review, sales tax collections were 33 per cent higher this December than they were in 1958.

However, with the fishing season having ended the December sales tax was 22 percent less than for November and probably will be even less for January and February, the slow time of the year around here.

THE FUR FESTIVAL folks wish to express their appreciation to Henry Segura and his industrial arts students at South Cameron high for building the ramp used in the queen's judging recently.

OUR SWEETLAKE reporter, Mrs. Tom Taylor, will be away from home much of next week staying with her aunt, who is sick. She asks that anyone having news to turn it in to Mrs. C. J. Farque, the Big Lake reporter, LY 8-2277, who is helping out while Mrs Taylor is away.

ALFRED DEVALL, who operates Devall's Boat Service at Hackberry, has been conducting a one-man crusade to try to stop the dumping of spoil dirt dredged from the ship channel into Calcasieu lake.

"In 1940," he told the police jury last week, "the lake was 13 feet deep. Today the deepest part is only 7 feet. Some oil rigs which were tended by boat back then, you can't get to by water any more."

Devall says he operates six boats and employes a number of men, all of whom depend upon the lake for a living. If the silting continues, these men, plus others such as shrimpers, may find themselves out of jobs.

Rep. Alvin Dyson intends to ask the state legislature for $28,000 with which to build a dike to keep silt from going into the lake. Let us all hope that he is successful.

CAMERON'S TRAPPERS had mixed fortunes at the national muskrat skinning contest in Cambridge, Maryland last week. John Broussard, Louisiana's champ, cut his thumb in skinning his first rat, had to have 12 stitches taken in it, and was out for the rest of the contest.

Isaac White, who was second in the fur festival contest here last month, did much better. He was first in the elimination contest, and seventh in the finals.

THE CAMERON parish school board has ordered some $6,000 worth of science equipment for parish high schools, under a government program which puts up half the money for such purposes.

AN AIRPLANE, piloted by Lt. Morrison of Chennault Air Force Base, made a forced landing on the Claude Eagleson farm at Sweetlake Sunday of last week, Mrs. Tom Taylor, our Sweetlake correspondent reports. No one was hurt but the plane was badly damaged.

THE CAMERON volunteer fire department had a big grass fire on its hands Wednesday noon around the Cameron telephone office. Twelve men answered the fire call and quickly put out the blaze which could have seriously damaged the telephone system if it had not been put out.

RAY CHAMPAGNE reports that the Cameron Optimist Club is planning to sponsor wrestling matches in the new Cameron community center building soon to raise money for their various projects. A ring has been built by Ray and 300 chairs have been purchased by the club. Watch for farther announcements on this.

THE MEETING scheduled to have been held last week to begin planning Cameron's second annual Fourth of July celebration was postponed until this Friday at 7:30 p.m. at Conway LeBleu's house. Anyone interested in working on this project is invited.

Guessing Game Ripens About Who Davis Will Appoint

BATON ROUGE — Pure guessing here is that the Jimmie Davis staff will be headed by Chris Faser, his constant companion in the campaign, as executive assistant.

Other guessing is that Bea Carrara will return as his personal secretary, Bertha Blalock as receptionist, and Doris Anders will remain as assistant secretary.

All of this is strictly guessing because Davis hasn't given even a hint as to major appointments, let alone those for his office.

The next governor dropped by the Capitol press room recently, and had buttermilk with newsmen in the cafeteria. But he told them little except that he would have little to tell them until after the April general election.

There are rumors aplenty, of course, some of them apparently based on wishful thinking.

One of these is that since Davis has no future political ambitions, and just wants to be a good "do-plenty" governor, some of his major appointments may bring surprises.

He may, some believe, express hope that appointments to several key positions can be made on a "career" rather than "political basis, and name people he hopes his successor will re-name.

And to strengthen that point, he may re-appoint some man already doing a good, non-political job.

Another nominated official who appears to have 'do-plenty" plans is Dave Pearce, commissioner of agriculture.

Pearce has made it plain to friends that he believes the general public needs to know more about the importance of agriculture to every man, woman and child in the state.

Not, they say, that he belittles drives to "get more industry." As a matter of fact, he thinks of every new industry as increasing the market for Louisiana agricultural products.

But among other things, he would like the public to know that agriculture itself is a tremendous industry, or at least a giant business with problems that affect everybody.

So Pearce proposes a positive, modern approach, his friends report, which may even include weekly or monthly radio and television programs on the general subject of agriculture.

But, knowing that many 'city folks" will show little interest in any such program directed strictly to farmers, he plans to attempt to make it, for instance, of interest also to housewives and even to businessmen.

Little has been announced on plans of other nominated officials. Most of these, like Davis, may prefer to wait until after April 19.

One, Rex Theriot, nominated as comptroller, has told friends that he does hope to do one thing: To let the public know just what that office is, and what he is doing.

That would be nice.

BAYOU BROWSING

by Grits Gresham

A few years ago it would never have occured to me that one of the outboarders most important accessories might be a portable radio, but that's the way the ball has bounced. Bigger, faster, and more seaworthy hulls, coupled with the potent outboard motors that are now available, are really the cause of it all.

With these rigs thousands of the fishermen and boaters along our vast coastline have gotten itchy feet for the way-out-yonder, and the oil rig platforms, flares, and offshore islands have drawn them like magnets. That's fine and dandy, but it brings up problems that small boaters weren't confronted with back when they kept one foot on land, figuratively.

A COUPLE of the problems are getting lost and getting caught out when bad weather moves in. The open Gulf is no place to be in a small boat when a squall is about.

It's impractical or too expensive for most small boaters to have standard radio equipment aboard as do most of the bigger inboards, but the enith Radio Corporation has come up with a great alternative. It's a small (9" x 3½" x 4"), light (5 lb. 1 oz.), all-transistor, portable radio receiver, and they call it the Royal "780" Navigator. Man what a job their engineers did on this package!

It's especially designed for boaters, fliers, and outdoorsmen, and I'm sure it would never have come into being had it not been for the personal interest of the enith public relations director Ted Leitzell is an ardent flier and sailor, and he gave their engineers the specifications for the Navigator, asking them if it could be built. They said yes, and finally did after their first models were rejected.

Here's what Ted finally got them to put into this unit. It has two bands, both the standard broadcast and the government low-frequency weather-navigation bands. The Federal Aviation Agency operates a vast network of these LF weather stations throughout the country, and most of them broadcast weather summaries twice each hour. They also give flash advisories of severe weather conditions.

By the end of this year there should be 88 new FAA weather stations which will give continuous weather information. This Navigator will pick these broadcasts up. I don't particularly advocate outboarders going to the offshore rigs, but will timely weather infor he could scoot back to shore before the rough stiff hit.

THE SET has a built-in directional loop antenna with which a boat or plane can "home in" on any standard broadcast station or LF station within range. It's accurate enough to take cross bearings on two stations to determine your position. It's excellent as a stand-by navigational tool even on boats and planes with more elaborate equipment—to have there in case of equipment failure.

The set is battery powered by six ordinary "C" type flashlight batteries, which are available everywhere. enith say they give up to 350 hours of operation on one set, which would be mighty cheap operation, but they may do better than that. I've been using—and deliberately abusing—a Navigator for almost three months, and the original set of batteries never went dead. During that time I played the set every day for varying periods, sometimes leaving it on 24 hours at a stretch. It performed beautifully in autos, buses, and boats (best in autos when it's near a window).

Bobby Doland now at poultry conference

Three Louisiana boys are participating in the 7th Annual Junior Poultry and Egg Fact Finding Conference in Kansas City, Mo., February 11-14, held in conjunction with the Institute of American Poultry Industries' Fact Finding Conference for business.

The Louisiana young people are: Bobby Doland, 16, Grand Chenier; David Lousteau, 16, Napoleonville and Ross West, 16, Jonesboro. Lousteau who raised some 4,400 pullets during 1959, will be one of the experts discussing Producing and Marketing Eggs. The group's expense-paid trip is provided by the Louisiana 4-H Executive Committee and the Allied Poultry Industries of Louisiana.

Bobby Doland raises chickens each year, uses the eggs at home and sells the surplus to local customers. He has given many demonstrations and received awards on his poultry. The seven-year 4-H Member is planning a career in Extension work.

Active in the Chicken of Tomorrow Contest, David Lousteau has won several awards for this and his poultry records. During the past four years he has raised more than 10,000 birds. David sells his eggs to a hatchery and wholesale. His plans include attending college following graduation from high school this year.

Ross West, a 4-H Club member for eight years and vocational agriculture student for three years raises poultry to supply the family with meat eggs. He has won more than 30 awards for judging and exhibiting, and has been designated outstanding 4-H member in poultry in the parish. The high school junior is planning a career in agriculture or teaching.

Seventy-five delegates from 24 states will participate in demonstrations, discussion groups and hear experts from the poultry industry at the Kansas City meeting. New developments in poultry processing, marketing and distribution, as well as poultry career opportunities will be featured.

Wildlife Refuges—

Continued from page 1

started to look better and the wildlife seemed to be thriving, Hurricane Audrey destroyed everything. But these people don't give up very easily. They started over again with more hope and interest than before. The hurricane (Audrey) destroyed most of the animals, buildings, equipment, boats, and other vital parts of our refuges. However, the people did as they have done in the past, they started over again. I believe the people here in Cameron Parish are very much intrested in our natural resources and fur and wildlife in particular.

After Hurricane Audrey, as soon as possible, restoration was begun. Every where one might look, he would see heavy equipment digging or filling holes, building bomes, buildings, and boat houses, clearing the land and building levees. Many fur bearing animals were shipped into Cameron Parish to start the growth of fur bearing animals once more in our refuges.

OUR REFUGES HAVE survived through floods, freezes, and storms. I think it takes more than just the will of individuals, but the will of groups and organizations.

When looking over our fabulous marsh lands, one might get the feeling of endless, useless waste lands. Little does any one realize that out there in all that grass and mud is Cameron's fortune. Here lies most of it's natural resources. We jump to conclusions to conclusions too quickly, without stopping to think what a lot of the people would do for employment if it weren't for this "useless waste land."

Our refuges have many jobs the people don't see or think they are doing. After studying about them I realize they have many more functions other than furnishing a place for animals to stay. It takes experienced, educated people to do the research and other things not seen on the surface. It takes hours of work to run a refuge efficiently.

Rex Allen, the Cowboy's cowboy, who has a special preference for entertaining children and young people will be the central figure at this year's 21st annual Southwest District Livestock Show and Rodeo at McNeese Arena in Lake Charles. Tickets are on sale now by mail at Rodeo, Box 1111, Lake Charles, La. The show's main business is the display of prize livestock by 4-H and FFA boys and girls from 13 Southwest Louisiana parishes.

Is a rodeo a sport? Arguments wax hot on point raised by Press scribe

The perennial controversy about whether rodeo is a spectacular sport or merely a spectacle is simmering in Lake Charles again as preparations start for the annual Southwest District Livestock Show and Rodeo here a month from now.

Truman Stacey, redoubtable sports editor of Lake Charles American Press is the spokesman for those who deny that rodeo is a sport.

"Rodeo is no more a sport than is bull fighting," stacey said in a repetition of a column of his that won him some bitter fame in stockmen's circles not long ago. "They (rodeo and bull fighting) are both art forms, like the ballet or the theater, but they both lack the ingredient which, in my mind at least, is essential to all sports: a competition based on a fairly established set of rules in which each side has a chance to win."

Stacey's opposition is led by Charles C. Collet, President of Southwest District Fat Stock Show, Incorporated, which sponsors the annual event at McNeese Arena in Lake Charles, says that Stacey's definition of what the word "sport" means is far too narrow.

"With an idea like that," Collet declared, "every hunter and fisherman in Southwest Louisiana or anywhere else, for that matter couldn't call himself a sportsman. And what about such a competitive sport as polo? A great deal depends on the training and mood of the pony in polo at least as much as in a rodeo exhibition."

The reference to polo was in connection with another statement that sport scribe Stacey had made in his column: "If every rider (in a rodeo) rode the same bucking bronc, then you'd have a valid basis for competition. Or, if every roper had to rope the same calf, you'd have the rediments of a sport.

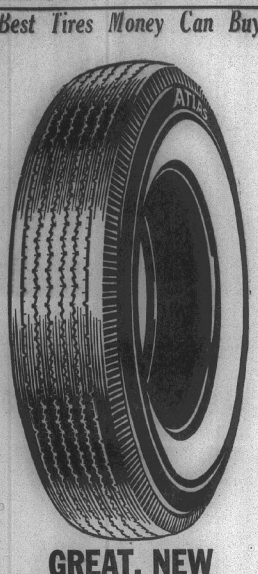
"If a rider draws a mount that gives him plenty of, action, and he is given an opportunity to show off his skill to an appreciative audience, he has a much better chance of winning than if he draws a mount that wheezes a few times, and then leans against a post and goes to sleep. There is too much luck involved in the draw."

But the element of luck, Collet and other rodeo enthusiasts pointed out, is present to a considerable extent in all sport. What, they asked, about the position of the sun or the floodlights at football and baseball games, and the relative sensitivity of players' eyes to glare? and left-handed batters? What about horses who can run well on a wet track as against those who do best if it hasn't rained over the race course recently? What about the purely lucky advantage of the exceptional player in basketball?

Louisiana High School Championship Rodeo Slated in Sulphur June 15-18

The 1960 edition of the Louisiana High School Championship Rodeo will be staged in Sulphur June 15-18, according to announcement made today by John D. Vallot, secretary and publicity chairman of the state rodeo association.

Events which will highlight the annual state-wide program will be bareback bronc riding, bull riding, steer dogging, tie down calf roping and team roping contests.



Girl contestants may participate in the following contests: cloverleaf barrel race, pole bending, queen's contest, breakaway roping, and cutting horse contest.

The same eligible rules will apply this year, Vallot explained. A student must have passed three subjects in school work, must have completed the ninth grade and can be in any of the other high school grades, and cannot be over 20 years of age.

An affidavit signed by a notary public will be requested on the entry blanks, which will be mailed to contestants around April 1.

First, second and third place winners in each event will be eligible to participate in the National High School Rodeo to be held in Hot Spring, South Dakota August 1-21.

STEP OUT IN IT

Get the quiet proof of Chevrolet's superior performance on the road—No other car in the low-priced three can match the borne-on-the-wind sensation you get from a ride in the 1960 Chevrolet. But that's not surprising when you consider to what lengths Chevy has gone to provide for your comfort at no extra cost to you. As you drive, count the ways Chevrolet has been thoughtful:

Supple Full Coil suspension—Coil springs at *all four* wheels melt bumps as no other suspension can. Taking the punch out of rough roads is their *only* function—they don't have to anchor the rear axle.

Butyl rubber body mounts—Thicker, newly designed body mounts further insulate you from the road.

Body by Fisher—Only Chevy in its field offers the polish and craftsmanship of Body by Fisher.

Foam cushioned seats—Chevy offers foam cushioned seats in *both* front and rear in all series but one.

Safety-Girder frame—X-built and not merely X-braced, the Safety-Girder frame affords greater rigidity to minimize twisting and squeaks.

Hydraulic valve lifters—Oil hushed hydraulic valve lifters reduce engine noise to a whisper.

Cushioned steering shaft—A universal joint and cushioned coupling keep those annoying road tremors from the steering wheel.

Precision balanced wheels and tires—Here again Chevy has shown concern for your comfort by eliminating vibration in this vital area—tire life is longer, too.

Easy steering ratio—Chevy's high ratio Ball Race steering takes the work out of steering for you.

Superior weight distribution—Chevy rides better, handles better and stops better because the car's weight is more equally divided between the front and rear wheels.

Wide choice of power teams—Choose from 24 different power combinations to satisfy the itchiest driving foot—more than *any* other car.

Johnson Bayou News

Activities are brisk on Bayou these days

By MRS. M. C. JOHNSON

Activity on the Bayou continues to mount as new oil rigs are brought in, buildings put up, and work continued on the road. Latest reports on the road indicated that oil would be put on next in preparation for the asphalt topping.

Uriah Trahan's place has been the scene of new building. A cafe has been constructed and will be operated by Mr. and Mrs. Willie Trahan. Also built is a new house which will be rented.

Students of the Johnson Bayou School have been busy selling advertisements for their year book. Reports are that they are doing quite well. Last week the boys sold ads in Sulphur and the girls worked in Cameron. A few days previous, they worked in Port Arthur.

LAST FRIDAY night, Larry Jinks, Gwendolyn McRight, Patsy Hebert and Ernest Carroll Trahan attended the first annual Cameron Parish 4-H Leaders banquet in were Mr. and Mrs. Norris Leger.

Several Royal Ambassador boys from the Johnson Bayou Baptist Church attended the Carey attended the Carey Baptist B.A. Conclave last Friday night at the Twelfth Street Baptist Church in Lake Charles. They were Dale Jinks, Tommy and George Griffity, Jeff Wilson, Dwight Erickling, and Howard Romero. Counselor accompanying the group was the Rev. M. C. Johnson.

We extend our deepest sympathy to Mrs. William Wilson, whose brother, Spurgeon Tharington died Sunday. He had been ill for some time. Interment was Tuesday in Snow Hill, North Carolina.

This week we welcome to our community two new families who have moved into the Mobil Oil Company Camp: Mr. and Mrs. Harry Zinner and Mr. and Mrs. Beard come here from Lake Charles.

Sunday visitors in the Billy Griffith home were Mrs. Griffith's mother, Mrs. J. T. Edgerton of Orange, Texas. With her were Mrs. Jewel Edgerton and two boys, and Mrs. Betty Tarver and children, also of Orange.

DANIEL BILLIOT has been hospitalized in Lake Charles at St. Patrick's Hospital. Last Tuesday while the boys were playing baseball, Daniel was hit in the eye with a batted ball. A blood clot formed, but doctors are hopeful it can be dissolved without surgery.

Barbara Faye Foster spent last weekend visiting her daddy, Horace Foster in Vidor, Texas.

Mrs. Elvin Donahue and family spent the weekend in Cameron with her parents, Mr. and Mrs. James D. Savoie.

Last Thursday night two Billy Graham films were shown. "The Heart is a Rebel" had been scheduled for Monday night previous, but due to speaker difficulty, it was postponed until Thursday night when it was shown along with another of their shown along with another of their films "Wiretappers". A capacity crowd attended and nine decisions were made.

Mrs. Ira Jinks and family spent Sunday visiting in Hackberry and Cameron.

Sunday visitors in the Roy Billeaud home were Mrs. Billeaud's sister and family the Norris Mhire's of Grand Chenier, and Mr. Billeaud's sister, Mrs. Tom Mudd of Creole.

Mr. and Mrs. Dennis Burch spent a few days visiting in Orange, Texas last week.

The Sully LeBermands spent Friday night and Saturday in Hull, Texas, visiting their parents who have been ill.

Visiting several friends on the Bayou over the weekend were the Homer Qualls family of Opelousas. They are former residents of Johnson Bayou.

The Rev. M. C. Johnson attended the State Evangelistic Conference in Shreveport recently.

PEGGY EDGERTON of Orange spent last week with her sister, Mrs. Billy Griffith.

Mrs. M. C. Johnson and daughter, Sue Lynn recently made a trip to Dallas, Texas to visit relatives. From there they went to Spiro, Oklahoma and Fort Smith, Arkansas. All that trip that far north, and not one snowflake was visible.

The Woman's Missionary Society of the Baptist Church had a mission study Tuesday in the home of Mrs. Olie Clark. "Reaching Rural Churches" was the book studied and a good group of ladies attended. Teacher was Mrs. M. C. Johnson, assisted by Mrs. Joe Erbelding, Jr.

The annual drive for funds for National Heart Association is now in progress. Attorney J. B. Jones of Cameron is Parish Chairman this year. Assisting him by collecting money from Johnson Bayou will be Mrs. Allie Billeaud, Mrs. Claude Rutherford, and Mrs. Helen Johnson.

They have set next Tuesday to make the rounds of the homes in the area to collect your contribution to this worthy cause of Heart Research. It is respectfully requested that you please have your donation ready when they knock at your door.

We would like to add our congratulations to Mrs. Bernice Stewart for her recent award by the Press Association. Her column every week reflects a job well done.

GRAND CHENIER NEWS

New road out to Tiger Island ridge to be built soon at Grand Chenier

By ELORA MONTIE

A survey was made Monday for a half-mile addition to the Parish road from the late D. A. Bertrand old home place to Joe Kershaw's home — which is known as Tiger Island Ridge.

There are three homes along this stretch and this fall a student living there will be starting school.

These folks had no road in the past—only a trail. Most of the time they had to come out to the road on foot.

George Kelley of Cameron begins Tuesday reparing the Parish Roads by hauling dirt or shell where needed in ward one here.

Mr. and Mrs. Louis Fergerson who lived here for about six months working for Fifteen Oil Company have moved back to Franklin because of sickness.

The Grand Chenier Altar Society met Friday night at the home of Miss Oma Miller's. The next meeting will be at Mrs. Gladys McCall's home.

The meaning of Mass was discussed by Rev. Father F. X. Lanove.

Mr. and Mrs. Robert Mhire of Grand Chenier purchased a new green Ford pickup truck last Friday.

Get well wishes this week go to Pevate Miller, who has been sick in bed for about a week, Mr. and Mrs. Sam Doland, and Mrs. Denris Bonsall.

Mr. and Mrs. Bobbie Harmon, who moved here from Oakdale into the H. A. Miller apartment, announce the arrival of a baby girl, Kathy Ann, weighing 6 lbs., 8 oz. This is their first child.

MARTIN DUPUIS of Lake Arthur was a visitor in the home of Mr. and Mrs. Clabert Dupuis Sunday.

Mr. and Mrs. Pat Doland of Lake Charles spent the weekend with parents Mr. and Mrs. D. Y. Doland.

Mr. and Mrs. A. D. Trahan and children were weekend visitors in Port Arthur.

Horace Mhire will be in New Orleans for a few days this week for a check up.

Mr. and Mrs. Earl Doland and Mr. and Mrs. Bob Doland all of Lake Arthur were Sunday guests of Mr. and Mrs. D. Y. Doland. They all enjoyed a barbecue.

Mrs. D. Y. Doland, Billy and Chery were in Groves, Texas, Monday afternoon. They visited with a daughter and family, Mr. and Mrs. Gene Coatney.

Sostan Broussard of Pecan Island was a business visitor on Grand Chenier Friday.

Mr. and Mrs. H. A. Miller, Mrs. Angeline Mhire, and Mrs. Steve Canik all of Grand Chenier, visited in the home of Mr. and Mrs. Cecil Bates in Orange, Texas, Thursday.

Mrs. Leonard Miller took her brother, Fred Doucet, back to the hospital Monday. Fred underwent surgery a few weeks ago. He had spent a few weeks with Mr. and Mrs. Miller.

Mr. and Mrs. Drozan Miller, Mr. and Mrs. Callan Bradley and daughter, her husband and children of Lake Charles spent the weekend in their hunting and fishing camp here on Grand Chenier.

MELODIE ANN Suire enjoyed her birthday party Monday, February 8th, with 38 children and 12 mothers enjoying cake and punch as refreshment.

There were ballons and favors for all. Michael Hartwell, Charlotte Brasseaux and J. C. Good were prize winners.

Melodie wishes to extend a "Thank You" to her many guests and the many thoughtful gifts she received.

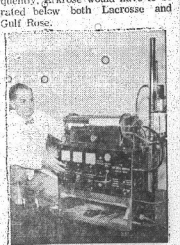
MEET LITTLE Allen Keith Hebert, who was born on June 11, 1959. He is the son of Mr. and Mrs. Allen Joseph Hebert. Mr. Hebert is presently stationed with the Marine Corps component in Seoul, Korea, and Mrs. Hebert, the former Norma Jean Broussard, is living in Lake Arthur.

Grandparents are Mr. and Mrs. John Broussard of Lake Arthur, Mrs. Lena R. Hebert of Cameron and Clifton Hebert of Erath.

Two varieties of rice compared by specialist

By HADLEY FONTENOT
County Agent

For the benefit of rice farmers who are planning to plant either of the two Hoja Blanco resistant varieties, Lacrosse or Gulf Rose, here is some other good information furnished the county agent by Lewis Hill, rice specialist.



Gulf Rose and Nato look so much alike that there is great danger of mixing the two at the dryer. Where mixtures occur there is obviously no way of separating them, and in case of an attack of hoja blanca any appreciable mixing would render the particular lot of seed useless.

Another factor that should be considered is the relatively weak straw of Gulf Rose. Excessive amounts of nitrogen will probably cause considerable lodging.

It has also been called to our attention that even though Lacrosse and Gulf Rose are both rated resistant, leading authorities agree that Lacrosse probably shows more resistance. In addition, plantings of Lacrosse made after the 20th of May will mature more evenly and give higher milling yields.

Another important consideration worth discusing is the relatively great difference between yields of Lacrosse and Gulf Rose. Louisiana Experiment Station reports show that Lacrosse out-yielded Gulf Rose in Louisiana by several hundred pounds. Samples of milled Gulf Rose look very good according to reports of Experiment Station Personnel.

Sole farmers have asked about Arkross. It is rated only moderately resistant to hoja blanca while both Lacrosse and Gulf Rose are rated resistant. Besides, the Arkross variety has given relatively low yields in Louisiana. Consequently, Arkrose would have to be rated below both Lacrosse and Gulf Rose.

NEW HEART-LUNG MACHINE, developed with the support of Heart Fund dollars, is displayed by Dr. Robert E. Gross of Children's Hospital, Boston, a pioneer in modern heart surgery. The device requires much less blood for priming purposes than older models, and doubles the number of heart operations a surgeon can perform in one day. The Heart Fund campaign will reach its climax with a nationwide residential collection on Heart Sunday, February 28.

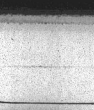
IF YOU FILED EARLY, YOU GET PAID EARLY



Taxpayers of Louisiana are heeding the advice of District Director Chester A. Usry to file their income tax returns early so that they may receive any refund due them as quickly as possible.

Mr. Usry said 28,000 taxpayers already have filed their 1959 returns presumably because many of them may have a refund coming and they are eager to get it.

An Earlier Day

Uncle Carter brings home the bacon . . .

By ARCHIE HOLLISTER

During the closing decades of the nineteenth century, about the only contact the people of the cheniers had with the outside world was by means of small schooners that ran to Galveston, and less frequently to other ports along the coast. The fall of the year was a busy season with them for then they were hauling cargoes of cotton, oranges, and syrup to market.

No captain attempted anything like a regular schedule; when he had enough goods to make a trip worthwhile, he went, depending always upon the weather, his own convenience, and his occupation with other affairs. It was to be expected that boat service during the summer months would be infrequent and erratic.

One spring day, old Uncle Carter Sweeney, hearing that a schooner had come in from Galveston that morning, decided that he would drive down to the river and talk to the captain. He may have had goods on the boat that he had ordered previously, he may have wanted to place an order, or perhaps he merely wanted to get the latest news. Uncle Carter was quite capable of leaving his farm work at any time, with or without a valid excuse. After all, the boys could take care of the crops.

While talking to the captain he noticed that his neighbor, Mr. Doland, was loading two fifty-pound lots of salted bacon onto his wagon. This reminded him that he had run out of bacon himself, and he turned to his neighbor.

"You know, Tom, I'm out of bacon too," he said. "We've been living on fried chicken of my house so long that the old lady and the kids are beginning to sprout pin-feathers. Tell you what I'll do, Tom . . . If you'll let me have one of those slabs, I'll have the captain bring another to replace it the next time he goes to Galveston."

THIS PROPOSAL would normally have been considered a fair enough exchange among neighbors, and no doubt Uncle Tom would have agreed to it readily at another time. But on this occasion he demurred. There was no question as to whether Uncle Carter would return the bacon, but there was a very large question as to when the schooner would make a return trip to Galveston; it might be only a few days—again it could well be weeks before Uncle Carter could repay the loan.

And Uncle Tom did not propose to be without meat; he was a man who did a tremendous amount of hard physical labor himself, and he had a large family that did likewise. He figured that he needed that bacon. Consequently he took both slabs home with him and hung them in his own smokehouse that night. And if he gave any thought at all to his neighbor's baconless state, he probably reflected that Carter would not suffer unduly on a fried chicken diet for a while longer.

The next morning Mrs. Doland went out to the smokehouse to get some bacon for breakfast. To her astonishment, there was no bacon to be seen; someone had removed it during the night, not just one slab either, but both. Understandably, Uncle Tom was enraged. He spoke heatedly and repeatedly of thieves in general and several sons-and-so's in particular whom he suspected of being the guilty parties. He looked around for tracks, and he questioned his neighbors, but he failed to uncover a single trace of the theft.

Thus matters rocked along for a couple of weeks. Then one afternoon Uncle Carter pulled his team to a stop in front of the gate.

"Come out here, Tom," he said. "I've got something in the wagon that you'll be glad to get."

When Tom reached the wagon, Carter pointed to two fifty-pound slabs of bacon lying there. "Here's your bacon Tom," he said. "Much obliged for the loan." The schooner just got in from Galveston today. Now Tom, be this as it may, as to you. If you had been generous the other day and shared your bacon with me, I wouldn't have had to come and steal it out of your smokehouse that night, and we both could have been eating bacon all along. As it turned out, I had bacon and you didn't."

By Mrs. Eldie Cheramie

To report news for the town of Cameron telephone Mrs. Cheramie at PR 5-5553.

Baptist WMU group is organized here

A Women's Missionary Union was organized last week for the First Baptist Church of Cameron, with the following officers being elected:

Mrs. G. P. Fournet, president; Mrs. W. A. Shores, vice-president; Mrs. John Ryan, secretary-treasurer; Mrs. Hans Ratcliff, youth director; and Mrs. R. C. Freeman, circle chairman.

The group will meet as a study club for the first three months to learn the fundamentals of the organization and will then begin regular meetings. Community activities will be planned later.

The WMU will meet every first and third Mondays of the month. The next meeting will be at 7 p.m., Feb. 15, in Mrs. Fournet's home.

Cub Scouts observe 50th anniversary

The Cameron Cub Scout Pack No. 102 is observing the 30th anniversary of the Boy Scouts of America.

The cubs attended the churches of their choice on Scout Sunday and then were taken to Fred's restaurant for dinner by the den mothers.

The scouts have their handicraft on display at the library and invited everyone to go by and see it. Den mothers, Mrs. Dallas Theriot and Mrs. Virginia Hoston gave their dens valentine parties. The cubs will begin selling flower and garden seeds soon to raise money for their activities.

The deadline for new members is March 15.

The parents of the cub scouts met in the home of Mrs. Dallas Theriot on Feb.4. Present were Mrs. Crandall, Mrs. Girard, Mrs. LaLande, Mrs. Holston, Adam Kershaw, Dallas Theriot, Mrs. Walter Peshoff, Mrs. William Curtis Roux and Mrs. Alberta Labove.

Miss Thania Savoie, above, daughter of Mr. and Mrs. Adam (Jodie) Savoie completed he first semester at LSU with high honors.

She ranked second in Algebra among 5,000 students, with an average of 97. She had an "A" average in 4 other subjects, a "B" average in the other 2 subjects. She was awarded a scholarship to LSU for outstanding work with the Red Cross after Hurricane Audrey. Miss Savoie graduated from LaGrange Senior High as co-valedictorian. Her plans are to major in Nursing.

VFW post and auxiliary hold monthly meetings

The Cameron Veterans of Foreign Wars Post No. 10019 and the women's auxiliary both met this past week.

Commander C. M. Singletary urged that more members attend the post meetings.

At the auxiliary meeting, it was announced that the group had made the following donations in 1959, $150 to needy families, $10 to the cancer drive, $10 to the Mrs. Crandall, Mrs. Girard, Mrs. veterans hospitals and five baskLaLande, Mrs. Holston, Adam ets of groceries to families in the Kershaw, Dallas Theriot, Mrs. Cameron area.

Corvair coupes now in production

Chevrolet has added a new 2-door coupe to its Corvair line and shipments to dealers are now under way. The new model of the rear-engine compact car has the same basic dimensions as the 4-door Corvair sedan, but has its own distinct sporty styling motif. This is accented by a split front seat and a new roof design which features a large sloping rear window.

Audrey school gets several improvements

By MRS. LEE J. HARRISON

Thanks to the school board and others, Audrey Memorial School now has several new improvements.

A basketball court has been built; a sewing machine and piano bought, and shell put on the service road. The road had been in very bad condition.

The girls are very excited over the sewing machine and anxious to learn to sew. Through the 4-H club and Mrs. Free the girls will be taught sewing.

The school would also like to express appreciation to the scout leaders and committeemen for the material they gave to build swings.

Gulf Coast Soil Conservation district supervisors attend national meeting

By MRS. TOM TAYLOR

Supervisors of the Gulf Coast Soil Conservation District who attended the 14th annual convention of the National Association of Soil Conservation Districts in Louisville, Kentucky last week were David Morgan of Jennings, Tom Thomas of Roanoke, Mark Richard of Cameron and R. O. Hackett of Sweet Lake.

They were accompanied by Joe Primeaux of Hayes who is District manager.

Among those from Sweet Lake who have been attending the Adult Education night classes at the Bell City School were: Mrs. Albert Guidry and Mrs. Joe Fruge. They have completed their 90 hour course of study which entitles them to a High school diploma. Last Friday they took their final examination at McNeese and will receive their diplomas in the near future.

Mr. and Mrs. Eraste Hebert had as their dinner guests, Monday, Mr. and Mrs. Ed Runte of Lake Charles.

Last week Mr. and Mrs. Lee Ellis Walding of Conroe, Texas spent a couple of days in the home of her parents, Mr. and Mrs. Raymond Fusilier. Sunday guests in the Fusilier's home were Mr. and Mrs. Eraste Billedeaux and daughter, Mr. and Mrs. John Billedeaux and children, Mr. and Mrs. Harry Chesson and two children, all of Lake Charles.

Mr. and Mrs. Boyd Faulk and three children of Groves, Texas were recent visitors in the home of her parents Mr. and Mrs. M. Waldring.

Mrs. Lily Robinson and daughters Annie Lee and Velma of Lake Charles visited friends and relatives in Sweet Lake, Sunday.

JULIAN VERRET was a business visitor in Sweet Lake last week. Mrs. Verret did not accompany him as planned due to a serious illness of which she has been confined to her bed for several days.

Mr. and Mrs. Albert Guidry attended the wedding of their friends, Miss Martha Marceau and Melvin which was solemnized last Sunday at the Catholic church in Gueydan.

Mr. and Mrs. Charles Precht and Mr. and Mrs. Charles Hebert left last Friday for Colorado where they will be visiting with relatives, the Melvin Heberts.

Mr. and Mrs. Lyons Breaux and family were recent visitors in the home of her mother Mrs. Andrew Gatte of Evangeline.

Mr. and Mrs. W. J. LeBleu arrived home Saturday from Dallas where they had been visiting with their son and family, the Allen LeBleus.

They thoroughly enjoyed every moment of their visit, Mrs. LeBleu said.

THOUGHT FOR the week:

I expect to pass through life but once. If therefore, there be any kindness I can show, or any good I can do to any fellow being, let me do it now, and not defer or neglect it, as I shall not pass this way again.

Judith Ann Duplechain, Edwin Quinn are married in Lake Charles Sat.

By MRS. H. D. PRIMEAUX

Judith Ann Duplechain, daughter of Mr. and Mrs. Abel Duplechain of Lake Charles, and Edwin Quinn, son of Mr. and Mrs. George C. Quinn of Cameron, were united in marriage by the Rev. Father Bodin, Saturday, Feb. 6, at 10 a.m. in the St. Margaret's Catholic Church in Lake Charles.

The bride, given in marriage by her father, wore a formal gown of white net over satin that had a fitted bodice with long sleeves that came to a point over her hands, and a flaired skirt with a train. She wore a finger tip veil that was held in place with a crown of pearls and rhinestones. Her choker necklace was made of pearls and rhinestones and her earrings were made to match. She carried a bouquet of white carnations on a white missal.

Maid of honor was Glynn Quinn, sister of the groom, who wore a street length dress of nylon over taffeta in a mint green color that had puffed sleeves. Her headdress consisted of a band of white net with sprays of white flowers.

Bridesmaids were Glenda Lyons of Sulphur, Wanda Chaumont of Lake Charles and Thania Savoie also of Lake Charles. They wore identical dresses as the maid of honor.

Groomsmen were Phil Duplechain, brother of the bride, G. C. Quinn of Cameron, Robert Mudd of Cameron and Wayne Fontenot.

The young couple left on a wedding trip to Beaumont, Texas. The bride wore a green gabardine suit with black accessories as her traveling costume.

Mrs. Quinn attended LaGrange High School in Lake Charles and Mr. Quinn is a 1956 graduate of Creole High School. He also attended McNeese State College.

They will make their home in Cameron.

GILBERT LEE DAIGLE

Mr. and Mrs. Charles Daigle, Grand Lake, announce the birth of a son, Gilbert Lee, February 2, at St. Patrick's Hospital in Lake Charles. The baby weighed 6 lob., 1½ oz.

Grandparents are Mr. and Mrs. Ophrin Daigle, Grand Lake; and Mr. and Mrs. Leon Hebert, Cameron.

LIBRARY LETTER

Cub Scouts exhibit their handicraft

The Cub Scouts of Cameron have been busy this year. Many interesting things made by Den I and Den II are on exhibit at the Library. They include a jewelry box and baskets made by Glenn Theriot, a miniature hot house and a bird house made by Russell Billiot, a stool made by Morris Hebert, flower pot made by Edward Peterson, a boat made by Joe Clark and a jewelry box made by Andre Giroir.

Bennett Laland and Ralph Concer have entered coin collections. Glenn Theriot and Michael LaBove have on exhibit scrapbooks that they made.

Den mothers are Mrs. Dallas Theriot and Mrs. James Holston.

The Library is proud to have had a part in their program this past year by furnishing handicraft books, skits, history of the Boy Scouts, etc. for their use.

"DO YOU HAVE a book on State Flags, flowers and birds", is a question often asked at the library. The book "State Names, Flags, Seals, Songs, Birds, Flowers and Other Symbols" by Georgs Shankle gives many interesting facts about the states. "The five nicknames which have been applied to Louisiana are: 'The Child of the Mississippi River', the 'Creole State', 'The Holland of America', the 'Pelican State', and the 'Sugar State' " is an interesting quote from this book.

Your Library has numerous books with a Louisiana setting such as Lyle Saxon's "Old Louisiana", Harnett Kane's "Plantation Parade" and Robert Tallant's "Voodoo in New Orleans".

Visit your library or bookmobile soon.

LOWERY, LAKE ARTHUR & KLONDIKE

Boy Scout Week observed in area; Heart Fund campaign in progress

By MRS. BERNICE STEWART

Since this is National Boy Scout Week, the Cub Scouts and Boy Scouts in these communities made a special effort to attend the churches of their choice last Sunday morning and to sit in a group in each place of worship.

We salute you, young Americans. We know of no organization for young age group that is more worthwhile. We are proud of you scouts, who in another decade or two will be the young adults of our country. We are grateful to the scout leaders and to the den mothers, who are giving of their time and talents to guide you today.

HEART FUND DRIVE

The 1960 Heart Fund campaign got underway last Monday, as civic leaders began solicitations.

Community chairmen here are Ray Pearson and R. O. Doland. The quota for Lake Arthur has been set at $375. The Lake Arthur High School students are bringing in donations.

BABY SHOWER

On Sunday evening members of the Lake Arthur Methodist church honored their pastor and his wife, the Rev. and Mrs. Jack Winegeart, with a baby shower for their newly adopted daughter, Sallie Anne.

A family night supper was enjoyed also on this occasion.

The M.Y.F. was in charge of the 7 p.m. church service.

WMU MEETING

Tuesday afternoon W.M.U. members met at the Baptist church for their monthly Royal Service program. The study dealt with Panama Canal one and the San Blas Indians. It was under the direction of Mrs. Robert Durapou. Participating on the program were Mesdames J. L. Parker, Floyd Young, Lynes Conner, and Gene Howell.

On Monday evening the Dorcas Circle of the W.M.S. of the Baptist Church met in the home of Mrs. Augusta Broussard.

A program was presented by Miss Mecille Richard, Miss Martha Young, Mrs. Muiel Campbell, and Mrs. Broussard.

WSG MEETING

The Wesleyan Service Guild of the Methodist church met Tuesday evening in the home of Miss Doris Lockwood, Mrs. Eunice Comeaux acting as a co-hostess.

"This Is The Day," was the title of the program, which was presented by Mrs. A. P. Stewart, Mrs. Jack Perkins, Mrs. A. S. Hollister, Mrs. Gene Winegeart, Mrs. Eunice Comeaux, Mrs. R. O. Doland, and Mrs. Maurice Broussard.

On Friday evening Miss Mecille Richard entertained the Junior training union class at her home with a party.

Games and songs entertained the girls, who were Linda Whitman, Darlene Williamson, Ruth Elliott, Janie Moore, Wenda Nolan, Freida Newsom, Eileen Jones, Sarah Williamson and Mrs. Vetra Hobbie.

GOING-AWAY PARTY

A surprise going-away party for Dianne Monroe, who with her family is moving to Ruston, was staged in the LeRoy Oliver home Friday, Pat Oliver playing the role of young hostess.

Games were played. Refreshments of cake, cookies, candy, and cold drinks were served to Betty Ann Hoag, Linda Whitman, Linda Duhon, Barbara Nell Vincent, Prissy Oliver, Susan Oliver and Peggy Chapman by Pat and Mrs. Oliver.

BIRTHDAY PARTY

Sue LeBlanc was honored on her 14th birthday with a party at the home of her parents in Lowery Saturday evening.

Games were played; gifts were opened and admired. Then cake, cookies, candy and punch were served to Margaret and Paul de Launay, Joyce and Stanford Dugas, Linda Whitman, Sharon Henry, Edith Nolan, Wade Delso, Betty Monceaux, Charlotte Berkens, Sallie LeBlanc, and the honoree, Sue LeBlanc.

TIGERS LOSE GAME

The Lake Arthur Tigers on Thursday night lost a basketball game to the Fenton Golden Eagles, the score being 22-11.

For Lake Arthur, Bobby Byler was high with 5, followed by Franky Lilley with 4.

Attending the funeral of Jimmy Meaux in Grand Chenier last Tuesday were Mr. and Mrs. George Savoy, Mr. and Mrs. Wayland Welch, and Mr. and Mrs. J. W. Rutherford, Sr.

Mr. and Mrs. Percy Boudoin and Mr. and Mrs. W. J. Broussard and daughters, Gayle and Louise, all of Sulphur, spent Sunday with Mr. and Mrs. Arceneaux Baudoin of Lowery.

Logan Abshire, Allen Broussard, and Harold Richard left Sunday for New Orleans in order to take an Army test.

Alan, six-year-old son of the Bernard Hartwells has been ill with bronchitis this past week.

Dinner guests in the D. A. Hardee home on Sunday were Mrs. Mildred Brown and son, Raymond, and Mr. and Mrs. John Miller and children, Pamela, John Wayne, Donna, Jeanie and Joy.

Joining them in the afternoon were Mr. and Mrs. Dean Blackwell, Andy and Randy of Lake Arthur and Mr. and Mrs. Louis Michon, Jr., and children, Ann, Ricky, Tommy, Carolyn, Timmy, David, and Bobby of Lafayette. Mr. Michon was elected representative of Lafayette in the second primary.

Mrs. Everett Roy, recently operated on at Memorial Hospital in Lake Charles, has been recuperating in the home of her uncle and aunt, Mr. and Mrs. Arceneaux Boudoin.

However, on Sunday Mrs. Roy left for her home across the lake.

NOW IN FRANCE

Carolyn Boudoin reports that her brother, Ray Allen Boudoin, stationed with the U.S. Army in France, likes it there very much.

While D. A. Hardee attended a meeting and dinner for the Farm Bureau Saturday, Mrs. Hardee, son Greg, and Misses Martha and Margie Whitman shopped in Welsh.

A. P. Stewart planted over 60 pine seedlings on his property last week. He has also planted some dogwood and holly.

On Sunday Mrs. Wiliam deLaunay, Miss Vivian deLaunay, Mr. and Mrs. Gus Laurents, Sr., drove to Lake Charles to visit Mr. and Mrs. Ambroise deLaunay.

Charles Campbell left Thursday for Springfield, Va. He plans to spend several days with his cousin, Lt. Col. Robert Laurents, and family, prior to entering U.S. Army service. Mr. Campbell was graduated from McNeese College last month.

Miss Mayola cain spent last weekend in Crowley with the Misses Ethel and Betty Gooch.

Mr. and Mrs. Benoit Guidry of Sulphur spent Thursday with the Mayo Cains.

Mrs. Inez Cain has been ill for some time.

Guests of the Mayo Cains recently were their daughter and granddaughter, Mrs. Otis LeMaire and Kimberly.

Mrs. Iva Free was a visitor in the Klondike community on Thursday.

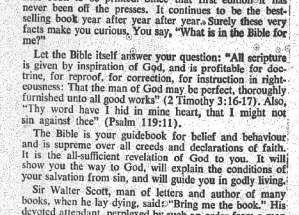
NEW TRUCK

L. O. Broussard has a dark gray 1960 GMC truck.

Daniel Broussard bought a new combine in Welsh last week.

Curtis Cain has bought the large three-story house plus five acres of land from Miss Ita LeDoux on Shell Beach, down at Lakeside. He will do some remodeling and redecorating before moving his wife and two little daughters there.

Seven-months-old Jessica, daughter of Mr. and Mrs. Ferris Broussard of Klondike, was in Jennings American Legion Hospital for three days last week with bronchial pneumonia.



Sunday dinner guests of Mr. and Mrs. Daniel Broussard were Mr. and Mrs. Randolph Aucoin and children, Mr. and Mrs. Wesley Kratzer and children, all of Lake Charles, and Mr. and Mrs. Albert Guidry of Sweetlake.

Mr. Kratzer is helping Mr. Broussard build the new barn on the farm of the latter. He has already built new cabinets in the kitchen.

Mayola Cain is recovering from flu.

The hard wind here last Wednesday about noon took the roof off an outhouse near Thornwell, and also blew down a few trees in this area.

A propane truck left the road at the junction of the Lowery-Thornwell road, jumped a ditch, and turned over in Marvin Stewart's rice field Sunday morning.

In 1526 for daring to translate and print the Bible into the language of common people William Tyndale of England was strangled and his body burned. He is not the only one to die because of his faith in this remarkable book. Hundreds have willingly gone to the martyr's death because of their desire for other men to know and believe the message of the Bible. They believed there was something in the Bible for the people.

One of the oldest books, and larger than most, the Bible was about 1500 years in the making and was written by nearly 40 different men. Five hundred years ago when the printing press was invented the Bible as we know it was already more than a thousand years old yet it was the first book to be printed. Since that first edition it has never been off the presses. It continues to be the best-selling book year after year after year. Surely these very facts make you curious. You say, "What is in the Bible for me?"

Let the Bible itself answer your question: "All scripture is given by inspiration of God, and is profitable for doctrine, for reproof, for correction, for instruction in righteousness: That the man of God may be perfect, thoroughly furnished unto all good works" (2 Timothy 3:16-17). Also, "Thy word have I hid in mine heart, that I might not sin against thee" (Psalm 119:11).

The Bible is your guidebook for belief and behaviour and is supreme over all creeds and declarations of faith. It is the all-sufficient revelation of God to you. It will show you the way to God, will explain the conditions of your salvation from sin, and will guide you in godly living.

Sir Walter Scott, man of letters and author of many books, when he lay dying, said: "Bring me the book." His devoted attendant, perplexed by such an order from a man whose library contained thousands of volumes, asked which one Scott wanted. And the weak but clear reply came: "There is but one book—bring me the Bible."

Baptists believe that other books will help you to understand God and to appreciate the message of the Bible; but they most emphatically say no other book and no other utterance can take the place of the Bible or stand equal with it in importance.

Why not read it and find its message for you?

THE FIRST EDITION PRINTED ON NEW OFFSET

Cameron Parish Pilot

FOURTH YEAR--NO. 21 | CAMERON, LA., FEB. 19, 1960 | 10¢ A COPY

A Bold, New Look!

Ladies' fashions have nothing on the Cameron Parish Pilot today. With this edition, the paper makes its entry into the field of(offset printing--a process which opens up a whole new world for the paper.

Among the many advantages offered through this new type of printing are sharper type, neater headlines, more attractive designs in advertising, and color.

But the most important advantage will be the improvement in printing of photographs. Offset newspapers are noted for the fine quality of their pictures, which often approaches the same sharpness as in the original photographs.

Previously printed by the conventional letterpress method of printing, in which metal type was used, the Pilot's type will now be set on typewriter-like machines; pasted up into pages and reproduced photographically.

Although it will take us a few weeks to get the kinks out of this new method, we promise our readers that they can look forward to a finer newspaper in the future.

IT WAS A BIG, WHITE, WONDERFUL WORLD---UNTIL IT MELTED!

Children all over Cameron Parish were excited to find a thick blanket of snow on the ground. These Grand Chenier youngsters who have just finished a snowman are, left to right: Rae Nell Maynard, Jimmie and David Chabreck, Robbie Dae and Katy Mhire and Denise Ann Decoty.

Busy clearing the snow off the Mermentau river bridge Saturday morning were these state highway employees from Creole, left to right: Eulice Boudreaux, Yenest Miller, Philbert Miller, Loudise Richard, and Armelian Broussard.

Klondike man killed when tractor upsets

Fabian Nolan, 45, Klondike, was killed instantly when a small tractor overturned with him Wednesday morning of last week while he was working in the rice field of Mrs. Adonis Vincent just north of the old Klondike School.

His body was taken to Geesey-Ferguson Funeral Home in Crowley and later returned to his residence in Klondike.

Rites were held Thursday at ten in the Methodist Church in Gueydan with burial in the Gueydan protestant cemetery.

Mr. Nolan was born Nov. 25, 1914, in New Iberia. He moved to Gueydan about 40 years ago. Most of his life was spent in the Klondike community. He had been living at his present location 12.

Survivors include his wife, the former Alice Hines; six daughters, Mrs. Austin Bertrand of Crowley, Mrs. Wadley Saltzman and Mrs. Douglas Trahan, both of Cameron, Mrs. Wallace J. Mallett of Lake Arthur, and Misses Mona Jane and Yvette Faye of Klondike; one son, Franklin Nolan, of Gueydan and Fred J. Nolan, OF Wilmette, Ill.; two sisters, Mrs. Lewis Hines of Gueydan and Mrs. W. J. Rollo of Milton, Fla.; and six grandchildren.

The family desires to thank publicly all friends for their kindness and for flowers sent and the Gueydan Methodist Church for meals served.

One death attributed to snow

The biggest snowfall in years came down on Cameron parish and the rest of Louisiana last Friday night, turning the area into a winter wonderland and causing one death in the parish.

The death was that of a Gueydan boat operator, who slipped and fell some 30 feet on a drilling rig in Grand Lake.

Other than this, there were no other serious accidents or wrecks reported in connection with the icy weather. State Police Cpl. C. E. Jones said there were no bad car accidents over the weekend, although a few cars slipped into the ditch.

The Sabine Wildlife Refuge, which keeps an accurate check on the rainfall, reported that the snow measured four inches Saturday morning, and the fall seemed to have averaged from four to six inches around the parish.

M. G. Richardson, Hackberry school principal, said that it was hard to get an accurate measurement on the fall, since the strong wind had piled up the snow haphazardly.

It was just two years ago on the same date--Feb. 12--that Cameron got another snowfall of several inches. That year the snow was deeper in Cameron than it was in areas to the north.

The snow curtailed travel somewhat Friday night and early Saturday morning, but by noon Saturday everything was about back to normal. The mail, however, did come out of Lake Charles Saturday because of the icy roads.

The Hackberry 8th and 9th grade basketball teams, which played in the McNeese tournament Friday night, were marooned when traffic was stopped on the Lake Charles bridge and had to spend the night in a Lake Charles motel.

In Cameron, Curt's Department Store reported that they had a big run on rubber overshoes, boots and gloves Saturday morning, as everybody prepared to get out and have fun in the snow.

KLONDIKE PHONES KNOCKED OUT BY VANDALS MONDAY

By Bernice Stewart

Telephone service was knocked out Monday evening for a two-hour period when a heavy submarine cable, laid across the Mermentau River at the Lake Arthur bridge, was chopped at each end, seemingly by an axe, where it rose from the water, and was stolen. All other exposed areas of cable in that vicinity were also cut and stolen.

The Klondike phones were out of order nearby all day Tuesday.

Edward Simon, manager of Southern Bell Telephone and Telegraph Co. in Jennings estimated the replacement cost as something between $3,000 and $4,000.

The thievery to date has not been traced.

Sidewalk to be built at Baptist Church

A concrete sidewalk will be built by the men of the church at the Cameron Baptist church Saturday, according to the Rev. Glen Fournet, pastor. It will lead from the road to the auditorium. Anyone willing to help is invited to do so.

Snow biggest event on Bayou for long while

By Mrs. M. C. Johnson
Johnson Bayou Reporter

As you would expect, the biggest news and most talked about subject on Johnson Bayou this week was the snow. I feel sure there were not as many snowmen in the northern part of our country as could be found down south.

Almost every house on the Bayou displayed their snowmen with great pride. The Creed Coffee's made a trip to Big Spring, Texas, and in their absence, their neighbors in the Mobil Oil Camp built a huge snowman so that it was still standing when the Coffee's returned late Sunday.

Mrs. Bill Trahan made an unusual contribution to the sights-in the form of a snowwoman with a flowing dress of snow. All in all it was about the most exciting thing for a long while here.

Mrs. Roland Jinks had a freak accident Sunday morning when she slipped on ice and fell down the steps. However, she is recovering very well.

About the only other accident which we heard about during the snow was that Joseph O. Griffith, better known as "Brother", lost control of his car on the ice and slid into a ditch.

33 Snowmen on Chenier--'count 'em!'

By ELORA MONTIE
Grand Chenier Reporter

Chenier folks were surprised last Friday morning when sleet began to fall, and even more astonished a few hours later when heavy snow began to come down. A snowfall of some five inches was experienced here.

Both children and adults had a wonderful time making snowmen. Some 33 homes with snowmen in their yards were counted. Mr. and Mrs. Howard Dupuis had the largest--six feet tall, with Mr. and Mrs. Kenneth Nunez's running a close second.

The only traffic Saturday morning were the oil field pumpers, oil trucks and oilfield workers. No accidents were reported.

Because of the icy roads, Murray Hebert was unable to bring the mail down from Lake Charles Saturday. Monday was a busy day for Mrs. Lee Nunez, postmaster, and R. C. Doxey, rural carrier.

The highway crew from Creole was out Saturday shoveling snow off the Mermentau river bridge. When the snow began to melt, it left the roads and yards very mushy.

It was exactly two years ago--Feb. 12, 1958--that Grand Chenier got several inches of snow.

Louisiana was represented at the 7th Junior Poultry and Egg Fact Finding Conference in Kansas City, Mo., last week, by five delegates and chaperones. They are: (left to right) Stella Jones, associate poultry specialist, Baton Rouge; Ross West, Jonesboro; David Lousteau, Napoleonville; Bobby Doland, Grand Chenier and Clyde Ingram, poultry specialist, Louisiana State University, Baton Rouge.

Seventy-five delegates from 24 states attended the junior conference held in conjunction with the Institute of American Poultry Industries' Fact Finding Conference for business. The Louisiana delegation's trip was provided by Louisiana Allied Poultry Industries. Junior Poultry Fact Finders discussed poultry processing, marketing, distribution, quality standards and poultry career opportunities at the three-day educational conference.

CHANNEL PROBLEMS AIRED

The problems which Cameron parish has in connection with the Lake Charles ship channel were aired at a public meeting held Monday evening at the Catholic Hall in Hackberry.

The meeting was called primarily to discuss what can be done to prevent Calcasieu lake from being filled up with the silt pumped from the ship channel.

But a major portion of the meeting had to deal with the proposed widening of the channel from 250 to 400 feet, and deepening of it from 35 to 40 feet.

H. G. Chalkley and Joe Tritico, members of the Lake Charles Harbor and Terminal District board, and Elmer Shutts, board engineer, told the forty or fifty persons in attendance that the board was just as interested as they were in solving Cameron's problems in connection with the channel.

"The prosperity of the Calcasieu and Cameron area is directly tied together and one must help the other," Mr. Chalkley declared. "But without a adequate ship channel to transport our petroleum products, we just aren't going to get much prosperity."

* * *

CHALKLEY STATED that the dock board would do all in its power to try to get a retaining levee or dike built in the Hackberry area so as to keep the spoil dredged from the channel from going into the lake.

The Cameron police jury recently requested Rep. Alvin Dyson to introduce a bill in the state legislature to appropriate $28,000 for this purpose, after it was found that the federal government would not put up money for it.

Mr. Chalkley also stated that the U. S. Corps of Engineers is also considering installing some system of revetment along the sides of the channel where it goes through the high land in the Hackberry area, so as to prevent erosion of the channel. He said it was estimated that such a project would cost $2 million.

Mr. Shutts reported that the 40 by 400 foot channel has been approved by the New Orleans District Engineer and is expected to be OKed shortly by the division office at Vicksburg. The project would then go to Washington.

If everything went well, work might possibly start on the project in 1962, he said.

* * *

CAMERON PARISH would again be called upon to assist in the securing of additional right-of-way for widening of the channel, both Shutts and Tritico stated. In fact, the parish would be invited to put up part of the money with which to purchase the right-of-way.

(The federal government would put up some $24,000,000 of the cost, but local interests would have to raise the other $8,000,000 needed, presumably by a tax issue.)

Mr. Tritico congratulated the Cameron people for calling the meeting on the channel.

"We're willing to do anything you want us to do to help you solve your problems," he stated, "but you have to tell us your problems. We can't read your minds."

Tritico said that if the law permitted, the Lake Charles dock board would be happy to pay for the erosion damages caused by the channel which the Cameron police jury is now paying.

(Cameron parish recently lost a $500 suit brought by a Hackberry property owner for damages caused the channel eating into his land. When the ship channel was originally built, the Cameron police jury agreed at that time to protect the U. S. government from any such damage suits arising.)

Hackberry police juror Bernard Duhon told the group that Cameron parish wasn't against the ship channel, but that the parish should have some protection from such damages as the channel erosion and the filling up of the lake.

C. A. Riggs, juror elect from Hackberry, said he felt that everyone was in agreement that the channel should be deepened and widened, but that he felt the Lake Charles dock board should assist Cameron in getting the spoil levee that it needs.

Alfred Duvall, who operates a fleet of boats in Calcasieu lake, told the audience that the lake was one and three-quarters feet shallower since the last dredging of the ship channel. He said if the government continues to dump the spoils in the lake, it will soon be filled up.

Gueydan man dies in fall on icy rig

The ice and snow over the weekend was apparently the cause of one death in Cameron parish.

Osten Joseph Bienvenue, 47, Gueydan boat operator serving the Willis Drilling Company rig number 7 in Grand Lake, was killed instantly when he fell about 30 feet from the top to the bottom deck of the rig at about 5 a.m. Saturday.

He had been sleeping on the upper deck of the rig and early Saturday had gone to seek about his boat tied to the pilings below. He was clad in pajamas and heavy boots when found.

Funeral services were held at 9 a.m. Monday at the Gueydan Catholic church, with burial in the Kaplan Catholic cemetery.

He is survived by his wife, his mother, Mrs. Isaac Beinvenue, and one sister, Mrs. Rufus Morgan, both of Gueydan.

Gus W. Schram, Jr. opens accounting office in Cameron

Gus W. Schram, Jr. of Lake Charles announces the opening of an office for the practice of public accounting in a building next to the Grand Theatre in Cameron.

He is married to the former Rose Marie Burton of Cameron.

Office hours will be from 8 a.m. to 5 p.m., each Saturday.

Credit Bureau organized here

A credit Bureau for Cameron parish is now a reality, according to Mrs. Sue Norman, owner and manager of the new bureau of which most of the parish's merchants and professional people are now members.

The credit bureau now has a membership of 52 business and professional people in Cameron, Creole, Grand Chenier, Holly Beach, Johnson Bayou and Hackberry.

A direct telephone line has been installed between Cameron and the credit bureau's central office in Sulphur and bureau members and other persons having business with the bureau are invited to use it. The telephone number is PR 5-5438 and calls can be made without long distance tolls being charged.

Mrs. Norman, who established the Credit Bureau of West Calcasieu in Sulphur in 1954, said it was decided to put in the direct line between Cameron and Sulphur rather than opening an office in Cameron so as to take advantage of the some 60,000 credit files in the Sulphur office.

The credit bureau not only is a source of information on the credit of individuals, it also operates a collection department and a bookkeeping service for doctors and lawyers.

The credit bureau is a member of the Association of Credit Bureaus of America and of the Louisiana association. Mrs. Norman is the educational director for the Louisiana association, a board member and bulletin editor.

She is a graduate of the management institute of the University of Texas and the University of North Carolina.

Albert Hantz of Hackberry dies Saturday

Albert Hantz, 45, a resident of Hackberry, died at 2:45 a.m. Saturday in the West Calcasieu-Cameron Hospital in Sulphur after a long illness.

He was born in Scott and had resided in Hackberry for 31 years. He had been an employee of the Pan American Petroleum Co. He was a member of St. Peter's Catholic Church of Hackberry.

The body was at the family residence in Hackberry, across the street from Hackberry High School.

Services were held in the St. Peter's Catholic Church at 9 a.m. Monday, February 15. The Rev. Theodore Brantley, pastor of St. Peter's Catholic Church, officiated. Burial was in St. Peter's Catholic Cemetery. The Hixson Funeral Home of Sulphur was in charge of arrangements.

A Rosary was said at 8:30 p.m. Sunday at the family residence.

He is survived by his wife Mrs. Erline Trahan Hantz of Hackberry; three sons, Albert Leo, Clifford Lee and Joseph Lynn Hantz, all of Hackberry; his parents, Mr. and Mrs. Alexander Hantz of Hackberry, one brother, Johnny Hantz of Hackberry; four sisters, Mrs. Wilbur T. Ourso and Mrs. J. E. Hebert, both of Sulphur; Mrs. Curtis Hoffpauir of Franklin, and Mrs. Maxine Desselle of Lake Charles. Pallbearers were Robert Lee Trahan jr., Rudy Trahan, Carl Hebert, Donny Endsley, Don Schaffer, and John Beasley.

CAMERON NOTES

By: Mrs. Eldie Cheramie

I am happy to report that Bermon and Evelyn Cheramie are back in Cameron after being away for five years. Mr. Cheramie was recently transfered here from Lockport, La. and is employed by Pan Am. The Cheramies have one son, Errol, and two daughters, Janice and Arlene. Arlene visited friends here and their dog was so happy to see her that he bit her on the cheek. I'm sorry to say, she had to be treated for the bite.

Mr. & Mrs. Heyward Miller of Lake Charles visited Mr. and Mrs. K. C. Cheramie Saturday.

Weekend visitors of the O'Nell Roberts were Mr. and Mrs. Pat Roberts of Houston, Texas. Pat is O'Neil's brother.

Mr. and Mrs. Hilaire Hebert, and Mr. and Mrs. Broussard visited friends and relatives in Port Arthur Sunday.

Mr. and Mrs. Justin Louvierre visited relatives in Erath and Abbeville over the weekend. Mrs. Louvierre said the scenery was very lovely with snow still on the tree tops and on the ground.

Mr. and Mrs. Buddy Terrebonne and daughter Lady visited Mr. and Mrs. Berman Cheramie Saturday. Mr. and Mrs. Terrebonne are from Lake Charles.

The Blue Birds held their meeting Saturday with Miss Iris Pichnic, their leader. They made Yarn Dolls. Mrs. Henry Woodgett served refreshments to the 14 members.

The First to the Fourth Grade students at the Cameron Elementary had Valentine parties Friday. Various mothers brought candy, popcorn, drinks and other goodies for the kids. Valentines were exchanged and each class had a big Valentine box decorated for the occasion.

Mr. and Mrs. Fred Cormier visited relatives in Texas over a period of about 6 days. They saw the Ralph Armintar's in Houston Sunday night. They then drove to San Antonia to visit their daughter and family, Mr. and Mrs. Ralph Shirley. Mrs. Olive Zipprain accompanied them.

BY THE OLD MASTER HIMSELF

A primer for a fledgling pipe smoker

By ARCHIE S. HOLLISTER

The editor of this paper gave me a pipe for a Christmas present. Of course, every smoker enjoys getting a new pipe, and regardless of the number he may have lying about the house already, he never has too many. I am not expressing the opinion of his wife here.

In one of his writings, Rudyard Kipling said that he had been a Priest of Partagas for a matter of seven years. Well, I have burned incense before the shrine of the old pagan god myself for a quarter of a century, and I have had many a pipe in that length of time, but never a pipe like this one. It wears a leather jacket, by golly--- a real, honest-to-goodness leather jacket, believe it or not. It is a beautiful piece of workmanship, and a good-smoking pipe too; then the novelty of it makes it a good conversation piece which is always helpful to a man like me whose shyness makes talking difficult.

Thinking over smoking in general, and the pleasure I get from a good pipe, it occurred to me that it might be well for me to pass on to my fellowman some bits of wisdom concerning smoking that I have gained from my long experience. In these days when a guy can hardly light a cigarette without feeling guilty of depriving his family of its breadwinner by incurring the risk of lung cancer many men have turned to pipes which are not as yet under the ban.

The comparative safety of the pipe, I believe, is attributed to the fact that the fire in a pipe burns at a lower temperature than the fire of a cigarette and consequently does not produce the toxic chemical reactions that a higher temperature does. Influenced by this, and realizing that pipe smoking is much less expensive than cigars and cigarettes, these boys have gone out and bought themselves a pipe and a can of tobacco. And within a couple of days they have gone out again and laid in a new supply of cigarettes because they got no satisfaction from their pipes. Perhaps a word of advice may be helpful to them.

CONFIRMED PIPE smokers of course, may as well skip the rest of this column, if they have even read this far; nothing I have to say will be of much help to them.

I would advise the neophyte ---if he sincerely wishes to swap vices---to purchase somewhat more than one pipe and a can of tobacco. By all means he should start with not less than two pipes. And they should be good pipes to begin with; like nearly everything else price is determined by quality.

Yellobole puts out an acceptable line of pipes; they are relatively cheap and are by all odds the easiest to break in, since they are lined with caked honey. Let him then buy a couple of Yellobole's of any size and shape that suits his fancy; he should bear in mind however that the larger the bowl, the cooler the smoke as a general rule.

Many cigarette smokers fall into the category of chain-smokers, and if they turn to pipes they are likely to continue this practice. Now, it is not good to fill an already hot pipe and light up again. This is where the second pipe comes in. A man can smoke them turn about, and allow one to cool while he is enjoying the other. Then the second pipe is like a spare tire on an automobile; it is insurance against loss or breakage.

I have never heard of a man losing a pipe by theft. Nor will they break up since they are designed to hold fire. I do remember a particular cherry wood pipe though, which I bought in Lafayette during the war, that suddenly blazed up like an oil-soaked torch one night while I was driving to Grand Chenier. It has been my firm conviction ever since that cherry wood is not suitable material for the manufacture of pipes, regardless of its excellent qualities along other lines.

To be at its best, a pipe must be clean. And don't go pulling straws out of your wife's kitchen broom either. She won't like it to begin with, and a broom straw is little more effective in cleaning your pipe than it would be in combing your hair. A package of pipe cleaners can be bought cheaply and they do a thorough, workmanlike job. It is a good practice, and one that I don't follow, to run the cleaner up the stem of the pipe and leave it there overnight. Of course, a person inclined to thrift will find that chicken feathers make excellent cleaners also, if he can find the chicken feathers. For some of us, that would take a bit of doing.

* * *

THE STEM OF THE pipe should be thoroughly cleaned at least daily, and on occasion it is necessary to ream the bowl out too. A thin cake in the bowl is usually considered essential, but a thick cake is by no means desirable. It lessens the capacity of the pipe, raises the temperature of the smoke, and since it is in closer contact with the fire it will expand before the wood does, increasing the likelihood that the bowl itself will crack. The smoker will do well to ream his pipe bowl out every few weeks, using a dull knife. If his knife blade is like mine usually is, it is an ideal tool for the job.

I would also recommend that that part of the stem which is a part of the bowl---the part which is not removable ---be enlarged at the beginning; for this purpose a three-sixteenths inch steel drill may be used. One with a square head, designed for use in a carpenter's brace is perfect. This is the part of the stem that is most likely to become clogged, reducing its capacity. When this is partly closed the smoker must draw harder on his pipe, and the increased draft will make for a hotter smoke.

* * *

FINALLY, THE PIPE smoker needs another tool--- a special pipestem reamer. After several weeks of steady smoking the hard rubber stem will become so clogged with caked matter that a pipe cleaner will no longer be effective; then it needs to be reamed out. I have never been able to find a suitable tool on the market, and I have been forced to make my own. This is a very simple job though, and one that can be done in a couple of minutes.

All one needs is a pair of pliers and a length of small wire. Cut off ten or twelve inches of the wire, double it, and twist it tightly all the way to the ends. It makes a very efficient reamer and it is surprising how much more freely and easily an old pipe will draw after the stem has been reamed out.

Now that you have heard the voice of experience, light up a fresh cigar, or break out a pack of your favorite cigarettes, for as an old colored friend of mine once said, "If you ain't a natchel-born pipe smoker, it ain't goin' to do you no good to try and act like one."

Area enjoys snowy weekend

By MRS. BERNICE STEWART

Friday children of this area were on tiptoe with excitement over the possibility of snow. Faint, powdery wisps of it fell intermittently during the day, followed by pelting of sleet and dashes of chilling rain.

After dark, sleet fell in earnest for a while. Then the guardian of the skies must have answered the children's pleas, for great soft, snowy flakes began to swirl down, in earnest.

When daylight came once more, the whole landscape had been transformed into ethereal beauty. Snow-crowned trees, baby shrubs wrapped securely in fleecy blankets, red camellia blossoms adorning snow-flecked branches vied for scenic beauty with the delicate transfiguration of ditch banks and roadsides into fairyland caverns and cliffs.

On Saturday, children romped out-of-doors, indulging in snowball fights, in building forts, and in making snowmen followed by wistful looking snowpups. Adults assisted them or turned shutter-bugs.

Since the most exquisite gifts of nature are ours to revere but not to hold, there came Sunday and the second day of dazzling sunshine to warm the earth and to turn the snow figures of the day before into weary, bedraggled specimens and the Cinderella finery of the countryside into slush.

Parish cage tournament is set for Friday, Saturday

The secnd annual Cameron Parish Basketball Tournament will get underway at Hackberry high school, this year's host school, at 5:30 p.m. Friday and continue through Saturday night. Each of the parish's four high schools will be participating--Hackberry, Grand Lake, South Cameron and Johnson Bayou.

The tournament is divided into three sections--senior boys, junior boys and girls--and is a "round-robin" affair--that is, each team will play every other team in its division.

In the event of a tie the total number of points scored in all games will determine winners. Anyone in the eighth grade or below and under 15 years of age will be eligible to play in the junior division.

Trophies will be awarded to the first and second place winners in each division and individual medals will be given.

Admission is 50 cents for adults and 25 cents for students Friday, Saturday morning and Saturday afternoon.

Last year's tournament was held at Grand Lake high school.

Independent tourney, donkey game slated at Hackberry high

The eight and ninth grade teams of Hackberry high school participated in the Junior Basketball Tournament held last weekend at McNeese State College.

The ninth grade beat Iowa 55-18, but the eighth grade lost to Central of Lake Charles, 35-31.

Other games were cancelled because of the heavy snow and the tourney will be finished at a later date. The Hackberry teams were unable to return home Friday night because of the snow and spent the night in a motel.

Hackberry juniors play in McNeese tourney last week

Two events of interest to Cameron parish basketball berry high school during March, according to Harold Buckmaster, coach.

On March 2 there will be a donkey basketball game, and on March 6 an independent men's tournament is scheduled, Buckmaster said that any teams interested in entering this tournament should contact him.

Fishing rodeos dates are set

The dates of the two deep sea fishing rodeos held annually out of Cameron were announced this week. Participation in both is expected to be very good this year.

The Young Men's Business Club of Lake Charles announced that its rodeo for area and state officials and legislators will be held on Saturday and Sunday, April 30 and May 1.

And the Southwest Louisiana Deep Sea Fishing Rodeo Club will hold its annual event on the Fourth of July weekend as usual, the fishing dates falling this year on Saturday, Sunday and Monday, July 2, 3, and 4.

The YMBC rodeo is being held prior to the May 8 convening of the legislature so as to give the newer members of the legislature an opportunity to "acquaint themselves with Southwest Louisiana and its needs so that they can intelligently vote on legislation" concerning this area.

Chairmen of the deep sea fishing rodeo are Joe McIver and Anthony Ferrita. Committee chairman are Pierce Mooney, invitations; Fran Battaglini, brochures; Fred Hill, finance; Ted Harless, boats; Gus Abraham and Erwin Penniman, food; Brock Lawes, refreshments; Gerald Sinitiere, Cameron arrangements; Joe East, awards and Dr. G. L. Alexander, awards.

A MEETING of Southwest Louisiana Rodeo officials and representatives of Cameron civic organizations was held Friday in Cameron to plan Cameron's participation in the July 4th rodeo this year.

Another Fourth of July festival is planned, complete with street dance, shrimp boil, wrestling and selection of a tarpon queen.

Hadley Fontenot and Dr. Cecil Clark are chairmen of the Cameron arrangements committee, which is composed of two representatives from the Lions and Optimist clubs, VFW and fur festival.

Around Our Town

By: Mrs. Eldie Cheramie PR 5-5553

All the folks in the neighborhood got into this Cameron snow scene taken in front of the Hilaire Hebert home Saturday. Hebert was responsible for the half-hidden snowman.

Shrine to be erected by Cameron KCs

Erection of a life-size shrine, dedicated to Our Lady of Fatima, was approved at the regular monthly meeting of Cameron Council 3014, Knights of Columbus, held last week in Creole.

To be erected at the Sacred Heart church in Creole, the shrine will depict one of the apparitions of the Blessed Virgin Mary at Fatima. The Council has set a tentative completion date in May.

This is the first large project the Council has undertaken since Hurricane Audrey in 1957. Funds for the project are to derived from the members and from fund raising projects to the sponsored by the council.

A committee to select the apparition and type, and a finance committee representing the Creole, Cameron and Grand Chenier areas was appointed by Grand Knight J. Berton Daigle.

A similar shrine will be

Rosary to be recited regularly at Cameron

Beginning this Friday (Feb. 19) the Rosary will be recited regularly at Our Lady Star of the Sea Catholic Church in Cameron by the Altar Society.

built in the Our Lady Star of the Sea parish in Cameron later. The church at Grand Chenier already has a shrine dedicated to Our Lady of LaSallette.

In other action at the meeting Delmus Hebert, Council recorder for the past three years, was named "Knight of the Month."

A report was made by Joe A. O'Donnell on the progress being made with the Boy Scout troop sponsored by the Council. There are 15 members in the troop, he reported. Purchase of a Scout banner flag for the troop was approved by the Council.

Catholic Action Chairman Roland Primeaux announced that the council's quarterly communion will be held at the Church of the Immaculate Conception in Grand Chenier Sunday, March 13.

iety.

It will be recited every second, third and fourth Fridays at 6 p.m. and every first Saturday after the 6a.m. mass.

The Rosary will be recited in relations to the devotion of Our Lady of Fatima and in line with the five requests made by the Blessed Mother.

Anyone wishing to attend is invited to do so.

THE ALTAR SOCIETY met Monday in the home of Mrs. John Landry with Father Eugene Senneville giving the opening and closing prayers.

Mrs. Roy Hebert displayed the new altar clothes and linens which she had made. She will also make new vestments.

The duty of sending out cards to members on various occasions was given to Mrs. Florine LeBlanc.

Father Senneville discussed the building of a shrine representing Our Lady of Fatima in front of the proposed new church.

RA group to be organized in Cameron

The organization of a Royal Ambassadors program for boys ages 9 to 16 has been announced by the Cameron Baptist Church. The group will meet at 7 p.m. Thursday evening at the church.

Counselors are R. C. Freeman, Mitchel Sedlock and the Rev. Glen Fournet.

Rev. Fournet said the group will be missionary in nature, but will also carry on community projects and have recreational events.

Benoit-Trahan wedding is set

The marriage of Miss Mary Ann Benoit, daughter of Damostan Benoit, to Carrol Louis Trahan, son of Mr. and Mrs. Theodore Trahan, will be solemnized at 10 a.m. Saturday, Feb. 27 at Our Lady Star of the Sea Church in Cameron. The Rev. Eugene Senneville will officiate.

A reception will follow at the Cameron VFW hall.

WSCS TO BEGIN STUDY COURSE

The Woman's Society of Christian Service of the Wakefield Memorial Methodist Church of Cameron began a study course on "Luke's Portrait of Christ" Wednesday. The Rev. Taylor Wall is the teacher.

All interested persons are invited to attend. Other meeting dates are Feb. 22, March 2, 9, 16 and 23 at 7 p.m.

Another big parish turnip reported

By Mrs. H. D. Primeaux

In regards to the photo in the PILOT last week of Mrs. John Savoie's big turnips, one of our readers says she can't top them THIS year, but she could have in 1956.

That year Mrs. J. M. Guillory said she grew a turnip in her garden that was 26½ inches in circumference and weighed 14 pounds. It was sent to Welsh and put in an agricultural display.

Mr. Wallace LaBove underwent eye surgery at St. Patrick's hospital in Lake Charles Thursday.

Mrs. Woodrow Bertrand is up and around again after having a bout with pneumonia.

Mrs. Raymond Richard is reported to be doing fair in a Lake Charles hospital.

weekend visitors of Mr. and Mrs. Eddie Conner were Mr. and Mrs. Orris Richard and family of Lake Charles.

Last Friday Mrs. Alma Rome, Mrs. Delmers Hebert, Mrs. Stephen Carter and Mrs. Ambrose Savoie helped Mrs. Domingue to decorate the first grades room at South Cameron High School for their Valentine party Friday evening.

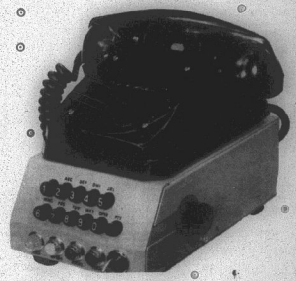
CELEBRATING birthdays were Cynthia Ann, Mr. and Mrs. Roland Primeaux's two-year old daughter. Also Adise Boudoin and Mrs. Adise Boudoin whose birthdays were on the 17th and 19th respectively.

A plastic flower demonstration was held at the home of Mrs. Tom Mudd Friday. Twenty ladies were present and refreshments were served ty the hostess. Mrs. Claude Rutherford and Mrs. Eunice Billeaud of Johnson Bayou conducted the demonstration in the art of making flowers of plastics. Each lady attending made a flower and at the close of the meeting names were drawn to determine which lady would receive the different flowers.



Heart Drive to be tonight

A door-to-door canvass will be made for the Heart Fund in Cameron Friday night. Workers will gather at the courthouse at 6:30 p.m. and make the drive between 7 and 8 p.m. Persons wishing to make donations are asked to turn on their porch lights. The fire siren will blow as a signal to turn on the light. The drive will be made as far west as Jim Daigle's corner.

Cameron workers are Mrs. Anne Smith, James Colligan, Mrs. Roy Hebert, Mrs. Roland Trosclair, J. B. Watts, Mrs. Ethel LaBove, Mrs. Harriett Dyson, Leslie Richard, Mrs. Hayes Picou and Mrs. Roberta Rogers.

As long as Susie can splash in warm water, she doesn't care how it got heated. But the natural gas that warmed Susie's bath water was once thousands of feet down in the earth. Mother Nature stored it in strange and hard-to-find locations. Some . . . perhaps the very gas that is used in your home . . . came from far below the muddy floor of the Gulf of Mexico.

Natural gas is the homemaker's silent helper, ready to work immediately in your automatic gas water heater, your smart new gas range, your gas dryer, or your central heating and cooling system. Gas does all of the big jobs in the home at surprisingly low cost . . . and we're doing everything possible to keep it *the biggest bargain in your family budget*.

New homes go up on Bayou

By Mrs. M. C. Johnson

Mr. and Mrs. Ray Bacon have moved into their new home near the home of Mrs. Lena Billiot.

J. B. Erbelding III has been busy clearing the land where his new house is to be built. He is presently building the driveway.

Mr. and Mrs. T. H. Ogburn have moved back to El Dorado, Arkansas, after living here two months while working for the James O. Ruhl Drilling Comlany.

The Girls' Auxiliary of the Johnson Bayou Baptist Church enjoyed their annual Sweetheart Banquet last Friday night. Couples enjoying the food were Rita Normand and Rodney Boyd, Peggy Trahan and Jesse D. Trahan, Vickie Norris and George Griffith, Gwendolyn McRight and Larry Jinks, Delores Merritt and Danny Trahan, Linda Erbelding and Howard Romero, Dorothy Merritt and Dale Jinks, Judy Anderson and Dwight Erbelding. Counselors for the group were Mrs. Marvin Fannin and Mrs. Francis Erbelding. Serving the food were Mrs. Olie Clark and Mrs. Sullivan LeNormand.

Congradulations are in order for Mr. and Mrs. Creed Coffee on the arrival of their new daughter, Anna Margaret. She was born in Texas last week and weighed in at 6 pounds-9 ounces. A baby shower was given Tuesday night for the new arrival. Hostesses were Mrs. Jim Norris, Mrs. Olie Clark and Mrs. R. H. Boyd. Place of the shower was in the Mobil Club House.

We were glad Daniel Lee Billiot could return home from the hospital this week-end. He had been confined to St. Patricks Hospital in Lake Charles following an accident when he was hit in the eye with a baseball. As far as the doctors can tell, there will be no permanent damage to his eye. However, he will still be out of school for a few more days.

WE WELCOME a newcomer to our community-Miss Millie Ruth Pace, who will be teaching the First and Second Grade at the Johnson Bayou School. She replaces Mrs. Willie Harville who had to move back to Leesville because of her husband's illness. Miss Pace comes here from Epps, La, and is a graduate of Northwestern State College. She lives in the Oran Trahan house.

Deepest sympathy is extended to Mrs. Paul Romero whose sister, Mrs. Emily Myers, was killed in an automobile accident Saturday night near Orange, Texas. The funeral was held in Orange Monday afternoon.

The Roy Billeaud family spent the week-end with Mrs. Billeaud's sister and family, Mr. and Mrs. Norris Mhire of Grand Chenier. Then Sunday the Billeauds enjoyed a barbeque with the Robley Simons in Holly Beach.

Little Mona Jinks, 4 year old daughter of the Clifford Jinks was hospitalized in Sulphur late Monday. Cause of the illness is not yet known, but Mona had been ill for about two weeks. She and her mother had been staying in Vinton in order to be near the Doctor. We wish for Mona a speedy recovery.

Joseph Griffith has been ill for some time and is expected to undergo surgery the last of this week. He was expected to be hospitalized last week, but due to a cough, the operation had to be postponed.

THE 4-H CLUB of the Johnson Bayou School met Monday morning with Mrs. Iva Free, who led their discussion on making trays, rugs, and how to set a table. Climax of the meeting was the presentation of awards to Marlene Billiot for her outstanding work in Achievement and clothing. Walter Reives is president of the local 4-H Club work.

The girls and boys basketball teams will play ball in the tournament Friday night at Hackberry. Both teams have worked hard this year in their practice and of course we wish them success. Since this is the FIRST year for basketball in our school, most of the parents here are anxious to attend the games.

Mr. and Mrs. Jim Norris and family spent Saturday night in Beaumont visiting Mr. Norris' sister and family the Bud Freeman's.

The Olie Clarks spent Saturday visiting with their son and daughter-in-law, Mr. and Mrs. Olen Clark in Lake Charles.

Rev. M. C. Johnson, pastor of the Johnson Bayou Baptist Church, has been confined to bed with the flu for a week. Filling the pulpit at the church Sunday was the Rev. Harry E. Schaller of Sulphur, a former pastor of the Central Baptist Church there who is now retired from the active ministry.

Other flu victims this week were Barbara Faye Foster, and Sid Trahan.

Mrs. Hebert of Big Lake dies in hospital

Mrs. Margaret Pellerin Hebert, 64, of Grand Lake, died at 5 p.m. last Thursday in Saint Patrick's Hospital after a lengthy illness.

A native of Cameron parish, and a life-long resident, she was a member of Saint Mary of the Lake Catholic church, and an active member of the Altar Society.

Rosary was recited at 8 p.m. last Friday at Hixson's Parlors.

Funeral services were held at 10 A.M. Saturday at Hixson's with Rev. Charles Lavasseur, officiating. Burial was held in Big Lake Cemetery.

Survivors are her husband, Daniel Hebert; three daughters, Mrs. Joseph D. LaBove, Sweet Lake, Mrs. Wasey Granger, and Mrs. George Duhon, both of Grand Lake; three sisters, Mrs. Theo Granger, Mrs. Jimmie Manning, both of Lake Charles, Mrs. Nora Granger, Grand Lake; two brothers, Vena L. Pellerin, Donaldsonville, and Adam. F. Pellerin, Lake Charles; nine grand children, and five great-grand children.

Pallbearers were: Harold Granger, Robert Granger, Sandrea LaBove, Richard Pellerin, Robert L. Hebert, and Auguest Constance.

Registered bulls bought

By ELORA MONTIE
Grand Chenier Reporter

Roy Kirk, well known Alexandria cattleman, was in Creole Thursday, with a load of 3 year-old Bra-Angus bulls for sale.

Those buying registered bulls were Herbert Sturlese, one; Severan Miller, one; D. Y. Doland, two; all of Grand Chenier; Sono Savoie four; and Alie Conner, two; both of Creole.

Sam Guillory, who is employed by Pan Am, purchased a Black 1960 Bel Aire Chevrolet last week.

Before the snow came last week farmers were plowing up their corn land and planting Irish potatoes. Several people had prepared their garden ground and a few ladies were planting flowers.

Folks celebrating their birthdays February 12th, (a date to be remember) were Mrs. Freddie Richard, Mrs. Mable Miller, Mrs. Bessie Little, Ernest Mhire and Billy Martin.

A NUMBER OF local folks have expressed their appreciation to Mr. and Mrs. Arceneaux Conner of Cameron (formerly of Grand Chenier) for putting them up at their home during the fur festival.

Get well wishes this week go to Mrs. Celema Miller and Donnal Lee Miller who have been sick with the flu, and to Sono Crain who underwent surgery in Saint Mary's hospital in Galveston, Texas.

Mrs. Alfred Richard has made many cast nets and is busy now making crochet rugs. She is teaching the skill to Mrs. Cherry Doland.

Boy Scouts of Grand Chenier observed the 50th Anniversary of Scouting by attending Holy Communion in a body at Immaculate Conception Catholic church Sunday, February 7. Boys of other religion attended the churches of their choice.

Mr. and Mrs. Bill Martin celebrated the fourteenth birthday of their son, Billy, Sunday afternoon.

Refreshments of cake and cold drinks were served to Glenn Richard, Karren Sue and Dwight Mhire, Horace Mhire, Jr., Virginia Harper, Bobbie and Jimmie Guidry, Ann Martin, and Alice and Jefferal Martin.

MRS. D. Y. DOLAND was a weekend visitor with her daughter and family, Mr. and Mrs. Gene Coatney, in Groves, Texas.

Mr. and Mrs. Julian Arrant plan to take their young son, Mark, to Abbeville for a check up.

Lee Nunez, jr. of Morgan City visited with his parents, Mr. and Mrs. Lee Nunez, sr., over the weekend.

Earl Granger attended an Optimist meeting in Houston, Texas over the weekend.

The 4-H Club of Grand Chenier elementary school met with Mrs. Free and Miss Oma Miller February 9.

Arthur Lee Booth won the cracker contest, while Mary Aline Roy won the bubble gum contest.

Mrs. Free gave a talk about wood works, crocheting and showed the children some African crocheting.

Mr. Meyers was sick and unable to attend.

Mr. and Mrs. Watkin Miller have a green thumb with vegetables, plants and trees. They specialize in budding and grafting of many varieties of fruit trees, and have an ingeresting and promising garden which is well worth its time.

Practicing the "good neighbor policy" with their gardens, are Mr. and Mrs. Irwin LaBauve, Mrs. Nolia Montie, Mr. and Mrs. Watkin Miller, Mr. and Mrs. Hubert Sturlese, and Ray Nunez. They enjoy sharing with neighbors and friends their wonderful crops of vegetables.

Carl and Sonny McCall have a new air cooler, grader, washer and candling device for their poultry farm.

Carl has been in the business for several years and enjoys the work. Sonny has joined his father since "Audrey."

Friends of Mrs. Jannie McCall will be glad to hear of the improvement of her mother, Mrs. Walker Arceneaux.

Coburn Says-

When you were a youngster in grade school your class may have read a little passage in one of your textbooks that went like this:

"For want of a nail
the shoe was lost;
For want of a shoe
the horse was lost;
For want of a horse
the rider was lost;
For want of a rider
the battle was lost"

--and so on. Now I hardly claim to be a writer or a poet, but we can take that same thought, paraphrase it, and come up with something like this:

"For want of a minor
remodeling job the
house was lost;
For want of the house
the neighborhood
was lost;
For want of the neighborhood
a whole section
of town was lost;
For want of that whole
section, the city was
lost"

An ounce of prevention is worth a pound of cure, and in many, many instances home owners can get their places in tip-top shape with a remodeling project that can be conveniently financed.

Plumbing is usually one of the first items that need attention. If you like your neighborhood stay in it; remodel those bathrooms, install a new twin-drain kitchen sink, do some repainting and re-decorating.

On the plumbing features your credit is good at Coburn's through your dealer. Ask him or us-for details.

LOOK AT THE LOWER PRICES
List prices as much as $76.05 lower on popular models with popular equipment

The '60 Chevrolet models most people buy, equipped the way most people want them, are actually priced lower than last year's models. This two-tone Bel Air V8 sedan, for example--with Turboglide, push-button radio and de luxe heater--lists for a whole $76.05 less! Prices are lower for all comparable V8 models throughout the line. Also for all comparable 6-cylinder models with Powerglide. Yet Chevy's loaded with more of the things that put pleasure into owning a car. (Just look at the list!) It's the greatest year yet to get into a Chevy!

Softer, more silent ride with coil springs at all four wheels and new butyl rubber-cushioned body mounts.

Big brakes for quicker, surer stops. Rivetless bonded linings mean they last longer, too.

More room to relax in. Chevy sedans offer roomier seating than any car in their class. Lower, narrower transmission tunnel means more foot room.

Only full wraparound windshield among the leading low-priced cars.

Electric windshield wipers keep sweeping even when you speed up to pass.

Vent windows crank open and closed. So much simpler than fighting those tricky little catches.

Keyless locking of all doors. Quick and easy. The same key opens door, glovebox, trunk and starts the car.

Economy Turbo-Fire V8. Or how to get up to 10% more miles per gallon of regular and still have lots of "git."

Thriftiest 6 in any full-size car. It's the '60 version of the engine that got 22.38 miles per gallon in the 1959 Mobilgas Economy Run.

Widest choice of power teams. 24 engine-transmission teams in all, with output up to 335 h.p.

A trunk that's made for long trips with up to 22.5% more actual luggage space. Sill's lower for easier loading.

Fisher Body craftsmanship. Look at the finish, the fabrics, the detail work. You'll see the difference.

Cameron Pilot

FOURTH YEAR--No. 22 CAMERON, LA., FEBRUARY 26, 1960 10¢ A COPY

ON HEART SUNDAY FEB. 28 GIVE TO FIGHT HEART DISEASE

THIS WEEK By Jerry Wise

THE PILOT NOT only has a new look this week, it has a new columnist as well. He is a rather remarkable fellow named Howard Mitcham, who has written a book entitled "Fishing on the Gulf Coast." The column will have the same name and will carry much of the material featured in the book.

Mitcham, lives in true Bohemian style in the French Quarter of New Orleans, gives you the lowdown on all popular game and food fish to be found along our coastline. In fact, he not only tells you how to catch, but how to cook 'em as well.

One of the interesting features of the column and book are the very fine true-to-life etchings which he has made of Gulf Coast fish. They're real collectors items.

A native of Mississippi and a graduate of Louisiana State University, he was one of the school's outstanding art students. He has spent several years in New York City, where his paintings received loud praises from art critics.

He is now associated with his cousin, Ruth A. Mitcham, in a publishing firm known as the Hermit Crab Press, has turned out in addition to the fishing book, a unique illustrated guide book to New Orleans.

* * *

HOWARD MITCHAM has this to say concerning "Fishing on the Gulf Coast":

"I don't know much about fishing. Neither does anybody else I know, though some of them catch lots of fish. Ask a dozen experts a question and you'll get a dozen different answers. All the textbooks on the subject are full of warmed-over guesses. Do what the book says and the cussed fish will often do just the opposite. That's why fishing is so darn much fun. A smattering of ignorance gets a chance to pose as wisdom. An illiterate yokel can be a real keen fisherman, while a genius can be a duffer.

"Hence it's a presumptive thing to launch a fishing book on the world. Everybody knows that the prescribed way to write a fishing book is to crib your stuff from the older texts. It has recently been shown that Izaak Walton, himself, snitched a good bit of his stuff from an earlier writer.

"Friends and fishermen: We're all liars and thieves, but ain't we got fun."

To see how much fun Mitch's column is, turn now to Page 2.

* * *

BUDDY ELLENDER of Hackberry isn't the only person in the parish who owns an Appaloosa horse. Our Cameron reporter, Mrs. Eldie Cheramie, reports that Robert Penny of Johnson Bayou is the owner of a seven-month-old colt named "Wild Eyes" of this unique breed of horse.

The colt was purchased from Dr. Bob Adams of Oklahoma City. Mr. Penny is the seventh and eight grade teacher at Johnson Bayou school.

* * *

RESUMPTION OF bookmobile service to Johnson Bayou will come just as soon as the road, now being blacktopped, is in good enough shape for the big bookmobile to travel over it, says Mrs. Mary Brand, librarian. In the meantime, she says she will be happy to send books out by mail to Johnson Bayou folks. Just drop her a card or call her up.

Continued on page 8.

YOU CAN SEE ALL KINDS OF BOATS . . .

. . . tied up at Cameron docks these days. This vessel, the "Doris Oliver II" out of Panama City, Fla. is fishing for snappers along the Gulf Coast. Capt. Maurice Sythe said that this was the first time the boat had come into Cameron, but that it would make frequent visits here this summer. The boat is fishing for the Clark Seafood Co. of Pascagoula, Miss., and carries an eight-man crew.

BIG PIPELINE JOB PEPS UP BUSINESS

Work began this week on the 16-inch Socony-Mobil (Magnolia) pipeline between Johnson Bayou and Creole and promises to help Cameron business snap out of the winter doldrums.

The line, which will transport gas from Mobil's Cameron Meadows separation plant at Johnson Bayou to the Tennessee Gas Transmission line near Creole, is being built by Sharman, Allen, Gay & Taylor, Inc. of Houston, Texas. The job is expected to take about a month.

The pipeline firm will have about 125 men on the project, many of them to be hired locally. A large number of men lined up at the firm's headquarters in the old Schlumberger building building Monday when hiring began.

In addition, there are six or seven sub-contractors on the job.

The job has brought many families into the area.

Originally scheduled to be a 12-inch line, the project was held up for several weeks when it was decided to change to 16-inch pipe.

Two crews began work this week on the line--both moving west. One group started on the west bank of the Calcasieu river and will push the line across the marsh to Holly Beach. At the same time, another crew started west from Holly Beach toward Johnson Bayou.

The "push" method will be used in laying the line across the marsh. That is, the pipe will be floated on steel oil drums and pushed out ahead of the working crew.

* * *

SUBCONTRACTORS include Mike Hooks, Inc., Lake Charles, who is doing dredging for crossing of the Calcasieu river and ship channel; Crain Brothers of Grand Chenier, who are digging the ditch through the marsh; and WHC Construction Co. of Lafayette, which is digging the dry land ditch.

Other sub-contractors include R. L. Lipsey, Longview, Texas, road crossings; J. O. (Red) Willet, Monroe, stringing pipe; Southwest Construction Co., Lake Charles, laying board road; and Bill Barnett, New Orleans, barging in the pipe.

Key personnel for Sharman, Allen here are C. R. Lake, superintendent; R. N. Cain, assistant superintendent; Vic Torson, office manager and B. L. Hicks, purchasing agent.

Heart Sunday to be observed

Heart Sunday will climax the annual Heart Fund Drive in Cameron parish this Sunday, according to J. B. Jones, Jr., parish drive chairman. He said that the parish drive has been very successful to date.

Religious leaders of all faiths have called on the American people to observe Heart Sunday and to support the nationwide fight against heart and circulatory diseases.

Bolo Trosclair named Easter Seals chairman

Roland J. (Bolo) Trosclair has been named the Cameron parish chairman for the 1960 Easter Seals campaign, according to Larry W. Stephenson of Lake Charles, drive chairman for the Calcasieu-Cameron unit of the Louisiana Chapter of the National Society for Crippled Children and Adults.

The drive will be held from March 17 through April 17.

Parish has big sales tax rise for the decade

Sales tax collections in Cameron parish have increased 174.40 per cent in the past 10 years, according to a new study of Department of Revenue figures released by the State Department of Commerce and Industry.

Only six other parishes in the state surpassed Cameron in the amount of increase. They were: Plaquemines, 555.64 per cent; West Feliciana, 503.04; Jefferson, 363.88; St. Bernard, 362.98; St. Mary, 203.17; and Lafayette, 198.28.

It was pointed out that the sales tax collections is a good business barometer. The new study indicates that the industrialization and other business growth in Louisiana have caused the expansion of retail sales in the state at approximately the rate of the sales tax collection increase.

Drainage survey being made of town

The state department of public works is presently making a survey of the town of Cameron and will shortly make recommendations on what steps could be taken to provide adequate drainage for the town, Rep. Alvin Dyson reports.

Carroll Hatcher back at Grand Lake

Carroll Hatcher, basketball coach and commerce teacher, is back on the job at Grand Lake high school after six months of active duty with the Army at Fort Benning, Ga.

Coach Hatcher, who graduated from McNeese in 1958, is living in Grand Lake with his wife and two sons.

Science fair is set for Friday

South Cameron high school will hold its first annual science fair between the hours of 1:30 and 3:30 p.m. Friday in the school gymnasium and the general public is invited to come out and see the unusual displays.

Under the leadership of science teacher Sonny McCall, the biology, general science and elementary science students of the school have been working for weeks on various projects and demonstrations.

Some 100 displays, ranging all the way from a model of an oil well to a display on the human eye, have been originated and built by the students.

Outside judges will rate the exhibits and the winners will then go on to the area science fair at McNeese State College March 17-19.

* * *

HERE ARE just a few of the models and exhibits to be seen at the fair:

Model of a sulphur mine, Marvin Owen; electric motor and telegraph key, John Alan Duhon; water purification methods, Glenda Nunez; tumors and cancers, Ann Martin; comparison of digestion in plants and animals, J. A. Miller.

The human eye, Robert Conner; model oil well, John Allen Hebert; mercury motor, Lonnie Harper; and combination alarm, Ronnie Gaudet.

Texan killed in car wreck near Holly Beach

John Burr Curtis, 67, of Port Bolivar, Texas, was killed instantly Thursday afternoon of last week when his car sideswiped a truck four miles west of Cameron near Holly Beach.

Curtis, who was employed as a cook for an offshore service firm, had just finished a job at Morgan City and was presumably on his way home.

He passed another car on a curve on Highway 27 and was in the wrong lane of traffic when his car hit an east-bound truck driven by Alvin Joseph Richard, 33, of Sulphur. The truck was owned by Southwest Construction Co. of Sulphur.

The truck driver was not injured.

Curtis' body was taken to O'Donnell Funeral Home in Creole and later taken to Galveston for burial.

Primeaux and Crain head drive

Co-chairmen for the March campaign for members and funds were named this week by Lloyd D. McClatchey, chairman of the Calcasieu-Cameron Chapter, American Red Cross.

They are Eloi Primeaux of Bell City and A. H. "Sono" Crain, of Grand Chenier. Goal of the drive is $4,251, said McClatchey. The campaign will begin Tuesday, March 1, and will be carried on only in areas not reached by Calcasieu United Appeals.

Primeaux will head the Calcasieu phase and Crain the Cameron Parish solicitations.

March is traditionally observed as Red Cross Month, McClatchey pointed out. Money raised will be used for local services such as emergency assistance to servicemen and dependents and disabled veterans and their dependents, first aid, water safety, and home nursing.

Some funds will go to rebuild the now depleted disaster fund.

Lions to push road to jetties

The Cameron Lions Club has appointed a committee to try to get a road built from the end of the Bolo Trosclair road out to the jetties on the east side of the Calcasieu river. The road would open up the east side of the river for dock and recreation facilities.

Jimmy Deroueu told the club that he had contacted the major property owners along the proposed road and that they had agreed to donate the right-of-way.

Roland J. Trosclair was named chairman of a committee to meet with the police jury on getting the road built.

Library tax is explained at Legion meeting

Members of Richard Bros. Post 176, American Legion, heard a discussion of the tax election to be voted on March 15 parishwide to continue the operation of the Cameron parish library.

Speakers were Mrs. Conway LeBleu, a member of the library board, and Mrs. Mary Brand, parish librarian. The meeting was held Thursday, in the KC home in Creole.

After the hurricane in 1957, the Louisiana Junior Chamber of Commerce raised the funds for the library building and the Louisiana state library furnished the books, employees and bookmobile for two years at no cost to the parish.

A two-mill tax will have to be approved to continue the library operation, and Mrs. Brand and Mrs. LeBleu urged the Legionnaires to support the tax. Property owners assessed for less than $2,000 will have their tax paid by the state homestead exemption.

Diel LaLande, parish service officer, explained the new veterans pension bill that becomes effective July 1. Veterans now drawing pensions should not convert to the new plan until they have inquired about the provisions of the new law, he stated. He offered his assistances to any veteran in this matter.

The Legion endorsed Post Commander Edison R. Mhire as a candidate for vice-commander of the Seventh District.

Support of library millage is urged

The Cameron parish library is more than a building; it is a memorial to victims of Hurricane Audrey, a speaker told the Cameron Lions Club Wednesday.

Mrs. Charles Hebert of Sweetlake, a member of the library board, told the Lions that there had been a movement to build the library several years before the storm, but it had been dropped because of the large expense involved.

Following Audrey, the Louisiana Jaycees gave the $13,000 library building to the parish as a gift and as a memorial to the storm dead and the state library completely equipped and staffed the library for a two-year period.

She urged the Lions to give their full support to the library tax to be voted on March 15 so that the library may continue to operate.

Mrs. Mary Brand, librarian, reported that the library has a tentative budget of $25,000 a year set up for when the parish takes over the operation.

She pointed out that property owners will not have to pay the 2-mill library tax if they are assessed for under $2,000, as homestead exemption will cover them.

School Superintendent U. E. Hackett told the club that the library had rendered outstanding service to the schools of the prish, especially in view of the fact that the schools lost some 6,000 books in the hurricane.

THE CLUB VOTED to assist a TB patient in the eastern part of the parish in securing glasses, and glasses will also be fitted for a needy Cameron child.

It was announced that the Boy Scout troop sponsored by the club has a new scoutmaster--Chief Holstein of the Coast Guard station. His assistants are Martin G. Theriot and William Morris.

President E. J. Dronet again expressed the club's sincere appreciation to the people of Cameron for the outstanding contributions made to the recent crippled children's drive.

Dredging of ship channel is postponed

The maintenance dredging of that portion of the Lake Charles ship channel which goes through Cameron parish has been postponed until after the May session of the Louisiana legislature.

That was the word that State Rep. Alvin Dyson has received from Congressman T. A. Thompson.

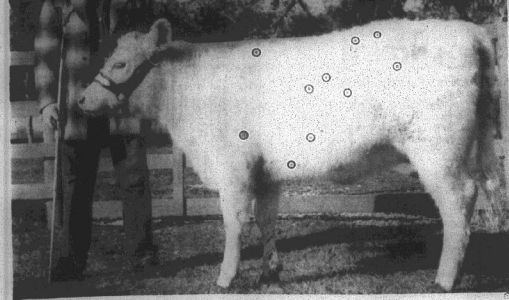
The police jury last month asked the U. S. Corps of Engineers to postpone the dredging to give Mr. Dyson time to introduce a bill in the legislature to appropriate funds to build a retaining dike along the Calcasieu lakefront in the Hackberry area.

Silt from the ship channel dredging has been gradually filling up the lake and making navigation by fishing and oil boats difficult the jury has been told by Hackberry leaders.

Remains found of another of Audrey's dead

The remains of another of Hurricane Audrey's more than 400 victims was found in the marsh near Sweetlake Thursday afternoon of last week, John Duhon made the discovery.

Nothing but the bones were found. There was no clothing or jewelry and the teeth were perfect, making identification impossible, Dr. Stephen Carter of Creole, parish coroner, said he believed the remains to have been that of a young colored male, about 5 feet, 7 inches tall.



The remains, which are at O'Donnell's Funeral Home in Creole, probably will be buried along side of other unknown bodies in one of the local colored cemeteries.

The exact number of persons who perished in Hurricane Audrey has never been definitely established, but Sheriff O. B. Carter says he believes the number is around 411.

New auto repair shop to open here

A new business--the Coastal Auto Repair Shop--will be opened Monday in Cameron by Henry (Hank) Ratcliff and Arthur Coleman. It will be located in the rear of Perry's Esso Service Station.

The shop will do front end alignment, wheel balancing, motor turneups and general overhauling work.

TO BE EXHIBITED AT LIVESTOCK SHOW . . .

. . . is this 9-month-old polled shorthorn heifer owned by Leslie Griffith, 14, of Oak Grove. The animal, "Doe Girl", will be entered in the breeding heifers class at the district livestock show at McNeese this weekend. "Doe Girl" is a calf of the registered shorthorn heifer presented to Leslie by Lee Miller of Mamou, president of the Louisiana Shorthorn Breeders Association, in 1957 to help him replace Leslie's 4-H shorthorns lost in Hurricane Audrey. Leslie is the son of Mr. and Mrs. D. W. Griffith.

AT DISTRICT LIVESTOCK SHOW

4-H animals to be shown

About a dozen Cameron parish 4-H Club members plan to exhibit livestock at the 21st annual Southwest District Livestock Show in Lake Charles, this weekend, according to Clifford Meyers, assistant county agent.

The show opened Thursday and will end Monday. Hogs and fat lambs are to be auctioned off at 10 a.m. Monday, and the champions in all classes and all fat calves will be sold at 1:30 p.m.

Exhibitors in the show includes members of 4-H clubs and Future Farmers of America from 13 Southwest Louisiana parishes. There are seven classes: fat calves, beef breeding animals, dairy animals, market hogs, fat lambs, breeding lambs and quarter horses.

Showmanship awards of $200 college scholarships are made to the best showmen in the fat calf and dairy animal classes; and $100 to the best showmen in the market hogs and fat lamb classes. Similar awards are made to the best showmen in the breeding classes.

* * *

CAMERON PARISH youngsters who will show 4-H animals will be:

Jimmy Duhon and Charles Sanner, both of Hackberry, quarterhorses.

Bobby Doland, Grand Chenier, Jersey heifer.

Larry Jinks, Johnson Bayou, Angus bull.

Ernest Hamilton, Jr., Hackberry, Guernsey heifer and Angus heifer.

Michael Devall, Hackberry, Angus heifer.

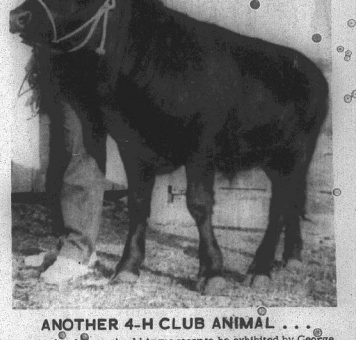
Lawrence Little, Hackberry, Brahma bull.

Ernie Little, Hackberry, Brahma heifer.

James Lowery, Hackberry, Guernsey heifer, and pair of Suffolk sheep.

George and Wayne Sturlese, Creole, Angus steers.

Isaac Renfro, Grand Lake, Hereford bull.



Leslie Griffith, Oak Grove, shorthorn heifer.

* * *

THE HACKBERRY BOYS also showed their animals in the annual West Calcasieu livestock show in Sulphur, Feb. 20 and won the following awards:

Ernest Hamilton, Jr., first in 2-year-old Angus heifers; Michael Devall, second in 1-year-old Angus heifers; Lawrence Little, first in 2-year-old Brahma bull; Ernie Little, first in Brahma Heifer.

Ernest Hamilton, Jr. and James Lowery, first with their Guernseys in their respective classes; and James Lowery, two first places with his pair of Suffolks.

ANOTHER 4-H CLUB ANIMAL . . .

. . . is this 13-month-old Angus steer to be exhibited by George Sturlese, 13, at the livestock show this weekend. George's brother, Wayne, will also exhibit an Angus steer. The boys are the sons of Mr. and Mrs. Enos (Buster) Sturlese of Creole.

Cameron Parish's modern new library building

Cameron must never go backward

(A guest editorial by Mrs. Walter Stanley)

The years following Hurricane Audrey saw Cameron parish not only with a new face but a new fate as well.

Among all the desolation and chaos a new theme sprang up--"bigger and better". This echo is still resounding.

Though at times we may lament for things of pre-hurricane status, in retrospect, our todays and tomorrows look brighter than our yesterdays. Our parish is on the march and truly the last decade can be called the metamorphic one.

* * *

ON JUNE 27, 1958, one of the "better" things in our parish was the dedication of the library building as a living memorium to those who had given the ultimate on that fateful day one year previous.

Those who attended can well remember the solemnity of that occasion, for the scars and pain suffered were then still acute, but this did not lessen our humble gratitude to the Jaycees for making one of the parish's most treasured dreams come true. "The edifice of compassion" we called it that day, for when a group unbeknown to us accomplished such a goal, then compassion of humanity for humanity must have been a dominating factor.

Our own state library, which staffed and equipped the library and broke precedent by giving us two instead of one year free demonstration, must also have been touched with compassion.

In the very near future we will show our appreciation for all this benevolence by voting to shoulder the responsibility of the library ourselves.

The library brought many advantages to our parish. Oldsters with little activities have found a new source of entertainment; housewives break away from everyday humdrum to invigorate themselves with good books, and those confined and isolated lose their melancoly in the engrossment of good reading.

We need not ever go to the library for materials--the library comes to us. The familiar red and white bookmobile is the delight of young and old as it makes scheduled runs every two weeks in every community. The exception at present is Johnson Bayou due to road construction. Scheduled runs there will resume as soon as the road is completed. Requests for books are filled by mail.

* * *

RECENTLY THIS WRITER went on a bookmobile tour. I witnessed the children of one of the schools awed by a "sea of books", It was apparent their dilemma was not which book to take, but which ones not to take.

The benefits of books are too numerous to list here. Books are a storage of knowledge. They accommodate the tenderest age to the highly intellectuals. Teachers broaden their subjects with supplementary books. And any pet hobby or project can be furthered through the medit of books.

If anyone does not find the desired material at hand, the efficient library staff orders it from the state library. Some college students credit passing grades to reference obtained for them through the local library.

The fate of the library given to us free for two years, rest in the hands of voters in the March election. It is a symbol of our progress. Progress must never take a step backward.

Memories of the old "Rex" recalled

By ARCHIE S. HOLLISTER

Anyone who deals with the history of Cameron, even as casually as I do in this column, must sooner or later get around to making some mention of the old stern-wheeled steamer, the BOREALIS REX.

That resounding name is quite a mouthful, and it took a conscious effort on the part of the speaker to pronounce it. As was to be expected, the full name was seldom used and the old boat was known simply as the Rex. Nor was there any need for further identification; when you said "Rex" you were in immediate communication with your hearers. Everyone from Johnson Bayou to Cow Island knew what you were talking about.

The name, Borealis Rex, when translated from the sonorous Latin, comes out as King of the North. Few people, I would imagine, possessed this information, and none, I am sure, felt the lack of it. After all, a name was a name, and that was about all there was to it.

* * *

TO ONE ACCUSTOMED to the wind driven schooners with their interminable delays, and the gasoline powered boats with their noisy engines and excessive vibration, a ride on the Rex was an enlightening experience.

Here was smooth, quiet, apparently effortless transportation. Here were spacious decks and comfortable seats and room for one to move about. A person could usually be sure of having friends and acquaintances as fellow passengers, and there was ample time for the exchange of news and reminiscences, for the trip was a leisurely one, taking five or six hours.

Coffee was usually available at all times, and the cook served dinner to those affluent persons who did not balk at the high price of fifty cents for meals that could not have been surpassed in any of the Lake Charles restaurants at that time. (Thy can't do it either today, for that matter.)

If I remember the schedule correctly, the Rex ran from Lake Charles to Cameron on Mondays, Wednesdays, and Fridays, and returned on Tuesdays, and Saturdays.

The old stern-wheeler had a contract to carry the United States Mail; in addition she transported passengers, freight, groceries, bales of cotton, cattle, firewood, building materials, and the thousand and one articles of commerce and trade which the community had to buy and sell.

Her passenger list was always large; on any one trip there were likely to be at least a dozen or two, and often seventy-five or a hundred people would engage passage. The river was the highway to the world, and the Rex the means whereby they came and went.

Ordinary citizens merely going to Lake Charles for an overnight stay, drummers--the traveling salesmen of that day, recruits leaving for the army and those same recruits returning later as veterans, the public officials of the parish going about their duties, cattle-buyers, cotton-buyers, the judge of the district court and his following of lawyers, peddlers, a deputy and his prisoner, the brethren of the cloth, school teachers, insurance salesmen, solicitors of magazine subscriptions, an itinerant dentist or a fitter of eye glasses, the doctor with a critically ill patient on the way to a hospital in Lake Charles or New Orleans, money-hunters -- that strange breed of men, sportsmen, horsetraders, the world at large -- in short, the old Rex carried a fair cross-sampling of all humanity on her broad decks and a student of human life and behavior would have been in his element there.

* * *

I HAVE NO clear idea of the size of the Rex--I would say that perhaps she was a hundred feet and more in length and possibly thirty in breadth. She was the typical old-time Mississippi stern-wheeler with multiple decks and tall smoke-stacks. In fact, it is my understanding that she was actively engaged in commerce on that river when the new owners acquired her for the run on the Calcasieu.

They had to bring her around through the Gulf--there was no Intracoastal Canal then

Fishing on the GULF COAST
by Howard Mitcham

SPECKLED TROUT

This is the Gulf Coast's own fish. If you wanted to name the one fish that is most typical of this area then this dashing, flashing beauty would have to be your inevitable choice. He loves the Gulf Coast so well that he stays here year 'round. This means a lot to anglers during the lean winter months when other fish have gone out to deep water.

The speckled trout is remarkable for the number of things we call him which he isn't. In the first place he's not a trout, he's a weakfish, a member of the croaker family. And in the second place he's not weak. He's strong as all-get-out for his size, an excellent game fish with as much fight in him as the best of them. He strikes your bait like an arrow, and starts to run off with it before you even realize he's there. If you wake up too fast and snatch too hard you've lost your fish. Catching specs calls for the light touch, with plenty of finesse. His body is strong enough, but his mouth is soft and weak, and he can very easily tear himself off the hook if he isn't handled properly.

The specs like to wander around in small schools in the shallow waters of bays and inlets. They move in with the rising tide and retreat with the ebb to deeper water. At times they can be caught from the rockpiles, piers and jetties along the shore, but at other times they can be caught best from boats in the passes, channels and over the shell reefs farther out.

In the winter the speckled trout migrates up the rivers and bayous along the Gulf Coast and trolling for specs in these inland waters is the big winter pastime in this section. A variety of special trolling plugs have been developed and are available in the sporting goods stores.

When it comes to eating, oh man. The speckled trout realizes his destiny. His flesh is white, tender and tasty. The small ones are just the right size for the frying pan and the larger ones are excellent for filleting.

Size: Average 2 to 5 lbs, up to 16 lbs.

* * *

IN THIS AREA LIVE shrimp are by far the most popular bait for speckled trout. Live minows, shedder crabs, mullet and squids will also bring them in. Cane pole, hook, line and sinker are the most universally used tackle, however, the sporting anglers go for rod and reel bait casting, surf casting and fly fishing.

For bait casting any good freshwater 6-9 oz. rod and reel with 10-20 pound test line can be used. When pole-lining with live bait use a sliding cork which adjusts itself to the proper depth. Among artificial lures the red heads, pikes, dilligers and mirror lures are the killers. For fly fishing the streamers and buck tails are preferred.

Abundance: From March to August in the outer waters and the islands in the Gulf. From September to February in the bayous and rivers.

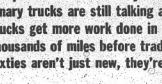
Coburn Says-

When it comes to "Do-it-yourself" jobs, some men are well qualified for certain types of work while others even have trouble putting up a shelf.



"Do-it-yourself" with regard to plumbing installations or repairs calls for a rather specialized knowledge and training.

However, some of you men can handle some of this work yourselves with reasonable satisfaction — but here's a tip: be sure you purchase your materials and supplies from a reliable plumbing dealer. He is thoroughly familiar with details in these matters; his advice can be most helpful and in many instances he can make suggestions that will save you time and money.

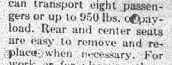
Take advantage of your plumbing dealer's specialized knowledge by doing so you have everything to gain and nothing to lose! When you need medical advice you call on a doctor; when you need advice on some plumbing job you should call on a plumbing dealer—even if it's a "Do-it-yourself" matter.

WORTH MORE BECAUSE THEY WORK MORE!

Compare this list of Chevy advances with the features ordinary trucks are still talking about. You'll see why Chevy trucks get more work done in a day... why they go extra thousands of miles before trade-in time. These Sturdi-Bilt Sixties aren't just new, they're a full scale revolution!

TORSION-SPRING RIDE
Each front wheel, suspended independently of the other, is free to step *individually* over bumps. And shockproof torsion springs up front soak up the jars and jolts *before* they reach the body. With three rugged new tailored-to-the-truck rear suspensions to further reduce road shocks, Chevy gives you the smoothest truck ride you've ever felt.

NO SHIMMY, NO WHEEL FIGHT
Drive a '60 Chevy. Just once. Right away you'll notice the absence of I-beam shimmy and wheel fight common on ordinary trucks. With independent front suspension there's a brand-new, smoother, easier handling feel behind the wheel.



CABS FOR BIG GUYS
Big guys get a bigger break in a Chevy cab. There's plenty of space inside to stretch out and relax: more room for hats and hips, more room for wide shoulders and long legs. There's horizon-wide visibility through a windshield with 26% more glass area; a new see-at-a-glance instrument panel. Cabs are safer, too, up to 67% more rigid.

6'S SWORN TO SAVE
Chevy's 6-cylinder engines are set to squeeze extra miles out of every drop of fuel. They're long famous for low fuel consumption, high performance.

SHORT STROKE V8'S
Power-packed for peak performance, Chevy's husky V8's make child's play out of the toughest hauls. They have a mind tuned to economy, too, that keeps costs down, profits up.

SLICK NEW SUBURBAN CARRYALLS
These handsome new handy haulers "double in brass"—can transport eight passengers or up to 950 lbs. of payload. Rear and center seats are easy to remove and replace when necessary. For work or for pleasure, these double-duty beauties are best for both!

NEW DOLLAR-SAVING PRICES
Chevrolet's low prices make big truck news for '60. They mean money in your pocket on model after model. Step-Vans, 4-Wheel Drives, many light-duty models with automatic transmissions—all are lower priced. Also, prices have been reduced on all optional V8's.

SEE YOUR DEALER
It could be the most important visit you make in '60. When you've seen these new Chevies, you'll agree they're the world's most advanced trucks. Then drive one and find out why.

Guillory's have reunion

A family reunion and barbecue was held at the home of Mr. and Mrs. R. L. Guillory Sunday. Present were: Mr. and Mrs. Hugh L. Guillory, Mr. and Mrs. Huey Guillory, and Mr. and Mrs. Hugh L. Martel, all of Eunice; Mr. and Mrs. Mathew Fruge of Bell City, Mr. and Mrs. Maxine Fruge of Thornwell, Mr. and Mrs. Norman Fruge, Mr. and Mrs. Eddy Addison of Lake Charles, Mr. and Mrs. Clinton Beard, Mr. and Mrs. Cormet Fruge and Mrs. Eraste Fruge of Sweetlake.

Sunday night Mrs. Delva Babineaux enjoyed a telephone conversation with her daughter, Mrs. Stanley Miller in Alamogordo, N. M., and from whom she learned that a hero other daughter, Mrs. Michael Noder and family of Spokane, Wash., were on their way down for a visit.

PFC Paul C. Gary, son of Mr. and Mrs. Ferdinand Gary, is now stationed in Okinawa. His wife is living with his parents while he is away. For friends who wish to write him, his address is RA 1647-7906, 3rd US ASA Field Station, APO 331, San Francisco, California.

* * *

MR. AND MRS. Charles Precht Sr. had as their dinner guests Sunday, Mrs. Louise Hanchey and daughter Louise of Lake Charles.

Mr. and Mrs. Nance of Hevener, Okla. were recent visitors in the home of Mr. and Mrs. Frank Granger.

Mr. and Mrs. Wilbert Richard and sons, Tony and Gregg, of Morse were visitors in the home of her parents, the Claude Eaglesons, last Sunday. Little 5-year-old Gregg decided to stay a few days but an attack of asthma the first night cut short his visit.

Mr. and Mrs. Boyd Faulk and three children of Groves, Texas spent the weekend with her parents, Mr. and Mrs. M. Walding.

Among those on the sick list last week were: Mrs. Walter Helms, Mrs. Gayle Stewart, Mrs. J. D. Fruge, Mrs. Claude Eagleson and daughter Karen.

Mrs. Joe Fruge underwent a major operation at Memorial Hospital last Thursday.

Mrs. R. L. Guillory who underwent surgery at St. Patrick's is back home and able to be up and around.

MR. LOGNION who was hospitalized at Memorial for serious injuries sustained in an automobile accident three weeks ago, is back home after undergoing plastic surgery of the face.

Mrs. Ferdinand Gary, who underwent minor surgery at the Carter Clinic, is getting along fine.

Friends of Jimmie Collins of Lake Charles will be glad to know that after a three week hospitalization in St. Patrick, due to a heart attack, he was able to go home Monday.

Mrs. Lena Guildry has a new car--a 1960 Plymouth.

THE M.Y.F. met in the home fo Mr. and Mrs. Charles Hebert Sunday night. Martha Renfro, president, was in charge of the program.

Games were played and refreshments of home baked pies and cold drinks were served by Mrs. Hebert.

The M.Y.F. would like to take this opportunity to thank the Simpson Methodist Church for making it possible for them to attend the Sweetheart-Beau Banquet given there.

THOUGHT FOR THE WEEK:

Charity is never lost: it may meet with ingratitude, or be of no service to those on whom it was bestowed, yet it ever does a work of beauty and grace upon the heart of the giver.

Fur Queen June Robicheaux

Fur festival queen off for Washington

Twenty-five festival queens selected during the past year at various state and regional festivals throughout Louisiana will attend the annual Mardi Gras Ball in Washington, D.C., February 27, according to Rep. Harold B. McSween, general chairman.

Miss June Robicheaux, a 17-year-old beauty from Franklin, will made the trip as queen of the Fur and Wildlife Festival, which is held annually in Cameron. She and the other state queens will act as attendants for the Mardi Gras queen whose identity will be kept secret until the night of the ball. The queen will be escorted by Louisiana's Governor-elect Jimmie H. Davis.

Meeting in Baton Rouge, the queens will be flown to Washington, D. C. where they will be met at the airport by members of Louisiana's Congressional Delegation. This year, the attendants' escorts will include Louisiana Midshipmen at the U. S. Naval Academy, Louisiana students enrolled at Georgetown University, and members of the Louisiana Congressional Delegation. The queens and their escorts will be honored on Friday, February 27, with a dinner.

The Mardi Gras Ball is a major event of the Washington social season, attended by most of the leaders of Congress and the executive department. Hundreds are turned away each year because the city's largest ballroom isn't large enough to accomodate all who would like to attend. For many weeks, this year's ball at the 1,200-seat Sheraton-Park Hotel ballroom has been sold out.

The Mardi Gras celebration will be sponsored by Louisiana's paper industry, which is in keeping with the custom of the Louisiana Society to feature an outstanding industry of the state each year.

A subscription is only $4.00 a year.

Rex - -

--and a ticklish enough job they had of it too. Mississippi steamboats are not built for rough water, and even the minor swells on the Gulf could have proved disastrous.

A framed picture of the Rex hung in my mother's living room for years. I searched in vain for it after Hurricane Audrey.

It would be impossible to estimate the influence that this one boat--and she had no rivals--exerted upon the lives of the inhabitants of Cameron. She was their one link with the outside world, and her coming and departure were moments of importance.

It was the accepted order of the day for people to "go down to meet the Rex," as they expressed it. Some had legitimate business reasons for going, some were expecting friends or relatives, and others went for no reason at all, except perhaps through force of habit and the chance to get in on a little excitement. Even solid citizens, not otherwise given to foolishness, would saddle a horse and ride ten miles merely to be on hand when the boat docked.

OLD AGE, AND hurricanes, and fires finally put the Rex out of commission. Even before the first highway was opened in 1931, she had ceased making her runs, and lay partially submerged at her berth in Lake Charles, a melancholy and heart-saddening wreck.

No doubt, if the highway had not been under construction at the time, the owners would have rebuilt her; but with the opening of the road only months away, it was not worth considering.

Her day is gone, and she herself is gone, and with them went a goodly company of men. I am not going to give names here, for there are too many; a younger generation would not recognize them, and the oldsters do not need to be reminded.

Those pages in their book of memories are still as bright and clear as they were some sunny morning forty years ago when the tall plumes of black smoke stood above the stacks, the big paddle wheel turned lazily upon its axle, and a sudden puff of white steam shooting skyward was followed a moment later by the clear note of the departing whistle.

The Str. Borealis Rex was sailing.

(Editor's Note--We wonder if any of our readers still has a photograph of the old Rex. If so, we would like to borrow it to run in the Pilot. The picture will be returned to you, of course.)

BOYS AND GIRLS WIN

Tarpons sweep tournament

The South Cameron Tarpons walked off with the top honors in the annual Cameron parish basketball tournament held Friday and Saturday at Hackberry. The Tarps won both the senior boys and girls divisions as well as the junior girls division, with Hackberry taking the junior boys section. In the senior boys competition, South Cameron beat Hackberry 59-57 and Grand Lake 42-26. Grand Lake beat Hackberry 56-42 to take second place. (The tournament was a round-robin affair.)

South Cameron girls beat Hackberry 33-15, Grand Lake 36-15 and Johnson Bayou 77-2, to easily win the girls' division. Grand Lake beat Hackberry 26-13 and Johnson Bayou 27-8 to take second place.

There were only two teams in the junior division, and Hackberry beat Grand Lake in the two games played, 19-7 and 19-18.

In the junior girls division, an elimination tournament was played with Grand Lake defeating Hackberry 46-18 in the first round, and the South Cameron juniors then beating Grand Lake 40-10 for the title.

* * * *

NAMED TO THE All-tournament teams, selected by the officials were:

Boys--Aubrey Welch, Donald Drost and Kenneth Drost, Hackberry; Gerald Conner and Ray Burleigh, South Cameron.

Girls--Veronica Gilmore, Grand Lake; Loretta Devall, Hackberry; Mary LaBove, M. Courmier, Frances Miller and E. Trahan, of South Cameron.

High scorers for the tournament for the boys were Aubrey Welch, Hackberry, 41; Ronald LeBleu, Grand Lake, 32; and Gerald Conner, South Cameron, 31.

High scorers for the girls were Loretta Devall, Hackberry, 52; Mary LaBove, South Cameron, 46; and Veronica Gilmore, Grand Lake, 27.

Pilotless barge runs amuck in the river

Above is only a small portion of the damage done by a huge offshore drilling barge owned by J. Ray McDermott company, which broke loose from its moorings Wednesday night of last week during a storm.

The craft tore loose from the Cameron Marine Service docks and drifted down the river. It smashed into Magnolia production docks, and then it hit the Peter C. Henry Magnolia dock further down the river. (In photo above.)

Then the barge swung around hitting the "Jimmy Walter" dynamite boat, which was working for General Geophysical Co.; and then three shrimp boats tied up at the Roland J. Trosclair docks. Severely damaged were the Miss Mabel and T. Bolo, owned by Trosclair, and the Bab-A-Uloche, owned by Claudy Broussard.

(This is the second time in recent months that the Miss Mabel had come to grief. Once before it had sprung a leak and almost sunk in the river.)

The barge finally came to rest on the east bank of the Calcasieu river, next to the Continental Oil Company dock, doing some damage there.

HOLLY BEACH NEWS

Most everyone has had flu

By MRS. WALTER STANLEY

The flu epidemic has made its rounds here too. Most everyone had it in mild form with colds.

Mrs. Bobby Taylor had a serious attack of the flu and was confined to bed for several days.

Mr. and Mrs. Elias Saltzman took a load of furniture out Tuesday to their new home in Carlyss. The Saltzmans have been residents of Holly Beach for over twenty years. Mr. Saltzman is employed by a Menhadden plant in Cameron and their decision to move was based on the storm jitters which we all have during the hurricane season. We wish the Saltzmans well in their new neighborhood.

MR. AND MRS. Louis Readie and their daughter Donna Lynn took off last week for an extended trip through Texas, the west, and on to Alaska.

Mr. and Mrs. Walter Stanley spent three days in New Orleans last week where they attended a convention sponsored by the American Medical Association on problems of the Aging.

The Heart Fund drive was concluded on Holly Beach Monday night by Mrs. Walter Stanley, local volunteer. She wishes to gratefully acknowledge the cheerful response of the people and their contributions.

Three local young people attend the Cana conference every Sunday night in Hackberry. They are: J. B. and Mae Doris Constance and Arlene Stanley.

Cub Scouts attend Lake Charles rodeo

At the invitation of cowboy star Rex Allen, Cub Scout Pack 102 attended the Lake Charles rodeo Thursday night.

A pack meeting will be held at 7 p.m. Monday at the elementary school. Parents are urged to attend. There are two new members in the pack.

The scouts are selling flower seed to raise money for the pack.

LEGAL NOTICE

PROPOSED CONSTITUTIONAL AMENDMENT

To be voted on at the GENERAL ELECTION April 19, 1960

ACT No. 107

House Bill No. 328.

By: Messrs. Stinson, Gleason and Senator Jones.

A JOINT RESOLUTION

Proposing an amendment to Article VII of the Constitution of Louisiana, to add thereto a new section to be designated as Section 31.2 thereof, for the creation of an additional office of district judge for the Twenty-Sixth Judicial District of Louisiana, composed of the Parishes of Bossier and Webster; dividing the district for purposes of the residence of the judges and fixing the manner in which the office shall be filled and the term and compensation for said office, and to provide that the provisions of this Section shall be self-operative.

Section 1. Be it resolved by the Legislature of Louisiana two-thirds of the members elected to each house concurring, that there shall be submitted to the electors of the State of Louisiana for their approval or rejection, in the manner provided by law, a proposal to amend Article VII of the Constitution of Louisiana by adding thereto a new section to be designated as Section 31.2 thereof, which shall read as follows:

31.2 Twenty-sixth judicial district; additional judge

Section 31.2. In the Twenty-Sixth Judicial District of the State of Louisiana, composed of the parishes of Bossier and Webster there shall be one additional district judge in addition to the one at present provided for.

The first occupant of the judgeship created by this section shall be elected at the general election to be held on the first Tuesday after the first Monday in November, 1960.

The judge holding the office herein created shall receive the same compensation and expense allowances as are paid by the state to other district judges in the state.

There are created in the Twenty-Sixth Judicial District of Louisiana two divisions to be known as Division "A" and Division "B" solely for the purpose of providing that in addition to all other qualifications prescribed by law, the presiding judge of Division "A" of said district shall be a resident of and a qualified elector in the parish of Bossier and the presiding judge of Division "B" of said district shall be a resident of and a qualified elector in the parish of Webster. The election of each judge shall be by the electors of the district at the regular election provided for the election of district judges.

The provisions of this Section shall be self-operative and no enabling legislation shall be necessary to their effectiveness.

Section 2. This proposed amendment shall be submitted to the electors of the State of Louisiana at the General Election on the first Tuesday next following the third Monday of April, 1960.

Section 3. On the official ballot to be used at said election there shall be printed:

FOR the proposed amendment to Article VII of the Constitution, to add Section 31.2, to provide an additional Judge for the Twenty-Sixth Judicial District and provide one Judge shall be a resident of Bossier parish and the other of Webster parish, and also:

AGAINST the proposed amendment to Article VII of the Constitution, to add Section 31.2, to provide an additional Judge for the Twenty-Sixth Judicial District and provide one Judge shall be a resident of Bossier parish and the other of Webster parish.

Each elector voting on this proposition for so amending the Constitution shall indicate his vote relative thereto in the manner provided by the General Election Laws of the State of Louisiana.

Approved by the Acting Governor: June 10, 1959.

THE LAKESIDE GROCERY store, owned and operated by Mrs. Edmires Maurice Weekley, was opened for business Saturday. A driveway separates the store from the recently built resident of the Weekleys. The store itself was moved from the farm where the family formerly lived. Their son, Ravis, and his family had lived in the building for a few months.

Mrs. Daniel Broussard of Klondike spent Tuesday in Westlake with her brother-in-law and sister, Mr. and Mrs. Lawrence Saltzman.

"Sonny" Abshire has been driving back and forth to Iota this past week for dental care.

There continues to be much sickness in this area.

Mrs. Ira Melancon and children, Judy, Rickey, Brenda and Wayne, have had flu for the second time this winter. As though that were not enough, little Rickey now has red measles.

Mr. and Mrs. Louis Trahan, Jr., and their youngest children, Lenora and Ross, have flu.

Susan Beth Stewart returned to S. L. I, Lafayette, Sunday afternoon to resume her studies after having been home since Monday evening with flu.

Rufus Dugas was another flu victim this week.

Miss Dorothy Sonnier spent her vacation with her family, the Wallace Sonniers of Lowery, last week. She has now returned to work in Jennings.

MISS CAROLYN Whitman of Orange, Tex., was home with her parents, the C. H. Whitmans, over the weekend.

Mr. and Mrs. Ernest Harrington and children, Ronald, Curlin, and Linda, of Beaumont, Tex., were overnight guests Friday of the Ellis Abshires.

Mr. and Mrs. Jerry Jax and little daughter, Kay, former residents of Lowery, where Mr. Jax was employed by Superior Oil Co., have moved to Houston, Texas. Mr. Jax was transferred there by his company.

FOURTH YEAR--No. 23 CAMERON, LA., MARCH 4, 1960 10¢ A COPY

ALTHOUGH OUR new offset printing that eliminated many of the typographical errors that used to plague us in the old letterpress method, "typos" can still get by us.

For example, last week we had stock in the Holly Beach Fishing Pier, Inc. selling at "$1 a share" when it should have been "$100 a share." Please pardon our slip.

Incidentally, Bud Brown reports that the extension to the pier has been started and that a big summer fishing season is expected.

ROBINSON'S CAFE, that oasis of hot coffee and good food that Cliff and Ethel Robinson have operated at Gibbstown for the past 13 years, has closed, we are sorry to report. The doctors have ordered both Mr. and Mrs. Robinson to get out of the business. Anyone interested in a good thriving business should see the Robinsons.

He was a retired state employe.

Funeral servicesswere held at 3 p.m. Wednesday at the Sacred Heart Catholic church in Creole with Rev. A. Gilbert officiating. Burial was in the Sacred Heart cemetery.

Survivors are four daughters, Mrs. Alvie Trahan and Mrs. Alton Trahan of Johnson Bayou, Mrs. Joseph C. Roberts and Mrs. Burnell Nunez of Cameron; two sons, Thomas E. Mudd of Cameron and Wilson Mudd of Eunice; one sister, Miss Berdelia Mudd of Cameron; 23 grandchildren and two great great grandchildren.

Library meet to be held in Grand Chenier

Residents of the Grand Chenier area have been invited to attend a meeting concerning the library tax, Wednesday, March 9, at 7 p.m. at the Grand Chenier school. The meeting is being sponsored by the Home Demonstration and Optimists clubs.

Mrs. Virgie LeBleu, a member of the library board, will discuss the tax, which will be voted on March 15, and a question and answer session will follow.

J. T. Ewing opens employment agency

J. T. Ewing this week announced the opening of the Lake Charles Employment Agency at 1732 Ryan street in Lake Charles. Mr. Ewing also operated the Ewing Insurance Agency in Lake Charles and Cameron.

The new firm will service both individuals, by finding them jobs, and employers by finding them employees. The telephone number is HE 6-7762.

The Catholic Daughters held their monthly meeting at the KC home. A day of adoration will be held Friday at the Sacred Heart Church at Creole and anyone may attend. Refreshments were served by Mrs. Mark Richard and Mrs. Linton Landry.

Firemen have fire on their anniversary

The Cameron volunteer firemen, who observed their fifth anniversary Monday, had a hot, roaring fire to do it with.

The home of Murl Racca, located on the back street, caught on fire from a gas heater, and a strong north wind fanned an inferno within minutes. The firemen arrived within minutes, and were able to save about 50 per cent of the house.

Damage was estimated at $4,000 or more, and the Raccas and their two children lost most of their clothing and furnishings. Mr. Racca is employed on the Lake Charles Pilots boat here.

The family is staying with Mr. Racca's brother while the house is being rebuilt.

Samuel Doland, Grand Chenier, dies Friday

Funeral services were held at 2 p.m. Sunday at the Grand Chenier Methodist church for Samuel S. Doland, 82, who died at his home in Grand Chenier Friday night. Burial was in the McCall cemetery there with O'Donnell funeral home in charge.

Officiating at the funeral were the Rev. McKnight, pastor of the Oak Park Lutheran church of Lake Charles, and the Rev. Taylor Wall, pastor of the grand Chenier Methodist church.

Mr. Doland, a life resident of Grand Chenier, was the son of Thomas and Mary Doland, early settlers of the community. He was a retired farmer but was still active in cattle raising at the time of his death.

Surviving are his wife, Mrs. Ethel McCall Doland, Grand Chenier; three sons, Nolan Doland, Juaquin, Texas, Everette and Thomas Doland of Lake Charles; three daughters, Mrs. Albert Cohen, Johnston, Sweetlake and Mrs. Roy Emmons, lake Charles; four sisters, Mrs. Alvin Hackett, Sweetlake, Mrs. Dan Hays, Eunice, Mrs. M. W. McCall, Lake Charles, Mrs. Byrd Sanne, New Orleans; nine grandchildren and three great grandchildren.

The family expresses it appreciation for floral offerings and wishes to thank everyone for their kindness.

Cameron students win catechism contest in Creole

Catechism students from Cameron, with a score of 460, won the contest sponsored by the Knights of Columbus in Creole Saturday. Creole was second with 350 and Grand Chenier, third, with 270.

The 3rd and 5th classes from Cameron scored 100 per cent and the average for the entire Cameron group was 92 per cent.

The question session was conducted by the Rev. Sennerville and Rev. Lanoue.

Linton Ladry, youth activity chairman, said that another contest will be held soon.

Cameron Volunteer Firemen Pose for Fifth Anniversary Picture

Firemen observe 5th anniversary

The Cameron volunteer fire department observed its fifth anniversary this week by throwing a big dinner, getting out of debt and, appropriately enough, putting out a fire.

The department organized in 1955 has operated with a great deal of credit to itself since then. Many fires have been put out by the department, saving the property owners of the community thousands of dollars.

Fire Chief Ray Burleigh told the firemen, their wives and guests Monday evening at a dinner at Fred's Restaurant that the department, which had to borrow money when it first started before enough tax money had come in, is now operating completely in the black.

Guest speakers at the dinner were Richard Savant, chief of the Lake Charles fire department; S. E. Wall, deputy state fire marshal; and Mrs. Conway LeBleu, who spoke about the upcoming library election.

E. J. Dronet was master of ceremonies.

Chief Burleigh announced that the volunteer firemen were now insured for $5,000 while fighting fires.

He expressed the appreciation of the department to the police jury and the public for cooperation received during the past five years.

Officers of Volunteer Fire Department

L. to R.; Ray Champagne, captain; Ray Theriot, lieutenant; Earl Mouton, secretary; Ray Burleigh, chief; and Wilman Saltzman, assistant chief.

Red Cross drive kickoff is Sat.

The kickoff luncheon for the 1960 American Red Cross campaign for members and funds in Cameron and Calcasieu parishes will be held Saturday at the Calcasieu-Cameron chapter house at 101 S. Ryan street, Lake Charles.

Chapter Chairman Lloyd McClatchey said the guest speaker will be Harry Hudson, chairman for the 1960 Louisiana campaign. Mr. Hudson is division commercial manager for Southern Bell Telephone Co. in New Orleans.

He will be introduced by Walter E. Richard, regional Red Cross fund consultant.

A. H. Crain of Grand Chenier and Eloi Primeaux of Hayes, co-chairmen for the Joe-parish drive, have announced the following community chairmen:

Leslie Richard, Cameron; Dalton Richard, Creole; Mrs. Abbie Ardoin, Bell City; Mrs. Wilson Lacombe, Hayes; Mrs. Ray Gragg, Holmwood; John P. Breaux, Chloe; Warren Cormier and Mrs. David Diez, DeQuincy; Ralph Taggart, Edgerly; J. Leo McGough, Vinton; and Mrs. Margaret Casburg, Starks.

Chairman for other Cameron communities will be announced later.

Phillips 66 station under new managers

Phillips 66 service station and garage in Cameron now have new owners and managers--Roy Hunott and Charles (Yankee) Thomas, who recently purchased the business from Andrew Richard.

Charlie Broussard is in charge of the garage department and wrecker service is offered. The station will be open 24 hours today.

Bookmobile to resume run to Johnson Bayou

The bookmobile will resume its regular trips to Johnson Bayou on Thursday, March 10, according to Mrs. Mary Brand, parish librarian.

Mrs. Brand said no trips had been made to Johnson Bayou for several months because of the work being done on the road. The road is now in good enough shape for the big vehicle to get over it.

The bookmobile will be at the Cameron Meadows plant from 8:50 to 9:30 a.m. and at the Johnson Bayou school from 9:45 to noon.

Awards presented to Cub Scouts

The following awards were presented to members of the Cameron Cub Scout Pack, Monday night, at a pack meet in the elementary school auditorium:

Phillip Trosclair, denner and wolf badge; Glenn Theriot, two silver arrows; Andrea Girior, wolf badge, gold and silver arrows; Ralphy Condor, bobcat pin and wolf badge; Bennett LaLande, lion badge, gold and silver arrows.

Edward Petterson, wolf and bear badges and gold arrow; Russell Billior, silver arrow; Conrad Saltzman, silver arrow; Jeffery Saltzman, silver arrow; Joe Clark, silver arrow; and Carlton Freeman, bobcat pin.

The cubs wish to thank Bolo Trosclair, Mr. and Mrs. Curtis Roux and Mr. and Mrs. James Holston for taking them to the rodeo.

The next cub scout meeting will be held at Dr. Cecil Clark's office at 7 p.m. on March 9.

SCIENCE FAIR WINNERS ARE ANNOUNCED

The science fair held Friday at South Cameron high school attracted 114 entries and many visitors and was termed a big success by school officials.

Seven of the first and second place winners in the fair will be entered in the district science fair at McNeese State College, March 17, 18 and 19, according to Sonny McCall, science instructor.

The winners were:

Biology, senior division--Susan Wall, "Comparison of Spinal Columns," first; Ann Martin, "Cancers," second.

Other sciences, senior division--John Hebert, "Model Oil Well," first; William Bullock, "Electric Motors," second.

Klondikers hear talk on library

The Klondike Community Center--the old Klondike school--was the setting at 1:30 p.m. Friday for the Klondike Home Demonstration Club meeting, with Mrs. J. W. White serving as hostess.

Speakers at the meeting were representatives of the Cameron Parish Library, Mrs. Mary Brand, librarian of Cameron, and Mrs. Charles Precht and Mrs. Charles Hebert, board members from Sweet Lake. They explained the operation and maintenance of the library and stressed the importance of property owners going to the polls on March 15 to vote the two mill tax for a period of ten years in order to keep the library in operation.

The club decided to collect cancelled postage stamps for the Islet Mental Hospital of New York and to send them through the Grand Chenier Home Demonstration Club. Mrs. Gordon Mack is offering a prize to the member bringing in the most stamps. Any non-member may contribute to this cause by turning in stamps to Mrs. Mack of Lake Arthur or Mrs. White of Gueydan. Merely cut out the corner of the envelope to which stamp is attached.

Mrs. Otis Lemaire was welcomed into the club as a new member.

Mrs. Iva Free, home agent, demonstrated the making of tier and aluminum trays and the designing and painting of wooden trays. She also displayed some hats that she had made.

Year books for 1960 were distributed to club members.

The ladies voted to meet at the Center monthly in order to hold all-day workshops under the supervision of Mrs. Free.

The next meeting will be on Friday, March 25, with Mrs. Roy Duhon as hostess.

Pecan Is. road job awarded

A low bid of $288,852 has been accepted by the Louisiana Department of Highways on the bituminous hot-mix surfacing of 19.2 miles of the Grand Chenier-Pecan Island road in Cameron parish.

The successful bidder was Coastal Contractors Inc., Baton Rouge, and there were three other bidders.

This contract includes only that portion of the road in Cameron parish. The Vermilion section, which was opened for traffic last year, will be awarded at a later date.

Final part of Johnson Bayou road to be let

Bids will be opened on March 16 by the Louisiana Department of Highways on the blacktopping of the 12 miles of road between the Johnson Bayou school and the Sabine Lake Causeway, according to Rep. Alvin Dyson.

All of the rights-of-way for the road have either been secured or will be expropriated by the state.

This section, plus the section of the Pecan Island road Let last week, will leave only four miles of the coastal road unsurfaced in the parish.

J. B. Jones heads L. S. U. alumni drive

Louisiana State University alumni in Cameron Parish opened their portion of the LSU Alumni Fund campaign March 1. The current fund drive, second major alumni fund in the University's history, has an overall goal of $1,10,000.

"Never in the one hundred years of LSU's existence have the alumni shown the interest being demonstrated today," said Cameron Parish fund chairman Jennings B. Jones, of Cameron, in kicking off the parish drive.

"And never has there been a greater opportunity than now for us to serve our alma mater," Jones added.

The LSU alumnus, who recently accepted the Cameron Parish chairmanship, said all graduates and former students in this parish on the Federation mailing list are being sent informational materials on the background and purposes of the Alumni Fund.

The objectives of the 1960 Fund are keyed around the establishment of a much-needed scholarship program designed to aid fifty or more deserving freshmen.

Two new members were enlisted for a Cameron lodge at the first meeting held last Friday night. A charter is being sought.

Mr. Brown said that the order's supreme governor from Moose Heart, Ind., will be in Lake Charles on March 30 for an initiation.

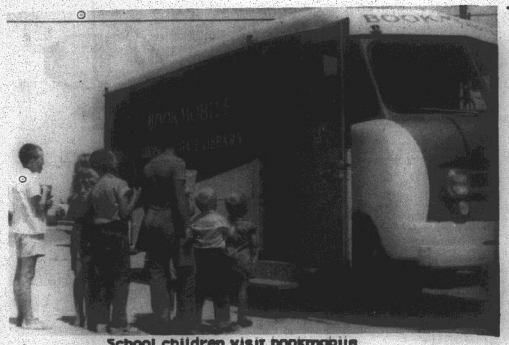
EDITORIAL

It's up to you

Do you want to restrict your reading, and that of your children, to the books and magazines you own or can afford to buy for yourself? Or, would you prefer to have free access to a well-stocked library of thousands of books, with an expert librarian always glad to give you information and advice about books and reading?



Do you want to wait for an occasional chance to drive many miles to a bookstore, or would you prefer always having books as easy to set as your daily mail—brought by the big bookmobile to your neighborhood or to the school grounds for your children?

Are you going on wishing your children had plenty of well-chosen books at school and at home—and most book collections in Cameron parish schools and homes perished in Audrey—or do you intend to have right now this opportunity for them and for all your young neighbors?

Did you know that the average property owner in Cameron parish will not even have to pay the 2-mill library tax—he will be covered by homestead exemption if his assessment is less than $2,000. And, the tax paid by property owners with higher assessments will, in most cases, not be more than the cost of one or two books or magazine subscriptions a year.

Most worthwhile things cost, but where else can you get so much for so little?

Vote YES on March 15 to keep alive your Audrey Memorial Library!

AN EARLIER DAY . . . By ARCHIE S. HOLLISTER

High life and old Greely

Anyone raised on a farm as I was, soon comes to recognize that animals have personalities as distinct and individualistic as humans.

Some forty years ago one of my grandfather's neighbors—Uncle Jim—had an old blue horse named Greely. This Greely was a character in himself, and a horse of strong, independent mind. Like so many old horses, he had an overpowering love for baby colts, and no compunction whatever about breaking down gates and fences to get into a pasture where the little fellows were. It was amusing, and somewhat pathetic, to watch the old horse disport himself in games, races, and make-believe fights with his small companions.

If he broke my grandfather's fences to get in, he also broke Uncle Jim's fences to get out. It is hardly feasible to keep a work-horse in the stable, or staked out on a rope all the time, and when Greely was turned loose to graze, he took advantage of the first opportunity to dismantle a section of fence, and pursue his own interests.

Greely got to be such a nuisance that both my grandfather and Uncle Jim concluded that something would have to be done to break him of his destructive habits.

* * *

UNCLE JIM WAS FULL of good advise, none of which worked — on Greely. He brought my grandfather his shotgun and specially prepared shotgun shells. These shells had had the lead shot removed, and such as dried okra seed, coarse salt, or fat bacon substituted instead. Each time Greely broke in my grandfather peppered his tough old hide with this ingenious ammunition. Greely, smarting with pain, would break out of the pasture—in a new place each time of course—and run home.

The next day he was back again, and breaking fences at will. Evidently he had a short memory, or else cherished no ill will over the treatment he received.

One day Uncle Jim came up, full of optimism over a new plan he had. He brought with him a pint jar of a chemical commonly called "high life." I believe that the technical name for it is carbon disulphide. Anyway, it is a colorless, evil-smelling liquid, possessed of some rather unusual properties.

For one thing, it evaporates with unbelievable rapidity, and if poured upon the hide of an animal, this evaporation produces the sensation of extreme cold. There is something else about the stuff too—something I cannot explain; pour it into your own hair, and it induces a feeling of panic, even though you are perfectly aware that you are dealing with a harmless chemical compound.

I remember a kid in his late teens asking me to let him try some on his hair. We had poured a little on a big old lazy cat, and that cat had fairly outdone himself in his antics and gyrations. He was the only creature I ever saw that could turn a double somerset in the air and land on his feet running.

Well, I gave the boy the bottle and he poured about a teaspoonful on the crown of his head. He was soon walking in a tight little circle, crouched over, and raising his right knee almost shoulder high at each step. He looked at me, and said,

"You know, I sure wish I was by myself. I want to run and holler the worst kind, but I'm ashamed to do it with anybody else looking on."

* * *

HIGHLIFE BEGINS to work within five seconds after being applied, and fortunately does not last for more than a minute or so. It has no after-effects, nor does it need them either; the present effects are quite sufficient.

When Uncle Jim handed the high life to my grandfather he said, "Ed, let's try a little experiment. The next time old Greely breaks in, I want you to pour this bottle of high life on him. Pour it all on him—give him a good dose—and then maybe he'll stay home."

My grandfather took the bottle, and Uncle Jim departed. Within an hour the old mischief-maker appeared, and announced his presence by tearing down a couple of panel of fence. My grandfather stuck the bottle of high life into his pocket, picked up a short length of rope, and went out and caught the old horse.

He then led him out onto the road, and while the old fellow stood there half asleep, poured the contents of the bottle onto his back, starting at his ears and winding up at the root of his tail. Then he removed the rope, stepped back, and waited.

All the while Greely had been standing with the quiet resignation of the experienced work horse, waiting to be hitched to the plow. As my grandfather stepped away, the animal turned his head and looked at him with a puzzled expression; this was not quite what he had expected.

* * *

AND THEN OTHER matters began to call for his attention. The high life was taking effect. Greely squirmed, shook himself thoroughly, and switched his tail. The chemical now began to work in earnest, and Greely reached around and began to gnaw at his rump with his teeth. This proved too slow a process in the developing emergency, and he resorted to kicking. He put on what must be considered an outstanding performance, throwing his whole heart and soul into the act, and repeatedly kicked so high and with such vigor that he was in imminent danger of going over onto his back.

Finding no relief in this exercise, he began to buck. This display of unlooked-for ability in a gentle old farm horse would have been of extreme interest to a rodeo scout perhaps, but it did not appear to help Greely. He gave a final mighty leap, then with a screeching bellow, lit out for home. The farther he ran, the faster he got, and he shouted out his woes to the wondering neighbors.

Uncle Jim heard the thunder of his hooves and his pleas for help, and knew that Ed had faithfully performed his part of the experiment. He sprang from his chair and ran out to open the cowpen gate to let Greely in. But Greely didn't have time to come in; true, he checked his speed momentarily, but evidently realized that he was going too fast to risk turning. He gave Uncle Jim one glance, then flatteded out again.

The front marsh happened to be dry at the time, and out into this marsh Greely raced. By the time he had made a huge circle and approached the gate again, the effects of the high life had worn off and he was in control of his faculties once more. He trotted in, took a long drink of water, and fell quietly to grazing.

Did the high life treatment cure him? Well, he came up early the next morning about daylight, and broke down a brand new gate my grandfather had built the afternoon before.

LETTERS TO THE EDITOR

Likes offset

Dear Jerry Wise:

I'm glad to be a columnist in the up-and-coming "Pilot."

Glad to hear you're going in for offset printing. It's clean, sharp, and neat and creative, and if one doesn't go off the deep end, economical; in short, ideal for a small weekly.

Hope you get off to a good start. I know that such a change over is a nerve-wracking deal.

Formerly taught here

Sirs:

Enclosed find a check for $4 which is to extend my subscription to the Cameron Pilot for another year.

I enjoy the paper so much. I taught in Cameron Parish in the Grand Chenier high school in 1938-39 and in the Sweet Lake school during the sessions of 1939-40-41. There are so many wonderful folks in Cameron Parish. The memory of their acquaintance has given me a big lift as I have been an invalid since 1947.

Best wishes to you. Your paper is wonderful and I shall enjoy reading it during another year.

Fishing on the GULF COAST
by Howard Mitcham

Specks make fine eating

Catching speckled trout is fun enough, but cooking and eating them can be a real Fine Art. It's sacrilegious to take such a fine fish and just flop in the fat and fry him. If a little extra effort is expended, the results can be fit for royalty.

Trout amandine ("with almonds") is the Creole gourmet's version of trout cookery. Longfellow House at Pascagoula and Galatoire's in New Orleans are two eminent restaurants which feature this delectable concoction. Since they do it differently we'll give you both recipes and you can take your choice. (Note: These recipes also work well with green trout—large mouth bass.)

* * *

SPECKLED TROUT MEUNIERE GALATOIRE

Take three trout of about ¾ pounds each and filet them. Dip the six tenderloins in cold milk, then sprinkle with flour and season with salt and pepper. Melt ½ pound of butter in a frying pan and cook the fish very slowly until brown on both sides.

Remove fish and place same on a platter. Add the juice of two lemons to the frying butter. Add 1/3 pound of sliced almonds to the butter. Stir until the butter turns brown, pour over the fish and serve hot.

TROUT AMANDINE LONGFELLOW (Individual Serving)

Filet a two pound trout. Marinate the filets for a time in butter, paprika, salt and pepper. Rub crushed almonds into the meat. Broil under a medium fire until trout is done.

Pour over the trout a sauce made of equal parts of butter, sauterne wine and lemon juice. Sprinkle with chopped almonds. Serve hot. Um-m-m.

* * *

TROUT FILETS VERONIQUE

Chef Justin Callens has built up quite a following among gastronomes through his culinary magic at the Vieux Carre Restaurant in New Orleans on Bourbon Street. Here's his trout veronique which is one of the features of the house:

6 trout filets
12 ounce can of white grapes
1 glass Sauterne wine
four teaspoons lemon juice
1 tbsp. chopped parsley
salt and pepper

Poach the can of white grapes in the glass of Sauterne wine for five minutes. In a frying pan melt the ½ pound of butter and free it of foam. Saute the trout filets for ten minutes (a little longer if they are large). Add while on the hot fire four tsps. lemon juice, and chopped parsley, then the grapes and Sauterne, cook on full fire for about two minutes more and serve on hot plates.

Senior Grand Lake 4-H'ers get awards

Several members of the senior 4-H Club at Grand Lake received medals for outstanding projects at the recent monthly meeting. They were:

Sylvia Young, clothing, entomology, girls records and home improvements; Juanita Granger, dairy demonstration; Shirley LeBleu, canning; Shirley Young, entomology; Brent Nunez, gardening; Harold Granger, 4-H electric; Richard Broussard, health improvement; and Charles Barber, home grounds improvement.

A program on Civil Defense was presented by Richard Broussard, Sylvia Young, Ora Lee Broussard, Brent Nunez, Donalda Fusilier and Albert Gary.

Mrs. Iva Free demonstrated textile painting and Clifford Meyers showed how to grade eggs.

JOHNSON BAYOU NEWS

Four oil rigs go up on Bayou

By MRS. M. C. JOHNSON

Oil activity continues to mount on the Bayou. This week four new oil rigs are going up, one on Smith Ridge on the Myers land, another just behind the Utley Trahan home, a third at the mouth of Johnson Bayou, and the fourth moved in by Texaco in the Cameron Meadows field.

Mr. and Mrs. Carl Munter have moved to their home on the Beach, establishing permanent residence. They previously had lived in Port Neches, Texas.

The Tom Trahan family have completed their new home on Smith Ridge. They began moving in Sunday.

Beginning next Tuesday at 7 p.m., Lenten Devotions will be held at the Catholic Church each week during the Lenten Season.

Mrs. H. G. Trahan returned home Saturday after spending several days in Lake Charles with her father who is seriously ill.

* * *

A NUMBER OF FRIENDS and relatives attended the wedding of Louis Carroll Trahan and Mary Ann Benoit in Cameron Saturday. Mr. Trahan is the son of Mr. and Mrs. Tehodore Trahan, sr. of Johnson Bayou.

The Girls' Auxiliary had a mission study Saturday at the Baptist Church. It was taught by their counselor, Mrs. Marvin Fannin. Tengicle enjoyed the study which was followed by a picnic lunch. Mrs. Francis Erbelding, associate counselor, also attended.

The Week of Prayer for Home Missions will be held each morning next week at the Baptist Church, beginning at 8:30. Every lady is invited to attend. Mrs. Mae E. Peshoff is prayer chairman.

Attending the Rodeo in Lake Charles last Sunday were Mr. and Mrs. Jim Erbelding and children and Mr. and Mrs. Abraham Peshoff.

Larry Jinks, son of Mr. and Mrs. Ira Jinks, had an Angus bull entered in the livestock in Lake Charles, and won second place.

A Saturday visitor on the Bayou was Pete Sells of Galveston, Texas.

* * *

A NEW WHITE picket fence has been put up around the Archie Berwick home on Smith Ridge, and it is a pleasant sight to see. Inside the front gate is a chain-link arch, which adds to the beauty.

We extend get-well wishes to Mrs. Berwick who has been ill. We are happy to report she is improving, but is in the clinic in Beaumont this week undergoing further tests.

The three Elvin Donahue children have been confined to bed with the measles. Bonnie was able to return to school Monday.

Sunday visitors in the Dennis Burch home were Arthur Rosebaum, Mrs. Maude Diggs, and D. T. Morris of Orange, Texas. Also visiting them were Mr. and Mrs. Donald Edgerton of Lake Charles. Mr. Edgerton who is stationed at Chennault Air Force Base is a brother to Mrs. Burch and Mrs. Billy Griffith.

Mrs. Lettie Mae Rutherford is visiting with her daughter, Mrs. Edlow Peveto in Sulphur.

Visiting the J. W. Erbeldinds last week were Mrs. Larris Davis and two boys and Mrs. Erbeldings parents Mr. and Mrs. Damon Ryder, all of Basile.

The R. H. Boyds went to Beaumont and Groveton, Texas on Sunday, then on to Greggton to visit an uncle, J. W. Boyd.

* * *

A BROTHERHOOD has been organized among the men of the Baptist Church. The first meeting was Friday night when officers were elected. J. B. Erbelding III was elected president; Kennith McRight, vice-president; Francis Erbelding, secretary-treasurer. Following the meeting, a gumbo supper was served. Meetings will be held on each third Friday night.

Plans are now being made for the annual Vacation Bible School which will be held in June at the Baptist Church. Principal named for the school is Mrs. Sullivan LeNormand. Superintendents are: Beginners-Mrs. J. W. Erbelding; Primary-Mrs. M. C. Johnson; Juniors-Mrs. Francis Erbelding; and Intermediates-Rev. M. C. Johnson. Those desiring to work in the Bible School should contact the principal of the school or any of the Superintendents.

LIBRARY NEWS

By MRS. MARY BRAND
Parish Librarian

Of the 67,944 books borrowed by the people of Cameron Parish from the library since it started operation, 46,425 of these were taken out by bookmobile users.

The bookmobile serves most sections of the parish traveling about 1,000 miles a month. Two-thirds of the registered library users get their books from the bookmobile.

The bookmobile makes regularly scheduled stops along its route to enable the people of the neighborhood to come select books of special interest to them either for reading pleasure or informational purposes.

School children and teachers use the bookmobile to supplement the materials available in their schools. They read story books just for pleasure but most school children enter the bookmobile looking for material on a particular subject such as insects, stars, Abe Lincoln, reptiles, France or Squaw Valley -- whatever they are studying at that time.

The bookmobile makes trips to Hackberry, Holly Beach, Grand Lake, Sweetlake, Creole and Grand Chenier. Johnson Bayou service was discontinued due to road construction. Service to the Johnson Bayou area will begin again as soon as the road is in condition for the bookmobile to travel it.

In the near future the Library Board plans to extend bookmobile service to areas not being served at the present time and to add stops on routes that are now receiving service.

BAPTISTS PLAN CONVENTIONS IN LAKE CHARLES

Louisiana Baptists are coming to Lake Charles this year.

Calcasieu and Cameron parish churches of Carey Baptist association will join three Lake Charles churches as hosts for four statewide conventions. Committees are busy now making preparation for three events due in March and April.

The state Training Union leadership convention will meet at Boulevard Baptist church March 14-16.

The state Woman's Missionary Union convention will convene at Lake Charles First Baptist church April 6-8 and Trinity Baptist church will be the meeting place for the state WMU Night Circles' convention April 9-10.

The Louisiana Baptist Student Union convention will meet with Boulevard church Oct. 7-9.

Area Baptists a few months ago made a bid for the general state convention next November, but that meeting will be held at First Baptist church in Pineville.

WHY DO CHURCHES TRY SO HARD?

PUBLICITY about Baptist revivals has attracted your attention. It has been a steady, hard-hitting emphasis. Visiting preachers. Everybody invited. Special prayer groups. Transportation for all who need it. So goes the news in papers, by radio, on television, from billboards, in front of church houses, even on automobile bumper stickers.

Why all the extra effort to get people interested in churches and revivals? This involves a great deal of time, work, and money. Why do churches try so hard?

They have God's instructions. They can do no less. Paul said of himself that "I was made a minister, according to the gift of the grace of God" (Ephesians 3:7). A church also is made to minister to people. It is one of God's means of extending his love to people.

It is necessary for churches to put forth great effort because people who make up churches are imperfect. In a grocery store a meat cutter said to a customer, "I got religion last week, and now I can't sin any more."

The customer quoted the Bible to prove him wrong. "If we say that we have no sin, we deceive ourselves, and the truth is not in us" (1 John 1:8).

Church members find it necessary to work hard for their own spiritual growth. A revival meeting is an effort to revive or bring fresh vigor and new life into the church itself.

Churches are concerned about the salvation of persons, and they try to get their attention, stir up their interest, attract them to worship God.

If a church is not concerned for people it can become like one church that had only two members left. They nailed up the doors and windows and agreed, "As long as we live we will meet here once a year and clean off the cemetery." No more worship. No more revivals. No more singing. No more giving. No more fellowship. No more work except once a year with a hoe scraping weeds from graves. Concerned only about dead people. The church quit work, and it died.

A true church of Jesus Christ is a living, working, power-filled force. It is anxious to reach out arms of love and understanding to all people. It tries desperately to convince every person of God's love. It knows that a person who tries to live without God is living without hope and is lost. That is why the church puts forth every effort to get people to accept salvation through Christ.

Football dates are announced

The 1960 football schedules were announced this week by South Cameron and Grand Lake high schools. Several differences are to be noted from last year's slates.

Grand Lake coach Joe Sonnier said Elton will replace Oberlin on the Hornets' schedule, as Oberlin wanted to schedule games closer to home. Grand Lake has eight games scheduled so far, with three open dates which may be filled.

South Cameron also has a new opponent--Westlake. Landry and Mt. Carmel, both of which the Tarpons beat last year, have dropped from the local team's schedule.

The Tarpons will again play Vinton, but the Lions have dropped from Class A to Class B and are a regular member os District 5-B. South Cameron has nine games scheduled, so far, with six of these at home. Two open dates remain to be filled.

South Cameron is getting ready to start spring practice, with about 50 boys expected out. Coach Alton Magee has ten returning lettermen, and has a letterman for every post except fullback, right half back and the ends. Only three of the players will be seniors.

The schedules for the two parish teams are as follows:

SOUTH CAMERON 1960 SCHEDULE

Sept. 9--Open
Sept. 16--Westlake, home.
Sept. 23--Open.
Sept. 30--Iowa, home.
Oct. 7--Hackberry, there.
Oct. 14--Merryville, home.
Oct. 21--Vinton, home.
Oct. 28--Kinder, there.
Nov. 4--Grand Lake, home.
Nov. 11--Gillis, there.
Nov. 18--Oberlin, home.

GRAND LAKE 1960 SCHEDULE

Sept. 9--Elton, there.
Sept. 16--Open.
Sept. 23--Kinder, there.
Sept. 30--Westlake, there.
Oct. 7--Merryville, there.
Oct. 14--Hackberry, home.
Oct. 21--Iowa, there.
Nov. 4--South Cameron, there
Nov. 11--Open.
Nov. 18--Gillis, home.

GRAND CHENIER NEWS

Grand Chenier has street lights now

By ELORA MONTIE

Grand Chenier now has three street lights--two near the post office and one near the Catholic church. These were put up by the Jefferson Davis electric co-op with the expense to be paid by the Police jury.

Mr. and Mrs. Marvin Richard have purchased three acres of land here from Mrs. Jack Perkins adjoining the John Paul Crains.

They moved their house from near Curley Vincent's place to the new location Tuesday. They are also having a deep water well dug.

Sandwiches, cakes, cookies, coffee and candy will be sold at the polls election day here. Funds will go to the Boy Scout's purchases of equipment.

Many Chenier folks at ended the Fat Stock show in Lake Charles Sunday afternoon.

Mr. and Mrs. Freddie Richard were called to Sulphur this weekend by the death of his uncle, Louis Thibodeaux.

Mr. and Mrs. Curtis Richard of Orange, Texas, spent the weekend with Mr. and Mrs. D. Y. Doland.

Mr. and Mrs. Alden Sanner of Hackberry, spent the weekend here at Mrs. Sanner's parents, Mr. and Mrs. Charles Richard.

Mr. and Mrs. Clifford Miller spent the weekend in Forked Island with Mrs. Miller's parents.

Miss Adalie Chesson and Bobbie Gist of Sulphur were weekend visitors here.

JUST BEFORE THE last deer season the Allen parish police jury passed an ordinance barring the use of rifles in that parish. Believeing that the jury had overstepped their authority, five hunters of the area did invite a test court case by deliberately going afield with rifles and so notifying the authorities.

The case eventually came to court, where it was ruled that the state legislature had specifically ruled on the use of firearms, and that police juries did not have the authority to change those regulations.

Now a reader drops me a note to say that Vermilion parish has a similar "anti-rifle" ordinance.

REMEMBER THE die-off of ducks on the Rockefeller refuge at Grand Chenier several months age? Well, something similar is happening to the muskrats on the Sabine refuge near Hackberry.

Clyde Goings, chief clerk at the refuge, told us this week that a number of muskrats had been found dead or dying by the refuge trappers and in many places the 'rats were deserting their houses.

Dr. Hayes and Dr. Jenkins, biologists from the University of Georgia, were down on Feb. 4 to make a study of the bodies of the dead 'rats to try and determine the cause of their death. And Dan Denett and Louis E. Brunet, biolists with the Louisiana Department of Wildlife, were here oh Feb. 9 and took samples of the water in the marsh.

Up until the 'rats began to die, the refuge trappers were having a very good season, Goings said. They have been catching both muskrats and nutria, with pelts of the former going at about $1.60 and of the latter at $1.

ON THE CAJUN Fishing Front . . . Bastrop's Bussy Brake, a new 2200 acre impoundment built by International Paper Company, may be opened for fishing sooner than was originally planned. Fish growth has been tremendous . . . Southwest Louisiana anglers are marking time until the March 15 opening of the Lacassine Refuge ponds, hoping for better weather than the blustery, cold conditions that greeted them last year... The Cutoff, just north of Monroe, has been producing some big bass despite the cold weather . . . Black Bayou, north of Shreveport, has been northwest Louisiana's most consistent producer during the winter . . . Lake Concordia, at Ferriday, continues to be good for a fair string of bass just about anytime, as it has for as long as I can remember.

Booklet tells you how to attract wild ducks

Helping farmers in the south to attract more wild ducks to agricultural land by "farming for wildlife" is the theme of a new farmer's bulletin just released by the U. S. Department of Agriculture.

The new publication, Managing Farm Fields, Wetlands, and Waters for Wild Ducks in the South", was written by Verne E. Davison, Athens, Georgia, and William W. Neely, Walterboro, South Carolina, biologists for USDA's Soil Conservation Service.

The authors state that farmers who have some wetland or some land they can flood may attract wild ducks but they will not be able to keep them unless the ducks find an ample supply of the food they like. The bulletin describes how farmers can manage food plants, water level, and other conditions to attract ducks to a winter home.

Eloi Primeaux, local Soil Conservationist, states that land use practices to encourage ducks, geese, and other wildlife are receiving increasing attention in the conservation plans of many area land owners. SCS biologists and engineers are designing water control strucures for use in dams and dikes so that water conditions favorable for waterfowl may be maintained.

A few local operators who are managing for improved wildlife habitat are R. A. Moore, Gum Cove; W. Sam Vincent, Sulphur; Percy David, Klondike; Whitney Broussard, Klondike; Emedies Mallet, Bell City; J. Parry Doxey, Grand Chenier; and Clarence Faulk, Big Lake.

A free copy of the wildlife booklet may be obtained from the Office of Information, U.S. Department of Agriculture, Washington 25, D.C. or by calling in person on Eloi Primeaux at the SCS office, Federal Building, Lake Charles.

Cameron folks in N.O. Mardi Gras

By ELORA MONTIE

Cameron parish was represented in the New Orleans Mardi Gras and several local people took part in one of the parades.

Mr. and Mrs. Moise Sturlese of Grand Chenier and Mr. and Mrs. Vian Theriot of Chenier Perdue were guests of Dr. and Mrs. M. O. Miller of New Orleans at the big celebration.

The Millers, the Cameron parish folks and a band rode on a float which depicted the oil, cattle, trapping, wildlife and rice industries of the parish. The float, which was a large flat bed truck, was number 122 in a parade of more than 200 floats which went down St. Charles and Canal streets.

WILD LIFE BOARD DECLARES

Shrimp industry is threatened

The Louisiana Wild Life and Fisheries Commission charged this week that the "flood of foreign shrimp being dumped on the U. S. market" is causing "immeasurable damages" to the state's shrimp industry and threatening fishermen with financial ruin.

A resolution adopted by the commission at a special meeting in New Orleans urged that the Ways and Means Committee of the U. S. House of Representatives conduct hearings on H. R. 8769, which would establish country-by-country quotas for importation of shrimp.

In its resolution, the commission asked the Congress and all state and federal agencies interested in the United States fishing industry "take whatever means available to assist in the restoration of the shrimp industry to its proper place in te economy of the United States."

The resolution was introduced by T. Max McFatter, Lake Charles, and approved by E. R. McDonald Sr., Newelltown, chairman; George A. Foster, Pollock, vice-chairman, and John Currone, Morgan City, and Ray Whatley, Alexandria, members of the commission.

* * *

THE COMMISSION said that the uncontrolled imports of shrimp into this country poses "a direct threat to the survival of the shrimp industry in Louisiana."

Noting that millions of dollars have been invested in the state's shrimping industry and that thousands of Louisianians are provided employment "directly and in the related industries," the commission in its resolution said:

"The ever-increasing foreign importation of shrimp has so affected the shrimp economy in the state of Louisiana that the shrimp fishermen are facing immediate financial ruin and loss of not only their life savings, which they have invested in their shrimping vessels, but . . . their homes as well.

"The related industries, including local merchants, suppliers and processors will also suffer immeasurable damages should the Louisiana shrimp industry continue to be adversely affected by the foreign importation of shrimp."

* * *

FOLLOWING THE commission's action, Ray Robinson, Westwego, president of the Gulf Shrimp Canners Association and member of the legislative steering committee of the National Shrimp Congress, Inc., said:

"The stand of the Louisiana Wild Life and Fisheries Commission is gratifying to domestic shrimp producers and processors who stand united in the conviction that the U. S. shrimp industry, already seriously crippled, is faced with disaster because of unrestricted shrimp imports.

"It should be made clear, however, that the quota measure proposed by the industry does not seek to prohibit or cut back imports, but actually is designed to expand imports in orderly fashion.

"More than 50 countries export shrimp to the United States. The attitude of the domestic shrimp industry is that this is desirable for two reasons. One is that the domestic industry by itself cannot meet the shrimp demand in this country. The other is that foreign countries need U. S. dollars, which increase their purchasing power for U. S. commodities.

"The domestic industry is concerned, however, at the prospect that unrestricted imports may bring about widely fluctuating prices and wreck both the U. S. and traditional foreign suppliers. The great bulk of the imports in the past have come from Western Hemisphere nations which stand to suffer as badly as the United States shrimp industry unless the growth of imports is controlled."

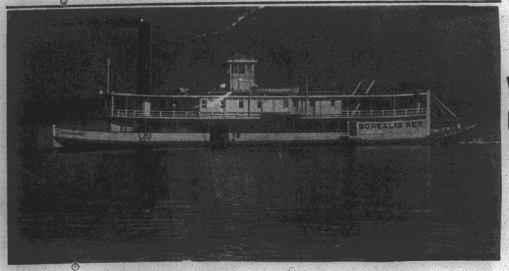
Robinson said that H.R. 87-69 and similar bills introduced by 27 other congressmen established a five-year period during which quotas on imports, based on recent importations, would be increased each year until a permanent basic quota is determined. The yearly increases range from 5 per cent to 25 per cent.

* * *

THE PERMANENT basic quotas established at the end of five years, Robinson said, could be enlarged upon a finding that the demand for shrimp in this country exceeds the combined supply from domestic and foreign sources.

Robinson said that on March 16 the United States Tariff Commission will open a hearing in Washington on the effect the multiplying imports of shrimp has had on the domestic shrimp industry.

The tariff commission hearing is the result of a House Ways and Means Committee resolution of Feb. 9 directing the commission to determine whether imports were such as to "cause or threaten serious injury to the domestic shrimp industry." The commission is to make a report on its findings to the House committee.



LESLIE RICHARD NAMED VICE-PRES. OF ASSESSORS

Election Tuesday decides fate of library and bookmobile

LIBRARY ELECTION IS TUES.

The library building was erected by the U. S. Junior Chamber of Commerce as a memorial to those who lost their lives in Hurricane Audrey.

TWO-MILL MAINTENANCE TAX IS NEEDED TO CONTINUE OPERATION

Taxpaying voters of Cameron parish will vote next Tuesday on a proposal to levy a two-mill tax on property in the parish for the purpose of supporting the Cameron Parish Library and its bookmobile service.

If approved by the voters, the library becomes a permanent institution of the parish, some 8500 books and the big red-and-white bookmobile (now a familiar sight on Cameron highways) remain on indefinite loan in the parish from the Louisiana State Library, and the Jaycee-built Audrey Memorial library building will keep open its doors to readers.

A "get out and vote" movement is under way, with offers of automobile rides to the polls to anyone who wants to vote. Polls open Tuesday morning at 7 a.m. and close at 6 p.m. at the parish's regular voting places. Every resident property owner who is registered to vote may vote in the election.

Homestead exemption applies to the library millage, and persons with assessments of $2,000 or under will have their share of the tax paid by the state.

THE LIBRARY WAS opened on June 27, 1958, the $13,500 building a gift from the national Junior Chamber of Commerce as a memorial to persons who lost their lives in Hurricane Audrey. The library has been operated for the past two years as a demonstration of the State Library at no cost to the parish.

Forty-six of the 64 parishes in the state now have parish-supported libraries, according to Mrs. Charles Hebert, president of the Cameron parish library board.

She appealed to the property owners of the parish to continue the operation of the Cameron parish library by going to the polls Tuesday and voting "yes" on the library tax.

Other members of the library board are Mrs. Charles Precht of Sweetlake; Mrs. Virgie LeBleu of Cameron, Mrs. A. F. Sanner of Hackberry, Mrs. Lee Nunez of Grand Chenier and Donald Broussard of Creole. Police jury president Eraste Hebert is an ex-officio member of the board.

Unknown grave markers planned

The Cameron parish disaster relief committee is planning to erect two monuments at Lake Charles cemeteries where the bodies of a number of the unknown colored dead of Hurricane Audrey are buried.

Cost of the work will be $760, Roland J. Trosclair, a committee member, told the police jury Monday.

The disaster committee, a group of citizens representing every community in lower Cameron parish, was established after the 1957 hurricane to administer the thousands of dollars of donations which came in from all over the nation.

About $20,000 of the fund was used to recover a large number of burial tombs from the marsh where they had floated during the storm and flooding of the coastal area. Grants were made also to many needy families in the parish.

Mrs. Iva Free, committee treasurer, said some $700 or more would be left in the fund after the monuments were paid for and plans were to distribute this equally among the cemeteries for restoration work. The committee would then be dissolved.

(A memorial to unknown white dead of the storm was erected in Highland Memory Gardens last year. It was the gift of a number of organizations of the area.)

Mr. Trosclair asked the police jury if it wished to transfer the $4,000 or so left in its special disaster fund to the Cameron parish fund and that the two be dissolved together. However, the jury decided to keep its fund in existence a little longer to be used in burying any unknown bodies which may still turn up (one did two weeks ago.)

Juror Conway LeBleu said he thought the jury should use the $4,000 to furnish rooms in the new lower Cameron hospital to be built sometime in the near future.

PARISH FOLKS SEE SELVES IN NEW FILM

Dozens of Cameron parish residents are having a unique experience this week—seeing themselves as actors in a 15-minute color movie.

The film, "Libraries for Louisiana," was made in the parish several months ago by Carolyn Ramsey, film producer, for the Louisiana State Library. It shows how a library demonstration, such as Cameron, is set up in a parish and carried out.

A large number of parish citizens are in the film—checking out books in the library, meeting the bookmobile at its various stops around the parish, and school children meeting the bookmobile at the schools.

Just a few of the people to be seen on the screen are Mrs. June Harper, Ned Crain, Mrs. Harold Carter, Mrs. "Bee" Nunez, Glenn Hebert, John Broussard, Ray Burleigh, Mrs. Bessie Goodman, "Grandma" Cox, Mrs. Tom McCall and granddaughters, Jenny and Margarer Jones, members of the library board, Mrs. Mary Brand, librarian, plus a host of others.

* * *

PARISH RESIDENTS may see the film at the following locations during the next few days:

Friday, March 11--Hackberry high school, 7 p.m.

Saturday, March 12--Cameron elementary school, 7 p.m.

Monday, March 14--South Cameron high school, 7 p.m.

The movie was shown Tuesday at Johnson Bayou school, Wednesday at Grand Chenier school and the Cameron Lions Club, and Thursday at Grand Lake high school.

WOLF PACK IS REPORTED ON THE BAYOU

By MRS. M. C. JOHNSON

Some folks say there is a pack of wolves roaming Johnson Bayou this days, and there seems to be good evidence for the statement. Several hogs have been killed and Harry Erbelding was reported to have lost some sheep.

No one has actually seen the wolves, yet, they can be heard every night. They're not always in the same location, either. Concern for the lives of baby calves has been expressed.

Fishing opens Tuesday on Sabine refuge

Sports fishing on the Sabine wildlife refuge in Cameron parish will open Tuesday, March 15, and close on October 15, it was announced this week.

The refuge will be opened for fishing from 45 minutes before sunrise to 45 minutes after sunset. Molesting of wildlife is not permitted and no dogs or firearms are permitted on the refuge.

Outboard motors of greater than 7½ horsepower are prohibited and boats left in the pool must bear the owner's name and address. Certain areas of the refuge are closed to the public and are so marked so as to protect the colonies of such birds as roseate spoonbills, egrets, herons, etc.

Red Cross drive to be next Thursday

A house-to-house canvass for the Red Cross will be made in the town of Cameron next Thursday evening, March 17, beginning at 7 p.m., according to Leslie Richard, town chairman.

Persons wishing to make donations to the drive are asked to leave their porch lights on.

A PILOT EDITORIAL

Library--ours for the asking

There are two important points parish people should keep in mind when they go to the polls Tuesday to vote on the library maintenance tax:

(1) The majority of property owners in the parish will not have to pay the two-mill tax, as state homestead exemption covers them. (And even those persons assessed for over the $2,000 limit will have relatively little to pay.)

(2) The library building, some 8,500 books, and the bookmobile, which have a total value of between $40,000 and $50,000, will remain in Cameron if the tax passes. If the tax fails, the parish will lose all of these.

It stands to reason that Cameron parish cannot afford to give up such a worthwhile institution when all that is needed to keep it in operation is a small tax that most people will not even have to pay.

Channel problems studied by jury

The problems presented by the Lake Charles ship channel continue to plague Cameron parish, and Monday the police jury agreed to seek a meeting with the Lake Charles dock board to see if solutions could be worked out.

The channel presently has two adverse effects on the parish at the present:

(1) Erosion of the channel in the Hackberry area has eaten into the land of private property owners, two of whom have filed suit for damages. Since the police jury agreed, when the channel was built, to protect the federal government against such law suits, the parish finds itself being sued.

(2) The regular maintenance dredging of the channel has filled up Calcasieu lake to such an extent that fishermen and boat operators have become alarmed. They say that if a levee is not built to keep the silt out of the lake, that it may become unnavigable.

Representatives of the Lake Charles dock board told a group of Cameron parish citizens in Hackberry recently that the dock board would be glad to assume of Cameron's obligations in connection with the channel if it could legally do so.

* * *

J. B. JONES, jr., assistant district attorney and the legal advisor for the police jury, noting this statement, came up with this proposal at Monday's jury meeting:

If the dock board wants to help Cameron pay for the channel damages, then why not offer a constitutional amendment in the May legislature to permit them to do so?

He proposed that the jury meet with the dock board and the state representatives of Calcasieu and Cameron parish to explore this possibility.

The jury agreed and the meeting will be held shortly.

Jones said that an alternate proposal would be to extend the Lake Charles Harbor and Terminal District all the way to the Gulf (it stops now at the Cameron Line) which would then give the district the authority to pay for the damages. Cameron parish would then be represented on the dock board.

But the attorney noted that this proposal had been made several years ago and that Cameron property owners had vigorously objected to it.

The jury indicated that unless something could be worked out to give the parish some relief from the channel problems, that it might be very difficult for the federal government to secure additional rights of way in the parish when and if the ship channel is ever widened and deepened.

State Representative Alvin Dyson reported that an engineer of the Cities Service refining corporation had asked to discuss with him a system of revetment which would solve the erosion problem in the Hackberry area.

News Briefs

Permission to build a slip along side the Boudoin & Richard docks was given Mark Richard Monday by the police jury. The slip will be used as a docking place for a pleasure boat owned by a Eunice man.

Joe W. Doxey of Cameron was re-named as a member of the Board of Trustees of the Public Affairs Research Council at the annual meeting in New Orleans last week.

The board of directors of the Cameron Farm Bureau will meet at 7 p.m. Friday at Fred's Restaurant, according to D. Y. Doland, president of Grand Chenier.

GUEST EDITORIAL

Students voice library support

(Editor's Note--Among the chief users of the Cameron parish library are the parish's school children. Recently, the seventh grade class at Cameron elementary school was asked to write what they thought of the library. The following, which was one of the essays turned in, was written by 12-year-old Elaine Broussard.)

* * *

On Tuesday, March 15, the property owners of our parish will vote to determine if the people are willing to pay the necessary tax to keep the parish public library in operation.

I would like to give some reasons why I think that our taxpayers should vote "yes" in this election:

Everyone, once in a while, has to locate information. The easiest and fastest way is either to phone or go to the library to find it.

The library is a place of enjoyment also. There are many things displayed there and the building is very comfortable.

As I am in school, I know myself that the library helps in our work by aiding us to locate information, as well as developing our vocabulary.

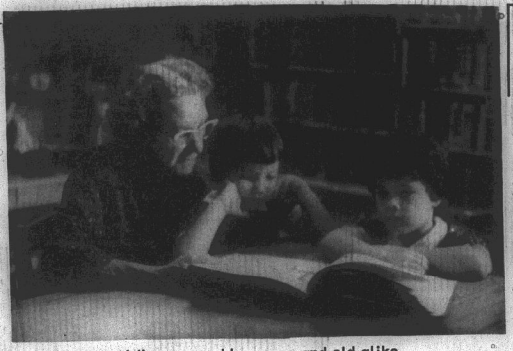
The current magazines and newspapers which are at the library help us to learn about the things that are happening in the world.

People who were not able to continue their education can continue it by studying books at the library.

The library saves our money because expensive reference books are there for our use.

A library is the center of the community reading and a place where things of interest can be displayed.

In the summer, a reading period is given for young children from the ages of 5 to 11.



The library has as a service to businessmen a variety of information such as reports, pamphlets, etc. on all types of subjects.

In summing up the library service, one may find in our public library not only reading and reference materials, but also special books on industry, science, business, economics, civics, sociology, education, philosophy, religion, literature, magazines and newspapers. Phonograph records, films and filmstrips are also available.

I would like to ask everybody to vote "yes" for the library in our parish.

(Editor's Note--Other students who wrote essays on the library were Donnie Dale Alexander, Sharon Kruticevich, Sandra McPherson, Charolotte Rarcliff and Austin LaBove. These essays are on display at the library.)

Library used by young and old alike

Mrs. Tom McCall of Grand Chenier reads to her granddaughters, Margaret and Jennifer Jones, at the parish Library.

An Earlier Day . . . . . By Archie Hollister

UPS AND DOWNS

Old Uncle John Wetherill, so-called to distinguish him from his nephew, Young John, was a small, thin, wiry little fellow who could not have weighed more than 120 pounds at his best. He was acutely conscious of his diminutive size, and saw no humor in anything that might infringe upon his sense of his own dignity and worth.

Uncle John once decided to shoot himself a few ducks. He took down his gun, a ten gauge, double barrel old muzzle-loader, and set out along the public road. Within a mile or two he located his ducks--that is, he could hear them but he couldn't see them. In those days a thick stand of small willows fringed the south edge of Grand Chenier ridge, and the ducks were feeding in open water just behind the willows.

Light and active as a cat, Uncle John swung into the limbs of a large oak growing just at the edge of the marsh, and climbed to the higher branches. From this vantage point he could see his ducks--several hundred of them, bunched together, and all within long range of his big gun.

He knew of course, that he must get as many as possible with the first shot for with a muzzle-loader there would be no chance of a second. And game laws did not even exist in that day. Accordingly he loaded both barrels with an extra-heavy charge, and balancing himself on a horizontal limb, took careful aim and pulled both triggers.

His expectations were realized and more than realized. Several dozen ducks lay dead upon the water, but the jolt of the heavy recoil had kicked Uncle John off his limb upon which he was standing. He fell twenty feet through the air and landed in two or three feet of soft, cushiony mud. The mud broke his fall so that he was quite unhurt--physically, that is; but the injury to his psyche must have been tremendous.

Furious at this affront to his dignity, he pulled himself out of the mud and stalked off down the road towards home. He did not even wait to pick up his gun or his ducks, but sent someone else to retrieve them instead.

* * *

JOHN JANUARY once got a similar fall from a tree through a miscalculation on the part of my grandfather. The hurricane of 1915--or perhaps it was 1918--toppled a huge liveoak that grew across the road a little way below the house. There the tree lay, its trunk almost horizontal, a huge crown of moss, leaves, and branches at one end and a mighty counterweight of broken roots and earth at the other. (Those of you who saw big oaks uprooted by Hurricane Audrey will recognize the picture.)

My grandfather reasoned that if the top of the tree were removed, the weight of the roots would cause the trunk to fly back to its original vertical position, and that perhaps the tree would continue to grow since the roots on the leeward side were undamaged. He engaged John to cut the top off for him. This was no light undertaking, but a job that lasted several hours. During one of his rest periods John stated that he thought he would soon be finished.

My grandfather knew that he had been standing on the main trunk while working, and warned him: "John, when the top is cut through, that trunk is going to fly back like a steel spring. Be sure that you step over to the other side of the cut, for the top is already lying on the ground, and it won't move."

John assured him that he would be very careful, and that when the trunk was severed he would be on the right side of the cut. With that, he returned to his work and my grandfather sat down to wait. At the first cracking of the limbs, John crossed over to the safe side of the cut. He had hardly gotten onto the limbs when my grandfather, who was unable to see him through the thick branches, called out, "She's coming now John! You'd better step across."

Whereupon John obligingly recrossed, just in time to be on the trunk when it flew back into place. He was hurled into the air like a pebble from a sling-shot, and landed thirty feet away in a bed of loose sand. He was considerably shaken up, and more or less bruised, but fortunately no bones were broken. In a day or two he was walking around again, and making remarks about how close he had come to heaven, taking considerable delight in the double meaning of his jokes.

* * *

I HAVE OFTEN heard my grandfather tell the two stories just related; he usually added a third one also, and this one was about himself. He had climbed a large oak at the edge of the marsh in order to cut out a dead limb for firewood. As his saws were never sharp enough to cut, he took along an ax instead. That the ax was just about as dull as the saws mattered little--one could always chop a little harder, and in one manner or another, hack the limb off.

He located the branch he wanted, and mounting to another just a little lower, he began hewing away mightily. One ponderous stroke of the ax, however, fell short, and missed the limb entirely. Whereupon he lost his balance and tumbled head first into the midst of a dozen or two hogs that were enjoying a mud bath directly beneath him. As he expressed it, "he had to crawl out of the mud and go sneaking up to the house for a bath and a change of clothes."

So plastered was he with mud that my grandmother failed at first to recognize him. It was only when she noticed his gold watch chain, which somehow had remained clean, that she would admit him to the house.

I think that he used to enjoy relating this experience quite as much as he did those of John Wetherill and John January.

LETTERS TO THE EDITOR

SENDS MATERIAL ON THE OLD REX

Dear Sirs:

I am mailing you some old clippings I have had for several years in regards to the old Borealis Rex, which used to be our mail and all transportation. My husband was captain and pilot for a long time aboard the Rex.

I have been getting your paper ever since it came out by some of my good friends down there and I really appreciate it. I think it is Charles Rogers who has been so nice and has sent me the Pilot. I enjoy reading it very much.

I was raised in Cameron used to know everybody, but most of my old friends are gone. If you can use any of the old clippings, I'm glad to have you do so. Please send them back when you get through.

Mrs. James Hanson

Fishing on the

GULF COAST

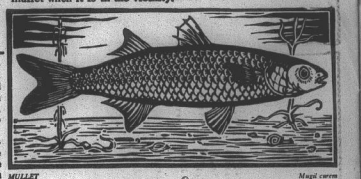
by Howard Mitcham

Just as the speckled trout is the king of Gulf Coast sport fishes so the mullet is the most universally popular eating fish of the region.

Mullet have had a very important part in the history and background of the Coastal region. In the early days this area was isolated from the rest of the country and the populace was largely dependent on food from the sea, especially mullet. During the Civil War when the Gulf Coast was blockaded by the Union fleet the mullet is said to have saved the population from the near starvation which afflicted the rest of the South.

When they're really in season the mullet are thicker than flies. They swim in close packed schools and the numbers of them caught by net casters and seiners is sometimes almost beyond belief. Their tremendous abundance results in a generally low market price for mullet, hence they are a staple in the poor man's diet along the Coast, underselling pork chops, steaks, chickens and other popular protein foods. But don't let the low price fool you. The mullet is one of the most delicious of all the fishes that swim in the sea.

His distribution is worldwide, and his history is ancient. The ancient Egyptians and Romans cultivated mullet in salt-water ponds, and Pharaoh and Nero alike composed hymns of praise for this tastiest of seafood morsels. This fish has tender, firm textured flesh which contains a clear yellow oil with a mild nut-like flavor. He almost tastes like meat instead of fish.



Smoked mullet is one of the most delicious sea-food treats available to mankind; to sit and nibble at this gourmet's delicacy and wash it down with good cold beer is great indoor sport. Many seafood fanciers swear that the roe of mullet is better eating than the famed shad roe of the Atlantic Coast.

The average striped mullet caught here along the Coast weighs about three quarters of a pound, but farther out around the islands they average two or three pounds, and some individuals have been caught weighing up to ten pounds. The mullet which go up into the streams and bayous are not as tasty as their saltwater brothers, because they eat too much mud and that affects their flavor.

* * *

THE MULLET IS TRULY A beautiful fish, a brilliant silvery gray in color, darker on the back with dusky stripes along the sides. This fish is remarkable for the fact that he has a gizzard like a chicken, this is accounted for by the fact that he is a vegetarian bottom feeder, he roots around in the mud of the bottom feeding on microscopic plant life.

Mullets are present year 'round in the shallow waters of our bays and inlets, although they are most abundant from April to November. They often swim right up to the line of to the beach in the shallowest water. They also run up into the brackish waters of the rivers and bayous to feed. They have a playful habit of jumping out of the water as high as three feet in the air. When excited a mullet may jump out of the water as many as seven or eight times in rapid succession. This jumping habit makes it easy for the fisherman to spot the schools. It is also claimed by many that a good fisherman with a sharp nose can actually smell a school of mullet when it is in the vicinity.

LEADERS ARE NOT BORN...THEY ARE *MADE*

Boys and girls are the greatest asset of our state. Only a few years from now, they will take over the leadership of business and industry, government and education. In our opinion, there is no such thing as a "born leader." Our leaders of the future will be developed from boys and girls in all walks of life.

4-H Club activities are helping to develop qualities of leadership that will make better citizens . . . through the Junior Leadership Program sponsored by United Gas. Thousands of older 4-H Club members are taking part in this program, and we are honored to have this opportunity to share in the 4-H Club movement.

JOHNSON BAYOU NEWS

Library film is shown on Bayou

By MRS. M. C. JOHNSON

The film which gives the history of our Cameron Parish Library was shown at the Johnson Bayou School Tuesday night. We were glad to have the parish librarian, Mrs. Mary Brand and her husband, Ray Burleigh of Cameron, Mrs. Charles Precht and Mrs. Charles Hebert of Sweetlake here to tell us about the activities of the library. Continuation of the library in our parish depends on the way we vote in the tax election on March 15. A reminder to the people of Johnson Bayou-the polls will be open from 7 a.m. until 6 p.m.

Claude Rutherford was injured last Friday night while working in the Burton oil field. He is hospitalized at the West Calcasieu-Cameron Hospital in Sulphur with a back injury. Mrs. Rutherford is staying at the hospital with him.

The welcome mat is out this week for Mr. and Mrs. Leroy Crabtree and four boys who have moved into the Peshoff Trailer Park from Port Sulphur. They are originally from Birmingham, Ala. Mr. Crabtree is toolpusher for the Bayou Drilling Company which is drilling in the lake. Working on the rig from Johnson Bayou are Lloyd Billiot and Johnny Landry.

Mr. and Mrs. Ted Trahan have purchased a trailer home and have it parked at the Peshoff trailer park.

* * *

THE REV. Theodore Brandley, pastor of the Catholic Church here, suffered a slight attack last week and has been hospitalized in Lake Charles. Due to the illness, no Mass was said here last Sunday and the Lenten Devotions have been postponed until a later time.

Recent visitors in the Rafael Manuel home were Mrs. Manuel's mother, Mrs. Denise Robin, and Mr. and Mrs. Dan Duplechain of Port Barre.

Miss Agnes Constance was taken to the West Calcasieu-Cameron hospital in Sulphur last Monday morning by ambulance, after becoming critically ill Sunday night.

Mr. and Mrs. Willis McDonald of Port Arthur, Texas, spent Saturday night at the home of Mrs. McDonald's mother, Mrs. Claude Rutherford.

Sunday visitors in the Roy Billeaud home were Mrs. Norris Mhire and son, Wendell, of Grand Chenier, and Mr. and Mrs. Vernon Jinks of Hackberry.

Mr. and Mrs. E. J. Constance and family of Hackberry were recent visitors on the Bayou. While here, Mr. Constance presented a chalk drawing of the "Good Samaritan" to the Baptist Church. The drawing will be displayed in the church.

Saturday night, R. H. and Loretta Boyd, and Rodney visited with the Sam Warren family in Cameron.

Melvin Broussard left last week for New Iberia where he is employed by Loftland Brothers to work on an oil rig in the Gulf.

Our deepest sympathy is extended to Mrs. Alvie Trahan and Mrs. Alton Trahan in the loss of their father, Henry Mus, who passed away last week in Cameron.

* * *

GET WELL WISHES are extended to Mr. and Mrs. Ernest Trahan who have been confined to bed with the flu. Mrs. Trahan received a bruised eye last week when she fainted and hit the corner of the cabinet.

Correction, please! We recently welcomed to our community a new family and reported their name to be Beard, from Lake Charles. Actually, the name should have been Baird and they are from Opelousas. Our apologies, please.

A new hurricane type fence is presently being installed around the Baptist Church. The fence takes in the entire acre of ground recently purchased by the church from Miss Mathilda Gray.

Both Mr. and Mrs. Joseph Erbelding have been confined to their home with the flu. Visiting in their home last week was Mrs. Bertha Drost, Wendell and Richard, and Elray Reeves all of Lake Charles, and Mr. and Mrs. Fritz Erbelding of Sulphur.

The Rev. M. C. Johnson and family spent last Wednesday visiting his mother, Mrs. W. E. Root in Lake Charles.

Bayou Browsing

ONE OF THE really great feats of shooting marksmanship and endurance took place last October. Tom Frye, professional shooter for Remington-Peters, shot at 100,000 wooden blocks tossed into the air and missed only SIX of them. In the 13 day marathon Frye smashed 99,994 of the 2½" square blocks, using four Remington Nylon 66 rifles and .22 long rifle ammo.

The previous record--and this was indeed a record-breaking performance--was set about 52 years ago by Winchester pro Ad Topperwein, who shot at 72,500 targets and missed only nine.

To add a little interest to the "monotonous" run, Frye would occasionally see how fast he could get off his shots. During one period he shot at and broke, in 20 minutes, 1,700 blocks. His longest run without a miss was 32,860.

THREE LOUISIANA gunners were named on the 1960 Sports Afield All-American skeet team released recently by Jimmy Robinson, skeet and trapshooting editor of that magazine. In gun circles that is considered the 'official' All-American.

The only one of the three making the first team was a pretty, petite Shreveport gunner, Mrs. Kathleen McDowell, who placed on the ladies first squad. Kathleen won the world's ladies sub-small (.410) skeet championship at Norfolk, Va. last August with an 89x100, and took the national Class A high-over-all title with 521x550. She also captured the ladies' all-gauge, ladies' sub-small and high-over-all titles at the Great Western in Chicago, hitting 99x100 in the former event. She won the Louisiana women's all-bore title with 97x100. Her average on 1000 all-gauge targets during 1959 was .9620, fourth in the nation.

WHAT HAPPENS AFTER DEATH?

In a few score years, all who read these lines will have vanished from the earth.

Every day, almost a hundred thousand human beings finish their earthly span and pass off into the vast beyond. Our turn will come we all know, but when, where and how we cannot be sure.

No merely human being ever has been able to look into eternity and tell us what it is like. No scientific knowledge or instruments can pierce the curtain that divides this world from that into which all of us must eventually journey.

All we know about God's eternal plans for us . . . all we know about what lies beyond the grave . . . comes from the God Who made us and to the extent He has seen fit to reveal it to us.

But we can face eternity without fear. For we have a definite answer to the mystery of death. With the facts God has put at our disposal through the inspired books of the Old and the New Testaments, the Catholic Church always has given, and gives today, a definite answer to the important questions raised by the fact of death.

Man's life in this world, the Church tells us, is a preparation for the world to come . . . a testing-time which ends with our death. What happens after that depends on whether death finds us loyal to God, or opposed to Him and the way He expects us to live. ". . . it is appointed unto men once to die and after this the judgment" (Heb. 9:27).

Christ gave us (Matt. 25:31-46) a description of God's judgment which leaves no room for doubt that our worthiness of everlasting reward will be judged solely according to the way we have lived our lives on this earth.

Death does not bring merely a long, unconscious slumber, but rather a quick awakening to the irrevocable judgment of our Creator. Nor does it bring us a second chance to prove ourselves or to amend our erring ways. In our own hands rests the opportunity . . . and upon our own heads the responsibility . . . to determine if death shall be the threshold to everlasting life among the blessed, or among the lost.

Men blessed by youth and good health often feel that death for them is far away—something to be worried about only in the twilight years. Some scoff at the suggestion that an everlasting hell could be permitted by a merciful God. Others seem to think that God will treat them kindly if they live reasonably moral lives, even though they pay Him no special honor which is His due.

If you would like more information on Heaven, Hell, Purgatory, the end of the world and the resurrection and judgment of all men . . . we shall be happy to send you an interesting pamphlet, in a plain wrapper. And nobody will call on you. Write today for your copy of Pamphlet No. KC-14.

MARDI GRAS "RUN" ON CHENIER

By ELORA MONTIE

In spite of the bad weather, Grand Chenier folks enjoyed the "running" of the traditional Mardi Gras here Tuesday of last week. There were 18 in the run that afternoon, and 22 more later in the evening.

A Mardi Gras ball was held at Earl Granger's place and chicken gumbo was served at Murphy's cafe.

Many of the older folks came out to enjoy the dance, which must have reminded them much of their younger days.

* * *

CONTINENTAL PLANT

Since March 1 the Continental Oil Co. has been operating its new plant here and has hired four men. They are Richard Hebert of Cameron, Earl Roberts of Lake Charles, Claude Fawvor and Claude McCall of Grand Chenier. Eight men are employed altogether.

Many folks are still sick with the flu here.

JAMES KIMBERLY FAWVOR

Mr. and Mrs. Dudley Fawvor of Grand Chenier announce the birth of a son, James Kimberly, at Carter's Clinic, March 2. He weighed 10 lbs., 5 oz. The Fawvors have one other son, Thomas.

Grandparents are Mr. and Mrs. James Fawvor Jr., of Grand Chenier, Mr. and Mrs. Alex LeFort of Cameron, and Bert Stoker of Lake Charles.

Great-grandparents are Mr. and Mrs. James Fawvor Sr., of Grand Chenier, Mrs. Alex Smith of Cameron, Mr. and Mrs. R. E. Stoker of Lake Charles and Mrs. A. L. Arceneaux of Welsh.

The baby was baptized after 8 o'clock mass Sunday at the Immaculate Conception Catholic church with Father F. X. Lanoue officiating.

Sponsors were Mr. and Mrs. Alex Lefort of Cameron.

IN WASHINGTON

Mr. and Mrs. Rapheal Miller, formerly of here, who now live in Orange, are visiting their daughter in Washington. They will meet their son, Carroll, at the Air Base in New Jersey March 21 when he returns from Europe where he has been for the past three years. He will be stationed in Michigan in the future.

NEW VEHICLES

New vehicles on the Chenier this week are a 1960 GMC pickup truck belonging to Mr. and Mrs. Raymond Vaughan, a 1960 light brown Pontiac purchased by Oliver Theriot Jr., and a 1960 Chevrolet bought by Henry Albert McCall.

Mr. and Mrs. Marvin Wayne Owen came home Monday in a 1958 black Chevrolet purchased from Carter's Chevrolet in Creole.

With winter weather still hanging on, Valian Theriot has built a long shed for his cattle on the ridge west of his home. He feeds a large number of cattle and he bought three white face Herford bulls a few weeks ago.

Mr. and Mrs. Walter Dupuis celebrated the second birthday of their son, Michael Glenn, March 2. Refreshements were served to friends and relatives.

We wish a speedy recovery to James (Jim) Fawvor Sr., who is 85 and who underwent surgery at St. Patrick's hospital in Lake Charles last week. He is reported improving nicely and will be home soon.

VISITORS

Mr. and Mrs. Lawrence Arceneaux and children of Grand Chenier spent the weekend with Mr. Arceneaux's parents in Lafayette.

Mr. and Mrs. Newland Dupuis of Jennings visited in the home of the Clabert and Walter Dupuis, Sunday.

Mr. and Mrs. H. A. Miller had as visitors Sunday Mr. and Mrs. August Miller and Walden Miller of Port Neches, Texas, and Mr. and Mrs. George Miller of Orange, Texas.

Mr. and Mrs. Harry Richard of Lake Charles visited Mr. and Mrs. Charles Richard here.

LEGAL NOTICE

PROPOSED CONSTITUTIONAL AMENDMENT
To be voted on at the GENERAL ELECTION
April 19, 1960
ACT No. 107
House Bill No. 328.
By: Messrs. Stinson, Gleason and Senator Jones.

A JOINT RESOLUTION

Proposing an amendment to Article VII of the Constitution of Louisiana, to add thereto a new section to be designated as Section 31.2 thereof, for the creation of an additional office of district judge for the Twenty-Sixth Judicial District of Louisiana, composed of the Parishes of Bossier and Webster; dividing the district for purposes of the residence of the judges and fixing the manner in which the office shall be filled and the term and compensation for said office, and to provide that the provisions of this Section shall be self-operative.

Section 1. Be it resolved by the Legislature of Louisiana two-thirds of the members elected to each house concurring, that there shall be submitted to the electors of the State of Louisiana for their approval or rejection, in the manner provided by law, a proposal to amend Article VII of the Constitution of Louisiana by adding thereto a new section to be designated as Section 31.2 thereof, which shall read as follows:

Three sets of bids opened by police jury

Three sets of bids were opened by the Cameron police jury Monday. Frazier Welding Shop of Hackberry was successful bidder on welding pipe for the Hackberry fire department with a bid of $1339.79. Welders and Oilfield Supply Co. of Cameron bid $1411.18.

The two bids received on a proposed flood gate located about 2 miles north of Holly Beach in Ward 5 were taken under advisement. They were: Nunez Lumber Co., Creole, materials only, $2,241.94; B. E. Brown, Johnson Bayou, materials and labor, $4,860.

Also taken under advisement were the two bids on a 2-ton truck with a Massart steel platform for Ward 3. They were: Ed Taussig, Inc., Lake Charles, $4,144.89; Neal Equipment Co., Lake Charles, $4,146.91.

31.2 Twenty-sixth judicial district; additional judge

Section 31.2. In the Twenty-Sixth Judicial District of the State of Louisiana, composed of the parishes of Bossier and Webster, there shall be one additional district judge in addition to the one at present provided for.

The first occupant of the judgeship created by this section shall be elected at the general election to be held on the first Tuesday after the first Monday in November, 1960.

The judge holding the office herein created shall receive the same compensation and expense allowances as are paid by the state to other district judges in the state.

There are created in the Twenty-Sixth Judicial District of Louisiana two divisions to be known as Division "A" and Division "B" solely for the purpose of providing that in addition to all other qualifications prescribed by law, the presiding judge of Division "A" of said district shall be a resident of and a qualified elector in the parish of Bossier and the presiding judge of Division "B" of said district shall be a resident of and a qualified elector in the parish of Webster. The election of each judge shall be by the electors of the district at the regular election provided for the election of district judges.

The provisions of this Section shall be self-operative and no enabling legislation shall be necessary to their effectiveness.

Section 2. This proposed amendment shall be submitted to the electors of the State of Louisiana at the General Election on the first Tuesday next following the third Monday of April, 1960.

Section 3. On the official ballot to be used at said election there shall be printed:

FOR the proposed amendment to Article VII of the Constitution, to add Section 31.2, to provide an additional Judge for the Twenty-Sixth Judicial District and provide one Judge shall be a resident of Bossier parish and the other of Webster parish, and also:

AGAINST the proposed amendment to Article VII of the Constitution, to add Section 31.2, to provide an additional Judge for the Twenty-Sixth Judicial District and provide one Judge shall be a resident of Bossier parish and the other of Webster parish.

Each elector voting on this proposition for or amending the Constitution shall indicate his vote relative thereto in the manner provided by the General Election Laws of the State of Louisiana.

Approved by the Acting Governor: June 10, 1959.

CAPTAIN JOSEPH Gervice Thomas a member of the 615th Tactical fighter Squadron at England Air Base Alexandria, recently completed a 5,100 miles non-stop flight from Louisiana to Moron Air Base, Spain.

The jet fighter unit with which Thomas, flew employed mid air refueling during the eight-hour Atlantic crossing and traveled 640 miles per hour.

This was Captain Thomas' fifth ocean crossing. He is to be temporarily assigned to Aviano Air Base, Italy.

SERIOUSLY ILL

Edwin E. Laurents of Port Arthur, Texas, who was born and reared in Cameron and who suffered a stroke in September, is still seriously ill.

He is being cared for at home by his wife, the former Lela Eagleson, also of Cameron, and by special nurses around the clock.

Officers named by W.S.C.S.

The following have been elected as officers of the Women's Society of Christian Service at the Wakefield Memorial Methodist church in Cameron:

Mrs. J. B. Blake, president; Mrs. U. E. Hackett, vice president; Mrs. Edwin Kelly, recording secretary; Mrs. R. L. Wrigley, treasurer.

Named as secretaries of various committees were:

Mrs. Charles Rogers, promotion; Bessie Davis, children's work; Mrs. E. W. Swindell, youth work; Mrs. Tom Steed, student work; Mrs. Wilma Guthrie, Christian social relations; Iris Pichnic, spiritual life; Mrs. Conway LeBleu, status of women; Mrs. Taylor Wall, supply work; Mrs. J. A. Davis, publication; and Mrs. G. B. Kornegay, missionary education.

Two films secured from the state library through the Cameron library were shown at a recent meeting. They were "Life of Christ in Art" and "Gospel in Stone."

THOMAS SHIFLET

New SCS range conservationist arrives here

Thomas N. Shiflet is a new member of the Soil Conservation Service staff in Lake Charles. He was transferred here from Fredericksburg, Texas to serve as range conservationist for the southern and western part of the state.

Shiflet graduated from Texas A&M college in June 1951 with a degree in range and forestry management. He has been employed with the Soil Conservation Service since that time except for two years in the Army. For three years prior to coming here, he served as a range conservationist in central Texas, working in about twenty Soil Conservation Districts. Before that he was the Work Unit Conservationist at Johnson City, Texas for three years.

Shiflet will give assistance in range conservation work to SCS technicians and farmers in the coastal marsh and longleaf pine portions of Louisiana. According to SCS records there is approximately twelve million acres of marsh and forest land in the state needing range conservation treatment. Over five hundred thousand acres of this land is found in the Gulf Coast Soil Conservation District.

Shiflet was accompanied here by his wife Sue and two daughters, Susan, age five and Jean, age three. They reside at 1321 Sage Drive, Lake Charles.

Former Chenier resident dies in Lake Arthur

Mrs. Eva Richard, 71, died at 9:15 a.m. Tuesday of last week of a heart attack in the home of Mrs. Dosia Theriot, in Lake Arthur.

Services were held at 10 o'clock Wednesday morning from Our Lady of the Lake Catholic Church in Lake Arthur with the Rev. Harry Pelous officiating.

Mrs. Richard, the former Eva Trahan, daughter of Mr. and Mrs. Luma Trahan, was born in Kaplan Jan. 12, 1889; then moved with her family to Grand Chenier, where she lived till 1927, when she moved to Lake Arthur.

She is survived by one son, Luma, of Jennings; one brother, Gilbert Trahan of Kaplan; three sisters, Mrs. Claudius (Dutch) Theriot of Grand Chenier, Mrs. Ulysses Sonnier of Lake Arthur, and Mrs. Rena Roy of Beaumont, Texas; two grandchildren, and three great-grandchildren.

Minstrel to be given next week by Optimists

The Cameron Optimist Club will sponsor a minstrel show Friday, March 18, at South Cameron high school, beginning at 7:30 p.m. Admission is 75¢ for adults and 35¢ for school children.

The minstrel will be put on by the Barbe Athletic Association of Lake Charles and there are 21 persons in the cast.

The Optimists will use funds raised for youth activities.

Hackberry News

Support of library urged

Mrs. Alden Sanner, a member of the Cameron parish library board, urged members of the Hackberry Home Demonstration Club last week to support the library maintenance tax at the polls next Tuesday.

She said that unless the two-mill tax is passed, the library will close and the books and bookmobile will have to go back to Baton Rouge.

The club met in the home of Mrs. W. F. Miles with Mrs. Blanche Bourg as cohostess. Mrs. Iva Free, HD agent, gave a demonstration on making and hanging curtains. Mrs. Sadie Landry got the door prize.

The club is collecting cancelled postage stamps to send to a New York mental hospital where they will be used in rehabilitation work. The club is offering a prize to the one who brings in the most stamps to the April meeting.

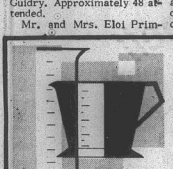
Passion Play slated at McNeese in March



An American version of the world-famed Oberammergau Passion Play will begin a four-day run in the McNeese State College auditorium Thursday, March 17, Dr. Wayne N. Cusic, McNeese president, announces.

On that day and the two following, evening performances are scheduled at 8:15 p.m. In addition to these, the production will feature student matinees March 17 and 18 at 2:15 p.m. and a Sunday matinee at 3 p.m., the president said.

Val Balfour, famed portrayer of the Christus, who represents the fourth generation of his family to appear in biblical productions, will enact the leading role and will be supported by a huge cast, to include 32 other principal parts.

The play portrays the events of the last seven days of Christ on earth, Dr. Cusic continued, adding that the production is the original American version now presented on its third transcontinental tour.

Ticket reservations may be made by telephoning the college, he pointed out. Mail orders should be addressed to Passion Play, McNeese State College, and should include a stamped self-addressed envelope.

LIBRARY ELECTION FACTS

LIBRARY TAX VOTE TUESDAY

Next Tuesday, March 15, the resident property owners of Cameron Parish will vote on a 2-mill tax for a 10-year period to pay for the maintenance of the Cameron parish library. If passed, the library will continue to operate as it has done for the past two years. If the tax fails, the library will close.

Because of the vital importance that this tax has to the library and every citizen of the parish, the following information is furnished so that each citizen may be fully informed when he goes to vote.

HOW YOUR LIBRARY BEGAN

Following Hurricane Audrey in 1957, Louisiana and U. S. Jaycees raised more than $13,000 to erect the library building in Cameron as a memorial to the more than 400 parish residents who lost their lives in the storm.

The Louisiana State Library agreed to furnish some 8,500 books for the library and a bookmobile and to operate the library on a demonstration basis for two years at no cost to Cameron taxpayers. (In other parishes the demonstration period is usually one year, but Cameron was given special consideration because of the storm damages.)

The library was opened on June 27, 1958, the first anniversary of Hurricane Audrey.

IS LIBRARY BEING USED?

The library has been extensively used by the citizens of the parish, especially by the school children. Of the approximately 6,000 residents in the parish, more than 2,000 are registered users of library books.

During the past two years, nearly 70,000 books have been checked out of the library, 25,000 by adults and some 45,000 by school children.

In this short demonstration period of what a library can do, almost half of the people in the parish have read an average of 12 books apiece.

The bookmobile visits almost all of the communities of the parish, and more than three-fourths of the books checked out have come from the bookmobile, which makes regular stops at all of the parish schools.

(Bookmobile runs to Johnson Bayou have now been resumed since the road has been put in good enough shape for the big vehicle to get over it. Plans are also being made for serving the Lowery and Klondike areas soon.)

WHAT DOES LIBRARY OFFER?

The library has something for everyone . . .

For the children there are books of all description, both for reading pleasure and for use in their school studies. The library also has many different reference books such as dictionaries, encyclopedias, yearbooks, etc.

For adults there are books and magazines on every subject possible--novels, biography, travel, history, science, business, etc.

Special books, films and film strips can be secured by the library for any individual or organization.

FACTS ABOUT THE ELECTION

The election will be held Tuesday, March 15, from 7 a.m. to 6 p.m. Polling places are as follows:

Ward 1, Precinct 1--Prevate Miller's, Grand Chenier.

Ward 1, Precinct 2--Community Center, Klondike.

Ward 2, Precinct 1--East Garage, Grand Chenier.

Ward 2, Precinct 2--Arthur Baccigalopie's, Creole.

Ward 3, Precinct 1--courthouse, Cameron.

Ward 3, Precinct 2--KC hall, Creole.

Ward 4, Precinct 1--School, Grand Lake.

Ward 4, Precinct 2--Community Center, Sweetlake.

Ward 5, Precinct 1--School, Johnson Bayou.

Ward 6, Precinct 2--Catholic Hall, Hackberry.

Only qualified voters who own property in Cameron parish may vote, and the husband must vote the property owned by the family. (A wife may vote if she holds separate property in her own name.)

You can vote property you have acquired at any time up to election day by obtaining a certificate from the assessor if your total assessment was not on the 1959 rolls.

HOMESTEAD EXEMPTION

As homestead exemption applies to the the library tax, the majority of property owners in the parish will not even have to pay the library tax. If your property is assessed for $2,000 or less, the state will pay your share of the tax.

If you are assessed for more than $2,000, you will only pay the tax on the amount for which you are assessed for over $2,000. For example, if your assessment is $3,000, your annual library tax will be $2.

Even if you are covered by homestead exemption, you may vote in the tax election and are urged to do so.

A voter who owns property in several wards may vote the combined assessment at his regular voting precinct.

Property owners may cast absentee ballots in the clerk of court's office until noon Saturday, March 12, if they are planning to be out of the parish on election day.

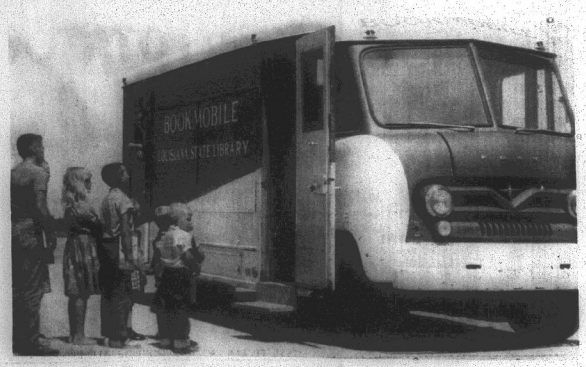
WHAT HAPPENS AFTER ELECTION?

If the election carries, the operation of the library will be transferred from the state library to Cameron parish. The library board, which was appointed by the police jury, will continue to be responsible for the operation of the library.

The 8,500 books sent to Cameron by the State Library will remain, and the $9,000 bookmobile will be left here until some future date it can be replaced. (The State Library has informed Cameron that it can use the bookmobile as long as it likes.)

The 2-mill tax would provide enough funds to pay for the operation of the library, buy new books and eventually finance an enlargement of the building.

If the tax should fail, the library would close. The books and bookmobile would be returned to Baton Rouge, and the building would become the property of the school board. (This was the provision made when the school board granted the land on which the library was built.)



Of Louisiana's 64 parishes, 46 have parish-supported libraries and library demonstrations are presently being carried out in two others in addition to Cameron.

LIBRARY ELECTION PASSES

PROPERTY OWNERS VOTE BETTER THAN 4 TO 1 TO KEEP LIBRARY

The Cameron parish library was given an overwhelming vote of confidence by the property owners of Cameron parish Tuesday when a two-mill maintenance tax was voted for a 10-year period by better than a 4-1 majority.

The tax carried in all precincts of the parish, losing in only two boxes in assessment voted.

The official vote, as tallied by the police jury at a special meeting Wednesday, was as follows:

Popular vote--395 for, 83 against.

Assessment--$667,269 for, $130,404 against.

In two of the precincts there were no votes at all against the library tax. In Sweetlake, all 39 votes cast were for the proposition; likewise in Klondike where the tally was 7-0 in favor.

The Hackberry, Johnson Bayou, Grand Lake, Grand Chenier and Creole property owners also voted heavily in favor of continuation of the library.

The only precincts in which the tax failed on an assessment basis were Cow Island, where the vote was $17,890 against and $15,500 for, and East Creole, $16,010 against and $10,620 for.

The successful passage of the library millage means that the parish will take over the operation of the library from the state at the end of June. Up to now, the state library has paid all operation cost as a part of a two-year demonstration period.

The library building was a gift of the United States Junior Chamber of Commerce to Cameron parish. Had the library tax failed, the building would have become the property of the school board, which had donated the property on which the library is built.

The library will be operated by the Cameron parish library board, which is appointed by and is responsible to the police jury.

Cameron parish now becomes the 47th parish in the state to have its own locally-supported parish library. The only parish in Southwest Louisiana now without a parish library is Jeff Davis.

* * *

MRS. CHARLES Hebert, president of the library board, on behalf of the board and the library staff, expressed appreciation to parish officials and to property owners for making the election a success.

She said that she was very gratified that the people had shown their extreme interest in the library and the desire to continue its operation.

She said the library now has more than 2,000 registered users and has checked out more than 68,000 books during the past two years. She said that the library would continue to grow and strive to better serve the people of Cameron parish.

Officers swarm over remains of dynamited truck

DYNAMITING OF TRUCK UNSOLVED

Cameron parish and state law enforcement officers were still investigating this week a mysterious explosion that completely demolished a trapper's pickup truck several miles north of Holly Beach early last Friday morning.

The truck, a 1959 Ford, literally disintergrated under the force of the explosion, and pieces were scattered hundred yards over the marsh. The explosion was caused by dynamite, or nitroglycerin, such as used in offshore seismograph work in this area.

The owner of the truck, Wallace Campbell of Kaplan traps for the federal government on the Sabine Wildlife refuge. He had left his truck parked that afternoon on the side of the highway which goes through the reserve and was sleeping in his camp about nine miles out in the marsh when the explosion occurred.

The blast was heard at about 1 a.m., Friday by persons at the Home Kitchen cafe in Hackberry, some 7 or 8 miles to the north.

* * *

AT 1:45 A.M., MRS. Sue Norman, manager of the credit bureaus in Sulphur and Cameron, passed by the scene on her way home from a credit bureau meeting in Cameron.

She said that the truck was completely in flames and that burning debris was scattered all over the highway. Mrs. Norman notified the sheriff's department when she reached Hackberry.

Officers found at the scene several dynamite primers and some wire, used in setting off the explosion. It was believed that such explosives could not have been purchased at any place in this area except Lafayette, and officers are now checking out all individuals and firms which made such recent purchases there.

The state fire marshal's office was called in on the case which has been termed arson.

(This is the third possible arson case in Cameron parish in recent months. A house at Creole was set on fire by unknown parties several months ago, and in January a house in Hackberry burned under unusual circumstances.)

Other officers on the case include deputies of Sheriff O. B. Carter's office and Cpl. C. E. Jones of the state police.

Cameron Pilot

FOURTH YEAR--No. 24 | CAMERON, LA., MARCH 18, 1960 | 10¢ A COPY

THIS WEEK
By Jerry Wise

ARCHIE HOLLISTER, who writes the interesting column on the early days of Cameron parish, and I have been discussing the possibility of organizing a historical society for Cameron parish. Its purpose would be to gather material on the history of the parish; preserve old letters, documents and other mementoes of the past; and promote such projects as a historical museum, historical markers, preserving old landmarks, etc.

It would be a small, informal type organization which would perhaps meet once or twice a year. If any of our readers are interested, we would like to hear from them.

SHADES OF THE FRONTIER! Just last week our Johnson Bayou correspondent reported a pack of wolves roaming the Bayou, and now this week Mrs. H. D. Primeaux writes that two bears have been sighted on Little Pecan Island.

Credit Bureau names advisory board here

The newly elected advistory board of the Credit Bureau of Cameron Parish was installed at a supper meeting held Thursday night of last week at Jimmy Derouen's home in Cameron.

The officers and board members are: Dr. Cecil Clark, president; Jimmy Derouen, first vice-president; Larry Dyson, second vice-president; Mrs. Sue Norman, secretary-manager; Dr. S. E. Carter, Harold Cooling, Dallas Braseaux, Al O. Reece, Walter Stanley, Ray Champagne, Carl Faulk, Dr. George Dix and Asburn Roux, board members.

The purpose of the advisory board is to maintain cooperation between the credit bureau and the members, and to set the general policy of the bureau. The board will meet quarterly.

CURLEY J. VINCENT

Curley Vincent announces for school board

Curley J. Vincent, Grand Chenier store owner, this week authorized the PILOT to announce that he will be a candidate for the office of school board member from Ward Two in July election.

A resident of Grand Chenier for the past 35 years, Mr. Vincent has been a barber since 1929, and a merchant for ten years. He worked for Louisiana Menhaden Co. for ten years and for the past two years has been employed by the Continental Oil Co.

Mr. Vincent also served as a justice of the peace for 12 years. He is a member of the American Legion and the Woodmen of the World.

If elected, he stated that he would work for the best interest of the schools of the parish. He urged everyone to vote in the election, regardless of who they voted for.

Pre-school roundups announced

The dates of Cameron parish's pre-school roundups for children who will enter the first grade in the fall were announced this week by Mrs. Paula Wagner, visiting teacher.

The schedule is as follows:

Grand Chenier School ---- Monday, March 28, 9:30 a.m.

Audrey Memorial School---Friday, April 1, 9:30 a.m. (will be held at the Cameron Parish Health Unit)

Johnson Bayou School ---- Tuesday, April 19, 9:30 a.m.

Grand Lake School---Friday, April 22, 9:30 a.m.

Hackberry School ---Friday, April 29, 9:30 a.m.

Cameron School ---Friday, May 6, 1 p.m.

South Cameron School ---- Tuesday, May 10, 9:30 a.m.

Children must be six years old by December 31, 1960, in order to enter school this fall, Mrs. Wagner said.

Parents who plan to enroll children in the fall are urged to bring birth certificates and immunization records to the roundup for their areas. Parents who do not yet have their children's birth certificates should begin proceedings to secure them. Application forms for birth certificates may be obtained at the parish health unit or the visiting teacher's office in the school board building.

Mrs. Gladys Wagley, Cameron Parish public health nurse, urges parents to begin pre-school immunizations early. Parents may take the children to their family doctor for the immunizations or they may get them through the parish health unit.

In the Klondike-Lowery area, parents should watch for the roundup news of the school to which they plan to enter their children next fall since they will not be entered in a Cameron Parish School.

Easter Seals being mailed out this week

The 1960 Calcasieu-Cameron Easter Seals campaign swings into its first major activity this week with the mailing of some 35,000 packets of Easter Seals to residents in the bi-parish area.

Cameron Chairman Roland J. Trosclair said the Easter Seals will be in the mail Thursday after final preparations by volunteer workers and Civil Defense personnel.

Announced goal in the 1960 drive is $19,006, an increase over funds collected last year due to increased demands on the bi-parish unit, Trosclair expalined.

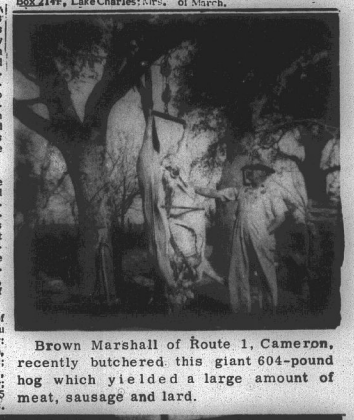
MINSTREL TO BE GIVEN SAT. BY OPTIMISTS

The public is cordially invited to attend a minstrel sponsored by the Cameron Optimist Club at 8 p.m., Saturday at South Cameron high school. Admission will be 75¢ for adults and 35¢ for children.

The minstrel will be put on by the Barbe Athletic Association of Lake Charles. There are 21 persons in the cast.

NOW JUST A MEMORY are the many snowmen that dotted the parish during the big snow in February. This snowman was made by Sharon, Diana, Charlotte Poole, Rida Saltzman and Garland Poole.

Crew Leaders For 60 Census Are Appointed



Appointment of crew leaders for the 1960 Census of Population and Housing in this area was announced today by Supervisor Mrs. Betty L. Boyd of the Census Bureau's temporary district office in Lake Charles.

Each crew leader will supervise about 20 enumerators in the big nation-wide census which begins April 1. Crew leader training will begin on March 7. Topics to be covered in the training sessions include procedures for recruiting of census-takers, how to train their census takers, canvassing methods, preparation and submission of reports, and the supervision of census takers to insure a complete and accurate count.

* * *

"THE CREW leader is one of the key people in the field of operations of the 1960 Census of Population and Housing," Mrs. Boyd said. "It is his responsibility to recruit, plan and allocate work assignments; review the work of the census takers and take remedial action where necessary, and to handle problems of difficult enumeration."

Names and addresses of crew leaders for Calcasieu and Cameron Parishes follow: Mrs. Barbara Jean Brown, 906 Clement St., Lake Charles; Mrs. Gloria Daspit Jones, Route 1, Box 157, DeQuincy; Mr. Wilbur W. Holsworth, 635 Iris St., Lake Charles; Mrs. Betty Jane Toups, 1315 11th St., Lake Charles; Mrs. Callie B. Scott, 3806 Havard Drive, Lake Charles; Mrs. Thelma Dunn Scribner, 133 Roberta Drive, Box 747, Sulphur; Mrs. Edna Bilbo Short, Route 3, Box 214F, Lake Charles; Mrs. Ann Q. Smythe, 829 Moss St., Lake Charles; reserve crew leader, Mrs. Lovenia M. Kash, 900 McCall St., Lake Charles. Enumerator appointments will be announced for each area in Calcasieu and Cameron Parishes by the middle of March.

Brown Marshall of Route 1, Cameron, recently butchered this giant 604-pound hog which yielded a large amount of meat, sausage and lard.

Students place at rally

JOHNSON BAYOU NEWS

Many folks are ill on the Bayou

By MRS. M. C. JOHNSON

Illness seems to be the main topic here this week. Claude Rutherford, injured last week while working for Burton Oil Co., is still in West Calcasieu-Cameron Hospital in Sulphur. In the same hospital are Miss Agnes Constance and Mrs. Roy Billeaud. Mrs. Babe Sasser underwent surgery last Friday at Memorial Hospital in Lake Charles. She is recuperating nicely. A large number of people have the flu.

Catechism classes were resumed Tuesday afternoon at the Catholic Church after missing two weeks due to the illness of the pastor. Lenton Devotions were begun Tuesday night and regular Service will be held next Sunday.

Mr. and Mrs. Rafael Manuel and Pauline spent Sunday visiting relatives in Beaumont, Texas.1

Weekend visitors in the Eddie Jinks home were the Frankie Berwicks of Sabine Pass.

Owner of that new blue Falcon is Mrs. Myrtle Myers.

Rev. and Mrs. Carroll Griffith were Bayou visitors this week. They reside in Vidor, Texas.

* * *

THE YOUNG PEOPLE of the Johnson Bayou Baptist church enjoyed a party Friday night at the church. Twenty-four young people attended. Indoor games were directed by Mrs. R. H. Boyd. Outdoor games were under the direction of Pastor M. C. Johnson.

After refreshments, the boys left, and the girls remained for a slumber party. The girls were Gwendolyn McRight, Dorothy and Delores Merrin, Barbara Foster, Rita LeNormand, Vicky Norris, Judy Romero, Judy Ann Trahan, Peggy Trahan, Molena Griffith with Mrs. M.C. Johnson as counselor.

The Rev. and Mrs. Johnson attended the Louisiana State Training Union Convention in Lake Charles this week.

With the trapping season over, many people have moved away from the Bayou. All the trappers camps are locked up for the summer and sure have that "deserted" look.

* * *

B. E. BROWN has added a 150 ft. extension on the Holly Beach Fishing Pier in preparation for the summer rush.

The new chainlink fence has been completed around the Baptist Church.

Mr. and Mrs. E. J. Constance and family of Hackberry were visitors on the Bayou Sunday. Mr. Constance presented the church with an oil painting of Christ, using the theme "Behold, I stand at the door and knock." Mr. Constance has been painting for quite some time.

Mrs. Archie Berwick has returned to her teaching position at Hackberry School, following an illness. However, she is staying there all week, rather than make the drive every day. She returns to her home here on weekends.

AN EARLIER DAY

MORAL: IF AT FIRST YOU DON'T SUCCEED.

By Archie S. Hollister

Seventy-five years ago Rate Junker and his wife lived on one of the smaller cheniers in Cameron Parish. Rate and his wife did not get along any too well and their home was one of continual bickering and strife, not unmarred by acts of physical violence. Nor was there much prospect of the situation improving, and domestic discord finally reached the point where Mrs. Junker came to the conclusion that murder would be justified.

We do not know that she was a student of Shakespeare, but nevertheless she undertook to kill her husband in a manner reminiscent of the death of Hamlet's father. She placed a handful of bullegs in a skillet and melted them over a fire, then attempted to pour the molten lead down Rate's throat while he was asleep.

Of course, this procedure failed, and no doubt things were much more unpleasant thereafter. She finally solved her problem however by simply shooting her husband with a shotgun. To escape arrest and trial for this murder--or justifiable homicide, depending upon your point of view--she lived alone on a small uninhabited ridge out in the marsh for a year or so.

Tradition does not state whether any one else knew of her whereabouts, but it is likely that a sympathetic friend or relative assisted her and brought her food from time to time. Her dwelling during this period was a little tent made of cow hides.

After a year of such life she made her way to Texas, and it is interesting to note that she lived out the remainder of a rather long life in the Lone Star state, undisturbed by any legal action.

LETTERS

Dear Editor:

Thanks for the reminder--I would not want my subscription to the Pilot to expire. It keeps me in touch with the many happenings "back home."

I especially enjoyed an article in the Feb. 26 issue, "Memories of the old Rex" by Archie Hollister who was my seventh grade teacher a long time ago. My grandfather, "Captain" A. B. McCain, owned the Rex at one time, in fact he may have been it's last owner, I'm not really sure. He and his brother operated the boat "before my time", (at least I do not remember it in operation).

My father, George McCain of Grand Lake, would know, as he used to help on the boat when he was a young man. I've heard him recount many tales of the old Rex. When I was a little girl the Rex was docked in Lake Charles and I recall going there for picnics and running about on the decks.

I'm looking forward to the next issue of the Pilot, hoping someone will have sent in a picture of the Rex for you to print. You ran a picture of the Rex about last April, but that copy disappeared before I had a chance to clip it. Our family should have pictures of the Rex.

I particularly remember one of my grandfather and others seated around the table in the dining room on the Rex. It's one of the few photographs we have of my Grandfather.

Incidentally, about a year ago the Pilot published a letter and the address of another former Cameron Parish resident (Mrs. Raye Miller Phifer) who also lives here in the Washington, D. C. area. Through this means, she and I have become acquainted. Washington being as large as it is, and since each of us lives in the suburbs on opposite sides of Washington, we don't visit often but exchange phone calls.

Generally there's a discussion about something we read in the Pilot. Incidentally when I phoned her yesterday, also had the pleasure of speaking with her mother, Raye's parents, Mr. and Mrs. Raphael Miller of Orange, formerly of Grand Chenier, are here visiting, their daughter and her family now.

I'm enclosing a check for a 3 years subscription.

Sincerely,
Betty M. Sheridan
Springfield, Virginia

(EDITOR'S NOTE--It really does our morale a lot of good when we receive a letter such as yours, Mrs. Sheridan. We are happy that the Pilot has helped home to seem just a little closer for so many former residents of the parish. Incidentally, Mrs. Sheridan, we hope that you saw the picture of the Rex which we ran last week.

These students had the winning exhibits at the recent science fair held at South Cameron high school. They are, left to right: William Bullock, 2nd, electronics; Ann Martin, 2nd, biology; Susan Wall, 1st, biology; John Hebert, 1st, chemistry; Evelyn Pigott, 1st, research paper; Teddy Broussard, 2nd, seventh grade; Lucille Miller, 2nd, research paper; Ronnie Gautet, 2nd, seventh grade.

HD clubs plan trip to Hodges

By MRS. C. J. FARQUE

A trip to Hodges Gardens near Many, La., will take place on April 30 for members of Cameron parish Home Demonstration clubs. Plans for the tour were made at the parish HD council meeting held Thrusday of last week at the courthouse.

Mrs. Harold Carter, president, presided over the meeting. Mrs. Shirley Crain, secretary, read the minutes, and members answered the roll by introducing themselves. Mrs. Roy Hebert, treasurer, reported a balance of $172.50 in the bank.

A collection of "Pennies for Friendship" was made.

The council reminded HD members that any missing three club meetings in a row will be dropped from the mailing list.

Attending the council meeting were Mrs. Harold Carter, Creole; Mrs. Mervin Chesson, Sweetlake; Mrs. Curtis McCain, Grand Lake; Mrs. Shirley Crain, Grand Chenier; Mrs. Dorothy Whatley, Grand Chenier; Mrs. Hayes Picou, Cameron and Mrs. Iva Free, HD agent.

The next council meeting will be on July 7.

Project leaders are named by S. C. club

The South Cameron junior 4-H club has named the following project leaders for the year:

Lidian Theriot, Ouida Theriot and Mary Ann Boudreaux, baking; Judy Hebert, food preparation; Donna Miller, Diana LaBove, Linda LaBove, child care;

Barbara Swire, citizenship; Sandra Daigle, safety; Glenda Duhon, frozen foods; Geraldine Bonsall, health; Charlotte O'Donnell, handicraft.

Phyllis Owens, Eula Dyson, home improvements; Patty Belanger, Darla Dean Ratcliff, Dorothy Portie, clothing; Phyllis Owens, Eula Dyson, Darla Dean Ratcliff, Patty Belanger, record books.

Fishing on the GULF COAST
by Howard Mitcham

Since they are vegetarian bottom feeders mullet are seldom caught on hook and line, although a few old-timers claim you can land them by baiting your hook with small balls of dough. However, let us here and now classify the mullet as a sport fish, because catching him with a cast net is one of the most distinctive local sports that the Gulf Coast can offer.

Visitors riding along the beach road often wonder why they see so many full grown men walking around in the shallow water with their clothes on. These are cast net mullet fishermen, and they are just as avid in the pursuit of their sport as any fancy angler with rod and reel.

Weaving these circular nets with their perfect symmetry and balance is a fine art that is practiced by a few skillful individuals in each of the Coastal towns; their prices are reasonable, and any visitor who would like to enjoy a new kind of sport would do well to get himself a net and try this pastime. And just remember what good eatin' those mullets are.

Ask any Gulf Coast native what he'd "druther be doin' than nothin'," and he'll probably reply, "Nettin' mullet." Mullet fishing with a cast net is a unique Coastal activity, it's sport and vittles combined. Formerly the mullet men were an exclusive fraternity, composed almost wholly of the native born, very few outsiders could penetrate the technical mysteries of the subject.

But the local color hucksters, just as they boosted quilt making and moonshining in the Appalachian foothills, have developed the idea that, along with our moss draped live-oaks, mullet fishing should be put in a show case for the benefit of our hordes of tourist visitors. It's a good idea at that, and it's all very well with the native fishermen, because the supply of mullet is virtually unlimited. But the tourist who goes into this sport is in for a few surprises; he'll get his money's worth.

Mullet fishing is genuine and authentic, without sham, down to earth. Once the visitor wades out in the water with his cast net he will be completely on his own, severed from all dry land thoughts and activities. Fishing from a boat is tame enough sport, but the mulleter as he wades through the mysterious water gets closer to the old elemental; he feels the same surging of the blood that was felt by his stone age ancestors as they pushed their way through the unknown jungles.

Although simple enough in its practice, mullet fishing produces a state of mind that is highly complex; it's the real sport, the old mysterious battle of man against nature. The rod and reel angler does not sneer at the mulletman because he knows that casting the net requires as much skill as using a rod and reel. And when the mulletman starts dragging in the fish any rod and reel man who happens to be in the vicinity will probably turn green with envy, reason: mullet in the tastiest fish that the Gulf produces.

South Cameron Jr. 4-H club has meeting

A meeting of the South Cameron Junior 4-H Club members enrolled in the sewing project was conducted by Darla Ratcliff, project leader, on March 8.

KLONDIKE NEWS

Library extends service to area

By BERNICE STEWART

Of paramount interest to the reading public in this community is the fact that last Friday Mrs. Iva Free brought books from the Cameron Parish library to interested families here. This marks the first opportunity that the people here have had to share in the privilege of using the facilities of the library, and they are anticipating a program of regular and permanent usage of it.

The homes this week in which both adults and children are enjoying the books include those of the Curley Cormiers, Ira Melancons, Mayo Cains, David Roys, and Roy Duhons.

Residents in general and the members of the Klondike Home Demonstration Club in particular are acutely interested in turning the old Klondike School building into a real community center.

We feel that Mrs. Curley Cormier is registering the pulse beat of the community when she expressed her belief that Klondikers both need and desire a greater feeling of "togetherness." She further stated that using the Community Center for many and varied activities would tend to bring this about. Among these might be the turning of it into a library depot.

ILLNESS CONTINUES to prevail here. Get-well wishes this week go to Paul Sonnier, Paula Ann LaCombe, three-year-old daughter of the Joe LaCombe's, Kathy Cormier, daughter of the Curley Cormiers, and to Mrs. Leo Sonnier and Mrs. Adonis Vincent.

Mr. and Mrs. Harry Vincent and son, Ira, were hosts Sunday to a barbecue. Guests present were Mr. and Mrs. Dewey Vincent and children, Leitha Rae and Jerry, and Mr. and Mrs. Roy Broussard and children, Sandra, Warren, and Michael, all of Morse.

Visiting Mrs. Leo Sonnier on Sunday were Mrs. Dave Blanchard and Mrs. Jim Blanchard of Mowata.

Mrs. Sonnier purchased a new television set last week.

Mr. and Mrs. Whitney Broussard have been going into Gueydan to visit his parents, Mr. and Mrs. Olbertie Broussard, who have been ill with flu.

On Wednesday Mrs. Whitney Broussard drove to Morse to visit her Mother, Mrs. Olisus Trahan.

Mr. and Mrs. Stephen Broussard of Pecan Island announce the birth of a son. Mrs. Broussard, the former Miss Florence Broussard, used to teach here.

Mr. and Mrs. Russell LeDoux and children, Joey, Michael, and Claudia, of Patterson were weekend guests of her parents, Mr. and Mrs. Paul Sonnier.

MRS. ERNEST HEBERT and son, Timothy Earl, and Mr. and Mrs. Sara Hebert of Nederland, Texas, spent the weekend with the Kirby Vincents.

Mr. and Mrs. Austin Benoit announce the engagement of their daughter, Mary Louise, to Douglas Sonnier, son of Mr. and Mrs. George Sonnier of Lake Arthur.

The wedding date has been set for April 5.

Their new home, between the residence of Austin Benoit and Morris Trahan south of the Klondike Center, is being built.

Guests of the Gus Laurents on Thursday and Friday were Ed Huff of Port Arthur, Texas, and Capt. L. V. Laurents of Lafayette.

Last Thursday afternoon Mrs. Gus Laurents was hostess at a merchandise party.

Refreshments of cookies, punch, and coffee were served to Mesdames W. E. Lovell, Harvey Lovell, Edward Broussard, George Savoy, Harry Benoit, L. O. Broussard, George Broussard, and Leon Cormier.

Spending the weekend with Mr. and Mrs. L. C. Melancon were their daughter and grandchildren, Mrs. Bill Bowen, Connie and Keith.

The Bowens moved recently from Buras to Morgan City.

With a batch of new baby chicks arriving in what every poultry grower recognizes as non-chick weather, Mrs. L. C. Melancon is faced with a chirping problem.

LOWERY NEWS

Lowery church bell theft is solved

By BERNICE STEWART

A three-month-old mystery was solved here the other day when George Cooke of Houston, Tex., came by in his big truck peddling vegetables. His last trip into Lowery had been made on the day that the large bell in front of the Catholic chapel here had disappeared.

Ernest Meyers, deputy-sheriff, arrested Cooke on suspicion of having committed the theft and took him to Cameron.

According to Mr. Meyers, Cooke admitted to the misdeed just before he was to be given a lie-detector test in Lake Charles, where he had been taken from the Cameron jail with that purpose in mind.

He stated that he had sold the beloved old bell to a junk dealer in Houston.

Now, Loweries are hoping to secure their bell and return it to its designated place in front of their little chapel.

Benefit dance and barbecue to be given Saturday by KCs here

The Knights of Columbus, Cameron Council 3014, will sponsor a benefit dance Saturday, St. Joseph's Day, at the K of C home in Creole. Barbecue chicken will be served beginning at 6 p.m. The public is cordially invited to attend.

Proceeds will go to the council's quota of the Louisiana State Council youth expansion program, which supports youth camps, student centers, and squire circles.

The Council held its regular monthly meeting at the K of C home last Thrusday with Grand Knight J. Berton Daigle presiding.

Linton P. Landry, Youth Program Chairman was named "Knight of the Month" for his work and leadership in youth activities.

First Degree certificates were presented to five new members who were recently initiated in Lake Charles. They were: Hilaire Hebert, Benny Bourg, Warner Dale Daigle, James A. Colligan, and Henry A. McCall, Jr. The 2nd and 3rd Degree of the order will be exemplified to these members in Lake Charles on Sunday, April 3rd.

A report was given the members on the progress being made on the council's project of erecting a shrine to Our Lady of Fatima at the Sacred Heart Church in Creole.

The council's quarterly communion was held at the church in Grand Chenier with Fathr F. X. Lanous, M.S., Assistant of Sacred Heart Parish as celebrant of the mass. Breakfast was served at the home of Mrs. Gladys McCall after mass.

Mrs. Conway LeBleu, parish library board member, and Mrs. Mary Brand, parish librarian, explained the library tax.

The 50 members present were served a shrimp supper preceding the meeting.

Last Seven Days Of Christ Are Relived

The last seven days of Christ on earth, including His death on the cross and His resurrection, will be relived in Lake Charles March 17-20 when the Oberammergau Passion Play comes to McNeese State College.

An American version of the famed Bavarian religious drama which has been enacted every ten years at Oberammergau since 1634, the Passion Play is sponsored here by McNeese.

Starring Val Balfour in the role of the Christus, the play will be presented in the McNeese auditorium six times, with children's matinees March 17 and 18 at 2:15 p.m., evening performances those days and Saturday, March 19, at 8:15 p.m., and a final performance Sunday, March 20, at 3 p.m.

Robert W. Jennings, advance representative for the Passion Play, announced all seats except those for the children's matinees are reserved. Tickets, he added, may be obtained at the box office in the lobby of the Majestic Hotel.

* * *

AN APPROPRIATE prelude to Holy Week, the play brings a cast of American actors and actresses to re-create in 25 scenes cut from the original eight-hour Oberamergau version the final tragic hours in the life of Christ, Jennings pointed out.

Accomplished through special lighting equipment, authentic and colorful costumes, and simple biblical dialogue in English combined with skilful acting, the immortal drama constitutes one of the most compelling experiences open to theatre audiences today.

As the curtain rises the stage is plunged in darkness. Music stops. Then a soft blue light begins to appear in the background as shepherds are silhouetted in a field; maidens with jars on their shoulders converge upon the common well to draw water. Dawn is breaking.

Val Balfour, translator, adapter, and director of the play, becomes the central figure. When he labors under the 180-pound cross recalling Christ's journey to Calvary, his audience invariably reacts in awed silence while imagination cuts across 2,000 years to those fateful seven days in Jerusalem.

Dramatic scenes include the hillside in Galilee where Jesus heals the sick, the sermon on the mount, the priests deliberating how to capture Jesus, the Garden of Bethany, Magdalene anointing the feet of Jesus, Judas plotting to betray Jesus, and the Last Supper.

* * *

OTHERS ARE the agony in the garden, the capture of Jesus, Peter's denial of The Master, and Jesus' condemnation to death, but the climax in emotional impact is reached with the crucifixion, followed by the resurrection.

Most difficult to portray, Jennings asserted, is the crucifixion in which Balfour must remain immobile on the cross for twenty minutes during which muscular control is so perfect as to conceal even the movement of breathing.

In this scene Balfour wears a crown of thronbush so carefully cared for that it has never been replaced since he began his transcontinental tours with the Passion Play three years ago.

Aiding Balfour in the crucifixion scene are ingeniously made nails by which he hangs on the 15-foot cross, Jennings declared.

Before Balfour re-enacts the actual death, he utters the seven prayerful words of Jesus: "O, Father, into Thy Hands I commend My Spirit." At this moment, he "expires," and simultaneously an explosion occurs on stage behind the cross. With this an electrical storm breaks forth and multitudes are seen fleeing in terror.

Other biblical figures who come to life in this best-known story in Christendom are Pontius Pilate, the Roman procurator who holds the fate of Christ in his hands as the crowd screams for the death penalty; King Herod Antipas before who Christ is brought to be judged; and Caiphas, the high priest to whom the teaching of Jesus was thought to be a danger.

* * *

ALSO portrayed is Judas who betrays Jesus for 30 pieces of silver - simulated by 30 plumbers' washers found to be exactly the right weight to clink like the silver coins prevalent in Christ's time.

Leonardo da Vinci's painting provides the source for the Last Supper scene, except that the Balfour interpretation utilizes more brilliant colors in the costumes and lighting effects which not only enhance the drama but mysteriously cause the chalice to glow during a stage blackout.

* * *

Mrs. Balfour, professionally known on stage and radio as Ann Kelley, is cast in the role of Mary Magdalene. In addition to acting, she assists her husband in staging and costuming the Passion Play.

Great care is given to technical details, Jennings emphasized. Besides lighting equipment, the troupe carries with it not only an extensive wardrobe, but at least 100 beards and wigs, all of human hair.

Boat races to be held for the 4th

An attraction at the second annual Fourth of July celebration in Cameron this year will
will be two boat races which are opened to all residents of the parish.

The celebration is being held in connection with the annual Southwest Louisiana Deep Sea Fishing Rodeo, set for July 2, 3, and 4.

The boat races will begin at 9 a.m., Saturday, July 2. The first race will be for boats with motors of 35 horsepower or less, and the second will be opened to motors of any horsepower.

Hydroplanes will not be allowed in either of these two races.

There is an entrance fee of $5 for each boat participating in the two Cameron parish races, with the money to be divided among the winners. Trophies will also be awarded.

Following these races there will then be a number of professional races.

Anyone interested in details on the races should contact H. G. Segura, LI 2-4222, Creole, or Ray Burleigh, PR 5-5349, Cameron.

* * *

OTHER EVENTS scheduled during the three-day celebration are a shrimp boil and dance on Saturday night, plus a queen's contest, trap shooting and the blessing of the shrimp fleet.

Local organizations will serve barbecued chicken, fried fish and boiled shrimp during the three days, with profits to go to help pay for the Cameron recreation center, which was built last year.

Fisherman participating in the rodeo will be charged a $6 fee, which will cover the cost of prizes, the shrimp boil and the dance Saturday night.

SPORTS FISHING opened in the Lacassine and Sabine wildlife refuges Tuesday, and the turnout of fishermen was reported to be terrific. Fishing is permitted from 45 minutes before official sunrise to 45 minutes after sunset.

Jack E. Perkins, Lacassine manager advises that entrance to the pool there must be over the rollers; no firearms are permitted; and state regulations including creel limits and license requirements are in effect.

"I SHOULD like to suggest a safety campaign among those using the pool that will assist us in locating them if they should break down or have trouble in the pool," Mr. Perkins writes.

"IT WILL greatly assist us if they will advise their families what landing and what rollers they will use. They should then sign the register at the rollers on the way in and register their fish on the way out. In this way we can quickly determine if they are still in the pool. I should like to strongly recommend that all fishermen carry a flashlight in their tackle box for the purpose of guiding us to them if we have to look for them at night."

Wildlife Legislative Proposals

The Louisiana Wild Life and Fisheries Commission has, finally and for the first time, come out with a set of proposed legislative changes. Commission Chairman E. R. McDonald announced them in a speech before the Federation convention in Lafayette on March 13.

The items the Commission will push are:

1. Boat registration and numbering law.
2. $1.00 fishing license for ALL residents who fish, except those under 16 and over 60.
3. A $3.00 hunting license, with the same age exceptions.
4. A deer tagging law.

There were two or three others, but those are the key items. They are things the Federation--the sportsmen of the state--have been trying to get for years. With the help of the Commission and the Federation, these proposals have a good chance of passing.

* * *

National Wildlife Week

The week of March 20-26 has been designated as National Wildlife Week, and the theme this year is "Water--Key to Your Survival". It's a very appropriate theme where Louisiana is concerned and you should avail yourself of the material that will be placed before the public during that time. To dam or not to dam; to drain or not to drain! You'll hear the alternatives come up often and more often in the future.

The Corp of Engineers is considering two possible locations for a low level dam on Black River--just above Jonesville and down below Jonesville. The lower location, according to Commission Assistant Director Dick Yancey, would put permanent water over Catahoula Lake. That would seriously damage its importance as a wintering waterfowl area. It's just one of a growing number of water problems we're confronted with.

* * *

SLAP AT LOUISIANA

THE LOUISIANA WILDLIFE Federation took a backhand slap from the parent organization, the National Wildlife Federation, last week at their annual convention in Dallas. One of the NWF regional director spots was vacant--caused by the untimely death of Ford Mercer last year--and the Louisiana affiliate had nominated Charles Bosch, its Executive Secretary, for the opening.

Louisiana was due to get the slot! The region in question is made up of Texas, Oklahoma, and Louisiana. First the regional director was from Texas, then Ford Mercer from Oklahoma. But Bosch was turned down in favor of another Texan, who I understand has only been a member of SCOT (Sportsmens Clubs of Texas) for a year or so.

The reason they gave for rejected the Louisiana nominee was that he is a paid executive secretary. That is obviously a smokescreen, a lame excuse, for to my knowledge there is nothing in the by-laws to uphold such action.

The LWF has been a good, faithful affiliate of the National and deserves better treatment. The National has been beset by personnel problems in the past two years, and the picture is not bright now.

CAMERON PARISH SCHOOLS

TRACK SEASON OPENS

The 1960 track season is now in progress at Cameron parish high schools and there are indications that parish trackmen will do well this year.

At South Cameron high, Coach Alton Magee has some 18 boys out for track, and will enter their first meet on April 8, a three-way event between Basile, Welsh and South Cameron at Basile. The Tarpons also plan to go to the Northwestern and Southwestern relays, as well as the district meet at McNeese.

Among the boys Coach Magee expects to do well this year are Butch Watts, sprints and jumps; J. D. Miller, winner of the district javeline throw last year; Gerald Conner, Ray Keith Burleigh and Warner Daigle, field events; and Roger Richard and Frank Pickett, distance runners.

* * *

GRAND LAKE HIGH, which has some 20 boys out for track, will enter its first meet on Friday, March 18 against Bell City and Roanoke at Bell City, and will go to the Southwestern Relays on April 8.

Coach Joe Sonnier again will have the services of his ace 440-yard relay team which took the state in this event last year. They are Ronald LeBleu, Gerald Richard, Billy Wynn and Gerald Hebert. This team also runs the 880-yard relay.

Sonnier says he expects Jimmy Guidry to be the top Class C shot putter in the state this year, and done 45 feet so far this season. George Manning is also out for the shot.

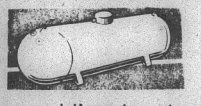
Other assignments are Brent Nunez, quarter mile; Dubby LaBove, javeline; Pat Hebert and Victor Boutte, mile; Stanley Thomas, quarter mile and high hurdles; Charles Barber, half mile; Richard Broussard, quarter and mile relay; Ronald LeBleu, hopstep-jump; Gerald Richard, pole, high jump, low hurdles; Billy Wynn, high and broad jumps, and Gerald Hebert, 100 and 220 sprints.

Sonnier said he had several promising sophomores out, including Albert Cary, Jerry Demarets, Glenn Guidry, Ronald Roya, and Kenneth Ogea.

Billy Johnson is team manager.

Seventh grade elects officers at G. Lake

New officers elected by the seventh grade of Grand Lake high school last Friday were: Judy Fae Sensat, president; Wanda Breaux, vice president; Anna Grace O'Blance, secretary; Sherry Taylor, reporter; Judy Faulk, librarian; and Wilton Hebert, parliamentarian.



Sam Daigle, Herman Ogea and Carlita Guillory were appointed as monitors.

On the honor roll for the last six weeks were Wanda Breaux, Carlisa Guillory, David Robichaux and Sherry Taylor.

4-H animals place at show

Animals exhibited by Cameron parish 4-H Club members at the livestock show in Baton Rouge last week made a good showing, according to Clifford Myers, assistant county agent.

The Cameron animals were previously shown at the district show at McNeese State College. The top animals were then eligible to be shown at Baton Rouge.

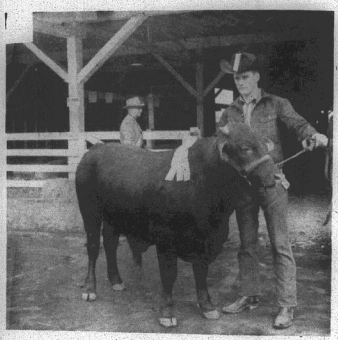
Parish youngsters who carried their animals to the state show and their placings were as follows:

C. J. Lowery, Hackberry--Santa Gurtrudis bull, second place in junior bull class for animals born since Jan. 1, 1959.

Ernest Hamilton Jr., Hackberry--choice Guernsey heifer, 16th place with his Angus heifer and first place with his Suffolk ewe.

James Lowery, Hackberry --9th place with his Guernsey heifer and second with his Suffolk ewe.

Perry Renfro, Sweetlake--7th place with his quarter stallion, born in 1957.



Lawrence Little, Hackberry--blue ribbon Brahma

Michael Devall, Hackberry--third place with his Angus heifer in junior heifers born since Jan. 1, 1959.

Ernie Little, Hackberry--blue ribbon Brahma heifer.

Ernest Hamilton and first place Suffolk ewe

C. J. Lowery and second place Santa Gurtrudis bull

Cameron Altar Society helps family, student

The Cameron Altar Society met Monday night in the home of Mrs. Roland Trosclair. The meeting opened with a prayer by Father Eugene Senneville. Seventeen members were present.

A new member was welcomed, Mrs. Mary Lou Lefort. The Society furnished a needy family with Butane gas.

A rubber foam mat to place at the Communion rail was discussed.

Father Senneville said he would like to see a better attendance at the week day masses which begin at 6:30 a.m. every morning except on Fridays, when they are at 6.

The club voted to sponsor Ray Stevens. Ray is in a seminary in Lafayette studying to become a Priest. He is the grandson of Mr. and Mrs. Numa Connor.

Around THE Capitol

BY WALT BENTON

BATON ROUGE--Some of the best campaign stories are just now getting back to the Capitol, including the one about the candidate whose "cheering squad" got a little off base.

Seems one of the minor candidates was not happy at the amount of applause he was getting at rallies, and decided to do something about it.

As the ticket moved from place to place, Candidate "John Deaux," let's call him, started hiring his own cheering squad. He added and added to the group until it made quite a bit of noise.

Just before a big, important rally one night, he got his group together and gave them added instructions.

* * * *

"NOT ONLY do you cheer when I speak," he instructed, "but I want you to give a big cheer whenever my name is toned. This is an important spot, and I want to make an impression."

Just before the speaking was scheduled to start, Deaux got an urgent message from his office and had to leave for home.

The rally began, and the ticket's candidate for governor arose to make his speech, with mild applause.

"Before I forget it," he said, "I want to make an announcement. One of our members has been called home and will be unable to speak tonight--Candidate John Deaux."

The name, of course, brought an instant, wild, stomping, whistling and shouting burst of applause from the cheering squad--at an announcement that their candidate would be unable to speak!

* * *

RUMORS ABOUT legislation to be proposed are a dime a dozen.

One proposal would set up a three-man Public Safety "commission" with staggered terms, appointed by the governor to select a director of State Police. (Texas has that system).

OAK GROVE NEWS

Miss Miller is reporter

(EDITOR'S NOTE—We are happy to announce that Miss Frances Miller is the new reporter for Oak Grove, Anyone having news in that community is asked to call her at LI 2-8479.)

By FRANCES MILLER

I would like to take this opportunity to thank Mrs. Geneva Griffith for helping me to get this position as news correspondent from Oak Grove. If any of you have any news, I'd appreciate it if you would give me a ring at LI 2845.

FOURTH YEAR--No. 25 | CAMERON, LA., MARCH 25, 1960 | 10¢ A COPY

THIS WEEK
By Jerry Wise

RE: OUR SUGGESTION in last week's column about the organization of a historical society for Cameron parish, comes this interesting letter from Mrs. Walter Stanley of Holly Beach.

"Dear Mr. Wise:

"Your mention of organizing a Historical Society sparked much interest in our household.

"Twice, I have brought up the subject among interested groups, however, the answer was that people were too scattered and too busy for plans to materialize.

"For over a year I have been gathering facts on Johnson Bayou history, hoping to compile them in record form for future generations. I have discovered many interesting anecdotes, but have been stymied on actual dates. I have interviewed several persons in Port Arthur who lived on Johnson Bayou. No one can realize how interesting local history can be until he embarks on such a quest.

"I truly hope a Historical Society can be formed before interest once more cools off.

"You have two interested members in our family. Nothing could be more pleasurable than to become a member of such a group.

"Please let's have a Historical Society! Soon?"

How about it--anyone else interested?

Many fined or sentenced in district court

A big session of district court was held in Cameron recently with many persons being fined or sentenced.

Richard L. Stokes pleaded guilty to theft and was given a one-year suspended penitentiary sentence.

Kenneth C. Kenchen pleaded not guilty to three counts of issuing worthless checks, and Elson LaBove pleaded not guilty to criminal neglect of family. Their trials were set for April 19.

Cleveland J. Miller was fined $150 for drunken driving, and Dewey LaFleur was fined $125 and given 10 days in jail on the same charge, plus a $10 fine for not having a driver's license.

Fined or sentenced for reckless driving were: Henry Eard Oxendine, 90 days; Charles O. Trahan, $50 and 5 days; Robert W. Gross, $50 and Norman J. Lapeyrouse, $75.

Other traffic fines were: Irvin C. Worth, failing to stop at stop sign, $35; Roger Hayes, speeding, $35; and Allen Trahan, allowing minor child to operate motor vehicle, $35.

Fined or sentenced for disturbing the peace were: Taylor Guilliot, $35 and 15 days, suspended on good behavior; August Reneu, $25; Richard H. Simmons, $35 and 15 days, suspended on good behavior; Roy H. Simmons, $25; Jack Bryant, $25; Charles O. Trahan, $10; Caurnest H. Hebert, $25; and Elvin Bryant Jinks, $35 and 15 days, suspended on good behavior.

Two Hackberry cagers make district team

Two Hackberry high school basketball players made the 1960 All-District 10-B basketball second team, according to Harold Buckmaster, coach.

They are Donald Drost, who had a 13.4 point average per game, and Aubrey Welch, with a 12.1 average. Welch was one of the leading rebound recoverers in the district also.

Another Mustang player, Kenny Drost was in the 15 top scorers of the district with an average of 7.8 points per game.

STUDENTS THANK PUBLIC FOR OK OF LIBRARY TAX

The student council of South Cameron high school last week went on record thanking the citizens of the parish for passing the library maintenance tax. Their statement follows:

To the Public of Cameron Parish:

As members of the South Cameron Student Council, we wish to express our gratitude and appreciation to the public-minded citizens of Cameron Parish for so zealously supporting the library tax in the March 15 election.

We are of the opinion that only through progressive improvement, such as was exhibited at the polls Tuesday March 15, can our parish march forward to keep apace with the remainder of our state.

A public library system such as ours, modeled on other communities over the entire world, is an education at a nominal cost to any individual who wants to avail himself of such.

Again we wish to say a "thank you" to the citizens of Cameron parish for providing us with another wholesome opportunity to continue one of the oldest hobbies in the world, reading.

ATTENDS SHELL MEETING

J. B. Rutherford of the Cameron Marine Service, Cameron, attended the Shell Oil Company spring dealer meeting Thursday of last week in Lafayette.

JERRY G. JONES

Jerry G. Jones resumes law practice here

Jerry G. Jones has resumed his law practice in Cameron following his discharge on Feb. 26 from the Air Force. He was in the service three years and served in San Antonio, Shreveport and Lake Charles with the judge advocate's office.

Mr. Jones is associated here with his brother, Jennings B. Jones, Jr., in the firm of Jones & Jones, attorneys at law.

The attorney received his B. S. degree from Louisiana State University in 1955 and his L. L. B. degree there in 1957. He is the son of Mrs. J. B. Jones, Sr. of Grand Chenier.

Mr. Jones is married to the former Jeanine Pipes, who is presently teaching at La-Grange high school in Lake Charles. They will make their home in Cameron as soon as the school term ends.

Library to be represented at state meeting

The Cameron Parish Library will be represented by three delegates at the Louisiana Library Association Convention March 24-26 in Monroe. Those attending are Mrs. Mary Brand, librarian, Mrs. Charles Hebert, library board president, and Mrs. Charles Precht, board member.

One of the highlights of the convention will be the showing of the film, "Libraries for Louisiana" which was filmed in Cameron.

$297 raised for Red Cross here

A total of $297 was raised for the Red Cross in the recent house-to-house collection in the town of Cameron, according to Leslie Richard, town chairman. He said all local businesses will be contacted for donations also.

Grand Chenier folks try out Pecan Is. Road

By ELORA MONTIE

With dry weather having arrived, some Grand Chenier folks tried out the Pecan Island road last weekend in pick-up trucks. The road is presently being shelled.

Mr. and Mrs. Julian Arrant, Mr. and Mrs. Ruffen Dyson, Mr. and Mrs. Elias Dyson and Mr. and Mrs. Clifford Miller went to Pecan Island Saturday.

Frand Miller, Oliver Theriot, Jr. and Adolph Swire drove over Monday.

Cameron census takers named

Census takers for Cameron parish who will visit every dwelling unit in the area during the 1960 Census of Population and Housing which starts April 1 were announced this week by Betty L. Boyd, district supervisor, Lake Charles.

They are Mrs. Betty Blanchard Faulk, Grand Lake; Mrs. Eula Mae Mhire Richard, Grand Chenier; Mrs. Ruby Rutherford, Creole and Mrs. Margie L. Brown, Cameron.

Crew leader for Cameron parish will be Wilber W. Holsworth of Lake Charles.

CAMERON CENSUS takers will participate in four training sessions next week conducted by the crew leaders, Sunday through Wednesday. Each will receive a total of about nine hours of instuction, with emphasis placed on the importance of a systematic, thorough canvass of every dwelling unit to insure a complete count.

Advance report forms for the census were distributed by all Cameron parish post offices this week.

In a new census-taking devise which is designed to speed up the field canvass and provide more accurate statistics, Distribution of this form before the start of the house - to - house canvass gives the family a chance to assemble information about each member in advance of the census taker's visit. The district supervisor urges all residents to fill out the forms and have them ready for the census takers when they start their rounds on April 1.

March 31 will be "T-night" for the census takers, who will canvass hotels, motels and other accomodations to count transients. Persons counted on "T-night" will be counted as part of the local population only if they have no usual place of residence elsewhere.

The district supervisor pointed out that information about individuals and their homes furnished to the Census Bureau is kept confidential under Federal law. Only statistical totals and averages are published. No individual person can be identified in published reports and census information cannot be used for regulation, investigation, or taxation.

BLUE BIRDS MEET

The Cameron Blue Birds met Saturday at the VFW home with their leader, Mrs. Bob Tanner. They made pictures out of construction paper and played games. Mrs. Emile Theriot served refreshments.

Bids opened on Johnson Bayou road section

The Louisiana Department of Highways opened bids last week on the final section of the Johnson Bayou road, the 11.7 mile section between Johnson Bayou school and the Sabine Lake causeway.

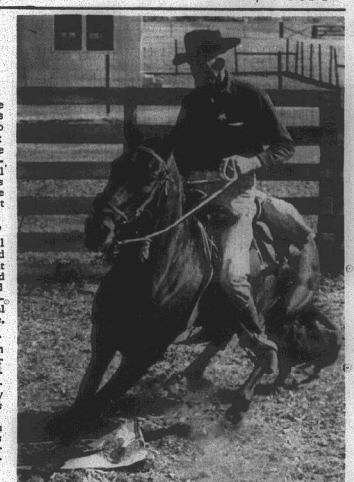
T. L. James and Co., which already has the contract on the 4 section between Holly Beach and the school, was low bidder with a bid of $660,349.

Blacktopping of the Holly Beach section was expected to begin this week.

Optimists elect new officers

Ray Champagne was elected president of the Cameron Optimist club Tuesday night. He succeeds Conway LeBleu in that post.

Other new officers are: Clifford Myers, secretary-treasurer, Dr. Cecil Clark, first vice president, Roland Trosclair, second vice president, and Linton Landry, Sgt. at Arms.



Board of director members are: Conway LeBleu, Hayes Picou, Buster Rogers, Frankie Henry, James DeRouen and Ray Burleigh. Offices will be officially installed at a ladies night in the near future.

J. Berton Daigle attends clerks meet

J. Berton Daigle, Cameron parish clerk of court, attended the state clerks of court convention last week in Alexandria.

He reports that several recommendations were made by the association pertaining to the changing of current election laws. One is to move state elections back to Tuesdays.

Anyone having suggestions on any other election law changes are invited to communicate to Mr. Daigle, who then will forward these on to Wade O. Martin, secretary of state.

Round - Up Time Nears on Bayou

Round-up time is almost here again on Johnson Bayou for the cattlemen who drive their herds northward for summer grazing. Getting in shape here is Abraham "Black" Peshoff, who pastures his cattle in the woods around Westlake during the summer. When not riding, Mr. Peshoff is a deputy sheriff.

Man wanted on bad check charge arrested

Russell Doucett, 36-year-old Iota man wanted in Cameron on charges of issuing $286.47 worth of bad checks in 1955, was recently arrested here by the sheriff's department when he returned to go to work for an oilfield service firm.

Two other men were also involved in the 1955 violations Sheriff O. B. Carter's deputies say, but one has since died and the whereabouts of the other is unknown.

General election three weeks off

Although considered just a formality up to now, the Louisiana general election, set for Tuesday, April 19, will attract a little more attention in Cameron parish and the state this year.

For one thing, there are four candidates for governor this time in a state in which the Democratic nominee is traditionally unopposed for office.

The Democratic standard bearers this year--as everyone knows--are Jimmie H. Davis and C. C. "Taddy" Aycock.

The Republicans have fielded a seven-man state ticket headed by the state police superintendent of Gov. Robert Kennon's administration--Francis C. Grevemberg. His running mate is Clark C. Boardman.

The States' Rights party are running Kent H. Courtney and Vaughn L. Phelps for the two top offices.

And there is even an independent write-in candidate, W.M.E. Clark of New Orleans. Clerk of Court J. Berton Daigle explains that write-in votes can be written on a paper roll through a slot on the voting machines.

Mr. Daigle said that voters may vote for a party's entire slate of candidates by pulling the big lever next to the party name, or for individual candidates by pulling the levers next to their names.

* * *

WHILE THE two Democratic primaries up to now have been conducted by the Cameron Parish Democratic committee, the general election will be conducted by the parish board of supervisors, which is composed of John A. Montie, president; Frederick Erbelding, and Wynona Welch.

The board met Saturday and named the commissioners for the election. This list and the location of the polling places is to be found elsewhere in this issue of the Pilot. A commissioners school has been set for April 11 at 10 a.m. at the clerk of court's office.

Absentee voting will begin on April 9 in the clerk's office and continue through April 16 during regular office hours.

Official Cameron parish registration figures, as released by Miss Wynona Welch, parish registrar of voters, are: Democrats, 3225; Republicans, 4.

There is one constitutional amendment to be voted on. Of no interest to our area, it would provide an additional judge for the 26th judicial district and provide that one judge would be a resident of Bossier parish and the other of Webster parish.

GRAND LAKE 4-H CLUB HAS MEETINGS

The Grand Lake junior 4-H club held two meetings recently, one on Feb. 19 to assign demonstrations, at 45 members were present.

The other was on Feb. 16, at which a social was enjoyed by all the members. Games and relay race were held and refreshments were served and refreshments were served. Valentines were exchanged.

Seaway topic for meeting

How the proposed multi-million dollar Louisiana intracoastal seaway would affect Cameron parish will be the subject of a special meeting sponsored by the Cameron Lions and Optimist clubs Tuesday evening at Fred's Restaurant in Cameron.

Dr. Herbert A. Hamilton, of Lafayette, president of the Louisiana Intracoastal Seaway Association, and Robert Angers, Jr., of Franklin, secretary of the association, will be the featured speakers.

Other invited guests include former Governor Sam H. Jones of Lake Charles, who first suggested the project at a Rotary meeting in Lafayette, in 1954; Cameron parish police jurors and state representative, and members of the parish's seaway committee.

The proposed seaway would be a deep water channel stretching from Orange, Texas, across South Louisiana to New Orleans. It would roughly parallel the present Intracoastal canal, and would go through Cameron parish in the Grand Lake-Sweetlake-Gibbstown area.

* * *

The seaway would have two main purposes: (1) to permit ocean-going vessels to range up and down the South Louisiana coast, thereby bringing additional industry to the area; and (2) to bring fresh water from the Atchafalaya river to Southwest Louisiana where it is needed for farming and industry.

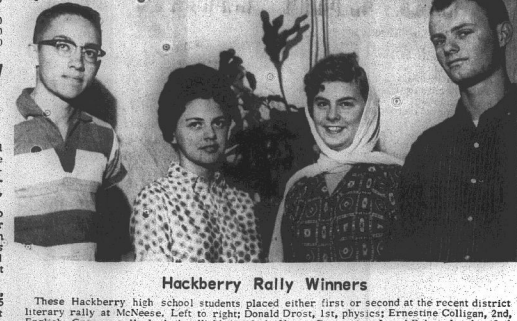
The Louisiana Department of Public Works estimates that it would cost $238 million to construct the seaway, but that it would bring into South Louisiana industrial investment of from $2.5 to $3.7 billion.

These industrial plans would provide jobs for 92,000 people and increase personal income in the area by $600 million annually, the department says.

Dr. Hamilton, in addition to his position with the seaway association, is dean of the college of commerce at Southwestern Louisiana Institute.

Mr. Angers is publisher of the Franklin Banner-Tribune.

(A map of the proposed seaway is to be found on Page 2 of this issue.)



Miss Touchet of Jennings dies last Sunday

Funeral services for Rose Marie Touchet, 24, of Jennings were held Sunday afternoon at the church of Immaculate Conception in Jennings with Rev. John Windt, officiating. Burial was in Calvary cemetery.

Miss Touchet, a lifelong resident of Jennings, died at 6:45 p.m. Saturday at the home of Mr. and Mrs. Joe Swire following a long illness. She formerly lived in Grand Chenier.

Survivors are her parents, Mr. and Mrs. Jessie Touchet of Hackberry; one brother, Adam Touchet of Hackberry, five sisters, Mrs. Joe Swire, Mrs. James Benoit both of Jennings, Mrs. Homer Burleigh of Evangeline, Miss Lorina Touchet, Miss Wilma Ann Touchet both of Hackberry.

Relatives from Grand Chenier who attended the funeral were Mr. and Mrs. Frank Miller, Mr. and Mrs. Howard Dupuis, Mr. and Mrs. Donald Lee Miller, Wilson Swire, Adam and Nancy Swire, and Cleveland Miller.

Hackberry Rally Winners

These Hackberry high school students placed either first or second at the recent district literary rally at McNeese. Left to right; Donald Drost, 1st, physics; Ernestine Colligan, 2nd, English Grammar II; Ludwika Waldron, 2nd, Home Economics I; and Robert Landry, 2nd English Grammar IV.

Hey, Boys and Girls!

YOU CAN EARN A FREE BIKE

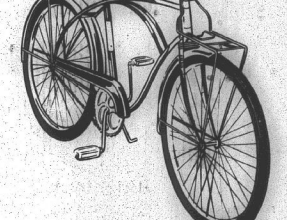
The Cameron Parish Pilot is happy this week to announce details on how Cameron parish boys and girls can earn themselves a FREE Murray bicycle and at the same time aid the Pilot in increasing its circulation.

The Pilot will present a free bicycle to any boy or girl in the parish who sells 15 new one-year subscriptions to the paper during our circulation campaign which starts Saturday, April 2, and ends Saturday, May 14.

The Pilot's publisher will be in most of the communities of the parish next Saturday, April 2, to sign up boys and girls for the campaign and to distribute subscription receipt books.

A list of the places where he will be and at what time will be published in next week's Pilot. Watch for it.

Each Saturday thereafter, you should turn in all money and subscription receipts at the same location and times.



Only new subscriptions count towards a bicycle, but should you pick up any renewals for the Pilot, you will be given a 50¢ commission on each one.

Anyone not selling the quota of 15 new subscriptions will be paid $1 for each new one he does sell.

You have your choice of a boy's or girl's Murray bicycle in 24 or 26 inch sizes.

Bicycles will be delivered within about a week following the end of the campaign.

This campaign is opened to all Cameron parish boys and girls regardless of age. Most any youngster, if he is willing to work, will be able to earn himself a bicycle in this campaign.

See you next Saturday, April 2.

AN EARLIER DAY . . .
By ARCHIE S. HOLLISTER

Aunt Mag lays the law down

When the oil boom hit Hackberry back in the twenties, a rush of workmen naturally followed. Living accommodations were scarce in a community as small as Hackberry then was, and a man who found a good boarding place prized it and considered himself fortunate.

Among those who came into Hackberry was one individual whom we shall call Ham Warren, although that was not his name. He secured lodgings with a fine old family that we shall refer to as the Frederick Kummers---again the name is fictitious.

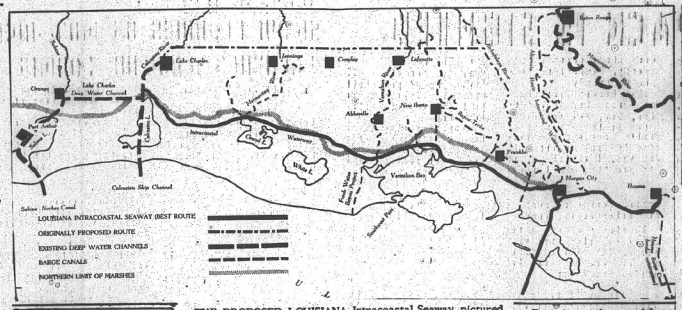
On one occasion Ham and Fred took on a bit more liquor than they could handle, got into an argument, and lost their tempers. A fist fight of small proportions followed ---a fight which both dismissed as trivial and unimportant shortly after the effects of the liquor had worn off. It did not impair their friendship or association in the slightest, and they were quite willing to forget all about it.

Not so Mrs. Kummers. She saw the matter in a different light entirely, and was not at all backward in raking the pair over the coals for it. She could not very well run her husband off, but she intimated in no uncertain terms that Ham could pack his clothes and locate other lodgings.

Ham was worried; he knew a good thing when he had it and he was not at all willing to lose it. Now Ham was as handy with his tongue as he was with his fists, and he had talked his way out of sticky places before. He apologized most freely and humbly to Mrs. Kummers for his part in the fracas, assured her of his future good behavior, and wound up by saying, "And so help me, God! Mrs. Kummers, it won't happen again."

The old lady looked him straight in the eye for a couple of seconds, and in a hard, unyielding voice said, "You aren't talking to God now; you're talking to Mag Kummers, and it'd better not happen again."

Thornwell break in admitted by Negro



Hilton Chalow, a colored man and resident of Jeff Davis Parish, was arrested March 3 by Deputy-Sheriff W. O. Broussard on his farm in Klondike.

Chalow was carrying a .22 piston, which was loaded. He was taken to the sheriff's office in Jennings for questioning.

He admitted having broken into a hardware store in Thornwell, where he stole a .22 pistol and $20.00 from a cash register.

He is being held in the Jeff Davis jail.

THE PROPOSED LOUISIANA Intracoastal Seaway, pictured in the above map, will be discussed at a special meeting of the Cameron Lions and Optimists clubs Tuesday evening at Fred's Restaurant.

The proposed channel would have a depth of 34 feet below mean low gulf with a bottom of 300 feet and would safely accommodate vessels with drafts up to 29.5 feet.

Make sure you are getting tax credit

"Are you credited for the social security taxes you pay?", Julian Covington, manager of the Lake Charles Social Security Office, asked this week. Make sure you are, because improper reporting of wages or self-employment income now may mean loss of benefits later.

Most people will need credit for several years work to qualify for payments when they retire. To make sure the record is right, a check every three years is recommended.

"It is much simpler to correct records if an error is caught within this period," Covington continues. However, it is better still to keep the record straight from the beginning. Self-employed people who had a business profit of at least $400 in 1959, must report their earnings for social security purposes on a regular Federal income tax return by April 15.

The worker's correct social security number should appear on his return. Those who work for wages should make certain their employers are reporting their wages correctly. To do this, the employer must have the worker's name and number exactly as they appear on his social security card.

He said, "If you haven't checked your social security record in the last three years, I suggest you do so." A postcard form for this purpose is available at the social security office in Lake Charles.

Around the CAPITOL

BY JACK GOULD

BATON ROUGE – The woods around the Capitol these days are full of people eager to tell Jimmie Davis how to run the state.

Some of the ideas are crazy and impractical, of course, and some are for the personal benefit of the people doing the suggesting.

But some are sincere and sound quite workable. Like the one about puting all state cars in a "motor pool" to save money.

The idea of an inter-agency pool of cars and trucks is not new. The federal government has been experimenting with it for years, successfully.

These federal pools---and there are around 50 over the country---simply take over all cars and keep them in excellent running condition.

The pool rents cars to the various agencies, usually on a per-mile basis, billing the agency once a month.

It has worked out pretty well. In one area, for instance, the operating cost-per-mile was cut from about 13 cents to less than 7 cents.

* * *

MULTIPLY that 6-cent saving by hundreds of cars driven 10,000 or more miles per year, and taxpayers have been saved quite a chunk of money.

Experience of some of these pools, incidentally, has indicated it is a good idea to sell cars when they are six years old or have been run 60,000 miles.

Guessing here is that it would take legislative action to put such an idea into effect. Some individual agencies might fight a simple administrative order.

A joint resolution, introduced by some economy-minded representative and senator, would get the job done.

* * *

LOUISIANA and the nation lost a truly fine public servant with the death of John Brennan Hussey, a member of the Federal Power Commission and formerly Conservation Commissioner here.

And a lot of people in Louisiana, and probably elsewhere, lost a wonderful friend.

There are a million great stories about this man. One which followed him on his recent visit with friends here related how he had changed policy of the FPC, which in the past has simply ruled for or against applications for such things as gas service to rural areas. Hussey insisted that the FPC staff work out a way that it could be done.

* * *

Hussey's appointment as conservation commissioner was hailed by all factions in the oil industry, because of his demonstrated integrity. The appointment was later blessed many times by "little people," whose side of controversies he insisted be fully and fairly presented.

* * *

SOME SELFISH interests in the state, failing in attempts to pressure John Hussey, once tried to have him fired from the state position. He heard about it and sent brief word to the governor: "I can clean out my desk in five minutes. Or I can stay here and try to do the job. Just let me know."

* * *

There was considerable amazement here when Hussey was appointed to the federal post, because he had been one of the nation's most outspoken critics of federal policies permitting easy imports of foreign oil.

On the personal side, John Hussey will be long remembered for the tremendous kick he got out of a clever funny story. He was quite a guy.

Fishing on the GULF COAST
by Howard Mitcham

The circular cast net probably originated in Hawaii, or the Polynesian islands. Just who may have been the first to use it on the Gulf Coast is lost in history, but it's here to stay, because mullet can seldom be caught with hook and line.

The circular cast net, as it has developed on the Coast, is a true work of art. When outspread, it has a circumference of twelve to twenty feet; it has an ideal concentric symmetry and perfect balance. No machine could duplicate its perfect modulation; it must be woven by hand, each knot perfectly spaced and tied. It takes a craftsman about eighty hours of hard work to turn out a completed net, and the fact that they sell for twenty or thirty dollars makes the labor seem cheap.

But it's a labor of love; the net making is usually practiced as a hobby or a sideline rather than as a fulltime profession or livelihood. It takes a good deal of cajolery to get an old netmaker to step on it and finish a net; these fellers have the temperament of an artist and do not like to be rushed. That's why a mullet fisherman, once he gets a good net, pampers it and takes good care of it.

NOTICE

NOTICE IS HEREBY GIVEN that application will be made to the regular session of the Legislature of Louisiana for the year 1960 for the passage of a local or special law authorizing the Police Jury of Cameron Parish, Louisiana to lease for such price, and upon such terms and conditions, and in such a manner, and for such purposes as the Police Jury of Cameron Parish may deem proper, a certain tract of land described as follows, to-wit:

GRAND CHENIER NEWS

Spring arrives at last!

By ELORA MONTIE

Thursday of last week, with its sleet and a few fine flakes of snow, was quite a contrast with Sunday when the first day of spring arrived bringing with it beautiful sunshine and warm weather.

Many Chenier folks spent the first day of spring fishing and crabbing, while others planted gardens, or corn fields.

NEW CARS on the Chenier are a light blue 1960 Buick belonging to Mr. and Mrs. Neil Crain, a green 1960 Pontiac purchased by Mr. and Mrs. Steve Canik and a light ivory 1960 Ford Galaxie purchased by Mr. and Mrs. Charles Richard.

A new two-tone 1960 Chevrolet pickup truck, owned by Dr. M. O. Miller of New Orleans, has been placed in the hands of Henry Roy, Dr. Miller's manager here.

Mr. and Mrs. Horace Mhire have started spring by having their house painted inside and out by Ernest Mhire.

Mr. and Mrs. Ben Wooten have returned here where they have been living for some time at Lincol Theriots. Mr. Wooten, who is field manager for natural gas, has been in the hospital in Shreveport.

The Boy Scouts will meet Tuesday night at the school to get their 2nd class badges.

Mr. and Mrs. Gilford Miller built their garage three years ago but were unable to use it, as they had no cattle guard. They were busy this weekend building their cattle guard with the help of Freddie Richard, Loudise Vincent and Bobbie Gist.

MRS. ANNIE Miller is resting better in St. Patrick's in Lake Cherles. Her daughter, Marilyn Miller of New Orleans, is with her.

Jim Fawvor is reporting some better after undergoing surgery for the second time.

Mrs. Emma Arceneaux, Mrs. Shirley Crain, Mrs. Dorothy Collins, Mrs. Cherrie Doland and Mrs. Mammie Richard have been campaigning for the Red Cross. The drive is progressing nicely.

Mr. and Mrs. Robert Chabreck and boys drove to New Orleans on business.

Mrs. Laurent Sturlese, who lives alone near Paul Nunez's store has been spending a few days away from home, but is back now.

Mrs. Perry Doxey and children visited her father-in-law, J. W. Doxey, in the hospital in Lake Charles.

Mr. and Mrs. Lee Nunez spent Sunday in Jennings with Mrs. Nunez's mother.

Mr. and Mrs. Herman Precht of Sweetlake spent the weekend with their daughter and family, Mr. and Mrs. Garner Nunez.

MR. AND MRS. Jimmie Savoie of Lake Charles had their parents, Mr. and Mrs. Dennis Bonsall and Wilfred, for the weekend. They observed Mr. Bonsalls 73rd birthday Sunday.

Mr. and Mrs. Pat Doland and family of Lake Charles were spending the weekend with Mr. Doland's parents Mr. and Mrs. D. Y. Doland here.

JOHNSON BAYOU NEWS

BAYOU WOLF PACK IS SIGHTED

By MRS. M. C. JOHNSON

Two weeks ago we reported that a pack of wolves had been roaming on the Bayou. Concern was expressed again when Francis Erbelding and Dennis Burch spotted four wolves last week, then the surveyors on the road spotted six at one time while they were working.

The men say the wolves have been eating baby pigs and fear for baby calves has already been expressed by cattlemen.

We welcome three more new families to our community. Mr. and Mrs. W. R. Morphis and girls, Billie Ruth and Vicky, from Berwick, have moved to the Peshoff Trailer Park. Mr. Morphis is a toolpusher for the drilling company which now has a rig located on the Smith Ridge Maier property.

New residents in the Harry Erbelding rent houses are Mr. and Mrs. A. J. Luke and two children from Houma, and Mr. and Mrs. Harold "Skipper" Sparks and four children from Sulphur. Both men work for Noble Drilling Company.

ALL JOHNSON BAYOU was proud when Helen Jinks, daughter of Mr. and Mrs. Roland O. Jinks, and Jacqueline Trahan, daughter of Mr. and Mrs. Ernest Trahan, received their nurses caps in ceremonies last Friday night at Calder Baptist Church in Beaumont.

The girls are studying nursing, at the Baptist Hospital in Beaumont. Besides their parents, others attending the ceremonies from the Bayou were Mr. and Mrs. J. B. Erbelding, III, and children, Mr. and Mrs. Carl Wayne Jinks, and Rev. M. C. Johnson.

Sickness still prevails on the Bayou. Claude Rutherford is recuperating at home with an injured back after being confined to a Sulphur hospital for almost two weeks.

Miss Agnes Constance returned home from the hospital last week and her condition has improved slightly.

Mrs. Babe Sasser is home from a Lake Charles hospital where she underwent surgery recently, and she is recuperating very nicely.

Fred Packard and a classmate from Kent University, Kent, Ohio, were weekend visitors in the home of the Roland O. Jinks. With them were Mr. Packard's parents, Mr. and Mrs. H. C. Packard, and Mr. and Mrs. Ulan Lorio of Melville. Mr. Packard, former teacher at Johnson Bayou school, expects to complete his studies late this summer.

Saturday visitors in the Claude Rutherford home were Mr. and Mrs. Willis McDonald and Mr. and Mrs. Ray Smith of Port Arthur.

LLOYD BADON had an unfortunate accident last week when he lost his billfold which contained $165. The loss was near Mecom's at Holley Beach.

Sunday visitors in the J. W. Erbelding home were Mr. and Mrs. Lala Bourg and daughter, and Dr. and Mrs. Bertrand and son of Nederland.

Mr. and Mrs. John D. Belcher, Jr. and four sons of Monroe spent the weekend visiting the Sully LeNormand family. The Belchers were former residents of the Bayou, having lived here while the new school was being built.

The Nathan Trahan family of Orange, spent Saturday night visiting Mr. Trahan's parents, Mr. and Mrs. Theodore Trahan, Sr.

The Armond Trahans bought a trailer home and have moved to Cameron.

Mr. and Mrs. Roy Billeaud, and Garland Ray, spent Sunday in Creole visiting the Tom Mudd family.

WHILE MRS. Babe Sasser is recuperating from surgery, her sisters, Mrs. Jewel White of Tulsa, Okla. and Mrs. Eunice Sandlin of Keota, Okla. are spending two weeks here. After being used to the rolling hills of their state, both found quite a contrast in our area.

Vacationing on the Bayou this weekend were the parents of R. H. Boyd, Mr. and Mrs. Roscoe Boyd of Wichita Falls, Texas. They enjoyed a trip offshore as one of the highlights of their visit.

Mr. and Mrs. Clyde Barrentine and new baby, Tina Marie, are back home on the Bayou after spending several days in Creole.

The Earl Rutherfords of Sulphur, spent Saturday in the Carl Rutherford home.

Mr. and Mrs. Johnny Landry spent Sunday visiting in Jennings.

DEBBIE AND BRENT Jinks, young children of the Carl Wayne Jinks, spent Friday night with their grandparents, the Horace Goodrich's in Hackberry.

Everyone is most delighted that the contract was let last week for the remaining portion of our road to the Sabine Causeway. Almost immediately the surveyors went to work which has caused increased activity around the Bayou. It was also reported that new stakes were being put down on the portion now ready for the blacktop, which we hope will begin right away.

THE 4-H CLUB of the Johnson Bayou school has their regular monthly meeting Monday. Bevelyn Jinks gave the pledge of allegiance and the 4-H pledge. Mrs. Iva Free met with the girls for a discussion on etiquette, plans for achievement day and their record books. Marlene Billiot won first place on an anatomy display, Carolyn Storm won second place for baking, Pauline Manuel and Patsy Hebert won third place in baking. The boys met with Mr. Meyers and discussed achievement day. President of the 4-H Club is Walter Reeves.

The Brotherhood organization of the Baptist Church will meet at the church this Friday night when a spaghetti supper will be served. J. B. Erbelding, III, is the president.

R. A. leadership course set for Houston River

The Carey Baptist association will sponsor a Royal Ambassador leadership training course beginning at 7p.m. Thursday, March 31 at the Houston River Baptist church, according to the Rev. M. C. Johnson, the association's RA leader.

Rev. Angus D. Neel, state Royal Ambassador secretary, will lead the 3-hour course, which includes principles, methods, materials and ideas of the RA program.

Rev. Johnson invites pastors, educational directors, brotherhood presidents, prospective RA leaders, chairmen of RA committees, RA counselors, and all others interested to attend.

KLONDIKE NEWS

SNOW FLURRIES OR NOT--RICE PLANTING AROUND CORNER

By BERNICE STEWART

Last Thursday there was a flurry of snow here, and sleet fell leisurely all afternoon. But that was last week. Spring has been officially ushered in. Geese are flying northward in ever increasing numbers. Life on the farms quickens, and hopes run high that the long, hard winter is drawing to an end.

Farmers are busy preparing their rice fields for planting soon. W. O. Broussard and Donald Broussard have about one hundred acres plowed. Joe Savoy has nearly completed his plowing.

Mrs. Savoy reports an excellent garden with beets, lettuce, radish; states that she has turkey eggs setting and that a few days ago she bought 75 ducklings from a hatchery.

Klondikers are gratified that the library tax passed and are looking forward to a real sharing of the library facilities.

Oran Garrie, who underwent an appendectomy Tuesday in the Gueydon Memorial Hospital, is convalescing satisfactorily.

Mrs. Mayo Cain has recovered from an attack of influenza.

Mr. and Mrs. Joseph Savoy and Mr. and Mrs. Alton Bertrand spent Friday in Port Arthur, Texas, with the Robert Broussards and Leander Elkins.

Mr. and Mrs. Freddie Comeaux and children of Lake Charles spent Sunday with her parents, Mr. and Mrs. Paul Sonnier.

SPENDING THE past weekend with the Paul Sonniers was their grandson of Patterson, Michael LeDoux, son of Mr. and Mrs. Russell LeDoux.

Mr. and Mrs. George Deason and daughter, Sandra, of Sulphur were Saturday guests of the Mayo Cains and Adam Vincents.

Klondike girls, Mayola Cain, Martha Broussard, Elaine Klein, and Dianne Crochet, were among those from Gueydan High School who attended the Music Festival at SLI, Lafayette, on Wednesday. Boys were Earl LaComb and Ronald Sonnier.

In a popularity contest in Gueydan High School last week Sanford Broussard, son of Mr. and Mrs. Philip Broussard of here, was named most handsome senior, while Yvonne Broussard, daughter of Mr. and Mrs. Whitney Broussard, was chosen most popular junior.

Whitney Broussard recently purchased a black Angus bull from the Myers Farm, near Jennings for his daughter, Yvonne, to raise as a 4-H Club project.

The little fellow, now six weeks old, has been named Smoky.

Several folks on sick list here

By MRS. W. E. REASONER

Mr. and Mrs. Bill Reasoner and children, spent the weekend with Bill's sister, Mr. and Mrs. J. W. Smith of Beaumont, Texas.

C. A. Prevost, who had a stroke about two months ago, and was paralyzed on his right side, can walk some now with an aide on both sides. He and Mrs. Prevost spent the weekend with their daughter, Mrs. Inez McNeill.

Those home for the weekend from Northwestern College were Johnny McNeill, Edgar Lee Johnson, visited relatives here. George Krumm, and Bobby Vincent.

D. L. Weekly, of Sulphur, high school teacher, is having dental work done and Rev. Joe Sullivan is substituting in his place.

Miss Linda Lou Barbier was in the Calcasieu Cameron Hospital Hospital over the weekend to have her tonsils taken out.

F. V. Andrews and daughter, Lana were ill at home last week, he had the flu and Lana had the measles.

Mr. and Mrs. Hardy Fountain are home again after a ten day visit with their children in Baytown, Texas.

The community is working to install a bathroom in the Harry Darbonne house. Mr. Darbonne suffered a stroke on New Year's Day.

Mrs. Pete Constance, who had a light heart attack last week, is able to be up and around again.

HOLLY BEACH NEWS By MRS. WALTER STANLEY

HEAVY CATTLE LOSS REPORTED

Cattlemen are relieved to see fair weather. The prolonged, severe winter caused many cattle to be on feed most of the winter. The number increased weekly as the weather affected them. Piles of carcasses are evident along the highway. The heaviest loss has been in the Mecom herd.

Flocks of campers come to the beach on weekends for outings and camp repairs. The weather kept thwarting their plans week after week. The weatherman cooperated this weekend and everyone basked in sunshine or readied the camp for the season.

All church activities have been resumed since Father Brandley's illness. Confessions are now heard every Thursday night after the Way of the Cross.

* * *

THE GLEEFUL shouts of "snow is falling" last Friday disappeared as fast as the few flakes that fell with the sleet. The sleet came down for about one hour but temperatures were too warm to keep it frozen. A few snowflakes fluttered for a while only to melt instantly.

Irvin Thibodeaux was called to Crowley last week when his brother Irby underwent surgery.

Clay Boullion suffered a mild heart attack a few days ago but is now up and around. He was hospitalized overnight.

Mae Doris Constance is back home after spending ten days at the West Calcasieu Cameron hospital taking care of her Aunt Agnes Constance.

Good News! Black topping of the Johnson Bayou road is scheduled to begin this week.

Amos L. Thibodeaux in training tests

Army Specialist Four Amos L. Thibodeaux, son of Mr. and Mrs. Theo Thibodeaux, Route 2, Creole, recently participated with other personnel from the 8th Infantry Division's 8th Cavalry in cold-weather training tests in Germany.

The tests, conducted under realistic combat conditions, were designed to determine the effectiveness of units of the 8th Infantry Division, a major element of the NATO shield of defense in Europe.

Specialist Thibodeaux is a personnel clerk in the cavalry's Headquarters Troop in Sandhofen. He entered the Army in March 1958 and arrived overseas in May 1959.

A 1951 graduate of Creole High School, Thibodeaux attended Southwestern Louisiana Institute.

Vet s widows urged to check on new benefits

If there are any widows of World War II or Korean veterans in Cameron parish who have never filed a claim to the Veterans Administration for pension, your parish service officer, Deil LaLande urges you to contact his office at an early date to do so.

Mr. LaLande explained that a new pension law goes into effect on July 1, 1960 and many widows who have not been eligible for pension under the present law will qualify for pension under the new law.

The widows concerned are those whose veteran husbands died from nonservice-connected disabilities and who did not have service-connected disabilities.

The service officer believes that most all such widows either knew that they were not entitled to pension under the old law or just neglected to file an application. All of these widows who have not remarried should file an application at an early date for consideration for pension under the new law. If their income from outside sources is not over certain amounts, they can qualify for pension.

The Cameron parish service office is located in the basement of the courthouse.

FIRST WOLVES & BEARS-- NOW COME 'UNEARTHLY SCREECHERS'

By BERNICE STEWART

Wolves on the Bayou and bears on Little Pecan caused us to exclaim with Jerry Wise, "Shades of the Frontier!"

We were reminded of the reports from this community last summer as to the unearthly screeching of two creatures, as though one were answering the call of the other, that had been heard on several occasions here.

Straightway, we went a-hunting via telephone, but all that we have bagged thus far have been half a dozen or so young Daniel Boones, who are ready to depart tomorrow for the Bayou or Pecan.

Harold Welch, a 1959 graduate of Lake Arthur High School and a former resident of here, was honored at McNeese State College recently when he received a $1065 scholarship given by the Lascasane Co., to the freshman with the highest average in the agriculture department at McNeese.

Harold, son of Mr. and Mrs. Wayland Welch, has a "B" plus average in animal husbandry.

Mrs. Effie Hollister has been ill for over a week with flu.

Mrs. Paul Bertrand, formerly of Grand Chenier, is seriously ill. Her sister, Mrs. Delas Bonsall, of Nederland, Texas, is with her.

Mrs. Homer Broussard, also an old Chenier resident, is improving following a fall and a broken limb weeks ago.

Children from here who were on the Lake Arthur High School honor roll last period were: first grade, Alan Hartwell and Linda Hughes; third grade, Louella Hardee; fourth grade, Jean Marie Hartwell; sixth grade, Gerald Hartwell; eighth grade, Arthur Dupre and Richard Hughes; tenth grade, Dorothy Parkins, Carolyn Baudoin; twelfth grade, Charles Perkins.

Young people from here who were among students of Lake Arthur High School participating in the annual Louisiana Educators Association festival in Lafayette Wednesday were Charlotte Thackston and Lloyd Whitman.

RED CROSS COURSES

A 30-hour instructors course in "Care of Sick and Injured" will be taught at the Red Cross chapter chouse at 101 South Ryan, Lake Charles, beginning Monday, March 28. It is opened to graduate nurses, physical education and home economics instructors in Cameron and Calcasieu parishes. A 15-hour course in "Mother and Baby Care" for registered nurses will be held April 4 and 5.

Mrs. Rosie Rankin demonstrated how to make a legger or fill folder out of paper and a picture frame out of stocking boxes.

The children in the Sunshine band brought along several things they made. Emily J. Bishop made a tam out of a baseball cap. Diane Bishop made a sock bag from a baby dress. Carlton Bishop made a toy snake from an old silk stocking and Joseph

Constitutional Amendment to be introduced

A Cameron police jury notice that it plans to seek a special constitutional amend-

ment at the May session of the state legislature is to be found in this issue of the PILOT.

The amendment would permit the jury to lease to two Texas businessmen the part of the Sabine Lake causeway fill that is not needed for the roadway. The Texans plan to build boat docks, restaurant, motel and other facilities.

C. A. Miller, Jr., local attorney, is representing the Texas interests.

Miles made a statue of Christ on the Cross from pasteboard boxes. The group made plans for an Easter program.

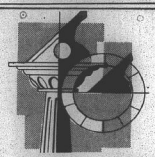
"Tarpon Club" to be unique group

Anglers who land big game fish during the Southwest Louisiana Fishing rodeo out of Cameron will gain membership in a unique organization —the "Tarpon club."



Directors of the Southwest Louisiana Fishing club, which sponsors the annual rodeo, voted to set up the new organization, with Bill Watson as chairman.

"Our idea is to honor all anglers who land one of the big fishes--a tarpon or a sailfish--regardless of size," Watson said. "We plan to present a certificate or trophy to every registered rodeo participant who lands either species of fish, whether it is large enough to win a prize or not. Anybody who takes a tarpon or a sailfish has accomplished a real feat, and we think it should be recognized."

Complete details as to the type of certificate or trophy awarded will be announced later, Watson said.

Last week, the angling group established official dates of July 2, 3, 4 for the 1960 angling rodeo, which is held in the Gulf of Mexico off Cameron (deep seas division) and in the inland waters of the Lake Charles area. Indications are that the 1960 rodeo will be the largest yet, with a prize list possibly exceeding a retail value of $5,000.

JOIN THE Easter Seal PARADE!

for EASTER SEALS

*THE TOM STEEDS, taking a vacation before the shrimping rush begins, have just returned from a two-week trip to Florida. They report that one of the highlights was seeing the Passion Play by the famous South Dakota Black Hills players in Lake Wales, which is their winter home.

En route home they visited Fernandino Beach with Mrs. Helena Skipper and son Tommy, former Cameron residents. Mrs. Skipper, who subscribes to the Pilot sent us word that she keeps up with all her friends here through the paper.

AND INCIDENTALLY, we have two more persons interested in our proposed Cameron parish historical society--Mrs. Steed, and Mr. Fred Simon of Hebbronville, Texas. The latter was born in Cameron parish and knows a lot about the earlier days here.

MISS JIMMIE ANN MEAUX of Creole was among the 15 McNeese State College all-A students singled our at the Honors Convocation Thursday at the college.

Three other parish students, Miss Patricia L. O'Donnell and John W. Rutherford of Creole, and Patrick A. Doland of Grand Chenier, received honorable mention for their scholastic work.

SOUTH CAMERON HIGH will enter its first track meet Friday at 3 p.m., a dual meet at Vinton. Grand Lake was in a meet with Iowa and Longville Tuesday and will meet Bell City and Gillis Friday.

OOP--WE SLIPPED: In the letter from the South Cameron student council thanking the public for voting for the library tax, the sentence should have read:

"A public library system such as ours, modeled by (NOT on) other communities over the entire world, etc.."

And we inadvertently had Kornagay's Grocery giving saving stamps in their last week's ad. They do not--but they do give mighty good prices.

THE U. S. CENSUS got underway in Cameron parish this week. Two parish census takers that we failed to mention last week are Mrs. Doris Lee Rollins and Mrs. Linda Joy Portie of Hackberry.

CAMERON PARISH junior and senior classes have been invited to visit Sowela Vocational-Technical School in Lake Charles during an open house, next Wednesday, from 8:30 a.m. to 3:30 p.m. The school is supported by the state and offers boys and girls in this area an opportunity to train for special trades and skills.

A HACKBERRY family was involved in a wreck at DeQuincy last Sunday. Mrs. Jerry Lambert suffered a broken shoulder in the two-car collision and was taken to the Sulphur hospital. Her husband and two children were not seriously hurt.

A CUB SCOUT PACK was recently organized at Grand Chenier with B. M. Spivey as Cub Scoutmaster and Mrs. L. G. Hartwell and Mrs. John Doxey as den mothers.

IT'S REALLY quite a birthday party when March 28 rolls around each year in Mrs. Nolia Montie's home. Not only is it her birthday, but its the birthday for her oldest daughter, Mrs. Velma Trahan, and her youngest daughter, Joyce Montie. Mrs. Montie is the cook for the Grand Chenier school.

A BRIDGE OVER the ship channel certainly would have aided Sharman, Allen, Gay and Taylor, Inc., contractors on the Mobil pipeline, Wednesday. One of their winch trucks caught on fire on the west side of the channel. The Cameron fire department was radioed fo help, but by the time the fire truck was able to cross on the ferry the truck was a total loss.

POLICE JUROR Conway LeBleu had several of his men out puting up Cameron's new concrete street markers. When these are completed, the Lions club plans to stencil on the street names.

The Lions Club is planning a ladies night banquet for April 18.

BOTH LAW AND common decency call for motorists to give right-of-way to an ambulance on an emergency mission. One such case in which a driver failed to do so was called to our attention this week.

THIS GIANT EGG was laid by an over-ambitious hen at the Carl McCall chicken farm at Grand Chenier. It is about four times the size of the average egg pictured with it.

Hey kids--here's how to earn a bike

Complete details on how Cameron parish boys and girls can earn themselves a bicycle in the Pilot's big subscription campaign are to be found on page 3 of this issue.

The campaign begins tomorrow (Saturday, April 2) and all youngsters interested in working for a bike are asked to meet with the publisher at any of the locations and times listed on page 3.

This is not a contest. Any boy or girl who sells 15 new subscriptions to the Pilot will earn a Murray bicycle. It's easy. Come on out and give it a try! See details page 3!

CHICKEN OF TOMORROW

Parish winners announced

Four Cameron parish 4-H club youngsters are exhibiting broilers that they raised in the state Chicken of Tomorrow contest in Alexandria.

The four, who had the winning pens of six cockerals each in the parish preliminary contest Tuesday, are: Ronnie Breaux of Sweetlake, Wayne Sturlese of Creole, Harold Granger of Grand Lake and Bobby Doland of Grand Chenier.

The heaviest pens of the 8-week-old chickens weighed 21 pounds. The Cameron parish Farm Bureau awarded prizes of $5 to each of the four parish winners.

Other students who competed in the parish contest were Steven Thibodeaux, Grand Lake; George Sturlese, Creole; Ernest Hamilton, Hackberry; Ervis Portie, Creole.

Assistant County Agent Clifford Myers accompanied the parish winners to Alexandria Thursday. After the judging all of the cockerals were to be sold.

Bobby Doland of Grand Chenier was also on the state program at Alexandria to tell about his recent trip to the national Junior Poultry and Egg Fact Finding Conference in Kansas City, Mo.

PROPOSED SEAWAY EXPLAINED HERE

Cameron civic leaders and parish officials Tuesday evening heard a lively discussion on the proposed multi-million dollar Louisiana Intracoastal Seaway, which would make all of South Louisiana a deep water port.

The meeting, a joint gathering of the Cameron Optimist and Lions clubs, was held at Fred's Restaurant. Special guests included several members of the police jury and parish government.

Speakers were Dr. Herbert A. Hamilton, dean of Southwestern Louisiana Institute's school of commerce and president of the Louisiana Intracoastal Seaway Association, and Robert Angers, publisher of the Franklin Banner-Tribune, and secretary of the association.

Dr. Hamilton stated that the proposed seaway, which would follow the present intracoastal canal from Houma to Orange, Texas, would bring into South Louisiana $2½ billion in new plant construction and provide 90,000 new jobs for the citizens of the area.

He also pointed out that the project would also provide a means of bringing fresh water to the Southwest Louisiana rice area from the Atchafalaja river, which he described as the "largest single source of fresh water left for industrial pruposed in the United States."

He warned that if someplan is not made to use this water in South Louisiana, other sections of the state and perhaps even Texas would attempt to divirt it for their use.

MR. ANGERS STATED that the parishes of South Louisiana might disagree on a vartical ridge, plus reclaiming thousands of acres of marsh land for industry or farming.

Following Dr. Hamilton's and Mr. Angers' presentations, they were bombarded with dozens of questions from those in attendance. Most of the questions were concerned with how the seaway would directly benefit Cameron parish.

Most of the Cameron people did not feel that industry would be brought to the parish by the canal, but others pointed out that if the entire area prospered as the backers believe, then Cameron would get many indirect benefits.

Police Juror Conway LeBleu told the group that the Cameron police jury was a members of the seaway association, but that it had not endorsed the project.

State Representative Alvin Dyson and sheriff O. B. Carter both expressed the belief that the seaway would benefit South Louisiana, but warned that the parish should proceed cautiously to make sure that it does not receive any detrimental effects from the waterway.

$1,559 raised in Heart Fund drive in parish

All of the receipts from the community Heart Fund leaders have now been turned in to J. B. Jones Jr., chairman for Cameron Parish. Mr. Jones reports that the very successful drive took in a total of $1,559.14.

He points that with the support of your Heart Fund, medical science has made dramatic progress in saving and prolonging lives of thousands of heart victims. Researchhas provided the knowledge needed to prevent rheumatic fever, to control most cases of high blood pressure, to repair damaged heart valves, to correct congenital defects through heart surgery, to develop heart-lung machines, and to perfect drugs which retard blood clotting and reduce recurrence of heart attack.

EASTER SEALS LEADERS NAMED

An all-out drive to raise Cameron Parish's quota of $1,000 for the 1960 Easter Seals Drive will be made on Tuesday, April 12, according to parish chairman Roland J. Trosclair.

Mr. Trosclair this week named the following persons as community drive chairmen: Mrs. Walter Stanley, Holly Beach and Johnson Bayou; Mrs. W. E. Reasoner, Sr., Hackberry; Mrs. Charles Precht, Sweetlake; Mrs. Ted Askew, Grand Lake; Dalton Richard, Creole; Mrs. June Harper, Grand Chenier; and Mrs. Roland Trosclair, Cameron.

About $350 has been raised in the parish drive to date, the chairman stated. He said a large percentage of the funds raised in the parish will remain here to assist the treatment of crippled children here.

Mr. Trosclair said there are some ten children in the parish benefiting from the crippled children aid.

Migues Funeral Home opens

Miguez Funeral Home of Jennings held open house Sunday in their new branch establishment in Lake Arthur.

This will be a special interest to many friends and relatives of the late Mrs. Henry Kuntz and the late Mrs. Ida Summers and of Miss Alice McCall, who is presently in a convalescent home at Lake Charles, for the location is the former big two-story home owned by Mrs. Kuntz and occupied until recently by her daughters, Mrs. Summers and Miss McCall. These ladies were former residents of the Chenier.

Oyster season closed here

Cameron parish's first oyster season in fourteen years came to an end Thursday. An effort to get an extention of the season failed after tests taken by the state health department showed that warm weather had caused the pollution level to rise too much to permit the continued taking of oysters.

Calcasieu Lake was opened to oyster fishing at the first of February this year, after tests by the health department found that the pollution was low enough during this period of the year for the oysters to be wholesome.

Although the season ran for only two months this year, next year it is expected to be open from December 1 through March 31.

The state health department, upon the urging of numerous local groups and officials, agreed to opening of the lake, with the provisions that the ship channel area be off limits to oyster fishermen.

A cooperative agreement between the health department and the department of wildlife and fisheries was worked out to where the lake was patrolled every day to see that fishermen stayed out the polluted area.

Edison Mhire, sanitarian with the local health unit who did the patroling along with Steve Sedlock of the wildlife department, said there were only two violations found during the season and that these were unintentional.

Two Sulphur men and three Lake Charles men were found taking oysters in the polluted area, but were only given warnings, since it was believed that they did not intentionally violate the regulations.

Although the oyster season was short this year, several local people went into the oyster business on a small scale, and it is expected that an even bigger volumn will be done next season.

Cub Scouts have Grand Chenier boys as guests Monday

Cub Scout Pack 102 of Cameron had as their guests the Cub Scouts of Grand Chenier at the monthly meeting Monday night at the Cameron elementary school.

Dr. Cecil Clark welcomed the visitors; Mrs. Hoston gave the pledge of allegiance and the Cameron Cubs sang a song of welcome. In return the Grand Chenier scouts acted out a skit and Mrs. Theriot Den I also acted out a skit.

The den mothers want to thank the parents for the good attendance. A cake sale was held at the meeting.

The next meeting will be held at the home of Roland Trosclair, Monday, April 14, at 7 p.m. Parents are invited. Plans for evacuation drills and identification tags will be discussed.

Pine Wood Derby car race winners were announced at the Monday meeting. Carlton Freeman received a blue ribbon for first place and is entitled to enter the Derby Race against Lake Charles scouts.

Edward Peterson and John Clark won prizes for second and third places, and Thomas Crandall won the prize for having the best looking car. The cars were made by the boys themselves.

Lions protest postal schedule

The Cameron Lions Club Wednesday went on record protesting a change in the mail service for lower Cameron parish scheduled to go into effect soon.

The club voted to write Congressman T. A. Thompson urging him to ask Postmaster General Summerfield to reconsider the scheduled change.

Jimmy Derouen, manager of the Calcasieu-Marine Bank, said he understood that under the new provisions, the star route carrier who brings the mail out of Lake Charles each morning, would arrive here 30 minutes to an hour later, and would not leave Cameron until 6 o'clock in the evening.

Mr. Derouen said the idea was to give Cameron later outgoing mail service--such mail now goes out at 2 p.m.--but that it would actually do more harm than good since the morning mail probably would not be put up until noon instead of 10 o'clock as now.

Tom Steed, who operates Steed's Fish Co. here, said the change would work a hardship on local business people who depend on the mail to bring them supplies and parts out of Lake Charles.

The change in Cameron's mail service would be a part of new "Metro" mail plan for the country. Under this plan, a letter mailed in the evening in one community could be delivered the next morning in a community 300 miles distance.

Lions to sponsor farm competition

As an incentive for Cameron parish farmers to produce bigger yields and improve their farming techniques, the Cameron Lions Club announces that it will sponsor two special farming contests this year.

The first will be to determine the champion corn producer of the parish, with the farmer raising the most barrels to the acre being given a trophy.

There will also be a contest to select the champion rice farmer, with a trophy to be given in two classifications: small producers and large producers.

In addition all parish farmers who raise an average of 60 bushels of corn to the acre or 22 barrels of rice to the acre will be honored by the Lions Club at a dinner during national Farm & City Week.

Details for the contests are being worked out by Hadley Fontenot, Cameron county agent.

Super market to hold big Grand Opening

Dale C. Higgins, who recently purchased Micheletti Bros. supermarket in Cameron, is holding a grand opening of the store this weekend under its new name--Micheletti - Higgins supermarket.

Mr. Higgins invited everyone to attend the grand opening, Friday, Saturday and Monday. Free plastic aprons will be given to the first 500 women shopping in the store this weekend.

Chenier revival services begin this Sunday

The Rev. J. Henry Bowden, Jr., pastor of the Moss Bluff and Eastwood Methodist churches at Lake Charles, will conduct a revival at the Grand Chenier Methodist church beginning Sunday, April 3, and continuing through Friday, the 8th.

Services will be held each evening at 7:30 p.m. and the public is cordially invited to attend.

The Rev. Taylor Wall, pastor of the Grand Chenier church, will be in charge of the singing.

British-American to install pipeline

The British-American Oil Producing Co., Lafayette, has applied for a Corps of Engineers permit to install a 6-5/8 inch oil and an 8-5/8 inch gas pipelines in the the Gulf about 16.4 miles southwest of Cameron.

The lines are to extend from an existing platform 22,491 feet to a point on shore. The lines are to be laid not less than 6 feet below the bed of the waterway.

Mrs. LeDoux in car accident

A non-collision accident occurred at 2 p.m. Saturday near the Percy David residence at Klondike when a station wagon driven by Mrs. Albert LeDoux of Lake Arthur got out of control in loose gravel, jumped a levee, and landed right side up in a big irrigation canal.

Mrs. LeDoux was thrown against the steering wheel, which broke off, and then the dash. Her face was badly bruised, with possibly a broken nose; side and limbs also badly bruised.

With her at the time were her three children, Leonella, 12, sustained serious face bruises and lacerations; Luceia, 8, a bruised eye; and Albert, Jr., 3½, unhurt except from blackberry vine scratches encountered as they climbed up the ditch bank after having gotten out of the car.

Ferris Broussard came along and took them to Jennings in his car, stopping at the LeDoux residence in Lake Arthur for the husband and family.

Mr. and Mrs. Nelson Bonsall

Observe 50th anniversary

By ELORA MONTIE
Grand Chenier Reporter

Mr. and Mrs. Nelson Bonsall of Grand Chenier celebrated their golden wedding anniversary Sunday March 27, by renewing their wedding vows at the Immaculate conception Catholic church. Father F. X. Lanoue officiated.

Mr. Bonsall was 20 when he married Lona Theriot, 15, at St. Eugene Catholic church in Grand Chenier in 1910 by Father Hose, who was then pastor.

Their six sons, Telesmar and Elton of Creole, Claude, Claudis, Ervin and Ual of Grand Chenier and their daughter, Mrs. Viola Brume of New Orleans, along with their nine grandchildren and three great-grandchildren helped them celebrate their anniversary.

Mr. Bonsall, who is 70, was born and raised in Grand Chenier, and has been a farmer and carpenter all his life.

Mrs. Bonsall, who is 65, was born in Kaplan and moved to Grand Chenier in 1907. Both are in good health and very active.

A family barbecue dinner and a reception from 2 to 6 o'clock was held at the Bonsall home during the afternoon. Over 150 guests visited during the afternoon. Many out of town visitors were there for the day.

Mr. and Mrs. Nelson Bonsall of Grand Chenier here pose with their seven children on the occasion of their 50th wedding anniversary, March 27. The children, left to right, are Elton, Mrs. Viola Brume, Claude, Claudis, Telsmar, Ervin and Ual.

Vaughans claim title of old subscribers

3769 Plumb
Houston, Texas

Gentlemen:

With regard to your question as to whether a yourster by the name of Mr. John E. Gee, age 82, is your oldest subscriber, Mr. and Mrs. Lloyd Vaughan, 1238-8th St., Port Arthur, Texas, wish to advise you that they are 85 and 87 years of age respectively and may, therefore, be your oldest subscribers.

Your Mr. Jerry Wise and Mrs. Walter Stanley of Holly Beach, whose letter was quoted in "This Week" column, may be interested to know that many libraries have copies of census sheets on microfilm (with viewer) dating back to the beginning of census taking. The public library of Houston has a large collection of such film, including the parishes of Vermilion and Cameron.

It is my understanding that the State Library at Baton Rouge has a complete collection of all states. These records are of great value to persons interested in geneology.

Why not a column in your paper with questions by your readers to be answered by your readers, such as "Mr. Lloyd Vaughan's father was Edmond 'Dick' Wade Vaughan. We are interested in knowing his grandfather's name, or that of any other ancestor anyone may happen to know. We realize no one living would remember, but feel perhaps old records such as letters or notes written long ago, whose existence we know nothing of, may be brought to light by this inquiry."

Mrs. Harold E. Vaughan

(EDITOR'S NOTE--Until someone comes forth to dispute their title, Mr. and Mrs. Lloyd Vaughan henceforth will be known as the Pilot's oldest subscribers.

Our reader's suggestion on publishing questions and answers to aid persons in tracing their ancestors is very interesting, and we promise to faithfully publish any such material that comes our way.)

Another Old timer

Hackberry

Dear Editor:

In response to your request I am a subscriber to the Pilot and have been since the first publication and have not missed a copy. I am 84 years old and was born July 26, 1875.

Eugene Ellender

(EDITOR'S NOTE -- Thank you for your note, Mr. Ellender. We certainly appreciate subscribers such as you.)

A YOUNG man from the South American tropics came to study in a college in the United States. He had never seen snow. When trees shed their leaves in the fall of the year he thought they were dead. His first winter in this country was cold. Ice covered a river near the school. When springtime came leaves began bursting out on the trees. Carlos told a friend, "This is wonderful. The trees were not dead, but asleep for a few months. Now they have more life than ever."

Human life is like that. A person has within his soul the capacity for good. But he is spiritually asleep, his soul rendered helpless and useless by evil and a sinful nature. If he is willing to open his heart to the warmth of the love of God in Christ, he can become a new person, alive, growing, bearing fruit.

Churches are making every effort to get people who are lost in sin to respond to the call of God. That is why you are hearing about Baptist revivals at this season of the year. Christians have found peace and joy for their souls. They want others to find inner peace, joy, and power.

What is this new birth in Christ, this bursting forth of new life and power?

It is a free gift of God, bought for the sinner "not redeemed with corruptible things, as silver and gold . . . but with the precious blood of Christ" (1 Peter 1:18,19). The person who is lost in sin cannot pay for it. He cannot work enough to earn it. He can open his heart to Christ, trust him as Lord, and receive this divine gift of forgiveness and love. It has already been bought by Jesus Christ with the highest price ever paid. But it is a gift to the sinner.

It brings a complete change of life. To be "born anew," or "born again," or "born from above," or "born of the Spirit" means more than making a resolution. It is a radical change. The old life of sin is given up and buried. A new life of righteousness is started. It is a complete turn, a going forth in a new direction. It is accepting a whole new set of goals for life.

It brings power from God to help one live by his new faith. The Bible says, "As many as received him, to them gave he power to become the sons of God, even to them that believe on his name" (John 1:12).

The new birth in Christ brings assurance of spending eternity with God in heaven. The godly life begins here on earth now, and extends into heaven forever.

Go to church this week and consider this new birth in Christ!

High quality hay worth much to cattlemen

By HADLEY FONTENOT
County Agent

In a recent experiment at the U.S.D.A. Station at Beltsville, Md., it was shown that it takes 3,910 lbs. of hay that is over-matured to produce 100 lbs. of gain, whereas it takes only 1,628 lbs. of early cut hay to produce 100 lbs. of gain.

Time of cutting is only one factor which determine high quality hay and is a good thing to remember.

Fertilization is another very important factor that determines quality hay. To be high quality hay it must have relatively high amounts of protein and phosphorus. Ninty percent of the soils in Cameron Parish are too low in Nitrogen and phosphate to provide these in sufficient amount to produce high quality hay. Now is the time to do something about this.

Two hundred pounds of 10-20-10 or 6-24-24 at planting time is a good treatment for lespedeza or alice clover crops planted for hay. Coastal Bermuda or Native Bermuda is also benefited by this treatment in the spring. These grasses should also be top dressed with one to two hundred pounds of Ammonium Nitrate.

Remember, fertilizers will increase the amount of hay produced and at the same time raise the level of protein and minerals. The protein in grass hay is in direct proportion to the amount of Nitrogen used. The nitrogen is the first number indicated on the formula. Example: in 6-24-24 the six indicates that there is 6 lbs. of nitrogen in 100 pounds. In Ammonium Nitrate the formula is 33-0-0 which means there is 33 pounds of nitrogen in a hundred pound sack.

Provisions of new veterans law explained

Dell LaLande, Cameron parish service officer wishes to advise veterans who are presently drawing nonservice-connected pensions about some of the provisions of the new law, Public Law 86-211, which will become effective July 1, 1960. Some veterans seem to have the impression that they will receive higher pensions under the new law when, in reality, very few will.

The only veterans who will benefit are those with very little or no income from other sources. Each veteran who has any income at all from any source other than his pension should have the provisions of the new law explained to him in detail.

Every person on the pension rolls under the old or present law will be allowed to elect whether to remain under the old law or to take the benefits of the new law. Every person who receives a pension check at the end of February will also receive an election form with instructions in the same envelope with the check.

The service officer urges every person who receives this election form to bring it to his office for assistance in studying the wisdom of electing pension under the new law. If the form is completed and returned to the Veterans Administration, it constitutes an election of the new pension law when actually it might not be the best. The Cameron parish service office is located in the courthouse.

Archie swaps a couple

By Archie Hollister

By ARCHIE HOLLISTER

There used to be a pleasant old gentleman living near the town of Cameron a number of years ago, whom we shall call Mr. Lownsbery. Like most people of that day he had a vegetable garden upon which he depended for a large part of his living; and like his neighbors also, his fences were usually in a sorry state of disrepair. Late one afternoon a small herd of cattle broke into his garden, and did considerable damage before he became aware of their presence, and ran out to chase them away.

As the last cow went through the break in the fence, he seized her by the tail, intending to give her a good jerk as punishment for her transgressions. To his dismay, he found that the long hair on the tail had somehow gotten wrapped about his hand, and he could not disengage it.

Of course he could not hold the frightened animal, and since he could not turn her loose, perforce he had to follow. The cow headed straight down the road with loud bellows; the entire herd became alarmed, and stampeded in the direction of Leesburg.

John Eagleson heard the commotion and stepped out into the road to learn the cause of it.

"And here come old Lownsbery," he later said when relating the incident, "jumping about ten feet every step. And you could hear him squall all over the place, 'Stop us! Stop us! Head us! Somebody help me turn this cow loose.'"

As the cow rushed by John he caught her by the horns and held her until Lownsbery was able to get his knife out his picket with his free hand, and cut himself loose from the tail.

OLD AUNT AURELIA, Uncle Carter Sweeney's wife, was an extremely devout Methodist who would not tolerate anything resembling sin in any of its forms, attractive or otherwise. In fact, as she saw it, none of it was attractive.

She once hired a neighbor's boy, Louis Kober, to plow her garden plot for her one fall. The weather was hot, the ground hard, the plow dull, and the horses fractious. Louis had little patience and much temper; while his stock of profanity was limited and unimaginative, he used it over and over in a tremendous and angry voice that carried easily to the kitchen where Aunt Relia was cooking dinner.

Outraged, she sallied forth, all her ninety pounds of righteousness charged with indignation. She fairly overhauled Louis's soul for him that day, and wound up by putting him through a long session of prayer. Louis's blockheaded dullness would not allow him to entertain more than a short sentence or two of prayer, which the old lady generously provided, but she kept him on his knees for thirty minutes while he repeated his short formula of contrition over and over.

A reformed man--temporarily--Louis went back to his plowing, and not a single oath reached the kitchen to disturb the serenity of that peaceful household for the remainder of the morning.

Creole HD club plans trip to Hodges Gardens

The March meeting of the Creole Home Demonstration Club was held in the home of Mrs. Horace Montie and was presided over by Mrs. Harold Carter, club president. Roll call was answered by "Gift I would like to receive for Christmas from my Sunshine Sister."

The proposed trip to Hodges Gardens on April 30, being sponsored by the parish council was discussed by the group. A letter was read by Mrs. Carter from the management of the gardens. She also reviewed a brochure on the different flowers, shrubs, bulbs, and trees that will be in bloom at that time. A movie film on the gardens will be obtained on the gardens to be shown at the next club meeting.

Fourteen club members plan to make the trip with the other clubs on the chartered bus.

Mrs. Horace Montie gave a report on garden tips for April stressing that now is the time for repotting house plants. The March nutrition letter was read by Mrs. Carter.

The president read a letter from the agent asking club members to bring cancelled postage stamps to the next meeting. These are to be sent to a school in New York for the mentally retarded. A prize will be offered to the member bringing in the most stamps.

Mrs. Iva Free, agent, asked club members to donate Easter eggs for T. B. patients. These are to be turned into the extension office on April 13.

Mrs. Free gave a demonstration on the making and hanging of drapes and tips on upholstering and choosing fabrics.

The door prize was won by Mrs. J. H. Montie.

Those attending were: Msdms: D. W. Griffith, J. M. Theriot, George LeBouef, Telesmar Bonsall, Robert Wicke, Mayo Savoie, J. H. Montie, Paul Savoie, Gordon Johnson, E. Nunez, Harold Carter, Amar Faulk and Miss Cherie Kay Griffith and Mary Elaine Miller.

Easter Seals net $5,000

Nearly $5000 has been collected so far in the 1960 Calcasieu-Cameron Easter Seals campaign, a check of activities during the opening week of the annual drive has shown.

General chairman Larry W. Stephenson said the first week of the campaign has brought in $4,752 and has shown a "remarkable collection" in some areas reflecting the efforts of various volunteer workers.

This year's goal is $19,000, Stephenson reminded, an increase over the 1959 collection of $14,000 due primarily to increased demands for assistance made on the bi-parish chapter.

Fishing on the GULF COAST

How to Cast Mullet Net

This a subject as difficult to describe in words. The best and the only way is to learn by doing, practicing with the net on dry land, and if you're fortunate, with a little coaching from an old hand at the business. However, if you happen to be stranded on a desert island with a cast net you can teach yourself to use it if you'll follow the rough instructions given below.

The first thing to know about a cast net is to understand the manner in which it springs open and flattens out when cast properly. Essentially the motion of casting the net is very close to the gesture made by a housewife as she spreads a blanket over a bed, the same laws of momentum which cause a heavy blanket to flatten out and glide smoothly will cause the cast net to spread also. However, since the latter is weighted with leads, its expansion and drop will be more rapid.

Here, briefly, is the procedure involved:

(a) Loop the end of the net rope around your left wrist.

(b) Next coil the rope loosely in the palm of your hand like a lariat.

(c) When you reach the slender top part of the net keep on coiling and coil two or three feet of the top part of the net. Gather up more of the loose net and lay it across the forearm.

(d) Shake the net so that its bottom hangs down like a skirt and make sure that all the lead sinkers around the fringe are untangled.

(e) Grasp one of the lead sinkers nearest you and lift it up and put it between your teeth.

(f) Take your right hand and near the bottom of the net crumple up as much net in your hand as you can hold.

(g) Now spread your feet for steadiness and swing your arms and the net backward to the right. Then bring the net rapidly forward, and as momentum is gained, release the lead from the teeth, the net from the right hand, and the coiled lariat section from the left. The net will fly outward, open, and fall downward.

That's a pretty crude description, and the experts will find flaws in it, but it fits the procedure roughly, and as we said before, if you'll practice on the lawn the hang of it will come to you gradually.

When you get to the water look for where the mullet are jumping and wade out after them. The mullet fisherman works calmly, and quietly because the fish are wary and scary. Fishing is best at night or on a windy day when the water is slightly roiled and muddy.

A mullet can be long gone when the water is clear enough for him to see the shadow of the casted net; he's an artful dodger.

Warning: There is one hazard connected with mullet netting and that's stingarees. If you catch one of these babies in your net, handle him with kid gloves and keep his spiny tail as far away from you as possible. The experts know how to grab them between the eyes, lift them out of the net, and fling them off in the distance. But a beginner, if he nets a good sized one, should wade ashore and shake him out of the net on the beach. The sharp spine which a stingaree wears on his tail can inflict a painful enough wound to put a man in the hospital.

BY SELLING SUBSCRIPTIONS TO THE CAMERON PARISH PILOT

SEE DETAILS BELOW

You may earn one of these wonderful Murray bicycles by selling only 15 new one-year subscriptions to the Cameron Parish Pilot. The price is only $4.00 per year anywhere in the United States, and they must be sold to NEW subscribers to count toward a bicycle. (The Pilot will pay a 50¢ commission on subscription renewals that you pick up--but these will NOT count toward your bicycle.)

This is not a contest! You do not compete with anyone. Each and every boy and girl can earn himself or herself a bicycle if he or she will get out and work. Get your friends and neighbors to subscribe and ask Mom and Pop to help. Perhaps only a phone call will do.

Starting earning your bike this week!

Here's all you do!

You sell 15 new subscriptions to the Pilot ($4 a year anywhere in the United States.) You will be given a 50¢ commission on any renewals that you pick up, but these will not count toward your bicycle.

Pick up subscription receipts and register for campaign at location and time in your respective community listed in the box on this page. Then each Saturday following that up until the end of the campaign on May 14, turn in all money and subscriptions receipts at the same locations and time. (This can also be done by mail if more convenient.) This way, those who have bought subscriptions from you will start receiving their papers immediately, and you will receive credit each week toward your new bike.

Anyone not selling the quota of 15 new subscriptions will be paid $1 for each new one he does sell (and 50¢ for each renewal.) You can't lose!

You have your choice of a 24 or 26-inch Murray bicycle. Bikes will be delivered within about a week following end of campaign.

Happiness recipe-- 3 kids and a pony

By BERNICE STEWART

Mr. and Mrs. Nuffy Sonnier have concocted a new recipe for happiness. Ingredients are one four-year-old Kenneth, one eight-year-old Lucinda, and one lovable Shetland pony named Cocoa. Mix well and turn the whole into a grass-lined yard topped with sunny skies.

This recipe is guaranteed to result in happiness, for it turns out perfectly every time.

All rice farmers hereabout are plowing away from dawn till dark. So far as we know no actual planting has begun.

Sickness still prevails around here. Mr. and Mrs. Gus Laurents, Sr., and Gus, Jr., were quite ill with "flu" over the weekend. Mrs. Laurents' sister, Mrs. Will Lovell, was with them, taking care of them.

Jake White is on the sick list.

Dora Dean, daughter of Mr. and Mrs. Alton Dugas, is recovering from an attack of mumps.

Mr. and Mrs. Sosthene Vincent report that their daughter Rita, Mrs. Shelton Fruge, is seriously ill in a Beaumont hospital; infection having resulted from an extracted tooth.

Mrs. Walter Crochet, of here and a sister of Mrs. Fruge, is taking care of the Fruges' two-month-old infant. Two other children in the family are also being cared for by relatives in Klondike.

Oran Garrie is home from the hospital, following an appendectomy.

MRS. JOE LaCombe states that her sister, Mrs. Ivan Lanthier, is seriously ill in the Calcasieu-Cameron Hospital in Sulphur. The Lanthiers' six-month-old son was in the hospital ill with pneumonia recently.

Mr. and Mrs. Paul Sonnier of here and the Russell O'Blance of Lake Charles, drove to Patterson Sunday to visit Mr. and Mrs. Emery Sonnier and the Russell LeDoux family.

Mrs. Paul Sonnier put out 50 baby chicks last week.

Mr. and Mrs. Curly Cormier and children were Jennings visitors Sunday.

Mr. and Mrs. Stewart Lambert of Beaumont, Texas, and Mr. and Mrs. Frank Davis of Welsh were guests of the Gus Laurents last week.

Mrs. Homer Woods of Gueydan is visiting her son and daughter-in-law, Mr. and Mrs. P. J. Woods. The younger Mrs. Woods is now able to drive her car again, the first time since her accident last fall.

Laymen's Day held at parish churches

Laymen's Day was held at the Grand Chenier and Cameron Methodist churches last Sunday, according to the Rev. Taylor Wall, pastor.

At Grand Chenier, A. B. Sibley was the special layman speaker. At the Wakefield Memorial Church in Cameron, J. A. Davis conducted the service, U. E. Hackett read the scripture and J. B. Jones, Jr. was the speaker.

South Cameron High News

By Frances Carol Miller

Two South Cameron High School basketball players made the 1960 All-District 10-B first team. Mary Lynn LaBove and James Watts were named to the first team, and presented a certificate by Coach Alton Magee.

A magazine sale was recently completed by students at South Cameron with the girls competing against the boys. The boys team sold the most subscriptions and the girls, being the losers, were put up for sale at a slave auction. The boy bidding the highest got the girl's services for one day. An ice cream party was enjoyed by the participants of the sale afterward.

The Senior Band of South Cameron High School under the direction of Mr. Raymond Sibley presented a concert Thursday afternoon in the auditorium of the Cameron Elementary School. They are also planning a concert at the Grand Chenier Elementary School this Thursday and one in the South Cameron auditorium next Thursday. The public is cordially invited to attend. No admission will be charged.

A mother-daughter and father-son volleyball game was held in the South Cameron gym Thursday night. The games were sponsored by the Student Council and proceeds will be used to purchase flags for each classroom.

Science lecturer to visit school

Joe Warren Landry, one of 20 specially trained science teachers participating in an eight-state traveling science demonstration-lecture program this year, will spend one week at South Cameron high school, April 11-15, according to Principal U. W. Dickerson.

While at South Cameron, Mr. Landry will give lectures and demonstrations on a wide range of scientific subjects before classes will be invited to attend.

A public talk to which general public will be invited is being planned.

This science program is supported by a $335,000 National Science Foundation grant to Oklahoma State university, Stillwater, where Landry spent three months during the past summer in preparation for the job.

While at OSU he was issued a station wagon completely equipped with lecture-demonstration apparatus and supplies. He and the other 19 traveling science teachers were selected by a committee of scientists because of their outstanding qualifications.

Landry, 26, born at Denham Springs, La. He graduated from high school at Baker, La., in 1951. He holds a BS degree from Louisiana State University.

He is a member of the Louisiana Junior Academy of Sciences, Louisiana Classroom Teachers, Theta Xi fraternity and the Baptist student union.

He is on leave from Baker high school, where he has taught physics the past year.

His hobbies are hi-fi, electronics, model railroading and music, and he is particularly interested in electronic production of music.

Boys will hear L.C.I. chaplain

Rev. Homer Burr, Protestant chaplain at Louisiana Correctional Institute, DeQuincy, will be the speaker at the Royal Ambassador conclave sponsored by Carey Baptist association at 7 p.m, Tuesday, April 5 at Emmanuel Baptist church in Lake Charles.

Rev. M. C. Johnson of Johnson Bayou, the association's RA leader, urges that every church in Calcasieu and Cameron parishes be represented by a group of boys at the event. Almost two-hundred attended the last conclave meeting.

Charles L. Seay

. . . son of Mr. and Mrs. Louis Seay of Hackberry is to receive airborne training in the division basic airborne school at Fort Bragg, North Carolina. He entered the Army on July 20, 1959; took basic training at Colorado Springs, Colo.; and then 30 cal. machine gun training at Fort Dix, N. J. He is presently serving with the 82nd airborne at Fort Bragg.

4-H Week observed at South Cameron

The South Cameron Junior 4-H Club met March 17 to observe National 4-H Week. Some 30 exhibits of 4-H projects were judged by Clifford Myers and Mrs. Iva Free, 4-H agents.

The junior and senior 4-H clubs of South Cameron will have the concessions at Achievement Day at South Cameron. It was suggested that each member bring a dollar for the purchase of food. Other achievement day plans were discussed.

Blacktopping of road begun

By MRS. M. C. JOHNSON

Last Monday was an exciting day around our area when workmen began pouring the oil base on the road. Only then did it seem that the road was really being blacktopped. The only gripes were from those who spent hours trying to wash the stuff off their cars after a trip over the road. Slow-moving traffic did not have as much of the tar thrown on their cars as did those who raced through.

Once the road has been completed, we feel sure many visitors will be in our area. Already when people in Port Arthur learn residents from the Bayou, the first question is "How is that road?"

Mr. and Mrs. Johnny Landry have purchased a new home in Cameron, and moved into it Tuesday.

Creed Coffee was recently made chairman for the Red Cross drive for our area. Assisting him in making the collections Monday were Mrs. Allie Billeaud and Mrs. Georgia McRight. Total collected on the front road was $28.81, and each worker wishes to thank all those who contributed.

The past two Sundays have been exciting ones for all those who love to play softball. Adults, young people, Intermediates, and Juniors have gathered together about 2 p.m. to participate in the game. Last Sunday 25 persons attended the outing which was held near the Joseph Erbelding home. Many have expressed an interest in letting the get-together become a regular event, since there are no activities on Sunday afternoon at this time. Everyone who feels young enough to participate is invited.

ORDINATION SERVICES were held last Sunday night at the Johnson Bayou Baptist church when the church ordained Oscar Otey Clark as a Deacon. The ordination Sermon was preached by the Rev. Glenn Fournet, pastor of the First Baptist Church in Cameron. Sunday afternoon the questioning of the deacon was made by Alvin Dyson, Mr. A. Primeaux, and Joseph Wolfe, all deacons in the Cameron church; and Ira Jinks, Kenneth McRight, Francis Erbelding, Sullivan LeNormand, and Sid Trahan, deacons in the Johnson Bayou church. The Rev. M. C. Johnson, local pastor, filled the pulpit Sunday night in the Cameron church.

Mrs. Eunice Billeaud and Mrs. Roy Billeaud spent Sunday afternoon visiting Mrs. E. Dunn in Port Arthur, Texas.

Fred Packard, former teacher of the Johnson Bayou School, returned to Kent University, Kent, Ohio, this week after spending a few days on the Bayou.

After spending two weeks here, Mrs. Jewel White of Tulsa, Oklahoma, and Mrs. Eunice Sandlin of Keota, Oklahoma, returned to their homes this weekend. They had been visiting their sister, Mrs. Babe Sasser, who recently underwent surgery.

Mrs. Sam Warren of Cameron, former resident of Johnson Bayou, was a visitor in our area Saturday.

Visiting the Alvie Trahans this weekend was their daughter, Sadie Mae, of Houma.

A NUMBER OF children have been out of school due to cases of measles. Still more people have been confined to their beds with the flu. We wish for each of them a speedy recovery.

Mrs. Claude Rutherford gave a demonstration of making plastic flowers in the home of Dr. Ambruster in Lake Charles last Thursday. A large number of ladies attended and learned to make the flowers. Mrs. Eunice Billeaud accompanied Mrs. Rutherford to Lake Charles.

Mr. and Mrs. M. C. Johnson spent Saturday visiting with the Glenn Fournets of Cameron. Later on the day, Rev. Johnson and Rev. Fournet went to Ragley where they assisted in the ordination of Daniel Perrigold as a minister.

The Girls' Auxiliary of the Johnson Bayou Baptist Church are being presented a GA Emblem pin after they complete the first step of their work. Dorothy Merritt was presented with a pin at the girls meeting Monday afternoon. Counselors for the girls are Mrs. Marvin Fannin and Mrs. Francis Erbelding.

Alvin Trahan became ill last Wednesday while working and has been confined to bed ever since. However, his condition has been improved. Mrs. Trahan's parents from Hackberry visited with them Friday.

April 6-8 will be the Annual Louisiana State Woman's Missionary Union Meeting at the First Baptist Church in Lake Charles, according to Mrs. J. W. Erbelding, president of the local WMU organization.

Aristide Jones, former Chenier resident, dies

Aristide Adam Jones, 42, a Lake Arthur fisherman, died Tuesday at 7:30 p.m. in a Lafayette hospital where he was taken Monday.

Rites were held Thursday from Our Lady of the Lake Catholic Church with Rev. Harry Pelous officiating. Burial was in Andrus Cove Cemetery.

Jones was born in Grand Chenier August 19, 1917. He is survived by his parents, Mr. and Mrs. Thos. W. Jones, two brothers, Lou Jones and Oscar H. Jones, and one sister, Mrs. Eugene Suire, all of Lake Arthur.

Beach streets are to be blacktopped

By MRS. WALTER STANLEY

The Holly Beach Streets which are to be blacktopped were oiled last Tuesday. Inhabitants were so enthused they followed the oil truck around each street. Part of the Johnson Bayou road was also oiled.

Mr. Joe Corbello celebrated his 78th birthday Thursday, March 24. Mr. and Mrs. Corbello are our oldest residents, having moved here in the early 1930's. They relate of wading just ahead of the waves in the first storm they went through.

Mr. Corbello was feted at his home with a cake and ice cream treat. Enjoying the refreshments with him were the Peter Constance family, Black Peshoff, and Charlie Trahan.

Birthday greetings were also extended to H. L. Fore on March 24.

TRAPPERS CAME out of the marshes baggage and traps last week, as the season came to a close. All reported it was a good year.

If young men's fancy turn to love in the spring, in general men's fancy must turn to fishing. The Sabine Refuge fishing ground is a very popular spot, h ng scores of cars parked there daily. Good catches of bass are reported.

Edgar Hebert, local fisherman had several good catches from Gulf siening last week. Large redfish and speckled trout were caught in abundance.

The Cleve Douget family who moved away from here last fall returned Sunday to resume residence. They came here from Alexandria. They have three children who joined the school classes on Johnson Bayou. An older daughter, Geraldine will join them later and Rita, another daughter, is a senior at Bogolusa high school.

Mr. and Mrs. Irvin Thibodeaux became the parents of a baby daughter on Tuesday, March 22.

The baby arrived at West Calcasieu-Cameron hospital weighing 7 lbs. She was named Patricia Annette.

The Thibodeauxs have three other children, two girls and a boy.

HACKBERRY NEWS

By MRS. W. E. REASONER

On his way to Waco, Texas last week, the Rev. Joe Sullivan was involved in an accident near Jasper. His car skidded on a muddy road where some work was in progress and went into a ditch. The car was dented up some but Rev. Sullivan was uninjured.

Those with the measles here are Mrs. Grace Welch and Leon Vincent.

Mrs. Carl Johnson, was hostess for a party at her home Friday. Games were played and those winning prizes were Mrs. Annie Welch and Mrs. W. E. Reasoner, Sr., Cake and punch were served to Mesdames Ethel Watts, Ethel Benoit, Ethel Little, Evie Little, Jasper Little, Grace Welch, Arizona Hughes, and Gertrude Shule of Vinton.

Winners in the "beauty contest" held at the Hackberry CDA Mardi Gras social last week were, left to right: Clifford Hantz, Miss Take; Anthony Jinks, Miss Print; and Charles Sanner, Miss Fortune.

Hackberry CDA has Mardi Gras

A Mardi Gras social and "beauty contest" were the features of the monthly meeting of the Catholic Daughters of America, Court of Our Lady of Sorrows, held last week at the Hackberry Catholic hall.

In the beauty contest, in which boys were dressed as girls, the winners were: Clifford Hanks as Miss Take, most original; Anthony Jinks and Miss Print, most beautiful and Charles Sanner as Miss Fortune, funniest. Each received a prize.

Two members were welcomed into their new offices. They are Mrs. Douglas Gray as 2-year trustee and Mrs. Wallace Berwick, sentinel.

It was announced that the Mardi Gras social brought in $165. Mrs. Bruce J. Vincent was chairman of the beauty contest.

The CDA had on March 30 a day of Recollection in St. Peter's Church, consisting of the recitation of the Rosary and the reading of prayers.

Father Brandley gave a talk on "Good of the Order".

Hackberry's New Fire Truck, Firemen Ready for Action

The Hackberry fire department is now ready for any emergency. The new fire station was recently completed at a cost of $9,860.88 by Dyson Lumber Co., and the new fire truck arrived Monday. J. D. Welch is the fire chief. Shown here with the truck are three of the volunteer firemen: Albert Kyle, Alfred Devall and Oran Seay.

Stock law, dumping, roads discussed at jury meeting

A wide range of subjects, from a stock law to a public dumping ground, plus a hot debate on parish and state road responsibilities thrown in for good measure, took up the entire day for the Cameron police jury Monday.

Joe Rutherford and Warren Miller appeared before the jury with a petition from a good many Oak Grove residents asking for a stock law in that area to prevent cattle from roaming at large.

Rutherford said the cattle were coming out of the sea marsh in herds of 50 to 100 head and down the Front Ridge road, and when they "got hungry for clover, they jumped fences and get into yards." He said there was no keeping them out. He said they'd already destroyed from $50 to $100 worth of shrubs in his yard.

Ward 3 Police Juror Conway LeBleu said the petition was "embarassing" to him, since no one had ever come to him about it. He said he would not agree to a stock law until he had a chance to talk to the owners of the cattle, most of whom live in Creole. Then, if nothing was done, he'd vote for a stock law.

* * *

Dumping Ground

Emery Sonnier, Holly Beach bar owner, asked the jury to create a public dumping ground at Holly Beach. He said the teach was a mess because garbage was being dumped everywhere. He said the Beach property owners would pay for the annual lease.

Bernard Duhon, Hackberry police juror, said he'd be agreeable to leasing an acre of some land which he and several other persons own at Holly Beach for a dumping ground, but that any time the dumping got over the boundary line on to the rest of their property the contract would be void. He said the jury would have to get permission from his partners first. Conway LeBleu said he'd work on it.

Joe Doxey, jury secretary, suggested that barrels be placed along the beach so that swimmers, picnickers, fishermen could dump their refuse into them.

LeBleu declared that there ought to be some public restrooms built on the beach for many visitors who come to swim and picnic in the summer.

* * *

Klondike Road Dispute

The arguement broke out when Ward 1 Juror Horace Mhire asked the jury to approve an agreement with the state highway department under which the parish would pay for half of the cost of blacktopping of 6.5 miles of a state road in the Klondike area, with the parish's share to come from road royality funds. Estimated cost of the project was $302,000.

Conway LeBleu declared that he couldn't see blacktopping state highways with parish funds, and suggested that these funds could be better used in the Grand Lake area.

State Rep. Alvin Dyson said that the Klondike people had been promised the blacktopping some time ago, and that the Grand Lake project would be next.

After considerable discussion, LeBleu said that he would vote for the agreement, only because it would look bad if he did not do so.

* * *

Liquor Permit

Another big discussion arose over the question of whether Micheletti-Higgins supermarket should be issued a liquor and beer permit or not. The store, which has operated in Cameron since 1956, was recently sold to a new owner, who then had to apply for new permits under the new owner's name.

Conway LeBleu said that he did not believe that permits should be issued to the new owner, since a parish ordinance passed in 1955 made it necessary that a person be a resident of the parish for one year before he could secure a liquor or beer license.

Sheriff O. B. Carter, who had approved the Michelletti-Higgins permit, said that the intention of the law was to keep out "fly-by-night" operators, but was not intended to apply to anyone who bought an established business.

Never-the-less, LeBleu replied, the law was on the books, and since he had had a complaint from another grocery store in town, he thought it ought to be enforced.

The jury finally passed on to other matters, dropping the question for the time being.

* * *

New Taxi Ordinance

Sheriff Carter asked the jury to draw up an ordinance to make it mandatory that anyone operating a taxi in Cameron have liability insurance. As it stands now, he said, if a taxi was in an accident, a passenger probably would not be covered by insurance.

The jury, which had taken an option on the old Creole school site some months ago before the hospital bond election, agreed to transfer this option to the Lower Cameron Hospital Service District, which will build the new hospital. The site is being sold by the school board for $1,000.

A joint agreement between the Cameron and Calcasieu police juries was entered into whereby several drainage ditches going into Black Bayou in the northern part of the parish are to be cleaned out with Calcasieu furnishing the equipment and men, and Cameron paying the labor.

The jury was advised by the Housing and Home Finance Agency that a government loan which was approved for Cameron some time ago for a sewerage system will no longer be authorized after July 1. The sewerage program was defeated in a local tax election.

A letter was read from the American Association of Oilwell Drilling Contractors advising the jury that it was impossible for offshore oil operators to hire all Cameron and Calcasieu men when working out of Cameron parish, since this would necessitate hiring and firing whole new crews every time the contractors moved from one parish to another. A petition, signed by a number of Cameron and Calcasieu leaders, had been sent to the oil contractors recently urging them to hire as many local people as possible.

Ship Channel Work

Assistant District Attorney J. B. Jones, Jr., said he had had a letter from the U. S. Corps of Engineers stating that they could not hold up on the dredging of the Lake Charles ship channel as requested by the jury because of serious shoaling of the channel in spots.

The jury had asked the delay in order to give Rep. Dyson time to introduce a bill in the May legislature to appropriate $100,000 to build a dike to keep the spoils dredged out of the channel from going into Calcasieu lake. Local leaders have become alarmed in recent months over the filling up of the lake with such spoil.

A resolution that the St. Mary parish police jury had passed and which they had asked Cameron to pass was tabled by the jury. This resolution would have the federal government put 10 per cent of the royalty money now in dispute in the offshore oil matter into a fund to build the proposed Louisiana Intracoastal Seaway.

The jury voted to write Governor Elect Jimmie H. Davis urging him to keep R. B. Richardson as head of the state highway department.

It was agreed that the Gulf Coast Window Washing Service of Lake Charles be given a $200 contract for the washing of the courthouse windows.

Mark Richard, a member of the state Soil Conservation Service district committee, was granted permission to use the jury room for a monthly meeting of the state committee on Friday, April 22.

* * *

To Buy Lot

The jury agreed to buy the old Methodist church site on Main street from Joe Barbour of Lake Charles for a sum of $10,000, to be used as the future location of a new Cameron fire station.

Fire Chief Ray Burleigh said that the fire department would then repurchase the lot from the jury and pay it off with taxes from the fire district.

The installation of a courtroom recording setup by the Lake Charles Office Supply Co. in the Cameron courtroom at a cost of $1600 was approved. The recording equipment will be used when a court reporter is not available and for trials where a sound record would be useful.

Joe Doxey, parish Civil Defense chief, said a representative of the state Civil Defense would be in Cameron this week to make arrangements for installing radio equipment so that Cameron will be on the state CD radio network. Cost to the police jury will be about $300.

Special science program to be given at school

A science program of unusual interest will be presented at South Cameron High school April 11-14 by Joe Landry, traveling science teacher, who has a repertoire of lecture materials designed to inform and stimulate teachers and students in the areas of science and mathematics and is equipped with a station wagon loaded with unique science demonstration apparatus.

Mr. Landry is one of the twenty traveling science teachers who have been trained and equipped at Oklahoma State University with the assistance of a $335,000 grant from the National Science Foundation.

Grevemberg to be in Cameron

Francis Grevemberg, Republican candidate for governor in the April 19 general election, will be in Cameron Saturday morning. Harold Cooling, parish GOP chairman, invited the public to come out and meet the candidate at a coffee at Fred's Restaurant at 10 a.m.

Mr. Cooling stated that the visit was to foster a greater interest in a two-party system for the state of Louisiana.

Columbia Gulf lays test line of aluminum

Columbia Gulf Transmission Company, a subsidiary of The Columbia Gas System, Inc., has completed installation in Cameron Parish of a mile-long test section of aluminum pipeline for delivery of natural gas.

The pipe is a six-inch line that links a well in the field with Columbia Gulf's Louisiana gas gathering system that ultimately feeds into its 841-mile pipeline between Rayne, Louisiana and Leach Station, Kentucky where the Southwest gas enters Columbia Gas System's distribution and transmission network.

The decision to experiment with aluminum pipe grew out of Columbia Gulf's constant search for avenues to reduce operating costs. The use of aluminum pipe, if tests are successful, might permit elimination of the expense of coating and wrapping of pipe before it is buried as is done with steel pipe now in use.

This test installation also gives Columbia Gulf an opportunity to evaluate the all-around performance of aluminum pipe for possible expanded use in the system.

ABOVE--Aluminum line is lowered into ditch by five men, employees of the contractor, Crain Bros. of Grand Chenier. As each joint was added it was pulled through machine by hand. End was plugged so that pipe floated in flooded ditch.

Resolution on seaway adopted by Lions Club

Louisiana Intracoastal Seaway Association officials were thanked in a resolution adopted by the Cameron Lions Club Wednesday for coming to Cameron recently to explain the proposed seaway to parish citizens.

The resolution, while not endorsing the seaway, did urge the association to continue its study of the proposed project and to submit more concrete plans to Cameron parish at a later date. The resolution was offered by Ray Champagne.

It was announced that an official of the Public Affairs Research Council will address the club at its ladies night on April 18.

A letter was written to Congressman T. A. Thompson concerning the possibility of building a concrete walk out on the east jetty to accommodate fishermen. It was also proposed that a picnic ground be built in the area.

The Lions Board of directors will meet April 25 at Walter Stanley's home in Holly Beach.

Miss Hebert of Grand Lake dies at home Sunday

Miss Thelma Hebert, 44, died at her home in Grand Lake at 6:30 p.m. Sunday. She had been a resident of the community for six years. She is survived by her parents, Mr. and Mrs. Leon Hebert of Grand Lake, and a number of aunts and uncles.

Funeral services were held Tuesday at the Creole Catholic church with the Rev. A. L. Gilbert officiating. Burial was in the church cemetery.

Pallbearers were Russell Broussard of Lake Charles, George, J. W. and Harris Broussard of Port Arthur, Cleveland Rutherford of Creole and Joseph LeDoux of Grand Lake.

Library sets new record

The Cameron Parish Library set a new distribution record in March with 6,025 books being taken out by library users during the month. The largest number checked out in any previous month since the library began in 1958 was 4,400.

Mrs. Mary Brand, librarian, announced that this week is National Library Week. Open house will be held at the library Friday, April 8, from 10 a.m. to 5 p.m. in honor of the Home Demonstration Club members of the parish.

Youngsters busy earning bicycles

If you see a Cameron parish youngster out knocking on doors he or she is probably out earning a bicycle in the Cameron Parish Pilot's circulation campaign.

Any youngster in the parish can earn himself a free Murray bicycle by selling 15 new subscriptions to the Pilot.

One young lady, Sharon Ruth Johnson of Johnson Bayou, had just about earned her bicycle this week, having already turned in 14 subscriptions.

Other selling subscriptions are Charlane LaBove, Creole; Brent Paul and Myra Ann Cheramie, Cameron; Bobby Bertrand, Creole; Charlotte Ann Brasseaux, Grand Chenier; Buster Reeves, Hackberry; and Johnnie Constance, Johnson Bayou.

A number of students in the Lowery and Klondike area have sent in for receipt books and will be selling soon.

The campaign will run May 14, and any parish youngster may start working on their bicycle by just writing the Pilot at Box 128, Cameron.

Grand Chenier couple seriously hurt in wreck

Mr. and Mrs. Neil Richard of Grand Chenier were seriously hurt in an automobile wreck Saturday night on the Chenier near the R. C. Doxey home.

The couple are in a Lake Charles hospital, Mr. Richard with a crushed chest and Mrs. Richard with a broken arm and a cut on her head.

The Richards' car skidded on a wet road into a Jeff Davis Electric Coop truck, whose crew was working on a power outage on the Chenier. The car was reported to be a total loss.

LETTERS to the Editor

1238 8th St.
Port Arthur, Texas

Gentlemen:

Following up Mr. Hollister's story about Aunt Aurelia Sweeney, Lloyd Vaughan tells this story about her mother-in-law, Grandma Sweeney, who was Mr. Vaughan's grandmother:

Grandma Vaughan was a "hard - shell" Methodist whose home offered hospitality to the wandering preachers of her day. One such gentleman had spent the night in the Sweeney home, and early the next morning was sitting on the back porch waiting for his coffee.

Mr. Vaughan, a little shaver, watched Grandma Sweeney prepare the cup by warming it rim down on top of the wood stove. When the cup of coffee was ready, she handed it to Lloyd to take to the Reverend.

Knowing some unusual action was going to take place when hot cup met minister's lip, the little boy took a place behind the corner of the house to watch.

Sure enough, eyes focussed on the far horizon, no doubt thinking of his next sermon or grace for the coming breakfast, or savoring the aroma of the delicious steaming coffee, the minister slowly raise cup to lips---then everything exploded with cup going one way, saucer another and coffee spraying everywhere.

The little boy exploded, too, with laughter, and ran around the house where the minister would not see him. He made the mistake, though, of stopping by a door. Out came Grandma Sweeney's arm, and he was almost lifted bodily off the ground by one ear, off the ground by one ear. He swears that ear still hurts.

There was no foolishness about Grandma Sweeney.

Yours very truly,
Mrs. Harold Vaughan

P. S. -- Thanks for publishing my other letter. However, either through typographical error or my poor handwriting (I did not have my typewriter with me) an important word was mispelled--genealogy instead of geneology.)

Cameron group attends school bus drivers meet

Ray Nunez, Grand Chenier school bus driver, accompanied by Mr. and Mrs. Leonard Miller and Miss Elora Montie attended the annual convention of the Louisiana School Bus Operators Association in Alexandria last Saturday.

Among the speakers were Governor Elect Jimmie H. Davis, Superintendent of Education Shelby M. Jackson, Secretary of State Wade O. Martin.

An Earlier Day
COURT WEEK AT CAMERON LONG AGO

By ARCHIE S. HOLLISTER

(EDITOR'S NOTE-- When Mrs. James Hanson of Lake Charles recently sent a picture of the old steam Rex, she also enclosed a number of old newspaper clippings on Cameron parish. Among them was the following on "Court Week in Cameron" written by David H. Levingston for the Beaumont Enterprise in 1924. We are happy to republish what our historical writer, Archie Hollister calls a classic in the history of Cameron parish.)

By DAVID H. LEVINGSTON

It's court week in Cameron.

After seven years of protracted peace they have two men in jail and a jury term.

It's a gray Monday afternoon when the steamer Rex lands, with Judge Porter, the district attorney, his assistant and a string of lawyers from Lake Charles and Jennings. About all the population of Creole and Leesburg greet them at the wharf. Sported around are many faces from the Chenier and there's a Ford-load of folks from Johnson's Bayou, a Texas license plate hanging from the rear end of the car. Then some one pops up and says that the venire is composed almost entirely of Big Lake voters, so there's a good representation.

"Most people I've seen in Leesburg in many days," says Captain Hanson as he passes through the crowd with the mail-bags on his shoulder.

The rumor turned loose aboard just thirty minutes before landing, that rooms were scarce at the Stine house, caused a line-up of determined faces and a free-for-all race took place when the Rex touched the wharf and reversed her wheel against the tide.

Mrs. Stine, in her usual calm, conscientious manner of wanting to treat everyone right, meets the onrush at her door. Some have written ahead. She makes an attempt to fill those orders to the best of her ability, but it is very apparent, terribly so, that there are more lawyers than rooms.

"Gentlemen," says she, "you are going to have to double up---wait there!" she calls out to a couple of drummers who unintentionally got mixed up with the court gang, "come out of No. 2, that's reserved for Judge Porter."

"Now," says Mrs. Stine, leaning against the upstairs hall-way, completely surrounded, "just take whatever rooms you can find."

Many didn't find anything.

But, Leesburg is full of good folks.

Toot Henry condenses his family and announces he'll do his best. Roux concents to live a couple of nights in misery, and takes in several. Kennedy makes room for two. Bonsall issues a statement that he can accommodate ten and causes a stampede through Stine's back gate. The Rex has a spare bunk and Mrs. Jones has a spare room so all fare well.

No time is lost. It is court-week in Cameron and no one expects anything else but court. Judge Porter convenes a session immediately, though the hour is almost four o'clock.

Ed Sweeny, the jovial clerk, sees clearly what's coming. He begins to get the big lamps ready. There are all sorts of oil lamps in Cameron. Ed has one of three different makes and he gets them all filled and trimmed, for he knows there's going to be a night session. Yes, and yonder goes Bill Stine carrying his five-gallon oil can over to Roux's store.

There is a night session. Big, heavy shod feet pound off the white, damp sand, as they come up the court house steps and they pound again down the hollow and bare hall and again they beat up the stairs to the court room. They find the home made wooden benches are about all taken up with the curious and the serious-bent. On the back rows attendants are perched upon the top of the seats and lean against the wooden walls.

The first night civil matters are cleared off the docket, a case or two re-fixed for different causes and bed-time arrives, and no one sleeps.

There are many corn-shuck mattresses in Leesburg after all that will not earn their hire. Bonsall suspicions the fact early, he leaves his door unlocked, Roux fixes it over at his place so that entrances can be made during all hours, and the peace of Toot Henry and Kennedy is threatened, all because someone has forgotten to gether extra lamps. Bill cleared off two tables in the Stine kitchen. Those who went upstairs to pilfer a little sleep toss from side to side. Though they burrow under the covers and stuff the pillows in their ears, yet that hum from the kitchen floats up the staircase: "Let's make it a 'roodle.' Aces back to back, whatcher know about that? then couldn't make it! Everybody in? All right, who's high man? Good! Let's go! Here's a nickel for the coffee-pot."

After mid-night, at intervals of thirty minutes, heavy shoes beat up the long stairs leading to rooms that are doubleed, thribbled and four-bled up, because sixty per cent are sleeping on the floor. There's a bowl and pitcher knocked off the stand at 3:15 a.m., followed by giggling, muffled laughter and cussin' from the adjoining room---cussin' that isn't muffled. No, the cut-out is wide open.

"Who sleep in that next room ax us to keep shut? You know?"

Tuesday the big murder trial is called and the day that is a shade grayer than Monday is spent entirely getting a jury. The venire is soon exhausted. Who in Cameron hasn't heard of a crime that happened four years ago? More detailbus jurors are sought. They live a long ways off and most of them are in the marshes trapping. This causes long delays during which minor cases are tried. "Guilty!" rings out clearly, but the judge knows all about the pinkboll worm, and he is human, so the jail is called upon to make accommodations for a two-day term or a week sentence for some new miscreant.

Though all agree this is MILD enough, certainly is, the news reaches Hebert with a bang! while he is shaving Dave Doland. Hebert is a deputy, also the reliable Cameron barber, a good fellow, and everybody knows Hebert, but he knows when he has enough work.

Doggone it! He already had two men in jail to feed, and now, you say the judge put two more? That settles it, no more shavin' today. With all his other work, adding two more mens---and no beds for them. Here he's got to get out now, and find two more beds, "I bet I don't sit up wid no jury tonight. Dave Doland got to do that. I'm the jailer, me; that's all."

Wednesday dawns two shades grayer than Tuesday. The first thing moving around Cameron before day-light is the jury, yawning, sleepy, trainling behind Sheriff Crain and Deputy Donald. Just as predicted, few slept last night. Of course no one expects the jury to sleep, and they don't think anyone else should, a fellow can sleep some other night. They were up at 5:30. Any time from 2 to 6 a.m., is rising time in Cameron.

Court grinds all day and late in the very gray afternoon fixed opinions are rife around Roux's store and all along the top of the courthouse fence, they know and don't know if the accused is guilty or not guilty. Opinion, as usual, sits on a seew-saw.

Wednesday afternoon is grayer than Wednesday morning, making the weather three shades grayer in all. The state has rested its case, the defense is through, the evidence is all in; and the argument starts and continues the whole dull, lead gray afternoon.

And then a slow drizzle sets in and dampens three Fords parked nose-in against the courthouse fence. In the distance the crew is loading razor-back hogs onto the Rex, the music cuts keenly through the salty dampness. The saddled horses standing in long rows, some under the live-oaks, others not so lucky, tied to Toot Henry's fence begin to twitch with nervousness and grow restless and want to get home. One takes a notion he's tired of the durn town anyway and rears back. Snap! Goes the bridle. He blows his nostrils triumphantly, shakes off the remainder of the head encumbrance and now eats grass while his comrades hump up with the drizzle drops shining on the tips of the long hair of their arched backs. A couple of ponies have large yellow slickers thrown over their saddles. Those two are about half asleep.

Everybody is hanging around waiting for the argument to finish.

Over at Roux's store a group of negroes have congregated, squatted on the porch with their backs against the wall. They don't discuss the case. They are all farm hands and don't like trouble. "No sah. You nevah ketches me prankin' wid no case."

Grandma Eagleson has just asked for Jim Bonsall. "It wouldn't be Cameron at all if we didn't see Grandma and Judge Bruckert, just as young as they ever were and today the life of the community.

Jim is the mail carrier from Creole, and also a deputy. He has just gotten in from Creole with the mail and a bunch of rat, mink and coon hides. At the moment Grandma asked for him, Jim was up in the court room listening to the argument---he had missed a whole day of it.

The long drawn third day slowly comes to an end. The negroes are walking around restless, hoping court won't last all night, too, so that they can go home. Some have finished, have been excused, and they rattle away down the shell road in their worn buggies toward the back ridge. It's the Chenier folks who are begging for adjournment. They have a long ways to go and an ugly ferry to cross; and it's also a long, long job to Johnson's Bayou.

Many of the natives are propped up against the court house fence, sucking on cigarets, talking in French. Some speak broken English, some do not speak a word of it; not some, but many. One gnawing on an apple bought from Alex O'Brien's remarked, "I hear Judge Miller up there now." They all know the judge in Cameron. His first home was at Grand Chenier.

The rain is getting heavier, not pouring, but slowly coming through the salt air, and is becoming chilly. Cows are coming home leisurely, lowing to notify their owners, not knowing that court holds him from his accustomed milking hour.

Some of the country folks are walking around among their neighbors inquiring as to whom this rig belongs, and that Ford. They want to make arrangements to get home. Bad weather is setting in, they all say, from every quarter.

Word comes from the court room that the attorneys have just finished their arguments. Long sighs follow, knuckles are cracked.

Court attendants are now fast dropping out of the court house door in twos, three and fours and more as the evening grows later and the rain increases. The old yard gate slams at uneven intervals. A Ford has just been cranked and with a loud explosion leaves with all curtains down. Now another Ford is leaving. The court house is fast emptying; the arguments is at end; the jury is being charged and soon the case will go to the jury. There's anxiety on everyone's face to get home. Even the lawyers up in the court room are wondering if they will finish so that they can all go up on tomorrow's Rex.

A tall fellow with a blue woolen shirt, has just called another to one side. Out of his pocket he pulls an old card case and from it draws a subpoena.

"I t'ot," he said, "they

FISHING ON THE GULF COAST

HOW TO SMOKE MULLET

Along with how to tie a hame string, and how to button high tip gaiters, there are many valuable old skills, customs and knowledges which we ought to preserve to enrichen the lives of our posterity. "Progress" is a synthetic process in many instances; and speed without purpose is wasted motion. The idea for our times would seem to be Marilyn Monroe dressed in cellophane, riding along at 90 MPH, in a clear plastic auto, powered by atomic juice broadcasted from a neighboring subs-tation . . . But what's the use -- Marilyn could neither see or be seen at 90 MPH.

Therefore, before it slides into limbo, I would like to give due credit to an old Gulf Coast custom which I believe is well worth preserving -- viz: The smoking of mullet. This one of the finest seafood gourmet products that the Gulf Coast ever produced, and what a tragedy that such a good old custom should be allowed to die out. If you, yourself are too much of a victim of "progress" to fool with the project I have outlined in these pages; I wish you would at least clip it out and tuck it away in some old volume so your great grandchildren can perhaps find it and enjoy it. I have a hunch that a hundred years from now folks will be fed up on speed and progress and will be trying to learn to really live. So by Godfrey, Arthur, away we go!

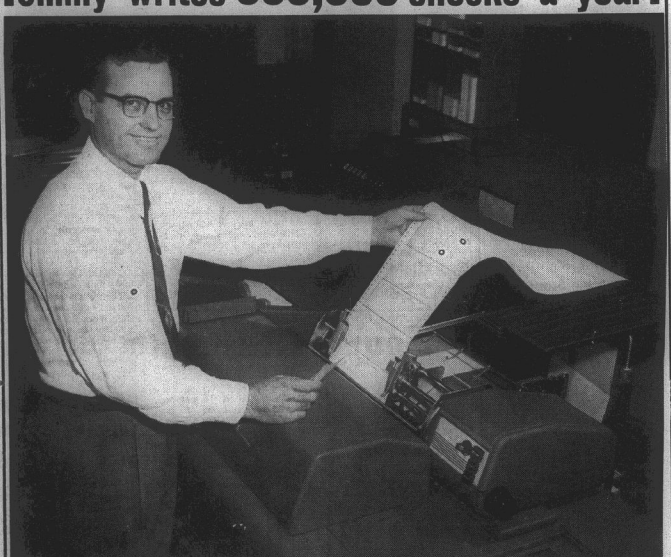
Cut off their heads, but leave on the hard bony plate just below the gills, "the collarbone," it's called. Clean stomach of all intestines, membranes, black skin, etc., wash them thoroughly under a running hydrant and put them in a container of clean water and let them soak 1/2 hour to leach out all remaining blood. Next make a solution of brine in proportion of 1 lb. of salt to one quart of water. Let them soak in the brine for from one to three hours, depending on how fat the fish are; this "conditions" them. Next remove them from the brine and rinse thoroughly. Lay them on chicken wire mesh drying racks in a breezy, fly-free location for an hour or two until both sides are dry. A wet soggy fish does not smoke well, and he gets a greyish color instead of the rich golden color that is desired.

Start the fire under the smoking barrel an hour before beginning to smoke so that moisture present in the tunnel and in the barrel will evaporate. Mount the fish on the smoking sticks or rods, or lay them on the wire-mesh smoking trays (make sure that no two fish are touching each other), place in position inside the barrel.

For smoking here on the Gulf Coast, pecan wood is the best wood; eucalyptus or sweet bay is excellent, oak and hickory are very good and dried palmetto roots are super-dooper. Hardwood sawdust is required to keep the fire "smothered" and produce smoke. If you can't get suitable wood, an excellent short cut is to use charcoal and keep it covered with sawdust. Never use pine wood or sawdust -- it gives a resinous flavor to the fish.

Keep a close watch on the fire and never let it go out. Six hours is usually sufficient smoking if the fire is not too hot. An eight or twelve hour slow smoke is even better. Time adjustments come with practice. The fish are done when they have a rich golden color; they shouldn't be allowed to blacken like charcoal broiled steer.

If smoked properly, the fish should keep about ten days at room temperature. However, here on our sub-tropical Gulf Coast it's safer to keep them in the refrigerator, wrapped in waxpaper or aluminum foil to prevent drying out. When ready to eat, brush them with the sauce given below, then brown them a little under the broiler.



Shrimp, Spanish mackerel, king mackerel, shad and a wide variety of other Gulf Coast fishes are delicious smoked in the above manner.

As in the case with most other seafood dishes, smoked mullet should be washed down with something dry, cool and pungent, preferably beer for adults, and soda pop for the children.

THE SAUCE

Tomato paste, a little chopped garlic, lemon juice, tabasco, black peper (he already has a salty tang from the brine.). Mix well; brush lightly on the smoked mullet, brown lightly on both sides under the broiler.

Tommy writes 300,000 checks a year!

Tommy Cox, data processing employee at United Gas, operates a machine which writes some 12,000 payroll checks and 13,000 gas purchase and royalty checks each month.

Many thousands of United Gas checks move into the channels of trade in the Gulf South every year. In 1959, for example, we issued checks to cover the purchase of more than one trillion cubic feet of natural gas produced in this area. Add to these the payroll checks for our 6,000 employees; those for the millions of dollars we paid in state and local taxes; in royalties and lease rentals; and for the purchase of supplies and equipment. Consider, too, our expenditures averaging more than $1,000,000 per week for the past ten years to build new pipe lines, drill new wells, extend distribution and service lines. What an impact on the economy of the area we live in! The gas industry, and United Gas, are mighty important to the prosperity of the entire Gulf South.

Bayou folks begin spring gardening

By MRS. M. C. JOHNSON

All of us are enjoying the beautiful spring weather. Many people have been planting their gardens and flowers and the men are busy planting grass. The ladies have been busy with spring housecleaning.

Since this is National Library Week, we would like to take this opportunity to salute our Cameron Parish Library and Mrs. Mary Brand, librarian. Many people are finding our library most helpful. During the week, Mrs. Claude Rutherford will have a display of her own handwork in the library in Cameron.

The welcome mat is out this week for another new family who moved into the Mobil Oil Camp, Mr. and Mrs. Douglas Hicks, Brenda and Vicky have moved here from Opelousas. Mr. Hicks is the new welder for the plant.

Mr. and Mrs. Frisces and two children of Pensecola, Florida are living here in the Harry Erbleding house while he is working on the pipeline.

Several people have been commenting on the discovery of a number of cattle which have been lost during the winter months due to the soft ground along where a pipeline was made last fall. The cattle bogged and were unable to move on.

Visitors in the Ray Badon home Saturday were Mrs. Badon's relatives, Mrs. LeRoy LeBlanc, Mrs. Molly Istre, and Miss Joyce Trahan, all of Rayne.

THAT NEW 1960 white Buick which you are seeing on our roads belongs to Alvie Trahan. Recently Alvie had an unfortunate accident when he "bumped" a horse near the home of Fred Erbelding.

Mrs. Billy Griffith and children and Mrs. Dennis Burch and daughter were Sunday visitors in Orange, Texas, where they visited their mother who has been ill.

Mrs. J. W. Erbelding, James and Sara, spent the weekend visiting Mrs. Erbelding's parents in Basile.

Spending the weekend in Hull, Texas, were the Sullivan LeNormand family.

THE JUNIOR and Intermediate Ambassadors of the Johnson Bayou Baptist Church will play a basketball game with the Cameron Royal Ambassadors this Friday night at 7:30 in the high school gym. Everyone is invited to attend.

Mrs. Sully LeNormand, Mrs. Francis Erbelding, Mrs. R. H. Boyd, and Mrs. M. C. Johnson attended the Vacation Bible School Clinic held Tuesday at the First Baptist Church in Sulphur.

A School of Missions is scheduled at the Baptist Church for the week of April 25-29. A forty-five minute class period will be taught each night, followed by a message from a missionary. Teachers for the school will be Mrs. Sully LeNormand - Primaries; Miss Millie Ruth Pace - Juniors; Kenneth L. McRight - Intermediates; and Mrs. M. C. Johnson - Adults. Services will begin each evening at 7:30 and everyone is invited to hear the challenging messages.

Rice planting to begin next week

By BERNICE STEWART

The winds of March have swept the drabness of winter from the countryside. Now, April, dancing along with brush and palette, is transforming it into a panorama of exquisite beauty. Bright-colored azaleas from softest pink to deepest rose, clouds of snowy bridal wreath, and graceful clusters of lavender wisteria cast their enchantment over the tender green of new-mown lawns.

The farmers here are about ready to plant rice. Percy David states that he hopes to plant 160 acres on the Hughes' farm this coming week. Whitney Broussard reports 200 acres ready to plant.

Louis Trahan, jr., is flooding some of his rice fields in preparation for planting soon. The heavy rain Saturday night washed away some of his new levees and entailed much repair work.

Kenneth Sonnier, our little boy in the happiness recipe of last week, has a new joy, Mrs. Jules Dupre, his grandmother in Lake Arthur, has given him a parakeet.

Kenneth is the son of Mr. and Mrs. Nuffy Sonnier.

MR. AND MRS. Ferris Broussard and children are back at their home here. Mr. Broussard commutes daily to his work with Hudson Construction Company in Egan. Mrs. Broussard has been in Lake Arthur for several weeks with his mother, Mrs. Eunice Broussard, who was helping to nurse Katie, Patrick, and Danny through pneumonia and baby Jessica through bronchitis.

Mr. and Mrs. Franklin Ballard's two-weeks-old son is seriously ill in the Jennings American Legion Hospital.

Sunday guests of the Whitney O. Broussards were Mrs. Larry Benoit, Miss Callie Benoit, and Rodney Istre, all of Gueydan.

Old Mermentau River Dam of 1900

This dam across the mouth of the Mermentau River at Grand Chenier was quite a controversial issue back around 1900. Built to prevent water from intruding into the rice areas on the upper reaches of the river, many folks in Grand Chenier area felt that the dam was causing flooding of their land, and one night the dam was dynamited. The building in the back ground was a hotel built to house the dam employees. It was destroyed in the 1918 hurricane. This picture was loaned to the Pilot by Joe Doxey, who says he used to be a watchman on the dam, and later helped rebuild it.

YOU ARE CORDIALLY INVITED TO COME OUT AND MEET

FRANCIS C. GREVEMBERG

FRANCIS C. GREVEMBERG

Candidate For Governor
In The April 19 General Election

10 AM , SATURDAY, APRIL 9

AT A COFFEE, FRED'S RESTAURANT

CAMERON

Regardless of what political party you are affiliated with, you are invited to come out and meet Francis Grevemberg and hear an exchange of ideas on how the two-party system can help Louisiana.

Anyone interested in good state and national government owes it to himself to investigate the qualities of all candidates and all parties.

No matter how you intend to vote in the April 19 General Election, come out Saturday and meet Francis Grevemberg. You'll be glad you did.

Francis C. Grevemberg Stands For These Principles:

1. The reorganization of the administrative branch of the state government.
2. The removal of the state government from the property tax field as soon as practicable — so that local government units will have this source of income.
3. The revision of the lengthy, antiquated constitution of Louisiana of 1921.
4. Maintaining equal but separate facilities for the Negro and white children in our public schools.
5. A reapportionment of the state legislature.
6. A split session in the state legislature.
7. The purchasing of more voting machines.
8. An expanded mental health program for this state based on out-patient clinics.
9. A Welfare program which adequately cares for the aged and the needy.
10. Legislation which is neither punitive to labor or management.
11. The changing of the absentee voting law.
12. An appointive State Superintendent of Public Education.
13. Programs to improve agricultural economy.

Holly Beach News

SHRIMP RUNNING ON BEACH

By MRS. WALTER STANLEY

A record crowd of campers turned out over the weekend when news got around about Gulf shrimp running. Inclement weather kept most of the trawlers indoors Saturday and Sunday, however the sport was resumed as weather cleared up. Fish and shrimp are both being caught.

Men and equipment of T. L. James Co. converged on the Johnson Bayou road junction early Tuesday and the asphalting of the highway began.

The influx of several jobs brought many renters on the beach. Two pipeline jobs, one in the Gulf, and one overland is centered in our area.

BABY BAPTIZED

Patricia Annette, infant daughter of Mr. and Mrs. Irvin Thibodeaux was baptized at her home Sunday at 3 p.m. by Reverend Theodore Brandley.

Mr. and Mrs. Thibodeaux entertained the sponsors, Mr. and Mrs. Rodney Guilbeaux of Sulphur with a barbecue dinner.

Others attending were Mr. and Mrs. Robley Simon and Father Brandley.

Rass Vincent and Murray Hebert of Lake Charles spent the weekend at the Hebert camp on Johnson Bayou.

Arlene Stanley is currently attending a two month course at Durham Business College in Beaumont, Texas.

There is a significant meaning to National Library Week April 3-9. We appreciate that our parish library has a permanent status.

Ball fever must be contagious. All the neighborhood children gathered on a vacant lot Saturday and had an enjoyable game.

Mr. and Mrs. W. Lewellyn of Sterling, Colorado are injoying warm weather and the sandy beach while Mr. Lewellyn is stationed here on a pipeline job. Mrs. Lewellyn tells us they have traveled extensively with their job and it is interesting to hear about those far away places.

Suppose you had no place to plug it in?...

Many folks in rural areas wouldn't have if it hadn't been for the hard work and unfailing courage of the people who organized their Rural Electric System—bringing electric service to all, regardless of remoteness — doing a job that others said "couldn't be done!" . . .

And, without electricity, many farms would doubtless have been abandoned . . .

As it is, Rural Electrification has not only made rural life livable and saved many farms, but has helped make thriving communities out of tiny villages . . . created a billion dollar market for goods and services . . . and improved the standards of living of millions of people.

POLICE JURY MINUTES

STATE OF LOUISIANA
PARISH OF CAMERON

The Police Jury of the Parish of Cameron, Louisiana, met in regular session this 1st day of February, 1960, with the following members present: Eraste Hebert, President, Horace Mhire, Vian Theriot, Conway LeBleu, Archie Berwick and Bernard Duhon. There were no members absent. The meeting was called to order by the President.

Also present and taking part in the discussion of the problems created in Cameron Parish by the Lake Charles Ship Channel were: State Representative Alvin Dyson, Police Juror Elect Roland J. Trosclair, Police Juror Elect C. A. Riggs, P. E. Kohnke of the Texas Company, Alfred Devall of Hackberry, operator of a fleet of boats, and Mr. Wilson of the U. S. Corps of Engineers. Mr. Devall and Mr. Kohnke reported to the Police Jury that the filling in of Calcasieu Lake with silt from the Lake Charles Ship Channel had created navigation problems in the Lake and unless remedial action was taken soon, many people who depend upon boat transportation through Calcasieu Lake, both oilfield workers and fishermen, might be unemployed. Mr. Kohnke added that this filling in of the Lake with silt was costing his company and the other oil companies operating in Calcasieu Lake extra expense as it was necessary to dredge channels to their operations in the Lake continually. Representative Alvin Dyson read his copy of a letter from the U. S. Corps of Engineers to Congressman T. A. Thompson concerning the proposed construction in the Lake of earthen dikes to confine the dredge spoil from the Ship Channel to prevent it from spreading and filling in the Lake, at an estimated cost of $28,000. Mr. Wilson stated that the bid opening for regular maintenance dredging of the Channel was scheduled for February 15th, and the consensus of opinion of those present was that the spoil from this dredging was the principal source of the silt filling in the Lake. Mr. Dyson stated that the Louisiana Department of Public Works would not be in a position to finance construction of the retention dikes without an appropriation by the State Legislature. Whereupon a motion was offered by Mr. Duhon; seconded by Mr. Theriot, and unanimously carried that the U. S. Corps of Engineers be requested to postpone that portion of the dredging of the Lake Charles Ship Channel lying in Cameron Parish until after the May session of the Legislature, and that State Representative Alvin Dyson be requested to introduce legislation appropriating the necessary funds to finance the construction of the dikes.

Upon motion by Mr. Theriot, seconded by Mr. Mhire and carried, Mr. LeBleu abstaining, a resolution was adopted requesting that the Louisiana Department of Public Works prepare the necessary plans and specifications, furnish the required engineering supervision, and let a contract at its own expense for the construction of a salt water barrier in the North Prong of Grand Bayou just North of the limits of the Sabine National Wildlife Refuge, which will impound a supply of fresh water and prevent the intrusion thereinto of salt water from the Gulf thereby creating a recreational facility and water conservation reservoir.

It was moved by Mr. Mhire, seconded by Mr. LeBleu and carried that the following right-of-way grants for public roads are hereby accepted:

RIGHT-OF-WAY grant from Leslie Malcolm Savoie on the following described property:

A right-of-way 30 feet wide, beginning on the West line of the NW¼ of NW¼ of Section 32, Tp. 14 South, Range 8 West, on the South line of State Highway 27, thence South 105 feet, thence West 30 feet, thence North 105 feet and thence East 30 feet to the point of beginning.

RIGHT-OF-WAY GRANT from Elvin LeBouef on the following described property:

Beginning on the North line of Public Road at a point 80 feet West of East line of property of Elvin LeBoeuf (being a distance of 198 feet West of the East line of SE¼ NW¼ of Section 22, Tp. 14 South, Range 7 West, thence North 100 feet, thence West 30 feet, thence South 100 feet and thence East 30 feet to point of beginning.

RIGHT-OF-WAY GRANT from Nasta Primeaux on the following described property:

A right-of-way 40 feet wide with the center line beginning on the East line of NW¼ of NW¼ of Section 32, Tp. 14 South, Range 8 West, at a point 500 feet North of the North line of State Highway 27, thence running West 496 feet.

RIGHT-OF-WAY GRANT from Dema Vincent and Wilfred J. Vincent on the following described property:

A right-of-way 30 feet wide, the center line beginning at a point on the East line of Section 26, Township 12 South, Range 3 West, 15 feet South of the NE Corner of South ½ of said Section 26, thence running West a distance of 800 feet, thence running S 15 degrees W 370 feet to the end of road situated in Cameron Parish, Louisiana as per plat attached dated December 9, 1959.

It was moved by Mr. LeBleu, seconded by Mr. Berwick and carried that the Secretary is hereby instructed to advertise for bids as follows:

HOSPITAL BOND BIDS

$350,000 BOND SALE
LOWER CAMERON HOSPITAL SERVICE DISTRICT
CAMERON PARISH
STATE OF LOUISIANA
HOSPITAL SERVICE DISTRICT BONDS

The Commissioners of Lower Cameron Hospital Service District, Cameron Parish, Louisiana, will receive sealed bids for $350,000 of Hospital Service District Bonds of the said District, on or before Eleven o'clock A.M., on the 5th day of May, 1960, when the bids will be opened and considered. Bids will be opened at the Police Jury Room in the Courthouse of Cameron Parish, Louisiana. Mailed bids should be addressed to Dr. C. W. Clark, Cameron, Louisiana.

The bonds will be coupon bonds, payable to bearer, dated April 1, 1960, of the denomination of $1,000 each and will mature serially on April 1 of each year as follows:

YEAR	AMOUNT
1961	$ 8,000
1962	9,000
1963	10,000
1964	11,000
1965	12,000
1966	13,000
1967	14,000
1968	15,000
1969	16,000
1970	17,000
1971	18,000
1972	19,000
1973	20,000
1974	21,000
1975	22,000
1976	23,000
1977	24,000
1978	25,000
1979	26,000
1980	27,000

Interest will be payable April 1, 1961 and semi-annually thereafter on October 1 and April 1. Both principal of and interest on the bonds will be payable at the Calcasieu-Marine National Bank, Lake Charles, Louisiana, or, at the option of the holder, at the Hibernia National Bank in New Orleans at New Orleans, Louisiana.

No proposal for less than all of the bonds or for less than par and accrued interest to the date of payment therefor will be considered. Bidders are invited to name the interest rate or rates, with the interest rate or rates named not to exceed six per centum (6%) per annum in any one year, and with the average rate not to exceed five per centum (5%) per annum computed over the life of the issue. All bonds maturing on the same date must bear interest at the same cumulative rate, and each bidder must specify in his bid the amount and maturities of the bonds of each rate. Split interest rates may be bid, but the total interest rate payable in any one year must be shown correctly as part of the bid. The difference between the largest amount of principal and interest payable in any one year and the smaller amount of principal and interest payable in any one year may not exceed three per cent (3%) of the total authorized issue. The bonds will be awarded to the bidder offering to purchase the bonds at the lowest interest cost to the District, such cost to be determined by deducting the total amount of any premium bid from the aggregate amount of interest upon all of the bonds from their date until their respective maturities.

Each bid must be accompanied by a certified or cashier's check for three per cent (3%) of the par value of the bonds, drawn to the order of the Lower Cameron Hospital Service District. Checks of the unsuccessful bidders will be returned immediately. Check of the successful bidder will be held until the bonds are delivered and paid for. In case the successful bidder does not comply with his bid, the check will be forfeited as liquidated damages. The bonds are expected to be delivered on or before June 1, 1960.

The bonds are to be issued to provide funds for the purpose of purchasing and acquiring lands and purchasing, acquiring, constructing and maintaining hospitals, nurses' homes, physicians' and dentists' offices, laboratories and other physical facilities necessary to provide proper hospital service in the Lower Cameron Hospital District, and have been authorized at an election by property tax payers qualified to vote at said election held September 26, 1959. The bonds recite that they are authorized by and issued in conformity with the requirements of the Constitution and statutes of the State of Louisiana. The faith and credit of the District are pledged to the payment of the bonds, and the District is authorized and required to impose and collect annually a tax on all the property subject to taxation by the District, sufficient in amount to pay the interest semi-annually, and the principal falling due each year.

The usual closing papers and printed bonds, together with the approving opinion of Messrs. Wood, King, Dawson & Logan of New York City will be furnished to the purchaser of the bonds at the expense of the Lower Cameron Hospital Service District.

The right is reserved to reject any and all bids and to waive any irregularities in any of said bids.

Edison R. Mhire
Chairman, Lower Cameron Hospital Service District, Cameron Parish, Louisiana.

Cecil W. Clark, M.D.
Secretary, Lower Cameron Hospital Service District, Cameron Parish, Louisiana.

SCHOOL BOARD LEGAL NOTICES

ADVERTISEMENT FOR BIDS FOR LEASING LANDS OF CAMERON PARISH SCHOOL BOARD

By authority of and in conformity with the laws of the State of Louisiana, separate sealed bids will be received at the office of the Cameron Parish School Board at Cameron, Louisiana, on or before the second (2nd) day of May, 1960, at ten-thirty (10:30) o'clock A.M., for the leasing of sulphur, potash, oil, gas and other liquid or gaseous hydrocarbon mineral rights, on and to the following described tract situated in the Parish of Cameron, State of Louisiana, to-wit:

All of Section 16, Township 15 South, Range 7 West, Cameron Parish, Louisiana, containing 22.46 acres, more or less.

All bids to offer a cash bonus for a lease having a primary term which shall not exceed three years. Minimum royalties shall be one-sixth (1/6) of all oil produced and saved; one-sixth (1/6) of all gas produced and saved or utilized; Two dollars ($2.00) for each long ton of sulphur produced and saved; Twenty-five cents ($.25) for each ton of potash produced and saved; and one-sixth (1/6) of all other liquid or gaseous hydrocarbon minerals produced and saved.

Lessee must agree to drill within one year, or pay annual rental of not less than one-half the amount of the cash bonus for the right to defer drilling for a primary term which cannot exceed three (3) years from the date of contract, and to drill offset wells when necessary to protect the Board's interest.

Lessee shall not have the right to enter into pooling or unitization agreements with respect to the development of the leased premises without the consent and approval of the lessor.

Certified check payable to the Cameron Parish School Board for the full amount of the cash bonus shall accompany and be deposited with each bid, and no bid shall be withdrawn or cancelled when deposited; and the cash bonus thus deposited shall be forfeited to the Cameron Parish School Board by the successful bidder in the event said bidder does not enter into written contract.

The right is reserved to reject any and all bids and to grant a lease on any portion of the tracts advertised for a price not less than proportionate to the best bid offered for the lease on the entire tract.

The lease to be granted shall be subject to approval of the State Mineral Board, and if not approved by the contersigned by the duly authorized officer of the State Mineral Board, shall be null, void and of no effect.

CAMERON PARISH SCHOOL BOARD PROCEEDINGS

Cameron, Louisiana
March 7, 1960

The Cameron Parish School Board met in regular session on this date with the following members present: Joe Sanner, President, Percy David, Rodolph Theriot, Ray Dimas, Joseph Demarets, Alton Trahan. Absent: None.

On motion duly seconded and carried, the Board dispensed with the reading of the minutes and approved same as published in the official journal.

By motion of Mr. Theriot, seconded by Mr. Demarets and carried, the Board accepted the resignation of Mrs. Willie Harville as teacher in the Johnson Bayou School and approved the appointment of Millie Ruth Pace to fill the vacancy created by the resignation of Mrs. Harville.

The Superintendent reported that Mrs. Donald Gray had been employed as an additional teacher in the Cameron School to relieve the crowded situation in the second grade. By motion of Mr. Dimas, seconded by Mr. Theriot and carried, the Board approved the appointment of Mrs. Gray.

By motion of Mr. Theriot seconded by Mr. Dimas and carried, the Board extended the bus route of Charles Richard to the James Daigle home.

By motion of Mr. Trahan, seconded by Mr. Dimarets and carried, the Board authorized the President, Joe Sanner, to sign the Division Order covering production of unit set up by the Conservation Department involving Section 16, Township 14 South, Range 6 West.

The Superintendent discussed with the Board the report submitted by State Supervisor Thomas G. Hollimon after his visit to Cameron Parish. Mr. Hollimon's report suggests that the principals work closely with parish and state supervisors in their contacts with the schools. It was moved by Mr. Dimas, seconded by Mr. David and carried, that the principals be required to accompany local and state supervisory officials in their visits to the schools and to invite discussion with the supervisory officials with the viewpoint in mind of bringing out the merits and demerits of the methods employed by the school faculties in their endeavors to bring about the desired development and growth of the entire student body.

By motion of Mr. Demarets, seconded by Mr. David and carried, the Board approved all bills paid during February, 1960, and authorized payment of all bills due for March, 1960.

On motion duly seconded and carried, the Board adjourned to meet in regular monthly session on Monday, April 4, 1960.

/s/ U. E. Hackett Secretary

Hospital bonds to be sold

Bids will be opened at 11 a.m., May 5, on the sale of $350,000 of bonds for the lower Cameron Hospital Service District.

The bonds, which were approved by property owners in the lower section of the parish on Sept. 26, will finance the construction of a 25-bed public hospital on the old Creole school site between Cameron and Creole.

The hospital plans to ask for construction bids soon after the bonds are sold, and it is expected that the institution will be ready for service by the first of 1961.

Susan Wall and Winning Entry

South Cameron students place in regional Science Fair

Three South Cameron high school students won honors with their entries in the recent regional Science Fair held at McNeese State College.

Evelyn Pigott and Lucille Miller won first places on research papers, "The Human" and "Weather Changes", respectively. Susan Wall got an honorable mention for her biology exhibit.

The three winning entries will now go to the state Science Fair to be held April 8 & 9 in Alexandria.

Tourists to be honored on May 4

Cameron will join the rest of Louisiana in rolling out the red carpet for tourists during the first week in May when the fourth annual celebration of Tourist Appreciation Day is scheduled.

Last year, some 80 cities and towns in the state proclaimed the day and appointed citizen's committees who stopped out-of-state cars on the highways of Louisiana and royally entertained their occupants as one way of paying tribute to the $500 million dollar-a-year annual business which tourists bring to Louisiana.

The Lions Club will sponsor the observance in Cameron on Wednesday, May 4. (Elsewhere around the state, the event will be on May 3. The Lions postponed it a day so that the tourists honored can be guests at the Lions luncheon on Wednesday.)

Roland J. Trosclair was named chairman of the local observance and will arrange for the tourists selected to be shown points of interest around the parish and given souvenirs of their visit.

Sponsored by the Louisiana department of commerce and industry, Tourist Appreciation Day has a two-fold purpose: 1. To pay tribute to tourist who annually visit Louisiana and to express the appreciation of the state for their visit, 2. To promote Louisiana's tourist attractions across the nation.

Watch for lice on chickens, agent advises

BY HADLEY FONTENOT
COUNTY AGENT

As spring arrives so do many insects and parasites. One that is sure to show is chicken lice. If you are not sure your hens have lice catch one or two and examine. You will have to look closely to see the lice as they move fast when you open up the feathers to look for them.

Treatment is not difficult and very inexpensive. Sodium Floride powder, which cost about 35 cents a can and is enough to treat 100 hens, is still the recommended treatment. A pinchful placed on six different parts of the body will do the trick. Vital places to place the Sodium Floride powder are: 1. Back of the head, 2. Middle of the back, 3. On back next to tail, 4. Under each wing and 5. fluffy feather under vent.

LIBRARY NEWS

By MRS. MARY BRAND
Parish Librarian

Biographies are very popular at the Cameron Parish library these days.

Among the biographies available on the national scene are "John Kennedy: a Political Profile" by James Mac Gregor Burns, "Nixon" by Ralph DeToledano, "Stuart Symington: Portrait of a Man With a Mission" by Paul Wellman.

Another, "My Eyes Are in My Heart" is not only an autobiography but a vivid personal history of radio during the last 35 years. Ted Husing tells of his first position in radio with WJZ, his part in the inception and growth of CBS as assistant to the president, sportscaster, and on-the-spot news reporter, as a disk-jockey on WMGM and his current fight against blindness and paralysis due to a brain tumor.

Grand Chenier News

Heavy wind hits Chenier

By ELORA MONTIE

Grand Chenier had some very bad weather Saturday night — thunder, lightening, heavy rain and wind up to 60 miles per hour. Several TV antennas were bent over and a radio tower owned by Lorac Service Corp. here was bent in half. Many tree branches were blown down.

Mrs. Gladys McCall, Grand Chenier teacher, slipped and fell in her classroom Wednesday. Her left knee was bruised, and she will be walking on crutches for several days. Mrs. Leona Broussard is substituting for Mrs. McCall.

Charlie Richard purchased a new tractor, which was delivered last week by Cal-Cam tractor company of Lake Charles.

Attending the funeral of Eloie Theriot of Sour Lake, Texas; brother of Vian Theriot of Chenier Perdue, were Mr. and Mrs. Moise Sturlese, Mr. and Mrs. Severin Miller, Mr. and Mrs. Prevate Miller and Suetta Jones, Mrs. Estelle Doland, Sono, John Paul, and Ned Crain, Mrs. June Harpen and Miss Zampanie.

The South Cameron Band played at the Grand Chenier elementary Thursday afternoon.

THREE OIL RIGS moved in here this week. Wards Drilling Company moved in to drill a location on the land of Dr. M. O. Miller in Crab Lake field. A work over rig moved in on the School Board lease to work over the wells there, trucked in by I. E. Miller's Trucking Co. Another work over rig moved in on a Shell Oil Company well.

At present there are five rigs running on the Chenier.

Mrs. Estelle Doland was taken to St. Patrick's hospital in Lake Charles Monday.

Gulf Coast Construction Co. of Lake Charles began work Monday on the house of Mr. and Mrs. Steve Canik. The Caniks are building near the home of Mrs. Canik's parents, Mr. and Mrs. H. A. Miller. The Caniks purchased 25 acres of land to build their home near, so Mrs. Canik could help her parents when needed. They are building a nine room home with garage and utility room.

Oliver Theriot Sr., is well advanced on his house. He is building on his place where his home was before the hurricane. Mr. Theriot had built his barn and garage some time back.

* * *

MR. AND MRS. STEVE Canik and son Orvie, and Mrs. Louis Canik all of Grand Chenier were in Port Arthur Sunday visiting their sick uncle, August Miller.

Mr. and Mrs. Gilford Miller of Grand Chenier spent the weekend visiting friends and relatives in Lake Arthur.

Mr. and Mrs. Robert Mhire and family and Mrs. Angeline Mhire were Saturday visitors in Port Arthur.

Mr. and Mrs. H. A. Miller spent a few days with their daughter in Orange, Texas and also visited their brother-in-law, August Miller in Port Arthur, who is ill.

Mrs. Prevate Miller, Mrs. Romona Jones and children visited Mrs. Miller's sister, Mrs. Alcia Savoie, who was ill in Gueydan.

Mr. and Mrs. Harry Richard of Lake Charles visited parents Mr. and Mrs. Charlie Richard on Grand Chenier for the weekend.

Mr. and Mrs. Savan Miller and family of Grand Chenier drove to Port Arthur Sunday to visit with their Uncle August Miller who is ill.

* * *

MR. AND MRS. CRAWFORD Vincent and son of Lake Charles visited friends and relatives in Grand Chenier over the weekend.

Mr. and Mrs. Willie Portie and children of Houston, Texas spent Saturday with their aunt Mrs. Ruth Montie in Grand Chenier.

Mr. and Mrs. Kerney Bricnac and son of Eunice were visiting friends on Grand Chenier Sunday.

Miss Earlene Furgerson of Franklin is spending a few days this week with the Nolia Montie's.

Mrs. Free is praised by Klondike club

At one o'clock Friday afternoon the Klondike Home Demonstration Club met in the old Klondike School building, with Mrs. Oran Garrie serving as hostess and Mrs. Senia Dyson as co-hostess.

Mrs. Edwin Ellender presided.

The following resolution of appreciation was read by Mrs. Curley Cormier and approved by the club:

"Resolved, That the Klondike Home Demonstration Club extend to Mrs. Iva Free its appreciation and grateful thanks for all that she has done during her years of leadership to make the work of this organization a vital experience in the lives of its members, for her faithfulness in the path of duty, for her cheerfulness in the face of obstacles, for her willingness to "go the second mile" and even beyond, and most of all for her deep sincerity and for her generous gift of friendship to all who come within the orbit of her life."

Mrs. Mayo Cain suggested that money be raised to replenish the club treasury, and the members agreed to sell cake and sandwiches at the voting place on the day of the general election. Mrs. Cain and Mrs. Lake White are to be in charge.

Mrs. White stated that recently Horace Mhire, police juror for Ward 1, had come over to advise her that the old Klondike School building could not be called a Community Center, since its use might not be permitted for all purposes. It had been donated to the police jury for a voting place and for important meetings.

It was agreed by the Club to call the building Ward 1 voting precinct. If that name is not deemed proper by the police jury, the Club asks that Mr. Mhire so advise them.

* * *

A LETTER FROM Mrs. Charles Hebert of Big Lake, thanking members for cooperation in the recent library tax election, was read by Mrs. Cormier.

Stamps collected for Islip State Hospital in New York City for the mentally ill totaled 3,004. Club member with the greatest number was Mrs. Gus Laurents, who won the prize given by Mrs. Gordon Mack. At the April meeting Mrs. Free will present a gift to the member having the most, excluding Mrs. Laurents.

It was announced that any member who wished to go to Hodges Gardens on the trip with other Cameron clubs by chartered bus might meet the bus in Lake Charles on the designated day.

Mrs. White announced that anyone interested in contributing dyed Easter eggs to the tubercular hospital may leave them at the voting precinct, where they will be collected. All eggs must be in by Wednesday, April 13.

* * *

THE CLUB members unanimously voted to make Mrs. Bernice Hollister Stewart an honorary member of the club.

Following the business meeting Mrs. Free demonstrated the types of upholstery to look for in either purchasing furniture or in recovering it.

Refreshments of cake and coffee were served.

The two big boxes of books from the Cameron Parish Library, which Mrs. Free brought with her, are at Mrs. Ira Melancon's home. Anyone in the community may get books there or may exchange them.

GRANDLAKE NEWS

Snakes alive! they're all over the place

By MRS. TOM TAYLOR

Better watch out for all those snakes which are coming out for a suntan along the roads in Grand Lake, that is, if Winston Maublin hasn't killed them all.

Mr. Maublin, gauger for the Pelican Crude Co., killed with his rifle, 105 snakes last Thursday and 15 more Friday, according to Mrs. C. J. Farque. He reports that some of these are huge in size.

Older residents say they can't remember snakes ever being so numerous or large in this area. They believe that this is due to hurricane Audrey.

BEATRICE, Howard, Clifford, Patricia, Clitues, and John Rickie Young, children of Mrs. Lucille Young of Grand Lake, who have been in a foster home at Branch, attended the funeral of Miss Thelma Hebert Tuesday with their foster mother, Mrs. LaJeune.

Mrs. C. J. Farque, busy housewife and mother of four, who is very active in church and civic affairs in her community, has faithfully reported the Grand Lake news for the past 3½ years, but now feels compelled to give up news writing for the time being. She wants her many friends and neighbors to know she is truly grateful to them for their fine cooperation. We hope Mrs. Farque will be able to resume her position as reporter in the near future.

Mr. and Mrs. Alvin Hebert are happily busy at present remodeling their home.

Last week Lisa Gay Johnsurde of Lake Charles suffered a severe attack of bronchitis while visiting in the home of her grandparents, Mr. and Mrs. Daniel Poole.

Mr. and Mr. J. O. Hebert enjoyed a few days visit in the home of their son the Sweeny Heberts of Cameron. This was Mrs. Hebert's first outing since her recent illness.

Mrs. E. D. Sweeney, sixth grade at Grand Lake high school, was given a surprise party by her class on March 23. The pupils presented her with a pitcher, lamp, earrings and pin to match and several cards. All the teachers and some of the high school students helped to keep it a surprise. Refreshments were served.

Carolyn Callahan given surprise birthday party

By MRS. TOM TAYLOR

Carolyn Callahan, granddaughter of Mrs. Bessie Goodman, while busy with her home work last Monday afternoon, was surprised speechless when a group of friends came in bearing gifts in celebration of her 12th birthday.

Guests at the party were: Mrs. Gayle Stewart and son Edward, Mrs. Mervyn Taylor and children, Sherry, Terry and Rickie, Mrs. James Cox and children, James Alvin, Terry Lynn and Beverly and Mrs. Tom Taylor. Refreshments of home baked cakes and cold drinks were served.

About 50 members of the Newman Club and Bible Class received Holy Communion Sunday morning at Sweet Lake Catholic Church according to Rev. Charles Lavasseur, pastor.

The Nolton Richards enjoyed a family get-together in their home for their Sunday dinner. Included were: Mrs. Bob Ransom and two sons of Maplewood; Mr. and Mrs. Herbert Brasher and children of Lake Charles and Mr. and Mrs. Morgan Faulk and children of Grand Lake.

Mr. and Mrs. Lee Ellis Walding and family of Conroe, Texas were weekend visitors in the home of her parents, Mr. and Mrs. Raymond Fuselier.

Mrs. O. K. Bozeman of Baton Rouge was a visitor in the home of her sister-in-law, Mrs. Tom Taylor, and the home of her brother the John Taylors, last week.

Mr. Odelon Duhon, father of Absie Duhon was taken by ambulance to St. Patrick's last week where he will remain several days for observation and treatment.

Hackberry HD club dyes eggs for hospital

The Hackberry Home Demonstration Club met Tuesday in the home of Mrs. Mamie Gray. Co-hostess was Mrs. Sadie Landry. Mrs. Jack Moore read the Club Collect, Mrs. Nata Hebert called the roll, and Mrs. Ethel Little gave treasurers report.

The club will dye 100 Easter Eggs for the T. B. Hospital patients. They will also put on a drive to collect for crippled children, each member collecting in the neighborhood where they live.

They also collected used stamps to send to the hospital in New York for the mentally retarded children to work with. Mrs. Elma Gross won the prize for bringing the most stamps - 2,275. Mrs. Susie Strahan was second and Mrs. W. E. Reasoner, Sr., third place. The club altogether brought 7,406 stamps.

Don't Overdo, Enjoy Garden

Problems are inherent in gardening — but there is one common problem that gardeners bring on themselves. That is, taking their gardening so seriously it becomes all work and no play!

(COURT WEEK, continued from Page 6)

sent me this so I would come and tell something."

"They did," said the other.

"Well, doggone it! Every time I tried to say somet'ing, up would jump a lawyer. 'Objection!' he would say, and pretty soon I forgot every'ing I knew about it and din't said nothin'."

"That's all right; it draw your pay jes the sem."

"Yeh?"

"Yah."

An hour later, after everyone has had supper, they stroll back for the night session. The jury is expected to bring in a verdict. Lamps are shining from windows everywhere. Few people there are in Cameron who are not suffering with from one to ten guests. The clouds are black; the darkness is thick. Distant thunder rolls and more rain falls. Pools of water, made with the snouts of busy pigs, are set everywhere to fit the foot. Especially are these little pools plentiful alongside offences where one hugs tight, naturally thinking it there's a dry place anywhere it surely is alongside the edge of the road. Meeting face to face with a cow in the dark, narrow alley from court house to Sime's is a small occurrence. Sometimes they move; sometimes they don't. But it's no worse than flattening one's nose against the back end of a Ford parked right at the hotel gate.

Eh bien! The jury has come out and the judge asks that there be no demonstration. There has been a tension for the past three days over this case, owing to its peculiar nature.

"We, the jury, find the accused not guilty!"

There wasn't a remark, a smile, nor an extra heavy breath. All witnesses and jurors were dismissed and the court room was cleared as quickly as though church were over.

Out near the gate that slams so loud there stands an old negro slave. He hadn't heard the verdict but from the fast emptying of the court house he knew there had been a decision of some sort. He asked no questions as the buggies jolted past him. He pulled from his coat pocket a blue paper of rough cut. He carefully tore off the seal with palsied hands, removed the foil gently and the odd bits of paper, reached in the same coat pocket, pulled out a much-used, and soiled, home-made tobacco pouch, being only a bag, not even a draw-string on it, emptied the tobacco into it, every drop, then leaned over the bag, fingered out a big lump and took a big chew, remaining leaning so as to catch every fragment that might fall back. Then replaced it in its original pocket.

Young Grunick, who has been sitting in a Ford, came forward to learn what was the verdict.

"They must be having a wild time up there from the noise," said he, as he passed the old darkey.

"Yas sah," the old slave answered, "but it wouldn't be dat way if dey waited until 'dey kotch me in heah to have core. I wish I was in mah bade asleep."

He walked away with the jabbering, laughing, complaining court folks without knowing what was the result of the jury's finding.

Thursday morning, and the last day, arrives and it is not gray, but black. At 7:30 a.m. the clouds are as dark as at 6. Not raining yet, but promises are good from every direction. The crowd eats an early breakfast, board the Rex and pass through the black windy morning on Big Lake with the barometer in the cabin over our heads standing at 29.65, low enough to blow the spots out of dotted swiss, but no one knew it, Capt. Tom McCain kept it quiet, collected his fares while he hummed a little tune and all landed safe and satisfied for having been made none the wiser.

A Letter To Our NON-CATHOLIC Neighbors

Catholics and non-Catholics, as a rule, get along right well together.

Our families live amicably next door to each other and often become lifetime friends. Our sons fight side by side on every battlefield. We work together in the same shops and factories . . . root for the same baseball teams . . . do business with one another in a spirit of mutual trust every day.

In these and other phases of everyday life, there is a close association which promotes understanding and respect. But in religion . . . where this close association does not exist . . . there is often a regrettable lack of understanding and a corresponding absence of good-will.

Many people, for instance, have all sorts of false ideas about Catholics and the Catholic Church. They actually believe that Catholics worship statues . . . that many sordid things happen behind convent walls . . . that Catholics do not believe in the Bible . . . that Catholic teaching is pure superstition and the Mass nothing but mumbo-jumbo.

All non-Catholics, of course, do not believe such things. But enough of these false rumors are in circulation to cause some sincere and intelligent non-Catholics to look upon the Catholic Church with suspicion, and to reject Catholic truth without even troubling to investigate it.

It is for this reason that the Knights of Columbus, a society of Catholic laymen, publishes advertisements like this explaining what Catholics really believe. We want our non-Catholic friends and neighbors to understand us and our Faith, even if they do not wish to join us. We want them to know the Catholic Church as it really is . . . not as it is so often misrepresented to be.

It is also important to you personally, however, to inquire into the teaching of the Catholic Church. For unless you do, you cannot know whether the Catholic Church is or is not the Church established by Jesus Christ for your salvation. You cannot intelligently accept or reject Catholic teaching until you investigate it and know what it really is.

A distinguished Catholic author has written "A Letter to a Friend Not of My Faith." This letter has been published in the form of a pamphlet which can be read in a few minutes . . . and which gives a remarkably clear and beautiful explanation of Catholic beliefs, worship and history. More importantly, it gives a blue print of Christian living which will deeply move you whether you accept or reject the Catholic viewpoint.

This highly interesting pamphlet is well worth the few minutes it will take you to read it. We will be glad to send you a copy free, on request. It will come in a plain wrapper — and nobody will call on you. Write today . . . ask for Pamphlet No. KC-23.

How to raise 100 bushels of corn

(Editor's Note--Last week the Cameron Lions Club announced a program to honor Cameron parish farmers who raise an average of 60 bushels or more of corn to the acre this year. This week, County Agent Fontenot tells how to raise 100 bushels of corn to the acre.)

By HADLEY FONTENOT
COUNTY AGENT

Any ambitious farmer who wants to produce 100 bushels of corn to the acre will be interested in knowing what it takes about 10,000 plants, 130 pounds of nitrogen, 70 lbs of P 2 0 5 (phosphate) 120 K 2 0 (Potash) and about 20 inches of rain to do it.

Taking one at a time lets look at the number of plants. 10,000 plants can be obtained by thinning out or drop seeding plants to 12-14 inches apart on 48 inch rows and on 42 inch rows 12-16 inches apart.

The 130 pounds of nitrogen is partly furnished by the soil. Average Cameron soil will make available about 30 lbs of nitrogen to the crop. You can add the other 100 lbs of nitrogen by applying 300 lbs of ammonium nitrate which is 33 1/3 percent nitrogen. If you use 200 pounds of 10-20-10 at planting then you have added 20 lbs of nitrogen so you need to side dress with a little over 200 lbs. of ammonium nitrate to bring you to 100 lbs.

The 70 lbs. of P 2 0 5 (Phosphate) is also partly furnished by the soil. Most Cameron soils have 30-40 lbs. of P 2 0 5 - available - you can add this amount with 200 pounds of 10-20-10.

What about the potash or K 2 0? Fortunately most of the soils in lower Cameron parish where most of the corn is planted has from 60-150 lbs. of K 2 0 available. Therefore, generally, the 20 pound applied in 200 of 10-20-10 will be sufficient for a 100 bushel.

A. Any more potash may be applied in straight form as muriate of potash, which is 60% material.

Twenty inches of rain, another requirement for a 100 bushel yield, is, of course, the most unpredictable - living right has been said to help out, but the trouble is sometimes the neighbors don't always live that way. One thing is certain, however, and that is corn with plenty of fertilization will suffer less for rain than one that is not properly fertilized.

Don't forget the corn production contest sponsored by the Lions Club. It cost you nothing to enter - all they want is to recognize the good corn producers.

You can deduct local, state taxes on return

Local and state taxes may be deducted on Uncle Sam's income tax returns for 1959 by taxpayers itemizing deductions on their Form 1040, George A. Young, of Internal Revenue Service, says.

However, Federal taxes are never deductible except for certain ones paid in connection with a business or profession.

Mr. Young added:

"You CAN deduct personal property taxes, state income taxes, real estate taxes, state or local sales taxes, state gasoline taxes, auto license fees, state capitation or poll taxes.

"You CANNOT deduct Federal excise taxes paid on your personal expenditures, such as taxes on theater admissions, furs, jewelry, cosmetics, transportation, telephone, etc.

"You also CANNOT deduct Federal social security taxes, hunting licenses, dog licenses, water taxes, auto inspection fees, or taxes paid for another person.

Lice slow down cattle growth

By HADLEY FONTENOT
County Agent

These bare spots on cattle, especially around the neck and shoulders, are a sure sign that cattle have lice. When lice are present they irritate the skin and the animals will scratch the only way they can. They rub against any object that will accomodate them; trees, post, (mail box in some cases) buildings, etc.

Besides being irritating to the animal, lice suck blood which also contributes to the unthriftyness of the individual. A treated animal will gain faster and come out of it's poor winter condition much sooner.

Several good insecticides are available today for spraying cattle that have lice. Most commonly used are toxophine, Lindone and Co-Ral. Another that is good is sold under the trade name Lin-Tex and contains both Lindone and Toxaphane. Use according to direction on the container.

1960 plans are made by F.H.A. farm families

Farm families using Farmers Home Administration credit in Calcasieu, Cameron and Beuregard parishes have recently completed individual meetings with Linward J. Manuel, county supervisor. The purpose of the meeting was to analyze their 1959 operations and to make plans for 1960. Year-end analysis is a service given by the agency which makes loans to eligible farmers to operate, improve, or enlarge family-type farms.

Farmers having rice as a main cash crop planted an average of 176 acres, producing 14.6 dry barrels per acre. Dairy farmers had an average of 30 cows per herd with a per cow average of 5845 pounds.

Plans in 1960 are to follow better farming practices such as (1) land leveling; (2) establishment of proper drainage facilities; (3) proper fertilization; (4) control of weeds and insects; (5) efficient record keeping; (6) use of artificial breeding; and other recommended practices as provided by Extension Service and Soil Conservation Service.

Famr families in Calcasieu, Cameron and Beauregard parishes now using FHA credit include 55 with operating loans, 22 with Farm Ownership loans, and 15 with loans to build or repair houses or other farm buildings.

Loans totaling $260,000 have been made to farmers in this area in an eight-months period since June 30, 1959. Of this amount approximately $216,000 has been for acquiring equipment, livestock, seed, feed, fertilizer, and paying other labor and materials in connection with housing and other real estate improvements. This money and the extra money from increased incomes circulate through local trade channels.

Interest persons who wish to obtain information concerning all types of loans offered by the Farmers Home Administration may contact the local County Office located in Room 2530, New Federal Building, Lake Charles.

School board calls for mineral bids

FOURTH YEAR--No. 28 | CAMERON, LA., APRIL 15, 1960 | 10¢ A COPY

Sharon Ruth Johnson Johnny Constance
. . . earn bicycles

Two youngsters earn bicycles

Two Johnson Bayou youngsters are the first in the parish to earn themselves a bicycle by selling subscriptions to the Cameron Parish Pilot.

They are Sharon Ruth Johnson, 7-year-old daughter of Rev. and Mrs. M. C. Johnson, and Johnny Constance, 13-year-old son of Mr. and Mrs. J. B. Constance. Both are students at Johnson Bayou school.

Each sold 15 new subscriptions to the Pilot within a week's time to earn their bikes. For selling all of their subscriptions during the first week of the contest, they also received a bonus prize of a dictionary.

Several other youngsters signed up this week to sell subscriptions, including Sharon Ruth's younger sister; and Johnny's two younger brothers and sister, who saw how easy it was to earn a bicycle. Other new salesmen are Ella Louise Booth of Grand Chenier and Wayne Hughes of Lowery.

The subscription campaign will run until May 14 and there is still plenty of time for other Cameron parish boys and girls to start working for a bicycle. Just write the Pilot at Box 128, Cameron, for a receipt book and instructions.

Fishing rodeo set for here

The Young Men's Business Club of Lake Charles has announced that it will hold its annual deep sea fishing rodeo off the coast of Cameron on Saturday and Stnday, April 30 and May 1.

The rodeo, which is an invitational affair for state and national legislators and elected officials, is being held earlier this year, so as not to conflict with the May session of the state legislature.

The dignitaries will register at 10 a.m. Saturday at the Majestic Hotel in Lake Charles, and will then be guests of the Port of Lake Charles at a barbeque and sight-seeing trip of the port.

They will then go down the ship channel by boat to Cameron, where a shrimp boil will be held that night at the VFW hall. The fishing starts Sunday morning, with trophies to be awarded that evening.

Invited guests include the president of the United States, U. S. senators and representatives, members of the Louisiana legislature, governors of Louisiana, Texas, Arkansas, and Mississippi and Louisiana elected officials.

EDISON MHIRE

Edison Mhire elected to district post

Edison R. Mhire of Grand Chenier was elected vice-commander of the Seventh District at an American Legion meeting held Sunday at Mamou.

J. B. Petitjean of Rayne was named district commander, and Paul Tate of Mamou was elected as the other vice-commander.

Mr. Mhire has served as commander of the local Legion post of the past two years and is also the present area commander.

In the picture above he holds the 100 percent membership award which the local post received for re-registering all of its members for this year, plus adding nine new members.

Mr. Mhire promised that he would serve as a link between the district commander and the posts under his jurisdiction.

General election Tuesday

Cameron parish voters will go to the polls again this coming Tuesday--this time to vote in the general election, an election that has attracted very little attention up until this year.

To a good many Louisiana voters, it's news that there is even such a thing as a general election, the Democratic primaries having settled state and local races up to now.

This year, however, both the Republicans and the States' Rights party have fielded candidates in opposition to the Democratic nominees, and there is even one write-in candidate for governor.

The voters are being urged by both the Democrats to turn out in large numbers to vote.

In a paid advertisement to be found elsewhere in this issue of the Pilot, the entire Louisiana congressional delegation urges voters to support the Democratic nominees to make sure that Louisiana's seniority in Congress is protected.

The Republicans, on the other hand, say that voters can help to promote a two-party system in the state by voting the GOP ticket.

The Republican's candidate for governor, Francis Grevemberg, paid a visit to Cameron last Saturday, and expressed confidence that the GOP would make a good showing in the state.

* * *

HERE IS THE ballot that will face voters Tuesday:

For Governor: Jimmie H. Davis, Democrat; Francis C. Grevemberg, Republican; Kent H. Courtney, States' Rights. W.M.E. Clark of New Orleans has also qualified as a write-in candidate.

For Lieutenant-Governor: C. C. "Taddy" Aycock, Democrat; Clark C. Boardman, Republican; and Vaughn L. Phelps, States' Rights.

The Republicans have also entered candidates in five other state races in opposition to the Democratic nominees.

The names of Cameron parish office holders nominated in the Democratic primaries will also be found on the ballot, but they have no opposition.

There is one constitutional amendment to be voted on, which would provide an additional judge for the 26th judicial district which comprises Bossier and Webster parishes.

A list of polling places and election officials is to be found elsewhere in this issue of the Pilot.

Newly elected parish F.H.A. officers

Meet the newly elected Cameron parish officers of the Future Homemakers of America: Seated, l. to r.: Debbie LaBove, parliamentarian; Marie Lannin, vice-president; Juanita Johnson, secretary and Florence Kyle, treasurer; Standing: Carolyn Montie, historian; Brenda Picou, song leader; Elora Domingue, reporter. (The new president, Ernestine Colligan, was not present for the picture.)

PAR leader to speak at Lions banquet

Edward Steimel, executive secretary of the Public Affairs Research Council, will be the featured speaker at the Cameron Lions Club ladies night banquet Monday at Fred's Restaurant.

J. W. Doxey, who is a member of the PAR board of directors, will be master of ceremonies for the evening.

Wednesday, the Lions heard a talk on the importance of improving science instruction in the nation's schools by Joe Landry, traveling science teacher, who is spending a week at South Cameron high school. South Cameron Principal U. E. Dickerson was also a guest of the club.

James L. Dercuen reported that he had been contacted by post office officials and advised that it would be impossible to change the new mail schedule for Cameron. This schedule, which went into effect this Thursday, will mean that the mail will arrive in Cameron later and go out later.

Club president E. J. Dronet read a letter from Congressman T. A. Thompson stating that he had asked the U. S. Corp of Engineers to investigate the possibility of cementing the east jetties.

in Louisiana for development of a first class public beach."

Mr. and Mrs. Robert Doxey of Cameron announce the birth of an 8½ pound boy Monday at Carter's Clinic in Creole. Dr. G. W. Dix delivered the baby, who was named James Andrea Doxey, after his father's brother who was killed in World War II.

The baby was baptized Saturday afternoon by Father Eugene Senneville with Margaret East and Rubien Morales of Cameron as godparents.

Holy Week schedule is given

The schedule of Holy Week services at St. Peter Apostle Catholic Church in Hackberry has been announced by the pastor, the Rev. Theodore Brandley.

On Thursday there was a High Mass at 6 p.m., followed by Adoration before the Repository conducted by the Holy Name Society and Catholic Daughters.

On Good Friday the Stations of the Way of the Cross, commemorating the passion and death of Christ, are scheduled for 3 p.m., with Adoration of the Cross and Communion service at 6 p.m.

The Easter Vigil begins at 10:30 p.m., with the Blessing of the New Fire followed by midnight Mass.

Easter Morning Mass will be at 7:30 at Hackberry, 9 a.m. at Holly Beach and 10:30 a.m. at Johnson Bayou.

HEALTH UNIT TO CLOSE FOR EASTER HOLIDAYS

The Cameron health unit will be closed from this Friday until Wednesday morning of next week in observance of the Easter holidays.

THIS WEEK
By Jerry Wise

THE ANNUAL CAMERON PARISH 4-H Club Achievement Day will be held Saturday, April 23, at South Cameron high school.

* * *

THE CAMERON Optimists will hold their first wrestling matches on Saturday, April 30, at 8 p.m. in the new ring which they recently completed at the Cameron recreation center. The grapplers will include two male and two female wrestlers out of Houston, and should put on quite a show. Admission will be $2 for reserved seats, $1.50 for general admission and 50 cents for children. We'll have more details in next week's Pilot.

BOB ANGERS, publisher of the Banner-Tribune in Franklin, last week devoted his entire front page column to his recent trip to Cameron to address the Lions and Optimists on the proposed Louisiana Intracoastal Seaway.

"Cameron is blessed," he wrote, "with the beauty that can only be identified with land that stretches out to meet the open sea. There was mile after mile of marsh between Sulphur and the coastline, and all the way over there was evidence of the value of wildlife to the people of Louisiana."

He had praise for Fred's Restaurant, where the meeting was held, which he called "one of the most modern establishments you'll find anyplace."

He concluded his column with this advice to his readers:

"Take your family to Cameron for a visit at the first opportunity. It's a long trip, but the roads are excellent, the food is first rate, motel accommodations seem to be okay and the fishing is good. Like the Cypremort area this seems to be another good point

Fishing rodeo trophy given to Kamiel Khoury

Lake Charles sportsman Kamiel Khoury last week was presented the two top traveling trophies of the Southwest Louisiana Fishing club in recognition of his angling feats during the 1959 deep sea fishing rodeo off Cameron.

One was given for the largest tarpon caught by a man and the second, for catching the most tarpon. Khoury landed one 66 pound and a second, which went 55 pounds.

After presentation of the awards, he confided "I knew I had a tarpon coming last year because during the year before, I had hooked and lost 20 tarpon. So I knew it was time I got one aboard."

Immediately following the 1959 rodeo, Khoury was presented the fishing club's first annual Neil J. Bryan Memorial trophy in recognition of his sportsmanship during the three-day fishing contest.

The latest awards were made at a luncheon meeting of the club's board of directors. They were presented by club President Hudson East.

East also reported that rodeo planning was proceeding well and on schedule. This year's contest will be held July 2-4 with headquarters, as usual, in Cameron.

Dogs to be vaccinated next week

Dogs will be vaccinated for rabies at five different locations in Cameron parish Saturday, April 23, according to Edison Mhire, sanitarian with the Cameron Health Unit.

The vaccinations are to be given by Dr. Mark Quilly, Lake Charles veterinarian at these places and times:

Hackberry--8 to 8:30 a.m., Dean's Grocery.

Holly Beach--9 to 9:30 a.m., Walter Stanley's store.

Cameron--10 to noon, rear of courthouse.

Creole--1 to 2 p.m., E. Nunez's store.

Grand Chenier--2:30 to 3:30 p.m., Dallas Cities Service Station.

FIRE ANTS FOUND IN PARISH

By HADLEY FONTENOT
County Agent

According to Department of Agriculture workers E. J. Robertson, the first fire ants to invade Cameron Parish south of the Intracoastal canal have been found in the Gum Cove area on the Stine farm.

A number of reports have reached the County Agent's office on pregvious occasions reporting the presence of the imported fire ants, but these reports always has turned out to be some common strain of ants that resemble fire ants, or the land owners have taken such prompt action to destroy them that up to this time none have ever been positively identified as imported fire ants.

Land owners are urged to treat as suspicious and oversize ant mound that have large numbers of dark red ants in them. Prompt action is the best method to keep them from taking hold in the parish. Breaking the top of the mound and pouring Chlordane dust over the mound is an effective way to destroy them.

State bird group to meet in Cameron

The Louisiana Ornithological Society will hold its spring field trip in Cameron on April 23 and 24, as it has been doing for a number of years.

Headquarters will be in the Cameron Hotel, and a dinner will be held Saturday night at Fred's Restaurant.

Creole Legion team to organize Sat.

Boys wishing to sign up for the Creole American Legion baseball team are asked to report to the Creole ball park Saturday, April 16. Two teams, taking care of two different age groups, will be organized. Boys must be 13 years old or older to play.

The Creole Little League teams for younger boys will be organized at a later date.

Rev. Lavassuer announces hours for summer Mass

The Rev. Charles LaVasseur, pastor, announces that beginning Sunday, April 3, and continuing through the summer months, the hour of Mass has been changed to 7 a.m. at the Sweet Lake Catholic church and to 9 a.m. at the Grand Lake Catholic church.

One called for draft physical; two men out of Marines

James Lee Jinks of Johnson Bayou has been ordered to report for his Armed Force physical examination on April 25, according to Mrs. Ermyne R. Peppers, clerk of the local draft board.

Two other registrants, Orrie Paul Canik of Grand Chenier, and Curby Adam Miller of Cameron, were recently released from the Marine Corps.

The draft board office will be closed April 18 and 19 due to state holidays.

Glenda Moss to open dance class here

Miss Glenda Moss, who has a school of dance in Lake Charles, announces she is enrolling students for a dancing class to be taught each Saturday in Cameron.

Registration will be at 10 a.m., Saturday, April 23, in the Cameron Recreation center. The classes are for children from three years of age and up.

Miss Moss is well known in Cameron, having danced on the Louisiana Fur and Wild-

past three years. She is a member of the South Texas Association of Dance Teachers and Dance Masters of America. She has studied in New York during the summer for the past seven years.

Back shrimp bill

Local shrimp dealers have called to our attention the legislation that is presently being considered in congress that would regulate the import of shrimp from foreign countries into the United States.

The market is being glutted by excessive imports, the local shrimp people state, and unless action is taken by Congress to regulate the import the United States--and Cameron--shrimp industry will be severely hurt.

This matter is of great local importance, as many Cameron parish citizens depend upon shrimping for their living. And every person and business in the parish indirectly benefits from the shrimp catches. When the "shrimp are running" business is good here.

The Lions club and other local groups have already gone on record supporting this vital legislation. You too can do your part by having your club or organization pass a resolution and send it on to our Louisiana congressmen.

LETTERS to the Editor

Cincinnati 19, Ohio
April 3, 1960

Dear Mr. Wise,

I notice in The Pilot of March 25th that you would like to hear from any subscribers older than Mr. John E. Gee.

I was born in Cameron, April 24, 1876, and will be 84 years old this month. My father, Dr. Isaac Bonsall and my mother Amanda Bonsall were born in Cameron and lived there all their lives. My only sister, Mrs. Arthur Murphy still lives there.

I doubt that I am your oldest subscriber, but perhaps I can qualify as your longest-distance subscriber.

I enjoy reading The Pilot, particularly the news of families I knew in my girlhood.

Sincerely,
Mrs. Lillie H. Chadwell

(EDITOR'S NOTE -- Mrs. Chadwell's husband, our readers will be interested to know, was the publisher of the first Cameron Pilot, printed back in the 1890's here. Shortly after the "new" Pilot was started she wrote us a very interesting letter and has been a faithful subscriber ever since.

We're afraid that Mrs. Chadwell fails to qualify as either our oldest or most distant subscriber. Mr. and Mrs. Lloyd Vaughan of Port Arthur report that they are 85 and 87 years old, and we have several servicemen subscribers who get the Pilot in such far-away places as Korea and Europe.)

Coming Home

Seoul, Korea

Dear Sir:

As I am departing Korea the latter part of next month for the United States, it is requested that my Cameron Pilot be held at your office until a later date at which I will notify you of my next mailing address.

FISHING ON THE GULF COAST
by Howard Mitcham

Redfish Are Big and Brassy

The redfish is one of the most popular of all fish with Gulf Coast anglers. A member of the croaker and drum family, the redfish is not really red in the sense that a red snapper if bright red, and stays that way. The redfish is really silvery, with a red coppery iridescence over its scales, and much of the coloring disappears after the fish is taken from the water. The shade of redness also varies with different fish, being more pronounced in some of the older individuals.

The redfish looks a good bit like his relative the black drum, but he is longer and more slender. But the easiest way of all to recognize him is by the conspicuous spot at the base of his tail. In addition to being an excellent game fish this is one of the most important food fishes of the Gulf Coast. It one of the most important food fishes of the Gulf Coast. It is caught in larger numbers than any other fish except the mullet and the speckled trout, and it enjoys a great popularity in the restaurants and in the fish markets. It's the basic item of that dish famed in song and story--redfish courtbouillon.

Redfish range all the way from New York to Texas, but it's another one of those fish that love the Gulf Coast best of all. It is found up and down the sandy shores of the Coast and the outlying islands, sometimes in schools, at other times in small groups, and sometimes solitary and alone. The old large bull redfish are often taken in the surf out on the islands. Large or small, they love to browse through the deeper cuts and channels, and sometimes they are caught in largest numbers around the inlets and bayous and river mouths.

The redfish is a hell of a tackle smasher; he has be be played until he's tired out and then landed very carefully with a dip net or he might get away. Sometimes they play possum until the very last minute and then start fighting like mad just before you get them into the boat or onto the beach. He grows big. He averages 2 to 20 pounds with a top record of 80 pounds. Fish under 20 pounds are the best for eating. The fish over twenty pounds have tough meat, and unless you want to stuff him and hang him on the wall, the large fish should be released as a conservation measure since they are a valuable spawn reserve.

Redfish are present year 'round but are most abundant from April to November in the outer waters. During the winter they go up into the bayous and salt marshes (a school of redfish really makes the marsh grass shake) and can be caught with live bait.

Winter or summer, they bite at any hour of the day or night, but usually bite best on a falling tide. You must understand his biting system to really hook him; he takes the bait gently at first, nibbling at it and mouthing it around, but don't get excited, give him time; (ah, this is a fish that would have delighted the patient heart of ole Izaac Walton), after he has dawdled around with your bait for awhile he will, if he likes it, pick it up and start to run off with it--Now! This is the time to set your hook and fight it out with him.

Paraphernalia to catch 'em: For still fishing, cane pole, hook, line and sinker is the most widely used gear. But for real sport use rod and reel. Bait casting: a good strong fresh-water rod and reel with 20 pound test line will do, but if you catch a really big one, heaven help you! Redfish will occasionally take artificial plugs and lures, but live bait is best. Use a sliding float to suspend the bait just above the bottom. Surf casting: regulation 9-15 ounce surf casting rod and 2/0 or 3/0 reel with 200 foot line. Trolling: surf casting or bait casting tackle, with swivels to keep the line from twisting.

Bait: As with most other Gulf Coast fish live shrimp is the best bait, also live minnows. However, when they are really biting they will take dead bait, cut shrimp, mullet, squid, etc.

This may be that big fish that fate has ordained you to catch; handle him, and don't let him manhandle you!

LIBRARY NEWS

By MRS. MARY BRAND
Parish Librarian

In observance of National Library Week open house was held at the library Friday, April 8 in honor of the Home Demonstration Clubs of the parish. Many people visited the library that day to see the exhibits.

Club members from Creole, Hackberry, Grand Chenier, Sweetlake, Grand Lake, and Cameron along with other visitors called at the library throughout the day to see the many interesting exhibits. Refreshments were served to the guests. The highlight of the coffee table were two cakes baked by Mrs. Walter Stanley --one in the shape of a book and the other a bookmobile.

Plastic flowers made by Mrs. Clyde Rutherford, Mrs. Carl Rutherford, Mrs. Eunice Billeaud, Mrs. Delmas Hebert, Mrs. E. J. Dronet, Mrs. John Landry, Mrs. Henry Woodgett, Mrs. George Quinn, and Mrs. Ed Quinn was one of the most talked about exhibits.

Fred Packard's oil paintings of two Brahmas and another of a horse was enjoyed by everyone. Roland "Dude" Jinks' animals were used as the subject for these two paintings. Oil paintings of desert scenes and birds by Mrs. Walter Stanley and a variety of water color paintings by Mrs. Charles Precht, Jr. were among the exhibits.

Also on exhibit were two pictures made by Henry Segura by the process of aluminum casting; wall plaques by Frankie Henry, Mrs. Annie Carter and Mrs. Joe Rogers; picture and frame by James Derouen and mosaic paintings by Mrs. Hayes Picou.

Needlecraft on exhibit included an infant's garment by Mrs. Roy Hebert, an apron by Mrs. Linton Landry, pillowcases by Miss Karrie Kosson, crocheted rugs by Mrs. Hayes Picou and Mrs. Hank Ratcliff, afghans made by Mrs. Ray Champagne and Mrs. Braxton Blake, quilts made by Mrs. Monroe LeBoeuf and Mrs. Walter Stanley, and a crocheted bottle cover by Mrs. Isaac Peshoff.

Other interesting exhibits were wood carvings done by Mr. Fred Simon of Hebronville, Texas and generously loaned to us by Mrs. Walter Stanley and an egg tree made by Mrs. Goldie Wooten.

Cameron Elementary and Hackberry School children had several items on exhibit including wall plaques, drawings, Easter baskets, and geometric figures.

An Earlier Day

How old Rex wharf met end

By ARCHIE HOLLISTER

Back in the days when the Rex ran from Cameron to Lake Charles, one of her regular landings was at Hackberry. Now the water on the western side of Calcasieu Lake is very shallow, and it was necessary to build a long wharf out from land to deep water.

As I remember it, this wharf was fully six hundred feet long, and it may have been much longer. When the Rex was withdrawn from river traffic, there was no longer any need to maintain the wharf, and it fell into a state of disrepair.

It still served as a favorite spot for fishermen however, and this incident concerns, a couple of men from Lake Charles who were sitting on the end of this wharf one morning, fishing. The hour was quite early, perhaps about four o'clock, and there was no hint of anything untoward in the offing.

They may have been somewhat dismayed by an unexpected squall that made up suddenly over the lake and headed their way. This would put an end to their fishing trip they knew, but they anticipated no danger. They had just finished picking up their fishing gear and were on the point of walking back to their car parked on the lake bank, when the squall struck the end of the rotten old wharf on which they were standing.

They moved hurriedly away, and glanced back just in time to see a section of that wharf collapse into the lake. Alarmed, they struck a brisk trot for shore, when another portion of the wharf gave way. Then began a footrace in earnest, two men racing down the old pier on a dead run, and a wharf collapsing piece-meal behind them.

Luckily they made it in time, but there was not a second to spare. As the last man jumped onto solid land, the final section of rotten piles and planking fell into the waves, and their favorite fishing spot was no more.

STATE SCS COMMITTEE TO MEET HERE

The regular monthly meeting of the state Soil Conservation committee will be held in Cameron, Friday, April 22, according to Mark Richard member from Area IV.

The state committee is the central agency that supervises and administers the 26 Soil Conservation districts in Louisiana. The local Gulf Coast Soil Conservation district, which comprises the parishes of Cameron, Calcasieu and Jeff Davis, is one of these districts.

Mr. Richard said that once or twice a year the state committee meets outside of Baton Rouge in different agricultural areas of the state in order to be more adequately informed on the conservation program of the state.

Carl Thomas, marsh biology; and Eloi Primeaux, conservation work in Cameron Parish.

Members of the state Soil Conservation committee are: Marion S. Monk, Jr., chairman; Sidney McCrory, vice chairman; Andrew Gay, secretary-treasurer; Dr. J. N. Efferson, R. D. Hinton, Mark Richard and Andrew Yerger.

A short program will be given prior to the regular committee business session by Hadley Fontenot, county agent and technicians of the Soil Conservation Service relating to the conservation activities in the marsh area and the general agriculture of the parish.

SCS technicians on the program are: Delouis Soileau, general facts on South Louisiana marshes; Henry Clark, marsh soils; Tom Shiflet, marsh range management;

Following lunch, the committee will make a field trip to Mark Richard's Front Ridge farm.

CHEVY! YOU CAN'T BUY ANY CAR FOR LESS ...UNLESS IT'S A LOT LESS CAR!

Anyone who's looked around knows the majority of Chevrolet models—6's and V8's together—list for less than comparable models of other low-priced cars. But the price tag alone is only one of a whole raft of reasons a Chevy does better by your dollars.

Nothing near Chevy's size and price can match the Full Coil cushioning of its ride, or the fine, finished workmanship of its Body by Fisher. That even applies to some cars that cost a lot more. You're up in the higher price brackets before you find a car that moves as quietly as a Chevrolet or offers the inner space that Chevrolet does.

Or look at the extras Chevy gives you —*at no extra cost*— that others in its class can't offer at any price. Shock-cushioned steering. Safety *Plate* Glass in every window. Keyless locking of all doors. Crank-operated vent windows. Chevrolet offers the widest choice of power teams, too. Drive a Chevy just once. You'll have a tough time settling for anything less.

La. Congressmen Endorse Davis-Aycock Ticket in April 19th Vote

Urge all Democrats to Vote in General Election

LOUISIANA CONGRESSIONAL DELEGATION
WASHINGTON 1, D. C.

To the Voters of Louisiana:

The State of Louisiana in its Congressional delegation, both in the Senate and House of Representatives, enjoys a position of great responsibility because of its long seniority in the Democratic Party. We are all members of that party. On April 19, there will be a state-wide general election. The Republican party and others are challenging the Democratic nominees for governor and other state offices, as well as local offices in some parishes.

Because of almost 100 per cent Democratic registration, it is, of course, difficult to believe that this is a serious challenge. Nevertheless, we feel that we should join with our fellow citizens in urging all registered Democrats to vote for our nominee, Gov. James H. Davis, and the other state nominees.

We wholeheartedly, actively, and enthusiastically support Gov. Davis and all of our nominees, both state and local, in the forthcoming general election, and urge all of our friends to vote on April 19.

LARRY GRANGER of BIG LAKE RECEIVES HIS PILOT LICENSE

Larry Granger of the Big Lake community, is shown above with the Piper Tripacer in which he recently took his flight ride and earned his pilot's license.

Larry began taking Flight Lessons at McFillen Air Park a year ago and soloed on his 16th birthday. Civil Air Regulations made it necessary for him to wait until his 17th birthday to get a pilot's license, so during the past year he has been building up flight time while waiting.

When his birthday rolled around last week, Larry took his flight check ride and immediately upon getting his license, which entitled him to take passengers, he took his family for their first ride. His mother and father, Mr. and Mrs. Floyd Granger of Big Lake, his sister, Carol Ann, and brothers Mitchell and Dickie, all enjoyed flights over their home, in the Piper Tripacer.

Larry has been working at McFillen Air Park on weekends to earn some of his flying time. He also took a ground school course in aviation at McNeese State College. While making dual cross - country trips, his father often rode with Larry and his flight instructor, Doug McFillen.

The whole Granger family is proud of Larry's new skill, but his 3-year-old brother, Dickie, is especially impressed with the new pilot, and has been begging for more rides ever since Larry earned his license.

Mass schedule changed

Rev. Charles Lavasseur, pastor of the Sweet Lake and Grand Lake Catholic churches, announces that beginning April 3 and continuing throughout the summer months, the hour of mass will be 7 a.m. at the Sweet Lake church and 9 a.m. at the Grand Lake Church.

Grand Lake News

Spring weather causes much ado

By MRS. TOM TAYLOR

This beautiful spring weather is turning the Grand Lake community into a beehive of activity; canal banks are dotted with crabbers and fishermen; housewives are working in their vegetable and flower gardens and doing spring house cleaning, and with hubby's help, keeping up with old mother nature by beautifying their homes with a fresh coat of paint.

The Cameron library film which was shown last Saturday on KPAC-TV Port Arthur, was enjoyed by many of the Grand Lake and Sweet Lake residents.

Those from Grand Lake attending the schooling for commissioners of the general election at Cameron Monday were: Mrs. Edgar Poole, Mrs. C. J. Farque, Mrs. Ivan Fontenot, and Mrs. John B. Hebert.

Mr. and Mrs. Lloyd LeBeouf and children of Franklin, were visitors in the home of Mr. and Mrs. Abra Savoie over the weekend. Last Sunday Mr. and Mrs. John B. Hebert visited their son John A. who is a patient at the Calcasieu-Cameron Hospital in Sulphur, with them were Mr. and Mrs. Guy Humphres.

Robert Wayne Farque, son of Mr. and Mrs. C. J. Farque, spent the weekend in Lake Charles with his cousins, Florn Jr. and Wade Hebert.

THE GRAND LAKE Band left by bus last Friday at 6:30 a.m. for McNeese College where they participated in the annual district music festival. Mr. Retiro, Band Director, said the results were very gratifying, and he is happy to report that the Grand Lake Band made a first division in sight reading--a superior rating, 2nd in the Festival rating on required numbers.

The Grand Lake High school band which is class D, made the highest rating of any class D band entered in the district festival and entitles them to participate in the State Festival. The fact that the band did not have a complete instrumentation seemed to be the reason why they did not make superior rating.

Sylvia and Monia Stutes were seen Monday afternoon on T.V. program "Cartoon Kapers". They are the daughters of Mr. and Mrs. Phorbus Stutes.

Mr. and Mrs. Ivan Fontenot and son Bristow were visitors in the home of their daughter, the Willard Savoies in Creole last Sunday.

On Easter Sunday at 3 p.m. an Easter egg hunt will take place on the grounds of the St. Mary of the Lake church. Some one hundred children are expected to attend from Sweet Lake and Grand Lake. Included are 1st to 5th graders and also tots from two to five years of age, who will have a special place. Prizes will be awarded, and favors for all.

Forty-one members of the Newman Club received Holy Communion on Palm Sunday at St. Mary of the Lake Church, according to Rev. Charles Lavasseur, pastor.

Curtis McCain and George Greathouse, brothers-in-law, have been very busy for the past two weeks getting their rice land ready for planting, weather permiting, they will begin planting the latter part of this week.

An Easter egg hunt will be enjoyed by the beginners, primary, and junior classes this coming Friday at 3 p.m. on the church grounds at the Big Lake Gospel Tabernacle. Teachers, Miss Gay Nell Poole, Mrs. Rene Saltzman, Miss Marylin LeJeune, and Mrs. Florence Devall, will be in charge.

BAYOU BROWSING

By Grits Gresham

Sponsored by R. J. Pumpelly, Continental Oil Co., Westlake

TWO CAMERON fishermen were reported missing last Friday night on the reserve. Manager Meyers said he got the call from the Sheriff's department at about 10 p.m. The fishermen were found about eight miles out in the marsh paddling in after their motor had given out.

* * *

FISHING ON the Sabine refuge has been both good and bad, Manager Kent Meyers reported this week. One day the fishermen are cleaning up--the next day, no one is getting anything.

In any case, the fishermen now find it a little easier to get into the pools on the refuge. The Cameron and Calcasieu police jurors, in a cooperative project, have built two boat loading ramps, and plans are now to build an off-the-road parking area for the cars and boat trailers.

The levee work has been completed on the refuge, and one of the present projects is to find out what will grow on the mud flats that have been left when the salt grass died out.

Mr. Meyers said the reserve has given the police juries permission to build a 80 by 600 foot parking area. The problem right now is finding the dirt with which to build it.

Oil company to build Warehouses

By MRS. M. C. JOHNSON

The British-American Oil Company is putting down a new pipeline for their offshore platforms. Within the next three weeks, they will begin construction on two warehouses which will be located on the beach across from the home of Blue Badon. Allen Trahan is working on that job. Already a chain-link fence has been erected and a large area of land has been cleared.

Last Friday night the R. A. boys of Johnson Bayou and Cameron clashed in a basketball game in the Johnson Bayou school gym. A large crowd attended the game and the final score was 17 to 15 in favor of Johnson Bayou. High point scorer for the winners was Jeff Wilson, with 10 points.

Next Saturday afternoon at 2 o'clock, the Johnson Bayou R. A. boys will meet the boys of Bethel Baptist Church of Lake Charles in a baseball game on the Johnson Bayou field. Everyone is invited to attend.

Mrs. Jackson Authement and friends of Cameron were Sunday morning guests of Mrs. Ira Jinks.

Blacktopping of the road continues at a fairly rapid pace. Mr. Lestage, foreman on the road, reported that they will first finish the stretch from Holly Beach to Johnson Bayou. After that, they will begin on the remainder of the Highway, beginning at Sabine Causeway and working toward the school.

On the sick list this week have been Mrs. Melvin Broussard, Kay Erbelding, Janie Griffith, and Sara Erbelding.

Okey Clark has been the target for much kidding this weekend when he made his appearance with a bandaged nose. He explains that it was the work of a doctor in Lake Charles, WHO performed a minor operation.

WEEKEND VISITORS in the Dennis Burch home were his brother and family, Mr. and Mrs. Marion Burch of Orange, Texas.

That beautiful new white Pontiac Ventura belongs to Blue Badon.

The Carl Wayne Jinks family spent Sunday afternoon visiting with Mrs. Jinks parents in Hackberry, Mr. and Mrs. Horace Goodrich.

Mrs. Allen Trahan and family, and Mrs. Alpha Badon spent Sunday in Cameron with the Johnny Landry family.

Rev. and Mrs. M. C. Johnson and Sue Lynn spent three days in Lake Charles last week where they attended the Louisiana Baptist State Woman's Missionary Union Annual meeting. Highlight of the meeting were the messages of Miss Marjorie Jones, missionary to Ghana, Africa, and Mrs. W. M. Clawson, missionary to Mexico.

The regular meeting of the Woman's Missionary Society will meet Thursday night, April 21, in the home of Mrs. Marvin Fannin for a study of the Baptist Work in Europe. All ladies are invited to attend.

Mrs. Rollins named census crew leader

Appointment of Mrs. Doris Rollins, Hackberry, as a crew leader for the 1960 Census of Population and Housing in this area has been announced by Supervisor Betty L. Boyd of the Census Bureau's temporary district office in Lake Charles.

Mrs. Rollins will supervise about 20 enumerators in the big nationwide census which began April 1.

The crew leader is one of the key people in the field of operations of the 1960 Census of Population and Housing. It is her responsibility to recruit and train the census workers; plan and allocate work assignments; review the work of the census takers and take remedial action where necessary, and to handle problems of difficult enumeration.

Mrs. Rollins has appointed as an assistant, Mrs. Lynda Portie, whose official title is field reviewer. Mrs. Rollins will directly supervise DeQuincy, Starks, Vinton, Hackberry, Johnson Bayou and up to the fringe area of Sulphur.

Two Sulphur Men Are Injured

Two Sulphur men were injured in an accident on Louisiana Highway 27 about two miles north of Holly Beach. They were admitted to the West Calcasieu Cameron hospital for treatment.

Injured were Edgar F. Thomas, 36, and Joseph A. Stutes, 31. Investigating officers said that the car in which they were riding failed to negotiate a curve near Mud Lake bridge and turned over several times.

RICE PLANTING IN PROGRESS AT KLONDIKE

By BERNICE STEWART

Rice planting is in full swing this week. We were very much interested in learning that the sacks of rice are loaded on wagons, which are rolled out into the canals and left for 24 hours to soak. Then they are removed from the water and allowed to set for another 24 hours in order to hasten the sprouting of the grains before they are planted by plane.

Edval LaCombe and Joe LaCombe planted some of their rice land last week.

Alton Dugas and his family visited in Grand Chenier last week. This was Alton's first trip back there since Hurricane Audrey. He has every reason to remember the storm, for he and Ira Melancon, who were working down on the Chenier at the time, found shelter in the Catholic Church there and barely escaped with their lives.

Mr. and Mrs. Dalton Trahan and children visited their relatives in Beaumont, Texas, and Winnie, Texas, last weekend.

* * *

ON SUNDAY afternoon the Rufus Dugas home was the setting for a stork shower, honoring Mrs. Emery Dugas. Mrs. Rufus Dugas and Mrs Ira Melancon were hostesses. The former presented a white carnation corsage to the honoree upon her arrival. The hostesses also wore white corsages.

Arrangements of pink azaleas and lavender wisteria were placed at vantage points in the reception rooms.

Gifts were placed in a pink and blue decorated bassinet, the special gift of the recipient's husband.

After the gifts had been opened, cake and punch were served to Mesdames Hulin Theriot, Felix Cormier, Joe LaCombe, Irvin Monceaux, Curley Cormier, Louis Trahan, Jr., Marry Benoit, Eraste LaVergne, Clifford Verret, John C. Trahan, Tingo Courts, Wilfred LaPoint, Gabe Benoit, Valerie Guidry, Sr., Eugene Guidry, Paul Deaville, Wilson Vincent, Nelson Dugas, Valerie Guidry Jr., Rufus Dugas, Ira Melancon, and Miss Theresa Guidry.

Prizes were won by Mrs. Joe LaCombe and Mrs. Louis Trahan, Jr.

Beverly LeJeune, granddaughter of Mrs. Leo Sonnier, underwent surgery in Our Lady of Lourdes Hospital in Lafayette last week. On Friday Mrs. Sonnier and Mr. and Mrs. Howard Sonnier drove over to visit her.

Mrs. L. C. Melancon put out 50 turkeys recently.

POLICE JURY MINUTES

Cameron, Louisiana
March 16, 1960

Pursuant to its Resolution adopted on the 4th day of January, 1960, the Police Jury of Cameron Parish, Louisiana met in special and open session at 10:00 o'clock A.M. on the 16th day of March, 1960 at the regular meeting place of said Police Jury at Cameron, Louisiana, to promulgate the results of a special election held in said Parish on the 15th day of March, 1960.

PRESENT: Eraste Hebert, Conway LeBleu, Vian Theriot, Archie Berwick, Bernard Duhon and Horace Mhire.

ABSENT: None

It was moved by Conway LeBleu and seconded by Archie Berwick and duly carried that the ballot boxes used at the election for the levying of a two (2) mill tax to run ten (10) years be opened, the ballots examined and counted in number and amount, returns convassed and the results announced, which actions were performed.

It was moved by Bernard Duhon and seconded by Horace Mhire and duly carried that a proces verbal in substantially the form set forth below be made of these proceedings and filed as provided in L.R.S. 39:516 and that a certified copy of same be published to give public notice of the result of the said election.

PROCES VERBAL
POLICE JURY OF CAMERON PARISH, LOUISIANA

BE IT KNOWN THAT the Police Jury of Cameron Parish, Louisiana convened in special and open session at 10:00 o'clock A.M. at the regular meeting place of said Police Jury at Cameron, Louisiana, on the 16th day of March, 1960, as advertised in notices of election, with the following members present and taking part: Eraste Hebert, Conway LeBleu, Vian Theriot, Archie Berwick, Bernard Duhon and Horace Mhire.

The said Police Jury, in the presence of the undersigned witnesses and members of the general public present, did open the ballot boxes used at the special election held in Cameron Parish, Louisiana on the 15th day of March, 1960, to submit to the voters thereat, the following proposition:

Proposition to levy a special tax of two (2) mills on the dollar of the assessed valuation on all property subject to State taxation within Cameron Parish, Louisiana for a period of ten (10) years beginning with the year 1960, for the purpose of acquiring sites and erecting buildings thereon or additions thereto, including furniture, fixtures and equipment, for public library purposes, and maintaining and supporting the Cameron Parish Public Library and its branches.

And said Police Jury did examine and count the ballots in number and amount, examine and canvass the returns precinct by precinct, and did tabulate the results as shown. And after such count, examination and tabulation, it was found that the totals for all the precincts were 397 votes, representing assessed valuation of property in the amount of $667,269.72, cast FOR the said proposition, and 83 votes, representing assessed valuation of property in the amount of $130,404.50, cast AGAINST the said proposition.

Therefore, there being a majority of 314 in number of votes and a majority of $536,856.22 in property assessment valuation IN FAVOR of the said proposition, the said Police Jury of Cameron Parish, Louisiana did publicly proclaim that the aforesaid proposition was duly carried and that the said special tax levy has been duly authorized in the manner and form provided by the Constitution and Laws of the State of Louisiana, and by these presents make such public announcement.

THUS DONE and SIGNED in the presence of the witnesses who sign hereto, as well as in the presence of the members of the public who were present, by the undersigned members of the said Police Jury of Cameron Parish, Louisiana, all of whom were personally present and acting in the aforesaid proceedings, on this 16th day of March, 1960.

LOWER CAMERON HOSPITAL SERVICE DISTRICT
CAMERON PARISH
STATE OF LOUISIANA
HOSPITAL SERVICE DISTRICT BONDS

The Commissioners of Lower Cameron Hospital Service District, Cameron Parish, Louisiana, will receive sealed bids for $350,000 of Hospital Service District Bonds of the said District, on or before Eleven o'clock A.M., on the 5th day of May, 1960, when the bids will be opened and considered. Bids will be opened at the Police Jury Room in the Courthouse of Cameron Parish, Louisiana. Mailed bids should be addressed to Dr. C. W. Clark, Cameron, Louisiana.

The bonds will be coupon bonds, payable to bearer, dated April 1, 1960, of the denomination of $1,000 each and will mature serially on April 1 of each year as follows:

YEAR	AMOUNT
1961	$ 8,000
1962	9,000
1963	10,000
1964	11,000
1965	12,000
1966	13,000
1967	14,000
1968	15,000
1969	16,000
1970	17,000
1971	18,000
1972	19,000
1973	20,000
1974	21,000
1975	22,000
1976	23,000
1977	24,000
1978	25,000
1979	26,000
1980	27,000

Interest will be payable April 1, 1961 and semi-annually thereafter on October 1 and April 1. Both principal of and interest on the bonds will be payable at the Calcasieu-Marine National Bank, Lake Charles, Louisiana, or, at the option of the holder, at the Hibernia National Bank in New Orleans at New Orleans, Louisiana.

No proposal for less than all of the bonds or for less than par and accrued interest to the date of payment therefor will be considered. Bidders are invited to name the interest rate or rates, with the interest rate or rates named not to exceed six per centum (6%) per annum in any one year, and with the average rate not to exceed five per centum (5%) per annum computed over the life of the issue. All bonds maturing on the same date must bear interest at the same cumulative rate, and each bidder must specify in his bid the amount and maturities of the bonds of each rate. Split interest rates may be bid, but the total interest rate payable in any one year must be shown correctly as part of the bid. The difference between the largest amount of principal and interest payable in any one year and the smallest amount of principal and interest payable in any one year may not exceed three per cent (3%) of the total authorized issue. The bonds will be awarded to the bidder offering to purchase the bonds at the lowest interest cost to the District, such cost to be determined by deducting the total amount of any premium bid from the aggregate amount of interest upon all of the bonds from their date until their respective maturities.

Each bid must be accompanied by a certified or cashier's check for three per cent (3%) of the par value of the bonds, drawn to the order of the Lower Cameron Hospital Service District. Checks of the unsuccessful bidders will be returned immediately. Check of the successful bidder will be held until the bonds are delivered and paid for. In case the successful bidder does not comply with his bid, the check will be forfeited as liquidated damages. The bonds are expected to be delivered on or before June 1, 1960.

The bonds are to be issued to provide funds for the purpose of purchasing and acquiring lands and purchasing, acquiring, constructing and maintaining hospitals, nurses' homes, physicians' and dentists' offices, laboratories and other physical facilities necessary to provide proper hospital service in the Lower Cameron Hospital District, and have been authorized at an election by property tax payers qualified to vote in said election held September 26, 1959. The bonds recite that they are authorized by and issued in conformity with the requirements of the Constitution and statutes of the State of Louisiana. The faith and credit of the District are pledged to the payment of the bonds, and the District is authorized and required to impose and collect annually a tax on all the property subject to taxation by the District, sufficient in amount to pay the interest semi-annually, and the principal falling due each year.

The usual closing papers and printed bonds, together with the approving opinion of Messrs. Wood, King, Dawson & Logan of New York City will be furnished to the purchaser of the bonds at the expense of the Lower Cameron Hospital Service District.

The right is reserved to reject any and all bids and to waive any irregularities in any of said bids.

Edison R. Mhire
Chairman, Lower Cameron Hospital Service District, Cameron Parish, Louisiana.
Cecil W. Clark, M.D.
Secretary, Lower Cameron Hospital Service District, Cameron Parish, Louisiana.

Run: April 8, 15, 22, 29

SCHOOL BOARD LEGAL NOTICES

ADVERTISEMENT FOR BIDS FOR LEASING LANDS OF CAMERON PARISH SCHOOL BOARD

By authority of and in conformity with the laws of the State of Louisiana, separate sealed bids will be received at the office of the Cameron Parish School Board at Cameron, Louisiana, on or before the second (2nd) day of May, 1960, at ten-thirty (10:30) o'clock A.M., for the leasing of sulphur, potash, oil, gas and other liquid or gaseous hydrocarbon mineral rights, on and to the following described tract situated in the Parish of Cameron, State of Louisiana, to-wit:

All of Section 16, Township 15 South, Range 7 West, Cameron Parish, Louisiana, containing 22.46 acres, more or less.

All bids to offer a cash bonus for a lease having a primary term which shall not exceed three years. Minimum royalties shall be one-sixth (1/6) of all oil produced and saved; one-sixth (1/6) of all gas produced and saved or utilized; Two dollars ($2.00) for each long ton of sulphur produced and saved; Twenty-five cents ($.25) for each ton of potash produced and saved; and one-sixth (1/6) of all other liquid or gaseous hydrocarbon minerals produced and saved.

Lessee must agree to drill within one year, or pay annual rental of not less than one-half the amount of the cash bonus for the right to defer drilling for a primary term which cannot exceed three (3) years from the date of contract, and to drill offset wells when necessary to protect the Board's interest.

Lessee shall not have the right to enter into pooling or unitization agreements with respect to the development of the leased premises without the consent and approval of the lessor.

Certified check payable to the Cameron Parish School Board for the full amount of the cash bonus shall be company and be deposited with each bid, and no bid shall be withdrawn or cancelled when deposited; and the cash bonus thus deposited shall be forfeited to the Cameron Parish School Board by the successful bidder in the event said bidder does not enter into written contract.

The right is reserved to reject any and all bids and to grant a lease on any portion of the tracts advertised for a price not less than proportionate to the best bid offered for the lease on the entire tract.

The lease to be granted shall be subject to approval of the State Mineral Board, and if not approved and countersigned by the duly authorized officer of the State Mineral Board, shall be null, void and of no effect.

FARMERS TAKE ADVANTAGE OF GOOD WEATHER

By BERNICE STEWART

The farmers and gardeners are taking advantage of this beautiful weather. Even the most prosaic of us continue to marvel at how the brown of winter was so suddenly transformed into the green of spring.

The Rev. J. F. Paradis, assistant pastor of Lowery and Hayes Catholic churches, relates this interesting incident: On Sunday the twin son and daughter, James Loveless and Janice Marie, born to Mr. and Mrs. Loveless Joseph Monceaux of the Illinois Plant on March 26, were christened.

Sponsors of the infants were Jesse Lee Hebert and Jessie Lou Hebert also twins, of Gueydan.

The Bishop's Drive, being sponsored by the Lowery Catholic Church, will continue through April 30.

Collecting for it are Mrs. Austin Abshire, Sr., Mrs. Wallace Sonnier, and Mr. and Mrs. Vernice Marceaux. Proceeds will go to the furnishing of the Home for the Aged in New Iberia. If individuals donate a sufficient amount of money their names will be placed on a donors' roll in the building itself.

On Friday Mrs. Austin Abshire, sr., visited her niece, Miss Beverly LeJeune, in Our Lady of Lourdes Hospital in Lafayette.

On Sunday afternoon a double surprise shower was given by Mrs. Walter Dugas. It was a stork shower for Mrs. Roland Gary and a bridal shower for Miss Juanita Dugas. Each honoree thought that she was attending a shower for the other.

Refreshments of cake and punch were served to about twenty guests.

* * *

ON SATURDAY afternoon little Debbie Potter, daughter of the Ralph Potters, was honored on her fifth birthday when her home became the setting for a party to which over sixty guests came.

An Easter-egg hunt was enjoyed by the children. Bonnie Bertrand won the prize as finder of the prize egg.

A white cake trimmed in pink and green stood in the center of the serving table. A rabbit in a nest of eggs was at each end.

Mrs. D. A. Hardee, second grade teacher in the Lake Arthur High School, was ours several days last week, having stuck a nail in her foot.

Alan, six-year-old son of Mr. and Mrs. Bernard Hartwell, has been on the sick list recently. Alan is being fitted with glasses also.

Mr. and Mrs. Arceneaux Baudoin and their daughter, Carolyn, spent Sunday in Creole with the Thomas Duhons.

Mrs. Frank Vaughan of Grand Chenier is spending the week on the J. A. Stewart home, while her sister, Mrs. J. L. Parker, is in the Baptist Hospital in Beaumont, Texas, with their brother, Marvin Stewart, who is awaiting brain surgery.

On Sunday Frank Vaughan, Stephen Stewart, Glenn Stewart, Mr. and Mrs. Alton Lyons drove to Beaumont to visit Marvin. Jeff Densmore of here has also gone to see him.

Several 4-H club members from here went to Achievement Day in Lacassine Saturday. Accompanying them were Mrs. Bernice Stewart and Sam Beazer, club sponsors, and Mrs. Maple Hughes.

Rice planting in full swing

By MRS. TOM TAYLOR

Rice planting this week, seem to be in full swing. Isn't spring a wonderful season of the year, with plowshares deep in fertile loam making ready the soil for precious seeds to burst forth with newness of life.

The George Nunezs have moved their house a short distance from where it was formerly located and they are busy remodeling and painting.

Mrs. M. Walding, member of the Creole Baptist Church attended the vacation Bible School which was held at the First Baptist Church in Sulphur last Tuesday.

Mr. and Mrs. Placid Chesson of Lake Charles enjoyed Sunday dinner with her sister Mrs. Tom Taylor.

Odelon Duhon who was hospitalized last week at St. Patrick is reported to be seriously ill.

Mrs. Mervin Chesson, who was recently hospitalized at St. Patrick's is now at her parents, the Claude Eaglesons, where she will remain during her convalescence.

For the past several years, Mrs. M. Walding, Mrs. Eraste Hebert, and Mrs. Tom Taylor have faithfully observed one another's birthday with gifts and a get-together party. Last week Mrs. Hebert was honoree at party. A homebaked pineapple cake and coffee enjoyed by group. Mr. Hebert and son Herbert, and Edmond Helms arrived in time to join the party.

Mrs. Samuel Doland of Grand Chenier was a recent visitor in the home of her daughter the Max Johnston.

Those enjoying supper with the M. Waldings Sunday night were: their daughter and family the Boyd Faulks of Groves, Texas and Mr. and Mrs. Gayle Stewart and son Edward.

LAST SUNDAY MR. AND Mrs. Eraste Billideaux and family of Lake Charles, Mr. and Mrs. Clifton Damary and family of Lacassine and Mr. and Mrs. Whitney Fusilier of Welsh met with the Raymond Fusiliers and went trolling on the Gulf. The Gulf was rather rough, and the catch of shrimps did not come up to expectations. However, the catch was sufficient for their picnic, which they enjoyed on the beach near the mouth of the Mermentau river.

Those from Sweet Lake attending the schooling for commissioners of the general election at the Cameron court house Monday were: Mrs. McKinley Broussard, Mrs. Dupre Guidry, Mrs. Chas. Hebert, and Mrs. Chas. Precht Sr.

Monday was quite a busy day for Mrs. Hebert and Mrs. Precht, after attending this schooling they returned home and in the afternoon they drove back to Cameron to attend the Library Board Meeting which was held at 4 p.m.

In many areas a corsage is given to the eldest and the youngest mother attending morning worship on Mother's Day. This year the Sweet Lake Methodist Church will use a different plan. Each person attending a regular worship service during April, regardless of their church membership, may vote for the mother of their choice. The mother receiving the most votes will be announced on Mother's Day, and will be honored with a certificate, corsage and gifts, and declared "Methodist Mother" for 1960.

Mr. and Mrs. Leroy Louviere and family of Thornwell were visitors in the home of her parents the John Taylors, last Sunday.

Thought for the week:

He that will often put eternity and the world before him, and will dare to look steadfastly at both of them, will find that the more he contemplates them, the former will grow greater and the latter less. - Colton

Mrs. LeBleu is honored by FHA

Mrs. Virgie LeBleu, long associated with the Future Homemakers of American work in Cameron parish high schools, was honored with a "This is Your Life" program at the 10th annual parish FHA meeting Saturday at South Cameron high school.

Numerous teachers, friends, relatives and students came forward to greet Mrs. LeBleu and tell how she had influenced their lives.

A plaque, in recognition of Mrs. LeBleu's work with the FHA, was presented to her by Lucille Miller, out-going parish FHA president.

Parish officers elected for the 1960-61 school term were: Ernestine Colligan, Hackberry, president; Marie Lannin, Grand Lake, vice-president; Juanita Johnson, Hackberry, secretary; Florence Kyle, Hackberry, treasurer; Debbie LaBove, Grand Lake, parliamentarian; Carolyn Montie, South Cameron, historian; Elora Domingue, South Cameron, reporter; and Brenda Picou, South Cameron, song leader.

Jackie Burleigh received an award for winning the Cameron parish yam baking contest, and receiving Betty Crocker Homemakers of Tomorrow awards were Lucille Miller of South Cameron and Dolores East of Hackberry.

Others on the program were: Susan Wall, invocation; Avita LaBove and Principal U. W. Dickerson, welcome; Sylvia Young, response; Carolyn Montie, reading of minutes; Martha Renfro and Marie Lannin, devotional; a skit by South Cameron.

Who's Who by Pat Murphy, Renie Becnel, Brenda Kershaw, Linda Kershaw and Geneva Swallow of Hackberry; style show, narrated by Juanita Johnson; a relaxer by Kathryn LeBlanc, Loretta Duval, Loretta Colligan and Shirley Dulaney of Hackberry.

DAVIS CARRIES PARISH 11 - 1

In a surprisingly large turnout for a general election, Cameron parish voters Tuesday once again affirmed their liking for Jimmie H. Davis as governor by giving him almost a 11-1 margin over Republican candidate Francis Grevemberg.

The vote was 1164 for Davis and 109 for Grevemberg.

State's Right candidate Kent Courtney got only two votes in the parish and write-in candidate William Clark got none.

Some 1154 persons voted in the general election, or a little less than half of the 2538 who voted in the Democratic second primary in January.

The Democrats led in every race, with the Republicans bringing up very weak second and third places.

Complete returns from the parish's 10 precincts show:

For lieutenantgovernor: Aycock 1133, Boardman 64, Phelps 2.

For attorney general: Gremillion 1133, Stracener 56.

For comptroller: Theriot 1130, Clark 57.

For superintendent of education: Jackson 1133, Emerich 57.

For register of state lands: Moore 1133, Slagel 58.

For custodian of voting machines: Fowler 1120, Porter 58.

The state constitutional amendment was approved 108 to 43.

NEW SUBSCRIBERS added to our mailing list this week in the subscription drive include:

Mrs. Charles Boudreaux, Garland Boudreaux, Mrs. Joe Miller, Joe Shore, all of Creole; Ellen LaBove of Cameron; and Mrs. Thurmond Koppie of Johnson Bayou.

PAR official says La. not keeping pace

Although Louisiana is one of the wealthest states in the nation in natural resources, its economy is not keeping pace with the rest of the nation.

That was the startling fact brought out by Edward J. Stelmel, executive director of the Public Affairs Research Council, at the Cameron Lions Club ladies night banquet Monday at Fred's.

The speaker blamed the state government for holding back the state's growth. He emphasised that he was not talking about the present administration or legislature--but the system as a whole which has developed over a period of many years.

The chief fault that he found with the state government is of the heavy concentration of power in the hands of the governor.

He described the activities of PAR as a "fact-finding" agency. "We can do nothing but report the facts and hope that an informed citizenry will act," he said.

ATTENDANCE AWARDS were presented to Rodney Guilbeau, Ashburn Roux, Edison Mhire and Roland Trosclair, one year; and J. L. Derouen, Hadley Fontenot, E. J. Dronet and E. W. Swindell, 5 years.

International Lions Director Alcee Maxfield of Lake Charles urged members to attend the international board meeting in New Orleans, May 10-12, and District Governor George Walthers told about the state convention in Lake Charles May 13-15.

The South Cameron band under the direction of Raymond Sibley played for the Lions and guests.

Joe Doxey was master of ceremonies and Father Eugene Senneville gave the invocation and benediction.

Cameron resources book is published

A 113-page book on the resources and facilities of Cameron parish has just been published by the Louisiana Department of Public Works and the Cameron Parish Development board, said 2500 copies of the book will be distributed to schools, Chamber of Commerces, libraries and persons interested in Cameron parish.

A similar resources book on the parish was published in 1947. The new books lists the accomplishments achieved in the parish since then.

The book's material was gathered and written by local committees which were appointed nearly a year ago by Mr. Doxey. These included:

Archie Hollister, history; Hadley Fontenot, agriculture; Clark M. Hoffpauir, and Robert H. Chabreck, wildlife; J. W. Doxey, minerals; J. W. Doxey and Alvin Dyson, water; Mrs. Hadley Fontenot, population; Charles Hebert and J. Berton Daigle, housing and real estate.

Dr. G. Vasquez, Dr. Cecil Clark, Dr. Stephen Carter and Dr. George Dix, health and medicine; U. E. Hackett, education; Conway LeBleu, recreation and institution; J. W. Doxey, transportation; Jerry Wise, communication.

O. B. Carter, fuel; J. S. Robins and Mrs. Emily Theriot, power; J. W. Doxey, industry; J. A. Davis and Frankie Henry, business; James Derouen, Sibil McCall, and Dorothy Doxey, finance; J. W. Doxey, civil defense; Lelie Richard, maps and charts.

Members of the development board, in addition to Chariman Doxey are Conway LeBleu, Frankie Henry, Dalton Richard, Hadley Fontenot, E. W. Swindell, Eraste Hebert and U. E. Hackett.

* * *

IN ADDITION TO outlining the resources of the parish, the development board makes a number of recommendations for the improvement of the parish.

These include the following:

* That the Mermentau River be deepened to 12-15 feet into the Gulf.

* That the parish plan for dock and harbor terminal service.

* That extended research work be done on increasing the muskrat population and controling the nutria population.

* That research be carried out to find some way of controling the horse fly and mosquito, which plague the cattle industry.

* That the citrus industry and truck farming be promoted in the parish.

* That a local savings and loan association be established in Cameron Parish.

* That a bridge be constructed across the Lake Charles ship channel at Cameron.

* That a road be constructed from Cameron running north to Grand Lake along the banks of Calcasieu Lake.

* That a good water and sewerage system be built for the town of Cameron.

Postal schedule studied by Lions

The Cameron Lions Club has invited a representative of the U. S. postal department to meet with the club at its noon luncheon next Wednesday to discuss the new mail schedule that went into effect recently.

The club had previously requested the post office department to keep the Cameron schedule as before, since it was understood that the new schedule would mean a later mail delivery in Cameron.

James Derouen, manager of the Calcasieu Marine Bank here, and Tom Steed, local shrimp dealer, who had voiced opposition to the new schedule said they had been contacted by postal authorities and were now relatively satisfied with the new schedule.

They said that the mail was only about 30 minutes later than before.

However, Mr. Derouen suggested that Cameron could get its mail even earlier if the it out of Lake Charles were to come to Cameron first before going to Grand Chenier. He said that since the bulk of the mail came to Cameron, this would mean earlier mail service for more people.

THE FOLLOWING members were nominated for Lions club officers:

Dr. Cecil Clark, president; Harold Cooling, Ray Champagne and J. Berton Daigle, vice-presidents; James Derouen, tail twister; Rodney Guilbeau, Lion tamer; and Ray Dimas, secretary-treasurer.

Nominated for two-year board of directors, three to be elected, were: Larry Dyson, Alvin Dyson, Joe Rutherford, Wakefield Erbelding, Ulrick Hackett, J. B. Jones, Walter Stanley and Jerry Wise.

In reply to a letter written about the drainage problem in the town of Cameron, the police jury referred the club to the Drainage District No. 3 board composed of James S. Henry, president; J. A. Davis, Gabriel Richwd, Rupert M. Doxey and Valin J. Theriot.

Deepening of ship channel approved by US engineers

Of vital importance to Cameron parish was the announcement last week that the deepening of the Lake Charles ship channel from 35 to 40 feet has been recommended by the district engineer of the U. S. Army Corps of Engineers.

Bills have already been introduced in Congress to appropriate funds in this session to finance the project, estimated to cost $16,992,000.

The ship channel, which splits Cameron parish in two, does not serve the parish directly, but has in recent years given local leaders numberous headaches.

One of these has to do with the erosion of the channel's banks in the Hackberry area. When the original channel was built, Cameron parish agreed "to hold the federal government free of all damages" caused by the channel. In the last year or so, this has resulted in several damage suits being filed against the parish for erosion damage--one of which the parish has lost in court.

Another problem has been the silting up of Big Lake with the spoils dredged from the ship channel in order to maintain its depth. State Rep. Alvin Dyson is planning to introduce a bill in the May session of the state legislature to appropriate money to build a dike to keep these spoils out of the lake.

* * *

ANNOUNCEMENT that engineers are recommending the channel deepening was made Saturday by Maj. Gen. W. A. Carter of Vicksburg, division engineer for the Louisiana-Mississippi valley division.

The recommendation will be considered by the board of engineers for the Rivers and Harbors Dist. in Washington on May 5.

A request for a 40-foot channel was made in 1955 and hearings were subsequently held. On April 7, 1959, the district engineer recommended continuance of the present 35-feet-deep by 250-feet wide channel from Cameron to the foot of Lake Charles and extension of the channel up the Calcasieu River to U.S. Highway 90 bridge just west of the city.

Denial of the 40-foot channel was based on the opinion that its deepening was not economically justified.

Since then, members of the Lake Charles Harbor and Terminal District and industries have repeated the request and a local delegation appeared before the engineers last July.

They asserted that the original findings of the district engineer were based on 1955 volume of traffic and that traffic had greatly increased in the past five years.

Briefs stating that the channel is too shallow for supertankers to take on full loads were also entered by several industries of the area.

* * *

THE PROJECT was resubmitted to the district engineer and the new study has been followed by the recommendation for a 40-foot channel from the Lake Charles Port to Cameron, some 34 miles, and an increase in the channel width from 250 to 400 feet, except for a three mile area in the Hackberry oil fields vicinity where a 230-foot width would be maintained.

The new report recommends federal maintenance of a 12-by-200-foot channel on the old Calcasieu River that passes by Cameron, which recommendation was also included in the original report.

In this recommendation for the deeper and wider channel, the district engineer recommended local cooperation in providing without cost to the federal government all lands, rights-of-way and spoil disposal areas necessary for construction of the project, to hold the federal government free of all damages to oyster beds, salt water intrusion and bank erosion and to accomplish without expense to the federal government such alterations that might be required on pipelines, oil wells, cables, wharves and other facilities that might have to be relocated to provide for deepening and widening the channel.

KC fishing rodeo to here

Another deep sea fishing rodeo has been scheduled for Cameron--the third this year.

The new one is the Knights of Columbus State Council rodeo to be held here Saturday and Sunday, July 9 and 10. Other fishing events coming up soon are the YMBC rodeo on April 30 and May 1, and the Southwest Louisiana Tarpon rodeo on the Fourth of July weekend.

General Chairman in Cameron of the KC rodeo is Whitney J. Broussard, Sr., a past Grand Knight of Cameron Council 3014. At the council's meeting last Thursday he was named "Knight of the Month" for spearheading a drive in Our Lady Star of the Sea Parish to purchase an automobile for Father Eugene Senneville, pastor.

Members of the parish gave more than $2,000 for the car.

A film on closed retreats was shown the members, and a talk was made by Dr. W. J. Brulet, Diocesan chairman of the diocese of Lafayette.

Hilaire Hebert, James A. Colligan, and Warner D. Daigle were welcomed as new third degree members of the council. They were presented each a membership pin and certificate by Grand Knight Berton Daigle.

The members sponsored an Easter Egg Hunt at the churches of Cameron, Creole, and Grand Chenier Easter Sunday.

Linton Landry, youth chairman, announced that plans are being made to sponsor a teenage dance at the K. of C. Home sometime in May, the exact date to be announced later.

Masses for the deceased members of the council will be offered at the Cameron, Creole, and Grand Chenier churches on Sunday, April 24.

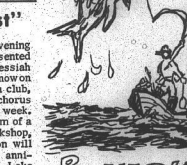
Other guests at the meeting was Charles C. Jaubert, Past State Deputy, B. P. Babineaux, Past Grand Knight, and Joseph Babineaux of Lake Charles.

Present "Faust"

Tickets for "An Evening with Faust" to be presented by the Lake Charles Messiah Chorus April 28-29 are now on sale through the Altruse club. Dr. Francis G. Bulber, chorus director announced this week.

Presented in the form of a Community Opera Workshop, the Gound composition will further mark the 20th anniversary year of the Lake Charles Messiah chorus, a project of McNeese State College.

"Faust" performances will take place in Lake Charles high school auditorium both nights at 8:15 p.m. Pre-performance sale of tickets, priced at $1.25 for adults and 65 cents for students and servicemen, is undertaken by the Altruses to assist the chorus executive council in staging the opera.



Rodeo Dates are reported

The 11th annual Louisiana High School Championship Rodeo will be held in Sulphur June 15, 16, 17, and 18. This activity is sponsored by the Sulphur High FFA Chapter.

Bill Lawton, president of the association states that $2500 worth of prizes will be awarded to the first, second, third and fourth place winners in each event. The events that contestants may enter are: Boys-Bareback Bronc Riding, Cutting Horse Contest, Bull Riding, Steer Dogging, and Calf Tie Down; Girls-Pole Bending, Barrel Racing, Cutting Horse Contest, Break-Away Roping and Queen Contest.

All entry blanks must be mailed back by May 26, 1960 to John D. Vallot, Box 345, Sulphur. Only boys and girls of high school age in 9th, 10th, 11th, or 12th grades are eligible to take part in the rodeo.

The first three placings in each event will be eligible to compete in the National Rodeo at Hot Springs, South Dakota.

Better I should go out and eat a few worms! It happened again! Harvey Lee Spruill killed himself a big gobbler just after I gave up the battle and came home.

We hunted together the first four days of the seven day season in Madison and Tensas, and got nary a shot. Then he went back on the final day and did the dirty deed.

Not that it was unexpected, because I had predicted as much. But it did not have to be such a tremendous gobbler- just a shade under 22 pounds; and he didn't have to kill him in the EXACT location where we had hunted.

Wild Life Commission statistics reveal what most turkey hunters already knew, that this season wasn't as good as last year's. The state total thus far is 129 gobblers killed, broken down geographically as follows: Morehouse 7; Madison 15; Tensas 10; East Feliciana 35; St. Helena 32; and Livingston 17. A late spring reduced the gobbler activity, saving most of them for next year.

A Commission release has confirmed what was already common knowledge--that the Urania Lumber Company has chosen not to renew the Commission lease on the Grant-Rapides game management area.

A squirrel reseach program had been carried out on the areas for the past three years, but was still two years short of completion. While the loss of Grant-Rapides, where as fine deer herd has been established during the ten years of the lease, is regretable, it is another example of the short-sighted policies that have characterized many phases of our wildlife department's operation.

THE PILOT inadvertently got the identifications switched on the pictures of two servicemen in last week's paper. Here they are correctly identified. In the top photo is Pvt. Howard W. Dawes, the son of Mrs. Floyd Jackson of Hackberry, who recently completed eight weeks of basic training at Fort Jackson, S.C.

In the bottom photo is Pvt. Charles W. Vincent, son of Mrs. Irene Vincent of Hackberry, who was home recently on a visit from Fort Know, Ky., where he is stationed.

HIGHWAY PROGRESS REPORTED

Two more steps toward better highways in Cameron Parish were announced this week by State Rep. Alvin Dyson. One was the opening of bids on a road project at Klondike; the other, the securing the rights-of-way for the Big Lake road.

Hall-Holland of Montgomery was the low bidder on 6.5 miles of blacktopping in the Klondike area. To be surfaced with state and parish funds are roads running south and west from the old Klondike school.

Mr. Dyson also reports a successful meeting with Grand Lake property owners Wednesday at which some 40 rights-of-way were secured for the blacktopping of the Big Lake road.

The representative said it was hoped that the additional rights-of-way can be secured in time that the project can be put up for bids next month.

To be blacktopped is 7.5 miles of road running from the Sweetlake ferry, through Grand Lake up to Black Bayou, where it would connect with the present hardsurfaced Prien Lake road out of Lake Charles.

This road is to be surfaced with state and federal funds. Mr. Dyson said that officials had been working on this project since 1955.

Cameron News

The First Baptist Church of Cameron will participate in the School of Missions, April 24-29. A mission film will be shown Sunday evening at 7:30 and each weekday evening at 7, one of five missionaries will speak to the congregation.

Labor Wants "A Fair Deal" From Jimmie

BATON ROUGE--His friends say that Victor Bussie, president of the Louisiana State Labor Council (AFL/CIO), "elected" Jimmie Davis.

Bussie (pronounced "BEW-see") will say only that the organization he heads did help to elect Davis.

And in the next breath he emphasizes that organized labor neither wants nor expects any special favors under the new administration.

"All we want," he says, "is what we were promised--a fair deal. We're asking no favors that would take advantage of management--and no favors for management that would take advantage of us."

His general belief seems to be that labor and management, let alone, can work out their own problems.

It was Bussie, it will be recalled, who in mid-campaign cleared Davis of the accusation that Davis had a "secret-deal" with labor. Bussie released a tape recording of the "secret" speech, in which Davis promised only fair treatment. And another tape, in which his accuser-opponent promised "even more than" labor had asked.

The AFL/CIO head sees possible troubles ahead in the next four years, but they will be universal troubles, not peculiar to Louisiana and having nothing to do with legislation.

"Automation," replacing men with with machinery, is the thing he fears.

Just recently, he noted, the state Commerce and Industry board granted a ten-year tax exemption for a huge expansion project by an industry which admitted that it would require no additional employes.

"It's a big and growing problem," he says, "and we don't know the answer. One way, of course, is the shorter work week."

Reminded that one North Louisiana legislator is permanently pledged to keep on introducing a "Right-to-work" bill, Bussie just shrugged.

"I don't believe," he said, "that the Louisiana legislature will ever pass a bill of that type. We had two years of experience with one. It hurt some people and, worst of all, it created a wide feeling of distrust."

Any such dealings, he said again, should be a matter of private negotiations.

"And we are just a strongly opposed," he insisted, "to any law that would force employers to sign up for a union shop."

Bussie says "we" more than "I" in his conversations, making it clear that he is trying to express views of some 120,000 AFL/CIO members, not just his own.

While Vic Bussie emphasizes that he and Jimmie Davis have no agreements, secret or otherwise, he does agree that he and Davis are in agreement on one subject.

Davis left no doubt, in his campaign, as to the low opinion he had of James Hoffa, head of the Teamsters union.

Bussie expresses it simply but forcefully:

"In Louisiana," he says, "Hoffa has no future."

LETTERS TO THE EDITOR

SENDS OLD CAMERON PILOT SUBSCRIPTION RECEIPT

Lake Charles, La.

Dear Editor:

I am enclosing a receipt of my father, Henry Bonsall, to the Pilot in the year of 1897-1898 when John T. Butler was manager.

Here's an incident that happened years ago--I won't mention any names.

There was a farmer on Grand Chenier who had a large flock of chickens that roosted in a large china tree since he had no chicken house. A fellow boasted about how good he could steal chickens and with another friend planned to get him a few.

So about 8 o'clock when everyone was sleepy and ready for bed one of the old hens squawked and the farmer ran and grabbed his gun over the door and fired in the air.

One of the fellows fell off the fence and said "he got me" and the other poor fellow ran about two miles and told the other boys he'd killed his partner.

There wasn't no more hen squawking and no gumbo that night.

Lula B. Sarvaunt

(EDITOR'S NOTE - We're grateful to Mrs. Sarvaunt for sending us the old Pilot receipt for reproducing here. This newspaper was published in Cameron around the turn of the century, and several years ago, we had a framed copy of the first issue published in 1896, which had been given to us by Tom Steed. Unfortunately, this copy was lost in hurricane Audrey.

We are wondering if any of our readers know of any other issues of the old Pilot which are still in existence. We certainly would like to hear from you.)

FOUNDATION RICE PLANTED

By HADLEY FONTENOT
County Agent

Only two farms in Cameron Parish are planting foundation seed rice this year. Clay Eagleson is planting 2,300 pounds of Nato and Wilfred and Phillip Zaumbrecker are planting 300 pounds of La Cross.

The La Cross variety is being increased all over the rice belt in case of an outbreak of the dreaded Hoja Blanca disease. La Cross is the most resistant variety yet produced, according to the Rice Experiment Station at Crowley.

An Earlier Day

Chenier school, circa 1917

This picture shows one of the early schools at Grand Chenier. If memory serves correctly, this one-room school building stood very near the site of the present Catholic Church a mile or two east of the Mermentau Bridge.

The picture must have been made during the first year of America's participation in World War I. A note on the back of the photo states: "Notice the service flag the school made. Every star represents a boy who left from Cameron. The big star is for Joe Doland, being the only one dead." (That is, at the time flag was made. Several other Cameron boys were killed in that effort to make the world safe for democracy.)

At the time this picture was made, there were four schools on Grand Chenier, all one-room institutions. In addition to the school shown, there were the Lindstrom School, located very near the site of the present Grand Chenier Elementary School, the Bonsall School located somewhere in the vicinity of Dennis Bonsall's home, and the Miller school at the east end of the island.

These four were consolidated into one at the beginning of the 1917-1918 school session.

Legislators invited to meet with Bureau

State Representative Alvin Dyson and Senator Guy W. Sockrider will meet with the legislative committee of the Cameron Parish Farm Bureau at 2 p.m., April 29, in Cameron, according to President D. Y. Doland.

The committee will discuss with the legislators farm legislation proposed for the May session of the Louisiana legislature. Committee members are Severin Miller, Berton Daigle, A. P. Welch, Wakefield Erbelding and Hadley Fontenot.

Fishing on the GULF COAST

by Howard Mitcham

GOURMET'S PARADISE

A gourmet doesn't have to search any further than the end of his fork to find out why the Gulf Coast, as far as seafood is concerned, is a real gourmet's paradise. Two simple facts make it obvious: We've got the world's best fish, shrimp, oysters and crabs, and we've got an Indian, French and Spanish background, a glorious combination that has given the world that height of gastronomic pleasure known as Creole Cookery. Creole cooking is more than just a dash of dis and a dab of dat; it's a certain state of mind blended with physical condition. It means sharpened taste buds, mental harmony, gastric readiness, and an orderly functioning liver. It's composed of many things, but mostly it's simple joie de vivre.

One of the greatest products of this gastronomic enthusiasm is redfish courtbouillon. There are a great many ways to make it but one of the best recipes that we have run into was furnished us by the noble organization "The Ancient Order of Creole Gourmets," whose headquarters are at New Iberia, Louisiana. Here's how it goes:

REDFISH COURTBOULLION
(Serves 12 ordinary people or 6 gourmets)

The fish: You can use any firm-fleshed fish such as sheepshead or gaspergou but the redfish gave this dish its name and is the best fish for making it. Chop the fish in 2-inch cross sections (keeping the bones for the marrow taste), and season it with salt, red and black pepper.

10 lbs. red fish
1 No. 2 can tomatoes
1 can tomato paste
3/4-cup olive oil or fat
1 cup flour
3 cups chopped onions
4 cloves chopped garlic
1/4-cup chopped celery
2 lemons, sliced
3 bay leaves
1 tsp. thyme and allspice
1 chopped green pepper
1 four-oz. can button mushrooms
Salt, black and red pepper to taste
6 tbsps. chopped parsley
1 cup claret or burgundy

Place olive oil or fat in dutch oven or cast iron pot. When hot, add flour and stir over low heat to make dark brown "roux" (The roux is the basic overture of most creole cookery; it's really a sort of gravy). Next put in tomatoes and tomatoe paste, stirring occasionally, and let it cook until oil is seen to rise to the surface and the mixture is a smooth pulp. Stir in 2 1/2 quarts of water, add seasoned fish, lemon slices, garlic, celery, bay leaves, thyme, allspice and green pepper. Let mixture come to boil for 15 minutes; lower heat and let simmer for 20 minutes, or until fish is tender and liquid is the consistency of medium gravy.

Twenty minutes before serving, stir in the mushrooms and season to taste with salt, peppers and pepper sauce. Add the wine at the last moment. Serve the courtbouillon and sauce on steamed rice and garnish with the chopped parsley. The one that gets the greasiest chin is the biggest gourmet. Wash it down with dry claret or burgundy, and top it off with benedictine or chartreuse and a cup of strong French coffee.

CORVAIR BY CHEVROLET DRIVE IT! GET OUR DEAL!!!!

A pair of Corvairs recently recorded 27.03 and 26.21 miles per gallon in the 2,061.4-mile Mobilgas Economy Run. That's certified proof that Corvair skimps on gas costs. It saves other ways, too. Corvair is the only U. S. compact car that never needs antifreeze or costly radiator repairs. Come in and drive the compact car that outdoes them all.

Things Corvair gives you that America's other compact cars can't:

Practically flat floor . . . real foot room for the man in the middle. **Fold-down rear seat** gives 17.6 cu. ft. of extra storage space. **Four-wheel independent suspension** for a smoother, flatter ride. **Rear-engine traction** . . . that comes with the engine's weight bearing down on the rear wheels.

You probably realize already that the mileage figures Corvairs recorded in the Mobilgas Run are higher than the average driver can expect. But because the cars met every kind of driving condition—rugged mountain grades, long country straightaways, congested city traffic—those mileage figures prove Corvair's inherent ability to save. Easter unites many families

By BERNICE STEWART

Another Easter season has come and gone with its egg-hunts for the children and its family reunions for all.

Spending Easter Sunday with the P. J. Woods were their daughters and their families, the Louis Trahans, Jr., and the Vernice Marceaux's.

Guests of Mr. and Mrs. Louis Trahan, Sr., on Easter day, were Mr. and Mrs. Eusebe Freyou and children of Lake Charles and Mr. and Mrs. Oney Manuel and children of Iota.

After dinner the Trahans and their guests drove to Iota to see their newest grandson, Vince Trahan, born April 10, son of Mr. and Mrs. Richard Trahan.

On Tuesday afternoon Mr. and Mrs. Louis Trahan, Jr., drove to Iota to the baptism of little Vince Trahan, their nephew. Louis served as sponsor.

Guests of Mr. and Mrs. Paul Sonnier on Sunday were their children and grandchildren: Mr. and Mrs. Howard Sonnier and daughters of Jennings; Leonard Sonnier, who is attending the Catholic Seminary in Lafayette; Mr. and Mrs. Russell O'Blanc of Brenda and Jimmy of Lake Charles; Mr. and Mrs. Russell LeDoux, Joey, Michael, and Claudia of Patterson; Mr. and Mrs. Raymie Sonnier, Henry, Robert, Billy, Jacqueline, and Jeanine of Jennings.

Enjoying a fish supper at the Curley Cormiers on Friday night were Mr. and Mrs. Emery Dugas of Lake Arthur and Mr. and Mrs. Lionel Cormier and Susan of Jennings.

Spending Sunday with Mr. and Mrs. Wallace Broussard were Mr. and Mrs. Kenneth Thibodeaux and children, Greg, Alice, and Ray of Thornwell.

Mr. and Mrs. Jesse Lanthier and Mr. and Mrs. Joe LaCombe drove to Crowley Monday to join Ebra Mire. From there they went to Ville Platte to attend the funeral of Mrs. LaCombe's godfather.

On Saturday Mr. and Mrs. George Klein and Mrs. Percy David drove to Iota, where Mrs. Noah LeDoux's body lay at the Iota Funeral Home.

Mrs. Ferdie Boudreaux has been ill in the American Legion Hospital in Jennings.

* * *

MONDAY Mrs. Leo Sonnier attended the funeral of her sister, Mrs. Noah LeDoux of Lake Charles. The funeral was held in the Mowata Catholic Church.

Also attending the funeral were Mr. and Mrs. Howard Sonnier, Cheryl, Sandra, and Johnny, Nuffy Sonnier, and Mr. and Mrs. George Klein.

Ronny Sonnier, son of the Nuffy Sonniers, has been ill for a week with asthma.

Thursday, Ronald David hauled his airplane to Lake Charles. High winds a few weeks ago had struck the Hughes' Farm where it was placed and had battered it to the extent that it was rated a total loss.

Percy David and sons, Ronald and Cecil, are fixing levees on their farms so as to flood the land in order to plant.

Joe LaCombe states that his rice is coming up nicely.

Planting continues hereabout. The whole machinery of farm living quickens to keep pace with the fast moving of the spring season.

Norris Moore of Cameron dies suddenly

Norris Moore, 48, a lifelong resident of Cameron died of a heart attack April 13, about 2:30 p.m. enroute to a Lake Charles hospital.

Father Joseph Landy officiated at the services. Burial was in the Combre Memorial Park.

He is survived by his mother, Mrs. Ida Moore; one son, Morris Moore; three brothers, Woodrow, Steve and Willie Moore all of Cameron; one sister, Mrs. Bessie Rankin of Lake Charles. His wife and two daughters preceded him in death almost 3 years ago in Hurricane Audrey.

Easter is observed by local churches

By MRS. LEE J. HARRISON

Sunrise service was held in the Church of God in Christ at Grand Chenier, Sunday. Special guests were Mr. and Mrs. Romalice Brown of Leesville. Mr. Brown sang a solo, after which the pastor, Rev. J. B. Freeman, delivered the sermon.

"The Crucifixion", was presented by members of the Sunshine Band in the Macedonia Baptist church Friday night. Mrs. Althea Bishop was in charge.

Sunrise service was held in the Macedonia church Sunday morning. Rev. Henry Van Dyke, the pastor, delivered the sermon. Sunday at 1 p.m. an Easter program was presented with Mrs. Bishop as director.

The Youth Church and Sunshine Band presented the Easter program Sunday morning in the Ebenezer Baptist church. The groups sang several songs pertaining to Easter. The Sunshine Band recited poems in connection with the Easter season. There were two readings, "The Legend of the Cross", by Miss Julia Ann Bartie and "The Resurrection of Jesus" by Philip Andrews. Miss Carol Mae LeBlanc sang a solo.

After the program, Rev. S. D. Breaux of Lake Charles, was guest speaker at the 11 a.m. service. Guests were Mrs. S. D. Breaux and Mrs. Dixon of Lake Charles and Rev. Breaux's mother of New Orleans.

School of Missions to be taught at Johnson B. church

A school of missions will be conducted next week at the Johnson Bayou Baptist church with classes beginning each evening at 6:45.

The adults will be studying "The Holy Spirit in Missions", taught by Mrs. M. C. Johnson; the Intermediates, "A Path of Light", taught by Kenneth McRight; the Juniors, "For You", taught by Miss Millie Ruth Pace; and the Primaries and Beginners, "Jesus is My Friend", taught by Mrs. Sully LeNormand.

At 7:30 each evening, the following speakers will bring the missionary message: Sunday - Rev. Don Covington, district secretary in Texas; Monday - Miss Lancaster, missionary to Japan; Tuesday - Thomas Lee, Home Mission Board worker will speak about Baptist work in the Canal Zone; Wednesday - Rev. Abe Smith of Freeport, Texas, will speak on Baptist work among the Spanish speaking on Jamaica; and on Friday night, a film will be shown on foreign mission work.

The public is urged to attend.

Feb. business 41% better than year ago

Cameron parish merchants had 41.4 percent more retail business in February than they did during the same month a year ago. In fact the parish was second in the state in the percentage of increase, with only St. John parish leading with 52.1 percent.

This fact is reflected in the figures on state sales tax collections carried in the March Louisiana Business Review.

STOP the SPREAD of RABIES!

Prevention is the Solution

What can you do to fight this menace? You can cooperate fully with your local authorities in controlling stray dogs and cats, which are a danger to people, pets, livestock and each other.

You can have your own dog vaccinated annually, and recommend this practice to your friends. The new improved vaccine is highly efficient, and is your insurance that your valued pet will be protected from rabies.

There is no excuse for hysteria, false statements, or superstition in this nationwide problem. It is just one more contagious animal disease that is dangerous to man. It can be eradicated here just as it has been in England, Norway, Sweden, and other countries.

Have your dog vaccinated at any of the following places Saturday, April 23:

Johnson Bayou News

Many Bayou folks ill with virus

By MRS. M. C. JOHNSON

There seems to be quite an epidemic of the virus infection on the Bayou this week. We know of twenty cases reported within the past week. Most of the people have been confined to bed for a week and many students have been out of school.

The Johnson Bayou Cemetery has taken on a new appearance due to the work done by Mr. and Mrs. Bill Trahan, who raked off the trash then mowed the grass. It is quite noticable from the road, and we should all help keep it looking neat.

Easter Sunday was celebrated here with many families gathering for egg hunts. Among the larger hunts were at the home of Paul Romero and Alpha Badon. Joining the crowd at the Badon home were Mr. and Mrs. Johnny Landry and Mr. and Mrs. C. J. Stutes of Cameron.

Special Easter Services were held at the Baptist Church Sunday night. The Junior and Intermediate Choir presented the "Life of Christ" in a song sermon. Rev. M. C. Johnson, pastor, read the scriptures, and Oscar O. Clark directed the choir. The closing hymn, "Teach Me To Pray", was sung by Miss Dorothy Merritt, while a spotlight focused on a picture of Christ. Others participating were Gwendolyn McRight, Delores Merritt, Linda Erbelding, Nancy, Betty, and Peggy Trahan, Rita LeNormand, Sharon Johnson, and Dale Jinks.

Mr. and Mrs. Minos Broussard of Jennings spent the weekend with the Roy Billeaud family. Saturday afternoon both families drove to Winnie, Texas, where they visited with the Clovis Royer family and participated in a big Easter egg hunt with other friends and relatives.

A Sunday visitor in the Rafael Manuel home was Mr. Manuel's mother, Mrs. Ella Manuel of Eunice.

* * *

THE PRESTON Romero family of Sulphur spent the weekend visiting relatives in our community.

Gene "Sugarman" Trahan of Fort Benning, Ga., has been spending several days with his parents, Mr. and Mrs. Alvie Trahan.

The very first "Comet" automobile made its appearance on the Bayou this week, and the new owner of the station wagon is Mrs. Ira Jinks.

The Primary Sunday School class of the Baptist Church enjoyed their Easter party last Wednesday after school. Mrs. Mary Lou LeNormand, teacher, was their hostess, and assisting her was Mrs. Irene Trahan.

Babe Sasser made a trip to Lake Charles Monday afternoon. Mrs. Sasser is still recuperating from a major operation which she underwent recently.

Mrs. Elvin Donahue and children spent Easter Sunday with her parents, Mr. and Mrs. James Savoie in Cameron.

The M. C. Johnsons attended the Associational Quarterly WMU meeting in Sulphur last Wednesday.

Nola Bee Jinks spent Saturday night in Sulphur visiting her sister, Mrs. Ronald Istre.

Mr. and Mrs. Louis Carroll Trahan of Cameron, spent the weekend visiting Mr. Trahan's parents, Mr. and Mrs. Theodore Trahan, Sr.

Molena Mae Griffith was hostess to a party in her home last Thursday night.

Mr. and Mrs. R. H. Boyd and Rodney, and Mr. and Mrs. Creed Coffee and daughter, Anna Margaret, spent the weekend in Fremont, Texas visiting the Bill Robertson family. They enjoyed their first swim of the year in the Robertson's private pool.

* * *

THE JAMES Eskew family spent the weekend in Pleasanton, Texas visiting relatives; while the Harry Zenner family went to San Antonio, Texas to visit their parents.

Mr. and Mrs. Homer Qualls of Opelousas spent the holidays with the Jim Norris family.

Joseph Holton, Roy Billeaud, and Garland Ray enjoyed a fishing trip in the reserve on Saturday. Each one caught their limit, so apparently fishing was real good.

Sullivan LeNormand entered Memorial Hospital in Lake Charles Monday evening where he underwent surgery Tuesday morning. According to plans, he will return home Friday.

THE BASEBALL game played here last Saturday afternoon between the Johnson Bayou R. A.'s and the Bethel Baptist Church of Lake Charles created a lot of excitement even if the score wasn't in our favor. The boys played hard and plan to enter a league for an eight-game series this summer.

Next Friday night, the R. A. boys of the Baptist Church will play a basketball game with the Olivet Baptist church of Sulphur, in the school gym. Game time will be 7 p.m.

Mrs. Ray Badon and children spent the holiday weekend visiting her mother, Mrs. LeBlanc, in Rayne.

Sunday visitors in the Ira Jinks home were Mr. and Mrs. Charles Jinks of Cameron.

Mr. and Mrs. Crip Domingue of Lafayette were weekend visitors on the Bayou.

Mrs. Rita Vincent announces the engagement and approaching marriage of her daughter, Allora Jeanne Vincent, to Joe H. Crew, son of Mr. and Mrs. D. J. Pursley of Haughton, La. The wedding will be held at 10:30 a.m., Saturday, April 30, at Our Lady Star of the Sea Catholic Church in Cameron.

Officials visit Lacassine

By BERNICE STEWART

Guests of the Lacassine Wildlife Refuge here last week were Joel L. Fletcher, president of Southwestern Louisiana Institute; Louis I. Graham, head of the biology department; V. S. Wharton and Joseph A. Riehl, deans of S.L.I., J. M. Valentine, Stanley P. Young, and John J. Lynch, all with the United States Fish and Wildlife Service at Lafayette.

Jack Perkins, manager of the Refuge, announces that the Calcasieu Rod and Gun Club is sponsoring a fishing rodeo to be held in the Refuge on May 28-29.

Mr. and Mrs. Charles Eriksen of Elton visited their nephew and family, the Bernard Hartwells, Thursday.

Saturday, Mr. and Mrs. A. P. Stewart went with Mr. and Mrs. Bradley Hardee to Beaumont, Texas, to visit their brother, Marvin Stewart, who is in the Baptist Hospital after having undergone brain surgery.

Also going to see Mr. Stewart on Monday were his niece, Miss Susan Beth Stewart, Charles Fox, Mr. and Mrs. Frank Vaughan, and George Savoy.

While in Texas the Stewarts drove over to Port Arthur to see Mr. and Mrs. E. E. Laurents, as did the Hollisters, Susan Beth and Charles on Monday.

Spending Thursday in Lake Charles were Mrs. Leo Sonnier, Mrs. Austin Abshire, Sr., Mrs. Floyd Vincent, and Miss Brenda Abshire.

* * *

WEEKEND GUESTS of Mrs. Mildred Brown and son Raymond were Mr. and Mrs. J. B. Hardee of Lake Charles.

Dinner guests of Mrs. Brown on Easter Sunday were Mr. and Mrs. Archie Hollister and children and Mr. and Mrs. Bernard Hartwell and children.

The Wallace Sonniers purchased a pearl gray and white 1960 Chevrolet Belaire last week.

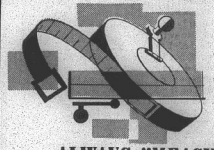
Guests of the Wallace Sonniers on Saturday were Mr. and Mrs. William Roy and sons of Grand Chenier, Mr. and Mrs. Eddie Addison and son of Lake Charles, Mr. and Mrs. Maxene Fruge, and Mrs. Lodias Vincent, all of Thornwell.

Mr. and Mrs. Floyd Vincent, Mrs. Ausin Abshire, Sr., and Mr. and Mrs. Jesse Lanthier attended the funeral services in Mowata Monday for Mrs. Noah LeDoux of Lake Charles. Burial was in the Catholic cemetery at Frey.

It is almost dangerous to drive on the section of the Lowery road that is under construction at present. The soil has been crushed to a fine powder, which is blown by strong winds into clouds of dust.

Mr. and Mrs. Paul Champagne are planning to move into their new home near Thornwell soon.

Mr. Champagne's mother dies Sun.



Mrs. F. Champagne, the mother of Ray Champagne of Cameron, died Sunday at a New Orleans hospital after a long illness. She was a resident of St. Charles Parish. She is survived by seven sons and three daughters.

Funeral services were held Tuesday morning at Ama, La.

The U.S. Army Air Defense Command has the following metropolitan areas open for enlistment beginning April 1, according to SFC Hal A. Bonesio, area Army recruiter: Los Angeles, Chicago, Gary and Milwaukee.

Sgt. Bonesio will be available at the Hackberry post office on Wednesday

HOSPITAL BOND BIDS

$350,000 BOND SALE
LOWER CAMERON HOSPITAL SERVICE DISTRICT
CAMERON PARISH
STATE OF LOUISIANA
HOSPITAL SERVICE DISTRICT BONDS

The Commissioners of Lower Cameron Hospital Service District, Cameron Parish, Louisiana, will receive sealed bids for $350,000 of Hospital Service District Bonds of the said District, on or before Eleven o'clock A.M., on the 5th day of May, 1960, when the bids will be opened and considered. Bids will be opened at the Police Jury Room in the Courthouse of Cameron Parish, Louisiana. Mailed bids should be addressed to Dr. C. W. Clark, Cameron, Louisiana.

The bonds will be coupon bonds, payable to bearer, dated April 1, 1960, of the denomination of $1,000 each and will mature serially on April 1 of each year as follows:

YEAR	AMOUNT
1961	$ 8,000
1962	9,000
1963	10,000
1964	11,000
1965	12,000
1966	13,000
1967	14,000
1968	15,000
1969	16,000
1970	17,000
1971	18,000
1972	19,000
1973	20,000
1974	21,000
1975	22,000
1976	23,000
1977	24,000
1978	25,000
1979	26,000
1980	27,000

Interest will be payable April 1, 1961 and semi-annually thereafter on October 1 and April 1. Both principal of and interest on the bonds will be payable at the Calcasieu-Marine National Bank, Lake Charles, Louisiana, or, at the option of the holder, at the Hibernia National Bank in New Orleans at New Orleans, Louisiana.

No proposal for less than all of the bonds or for less than par and accrued interest to the date of payment therefor will be considered. Bidders are invited to name the interest rate or rates, with the interest rate or rates named not to exceed six per centum (6%) per annum in any one year, and with the average rate not to exceed five per centum (5%) per annum computed over the life of the issue. All bonds maturing on the same date must bear interest at the same cumulative rate, and each bidder must specify in his bid the amount and maturities of the bonds of each rate. Split interest rates may be bid, but the total interest rate payable in any one year must be shown correctly as part of the bid. The difference between the largest amount of principal and interest payable in any one year and the smallest amount of principal and interest payable in any one year may not exceed three per cent (3%) of the total authorized issue. The bonds will be awarded to the bidder offering to purchase the bonds at the lowest interest cost to the District, such cost to be determined by deducting the total amount of any premium bid from the aggregate amount of interest upon all of the bonds from their date until their respective maturities.

Each bid must be accompanied by a certified or cashier's check for three per cent (3%) of the par value of the bonds, drawn to the order of the Lower Cameron Hospital Service District. Checks of the unsuccessful bidders will be returned immediately. Check of the successful bidder will be held until the bonds are delivered and paid for. In case the successful bidder does not comply with his bid, the check will be forfeited as liquidated damages. The bonds are expected to be delivered on or before June 1, 1960.

The bonds are to be issued to provide funds for the purpose of purchasing and acquiring lands and purchasing, acquiring, constructing and maintaining hospitals, nurses' homes, physicians' and dentists' offices, laboratories and other physical facilities necessary to provide proper hospital service in the Lower Cameron Hospital District, and have been authorized at an election by property tax payers qualified to vote in said election held September 26, 1959. The bonds recite that they are authorized by and issued in conformity with the requirements of the Constitution and statutes of the State of Louisiana. The faith and credit of the District are pledged to the payment of the bonds, and the District is authorized and required to impose and collect annually a tax on all the property subject to taxation by the District, sufficient in amount to pay the interest semi-annually, and the principal falling due each year.

The usual closing papers and printed bonds, together with the approving opinion of Messrs. Wood, King, Dawson & Logan of New York City will be furnished to the purchaser of the bonds at the expense of the Lower Cameron Hospital Service District.

The right is reserved to reject any and all bids and to waive any irregularities in any of said bids.

Edison R. Mhire
Chairman, Lower Cameron Hospital Service District, Cameron Parish, Louisiana.
Cecil W. Clark, M.D.
Secretary, Lower Cameron Hospital Service District, Cameron Parish, Louisiana.

SCHOOL BOARD LEGAL NOTICES

ADVERTISEMENT FOR BIDS
FOR LEASING LANDS OF
CAMERON PARISH SCHOOL BOARD

By authority of and in conformity with the laws of the State of Louisiana, separate sealed bids will be received at the office of the Cameron Parish School Board at Cameron, Louisiana, on or before the second (2nd) day of May, 1960, at ten-thirty (10:30) o'clock A.M., for the leasing of sulphur, potash, oil, gas and other liquid or gaseous hydrocarbon mineral rights, on and to the following described tract situated in the Parish of Cameron, State of Louisiana, to-wit:

All of Section 16, Township 15 South, Range 7 West, Cameron Parish, Louisiana, containing 22.46 acres, more or less.

All bids to offer a cash bonus for a lease having a primary term which shall not exceed three years. Minimum royalties shall be one-sixth (1/6) of all oil produced and saved; one-sixth (1/6) of all gas produced and saved or utilized; Two dollars ($2.00) for each long ton of sulphur produced and saved; Twenty-five cents ($.25) for each ton of potash produced and saved; and one-sixth (1/6) of all other liquid or gaseous hydrocarbon minerals produced and saved.

Lessee must agree to drill within one year, or pay annual rental of not less than one-half the amount of the cash bonus for the right to defer drilling for a primary term which cannot exceed three (3) years from the date of contract, and to drill offset wells when necessary to protect the Board's interest.

Lessee shall not have the right to enter into pooling or unitization agreements with respect to the development of the leased premises without the consent and approval of the lessor.

Certified checks payable to the Cameron Parish School Board for the full amount of the cash bonus shall accompany and be deposited with each bid, and no bid shall be withdrawn or cancelled when deposited; and the cash bonus thus deposited shall be forfeited to the Cameron Parish School Board by the successful bidder in the event said bidder does not enter into written contract.

The right is reserved to reject any and all bids and to grant a lease on any portion of the tracts advertised for a price not less than proportionate to the best bid offered for the lease on the entire tract.

The lease to be granted shall be subject to approval of the State Mineral Board, and if not approved and countersigned by the duly authorized officer of the State Mineral Board, shall be null, void and of no effect.

The following attached other Resolutions were acted on by the Commissioners.

Dr. Stephen E. Carter offered the following Resolution and moved its adoption, with motion seconded by Dr. George W. Dix:

RESOLUTION AUTHORIZING THE ISSUANCE OF THREE HUNDRED FIFTY THOUSAND DOLLARS ($350,000) HOSPITAL SERVICE DISTRICT BONDS; FIXING THE FORM AND DETAILS THEREOF; AUTHORIZING THE CHAIRMAN AND SECRETARY OF THE DISTRICT TO CAUSE TO BE PUBLISHED ACCORDING TO LAW, A NOTICE OF BOND SALE OF SAID BONDS, AND SPECIFYING THE USE OF THE PROCEEDS OF THE SALE OF SAID BONDS,

WHEREAS, a special election was legally called, held and conducted in the Lower Cameron Hospital Service District, Cameron Parish, Louisiana, on September 26, 1959, at which election there was submitted to the qualified electors of said District the following proposition:

"SHALL THE LOWER CAMERON PARISH HOSPITAL DISTRICT INCUR DEBT AND ISSUE BONDS TO THE AMOUNT OF THREE HUNDRED FIFTY THOUSAND DOLLARS ($350,000), TO RUN TWENTY (20) YEARS FROM DATE THEREOF FOR THE PURPOSE OF PURCHASING AND ACQUIRING LANDS AND PURCHASING, ACQUIRING, CONSTRUCTING AND MAINTAINING HOSPITALS, NURSES' HOMES, PHYSICIANS' AND DENTISTS' OFFICES, LABORATORIES AND OTHER PYHSICAL FACILITIES NECESSARY TO PROVIDE PROPER HOSPITAL SERVICE IN THE LOWER CAMERON HOSPITAL DISTRICT?"

and

WHEREAS, due and timely notice of said election was given in manner prescribed by law, and at said election a majority, in number and amount, of the property taxpayers qualified to vote in said election under the Constitution and laws of the State of Louisiana voting at said election authorized the incurring of such debt and the issuance of said bonds; and

WHEREAS, this Commission has investigated the proceedings heretofore taken to authorize the issuance of said bonds and has found and does hereby determine that the same is regular and have been taken in due conformity with law,

NOW, THEREFORE, BE IT RESOLVED BY THE COMMISSIONERS OF LOWER CAMERON HOSPITAL SERVICE DISTRICT ACTING AS THE GOVERNING AUTHORITY THEREOF:

SECTION 1. That there shall be and are hereby ordered to be offered for sale, sold, executed and issued negotiable coupon bonds in the principal amount of Three Hundred Fifty Thousand Dollars ($350,000) of the Lower Cameron Hospital Service District of Cameron Parish, Louisiana, for the purposes as aforesaid, which bonds shall be dated April 1, 1960, and shall bear interest from said date to the respective dates of maturity of said bonds, at a rate of interest to be determined at the time of sale of said bonds, not to exceed six per centum (6%) per annum in any one year, with the average rate not to exceed five per centum (5%) per annum computed over the life of the entire issue, payable April 1, 1961 and semi-annually thereafter on October 1 and April 1 of each year. The interest payable on any interest payment date shall be evidenced by one or more interest coupons representing the interest payable on such date attached to said bonds, respectively.

The bonds shall be of the denomination of One Thousand Dollars ($1,000) each, shall be numbered from 1 to 350, inclusive, and shall mature serially in numerical order on April 1 in the amount and in each year as follows:

$350,000 BOND SALE
LOWER CAMERON HOSPITAL SERVICE DISTRICT
CAMERON PARISH
STATE OF LOUISIANA
HOSPITAL SERVICE DISTRICT BONDS

The Commissioners of Lower Cameron Hospital Service District, Cameron Parish, Louisiana, will receive sealed bids for $350,000 of Hospital Service District Bonds of the said District, on or before Eleven o'clock, A.M., on the 5th day of May, 1960, when the bids will be opened and considered. Bids will be opened at the Police Jury Room in the Courthouse of Cameron Parish, Louisiana. Mailed bids should be addressed to Dr. C. W. Clark, Cameron, Louisiana.

The bonds will be coupon bonds, payable to bearer, dated April 1, 1960, of the denomination of $1,000 each and will mature serially on April 1 of each year as follows:

YEAR	AMOUNT
1961	$ 8,000
1962	9,000
1963	10,000
1964	11,000
1965	12,000
1966	13,000
1967	14,000
1968	15,000
1969	16,000
1970	17,000
1971	18,000
1972	19,000
1973	20,000
1974	21,000
1975	22,000
1976	23,000
1977	24,000
1978	25,000
1979	26,000
1980	27,000

Interest will be payable April 1, 1960 and semi-annually thereafter on October 1 and April 1. Both principal of and interest on the bonds will be payable at the Calcasieu-Marine National Bank, Lake Charles, Louisiana, or, at the option of the holder, at the Hibernia National Bank in New Orleans, at New Orleans, Louisiana.

No proposal for less than all of the bonds or for less than par and accrued interest to the date of payment therefor will be considered. Bidders are invited to name the interest rate or rates, with the interest rate or rates named not to exceed six per centum (6%) per annum in any one year, and with the average rate not to exceed five per centum (5%) per annum computed over the life of the issue. All bonds maturing on the same date must bear interest at the same cumulative rate, and each bidder must specify in his bid the amount and maturities of the bonds of each rate. Split interest rates may be bid, but the total interest rate payable in any one year must be shown correctly as part of the bid. The difference between the largest amount of principal and interest payable in any one year and the smallest amount of principal and interest payable in any one year may not exceed three per cent (3%) of the total authorized issue. The bonds will be awarded to the bidder offering to purchase the bonds at the lowest interest cost to the District, such cost to be determined by deducting the total amount of any premium bid from the aggregate amount of interest upon all of the bonds from their date until their respective maturities.

Each bid must be accompanied by a certified or cashier's check for three per cent (3%) of the par value of the bonds, drawn to the order of the Lower Cameron Hospital Service District. Checks of the unsuccessful bidders will be returned immediately. Check of the successful bidder will be held until the bonds are delivered and paid for. In case the successful bidder does not comply with his bid, the check will be forfeited as liquidated damages. The bonds are expected to be delivered on or before June 1, 1960.

The bonds are to be issued to provide funds for the purpose of purchasing and acquiring lands and purchasing, acquiring, constructing and maintaining hospitals, nurses' homes, physicians' and dentists' offices, laboratories and other physical facilities necessary to provide proper hospital service in the Lower Cameron Hospital District, and have been authorized at an election by the property taxpayers qualified to vote in said election held September 26, 1959. The bonds recite that they are authorized by and issued in conformity with the requirements of the Constitution and statutes of the State of Louisiana. The faith and credit of the District are pledged to the payment of the bonds, and the District is authorized and required to impose and collect annually a tax on all the property subject to taxation by the District, sufficient in amount to pay the interest semi-annually, and the principal falling due each year.

The usual closing papers and printed bonds, together with the approving opinion of Messrs. Wood, King, Dawson & Logan of New York City will be furnished to the purchaser of the bonds at the expense of the Lower Cameron Hospital Service District.

The right is reserved to reject any and all bids and to waive any irregularities in any of said bids.

Mr. James L. Derouen offered the following ordinance and moved its adoption, with motion seconded by Dr. Geo. W. Dix:

AN ORDINANCE levying a special tax on all property subject to State and Parish taxation within the boundaries of the Lower Cameron Hospital Service District, for a period of Ten (10) years, commencing with 1960, for the purpose of maintaining and operating hospital facilities of said district and for construction of additional facilities if found necessary, and providing for the collection of said tax and enforcement of the tax lien therefor.

WHEREAS, at an election held in Lower Cameron Hospital Service District on the 26th day of September, 1959, the following proposition was submitted to property taxpayers qualified to vote thereat;

Proposition to levy a three (3) mill tax on all the property subject to State taxation in the Lower Cameron Hospital Service District for the period of ten (10) years, commencing with the year 1960, for the purpose of constructing, maintaining and operating said District's hospital facilities.

WHEREAS, at a meeting held for that purpose on the 28th day of September, 1959, at the time and place advertised in published election notices, the Board of Commissioners counted the ballots in number and amount and canvassed the returns and found that there was a majority, both in number of votes and in amount of assessed property valuation cast in favor of the aforesaid proposition, and did promulgate the result by publishing a proces verbal of these proceedings in a newspaper published within said district.

BE IT ORDAINED BY THE BOARD OF COMMISSIONERS OF THE LOWER CAMERON HOSPITAL SERVICE DISTRICT:

SECTION 1. That there be, and is hereby, levied and assessed an annual valuation, for each, every, and all of the calendar years 1960, 1961, 1962, 1963, 1964, 1965, 1966, 1967, 1968 and 1969, for the purpose of maintaining and operating hospital facilities in said hospital service district and constructing additional facilities of said district if found necessary.

SECTION 2. That the proper administrative officers of the Parish of Cameron, Louisiana, be, and they are hereby, directed to spread the levy of said taxes upon the assessment rolls for the years designated in Section 1 hereof, and to collect the said taxes at the same time, in the same manner, with the same rights, remedies, interest, penalties, etc., as are provided by law for the collection of general State and Parish taxes.

SECTION 3. That the proceeds of such taxes shall not be spent for any purpose whatsoever, other than the purpose designated by Section 1 hereof.

SECTION 4. That all taxes levied hereunder shall be a first lien and privilege against all property subject to taxation hereunder, enforceable in the same manner and at the same time as provided by law for enforcement of the lien for general State and Parish taxes.

SECTION 5. That this Ordinance shall become effective immediately from and after its adoption and promulgation by publication one time in a newspaper published within said hospital service district.

The foregoing Ordinance, having been reduced to writing, was read and considered by sections, and then a vote thereon was called for, with the following result:

YEAS: Dr. S. E. Carter, Dr. G. W. Dix, Dr. Cecil W. Clark, James L. Derouen and Edison Mhire.
NAYS: None
ABSENT: None
NOT VOTING: None

And the Ordinance was declared duly adopted and was approved this 24th day of March, 1960.

Around Our Town

By Mrs. Eldie Cheramie PR 5-5553

The Easter egg hunt at Our Lady Star of the Sea church was a big success. The prize winners of the Junior group were Eddie Benoit, who found the most eggs, and Raymond Billiot, who found the prize egg. Winners in the Senior group were Michael Faulk, for the most eggs, and Larris Authement for finding the prize egg.

Visitors of Mr. and Mrs. Fred Cormier Friday and Saturday were Mr. and Mrs. Ralph Shirley and children of San Antonio, Texas, Mrs. Nina Shirley and Don Shirley of Lake Charles, and Mrs. Cormier's nephew, Wilfred Menard of Gueydan.

Mr. and Mrs. Cormier gave an Easter egg hunt for their grandchildren.

Mrs. Ruth Theriot wishes the parents to know that the Cub Pack monthly meeting has been set on the third Wednesday of the month instead of the former meeting dates.

Cub Scout Den 1, Pack #102 of Cameron, are now studying all about the Great Lakes, watching their flower plants bloom and are making model boats as their projects.

They had their Easter egg hunt Wednesday afternoon in the yard of Rev. Father Eugene Senneville. Parents that accompanied the scouts were Mr. and Mrs. Curtis Roux, Mrs. Theriot, Mrs. Inga La Land and Mable Saltzman.

Glenn Theriot and Charles Bertrand were the prize winners. Glenn for finding the prize egg and Charles for only finding one egg. Each of the 15 boys and their guests, Raymond and Phillip Billiot, Cynthia Saltzman and Nancy LaLand were served refreshments of cake, muffins and Cokes by the Den Mothers.

The mothers also presented to each of the cubs a basket that the mothers made filled with Easter candies.

Mr. and Mrs. Cloudy Broussard visited their son, Sterling Broussard and his wife Linda, Tuesday in Port Arthur.

MRS. DANIEL Desonier (the former Dale Broussard) and her infant son, Dirk, joined her husband, David, in Englewood, New Jersey, last week. She and the baby made the trip by plane. Mr. Desonier is employed by Sylvania Co., in New York City. They plan to make thier home in New Jersey.

If you have noticed Michelletti has two new register operators. They are Mrs. Millie Thibodeaux and Mrs. Rita Vincent.

Miss Susan Kornegay celebrated her birthday Saturday night in her home. Her guests were James Murphy, Glenn Landry, Austin LaBove, Don Hebert, Donnie Dale Alexander, Charlotte Faulk, Charlotte Ratcliff, Frances Murphy, Linda LeBlanc, Janice Cheramie, Sandra McPherson,

LUCILLE MILLER, South Cameron high school student, here received the 4-H Key Award at the Cameron Parish 4-H Club Achievement Day last Saturday. Don Maxwell of the Arkansas Fuel Corp, Lake Charles, makes the presentation.

At Annual Achievement Day

Grand Lake 4-H clubs lead

The Grand Lake high school Junior and Senior 4-H Clubs were named as the outstanding clubs at the annual 4-H Achievement Day held at South Cameron high school Saturday. The awards were based on points won in the various contests that day.

Accepting trophies for their clubs were Pat Precht, president of the Grand Lake juniors, and Richard Broussard, president of the seniors. Mrs. Luke Landry is junior leader and Mrs. Lena Sweeney is junior leader.

The Grand Lake senior club and the South Cameron Junior Club were named winners of trophies for points accumulated on their year-round programs. Mrs. Dalton Richard is the leader of the South Cameron club.

Two Hackberry boys won beef cattle production awards given by the Cameron Parish Cattlemen's Association. The presentation was made by J. C. Barman, head of the McNeese agriculture department, to C. J. Lowery, winner in the senior division, and Ernest Hamilton, Jr., junior winner.

Lucille Miller, of South Cameron, president of the 4-H executive council, was the recipient of the 4-H Key Club Award which was presented by Don Maxfield of Lake Charles, who is associated with Arkansas Fuel Oil Co., sponsor of the award.

Miss Miller and Bobby Doland, both of South Cameron, received the Danforth Foundation Awards for leadership.

Rice growers to attend meeting on Nato support

A number of Cameron parish rice farmers will attend the special meeting at 10 a.m., Friday, at the courthouse in Crowley to hear a discussion on the government support price for this year's crop of Nato rice.

The meeting was arranged by the Louisiana congressmen and senators from the rice area.

Cameron County Agent Hadley Fontenot said that the Department of Agriculture has announced that the forthcoming Nato crop will be supported in Group Five instead of Group Four where it was supported last year.

As this is a lower support price and as the support price has a bearing on the price growers can get for their rice, it is important to local growers that Nato be kept in Group Four, he stated.

Last year, he said, Nato had a support price of $7.34 per hundred pounds. If dropped to Group Five, the support price probably would be 60 to 75 cents less per barrel. Although no rice in the parish was turned over to the government last year under the support price, it is still important to keep the Group Four rating, because of the effect it has on the market price, he said.

The county agent estimated that between 35 and 40 percent of the rice grown in Cameron last year was of the Nato variety.

Marcel Barras of Hackberry dies in wreck

Marcel Barras, 29, a Hackberry oil field worker, was killed instantly in a truck-car collision in Abbeville last Thursday morning.

Mr. Barras was a passenger in a car driven by Thomas Shelton Belaire, 20, of Gueydan. J. P. Powell, 54, of Erath, driver of the truck, and Belaire were treated for injuries at the Palms hospital.

Mr. Barras, who had resided in Hackberry all his life, was born in Sulphur Jan. 6, 1932. He was employed by the Laughlin Brothers Drilling Co., and was a member of St. Peter's Catholic Church of Hackberry.

The body was at the Hixson Funeral Home in Sulphur, where services were held at 2 p.m. Friday. Burial was in Mimosa Pines cemetery, south of Sulphur. A Rosary was said at the funeral home Thursday night.

He is survived by his wife, Mrs. Wanda Veazey Barras of Hackberry; one son, Donny Keith Barras and one daughter, Marie Lynn Barras, both of Hackberry; his parents, Mr. and Mrs. John Barras, both of Hackberry; three brothers, Wade Barras of Hackberry, Joe Barras of Sulphur, and Lester Barras of Opelousas; five sisters, Mrs. Aber Arigue of Krotz Springs, Mrs. Lilly Marcello of Kountze, Texas, Mrs. Louise Daigle of Lake Charles, Mrs. Gladys Pearson of Sulphur and Miss Belle Barras of Galveston, Texas.

NEW PROJECTS REPORTED

Phone service disrupted

Long distance telephone service out of Cameron parish was out of operation for about eight hours Saturday after lightning hit a telephone cable at Westlake.

William Henning, president of the Cameron Telephone Co., explained that the company's long distance service is handled by Southern Bell Telephone Co. and it was one of their cables that was hit.

Service was knocked out at about 4 p.m. and restored after midnight.

In other news about the telephone company, Mr. Henning said that telephone facilities in the town of Cameron are being almost doubled in a $55,000 project now in progress. The Gulf Coast Line Contracting Co. is installing new circuits and new equipment, and persons now on party lines who wish private lines should soon be able to get them.

Another project on which work will begin soon is the installing of a micro-wave tower and underground cables in the Johnson Bayou area.

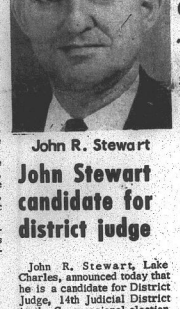
The submarine cable connecting Cameron and Johnson Bayou across the ship channel was cut by a boat several months ago, and since then a temporary cable has been cut several times by other boats.

The company has also had much difficulty with the salt spray getting on telephone lines in the Holly Beach area and shorting out the circuits. The new project is designed to relieve all all of these difficulties, Mr. Henning said.

Tarpon band to be honored at banquet

Members of the South Cameron high school senior band will be honored at a seafood banquet Friday night at Fred's restaurant in Cameron. The dinner is being sponsored by Mrs. D. Y. Doland.

Several awards are to be presented, including the outstanding percussion player, brass player, woodwind player and all-around band students. These students were elected by secret ballot.



A spring concert will be given by the band on Friday, May 6, at 8 p.m., under the direction of Raymond Sibley, band instructor. The public is invited to attend.

Members of the band recently played for the Lions club at their ladies night program.

Inside waters shrimping to open Sunday

The shrimping season for Louisiana's "inside waters", will open Sunday, May 1 and remain open through June 30, according to James N. McConnell, Chief of the Oysters, Water Bottoms and Seafoods division of the Louisiana Wild Life and Fisheries commission.

"Act 53 of the regular 1958 session of the Louisiana Legislature specifies that no person shall take, have in possession, sell, or offer for sale, any salt water shrimp taken from inside waters between December 21 and April 30, both inclusive, and between July 1 to the third Monday in August, of any year," McConnell said.

John R. Stewart

John Stewart candidate for district judge

John R. Stewart, Lake Charles, announced today that he is a candidate for District Judge, 14th Judicial District in the Congressional election which comes up in the latter part of August. The 14th Judicial District comprises Calcasieu and Cameron parishes.

Stewart is a candidate for one of the vacancies which will occur when Judge Preston L. Savoy and John T. Hood, Jr., are elevated to the Court of Appeals.

Mr. Stewart was born Nov. 1, 1915 at Winnfield, La. He is married to the former Corinne Adele Cline, of DeRidder, La. They have three children and reside at 1615 Legion street, Lake Charles.

He attended Tulane University on a scholarship, receiving a BA degree in 1937, and an LLB degree in 1939. He served on the Board of Editors of the Tulane Law Review from 1938-39. In the latter year he was elected to the Order of the Coif, national honorary legal society for scholarship in the study of law.

* * *

IN JULY of 1939 he was admitted to practice and practiced in New Orleans for one year, prior to enlisting in the U.S.N.R. as an apprentice seaman in September of 1940. In May of 1941 he was commissioned an Ensign, U.S.N.R. at the Naval Reserve School, U. S. Naval Academy.

Upon discharge from active duty, he commenced law practice in Lake Charles and has practiced here continuously since that time, conducting general, civil and criminal practice of law. He has practiced alone and in association with other lawyers. He is presently with the law firm of Porter and Stewart, Lake Charles.

CIVIC and community affairs in which he has been active include these: former president (1958) S. W. La. Bar Association and member of the La. State and American Bar Association; member, board of directors, Lake Charles Rotary Club

Magee resigns as Tarpon coach

Alton Magee announced this week that he has resigned as head coach of South Cameron high school, effective the end of this school term. He said he was leaving for "personal reasons."

A native of Summit, Miss., Magee graduated from Northeast State College, and began his coaching career at Grand Chenier high school, where he coached six-man football, basketball, and introduced track into the parish.

He was named Coach at South Cameron high when the new consolidated school opened in 1956. During the year that South Cameron was closed following Hurricane Audrey, he coached at Grand Lake high school, returning to South Cameron in 1958.

Magee's most successful football season was this past fall, when the Tarpons tied for second place in the district, and finished in sixth place in the state.

During his four years of coaching in the parish, football teams under Magee have won 20 games, lost 17 and tied 3.

While at Grand Lake, two of his track boys won first places in state competition: Kenneth Dupont in the pole vault and Reginald Fontenot in the discus.

* * *

MAGEE SAID he intends to complete his Master's Degree at Southwestern this summer, but beyond that has no immediate plans. He said he has had several coaching offers, but that he might go into some other field.

He further stated:

"I'd like to take this opportunity to express my appreciation for the support given me by the faculty, people of the community, and above all the students who have taken part in athletics during the past five years I have coached in the parish."

COACH ALTON MAGEE

Hardy Fountain of Hackberry dies suddenly

Hardy Turner Fountain, 67, a resident of Hackberry for the past 23 years, died of a heart attack last Thursday morning at his residence.

Mr. Fountain was born in Sour Lake, Texas, and was a veteran of World War I, a member of the Baptist church and a retired employee of the Stanolind Oil and Gas Co. of Hackberry. He was a member of the American Legion Post 270 of Hackberry and a former member of the VFW Post in Baytown, Texas.

The body was at the Hixson Funeral Home in Sulphur where services were held at 10 a.m. Friday. The body was then taken to Sour Lake, Texas to the First Baptist Church where services were held at 4 p.m. Friday. Burial was in the Pine Ridge Cemetery in Pine Ridge, Texas. Rev. Joe Sullivan, pastor of the Hackberry Baptist Church and Rev. J. W. Pottorff of Oak Grove Baptist Church, conducted the services.

There were also military services at the graveside.

Mr. Fountain is survived by his wife, Ella Mae Fountain; son of Hackberry; four sons, Billy George Fountain of Houston, Texas, Gene C. Fountain and Joe Edward Fountain, both of Baytown, Texas, and Hardy Ray Fountain of New Iberia; one daughter, Mrs. Annie Belle King of Baytown, Texas; 14 grandchildren; five brothers, George Fountain of Lafayette, Joe Fountain and Dennis Fountain both of Sour Lake, Ephen Fountain of Saratoga, Texas, and Dave Fountain of Bremington, Washington and one sister, Mrs. Wiley Adams of Sour Lake.

From December, 1944 to November 1945 Mr. Stewart was Commanding officer of the destroyer U.S.S. Cole. In November, of 1945 he was discharged to inactive duty with the rank of Lt. Commander, USNR, and in December of 1946 he was appointed first commanding officer of the newly formed Lake Charles Naval Reserve Unit, and served as such until his resignation in 1949.

Parish to take part in alert

The Cameron Parish Civil Defense organization will participate in the National CD Alert Tuesday, May 3, according to J. W. Doxey, parish CD Director.

The Cameron courthouse siren will signal the start of the exercise with three short blasts repeated at regular intervals.

The parish CD radio network will be put into operation during the alert. Installed shortly after Hurricane Audrey in 1957, the network includes shortwave transmitting and receiving stations in Cameron, Holly Beach, Hackberry, Creole, Grand Chenier and Sweetlake.

Certain phases of the alert will be carried out by area radio stations, and Mr. Doxey urged parish citizens to consult their daily newspapers for the time of these radio broadcasts.

Big Philco sale is planned in Creole

Al Rease, owner of Creole Electric & Hardware, reports that he recently purchased $10,000 worth of Philco appliances in Beaumont and is planning to have a big sale within the next week or so.

RED CROSS DRIVE COMPLETED

Volunteer workers in the 1960 Red Cross campaign for members and funds in Cameron and Calcasieu parishes outside the Calcasieu United Appeals area were honored at a dinner Saturday night at the chapter house in Lake Charles.

L. D. McClatchey, chapter chairman, announced that $3,960 was raised in 18 communities taking part in the March campaign. Even though the amount raised did not reach the goal of $4,495, he praised the hard work and planning of the parish and community chairmen and volunteer workers.

Hunting, fishing, motorboating bills OKed by wildlife dept.

Proposed bills on hunting and fishing and motorboating, to be presented to the legislature, which will forestall a twenty-five percent cut in its wildlife program, were approved by the Louisiana Wild Life and Fisheries commission at its regular monthly meeting held at Golden Meadow on Tuesday, April 26, E. R. McDonald, commission chairman, said today.

Under the proposed new fishing law, there will be a one-dollar fishing license required of all resident hook and line fishermen, regardless of gear used, and those using spears. All these under the age of 16 and over 60 will be exempt. Non-resident licenses will be five dollars for a year, or two dollars for a seven-day trip.

THE MOTORBOAT BILL, which has been drawn up to meet the minimum regulations of the Federal government and the U. S. Coast Guard, will provide for the numbering of all power boats with the exception of those of ten horsepower and under, and a certificate of numbering will be issued.

Welcome YMBC rodeo visitors

U. S. Rep. T. A. Thompson of the Seventh Congressional District is expected to be among the numerous legislators and public officials who will attend the Young Men's Business Club's sixth annual Invitation Deep Sea Fishing Rodeo Saturday and Sunday in Lake Charles and Cameron.

The invited guests will register from 10 to 11 a.m. Saturday at the Majestic hotel in Lake Charles. A barbecue will be held at noon at the Port of Lake Charles with the port and the stevedores as hosts.

Thirteen boatloads of guests will leave the port for Cameron at 2 p.m.

There will be a shrimp boil at the Veterans of Foreign Wars Hall in Cameron, sponsored by the YMBC, at 7 p.m. Fishing will start Sunday at 5 a.m. Prizes will be presented at 4 p.m.

Lloyd Vaughan dies Tuesday in Port Arthur

Lloyd Augustus Vaughan, 87, a former president of the Cameron parish police jury, died at 11:30 p.m., Tuesday at his home in Port Arthur, Texas, where he had lived since his retirement in 1943.

Wrestling matches scheduled

Wrestling will be introduced to Cameron Saturday, May 7, when the Cameron Optimists sponsor a group of Texas grapplers in the club's new ring at the Cameron recreation center. The action will start at 8 p.m.

Ray Champagne, chairman of the project, said four men and two women would wrestle. It is hoped that a regular monthly wrestling date can be set up.

Reserved seat tickets are now available from Diel Landry at $2 each. General admission will be $1.50 for adults and 50¢ for children.

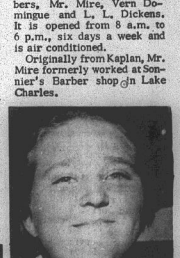
The club has installed 120 reserved seats, 230 general admission seats and bleachers and chairs to seat 50 to 100 more persons.

Funds raised by the club will go to help retire the debt on the recreation building.

Parking ramp planned for fishermen

Rep. T. A. Thompson announced this week in Washington that the U. S. Fish and Wildlife service has made arrangements with the Cameron and Calcasieu police juries to permit the construction and maintenance of a parking area for fishermen going into the Sabine Wildlife Refuge below Hackberry.

The parking area will be along the canal from Highway 27 to Calcasieu lake, a distance of 600 feet, with the ramp to be 800 feet wide.



Fishermen have been having to park their cars and boat trailers along the narrow road shoulder up to now making for a road hazard. Calcasieu and Cameron leaders have been working on the parking ramp idea for several months.

Barber shop is re-opened here

Patrick Mire this week announced the opening of Mire's Barber Shop across from the bank in Cameron. The shop was formerly operated by Frank Frazier, who died recently.

The shop has three barbers, Mr. Mire, Vern Domingue and L. L. Dickens. It is opened from 8 a.m. to 6 p.m., six days a week and is air conditioned.

Originally from Kaplan, Mr. Mire formerly worked at Sonnier's Barber shop in Lake Charles.

Holly Beach News

Holly Beach is a busy place

By MRS. WALTER STANLEY

Beach fashions are now on parade while the swimming season is in full swing. Every weekend brings a crowd of campers, fishermen and picnickers. Gulf seining is still bringing in good catches of fish.

The virus indigestion which was so severe last spring is making another round. A peculiar twist last year was that the native resicents appeared immune while practically every tourist who came to the beach was very ill. This year it is in a milder form but it is catching up on local people.

The flu also is rampant with several people sick with it.

It is this time of year when men don boots, spurs, straw hats and cowwhips. They take to pastures and the marsh for the annual roundup. Everyone seems to be "working cattle" as it is called. Cattlemen have sold many rodeo calves prior to the branding and vaccination sessions. The Creole cattlemen passed through with their spring drive last Sunday.

Henry Foret, a T. LaJames Co. worker underwent major surgery at Our Lady of Lourdes hospital in Lafayette Monday. Mr. Foret is from Ville Platte but has spent over a year in this area and is hoping to return as soon as he's recovered.

MRS. CLEVE Douget and Linda Thibodeaux were on the sick list this week. Get well wishes to them too.

MARRIAGE ANNOUNCED

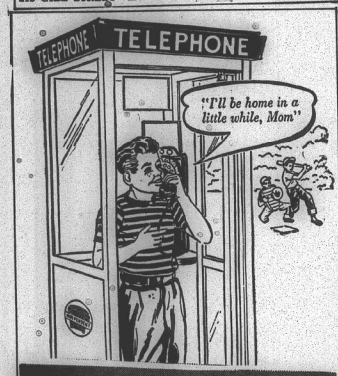
Of much interest here is the approaching marriage of J. P. Constance and Ruby Simon.

J. P. is the son of Mr. and Mrs. Peter Constance Jr., of Holly Beach and Miss Simon is the daughter of Mr. and Mrs. Phillip Simon of Hackberry.

A bridal shower will be held Sunday, May 1 at the home of Mrs. Perfecto Gallagas in Hackberry for the bride-elect.

The marriage will be solemnized May 6 in St. Peter the Apostle Catholic Church in Hackberry.

Hackberry man charged with simple battery



Alvin Broussard of Hackberry has been charged with simple battery on George LaBove, as a result of a fight last Friday which left LaBove hospitalized, according to the Cameron Sheriff's department.

Both men are tenders of the Kelso Bayou bridge at Hackberry.

Odd rock used by Indians

THIS INDIAN bola stone, found in Upper Mud Lake, is pictured beside a flashbulb to give an idea of its size. (Photo Courtesy the Lake Arthur Sun)

Pictured here is a rather unusual rock which was dredged up from the bottom of Upper Mud Lake on the Marmentau River, according to Clarence Conner of Lake Arthur who brought it to me.

It is three and one-sixteenth inches in length, and of a dull gray color. It is not uncommon to find similar rocks along the crests of the higher cheniers in Cameron and Vermilion parishes.

Evidently they had their origin for to the north of us, possibly in some glacial drift thousands of years ago. They have since been washed down by the Mississippi River.

This rock would be of no particular interest were it not for the hole drilled through the upper end. The entire surface is pitted with small and rather deep holes which are clearly the result of erosion, but the one at the end is just as certainly man-made.

According to Dr. Fred B. Kniffen of L.S.U., the rock is one of the weights of a bola, used by the Indians to take small game. A bola is a very simple contrivance; a piece of string, with a weight at each end becomes a bola. Or several short strings, each with a weight at the end, may be joined together to form the bola. The hunter swings it around his head and hurls it at his quarry in such a manner as to entangle or break the legs of his victim. It should be a rather effective weapon in experienced hands.

(When I was a kid at the Chenier I made minature bolas with twine string and cast-net balls, and tried them out on my grandmother's turkeys when I was sure she wouldn't be looking. They worked too.)

* * *

PERHAPS THE reader may wonder how the Indian managed to bore so neat a hole through the solid rock. The explanation is quite simple; he did it with a drill, and while his drill might not have been quite as effective as the modern electrically driven tool, still it was sufficient for his needs.

For his drill the Indian chose a peice of wood about the size and shape of a modern lead pencil, fitted at the end with a piece of sharp bone or tipped with flint or other hard rock. He twirled the drill back and forth between his palms, hour after hour, until the hole through the rock was completed. (If Big Chief Lone Tailfeather did not have tough hands to begin with, he no doubt soon acquired them; work of this nature will see to that.)

Another type of drill was also in use; this one required merely a stick or reed of convenient size, and was not tipped with any hard substance. Instead, the end of the reed was kept moist and dipped in fine sand from time to time. This sand furnished the cutting action required to drill through the solid rock.

The Cheniers at one time supported a large Indian population, and artifacts are still fairly numerous. It would be well if some sort of collection of these were started before they are all lost. This would be a worthwhile project for a historical society if one were formed; in the meantime, perhaps you local school would be happy to devote the time and effort necessary for the care and display of such a collection.

Henry Howard dies Tuesday in Cameron

Henry Howard, 76, retired cattleman and native of Cameron parish, died at 8:30 p.m. Tuesday at the home of a sister, Mrs. Elie Murphy in Cameron.

Funeral services were at 3 p.m. Wednesday at the Murphy residence, with the Rev. Taylor Wall, pastor of the Wakefield Methodist church officiating. Burial was in Oak Grove cemetery under the direction of O'Donnell Funeral Home.

Mr. Howard is survived by one daughter, Mrs. Floyd Jackson of Hackberry, four grandchildren and two sisters, Mrs. Murphy and Mrs. Rosalie LeBouef, both of Cameron.

DO YOU REMEMBER?

TWELVE YEARS AGO

SEPT. 5, 1948--Appointed as members of the Cameron parish draft board were J. A. Davis, chairman; Alvin Dyson, secretary; and Tom Steed.

Named as officers of the newly organized PTA were Mrs. Frank Welch, president; Mrs. G. A. Tupper, vice-president; and Mrs. Hadley Fontenot, secretary-treasurer.

Playoff games in the Cameron softball league were interrupted by construction on the school ground. In the two games already played, Dixie Auto Lec of Creole had defeated the Cameron Dodgers both times.

Letter about library put into Record

Expressing gratitude for Library Services Act funds, which helped make possible the Cameron Parish library demonstration, a letter from Mrs. Charles Hebert, president, and members of the Cameron library board, to U. S. Representative T. A. Thompson, is reprinted in full in the April 6 Congressional Record appendix.

Representative Thompson, in presenting the letter sent by the Cameron board in March, just after the successful library tax election, commented that the area to receive the library services was that one badly damaged by Audrey. The letter follows in full:

"Dear Mr. Thompson:

"Speaking for the Library Board of Control of the Cameron Parish Library Demonstration, I should like to acknowledge with gratitude the federal funds used so effectively – we think – in bringing permanent library services to Cameron.

"After using the sample library placed in the parish for the past 20 months – financed entirely by federal and state funds, under the statewide library development plan of the Louisiana State Library – property holders of Cameron Parish went to the polls last week and voted overwhelmingly to continue their library.

"We are very proud of this record vote for a public library, and in a parish to which Hurricane Audrey brought widespread devastation less than 3 years ago. Voters supported enthusiastically a 2-mill special library tax, which will yield the annual income of $28,000 or more for the next ten years. The vote for the tax carried by more than four to one in number (395 votes for, 83 against) and more than five to one for property assessment ($667,269 for, $130,404 against).

"And this in Louisiana's smallest parish, with an estimated population of little more than 5,000 people.

"We believe people will read books if books are given to them in plenty. Cameron people read 66,000 books since the library opened on June 27, 1958; and more than 2,000 of them are registered library users. We believe that people will support libraries from local funds, once the joys and benefits coming from reading are demonstrated to them.

"So, thank you for your support which helped to make possible the financing of a successful library demonstration in Cameron Parish."

The South Cameron girls volleyball team took fourth place at the district tournament held Friday and Saturday at Southwestern in Lafayette.

REDFISH HOLANDAISE

This is another typical Creole method of preparing redfish that has made the gourmets drool for many years. As whipped up by Arnaud's famed restaurant in New Orleans the dish achieves a simple grandeur that is unsurpassed. Mrs. Germaine Cazenave Wells, the owner of Arnaud's has come forth and furnished us with the following knowhow, it's not a secret, but that Hollandaise sauce does require a deft touch in it's fabrication:

Tenderloin one three pound redfish (4 portions). Boil the fish and season with salt and pepper. After boiling remove the fish from the water, drain and place on a platter.

Hollandaise Sauce: Take six yolks of eggs, add one teaspoonful Coleman's mustard and 1½ oz. of tarragon vinegar. Melt two pounds of butter, while whipping the eggs add butter slowly. Season to taste.

When ready to serve spread the Hollandaise sauce over the fish and sprinkle with paprika. Sheer rapture.

LIBRARY NEWS

By MRS. MARY BRAND
Parish Librarian

J. W. Doxey sent the library several copies of the recent publication "Cameron Parish Louisiana Resources and Facilities". Information on the history of the parish, agriculture, wildlife, minerals, water, population, labor, housing and real estate, health and medical facilities, education, recreation and institutions, transportation, communications, fuel, power, industry, business, finance, commendations and suggestions for obtaining the objectives sought can be found in this publication.

"The Story of Therese Neumann" by A. P. Schimberg is one of the very popular books available at your library. The book gives a full resume of Therese's early years, the events and cures leading up the stigmata and her complete fast which began in 1927.

Another popular book that is available at your library is "The Enemy Within" by Robert F. Kennedy. This book discusses the work of the Senate's Select Committee on Improper Activities in the Labor and Management Field in searching out corruption and describes what was discovered about Dave Beck, Roy Underwood, Jimmy Hoffa and many others. Mr. Kennedy was chief counsel for the committee.

CHEVROLET
OVER BACK-COUNTRY ROADS AT 45 WITH A SKY-HIGH LOAD OF TIMBER

Chevy middleweight shows the big rigs how it's done!

That's a 6303 medium-duty Chevrolet powered by a 283-cu-in. V8. But there's sure nothing medium-duty about the load. Mr. J. E. Blankinship, Arkansas logging contractor, says both of his torsion-spring 6303's "move along at 40 to 50 miles per hour with 55,000 pounds gross weight and maintain a 5-trip-a-day schedule with no trouble at all." Figure the money you save when you've got a medium-duty truck that can cover 30,000 back-country miles a year with a high-tonnage load!

We've never seen anything like the amount of praise truck owners are heaping on Chevy's new torsion spring suspension. Owners like the fact the truck handles a whole lot easier, can move faster off the road without beating the driver to death and shaking loose all the sheet metal. They like the idea of extra thousands of miles before trade-in! . . . Drive a '60 Chevy just once. It's a whole new experience.

Chevy middleweight averages 200 miles of back roads a day dragging timber out of the woods and delivering it to the mill at Crossett, Arkansas.

FISHING RODEO TO BE HELD AT LACASSINE

Lacassine wildlife refuge in Cameron parish, which in recent years has become noted as one of the fishing "hot spots" of Southwest Louisiana, will again be the scene for the second annual Calcasieu Rod and Gun fishing rodeo the weekend of May 28 and 29.

Opened to allmembers of o the Calcasieu club, prizes totaling more than $1,500 are being offered, including a 12-foot aluminum boat and three outboard motors.

The rodeo entry fee will be one dollar per day and fishermen must register at one of the three registration and weighing stations before entering the refuge to fish.

Stations will be set up at both sets of rollers on the Bell City ditch on the west side of the refuge and at the northeast rollers off Lacassine bayou on the east side of the refuge.

Each contestant can register each day of the rodeo his largest bass, crappie, bream and choupique. One prize will be awarded for the heaviest choupique caught during the rodeo.

Fishing hours will begin at 4:29 a.m. and end at 5 p.m.

Audrey group visits school in Shreveport

By MRS. LEE J. HARRISON

Principal R. S. Guice carried four students from Audry Memorial school to Shreveport Thursday in response to an invitation from Booker T. Washington High School of that city.

The occasion was the 6th annual session of the Louisiana State Association of Student Councils.

The students were Julia Ann Bartie, Gertrude Savoie, Warren Jones, Jr., and Bryant Bartie, Jr.

Area church workers and the general public are invited to the Macedonia Baptist church, each evening at 7 p.m. during the week of May 1-7.

The occasion is a revival for which the members have been praying each evening this week at 7 p.m.

Mr. and Mrs. Joseph Lemelk and Mr. Fruge and daughter of Lake Charles were guests of Mr. and Mrs. Simon Harrison Saturday.

Mrs. Julia January of Lake Charles is visiting Mr. and Mrs. Letchet Dozier.

Lowery News

Miss Sonnier, Robert Gary were married Saturday

By BERNICE STEWART

The Thornwell Catholic Church, beautifully decorated with white gladioli and stock, was the setting at 9:30 Saturday morning for the wedding of Miss Dorothy Jane Sonnier of Lowery and Robert Gary of Jennings. She is the daughter of Mr. and Mrs. Wallace Sonnier. He is the son of Mr. and Mrs. Andrew Gary.

The marriage vows were read by the Rev. Van Buyitnep.

The bride, given in marriage by her father, was radiant in white Chantilly lace with a short train of the lace. The scalloped neckline was embroidered in pearls and sequins. A white satin cummerbund ended in a huge soft bow at the back. Her fingertip veil was held in place by a tiara of pearls and sequins. Her only adornment was dainty pearl earrings. She carried a bouquet of white feathered carnations from which floated satin streamers.

Miss Yvonne Broussard, maid of honor, was attired in dusty rose taffeta, fashioned along empire lines with a self-colored lace top, featuring a scalloped round neckline and tiny cap sleeves. A circlet of white and dusty rose carnations, interwoven with satin ribbon, created her headdress. She carried a quaint nosegay of dusty rose and white carnations, tied with matching satin streamers.

The bridesmaids, Miss Sue Constantine and Miss Brenda Abshire, wore identical attire to that of the maid of honor.

Serving Mr. Gary as best man was his brother, Charles Gary. Warren Sonnier, brother of the bride, and Freddie Gary, another brother of the gridegroom, were groomsmen. Carl Abshire served as ushers.

* * *

IMMEDIATELY following the ceremony, a reception was held in the Catholic Hall at Thornwell.

The bride's table was overlaid with a cloth of ivory lace and was centered with the snowy five-tiered cake, topped by a miniature satin-robed bride and her groom. Seated at this table was the wedding party.

On either side was another table covered in white linen. The tables held arrangements of calla lilies and greenery. Punch, coffee and cake were served.

Presiding at the punch service were Mrs. Rene Sonnier and Mrs. Alton Menard. Mrs. E. Ryder had charge of the coffee service. Cutting and serving cake were Mrs. Maxene Fruge, Mrs. Mildred Brown, Mrs. Austin Abshire, Sr., and Mrs. Jules Benoit.

About seventy-five guests were present.

Mrs. Sonnier, the bride's mother, wore a light blue dacron lace frock with a corsage of white carnations. Black accessories complemented her ensemble.

Mrs. Gary, mother of the bridegroom, was attired in navy with navy accessories. Her corsage was of light blue carnations.

The bridal couple with their attendants were present at the Lake Shore Club Saturday evening.

Mr. and Mrs. Gary have bought a home in Jennings' West Division, where they plan to reside.

Fishing is good on Lacassine

Fishing in the Lacassine Reserve during April has been very good, according to Vondelen Hough, assistant-manager of the Refuge.

Chinquapin-a kind of bream -and "goggle-eye" have been plentiful.

Von Hough of here was winner this month in the bass fishing contest sponsored by the More Mileage Station of Jennings.

The bass that Von caught in the Lacassine Reserve weighed 5 lb. 13 oz.

Mr. and Mrs. Wallace Sonnier and their son, Warren, attended in Mermentau Sunday the wedding of Miss Florence Gautreaux of Mermentau and Ronald Cormier of Jennings.

Mrs. Estelle Smith of Lake Charles spent from Friday to Saturday with her son-in-law and daughter, Mr. and Mrs. Ralph Potter.

Mrs. J. O. Riley and little son, Jay, are spending a week with her parents in Evans. Prior to this Mr. and Mrs. Riley had house guests from Dallas, Texas. They were Mr. and Mrs. Louis James Riley and three children.

On Saturday evening J. M. Pettitin gave a barbecue at the Recreation Hall in Thornwell in celebration of another oil well brought in on his farm last week.

Anthela, Becky, and Cathy, charming little daughters of the Truman Collinses, wish to announce that Missy, their gray Persian cat, has become the mother of three wee kittens-the most obliging mamma imaginable since she produced one kit for each girl.

Mrs. Lodeas Vincent has recently purchased a 1960 dark grey Chevrolet.

* *

ON SUNDAY Mr. and Mrs. Austin Abshire, Mrs. Floyd Vincent, Moss Brenda Abshire, along with Mrs. Leo Sonnier of Klondike, drove to Gueydan to visit Miss Beverly LeJeune, who is recovering from surgery, and Jimmy LeJeune, who recently suffered a heart attack.

Mr. and Mrs. JeffDensmore and Mrs. R. B. Johnson spent Wednesday in Alexandria.

Among those enjoying their camps at Morgan's Shores near here are Mrs. Billy Fontenot and Miss Leatha Atchison of Jennings.

Mr. and Mrs. J. W. Odom and daughter, Madeline, of Evadale, Texas, spent Thursday with Mrs. Odom's parents, the Jeff Densmores.

Law affecting drawbridges in disaster altered

Probably as a result of lessons learned in Hurricane Audrey in Cameron parish, the federal law governing the operation of drawbridges during a major disaster or civil defense emergency has been amended.

The new ruling signed Jan. 20 by Wilber M. Brucker, Secretary of the Army, reads: "Drawbridges across navigable waters of the United States will not be opened to navigation for certain periods determined to be in the interest of public safety by the proper civil defense authorities during a major disaster or civil defense emergency indicated by a civil defense condition of "Air Raid Warning" (attack by enemy aircraft probable, imminent, or taking place) notwithstanding any general or special regulations heretofore or hereafter prescribed for the operation of any such drawbridge or drawbridges."

The new regulation went into effect in March.

The only two routes of exit out of Cameron parish to the north cross swinging pontoon bridges over the Intracoastal canal at Gibbstown and north of Hackberry.

Local Civil Defense leaders, following Hurricane Audrey, began pressing for regulations to permit the halting of boat travel during an emergency such as a storm alert so that evacuation of the lower part of the parish would not be held up by boat traffic. This new regulation now gives them such authority.

Mrs. Montie is stamp winner in Creole club

The Creole Home Demonstration Club met last Wednesday in the home of Mrs. Mayo Savoie. Roll call was answered by blood types of members.

The proposed trip to Hodges Gardens was discussed. Mrs. E. Nunez and Mrs. Harold Carter offered their cars for the trip and Mrs. Walter Stanley of Johnson Bayou is to join the group with a third car.

Mrs. J. H. Montie was the stamp winner, bringing in a total of 1385 stamps. Runner up was Mrs. Estelle Theriot with 1112. The total stamps collected for the Creole club was 4344. Mrs. Montie was presented with the prize which was a shoe and hose satchel made by Mrs. Theriot. Mrs. Montie also won the door prize for the night.

Mrs. Carter thanked all of the club members who donated Easter eggs for the TB hospital.

A beautiful card came to the club from the Sisters of St. Mary Orphanage in Lafayette where the club made a trip to at Christmas to distribute gifts and goodies.

Mrs. Iva Free, agent, made announcements about the convention to be held in Alexandria at which Mrs. Ellen LeNoir will be honored. The local club sent in a donation toward the gift. The National Home Demonstration convention Aug. 28-30 is to be held at Madison, Wis., this year.

A new project was added to Adult Achievement Day, the making of plastic flowers.

Wanda Breaux is New reporter

By WANDA BREAUX
Telephone LY 8-2032

I want to thank Mrs. Tom Taylor for the chance to be your Sweetlake reporter. Please help by giving me a ring when you have some news.

Wednesday, April 20 in the community center, a meeting was held for the Cajun Egg Producers. Films were shown by the Purina feed salesman of this area, Herbert Etier, on how to prepare eggs for market. The Cajun Egg Producers are Mervyn Taylor and Lyon Breaux, each with 6,000 hens, Albert Guidry and Steve Taylor, each with 3,000 now in production.

Saturday, April 23, Herbert Etier, Lyon Breaux and three other men from this area left to visit the Purina Feed research farm in St. Louis, Missouri.

They also had reserved seats to see the baseball game between the St. Louis Cardinals and the Los Angeles Dodgers.

Mrs. Clifford Gary visited relatives in Jennings over the weekend prior to her leaving April 25 to join her husband in Formosa. She will go by bus to California and from there fly the rest of the way of the Pan American Airlines.

Mrs. Joe Eruge had returned to her work at the Cajun Egg plant in Holmwood after being off work for two months recovering from an operation. She worked from Tuesday to Saturday and Sunday evening had to be rushed to the hospital. It turned out to be pneumonia.

While off work she had made hats to pass the time away and also had a chance to visit with her two sisters for a week. One lives in Beaumont and the other in Galveston, Texas.

Thursday, April 21 at 7 p.m. a meeting was held at Grand Lake school for the Boy Scouts. Games were played and plans were made for them to go on a hike in the near future. Mr. Robicheaux is in charge.

Wednesday, May 4, from 1 to 3 p.m., Mrs. Wrigley, the Cameron Health Nurse, and her assistant, Miss Lena Obey, will be at the home of Lyon Breaux. Those interested in taking immunization shots are welcome.

Mr. and Mrs. Wayne Granger and son Jeffery from Bell City visited the Claude Eagleson Sunday.

Mr. and Mrs. John Billedeaux and children from Lake Charles visited the Raymond Fusiliers Sunday.

Those attending were: Madms, Telesmar Bonsall, E. Nunez, Robert Wickie, Ramie Broussard, Estelle Theriot, Wayne Montie, Wilmer Savoie, Rose Montie, Harold Carter, Evelyn Savoie, and George LeBouef.

VISITING THE Alex Beards Sunday were Mr. and Mrs. Philip Klumpp, Mr. and Mrs. Joe Johnson from Basile, Mr. and Mrs. Eusabe Beard from Holmwood, Mr. and Mrs. Henry Fruge from Lacassine, Mr. and Mrs. Ray Allen Beard, Mr. and Mrs. Junior Beard from Lake CHARLES.

Visiting the Eddie Fusiliers Sunday were J. B. Fusilier, Mrs. Clement Granger and daughter Adeline and her 83-year-old mother, Mrs. Ardoin from Lake Charles. Mrs. Clement Granger was better known as Mrs. Boy Granger, who used to live in the neighborhood before her husband was killed while working on the Gibbstown Ferry in 1946.

Mrs Linny Bellon underwent a major operation April 22 in the American Legion Hospital in Jennings. Her mother, Mrs. Robert O. Hackett, reports she is doing fine.

Mrs. Pauline Fruge is back on the sick list.

Odelon Duhon and Joe LeBoeuf are ill in St. Patrick's hospital of Lake Charles.

Mrs. Nolton Richard spent all week in Maplewood taking care of her daughter, Mrs. Bob Ransom, who was ill.

Jeanette Fruge, daughter of Mr. and Mrs. Cormet Fruge, had her tonsils removed Friday in St. Patrick's hospital.

Mrs. Tom Taylor spent the weekend in Jennings at her daughter's home.

Visiting in the home of Mr. and Mrs. W. J. LeBleu Monday was their daughter, Mrs. Felix East of Lake Charles, and her daughter, Mrs. Clarence Beechley from Posen, Michigan.

On the honor roll for this six weeks were Carliss Guillory, Wanda Breaux and Sherry Taylor.

RICE PLANTING PROGRESSES IN KLONDIKE AREA

By BERNICE STEWART

Klondikers are absorbed in last minute soil preparation or in planting their rice. With the exception of the harvest season, this is the busiest of the year. Seeding planes buzz overhead by day.

Louis Trahan, jr., who is planting 350 acres of rice this year as compared with 198 last year, states that he has already planted 50 in Nato and 11 in Toro. So far, it is doing fairly well. This week he plans to plant 60 acres more in Nato and 78 in Bluebonnet. Louis has four fields.

Mrs. Oran Garrie and Mrs. Jake White took the Easter eggs prepared by members of the Klondike Home Demonstration Club to the Health Unit office in Jennings in time for them to be taken with others in this vicinity to the Tubercular Hospital in Greenwell Springs, near Baton Rouge.

Recent guests in the Mayo Cain home were Mr. and Mrs. Dudley Trahan and Buck Spell of Lafayette and Miss Ethel Gooch of Crowley.

Friday guests of Mr. and Mrs. Louis Trahan, sr., were Mr. and Mrs. Oney Manuel and son Brady of Iota.

Visiting the Trahans on Sunday were Mr. and Mrs. Shirley Oliver and children, Johnny, Shirlene and David, of Rayne.

Mrs. Curley Cormier was a business visitor in Jennings on Saturday.

* * *

GUESTS OF MRS. Leo Sonnier on Friday were Noah LeDoux and Mr. and Mrs. Milton Johnson and son, Kirk, of Lake Charles; Mr. and Mrs. Paul Chevalier of Tampa, Fla; and Mr. and Mrs. Oran Richard and children, Bret and Julie of North Carolina.

Burton David of Midwest, Okla., is visiting his family, the Percy Davids.

On Monday Burton and his fiancee, Juanita Dugas, drove to Baton Rouge for the day.

Mrs. Calvin Price was hostess at a merchandise party on Friday afternoon. Mrs. Claude Armentor of Lake Arthur was in charge.

Refreshments of punch, cake, and cookies were served to eight guests.

UNITED GAS OFFICIAL NAMED ASSOC. POST

A United Gas official has been elected president of the Southern Gas Association. He is James A. Wilson, Houston, a vice president of the Texas Distribution Division of United Gas Corporation.

Mr. Wilson, who has served two years as S.G.A. vice-president, was elected unanimously.

Engagement Announced

Mr. and Mrs. Nelson Dugas announce the engagement and approaching marriage of their daughter, Juanita, to Burton David, son of Mr. and Mrs. Percy David of Klondike. They will be married in St. Francis Catholic Church in Thornwell, Saturday, April 30, at 9:30 a.m.

Miss Dugas is a graduate of Welsh high school. Mr. David is a graduate of Gueydan high school, and received his degree in mechanical engineering from LSU. He is presently employed in Midwest, Okla.

Rain welcomed by Big Lakers

By MRS. TOM TAYLOR

Rice farmers, cattlemen, gardeners and others in the Grand Lake community, were wearing a big smile Tuesday morning due to the rain of previous night which was badly needed.

Mr. and Mrs. H. C. Young, announced the birth of a son, Peter Kristian, April 18, at St. Patrick Hospital. The baby weighed 10 lbs and 8 oz. There are two other children in the family, Marshall 13, and Carolyn 7.

Grandparents are Mr. and Mrs. Alex Young of Grand Lake.

Frank Poole was rushed to St. Patrick's last Friday, due to complications which set in after his relapse with the flue.

Mrs. B. B. Martin and son Billie of Houma were recent visitors in the home of her father and stepmother, Mr. and Mrs. Edward Comier. They also visited in the home of Mr. and Mrs. Chas. J. Young.

Attending the Youth Rally held last Saturday at Central Garden, Texas, were: Mrs. Nellie Royer, and daughter Linda Faye of Grand Lake, and Mr. and Mrs. Cleveland J. Harris of Lake Charles, former residents of Grand Lake. Rev. John E. Murdock, pastor of church in which Youth Rally was held, was a former pastor of the Big Lake Gospel Tabernacle for seven years.

A swarm of bees in search of a new home created quite a lot of excitement for Stephen Farque, son of Mr. and Mrs. C. J. Farque, and his uncle, John W. Farque, last Sunday. Stephen and Mr. Farque were out in Mr. Farque's yard when they heard a roaring sound, they soon discovered it was a swarm of bees coming their way. In no time at all the swarm was resting on the limb of a pine tree near by. Mr. Farque and Stephen hastily assembled a make-shift hive with boxes, and cutting the limb on which the swarm rested they carefully placed it in enclosure until they could have a bee hive ready. The Farques will soon be enjoying fresh honey.

Those on Easter Seal Drive last Friday in the Grand Lake Community were: Mrs. Howard Boudreaux, Mrs. Ben Cotton, and Mrs. Ted Askew, who was chairman.

Mr. and Mrs. Leon Hebert were recent visitors in Port Arthur, Texas.

The Kingsmen Quartet of Abbeville, will participate in the Song Service which will be held at the Grand Lake Gospel Tabernacle, Sunday May 1, at 8 p.m. according to Rev. Saltzman, pastor. Other participants will be singers from various churches. The public is invited to attend.

* * *

HOSPITAL BOND BIDS

$350,000 BOND SALE
LOWER CAMERON HOSPITAL SERVICE DISTRICT
CAMERON PARISH
STATE OF LOUISIANA
HOSPITAL SERVICE DISTRICT BONDS

The Commissioners of Lower Cameron Hospital Service District, Cameron Parish, Louisiana, will receive sealed bids for $350,000 of Hospital Service District Bonds of the said District, on or before Eleven o'clock A.M., on the 5th day of May, 1960, when the bids will be opened and considered. Bids will be opened at the office of the Secretary in the Courthouse of Cameron Parish, Louisiana. Mailed bids should be addressed to Dr. C. W. Clark, Cameron, Louisiana.

The bonds will be coupon bonds, payable to bearer, dated April 1, 1960, of the denomination of $1,000 each, will mature serially on April 1 of each year as follows:

YEAR	AMOUNT
1961	$ 8,000
1962	9,000
1963	10,000
1964	11,000
1965	12,000
1966	13,000
1967	14,000
1968	15,000
1969	16,000
1970	17,000
1971	18,000
1972	19,000
1973	20,000
1974	21,000
1975	22,000
1976	23,000
1977	24,000
1978	25,000
1979	26,000
1980	27,000

Interest will be payable April 1, 1961 and semi-annually thereafter on October 1 and April 1. Both principal of and interest on the bonds will be payable at the Calcasieu National Bank, Lake Charles, Louisiana, or, at the option of the holder, at the Whitney National Bank in New Orleans or at New Orleans, Louisiana.

A proposal for less than all of the bonds or for less than the accrued interest to the date of payment therefor will be considered. Bidders are invited to name the interest rate or rates, with the interest rate or rates named not to exceed six per centum (6%) per annum in any one year, and with the average rate not to exceed five per centum (5%) per annum computed over the life of the issue. All bonds maturing on the same date must bear interest at the same cumulative rate, and each bidder must specify in his bid the amount and maturities of the bonds of each rate. Split interest rates may be bid, but the total interest rate payable in any one year must be shown correctly as part of the bid. The difference between the largest amount of principal and interest payable in any one year may not exceed the least amount of principal and interest payable in any other year by more than three per cent (3%) of the total authorized issue. The bonds will be awarded to the bidder offering to purchase the bonds at the lowest interest cost to the District, such cost to be determined by deducting the total amount of any premium bid from the aggregate amount of interest upon all of the bonds from their dates until their respective maturities.

Each bid must be accompanied by a certified or cashier's check for three per cent (3%) of the par value of the bonds, drawn to the order of the Lower Cameron Hospital Service District. Checks of the unsuccessful bidders will be returned immediately. Check of the successful bidder will be held until the bonds are delivered and paid for. In case the successful bidder does not comply with his bid, the check will be forfeited as liquidated damages. The bonds are expected to be delivered on or before June 1, 1960.

The bonds are to be issued to provide funds for the purpose of purchasing and acquiring lands and purchasing, acquiring, constructing and maintaining hospitals, nurses' homes, physicians' and dentists' offices, laboratories and other physical facilities necessary to provide proper hospital service in the Lower Cameron Hospital District, and have been authorized at an election by property tax payers qualified to vote in said election held September 26, 1959. The bonds recite that they are authorized by and issued in conformity with the requirements of the Constitution and statutes of the State of Louisiana. The faith and credit of the District are pledged to the payment of the bonds, and the District is authorized and required to impose and collect annually a tax on all the property subject to taxation by the District, sufficient in amount to pay the interest semi-annually, and the principal falling due each year.

The usual closing papers and printed bonds, together with the approving opinion of Messrs. Wood, King, Dawson & Logan of New York City will be furnished to the purchaser of the bonds at the expense of the Lower Cameron Hospital Service District.

The right is reserved to reject any and all bids and to waive any irregularities in any of said bids.

Edison R. Mhire
Chairman, Lower Cameron Hospital Service District, Cameron Parish, Louisiana.

Cecil W. Clark, M.D.

SCHOOL BOARD LEGAL NOTICES

ADVERTISEMENT FOR BIDS
FOR LEASING LANDS OF
CAMERON PARISH SCHOOL BOARD

By authority of and in conformity with the laws of the State of Louisiana, separate sealed bids will be received at the office of the Cameron Parish School Board at Cameron, Louisiana, on or before the second (2nd) day of May, 1960, at ten-thirty (10:30) o'clock A.M., for the leasing of sulphur, potash, oil, gas and other liquid or gaseous hydrocarbon mineral rights, on and to the following described tract situated in the Parish of Cameron, State of Louisiana, to-wit:

All of Section 16, Township 15 South, Range 7 West, Cameron Parish, Louisiana, containing 22.46 acres, more or less.

All bids to offer a cash bonus for a lease having a primary term which shall not exceed three years. Minimum royalties shall be one-sixth (1/6) of all oil produced and saved; one-sixth (1/6) of all gas produced and saved or utilized; Two dollars ($2.00) for each long ton of sulphur produced and saved; Twenty-five cents ($.25) for each ton of potash produced and saved; and one-sixth (1/6) of all other liquid or gaseous hydrocarbon minerals produced and saved.

Lessee must agree to drill within one year, or pay annual rental of not less than one-half the amount of the cash bonus for the right to defer drilling for a primary term which cannot exceed three (3) years from the date of contract, and to drill offset wells when necessary to protect the Board's interest.

Lessee shall not have the right to enter into pooling or unitization agreements with respect to the development of the leased premises without the consent and approval of the lessor.

Certified check payable to the Cameron Parish School Board for the full amount of the cash bonus shall accompany and be deposited with each bid, and no bid shall be withdrawn or cancelled when deposited; and the cash bonus thus deposited shall be forfeited to the Cameron Parish School Board by the successful bidder in the event said bidder does not enter into written contract.

The right is reserved to reject any and all bids and to grant a lease on any portion of the tracts advertised for a price not less than proportionate to the best bid offered, for the lease on the entire tract.

The lease to be granted shall be subject to approval of the State Mineral Board, and if not approved and countersigned by the duly authorized officer of the State Mineral Board, shall be null, void and of no effect.

Mr. and Mrs. Lynn Vincent

Miss Nunez, L. Vincent are married Saturday

The Immaculate Conception Catholic Church at Grand Chenier was the setting last Saturday morning for the marriage of Miss Martha Fae Nunez, daughter of Mr. and Mrs. Adonise Nunez of Sulphur, and Lynn Vincent, son of Mr. and Mrs. Curley Vincent of Grand Chenier.

The Rev. Francis Z. Lanove, pastor, officiated at the nuptial mass. Vows were exchanged before the altar which was decorated with white gladioli and calla lilies.

The traditional nuptial music was provided by Mrs. Emma Arceneaux and the Grand Chenier choir.

Miss Nunez was given in marriage by her father. She wore a gown of white chantilly lace and net, fashioned with a fitted, elongated lace bodice. A head piece of chantilly lace adorned with seed pearls held her dress length veil of illusion. She carried a white prayer book which was topped with a bouquet of white carnations and centered with a lavander orchid.

Serving the bride as maid of honor was her sister, Barbara Lane Nunez of Sulphur. Bridesmaids were Misses Virgie Ann Theriot and Carolyn Montie of Creole, Olga Vincent, sister of the groom, of Grand Chenier, and Carolyn Granger of Maplewood. All the attendants were dressed in light blue, white and pink formal gowns with matching headdress.

Katherine Armtor of Sulphur was flower girl with a long white gown similiar to the bride's dress.

David D. Vincent, the groom's brother, was best man. Groomsmen were Perry and Preston Nunez, brothers of the bride, Robert Mudd and Joe Granger of Sulphur. Mike Clayton of Mississippi was ring bearer.

* * *

THE RECEPTION was at Mrs. Savoie's Hall in Creole. Serving cakes and punch were Mr. and Mrs. Clement Granger of Maplewood, Mrs. Edwin Mhire of Grand Chenier, Mrs. Florence Houfpauir of Sulphur, and Mrs. Louis Richard of Creole.

A family dinner was served at the home of the bride's brother and family, Mr. and Mrs. Curtis Richard in Chenier Perdue.

The couple will make their home in Grand Chenier.

The groom is a graduate of South Cameron high school and of a barber's school in Beaumont. He is employed by Crain Brothers. The bride attended school in Sulphur.

The couple received many beautiful and useful gifts and want to thank all who attended, and sent gifts, and helped with the wedding.

Citrus tree demonstration

On Friday, May 7, a citrus budding and spraying demonstration has been scheduled in the Sweet Lake community at 9 a.m. at the home of Noble Theriot. The public is invited.

Horticulture specialist Donald Spurlick of the Agricultural Extension Service, L.S.U. and Hadley Fontenot, Cameron County Agent, will conduct this demonstration.

Common insect and diseases of citrus trees will be discussed and actual spraying of a few trees done.

Because of the renewed interest in the growing of citrus trees in Cameron Parish it is felt many people would want to take the opportunity to learn first hand the latest recommendations in the care and management of citrus fruit trees.

Cameron to honor tourists on Wed.

Cameron will be among the 72 towns and cities across Louisiana next week which will pay tribute to the state's multi-million dollar tourist business by observing the fourth annual Tourist Appreciation Day.

Most communities will observe the day on Tuesday, but in Cameron it will be on Wednesday, so the tourists selected can be guests of the Lions Club at their weekly luncheon.

The special day was conceived in 1957 to emphasize the importance of the growing tourist industry in Louisiana (which brings in some $500,000,000 annually to the state) and to call nation-wide attention to Louisiana's hospitality.

A Lions committee composed of Bolo Trosclair, Rodney Guilbeau and Jerry Wise, with the assistance of sheriff's deputies, will halt some out-of-state car. Its occupants will then be taken to the courthouse for an official welcome by Sheriff O. B. Carter and some Louisiana coffee, and then shown the sights around Cameron.

The tourists will receive certificates making them honorary citizens of Louisiana at the Lions luncheon and will also be given various souvenirs.

Carnival Ball in which her grandneice, Mary Ann Jung, was a member of the Court.

Mrs. Avery Nunez is visiting Mr. and Mrs. Dick Reinstraw in Nederland, Texas this week.

Visiting her moner and family in Little Chenier last Sunday were Mrs. Gilbert Hebert and children of Big Lake.

Mrs. Margaret Trahan and Mr. and Mrs. Jimmy LaBove and children attended a butchering in Port Arthur at the home of Mr. and Mrs. J. W. Smith.

Weekend visitors of Mr. and Mrs. Lucius Theriot were Mr. and Mrs. Alvin Conner and family of Lake Charles.

Mrs. Ida Primeaux returned home Tuesday after spending a couple of weeks visiting her sister and family in Lake Charles.

Get well wishes are sent out this week to Mrs. Eumeah Landry who is still in the hospital in New Orleans, Mrs. Kermit Conner and daughter who underwent tonsillectomy last week in Abbeville, Mrs. Radolph Theriot, Mrs. Arthur Baccigalopi and Mrs. Emma Broussard.

Mrs. Paul Nunez and son Kenneth, and Joe Savoie were Tuesday visitors of Mr. and Mrs. Cline Savoie in Nederland, Texas.

Mr. and Mrs. Robert Wicke moved their trailer home to Plaquemine where he will work.

Weekend visitors of Mr. and Mrs. J. M. Guillory were Mr. and Mrs. Amada Conner of Jennings.

N. S. Coppel of Alexandria spent the day Sunday at his hunting camp.

Mrs. Amy Theriot visited relatives in Alexandria Sunday.

Sunday visitors of Mr. and Mrs. Clopha Baccigalopi were the Steven Millers of Lake Charles.

Mrs. Christine Nunez is visiting her daughter and son-in-law for three week. She has been with her sick father for the past few weeks.

CHANNEL PROBLEM SOLUTIONS OFFERED

Several solutions to the problems that have vexed Cameron parish in connection with the Lake Charles ship channel were offered at the Monday meeting of the police jury.

The jury heard a report from Ray Burgess of Lake Charles, chairman of a special committee which was recently appointed by the police jury and the Lake Charles dock board to study the silting up of Grand Lake during the regular maintenance dredging of the ship channel.

Mr. Burgess, who is an engineer with one of the area refineries, said that the committee had found that there were dedicated spoil areas along the channel on which the silt could be pumped, and that the owners of some of this land was anxious to have the spoil pumped on to their land so as to build it up.

The only problem, he said, was that some of this land was presently leased for cattle grazing, and that the area cattlemen probably would oppose the placing of the silt on the land.

At his suggestion, the police jury adopted a resolution urging the U. S. Corps of Engineers to pump the material dredged from the channel on to the dedicated spoil areas on high land where it was agreeable to the property owners. This would keep the silt from filling up the lake, which has been cause of recent complaints from fishermen and oil men.

* * *

THE POLICE jury had asked the Corps of Engineers to hold up on the dredging of the channel in Cameron parish until it could see if an appropriation could be secured from the state legislature with which to build a dike to keep the silt out of the lake.

Mr. Burgess advised the jury that he had been informed that the Engineers had declined to hold up this work any longer, and besides, his committee had found that this proposal probably wouldn't be very practical any way.

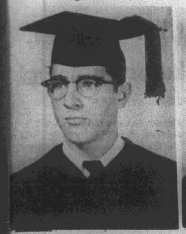
He said the only real solution was to deposit the spoil on high ground where it could not get back into the channel or lake. Even the spoil pumped into the lake have been coming right back into the channel, he said.

Mr. Burgess said there were two other solutions to the problem. One would be to bring the government hopper dredge up the channel to do the dredging, and then to dump the spoil somewhere where it would not go into the lake. The cost probably would be prohibitive here, he said.

Another resort would be to pump the silt into West Cove of Calcasieu Lake, which is not used for fishing and oystering as much as the rest of the lake.

Mr. Burgess agreed to keep the committee at work on the problem after he was requested to do so by the jury. Other members are Roland Trosclair and Conway LeBleu of Cameron, John Gross and Elmer Shutts of Lake Charles.

* * *



J. B. JONES, assistant district attorney, reported on another committee appointed to study the problem of the channel erosion.

He said that a compromise was expected to be reached in a suit which had been brought against the federal government, and in turn, Cameron Parish, for erosion of private property into the ship channel at Hackberry.

He said that a group of Lake Charles Shippers had agreed to put up the money for this compromise to relieve Cameron of having to apy for these damages.

The Cameron police jury, at the time the ship channel was built, had agreed, to pay any damage claims against the federal government in connection with the ship channel. Since then, the parish has had to pay for one damage settlement, and another suit was pending against it.

Local leaders, contending that the parish received little benefit from the ship channel, had urged that other interests pay for these damages. A bill is to be introduced in the legislature this month to permit the Lake Charles harbor board to pay for any such claims in the future.

A demonstration on the budding and spraying of citrus trees will be held at 9 a.m., Saturday, May 7, at the home of Noble Theriot of Sweetlake. LSU horticulture specialist Donald Spurlick and County Agent Hadley Fontenot will conduct the demonstration. The public is invited to attend.

South Cameron band to give concert Fri.

The South Cameron high school senior band will present their annual spring concert at 8 p.m., Friday, May 6, in the school auditorium under the direction of Raymond Sibley.

Selections will include several from Broadway musicals as well as other numbers. The public is cordially invited to attend. No admission will be charged.

Receiving awards at a banquet held last Friday night at Fred's Restaurant in Cameron were Coral Lee Crain, voted the most outstanding band student and woodwind player; Thomas Broussard, named the outstanding drum player; and Barney Kornegay, outstanding trumpet player.

Banquet speakers included Superintendent U. E. Hackett, Supervisor Wilson Montie, Principal U. W. Dickerson and Mrs. David Doland, sponsor of the dinner.

$309 raised by Legion at barbecue Sun.

By ELORA MONTIE

More than 400 plates of barbecue were sold and $309 in profits raised by the American Legion and women auxiliary at a benefit barbecue held Sunday at the state park in Grand Chenier. Funds will be used to finance the American Legion baseball teams.

The pork was furnished by John Paul Crain and mutton by Curley Vincent, with chicken barbecue also being served.

Two cakes were auctioned off and brought $42.

The Legion and Auxiliary wishes to thank everyone who attended the barbecue, especially the ones who donated, prepared and served the food.

Dr. Cecil Clark named Lion president

Dr. Cecil Clark was elected president of the Cameron Lions Club at the club's Wednesday luncheon at Fred's. He succeeds E. J. Dronet.

Other new officers named are: Harold Cooling, Ray Champagne and J. Berton Daigle, vice-presidents; James Derouen, tail twister; Rodney Guilbeau, Lion tamer, and Ray Dimas, secretary-treasurer.

Elected as two year directors were J. B. Jones, Joe Rutherford and U. E. Hackett.

Blacktopping of Chenier streets asked

Steps to get 1.3 miles of streets in the community of Grand Chenier blacktopped were taken by the police jury Monday after a Grand Chenier delegation asked that the work be done.

The jury adopted a resolution asking that the state go 50-50 with the parish in paying for the cost of the work. State Rep. Alvin Dyson said the state money situation was "rough" at the present time, but that he would see what he could do.

To be blacktopped would be six short streets between the highway and the river.

In the Chenier delegation were J. W. Broussard, Eugene Miller, Paul Nunez, Mr. and Mrs. A. H. Harper, Mrs. Ruffen Dyson, Mrs. Lawrence Arceneaux and Mrs. Pete McCall.

Salvaged ship to be sold at auction June 2

The Belgium ship Anvers, which was salvaged by a group of Cameron men after it burned off the Cameron coast last summer, will be sold at auction, Thursday, June 2, in the New Orleans post office.

Sale of the vessel, claimed by Russell Broussard and a group of salvagers, will be made by a U. S. marshal. A minimum bid of $60,000 has been set by the federal court.

Money received from the sale will be held by the court until settlement of claims by the salvagers and owners of the cargo.

The burned ship is now anchored in the old Calcasieu river channel several miles north of Cameron. It has been there since Broussard and the other salvagers brought her in last August.

The Belgium ship caught fire six miles off the Cameron coast on July 5, 1959, and after burning for two days was beached and kept under watch by the Galveston, Texas, tug Crampus.

Broussard and two other men climbed aboard the burning ship on the night of July 9 and claimed salvage rights. In the following month the salvagers put out the fire, rode out a hurricane and raised the ship from the bottom of the gulf using only make-shift equipment.

Broussard has said he and his crew invested about $15,000 in salvaging the ship. Most of the money went into towing fees and rentals of pumps, he said.

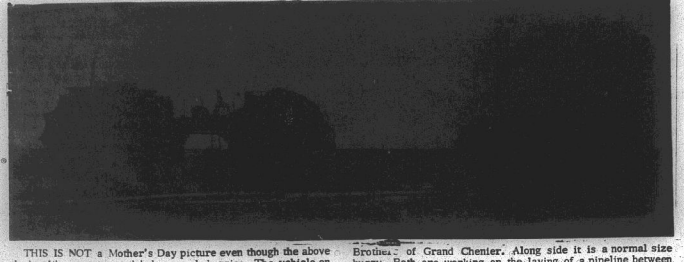
YMBC rodeo dampened by bad weather

Bad weather put a damper on the sixth annual YMBC fishing rodeo in Cameron last weekend. Some 75 guests, including Congressman T. A. Thompson attended the shrimp boil Saturday night at the VFW hall, but the fishing was called off the next day because of strong coastal winds.

Four parish boys go on bankers tour

Four Cameron parish 4-H club boys accompanied Jimmy Derouen, manager of the Calcasieu Marine bank, and County Agent Hadley Fontenot on the annual Bankers Farm tour Thursday. They visited a farm near Lafayette.

The boys were Walter Reeves, son of the J. S. Reeves of Johnson Bayou; Buddy Richard, son of the Neil Richards of Grand Chenier; Richard Broussard, son of the McKinley Broussards of Grand Lake; and C. J. Lowery, brother of J. A. Lowery of Hackberry.



Frank Miller announces for school board

Frank Miller of Grand Chenier this week announced that he will be a candidate for the office of school board member from Ward Two, Cameron, in the July election.

He is the second person to announce for this office, Curley Vincent announced earlier.

Mr. Miller, 49, was born and raised in Grand Chenier, and is the father of eight children, four of whom are still in school.

If elected, Mr. Miller said he would do everything possible to improve the schools of the parish.

THIS IS NOT a Mother's Day picture even though the above looks like momma and baby marsh buggies. The vehicle on the left is the world's largest marsh buggy built by Crain Brothers of Grand Chenier. Along side it is a normal size buggy. Both are working on the laying of a pipeline between Cameron and Johnson Bayou.

Mrs. Free dismissed as Home Demonstration agent

Mrs. Iva P. Free, Cameron parish's Home Demonstration agent for the past five years, has been officially dismissed from that position effective June 30. Her successor has not been named.

Mrs. Free announced six months ago that she had been asked by the Louisiana State University extension service to turn in her resignation. She refused to do so then on the grounds that she had not been given any reason for her discharge.

A letter of dismissal which she received this week from H. D. Sanders, director of the extension service, stated in part:

"After much thought and consideration, and acting in what we believe is your long time best interest, this is your official notice that you will not be reappointed June 30, 1960."

This letter gave no reason for not reappointing Mrs. Free, but a letter written her in January stated that "supervisory personnel of the Agriculture Extension Service advised Mrs. Free that she was not well suited for extension work and that she could perhaps utilize her abilities in another type of work."

MRS. IVA P. FREE

The January letter, which was in reply to Mrs. Free's request for information on the charges against her, stated that no charges had ever been made against her by the university nor had any disciplinary action ever been recommended.

This weeks dismissal letter went on to point out that Mrs. Free had 35 days of annual leave coming to her, and suggested that she take five days off in May and all of June.

However, according to Mrs. Free's husband, she entered St. Patrick's hospital in Lake Charles for treatment of a back injury, and may be hospitalized for a number of weeks, and probably will not be able to return to work.

Mr. Free said he did not believe his wife would continue to contest her dismissal.

Jury asks halt to pollution of local bayou

A resolution was adopted by the police jury Monday asking the state stream control commission to reconsider its recent action giving Sohio Petroleum Co. permission to empty salt brine into a bayou in the eastern section of the parish.

The motion was made by Conway LeBleu, seconded by Archie Berwick, and approved by Bernard Duhon. Police Jurors Vian Theriot, Horace Mhire and Eraste Hebert abstained from voting.

Mr. LeBleu warned that the salt brine would have a detrimental effect on the marshes of the area.

Identical twins born to Big Lake couple

Mr. and Mrs. Frank Benoit of Big Lake announce the birth of identical twin sons, Timothy and Thomas, April 28, at St. Patrick's hospital in Lake Charles. They weighed 8 lbs. and 8 lbs., 6½ oz. respectively. There is one other child in the family, Cherlon Ann, 2.

Grandparents are Mr. and Mrs. Marcel Benoit and Mrs. Lucile Young, all of Big Lake.

Pogy fishing starts here

The pogy fishing season arrived in Cameron this week.

Gulf Menhaden Company began fishing Monday. Its boats have also began arriving in the last few days, and both plants have brought in its spotter planes and personnel from North Carolina.

Pre-school roundup is Fri. in Cameron

A pre-school roundup for all children who will enter the first grade in the Cameron elementary school next fall will be held at 1 p.m., Friday, May 6, in the school auditorium.

Parents should bring their child's immunization record and birth certificates.

MR. AND MRS. W. B. ANDREWS, center, of Sapulpa, Okla., were honored here Wednesday at the first observance of Tourist Appreciation Day in Cameron. Rodney Guilbeau, right, of the Lions Club, and Charles Murphy, left, of the Sheriff's department showed the couple the sights around the area.

At First Tourist Appreciation Day

Okla. couple honored here

A very surprised Oklahoma couple were honored by the Cameron Lions Club at the first annual observance of Tourist Appreciation Day in Cameron Wednesday. They were taken on a tour of the lower Cameron area, showered with gifts and were the guests at the Lions luncheon.

The honored tourists were Mr. and Mrs. W. B. Andrews of Sapulpa, Okla. Mr. Andrews, who was supervisor of crude oil purchasing for the Tulsa office of the Shell Oil Company recently retired after 34 years with Shell and he and his wife are on a month's vacation through Texas, Louisiana and Florida.

Rodney Guilbeau, a member of the Lions Club, and Charles Murphy, chief deputy sheriff, took the Andrews on a tour of the area Wednesday morning, after they were officially welcomed to Cameron by Sheriff O. B. Carter at a coffee in the courthouse, at which Mrs. Norma Jean Blake was the hostess.

At the Lions luncheon, the Oklahomans were presented with a certificate signed by Governor Earl Long and Sheriff Carter naming them honorary citizens of Louisiana and Cameron parish.

They were also given a number of gifts including a package of Cameron rice, cans of Cameron shrimp, a can of Louisiana cane syrup, a pound of Louisiana coffee, a sun hat and tie, a wash job and tank full of gas for their car, and a copy of the new Cameron parish planning book.

TWISTER HITS FRIDAY IN EAST CREOLE

By MRS. H. D. PRIMEAUX

One person was slightly injured, a camp was destroyed, and several out buildings were damaged wien a funnel cloud touched down in the East Creole and Chenier Perdue areas Friday afternoon.

A hunting camp owned by Gordon Brown of DeQuincy near the home of Mrs. Eve Miller was completely demolished and furniture and appliances were strewn over a wide area. One side of the building was found a couple days later far out in the north marsh.

In Chenier Perdue, a hen house, garage and washhouse was blown down at the Odus McCalman residence. Mrs. McCalman suffered a cut on her leg when hit by a piece of flying tin roofing while trying to rescue her chickens.

In the East Creole are, a pump house was knocked down at the Lucuis Theriot home; a television antenna was flattened at the Eddie Conners', and trees were uprooted at the H. D. Primeau home.

Employees at the Creole Electric and Hardware store reported seeing two more funnel clouds Saturday, but no further damage was reported.

Business places which donated gifts included Weyburn LaBove Mobile Station, Cameron Shell Service Station, Micheletti's, Kornegay's, Mamel's Grocery, Curt's Department Store and Bolo Trosclair Canning Co.

Tourist Appreciation Day was spensored in numerous communities over the state this week to recognize the importance of tourism to the Louisiana economy.

K and M To Furnish Stock

The K and M Cattle Company of Sulphur will provide the stock for the Louisiana State High School Championship Rodeo there in June, it was decided by the board of directors at its meeting here Tuesday night.

The board reviewed some of the plans for the coming rodeo which will take place June 15-17, and decided on the types of awards which will be given the winners. As in the past, the first place winner will get the traditional $100 belt buckle; second place winner will receive a pair of boots and third and fourth place contestants will be awarded prizes determined by the particular events.

A. J. West of Sulphur will be the arena director.

The board, in making an appeal to publicize the event, asked that the City of Sulphur and the business establishments make plans to decorate their windows for the annual rodeo program.

Directors present for the meeting were Alton Dugas, Bob Frankland, Henry Kinney, Dudley Johnson, Frank Taylor, J. D. Vallot, J. T. Pickens, C. T. Campbell, B. S. Walker, Joe Bond and Edward Lee Kinney.

Suggestion on mail delivery made by Lions

The Cameron Lions Club Wednesday came up with a suggestion on how to get earlier mail delivery to the town of Cameron. It was incorporated into a resolution and forwarded to postal authorities and legislators.

The Lions suggest that the present route of the Johnson Bayou carrier be extended to Creole, where he would pick up the mail for Cameron, while the star route carrier went on to Grand Chenier.

At the present time, the Cameron mail is not delivered to Cameron until after the star route carrier takes the mail to Grand Chenier.

The Lions pointed out that their proposal would mean earlier mail delivery in Cameron, and would not delay the mail to any other parts of the parish.

The resolution also suggested that the star route carrier leave the Grand Chenier post office when it closes, instead of having to wait around thirty minutes.

Wrestling set

The wrestling matches, which are to be held Saturday night, beginning at 8 p.m., at the Cameron recreation center, are creating a lot of interest among local "grunt & groan" fans, reports Ray Champagne, chairman of the Optimist Club's wrestling committee.

Highlight of the evening will be a bout between Nell Stewart, the Texas women's champion wrestler, and Chene Mira, with a one hour time limit.

There will also be a one fall, 15 minute time limit match between Tony Jiminey and Bill Sky, and a 4-man tag team free-for-all, with Johnny King and Bill Sky taking on Tony Jiminey and Fripo Zybisko.

Admission will be $2 for reserved seats, $1.50 general admission and 50¢ for students.

Funds raised by the Optimists through the matches will be used to help pay for the recreation building.

Holly Beach News

Beach buffeted by wind, waves

By MRS. WALTER STANLEY

The coastal area was buffeted by strong winds and a rough Gulf all day last Friday with the peak of bad weather being culminated by a torrential down pour about 5 p.m. High tide pushed water over low banks and under many cabins situated on the first row of the beach front.

The rains were much needed. There was only one slight rainfall during April. Each had everyone scouting for a raindrop as cisterns were at very low levels and gardeners in much need of moisture. The situation is now relieved for a while.

Mr. and Mrs. Thurmon Koppie entertained their son, Ernest, with a barbecue supper last Thursday prior to his departure for four years of volunteer service with the U. S. Marine Corp.

Ernest left Friday, April 29 for San Diago, Cali., where he will take his basic training.

Those attending the farewell party were: Jim, Lloyd and Alice Mae Badon, Bevlyn and Bernie Jinks, Millie Pace, Jimmy Jinks, Clyde Barentine and Mr. and Mrs. Archie Berwick.

Correction! The J. P. Constance-Ruby Simon is scheduled for 10 a.m. Saturday May 7 rather than May 6 as stated in last week's column. Sorry, the mistake was mine.

The virus or flu had Patsy Hebert, Gene Constance, Tommy and Paree Stanley sick this past weekend.

Mason Istre, Walter Stanley and daughter Paree drove to Lafayette last Friday to visit Henry Foret in the hospital. He is reported doing well and returned to his home Monday.

AN EARLIER DAY

The picture of a patient man

This picture was probably made a quarter of a century or more ago, and portrays a fine old gentleman whommany of you knew. He is Mr. Evariste Nunez of Grand Chenier, and a rather amusing story accompanies the picture.

Mr. Nunez had just come in from a hunt, with a fine bag of ducks and geese as you can see, and his children persuaded him to pose with his game. Adam placed his father in the proper position, and then secured the camera. By means of one excuse or another—the light was not quite right, the camera had not yet been loaded with film, an approaching automobile would set up vibrations that would destroy the clarity of the picture, and similar other dodges ——they kept Mr. Nunez standing there for fully fifteen minutes with the ducks and geese about his neck.

And all the time that he was standing there waiting, the lice on the dead birds were forsaking their former hosts and crawling all over the old fellow's neck and face, and getting inside the shirt.

He put up with this treatment for a while but it was not long before his patience was exhausted, and he said so; in a few short sentences, containing an undue proportion of strong, expressive, and censorable adjectives, he made his position quite clear. Either they took that picture immediately, or they wouldn't take it at all. Since we have the picture today we can see that Adam must have been able to persuade him to stand a few moments longer. But getting rid of those lice must have been a problem in itself.

GRAND CHENIER

Elora Montie, Reporter

Pecan Island which use to be considered such a long distance away, became close neighbors of Grand Chenier this last week.

Bridge tender Walter Dupuis estimated 80% of Grand Chenier folks drove to Pecan Island Sunday May 1. Between 100 to 150 cars drove over. Many folks toured the Island from end to end, others stopped and visited friends andrelatives. Many Pecan Island folks also drove to Grand Chenier Sunday.

Many of the younger generation who had heard talks of the large Indian mounds on Pecan Island got their first view of them Sunday.

The road link on the east end of Pecan Island still remains incomplete, but at present has a detour to link Pecan Island with Abbeville, etc.

Blacktopping of the Pecan Island road on the west end is to begin soon.

A BIRTHDAY partywas given for Carl Raven Benoit on his 7th birthday Thursday April 21. He is the son of Mr. and Mrs. Winston Benoit of Creole.

Cake, punch and home made ice cream was enjoyed by everyone.

Thirty-five friends and relatives attended.

Folks on the Chenier welcome Mr. and Mrs. Dudley Thibodeaux of Lake Arthur who moved here to the Chenier Monday to an appartment of Mrs. Clodia Millers. Mr. and Mrs. Gilford Miller helped the Thibodeaux move.

It has been clean up and paint up time in Grand Chenier. Postmistress Emma Nunez has painted the post office floors while several folks on the Chenier are also painting.

Grand Chenier folks were very gratefully satisfied with the well needed rain which came over the weekend. Many folks were having to water their flowers and garden for some time.

Drozan Miller of Lake Charles was busy on the Chenier this past week vaccinating and branding his cattle.

Melvin Theriot, Lyle and Sono Crain, Curtis and Clery Nunez and Burl LaBouve were busy last week working cattle on the Crain Brother's ranch in Singer. They transported the cattle from Johnson Bayou to Singer.

Mrs. Andrew Richard attended the funeral of Amos Thibodeaux, Wednesday in Port Arthur. Mr. Thibodeaux was the uncle of Freddie of Grand Chenier and Andrew Richard of Cameron.

The First Baptist church of Grand Chenier held a Baptist missionary week and study week at the church here the last week of April. There was a good attendance every night of the week.

The missionarys of the week were: Monday night Rev. J. O. Gash of Iowa, Tuesday night Wm. Earl Midkiff pastor of City Price, South of New Orleans, Wednesday night Rev. Dan Sharpley, missionary of Brazil, Thursday night Rev. Loyd Garland of Georgia, Friday night Rev. Curtis E. Sanders missionary of Tucson, Arizona.

* * *

ORDINATION services were held at Bethel Baptist church in Lake Charles Sunday night to ordain Rev. Jake Crowell for the ministery at Grand Chenier who will replace Rev. Glenn Spinks who is being transferred.

Those who attended the services were Mr. and Mrs. Voelkel Dyson and family, Mrs. Marvin Owen and family, Mrs. Raymond Vaughan and Mrs. Myrtel McGhee.

Mr. and Mrs. Dudley Thibodeaux of Lake Arthur were weekend guests of Mr. and Mrs. Gilford Miller here.

Mrs. Pete Broussard of Lake Arthur spent several days here on the Chenier visiting her sister Mrs. Alcia Theriot who has been ill.

Adam Broussard and Mr. and Mrs. Lee Molezeum of Lake Arthur were visiting on Grand Chenier last week.

Mr. and Mrs. Lee Miller and family of Lake Charles spent the weekend visiting Mrs. Miller's mother and family, Mrs. Claydis McCall.

Mrs. Felix Kontz and family of Nederland, Texas visited over the weekend with Mrs. Kontz's parents Mr. and Mrs. Emanuel Miller and family.

Mr. and Mrs. Lucky Crosby are spending another week with Mrs. Crosby parents Mr. and Mrs. R. C. Doxey, of here after the Crosby's returned from a week with Lucky's folks before their return to South America.

Mr. and Mrs. Loren Portie of New Orleans spent a few days with Mrs. Portie's sister and family Mrs. Ruth Montie here on Grand Chenier.

Mr. and Mrs. Rodolph Taylor of Port Barre visited in the home of Mrs. Ruth Montie Monday and Tuesday of this week.

Miss Felia Miller of Jennings is spending a few days on Grand Chenier visiting relatives here.

Mrs. Ralph Williamson, Mr. and Mrs. Norman Dupuis of Lake Charles spent the weekend visiting Mrs. Williamson's mother, Mrs. Cora Montie.

Mr. and Mrs. John Thibodeaux had visiting them this week their two daughters, Leona Mae and Mrs. Arthur Dalhs and son of Lake Charles.

Mr. and Mrs. Floyd Eaton of Grand Chenier went to Shreveport over the weekend on business.

Do You Remember

TWELVE YEARS AGO

SEPT. 12, 1948--Miss Dottie Mae Primeaux, daughter of Mr. and Mrs. Wallace Primeaux of Cameron, and Rev. Herman Hayes of Bossier City were married in the Cameron Baptist Church on August 31, with the Rev. G. A. Tupper officiating.

Jimmy Colligan left for New Orleans to attend Holy Cross School.

College students leaving for school included C. A. Miller, Olympia Duque, Faye Welch and Ben Garbert, LSU; Joyce Colligan, Loyola; Maxine Miller, Grand Coteau; Barbara Pichnic and Irene Hebert, Northwestern; Mariannae and Gay Dyson, Benny Primeaux and Percy Dyson, Louisiana College.

"Uncle Bat," still young at 96, just keeps on going!

By MRS. TOM TAYLOR

Many of our readers in Grand Lake and Sweet Lake will remember Batiste Hebert, colored, better known as "Uncle Bat", who was a resident of these communities for many years.

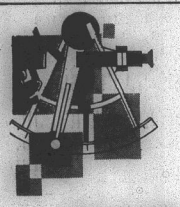
As far back as twenty years ago it was remarked how very active he was for his age, for he was then looked on as a rather old man. Despite his age, 96, he remained active until two weeks ago when he was kicked by a horse in the chest over the region of his heart. He was hospitalized several days at St. Patrick's, he is now at a neighbor's home where he is recuperating.

Uncle Bat always loved the out-of-doors, which accounts no doubt for his physical fitness. For many years he was employed by Curley Gauthier, prominent cattleman of this area, in fact, most of his life was spent in the saddle.

On one occasion his quick thinking and action saved a life. He and Clophie Hebert were drivinr cattle across the Intra-Coastal Canal when all of a sudden Mr. Hebert's horse went down with him. Due to heavy clothes and boots, Mr. Hebert would have drowned had not Uncle Bat jumped in and saved him, swimming to shore with him.

Mr. Hebert, who is 89, likes to tell this incident and says emphatically, "Bat saved my life!"

We all wish Uncle Bat a speedy recovery.



Simmons' now with SCS here

Malcolm E. Simmons, agricultural engineer with the Soil Conservation Service has recently been transferred from Abbeville to the Lake Charles work unit office according to Mark Richard, local Supervisor of the Gulf Coast Soil Conservation District. From that location Mr. Simmons will service district conservation cooperators in Cameron Parish, Mr. Richard said.

Mr. Simmons's experience in Vermilion Parish included the planning and construction of drainage ditches, cattle walkways, farm stock ponds and land leveling work.

A native of Simmesport, Louisiana, Mr. Simmons received a B. S. degree in Agricultural Engineering from L.S.U. in May, 1958.

Mr. Simmons is a brother of Gerald A. Simmons who was assistant County Agent in Cameron in 1958.

Garden club to be formed here

A meeting to organize a garden club in Cameron will be held Thursday, May 12, at 2 p.m. in the Cameron library, according to Mrs. Mary Brand, librarian.

Mrs. N. P. LaHaye, district director of the Louisiana Federation of Garden Clubs, will meet with all interested women to help organize the club.

Among the purposes of a garden club are:

To aid in the protection and conservation of natural resources.

To encourage civic beauty and roadside development.

To study the fine art of gardening in all its aspects.

To cooperate with other agencies furthering the interests of horticulture and conservation.

Anyone interested in joining the new club is invited to call Mrs. Brand at the library--PR 5-5421--for further information.

Bookmobile to go to Klondike

The Cameron parish bookmobile will begin serving the Klondike area Friday, May 27. Trips will be made the last Friday over every other month, with a stop to be made at the old Klondike school.

Patrons will be allowed to take as many books as they feel they need to keep them supplied with reading material for the two month period. Anyone that needs special material before the next scheduled bookmobile trip may write the library and it will be mailed to them.

Summer scheduling for trips to other areas of the parish will be announced later this month.

* * *

Mrs. Margaret Walsworth, librarian, Vermilion Parish, and three staff members and Miss Ruth Lefkovits, librarian, Iberia Parish, were visitors at the Cameron Library last week.

* * *

The police jury Monday agreed to transfer $8,380 from the parish's general fund to the Cameron parish library fund as a loan on which the library can operate.

A 2-mill library tax was recently voted, but the tax money will not come in until the end of the year, and in the meantime, the parish will take over the operation of the library from the state in July.

David-Dugas wedding solemnized Saturday

By BERNICE STEWART

In a double-ring ceremony at 9:30 Saturday morning Miss Juanita Dugas became the bride of Lawrence Burton David. The wedding was solemnized in the St. Francis of Assisi Catholic Church in Thornwell with the Rev. Van Buytenen performing the ceremony.

The altar was beautifully decorated with white calla lilies.

The bride is the daughter of Mr. and Mrs. Nelson Dugas of Thornwell, the bridegroom is the son of Mr. and Mrs. Percy David of Klondike.

Given in marriage by her father, the bride wore a gown of imported alencon lace over nylon tulle fashioned with a scalloped sabrina neckline, long sleeves which tapered to points over her hands, and a skirt made entirely of ruffles, with a short scalloped lace over skirt ending in points at the sides.

Her shoulder-length veil was held in place by a tiara of seed pearls and rhinestones. Her bouquet of white roses was centered with a purple orchid and was carried on a white Bible. Among the cascades of satin streamers floating from this arrangement was a crystal wedding bell-shaped rosary.

For her maid of honor, the bride chose her sister, Miss Sarah Dugas. Her bridesmaids were Miss Velma Guidry and Miss Vickie Guidry, her cousins.

The bridal attendants were identically attired in ice blue, embroidered cotton satin, featuring puffed sleeves, bateau necklines, full gathered skirts with cummerbunds accenting the waistlines. They wore white flower-covered hats.

The little flower girl, Lucinda Gaspard, Godchild of the bride, wore an identical copy of the bride's gown.

Mr. David asked Ronald David to be his best man. Groomsmen were Cecil David and Johnny David. All were brothers of the bridegroom.

Ringbearer was Bennette David, a cousin of Mr. David.

* * *

FOLLOWING the rites, Mr. and Mrs. Dugas were hosts for a reception and a barbecue at their country home. About 125 guests were present.

For her wedding trip Mrs. David traveled in a summer frock of white lace over blue cotton. Her accessories were white. She wore a shoulder corsage of blue carnations.

Mrs. David is a graduate of Welsh High School.

Mr. David is a graduate of Cuevjan High School, holds a degree in mechanical engineering from the Louisiana State University, and is currently employed in this field of work in Oklahoma City, Oklahoma, where they will make their home.

Wind damages rice fields

By BERNICE STEWART

The heavy rains and wind Friday night caused quite a bit of damage to certain rice fields. Farmers have been busy rebuilding levees. At least three inches of rain fell during the night. No buildings in this community were blown down, however.

Mr. and Mrs. Gus Laurents were visited last week by Mr. and Mrs. Curley Laurents and daughter of Rayne.

Mr. and Mrs. Joseph Elkins and daughters, Darlene and Ramona, and Mr. and Mrs. Robert Broussard of Port Arthur, Texas, spent last weekend with their parents, Mr. and Mrs. Joe Savoie.

Word was received Friday night that Louis Blanchard, 72, of Biloxi, Miss., had died at 7 p.m. after an illness of several weeks.

His sister, Mrs. Leo Sonnier, and her sons, Nuffy and Howard, drove to Biloxi that night. The nephews returned Saturday night, while Mrs. Sonnier remained for the funeral.

Mr. Blanchard lived at Lowery some 30 or 40 years ago. At one time he also lived near Lake Arthur.

His wife is the former Amelia Cormier of Lake Arthur.

Mr. and Mrs. Lloyd Byler of Hackberry spent Sunday with her mother, Mrs. William Delauney, and her sister, Miss Vivian Delauney.

Mr. and Mrs. Emery Sonnier and Mr. and Mrs. Russell LeDoux and children of Patterson, spent the weekend with the Paul Sonniers.

The three children of Mr. and Mrs. Dalton Trahan have been ill with chicken pox.

A number of the Klondike men enjoyed a supper at the Percy David Camp Tuesday evening.

Legion Auxiliary has district speakers

Mrs. Nancy Hines and Mrs. Ethel Primrose, Seventh District president and secretary respectively, were guest speakers at the April meeting of the Richard Bros. Post 176, American Legion Auxiliary held last Thursday at Savoie's place in Creole.

RETURNS FROM NEW ORLEANS

Mrs. Anna Paris has just returned to Creole from New Orleans. While there she attended a square dance jamboree, in which her grandson, Frank Kurucar, took part. She says he's a real dancer.

"Yes . . . I Condemned THE CATHOLIC CHURCH"

"And you would, too," wrote a non-Catholic recently, "if all the things I heard about it were true.

"For years, I kept hearing that the Catholic Church was opposed to the Bible and tried to suppress it. I was told that the Church had changed Christ's teaching and practiced pompous pagan forms of worship. It was told to me that Catholics worship statues and images, and that the Catholic Church defied God's law and changed the Sabbath.

"But now I have learned that these stories and many others about the Catholic Church are not true—and never were."

Every day, thousands of our non-Catholic friends and neighbors are discovering, as this man did . . . that Catholic belief, worship and history are widely misrepresented and misunderstood.

That is why we publish these advertisements . . . and invite you to write for free explanatory pamphlets. We want you to know us as we are—not as false rumors and slanders represent us to be. We want you to know . . . if only for your own information . . . what the Catholic Church actually teaches, and what we Catholics actually believe.

This enables you to get authentic information about the Catholic Church—to investigate in the privacy of your own home. Then . . . even though you may not agree with Catholic beliefs and practices . . . you will at least understand them. Only then will you be able fairly and in good conscience to judge our Faith and what it is founded upon.

But more than truth and fairness are involved. For if it is true . . . as we claim it is: . . that the Catholic Church is the Church established by Christ, it is vital to your salvation that you investigate the genuineness of this claim. That is why we publish these messages. That is why we are happy to send you . . . without cost or obligation . . . authentic information about the Catholic religion on which to form your judgment.

We will send you free an interesting pamphlet, explaining Catholic teaching on divorce—mixed marriages—gambling and drinking—why Catholics do not attend non-Catholic worship, and answering many of the false rumors you have heard about the Catholic Church. It will come in a plain wrapper and nobody will call on you. Write today for Pamphlet No. KC-15.

Home Demonstration Club News

Klondike Club

The Klondike Home Demonstration Club met Friday afternoon at Ward One Voting Precinct, with Mrs. Edwin Ellender presiding.

It was announced that Mrs. Jake White had furnished material and had made the cafetains which were hanging at the windows of the club room.

It was also stated that the club members had served coffee to those who voted at the precinct polls in the last election.

It was approved that the club send a message of thanks to Mrs. Jesse Leleux for the beautiful floral arrangement which she had given them—a pink bowl filled with calla lillies, which had been dusted with blush pink spray.

Total number of stamps collected by the club during March and April for the Islip Mental Hospital was 4,347. Of this amount, 2091 had been brought in by Mrs. Jake White and 1,382 by Mrs. Gus Laurents. Mrs. White won the April count with her 1,251. Club members will continue to collect cancelled stamps.

The landscape committee reported that the grounds at the westend of the old school building had been cleaned and dirt and shells had been distributed, improving the general appearance considerably.

The club went on record as thanking the person or persons responsible for the work.

Due to the absence of Mrs. Iva Free, no demonstration was given.

Refreshments of homemade doughnuts, coffee, and cookies were served to Mesdames Edwin Ellender, Ira Melancon, Roy Dubon, David Roy, Mayo Cain, Gus Laurents, Jake White, Oran Garrie, Curley Cormier, and Sevenia Dyson. Hostesses for the occasion were Mrs. Ellender and Mrs. Dyson.

Grand Chenier Club

THE HOME Demonstration club of Grand Chenier held their monthly meeting at the home of Mrs. Emma Nunez, Thursday April 28.

Mrs. Shirley Crain, president, opened the meeting by the roll call. A new member, Mrs. James Harmon, was welcomed.

Mrs. Rosa Mhire was stamp winner, she won a bird pen set.

A card of thanks, from Mrs. Estelle Doland was read by Mrs. June Harper.

Mrs. June Harper and Mrs. Emma Nunez were appointed to the committee of sending get well wishes.

Mrs. Dorothy Whatley resigned as vice president and requested another be appointed to serve as vice president.

Treasury report read by Mrs. Mamie Richard approved by Mrs. Dian McCall and seconded by Mrs. Betty McCall.

Members agreed to acquire a coffee perculator by selling greeting cards.

Members agreed to carry out a cripple children drive.

The meeting was turned over to Mrs. Watkin Miller and Mrs. Coldie Wooten who explained plastic flower making.

Refreshments were served by Mrs. Nunez.

JOHNSON BAYOU NEWS

By Mrs. M. C. Johnson

The topic of conversation this week has been the many days that our telephone service has been out of commission. Almost the entire weekend found us unable to call out of Johnson Bayou.

Marvin Fannin installed an air-conditioner in his home last Friday and really set off a cooling period for the entire country. After a very pleasant weekend free from the dust, Monday was a clear day. The rains were a welcome sight, especially for the gardens.

Mr. and Mrs. William Wilson were very happy last week when relatives from back home in North Carolina came for a visit. Mr. and Mrs. Robert Wilson of Zebion, N. C., and Mr. D. J. Wilson of Barney City, N. C., brother and father of Mr. Wilson, made their first trip to the state of Louisiana. They especially enjoyed fishing at the Holly Beach Fishing Pier.

Mrs. Billy Griffith and children spent the weekend in Orange, Texas visiting her parents, and also her brothers, Jimmy and Jackie from Fort Worth.

Among those sick with the virus infection this week were this reporter, Mrs. Dennis Burch, Barbara Faye Foster, and Mrs. Oran Trahan. Sully LeNormand and Oley Clark are now home from the hospital, recuperating from recent surgery.

THE G. A. GIRLS of the Baptist Church enjoyed a Scramble Party last Saturday night at the Mobil Community House. The party was well attended and the girls enjoyed it very much. Mrs. Marvin Fannin is their Counselor. Assisting her was Mrs. Francis Erbelding.

The R. A. boys of the Baptist Church have entered the Carey Baptist Associational Royal Ambassadors Baseball League and their first game will be this Saturday afternoon at 2 P.M. Their challenger will be Calvary Baptist Church of Lake Charles. For the next ten weeks, the boys will play, then participate in the playoffs in August. The boys invite everyone to make their theme song "Take Me Out To The Ball Game", and give them your full support.

The blacktop on the road is expected to be completed to the school this week, and the ride to Holly Beach is certainly a blessing now. The main worry now is the speeding automobiles, and all of us will have to remember to use the signal lights in plenty of time before a turn.

A child may dare, so drive with care.

LOWERY NEWS

By BERNICE STEWERT

Five-year-old Debbie, daughter of Mr. and Mrs. Ralph Potter of here, who is enrolled in the Jean Thomas School of Dancing in Welsh, participated in a dance review given in the auditorium of the Welsh High School Friday evening.

The Wallace Sonniers have moved their house a short distance in order to build on to it without having to remove a fine old shade tree.

Mass will be said in the Lowery Chapel on Mother's Day for Mrs. Antoine Trahan.

Mr. and Mrs. Floyd Vincent, Miss Brenda Abshire, Phil Meyers, and Carl Abshire drove to Jennings Saturday night to bowl.

A meeting of the Confraternity of Christian Doctrine was held Thursday evening in the Catholic Hall.

Visiting Marvin Stewart on Friday were his cousins from Lake Charles, Mrs. Dewey Raggio and Bud Stewart.

Mrs. A. P. (Buster) Welch and daughters, Sharon and Frances, of Oak Grove visited Marvin Stewart on Friday.

Mrs. Effie Hollister has been confined to her bed for the past two weeks.

Going to the O'Donnell Funeral Home, where lay the body of Lloyd Vaughan, Wednesday evening were relatives from here—Mr. and Mrs. Steven Broussard, Mrs. Abram Broussard, and Mrs. A. P. Stewart.

Attending the Vaughan funeral on Thursday were Mr. and Mrs. Nelson Richard and Adam Nunez of here.

Participating last Wednesday at Lafayette in "Aggie Day" activities were three young people from here who are enrolled in the College of Agriculture at Southwestern Louisiana Institute.

They were Susan Beth Stewart, who had designed and made a dress that was displayed; Charles Fox, and Jerry Bossley. Each boy placed first in showmanship of Angus heifers, Charles with large heifers; Jerry with smaller. Then in the Grand Champion showmanship category Jerry won the trophy awarded first place, while Charles placed second.

Engagment of Lowery girl is announced

Mr. and Mrs. Lilton Louviere of Lowery announce the engagement of their daughter, Norma Dale, to Herbert LeBlanc, son of Mr. and Mrs. Obrey LeBlanc, of Mermentau.

The wedding is planned for June 11 and will be solemnized in the St. Francis of Assisi Church in Thornwell, the Rev. Van Buyjentenan reading the marriage vows.

A child's life is more precious than the time you'll save by speeding.

Baptist men to see POAU film

A widely-discussed movie on "captive schools" will be shown at the quarterly meeting of the Carey Baptist association brotherhood at 7:30 p.m., Monday, May 9 at Westwood Baptist church, Westlake, according to an announcement made by Rev. M. C. Johnson of Johnson Bayou.

Titled "Captured!", the film, first ever made on the subject, tells of a family which moves to a town and finds the public school there run by a religious body.

The film was produced by Protestants and Other Americans United for Separation of Church and State, a national organization headquartered in Washington, D. C.

The public is invited to see the film Monday night. Admission is free. Alfred Hall of Lake Charles, president of the Baptist men's organization, will preside.

Can you remember what life was like without Electricity? . . . No bright lights at the flip of a switch — no radio or television — food spoiled if it was not eaten right away because you had no refrigerator — lamp chimneys to clean every day!

But now, your community owned, community built and locally operated Electric Co-op brings you Electric power at cost. Power to light your buildings, operate your machinery, help you increase production on the farm and live better in the home.

Yes, with Electricity you get the equivalent of a full time hired hand for just a few cents a day!

A bargain? . . . you bet!

The regular Cub Scout meeting was held Monday at the home of Mrs. Ruth Theriot. The scouts are practicing a skit which they plan to perform at the next pack meeting. Refreshments were served to the scouts by Mrs. Theriot.

Visiting Mr. and Mrs. Roy Hebert over the weekend were Mrs. Hebert's brother and his family, Floyd Hebert, and Mr. and Mrs. Louis Duhon, and Mrs. Hebert's mother, Mrs. Allen Hebert all are from Lafayette.

Those enjoying a picnic at the beautiful Hodges Gardens Saturday were Mesdames, Azora Authement, Ruby Hebert, Verna Landry, Adeline Trosclair, Hazel Dronet, Gertrude Colligan, Wanda Ratcliff, Velda Picou and Annie Swindell. They made the trip in two cars. They met at the home of Mrs. Ruby Hebert, at 6 A.M. and returned at 6 P.M.

Best wishes to the mothers of our community on Mother's Day.

Carter-Theriot wedding held at Grand Chenier

Rose Vincent Theriot of Grand Chenier became the bride of Brandon Carter of Oak Grove Saturday morning at 9 a.m. Mass at the Immaculate Conception church at Grand Chenier.

The church altar was decorated with green ferns and white gladiolis.

The bride wore a three quarter length suit of white and lilac with matching hat and shoes of lilac. She carried a bouquet of white carnations.

Serving the bride was Mrs. Crawford Vincent of Lake Charles, sister-in-law of the bride who wore a suit of light blue with light hat and shoes. She carried a bouquet of pink carnations.

Serving the groom was Crawford Vincent, brother of the bride.

The couple are on a trip and will make their home in Grand Chenier.

Austral Oil Co. to drill off beach

Austral Oil Co. is getting ready to drill for oil on an offshore lease by directional drilling from a site in the Long Beach subdivision at Johnson Bayou, the police jury was told Monday.

The company got permission from the jury to drill under the streets of the subdivision, which have been dedicated to the parish.

Miss Louviere feted at shower

On Sunday afternoon the home of Mrs. O'Neal LeBlanc in Lowery was the setting for a bridal shower honoring Miss Norma Dale Louviere. Co-hostesses were Mrs. Billy LeBlanc and Mrs. Anthony Hanks. Sixty-seven guests were present.

The reception rooms were beautifully decroated with pink roses.

A square table overla id with a white cloth and trimmed with pink and blue streamers was placed in the middle of the living room.

In the center of the table was a bride doll holding a frilly pink and blue parasol. Gifts were piled about her on the table and were heaped beneath it on the floor.

The dining table, covered with an exquisit white lace cloth, held a crystal punch service. Bowls of pink roses were placed at either end of it. Fruit punch and cake were served.

During the course of the party guessing games were played. Winners, Mrs. Ira Bertrand and Mrs. Louis Trehan, Jr., received prizes of twin bud vases and of pink slipper flower containers respectively.

Scurlock Oil Co. to build pipeline here

The Scurlock Oil Co. of Houston is planning to lay a three-mile long three-inch oil pipeline from a field at Johnson Bayou to Deep Bayou, a representative of the company told the police jury Monday.

The line will have the company from having to truck the oil or write which transport it out. The jury gave the company permission to cross parish roads with the line.

Fishing is the most important reason people give for buying boats. But, surveys show, almost half of the boat owners now list cruising and water skiing as the most important factor in their purchase of a boat.

Mr. and Mrs. C. Artigue and family of Opelousas were Sunday guests of Mr. and Mrs. Vian Theriot.

WHEN IS ONE REALLY LOST?

THOMAS, father of five small children, staggered drunken-ly along the side of the road. A neighbor, deacon in a country church, stopped his car and offered him a ride. Thomas said to the driver, "Dan, try to get my wife and children to come to church."

"You ought to come to church and bring them," Dan replied. "You need Christ, salvation, and the fellowship of Christian people."

"I am too far gone in sin," the man confessed. "I am not worth saving. But I want my wife and children to amount to something."

Dan tried to assure him, "No one is too far gone in sin to open his heart and ask Christ to forgive and save him. Christ died on a cross to save people like you and me."

Thomas knew he was lost in sin. Drink had robbed his family, cost him his job. He was an outcast, unwanted by people. He had "gone astray like a lost sheep" (Psalm 119:176).

There are many ways of sinning. People frown on some of them. Other sins are more respectable in the sight of people. One may become lost in sin without having a sense of guilt impressed upon him by those around him.

Jesus Christ was gentle in dealing with people who were guilty of sins frowned upon by people. He condemned hypocrites, people holding high places in their communities who did not live up to high spiritual standards.

He said to some of these hypocrites, "ye devour widows' houses, and for a pretence make long prayer: therefore ye shall receive the greater damnation . . ." (Matthew 23:14).

Salvation does not consist of putting on a good appearance or pretending to be good. Christ declared, "Not every one that saith, Lord, Lord, shall enter into the kingdom of heaven; but he that doeth the will of my father which is in heaven" (Matthew 7:21).

How may you determine whether you are lost? Apply these tests to your life:

Are you depending upon yourself, friends, work, or material resources altogether? Or do you look to God for a help which cannot be obtained except from him?

Have you identified yourself with Christ by confessing your sins and professing faith in him? He is "the way, the truth, and the life" (John 14:6).

Have you identified yourself with a church so that you may worship God and serve the needs of man regularly?

Are you striving to do God's will?

There is a place for you in the kingdom of God. Have you accepted that place?

Marble-sized hail falls at Big Lake

By MRS. TOM TAYLOR

There was rainfall in abundance in the Grand Lake area last Friday, and in one instance hail was reported. Mrs. C. J. Farque said marble-size hail fell at 3:05 p.m. The Farques have 22 such hail stones stored in their freezer.

It was an all day affair branding, spraying, and vaccinating cattle at the Fremont LeBleu corral last Saturday, keeping about fifteen riders busy. This is an annual affair with Mr. LeBleu, and on these occasions there are usually many spectators. The highlight of the day is the big barbeque, Mr. LeBleu's treat to workers and spectators alike.

Dinner guests in the home of Mr. and Mrs. Edgar Poole Sunday of last week were: Mr. and Mrs. Hyman Devall, Mr. and Mrs. Calvin Devall, and daughter, Carol, Mr. and Mrs. June Vidrine, Mr. and Mrs. Gorden Matteson and son Keith, all of Lake Charles.

Mr. and Mrs. Curtis Nunez and children of Orange, Texas were visitors over the week-end in the home of her parents, Mr. and Mrs. Walter LeBleu. They were present to enjoy Mr. and Mrs. LeBleu's 25th wedding aniversary which was celebrated in their home last Sunday with open house from 2 to 7 p.m.

Mr. and Mrs. Edgar Poole were called to Cameron Tuesday of last week due to illness and death of her great-uncle, Henry Howard.

Frank Poole who was hospitalized for several days at St. Patrick, is now at home convalescing.

* * *

IT WAS AN ALL day affair for Mr. and Mrs. Clarence Faulk when their 35th wedding anniversary was celebrated at their home Sunday. Friends and relatives from far and near were present to enjoy the occasion. Due to an important engagement, their son Doug, could not be present, but their two daughters were with them. Highlighting the occasion was the music furnished by part of the Hackberry Rambler Band.

Winston Mauldin, Pelican Drug Co. employee, is indeed a benefactor of the Grand Lake Community, where snakes are concerned. Since the Pilot reported his successful snake hunts, he has gone on several more hunts, each time killing a large number of snakes, sometimes as many as a hundred. Mr. Mauldin reports they are huge.

Last week Jimmy Poole suffered a foot injury while attempting to jump off of his boat. X-rays revealed a dislocated toe.

Mr. and Mrs. Ted Askew and daughter Daisy visited relatives in Houston over the week end. They have been keeping quite busy since, doing a lot of painting. They have given there store a fresh coat of paint and also their house.

Mrs. Avia Ogea and daughter Amelia, and sons Adam, and Edward are very happy over their recent purchase of a 1960 Chevrolet. Mrs. Ogea's son Jasper and his wife are also owners of a new Chevrolet which was purchased two days later.

Folks from far and wide turned out for the "All Song Service" which was held at the Big Lake Gospel Tabernacle last Sunday night. Visitors were present from Abbeville, Crowley, Lake Charles, West Lake, Cameron and other parts. A special part of the program was the Kingsmen Quartet of Abbeville.

Mrs. Eva Tronti of West Lake, the former Eva LeBleu of Grand Lake, was seriously injured last Friday when she accidently slipped and fell in her bath tub. She was taken to St. Patrick where X-rays revealed four broken ribs.

The heavy rain of last Friday had farmers out early Saturday morning ditching their freshly planted rice land, among them were Curtis McCain and George Greathouse who with hired help were busy all day long ditching theirs.

Russel Young, 31, caretaker at Highland Memory Garden, succumbed to the mumps last Monday, since then the three youngest children, Wendolyn 8, Waren 7, and Kermit 6 mo. all have it, and the mother, feels like she may be coming down with it too. Not a pleasant experience in the least, declares the Young family.

Thought for the week:

If the tender, profound and sympathizing love, practised and recommended by Jesus, were paramount in every heart, the loftiest and most glorious idea of human society would be realized, and little be wanting to make this world a kingdom of heaven.

-- Krummacher

Vincent-Crew Vows

Our Lady Star of the Sea Catholic church in Cameron was the setting Saturday, April 30 for the wedding of Miss Allora Jeanne Vincent and Joe Henry Crew.

The Rev. Eugene Sonnerville officiated at the 10:30 a.m. ceremony and Mrs. Harriet Dyson, organist, provided nuptial music. White gladioli and carnations and fern were used in altar decorations.

The bride is the daughter of Mrs. Rita V. Vincent of Cameron and the bridegroom is the son of Mr. and Mrs. D. J. Pursley of Haughton, Louisiana.

Given in marriage by her brother, Rondell Shannon Vincent, the bride wore a white chantilly lace gown fashioned with a fitted bodice and chapel train. Her shoulder length veil was caught to a crown wreath of flowers.

Miss Dell Crew of Haughton was maid of honor. She was attired in pink organza over taffeta with a matching headdress of flowers. She carried a cascade bouquet of pink carnations.

Polly Reon of Cameron, bridesmaid, was costumed identical to Miss Crew except her bouquet was of a lighter shade of pink carnations.

Dona Gail Veazey of Port Arthur was flower girl and Glenn Theriot of Cameron was ring bearer. Jimmy Patterson of Lafayette served as best man. Hayes Picou, Jr., of Cameron, was candlelighter.

* * *

AFTER the ceremony, a reception was held at the home of the bride's parents. White gladioli and carnations were used in floral decorations about the home. Those assisting in serving cake and punch were Mrs. John Landry, Mrs. Dallas Theriot, Mrs. William Veazey and Mrs. Frances Murphy.

The bride's mother wore a lace sheath dress in a cinnamon shade with matching accessories and a white carnation corsage. The groom's mother was costumed in a pale blue flowered sheath trimmed with silk organza. Her accessories were white and her corsage was of white carnations.

For the wedding trip, the bride was attired in a beige linen sheath trimmed with a cinnamon cummerbund. A white hat with cinnamon trim and other white accessories complemented her ensemble.

The couple will make their home in Cameron. Mrs. Crew attended schools in Cameron, Grand Lake and Thomas Jefferson Senior high in Port Arthur, Texas.

Out of town guests for the wedding were Dell Crew, Mr. and Mrs. Horton, Mr. and Mrs. D. J. Pursley of Haughton, Mrs. Josephine Veazey, Mr. and Mrs. William Veazey and family of Port Arthur, Mr. and Mrs. Tony Veazey of New Orleans, Marie and Bill Leavins and Nancy Christian of Port Arthur.

* * *

IN HONOR of the prospective bride and groom, the rehearsal dinner was given Friday night, April 29 by D. J. Pursley at Fred's Restaurant.

Those attending were the groom's parents, Mr. and Mrs. Pursley of Haughton, Mr. and Mrs. Horton and the groom's sister, Dell Drew, also of Haughton; the bride's mother, Mrs. Rita Vincent of Cameron, and Jimmy Patterson, Polly Reon, Gerald Guidry, Rondall Vincent, Glenn Theriot, all of Cameron and Donna Gail Veazey of Port Arthur.

New and very handsome are the full-length sliding door mirrors. They are quite easy to install and come with a "finger-tip" sliding unit.

DO YOU REMEMBER L. E. Storey who was principal of Grand Chenier high school up until about 15 years ago? We ran into his brother, L. A., a salesman for a book publishing firm, at Hackberry high school this week. L. A. says his brother, who is now a professor at Louisiana Tech in Ruston, still has a warm spot in his heart for Cameron parish.

THE WRESTLING matches sponsored by the Optimists Saturday night at the Cameron recreation center were a smashing success. More than 600 people attended, and the Optimists raised better than $400 to help pay for the center. New matches have been set for June 4.

MENHADEN FISHING is in full swing here, although the weather has limited the catches so far. Ed Swindell reports it will have 10 boats fishing for Louisiana Menhaden this year, and Gulf Menhaden will have 9, according to Al Bierman.

Both plants have the same problem--the fish meal market has been slow this past year and both have some meal left over from last year. Heavy imports from South America aren't helping any.

Gulf Menhaden has a new 155-foot refrigeration boat, the "Trinity Shoals" fishing here this year. Bonner Willis is the captain.

THE WEST CALCASIEU Association of Commerce in Sulphur has always taken a special interest in Cameron, and the bridge over the Intracoastal Canal at Ellender's ferry was one of the projects that they assisted with several years back.

The A. of C. has now gone to bat for Cameron again, this time to try and get a bridge across the Calcasieu River at Cameron. An A of C committee has already gotten an appointment with the state highway director on this project. Members of this group include Bernard Dubon of Hackberry, and Billy Henning, manager of the Cameron Telephone Co.
