Facilities on Little Pecan consist of a main lodge, storehouse, shop area, three residences, several dog pens, four boat houses, a generator shed and a grass airstrip.

Water levels are managed by 25 miles of levees, 16 water control structures and two pumping stations.

James W. Pulliam, Jr., Regional Director of the Department of Interior Fish and Wildlife Service says that any comments or recommendations anyone may have concerning this proposal will be welcomed and must be received by July 31.

Comments must be directed to Mr. Charles Danner, U. S. Fish and Wildlife Service, Division of Realty, 75 Spring Street, SW, Room 1240, Atlanta, Ga. 30303.

Many local people are concerned about the Federal Government gaining control over so much land in Cameron Parish due to the fact the government does not pay taxes and the burden of maintaining services falls on everyone else.

The newest acquisition of land for a federal wildlife refuge was recently completed in the Sweetlake area, just north of the Intracoastal Canal.

According to the chenier Plain Project Plan (see map) the Federal Government has a long range plan which includes all of the lower part of Southwestern Cameron Parish in Louisiana and the Southeastern part of Jefferson County, Tex.

Lead in water board's concern

By JERRY WISE

The Cameron Parish School Board, which has just about completed the removal of asbestos from parish schools, was advised of a new hazardous material program in which it must become involved.

Supervisor Roger Richard said that the board will have to comply with the lead control act which will involve testing of all water coolers and sources of drinking water in the schools. This is to determine if there is any lead in the water which medical research has shown can have serious effects, especially on young children.

Richard said there are 72 water coolers, 7 ice makers and numerous water faucets from which drinking water is taken--a total of 138 sampling areas in all in parish schools.

He said the board is mandated to have all of the water sampled by Jan. 31, and after that if any of the sources are found to contain lead, steps will have to be taken to correct the situation.

BIDS AWARDED

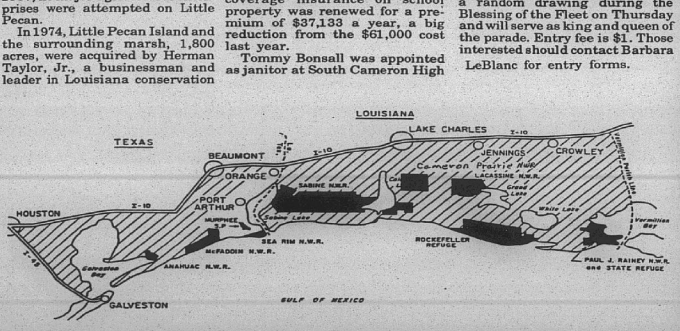
Bids on a wide variety of school supplies for the coming year were awarded. Also fire and extended coverage insurance on school property was renewed for a premium of $37,133 a year, a big reduction from the $61,000 cost last year.

Tommy Bonsall was appointed as janitor at South Cameron High School.

A special meeting of the board was called for 10 a.m. on July 24, to open bids on various school projects.

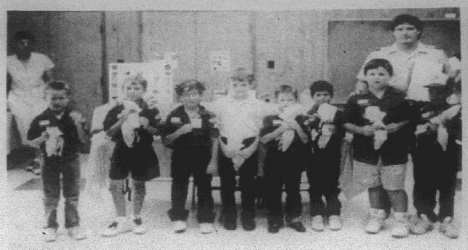
Who to Call

Special notice to anyone interested in having a booth during the Cameron Summer Fishing Festival should contact Barbara LeBlanc at 775-5660.



Those wanting to enter the childrens parade, king or queen contests, Blessing of the Fleet or pageants should contact Evelyn Hay or Mrs. LeBlanc.

Contest slated



The Senior Citizen's Queen and King contest will be held at the Multi-Purpose Building Saturday, July 29. All contestants should meet no later than 10:30 a.m. The pageant will begin at noon. Those interested should contact Barbara LeBlanc or Evelyn Hay.

Children parade

The children's parade will be held Friday, July 28 at 6 p.m. for ages 2-12. The three divisions are walking, bicycles and mini floats. A king and queen will be chosen at a random drawing during the Blessing of the Fleet on Thursday and will serve as king and queen of the parade. Entry fee is $1. Those interested should contact Barbara LeBlanc for entry forms.

THIS IS A map of the proposed Chenier Plain Project in Southwest Louisiana and Southeast Texas which includes a number of National Wildlife Refuges.

PICTURED ARE the Cub Scouts of Troop 202 at a recent awards banquet held at the Creole Fire Station. Their leader, D. A. Dupuie, also is shown.

Wendy January

Conner to be in newspaper story

By GENEVA GRIFFITH

A Cameron Parish school teacher will be featured in an article in the August issue of Woman's Wear Daily in connection with two new books about Louisiana.

Mrs. Loretta Conner, a Cameron High School teacher, and Jennifer Blake, author of novels "Perfume of Paradise" and the newly released "Love and Smoke", were recently honored at a reception at the Bourbon French Perfume Company in the New Orleans French Quarter, following the release of the new novel.

The two women met when Mrs. Conner was contacted to design a perfume named Paradise to go along with Mrs. Blake's first book, "Perfume of Paradise", when Mrs. Conner was on a leave from school and working in the French Market perfumery.

The idea for the new book came from the old Creole Proverb, "L'amour et la fumme ne se cachent pas", (Love and Smoke cannot be hidden) and the title of the contemporary novel about New Orleans is "Love and Smoke".

Both Paradise perfume and the New Orleans perfume shop are written into the new novel.

The main character, Riva, uses Paradise perfume, one of an ancient vintage made exclusively by the Bourbon French Perfume Co.

After completion of the novel now in progress, "Spanish Serenade", and Mrs. Conner's return from Montreal, Canada, where she is studying French this summer, Mrs. Conner and Mrs. Blake will work on a new novel based on a Mardi Gras Krew.

Mrs. Conner will study French for six weeks at the University of Montreal this summer on a stipend from the Council for the Development of French in Louisiana.

Upon her return she will teach French at South Cameron High School and Grand Lake High School next semester.

Wendy named as Jr. Miss at the Rodeo

Wendy Renee January was named Jr. Miss of the annual Cameron Parish Fishing Rodeo, Sunday, July 9, at the Grand Chenier State Park.

Wendy is the daughter of Mr. and Mrs. John A. January of Grand Chenier. She was crowned by Toni Kaye Nunez, daughter of Anthony and Jana K. Nunez, last year's Jr. Miss. Wendy was presented a trophy by Michelle Trosclair.

First runner-up was Rita Broussard.

Wendy is a fourth grade student at Grand Chenier Elementary School.

Black News. . .

By Juanita Harrison

JANUARY RITES

Memorial services for John January, 85, were held at 3 p.m., Thursday, July 13, in Jenkins Chapel Church of God in Christ in Beaumont, Tex. The Rev. W. A. Jenkins officiated.

He was a native of Grand Chenier.

Survivors include on brother, Clem January of Grand Chenier.

Mr. and Mrs. Clem January, Mrs. Rosa LeBlanc and Mrs. Juanita January attended the funeral.

Mrs. Agnes Nash is recuperating in St. Patrick's hospital in Lake Charles.

Mrs. Rainee Mayne is ill in Memorial hospitalin Lake Charles.

VISITORS

Mr. and Mrs. Hilton Richardson, Mrs. Cecilia Hector and Mrs. DEmma Frank all of Port Arthur, Tex., visited Mrs. Lillie Harrison, Saturday.

Miss Juanita January of Los Angeles, Calif. is visiting Mr. and Mrs. Clem January.

NOTICE OF OPPORTUNITY FOR PUBLIC COMMENT ON PROPOSED CONSENT DECREE BETWEEN LOUISIANA DEPARTMENT OF ENVIRONMENTAL QUALITY AND PPG INDUSTRIES, INC.

The Louisiana Department of Environmental Quality and PPG Industries, Inc., have entered into a proposed consent decree concerning the state's allegations of environmental violations by PPG Industries, Inc., in Lake Charles, Louisiana, specifically, relating to the contamination of sediments and marine life in the Bayou D'Inde area of the Calcasieu estuary.

The Department of Environmental Quality will accept comments on the proposed consent decree for the next thirty (30) days. The public is invited and encouraged to submit written comments and questions to the Department of Environmental Quality, Office of Water Resources, P. O. Box 44091, Baton Rouge, Louisiana 70804-4091, attention: Tom Killeen. All comments will be considered by the Department in reaching a decision on whether to make the consent decree final.

Terms and conditions of the proposed consent decree may be reviewed at the following locations:

1. Louisiana Department of Environmental Quality, Legal Division, 7th Floor, State Land and Natural Resources Buildling, 625 North Fourth Street, Baton Rouge, LA 70804 and 1112 Paris Street, Lake Charles, Louisiana 70605, Monday through Friday, 8:00 a.m. to 4:30 p.m.

2. Calcasieu Parish Library, 414 Pujo Street, Lake Charles, LA 70601 and 91 Center Circle, Sulphur, LA 70663.

3. McNeese State University, Frazier Memorial Library, Beauregard Street, Lake Charles, LA 70609.

Copies of the proposed consent decree are available to the public at a cost of $.25/page.

Cameron Outdoors

Use of TEDs is suspended

By Loston McEvers

TALK AROUND THE PARISH

In an emergency move, the U.S. Coast Guard has suspended the TED regulations off the Louisiana coast since last week, July 10.

Heavy seaweed concentrations offshore have caused serious net clogging problems, which had made the TED almost impossible to use. Suspension will be until further notice.

Some shrimpers on the Texas and Alabama coast have already been cited for trawling without the TED, and face fines up to $20,000.

Rep. Billy Tauzin, D-La. worked out the suspension after shrimpers complained about debris clogging the TED.

Some surveys along the Louisiana coast showed that 75 percent of the Louisiana shrimpers were not using the TED. Some shrimpers were angry enough to include death threats. Guns were on shrimp boats and I think something bad was fixing to happen, had the suspension not come along.

Some of the environmentalists argued that the seaweed problem in the Gulf was no excuse to suspend the TED. They think that shrimping is a small operation and the turtles are more important, but they don't know how wrong they are. Nobody will suffer from making a living or lose a boat if there aren't any more turtles, but many people as well as boats, shrimp houses and markets will suffer if our shrimpers can't catch shrimp.

What happens now is anyone's guess.

Two local agents have given citations to two local fisherman, and seized illegal nets.

Any gill net which exceeds the maximum length of 1200 feet by law is illegal. The net seized was 6,000 feet long, unattended and not properly tagged.

State law requires gill nets in salt water areas be attended full time.

T-Boy McCall of Cameron was named top male angler and top offshore angler and Marsha Neely of Ruston won female honors during the Cameron Parish Fishing Rodeo held July 8 weekend at the Grand Chenier Park.

Philip (Scooter) Trosclair of Grand Chenier was top junior angler and Dane Thibodeaux of Lake Charles was top bay and surf angler.

Rodeo records broken were as follows: Cobia caught by Kevin Neely of Sulphur, 46-8; shark caught by T-Boy McCall of Cameron, 102-0; redfish caught by Tim Johns of Simmesboro, 13-2; sheephead caught by Dennis O'Bannin of Ruston, 5-0; speckle trout caught by Gus Schram, Jr. of Lake Charles, 5-14 and white trout caught by Marcia Neely of Ruston, 1-9.

Last weekend the boat bay at Grand Bayou was opened to public access. This structure is part of the Cameron-Creole Small Watershed Project and promises access to the East Cove Unit of Sabine National Wildlife Refuge.

The boat bay should remain open until the end of the year for public usage; unless activities increase to a level that will require closing. A news release will be issued to let fishermen know.

It is advised to use caution, as strong outflowing water currents through the boat bay will make it hazardous going into the marsh. Be extra careful when entering the refuge through the structure.

The shrimp season in Zone 2 of Louisiana's inside waters, (all inside waters from South Pass of the Mississippi River westward to the western shoreline of Vermilion Bay, including Southwest Pass at Marsh Island) closed July 14. The many small white shrimp have caused this closing. The spring shrimp season in Zone 1 & 3 will continue, until juvenile white shrimp begin migrating into these areas.

Recent statistics, which were released by the National Marine Fisheries Service show that 12 million pounds of shrimp were landed in Louisiana during the month of May of this year. This is up about two and half million pounds from the 9.5 million pounds of shrimp caught in May of 1988.

We all know the rains brought us flood waters, in some places more than others and that there is always danger of flooding.

In Black Lake, 12 miles northeast of Natchitoches, La., the large rainfall has brought the water level in the lake close to the electrical power lines and is posing a risk to the people boating and fishing in the area, who could come in contact with the high lines.

Cleco Electric Co. is closely monitoring this situation, placing flags and barricades in several areas.

Louisiana Department of Wildlife and Fisheries Enforcement Division agents are patrolling the area of Black Lake.

Coming in contact with electric lines with a boat or fishing pole or line could be deadly. Electric lines sometimes look like telephone or television cable wire, so people are asked to be extra careful.

WETLAND EROSION

The House passed a proposed Constitutional Amendment, establishing a wetland preservation fund and a mineral trust fund to some Louisiana coast from erosion and to get state dollars to work.

A percentage of the oil and gas severance taxes will be used for this fund.

We are losing 50 square miles of Louisiana's coastline, much of which is wetland.

A task force would be set up to get state and federal agencies to get funds to plan and combat erosion. I hope this study doesn't take 10 or 15 years, since we are already 20 to 25 years behind.

It will take billions of dollars to do this project and Louisiana will have to have help from the federal government or other private industry for this project to take effect.

Area fishing in fresh water has been good. Sabine Refuge has really been the best for numbers of bass caught. Many anglers are limiting out easily in Sabine, using just about any bait and getting strikes.

Lacassine is slower in number of bass but larger bass are being taken.

The Big Burn has lots of small bass scattered and is a hit and miss thing, one day it is fair and another day it is poor.

There were many places along the Big Burn where many fish were floating after the heavy rain, probably a lack of oxygen.

Many area private ponds had the same problem, bass and white perch were at the top trying to get oxygen, many died including some ponds with Florida bass.

Bourque rites

Funeral services for Pierre Bourque, 75, of Sulphur, were held Friday, July 14, in Sulphur Memorial Guardian Chapel.

The Rev. Jerry Rockwell officiated. Burial was in Mimosa Pines Cemetery.

Mr. Bourque died Tuesday, July 11, in a Houston hospital.

A native of Maurice, he had lived in Sulphur since 1957. He worked in the drilling department of Mobil Oil Co. for 25 years, then was employed by Tidex Marine Co. until retirement in 1979.

Survivors are his wife, Mrs. Sarah Bourque of Sulphur; two daughters, Peggy Reyes of Cameron and Lavannah Lantier of Sulphur; two sons, Gilbert Bourque of Sulphur and John D. Bourque of Big Lake; a step-daughter, Sybil Marshall of Sulphur; a step-son, Hermon Murray of Auburndale, Fla.; two sisters, Aledia Brannen of Sulphur and Edith Faulk of Kaplan; three brothers, Arthur Bourque of Grosse Tete, Artise Bourque of Forked Island, and Euclide Bourque of San Francisco, Calif., 23 grandchildren and 17 great grandchildren..

The LeMesche Bass Club held a tournament last weekend and will hold another this weekend. I'll have the results next week.

Hackberry News

By Grace Welch

FOUNTAIN BABY

Curtis and Bobbie Fountain announce the birth of a daughter, Carly Rae, July 14, at Cal-Cam hospital. She weighed 8 lbs. 13 ozs.

Grandparents are Grace Welch of Hackberry, and Ray and Virgie Fountain of Merryville.

The couple has two sons, C. R. and Troy.

TRIP

Michelle McInnis is spending a week in Baton Rouge with Tim, Tina and Misty DeBarge.

ANNIVERSARY

Leon and Agnes Meaux of Abbeville celebrated their 50th anniversary hosted by their son, Jeffery Meaux. Attending were Mabel and Pearl Davis of Abbeville, Norris and Lillian Schexnider, Alton and Joyce Schexnider, all of Hackberry; Agnes, Mabel and Pearl are the Schexnider's sisters.

VISITORS

Joe and Sherry Vilardi of Long Island are spending a few days with the Isadore Duhons. Mike and Sandy Schexnider and children left Wednesday going home to New York.

Msgr. Bernard to be given award July 29

J. W. O'Reilly Jr. will be installed as the 44th faithful navigator of Msgr. Cramers Assembly, Fourth Degree Knights of Columbus, in ceremonies scheduled for Saturday, July 29.

The ceremony of installation will be preceded by the celebration of Mass in Our Lady Queen of Heaven Church, beginning at 5 p.m. Msgr. Irving J. Deblanc will be the principal celebrant of the Mass. Msgr. A. J. Vincent, assembly faithful friar, will be a concelebrant.

A banquet honoring the new offices of the assembly is scheduled for 7 p.m. in the hall of Our Lady Queen of Heaven Council 4562, 3823 Ernest St.

Msgr. M. J. Bernard, pastor of Sacred Heart Parish in Creole, will receive the "Clergyman of the Year" Award.

Msgrs. Cramers Assembly is made up of Fourth Degree Knights affiliated with councils in Lake Charles, Kinder, Iowa, Creole, Cameron, Ragley, Johnson Bayou, Grand Chenier, DeQuincy and Lacassine.

Totals told for Bishop's Service appeal

The 1988-89 Bishop's Service Appeal campaign of the Diocese of Lake Charles has surpased its goal, according to Bishop Jude Speyrer.

Records indicate that Catholics of the diocese contributed $411,014.15 during the campaign, which ended June 30. This figure represents 102 percent of the announced goal of $400,000.

Here are the individual contributions from Cameron Parish church parishes:

St. Mary of the Lake, Big Lake, $6,125; Our Lady Star of the Sea, Cameron, $5,886; Sacred Heart, Creole, $6,000; St. Eugene, Grand Chenier, $3,100; St. Peter the Apostle, Hackberry, $5,105.13.

Church plans anniversary

Macedonia Baptist Church of Cameron will hold its fourth year choir anniversary July 20-21.

Services on Thursday, July 20, will be at 7:30 p.m. Guest speaker is Mary Barker of Hillcrest Baptist Church, Lake Charles.

Friday night, July 21, will be a church musical beginning at 7:30 p.m.

Services will close out Sunday, July 23, at 3 p.m.

Youth Council to hold car wash Friday

The Cameron Youth Council will sponsor a car wash and cookie sale Friday, July 21, at the Cameron Fire station in Cameron. Proceeds go to help with the fishing rodeo the end of July.

Rev. Jacobs new bishop

The Rev. Sam Jacobs, Director of Vocations for the Diocese of Lake Charles, is the new Bishop of the Diocese of Alexandria. Father Jacobs' appointment to the Louisiana see was announced July 11, in Washington D.C., by the Most Rev. Pio Laghi, Apostolic Pro-Nuncio in the United States.

Father Jacobs celebrated the 25th anniversary of his ordination to the priesthood last month. In addition to his work as Director of Vocations, he is also co-director of the Office of Communications and directs the Office of Charismatic Renewal for the Diocese of Lake Charles.

A native of Greenwood, Miss., Father Jacobs grew up in Lake Charles. He was educated in Landry Memorial High School, Immaculata Seminary in Lafayette and the Catholic University of America in Washington, D. C., earning master degrees in philosophy and education administration from the latter institution.

He formerly served as pastor of St. Mary of the Lake Church in Big Lake.

CARD OF THANKS

MAYBE YOU sang a lovely song, or prayed a silent prayer.

Maybe you sent us flowers, if so we saw them there.

Maybe you visited in our home, or sent the cards we read.

Maybe you called us on the phone, or sent the food we shared. Maybe you shed tears with us, or thought of us that day.

But whatever you did to console our hearts, you did in your own way.

Words cannot express our appreciation.

Special thanks to South Cameron Memorial Hospital and Staff, Dr. Sanders and Dr. Clark, Cameron Parish Sheriff's Department, Msgr. Bernard and John Driscoll.

The Family Of
Gracie Theriot

HOLY SPIRIT, you who solve all problems, who light all roads so that I can attain my goal. You who give me the divine gift to forgive and forget all evil against me and that in all instances my life you are with me. I want in this short prayer to thank you for all things and to confirm once again that I wish to be with you in eternal glory. Thank you for your mercy toward me and mine. The person must say this prayer three consecutive days, after three days, the favor requested will be granted even if it may appear difficult. This prayer must be published immediately after favor is granted without mentioning the favor. Initials only at the bottom. M.F.

NOTICE OF SPECIAL ELECTION
Pursuant to the provisions of a resolution adopted by the Board of Commissioners of the Cameron Parish Police Jury, Cameron Parish, Louisiana, the governing authority of said Parish, on June 6, 1989, NOTICE IS HEREBY GIVEN that a special election will be held in the Hackberry Fire Protection District No. One, Cameron Parish, Louisiana, on Saturday, July 22, 1989, and that at said election there will be submitted to and voted upon by the qualified and qualified and entitled to vote at the said election under the Constitution and laws of the State of Louisiana and the Constitution and laws of the United States, the following Proposition, to-wit:
PROPOSITION
SHALL HACKBERRY FIRE PROTECTION DISTRICT NO. ONE OF CAMERON PARISH, LOUISIANA, BE AUTHORIZED TO LEVY A RENEWAL TAX OF FOUR (4.00) MILLS ON THE DOLLAR OF ASSESSED VALUATION ON ALL PROPERTY SUBJECT TO TAXATION IN SAID DISTRICT, FOR A PERIOD OF TEN (10) YEARS, BEGINNING WITH THE YEAR 1989, FOR THE PURPOSE OF MAINTAINING AND OPERATING FIRE PROTECTION FACILITIES AND PAYING THE COST OF OBTAINING WATER FOR FIRE PROTECTION PURPOSES, INCLUDING CHARGES FOR FIRE HYDRANT RENTALS AND SERVICE WITHIN AND FOR SAID DISTRICT?
NOTICE IS HEREBY FURTHER GIVEN that said special election will be held at the polling places set forth below, all situated within the Hackberry Fire Protection District No. One, Cameron Parish, Louisiana, which polls will open at 6 o'clock (6:00) a.m. and close at eight o'clock (8:00) p.m. in compliance with the provisions of Section 541 of Title 18 of the Louisiana Revised Statutes of 1950, as amended (R.S. 18:541).
DISTRICT — POLLING PLACE
Election District 2 — Hackberry
Precinct 1 — Recreation Center
Hackberry, Louisiana
NOTICE IS HEREBY FURTHER GIVEN that the said special election will be held in accordance with the provisions of the Louisiana Election Code (Title 18 of the Louisiana Revised Statutes), including Chapter 6-A thereof, and other constitutional and statutory authority supplemental thereto. Such officers appointed to hold the said election, and such notice of election are selected and designated in compliance with law, will make due returns thereof to the Clerk of Court of Cameron Parish and to the Cameron Parish Police Jury, Cameron Parish, Louisiana, the governing authority of said District.
NOTICE IS HEREBY FURTHER GIVEN that the commissioners-in-charge duly certified by the Clerk of Court of Cameron Parish and selected by the Parish Board of Election Supervisors as provided for in R.S. 18:433, as amended, are hereby designated as the commissioners-in-charge to serve at the polling places designated in the election herein called. The commissioners of election and alternate commissioners of election shall be appointed by the Cameron Parish Clerk of Court, in accordance with R.S. 18:1286, as amended. In the event the election herein called is held at the same time as the election of public officials the commissioners and alternate commissioners shall be those commissioners and alternate commissioners selected for the election of public officials, in accordance with R.S. 18:1286, as amended.
NOTICE IS HEREBY FURTHER GIVEN that the Cameron Parish Police Jury, Cameron Parish, Louisiana, the governing authority of said District, will meet at its regular meeting place, the Cameron Parish Police Jury Annex Building, Cameron, Louisiana, on Thursday the 27th day of July, 1989, at 6:00 o'clock P.M., and will then and there, in open and public session, proceed to examine and canvass the returns as certified by the Clerk of Court of Cameron Parish, Louisiana, and declare the result of the said special election.
All registered voters of the Hackberry Fire Protection District No. One, Cameron Parish, Louisiana are entitled to vote at said special election and voting machines will be used in the conduct of the election.
THUS DONE AND SIGNED on this, the 6th day of June, 1989.

RESOLUTION
A Resolution making certain findings with respect to and authorizing the participation of the Law Enforcement District of the Parish of Cameron in the Louisiana Public Facilities Authority Advance Funding Notes (Law Enforcement District Advance Funding Program) Series 1989; and authorizing the execution and delivery of the Advance Funding Agreement and the Anticipation Certificate; authorizing the execution and delivery of other documents required in connection therewith; and authorizing the Sheriff as ex officio chief executive officer of the District to do all things necessary to effectuate this Resolution.
WHEREAS, the Law Enforcement District of the Parish of Cameron (the "District") is a political subdivision of the State of Louisiana, organized and existing pursuant to the provisions of La. R.S. 33:9001 et seq.; and
WHEREAS, the Authority is a public trust and public corporation organized and existing by, under and pursuant to that one certain Indenture of Trust executed the 21st day of August, 1974, and the provisions of the Louisiana Public Trust Act, being Louisiana Revised Statutes of 1950, as amended, La. R.S. 9:2341-2347; and
WHEREAS, The Sheriff of the Parish of Cameron (the "Sheriff") and the Law Enforcement District pursuant to the provisions of La. R.S. 33:1432(D)(2) and La R.S. 33:9010, intend to issue a revenue anticipation obligation (the "Anticipation Certificate") in anticipation of expected revenues to accrue to the Sheriff's General Fund, for the Sheriff's fiscal year ending June 30, 1990; and
WHEREAS, the Authority has established its program (the "Program") for the purpose of purchasing revenue anticipation obligations to be issued by certain Louisiana Sheriffs and law enforcement districts, in order to ease the cash flow difficulties associated with the expenditure of funds and to provide funds for such purpose will issue its Advance Funding Notes (Law Enforcement District Advance Funding Program) Series 1989 (the "Notes"); and
WHEREAS, the Sheriff has determined that the amount of Anticipation Certificate does not exceed seventy five percent (75%) of the expected revenues to accrue to the Sheriff's General Fund, as required by La. R.S. 33:1432(D)(2), exclusive of interest, for the Sheriff's fiscal year ending June 30, 1990; and
WHEREAS, the District desires to participate in the Program and issue its Anticipation Certificate to the Authority.
THEREFORE, I, James R. Savoie, Sheriff of the Parish of Cameron and Chief Executive Officer of the District, pursuant to the authority vested in me by Act No. 689 of the 1976 Regular Session of the Louisiana Legislature (R.S. 33:9001, et seq.), resolve that:
SECTION 1. The forms of the documents in Exhibit A are hereby approved in substantially the same form as submitted at this meeting, with such additions, omissions and changes as may be approved by bond counsel to the Authority, and the Sheriff and ex officio chief executive officer of the District is authorized and directed on behalf of the District to execute, attest, seal and deliver (or approve) the same in order to participate in the Authority's Program.
In approving the documents described in Exhibit A attached hereto, the District does hereby expressly authorize and approve any specific additions, omissions and changes as may be required by Moody's Investors Service in connection with the rating of the Notes, provided, that any such additions, omissions and changes shall be approved by bond counsel to the Authority.
SECTION 2. The Sheriff and ex officio chief executive officer of the District is hereby further authorized and directed, for and on behalf of the District, to accept, receive, execute, seal, attest and deliver all such documents, certificates and other instruments as are required in connection with the authorization, issuance, sale and delivery of the Anticipation Certificate or by the Advance Funding Agreement and to take such further action as may be appropriate or required by law in connection with the authorization, issuance, sale and delivery of the Anticipation Certificate.
SECTION 3. The Sheriff and ex officio chief executive officer of the District is hereby authorized and directed to do all things necessary to effectuate and implement this Resolution.
EXHIBIT A
The form of Advance Funding Agreement to be executed by the Sheriff as the Ex-Officio Chief Executive Officer of the District.
The form of the Anticipation Certificate.
SECTION 4. This Resolution shall take effect immediately.
This done, adopted and signed this 19th day of July, 1989.
James R. Savoie,
Sheriff and Ex-Officio Chief Executive Officer of the Law Enforcement District of the Parish of Cameron, State of Louisiana
AGENDA
CAMERON PARISH
LAW ENFORCEMENT DISTRICT
JULY 19, 1989
10:00 A.M.
This Agenda for a meeting of the Cameron Parish Law Enforcement District for July 19, 1989, is as follows:
Item 1. Call to order.
Item 2. Consideration of a resolution making certain findings with respect to and authorizing the participation of the Law Enforcement District of the Parish of Cameron in the Louisiana Public Facilities Authority Advance Funding Notes (Law Enforcement District Advance Funding Program), Series 1989; authorizing the execution and delivery of the Advance Funding Agreement and the Anticipation Certificate; authorizing the execution and delivery of other documents required in connection therewith; and authorizing the Sheriff as ex officio chief executive officer of the District to do all things necessary to effectuate this Resolution.
Item 3. To transact any other business that may come before the district.
Item 4. Adjourn.
James R. Savoie,
Sheriff as ex officio chief executive officer of the Law Enforcement District of the Parish of Cameron, State of Louisiana
RUN: July 20

PUBLIC NOTICE
Notice is hereby given that the Department of Environmental Quality is proposing to issue a final Louisiana Water Discharge Permit System (LWDPS) permit to the Stone Petroleum Corporation to discharge drill cuttings and adhering native mud drilling fluids; treated wastewater from dewatering operations of drilling mud pits; treated domestic wastes; storm water runoff (deck drainage); and other associated uncontaminated discharges such as cooling water, ballast water, etc. from workover and drilling barges, and production facilities to White Lake and associated natural and manmade waterbodies in Lac Blanc Field, Vermilion Parish, Louisiana. The limitations and conditions of this permit are consistent with the permitting policy of the Office of Water Resources, which is to achieve and maintain full support of designated uses of the waters of the state.
During the preparation of this permit, it has been determined that these discharges will have no adverse impact on the existing uses of the receiving waterbodies. As with any discharge, however, some change in existing water quality may occur.
All designated uses of the receiving waters are being fully supported. However, the designated uses are considered threatened due to organic enrichment from non-irrigated and irrigated crop production, petroleum activities, and natural causes.
The application and proposed limitations may be examined at the Office of Water Resources, 9th Floor, State Land and Natural Resources Building, 625 North Fourth Street, Baton Rouge, Louisiana.
Persons wishing to provide date, views or comments, or request a public hearing relative to the issuance of the permit are invited to submit their comments and requests, in writing, within thirty (30) days of the date of this notice using reference No. WP 2619 to:
Department of Environmental Quality
Office of Water Resources
Post Office Box 44091
Baton Rouge, Louisiana 70804-4091
ATTN: Douglas A. Hall
Telephone: (504) 342-6363
All written comments submitted during the period of comment shall be retained by the Office and considered in the formulation of a determination to issue a final permit.
Maureen O'Neill
Assistant Secretary
Office of Water Resources
RUN: July 20

NOTICE OF PUBLICATION

Box 2827, Baton Rouge, LA 70821) on or before the 9th day of August, 1989, at 1:00 p.m., for a lease to explore, drill for and produce oil, gas and any other liquid or gaseous minerals in solution and produced with oil or gas on the following described Tract (Tract No. 24774) at which time and place the bids will be opened publicly in the State Land and Natural Resources Building, Capitol Complex, Baton Rouge, Louisiana.
TRACT 24774 — PORTION OF BLOCK 4, EAST CAMERON AREA, REVISED, Cameron Parish, Louisiana — All of that portion of Block 4, East Cameron Area, Revised, Cameron Parish, Louisiana, belonging to the State of Louisiana and/or its successors in title on August 9, 1989, described as follows: Beginning at the Southeast corner of Block 4, East Cameron Area, Revised, having Coordinates of X = 1,509,516.096 and Y = 360,000.00; thence West 4,738.096 feet on the South line of said Block 4 to the Southwest corner of State Lease No. 13335 having Coordinates of X = 1,504,758.00 and Y = 360,000.00; thence on the boundaries of said State Lease No. 13335 the following courses: North 2,000.00 feet and West 1,500.00 feet to the Southeast corner of State Lease No. 13478 having Coordinates of X = 1,503,258.00 and Y = 362,000.00; thence on the boundaries of said State Lease No. 13478 the following courses: North 2,000.00 feet and West 3,000.00 feet to its Northwest corner, also being a Northeast corner of said State Lease No. 13335, having Coordinates of X = 1,500,258.00 and Y = 364,000.00; thence on the boundaries of said State Lease No. 13335 the following courses: West 3,800.00 feet and North 1,680.00 feet to its Northwest corner, also being a point on the South line of State Lease No. 6289, as amended, having Coordinates of X = 1,496,458.00 and Y = 365,680.00; thence counter-clockwise on the boundaries of the said State Lease No. 6289 the following courses: East 1,895.333 feet, South 350.00 feet, East 1,960.00 feet, North 3,560.00 feet, West 1,960.00 feet, South 670.00 feet, West 2,640.00 feet and South 2,640.00 feet to its Southwest corner, also being a point on the North boundary of said Block 4, East Cameron Area, Revised; thence East on the North line of said State Lease No. 13335, having Coordinates of X = 1,495,713.333 and Y = 365,680.00; thence West 2,680.00 feet on the said North line of said Block 4 to the Northwest corner of said State Lease No. 13335 to its Northeast corner, also being a point on the West line of said Block 4, having Coordinates of X = 1,493,033.333 and Y = 365,680.00; thence North 4,421.42 feet on the West line of said Block 4 to a point having Coordinates of X = 1,493,033.333 and Y = 370,101.42; thence North 4,421.42 feet on the West line of said Block 4 to a point having Coordinates of X = 1,507,758.333 and Y = 370,101.42; thence Southeasterly on a straight line to the Northeast corner of said Block 4 having Coordinates of X = 1,509,516.096 and Y = 368,912.93; thence South 8,912.93 feet on the East line of said Block 4 to the point of beginning, containing approximately 1,000 acres, as shown outlined in red on a plat on file in the Office of the Secretary, Department of Natural Resources. All bearings, distances and coordinates are based on Louisiana Coordinate System of 1927 (South Zone).

All bids are to offer a CASH PAYMENT, one-half (½) of which is to be bonus, in full and adequate consideration for every right granted by the lease and one-half (½) of which is to be rental for the first year of the lease, for a lease having a primary term which shall not exceed five years, and it the bid offers a delay rental the ANNUAL DELAY RENTAL shall not be less than one-half (½) of the aforesaid cash payment, which lease is to be granted without any warranty or recourse whatever, except for the return by lessor of any payments received under the lease or being otherwise responsible to lessee. THE MINIMUM ROYALTIES required by R.S. 30:127, as amended, are one-eighth (⅛th) of all oil produced and saved or utilized, one-eighth (⅛th) of all gas produced and saved or utilized, and one-eighth (⅛th) of all other liquid or gaseous minerals in solution and produced with oil or gas and saved or utilized, which are not specifically mentioned herein. Free sulphur, potash, lignite, salt and other solid minerals are to be excluded and any bid thereon will be disregarded to such extent. A bid of royalty less than the aforesaid statutory minimums will be increased to said statutory minimums by the Board. All bidders are hereby notified that the Board does not obligate itself to accept a bid which offers the aforesaid statutory minimums, but reserves the right to accept a bid which offers in excess of the statutory minimums and is considered most advantageous to the State of Louisiana.
The provisions of this notice or advertisement and the relevant statutes establish the material considerations necessary for the formulation of proper bids, and this notice or advertisement shall not be deemed to be modified, enlarged or diminished by resolutions or policy expressions of the Board not incorporated herein expressly or by reference.
Notice is given that the State Mineral Board will include in the lease provisions to insure applicable payments attributable to the leased property with respect to the adverse title claims, disputes, litigation or title failure. The exact language therein contained is available to any interested party at the Office of the Secretary, Department of Natural Resources or the Office of Mineral Resources prior to the opening of bids on this tract, and prospective bidders should carefully consider the same prior to submitting any bid thereon.
Some tracts available for leasing may be situated in the Louisiana Coastal Zone as defined in Act 361 of 1978 (La. R.S. 49:213). Such tracts may be subject to the guidelines and regulations promulgated by the Coastal Management Section of the Department of Natural Resources.
All leases awarded shall be executed upon terms and conditions provided in the current printed lease form with all applicable riders appended thereto, including but not limited to provisions as follows: Should lessee fail to be conducting actual drilling (spudding in) of a well on the lease premises within the next year from the date of the lease, the lease shall terminate as to both parties to the lease, unless on or before such anniversary date, lessee shall pay a delay rental (which shall in no event be less than one-half (½) of the aforesaid cash payment offered for the lease), which shall cover the privilege of deferring drilling operations for a period of one year. Upon like payments annually, drilling operations may be further deferred for successive periods of one year each during the primary term of five years. Each lease shall provide for the drilling of such wells as may be necessary to protect the State's interest and shall contain the provisions against the assignment or sublease of the lease unless approved by the State Mineral Board. The lessee shall have the right to enter into pooling or unitization agreements with respect to development of the leased premises subject to the approval of the State Mineral Board.
Certified check, cashier's check or bank money order payable to the OFFICE OF MINERAL RESOURCES for the full amount of the aforesaid cash payment, shall accompany and be submitted with each bid, and no bid thus submitted may be thereafter withdrawn or cancelled and the certified check, cashier's check or bank money order accompanying the bid of the successful bidder shall be immediately negotiated by the Office of Mineral Resources, and the proceeds hereof disbursed in the manner required by law.
SPECIAL NOTE
By law promulgated by this Department of Natural Resources, under authority of Act 13 of the 1988 first Extraordinary Legislative Session, a severance tax of the cash payment is required to be submitted by the successful bidder for all leases awarded on and after the September 1st, 1988 lease sale. The successful bidder on each new lease is required to submit a severance tax equal to 10% of the cash payment, which is in addition to the regular check. The fee may be submitted either with the bid (inside the sealed bid envelope) or within ten (10) days after the bid is awarded. In the event that the check is submitted with the bid, and the bid is unsuccessful, the check will be returned to sender with the unsuccessful bid and check for cash payment. The successful bidder will not receive the lease executed by the State of Louisiana until the fee is received.
The successful bidder to whom the lease is awarded on the date of the lease sale shall execute, within TWENTY (20) DAYS after bidder's receipt of same under penalty of forfeiture of the lease and the aforesaid cash payment previously tendered and negotiated in the event of failure to do so.
NOTE: The above described tracts are estimated to contain, in the aggregate, approximately 488 acres, as shown outlined in red on a plat on file in the Office of the Secretary, Department of Natural Resources. All bearings, distances and coordinates are based on Louisiana Coordinate System of 1927 (South Zone).
NOTE: It appears according to our records that a portion of this tract is located within the restricted safety fairway area as set out by the Corps of Engineers, U. S. Army.

TRACT 24775 — Cameron Parish, Louisiana — All of the lands now or formerly constituting the beds and bottoms of all water bodies of every nature and description and all islands and other lands formed by accretion or relliction, except tax lands, owned by and not under mineral lease from the State of Louisiana on August 9, 1989, situated in Cameron Parish, Louisiana, within the following described boundaries: Beginning at a point having Coordinates of X = 1,365,950.60 and Y = 402,655. Southwesterly on a straight line to a point having Coordinates of X = 1,361,811 and Y = 402,655. Southwesterly on a straight line to a point having Coordinates of X = 1,355,314.46 and Y = 403,681.80; thence Northwesterly 10,667.82 feet; thence South 88 degrees 52 minutes 45 seconds East 10,638.18 feet to the point of beginning, containing approximately 88 acres of water bottoms.
Parcel B: All lands, water bottoms and minerals except tax lands owned by and not under mineral lease from the State of Louisiana on August 9, 1989, situated in Cameron Parish, Louisiana, within the following described boundaries: Beginning at a point having Coordinates of X = 1,365,950.60 and Y = 414,141.55; thence South 00 degrees 00 minutes 00 seconds West 9,949.07 feet to a point having Coordinates of X = 1,365,864.60 and Y = 405,092.89; thence the following courses: Southwesterly on a straight line to a point having Coordinates of X = 1,361,811 and Y = 402,655. Southwesterly on a straight line to a point having Coordinates of X = 1,360,638 and Y = 402,221. Northwesterly on a straight line to a point having Coordinates of X = 1,357,913 and Y = 403,132. Northwesterly on a straight line to a point having Coordinates of X = 1,355,314.46 and Y = 403,681.80; thence North 10,667.82 feet; thence South 88 degrees 52 minutes 45 seconds East 10,638.18 feet to the point of beginning, containing approximately 88 acres of water bottoms.
The above described tracts are estimated to contain, in the aggregate, approximately 488 acres, as shown outlined in red on a plat on file in the Office of the Secretary, Department of Natural Resources. All bearings, distances and coordinates are based on Louisiana Coordinate System of 1927 (South Zone).
NOTE: It appears according to our records that a portion of this tract is located within the restricted safety fairway area as set out by the Corps of Engineers, U. S. Army.

TRACT 24778 — Cameron Parish, Louisiana — All of the lands now or formerly constituting the beds and bottoms of all water bodies of every nature and description and all islands and other lands formed by accretion or relliction, except tax lands, owned by and not under mineral lease from the State of Louisiana on August 9, 1989, situated in Cameron Parish, Louisiana, within the following described boundaries: Beginning at a point on the Southernmost South line of State Lease No. 13267 having Coordinates of X = 1,543,900.00 and Y = 490,950.00; thence South 10,550.00 feet; thence West 10,800.00 feet to a point on the Eastern most South line of State Lease No. 12849 having Coordinates of X = 1,532,100.00 and Y = 490,950.00; thence North 3,010.00 feet on the East line of said State Lease No. 12849 to its Northeast corner having Coordinates of X = 1,532,100.00 and Y = 493,450.00; thence North 7,853.10 feet to a point on the Southernmost South line of said State Lease No. 13267 having Coordinates of X = 1,538,400.00 and Y = 491,303.10; thence West 5,300.00 feet to the West line of said State Lease No. 13267 to its Southernmost Southwest corner having Coordinates of X = 1,538,400.00 and Y = 490,950.00; thence East 5,300.00 feet on the Southernmost South line of said State Lease No. 13267 to the point of beginning; containing approximately 825 acres, as shown outlined in red on a plat on file in the Office of the Secretary, Department of Natural Resources. All bearings, distances and coordinates are based on Louisiana Coordinate System of 1927 (South Zone).

TRACT 24779 — Cameron Parish, Louisiana — All of the lands now or formerly constituting the beds and bottoms of all water bodies of every nature and description and all islands and other lands formed by accretion or relliction, except tax lands, owned by and not under mineral lease from the State of Louisiana on August 9, 1989, situated in Cameron Parish, Louisiana, within the following described boundaries: Beginning at a point on the South Line of State Lease No. 13267 to its Southernmost South-east corner having Coordinates of X = 1,549,450.00 and Y = 490,950.00; thence North 353.10 feet on the Westernmost East line of said State Lease No. 13267 to a point having Coordinates of X = 1,549,450.00 and Y = 491,303.10; thence East 5,250.00 feet; thence North 10,800.10 feet to a point having Coordinates of X = 1,554,700.00 and Y = 480,400.00; thence West 10,800.00 feet; thence North 10,000.00 feet to the point of beginning, containing approximately 1,825 acres, as shown outlined in red on a plat on file in the Office of the Secretary, Department of Natural Resources. All bearings, distances and coordinates are based on Louisiana Coordinate System of 1927 (South Zone).

All bids are to offer a CASH PAYMENT, one-half (½) of which is to be bonus as full and adequate consideration for every right granted by the lease and one-half (½) of which is to be rental for the first year of the lease, for a lease having a primary term which shall not exceed three years, and it the bid offers a delay rental the ANNUAL DELAY RENTAL shall not be less than one-half (½) of the aforesaid cash payment, which lease is to be granted without any warranty or recourse against lessor whatsoever, except for the return by lessor of any payments received under the lease or being otherwise responsible to lessee. The MINIMUM ROYALTIES required by R.S. 30:127, as amended, except for school board leases, are one-eighth (⅛th) of all oil produced and saved or utilized; one-eighth (⅛th) of all gas produced and saved or utilized; and one-eighth (⅛th) of all other liquid or gaseous minerals in solution and produced with oil or gas and saved or utilized, which are not specifically mentioned herein. Free sulphur, potash, lignite, salt and other solid minerals are to be excluded and any bid thereon will be disregarded to such extent. A bid of royalty less than the aforesaid statutory minimums will be increased to said statutory minimums by the Board. All bidders are hereby notified that the Board does not obligate itself to accept a bid which offers the aforesaid statutory minimums, but reserves the right to accept a bid which offers in excess of the statutory minimums and is considered most advantageous to the State of Louisiana.
The provisions of this notice or advertisement and the relevant statutes establish the material considerations necessary for the formulation of proper bids, and this notice or advertisement shall not be deemed to be modified, enlarged or diminished by resolutions or policy expressions of the Board not incorporated herein expressly or by reference.
Particular attention is directed to the fact that, in addition to the aforesaid stipulation against warranty, the State Mineral Board also includes a special provision in the lease permitting lessee to reduce royalties provided in the lease to lessor on production of oil and gas by one-half (½), but not below the statutory minimum of one-eighth (⅛th), in the event of a pending final and definitive adjudication or other settlement of a bona fide dispute or litigation involving lessor's royalty title, all under the terms and conditions therein stated. A full copy of Paragraph 16 including said stipulation is on file in the office of the State Mineral Board, Fourth Floor, at the above address and available for public inspection by anyone desiring to examine it.
Some tracts available for leasing may be situated in the Louisiana Coastal Zone as defined in Act 361 of 1978 (La. R.S. 49:213). Such tracts may be subject to the guidelines and regulations promulgated by the Coastal Management Section of the Department of Natural Resources.
All leases awarded shall be executed upon terms and conditions provided in the current printed lease form with all applicable riders appended thereto, including but not limited to provisions as follows: Should lessee fail to be conducting actual drilling (spudding in) of a well on the lease premises within the next year from the date of the lease, the lease shall terminate as to both parties to the lease, unless on or before such anniversary date, lessee shall pay a delay rental (which shall in no event be less than one-half (½) of the aforesaid cash payment offered for the lease), which shall cover the privilege of deferring drilling operations for a period of one year. Upon like payments annually, drilling operations may be further deferred for successive periods of one year each during the primary term of five years. Each lease shall provide for the drilling of such wells as may be necessary to protect the State's interest and shall contain the provisions against the assignment or sublease of the lease unless approved by the State Mineral Board. The lessee shall have the right to enter into pooling or unitization agreements with respect to development of the leased premises subject to the approval of the State Mineral Board.
Certified check, cashier's check or bank money order payable to the OFFICE OF MINERAL RESOURCES for the full amount of the aforesaid cash payment, shall accompany and be submitted with each bid, and no bid thus submitted may be thereafter withdrawn or cancelled and the certified check, cashier's check or bank money order accompanying the bid of the successful bidder shall be immediately negotiated by the Office of Mineral Resources, and the proceeds hereof disbursed in the manner required by law.
SPECIAL NOTE
By law promulgated by this Department of Natural Resources, under authority of Act 13 of the 1988 first Extraordinary Legislative Session, a severance tax of the cash payment is required to be submitted by the successful bidder for all leases awarded on and after the September 1st, 1988 lease sale. The successful bidder on each new lease is required to submit a severance tax equal to 10% of the cash payment, which is in addition to the regular check. The fee may be submitted either with the bid (inside the sealed bid envelope) or within ten (10) days after the bid is awarded. In the event that the check is submitted with the bid, and the bid is unsuccessful, the check will be returned to sender with the unsuccessful bid and check for cash payment. The successful bidder will not receive the lease executed by the State of Louisiana until the fee is received.
The successful bidder to whom the lease is awarded on the date of the lease sale shall execute, within TWENTY (20) DAYS after bidder's receipt of same under penalty of forfeiture of the lease and the aforesaid cash payment previously tendered and negotiated in the event of failure to do so.
NOTE: The above described tracts are estimated to contain, in the aggregate, approximately 1,825 acres, as shown outlined in red on a plat on file in the Office of the Secretary, Department of Natural Resources. All bearings, distances and coordinates are based on Louisiana Coordinate System of 1927 (South Zone).

All bids are to offer a CASH PAYMENT, one-half (½) of which is to be bonus as full and adequate consideration for every right granted by the lease and one-half (½) of which is to be rental for the first year of the lease, for a lease having a primary term which shall not exceed three years, and it the bid offers a delay rental the ANNUAL DELAY RENTAL shall not be less than one-half (½) of the aforesaid cash payment, which lease is to be granted without any warranty or recourse against lessor whatsoever, except for the return by lessor of any payments received under the lease or being otherwise responsible to lessee. The MINIMUM ROYALTIES required by R.S. 30:127, as amended, except for school board leases, are one-eighth (⅛th) of all oil produced and saved or utilized; one-eighth (⅛th) of all gas produced and saved or utilized; and one-eighth (⅛th) of all other liquid or gaseous minerals in solution and produced with oil or gas and saved or utilized, which are not specifically mentioned herein. Act 299 of 1982 provides a minimum royalty for leases affecting school board lands. Free sulphur, potash, lignite, salt and other solid minerals are to be excluded and any bid thereon will be disregarded to such extent. A bid of royalty less than the aforesaid statutory minimums will be increased to said statutory minimums by the Board. All bidders are notified that the Board does not obligate itself to accept a bid which offers the aforesaid statutory minimums, but reserves

LEGAL NOTICES

PROCEEDINGS
WATERWORKS DISTRICT NO. NINE
MAY 29, 1989

NOTICE
SUCCESSION OF
NO. 26,730
JOHN SHELDON TOOMER
14th JUDICIAL
DISTRICT COURT
PARISH OF CALCASIEU
STATE OF LOUISIANA
Filed: 6/30/89 Deputy Clerk
/s/ Melba Trosclair

Notice is hereby given that the Administrator of the above captioned Succession has petitioned the Court for authority to sell immovable property of the estate at private sale in accordance with the provisions of Article 3281 of the Louisiana Code of Civil Procedure for $11,000.00 cash, and under the following terms and conditions:

a. The purchase price will be paid in cash when the act of sale is passed.

b. The property will be sold in an "AS IS" condition, vendees waiving all warranties and or implied warranties as to fitness.

c. Vendors shall retain one-half of all minerals.

d. Vendees shall waive all warranty of any kind in regard to elevation or flooding.

e. Taxes will be prorated to the date of the closing of sale.

The Immovable property proposed to be sold is described as follows:

The East 181.5 feet of the East Half of the Southwest Quarter (E 1/2 of SW 1/4) of Section 10, Township 15 South, Range 15 West, Cameron Parish, Louisiana, less a tract 400 feet by 108 feet in the south corner sold to Francis Erbelding and all improvements thereon.

Any heir or creditor who opposes the proposed sale must file his opposition within 10 days of the date on which the last publication of this Notice appears.

By Order of the Court
/s/ Melba Trosclair
Deputy Clerk

LEGAL NOTICE
STATE OF LOUISIANA
OFFICE OF CONSERVATION
BATON ROUGE, LOUISIANA

In accordance with the laws of the State of Louisiana, and with particular reference to the provisions of Title 30 of Louisiana Revised Statutes of 1950, a public hearing will be held in the Conservation Auditorium, 1st Floor, State Land & Natural Resources building, 625 North 4th Street, Baton Rouge, Louisiana, at 9:00 a.m., on Tuesday, August 15, 1989, upon the application of ULTRAMAR OIL & GAS LIMITED.

At such hearing the Commissioner of Conservation will consider evidence relative to the issuance of an Order pertaining to the following matters relating to the Marg Howei Sand, Reservoir A, in the Southwest Lake Arthur Field, Cameron Parish, Louisiana:

1. To dissolve the MARG H RA SUA, SUB, SUC, SUD, and SUE previously created by Office of Conservation Order No. 649-C, effective January 31, 1989, and simultaneously therewith, to create revised units designated MARG H RA SUA, SUB, SUC, SUD, and SUE.

2. To force pool and integrate all separately owned tracts, mineral leases and other property interests within the proposed revised units, with each tract sharing in unit production on a surface acreage basis of participation.

3. To designate Ultramar Oil & Gas Limited as operator of the proposed revised MARG H RA SUA, SUB, SUC, SUD, and SUE and to designate the unit wells for the proposed revised MARG H RA SUA, SUB, SUC, and SUD.

4. To extend to the proposed revised MARG H RA SUA, SUB, SUC, SUD, and SUE all pertinent provisions of Office of Conservation Order No. 649-C.

5. To consider such other matters as may be pertinent.

The Marg Howei Sand, Reservoir A, in the Southwest Lake Arthur Field, Cameron Parish, Louisiana, was defined in Office of Conservation Order No. 649-C, effective January 31, 1989.

A plat is available for inspection in the Office of Conservation in Baton Rouge and Lafayette, Louisiana.

All parties having interests therein shall take notice thereof.

NOTICE
SUCCESSION OF
NO. 300-2386
DONALD W. TODD
38TH JUDICIAL
DISTRICT COURT
PARISH OF CAMERON
STATE OF LOUISIANA
NOTICE OF APPLICATION
FOR AUTHORITY TO SELL
IMMOVABLE PROPERTY
AT PRIVATE SALE

NOTICE IS GIVEN that the administrator of this succession has petitioned this Court for authority to sell immovable property of the community of acquets and gains belonging to the deceased and his surviving spouse at private sale in accordance with the provisions of Article 3281 of the Code of Civil Procedure for Eighty-Five Thousand and No/100 ($85,000.00) Dollars cash, the immovable property proposed to be sold at private sale is described as follows:

1. Commencing at a point 275.6 feet West and 30 feet North of the Southeast corner of Southwest Quarter of the Northeast Quarter (SW/4 of NE/4) of Section 17, Township 12 South, Range 8 West, thence North 906.1 feet, thence West 417.4 feet to the point of commencement and being further identified as Lot 3 of survey made by A.L. Walton, Registered Surveyor, on July 22, 1958, and filed with a partition as "Exhibit A", in Cameron Parish Conveyance Book 133 at page 407, bearing Clerk's file No. 82030, all as more fully shown on the survey of Fred N. Shutts' Civil Engineer, dated January 3, 1969, marked "Exhibit A" attached to deed file No. 117266, recorded in Book 247 of Conveyance, page 1, records of Cameron Parish, Louisiana, together with all buildings and improvements thereon and all furniture and fixtures contained in said buildings and improvements.

2. Beginning 275.6 feet West of the Southeast Corner of the Southwest Quarter of the Northeast Quarter (SW/4 of NE/4) Section 17, Township 12 South, Range 8 West, thence North 417.4 feet; thence East 104 feet; thence South 417.4 feet; thence West 104 feet to the point of beginning, together with all buildings and improvements thereon situated and all furniture and fixtures contained in said buildings and improvements.

Any heir or creditor who opposes the proposed sale must file his opposition within seven (7) days from the day on which the last publication of this notice appears.

By Order of the 38th Judicial District Court for the Parish of Cameron, Louisiana, dated July 11, 1989.

Cameron, Louisiana, this 12th day of July, 1989.

Claire Trahan,
Deputy Clerk of Court

LEGALS

PROCEEDINGS

Minutes of the Regular Meeting of the Cameron Parish Gravity Drainage District No. 3, held on Tuesday, May 23, 1989, at 2:30 p.m. at the Cameron Parish Police Jury Annex.

Members Present: Edwin Quinn, Gary Kelley, E. J. Dronet, Edward Petersen, and W. F. Henry, Jr.

Members Absent: None.

Others Present: J. B. Watts, Barbara Lou LeBlanc, Dan Dupont, Joe Dupont, Judge Ward Fontenot, and Engr. Lonnie Harper.

Barbara Lou LeBlanc was recognized and she stated that she had encountered a small difficulty in obtaining rights-of-way for the proposed clean out of drainage lateral adjacent to Dan Dupont's property.

After a brief discussion, a motion was made by W. F. Henry, Jr., seconded by Gary Kelley, and unanimously carried that Gravity Drainage District No. 3 will bear the expense of moving an existing culvert shared on the property line between Joe Dupont and Alma Trahan property at the time of cleaning the Dupont & Savoie drainage lateral in the Cameron area (Section 32).

Judge Ward Fontenot was recognized. He stated that he has been personally interested and involved with development of the Cameron-Creole Watershed Project for many years. He expressed a desire to serve as an observer and non-voting member of the current Watershed Advisory Committee. He stated that he has worked with Mr. E. J. Dronet of the Gravity Drainage District No. 3, and probably agrees 100% with him on the purposes, objectives, and possible abuses involved in the project. It was agreed that Judge Fontenot might serve as liaison between the two gravity drainage boards connected with the project (Gravity Drainage Districts #3 and #4), and will also meet with the other board to get their input.

A motion was made by E. J. Dronet, seconded by Gary Kelley, and unanimously carried that there is no objection to Judge Ward Fontenot serving as an observer on the Advisory Committee and as liaison between Gravity Drainage Districts #3 and #4 concerning the Cameron-Creole Watershed Project.

After some discussion, it was stated that it is the understanding of this Board that the purpose of the current Cameron-Creole Watershed Advisory Committee is to discuss the progress of the project, and not to alter the plans already in place. If any alterations are made in the plans, this Board feels that whoever makes the alterations should be responsible for any damages caused by such alterations, and not the local Gravity Drainage Districts.

A motion was made by E. J. Dronet, seconded by Gary Kelley, and unanimously carried that the following millages be assessed on all property within the boundaries of Cameron Parish Gravity Drainage District No. 3 for the year 1989:

Maintenance Fund	4.75
Sinking Fund	-0-

The promulgation of the result of the special election held on April 29, 1989, in Gravity Drainage District No. 3 was then approved as follows:

"A motion was made by E. J. Dronet, seconded by W. F. Henry, Jr., and unanimously carried that the returns be examined and canvassed and the result announced.

A motion was made by E. J. Dronet, seconded by W. F. Henry, and unanimously carried that a process verbal be made of these proceedings and that a certified copy of same be published to give public notice of the result of the election, as follows:

PROCESS VERBAL OF GRAVITY DRAINAGE DISTRICT NO. 3 OF CAMERON PARISH

BE IT KNOWN that the Board of Commissioners convened in special session at the Cameron Parish Police Jury Annex Building in the Village of Cameron, Louisiana, as advertised in election notice of special election in said Gravity Drainage District No. Three, Cameron Parish, Louisiana.

PRESENT: Edwin Quinn, Gary Kelley, E. J. Dronet, Edward Petersen, and W. F. Henry, Jr.

ABSENT: None.

The said Board of Commissioners in the presence of the undersigned witnesses, and members of the public present, did proceed to examine and canvass the returns and declare the result of said election, upon the following proposition submitted thereat:

SHALL GRAVITY DRAINAGE DISTRICT NO. THREE OF CAMERON PARISH, LOUISIANA, BE AUTHORIZED TO LEVY A RENEWAL TAX OF FOUR AND THREE FOURTHS (4.75) MILLS ON THE DOLLAR OF ASSESSED VALUATION ON ALL PROPERTY SUBJECT TO TAXATION IN SAID DISTRICT, FOR A PERIOD OF TEN (10) YEARS, BEGINNING WITH THE YEAR 1989, FOR THE PURPOSE OF MAINTAINING SAID DRAINAGE WORKS WITHIN AND FOR SAID DISTRICT?

After such examination it was found that the total of said election was 518 votes in number.

337 votes FOR Proposition
181 votes AGAINST Proposition

It appearing that said proposition had carried by a majority in number of votes cast at said election, and said Board of Commissioners did publicly announce and proclaim, and does hereby proclaim that the aforesaid proposition was duly carried for said purposes and said period duly authorized in the form and manner provided by the constitution and Laws of the State of Louisiana."

The promulgation was then signed by all members of the Baord of Commissioners, and witnessed by Paula T. Pool and J. B. Watts.

A motion was made by W. F. Henry, Jr., seconded by Gary Kelley, and unanimously carried to approve the minutes of the regular meeting of April 25, 1989.

A motion was made by Gary Kelley, seconded by W. F. Henry, and unanimously carried to approve the Financial Report for the month of April, 1989.

A motion was made by Gary Kelley, seconded by W. F. Henry, Jr., and unanimously carried to approve the following bills for payment:

1. Cameron Parish Pilot	$50.00
2. Clayton Trahan	50.00
3. Campbell-Taylor Oil Inc. of La.	19.00
4. Oil Patch Welders	113.12

A motion was made by E. J. Dronet, seconded by W. F. Henry, Jr., and unanimously carried that Paula Pool be authorizedto contact Dewey Manuel to assist in preparing financial reports, etc. for the upcoming audit to be conducted by the Office of the Legislative Auditor.

There being no further business, the meeting was adjourned.

LETTERS

Jury meeting

Dear Editor:

I spoke to a police juror today who told me that the regularly scheduled meeting of the police jury to be held Thursday evening, July 27, at 6 p.m. was still to be held.

The last night meeting was held April 27, and was the meeting the jurors were questioned about certain private roads being surveyed and shelled by the parish. It seems that since that meeting no nightly meetings have been held, the last two regularly scheduled ones having been cancelled for one reason or another.

The night meetings were instituted in order for the working public to attend the meetings of their governing body and participate in matters concerning them, as well as to place before the jurors items of interest or questions about actions taken by the jury.

Since a great number of the residents of this parish are working people, it would make better sense to cancel the morning meetings in favor of evening meetings. Unless, of course, it makes our jurors uncomfortable to conduct the business of the parish in the presence of the voters.

Let's show our support for the night meetings by attending this Thursday, and there will be no justification for cancelling them in the future.

/s/ Paul H. Duhon
P.O. Box 567
Cameron, La. 70631

Bags needed

Dear Editor:

The purpose of this letter is to request assistance on our Cameron Parish Road Clean-Up.

The Cameron Parish Sheriff's Office furnishes the truck and personnel to clean the roads in all parts of the parish.

There is no provision in the Sheriff's fund or the Police Jury fund to purchase trash bags for the cleaning of the roads.

Mr. LaBove uses about 125 bags in a normal week's cleaning. The Cameron Lions Club donated the last 400 bags. These bags cost about $22 per hundred.

We are seeking donations from the public for the purchase of bags. Any amount sent will be appreciated.

If you wish to donate to this fund for the purchase of bags, please send the donation to Mrs. Bernice LaLande, Cameron Parish Sheriff's Office, P.O. Drawer A, Cameron, La. 70631.

The department has bags for about one more day's work. If you wish to continue this program of cleaning the highway, we need your help.

Sincerely,
/s/ Edwin A. Kelley,
Chariman Tourist Committee
Cameron Parish Chamber of Commerce

Meeting set

Coastal Concern meeting will be held Thursday, July 20, at 7 p.m. in the Cameron Parish Police Jury Annex building.

Topics of concern will be TEDs, weirs, Summer Fest, etc.

3 pageants scheduled

Three pageants will be held in conjunction with the Cameron Summer Fishing Festival. The Thursday and Friday pageant will be held at the Cameron Recreation Center and the Saturday pageant will be held at the Cameron Elementary School auditorium. Admission will be $1.50 and children under 12 free.

The Baby Miss through Petite division will be held Thursday, July 27 beginning at 6 p.m. Registration will close at 5 p.m. Divisions will include Baby Miss (0-12 months), Tiny Miss (1-2 years), Little Miss (2-3 years), LaPetite (4-6 years), Petite Miss (7-8 years), Baby Master (0-12 months) and Tiny Master (1-3 years).

On Friday night the Deb through Teen Pageant will be held at 6 p.m. with registration closing at 5 p.m. The divisions are 9-11, 12-14 and 15-17 years of age.

The Cameron Summer Fishing Festival Queen's Pageant will be held on Saturday, July 29 at 7 p.m. for girls ages 18 and up. Deadline to enter competition will be at 12 noon. An interview will begin at 2 p.m. The new queen will be introduced at the Cameron Recreation Center during the Queen's Ball following the pageant.

A photographer will be available for pictures.

A queen or king will be chosen in each division and will receive a crown, trophy, banner and festival t-shirt. A first, second, and third runner up will be named. Fashion and Photogenic Awards will also be given.

Entry fee is $35 for beauty and $20 photogenic. A $10 discount will be given to any second participant of an immediate family.

Two overall winners in the Baby Miss through teen divisions will be awarded a $500 and $250 savings bond and six foot trophies. They will be announced at Saturday nights pageant.

Debbie McCall is the pageant director and coordinators are Suzanne Sturlese of Creole and Inez Nunez of Sugartown.

Soybean aid

Due to the excessive rainfall in this area in June and July, many producers either lost soybeans already planted or were prevented from planting. If you lost beans or were prevented from planting, you may file a claim at the ASCS office in Lake Charles.

The deadline for filing for failed acres is 15 days from the date the disaster is obvious and before physical evidence is destroyed. The deadline for filing for prevented planting is July 31. Any claim filed after July 31, will be considered late and a fee will be charged.

At this time it has not been determined if there will be another Disaster Assistance Program, but in the event there is, if you file your claim now, it will be considered timely filed, Kirk Moore, ASCS Manager, said.

Grand Chenier News

By Elora Montie

Folks here are taking advantage of the nice dry weather. With the yards drying up, many are mowing and raking their yards.

Another thankful time is the absence of mosquitoes, of which there were so many before the mosquito control sprayed the area.

Keith Swire bought his brother, Rudolph Swire's, house and has had it moved on his place near his parents, the Dudley Swires, which is now called Grand Chenier, but was known at one time years ago as North Island.

A meeting Sunday at 7 p.m. was held at the St. Eugene Catholic Hall to make preparations for the upcoming Alligator Festival, Sept. 24, at the Grand Chenier State Park.

VISITORS

Clayton Trahan was in Port Arthur for a week, where he visited relatives, Mrs. Arnold Smith and Mrs. Winnie Fontenot. Mrs.

COREIL, HEBERT Cont. from Pg. 1

bers of his immediate family were on hand for the presentation.

Dr. Ray Leidig, outgoing president, served as Master of Ceremonies and introduced Carl McGee, District Lions Governor, from Westlake who conducted the installation of club officers as follows: Warner Daigle, president; Paul Coreil, 1st vice president; Chris Dardeau, 2nd vice president; Robert Schwark, 3rd vice president; Ed Kelley, secretary-treasurer; Robert Primeaux, Lion Tamer; Joe Soileau, Tail Twister; Ricky Guidry, Judge H. Ward Fontenot and Terry Hebert, 1 year board members; Michael Johnson, Thomas Place and Greg Wicke, 2 year board members and Dr. Raymond Leidig, past president.

Ed Kelley, past district governor, reviewed the accomplishments of the club this past year and presented one year perfect attendance awards to Eddie Joe Conner, E. J. Dronet, Charles Hebert, Dr. Ray Leidig, Robert Primeaux, and Ed Kelley.

He presented Chevron awards from Lions International to Paul Coreil, Eddie Joe Conner, Robert Fruge, Robet Landry and Dr. Cecil Clark.

Dr. Leidig was presented with a president's pin by District Governor Carl McGee.

The wives of the Lions Club members were prsented with special gifts and Stephanie Nunez, the winner of the Lions Club scholarship this year, was recognized as a special guest.

Joe Soileau, newly installed Tail Twiser, proceeded to fine all the Lions members for various offenses.

Father Robert L. Shreve delivered the invocation and the benediction.

Booths are announced for festival

The following booths have been registered for the Cameron Summer Fishing Festival to be held Thursday, July 27 through Sunday, July 30.

They are: Sausage on a stick, Cajun fried corn on the cob, boudoin, Po-boys (shrimp, oyster, or roast beef), lemonade, baked potatoes, frito pies, nachoes, funnel cakes, hot dogs, etoufee dog, sweets, card reading, wooden furniture, crafts, balloons, and ceramics.

Visiting Mr. and Mrs. Glenn Duddleston and family were his parents, Mr. and Mrs. Charlie Duddleston.

Rev. Ed Degeter and friends of Parks, visited friends in Grand Chenier last Thursday.

Mrs. Gilford Miller, Cheryl and Jess visited Mr. and Mrs. Rodney Bergeaux Saturday in Duson and Wallace Hebert in Kaplan.

This past weekend visiting Mr. and Mrs. Arnold Jones were Mrs. Suetta Burney and Jodi of Buras, Mr. and Mrs. Gerdie Hicks and family of Hackberry, Mrs. Scott Quinn and son of Sweetlake.

Spending time recuperating from surgery with the Earl Booth Srs. is Dona Booth of New Orleans.

Mrs. Liz Ball and children of Monroe are visiting parents, the Fred Richards.

Tuesday morning Mrs. Syndria Richard and two children, Liz Ball and three children, Mrs. Peggy Mhire and Lindsy Mhire of here and Syndria of Houma, left for an outing at AstroWorld.

Hubert Miller visited his sister and family, the Fred Bults, in Lake Charles Tuesday.

Dennis, Rhonda and Chelsea Mhire visited Mrs. Mhire's relatives and AstroWorld in Houston, Tex. last weekend.

CONGRATULATIONS

Congratulations Shawn Saucier for winning the accordian contest in the 15-32 year old category and to all the winners in other category contests at the Cajun Festival at Burton Coliseum where everyone passed a good time Saturday and Sunday. Shawn and his band are known as the Lake Charles Sauce Piquant Playboys.

They are one of the bands who played in our Catholic Community Alligator Harvest Festival last year in September and will again play in our coming festival Sept. 24, at the Grand Chenier State Park.

Fontenot was honored a gathering for her 75th birthday, her husband played the accordian and the rest of the fmaily and friends danced. Clayton also visited relatives in Port Neches and High Island, Tex.

Mrs. Margaret Mobley spent last weekend visiting relatives in Sulphur. She also attended the Cajun Music Festival at Burton Coliseum in Lake Charles.

Mrs. Bertha Roy spent Saturday and part of Sunday with her sister, Mrs. Mable East, in Lake Charles.

Three senior citizens are adopted here

By DINAH VAUGHN, DIRECTOR

The Cameron Council on Aging recently started an "Adopt an Elderly" program. After a recent article was published in the Cameron Parish Pilot, three senior citizens were adopted who were not receiving meals due to budget cuts last year. These new "adoptees" bring the total to six seniors who have been adopted.

To the adoptors, the Council and adoptees extend a heartfelt "thank you".

If anyone would like to become involved with this program, please contact the Council on Aging at 775-5668 or come to the Senior Center for more information. Several senior citizens are currently on a waiting list for services due to a lack of funds to provide the services they need.

LEGAL NOTICES

PROCEEDINGS
WATERWORKS DISTRICT NO. NINE
MAY 29, 1989

The Cameron Parish Waterworks District No. Nine met in regular session on Monday, May 29, 1989 at the Muria Fire Station in the Village of Little Chenier, Louisiana at 6:30 o'clock p.m. The following members were present: Sidney Savoie, Curtis Nunez, John Allen Conner, Wendell Rutherford and Melvin Theriot.

It was moved by Mr. Conner, seconded by Mr. Savoie and carried, that the reading of the minutes of the previous meeting be approved as read.

It was moved by Mr. Nunez, seconded by Mr. Rutherford and carried, that the secretary is hereby authorized, empowered and directed to advertise for the purchase of ten (10) tapping sleeves, ten (10) tapping valves and ten (10) valve boxes.

The following resolution was offered by Mr. Conner, seconded by Mr. Nunez and declared duly adopted:

RESOLUTION
STATE OF LOUISIANA
PARISH OF CAMERON

NOTICE
SUCCESSION OF
NO. 26,730
JOHN SHELDON STOOMER
14th JUDICIAL
DISTRICT COURT
PARISH OF CALCASIEU
STATE OF LOUISIANA
Filed: 6/30/89 Deputy Clerk
/s/ Melba Trosclair

Notice is hereby given that the Administrator of the above captioned Succession has petitioned the Court for authority to sell immovable property of the estate at private sale in accordance with the provisions of Article 3281 of the Louisiana Code of Civil Procedure for $11,000.00 cash, and under the following terms and conditions:

a. The purchase price will be paid in cash when the act of sale is passed.

b. The property will be sold in an "AS IS" condition, vendees waiving all warranties and or implied warranties as to fitness.

c. Vendors shall retain one-half of all minerals.

d. Vendees shall waive all warranty of any kind in regard to elevation or flooding.

e. Taxes will be prorated to the date of the closing of sale.

The immovable property proposed to be sold is described as follows:

The East 181.5 feet of the East Half of the Southwest Quarter (E 1/2 of SW 1/4) of Section 10, Township 15 South, Range 15 West, Cameron Parish, Louisiana, less a tract 400 feet by 108 feet in the south corner sold to Francis Erbelding and all improvements thereon.

Any heir or creditor who opposes the proposed sale must file his opposition within 10 days of the date on which the last publication of this Notice appears.

By Order of the Court

LEGAL NOTICE
STATE OF LOUISIANA
OFFICE OF CONSERVATION
BATON ROUGE, LOUISIANA

In accordance with the laws of the State of Louisiana, and with particular reference to the provisions of Title 30 of Louisiana Revised statutes of 1950, a public hearing will be held in the Conservation Auditorium, 1st Floor, State Land & Natural Resources building, 625 North 4th Street, Baton Rouge, Louisiana, at 9:00 a.m., on Tuesday, August 15, 1989, upon the application of ULTRAMAR OIL & GAS LIMITED.

At such hearing the Commissioner of Conservation will consider evidence relative to the issuance of an Order pertaining to the following matters relating to the Marg Howei Sand, Reservoir A, in the Southwest Lake Arthur Field, Cameron Parish, Louisiana:

1. To dissolve the MARG H RA SUA, SUB, SUC, SUD, and SUE previously created by Office of Conservation Order No. 649-C, effective January 31, 1989, and simultaneously therewith, to create revised units designated MARG H RA SUA, SUB, SUC, SUD, and SUE.

2. To force pool and integrate all separately owned tracts, mineral leases and other property interests within the proposed revised units, with each tract sharing in unit production on a surface acreage basis of participation.

3. To designate Ultramar Oil & Gas Limited as operator of the proposed revised MARG H RA SUA, SUB, SUC, SUD, and SUE and to designate the unit wells for the proposed revised MARG H RA SUA, SUB, SUC, and SUD.

4. To extend to the proposed revised MARG H RA SUA, SUB, SUC, SUD, and SUE all pertinent provisions of Office of Conservation Order No. 649-C.

5. To consider such other matters as may be pertinent.

The Marg Howei Sand, Reservoir A, in the Southwest Lake Arthur Field, Cameron Parish, Louisiana, was defined in Office of Conservation Order No. 649-C, effective January 31, 1989.

A plat is available for inspection in the Office of Conservation in Baton Rouge and Lafayette, Louisiana.

All parties having interests therein shall take notice thereof.

LEGALS

PROCEEDINGS

Minutes of the Regular Meeting of the Cameron Parish Gravity Drainage District No. 3, held on Tuesday, May 23, 1989, at 2:30 p.m. at the Cameron Parish Police Jury Annex.

Members Present: Edwin Quinn, Gary Kelley, E. J. Dronet, Edward Petersen, and W. F. Henry, Jr.

Members Absent: None.

Others Present: J. B. Watts, Barbara Lou LeBlanc, Dan Dupont, Joe Dupont, Judge Ward Fontenot, and Engr. Lonnie Harper.

Barbara Lou LeBlanc was recognized and she stated that she had encountered a small difficulty in obtaining rights-of-way for the proposed clean out of drainage lateral adjacent to Dan Dupont's property.

After a brief discussion, a motion was made by W. F. Henry, Jr., seconded by Gary Kelley, and unanimously carried that Gravity Drainage District No. 3 will bear the expense of moving an existing culvert shared on the property line between Joe Dupont and Alma Trahan property at the time of cleaning the Dupont & Savoie drainage lateral in the Cameron area (Section 32).

Judge Ward Fontenot was recognized. He stated that he has been personally interested and involved with development of the Cameron-Creole Watershed Project for many years. He expressed a desire to serve as an observer and non-voting member of the current Watershed Advisory Committee. He stated that he has worked with Mr. E. J. Dronet of the Gravity Drainage District No. 3, and probably agrees 100% with him on the purpose, objectives, and possible abuses involved in the project. It was agreed that Judge Fontenot might serve as liaison between the two gravity drainage boards connected with the project (Gravity Drainage Districts #3 and #4), and will also meet with the other board to get their input.

A motion was made by E. J. Dronet, seconded by Gary Kelley, and unanimously carried that there is no objection to Judge Ward Fontenot serving as an observer on the Advisory Committee and as liaison between Gravity Drainage Districts #3 and #4 concerning the Cameron-Creole Watershed Project.

After some discussion, it was stated that it is the understanding of this Board that the purpose of the current Cameron-Creole Watershed Advisory Committee is to discuss the progress of the project, and not to alter the plans already in place. If any alterations are made in the plans, this Board feels that whoever makes the alterations should be responsible for any damages caused by such alterations, and not the local Gravity Drainage Districts.

A motion was made by E. J. Dronet, seconded by Gary Kelley, and unanimously carried that the following millages be assessed on all property within the boundaries of Cameron Parish Gravity Drainage District No. 3 for the year 1989:

Maintenance Fund	4.75
Sinking Fund	0

The promulgation of the result of the special election held on April 29, 1989, in Gravity Drainage District No. 3 was then approved as follows:

"A motion was made by E. J. Dronet, seconded by W. F. Henry, Jr., and unanimously carried that the returns be examined and canvassed and the result announced.

A motion was made by E. J. Dronet, seconded by W. F. Henry, and unanimously carried that a process verbal be made of these proceedings and that a certified copy of same be published to give public notice of the result of the election, as follows:

PROCESS VERBAL OF GRAVITY DRAINAGE DISTRICT NO. 3 OF CAMERON PARISH

BE IT KNOWN that the Board of Commissioners convened in special session at the Cameron Parish Police Jury Annex Building in the Village of Cameron, Louisiana, as advertised in election notice of special election to said Gravity Drainage District No. Three, Cameron Parish, Louisiana.

PRESENT: Edwin Quinn, Gary Kelley, E. J. Dronet, Edward Petersen, and W. F. Henry, Jr.

ABSENT: None.

The said Board of Commissioners in the presence of the undersigned witnesses, and members of the public present, did proceed to examine and canvass the returns and declare the result of said election, upon the following proposition submitted thereat:

SHALL GRAVITY DRAINAGE DISTRICT NO. THREE OF CAMERON PARISH, LOUISIANA, BE AUTHORIZED TO LEVY A RENEWAL TAX OF FOUR AND THREE FOURTHS (4.75) MILLS ON THE DOLLAR OF ASSESSED VALUATION ON ALL PROPERTY SUBJECT TO TAXATION IN SAID DISTRICT, FOR A PERIOD OF TEN (10) YEARS, BEGINNING WITH THE YEAR 1989, FOR THE PURPOSE OF MAINTAINING DRAINAGE WORKS WITHIN AND FOR SAID DISTRICT?

After such examination it was found that the total of said election was 518 votes in number.

337 votes FOR Proposition
181 votes AGAINST Proposition

It appearing that said proposition had carried by a majority in number of votes cast at said election, and said Board of Commissioners did publicly announce and proclaim, and does hereby proclaim that the aforesaid proposition was duly carried for said purposes and said period duly authorized in the form and manner provided by the constitution and Laws of the State of Louisiana."

The promulgation was then signed by all members of the Baord of Commissioners, and witnessed by Paula T. Pool and J. B. Watts.

A motion was made by W. F. Henry, Jr., seconded by Gary Kelley, and unanimously carried to approve the minutes of the regular meeting of April 25, 1989.

A motion was made by Gary Kelley, seconded by W. F. Henry, and unanimously carried to approve Financial Report for the month of April, 1989.

A motion was made by Gary Kelley, seconded by W. F. Henry, Jr., and unanimously carried to approve the following bills for payment:

1. Cameron Parish Pilot	$50.00
2. Clayton Trahan	50.00
3. Campbell-Taylor Oil Inc. of La.	19.00
4. Oil Patch Welders	113.12

A motion was made by E. J. Dronet, seconded by W. F. Henry, Jr., and unanimously carried that Paula Pool be authorizedto contact Dewey Manuel to assist in preparing financial reports, etc. for the upcoming audit to be conducted by the Office of the Legislative Auditor.

There being no further business, the meeting was adjourned.

LETTERS

Jury meeting

Dear Editor:

I spoke to a police juror today who told me that the regularly scheduled meeting of the police jury to be held Thursday evening, July 27, at 6 p.m. was still to be held.

The last night meeting was held April 27, and was the meeting the jurors were questioned about certain private roads being surveyed and shelled by the parish. It seems that since that meeting no nightly meetings have been held, the last two regularly scheduled ones having been cancelled for one reason or another.

The night meetings were instituted in order for the working public to attend the meetings of their governing body and participate in matters concerning them, as well as to place before the jurors items of interest or questions about actions taken by the jury.

Since a great number of the residents of this parish are working people, it would make better sense to cancel the morning meetings in favor of evening meetings. Unless, of course, it makes our jurors uncomfortable to conduct the business of the parish in the presence of the voters.

Let's show our support for the night meetings by attending this Thursday, and there will be no justification for cancelling them in the future.

/s/ Paul H. Duhon
P.O. Box 567
Cameron, La. 70631

Bags needed

Dear Editor:

The purpose of this letter is to request assistance on our Cameron Parish Road Clean-Up.

The Cameron Parish Sheriff's Office furnishes the truck and personnel to clean the roads in all parts of the parish.

There is no provision in the Sheriff's fund or the Police Jury fund to purchase trash bags for the cleaning of the roads.

Mr. LaBove uses about 125 bags in a normal week's cleaning. The Cameron Lions Club donated the last 400 bags. These bags cost about $22 per hundred.

We are seeking donations from the public for the purchase of bags. Any amount sent will be appreciated.

If you wish to donate to this fund for the purchase of bags, please send the donation to Mrs. Bernice LaLande, Cameron Parish Sheriff's Office, P.O. Drawer A, Cameron, La. 70631.

The department has bags for about one more day's work. If you wish to continue this program of cleaning the highway, we need your help.

Sincerely,
/s/ Edwin A. Kelley,
Chariman Tourist Committee
Cameron Parish Chamber of Commerce

Meeting set

Coastal Concern meeting will be held Thursday, July 20, at 7 p.m. in the Cameron Parish Police Jury Annex building.

Topics of concern will be TEDs, weirs, Summer Fest, etc.

3 pageants scheduled

Three pageants will be held in conjunction with the Cameron Summer Fishing Festival. The Thursday and Friday pageant will be held at the Cameron Recreation Center and the Saturday pageant will be held at the Cameron Elementary School auditorium. Admission will be $1.50 and children under 12 free.

The Baby Miss through Petite division will be held Thursday, July 27 beginning at 6 p.m. Registration will close at 5 p.m. Divisions will include Baby Miss (0-12 months), Tiny Miss (1-2 years), Little Miss (2-3 years), LaPetite (4-6 years), Petite Miss (7-8 years), Baby Master (0-12 months) and Tiny Master (1-3 years).

On Friday night the Deb through Teen Pageant will be held at 6 p.m. with registration closing at 5 p.m. The divisions are 9-11, 12-14 and 15-17 years of age.

The Cameron Summer Fishing Festival Queen's Pageant will be held on Saturday, July 29 at 7 p.m. for girls ages 18 and up. Deadline to enter competition will be at 12 noon. An interview will begin at 2 p.m. The new queen will be introduced at the Cameron Recreation Center during the Queen's Ball following the pageant.

A photographer will be available for pictures.

A queen or king will be chosen in each division and will receive a crown, trophy, banner and festival t-shirt. A first, second, and third runner up will be named. Fashion and Photogenic Awards will also be given.

Entry fee is $35 for beauty and $20 photogenic. A $10 discount will be given to any second participant of an immediate family.

Two overall winners in the Baby Miss through teen divisions will be awarded a $500 and $250 savings bond and six foot trophies. They will be announced at Saturday nights pageant.

Debbie McCall is the pageant director and coordinators are Suzanne Sturlese of Creole and Inez Nunez of Sugartown.

Soybean aid

Due to the excessive rainfall in this area in June and July, many producers either lost soybeans already planted or were prevented from planting. If you lost beans or were prevented from planting, you may file a claim at the ASCS office in Lake Charles.

The deadline for filing for failed acres is 15 days from the date the disaster is obvious and before physical evidence is destroyed. The deadline for filing for prevented planting is July 31. Any claim filed after July 31, will be considered late and a fee will be charged.

At this time it has not been determined if there will be another Disaster Assistance Program, but in the event there is, if you file your claim now, it will be considered timely filed, Kirk Moore, ASCS Manager, said.

Grand Chenier News

By Elora Montie

Folks here are taking advantage of the nice dry weather. With the yards drying up, many are mowing and raking their yards.

Another thankful time is the absence of mosquitoes, of which there were so many before the mosquito control sprayed the area.

Keith Swire bought his brother, Rudolph Swire's, house and has had it moved on his place near his parents, the Dudley Swires, which is now called Grand Chenier, but was known at one time years ago as North Island.

A meeting Sunday at 7 p.m. was held at the St. Eugene Catholic Hall to make preparations for the upcoming Alligator Festival, Sept. 24, at the Grand Chenier State Park.

VISITORS

Clayton Trahan was in Port Arthur for a week, where he visited relatives, Mrs. Arnold Smith and Mrs. Winnie Fontenot. Mrs.

COREIL, HEBERT Cont. from Pg. 1

bers of his immediate family were on hand for the presentation.

Dr. Ray Leidig, outgoing president, served as Master of Ceremonies and introduced Carl McGee, District Lions Governor, from Westlake who conducted the installation of club officers as follows: Warner Daigle, president; Paul Coreil, 1st vice president; Chris Dardeau, 2nd vice president; Robert Schwark, 3rd vice president; Ed Kelley, secretary-treasurer; Robert Primeaux, Lion Tamer; Joe Soileau, Tail Twister; Ricky Guidry, Judge H. Ward Fontenot and Terry Hebert, 1 year board members; Michael Johnson, Thomas Place and Greg Wicke, 2 year board members and Dr. Raymond Leidig, past president.

Ed Kelley, past district governor, reviewed the accomplishments of the club this past year and presented one year perfect attendance awards to Eddie Joe Conner, E. J. Dronet, Charles Hebert, Dr. Ray Leidig, Robert Primeaux, and Ed Kelley.

He presented Chevron awards from Lions International to Paul Coreil, Eddie Joe Conner, Robert Fruge, Robet Landry and Dr. Cecil Clark.

Dr. Leidig was presented with a president's pin by District Governor Carl McGee.

The wives of the Lions Club members were prsented with special gifts and Stephanie Nunez, the winner of the Lions Club scholarship this year, was recognized as a special guest.

Joe Soileau, newly installed Tail Twister, proceeded to fine all the Lions members for various offenses.

Father Robert L. Shreve delivered the invocation and the benediction.

Booths are announced for festival

The following booths have been registered for the Cameron Summer Fishing Festival to be held Thursday, July 27 through Sunday, July 30.

They are: Sausage on a stick, Cajun fried corn on the cob, boudoin, Po-boys (shrimp, oyster, or roast beef), lemonade, baked potatoes, frito pies, nachoes, funnel cakes, hot dogs, etoufee dog, sweets, card reading, wooden furniture, crafts, balloons, and ceramics.

Fontenot was honored a gathering for her 75th birthday, her husband played the accordian and the rest of the fmaily and friends danced. Clayton also visited relatives in Port Neches and High Island, Tex.

Mrs. Margaret Mobley spent last weekend visiting relatives in Sulphur. She also attended the Cajun Music Festival at Burton Coliseum in Lake Charles.

Mrs. Bertha Roy spent Saturday and part of Sunday with her sister, Mrs. Mable East, in Lake Charles.

Visiting Mr. and Mrs. Glenn Duddleston and family were his parents, Mr. and Mrs. Charlie Duddleston.

Rev. Ed Degeter and friends of Parks, visited friends in Grand Chenier last Thursday.

Mrs. Gilford Miller, Cheryl and Jess visited Mr. and Mrs. Rodney Bergeaux Saturday in Duson and Wallace Hebert in Kaplan.

This past weekend visiting Mr. and Mrs. Arnold Jones were Mrs. Suetta Burney and Jodi of Buras, Mr. and Mrs. Gordie Hicks and family of Hackberry, Mrs. Scott Quinn and son of Sweetlake.

Spending time recuperating from surgery with the Earl Booth Srs. is Dona Booth of New Orleans.

Mrs. Liz Ball and children of Monroe are visiting parents, the Fred Richards.

Tuesday morning Mrs. Syndria Richard and two children, Liz Ball and three children, Mrs. Peggy Mhire and Lindsy Mhire of here and Syndria of Houma, left for an outing at AstroWorld.

Hubert Miller visited his sister and family, the Fred Bults, in Lake Charles Tuesday.

Dennis, Rhonda and Chelsea Mhire visited Mrs. Mhire's relatives and AstroWorld in Houston, Tex. last weekend.

CONGRATULATIONS

Congratulations Shawn Saucier for winning the accordian contest in the 15-32 year old category and to all the winners in other category contests at the Cajun Festival at Burton Coliseum where everyone passed a good time Saturday and Sunday. Shawn and his band are known as the Lake Charles Sauce Piquant Playboys.

They are one of the bands who played in our Catholic Community Alligator Harvest Festival last year in September and will again play in our coming festival Sept. 24, at the Grand Chenier State Park.

Three senior citizens are adopted here

By DINAH VAUGHN, DIRECTOR

The Cameron Council on Aging recently started an "Adopt an Elderly" program. After a recent article was published in the Cameron Parish Pilot three senior citizens were adopted who were not receiving meals due to budget cuts last year. These new "adoptees" bring the total to six seniors who have been adopted.

To the adoptors, the Council and adoptees extend a heartfelt "thank you".

If anyone would like to become involved with this program, please contact the Council on Aging at 775-5668 or come to the Senior Center for more information. Several senior citizens are currently on a waiting list for services due to a lack of funds to provide the services they need.

NEW OFFICERS of the Cameron Lions Club who were installed recently are pictured above. Warner Dalgie, second from left, is the new president. Carl McGee, left, district governor, installed the new officers. (Photo by Geneva Griffith)

Water Festival Pageant

The fifth annual Water Festival Beauty Pageant will be held Thursday, Aug. 3, in the Lake Charles Civic Center, Contraband Room, beginning at 7:30 p.m. Age divisions are 13-17 for teen and 18-23 for miss. Entry fee is $50 and the deadline to enter is Friday, July 28.

Applications for the pageant can be picked up at 201 W. College, Lake Charles, or call 474-7390.

Each queen will receive a satin embroidered banner, crown, and flowers. One of the contestants will receive a full 20-week modeling scholarship to the Dolly Dean Modeling Network in Baton Rouge.

A partial list of awards are as follows:

Miss division winner will receive free entry and room and board to the Queen of Queens pageant to be held in Alexandria. She will also receive a free entry into the Miss Hawaiian Tropic Louisiana State Pageant to be held in New Orleans next summer. A special surprise award will be given to each division winner in the photogenic event.

Admission will be charged at the door. Adults tickets are $4 and children are $2 each.

All proceeds will benefit Special Olympics.

For more information contact Debbie Hall, 491-7267 or 625-4849.

• The December 1988 earthquake in Soviet Armenia killed more than 25,000 people. Another 500,000 or so were left homeless. Many hospitals were destroyed.

Cameron KCs installation

Our Lady Star of the Sea Knights of Columbus Council 5461 of Cameron held its installation of officers Sunday, June 9, at the K.C. Hall at a covered dish supper for Knights and their wives.

The following were elected for the coming year and were installed by District Deputy Howard Lancon and Warden Ray Hendrix: Chaplain, Msgr. Curtis Vidrine; Grand Knight, Roy Nash; Deputy Grand Knight, Terry Beard; Recorder, Earl Mouton; Chancellor, Calvin Boudreaux; Treasurer, John Portie; Financial Secretary, Jimmy Colligan; Advocate, Gordy Willis; Warden, Oscar LeBoeuf; Inside Guard, Wilton Benoit; Outside Guard, Sip Duhon; Lecturer, Hayes Picou; Trustees, Milton Theriot, E. J. Dronet, and L. J. Hebert.

Grand Knight Roy Nash called a special meeting for Thursday, July 27, at 7 p.m. for the members of the building committee. The council also offered the use of the hall to the Catholic Daughters to hold meetings.

Dance is set

Knights of Columbus Council 8323 of Johnson Bayou-Holly Beach will hold a summer dance at the multi-purpose building in Johnson Bayou Friday, July 21, from 9 p.m. to 1 a.m. The band will be "Southern Freight".

Admission is $10 per person which includes draft beer, ice, soft drinks, setups and chicken gumbo.

Creole Knights hold annual installation

The J. P. Boudoin Sr. Council 3014, Knights of Columbus of Creole, held their installation of officers last Thursday night at the Knights home in Creole.

A meal was prepared by Telesmar "Blanc" Bonsall, John "Man" Theriot, Clyde Theriot and Joseph Leroy Richard. Wives and other guests attended. Special guests were District Deputy Howard Lancon and his wife.

Installation team was District Deputy Howard Lancon, Ray Hendrix and Grand Knight Loston McEvers.

Officers to serve for 1989-90, are as follows: Grand Knight, Loston McEvers; Deputy Grand Knight, John Monroe Wicke; Financial Secretary, John Kenneth Montie; Chancellor, George W. LeBoeuf; Recorder, Robert E. (Bobby) Conner; Treasurer, Cleveland Jerome Rutherford; Advocate, Harlen Shane Savoie; Warden, Roland U. Primeaux; Trustees, Clifford J. Conner, Wade H. Dupont, John D. Driscoll; Chaplain, Msgr. Murphy J. Bernard; Lecture, Ray Hendrix; Inside Guard, Gerald Richard; Outside Guad, Joseph Leroy Richard.

Other Knights chosen to committees are: Admission Committee Chairman, Clifford Conner; Program Director, John Monroe Wicke; Church Director, Ray Hendrix; Community Director, Joseph Leroy Richard; Council Director, John (Man) Theriot; Family Director, Wade Dupont; Youth Director, Gerald Richard; Membership Director, John Monroe Wicke; Cook Committee, Telesmar (Blanc) Bonsall; Honorary Guard, Ira "Jim" Theriot.

Knights chosen for Knight of the Month were Frederick Boudoin and Ricky LeBoeuf for their work at the spring barbecue and skeet shoot.

Chosen Family of the Month was Loston and Glender McEvers and children for their service to the Knights, church and community.

Quarterly communion for Council 3014 will be held at Sacred Heart Church in Creole Saturday evening, July 22, at 4 p.m. Mass, and also Sunday morning, July 30, at 8:30 a.m. Mass. There will be a section for Knights roped off in front of the church.

Bayou Knights hold their installation

The installation of officers of F. J. Pavell K of C Council 8323 of Johnson Bayou and Holly Beach was held Wednesday, July 12 at the Renewal Center of the Church of the Assumption in Johnson Bayou. Installing officer was District Deputy Howard Lancon assisted by District Warden Ray Hendrix.

Derald Jinks was installed as Grand Knight; Quentin Blanchard, Deputy Grand Knight; Magnus McGee, Chancellor; Rodney Guilbeaux, Financial Secretary; Danny Trahan, Recorder; Paul Gerald Touchet, Treasurer; Glenn Trahan, Advocate; Lovelace Hebert, Warden; Doug Welch, Lecturer; Rev. Christian LeFrois, Chaplain; Russell Badon, Outside Guard; Allen Hebert, Inside Guard; Ernest Trahan, Daniel Billiot, Henry Tingler, Trustees.

Henry Tingler was presented a plaque honoring him as past Grand Knight. Rodney Guilbeaux was presented a 25 year pin. Quentin Blanchard was honored as Knight of the Month for June. Ronald Bourque was introduced as the new insurance agent for the K of C.

The wives of the K of C were in attendance. A rosary, reception and meal preceded the installation cermeony.

Council to sell lunches

The Cameron Council on Aging and the Community Action Agency will hold a spaghetti lunch sale Friday, July 21 beginning at 10:45. The cost will be $4 and orders of three or more will be delivered free.

Call and place your order early at 775-5145 or 775-5668. The menu will be spaghetti and meat sauce, greenhead, garlic toast and peach cobbler.

Cameron ... boats line up to block the ship channel (Photo by Geneva Griffith)

(EDITOR'S NOTE--Although a temporary truce has been called in the "TEDs War" and shrimpers have gone back to work, there were some tense moments during a confrontation between shrimpers and the U. S. Coast Guard near the Cameron jetties Saturday. The Pilot's photojournalist, Geneva Griffith, was on the scene and came up with the following eyewitness account and photographs.)

BY GENEVA GRIFFITH

What started out as a very peaceful demonstration by 30 Cameron shrimpers (and a few from Port Arthur, etc.) turned into an all-out war Saturday at noon.

The shrimpers lined up their boats across the entrance to the river at the Cameron Jetties, in part of a joint effort all along the Gulf Coast. Families waited on shore with hundreds of cars, and people lining the Jettie road and on the Jetties watching the boats.

Two Coast Guard boats showed up and Coast Guard Officers demanded that the boats break up the blockade and clear the river. When the boats refused to move, they sprayed the boats with high pressure hoses, breaking out the windows on the "Miss Danielle," "Little Velma," "Lady Jan", "Lee Ryan," and the "Maribou," spraying glass all over the wheelhouses and cutting some of the men aboard.

The families on shore were horrified when they saw two of the crewmen aboard the Coast Guard boat kneal with guns drawn assume a firing position against the boats.

James Boudreaux, aboard the "Little Jan" said the Coast Guard crewmen used very foul language when they ordered them to leave and one made obscene gestures with his hand, he said.

Boudreaux said "I feel that no matter what the situation was, the man was representing our government and he had no right to act in such a manner."

Coast Guard Commander Philip Wieczynski, with the Marine Safety Detachment in Lake Charles, who was at the helm of one of the Coast Guard vessels said that the gun incident happened when a gun was brandished from one of the shrimp boats. (The shrimpers denied this.) He denied seeing or hearing any obscene language or gestures from the back of his boat, but said that an investigation would be held into it because members of the USCG are forbidden to engage in such actions.

All of the shrimp boat captains were in agreement that they wanted this to be just a peaceful show of unity against the TED ordinance, which will completely put them out of business.

"We don't want much", one said. "We just want to make a living to feed our families".

Meanwhile onshore the anxious wives were trying to find the answers. Glenda Stevens, whose husband was aboard one of the boats, asked "What is the meaning of extinct?" "I thought it means 100 or less - why I have just read where thousands of turtles have been released out into the Gulf from Galveston, and more from Mexico. "Turtles aren't extinct."

Lorraine Dyson, whose husband Jimmy was also on one of the blockaded boats was one of the wives who witnessed the Coast Guardsmen pointing the guns at the boats said "This is supposed to be a peaceful demonstration. We do not want any killing." We just want to be able to earn a living, which we work hard for."

About that time a crew boat coming in from the Gulf went through the blockade, ramming four boats.

The shrimpers said the boat which is locally owned came through at full speed and didn't slow down. Another crewboat stayed anchored in back of the blockade and didn't attempt to cross the line to get into Cameron.

Representative Randy Roach arrived on the scene and called the Coast Guard Commander in Galveston, Texas, and the Coast Guard boats retreated back to the closed coast guard station on Monkey Island.

A meeting of representatives from the shrimpers, Rep. Randy Roach, Paul Coreil, Cameron-Calcasieu Wildlife Agent; and Commander Wieczynski, with the U. S. Coast Guard Marine Safety Detachment in Lake Charles was held on one of the boats.

The shrimpers said that they were awaiting word from T-John in Galveston and would move when he told them to. T-John Mialjevich is the president of the Concerned Shrimper Association.

After confering with the Loui-

Glenn W. Alexander, Chief Assistant District Attorney in charge of felony peosecutions, announced that Leonard Gaspard, 26, of Cameron, was sentenced to twenty years in the custody of the Department of Corrections, in 38th Judicial District Court this week.

Gaspard had entered guilty pleas to two counts of oral sexual battery, involving an incident in which the victims were minor children.

The sentence, imposed by Judge H. Ward Fontenot, included sentences of ten years on each count, to be served concurrently.

Jennifer J. Bercier, Assistant District Attorney, handled the case for the State of Louisiana.

Parish rodeoers in Colorado

BY GENEVA GRIFFITH

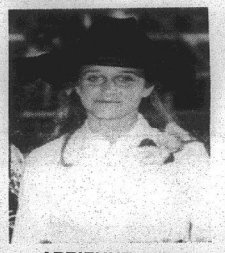
If you are looking for a member of the Mudd family around Cameron and Creole for the next two weeks you are probably going to be out of luck, for they are all in Colorado.

There will be parents, grandparents, uncles, aunts, cousins, and a few great-aunts thrown in at the National High School Championship Rodeo in Pueblo, Colorado to be held July 24-30. They will all be there as a cheering section for Chad and Ken Mudd.

Chad, is the son of Mr. and Mrs. Robert Mudd, recently graduated from South Cameron High School and this year made High School Rodeo history. He became the first cowboy contestant to every win the title of "State All-Around Cowboy" three times.

Jim Miller of DeQuincy won it two times.

Chad was the only cowboy to qualify for the state rodeo finals in four events. He qualified for the Nationals in three of the four, cutting, calf roping and team roping.



He was also this year's cutting champion, and won the Allen Wayne Vincent Memorial Steer wrestling plaque by earning the fastest time of the state finals, with a time of 4.00.

He is now shooting for the next National All-Around Cowboy title during the National Rodeo, and will be riding his favorite horse Henrietta, who is traveling with the group.

Chad has been rodeoing since he was very young, in addition to following his older brother and sister on the rodeo circuit.

Ken Mudd, Chad's first cousin and the son of Mr. and Mrs. Thomas "Bud" Mudd, Jr., is a senior at South Cameron High School and is a member of the schools rodeo team. He qualified for the state finals in calf roping and team roping.

He and his partner Jason Trahan are the state team roping champions of 1989 and they will be representing Louisiana at National. This will be Ken's second trip to National in this event.

ADRIENNE PICOU
State runner-up cowgirl

Fire tax OKed

Although there was only a 20 percent turnout of voters in Hackberry Saturday, the group gave their overwhelming approval to the renewal of the Hackberry Fire District four mill tax to pay for fire protection facility operations in the district.

The vote was 196 for and 12 against the proposition.

The total voter registration for the district is 1,024.

MR. AND MRS. Wadley Saltzman of Cameron have been elected Commander and President, respectively, of the VFW Fifth District and Ladies Auxiliary. The district includes Cameron, Calcasieu, Jeff Davis, Beauregard and Allen parishes. (Photo by Genevea Griffith)

Legion, Auxiliary install officers

BY GENEVA GRIFFITH

The annual Richard Brothers American Legion Post 176 and Ladies Auxiliary installation banquet was held last week at the post home. A seafood dinner was served by the Ladies Auxiliary.

Monroe Wicke, post commander, introduced J. D. Leger, post district vice-commander, who installed officers as follows: Monroe Wicke, commander; Swinford Baccigalopi, 1st vice commander; E. W. Saltzman, 2nd vice commander; J. Berton Daigle, adjucent; Floyd Baccigalopi, finance officer; Roland U. Primeaux, chaplain; Woodrow Bertrand, judge advocate; E. J. Dronet, service officer; Jules Dronet, sgt. at arms; and Mason Istre and Oscar Reyes, color bearers.

Lydia Primeaux, post historian, introduced Leona McWhirter, who installed Auxiliary officers as follows: Lorriane Baccigalopi, president; ina "Teen" Wicke, 2nd vice president; Audrey Daigle, secretary; Vernita Tillery, treasurer; Lydia Primeaux, historian; Mayola Wicke, chaplain; and Ena Dronet, sgt. at arms.

Mrs. Baccigalopi announced that the following were nominees for Girl State delegates the auxiliary will send to Baton Rouge in August: Stacey Perry, Jengi Miller, Sue Carrol Criglow, Sheronda Williams, Kathy Guidry and Derinda Morris.

Miss Morris was the winner of the trip, which was chosen by lot.

Roland Primeaux, post chap-

TEDs enforcement suspended again

Commerce Secretary Robert Mosbacher on Monday temporarily suspended regulations requiring shrimpers to use the TED devices intended to protect endangered sea turtles from getting entangled and dying in their nets.

Mosbacher's decision came on the heels of weekend protests by angry shrimpers who blocked ship channels at Cameron, La. and Galveston, Texas and further blockades if the regulations were not changed or reversed on use of the excluders.

"We have worked out what I think is a good compromise that indicates sympathy to the shrimpers and their families as well as caring about the endangered species in general and the Kemp's Ridley turtles in particular," Mosbacher said after meeting with gulf state lawmakers.

Mosbacher said enforcement of the turtle excluder regulations would be suspended for 45 days. At the end of the period, shrimpers would be required to pull their nets every 90 minutes but would not have to use the turtle excluders.

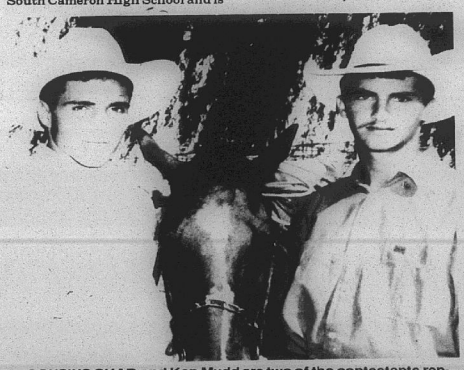
According to lawmakers, turtles can live for 90 minutes underwater if trapped in a net.

After the 45-day period is up, however, the Commerce Department enforcement staff would issue warnings to shrimpers caught not pulling their nets after 90 minutes. The agency would re-evaluate the regulations next year, when a study by the National Academy of Sciences is expected to be completed in February.

Congressman Jimmy Hayes said he was extremely pleased with Mosbacher's decision. "We are now on the right track to save turtle and not hurt shrimper," he said.

In Cameron, about 100 shrimpers met Monday to discuss the situation. They agreed to hold a "peaceful demonstration" if some agreement was not reached. The group had planned to block the Ship Channel at 8 a.m. Tuesday. That planned blockade was cancelled following Mosbacher's announcement.

Flower shop burns Tues.



Evelyn's Flower Basket, located on the main street in Cameron, was badly damaged by a fire that was discovered at about 6 p.m. Tuesday.

Mrs. Evelyn Hay, who owns the business with her husband Ray, said she and an employee had gone home at about 5:30 p.m. A passerby noticed smoke coming from the building and alerted the fire department which is located just across the street.

Firemen were able to save the building but most of the contents were badly damaged or destroyed. It was not known how the fire started.

Mrs. Hay said she was able to salvage most of her records. Anyone needing to make a payment may do so at the Country Craft shop next to the Health Unit.

Mrs. Hay said she plans to rebuild the shop and reopen. A temporary location for the business will be announced by next week.

COUSINS CHAD and Ken Mudd are two of the contestants representing Cameron Parish in the National High School Championship Rodeo in Pueblo, Colorado this week. Others from the parish are Adrienne Picou, James Boudreaux, Thad Little and Shane LeBlanc. (Photo by Geneva Griffith)

Bills affecting parish described

BY GENEVA GRIFFITH

The Cameron Parish Chamber of Commerce held its monthly meeting Thursday at Pat's Restaurant, with Paul Coreil, President, presiding.

Representative Randy Roach gave an outline of legislation in the special session affecting Cameron Parish.

The Legislature created a Calcasieu Lake Oyster Tank Force, composed of dealers, buyers and a cross-section of people connected with the seafood industry, to study the problems and solutions of the area.

A special hospital district was created for Moss-Regional Hospital for management powers only, no taxing, which is a local board that will be looking after the efficient management of the hospital.

It created a salt-water, fin-fish task force to study the concept as it relates to fishing in the state. A local representative will be appointed by the Coastal Concern Organization.

Roach reported that 3.8 million dollars has been set aside for beach structures at Constance Beach to extend the barrier program. The constance Beach area lows: Lorriane Baccigalopi, president; ina "Teen" Wicke, 2nd

A Wetland Preservation Authority has been created with the single duty to speak out on coastal erosion and address the problems.

Roach announced that the highway improvement being done now on La. 14 is with money that was left over in the $500,000 fund for the area.

He said that $150,000 in the Rockefeller Refuge resources fund has been donated to the Alligator

Cameron Summer Fishing Festival this weekend

MUSING . . . . . By Bernice Denny

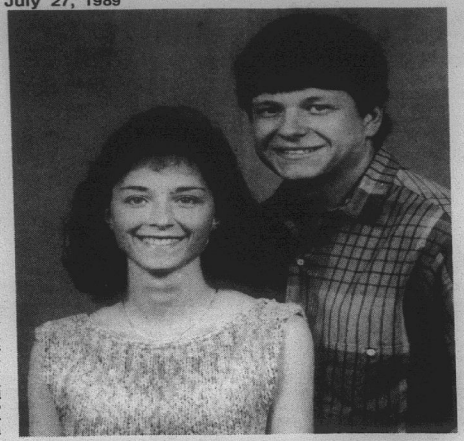
Moon landing recalled

(EDITOR'S NOTE--The following column by the Pilot's long time columnist, Bernice Denny was published 20 years ago on July 24, 1969. We are repeating it in recognition of the 20th anniversary of man's first walk on the moon.)

BY BERNICE STEWART DENNY

A drama, poignantly beautiful, magnificently heroic, has been enacted this past week before a world audience of millions of people. Its colossal stage included the earth and the moon and the enormity of space that lies between and around them.

Its actors were three American astronauts with Neil Armstrong, a civilian, playing the most glamorous role, so closely supported was he by Air Force Col. Edwin E. Aldrin, Jr., and Air Force Lt. Col. Michael Collins that in shifting scenes each became the leading actor.



Behind-the-scenes directors at the Space Center in Houston were on constant alert to every detail of the enactment. Never before had cues meant so much to the success of a production. Never before had so many thousands of individuals worked in advance to make the play possible. And never had such expensive props been used.

Rehearsals on a limited stage had been conducted over and over. But the words that Armstrong spoke as he stepped from the ladder of the space craft onto the surface of the moon were unrehearsed! They will live on as long as our civilization exists: "That's one small step for man, a giant leap for mankind."

Remembered, too, will be the words of Aldrin to the world shortly after the landing: "This is the LM pilot. I'd like to take this opportunity to ask every person listening, whoever, wherever they may be, to pause for a moment and contemplate the events of the past few hours and to give thanks in his or her own way."

A miracle has been performed, a miracle that began ages ago. God in his infinite wisdom gave unto mankind the intellect, the ambition, and the perseverance down through the centuries to make possible the staging of "Man on the Moon." The denouement has been reached.

We would that President Nixon's words in his telephone conversation to the moonmen might become an enduring reality: "For one priceless moment...all of the people on this earth are truly one."

MR. AND MRS. Robert Wilson announce the engagement and forthcoming marriage of their daughter, Juliet Lesley, to Todd Glen Rutherford, son of Mr. and Mrs. Mack Rutherford, all of Livingston, Alabama. The wedding is set for Saturday, August 5 at First Baptist Church in Livingston, beginning at 4 p.m. A reception will follow at the home of Mr. and Mrs. Leslie Prystup in York. Through this means friends and relatives are invited to attend.

Memorial books given to library

Memorial books in the Cameron Parish Library are listed as follows: (with the names of the ones in memory, donors, respectively)

Life Sketches, Floyd Kelley by Bonnie & Angela Conner;

Off the Beaten Path, Floyd Kelley by Bruce & P.U. Broussard;

Not That You Asked, Adam Sturlese by Myron, Delaine, Chan & Tori Mayard;

Most Beautiful House in the World, Karla Savoie Downs by Myron, Delaine, Chan & Tori Mayard;

Joe Louis, Verny P. Fontenot by Myron, Delaine, Chan & Tori Mayard;

Great Cypress Swamps, Eddie Conner by Bertha Fawvor & Family;

The Facts, William "Blackie" Duhon by Mr. & Mrs. Lenard Little;

The Pentagonists, Willie "Bill" LeBoeuf by Mr. & Mrs. Willard Little, Mr. & Mrs. Kent Little and Mr. & Mrs. Brent Little;

Davy Barry Slept Here, Eddie D. Conner by Lois & T. J. Watts;

Families, Edna Miller by Lois & T. J. Watts;

Shaker Communities, Shaker Lives, Floyd Kelley by Lois & T. J. Watts.

Be sure to apply sunscreens where reflected light can reach.

LEGION
Cont. from Pg. 1

lain, led everyone in observing a silent prayer for Willie LeBouef, deceased post member.

Legion guests were introduced by J. Berton Daigle, adjutant.

Service awards were given to J. B. Jones, and Norman McCall, 40 years; Dewey Boudreaux, Louis Boullion, and Dallas Domingue, 35 years; and John Driscoll, 25 years.

Both the post commander and auxiliary president called on post members to protest the burning of the flag.

Joyce Taylor, district auxiliary president, spoke of her goals during her year's tenure.

Brenda O'Quinn, 1st vice president of the department, said that her goal for the year is to have a membership of 17,230 auxiliary members.

Estelle Patin, department 2nd vice president, stated that she will stress the importance of junior memberships in the auxiliaries and hopes to organize a junior unit in each post.

Mr. and Mrs. Wadley Saltzman were recognized as the newly elected commander and Ladies Auxiliary president of the 5th District.

Nuveen Tax-Free Taxable CD**

While CD accounts, which are insured by an agency of the US Government are short-term investments that pay fixed principal and interest but are subject to fluctuating rollover rates. Nuveen is a long-term investment with a fluctuating redemption value that pays a consistent stable rate.

For more complete information on the Nuveen, Tax-Exempt Unit Trust, including charges and expenses, request a prospectus. Read it carefully before you invest or send money.

*Current return is computed by dividing net annual income, after annual expenses, by the public offering price for a purchase of Nuveen National Trust on 4/6 on July 25, 1989. The return will vary with changes in income, expenses, purchase price, payment option and the amount invested. And redemption value prior to maturity could be higher or lower depending on prevailing interest rates. Interest income may be subject to state and local taxes.

†For investors paying the 33% tax rate, you would need this taxable return just to equal this tax-free yield.

REMEMBER?

Sweeney's Hunting club in the 1930's

By Keith Hambrick

Lake Charles American Press, July 18, 1930.

FINE HUNTING CLUB IN CAMERON

"If you like to hunt, tell it to Sweeney" is the slogan which the Sweeney's Hunting Club has adopted. Not in particular a hunting club, it is really a hotel of the "Class A" style. During the last season of hunting, a traveling reporter for a Chicago daily commented on the splendid accommodations and food served at this modern resort.

S. W. Sweeney, widely known in real estate and oil circles, is the proprietor of the Sweeney's Hunting Club at Grand Chenier. In this club, visitors will find city accommodations such as hot and cold running water in each room, baths and showers down stairs and up stairs, and electric lights. The cooking is of the old familiar Creole or French quality, ably supervised by Mrs. E L. Marquart.

Mr. Marquart handles the business of the hotel, provides guides to take visitors to the 33,000-acre hunting grounds. He also makes visitors welcome. Mrs. Marquart is known throughout the land as the "Lady Boss" having received her name from a newspaper reporter of a metropolitan city. Plans have been arranged whereby meals can now be served to tourists at meal time and optional, single meals, by day or week.

The "Delta", a fine passenger and light freighter boat owned by Adam Nunez of Grand Chenier, plying between Lake Arthur and the town of Grand Chenier, is enjoying a splendid business at this time of the year.

During the summer months there are a large number of vacationists who travel over the route served by the "Delta". The boat makes three round trips to and from lake Arthur each week.

James Doxey, business man of the Grand Chenier community and widely known over the entire parish, says that business conditions are much better now in the parish than many have anticipated. Mr. Doxey, in addition to his business, has colored laborers on a farm and his crop of cotton, which is the long staple variety, is in good condition.

Miss Althea Sweeney, daughter of Mr. and Mrs. S. N. Sweeney of Lake Arthur is making an extended visit with friends and relatives in Cameron Parish.

Miss Sweeney, while in Cameron, is the guest of Mr. and Mrs. Marquart at the hunting club of her father. Miss Sweeney is a member of the college at Mansfield and a graduate of the 1930 class.

A petition will be circulated throughout the parish for a new ferry soon, it is said. The ferry will be due west of the town of Cameron and only a quarter of a mile from the present ferry landing. The proposed ferry will serve the new state highway, Route 104, and will represent a nice sum of money for such purchase, as it is said that a larger ferry with a greater amount of space and horsepower will be needed to take care of the many tourists who will have to cross at this point in order to go to the lower end of the parish and to the parish seat. Members of the Cameron police jury expect to have this petition with every necessary signature at the next regular monthly jury meeting in August.

The beautiful home lawn of Mr. and Mrs. S. M. Kennedy of Cameron is a treat to the eye. Shrubberies and evergreens together with nine varieties of flowers deserve much comment. While the dry weather prevailed, this lawn was cared for by other means and hence its beauty and sweet fragrance. Mrs. Kennedy is postmistress for the town of Cameron and Mr. Kennedy is principal of the school.

Henry Guidry of Lake Charles is in lower Cameron and Grand Chenier for three or four weeks, looking after his electrical interests. He is connected with the new light plant and has a number of customers so far who have signed for power and lights. While in Cameron, Mr. Guidry has his headquarters at the Cameron Hotel.

Mrs. Julia Gauthier, booster for Cameron Parish and its citizens, has received much assurance that her contemplated addition to her present hotel will add so much to the beauty of the town that her friends will see that she succeeds with her plans. Mrs. Gauthier will spend practically $4,000 for this project.

Ed. Sweeney, former clerk of court, now holds the record of being champion water melon grower of Cameron. Mr. Sweeney, no doubt, is one of the most prosperous highland and trucking farmers in the parish. His farm help is also experienced along these lines and are anxious to bring laurels to the Sweeney farm, located across the river from the town of Cameron. Ebra Nunez and Whitney Woods are two of the farm hands that Mr. Sweeney can always depend upon.

LUMBER FOR CONSTRUCTION

A barge loaded with lumber and other building material docked at the town of Cameron late Tuesday afternoon. The material is for the building of the new high school at Cameron and was bought from a local lumber yard in Lake Charles and other dealers of building materials, all in Lake Charles. I. C. Carter of Lake Charles is the architect. A. Hoffpauir and Ed Hensen are erecting the building.

The Grand Chenier high school was consolidated about three years ago under the able management of Supt. Thos. W. McCall, known as a friend to the entire citizenship of the parish. Mr. McCall, as all know, is a well qualified educator and has shown his ability in many instances since he has been in this parish.

HIGHWAY OFFICER

The lower part of Cameron Parish has a traffic officer. He is state police officer, A. C. Matt. With the prospects of better roads and a main highway leading out of Cameron, it was found necessary for the highway authorities to send an officer to be stationed at the town of Cameron, said Mr. Matt. Thus far there have been very few violations of highway laws, he states.

Mr. Matt is familiar with his work having been with this department for a number of years and is the type of an officer that is on duty at all times. While the number of automobiles have increased three times in the last two years over the lower part of this parish, there have been very few mishaps which have caused any seroius accident. Mr. Matt travels over the highways as far as Grand Chenier, making his headquarters at the courthouse.

A homing pigeon can fly at a speed of up to 60 miles an hour over a distance of 75 miles.

CARD OF THANKS

HOLY SPIRIT, you who solve all problems, who light all roads so that I can attain my goal. You who give me the divine gift to forgive and forget all evil against me and that in all instances my life you are with me. I want in this short prayer to thank you for all things and to confirm once again that I wish to be with you in eternal glory. Thank you for your mercy toward me and mine. The person must say this prayer three consecutive days, after three days, the favor requested will be granted even if it may appear difficult. This prayer must be published immediately after favor is granted without mentioning the favor. Initials only at the bottom. M.F.

HOLY SPIRIT, you who solve all problems, who light all roads so that I can attain my goal. Grand Chenier News

By Elora Montie

HOSPITAL NEWS

Mrs. Myrtis (Hubert) Sturlese spent a few days in a Lake Charles hospital last week. She came home Sunday.

Rodney LeBouef of Port Arthur, father of Mrs. Margarett Arrant is in St. Mary's hospital in Port Arthur. He was hit by a car on the street in Port Arthur. He has some broken bones and will be in the hospital for a while. He had formerly lived with his daughter, Margarett, in Grand Chenier, but more recently had been living with a daugthter in Port Arthur.

HEAVY RAIN

The bad weather the Chenier folks had Sunday morning and during the day brought three inches of rain here.

Mrs. Sally Broussard who had surgery in a Lake Charles hospital last week, is home doing well.

VISITORS

Mr. and Mrs. Fred Bult of Lake Charles visited her brother and sister and families the Gilford Millers and the Roy Clarks Sunday.

Mr. and Mrs. Cecil Bates of Orange, Tes. are spending some time in their home here.

Miss Dona Booth who had spent some time here with her parents, the Earl Booths, Sr. after her surgery, went back to New Orleans last week to resume her work.

Sunday, Mrs. Cheryl Miller and son Jess and Mrs. Dale McFarland drove to Clute, Tex. to visit their husbands who are working there.

Mr. and Mrs. Joe Achee of Lafayette spent the weekend in their home here.

Players will report Monday

South Cameron High School Football Coach Parry LaLande has announced that all football players for the 1989-90 season are to report to South Cameron High School's new gym Monday, July 31 at 5 p.m.

All physicals will be conducted at Dr. Clarks office Tuesday, August 1 at 1 p.m.

Girl Scouts pay visit

Forty-two Girl Scouts touring Cameron Parish for Bayou Council's Wider Opportunity, "Cajun Days and Cajun Ways", and a number of leaders were treated to dinner at the Hackberry Community Center Tuesday, July 18.

Girl Scout leaders and volunteers who carried out the event were Barbara Buford, Sue Largent, Geraldine Roberts and Cathy Nunez. Emma Kershaw headed the group.

Other volunteers who helped were Donald R. Nunez, Norris and Pat East, Herb Bell, and Patrick and John Walther.

Donations for the meal and use of the building were made by Brown's Grocery, Devall's Towing, Cameron State Bank, Goodrich's TABs, Inc., Benny Sanders, Mitchell Kyle, Betty Boudreaux, D. J. East, Clifton Cabell, Carrie Hewitt, Buddy Ellender, Broussard's Crab Processing House and Patrick Walther.

Arrangements for the girls' noon-day meal in Cameron were made by Nancy Cronan and Paul Corell with the 4-H and Extension Service and by Beulah Bradley and Trudy Reignier, Girl Scout leaders in Cameron.

Rita Walther was the Cajun Days and Cajun Ways Committee Member in charge of planning the day's events in Cameron Parish.

Jobless rate is down here

The jobless rate in Cameron parish for June dropped to 6.4 percent from the 7 percent in May to give the parish the second lowest unemployment rate in the state behind Lincoln parish's 4.9 percent.

The monthly report from the La. Dept. of Labor showed that out of a labor force of 4,950 in the parish 4,625 persons werre employed with 325 out of work.

The jobless rate for Calcasieu parish for June was 9.7 percent while the state rate was 9.5 percent. For the nation the rate was 5.5 percent.

Task force has meeting

The Fighting Back Task Force just completed a series of ten community meetings encompassing a five-parish area. Acadia, Cameron, Allen, Jeff Davis and Beauregard Parishes sent representatives to tackle the problem of alcohol and illegal drugs and look for solutions.

The ideas will be used by Hazelden Foundation in Minneapolis to write the Fighting Back Proposal for $3.2 million.

Each parish sent representatives to met in ten different groups: youth, media, public, law enforcement, schools, government, social and civic organizations, chuches, workplace, and health care.

The groups will reconvene at 10 a.m. Thursday, Aug. 3 at the Holiday Inn in Jennings. At that time a rough draft of the proposal will be reviewed.

The grant application will be in the hands of the Robert Wood Johnson Fondation by Sept. 1. they will make a site visit by December and the money will be awarded January of 1990.

Parish population is set at 9600

Cameron Parish now has a population of 9,600 and is the second smallest parish in the state. (Tensas now has the distinction of being the smallest parish, one which Cameron held up until a few years ago.)

This figure and others are revealed information recently released for 1977-87 by the Bureau of Economic Analysis, U. S. Department of Commerce. The information was distributed by Louisiana Tech University of Ruston.

Other information is as follows:

—Per Capita Personal Income—

In 1987, Cameron had a per capita personal income (PCPI) of $10,974, which ranked 14th in the state, and was 96% of the state average ($11,482) and 71% of the national average ($15,484).

In 1977, Cameron's PCPI of $5,728 ranked 17th in the state. The average annual growth rate of PCPI over the past 10 years was 6.7%. The average annual growth rate for the state was 6.6% and for the nation was 7.8%.

—Total Personal Income—

In 1987, Cameron had a total personal income (TPI) of $105,519,000. This TPI ranked 56th in the state and accounted for 0.2% of the state total.

In 1977, Cameron's TPI of $48,718,000 ranked 59th in the state. The average annual growth rate of TPI over the past 10 years was 8.0%. The average annual growth rate for the state was 7.7% and for the nation was 8.9%.

—Earnings by Industry—

Earnings of persons employed in Cameron increased from $54,026,000 in 1977 to $101,984,000 in 1987, an average annual growth rate of 6.6%. The largest industries in 1987 were mining, which accounted for 26.9% of earnings; transportation and public utilities, 19.3%; and state and local government, 13.3%. In 1977, the largest industries were mining, with 34.6% of earnings; transportation and public utilities, 14.0%; and services, 12.0%. Of the industries that accounted for at least 5% of earnings in 1987, the slowest growing from 1977 to 1987 was mining, which increased at an average annual rate of 3.9%. The fastest was non-durable goods manufacturing (approximately 10% of earnings in 1987), which increased at an average annual rate of approximately 10%.

FUNERALS

MRS. HELEN BOUDOIN BENOIT

Funeral services for Mrs. Helen Boudoin "Telan" Benoit, 82, of Creole were held at 3 p.m. Tuesday, July 25, from Sacred Heart Catholic Church.

Msgr. M. J. Bernard officiated. Burial was in Sacred Heart Cemetery.

Mrs. Benoit died at 3:15 p.m. Sunday in her residence.

She was a lifelong resident of Cameron Parish and a member of the Sacred Heart Church.

Survivors are two sisters, Mrs. Eunice Conner and Azemie Boudoin, both of Creole; and two nieces, Sue Haney and Jackie Powell, both of Creole.

MORRIS DUHON

Funeral services for Morris Duhon, 86, of Lake Arthur were held at 10 a.m. Monday, July 24, from Our Lady of the Lake Catholic Church.

Msgr. Charles Dubois officiated. Burial was in Our Lady of the Marsh Cemetery at Little Chenier.

Mr. Duhon died Friday in a Jeff Davis nursing home.

A lifelong resident of Lake Arthur, he was a retired farmer.

Survivors are one brother, Firman Duhon of Lake Arthur; three sisters, Mrs. Marie Derks of Jennings, Mrs. Azelia Domingue of Grand Chenier and Mrs. Velma Henry of Lake Arthur, six grandchildren and five great-grandchildren.

Cowbelles to meet Wednesday

The August meeting of the Cameron Parish Cowbelles will be held Wednesday Aug. 2, at 6:30 p.m. in the home of Mrs. Wayne Montie.

Ordination set Aug. 24

The episocal ordination and installation of Bishop-elect Sam Jacobs of Lake Charles as the 10th bishop of the Diocese of Alexandria will take place on Thursday, Aug. 24, beginning at 2:30 p.m., in the Rapides Parish coliseum in Alexandria.

Ceremonies were originally scheduled to be held in St. Francis Xavier Cathedral, but because of the limited seating capacity at the cathedral, Bishop-elect Jacobs elected to move the installation to the coliseum, which can accomodate over 6,000 people.

"I know the coliseum will not have the 'church' atmosphere of the cathedral," Bishop-elect Jacobs said, "but it will give everyone a chance to attend the installation. I want this installation to be for the people of the Diocese of Alexandria, and hope they can attend."

The Most Rev. Pio Laghi of Washington, D. C., the Apostolic Pro-Nuncio in the United States, will preside at the installation ceremony.

A large contingent of family members, former parishioners of Our Lady of Good Counsel and St. Mary of the Lake Parishes, coworkers and friends are expected to make the trip from the Diocese of Lake Charles to attend the installation.

Parish law enforcement district to seek loan

CAPITAL NEWS

BATON ROUGE (CN) -- Several parishes, including Cameron, will be able to take part in two Louisiana Public Facilities Authority programs approved by the State Bond commission last week.

The programs are designed to make low interest loans to law enforcement districts and school boards.

Twenty parish law enforcement districts were approved for participation in the $16.7 million advance funding program for 1989. The authority has sponsored the program twice before. In 1984, 27 districts took part in the program, and in 1988, it assisted 10 districts.

The LPFA will sell up to $20 million in advance funding notes to provide lower cost financing to meet the short-term needs of the districts. Participating sheriffs will pay 5.95 percent interest for loans to meet their operating expenses. They will repay the loans by June 30, 1990.

The Cameron Parish Law Enforcement District is earmarked to borrow $633,034 through the program. Its total revenues budgeted for the fiscal year are nearly $2 million, according to the LPFA application to the commission.

The advance funding program for school boards received only preliminary approval from the commission. The fees involved in selling the $125 million in notes must be reviewed by a special subcommittee before the commission grants final approval.

Nineteen local boards have proposed participation in the program, but LPFA anticipates 33 participants. The program operates much the same as the law enforcement program. The boards are allowed to finance their largest month's deficit and the next month's expenditures.

The bond commission also granted approval for six local governmental units to hold October elections and one emergency election in September. Another 18 were granted permission to seek loans, 10 of those budgtary. Five were excess revenue loans, and the remainder were for special purposes.

Several bond sales also were approved for local governmental bodies.

THEN and NOW!

Fifty Years On Guard

A group that's helped America for half a century does much more than many realize. Here's a look at its story.

THEN: On June 23, 1939, with the world on the brink of war, the Coast Guard Auxiliary was formed. It's a non-military, volunteer organization authorized by Congress to help the Coast Guard with search and rescue duties, operate radio stations, check boats for safety, teach boating safety classes and go on patrols with Coast Guard units. Members are trained and the group is administered by the U.S. Coast Guard.

NOTICE FOR BIDS

Acting under the authority of the Legislature of the State of Louisiana, the Cameron Parish School Board will receive sealed bids for the leasing of all surface rights including the rights of range, trapping, hunting, fishing, and farming, on the following described lands for the unexpired term as indicated in the description below:

Section Township Range 16-12-10; Unexpired term 4 years; Description - Partial section; containing 435 acres, more or less, bordering Black Lake; 3 miles West of Calcasieu Lake.

Section Township Range 16-14-3; Unexpired term 4 years; Description - Partial section (332.96 acres); 3 miles West of Vermilion Parish line; bordering Grand Lake.

Section Township Range 16-14-7; Unexpired term 4 years; Description - Located 3/4 mile East of Highway 27; 1 mile Northeast of Creole intersection.

Section Township Range 16-14-13; Unexpired term 4 years; Description - South end of Sabine Wildlife Refuge; 5 miles North of Gulf of Mexico in Johnson Bayou area.

Section Township Range 16-14-14; Unexpired term 4 years; Description - 3 miles East of Sabine Lake on Starks Canal.

Section Township Range 16-15-3; Unexpired term 4 years; Description - Located in Grand Chenier area; 3 miles West of Vermilion Parish line.

Section Township Range 16-15-4; Unexpired term 4 years; Description - Approximately 1 mile North of Highway 82 in Grand Chenier area; North of Rockefeller Refuge.

NOTE: Leaseholders on listed sections have until July 31, 1989 to renew the lease. If annual payment is received prior to this date the bids on these sections will be returned unopened.

(A description may may be seen in the School Board Office during normal working hours.)

All bids must be sealed; the envelope marked "Bid - Section 16, Township-, Range-," and may be forwarded through the U.S. Mail to the Cameron Parish School Board, P.O. Box W, Cameron, LA. 70631. Bidder must offer an annual rental of not less than $1.00 per acre for a lease with a primary term to end July 31, 1994. Annual renewal rentals will be due each year by July 31st, in order to continue the lease in effect. Cash or check in favor of the Cameron Parish School Board for the amount of the annual rental for the first year shall be forfeited to the Board as liquidated damages if the successful bidder fails to enter into written contract in accordance with his bid within ten (10) days after acceptance by the Board.

Bidders are reminded that the lease is for the unexpired term of four (4) years beginning July 1, 1989 and ending July 31, 1993.

If farming rights are utilized, bidder may offer annual rental plus a fractional part of not less than one-sixth (1/6) of any and all crops produced and saved during the year. Value of the one-sixth (1/6) share shall not be considered in the awarding of the lease unless the bidder guarantees a specific amount which shall be added to and accompany the bid. Should the one-sixth (1/6) value of crops be less than the cash guarantee paid at the time of the lease, the Cameron Parish School Board shall demand such additional payment as necessary to bring the value adjustment equal to one-sixth (1/6) of crops produced and harvested on any and all listed sections, and twenty-five (25%) of cash market value of all alligators harvested by lessee. Lessor reserves the right to gather and dispose of alligator eggs from the lease premises, without any compensation to lessee.

The surface rights and privileges granted in the lease are restricted to range, trapping, hunting, farming, and fishing and these rights shall in no way, manner, or form interfere with the granting of a mineral lease or the full utilization of all rights and privileges granted in any mineral lease.

The Cameron Parish School Board does not warrant or provide ingress or egress to the leased premises. Ingress and egress is the sole responsibility of lessee.

Bids will be received until the hour of 10:00 a.m., Monday, August 14, 1989 at which time all bids received will be considered in public session of the Cameron Parish School Board in Cameron, Louisiana.

The Board reserves the right to reject any and all bids received.

NOTICE
CAMERON PARISH
SCHOOL BOARD

By virtue of and in conformity with the procedures of Section 151 through 158 of Title 30 of the Louisiana Revised Statutes of 1950, as amended, sealed bids will be received at the office of the Cameron Parish School Board in Cameron, Louisiana, on or before the 14th day of August, 1989 at 10:00 a.m., at which time all bids received will be opened by the Cameron Parish School Board for a lease covering the oil, gas, sulphur, potash, and/or other liquid gaseous hydrocarbon mineral rights in, to, and under the following described property:

All of Section 16, Township 15 South, Range 7 West.

Bids may be for the whole or any particularly described portions of the tract advertised herein.

All bids are to offer a CASH PAYMENT, one-half (1/2) of which is to be bonus as full and adequate consideration for every right granted by the lease and one-half (1/2) of which is to be rental for the first year of the lease, for a lease having a primary term which shall not exceed three years, and if the bid offers a delay rental the ANNUAL DELAY RENTAL shall not be less than one-half (1/2) of the aforesaid cash payment, which lease is to be granted without any warranty or recourse against lessor whatsoever, either expressed or implied, not even for return by lessor of any payments received under the lease or being otherwise responsible to lessee. Minimum royalties shall be one-fourth (1/4) of all oil and gas produced and saved which shall yield not less than $2.00 per long ton; one-eighth (1/8) of the value per ton for all potash produced and saved, which shall yield not less than ten cents (10 ¢) per ton; and one-fourth (1/4) of all other minerals produced and saved.

All leases awarded shall be executed upon terms and conditions provided in the current State lease form with all applicable riders appended thereto, including but not limited to provisions as follows: Should lessee fail to begin the actual drilling (spudding in) of a well on the lease premises within one year from the date of the lease, the lease shall terminate as to both parties to the lease, unless on or before such anniversary date, lessee shall pay a delay rental (which shall in no event be less than one-half (1/2) of the aforesaid cash payment offered for the lease), which shall cover the privilege of deferring drilling operations for a period of one year. Upon like payments annually, drilling operations may be further deferred for successive periods of one year each during the primary term of three years. The lease shall provide for the drilling of offset wells where necessary to protect the Board's interest and shall contain the provisions against the assignment or sublease of the lease unless approved by the School Board. The lessee shall have the right to enter into pooling or unitization agreements with respect to development of the leased premises subject to the approval of the School Board.

Any lease granted hereunder shall be on the regular current State Agency form and shall be subject to the approval of the State Mineral Board. Certified Check, Bank Money Order, or Cashier's Check, payable to the Cameron Parish School Board for the full amount of the bonus, shall accompany and be submitted with each bid; and no bid thus submitted may be thereafter withdrawn or cancelled; and the cash bonus accompanying the bid of the successful bidder shall be forfeited to the Cameron Parish School Board should he not return the written lease, duly executed, within twenty (20) days after his receipt of the same.

The Cameron Parish School Board reserves the right to reject any and all bids and to grant a lease on any portion of the tract advertised for a price not less than proportionate to the best bid offered for the lease on the entire tract.

All bids are to offer a CASH PAYMENT, one-half (1/2) of which is to be bonus as full and adequate consideration for every right granted by the lease and one-half (1/2) of which is to be rental for the first year of the lease, for a lease having a primary term which shall not exceed three years, and if the bid offers a delay rental the ANNUAL DELAY RENTAL shall not be less than one-half (1/2) of the aforesaid cash payment, which lease is to be granted without any warranty or recourse against lessor whatsoever, either expressed or implied, not even for return by lessor of any payments received under the lease or being otherwise responsible to lessee. Minimum royalties shall be one-fourth (1/4) of all oil and gas produced and saved which shall yield not less than $2.00 per long ton; one-eighth (1/8) of the value per ton for all potash produced and saved, which shall yield not less than ten cents (10 ¢) per ton; and one-fourth (1/4) of all other minerals produced and saved.

All leases awarded shall be executed upon terms and conditions provided in the current State lease form with all applicable riders appended thereto, including but not limited to provisions as follows: Should lessee fail to begin the actual drilling (spudding in) of a well on the lease premises within one year from the date of the lease, the lease shall terminate as to both parties to the lease, unless on or before such anniversary date, lessee shall pay a delay rental (which shall in no event be less than one-half (1/2) of the aforesaid cash payment offered for the lease), which shall cover the privilege of deferring drilling operations for a period of one year. Upon like payments annually, drilling operations may be further deferred for successive periods of one year each during the primary term of three years. The lease shall provide for the drilling of offset wells where necessary to protect the Board's interest and shall contain the provisions against the assignment or sublease of the lease unless approved by the School Board. The lessee shall have the right to enter into pooling or unitization agreements with respect to development of the leased premises subject to the approval of the School Board.

Any lease granted hereunder shall be on the regular current State Agency form and shall be subject to the approval of the State Mineral Board. Certified Check, Bank Money Order, or Cashier's Check, payable to the Cameron Parish School Board for the full amount of the bonus, shall accompany and be submitted with each bid; and no bid thus submitted may be thereafter withdrawn or cancelled; and the cash bonus accompanying the bid of the successful bidder shall be forfeited to the Cameron Parish School Board should he not return the written lease, duly executed, within twenty (20) days after his receipt of the same.

The Cameron Parish School Board reserves the right to reject any and all bids and to grant a lease on any portion of the tract advertised for a price not less than proportionate to the best bid offered for the lease on the entire tract.

LEGAL NOTICE
STATE OF LOUISIANA
OFFICE OF CONSERVATION
BATON ROUGE, LOUISIANA

In accordance with the laws of the State of Louisiana, and with particular reference to the provisions of Title 30 of Louisiana Revised Statutes of 1950, a Public Hearing will be held in the Conservation Auditorium, 1st Floor, State Land & Natural Resources Building, 625 North 4th Street, Baton Rouge, Louisiana, at 9:00 a.m., on Tuesday, August 22, 1989, upon the application of Shell Western E & P Inc.

At such hearing the Commissioner of Conservation will consider evidence relative to the issuance of an Order pertaining to the following matters relating to the S2 Sand, Reservoir A, in the Black Bayou Field, Cameron Parish, Louisiana:

1. To establish rules and regulations governing the exploration for and production of oil and gas from the above named reservoir.

2. To create a single drilling and production unit for the above sand and reservoir.

3. To force pool and integrate all separately owned tracts, mincral leases and other property interests within the proposed unit, with each separate tract sharing in unit production on a surface acre basis of participation.

4. To designate the SWEPI -Odom A-4 Well as the unit well for the proposed unit, and to designate Shell Western E & P Inc. as operator of the proposed unit.

5. To obtain exceptions to the provisions of Statewide Orders Nos. 29-E and 45-I.

6. To consider such other matters as may be pertinent.

The S2 Sand, Reservoir A, in the Black Bayou Field, is defined as that oil and gas bearing sand occurring in the interval from the 6,654 feet to 6,749 feet measured depth on the induction log of the SWEPI - Odom A-4 Well, located in Section 18, Township 12 South, Range 12 West, Cameron Parish, Louisiana.

A plat is available for inspection in the Office of Conservation in Baton Rouge and Lafayette, Louisiana.

All parties having interest therein shall take notice thereof.

BY ORDER OF:
J. PATRICK BATCHELOR
COMMISSIONER OF CONSERVATION

Baton Rouge, La.

HEATHER MICHELLE STURLESE, Grand Chenier Elementary 4-H Club member poses for a picture with her heifer which helped her win the 9-year-old Showmanship class in the 1989 All American Brahman Show in Shrevepot in July. There were 13 states at this All American. Heather was also a contestant in the princess contest and participated in public speaking.

CHAMBER

Cont. from Pg. 1

Council and $50,000 has been set aside to develop and plan a visitors center and natural science museum featuring wildlife, and a nature walk. It should be similar to the one located at Sabine Refuge, near Hackberry.

He read a letter from the president of the New Orleans Paddlewheelers Association in New Orleans who introduced the Louisiana Cruise ship and Regulatory Act, which failed in the Legislature.

He also explained "My vote against the lottery bill was because there was no companion legislation with it on how it was to be controlled", but went on to say that we will probably be hearing more on the two proposals of lottery and cruise ships in the next session.

He said he is also working on outlawing tolls on the Cameron Ferries. He stated that his office has been flooded with calls against the tolls and the problems it is causing.

Also, no one seems to know who is to pay and who isn't, except "Boy Scouts when in a parade", emergency vehicles, and senior citizens when walking.

He said that there are 15 amendments scheduled for the upcoming session that he is working on.

Ed Kelley gave a report on the survey that is being conducted at the jetty that is to be presented to the Corps of Engineers when it is completed.

The preliminary draft of the resource directory that is to be prepared by the chamber was displayed. It is a list of businesses in the parish, listed by the services they perform, which will be corrected and updated before final publication.

Coreil reported that Conoco Oil Company has adopted five miles of Rutherford Beach to keep clean and that 125 of their employees had showed up at their first clean up.

They have also donated 20 heavy plastic trash cans to be erected by the Police Jury out at the beach and the garbage will be picked up each week at the collection points by the Police Jury trucks.

Dr. Paul Kemp, Director of the Coalition to Restore Coastal Louisiana was on hand and introduced by Rodney Guilbeaux.

He urged the Chamber and members to join the coalition and work for the coastal restoration. The chamber voted to join and to establish a special committee to work and support the cause.

Members were asked to help with and attend the legislative reception to honor the legislative delegation August 28 in the Burton Colliseum.

Two on All Star team

Two young ladies from Cameron Parish will be participating in the All Star basketball game scheduled for Thursday, July 27 at the LSU Assembly Center.

Monise Seay, state Most Valuable Player (Class B) of Hackberry and Rhonda Verzwyvelt of Grand Lake will be among the West girls basketball team. Ten members out of 15 are from southwest Louisiana.

Horse show

The Silver Spur Riders Club will sponsor an All-Breed horse show beginning at 8 a.m., Saturday, July 29, in the outside covered arena at Burton Coliseum.

Participants must be club members and present a negative coggins on each horse.

Truce declared in the TEDs war here

Cont. from Pg. 1

SHOWING THEIR support for local shrimpers in the TEDs controversy at Saturday's blockade were Hope Benoit, Emanuel Miller and Stevens with their homemade sign.(Photo by Geneva Griffith)

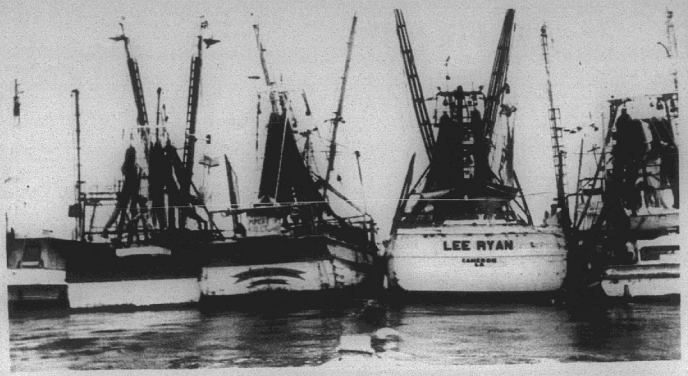
siana delegation in Washington, a meeting was set up with U. S. Secretary of Commerce Robert Mosbacher Monday between the Louisiana congressmen and federal Commerce officials. Mosbacher ordered the enforcement of the controversal TEDs regulations last week.

Shrimpers say that the TEDs are dangerous and expensive to pull, and allow too many shrimp to escape from their nets and don't really save the endangered turtles.

Many shrimpers say that they have never snared a turtle in their nets.

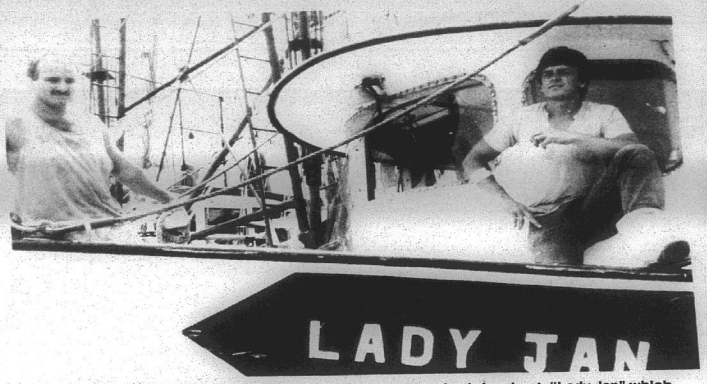
Others say that the Mexican government does not require their shrimp boats to pull TEDs and that most of the Gulf turtles are concentrated in the south Gulf, around the Mexican coast from which they are hatched.

They contend that the requirement for them to pull TEDs will not help the problem of making the turtle population extinct.



L. J. Hebert said "I think a solution would be to require an extra fee to be added to each shrimper's license to be set aside especially for the propogation of the turtles - this would do more good for everyone instead of the TED requirement."

After the meeting Monday, Mosbacher suspended enforcement of the regulations for 45 days and mandated that the shrimpers would not have to use the TEDs as long as they empty their nets every 90 minutes.



Mosbacher also agreed to look at other options.

The long, hard fight over the issue that the shrimpers have waged for several years seems to have paid off, and they have won the first round.

They have all gone back to work out into the Gulf, and business is as usual, and they have learned a valuable lesson, that working and standing united they can accomplish an almost impossible goal.

THESE WERE some of the local shrimp boats that "held the line" in the blockade Saturday of the Calcasieu ship channel in protest to the forced use of the TEDs. (Photo by Geneva Griffith)

JAMES BOUDREAUX and Terry Picou are shown on Picou's shrimp boat, "Lady Jan" which was one of the boats that had its wheel house front window blown out by Coast Guard pressure hoses. (Photo by Geneva Griffith)

THE JETTIES AREA was packed with cars of sightseers Saturday during the "TEDs war" in the ship channel. (Photo by Geneva Griffith)

Emergency feed

An Emergency Feed Program has been implemented for Calcasieu and Cameron Parishes due to the loss of pasture as a result of recent rainfalls. The feeding period established for the program is July 7, through Aug. 5.

To be eligible, an applicant must have at least a 40% loss of pasture and 10% of his gross income must be derived from the production of grain or livestock. When applying, you must furnish the number of cows, bulls, calves and horses. You may apply at the ASCS Office, 1400 Hwy. 14, Lake Charles.

Oil pits to be closed

Several significant pieces of environmental legislation involving the oil and gas industry were approved during the recently completed regular session of the Louisiana Legislature.

These bills will have significant impact on the Louisiana oil and gas industry, according to Jim Porter, president of Mid-Continent Oil and Gas Association. However, Porter noted the bills were approved without opposition from the industry and in many cases were approved because of the input and support provided by the oil and gas industry.

One of the most significant bills approved was one by Rep. Randy Roach, D-Lake Charles, calling for the closing of oil field production pits in the coastal area of the state.

This bill, which was amended by the author at the request of the oil and gass industry to define more clearly the definition of wetlands and what types of pits are covered, requires production pits to be closed by Jan.1, 1993.

The bill applies to oil and gas pits in the state's area. The bill does allow for a two year extension of that dealine on an individual pit basis, provided the pits are operated in an environmentally sound manner.

FAMILY MEMBERS of shrimpers and spectators lined the jetties Saturday to see the confrontation between shrimpers and the Coast Guard. (Photo by Geneva Griffith)

Cattlemen meeting

By Geneva. Griffith

The Cameron Parish Cattlemens Association met last week at the Creole Fire Station and presented the first of several educational programs to help the local farmers and ranchers.

Glenn Alexander, assistant district attorney, spoke on liabilities pertaining to livestock owners, and on workers compensation liability.

Cecil Ashford, Manager of the Creole Farm Bureau Office, discussed the insurance coverage that is available for farmers and ranchers.

Eddie Joe Conner, Manager of the Cameron Insurance Agency, discussed insurance coverage on automobiles, trucks and stock trailers.

Enos Darbonne, State Farm insurance agent, discussed homeowners and flood insurance coverage.

A question and answer period was held following the forum, moderated by Orrie Canik, Cattlemen Association president.

A meal, hosted by the Farm Bureau, Cameron, and State Farm Insurance companies was served preceding the forum.

Parish team to go to national tourney

An all star team of 11 and 12 year old boys from Cameron Parish won the ASA State Baseball championship in Plaquemine Saturday, July 15, beating four different teams in six games that started at 9 a.m. and ended past midnight.

The team will go to the national competition in Shreveport in August. The players and coaches (*denotes coaches) are pictured above.

Left to right: (Back row) *Ladd Wainwright, *Rusell Savoie, (Middle row) Tootie Doxey, Jamey Fawvor, Jeff Wainwright, Mark Miller, Jeremy Jones, Jerome Guillory, Chris Savoie, Channing Conner, Carlin Bertrand, *Douaine Conner, (Front row) Brian Hardie, Jared Savoie, John Bourgeois, Chris Hebert and bat boy - Lancey Conner.

All Star players and their parents thank their supporters, the coaches, Sheriff Sono Savoie and his deputies, their families, friends and the community for their contributions and support.

Local team to play in world tournament

THE CAMERON Telephone Company baseball team took third place in state playoffs this week in Lafayette and have been chosen to participate in the world baseball tournament in Hutchenson, Kansas on July 29.

Billy Delaney , E. J. Duhon and Kelley Vincent are the team coaches and the team members are Keith Portie, Rickie Miller, J. M. Boudreaux, Ron Lanier, John LaBove, Pat Bertrand, Jared LaBove, Derik Hardie, Ronald January and Charlie Duhon are team members.

KATHERINE TOERNER, second from left, is shown with her first cousins at her 98th birthday party. They are Eugene Theriot, DeQuincy; Mrs. Toerner, Annie Guilbeau, Port Arthur, Tex.; and A. J. Theriot, Lake Charles. The party was held Sunday, July 23 at the Creole Multi-Purpose Building and was hosted by Mrs. Toerner's four children. They are descendants of Jean Viler Theriot.

Festival to have many activities

BY KAREN WHITE

The second annual Cameron Summer Fishing Festival will be held Thursday, July 27 through Sunday, July 30. Ceremonies will kick off at 6:30 p.m. with The Blessing of the Fleet parade at the Old Mobile Dock by Monkey Island Ferry. This year's theme is "Get Hooked on a Good Time." Any boat entering the fishing competition should contact Larry Myers or Eddie Conner to enter the parade. Fishing tickets are now on sale.

There will be three pageants this year beginning with the Baby Miss through Petites on Thursday at 6 p.m., Deb through Teen on Friday at 6 p.m. and the Summer Fishing Festival Queen Pageant at 7 p.m. on Saturday. The Thursday and Friday competition will be held at the Cameron Recreation Center and the Saturday pageant at the Cameron Elementary School auditorium.

The Fishing Tournament will begin at 12:01 a.m. Friday for the Bay and Surf Division: drum, redfish, flounder, gaftop, speckle trout, sheeps head; and the Offshore Division: redsnapper, dolphin, king mackrel, shark, cobia (ling), and grouper. Cash and prizes will be awarded between 4-6 p.m. for first through third places in each division on Sunday at the Cameron Multi-Purpose Building.

A children's parade will start at 6 p.m. followed by the New Orleans Jazz Marching Band. Opening ceremonies will begin at 7:30 p.m., with a street dance beginning at 9 p.m. Music will be furnished by "Slick", (fifties and sixties music).

Gates, food booths, and special events will open at 10 a.m. on Saturday. A street dance will be held from 11 a.m. to 3 p.m. featuring french music by the Clement Brothers Band. A senior citizens king and queen contest starts at noon, followed by Birds Pets and Things at 1 p.m. There will be a marshmallow toss at 2 p.m. and the Myron Ropp puppet show at 3 p.m. An outdoor concert with Ray Aucoin Country Soul Band playing at 4 p.m. and an indoor dance featuring Breakin' Ground at 9 pm. A youth street dance will also begin at 9 p.m. with Knight Riders providing the music.

Gates will open on Sunday at 10 a.m. with Rodie Romero's Cajun Band performing from 11 a.m. to 3 p.m. George LaBove and Trina Magic Show will begin at 1 p.m., followed by a performance by Free Style Bike Riders and Skate Board. Peaceable Kingdom will present a reptile show at 3 p.m. Jerry Furrs and the Teardrops will provide the music for a street dance beginning at 6 p.m., and at 8 p.m. the Kossa Indian Dancers will perform. The street dance will continue from 9-11 p.m.

The Cameron Youth Council will be in charge of the events on Saturday and Sunday beginning at 1 p.m. each day.

The events for Saturday are as follows: crab race, 1 p.m.; diaper derby, 1:30 p.m.; toddler basketball (1-2 years old), 2 p.m.; hoola hoop contest, 2:30 p.m.; bubble gum blowing contest, 3 p.m.; watermelon eating contest, 3:30 p.m.; greased pig contest with three divisions (4-5 yrs., 7-9 yrs., 10-12 yrs.), 4 p.m. A street dance will be held from 9 p.m. to 1 a.m. Free admission.

Sunday events are the same as above until 4 p.m. The greased pig contest will be held for ages 13-15, 16-18 and 18 up. Other activities will be the dunking booth, car bash and novelty booth.

Trophies and ribbons will be awarded. There will be an entry booth at the festival for registering. All donations received in the events sponsored by the youth council will help buy disc jockey equipment for dances. For more information contact Sybil Higginbotham at 775-7583.

There will be a $1 entry fee at the gates each day. Prizes will be given away hourly on Saturday and Sunday.

A poster contest is being held. For more information contact Carla Richard at 775-5933.

Decline of sea turtles caused by many factors

By Loston McEvers

There are five species of sea turtles found in the Gulf of Mexico; Kemp's Ridley, Green, Leatherback, Hawksbill and Loggerhead.

The Kemp's Ridley which is the most endangered species, is the smallest, compared to the other sea turtles. It is 30 inches in length and weighs approximately 100 pounds. It is olive-gray in color and has an oval shaped shell.

The Hawksbill Sea Turtle is a small to medium sea turtle, averaging 36 inches in length and weighing between 100 to 200 pounds. It's beak is hawk-like and has overlapping scales on its shell. Unlike the Kemp's Turtle, whose eggs are sought after, the Hawksbill is preyed upon by man for its high value as jewelry, but also for it's eggs.

The Letherback Sea Turtle is the largest of all the sea turtles. It has been known to reach a length of 6 feet and weigh as much as 1400 pounds. The Leatherback has no scales, but five to seven layers or ridges of a rubber, leather-like shell. They are black in color with white patches.

The Loggerhead Sea Turtle is a large reddish-brown turtle with a real large head. It is about 36 inches in length and weighs between 150 and 400 pounds. They are oval to heart-shaped in their shell. Their jaws are strong enough to crush oysters and clams.

The Green Sea Turtle is a medium to large sea turtle, 36 to 48 inches in length and weighs about 300 pounds. Its shell is oval and dark brown in color and may have yellow stripes on the rest of the head.

The population of all the five species of turtle found in the Gulf is low and all are on the endangered species list.

We do know that a lot of blame was put on our shrimpers, that the turtles were caught and died, but from all the information I gathered, the eggs are so popular for eating that in Mexico they watch and dig up the eggs for eating or selling, loss of nesting habitat, nesting predators on eggs, the small hatchlings (both by natural predators and man,) illegal egg harvest and pollution are other reasons for the decline in the number of sea turtles. Also land erosion has caused some of the turtles to stop nesting for long periods of time, as they don't care for new nesting sites.

PARTICIPANTS WHO entered the greased pig contest last year are shown slippin' and a slidin'.

Sharks may be placed on list

A strong market for shark fins, meat, and skins has resulted in soaring catches of Gulf sharks and given cause for concern among fishery scientists and managers.

Dr. Jose Castro described to the Gulf of Mexico Fishery Management Council the biology of sharks and noted that with a very low productive capacity, their evolutionary success has been the result of their having few predators.

Shark stocks are unable to sustain heavy fishing, and the history of shark fishing is one of boom and collapse.

The Council is initiating development of a management plan for Gulf sharks; however, because implementation of federal management is still at least a year in the future, the Council has asked the Gulf states to consider interim management measures in state waters to reduce catches.

The council will also review landings and bycatch data and consider requesting National Marine Fisheries Services to implement an emergency rule reducing levels at its next meeting.

ACTIVITIES Cont. from 3

Those interested in entering the childrens parade, or needing more information on the children's, senior king and queen contests should contact Barbara LeBlanc at 775-5660.

This years festival officers are Eddie Conner, president; Ray Hay, vice president; Barbara LeBlanc, secretary; Yvonne Mhire, treasurer; Donna LaBove, donations; Debbie McCall, pageant director; Ronnie Picou and Larry Myers, tournament; Carla Richard, poster contest; and Evelyn Hay, advertisement.

Three pageants set at the festival

Three pageants will be held in conjunction with the Cameron Summer Fishing Festival. The Thursday and Friday pageant will be held at the Cameron Recreation Center and the Saturday pageant will be held at the Cameron Elementary School auditorium. Admission will be $1.50 and children under 12 free.

The Baby Miss through Petite division will be held Thursday, July 27 beginning at 6 p.m. Registration will close at 5 p.m. Divisions will include Baby Miss (0-12 months), Tiny Miss (1-2 years), Little Miss (2-3 years), LaPetite (4-6 years), Petite Miss (7-8 years), Baby Master (0-12 months) and Tiny Master (1-3 years).

On Friday night the Deb through Teen Pageant will be held at 6 p.m. with registration closing at 5 p.m. The divisions are 9-11, 12-14 and 15-17 years of age.

The Cameron Summer Fishing Festival Queen's Pageant will be held on Saturday, July 29 at 7 p.m. for girls ages 18 and up. Deadline to enter competition will be at 12 noon. An interview will begin at 2 p.m. The new queen will be introduced at the Cameron Recreation Center during the Queen's Ball following the pageant.

A photographer will be available for pictures.

A queen or king will be chosen in each division and will receive a crown, trophy, banner and festival t-shirt. A first, second, and third runner up will be named. Fashion and Photogenic Awards will also be given.

Entry fee is $35 for beauty and $20 photogenic. A $10 discount will be given to any second participant of an immediate family.

Two overall winners in the Baby Miss through teen divisions will be awarded a $500 and $250 savings bond and six foot trophies. They will be announced at Saturday nights pageant.

Debbie McCall is the pageant director and coordinators are Suzanne Sturlese of Creole and Inez Nunez of Sugartown.

Marking rules told for saltwater nets

The Louisiana Department of Wildlife and Fisheries has approved new marking requirements for gill nets and trammel nets used in Louisiana saltwater areas.

Each net must be marked with an international orange colored buoy on each end of each net that has a minimum diameter of 6 inches.

The buoys must be visible above the surface of the water.

Each end of the net must also be marked with a waterproof tag listing the fisherman's full name and commercial license number (not a net license number), written in readable English.

Local LDWF enforcement agents have indicated that the fisherman's name and commercial license number can be written directly on the two international orange colored buoys if it is readable and written with a waterproof marker in contrasting colors.

For more information call Paul Coreil, Wildlife and Fisheries Agent for Cameron and Calcasieu parishes at 318/775/5516.

Numbers to call about your entries

Special notice to anyone interested in having a booth during the Cameron Summer Fishing Festival should contact Barbara LeBlanc at 775-5660.

Those wanting to enter the childrens parade, king or queen contests, Blessing of the Fleet or pageants should contact Evelyn Hay or Mrs. LeBlanc.

Booths to be opened at festival

The following booths have been registered for the Cameron Summer Fishing Festival to be held Thursday, July 27 through Sunday, July 30.

They are: Sausage on a stick, Cajun fried corn on the cob, boudoin, Po-boys (shrimp, oyster, or roast beef), lemonade, baked potatoes, frito pies, nachoes, funnel cakes, hot dogs, etoufee dog, sweets, card reading, wooden furniture, crafts, balloons, and ceramics.

Hang Fund has new no.

The Federal Fishermen's Contingency Fund (Hang Fund) address and telephone number have been changed, according to Paul Coreil, area fisheries and wildlife agent.

Fishermen who need to make a claim covering gear or vessel damage or loss in federal waters (3 to 200 miles offshore), should contact the claims office at the following new address: Fishermen's Contingency Fund, 1335 East-West Highway, Silver Spring, Maryland, 20910; telephone 301-427-2396.

Miss LaPointe to crown new queen

Becky LaPointe, 19, the reigning Miss Cameron Summer Fishing Festival, will crown her successor Saturday, July 29 at 7 p.m. The pageant is being held at the Cameron Elementary School auditorium and admission is $1.50 with children under 12 years entering free.

A sophomore at McNeese State University, Becky is a mass communications major. She entered the Queen of Queens pageant held at the Louisiana Association of Fairs and Festivals Convention in Baton Rouge this past February and was named third runner up.

Becky is the daughter of Mr. and Mrs. Percy LaPointe of Lake Charles.

Evelyn Ellis is the reigning Cameron Summer Fishing Festival Junior Queen. The fifteen year old daughter of Ed and Dora Ellis of Sulphur, she is active in track and writes poetry.

Alligator season to open on Sept. 30th

This year's alligator hunting season, lasting 30 days, will open September 9 and run through October 8, according to the Louisiana Department of Wildlife and Fisheries.

Johnnie Tarver, administrator for the department's Fur and Refuge Division, said biologists will establish quotas for the 1989 harvest after completing alligator population surveys this month.

Tarver said that alligator tags, when available, will be priced at $4.00 each. This $4.00 charge was approved by the LDWF Commission and replaces the $2.00 fee formerly assessed for tags allocated.

The increased income from the tags will pay for the state's alligator program.

Department officials expect that the issuance of about 25,000 tags will be authorized for harvest of alligators from the state marshes and swamps with an additional 50,000 tags going to commercial gator farmers.

Last year 23,526 gators were taken by some 1,535 hunters, while 19,838 gators were harvested by gator farmers. Farmers, with approval of the department, can harvest pen-reared gators during the closed season.

Tarver assured the commission that, as in the past, the alligator harvest will be carried out under rigidly controlled conditions on selected public and privately owned sites.

Hides brought an average of $48.00 a linear foot in 1988, and prices are expected to be similar this year, according to Tarver.

New management measures proposed for the Gulf

The Gulf of Mexico Fishery Management Council has adopted the following proposed management measures.

These rules will go into effect for the Gulf in early 1990 if they are approved by the Secretary of Commerce.

* A yearly commercial quota of 3.1 million pounds on red snapper.

* A daily sport bag limit of seven red snappers per person per trip.

* A daily sport bag limit for all other snappers, except vermilion and lane snappers, of ten fish combined.

* Minimum size of 13 inches (unchanged) on red snapper, 12 inches on gray mutton and yellowtail snappers and 8 inches on lane an vermilion (b-liner) snappers.

* Commercial quotas of 9.2 million pounds for shallow water groupers and 1.8 million pounds for deep water groupers. Deepwater groupers are snowy, yellowedge, misty and warsaw groupers.

* A daily sport limit of five for all groupers combined.

* A minimum size of 20 inches on red, gag, black, yellowfin (not yellowedge) and Nassau groupers.

* A minimum size of 50 inches on jewfish.

* A commercial quota of 1.5 million pounds of amberjack.

* A daily sport bag limit of three amberjack.

* A minimum size of 28 inches fork length on amberjack.

* All bag limits are to be trip limits with an allowable possession limit up to two days on multi-day trips aboard charter or head boats and other commercial boats taking reef fish as a bycatch. Any boat eligible for a two day possession must keep a daily log book to do so.

* Bottom longline are prohibited within 50 fathoms west of Cape San Blas, Florida, and within 20 fathoms east of the cape.

* Incidental catches of reef fish on other longlines, shrimp trawls and nets will be limited to the sport bag limit (up to two days limit in possession) and minimum size limits.

* Fish traps will be allowed outside of designated stressed areas, but will be limited to 100 traps per permit holder. Annual permits are required.

* Fishermen are restricted to sport bag limits unless they have a commercial permit issued by the National Marine Fisheries Service. To qualify for a permit, a fisherman must prove he earned more than 50% of his earned income from commercial or charter/head boat fishing the previous year. Retirement income or similar income does not count as earned income. Reef fish taken without a commercial permit may not be sold.

Permits

Owners and operators of a charter vessel that fishes for king mackerel, Spanish mackerel, cero, cobia, dolphin, little tunny and bluefish must obtain an annual charter vessel permit from the National Marine Fisheries Service.

Fishing vessel safety manuel is available

"The National Council of Fishing Vessel Safety and Insurance Manuel", produced by Texas A & M University Sea Grant in cooperation with the U.S. Coast Guard, is designed for vessel captains, crews, fleet owners, and others concerned with safety and training in the Gulf Coast fishing industry.

The Gulf Coast manuel, adapted from the "Vessel Safety Manual" produced by the North Pacific Vessel Owner's Association, outlines basic safety procedures, addresses the operational concerns of the region's commercial fishermen and offers recommendations to enhance vessel safety.

The Gulf manuel includes chapters on safety and survival, medical emergencies, fire prevention and fire fighting, U.S. Coast Guard standards and procedures, navigation, seamanship, watchkeeping, rules of the road, stability and vessel systems, and engineering.

The manuel serves as a curriculum outline and a reference text for Gulf Coast wide safety and training efforts, and provides basic, as well as technical, information on safety procedures needed to help reduce accidents, insurance claims and casualities.

The manuel is $25.00 per copy by check payable to "National Council of Fishing Vessel Safety and Insurance" and can be ordered from: National Council of Fishing Vessel Safety and Insurance, 2000 M. Street, N.W.—Suite 580, Washington, D.C. 20036, Phone (202)29606756.

Join Us For The Cameron Summer Fishing Festival!!

"A-TOUFAY THE PELICAN" the official mascot of the Cameron Summer Fishing Festival is shown with two young admirers, Brandwin LaLande and Jonathan Miller. A-Toufay will be available to have his picture taken with children and adults attending the festival July 27-30. He also is avialable for appearances at parties for a small fee by calling 775-5907.

THIS PHOTO of a fine catch of fishing was taken during the 1980 fishing rodeo in Cameron. (Photo by Geneva Griffith)

Territorial boundary now goes to 12 miles

When President Reagan announced in December 1988 that the United States would regard its territorial boundary as 12 nautical miles offshore instead of the traditional three, he was acting in the best interest of national security and following the example of a hundred other coastal nations that have extended their national borders to 12 miles offshore.

In redefining the national boundary, the President intended only to affect U. S. international policy, stating that no existing domestic law or jurisdictional right was to be altered.

But in spite of the President's intention, the proclamation has caused some legal uncertainties by its failure to redefine domestic policy in regard to the extra nine miles. It created a legal no-man's-land over which a struggle for control could take place between the coastal states and the federal government.

"New legislation would certainly be helpful, if not necessary, to clarify domestic jurisdiction in the new territorial waters," said Fred Whitrock, attorney with Louisiana Sea Grant's Legal Program. "The President's statement that existing domestic laws would remain unaffected was really only an opinion.

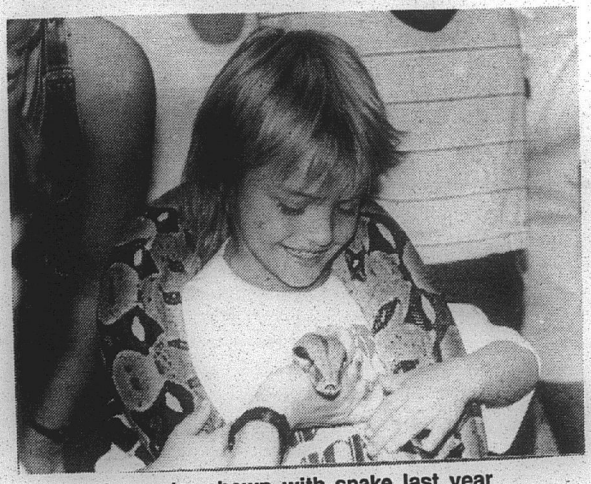
In matters of states' rights, such as coastal boundaries and jurisdictions, only congress an make decisions, not the executive branch."

At present, says Whitrock, almost all the federal laws that effect coastal state jurisdiction specify three nautical miles as the limit. These laws would not be affected by the extension.

"An example is the Submerged Lands Act, which allows coastal states the right to collect revenues from mineral production only up to three miles from their coastlines."

But other laws involving ocean resources are now in question.

For example, for many years foreign nations were not allowed to fish at all within the three-mile U.S. territorial sea and only with a permit in the U. S. Exclusive Economic Zone (from three to 200 miles).



Is foreign fishing now to be banned up to 12 miles?

One law, says Whitrock, through which a state might be able to automatically claim extended jurisdiction is the Coastal Zone Management Act.

Under this act, Congress defined the U. S. Coastal Zone as extending to the boundary of the territorial sea, with no limitation.

The act allows a coastal state to define its own coastal zone and draft a plan for managing coastal resources.

This plan must then be approved by the federal government.

Youngster shown with snake last year

Reptile show is Sun.

A big attraction at the Cameron Festival will be the Peaceable Kingdom Pet Shop Reptile Show to be held at 1 p.m. Sunday, July 31, during the festival. You can even hold one if you like.

The program, presented by owners, Sharon and Paul Moore of Sulphur, will feature several species of reptiles including some from Louisiana and North America as well as varieties that live in tropical climates.

Breeders of their own reptiles, the Moores share their experiences of raising the non-poisonous species and give educational advice on caring and encountering these mysterious animals.

Contest set

The Senior Citizen's Queen and King contest will be held at the Multi-Purpose Building Saturday, July 29. All contestants should meet no later than 10:30 a.m. The pageant will begin at noon. Those interested should contact Barbara LeBlanc or Evelyn Hay.

Festival board shown with new hospital equipment

SLATED JULY 27-30

Festival aids hospital

In addition to having a good time, the goal of the second annual Cameron Summer Fishing Festival set for July 27-30, is to raise funds for community projects.

Members of the festival's board of directors are shown above with new equipment that was purchased for the South Cameron Memorial Hospital with funds raised at last year's festival.

This is a "thumper and CPR board and ventilator unit" that can be used by ambulance personnel in giving immediate treatment to someone who has had a heart attack. The unit compresses the chest to get the heart beating again and also feeds oxygen to the patient.

Hospital Administrator Joe Soileau said the unit costs about $5,000 and has been used number of times since it was purchased with festival funds.

The festival board has pledged to make another donation to the hospital following this year's festival to be used for additional equipment. Also the board plans to make a donation to the Cameron Recreation District to help with the upkeep of the community building behind the courthouse.

Shown in the above photo from the left are Board Members Larry Myers, Ray Hay, Donna LaBove, Yvonne Mhire, Barbara LeBlanc, Administrator Joe Soileau, Board Member Eddie Conner and ambulance attendant John Zamora.

(Board members not shown are Evelyn Hay, Debbie McCall, Ronnie Picou and Carla Richard.)

In the background is one of the two new ambulances purchased by the hospital in recent months with funds generated by an ambulance district tax passed by the voters last year.

Gulf fishing good

By GENEVA GRIFFITH

Despite cries of alarm from conservationists about possible danger from oil industry operations to the estuarine nurseries that make up the Gulf Coast, fishing off Louisiana is flourishing.

Sports fishing around rigs, in fact, has grown almost in direct proportion to the increase in marine drilling and production platforms in the Gulf.

Energy production in the Gulf of Mexico is yielding a bonus to saltwater recreational fishermen and scuba divers.

Production platforms built when oil or gas is discovered concentrate many desirable game fish, resulting in increased angler success.

These platforms also form a structure where artificial reef communities are established, increasing biological productivity and providing scenic diving areas.

From a fish's eye view, the 2,000 or so platforms are like reefs, offering safe, dark hiding places, and there is also food.

Bacteria forms on the platform legs, algae begins to grow, shell life and small fish are attracted, and soon the food chain is complete.

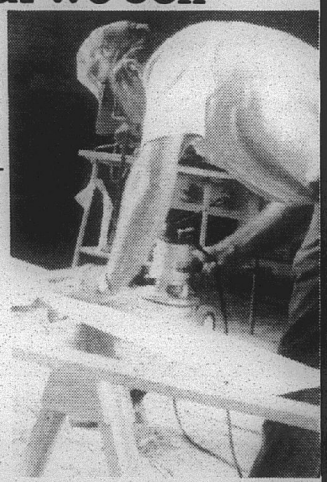
Because of their visibility, the offshore rigs are also easy to locate without sophisticated equipment.

Thus "rig fishing" in which boats anchor near or actually tie up to production platforms, has become a standard way to fish in the Gulf of Mexico.

It has been estimated that 75% of all fishing trips in the state's offshore water involve oil and gas structures.

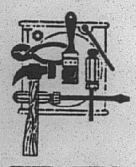
Clement Brothers to play Saturday

Providing french music for the street dance Saturday, July 29 of the Summer Fishing Festival will be the Clements Brothers Band, beginning at 11 a.m.



The Clement Brothers began playing music at an early age, and organized their band in 1950. There are three brothers in the group: Terry (accordian), Purvis (violin) and Grant (guitar and bass). Other members of the group include brother-in-law Ronald Goodreau (drums) and good friend Floyd LaFleur (bass fiddle).

The Clement brothers' interest in French music was a result of their family's love of music. Their father, Laurent, played the fiddle for many house dances in the arly 1900's. Their mother and uncles were also musicians.



The group will be playing until 3 p.m., so don't want to miss them!

How we sell is just as important as what we sell

When you buy from us, you get the benefit of our EXPERIENCE

This is no self-service operation. Never has been and never will be. You get quality merchandise but you also get something other places don't offer. New refuge may be established

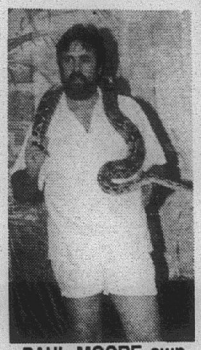
The U.S. Fish and Wildlife Service is proposing to establish a new national wildlife refuge in Cameron Parish. According to Southeast Regional Director James W. Pulliam, Jr., the Little Pecan Island National Wildlife Refuge would provide protection and management for wintering waterfowl on approximately 10,000 acres of wetlands and associated habitats.



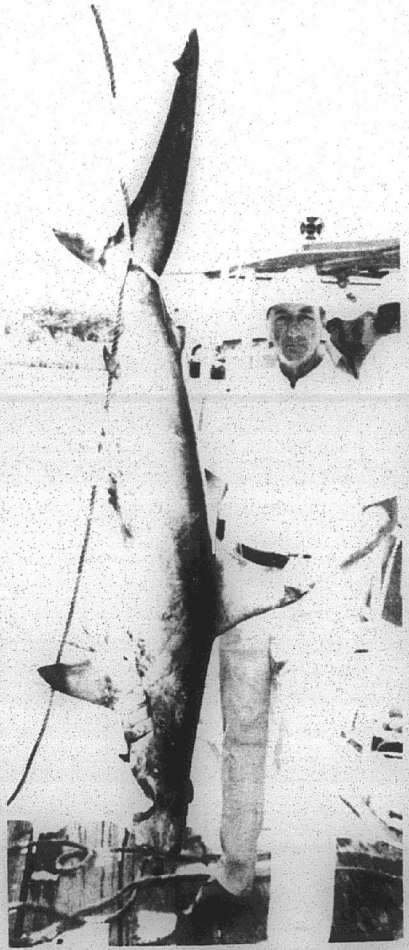
Mr. Pulliam noted that the impetus for the new refuge is the North American Waterfowl Management Plan, a cooperative management agreement between the United States and Canada. The Plan establishes goals for the protection of important habitat for breeding, migrating, and wintering waterfowl. The marshes around Little Pecan are heavily used by wintering ducks such as mallards, pintails, gadwall, and green-winged and blue-winged teal.

Service biologists have prepared a draft environmental assessment (EA) in cooperation with the State of Louisiana, other federal agencies and other groups. The assessment addresses the impacts of the Service acquiring the land and establishing the refuge. Two alternatives to the acquisition and their subsequent impacts are also evaluated in the draft EA.

The preferred alternative, i.e., Service acquisition and management, would be a positive action in preventing the loss or deterioration of valuable wetland resources of this Nation.

The draft EA, intitled "Little Pecan Island National Wildlife Refuge: A Wildlife Habitat Preservation Proposal," is now available. Requests for copies of this document should be addressed to Mr. Charles Danner, U.S. Fish and Wildlife Service, Division of Realty, 75 Spring Street, Southwest, Room 1240, Atlanta, Georgia, 30303.

Any comments or recommendations regarding the proposal are welcome, and should be sent to Mr. Danner at the above address. To be considered during the preparation of the final draft of the assessment, comments must be received no later than July 31.



PAUL MOORE owner of Peaceable Kingdom Pet Shop will be on hand Sunday, July 30 at 3 p.m. with a very interesting program on reptiles. Many non-poisonous snakes will be displayed.

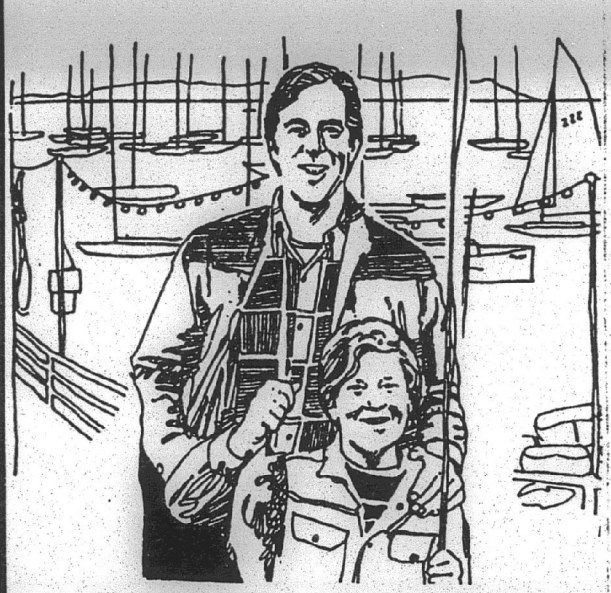
Grand Bayou boat bay is now opened



One hour before sunrise, on July 15 the boat bay at Grand Bayou was opened to public access. This structure is part of the Cameron-Creole Small Watershed Project and provides access into the East Cove unit of Sabine National Wildlife Refuge.

The boat bay should remain open until the end of the year for public usage unless salinities increase to a level that will require closing. Should this situation occur, area fishermen will be notified with a news release.

Fishermen are cautioned that strong outflowing water current through the boat bay will make access into the marsh hazardous. Please be careful while entering the refuge through the structure.

Seaweed may have been from Sargasso

BY GENEVA GRIFFITH

"Day after day, day after day, we stuck, nor breath nor motion; As idle as a painted ship upon a painted ocean. Water, water, everywhere, and all the boards did shrink. Water, water everywhere not any drop to drink."

These words were spoken by the Ancient Mariner in Samuel Taylor Coleredges "The Time of the Ancient Mariner".

The Ancient Mariner was stuck on an ancient sailing vessel, on a calm sea and ostracized from his fellow shipmates because he had killed an Albatros (the bird of good luck).

He was to live to see all of his fellow crewmembers die before he was rescued from his doomed fate.

Many people seem to think that the location of this fateful voyage and of the stuck ship was in the Sargasso Sea in the middle of the Atlantic Ocean.

The theory that this is the probable origin of the vast influx of the mountains of seaweed that has clogged the beaches of the entire Gulf Coast has been voiced by Ed Kelley, an old-time Cameron resident.

His theory is that some sort of disturbance caused the seaweed to break loose from the Sargasso Sea and drift into the Gulf Stream to be carried across the Florida Straits into the Gulf of Mexico to be deposited all along the shore of the entire Gulf.

Except, possibly, for some adventurous Phoenician galley, the keels of Columbus's caravels were the first to cut through the weeds of the Sargasso Sea.

Columbus himself was not alarmed, but merely interested, by the appearance of large quantities of seaweed on the ocean some 2,000 miles to the westward of the Canary Islands.

His sailers, however, were terrified, for the very practical and natural reason that they could not conceive of seaweed without rocks for it to grow on, and they feared every instant that the ships would run upon the rocks and be dashed to pieces.

To reassure them, Columbus threw out the lead line.

It ran out to 200 fathoms, and did not then touch bottom, and the three tiny vessels adventured onward, dragging long streamers of weed behind them.

The Sargasso Sea has long remained a mystery and has been studied by many scientists through the years.

The name "Sargaco" now changed to "Sargasso" was given to the weed-covered area by the Portuguese, and might be translated "sea of grapes".

This meaning is explained by the tiny bladders which are found by thousands in the weeds, and which early navigators supposed to be their fruit.

Like the large bladders of kelp and other seaweed, they are simply nature's device to keep the weeds afloat.

Neither columbus nor his men understood the great currents that draw the debris of the Atlantic into the eddy between them, like the cluster of bubbles in the middle of a cup of tea when it is stirred round and round.

It was this discovery that started the imaginations of scientists and fiction writers alike to building up the conception of the interior of the Sargasso Sea that prevailed to so long.

To be sure, ever since the time of Columbus, ships have sailed again and again across the great Sargasso area, and nothing worse has happened than getting their bottoms fouled, or being caught in the calms which are normal in those latitudes, but the legend persisted.

Out of the mists of antiquity was resurrected the story of the lost city of Atlantis, and the missing continent was imagined as beneath the Sargasso Sea, which is quite large enough to have been the location of a good-sized land area.

Novelists picture a blanket of netted weed from which no vessel could escape when once entangled in it; all the derelict ships of centuries were pictured as huddled in a revolving and rotting mass, formless, barnacled, weedgrown hulks of old galleons in the center; then skeletons of more modern slavers; pirate craft and the brave ships of Revolutionary days; then wrecks of smart clippers and sturdy whalers; and finally, an outer fringe of the latest marine catastrophies.

The ocean depth is estimated to be around 4 miles here and ancient sailing ships were hopelessly stuck in the masses of seaweed growing on top of the water if the winds happened to die when they were traveling through it.

It is theorized that when the seaweed breaks loose from the mats it can easily be carried into the Gulf of Mexico.

The Gulf Stream is the most important and the largest of the oceanic currents.

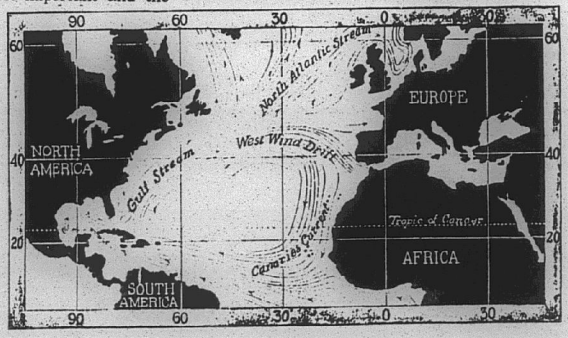
It derives its name from the Gulf of Mexico, out of which it flows.

It is 3,000 times as large as the great Mississippi River, and 10,000 times as large as the Hudson River.

The Gulf Stream has its origin in the heat of the tropical Gulf of Mexico and the farthest reach of its influence is in the ice flows of the Arctic seas.

It flows from the Gulf through the Florida Strait, and northward between the coast of Florida and the Bahama Islands.

It follows a course parallel to the coast of the United States, from which it is separated by a narrow strip of cold water, known to sailers as the "cold wall".



After flowing past Cape Hatteras it moves northeastward until it reaches the southern edge of the Newfoundland Banks.

Here it loses its identity as a distant current and becomes merged into the general drift of the warm water which moves from the Atlantic in a northeasterly direction toward the coast of Europe, called the Gulf Stream drift.

When the Gulf Stream drift approaches the European side of the Atlantic Ocean, it divides into two parts, one stream going southward toward the western coast of Africa, and the other going northward along the western coast of the British Isles.

Whether or not this theory of the origin of the dreadful seaweed is true we cannot say--but it is as good a theory as anyone has come up with.

It seems that everything associated with the Sargasso Sea has always been a mystery down through the ages and this is just a part of the mystique.

Sat., Sun. events

The Cameron Youth Council will be in charge of events on Saturday and Sunday, beginning at 1 p.m. each day. There will be an entry booth at the festival for registering. All donations received from the events will help buy music equipment for dances.

The events for Saturday are as follows: crab race, 1 p.m.; diaper derby, 1:30 p.m.; toddler basketball (1-2 year olds), 2 p.m.; hoola hoop contest, 2:30 p.m.; ubble gum blowing contest, 3 p.m.; watermelon eating contest, 3:30 p.m.; greased pig contest with three divisions (4-5 yrs., 7-9 yrs., and 10-12 yrs.), 4 p.m. A street dance will be held from 9 p.m. to 1 a.m.

Sunday events are the same as above until 4 p.m. The greased pig contest will be held for ages 13-15, 16-18, and 18 up. Other activities will be the dunking booth, car bash and novelty booth.

For more information cotnact Sybil Higginbotham at 775-7583.

Bird show to be held at fesitval

(Photo by Kristy Dupuie)

BRUCE HAMILTON of Birds, Pets and Things

A bird show put on by Bird's, Pets and Things will be held at 1 p.m. Saturday, July 29, during the Cameron Summer Fishing Festival.

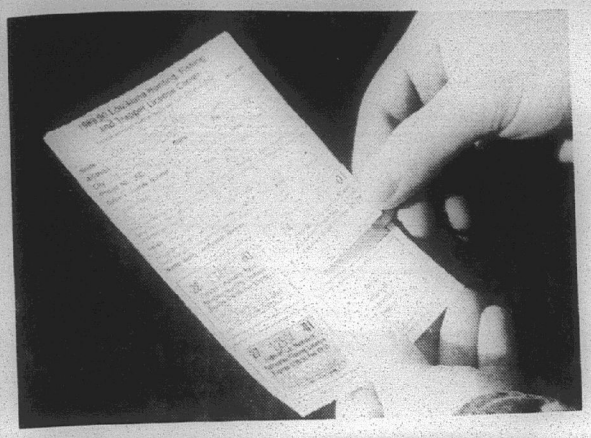
The traveling Bird show has been around for many years. It started out as a way to help the handicapped and has evolved into an institution in Southwest Louisiana.

Bruce Hamilton is pictured with one of his star birds, Gumbo. The birds do everything from riding bicycles to roller skating with the newest addition, "Larry Bird" who plays basketball.

They also bring hamsters, guinea pigs, rabbits, and even "Willard" the Rat. Be sure to bring your camera. You are welcome to take pictures.

Tips on camping food care

A camping trip can be a memorable experience and one of great enjoyment. But don't let unsafe handling of food spoil your trip.



Here's some tips to take camping to keep the experience free of food poisoning:

1. Never exceed your food storage capacity.
2. Make more trips to the grocery store and use non-perishable foods.
3. Keep cold foods cold and hot foods hot.
4. Cook food thoroughly when camping.
5. Keep your hands, utensils and preparation area very clean.
6. Never thaw frozen foods on the counter.
7. Ice down fresh caught fish immediately.
8. Cook all fish with 24 hours.
9. Divide large bowls of starchy foods into smaller portions before refrigeration.
10. Inspect all canned goods carefully before using. Throw away any canned goods that have loose lids, are swollen, or smell bad.

Licenses simplified

It may not help land more fish or game, but Louisiana sportsmen won't have as much clutter when they buy their 1989-90 fishing and hunting licenses.

The state Department of Wildlife and Fisheries has moved to reduce vast amounts of paperwork for both sportsmen and license officials with a new-design, single-card stamp method of licenses for the outdoor sports.

New licenses now are available at sheriff's offices and many sporting goods stores. New, 1989-90 fishing licenses must be used starting July 1.

The new form is a 4 inch by six inch manila card, with space for individual license stamps for basic fishing, saltwater fishing, basic hunting, big game hunting, bow and muzzle-loader hunting, trapping and state and federal waterfowl licenses.

Instead of carring around a pocketful of individual licenses, a sportsmen now will use only the single license stamp carrier. Stamps for each sport are color coded to indicate which activity they represent.

The manila carrier, made of water-resistant stock, easily can be folded to wallet size.

A detachable form serves as a "lost license" stub, on which license numbers may be recorded and filed in case of loss.

A major benefit for the state is a major reduction in paperwork and processing time. LDWF estimates some $50,000 already has been saved with the new format.

Save time: Prepare a Boating checklist of essential equipment

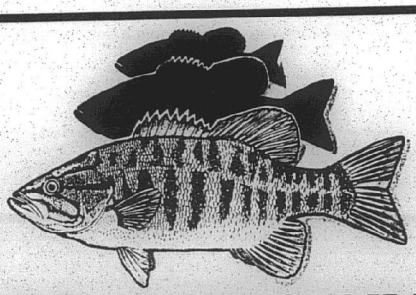

Photo courtesy of Mercury

A successful boating or fishing trip depends on having the essential equipment when you get ready to launch. Make a checklist of "don't forget" gear.

Here's a sample of some of the items you might need. You may want to add others to develop your customized list.

- Trailer tie-downs (bow/stern)
- Transom drain plug
- Portable fuel tank with hose
- Keys: engine/trailer
- Boat battery
- Two-cycle oil
- On-board tool kit
- Hand bilge pump
- Anchor with line
- Deck lines (bow/stern)
- Spares: fuel line, prop, spark plug
- Trailer-mounted spare tire
- Boat cover
- Boat fenders
- Trailer jack
- Oars/paddles
- Bucket and sponge
- Wheel chocks
- Seat cushions
- Personal Flotation Devices (life/jackets)
- Fire extinguisher
- Distress signalling devices for day and night

1988 BLESSING of the Fleet led by commodore of the Festival, Sheriff James R. Savole. He is accompanied by festival royalty. (Photo by Guthrie Perry)

Children's parade to be held Friday

The children's parade will be held Friday, July 28 at 6 p.m. for ages 2-12. The three divisions are walking, bicycles and mini floats. A king and queen will be chosen at a random drawing during the Blessing of the Fleet on Thursday and will serve as king and queen of the parade. Entry fee is $1. Those interested should contact Barbara LeBlanc for entry forms.

The New Orleans Jazz Band will end the parade and will entertain at the festival grounds.

CAMERON OUTDOORS.....By Loston McEvers

Offshore fishing has been good

TRAPPING REPORT

A meeting was held in Baton Rouge last Friday to discuss trapping standards, fur marketing and reports on the 1988-89 fur harvest. It should be interesting to get these reports, especially just to see how much lower the number of pelts and also the money that was lost by one trapper this past year. As you recall 50 per cent of our trappers didn't trap or just trapped a few days and the price of pelts were next to nothing.

ALLIGATOR SEASON SET

This year's alligator season will open Sept. 9 and run through Oct. 8.

This year there is a change on the price of alligator tags. Last years fee was a $2 fee for tags for each gator, this year it will be $4 per tag.

This increase will produce extra funds to pay for the state's alligator program.

What really gets me is I thought the increase in the tag from $2 to $4 was to have a biologists and secretary to take care of the alligator program. There was quite a few hundred thousand dollars taken away from Rockefeller Refuge, for something else, but they couldn't afford to give the alligator program $300 thousand.

I sure was glad when I went to school, they taught me arithmetic and not math, cause I can still figure who is getting the shaft.

ARE SHARKS NEXT?

It seems we may see the sharks become more of a game fish, with limits, sizes and even maybe endangered species.

Looks like shark meat, fins and skins have become strong in market sales. This has caused a larger catch of sharks than usual and is concerning the Gulf of Mexico Fishery Management Council.

It is claimed that sharks have a low productive capacity, but now more pressure is on.

The council has asked Gulf states for a reduction in catches.

AREA NEWS:

Fishing offshore has been good unless the South, Southeast to Southwest winds are blowing. Good catches of red snapper 90 miles offshore have been reported. I have seen a good catch of Spanish Mackeral this past week with one king to go along with the catch.

In our area marshes lots of small bass being caught but slow on the bigger bass.

RODEO SET

The Cameron Fishing Festival will hold a deep sea, surf, bay rodeo and onshore festival July 27-30, Thursday, Friday, Saturday and Sunday. Plenty of activities to take place. You might want to look at what's going on which is in todays paper.

Rodie Romero and band to play Sunday

Rodie Romero and the Rockin Cajuns will be entertaining from 11 a.m. to 3 p.m. on Sunday, July 30th at the Cameron Summer Fishing Festival grounds.

From Lafayette, the group consists of seven members and is a cajun/zydecajun band. A special attraction is the accordian player, who is only thirteen years of age.

Members of the Cajun French Music Association, the have been nominated this year for the best new and upcoming band.

"HE'S ALL mine!" Taking home a greased pig from last years contest was this young lady.

Get Hooked On A Good Time!!

1899 storm recalled

(Lake Charles American, July 22, 1899)

GRAND LAKE

Last Sunday, July 9, at 2:30 this place was swept by a terrific wind and rain storm, cyclonic in character. The cloud first appeared in the northeast, the wind being in that direction, also it came up rapidly and at 2:30 was raining in torrents; the wind veered to the south and it seemed everything must go before it.

The wind then turned to the southwest and came up in a fury, the center of the storm striking Father Lewis' house, and completely demolishing it. It was a story and a half house and below stairs was Capt. Harry Williams, wife and month old baby, and Mr. Tom Stevenson, and upstairs was Father Lewis. The roof was torn off first, then the north end was torn out and carried over the barn, then the upper floor was raised from the southend and precipitated Father Lewis to the ground.

The walls blew outward and lastly the lower floor was caught up and carried sixty-six yards over trees and fences, and deposited on the adjoining lot. As the walls blew out, the cot on which the baby was sleeping followed, and the little thing was found in a window opening covered by the mattress from the cot. Strange to say, no one was seriously hurt. Mr. Stevenson suffered most from a cut on the upper part of his forehead, Capt. Williams had a small cut on his right temple and his shoulder was hurt, while Father Lewis was lamed a little in his right side. The furnishings of the house belonged to Capt. Williams, and were badly damaged.

To the east of the center, the houses of A. O. Kingsbury, W. J. Kingsbury and Mrs. Kuhn, the latter occupied by J. W. McKean, were blown from their foundations and left in variously damaged conditions. To the west, the first house struck was the hotel. It was left leaning, at an angle of about 45 degrees to the north, with gallery roofs torn off. Damages were about $75.

The next building damaged was the pavilion; that, being so frail in construction, will be hard to repair. Other losses consisted of broken fruit jars and some fruit. Mr. Solomon and M. D. Kearney sustained some loss in damage to their buggies. The guests of the hotel had to disperse to dry quarters and some returned to town.

J. W. McKean went to Cameron last Friday to be in attendance at the teachers' institute.

Capt. Williams has taken shelter in the H. W. Lanz house.

E. L. Wells will rent his place here and return to town.

O. Derouen and family are here for a few months stay to recuperate their health.

J. Frank's family are in the Dr. Martin cottage.

J. Elstner and family are in their cottage.

WELCOME

We Invite Everyone To Come Out This Weekend & Enjoy The Second Annual Cameron Summer Fishing Festival!

Fish is a good heart food too

BY GENEVA GRIFFITH

Fish has long been expounded as a brain food and is now found to be a very good heart food. Fish contains a polyunsaturated fat, made of omega-3 fatty acids, which may prevent heart attacks.

Fattier fish such as salmon, tuna, mackeral, sardines and herring contain the most omega-3.

Greenland Eskimos provided the first evidence. Because Eskimos' diets, mainly fish, seal, and whale meat, are high in protein and fat, scientists expected these people to be heading straight for heart trouble.

Instead, the researchers found particularly healthy hearts and low blood cholesterol levels in the Eskimos.

The scientists decided to look at another group of fisheating people, Japanese fishermen. Again, they found less heart disease in the fishermen than in Japanese farmers who ate little fish.

In the rush of research that followed, scientist identified the omega-3 fatty acids in fish. Omega-3 protects against heart disease in three ways.

1. Omega-3 thins blood. Thick blood clogs vessels and can cause a heart attack.

2. Omega-3 lowers blood triglyceride levels. High triglyceride levels are implicated in heart disease.

3. Omega-3 causes blood cholesterol to drop. Also, the ratio of low-density-lipoprotein (LDL) cholesterol to high-density-lipoprotein cholesterol (HDL) improves. LDL cholesterol clogs arteries and HD: cholesterol removes cholesterol.

Researchers have found that people who eat fish once or twice a week are half as likely to die from heart disease as those who eat no fish.

Experts next want to investigate how much Omega-3 is needed how often to have an effect. For now, they say to eat 4 to 6 ounces of fish two or three times a week.

1989-90 hunting seasons are given

Dates for the state's 1989-90 hunting seasons for resident game birds and animals and tentative season dates for three species of migratory birds have been established by the Louisiana Department of Wildlife and Fisheries, as follows:

Quail: Nov. 23-Feb. 28, daily bag limit 10, possession 20.

Rabbit: Oct. 7-Feb. 28, daily bag limit 8 possession 16.

Squirrel: Oct. 7-Jan. 14, daily bag limit 8 possession 16.

Deer: One per day, 6 per season.

Area 1, 56 days: 9 days still hunt only, Nov. 28-26; 7 days still hunt only, Dec. 2-8, muzzleloader only; 40 days with or without dogs, Dec. 9-Jan. 17.

Area 2, 56 days: 23 days still hunt only, Nov. 4-26; 7 days still hunt only, Dec. 2-8, muzzleloader only; 26 days with or without dogs, Dec. 9-Jan. 3.

Area 3, 56 days: 23 days still hunt only, Nov. 4-26; 7 days still hunt only, Dec. 2-8, muzzleloader only; 26 days with or without dogs, Dec. 9-Jan. 3.

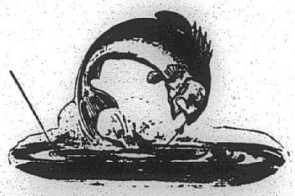
Area 4, 46 days: 9 days still hunt only, Nov. 18-26; 7 days still hunt only, Dec. 2-8, muzzleloader only; 30 days still hunt only, Dec. 9-Jan. 7.

Area 5, 16 days: 9 days still hunt only, Nov. 18-26; 7 days still hunt only, Dec. 2-8, muzzleloader only.

Turkey: One per day, 3 per season.

Area A, 30 days, Mar. 31-Apr. 29; Area B, 37 days, Mar. 17-April 22; Area C, 9 days, Apr. 21-29.

The tentative dates proposed for three species of migratory birds include:



Doves: Sept. 2-10, Oct. 14-Nov. 12 and Dec. 9-Jan. 8 daily bag limit 12, possession 24. Shooting hours noon until sunset first two days of each split: one-half hour before sunrise to sunset on remaining days.

Snipe: Nov. 11-Feb. 25: Daily bag limit 8, possession 16. Shooting hour one-half hour before sunrise to sunset.

Woodcock: Dec. 9-Feb. 11. Daily bag limit 5, possession 10.

Season dates for rails and gallinules as well as for ducks and geese will be set at the commission's August meeting.

The 1989-90 edition of the pamphlet, containing detailed information on hunting dates, areas and rules, will be available to sportsmen in late August at places where licenses are sold, sheriff's offices, and all Wildlife and Fisheries offices.

32nd Year--No. 42

Aug. 3, 1989

Cameron, La.

Beach area hard hit by Chantal

Cameron Parish residents returned home Tuesday after having been evacuated Monday afternoon due to the threat from Hurricane Chantal. Most of the parish suffered little loss, but there was significant damage to camps and roads in the Holly Beach-Constance Beach area.

Rodney Guilbeaux, Constance Beach businessman, reported there were eight buildings and camps and five trailers destroyed by the high tides and the front street of the subdivision, which was partially washed away last year, was completely taken this time.

A section of La. 82 between Holly Beach and Constance Beach, which had been repaired for storm damages last year, was again badly damaged and the highway is closed to traffic.

State Highway officials were on the scene Wednesday morning inspecting the damages.

Nick Tramonte, Holly Beach businessman, reported that one camp was lost at Holly Beach and a number of steps and porches were damaged. However, no beach erosion was reported and the storm left the beach completely clean.

Parish Administrator reported water damage to the Little Chenier road and said parish streets and roads in the Constance Beach area were covered by sand.

Pete Picou, Cameron Parish Civil Defense Director, said Chantal, the Atlantic season's first hurricane skirted coastal Louisiana and hit land around High Island about midway between Galveston and Port Arthur shortly after 8 a.m. Tuesday. Packing winds of 80 mph, Chantal barely qualified as a hurricane.

The hurricane weakened as it went inland and was down-graded to a tropical storm at 10:45 a.m., when the top wind speed dropped to 75 mph. Houston reported 40 mph winds and heavy rain, but no substantial damage.

"There was no severe wind, minimal flooding, minimal tide and minimal rain. It was basically a dry hurricane," Picou explained. He said the top wind speed along the Cameron coast never reached more than 50 miles per hour.

Letter to Juror topic of long jury meeting

By JERRY WISE

More than 100 Cameron parish citizens jammed into the Cameron Parish Police Jury meeting room, with some overflowing into the lobby, to hear what they expected to be a lively debate over a matter concerning Juror George LeBouef. They were not disappointed.

The controversy was kicked off last month, when Juror LeBouef received a letter signed by Jury President Carol Trahan stating that the Legislative Auditor had advised the jury that due to the state ethics law the jury could no longer do business with Lake Charles Diesel, LeBouef's employer, unless he resigned his job or from the jury.

An attorney for Lake Charles Diesel replied to the jury that a bill passed through the Legislature by former Rep. Conway LeBleu exempted Cameron parish from the provisions of the ethics law and said "appropriate legal action" would be taken if the jury stopped doing business with the firm on these grounds.

Vice-president Brent Nunez, who was presiding in the absence of President Carol Trahan, told the audience that while the LeBouef matter was on the agenda, the jurors might not wish to discuss it since litigation might be involved.

But Juror LeBouef said the issue did not involve the letter from the attorney and all that he wanted to discuss was the first letter to him.

"Let's get on with it, fellows," he declared. "Shape up!"

Nunez then proceeded to take a vote among the jurors as whether they wished to discuss the matter at that time. All of the jurors voted yes on continuing the discussion.

Clerk of Court Debbie Theriot, who was the spokesman for the group upset about the LeBouef matter, then passed out copies of the letter sent to LeBouef by the jury president. She asked all of the jurors if they had known the letter was being sent out. All said they did not with the exception of Brent Nunez who said he know the Legislative Auditor said there was a problem.

Mrs. Theriot said that since President Trahan was not present to answer questions about the letter, she asked if Bonnie Conner, jury employee who typed the letter, would answer some questions.

When questioned as to who dictated the letter, Mrs. Conner said it was Larry Fontenot of the Legislative Auditor's office and that she, Fontenot and Parish Administrator Garner Nunez were the only ones present.

Mrs. Theriot pointed out that the jury's letter was written on June 12, but that it was not until July 5, when LeBouef received it. Nunez sid that because of Jury President Trahan's work offshore that it was several weeks before he could get him to sign the letter.

Cont. on Pg. 2

Compromise made on jetties fence

Efforts of the Police Jury, Chamber of Commerce and groups have been successful in getting the Corps of Engineers to modify their recent intention to fence the Cameron jetties to keep fishermen from using them because of potential dangers, the jury was advised last week.

Parish Adinistrator Garner Nunez told the jury that the Corps had originally intended to put a fence across the east jetties near where the parish has a boat launch. This would have prevented fishermen from walking out on the jetties to fish.

When local bodies protested that this would end a tourist attraction for the area, Corps agreed to modify its original order, Nunez said.

The corps will put the fence 200 feet south of the turn around area which will leave 16,000 feet of the jetties from the boat ramp south open to the public.

Nunez said that the part to be fenced is that projecting out into open water which is deemed more dangerous because of slippery conditions caused by the spray.

Juror Ray Nunez said he was happy with the decision. He said that the jetties was one place that persons who did not own boats could go and do some salt water fishing.

Clerk gets funds

The Cameron Parish Police Jury at its claims meeting last Thursday night voted to appropriate $10,000 for the expenses of the Clerk of Court office and to consider additional financing at its next meeting.

Clerk of Court Debbie Theriot said that while the clerk's fund had $300,000 in it four years ago, it was down to $13,000 when she took over the office in 1988. She said that current bills and auditor's expenses have almost completely exhausted these funds.

She said that when she became clerk, she sold a car used by the former clerk and put that money in the salary fund. She said that some of the office's work formerly contracted out was now being done by the office staff at a saving of $20,000 a year.

Mrs. Theriot pointed out that the clerk's office does not have a tax base and the only funds it has are from the fees generated on filing of documents and what the jury provides.

She said she felt that her office has been doing without while public funds are put to other uses. She said by law the jury is obligated to furnish her office with equipment, permanent record expenses and adequate space in which to do their work.

She noted that she is presently hiring college students to come in and reduce the size of the present record books in order to save space.

Mrs. Theriot asked if the jury would appropriate the money that she needs to keep the office operating for the remainder of the year. She said that the jury has been cutting down on its support of the office for the past several years and she cannot continue to operate with the present funds.

Juror Kenneth Ducote asked her to return to the next meeting with an accounting of the funds she needs and Juror George LeBouef then offered the motion to advance the clerk $10,000 in the meantime pending a final determination of how much funds will be ineeded.

Football tickets

Season and reserve tickets for the 1989 South Cameron High School football season are now on sale in the coach's office at the school from 8 a.m. to 4 p.m., according to Head Coach Parry LaLande.

Tickets for the Iowa Jamboree also are available.

Bags given

Sheriff James R. Savoie is cooperating with the local tourist bureau to help keep the roadsides clean in Cameron Parish.

Ed Kelley, chairman of the tourist group, contacted area businesses and companies asking their cooperation by donating heavy duty trash bags. The prisoners in the Cameron Parish jail will use the bags to pick up the roadside trash, as part of their community service sentences.

The first to respond was the Cameron Telephone Company. Their manager of public relations and educational services, Joe Whitbeck, was in Cameron this week to present Sheriff Savoie with a check to buy the first month's supply of bags.

Whitbeck said that his company is challenging all other companies to come forward and furnish trash bags to help out this worthy cause.

FEMA delay told

Despite another delay in getting relief from the federal flood insurance provisions, the Cameron Parish Police Jury Thursday agreed to not pressure the agency that is handling the matter.

After an expensive 5-year study of its own on the insurance regulations, the police jury was promised several months ago by FEMA, the federal agency in question, that it would review the parish's study and if it was found to be accurate, building elevation requirements would be lowered in the parish.

In some parts of lower Cameron parish, new buildings now must be built at an elevation of nine feet or more and this has hampered construction in the area.

Parish Administrator Garner Nunez said originally FEMA officials had promised to act by July 18. Now, he said, they have postponed the date to the end of August.

Juror George LeBouef then made a motion that if there had not been action on the part of FEMA by Sept. 15, the jury file suit against the agency. Douaine Conner seconded the motion, which was voted down.

Other jurors said they felt that the jury was too close to a settlement with FEMA to jeopardize it by threatening to file a suit.

Assistant District Attorney Glenn Alexander also advised patience in trying to get the matter settled without going to court.

Shrimpers say thanks

Police Juror George LeBouef of Cameron was publcly thanked for his supportof the local shrimpers in their fight against the TED regulation when the Cameron Parish Police Jury held its monthly claims meeting last Thursday.

Danny Shay, president of Coastal Concern, asked the large number of shrimpers and their wives attending the jury meeting to stand and stated to the jury:

"On behalf of the local shrimpers I would like to thank Mr. George LeBouef for his efforts and help that he gave us through the blockade."

Shay also said he thought LeBouef had been treated unfairly in the matter in which a letter had been written his employer stating that the jury could no longer do business with the firm since there was a conflict of interest.

Shay said that "if someone had done their homework" it would have been determined that a bill introduced by former Rep. Conway LeBleu exempting Cameron Parish from the state ethics laws applied in Mr. LeBouef's case.

Jurors rescind agenda ruling

Remember several meetings back when the Cameron Parish Police Jury adopted a resolution requiring persons wishing to address the jury to get on the agenda beforehand? The action was taken in response to a meeting at which many persons spoke and there was a lot of confusion.

Vice-president Brent Nunez, who presided at last Thursday evening's jury meeting in the absence of the president, Carol Trahan, started out enforcing this resolution allowing only the persons on the agenda to speak.

But at one point in the meeting, Juror George LeBouef made a motion to rescind this rule and all of the other jurors went along with his motion.

So apparently at future meetings anyone wishing to address the jury will be permitted to do so, but the jury is still urging persons who have matters to be brought up at the meeting to ask to be placed on the agenda in advance.

Grand Lake to register

Registration for all new students at Grand Lake School will be Friday, Aug. 11, from 9 a.m. until 2 p.m.

Students will need to bring shot record and birth certificate to register.

Students who need to have schedule changes need to report to Mr. Duhon Monday, Aug. 14, from 9 a.m. until noon.

Registrar schedule

The Cameron Parish Registrar of Voters, Mrs. Ruby Kelley, will be in the following locations for the purpose of registering voters: Monday, Aug. 7-Johnson Bayou Recreation Center, 10 a.m. to noon and at the Hackberry Recreation Center, 1-4 p.m.; Tuesday, Aug. 8-Grand Lake Recreation Center, 3-7 p.m.; Klondike at Parish Road Maintenance Building, 9 a.m. to 12 noon.; and Lowry at Mrs. Clifford Broussards residence, 1-3 p.m.

LETTER . . .

Continued from Pg. 1

At that point Juror LeBouef demanded: "During that time why didn't you discuss it with me? I could have told you of my standing with my company and about LeBleu's bill and the population of the parish."

Juror Kenneth Ducote declared that the jurors were not on trial and that they did not know about the letter. He asked why Larry Fontenot had not been questioned about the letter.

Mrs. Theriot said she had requested Fontenot's presence at the jury meeting but that he had not come. She said that Fontenot told her that he had dicated the letter up to the point where it was stated that "the police jury will no longer do business . . ."

Mrs. Theriot asked whether the police jurors received copies of all letters sent out on police jury letterhead which contain their names and LeBouef said he did not. He then offered the motion in the future copies of all letters sent out by the jury office be given to the jurors. The matter passed.

Addressing Administrator Nunez, Mrs. Theriot asked why he had not informed the other jury members about the LeBouef letter, especially LeBouef.

Nunez said that when audits are complete, there is an exit conference where the budget is reviewed and all changes, corrections or amendments are then discussed and he notified the president of these.

"Hindsight is one hundred percent. If that were to happen today, I assure you that a letter would not go out until the jury met", he said. "In the past that has never been done."

Mrs. Theriot then asked Nunez whether he had pointed out to the auditor that some of the other jurors worked for oil companies with whom the jury does business.

Nunez said that in reply to the auditor's request for all of the jurors' occupations, he had written the auditor giving him all of this information.

"Looking back, it should have been done differently," Nunez stated. "And if I have caused any grief, I apologize."

LeBouef said he had not sold anything to the police jury in at least three years--referring to the Cameron office of which he is the manager--but said the company had.

Mrs. Theriot also wanted to know why the Legislative Auditor's office had been chosen to handle the jury's audit for a three year period when a Lake Charles auditing firm had bid $9000 less to do the work.

Nunez said that this decision was made by the police jury and not by himself.

Theriot stated: "That is why I am getting involved in parish politics. I feel that so much of our money is not accounted for and is mismanaged. I suggest that you join with me and let's see what we can do about saving some money. It is our money and we will all benefit from saving it."

At that point the jury went on to other matters, but just prior to adjournment Assistant D.A. Alexander asked the jury to come back to the LeBouef matter which he said had been "left hanging."

He said that District Attorney Jerry Jones and he had received a copy of the letter from the Lake Charles Diesel's attorney to the jury concerning the possible litigation.

"Mr. Jones and I had, in fact, researched that question raised about the transactions between the police jury and Lake Charles Diesel, and had come to the conclusion that there would be no violation. Assuming that Mr. LeBouef's position with the company is not one of ownership or directorship--if he is simply an employee--then there would be no violation."

"I did call Mr. Mount (Lake Charles Diesel's attorney) and told him what our interpretation was which was that there was no violation," Alexander said.

George LeBouef then stated: "In view of what Mr. Alexander has said, I make a motion that the jury write a letter to my employer apologizing for the letter written to him."

Douaine Conner objected to the motion stating that he had had nothing to do with writing the first letter.

LeBouef then changed his motion to read that the letter be written by the person responsible for the letter and that President Carol Trahan sign it. Douaine Conner seconded this motion.

Ray Conner, Kenneth Ducote and Brent Nunez all voted no and LeBouef and Douaine Conner voted yes.

Brent Nunez urged LeBouef to bring the matter up again at the jury's Tuesday meeting when Carol Trahan would be present. (The meeting later was postponed due to the hurricane threat.)

Kenneth Ducote said he did not vote for making an apology because he said that he had not done anything.

Jury is opposed to new refuge

The Cameron Parish Police Jury last Thursday evening adopted a resolution opposing the proposed creation of the Little Pecan Island National Wildlife Refuge in the parish, which would take in about 10,00 acres of wetlands to provide wintering habitat for migratory waterfowl.

Tom Hess of Grand Chenier, who is employed by the Little Pecan Corp. of Lafayette as a biologist, proposed the resolution to the jury which was then adopted.

The resolution read in part:

"Little Pecan fee lands encompass 1810 acres of coastal wetlands, which had been in private ownership since 1984, and these properties have been successfully managed as a hunting preserve since 1945.

"This area was intensively developed and has been managed as a private Wildlife Management Area from 1975 to 1987, and these properties are now under the ownership of The Nature Conservance and maintained by Little Pecan of Lafayette.

"Little Pecan has been an important segment of the Cameron Parish community since the inception of the 1975 management program, and has enhanced the economy of Cameron Parish through local employment, and the purchase of local goods and services.

"Little Pecan has developed this model private Wildlife Management Area and Refuge at no expense to the taxpayers, and there are plans for acquisition of this property by the U. S. Fish and Wildlife Service for creation of a National Wildlife Refuge to meet the requirements of the North American Waterfowl Management Plan.

"Removing Little Pecan from private sector management will result in less development and management monies spent in Cameron Parish, lessen local employment, and exempt these properties from taxation, further eroding the Cameron Parish tax base, and acquisition of this small tract of land (1,810 acres) will not contribute significantly to the North American Waterfowl Management Plan."

Juror Ray Conner asked if the land in question was that owned by the late Herman Taylor and Hess said yes.

Hess said of that acreage, 145 acres are Chenier Ridge, 427 acres are lake and that leaves 1263 acres for waterfowl habitat.

"In the newspapers they propose a 10,000 acre refuge", Hess said. I don't know where that is coming from. To my knowledge, Miami Corp. has not entered into a contract to lease any of their land surrounding Little Pecan to make a refuge. So there is very little land that will directly benefit wintering waterfowl available to the government in this particular situation.

"The people who I work for have been involved there since 1957. What they want to do is to use private money to develop this land and help local employment and the local economy."

Canal work told

Police Juror Ray Conner told the Cameron Police Jury Thursday that he had heard that there were plans to widen and deepen the Intracoastal Canal through Cameron Parish and he wanted to make sure the work would not cause any further flooding problems in the parish.

Conner said he heard the canal was going to widen to 250 feet. He said the canal was overflowing now and he was afraid that enlarging the canal might cause even more flooding.

The juror offered a motion to invite the Corps of Engineers to meet with the jury to explain their plans and also suggested that soil taken from the canal be used on either side to prevent flooding.

In another flooding matter, Conner pointed out that the Cameron-Creole Watershed program which came into being several years ago after years of efforts to stop salt water intrusion in the marsh is causing some flooding since there are not enough openings for the water to escape after heavy rains.

He said that one bayou leading into the area used to be 300 feet wide, now it is only 40 feet wide.

Conner suggested building a levee from north of Cameron across to Hwy. 27 and to the Mermentau river to hold back flood waters.

The jury agreed to write to the drainage boards in the area to set up a meeting to discuss the problem.

Juror George LeBouef also asked the jury to write the Corps of Engineers about the flooding in the northern part of the parish from the Intracoastal Canal.

Porties to have reunion

The annual reunion of the Portie family will be held Sunday, Aug. 6, at the PPG park on Bayou D'Inde Road in Sulphur. The park has a playground for the smaller children, plus a baseball diamond, volleyball court, etc.

If you have any old family records or pictures you are requested to bring those with you. New information on the family has been located as well as another branch of the family.

Each family is asked to bring a covered dish and drinks for their own family.

Contact Judye Foy at 527-5775 or Melvin Portie at 527-5599.

Bible School

Vacation Bible School will be held Monday, Aug. 7 through Friday, Aug. 11 at Oak Grove Baptist Church from 5:30-8:30 p.m. for ages 4 - sixth grade. For rides in the Creole area call 542-4731.

Hearings to be held on Hwy. program

Nine statewide public hearings will be conducted by the Department of Transportation and Development to receive input into the State's highway building program, according to DOTD Secretary Neil Wagoner.

Beginning Aug. 22, and continuing through Aug. 30, the Joint Legislative Committee on Transportation, Highways and Public Works will seek citizens' opinions on proposed projects for Fiscal Year 1990-91.

Normally, the purpose of the area meetings is to allow citizens to address the road concerns of their own section of the state, although interested parties are welcome at any or all of the sectional gatherings. This year, the meetings will also serve as a forum at which taxpayers can inquire as to the details of the Transportation Trust Fund proposition which will go before the voters on Oct. 7.

One of the meetings will be held Tuesday, Aug. 22, in the Lake Charles Civic Center, 11:30 a.m.

CAMERON OUTDOORS

Important meeting

By Loston McEvers

COMMISSION MEETING IMPORTANT

The Louisiana Wildlife and Fisheries Commission is holding their monthly meeting Thursday and Friday. There are things of much importance to be discussed.

One of these is the declaration of an emergency for hunting season for migratory birds and waterfowl. We all know of the small limits and short number of days we had last year for ducks. We'll soon find out if we'll have the same, less or maybe no season at all. With the decline in ducks hatched and the number of birds in all, there is no telling what we'll get.

Setting of the 1989-90 fall inshore shrimp season is also scheduled. Our Zone 3 season is now closed, and the 1989-90 oyster season will be set.

A discussion of extension of spotted seatrout closure through Aug. 31, will take place, and there will be notification of alligator tag quotas for the 1989 season. Remember the season is 30 days, Sept. 9 through Oct. 8.

ILLEGAL SPECKLE TROUT

Two enforcement agents of the LDWF have issued a citation to a Lake Charles man for possessing over the legal limit of speckled trout. A hundred and one speckle trout were confiscated in the crack down.

A boat was chased for one-quarter mile in the Calcasieu Ship Channel, after attempts to flag it down failed. The boat was overtaken by the agents and was asked to be boarded and check the fish in possession.

Checking an ice chest which was shown the agents by a 19-year-old angler and a 14-year-old minor, with 101 speckle trout inside. The possession limit for speckle trout is 25 per fisherman, this put the boat with 51 fish over the legal limit.

A citation was issued to the adult angler, but not to his 14-year-old companion. He will have to appear before a judge of the 38th Judicial District Court in Cameron.

AREA FISHING

Area fishing has really been good despite another 7 to 8 inches of rain in most of our area last week. Anglers fishing for freshwater fish are mopping up on bass, and redfish and speckle trout are taking the baits, with good sizes and limits taken.

The Lemesche Bass Club had a tournament July 23, and because of the rain early that day, the turnout was slim, but limits were taken with the 5 anglers that decided to fish for points, all caught their limit.

Largest Stringer: Fredman Theriot, Ricky Canik, Carl Broussard, Gerald Richard, Phillip Trosclair.

Largest Bass: Fredman Theriot, Ricky Canik, Carl Broussard, Phillip Trosclair, Gerald Richard.

TED STILL IN NEWS

The turtle device is still hot in the news, this time our area shrimpers getting national attention, which is about time. The 45 days suspension is good if a correct study can be made, but I understand a law suit is being filed by the turtle people against the suspension. By the time you read this, everything could be turned around again. I also understand a boycott of shrimp will take place from some of the environmentalists involved for saving the turtles.

If you look at what's happening in our country our government is telling us everything we can and can't do, so where is this old Land of the Free?

THESE FATHER and son teams are shown with their catch during the Cameron Summer Fishing Festival last weekend. They are Brendan and Phil Fruge of Abbeville and Chris and David Manuel of Sunset. (Photo by Robert Manuel)

Summer Fishing Festival results

These were the results of the 1989 Cameron Summer Fishing Festival fishing contests:

Bay and Surf: Drum: 1. Jeff Bowen, 45 lbs. 8 ozs., Web., Tex.; 2. Mark Mire, 40 lbs. 15 ozs., Kaplan; 3. Davy Doxey, 39 lbs. 2 ozs., Cameron.

Redfish: 1. Janell Shivers, 11 lbs. 12 ozs., Web., Tex.; Jason Billings, 11 lbs. 2 ozs., Cameron; 3. Joe Dupont, 9 lbs. 12 ozs., Cameron.

Speckled Trout: 1. Johnny Wilson, 3 lbs. 4 ozs., Grand Chenier; 2. and 3. Robert Manuel, 3 lbs. 3 ozs., and 2 lbs. 11 ozs., Lake Charles.

Flounder: 1. and 2. Mark Mire, 3 lbs. 3 ozs., and 1 lbs. 8 ozs., Kaplan; 3. Peter Posada, 2 lbs. 8 ozs., Cameron.

Gafftop: 1. Teddy Gordon, 7 lbs. 2 ozs., Cameron; 2. Kato Picou, 6 lbs. 11 ozs., Cameron; 3. Robert Gaspard, 5 lbs. 15 ozs., Cameron.

Sheephead: 1. Teddy Gordon, 2 lbs. 12 ozs., Cameron; 2. Janell Shivers, 2 lbs. 10 ozs., Web., Tex.; 3. Bryan Delaney, 2 lbs. 9 ozs., Maurice.

Offshore Categories: Redsnapper: 1. T-Boy McCall, 22 lbs. 10 oz s., Cameron; 2. James Palma, 20 l.s., Lake Charles; 3. Truett Cheek, 14 lbs. 6 ozs., Vidor, Tex.

Dolphin: 1. Vaughn Duhon, 6 lbs. 14 ozs., Westlake; 2. T-Boy McCall, 6 lbs. 2 ozs., Cameron; 3. Vaughn Duhon, 6 lbs. 1 oz., Westlake.

King Mackerel: Robert Guillory, 34 lbs. 2 ozs., Westlake; 2. George Albers, 30 lbs. 2 ozs., Lake Charles; 3. T-Boy McCall, 18 lbs. 8 ozs., Cameron.

Shark: 1. David Trahan, 49 lbs. 4 ozs., Westlake; 2. Gene Lavengco, 24 lbs., Westlake; 3. Randy Cagle, 22 lbs. 8 ozs., Lake Charles.

Cobia (Ling): 1. James Palma, 46 lbs., Lake Charles; 2. Patty Bodman, 34 lbs., Sulphur; 3. Earl Bodman, 30 lbs., Sulphur.

Hunter safety course set

There will be a Hunter Safety Course sponsored by the County Agent's Office and Creole Fire Department at the Creole Fire Station Sept. 12, 13, 14, 6 to 9:30 p.m.

Pre-registration is mandatory. For more information call 775-5516.

Minimum age for students is 10 years of age and there is no charge. If you are in need of Hunter Safety Certification you should make every effort to attend one of these courses. There will be a limited number taught between now and the hunting season.

Recipes are are asked here

Mrs. Roberta Pinch announces that she is working on the 1990 Louisiana Fur and Wildlife Festival cookbook and needs recipes to include in it.

The 1990 festival will honor the beef industry and the book will feature beef recipes, in addition to recipes in all categories.

Anyone wishing to have recipes included in the book, please send them to Mrs. Pinch by Sept. 15, at P.O. Box 387, Cameron, La. 70631.

Hwy. projects told

Information on three highway improvement projects in Cameron parish was released this week by the La. Dept. of Transportation.

Fenet, Inc. of Westlake, was the low bidder with a bid of $900,070 on work on La. 27 from about 2.25 miles north of Creole to the south end of the Gibbstown bridge. The 6.28 miles project will consist of grading, pavement widening and asphalt overlay.

The 2.25 miles south to Creole was recently completed in a separate project.

JOHNSON BAYOU PROJECT

The La. Dept. of Transportation has issued a work order to J. W. McDonald, Contractor for the improvement of La. 82 for the east section of the Texas Line-Johnson Bayou project.

The cost of the project is $422,173.81.

GRAND LAKE PROJECT

Bids will be opened on Aug. 9, on 2.79 miles of asphalt pavement widening, patching and overlay on La. 385 from the junction with La. 384 at Boone's Corner northerly to the Calcasieu parish line. Estimated cost is $310,000.

Bids also will be open then on 3.29 miles of cold planing and asphalt overlay on La. 385 (Ryan Street) in Lake Charles from the junction with La. 384 (McNeese street) northward to the junction with Clarence street for an estimated cost of $472,000.

South Cameron Memorial Hospital Taking One More Step In Serving The Community!

The decline in the oil patch, the depressed fishing and shrimping industry in our area, the Moss Regional Hospital situation, has created a need for the Medical Community to formulate a plan to serve the medical needs of the entire community.

The Hospital, Dr. Cecil Clark and Dr. Richard Sanders will conduct a clinic on Tuesdays and Thursdays at the Hospital. This clinic is designated for Title XVIII (Medicaid) card holders. All appointments to visit the Doctor in Clinic should be scheduled from 9:00 a.m. to 4:00 p.m. by calling the Hospital at 542-4111. Please ask for Becky McEvers. Your appointment will be scheduled.

We feel this program will eliminate many hardships and bring the community a self reliance not experienced before.

We look forward to serving you and will help in any way possible.

YOU CAN RECEIVE THE BEST CARE

WE CARE

ENGAGED--Mr. and Mrs. W. A. (Buddy) Miller of Sulphur announce the engagement and forthcoming marriage of their daughter, Jaml Jo to Michael K. Dennis, son of Mr. and Mrs. C. K. Dennis of Hackberry. The couple will exchange wedding vows at 2 p.m. Saturday, Aug. 12, at the Houston River Baptist Church in Sulphur.

JUDY ANN Vincent and John David Clement Jr. announce the engagement and forthcoming marriage of their daughter, Tammy Ann to Gabriel M. Fontenot, son of Ward and Martha Fontenot. The wedding is set for Saturday, Aug. 12, at the First Baptist Church in Cameron at 2 p.m. with a reception immediately following in the church hall. Through this means friends and relatives are invited to attend.

HACKBERRY NEWS

By Grace Welch

TRIP

Claude, Cele, Courtney and T-Claude Devall have returned from vacationing in Lancaster, Penn., where they visited the Amish country. They also visited Washington, D. C. and spent a few days in Florida.

Norris and Lillian Schexnider spent a few days at Toledo Bend. They also have a new 1989 Chevrolet.

Curtis, Bobbie, C. R., Troy and Carly Rae spent Saturday night in Houston with a friend.

VISITORS

Mildred, Judy and Guy Picard from Milton spent the weekend with Alton and Joyce Schexnider.

Visiting with Lucy Headon recently in Sulphur were Grace Welch and Mary (Coot) McInnis.

GIRLS SOFTBALL SERIES

The softball team for girls under 10 named the Fire Ball Team from Sulphur, who won state, went to the playoff World Series held at Fort Lauderdale, Fla.

Girls from Hackberry on the team were Sheri Abshire, daughter of Richard and Glenda Abshire; Carissa Devall, daughter of Allen and Debbie Devall; and Brandie LaBauve, daughter of Dwight and Carlean LaBove.

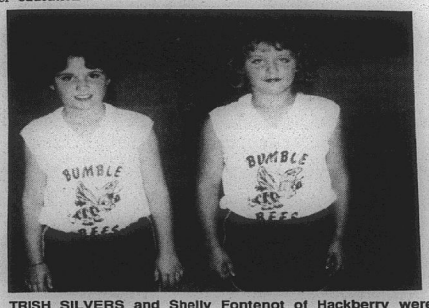
Attending the game from Hackberry were Richard, Glenda, L. Richard and Brady Abshire, Allen and Debbie Devall and Toby.

The team won the sportsmanship award.

Cameron Par. Black News

By WANITA HARRISON

Funeral services for Mrs. Alice Marie Bartie, 60, were held July 17, at Mt. Zion Missionary Baptist Church in Oakland, Calif.



She graduated from Second Ward High School in Lake Charles. During her high school years, Mrs. Bartie was pianist for the following Baptist churches: Christian, Mt. Calvary, Sunlight and Starlight.

Upon graduation from high school, she attended Tillotson College in Austin, Tex. She completed her education at San Francisco State Conservatory of Music and later graduated from Mills College School of Nursing in Oakland.

She used her musical talent as pianist at several Baptist churches in the Oakland area.

Survivors include her husband, Abram W. Bartie (formerly of Cameron); two sons, Daryl and Byron Bartie; her mother and father, Mrs. Nixie Sims and Willie Sims, all of Oakland; and a stepmother, Mrs. Ethel Jones of Winslow, Ariz.

The deceased's husband, Abram, is a brother of Lester Bartie of Cameron.

TRISH SILVERS and Shelly Fontenot of Hackberry were elected to the Maplewood All Stars 8-9 Year Old Coach Pitch Team. The team placed second in the Sulphur Girls ASA Invitational Tournament, after losing 5-3 in the finals. They also participated in the state tournament in Lake Charles.

THE ABOVE girls represented Grand Chenier elementary at the Stars of Coteau Basketball Camp. They are: Ashley Corell, Heather Sturlese, Michelle Trosclair, Nicole Sturlese, and Kimberly Sturlese.

New hymnal dedicated at G. Chenier church

At the Sunday morning services on July 30, of the Grand Chenier United Methodist Church new hymnals were introduced. Rev. Paul W. Carter, the newly assigned pastor, led in a service of dedication of 96 new 962-page hymnal books.

The new hymnals were given to the church in memory of these departed relatives: William Gardner Ricks, Mary Ella Gardner Ricks, William Pythias Wilson, Mr. J. C. Billings, Mr. Paul Nunez, Mr. Asa Nunez, Sr.; Lee Robert Nunez, Sr.; William Henry Precht, Herman Thomas Precht, Sr.; Bernie Lee Colvin Bonsall, Mrs. Jennings B. Jones, Sr.; Ned W. Crain; Dora O'Bryan Doxey, Lillie House, Bessie Wilson Ricks, Irene Billingsly Wilson, Rita Nunez, Mrs. J. C. Billings, Mrs. Paul Nunez, Mrs. Asa Nunez, Sr.; Thomas Milton Nunez, Nancy Leo Hebert Precht, A. H. "Sono" Crain, Mr. Jennings B. Jones, Sr.; Lynn R. Jones, Sr.; Lorraine Winn, J. W. Doxey, Sr.; Lou Ida Peveto Scott.

Next to the Bible, the Methodist Hymnal is the "worship book" providing music and hymns and texts for prayers, psalms, litanies, creeds, Sacraments of worship, rites of marriage and burial. These new hymnals were approved by the 1988 General Conference and are the first substantial revision of content and format since the 1870s.

Also, during the service, the Sacrament of Baptism was given to Wesley Paul Doxey, the infant son of Duncan Howard and Theresa Ann Kohl Doxey.

Vacation Bible School at the Grand Chenier Methodist Church is July 31 through Aug. 4, for ages 3 years through grade 12. Classes are from 5 to 8 p.m. with supper served at 5:30 p.m.

The Grand Chenier United Methodist Church is now 130 years old according to a copy of records of the Methodist Episcopal Church (South), Calcasieu Circuit, Louisiana 1857-1862, deposited in the Calcasieu Parish Public Library System.

According to this document the Grand Chenier Methodist Church was organized in July-August 1859 by Joel Sanders, Missionary. Of the 40 original members listed in this document, a number of these family names have descendants who are today members of area Methodist Churches, such as Sweeney, Bonsel (Bonsall), McCall, Doxy (Doxey), and Jones.

VISITORS

Mr. and Mrs. Douglas M. Dozier of Jacksonville, Fla. visited Mrs. Lillie Harrison, Saturday. Mrs. Cynthia Boykins of Los Angeles, Calif., is also visiting Mrs. Harrison. Mrs. Ethel Mae Dozier of Houston, Tex. spent a week caring for Mrs. Frances January in South Cameron Memorial Hospital.

Mrs. Mary Cockrell visited Mr. and Mrs. Michael Smith, Evan and Jeffery in Houston, Tex., for the weekend.

KIA MARIETTE Meaux was named Queen at the July Jubilee Sportswear Pageant held in Lake Charles. She was also named Most Beautiful, Prettiest Eyes, and Best Smile. She is the daughter of Stephanie Benoit and Richard Meaux of Holly Beach.

CARD OF THANKS

HOLY SPIRIT, you who solve all problems, who light all roads so that I can attain my goal. You who give me the divine gift to forgive and forget all evil against me and that in all instances my life you are with me. I want in this short prayer to thank you for all things and to confirm once again that I wish to be with you in eternal glory. Thank you for your mercy toward me and mine. The person must say this prayer three consecutive days, after three days, the favor requested will be granted even if it may appear difficult. This prayer must be published immediately after favor is granted without mentioning the favor. Initials only at the bottom. M.F.

JURY REQUESTS

Disaster aid for fishermen

At the request of Juror George LeBouef the Cameron Parish Police Jury last Thursday evening passed a resolution asking that commercial fishing industry in Southwest Louisiana be declared a disaster area which would allow affected commercial fishermen and seafood buyers/processors to obtain low interest loans and grants.

Juror LeBouef noted that the problem particularly affected the fishermen in Calcasieu Lake.

The resolution read in part:

"Major flooding prior to and during the 1989 Spring Shrimp season has severely reduced the commercial brown shrimp harvest in Southwest Lousiana, and may adversely impact the upcoming Fall White Shrimp Season.

"Shrimp fishermen have reported as much as a 75 percent reduction in harvest volume and an 85 percent reduction in harvest value during the 1989 Spring Season and, shrimp buyers have also reported a 75 percent reduction in shrimp landings during the 1989 Spring Season.

"Heavy rains have also reduced the commercial crab catch and may have caused massive oyster reef mortality in Calcasieu Lake.

"The Cameron Parish Police Jury urges the Governor of Louisiana and the President of the United States to declare the Commercial Fishing Industry in Southwest Louisiana and specifically Cameron Parish a disaster."

Parish students do well on test

State Superintendent of Education Wilmer S. Cody has released written composition scores, the final phase of the 1989 testing for the Louisiana graduation Exit Examination. Scores from the first statewide administration indicate that 75 percent of Louisiana tenth graders achieved a passing score on the writing test. The percent passing the writing portion of the test is nearly equal to the portion of students passing the other parts of the Graduation Exit Examination.

Approximately 40 percent of the state's school systems had 80 percent or more of their students achieve a passing score on the test. Three systems had more than 90 percent of their students succeed: Evangeline Parish, 93 percent; Ouachita Parish, 91 percent; and West Carroll Parish, 91 percent.

Twenty-three systems had between 80 percent and 90 percent of their students pass the first administration of the writing test including Cameron Parish with 84 percent.

The first graduating class required to pass the Graduation Exit Examination is the class of 1991; they took the written composition test, along with the English/language arts and mathematics examination as tenth graders in April 1989. Student pass rates on the English/language arts and mathematics test were reported in May 1989.

Passage of the high school tests in written composition, English/language arts, mathematics, social studies, and science, along with completion of 23 Carnegie units have been designated as graduation requirements by the State Board of Elementary and Secondary Education.

Remediation is to be provided to all students who do not attain a passing score on the written composition test, as well as for those students who were not successful in passing the other parts of the examination.

In Cameron Parish 82 of the 98 students taking the test passed with 16 not passing.

Memorial books

Memorial books in the Cameron Parish Library are listed as follows: with names of the ones in memory, donors, respectively:

Ice Time, Paul McDaniel by Carl & Dee Dee Guilbeaux & Family;

Service set

The Ebenezer Baptist Church will hold their third year Appreciation Service in honor of the pastor and his wife, Rev. and Mrs. Samuel Tolbert on Sunday, Aug. 6 at 3 p.m. The sermon will be delivered by Rev. Roland Mouton, Jr., pastor of New Emmanuel Baptist Church in Lake Charles.

Family Fun day is sunday

Court Mary Olive Catholic Daughters will hold their first annual Family Fun Day, Sunday, Aug. 6, at the Cameron Recreation Center, beginning at 11 a.m.

Lunch will be served at noon. The Court will furnish ham and bread. Each member is asked to bring their own drinks, chips and utensils. No glass containers or alcoholic beverages will be allowed.

Games will be played. For further information call Cindy Vincent Fawvor, chairman.

Alligator clinic is set

On Thursday, Aug. 10, at 7 p.m., the Louisiana Cooperative Extension Service will sponsor a preseason alligator meeting and hide quality clinic at the Creole Multi-Purpose Building.

Guest speakers for the meeting will include Ted Joanen, research study leader from Rockefeller State Wildlife Refuge, and Greg Linscombe, fur and refuge division biologist, according to Paul Coreil, Area Fisheries Agent.

Items to be discussed include: (1) update on alligator harvest situation for the 1989 season; (2) current market situation for alligator hides; (3) update on alligator related research and marketing programs conducted by the Louisiana Fur and Alligator Advisory Council; (4) plans for a Cameron Parish Alligator Hide Sale for the 1989 hunting season; and (5) alligator hide quality clinic.

The meeting is open to all alligator hunters, their wives and any other interested party.

For more information contact Coreil at the Cameron Extension Service Office at 775-5516 or 775-7443.

Legal Notices

NOTICE FOR BIDS

Acting under the authority of the Legislature of the State of Louisiana, the Cameron Parish School Board will receive sealed bids for the leasing of surface rights including the rights of range, trapping, hunting, fishing, and farming, on the following described lands for the unexpired term as indicated in the description below:

Section Township Range 16-12-10; Unexpired term 4 years; Description - Partial section; containing 435 acres, more or less, bordering Black Lake; 3 miles West of Calcasieu Lake.

Section Township Range 16-14-3; Unexpired term 4 years; Description - Partial section (332.96 acres); 3 miles West of Vermilion Parish line; bordering Grand Lake.

Section Township Range 16-14-7; Unexpired term 4 years; Description - Located 3/4 mile East of Highway 27; 1 mile Northeast of Creole intersection.

Section Township Range 16-14-13; Unexpired term 4 years; Description - South end of Sabine Wildlife Refuge; 5 miles North of Gulf of Mexico in Johnson Bayou area.

Section Township Range 16-14-14; Unexpired term 4 years; Description - 3 miles East of Sabine Lake on Starks Canal.

Section Township Range 16-15-3; Unexpired term 4 years; Description - Located in Grand Chenier area; 3 miles West of Vermilion Parish line.

Section Township Range 16-15-4; Unexpired term 4 years; Description - Approximately 1 mile North of Highway 82 in Grand Chenier area; North of Rockefeller Refuge.

NOTE: Leaseholders on listed sections have until July 31, 1989 to renew the lease. If annual payment is received prior to this date the bids on these sections will be returned unopened.

(A description map may be seen in the School Board Office during normal working hours.)

All bids must be sealed; the envelope marked "Bid - Section 16, Township__, Range__" and may be forwarded through the U.S. Mail to the Cameron Parish School Board, P.O. Box W, Cameron, LA 70631. Bidder must offer an annual rental of not less than $1.00 per acre for a lease with a primary term to end July 31, 1993. Annual renewal rentals will be due each year by July 31st, in order to continue the lease in effect. Cash or check in favor of the Cameron Parish School Board for the amount of the annual rental for the first year shall be forfeited to the Board as liquidated damages if the successful bidder fails to enter into written contract in accordance with his bid within ten (10) days after acceptance by the Board.

Bidders are reminded that the lease is for the unexpired term of four (4) years beginning July 1, 1989 and ending July 31, 1993.

If farming rights are utilized, bidder may offer annual rental plus a fractional part of not less than one-sixth (1/6) of any and all crops produced and saved during the year. The value of the one-sixth (1/6) share shall not be considered in the awarding of the lease unless the bidder guarantees a specific amount which shall be added to and accompany the bid. Should the one-sixth (1/6) value of crops be less than the cash guarantee paid at the time of the lease, the Cameron Parish School Board shall demand such additional payment as necessary to bring the value adjustment to a full one-sixth (1/6) of crops produced and harvested on any and all listed sections, and twenty-five (25%) of cash market value of all alligators harvested by lessee. Lessor reserves the right to gather and dispose of alligator eggs from the lease premises, without any compensation to lessee.

The surface rights and privileges granted in the lease are restricted to range, trapping, hunting, farming, and fishing and these rights shall in no way, manner, or form interfere with the granting of a mineral lease or the full utilization of all rights and privileges granted in any mineral lease.

The Cameron Parish School Board does not warrant or provide ingress or egress to the leased premises. Ingress and egress is the sole responsibility of lessee.

Bids will be received until the hour of 10:00 a.m., Monday, August 14, 1989 at which time all bids received will be considered in public session of the Cameron Parish School Board in Cameron, Louisiana.

The Board reserves the right to reject any and all bids received.

NOTICE
CAMERON PARISH
SCHOOL BOARD

By virtue of and in conformity with the procedures of Section 151 through 158 of Title 30 of the Louisiana Revised Statutes of 1950, as amended, sealed bids will be received at the office of the Cameron Parish School Board in Cameron, Louisiana, on or before the 14th day of August, 1989 at 10:00 a.m., at which time all bids received will be opened by the Cameron Parish School Board for a lease covering the oil, gas, sulphur, potash, and/or other liquid gaseous hydrocarbon mineral rights in, to, and under the following described property:

All of Section 16, Township 15 South, Range 7 West

Bids may be for the whole or any particularly described portions of the tract advertised herein.

All bids are to offer a CASH PAYMENT, one-half (1/2) of which is to be bonus as full and adequate consideration for every right granted by the lease and one-half (1/2) of which is to be rental for the first year of the lease, the lease having a primary term which shall not exceed three years, and if the bid offers a delay rental the ANNUAL DELAY RENTAL shall not be less than one-half (1/2) of the aforesaid cash payment, which lease is to be granted without any warranty or recourse against lessor whatsoever, either expressed or implied, not even for return by lessor of any payments received under the lease or being otherwise responsible to lessee. Minimum royalties shall be one-fourth (1/4) of all oil and gas produced and saved which shall yield not less than $2.00 per long ton; one-eighth (1/8) of the value per ton -- all potash produced and saved, which shall yield not less than ten cents (10¢) per ton; and one-fourth (1/4) of all other minerals produced and saved.

All leases awarded shall be executed upon terms and conditions provided in the current State lease form with all applicable riders appended thereto, including but not limited to provisions as follows: Should lessee fail to begin the actual drilling (spudding in) of a well on the lease premises within one year from the date of the lease, the lease shall terminate as to both parties to the lease, unless on or before such anniversary date, lessee shall pay a delay rental (which shall in no event be less than one-half (1/2) of the aforesaid cash payment offered for the lease), which shall cover the privilege of deferring drilling operations for a period of one year. Upon like payments annually, drilling operations may be further deferred for successive periods of one year each during the primary term of three years. The lease shall provide for the drilling of offset wells where necessary to protect the Board's interest and shall contain the provisions against the assignment or sublease of the lease unless approved by the School Board. The lessee shall have the right to enter into pooling or unitization agreements with respect to development of the leased premises subject to the approval of the School Board.

Any lease granted hereunder shall be on the regular current State Agency form and shall be subject to the approval of the State Mineral Board. Certified Check, Bank Money Order, or Cashier's Check, payable to the Cameron Parish School Board for the full amount of the bonus, shall accompany and be submitted with each bid; and no bid thus submitted may be thereafter withdrawn or cancelled; and the cash bonus accompanying the bid of the successful bidder shall be forfeited to the Cameron Parish School Board should he not return the written lease, duly executed, within twenty (20) days after his receipt of the same.

The Cameron Parish School Board reserves the right to reject any and all bids and to grant a lease on any portion of the tract advertised for a price not less than proportionate to the best bid offered for the lease on the entire tract.

fluids; treated wastewater from dewatering operations of drilling site reserve pits/ring levees, shale barges, and inactive or abandoned oilfield production pits; excess cement; treated sanitary wastes; domestic wastes; storm water runoff (deck drainage); and other associated uncontaminated discharges such as cooling water, ballast water, etc. from workover and drilling barges, and production facilities to White Lake and associated natural and manmade waterbodies in Lac Blanc Field, Vermilion Parish, Louisiana. The limitations and conditions of this permit are consistent with the permitting policy of the Office of Water Resources, which is to achieve and maintain full support of designated uses of the waters of the state.

During the preparation of this permit, it has been determined that these discharges will have no significant impact on the existing uses of the receiving waterbodies. As with any discharge, however, some change in existing water quality may occur.

All designated uses of the receiving waters are being fully supported. However, the designated uses are considered threatened due to organic enrichment from non-irrigated and irrigated crop production, petroleum activities, and natural causes.

The application and proposed limitations may be examined at the Office of Water Resources, 8th Floor, State Land and Natural Resources Building, 625 North Fourth Street, Baton Rouge, Louisiana.

Persons wishing to provide data, views or comments, or request a public hearing relative to the issuance of the permit are invited to submit their comments and requests, in writing, within thirty (30) days of the date of this notice using reference No. WP 2673 to:

RUN: July 20 & Aug. 3

Mr. and Mrs. Benj. Elender were Lake Charles visitors Friday and Saturday, shopping.

Mr. and Mrs. West Trahan of Sulphur have been spending a week at Mr. and Mrs. J. B. Duhon, returning home Friday via Lake Charles.

Everybody, especially the young people, went to Black Bayou Saturday night to a dance at the Black Bayou hall.

J. R. Hall, with the Producers' Oil Company, left bound for other points for his company.

Mrs. C. Duhon made a business trip to Lake Charles last week.

Alva Duhon went to Burleson Friday, returning Saturday.

Mr. and Mrs. Joseph Duhon came down Sunday from Choupique, visiting Mr. Duhon's parents, Mr. and Mrs. Cyprien Duhon.

We need in Hackberry a canning factory. There is no question about these being the best truck farming lands in Southwest Louisiana, and with a little attention to fruit we could equal California in quality and yield in the vegetable line.

The Bermuda onion grows to perfection, and is a very profitable crop for the farmer, but the farmers have no encouragement to grow the crops mentioned, because Lake Charles cannot or will not use our surplus. We may mention one crop that we can market, that is the yam potatoes. Just give us the completed intercoastal canal and we will eventually show you a garden spot equal to any in this state. No doubt the canal will give us an outlet to other markets.

(Lake Charles American
Press, Aug. 4, 1922)
CAMERON

July 31--Born to Mr. and Mrs. Ulice Broussard a boy.

Born to Mr. and Mrs. Dorselie Conner a boy, July 27.

Mr. Emile Broussad has left for the sanitarium at Lake Charles.

Cameron farmers are busy laying by their cotton crops. All are looking for a good one if no destructive insects appear.

Mr. and Mrs. Nicholas Demary, Mr. and Mrs. Farque of Grand Lake, who have been visiting friends and relatives here, returned home Monday.

Numa Farque has purchased another launch, the "Let Me Go", from Cormelian Farque of Grand Lake.

John H. Savoy, an employee of D. H. Holmes of New Orleans, arrived in Cameron Monday, the 24th, for a two weeks' vacation. He is spending them with his grandparents.

Our home demonstration agent, Miss Necie Hebert, is spending the week at Hackberry, giving canning demonstrations there. She has done some considerable good work in Cameron.

Saraphin LeBoeouf is on the sick list this week.

(Lake Charles American
Press, Aug. 7, 1925)
CAMERON COURTHOUSE
ROOF

Contract for the construction of a new roof on the vault room of the courthouse at Cameron was awarded today (Aug. 1) by Benson Vincent, president of the Cameron Parish Police Jury, to S. T. Bradley, local contractor, who submitted a bid of $400.

Three proposals were received. They were opened in the office of T. H. Engineer, civil engineer, who had prepared plans and specifications for the work. Other bidders were Samuel Jinks, Lake Charles, $415; and V. D. Bonin, Lake Charles, $455.

Construction work is to start at once. The new roof is to be reenforced concrete slab. The old roof had developed a leak, and upon investigation it was found that a new roof would be necessary to properly protect the official records of the parish in the vault room.

Medicare info. available at S.S.

The Social Security Administration now has a list of doctors and medical suppliers who accept Medicare assignments.

The names and addresses of Medicare participating doctors and supplies are listed in the Medicare-Participating Physician/Supplier Directory. This directory is free of charge for review in the Lake Charles Social Security Office. Beneficiaries can also call the carrier and obtain names of some participating doctors in a particular area.

If you are in need of a copy of the handbook, you can call the Social Security Office at 478-0220.

GRAND LAKE 4-Hers attending 4-H Camp this summer were: Back row: Corey Theriot, Nikki Guidry, Missy Young, Angela Guidry, Ginger Broussard, and Leon Daigle. Front row: Bubbie Duhon, Heather Taylor, Missy and Laura Cox. Counselors were Dena McComb and Shadd Taylor.

Report published on wetlands conservation

The Department of the Interior has released a report establishing guidelines for identifying particularly important wetland areas. Entitled the "National Wetlands Priority Conservative Plan," the report will help guide future wetlands acquisition efforts under the Land and Water Conservation Fund.

"This Plan will enable us to concentrate on acquiring the highest priority wetland areas first as part of our efforts to support the President's goal of no net loss of wetlands," Interior Secretary Manuel Lugan said in releasing the report.

The Plan, mandated by the Emergency Wetlands Resources Act of 1986, was prepared by the Department of the Interior's Fish and Wildlife Service in consultation with the Environmental Protection Agency, the Department of Commerce, the Department of Agriculture, U. S. Army Corps of Engineers, the states, and several environmental groups. It is designed to help Federal and state agencies identify and prioritize the wetlands types and locations warranting consideration for acquisition under the Land and Water Conservation Fund.

The Plan also will help the private sector and local agencies identify wetlands suitable for protection through measures other than fee title land acquisition. Additionally, it will help states in their efforts to meet the Act's requirements to address wetlands as an important outdoor recreation resource in their Statewide Comprehensive Outdoor Recreation Plans. The Act directs the states to develop a "wetlands component" to make state acquisition efforts consistent with those of Federal agencies.

According to the Plan, criteria to be considered in determining the value and priority of a wetland area include its function and value, historic wetland losses, and the threat of future losses of that wetland type. Threatened wetlands providing a high degree of public benefit, and those that represent rare or declining wetland types in an ecosystem, are to be given priority consideration under this plan.

Copies of the National Wetlands Priority Conservation Plan are available from the U.S. Fish and Wildlife Service Division of Endangered Species and Habitat Conservation, Branch of Special Projects, 400 Arlington Square, Department of the Interior, Washington, D.C. 20240, telephone: (703) 358-2201.

Citation is given for too many specs

Two enforcement agents of the Louisiana Department of Wildlife and Fisheries have issued a citation for possessing over the legal limit of speckled trout, and have confiscated 101 of the fish in a crackdown on violators.

According to Col. Winton Vidrine, LDWF enforcement chief, the agents pursued a vessel for one-quarter mile in Calcasieu Ship Channel after attempting to flag down the boat as it clipped by. Sgts. Mark Davis and Dennis Theriot of Region 5 overtook the vessel, and asked to see the fish on board.

The two occupants of the boat, a Lake Charles man and a minor, showed the agents an ice chest filled with 101 speckled trout.

The possession limit for speckled trout is 25 per fisherman, which put the vessel 51 fish over the legal limit. At 5:40 p.m. on Friday, July 21, Dennis Mitchell Burge, 19, was issued a citation to appear in 38th Judicial District Court in Cameron. His companion, a 14-year-old was not cited.

The first known sewing needles were made of bone and they are over 30 thousand years old.

Lee Harrison and friend

Snowy egret becomes friend of local man

BY WANITA HARRISON

On April 4th of this year, Lee Harrison began feeding a snowy egret who has since then become his avian friend. The friendship commenced when Harrison tossed a few minnows and small mullets near the edge of the ditch where the egret fed. It gulped the food, but was cautious to remain obscured by the fence.

Harrison's daily work routine involves unlocking and driving through a gate lateral to the egret's feeding site. Amused by its ravenous appetite, he continued to catch minnows and small fish which he kept in a five-gallon container in back of his pick-up truck. He fed the egret five or six small fish, two to three times daily.

Becoming more confident it would not be harmed, the beautiful white egret began running from beneath the fence toward the path of the truck when it arrived. Recently, Bob Rourke, a mechanic, rode with Harrison to check on some problems at a work site. When the truck was stopped at the gate, zestfully, the egret emerged. "That bird must be very sick," remarked Rourke, observing its unusual mannerisms. "It's O.K.," replied Harrison. "I feed it every day. It wants fish."

Rian visited in June, and Harrison took his grandson to see the snowy egret. As usual, when the truck stopped, the feathered vertebrate rapidly approached from the roadside ditch behind the fence. Harrison scooped fish from the container, and both observed as the snowy gorged on small fish that were tossed on the ground. The egret flew on the gate as it was closed, and stared anxiously as the truck was driven out of sight. "Your pet is waiting for more fish, Paw-Paw," said Rian.

"Sometimes my feathered friend is nowhere in sight," said Harrison. "Then suddenly, while driving down the dusty road flanked by ditches, a harsh squawk is heard overhead. It hovers over the truck and lands in my path. I stop the truck, get out, and throw some small fish in the road. The snowy descends, and voraciously, devours the catch, drinking water intermittently from a side ditch." Sometimes he feeds the bird by hand.

The snowy egret is a small white heron with a black slender bill, black legs and yellow feet. During its breeding season, long white, lacy plumes are present on the head and back.

The egret's food consists mainly of fish, although it may consume insects and small shrimp. The young are fed by regurgitation.

The proper habitat for nesting colonies are mangroves and swampy willow ponds. The nests are built of sticks and lined with marsh vegetation and rootlets, in which three to four pale blue eggs are laid.

During the 19th and early 20th centuries, snowy egrets were slaughtered almost to extinction for their fine plumes. It was all the fad for women to wear aigrettes in their hats. Adult nesting birds had to be killed to obtain these plumes. They were slaughtered in large numbers leaving helpless young to suffer and die. Fortunately, complete protection has enabled the population to increase their numbers again.

Snowies are agile, saline marsh birds, often seen sprinting about in shallow water or hovering above water as they seek minnows, small fish and shrimp.

Pep squad meeting set

The South Cameron High School Pep Squad will meet Thursday, Aug. 3, and Wednesday, Aug. 9, at 9 a.m. The last order for uniforms will be placed Thursday, Aug. 10.

New method for cooking crabs told

A simple, new method of cooling cooked blue crabs could have a revolutionary benefit to crab processors.

Doctor Mike Moody and Doctor David Bankston of the Louisiana Cooperative Service teamed to develop 'equipment and a procedure using a suction fan to pull cold air through batches of crabs after they have been cooked, debacked and placed in refrigerated storage.

There, they must be cooled before the meat can be picked and packaged for market.

Moody says what the procedure does is improve the consistency of the production process and reduce the need for a large refrigerated storage space.

Moody says the process has been tried in two plants and results so far show it takes only three hours from the time the cooking of the meat begins, until it is put in a container for shipment.

The project to develop the new procedure is supported by a $17,000 grant from the Gulf and South Atlantic Fisheries Foundation.

Anyone wanting further information may contact Dr. Moody at (405) 388-2180 in Baton Rouge.

Thomas Jefferson was the first president to wear long trousers instead of knee-breaches.

THANK YOU . . .

A special thank-you to the Calcasieu Ambulance Service, St. Patrick Hospital, and some of the members of the South Cameron Memorial Hospital staff who went over and above the call of duty during the Hurricane Chantal evacuation process.

Also, thank-you to the Cameron Parish Civil Defense for keeping South Cameron Memorial Hospital posted on all developments.

Federal form needed for free tuition

Qualified students who want to take the state up on its offer of free college tuition must first fill out a federal form disclosing personal finances, an LSU official said.

Students need to act quickly to get the records and documentation needed to prove they are eligible, said LSU's Dean of Academic Services O. Carruth McGehee.

The Louisiana Board of Regents Friday, July 28, formally put into effect for the upcoming fall semester at all Louisiana's public colleges a fall tuition-paid scholarship program adopted recently by the Legislature.

Known as the "Taylor Plan", it pays tuition for Louisiana students -- first-time freshmen only -- who meet certain standards of academic achievement and financial need.

The program was promoted by New Orleans oilman and philanthropist Pat Taylor who personally funded a similar program on a pilot scale in the Crescent City. On the promise of a scholarship, students made better grades.

Taylor Plan applicants must first fill out the "Family Financial Statement" form which is mailed to the American College Testing Program headquartered at Ames, Iowa, said LSU's Dean McGehee.

The form must be completed by all students applying for federally subsidized financial assistance, loans, grants and work-study programs. State law also requires students to seek federal aid before applying for assistance under the Taylor Plan, McGehee said.

The form is available from any scholarship office at all Louisiana colleges and universities, McGehee said. The financial information is relayed from the ACT program to the college at which the student plans to enroll.

To qualify, students must be Louisiana residents and come from families with adjusted gross incomes not exceeding $25,000 with one child; $30,000 with two children; or $35,000 with three children.

Students must have graduated from high school within the past two years with a minimum cumulative grade-point average of at least 2.5 on a scale of 4.0. They must have successfully completed a prescribed 17.5 units of specified courses and have a composite score on the ACT of 18 or higher. The courses closely track those already required by LSU freshmen.

McGehee urged qualified applicants to act as quickly as possible because the program's start-up schedule lies within such a short time frame. Louisiana colleges begin fall semesters during the month of August.

Students may request a Taylor Plan application from the Louisiana Board of Regents, 150 Riverside Mall, Baton Rouge, La. 70802.

Clinic set

The South Cameron Memorial Hospital, Dr. Cecil Clark and Dr. Richard Sanders will conduct a clinic on Tuesdays and Thursdays at the hospital designated for Title XVIII (Medicaid) card holders.

All appointments to visit the doctor in the clinic should be scheduled from 9 a.m. to 4 p.m. by calling the hospital at 542-4111. Please ask for Becky McEvers for an appointment.

Ask Ochsner . . .

Q. My 22-year-old sister has been told by her doctor that she is anemic. Isn't this unusual for a young adult to suffer from this problem?

A. Anemia is not uncommon in adults, particularly in women, yet only a minority of those who suffer from it realize they have it, says Dr. Morris Flaum, a specialist in blood disorders at the Ochsner Clinic in New Orleans.

There are several different types of anemia. The most common is iron-deficienty anemia, which is usually associated with blood loss. If the patient is a woman, it is frequently related to menstruation. In men, it may indicate a gastrointestinal problem, bleeding polyps or a malignancy.

Iron-deficienty anemia may also have other causes, such as improper nutrition or the inability to absorb iron into the blood system. In children, iron-deficienty anemia is most often a nutritional problem.

While iron-deficienty anemia is the most common type, self-treatment by taking iron supplments is not recommended until advised to do so by your doctor, Dr. Flaum says. Iron supplements may reduce the symptoms of anemia, while masking a potentially more serious underlying cause. There is also a rare condition in which the body can store too much iron, which can lead to serious heart and liver damage.

The chief symptom of anemia is fatigue. Anyone who suffers from a chronic sense of fatigue should report this to his or her physician, who will probably order a simple blood test. In more severe cases, symptoms may include chest pains and an inability to concentrate.

If a blood test does show that the percentage of oxygen-carrying red cells to other blood components is too low, a more thorough examination to discover the cause of the condition is necessary, Dr. Flaum concludes.

Parish is a disaster

President Bush has designated 26 primary parishes and 19 contiguous parishes for Farmers Home Administration (FmHA) Emergency Loans, effective May 5, and June 16, announced John C. McCarthy, FmHA State Director. These parishes include Beauregard, Calcasieu and Cameron.

Farmers are eligible to apply for emergency loans through the local FmHA offices. Emergency loans are made to farmers to cover losses resulting from designated disasters. Applicants who are unable to obtain credit from other sources of credit may qualify for actual loss loans at 4.5% for loan amounts not to exceed $500,000.

Final date for accepting applications for physical and production losses varies from Jan. 16, 1990 to Feb. 28, 1990. All interested persons should contact their County Office to determine the final date for accepting applications.

The bagpipe is an old instrument. It is spoken of in the Old Testament and it was used by the Egyptians, Greeks and Romans.

MUSING . . . .

Unusual animals

By Bernice Denny

A day or so after a vicious hurricane had violated the Cameron coast, I walked out onto the porch and sat on the steps of our Grand Chenier home. It was early evening. The sun was slowly sinking. The tranquil beauty of the scene was an absolute contradiction to the recent storm. I was such a young child that it was difficult for me to understand such rapid weather changes.

Suddenly in a distant corner of the front yard I spied two long, sleek black animals reared on their hind legs biting and pawing each other. Such creatures I had never seen before.

I ran into the house to summon my grandfather. He came out, watched them a second, and said, "Those are otters. One seldom sees them on the ridges. They must have wandered during the storm."

Finally, with one chasing the other, they raced into the marsh.

On another occasion a few years later I again sought my favorite seat on the steps to watch the sunset. This time I was nauseated by a sickeningly sweet, musky, foul odor that seemed to permeate the whole atmosphere. I held my nose and again sought Grandfather.

As soon as he opened the hall door and got a whiff, he exclaimed, "Oh, my, that's a polecat (skunk). We have never, never had polecats on Grand Chenier, although they're across the Mermentau. That fellow must have sneaked a ride on the ferry."

The armadillo was a late comer to our area. That ugly, armor-clad creature has played havoc with my lawn at Lake Arthur. Although it is supposed to like ants, I fear that it does not relish fire ants. We have them also.

Recently I learned an interesting fact about armadillos. A fact unknown in many other mammal, the female is adept at family planning. If during her pregnancy she encounteres severe environmental stress, she can halt the development of her embryo for a year or more. Then when conditions improve, she will allow it to develop to full term. How she does it remains a mystery.

Leo Tolstoy's wife copied the manuscript of his epic novel *War and Peace* by hand seven times.

Cameron Pilot

32nd Year--No. 43

Aug. 10, 1989

Cameron, La.

BY REP. RANDY ROACH

Information given on bills affecting parish

BY JERRY WISE

Rep. Randy Roach, who serves all of Cameron Parish and a portion of Calcasieu Parish in the Legislature, has some comments to make this week concerning some of the accomplishments--and non accomplishments--made in the recently ended regular and special sessions of the Legislature.

Although turmoil over the budget over shadowed everything, Roach said there were very important bills passed by the Legislature, including a number that directly affect Cameron Parish.

Roach gave the following rundown on some of these bills.

CRUISE SHIP

A bill that would have set up a comprehensive program for the regulation of gambling in Louisiana, including the operation of cruise ships with gambling on board got out of committee with no action recommended but failed to muster the two-thirds majority in the House to pass it.

Rep. Roach had added an amendment to the bill which would have called for a referendum in Cameron Parish on the question of whether gambling ship should be permitted to operate out of Cameron.

Because of death of the bill and due to the fact that the persons interested in operating a cruise ship here have since taken it to Florida, matter is apparently dead at this time.

However, Roach said that should a similar bill come up next year or thereafter, he would be agreeable to putting in an amendment to authorize a Cameron parish referundum if parish citizens desired it.

HWY. 27 FUNDS

Some $8 million from the sale of bonds and capital outlay for the improvement of Hwy. 27 from Creole north to serve as an evacuation route in the case of a hurricane has been restored after being borrowed by the state last year to help with overlay work statewide.

Rep. Roach said that design proposals are now being made on three and four lane options and a contract will be let at some future date.

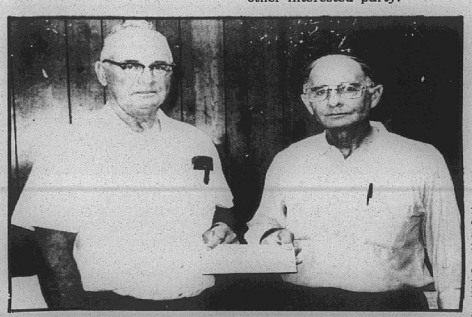
This does not include the overlay work presently under construction from Creole to the Gibbstown bridge.

Roach said the $8 million is not contingent on the passage of the State Highway Trust fund this fall. However, if the fund passes, the $8 million will be reimbursed to the state's general fund.

Cont. on Pg. 2

Alligator clinic to be held Thurs.

On Thursday, Aug. 10, at 7 p.m., the Louisiana Cooperative Extension Service will sponsor a preseason alligator meeting and hide quality clinic at the Creole Multi-Purpose Building.



Guest speakers for the meeting will include Ted Joanen, research study leader from Rockefeller State Wildlife Refuge, and Greg Linscombe, fur and refuge division biologist, according to Paul Coreil, Area Fisheries Agent.

Items to be discussed include: (1) update on alligator harvest situation for the 1989 season; (2) current market situation for alligator hide quality clinic.

(3) update on alligator related research and marketing programs conducted by the Louisiana Fur and Alligator Advisory Council; (4) plans for a Cameron Parish Alligator Hide Sale for the 1989 hunting season; and (5) alligator hide quality clinic.

The meeting is open to all alligator hunters, their wives and any other interested party.

For more information contact Coreil at the Cameron Extension Service Office at 775-5516 or 775-7443.

SHERIFF JAMES R. SAVOIE is presented with a check from Lake Charles Diesel by employee George LeBouef to be used to buy trash bags used by jail inmates in picking up trash along parish highways. (Photo by Geneva Griffith)

Community Action Week

The Cameron Community Action Agency will hold a series of activities Aug. 14, through 18, to celebrate Community Action Agency (CAA) Week, agency director Diann B. Vaughn announced.

CCA Week was declared by the Cameron Parish Police Jury in an official proclamation issued on Aug. 9, to commemorate the signing of the Economic Opportunity Act by President Lyndon Baines Johnon on Aug. 20, 1964, which launched the War on Poverty and established community action agencies to offer the poor a "hand up and not a hand out."

Highlighting the schedule will be an open house Aug. 16, at the Senior Center from 1 to 4 p.m.

Mrs. Vaughn invites the entire community to participate in the festivities as a recommitment to the goal of "eliminating poverty in the midst of plenty."

Instruction is scheduled

A semi-annual general course of instruction to certify commissioners of election will be held Aug. 17, according to Mrs. Debbie B. Theriot, Cameron Clerk of Court.

It will be held at 5 p.m., in Klondike at the parish barn and at 7 p.m. in Cameron at the voting machine building.

All persons who are not yet certified through the term of the Clerk of Court and wish to be certified commisioners to serve at the voting polls should attend this instruction to be qualified until June 30, 1992.

SAYS 'MISINFORMATION SPREAD'

Proposed wildlife refuge defended by manager

By PAUL YAKUPZACK,
Manager, Cameron Parish
National Wildlife Refuge

It is our understanding that in response to our proposal to create a National Wildlife Refuge at Little Pecan Island, near Grand Chenier, misinformation has been spread regarding the U. S. Fish and Wildlife Service's (USFWS) contributions toward the tax base and overall economy of Cameron Parish. The following data are presented to the public in an effort to correct misinformation.

The USFWS has invested $1,445,000 in public use and management facilities at Sabine National Wildlife Refuge. Improvements including a Visitor's Center and office south of Hackberry, two water control structures, and two bridges on La. Highway 27, as well as a nature trail, restrooms, parking area, and fishing piers were constructed at Sabine NWR between 1981 and 1985.

Since 1984, improvements at Lacassine National Wildlife Refuge near Lowry have totaled $1,195,000. These improvements have included a road for public access to Lacassine Pool, a boat launch, and a parking area. The headquarters building and grounds were renovated in 1987.

Cameron Prairie National Wildlife Refuge near Gibbstown was purchased in late December, 1988 for $5.2 million from Cameron Parish landowners: Hebert-Helms Corp. and the Trahan Land Co., Inc. who were willing sellers. A $2.1 million office, visitor center, and maintenance facility are planned for construction in early 1990's.

Therefore, a grand total of $8,864,500 has been invested in Cameron Parish by the USFWS since 1981. This figure includes the $2.1 million proposed for construction at Cameron Prairie NWR.

The USFWS has contributed toward the economy of Cameron Parish by increasing visits to refuges (tourism) from about 73,400 in 1983 to approximately 168,400 in 1988. A total of almost 748,000 visitors have been recorded at Lacassine and Sabine National Wildlife Refuges during the period of January 1983 through June 1989.

A total of $765,864 has resulted from fur and alligator sales from Sabine and Lacassine NWRs between 1983 and 1988. From 70-75% of these receipts are retained by the permittees who harvest the alligators and furbearers on these refuges. These permittees are local residents.

Twenty-one individuals are employed by the three National Wildlife Refuges in Cameron Parish. The total payroll for these refuges is about $658,000 annually. An additional four positions are expected to be filled on these refuges in 1990.

The USFWS does not pay taxes on refuge lands. The Service does,

Cont. on Pg. 2

Chamber opposes new L.P. refuge

The Cameron Parish Chamber of Commerce has joined with the Cameron Police Jury, the Cameron Lions Club and other organizations, in voicing concern over the U. S. Fish and Wildlife Services proposal to acquire Little Pecan Island to be used as a federal wildlife refuge.

The Chamber of Commerce stated the following reasons for their concern over the proposed refuge:

"(1) Many people feel the FWS should not be acquiring more wetlands when existing federal refuges in Cameron Parish are grossly underfunded. Many local leaders want to see the recently purchased Cameron Prairie National Wildlife Refuge placed in full operation, including a tourist visitation center and nature trail, before another refuge is considered.

"(2) Commercial alligator hunting and commercial fishing activities are either severely restricted or non-existent on existing federal refuges in Cameron Parish. Many parish residents derive a significant part of their income from these activities and people support continuing well managed commercial activity on all federal lands.

"(3) Waterfowl hunting and recreational fishing continue to be a major attraction for tourists in Cameron Parish. Continued access to refuge lands must be allowed if the tourist-visitation industry is to grow and produce

Cont. on Pg. 2

Hwy. work scheduled

Overlay of 6.5 miles of La. 27 south from the Gibbstown bridge will be let during the current fiscal year at an approximate cost of $849,000, according to the La. Dept. of Transportation.

The southern section of this project that extends to the intersection of La. 82 at Creole was recently let with work to be done in the near future.

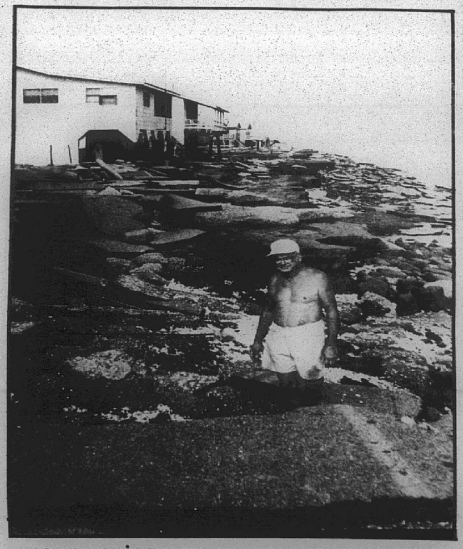
Also scheduled for letting is the overlay of La. 1144 (the Big Pasture road) 4.4 miles southward from the junction of La. 384 at Big Lake at a cost of $470,000.

Center to open

The Cameron Parish School Board announces that the Media Center, located at the Central Office, will be opened during the following hours:

Aug. 15-17 and Aug. 22-24, 3:30 to 6 p.m.

After school starts the Media Center will be open every Tuesday and Thursday from 4 to 6 p.m. The facilities are to be used by Cameron Parish teachers.



Hackberry to Cameron Hwy. opened in '29

(Lake Charles American Press, Aug. 9, 1929)

CAMERON ROAD TO OPEN

The state highway from Sulphur to the town of Cameron, in Cameron Parish via Hackberry oil field, is soon to have all needed bridges built and shell spread for travel, according to a statement today by Floyd Hamilton, resident engineer of the Louisiana Highway Commission, who has been in charge of the construction of the road from the beginning.

Only about three more weeks will be required, Engineer Hamilton said, for the finishing work of the grade.

RODNEY GUILBEAUX, Constance Beach resident, stands among the rubble which is all that is left of the front street of the subdivision following Hurricane Chantal. (Photo by Geneva Griffith)

RANDY ROACH
Cont. from Pg. 1

OYSTER COUNCIL

A special Oyster Management Council for Calcasieu Lake was created in the Legislative session to make recommendations to the Oyster Task Force on how to deal with oyster fishing problems in the lake and estuary.

One member will be appointed by each of the following organizations: Coastal Concern, Cameron Police Jury, Oyster Dealers and Buyers, La. Dept. of Health and Dept. of Wildlife and Fisheries.

In addition, the Calcasieu Police Jury will appoint one fisherman member who is a resident of Calcasieu and one member at large.

MOSS REGIONAL HOSPITAL

The Moss Regional Hospital will be taken over by the Southwest Louisiana Hospital Services District as the result of legislation sponsored by area legislators.

The 11-member board of commissioners will be appointed by Sept. 1, and will assume operation of the hospital on Jan. 1. This was in lieu of closing the hospital because of budget problems.

Cameron Parish will have one appointment on this board as will other Southwest Louisiana parishes.

SALT WATER TASK FORCE

The legislature also made provisions for a Commecial Fishing Saltwater Task Force which will be looking at the new limited entry plan for commercial saltwater fishing. The local Coastal Concern organization will have one appointment to this commission.

The group will report to the legislature next year on recommendations concerning the limited issuance of commercial fishing licenses when fishing pressure becomes too great and drives down prices.

ROCKEFELLER CENTER

Roach also reported that $50,000 was appropriated from the Rockefeller Refuge fund to make a study of building a visitors center at the Rockefeller Refuge with bids hopefully to be taken next year.

Roach said he would like to see a center and museum established similar to the one at the Sabine Refuge near Hackberry.

BEACH PROJECT

Although it comes too late to prevent the damage that was done by Hurricane Chantal at Constance Beach, the Legislature approved an additional $2 million to extend the present breakwater barriers in that area in an effort to protect the state highway. Bids had been expected in October,

H'berry 4-Hers attend camp

Hackberry Jr. 4-H members attending Camp Grant Walker July 17-21, were: Darah Duplechain, Cassie Broussard, Valarie Lowery, Elizabeth Lowery, Jeromy Nolan and Ben Carpenter.

Ben, Jeromy and Elizabeth attended Hunter Safety and all three passed and received certification badges. Ben also competed in the sharpshooter contest and received a medal.

Elizabeth participated in the Vespers program while Jeromy and Ben participated in flag raising.

Other activities were archery, water safety, marine science, wildlife, forestry and water quality.

CHAMBER OPPOSES
Cont. from Pg. 1

much needed jobs for local people.

"(4) Cameron Parish has recently suffered through a serious period of economic depression caused primarily by a downturn in the oil and gas industry. State and local government is in dire need of additional revenue, and any reduction in the property tax base will have a severe economic impact on roads, schools, fire protection, recreation, solid waste management, and many other important services provided by the local government.

"(5) Many private wetland land owners own valuable waterfowl habitat that now require intensive marsh management to reduce saltwater intrusion and ultimate vegetative loss. Federal permits for these projects are all but impossible to obtain and as a result additional coastal wetlands are being lost every minute.

"Many citizens feel that the FWS should concentrate their waterfowl enhancement money and efforts on private landowner marsh management projects. Waterfowl habitat protection would result and this would reduce the need for additional land acquisition.

"(6) Many people fear that a plan exists that calls for the purchase of all wetlands in lower Cameron Parish. This concern is widespread and recent federal land acquisitions in the parish have supported this theory in many people's eyes.

"Is there a 'master plan' or agenda that addresses future federal land acquisition plans for lower Cameorn Parish?

"We suggest that a meeting be held in the near future with the Chamber of Commerce and local public officials to discuss this issue of concern.

"The local people strongly oppose any plan calling for comprehensive land acquisition in lower Cameron Parish."

although there could be some delay now due to the heavy damage to the road and beach in that area during the recent storm.

ALLIGATOR, FUR FUNDS

A $150,000 appropriation was secured for the Alligator and Fur Council to help rebuild the industry and to some regional publicity, Roach stated.

He noted that the fur industry is beginning to suffer due to anti-fur sentiments that are being expressed nationwide.

TEDs eliminated but suit is promised

Commerce Secretary Robert Mosbacher ordered shrimpers Monday to begin checking their nets every 105 minutes for entangled sea turtles, but environmentalists said the limited trawl times are inadequate and promised to file suit by midweek.

"We don't think the secretary's proposed regulations comply with the law and we're going to challenge it in court," said National Wildlife Federation spokesman Charlie Miller.

Miller said the government's own studies show an 18 percent sea turtle mortality rate when 105-minute trawling limits are used, "and when you're dealing with endangered species that's simply unacceptble."

Mosbacher, whose rule was to take effect at 12:01 a.m. EDT Tuesday, predicted compliance with the limited trawling times would be far better than with the turtle excluder devices that shrimpers loathe.

But conservationists said only TEDs can save the endangered Kemp's ridley sea turtle from a quick extinction.

U. S. District Court Judge Thomas Hogan, who last week ordered Mosbacher to begin protecting sea turtles from drowning in shrimpers' nets by Monday, had not ruled on the Commerce plan by late in the day. Conservationists said a ruling was not expected until midweek.

Commerce spokesman Brian Gorman said that since Hogan had not issued an order against Mosbacher's rules by the close of business, the agency "can safely assume" the emergency regulations have been accepted.

Under the temporary rules, fishermen who do not use TEDs would be allowed to have their nets in the water only at specified times. A 30-minute period would follow when trawling would be prohibited.

For example, trawling would be authorized from midnight to 1:45 a.m., with no trawling allowed from 1:45 a.m. to 2:15 a.m. The rest of the day would similarly be broken into specified trawling times.

"These uniform trawling times will improve enforcement and consequently save more turtles through improved compliance," according to Commerce documents filed in federal court.

"Because there is so much opposition to the TED regulations, compliance has been very low in some areas. It is, therefore, likely that many turtles are dying in the nets of those trawlers who are refusing to use TEDs. Because a 105-minute trawling time is more palatable to the shrimp fishermen, compliance and hence sea turtle conservation is likely to be improved under the trawling period scheme," the court document said.

The temporary rules are to remain in effect until Sept. 7.

In the interim, the Commerce Department will take public comment on the rules through Aug. 21, to determine whether the limited trawl time restrictions should be continued or modified "in light of conservation needs of sea turtle populations and the economics of the shrimp fishing industry."

REFUGE DEFENDED

SOUTH CAMERON
MEMORIAL
HOSPITAL

The Doctor Is In. . .

Doctors CLINIC

Each Monday
And Thursday

The decline in the oil patch, the depressed fishing and shrimping industry in our area, the Moss Regional Hospital situation, has created a need for the Medical Community to formulate a plan to serve the medical needs of the entire community.

The Hospital, Dr. Cecil Clark and Dr. Richard Sanders will conduct a clinic on Mondays and Thursdays at the Hospital with Dr. Sanders seeing patients on Mondays from 11:30 a.m. until 2:00 p.m. and Dr. Clark seeing them on Thursday from 11:30 a.m. until 2:00 p.m. The Clinic is designated for Title XVIII (Medicaid) card holders. All appointments to visit the Doctor in Clinic should be scheduled from 9:00 a.m. to 4:00 p.m. by calling the Hospital at 542-4111. Please ask for Becky McEvers, Your appointment will be scheduled.

We feel this program will eliminate many hardships and bring the community a self reliance not experienced before.

We look forward to serving you and will help in any way possible.

REMEMBER?

Gulf Beach Hwy. shelled in 1930

By Keith Hambrick

(Lake Charles American Press, Aug. 8, 1930)
SHELLING GULF BEACH ROAD

The first layer of shell on the Gulf Beach Highway between Hackberry oil field below Sulphur and the town of Cameron, parish seat of Cameron Parish, has been put down by W. T. Burton of Sulphur, contractor, over a distance of 13¼ miles and the second layer has been spread over about five miles of this 13¼ miles, Floyd Hamilton, state highway engineer stated in Lake Charles early today (Aug. 7).

Mr. Hamilton said that the route of the highway, going as it does through a low marsh section of country, prevented the grade from being ready for hardsurfacing until late in May, and considering all that had to be done to get ready for spreading shell and building bridges, fine progress has been made toward the construction of a modern highway for the people of the coast country of Cameron as an outlet to the outside world.

The distance between Hackberry and the beaches in Cameron, Engineer Hamilton stated, is 17 miles. This part of the highway to the town of Cameron is known as the north and south section of the new road. At the beaches, the route turns east toward Cameron and will cross the Calcasieu River at Cameron on a ferry.

(Lake Charles American Press, Aug. 4, 1933)
SWEET LAKE OIL PIPELINE

Twenty pipeline employees of the Pure Oil Company yesterday began the construction of a line from the Sweet Lake oil field to the Intracoastal Canal.

About two weeks will be required for completion of the 6-inch pipeline, which will be 3¼ miles in length. A small layout of loading facilities, for the handling of barges, will be constructed on the canal.

A peak employment of 25 to 30 men is expected for this work.

Pure Oil Co. rig-builders yesterday completed the dismantling of six oil derricks in the Sweet Lake field. These derricks were taken down as a safety measure, in case of storms.

Hackberry 4-H members place

Hackberry Jr. 4-H members placing at the Shreveport show July 29, were Danielle Delcambre, 3rd and 7th with lambs and 1st, two 5ths, and 7th with her pigs.

Cody Fenetz, 1st, and 10th with his pigs.

Chamber to meet Thurs.

The monthly meeting of the Cameron Parish Chamber of Commerce will be held Thursday, Aug. 17, at 11:30 a.m. at the Cameron Motel, according to Paul Coreil, Chamber president.

Carroll leaves on 4-H trip

Sue Carroll of Cameron Parish 4-H left Sunday, Aug. 6 on an expense-paid educational trip to Orlando, Fla. for her outstanding reports in aerial applicators.

Sheriff given donation

Sheriff James R. Savoie announced that his department has received a donation from Lake Charles Diesel Company to buy plastic trash bags for the jail inmates to use in roadside trash pickups.

A check was presented to the Sheriff this week by George LeBouef, an employee of Lake Charles Diesel.

Cameron Telephone Company made the first donation to the fund last week and challenged other businesses and organizations to do the same.

It is a project of the local tourism committee to clean up the Cameron Parish roadsides. Sheriff Savoie is furnishing the inmates to do the work.

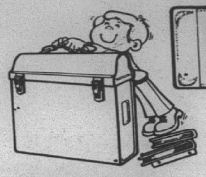
Farmers may get disaster loans

Raymond P. Patout, Farmers' Home Administration (FmHA) District Loan Specialist, announced that farmers in a large number of Louisiana parishes are now eligible to apply for FmHA Emergency Loans, because of President George Bush's July 18, 1989, declaration of a disaster in Louisiana due to flooding by Tropical Storm Allison on June 25 through July 21.

The parishes include Beauregard, Calcasieu and Cameron.

Farmers should apply for the FmHA Emergency Loans through the local FmHA offices. These loans are made to farmers to cover losses resulting from Presidentially declared disasters. Applicants who are unable to obtain credit from other sources of credit may qualify for actual loss loans not to exceed $500,000 at 4.5% interest.

Final dates for accepting applications for physical and production losses may vary from parish to parish and will be announced soon.



Tips given on keeping food safe to eat

Keeping food fresh and free from poisoning during summer outings is very important to the health of everyone. Dr. Beth Reames, nutritionist, says as many as four million Americans become ill each year after eating contaminated food.

Hints to remember are refrigerate potato salad, deviled eggs, milk and prepared baby bottles. Wash hands with soap and hot water before preparing and handling foods. Keep fingernails clean. Buy inexpensive ice chests to keep foods cold for picnics and travel.

Never cut raw poultry or meat then use the same knife or cutting board for cooked food without washing them in hot, soapy water. Salmonella gets in the digestive tracts of animals and chickens and they can pass on the disease. That is why all meat including eggs and chicken must be cooked thoroughly.

Although salmonella bacteria grows readily on meat and foods made with meat or eggs, refrigeration inhibits their growth and cooking destroys them, so the usual food preparation and storage procedures retard development. It is when food safety is overlooked that salmonella bacteria multiplies explosively.

CARD OF THANKS

HOLY SPIRIT, you who solve all problems, who light all roads so that I can attain my goal. You who give me the divine gift to forgive and forget all evil against me and that in all instances my life you are with me I want in this short prayer to thank you for all things and to confirm once again that I wish to be with you in eternal glory. Thank you for your mercy toward me and mine. R.B.8/10p.

Lions oppose proposed new refuge here

The Cameron Lions Club has sent a resolution to the Federal Government opposing the acquisition of Little Pecan Island to be used as a federal refuge.

They cited as their reasons that the acquisition would decrease the Cameron Parish tax base, as the Federal Government does not pay taxes.

The other reason was that it would possibly cut into the employment base or the earning of hunters, since there might not be any alligator harvests allowed on a federal refuge.

This announcement was made at the meeting of the Cameron Lions Club this week at the Cameron Motel, by Warner Daigle, Lions Club president.

Bill Turnbull showed color slides on the pictures he took in May at the Conoco Beach Cleanup at Rutherford Beach.

Daigle urged members to help with the Aug. 26, bingo at the Cameron K.C. Hall the club is sponsoring. The brisket dinner will start at 6 p.m. followed by the bingo game.

Knights to have meeting

The J. P. Boudoin Sr. Knights of Columbus Council 3014 will hold their monthly meeting Thursday night at 7:30 p.m. at the Creole K.C. Home. A meal will be served.

4-Hers are bond winners

Ben Carpenter and Jeromy Nolan were two of the five winners in the state in the Junior Achievement Contest for grades 6, 7 and 8. Each will receive a $75 savings bond.

Mrs. George Todd Morales

Morales-Arrington vows said in Creole

Elizabeth Anne Arrington and George Todd Morales were married Saturday, Aug. 5 at the Sacred Heart Catholic Church in Creole. Msgr. Bernard officiated the Nuptial Mass.

Parents of the couple are Mr. and Mrs. Aden M. Arrington of Lake Charles and Mr. and Mrs. George Morales of Creole.

Donna Welch and Patty Morales served as matrons of honor. Bridesmaids were Jill Morales, Jenny Morales, Trudy Theriot, Randee Sue Murphy, Angela Conner, and Goldie Richard.

Lyndi LeBoeuf was the flower girl and Bryan Morales, ringbearer. Desiree Roberts served as minature bride and Jameson Welch as minature groom.

Todd Richard was bestman with groomsmen Scottie Primeaux, Chris Morales, Mark Venable, Reggie Murphy, Wes Perry, Darin Thibodeaux and Dwayne Antonio. Ushers were Brent Morales, Ben Welch, Randy Bertrand, and Patrick Bertrand.

The bride is a graduate of South Cameron High School and is presently attending McNeese State University. She is employed by the Law Office of Cynthia Clay-Guillory. The groom is a graduate of South Cameron High School and is employed by Wendell's Electrical Service, Inc.

After a honeymoon in Florida, the couple will make their home in Lake Charles.

S. C. Elem. registration

Parents may register new students entering South Cameron Elementary School in grades K-7 beginning Monday, Aug. 14. Registration hours will be from 9 a.m. to 1 p.m., Monday thru Friday.

Parents need to bring students health records and birth certificates, according to Barry W. Richard, principal.

MR. AND Mrs. Gary J. Vallery Sr. of Lake Charles, announce the engagement and forthcoming marriage of their daughter, Pamela Kay, to John Mitchell Boudreaux, son of Mr. and Mrs. Galton Boudreaux of Creole and Mr. and Mrs. Charles Sanner of Cadwell, Ga. The wedding is set for Friday, Sept. 15, at University Baptist Church, Lake Charles, beginning at 7:30 p.m. A reception will follow in the Knights of Columbus Hall, 3828 Ernest St., Lake Charles. Through this means friends and relatives are invited to attend.

KIMBERLY JO Quinn and Ricky Laine LeBoeuf were united in marriage during a double-ring ceremony Friday, July 21, at 7 p.m. in Sacred Heart Catholic Church of Creole. Rev. Robert Shreve officiated the candlelight ceremony. Parents of the couple are Mr. and Mrs. G. C. Quinn, Jr. and Mr. and Mrs. George LeBoeuf, all of Cameron.

Grand Chenier News

By Elora Montie

BIRTHS

Mr. and Mrs. Henri Falkenberg of Liege, Belgium, announce the birth of a daughter, Noime (Naomi), Friday, July 21. She weighed 6 lbs. 8 ozs.

Grandparents are Mr. and Mrs. Whitney Baccigalopi of Grand Chenier and Mrs. Josepha Majewska of Belgium. A great-grandmother is Mrs. Dorothy Sturlese of Grand Chenier.

The couple has a son, Jermie, 3.

Mr. and Mrs. Daniel Aplin Jr. of Lake Charles announce the birth of a daughter, Samantha Michelle, Thursday, July 27. She weighed 8 lbs. 11½ ozs.

Grandparents are Mr. and Mrs. Rudolph Aplin of Grand Chenier and Mr. and Mrs. Waylen Dupre of DeRidder.

Great-grandparents are Mr. and Mrs. B. T. Aplin of Grand Chenier and Mr. Spencer Lovett of Apalachicola, Fla.

IN HOSPITAL

Edwin is reported doing better at St. Patrick's hospital in Lake Charles after undergoing surgery.

ALL STAR

Kelly Richard was chosen to play in the All Star football game in Baton Rouge Friday, two weeks ago, at L.S.U. stadium. Boys from the east and west sides of the state were chosen for the game.

Attending from our area were Mr. and Mrs. Calvin Guidry and three children, Becky Theriot, Mr. and Mrs. Homer Smith; David Vincent of Creole; Praticia Henkie of Cameron; Telisha Sturlese, cheerleader, Creole; Myrs. Lockhart of Walker; Kenneth Lejune and Romona of Lake Arthur; also Coaches Leland and Seymore of South Cameron High School.

Dona Booth and L. J. Adams of Marrero spent the weekend with her parents, Mr. and Mrs. Earl Booth Sr.

VISITORS

Mr. and Mrs. Dave Ball and children of West Monroe, spent the weekend with her parents, the Freddie Richards.

Mr. and Mrs. Danny Armstrong of Shreveport spent the weekend visiting relatives and friends in our area.

Mr. and Mrs. Gordie Hicks and children of Hackberry spent the weekend with Mrs. Hicks' parents, the Arnold Jones Sr.

Mrs. Mable Miller, Mrs. Cheryl Miller and son Jess, visited the Guthrie Perrys in Lake Charles Saturday. Spending the weekend with the Perry family was Wesley Perry who is attending college in Baton Rouge.

Recipes are asked here

Mrs. Roberta Pinch announces that she is working on the 1990 Louisiana Fur and Wildlife Festival cookbook and needs recipes to include in it.

The 1990 festival will honor the beef industry and the book will feature beef recipes, in addition to recipes in all categories.

Anyone wishing to have recipes included in the book, please send them to Mrs. Pinch by Sept. 15, at P.O. Box 387, Cameron, La. 70631.

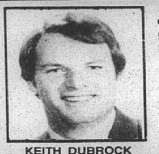
A special kind of employment service helps women get off welfare and into the workforce.

Oak Grove VBS in progress

Oak Grove Baptist Church is having Vacation Bible School this week, Aug. 7-11, from 5:30 to 8:30 p.m. for ages 4th through 6th grades.

Those needing rides in the Creole area should call 542-4731.

4-Hers attend Beau. classic



Cameron Parish Jr. 4-H members participating in the Beauregard classic Aug. 5 were:

LYNLEY LEE Elken and Rex Randall Jones will be married Saturday, Oct. 21, at 5 p.m. in the First United Methodist Church of Lake Charles. The bride-elect is the daughter of Mrs. Faith Elken and the late Edwin Lee Elken, formerly of Gautier, Miss. The groom is the son of Mrs. Sandra Jones and the late Lynn R. Jones, Sr. of Grand Chenier, and the grandson of Mrs. Jenny Blasingame and the late Rex. A. Blasingame, also of Lake Charles.

MR. AND Mrs. Jean R. Picou Sr. of Cameron, announce the engagement and forthcoming marriage of their daughter, Gwendolyn Ann, to Steven Jay Folts, son of Mr. and Mrs. James Folts of Heathsville, Va. The wedding is set for Saturday, Aug. 19, at 2 p.m. at the Cameron Multipurpose Building in Cameron. A reception will follow.

Julie Bobo

Miss Bobo is shower honoree

Wakefield Methodist Fellowship Hall was the setting for the bridal shower of Julie Bobo, bride-elect of Gannon Joe Watts, son of Butch and Jackie Watts. The hall was decorated in aqua and pink, accented with lighted foilage and wicker.

Olga Dupuis, Louise Skidmore, Hattie Nunez and Margaret Fredrick were game prize winners. Approximately 40 guests were present with out-of-town guests from Delaware, Texas and Alabama.

Hosting the event were Mary Jane Miller, Jackie Watts, Glynn Portie, Dada LaBove, and Donna LaBove.

New memorial books at library

Memorial books in the Cameron Parish Library are listed as follows: with names of the ones in memory and donors, respectively:

Papa, My Father, Floyd Kelley by Robin, Vickie Kelley & Lauren.

Louisiana, This One's For You! Floyd Kelley by Jennifer Bercier;

Art of Catching & Cooking Crabs, C. A. "Buster" Rogers by Mr. and Mrs. J. B. Blake, Jr.;

Coastal Marshes Ecology & Mangement, Floyd Kelley by Wilman and Mabel Saltzman;

Barbara Mandrell Story, Edna Miller by Wilman and Mabel Saltzman;

You Gotta Have WA; When 2 Cultures Collide on a Baseball Diamond, Clyde Harris by Mosquito Control Employees;

Great Shape, Edna Miller by David Montie;

Majesty of the River Road, Floyd Kelley by Bobby, Glenda, Mike and David Montie;

William Golding, Willie "Bill" LeBoeuf by Mr. and Mrs. J. W. (Bud) Broussard.

Hackberry News

By Grace Welch

BAPTISMS

Carly Rae Fountain, daughter of Curtis and Bobbie Fountain, was baptized Sunday at St. Peter's. Father McKenna officiated.

Godparents are Claude Devall and Monise Seay. Others attending were Grace Welch, Robert (Bo) Welch, C. R. and Troy Fountain, Cele and Courtney Devall.

Derek Morais, son of Joannie and Dave Morais of Houston, was baptized Sunday at St. Peter's.

Godparents are Pat Little and Greg Gray. Father McKenna officiated.

Others attending were Doug and Isabel Gray, Rene Gray, Cherie, Lauren and Kristen, Ashley Seay and Dominic Morais.

MOVED HOME

Mike and Sandy Schexnider, Chrissy, Mikey, Cory, B. J. and Brett have moved back home from Middletown, N.Y.

NOTICE

Proposed Constitutional Amendments to be Voted on at the Special election October 7, 1989

Proposed Amendment No. 1
Act No. 847,
Regular Session
HOUSE BILL NO. 80

BY REPRESENTATIVES DASTUGUE, GEE, DEWITT, ELLINGTON, GLOVER, DIMOS, ADLEY, R. ALEXANDER, ATKINS, BACQUE, BRADLEY, CRANE, DAMICO, DEANO, DOWNER, ENSMINGER, GAUDIN, GOMEZ, HIGHTOWER, MEIER, HERRING, JOHN, KENNARD, LANCASTER, LEDET, DRIEU, LONG, MARTIN, MCFERREN, MONTGOMERY, NORRIS, O'NEIL, REILLY, ROACH, SALTER, SCOGIN, SMITH, STELLY, STRAIN, ST. RAMMOND, THOMPSON, TOOMY, AND VOLENTINE AND SENATORS LANDRY, HAINKEL, KELLY, LAURIE, CELA, NELSON, SWEARINGEN, EWING, FOSTER, HINTON, HOLLIS, AND POSTON

A JOINT RESOLUTION

Proposing to add Part IV of Article VII of the Constitution of Louisiana, to be comprised of Section 27, to establish the Transportation Trust Fund in the state treasury, to provide that part of the avails of the gasoline and motor fuel tax and the special fuels tax shall be credited to the fund; to provide that said fuels shall be exempt from all state and local sales taxes, to provide the monies in the fund shall be used solely to fund construction and maintenance of the roads and bridges of the state and federal highway system, the Highway Priority Program, Statewide Flood-Control Program, airports, ports, transit, state police, and the Parish Transportation Fund; to provide for the disposition of investment earnings; to provide for the submission of the proposed amendments to the electors at the state; and to provide for related matters.

Section 1. Be it resolved by the Legislature of Louisiana, two-thirds of the members elected to each house concurring, that there shall be submitted to the electors of the state of Louisiana, for their approval or rejection in the manner provided by law, a proposal to add Part IV of Article VII of the Constitution of Louisiana, to be comprised of Section 27 to read as follows:

PART IV. TRANSPORTATION

§27. Transportation Trust Fund

Section 27.(A) Creation of fund. Effective January 1, 1990, there shall be established in the state treasury as a special permanent trust fund the Transportation Trust Fund ("the trust fund") into which shall be deposited the "excess revenues" as identified herein which are a portion of the avails received in each year from all taxes levied on gasoline and motor fuels and on special fuels, said avails being referred to as the "revenues") as provided herein. After satisfying pledges respecting that portion of the revenues attributable to the tax rates in effect at the time of such pledges for the payment of bonds, notes or other bonds or other evidences of indebtedness on the effective date of this Section, the treasurer shall allocate such portion of the revenues received each year as necessary to pay all principal, interest, premium, if any, and other obligations incident to the issuance, security, and payment in respect of bonds as authorized in Paragraph (C) hereof. Thereafter, the portion of the revenues remaining in the fund (the "excess revenues") after the payment of the Bond Security and Redemption Fund in the state treasury shall be used (1) the payment of any obligations for bonds or other evidences of indebtedness in existence on the effective date of this Section with which is secured by revenues; (2) payments in respect of bonds authorized in Paragraph (C) hereof; and (3) credit to the Bond Security and Redemption Fund, the treasurer shall deposit in and credit to the trust fund all of the avails of all taxes levied on gasoline and motor fuels and on special fuels, as follows: for the fiscal year beginning July 1, 1989, the avails of twelve cents per gallon of said taxes received on and after January 1, 1990; for the fiscal year beginning on July 1, 1990, the avails of fourteen cents per gallon of said taxes; for the fiscal year beginning on July 1, 1991, and thereafter, the avails of all taxes levied on gasoline and motor fuels and on special fuels. Purchases of gasoline, diesel fuel, or special fuels which are subject to excise tax under Chapter 7 of Subtitle II of Title 47 of the Louisiana Revised Statutes of 1950 shall be exempt from the state sales tax and any sales tax levied by a political subdivision as defined in Article VI, Section 44(2). All monies appropriated by the Federal Highway Administration and the Federal Aviation Administration or their successors, either reimbursed or paid directly, shall be paid directly or deposited in and credited to the trust fund.

(B) The monies in the trust fund shall be appropriated or dedicated exclusively and exclusively for the costs for and associated with construction and maintenance of the roads and bridges of the state and federal highway systems, the Statewide Flood-Control Program and its successor, ports, airports, transit, state police for traffic control purposes, and the Parish Transportation Fund or its successor and for the retirement of all principal, interest, premium, if any, and other obligations incident to the issuance, security, and payment in respect of bonds or other obligations payable from the trust fund as authorized in Paragraph (D) hereof. Unless pledged to the retirement of bonds authorized in Paragraphs (C) or (D) of this Section, the monies in the trust fund allocated to ports, airports, flood control, and mass transportation, and state highway construction shall be appropriated annually by the legislature only pursuant to programs established by law which establish a system of priorities for the expenditure of such monies, except that the Transportation Infrastructure Model for Economic Development, which shall include only those projects enumerated in House Bill 17 of the 1989 First Extraordinary Session of the Legislature, shall be funded as provided by law. The state generated funds appropriated for ports, Parish Transportation Fund, or successor, and the Statewide Flood-Control Program, or its successor, and state police for traffic control purposes shall not exceed twenty-five percent annually of the state generated tax revenues in the trust fund; provided, however, that no less than the avails of one cent of the tax on gasoline and special fuels shall be appropriated each year to the Parish Transportation Fund, or its successor. The annual appropriation to airports shall be a sum equal to, but not greater than, the annual estimated revenue produced from the state taxes to be collected and received on aviation fuel. Unencumbered and unexpended monies at the end of each fiscal year shall remain in the trust fund. Monies deposited in and realized in each year on the investment thereof in the trust fund shall be deposited in and credited to the trust fund.

(C) The State Bond Commission or its successor, may issue and sell bonds, notes, or other obligations ("Bonds") secured by a pledge of a portion of the revenues not to exceed the avails of four cents per gallon of the taxes on gasoline and motor fuels and on special fuels received by the state treasurer. Bonds so issued may be secured by a pledge of all or a portion of excess revenues as additional security therefor, and if so pledged any portion thereof needed to pay the principal, interest, or premium, if any, and any obligations incident to the issuance, security, and payment in respect of the bonds may be expended by the treasurer without the need for legislative appropriation. The bonds may be issued in the manner set forth in this Section to provide for the costs for and associated with construction and maintenance of the roads and bridges of the state and federal highway systems, statewide Flood-Control Program, ports, airports, and for any other purpose for which monies in the trust fund may be expended as provided by law. Such Bonds shall not be considered to be debt under Article VII, Section 6, unless the provisions of Article VII Section 6, relative to incurring debt by the state are met, in which case the full faith and credit of the state may also be pledged in addition to the revenues received by the treasurer.

(D) The State Bond Commission or its successor may also issue and sell bonds, notes, or other obligations secured by a pledge of the excess revenues deposited in the trust fund, which shall otherwise be issued in the manner and for the purposes provided for in this Section, and if so pledged any portion thereof needed to pay the principal, interest, or premium, if any, and other obligations incident to the issuance, security, and payment in respect thereof may be expended by the treasurer without the need for legislative appropriation.

(E) Bonds, notes, or other obligations issued pursuant to the provisions of Paragraphs (C) or (D) hereof shall be issued in the manner provided by resolution of the State Bond Commission or its successor, under the authority of said Paragraphs without compliance with any other requirement of this Constitution or law.

To that end, said Paragraphs (C) and (D) hereof shall be deemed self-operative.

Section 2. Be it further resolved that this proposed amendment shall be submitted to the electors of the state of Louisiana at the first statewide election to be held in 1989 after the adoption of this Resolution.

Section 3. Be it further resolved that this amendment shall become effective on January 1, 1990.

Section 4. Be it further resolved that on the official ballot to be used at said election there shall be printed a proposition, upon which the electors of the state shall be permitted to vote FOR or AGAINST, to amend the Constitution of Louisiana, which proposition shall read as follows:

To establish the Transportation Trust Fund in the state treasury, to provide that part of the avails of the gasoline and motor fuel tax and special fuels tax shall be credited to the fund; to provide the monies in the fund shall be used solely to fund construction of the roads and bridges of the state and federal highway systems, the Highway Priority Program, Statewide Flood-Control Program, airports, transit, state police, and the Parish Transportation Fund, and to provide for the disposition of investment earnings. (Effective Jan. 1, 1990). (Adds Article VII, Section 27.)

Proposed
Amendment No. 2
Act No. 24,
2nd Extra Session
SENATE BILL NO. 25

BY MESSRS. BAGERT, BARBERA, CAUSEY, CELLA, DECUIR, PICARD, DOLAND, ELLINGTON, MCFERREN, FOSTER, HINTON, BAGNERIS, HAINKEL, LAURIE, AND NUNEZ AND REPRESENTATIVES DOWNER, GLOVER, GUIDRY, HAMILTON, JOHN, LEBLANC, PATTI, ROACH, SCOGIN, STELLY, SCOGIN, S.H. THERIOT, S.J. THERIOT, WARREN, TRICHE, THOMAS, WARNER, BRUNEAU, DEWITT AND LANCASTER

A JOINT RESOLUTION

Proposing to add Article VII, Section 10.2, relative to certain revenues; to create the Wetlands Conservation and Restoration Fund; to provide a source of revenues for the fund; to provide for the use of monies in the fund, and to specify an election date for submission of the proposition to electors and to provide a ballot proposition.

Section 1. Be it resolved by the Legislature of Louisiana, two-thirds of the members elected to each house concurring, that there shall be submitted to the electors of the state of Louisiana, for their approval or rejection in the manner provided by law, a proposal to add Article VII, Section 10.2 to the Constitution of Louisiana, to read as follows:

§10.2. Wetlands Conservation and Restoration Fund

Section 10.2(A) Effective July 1, 1990, there shall be established in the state treasury the Wetlands Conservation and Restoration Fund to provide a dedicated, recurring source of revenues for the development and implementation of a program to conserve and restore Louisiana's vegetated wetlands.

Of revenues received in each fiscal year by the state as a result of the production of or exploration for minerals, hereinafter referred to as mineral revenues from severance taxes, royalty payments, bonus payments or rentals, and excluding such revenues received by the state as a result of grants or donations where the terms or conditions thereof require otherwise, the treasurer shall make the following allocations:

(1) To the Bond Security and Redemption Fund as provided in Article VII, Section 9(B) of this constitution.

(2) To the political subdivisions of the state as provided in Paragraphs (D), Sections 4(D) and (E) of this constitution.

(3) After meeting the requirements of Article VII, Sections 10-A and 10.1 of this constitution.

(B)(1) After making the allocations provided for in Paragraph (A), the treasurer shall then deposit in and credit to the Wetlands Conservation and Restoration Fund any amount of mineral revenues that may be necessary to insure that a total of four hundred million dollars is deposited into such fund for the fiscal year from mineral revenues; provided that the balance of the fund which consists of mineral revenues from severance taxes, royalty payments, bonus payments, or rentals shall not exceed forty million dollars.

(2) After making the allocations and deposits provided for in Paragraphs (A) and (B)(1) of this Section, the treasurer shall deposit in and credit to the Wetlands Conservation and Restoration Fund as follows:

(a) Ten million dollars of the mineral revenues in excess of six hundred million dollars which remain after the allocations provided for in Paragraph (A) are made by the treasurer.

(b) Fifty million dollars of the mineral revenues in excess of six hundred million dollars which remain after the allocations provided in Paragraph (A) are made by the treasurer.

However, the balance of the fund which consists of mineral revenues from severance taxes, royalty payments, bonus payments, or rentals shall not exceed forty million dollars.

(C) The money in the fund shall be invested as provided by law and any earnings realized on investment of such money in the fund shall be deposited in and credited to the fund. Any money from other sources, such as donations, appropriations, or dedications may be deposited in and credited to the fund; however, the balance of the fund which consists of mineral revenues from severance taxes, royalty payments, bonus payments, or rentals shall not exceed forty million dollars. Any unexpended money remaining in the fund at the end of the fiscal year shall be retained in the fund.

(D) The monies in the fund may be appropriated for purposes consistent with the Wetlands Conservation and Restoration Plan developed by the Governor's Conservation and Restoration Authority, or its successor.

No appropriation shall be made from the fund in addition to the purposes of the plan.

Section 2. Be it further resolved that this proposed amendment shall be submitted to the electors of the state of Louisiana at the election to be held on October 7, 1989.

Section 3. Be it further resolved that on the official ballot to be used at the election there shall be printed a proposition, upon which the electors of the state shall be permitted to vote FOR or AGAINST, to amend the Constitution of Louisiana, which proposition shall read as follows:

To create and provide with respect to the Wetlands Conservation and Restoration Fund to provide a dedicated, recurring source of revenues for the development and implementation of a program to conserve and restore Louisiana's eroding wetlands. (Adds Article VII, Sec. 10.2)

2nd Extra Session
HOUSE BILL NO. 7

BY REPRESENTATIVES ALARIO AND THOMPSON

A JOINT RESOLUTION

Proposing to add Article VII, Section 21(D) of the Constitution of Louisiana, to create the State Board of Inventory Ad Valorem Tax Review, to provide for the membership of the board, to authorize the board to enter into contracts for ad valorem tax exemptions on inventory of new or expanded manufacturing or distribution establishments, to provide for the renewal of such contracts, to provide for the submission of the proposed amendment to the electors, and to provide for related matters.

Section 1. Be it resolved by the Legislature of Louisiana, two-thirds of the members elected to each house concurring, that there shall be submitted to the electors of the state of Louisiana, for their approval or rejection in the manner provided by law, a proposal to add Article VII, Section 21(D) to the Constitution of Louisiana, to read as follows:

§21. Other Property Exemptions

Section 21. In addition to the homestead exemption provided for in Section 20 of this Article, the following proposal no other shall be exempt from ad valorem taxation:

* * *

(D)(1)(a) There is hereby created the State Board of Inventory Ad Valorem Tax Review which shall consist of the chairman of the Board of Commerce and Industry or its successor, the governor or his designee, the president of the Senate or his designee, the speaker of the House of Representatives or his designee, and a representative appointed by the governing authority of the parish, or municipality if in any municipality, in which the new manufacturing or distribution establishment is to be located. However, if the contract is executed before the location of the manufacturing or distribution establishment is known, the review board shall not include the member from the parish or municipal governing authority. Further as the board considers matters affecting a particular industry, a monitoring representative of that industry shall be appointed by the governor from the parish where the exemption is granted to sit on the board. The board may enter into contracts for the exemption of ad valorem taxes on inventory of a new manufacturing or new distribution establishment or the expansion of an existing manufacturing or distribution establishment on such terms and conditions as the board considers in the best interest of the state. Such exemption may extend to all or a specific portion of the inventory and shall be conditioned on the criteria of Subparagraph (b) for local permanent jobs.

(b) All actions by the board in exempting inventory from ad valorem taxation shall be taken only pursuant to a unanimous decision by all members of the board. This exemption shall be for a period not greater than ten years. The legislature may alter the composition of the membership of the board or the criteria required for the board to grant a contract or exemption by law or by act of a favorable vote of two-thirds of the elected members of each house.

(2) This exemption may be renewed for one additional five-year period after approval by the review board. Such approval shall require a favorable vote of two-thirds of the members of this review board.

(3) All property exempted shall be listed on the assessment rolls and submitted to the Louisiana Tax Commission, or successor, but no taxes shall be collected thereon during the period of exemption.

(4) The term "new manufacturing establishment" as used herein means a new plant or establishment which engages in the business of working raw materials into wares suitable for use or which gives new shapes, qualities, or combinations to matter which already has gone through some artificial process and shall not include raw materials such as natural gas, crude oil, sulphur, timber or goods or products held for sale to consumers.

Section 2. Be it further resolved that this proposed amendment shall be submitted to the electors of the state of Louisiana at the first statewide election to be held on the first Saturday in October, 1989.

Section 3. Be it further resolved on the official ballot to be used at said election there shall be printed a proposition, upon which the electors of the state shall be permitted to vote FOR or AGAINST, to amend the Constitution of Louisiana, which proposition shall read as follows:

To create the State Board of Inventory Ad Valorem Tax Review, and to authorize the board to enter into contracts for the exemption of ad valorem taxes on inventory of a new manufacturing, new distribution establishment or the expansion of an existing manufacturing or distribution establishment for an initial period of up to ten years and to provide a procedure for one five-year renewal. (Adds Article VII, Section 21(D))

Proposed
Amendment No. 4
Act No. 847,
Regular Session
SENATE BILL NO. 52

BY MESSRS. DECUIR, SAUNDERS, WINROMAND, MCLEOD AND REPRESENTATIVES ADLEY, A. ALEXANDER, ANDING, ATKER, BACQUE, BEAL, BRADLEY, BRUNEAU, CARMEN, CASTILLE, COPELIN, CRANE, DAMICO, DEANO, DEWITT, DOWNER, DIMOS, DONELON, ELLINGTON, ENSMINGER, FORSTER, GEE, GLOVER, GOMEZ, GUIDRY, GUZZETTO, HAIK, HEBERT, HERRING, HOPKINS, IRVIN, IVOR, JENKINS, JOHN, KIMBALL, LALONDE, LANCASTER, LEBLANC, LEMOINE, LONG, MCCLAIN, MCFERREN, MILLER, MONTGOMERY, MORRIS AND ODINET, PATTI, ROACH, ST. RAYMOND, SALTER, SCOGIN, SITTIG, A. D. SMITH, A. J. SMITH, J. SMITH, STELLY, STRAIN, S. H. THERIOT, S. J. THERIOT, THOMAS, THOMPSON, TOOMY, TRAVIS, VALENTINE, WADDELL AND WARNER

A JOINT RESOLUTION

Proposing to amend Article I, Section 4 of the Constitution of Louisiana, relative to the right to property; to provide that contraband drugs and certain property related thereto may be caused to be forfeited and disposed of in a civil proceeding; and to provide for an election date for submission of the proposition to electors and to provide a ballot proposition.

Section 1. Be it resolved by the Legislature of Louisiana, two-thirds of the members elected to each house concurring, that there shall be submitted to the electors of the state of Louisiana, for their approval or rejection in the manner provided by law, a proposal to amend Article I, Section 4 of the Constitution of Louisiana, to read as follows:

§4. Right to Property

Section 4. Every person has the right to acquire, own, control, use, enjoy, protect, and dispose of private property. This right is subject to reasonable statutory restrictions and the reasonable exercise of the police power.

Property shall not be taken or damaged by the state or its political subdivisions except for public purposes and with just compensation paid to the owner and into court for his benefit. Property shall not be taken or damaged by any private entity authorized by law to expropriate property for a public and necessary purpose and with just compensation paid to the owner; in such proceedings, whether the purpose and necessity shall be a judicial question. In every expropriation each party has the right to trial by jury to determine compensation, and the owner shall be compensated to the full extent of his loss. No business enterprise or any of its assets shall be taken for the purpose of operating that enterprise or halting competition with a government enterprise. However, a municipality may expropriate a utility within its jurisdiction.

Personal effects shall never be taken. But the following property may be forfeited and disposed of in a civil proceeding, as provided by law: contraband drugs; property used in the distribution, transfer, sale, felony possession, manufacture, or transportation of contraband drugs; property furnished or intended to be furnished in exchange for contraband drugs; property used or intended to be used to facilitate any of the above conduct; or other property because the above described property has been rendered unavailable.

This Section shall not apply to any forfeiture of property necessary for levee and levee drainage districts.

Section 2. Be it further resolved that this proposed amendment shall be submitted to the electors of the state of Louisiana at the election to be held on October 7, 1989, if authorized by law or at the Regular Session of the Louisiana Legislature, or, if not authorized, at the congressional primary election to be held in October, 1990.

Section 3. Be it further resolved that on the official ballot to be used at said election there shall be printed a proposition, upon which the electors of the state shall be permitted to vote FOR or AGAINST, to amend the Constitution of Louisiana, which proposition shall read as follows:

To provide that contraband drugs and certain property related thereto may be caused to be forfeited and disposed of in a civil proceeding. (Amends Article I, Section 4)

Proposed
Amendment No. 5
Act No. 842,
Regular Session
SENATE BILL NO. 63

BY MESSRS. KELLY AND JUMONVILLE AND REPRESENTATIVES ATKINS, DOWNER, ACCARDO, JONES AND LABORDE AND LA-

A JOINT RESOLUTION

Proposing to amend Article V, Section 15 and to add Article V, Section 35 of the Constitution of Louisiana, relative to the Louisiana Supreme Court; to reapportion the state to be divided into seven permanent single member supreme court districts; to provide for domicile of candidates; to provide for a temporary justice of the court; to provide for methods of voting and judgment with regard to the temporary eighth member court; to provide for the submission of the proposed amendment to the electors and provide a ballot proposition; and to provide for related matters.

Section 1. Be it resolved by the Legislature of Louisiana, two-thirds of the members elected to each house concurring, that there shall be submitted to the electors of the state of Louisiana, for their approval or rejection in the manner provided by law, a proposal to amend Article V, Section 4 and to add Article V, Section 35 of the Constitution of Louisiana, to read as follows:

§4. Supreme Court; Districts

Section 4. The state shall be divided into seven permanent supreme court districts, and one judge shall be elected from each. The districts shall be as provided by law enacted by two-thirds of the elected members of each house of the legislature.

§35. Provisional eighth justice of the supreme court; provisional composition of court; judgments; term; qualifications

Section 35.(A) Effective January 1, 1991, and notwithstanding the provisions of Section 3 and Section 4 of this Article, the Supreme Court of Louisiana shall consist of seven justices and seven associate justices; a majority of whom may render judgment for the court. Seven justices may act as a panel, and a majority of such panel may render judgment for the court. In the event of a tie vote, the court may assign a sitting or retired judge to act as an additional justice of the supreme court. The offices of the chief justice and six associate justices and the ten-year terms of these offices existing on the effective date of this Section are retained, and the terms of office, retirement benefits, judicial service rights, seniority, continuity, and other emoluments of office of the judges holding these offices shall not be diminished, subject to the express limitation of term set forth in this Section for the provisional judgeship. The eighth supreme court judgeship created by this Section shall be a provisional office which shall cease to exist upon the expiration of one ten-year term, upon the justice-elect's failure to take office, or upon a vacancy in the office, whichever occurs sooner. The eighth provisional supreme court justice shall be elected in the 1990 congressional district composed of the parishes of Jefferson, Orleans, Plaquemines, and St. Bernard.

Upon termination of the provisional supreme court judgeship, the permanent seven supreme court justices shall constitute the Supreme Court of Louisiana, and nothing shall diminish the terms of office, retirement benefits, judicial service rights, seniority, continuity or other emoluments of office.

(B) Notwithstanding any other constitutional provision to the contrary, at the next election at which supreme court justices are elected, any otherwise qualified elector residing in the First Supreme Court District as it existed prior to this division into the first and seventh supreme court districts may qualify as a candidate for any supreme court district created in this Article as part from that prior district if such elector was domiciled in that prior district for the two years preceding election.

Section 2. Be it further resolved that, if, and only if, Senate Bill No. 255 of the 1989 Regular Session of the Legislature of Louisiana is passed by the legislature and not vetoed by the governor, this proposed amendment shall be submitted to the electors of the state of Louisiana at the special election to be held on October 7, 1989, if authorized by law or acted at the 1989 Regular Session of the Legislature of Louisiana.

Section 3. Be it further resolved that on the official ballot to be used at said election there shall be printed a proposition, upon which the electors of the state shall be permitted to vote FOR or AGAINST, to amend the Constitution of Louisiana, which proposition shall read as follows:

To reapportion the state to be divided into seven permanent single member supreme court districts; to provide for domicile of candidates; to provide for the creation of an additional temporary supreme court district composed of the parishes of Jefferson, Orleans, Plaquemines, and St. Bernard; to provide for the election of a temporary justice in the district; to provide for the powers, duties, retirements, and termination of office of the temporary justice. (Amends Article V, Section 4 and adds Article V, Section 35 of the Constitution of Louisiana.)

Proposed
Amendment No. 6
Act No. 844,
Regular Session
SENATE BILL NO. 68

BY MR. BARES AND REPRESENTATIVES ACCARDO, COPELIN AND DIXON

A JOINT RESOLUTION

Proposing to amend Article V, Sections 8(A) and (C), 9, 14, 15(C), and 22 of the Constitution of Louisiana, relative to the judicial branch; to provide for five circuit courts of appeal; to provide relative to the creation of seven judge districts for certain courts of appeal and judicial district courts; to provide for the division of circuit courts of appeal districts and judicial districts into sections for qualification and election of judges; to provide for the interim filling of a judicial vacancy by gubernatorial appointment, to provide that the procedures for such appointment shall be provided by law; to provide for the election or selection of judges; to specify an election date for submission of the proposition to electors and provide a ballot proposition; and to provide for related matters.

Section 1. Be it resolved by the Legislature of Louisiana, two-thirds of the members elected to each house concurring, that there shall be submitted to the electors of the state of Louisiana, for their approval or rejection in the manner provided by law, a proposal to amend Article V, Sections 8(A) and (C), 9, 14, 15(C), and 22 of the Constitution of Louisiana to read as follows:

§8. Courts of Appeal; Circuits; Panels; Judgments; Terms

Section 8. (A) Circuits; Panels. The state shall be divided into at least five circuits, with one court of appeal in each. Each court shall sit in panels of at least three judges selected according to rules adopted by the court.

(C) Terms. The term of a court of appeal judge shall be ten years. The legislature by two-thirds vote of the elected members of each house may establish senior judge status. Election shall not be required of senior status judges. Any senior status judgeship created shall not exceed eight years. Once enacted, the law with respect to eligibility to select senior judge status or qualifications for senior judge status may be changed only during a session held in the year following the year in which the population of the state is reported to the president of the United States for each decennial federal census or in the next year and then only by the elected members of each house of the legislature.

§9. Courts of Appeal; Circuits and Districts

Section 9. Each circuit shall be divided into at least three districts, of at least one judge shall be elected from each; however, the legislature by two-thirds vote of the elected members of each house may provide for another method of electing or selecting judges from such districts. Each district may be further subdivided into sections for the purpose of election of judges. The circuits and districts and the numbers of judges elected in each circuit are retained, subject to change only as provided by two-thirds of the elected members of each house of the legislature.

§14. District Courts; Judicial Districts

Section 14. The state shall be divided into judicial districts, each composed of at least one parish and of at least as many judges of the district. Each district may be further subdivided into sections for the purpose of election of judges.

§15. Judges; Retention; Jurisdiction; Judicial District Changes; Terms

Section 15. * * *

(C) Term. The term of a district court judge or city court judge shall be six years. The legislature by two-thirds vote of the elected members of each house may establish senior judge status. Election shall not be required of senior status judges. The term of any senior status judgeship created shall not exceed eight years. Once enacted, the law with respect to eligibility to select senior judge status or qualifications for senior judge status may be changed only during a session held in the year following the year in which the population of the state is reported to the president of the United States for each decennial federal census or in the next year and then only by the elected members of each house.

* * *

§22. Judges; Election; Vacancy

Section 22. (A) Election. Except as otherwise provided in this Section, judges shall be elected; however, the legislature by two-thirds vote of the elected members of each house may provide for another method of selecting or electing judges. Election shall be at the regular congressional election.

(B) Vacancy in judgeship except court of appeal. Except as provided in Paragraph C herein, a newly-created judgeship or a vacancy in the office of a judge, except a judge or judgeship of any court of appeal, shall be filled by special election called by the governor and held within eighteen months after the day on which the vacancy occurs or the judgeship is established, except when the vacancy occurs in the last eighteen

Cont. on next page

Cont. prev.

months of the term. Until it is filled, the judge in accordance with procedures prescribed by law, shall appoint a judge from a list of persons recommended by the judicial commission prescribed by law. The appointee shall be an eligible candidate in the manner prescribed by law, a proposal to amend Article V, Section 8(A) and (C), 9, 14, 15(C), and 22 of the Constitution of Louisiana to read as follows:

§8. Courts of Appeal; Circuits; Panels; Judgments; Terms

Section 8. (A) Circuits; Panels. The state shall be divided into at least five circuits, with one court of appeal in each. Each court shall sit in panels of at least three judges selected according to rules adopted by the court.

(C) Terms. The term of a court of appeal judge shall be ten years. The legislature by two-thirds vote of the elected members of each house may establish senior judge status. Election shall not be required of senior status judges. Any senior status judgeship created shall not exceed eight years. Once enacted, the law with respect to eligibility to select senior judge status or qualifications for senior judge status may be changed only during a session held in the year following the year in which the population of the state is reported to the president of the United States for each decennial federal census or in the next year and then only by the elected members of each house.

§9. Courts of Appeal; Circuits and Districts

Section 9. Each circuit shall be divided into at least three districts, of at least one judge shall be elected from each; however, the legislature by two-thirds vote of the elected members of each house may provide for another method of electing or selecting judges from such districts. Each district may be further subdivided into sections for the purpose of election of judges. The circuits and districts and the numbers of judges elected in each circuit are retained, subject to change only as provided by two-thirds of the elected members of each house of the legislature.

§14. District Courts; Judicial Districts

Section 14. The state shall be divided into judicial districts, each composed of at least one parish and of at least as many judges of the district. Each district may be further subdivided into sections for the purpose of election of judges.

§15. Judges; Retention; Jurisdiction; Judicial District Changes; Terms

Section 15. * * *

(C) Term. The term of a district court judge or city court judge shall be six years. The legislature by two-thirds vote of the elected members of each house may establish senior judge status. Election shall not be required of senior status judges. The term of any senior status judgeship created shall not exceed eight years. Once enacted, the law with respect to eligibility to select senior judge status or qualifications for senior judge status may be changed only during a session held in the year following the year in which the population of the state is reported to the president of the United States for each decennial federal census or in the next year and then only by law enacted by two-thirds of the elected members of each house.

* * *

§22. Judges; Election; Vacancy

Section 22. (A) Election. Except as otherwise provided in this Section, judges shall be elected; however, the legislature by two-thirds vote of the elected members of each house may provide for another method of selecting or electing judges. Election shall be at the regular congressional election.

(B) Vacancy in judgeship except court of appeal. Except as provided in Paragraph C herein, a newly-created judgeship or a vacancy in the office of a judge, except a judge or judgeship of any court of appeal, shall be filled by special election called by the governor and held within eighteen months after the day on which the vacancy occurs or the judgeship is established, except when the vacancy occurs in the last eighteen

§22. Judges; Election; Vacancy

Section 22. (A) Election. Except as otherwise provided in this Section, judges shall be elected; however, the legislature by two-thirds vote of the elected members of each house may provide for another method of selecting or electing judges. Election shall be at the regular congressional election.

(B) Vacancy in judgeship except court of appeal. Except as provided in Paragraph C herein, a newly-created judgeship or a vacancy in the office of a judge, except a judge or judgeship of any court of appeal, shall be filled by special election called by the governor and held within eighteen months after the day on which the vacancy occurs or the judgeship is established, except when the vacancy occurs in the last eighteen

Cont. from prev. page

months of an existing term. Until the vacancy is filled, the governor, in accordance with procedures provided by law, shall appoint a person meeting the qualifications for the office, other than domicile, to serve. The appointee shall be ineligible as a candidate at the election to fill the vacancy or the newly-created judicial office. The law prescribing the procedures for the appointment by the governor, once enacted, shall be changed only by law enacted by two-thirds of the elected members of each house of the legislature. No person serving as an appointed judge, other than a retired judge, shall be eligible for retirement benefits provided for the elected judiciary.

(C) Vacancy in judgeship of court of appeal. A newly-created judgeship or a vacancy in the office of a judge of any court of appeal shall be filled by special election called by the governor and held within eighteen months after the day on which the vacancy occurs or the judgeship is established, except when the vacancy occurs in the last eighteen months of an existing term. If the vacancy is filled, the governor, in accordance with procedures provided by law, shall appoint a person meeting the qualifications for the office to serve. The appointee shall be eligible as a candidate at the election to fill the vacancy or the newly-created judicial office. The law prescribing the procedures for the appointment by the governor, once enacted, shall be changed only by law enacted by two-thirds of the elected members of each house of the legislature. No person serving as an appointed judge, other than a retired judge, shall be eligible for retirement benefits provided for the elected judiciary. The legislature, by law enacted by two-thirds vote of the elected members of each house, may provide for the filling of vacancies in judgeships of elected court in accordance with this Paragraph.

(D) End of term. A judge serving on the effective date of this constitution shall serve through December thirty-first of the last year of his term or, if the last year of his term is not the year of a regular congressional election, then through December thirty-first of the following year. The election for the successor to the term shall be held in the year in which the term expires, as provided above.

Section 2. Be it further resolved that this proposed amendment shall be submitted to the electors of the state of Louisiana at the special election to be held on October 7, 1989, if authorized by law enacted by the second regular session of the Louisiana Legislature or, if not so authorized, at the congressional primary election to be held in October, 1990.

Section 3. Be it further resolved that on the official ballot to be used at the election there shall be printed a proposition, upon which the electors of this state shall be permitted to vote FOR or AGAINST, to amend the Constitution of Louisiana, which proposition shall read as follows:

To provide relative to the judicial branch; to provide for five circuit courts of appeal, to authorize the creation of senior judge status for certain judges of the courts of appeal and district courts, to provide for the division of circuit courts of appeal districts and judicial districts into sections for election of certain judges, to provide for the uniform filing of a judicial vacancy by gubernatorial proclamation; to provide that the procedures for such appointments shall be provided by law; to provide for the election of each judge to each division thereof; to provide for related matters. (Amends Article V, Sections 8(A) and (C), 9, 14, 15(C) and 22).

Proposed Amendment No. 7
Act No. 28,
2nd Extra Session
SENATE BILL NO. 38

BY MR. KELLY AND REPRESENTATIVE BRUNEAU
A JOINT RESOLUTION
Proposing to amend Article X, Section 21 of the Constitution of Louisiana; to provide for the Board of Ethics for Elected Officials; to provide for the board's powers and duties, membership, terms of offices and vacancies; to provide relative to the continued authority of the attorney general and the district attorneys; to repeal certain enactment of the 1989 Regular Session of the Louisiana Legislature, and to specify an election date for submission of the proposition to electors and provide a ballot proposition.

Section 1. Be it resolved by the Legislature of Louisiana, two-thirds of the members elected to each house concurring, that the enactment of the 1989 Regular Session of the Louisiana Legislature which originated as Senate Bill No. 62 by Mr. Kelly, et al. is repealed, that the provisions of this Act shall supercede the provisions of said enactment, that the secretary of state is directed to place before the electors of this state the proposition stated in this Act in lieu of the proposition in said enactment, and that there shall be submitted to the electors of the state of Louisiana, for their approval or rejection, the following proposition, and if approved by a majority of the electors voting thereon, this proposition shall become effective and shall be added to the Constitution of Louisiana as Article X, Section 21, and shall read as follows:

§21. Code of Ethics

Section 21. (A) Code. The legislature shall enact a code of ethics for all officials and employees of the state and its political subdivisions. Except as provided in Paragraph (B) and (D) of this Section and notwithstanding any other provision of this constitution to the contrary, the code shall be administered and civilly enforced by one or more boards created by the legislature with qualifications, terms of office, duties, and powers provided by the legislature.

(B) Board of Ethics for Elected Officials.

(1) Creation; Powers. The Board of Ethics for Elected Officials is hereby established. Notwithstanding any other provision of this constitution to the contrary, the board shall administer and civilly enforce the code of ethics with respect to elected officials and shall administer and civilly enforce election, campaign finance, and campaign finance disclosure laws as provided by the legislature.

(2) Membership; Terms. Notwithstanding any provision of this constitution to the contrary, the board shall consist of five members, two of whom shall be elected by the Senate, two of whom shall be elected by the House of Representatives, and one of whom shall be appointed by the governor. Members shall serve staggered terms of six years, after initial terms as follows: the member appointed by the governor shall serve a two-year term; the members elected by the House of Representatives shall serve a three-year term; and the two members elected by the Senate shall serve a four-year and a six-year term, respectively; as determined by the respective house of the legislature at the time of election.

(3) Vacancy. Any vacancy occurring on the board shall be filled in the same manner as the original election or appointment for the remainder of the term.

(C) Method of Appeal. Decisions of a board shall be appealable, and the legislature shall provide the method of appeal.

(D) Continued Authority; Attorney General and District Attorneys. Nothing in this Section shall affect or restrict the authority of the attorney general or any district attorney as provided in this constitution.

(E) The enactment of the 1989 Regular Session of the Louisiana Legislature which originated as Senate Bill No. 62 by Mr. Kelly, et al. is repealed.

Section 2. Be it further resolved that this proposed amendment shall be submitted to the electors of the state of Louisiana at the special election to be held on October 7, 1989.

Section 3. Be it further resolved that on the official ballot to be used at the election there shall be printed a proposition, upon which the electors of this state shall be permitted to vote FOR or AGAINST, to amend the Constitution of Louisiana, which proposition shall read as follows:

To provide for the Board of Ethics for Elected Officials; to provide that the board consist of five members, serving six year staggered terms, with members appointed by the governor and elected by the legislature; to provide with respect to laws which the board is required to administer and enforce, to provide relative to the continued authority of the attorney general and the district attorneys; to repeal certain enactment of the 1989 Regular Session of the Louisiana Legislature, and to specify an election date for submission of the proposition to electors and provide a ballot proposition.

Section 1. Be it resolved by the Legislature of Louisiana, two-thirds of the members elected to each house concurring, that there shall be submitted to the electors of the state of Louisiana, for their approval or rejection in the manner provided by law, a proposal to amend Article X, Section 21 of the Constitution of Louisiana to read as follows:

§13. Code of Ethics

Section 21. (A) Code. The legislature shall enact a code of ethics for all officials and employees of the state and its political subdivisions. Except as provided in Paragraph (B) and (D) of this Section and notwithstanding any other provision of this constitution to the contrary, the code shall be administered and civilly enforced by one or more boards created by the legislature with qualifications, terms of office, duties, and powers provided by the legislature.

(B) Board of Ethics for Elected Officials.

(1) Creation; Powers. The Board of Ethics for Elected Officials is hereby established. Notwithstanding any other provision of this constitution to the contrary, the board shall administer and civilly enforce the code of ethics with respect to elected officials and shall administer and civilly enforce election, campaign finance, and campaign finance disclosure laws as provided by the legislature.

(2) Membership; Terms. Notwithstanding any provision of this constitution to the contrary, the board shall consist of five members, two of whom shall be elected by the Senate, two of whom shall be elected by the House of Representatives, and one of whom shall be appointed by the governor. Members shall serve staggered terms of six years, after initial terms as follows: the member appointed by the governor shall serve a two-year term; the members elected by the House of Representatives shall serve a three-year term; and the two members elected by the Senate shall serve a four-year and a six-year term, respectively; as determined by the respective house of the legislature at the time of election.

(3) Vacancy. Any vacancy occurring on the board shall be filled in the same manner as the original election or appointment for the remainder of the term.

(C) Method of Appeal. Decisions of a board shall be appealable, and the legislature shall provide the method of appeal.

(D) Continued Authority; Attorney General and District Attorneys. Nothing in this Section shall affect or restrict the authority of the attorney general or any district attorney as provided in this constitution.

(E) Economic Development Industrial Enterprise Inducement

In addition to the authority granted by any other provision of this constitution, when any sales and use tax levied and collected by a local governmental subdivision, hereinafter referred to as "local government", is dedicated to industrial and economic development, in accordance with general laws of the state, the local government may lease the donated any lands, buildings, improvements, or equipment financed from the proceeds of such tax or may donate lease payments for such lands, buildings, improvements, or equipment to any person, association, or corporation for the purpose of inducing and encouraging the location of new additions to industrial enterprises in said local government with respect to the lease or donation of any lands, buildings, improvements, or equipment financed from proceeds of bonds payable from said sales and use tax or to the donation of lease payments for any such lands, buildings, improvements, or equipment.

Section 2. Be it further resolved that this proposed amendment shall be submitted to the electors of the state of Louisiana at the special election to be held on October 7, 1989, if authorized by law enacted at the 1989 Regular Session of the Louisiana Legislature or, if not so authorized, at the congressional primary election to be held in October, 1990.

Section 3. Be it further resolved that on the official ballot to be used at the election there shall be printed a proposition, upon which the electors of this state shall be permitted to vote FOR or AGAINST, to amend the Constitution of Louisiana, which proposition shall read as follows:

To provide for cooperative endeavors between the state and its political subdivisions, and to provide that any local governmental subdivision may lease or donate any lands, buildings, improvements, or equipment financed from the proceeds of any sales and use tax dedicated to industrial and economic development or may donate lease payments for such lands, buildings, improvements, or equipment to any person, association, or corporation to induce the location of or addition to industrial enterprise provided that a contract is entered into agreeing to the creation of a stated number of new jobs for the residents of the local governmental subdivision. (Adds Article VII, Section 14(E))

Secretary of State

Proposed Amendment No. 9
Act No. 841,
Regular Session
SENATE BILL NO. 60

BY MESSRS. KELLY, BARES, NELSON, BANKSTON AND HAINKEL AND REPRESENTATIVES GOMEZ, DIMAS, DOWNER, ADLEY AND BRUNEAU
A JOINT RESOLUTION
Proposing to amend Article III, Section 18 and to add Article III, Section 2(D) of the Constitution of Louisiana; to provide with respect to legislative sessions; to specify time limits for gubernatorial action on bills; to provide for other related matters; to provide for organizational sessions of the legislature and to specify an election date for submission of the proposition to electors and provide a ballot proposition.

Section 1. Be it resolved by the Legislature of Louisiana, two-thirds of the members elected to each house concurring, that there shall be submitted to the electors of the state of Louisiana, for their approval or rejection in the manner provided by law, a proposal to amend Article III, Section 18 and to add Article III, Section 2(D) of the Constitution of Louisiana, to read as follows:

§2. Sessions

Section 2. . . .

(D) Organizational Session. The legislature shall meet in an organizational session in the state capitol to be convened at ten o'clock in the morning on the day the members are required to take office. No such session shall exceed three legislative days. The session shall be for the primary purpose of judging the qualifications and elections of the members, taking the oath of office, organizing the two houses, and selecting officers. No matter intended to have the effect of law shall be introduced at the organizational session.

. . .

§18. Gubernatorial Action on Bills; Sign, Failure to Sign, Veto; Veto Session

Section 18. (A) Gubernatorial Action. If the governor approves a bill, he may veto it. A bill, except a joint resolution, shall become law if the governor signs it or if he fails to sign or veto it within ten days after delivery to him if the legislature is in session. If the governor fails to veto a bill after the legislature adjourns, he shall return it with his veto message, as provided by law.

(C) Veto Session. (1) A bill vetoed and returned and subsequently approved by two-thirds of the elected members of each house shall become law. The legislature shall meet in veto session in the state capitol at noon on the forth day following final adjournment of the most recent session, to consider all bills vetoed by the governor. If the fortieth day falls on Sunday, the session shall convene at noon on the succeeding Monday. No veto session shall exceed five calendar days, and any veto session shall be finally adjourned prior to the end of the fifth day upon a vote of two-thirds of the elected members of each house.

(2) No veto session shall be held if a majority of the elected members of each house declare in writing that a veto session is unnecessary. Such declaration must be received by the presiding officer of the respective houses at least five days prior to the day on which the veto session is to convene.

Section 2. Be it further resolved that this proposed amendment shall be submitted to the electors of the state of Louisiana at the special election to be held on October 7, 1989, if authorized by law enacted at the 1989 Regular Session of the Louisiana Legislature or, if not so authorized, at the congressional primary election to be held in October, 1990.

Section 3. Be it further resolved that on the official ballot to be used at the election there shall be printed a proposition, upon which the electors of this state shall be permitted to vote FOR or AGAINST, to amend the Constitution of Louisiana, which proposition shall read as follows:

To clarify and specify the time limit for the governor to sign or veto a bill delivered to him by the legislature and to require organizational sessions of the legislature (Amends Article III, Section 18, Adds Article III, Section 2(D))

Proposed Amendment No. 10
Act No. 27,
2nd Extra Session
HOUSE BILL NO. 23

BY REPRESENTATIVES MELANCON AND LABORDE
A JOINT RESOLUTION
Proposing to amend Article VI, Section 27(C) and to add Article VI, Section 27(D) of the Constitution of Louisiana, relative to municipal ad valorem taxes, to authorize the governing authority of any municipality, including the city of New Orleans, to levy annually an additional ad valorem tax for general purposes not to exceed seven mills, to provide with respect to voter approval of such tax, to provide that the homestead exemption shall not extend to such tax, to provide for the submission of the proposed amendment to the electors, and to provide for related matters.

Section 1. Be it resolved by the Legislature of Louisiana, two-thirds of the members elected to each house concurring, that there shall be submitted to the electors of the state of Louisiana, for their approval or rejection in the manner provided by law, a proposal to amend Article VI, Section 5 of the Constitution of Louisiana, to read as follows:

§5. Motor Vehicle License Tax

Section 5. The legislature shall impose an annual license fee not more than one dollar per each one thousand dollars of motor value on automobiles for private use based on the actual value of the vehicle, as provided by law. However, the annual license tax shall not be less than ten dollars per automobile for private use. On other commercial vehicles, the legislature shall impose an annual license tax based upon carrying capacity, horsepower, value, weight, or any of these, after satisfying the requirements of Section 9(B) of this article, and after satisfying pledges respecting that portion of the revenues attributable to rates in effect at the time of such pledges for the payment of any obligation for bonds or other evidences of indebtedness and upon the creation of a Transportation Trust Fund within this constitution, the revenues from the license tax on automobiles for private use shall be deposited therein. In the event no such trust fund is established within this constitution, the revenues shall be used exclusively as provided by law for the construction, maintenance, and repair of the federal and state system of roads and bridges, for the parish and municipal road systems, for the operations of the office of state police, Department of Public Safety and Corrections or its successor, and for the payment of any obligation for bonds issued or indebtedness incurred in connection with any of the foregoing, which bonds may be issued as revenue bonds under Article VII, Section 6(C) of this constitution, subject to existing pledges only as to that portion of the tax collections attributable to the rates in effect at the time of such pledges for the payment of any obligations for bonds or other evidences of indebtedness outstanding on the effective date of this Section. No parish or municipality may impose a license fee on motor vehicles.

Section 2. This proposed amendment shall be submitted to the electors of the state of Louisiana at the special statewide election to be held on October 7, 1989, if authorized by law enacted at the 1989 Regular Session of the Louisiana Legislature or, if not so authorized, at the congressional primary election to be held in October, 1990.

Section 3. On the official ballot to be used at said election there shall be printed a proposition, upon which the electors of the state shall be permitted to vote FOR or AGAINST, to amend the Constitution of Louisiana, which proposition shall read as follows:

To change the manner and amount of the required license tax on automobiles for private use from an annual tax of three dollars to an annual tax of not more than one dollar per each one thousand dollars of actual value based on the actual value of the vehicle but, not less than ten dollars per vehicle, and to add value as a basis upon which the annual license tax on other motor vehicles may be imposed; to provide for the deposit of the proceeds therefrom in the Transportation Trust Fund or for roads, bridges, and ferries and state police, to provide for the submission of the proposed amendment to the electors, and to provide for related matters.

Section 1. Be it resolved by the Legislature of Louisiana, two-thirds of the members elected to each house concurring, that there shall be submitted to the electors of the state of Louisiana, for their approval or rejection in the manner provided by law, a proposal to amend Article VII, Section 5 of the Constitution of Louisiana, to read as follows:

§5. Motor Vehicle License Tax

Section 5. The legislature shall impose an annual license fee not more than one dollar per each one thousand dollars of motor value on automobiles for private use based on the actual value of the vehicle, as provided by law. However, the annual license tax shall not be less than ten dollars per automobile for private use. On other commercial vehicles, the legislature shall impose an annual license tax based upon carrying capacity, horsepower, value, weight, or any of these, after satisfying the requirements of Section 9(B) of this article, and after satisfying pledges respecting that portion of the revenues attributable to rates in effect at the time of such pledges for the payment of any obligation for bonds or other evidences of indebtedness and upon the creation of a Transportation Trust Fund within this constitution, the revenues from the license tax on automobiles for private use shall be deposited therein. In the event no such trust fund is established within this constitution, the revenues shall be used exclusively as provided by law for the construction, maintenance, and repair of the federal and state system of roads and bridges, for the parish and municipal road systems, for the operations of the office of state police, Department of Public Safety and Corrections or its successor, and for the payment of any obligation for bonds issued or indebtedness incurred in connection with any of the foregoing, which bonds may be issued as revenue bonds under Article VII, Section 6(C) of this constitution, subject to existing pledges only as to that portion of the tax collections attributable to the rates in effect at the time of such pledges for the payment of any obligations for bonds or other evidences of indebtedness outstanding on the effective date of this Section. No parish or municipality may impose a license fee on motor vehicles.

Section 2. This proposed amendment shall be submitted to the electors of the state of Louisiana at the special statewide election to be held on October 7, 1989, if authorized by law enacted at the 1989 Regular Session of the Louisiana Legislature or, if not so authorized, at the congressional primary election to be held in October, 1990.

Section 3. On the official ballot to be used at said election there shall be printed a proposition, upon which the electors of the state shall be permitted to vote FOR or AGAINST, to amend the Constitution of Louisiana, which proposition shall read as follows:

To change the manner and amount of the required license tax on automobiles for private use from an annual tax of three dollars to an annual tax of not more than one dollar per each one thousand dollars of actual value based on the actual value of the vehicle but, not less than ten dollars per vehicle, and to add value as a basis upon which the annual license tax on other motor vehicles may be imposed; to provide for the deposit of the proceeds therefrom in the Transportation Trust Fund or for roads, bridges, and ferries and state police, to provide for the submission of the proposed amendment to the electors, and to provide for related matters.

Section 1. Be it resolved by the Legislature of Louisiana, two-thirds of the members elected to each house concurring, that there shall be submitted to the electors of the state of Louisiana, for their approval or rejection in the manner provided by law, a proposal to amend Article VII, Section 5 of the Constitution of Louisiana, to read as follows:

§5. Motor Vehicle License Tax

Section 5. The legislature shall impose an annual license fee not more than one dollar per each one thousand dollars of motor value on automobiles for private use based on the actual value of the vehicle, as provided by law. However, the annual license tax shall not be less than ten dollars per automobile for private use. On other commercial vehicles, the legislature shall impose an annual license tax based upon carrying capacity, horsepower, value, weight, or any of these, after satisfying the requirements of Section 9(B) of this article, and after satisfying pledges respecting that portion of the revenues attributable to rates in effect at the time of such pledges for the payment of any obligation for bonds or other evidences of indebtedness and upon the creation of a Transportation Trust Fund within this constitution, the revenues from the license tax on automobiles for private use shall be deposited therein. In the event no such trust fund is established within this constitution, the revenues shall be used exclusively as provided by law for the construction, maintenance, and repair of the federal and state system of roads and bridges, for the parish and municipal road systems, for the operations of the office of state police, Department of Public Safety and Corrections or its successor, and for the payment of any obligation for bonds issued or indebtedness incurred in connection with any of the foregoing, which bonds may be issued as revenue bonds under Article VII, Section 6(C) of this constitution, subject to existing pledges only as to that portion of the tax collections attributable to the rates in effect at the time of such pledges for the payment of any obligations for bonds or other evidences of indebtedness outstanding on the effective date of this Section. No parish or municipality may impose a license fee on motor vehicles.

Section 2. This proposed amendment shall be submitted to the electors of the state of Louisiana at the special statewide election to be held on October 7, 1989, if authorized by law enacted at the 1989 Regular Session of the Louisiana Legislature or, if not so authorized, at the congressional primary election to be held in October, 1990.

Section 3. On the official ballot to be used at said election there shall be printed a proposition, upon which the electors of the state shall be permitted to vote FOR or AGAINST, to amend the Constitution of Louisiana, which proposition shall read as follows:

To change the manner and amount of the required license tax on automobiles for private use from an annual tax of three dollars to an annual tax of not more than one dollar per each one thousand dollars of actual value based on the actual value of the vehicle but, not less than ten dollars per vehicle, and to add value as a basis upon which the annual license tax on other motor vehicles may be imposed; to provide for the deposit of the proceeds therefrom in the Transportation Trust Fund or for roads, bridges, and ferries and state police, to provide for the submission of the proposed amendment to the electors, and to provide for related matters.

Proposed Amendment No. 11
Act No. 28,
2nd Extra Session
HOUSE BILL NO. 31

BY REPRESENTATIVE SITTIG AND SENATOR BANKSTON
A JOINT RESOLUTION
Proposing to amend Article VII, Section 5 of the Constitution of Louisiana, relative to the motor vehicle license tax; to require the legislature to impose an annual license tax on automobiles for private use based on the value of the vehicle, to provide a limitation on such tax, to add value as a basis upon which the license tax on other motor vehicles may be imposed, to provide for the deposit of the proceeds therefrom in the Transportation Trust Fund or for roads, bridges, and ferries and state police, to provide for the submission of the proposed amendment to the electors, and to provide for related matters.

Section 1. Be it resolved by the Legislature of Louisiana, two-thirds of the members elected to each house concurring, that there shall be submitted to the electors of the state of Louisiana, for their approval or rejection in the manner provided by law, a proposal to amend Article VII, Section 5 of the Constitution of Louisiana, to read as follows:

§5. Motor Vehicle License Tax

Section 5. The legislature shall impose an annual license fee not more than one dollar per each one thousand dollars of motor value on automobiles for private use based on the actual value of the vehicle, as provided by law. However, the annual license tax shall not be less than ten dollars per automobile for private use. On other commercial vehicles, the legislature shall impose an annual license tax based upon carrying capacity, horsepower, value, weight, or any of these, after satisfying the requirements of Section 9(B) of this article, and after satisfying pledges respecting that portion of the revenues attributable to rates in effect at the time of such pledges for the payment of any obligation for bonds or other evidences of indebtedness and upon the creation of a Transportation Trust Fund within this constitution, the revenues from the license tax on automobiles for private use shall be deposited therein. In the event no such trust fund is established within this constitution, the revenues shall be used exclusively as provided by law for the construction, maintenance, and repair of the federal and state system of roads and bridges, for the parish and municipal road systems, for the operations of the office of state police, Department of Public Safety and Corrections or its successor, and for the payment of any obligation for bonds issued or indebtedness incurred in connection with any of the foregoing, which bonds may be issued as revenue bonds under Article VII, Section 6(C) of this constitution, subject to existing pledges only as to that portion of the tax collections attributable to the rates in effect at the time of such pledges for the payment of any obligations for bonds or other evidences of indebtedness outstanding on the effective date of this Section. No parish or municipality may impose a license fee on motor vehicles.

Section 2. This proposed amendment shall be submitted to the electors of the state of Louisiana at the special statewide election to be held on October 7, 1989, if authorized by law enacted at the 1989 Regular Session of the Louisiana Legislature or, if not so authorized, at the congressional primary election to be held in October, 1990.

Section 3. On the official ballot to be used at said election there shall be printed a proposition, upon which the electors of the state shall be permitted to vote FOR or AGAINST, to amend the Constitution of Louisiana, which proposition shall read as follows:

To change the manner and amount of the required license tax on automobiles for private use from an annual tax of three dollars to an annual tax of not more than one dollar per each one thousand dollars of actual value based on the actual value of the vehicle but, not less than ten dollars per vehicle, and to add value as a basis upon which the annual license tax on other motor vehicles may be imposed; to provide for the deposit of the proceeds therefrom in the Transportation Trust Fund or for roads, bridges, and ferries and state police, to provide for the submission of the proposed amendment to the electors, and to provide for related matters.

Proposed Amendment No. 12
Act No. 29,
2nd Extra Session
HOUSE BILL NO. 64

BY REPRESENTATIVES LANDRIEU, HOLDEN, LANCASTER, ST. RAYMOND, AND SALTER
A JOINT RESOLUTION
Proposing to amend Article VII, Section 21(H) of the Constitution of Louisiana, to authorize an additional five-year ad valorem tax exemption for improvements to existing structures in downtown, historic, or economic development districts, to provide for the submission of the proposed amendment to the electors, and to provide for related matters.

Section 1. Be it resolved by the Legislature of Louisiana, two-thirds of the members elected to each house concurring, that there shall be submitted to the electors of the state of Louisiana, for their approval or rejection in the manner provided by law, a proposal to amend Article VII, Section 21(H) of the Constitution of Louisiana, to read as follows:

§21. Other Property Exemptions

Section 21. In addition to the homestead exemption provided for in Section 20 of this Article, the following property and no other shall be exempt from ad valorem taxation:

. . .

(H) Notwithstanding any contrary provision of this constitution, the State Board of Commerce and Industry or its successor, with the approval of the governor and the local governing authority and in accordance with procedures and conditions imposed by law, may enter into contracts granting to a property owner, who proposes the expansion, restoration, improvement, or development of an existing structure or structures in a downtown, historic, or economic development district established by a local governing authority or in accordance with law, the right for an initial term of five years after completion of the work to pay ad valorem taxes based upon the assessed valuation of the property for the year prior to the commencement of the expansion, restoration, improvement, or development. With the approval of the governor and the local governing authority, contracts may be renewed, subject to the same conditions, for an additional five years extending such right for a total of ten years from completion of the work.

Section 2. Be it further resolved that this proposed amendment shall be submitted to the electors of the state of Louisiana at the special statewide election to be held on the first Saturday of October, 1989.

Section 3. Be it further resolved that on the official ballot to be used at said election there shall be printed a proposition, upon which the electors of the state shall be permitted to vote FOR or AGAINST, to amend the Constitution of Louisiana, which proposition shall read as follows:

To authorize the Board of Commerce and Industry, with the approval of the governor and local governing authority, to grant the right to owners of property in downtown, historic, or economic development districts who improve structures thereon to pay for an additional five years ad valorem taxes on the valuation assessed prior to the making of improvements. HOUSE BILL NO. 91

BY REPRESENTATIVES SALTER, BRADLEY, AND J. R. SMITH
A JOINT RESOLUTION
Proposing to amend Article VII, Section 4(D) of the Constitution of Louisiana, to allocate a portion of the lignite severance tax to the governing authority of the parish of production; to provide for the submission of the proposed amendment to the electors, and to provide for related matters.

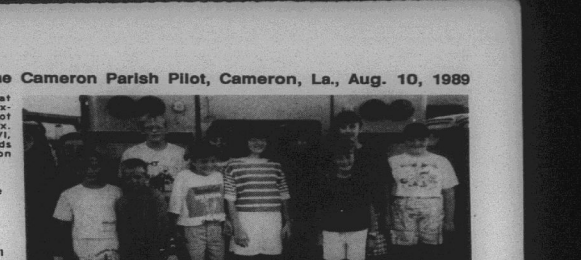
Section 1. Be it resolved by the Legislature of Louisiana, two-thirds of the members elected to each house concurring, that there shall be submitted to the electors of the state of Louisiana, for their approval or rejection in the manner provided by law, a proposal to amend Article VII, Section 4(D) of the Constitution of Louisiana, to read as follows:

§4. Income Tax; severance tax; political subdivisions

Section 4. . . .

(D) Severance Tax Allocation. One-third of the sum collected as severance tax, but not to exceed one hundred thousand dollars; one-third of the lignite severance tax, but not to exceed one hundred thousand dollars; one-fifth of the severance tax on all natural resources, other than sulphur, lignite, or timber, but not to exceed five hundred thousand dollars; and three-fourths of the timber severance tax shall be returned to the governing authority of the parish in which severance or production occurs.

. . .



Section 2. Be it further resolved that this proposed amendment shall be submitted to the electors of the state of Louisiana at the special statewide election to be held on the first Saturday of October, 1989.

Section 3. Be it further resolved that on the official ballot to be used at said election there shall be printed a proposition, upon which the electors of the state shall be permitted to vote FOR or AGAINST, to amend the Constitution of Louisiana, which proposition shall read as follows:

To allocate one-third of the lignite severance tax, but not more than one hundred thousand dollars, to the governing authority of the parish of production. (Effective January 1, 1990) (Amends Article VII, Section 4(D))

School Board Minutes

Cameron, Louisiana
July 12, 1989

The Cameron Parish School Board met in regular session on this date with the following members present: Arnold Jones - President, Preston Richard, Dan Dupont, Betty Seay, and Ricky Guidry. Absent: Daniel Billiot.

On motion of Mr. Dupont, seconded by Mrs. Seay, the Board approved the agenda.

On motion of Mr. Dupont, seconded by Mrs. Seay, the Board approved the minutes of the regular session of June 12, 1989 and the special session of June 28, 1989 with the following addition to the minutes of June 12, 1989:

On motion of Mr. Richard, seconded by Mrs. Seay, the Board appointed the Cameron Pilot as official journal for fiscal year 1989-90.

On motion of Mr. Richard, seconded by Mr. Dupont, the Board accepted low bids on the following items: lunchroom milk, lunchroom bread, janitorial supplies, paper supplies, duplicating paper, ditto fluid, ditto masters, and fire and exended coverage insurance. Bids were rejected on thermal masters. See attached tabulations.

On motion of Mr. Dupont, seconded by Mrs. Seay, the Board accepted low bids on a covered walk-way at Hackberry High School in the amount of $3,542.00 from Archie Hebert. See attached tabulations.

On motion of Mr. Dupont, seconded by Mrs. Seay, the Board accepted low bids on air conditioning and heating unit replacements at various schools. See the attached tabulations.

On motion of Mr. Richard, seconded by Mr. Richard, the Board accepted the low bid on replacement of the lunch serving counter at Johnson Bayou High School. See the atached tabulations.

On motion of Mrs. Seay, seconded by Mr. Dupont, the Board authorized the Superintendent to advertise for bids on fuel for School Board vehicles.

On motion of Mr. Dupont, seconded by Mr. Richard, the Board approved a request from McCauley O. Bullock, Jr. to advertise for bids on a mineral lease on Section 16-15-7. See the attached resolution.

On motion of Mr. Richard, seconded by Mr. Dupont, the board approved a resolution renaming the registrar for the School District #4 $1,000,000.00 Bond Issue from Cameron State Bank to Whitney National Bank of New Orleans. See the attached resolution.

On motion of Mr. Dupont, seconded by Mr. Richard, the Board approved payment of flood insurance on school buildings.

On motion of Mr. Dupont, seconded by Mrs. Seay, the Board granted permission to Enxon Corporation for cleanup work of the old well site on Section 16-14-5.

On motion of Mr. Dupont, seconded by Mrs. Seay, the Board granted permission for the staff to submit a Drug Free Schools application in the amount of $8,049.00.

RESOLUTION

WHEREAS, the Cameron Parish School Board has received an application to advertise for bid for a lease for oil, gas, and other minerals from the Cameron Parish School Board covering the following described tract of land:

All of Section 16, Township 15 South, Range 7 West and

WHEREAS, said application was accompanied by a certified check in the amount of $300.00 payable to the Cameron Parish School Board, as requireu by law, and

WHEREAS, the Cameron Parish School Board is desirous of advertising for bid the above described tract of land as requested;

NOW, THEREFORE BE IT RESOLVED that the Cameron Parish School Board does hereby authorize and request its Superintendent, Thomas McCall, to advertise, pursuant to the terms of R.S. 30, Sections 151 through 158 as amended, for an oil, gas, and mineral lease covering and affecting the following described tract of land:

All of Section 16, Township 15 South, Range 7 West

Said advertisement shall further provide that said bids shall be received on or before the fourteenth (14th) day of August, 1989, at 10:00 a.m. at the office of the Cameron Parish School Board, and that the Cameron Parish School Board reserves the right to reject any and all bids.

BE IT FURTHER RESOLVED, that Thomas McCall, Superintendent of the Cameron Parish School Board, is empowered to do each and everything that is necessary to carry out the intents and purposes of this resolution and that such actions are hereby approved and ratified as action of this Board.

Adopted and approved the twelfth (12th) day of July, 1989.

APPROVED:
/s/ Arnold C. Jones, President

CAMERON PARISH SCHOOL BOARD

On motion of Mr. Dupont, seconded by Mr. Richard, the Board approved a request from Halliburton Geophysical Services, Inc. to conduct a seismic survey on Section 16-14-5.

On motion of Mr. Dupont, seconded by Mrs. Seay, the Board authorized the Superintendent to advertise for bids on seventy (70) lockers (athletic-physical education) at Hackberry High School.

On motion of Mr. Richard, seconded by Mrs. Seay the Board received a report on the Lead Contamination Control Act of 1988 from Roger Richard.

On motion of Mrs. Seay, seconded by Mr. Richard, the Board received a report from Jerry Jones, Uland Guidry, and David Sturlese on a meeting held July 5, 1989 with Burton Oil Company official concerning Section 16-14-2.

On motion of Mr. Dupont, seconded by Mr. Richard, the Board received a report from Jerry Jones on negotintions with the State of Louisiana on Section 16-15-7.

On motion of Mr. Richard, seconded by Mr. Dupont, the Board authorized the School Board geologist to do research on current production and overall status of Section 16-15-14.

On motion of Mr. Dupont, seconded by Mrs. Seay, the Board received an update on mineral lease forms and rescinded revision approved at last month's meeting pertaining to depth limit and time of payment.

On motion of Mr. Dupont, seconded by Mr. Richard, the Board deferred action until the August meeting on appointment of lunchroom worker at Johnson Bayou High School.

On motion of Mr. Richard, seconded by Mrs. Seay, the Board appointed Tommy Bonsall as janitor at South Cameron High School. The vote is recorded as follows:

AYES: Jones Guidry, Seay, Richard.
NAYS: Dupont.
ABSENT: None.

On motion of Mr. Richard, seconded by Mr. Guidry, the Board authorized the Superintendent to advertise for bids on surface leases on 16th sections that are not renewed.

On motion of Mr. Guidry, seconded by Mr. Dupont, the Board called a special meeting on July 24, 1989, at 10:00 a.m. to open bids on the following:

1. Reinsulation of boiler piping at Hackberry High School.
2. Acoustical ceiling at Hackberry High School gymnasium.
3. Remodeling of South Cameron High School Home Economics Department.
4. Covered walk-way and handicapped ramp at South Cameron Elementary.

On motion of Mr. Richard, seconded by Mr. Guidry, the Board authorized the Superintendent to advertise for bids on Energy Management Systems at Grand Lake High School and Hackberry High School.

On motion of Mr. Dupont, seconded by Mrs. Seay, the Board decided to take no action on item to consider ratification on state leased to Clayton Williams on Section 16-15-7.

On motion of Mr. Dupont, seconded by Mr. Richard, the Board approved a request from Wayne Cox to advertise for bids for a mineral lease on Section 16-12-6. See the attached resolution.

On motion of Mr. Dupont, seconded by Mrs. Seay, the Board approved a request from Fairfield Industries to conduct seismic work on Section 16-14-7.

On motion of Mr. Richard, with a unanimous second, the Board adopted a resolution to the President of the United States in support of a constitutional amendment opposing flag burning.

On motion of Mr. Dupont, seconded by Mrs. Seay, the Board approved the financial report and authorized the renewal of certificates of deposit.

On motion of Mr. Richard, seconded by Mr. Dupont, the Board approved payment of bills for the month of June.

On motion of Mr. Richard, seconded by Mrs. Seay, the Board adjourned until the special session of June 24, 1989. The next regular session is scheduled for August 14, 1989.

Adopted and approved the twelfth (12th) day of July, 1989.

RESOLUTION

WHEREAS, the Cameron Parish School Board recognizes that the flag of the United States is the highest symbol of this great nation and many have sacrificed their lives to protect and preserve it, and

WHEREAS, the flag is an intimate part of our social structure, and holds the power to arouse intense emotions of loyalty, to demonstrate adherence to a political idea, to lend dignity to a ceremony and to teach children the fundamental ideas of a society, and

WHEREAS, the school system aims to prepare its youth for the duties and responsibilities of citizenship by creating an appreciation for the American way of life, and

WHEREAS, the Pledge of Allegiance is recited before each official School Board Meeting and to begin each school day as a symbol of respect for the flag and the ideals it represents;

NOW, THEREFORE BE IT RESOLVED that the Cameron Parish School Board, in regular session on July 12, 1989, takes official action in suport of President George Bush in his effort to have the United States Congress approve a constitutional amendment prohibiting burning of the United States Flag.

Adopted and approved the twelfth (12th) day of July, 1989.

MUSING . . .

A World War II letter

By Bernice Denny

When my later brother, Archie Hollister, was in the Army during World War II, I was living in Houma. I kept the many letters that he wrote me. Earlier in the summer I found them in my old cedar chest. I have been reading one that he wrote me on Christmas Day, 1942. He was stationed at Ft. Riley, Kansas, having been there a short time.

I quote extracts from his letter in hopes that you may find it of interest.

"Sister, you asked me to describe a typical soldier's day. That is rather difficult since no two days are alike, but there are certain features that are fairly constant. We are up in the morning at 6:45, dress, and stand reveille five minutes later. Reveille is simply nothing more than roll-call; the entire company of four platoons falls in formation. They are ranked as privates, corporals and squad sergeants, platoon sergeants, and second lieutenants.

"Roll call is completed and platoons are dismissed. This precipitates a grand rush for the barracks. We then make our beds, sweep, shave, shine our shoes, and put things in general to order.

"You should see me making up an Army cot. The mattress is encased in a slip similar to a pillowcase. One sheet covers that; then a blanket. They must be tucked in a certain way. A second blanket is folded over the pillow and tucked under; a third is folded flat and placed at the foot of the bed. The rolled quilt is placed on this. Our corporal can do all this in three mutes flat, but it takes me ten.

"Our barrack bags are tied to the cot at the head. At the foot we hang our equipment — gas masks, helmets, and other things. To the right of the bed is our shelter-half. This is a piece of canvas that makes half a tent. It is four feet wide and about eight feet long. One end is triangular. There are seven loops on it. Each soldier carries this along with five pegs, a piece of small rope, and a jointed and hinged pole. Two soldiers sharing their equipment can in five minutes pitch a tent.

"We have breakfast at 7:30. An officer inspects the barracks each night. Each morning the floors are mopped. Three nights a week they are scrubbed.

"At 8:00 or 8:15 a.m. we 'fall out' again, line up in formation and march a half mile out to the drill field. We then have 30 minutes of calisthenics and an hour of close-order drill. After that our regular training is resumed. It may be driving vehicles, handling weapons, lectures, picture shows, lessons in map-reading, message-sending, poison gas, gas-mask drills, guard duty instruction, military courtesy, maneuvers in the hills, and all the hundreds of things a soldier learns. We work until a half hour before dinner.

"We resume our schedule at 1:00 or 1:30 and continue until 5:00 or 5:30 or almost 6:00 at times. Then we are dismissed and go back to the barracks to prepare for 'retreat', an impressive ceremony. Every man puts on his dress uniform. Overcoats are required. We fall into formation and march out to the parade ground. Each regiment has retreat separately, but all at the same time. Several marches are played while we march to our places. The national anthem is played. Officers report to the Colonel. All done, we march off and prepare for supper.

"After supper each does as he pleases. Most write; play cards, dice, or checkers; sit around the table, talk and smoke. Those who can get passes to go to town.

"At 10:00 p.m. lights go out. By 10:30 all are asleep - but not quite. Heavy snorers keep some of us awake."

Legal Notices

NOTICE FOR BIDS

Acting under the authority of the Legislature of the State of Louisiana, the Cameron Parish School Board will receive sealed bids for the leasing of all surface rights including the rights of range, trapping, hunting, fishing, and farming, on the following described lands for the unexpired term as indicated in the description below:

Section Township Range 16-12-10; Unexpired term 4 years; Description - Partial section; containing 435 acres, more or less, bordering Black Lake; 3 miles West of Calcasieu Lake.

Section Township Range 16-14-3; Unexpired term 4 years; Description - Partial section (332.96 acres); 3 miles West of Vermilion Parish line; bordering Grand Lake.

Section Township Range 16-14-7; Unexpired term 4 years; Description - Located at Highway 27 and Highway 27; 1 mile Northeast of Creole intersection.

Section Township Range 16-14-13; Unexpired term 4 years; Description - South end of Sabine Wildlife Refuge; 6 miles North of Gulf of Mexico in Johnson Bayou area.

Section Township Range 16-14-14; Unexpired term 4 years; Description - 3 miles East of Sabine Lake on Starks Canal.

Section Township Range 16-15-3; Unexpired term 4 years; Description - Located in Grand Chenier area; 3 miles West of Highway 82.

Section Township Range 16-15-4; Unexpired term 4 years; Description - Approximately 1 mile North of Highway 82 in Grand Chenier area; North of Rockefeller Refuge.

NOTE: Leaseholders on listed sections have until July 31, 1989 to renew the lease. If annual payment is received prior to this date the bids on these sections will be returned unopened.

(A description map may be seen in the School Board Office during normal working hours.)

All bids must be sealed; the envelope marked "Bid - Section 16, Township—Range—" and may be forwarded through the U.S. Mail to the Cameron Parish School Board, P.O. Box W, Cameron, LA 70631. Bidder must offer an annual rental of not less than $1.00 per acre for a lease with a primary term to end July 31, 1993. Annual renewal rentals will be due each year by July 31st, in order to continue the lease in effect. Cash or check in favor of the Cameron Parish School Board for the amount of the annual rental for the first year shall be forfeited to the Board as liquidated damages if the successful bidder fails to enter into written contract in accordance with his bid within ten (10) days after acceptance by the Board.

Bidders are reminded that the lease is for the unexpired term of four (4) years beginning July 1, 1989 and ending July 31, 1993.

If farming rights are utilized, bidder may offer annual rental plus a fractional part of not less than one-sixth (1/6) of any and all crops produced and harvested each year. The value of the one-sixth (1/6) share shall not be considered in the awarding of the lease unless the bidder guarantees a minimum amount which shall be added to and accompany the bid. Should the one-sixth (1/6) value of crops be less than the cash guarantee paid at the time of the lease, the Cameron Parish School Board shall demand such additional payment as necessary to bring the value of the all one-sixth (1/6) of crops produced and harvested on any and all listed sections, and twenty-five (25%) of cash market value of all alligators harvested by lessee. Lessor reserves the right to gather and dispose of alligator eggs from the lease premises, without any compensation to lessee.

The surface rights and privileges granted in the lease are restricted to range, trapping, hunting, farming, and fishing and these rights shall in no way, manner, or form interfere with the granting of a mineral lease or the full utilization of all rights and privileges granted in any mineral lease.

The Cameron Parish School Board does not warrant or provide ingress or egress to the leased premises. Ingress and egress is the sole responsibility of lessee.

Bids will be received until the hour of 10:00 a.m., Monday, August 14, 1989 at which time all bids received will be considered in public session of the Cameron Parish School Board in Cameron, Louisiana.

The Board reserves the right to reject any and all bids received.

CAMERON PARISH
SCHOOL BOARD

By virtue of and in conformity with the procedures of Section 151 through 158 of Title 30 of the Louisiana Revised Statutes of 1950, as amended, sealed bids will be received at the office of the Cameron Parish School Board in Cameron, Louisiana, on or before the 14th day of August, 1989 at 10:00 a.m., at which time all bids received will be opened by the Cameron Parish School Board for a lease covering the oil, gas, sulphur, potash, and/or other liquid gaseous hydrocarbon mineral rights in, to, and under the following described property:

150.40 acres, more or less, being that portion of Section 16, Township 12 South, Range 6 West, Cameron Parish, Louisiana, lying outside of the geographical boundaries of the following described units:

(1) Miogpy RA SUA; Brewer No. 1, created by Louisiana Department of Conservation Order No. 68-Q, effective 9/9/86.

(2) Marg howie 5 Sand, Reservoir A Unit, created by Louisiana Department of Conservation Order No. 68-7, effective 8/21/79.

(3) V Sand Unit A, created by Louisiana Department of Conservation Order No. 68-B, effective 12/1/63.

Bids may be for the whole or any particularly described portions of the tract advertised herein.

All bids are to offer a CASH PAYMENT, one-half (1/2) of which is to be bonus as full and adequate consideration for every right granted by the lease and one-half (1/2) of which is to be rental for the first year of the lease, for a lease having a primary term which shall not exceed three years, and if the bid offers a delay rental the ANNUAL DELAY RENTAL shall not be less than one-half (1/2) of the aforesaid cash payment, which lease is to be granted without any warranty or recourse against lessor whatsoever, either expressed or implied, not even for return by lessor of any payments received under the lease or being otherwise responsible for same. Minimum royalties shall be one-fourth (1/4) of all oil and gas produced and saved which shall yield not less than $2.00 per long ton; one-eighth (1/8) of the value per ton for all potash produced and saved, which shall yield not less than ten cents (10 ¢) per ton; and one-fourth (1/4) of all other minerals produced and saved.

All leases awarded shall be executed upon terms and conditions provided in the current State lease form with all applicable riders appended thereto, including but not limited to provisions as follows: Should lessee fail to begin the actual drilling (spudding in) of a well on the lease premises within one year from the date of the lease, the lease shall terminate as to both parties to the lease, unless on or before such anniversary date, lessee shall pay a delay rental (which shall in no event be less than one-half (1/2) of the aforesaid cash payment offered for the lease), which shall cover the privilege of deferring drilling operations for a period of one year. Upon like payments annually, drilling operations may be further deferred for successive periods of one year each during the primary term of three years. The lease shall provide for the drilling of offset wells where necessary to protect the Board's interest and shall contain the provisions against the assignment or sublease of the lease unless approved by the School Board. The lessee shall have the right to enter into pooling or unitization agreements with respect to development of the leased premises subject to the approval of the School Board.

Any lease granted hereunder shall be on the regular current State Agency form and shall be subject to the approval of the State Mineral Board. Certified Check, Bank Money Order, or Cashier's Check, payable to the Cameron Parish School Board for the full amount of the bonus, shall accompany and be submitted with each bid; and no bid thus submitted may be thereafter withdrawn or cancelled; and the cash bonus accompanying the bid of the successful bidder shall be forfeited to the Cameron Parish School Board should he not return the written lease, duly executed, within twenty (20) days after his receipt of the same.

The Cameron Parish School Board reserves the right to reject any and all bids and to grant a lease on any portion of the tract advertised for a price not less than proportionate to the best bid offered for the lease on the entire tract.

NOTICE

The Governor's Office of Elderly Affairs (GOEA) intends to grant the Cameron Council on Aging a waiver of the minimum expenditure requirement for Legal Assistance under Title III of the Older Americans Act. This waiver will be effective for the period beginning September 15, 1989 and ending June 30, 1990. The Council on Aging, which is the designated agency on aging for Cameron Parish, has demonstrated that services being furnished in the parish are sufficient to meet the need for such services.

A public hearing was conducted in Cameron Parish on May 22, 1989, wherein the Council on Aging presented a plan for the provision of Legal Assistance by Jones, Jones and Alexander and Southwest Louisiana Legal Services Society, Inc. which indicates that legal advice, education, counseling and representation will be available, without charge, to all individuals 60 and older within the parish. There was no opposition to the plan.

Any individual or service provider from Cameron Parish is entitled to a hearing on Cameron Council on Aging's request that GOEA waive the minimum expenditure requirement for Legal Assistance for Fiscal Year 1990. Requests must be received in the Governor's Office of Elderly Affairs by 4:00 p.m. Thursday, September 7, 1989. To request a hearing or obtain additional information, write to Mrs. Betty Johnson, P.O. Box 80374, Baton Rouge, LA 7898-0374.

The Challenge of Genealogy

by MARIE WISE

Genealogy is the basis for Family Health Histories of great personal importance to individuals in establishing the pros and cons of their health heritage inevitably handed down by ancestors.

"While geneticists have long been interested in genealogy and genealogists in genetics, only recently have the two fields become linked in a way that promises dramatic advances in our understanding of the relationship between genetic disorders and ancestry" writes the author of a significant new book on health and heritage.

YOUR HEALTH HERITAGE

Family Diseases, Are You at Risk? is by Myra Vanderpool Gormley, a newspaper feature writer and columnist, certified genealogist, and popular speaker on the subject of genetics and genealogy.

"There are few families" she writes, "Who are not affected in some way by genetic disorders, whether a crippling and devastating disease like cystic fibrosis, a chronic condition like high blood pressure, or a predisposition to alcoholism or mental illness. We know that heart disease, diabetes and cancer all tend to run in families'. Yet . . . few of us know whether we or our children are at risk. . . "

This book explores the relationship between genetic disorders and ancestry, alerts readers to things that should be known about both the family tree and genetic research, and details scientific breakthroughs that have made possible much more effective control and treatment of inherited disease.

Interesting to read and easy to understand, the book explorers also mental and behavioral roots - susceptibility to manic depression, for example, or to alcoholism - all within the framework of ancestry and family health history including the significance of where predecessors were from, how long family members lived and why they died.

The concluding chapters of this volume offer Tips for Researching Your Medical Pedigree, how to construct Your Family Health Tree, should you consider Genetic Counseling and the high hopes of Genetic Research in Progress.

Hardcover with book jacket, 6 x 9 in., 165 pg., $17.45 incl. mailing, this book is available from: Genealogical Publishing Co., 1001 N. Calvert St., Baltimore, MD 21202-3897.

LES VOYAGEURS

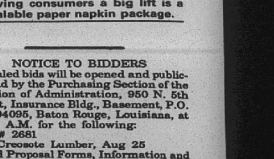
Les Voyageurs is the quarterly publication of the German-Acadian Coast Historical and Genealogical Society, P.O. Box 517, Destrehan, LA 70047.

Available with Society membership of $15.00 annually, this quarterly offers genealogical info especially for St. James, St. Charles and St. John the Baptist Parishes.

First 1989 issue, softcover, 8 1/2 x 11 in., 54 pages, includes continued articles: Hist. Sketch the Baptist Church, Edgard, LA, Baptisms (1865-1868)" submitted by Shirley C. Terrio; "1860 U.S. Census of St. John the Baptist Parish" by Dwayne A. Montz; and "Family of Nicolas Wichner" by Jacques L. Vicknair.

Also: "Joseph Achilles Granier and his Descendants in LA" by Russell L. Granier; "Francois Daniel Madere Family Genealogy" by Ms. Terrio and Linward J. Vicknair; "Our Lady of the Holy Rosary Church, Hahnville, LA Burial Register (1878-1908)" by Brenda D. Madere; and other features.

Publications reviewed in this column are given to the Genealogical Library, Louisiana State Archives, Baton Rouge.



OTHER GIFTS TO ARCHIVES

Books recently donated by authors or publishers to the Genealogical Library, Louisiana State Archives, Baton Rouge (prices include mailing):

The Greenwood Tree in Three Continents or A Fertile Family of Five Centuries, 1487-1987 by Major Alexander Greenwood, RR 1, Box 40, Madrona Dr., Nanoose Bay, B.C. V0R 2R0, Canada. Excellent family history, 12 gen. from Thomas mar. Margaret Holyman, 1574 in Eng. Family branches in Eng., Canada, Australia, New Zealand, U.S. Diaries, letters, illus., hc, 282 pg., $20.

A Genealogical Dictionary of Farman-Fairman - Ferman-Firman-Forman(Foreman) - Furman by Howard R. Furman, Rt 1 Box 72, Plummer, ID 83851. A master index to major publications on this family, alphabetical by first name, gives birth-death dates, where lived, often parents, spouse, etc., and ref. to original source, 4600 listings, looseleaf punched for 3-ring binder, 340 pg., $27.50.

Revolutionary Soldiers in Alabama by Thomas M. Owen, Orig. publ. 1910, prepared by Director of Alabama Dept. of Archives, alphabetical, about 900 listings varying from short to long give name, age, residence(s), military service, other info. and ref. to source; sc, 131 pg., $12.

Giving consumers a big lift is a resealable paper napkin package.

Trapping not doing so good

By Loston McEvers

STORM RESULTS

We had not gotten over the high water from all the earlier rains, now Hurricane Chantal shoved more tide saltwater on us. This has affected many homes and businesses along the coast from the Texas line to the Vermilion line. We will also see an impact on our fish, shrimp, oysters, our cattlemen and farmers, our hunting season, our alligator harvest and then our fur bearing trappers.

I would like to bring out the effects on our fur trapping industry.

In the United States, more fur comes from Lousiana than from any other state. Twelve to 25 million dollars annually is coming into our state from fur. Now we all know last year was a bad year, with not as many trappers, yet trapping is an important part of our economy. This has been part of our heritage.

In some winters, the number of pelts harvested in La. exceed the combined total of all Canadian provinces plus Alaska. In some winters our catch amounts to 65% of the total for the rest of the U. S. combined.

Louisiana at one time has had 12,000 trappers, 35 dealers and 200 buyers. Our state also leads the nation with 25% of the U. S. population of wildlife. We supply 95% of North America's nutria and 10% of North America's supply of muskrat.

The northern part of Louisiana's woods, as well as our coastal marshes, are rich for animal habitat, food, water cover, which give an abundance of fur animals.

The early settlers who came to Louisiana relied on fur for their livelihoods and this was the primary source of income.

Years ago in December, trappers and their families left for a "trappers cabin" in the middle of the marshes and bayou to stay and trap until February. Their children were taught and educated there for these months.

Today with all the mud boats and outboards, traveling is way faster than any pirogue so the trap lines are run daily and families usually don't use trappers cabins.

Years ago mink, otter, raccoon, opposum, skunk, gray and red fox, bob cat, beaver and coyote were the main fur animals. Muskrats were so populated that they were eating out cattle ranges and were hunted with shotguns, rifles, pitch forks, and dogs. When the pelts became popular as a new fur for the industry, it brought in many dollars and muskrat became the number one selling pelt.

In the 1950's the nutria escaped from pens into our marshes. They were brought here in the 1930's from South America. Almost immediately the nutria caught up with the muskrat as far as in numbers. In 1962, the nutria passed the muskrat in total pelts and total dollars and has become the number one pelt.

This turn-around gave the nutria and muskrat the one and two possession, and pushing the raccoon to number 3, from number 2 position for more dollars in pelts.

Wild mink in 1945-46 amounted to 168,000 pelts sold for $15 each for a total of around $2.5 million. This was the peak year for mink. Now mink farming has taken over, but wild mink are still valuable. In the early 1980's wild mink brought $12 a pelt for around $715,000.

Bob cat, otter and fox pelts are the high priced fur in La. In the early 1980's otter pelts were worth $26, red fox $39, gray fox $32, and Bob cat $55.

Things have changed in the late 1980's, however, with less pelts being caught, less dollars per pelt, less trappers, buyers and dealers. This has hurt our trappers, as often running trap lines is really hard work, then they have to skin, scrape and stretch and dry all these pelts.

With all the coastal erosion we've had, these high waters and storms have not done our fur industry any good.

As I said in the first part of this article, this has hurt our fishing, shrimping, cattle and farmers for grazing and hay land, our duck marshes for feed for the winter, scattered our alligator and the loss of all the eggs of the gators for hatching and our fur industry, with all the saltwater in our marshes and the loss of our land to the Gulf.

The Challenge of Genealogy

by MARIE WISE

Another volume in the *Our French-Canadian Ancestors* series by Thomas J. Laforest is now in publication.

Volume 8 of this exceptional genealogical set features more settlers to New France (Nova Scotia) in the 1600's and 1700's; how they lived, their wives, children and other descendants.

Some of the genealogies begin in France; some present several generations; all give name variations, of which they are many.

FRENCH-CANADIAN ANCESTORS

This new volume has chapters on: Nicolas Baron *dit* Lupien, Paul Bertrand *dit* Saint-Arnaud, Gervais and Florent Bisson, Jean Bourasseau, Laurent Brunsard *dit* Langevin, Noel Carpentier *dit* Larose, Pierre Comeau, Jean-Francois de Billy, Rene de Cotret, and Guillien Duboard *dit* Lafontaine.

Also: Etienne and Jean Gelineau (Gelinas), Pierre Hudon *dit* Beaulieu, Pierre Lamy, Louis Lefebre *dit* La Groye, Jean Laspron *dit* Lacharite, Jean and Pierre Levasseur, Raymond Page de Quercy, Jean Riquart (Richard), Pierre and Jean Toupin and Jean Trudel.

This interesting and full of information book, each genealogy written as a narrative, is illustrated with sketches. It is softcover, 6 x 9 in., 280 pg., some 1700 names in the index, available from: the author at LISI Press, Box 1063, Palm Harbor, FL 34682-1063.

SAVOY, SAVOIE, SAVOIS

Savoy / Savoie / Savois Families of Louisiana is scheduled for release in early summer.

Authored by Harry Savoy, this family genealogy traces lineage from Francois who was in Acadia (Nova Scotia) in 1641 to the establishment of five households in Louisiana by his descendants after their exile by the British in the mid-1700s. The author then takes each of the branches and outlines them to the 9th generation of the early 1900s.

This Savoy book will be available from: Acadia Publishing Co., P.O. Box 160, Church Point, LA 70525, pre-publication price of $11.50 incl. mailing.

ASK OCHSNER

Do teenagers need physicals

Q. How often should teenagers have health checks?

A. Contrary to popular belief, teenagers are not invincible. In order for them to arrive at adulthood physically and emotionally healthy, teenagers need special care and handling, says Dr. Myles Gaupp, family practitioner at the Ochsner Clinic of Baton Rouge.

Dr. Gaupp recommends physical exams once every two years for adolescents, which includes children between the ages of 12 and 17. The physicals should include the following components:

1. Review of any past and present complaints, and of medications;

2. Social history to include background on school peformance, drug or tobacco use;

3. Review of family history, especially any incidence of cardiovascular disease or cholesterol problems;

4. Immunizations update (boosters should be given at 14 or 15 years of age);

5. Height, weight and blood pressure check.

The physical exam should also include a screening for scoliosis (curvature of the spine), pap smears for sexually active teenagers and laboratory tests, such as blood count, urinalysis and cholesterol level.

"Family physicians are particularly suited for giving the adolescent a physical exam because they have a wide educational background with special training in sports medicine, gynecology, orthopedics and other specialties," Dr. Gaupp says. "We also see the entire family, so we are more aware of family problems that may be affecting the teenager's health."

It can also provide an arena for the frank discussion of many otherwise touchy topics. Drug use, birth control, venereal disease, tobacco and alcohol use, and sexual accountability are all pertinent medical subjects.

"Teenage health is usually more about addressing issues of life in 1989 than just handling physical problems," he adds. "Talk to your child's physician if you have difficulty keeping the lines of communication open with your child. The family physician has an interet in seeing the whole family healthy, emotionally as well as physically. He or she may have informaton which could lead to greater understanding and better treatment of a child's problems," he concludes.

Two CPR classes to be offered

The Southwest Emergency Medical Services Council will hold two cardio-pulmonary resuscitation classes this month. One will be held Aug. 21, at 6 p.m., at West Calcasieu-Cameron Hospital, Sulphur. The other will be held Aug. 22, at 5 p.m. at St. Patrick's hospital, Lake Charles.

To register for these classes, please call 433-LIFE. Pre-registration is required. These classes are free to the public.

Jetties matter settled

Paul Coreil, president of the Cameron Parish Chamber of Commerce announced that Capt. Kevin O. Topp of the U. S. Army Corps of Engineers had sent the following answer concerning the Cameron jetties.

Captain Topp says the answer to the resolution adopted by the Chamber concerning the Corps' plans is to erect a fence restricting access to the Calcasieu River east jetty at Cameron.

"As mutually agreed at the meeting, the portion of the structure (jetty) which extends into open water in the Gulf has the greatest potential for hazards to public health and safety, and should be restricted.

"We will erect a fence over the crown of the jetty at a point approximately 200 feet beyond the existing privately owned barbed-wire fence that extends perpendicular to the structure.

"This will restrict access to the jetty beyond lands end, but will leave approximately 1,600 feet of the structure, from the boat launch to the fence accessible to the public."

The Corps had been concerned about injuries resulting from the slippery rocks.

Local team places 9th in tourney

The Cameron Senior Boys Softball team placed ninth in the USSSA World Senior Boys Tournament in Hutchinson, Kansas last week, with a record of 3 and 2.

The average age of the local team was 16.5 and the average of the teams that placed higher was 18. The local team was playing with ten on the roster and no substitutes for injuries.

The roster was: John Jay LaBove, pitcher; Keith Portie, catcher; Jared LaBove, first base; Kevin Oliver, second base; Richie Miller, third base; Ron Lantier, short stop; Charles Duhon, left field; J. M. Boudreaux, left center; Derek Hardy, right center; and Patrick Bertrand, right field.

The coaches are E. J. Duhon and Billy Delany.

Ron Lantier, short stop, is a graduating senior.

The team had several sponsors who helped get the team to Kansas, and wanted to remain anonymous.

Sheriff Sono Savoie and his department covered the hotel expenses for the State World Tournaments, and Mr. and Mrs. John Portie and Mr. and Mrs. Robert Mudd provided the transportation to Kansas.

WPA works on road

By Keith Hambrick

(DeQuincy News, July 19, 1940)

CAMERON FARM ROAD

An additional two and a half mile stretch of farm-to-market roadway near Cameron was gravel-surfaced by WPA workmen in a project which was completed this week. The Cameron Parish Police Jury and the WPA extended approximately $11,700 in the work.

Thirty WPA workmen installed 135 lineal feet of concrete pipe culverts; constructed timber bridges and sub-surface drainage structures and surfaced 12,200 lineal feet of the roadway with gravel.

(Lake Charles American Press, July 18, 1930)

CAMERON PARISH NEWS

General prosperity and progress are noted in all sections of Cameron Parish.

Crops are good. Oil fields are being developed. Modern highways are being constructed. New kinds of businesses are being started. Light and power lines are going up. New homes are built and others being planned.

The village of Cameron, parish seat of Cameron Parish, is growing in population. New residences are under construction and new places of business are adding to the importance of the community.

Many visitors from inside and out of the state are spending their summer vacations in Cameron Parish and to accommodate these and the traveling public in general, Mrs. Julia Gauthier is soon to erect a 20-room brick annex to her hotel.

The old building will be remodeled with all modern conveniences installed and the two structures will be connected by an arcade especially designed for beauty and comfort. Hot and cold running water will be provided for every guest room, shower baths are being arranged for, and the dining room and lobby will be of large proportions. Plans are being prepared and bids will be received within 30 days.

H. K. Kennedy, expert road man, with a full crew of men and six heavy duty trucks, is busily engaged in building modern highways and putting old roads into first class condition. Shell has been spread on state routes 42 and 292 from Cameron to Grand Chenier and an extension of the road will later connect with the Lafitte Cut-Off at Abbeville.

Farmers in Cameron are wide awake and busy with their farming activities. Cotton of the finest varieties are in the vicinities of Cameron, Creole and Grand Chenier. Drozin Miller, member of the police jury of Cameron, is recognized as an expert corn farmer. A visitor to the Miller farm cannot fail to make some comment regarding the tall corn and its big ears. Some of it measures 12 feet in height. Mr. Miller resides several miles north of Grand Chenier on the ridge. He is also showing his ability as a cotton farmer.

Ott Stewart of Grand Chenier has been engaged in highland farming, and has a ready money crop, that of poultry, butter and eggs. Mr. Stewart has been furnishing some of the hotels of Cameron for some time with chickens, eggs and butter.

While there is a very low market for the chickens and eggs in his trade territory, Mr. Stewart has a supply of fryers at all seasons that bring good prices. For his butter, Mr. Stewart gets about the market price in a large city.

This farmer has fine crops in corn and cotton.

Thomas W. McCall, parish superintendent of education, has been busily engaged in getting ready for the coming session of schools in Cameron.

The parish will have for the 1930-31 session another high school and this has been made possible by an election. The new high school will be known as the "Cameron High School" and will be located about eight miles due east of the courthouse of Cameron. There will be four more rooms added to the present school and a one-room school eliminated. Children from the Oak Grove settlement will be brought to the new high school.

John Richard, popular young farmer of the Creole community has been appointed mail carrier. Mr. Richard is a native of Cameron and is yet in his 30's. Perhaps no larger family connection in the parish equals the number of relatives by blood and wedlock as that of Mr. Richard.

Mr. Richard relieved Eda Trahan who has been mail carrier for several years. The route is from the Cameron post office to Creole and points south and north on the front ridge and back road.

(By Leon L. Meaux, correspondent)

SCHS tickets now on sale

Season and reserve tickets for the 1989 South Cameron High School football season are now on sale in the coach's office at the school from 8 a.m. to 4 p.m., according to Head Coach Parry LaLande.

Tickets for the Iowa Jamboree also are available.

Hackberry registration

The Hackberry High School registration for all new students for the 1989-90 school year, grades K-12, will be held Monday, Aug. 14, 10 a.m. to 12 noon in the principal's office. All students must have birth certificates and up-to-date immunization records.

Dance team to have practice

South Cameron High School dance team will have a practice Monday, Aug. 14, at 3 p.m. at the school.

The Pep Squad will practice Thursday, Aug. 17, at 3 p.m., also at the school.

All members must be present.

4-H clubbers given party

A skating and pizza party was given for members of the Hackberry Jr. 4-H Club who turned in record books.

Those attending were Ben Carpenter, Lancy Silver, Cody Fenetz, Kara Lee LaBove, Jody Bradley, Robert Bradley and Jeromy Nolan.

Hunter safety course set

There will be a Hunter Safety Course sponsored by the County Agent's Office and Creole Fire Department at the Creole Fire Station Sept. 12, 13, 14, 6 to 9:30 p.m.

Pre-registration is mandatory. For more information call 775-5516.

Minimum age for students is 10 years of age and there is no charge. If you are in need of Hunter Safety Certification you should make every effort to attend one of these courses. There will be a limited number taught between now and the hunting season.

Marriage courses slated by Diocese

The Diocese of Lake Charles began a four-evening marriage preparation course last week for couples preparing for the Sacrament of Christian Marriage.

The course will be offered in the Religious education Center of Our Lady of Prompt Succor Parish, 1103 LaSalette Avenue, according to the Rev. Oris Broussard, director of marriage preparation programs for the diocese.

Classes will be held on four consecutive Tuesday nights, Aug. 10, 17 and 24, from 7 p.m. to 9:30 p.m., Father Broussard said.

There is a $10 fee for the course, which should be sent to Mr. and Mrs. Jack Delpapa, 2092 Louise, Sulphur 70663.

Thad Little

Flood problem is discussed

By GENEVA GRIFFITH

The problem of "Water, Water, Everywhere" was addressed in an emergency meeting of the Cameron, Creole, Little Chenier, and Grand Chenier Drainage Boards held this week at the Police Jury Annex.

Edwin Quinn chaired the meeting to try to figure out what to do about all the water that is inundating the lower part of the parish from the Intracoastal Canal south to the Gulf of Mexico.

The water is up to the carports in houses in the Little Chenier area.

"The water is coming in on us from the north and cannot drain out fast enough", said Ray Conner, Police Juror from Creole. "My idea is to build a levee and pumps in back of the J. A. Davis Estate in Cameron to Highway 27, then on the east side of the highway to the Mermentau River."

Wayne Melancon and Bruce Lehto, with the Soil Conservation Service, reported that plans are in the making to widen and deepen the Intracoastal Canal to 250 feet wide and 16 feet deep.

Billy Doland suggested that probably the Corps of Engineers could be persuaded to use the dirt from the excavation to build up the levee on the south side of the canal to form a natural barrier.

This would probably be better received than a costly project like building a new levee.

Ted Joanan, Rockefeller Refuge biologists, suggested that the Federal Government might better receive the idea of revamping the old locks system than the idea of a costly levee project, or some spillway system.

Frankie Henry said, "We're the basin for the intracoastal canal and the canal needs the water to keep the boats from hitting the bottom of the canal. Eighteen years ago we proposed that a levee go along the property lines but the Wildlife and Fisheries opposed it and the Corps of Engineers would not approve the plan. We can easily handle our own water, but not the water that is pouring in on us."

It was the conclusion of everyone attending that an emergency joint porposal by all the agencies be made and a meeting be held with the representatives of government agencies and congressional delegations to discuss the problem.

Industry is 'a disaster'

The commercial fishing industry in Cameron parish has been declared a disaster due to the heavy rains during the past month, the Cameron Parish Police Jury has been informed. The jury had requested the disaster designation at its recent meeting.

The police jury was advised of the action by Frank Engolia of the Louisiana Office of Emergency Preparedness.

The Small Business Administration will offer assistance to fishermen in the form of economic injury disaster loans for small businesses.

For more information fishermen should call 1-800-344-3989 or 1-800-527-7735.

Disaster told

The U. S. Small Business Administration announced that SBA has expanded the number of parishes in Louisiana declared for economic injury loan assistance in conjunction with a Presidential Disaster Declaration for Louisiana. Small businesses in parishes adjacent to the Presidential declaration area are eligible to apply for Economic Injury Loan Assistance.

Cameron Parish is included in the declaration.

New name for ferry offered

Dr. Martin Luther King, the slain civil rights leader after whom many streets, highways and buildings have been named, may have the first ferry boat named for him--right here in Cameron Parish.

Mrs. Louise Cole, who has been urging the Cameron Parish Police Jury for some months to name a road in Dr. King's honor, came up with three new suggestions at the jury's August meeting.

Name either the parish courthouse, the police jury annex or the Cameron ship channel ferry after Dr. King.

Juror Brent Nunez offered a motion that passed that the ferry be named "The Dr. Martin Luther King, Jr. Ferry" to replace the present name of "Cameron Ferry No. 2". (The Monkey Island ferry is Cameron Ferry No. 1).

However, the name change will only come about if the State Dept. of Transportation agrees, since they are the ones who operate the ferry.

Disaster told

Due to an over abundance of news and a shortage of space, some news stories and photos are not included in this issue of the PIlot. They will be run next week.

Trawling times are announced for area

The Secretary of Commerce issued an interim rule effective Tuesday, Aug. 8, that requires shrimp fishermen from North Carolina through Texas to limit trawl tow times to specified 105 minute periods or use turtle excluder devices (TEDs).

The rule applies to all shrimp trawlers regardless of length fishing in offshore waters. Trawlers which do not use TEDs during their entire fishing trip must adhere to specific time periods when trawling is permitted and prohibited.

These interim rules expire at 12:01 a.m. EDT on Sept. 8. They are in response to a federal district court decision last week that required the Commerce Secretary to take action to protect sea turtles.

Public comments on this rule will be accepted until Aug. 21, 1989. Comments should be sent to: Dr. Nancy Foster, Office of Protected Species, NOAA Fisheries, 1335 East-West Highway, Silver Spring, MD 20910

Gulf tow time schedules are:

TRAWLING PERMITTED
11 p.m. to 12:45 a.m.
1:15 to 3 a.m.
3:30 to 5:15 a.m.
5:45 to 7:30 a.m.
8 to 9:45 a.m.
10:15 to 11:15 a.m.(1 hr.)
11:45 a.m. to 1:30 p.m.
2 to 3:45 p.m.
4:15 to 6 p.m.
6:30 to 8:15 p.m.
8:45 to 10:30 p.m.

TRAWLING PROHIBITED
12:45 a.m. to 1:15 a.m.
3 to 3:30 a.m.
5:15 to 5:45 a.m.
7:30 to 8 a.m.
9:45 to 10:15 a.m.
11:15 to 11:45 a.m.
1:30 to 2 p.m.
3:45 to 4:15 p.m.
6 to 6:30 p.m.
8:15 to 8:45 p.m.
10:30 to 11 p.m.

Vessels that are observed fishing during a prohibited period will be boarded and checked for TED usage by enforcement agents.

For additional information contact Concerned Shrimpers of America, 504-391-1177.

President of Concerned Shrimpers of Louisiana Tee John Mialjevich, stated: "As president of Concerned Shrimpers, I am asking our members, both in inshore and offshore waters to try and abide by the tow time restrictions until Sept. 8, 1989. I am asking for you to send your comments in both to Dr. Foster and Concerned Shrimpers. This information will be used by NOAA to decide if shorter or longer tow times are to be used. We need to work out some sort of tow times the shrimping industry can live with. If not, then NOAA may say TEDs are the only answer."

Parish students do well on test scores

Cameron Parish school students are continuing to score higher than the state and national averages on test scores, the Cameron Parish School Board was told Monday.

Asst. Supt. Robert Ortego said that the results of the California Achievement Test administered to all 4th, 6th, and 9th graders in the state showed that the Cameron Parish students performed substantially above the average state and nationwide.

In reading skills, Cameron Parish fourth graders scored 44.3 percent above the national average as opposed to 36.3 percent statewide. In language arts, fourth graders scored 50.7 percent above the national average, compared to 42.5 for the state score. In mathematics, the fourth grade score was 61.7 percent above the national average. The statewide percentage was 46.9.

In reading skills, Cameron Parish sixth graders scored 62.0 percent above the national average compared to the statewide average of 45.7 percent. In language arts, the students scored 69.0 percent above the national average. The statewide score was 43.3 percent. And in math, the sixth graders scored 76.6 percent above the national average. The statewide tally was 51.6 percent.

Cameron Parish ninth graders scored 42 percent above the national average in reading, compared to a statewide score of 41.8 percent. Their language arts performance was 48.6 percent above the national average compared to the statewide percentage of 43.7. And in math, the ninth graders scored 47.3 percent above the national average as opposed to a statewide average of 45.4 percent.

In other testing data, Ortego told the Board that the 1989 Grade 10 Written Composition Attainment Report showed 86 percent of Cameron Parish 10th graders achieving the State Scale Score Standard. The Standard is a criterion established to measure progress in writing and composition.

Legal services

A representative of Southwest Louisiana Legal Services Society will be at the Cameron Senior Center Friday, Aug. 18, to assist any senior citizen with legal matters they might have. Appointments may be made by calling 775-5668. Transportation may be arranged by calling the same number.

The toll-free number of the Agency is 1-800-737-5566.

Circus planned

The Cameron Volunteer Fire Dept. and Cameron Recreation Dist. No. 6 will sponsor the Franzen Bros. Circus on the Cameron recreation center grounds on Nov. 15, at 5:30 and 8:30 p.m.

Hwy. contract

Fenet, Inc. of Westlake submitted the low bid of $244,115.01 on 2.79 miles of asphalt pavement widening on La. 385 in Cameron Parish.

The work will be from the junction with La. 384 at Boone's Corner northerly to the Calcasieu Parish line.

Thad Little Day is set

"Thad Little Day" has been set for Tuesday, Sept. 5, after he tied for first place in the saddle bronc division at the National High School Rodeo held in July in Pueblo, Colo.

He received a saddle, buckle, felt Bailey hat and a $500 scholarship to the college of his choice.

A senior at Hackberry High School, where he has been a member of the rodeo team for 4 years, Thad is the son of Ernie and Mae Doris Little.

He is presently staying with a rodeo buddy from Garden City, Kan., and will meet his parents at the National Little Britches Rodeo Finals in Colorado Springs next week, where Thad will compete.

Rates increased here

Rate increases effective with the August billing were announced this week by Cameron Parish Sewerage and Waterworks Districts No. 1.

Water rates will be increased from the present $1 to $2 per month for residential customers in the district. New rates for commercial users will vary from $4 to $10 a month.

The sewerage district rates will go from the present $9 a month to $15 a month.

Dan Dupont, superintendent for the district, said the sewer district prior to 1985 had 9 pump stations and revenues from 626 customers. Since that time 12 additional pump stations and 136 new customers have been added.

At the same time the ad valorem tax revenues for the district decreased from $78,000 to $42,000 in 1988.

Dupont said the district now has used up all of its reserved funds and due to the increased cost of operating the system and the loss of revenue it was necessary for the board to increase the sewer rates.

Clinics set

The South Cameron Memorial Hospital, Dr. Cecil Clark and Dr. Richard Sanders are now conducting weekly clinics at the hospital for Title XVII (Medicaid) card holders.

Dr. Sanders is seeing patients on Mondays from 11:30 a.m. to 2 p.m. Dr. Clark is seeing them on Thursdays during the same hours.

All appointments to visit the doctors in clinic should be scheduled from 9 a.m. to 4 p.m. by calling the hospital at 542-4111 and asking for Becky McEvers.

Office move suggested

Police Juror Ray Conner suggested at the recent Cameron Police Jury meeting that in order to make more space available in the courthouse that the extension service offices, now located in the basement, be moved to the Cameron Historical Museum building near the courthouse.

The museum has been closed for about a year due to a lack of funds to keep it open.

However, the historical society has indicated that it wishes to reopen the museum at some future date and it is not known if the proposal can be put into effect.

Conner had suggested that if the move were made, the extra space could be made available to the sheriff's department and the clerk of court, both of whom are in need of more space.

Date changed

The Cameron Parish Police Jury at its recent regular meeting voted to change the date and time of its monthly claims meeting.

Formerly held at 6 p.m. on the last Thursday of the month, this meeting will be held in the future at 10 a.m. on the third Friday of the month. Therefore the next claims meeting will be held at 10 a.m., Friday, Aug. 18.

The jury's regular monthly meeting will continue to be held at 10 a.m. on the first Tuesday of the month. The next regular meeting will be Tuesday, Sept. 5.

CHANNEL TO BE CLEANED

A $1,559,910 contract to dredge the Calcasieu River Bar Channel in Cameron Parish has been awarded to Gulf Coast Trailing Company of Kenner by the U. S. Army Corps of Eingeineers.

The authorized dimensions of the bar channel are -42 feet Mean Low Gulf (MLG) by 800 feet wide from the end of the rock jetties at mile -1.5 mile (1.5 miles out in the inland water of the gulf) through mile -24.0. The work will be concentrated between mile -1.5 to mile -10.0, although dredging the remainder of the channel may be necessary.

The contractor will furnish a hopper dredge on a leased basis for the removal and satisfactory disposal of shoal material in the channel.

Refuge opposition told

An official of the U. S. Fish and Wildlife Service told the Cameron Parish Police jurors last week that he was "disappointed" that the jury had earlier passed a resolution opposing the proposed creation of a national wildlife refuge at Little Pecan Island near Grand Chenier.

Paul Yakupzack, Manager of the Cameron Prairie National Wildlife Refuge, said there had been some allegations that the Fish and Wildlife Service does not pay any taxes, but noted that the agency does provide revenue sharing payments in lieu of taxes and that these have totaled $544,262 to the parish from 1983 through 1988.

He noted that he had presented a check to the police jury earlier in the year for $99,661, which was to be split between the jury and the school boad.

He also said that 21 persons are employed by the three National Wildlife Refuges in the parish with an annual payroll of $658,000.

He said Little Pecan Island had been purchased by the Nature Conservatory with the intention of it being resold to the federal government for a wildlife refuge.

Creole Juror Ray Conner told Yakupzack he was opposed to the new refuge as it would take a lot of private land off of the tax rolls in his district.

Conner said that if his district lost much of its tax base, the remaining taxpayers might not be able to support the water and fire protection districts there.

Yakupzack also stated that it was not true that the federal government was trying to buy up all of Cameron Parish and Jefferson County in Texas and turn the area into one large wildlife refuge.

"That is a falsehood that is being spread by individuals who do not like us," he stated.

District Attorney Jerry Jones, who was present at the meeting, asked what the wildlife service intended to do about the marsh lands owned by the Miami Corp. which surrounds Little Pecan Island.

He said that there was not enough land on Little Pecan for a refuge and he had a letter from Miami Corp. that they had no intention of selling their land for a refuge.

"Are you going to take the land away from them?" Jones asked.

Yakupzack said he did not think that would be done.

Jones said that he felt that instead of trying to develop new wildlife refuges in the parish, the federal government should be spending more money to develop the ones it already has.

Although Yakupzack urged the jury to rescind its previous resolution opposing the new refuge, jurors were unconvinced and moved on to other matters.

Salaries may be restored

Cameron Parish Police Jury employees who took a 10 percent cut in pay last summer when the police jury had to make drastic reductions in order to balance the budget apparently will get their full salaries back in the near future.

At the jury monthly meeting last week, Geneva Griffith, district attorney office employee, appeared before the jury on behalf of other employees to ask that the pay cut be restored.

Mrs. Griffith said that employees understood that they "had to tighten their belts" at the time because of the shortage of money, but she said she understood that the finances had improved and she asked that the employees get their pay restored.

Juror Ray Conner, who said the jurors appreciated the employees "sticking with us" made the motion that the 10 percent cut be restored if the president determined the funds were available.

However, Juror George LeBouef said he opposed the restoring of the cuts until after the jury had a chance to discuss the other problems facing it. He said that among these were the restoring of nutrition sites and repairs to parish roads.

The vote was 5 to 1 to restore the cuts if the funds were found available.

LeBouef then noted that salaries of the judge's and district attorney's offices were not determined by the police jury and said he had no objections to any cuts there being restored.

Assistant District Attorney Glenn Alexander told the jury that the district attorney's office did not feel their employees should get their pay restored unless all of the affected parish employees were treated likewise.

(Salary cuts in the judge's office were restored by the police jury on April 15, after it was pointed out that salaries in that office were not set by the police jury.)

Parish Treasurer Garner Nunez said this week that he would meet with Jury President Carrol Trahan as soon as Trahan's work permitted him to see if the pay cuts can be restored. Nunez said apparently they can for the remainder of this year.

Nunez's salary, as well as those of the jury secretary and road foreman also were cut last summer, and the police jurors also took a pay cut. It was not clear whether these cuts would be restored or not.

Grand Chenier News

By Elora Montie

The Grand Chenier folks have been having problems with coons since early spring. First came the corn patches. Folks had to gather the corn before it was entirely ripe due to the coons eating the corn.

But since Hurricane Chantal caused high salt water in the front marshes, the coons have gone after the peaches and pears. Many families were unable to can any at all due to the coons eating the fruit before they were ripe. The same happened to the figs, the coons climbed the limbs, ate the figs and wasted what wasn't ripe.

One resident had a large peach tree loaded with large peaches, and one night an old coon and family of young ones cleaned out the tree, leaving only the seeds on the ground.

Many folks put out their garbage bags in late evening for pick-up the next morning. Since the high water coons are having to get out of the marshes and they tear up the garbage bags and scatter everything.

Another resident has a large screen porch in which the coons broke into four times in search of food. The partly aluminum screen door was busted and the folks had to purchase another one.

One reason for the many coons is that the pelts are not worth much and they are not trapped as much as in the past years.

BABY BAPTIZED

Friends and relatives gathered in Lafayette Sunday Aug. 13, to celebrate the baptism of Brian Joseph Smith, the son of Mr. and Mrs. Kenny Smith. Attending from Grand Chenier was Mrs. Betty Smith. Godparents are Dr. John Morris of Lake Charles and Cindy O'Brien of Houston, Tex.

HOSPITAL NEWS

Edwin Mhire, who underwent surgery in St. Patrick's hospital, is still undergoing treatments.

Neil Richard was taken back to Memorial hospital in Lake Charles.

LeBOUEF BABY

Mr.and Mrs. Mark D. LeBouef of Grand Chenier announce the birth of a son, William Chandler, July 24. He weighed 5 lbs. 12 ozs.

4-H MEMBERS of Cameron Parish are shown conducting the Thursday night Vespers program at 4-H Camp in Pollock. They are: Kimberly Sturiese, Daira Duplechin, Ashley Corell, Angela Guidry, Elizabeth Lowery, and Sonya Guidry.

Hackberry News

By Grace Welch

TRIP

Margret Pitts and grandchildren from Hackberry, visited her sister and family, Walter and Helen Saucier, Jannine and Chris Woods of Raleigh, N.C.

Matt Solina, and son Matt from Hackberry and son, Mike Jr., from Hitchcock, Tex., attended the Houston Astro's and Cincinnati Reds game at the Astro Dome Aug. 11. Aug. 12, they visited the Sam Houston Coliseum and saw the Evangelistic Crusade from California.

VISITORS

Claude and Evelyn Clark from Monch Corner, S. C., Peggy and Ralph Poteet and son, Travis, from Mountain City, Tenn., spent a few days with Grace Welch. Evelyn is her sister.

While here they visited Holly Beach. This was the first time for the Poteets to see oil wells.

Friday night music was played with guitars, fiddles, auto harps and accordians at Grace Welch's. Saturday night there was another get-together at Curtis Fountain's.

Sunday a barbecue was held with family and grandchildren, Evelyn, Claude Clark, Ralph, Peggy and Travis Poteet, Bobbie, Curtis, C. R., Troy and Carly, Dwayne, Coot, Michelle and Luke McInnis, Grace Welch, Robert (Bo) Welch from hackberry, his sons, Brad and Keith from Carlyss, Terry, Jean, Jennifer and Rusty Istre from Carlyss.

Brad and Chris Reed from Midland, Tex., are spending some time with their dad, Rocky Reed, and grandmother, Boo Reed.

PRIMEAUX BABY

Larry and Janetta Primeaux from Beaumont announce the birth of a daughter, Donia Lea, July 31, at St. Elizabeth hosital in Beaumont. She weighed 6 lbs. 13 ozs.

Grandparents are Shorty and Eleanor Lyons.

A great-grandmother is Ailenne Benoit.

4-Hers go to conference

A Leadership Conference for 4-Hers was held on the LSU campus July 11-14. Those attending from Calcasieu parish included Aaron Natalie from Bell City and Stephen Buller, Gena Richard, and Bart Shields from Iowa.

Dear Editor

Dear Jerry:

The editor of the Daily Sentinel, Nacogdoches, had an interesting article in Sunday's paper concerning the TED war ashe witnessed it in Galveston. An outsider's opinion might be of interest to your readers. Here is my response:

Dear Editor, we are keeping up with the TED war. I think our government is trying to break the middle classes' back, retreat him to welfare, and cut off welfare. I say more power to the shrimpers and I am proud of your peaceful blockade.

Shame on the Coast Guard. I trust Washington takes notice and realizes that they have bitten off more than they can chew this time. This is one ex-offshore oil field worker that would not have run your blockade. I would help you maintain one.

I read in the local papers that some oil field workers gave Texas shrimpers a hard time at Galveston when they were protesting TED with a blockade. You would think both would be on the same side. Goodluck and God's speed.
/s/ Stanley and Luella McComic
Ex-Johnson Bayouons, for 26 years,
Garrison, Tex., now.

Grandparents are Mr. and Mrs. Dorsey LeBouef of Grand Chenier; Darrell Dupoint of Cameron; and Ellen Primeaux of Lake Charles.

Great-grandparents are Lulia Boudreaux of Sweetlake; Ula Dupoint of Jennings; and Ruby Davis of Jennings.

A great-great-grandmother is Nancy Dupoint of Jennings.

The couple's other child is Chase, 3.

HAY CUTTING

Many folks here are taking advantage of the beautiful warm weather to save hay for the winter.

VISITORS

Mrs. Sue Koonce of Port Neches, Tex., spent a week visiting Mr.and Mrs. Donald Lee Miller and Mr. and Mrs. Gilford Miller here.

Mr. and Mrs. Earl Granger and grandson, Jason, of Lake Charles, visited the Earl Booths Sunday.

Phillip Davie of Opelousas spent some time with relatives, Mr. and Mrs. Earl Booth. The Booths and Phillip Davie returned Monday to Opelousas where the Booths spent Sunday night.

Miss Annie Laurie Miller of Baton Rouge spent the weekend in their home in Grand Chenier.

The Gooch Baccigalopi family of Alvin, Tex., spent the weekend with Mr. and Mrs. Whitney Baccigalopi in Grand Chenier.

New program told here

A program designed to serve the needs of high risk four-year olds is planned for Cameron Elementary School. Students will be identified for the program by the results of the Batelle Screening Test.

This full day program will serve children who are four before Oct. 1, and whose family income is under $15,000. Income must be verified by a W-2 form, current payroll check stub, or other official document.

Children who live outside of the Cameron Elementary attendance zone may attend this program if other eligibility criteria are met. However, these parents are responsible for providing transportation to and from the program.

Parents who feel their children meet eligibility criteria should attend a meeting at Cameron Elementary School Aug. 29, at p.m.

G. L. 4-Hers attend camp

Camp Grant Walker in Pollock, was the site of fun, excitement and learning for Cameron Parish 4-Hers July 17-21.

Grand Lake Junior 4-H members attending camp were: Laura Cox, Missy Cox, Angie Guidry, Nickie Guidry, Bubbie Duhon, Leon Daigle, Corey Theriot, and Missy Young.

Senior members attending as camp counselor were Dena McComb and Shadd Taylor.

Miss Young, Reporter

To get more juice from oranges, let the fruit soak in cold water for a while before squeezing.

FUNERALS

ALVIN DUHON

Alvin Duhon, 59, a former resident of Creole, and a resident of Albuquerque, New Mexico for 32 years, died recently at an Albuquerque hospital.

He was a member of Our Lady of Assumption Catholic Church and was a car salesman.

He is survived by his wife, Inga Duhon; six sons, Thomas Duhon, Alan Duhon, Paul Nelson, Kris Nelson, Lew Nelson and Fred Nelson; two daughters, Vicky Peltzer and Anna Trujeque; three brothers, Ruster Duhon and Hursey Duhon, and Clifton Duhon; and seven grandchildren.

HEBERT INFANT

Graveside services for Ross Anthony Hebert, infant son of Mr. and Mrs. Ronald Hebert of Lake Charles were held Wednesday, Aug. 16, at Sacred Heart Cemetery in Creole.

The Rev. David Keith Baker officiated.

The infant died Sunday, Aug. 13, in a Lake Charles hospital.

Survivors in addition to his parents are one sister, Maeghan Hebert of Lake Charles; paternal grandparents, Mr. and Mrs. Ronnie Hebert of Lake Charles; maternal grandmother, Mrs. Ruby Rodrigues of Houston; paternal great-grandmother, Mrs. Vergie Verret of Cameron; maternal great-grandmother, Mrs. Alexander Rodrigues of Palacios, Tex.; paternal great-grandfather, Leonard King Sr. of Lake Charles; paternal great-grandfather, Adam Wallace Hebert of Gillis, and paternal great-great-grandmother, Mrs. Pierre Savoie of Cameron.

MRS. ETHEL LEON MCGEHE

Funeral services for Mrs. Ethel Leon McGeHe, 88, were held Wednesday, Aug. 16, in Glad Tidings Pentecostal Church.

The Rev. Curlin Quibodeaux officiated. Burial was in First Baptist Cemetery in Cameron.

Mrs. McGeHe died Tuesday, Aug. 15, in the Kaplan hospital.

A native of St. Augustine, Fla., she had lived in Cameron Parish 37 years. She was a member of First Baptist Church in Cameron.

Survivors are one son, Joseph C. "Chammy" Roberts of Pecan Island; one daughter, Grace E. Roberts Murphy of Cameron; one stepdaughter, Evelyn Corneliason of Ocala, Fla., seven grandchildren, 22 great-grandchildren and three great-great-grandchildren.

MUSING . . .

A strange dream

by Bernice Denny

I had a strange dream last night. It seems that I was being held hostage in a foreign land. I was confined to a windowless cell abut the size of a standsrd bed. A small locked door was set in one wall. The cell had no ceiling. Its walls seemed to reach to the sky. From overhead a brilliant light filled the cell.

The lock in the door turned and the door was opened slightly. A hand extended an unwrapped sandwich, a piece of yellow cheee between two thin slices of white bread.

I accepted the sandwich. The door was closed and locked. As I lifted the food to my mouth, it slipped from my grasp. The bread became two sheets of white paper; the cheese, a yellow pencil.

I waked to find myself sitting upright in my own comfortable bed. What a relief!

I needed as interpretor of my dream Joseph of the Old Testament, the youth with the cloak of many colors sold through jealousy into slavery by his older brothers. He was that same Joseph who through his understanding of dreams came into power in Egypt.

I lay back upon my pillow and thought of the hostages being held by terrorists. I thought of their families left behind and of the heartache being felt by the loved ones of Higgens. Surely the dreams of all involved must be disturbing ones as their subconsciousness surfaces and dips during slumber.

The crimes perpetrated against man by his fellowman--no matter when or where or by whom -- are senseless, cruel, dastardly, inexcusable. Crimes committed by terrorist groups are simply multiples of crimes committed in our own country by individuals. They seem worse because of numbers involved, because they are politically motivated, and because of the secrecy surrounding them.

They all stem from the moral deformity of the doers, whether it be the jealousy that caused Cain to kill Abel or the greed for money that resulted in the Lindbergh baby's kidnapping and death or the lust for power coupled with the vengeful hatred of the terrorists against other nations.

Charles Simmons, an American clergyman of the 19th century, said, "Wickedness, when properly punished, is disgraceful only to the offender; unpunished, it is disgraceful to the whole community."

Terrorists are a disgrace to decent people the world over and should be brought to justice. Perhaps the certainty of punishment in such cases would deter others with similar motives.

SCHS tickets now on sale

Season and reserve tickets for the 1989 South Cameron High School football season are now on sale in the coach's office at the school from 8 a.m. to 4 p.m., according to Head Coach Parry LaLande.

A TARPON PLAYER is shown pulling a tire for a 10 yard burst while in practice. (Photo by Robert Manuel)

THE SOUTH CAMERON Tarpons are shown running the Cowboy mile after practice. (Photo by Robert Manuel)

CHEERLEADERS OF Grand Chenier Elementary School attending 4-H Camp in Pollock entertained on Wednesday night. They are shown during their performance to the song entitled "The Loco-Motion". They are, left to right: Kimberly Sturiese, Ashley Corell, Jodi McCall, Heather Sturiese, and Nicole Sturiese.

Tarpons to be in new district

By ROBERT MANUEL

South Cameron High School football is just around the corner and head coach Parry LaLande, assistant coaches Eddie Benoit, Henry Griffin and A. J. Seymour and the Tarpons are renewing old rivalries within a Class A district that included South Cameron many years ago.

District 7A, for the next two years, will include South Cameron, Elton, Merryville, Oberlin, East Beauregard and Rosepine. East Beauregard and Rosepine are relatively new schools in football but have been in district competition several years.

Elton, Merryville, Oberlin and St. Edmonds have consistently been in a close contest for the playoff spots in District 7A. St. Edmonds and Basile moved into another Class A district and were replaced by South Cameron.

South Cameron and Elton, champs last year in their respective districts, are looking for replacements for outstanding senior graduates, including each their passing and rushing leaders. South Cameron's Chad Mudd has been replaced by tall, rangy Robin Rutherford, a 170 lb. junior. Both Mudd and Brookhaus of Elton have left big shoes to be filled. Merryville retained their passing whiz and its sting will be felt through the district.

Brightest in South Cameron's depth chart is in their defensive capabilities. Six starters, each with proven capabilities are on hand to provide a strong defensive nucleus. Returning defensive starters include DE Lionel Robert 6', 185 lb.; at defensive tackles, seniors Jamie. Carroll 5'10", 200 lbs., and Dwayne Guilbeaux 6', 200 lbs.; at LB, J. M. Boudreaux 6', 180 lb. Jr.; at CB senior Charles Duhon 5'10", 150 lbs.; at WS Robin Rutherford 6', 170 lb. Jr.

Likely candidates to fill in some of the remaining slots are Kevin Olivier 6', 180 lb. Jr.; Ron Galloway NG, 6', 180 lb. Sr.; Joey Trahan LB 5'9", 150 lb. Jr.; Reggie Godette CB 5'11", 180 lb. Jr. and Chris Daniels CB 6', 160 lb. Sr.

With but three regulars returning offensively, Jamie Carroll and John LaBove, Sr. 5'10", 230 lbs. and TE Lionel Robert, the offense will need time to gel, according to Parry LaLande. Likely candidates for starting positions are Joey Trahan at guard, Ron Galloway at center, J. M. Boudreaux at guard.

The backfield slots appear to be slated for top contenders Robin Rutherford, 170 lbs. at QB and three other running backs, Charles Duhon, Sr. 150 lbs., and Reggie Godette, Jr. 180 lbs., Chester Moore, 185 lb. Jr.

Parry LaLande, with 12 years coaching experience, seven as head coach of the Tarpons, has a 56-23 win-loss record. LaLande and the Tarpons will be going for an unprecedented five straight play-off appearance.

LaLande is backed by an experienced playoff coaching staff. Henry Griffin leads all Cameorn Parish coaches with 28 years; A. J. Seymour has 19 years and Eddie Benoit 11. Coach Benoit became LaLande's first assistant when LaLande was named head coach of the Tarpons.

LaLande put everything in a nutshell when summing up this season's outlook. "Defense should be our strong point. We have six starters coming back and the replacements have played a lot of quarters. Our offense will have a senior line but young backs. The offense will take time to gel and hopefully the defense can keep the early games close. As usual, we will have a lot of people going both ways, so conditioning will be a factor. We have good back-up people but they are young and inexperienced."

The Tarpons squad consists of 13 seniors, 12 juniors, 10 sophomores, 28 freshmen and 10 eighth graders.

ID cards to be used in school lunchrooms

Federal regulations entitled "Accuclaim" effective July 1, 1989 for the National School Lunch Program, mandated new requirements that school systems must fulfill to make daily meal counts accurate and accountable.

The following changes have been made in the Cameron Parish School Lunch Program in order to comply with these new federal regulations.

1. Each student/adult in all Cameron Parish Schools will be issued a permanent ID card. This ID card must be presented in the serving line when a meal is served. (ID cards for elementary grades will be retained in the classroom. High school students/adults will keep cards in their possession.)

2. Payment for student/adult meals will be made directly to the lunchroom manager rather than the classroom teacher as done previously in elementary grades. High school students/adults may continue to pay through the serving line or may pay for meals in advance. (Each school will establish a procedure for students to make payments for meals directly to lunchroom manager.)

3. Record of all meal counts and student payments will be made on computer. A separate account will be maintained for each student/adult in the school system.

There is no change in the price of meals - $1.00 for elementary, $1.10 for high school, $.40 for reduced price meals.

Advance payment of meals, a minimum of one week in advance, should be continued as in the past for elementary students. Advance payments for high school students is encouraged.

Families whose incomes fall within approved guidelines may apply for free-reduced meal benefits.

Families whose children were approved for free or reduced meal beneifts at the close of last school year are automatically eligible for the same meal benefits through Sept. 25, or until a new application is approved or denied after school opens.

For additional information regarding free-reduced meal benefits, see the separate announcement of free-reduced meal benefits in this newspaper.

All programs of the USDA are available to everyone without regard to race, color, national origin, age, sex, or handicap. Persons who believe they have been discriminated against should write immediately to the Secretary of Agriculture, Washington, DC 20250.

DEAR CUSTOMERS,

Prior to 1985 we operated the system with 9 sewer pump stations and revenues from 626 customers. Since that time we have added an additional 12 sewer pump stations and added 136 new customer revenues. The Ad Valorem Tax Revenues for the district have decreased from about $78,000.00 in 1985 to $42,000.00 in 1988.

The district has now used up all its reserved funds and due to the increased cost of operating and maintaining the system and the direct loss of revenues has made it necessary for the Board to increase the sewer rates from $9.00 to $15.00 per month.

Section 5.02 of the Revenue Bond Agreement requires that the district maintain a sewer charge sufficient with accompanying funds from other sources (Ad Valorem Taxes) to maintain and operate the district.

If we can be of any further assistance in the above matter please feel free to call us at 775-5660.

Floyd Saltzman, President
Cameron Sewer District No. 1

The Opening Of A new
SOUTH CAMERON
MEMORIAL
HOSPITAL

Doctors CLINIC

Each Monday
And Thursday

The Doctor Is In. . .

The decline in the oil patch, the depressed fishing and shrimping industry in our area, the Moss Regional Hospital situation, has created a need for the Medical Community to formulate a plan to serve the medical needs of the entire community.

The Hospital, Dr. Cecil Clark and Dr. Richard Sanders will conduct a clinic on Mondays and Thursdays at the Hospital with Dr. Sanders seeing patients on Mondays from 11:30 a.m. until 2:00 p.m. and Dr. Clark seeing them on Thursday from 11:30 a.m. until 2:00 p.m. This Clinic is designated for Title XVIII (Medicaid) card holders. All appointments to visit the Doctor in Clinic should be scheduled from 9:00 a.m. to 4:00 p.m. by calling the Hospital at 542-4111. Please ask for Becky McEvers, Your appointment will be scheduled.

We feel this program will eliminate many hardships and bring the community a self reliance not experienced before.

We look forward to serving you and will help in any way possible.

Promises were broken. . . .

By Loston McEvers

BROKEN PROMISES

Remember when sports fishermen, commercial fishermen, hunters and trappers, agreed for an increase in license fees to have better and more enforcements, to give La. wildlife personnel an increase in wages (it's been about 7 years since they've had a raise), to create monies for more biologists, and equipment, etc.

Remember when the Secretary of the La. Dept. of Wildlife and Fisheries was fortunate enough to be self-supported, had a balanced budget, and our constitution protected our Conservation Fund, meaning the state couldn't touch it, as we voted a constitutional amendment for this protection. We should not have suffered any layoffs (but we did) and should have gotten pay raises to help keep good personnel with experience.

Right now we're losing good experienced people from the Dept. of Wildlife and Fisheries, not only by prior layoffs, but people quitting to go to private industry for more money.

The Dept. doesn't take a penny from the state's general fund. The approximate $35 million budget is coming from hunting and fishing licenses, mineral royalties and some federal matching funds.

These funds are protected by a constitutional amendment to keep it out of the General Fund.

All the governors used to dip in wildife funds before the amendment and when our present governor cut about 25% on all agencies, wildlife budget was also slashed. I don't see why, because they were not behind and had enough monies.

Our Secretary of Wildlife and Fisheries didn't think it was good management for wildlife to have all the extras and not the other agencies. Well, I guarantee my neighbors don't give a hoot what I can afford, cause they're going to buy what they want and I don't blame them, but oh, no, not the state of Louisiana.

When wildlife agencies lose people, who go to better paying jobs because of no raise in seven years or so, some are not even replaced and if they are replaced it's with inexperienced people who take about three years to train and where does the program go in these three years?

A promise was made to fishermen to have a 32 man team for the Coastal Finfish Dept. to collect data and establish management for creel limits and other important matters. Just ask how many over 20 has it ever had and has a creel survey ever been done?

What I see is people like sportsmen, fishermen, etc. paying more for licenses and not getting what was promised. The money is there but is frozen. Let's just hope something is done about this matter and we don't get freezer burn, 'cause I know the money won't.

THINGS YOU MAY WANT TO KNOW

* I kind of hate to write anything on the TED, because things change overnight, but at this writing, the TED is out, a 105 minute trolling time is in effect, but another lawsuit is taking palce to try and get the TED back in the trolls.

* Dates have been set for oyster season in some areas, but Calcasieu and Sabine lakes tonging areas will be addressed by the Wildlife and Fisheries Commission at a later date.

* A donation of $10,000 by the Association of Louisiana Bass Clubs to the La. Dept. of Wildlife and Fisheries, for renovations to the Beechwood Hatchery in Forest Hill will be to raise Florida largemouth bass.

Florida largemouth bass get larger than our own La. bass. Ponds will be set up at Beechwood Hatchery for production of these fish.

* Reports of breeding population for our ducks has totaled about 30 million. That's below 1988 breeding population. The only species that showed an increase was the canvasback.

The drought is again blamed for poor duck populations.

U. S. sportsmen last year killed 4.6 million ducks, compared to 9.2 million ducks the year before, as you can see it is about a 50 percent reduction. However, with only three ducks to shoot a limit compared to the point system before (10 ducks possible) surely will make a difference, and also with only 30 days compared to 45 days before. I still think the point system helps destroy our duck population, as you could shoot too many for a limit. Less geese and coot were bagged last year compared to the previous year.

* There has been a great disagreement on the issue of trying to make Little Pecan Island a federal refuge.

This is an issue that I have had lots of letters about sitting on my desk and a few phones calls. It's also an issue that I really don't want to get into. I guess there's pro and con both ways.

The only thing I can say about it, if I had a piece of land to sell, I think I wouldn't want someone telling me I can or can't sell as long as it's mine and I paid taxes on it. If things don't start shaping up in our world soon, Webster can take the word "freedom" out of the dictionary and put the word "doomed" in its place.

* Area fishing on bass has been good. Lacassine Refuge, Big Burns and Sabine Refuge have all been good on bass, but I think Sabine Refuge has been producing larger bass right now.

Redfish and speckle trout have been good, but specs slowed down for a few days, but in the Gulf in about 30 feet of water speckle trout fishing has been pretty good.

LEMESCHE BASS CLUB

The Lemesche Bass Club held their final club tournament this past weekend. I'll have the results next week.

The yearly results were very tight, as this last tournament will decide who will be the number one fisherman of the club -- Phillip Trosclair or Ricky Canik, with only one point difference, and Carl Broussard, only 7 points from the top spot.

Cam. Elem. supply list

The Cameron Elementary School supply list for the 1989-90 school year is as follows:

Kindergarten: $20 fee, booksack.

First grade: 5 boxes of 16 count crayons; 2 large bottles of glue; 2 packages #2 pencils plus one large eraser; 9 folders with pockets; one each plastic school box, pair of pointed scissors, package of Crayola wide-tipped markers, large coloring book for rainy days, box of addition flashcards, box of subtraction flashcards, large box of Kleenex, booksack.

Always keep cultured buttermilk chilled. If it becomes warm, it may separate. If it does—stir it.

Mrs. Gannon Joe Watts

Watts-Bobo vows are said in New Iberia

Julie Kay Bobo and Gannon Joe Watts, both of Lafayette, were married Saturday, Aug. 12 at 2 p.m. at the First United Methodist Church in New Iberia. The Revs. Gus M.Buttram and Hugh L. Baker officiated.

Parents of the couple are Mr. and Mrs. Jack C. Bobo of Neward, Del. and Mr. and Mrs. Joe B. Watts, Jr. of New Iberia. Grandparents of the groom are Fletcher and Bonnie Miller and Brown and Oleta Watts of Cameron.

Jill Bobo was the maid of honor, Pam Fitch was matron of honor and Chantal Brunner served as bridesmaid.

Greg Hebert served as best man. Groomsmen were William Elliott, Bryan Watts and Edwar Morvant.

A reception followed in the fellowship hall.

After a honeymoon to California, the couple is making their home in Lafayette.

Homemakers to observe 50th anniversary

Members of Cameron Parish's Homemakers Club will observe the 50th anniversary of the formation of the Homemakers Clubs in the parish during September.

In this connection, the clubs are seeking the names of all former deceased Homemakers and former clubs. (These clubs were earlier called Home Demonstration Clubs.)

Anyone who can furnish this information is asked to call Mrs. Wayne Montie at 542-4452 or Mrs. Estelle Theriot at 542-4296.

In addition the clubs are seeking information on Mrs. Sophie Bernard, who was the first Home Demonstration agent in the parish in 1936. Anyone knowing anything about Mrs. Bernard is asked to call as above.

Dinner sale raises $687 for Council

By DINAH BETH VAUGHN, Director

The spaghetti dinner sale which was held July 21, was a great success for the Cameron Council on Aging and the Cameron Community Action Agency. A grand total of $687.83 was made.

The proceeds from the sales were all profit due to the generosity of these Cameron merchants and business people: Dupont's Fiberglass, Foreman's Meat Market, Wendell's Electric, Evelyn's Flower Basket, Clipper Office Supply, and Cam-Mart Shell, who donated meat and funds for the supplies needed.

Both agencies wish to thank everyone who helped out in any way; with a donation, working in the preparation, delivery and most of all the people who bought lunches.

At this time another spaghetti dinner is being planned for Aug. 25. Orders may be placed at the Council, 775-5668 or the CAP, 775-5145. The price is $4 per plate and deliveries will be amde.

Airman Brocato is graduated

Airman 1st Class Frank J. Brocato Jr. has graduated from Air Force basic training at Lackland Air Force Base, Tex.

Brocato is the son of Mr. and Mrs. Frank J. Brocato Sr. of Lake Charles. His wife, Jennifer, is the daughter of Paula Lejeune of Lake Charles.

He is a 1984 graduate of Grand Lake High School and a 1988 graduate of McNeese State College, Lake Charles.

Creole KCs planning drive in October

The J. P. Boudoin Knights of Columbus Council 3014 of Creole held its monthly meeting last week.

A meatball and spaghetti supper was prepared by Fredman Theriot, Lynex Richard and Telesmar (Blanc) Bonsall.

A Tootsie Roll drive to be held in October for the retarded children of the Sacred Heart Parish was discussed.

Chosen Knight of the Month was Burl LaBove and the Family of the Month was the Monroe Wicke family.

Grand Knight Loston McEvers wishes to remind those Knights of Council 3014, who haven't paid their dues, they should contact Financial Secretary Kenneth Montie.

Drop a thimble over the center tube in a percolator coffeepot before adding ground coffee, that way grounds won't fall in the water.

Earl Mouton named as Knight of the Month

Earl Mouton, Sr. was named Knight of the Month by Our Lady Star of the Sea Knights of Columbus Council 5461 of Cameron. Mouton was cited for his work in council and community activities.

Grand Knight Roy Nash read a set of rules for the renting of the K. C. Hall and anyone wanting to rent the hall must contact Nash or Brenda Nash at 775-5212 for assistance and a copy of the rules and procedures.

District Deputy Howard Lancon said that he would take Cedric Hebert and Tony Porche for their 2nd and 3rd degree initiation in DeRidder Sunday.

Hayes Picou Sr. and cooks will prepare a barbecue chicken dinner to be served to the public Sunday, Aug. 27, starting at 10:30 a.m. at the K. C. Hall.

Grand Knight asked all members and their families to make a special effort to attend a family group communion of the Knights and Catholic Daughters at the 5 p.m. mass Saturday, Aug. 26.

Council adjourned with prayers for Roy Hebert, Edwin Mhire and Nola Rogers, who are seriously ill in the hospital.

Fox baby is born Aug. 9

JEFFREY SCOTT FOX

Mr. and Mrs. Jeffrey Duncan Fox of Orangefield, Tex., announce the birth of their first child, Jeffrey Scott, born Wednesday, Aug. 9, in Humana Hospital in Lake Charles. He weighed 7 lbs. 8 ozs.

Grandparents are Mr. and Mrs. Charles H. Fox, Jr. of Milton and Mr. and Mrs. John Fabriguze of Carlyss.

Great-grandparents are Mr. and Mrs. C.H. Fox, Sr. of Lake Arthur; Mrs. Bernice Stewart Denny of Iowa, Mrs. Earline Quinn Lyons and Mrs. Rachael Guillory, both of Carlyss.

Mrs. Denny and Mrs. Lyons are originally from Cameron Parish.

NOTICE TO BIDDERS

Sealed proposals for the construction of the following project will be received by the Cameron Parish School Board, Cameron, La. until 10:00 A.M., Monday, Sept. 11, 1989 in the Cameron Parish School Board Office.

Bids shall be for furnishing all labor and materials and performance of all work for Energy Management Equipment installation for the Cameron Parish School Board, H & B Project 1912.

All as per plans and specifications prepared by Hackett & Bailey, which plans and specifications and proposal forms are on file and available for examination by prospective bidders and other interested parties at the office of HACKETT & BAILEY, Architects - Civil Engineers, 1440 West McNeese Street, Lake Charles, La. One copy may be obtained at the above address for a deposit of $50.00 per set which will be refundable upon return of the plans and specifications within ten (10) days after the bid date.

All bids must be sealed and will be publicly opened and read at the above designated place and time. No proposal may be withdrawn within thirty (30) days after the above scheduled time of opening and the right is reserved to reject any and all bids and to waive informalities.

Official action will be taken at the Regular Meeting of the Cameron Parish School Board on Monday, Sept. 11, 1989.

The Contractor will be paid on monthly estimates in cash in accordance with the specifications.

SUCCESSION OF
NO. 26,730
JOHN SHELDON TOOMER
14th JUDICIAL
DISTRICT COURT
PARISH OF CALCASIEU
STATE OF LOUISIANA
Filed: 6/30/89
Deputy Clerk
/s/ Melba Trosclair

Notice is hereby given that the Administrator of the above captioned Succession has petitioned the Court for authority to sell immovable property of the estate at private sale in accordance with the provisions of Article 3281 of the Louisiana Code of Civil Procedure for $11,000.00 cash, and under the following terms and conditions:

a. The purchase price will be paid in cash when the act of sale is passed.

b. The property will be sold in an "AS IS" condition, vendees waiving all warranties and or implied warranties as to fitness.

c. Vendors shall retain one-half of all minerals.

d. Vendees shall waive all warranty of any kind in regard to elevation or flooding.

e. Taxes will be prorated to the date of the closing of sale.

The immovable property proposed to be sold is described as follows:

The East 181.5 feet of the East Half of the Southwest Quarter (E 1/2 of SW 1/4) of Section 10, Township 15 South, Range 15 West, Cameron Parish, Louisiana, less a tract 400 feet by 108 feet in the south corner sold to Francis Erbelding and all improvements thereon.

Any heir or creditor who opposes the proposed sale must file his opposition within 10 days of the date on which the last publication of this Notice appears.

By Order of the Court
/s/ Melba Trosclair
Deputy Clerk
RUN: July 20 & August 17

NOTICE OF
PUBLIC HEARING

A Public Hearing will be held at the Lake Charles Civic Center (Contraband Room); 900 Lakeshore Drive; Lake Charles, Louisiana, on Tuesday, August 22, 1989, at 11:30 a.m.

This Public Hearing will be held in accordance with Act 334 of the 1974 regular session of the Louisiana Legislature and conducted by the Joint Legislative Committee on Transportation, Highways and Public Works.

The purpose of this Public Hearing is to review highway construction priorities for the fiscal year 1990-1991 for the Parishes of Allen, Beauregard, Calcasieu, Cameron, and Jefferson Davis which comprise Highway District 07. This review is based upon the project priorities established by the highway needs and analysis. The Highway Needs and Priority Study was to determine the estimated cost of improving state maintained roads in Louisiana which do not meet a specified minimum tolerable condition for a particular functional class. Act 334 provides for a firm priority listing of the first ensuing year (1990) and tentative priorities for each subsequent year through 1995. This provides advice on the status of highway projects contemplated or under preparation.

A copy of the "Preliminary Program for Fiscal Year 1990-1991" is available for review by interested persons at the Department of Transportation and Development District 07 Administrator's office at Highway 90 East; Lake Charles, Louisiana and also at the Louisiana Department of Transportation and Development Headquarters Building; 1201 Capitol Access Road; Baton Rouge, Louisiana, Room 236.

All interested persons are invited to be present at the above time and place for the purpose of becoming fully acquainted with the proposed program and will be afforded an opportunity to express their views.

Oral testimony will be received. However, in order that all persons desiring to make a statement have an equal opportunity to do so, it is requested that every effort be made to complete individual testimony in as brief a period of time as possible. Oral testimony may be supplemented by presenting important facts and documentation in writing. Your cooperation and assistance will be appreciated.

Written statements and comments should be handed to the committee conducting the hearing, or can be mailed to the following address, postmarked within 10 calendar days following the hearing.

LOUISIANA DEPARTMENT OF TRANSPORTATION AND DEVELOPMENT JOINT LEGISLATIVE COMMITTEE ON TRANSPORTATION, HIGHWAYS; P. O. BOX 94245; BATON ROUGE, LOUISIANA 70804-9245.

Considering the bid of Coastal Culvert and Supply, Inc. to be the lowest responsible bidder, it was moved by Mr. Ducote, seconded by Mr. Nunez and carried, that the said low bid is hereby accepted.

In response to an advertisement for bids published in the Official Journal, the following bids were received and tabulated for the installation of Cable Television:

BIDDER	AMOUNT
Friendship Cable of Louisiana, Inc.	3% of Gross Income

Considering the bid of Friendship Cable of Louisiana, Inc., it was moved by Mr. Nunez, seconded by Mr. Ducote and carried, that the President is hereby authorized, empowered and directed to sign an ordinance granting a nonexclusive franchise to Friendship Cable of Louisiana, Inc.

It was moved by Mr. Ray Conner, seconded by Mr. Nunez and carried, that the Administrator is hereby authorized, empowered and directed to advertise for the Official Journal.

It was moved by Mr. Ray Conner, seconded by Mr. Nunez and carried, that the Administrator is hereby authorized, empowered and directed to advertise for the purchase of fire equipment for Fire Protection District No. Fourteen.

It was moved by Mr. LeBoeuf, seconded by Mr. Nunez and carried, that a development permit variance be granted to Mobil Exploration and Producing for the construction of a storage building to be used for the loading and unloading of freight to be sent offshore. This variance has been granted and categorized as a "Functionally Dependent Use Variance". Mr. Trahan abstained.

It was moved by Mr. Douaine Conner, seconded by Mr. Ray Conner and carried, that Mr. sidney Savoie be and he is hereby reappointed to serve as a board member of Waterworks District No. Nine.

It was moved by Mr. Douaine Conner, seconded by Mr. Ray Conner and carried, that Mr. J. C. Reina be and he is hereby reappointed to serve as a board member of the Lower Cameron Hospital Board.

It was moved by Mr. Ray Conner, seconded by Mr. Douaine Conner and carried, that Mr. Richard Sanders be and he is hereby reappointed to serve as a board member of the Lower Cameron Hospital Board.

The following ordinance amendment was offered by Mr. Nunez, seconded by Mr. Ray Conner and declared duly adopted:

Chapter 15
OFFENSES AND
MISCELLANEOUS PROVISIONS
ARTICLE I.
IN GENERAL

Sec. 15.1. Fireworks; discharge within certain areas restricted.

(d) Discharge within a radius of certain businesses.

(1) No person shall explode or discharge any fireworks within the limits of a radius of 300 feet from the location of any place of business in Ward 4 of Cameron Parish, which sells, distributes, offers for sale, delivers or stores fireworks.

(2) Curfew for the exploding or discharging of fireworks shall be 10:30 p.m. with the exception of special holidays, when the curfew shall be 1:00 a.m. in Ward 4 of Cameron Parish.

(3) Whoever shall violate the provisions of this subsection shall, upon conviction, be fined not less than five dollars ($5.00) nor more than three hundred dollars ($300.00) or imprisoned for not more than thirty (30) days, or both, at the discretion of the court.

The following resolution was offered by Mr. Ducote, seconded by Mr. Ray Conner and declared duly adopted:

RESOLUTION
STATE OF LOUISIANA

STATE OF LOUISIANA
PARISH OF CAMERON

A RESOLUTION DECLARING A STATE OF EMERGENCY IN CAMERON PARISH; REQUESTING THE GOVERNOR OF THE STATE OF LOUISIANA TO REQUEST A PRESIDENTIAL DECLARATION OF CAMERON PARISH AS A NATIONAL DISASTER AREA; REQUESTING FEDERAL ASSISTANCE FOR THE CITIZENS OF CAMERON PARISH; AND FURTHER PROVIDING WITH RESPECT THERETO.

WHEREAS, on June 23, 24, 25, 26, 27, 28, 29, etc., the residents of Cameron Parish experienced a natural disaster consisting of heavy thunderstorms, tornadoes, and flooding throughout the Parish of Cameron from tropical storm Allison, and

WHEREAS, as result of said natural disaster, widespread damage has been incurred by residents of Cameron Parish,

NOW, THEREFORE, BE IT RESOLVED by the Cameron Parish Police Jury, that a state of emergency be and hereby is declared in Cameron Parish (Act No. 636, Senate Bill No. 433, 706 Legal disaster emergencies of La. disaster Act of 1974).

BE IT FURTHER RESOLVED that the governor of the State of Louisiana be and hereby is requested to petition the President of the United States to declare Cameron Parish a major disaster area under Public Law 93-288 and that federal assistance be made available to the citizens of Cameron Parish to cope with this natural disaster.

The above emergency resolution is requested by the Cameron Parish Police Jury on this 5th day of July, 1989.

The following resolution was offered by Mr. Allen B. Nunez and seconded by Mr. Ray Conner and declared duly adopted:

RESOLUTION
STATE OF LOUISIANA
PARISH OF CAMERON

A RESOLUTION ORDERING AND CALLING A SPECIAL ELECTION TO BE HELD IN THE HACKBERRY FIRE PROTECTION DISTRICT NO. ONE OF THE PARISH OF CAMERON, LOUISIANA TO AUTHORIZE THE LEVYING OF A RENEWAL TAX OF FOUR (4.00) MILLS ON THE DOLLAR OF ASSESSED VALUATION ON ALL PROPERTY SUBJECT TO TAXATION IN SAID DISTRICT FOR A PERIOD OF TEN YEARS, COMMENCING IN THE YEAR 1989, FOR THE PURPOSE OF MAINTAINING AND OPERATING FIRE PROTECTION FACILITIES AND PAYING THE COST OF OBTAINING WATER FOR FIRE PROTECTION PURPOSES, INCLUDING CHARGES FOR FIRE HYDRANT RENTALS AND SERVICE WITHIN AND FOR SAID DISTRICT; AND MAKING APPLICATION TO THE STATE BOND COMMISSION AND PROVIDING FOR OTHER MATTERS IN CONNECTION THEREWITH.

BE IT RESOLVED by the Cameron Parish Police Jury, Cameron Parish, Louisiana, the governing authority of said District, as follows:

SECTION 1: Subject to the approval of the State Bond Commission and under the authority conferred by Article 6, Section 32 of the 1974 Louisiana Constitution and Chapter 6-A, Title 18 of the Louisiana Revised Statutes of 1950, as amended, and constitutional and statutory authority supplemental thereto, a special election be and the same is hereby called and ordered to be held in the Hackberry Fire Protection District No. One of Cameron Parish, Louisiana (the "District"), on Saturday, July 22, 1989, between the hours of six o'clock (6:00) a.m. and eight o'clock (8:00) p.m., in compliance with the provisions of Section 541 of Title 18 of the Louisiana Revised Statutes of 1950, as amended (R.S. 18:541), and that at the said election under the Constitution and laws of the State of Louisiana and the Constitution and laws of the United States, the Proposition set forth in Section 2 hereof.

SECTION 2. Voting machines shall be used in the conduct of the election, and the Proposition to be submitted on the ballot in said voting machines shall be in substantially the following form:

PROPOSITION

SHALL HACKBERRY FIRE PROTECTION DISTRICT NO. ONE OF CAMERON PARISH, LOUISIANA, BE AUTHORIZED TO LEVY A RENEWAL TAX OF FOUR (4.00) MILLS ON THE DOLLAR OF ASSESSED VALUATION ON ALL PROPERTY SUBJECT TO TAXATION IN SAID DISTRICT, FOR A PERIOD OF TEN (10) YEARS, BEGINNING WITH THE YEAR 1989, FOR THE PURPOSE OF MAINTAINING AND OPERATING FIRE PROTECTION FACILITIES AND PAYING THE COST OF OBTAINING WATER FOR FIRE PROTECTION PURPOSES, INCLUDING CHARGES FOR FIRE HYDRANT RENTALS AND SERVICE WITHIN AND FOR SAID DISTRICT?

SECTION 3: The Secretary of the Cameron Parish Police Jury (the "District") is hereby authorized to cause to be published in the "Cameron Pilot", a newspaper published in DeQuincy, Louisiana, having general circulation throughout the Parish, and being the official journal of the Cameron Parish Police Jury, the governing authority of the District, once a week for four (4) consecutive weeks, with not less than forty-five nor more than ninety days intervening between the date of the first publication and the date of the election, notice of said election, which notice shall be substantially in accordance with the Notice of Special Election annexed hereto as "Exhibit A" and incorporated herein by reference as if set forth herein in full.

SECTION 4: The polling places set forth in "Exhibit A", attached hereto and made a part hereof, be and the same are hereby designated as the polling places at which to hold the said election. The commissioners-in-charge duly certified by the Clerk of Court of Cameron Parish and selected by the Parish Board of Election Supervisors as provided for in R.S. 18:433, as amended, are hereby designated as the commissioners-in-charge to serve at the polling places designated in the election herein called. The commissioners of election and alternate commissioners of election as designated in "Exhibit B", attached hereto are hereby appointed as such election officials by the Cameron Parish Clerk of Court, in accordance with R.S. 18:1286, as amended. In the event the election herein called is held at the same time as the election of public officials, the commissioners and alternate commissioners selected by those commissioners and alternate commissioners selected for the election of said public officials, in accordance with R.S. 18:1286, as amended.

SECTION 5: The officers confirmed or designated to serve as commissioners-in-charge and commissioners, set forth in "Exhibit B", attached hereto and made a part hereof, of such substitutes therefor as may be selected and designated in compliance with Section 1287 of Title 18 of the Louisiana Revised Statutes (P.S. 18:1287), as amended, shall hold the said special election as herein provided, and make due returns of said special election to the Clerk of Court of Cameron Parish, Louisiana and the Cameron Parish Police Jury. The compensation of said officers be and the same is hereby fixed at the sum prescribed by law.

SECTION 6: The Cameron Parish Police Jury, the governing authority of the Hackberry Fire Protection District No. One, Cameron Parish, Louisiana shall meet in its regular meeting place, the Cameron Parish Police Jury Annex Building, Cameron, Louisiana, on Thursday, July 27th, 1989, at 6:00 o'clock P.M., and shall then and there, in open and public session, proceed to examine and count the votes, examine and canvass the returns and declare the results of the said special election.

SECTION 7: The Secretary of the Cameron Parish Police Jury is hereby empowered, authorized and directed to arrange for the said special election, and to furnish to the said election officers in ample time for the holding of said special election the necessary equipment, forms and other paraphernalia essential to the proper holding of said election.

SECTION 8: Certified copies of this resolution shall be forwarded to the Secretary of State, the Commissioner of Elections, the Clerk of Court and Ex-Officio Custodian of Voting Machines in and for Cameron Parish, Louisiana, and the Registrar of Voters in and for said Parish, as notification of the special election herein called in order that each may prepare for said election and perform their respective functions as required by law; however, that such notice shall be received by the Secretary of State on or before the forty-fifth day prior to the election.

SECTION 9: A certified copy of this resolution shall be forwarded to the State Bond Commission for its consent and authority that the election herein provided, and in the event the proposition submitted in said election is approved by the voters, for additional authority to levy the tax as provided for in the Proposition.

SECTION 10: A certified copy of this resolution, together with other showings required by Section 5 of the Voting Rights Act of 1965 and Regulations pertaining thereto (28 C.F.R. 51.26) be submitted to the United States Attorney General for approval in compliance with the said Voting Rights Act.

SECTION 11: All ordinances, resolutions, and ordinances in conflict herewith be and they are hereby repealed.

The foregoing resolution was submitted to a vote, and the vote thereon was as follows:

YEAS: Ernest Carol Trahan, Ray Conner, Dousine Conner, Allen B. Nunez, George LeBoeuf

NAYS: None

ABSENT OR NOT VOTING: Kenneth R. Ducote

And the resolution was declared adopted on this 6th day of June, 1989.

APPROVED:
ERNEST CAROL TRAHAN, PRESIDENT
CAMERON PARISH POLICE JURY

"EXHIBIT A"
NOTICE OF SPECIAL ELECTION

Pursuant to the provisions of a resolution adopted by the Board of Commissioners of the Cameron Parish Police Jury, Cameron Parish, Louisiana, the governing authority of the District, on June 6, 1989, NOTICE IS HEREBY GIVEN that a special election will be held in the Hackberry Fire Protection District No. One, Cameron Parish, Louisiana, on Saturday, July 22, 1989, and that at said election there will be submitted to all registered voters of said Parish qualified and entitled to vote at the said election under the Constitution and laws of the State of Louisiana and the Constitution and laws of the United States, the following Proposition, to-wit:

PROPOSITION

SHALL HACKBERRY FIRE PROTECTION DISTRICT NO. ONE OF CAMERON PARISH, LOUISIANA, BE AUTHORIZED TO LEVY A RENEWAL TAX OF FOUR (4.00) MILLS ON THE DOLLAR OF ASSESSED VALUATION ON ALL PROPERTY SUBJECT TO TAXATION IN SAID DISTRICT, FOR A PERIOD OF TEN (10) YEARS, BEGINNING WITH THE YEAR 1989, FOR THE PURPOSE OF OPERATING FIRE PROTECTION FACILITIES AND PAYING THE COST OF OBTAINING WATER FOR FIRE PROTECTION PURPOSES, INCLUDING CHARGES FOR FIRE HYDRANT RENTALS AND SERVICE WITHIN AND FOR SAID DISTRICT?

NOTICE IS HEREBY FURTHER GIVEN that said special election will be held at the polling places set forth below, all situated within the Hackberry Fire Protection District No. One, Cameron Parish, Louisiana, which polls will open at 6 o'clock (6:00) a.m. and close at eight o'clock (8:00) p.m., in compliance with the provisions of Section 541 of Title 18 of the Louisiana Revised Statutes of 1950, as amended (R.S. 18:541):

DISTRICT — POLLING PLACE
Election Dist. 2 — Hackberry Recreation Center
Precinct 1 — Hackberry, Louisiana

NOTICE IS HEREBY FURTHER GIVEN that the said special election will be held in accordance with the provisions of the Louisiana Election Code (Title 18 of the Louisiana Revised Statutes), including Chapter 6-A thereof, and other constitutional and statutory authority supplemental thereto. Such officers appointed to hold the said election, and such substitutes therefor as are selected and designated in compliance with law, will make due returns thereof to the Clerk of Court of Cameron Parish and to the Cameron Parish Police Jury, Cameron Parish, Louisiana, the governing authority of said District.

NOTICE IS HEREBY FURTHER GIVEN that the commissioners-in-charge duly certified by the Clerk of Court of Cameron Parish and selected by the Parish Board of Election Supervisors as provided for in R.S. 18:433, as amended, are hereby designated as the commissioners-in-charge to serve at the polling places designated in the election herein called. The commissioners of election and alternate commissioners of election as designated in "Exhibit B", attached hereto are hereby appointed as such election officials by the Cameron Parish Clerk of Court, in accordance with R.S. 18:1286, as amended. In the event the election herein called is held at the same time as the election of public officials, the commissioners and alternate commissioners selected by those commissioners and alternate commissioners selected for the election of said public officials, in accordance with R.S. 18:1286, as amended.

NOTICE IS HEREBY FURTHER GIVEN that the officers confirmed or designated to serve as commissioners-in-charge and commissioners, set forth in "Exhibit B", attached hereto and made a part hereof, of such substitutes therefor as may be selected and designated in compliance with Section 1287 of Title 18 of the Louisiana Revised Statutes (P.S. 18:1287), as amended, shall hold the said special election as herein provided, and make due returns of said special election to the Clerk of Court of Cameron Parish, Louisiana and the Cameron Parish Police Jury. The compensation of said officers be and the same is hereby fixed at the sum prescribed by law.

NOTICE IS HEREBY FURTHER GIVEN that the Cameron Parish Police Jury, the governing authority of the Hackberry Fire Protection District No. One, Cameron Parish, Louisiana shall meet in its regular meeting place, the Cameron Parish Police Jury Annex Building, Cameron, Louisiana, on Thursday, July 27th, 1989, at 6:00 o'clock P.M., and shall then and there, in open and public session, proceed to examine and count the votes, examine and canvass the returns and declare the results of the said special election.

All registered voters of the Hackberry Fire Protection District No. One, Cameron Parish, Louisiana, qualified and entitled to vote at said special election and voting machines will be used in the conduct of the election.

THUS DONE AND SIGNED on this, the 6th day of June, 1989.

Woods International w/chains	
Calcam Tractor and Equipment Co., Inc.	6,546.82
Oil City Tractors, Inc.	6,646.00

Considering the bid of Calcam Tractor and Equipment Co., Inc. to be the lowest responsible bidder, it was moved by Mr. Nunez, seconded by Mr. LeBoeuf and carried, that said bid is hereby approved.

In response the an advertisement published in the Official Journal, the following bids were received and tabulated for the purchase of one Yanmar 180, 18 hp diesel tractor with roll over protection structure, turf tires and standard equipment and one Darrell Harp BFM48 48" finish mower with greasable spindles and shear pin drive line:

BIDDER	AMOUNT
Welsh Equipment Company, Inc.	$6,655.90
Dupuis Farm Equipment Company, Inc.	6,995.00
Lanier International, Inc.	8,079.50
Model 235 Case Tractor	

Considering the bid of Welsh Equipment Company, Inc. to be the lowest responsible bidder, it was moved by Mr. Allen B. Nunez, seconded by Mr. LeBoeuf and carried, that said bid is hereby approved.

It was moved by Mr. Nunez, seconded by Mr. Dousine Conner and carried, that the Administrator is hereby authorized, empowered and directed to purchase a used generator from the State Surplus Property Office in Baton Rouge, Louisiana.

It was moved by Mr. Nunez, seconded by Mr. Dousine Conner and carried, that the Administrator is hereby authorized, empowered and directed to purchase a used generator from the State Surplus Property Office in Baton Rouge, Louisiana for Hackberry Fire Protection District No. One.

It was moved by Mr. Ray Conner, seconded by Mr. Nunez and carried, that Mr. J. F. Theriot be and he is hereby reappointed to serve as a member of the Waterworks District Number Ten Board.

The following resolution was offered by Mr. Dousine Conner, seconded by Mr. Nunez and declared duly adopted, with the stipulation, that Mr. F. O. Theriot must: pay a total of $4,252.00 for the road; all landowners along this road must be in favor of Mr. F. O. Theriot owning the road, the parish will not buy this road back from Mr. F. O. Theriot, the road must be dedicated to the parish again before any maintenance will be performed on it and all utility rights are reserved.

The following resolution was offered by Mr. Dousine Conner, seconded by Mr. Ducote and declared duly adopted:

RESOLUTION
STATE OF LOUISIANA
PARISH OF CAMERON

BE IT RESOLVED by the Cameron Parish Police Jury in regular session convened on this 6th day of June, 1989, that:

SECTION I: The following described public road right of way, the same being of no further public use, necessity or convenience, be and the same is hereby abandoned:

A 40.0' wide easement situated in Section 22, Township 14 South, Range 7 West, with the centerline described as follows; Beginning at a point of the south right of way line of State Rouge 1143 which is 3,512.39 feet N 78° 19' 19" E (N 77° 58' E - Deed) from the intersection of "RICHARD". From said point of beginning proceed S 03° 34' 52" W, a distance of 458.20 feet; thence turning and proceeding S 29° 08' 58" E, a distance of 246.55 feet; thence turning and running S 01° 26' 56" W, a distance of 294.24'; thence turning and running S 12° 06' 44" W, a distance of 214.20' to the end of 40' wide easement. This right of way is referred to as Parish Road 393 or F. O. Theriot Road.

The Police Jury reserves the utility rights on this road right-of-way abandonment.

It was moved by Mr. Dousine Conner, seconded by Mr. Ray Conner and carried, that the Cameron Parish Fishing Rodeo, a nonprofit organization is hereby allowed to sell beer between the hours of 11:00 o'clock A.M. on Sunday and Midnight Sunday, July 2, 1989 by a temporary one day permit issued by authority of the Cameron Parish Police Jury, authorized by Ordinance date February 1, 1982, Section 3-46.1.

It was moved by Mr. Dousine Conner, seconded by Mr. Ray Conner and carried, that the Cameron Parish Special Olympics, a nonprofit organization is hereby allowed to sell beer between the hours of 11:00 o'clock A.M. on Sunday and Midnight Sunday, June 18, 1989 by a temporary one day permit issued by authority of the Cameron Parish Police Jury, authorized by Ordinance date February 1, 1982, Section 3-46.1.

It was moved by Mr. Ray Conner, seconded by Mr. Dousine Conner and carried, that the Cameron Parish Police Jury has no objections to the Billy Nunez Women's Baseball Team selling alcoholic beverages on June 16, 17, 1989 at the Creole Ball Park.

It was moved by Mr. Dousine Conner, seconded by Mr. LeBoeuf and carried, that the Aetna Life and Casualty Hospitalization Insurance rate increase for police jury employees will require a policy revision, limiting mental, nervous, drug and alcohol treatments to 30 days maximum per year and $5,000 lifetime benefit. This policy change will result in a 16% rate increase rather than a 21% rate increase.

It was moved by Mr. Dousine Conner, seconded by Mr. Nunez, and carried, that the police jury will absorb the 16% hospitalization insurance increase and pay all of the employee's insurance premiums.

The following resolution was offered by Mr. Ray Conner, seconded by Mr. Dousine Conner and declared duly adopted:

RESOLUTION
STATE OF LOUISIANA
PARISH OF CAMERON

WHEREAS, McNeese State University has grown into an institution of academic excellence having obtained accreditation by numerous national professional accrediting agencies and any reduction in funds would endanger or cause the loss of these accreditations; and,

WHEREAS, M.S.U. represents a direct economic impact to Southwest Louisiana of $80,000,000 annually and inappropriate funding of M.S.U. would further depress an already depressed economic situation; and,

WHEREAS, M.S.U. provides the only opportunity for quality education for the majority of area youths and a reduction in funding would result in many students not being able to get a college education and many others leaving the area, thus greatly lowering the potential for future leadership; and,

WHEREAS, the location in Lake Charles of a quality university is of major importance in future economic and industrial development in Southwest Louisiana; and,

WHEREAS, Southwest Louisiana is greatly enriched culturally, technologically, and socially by the presence of M.S.U.; and,

WHEREAS, insufficient funding which could cause the loss of faculty, lack of equipment, and the possible curtailment of programs would adversely affect M.S.U.'s ability to acquire federal grants.

NOW, THEREFORE BE IT RESOLVED, the Cameron Parish Police Jury strongly urges that M.S.U. be funded at a level that would insure its continued academic excellence, contributions and invaluable service to the region and the State of Louisiana.

RESOLUTION
STATE OF LOUISIANA
PARISH OF CAMERON

WHEREAS, Louisiana Revised Statutes 33:1236(11) empowers parish governing bodies:

(1) "to provide for the support of the poor and necessitous within their respective parishes."

(2) "to receive and administer funds from the United States under Economic Opportunity Act of 1964 of the United States amendments thereto. ."

(3) "to transfer such funds"

(4) "to act as and perform the functions of a Community Action Agency under the terms of the Economic Opportunity Act of 1964, of the United States, and amendments thereto"

WHEREAS, Act 818 of 1982 (LA R.S. 23:61 et seq.) authorizes the parish governing body to designate a public agency or private nonprofit corporation as the community action agency.

WHEREAS, the statutes assign parish governing bodies a key role in connection with efforts to aid the poor. Such governing bodies may perform the functions of a community action agency or may designate and redesignate a private, nonprofit corporation as the community action agency.

WHEREAS, the designation by this governing body of a private nonprofit group to be the community action agency of this parish does not relieve this governing body of its responsibilities in connection with any and all public funds or any program, state or federal, expended by that designee.

WHEREAS, the governing body of Cameron Parish does hereby nominate and appoint the Cameron Community Action Agency, Inc., as the legally constituted community action agency in and for Cameron Parish.

THEREFORE, BE IT RESOLVED, that the Cameron Parish Police Jury in regular session assembled do hereby request that the Department of Labor and Community Affairs, OEO/LA Department of Labor and DHHR make available, and transmit directly thereto, to the Cameron Community Action Agency, Inc., the aforementioned state appropriation funds and any other state and/or federal funds and programs assigned to said agency by this resolution.

PUBLIC NOTICE

Notice is hereby given that the Department of Environmental Quality is proposing to issue a final Louisiana Water Discharge Permit System (LWDPS) permit to Quintana Petroleum Corporation.

This permit, if issued, will establish effluent limitations and monitoring requirements for the discharge of certain wastewater streams associated with the company's oil and gas exploration, development and production operations in the North Deep Lake Field Cameron Parish, Louisiana. Receiving waters in the North Deep Lake Field include natural and manmade waterbodies. The limitations and conditions of this permit are consistent with the permitting policy of the Office of Water Resources, which is to achieve and maintain full support of designated uses of the waters of the state.

During the preparation of this permit, it has been determined that these discharges will have no adverse impact on the existing uses of the receiving waters. As with any discharge, however, some change in existing water quality may occur.

The designated uses of the receiving waters are being partially supported. Impairment of designated uses is attributed to organic enrichment/low dissolved oxygen. Contamination include runoff from irrigated crop production, petroleum industry exploration and production activities, and natural causes.

The application and proposed limitations may be examined at the Office of Water Resources, 9th Floor, State Land and Natural Resources Building, 625 North Fourth Street, Baton Rouge, Louisiana.

Persons wishing to provide data, views or comments, or request a public hearing relative to the issuance of the permit are invited to submit their comments and requests, in writing, within thirty (30) days of the date of this notice using reference No. WP 2709 to:

Department of Environmental Quality
Office of Water Resources
Post Office Box 44091
Baton Rouge, Louisiana 70804-4091
ATTN: Bruce Fielding
Telephone: (504) 342-6363

All written comments submitted during the period of comment shall be retained by the office and considered in the formulation of a determination to issue a final permit.

Maureen O'Neill,
Assistant Secretary
Office of Water Resources

PUBLIC NOTICE
CAMERON PARISH COASTAL USE PERMIT APPLICATION

Interested parties are hereby notified that the Coastal Management Section of the Cameron Parish Police Jury has received the following apparently complete application for a Coastal Use Permit in accordance with the rules and regulations of the Louisiana Coastal Resources Program and R.S. 49:213.1, the State and Local Coastal Resources Management Act of 1978, as amended. L.C.U.P. Application #890703
CORPS OF ENGINEERS #

Name of Applicant: Richard E. Gerard, Jr. P. O. Drawer 3028, Lake Charles, LA 70602.

Location of Work: Calcasieu Lake, Section 21, Township 12 South, Range 9 West

Character of Work: Construction of a private three-slip boathouse approximately 47.4' wide and 60' deep for mooring small pleasure boats owned by subdivision residents. The project should have no environmental impacts as the proposed boathouse will be constructed along an existing finger canal in an area where a number of other slips and boathouses have already been approved and constructed. Spoil is used as fill material and placed on lands adjacent to the canals and proposed spoil will be dredged during construction of the original canal system in the subdivision. SEE EXHIBIT A

EXHIBIT A

4a. ACTIVITY: Dig a boat slip 42' by 35' by 12' deep on the west end of the S/2 of Lot 115 of Pelican Point Pt. II, a subdivision located in Sec. 21, T-12-S, R-9-W, Cameron Parish, Louisiana, which is contiguous to the east bank of a North-South finger canal 650' x 25' x 9' which is part of a canal system consisting of one East-West access canal (725' x 60' x 9') constructed for recreational residential development 1.9 miles south of Grand Lake, Louisiana, on the east shore of Calcasieu Lake, Cameron Parish, Louisiana, for the purpose of constructing a three-slip private boathouse on the S/2 of Lot 15 of Pelican Point Subdivision, Part II.

CAMERON PARISH
WATERWORKS DIST. NO. 10
CAMERON, LOUISIANA

The Cameron Parish Waterworks District No. 10 met in special session on July 24, 1989 at 6:00 p.m. at the Johnson Bayou Waterworks Building in the village of Johnson Bayou, Louisiana. Members present were: Mr. Lloyd Badon, Mr. J. B. Erbelding, Mr. J. P. Constance and Mr. Dave Griffith. Member absent was: Mr. Nick Garber.

It was moved by Mr. Constance, seconded by Mr. Griffith and carried that the minutes be dispensed with.

It was moved by Mr. Erbelding, seconded by Mr. Griffith and carried that Billy Griffith is hereby authorized, empowered and directed to apply for a right of way from State Department for road crossing so Water Department can install 8" water line for water meter.

It was moved by Mr. Erbelding, seconded by Mr. Constance and carried that water rates for customers be changed as follows:

Residential - $13.00 per 10,000 gallons; $1.30 per 1,000 gallons thereafter.

Commercial - $15.00 per 10,000 gallons; $1.50 per 1,000 gallons thereafter.

Industrial - $45.00 per 10,000 gallons; $4.50 per 1,000 gallons thereafter.

Water truck fill up - $11.000 (0-5,000 gallons); $20.00 (5,000-7,500 gallons); $25.00 (7,500-over gallons).

There being no further business to discuss on a motion by Mr. Erbelding, seconded by Mr. Griffith and carried, the meeting was adjourned at 8:00 p.m.

PROCEEDINGS
CAMERON PARISH
WATERWORKS DIST. NO. 10
CAMERON, LOUISIANA

The Cameron Parish Waterworks District No. 10 met in regular session on Monday, June 26, 1989 at 7:00 p.m. at the Holly Beach Fire Station in Holly Beach, Louisiana. Representing District No. 10 were: Mr. Lloyd Badon and Mr. J. P. Constance. Representing District No. 2 were: Mr. Lynn Trahan and Mr. Donald Broussard. Employees present for District No. 10 were: Mr. W. H. Griffith and Mrs. Charlene Young. Employees present for District No. 2 were: Mr. J. D. Busby and Mrs. Hilda Dominque. Special guests were: Mr. Glenn Alexander, assistant District Attorney and Mr. Jessie LaFosse, Program Manager for the Louisiana Rural Water Association.

It was moved by Mr. Donald Broussard, seconded by Mr. Lloyd Badon and carried that the next board meet once a year during April or May to re-evaluate the cost of producing water to determine whether or not the price paid is sufficient to cover the cost of production.

It was moved by Mr. Lynn Trahan, seconded by Mr. Lloyd Badon and carried that beginning July 1, 1989 the rate charged to District No. 10 by District No. 2 for water shall be $0.80 per thousand gallons plus sales tax for 2 years, at which time rate shall increase to $0.85 per thousand gallons plus sales tax for 3 years or until July 1, 1994. Also District No. 10 will no longer be charged for a monthly rated back wash fee and no longer be charged for chemicals and rental fees.

It was moved by Mr. Trahan, seconded by Mr. Donald Broussard and accepted by Waterworks District No. 10 that Retro-Active Increase in cost of water bowed to District No. 2 by District No. 10 from January 1, 1989 to June 30, 1989 be based at sixty-five (65%) percent instead of seventy-five percent as quoted at the December 5, 1988 meeting.

It was moved by Mr. Lloyd Badon, seconded by Mr. J. P. Constance and accepted by Waterworks District No. 2 that a meeting be held between both boards if District No. 2 feels that an increase in water cost is necessary for production. District No. 2 shall provide District No. 10 with a written cost analysis showing an increase in chemicals and rental cost and/or major breakdown. The cost of extra production by District No. 2 would not warrant a reason to increase rates to District No. 10.

There being no further business to discuss on a motion by Mr. J. P. Constance, seconded by Mr. Donald Broussard and carried the meeting was adjourned at 8:30 p.m.

CAMERON PARISH
WATERWORKS DIST. NO. 10
CAMERON, LOUISIANA

The Cameron Parish Waterworks District No. 10 met in special session on Monday, June 22, 1989 at 5:00 p.m. at the Johnson Bayou Waterworks Building in the village of Johnson Bayou, Louisiana. Members present were: Mr. J. P. Constance, Mr. Lloyd Badon, Mr. Dave Griffith and Mr. J. B. Erbelding. Members absent were: Mr. Nick Garber. Also attending the meeting was Mr. Ernest Carol Trahan, Police Juror and Mr. Jessie LaFosse with Louisiana Rural Water Association.

It was moved by Mr. Badon, seconded by Mr. Griffith and carried that the minutes be dispensed with.

At the boards request, Mr. Jessie LaFosse with the Louisiana Rural Water association came up with an estimated cost of supplying water to Cameron Parish Waterworks District 10 from Cameron Parish Waterworks District No. 2. After extensive research Mr. LaFosse came up with an average cost of .60 per thousand gallons and a cost of .85¢ per thousand gallons for 3 years thereafter.

It was moved by Mr. Erbelding, seconded by Mr. Badon and carried that these estimates are a fair and reasonable price for purchasing water from District No. 2.

It was moved by Mr. Badon, seconded by Mr. Griffith and carried that a Special Meeting be held on Monday, June 26, 1989 at 7:00 p.m. at the Holly Beach Fire Station with two members from District No. 2 and 2 members from District No. 10 to discuss and finalize the new increase. Mr. Glenn Alexander with Jones, Jones and Alexander will be invited to attend this meeting.

There being no further business to discuss on a motion by Mr. Erbelding, seconded by Mr. Constance and carried the meeting was adjourned at 8:00 p.m.

MONITION
38th JUDICIAL
DISTRICT COURT
PARISH OF
CAMERON
STATE OF
LOUISIANA

NAME:
ROBERT M. McHALE

WHEREAS, ROBERT M. McHALE, by writ issued by the Honorable Savoie Sheriff and Ex-Officio Tax Collector of and for the State of Louisiana, Parish of Cameron, purchased the property described below at the public sale of adjudication made to ROBERT M. McHALE, at public auction on the 20th day of April, 1983, by the Sheriff of this Parish by virtue of delinquent taxes.

WHEREAS, ROBERT M. McHALE has applied to this Court for a monition or advertisement in conformity with LSA-R.S. 13:4941, et seq.

THEREFORE, in the name of the State of Louisiana, and the Thirty-Eighth Judicial District Court, in and for the Parish of Cameron, State of Louisiana, all interested persons who can establish any right, title, or claim in and to the property described below, in consequence of any informality in the order, decree, or judgment of the Court under which the sale above referred to was made, or any irregularity or illegality in the appraisements and advertisements, in the time or manner of the sale, or for any other defect whatsoever, are cited and admonished to show cause, within thirty (30) days from date of which this monition is first advertised, why the sale so made should not be confirmed and homologated.

The property affected by this monition is:

Commencing at a point West, a distance of 8.3 feet and North 4 degrees 33 minutes East, a distance of 455.1 feet from the Southeast Corner of Section FORTY-ONE (41), Township TWELVE (12) South, Range TEN (10) West, Cameron Parish, Louisiana, thence running West a distance of 250.0 feet, thence running North 4 degrees 26 minutes East, a distance of 250.0 feet, thence running East, a distance of 250.5 feet, thence running South 4 degrees 33 minutes West, a distance of 250.0 feet to the point of commencement, together with all improvements situated thereon.

PUBLIC NOTICE

Notice is hereby given that the Department of Environmental Quality is proposing to issue a final Louisiana Water Discharge Permit System (LWDPS) permit to Phillips Petroleum Company. This permit will, if issued, establish effluent limitations and monitoring requirements for the discharge of certain wastewater streams associated with the company's oil and gas exploration, development and production operations in the Hog Bayou field, Cameron Parish, Louisiana. Receiving waters in the Hog Bayou Field include Hog Bayou, the Gulf of Mexico and associated natural manmade waterbodies. The limitations and conditions of this permit are consistent with the permitting policy of the Office of Water Resources, which is to achieve and maintain full support of designated uses of the waters of the state.

During the preparation of this permit, it has been determined that these discharges will have no adverse impact on the existing uses of the receiving waters. As with any discharge, however, some change in existing water quality may occur.

All designated uses of the receiving waters are being fully supported.

The application and proposed limitations may be examined at the Office of Water Resources, 9th Floor, State Land and Natural Resources Building, 625 North Fourth Street, Baton Rouge, Louisiana.

Persons wishing to provide data, views or comments, or request a public hearing relative to the issuance of the permit are invited to submit their comments and requests, in writing, within thirty (30) days of the date of this notice using reference No. WP 2491 to:

Department of Environmental Quality, Office of Water Resources, Post Office Box 44091, Baton Rouge, Louisiana 70804-4091, ATTN: Ann M. Slater. Telephone: (504) 342-6363.

All written comments submitted during the period of comment shall be retained by the office and considered in the formulation of a determination to issue a final permit.

NOTICE

NOTICE OF OPPORTUNITY FOR PUBLIC COMMENT ON PROPOSED PLAN BY PPG INDUSTRIES, INC. TO DETERMINE THE TRANSPORT, FATE AND EFFECT OF HEXACHLOROBENZENE AND HEXACHLOROBUTADIENE IN THE AQUATIC ECOSYSTEM OF THE BAYOU D'INDE AND THE CALCASIEU RIVER.

The Louisiana Department of Environmental Quality and PPG Industries, Inc., have entered into a proposed consent decree concerning the State's allegations of environmental violations by PPG Industries, Inc., in Lake Charles, Louisiana, specifically, relating to the contamination of sediments and marine life in the Bayou D'Inde area of the Calcasieu estuary.

The Department of Environmental Quality will accept comments on the proposed plan for the next thirty (30) days. The public is invited and encouraged to submit written comments and questions to the Department of Environmental Quality, Office of Water Resources, P. O. Box 44091, Baton Rouge, Louisiana, 70804-4091, Attention: Tom Killeen. All comments will be considered by the Department in reaching a decision on whether to make the plan final.

Terms and conditions of the proposed consent decree and plan may be reviewed at the following locations:

1. Louisiana Department of Environmental Quality, Legal Division, 7th Floor, State Land and Natural Resources Building, 625 North Fourth Street, Baton Rouge, Louisiana, 70804 and 1112 Paris Street, Lake Charles, Louisiana, 70605, Monday through Friday, 8:00 a.m. to 4:30 p.m.

2. Calcasieu Parish Library, 3900 Ernest Street, Lake Charles, Louisiana, 70601 and 91 Center Circle, Sulphur, Louisiana, 70663.

3. McNeese State University, Frazier Memorial Library, Beauregard Street, Lake Charles, Louisiana, 70609.

Copies of the proposed plan are available to the public at a cost of $.25/Page.

NOTICE OF PUBLICATION
OF
MINERAL RESOURCES
ON BEHALF OF THE
STATE MINERAL BOARD
FOR THE
STATE OF LOUISIANA
BATON ROUGE, LOUISIANA
7062

By virtue of and in conformity with the provisions of Sub-Part A of Chapter 2, Title 30 of the Louisiana Revised Statutes of 1950, as amended, and other applicable laws, sealed bids will be received in the Office of Mineral Resources, State Lands and Natural Resources Building, Baton Rouge, Louisiana, (P. O. Box 44027, Baton Rouge, LA 70821) on or before the 12th day of September, 1989, at 1:00 p.m., for a lease to explore, drill for and produce iron ore, any other liquid or gaseous minerals in solution and produced with oil or gas on the following described tracts (Tract Nos. 24816 through 24849) at which time and date the bids will be opened publicly in the Mineral Board and Natural Resources Building, Capitol Complex, Baton Rouge, Louisiana.

TRACT 24819 - Jefferson Davis, Calcasieu and Cameron Parishes, Louisiana — All of the lands, now or formerly constituting the beds and bottoms of all water bodies of every nature and description and all islands and other lands presumed by accretion or reliction, except tax lands, owned by and not under mineral lease to the State of Louisiana on September 13, 1989, situated in Jefferson Davis, Calcasieu and/or Cameron Parishes, Louisiana, within the following described boundaries: The South half of Section 4 and all of Sections 21, 27, 28, 33 and 34, Township 11 South, Range 12 West, Jefferson Davis Parish, Calcasieu and/or Cameron Parishes, Louisiana, containing an approximate 420 acres, as shown outlined in red on a plat on file in the Office of the Secretary, Department of Natural Resources.

All bids are to offer a CASH PAYMENT, one-fourth (1/4) of which shall be bonus in full and adequate consideration for every lease granted by the lease and one-half (½) of which is to be paid for a lease having a primary term which shall be specified three years, and if the bid offers a delay rental in lieu of DRILLING OR DELAY RENTAL shall not be less than one-half (½) of the cash bonus, upon which lease is to be granted without any warranty of recourse against the lessor whatsoever, either expressed or implied, not even for return by the lessor of any payments received under the lease or for anything to be responsible to lessee. The MINIMUM ROYALTIES required by R.S. 30:127, as amended, except for school board leases, shall be one-eighth (1/8th) of all oil produced and saved or utilized; one-eighth (1/8th) of all gas produced and saved or utilized; and one-eighth (1/8th) of all other liquid or gaseous minerals in solution mined and produced with oil or gas and saved or utilized, which are not specifically mentioned herein. Act 289 of 1982 established a 1/4 minimum royalty for leases affecting school board lands. Free sulphur, potash, lignite, salt and other solid minerals are to be excluded and any bid thereon will be disregarded to such extent. A bid of a royalty less than the aforesaid statutory minimums will be increased to said statutory minimums by the Board. All bidders are notified that the Board does not obligate itself to accept a bid which offers the aforesaid statutory minimums, but reserves the right to accept a bid which offers in excess of the statutory minimums most advantageous to the State of Louisiana.

The provisions of the notice of advertisement and the material constitutes only the material considerations necessary for the preparation of proper bids, and this notice or advertisement shall not be modified, enlarged or diminished by reference to policy provisions of the Board not incorporated herein expressly by reference.

Particular attention is directed to the fact that, in addition to the aforesaid stipulation against waste, the State Mineral Board also includes a special provision in the proposed lease to require that the royalties provided in the lease to be paid upon production of oil shall be by one-half (½), but not below the statutory minimum of one-eighth (1/8th), in the event of and pending final and definitive adjudication or other settlement of a bona fide dispute or litigation involving lessor's ownership or title, all upon the terms and conditions hereinafter stated. A full copy of Paragraph 18 including said stipulation is on file in the office of the State Mineral Board, Fourth Floor, at the above address, and available for public inspection by anyone desiring to examine same.

Some tracts available for leasing may be situated in the Louisiana Coastal Zone, as defined in Act 361 of 1978 (LSA-R.S. 49:213). Such tracts may be subject to the guidelines and regulations promulgated by the Coastal Management Section of the Department of Natural Resources.

All leases awarded shall be executed on the term and conditions provided in the current State lease form, with all applicable riders appended thereto, including but not limited to clauses as follows: Should lessee fail to begin the actual drilling (spudding in) of a well on the lease premises within one year from the date of this lease, the lease shall terminate as to both parties to the lease, unless on or before such anniversary date, lessee shall tender any rental which shall in no event be less than one-half (½) of the aforesaid cash payment offered for the lease), which shall entitle lessee to commence drilling operations for a period of one year. Upon like payments and commencing drilling operations may be further deferred for successive periods of one year each during the primary term or the secondary term. The lease shall provide for the drilling of offset wells where necessary to protect against drainage and shall contain the provisions against the assignment or subletting of the lease unless approved by the State Mineral Board. The lessee shall have the right to enter into pooling or unitization agreements with respect to development of the leased premises subject to the approval of the State Mineral Board.

Certified check, cashier's check or bank money order payable to the OFFICE OF MINERAL RESOURCES for the full amount of the aforesaid cash payment, shall accompany and be submitted with each bid, and no bid thus submitted may be thereafter withdrawn or cancelled and the certified check, cashier's check or bank money order accompanying the bid of the successful bidder shall be immediately negotiated by the Office of Mineral Resources, and the proceeds thereof disbursed in the manner required by law.

SPECIAL NOTE

By rules promulgated by the Department of Natural Resources pursuant to Act 51 of the 1938 first Extraordinary Legislative Session, a fee equal to 10% of the cash payment is required to be submitted by the successful bidder for all leases awarded on and after the September 14, 1982 Lease Sale. The successful bidder on each new lease is required to submit a separate check equal to 10% of the cash payment. Such fee may be paid by regular check. The fee may be submitted either with the bid (inside the sealed bid envelope) or within ten (10) days after the lease is awarded. In the event that the check is submitted with the bid, and the bid is unsuccessful, the check will be returned along with the unsuccessful bid and check for cash payment. The successful bidder will not receive the lease executed by the State Mineral Board until the fee is received.

The successful bidder to whom the lease is awarded on the date of the lease sale shall return the written lease, duly executed, within TWENTY (20) DAYS after bidder's receipt of same under penalty of forfeiture of the lease and the aforesaid cash payment previously tendered and submitted in the event of failure to do so.

NOTE: In the case of all State Agency Lands, herein offered, only cashier's checks or bank money orders for the cash payment shall be made payable to the Treasurer of the State Agency, provided that if a sixteenth section, or part thereof, located in a township in which is situated in more than one parish, is offered, certified check, cashier's check or bank money order for the full amount of the cash payment shall be made payable to the SCHOOL BOARD OF THE Any Amendment, Assignment or Agreement tendered into and accepted by the State Mineral Board has always required that the lease must be approved by the Lessor Agency or Agencies.

Bids may be for the whole or any part of the advertised acreage in the land advertised, but consistently with the policy of the Board of Commissioners of Conservation dated August 12, 1965, all bidders are hereby notified that bids for portions of tracts should be described by metes and bounds and be accompanied by a transparent plat outlining thereon the portion bid upon. The scale of the plat should be 1 inch = 4,000 feet.

The State Mineral Board reserves the right to reject any and all bids or to grant a lease on any portion of the tract advertised and to withdraw the remainder of the tract.

OFFICE OF MINERAL RESOURCES
ON BEHALF OF THE
STATE MINERAL BOARD
FOR THE STATE OF
LOUISIANA

Published in the Baton Rouge "State-Times" on August 16, 1989 and the Official Journal of the Parishes in which the property is located.

Local athletes attend Special Olympics

In late spring ten Cameron Parish Special Olympic athletes, two coaches, and four delegates traveled to Southeastern University to attend the 3-day summer games.

Athletes were: Lamont Baker, James Bott, Kenneth January, Ginger Lejune, Ernest Mhire, Jamey Moore, Sharonda Moore, Tamara Moore, Keith Theriot, and Robin Theriot.

These athletes earned a total of 20 awards - 1st, 2nd and 3rd place medals; one 4th, one 5th and two 6th place ribbons.

Those accompanying the Special Olympians were coaches Darrell and Nita East; delegates, Carol Baccigaloi, Marria Hendrix, John Zamora and Aline January.

Mr. East, Parish Coordinator, would like to add that the athletes won more first gold, second silver and third bronze place medals this year than any year since they started competing.

He would also like to thank the delegates for helping them on the trip.

LEGAL NOTICES

ADVERTISEMENT

In accordance with the Provision of Article 228.3 or the Lousiana Code of Crimhal Procedure, notice is hereby given that after ten (10) days of the appearance of this advertisement, the Thirty-Eighth Judicial District Court shall be petitioned for the approval to legally dispose of the unclaimed evidence being held by the Cameron Parish Sheriff's Department, Courthouse Square, Cameron, Louisiana. All persons who own said property being held by the Cameron Parish Sheriff's Department, said property not having been involved in any criminal prosecutions within the past twelve (12) months, should apply for the return of said property within ten (10) days at the above address.

LEGAL NOTICE

STATE OF LOUSIANA, OFFICE OF CONSERVATION, BATON ROUGE,LOUISIANA.

In accordance with the laws of the State of Louisiana, and with particular reference to the provisions of Title 30 of Lousiana Revised Statutes of 1950, a public hearing will be held in the Conservation Auditorium, 1st Floor, State Land & Natural Resources Building, 625 North 4th Street, Baton Rouge, Lousiana at 9:00 a.m., on Tuesday, September 19, 1989, upon the application of PHILLIPS PETROLEUM COMPANY.

At such hearing the Commissioner of Conservation will consider evidence relative to the issuance of an Order pertaining to the following matters relating to the 4984' Sand, in the Johnsons Bayou Field, Cameron Parish, Louisiana:

1. To establish rules and regulations governing the exploration for and production of gas and condensate from the above sand and reservoir.

2. To create one (1) drilling and production unit, and to force pool and integrate all separately owned tracts, mineral leases and other property interests within the unit so created.

3. To designate a unit operator and a unit well for the unit so created.

4. To consider such other matters as may be pertinent.

The 4984' Sand, in the Johnsons Bayou Field, is hereby defined as being that gas and condensate bearing sand encountered between the depths of 4,980 feet and 4,990 feet (electrical log measurements) inthe S. P. Harms No. 4 Well, located in Section 10, Township 15 South, Range 14 West, Cameron Parish, Louisiana.

A plat is available for inspection in the Office of Conservation in Baton Rouge and Lafayette, Louisiana.

All parties having an interest therein shall take notice thereof.

BY ORDER OF:
J. PATRICK BATCHELOR
COMMISSIONER OF CONSERVATION

Bton Rouge, La.

WATCH OUT!
FOR CHILDREN CROSSING
IT'S BACK TO SCHOOL TIME

Waterfowl dates told

Working within the season framework mandated by the federal government, the Louisiana Wildlife and Fisheries Commission has set the state's waterfowl seasons.

In accordance with U. S. Fish and Wildlife Service guidelines, shooting hours for all waterfowl have returned to the traditional 30 minutes before sunrise. Legal shooting will end at official sunset.

Bag limits were also set by the Commission, using federally mandated guidelines. For ducks, the limit remains unchanged from last year with a daily bag limit of three, which may include no more than two mallards, only one of which may be a female. Two wood ducks, one black duck, one redhead and one pintail may be bagged within the daily limit. Canvasbacks may not be taken at any time. The possession limit for ducks is twice the daily bag limit.

Five mergansers may be taken in addition to the daily limit of ducks, but only one of these may be a hooded merganser. The possession limit is 10, with only two hooded mergansers.

The daily bag and possession limits for coots are 15 and 30 respectively.

Louisiana retains West and East Zone designations for duck hunting season again this year. The season length in each zone is 30 days.

In the West Zone, duck and coot season will open Nov. 18, and close Dec. 4. It will reopen Dec. 26, and last through Jan. 7.

In the East Zone, the season will open Nov. 18, and close Nov. 23. It will reopen Dec. 15, and extend through Jan. 7.

The statewide goose season dates, applicable to both West and East zones, begin Nov. 18, and last through Dec. 4, for blue, snow or white-fronted geese. The season will reopen Dec. 15, and close Feb. 5, for these same species. An additional nine days of blue and snow goose hunting will be alowed from Feb. 6, through Feb. 14, offering a 79-day blue and snow goose season.

Seven is the daily bag limit for geese, which may include an aggregate of blue, snow or white-fronted geese. Of these, no more than two may be white-fronted. Possession limit is twice the daily bag limit.

Rail and gallinule seasons and limits were also set, completing the Commissioners selection process for migratory bird season. The selected dates follow:

Rails: Nov. 18-Jan. 20. A daily aggregate of 15 clapper and king rails may be bagged; the possession limit is 30. The daily bag and possession limit for Sora and Virginia rails is 25.

Gallinules: Nov. 18-Jan. 20. Daily bag limit 15; possession limit 30.

Doves: Sept. 2-10, Oct. 14-Nov. 12 and Dec. 9-Jan. 8. Daily bag limit 12; possession limit 24. Shooting hours noon until sunset first two days of each split (Sept. 2-3, Oct. 14-15; and Dec. 9-10); one-half hour before sunrise to sunset on remaining days.

Snipe: Nov. 11-Feb. 25. Daily bag limit 8, possession limit 16. Shooting hours one-half hour before sunrise to sunset.

Woodcock: dec. 9-Fe. 11. Daily bag limit 5, possession limit 10. Shooting hours one-half hour before sunrise to sunset.

Tarpons set schedule

The 1989 South Cameron High School football schedule has been announced as follows:

Aug. 25, Iowa Jamboree (Basile HS), away
Sept. 1, Iowa, away.
Sept. 8, Vinton, home.
Sept. 15, Davidson, home.
Sept. 22, Central Catholic, home.
Sept. 29, Pickering, away.
Oct. 6, *Elton, home.
Oct. 13, *Rosepine, away.
Oct. 20, *East Beauregard, home (HC).
Oct. 27, *Oberlin, away.
Nov. 3, *Merryville, home.
Starting time for all but the Jamboree is 7 p.m.

Shrimping is opened

The 1989 fall inshore shrimp season will open at 6 a.m. Monday. Agu. 21, according to the Louisiana Department of Wildlife and Fisheries.

Based on biological and technical data, the minimum size count on white shrimp is 100 whole shrimp per pound. And according to the most recent sampling conducted by the Department, white shrimp in coastal Louisiana will average this minimum size or greater by the opening season date.

Recent statistics released by the National Marine Fisheries Service show 14.8 million pounds (heads-off weight) of shrimp were landed in Louisiana during June 1988. This is the second best statistic in the past five years, according to LDWF Assistant Chief of Seafood Phil Bowman. Some 29.5 million pounds have been landed in the state for the year.

G. Chenier Rec News

The Grand Chenier Recreation District No. 9 Board would like to make the following announcements:

The board has decided to begin meeting on the second Monday of each month beginning in August. Any interested person is invited to attend.

The winners at the recent indoor tournament were:

Pool: 1st, Earl Booth Jr.; 2nd, Earl Booth IV; 3rd, Earl Booth Sr.

Ping Pong: 1st, Patrick Booth; 2nd, Chad Lavergne; 3rd, Wade McCain.

Foosball: 1st, Lance Bonsall and Robbie Peshoff; 2nd, Jody and Chad Lavergne; 3rd, Arlene and Paul Coreil.

The next tournament is scheduled for Sunday, Aug. 20, and everyone is invited to attend.

The next teen dance is scheduled for Wednesday, Aug. 23, from 8:30 p.m. to 12 midnight. Adult supervision will be provided during the dance.

Trappers to be drawn

According to Refuge Manager Paul Yakupzack, an alligator and fur-bearer harvest is planned for the 9,621 acre Cameron Prairie National Wildlife Refuge which is located in Cameron Parish near Gibbstown on Hwy. 27.

A public drawing will be held prior to the beginning of the state alligator harvest season for two trappers and two alternates who will be drawn from a group of applications submitted to the refuge at the address listed below.

Only those professional trappers with two years or more experience are requested to apply. Applications will be closely screened for accuracy and experience. References will be thoroughly checked.

Alligator trappers selected will be required to harvest nutria for 30 days during the state season. The applications must be received prior to 1 p.m. Aug. 28, to be eligible for the drawing.

Applications may be obtained by writing Cameron Prairie National Wildlife Refuge, Route 1, Box 643, Bell City, La. 70630 or by calling 318-598-2216.

Media Center schedule told

The Cameron Parish School Board announces that the Media Center, located at the Central Office, will be opened during the following hours:

Aug. 15-17 and Aug. 22-24, 3:30 to 6 p.m.

After school starts the Media Center will be open every Tuesday and Thursday from 4 to 6 p.m. The facilities are to be used by Cameron Parish teachers.

Cameron Parish All-Stars

T-Ball All Stars place in Crowley tournament

Pictured are the Cameron Parish All-Stars who played in a recent T-Ball tournament in Crowley. They placed 4th out of 16 teams participating.

Top row - Coaches Russell Savoie, Tommy Broudreaux and Sheila Conner.

Middle row - Kelley Roberts, Chris McKoin, Corey Kelley, Cheyenne Boudreaux, David Lee Savoie, John Montie, Rusty Shawn Benson, Coach Robin Roberts.

Bottom row - Neil Broudreaux, Lancey Conner, Jody Styron, Jason Trahan, Joshua Savoie.

Not pictured are Shawn Fawvor and Coach Douaine Conner.

The team was honored with a swimming party at the Creole pool when they returned, with a hot dog supper furnished by Lee and Bobbye Nunez.

School Lunch policy

The Cameron Parish School Board announced its policy for free and reduced price meals served under the National School Lunch and/or School Breakfast Program(s). All schools and the central office have a copy of the policy, which may reviewed by any interested party.

The following family size and annual income criteria will be used for determining eligibility.

Family Size	Free	Reduced Price
1	$ 7,774	$11,063
2	10,426	14,837
3	13,078	18,611
4	15,730	22,385
5	18,382	26,159
6	21,034	29,933
7	23,686	33,707
8	26,338	37,481
For each additional family member:	$ 2,652	$ 3,774

Children from families whose income level is at or below the levels shown are eligible for free or reduced price meals. Application forms are being sent to all homes, along with a letter to parents or guardians. To apply for free or reduced price meals, households should fill out an application for each child and return it to the school. Additional copies are available at the principal's office in each school. The information provided on all applications will be used for the purpose of determining eligibility and may be verified at any time during the school year by school or other program officials.

For the school officials to determine eligibility, households now receiving food stamps or aid to families with dependent children must provide their food stamp case number or AFDC number as well as the printed name and signature of an adult household member.

All other households must provide the following information listed on the application:

Names of all household members, social security numbers of all adult household members or a statement that the household member does not possess one; the amount of income (before deductions for taxes, social security, etc.) each household member received the previous month and where it is from, such as wages, retirement or welfare; total household income, and the printed name and signature of an adult household member certifying that the information provided is correct.

Households are required to report increases in household income of over $50 per month or $600 per year, as well as decreases in household size.

Applications may be submitted at any time during the year.

Under the provisions of the free and reduced price policy, the principal or assistant principal will review applications and determine eligibility. If a parent or guardian is dissatisfied with the ruling of the official, he may wish to discuss the decision with the determining official on an informal basis.

If the parent wishes to make a formal appeal, he may make a request either orally or in writing to: Thomas McCall, Superintendent, P.O. Box ", Cameron, La. (318) 775-5784.

The policy contains an outline of the hearing procedures.

If a household member becomes unemployed or if the household size changes, the family should contact the school. Such changes may make the children of the household eligible for reduced price meals, or for additional benefits such as free meals if the family income falls at or below the levels shown above.

In certain cases foster children are also eligible for these benefits. If a household has foster children and wants to apply for such meals for them, the household should contact the school for more information.

The information provided by the household is confidential and will be used only for the purpose of determining eligibility and verifying data.

In the operation of child feeding programs administered by the U.S. Department of Agriculture, no child will be discriminated against because of race, color, sex, national origin, age or handicap. If members of a household believe they have been discriminated against, he should write immediately to Secretary of Agriculture, Washington, D.C. 20250.

Agencies seek grant

By GENEVA GRIFFITH

Cameron Parish District Attorney Jerry G. Jones, Sheriff James R. Savoie and Judge H. Ward Fontenot have joined with law enforcement agencies in Acadia, Allen, Beauregad and Jeff Davis parishes in writing a proposal to receive a $3.2 million grant from the Robert Wood Johnson Foundation in Nashville, Tenn.

The "Fighting Back" program has committed this money to support intensive community-wide education, prevention, early interventon, and treatment programs which will reduce the demand for illegal drugs and alcohol.

The Task Force from each parish is composed of key persons in law enforcement and is assisting in preparing the application for the grant.

The five parish grant application was the "brain-child" of Msgr. Charles Dubois, a priest in Lake Arthur.

The local task force has expressed the community initiative to reduce the demand for illegal drugs and alcohol in Southwest Louisiana.

The four main goals the "Fighting Back" program proposes to achieve with the grant money are:

(1) To increase community support of already existing laws and policies.

(2) To directly involve law enforcement in providing prevention messages to students.

(3) To increase the ability of patrol officers to handle DWI cases.

(4) To decrease the number of repeat DWIs.

Jr. Leaders go to Galveston

Calcasieu 4-H Jr. leaders spent the week of July 24-27, in Galveston for their annual leadership trip. Those attending from Bell City Sr. 4-H incuded Glyn and Fanny Forman, Trish Primeaux, Wendy O'Blanc, Missy Breaux, Gretchen Schultz, Rachel Nunez, Cathleen Cannon, Jason Leonards, and Aaron Natali.

Others attending included Bart Shields, Gena Richard and Wesley Walker, all from Iowa.

Principals, teachers announced for parish

The principals, teachers and special program supervisors hired for the 1989-90 school term were announced at the August meeting of the Cameron Parish School Board.

Asst. Supt. Robert Ortego said there are only five new teachers this year. The very small turnover is due largely to the fact that the parish leads the state in most pay categories.

The new teachers are indicated by a *.

Cameron Elementary School, Clarence Vidrine, Principal; Wayne Kershaw, Asst. Principal. Teachers: Earl Booth, Anna Boudreaux, Sharon Campbell, Madeleine Colligan, Lisa Guillory, Reinetta Guillory, Kathryn Helmer, Dana Hicks, Eva January, Virginia Jones, Larry Labue, Debra Manuel, Valarie Precht, Mary Richard, Shari Richard, Lou Ann Rives, Teresa Roach, Vickie Roberts, Julianna Robertson*, Carolyn Rutherford, Susan Simons SAB, Donna Theriot, Sethie Trosclair.

Grand Chenier Elementary: Benny Welch, Principal. Teachers: Darilyn Canik, Arlene Coreil, Charlotte Hess, Janie McCall, Norma Jo Pinch, Elizabeth Richard, Carol Wainwright, Charlotte Trosclair.

Grand Lake High School: Pearl Leach, Principal; James Melanson, Asst. Principal. Teachers: Brenda Bearb, Ann Nell Bertrand, Denise Breland, Thomas Broussard, Donald Caldwell, Susan Caldwell, Cindy Cormier, Debra Darnutzer, Ann Debetzs, Ancil Delaney, Marie Delord, Bonnie Drounette, David Duhon, Leon Duhon, Patsy Fletcher, Agnes Hebert, Cindy Hebert, Jackie Holmes, Denise Leiato, Roselyn LeMaire, Patsy Miller, Nanette Monsour, Gary Pool, Brenda Smith, Mike Thomas, Ernesteen Valere, Jeanie Vick, Jan Walker, Brenda Young.

Hackberry High School: Pamela LaFleur, Principal; Beverly Goodrich, Assistant Principal. Teachers: Katherine Backlund, Mary Baker, Ruth Billedeaux, Lloyd Broussard, Priscilla Broussard, Gail Delcambre, Bryon Gibbs, Henrietta Gray, Robert Henry, Tara Johnson, Austin LaBove Teresa LeBlanc, Eunice McBeth Linda McKinny, Edward Michalko, Terry Murphy, Tonia Nolan, Vickie Parker, Lisa Quesnel, Stephen Racca, Roxanne Richard, Rebecca Rollins, Sherry Ross, Sharon Rosteet, Robert Sheffield, Lorene Tanner, Patricia Vaughan, Rita Walther, Jenel Watts.

Johnson Bayou High School: Howard Romero, Principal; Ron Vining, Assistant Principal. Teachers: David Anderson, Gerri Bader, Dorine Bearden, Peggy Boudreaux, Carol Cloud, Carla Frey, Ann Garber, Barbara Guidry, Betty Hicks, Barbara Hollenshead*, Jeanne LaFleur, Brenda Rodrigue, Juanita Sandifer, Danny Trahan, Denise Trahan, Marilyn Trahan, James Welch.

South Cameron Elementary: Barry Wayne Richard, Principal. Teachers: Charlotte Bailey, Josie Boudreaux, Nancy Boudreaux, Elizabeth Brasseaux, Jane Currie, Cheryl Dahlen, Matthew Dodson, Theresa Doxey, Donna Granger, Mary Grovenburg SAB, Cherlyn Guidry, Natalie LaLande, Phyllis Miller, Sheila Miller, Sherry Rogers, Jendy Trahan, Katie Trahan, Rena Trahan, Rebecca Vidrine, Wendy Wicke.

South Cameron High: Wayne Batts, Principal. Jimmy Marcantel, Assistant Principal. Teachers: Joan Alexander, Bobby Baker, Eddie Benoit, Mary Booth, Ginger Boudreaux, Peggy Carnahan SAB, Loretta Conner, Kevin Driscoll, Martha Fontenot, Ingrid Garofolo, Henry Griffin, Wanita Harrison, Candace Hebert, Sandra Hession, Claire Hoffecker, Wayne Johnson, Parry LaLande, Vernon McCain, Jill Manuel, Teresa Martinez, Rick Merchant, Bobbye Nunez, Kay Palmer SAB, Rosalie Perry, Phyllis Pinch*, Louella Richard, Nicholas Rodrigue, A. J. Seymour, Donna Welch*, Gary Young.

Migrant Education: Lois Marcantel.

School Nurse: Nell Colligan.

Psychologist: M. Lynette Fisher*.

Assessment Teacher: Donna Kaufman.

Chapter I Tutorial: Peggy Benoit

Social Worker: Rhonda Lewis.

S. Cameron registration

South Cameron High School has set registration for new students for Wednesday, Thursday and Friday, Aug. 16-18, from 10 a.m. to 2 p.m.

Cameron Elem. registration

All new students, grades K-7, enrolling in Cameron Elementary School may register between 9 a.m. and 2 p.m. Thursday through Friday, Aug. 17-25.

Please bring child's birth certificate and health records.

Grand Chenier registration

Registration for first time enrollments will be from Aug. 9 through Aug. 24, from 8:30 a.m. - 12:30 p.m. at Grand Chenier Elementary School.

Immunization records and birth certificates must be presented at this time for enrollment according to Benny Welch, principal.

Students are to report to school on Friday, Aug. 25.

Johnson Bayou registration

Registration for new students entering Johnson Bayou High School grades kindergarten through twelve will be held Wednesday, Aug. 23 and Thursday, Aug. 24 from 9 a.m. to 1 p.m. Birth certificates and health records are necessary.

Pre-school camp registration

Cam Rec Plex pre-school camp registration will be held Friday, Aug. 25, from 4-6 p.m. at the center. For more information call 775-2870.

Hunter safety course set

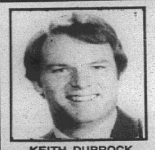
There will be a Hunter Safety Course sponsored by the County Agent's Office and Creole Fire Department at the Creole Fire Station Sept. 12, 13, 14, 6 to 9:30 p.m.

Pre-registration is mandatory. For more information call 775-5516.

Minimum age for students is 10 years of age and there is no charge. If you are in need of Hunter Safety Certification you should make every effort to attend one of these courses. There will be a limited number taught between now and the hunting season.

Letter to the Editor

Dear Editor:



At the July 27, 1989 Police Jury Meeting, there were statements made by me to the effect that the books and plats in the Clerk of Court's office were in poor condition. There was no reflection on the performance of the previous administrations of J. Berton Daigle and Roland U. Primeaux. These past clerks did a great job under these difficult conditions.

That statement was in reference to the age of the instruments, inadequate space and general lack of funds for proper maintenance.

Thanking you for the opportunity to clear up any misunderstanding by the public, I am,

Sincerely,

/s/ DEBBIE B. THERIOT

NINE MEMBERS of Boy Scout Troop 210 of Cameron have just returned from the National Scout Jamboree. They are, from left: Bill Guthrie, Ricky Hay, Chris Hebert, Patrick Hebert, Brady Richard, Bryon Richard, Brad Saltzman, Michael Styron, Jody Trahan.(Photo by Geneva Griffith)

Scouts attend Jamboree

Nine members of Cameron Boy Scout Post 210 have returned from the National Boy Scout Jamboree which was held in Fort A. P. Hill, Virginia.

The 18 day excursion included a tour of Washington, D. C., and visits from Willard Scott, Today Show weatherman; Stephen Spielberg, motion picture director who taught a merit badge in cinematography; and President George Bush.

Over 32,000 boy scouts from all over the United States attended the jamboree.

The nine local scouts attending were:

Bill Guthrie, son of Deala and Jamie Guthrie, 13 year old Life Scout, and a student in Lake Charles.

Ricky Hay, son of Evelyn and Ray Hay, 14 year old Star Scout, a student at South Cameron High School.

Chris Hebert, son of Jennifer Bercier and Keith Hebert, 13 year old Eagle Scout, a student at South Cameron.

Patrick Hebert, son of Jennifer Bercier and Keith Hebert, 14 year old Eagle Scout, a student at South Cameron.

Bryon Richard, son of Carla and Bryon Richard, 14 year old Eagle Scout, a student at South Cameron.

Michael Styron, son of Angie and Michael Styron, 14 year old Eagle Scout, a student at South Cameron.

Jody Trahan, grandson of Rena and Clayton Trahan, 14 year old Life Scout, a student at South Cameron.

CHAMBER ANNOUNCES

Two legislative receptions set

By GENEVA GRIFFITH

The Cameron Parish Chamber of Commerce met Thursday in the Cameron Motel and Paul Coreil, president, urged members to attend two important legislative receptions.

One is to be held in the Chalkley Room of Burton Coliseum on Aug. 28, from 6 to 8 p.m. and the other is to be at the Johnson Bayou Multipurpose building on Oct. 2, from 6 to 9 p.m.

Coastal Erosion will be one of the topics to be addressed at the Johnson Bayou meeting.

Ed Kelley, tourism committee chairman, reported on the Rutherford-Hackberry beach maintenance project. He stated that Conoco Oil Company has donated 20 large plastic trash barrels to be put out on the beaches for litter every one-tenth mile, and the Cameron Parish Police Jury garbage trucks will pick up trash once a week and will rake the beach once a week during the summer.

He also reported that $367 had been donated to the road clean-up program to buy plastic bags for the Sheriff's jail inmates to pick up litter. Kelley also read a letter from the Corps of Engineers explaining their plans for the jetties and gave a report on the survey on the jetties use that was run from July 3 to 13.

The Chamber voted to endorse the drug free community $3 million grant proposal that Cameron and four other rural parishes have applied for.

At Rodney Guilbeaux's request the Chamber adopted a resolution supporting the Coastal Restoration Act.

They also voted to send a letter to the Police Jury thanking them for the help in cleaning up the seaweed from the local beaches.

Guilbeaux also reported that the Louisiana Department of Highways crew is working on the storm damaged La. Highway 82 to keep it open after the damage from Hurricane Chantal.

Paul Coreil showed color slides on the coastal erosion problem in the parish and especially Constance Beach after the hurricane.

Kelley said that he and Cliff Cabell had met with Barbara Colthorp, the state tourist commission administrator, in Baton Rouge to make plans for the upcomine Take Pride Gulfwide beach clean up.

They reported that they are getting excellent help from oil companies, such as Mobil and Conoco, and some have even adopted local beaches to keep clean the year around.

Coreil reported that a workshop will be held Sept. 13, in the Police Jury Annex from 10 a.m. to 4 p.m. on tourism and the things that Louisiana is famous for, such as Cajun culture and food, etc.

He also reported that the Chamber is still looking into several places to use as an office and that a $300 donation has been received from the Cameron Telephone Company for office expense.

SBA leaflet

A Small Business Administration leaflet, "Economic Injury Disaster Loans for Small Business" is available to anyone interested, according to Rep. Randy Roach.

Anyone who wishes a copy of the leaflet or wishes information on disaster loans in connection with the recent storms in Cameron Parish may call 1-800-527-7735.

Seminar to be held on 13th

A seminar to explain "Louisiana Open House" will be held in Cameron Sept. 13, at the Police jury annex, beginning at 10 a.m.

Carol Andrepont with the La. Dept. of Tourism in Baton Rouge will conduct the seminar that will teach Cameron residents how to use the La. Open House theme during the year 1990 to boost tourism and the local economy.

Everyone is invited to attend. Interested persons should contact members of the Cameron Chamber of Commerce for more information.

Plans made to reopen museum

The Cameron Historical Society held its meeting July 28, in the Leesburg Museum with eight members present. Mrs. Coral Perry, pesident, presided. The group discussed plans for reopening the museum in the near future.

Election of officers for 1989-90 was as follows: president, Lee Harrison; vice-president and secretary, Mrs. Coral Perry; and treasurer, Mrs. Wanita Harrison.

Other members present were Mrs. Norma Blake, Mrs. Emma Nunez, Mrs. Gay Reeves, Mrs. Roberta Rogers and Belton Bonsall.

School meeting

All parents who have children attending Cameron Elementary School are urged to attend the fourth annual Open House Thursday, Aug. 31, in the school auditorium starting at 7 p.m.

Thad Little Day

"Thad Little Day" has been set for Tuesday, Sept. 5, after he tied for first place in the saddle bronc division at the National High School Rodeo held in July in Pueblo, Colo.

Amendments endorsed

Chamber for Amend. No. 2

The Cameron Parish Chamber of Commerce board of directors has endorsed Constitutional Amendment No. 2 to be voted on Oct. 7, which would establish a wetlands fund to fight against the loss of Louisiana's coastline and wetlands.

Paul Coreil, Chamber president, said the amendment would create a Wetlands Conservation and Restoration Fund in the state treasury and dedicate up to $25 million a year to it from the state's mineral revenues (severance tax, royalties, bonuses and rentals), depending on how much the state received. The dedication would begin July 1, 1990.

Alligator Festival dates told

The 1989 Alligator Harvest Festival has been set for Sunday, Sept. 24 at the Grand Chenier State Park from 10 a.m. until. Bands to be featured are Sauce Piquante and Breaking Ground.

There will be several booths including cajun food, barbecue, seafood, fried alligator and beer.

Events being planned the Alligator National mini car races, power boat races, children's games, alligator skinning demonstration, tiny tot contest, auction, cake walk and a live alligator display.

Sponsored by the Catholic Community Association of Grand Chenier, the public is invited.

Jury backs Amend. #1

The Cameron Parish Police Jury has adopted a resolution endorsing Constitutional Amendment No. 1 to be voted on Oct. 7, which would create a highway trust fund noting that passage would "trigger the beginning of a major new highway and transportation program for Louisiana, creating thousands of new jobs and economic opportunities for Louisiana's citizens."

The amendment would establish a Transportation Trust Fund with the present 16-cent gasoline/motor fuel tax dedicated to it: 12 cents beginning Jan. 1, 1990 ($167.6 million); 14 cents for FY 1990-91 ($338.7 million), and 16 cents therafter ($388.3 million for FY 1991-92). Any future gasoline/motor fuel tax increase would go to the trust fund. If Amendment No. 11 passes, the trust fund would receive all undedicated revenue from the license tax on private cars.

Trust fund revenue would be restricted to construction and maintenance of state and federal highways and bridges, statewide flood control, ports, airports, transit, state police for traffic control, and parish roads.

Some trust fund money would have to be allocated to particular purposes:

- ports, parish roads, flood control and state police, not to exceed 20% of the dedicated state tax revenue.
- parish roads, the equivalent of at least one cent of the gasoline/motor fuel tax.
- airports, the equivalent of state taxes on aviation fuel which would be about $4.5 million a year from the state sales tax and be available for a 90%-10% federal match.

Cuts are restored

Cameron Parish public employees who took a ten percent cut in pay last summer after the police jury had problems in balancing its budget had their pay restored effective Aug. 15.

The police jury had authorized restoring the cuts at its recent meeting provided that funds were available. Parish Treasurer Conner Nunez said that funds were found available and he was instructed to restore the cuts.

Affected are all police jury and courthouse employees who had pay cuts.

The parish treasurer, jury secretary and road superintendent, who also took pay cuts, will get 10 percent restored although their salaries were cut more than this by the jurors.

Jurors had also authorized the restoration of cuts in their salaries earlier.

Plans told for refuge

Paul Yakupzack, manager of the 9,621 acre Cameron Prairie Refuge was the speaker at the meeting of the Cameron Lions Club last week and told of the Federal Government's plans for the proposed Little Pecan Refuge, which has been in the planning stage since October, 1987.

He also read a copy of the club's letter of opposition to the proposed refuge that it sent to the U. S. Fish and Wildlife Service and said that false information is being spread about the Service's intentions in Cameron Parish.

"We do not intend to make all of Cameron Parish into a National Wildlife Refuge — we don't plan to buy the Cameron Courthouse", he said.

He also presented a video, Waterfowl for the Future.

Uland Guidry, Cameron Parish school supervisor, spoke to the club on the five parish task force which is working on a private grant to fight drugs in the area.

The "Fighting Back" program is designed to fight drugs through education, health and welfare, enforcement, etc.

He pointed out that this application from Southwest Lousiiana is the first time a request has been made from a rural area. In the past the grants have been given to the ghetto areas of big cities, such as Los Angeles.

Clinics told

The South Cameron Memorial Hospital, Dr. Cecil Clark and Dr. Richard Sanders are now conducting weekly clinics at the hospital for Title XVII (Medicaid) card holders.

Dr. Sanders is seeing patients on Mondays from 11:30 a.m. to 2 p.m. Dr. Clark is seeing them on Thursdays during the same hours.

All appointments to visit the doctors in clinic should be scheduled from 9 a.m. to 4 p.m. by calling the hospital at 542-4111 and asking for Becky McEvers.

Eagle Scout

Christopher Hebert, son of Jennifer Bercier of Cameron and Keith Hebert of New Orleans, will receive the Eagle Scout award at a Court of Honor to be conducted by Boy Scout Troop 210 of Cameron at the Cameron Courthouse Saturday, Aug. 26, at 3 p.m. instead of 2 p.m., as previously announced.

At age 13, Chris will be the youngest Eagle Scout in Troop 210. To attain this level of scouting achivement, Chris was required to complete over 20 merit badges, as well as perform an approved project of benefit to his community. For his service project, Chris conducted a "Get Out The Vote Campaign" in connection with the general election held last November.

All Cameron Parish scouts and interested persons are invited to attend. Troop 210 would especially like to extend an invitation to all area residents who have attained the rank of Eagle Scout to attend. Refreshments will be served following the ceremony.

FHA loans available

President Bush has designated 18 primary parishes and 22 contiguous parishes for Farmers Home Administration (FmHA) Emergency Loans, effective July 18, and July 20, announced John C. McCarthy, FmHA State Director.

These parishes include Beauregard, Calcasieu and Cameron.

Farmers are eligible to apply for Emergency Loans through the local FmHA offices which are located in each of the parishes designated. Emergency Loans are made to farmers to cover losses resulting from designated disasters. Applicants who are unable to obtain credit from other sources of credit may qualify for actual loss loans at 4.5% for loan amount snot to exceed $500,000.

Final date for accepting applications is either March 19, 1990 or March 20, 1990, depending on the effective date of the disaster.

Museum plans discussed

By JERRY WISE

A proposal that the Extension Service offices be moved into the old Bonsall Home which now houses the Leesburg Museum brought a strong protest from representatives of the Cameron Parish Historical Society at the Cameron Parish Police Jury meeting Friday.

At the recent monthly meeting of the jury, Juror Ray Conner suggested that the County Agent's and other Extension Service offices be moved from the basement of the courthouse to the Museum building which has been closed for about a year due to a lack of operating funds.

Conner said this would then free up some additional courthouse space which could be used by the Clerk of Court and the Sheriff's department.

However, Historical Society representatives told the jury at its second meeting of the month Friday that they had no intention of doing away with the Leesburg Museum and would reopen it as soon as funds were available.

Lee J. Harrison said the Historical Society was exploring the possibility of letting the Cameron Chamber of Commerce use one of the rooms in the building and this would help to get the Museum reopened.

Mrs. Norma Blake of the Historical Society said that the group had gone along with the police jury when it closed the Museum a year ago because of the shortage of funds but they had always intended to reopen it when funds were available.

Juror Conner said he apologized to the Historical Society. He said he had been under the misassumption that everything had been moved out of the Museum and that they had not intended to reopen it.

"I apologize if I stepped on somebody's toes," he said. "I was just trying to solve some of the problems of the parish."

Juror George LeBoeuf said he did not think it was a good idea anyway moving parish agencies out of the courthouse. He said if more room was needed in the courthouse a study should be made there to find out how this could be accomplished.

MEETING CHANGED AGAIN

For the third time within recent weeks, the jury voted to change the nature of their monthly meetings.

For years the jury has had its regular meeting at 10 a.m. on the first Monday of each month with a finance meeting being scheduled for 10 a.m. on the Friday preceding that meeting.

Several months ago, the finance meeting was changed to 6 p.m. on the third Thursday and turned into a second general meeting of the month.

Recently this meeting was rescheduled for 10 a.m. on the third Friday and the first of these was held last Friday.

However, at this meeting Juror Brent Nunez said he felt that the jury should return to having a

Cont. on Page 2

Bird sanctuary expanded

The Baton Rouge Audubon Society has announced the acquisition of additional acreage for its Holleyman Migratory Bird Sanctuary near Johnson Bayou in Cameron Parish.

B. R. Audubon has acquired all the remaining unsold and undeveloped lots of the Little Florida Subdivision from H. Marsh Henshaw, III, of Lake Charles, plus several other undeveloped lots from Molly and Bruce Painter of Lake Charles and Wilford Lee of Groves, Tex.

The addition was acquired partially through purchase and partially through a generous donation by Mr. Henshaw of an interest in the property. Funds for the purchase were acquired totally through donations from interested persons and through a loan from The Nature Conservancy.

The Holleyman Sanctuary was established in August, 1984, when Baton Rouge Audubon Society acquired six acres adjacent to Little Florida Subdivision through the generous donations of Mr. Robert W. Holleyman of Lake Charles and Dr. Carlton H. Sheely, III, of Baton Rouge.

The Sanctuary preserves a small remnant of chenier woodland, a habitat type unique to southwest Louisiana and extreme southeast Texas, and therefore, to date, is the only preserve of its kind in the world.

Coastal Woodlands have been demonstrated to be of great importance to migrating birds, which in the Spring must have suitable place to rest and refuel after their long trans-Gulf flight. The Sanctuary is open to the public for birdwatching and nature study; no hunting is allowed. There is no admission charge, though donations are welcome.

The public is invited to attend the dedication for the new addition and fifth anniversary celebration to be held at the Sanctuary on Saturday, Sept. 23, at 1 p.m. The Hollyman Sanctuary is located on the Gulf of Mexico, 8.5 miles west of Holly Beach, just off La. Hwy. 82. A "Creole Nature Trail" sign shows where to turn.

Donations to help pay off the mortgate to The Nature Coservancy may be left in the donation box at the Sanctuary or may be sent to:

Baton Rouge Audubon Society, Inc., Holleyman Sanctuary Fund, P.O. Box 16106, Baton Rouge, La. 70803.

All donations are tax-deductible.

POLICE JURY
Continued from Page 1

finance meeting for its second meeting of the month with no matters to be brought up except those involving finances. He made a motion to this effect which was passed with Juror George LeBoeuf voting no.

WHOSE GOT SHELLS?

Police Jury President Carol Trahan told the jurors that Juror Douaine Conner, who was absent from the meeting, was having a serious problem with the Little Chenier road which was badly damaged by recent flooding. He asked other jurors if they had any extra shell in their allotments to make it available to Conner.

Both Jurors Ray Conner and George LeBoeuf asked the parish road foreman to survey the needs in their districts and to make what shell that could be spared available to Douaine Conner.

LOST REVENUES

Continuing a debate on the proposed Little Pecan Federal Wildlife Refuge begun at the last jury meeting, Juror Ray Conner presented the jury with some figures on the parish losses in taxes since the refuges are tax free.

He said the four federal and state refuges already in operation are costing the parish $239,112.10 in taxes each year and that the proposed Little Pecan Refuge would cause the parish to lose an additional $12,424.03.

Braxton Blake, local businessman and former juror, told the jurors that when any property is removed from the tax base, it means that the business owners in the district or parish have to make up the difference by paying higher taxes.

Blake said the refuge supporters argue that the refuges bring in tourist dollars, but he said he believed more dollars would be brought in by hunters and fishermen who use the property under private ownership.

NO FUEL BIDS

At the request of Juror LeBouef, Jury Secretary Pete Picou presented the jurors with a breakdown on how much money is being spent in each community for gasoline for parish vehicles.

Juror LeBoeuf then made motion that the jury take bids on fuel in each community in an effort to try to get lower bids. Other jurors said that this could result in self service stations getting the business leaving the jury with no one to fix flat tires. The motion died for the lack of a second.

THANK YOU LETTER

Parish Administrator Garner Nunez told the jury that a letter had been received from the Grand Chenier Recreation Commission thanking the jury for having its crew clean up the grounds of the Grand Chenier State Park during the recent fishing rodeo there.

Juror Brent Nunez asked that the letter be read out in its entirety since "it's so infrequent that we get a compliment."

Nunez also read a letter from Congressman Jimmy Hayes concerning the jury's request to try to get the federal government to turn the Monkey Island Coast Guard Station property over to the parish for public use.

Hayes reported that he had "hit a bureaucratic stone wall" in the matter but that he would continue to try to get the property turned over to the Bureau of Land Management and then transferred to the parish.

The jury also received a letter from Parish Assessor Robert Conner concerning a bill in congress that would reduce the assessments that the parish places on pipelines. This could result in the loss of $15 million in assessment, the jurors were told. They agreed to write letters opposing the bill.

Another letter was read by Nunez from the Department of Natural Resources concerning the permanent suspension of the Big Diamond waste disposal permit in the Grand Lake area.

TV FRANCHISE ASKED

Marty Chaubert, representing the Gulf American Cable Group, asked the jury to grant his firm a non-exclusive franchise for a cable television system in the parish. He did not specifically indicate the area that his firm wants to serve, but did say it would not duplicate service to areas presently served by another cable company. It was believed that he was primarily interested in the Grand Chenier area.

Chaubert said his firm, domiciled in Baton Rouge, has cable systems in five states and has systems in Forked Island and Henry to the east of here.

He said his firm would have a basic monthly rate of $15 with an extra charge for the premium channels.

Juror Ray Conner quizzed Chaubert about whether he would have an office and a full time representative in the parish. Asst. District Attorney said that the jury's franchise stipulates a full time office.

The jury voted to advertise for bids for a new cable franchise, which would permit Chaubert's company to submit a proposal.

PICTURED ARE the members of Creole Cub Scout Troop 202 who recently toured the sailing ship Golden Hine in Lake Charles.

Ladner to be honored at La. School

The Louisiana School for Math, Science and the Arts in Natchitoches will honor its seventh class of high school juniors during the annual Junior Recognition Ceremony, slated for Thursday, Aug. 31.

The 205 high-achieving juniors from around the state will join the seniors to comprise the 1989-90 student bod of the state's school for academically and artistically talented students.

During the ceremony, which is open to the public, Dr. Richard G. Brown, Director of the School, will present each student selected for admission with a special Certificate of Achievement from Governor Buddy Roemer. A student from this area to be honored is Gordon Lee Ladner of Cameron Parish.

Give Our Kids A Break
DRIVE SAFELY

Activities told at Cameron Rec Center

The Cameron Recreation Center has announced a number of upcoming activities.

On Saturday, Aug. 26, tournaments will be held as follows: ping pong, 12 noon; billiards, 2 p.m.; floor hockey, 4 p.m.; and badminton, 6 p.m. A radio pool party will be held from 8 p.m. to midnight with $2 admission.

A back to school barbecue will be held at noon on Sunday, Aug. 27, with special meal rates and an elementary and high school hike will be held at 5 p.m. Wear long pants and bring a water canteen.

The third annual Labor Day Bash will be held Saturday, Sept. 2, with a basketball tournament at noon, volleyball tournament at 2 p.m., swim races at 4 p.m. and horse shoe tournament at 6 p.m. There is a $1 entry fee and prizes will be awarded.

A skating party will be held from 8 to 9 p.m. Bring your own skates.

A Sunday Fun Day will be held Sept. 3 with horse shoes at 3 p.m., ping pong at 4 p.m, swim races at 5 p.m. and gym soccer at 6 p.m. There will be a 50 cent entry fee and prizes will be given.

Supper will be served from 7 to 8 p.m.

PERMITS

The jury approved a temporary liquor permit for the Alligator Festival for Sunday, Sept. 24 at the Grand Chenier park.

Drilling and pipeline permits included a well permit for Graham Royalty, Ltd. west of Creole; placing of a drill barge in a slip for drilling by Solatex Resources in the Grand Lake area; and installation of flowlines to service a well for Amoco Production in the South Black Lake Field.

A seismic permit was approved for Halliburton Geophysical for seismic work in the Rockefeller reserve.

In 1809, when he was 27, Captain Allardyce Barclay of Ury, Scotland, bet he could walk 1,000 miles in 1,000 hours. He did!

Grand Chenier News

By Elora Montie

Things seem to be picking up on the Chenier. There is a location being prepared to drill a well on property of Mrs. Verna Baker. There are also two seismic companies shooting several lines in our area which may mean more oil leasing in the future.

Mrs. Whitney (Lorrine) Baccigalopi was taken to St. Patrick's hospital in Lake Charles where she is undergoing treatment. She is reported doing much better.

Edwin Mhire, formally of here, who now lives in Sweetlake, is still in St. Patrick's hospital undergoing treatment.

VISITORS

Mr. and Mrs. Adam Miller of Carencro, spent the weekend with Mr. and Mrs. Roy Clark and also visited Mr. and Mrs. Gilford Miller and Hubert Miller.

Miss Dona Booth of New Orleans spent the weekend with her parents and family, the Earl Booth Srs.

Larry Miller, who has been working in Coute, Tex., for several weeks came home Monday.

ABWA to have meeting Tues.

The American Business Women's Association area council meeting will be held at the Westlake Recreation Center on Tuesday, Aug. 29 at 7 p.m. All area ABWA members are urged to attend.

One in two 30-year-olds can expect to need disability income insurance.

ENGAGED--Emily Lane Miller and Jerry Don Mock announce their engagement and forthcoming marriage Saturday, Sept. 2, at St. Eugene Catholic Church in Grand Chenier at 11 a.m. Emily is the daughter of Clyde P. Miller and the late Audrey Miller of Grand Chenier. Jerry is the son of Mr. and Mrs. Frank Mock Sr. of Cameron. Through this means family and friends are invited. A reception will follow.

SHOWN ABOVE are four youngsters who have attended three years of the Mother's Day Out program of the First Baptist Church of Cameron. From left are Marc Burgin, Matthew Sanders, Adam Doxey and John Wesley Colving.

Program to resume

The Mother's Day Out program at First Baptist Church of Cameron will open its fall semester on Sept. 8. Parents may register their preschool children on weekdays between 9 and 12 at the church office. The cost will be the same as last year: $15 registration fee and $40 per month, per child. Times will be Thursdays, 8:30 a.m. to 4 p.m. Mrs. Tammy Roux and Mrs. JoAnn Frederick are this year's teachers.

Mother's Day Out is a program for preschool childen ages 1 through 5 providing a free day for mother and a positive learning and playing experience for the child.

For more information, call the First Baptist Church office at 775-5446 between 9 and 12 weekdays, or contact Mrs. Dortha Culp, director, at 775-7376, evenings.

Sonnier now in Alaska

Army Pvt. 1st Class Daniel P. Sonnier has arrived for duty at Fort Richardson, Alaska. He is an infantryman with the 17th Infantry.

Sonnier is the son of Delorisi T. Romero of Welsh.

His grandfather, Oleaux Trahan, lives in Hackberry.

He is a 1984 graduate of Lake Arthur High School.

Hackberry News

By Grace Welch

OUTSTANDING STUDENT

The Outstanding College Students has selected Stuart Glen Goodrich, son of Mr. and Mrs. Tommie Goodrich, of Hackberry as an Outstanding College Student for the 1988-89 school year.

Stuart attends Northeast Louisiana University in Monroe, where he will be a sophomore in the School of Aviation this fall.

TRIP

Doug, Clara Welch and children and mother, Annie Welch, from Hackberry, Danny and Nell Trahan and children, visited Washington, D. C. including the capitol, Jefferson Monument; and Kings Dominion, Va., and Stone Mt., Ga. On their way home they visited Opry Land U.S.A., Nashville and Graceland.

FIRE SCHOOL

Attending fire school in Beaumont from Hackberry were: Curtis Fountain, Bryant Simon, Ricky Pearson, Raymond Hicks and Johnny Poole. Bobbie Fountain and children, Dana Hicks and children, Susie Pearson and children, Melannie Simon and children and Gwen Poole and children visited their husbands.

CORRECTION

Jody and Robert Bradley, grandchildren of Margaret Pitts, live in Cameron. The grandmother lives in Hackberry.

SICK LIST

Dwight LaBauve had surgery recently.

REUNION

The Hackberry Mustangs of the 40's and 50's will hold their reunion Oct. 21, at the Hackberry Community Center. If you think we do not have your name and updated address or that of a class member, please contact us to be put on the mailing list. The address is: Mustangs of the 40's and 50's, P.O. Box 441, Hackberry, La. 70643.

Cam. Parish Black News

By WANITA HARRISON

Phillip Ray January of Port Arthur, Tex. visited Mrs. Lillie Harrison and Mrs. Frances January last week.

Lisa Jackson of South Floral Park, N.Y. and Patrick Turner of Baton Rouge were weekend guests of Mrs. Lovenia Bartie and Mrs. Mary Cockrell.

Mrs. Lorraine DeJohnette is recuperating in a Lake Charles hospital.

Open house set at Grand Lake

An open house for parents with children in kindergarten, first, second and third grades will be held Tuesday, Aug. 29, at 7 p.m. at Grand Lake High School. After a group meeting in the gym, parents will meet their child's teacher and visit their classroom.

Open house for parents of students in other grades will be scheduled at a later date.

Many middle-class families are finding they can get low interest loans for higher education.

ATTENTION MEDICAID PATIENTS

ANNOUNCING
The Opening Of A new
SOUTH CAMERON
MEMORIAL
HOSPITAL

Doctors CLINIC

Each Monday
And Thursday

The decline in the oil patch, the depressed fishing and shrimping industry in our area, the Moss Regional Hospital situation, has created a need for the Medical Community to formulate a plan to serve the medical needs of the entire community.

The Hospital, Dr. Cecil Clark and Dr. Richard Sanders will conduct a clinic on Mondays and Thursdays at the Hospital with Dr. Sanders seeing patients on Mondays from 11:30 a.m. until 2:00 p.m. and Dr. Clark seeing them on Thursday from 11:30 a.m. until 2:00 p.m. This Clinic is designated for Title XVIII (Medicaid) card holders. All appointments to visit the Doctor in Clinic should be scheduled from 9:00 a.m. to 4:00 p.m. by calling the Hospital at 542-4111. Please ask for Becky McEvers, Your appointment will be scheduled.

We feel this program will eliminate many hardships and bring the community a self reliance not experienced before.

We look forward to serving you and will help in any way possible.

PICTURED IS the newly crowned Fishing Festival Queen, Amy LeBoeuf. She is the daughter of Lawrence LeBoeuf and the former Diane Duddleston of Cameron. (Photo by Kristi Dupule)

WARNER DAIGLE and Brenda Daigle of Cameron announce the engagement and forthcoming marriage of their daughter, Laura Renee Daigle to Dwayne Ethan Arrington, son of Mike and Mary Arrington of Lake Charles. The wedding is set for Saturday, Sept. 23, at Our Lady Queen of Heaven Church in Lake Charles beginning at 11 a.m. Through this means friends and relatives are invited to attend.

AMY RACCA was the winner of the poster contest held during the Summer Fishing Festival. She received a savings bond and her poster will go on to compete in Baton Rouge during the Fairs and Festivals Convention. (Photo by Kristi Dupule)

The full Moon is nine times as bright as the half-moon, since the surface of the visible half-moon is extremely rough and mountainous, which makes for more shadows and less reflected sunlight.

MUSING . . . . . BY BERNICE DENNY

Parents must do their jobs as well as schools

Thousands upon thousands of children are returning to the classroom this month. As I thought of them, I asked myself this question: "Who are the people closest to these youngsters?"

At once the answer came: "Their Parents."

Because of its unique role, parenthood is complicated by demands upon it. Becoming a parent does not automatically qualify one to do a good job raising children. Mothers and fathers must work to achieve success in bringing up sons and daughters. They msut take the parent-child relationship seriously, must seek to understand the child, to be aware of his strengths and his weaknesses, his personal likes and dislikes, the things that make him cry and the things that make him laugh. They must love him enough to discipline him.

Many parents seem afraid to use the word "no" lest it inhibit their progeny. Children coax till they get what they want; they whine; or else they flagrantly disobey in the beginning.

Other parents are brutally insensitive to their children's needs. Impatiently they lash out with verbal or corporal punishment; they threaten without getting to the root of the problem.

Some parents are grossly inconsistent. One day they wink or ignore an act; the next for the same offense they punish angrily. It is no wonder that the poor child becomes confused.

It would be well if all parents practiced the advice of Erin Ericson: "Love them, limit them, and teach them to achieve."

A disciplined child is a happy child. Every youngster needs to have parents place wise restrictions upon him; otherwise, he will have a hard time ever learning to discipline himself. He feels secure when he knows that his parents love him enough not to cater to his every whim.

In his heart he may be longing for his parents to set limits even when he insists on "following the crowd". It is face-saving to say that his parents absolutely refuse to grant him permission to do this or to go there when he himself feels that the thing or place is wrong.

The home and the school are the two institutions in which the child spends nearly all his time. Both share the responsibility of his training. However, of the two the home speaks so loudly he often is deafened by what the school says.

Wise are the parents who teach their little ones from the cradle up, by example as well as by word, the values of honesty and helpfulness, loyalty and sincerity, fairness and courtesy. For these are the parents who believe in the dignity, the potentialities, the rights of their own children and of all other human beings as well.

Children are the world's most precious resources.

Program set at Cam. Elem.

A program designed to serve the needs of high risk four-year-olds is planned for Cameron Elementary School. Students will be identified for the program by the results of the Battelle Screening Test.

This full day program will serve children who are four before Oct. 1, and whose family income is under $15,000. Income must be verified by a W-2 form, current payroll check stub, or other official document.

Parents who feel their children meet eligibility criteria should attend a meeting at Cameron Elementry School, Tuesday, Aug. 29, at 2 p.m.

Remember?

(Lake Charles American Press, Aug. 15, 1930)

CAMERON CELEBRATION

Cameron Parish and Grand Chenier will not long sustain their reputation of being the most isolated spot in Louisiana. With a new state road, a telephone system and an electric powerline from one end of the parish to the other, the citizens of the parish will enjoy all the modern conveniences along with the neighboring parishes.

A letter was received Monday by the Chamber of Commerce from a number of Grand Chenier citizens inviting the people of this parish (Calcasieu) to the celebration of the opening of the power line across the parish from Cameron to Cow Island some time during the latter part of August, the exact date to be set later.

The electricity will be used in the homes of the parish and ice machines, radios and various other appliances will soon be the vogue.

Police Jury Briefs

APPOINTMENTS

A number of appointments were made to various boards by the jurors.

Cliff Cabell of Hackberry and Carl Fournerat of Grand Lake were named to the West Cameron Port, Harbor & Terminal District.

Raymond LeBlanc was reappointed to the Waterworks Dist. 7 board.

Upon the recommendation of the Coastal Concern, the jury named Elmer Peshoff to the Oyster Management Advisory Committee for Calcasieu Lake. Robert Hill was named as an alternate.

HOSPITAL DISTRICT

The jury received two applications for appointment to the Southwest Louisiana Hospital Service District, which will take over the operation of Moss Regional Hospital.

Mrs. Pat Ortego of Creole, an employee of Louisiana Public Health Service, told the board that in her job she works with many people served by the charity hospital and that she felt that she knew their problems.

Joe Soileau, director of the South Cameron Memorial Hospital, said in his capacity he too had an interest in the services offered by Moss Regional.

The jury voted to name Mrs. Ortego as its member on the district's board and also to nominate Mr. Soileau for the member at large seat that will be filled by the governor.

The NEW Lake Charles Dodge ✪ Jeep ✪ Eagle Used Cars

PARTICIPATING IN the back to school fashion show at the Prien Lake Mall recently were, from left: Danielle Shay, Brittany McDaniel and Jendi Savole.

THESE ARE the members of the South Cameron Elementary 4-H Club who attended 4-H camp this summer at Camp Grant Walker.

PICTURED ABOVE are the Maplewood All Stars. They are, front row, Blake Murphy, Demp Suchanek, Brice Tanner, Brett Burgess, Justin Vincent, Joe Busby. Second row, Craig Slaven, Aaron LeBoeuf, Brian Meyers, Ernie Constance, Barrett Navarre, Landon Duhon, Trevor Duhon. Back row, Coaches, Terry Murphy, Lee Vincent, Bety Nunez and Kent Duhon. Some of the players are from Hackberry. The team placed second in Sulphur and Lake Charles T-Ball tournaments and third in the Mid City tournament.

FUNERALS

BONNIE F. COOPER

A memorial service was held Saturday, Aug. 19, at Claybar Funeral Home in Orange, Tex., for Bonnie F. Cooper, 58, of Orange. She died Monday, Aug. 16, at John Sealy Hospital in Galveston.

A native of Gilmer, she lived in Orange a number of years and was a private nurse.

Survivors include her mother, Flossy Stanley of Longview, Tex.; daughters, Veronica LeGault of Orange, Tex.; Kathy Lathum and Betty Stemic, both of Bridge City, Tex.; Debbie Bordelon of Cameron; and Cynthia Burks; sons, Rodney Cooper of Orange, Tex. and Jack Cooper of Kirbyville, Tex.; a sister, Lawan Modisette of Longview, Tex.; a brother, Robert Stanley of Dallas, Tex.; 21 grandchildren and 21 great-grandchildren.

MICHELLE MORRIS, the 1989 Louisiana Fur Queen, is pictured with country singer Eddy Raven in Ponchatoula for the Strawberry Festival in April.

Before eating anything, the raccoon first washes the food in the nearest available water.

Cattle branding was practiced 4,000 years ago. Old tomb paintings show Egyptians branding their cattle.

JIM WILLIAMS

Funeral services for Elmer James "Jim" Williams, 57, of Sulphur, were held Tuesday, Aug. 22, in Hixson-Guardian Chapel.

The Rev. Waymond Culp officiated. Burial was in Alexandria National Cemetery.

Mr. Williams died Sunday, Aug. 20, in the Sulphur hospital.

A native of Alexandria, he lived most of his life in Sulphur. An Army veteran of the Korean War, he retired as an accountant for Crain Brothers in 1988. He was an amateur radio operator.

Survivors are his wife, Mrs. Catherine O'Neal Williams; two sons, David Williams of Houston and Darrel Ross Williams of Grand Chenier; three daughters, Cynthia Faye Frederick of Orlando, Fla., Gayle Lynn Ravia of Sulphur and Anita Darlene Williams of Alexandria; his mother, Mrs. Elsie Williams of Alexandria, and five grandchildren.

A human being is born with 305 bones, but during childhood a number of them fuse, so an adult has only about 206.

LEGAL NOTICES

PUBLIC NOTICE

Sealed bids will be received by the Cameron Parish Police Jury until 10:00 A.M., Tuesday, September 5, 1989, in the meeting room of the Parish Government Building, Cameron, Louisiana, to sell and remove from the premises one 30' x 40' tin building with wood frame and replace with one (1) 34' x 40' metal building.

The Cameron Parish Police Jury reserves the right to reject any/or all bids and to waive formalities.

All bids must be submitted on bid forms which may be obtained at the Cameron Parish Police Jury office, Cameron, Louisiana.

BY: GARNER NUNEZ,
ADMINISTRATOR-TREASURER
RUN: Aug. 17, 24, 31

NOTICE TO BIDDERS

Sealed proposals for the construction of the following project will be received by the Cameron Parish School Board, Cameron, La. until 10:00 A.M., Monday, Sept. 11, 1989 in the Cameron Parish School Board Office.

Bids shall be for furnishing all labor and materials and performance of all work for Energy Management Equipment installation for the Cameron Parish School Board, H & B Project 1912.

All as per plans and specifications prepared by Hackett & Bailey, which plans and specifications and proposal forms are on file and available for examination by prospective bidders and other interested parties at the office of HACKETT & BAILEY, Architects - Civil Engineers, 1440 West McNeese Street, Lake Charles, La. One copy may be obtained at the above address for a deposit of $50.00 per set which will be refundable upon return of the plans and specifications within ten (10) days after the bid date.

All bids must be sealed and will be publicly opened and read at the above designated place and time. No proposal may be withdrawn within thirty (30) days after the above scheduled time of opening and the right is reserved to reject any and all bids and to waive informalities.

Official action will be taken at the Regular Meeting of the Cameron Parish School Board on Monday, Sept. 11, 1989.

The Contractor will be paid on monthly estimates in cash in accordance with the specifications.

RUN: Aug. 10, 17, 24, Sept. 7, 1989

PROCEEDINGS
CAMERON PARISH
GRAVITY DRAINAGE
DISTRICT NO. 3

Minutes of the Regular Meeting of the Cameron Parish Gravity Drainage District No. 3, held on Tuesday, July 18, 1989, at 2:30 p.m. at the Cameron Parish Police Jury Annex.

Members Present - Edwin Quinn, Gary Kelley, W. F. Henry, Jr., and Edward Petersen.

Members Absent - None.

Others Present - J. B. Watts, Engineer Lonnie Harper, Francis (Giz) Guilbeau, Leon Savoie, Paul Coreil, Malcolm Savoie, Dwight Savoie, Dwight Savoie, Benny Welch, Jim Kelley, Ronald Gaspard, Perta Hebert, Chris Borg, C. J. Kiffe, J. Berton Daigle, John R. Walther, Tod Miller, George Bacco, Myrna Smith, Emma Jean Miller, Houston Miller, Vickie Roberts, A. J. LaBove, Roy Boudreaux, Gean LeBoeuf, and Billy Delaney of Sabine Wildlife Refuge.

A motion was made by W. F. Henry, Jr., seconded by Gary Kelley, and unanimously carried to approve the minutes of the Regular Meeting of June 20, 1989.

Billy Delaney presented an explanation of the salinity and water flow within the Cameron-Creole Watershed. He also presented a modified water management plan. He reported that he is trying to maintain the drawdown to get the plan flowing. He asked the fishermen present to pleased not tamper with the gates and wiers within the watershed. Mr. Delaney stated that vandals will be prosecuted if necessary. He said that he welcomes input from the Drainage Boards and will keep them informed. He also said that it would be very helpful if he had the following: A Police Jury ordinance with "teeth" in it to keep people off the structures; one 20-hour per week to full-time worker at $6/hour; a charge account where he can purchase hydraulic oil and grease for the hydraulic units and also a mechanic to repair the unit; and a back-up hydraulic unit in case of breakdown. Billy also stated that it would be advantageous to have approximately $30,000 for a graduate student from LSU to consult with us for 2-3 years on a statistical basis for making management decisions. It was stated that Mimni Corporation has talked about buying a hydraulic pump so that there will be one available for back up purposes. Mr. John Walther said that he will make the wishes of Gravity Drainage District No. 3 known by requesting Federal assistance in getting Mr. Delaney some help to carry out the management plan.

Mr. Francis "Giz" Guilbeau requested that a resolution be sent to the Corps of Engineers, requesting that the Calcasieu locks be operated to prevent backwash of water from heavy rains to the North of Cameron Parish. The following resolution was adopted by concensus of the Board of Commissioners:

"BE IT RESOLVED, that the Cameron Parish Gravity Drainage District No. 3 Board of Commissioners hereby requests that anytime there is a possibility of flash floods on the East side of the Calcasieu locks, that all consideration be given to opening the locks as soon as possible to compensate for additional flood waters."

Mr. Guilbeau also brought to the attention of the Board a problem that exists with drainage behind the courthouse. He stated that in a recent heavy rainfall situation the water came up over the levee in 21 places. He requested recapping the levee that runs toward the Methodist Church from behind the courthouse in Cameron. It was agreed that if the levee is broken it needs to be repaired, but the current rainfall situation is one that is very extreme and may never occur again. It was agreed that the Drainage Board will look at the levee and take recapping it under consideration, and also will check on the need for cleaning the drainage lateral that goes north along School Street toward the Courthouse Pump. It was agreed that Edward Petersen will contact Cameron Construction and have someone check the culverts at the old floodgates on W-1 West and have them cleaned out if necessary on an emergency basis due to over 20" of rainfall.

Mr. Robert Mudd asked for help in draining his property some time in the future when drainage in the area returns to a more normal condition.

A motion was made by Gary Kelley, seconded by Edward Petersen, and unanimously carried to approve the Financial Report for the month of June, 1989.

A motion was made by Gary Kelley, seconded by W. F. Henry, Jr., and unanimously carried to approve the following bills for payment:

1. Cameron Parish Clerk of Court	$ 13.20
2. Clayton Trahan	$ 50.00
3. Cameron Parish Pilot	$ 55.00
4. Campbell-Taylor Oil, Inc. of Louisiana	$537.66
5. Campbell-Taylor Oil, Inc. of Louisiana	$482.56

It was agreed by concensus that Mr. Billy Delaney is authorized to take the hydraulic pump used for raising and lowering gates in the Cameron-Creole Watershed to Lake Charles Diesel for repair when necessary. He was also authorized to charge hydraulic oil and grease for use in this pump at Mobil Oil Company. Billy said that he will install the signs that have been ordered for placement on the water control structures. The cost of these signs will be shared between the two drainage boards involved, Cameron Parish Gravity Drainage District No. 3 and No. 4. It was also agreed that Billy will be reimbursed for the purchase price of a grease gun and whatever U-bolts, etc. he needs for hanging the signs. Mr. Gary Kelley will assist him in hanging the signs if possible.

There being no further business, the meeting was adjourned.

PROCEEDINGS
CAMERON PARISH
GRAVITY DRAINAGE
DISTRICT NO. 3

Minutes of the Regular Meeting of the Cameron Parish Gravity Drainage District No. 3, held on Tuesday, June 20, 1989, at 2:30 p.m. at the Cameron Parish Police Jury Annex.

Members Present - Edwin Quinn, Gary Kelley, W. F. Henry, Jr., and Edward Petersen.

Members Absent - E. J. Dronet.

Others Present - J. B. Watts, Judge Ward Fontenot, Paul Coreil, Bill Morris, J. Berton Daigle, and Engineer Lonnie Harper.

A motion was made by Gary Kelley, seconded by Edward Petersen,and unanimously carried to approve the minutes of the Regular Meeting of May 23, 1989.

A motion was made by Gary Kelley, seconded by Edward Petersen, and unanimously carried to approve the Financial Report for the month of May, 1989.

A motion was made by Edwin Quinn, seconded by Edward Petersen, and unanimously carried to approve the following bills for payment:

1. Cameron Conservation	$347.54.

Judge Ward Fontenot was recognized. He withdrew his request for membership on the Advisory Committee for the Cameron-Creole Watershed Project because of possible conflict of interest related to legal proceedings.

Paul Coreil said that U. S. Wildlife & Fisheries doesn't have the manpower to raise and lower the gates on the water control structures in the Cameron-Creole Watershed, and he feels that the Drainage Board should have someone to help Billy Delaney if at all possible when the tide is going out. It was decided that John Walther & Billy Delaney be invited to attend the July meeting of the Cameron Parish Gravity Drainage District No. 3 Board of Commissioners.

Bill Morris of Cameron Construction presented bids for two small projects as follows:

$ 550.00 - Labor and equipment for installing culvert at J. Berton Daigle's property.

$1,250.00 - Labor and equipment to install drainage lateral at Dan Dupont's property.

A motion was made by Edwin Quinn, seconded by Gary Kelley, and unanimously carried to approve Cameron Construction to commence work on the above-mentioned projects at the prices quoted.

It was agreed by concensus that copies of a letter to Richard Abshire stating our understanding of the function of the Advisory Committee for the Cameron-Creole Watershed Project at this time be sent to all persons involved with the Advisory Committee.

It was agreed that J. B. Watts is authorized to purchase a second head for the weedcutter we recently purchased from Sears for use in trimming grass at pump sites.

A motion was made by W. F. Henry, seconded by Edward Petersen, and unanimously carried to approve partial acceptance of Contract CC-6 with Bob Brothers Construction Company for substantially completed work on Federal Project #69-7217-7-7-19, State Project #574-12-10, Cameron-Creole Watershed Water Control Structures.

There being no further business, the meeting was adjourned.

NOTICE
SUCCESSION OF
NO. 2000-2386
DONALD W. TODD
38TH JUDICIAL
DISTRICT COURT
PARISH OF CAMERON
STATE OF LOUISIANA
NOTICE OF APPLICATION
FOR AUTHORITY TO SELL
IMMOVABLE PROPERTY
AT PRIVATE SALE

NOTICE IS GIVEN that the administrator of this succession has petitioned this Court for authority to sell immovable property of the community of acquets and gains belonging to the deceased and his surviving spouse at private sale in accordance with the provisions of Article 3281 of the Code of Civil Procedure for Eighty-Five Thousand and No/100 ($85,000.00) Dollars cash, the immovable property proposed to be sold at private sale is described as follows:

1. Commencing at a point 275.6 feet West and 30 feet North of the Southeast corner of the Southwest Quarter of the Northeast Quarter (SW/4 of NE/4) of Section 17, Township 12 South, Range 8 West, thence North 906.1 feet, thence West 417.4 feet, thence South 906.1 feet, thence East 417.4 feet to the point of commencement and being further identified as Lot 2 as made by A. D. Watkins, Jr., Registered Surveyor, on July 22, 1958, and filed with a partition as "Exhibit A", in Cameron Parish Conveyance Book 133 at page 407, bearing Clerk's file No. 82030, all as more fully shown on the survey of Fred N. Shutts' Civil Engineer, dated January 3, 1969, marked "Exhibit A" attached to deed file No. 117266, recorded in Book 247 of Conveyance, page 1, records of Cameron Parish, Louisiana, together with all buildings and improvements thereon and all furniture and fixtures contained in said buildings and improvements.

2. Beginning 275.6 feet West of the Southeast Corner of the Southwest Quarter of the Northeast Quarter (SW/4 of NE4) Section 17, Township 12 South, Range 8 West, thence North 417.4 feet; thence East 104 feet; thence South 417.4 feet; thence West 104 feet to the point of beginning, together with all buildings and improvements thereon situated and all furniture and fixtures contained in said buildings and improvements.

Any heir or creditor who opposes the proposed sale must file his opposition within seven (7) days from the day on which the last publication of this notice appears.

By Order of the 38th Judicial District Court for the Parish of Cameron, Louisiana, dated July 11, 1989.

Cameron, Louisiana, this 12th day of July, 1989.

PROCEEDINGS
GRAVITY DRAINAGE
DISTRICT NO. 4

Gravity Drainage District No. 4 held a special meeting at the Creole Community Center in Creole, Louisiana at 6:00 p.m. on Friday, July 28, 1989.

Present: Benny Welch, J. P. Boudoin, Winston Theriot, Richard Dahlen and Swinford Baccigalopi.

Absent: None.

Others present: Lonnie Harper, Dwayne Conner-Police Jurorman.

The meeting was called to order.

The purpose of the meeting was to try and build a temporary situation to relieve the flooding situation in the King Bayou area.

Lonnie Harper spoke to the Board concerning the permits required by CMZ and Corps. of Engineers.

The Board declared an emergency and on motion of Richard Dahlen, seconded by Swinford Baccigalopi and carried 5-0, decided to install a 60" x 80" culvert with flap gates on the East side of the existing structure on the Kings Bayou floodgates.

On motion of Richard Dahlen, seconded by J. P. Boudoin, and carried 5-0, the Board decided that Benny Welch was to order the culvert immediately and have it set in when it is delivered.

Lonnie Harper is to contact the CMZ and Corps. of Engineers to let them know what we are doing. Police Juror, Dwayne Conner, gave his approval of this project.

There being no further business, on motion of Richard Dahlen, seconded by Swinford Baccigalopi, and carried 5-0, the meeting was declared adjourned.

PROCEEDINGS
GRAVITY DRAINAGE
DISTRICT NO. 4

Gravity Drainage District No. 4 held its regular meeting at the Creole Community Center in Creole, Louisiana at 5:00 p.m. on Wednesday, July 19, 1989.

Present: Benny Welch, J. P. Boudoin, Winston Theriot, Richard Dahlen and Swinford Baccigalopi.

Absent: None.

Others Present: Ray Conner.

The meeting was called to order. On motion of J. P. Boudoin, seconded by Richard Dahlen, and carried 5-0, the minutes were approved as read.

On motion of Richard Dahlen, seconded by J. P. Boudoin, and carried 5-0, the financial statement was accepted.

The Board discussed the Welfare Bridge levee situation. Roger Vincent, Jr. is to be contacted and asked to cut gaps in the levee. A letter is to be written to ask for a meeting to discuss the flooding. The Board did take the amount of rainfall into consideration.

Pumpkin Ridge Bayou: The Board decided to purchase a 6 foot x 24 foot culvert to replace the bridge that is broken.

J. P. Boudoin was instructed to check the culvert north of Creole to see if drainage is obstructed.

Richard Dahlen is to check on water lilies in Kings' Bayou to see if they are obstructing drainage.

Ray Coner spoke to the Board about forming a steering committee from Districts 3, 4, 5. A plan would be presented to the public to pass a tax to build a levee South of Intracoastal Canal from Cameron to Mermentau River.

On motion of Richard Dahlen, seconded by Swinford Baccigalopi and carried 5-0, the following bills were paid:

Cameron Pilot	$ 75.00
Jeff Brothers	$ 360.00
Roy Bailey	$ 900.37
Creole Mower	$ 43.88
Savoie Lumber	$ 6.65
Cam-Tool & Machine	$1,056.00

There being no further business, on motion of Richard Dahlen, seconded by Swinford Baccigalopi, and carried 5-0 the meeting was declared adjourned.

REMEMBER?

Hurricane hit parish in 1915

By Keith Hambrick

(Lake Charles American Press, Aug. 22, 1913)
TRAFFIC OUT OF JOHNSON BAYOU

The Port Arthur News says: F. J. Pevoto, of Johnson Bayou, is circulating a petition to secure a light at the entrance of the bayou, at which point there is a seven-foot channel cut through the bar and out into Sabine Lake. Owing to the difficulty of finding this channel in the night when a vessel is coming out of the lake into the bayou these interested are asking that a light be placed at that point. This would be one of those lights placed on a tripod and which do not need constant attention, the type of light being widely used along shallow bays and estuaries by the lighthouse department. Mr. Pavell, who is circulating the petition on the bayou, in Orange, Beaumont and Port Arthur, operates the cotton gin in that settlement.

Pertinent to the matter may be introduced a report of shipping business done in and out of the bayou for the year 1911, the latest annual report available at the government engineer's office, and which report will not vary much from subsequent annual reports, other than possible greater cotton shipments.

The movement in and out of the bayou during the calendar year of 1911 amounted in commodity value to $208,130 divided among the following items:

Cotton and cotton seed, 360 tons, valued at $44,750.

Feed, 69 tons, $1,380.

Hides and furs, 10,000 pieces, $7,000.

Lumber, 66,000 feet, $1,320.

Merchandise, 200 tons, $15,000.

Cattle, horses and hogs, 6,468 head, $124,760.

Poultry and eggs, $6,920.

Wood, 186 cords, $750.

Watermelons and truck, 156 tons, $4,050.

Miscellaneous, 35 tons, $2,000.

Total shipments, 2,231 tons, valued at $208,130.

These figures, which are not carried on the petition but which were secured by the News for this item, will readily furnish the base on which application for a light at the Johnson Bayou bar will be granted or refused. While the government report for the year 1912 is not yet in print, the figures herein given may not be over 10 percent below the business that will be done in that yer or in the current year. The expense of maintenance of these bay lights is very small and the tripod amounts to very little. They are generally a one-man light and a watch is not kept. At many inland streams that are navigable the government maintains lights where traffic is not so heavy as shown in the Johnson Bayou report herein given.

(Lake Charles American Press, Aug. 20, 1915)
HURRICANE HITS CAMERON

One Lake Charles party at Leesburg during the storm was composed of Mr. and Mrs. E. E. Richards and two children, and Mr. and Mrs. Jack Basile and sister, Mrs. Ford. They made the trip down Saturday in Mr. Richards' launch Beatrice, tying up at the Biological station wharf on the east side of the river Saturday afternoon.

Sunday night, while at this wharf, they encountered a strong northeast wind with a high tide, and from some freak of nature the surf was rolling in from the south. The wind increased in velocity until by Monday afternoon it had reached the proportions of a gale.

Monday morning the occupants of the Beach hotel and Mr. and Mrs. Richards and children, left for the protection of the light house.

By Monday afternoon all the land was under water, and the launch Beatrice, at the Biological wharf, was practically moored in the open gulf, with the surf from the sea breaking over and around the launch, forcibly impressing Mr. Barbe with the idea that their party must make an effort to reach the lighthouse. Going up the river a half mile, the gulf seas broke over the boat, the wind finally blowing the boat into a small cove on the edge of the river.

The occupants of the lighthouse seeing their condition, two of the party, Mr. Hill and Mr. Richard, waded out waist deep to within 100 yards of Mr. E. E. Richards and Mr. Barbe's launch. The Beatrice had carried a skiff along as a tender. The women and children were loaded into this boat and Mr. Richards and Mr. Barbe managed to get it close enough to the rescuers so that a rope was thrown them and the four men managed to tow the skiff to the lighthouse, where they stayed Monday night, all day Tuesday and Tuesday night. Their stay there was not without its thrills. Built up twelve feet from the ground, the water reached the floor, and the structure being fifty years old, no little concern was felt as to whether it would be able to withstand the storm. The life boat, a yawl, was badly damaged, and the lighthouse boathouse demolished. Cattle, sheep and hogs that had gathered round the place Monday night were gone at dawn, having been washed away.

Tuesday night the Dean, the first boat from Lake Charles to get through, was sighted, and Wednesday morning at 7 o'clock, it reached the lighthouse and took the inmates off.

At Leesburg every boat was lost, the dance pavilion and wharf were destroyed, all small buildings near the hotel demolished, and the hotel itself heavily damaged, the water having reached a height of two feet in it. According to Mr. Barbe, there is not a wharf left at Leesburg, and many of its residences are destroyed. Practically every structure there is damaged to some extent.

(Lake Charles American Press, Aug. 20, 1909)
LAKESIDE

We are having rain, rain and then more rain. The water in the lake and river at this point (eight miles south of the town of Lake Arthur on the Mermentau and Lake Arthur) has become perfectly fresh. Fishing is good but the water is getting pretty high.

Lowry and Lakeside will be cutting rice in a few days. Lowry has been delayed by the rains.

The disease among the stock has completely abated.

Austele Broussard has taken out a fisherman's license and will soon be in business.

Our very popular school teacher of last term, Miss Myrtle Lopez, of Grand Chenier, has been ill ever since her return home and it is doubtful if she will be able to return for the next term. It is a great disappointment to the little folks as they all liked her very much and we would all be glad to see her return.

(Lake Charles American Press, Aug. 14, 1914)
VINCENT WILL
TOUR CAMERON

Hon. Aladin Vincent will tour the lower parish next week in the interest of his candidacy for congress from the Seventh Congressional District. This week will be spent mostly in Calcasieu Parish, where he is receiving many pledges of support.

Mr. Vincent will go to Leesburg by way of Orange and Johnson's Bayou and will deliver an address there on Aug. 17, at 3 o'clock in the afternoon. He will speak at Creole on Tuesday morning at 10 o'clock, and at Grand Chenier on Wednesday morning at 10 o'clock.

The first highways in the new world were built more than 350 years ago by Inca Indians of South America. At its peak the Inca Empire extended almost 2,500 miles from Columbia to Chile.

Everyone is invited to aid with beaches

By ED KELLEY
Cameron Parish
Tourist Committee

At one time Louisiana was advertised as a Sportsman Paradise. Then due to erosion problems, Government restrictions, and economics, it seems Cameron Parish was doomed for the title "A Paradise Lost".

Now the Gulf of Mexico, who can be our friend or enemy in its moods, has given us a plus in tourism.

While our sister beaches are in trouble, Rutherford Beach has built up to a beautiful beach of sand, sea and sky that has no equal on the Louisiana coast.

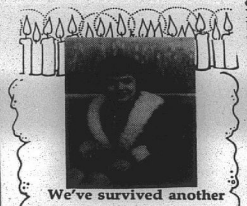
The first plus is Conoco Oil Company, who not only did an excellent cleaning on 5 miles of this beach, has at present donated 20 litter barrels of a beautiful blue color that matches the sea and sky.

In addition, Douaine Conner, Police Jury member from District Four with the support of Ray Conner, Police Jury member from District Five, has supported the Chamber of Commerce Tourism Drive by installing all of the barrels with the parish work crew from his district with foreman Galton Boudreaux supervising the work.

The crew has also swept the beach clean of debris and made improvements that are fantastic. Under parish auspices Mr. Conner will have the trash picked up from the barrels. He has also noted that immediate access roads at the beach will be improved.

The tourist committee and Paul Coreil, president of the Cameorn Parish Chamber of Commerce, have noted that the influx of visitors to this beach has improved by large numbers of people on the beach during week days with greater numbers on weekends.

The Cameron Parish Chamber of Commerce feels that with the Parish continuing to promote the lowering of FEMA restrictions in Cameron Parish, tha. it is a sure thing that this beach will develop into a major tourist attraction with a great economic impact.



We, of the tourist committee, strongly urge that local citizens and visitors to our Parish come out andsee the advantages of this beach.

We also urge the local people and people from adjoining parishes join us with Conoco and others when we clean the beach on the statewide beach clean-up of Sept. 23.

As always a sad note must be injected into this article. People who remove these barrels or take them for personal use will be prosecuted.

We urge local people and others not to use the barrels instead of their regular garbage disposal system.

As with other Parish equipment these donated barrels will be protected by the sheriff's patrol units.

We've survived another year, you'll know what this means if you're raising a teen!

HAPPY 17TH BIRTHDAY

Love,
Mama & Daddy

Jetties to remain open for fishing

By GENEVA GRIFFITH

The Corps of Engineers has rescinded their previous decision to close off the Cameron jetties to recreational use and will now keep it open to 200 feet past the present barbed wire fence at the end of the road.

Much local opposition to the closing of the jetties was voiced at the Cameron Lions Club and Chamber of Commerce conducted a survey five days in July to see what use was being made of the jetties.

Ed Kelley headed the survey and reported that 183 survey forms were filled out, with 425 people represented on the forms.

The survey was conducted under adverse weather conditions with some roads closed during Hurricane Allison, so the surveyors surmised that even more people would have used the jetties under normal weather conditions.

The jetty area is used as an access point for commercial fishermen who are licensed for gill net fishing.

It was also found that numerous shrimp fishermen drive to the jetties to check the condition of the Gulf, thus saving trips out if the water is rough.

Many Cameron residents fish off the jetties to supplement their food supply.

The Cameron Chamber of Commerce said the jetties are a tourist attraction and that a considerable amount of money is spent by tourists toward helping the economy of Cameron Parish.

In addition to Mr. Kelley, helping out with the survey were Bill Turnbull and Beverly Callais.

IT'S BACK TO SCHOOL TIME

FOR SALE

FALL VESPER plants, 8 for $1; $15 house plants for $5. We plant the seed in the sign of the moon. Jones Nursery, 5826 Lake St. (1/4 mile north of Monticellos Vet Clinic) 478-1242. (8/17-30p)

NEW ADDITIONS to the South Cameron High School coaching staff are Tim McCall, wrestling and assistant football coach, and Donna Welch, girls athletics, basketball and track coach.
(Photo by Robert Manuel)

McCall & Welch new coaches at So. Cam.

By ROBERT MANUEL

Tim McCall and Donna H. Welch, graduates of South Cameron High School and McNeese State University, are the newest additions to the South Cameron High School coaching staff.

McCall will replace coach Wayne Johnson who is now a member of the McNeese coaching staff and Welch will take charge of girls athletics.

Donna H. Welch graduated from South Cameron High School in 1983 and McNeese in 1988. Tim McCall graduated from South Cameron in 1982 and McNeese in 1988. Both new coaches completed their practice teaching requirement at South Cameron, McCall under head coach Parry LaLande and Welch under Louella Richard, girls physical education program director.

McCall has a major in HPER with a minor in Biology. Welch has a major in HPER and a minor in Adopted Physical Education. Both new coaches will have a full teaching load besides coaching, Welch in HPER and McCall in science and Biology.

Fishing has been good in marsh

By Loston McEvers

NEW STATE RECORD

In Feb. 1975, a largemouth bass, weighing an even 12 pounds was landed by Harold C. Dunaway. This was a new state record for largemouth bass and this record stood for 14 years.

In 1984, the Department of Wildlife and Fisheries started a Florida bass stocking program and put the Florida bass into Louisiana waters.

In Aug. 1989, a sports fisherman named Larry LeJeune of Livonia, was fishing False River and landed a large bass. It weighed in at 12.94 pounds and has been identified as a pure Florida strain bass. This now breaks the old record held for 14 years, so now there's a new record and a new one to try and break.

NEW HUNTING PAMPHLETS

An arrangement with Louisiana Wildlife and Fisheries and Times Mirror Magazines Inc. of New York, the 1989-90 Louisiana Hunting Pamphlet was printed at no cost, which saved LDWF $86,000.

Times, which publishes monthly Field and Stream, and other magazines, has some advertisement in the new colored pamphlet with Louisiana's first duck stamp and a pair of blue-winged teals on the front. All pages are glossy white.

LOUISIANA WHITE TAIL DEER RECORD

According to reports, we're sure again this year we'll have a good deer season in Louisiana.

The white-tailed herd has reached 625,000. Last year some 200,000 hunters took 140,000 deer, which is about a 60 percent success rate, and it looks better for the '89-'90 season.

AREA FISHING

If you're planning on taking advantage of the good fishing in the Big Burns and other Miami permit fishing, you better do it this weekend as Sunday, Aug. 27, is the last day for this good freshwater fishing area.

Fishing the last week was really good in these areas. Lots of small bass in a day's fishing, keeping only the 15 best bass to bring home and releasing the others.

Lacassine and Sabine will still be open and good fish are coming out of both areas.

On the saltwater scene, speckle trout fishing is really hot right now. Fishing out of the Cameron and Grand Chenier jetties has resulted in some nice catches of specks. One pair of anglers last Tuesday had six specks over 5 pounds.

In the Lake Charles area, they have added "blue" catfish to the list with white and speckle trout of not to eat as pollution has taken its toll. I always said if one species of fish wasn't good, the rest of the fish there will also have toxin readings in them.

LEMESCHE BASS CLUB NEWS

The Lemesche Bass Club held their final club tournament for bass for the year. Lots of bass were caught but not really any big ones. Only nine people fished as a result of anglers having to work.

Largest Stringer, (First through Ninth places): Keno Nunez, Carl Broussard, Gerald Richard, Fredman Theriot, Rudy McEvers, Phillip Trosclair, Ricky Canik, Darrell Boudoin, Ray Theriot.

Larget Bass, (First through Ninth places): Carl Broussard, Keno Nunez, Gerald Richard, Fredman Theriot, Rudy McEvers, Ricky Canik, Phillip Trosclair, (no eighth recorded), Darrell Boudoin.

Team Stringers, (First through Fourth): Carl Broussard and Ricky Canik; Gerald Richard and Fredman Theriot; Rudy McEvers and Darrell Boudoin; Ray Theriot and Phillip Trosclair.

In a close race for three anglers for outstanding angler, it ended with Ricky Canik, 146 points; Phillip Trosclair, 145 points; Carl Broussard with 142 points. Rounding out the rest of the ten were Keno Nunez, Gerald Richad, Darren Thibodeaux, Francis Basco and Fredman Theriot, tie for 7th; Rudy McEvers, Darrell Boudoin, and Ray Theriot. The next six anglers in order were, Mike King, J. C. Boudreaux, Travis Broussard, Anthony Nunez, Ernest Richad and Tom Hess.

Ricky Canik also had the largest bass of the year at 5 lbs. 8 ozs.

The largest team was Ricky Canik and Phillip Trosclair and the top money winner was Carl Broussard.

The club really had a good year for bass fishing and points were very close for all anglers.

Weigh master Pete Duhon was very careful for weights, girths and lengths at weigh-ins and it sure told at the end of the year.

The club is ready now to have their speckle trout and red fish club tournaments in the next two months.

Additions to Special Olympics

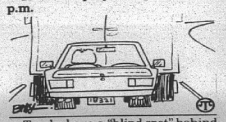
During 1989-90 Darrel East would like to add softball and basketball teams to Special Olympics in Cameorn Parish.

"In the past we have participated in volleyball, bowling and track and field events, he said." If you wish to join as a volunteer, coach, participant, or help in any way call 538-2254

On local levels the age starts with preschoolers (track and field in the spring). On a state level the age starts with 10 years and up. There is no upper age limit. If you are interested, please call 538-2254.

and coach at South Cameron High school were the result of the strong influence of goal setting in planning their respective careers in education.

Timothy McCall is married to the former Angella Bihm and they have one daughter Gambrielle. Donna Harrington Welch is married to Benjamin Welch Jr. and they have one son, Jamison.



PICTURED ARE Katherine Wickle and Scott Myers with their entry in the recent Children's Parade held during the Summer Fishing Festival.

ID's Checked At The Door

DEAR CUSTOMERS,

Prior to 1985 we operated the system with 9 sewer pump stations and revenues from 626 customers. Since that time we have added an additional 12 sewer pump stations and added 136 new customer revenues. The Ad Valorem Tax Revenues for the district have decreased from about $78,000.00 in 1985 to $42,000.00 in 1988.

The district has now used up all its reserved funds and due to the increased cost of operating and maintaining the system and the direct loss of revenues has made it necessary for the Board to increase the sewer rates from $9.00 to $15.00 per month.

Section 5.02 of the Revenue Bond Agreement requires that the district maintain a sewer charge sufficient with accompanying funds from other sources (Ad Valorem Taxes) to maintain and operate the district.

If we can be of any further assistance in the above matter please feel free to call us at 775-5660.

Floyd Saltzman, President
Cameron Sewer District No. 1

RUN: Aug. 17 & 24

NOTICE OF EXTENSION OF PUBLIC COMMENT PERIOD ON PROPOSED CONSENT DECREE BETWEEN LOUISIANA DEPARTMENT OF ENVIRONMENTAL QUALITY AND PPG INDUSTRIES, INC.

The Louisiana Department of Environmental Quality has extended the period during which it will accept comments on the proposed Consent Decree concerning the State's allegations of environmental violations by PPG Industries, Inc., in Lake Charles, Louisiana, specifically relating to the contamination of sediments and marine life in the Bayou D'Inde area of the Calcasieu estuary.

The Department of Environmental Quality will accept comments on the proposed Consent Decree through September 21, 1989. The public is invited and encouraged to submit written comments and questions to the Department of Environmental Quality, Office of Water Resources, P. O. Box 44091, Baton Rouge, Louisiana 70804-4091, attention: Tom Killeen. All comments will be considered by the department in reaching a decision on whether to make the proposed Consent Decree final.

Terms and conditions of the proposed Consent Decree and related documents may be reviewed at the following locations:

1. Louisiana Department of Environmental Quality, Legal Division, 7th Floor, State Land and Natural Resources Building, 625 North Fourth Street, Baton Rouge, La 70804; and 1112 Paris Street, Lake Charles, Louisiana 70605, Monday through Friday, 8:00 a.m. to 4:30 p.m.

2. Calcasieu Parish Library, 414 Pujo Street, Lake Charles, LA 70601; and 91 Center Circle, Sulphur, LA 70663.

3. McNeese State University, Frazier Memorial Library, Beauregard Street, Lake Charles, LA 70609.

Copies of the proposed Consent Decree and related documents are available to the public for a nominal fee.

Wildlife refuges views offered

By C. A. Riggs
Former Member of Cameron Parish Police Jury and La. Wildlife & Fisheries Commission

I wish to congratulate the Police Jury and Chamber of Commerce for taking a strong stand against the creation of another wildlife refuge. If governmental agencies with unlimited funds to gobble up our lands continue, the Police Jury will no longer have any lands to tax and nothing to govern.

The total acreage of Cameron Parish is about one million acres. Of this total Sabine Wildlife Refuge has 149,000 acres, Lacassine Refuge has 31,000 acres and Rockefeller Refuge has 83,000 acres. Add about 200,000 acres for Miami Corporation and Amoco Oil and you have about one-half the total land area in Cameron Parish that the people have absolutely no input on whatsoever.

I would like to comment on the so called public improvements on Sabine Wildlife Refuge totaling $1,445,000 especially the two water control structures. There was a time when the marsh was fresh in Sabine and adjacent marshes west of Highway 27. However, the manager of Sabine was plagued with alligator grass creating a serious navigational problem. So, therefore, they decided to dig a large salt water canal on Hog Island gully (a natural bayou) in order that the salt water could circumvent the refuge, thus killing the alligator grass and enhancing navigation.

In so doing Sabine Wildlife Refuge created about 50,000 acres of salt water marsh on privately owned land. At first the people were unhappy but in due time the marsh became highly productive for shrimp, crabs, and many species of fish. Last year about 100 people were making a living directly from the production of seafood, not to mention those indirectly affected like catching the large white shrimp when they migrated back to Calcasieu Lake.

However, those in charge of Sabine Refuge have decided after 30 years that they are getting too much salt water; and thus built the two salt water control structures and have stopped the natural ebb and flow of the tide to thousands of acres of privately owned land.

By closing the gates during heavy rainfall and the opening of Toledo Bend dam gates, water flowed through the refuge from the Sabine River and created a serious drainage problem for numerous residents.

It is unbelievable that the two federal refuges now in existence comprising 180,000 acres employ only 21 people. As for the $99,661 of which the Jury got half, this comes to about 25¢ per acre.

Also, Sabine Wildife Refuge sets such a small quota on alligators until they are spreading out all over and becoming a nuisance.

And last, but not least, none of the refuges permit the mosquito control district to spray on any of their lands, and therefore 242,000 acres of marsh is a prime breeding ground for mosquitos and numerous other insects. This is a hardship for some families living near the refuge because at times they are plagued by an epidemic of mosquitos. This creates a serious problem as far as mosquito control in our parish.

Please, no more refuges in Cameron Parish.

Street drive

The Cameron Volunteer Fire Department will hold its annual Muscular Dystrophy street drive Friday, Sept. 1, from 8:30 a.m. to 6 p.m.

All money collected will go to help Jerry's Kids.

Cameron girl is national winner

By GENEVA GRIFFITH

Sarah Henry has every right to be a lover of "Horse Flesh", it is in her genes.

The 11-year-old daughter of Mr. and Mrs. Scott Henry of Cameron is descended from the early pioneers of lower Cameron parish, such as the Davis, Murphy, Richard, Savoie, Welch, Meaux, and Rutherford families, who were some of the first settlers.

It was the lure of lush marshes and pastureland that brought the first settlers to the parish in the early 1800's to raise their cattle and horses.

It was at the cattle round-ups where the first rodeos were conceived, and the annual cattle drives where cowboys became closely associated with their trusted horses.

Miss Henry's maternal grandfather, Cameron Parish Sheriff Sono Savoie, for years served as the "trail-boss" of the annual cattle drive of the Creole cattle herds to winter pastures at Johnson Bayou.

Sarah has been rodeoing since she was 4 years old and has a special relationship with her quarter-horse, Mr. Speedy, who she prefers to ride bareback.

She is only sorry that her favorite form of riding is not permitted in Little Britches rodeos in which she competes.

She has just returned from the Little Britches National Finals in Colorado Springs, Colo., where she competed against 500 contestants and came out in the top ten.

She placed 7th in the barrels and 8th in the poles contests. She also received a standing ovation when she went through her routine with Mr. Speedy.

Before she could qualify for the finals she had to place in horse shows in the local, state and the Southern Regional of the National Finals horse show in Atlanta, Ga.

In the district show in Lake Charles, she placed first in pole bending and third in barrels, competing against 22 contestants.

She won the state honor in pole bending against 83 contestants in Baton Rouge at the state show and also a third place against 91 contestants in barrels.

She was also in the top ten in the preliminaries and finals.

Her rodeoing and horse events are 4-H projects on which she has to keep intricate and accurate records. Silver belt buckles, ribbons, awards and a saddle decorate her wall and room from her winnings.

Grooming and practicing on her horse is a daily ritual with which she has plenty of help from her sister and two brothers, and also local cousins.

Since she is the oldest child of the Henrys, she is setting a course that the other children seem eager to follow.

SARAH HENRY, who was a national Little Britches Rodeo winner, is shown with her horse "Mr. Speedy". (Photo by Geneva Griffith)

Ba... alligators hatched by Rockefeller Refuge

By GENEVA GRIFFITH

There is a rush of activity on Rockefeller State Wildlife Refuge this weekend, and all of it centered around the "Maternity Ward."

Thousands of baby alligators are hatching out in the clutches of alligator eggs that have been incubating back in the specially made and temperature controlled hatchery.

Several nurses from South Cameron hospital were there Saturday, along with their children and grandchildren to help birth the tiny alligators, instead of humans.

Up to Saturday over 12,000 alligators had already been hatched this season at the refuge.

When the hatching process starts everyone pitches in to help, including Wildlife and Fisheries agents, refuge workers and the biologists, many of whom have worked since the inception of the program in 1964.

David Richard, a biologist at the refuge, explains that when the baby alligator is ready to emerge from the shell it makes a slight beeping sound, not unlike that heard over a household telephone, then uses its one tooth it is born with on top of its nose to break through the egg.

When the birthing process starts all of the eggs in the clutch must be broken quickly. The emerging babies are taken immediately to the warm pens and they start swimming around in the water.

The clutch (usually around 40

TODD FOSTER here tries his hand at helping a young alligator to hatch from the egg at the Rockefeller Wildlife Refuge. (Photo By Geneva Griffith)

Legislators honored at reception

Cameron and Calcasieu Parish legislators were honored at a reception held Monday night at Burton Coliseum in recognition of their support of legislation to deal with coasal erosion and wetlands loss.

The reception was sponsored by the Coalition to Restore Coastal Louisiana, The Cameron Chamber of Commerce and the Lake Charles American Press.

Speakers urged citizens in attendance to support Constitutional Amendment No. 2 that would dedicate funds for coastal restoration work.

"This is not a tax . . . the money's already there," said Dave Soileau, representing Gov. Roemer.

Constitutional Amendment No. 2 will be on the Oct. 7, primary ballots. The legislation would dedicate at least the first $5 million of annual mineral revenues to a trust fund for coastal erosion.

Cameron Chamber of Commerce President Paul Coreil narrated a slide show which illustrted the loss of coastal wetlands and beach area in the Constance and Holly Beach areas.

Dave Chambers, director of the DNR's Coastal Restoration Division, praised the Southwest Louisiana legislators in attendance for their extra work to win appropriations of $5-6 million for highway protection projects along the Cameron Parish coastline.

Lawmakers in attendance at the reception included state Sens. Bill McLeod and Jack Doland and Reps. Wilford Carter, Randy Roach, Vic Stelly, and Tim Stine.

Rodney Guilbeaux was master of ceremonies.

Name omitted

The name of the one of the Cameron Boy Scouts who recently attended the National Scout Jamboree was inadvertently left out of the story in the Cameron Pilot last week.

He is Brady Richard, 14-year-old son of Carla and Bryson Richard, an Eagle Scout and a student at South Cameron High School.

Youth inducted as Eagle Scout

By GENEVA GRIFFITH

Christopher Allen Hebert was inducted into the Eagle Scouts at a Boy Scout Court of Honor Saturday afternoon in the courtroom of the Cameron courthouse.

Jerry C. Jones, Cameron Parish District Attorney and a recipient of the Silver Beaver Award, and a great-uncle of Hebert, served as Master of Ceremonies.

The ceremony began with the marching in of 15 Eagle Scouts from Boy Scout Troop 210 of which Christopher is a member. The invocation was led by Rev. Paul Carter, pastor of Wakefield Memorial United Methodist Church.

Dan Didelot, Scoutmaster of Troop 210, explained the Eagle Scout requirements and listed the projects that Hebert completed to earn the coveted rank of Eagle Scout; his main community service project was the "Get Out to Vote" campaign during the last election.

Donna LaBove, representing the Cameron State Bank, which sponors the local Boy Scout Troop 210, read a touching letter from Christopher's mother to the troop scoutmaster thanking him for his influence on Hebert's life.

Mrs. LaBove also handed out awards of appreciation from the bank to the assistant scoutmasters and the scoutmaster, or their representatives and the parents.

A poem, "An Eagle Scout", was read by J. B. Jones, Jr., Hebert's maternal grandfather.

The Eagle Scout charge was given to Hebert by Wayne Batte, Principal of South Cameron High School and the holder of the Eagle Scout honor himself.

Hebert is an eighth grade student at South Cameron High school where his favorite subjects are math and science. He is 13 years old and the youngest Eagle Scout in Troop 210 of Cameron.

There will be a Coastal Concern meeting Tuesday, Sept. 5 at 7 p.m. at the Police Jury annex to discuss new information on the TEDS. All commerical shrimpers are urged to attend.

SHOWN AT the Court of Honor ceremony at which Christopher Allen Hebert received his Eagle Scout award were, from left: Scoutmaster Dan Didelot, Donna LaBove of the Cameron State Bank, troop sponsor; Mrs. Ruby Hebert, grandmother; Christopher; Jennifer Jones Bercier, mother; John Portie, assistant scoutmaster; Mrs. Carolyn Harper, representing her husband, assistant scoutmaster. In the rear is Bradley Taylor, representing his father, Larry Taylor, assistant scoutmaster. (Photo by Geneva Griffith)

Classes set for adults

Adult education classes will be offered at various schools throughout Cameron parish if there are at least 12 persons in each location interested.

The classes are designed for persons 16 years old or older who wish to complete their high school education. Students in adult education will use computers along with teacher instruction to complete their education.

There is no cost for the classes which will begin as soon as enough persons are registered.

To register contact the school secretary at the following high schools:

Grand Lake School, 598-2231, Janice Crador; Hackberry High School, 762-3306, Molly Aucoin; Johnson Bayou School, 562-2138, Diane Price; South Cameron High School, 542-4419, Bobbye Primeaux.

Exceptional children are sought here

The Louisiana Department of Education has established a standard procedure for the identification, screening and evaluation of exceptional children between the ages of birth and 21. Cameron Parish School Board's Child Search Program is part of this state-wide effort to provide all children an appropriate education.

Child Search Program attempts to identify students who may be mentally handicapped, hearing or visually impaired, learning disabled, speech or language impaired, emotionally disturbed, health impaired, or gifted and talented. A student may be exceptional if he or she does not respond to sounds, appears clumsy, is over-aggressive, withdrawn, shows lack of academic achievement, or over-achievement.

Following screening procedures being conducted, parental permission must be obtained, in order for a formal multidisciplinary evaluation to occur. Although only a parent or guardian may give formal written approval for an evaluation, any individual may refer a student.

Cameron Parish's Child Search Program is also concerned about handicapped students who have chosen to discontinue special education services or drop out of school. Special Education services continue to be available through 21 years of age. Should you know of someone who would like to re-enroll in this program, a referral to the Child Search Program would be appropriate.

To refer a child or to request additional information, please contact Willyne Kestel, Supervisor of Special Education at 775-7570 or write to P.O. Box W, Cameron, La. 70631.

Alligator check-in set

The Alligator Check-In for the 1989 season for tags, licenses, and skinning instructions will be held at Rockefeller Wildlife Reserve on the following schedule.

No tags or licenses will be issued after Sept. 18, 1989.

Tuesday, Sept. 5: Miami Corporation hunters, 7 a.m. - 12 noon; Little Chenier, Grand Chenier, Calcasieu Parish, 1-5:30 p.m.

Wednesday, Sept. 6: Johnson Bayou hunters, 7-10 a.m.; Hackberry, Sabine Refuge, 10 a.m. -12 noon; Lake Arthur, Big Lake, 1-5:30 p.m.

Thursday, Sept. 7: Vermilion Corporation, 7 a.m. -12 noon; Vermilion Parish hunters, Cameron, Creole, 1-5:30 p.m.

Cameron, Louisiana
August 14, 1989

The Cameron Parish School Board met in regular session on this date with the following members present: Arnold Jones - President, Preston Richard, Betty Seay, Daniel Billiot, Ricky Guidry and Dan Dupont. Absent: None.

On motion of Mr. Dupont, seconded by Mrs. Seay, the Board approved the agenda.

On motion of Mr. Billiot, seconded by Mr. Dupont, the Board approved the minutes of the regular session of July 12, 1989 and the special session of July 24, 1989 as published in the official journal.

On motion of Mr. Richard, seconded by Mr. Dupont, the Board deferred action until later in the meeting on bids for a mineral lease on Section 16-12-5.

On motion of Mr. Billiot, seconded by Mr. Dupont, the Board convened into executive session.

BACK IN REGULAR SESSION

On motion of Mr. Billiot, seconded by Mr. Dupont, the Board deferred action on a mineral lease for Section 16-12-6 until a special meeting on Wednesday, August 16, 1989 at 2:00 p.m.

On motion of Mr. Billiot, seconded by Mr. Dupont, the Board accepted the bid of Clayton W. Williams, Jr., Inc. for a mineral lease on Section 16-15-7, containing approximately 22.46 acres, for a cash payment of $4,514.46. No other bids were received. See the attached resolution.

On motion of Mr. Billiot, seconded by Mr. Dupont, the Board accepted the bid of Bryant Domingue in the amount of $625.00 for a surface lease on Section 16-12-10. No other bids were received.

On motion of Mr. Dupont, seconded by Mr. Billiot, the Board approved a request from ARCO to assign all of its interest in Section 16-14-5 to Universal Drilling Co., Inc.

On motion of Mr. Richard, seconded by Mr. Guidry, the Board approved a request from Halliburton Geophysical to conduct seismic work on Section 16-15-5, which is not currently under lease.

On motion of Mr. Billiot, seconded by Mrs. Seay, the Board accepted low bids on fuel for School Board vehicles. See the attached tabulations.

On motion of Mr. Billiot, seconded by Mr. Dupont, the Board accepted the low bid of Interstate Company of La. in the amount of $11,522.19 for 70 units of lockers for Hackberry High School. Another bid in the amount of $11,555.00 was received from AAA Material Handling.

Mr. Billiot made a motion that a full-time guidance counselor be hired for Johnson Bayou High School. The motion died for lack of a second.

On motion of Mr. Richard, seconded by Mr. Dupont, the Board approved a resolution to be sent to our congressional delegation in Washington, D.C. regarding reduction in assessment of public service properties. See attached resolution.

RESOLUTION

WHEREAS, in accordance with the laws of the State of Louisiana, application was made to the Cameron Parish School Board requesting that a certain parcel of land belonging to the Cameron Parish School Board, situated in Section 16-15-7, be advertised for an oil, gas, and mineral lease, and

WHEREAS, in due course the requested advertisement for this lease was published in the Official Journal of the State of Louisiana and the Parish of Cameron for the prescribed statutory period of time, and

WHEREAS, in response to said advertisement the following bid was received and opened in public session of the Cameron Parish School Board on the 14th day of August, 1989, at a regular meeting of the Cameron Parish School Board.

BIDDER: Clayton W. Williams, Jr., Inc.; Bid, for a three year lease on approximately 22.46 acres; Cash Payment, $4,514.46 ($201.00 per acre); Annual Rental, $2,257.23; Royalties, 1/4 of all oil produced and saved or utilized, 1/4 of all gas produced and saved or utilized, 1/4 of all other liquid gaseous minerals in solution and produced with oil and gas and saved or utilized.

WHEREAS, the Cameron Parish School Board feels that it is in the best interest of the Cameron Parish School Board to accept the bid of Clayton W. Williams, Jr., Inc.

NOW, THEREFORE BE IT RESOLVED by the Cameron Parish School Board, in regular session convened at the office of the said School Board in Cameron, Louisiana on the fourteenth day of August, 1989, the bid of Clayton W. Williams, Jr., Inc. be accepted and,

BE IT FURTHER RESOLVED that Arnold C. Jones, President of the Cameron Parish School Board, be and he is hereby authorized and directed to execute on behalf of the Cameron Parish School Board an oil, gas, and mineral lease in favor of Clayton W. Williams, Jr., Inc. covering the above descrived bid as submitted and said lease to be subject to the approval of the State Mineral Board.

Adopted and approved this 14th day of August, 1989.

APPROVED:
Arnold C. Jones, President
CAMERON PARISH SCHOOL BOARD
ATTEST:
Thomas McCall, Secretary
CAMERON PARISH SCHOOL BOARD

RESOLUTION

WHEREAS, HR 2378 would result in a drastic reduction in assessment of public service properties, and

WHEREAS, the Cameron Parish School Board is dependent upon the assessment of such properties for much of its income, and

WHEREAS, if this legislation passes the Cameron Parish School Board would lose 15.2% or $15,282,812 from the current tax bases, which would drastically reduce the tax dollars collected by the Cameron Parish School Board in its struggle to finance the ever increasing cost of operating our school system.

NOW, THEREFORE BE IT RESOLVED that the Cameron Parish School board urges you to oppose this legislation because of its adverse effect on Cameron parish and every other parish in this state, and

BE IT FURTHER RESOLVED that copies of this resolution be sent to our entire congressional delegation.

Adopted and approved the fourteenth (14th) day of August, 1989.

APPROVED:
Arnold C. Jones, President
CAMERON PARISH SCHOOL BOARD
ATTEST:
Thomas McCall, Secretary
CAMERON PARISH SCHOOL BOARD

On motion of Mr. Dupont, seconded by Mrs. Seay, the Board received correspondence.

On motion of Mr. Billiot, seconded by Mr. Dupont, the Board decided not to install a canopy on the West side of the South wing of the School Board Office.

On motion of Mr. Richard, seconded by Mr. Dupont, the Board received committee reports as follows:

California Achievement Test Scores for Grades 4, 6, & 9 - Robert Ortego

10th Grade Writing Results - Robert Ortego

Parishwide In-Service - Judith Jones

On motion of Mr. Dupont, seconded by Mr. Guidry, the Board approved paying fees to presenters for the parishwide in-service in the amount of $1,975.00 for six presenters.

On motion of Mr. Guidry, seconded by Mr. Billiot, the Board received a report on individual school audits from James Watts, and requested a price quote on a blanket bond to be considered at the September 11, 1989 meeting.

On motion of Mr. Guidry, seconded by Mr. Dupont, the Board adopted policies and procedures for individual school accounting and authorized the Superintendent to pursue a procedure handbook for school accounting.

On motion of Mr. Guidry, seconded by Mr. Dupont, the Board received the annual transportation report of vehicle operations from Roger Richard.

On motion of Mr. Guidry, seconded by Mr. Dupont, the Board approved new parking regulations on school campuses on a pilot basis.

On motion of Mrs. Richard, seconded by Mr. Guidry, the Board approved a request from the Superintendent to attend the National Council on Teacher Retirement Conference as the Superintendents' representative to the council.

On motion of Mr. Billiot, seconded by Mrs. Seay, the Board appointed James Reed as meat processing plant manager at Hackberry High School.

On motion of Mr. Dupont, seconded by Mrs. Seay, the Board appointed Ruby Romero as lunchroom worker at Johnson Bayou High School.

On motion of Mr. Dupont, seconded by Mr. Billiot, the Board appointed Paula Pruitt as special education aide at Cameron Elementary School.

On motion of Mr. Dupont, seconded by Mr. Guidry, the Board authorized advertisement for personnel for federal programs as follows:

(1) Tutor
(2) Proctor for drop-out prevention program at South Cameron High School (JTPA)

On motion of Mr. Dupont, seconded by Mrs. Seay, the Board approved the teacher list for 1989-90.

On motion of Mr. Guidry, seconded by Mr. Billiot, the Board approved a sabbatical leave for Lou Grovenburg, teacher at South Cameron Elementary School, for rest and recuperation (emergency request).

On motion of Mr. Guidry, seconded by Mr. Billiot, the Board received a retirement notice from Karen Boudreaux, teacher at Grand Lake High School.

On motion of Mr. Dupont, seconded by Mr. Richard, the Board received an update on new legislation affecting schools.

On motion of Mr. Dupont, seconded by Mr. Richard, the Board received a report on surface cleanup work on Section 16-14-5 from Uland Guidry.

On motion of Mr. Richard, seconded by Mr. Richard, the Board approved a request from Sonat Exploration Company for a right of way on Section 16-14-5 to remove well casing stub on the Miami Corporation C-1 Well on Section 9-14-5.

On motion of Mr. Dupont, seconded by Mr. Guidry, the Board approved final acceptance on the A/C Chiller and related work at Grand Lake High School in the amount of $7,187.00.

On motion of Mr. Richard, seconded by Mr. Dupont, the Board approved the financial report for the month of July and authorized renewal of certificates of deposit.

On motion of Mrs. Seay, seconded by Mr. Dupont, the Board approved payment of bills for the month of July.

On motion of Mr. Richard, seconded by Mr. Dupont, the Board adjourned until the special session of August 16, 1989. The next regular session is scheduled for Monday, September 11, 1989.

Baby alligators hatched

Cont. from Pg. 1

eggs) had been previously collected from the nests in the marsh and carefully marked and brought to the refuge in steel baskets to stay in the temperature controlled incubators until they are born.

Richard explains that the temperature of the incubators controls the sex of the baby alligators.

When the temperature is 90 degrees and above there will be all males, but a big percentage will be "runts".

The ideal temperature is 89 degrees, of which there will be a 60-40 ratio of males and females. These will grow to be large alligators, which is the desirable trait.

Cooler temperatures produce females, but there will also be runts in the clutch.

Richard explains, "You are living on the edge when the eggs are allowed to be too cool or too hot, which is why we see that this is very carefully controlled."

Larry McNease explains why each egg has a felt tip pen mark on the top of it.

"It is very important that when the eggs are picked up from the nest that each one is marked before it is touched so it can be kept with the right side up.

"When the egg is fertilized the embryo attaches itself to the top of the egg and if it is turned over it dies."

Guthrie Perry, a refuge biologist and program coordinator points to the opaque banding on the eggs which shows that they are fertile.

This appears on the fertilized egg about 24 hours after the laying. The eggs are picked up from the nests in the wild about 24 hours after laying, during the three week nesting period each year.

The nests had previously been spotted from the air and photographed for identification.

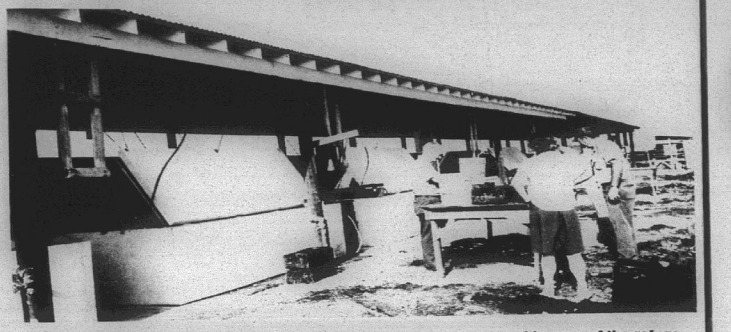
The workers at the refuge help the birthing process by helping to break the eggs so the tiny alligators can emerge.

They come out squirming and beeping, and if they are injured in any way, or have distended stomachs, they are put in the ICU wards for almost complete recuperation.

They are very hardy and most can be saved, with very few fatalities.

Ted Joanen, who heads the alligator research program at Rockefeller explains that the work the refuge has been doing on the research at the refuge actually is saving the population.

If the eggs were allowed to remain in the wild in the nests, only a small percentage would survive, due to predators, etc., but by the careful incubation at the refuge, over 95 percent survive.



Seventeen percent of the hatched gators are then returned to the marshes from which they came, thus giving more than would have survived on their own, when they are four foot long.

The extensive alligator research program that is being carried on at Rockefeller Refuge not only helps the alligator farmers in the profitable raising of domesticated "gators" it shows the local landowners why it is so important to preserve the wetlands.

The alligator industry in Louisiana is expected to bring in from 30 to 40 million dollars to the state's economy for the next two years, and alligator skins selling from $55 to $60 per foot.

75,000 gators are expected to be raised on farms in Louisiana this year, which will mean a tremendous boost in the state's depressed economy.

Cameron Parish should be proud that one of the greatest potential industries to come to the state which originated right here in this corner of Southwest Louisiana and that there are the dedicated biologists at Rockefeller that have pioneered the program and are still learning and passing on all their information on alligators.

Knights meet on the Bayou

F. J. Pavell K. of C. Council 8323 of Holly Beach and Johnson Bayou held an open meeting Aug. 22, at the Renewal Center of Assumption Catholic Church in Johnson Bayou.

Following a covered dish supper Angela Touchet Broussard of Sulphur made a presentation on building healthy marriages through Natural Family Planning uses, the courses of The Couple to Couple League. Angela and her husband, John, have recently been certified to teach Natural Family Planning, the first couple certified in the Cameron and Calcasieu area.

During the regular meeting that followed, Grand Knight Derald Jinks announced his program personnel appointments.

Knight of the Month certificate was presented to Financial Secretary Rodney Guilbeaux and the Gerald Touchet family was named Family of the Month.

The Council bid farewell to their Chaplain, Rev. Christian LeFrois, who left Aug. 23, for his new assignment in Warner Robins, Ga.

Two events announced were the raffle with a $500 first prize to be held Tuesday, Sept. 19, with 100 tickets being sold at $10 each. Tickets can be obtained from any K. of C. member.

The second event is the annual New Year's Eve dance to be held on Sunday, Dec. 31, in the Multi-Purpose Building in Johnson Bayou.

SOUTH CAMERON Elementary 4-H member, Jennifer Savole, is being presented with a $25 savings bond for having placed among the top 10 for her 4-H Beef Records. Nancy Cronan, 4-H Agent, hands her the prize.

Unemployment down

Cameron Parish had the second lowest unemployment rate in the state during July dropping from 6.4 percent in June to 6.1 percent in July.

Only Lincoln Parish with a 5.3 rate had a lower jobless rate for July.

The Cameron Parish jobless rate was much lower than the 9.7 percent rate for Louisiana in July

Tarpons win in Iowa Jamboree

By ROBERT MANUEL

The South Cameron Tarpons made a successful debut into the 1989 football season with a 22-0 victory over Basile in the annual Iowa football jamboree last week.

The Tarpons defense had its problems containing the power thrust of Basile's Scott Miller, a 210 lb. fullback, but once they got the ball, the Tarps struck like lightning.

The Basile Bearcats took their initial ball possession and moved from their 35 downfield with Miller getting most of the necessary yards to maintain the ongoing drive. As the ball moved closer to the Tarpon goal line, a momentum of leather popping became more distinct. The Bearcat ground game came to a grinding halt. The Tarpon offense took over on their 25.

While the Bearcat defense and the fans were trying to determine where the ball was in the criss-cross action play, quarterback Robin Rutherford came to a halt, cocked his arm and all eyes shifted to the secondary. There was split end Derek Hardie deep and 10 yards behind the secondary, steaming towards the goal line. A little hesitation and Hardie took the Rutherford bomb over his shoulder and sprinted into the end zone.

The pass play covered 75 yards. Thomas "Pop" Moore sprinted around his right end for the PAT. The Tarpons had an 8-0 lead on their first play from scrimmage with less than two minutes left to play in the first 10 minute period. The Bearcats had consumed 8 minutes of the 10 minute first half playing time.

The Tarpons took complete control from then on and tacked two scores in the 10 minute second half playing period.

It was a night of big plays for the Tarpons. Kevin Olivier, a junior, rammed over guard and sprinted 65 yards for the second touchdown. Albert Doucet took a short pass from Rutherford for the PAT.

Minutes later Doucet took a 15 yard touchdown pass from Rutherford. The PAT attempt failed. Rutherford ended his passing debut with five perfect strikes, two for touchdowns, one for a PAT and two to tight end Dwayne Guilbeaux.

Quarterback Robin Rutherford looked fit and able in handling the quarterback position. His receivers in the jamboree game were impressive and could be a big help in giving the ground game a chance to develop.

The Tarpons will face the AA Iowa Yellow Jackets at Iowa this Friday in the season opener at 7 p.m. The game is a toss-up with both teams looking to strengthen certain aspects of their game.

Congratulations to Kevin Olivier and Albert Doucet for making such a strong comeback following last year's injuries.

Festival to have LIttle Mr./Miss event

The fourth annual Alligator Festival will include a Little Mr. and Miss contest for children ages one through 10. A boy and girl will be chosen as Alligator King and Queen.

Winners will be the boy and girl bringing in the most money to benefit the church. They will represent the Alligator Festival and ride in the Louisiana Wildlife Parade in Cameron in January.

The winners will each be awarded a crown, trophy and banner. They will receive a $50 savings bond. Other contestants will be awarded gifts for their efforts.

Contact Norma Pinch at 538-2470 or 538-2167 to register for the contest.

The festival will take place at the Grand Chenier Park Sept. 24.

Memorial books given here

New memorial books in the Cameron Parish Library are listed as follows, with names of the ones in memory and donors, respectively:

Great Shape, Edna Miller by David Montie.

Majesty of the River Road, Floyd Kelley by Bobby, Glenda, Mike and David Montie.

Weight Watchers Quick and Easy Menu Cookbook, Neomi "Sissy" Penny by Calcasieu-Marine National Bank.

Vocation of a Teacher, Martha Ann Sigler by Ed and Jeanette Benoit.

Trial Lawyers, Bill LeBoeuf by Jennifer Jones Bercier.

Solving the Puzzle of Your Hard-to-Raise Child, Floyd Kelley by Ching Conner-Wasmuth.

Parent's Guide to Asthma, Mrs. Alfred Theriot by Mr. and Mrs. Lynn McCall.

Annual Garden, Elise G. Clark by Janie and Bill Turnbull.

Prentice Hall Encyclopedia of Garden Flowers, Elise G. Clark by Cameron Parish Libaray Board and Staff.

Baldcypress, Eddie D. Conner by Mrs. Harry Veillon and Mr. and Mrs. Dennis Johnson and Family.

FUNERALS

LARRY JOHN CONNER

Funeral services for Larry John "Black O" Conner, 51, of Creole, were held Saturday, Aug. 26, from Sacred Heart Catholic Church.

Msgr. M. J. Bernard officiated. Burial was in Sacred Heart Cemetery.

Mr. Conner died Thursday, Aug. 23, in the Cameron hospital.

A lifelong resident of Cameron Parish, he was a member of Knights of Columbus Council 3014, Louisiana Cattlemen's Association and Sacred Heart Catholic Church, and was a construction foreman for Crain Brothers Construction.

Survivors are his wife, Mrs. Marie Conner; two daughters, Mrs. Pamela Ann Bridges and Cindy Conner; one son, Marshall Blaine Conner; three brothers, Harry "Geno" and Kermit Conner, all of Creole and Gervis Conner of Sulphur, his mother, Mrs. Bernice Conner of Creole, and three grandchildren.

ERNEST G. DEVALL JR.

Funeral services for Ernest G. "Erni" Devall Jr., 39, of San Francisco were held Saturday, Aug. 26, in Johnson Funeral Home in Lake Charles.

The Rev. Rene Saltzman officiated. Burial was in Pujol Cemetery in Big Lake.

Mr. Devall died Aug. 15, in a San Francisco hospital.

A Vietnam veteran, he served in the U. S. Air Force as a sergeant first class and in the Secret Service Intelligence Division for four years following his tour of duty. He was a graduate of the Jane Demmon School of Beauty and worked for Peggy's Hair Shop before moving to San Francisco where he worked as a professional hair dresser and instructor.

Survivors are two sisters, Gwendolyn Devall Hicks of Houston and Wanda Devall of Lake Charles; one brother, Gregory M. Devall Sr. of Big Lake; his parents, Ernest G. Devall Sr. and Florence Devall of Big Lake, and maternal grandmother, Mrs. Bessie Johnson of Lake Charles.

MRS. ALICE NUNEZ

Funeral services for Mrs. Alice Nunez, 93, of Lake Charles, were held Tuesday, Aug. 29, from St. Eugene Catholic Church in Grand Chenier.

The Rev. Robert Shreve officiated. Burial was in St. Eugene Cemetery.

Mrs. Nunez died Sunday, Aug. 27, in the South Cameron Memorial Hospital.

A native of Grand Chenier, she had lived in Lake Charles seven years. She was a member of St. Eugene Catholic Church where she was in the Altar Society. She was married to Jeff Nunez for 77 years.

Survivors are one son, Ray Nunez of Grand Chenier; one daughter, Ruby Mhire of Grand Chenier; one stepson, Houston Miller of Creole; seven grandchildren, 15 great-grandchildren and three great-great-grandchildren.

LEGAL NOTICES

ADVERTISEMENT FOR BIDS
Sealed proposals for the construction of the following project will be received by the Cameron Parish Gravity Drainage District #4, Cameron Parish, Louisiana until 5:00 P.M. on September 21, 1989 at its regular meeting in the Creole Fire Station located in Creole, La.
Project Number: 1989-04-03
Fabrication of Water Control Structures.
The rules and regulations for the State Licensing Board for Contractors will apply. Proposal forms will not be issued later than 24 hours prior to the hour and date set for receiving proposals. Every bid submitted shall be accompanied by a certified check or bid bond in the amount of 5% of the bid and shall be made payable to the Cameron Parish Gravity Draing edistrict #4.
Full information and proposal forms are available at the office of Lonnie G. Harper & Associates, Inc., Post Office Box 229, Grand Chenier, Louisiana 70643-0229, (318) 538-2574. Plans and specifications may be inspected upon deposit of $50.00 per set which will be refunded less $25.00 for reproduction charge, upon return of plans and specifications within 10 days after the bid date. Bids must be submitted on proposal forms provided by the engineer. Official action will be taken after the Board has had the opportunity to review all bids. The Cameron Parish Gravity Drainage District #4 reserves the right to reject any or all the proposals and to waive informalities.
Cameron Parish Gravity Drainage District #4

RUN: Aug. 31, Sept. 7

PUBLIC NOTICE
Sealed bids will be received until 9:00 A.M., September 15, 1989, in the Police Jury Meeting Room of the Parish Government Building, Cameron, Louisiana, to purchase a non-exclusive franchise for the construction, maintenance and operation of a cable television system within Cameron Parish.
The Cameron Parish Police Jury reserves the right to reject any/or all bids and to waive formalities.
Bid forms may be obtained at the Cameron Parish Police Jury office, Cameron, Louisiana.
RUN: Aug. 31, Sept. 7, 14

NOTICE TO BIDDERS
Sealed proposals for the construction of the following project will be received by the Cameron Parish School Board, Cameron, Louisiana, until 10:00 A.M., Monday, Sept. 11, 1989 in the Cameron Parish School Board Office.
Bids are for furnishing all labor and materials and performance of all work for Energy Management Equipment installation for the Cameron Parish School Board, II & B Project 1912.
All as per plans and specifications prepared by Hackett & Bailey, which plans and specifications and proposal forms are on file and available for examination by prospective bidders and other interested parties at the office of HACKETT & BAILEY, Architects and Civil Engineers, 1440 West McNeese Street, Lake Charles, La. One copy may be obtained at the above address by deposit of $50.00 per set which will be refundable upon return of the plans and specifications within ten (10) days after the bid date.
All bids must be sealed and will be publicly opened and read at the above designated place and time. No proposal may be withdrawn within thirty (30) days after the above scheduled time of opening and the right is reserved to reject any and all bids and to waive informalities.
Official action will be taken at the Regular Meeting of the Cameron Parish School Board on Monday, Sept. 11, 1989.
The Contractor will be paid on monthly estimates in cash in accordance with the specifications.

ADMINISTRATOR-TREASURER
RUN: Aug. 17, 24, 31

PROCEEDINGS
Minutes of the regular meeting of Cameron Parish Waterworks Recreation District No. 5, July 18, 1989.
The meeting was called to order by chairperson Shirley Chesson. Members present were Joey Babineaux, Alex Beard, Jr., Shirley Chesson, Pat Hebert and Pete Young.
A discussion was held about the sale of the water tank. It was reported that the tank was not listed on the inventory and probably belongs to property of the police jury and therefore could not be sold by the district.
A discussion was held about a fitness center trampoline that had been borrowed by a parent and not returned after it was asked for. Upon a motion by Joey and seconded by Pat the board moved to take legal action to recover the property. The motion also stated that in the future the employee loaning out items would be held responsible and that items should not be loaned out since they are public property.
The board agreed to refund fitness center memberships to a youth who did not meet the age guidelines for membership without having his parent work out with him.
The financial report was discussed, a copy can be reviewed in the recreation center office during normal business hours.
Upon a motion by Pat and second by Alex the board moved to levy 5.0 mills upon the assessment of the district for the maintenance of the facilities.
Betty stated that the concessions and vending machines have been doing good this summer.
Betty asked for a chair for her office. Her chair is as old as the recreation center, and fell apart. No action was taken on the request.
Betty stated that she had not heard any news about her missing wallet.
Betty stated that the profanity problem has been solved by letting the kids know that they could be arrested for profanity.
Betty stated that she needed filters for her vacuum cleaners. It was stated that filters were normal cleaning supplies and that she had the authority to purchase them.
Peggy asked for a clarification from the board as to whether or not the same rules apply to pool parties that apply to regular pool hours. The board stated that the same rules apply.
APPROVED:
/s/ Shirley Chesson, Chairperson
RUN: Aug. 31

PROCEEDINGS
From Gravity Drainage District No. 7, Johnson Bayou, La.
Meeting was called to order at 7:00 P.M. on the 24th day of Aug. 1989 at Johnson Bayou office of Gravity Drainage District No. 7. Roll as follows:
Present: Gene Constance, Edward Hebert, W. H. Griffith, Russell Badon.
Absent: Rogerest Romero.
Guests: Rodney Guilbeaux, L. J. Hebert, George Bailey, Allen Trahan, Ernest Carroll Trahan.
Motion to accept minutes of July meeting by W. H. Griffith, second by Edward Hebert, passed.
Motion to review and pay bills by Edward Hebert, second by W. H. Griffith, passed.
Bob Poitevent, investigator for the U. S. Corps of Engineers, attempted to contact President, Gene Constance with reference to four breaks in levee of step ditch by Fina property (East Mud Lake) caused by Hurricane Chantal. Motion by Russell Badon, second by Edward Hebert to have our Link Belt dragline repair the breaks and properly maintain the levee as soon as the high water subsides enough to allow our dragline to work that area. Passed.
Allen Trahan requested help with a drainage problem that apparently he has leased from Mrs. Jo Dabbertine in Sec. 10, T15S, R14W. Motion by Edward Hebert, second by W. H. Griffith to put two 24" culverts and write to the Cameron Parish Police Jury requesting use of Parish equipment replace inadequate 12" culverts, passed.
Glen Trahan of Samedan Oil Co. requested that 3-36" culverts be replaced with larger culverts on Sawan Canal by Cameron Meadows Road at the expense of Gravity Drainage District #7. President Gene Constance has visited the site, and found that the 3-36" culverts were not draining properly because of accumulated grass and dirt. Because of the considerable expense of installing larger culverts, it was agreed that the existing culverts be first cleaned properly and then checked for drainage. Motion by W. H. Griffith, second by Russell Badon, passed.
G.D.D. #7 Engineer George Bailey gave a report of his meeting with State Representative Randy Roach with reference to having Louisiana D.O.T.D. replace culverts across La. Highway 82 at Holly Beach. Engineer to report on an inspection trip to that area with Joe Landry of D.O.T.D.
There being no further business, motion to adjourn by Edward Hebert, second by Russell Badon, passed.
/s/ GENE CONSTANCE, PRESIDENT
ATTEST:
/s/ RODNEY GUILBEAUX, EXEC. SEC.
RUN: Aug. 31

NAME:
ROBERT M. McHALE
WHEREAS, ROBERT M. McHALE, by act passed by James R. Savoie Sheriff and Ex-Officio Tax Collector of and for the State of Louisiana, Parish of Cameron, purchased the property described below in confirmation of the adjudication made to ROBERT M. McHALE, at public auction on the 20th day of April, 1983, by the Sheriff of this Parish by virtue of delinquent taxes.
WHEREAS, ROBERT M. McHALE has applied to this Court for a monition or advertisement in conformity with LSA-R.S. 47:2241, et seq.
THEREFORE, in the name of the State of Louisiana, and the Thirty-Eighth Judicial District Court, in and for the Parish of Cameron, State of Louisiana, all interested persons who can establish any right, title, or claim in and to the property described below, in consequence of any informality in the order, decree, or judgment of the Court under which the said above related to was made, or any irregularity or illegality in the appraisements and advertisements, in the time or manner of the sale, or for any other defect whatsoever, are cited and admonished to show cause, within thirty (30) days from date of which this monition is published, why the said sale so made should not be confirmed and homologated.
The property affected by this monition is:
Commencing at a point West, a distance of 8.3 feet and North 4 degrees 33 minutes East, a distance of 455.3 feet from the Southeast Corner of Section FORTY-ONE (41), Township TWELVE (12) South, Range TEN (10) West, Cameron Parish, Louisiana, thence running West a distance of 250.0 feet, thence running North 4 degrees 26 minutes East, a distance of 200.0 feet, thence running East, a distance of 250.5 feet, thence running South 4 degrees 33 minutes West, a distance of 200.0 feet to the point of commencement, together with all improvements situated thereon.
Cameron, Louisiana, this 10th day of August, 1989.

PUBLIC NOTICE
CAMERON PARISH COASTAL USE PERMIT APPLICATION
Interested parties are hereby notified that the Coastal Management Section of the Cameron Parish Police Jury has received the following apparently complete application for a Coastal Use Permit in accordance with the rules and regulations of the Louisiana Coastal Resources Program and R.S. 49:213.1, the State and Local Coastal Resources Management Act of 1978, as amended.
L.C.U.P. Application #890807 CORPS OF ENGINEERS #
Name of Applicant: Henry Mayer, P.O. Box 52465, Lafayette, La. 70505.
Location of Work: Grand Chenier Area - Sections 13 and 24 Township 15 South, Range 6 West.
Character of Work: Restoration of Spoil Bank component to provide containment at the southern boundary of existing management unit. Approximately 78500 cu. yds. of sand and clay material will be removed by dragline from within the existing management unit and used to restore the existing spoil embankment.
The decision on whether to issue a permit will be based on an evaulation of the probable impacts of the proposed activity in accordance with the state policies outlined in R.S. 49:213.2. The decision will reflect in the national concern for both protection and utilization of important resources. The decision must be consistent with the state program and approved local programs for affected parishes and must represent an appropriate balancing of social, environmental and economic factors. All factors which may be relevant to the proposal will be considered; among these are flood and storm hazards, water quality, water supply, feasible alternative sites, drainage patterns, historical sites, economics, public and private benefits, coastal water dependency, impacts on natural features, compatibility with the natural and cultural setting and the extent of long term benefits or adverse impacts.
Certification that the proposed activity will not violate applicable water and air quality, laws, standards and regulations will be required before a permit is issued.
Any person may request, in writing, within the comment period specified in this notice, that a public hearing be held to consider this application. Request for public hearings shall state, with particularity, the reasons for holding a public hearing.
Plans for the proposed work may be inspected at the Cameron Parish Police Jury Annex Building, Coastal Management Division, Courthouse Square, P.O. Box 366, Cameron, Louisiana, (318) 775-5718. Written comments should be mailed within 25 days from the date of this public notice to Cameron Parish Police Jury, Coastal Managment Division, Post Office Box 366, Cameron, Louisiana 70631.

L.C.U.P. Application #8908604 CORPS OF ENGINEERS #
Name of Applicant: Clayton W. Williams, Jr., Inc., 6 Desta Drive, Suite 3000, Midland, Tex. 79705.
Location of Work: Hackberry Beach Area - Section 9, Township 15 South, Range 7 West.
Character of Work: Proposed to introduce fill sand to construct a cattle walkway to allow cattle to access the north side of the Clayton W. Williams, Jr., Inc. State Lease 12848 No. 1 and No. 2 Well Site. No dredging will take place; all fill material will be approximately 200 cu. yds. of sand.
The decision on whether to issue a permit will be based on an evaulation of the probable impacts of the proposed activity in accordance with the state policies outlined in R.S. 49:213.2. The decision will reflect in the national concern for both protection and utilization of important resources. PUBLIC NOTICE
CAMERON PARISH COASTAL USE PERMIT APPLICATION
Interested parties are hereby notified that the Coastal Management Section of the Cameron Parish Police Jury has received the following apparently complete application for a Coastal Use Permit in accordance with the rules and regulations of the Louisiana Coastal Resources Program and R.S. 49:213.1, the State and Local Coastal Resources Management Act of 1978, as amended.
L.C.U.P. Application #890807 CORPS OF ENGINEERS #
Name of Applicant: Henry Mayer, P.O. Box 52465, Lafayette, La. 70505.
Location of Work: Grand Chenier Area - Sections 13 and 24 Township 15 South, Range 6 West.
Character of Work: Restoration of Spoil Bank component to provide containment at the southern boundary of existing management unit. Approximately 78500 cu. yds. of sand and clay material will be removed by dragline from within the existing management unit and used to restore the existing spoil embankment.
The decision on whether to issue a permit will be based on an evaulation of the probable impacts of the proposed activity in accordance with the state policies outlined in R.S. 49:213.2. The decision will reflect in the national concern for both protection and utilization of important resources. The decision must be consistent with the state program and approved local programs for affected parishes and must represent an appropriate balancing of social, environmental and economic factors. All factors which may be relevant to the proposal will be considered; among these are flood and storm hazards, water quality, water supply, feasible alternative sites, drainage patterns, historical sites, economics, public and private benefits, coastal water dependency, impacts on natural features, compatibility with the natural and cultural setting and the extent of long term benefits or adverse impacts.
Certification that the proposed activity will not violate applicable water and air quality, laws, standards and regulations will be required before a permit is issued.
Any person may request, in writing, within the comment period specified in this notice, that a public hearing be held to consider this application. Request for public hearings shall state, with particularity, the reasons for holding a public hearing.
Plans for the proposed work may be inspected at the Cameron Parish Police Jury Annex Building, Coastal Management Division, Courthouse Square, P.O. Box 366, Cameron, Louisiana, (318) 775-5718. Written comments should be mailed within 25 days from the date of this public notice to Cameron Parish Police Jury, Coastal Managment Division, Post Office Box 366, Cameron, Louisiana 70631.

PROCEEDINGS
Cameron, Louisiana
August 16, 1989
The Cameron Parish School Board met in special session on this date with the following members present: Arnold Jones - President, Ricky Guidry, Betty Seay, and Dan Dupont. Absent: Preston Richard and Daniel Billiot.
On motion of Mr. Guidry, seconded by Mr. Dupont, the board received a report from Jerry Jones on negotiations with Exxon.
On motion of Mr. Dupont, seconded by Mrs. Seay, the Board accepted the bid of Exxon Corporation for a cash payment of $45,120.00 for a mineral lease on 150.4 acres in Section 16-12-6. See the attached resolution.
On motion of Mr. Gudiry, seconded by Mr. Dupont, the Board adjourned.
APPROVED:
/s/ Arnold C. Jones, President
CAMERON PARISH SCHOOL BOARD
ATTEST:
/s/ Thomas McCall, Secretary
CAMERON PARISH SCHOOL BOARD
RESOLUTION
WHEREAS, in accordance with the laws of the State of Louisiana, application was made to the Cameron Parish School Board requesting that a certain parcel of land belonging to the Cameron Parish School Board, containing approximately 150.4 acres, situated in Section 16-12-6, be advertised for an oil, gas and mineral lease, and
WHEREAS, in due course the requested advertisement for this lease was published in the Official Journal of the State of Louisiana and the Parish of Cameron for the prescribed statutory period of time, and
WHEREAS, in response to said advertisement the following bid was received and opened in public session of the Cameron Parish School Board the 14th day of August, 1989, at a regular meeting of the Cameron Parish School Board.
BIDDER: Exxon Corporation.
BID: For a three year lease on approximately 150.4 acres.
CASH PAYMENT: $45,120.00 ($300 per acre).
ANNUAL RENTAL: 1/2 of total cash payment.
ROYALITIES: 26% of all oil produced and saved or utilized, 26% of all gas produced and saved or utilized, 26% of all other liquid or gaseous minerals in solution and produced with oil and gas and saved or utilized.
WHEREAS, the Cameron Parish School Board feels that it is in the best interest of the Cameron Parish School Board to accept the bid of Exxon Corporation.
NOW, THEREFORE BE IT RESOLVED by the Cameron Parish School Board, in special session convened at the office of the School Board in Cameron, Louisiana on the sixteenth (16th) day of August, 1989, the bid of Exxon Corporation be accepted, and
BE IT FURTHER RESOLVED that Arnold C. Jones, President of the Cameron Parish School Board, be and he is hereby authorized and directed to execute on behalf of the Cameron Parish School Board an oil, gas, and mineral lease in favor of Exxon Corporation covering the above described bid as submitted and said lease to be subject to the approval of the State Mineral Board.
Adopted and approved the 16th day of August, 1989.
APPROVED:

MR. AND Mrs. Leslie J. Swire of Kirbyville, Tex., announce the engagement and forthcoming marriage of their daughter, Tammy L. Swire to Joseph W. Smith, son of Mr. and Mrs. Marshall J. Smith of Kirbyville. The wedding is set for Saturday, Sept. 9, in Kirbyville. The bride-elect is the granddaughter of Lula Mae Swire of Hackberry.

Homemakers planning 50th anniversary

Dominating the August meeting of the Creole Extension Homemakers Club held in the home of Mrs. Camellia Nunez was a discussion by members on the upcoming celebration of the 50th anniversary of the Cameron Parish Extension Council. The celebration is set for Sept. 30, at South Cameron Elementary School. Members discussed plans to locate former members so as to extend them an invitation to attend.

It was also decided to publish a notice in the Pilot asking that anyone knowing of a deceased person who at one time belonged to a Cameron Parish Homemakers Club, send that person's name to Mrs. Wayne Montie at P.O. Box 116, Creole, La. 70632.

Members voted to contribute $75 out of the treasury to help with the cost of staging the celebration.

In discussing the naming of Education Committee chairmen and monthly meeting hostesses for the coming year, members agreed that chairmen and hostesses would remain the same as in 1989.

Assisting Mrs. Nunez with hostess duties was Betsy Carter.

Attending as guests were Mrs. Gordon Nunez, Mrs. Myrna Conner and Mrs. Laura Richard.

Photo exhibit opens on 5th

On Tuesday, Sept. 5, the third annual photographic exhibit, "A Roadside View of Louisiana", will open at the Brimstone Museum in Sulphur.

This title has been chosen because all areas photographed are accessible by car. All photos were taken by Mike LeBlanc, professional photographer from Lake Charles. During the past year he has traveled thousands of miles within the state to seek out the areas which comprise this year's exhibit.

Cowbelles to meet on Sept. 6

The September meeting of the Cameron Parish Cowbelles will be held Wednesday, Sept. 6, at 6:30 p.m. at the Creole Fire Station.

Mrs. John Hardy Lannin

Miss East is wed to Mr. John Hardy Lannin

Lisa Gaye East and John Hardy Lannin were married Saturday, July 22 at the Sacred Heart Catholic Church in Creole. The Rev. Robert Shreve officiated the double ring candlelight ceremony.

Parents of the couple are Mr. and Mrs. Darrell East of Grand Chenier and Mr. and Mrs. Sonny Lannin of Big Lake.

She was given in marriage by her father.

Toni Mhire served as maid of honor, Debbie Doxey, matron of honor and bridesmaids were Xann Murphy, Allyson Bourriaque, Donna Kay Conner and Donna Welch.

Mandy and Amber East were the flower girls. Scott Myers was the ring bearer. Ashley Kelley and Chance Doxey was the minature bride and groom.

Tammy Trahan and Lori DeSonier served as candlelighters.

Best men were Sonny Lannin and Greg Lannin. Groomsmen include Greg Wicke, Mark Lannin, Joe Young and Randall Richard. Bryan East and Greg Wicke were the ushers.

A reception was held at the Knights of Columbus Hall in Cameron.

After a wedding trip to San Antonio, Tex., the couple is making their home in Big Lake.

The bride is a graduate of South Cameron High and McNeese State University. She is employed by Boeing of Louisiana.

The groom is a graduate of Grand Lake High and McNeese State University. He is employed of Amoco Production Co.

JOSEPH W. "Pete" Rutherford of Creole and Regina Rutherford Benoit of Grand Chenier announce the engagement and forthcoming marriage of their daughter, Denise Rutherford to Billy DeLaney, Jr., son of Mr. and Mrs. Bill DeLaney, Sr. of Buna, Tex. The wedding is set for Saturday, Sept. 9, at the Creole Fire Station.

SOUTH CAMERON quarterback Robin Rutherford on a keeper play here makes good yards through the Basile defenders in last week's game in the Iowa Jamboree. Rutherford connected on 5 for 5 passes, 2 touchdowns and an extra point. (Photo by Robert Manuel)

TWO HACKBERRY youngsters won top honors at the Southwest Classic Jackpot Livestock Show held in Oberlin Aug. 19. Cody Fenetz, son of Tony and Kelli Fentez, is shown at left with his Grand Champion Market Hog. Daniele Delcambre, daughter of Bill and Gail Delcambre, is shown at center and left with her Reserve Champion Market Swine and Reserve Champion Market Lamb. Both won money, rosettes and jackets.

MUSING . . . . . By Bernice Denny

Teachers vital in child's development

The most potent and indirect influence in a child's development is a good teacher. And the first step -- perhaps the most important -- is for the teacher to inspire the pupil with a desire to learn.

For the child the teacher must encompass him within a climate of trust, affection, and respect. Then he/she must teach accurately, thoroughly, and earnestly. It is far more important to direct a child to investigate and to think for himself than to overburden him with scores of barren, lifeless facts. There will be times when the teacher must open the way for the pupil, times when he/she must patiently allow him to explore for himself.

Alexander the Great, conqueror of the whole known world of his day, had this to say about Aristotle, his beloved teacher, "I am indebted to my father for living, but to my teacher for living well."

So great was the mental caliber of Aristotle that Plato, the Greek philospher, once said, "He is Intelligence Personified."

Edith Cavell, the dedicated English nurse who was invited to teach in a nursing school in Belgium prior to and at the time of World War I, was as knowledgeable of anatomy as any surgeon and as capable as the best of instructors. A strict disciplinarian, she surrounded her girls with empathy and compassion.

One of them, Jacqueline VanTil, wrote after Nurse Cavell had been executed by German army officials: "But she gave us more than knowledge. She was as fiercely protective of us as she was strict."

We are all familiar with the story of Anne Sullivan and of the miracle that she wrought in the life of blind, deaf, and mute Helen Keller.

After Miss Sullivan's death, Keller wrote, "I look forward to the world to come where all physical limitations will drop from me like shackles, where I shall again find my beloved teacher, and engage joyously in greater service than I have yet known."

All teachers cannot be Aristotles or Edith Cavells or Anne Sullivans. Each has his or her own personality, but all can give of the best of themselves and can stimulate the child in his life and pursuit of knowledge.

Then with Faye M. Sears, a Virginia member of the Delta Kappa Gamma Society International, some student may say of his or her teacher:

"My thoughts will never be the same since you crossed my barren path. I am glad our lives have touched, if only for a brief span of time. Maybe some day I'll be able to repay you for the paradise created, as you walked softly, special teacher, into the caverns of my mind."

Ask Ochsner

Q. Is there a way to tell whether or not a cut needs stitches without going to an emergency room?

A. One of the most common dilemmas when someone experiences a cut is deciding if it is serious enough to require a physician's help. Dr. Richard McConnell, chairman of the emergency medicine department at the Ochsner Clinic in New Orleans, says that when the question "Should I go to the doctor for this?" arises, the rule of thumb is to get some kind of medical advice about it--even it if's just asking the doctor by telephone.

The doctor can usually advise over the phone what type of treatment is needed; whether to thoroughly clean and bandage the wound at home or if stitches or other attention may be needed.

There are several instances when you should seek a physician's help. These include:

1. When any cut is caused by a foreign material, such as a piece of glass, splinter, etc., or if you are not sure what caused the wound;

2. Any burn deeper or larger than one to one and a half inches across, or which has occurred in a cosmetic area, such as the face;

3. Any wound in which foreign material is imbedded, such as dirt, that is not easy to clean at home;

4. Any wound caused by a bite--especially a human bite, which is much more dangerous than an animal bite. This type of injury needs to be treated as soon as possible.

Dr. McConnell says anyone who has a tendency to develop infections, including diabetics and heart patients, should automatically see the physician as soon as possible for any wound.

Amendment guide ready

The Public Affairs Research Council (PAR) "Guide" to the 13 proposed constitutional amendments, to appear on the Oct. 7, statewide ballot, is now available, PAR President Mark Drennen announced.

Drennen noted that, unlike the comprehensive single amendment on the April 29, ballot this time citizens will be able to make separate decisions on each of the 13 proposed amendments. PAR's "Guide" explains the consequences of a vote "for" or "against" each of the amendments to help voters make informed decisions.

The "Guide" analyzes the current situation and proposed changes, and provides other pertinent information such as financial impact and comparisons with other states. The 13 proposals cover a variety of subjects; five are similar but not identical to changes proposed in the April 29, amendment while eight are new subjects, PAR noted.

Topping the list as No. 1 on the ballot is a proposal to create a Transportation Trust Fund, dedicate to it all of the state's 16 cents a gallon/motor fuel taxes by fiscal 1991-92, trigger the levy of an added four-cent tax to finance a four-lane highway program (TIME) to link urban areas and improve the New Orleans port and airport, and prohibit state sales taxes on gasoline/motor fuel. Consumers would pay only two cents a gallon more in taxes because of the sales tax ban.

No. 2 would help finance a program to conserve and restore Louisiana's rapidly eroding wetlands by dedicating at least $5 million a year from state mineral revenue.

No. 3 would let the state exempt inventories from property taxes up to 15 years, for new and expanding manufacturing and wholesale distribution firms.

The other 10 proposals range from increasing the $3 a year private autolicense tax by at least $7 and assuring highways get the money to creating majority black districts in 27 parishes for election of state judges.

PAR has kept a running count of the number of constitutional amendments proposed and ratified under the previous and present state constitution. The 1921 state constitution had 802 amendments proposed and 536 approved before it was replaced with the 1974 constitution.

The state constitution, now 15 years old and the state's 11th, has had 38 amendments voted on and 22 of them approved. The 13 proposed amendments to appear on the Oct. 7, ballot are the most voters have faced since the present constitution was adopted, but are far fewer than the 50 or more amendments which sometimes were placed on a ballot under the old constitution, PAR noted.

Drennen urged voters to be informed on the 13 proposed constitutional amendments before they vote on Oct. 7. Copies of PAR's 12-page "Guide to the Proposed Constitutional Amendments" can be obtained by writing PAR, P.O. Box 14776, Baton Rouge, La. 70898-4776, or calling (504) 926-8414. The price is $1.50 each ,or reduced prices for bulk orders.

Seminar to be held on 13th

A seminar to explain "Louisiana Open House" will be held in Cameron Sept. 13, at the Police jury annex, beginning at 10 a.m.

Carol Andrepont with the La. Dept. of Tourism in Baton Rouge will conduct the seminar that will teach Cameron residents how to use the La. Open House theme during the year 1990 to boost tourism and the local economy.

Everyone is invited to attend. Interested persons should contact members of the Cameron Chamber of Commerce for more information.

Amendment likened to life preserver for La.

Amendment 1, to be voted on by Louisiana voters on Oct. 7, was likened by a legislative committee chairman to a life preserver being tossed to a man going under water for the third time in a highway hearing in Lake Charles Tuesday.

"The Legislature has thrown us a ring, but it is up to you to help this state's transportation system go forward," said Ron Landry of Lafourche Parish, chairman of the Joint Legislative Subcommittee on Highway Planning and Construction. Landry presided over the subcommittee's annual hearing on highway needs for the Department of Transportation and Development's District 07.

Amendment 1 will create a transportation trust fund and constitutionally lock up tax revenues going to the state from fuel sales and dedicate expenditures to transportation projects — including highways, ports and airports.

Rep. Quintin Dastugue of Metairie displayed a graph which showed that in the last few years, revenues from fuel sales have increased dramatically while expenditures on the transportation system have declined.

Passage of Amendment 1 will mean a net increase of only 1 cent per gallon in gasoline taxes for purchasers, he explained. It will repeal the current 3 percent sales tax on gasoline and institute a 4-cent per gallon tax dedicated to the trust fund.

Legislators will not be able to dip into the revenues for other purposes, he said.

Tax revenues from the sale of aviation fuels will be dedicated to provide matching funds for federal airport construction projects. Estimated revenues from the tax will be $2 million a year, which can be used to bring in $40 million in federal money, Dastugue said.

Passage will mean $5.5 million in revenue for the statewide flood control project, he said. The parish transportation fund, which doles out state funds to parishes for non-state road work, had only $7 million to distribute statewide this year, but if the trust fund is approved, $40 million is proposed for distribution to the parishes.

Gator hunting begins on 6th

By Loston McEvers

BIG BURNS CLOSES — DOVE SEASON TO OPEN

Well, another year of permit fishing on Miami Corporation lands has come to an end as of Aug. 27. The Big Burns and the Amoco properties of Miami have produced some real fine white perch, breams, catfish and bass fishing this past year. We are lucky to have all these acres of land to fish in our area. Remember it is closed to all recreational fishing.

Alligator hunters will start Sept. 6, and the trappers will start for nutria and other furs and of course hunting season. All of these are private affairs and the permit fishing will open again next March.

Dove season will open Saturday, Sept. 2 through Saturday, Sept. 10. This is the first of a three way split. The second part of the split will open Saturday, Oct. 14, through Saturday, Nov. 12. The last of the split will be Saturday, Dec. 9 through Monday, Jan. 8.

The daily bag limit will be 12; possession limit 24. Shooting hours, noon until sunset first two days of each split (Sept. 2-3, Oct. 14-15, Dec. 9-10); and on the remaining days one-half hour before sunrise to sunset.

CALCASIEU RIVER SYSTEM EFFECTS

For many years many groups have been concerned and outspoken about pollutions coming out of some of the chemical and petro plants in the Calcasieu area as well as the Cameron parish area.

The Calcasieu Rod and Gun Club, the old Cameron Rod and Gun Club, as well as the Lemesche Bass Club of Cameron Parish, have always been outspoken on the pollution issues, knowing that someday it would effect us greatly, through contamination of our rivers and bayous, effecting our fish, ducks, furs and our grassy marshes.

I think this issue could have been solved many years ago, if our politicians wouldn't have turned their backs, just to keep a big money thing going.

Well, we can't undo what happened, but we can surely begin to have these companies who are responsible have a clean up now. Also we need to stop these polluters now.

I think the La. Dept. of Environmental Quality is on the right track in trying to clean up and stop HCB/HCBD in the river system, but be firm and stop it all together now. Don't delay anymore. Penalties should be given to those who don't comply.

First it said stop the swimming, then came the white trout and speckle trout and now the blue catfish. This has given the southwest a bad name in our commercial fish being used in eating establishments in our state and many other states. Again what's next, crabs, shrimps, oysters, redfish, flounders, croacker and I could go on and on.

Your CD's coming due. Earn more with Nuveen.

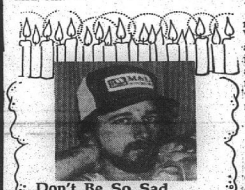
6.84%* = 10.20%†

Nuveen Tax-Free | Taxable CD**

While CD accounts, which are insured by an agency of the US Government are short-term investments that pay fixed principal and interest but are subject to fluctuating rollover rates, Nuveen is a long-term investment with a fluctuating redemption value that pays a consistent stable rate.

For more complete information on the Nuveen Tax-Exempt Unit Trust, including charges and expenses, request a prospectus. Read it carefully before you invest or send money.

*Current return is computed by dividing net annual income, after annual expenses, by the public offering price for a purchase of Nuveen National Trust on 457 on Aug. 29, 1989. The return will vary with changes in income, expenses, purchase price, payment option and the amount invested. And redemption value prior to maturity could be higher or lower depending on prevailing interest rates. Interest income may be subject to state and local taxes.



†For investors paying 33% tax rate., you would need this taxable return just to equal this tax-free yield.

Court reset

Judge Ward Fontenot has cancelled the criminal court session set for Sept. 7, and rescheduled it for Oct. 12, in 38th Judicial Court in Cameron.

The session was reset due to a civil trial that may run longer than originally anticipated.

The effects for commercial fishermen and also sports fishermen could really be devastating to Southwest Louisiana.

Now in the news is that the State Department of Health and Hospitals officals has recommended against expanding a fish advisory on the Calcasieu River to include blue catfish, but has recommended that lower Bayou Verdine and the Coon Island Loop be added to a pollution advisory warning against swimming, wading or other contact water sports.

It seems not every catfish checked by DEQ was contaminated over the alert level but the average were. These catfish weren't just in one spot, they were found throughout the whole Calcasieu River System from the salt-water barrier south, however, the upper portion around Bayou D'Inde and Prien Lake were where it was worst.

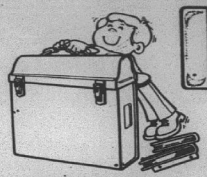
My concern is that I fish the river system around Prien Lake bridge and also around the LNG cuts and also many of my friends from Cameron parish, plus all our friends from Calcasieu Parish and other areas.

Something else is just how far down will this keep coming toward the Hackberry and Cameron area and really ruin us.

I think something needs to be done and done now. Write or call your U. S. congresman and let them know how you feel. Say what's on your mind. If it's legal to burn our American Flag, then surely we can express our opinion on this issue.

LEMESCHE BASS CLUB NEWS

I would like to make a correction as Phillip Trosclair and Gerald Richard had the largest team stringer for the year, not Phillip Trosclair and Ricky Canik.



The club will hold their regular meeting Tuesday, Sept. 5, at the WOW Hall in Creole. All members are asked to attend as we will nominate for election new officers and any other changes needed. We will not have a meeting in October, but will vote at the November meeting.

FISHING FOR BASS STILL NOT OVER

In our area remember Sabine and Lacassine Refuges are still open for bass. Don't forget the Calcasieu River and the Lake Arthur-Lowery area. Now if you want to really travel, Toledo Bend and Sam Rayburn Lake will surely show you some fine bass fishing.

Before eating anything. the raccoon first washes the food in the nearest available water.

REAL ESTATE

LAND FOR sale in Big Lake area. Either 44 or 51 acres, take your choice. Vincent B. and Winola Compton, Rt. 2 Box 266, Lake Charles, La. 70605. Phone 598-2169. (8/24-9/14p)

HOME FOR sale: Three bedroom, 2 bath brick home on slab, with large living room, formal dining room, game room, 2 utility rooms, covered patio, near hospital. Call 542-4482 after 5 p.m. and on weekends. $79,500. (8/3-31p)

Camp Fire meets set

Camp Fire Council of Sowela will hold two parents' meetings for the purpose of explaining the Camp Fire program and organizing Camp Fire youth clubs in the Cameron, Creole and Grand Chenier areas. Camp Fire is a national youth organization for kindergarten through twelfth grade boys and girls.

The first meeting will be at Cameron Elementary School Thursday, Sept. 7, at 7 p.m., in the school cafeteria. The second meeting will be held at South Cameron Elementary School on Monday, Sept. 11, at 5:15 p.m. in the school cafeteria. Parents and youth may attend either meeting.

A slide presentation, display of materials, and question and answer period led by the recruiter will help parents and youth understand the new Camp Fire program and decide whether to participate. For more information, contact Cyndi Sellers at 775-7586 (evenings) or the Camp Fire office in Lake Charles at 478-6550.

Workshop to be held here

A workshop on Louisiana Open House will be held Wednesday, Sept. 13, from 10 a.m. to 4 p.m. in Cameron, at the Cameron Police Jury Annex.

Louisiana Open House, a yearlong program developed by the Department of Culture, Recreationand Tourism for 1990, is designed to boost Louisiana's economy by attracting an unprecedented influx of visitors to the state.

A series of special events, to be implemented primarily at the local level, will showcase Louisiana's unique features, and according to Lieutenant Governor Paul Hardy, will bring the people of the state together in a spirit of unity, cooperation and pride.

REMEMBER?

1912 visitors are recalled

By Keith Hambrick

(Lake Charles American Press, Aug. 30, 1912)
MANY VISITORS AT CAMERON

Aug. 28--Mrs. J. Trahan and daughter, Elpha, of Port Arthur are visiting relatives and friends here.

J. H. Collete, one of Lake Charles' merchants, is registered at the Gulf Hotel.

Placide Montie, of Creole, was in town today.

Among those who have returned home after spending several days at the Gulf Hotel this week were: J. C. Cox, Mrs. H. N. Sudduth and daughter, Stella; Rev. C. K. Weed and family of Lake Charles; J. C. Broussard, of Maurice, and Emile Daigle of Church Point.

Jule Portie, of Hackberry, was here on business this week.

Miss Emma Tortie, of Grand Chenier, is visiting relatives here this week.

A. Cormier of Scott, Adras Young, T. Strode and Thomas Young of Redlish; David Young of Basile; Omer Gullory of Alton, are stopping at the Peshoff House.

E. W. Quinn, one of Creole's prosperous merchants, was here yesterday.,

Thomas Bonsall has improved the looks of his residence very much by the completion of a new gallery.

Camile and John Demeries of Grand Lake were Cameron visitors Tuesday.

Nastas Trahan and wife, of Johnson Bayou, were in our midst one day this week.

Lawrence Stivison and wife, Earl Tickes and wife, Charles W. Davies, Frank Stivison, Chauncey Stivison, Miss Emma Davies, M. Stickes of Lake Charles, composed a party which came down on the launch Ruby and spent a few days at the gulf this week, returning Saturday.

Thomas Lambert, the cattle king of Johnson Bayou, was here on business one day this week.

Miss Dice Meaux, of Oak Grove, is the guest of her aunt, Mrs. C. B. Jones.

Cotton picking is the order of the day throughout this section.

Robert Hackett of Bell City, was a visitor here this week.

John Miller of Creole, "cheap for cash" merchant, was a business caller here today.

(Lake Charles American Press, Aug. 29, 1913)
CAMERON CORN CROPS

Six ears of as fine corn as can be found in this section have been brought to the city by John Grunik, of Cameron, widely known for his success in orange growing. Mr. Grunik has several acres in corn, which he expects to average over 40 bushels to the acre. Other Cameron farmers also have large corn crops this season, according to Mr. Grunik, and the average yield will be between 40 and 50 bushels an acre.

Mr. and Mrs. R. W. Fosson, Sr.

50th anniversary

Mr. and Mrs. Roger William Fosson, Sr. of Grand Lake celebrated their 50th wedding anniversary with a dinner at a Lake Charles restaurant Aug. 22.

Mr. Fosson is a retired Shell Oil employee and Mrs. Fosson is a retired Cameron Parish school teacher who taught at Grand Lake High School from 1947 to 1973.

They have two sons, Roger William Fosson, Jr., of Destrehan and John Albert Fosson of Grand Lake, three grandchildren and two great-grandchildren.

They were married in Franklin Aug. 22, 1939.

Hackberry News

by Grace Welch

REUNION SET

The Hackberry Mustangs of the 40's and 50's will hold their reunion Oct. 21, at the Hackberry Community Center. If you think we do not have your name and updated address or that of a class member, please contact us to be put on the mailing list. Mustangs of the 40's and 50's, P.O. Box 441, Hackberry, La. 70645.

VISIT

Curtis and Bobbie Fountain, C. R., Troy and Carly Rae spent Saturday night with Tom and Chris Riggs and family in Lafayette.

TRIP

Bud and Jean Winton, Alexis Simon and Megan Broussard visited Dogpatch U. S. A. in Arkansas. Alexis is Bryant and Melonie Simon's daughter. Megan is Randy and Sabrina Boussard's daughter.

TOURNAMENT

Several families attended the baseball tournament sponsored by Boeing in Baton Rouge over the weekend.

(Lake Charles American Pres, Aug. 25, 1916)
EDWARDS SPEAKS AT GRAND LAKE

Hon. T. A. Edwards spoke at Grand Lake yesterday afternoon in the interest of his candidacy for congress.

A large crowd was gathered in the dance hall, where the meeting was held. Capt. A. B. McCain, in a brief speech, introduced Mr. Edwards.

Mr. Edwards spoke along the lines of his speech at the court house here Friday night. He left this morning on a ten-day tour, speaking at Jennings this afternoon and Crowley tonight.

G. Chenier News

By Elora Montie

SCHOOL STARTS

Friday marked the beginning of the 1989-90 school year in Cameron Parish Schools.

St. Eugene School of Religion will begin Monday, Sept. 11, at 6 p.m. for high school students and Tuesday, Sept. 12, right after school for elementary grades.

HOSPITAL LIST

Mrs. Lorrine Baccigalopi returned home from St. Patrick's hospital Wednesday. She is doing better.

Vern Domingue is still in South Cameron hospital.

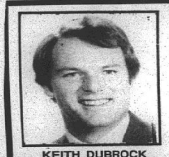
Hackberry Festival set for this weekend

St. Peter's Catholic Church Fall Festival will be held Friday, Sept. 1 - Sunday, Sept. 3 in Hackberry.

A coke wagon will opened all week end. The menu will include Shrimp gumbo, $3.50, Friday; Fried catfish, $4 adult and $2 child, Saturday; and Barbecue chicken and brisket, $4.50 adult and $3 child, Sunday. Serving times will be at 10 a.m. to 5 p.m. on Friday; 11 a.m., 2 p.m., 4 p.m. and 8 p.m. on Saturday and at 10 a.m. on Sunday.

Bingo will be held at 7 p.m. on Friday; 11:30, 3:30 p.m. and 7 p.m. on Saturday; and 11 a.m. on Sunday. Game booths will be open at 7 p.m. on Friday, 11:30-3 p.m. and 7 p.m. until on Saturday, and 10 a.m. to 5 p.m. on Sunday.

Raffle tickets will be available. Prizes will be a lawn mower, first place; $250 cash, second place; and gas barbecue pit, third place.



Donation made to fire dept.

The TXP Operation Co. of Cameron donated $750 to the Cameron Volunteer Fire Department to help buy fire prevention supplies.

Supplies are used to teach children at school during National Fire Prevention Week in October.

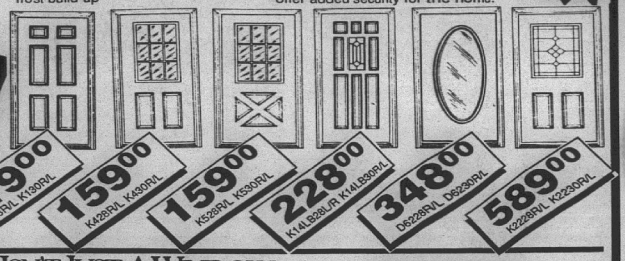
STANLEY helps you do things right.

All the benefits of a Stanley steel door

- A Polyurethane Insulating Core provides energy-saving performance with lower fuel costs
- Full 1-1/8" Thermal Break Construction eliminates heat loss and interior frost build-up
- The Magnetic Weatherstrip System seals your door refrigerator-tight. This eliminates drafts and water leakage
- Stanley's Rigid Steel Faces won't warp, crack, peel or rot. they also offer added security for the home.

5 YEAR LIMITED WARRANTY

STANLEY FLUSH DOOR UNIT



99.00 D128 R/L D130 R/L

- Highest R Value of any steel door in the industry - 15.49
- Thermal break threshold and slab prevent transmision of heat or cold
- Patented totally integrated weatherstripping
- 24-gauge steel won't warp, crack or split
- Stanley's quality workmanship is warranted for 5 years*

*LTD. Warranty available in store

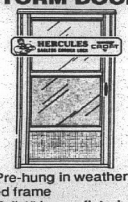
Andersen A W Windows · Patio Doors

Come home to quality. Andersen.

THIS ISN'T JUST A WINDOW. IT'S INSULATION.



Andersen® Narroline® double-hung windows feature a snug-fitting design that's far more weathertight than industry standards. Available with regular double-pane insulating glass or High-Performance glass which is 42% more energy-efficient than ordinary double-pane in the heating months and 20% more efficient in the searing summer sun. Call today for a free estimate.

ROLAND GUIDRY, left, father of New York Yankee pitcher Ron Guidry, here presents the "Shandy Conner Memorial Trophy" for Most Valuable Cameron Parish Player to Channing Conner, while his father, Douaine Conner, looks on.

POLICE JUROR Kenneth Ducote, left, is shown presenting certificates of recognition to Thad Little, center, and Shane LeBlanc, right, for winning national rodeo awards. Joey Gray was unable to attend to accept a similar award.

Four youths get recognition

Four Cameron Parish youths were given special recognition for sports achievements by the Cameron Parish Police Jury Tuesday who declared special days in honor of three of them and witnessed the presentation of a plaque by Ron Guidry's father to the fourth.

Sept. 5, was declared "Thad Little Day" in honor of the Hackberry youth who won the National Saddle Bronc Championship at the National High School Rodeo this year in Pueblo, Colo.

Sept. 6, was declared "Shane LeBlanc Day" in honor of the Hackberry boy who was named the Champion Bull Rider and the All Around Cowboy at the Little Britches National Rodeo this year in Colorado Springs, Colo.

Sept. 7, was declared "Joey Gray Day" in honor of the Hackberry youth who was named the Champion Bull Dogger at the Little Britches National Rodeo.

Hackberry Juror Kenneth Ducote presented copies of the resolutions to Thad Little and Shane LeBlanc. Joey Gray, who is a student at McNeese, was unable to attend the police jury meeting.

Channing Conner, 12, son of the Douaine and Sheila Conner, was presented with the "Shandy Conner Memorial Trophy" in recognition of being named the "Most Valuable Player" on the Cameron Parish All Star Team. The team won both state and national honors this year.

Making the presentation to Channing was Roland Guidry, the father of Ron Guidry, the New York Yankees pitcher who retired recently after having pitched in the big league for 19 years.

Mr. Guidry said the trophy, a revolving trophy, was being presented on behalf of his sons, Ron and Travis Guidry. It will go to the parish's most valuable player each year with each recipient also receiving a smaller trophy to keep.

Mrs. Myrna Conner, legislative aide to Rep. Randy Roach, introduced Mr. Guidry.

Shandy Conner, the youth for whom the trophy is named, died in an accident earlier this year. He was the son of Shane and Tammy Conner.

National winners

Two Hackberry youths won national championship honors at the National Little Britches Rodeo Finals in Colorado Springs, Colorado Aug. 19-25.

Joey Gray, won the senior boys Steer Wrestling World Championship and Shane LeBlanc won the senior boys Bull Riding World Championship. They were also awarded scholarships from Wrangler Brand.

Over 500 participants competed in the National Little Britches Finals which included cowboys and cowgirls ages eight to 18 from across the United States.

Beach cleanup set Sept. 23

Saturday, Sept. 23, has been set as the date for the third annual beach cleanup in Cameron parish as well as other beaches in Louisiana and along the Gulf Coast, local cleanup coordinator Ed Kelley reported to the Cameron Parish Police Jury Tuesday.

Kelley said that all volunteers are welcome to come out and work at one of the parish's eight beaches between 10 a.m. and 2 p.m. that day.

Beaches in the parish to be cleaned are Martin, Longview, Ocean View/Little Florida, Gulf Breeze, Constance, Peveto, Holly and Rutherford Beach.

Cameron has eight of the seventeen beaches in the state that are accessible to the public.

Kelley said that two oil companies with operations in the parish have adopted beaches here and their employees will help in the cleanup of these. Conoco has adopted five miles of Rutherford Beach and Mobil has adopted three miles of Martin Beach.

Kelley said the cleanup of these two beaches by the oil company employees was "fantastic" and asked the police jury to write the companies thanking them for their aid.

Kelley also thanked Jurors Ray Conner and Douaine Conner for placing 24 trash barrels on Rutherford Beach and picking this trash up on a regular basis.

He noted the beaches have had a severe seaweed problem this year particularly in the Rutherford and Holly Beach areas but said the beaches to the west were not so severely affected.

Deadline for registration

Sept. 12, is the last day for anyone to register to vote (if not already registered) in the Oct. 7, constitutional amendments election, according to Mrs. Ruby Kelley, Cameron parish registrar of voters.

Mrs. Kelley's office is located in the basement of the Cameron courthouse.

Jurors discuss this and that

* * * * * * * * *

FEMA reply Water, Water Back amend.

It wasn't quite like the old excuse: "The check is in the mail", but it was close and Cameron Parish Police Jurors were upset about it Tuesday.

Parish Administrator Garner Nunez read a letter to the jury from the Federal Emergency Management Agency stating that the response that the agency had promised the jury on the privately financed study of the flood insurance program in Cameron Parish had been delayed again.

The FEMA reply had been promised by the end of August; now the response is promised by Sept. 15.

Juror George LeBouef said the delay was costing Cameron Parish property owners dearly. In the initial agreement reached between the jury and FEMA several months ago, the agency had promised to issue new guidelines that would reduce flood insurance premiums in the parish and also to refund overpayments made by parish property owners this past year.

LeBouef said in the several month interim many property owners have had to renew their insurance at the old rates. He noted that FEMA had promised to make refunds for one year only.

The jurors voted to fax copies of FEMA's letter to the congressional delegation to try to get them to urge FEMA to speed up its work.

TEDs use ordered

The Commerce Department ordered shrimpers Tuesday to install TED devices in their nets to protect endangered sea turtles.

The decision came after months of controversy during which Gulf Coast shrimpers argued the requirement would threaten their livelihood.

Shrimpers immediately denounced the government order and suggested some fishermen may not comply with the regulation, despite a maximum $20,000 fine per violation.

The government directive came under a court order requiring the Commerce Department take action to protect the turtles, thousands of which drown yearly when caught in the nets of shrimp fishermen, primarily in the Gulf of Mexico.

Butch Willis, vice president of Coastal Concern, a shrimpers, fishermen organization based in Cameorn, expressed doubt that Cameron shrimpers would pull the TEDs.

Willis said his group wanted further studies on the TEDs completed before any further action was taken by the Commerce Department.

As for another blockade of the Calcasieu Ship Channel, Willis said this would probably not happen since there were so many "run-ins" with the Coast Guard.

Ferry tickets

Ferry toll script ticket books containing 25 tickets per book are now available for those who use the Cameron ferries on a regular basis. These ticket books may be purchased from the Department of Transportation and Development located at 5827 Hwy. 90 East, Lake Charles, phone number 439-2406, ext. 106, or at the Cameron II Ferry in Cameron.

Open house set

South Cameron High School has set open house for Tuesday, Sept. 12, with a meal being served at 6 p.m. at a cost of $2.

Classroom visitation will begin at 7 p.m.

An official of the U. S. Corps of Engineers gave the Cameron Parish Police Jury a short course in how areas are designated as "wetlands" but also told them something they didn't want to hear: almost all of Cameron Parish is wetlands.

The jury had contacted the Corps recently asking that a representative come and explain the 404 Permit program which regulates what can be done with property that is designated wetlands.

Tom Davidson, chief of surveillance and enforcement for the Corps, gave a long dissertation on how wetlands can be determined by vegetation, soil and hydrology but said that the simplest test was this: any property on which water stands for seven days in a row is considered wetland.

Several jurors related examples of how the 404 Permits were hampering building in Cameron Parish and complained that the definition of wetlands was too restrictive.

Davidson said he sympathized with the people of Cameron Parish but said the Corps was only doing what it was required by law to do. He suggested that the parish might try to get the wetland restrictions lightened by getting legislation introduced.

Jurors agreed to invite the Corps to send a representative to a public meeting in the parish to which all citizens will be invited so that they could get first hand information on the wetland restrictions.

Bags given for cleanup

Ed Kelley, who heads the local tourism program announces that several people have donated plastic bags to the Cameron Parish Sheriff's Department in order to maintain the program of picking up trash along the local highways.

Cameron Parish Sheriff James R. Savoie uses the parish prisoners to pick up the trash to fulfull their community services.

Those making donations thus far are: Mrs. Barbara LeBlanc, P. M. Crawford DDS, Cameron Telephone Company, Lake Charles Diesel, Mr. Dee's On The Bayou, and Patrick McDonnell.

Plane lands

A sea plane's engine cut out Thursday afternoon, forcing it to land on the Calcasieu Ship Channel, officials said.

Cameron Parish Sheriff's Office Marine Division said there were no injuries in the landing by Dr. E. W. Phillips. Phillips' son, Jimmy, was with him, officials said.

A Marine Division official said Dr. Phillips swam across the ship channel and walked 2 1/2 miles to get help.

The Cameron Parish Police Jury adopted a resolution to support Constitutional Amendment No. 2 in the Oct. 7, election.

Juror George LeBouef noted that if passed a wetlands fund would be established and at least $5 million a year in state mineral revenue would be dedicated to finance a program to conserve and restore Louisiana's wetlands.

"If we don't do something about our coastline, we are going to lose it," LeBouef stated.

The jury also agreed to ask the Louisiana Police Jury Association to support the amendment.

FIRE STATION BIDS

Dyson Lumber Co. of Cameron was the low bidder on the construction of a new sub-fire station in Cameron fire district with a bid of $36,913.13. The work also includes tearing down the old substation.

The jury postponed awarding of a contract pending a legal decision on whether a bid bond was required.

APPOINTMENT

Earline Kiffe was named to the board of West Cameron Port, Harbor and Terminal District replacing Floyd Saltzman who resigned.

PERMITS

The La. Dept. of Transportation was granted a permit to construct a stone breakwater to maintain the shoreline and protect La. 82 from Holly Beach to Ocean View Beach.

The U. S. Fisheries and Wildlife Service was given a permit for work on canals, dikes and levees, to construct a nature trail and roads and other work in connection with the establishment of all the Cameron Prairie National Wildlife Refuge north of the Gibbstown area.

New program slated for Cam. elem.

A program designed to serve the needs of high risk four-year old children is planned for Cameron Elementary School.

Children who are four years old prior to Oct. 1, are eligible to be tested for the program if their family income is under $17,000. Previously income criteria was set as under $15,000. Parents whose income is under $17,000 are urged to arrange a date for their child to be tested for the program.

Children who live outside of Cameron Elementary School attendance zone may attend the program if eligibility criteria are met. However, these parents must provide transportation to and from school.

Contact Wayne Kershaw or Teresa roach at Cameron Elementary School (775-5518) to schedule a testing time for eligible children.

Kidnapping guilty plea is accepted

Pleas of guilty were entered by Joseph Phillip Coleman, 42, P.O. Box 3025, Lake Charles, on two counts of simple kidnapping in Thirty-Eighth Judicial District Court in Cameron on Aug. 31.

The plea agreement between Coleman and the State of Louisiana was reached at the request of and with the written concurrence of the mother of the two kidnapped children, Mrs. Mary Coleman.

Under the terms of the agreement, Coleman received a sentence of five years on each count, to be served consecutively, for a total of ten years. The sentence was suspended, and Coleman was placed on five years probation.

As a special condition of his probation, Coleman was required to make restitution to Mrs. Coleman for expenses incurred by her in connection with her search for the children, which were not covered by donations. Further, Coleman has been ordered to pay for psychological counseling for the children and has been enjoined from any contact with them until approved by the court and the psychologist assigned to the case.

Charges of simple burglary and trespass were dismissed.

The charges arose out of an incident wherein Coleman abducted his own children from their mother, Mrs. Coleman, who had been granted custody, and kept them hidden for several years.

Jennifer Jones Bercier handled the case for the State of Louisiana and Robert Glass of New Orleans represented the defendant.

Set parking regulations

The Cameron Parish School Board Monday voted to establish parking regulations at the four high schools in the parish this fall on a trial basis.

Supervisor Uland Guidry said the new regulations are the results of the school system's efforts to come up with new rules on searches and seizures in regards to drugs.

Before being issued a numbered sticker, students and parents would be required to complete a form containing a slate of school parking regulations including:

- All automobiles parked on the school grounds must be registered with the school and must display the current decal on the rear window opposite driver's side.
- Parking is strictly limited to the student parking area. Faculty parking is marked accordingly.
- To facilitate identification, automobiles are to be parked front end first.
- All students must be licensed and covered by insurance. The school is not responsible for the automobile or its contents.
- There is no loitering in the parking lot or visitation of same without permission.
- There will be no speeding over 5 miles per hour or any form of reckless driving on the school grounds.
- Student vehicles are subject to search at any time and consent to search without prior notice, search warrant or reasonable grounds is hereby granted.

The board authorized the expenditure of $300 to $400 for the printing of the parking decals. No fees will be charged for the decals at the present time.

90th birthday

Mrs. Blanche Bourge of Lake Charles will celebrate her 90th birthday on Sept. 10.

She is a former resident of Hackberry and she and her late husband, Freddy, formerly operated Bourge's Grocery store there.

Tourism workshop slated here

The state Office of Tourism will conduct a free Louisiana Open House Workshop in Cameron on Wednesday, Sept. 13, from 10 a.m. until 4 p.m. at the Police Jury Annex.

The Louisiana Open House, scheduled for the whole of 1990, is a statewide economic development initiative designed to increase tourism revenues and improve the way Louisianians feel about their state. The program is being sponsored by the Department of Culture, Recreation and Tourism, the Louisiana travel industry and local civic and business interests.

The workshop will be presented by Carol Ann Andrepont, Open House consultant with the Office of Tourism.

Basic to Louisiana Open House are four core programs: Reunions, In-state Cultural Exchanges, Storytellers and Retirement Industry Inducement.

Reunions on a large scale and on a statewide basis form the heart of the promotion. Significant numbers of visitors are expected to be generated, which will have a major short-term impact on local economies. Louisiana Open House encourages families, former employees, past athletic teams and others to gather during 1990.

The Louisiana Cultural Exchange program is designed to acquaint different regions of the state with one another. The first such exchange, between Opelousas and Ruston, resulted in the swapping of students, mayors, news media reporters, etc. The participants were introduced to new foods, music and culture.

Louisiana's numerous fairs and festivals will play an important role in the Storytellers program, which is designed to renew local pride in the heritage of the state. At the same time, visitors will be offered an opportunity to really understand the Louisiana way of life.

During 1990, a special Storytellers Pavilion will travel to 100 festivals and events, filled, at each stop, with local "yarn weavers," storytellers and verbal historians recounting their memories of Louisiana.

Hackberry News

by Grace Welch

TRIP

Bobbie Kershaw of Hackberry, Rev. and Mrs. Brian Kershaw, B. J. and Kristian from Iowa visited Bobbie's mother, Mrs. Elsie Thomson, of Ogden, Utah; her sisters and families, the Brutviesers, the Sherrods and the Teppets in Clearfield, Utah.

Cheerleaders attend camp

The Grand Chenier Elementary cheerleaders attended camp in August at South Cameron High with the South Cameron High Cheerleaders serving as instructors, under the supervision of Mrs. Vickie Little.

The Grand Chenier cheerleaders received one excellent rating and three superior ratings. They were named "Most Cooperative Squad" and received the spirit stick for the week.

Ashley Coreil, co-head cheerleader, was voted the friendliest cheerleader by all campers and received a "Cheer Bear".

They are pictured above, (standing) Jodi McCall, Nicole Sturlese, Michelle Trosclair, Ashley Coreil, Heather Sturlese, and Toni Kay Nunez. Kneeling are Stacie Booth, Casi Pinch and Kara Theriot.

Births

JACLYN RACHELLE HIGGINS

Jo and Darlene Higgins announce the birth of their third child, Jaclyn Rachelle, August 24, at Humana Hospital, Lake Charles. She weighed 6 lbs. 14 ozs.

Grandparents are: Mrs. Glinda Boudreaux and the late Charlie Boudreaux of Creole, and Mr. and Mrs. Joseph Higgins of Cameron.

Great-grandparents are: Lucia Boudreaux of Sweetlake and Edith Madden of Brunswick, Ga. The couples other children are, Neil and Nicole.

ZACHERY ARON PRIMEAUX

Mr. and Mrs. Stephen Primeaux of Lake Charles announce the birth of their second child, Zachery Aron, Thursday, August 10 at Lake Charles Memorial Hospital. He weighed 7 lbs. 9 ozs.

Grandparents are: Mr. and Mrs. Gene Primeaux of Lake Charles, Lois Spitzenberger of Sulphur and Hilton Cormier of Conroe, Texas.

Great-grandparents are: Mr. and Mrs. H. D. Primeaux, Lake Charles, formerly of Creole, Mr. and Mrs. D. B. Simpson of Lake Charles, Billie Jean Grumbles of Sulphur and the late Woodie Grumbles, Helen and Dewey Cormier.

The couple's other child is Ariel Kristin, age 4.

When buying clothes, look inside the garment to see how it's made. Seams should be at least an inch wide and should be bound with stitching.

Grand Chenier News

By Elora Montie

HOT WEATHER

This past weekend being the last week of August, brought some of the hottest days of summer. Temperatures ranged most everyday in the mid 90's. However, one day here it pushed up to 96 degrees.

Many folks who have camps here at the Chenier took advantage of the hot, dry weather over the weekend. Some tried their luck at crabbing, others shrimping and many went out deep seafishing.

HOSPITAL LIST

Neil Richard was taken to Memorial hospital in Lake Charles Friday, Sept. 1, where he is holding his own.

Mrs. Dorris Sturlese was taken to St. Patrick's hospital Wednesday, Aug. 30, where she underwent treatment. She came home Friday.

Claude Bonsall went to the Sulphur hospital last week.

Mrs. Claudius Bonsall underwent knee surgery recently. She is back home recuperating.

REUNION

The Bonsall annual family reunion will be held at the K. C. Hall in Creole Oct. 8. Bring a covered dish and your drinks.

VISITORS

Miss Mary Clark of San Antonio, Tex., spent Friday to Monday with her parents, Mr. and Mrs. Roy Clark and Roy Allen. She also visited her uncles, Hubert Miller and Mr. and Mrs. Gilford Miller and also visited Elora Montie and Ray Nunez.

Miss Marilyn Miller of New Orleans is spending some time in the Miller home here.

Beachsweep '89

"We are delighted with the enthusiasm that Louisianians have shown toward cleaning up our state of unsightly litter on our beaches, along our highways, and in the waterways," said Lieutenant Governor Paul Hardy in announcing that Louisiana Beachsweep '89 will take place on Saturday Sept. 23. Hardy is commissioner of Culture, Recreation and Tourism, which houses the Office of Litter Control and Recycling.

"For the third year in a row," he added, "this volunteer effort will focus on cleaning up the beaches of Cameron Parish, Fourchon, Grand Isle, the Timbalier Islands, and Cypremort Point State Park."

Last year nearly 3000 volunteers picked up between 80-90 tons of litter along 77 miles of beaches.

For further information contact Barbara Coltharp, Director of the Office of Littler Control and Recycling at (504) 342-8148, or the following zone coordinator: Cameron, Ed Kelly, 775-5493.

To reduce the heat within their homes, people in the city of El Oued in the Algerian Sahara, roof almost every room with a mud dome. This makes El Oued look, from the air, like a bunch of egg cartons turned upside down.

in world standing.

SCHOOL NEWS

The SADD Chapter of Hackerry High School elected officers for the 1989-90 school year as follows: president, Racheal Ducote; vice-president, Tiffany Kyle; secretary-treasurer, Chastie Mitchell; historian, Sherry Kibodeaux; reporter, Thomasena Goodrich; chaplain, Amy Arnold.

The sophomore class at Hackberry High School elected officers for the 1989-90 school year as follows: president, Chastie Mitchell; vice-president, John Turner; secretary-reporter, Michelle McInnis; treasurer, Michelle McInnis; representatives, Richard Abshire and Michelle Hantz; sponsors, Robert Sheffield, Rita Walthers, and Lorene Tanner.

JEFFERSON DAVIS ELECTRIC CO-OP CONSUMERS

Jefferson Davis Electric Cooperative has contracted some line work to be done on our transmission line between Hackett's Corner and Cameron beginning Sept. 6, 1989. The Static line will be changed out taking approximately three weeks. During this time, the protection on the distribution portion of the lines will be placed in a "one shot" configuration. This means if a portion of the old Static falls into the distribution, there will be an instantaneous outage. This will cause blinking or low voltage, however, there could be an effect on a three-phase load. (Reminder: Protection of a three-phase load is the responsibility of the member/consumer). If an outage occurs, we will have personnel in the area to handle the problem as quickly as possible. This work is being done to improve the reliability of our transmission system. We ask you to be patient during this time period. Please call if you experience any problems. Our toll free number is 1-800-252-3288.

JEREMY REED Broussard, son of Kevin R. and Jenny (Fox) Broussard attended his first year birthday party with his great-grandmother, Mrs. C. H. Denny, Sr., the former Bernice Hollister of Grand Chenier. The party was held in the home of another set of great-grandparents, the Harold Foxes of Lake Arthur. Jeremy is the grandson of Bradley and Lin (Reed) Broussard of Lake Charles and Susan (Stewart) Fox of Milton.

When swallows fly high it is an indication of good weather. The birds feed on gnats and flies, which are found farther from the ground when warm air rises. The rising air is generally a sign of good weather.

Mosquitoes coming

By DON MENARD,
Manager, Cameron Parish
Mosquito Abatement District

Every year at this time as cooler weather approaches, many people assume that the mosquito season is almost over. In fact though, our worst part of the year is just beginning. The reason for this is that cool weather is much less stressful to mosquitoes, allowing for larger, healthier and more active broods.

This is also prime time for night active species; the little solid black or brown mosquitoes that hide in dark corners of porches, garages and barns during daytime. These mosquitoes are permanent water mosquitoes, meaning that they breed continuously in mature, standing water of marshes and also in containers around homes. Since they hatch off on a daily basis and are not dependent on floodwaters to hatch their eggs, they are very hard to control. Our spraying only helps for a few days, then they build right back up again.

There are a few things that people can do to reduce the numbers of these mosquitoes around homes. First, make sure that there are no containers around your yard holding water. Old tires, buckets, flower pots, boats and anything else that holds water can produce millions of mosquitoes in a small area. If you can keep these things dry, you will drastically lower the mosquito problem around your yard.

There is a product on the market which also gives great results for these mosquitoes which hide in corners and it can be purchased by the general public. The chemical is called Permethrin. One spraying on the surfaces that they rest on, will kill all mosquitoes landing there for 4 to 6 weeks. It is very safe to use and can be bought at feed and farm supply dealers.

I've bought some in Grand Lake and it can probably be bought elsewhere. It is very effective and safe for use even around dog pens, barns, poultry and rabbit houses and garages.

This is also the time of the year that encephalitis or sleeping sickness is most active. This disease is carried by birds migrating through the area which have the virus in their blood. Some mosquito species, of which most are uncommon in this area, can transmit the disease to horses and sometimes even people. Although there is no vaccine for people, all horse owners definitely should vaccinate their horses. The vaccine is inexpensive and can be purchased from a veterinarian.

Also, here's a hint on buying mosquito and fly repellants. Look at the percentage of active ingredients on the package. It can range from less than 10% up to 100%. For this area, get one of the brands that nears the maximum. It will be a little more expensive, but it's much more effective and longer lasting.

B. City 4-Hers attend camp

Bell City 4-H Club members went to Camp Grant Walker during July. Senior members going as counselors included Wendy O'Blanc, Rachel Nunez, Gretchen Schultz, Glyn Foreman and Aaron Natali.

Going as campers were Barrett Natali, Cody Sibille, Scott Harrington, Nick Nunez, Jeremy Mathis, Brandon Harold, Jarod and Jenny O'Blanc, Lisette, Anne Marie, and Erica Zaunbrecher, Rochell Lognion, Michelle Breaux, Heather Hoffpauir, Heather Derouen, Crystal Morein, and Lori Semar.

ARMY PRIVATE Joseph Sedlock II has completed basic training at Fort Leonard Wood, Mo. He is the son of Joseph Sedlock of Cameron and a 1986 graduate of South Cameron High School.

In the 19th century Karl Waetzel, an Austrian, invented a machine with which one man could play 378 instruments. The panominico, as he named it, numbered 150 flageolets, 150 flutes, 50 oboes, 18 trumpets, 5 fanfares, 3 drums and 2 kettledrums.

Tarpons to host Vinton Friday

By ROBERT MANUEL

The South Cameron Tarpons last week smoked the Iowa Yellow Jackets 27-0 in their first regular season game. The worst handicap of the Tarpon's run and gun offense was the heat and humidity that caused frequent muscle cramps from the Tarpon wide open offensive troops.

Iowa threatened but once in the second quarter of the contest. The Jackets had moved to the one yard line following two pass completions, one penalty and short runs by tailback Sonnier. The give and take Tarpon defense did its job and the Jackets were denied the score.

In the meantime, Tarpon drives in the first half netted two touchdowns. A 12-yard scoring pass to Derek Hardie in the first quarter and PAT run by quarterback Robin Rutherford, gave the Tarps an early 8-0 lead. Rusty Welch, a freshman and a back-up fullback sub for workhorse Kevin Olivier, put 6 more on the board in the second quarter on a one yard plunge.

The third quarter was a scoreless stand-off. In the 4th quarter, the persistent Tarpon troop tacked on two more scores. Robin Rutherford scored on a short keeper to up the score to 20-0. Rusty Welch's fullback thrust at the line netted the final touchdown. Welch found a big hole over left guard and hit paydirt standing up. Jimmy Dowd split the uprights with an extra point kick that closed all scoring at 27-0.

The Tarpons will play AA power Vinton at home Friday at 7 p.m. The Lions just missed the playoff with a 7-3 record last year. The District 5AA favorite return most of the starters who stormed over the Tarpons last year at Vinton.

Although the Tarpons have been troubled by injuries this early in the season, their patch-up lineups offensively and defensively, are doing amazingly well. Should the Tarps run and gun offense click, the Vinton Lions could be surprised.

STATISTICS

S. Cameron		Iowa
11	First Downs	5
367	Rushing Yardage	207
62	Passing Yardage	97
4-13-1	Passes	7-16-1

South Cameron	8	6	0	13	—27
Iowa	0	0	0	0	—0

SC: Derek Hardie 12 pass from Robin Rutherford. Rutherford run.
SC: Rusty Welch 1 run. Run failed.
SC: Robin Rutherford 6 run. Kick failed.
SC: Rusty Welch 1 run. Jimmy Dowd kick.

Hunter's class to be taught

Kenny Hebert, with the Hunter Safety Section of the Louisiana Department of Wildife and Fisheries, announces that a hunter safety course will be held at the Creole Fire Station Sept. 12-14, from 6 to 9:30 p.m. nightly.

There is no charge for this course which is open for students 10 years old and up.

Anyone who is in need of the Hunter Safety Certification should make every effort to attend this course, as there will be only a limited number taught between now and hunting season.

Pre-registration is mandatory for the course and can be done by calling the county agent's office at 775-5516.

Greenwing Day

The Lake Charles Chapter of Ducks Unlimited will hold its annual Greenwing Day Saturday, Sept. 23, for youngsters less than 18 years old who are interested in nature, wildlife, and the environment.

It will be held at the Jean Lafitte Gun Club, approximately 6½ miles south of the Chole exit on Ward Line Road. Events will start at 9 .m. and end at 1 p.m. Food and drinks will be furnished.

Children from any parish are welcome.

One golf course in Africa includes in its ground rules a free drop for a ball that lands in a hippo footprint.

Cameron Outdoors

Amendment 2 support urged

By Loston McEvers

BILL KILLED

A bill was killed on the Senate floor which would have allowed federal agents to enforce Louisiana Fish and Game laws. This would have been a great help to our Louisiana enforcement agents, as we all know they're over-worked because of a shortage of agents.

I wonder if the reason the no votes carried is because they were fighting the governor (Roemer) or was it just because they might not have been able to fix a citation for their buddies or their money people come campaign time.

I do congratulate Senator Jack Doland from Lake Charles, who represents us here in Cameron and Calcasieu Parishes for voting yes.

DUCK & GEESE NEWS

It seems that Louisiana lost in the neighborhood of 30,000 waterfowl hunters last year. Was it because of such a short season and low limits, or the great expense it takes to hunt (license, stamps, land leases, boats, steel shot, drought, etc.), or are the old ones retired and our new generation just not as interested in waterfowl hunting as we are. Even the U. S. Fish and Wildlife Service had a decline in federal duck stamps over the entire U. S.

I do believe with the duck population so low, limits low and only a few days of hunting season, we had lots of hunters who just hung up their guns.

The harvest is very bad up in Canada and Northern United States again this year, a breeding population of around 30 million, and that's low. Let's hope Duck's Unlimited is doing their part to try and help this matter out.

AREA FISHING

Area fishing has been good. I talked to a few anglers fishing Lacassine Refuge, and although it was a little on the slow side, each took from 5 to 12 bass, but all in the 2 pound or better size, also some local anglers are doing well in private ponds, with one 5 pounder reported caught.

On the saltwater scene, redfish and speckle trout are good from the Lake Charles area to the Gulf outlets.

There seems to be a high population of redfish, which probably never left, just stayed. I do know some real big redfish and speckle trout have already been caught in the month of August and really September should be better. Right now the Cajun Grubs are hot, especially the white-red, chartreuse-red, green and green-red and the motor oil split tail and cockahoe. These grubs used with the right weight lead head for the area you're fishing, you'll do well. Don't forget the silver or gold Johnson spoon, sprite. If you watch the birds when fishing the lake, you'll find the specks.

Reports I got are from L & G plant in Lake Charles, the Calcasieu-Big Lake area, the Cameron jetties, Grand Chenier jetties up to the Mermentau River bridge, Joseph Harbor in Grand Chenier up in the Deep Lake Field. This area has been good and should continue being good through September and October.

COASTAL EROSION

A meeting last week at Burton Coliseum in Lake Charles on Coastal Erosion went well.

Constitutional Amendment No. 2 coming up for election in October if passed, will not raise taxes for Louisiana residents.

Money coming in from oil and gas revenues set aside for Coastal Erosion is what they're talking about. (Not tax money).

We know we got a problem, we've had the problem, and maybe something will be done about it.

The legislation would dedicate at least the first $5 million of annual mineral revenues to a trust fund for Coastal Erosion.

If $25 million could be set aside, maybe we could get help from the federal government's matching funds for as much as $100.

It's now up to us, the people, as it was done in Baton Rouge by our legislators, to vote for Constitutional Amendment No. 2 on October 7.

We all know how bad damages are along our Cameron Parish beaches, which will eventually be in our sea marshes and then our ridges and houses. It's already that way in the Hollywood-Constance Beach area.

I think our area legislators from Cameron and Calcasieu Parishes have done a great job trying to get this project through. They know the damage done and know what will happen if something isn't done.

Let's hope action of some kind, besides just studies take place, or they won't have to study the project for Cameron Parish any longer, just write about it.

FUNERALS

MRS. LAUDICE RICHARD

Funeral services for Mrs. Laudice (Nola Anna) Richard, 67, of Creole, were held Saturday, Sept. 2 from Sacred Heart Catholic Church.

Msgr. M. J. Bernard officiated. Burial was in Sacred Heart Cemetery.

Mrs. Richard died Thursday in the Creole hospital.

She was a lifelong resident of Creole and a member of Sacred Heart Catholic Church.

Survivors are her husband; four sisters, Mrs. Lida Miller of Grand Chneier and Mrs. Rena Bacciga-lopi, Mrs. Louvenia Miller and Mrs. Ina Theriot, all of Creole, and her mother, Mrs. Amanda Theriot of Creole.

LAVERN JOSEPH DOMINGUE

Funeral services for Lavern Joseph Domingue, 76, of Grand Chenier, were held Sept. 1, from St. Eugene Catholic Church.

The Rev. Robert Shreve officiated. Burial was in Immaculate Conception Cemetery.

Mr. Domingue died Wednesday in the Creole hospital.

He was a lifelong resident of Cameron Parish and was a member of the Grand Chenier American Legion Post. He was a World War II veteran.

Survivor is one brother, John Enis Domingue of Grand Chenier.

MRS. EVE "EVA" ROBERTS BENOIT

Funeral services for Mrs. Eve "Eva" Roberts Benoit, 83, were held Monday, Aug. 28.

The Rev. Jace Eskund officiated. Burial was in Pine Hill Cemetery in Iowa. She died Saturday, Aug. 26, in Ferriday.

She was a native of Grand Chenier and a Lake Charles resident for 35 years. She was an active member of Retired Seniors Volunteer Program and a member of St. Margaret Catholic Church.

Survivors are two sons, Phillip Miller of Iowa and Leon Leger of Buda, Tex.; two daughters, Bertha M. Benoit of Jennings and Dorothy M. Evans of Ferriday; one sister, Verna M. Borrel of Jennings; 12 grandchildren and 12 great-grandchildren.

In 1809, when he was 27, Captain Allardyce Barclay of Ury, Scotland, bet he could walk 1,000 miles in 1,000 hours. He did!

Court reset

Judge Ward Fontenot has cancelled the criminal court session set for Sept. 7, and rescheduled it for Oct. 12, in 38th Judicial Court in Cameron.

The session was reset due to a civil trial that may run longer than originally anticipated.

CARD OF THANKS

HOLY SPIRIT, You who solve all problems, who light all roads so that I can attain my goal. You who give me the divine gift to forgive and forget all evil against me and that in all instances of my life you are with me. I want in this short prayer to thank you for all things and to confirm once again that I wish to be with you in eternal glory. Thank you for your mercy toward me and mine. L.B. (9/7p)

THANK YOU Holy Spirit and St. Jude. You who solve all problems, light all roads so that I can obtain my goal. You who give me the divine gift to forgive and forget all evil against me and that in all instances of my life you are with me. I want in this short prayer to thank you for all things as you confirm once again that I never want to be separate from you even and in spite of all material illusion. I wish to be you in eternal glory. Thank you for your mercy toward me and mine.

Say this prayer for three consecutive days and the favor reuested will be granted, even if it may appear difficult. Publish this prayer immediately after the request is granted without mentioning the favor. Only your initials should appear at the bottom. G.L. (9/7p)

RUN: Sept. 7

PROCEEDINGS
CAMERON PARISH POLICE JURY
JULY 27, 1989

The Cameron Parish Police Jury met in regular session on Thursday, July 27, 1989, at the Police Jury Building in the Village of Cameron, Louisiana at 6:00 o'clock P.M. The following members were present: Mr. Ray Conner, Mr. Douaine Conner, Mr. George LeBoeuf, Mr. Allen B. Nunez, and Mr. Kenneth R. Ducote. absent was Mr. Ernest Carol Trahan.

It was moved by Mr. Ray Conner, seconded by Mr. Ducote and carried, that the reading of the minutes of the previous meeting be dispensed with and approved.

The following resolution was offered by Mr. LeBoeuf, seconded by Mr. Douaine Conner and declared duly adopted:

RESOLUTION
STATE OF LOUISIANA
PARISH OF CAMERON

TO URGE AND REQUEST THE GOVERNOR OF LOUISIANA AND THE PRESIDENT OF THE UNITED STATES TO DECLARE THE COMMERCIAL FISHING INDUSTRY IN SOUTHWEST LOUISIANA AND SPECIFICALLY CAMERON PARISH A DISASTER, WHICH WOULD ALLOW AFFECTED COMMERCIAL FISHERMEN AND SEAFOOD BUYERS/PROCESSORS ACCESS TO FINANCIAL ASSISTANCE IN THE FORM OF LOW INTEREST LOANS AND SUBSISTENCE GRANTS.

WHEREAS, the commercial fishing industry is vital to the people and businesses of Cameron Parish; and,

WHEREAS, major flooding prior to and during the 1989 Spring Shrimp Season has severely reduced the commercial brown shrimp harvest in Southwest Louisiana, and may adversely impact the upcoming Fall White Shrimp Season; and,

WHEREAS, shrimp fishermen have reported as much as a 75 percent reduction in harvest volume and an 85 percent reduction in harvest value during the 1989 Spring Season; and,

WHEREAS, shrimp buyers have also reported a 75 percent reduction in shrimp landings during the 1989 Spring Season; and,

WHEREAS, heavy rains have also reduced the commercial crab catch and may have caused massive oyster reef mortality in Calcasieu Lake.

THEREFORE BE IT RESOLVED, that the Cameron Parish Police Jury urges and requests the Governor of Louisiana and the President of the United States to declare the Commercial Fishing Industry in Southwest Louisiana and specifically Cameron Parish a disaster, which would allow affected commercial fishermen/seafood buyers/processors access to financial assistance in the form of low interest loans and subsistence grants.

BE IT FURTHER RESOLVED, that this resolution be submitted to the Governor of Louisiana and the State Legislative Delegation.

ADOPTED AND APPROVED, this 27th day of July, 1989.

APPROVED:
/s/ ALLEN B. NUNEZ,
VICE PRESIDENT
CAMERON PARISH POLICE JURY
ATTEST:
/s/ HAYES P. PICOU, JR., SEC.

The following resolution was offered by Mr. Douaine Conner, seconded by Mr. Ray Conner and declared duly adopted:

RESOLUTION
STATE OF LOUISIANA
PARISH OF CAMERON

WHEREAS, Little Pecan fee lands encompass 1810 acres of coastal wetlands, which had been in private ownership since 1874, and

WHEREAS, these properties have been successfully managed as a hunting preserve since 1974, and

WHEREAS, this area was intensively developed and has been managed as a private Wildlife Management Area from 1975 to 1987, and

WHEREAS, these properties are now under the ownership of The Nature Conservancy and maintained by Little Pecan of Lafayette, and

WHEREAS, Little Pecan has been an important segment of the Cameron Parish community since the inception of the 1975 management program, and

WHEREAS, Little Pecan has enhanced the economy of Cameron Parish through local employment, and the purchase of local goods and services, and

WHEREAS, Little Pecan has received national and international recognition for conservation achievements, and

WHEREAS, Little Pecan has supported community enhanced organizations, and sponsored numerous youth and educational activities, and

WHEREAS, Little Pecan has developed this model private Wildlife Management Area and refuge at no expense to the taxpayers, and

WHEREAS, there are plans for acquisition of this property by the U.S. Fish and Wildlife Service for creation of a National Wildlife Refuge to meet the requirements of the North American Waterfowl Management Plan, and

WHEREAS, removing Little Pecan from private management will result in less development and management monies spent in Cameron Parish, lessen local employment, and exempt these properties from taxation, further eroding the Cameron Parish tax base, and

WHEREAS, acquisition of this small tract of land (1810 acres) will not contribute significantly to the North American Waterfowl Management Plan, and

THEREFORE, BE IT RESOLVED the Cameron Parish Police Jury goes on record as opposing the creation of a National Wildlife Refuge at Little Pecan, and

THEREFORE, BE IT RESOLVED that copies of this resolution be sent to the Regional Director, Fish and Wildlife Service, Atlanta, Georgia and Little Pecan of Lafayette, Lafayette, Louisiana.

APPROVED:
/s/ Allen B. Nunez
ALLEN B. NUNEZ,
VICE PRESIDENT
CAMERON PARISH POLICE JURY
ATTEST:
/s/ Hayes P. Picou, Jr.
HAYES P. PICOU, JR.,
SECRETARY

It was moved by Mr. Ray Conner, seconded by Mr. Ducote and carried, that the Administrator is hereby authorized, empowered and directed to arrange a meeting of Gravity Drainage Districts No. One, Four and Five to discuss the drainage problems in the area.

It was moved by Mr. LeBoeuf, seconded by Mr. Ray Conner and carried, that the Administrator is hereby authorized, empowered and directed to write a letter to the Corps of Engineers requesting that the water flowing through the Calcasieu Locks be equalized during flood conditions.

The following process verbal was offered by Mr. Douaine Conner, seconded by Mr. Ray Conner and declared duly adopted.

STATE OF LOUISIANA
PARISH OF CAMERON

Pursuant to its Resolution adopted June 6, 1989, and published notices of a special election in the Hackberry Fire Protection District No. One, Cameron Parish, Louisiana, with the Police Jury being the governing agent, did meet in regular session on the 27th day of July, 1989 at the Cameron Parish Police Jury Building in the Village of Cameron, Louisiana, to promulgate the result of the special election held on July 22, 1989 in the said District.

PRESENT: George LeBoeuf, Allen B. Nunez, Douaine Conner, Ray Conner, Kenneth R. Ducote

ABSENT: Ernest Carol Trahan

It was moved by Mr. Ducote, seconded by Mr. Ray Conner and duly carried that the returns be examined and canvassed and the result announced.

It was moved by Mr. Ducote, seconded by Mr. Ray Conner and duly carried that a process verbal be made of these proceedings and that a certified copy of same be published to give public notice of the result of the election.

PROCESS VERBAL OF
FIRE PROTECTION
DISTRICT NO. ONE

BE IT KNOWN that the Police Jury convened in special session in the Cameron Parish Police Jury Building in the Village of Cameron, Louisiana, as advertised in election notice of special election in said District.

PRESENT: George LeBoeuf, Allen B. Nunez, Douaine Conner, Ray Conner, Kenneth R. Ducote

ABSENT: Ernest Carol Trahan

The said Police Jury in the presence of the undersigned witnesses, and members of the public present, did proceed to examine and canvass the returns and declare the result of said election, upon the following proposition submitted thereat:

SHALL HACKBERRY FIRE PROTECTION DISTRICT NO. ONE, OF CAMERON PARISH, LOUISIANA, BE AUTHORIZED TO LEVY A RENEWAL TAX OF FOUR (4.00) MILLS ON THE DOLLAR OF ASSESSED VALUATION ON ALL PROPERTY SUBJECT TO TAXATION IN SAID DISTRICT, FOR A PERIOD OF TEN (10) YRS, BEGINNING WITH THE YEAR 1989, FOR THE PURPOSE OF MAINTAINING AND OPERATING FIRE PROTECTION FACILITIES AND PAYING THE COST OF OBTAINING WATER FOR FIRE PROTECTION PURPOSES, INCLUDING CHARGES FOR FIRE HYDRANT RENTALS AND SERVICE WITHIN AND FOR SAID DISTRICT?

After such examination it was found that the total of said election was 208 votes in number.

196 votes FOR Proposition
12 notes AGAINST Proposition

It appearing that said proposition had carried by a majority in number of votes cast at said election, the said Police Jury did publicly announce and proclaim, and does hereby proclaim that the aforesaid proposition was duly carried for said purposes and said period duly authorized in the form and manner provided by the Constitution and Laws of the State of Louisiana.

THUS DONE AND SIGNED in the presence of the witnesses who sign hereto, as well as in the presence of the members of the said Police Jury after causing the said action to be filed in the archives of its office in the Village of Cameron, Louisiana, this 27th day of July, 1989.

ERNEST CAROL TRAHAN,
PRESIDENT
/s/ Allen B. Nunez
ALLEN B. NUNEZ,
VICE-PRESIDENT
/s/ Kenneth R. Ducote
KENNETH R. DUCOTE
/s/ George LeBoeuf
GEORGE LE BOEUF
/s/ Ray Conner
RAY CONNER
/s/ Douaine Conner
DOUAINE CONNER

WITNESSES:
/s/ Hayes P. Picou, Jr.
HAYES P. PICOU, JR.
/s/ Earnestine T. Horn
EARNESTINE T. HORN

It was moved by Mr. LeBoeuf, seconded by Mr. Douaine Conner and carried, that the Cameron Parish Police Jury shall provide in their budget an additional Ten Thousand Dollars ($10,000) for the Cameron Parish Clerk of Court's Office.

Because of possible litigation between Lake Charles Diesel, Inc. and the Cameron Parish Police Jury the jurors voted on whether or not to discuss the letter written to Lake Charles Diesel, Inc. The vote was recorded as follows:

YEAS: George LeBoeuf, Douaine Conner, Ray Conner, Kenneth R. Ducote
NAY: None
ABSENT OR NOT VOTING: Allen B. Nunez, Ernest Carol Trahan

It was moved by Mr. LeBoeuf, seconded by Mr. Douaine Conner and carried, that a copy of all correspondence going out of the Police Jury Office shall be made for the jurors.

It was moved by Mr. LeBoeuf, seconded by Mr. Douaine Conner and voted thereon, that if no immediate administrative relief is given to Cameron Parish in regards to the FIRM elevation requirements by September 15, 1989, the police jury should enter into litigation with the Federal Emergency Management Agency. A vote was recorded as follows:

YEAS: George LeBoeuf, Douaine Conner
NAYS: Kenneth R. Ducote, Ray Conner and Allen B. Nunez
ABSENT OR NOT VOTING: Ernest Carol Trahan

It was moved by Mr. LeBoeuf, seconded by Mr. Douaine Conner and voted thereon, that a letter from the police jury, signed by Mr. Trahan should be sent to Lake Charles Diesel, Inc. apologizing for the police jury's previous letter. A vote was recorded as follows:

YEAS: George LeBoeuf, Douaine Conner
NAYS: Kenneth R. Ducote, Ray Conner and Allen B. Nunez
ABSENT OR NOT VOTING: Ernest Carol Trahan

It was moved by Mr. LeBoeuf, seconded by Mr. Douaine Conner and carried, that at future police jury meetings the public may be recognized to speak and they do not have to be on the Police Jury Meeting Agenda.

There being no further business and upon motion of Mr. Ducote, seconded by Mr. Douaine Conner, the meeting was adjourned.

APPROVED:
/s/ Allen B. Nunez
ALLEN B. NUNEZ,
VICE PRESIDENT
CAMERON PARISH POLICE JURY
ATTEST:

HAYES P. PICOU, JR.,
SECRETARY
RUN: Sept 7, 1989

13 constitutional amendments to be voted on Oct. 7

Louisiana voters will cast ballots on Oct. 7, on 13 proposed constitutional amendments, several of which will have profound effects on the state and its economy.

The Public Affairs Research Council has provided the following information on each amendment telling what a vote *FOR* and a vote *AGAINST* will mean in each case.

No. 1 Transportation Fund

A vote *for* would create a transportation trust fund and dedicate to it by FY 1991-92 all of the current 16 cents a gallon gasoline/motor fuel taxes for highways and related purposes; trigger an added four-cent tax to finance a four-lane highway (TIME) program to link urban areas and improve the New Orleans port and airport, and ban a state sales tax on gasoline/motor fuel.

A vote *against* would continue to let the governor and Legislature decide amounts appropriated for highways, and how much consumers pay in state sales tax on gasoline/motor fuel.

No. 2 Wetlands Fund

A vote *for* would dedicate at least $5 million a year in state mineral revenue to finance a program to conserve and restore Louisiana's wetlands.

A vote *against* would continue a similar new statutory dedication.

No. 3 Tax-Exempt Inventory

A vote *for* would allow the state to grant property tax exemptions for up to 15 years on inventories of new and expanding manufacturing and wholesale distribution firms.

A vote *against* would continue to tax inventories.

No. 4 Drug Property Seizure

A vote *for* would make it easier for Lousiana law enforcement agencies to seize and dispose of property related to illegal drug trafficking.

A vote *against* would retain present strong constitutional property rights.

No. 5 Supreme Court Judges

A vote *for* would create a black majority Supreme Court in Orleans Parish and create another "temporary" eighth Supreme Court district in Jefferson, Orelans, Plaquemines and St. Bernard parishes.

A vote *against* could let the federal courts decide on creation of a black majority Supreme Court district.

No. 6 District and Appeals Judges

A vote *for* would allow circuit courts of appeal and certain district courts to be divided into subdistricts to facilitate election of up to 35 black judges and authorize 25 senior judgeships.

A vote *against* could let federal courts order changes.

No. 7 Ethics Board

A vote *for* would continue legislative selection of four members of the Board of Ethics for Elected Officials.

A vote *against* would let the governor appoint all five members.

No. 8 Donations for Industry

A vote *for* would let local governments lease, at reduced payments, or donate land, buildings or equipment, financed by a dedicated sales tax, to industrial firms which promise jobs.

A vote *against* would mean that such facilities could be sold or leased to private firms only at fair market value.

No. 9 Organizational Session; Vetoes

A vote *for* would (1) give constitutional backing to legislative organizational sessions held every four years, and (2) clarify that a governor has 20 days to decide on vetoes of bills delivered to him during the last 10 days of a session.

A vote *against* would continue organizational sessions under legislative rules and leave unclear if a governor has 10 or 20 days to veto such bills.

No. 10 Municipal Property Tax

A vote *for* would allow municipal governments to levy an added general purpose property tax of up to seven mills without further voter approval.

A vote *against* would continue to require that municipal tax increases above the current general purpose millage limit be approved individually by the voters.

No. 11 Auto License Tax

A vote *for* would mean owners of private cars would pay at least $7 a year more for their license tag, with the tax money dedicated to highways.

A vote *against* would keep the $3 undedicated tax.

No. 12 Tax Break for Improvements

A vote *for* would extend for another five years the present property tax assessment freeze for owners who expand or improve buildings in historic, downtown or economic development districts.

A vote *against* would retain the existing five-year tax incentive.

No. 13 Lignite Tax Allocation

A vote *for* would allocate to the parish government where lignite coal is mined a greater portion of the severance tax.

A vote *against* would let the state keep more of the tax.

4-H members exhibitors

Hackberry Jr. 4-H members exhibiting their animals at the Oberlin LIvestock Show Aug. 19, were:

Lambs - Danielle Delcambre, 2nd, 3rd; Reserve Champion and a participation ribbon in showmanship; Elise Billedeaux, 1st, 3rd, 5th, and a participation ribbon in showmanship.

Pigs - Cody Fenetz, 4th, 1st, Grand Champion, and a participation ribbon in showmanship; Danielle Delcambre, 1st, 2nd, 3rd, 3rd, Reserve Champion, and a participation ribbon in showmanship.

Hackberry Jr. 4-H members exhibiting their lambs at the Iowa FFA Futurity Show Aug. 19 were:

Jeromy Nolan, 2nd, 3rd; Timmy Seay, two 5ths.

4-H'ers win at Limousin Day

At the Limousin Livestock Day held at Cameron Parish, the Calcasieu Judging team of Aaron Natali and Bart Shields placed first in livestock judging. Aaron was also high individual with Bart second in that event.

Wendy O'Blanc, Jerod O'Blanc and Marcus Fruge showed their pigs at the second annual Iowa FFA La. Bred Futurity.

Aaron Natali and Barrett Natali showed their steers at the River Classic in Sorento. Aaron was reserve champion of the Prospect Steer Show and Barrett was reserve champion of the La. Bred Prospect Steer Show.

Aaron and Barrett Natali also showed their steers at the Jim Bowie Classic in Opelousas. Barrett won Grand Champion Steer and Aaron, Reserve Champion Steer.

Jeromy Nolan trip winner

Hackberry Jr. 4-H member Jeromy Nolan was among the 12 4-H Club members from 12 parishes who were rewarded for their outstanding achievements in the Wildlife Project Program.

The winners received the state wildlife tour at the Lumcan Camp at Fourcheon where they fished and toured the state's coastal fisheries and wildlife resources.

S. C. 4-H'ers take a trip

By KRISTI DUPUIE

Each year Cameron Parish 4-H members that place first at 4-H sponsored events are rewarded with a special summer trip. This year 4-H members spent a day at Astroworld-Waterworld.

Having one of the largest groups to attend was the South Cameron Elementary 4-H Club. Those members were: Jennifer Savoie, Kristi Dupuie, Andrea Miller, Scott Canik, Mark Miller, Larica Boudreaux, Gretchen Mays, Brandy Stevens, Mikie Savoie, Laurie Bonsall and Paul Batts.

Hackberry 4-H members win

Hackberry Jr. 4-H members exhibiting and placing with their animals at the McNeese Classic are as follows:

Lambs - Jeromy Nolan, 2nd, 4th; Timmy Seay, 7th; Lacye Nolan, 2nd; Elizabeth Lowery, 1st; Jeromy Lowery, 6th; Dina Leonards, 5th, 7th, 8th; Bridgett Leonards, 5th, 6th, 7th; T-Lud Leonards, 6th, 7th, 8th.

Pigs - Danielle Delcambre, 2nd, 2nd, 3rd; Cody Fenetz, 5th; Dina Leoanrds, 10th; Bridgett Leonards, 7th, 8th; T-Lud Leonards, 8th, 9th; Josh Poole, 4th.

Memorial books given school

South Cameron Elementary School announces the recent addition of several memorial books to its library.

The following titles are dedicated to the memory of Mr. Eddie Conner: Dogs of the World, given by Elma and Adam Hebert; Beautiful Cats, given by Clarence and Rebecca Vidrine.

The following title is dedicated to the memory of Mrs. Viola Ardoin Granger: Kenneth Lilly's Animals, given by Elma and Adam Hebert.

The following title is dedicated to the memory of Mrs. Gracie Marie Theriot: The Binding of Isaac, given by Rena and Clayton Trahan.

The following titles are dedicated to the memory of Mr. Roy Francis Hebert: The Complete Book of Fishing, given by Elma and Adam Hebert; The Lion Book of Children's Prayers, given by Rena and Clayton Trahan.

The following titles are dedicated to the memory of Mr. Roy Hebert of DeQuincy: The Complete Book of Horse Care, given by Verde and Brown LeBoeuf; Cowboy, given by Elma and Adam Hebert.

The following title is dedicated to the memory of Mr. Larry John Conner: Farmer Schulz's Ducks, given by Rena and Clayton Trahan.

THE CAMERON PARISH PILOT (USPS 085980) is published for $12.36 per year (Cameron and Calcasieu Parish) by Mr. and Mrs. Jerry E. Wise, editors and publishers, P.O. Drawer J, School Street, Cameron, Louisiana 70631-8998. Second class postage paid at DeQuincy Louisiana. POSTMASTER: Send address changes to THE CAMERON PARISH PILOT, P.O. Drawer J, Cameron, Louisiana 70631-8998.

ABOVE WAS the scene on Hwy. 82 at Grand Chenier last Tuesday, Sept. 5 when a mud truck and an 18-wheeler transporting a dragline collided. The Grand Chenier fire department sent two trucks which finally got out the ensuing fire after the gas tank on one of the trucks blew up. One driver was taken to a Lake Charles hospital. The impact caused the dragline to fall off the truck. (Photo by Guthrie Perry)

(By Elora Montie)

THE ABOVE MAP shows the locations of the eight Cameron parish beaches to be cleaned up on Saturday, Sept. 23. They are as follows: 1. Martin Beach, 2. Longview/Dunn Beach, 3. Ocean View/Little Florida Holleyman Sanctuary Beach, 4. Gulf Breeze Beach, 5. Constance Beach, 6. Peveto Beach, 7. Holly Beach, 8. Rutherford Beach.

Gator sale to be held

A public alligator hide sale is set for Monday, Oct. 9, at the Cameron parish mosquito control barn, located seven miles east of Cameron on Highway 82.

The sale will be structured with sealed bids submitted for each hunter's lot of hides. Each lot will be unloaded and measured on a first come, first serve basis. All hunters are asked to arrive at the sale by 8 a.m. that day.

The Louisiana Cooperative Extension Service is sponsoring the sale and everyone is invited to attend.

Anyone having any questions is asked to call the Extension Service office at 775-5516 or 775-7443.

Prior notification is not necessary to attend the sale, according to Paul Coreil, Area Agent (Fisheries) Cameron and Calcasieu Parishes.

Doland is club speaker

By GENEVA GRIFFITH

Senator Jack Doland was the guest speaker at the noon meeting of the Cameron Lions Club last week.

He reviewed some of the things that favored Cameron parish in the recent session, such as getting the road money back from the Evacuation Route money that the state had borrowed from the fund four years ago. The $400 million that the state was attempting to remove from Rockefeller Refuge was put back. He said he voted for the local people to have the option to vote on the cruise-ship gambling issue.

Also, there will be no more open pits in the marshes. He stated that he plans to sponsor a bill to eliminate glass containers on local beaches.

Some of the most important accomplishments the legislature achieved in the past two years were: improved the teachers pay and require teachers to keep up their training; vowed to reduce air pollution by 50% by the year 1992; attacked the Coastal Erosion problem; revamped the drug enforcement problem by making it possible for law enforcement people to seize property of those doing drugs.

In the economic development field, they improved the unemployment compensation program. "We are so high we are losing business in Louisiana", he said.

They put more teeth into the campaign spending in the legislature, whereby anyone given $25 or more donation to a candidate has to be publically listed.

Absentee voting

Absentee voting for the October 7, election will begin Sept. 25, and continue through noon Saturday, Sept. 30, according to Mrs. Ruby Kelley, Cameron Parish Registrar of Voters.

It will be held in the Registrar's office on the bottom floor of the Cameron Courthouse from 8:15 a.m. to 4:15 p.m. weekdays and from 8:15 a.m. until noon on Saturday.

Bike-a-thon

Bike-a-thon coordinator, Darlene Taylor is asking Sweetlake, Grand Lake and Big Lake residents to join the St. Jude children's Research Hospital "Wheels for Life" bike-a-thon slated for Sept. 23 from 2-5 p.m. at the Grand Lake track field.

Riders sign up sponsors who promise to make a donation based on each mile completed. All riders turning in money will receive a certificate. Those who raise $25 receive a certificate and a St. Jude T-shirt. When $75 is raised, the rider receives a barrel tote bag, a T-shirt and a certificate. Pick up sponsor forms at the school office or any local store in the area.

Contact Darlene Taylor at 598-3462 for dtailes on riding or sponsoring a rider.

Grand opening

Rep. Randy Roach has announced the grand opening of his Cameron office will be held Tuesday, Sept. 19, from 11:10 to 1:30 p.m. The office is located in the James Watts building on Cameron's main street.

The public is invited to attend the opening and refreshments will be served.

Rep. Roach or his legislative assistant, Myrna Conner, may be contacted by calling 542-4443 in Cameron or 1-800-373-2474.

Rep. Roach serves all of Cameron Parish and a portion of Calcasieu Parish in the Legislature.

Ernest Miller and big "yellow-belly"

Will or will he not become "turtle soup?"

By GENEVA GRIFFITH

With all of the talk around Cameron about the shrimpers combating the TEDs rule designed to save the Ridley sea turtle, Ernest Miller was shocked one afternon this week when he looked up from his front yard and saw a turtle crossing the highway into his yard.

It was a giant "yellow belly" which had crawled out of the front marsh and was covered with black mud.

It weighs 9½ pounds and measures 9 inches in length, which is a giant in the yellow belly species, which is highly sought after locally for food.

It is said that there are seven different types of meat in a turtle, and all of them with a slightly different taste, all delicious.

The adult turtles come out of the marsh on to high land to lay their eggs and they become prey of passing motorists when they are crossing the road to go from the marshes to the ridges.

Many experts have been by Miller's house on the eastern end of the town of Cameron, to view it and have determined that it must be at least 100 years old or older.

Miller, himself, has been hunting turtles for most of his 76 years and knew he had a prize when he caught this huge beast.

He contacted the county agent to inquire as to what he should feed it because he says that he feels like it would be a shame to kill and eat anything that has lived that long. The average lifespan of land and freshwwater turtles is 40 to 50 years.

However, he has been told that if he turns it loose in one of the back marshes its fate will be doomed anyway when it is found by another turtle hunter.

He is welcoming visitors to drop by and view his ancient turtle while he contemplates what should be done with it -- donate it to a zoo, for some study, or perhaps a succulent meal of turtle soup, or any number of Creole turtle dishes that local cooks are so famous for.

Beach Sweep is set next week

By GENEVA GRIFFITH

Cameron Parish will join all of Louisiana's coastal parishes and the Gulf Coast states Saturday, Sept. 23, for Beach Sweep '89 between 10 a.m. and 2 p.m. for the annual beach clean-up day.

This will be the third annual clean-up day for Cameron Parish beaches. This program was started through a combined effort of the Louisiana Sea Grant Association, the Louisiana Department of Tourism and the U. S. Dept. of Interior, and other environmental groups.

The prime purpose of the annual beach clean-up is to make the public aware of their responsibilities in keeping the natural resources clean.

"The actual clean-up process is secondary or a tool to lead us to our prime goal to public awareness", said Ed Kelley, Cameron Parish Zone Coordinator of the beach clean-up.

In Cameron Parish major oil companies such as Conoco, Mobil, Phillips, Koch and others have responded to the challenge with major beach clean-ups twice a year and other services to promote the preservation of the environment.

Some of the companies have even adopted certain beaches and pledged to help keep them clean of trash and debris the year round.

In addition to these oil companies, the help of organizations, scout groups, school groups, 4-H groups, church groups and citizens is needed to give a boost to the awareness program.

Kelley said, "The attitude of our young people who are our future custodians of our environment, has been admirable in our past clean-ups. We urge all persons who use our Cameron beaches to help us make Sept. 23, a success. Please join in this effort which can also be a fun outing on the beach for the whole family before the advent of winter."

Lake Charles and Calcasieu area residents who wish to volunteer their services may call the office of Rep. Randy Roach, 478-0595, between the hours of 8 a.m. and 4 p.m. and ask for Gayla or Sharon who will have beach information.

Calls may also be made to Kelley at 775-5493 from 8 a.m. to 4 p.m. and 775-5397 after 4 p.m.

After the beach clean-up hot dogs and cold drinks will be furnished free at the Johnson Bayou Multi-Purpose buiding on the west side of the Calcasieu River and at the Recreation No. 6 building on the east side of the river.

Beach captains will furnish information as to the location of these sites.

Those who volunteer will be mailed an access map and instructions as to their beach locations. Late volunteers will be instructed by the beach captains.

The following is a list of the individual beach captains:

Martin Beach, Daniel L. Billiot, Johnson Bayou, 569-2361.

Longview-Dunn, Scott Henry, Cameron, 775-5721.

Oceanview - Little Florida - Holleyman Sanctuary Beach, Paul Hannen, business, 474-5781, home, 439-0913.

Gulf Breeze Beach, Harry Lancon, 528-2970.

Constance Beach, Rodney Guilbeaux, Jr., 569-2159.

Peveto Beach, Mona McBride, 477-5488.

Holly Beach, Gerald Touchet, Clifton Cabell, 762-4739.

Rutherford Beach, Dean Roome, 488-1864.

Mobil Oil Environemntal Beach Official, Jeffery L. Passmore, 491-6693.

Conoco Oil Co. Environemental Official, Dave L. Dooley, 236-5078.

Beach work set

The La. Dept. of Transportation has applied for a Coastal Use Permit for highway and beach erosion control work for a nine mile stretch along the beach and Hwy. 82, between Holly Beach and Ocean View Beach in Cameron Parish.

The work will consist of 150 long stone breakwaters with a 10 foot wide crown on 450 foot centers to maintain the shoreline and protect La. Hwy. 82 in its present alignment. Also, to refurbish the shoreline with 320 cu. yds. of sand fill as each breakwater is constructed in a west to east sequence.

Approximately 1,375 cu. yds. of 2400# - 4000# armor stones with aggregate core per breakwater will be deposited for each breakwater. The breakwaters are to be located approximately 200 feet gulfward from the refurbished shoreline.

Alternatively, 150 foot long x 8 feet wide concrete box breakwaters may be used instead of stone breakwaters.

SAVE OUR BEACHES is the theme of the informational display created by second grade Camp Fire members Vicki Kliffe, Alyssa Sellers, Brooke Arrant, Blaine Bourg and Jacob Dimas for their Starbird project. The display has been shown at the Calcasieu Marine Bank, Cameron State Bank, First Baptist Church and the Legislative Reception at Burton Coliseum. It is now located in the Cameron Parish Library meeting room. The project, directed by Camp Fire leader Mrs. Cyndi Sellers, will be featured in the upcoming edition of Coastwise, the newsletter of the coalition to Restore Coastal Louisiana.

Flag is presented

VFW Post 10019 represented by District Commander Burton Daigle and American Legion #176 represented by Commander Monroe Wicke, presented an American Flag to the veterans of Johnson Bayou Aug. 27.

Veterans present were Archie Jinks, Kenneth McRight, Alvin Trahan, Dale Jinks and Daniel Billiot.

Other guests present were Wadley Saltzman, Mrs. Monroe Wicke and Mrs. Mayola Wicke (both representing the Ladies Auxiliary), Larry Jinks, Mrs. Juanita Sandifer and Miss Dawn McRight.

Teacher raise set

Cameron Parish teachers and instruction personnel will receive a 7 percent state pay raise as the result of action taken by the Cameron Parish School Board Monday.

Teachers received a 5 percent raise last year and this year's 7 percent increase is the second of three increases for state teachers.

There was a discussion by the board about raises for non-instruction personnel and they agreed to make a study of the cost involved in making the pay raise apply to all personnel, including the superintendent and non-instructional workers.

In related action, the board approved the budget for the 1989-90 fiscal year.

"With the receipts and expenditures expected through this fiscal year, we project a budget surplus of about $171,000 through June 30, 1990," said Superintendent Thomas McCall.

That surplus is down some $129,000 from the fiscal 1988-89 budget balance of nearly $300,000.

The School Board also took action Monday to complete an extensive program to remove asbestos from the parish's seven schools.

Acceptance of substantial completion was approved for the Alexandria firm of Wynn L. White. The price tag for the federally mandated asbestos abatement program, begun in April 1988, was $31,200.

Margaret Theriot

Christopher Dardeau

Donald L. Fruge

Three employees promoted by Cameron State Bank

Three employees of the Cameron State Bank have been promoted by action of the board of directors, according to Robert W. Fruge, president.

Margaret Theriot was promoted to vice president. Mrs. Theriot has been with the bank since September 1976, and has served as assistant vice president since January 1983. She is a grduate of the LBA School of Banking, the Banking School for Supervisory Training and has received a diploma in the Foundations of Banking for A.I.B. Mrs. Theriot serves the bank as a loan officer and supervisor. She is married to Martin G. Theriot and they live in Creole.

Christopher Dardeau was promoted to loan officer. Mr. Dardeau is the son of Mr. and Mrs. James Dardeau of Ville Platte. (His father was a former 4-H Agent for Cameron Parish). He has been with the bank since May 1988 and has served as note department supervisor since May 1988.

He holds a B.S. in Finance from LSU and is a member of the Cameron Lions Club. Mr. Dardeau is a gradute of the Bankers School of Supervisory Training and has obtained a diploma in General Banking from A.I.B. His hobby is golf, and he is a member ofthe St. Mary of the Lake Church.

Donald L. Fruge was promoted to data processing officer. Mr. Fruge joined Cameron State Bank in February 1989. He is a graduate of Lagrange Senior High School and Rutherford School of Business, Dallas, Tex. He attended McNeese State University, Southern Methodist University, Dallas, Tex. He was previously employed by Louisiana Bank and trust as assistant vice president.

He is married to Jenell Manuel and they have four children.

PICTURED ABOVE, L to R, are the Bumble Bee Team from Hackberry in the 8 and 9 year old Coach-Pitch League at Maplewood. 1st row: Marcie Seay, Mary Devall, Miranda Daigle, Julia Sanders, Cara Welch and Kristy Guillory. Bat girl, Paige Sanders. 2nd row: Trisa Silver, Shelly Fontenot, Micki Swire, Lori Sanders, Crystal Primeaux and Casey Murrey.

$197,800 awarded to the Coastal Restoration Div.

Raymond W. Stephens, Secretary of the Louisiana Department of Natural Resources, recently announced an award of $197,800 Near Coastal Waters Pilot Project Grant by the U. S. Environmental Protection Agency, to the Coastal Restoration Division (CRD).

This money, along with $435,860, in wetland conservation and restoration funds appropriated by the state legislature and approved by Governor Roemer will be used for the design, construction, monitoring and evaluation of two innovative wetland creation projects. One project, to be constructed at the Pass-a-Loutre Wildlife Management Area in Plaquemines Parish, will be done with assistance from Louisiana Department of Wildlife and Fisheries and the parish government.

The other project will be done in conjunction with the U. S. Fish and Wildlife Service at th Sabine National Wildlife Refuge in Cameron Parish.

The project in Plaquemines Parish involves the use of artificial cuts (crevasses) through the banks of Mississippi River passes to divert sediment-laden water into shallow areas in order to build new marsh. Innovative methods to accelerate the natural marsh building process will be utilized.

The project in Cameron Parish will represent a new concept in wetland restoration: water bottom terracing in shallow ponds. In many deteriorated wetlands, there is no external sediment available for marsh building as there is at the Mississippi delta. However, CRD proposes to manipulate existing bottom sediments to form ridges or "terraces" at marsh elevation and to plant them with marsh vegetation to be provided by the U. S. Soil Conservation Service in this case.

These vegetated terraces will be laid out in an open checkerboard pattern in the shallow pond that will allow unhindered acces to aquatic organisms. The terraces will represent a dramatic increase in marsh edge (an extremely important habitat for fisheries production), and will reduce the wave energy across the bay. By reducing the wave energy, erosion of the surrounding marsh edge will be reduced, and the water clarity will increase. This will lead to improved growth rates of aquatic plants in the area.

Feeding program reduced by 50 percent

The Cameron Council on Aging was forced to reduce the feeding program by 50 percent in recent months. Over eighty senior citizens were dropped from the nutrition program due to the loss of funding.

The Council is seeking the help of individuals and organizations to sponsor or "Adopt an Elderly" person, to assure that the person recives the services they so desperately need.

By "Adopting an Elderly" person, you or your group or organization will supply the funds to serve a meal to the senior citizen on a daily basis. You will know the person's name and information concerning their condition. We are hoping to form a relationship between the "adoptor" and the "adoptee". The program can be both rewarding and enjoyable.

Transportation, homemaker, telephone assurance and other services may be adopted and the task performed by the adoptor or the services may be purchased at the following rates: meals are $3.35 per day, $70.35 per month or $844.22 per year, out of town, $5.00; transportation - in town $3.50, out of town, $5.00; escort - $2.50 in town and $3.50 out of town; homemaker service is $5.50 per hour, and telephone assurance is $3.35 per hour.

More information is available by calling Dinah Vaughn, Executive Director of the Cameron Council on Aging at 775-5668.

Nutria pelt market research subject of year-end report

Twelve months of extensive research into the develoment of nutria pelt markets worldwide has brought to light several promising opportunities to revive the industry and take advantage of changing fur markets throughout the world, according to the Louisiana Fur and Alligator Advisory Council.

The news was brought in the form of a year-end report to Secretary Virginia VanSickle of the Louisiana Department of Wildlife and Fisheries and to the council at its last gathering.

Michael Consiglio, of Consiglio Communications, Montreal, Canada, has been contracted by the Council to evaluate joint venture and direct sales opportunities for Lousiana furs, as well as to develop new products utilizing Louisiana furs.

Consiglio explained in his report that the Louisiana fur industry fared quite well from the late 1970s to mid 1980s because of a strong German market.

However, the market for nutria pelts began changing in 1986 with a move to shorter furs, which has continued to the present, said Consiglio. Also, the United States became the leading country in the world in terms of retail consumption, followed closely by Japan, he said.

"One of our major problems continues to be the absence of quality nutria tanning facilities in North America," explained Consiglio.

The lack of effective marketing also has been a major weakness in the nutria pelt market. "The product has never been promoted anywhere in the world. It is essential to begin promoting Louisiana nutria through label management," he said.

One of the highlights of Consiglio's report was the news that almost 2,000 nutria coats representing more than 50,000 Louisiana skins were manufactured in Germany and sold in Russia under the label "Bayou Nutria".

"This is not only one of the few times fur coats have been imported into Russia for sale, but it is also the first time any nutria coats have carried a label representing Louisiana," he said. "The German manufacturer indicated that sales of these coats have been good, and there is an excellent chance for increased orders."

He finalized his report by saying he had been working with a number of manufacturers and dressers throughout the world on nutria product development as well as with an individual in Louisiana who hopes to have an in-state processing facility operating by early 1990.

KATHY CASE of the Les Dames de la Bayou of the Cameron Chapter of ABWA is ready to celebrate with the southwest Louisiana chapters of the American Business Women's Association in observance of ABWA's 40th anniversary. The celebration will be held at Chateau Charles, Hwy. 90 east of Lake Charles. Dinner and an evening wear style show tickets are available for $12. For reservations call Wanda Gill at 478-6131, ext. 220. Deadline for reservations is Friday, Sept. 15.

ABWA to observe 40th anniversary

Women from throughout Southwest Louisiana will converge on Lake Charles on Friday, Sept. 22, for a double celebration — observance of American Business Women's Day and the 40th anniversary of the founding of the American Business Women's Association.

Centered on the theme, "Lordy! Lordy! Look Who's Forty," the occasion will be marked with a public dinner in the Napoleon Room of Chateau Charles at 6:30 p.m. The program will feature motivational speaker Fran Spain, followed by a style show of evening clothes. Reservations and further information may be obtained by contacting Wanda Gill, 478-6131, extension 220.

A national, non-partisan educational organization, ABWA is dedicated to bringing together businesswomen of diverse backgrounds and providing opportunities for them to help themselves and others grow personally and professionally through leadership, education, networking support and national recognition.

The nine area chapters are Les Femmes de Brimstone of Sulphur; City of the Lake, Les Femmes d'Affaires, Les Femmes du Lac and Les Femmes Nouvelles, all of Lake Charles; LaFalaise of Moss Bluff community; Les Dames de la Bayou of Cameron; De-Ca-La of DeQuincy; and West of the Lake of Westlake.

They are part of a membership that includes 100,000 women in 2,100 chapters throughout the United States and Puerto Rico.

A joint resolution of the U. S. Senate and House of Representatives was passed in 1983 recognizing Sept. 22, as American Business Women's Day.

The concept grew from the belief that the United States needed a national day to recognize the achievements of not only ABWA's 100,000 members but all employed women.

Check presented

Mr. Charles Fox and Mr.Jim Bawcom, representing Conoco, have presented a check for $150 to Chief Tony Smith of the Grand Lake-Sweetlake Volunteer Fire Department. Chief Smith said the money will be used toward equipment purchases for the department. The fire department as a whole wishes to thank Conoco for this donation.

Meeting set

The September meeting of the Cameron Parish Chamber of Commerce will be held Thursday, Sept. 21, at Pat's Restaurant at 11:30 a.m.

New program slated for Cam. elem.

A program designed to serve the needs of high risk four-year old children is planned for Cameron Elementary School.

Children who are four years old prior to Oct. 1, are eligible to be tested for the program if their family income is under $17,000. Previously income criteria was set as under $15,000. Parents whose income is under $17,000 are urged to arrange a date for their child to be tested for the program.

Children who live outside of Cameron Elementary School attendance zone may attend the program if eligibility criteria are met. However, these parents must provide transportation to and from school.

Contact Wayne Kershaw or Teresa roach at Cameron Elementary School (775-5518) to schedule a testing time for eligible children.

Houdini was as much an athlete as a magician. He accomplished many of his feats by superb muscle control.

Take Pride in America program held at refuge

A total of 507 persons, most of them youths, took part in the 1988-89 Take Pride in America program at the Sabine National Wildlife Refuge, according to Billy Delaney who heads the program.

This was an 11 percent increase over the 454 who participated last year.

Delaney estimated that the volunteer help saved the refuge about $14,195 in wages.

The volunteers included private citizens, wildlife clubs, Boy Scout troops, Cub Scout packs, Girl Scout Brownies, and elementary class students.

They built and installed barn owl houses for nesting, attended lectures and field trips on marsh ecosystems and stewardship, and also marsh management.

Others planted smooth cordgrass for canal bank establishment and helped a Boy Scout earn his Eagle Scout rank.

Litter was also picked up at two public fishing areas and at the 1.5 mile Nature Trail.

The refuge, along with the Cameron Parish 4-H Club sponsored a Take Pride in America poster contest.

Another group of students pooled their resources and developed a social studies project for their annual science fair.

It was a replica of the Sabine Refuge visitors center and the Take Pride in America program, which finished first in their school and second in regional competition.

Mr. Delany also gave 390 hours of instruction on the importance of habitat and wildlife management with respect to the quality of human life using those organisms which survive as indicators of a quality environment.

The lectures were received by the high school biology classes of Washington-Marion in Lake Charles and Johnson Bayou, Hackberry, and South Cameron in Cameron Parish.

Drive slated

The South Cameron High School is participating in a Community Coffee drive. They are asking individuals and businesses to save their Community Coffee bags. Books and materials will be exchanged for these items.

Those wishing to donate can give to any student or turn it at the school. The drive runs through October.

Ticket books

Ferry toll script ticket books containing 25 tickets per book are now available for those who use the Cameron ferries on a regular basis. These ticket books may be purchased from the Department of Transportation and Development located at 5827 Hwy. 90 East, Lake Charles, phone number 439-2406, ext. 106, or at the Cameron II Ferry in Cameron.

Deer hunters still . . . still-hunting

A recently completed opinion survey conducted by the Louisiana Department of Wildlife and Fisheries indicates that a vast majority of Louisiana deer hunters still-hunted deer without the use of dogs most of the time during the past hunting season.

Additionally, an over-whelming number of deer hunters expressed a preference for more still-hunting days and less days of hunting with dogs in future hunting regulations.

Louisiana, like many other southeastern states, allows hunters to use dogs to pursue deer during a portion of the season, while the remainder of the season is allocated to still-hunting only. During still-hunting only seasons, the use of dogs to pursue deer is prohibited.

According to LDWF Secretary Virginia VanSickle, the current survey demonstrates that 80 percent of Louisiana's deer hunters still-hunted most of the time during the past season, while 20 percent hunted with dogs. Respondents to the survey further indicated that 82 percent of Louisiana's deer hunters who desired a change in regulations preferred more days of still-hunting and less days of hunting with dogs.

DOUBLE YOUR SAFE DRIVING HABITS

Grand Chenier News

By Elora Montie

Saturday, Sept. 9, was the opening day of alligator season. It was a beautiful day with 93 degree temperature. Alligators like warm weather.

Hunters said the hunting was very good the first day, some large alligators were taken.

At the home of Mr. and Mrs. A. D. Trahan many hunters gathered and helped one another skin. The hunters stated the prices were very good this year and if it continues this will be a good season.

Melvin Theriot and D. D. Vincent cooked up a big barbecue.

REGAN BABY BORN

Mr. and Mrs. Steve Regan of Lake Charles announce the birth of a girl, Melanie Alysa, July 26. She weighed 8 lbs. 4 ozs.

Grandparents are Mr. and Mrs. John Regan of Moss Bluff and Mr. and Mrs. Claude Fawvor of Grand Chenier.

Great-grandparents are Mr. and Mrs. Leo Regan of Egan.

Melanie Alysa was baptized Sunday, Aug. 27. Godparents are Gary Mayard and Mrs. Lynn Drake.

MOCK BABY BAPTIZED

Kaysha Arisse Mock, daughter of Frank and Denise Mock, was baptized at St. Eugene Catholic Church Sunday, Sept. 3. Godparents are Carl Nunez and Mrs. Mary Canik. Rev. Robert Shreve officiated.

LITTLE BABY BAPTIZED

Chynna Sade Little, daughter of Kent and Ella Mae Little of Grand Chenier, was baptized Sunday, Sept. 10, at St. Eugene Catholic Church. Godparents are Karl Nunez and Tammy Gale Conner. Rev. Robert Shreve officiated.

VISITORS

Mr. and Mrs. Calvin Landry of Erath visited Mr. and Mrs. Charlie Theriot in Grand Chenier Saturday. Mr. Landry worked carpenter work here repairing homes after Hurricane Audrey.

Miss Dona Booth of Marrero spent the weekend with her parents, Mr. and Mrs. Earl Booth Sr.

Mr. and Mrs. Brenna Benoit of Jennings spent the weekend in their camp here and visited friends and relatives.

Curley Vincent of Oakdale and Rev. Juan of Oakdale area spent Saturday night with Mr. and Mrs. A. D. Trahan and family to take in the first day of alligator hunting and skinning.

Cecile and Tina Fruge of Monroe, Mr. and Mrs. Fruge of Eunice and Mr. and Mrs. Pat LeFleur of Eunice visited Mr. and Mrs. Earl Booth Sr. during the weekend. Mr. and Mrs. Earl Booth Jr. were spending the weekend with Mr. and Mrs. Taylor Olson and family of New Orleans.

Rev. & Mrs. C. Fontenot

Rev. Fontenot to be honored

The Johnson Bayou Pentecostal Church will have an appreciation service for Rev. and Mrs. Charles Fontenot Friday, Sept. 15, at 7:30 p.m. Rev. Fontenot will preach a farewell message. The Tommy Hall Trio will sing.

Rev. Fontenot resigned from the Johnson Bayou Pentecostal Church in August after serving as pastor for 15 years.

Rev. Fontenot also pastored the Cameron United Pentecostal Church and has moved to Cameron to continue his pastoring.

Rev. Frank Kendall, pastor of the Johnson Bayou Pentecostal Church and members, invite friends and relatives to attend this service.

The basketball dribble was first used professionally by Bert Loomis in 1896.

Hackberry News

by Grace Welch

TEMPLE BABY

Len and Connie Temple announce the birth of a daughter, Samantha Lynn, Sept. 3, at CalCam hospital. She weighed 6 lbs. 1 oz.

Grandparents are Harold and Hilda Temple of Hackberry and Melvin and Violet Byrd of Sulphur.

Great-grandparents are Bootsie and Mattie Williams, Hackberry and Melvin and Dorothy Bryd, Fort Worth, Tex.

CORRECTION

A brother and family, the Sam Josephs of Sunset, Utah, who Bobbie Kershaw visited recently while visiting other relatives in Utah, were left out in last week's news.

In the school news the treasurer was Michelle Hantz, not Michelle McInnis.

WINNERS

Other winners at St. Peter's festival were Byron Thomas, Magdaline Simon and Justin Peloquin, who won monkeys.

BINGO

Bingo will be at St. Peter's Saturday night, Sept. 16, at 7:15. Jackpot is $575.

HACKBERRY WINNERS

Placing with animals at McNeese Classic were:

Lambs: Jeromy Nolan, 2nd and 4th; Timmy Seay, 7th; Lacy Nolan, 2nd; Elizabeth Lowery, 1st; Jeromy Lowery, 6th; Dina Lenards, 5th, 7th, and 8th; Bridget Lenards, 5th, 6th, 7th; T-Lud Lenards, 6th, 7th, and 8th.

Pigs: Danielle Delcambre, 2nd, 2nd, and 3rd; Cody Fenetz, 5th; Dina lenards, 10th; Bridget Lenards, 7th and 8th; T-Lud Lenards, 8th and 9th; Josh Poole, 4th.

Registration set for Girl Scouts

Registration for East Cameron Parish Girl Scouts will be Thursday, Sept. 14, at 6 p.m. at the First Baptist Church in Cameron and Thursday, Sept. 21, at the Grand Lake Community Center at 6 p.m. for girls wanting to sign up as Daisy, Brownie, Junior, Cadette or Senior Girl Scouts.

Registration was held Tuesday, Sept. 12, in Grand Chenier and Wednesday, Sept. 13, in Creole. Anyone who did not make these registrations is welcome to register in Cameron or call Trudy Regnier at 775-5774 or Beulah Bradley at 775-7538.

Mouton wins 2nd fight

Tommy Mouton, Cameron heavy weight lifter, won his second professional fight on Sept. 1, in Jackson, Miss. when he stopped James Thomas in 2 minutes, 10 seconds in the third round with a three punch combination.

Mouton, who fights out of Daley's Gym, now has two wins and no losses in his professional career.

Trucks have a "blind spot" behind the trailer. Avoid "tailgating" trucks because the driver can't see you. If you can see the truck's side-view mirrors, the truck driver can see you and give you plenty of warning for a stop or a turn.

"My Love" is his name from Tammy, but his friends call him *"Little Rammy"*. Although 30 years have come and gone, driving 18 wheels still brings the money home!

SHOWN WITH the new sign pointing to Rutherford Beach are L. J. Saltzman, Paul Corell, Jennings Clark and Bert Vincent who were among the persons instrumental in getting the sign erected.
(Photo by Geneva Griffith)

Rutherford Beach sign is erected

A new colorful sign has been erected on the Front Ridge road by the turn-off south toward Rutherford Beach.

It is a giant green alligator pointing the way to the beach and listing all the things of interest that can be found and can be engaged in there.

The sign was a joint effort of many people who are interested in the tourism of the parish, and one of the main tourist attractions in lower Cameron Parish, Rutherford Beach.

The sign was sponsored by Jennings Clark, the owner of Rutherford Motel and Orrie Canik, owner of the Oak Grove Mall and Kajon Food Store. It was designed by J. P. Authement, a Cameron artist, and painted by Clark.

Police Juror Douaine Conner had it erected by Bert Vincent and L. J. Saltzman.

Paul Corel, the president of the Cameron Parish Chamber of Commerce helped come up with the idea for the local Chamber is working hard on tourism in the parish.

Tarps lose to Lions last week

By ROBERT MANUEL

The all-senior Vinton Lions hammered away at a stubborn Tarpon defense most of the night and came away with a 14-0 hard fought victory Friday night. The Tarpons were never able to dent the strong Lion defense with consistency and could make but five first downs in the contest.

The district 5AA favorites showed their power and versatility by taking the opening kick-off on their 20 and scoring in nine plays. Elijah Jasper, a 175 lb. tailback, broke through the secondary for a 35 yard scamper to set up a final 11 yard touchdown scamper by Cleveland Cizar. The Lions' extra-point was blocked.

Vinton was to hold a slim 6-0 lead until early in the fourth quarter. In the first series of the fourth quarter, Vinton quarterback Bliss Bujard ended the Lions' scoring frustration effort of the second and third quarters, by breaking off-tackle on a keeper and weaving his way into the end zone. A pass to Reggie Lovett for two points made it 14-0.

The relentless pounding of the Vinton Lions took its toll of a basically young Tarpon team. It was a hard fought contest all the way. The more mature and stronger Lions were in control offensively and defensively throughout the contest.

The Tarpons will host Davidson in another non-district game Friday at 7 p.m. The Tarpons may be minus two more starters, as Rusty Welch, a linebacker and Kevin Olivier, a top ground gainer at fullback, were sidelined with injuries in the Vinton game.

Joshua Soileau, a sophomore split end received a broken forearm and will be out for most of the season.

100 students attend H'berry Jr. 4-H meet

The Hackberry Jr. 4-H Club held its first meeting Monday, Sept. 11, with over 100 students attending.

The meeting was called to order by President Jamie Devall. The pledges were led by Jay Devall and Dina Lenards.

Rusty Byler gave a report on the Forestry Workshop held at Sam Houston State Park. Darah Duplechain reported on 4-H Camp. A report on the Junior Winner's Trip to Astroworld was given by Elizabeth Lowery. Jeromy Nolan reported on the State Wildlife Trip to Grand Isle.

Dues were set at $2 and enrollment cards are due Friday, Sept. 15. Officers training meeting is scheduled for Oct. 16.

The following activities were discussed and committees were selected: Beach Clean-up, Sept. 23, chairman Dina Lenards, committee members - Ben Carpenter, T-Claude Devall, Valarie Lowery and Catrina Prineaux.

Refreshments for Parents Night, Sept. 11, chairman, Elizabeth Lowery; committee members - Heather Spicer, Darah Duplechain, Jeromy Nolan, Cody Fenetz.

National 4-H Week Oct. 1-7, chairmen, Angela Seay and Nicky Seay; committee members - Ty Vincent, Cheree Gray, John Suchanek, Lancy Silver, Cherie Abshire.

Cal-Cam Fair Booth, chairmen, Tuan Murray and Justin Cramberg; committee members - Barrett Richard, Tracy Vincent, Karalee LaBove, Matt Devall, Jessica Roberts, Mikey Schexnider.

Ads for Homecoming Program, chairman, Elise Billedeaux; committee members - Carissa Devall, Rusty Byler, Eric Welch, Josh Poole, Shelly Fontenot.

Selling Homecoming Program, chairman, Christy Wolf; committee members - Bridgett Lenards, Ashley Seay, Darral Duhon, Tricia Silver, Gary Vincent, Trinity Murray.

The meeting was then turned over to Mr. Wicke and Mrs. Cronan who explained what 4-H is. Enrollment cards were passed out and each project was discussed.

The next meeting will be Oct. 30.

Workshop set for high school students

A workshop for Cameron Parish teenagers designed to train teenagers how to prevent alcohol and drug abuse and other teen problems will be held Saturday, Sept. 23, at South Cameron High School.

"Reach America--Peer Leadership Training" will be sponsored by the Cameron Parish School Board and the Cameron Parish Drug Abuse Education and Prevention Advisory Council.

The workshop is opened to all Cameron Parish high school students. There is no charge to attend and snacks will be provided.

Students will remain at the training site for one day in a carefully supervised area. Supervision will be provided by the school and community sponsors during the entire training. Free transportation by school bus will be provided for students from Hackberry, Johnson Bayou and Grand Lake schools.

Students will receive intense training about the health hazards of the use of alcohol and other drugs. After the training they serve in an advocacy role and help to educate their peers and younger students.

The youth trainer from the National Reach America office sponsored by the National Federation of Parents for Drug Free Youth will conduct the training sessions. The trainer will be assisted by local sponsors and advisors.

The Reach America training is not all work. Recreational activities, social events, and ample free time are included in the day's agenda.

All applications must be returned to school principals no later than Monday, Sept. 18.

For application forms or further information, contact: Uland Guidry, 775-7397; Rosalie Perry, 542-4628; Howard Romero, 569-2138; Lorene Tanner, 762-3305; Leon Duhon, 598-2056.

Students may also contact their principal or guidance counselor for more information.

The Challenge of Genealogy

by MARIE WISE

Almost every QUINA and TOUART in America today can be traced back to Desiderio Quina, born Desiderio Maria CHINI in Bologna, Italy, 1777; and Margarita BOBE born in Pensacola or New Orleans whom he married in 1813.

Their two daughters, Maria and Margarita, married brothers: Francisco and Louis Gabriel TOUART, so that all grandchildren of Desiderio and Margarita had the surname of either Quina or Touart.

Of the five sons, Dr. Desiderio Quina, Jr. mar. Isabella Rosique of old Spanish lineages; Marcelino mar. Eulalie (?) born in Cuba; Constantine Francis mar. Manuella Bonifay of Martinique and Spanish ancestry; Charles Francis mar. Aspasie Agatha Trinchard and Gomez Abraham mar. Mary Bobe.

Now in the 8th generation in this country, there are many descendants in the Gulf Coast area of Florida, Alabama, Miss. and Louisiana.

QUINA FAMILY

Desiderio Quina, Five Generations in America by Charlotte K. Quina traces these major generations from Desiderio and Margarita, back to his paternal great grandparents including Gentilini, Baini, Costa lines; and her grandparents including Sierra, Guerrido, Claveria lines.

Well written and well documented, this excellent family history-genealogy includes detailed family charts for the first five generations from the immigrant, Desiderio. There are many more related names including Langford, Pierre, Harzoni, Harvey, Pyritz, Flores, Alvarez, Gomez, Frank, Johnson, Christie, Swaine, Sanchez, Thorsen, etc.

Hardcover, 8½ x 11 in., 226 pg., indexed, $27.65 incl. mailing, available from the author: Charlotte K. Quina, 3929 Old Highway 37, #6, Lakeland, FL 33813.

ON VIDEO CASSETTE

Prepare to Publish! puts a How-To book for genealogists on video tape ready to see and hear from a cassette player.

Referred to as a "visual introduction to the art of publishing", this entertaining video is an outstanding aid for anyone planning to, or even just thinking about, publishing a genealogy.

Among the subjects illustrated and explained are: designing a book, preparing the text, organizing a manuscript, understanding book manufacturing, arranging photos and charts, and — one of the most important aspects — tips for avoiding costly mistakes.

This video cassette is VHS, 28 min., $52.45 incl. mailing, available from Genealogical Publishing Co., 1001 N. Calvert St., Baltimore, MD 21202.

TERREBONNE QUARTERLY

Terrebonne Life Lines, quarterly publication of the Terrebonne Genealogical Society, P.O. Box 295 Sta. 2, Houma, LA 70360, publishes research data primarily from Assumption, Lafourche and Terrebonne Parishes.

The current issue includes a feature on "George Mahler and his Descendants", George and his wife, Josephine Lanasmore (other spellings) traced from the 1860 census of Lafourche Ph. with children: Henry, Therese, Alphred (Frederic), George, Jr., Botly (Barthelemy Marius) and Josephine.

Another feature is on "The Orphan Trains" and children adopted in Louisiana and another on "Southdown House near Bayou Black; also data from: 1840's Terrebonne Ph. Sheriff Sale and Seizure Book, 1860's Lafourche Ph. Marriage Records and Bonds, 1828-1832 Acts of the Legislature, 1878 extracts from the Assumption Ph. *Pioneer* newspaper, 1697-98 index of Baptisms at the Holy Savior Catholic Church at Lockport, queries, book reviews, etc.

This quarterly is 90 pages 8½ x 11 in., $15.00 annually, available from the Society.

Experts say competitive auto parts prices drive down the prices charged for car parts while helping keep autos on the road to safety.

G. C. Elem. 4-H holds meeting Sept. 7

The Grand Chenier Elementary 4-H club held its first meeting Sept. 7. Installation of officers was held as follows:

Ashley Coreil, president; Brandon Hess, vice-president; Nicole Sturlese, secretary; Michelle Trosclair, reporter; Adam Coreil, treasurer; Heather Sturlese and Benjamin Richard, parliamentarians.

Reports were given by: Bobby Mhire on the horse show; Jodi McCall on 4-H camp; Kari Ballard on winners trip; and Ashley Coreil on Traffic Safety contest.

Jury proclaims Beach Clean-Up

The Cameron Parish Police Jury has proclaimed Saturday, Sept. 23, as "Cameron Parish Beach Clean Up Day" in observance of the third annual cleanup of beaches in the parish.

Cameron Parish has 8 of the 18 beaches in the state and has a total of 48 miles of accesible beaches.

Organizational meeting held by S.C. Elem. 4-H

The South Cameron Elementary 4-H club held its organizational meeting Wednesday, Sept. 6. Gary Wicke and Nancy Cronan, Cameron 4-H agents, were on hand to explain the 4-H program to prospective members.

Students from the age of 9 on up were invited to join the 4-H program, which provides many different projects and learning situations. Students were reminded that you don't have to raise livestock to be involved in 4-H, although the livestock project is a popular one in Cameron.

The next 4-H meeting for South Cameron Elementary will be Wednesday, Oct. 11.

Each member is encouraged to enter the cookie contest which will be Tuesday, Oct. 10.

Reporter
Kristi Dupuie

Winner named

Kristi Jo Dupuie, member of the South Cameron Elementary 4-H Club won first place with her 4-H records at the state level. She will receive a $75 savings bond as her prize.

REMEMBER?

Relief funds were asked for parish back in 1915

By KEITH HAMBRICK

(Lake Charles American Press, Sept. 3, 1915)

THE CAMERON RELIEF FUND

The American Press fund for the relief of the Cameron people who suffered great losses in the storm and flood of two weeks ago, had last night reached a total of less than $1,150 and for the past week has been growing at the rate of less than fifty dollars a day.

Eleven hundred and fifty dollars in some circumstances is a generous and liberal contribution. Several years ago when the people of Louisiana who reside in the Mississippi valley were overwhelmed by a flood in the river the American Press solicited and obtained contributions totaling approximately the same amount. This fund was worthy of Lake Charles and the city maintained its reputation as a generous community.

But a contribution of eleven or twelve hundred dollars for the people of Cameron Parish is not generous nor adequate nor worthy of Lake Charles. The people of Cameron are our nearest neighbors. For a part of the parish Lake Charles is the only gateway and furnishes the only regular means of communication by steamer with the outside world. What is more, Lake Charles is the only point to which the people of central Cameron can look for aid in their hour of stress and disaster.

The American Press tells that perhaps many Lake Charles people have overlooked Cameron's needs because the situation in Cameron was not brought home to them. Here is a letter from one of the most well-to-do farmers of the Creole neighborhood which was written to Hon. Aladin Vincent as an appeal for aid in securing the remission of this year's taxes. The letter is from Mr. Ursin Baudoin and he says:

"We are all ruined here by a salt water storm. Everything went under water. Gardens, crops, cattle and horses, all gone for us. I see nothing here to keep us from starving.

This is a tale of disaster in a dozen words. Not only are the possessions of these people swept away and their means of livelihood destroyed for this year, but there is grave danger that the salt from the gulf has poisoned their land so that it will grow nothing next year.

This is the situation which the American Press seeks to relieve, but which cannot be relieved nor even alleviated with the few hundred dollars that have been subscribed. The contributions from those who have subscribed are generous enough in size, but there are not enough of them. There are business interests in Lake Charles which are represented by only two or three names and one of the most prominent is not represnted at all. There are hundreds of people in Lake Charles who out of the abundance of their means or their income could give from five to twenty-five dollars to help these people in their distress.

The American Press believes that carelessness rather than parsimony is responsible for the small relief fund so far and it hopes that this article will bring a generous addition to the fund every day of the coming week. No committee is soliciting subscriptions, so it is useless to wait to be called upon. A letter or telephone message to Mr. E. R. Henry, Mr. N. E. North or Capt. A. B. McCain, members of the local relief committe, or to the American Press at any of its telephone will be sufficient notice of an intention to contribute.

CAMERON ROAD TAX DEFEATED

The proposed bond issue of $36,000 for the construction of good roads in the vicinity of Grand Lake was defeated Tuesday. While definite figures are not available, the majority against it was approximately 5 to 1.

Outside property owners would have paid approximately 85 percent of the tax, and of the voters in the proposed district, only about a dozen would have contributed any considerable amount to the tax.

J. A. Bel, proprietor of the road between the north Cameron line and the settlement at Grand Lake, announces that here after there will be no free traffic over the road. The road was constructed as a toll road, but pending the outcome of the bond issue election it was open to the public. It had been proposed to buy the road for the parish with part of the proceeds from the sale of the bonds.

(Lake Charles American Press, Sept. 6, 1929)

NEWS FROM HACKBERRY

Sept. 4--Mr. and Mrs. Gibbs of Port Neches, Mr. and Mrs. Johnnie Fontenot of Nederland and Jessie Bruce of Ged were all visitors at the T. S. Fontenot home Thursday.

The Damifino boat caught on fire in the Intracoastal canal Wednesday evening about 7 o'clock. The boat being anchored near the ferry landing, caused quite a commotion on the ferry. The blaze was extinguished by shooting holes in the boat and sinking it. Cause of the fire was not known.

Mr. and Mrs. Earl Oquinn, their son and Mr. and Mrs. D. Hebert and son attended the Apostolic meeting in Sulphur Wednesday evening.

Mr. and Mrs. E. Oquinn and children, Mrs. D. M. Toney and children and D. M. Toney's mother, all of Sulphur, visited Mr. and Mrs. Earl Oquinn Sunday.

Tom Love of Orangefield was in Hackberry Thursday.

Heney Burke went to Gum Cove Wednesday.

Mr. and Mrs. Eugene Sonnier and little son, who have been residing here for the past five months, moved to Vinton last week.

Mr. and Mrs. A. Landry and baby of High Island spent Thursday night with Mrs. Landry's parents, Mr. and Mrs. T. LeBoeuf.

Mr. and Mrs. Clarence Keown of Orangefield, enjoyed a fishing party while visiting Mr. and Mrs. Leonard Waldrop here Thursday.

Jimmie Laughlin visited in Orangefield Friday.

Otis Viatoo and Miss Seva McFarland have returned to Big Sandy, Tex.

LEGALS

CAMERON PARISH RECREATION DISTRICT #5
Regular Meeting
September 12, 1989

The meeting was called to order by Chairperson Shirley Chesson. Members present were Shirley Chesson, Joey Babineaux, Pat Hebert and Alex Bard, Jr. Members absent were Pete Young.

On a motion by Joey Babineaux seconded by Pat Hebert, the Board approved to follow up on procedures to receive payment for or receive property of the Recreation District back.

Election of officers was held with the following officers elected:

Shirley Chesson, President; Patrick Hebert, Vice-President.

The Board also moved to advertise for the position of Bookkeeper - Secretary - Treasurer. Applicants will be responsible for preparing the books for monthly meetings as well as the annual report to be turned in to the Legislative Auditor. Interested applicants should submit their bid at 7:00 p.m. on October 17, 1989, at the meeting of the Grand Lake Recreation District. No bids over $125.00 per month will be accepted.

On a motion by Joey Babineaux seconded by Pat Hebert, the meeting time was changed to the third Tuesday of the month at 7:00 p.m. and 6:00 p.m. during winter time change.

On a motion by Joey Babineaux and seconded by Pat Hebert, the Board moved to pay the bills.

Betty reported that 50 kids had registered for dance class and that there were 43 members at the fitness center in August. Betty also discussed the need to post rules and regualtions in the fitness center as pertaining to under aged children. The board adopted a set of rules to be posted and give to new members.

A discussion was held about dance class registration and dance lessons. It was determined that it has always been the interest of the Board to collect 25% of the registration fee.

Police Jury Member Brent Nunez stated that the Volunteer Fire Dept. has agreed to open the Multi-purpose Building and Mr. Nunez may need to receive payment of $5,000.00 loaned to the Recreation District to transfer it to the Fire Department to open the Multi-Purpose Building. The Board, on a motion by Pat Hebert and seconded by Joey Babineaux, gave authority to pay the funds back if requested.

Mileage expenses were discussed for Recreation District employees running errands for the district. The matter was tabled.

PROCEEDINGS
Cameron Parish Waterworks Dist. No. 10, HC 69 Box 325, Cameron, La. 70631-9612.

The Cameron Parish Waterworks District No. 10 met in regular session on August 14, 1989 at 6 p.m. at the Johnson Bayou Waterworks Building in the Village of Johnson Bayou, Louisiana. Members Present were: Mr. J. B. Erbelding, Mr. Nick Garber, Mr. J. P. Constance, and Mr. Dave Griffith. Member absent was: Mr. Lloyd Badon.

It was moved by Mr. Garber, seconded by Mr. Constance and carried that the reading of the minutes be approved as read.

It was moved by Mr. Erbelding, seconded by Mr. Garber and carried that W. H. Griffith is hereby authorized, empowered and directed to purchase a push lawn mower for this district.

It was moved by Mr. Erbelding, seconded by Mr. Constance and carried that customers outside Waterworks District No. 10 must make payments in advance for water pumped from Office meter.

It was moved by Mr. Erbelding, seconded by Mr. Griffith and carried that the following estimates be placed in line for payment.

A. Custom Coatings	$ 9352.75
B. Lonnie Harper	374.11

There being no further business to discuss on a motion by Mr. Garber, seconded by Mr. Griffith, and carried the meeting was adjourned at 7:30 p.m.

APPROVED:
/s/ Lloyd Badon, Chairman

Cameron Outdoors

Hunting seasons schedule told

By Loston McEvers

OUTDOOR RECREATION

Outdoor recreation for the entire family will be held around the state as we prepare to celebrate Louisiana National Hunting and Fishing Day. It will be educational and fun for the entire family.

The Louisiana Department of Wildlife and Fisheries has goals in mind for this year and are gearing up for the upcoming events. The date slated is Saturday, September 23. The Department has organized contests and other activities, each centering around the outdoors and the preservation and protection of our natural resources.

Taking place in four locations across the state -- the Baton Rouge City Police Youth Camp on Flannery Road; the Monroe District II office on Highway 165 North; the Bodcau Wildlife Management Area in Minden; and the Rapides Parish Coliseum in Alexandria -- Louisiana National Hunting and Fishing Day is designed to be fun.

But more importantly, it is designed to inform.

"One of the main thrusts of National Hunting and Fishing Day is to inform the public about wildlife and natural resource conservation and the potential impacts, both helpful and harmful, of human interaction with the natural environment," said LDWF Secretary, Virginia Van Sickle.

"This is a day of fun and education, and a way of letting people know what activities our department has been involved in throughout the year and how we are managing the state's natural resources," continued Van Sickle.

The participation of the entire Department of Wildlife and Fisheries and other organizations such as the Department of Natural Resources, the Department of Environmental Quality, Nature Conservancy, LSU Sea Grant and the Coast Guard Auxiliary, among others, ensures many interesting exhibits.

Depending on which location of Louisiana National Hunting and Fishing attended, exhibits may include live animals, such as birds of prey, fish, turtles and alligators, game management and research, fisheries management, coastal management, nature conservancy, fur and alligator trapping, Operation Game Thief, boating safety and many others.

The Louisiana Wildlife Federation's 21st Annual State Duck and Goose Calling Contest will take place at the Baton Rouge site of Louisiana National Hunting and Fishing Day, kicking off the official statewide "Waterfowl Week."

Also at the Baton Rouge location, a series of fishing clinics conducted by professional fishermen will be sponsored by the Southern Outdoors Network. The clinics will cover all aspects of fishing from the most basic to tournament bass and blue water fishing. While there enjoying the fun, sportsmen can purchase their hunting and fishing licenses.

Free samples of spicy game dishes will be served, as well as free soft drinks in most locations.

A kids' fishing contest, as well as archery, muzzleloading, skeet shooting and bait casting have been popular in years past. Other well-liked events which will be featured at some locations this year include demonstrations of retrieving, canoeing, firing of canon nets, and jig fishing.

Signed by President Bush, National Hunting and Fishing Day is celebrated nationwide. The day was established by Congressional resolution in 1971 to recognize the sportsmen's vital role in conservation.

"On this 18th annual National Hunting and Fishing Day, I applaud the hunters and fishermen of our great nation and urge our citizens to support their efforts to preserve and protect our natural resources," said Bush.

To date, hunters and fishermen have contributed more than $7 billion for conservation programs. They will add to that total by more than $1 billion this year alone. That's more than $3 million a day.

This should be great fun, so plan to attend one of the events of your choice.

DOVE SEASONS

Talking about hunting, Dove season (1st split) ended Sunday, September 10. Hunting was fair, but nothing to brag about. The second part of the split will be open from October 14 until November 12 and this should be a better season. We should start getting some cool spells which will bring doves down to our area.

DEER HUNTERS

A survey conducted by the Louisiana Department of Wildlife and Fisheries indicates that a vast majority of Louisiana deer hunters hunted deer without the use of dogs, most of last year's hunting season.

Hunters prefer more still hunting and less hunting with dogs in the future hunting regulations.

As of now about 80 percent of Louisiana's deer hunters still hunt as compared to 20 percent using dogs.

GOOSE SEASON

A question asked me recently was, is there a change in the goose season for the 1989-90 season? The answer is yes.

The statewide goose season dates, applicable to both West and East Zones begins November 18 and continues through December 4 for Blue Snow or White-fronted geese. The season will reopen December 15 and close February 15 for these species. An additional nine days of blue and snow geese only hunting will be allowed from February 6 through February 14, offering a 79 day blue and snow goose season.

"Seven" is the daily bag limit for geese, which may include an aggregate of blue, snow or white-fronted geese. Of these no more than two may be white-fronted. Possession limit is twice the daily "bag limit". As you can see this is an extension of nine extra days on blue and snow geese and also a bag limit of 2 extra blue or snow geese daily. It seems there is a greater population of blues and snows so a larger limit was given.

WILDLIFE SANCTUARY

In preparing a write-up on all the talk about the federal government wanting Cameron Parish for a reserve or sanctuary for birds and other wildlife, it should be of interest to many that I've got some literature on a Gulf Coast Joint Venture with emphasis on Chenier Plain Wetlands Project.

There are many thousands of acres from Alabama, Mississippi, Louisiana and Texas that are targeted for this project. I have maps of this project and it seems that if this should happen, all of the Louisiana Gulf coast is in for a surprise, along with the western portion of Alabama, all of Mississippi and the Texas Gulf coast.

Also available is some information on Ducks Unlimited, where they will put money into this project and also where Ducks Unlimited is putting more in the United States than in Canada for hatching of our duck and migratory waterfowl.

TED's

The T.E.D. is back in the news again. Shrimpers along the Gulf coast got the sad news last week that they had to start pulling the T.E.D again. Some shrimpers say that they will not pull the T.E.D.

What I can't understand is how they can estimate a figure like 48,000 turtles were once in the Gulf waters and now there are only 600 left. Who dove underwater or took pictures of the entire Gulf waters and counted these turtles. I may sound dumb but I cannot picture the above example or is it just a number thrown out there so somebody can have a job pretending to count turtles.

All I can say is, we can do without the turtles, we can't eat or sell them, but we can't do without our shrimpers who provide fresh shrimp to be enjoyed nationwide.

GOOD FISHING

Fishing in our area is still good. Redfish and Speckle Trout fishing is hot. Good catches are reported.

Most of our area's alligator people are busy as the season has opened. Good catches and prices should be good.

BASS CLUB NEWS

All Bass Club members are asked to make nominations for election of officers for the coming year. Write down your nominations for the following, also any changes you would like to see and send to Loston McEvers, P. O. Box 240, Creole, La. 70632 before October 1. (Deadline)

President; vice-president, secretary-treasurer; trustee(1) and sportsmanship award.

A ballot will be sent after nominees are in and voted on by November's meeting.

FmHA borrowers invited to attend meet

FmHA Farm borrowers invited to meeting on loan servicing Calcasieu, Cameron and Beauregard parish farmers with loans from the Farmers Home Administration are invited to a meeting on Sept. 19, on how FmHA's computer program is used in considering loan servicing options such as rescheduling and write-downs, FmHA county supervisor Stephen R. Ryker, said.

The meeting will be at 10 a.m. at Calcasieu Marine Bank Tower, Lake Charles. Ryker said the meeting is particularly important for FmHA borrowers behind in their payments and those having difficulty with their loans. "We will go over all the options available to those borrowers and explain how to go about finding one that will keep them in operation," Ryker said. "We will be putting emphasis on the debt and loan restructuring (DALR$) computer program that was developed just for this purpose."

Ryker said DALR$ does many mathematical calculations quickly and in a number of combinations in helping in the analysis of farm financial plans.

"If a restructuring plan exists that will keep the borrower on the farm, DALR$ will find that plan, and that plan will minimize the cost or debt restructuring," he said.

DALR$ was developed as a tool to help debt restructuring authorized by the agricultural credit act of 1987. FmHA farm borrowers who are behind in their payments should, by all means, try to attend this meeting, Ryker said.

From a normal deck of cards, it's possible to deal 2,598,960 different five-card hands.

Grand Lake 4'Hers attend Iowa show

Grand Lake 4-Hers who attended the Louisiana Beef Market Livestock Show in Iowa on Aug. 19, were Angela Guidry, Nikki Guidry, Arron Poole, Laurie Broussard, Kristie Broussard, Ginger Broussard and Brooke Jouette.

Those participating in the McNeese Classic Livestock Show were Shadd Taylor, Brooke Jouette, Arron Pool, Laurie Broussard, Kristi Broussard and Ginger Broussard.

PUBLIC NOTICE
LOUISIANA DEPARTMENT
OF ENVIRONMENTAL QUALITY
AIR QUALITY DIVISION
REQUEST FOR PUBLIC COMMENT
ON PROPOSED AIR POLLUTION
SOURCE
OXYNGI, INC.
JOHNSONS BAYOU,
CAMERON PARISH, LOUISIANA
PSD-LA-555
OXY NGI, INC., Post Office Box 300, Tulsa, Oklahoma 74102, submitted a permit application May 16, 1989, to modify a recently purchased natural gas plant near Johnsons Bayou, Cameron Parish, Louisiana.
OXY proposes to relocate equipment from their Sea Robin II gas plant to their Cameron site, thereby increasing capacity from 310 MM scfd to 510 MM scfd. The facility will utilize two processing trains to produce a single demethanized stream of natural gas liquids, approximately 321 gpm. Extracted liquids will be pipelined to a central fractionation facility, and sales gas will be compressed to pipeline. Amine treatment will be used for CO2 removal from the liquids stream.
Construction is scheduled to commence in November 1989, with operation beginning in May 1990. The relocated equipment will consist of additional separators, dehydration equipment, and compressors.
Total estimated emissions from the facility are as follows:

POLLUTANT	TONS PER YEAR
TSP	0.11
SO2	1.6
NOx	1303.2
VOC	179.9
CO	240.3

The new facility is a major source, requiring Prevention of Significant Deterioration (PSD) review for NOx and CO. Emissions will be controlled by applying Best Available Control Technology. Air dispersion modeling indicates that the impact on air quality will be well below the National Ambient Air Quality Standards.
Neither the new plant, nor the general commercial, residential, industrial, or other growth associated with it, is expected to have a significant adverse impact on soils, vegetation, visibility, or air quality in the area of the facility of any Class I area. Toxic compounds inherent to natural gas are below detection limits in the inlet stream, except for benzene. The modification results in an increase of 14.7 pounds per year of benzene emissions as unburned hydrocarbons and fugitives.
A copy of the submittals by the applicant, the Air Quality Division's Preliminary Determination Summary, and the proposed draft permit are available for inspection and review at the Office of Air Quality and Nuclear Energy, Air Quality Division, State Land and Natural Resources Building (8th floor), 625 North Fourth Street, Baton Rouge, Louisiana 70804, and at the Southwest Regional Office, 1155 Ryan Street, Lake Charles, Louisiana 70601.
Written comments and any request for public hearing on the proposed project may be submitted to the Air Quality Division, P.O. Box 44066, Baton Rouge, Louisiana 70804, Attention Mr. Larry Devillier, Permits Section. It is requested that all correspondence specify Permit Number PSD-LA-555, and comments should be based on the requirements of the Clean Air Act and the PSD regulations dated June 19, 1978, and amended August 7, 1980.
RUN: Sept. 14

PUBLIC NOTICE
Notice is hereby given that the Department of Environmental Quality is proposing to issue a final Louisiana Water Discharge Permit System (LWDPS) permit to Amerada Hess Corporation. This permit, if issued, will establish effluent limitations and monitoring requirements for the discharge of certain wastewater streams associated with the company's oil and gas exploration, development and production operations in the North Little Chenier Field, Cameron Parish, Louisiana. Receiving waters in the North Little Chenier Field include Humble Canal and associated natural and manmade waterbodies. The limitations and conditions of this permit are consistent with the permitting policy of the Office of Water Resources, which is to achieve and maintain full support of designated uses of the waters of the state.
During the preparation of this permit, it has been determined that these discharges will have no adverse impact on the existing uses of the receiving waters. As with any discharge, however, some change in existing water quality may occur.
The designated uses of the receiving waters are being partially supported. Impairment of designated uses is attributed to organic pollutants and high levels of suspended solids. Suspected sources of contamination include agricultural runoff and natural causes.
The application and proposed limitations may be examined at the Office of Water Resources, 9th Floor, State Land and Natural Resources Building, 625 North Fourth Street, Baton Rouge, Louisiana.
Persons wishing to provide data, views or comments, or request a public hearing relative to the issuance of the permit are invited to submit their comments and request, in writing, within thirty (30) days of the date of this notice using reference No. WP 2755 to:

PUBLIC NOTICE
Notice is hereby given that the Department of Environmental Quality is proposing to issue a final Louisiana Water Discharge Permit System (LWDPS) permit to Solatex Resources, Ltd. This permit, if issued, will establish effluent limitations and monitoring requirements for the discharge of certain wastewater streams associated with the company's oil and gas exploration, development and production operations in the Pecan Lake Field, Cameron Parish, Louisiana. Receiving waters in the Pecan Lake Field include Long Lake, East Lake, Grand Lake, Southwest Bayou, and associated natural and manmade waterbodies. The limitations and conditions of this permit are consistent with the permitting policy of the Office of Water Resources, which is to achieve and maintain full support of designated uses of the waters of the state.
During the preparation of this permit, it has been determined that these discharges will have no adverse impact on the existing uses of the receiving waters. As with any discharge, however, some change in existing water quality may occur.
The designated uses of the receiving waters are being partially supported. Impairment of designated uses is attributed to nutrient overenrichment and to high levels of suspended solids. Suspected sources of contamination is agricultural runoff.
The application and proposed limitations may be examined at the Office of Water Resources, 9th Floor, State Land and Natural Resources Building, 625 North Fourth Street, Baton Rouge, Louisiana.
Persons wishing to provide data, views or comments, or request a public hearing relative to the issuance of the permit are invited to submit their comments and requests, in writing, within thirty (30) days of the date of this notice using reference No. WP 2811 to:

LEGAL NOTICE
STATE OF CALIFORNIA, OFFICE OF CONSERVATION, BATON ROUGE, LOUISIANA
In accordance with the laws of the State of Louisiana, and with particular reference to the provisions of Title 30 of Louisiana Revised Statutes of 1950, a public hearing will beheld in the Conservation Auditorium, 1st Floor, State Land and Natural Resources Building, 625 North 4th Street, Baton Rouge, Louisiana, at 9:00 a.m., on Tuesday, october 10, 1989, upon the application of LASMO ENERGY CORPORATION.
At such hearing the Commissioner of Conservation will consider evidence relative to the issuance of an Order pertaining to the following matters relating to the Clark Sand, REservoir C, in the Back Ridge Field, Cameron Parish, Louisiana:
1. To establish rules and regulations governing the exploration for and production of gas and condensate from the above sand and reservoir.
2. To create one drilling and production unit, and to force and integrate all separately owned tracts, mineral leases and other property interests within the proposed unit, with each tract sharing in unit production on a surface acreage basis of participation.
3. To designate a unit operator and a unit well for the proposed unit.
4. To establish that the gas produced from the Clark Sand, Reservoir C, is eligible for the maximum lawful rate under Section 102 of the Natural Gas Policy Act of 1978.
5. To consider such other matters as may be pertinent.
The Clark Sand, Reservoir C, in the Back Ridge Field, is hereby defined as being that gas and condensate bearing sand encountered between the depths of 13,347 feet and 13,400 feet (electrical log measurements) in the Exploration Company/Louisiana, Inc.-J. A. Davis No. 1 Well, located in Section 23, Township 14 South, Range 9 West, Cameron Parish, Louisiana.
A plat is available for inspection in the Office of Conservation in Baton Rouge and Lafayette, Louisiana.
All parties having interest therein shall take notice thereof.
BY ORDER OF:
/s/ J. PATRICK BATCHELOR
COMMISSIONER OF
SCONSERVATION

RUN: Sept. 14

PUBLIC NOTICE
CAMERON PARISH COASTAL USE PERMIT APPLICATION
Interested parties are hereby notified that the Coastal Management Section of the Cameron Parish Police Jury has received the following apparently complete application for a Coastal Use Permit in accordance with the rules and regulations of the Louisiana Coastal Resources Program and R.S. 49:213.1, the State and Local Coastal Resources Management Act of 1978, as amended.
L.C.U.P. Application #890805 Corpos of Engineers #
Name of Applicant: M. O. Miller Estate, 315 Metairie Road, Suite 202, P.O. Box 9206, Metairie, La. 70055-9206.
Location of Work: Grand Chenier, Section 11, 14, 23, Township 15 South, Range 6 West.
Character of Work: Repairing two box type water control structures to prevent salt water intrusion and regulate marsh water levels.
The decision on whether to issue a permit will be based on an evaluation of the probable impacts of the proposed activity in accordance with the state policies outlined in R.S. 49:213.2. The decision will reflect in the national concern for both protection and utilization of important resources. The decision must be consistent with state program and approved local programs for affected parishes and must represent an appropriate balancing of social, environmental and economic factors. All factors which may be relevant to the proposal will be considered; among these are flood and storm hazards, water quality, water supply, feasible alternative sites, drainage patterns, historical sites, economics, public and private benefits, coastal water dependency, impacts on natural features, compatibility with the natural and cultural setting and the extent of long term benefits or adverse impacts.
Certification that the proposed activity will not violate applicable water and air quality, laws, standards and regulations will be required before a permit is issued.
Any person may request, in writing, within the comment period specified in this notice, that a public hearing be held to consider this application. Request for public hearings shall state, with particularity, the reasons for holding a public hearing.
Plans for the proposed work may be inspected at the Cameron Parish Police Jury Annex Building, Coastal Management Division, Courthouse Square, P.O. Box 366, Cameron, Louisiana. (318) 775-5718. Written comments should be mailed within 25 days from the date of this public notice to Cameron Parish Police Jury, Coastal Managment Division, Post Office Box 366, Cameron, Louisiana 70631.

REMEMBER?

Good crops in area in 1917

By Keith Hambrick

(Lake Charles American Press, Sept. 15, 1916)
DRAINAGE CANAL TO JOHNSON BAYOU
Residents of the western part of Cameron Parish are contemplating a drainage canal extending from the Intercoastal, about midway between the Calcasieu and Sabine rivers, to Johnson Bayou, the general direction to be south and then west.
All the excavated dirt would be thrown up on the left hand bank, so as to keep out the salt water from the land north and west of the canal.
P. J. Pavell, of Orange, has written here suggesting that later on the government might be induced to deepen this canal so as to afford a deep water harbor for Lake Charles.

(Lake Charles American Press, Sept. 7, 1917)
GOOD CROPS IN CAMERON
Parish Demonstration Agent C. C. Vidrine is in from Cameron today, visiting and conferring with Paul D. Perkins, the Calcasieu agent.
Mr. Vidrine makes very favorable reports of the agricultural work in Cameron Parish and has, during his short stay there, become familiar with the whole parish, its people and the crop conditions.
Cameron is rapidly becoming a cotton section, and while the crop this year is not what could be called a normal one, it is a very good one and especially as to the grade.
The farm of J. T. Miller of Cameron, has a tract of cotton that will average, so Mr. Vidrine thinks, at least two bales to the acre. This is a wonderful yield and shows what can be done in the way of cotton growing in Cameron Parish. Mr. Miller has some corn that is making an exceptionally good yield also. It is of the variety called "Imperial Calcasieu", and it is averaging 55 bushels to the acre.
All the farmers in this territory are keeping the strictest accounts of their farm work, as to seeds, labor yields and all incidental expenses entailed in the production of the crops. In this way they have been demonstating just how cheaply and at the same time how well they can live. The majority of these farmers are living well and making everything they eat and use, with the exception of a very few articles, right at home on their own farms. The few things like sugar, coffee, and flour, they get in trade for theirown produce and theya re practically self-sustaining.
Another feature that is being greatly talked of in Cameron is the need of good roads. The farmers are seeing just wnat roads mean to them and they expect to have a fine system of roads within a few years, even if they have to pay for them personally. They need good highways to transport their products to markets and with the roads in Calcasieu as an example to them, they are determined to keep pace with them and soon have a system of model thoroughfares in Cameron.

(Abbeville Meridional, Sept. 17, 1910)
LAKESIDE LACONICS
Mrs. Jack Broussard of Lowry is very sick.
We are having very warm weather but it is fine for rice.
Mr. Miller returned from visiting his old home at Iota a little better in health.
The rice crop is being harvested and the yield is excellent. The report is fine crops from all the surrounding plantations.
Mr. Felix Andrepont of Lake Arthur, formerly of Jennings, visited relatives at Lakeside Sunday.
Semeon Benoit caught a 4-foot stingeree on his line last week. (Note: A stingeree is a stingray.)
A preaching service was announced for last Sunday at Mr. Diehl's but the preacher failed to appear to the disappointment of the folks gathered for the service.

Today's new cameras are zooming in on quality and ease of operation.

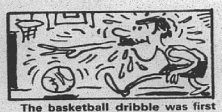
Class holds 20-year reunion

The South Cameron High School graduating class of 1969 held its 20 year reunion June 24, at the Creole Multi-purpose building. The hall was decorated in red, white and blue with balloons and back-drops of photographs and school-class memorabilia.



Classmates and their families enjoyed a picnic lunch featuring Poo's old fashioned hamburgers cooked up by Mr. Landry, himself. The children were entertained with games and door prizes. Later in the evening, each classmate and spouse/guest were served brisket dinner with all the trimmings. Revised class prophecies were read by class president Ed Petersen and some classmates participated in a newlywed game.

Much reminiscing was done by all as old annuals, photos and school memorabilia were at hand for browsing. After the reunion was over, "Breaking Ground" furnished music for classmates and friends dancing enjoyment.

Class sponsors, Donald Broussard and Mrs. Ada 'Ricks' Broussard were special guests. The reunion was dedicated to Leland 'Mano' Richard, deceased graduate of 1969. Plans for another reunion in ten years were discussed.

Sixty-three percent of the graduating class turned out for the reunion and are pictured as follows:

Linda Nunez Conner, Linda Canik Sturlese, Mary Woodgett Didelot, Thaunia Savoie Hardie, Carolyn Miller Thibodeaux, Charlotte Brasseau Trosclair, Pam Burleigh Scott, Sherry Murphy Howerton, Henrietta Richard Bourque, Tamara LaLande Gay, Bonnie Willis Conner, Phyllis Savoie Pinch, Glenda Gaspard Domingue, Gary Baccigalopi, Tommy Theriot, Phillip Trosclair, Gary Dimas, Bobby Vincent, Carlton Styron, Paul LaBove, Philip Dardeau, Arthur Booth and Edward Petersen.

The basketball dribble was first used professionally by Bert Loomis in 1896.

Faculty told for religion classes here

Religion classes have begun at Sacred Heart Catholic Church for grades 1 through 11, according to Msgr. M. J. Bernard, pastor.

The faculty of the school is as follows:

Elementary grades - Josie Boudreaux, coordinator; grade 1, Josie Boudreaux; 2, Melassey Baccigalopi and Debbie Duhon; 3, Dinah Billings; 4, Margaret Conner; 5, Natalie LaLande and Jeannie George; 6, Jendy Trahan, 7, Carolyn Daniels and Allyson Bourriaque.

High school - Uland Guidry, coordinator; grade 8, Sherrie Rogers; 9, Jeanette Savoie; 10, Stacy Mudd and Belinda Vincent; 11, Uland Guidry and Msgr. M. J. Bernard.

Teresa Martinez will continue as director of adult religious education, while Belinda Vincent will serve as director of RCIA (convert classes), which are slated to begin this month.

Aides to the teachers are Debbie McDaniels, Kay Canik, Ann Meaux and Olga Mudd.

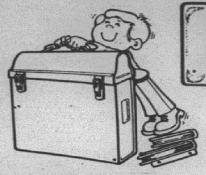
There are 163 elementary students registered and 65 in high school classes.

G.C. H'makers meet in August

The Grand Chenier Extension Homemakers held their August meeting in the home of Mrs. Bonnye Theriot. Mrs. Aline Miller, Mrs. Joan Jones and Mrs. Norma Jo Pinch were co-hostesses.

Mrs. Debra Heard presided. Club members voted to send money to Louisiana 4-H Foundation in honor of Miss Patsy Granger who was agent for many years in Cameron Parish. She recently retired.

Yvonne McNease was elected as new reporter.



Club members were asked to attend the 50th anniversary for the Cameron Parish Extension Club. Members who attend are asked to bring a covered dish.

The 50th anniversary will be held at South Cameron Elementary School on Sept. 30, beginning at 9 a.m.

The door prize, donated by Tammy Conner, was won by Yvonne McNease. The next meeting is Tuesday, Sept. 26, at 6:30 p.m. Homemade gifts to secret pals will highlight the meeting.

The two 1,350 foot towers of the World Trade Center in New York City occupy only two acres, but can accommodate 130,000 people.

Council makes plans for 50th anniversary

The Cameron Parish Extension Council held its July Council meeting July 13, at the Muria Fire Station in Creole. Attending was Nancy Cronan, Shirley Bonsall, Beth Ferguson, Estelle Theriot, Charlene Boudreaux, Mrs. Bea Nunez, Mayola Wicke, Laura Richard, Wayne MOntie, Earline Baccigalopi, Lena Guidry, Carolyn Thibodeaux, Alice Fae LaBove and Margaret Conner.

"Let the Chips Fall Where They May" was discussed. This year's winner was Michael Boudreaux of Grand Chenier. Thanks to Lane Bonsall for the use of his 4-H Brahman. Cancer drive certificates were presented to each club.

Election of officers was as follows: Estelle Theriot, president; Lena Guidry, president-elect; Mamie Richard, 1st vice president; Earline Baccigalipi, secretary-treasurer; Charlene Boudreaux, reporter-historian; Paula Theriot, parliamentarian.

All clubs are to send names, addresses, and phone number of all members, list of educational chairman, new officers list and updated hostesses to Mrs. Nancy Cronan before October.

October council meeting is scheduled for Oct. 10, at 2 p.m. at the County Agent's office in Cameron.

Plans forHomemakers 50th anniversary are finalized. It is scheduled for September 30, at South Cameron Elementary School in Creole. Registration and coffee begins at 8:30 hosted by Creole Homemakers. Decorations by Grand Chenier club and lunch by Sweetlake club. Each member attending bring a covered dish. Each club is asked to send a bread, meat, vegetable and dessert. Each club is also asked to bring a door prize.

Each club is asked to bring crafts, old and new, to display, things that your club has done within the last 50 years (old scrapbooks, pictures, articles, achievement day awards, etc.). Mrs. Cronan needs a list of oldest and deceased members of your club.

Bonsall reunion

The annual Bonsall family reunion will be held Sunday, Oct. 8, at the Knights of Columbus Hall in Creole, starting at 10 a.m.

Each family attending is asked to bring a covered dish.

MR. AND Mrs. Robert Mudd announce the engagement and forthcoming marriage of their daughter, Stacy Darlene to George Houston Miller, son of Mr. and Mrs. Layton Miller, all of Cameron. The wedding is set for Saturday, Oct. 14 at 11 a.m. at the Sacred Heart Catholic Church. Through this means friends and relatives are invited to attend.

Birth

SHYLYN ALISE NUNEZ

Anthony (Pazoo) and Janna Nunez of Grand Chenier announce the birth of their second child Shylyn Alise, Saturday, Sept. 2, at St. Patrick's hospital. She weighed 4 lbs. 11¼ ozs.

Grandparents are Mr. and Mrs. Robert Mhire of Lacassine and Mrs. Goldie Nunez and the late Pershing Nunez of Pecan Island.

Great-grandparents are Mrs. Angeline Mhire of Grand Chenier and Oneal Copell of Pecan Island.

The couple's other child is Toni Kay.

G.L. PTA to meet Sept. 19

There will be a general PTA meeting at 7 p.m. Tuesday, Sept. 19, at Grand Lake High School. There will be open house for grades 7-12 at 8 p.m. after the 7 p.m. PTA meeting.

All interested community members are invited to attend.

Senior Citizens activity night set for Sept. 17

The Wakefield Methodist Church of Cameron will hold their Senior Citizens Activity Night, Sept. 17, at 5 p.m. in the fellowship hall of the church.

All senior citizens and their spouses are invited to attend.

Memorial Books

New memorial books in the Cameron Parish Library are listed as follows, with names of the ones in memory and donors, respectively:

Elvis and Gladys, Desia Giles Lougon by Carl and DeeDee Guilbeaux and Family.

In Defense of Children, Roy Hebert by Mr. and Mrs. Brown LeBoeuf.

Modern Crochet, Elise G. Clark by Bonnie Conner.

Offshore Fishing From Virginia to Texas, Floyd Kelley by Gulf Coast Supply: Mona, Ricky, DaDa, Paul, Tutu, and Zoe.

Saltwater Fisherman's Bible, Larry "Black-O" Conner by Kenny, Polly Dupont and Family.

Oil Notes, Don Green by Kenny and Polly Dupont and Family.

Make It and Sell It, Mrs. Ethel McGeHe by Kenny and Polly Dupont and Family.

Ponies, Greta Ronsonet by Stacey Vidrine, daughter.

Grand Ole Opry, Roy Hebert by Man and Mabel Saltzman.

World-Fair, New Orleans, Nola Rogers by George and Willa Dean LeBoeuf.

Control of Nature, Larry "Black-O" Conner by Darren and Penelope Richard.

Beaches to be cleaned

By GENEVA GRIFFITH

Cameron Parish will join all of Louisiana's coastal parishes and the Gulf Coast states Saturday, Sept. 23, for Beach Sweep '89 between 10 a.m. and 2 p.m. for the annual beach clean-up day.

This will be the third annual clean-up day for Cameron Parish beaches. This program was started through a combined effort of the Louisiana Sea Grant Association, the Louisiana Department of Tourism and the U. S. Dept. of Interior, and other environmental groups.

The prime purpose of the annual beach clean-up is to make the public aware of their responsibilities in keeping the natural resources clean.

"The actual clean-up process is secondary or a tool to lead us to our prime goal to public awareness", said Ed Kelley, Cameron Parish Zone Coordinator of the beach clean-up.

Calls may also be made to Kelley at 775-5493 from 8 a.m. to 4 p.m. and 775-5397 after 4 p.m.

After the beach clean-up hot dogs and cold drinks will be furnished free at the Johnson Bayou Multi-Purpose buiding on the west side of the Calcasieu River and at the Recreation No. 6 building on the east side of the river.

Beach captains will furnish information as to the location of these sites.

Those who volunteer will be mailed an access map and instructions as to their beach locations. Late volunteers will be instructed by the beach captains.

The following is a list of the individual beach captains:

Martin Beach , Daniel L. Billiot, Johnson Bayou, 569-2361.

Longview-Dunn, Scott Henry, Cameron, 775-5721.

Oceanview - Little Florida - Holleyman Sanctuary Beach, Paul Hannen, business, 474-5781, home, 439-0913.

Gulf Breeze Beach, Harry Lancon, 528-2970.

Constance Beach, Rodney Guilbeaux, Jr., 569-2159.

Peveto Beach, Mona McBride, 477-5488.

Holly Beach, Gerald Touchet, Clifton Cabell, 762-4739.

Rutherford Beach, Dean Koome, 488-1864.

Mobil Oil Environemntal Beach Official, Jeffery L. Passmore, 491-6693.

Conoco Oil Co. Environemental Official, Dave L. Dooley, 236-5078.

Lake Charles and Calcasieu area residents who wish to volunteer their services may call the office of Rep. Randy Roach, 478-0595, between the hours of 8 a.m. and 4 p.m. and ask for Gayla or Sharon who will have beach information.

PICTURED AT the Grand Opening of Rep. Randy Roach's legislative office in Cameron Tuesday were Rep. Roach and visitors Larmae Miller and baby Kaysha Lene Miller.

... considers suit over FEMA's rules

Several representatives of the Cameron Parish Police Jury are tentatively scheduled to go to Washington later this week to meet with a top official of the Federal Emergency Management Agency (FEMA) in an attempt to iron out differences between the jury and the agency over the Federal Flood Insurance Program.

Parish Administrator Garner Nunez said that Senator John Breaux is attempting to set up the meeting to head off what Nunez says may be the jury's final resort: filing a suit against FEMA to try to get some of the stringent flood insurance regulations alleviated.

In May several jurors and engineers hired by the jury to present evidence on flooding in the parish met with Dr. Brian R. Mrazik, assistant administrator, Office of Risk Assessment, FEMA and with Senator John Breaux in Washington.

At that time, according to Nunez, the FEMA official tentatively accepted the parish's new flooding data and promised to give the parish some relief in the way of lower building elevations and lower flood insurance rates.

Mrazik, Nunez said, promised to furnish the parish a final confirmation of these promises within a short time. However, there has been delay after delay by FEMA in this matter and jurors had begun talking about a possible suit to bring the matter to a head.

In a letter to Nunez on Sept. 11, Mrazik wrote:

"We have determined that the revision study clearly underestimates 100-year stillwater flood elevations for Cameron parish, and that no lowering of base flood elevations appears justified by results available at the present time."

He did indicate that lowering of the base flood elevations could be justified in two areas of lower Cameron parish--five miles of the Blue Buck Ridge in the Johnson Bayou area and five and a half miles of the Front Ridge between the Creole Canal and St. Hubert Church and the ridges north of the Front Ridge.

He said the new topographic information "will result in a one to two-foot reduction in the base flood elevation for the higher portions of the inland ridges in Cameron parish."

"Because our regulations require expected coastal erosion to

E. J. Dronet

Hazel Dronet

Couple to receive high church honors

Two residents of Cameron will receive high honors from the Catholic Church in ceremonies scheduled in Palm Beach on Sunday, Oct. 1.

Mrs. Mary Hazel Dronet will be invested with membership in the Equestrian Order of the Holy Sepulchre of Jerusalem, while her husband, E. J. Dronet, will be promoted to the rank of Knight Commander in the same Order.

They will be among 200 men and women from 11 southeastern states, the District of Columbia and the Virgin Islands who will become members of the Order or who will be promoted in rank. The ceremony is scheduled for 2 p.m., in Palm Beach's Cathedral of St. Ignatius Loyola, and will be presided over by His Eminence Luis Cardinal Aponte Ramirez, Archbishop of San Juan in Puerto Rico, and the Most Rev. Pio Laghi of Washington D. C., Apostolic Pro-Nuncio in the United States.

Of the several different Orders of Knighthood in the Catholic Church, some are restricted to diplomatic use, while others are conferred in appreciation of service. Two of these -- the Order of the Holy Sepulchre and the Order of Malta -- have legal status and specific charitable missions. Many nations accord the Order of the Holy Sepulchre a high position in the chivalric community.

The Order of the Holy Sepulchre was founded by Godfrey deBoullion, Duke of Brabant and leader of the First Crusade, in 1099 A.D., after the Crusaders

50th anniversary

The Cameron Parish Extension Homemakers will celebrate their 50th anniversary Saturday, Sept. 30, at South Cameron Elementary School.

Registration starts at 9 a.m. with the program beginning at 10 a.m. The program will end at noon with a covered dish luncheon.

All present and past members are invited to attend. A slide presentation will be presented covering past activities of the council.

Dance set Fri.

The Cameron Parish Special Olympics will sponsor a dance Friday, Oct. 20, after the South Cameron Tarpon Homecoming game at the Cameron K. C. Hall. Look for further details in the next few weeks in this paper.

Gator festival set for Sun.

The annual Alligator Harvest Festival will be held Sunday, Sept. 24, at the Grand Chenier State Park on the Mermentau River.

There will be a full day of events for the whole family and variety of food along with cold drinks.

The schedule of events is as follows:

10 a.m. until - Live alligator display; alligator hide products display.

11 a.m. until - Food and ice cold drinks served including barbecue chicken plates, pork rib jambalaya, shrimp gumbo, hamburgers and fried alligator.

11 a.m. - Boat races start. A space walk for children, all day.

11 a.m. - Live music begins. (Music and dancing by Sauce Piquante band.)

Noon - 3:30 - Cake walk, auction.

1 p.m. - Miniature car races.

1:30 p.m. - Youth games: sack races, 3 legged races and egg throwing contest.

2 p.m. - A visit by Gumbo Gator from the Lake Charles Tourist Bureau. Little Miss and Mr. Alligator Harvest Festival trophies awarded.

3 p.m. - Alligator skinning demonstration.

4 - 7 p.m. - Music and an old fashioned Fais-Do-Do by Terry Beard and "Breaking Ground".

TO BE ANNOUNCED - presentation of Joseph Sturlese Award for largest alligator and poster contest winners.

Also, arts and crafts as well as souvenir caps and T-shirts will be available for sale.

The event is sponsored by the Catholic Community Association of Grand Chenier. The public is invited to come out and enjoy the day.

D U Banquet

The Cameron Parish Chapter of Ducks Unlimited has set their annual Ducks Unlimited banquet for Nov. 18, the first day of hunting season.

* * *

Gator hunt is held on new refuge

The U. S. Fish and Wildlife Service received 45 applications for furbearer and alligator harvest permits at the new refuge which is located near the Gibbstown Bridge on La. Highway 27.

Thirty-five of the applicants were Cameron parish residents, 8 were from Calcasieu parish and 1 application each was received from Vermilion and Jefferson Davis parish residents. The applications were screened by Refuge Manager Paul Yakupzack and on Sept. 5, the drawing was held at the Grand Lake-Sweetlake Recreation Building. Msgr. James Gatti, pastor of St. Mary of the Lake Church in Grand Lake drew the lucky winners from a shoe box while several anxious applicants watched.

The winners were D. L. Brasseaux and Hayes "Trey" Picou III both of Grand Chenier. First alternate was Bart McBeth of Sulphur, second alternate was C. Jerome Rutherford of Grand Chenier and third alternate was Jerry Boudreaux of Creole.

Thirty alligator tags each were issued to Brasseaux and Picou by Louisiana Department of Wildlife and Fisheries personnel at Rockefeller Refuge. The harvest of the 60 gators began on Sept. 9, and was completed Sept. 12. The gators averaged 6.7 feet in length.

The refuge gator hides will be sold by the permittees at the Cameron Parish Cooperative Extension Service public sale on Oct. 9. The permittees will retain 70 percent of the gross receipts from the sale of the hides while the U. S. Fish and Wildlife Service's share will be 30 percent.

Interior's plans for Cameron parish's wetlands told

By GENEVA GRIFFITH

An on-going controversy over the establishment of a new national wildlife refuge in Cameron Parisah has brought to light some long range plans of U. S. Department of the Interior, Fish and Wildlife Service for the parish.

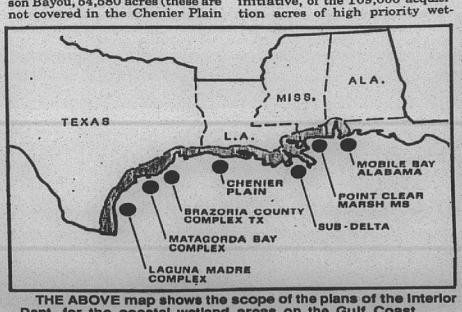
At issue at this time is the proposed creation of the Little Pecan National Wildlife Refuge, north of Grand Chenier. It would encompass over 10,000 acres of parish wetlands to provide a wintering habitat for migratory waterfowl and is part of the Wildlife Service's long-range North American Waterfowl Management Plan.

Little Pecan Island is one of the key components in the Chenier Plain Wetlands Initiative of the Lower Mississippi Valley-Gulf Coast Joint Venture of the plan, the Fish and Wildlife service says.

The Chenier Plain Wetlands project draft was developed by the Louisiana Department of Wildlife and Fisheries, the Texas Parks and Wildlife Department; and the U. S. Department of Interior, Fish and Wildlife Service.

The project covers the southern part of Cameron Parish from the Intracoastal Canal to the Gulf of Mexico and the Southeastern part of Jefferson County, Tex.

ACCORDING TO the draft "The North American Waterfowl Management Plan establishes a goal of a minimum of 386,000 acres needing protection along the Gulf Coast. The only sure way to protect the remaining habitat is through the acquisition of identified areas in either fee and/or perpetual easements."



The centerpiece of the proposal, Chenier Plain Project, is the acquisition of approximately 109,000 acres of high value waterfowl wintering habitat consisting principally of coastal marshes. An estimated 57,000 acres would be purchased in Southeast Texas and 52,000 acres would be purchased in the Louisiana portion of the area (Cameron and Vermilion parishes).

The total cost for the acquisition is estimated at $43 million; and the annual operation and management costs for the lands acquired would be about $650,000.

Priority preservation sites for meeting the management plan goals in Cameron Parish are: Little Pecan Island 12,300 acres, $5 million; The Florence Club, 14,300 acres, $7 million; and Pan-Am Unit, 30,000 acres, $9 million (both in the Klondike area, near Gueydan); Choupique Marsh (Hackberry), 15,400 acres, $8 million; Gibbstown N. Canal, 10,000 acres, $5 million (already purchased and established as the Cameron Prairie National Refuge.)

THE MEDIUM priorities, all in Cameron Parish, are: #1 Big Burn Unit, 59,000 acres; #2 Gum Cove, 73,335 acres; #3 Goose Island, 9,200 acres; #4 Willow Lake-Sweetlake, 25,200 acres; #5 Illinois Plant, 7,200 acres; #6 Mango Ridge, 7,500 acres; and #7 Johnson Bayou, 54,580 acres (these are not covered in the Chenier Plain project).

In the Chenier Plain Wetlands initiative, of the 109,000 acquisition acres of high priority wetlands, the 52,000 acres in the Louisiana portion will be the responsibility of the Louisiana Department of the Wildlife and Fisheries and the U. S. Dept. of Fish and Wildlife Service and $25 million in funding will be needed over 15 years, and another $500,000 will be needed for developing brochures, audio-visual programs, etc. to foster the support of the Chenier Plain wetlands incentive.

THE ABOVE map shows the scope of the plans of the Interior Dept. for the coastal wetland areas on the Gulf Coast.

The Cameron Parish Police Jury, the Cameron Lions Club, Chamber of Commerce and other civic clubs and organizations have gone on record opposing or expressing serious concerns over the proposed Little Pecan Island Refuge.

AT THE August meeting of the Cameron Parish Police Jury, Juror Ray Conner stated that local residents are expressing fears that a tax-free designation for the

Cont. on Page 2

Grand Chenier News

By Elora Montie

The front which moved in Thursday, Sept. 14, after all the hot 90° temperature weather, folks really did enjoy the cool early mornings (58°) we have had for these few days.

The first day of fall will be Friday, Sept. 22.

With the cool, clear weather, some out of Parish sportsmen who have duck leses here were at their camps to begin the necessary repairs on their leases, while others were shrimping and deep sea fishing.

CLASSES BEGIN

St. Eugene high school students began their 1989-90 religion clases Monday, Sept. 11. Mrs. Carolyn Richard teaches the 8th grade. Carrol Wainwright teaches the 9th and 10th grades while Paul Coreil teaches the 11th and 12th grades.

The school of religion for the lower grades, kindergarten through the seventh grade, began Tuesday, Sept. 12, with Mrs. Charolet Hess, kindergarten; Mrs. Charline Boudreaux, first grade; Elora Montie, second grade; Mrs. Michelle Broussard, third grade; Mrs. Derlyn Canik, fourth grade; Mrs. Arline Coreil, fifth grade; Mrs. Mona Rae Theriot, sixth grade; and Mrs. Mamie Richard, seventh grade.

NEW VEHICLES

Mr. and Mrs. Lynn McCall recently purchased a new red Dodge Ram Charger.

Mr. and Mrs. A. D. Trahan recently purchased a new two-tone blue and silver Chevrolet pickup truck.

SICK LIST

Lionel Theriot is in St. Patrick's hospital in Lake Charles, showing some improvement.

Edwin Mhire of Sweetlake, formerly of Grand Chenier, has been in St. Patrick's hospital in Lake Charles; he has shown some improvement.

Neil Richard is home recuperating from his last trip to the hospital.

Hubert Sturlese was taken to St. Patrick's hospital Sunday.

CONCERN

Folks in our area are concerned about the hurricanes, Hugo and Iris, hoping they don't come our way and are very sorry for the folks who are homeless and hurt.

VISITORS

Mr. and Mrs. Van Curtis of Beaumont, Tex., are spending some time in their home here.

Visiting the Earl Booth Sr. family over the weekend were Mrs. Adalie Gist of Sulphur and Mrs. Gladys Miller of Lake Charles.

Mr. and Mrs. Lynn McCall had their daughter, Jean Ellen, of New Orleans, visiting them this past weekend.

Visiting Mrs. Dorris Sturlese and fmaily during the weekend was her granddaughtrer, Telesia Sturlese, who is attending U.S.L.

Franklin Jones spent the weekend with Mr. and Mrs. Arnold Jones and Mr. and Mrs. Eugene Paul Jones.

Miss Dona Booth and L. J. Adams of Marrero visited her parents, Mr. and Mrs. Earl Booth Sr.

TO "RED" DAVID HEBERT

HAPPY BIRTHDAY from us to you, On your big "22". You're a friend and song writer, civil defense and firefighter.

To some you're David, to some you're "Red", but to us you're "Booger Red"

Love,
Cindy, Holly,
Jarine & Shantelle

The majority of cats weigh between seven and twelve pounds.

INTERIOT'S PLAN
Cont. from Pg. 1

land would erode the parish's tax base.

"There's no way we could survive with this loss to our tax base -- we could lose many of the things we now have, such as water, fire protection, etc." he said.

He produced figures from the parish Tax Assessor Robert Conner showing the grand total of Cameron Parish property tax exemptions to state and federal refuges already in the parish is $226,688 and would be another $12,424 in annual property taxes added if the proposed Little Pecan refuge becomes a reality.

Refuges, both state and federal, do not pay parish taxes.

A breakdown of the lost tax base to Cameron Parish is $60,625 at Rockefeller; $31,483, Lacassine; $117,122, Sabine; and $17,459, Cameron Prairie.

A PORTION (around 50%) of the lost taxes is currently paid by the federal government to the Police Jury and School Board and placed into the general fund to be used by these entities for any project.

Charles A. Riggs, a Hackberry businessman and a former member of the Louisiana Wildlife and Fisheries Commission and the Cameron Parish Police Jury said, "I would like to commend the Police Jury and the Chamber of Commerce for taking a strong stand against the creation of another wildlife refuge.

"The total acreage of Cameron Parish is about one million acres. Of this total Sabine Wildlife Refuge has 149,000 acres, Lacassine has 31,000 acres and Rockefeller has 83,000 acres. Add about 200,000 acres for Miami Corporation and Amoco Oil and you have about one-half the total land area in Cameron Parish that the people have absolutely no input on whatsoever.

"If government agencies with unlimited funds continue to gobble up our lands the Police Jury will no longer have any lands to tax and nothing to govern."

The report and the accompanying maps show that most of the land along the Gulf Coast is targeted.

IT IS the consensus of the local people is that the federal government could do more good with improving the lands they already control and put more into the proper management than into acquiring more land.

The Police Jury this week sent copies of a resolution opposing the sale of Little Pecan Island to the Regional Director, Fish and Wildlife Service, Atlanta, Georgia and to Little Pecan of Lafayette, Lafayette.

Pointing out that removing Little Pecan from private sector management will result in less development and management monies spent in Cameron Parish, lessen local employment, and exempt these properties from taxation, further eroding the Cameron Parish tax base, and that acquisition of this small tract of land (1,810 acres) will not contribute significantly to the North American Waterfowl Management Plan.

Around the world in just 25 days: You can be a modern day Phileas Fogg via the Concorde.

Seminar set

Grief counselor Ronald Sunderland, Ed. D., will speak to area clergy about grief recovery at a seminar sponsored by Hixson Funeral Homes and Sulphur Memorial Funeral Home on Thursday, September 28.

Featured during the 7:45 a.m. "Working Through Your Grief" seminar at the Lake Charles Hilton will be a newly produced video tape and booklet designed to aid people during grief recovery.

The "Working Through Your Grief" tape and booklet will be provided without cost to the clergy for use with their congregations.

Hixson Funeral Homes has a branch office in Creole.

BLACK NEWS

By WANITA HARRISON

Mrs. Emma Frank of Port Arthur, Tex., visited a week with Mrs. Lillie Harrison and Mrs. Frances January. Mr. and Mrs. Phillip January of Port Arthur visited Mrs. January last Wednesday.

Mrs. Mary Davis, and Vernon and Frank Davis of Los Angeles, Calif. visited Mrs. Agnes Nash and Mrs. Lillie Harrison last Thursday.

Mrs. Lovenia Bartie and Mrs. Mary Cockrell visited Mrs. Margie Broussard and Mrs. R. V. Kirk in a Lake Charles hospital Sunday.

John Bartie is recuperating in a Lake Charles hospital.

Visit is set

Representatives of the Cameron Community Action Agency will visit the Klondike-Lowery area Thursday, Sept. 28, to enable people who need the services of the agency to make applications. They will be at Gary's Landing from 9 to 11:30 a.m. and the Klondike Fire Hall from 1 to 3 p.m.

Persons wishing to apply for commodities, utility assistance, or weatherization are asked to come to these sites to meet the service workers. Each person will need to bring proof of income for the past six months and any other information that may apply to their applications.

More information may be obtained by calling the Agency in Cameron at 775-5145.

THIS SUMMER Bobby Mhire, a member of the Grand Chenier Jr. 4-H Club, participated in a horse show held at Burton Coliseum and placed fourth in Junior Breakaway Roping.

Hunter safety course slated

A hunter safety course will be held before the end of September at Grand Lake High School and will be sponsored by the Vo-Ag Department of the school.

Pre-registration is mandatory and can be done by calling Gary Poole at 598-3474.

The minimum age for students is 10 years of age and there is no charge.

Anyone needing Hunter Safety Certification should make every effort to attend a course, according to Ken Hebert, with the Hunter Safety Section of the Louisiana Department of Wildlife and Fisheries.

Adult class is set at G. L.

The Grand Lake High School adult education class is now open to anyone interested in furthering their education. To register, please contact the high school and ask for Mrs. Janice Crador or Thomas E. Broussard, the instructor.

The phone numbers are 598-2231 or 598-2986.

Open house held

Grand Chenier Elementary School held its open house Sept. 11. Parents were invited to their child's classroom to talk with the teacher.

4-H members brought snacks for everyone.

Wetlands plan causes concern

By Loston McEvers

CAN WE HOLD ON TO OUR LAND

I guess most people here in Cameron Parish don't realize how the feds are after our land. Yes, the land our families tackled to tame and build up for us and for generations to come.

I will try to highlight some things that are happening from the Alabama coast to the tip of the Texas-Mexican coast, including all of the coast of Mississippi and Louisiana.

Mrs. Geneva Griffith will have a very important and complete article in this paper, with all the maps and everything that they are trying to do to make four states, including Cameron Parish, a refuge. This consists fo the Delta marshes of east Louisiana to the Chenier Plains of Cameron Parish.

In May of 1986, the North American Waterfowl Management Plan was accepted by the governments of Canada and the United States. Thirty-four North American areas were said to be of importance to waterfowl, including 21 areas within the United States.

The Gulf Coast was identified in the North American Waterfowl Plan as an area of major concern and established a goal for the preservation of a minimum of 386,000 acres of additional waterfowl habitat. Seven major waterfowl areas along the Gulf Coast hae been identified so far. These are: 1) Mobile Bay, Alabama; 2) Point Clear Marsh, Mississipi; 3) "Sub-Delta Marshes, Louisiana; 4) Chenier Plain, Louisiana and Texas;" 5)Brazoria County Complex, Texas; 6) Matagorda Bay Complex, Texas; and 7) Laguna Madre Complex, Texas. Other important areas may be identified as progress under the auspices of the North American Waterfowl Management Plan continues.

As you can see, there are other areas in their minds that they might also want.

I would like to say that the reports I got were prepared by the United States Fish and Wildlife Service, Region 2, Albuquerque, New Mexico; Louisiana Department of Wildlife and Fisheries and the Texas Parks and Wildlife Department, so you can see this is a serious issue.

They are looking for inland fresh water marshes where there is plenty of vegetation, shrub swamps, wood swamps, coastal salt marshes, mongrove swamps and tidal freshwater wetlands. This really describes the Gulf Coast area, especially Louisiana and Cameron Parish as ideal.

In Louisiana, the federal government now has 220,000 protected acres and the state 440,000 protected acres. They are looking for 386,000 acres along the Gulf Coast and that is a lot of land, but then they say 459,000 acres of waterfowl wetlands is in the Chenier Plains.

The North American Waterfowl Management Plan recognized the Gulf Coast marshes and associated agricultural lands as internationally significant migration and wintering habitat for the mid-continent waterfowl resource. Within the Gulf Coast Joint Venture, the Chenier Plain Project is the initial thrust in a joint venture to meet the goals established in the North American Waterfowl Management Plan. Other Gulf Coast Joint Venture projects, such as Brazoria County (Hoskins Mound, etc.) in Texas, Sub-Delta Marshes in Louisiana, Mobile Bay Delta in Alabama, and Point Clear Marsh in Mississippi, will follow. This initial Gulf Coast proposal encompasses recommendations over 15 years and will require a long term commitment of funds, and cooperation from a variety of Federal, State and local governments, conservation organizations, and private landowners.

Part III of this prospectus includes recommendations for fiscal year 1989 funding for the Chenier Plain project thrust. These funding needs do not include additional costs associated with various government projects not yet defined.

When completed, this project thrust will protect and enhance over 459,000 acres of wetlands in the Chenier Plains.

The Chenier Plains coastal system is about 300 miles long, from Vermilion Bay, across Cameron Parish, to Galveston Bay, Texas. This same area has had rapid deterioration as a result of saltwater intrusion, and hurricanes and channels have not helped this matter.

Ducks Unlimited is supporting this plan, along with the Nature Conservatory, in fact DU has challenged all state resource agencies to raise one million dollars on behalf of the plan. Twelve states responded to raise this amount which was matched by DU. The National Fish and Wildlife Foundation added another two million appropriated by Congress. The total of four million dollars was sent to DU Canada where it will be matched again by Canadian interests for work in eastern Canada and the prairies.

In 1988 a second fund raising effort involving a partnership of state and federal agencies, conservation organizations and private interests, was begun which should result in an additional 6 million dollars being sent to Canada. Within the 15 year framework of the plan, DU plans to expend $300 million towards achieving the Plains and the amount will be over and above the money raised to maintain DU's current habitat programs throughout North America.

This is just a highlight of what's happening, so be sure and read Mrs. Geneva Griffith's article and look closely at the maps, and I think you will realize how serious this is, and how much land is involved (lots of our land) and after this there are other lands they will try to get.

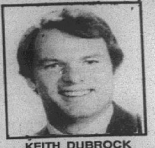
What I can't understand is they want to make a place for ducks and other migratory waterfowl, for what, as far as I know federal refuges around here are being hunted on, and now all this private land of ours, we can let no one or whomever we want to hunt. If it becomes a refuge, that's tax monies and everyone will be allowed to hunt. To me that is defeating the purpose and that is not right. In fact, as of this reading, I heard that they were already talking to some of our Congressmen in Washington about the plan, so we as citizens of Cameron Parish need to get together and fight this thing all the way.

Don't say it can't be done, the feds have had the experience of taking what they want. Look at what they have done to the Indians.

Call your local Representative or Senator and also your U. S. Representative and Senator and let them know how you feel.

Remember don't pollute our lakes and streams, as we have enough headaches already.

ALLIGATOR



The alligator hunters in our area are really doing good in most places. Many have already tagged out, many have sold already before the season started. Some of the green whole gator went for around $55 per foot and that's good.

Our alligator processors are busy, some working around the clock, getting truckloads of gators from the eastern part of the state.

We do wish our hunters well and hope they get a good price.

I did get a report of one gator going over 12 feet and that's a "Big-un".

• Today, the average Social Security check is $534 a month. Not a lot of money these days, yet even minor tampering with Social Security would impoverish about eight million senior citizens who live close to the poverty line.

LEGAL NOTICES

LEGAL NOTICE

Acting under the authority of the Legislature of the State of Louisiana, the Cameron Parish School Board will receive sealed bids for the leasing of all surface rights including the rights of range, trapping, hunting, fishing, and farming, on the following described lands for the unexpired term as indicated in the description below:

SECTION 16; TOWNSHIP 14; RANGE 10; DESCRIPTION: 47.13 acres, bordering Southwest corner of Calcasieu Lake; 3 miles West of the ship channel in Cameron.

SECTION 16; TOWNSHIP 15; RANGE 7; DESCRIPTION: Along the Gulf; approximately 1 mile South of the Mermentau River and 5 miles West of Lower Mud Lake; 22.4 acres.

SECTION 16; TOWNSHIP 15; RANGE 14; DESCRIPTION: 9 miles East of Texas line and 1 mile North of Gulf of Mexico in Johnson Bayou.

(A decription map may be seen in the School Board Office during normal working hours.)

All bids must be sealed; the envelope marked "Bid - Section 16, Township____ Range____ and may be forwarded through the U. S. Mail to the Cameron Parish School Board, P. O. Box W, Cameron, La. 70631. Bidder must offer an annual rental of not less than $1.00 per acre for a lease with a primary term to end July 31, 1994. Annual renewal rentals will be due each year by July 31st, in order to continue the lease in effect. Cash or check in favor of the Cameron Parish School Board for the amount of the annual rental for the first year shall accompany and be deposited with the bid, and the rental thus deposited shall be forfeited to the Board as liquidated damages if the successful bidder fails to enter into written contract in accordance with his bid within ten (10) days after acceptance by the Board.

Bidders are reminded that the lease for the first year shall have a term of less than one year, starting October 1, 1989 and ending July 31, 1990. For the next four years the lease shall be on annual terms of twelve months ending each July 31st. The annual rent bid shall apply for each of the five years, even though the term for the first year is less than twelve months.

If farming rights are utilized, bidder may offer annual rental plus a fractional part of not less than one-sixth (1/6) of any and all crops produced and saved during the year. The value of the one-sixth (1/6) share shall not be considered in the awarding of the lease unless the bidder guarantees a specific amount which shall be added to and accompany the bid. Should the one-sixth (1/6) value of crops be less than the guaranteed paid at the time of the lease, The Cameron Parish School Board shall demand such additional payment as necessary to bring the value adjustment to a full one-sixth (1/6) of crops produced and harvested on any and all listed sections, and twenty-five (25%) of cash market value of all alligators harvested by lessee. Lessor reserves the right to gather and dispose of alligator eggs from the lease premises, without any compensation to lessee.

The surface rights and privileges granted in the lease are restricted to range, trapping, hunting, farming, and fishing and these rights shall in no way, manner, or form interfere with the granting of a mineral lease or the full utilization of all rights and privileges granted in any mineral lease.

The Cameron Parish School Board does not warrant or provide ingress or egress to the leased premises. Ingress and egress is the sole responsibility of lessee.

Bids will be received until the hour of 10:00 a.m., Monday, October 9, 1989 at which time all bids received will beopened and considered in public session of the Cameron Parish School Board in Cameron, Louisiana.

The Board reserves the right to reject any and all bids received.

PUBLIC NOTICE

Notice is hereby given that the Department of Environmental Quality is proposing to issue a final Louisiana Water Discharge Permit System (LWDPS) permit to Yuma Petroleum Company. This permit will, if issued, establish effluent limitations and monitoring requirements for the discharge of certain wastewater streams associated with the company's oil and gas exploration, development and production operations in the West Cameron Area Block 33 Field, Cameron Parish, Louisiana. The receiving water in the West Cameron Area Block 33 Field is the Gulf of Mexico. The limitations and conditions of this permit are consistent with the permitting policy of the Office of Water Resources, which is to achieve and maintain full support of designated uses of the waters of the state.

During the preparation of this permit, it has been determined that these discharges will have no adverse impact on the existing uses of the receiving waters. As with any discharge, however, some change in existing water quality may occur.

All designated uses of the receiving water are being fully supported.

The application and proposed limitations may be examined at the Office of Water Resources, 9th Floor, State Land and Natural Resources Building, 625 North Fourth Street, Baton Rouge, Louisiana.

Persons wishing to provide data, views or comments, or request a public hearing relative to the issuance of the permit are invited to submit their comments and requests in writing, within thirty (30) days of the date of this notice using reference No. WP 2763 to:

Department of
Environmental Quality
Office of Water Resources
Post Office Box 44091
Baton Rouge, LA 70804-4091
ATTN: Bruce Fielding
Telephone: (504) 342-6363

All written comments submitted during the period of comment shall be retained by the office and considered in the formulation of a determination to issue a final permit.

Maureen O'Neill,
Assistant Secretary
Office of Water Resources

REMEMBER?

Lazaro wins primary in 1916

By Keith Hambrick

(Lake Charles American Press, Sept. 22, 1916)
CAMERON GAVE LAZARO BIG VOTE

Cameron Parish swung into the Lazaro column in Tuesday's congressional primary, the present incumbent of the office of congressman from the Seventh district carrying the parish. Lazaro received a total of 142, with A. M. Barbe second with a vote of 97 and Edwards third with 65. Lazaro led in five of the seven boxes.

J. Sheldon Toomer, candidate for district attorney, increased his lead by carrying the parish over Joseph Moore by a vote of 205 to 90.

(Lake Charles American Press, Sept. 14, 1917)
G. C. VIDRINE OF CAMERON

G. C. Vidrine, the Cameron demonstration agent, is spending the day here, and reports conditions in his field as being good, and no damage so far from the recent rains.

During the past few days Mr. Vidrine accompanied Captain A. B. McCain on a trip over his farms, which are in a splendid state of cultivation, with excellent crops and fine stock.

Captain McCain has about five different farms, all tenanted and under the supervision of his son, George McCain. These farms cover several sections of land, and have been cultivated for a number of years, so that they are in splendid condition. Mr. Vidrine states that the corn and cotton on these farms is far above the average and serves to illustrate what can be done in Cameron Parish with these two crops.

Livestock is receiving considerable attention from Captain McCain and he has made an effort to stock his farms with thoroughbred stock. He now has some of the finest sheep that could be found on his ranch, and when one knows that he paid as much as $75 for one sheep and lamb, just in order to secure an especially fine strain, it can be seen that he is building up his stock and will in the future have one of the finest ranches in this section of the state.

Considerable attention is being given to hog raising by Captain McCain and he has bought the variety of hogs known as the O. I. C., and has stocked his ranch with them. To those who are familiar with hog raising this will mean much, as this is one of the finest breeds of hogs obtainable anywhere. The hog ranch on these farms is a very up-to-date one and will begin at no distant date to be a very gratifying source of revenue to their owner.

Mr. Vidrine states that the greatest damage the recent rains have done is to make the country roads in Cameron well nigh impassable. He is of the opinion that the people need roads worse than anything else, and feels sure that they will have them as soon as some suitable arrangement can be made for their construction and maintenance.

(Abbeville Meridional, Sept. 17, 1910)
BIG LAND DEAL

The big land deal in course of consummation originally referred to in dispatches a month or six weeks ago, if latest reports are true, begins to look as if it will soon be a matter of history. The acreage involved is 300,000 in round numbers. This land belongs to the North American Land & Timber Co. and lies in Cameron Parish, just south of the Calcasieu boundary line. It reaches in an east and west direction from the Calcasieu to the Mermentau rivers.

The purchasers, who have had an option on it for the past year are Messrs. Simms & Means, a California firm making a specialty of developing agricultural propositions. These lands are very rich, and will be thoroughly drained--which is all that is necessary to make them very desirable to cut up into small tracts and sold to truck and citrus fruit raisers, they being admirably adapted for such purposes.

According to the report of the engineers employed to the matter, the draining of these lands is the simplest of engineering feats, the only thing necessary being the cutting of some open ditches leading into either the Calcasieu or Mermentau rivers or some of their smaller tributaries, a comparatively inexpensive undertaking.

The soil is a silt formed by decomposed vegetation ages past. It is the purpose of the proprietors of this immense tract to encourage the planting of citrus fruit especially, it being thoroughly demonstrated that several varieties grow here perfectly.

Frederick the Great always insisted his coffee be made with champagne instead of water.

LAURIE ROSE Frances Crador and Charles "Skip" Allen Carlin will be married Saturday, Oct. 14, at 2 p.m. at St. Mary of the Lake Catholic Church in Grand Lake. The bride-elect is the daughter of Robert and Janice Crador of Grand Lake and parents of the groom-elect are Charles and Sandra Carlin of Sulphur.

Creole Council will host Fourth Degree

The J. P. Boudoin Sr. K. C. Council 3014 held their regular meeting last week. A pork rib jambalaya was served by Blanc Bonsall, Man Theriot and Clyde Theriot.

The Tootsie Roll drive in October will take place for the Crippled Children.

Apointments made were: Jerome Rutherford to the Parish Round Table and Loston McEvers as Quincentennial Celebration Chairman.

Council 3014 will host the 4th degree meeting for October at the K. C. Home in Creole, at 7:30 p.m., Thursday, Oct. 26. A seafood supper will be served. All 4th degree members and their wives are invited.

Monroe Wicke was named Knight of the Month.

Burl and Donna LaBove with their children, Christine, Gabe, John Jay and grandchild, Bionicven, were named Family of the Month.

The next officers meeting will be Thursday, Oct. 5, and the next regular meeting will be Thrusday, Oct. 12.

A recent survey found women had the primary responsibility for paying household bills.

Mrs. John Mitchell Boudreaux

Boudreaux-Lowery vows said in Lake Charles

Pamela Kay Lowery and John Mitchell Boudreaux were married Friday, Sept. 15, at 7:30 p.m. at the University Baptist Church, Lake Charles. The Rev. Carlys Beard officiated the double ring candlelight ceremony. Doug Redmond provided the music and Ann Sims was the vocalist.

Parents of the couple are Mr. and Mrs. Gary J. Vallery, Sr. of Lake Charles and Mr. and Mrs. Galton Boudreaux of Creole and Mr. and Mrs. Charles Sanner of Caldwell, Ga.

Given in marriage by her father, the bride wore a white gown featuring a Queen Anne neckline complemented by long schiffle embroidered sleeves accented with seed pearls. The full floor-length gown with a taffeta underskirt accented the fitted empire bodice of schiffle embroidery with seed pearls.

The bride carried a silk bouquet of white and peach roses, ivy, carnations, aqua rosebuds and pearls.

Beth Kleinschmidt served as the maid of honor. Bridesmaids included Carlene Forestier, Ann Sims, Kathy Cole, Tracie Hayes, Jill Mosley and Diana Churchman.

The attendants wore peach taffeta dresses with three-quarter length sleeves, scooped neckline, basque waistline featuring a bow and carried silk bouquets of lilies, peach roses and carnations accented with baby's breath and stephanotis.

The flower girl and ringbearer were Amy Nunez and Dane Desonier.

Candlelighters were Michelle Barnes and Shannon Styron.

Bestman was Mike Mudd and groomsmen included Steven Boudreaux, Joe Mhire, Richard LeBouef, John Canik, Ronald Mhire, and Wallace Styron.

Ushers were Gary Vallery Jr., Steven Canik, Guy Murfy, David Boudreaux.

A reception was held in the Knights of Columbus Hall with Shaunda West registering the guests.

The bride is a graduate of Barbe High School, attended McNeese State University, and is atending Sowela Technical Institute. She is employed by Mrs. Ellen's Day Care.

The groom graduated from South Cameron High School and is employed by Crown Oilfield Services.

The couple is making their home in Lake Charles following a wedding trip.

Ballots made of broken pottery were used by the citizens of Ancient Athens to get rid of unpopular politicians. Whenever 6000 or more were cast, the official was sent into exile for 10 years.

Bingo, gumbo is set by Cameron Knights

The Cameron Knights of Columbus Council No. 5461 will have a bingo and gumbo Sunday, Oct. 1. Gumbo will be served beginning at 10:30 and bingo to begin at 12:30 p.m.

There will be 7 games at $50, two at $75; blackout call 50 numbers, $1,000; 52 numbers, $500 or 53 or more blackout will be $250. There will be early bird, intermission, Lagniappe or extra blackout for $1 for three card sheet. Pull tabs will be 50 cents.

Gumbo will be $4 donation.

There will be a K.C. family communion Sunday, Sept. 24, at the 8 a.m. mass.

The Council will also have a family of the month program. Grand Knight Roy Nash asks for volunteers for the weekend of Oct. 30, to help Mr. Adroin water-blast and paint the Audrey Memorial statue in front of the church.

A blood drive will be held Sunday, Nov. 19, from 9 to 11 a.m. in the Catholic Center.

The Council will have its annual Tootsie Roll drive Oct. 13-15. Monies raised is to go to Regnia Caeli Handicap Children's School in Lake Charles.

Hayes Picou Sr. cooked the members a meal.

8th grade parents invited to meet at So. Cam. High

Parents of 8th grade students at South Cameron High School are invited to a meeting at 7 p.m., Tuesday, Sept. 26, in Tarpon Hall, according to Principal Wayne Batts. School policies and questions that parents might have will be discussed.

Tourism seminar held in Cameron

By DINAH VAUGHN

What is Louisiana Open House? On Sept. 14, the Cameron Chamber of Commerce hosted a workshop of the citizens of Cameron Parish to learn about the new state program. Carola Ann Andrepont, consultant from the Department of Culture, Recreation and Tourism, delivered an informative session to the participants.

Louisiana Open House is a program designed to let the world come for a visit and share our special way of life here in Louisiana. In 1990 Lousiana will open its doors and invite visitors to be our guests.

Company's coming and we are all urged to clean up, fix up and paint up our corner of the state. Events such as family reunions, class reunions, reunions of any kind, cultural exchanges (in state and out of state) pen pal exchanges, storytellers, booths at fairs and festivals, graduations, homecomings and worlds of other events that bring people together, bringing people home.

Any event to be held in 1990 may be registered with the Cameron Chamber of Commerce to be included in the Louisiana Open House 1990 Calendar. Please contact the Chamber office to register your event as soon as possible. Events may be registered on an ongoing basis. No event or activity is too small.

Persons wishing to utilize the story telling pavilion available thorugh Louisiana Open House are asked to do so quickly.

The Louisiana Open House symbol is available at the Cameron Chamber office for reproduction and may be used on fliers, stationary and advertisements.

Information on hosting succesful reunions is available at the Chamber office. Guidelines for Cultural Exchanges is available also.

Be sure to register your activity or event. Cameron Parish needs to be included in 1990 Louisiana Open House.

For more information contact the Chamber office at 775-5145.

MUSING . . .

1930 school memories

By Bernice Denny

Another September has arrived. As always, it brings with it school day memories. Years ago schools in Cameron Parish did not open till September or October.

One of my most outstanding first day of school experiences occurred on September 15, 1930. I had received my bachelor's degree from the Louisiana State Normal (Northwestern State University) on June 4 of that year. Now the opening of school marked the beginning of my teaching career.

It also marked the first year of the Creole High School. Supt. Thomas William McCall conducted the opening ceremony. My grandfather, Ed Stine, was called upon to give a short address. A number of parents were present. The atmosphere was electrified with pride and anticipation.

Henry P. LeBlanc, formerly of Labadeville, was principal. Other faculty members were Bernice Hollister (this writer), Phelia Miller, and Bess Nunez, all natives of Grand Chenier; Sylvia Miller of Oak grove; and Kathryn Smith of Norwood.

Mr. LeBlanc, who had been teaching in the parish, had his home in Creole. Sylvia Miller commuted from her parents' home in Oak Grove, I believe. Phelia Miller boarded with the Numa Broussards; Miss Nunez, the John Millers; Miss Smith and I were roommates at the Oscar Savoie's.

High School classes were taught by the principal, Phelia Miller, and me. At that time high school grades consisted of eighth through eleventh.

Our teaching loads were heavy; our pupil loads, light. I taught ninth, tenth, and eleventh grade English (both grammar and literature); American history to tenth and eleventh graders; French to tenth and eleventh; and spelling to all high school grades. While teaching history, I taught one girl general history. I also served as high school librarian. Our library was not extensive, but children were required to read and make book reports regularly.

I was also asked to coach two three-act plays during the year and to sponsor the senior class and plan commencement exercises.

Later that first month the high school instructors met with seventh through eleventh grades to organize a literary society. The following officers were elected: Saul Hebert, president; Leslie Richard, vice president; Gilferd Richard, treasurer; Eula Richard, secretary; and Whitney Broussard, sergeant at arms. Miss P. Miller and I were sponsors.

No, reader, my memory is not that accurate. I have been scanning my little diary of 1930.

Family planning classes to be held at H. B.

A series of Natural Family Planning classes will begin at 7 p.m. Saturday, Oct. 7, at the home of Gerald and Linda Touchet in Holly Beach.

The classes will be taught by John and Angela Broussard, certified NFP teachers. To pre-register or get more information call them at 527-7939 in Sulphur.

John F.. Kippley, president of the Couple to Couple League, Int., announced that the Broussards have been certified as a qualified teaching couple of Natural Family Planning. The Broussards become the 859th volunteer couple to be certified since the League was founded in 1971.

The Couple to Couple League is a not-for-profit, interfaith organization that seeks to offer practical help to married and engaged couples through the art of Natural Family Planning.

COUPLE
Cont. from Pg. 1

had captured Jerusalem. The Knights took as their particular task the defense of the Church against the Moslems. Today, in a quiet way, the Order still maintains the Church in the Holy Land through prayer, diplomatic support and financial assistance.

Dronet, a native of New Iberia, was educated at McNeese and Louisiana State Universities and the School of Banking of the South. He was an employee of Calcasieu Marine National Bank for 16 years, until 1973, when he became president and chief executive officer of Cameron State Bank. He retained that position until his recent retirement. Dronet has served on the board of Trustees of the Public Affairs Research Council of Louisiana (PAR), as treasurer and board member of the Louisiana Bankers Assn., and as a member of the Cameron Parish and State Central Democratic Committees.

He has also been active in the Boy Scouts of America, Louisiana Farm Bureau, and the Calcasieu-Cameron Assn. for Crippled Children and Adults.

He is a past grand knight of Council 3014 of the Knights of Columbus, past commander of the Cameron American Legion and Veterans of Foreign Wars posts, and a past president of the Cameron Lions Club.

He and Mrs. Dronet were married in 1946. They are members of Our Lady Star of the Sea Parish in Cameron, where he has served as usher, lector and religion teacher. He is a past president of the Cameron Sub-Deanery Pastoral Council, and has served on the West Deanery and Diocean Pastoral Councils for the Diocese of Lafayette.

Mrs. Dronet is a native of Vermilion Parish, and is a former employee of the Calcasieu Marine National Bank. She has been a teacher in the School of Religionof Our Lady Star of the Sea Parish, and has been active in the Altar Society and the Catholic Daughters of the Americas, as well as the American Legion and Veterans of Foreign Wars Auxiliaries.

Dronet served in the U. S. Navy in World War II, and was a petty officer aboard the U. S. Cruiser Indianapolis, which was sunk by a Japanese submarine after delvering the first atomic bombs to Einewetok. He was one of the survivors of that sinking, being in the water for three days before being rescued. During his naval service he earned two campaign meadals, two battle stars and the Purple Heart.

In 1981 Dronet was decorated with the Papal Medal Benemereinti (Well-Merited) and in 1984 he was invested as a Knight of the Holy Sepulchre.

Cameron Elem. 4-H Club

Cameron Elementary Jr. 4-H (6th and 7th grades) held their first meeting for 1989-90.

Offices are: president, Jeff Wainwright; vice president, Candie Willis; secretary, Brandi Styron; treasurer, Jason Williamson; and reporter, Jody Bradley.

the meeting was called to order by Jeff Wainwright. Michael Sellers led the Pledge of Allegiance and Lonnie Primeaux led the 4-H Pledge.

4-H Camp report was given by Jody Bradley. Members attending Camp grant Walker this summer were Lonnie Primeaux, Jason Williamson, Jeff Wainwright, Chris Eakin, Manuel Maldonado, Sara Henry, Tresa Boudreaux, Michael sellers, and Jody bradley.

Members discussed entering exhibits in the Cal-Cam Fair.

Committee members for National 4-H Club week are Jody Richard, Asha Johnson, Jennifer Henry, Seth Nolan, James Gaspard and Lonnie Primeaux.

There will be a cookie contest held at the Oct. 11 meeting.

Mrs. Nancy Cronan explained the projects available to members. Gary Wicke discussed the Hunter's Safety Course held Sept. 12-14.

ERBELDING RITES HELD

Funeral services for Harry Otto Erbelding Sr., 82, of Johnson Bayou, were held Sunday, Sept. 17, in Hixson-Guardian Chapel in Sulphur.

Burial was in Roselawn Cemetery.

Mr. Erbelding died Friday, Sept. 15, in the Sulphur hospital.

A lifelong resident of Johnson Bayou, he was a retired rancher and cattleman. He was a member of Johnson Bayou Baptist Church.

Survivors are his wife, Mrs. Hattie Erbelding of Canton, Tex.; one son, Harry O. Erbelding Jr. of Sulphur; one daughter, Mrs. Lula Mae Esther Vincent of Hitchcok, Tex.; two stepsons, Clayton Nunez of Sugartown and B. J. Nunez of Johnson Bayou; one stepdaughter, Margie Mazzucco of Galveston, Tex.; two sisters, Mrs. Lydia Mudd of Carlyss and Mrs. Mae Marshall of Johnson Bayou, three grandchildren and six great-grandchildren.

SALUTING THE ALLIGATOR HARVEST FESTIVAL

SOME OF the action in last week's game in which the South Cameron Tarpons beat Davidson 42-18 is shown above. Charles Duhon, No. 18, trails Quarterback Robin Rutherford, No. 10, for possible pitch.
(Photo by Robert Manuel)

Tarpons take 42-18 win over Davidson Friday

By ROBERT MANUEL

The South Cameron Tarpons improved their early season record to 2-1 with a 42-18 win over the Davidson Warriors last week.

The Warriors set the tempo of the game by scoring with less than two minutes into the game. On a third and 6, quarterback Jerome Johnson started the fireworks with a 74 yard pass completion to his split end Quenten Britton. The PAT pass failed and its 6-0 lead was very brief. The Tarpons responded with four unanswered touchdowns for a 29-6 halftime lead. At the end of three quarters of play the score stood at 42-12.

The fourth quarter was an opportunity for the coaching staff to experiment with more new faces in the line-up. With injuries sidelining the Tarpon corps of experienced running backs, a new face with some obvious capabilities was Albert Guillot. Gulliot split the fullback slot with freshman Rusty Welch. Both have been filling in for the regular fullback Kevin Olivier.

The Tarpons scored at will both through the air and on the ground. Quarterback Robin Rutherford scored two touchdowns on short keeper plays, kicked two extra points and threw two touchdown passes, both to split end Derek Hardie. Other scores were by Charles Duhon and Albert Duhon.

The Davidson Warriors just was not prepared for the hard hitting Tarpon, and went on with their best weapon, the passing game. Quarterback Jerome Johnson scored once on a one yard plunge and combined with split end Quenten Britton for two long scoring pass plays. Johnson picked up large junks of yardage scrambling out of the passing pocket.

Grand Lake couple expand lure company

By ROBERT MANUEL

The Cajun Lure and Tackle Co. Inc. is becoming almost synonymous with Cajun cuisine. Three enterprising young student-teacher coaches from McNeese James Clement, David Duhon, and Daniel Miller formed the original company as the CDM company in 1974.

According to David Duhon, owner of the Cajun Lure and Tackle Co., the three partners each pitched in with a $50 investment. The partnership created its first and only lure, a small 1/4 oz. spinner bait called the "Lily Slicker". The demand for the Lily Slicker kept the three partners working hard and long after school hours. Most of its business was with the local stores of Lake Charles.

Their small business partnership dissolved in 1977 out of pure necessity. James Clements moved to a coaching job in Lufkin, Tex.; Daniel Miller was hired as head coach of girls athletics at Jennings High School and David Duhon went to Fenton High School as assistant basketball coach.

David Duhon bought out the Clement and Miller interest and formed the Cajun Lure and Tackle Co., Inc. in 1977. Duhon and his wife, Elva, began thinking bigger in terms of expanding and creating a larger line of products.

Going into plastic products with the spinner baits seemed the way to grow. The additon of their first plastic worm, the 9-1/4 Hawg Hunter was a redesigned likeness to the "Little Bend Worm", a favorite of local marsh fishermen. According to Duhon, the first sales trip sold 10,000 plastic worms in the first three stops.

Duhon was to eventually come to live in his home community where he became the Grand Lake Hornet's head basketball coach. His lure business, still in its beginning, was housed in his double garage; its sale and promotion handled largely by his wife, family and friends. With a minimum of his attention, his lure business grew to parallel his success s a basketball coach. His baketball teams made a new chapter in Grand Lake High history by making the State Basketball Playoffs for the first time. He gave up his extra-curricular coaching assignment to devote more time to his growing business.

The Cajun Lure and Tackle Co. has become a thriving business functioning throughout Louisiana and Texas. Duhon credits the success of his business to several factors: (1) the support of his wife and children and his parents, (2) the dedication of his local work force in the assembly shop, (3) the traveling saleemen who are residents in other key locations of the state.

His entire work force at peak season numbers a dozen. The number varies according to the season. His minimum wage payload adds $30 to $40,000 to local income. In addition, his fulltime road salesmen gross as much as $15,000 annually on commissions.

In 1984, Cajun Lures contracted its largest single account with Walmart of Louisiana and Texas. Cajun Lures is presently negotiating for a possible contract with the K-Mart Stores. The big accounts are great for the production line but the cash flow needed for the daily and monthly operation of the business comes more readily from the many bait stands, stores and sporting goods centers.

The present business is housed in a 40 ft. x 40 ft. building. The walls are lined with the bait parts and are assembled on a standup assembly work bench.

During peak times, as many as 500,000 plastic worms and 22,000 spinner baits are sold per month. The workers, usually 8 in number, work steadily from 8 a.m. to 3 p.m. Sometimes later to meet quota demands. Bonnie Berry, a worker and low key supervisor is in charge of the shop. Grand Lake is proud of this local enterprising young man and his family.

DAVID DUHON and wife, Elva, owners of Cajun Lure and Tackle Co., are shown with their children, Chris and Amanda. Duhon is basketball coach at Grand Lake High School.

JURY CONSIDERS
Cont. from Pg. 1

be considered, we anticipate no zone changes immediately adjacent to the Gulf Coast," the letter stated.

ADMINISTRATOR NUNEZ, reflecting the anger of jury, wrote Senator Breaux on Sept. 13, as follows:

"These conclusions are totally opposite from the representations made to you and to us at the May 17, meeting with Dr. Brian Mrazik in Washington. Enough is enough.

"As this study progressed through the years on a step-by-step basis, we followed FEMA's advice and periodically submitted for their approval each step of the study as it was concluded. We have spent a bunch of money and followed FEMA's guidance. FEMA says that they now have 'uncovered significant technical errors'.

"You will recall at the May 17, meeting Mrazik represented to all of us that he foresaw significant changes would be warranted in the FIRM's. He talked about a 3' lowering of the BFE within two weeks and, as their review progressed, he could see as much as a 5' lowering of the BFE.

"He further represented that other available relief would include the lowering of flood insurance premiums, the refunding of inflated, collected premiums back one year, along with Cameron Parish being reimbursed for some of the tremendous cost in undertaking this study. We have been mislead and you have been mislead. We desperately need your help."

Nunez said this week that the meeting arranged by Senator Breaux does not get any results, he believes the police jury is ready to file a suit against FEMA.

Among most adults there is almost no difference in eye size. Some appear to have larger eyes because of such factors as position in the skull or prominence of eyebrows.

GOVERNOR PAYS VISIT

Beach cleanup successful

By GENEVA GRIFFITH

The weatherman cooperated all day Saturday and created a perfectly beautiful day for the third annual beach clean up day.

A cool front moved in overnight and the weather was overcast all day so the workers were not too hot or too cold and enjoyed a nice cool breeze moving in from the Gulf.

At mid-morning Governor Buddy Roemer made a short visit to Rutherford Beach to survey the work.

He urged the support of the people of Amendment No. 2 on the upcoming election ballot, and stated that it would drastically impact the coast if it is passed.

Oil company workers from Conoco, Mobil, Phillips, Fina, Koch and other oil companies were joined by environmental groups, 4-H clubs, Scouts, boy and girl Campfire clubs, and other interested parties in helping to clean up the beach.

There were also family groups, retirees, and others just wanting to do their part in the Gulf-wide beach clean up.

A group of workers at Rutherford Beach unearthed a 1979 Ford Pinto that had been completely covered up in sand and was rusted almost beyond recognition.

Others found bunches of deflated balloons tied together with only the words "Thank-you" printed on them.

Two important beaches in Cameron parish have been adopted by oil companies and their workers stage clean-ups throughout the year to keep their beaches litterfree.

Mobil Oil Company has adopted the beautiful Martin Beach on the extreme western end of the parish, near the parish line, and Conoco Oil Company has adopted Rutherford Beach, about in the middle of the parish.

Conoco has just recently erected litter barrels all along their section of the beach to encourage beach goers to deposit their trash in the barrels.

The Cameron Parish Police Jury furnishes crews to empty the barrels each week.

The Police Jury also furnished the heavy equipment to help with the beach clean-up and to put the trash and heavy trash into the dumpsters on each beach.

Governor Roemer told the volunteers, "It's a great thing that you are doing, to help with thie beach clean-up, to save these beautiful beaches to pass on to future generations."

Local volunteers were treated to hot dogs and cold drinks in each area, and the youth groups that had volunteered to clean up various beaches stopped at noon to refresh themselves on their own bag lunches.

FE[illegible] meeting set

A delegation from Cameron parish will fly to Washington, D. C. Thursday in an effort to get the federal government's guidelines on flood insurance revised in regards to Cameron parish. If they fail, a parish suit against the federal government is probable.

Making the trip will be Parish Administrator Garner Nunez, Assistant District Attorney Glenn Alexander, Parish Engineer Lonnie Harper and the police jury's flood insurance advisor, Dr. Joe Suhayada of L.S.U.

They are scheduled to meet with a top official of Federal Emergency Management Agency (FEMA) in Senator John Breaux's office. Also scheduled to be present are Congressman Jimmy Hayes and possibly Senator Bennett Johnston.

The matter came to a head recently when FEMA officials advised the Cameron police jury that despite the new data furnished the agency by the jury following an expensive 5-year study, there was not enough evidence presented to persuade FEMA to lower building elevation requirements and flood insurance rates in the parish.

Nunez said the parish has extensive data, gathered by Suhayada and Harper that demonstrate that the information FEMA is basing its elevations on is wrong.

He said the police jury has done everything possible to work with FEMA and if this new meeting fails to accomplish anything, the jury is ready to file a suit against FEMA.

Gator sales set at 3 locations

Hunters of the 25,000 alligators allowed by this month's state-controlled harvest will again have three public sales for marketing their hides.

Organized by the Louisiana Cooperative Extension Service again this year, the sales will be held on Oct. 9 in Cameron, Oct. 10 in Raceland and Oct. 12 in Abbeville. Each program will begin with the measuring of hides at 8 a.m. Buyers will submit written bids. Once the bids are announced and posted, hunters will be free to make their own deals with individual buyers.

"These are public sales that offer buyers and hunters an opportunity to do business at one site. Sales involve no fees or commissions," says Vermilion Parish fisheries agent Mark Shirley, who organized the first sale in Abbeville five years ago.

He adds that the hide market again appeared "bullish." Hunters received record-high prices ranging from $40 to $50 per linear foot last year, depending on size and quality. He added that continued popularity of alligator leather in European and Far East markets should also help sales.

The Cameron sale will be at the parish mosquito control barn and will be coordinated by Extension fisheries agent Paul Coreil. The Abbeville sale, headed by Shirley, will be at the Extension Service Exhibit Building on Port Street. The Raceland sale, coordinated by Extension fisheries agent Alan Matherne, will be at the Lafourche Parish Fair Building near the U.S. Hwy 90 bridge that crosses Bayou Lafourche.

According to Shirley, last year's fourth annual sale in Abbeville had 2,275 hides on which buyers bid $777,714. He said that the sale had grown too large, lasting last year from early morning until midnight. The biggest group of hides numbered 455 from Gheens in Lafourche Parish.

According to Coreil, last year's inaugural sale in Cameron attracted 1,041 hides that sold for $324,507.

The St. Bernard sale, coordinated by the late Warren Mermilliod of the Extension staff there, attracted 131 hides in 1988. They sold for $42,237. Mermilliod died in a skindiving accident off the Louisiana coast earlier this year.

Benefit set for child

Kayleigh Stansel, 2½ year-old daughter of Guy and Pauline Stansel of Sulphur, was diagnosed in 1987 as having Acute Lymphocytic Leukemia (ALL).

To help pay the mounting medical bills the Carlyss Lions Club and friends and family of the Stansel family are sponsoring "Kayleigh's Day" at the Carlyss Lions Club Sunday, Oct. 1. Activities start at 9 a.m. and continue until 7 p.m.

Admission is free. Activities include live bands, auctions, moonwalk, food booths, softball and volleyball tournaments, horseshoes and much more.

Items for auction include framed Elton Louviere prints, Cameron Telephone framed prints, crawfish pot, children's bikes, hind quarter beef (cut and wrapped), barbecue pits and guided hunting ahd fishing trips.

Kayleigh is the granddaughtr of Mr. and Mrs. Terry Shaughnessy of Hackberry.

Jobless rate drops here

The unemployment rate in Cameron Parish dropped from 6.1 percent in July to 5.3 percent in August, with the parish holding the distinction of having the second lowest jobless rate in the state, behind Ruston's Lincoln Parish's 4.2 percent.

According to the La. Dept. of Labor there were only 250 persons listed as out of work in the parish in August with 4,550 listed as working.

Louisiana's jobless rate also was down--from 9.8 percent in July to 8.3 percent in August and down from the 11.1 percent in August a year ago.

The national jobless rate was 5.1 percent for August, just slightly lower than the Cameron parish rate.

Absentee vote ends Saturday

Absentee voting for the October 7, election will begin Sept. 25, and continue through noon Saturday, Sept. 30, according to Mrs. Ruby Kelley, Cameron Parish Registrar of Voters.

It will be held in the Registrar's office on the bottom floor of the Cameron Courthouse from 8:15 a.m. to 4:15 p.m. weekdays and from 8:15 a.m. until noon on Saturday.

Gator Fest held

By GENEVA GRIFFITH

Nicholas Pinch and Melissa Nunez were crowned King and Queen of the 1989 Alligator Festival at the third annual Alligator Festival held Sunday at the Grand Chenier State Park.

Nicholas is the 4-year-old son of Mr. and Mrs. Bobby Pinch and Melissa is the 21-month-old daughter of Mr. and Mrs. Gerald Nunez, all of Grand Chenier.

Rhonda Perry served as master of ceremonies and crowned the King. She is the reigning Miss Cameron Parish.

Casi Pinch, Little Miss Cameron Parish, crowned the Queen.

Boat races, children's contests, alligator displays and a Cajun dance provided the entertainment, which also included a cake walk.

Gumbo Gator made an appearance during the afternoon, to the delight of the children.

A special feature of the day was the skinning of an alligator, and putting on the demonstration were three Little Chenier alligator hunters, Brian Theriot, Winston Theriot and Carl Nunez.

Lorraine Baccigalopi, a member of the Sturlese family, presented a plaque to Glada Guidry, who accepted for Robert Boudreaux, for bringing in the largest alligator, 13 feet, during the season. The plaque is presented by the Joseph Sturlese family in memory of the late Joseph Sturlese of Grand Chenier who was an alligator buyer.

An auction was held during the afternoon of mostly handcrafted items, including two handmade quilts by Mrs. Elougia Richard, one a Cajun Christmas and the other a block-print Christmas quilt.

The event was sponsored by the Catholic Community Association of Grand Chenier.

50th Anniversary

Homemakers to celebrate 50 years in the parish

By GENEVA GRIFFITH

The Cameron Parish Home Demonstration Clubs Council will celebrate the Golden Anniversary of the clubs in the parish Saturday, Sept. 30, at the South Cameron Elementary School. Past Home Demonstration agents and council presidents will be honored.

Although the council is 50 years old, having been organized July 8, 1939, Home Demonstration work goes back much farther than that.

The first home demonstration agent in Cameron Parish was Necie Hebert, who now lives in Big Lake. She met with neighborhood groups for one year in 1922 and 1923.

With the lack of an agent in the parish for many years, the women in the northern portion of Cameron Parish joined with the women of southern Calcasieu Parish to form a club they called the Borderline Club. With the help of Bertha Knox, the Calcasieu Parish home agent, the club started in 1935.

Some of the women who traveled to Calcasieu Parish for the club meetings from Cameron Parish were Mrs. Walter Helms, Mrs. C. Cox, Mrs. Charles Hebert, and Mrs. Charley LeBleu. Mrs. Helms was president of the Calcasieu Parish Council from 1935-39.

In February 1936, Sophie Bernard came to Cameron Parish as the Home Demonstration agent and began organizing other clubs in the parish, the first being the Cameron club.

IN THE EARLY days, the meetings would last practically all day, with members learning the art of pressure cooking, canning, sewing and other homemaking tasks.

Miss Tom Bourg, District Agent, assisted Miss Bernard in organizing the first Home Demonstration Council on July 8, 1939 with the following officers: Mrs. Vian Theriot of Creole, president; Mrs. Lawrence Theriot, Creole, vice-president; Mrs. Sanders Bertrand, Cameron, secretary; and Mrs. Alida LeBouef, Cameron, treasurer.

The council was reorganized in 1949 when Mrs. Dorothy Granier was Home Demonstration agent and the member clubs in the council were Cameron, Creole, Grand Chenier, Grand Lake, Hackberry, Johnson Bayou and Sweetlake.

The first program adopted by the council was participation in the state "Pennies for Friendship" project, in state and national council meetings and in National Home Demonstration Week.

Other activities included a study of American government, a drive for road improvement in Cameron Parish, a flower show and reading certificates.

At one time Miss Ingrid Wickert from Germany spent one week in Cameron and later Miss Janine Gaudry from France visited in lower Cameorn Parish for a week.

They were home economists from their respective countries who the state council sponsored for a one-year stay in the United States.

Cont. on Page 2

SHOWN CONFERRING about beach erosion work in the Constance Beach area Saturday were, from left: Rep. Randy Roach, Gov. Buddy Roemer, beach businessman Rodney Guilbeau and Jack Wheeler of Lake Charles. Gov. Roemer and Rep. Roach flew in to the area for a brief inspection of the area.

GRAND CHENIER NEWS

By Elora Montie

The cool front which moved in during the weekend brought cool temperatures. Fall beginning Friday, Sept. 22. The nice clear and cool (53°) weather this past Sunday morning was very much appreciated by the folks who were making the Alligator Festival. The early morning was very cool, but later in the day the weather warmed up to 78 degrees. This brought out a very large crowd to the festival at the Grand Chenier State Park.

Crystal, daughter of Mr. and Mrs. Willard Little was taken to St. Patrick's hospital Monday and had an appendectomy Monday afternoon. She is reported doing well.

Mr. and Mrs. Henry Broussard purchased a new blue 1989 Dodge colt.

VISITORS

Mr. and Mrs. Bobby Baccigalopi and family of Houston, Tex., spent the weekend with his parents, the Whitney Baccigalopis.

Tina Baccigalopi of Lake Charles visited the Whitney Baccigalopis Sunday and attended the Alligator Festival.

Miss Annie Laurie Miller of Baton Rouge spent some time in her home here.

SICK LIST

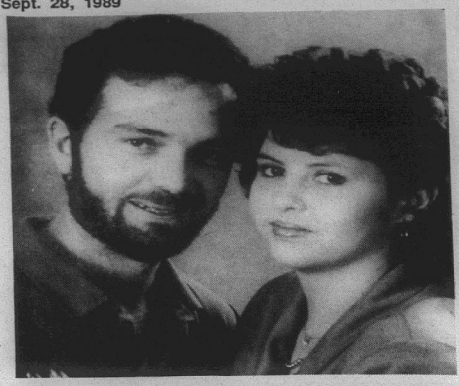
Lionel Theriot is in St. Patrick's hospital in Lake Charles, where he was taken a week ago.

Mrs. Myrtis (Hubert) Sturlese was taken to Memorial hospital in Lake Charles Monday morning where she is undergoing tests and treatment.

Neil Richard is home from the hospital, recuperating.

Mrs. Emma T. Ogburn was taken to St. Patrick's hospital Saturday. She is reported doing better.

Mrs. Emma LaBove came home Tuesday morning after a stay in South Cameron Memorial Hospital. She will recuperate at home.



VISITORS

Mr. and Mrs. Aubrey Reed of Lake Charles spent Saturday night and Sunday with Mr. and Mrs. Lynn LeBurn.

The Betty Louise Hicks family of Hackberry spent the weekend with parents, Mr. and Mrs. Arnold Jones.

Mrs. Adalie Gist of Sulphur spent the weekend with Mr. and Mrs. Earl Booth Sr.

Visiting Mr. and Mrs. Earl Booth Sr. Sunday were Helen and Charles Gibson of Dry Creek.

BRITT FONTENOT of Sulphur and Vickie Fontenot of New Orleans announce the engagement and forthcoming marrige of their daughter, Lorri Anne, of Bell City to Mack Anthony Arceneaux, son of Mr. and Mrs. Perrin Arceneaux of Sweetlake. The wedding is set for Nov. 11, at St. John Vianney Catholic Church in Bell City.

HOMEMAKERS
Cont. from Pg. 1

IN 1965, WHEN Miss Patsy Granger was the Home Demonstration Agent, a "Know Your Parish" program was started to promote Cameron Parish to its own residents.

The major emphasis was on a tour of each section of the parish and each year all of the clubs participated in the tour of the section, which lasted all day, with the host club from that area serving as the hostess for the day.

The present council organization consists of four clubs: Cameron, Creole, Sweetlake and Grand Chenier.

Some current council activities are sponsoring the "Little Mr. and Miss Cameron Parish" contest of the Louisiana Fur and Wildlife Festival, the parish 4-H Good Grooming tea, and various health drives.

The council emphasizes service to the parish and cooperation with other civic clubs, health and welfare organizations and the 4-H clubs, as their major role on a parishwide basis.

THE FOLLOWING agents have served Cameron Parish: Necie Hebert, 1922-23; Sophie Bernard, 1936-42; Hilda Trahan, 1942-45; Marie Louise Fuselier, 1945-46; Irene Bishop, 1947; Barbara Doland, 1947-49; Dorothy Granier, 1949-54; Iva Free, 1954-60; Patsy Granger, 1960-74; Eileen Whittler, 1975-76; Charlotte Bernard, 1977; Cindy Childs, 1978-80; and Nancy Cronan, 1980 to the present.

Cameron Parish past presidents who have served the Extension Homemakers Council are: Mrs. Vian Theriot, 1939; Mrs. C. A. Miller, 1949; Mrs. Sidney LeBleu, 1951; Mrs. Carl McCall, 1952; Mrs. Charles Precht, 1953; Mrs. Marie Vaughn, 1954; Mrs. Walter Stanley, 1956; Mrs. Charles Hebert and Mrs. Betty Zeigler, 1957; no organized council in 1958.

Mrs. Geneva Griffith, 1959; Mrs. Harold Carter and Mrs. Mervin Chesson, 1960; Mrs. W. E. Reasoner, Sr. 1961; Mrs. Charles Hebert, 1964; Mrs. Walter Stanley, 1965; Mrs. Nata Hebert, 1966; Mrs. Nancy Nunez, 1967; Mrs. Shirley Chesson, 1968; Mrs. Harold Carter, 1969; Mrs. J. D. Fruge, 1970; Mrs. Bynum Shove, 1971; Mrs. Charles Hebert, 1972; Mrs. John Prescott, 1973; Mrs. Guthrie Perry, 1974.

Mrs. Harold Carter, 1975; Mrs. Albert Guidry, 1976; Mrs. Nata Hebert, 1977; Mrs. M. H. Fulton, 1978; Mrs. Evans Mhire, 1980; Mrs. Elizabeth Kelly, 1981; Mrs. Billie Fruge, 1982; Mrs. Nata Hebert, 1983; Mrs. Angela Jouette, 1984; Mrs. Shirley Bonsall, 1985; Mrs. Earline Baccigalopi, 1986; Mrs. Lena Guidry, 1987; Mrs. Jo Dee Roberts, 1988; and Mrs. Shirley Bonsall, 1989.

These past agents and presidents will be the guests of honor at the 50th anniversary.

The registration for the all day event to be held in the auditorium of the South Cameron Elementary School, begins at 9 a.m.

IN HOSPITAL

We wish to send our well wishes to Dorothy Theriot, Cameron postmaster, who underwent surgery in Lake Charles Tuesday.

MUSING . . . By Bernice Denny

Cool, cool water

The distance between Grand Chenier and Cameron seems so short today that it is hard to realize the sitation around 1900. Travelers at that time rode horseback or used buggies or wagons.

The ferry across the Mermentau River at Grand Chenier was hand-drawn. Dirt roads were dusty in dry weather, boggy and nearly impassable during rainy seasons. Traveling between the Chenier and Leesburg (Cameron) was done through Oak Grove and along the Front Ridge.

I often heard my grandfather speak of how thankful he was on a bright summer day to reach the magnificent shade of Oak Grove's trees. Then he would speak of another boon to weary travelers. That was the artesian well south of the road from the home of "Grandpa Welch."

"It was the best, the coolest water for which any one might wish," he would say. "After a long refreshing drink from that source I always felt like a new man."

I do not now when the artesian well was installed. I understood it to be a curiosity and a source of wonder by many as to how it functioned.

Many travelers carried jugs of water from home, I was told. Even they would stop at the artesian well to refill their containers. The well ranked in importance with the watering holes of earlier times, it seems.

And along with the fame of the artesian well went praise for the noble character of "Grandpa Welch."

Pfc. LeBeouf takes basic

Marine Pfc. Gilbert LeBeouf, son of Gilbert LeBeouf Sr. of Cameron, has completed the Basic Travel Clerk's Course.

During the eight-week course at the Marine Corps Service Support Schools, Camp LeJeune, N. C., LeBoeuf, was provided with the basic knowledge required of travel clerks assigned to a disbursing office.

He joined the Marine Corps in January 1989.

S. Cameron FFA has 1st meet

On Sept. 13, the South Cameron FFA held their first meeting. Chairman Vernon McCain called the meeting to order.

New officers are: Lane Bonsall, president; Derinda Morris, vice president; Billie Jo Trahan, secretary; John Guidry, reporter; Kelly Vincent, sentinal; Chris Daniels, chaplain; Jill Boudreaux, treasurer; Keith Portie, historian; J. M. Boudreaux, parliamentarian.

Cameron Rec Center tells upcoming events

The Cameron Recreation Center will hold a "Test Your Skills Day" Sunday, Oct. 1, at 2 p.m. with competition in ping pong, table pool, basketball shooting, horseshoes, shuffleboard and more. Prizes and ribbons will be given.

An old fashion family picnic will be held Saturday, Oct. 7, at noon and will feature sack races, volleyball, egg toss, cow chip chunking and bubblegum blowing contests.

Persons wishing to bring guitars and banjos are welcome to do so. Everyone is welcome.

Registration for Volleyball League play will be held Wednesday, Oct. 4, from 6 to 8 p.m. at the Rec Plex. Practice games will be held each Wednesday from 6 to 8 p.m.

A volleyball clinic will be announced later. For more information call 775-5081.

Bingo, gumbo is set by Cameron Knights

The Cameron Knights of Columbus Council No. 5461 will have a bingo and gumbo Sunday, Oct. 1. Gumbo will be served beginning at 10:30 and bingo to begin at 12:30 p.m.

There will be 7 games at $50, two at $75; blackout call 50 numbers, $1,000; 52 numbers, $500 or 53 or more blackout will be $250. There will be early bird, intermission, Lagniappe or extra blackout for $1 for three card sheet. Pull tabs will be 50 cents.

Gumbo will be $4 donation.

There will be a K.C. family communion Sunday, Sept. 24, at the 8 a.m. mass.

The Council will also have a family of the month program. Grand Knight Roy Nash asks for volunteers for the weekend of Oct. 30, to help Mr. Adroin water-blast and paint the Audrey Memorial statue in front of the church.

A blood drive will be held Sunday, Nov. 19, from 9 to 11 a.m. in the Catholic Center.

The Council will have its annual Tootsie Roll drive Oct. 13-15. Monies raised is to go to Regnia Caeli Handicap Children's School in Lake Charles.

Hayes Picou Sr. cooked the members a meal.

Tarpons take a big win

By ROBERT MANUEL

The Tarpons improved their record to 3-1 with an impressive 47-6 win over the Central Catholic Eagles here Friday night. Friday night, Sept. 29, they will play Class AA Pickering at Pickering.

Pickering has an identical record as the Tarpons. Their one loss has been to the Vinton Lions as well. Their victories include a 45-44 victory over South Cameron's district rival Merryville. Sounds like a pretty good matchup between South Cameron and Pickering at Pickering this Friday.

The Tarpons are putting lots of points on the board while its defense has been especially tough on running backs. Central Catholic could manage but one score, whereas five Tarpon backs and one lineman put points on the board.

Quarterback Robin Rutherford and a slew of backs are progressing rapidly. Its offensive line and its defensive line are showing some crisp blocking and tackling that comes only from hard work, commitment and experience. Things are looking very good for the Tarpons.

The Tarpons pounded out a first quarter score with Rutherford scoring from 5 yards out on a keeper. His PAT run made it 8-0 first quarter. The hard tackling and the pounding of the 53 yard scoring drive took its toll of the Eagle spirit. The second quarter followed with a 25 point scoring outburst by the Tarpons. The halftime score read Tarpons 33, Eagles 0. Mixing some regulars and a lot of reserves, the final score ended at 47-6.

It's a game of blocking and tackling and scoring by the skill people. Occasionally, those guys in the pit come up with big points; Jamie Carroll, a two-way starter at tackle, put the Tarpon's front line on the score board by tackling an Eagle back in the end zone for a safety. Albert Doucet was a big plus to the team effort with 2 interceptions and 2 scores.

The Tarpon fans have shown good faith in the Tarpon effort. Each week, the stands have been filled almost to capacity. It's a good sign or promise of still better things to come.

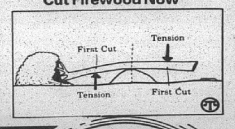
Sleeping sickness is reported among horses

South Louisiana is experiencing an outbreak of sleeping sickness in horses, the result of an unusually wet spring and early summer, according to Commissioner of Agriculture and Forestry Bob Odom.

Along the coastal parishes from Vermilion through Orleans and up to Tangipahoa and Livingston parishes on the North shores of lakes Pontchartrain and Maurepas, about 45 cases of the almost always fatal disease have been recorded, Odom said. Louisiana's annual average number of cases, technically the disease is called equine encephalomyelitis, is about six.

Through the third week in September, the department's state veterinarian was getting calls almost daily of new, suspected cases, Odom said. "We are advising horse owners to have their animals vaccinated. Other than that about all we can do is wait for the cold, drier weather to put an end to the mosquito breeding season," he said.



The disease is endemic in birds. Mosquitoes become carriers after biting birds and then biting horses or humans. The incidence in humans is rare, although a Mississippi boy died in early August from the disease.

State Veterinarian Dr. William B. Fairchild said his figures show five cases in Vermilion Parish, three in Terrebonne Parish, five within a couple miles of Thibodaux (Lafourche Parish), two cases in the greater New Orleans area, six near Head of Island in Livingston Parish and about 25 in southern Tangipahoa Parish.

All of the cases are in the low swampy areas of the individual parishes, areas with large mosquito populations, Fairchild said.

Normally, the disease occurs in the spring, following the wet winter months. "Because of the excessive rainfall we had in late spring and early summer this year the mosquito population is much higher than usual," Fairchild said.

LEGAL NOTICES

LEGAL NOTICE

Acting under the authority of the Legislature of the State of Louisiana, the Cameron Parish School Board will receive sealed bids for the leasing of all surface rights including the rights of range, trapping, hunting, fishing, and farming, on the following described lands for the unexpired term as indicated in the description below:

SECTION 16; TOWNSHIP 14; RANGE 10; DESCRIPTION: 47.13 acres, bordering the Southwest corner of Calcasieu Lake; 3 miles West of the ship channel in Cameron.

SECTION 16; TOWNSHIP 15; RANGE 7; DESCRIPTION: Along the Gulf; approximately 1 mile South of the Mermentau River and 5 miles West of Lower Mud Lake; 2345 acres.

SECTION 16; TOWNSHIP 15; RANGE 14; DESCRIPTION: 9 miles East of Texas line and 1 mile North of Gulf in Big Mendon in Johnson Bayou.

(A description map may be seen in the School Board Office during normal working hours.)

All bids must be sealed; the envelope marked "Bid - Section 16, Township____ Range____ and may be forwarded through the U. S. Mail to the Cameron Parish School Board, P. O. Box W, Cameron, La. 70631. Bidder must offer an annual rental of not less than $1.00 per acre for a lease with a primary term to end July 31, 1994. Annual renewal rentals will be due each year by July 31st, in order to continue the lease in effect. Cash or check in favor of the Cameron Parish School Board for the amount of the annual rental for the first year shall accompany and be deposited with the bid, and the rental thus deposited shall be forfeited to the Board as liquidated damages if the successful bidder fails to enter into written contract in accordance with his bid within ten (10) days after acceptance by the Board.

Bidders are reminded that the lease for the first year shall have a term of less than one year, starting October 1, 1989 and ending July 31, 1990. For the next four years the lease shall be on annual terms of twelve months ending each July 31st. The annual rent bid shall apply for each of the five years, even though the term for the first year is less than twelve months.

If farming rights are utilized, bidder may offer annual rental plus a fractional part of not less than one-sixth (1/6) of any and all crops produced and saved during the year. The value of the one-sixth (1/6) share shall not be considered in the awarding of the lease unless the bidder guarantees a specific amount which shall be added to and accompany the bid. Should the one-sixth (1/6) value of crops be less than the cash guarantee paid at the time of the lease, The Cameron Parish School Board shall demand such additional payment as necessary to bring the value adjustment to a full one-sixth (1/6) of crops produced and harvested on any and all listed sections, and twenty-five (25%) of cash market value of all alligators harvested by lessee. Lessor reserves the right to gather and dispose of alligator eggs from the lease premises, without any compensation to lessee.

The surface rights and privileges granted in the lease are restricted to range, trapping, hunting, farming, and fishing and these rights shall in no way, manner, or form interfere with the granting of a mineral lease or the full utilization of all rights and privileges granted in any mineral lease.

The Cameron Parish School Board does not warrant or provide ingress or egress to the leased premises. Ingress and egress is the sole responsibility of lessee.

Bids will be received until the hour of 10:00 a.m., Monday, October 9, 1989 at which time all bids received will be opened and considered in public session of the Cameron Parish School Board in Cameron, Louisiana.

The Board reserves the right to reject any and all bids received.

14TH JUDICIAL DISTRICT COURT
PARISH OF CALCASIEU
STATE OF LOUISIANA
SUCCESSIN OF
NO. 26,971
HAZEL RADCLIFF VINCENT
FILED: 9-14-89
MELBA TROSCLAIR,
DEPUTY CLERK

NOTICE OF APPLICATION FOR AUTHORITY TO SELL IMMOVBLE PROPERTY AT PRIVATE SALE.

NOTICE IS GIVEN that Lestie Paul Vincent, Jr., Executor of the Succession of Hazel Estelle Vincent, has petitioned this court for authority to sell immovable property of said succession at private sale in accodance with the provisions of Article 3281 of the Code of Civil Procedure for $1,500.00 cash, with the Succession to pay all encumbrances, pro rata taxes, and pay for all proper certificates. The immovable property proposed to be sold is privately described as follows:

(1) An undivided one-fourth (1/4th) interest in and to that certain property situated in Calcasieu Parish, Louisiana, described as follows:

That certain tract commencing four hundred twenty (420) ft. North from Southwest corner of Southwest Quarter of Northwest Quarter (NE 1/4 of NW 1/4), Section Twelve (12), Township Nine (9) South, Range Twelve (12) West, thence North Eastwardly twenty (420) ft., thence East four hundred twenty-four (424) ft., thence South four hundred (400) ft., thence West four hundred twenty-four (424) ft. to point of commencement, acquired from Edwin F. Gayle.

(2) An undivided one-half (1/2) interest in Northeast Quarter of Southeast Quarter of Southwest Quarter (NE 1/4 of SE 1/4 of SW 1/4) of Section 22, Township 10 South, Range 13 West.

(3) An undivided 1/160th interest in and to all oil, gas, and other minerals produced and saved from the following described lands situated in the Parish of Cameron, State of Louisiana, to-wit: West Half of southeast Quarter (W 1/2 of SE 1/4) of Section 31; South Half of Southwest Quarter (S 1/2 of SW 1/4) of Section 29, all in Township 12 South, Range 7 West; West Half (W 1/2) of Section 5, all of Section 6, North Half (N 1/2) of Section 7, Northwest Quarter (NW 1/4) of Section 8, Township 13 South, Range 7 West; all of Sections 1, 2, 31 and East Half (E 1/2) of Section 4; East Half (E 1/2) of Section 9, all of Section 10, 11, 12, North Half (N 1/2) of Section 13; North Half (N 1/2) of Section 14, Township 13 South, Range 8 West; North Half (N 1/2) of Section 24, Township 12 South, Range 8 West, Louisiana Meridian, all of Section 15, South Half (S 1/2) of Section 14 and South Half (S 1/2) of Section 13, Township 13 South, Range 8 West, also South Half (S 1/2) of Section 7; South Half (S 1/2) of Section 8; North Half of Northwest Quarter (N 1/2 of NW 1/4) and North Half of Northeast Quarter (N 1/2 of NE 1/4) of Section 17; North Half of NOrth Half of North Half (N 1/2 of N 1/2) of Section 18, Township 13 South, Range 7 West, containing 2240 acres, more or less.

(4) An undivided 1/2 of an undivided 1/2 interest in and to the royalties or revenues acquired by C. O. Noble from S. A. Carroll in instrument dated September 10, 1923, derived from the exploitation for oil, gas or other minerals, under lease to Vacuum Oil Company covering a 1/10th interest in and to an undivided 60 acre interest in an undivided 1/2 interest in 640 acres of land more fully described as the South Half of Northwest Quarter (S 1/2 of NW 1/4) and southwest Quarter (SW 1/4) of Section 4; South Half of Northeast Quarter (S 1/2 of NE 1/4) and Southeast Quarter (SE 1/4) of Section 5, and North Half of Northwest Quarter (N 1/2 of NW 1/4) of Section 9, all in Township 10 South, Range 9 West.

(5) An undivided 1/2 interest in an undivided 9/10ths interest in and to an undivided 1/8th royalty interest or mineral rights in and to a fourth acre interest in an undivided interest in 651.5 acres of land located in the Parish of Calcasieu, State of Louisiana, purchased by John Isaacs from Marie Armandez Castilla, et al, on November 9, 1923, by act of sale passed before W. H. Adams, Notary Public of Jefferson Davis, Louisiana, described as follows, to-wit: The South Half of the NOrtheast Quarter (S 1/2 of NE 1/4) and the Southeast Quarter (SE 1/4) of Section 5; the North Half of the Northeast Quarter (N 1/2 of NE 1/4) of Section 8; the South Half of the NOrthwest Quarter (S 1/2 of NW 1/4) and the Southwest Quarter (SW 1/4) of Section 9, and North Half of the Northwest Quarter (N 1/2 of NW 1/4) of Section 9, all in Township 10 South, Range 9 West, La. Mer., containing 651.5 acres, more or less, as per deed to Charles O. Noble and Sloan A. Emerson from said John Isaacs dated November 12, 1923.

(7) An undivided 1/4th interest in and to a certain mineral lease acquired by Maurice J. Muller from the State of Louisiana, covering and affecting the bed of Bayou D'Inde in Section 5 and Maple Fork of Bayou D'Inde in Sections 8 and 6, Township 13 South, Range 9 West, and the bed of Bayou D'Inde in Section 12, Township 10 South, Range 10 West, La. Mer. in Calcasieu Parish, Louisiana, also an undivided 1/4th interest in and to all rights and privileges and properties conveyed by said instrument of lease, recorded in Book 198 of Conveyances, Page 604, Calcasieu Parish, Louisiana, as per deed from said Maurice J. Muller, dated January 2, 1940.

Any heir, legatee, or creditor who opposes the proposed sale must file his or her opposition within seven (7) days from the day on which the last publication of this notice appears.

Date: 9-20-89 /s/ Melba Trosclair
DEPUTY CLERK OF COURT

RUN: Sept. 21, Oct. 12

PROCEEDINGS
Cameron, Louisiana
September 11, 1989

The Cameron Parish School Board met in regular session on this date with the following members present: Arnold Jones - President, Preston Richard, Daniel Billiot, Betty Seay, Dan Dupont, and Ricky Guidry. Absent: None.

On motion of Mrs. Billiot, seconded by Mr. Dupont, the Board approved the agenda.

On motion of Mr. Dupont, seconded by Mr. Guidry, the Board approved the minutes of the regular meeting of August 14, 1989 as published in the official journal.

On motion of Mr. Billiot, seconded by Mr. Dupont, the Board approved the budget for the 1989-90 fiscal year.

On motion of Mr. Dupont, seconded by Mr. Guidry, the Board accepted the bid of Landis & Gyr Powers, Inc. on the Energy Management System at Hackberry High and Grand Lake High School with the option to apply these unit price bids to the remaining Cameron Parish Schools and with the understanding that the Board is under no obligation except at Hackberry and Grand Lake High Schools. Bid tabulations:

*Bid Award

On motion of Mr. Richard, seconded by Mr. Dupont, the Board authorized the Superintendent to advertise for bids on surface leases for 16th section lands.

On motion of Mr. Dupont, seconded by Mr. Billiot, the Board received a report from Keith Henagens on farming operations on Section 16-12-3.

On motion of Mr. Richard, seconded by Mr. Dupont, the Board approved a request from Keith Henagens to allow him to pay one-third of what he receives instead of the minimum of $6,000.00 for one year on his hunting lease on Section 16-12-3.

On motion of Mr. Billiot, seconded by Mr. Dupont, the Board voted to go into executive session.

BACK IN REGULAR SESSION:

On motion of Mr. Richard, seconded by Mr. Guidry, the Board accepted a report on the site inspection of Section 16-1-13 from Ulan Guidry and Daniel Billiot.

PERSONNEL REPORT:

On motion of Mr. Dupont, seconded by Mr. Billiot, the Board appointed Oralia Benoit as federal programs tutor at Cameron Elementary School.

On motion of Mr. Billiot, seconded by Mr. Dupont, the Board appointed Fagon Istre as the proctor for the JPTA lab at South Cameron High.

On motion of Mr. Dupont, seconded by Mr. Guidry, the Board approved new teachers for South Cameron High School as follows:

Stephanie Duhon - English

Tim McCall - Science-Coach
Catherine Griffen - Special Education

On motion of Mr. Dupont, seconded by Mrs. Seay, the Board accepted resignations as follows:

Claire Hoffecker - teacher, South Cameron High School
Gerry Barrilleaux - counselor at Johnson Bayou High School and itinerant special education teacher at Johnson Bayou and Hackberry schools.
Destree Devereux - teacher, South Cameron High School.

On motion of Mr. Dupont, seconded by Mr. Guidry, the board accepted the resignation of Patricia Boudreaux, sweeper at South Cameron High School.

On motion of Mr. Dupont, seconded by Mr. Billiot, the Board granted Jerry Leave without pay for Jerry Theriot, janitor at Grand Chenier Elementary School.

On motion of Mr. Richard, seconded by Mr. Dupont, the Board approved payment of unused sick leave to Karen Boudreaux, teacher at Grand Lake High School, with an ability certified record.

On motion of Mr. Billiot, seconded by Mrs. Seay, the Board approved a $50.00 allotment per teacher for consumable supplies.

On motion of Mr. Richard, seconded by Mr. Dupont, the Board approved payment of the following:

Asbestos Removal - Certificate #2 - $5,560.00

On motion of Mrs. Seay, seconded by Mr. Richard, the Board approved acceptance of substantial completion of asbestos removal at various schools.

On motion of Mrs. Seay, seconded by Mr. Dupont, the Board authorized purchasing a blanket bond for school personnel as recommended by the school auditor at an annual premium of $1,582.00.

On motion of Mr. Dupont, seconded by Mr. Guidry, the Board approved corrections on insurance contracts with Cameron Insurance Agency as follows:

1987-88 Workers' Compensation Policy - pay additional premium of $7,509.00
1988-90 Vehicle Liability Policy - pay additional annual premium of $11,182.50

On motion of Mr. Dupont, seconded by Mrs. Seay, the Board authorized the staff to pursue after school computer usage program for adults.

On motion of Mr. Billiot, seconded by Mr. Dupont, the Board approved the state pay raise for instructional personnel.

On motion of Mr. Billiot, seconded by Mr. Guidry, the board received correspondence.

On motion of Mr. Dupont, seconded by Mr. Richard, the Board approved a request from Cajun Exploration to conduct seismic work for the Exxon Corporation on Section 16-12-6 and authorized the Superintendent to pursue revising the policy on seismic charges.

On motion of Mr. Dupont, seconded by Mr. Guidry, the Board approved a request from Norcen Explorer, Inc. for an option of surface-use agreement on the SE¼ of the SE¼ of Section 16-15-6 (40 acres), pending negotiations with Norcen by the Board's legal advisor.

On motion of Mr. Billiot, seconded by Mr. Dupont, the Board approved hiring an additional five hour per day lunchroom worker at Johnson Bayou High School and authorized advertisement for the position.

On motion of Mr. Richard, seconded by Mr. Dupont, the Board authorized offering a GED Adult Education program this fiscal year.

On motion of Mr. Dupont, seconded by Mr. Guidry, the board approved the P.L. 94-142 1990 application.

On motion of Mr. Guidry, seconded by Mrs. Seay, the board adopted a resolution endorsing the REACH AMERICA drug seminar to be held September 23, 1989.

On motion of Mrs. Seay, seconded by Mr. Billiot, the Board declared the month of October 1989 as Substance Abuse Awareness Month.

On motion of Mr. Richard, seconded by Mr. Dupont, the Board approved payment of design fees on air monitoring services to Wm. K. White, consulting engineer, for various schools.

On motion of Mr. Dupont, seconded by Mr. Billiot, the Board approved advertising for bids on remaining energy conservation measures at Grand Lake and Hackberry Schools.

On motion of Mr. Richard, seconded by Mr. Dupont, the Board approved a request from Robert Ortego to attend the AASA Conference as an official delegate from Louisiana.

On motion of Mrs. Seay, seconded by Mr. Billiot, the Board appointed Glada Guidry as sweeper at South Cameron High School.

On motion of Mr. Dupont, seconded by Mr. Billiot, the Board approved payment of the following:

Architect's Fees for Various Projects
Home Economics Dept. - South Cameron High - $2,232.58
Covered walks - South Cameron Elementary - $1,855.72
Gym Ceiling - Hackberry High School - $2,711.72
Repairs to Concrete Drive and Drainage tile at Hackberry High School - Contractor's Fee - $4,715.00.

Piping Reinsulation at Hackberry High School - Architect's Cert. #1 - $2,520.00
Contractor's Cert. #1 - $19,800.00

On motion of Mrs. Seay, seconded by Mr. Richard, the Board approved recognition of participants at the National High School and Little Britches Rodeos by declaring Friday, September 15, 1989 as National Rodeo Final Winners' Day and authorized a resolution to be sent to all winners.

On motion of Mr. Billiot, seconded by Mr. Guidry, the Board tabled discussion of a pay scale for non-instructional employees and authorized the Superintendent to obtain salaries of these people from school boards in the state.

On motion of Mr. Richard, seconded by Mr. Dupont, the Board received a report on transportation and instructed the staff to present alternatives at the next meeting.

On motion of Mr. Guidry, seconded by Mr. Richard, the Board tabled discussion on a hunter safety course and instructed the staff to get more information for the next meeting.

On motion of Mr. Richard, seconded by Mr. Dupont, the Board approved the financial report for the month of August and authorized renewal of certificates of deposit.

On motion of Mr. Guidry, seconded by Mrs. Seay, the Board authorized payment of bills for the month of August.

On motion of Mr. Richard, seconded by Mr. Billiot, the Board adjourned until the next regular session on October 9, 1989.

Scout fishing rodeo set for October 14

By ROBERT MANUEL

The sixth annual Boy Scouts of America on-shore fishing rodeo will be held Saturday, Oct. 14, on Monkey Island at Cameron. All youth, pre-school, elementary, and high school are invited to join the scouts in this annual fun day of fishing. The invitation is extended to the entire Southwest Louisiana area.

Reasonble rates for any fishing party or group can be arranged with the local motels. An overnight stay and an early start on Saturday morning would be a special treat to any youngster.

Registration will begin at 6:30 a.m. for a special early bird session and continue for the regular 8 a.m. to 2 p.m. session.

A $3 registration donation fee is optional but the registration of each participant competing for prizes will be required.

Basic information and particulars:

1. Robert Manuel - fishing rodeo chairman - 598-2397.

2. John Moffet - Division of Youth Services (Dept. of Public Safety and Corrections) 475-8034.

3. Registration fee - $3 optional fee.

4. Early Bird Session - 6:30 a.m. to 8 a.m. (award for top red, speck, flounder, and croaker). (Can fish both sessions but fish caught in Early Bird Session cannot be combined for awards in regular session.)

5. Regular Session - 8 a.m. - 2 p.m. Final.

6. Early Birds - Invidual onshore only.

7. Regular Session - 1. Individual; 2. Team (father-mother son or daughter); 3. Boat Party.

8 Awards: a. Grab bag - a prize for everyone who catches a fish; b. individual - 1. Prize for every first place redfish, speck, flounder and croaker. 2. Prize for heaviest string (5 fish limit), 1st, 2nd, 3rd; c. Team - two man team - 1 adult one youth (same as individual). d. Boat Party - one adult and maximum of 2 youth. Heaviest string - maximum of 10 fish - 1st, 2nd, 3rd; 3. Boat launches - Cameron Jetties - registration at Monkey Island headquarter site.

Bait shrimp will be donated by T-Bolo's shrimp house provided bait are available.

Clyde Theriot, the chief cook, will feature an ongoing filet catfish fry served on fresh bread and catsup. Theriot and his associates will have some ready by 10 a.m. and serve it until it runs out. Willard Little of Grand Chenier has made a commitment to try and catch some catfish for the fry. I will have a box or two to throw in the pot. Hopefully other catfishermen will join the team. Any one able to contribute should bring fileted fish to Clyde Theriot prior to Saturday, Oct. 14.

The youth fishing rodeo is funded largely from donations of local businesses and agencies in either cash or prizes. Valuable services are provided by the Cameron Parish Sheriff's Dept., the police jury and the Cameron Youth Council.

The Lake Charles Pilot's Association has played a leading role in the success of the Youth Fishing Rodeo. Its facility, land and shoreline provide an ideal location. There is plenty of room for lawn chairs for parents and grandparents who wish to oversee the young adventurers.

Passage of highway amendment urged

By GENEVA GRIFFITH

Bill Haymon, with the Louisiana Department of Transportation in Lake Charles, was the guest speaker at the monthly meeting of the Cameron Parish Chamber of Commerce last week at Pat's Restaurant. He was introduced by Richard Sturlese.

Mr. Haymon spoke in favor of constitutional Amendment Number One which involves the transportation fund.

A vote for this amendment would create a transportation trust fund and dedicate to it by Fiscal Year 1991-92 all of the current 16 cents a gallon gasoline-motor fuel taxes for highways and related purposes.

An added four-cent tax will finance a four-lane highway program to link urban areas and ban a state tax on gasoline-motor fuel.

A vote against the amendment would continue to let the governor and Legislature decide the amounts appropriated for highways and how much consumers will pay in state sales tax on gasoline fuel.

Haymon said that Louisiana has a long range highway program and that $2.9 billion will be needed over the next ten years to bring the state's highways and bridges up to the federal standards.

He pointed out also that Louisiana is one of only four states in the nation that has no highway trust fund, and is part of the reason the highways are in such bad shape.

The Chamber adopted a resolution offered by Rodney Guilbeaux endorsing Amendment No. 1 for the establishment of the highway trust fund.

Paul Coreil reminded Chamber members to attend the important coastal erosion meeting and reception to be held at the Johnson Bayou Multi-purpose building Monday, Oct. 2, at 6 p.m.

A tour of the area that is suffering from coastal erosion will precede the meeting from 5 to 6 p.m. in the Holly Beach-Constance Beach area, with the legislative delegation as special guests, which will be a highlight of the meeting.

A meal will be served also and will be sponsored by the local Chamber and the Coalition to Restore CoastalLouisiana.

Robet Manuel asked the Chamber to give him a hand with the annual Youth Fishing Rodeo at Monkey Island Oct. 14. He reported that the youngsters have been very successful each year with catching flounders, red fish, and croakers close to shore.

The October meeting will be held Oct. 19, at the Cameron Motel, with a membership meeting at 11 a.m., followed by the regular meeting at 11:30 a.m.

Classes set in computers for adults

Cameron Parish is offering evening classes to adults of the communities in computer usage in business. Classes will be two days a week for two hours per day. The length of instructions will be for a period of 12 weeks.

Classes will need a minimum of ten students to begin. The maximum number will be according to the number of computers at the school. Call the secretary of the high school in your community to be put on the registration list. Students will be taken on a first call first served basis.

A registraion fee of $25 will be charged for the class.

Classes will be held at the following schools: Grand Lake High School, 598-2231; Johnson Bayou School, 569-2138; South Cameron High School, 542-4628.

THESE WERE the winners of the boat races at the Alligator Festival Sunday at the Grand Chenier Park on the Mermentau River. (Photo by Geneva Griffith)

CAMERON OUTDOORS

Thoughts on wetlands

U. S. & CANADA PLANS

Most of us have come to recognize that there is pressure facing our waterfowl and wetlands. We do need help from our federal government in not trying to buy up all the land they can, but by trying to prevent coastal erosion.

In California, a state-funded program pays land owners $10 per acre to encourage wildlife cover on set aside acres of land not in use; $10 per acre to hold back fall tillage of harvested croplands and up to $30 per acre if they flood land and skip fall tillage.

This surely could work here in Louisiana. We here know of our wetland loss but in Central Valley, California they have lost 95 percent of their wetlands in the last 100 years, duck population decreased by 50 percent in the last 30 years and their northern pintail population is at its lowest ever.

According to Federal surveys, 60 percent of the land in the U. S. is either in crop production or in pasture land and more than 87 percent of wetland loses are due to agricultural activities; example - pumping or drying wetlands for crops or pastures.

In some areas of Texas, many landowners agreed to flood their rice fields from October through late February, so as to make their sites sanctuaries for migratory waterfowl.

Remember when Amoco Production Co. donated a lease on 6,120 acres of land here in Louisiana. They called this a mini-refuge. Now LSU and Texas A & M are building a demonstration farm to show landowners how they can integrate rice farming, cattle ranching with wildlife management.

Did you know that the 9621 acres of the new refuge in the Sweetlake area is the country's 447th national wildlife refuge.

President Bush, whom we know loves the outdoors and fishing and hunting, is one we all depend on to help our coastline. Now we can't put blame on our president, but some cabinet members are still just politicians. Some of his nominations, like the Interior Secretary, who has already drawn criticism because he said he was unaware of overgrazing on federal public lands by livestock. He also suggested that marsh erosion in Louisiana could be stopped by dumping rock along the coastline, which is approximately 7,000 miles; an impossible feat of which even the Army Corps of Engineers would never dream.

Well, I have to disagree, if they can build the Berlin wall, and the Alaskan Pipeline, we could build a stone breaker along the Louisiana coast.

Just like the assistant secretary post for Fish and Wildlife and Parks is interim, was held by an inexperienced person for about a year, until she was supposed to be forced to resign in May of this year by our own Senator Bennett Johnston (D-La), who chairs the Energy and Natural Resoruces Committee. Example - a nine acre tract of land (private land) inside Lake Ophelia National Wildlife Refuge in Louisiana, was taken by the Farmers Home Administration because the owner failed to repay a government loan. The FmHA has the authority to transfer title of the land to other federal agencies for public purposes. The Fish and Game wanted the land to add to the refuge mentioned. It was turned down so the public lost.

The federal wetland agency wanted to publish a manuel "Wetlands Deprivation Manuel". The wetland program administration asked for $10,000 to pay the publisher. This was turned down and kicked around for several months until the wetland program was finally published.

Now let's turn back to Northeastern Louisiana. A former tract of farm land has been reverted back for waterfowl. A 400 acre tract protected by the National Wildlife Refuge. It was turned over by the Farmers Home Administration which failed as cropland.

This is part of the North American Waterfowl Plan. The area is 86 percent wetland. Should this have ever been turned into farm land to start with? There are 151 other tracts of land on the Farmers Home investing property listed in Louisiana, more than 15,000 acres. How many more will come up in the future?

I guess what I'm trying to get across is we know Cameron Parish, the Louisiana Gulf Coast and other states as well as the northern part of our state, are targets for refuges. When will it stop? It seems there are more and more endangered species of fish, turtles, animals every day. Well, pretty soon they'll have the people of this state on the endangered species list, but will they protect us, or save us, like they do with the fish, turtles, animals and other of Mother Nature's little creatures. Do they classify us as Mother Nature's little creatures?

JOHNSON BAYOU MEETING

Talking about coastal erosion, a citizens group concerned about loss of Louisiana coastal wetlands, the Coalition to restore Coastal Louisiana, will have a meeting in Johnson Bayou at the Johnson Bayou Multipurpose Building, which is co-sponsored by the Cameron Chamber of Commerce. The meeting will be Monday, Oct. 2, from 6 to 9 p.m. A tour on coastal erosion in Johnson Bayou area will take place from 5-6 p.m.

This will be an important meeting, as all persons along the Louisiana Gulf Coast and especially in Cameron Parish, need to stick together and try to accomplish something and stop losing our land from the Gulf water and hurricanes.

NUTRIA SALE

CHANGING THE subject, information I got was the nutria hides have been sold and warehouses cleared. This should give our trappers a better price this winter. Word is out maybe top nutria will start at $5. This is not great, but it's way better than last year.

I realize we don't have the nutria in our parish as we've had, but in some places in Louisiana there are plenty of nutria, which are causing damage to crops and levees, and talk was out about maybe having to start shooting them to try and thin out the population. Maybe if a fair price would be offered, more trappers would help solve this matter.

Grand Lake Sr. class elects

Grand Lake High School class officers recently elected were:

Senior officers: president, Melissa Doucet; vice-president, Greg Richard; secretary, Nancy Granger; treasurer, Missy Reon.

Junior officers: president, Kristi Dartez; vice-president, Michelle Primeaux; secretary, Mike Chapman; treasurer, Kristi Belanger.

Sophomore officers: president, Andrea Faulk; vice-president, Charles Eagleson; secretary, Stephanie Lonthier; treasurer, Amanda Broussard.

Freshmen officers: president, Allison Pool; vice-president, Julie Johnson; secretary, Sharra Payne; treasurer, Brett Bellard.

Joins sorority

Rhonda Jennifer Perry of Grand Chenier accepted an invitation from the LSU Sigma Kappa Sorority for membership.

Board honors winners from Cam. Parish

The Cameron Parish School Board at its September meeting proclaimed Friday, Sept. 15, as "National Rodeo Winners Day" in recognition of the parish high school students who recently won national rodeo honors.

Hackberry High School students won some of the top honors at the National High School Rodeo in Pueblo, Colorado and at the National Little Britches Rodeo in Colorado Spring, Colorado.

The students honored by the school board were:

National High School Rodeo: Thad Little, National High School Champion, Saddle Bronc; James Boudreaux, 15th Overall in Bareback Riding; Shane LeBlanc, 8th in Bull Riding.

National Little Britches Rodeo: Shane LeBlanc, Bull Riding Champion and All-Around Cowboy Champion; *Joey Gray, World Champion Steer Wrestling; Thad Little, World Standings - 3rd Place; Tim Constance, World Standings - 4th Place; James Boudreaux, World Standings - 5th Place; Tom Knapp, Goat Tying - 5th Place; Tony Constance, World Goat Tying - 6th Overall; David Devall, World Break-Away Roping - Tied - 3rd/4th Place Overall; Cheri Gray, Poles - World Standings - 5th Place; Other qualifying students - Wendy LeBlanc, Jay Devall, and Brandon Devall. *Repeat winner from last year.

Takes Course

Marine Pfc. Gilbert LeBeouf, son of Gilbert LeBeouf Sr. of Cameron, has completed the Basic Travel Clerk's Course.

During the eight-week course at the Marine Corps Service Support Schools, Camp Lejeune, N. C., LeBeouf was provided with the basic knowledge required of travel clerks assigned to a disbursing office. He joined the Marine Corps in January, 1989.

LEGAL NOTICE

PROCEEDINGS
WATERWORKS DISTRICT NO. 9
AUGUST 23, 1989

The Cameron Parish Waterworks District No. Nine met in regular session on Wednesday, August 23, 1989 at the Grand Chenier Fire Station in the Village of Grand Chenier, Louisiana at 6:30 o'clock P.M. The following members were present: Sidney Savoie, Curtis Nunez, John Allen Conner, and Melvin Theriot; absent was Wendell Rutherford.

It was moved by Mr. Conner, seconded by Mr. Savoie and carried, that the reading of the minutes of the previous meeting be approved as read.

It was moved by Mr. Nunez, seconded by Mr. Conner and carried, that the Secretary is hereby authorized, empowered and directed to advertise for cleaning personnel applications to be accepted for the Muria Fire Station and the Grand Chenier Fire Station.

It was moved by Mr. Conner, seconded by Mr. Savoie and carried, that when an evacuation is ordered the two water board trucks are to be taken out of lower Cameron Parish to higher grounds.

It was moved by Mr. Savoie, seconded by Mr. Conner and carried, that the following invoices are approved and shall be paid:

Cameron Telephone Company, Sulphur, La.; Entex, Lake Charles, La; Jefferson Davis Electric Cooperative, Cameron, La.; Jon's Coffee Service, Lake Charles, La.; D. W. Williams, Inc., Lake Charles, La.; Boudoin Brothers Exxon, Creole, La.; Lake Charles Safe and Lock Company, Lake Charles, La.; Miller Brothers Mobil Station, Creole, La.; Lake Charles Office Supply, Lake Charles, La.; Ace Air Conditioning, Lake Charles, La.; Whiting/Rollsson/Teacher's Pet, Crowley, La.; Savoie Lumber and Hardward, Inc., Creole, La.; Aquatec, Sulphur, La.; Canik True Value Hardwne, Creole, La.; Louisiana Utilities, Baton Rouge, La.; Kajun Food Stores, Inc., Grand Chenier, La.; The Overhead Door Company, Lake Charles, La.; Cintas, Lake Charles, La.; Cameron Parish Pilot, DeQuincy, La.; Grand Chenier Phillips 66, Grand Chenier, La.; Booth's Grocery, Grand Chenier, La.; Sargent Sowell, Inc., Grand Prairie, Tex.; Loston's, Inc., Creole, La.; Dept. of Revenue and Taxation, Baton Rouge, La.

There being no further business and upon motion of Mr. Savoie, seconded by Mr. Conner, the meeting was declared adjourned.

Creole Homemakers to aid at anniversary

When the Creole Extension Homemakers Club held its September meeting in the home of Mrs. Estelle Theriot, members saw a demonstration given by assistant home economist, Nancy Cronan, and finalized plans for the Cameron Parish Extension Council's 50th anniversary celebration Sept. 30, at South Cameron Elementary School.

Mrs. Cronan's demonstration, titled "Heart Healthy Eating", pointed out how simple changes in a person's eating habits and lifestyle can prevent serious health problems such as heart attacks, high blood pressure, and strokes. She said that this could be done without giving up your favorite foods simply by changing the cooking method or by altering or substituting some of the ingredients in a recipe.

Final plans for the 50th anniversary celebration call for the club to be in charge of registration and making and serving coffee. Each member will bring a covered dish for the luncheon.

Mayola Wicke will exhibit the club's past publicity books while Butsy Carter will serve as narrator for the slide presentation which will feature highlights of Homemakers clubs activities over the years.

Estelle Theriot listed the different articles donated by local businesses to be given as souvenirs of the occasion to everyone attending. These articles will be in ditty bags given by club member, Teen Theriot.

President Earline Baccigalopi announced that the next Council meeting will be Oct. 10, at 2 p.m. in the Extension Office in Cameron.

Serving as hostess for the meeting was Teen Theriot, assisted by co-hostess, Estelle Theriot.

Citizen Welles, Eunice E. Nunez by Oran and Betty Seay.

Gracie: A Love Story, Neomi "Sissy" Penny.

Have A Healthy Baby, Mrs. Nola Rogers by Doris Nunez and Wayne Sturlese Family.

Mrs. Dwayne E. Arrington

Arrington-Daigle vows said in Lake Charles

Laura Renee Daigle and Dwayne Ethan Arrington were married Saturday, Sept. 23, at 11 a.m. in Our Lady Queen of Heaven Catholic Church in Lake Charles. The Rev. Irving DeBlanc officiated the double ring, candlelight ceremony. Millie Trahan provided the music and was the vocalist.

Parents of the couple are Warner Daigle and Brenda Daigle of Cameron and Mike and Mary Arrington of Lake Charles.

Given in marriage by her father, the bride wore a traditional gown of white satin and lace with a Queen Anne neckline and puffed Elizabethan sleeves. The bodice was embellished with sequins, pearls and venise lace trim. The full skirt, with a Baasque waistline, had venise lace on the hem. Five strands of pearls were draped across the cutout back with a candy box bow. The chapel length train was trimmed with venise lace.

The bride carried a bouquet of white and aqua roses, lace, pearls and ribbon.

Sonya Hebert served as the matron of honor and Debra Coats served as the maid of honor. Bridesmaids included Donna Welch, Mari Beth Daigle, Michelle Theriot and Michelle Boudreaux.

The attendants wore aqua satin tea length dresses with a V neck, and a bow in the back. They carried bouquets of aqua and white roses, peach buttercups, baby's breath, pearls, lace and ribbon.

Flower girl was Tabitha Hendrix and ringbearer was Joshua Daigle.

Unity candlelighters were Mary Arrington and Brenda Daigle.

Bestman was Darrin Boudreaux and groomsmen included Ben Welch, Todd Morales, Willie Daigle, Philip Bell and Shane Hebert.

Ushers were Chad Benoit, Jamie Daigle, and James Daigle.

A reception followed in the Our Lady Queen of Heaven Family Life Community Center. Servers included Audrey Daigle, Quanita Savoie, Marria Hendrix, and Nina LeBlanc.

The bride and groom are both graduates of South Cameron High School and Delta School of Business.

Following a wedding trip, they are making their home in Lake Charles.

Hackberry News

By Mrs. Grace Welch

SCHOOL

Monise Seay from Hackberry and T. R. Clement from Jennings, left Friday, Sept. 15, for the University of South Alabama at Mobile. T. R. is a point guard.

Monise is a 1989 graduate of Hackberry High School and is the daughter of Charles and Loretta Seay.

Martin and Terry Kershaw, Ronnie, Gerry and Julie spent the weekend at the Roland Kershaws in Houston.

SICK LIST

Grace Welch and Mary (Coot) McInnis visited Mrs. Neva Sheffield at St. Patrick's hospital. The Sheffields were residents of Hackberry at one time.

FESTIVAL REPORTS

St. Peter's Festival was a success. The church parish would like to recognize all who helped, including Billy Navarre of Navarre Chevrolet, Robert and Olga Mudd of Creole, and two parishioners who wish to remain unidentified. These people were responsible for the first prize of the raffle.

Ebenezer Bapt. to hold anniv.

Ebenezer Baptist Church will hold its 21st Ushers Annivesary and 10th Choir Anniversary Sunday, Oct. 1, at 11 a.m. and 3 p.m.

Rev. Roland Mouton, Sr., pastor of Ship of Zion Baptist Church, Houston, Tex., will be guest speaker.

Revival services will be held Monday, Oct. 2, thru Friday, Oct. 6, with Rev. Roland Mouton, Sr. bringing the message nightly at 7 p.m. Pastor Samuel Tolbert, Jr. will give a lecture at 6 p.m. nightly. The public is invited to attend.

22 parish men went off to war in 1917

By Keith Hambrick

(Lake Charles American Press, Sept. 29, 1916)
HACKBERRY WANTS IMPROVED HIGHWAY

Residents on Hackberry Island are circulating petitions for the creation of a special road district, and propose to vote bonds or a tax for the construction of a road from the settlement to the Calcasieu Parish line, to connect with the highway to Sulphur.

The road would be about three miles in length, and as it goes through a marsh stretch, an embankment probably would be built. Residents of the Gum Cove district, farther west in Cameron Parish, are thinking of taking similar steps to secure a road to the Gum Cove highway south drom Vinton.

(Lake Charles American Press, Sept. 28, 1917)
CAMERON MEN OFF TO WAR

The Cameron contingent of 22 men left here at 3 o'clock for Camp Pike, Ark., to become a part of the great national army, which is assembling in the various camps over the country. These men were delayed in getting to Lake Charles due to inability to get notices to them in time to get the Tuesday boat, so they were forced to remain over until yesterday morning's boat.

The Cameron contingent is as follows: Deline LeBoeuf, Charles Bertrand, George Theriot, Dorsole Benoit, Ozome Savois, Julien Broussard, Dorsole Richard, John Roux, Clebert Duprie, John Baptiste, Hubert Theriot, Alfred Portie, Abis Portie, Cleophus P. Hebert, Zephrin Daigle, John Whitney Stine, Daniel Hebert, Alva Duhon, Urish Trahan, Joseph A. Long, Willie Collier, Ramie Richard, Angel Duhon, Edres Nunez and Charles Frank Savois.

The men arrived on the Rex shortly after dinner and assembled at the court house about 2 o'clock, where Jude Overton, of the district court, recessed the court for a quarter of an hour and came out and addressed them. He referred to the demonstration Wednesday which was for them as well as for the Calcasieu men, saying he wishes they could have been present to enjoy the pride of that monstrous gathering in their honor.

Comfort kits were then distributed to the individual men through the courtesy of the local Red Cross. They then took up the march for the depot.

Sheriff D. R. Crain and Clerk of Court S. W. Sweeney, of the Cameron local board, accompanied the men here, while every assistance was rendered them by the local board, Sheriff Henry A. Reid and Clerk of Court A. S. Gossett accompanying them to the train.

(Abbeville Meridional, Sept. 30, 1911)
MAN-EATING SHARK

A huge man-eating shark was caught by Dan Phisneck, a fisherman living at Cameron. The big fish was caught on a trot line on a shark hook made at a blacksmith shop in Cameron. The monster measured over eight feet and weighed 322 pounds. The shark was caught in the Calcasieu River a half-mile this side of the mouth.

(Abbeville Meridional, Sept. 27, 1913)
GRAND CHENIERE TRADE

In olden times Grand Cheniere and all that part of Cameron Parish east of the Mermentau River belonged to Vermilion, and the people naturally did their business at the parish seat, Abbeville. Now that the Intercoastal Canal has joined the Mermentau to the Vermilion, cut out the long outside trip on the open Gulf, and shortened the distance, the trade from this fair and fertile section is beginning to come this way once more. Only this week Mr. Richard arrived here with a schooner load of some 60,000 pounds of seed cotton which was sold to local buyers.

From all accounts the prices paid here were very satisfactory and we learn that there are now over 200,000 pounds more of seed cotton on Grand Cheniere, which will be marketed at Abbeville.

THE INTERCOASTAL CANAL

The arrival here of a schooner from Grand Chenier, carrying 60,000 pounds of seed cotton, is an illustration of the benefit derived from the completion of the Intercoastal Canal from Vermilion Bay to the Mermentau River. Formerly most of the cotton and other produce raised on Grand Chenier was marketed in Galveston. Jonas Weill, a local cotton buyer, made a trip to Grand Chenier and convinced the farmers that Abbeville is their natural market, and that its merchants can supply their wants at advantageous figures.

When the canal is completed to the Sabine River, the volume of commerce will be more than doubled, and the water freight upon lumber will reduce the prices of lumber to people in Vermilion.

LAKESIDE LACONICS

There is a petition out to extend the present mail route to Grand Cheniere. Three tirps weekly and a first class boat on the job. Capt. Frank Dyer is the projector and he will build a fine boat for the purpose.

So much rain has damaged the cotton extensively. Rice has also been injured. The present change of cool, dry weather is very welcome to our farmers.

Cowbelles to meet Oct. 4th

The October meeting of the Cameron Parish Cowbelles will be held Wednesday, Oct. 4, at 6 p.m. in the Creole Fire Station.

Meatballs will be made to send to the state fair to be used in the Cattlemen-Cowbelles food booth. This is a yearly project of the local club.

Gift is given in memory

Expressions of love and sympathy to a bereaved family, made in the form of a Memorial Gift to the Louisiana Baptist Children's Home in Monroe, help make a new life and opportunity for boys and girls from throughout the state who live in the Home.

The gift may be in the amount of the donor's choice. The name of the deceased person, the name and address of the family to be notified of the remembrance, and the name and address of the donor should be sent, along with the contribution, to the Louisiana Baptist Children's Home, Post Office Box 4196, Monroe, La. 71211.

Gifts have been made recently in memory of Archie Arthur by Pine Grove Baptist Church of DeQuincy and in memory of Edgar Spicer by Hackberry First Baptist Church.

Tricia Trahan

South Cameron high names Fair Queen contestants

Three young beauties will represent South Cameron High School at the Calcasieu-Cameron Fair Queen's Contest. Stacey Perry, daughter of Mr. and Mrs. Charles Perry and Candace McCain, daughter of Vernon and Jolene McCain were chosen to participate in the senior division and Tricia Trahan, daughter of Mr. and Mrs. Jimmy Trahan, will participate in the junior division.

Theee young ladies will attend several functions scheduled by the fair.

A Pepsi party rehearsal is scheduled from 1-3 p.m. Saturday, Sept. 30, on the fair stage. No judging will take place, but attendance is required. They will ride in the parade Monday, Oct. 2, at 4 p.m. Contestants may compete for the "best decorated car" trophy.

The senior tea will be held at Calcasieu Marine National Bank's Mid City Branch in Sulphur, Tuesday, Oct. 3, at 3:30 p.m. The pageant is scheduled for 7:30 that night.

The junior tea will be Wednesday, Oct.4, with the pageant to be held at 7:45 p.m.

ABWA names new officers

The Cameron Chapter of the American Business Women Association met Monday Sept. 11, at the Creole Seafood Restaurant.

Newly elected officers are: president, Barbara LeBlanc; vice-president, Carolyn Thibodeaux; secretary, Kathy Case; and treasurer, Mirinda Morales.

An educational trip is planned along with other activities.

Cameron business women were also represented at the annual observance of ABWA Day which was held in Sulphur Sept. 22. Among the 175 women attending were Ruby Dupuie, Frances Mudd, Theresa Bellinger, Mirinda Morales and Kathy Case. The group was entertained by a style show and motivational speaker, Fran Spain of Baton Rouge.

Get permission to cut wood

For those heading to the woods to cut firewood from property they don't own, State Forester Paul D. Frey has some words of caution: make sure you get the landowner's permission.

At this time of year, a lot of people are cutting firewood so it will have a few months to season before winter. For some, the firewood is to fuel their own wood-burning heaters. For others, it's to sell for the income.

"In either case, the caution applies," Frey said.

Frey, who heads the Louisiana Office of Forestry, Department of Agriculture & Forestry, says that recent publicity concerning timber theft has put landowners on guard.

"Landowners may be watching their property more closely than ever, and if they find someone cutting firewood without permission they may be inclined to file theft charges. Depending on how much wood has been removed, the charges could even be for felony theft," he said.

Tom Trahan, chief enforcement officer for the Office of Forestry, notes that while some firewood theft is deliberate, many times people simply do not think in terms of theft when they remove firewood without landowner permission."For example", Trahan said, "I was talking to an individual not long ago and he was telling me it was time to go out and cut firewood for the winter.

"So I asked him where he gets his firewood. 'Aw, out there in the country, close to where I live.' I asked him if he had talked with the landowner to get permission and he said, no, 'It's just some old wood out there. It doesn't belong to anybody.'

"Here I was in uniform, with a badge, and he was telling me this story just as innocently as could be. He didn't stop to think that to cut that wood and to take it was theft and that he could be arrested for it."

Frey says many landowners are glad to work out a deal with firewood harvesters. "Sometimes removal of certain trees is desirable to improve a stand of timber, and a landowner may be happy to have someone take those trees out for firewood in return for the benefits to the trees he wants left," Frey said.

FUNERALS

JOHNSTON INFANT

Graveside funeral services for Jered Johnston, infant son of Mr. and Mrs. Steven Johnston were held Tuesday, Sept. 26, at Immaculate Conception Cemetery in Grand Chenier.

The Rev. Robert Shreve officiated.

Survivors other than the parents are two brothers, Thomas Allen and Adam Kyle Johnston; one sister, Blair Elizabeth Johnston; maternal grandparents, Norman and Joyce McCall; maternal great-grandparents, Mr. and Mrs. J. A. Colligan, all of Cameron; paternal grandfather and step-grandmother, Don Johnston and Mrs. Barbara Johnston of Houston, and paternal grandmother, Mrs. Eloise Bosarge of Lake Charles.

MRS. MARY ANNIE MEAUX

Funeral services for Mrs. Mary Annie Meaux, 85, of Creole, were held Saturday, Sept. 23, from Sacred Heart Catholic Church.

The Rev. M. J. Bernard officiated, burial was in Sacred Heart Cemetery under direction of Hixson-Guardian Chapel.

Mrs. Meaux died Thursday, Sept. 21, in the South Cameron Memorial Hospital.

A lifelong resident of Creole, she was a teacher in Cameron Parish schools and a member of Sacred Heart Catholic Church and Altar Society, the national and Louisiana Cattlemen's Association, Cameron Parish Cowbelles and Farm Burreau and a sponsor of FFA and 4-H.

Survivors include one daughter, Mrs. Jimmie Ann McLean of Kalispell, Mont.; one son, J. B. Meaux of Creole; one sister, Enez Rogers of Lake Charles, and seven grandchildren.

BILLY JOE STORM

Funeral services for Billy Joe Storm, 24, of Opelousas were held Monday, Sept. 25, in the Johnson Bayou Baptist Church.

The Rev. Fred Salter Jr. officiated, burial was in Head of the Hollow Cemetery.

Mr. Storm died Saturday, Sept. 23, in the Opelousas hospital.

He was a native of Sulphur.

Survivors are his wife, Mrs. Sherry Storm; one son, Jordan Scott Storm of Opelousas; one daughter, Lauren Aline Scott of Opelousas; his parents, Mr. and Mrs. Billy Storm of Johnson Bayou; one brother Kurt Storm of Johnson Bayou; one sister, Cheryl Skeldon of Titusville, Fla., and his stepgrandmother, Helen Hill of Tulsa, Okla.

Seminar held Saturday

By GENEVA GRIFFITH

The Cameron Parish School Board and Cameron Parish Drug Abuse Education and Prevention Advisory Council sponsored a "Reach America - Peer Leadership Training" seminar Saturday morning at South Cameron High School.

Uland Guidry coordinated the seminar and Wayne Batts, school principal, gave a greeting to the over 100 students from all the parish high schools attending.

Rep. Randy Roach spoke to the students on the importance of this program and said, "Each generation has to face challenges - think about what this program means to you and your community and do something about it."

Arnold Jones, a Cameron Parish School Board member read a resolution from the school board in support of the program.

Casey Vincent, from Grand Lake School served as master of ceremonies and Tomasina Goodrich from Hackberry High School introduced John Hewitt, from Gambrills, Md., who was the trainer.

He spoke on alcohol, prescriptions and their dangers and drug dependency.

He also had a session on marijuana and crack, speaking to elementary school children, handling groups effectively, and projects for high schools.

Hokie Gajan was a special guest and spoke on peer pressure and ways to say no.

A surprise visit by Gov nor Roemer was one of the high points of the seminar.

At 9:45 the group broke up from Tarpon Hall and were escorted out onto the Tarpon stadium football field where a helicopter landed and out stepped Gov. Roemer, who was greeted by Rep. Randy Roach, who had arranged the visit when he found out that the Governor was to be in the area to visit the beach clean-up sites.

Gov. Roemer gave a short talk on the importance of these seminars and challenged the students to take hold of their lives, to help others, and not succumb to peer pressure.

Other seminar coordinators in addition to Mr. Guidry are Rosalie Perry, Howard Romero, Lorene Tanner and Leon Duhon.

REP. RANDY ROACH, who was a speaker at the drug seminar held at South Cameron High School Saturday, is shown with two members of the Hackberry chapter of SAAD--Thomasena Goodrich and Tiffany Kyle.

Winston Churchill had twin beds, and when he couldn't fall asleep in one, he would move to the other.

This Little Bottle Could Save Your Life

Heart attacks ... They are the number one killer in America today.

But today, South Cameron Memorial Hospital is better prepared than ever to treat heart attack patients in the first critical moments following the attack.

As an affiliate of the Baptist Hospital Cardiac Care Network, South Cameron Memorial Hospital is now supplied with life-saving drugs that help in a vast majority of all heart attacks.

In 90 percent of all heart attacks, a blood clot closes the artery that supplies blood to the heart. The longer the artery is blocked, the greater the damage to the heart muscle ... and the greater risk to the patient. Restoring the blood flow immediately can make the critical difference.

Through the Baptist Cardiac Care Network, South Cameron Memorial Hospital is now supplied with very important life-saving drugs like Tissue Plasminogen Activator (t-PA). These special clot-dissolving drugs enable us to intervene in a heart attack and, in most cases, restore blood flow. Once blood flow is restored, your physician has ample time to evaluate and diagnose your condition.

What this little bottle means is that you can get the absolute best in cardiac care right here at home in the Cameron area.

In short, it's a little bottle that could save your life.

ADVERTISEMENT FOR POSITION

The Cameron Parish Recreation District #5 (Grand Lake) will accept applications for the position of Bookkeeper/Secretary/Treasurer. Responsibilities will be preparing the books for the monthly meetings as well as the annual report to be turned in to the Legislative Auditor. Experience in governmental accounting is required. Interested applicants should submit their bid at 7:00 p.m. on October 17, 1989, at the meeting of the Grand Lake Recreation District. No bids over $125.00 per month will be accepted.

RUN: Sept. 21, 28, Oct. 5, 12

Grand Lake Annual staff

Members of the Grand Lake High School annual staff for 1989-90 are:

Ninth grade: Allison Poole and Sharra Payne.

Tenth grade: Andrea Faulk, Tammy Guillory, Chad Sullivan and Amanda Broussard.

Eleventh grade: Kristi Belanger, Angie Stickell, Michelle Primeaux, Casey Vincent, Mike May and Jodi Montgomery.

Twelfth grade: Missy Reon, Melissa Doucet, Amy Jo LeBoeuf, Bernetta Thibodeaux and Sarah Doucet.

Missy Reon and Casey Vincent are co-editors and Ernesteen B. Valere is sponsor.

Grand Lake Jr. 4-H club

The first Grand Lake Jr. 4-H Club meeting of the new school year was held Thursday, Sept. 7.

The meeting was called to order by President Carrie Poole. Blaine Arbour led the gorup in the Pledge of Allegiance, and Keri Billedeaux led the 4-H Pledge.

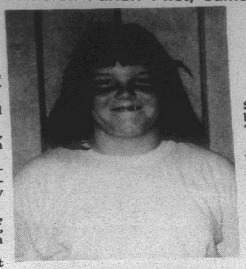
The Junior club will participate in a Bike-A-Thon on Sept. 23. Proceeds will go to St. Jude's children's Hospital.

Mrs. Nancy Cronan and Mr. Gary Wicke discussed the projects available in 4-H.

Missy Young, Reporter

Books given Elem. library

South Cameron Elementary School announces the recent addition of several memorial books to its library. The following titles are dedicated in memory of:



Roy Hebert of DeQuincy, The Midnight Farm, given by Judith Jones.

Roy Frances Hebert of Cameron, A Dictionary of the Cajun Language, by Clarence and Becky Vidrine.

Mrs. Nola Anna Richard, No, Agatha!, by Rena and Clayton Trahan.

Lavern Joseph Domingue, Big Boy, Little Boy, by Rena and Clayton Trahan.

The following titles are dedicated to the memory of Clyde S. Hall: Exploring the Titanic, by Verde and Brown LeBoeuf; Louisiana Paradise: The Chenieres and Wetlands of Southwest Louisiana, by Elma and Adam Hebert; and Grandpa's Slide Show, by Wende and Greg Wicke.

RECENTLY, A winner's trip was held for Cameron Parish Junior 4-H members who received first place for efforts throughout the year. Karl Ballard, a member of the Grand Chenier Jr. 4-H Club, attended. The Trip was to Houston, Tex. Members attended Astroworld and Waterworld.

Junior parents to meet Tues.

Parents of junior class members of South Cameron High school will meet Tuesday, Oct. 3, at 7 p.m. in Tarpon Hall.

Exit tests and plans for the school year will be discussed.

Grand Lake Sr. 4-H club meets

The meeting of the Grand Lake Senior 4-H club was called to order by President Dena McComb, Sept. 7.

The 4-H Pledge was led by Amanda Broussard and the Pledge of Allegiance by Melissa Daigle.

The officers for the new year were introduced as follows: Dena McComb, president; Casey Vincent, vice-president; Kristi Broussard, secretary; Mike Champion, treasurer; Shadd Taylor, reporter; Lori Broussard and Erroll LeMaire, parlimentarians.

Club members reported on activities they had participated in through the summer.

Club leader Darlene Taylor talked about the Bike-A-Thon the club is sponsoring and asked club members to either participate or help.

The meeting was turned over to the agent, Mrs. Nancy Cronan. She discussed the newsletter and helped club members with their enrollment.

A race for amateur rowers has been established.

Prisoner Transport	3,396.24
Criminal Investigation	16,090.76
Juvenile	14,300.67

As you see our surplus is dwindling down each year. The prices of all our equipment and things we need are still increasing. In nine years, the cost of our cars increased from $6800.00 to $13,000.00. Our insurance premiums increased by $88,000.00 this year alone, bringing our total amount for health insurance to over $28,000.00 a month. At this rate of increases in expenses and decreases in our income, in the near future we will be looking at some changes in our operations, because it is impossible to give the working people a pay raise. It would be almost impossible to maintain the personnel that we have unless the economy and revenues pick up again within the next year or 18 months. So if you have any suggestions or ideas where we can save money and cut costs, I welcome your suggestions.

I thought you may be interested in seeing how we conduct the sale of our fishing and hunting licenses and where they are sold. You may notice we sell a lot of licenses in Texas. We get only a 15% commission off the total amount sold.

1988 - 1989 SEASON ANGLING, HUNTING, COMBINATION, BIG GAME, BOW, TRAPPER LICENSES SOLD AND RETURNED

Cameron, La.

FIFTY YEAR members of the Cameron Homemakers Council were honored at the Golden Anniversary celebration last week in Cameron. From left are Camelia Nunez, 90, oldest club member; Emma Nunez, Lida Miller, Wayne Montie and Mrs. Nancy Cronan, Home Agent. (Photo by Geneva Griffith)

CAMERON EXTENSION HOMEMAKERS

Celebrate 50th birthday

By GENEVA GRIFFITH

A travel back into time was taken by members of the Cameron Parish Extension Homemakers clubs Saturday when they gathered at the Cameron Elementary School to celebrate their 50th anniversary.

Each club had on display their scrapbooks and handicraft made by club members in projects and workshops throughout the years.

One such item was the 1970 Cameron Telephone Company book with the Cameron Centennial logo on the cover. The logo was conceived and designed by members of the Extension Homemakers Council while Miss Patsy Granger was agent.

Four of the members who designed it were present, Elaine Hebert, Butsy Carter, Mayola Wicke and Geneva Griffith. Alida Hebert was the fifth member of the group, but was not present.

Estelle Theriot, from the Creole club, was the Master of Ceremonies; the pledge of allegiance was led by Ruth Precht, from the Sweetlake club; Mamie Richard, Grand Chenier club, led the Club Collect; and Emma Nunez, Grand Chenier,led the invocation.

Charlene Boudreaux gave the welcome.

Myrna Conner, Legislative Assistant to Rep. Randy Roach, gave a special presentation to Nancy Cronan, Homemaker Agent, from the Lousiana Legislature, recognizing the local council's 50th anniversary.

Carolyn Daigle, State Extension Homemaker Council Coordinator, with the La. Extension Service from Baton Rouge gave a slide presentation on the work of the Homemakers councils all over the state.

She reported that over 186,000 hours of community service was engaged in 1988 in Louisiana by Extension Service clubs.

A routine by the Grand Chenier cheerleaders was put on for the entertainment.

Lynette Walker, a director of a cosmetics company, was the guest speaker and challenged the homemakers to know and recognize their self-worth.

Mrs. Theriot introduced the past council presidents who were

Cont. on Page 2

2nd cable TV franchise OKed

The Cameron Parish Police Jury awarded a second cable television franchise for the parish and also was critical of the services of the first franchisee.

The jury had asked for bids on a new franchise and Gulf American Cable Group was the only bidder, indicating that it planned to serve the Grand Lake area of the parish.

The firm will give the parish 5 percent of its gross revenues of monthly charges and will have a 10 year non-exclusive franchise with an option to renew for another 10 years.

Several representatives of Telemedia Cablevision, the original cable franchisee in the parish, were present at the Jury's request to answer questions about the firm's service.

Juror George LeBouef complained about poor service to the Cameron area and also asked when the homes on the Jetty and Pogy Plant roads would be served.

Juror Ray Conner was critical of the firm's Cameron office only being open 18 hours a week but did say he appreciated them having an ansering service instead of an answering machine.

Juror Kenneth Ducote said that the jury did not have any jurisdiction over the cable company but still had to take the calls about service.

An employee of the firm said they would look into the complaints and also see about extending service to the areas mentioned.

Aid offered in disaster

Cameron Parish has been advised by personnel of the U. S. Small Business Association (SBA) that the coastal parishes of Calcasieu, Cameron, Vermilion, Iberia and St. Mary have been designated as natural disaster areas.

Affected fishermen in these areas may be eligible, provided they meet Federal program requirements, to receive Federal loans. Although application forms have been received by fishermen, there have been numerous problems associated with the completion of these forms, especially in the area of financial reports and statements.

Due to a large number of calls received, the office of Representative Randy Roach requested SBA personnel to come into Cameron and Calcasieu parishes to assist in completion of these forms. They were notified by SBA officials that this could not be carried out by their personnel, due to the large number of parishes served nationwide.

At that time, Representative Randy Roach consulted with Cameron State Bank President Robert Fruge for his assistance in this matter. All area Cameron State Banks financial personnel will be available to assist with questions to aide in completion of these SBA Disaster forms. Special appreciation is given for this assistance. For additional information, call Cameron Legislative Assistant, Myrna Conner at 542-4443 or for out of area, call toll free, 1-800-737-2474.

H'coming dance

The Cameron Special Olympics is sponsoring a dance homecoming night, Friday, Oct. 20, at the KC Hall in Cameron.

Johnny Allen Band will provide the music. A $5 donation will be taken at the door.

DENNIS ARNOLD, plant manager, Cameron Telephone Company, here helps Eunice Griffith cut the ribbon opening the new central office for Johnson Bayou. Mrs. Griffith is one of the oldest residents of the community.

CAMERON POGY BOAT MISHAP

11 dead or missing in boat explosion

Eleven persons were known dead or missing and four others were injured and hospitalized when a menhaden (pogy) boat out of Cameron struck a natural gas pipeline and exploded near Sabine Pass at about 6:05 p.m. Tuesday.

One of the known dead was John T. Ware, 54, the boat's cook from Lake charles. He had been rescued following the accident but died later.

Another person was burned beyond recognition.

The other members of the crew whose bodies have either been recovered or are still missing are:

Robert Hill, Jr., Mate, 49, Cameron; Francis Arthur, Chief, 48, Cameron; Charles Jackson, 2nd, 53, Cameron; John Bartie, Crew, 28, Lake Charles; Bennie Crawford, Crew, 27, Lake Charles; James Willis, Crew, 60, Lake Charles; Otis Benjamin, Crew, 37, Port Arthur; John Jackson, Crew, 24, Cameron; Timmy Thomas, 20, Lake Charles, and Tony McDougle, Crew, 40, Lake Charles.

It was also reported that an employee of one of the helicopter firms involved in the rescue was himself injured and hospitalized. He was not identified.

Divers were scheduled to go down into the burned vessel which sunk to seek bodies and try to discover how the mishap happened.

An an indication of the firm's extreme concern about the accident, Ronald C. Lassiter, of Houston, chairman of the board and chief executive officer of Zapata Corp., parent corporation of Zapata Haynie, flew into Cameron Wednesday afternoon and went to the scene of the mishap.

He later visited the survivors at the Baptist Hospital in Beaumont.

A search was in progress Wednesday for the remaining seven of the 14 man crew on board the "Northumberland", a 160-foot pogy boat fishing for the Zapata Haynie menhaden company out of Cameron.

The vessel reportedly had been fishing in the Sabine Pass area and may have been on its way back to Cameron to unload its cargo of pogy fish at the local processing plant.

The injured crewmen were identified as Darrell Wayne Gough, 31, the captain, from Sulphur, who was reported in good condition with flash burns to his face and possible internal injuries; Francis Gough, 53, the pilot, also from Sulphur, who was listed in critical condition with third and second degree burns over most of his body; and Arthur Jackson, 28, a crewman from Cameron, who was in serious condition with second degree burns to his face and arms.

The boat was three-fourths of a mile offshore and about six miles west of Sabine Pass when it struck a natural gas pipeline at about 6:05 p.m., Galveston Coast Guard officials said.

The pipeline exploded, and the vessel burst into flames.

People on board another 14-foot boat that was working with another pogy boat helped retrieve one victim from the water and shuttle him to shore, where a first-aid station had been set up at the Texas Point National Wildlife Refuge, near the Sabine Pass Oil Field, officials said.

Connie Raymond, a registered nurse paramedic with Baptist's Air Rescue, said one of the injured men told her he and other crew members heard a loud blast, went on deck and met a wall of flames. She said he told her the crew did not have time to put on life jackets before they jumped into the water.

The Coast Guard dispatched two helicopters and three rescue vessels to the scene while Petroleum Helicopters Inc. and Evergreen Helicopter Service also sent helicopters to help in the search, officials said.

Allen Willet, a pilot for Evergreen Helicopters, said he and his mechanic saw the explosion and flew to the blazing boat.

"It was just a boom, and a big ball of fire went up into the air about 300 feet," he said. "We didn'tknow what it was.

"The boat was on fire. I was just looking for people, and I spotted three survivors" and two people apparently dead, Willett said.

"We got three life rafts in the water, and I hovered low over the water," Willett said. "My mechanic jumped in. He got the one in the most distress, got him inside the life raft. The other two made it on their own."

The mechanic, Dennis Brooks, and the injured men were able to float to the beach, Willett said.

Baptist Hospital rescuers said when they arrived on the scene the vessel was burning at the waterline and was about a mile off the beach, approximately 2 miles from the Sabine jetties.

FEMA promises aid to parish

By GENEVA GRIFFITH

Several local officials of Cameron Parish attended a meeting in Washington, D.C. with representatives of the Federal Emergency Management Agency (FEMA).

The meeting was prompted by FEMA's rejection of the Flood Insurance Rate Map revision request for Cameron Parish. Assistant District Attorney Glenn Alexander, Parish Administrator Garner Nunez, Parish Engineer Lonnie Glenn Harper, and Dr. Joseph Suhayda met with FEMA representatives to urge reconsideration of the rejection. The meeting was held in the office of Senator John Breaux, who, along with Congressman Jimmy Hayes, provided strong support for the relief being requested on behalf of Cameron Parish.

The group returned with a written agreement from FEMA in the form of a letter wherein the Federal agency agrees to lower the currently effective base flood elevations in the area from Holly Beach to the Mermentau River entrance by two feet within two weeks. Specifically, the written agreement provides as follows:

"FEMA believes, based on results submitted to date, that the final base flood elevations established as a result of the Parish's restudy will be at least two feet below the currently effective base flood elevation in the area from Holly Beach to the Mermentau River entrance. The extent of this area will be annotated on a map which will be submitted to (the Parish) within two weeks. That submission will constitute a Letter of Map Revision providing interim administrative relief lowering the base flood elevations by two feet within the areas so designated. As discussed above, additional interim relief will be provided within 30 days of acceptance of the Parish's final storm surge

Ethics ruling is announced

The Board of Ethics for Elected Officials recently ruled that the Code of Ethics was not being violated by the Cameron Parish Police Jury doing business with Lake Charles Diesel which is the employer of Juror George LeBouef of Cameron.

A possible conflict of interest was called to Mr. LeBouef's attention by the State Auditor's Department several months ago and a letter from the police jury president to LeBouef suggested that the jury might not be able to continue doing business with Lake Charles Diesel while he was a juror.

However, the jury later found this opinion to be in error since Mr. LeBouef is not a owner of Lake Charles Diesel and also a state law exempts Cameron Parish from some of the Ethics rules.

In its letter to Mr. LeBouef, copies of which he distributed to other jurors at the jury meeting Monday, the Ethics Board did advise Mr. LeBouef to recuse himself whenever a vote came up pertaining to Lake Charles Diesel.

New refuge dedication

The dedication of the Cameron Prairie National Wildlife Refuge, located just north of the Intracoastal Canal in Cameron Parish, will be held Saturday, Oct. 14, at Grand Lake High School.

The United States Fish and Wildlife Service, in cooperation with the Cameron Parish Chamber of Commerce, will conduct a ceremony that will include lunch and field trips of the refuge.

The refuge is the 447th National Wildlife Refuge in the National Wildlife Refuge system.

It is the first refuge established in the Gulf Coast Joint Venture of the North American Waterfowl Management Plan and provides 9,600 acres of wintering habitat for about 100,000 ducks and 30,000 geese.

The ceremony will begin at 11 a.m., followed by a luncheon starting at 12:30 p.m.

Those planning to attend are asked to RSVP by telephoning the Cameron National Wildlife Refuge at 775-5449.

Meet planned on LP refuge

Word has been received here that Congressman Jimmy Hayes has met with James W. Pulliam, Jr., Regional Director of the Department of Interior, Fish and Wildlife Service over the proposed Little Pecan Island National Wildlife Refuge.

Hayes told Paul Coreil, local Fish and Wildlife Agent in the County agent's office, that he was calling an open hearing in November to let everyone express their opinions on the proposed refuge.

There has been opposition to the planned refuge from local organizations, the Cameron Parish Police Jury and citizens.

THESE WERE some of the officials and guests who toured Constance Beach Monday and were guests of the Cameron Chamber of Commerce having a first hand look at beach erosion. Rodney Gulibeaux, (in dark glasses) points out the damage done by Hurricane Chantal.

Beach Clean-up a success here

By GENEVA GRIFFITH

Ed Kelley, coordinator of the recent beach clean-up for Cameron, announced that the final tauly showed that there were 742 people who helped in this year's "Beach Sweep" and they picked up 1570 bags of trash, totaling 15.7 tons.

This was on 30 miles of the 36 miles of accessible beach in lower Cameron Parish.

Only six miles of beach were left uncleaned, two miles between Oak Grove and Cameron and four miles at Martin beach on Johnson Bayou.

Kelley said that there was more tonnage of trash picked up this year, but fewer people participated, with 800 showing up last year and 1500 the first year of the annual project.

Some of the beaches have been adopted by oil companies, Mobil at Martin Beach, and Conoco at Rutherford Beach, which they take care of year-around.

However, there are many more beaches that can be adopted, Kelley said.

Some of the unusual items found this year were cans and bottles from foreign countries, and a package of powder thought to be cocaine which is now in the criminal lab being analyzed.

Concert to be held at 1st Bap.

The vocal ensemble "NewCreation" will present a concert Sunday, Oct. 8, at 6 p.m. in the auditorium of First Baptist Church of Cameron. The concert is sponsored by the Adult Choir of the Cameron church, according to music director Larry Dyson.

"NewCreation" is made up of members of the Lake Charles First Baptist Church musical family, under the direction of Dick Branson.

Members of this ensemble have previously appeared in the widely acclaimed "Living Christmas" program, presented annually at First Baptist, Lake Charles. The concert is free of charge.

School in coffee bag program

South Cameron High School is participating in the Community Coffee Program. The school will receive 15¢ from each bag to go towards the purchase of library books. Empty bags can be given to any student.

THE GRAND Chenier Elementary Junior 4-H club recently installed officers. They are, left to right, president, Ashley Corell; vice-president, Brandon Hess; reporter, Michelle Trosclair; treasurer, Adam Corell; parliamentarians, Heather Sturlese and Benjamin Richard..

Nicole 1st Alt.

Nicole Fenetz, 4, of Hackberry, was chosen first alternate to the Tiny Tot Queen of the Calcasieu-Cameron Fair.

HOMEMAKERS Cont. from Pg. 1

in attendance: Bertha Miller, Geneva Griffith, Butsy Carter, Ella Mae Precht, Elaine Hebert, Margaret Shove, Billie Fruge, Lula Stanley, Elizabeth Kelley and Earline Baccigalopi.

Two past Homemaker Extension Agents, who were also special guests, were introduced: Dr. Barbara Doland Coatney and Cynthia Childs Richard.

Butsy Carter presented a slide presentation on the history of the Extension Homemakers work in Cameron Parish, including some slides from "The Golden Years" a history of Extension work from the 1920's, which started out as tomato clubs.

The slides featured friendship quilt making, furniture and slipcover workshops, achievement days, and Home Demonstration club skits.

Nancy Cronan, the present Extension Homemakers Agent, handed out plaques to 50 year club members and to Mrs. Camelia Nunez, who at 90, is the oldest club member in the parish.

Fifty-year plaques were received by Emma Nunez, Lida Miller and Wayne Montie.

Wayne Montie read the memorials for the deceased members of the parish clubs.

Bernice Greathouse gave the invocation prior to the covered dish meal that was served by all the parish clubs.

Girl Scouts attend Senior Weekend

Over 60 girls from Bayou Girl Scout Council, leaders and Bayou Council staff attended Cadette - Senior Weekend, Sept. 23 and 24, at Acadian Baptist Center in Eunice.

Girls met with and interviewed various professional women, learned crafts, and participated in dramatics and makeup classes. They also performed skits and participated in games.

Those attending from Cameron Parish were Cameron Cadettes, Troop #17, Shirley Mock, Chasidy Dyson, Jody Bradley, and leader Beulah Bradley. Hackberry Cadette members, Troop 135, were Nicola Alfred, Shelia Nunez and leader Rita Walther.

Grand Chenier News

By ELORA MONTIE

Mrs. Myrtis Sturlese, who was taken to St. Patrick's hospital last week, came home Saturday and is reported doing better and will recuperate at home.

Edwin Mhire, formerly of here, who now lives in Sweetlake, spent some time in St. Patrick's hospital resulting from surgery. He is now recuperating at home.

Mrs. Dorris Sturlese was taken to St. Patrick's hospital in Lake Charles last Monday.

Mrs. Emma LaBove was also taken to South Cameron hospital last Monday. She came home Monday.

Lionel is in St. Patrick's hospital in Lake Charles undergoing tests and treatment.

Crystal Little, who underwent surgery in a Lake Charles hospital, is doing well and is home.

The annual Bonsall family reunion will be held Sunday, Oct. 8, at the Knights of Columbus Hall in Creole. Bring a covered dish and your drinks.

Winners for the Catholic Community Alligator Festival at the park Sept. 24, were: butcher calf, Lee Harrison; 10' x 10' chain link fence dog pen, Charles Melancon; tiny tot contest chances, Clyde Theriot, a covered Bible.

Mr. and Mrs. Dennis Mhire celebrated their daughter, Chelsea's, second birthday with a party at a restaurant in Lake Charles with family and friends.

Mrs. Emma Ogburn spent some time in St. Patrick's hospital but is home now.

VISITORS

Miss Dona Booth of Marrero spent the weekend with her parents, the Earl Booth Srs.

Mr. and Mrs. Kent Crochet and family of Sweetlake, Mrs. Emily Mock of Cameron spent Sunday with their father, Clyde Miller, Mr. and Mrs. Paul Evans Miller and son of Lake Charles also spent the weekend with the Millers.

Spending Sunday with Mrs. Betty Smith and Mrs. Emma LaBove were Mrs. Smith's son, Mr.and Mrs. Kenny Ray Smith and children of Lafayette.

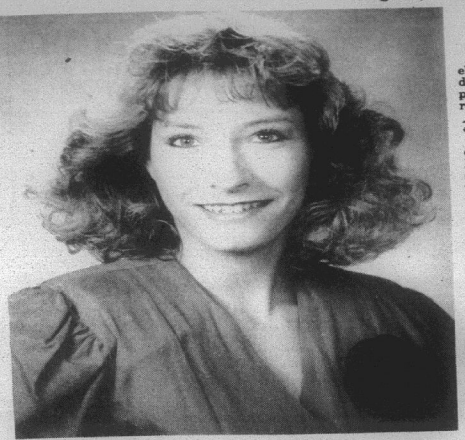
BIRTHS

TIFFANY ANN AYRES

Mrs. Kathy Ayres of Shreveport, announces the birth of her third child, Tiffany Ann, Sept. 25, at Willis Knighton South Hospital in Shreveport. She weighed 7 lbs. 10½ ozs.

Grandparents are Nancy Young and Charles Young of Cameron and Harmon Ayres of Haughton and Sue Suggs of Keithville.

A great-grandparent is Kathy Givens, Haughton.



The other children are Marshall Wayne, 4, and Teri Katherine, 2.

ALEC DWAYNE TRAHAN

LaTisha Trahan of Johnson Bayou announces the birth of her first child, Alec Dwayne, Thursday, Sept. 28, at Lake Charles Memorial Hospital. He weighed 8 lbs.

Grandparents are Vicky and Jesse Trahan, Johnson Bayou.

Great-grandparents are Alton and Mae Trahan, Johnson Bayou, and Stanley and Luella McComic, Nacogdoches, Tex.

MRS. RAE Ortego of Sunset and H. Adam Valin of Lake Charles, announce the engagement and forthcoming marriage of their daughter, Maral Denise Valin to Kevin Joseph Saltzman, son of Mr. and Mrs. Olian Saltzman of Grand Lake. The wedding is set for Saturday, Nov. 4, at St. Mary of the Lake Church in Big Lake. Through this means friends and relatives are invited to attend the reception beginning at 7 p.m. at the St. Mary of the Lake reception hall.

Coastal erosion topic at J. B. reception

By GENEVA GRIFFITH

A full house of concerned citizens, local and state dignitaries and representatives of the Washington congressional delegation, gathered in the Johnson Bayou multi-purpose building Monday night at a reception honoring the legislators and focusing on the Coastal Protection Amendment, No. 2.

A welcome surprise was given when Eric E. Silagy, Senator J. Bennett Johnston's representative from Baton Rouge, announced that he had just been on the phone with Sen. Johnston who told him that Johnston and Senator Lloyd Bentsen of Texas are co-authoring a bill this week to set aside two cents of every dollar earned by the federal government from the sale of oil and gas drilled from the Outer Continental Shelf in the Gulf of Mexico to be dedicated exclusively to coastal erosion for the state and the entire coastline.

He said it could mean anywhere from $85 to $100 millon federal annually and that Sen. Johnston said it is almost a cinch it will pass, because the entire nation has become acutely award of the erosion problem and of how much land we are losing each year.

Prior to the reception a caravan tour of the Constance Beach area was led by Rodney Guilbeaux, local resident, who pointed out how rapidly the beach is disappearing from that area of the coast. Each year, with only sideswipes from hurricanes, more houses, land and roads are being washed out into the Gulf, he said.

Displays in the reception area showed in graphic detail from before and after pictures that the strong Gulf tides seem to want to straighten the Constance Beach area of the coast.

Dr. Paul Kemp, director of the Coalition to Restore Coastal Louisiana, told of the work being done on the state level to fight coastal erosion.

"The whole country is getting aware of Southwest Louisiana," he stated. "It's an exiciting time and we can be proud that it all started here in Cameron Parish."

Senator Bill McLeod said, "This is a testimonial that if we pull together we can make things happen. We need to stir up enthusiasm for Amendment #2 and get out and vote for it on Saturday."

Kim Mire, legislative aide to Senator Jack Doland, read a letter from Senator Doland, who was unable to attend due to illness, which said, "Amendment No. Two means more to Cameron Parish and Louisiana than any other amendment on the ballot. Saving our coastline is so important to all of us - it's our land and our marshes."

Rep. Tim Stine said, "The last thing that I want to see is all of this washed away."

Rep. Randy Roach pointed out, "This amendment is about Louisiana - how unique an area we have in natural geology. 40% of our wetlands and 90% of the fish in the Gulf are bred in our wetlands. We have a very real problem and we are working to try to solve it and must get out the vote for Amendment No. 2."

William J. Ledet, with the Department of Transportation, announced that breakwaters are to be installed in the near future from Peveto to Constance Beach, as the first step in the erosion problem.

Dave Soileau, Coastal Coordinator with Governor Roemer's office, announced that bills are in the hopper to set aside between $50 to $100 million for installing breakwaters to control the erosion problem.

He stressed the support of Amendment No. 2 to show the governor and the legislature that we are working for this trust fund to be set aside for our erosion problem.

Congressman Jimmy Hayes sent word through his legislative aide, Bub Theunissen, that he is working on tax incentives to land owners.

Paul Coreil, Cameron Chamber of Commerce President and local Fish and Wildlife Agent, gave a slide presentation showing the importance of the coastal wetlands to the vast fishing, hunting, and wildlife industry.

A buffet dinner was served, hosted by the Cameron Parish Chamber of Commerce and Coreil presented bouquets of fresh flowers to the two oldest residents present, Mrs. Eunice Griffith, 83, from Johnson Bayou and Mrs. Felicia Choate, 84, from Constance Beach.

Bell City 4-H elects officers

The Bell City Sr. 4-H Club elected officers as follows: president, Aaron Natali; vice-president, Gretchen Schultz; secretary, Missy Breaux; treasurer, Shane Morein; reporter, Cathleen Cannon; and parliamentarian, Glyn Foreman.

Plans were made for the St. Jude's Bike-A-Thon. The organizational committee included Cathleen Cannon, Aaron Natali, Missy Breaux, Desiree Aucoin and Gretchen Schultz.

Plans were also made to present a Seat Belt Safety Workshop for grades K-5. Those working on this include Gretchen Schultz, Missy Breaux, Leslie Daughenbaugh, Aaron Natali, Glyn Foreman, Crystal Thibodeaux, Desiree Aucoin, Wendy O'Blanc and Fanny Foreman.

Cathleen Cannon, Aaron Natali, Gretchen Schultz, Glyn Foreman and Missy Breaux are working on posters and bulletin boards for National 4-H Week.

LEGAL NOTICES

LEGAL NOTICE

Acting under the authority of the Legislature of the State of Louisiana, the Cameron Parish School Board will receive sealed bids for the leasing of all surface rights including the rights of range, trapping, hunting, fishing, and farming, on the following described lands for the unexpired term as indicated in the description below:

SECTION 16; TOWNSHIP 14; RANGE 10; DESCRIPTION: 47.13 acres, bordering the Southwest corner of Calcasieu Lake; 3 miles West of the ship channel in Cameron.

SECTION 16; TOWNSHIP 15; RANGE 7; DESCRIPTION: Along the Gulf; approximately 1 mile South of the Mermentau River and 5 miles West of Lower Mud Lake; 22.46 acres.

SECTION 16; TOWNSHIP 15; RANGE 14; DESCRIPTION: 9 miles East of Texas line and 1 mile North of Gulf of Mexico in Johnson Bayou.

(A decription map may be seen in the School Board Office during normal working hours.)

All bids must be sealed; the envelope marked "Bid - Section 16, Township____ Range____ and may be forwarded through the U. S. Mail to the Cameron Parish School Board, P. O. Box W, Cameron, La. 70631. Bidder must offer an annual rental of not less than $1.00 per acre for a lease with a primary term to end July 31, 1994. Annual renewal rentals will be due each year by July 31st, in order to continue the lease in effect. Cash or check in favor of the Cameron Parish School Board for the amount of the annual rental for the first year shall accompany and be deposited with the bid, and the rental thus deposited shall be forfeited to the Board as liquidated damages if the successful bidder fails to enter into written contract in accordance with his bid within ten (10) days after acceptance by the Board.

Bidders are reminded that the lease for the first year shall have a term of less than one year, starting October 1, 1989 and ending July 31, 1990. For the next four years the lease shall be on annual terms of twelve months ending each July 31st. The annual rent bid shall apply for each of the five years, even though the term for the first year is less than twelve months.

If farming rights are utilized, bidder may offer annual rental plus a fractional part of not less than one-sixth (1/6) of any and all crops produced and saved during the year. The value of the one-sixth (1/6) share shall not be considered in the awarding of the lease unless the bidder guarantees a specific amount which shall be added to and accompany the bid. Should the one-sixth (1/6) value of crops be less than the cash guarantee paid at the time of the lease, The Cameron Parish School Board shall demand such additional payment as necessary to bring the value adjustment to a full one-sixth (1/6) of crops produced and harvested on any and all listed sections, and twenty-five (25%) of cash market value of all alligators harvested by lessee. Lessor reserves the right to gather and dispose of alligator eggs from the lease premises, without any compensation to lessee.

The surface rights and privileges granted in the lease are restricted to range, trapping, hunting, farming, and fishing and these rights shall in no way, manner, or form interfere with the granting of a mineral lease or the full utilization of all rights and privileges granted in any mineral lease.

The Cameron Parish School Board does not warrant or provide ingress or egress to the leased premises. Ingress and egress is the sole responsibility of lessee.

Bids will be received until the hour of 10:00 a.m., Monday, October 9, 1989 at which time all bids received will beopened and considered in public session of the Cameron Parish School Board in Cameron, Louisiana.

The Board reserves the right to reject any and all bids received.

BY: /s/ Thomas McCall,
Superintendent

RUN: Sept. 21, 28, Oct. 5

LEGAL NOTICE

Acting under the authority of the Legislature of the State of Louisiana, the Cameron Parish School Board will receive sealed bids for the leasing of all surface rights including the rights of range, trapping, hunting, fishing, and farming, on the following described lands for the unexpired term as indicated in the description below:

SECTION 16, TOWNSHIP 13, RANGE 10; Primary Term, 9/30/91 (Unexpired term: 2 years); DESCRIPTION: Located off Highway 27 and 1 mile West of Calcasieu Lake; bordered on West by North Canal.

SECTION 16, TOWNSHIP 14, RANGE 6; Primary Term, 9/30/91 (Unexpired term: 2 years); DESCRIPTION: Located North of Creole ridge; 7 miles East of Creole intersection.

SECTION 16, TOWNSHIP 14, RANGE 12; Primary Term, 9/30/91 (Unexpired term: 2 years); DESCRIPTION: 7 miles West of the Southwest corner of Sabine Lake within boundaries of Sabine Refuge; adjacent to Starks Canal.

SECTION 16, TOWNSHIP 15, RANGE 5; Primary Term, 9/30/91 (Unexpired term: 1 year); DESCRIPTION: Located in Grand Chenier area; bordered on the North by La. Highway 82; 561.21 acres.

SECTION 16, TOWNSHIP 15, RANGE 15; Primary Term, 9/30/91 (Unexpired term: 2 years); DESCRIPTION: 2 1/2 miles East of Sabine River; approximately 2 miles North of La. Highway 82 in Johnson Beyou.

Leaseholders on the sections have until September 30, 1989 to renew the lease. If annual rental apyment is received prior to this date the bids on these sections will be returned unopened.

A description map may be seen in the School Board Office during normal working hours.)

All bids must be sealed; the envelope marked "Bid - Section 16, Township____ Range____ and may be forwarded through the U. S. Mail to the Cameron Parish School Board, P. O. Box W, Cameron, La. 70631. Bidder must offer an annual rental of not less than $1.00 per acre for a lease with a primary term to end July 31, 1994. Annual renewal rentals will be due each year by July 31st, in order to continue the lease in effect. Cash or check in favor of the Cameron Parish School Board for the amount of the annual rental for the first year shall accompany and be deposited with the bid, and the rental thus deposited shall be forfeited to the Board as liquidated damages if the successful bidder fails to enter into written contract in accordance with his bid within ten (10) days after acceptance by the Board.

Bidders are reminded that the lease for the first year shall have a term of less than one year, starting October 1, 1989 and ending July 31, 1990. For the next four years the lease shall be on annual terms of twelve months ending each July 31st. The annual rent bid shall apply for each of the five years, even though the term for the first year is less than twelve months.

If farming rights are utilized, bidder may offer annual rental plus a fractional part of not less than one-sixth (1/6) of any and all crops produced and saved during the year. The value of the one-sixth (1/6) share shall not be considered in the awarding of the lease unless the bidder guarantees a specific amount which shall be added to and accompany the bid. Should the one-sixth (1/6) value of crops be less than the cash guarantee paid at the time of the lease, The Cameron Parish School Board shall demand such additional payment as necessary to bring the value adjustment to a full one-sixth (1/6) of crops produced and harvested on any and all listed sections, and twenty-five (25%) of cash market value of all alligators harvested by lessee. Lessor reserves the right to gather and dispose of alligator eggs from the lease premises, without any compensation to lessee.

The surface rights and privileges granted in the lease are restricted to range, trapping, hunting, farming, and fishing and these rights shall in no way, manner, or form interfere with the granting of a mineral lease or the full utilization of all rights and privileges granted in any mineral lease.

The Cameron Parish School Board does not warrant or provide ingress or egress to the leased premises. Ingress and egress is the sole responsibility of lessee.

Bids will be received until the hour of 10:00 a.m., Monday, October 9, 1989 at which time all bids received will beopened and considered in public session of the Cameron Parish School Board in Cameron, Louisiana.

The Board reserves the right to reject any and all bids received.

LEGAL NOTICE
STATE OF LOUISIANA, OFFICE OF CONSERVATION, BATON ROUGE, LOUISIANA.

In accordance with the laws of the State of Louisiana, and with particular reference to the porvisions of Title 30 of Louisiana Revised Statutes of 1950, a public hearing will be held in the Conservation Auditorium, 1st Floor, State Land & Natural Resources Building, 625 North 4th Street, Baton Rouge, Louisiana, at 9:00 a.m., on Tuesday, October 24, 1989, upon the application of SHELL WESTERN E & P INC.

At such hearing the Commissioner of Conservation will consider evidence relative to the issuance of an Order pertaining to the following matter relating to the T2 Sand, Reservoir H, in the Black Bayou Field, Cameron Parish, Louisiana:

1. To establish rules and regulations governing the exploration for and production of oil and gas from the above sand and reservoir.

2. To create a single drilling and production unit for the above sand and reservoir, containing approximately 4.72 acres, said unit to be designated as the T2 RH SUA.

3. To force pool and integrate all separate tracts, mineral leases and leases and other property interests within the proposed unit, with each separate tract sharing in unit production on a surface acre basis of participation.

4. To designate the SWEPI - J. B. Watkins No. 255 S/T Well as the unit well for the proposed unit, and to designate Shell Western E & P Inc. as operator of the proposed unit.

5. To obtain exceptions to the provisions of Statewide Orders Nos. 29-E and 45-I.

6. To consider such other matters as may be pertinent.

The T2 Sand, Reservoir H, in the Black Bayou Field, is defined as that oil and gas bearing sand encountered between the electric log depths of 5,916 feet and 5,934 feet in the SWEPI - J. B. Watkins No. 255 S/T Well, located in Section 17, Township 12 South, Range 12 West, Cameron Parish, Louisiana.

A plat is available for inspection in the Office of Conservation in Baton Rouge and in Cameron.

All parties having an interest therein shall take notice thereof.

ATTEST:
HAYES P. PICOU, JR., SEC.

It was moved by Mr. Ray Conner, seconded by Mr. Douaine Conner and carried that Mr. Raymond LeBlanc be and he is hereby reappointed to serve as a board member of Waterworks District No. Seven.

It was moved by Mr. Ducote, seconded by Mr. Nunez and carried, that Mr. Clifton Cabell be and he is hereby appointed to serve as a board member of the West Cameron Port, Harbor and Terminal District.

It was moved by Mr. Ducote, seconded by Mr. Nunez and carried, that Mr. Karl Burnaman's name be and he is hereby appointed to serve as a board member of the West Cameron Port, Harbor and Terminal District.

It was moved by Mr. Nunez, seconded by Mr. LeBoeuf and carried, that Mrs. Patricia Ortego be and she is hereby appointed to serve as a board member of the Southwest Louisiana Hospital Service District.

It was moved by Mr. Nunez, seconded by Mr. LeBoeuf and carried, that Mr. Joe Soileau's name shall be sent to the Governor to be considered for the Governor's appointment to the Southwest Louisiana Hospital Service District.

It was moved by Mr. Ducote, seconded by Mr. Douaine Conner and carried, that Mr. Elmer Fontenot be and he is hereby appointed to serve as a board member of the Oyster Management Advisory Committee for Calcasieu Lake.

It was moved by Mr. Ray Conner, seconded by Mr. Nunez and carried, that the road right of way in question on the property of Richard Richard be reviewed by the District Attorney and a legal opinion be submitted to the police jury office.

It was moved by Mr. Nunez, seconded by Mr. LeBoeuf and carried, that the Administrator is hereby authorized, empowered and directed to write a letter to the legislative delegation asking for the proper legislation to be drafted to change the Cameron Ferry No. Two's name to the Dr. Martin Luther King, Jr. Ferry.

The following proclamation was offered by Mr. Ray Conner, seconded by Mr. Douaine Conner and declared duly adopted:

PROCLAMATION

WHEREAS, it has been twenty-five years since this nation declared unconditional war on poverty through the enactment of the Economic Opportunity Act, signed into law on August 20, 1964; and,

WHEREAS, this nation must continue to wage a war on poverty in order to uphold its commitment to the most fortunate among us, including America's children, elderly, working poor and other disadvantaged groups; and,

WHEREAS, we know more today than ever before about effective, positive approaches to self-sufficiency;

THEREFORE BE IT RESOLVED, that the Cameron Parish Police Jury dedicates the Cameron Community Action Agency to the continuing war on poverty and to the leadership of the Action Agencies in advancing this struggle.

ADOPTED AND APPROVED, this 9th day of August, 1989.

APPROVED:
ERNEST CAROL TRAHAN,
PRESIDENT

CAMERON PARISH POLICE JURY
ATTEST:
HAYES P. PICOU, JR., SEC.

It was moved by Mr. Nunez, seconded by Mr. LeBoeuf and carried, that the President is hereby authorized, empowered and directed to execute the Coastal Zone Management Contract for Fiscal Year October 1, 1989 to September 30, 1989.

The following resolution was offered by Mr. Ray Conner, seconded by Mr. Douaine Conner and declared duly adopted:

A RESOLUTION SUPPORTING THE ESTABLISHMENT OF A HELIPORT AT THE SOUTH CAMERON MEMORIAL HOSPITAL

WHEREAS, the South Cameron Memorial Hospital in Lower Cameron Parish, is desirous of establishing a heliport adjacent to said hospital; and,

WHEREAS, a heliport available for 24 hour use as proposed would be very beneficial and provide a very valuable service to the citizens of the area; and,

WHEREAS, many emergency situations exist which require the use of helicopters for the transportation of injured persons;

NOW, THEREFORE, BE IT RESOLVED by the Cameron Parish Police Jury that it does hereby wholeheartedly endorse and support the efforts of the South Cameron Memorial Hospital in the establishment of a hospital heliport; and,

BE IT FURTHER RESOLVED that it is agreed that the South Cameron Memorial Hospital will provide for the installation and maintenance of the heliport lighting system upon receipt of the equipment from the Department of Transportation and Development; and,

BE IT FURTHER RESOLVED that, the State of Louisiana, Department of Transportation and Development, Division of Aviation, is hereby requested to assist the South Cameron Memorial Hospital through its Hospital Heliport Development Program to make these efforts a reality.

And the resolution was declared adopted on this, the 9th day of August, 1989.

APPROVED:
/s/ ERNEST CAROL TRAHAN,
PRESIDENT

CAMERON PARISH POLICE JURY
ATTEST:
/s/ HAYES P. PICOU, JR., SEC.

The following resolution was offered by Mr. Ray Conner, seconded by Mr. Ducote and declared duly adopted:

RESOLUTION
STATE OF LOUISIANA
PARISH OF CAMERON

A RESOLUTION DECLARING A STATE OF EMERGENCY IN CAMERON PARISH; REQUESTING THE GOVERNOR OF THE STATE OF LOUISIANA TO REQUEST A PRESIDENTIAL DECLARATION OF CAMERON PARISH AS A NATIONAL DISASTER AREA; REQUESTING FEDERAL ASSISTANCE FOR THE CITIZENS OF CAMERON PARISH; AND FURTHER PROVIDING WITH RESPECT THERETO.

WHEREAS, on August 1, 1989, the residents of Cameron Parish experienced a natural disaster consisting of heavy thunderstorms, tornadoes, and flooding throughout the Parish of Cameron and Hurricane Chantal; and

WHEREAS, as result of said natural disaster, widespread damage has been incurred by residents of Cameron Parish;

NOW, THEREFORE, BE IT RESOLVED by the Cameron Parish Police Jury, that a state of emergency be and hereby is declared in Cameron Parish (Act No. 636, Senate Bill No. 433, 706 Legal disaster emergencies of La. Disaster Act of 1974.)

BE IT FURTHER RESOLVED that the Governor of the State of Louisiana be and hereby is requested to petition the President of the United States to declare Cameron Parish a major disaster area under Public Law 93-288 and that federal assistance be made available to the citizens of Cameron Parish to cope with this natural disaster.

The above emergency resolution is requested by the Cameron Parish Police Jury on this 9th day of August, 1989.

APPROVED:
/s/ ERNEST CAROL TRAHAN,
PRESIDENT

CAMERON PARISH POLICE JURY
ATTEST:
/s/ HAYES P. PICOU, JR., SEC.

The following resolution was offered by Mr. Ducote, seconded by Mr. LeBoeuf and declared duly adopted:

RESOLUTION
STATE OF LOUISIANA
PARISH OF CAMERON

WHEREAS, on October 7, 1989, the citizens of Louisiana are going to have the opportunity to vote on a proposed amendment to the State Constitution creating a Highway Trust Fund; and

WHEREAS, the significance of this amendment to the state and its future is reflected in the fact that it is to be listed first, as Proposed Constitutional Amendment No. One on the October 7, election ballot; and

WHEREAS, it is extremely important and desirable that this amendment be approved because it would insure that highway user taxes, levied for highway construction and matching purposes, be constitutionally dedicated for those purposes;

WHEREAS, the passage of this amendment would also trigger the beginning of a major new highway and transportation construction program for Louisiana, creating thousands of jobs and economic opportunities for Louisiana's citizens, at a time when Louisiana desperately needs every economic stimulus it can get; and

WHEREAS, the new highway and transportation facilities constructed through this accelerated program would provide Louisiana with a modern transportation infrastructure system which would make the state much more attractive for the location of new business and industry; and

WHEREAS, local communities, too, would directly benefit by the passage of this amendment because a portion of the revenues in the proposed Highway Trust Fund would be constitutionally dedicated to go to the Parish Transportation Fund, thereby insuring a consistent level of funding be made available to maintain and upgrade local roads; and

WHEREAS, the adoption of this Amendment would also provide a constitutionally dedicated means of providing funding for other transportation needs, including port facilities, airports, and funding for the statewide flood control program, all of which are vitally related to the economic vitality of Louisiana and its quality of life for its citizens.

NOW, THEREFORE, BE IT RESOLVED, that the Cameron Parish Police Jury, duly convened in Regular Session on this, the 9th day of August, 1989, does hereby officially endorse Constitutional Amendment No. One which will be on the October 7, 1989 ballot; and

BE IT FURTHER RESOLVED, that the Cameron Parish Police Jury encourages all voters to actively support the Constitutional Amendment No. One on October 7, 1989.

APPROVED:
/s/ ERNEST CAROL TRAHAN,
PRESIDENT

CAMERON PARISH POLICE JURY
ATTEST:
/s/ HAYES P. PICOU, JR., SEC.

It was moved by Mr. Ray Conner, seconded by Mr. Douaine Conner and voted thereon, that the President is hereby authorized, empowered and directed to restore the 10% salary cuts that were made at the July 26, 1988 Police Jury Meeting if the funds are deemed available. The vote was recorded as follows:

Yeas: Allen B. Nunez, Ray Conner, Douaine Conner, Kenneth R. Ducote.

ELKHART OPTIONS — $ 1,776.45

Considering the bids received, it was moved by Mr. Nunez, seconded by Mr. Ducote, that the low bid on each item as indicated above by an asterisk, is hereby accepted.

It was moved by Mr. Ducote, seconded by Mr. LeBoeuf and carried, that the Cameron Parish Police Jury will sponsor Amoco Production Company in their application for Federal Disaster Funds for repairs on levees included in their Marsh Management Plan.

It was moved by Mr. Ducote, seconded by Mr. LeBoeuf, and carried, that the Treasurer is hereby authorized, empowered and directed to allocate an additional dollar per month in the Veteran Affair's Office Budget as requested.

It was moved by Mr. Nunez, seconded by Mr. Douaine Conner and carried, that Recreation District No. Five shall be allowed to borrow five thousand dollars ($5,000.00). The terms of reimbursement from this district to the police jury shall be $3,000.00 due February 1, 1990 and $2,000.00 due February 1, 1991.

It was moved by Mr. Ray Conner, seconded by Mr. LeBoeuf and carried, that Mr. Layton Miller shall be granted a permit for sand mining operations in the North Island Area upon submission of the permit applications required.

It was moved by Mr. Nunez, seconded by Mr. Douaine Conner and carried, that the Secretary is hereby authorized, empowered and directed to install microphones and voting lights at the police jury meeting table if funds are available.

It was moved by Mr. Ray Conner, seconded by Mr. Nunez and carried, that the Administrator is hereby authorized, empowered and directed to write a letter to Mr. Neil Wagoner of the Department of Transportation and Development requesting the portion of Highway 27 between Creole and Hackett's Corner be four laned.

It was moved by Mr. Ducote, seconded by Mr. LeBoeuf and carried, that the Administrator is hereby authorized, empowered and directed to have employees of the Police Jury Office deputized to meet the Food Stamp Office requirements.

It was moved by Mr. Ducote, seconded by Mr. Ray Conner and carried, that the Administrator is hereby authroized, empowered and directed to review with the District Attorney the existing road right of way criteria and to present a rough draft of new criteria for road right of ways for the jurors.

It was moved by Mr. Nunez, seconded by Mr. Ray Conner and carried, that the police jury shall go into executive session to discuss personnel.

The meeting was called back to order by the President.

It was moved by Mr. Nunez, seconded by Mr. Ray Conner and carried, that the Engineer is hereby authrozied, empowered and directed to review the Mike Pearson drainage problem in Grand Lake and make a recommendation.

It was moved by Mr. Douaine Conner, seconded by Mr. Nunez and carried, that the Secretary is hereby authorized, empowered and directed toplace Klondike, Lowery and Cow Island areas on the mosaic map of Cameron Parish in the Police Jury Meeting Room.

It was moved by Mr. Nunez, seconded by Mr. Ducote and voted thereon, that the Thursday night meeting before the first Tuesday of the month meeting is hereby changed to the third Friday of the month at 10:00 A.M. The vote was recorded as follows:

Yeas: Ray Conner, Allen B. Nunez, Kenneth R. Ducote
Nays: George LeBoeuf, Douaine Conner
Absent or Not Voting: Ernest Carol Trahan

It was moved by Mr. Nunez, seconded by Mr. Ducote and carried, that the July 1989 bills shall be paid.

There being no further business and upon motion of Mr. Nunez, seconded by Mr. Ray Conner, the meeting was declared adjourned.

APPROVED:
/s/ ERNEST CAROL TRAHAN, PRESIDENT
CAMERON PARISH POLICE JURY

NOTICE FOR BIDS

The Cameron Recreation District 6 Board of Commissioners will receive sealed bids until 7 p.m., Wednesday, Oct. 18, 1989 on the following:

One 18 HP tractor to be sold as is.

The bids will be opened at the board meeting at that time. The board reserves the right to reject any or all bids.

A cashier's check must accompany each bid. The tractor may be seen at the Cameron Recreation Center.
RUN: Oct. 4, 11, 18

NOTICE OF NAMES OF PERSONS APPEARING TO BE OWNERS OF ABANDONED OR UNCLAIMED FUNDS/MONEY

The names listed below have been reported to the Louisiana Department of Revenue and Taxation, as being persons possibly entitled to unclaimed funds subject to the provisions of LRS 9:151-188, Uniform Disposition of Unclaimed Property.

Information concerning the description of the funds and the name and address of the company holding the funds may be obtained by any person having an interest in these funds by addressing an inquiry or calling the Louisiana Department of Revenue and taxation, Unclaimed Property Section, P.O. Box 91010, Baton Rouge, LA 70821-9010, (504) 925-7425, from 8:00 a.m. to 4:30 p.m., Monday through Friday. When inquiring about these funds, please give the name as it was listed in the newspaper, last name first if applicable. Proof of ownership must be given to the holder (company) holding the account which is listed.

If proof of claim is not submitted to the holder (company) and the rightful ownership is not established to the holder's satisfaction before October 20, 1989, the funds will be placed no later than November 1, 1989, into the custody of the Secretary of Revenue and Taxation. Once the funds are turned over to the Department of Revenue and Taxation, a claim for refund will not expire and can be submitted at any time using the address listed in the previous paragraph.

The names reported are: Cameron Salvage Yard, P. O Box 596, Cameron; Canik, Louis or Orie, Box 104, Grand Lake; Crain Brothers, Grand Chenier; Dinger, Henry J. Sr., Box 735, Cameron; Theriot, Ira M., Rt. 2 Box 82, Creole; Thibodeaux, Theo, Rt. 2 Box 15, Creole.

CAMERON OUTDOORS By Loston McEvers

Alligator hunt good

ALLIGATOR HUNTERS

Cameron Parish hunters and trappers who took part in the 1989 alligator harvest are now mostly all tagged out and looking to see what kind of price they'll get for their hides.

There were 20,000 tags issued and most will be filled by season's end.

Miami Corporation alone has 200,000 acres, on which about 40 families hunt gators.

Last year's prices were around $48.75 a foot, and it seems this year it'll be about the same. However, some trappers have sold on the hoof for around $55 per foot. This should bring around $1 million to the economy.

According to officials we can expect 75,000 gators raised on alligator farms. This also is getting bigger.

In 1972 when they first started the alligator hunt, trappers got $7 per foot. Since that year over 200,000 gators have been harvested in the wild.

NEW OYSTER LICENSE

A new oyster harvester's license will be required for all persons harvesting or possessing oysters in "state waters" beginning Jan. 1, according to LDWF.

The cost of the license is $100 for Louisiana residents and $400 for non-residents, and must be purchased by each individual on a vessel involved in the harvesting of oysters on public or leased grounds.

The oyster harvester's license is required by both commercial and recreational harvesters, and does not take the place of any other license. All licenses which have previously been required are still necessary.

COMMISSION MEETING

The Louisiana Wildlife and Fisheries Commission meets Friday at the North Toledo Bend, La. State Park.

Some things on the agenda are declaration of emergency oyster season for Calcasieu Lake, oyster season update and notice of possible season and harvest restriction alteration - ratification of shrimp bait dealers permit regulations, ratification of Spanish and King Mackerel recreational limits, and notice of intent and declaration of emergency black drum harvest regulations (setting limits and sizes for recreational fishermen and sizes and limits for commercial fishermen).

It is claimed that since quotas and limits have been put on speckle trout and redfish, the black drum has had a lot of pressure put on them, therefore bringing them down in numbers and they need to be protected as the specks and redfish.

NEW WILDLIFE PROGRAM

The LDWF is getting an early start in inspiring respect, conservation and awareness and good sportsmanship in our young hunters as well as our old hunters.

A new program called a "Youth Hunt", the department is giving young peoople under the age of 16 the chance to hunt without adult competition on various wildlife management areas.

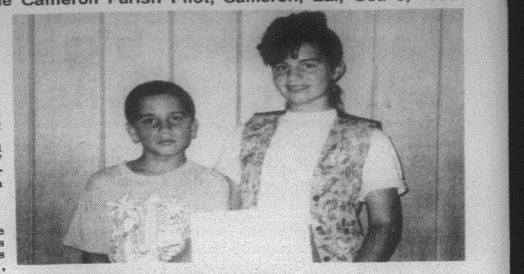
This is a way to get our youth interested and get respect at the same time for our outdoors and our wildlife resources.

An adult, 18 years or older, must accompany the youth on the hunt, but may not carry a gun or take part in the hunt. Either sex deer may be taken during the youth hunt. The hunt will operate like normal WMA deer hunts, from 4:30 a.m. until dark.

The youth hunt program gives young hunters the first opportunity to hunt deer before regular season starts. It's a great way for them to gain experience handling guns and become familiar with all other factors that go into hunting, without competition from older hunters.

All youth hunters who have successfully completed the hunters sfety program and carry the certificate of completion on their person, is eligible to participate in the youth hunt.

Youth hunters or their chaperones can contact their district wildlife officer for a special check station location. A daily permit is required.



WILDLIFE ADVISORY PANEL MET

The state's Advisory Panel on Wildlife Fisheries Management met last Friday in Baton Rouge.

This panel was created by the 1988 Legislature to review, evaluate and make recommendations to the Legislature of Louisiana to see the correct roles of the Depart-

TWO MEMBERS of the Grand Chenier Junior 4-H club, Adam Corell and Ashley Corell, participated in the 4-H Traffic Safety Calendar Contest. Thirteen winners were chosen for the calendar for this statewide contest. Ashley's was chosen for the month of April and Adam's entry received Honorable Mention.

Fishing season will end at Sabine Refuge

The 1989 fishing season on Sabine National Wildlife Refuge interior canals will close at sundown Oct. 15, Refuge Manager John R. Walther announced. These areas will remain closed throughout the winter to protect and maintain waterfowl concentrations in the area.

The roadside canals on Highway 27 will remain open throughout the winter for fishing, crabbing, and castnetting. No boats will be allowed in the canals and usage will be limited to daylight hours only.

Grand Bayou and the East Cove unit will be open to boat usage and winter fishing except during the waterfowl hunting seasons: Nov. 18-Dec. 4, 1989 and Dec. 26, 1989-Jan. 7, 1990. The East Cove unit will close to public access and use on Feb. 15, as drawdown operations are started on the area.

The same 24,000 acres of the refuge will be open to the public for waterfowl hunting again this winter. During the hunting season on Wednesdays, Saturdays and Sundays, the parking lots adjacent to the road canals adjacent to the hunt area will be closed to crabbing, fishing, and castnetting during this time.

All gates to the landing ramps will be closed and no boats should be launched from them during the closure, with the exception of those being used by duck hunters during the refuge hunt program.

All boats moored in the pools or left elsewhere on the refuge during the summer must be removed by sundown October 15, or they will be seized by the Government.

Anyone desiring information or having a special problem regarding the removal of their boat by this date should contact the refuge at 762-3816.

BOOKS GIVEN TO LIBRARY

New memorial books in the Cameron Parish Library are listed as follows, with names of the ones in memory, and donors, respectively:

Stars, The Snow, The Fire, Floyd Kelley by Doris Nunez and Wayne Sturgeon Family.

Secrets Of The Soil, Roy F. Hebert by Jimbo and Hilda Henry.

Small Garden, Nola Rogers by Jimbo and Hilda Henry.

Testament, Mrs. Nola Rogers by Mr. and Mrs. Clifford Miller.

Mine Eyes Have Seen The Glory, Mrs. Ethel McGeHe by Calcasieu Marine National Bank, Cameron Branch.

Year Around Flower Gardener, Nola Rogers by Alvin, Ruby, Phyllis Murphy.

Seoul Calgary, Roy F. Hebert by Alvin, Ruby, Phyllis Murphy.

Great National Park Vacation, Nola Rogers by Arnold and Vivian Murphy.

Oxord Book of Royal Anecdotes, Nola Rogers by Fletcher and Bonnie Miller.

All-New Hints From Heloise, Neomi "Sissy" Penny by Jeffery and Angela Jouett and Girls.

Bridesmaids, Grace Kelly, Princess of Monaco, and Six Intimate Friends, Neomi "Sissy" Penny by Hackberry High School Faculty and Staff.

gracie: A Love Story, Neomi "Sissy" Penny by Oran and Betty Seay.

ment of Wildlife and Fisheries and the Wildlife and Fisheries Commission are carried out.

LOCAL FISHING

Fishing for saltwater species has been good in the Cameron Parish are up to the 210 bridge in Prien Lake.

If you're looking for redfish, the Grand Chenier area, Rockefeller Refuge, the jetties up to the Mermentau River bridge, along Rutherford Beach wading, in Cameron at the jetties and the Holly Beach-Johnson Bayou area wading along the beach. Good catches and some rather large redfish caught.

Speckle trout good in the Grand Chenier Rockefeller area, but slow in the jetties. In the Cameron area from the jetties into the Calcasieu Lake, but Big Lake is slow, however around the 210 overpass in Prien Lake, good speckle trout fishing but small, the Holly Beach-Johnson Bayou area, good, just wade along the beach.

The Hackberry area is good, fishing the Calcasieu Lake and outlets.

Tarps take big win over Devils

By ROBERT MANUEL

The South Cameron Tarpons churned out a 37-19 victory over the highly regarded Pickering Red Devils of District 4AA last week.

The Tarpons didn't give away any freebies, blocked a punt and recovered two fumbles.

Pickering started the first quarter like its Veer offense was modeled from a track team. Deron Reed broke free on a dive option and rambled all the way to the Tarpon 12 where Jody Lavergne, a Tarpon cornerback, brought him down. Five plays later Neil Vinsant wedged in from the one. The conversion kick failed.

Pickering's 6-0 lead was short lived as Charles Duhon returned the kickoff 55 yards to pose the Tarpons own scoring threat on the Pickering 24. Successive power thrusts by Charles Duhon, Robin Rutherford and Shane LeBlanc had Rutherford charging freely into the end zone for 6. The run for the extra point failed leaving the score at 6-6.

The Tarpons's Travis Pradia kicked off deep into Pickering territory. Pickering's Neil Vinsant, a speedy 180 pounder, took the pigskin, steamed in towards the center, veered to his left, picked up 2 key blocks, hit the sideline and seemed destined for a sure all the way kickoff return.

Pradia, the kickoff man and safety cog on the Tarpon kickoff team, collared Vinsant on the 34 to make the stop. Deron Reed carried 5 consecutive drive options, scoring eventually from 1 yard out. Larz Overdieck's kick made it 13-6 with 45 seconds remaining in the first quarter.

Undaunted by the dazzling speed of the Red Devils, the Tarpons mounted a 56 yard scoring drive, keeping the ball on the ground, picking up 4 first downs as if with a pipe wrench. The longet individual run was a 14 yarder by Kevin Olivier. The next two longest runs were 4 yard carries by Robin Rutherford. Albert Doucet and Charles Duhon with super effort, could manage but 2 or 3 yards per carry.

On the final 12 yards, Charles Duhon carried for 3 consecutive power thursts to the two yard line. Once again, the well executed fake and keeper play of Duhon and Rutherford paid off. Rutherford powered into the corner for a 2 yard touchdown keeper. The 2 point conversion attempt failed and Pickering had a slim 13-12 lead.

The hearty Red Devil's Neil Vinsant took the Tarpons kickoff for a 31 yard return, posing still a greater threat to the Tarpons own victory hopes. A clipping penalty nullified the run back however. Three pass incompletions had Pickering punting on 4th down. The Tarpon wrecking crew led by Charles Duhon and Rusty Welch did what they needed to do. The blocked punt gave the Tarpons the ball within striking distance with time running out in the first half.

South Cameron started a quick go ahead drive. A 10 yarder by Rutherford, a crucial 16 yard pass completion to Albert Doucet placed the ball on the Pickering 13. With 8 seconds remaining, Coach LaLande called for a field goal try by quarterback Robin Rutherford. A perfect snap from center Sean Rogers to holder Jody Lavergne helped Robin Rutherford split the uprights, his first attempt ever in a varsity game. First half action ended with the Tarpons taking its first lead of the game.

The foot race was just halfway over. The Pickering Red Devils came storming back in the third quarter to regain brief 19-15 lead. Pickering's Deron Reed capped a 75 yard drive with a 7 yard dive through the line. The 2 point conversion run failed.

The Tarpons response was a 68-yard scoring drive of its own. The drive started with an 11 yard completion to Doucet and a long gainer by Kevin Olivier. Rutherford broke loose for a big 32 yard touchdown scamper. Duhon's extra point run made the score 23-19. The Tarpons were ahead to stay.

The fourth quarter had Pickering threatening again following a 25 yard kickoff return by Vinsant. Its opportunity to maintain the drive fell short, when Pickering chose on a 4th and 2, to pull the Tarpons offside with a backfield shift to a punt formation. The disciplined Tarpons didn't fall for it, while Pickering was flagged 5 for delay of the game. A poor punt added to the Red Devil's mounting problems.

The game was tucked away for the Tarpons following a fumble recovery by Rutherford. Kevin Olivier capped the 54 yard scoring drive with a 2 yard run. Top ground gainers on that drive were Albert Doucet and Kevin Olivier. The Tarpons went ahead 31-19 on Lionel Roberts pass reception for 2 points.

The Tarpons closed out the scoring at 37-19 following the recovery of a muffed punt reception. Sean Rogers pounced on the loose ball to give the Tarpons the ball on the 38.

Rutherford capped that scoring drive with a 10 yard pass to Albert Doucet. The pass came as surprise as all that could be seen from the pile of bodies, was the ball shooting out to Doucet who was all alone in the end zone. The point after failed.

Tarpons to host Elton here on Friday night

By ROBERT MANUEL

Two traditional football playing teams, South Cameron and the Elton Indians, will square away at Tarpon Stadium Friday night at 7 p.m. to see who will get the jump in district play. South Cameron, Merryville, Elton and Oberlin are all prime contenders for the District 7A crown.

If the encounter is anything like the past, there will be standing room only. An improved Elton team will be trying to maintain its four year record of no district losses. The Tarpons will be trying to insure their 6th year unprecedented playoff appearance.

The Tarpons are 4-1 and the Elton Indians 3-2. All are non-district games. The Tarpons loss has been to top 10 AA Vinton, whereas the Elton Indians have lost to Kinder and St. Edmonds.

Both teams have a balanced attack and can score from the pass or ground. The game is going to be a toe to toe battle with one team winning and the other regrouping for the next game.

TID-BITS

John LaBove, a 2 way senior tackle, will be out for 2 weeks due to a shoulder injury in the Pickering game. Travis Pradia, the kick-off man, will be out approximately 3 weeks from a sprained ankle in the Pickering game.

Kevin Olivier, fullback and defensive end, has recovered from an injury and looked ready and fit against Pickering. Derek Hardie, split end, sidelined because of a bruised kidney, could possibly get a doctor's release in the near future.

Robin Rutherford kicked a 13 yard field goal on his first ever try.

Tarpon backs are running hard and carry their fakes very well. Their blocking when not carrying the ball is outstanding.

The Tarpon front line and line backs should wear a feather in their cap to identify as Knights of the Front Line. Newcomer in the defensive line-up, corner back Jody LaVergne is holding his own with the big boys.

The coaching staff did an excellent job of preparing their players for Pickering. There are no blue chippers on the Tarpon squad; only good football players who make a lot of big plays.

2-15 Pens.-Yds. 3-20

Score by Quarters

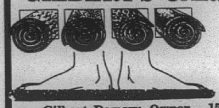
HUNTER COURSE SET AT G. L.

A hunter education course will be taught by Gary Poole at the Grand Lake High School Vo-Ag Dept. Oct. 10, 11, and 12, from 6:30 to 9:30 p.m. each night.



Anyone born after Sept. 1, 1969, must take such a course in order to secure a hunting license.

This progam stresses firearm safety, hunter ethics, and conservation and consists of ten hours of classroom instruction, a written final exam, and participation in a field exercise.

Upon successful completion students are certified by the Wildlife and Fisheries Department as "Certified Safe Hunter" and students will receive a certification card and an embroidered patch.

CHIROPRACTIC OUTLOOK

By: DR. KEVIN COX

MID-BACK PAIN

Do you finish every day with stiff pain between your shoulder blades or a throbbing discomfort ranging through the upper back to the waist?

In many cases, the cause is a distortion of the dorsal spinal region, a result of vertebral congestion combined with a possible misalignment of spinal segments. Untreated, such structural anomalies may eventually reduce normal body functioning. Exaggerating the dorsal curve causes a hump-back posture: the head thrusts forward, the normal neck curve is exaggerated, and muscular tension results.

The doctor of chiropractic treats the problem with gentle adjustments of the spinal column. Physical therapy or special exercises may help speed correction.

This Special Van Could Save Your Life.

Heart attacks . . . They are the number one killer in America today.

Of course, the best treatment for a heart attack is prevention . . . the diagnosis of any problems or abnormalities before they become major.

South Cameron Memorial Hospital now has access to a special Mobile Van provided by the Baptist Hospital Cardiac Care Network to provide state-of-the-art diagnostic capabilities not previously available in our area. So you get the absolute best in diagnostic testing close to home.

In short, it's a special van that could save your life.

REMEMBER? By Keith Hambrick

Cattle herd bought

(Lake Charles American
Oct. 8, 1909)
HISTORIC HERD

Mayor C. B. Richard has just closed a deal whereby he purchased the stock interests of Dr. A. L. Lyons in the Gum Cove ranch, amounting to about one thousand head. This gives Mr. Richard approximately 1,500 head of cattle and 125 head of horses and makes him one of the largest cattle owners in Calcasieu and Cameron parishes and the possessor of the biggest horse brand in the two parishes.

The Gum Cove herd of cattle is historic in Calcasieu and Cameron. It was started by the grandfather of Dr. Lyons nearly a century ago and has descended from father to son, always being kept in the family. The Gum Cove ranch has always been noted as one of the best in southwest Louisiana, and has always been a paying proposition.

Dr. Lyons sold his interest in the stock in order to take advantage of an even more promising business opportunity and retains the land, so that he can re-embark in the stock business at any time he desires. The cattle he disposed of to Mr. Richard constituted the biggest cattle interest in this corner of Calcasieu at the time of this sale.

Within the past few years, it has developed that much of the old time ranch is adapted to more profitable pursuits than cattle raising, and two years ago, a thousand acres of it was set aside as a farming proposition which is still owned jointly by Messrs. Lyons and Richard. A canal was dredged from the Sabine five miles inland to the high lands of the cattle range and Messrs. Richard and Lyons are now harvesting their second crop of rice from it, the yield and quality being excellent.

Experiments with other crops have invariably proven a success. One thousand barrels of corn were raised on the land this year, one ear measuring 11¾ inches. Sugar cane has been found to do well and the land found adapted to general farming and very rich, this being one of the few farms in this section where crops can be raised without the use of fertilizers.

The intracoastal canal is surveyed through this section and will undoubtedly cause a great expansion of the farming industry.

(Lake Charles American
Press, Oct. 10, 1924)
WELSH BAND TO
GRAND CHENIER

Oct. 6--The members of the Welsh Cornet band and a few of the citizens of Welsh left about two o'clock Saturday morning for Lake Arthur, where they boarded Capt. Adam Nunez's large gasoline launch for a few days trip to Grand Chenier and the Gulf of Mexico.

The party is to be the guest of Capt. Nunez and the people of Grand Chenier for the two days, Saturday and Sunday, and a grand time is anticipated, during which the citizens of the lower coast will be entertained with musical selections and closer acquaintances will be established between the neighboring communities.

(Abbeville Meridional,
Oct. 7, 1911)
THE CANVAS BACK DUCK

President Miller and Fred Grace of the State Game and Fish Commission plan to make Louisiana one of the greatest canvas back duck raising sections in the world. This state has long been the home of numerous species of duck, mostly a wild breed which is the kind sought by most hunters, but no attempt has hitherto been made to attract to this state the more valuable canvas back famed among gourmets.

In order that the canvas duck can thrive in this state, careful investigation was conducted by the board for the purpose of securing a suitable location. A spot that fitted all requirements was Sweet Lake in Cameron Parish, a small body of water measuring four miles by two. It was explained by President Miller that three conditions were necessary for breeding the duck, viz: First, a light current; second, a smooth surface; third, that the water must be sweet. Sweet Lake has all three requirements.

Wild Celery will be planted in Sweet Lake, and if the experiment is successful, Lake Miserie, only ten miles away and having the same conditions as Sweet Lake will also be utilized.

LAKESIDE LACONICS

We have got some cooler weather at last and work in the field is not quite so unendurable.

Azare Meaux and family spent Sunday at Lakeside visiting friends.

THESE PAST presidents of the Cameron Parish Homemakers Council were honored guests at the 50th anniversary of the council last week in Cameron--They are, from left: Bertha Miller, Geneva Griffith, Butsy Carter, Ella Mae Precht, Elaine Hebert, Margaret Shove, Billie Fruge, Lula Stanley, Elizabeth Kelley, and Earline Baccigalopi.

Amendments discussed

This Saturday, Oct. 7, Louisiana voters are asked to vote on 13 proposed amendments to the state constitution. Several are of major importance and will greatly affect the future of Louisiana. Following is a brief summary of each of the amendments, with the views of this newspaper given in parentheses on some of them.

NO. 1--TRANSPORTATION FUND--This amendment probably will have the most lasting effect of any on the ballot on the state if passed. It would establish the Transportation Trust Fund with all of the taxes on gasoline and motor fuels going into the fund (after a 2½ year phased-in period) that would be dedicated to the construction of roads, bridges, flood control, ports and airports.

Major projects that are included in this funding include four laning of Hwy. 171 from Lake Charles to Shreveport and Hwy. 165 from Lake Charles to Alexandria and on to Monroe. In addition, funds will go to parishes for local road construction.

(COMMENT: Although this amendment will result in a net increase of two cents of sales tax per gallon of gasoline, all of the money will be going to transportation improvements and should result in major improvements to our highways within the next few years. In addition, these major highway projects will provide thousands of new jobs in the state, with at least 80 percent of the jobs reserved for Louisiana residents.

NO. 2--WETLANDS FUND--This amendment would create a Wetlands Conservation and Restoration Fund and provide a dedicated, recurring source of revenue for the development and implementation of a program to conserve, protect, and restore Louisiana's eroding wetlands.

(COMMENT: Local folks do not have to go any further than the Cameron Parish coast to see the devastation caused by coastal erosion. If this erosion is not halted, the coastline could conceivably be in the vicinity of Hackberry within 50 years. This amendment will not cost the taxpayers anything--it could very well halt coastal erosion and the loss of our valuable wetlands.)

NO. 3 - INVENTORY TAX EXEMPTION--This amendment creates the State Board of Inventory Ad Valorem Tax Review and authorizes the board to enter into contracts for the exemption of ad valorem taxes on inventory of a new manufacturing or new distribution establishment or the expansion of an existing manufacturing or distribution establishment for an initial period of up to ten years.

(COMMENT: This amendment would provide some additional inducements for certain types of industries, such as warehousing and distribution firms, to locate in Louisiana. The long term results should be an increase in overall taxes and jobs for the state.)

NO. 4 - DRUG PROPERTY SEIZURE--This amendment would authorize the forfeiture and disposal in a civil proceeding of contraband drugs, property derived in whole or in part from contraband drugs, property furnished or intended to be furnished in exchange for contraband drugs, etc.

(COMMENT: This amendment would give law enforcement agencies another weapon in their fight against illegal drugs and would provide additional funds for law enforcement from the sale of property seized in drug arrests.)

NO. 5 - SUPREME COURT REDISTRICTING--This proposed amendment provides for the division of the state into seven rather than six supreme court districts and provides for the creation of an additional temporary supreme court district comprised of the parishes of Jefferson, Orleans, Plaquemine and St. Bernard.

(COMMENT: Passage of this amendment would increase the probability for electing a black Supreme Court Justice from the New Orleans area.)

AMENDMENT 6 -- DISTRICT AND APPEALS COURT REDISTRICTING--This proposed amendment relates to the circuit courts of appeal and the judicial district courts. The amendment would require that the state be divided into at least five circuits with one court of appeal in each. The amendment would provide for the division of appellate and district court districts into sections for the election of certain judges. The amendment would authorize the creation of senior judge status for certain judges of the courts of appeal and district courts.

(COMMENT: This amendment would create new and smaller districts for electing judges, giving minority voters a better chance to elect judges of their own races. It would also offer senior--or protected--status to 27 district court judges and eight appeal court judges. If this amendment fails, a federal court could impose its own system on the state.)

NO. 7 - BOARD OF ETHICS--This proposed amendment would place the Board of Ethics for Elected Officials in the constitution and provide relative to its membership and enforcement authority.

NO. 8 - DONATIONS FOR INDUSTRY--This amendment would provide that any local governmental subdivision in addition to entering into cooperative endeavors, may lease or donate any lands, buildings, improvements, or equipment financed from the proceeds of any sales and use tax dedicated to industrial and economic development, or donate lease payments for such lands, buildings, improvements, or equipment to any person, association, or corporation.

NO. 9 - ORGANIZATIONAL SESSIONS AND VETOES--This proposed amendment would clarify present constitutional language by specifying that a bill, exept a joint resolution, shall become law if the governor fails to sign it or vetoes it within ten days after delivery to him if the legislature is in session on the 10th day after such delivery, or within 20 days after delviery if the 10th day occurs after the legislature is adjourned. The amendment would also require organizational sessions of the legislature.

NO. 10 - MUNICIPAL PROPERTY TAX--This proposed constitutional amendment authorizes the governing authority of any municipality by two-thirds vote of such governing authority, to levy annually an additional ad valorem tax for general purposes not to exceed seven mills on the dollar of assessed valuation.

NO. 11 - AUTO LICENSES--This proposed amendment would change the manner and amount of the required license tax on automobiles for private use from an annual tax of three dollars to an annual tax of not more than one dollar per each one thousand dollars of actual value based on the actual value of the vehicle but, not less than ten dollars per vehicle, and to add value as a basis upon which the annual license tax on other motor vehicles may be imposed. The amendment would dedicate the proceeds from the license tax on automobiles for private use to the Transportation Trust Fund, in the event such fund is created in the constitution, and for roads, bridges, and the office of state police, if no such fund is established.

(COMMENT: In light of the fact that a license plate cannot be presently made for the $3 that is charged we think this amendment should be passed since the funds raised will go into the dedicated Transportation Fund to improve our roads.)

NO. 12 - IMPROVEMENT TAX BREAK--This proposed amendment would permit the Board of Commerce and Industry, with the approval of the governor and local governing authority to grant property owners, for improvements to existing structures in downtown, historic, or economic develoment districts, an additional five year freeze on property assessments at the value prior to the improvement.

NO. 13 - LIGNITE SEVERANCE--This proposed amendment would allocate one-third of the lignite severance tax, up to $100,000 annually, to the governing authority of the parish of production.

PS Form 3526, Dec. 1987

Geneva Griffith to go on Russian tour

Geneva Griffith, reporter for the Cameron Pilot and the Lake Charles American Press, will be one of a group of 40 journalists from all over the United States traveling to Russia this month.

While in Russia they will be guests of TASS news agency in Moscow, the Izvestia news agency in Leningrad, and the Russian state T.V.

Prior to their departure from New York, the group will be briefed at the Russian Embassy in Washington, D. C., which will be a part of the National Federation of Press Women annual fall board meeting.

Their Russian tour starts in Helsinki, Finland and will take them from Leningrad in the north, to Moscow, Gorky, Soshi, Keiv and down into Russian Georgia to Thilisi. They will also visit the Black Sea resort area.

The group plans to be gone almost three weeks and will bring back pictures and stories on all phases of Russian life.

Mrs. Griffith is one of two in the group from Louisiana. Marsha Shuler, who covers the Louisiana Legislature for the Baton Rouge Morning Advocate, will travel with Mrs. Griffith.

Gesture is costly

Judge H. Ward Fontenot showed his contempt for people who are disrespectful for his court when he handed down a sentence Thursday in 38th Judicial District Court.

Scott Harrison, 800 W. Claude St., Lake Charles, was brought up on a contempt of court (grand jury) charge.

Harrison had been summoned to appear before the Cameron Parish Grand Jury Aug. 30, for questioning relevant to a matter which was under investigation by the Grand Jury.

The defendant appeared and was questioned during the proceedings by Patricia H. Minaldi, Assistant District Attorney Ad Hoc for the Thirty-Eighth Judicial District Court, because Jennifer Bercier, Assistant District Attorney for the court had recused herself.

Upon completion of giving his testimony the defendant-in-rule Scott Harrison proceeded to leave the Grand Jury meeting room and in the presence of the Grand Jury and of Ms. Minaldi, an officer of the court, made an obscene gesture at Ms. Minaldi.

He was ordered to appear in court Thursday on the contempt charge before Judge Fontenot, with Mrs. Bercier prosecuting for the state.

Judge Fontenot found him in contempt of court and sentenced him to 3 days in jail, suspending 2, and ordered him to pay a fine of $100, to be suspended on an apology to Ms. Minaldi and the members of the Grand Jury.

The Judge had Harrison exit the court into the courthouse hall where he extended an apology to everyone involved.

Oyster license is required

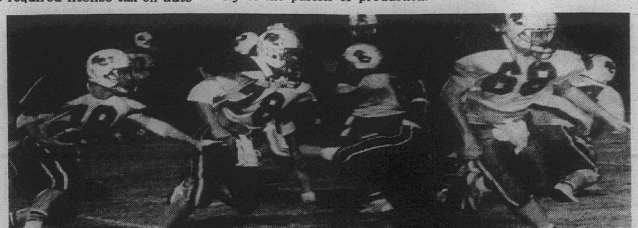
A new oyster harvesters license will be required for all persons harvesting or possessing oysters in state waters beginning Jan. 1, 1989 according to the Louisiana Department of Wildlife and Fisheries.

The cost of the license is $100 for Louisiana residents and $400 for non-residents, and must be purchased by each individual on a vessel involved in the harvesting of oysters on public or leased grounds.

The oyster harvesters license is required of both commercial and recreational harvesters, and does not take the place of any other license. All licenses which have previously been required are still necessary.

FEMA--Cont. from Page 1

elevation."



FEMA representative Brian R. Mrazik had originally offered 21 objections to the proposal advanced by the Parish, but by the conclusion of the meeting, all but four had been resolved. Dr. Suhayda agreed to provide an addendum to address these problem areas within 30 days.

FEMA in turn promised to review the report within 30 days and to provide an annotated map within 15 days thereafter, which would lower base flood elevations throughout the Parish as supported by the restudy. Any additional changes will be made at the cost of FEMA, not the Parish.

The written agreement from FEMA further provides for a preliminary parish-wide Flood Insurance Rate Map to be furnished by April of 1990. The Parish may begin using that map for floodplain management at that time, provided no appeals are made by the Parish. The final flood elevation determination will be issued after the statutory 90 day appeal period has expired.

The bottom line according to Mr. Alexander, is that elevation requirements should be reduced by two feet within the next two weeks for residents in the area from Holly Beach to the Mermentau River. They will be able to obtain building permits based on these new elevation requirements, and additionally flood insurance premiums should be significantly reduced based on the lower elevations.

Even greater relief throughout the Parish is anticipated after the revision study is finalized and adopted by FEMA in the coming months.

TARPON TAILBACK Charles Duhon, No. 18, follows lead blockers Joey Trahan, No. 28 and Jimmy Dowd, No. 68, in the game with Pickering last week.

Church will honor pastor

Members of the Macedonia Baptist Church of Cameron will celebrate the fifth anniversary of their pastor, the Rev. Kirby Alfred, Sr. and his wife at the following services:

Thursday, Oct. 12, 7:30 p.m., Rev. Alfred Perry, guest minister.

Friday, Oct. 13, 7:30 p.m., Rev. J. Fobbs, guest minister.

Sunday, Oct. 15, 3 p.m., Rev. (Dr.) A. B. Faust, Evergreen Baptist Church, Lake Charles, guest minister.

"We are inviting everyone to come out and join us in celebrating and uplifting the name of our Lord and Saviour Jesus Christ", a church spokesman said.

Family picnic

An old fashion family picnic will be held at the Cameron Rec Plex Saturday, Oct. 7, at noon and will feature sack races, volleyball, egg toss, cow chip chunking and bubblegum blowing contests.

Persons wishing to bring guitars and banjos are welcome to do so. Everyone is welcome.

Class meeting

The 1980 South Cameron High School class will hold a meeting Sunday, Oct. 8, at 5 p.m. at the Muria Fire Station in East Creole to discuss plans for their 10 year class reunion.

For more information class members may call Rosaland Crain at 538-2411 or 538-2251.

Classes offered

Basic woodworking classes will be offered at South Cameron High School Vo-Ag Department on Wednesday nights from 6 to 8:30 p.m.

For more information call 542-4418. There is no charge for instructions.

Yearbook sales

Pre-yearbook sales are being taken for the 1989-90 South Cameron High School yearbook. Books are $25. A $15 deposit is being accepted or full payment. For more information call 542-4628.

Hackberry 4-H

Hackberry 4-H members attending a Forestry workshop at Sam Houston State Park Sept. 3, were: Lancy Silver, Lori Sanders, Michael Vincent, Rusty Byler, Tracie Vincent, Timmy Seay, Julia Sanders, Ty Vincent, Darrell Duhon, Robert Bradley, Cody Fenetz, Trisha Silver, Danielle Delcambre, Elizabeth Lowery, Angela Seay, Ben Carpenter, Jeromy Lowery, Jody Bradley, Jeromy Nolan and Cecilia Walther.

A presentation on Identifying, Selecting, Pressing and Mounting Leaves for a collection was given by Cecilia Walther and Jeromy Nolan.

The members also collected seeds and insects for their collections.

Jeromy Nolan,
Reporter

Team is rolling

South Cameron's 8th and 9th grade football team are on a roll now. They lost to Kinder in a scrimmage, 6-0, and have been winning ever since, beating Lake Arthur 6-0, St. Louis, 18-6, and Westlake, 6-0.

eron, La.

THE "FUR SISTERS". Rhonda Perry, 1989 Miss Cameron Parish and Michelle Morris, 1989 Louisiana Fur and Wildlife Festival Queen are shown together at the Raceland Sauce Piquante Festival. Michelle has represented the Fur Festival at over 35 festivals throughout her reign as Fur Festival Queen. Rhonda has represented Cameron Parish at about 20 festivals and various activities throughout her reign. Because of their unique fur-lined banners they have become known as the Fur Sisters.

Schools to get drug free zones

The Cameron Parish School Board took action Monday at its monthly meeting to set up drug free zones around all of the schools in the parish as mandated by an act of the 1989 Louisiana Legislature.

Supervisor Uland Guidry said that signs proclaiming the drug free zones will be set up 1000 feet on each side of parish schools, with the state furnishing some of the signs and the police jury the rest. Also signs will be posted on school buses making them drug free zones also.

Guidry said he had met with the police jury, district attorney and sheriff, all of whom have pledged their cooperation in the program.

A ceremony marking the erection of the first sign has tentatively been set for Monday afternoon, Nov. 6, at the Cameron elementary school. Parish students participating in drug free programs are scheduled to present scrolls to members of the school board at that time.

Guidry said that following the marking of the school zones a drug free zone map will be prepared and will be filed with the Clerk of Court.

He said that the school board has complied with other provisions of the act which include providing alcohol and drug abuse counselors in each school, establishing drug abuse programs in the schools.

Board president, Arnold Jones, noting that while the schools have individual policies concerning the use of tobacco on school grounds, the board does not have an over-all policy. He asked the school board staff to come up with a suggested parishwide policy by the next meeting.

In a related matter, the board adopted a Drug Free Workplace Policy, which is mandated of all bodies that receive federal grants. The policy forbids the possession, use or sale of alcohol, narcotics, drugs or controlled substances by any employee on any school property or school bus.

Five amendments approved here

Cameron Parish voters last Saturday voted in favor of five of the proposed 13 constitutional amendments.

Amendment 1, creating a transportation trust fund, passed 1,100 to 345 in the parish and statwide by a 71-29 percent margin.

Amendment 2, creating a wetland conservation fund, passed 1,170 to 273 in the parish and statewide by a 71-29 percent margin.

Amendment 3, for manufacturing tax exemption failed 712-66 in the parish and failed statewide by a 48 percent for and 52 percent against vote.

Amendment 4, drug property seizure, passed 1,112 to 316 in the parish and received a 68-32 percent favorable vote statewide.

Amendment 5, supreme court districts, failed 1,055 to 304 in the parish and also lost by a 75-24 percent margin in the state.

Amendment 6, black judges, also failed 1,067 to 287 in Cameron and also lost statewide by a 76-24 percent margin.

Amendment 7, ethics board members, passed 714 to 642 in the parish but lost statewide by a 52-48 percent margin.

Amendment 8, land donations for industry, lost 901 to 451 in the parish and also in the state by a 60-40 margin.

Amendment 9, legislative organization, passed 767 to 631 in the parish and also won by a 58-42 percent margin in the state.

Amendment 10, cities property tax, failed both in Cameron 945 to 356 and in the state 71 to 29 percent.

Amendment 11, auto license, passed both in Cameron 721 to 646 and in the state by just a fraction of a percentage point.

Amendment 12, historic districts, lost both in Cameron 870 to 467 and in the state by a 59-41 margin.

Amendment 13, lignite, failed 767 to 566 in Cameron and also in the state by a 51-49 margin.

Pecan Island Sr. day set

The four Pecan Island churches will host the seventh annual Senior Citizens Day Sunday, Oct. 15, beginning at 12 noon.

A spokesman said, "We again honor Island citizens and those born and reared on Peacn Island. We extend invitations to former Islanders who now live in Cameron: Mrs. Wallace Vaughan, Myrtis V. Sturlese, Thelma D. Broussard, Tazie S. Benoit, May D. Miller, Aurelia D. Mhire, Ruffen Dyson, Laodis Vincent.

"This year we honor five couples who celebrated 50 years of marriage: Ruby and Ray Broussard, Jeanette and Roy Koch, Myrtle and Owens Winch, Maxine and Dink Gordon and Fleta and Phillip Pickens.

For more information call Don Broussard at 737-2306.

Zapata files suit for $20 million

Zapata Haynie Corporation announced Wednesday that it has filed suit against the Natural Gas Pipeline Company of America for damages incurred as a result of the Oct. 3, explosion and fire that resulted in the deaths of 11 members of the crew of the menhaden fishing vessel Northumberland and the total loss of the vessel. The vessel was out of Cameron.

Filed in the U. S. District Court for the Western District of Louisiana, Lake Charles Division, the suit seeks more than $20 million in damages. In addition to the 11 members of the Northumberland's crew who perished in the incident, three additional crew members were injured, one critically.

"The National Transportation Safety Board investigation into the causes of the tragedy continues. The results of the company's own investigation, however, indicate that the natural gas transmission pipeline which was struck by the vessel was at least one foot above the bottom of the ocean in approximately ten feet of water," Zapata Haynie President Davis Allen said.

Fishing for menhaden, a small boney fish used to make livestock feed ingredients and edible oil, began in the shallow waters of the Gulf of Mexico in the early 1940's, long before pipelines appeared on the scene, Allen said. In order to accommodate multipe uses of Gulf Coast resources, federal regulations require that pipelines be buried beneath the seabed.

The disaster occurred at approximately 5:50 p.m., west of Sabine Pass approximately three-quarters mile offshore Texas. The area of the accident is one frequently fished by Zapata Haynie and other menhaden companies. Itis also an area of heavy activity by commercial shrimpers and offshore supply and crew boats.

"Inspection has revealed the presence of marine growth on the pipeline, which is consistent only with a long-time marine hazard. This conclusion is supported by evidence of previous contact between the pipeline and other vessels," Allen said.

"The pipeline was an obvious danger to marine commerce--it was a disaster waiting to happen," The Zapata Haynie President said.

In the suit Zapata Haynie also seeks the recovery of punitive damages because of the wanton and gross nature of the pipeline company's conduct. There is no evidence that Natural Gas Pipeline carried out any program of regular inspection of the location of its pipeline, including whether that location at any time constituted a threat to other maritime interests, Allen said.

Headquartered in Hammond, Zapata Haynie Corporation is a producer of fish oil and fish meal products.

Fire station opening is set

The Grand Lake-Sweet Lake Volunteer Fire Department announces the grand opening of its new sub-firestation in the Grangerville area. Ceremonies will be held on Sunday, Oct. 22 from1 o'clock p.m. to 3 o'clock p.m.

Ribbon cutting will be at 1 o'clock p.m. with a meal to be served afterward donated by Brent and Shirley Nunez and prepared by the Fire Department cooks Larry Eagleson and Paul Poole. All old and new firemen and the people from the Grangerville area are invited to attend.

Refuge to be dedicated

The United States Fish and Wildlife Service in cooperation with the Cameron Parish Chamber of Commerce will dedicate the new Cameron Prairie National Wildlife Refuge Saturday, Oct. 14, at 11 a.m.

The ceremony will be held at the Grand Lake High School, which is located on Highway 384 between Boone's Corner and Hackett's Corner. The public is invited to attend the ceremony that will include a field trip to the refuge (weather permitting).

Cameron Prairie National Wildlife Refuge is the 447th National Wildlife Refuge in the National Wildlife Refuge System. It is the first refuge established under the Gulf Coast Joint Venture of the North American Waterfowl Management Plan.

It will provide 9,600 acres of wintering habitat for up to 100,000 ducks and 30,000 geese.

Creole girl fair queen

Tricia Trahan, 14 year old daughter of James and Iris Trahan of Creole, was crowned Junior Miss Calcasieu-Cameron Fair Queen at the fair grounds Wednesday, Oct. 4. The brown eyed brunette is on the South Cameron High School dance team and is a member of the pep squad, Beta Club and is a 4-H officer.

Jaime Devall of Hackberry was in the top 12 finalists.

New book to be published on Cameron Parish

"Where the Wild Goose Goes," a new book on Cameron Parish will be published in the near future.

Edited by Gay Dyson Reeves of Cameron, the book contains reprints of historical columns published in the Cameron Pilot over a number of years by the late Archie Hollister of Lake Arthur.

Also the book will be columns and articles by Mrs. Bernice Hollister Stewart Denny of Iowa, many of which were also published in the Cameron Pilot.

The two writers, brother and sister, were reared at Grand Chenier and have become recognized as the unofficial historians and folklore collectors of Cameron Parish.

The book will also feature scenic photos of Cameorn parish and historical photos of turn of the century Grand Chenier. It will be illustrated by pen and ink drawings by Lora Guthrie, Cameron artist.

The books will sell for $25 each, plus $4 postage. Information on ordering the book may be secured by calling 775-5228.

Three to be honored at LC Mass

The Most Rev. Jude Speyrer, Bishop of Lake Charles, will celebrate a Memorial Mass for deceased members of the Companions of Honor of the Diocese on Saturday, Oct 21, at 10 a.m. in St. Margaret Church in Lake Charles. During the Mass, names of those who passed away during the past year will be read, and prayers recited for them.

Deceased members of the Companion, to whom the Memorial Mass will be dedicated, include John H. Montie, Sacred Heart Parish, Creole; Adam Hebert, Sr. and Mrs. Irene LaBove, both of Sacred Heart Parish, Creole.

The Companions of Honor is an organization of clergy and lay people who have been decorated for services to the Church by the Holy See or by the Diocese. There are approximately 400 members.

Priest to be remembered

The Most Rev. Jude Speyrer, Bishop of Lake Charles, will celebrate a special Mass in Big Lake commemorating the life and accomplishments of the late Rev. Msgr. Charles Levasseur on Wed. Oct. 25, the first anniversary of his death.

The Mass will begin at 6 p.m., and all members of the clergy have been invited to concelebrate the Mass with Bishop Speyrer.

Msgr. Levasseur was pastor of St. Mary of Lake Charles for 25 years, beginning in 1942. He retired in 1968, and resided in Lake Charles until his death last Oct. 25.

Scout fishing rodeo is Sat.

The sixth annual Boy Scouts of American on-shore fishing rodeo will be held Saturday, Oct. 14, on Monkey Island at Cameron. All youth are invited to join the scouts in this annual fun day of fishing.

Registration will begin at 8 a.m. with a $3 registration donation fee, which is optional, but the registration of each participant competing for prizes will be required.

Oystering season set

The 1989-90 oyster season in Calcasieu Lake and Sabine Lake will open a half-hour before sunrise Wed, Nov 15 according to the Louisiana Department of Wildlife and Fisheries.

The harvest, which will be by tonging only, will continue until a half-hour after sunset Thursday, Mar 15, 1990.

In approving the season dates, the Louisiana Wildlife and Fisheries Commission specified that the lakes be kept open for oyster fishing only so long as the State Department of Health and Hospitals classified those waters as safe.

In the event of any health closures, the commission authorized LDWF Secretary Virginia Van Sickle to extend the harvest. However, no extension would be allowed past April 30.

The commission also authorized Secretary Van Sickle to close the season if biological data indicated the need to do so or if enforcement problems arose.

New phone equipment installed in parish

The communities of Johnson Bayou and Grand Chenier recently helped Cameron Telephone Company celebrate the installation of new digital central office equipment.

The Johnson Bayou Open House, Oct. 2, had approximately 40 residents in attendance. Eunice Griffith, one of Johnson Bayou's oldest residents, at 83 years old, cut the ribbon during the opening ceremonies. Mrs. Griffith was presented a corsage and gift from Cameron Telephone Company for helping with the ceremonies.

Honored guests in attendance were: Myrna Conner-Representative Aide to Representative Randy Roach; Donna LaBove, Frances Tingler and Patty Morris-Cameron State Bank; Rodney Guilbeaux and Eddie Joe Conner-Cameron Chamber of Commerce. Several gifts were given during the Open House. Bob Hackett of Lake Charles won a $50 door prize for attending.

The Grand Chenier Open House, Oct 3, had over 60 area residents in attendance. Evonne Richard, representing her mother who could not attend, cut the ribbon to open the Grand Chenier central office. Mrs. Richard was presented with a corsage and gift for helping with the ceremonies.

Special guests included; Donna LaBove-Cameron State Bank; Paul Coriel and Eddie Jo Conner-Cameron Chamber of Commerce. Winning the $50 door prize was Regina Benoit of Grand Chenier.

Those in attendance for the open houses were treated to refreshments, Cameron Telephone gifts and tours of the new facilities.

The new state of the art Stromberg Carlson digital central office equipment, costing approximately $320,000 will allow the 874 Johnson Bayou and Grand Chenier customers the added convenience of true digital Touch Tone service, custom calling features including: three-way calling, speed calling, call waiting and a new and rare feature tel-awake (a wake-up feature that calls you at the time you set-uninterruptable in severe weather-like the telephone service).

EVONNE RICHARD is shown above cutting the ribbon at the open house held recently by the Cameron Telephone Company at its new central office in Grand Chenier. Looking on is Raymond Henagan, company general manager.

Distribution

The Cameron Community Action Agency will distribute donated foods for needy families to certified Cameron Parish residents on Wednesday, Oct 18 at the Doxey-Vincent VFW Post in Cameron.

Persons from Cameron are asked to come between the hours of 8 a.m. and 11:-30 a.m. All other areas of the parish are requested to come from 1 p.m. to 3:30 p.m. Please bring a sack or box.

H'coming dance

The Cameron Special Olympics is sponsoring a dance homecoming night, Friday, Oct. 20, at the KC Hall in Cameron.

Johnny Allen Band will provide the music. A $5 donation will be taken at the door.

South Cameron tells homecoming events

South Cameron High School will celebrate Homecoming this year during the week of October 16-20. The activities for the week begin with dress-up days as follows: Monday-Tarpons are Hip!-HIPPIE DAY; Tuesday-Tarps are "Out of This World"-ALIEN DAY; Wednesday-Green/White SADD Day and Hats off to the Tarpons!-HAT DAY; Thursday-Spook the Trojans!-HALLOWEEN DAY; Friday-RED AND BLUE SPIRIT DAY.

On Friday, October 20 there will be a Pep Rally held at the school beginning at 2:20 p.m. Everyone is invited to come show their spirit and support for the Tarpons. Special guests at the Pep Rally will be the cheerleaders from 1965 and 1980.

Classes to be honored this year are 1940, 1965, and 1980. Members of these classes are invited to the Pep Rally and to a special reception in their honor to be held at 5:30 p.m. in Tarpon Hall on October 20. They will then be presented on the football field prior to the Homecoming Game.

The 1989 Homecoming Court will be introduced a halftime activities. The Tarpons will be hosting the East Beauregard Trojans at 7:00 p.m. in Tarpons Stadium to complete the Homecoming activities.

Grand Chenier News

By ELORA MONTIE

After a week of warm weather, temperatures in the high 80's, a cool front moved in Saturday and dropped temperatures to the lower 50's.

Many out of parish fishermen and hunters who have camps here were also down for the weeking, taking advantage of the cool weather, working on their blinds and doing some fishing.

The cattlemen are busy with their fall roundups and making preparations for the fall sale and for moving their cattle to winter ranges.

HALLOWEEN NEAR

With Halloween near, Tuesday, Oct. 31, a number of folks are starting to put out their outside Halloween decorations.

Last year there was a very large turnout of trick or treaters. One home stated they were visited by 90 children trick or treating, but were well prepared for the occasion with plenty for all.

NEW VEHICLE

Roy Allen Clark purchased a gray 1989 Nissan truck.

IN HOSPITAL

Mrs. Veda Bult of Lake Charles underwent surgery in a Lafayette hospital Monday morning. Visiting were her two brothers, Gilford and Hubert Miller, her sister, Mrs. Bernice Clark and Peggy Mhire.

BONSALL REUNION

The third annual Bonsall reunion was held Sunday, Oct. 8, at the K of C Hall in Creole.

Attending from Media, Penn., were Bob and Nancy Shultz; Ira and Katherine Bonsall of New Port, Penn.; Nancy Bolesley, Sabine Pass, Tex.; Mabel Griffith, Beaumont, Tex.; Lucille Boseley, Sabine Pass, Tex.; Evelyn Bonsall, Imogene Bonsall, Scott and Darlene Bonsall and Scotty Jr. of Nederland, Tex.; Audrey Bonsall Smart, Mrs. Carolyn Cude, Darrell and Randy, Liberty, Tex.; Irma Laurents and Mae Miller, Port Neches, Tex.; Mr. and Mrs. Gerald Miller, Beaumont, Tex.

Others attending were from Grand Chenier, Creole, Cameron, Jennings, Franklin, Denham Springs, Baton Rouge, Walker, Lake Charles, Vinton, Sulphur, and Hackberry.

Awards were given to Mr. and Mrs. Wilson Broussard, the longest married couple, 66 years. Mrs. Broussard was also the oldest person, 91. The youngest child, Thomas Hunt, 4 months; youngest married couple, Mr. and Mrs. Randy Hunt, Cameron, 11 months.

Bob and Nancy Shultz traveled the longest distance. Imogene Bonsall won the door prize.

Ual Bonsall, who is in South Cameron hospital, was given a pass to attend the reunion.

VISITORS

Mr. and Mrs. Brenna Benoit and Philia Miller of Jennings spent the weekend in their camp.

Mr. and Mrs. Elton Bonsall of Creole and Mr. and Mrs. Bob Shultz of Media, Penn. visited the Earl Booths and Mrs. Rosa Mhire Saturday.

Ella Mae, Ella Louise Booth and Stacey visited Mr. and Mrs. Edwin Mhire in Sweetlake Sunday.

Ira and Katherine Bonsall of New Port, Penn. are spending two weeks in our area.

S. Cameron Sr. 4-H Club

The South Cameron Senior 4-H Club's first meeting was called to order Sept. 6, by President Lane Bonsall. Kerri McCain led the pledge of allegiance and the 4-H pledge was led by Adrienne Picou.

Mr. Wicke went over the enrollment and the new business. Mrs. Cronan reviewed the projects that can be entered in 4-H. She told the club about the project tips for the record books.

Tricia Trahan,
Reporter

S. Cameron Jr. 4-H officers

South Cameron High School elected Junior 4-H officers. They are: Brandi Sturlese, president; Larica Boudreaux, vice-president; Laurie Bonsall, secretary; Patience Cogar, treasurer; reporter Chris Hebert; parliamentarians, Kimberley Sturlese, Nikkie Didelot, Robert Bradley.

Chris Hebert,
Reporter

8th grade has annual election

The South Cameron High eighth grade class elected officers as follows:

Brandi Sturlese, president; Larica Boudreaux, vice-president; Kimberley Sturlese, treasurer; Gretchen Mays, reporter; Student Council, Brandi Sturlese, Lucretia Godette, Ryan Nash and Larica Boudreaux.

Gretchen Mays,
Reporter

JIMMIE AND ETHEL STOUTE of Cameron announce the engagement of their daughter, Roxanne, to Linus William Conner, son of Milferd and Ione Conner, all of Creole. The wedding will be November 10 at 6:30 p.m. in Sacred Heart Catholic Church in Creole.

FIFTIETH ANNIVERSARY- Mr. and Mrs. Charlie January of Cameron will exchange wedding vows at St. Rose of Lima Chapel in Creole at 6 p.m. A reception will follow at the Front Ridge Community Center. The reception is being hosted by their children, Leven Harmon and Charles January, Jr. of Cameron and Michael Semien of Creole. The couple has 10 grandchildren and 4 great grandchildren. They were married in 1939 in Cameron.

Certificates given for Summer Reading Club

The Summer Reading Club sponsored by the Cameron Parish Library ended Sept. 1. The theme for 1989 was "The Circus Comes To Town". All participating received a reading certificate, and those reading fifteen or more books received, in addition, coupons for hamburgers at a restaurant.

Reading from Cameron and receiving both certificates and coupons were Karl Burgin, Kim Gaspard, Carmen Gayneaux, Franklin Oliver, Angela Regnier, Nicole Reyes, Miranda Darby, Alyssa Sellers, Kathy Browning, Jody Burgin, Lora O'Quain, Christina Noe, Kristina Robertson, Kim Nguyen, Armando Tavares, Courtnie Benoit, Scotty Brown, Van Godette, Kasey Brown, Julie Thomas, and Pamela Trahan.

From Creole there were Adam Duhon, Annette Duhon, Penni Dupont, Angie Guidry, Sonya Guidry, Terry Landry, and Brittany McDaniel. Receiving only a certificate were Joshua Dupuis, Kristi Jo Dupuis, and Bryan Little.

From Grand Lake were Barry Doucet, Tanya Doucet, Elisha Hebert, Sarah Lavergne, Nydia LeBlanc, and Bram Vinson. Receiving only a certificate was Shanna Trahan.

From Hackberry were Chad Pitre, Lancy Silver, Trisha Silver, and James Welch.

From Grand Chenier were Karrie Baccigalopi, Kristin Baccigalopi, and Obra Baccigalopi.

From Johnson Bayou were Tanya Badon, Natasha Oglesby, Theresa Oglesby, Hope Tingler, Rita Tingler, and Stella Tingler.

Hackberry Jr. 4-Her's exhibit

READING PROBLEMS???

Does someone YOU know have any of the following symptoms?

- Makes errors in copying
- Daydreams
- Temper flare-ups
- Reverses letters or words
- Poor reading comprehension
- Reads slowly, skips or re-reads
- Unable to do independent reading or homework
- Confuses letters or words
- Writes or prints poorly

Although far vision may be 20/20, the eyes may not work together at reading distance.

Why continue to struggle, when our therapy program can help correct the problem. We accept ages from kindergarten through adulthood. Vision therapy is covered by most major medical insurance plans, Medicaid, Medicare, and Foster Care. Call now for information concerning testing or scheduling.

TESTIMONIES:

Not only is my child getting A's and B's since his Vision Therapy, he does his school work willingly. He completes assignments and accepts responsibility.
Mrs. E.D. Lake Charles

Thanks for the difference you have made in my life. Vision Therapy improved my reading and I have more confidence in myself. Because of this I have a good job today.
Mrs. M.S. Lake Charles

My daughter no longer fatigues with reading. She no longer confuses words or letters or reverses words and numbers. Her attention span is better and she has improved in sports.

PRESENTING

Homecoming 89

D A N C E

Friday, October 20
9:00 P. M. Until
Cameron KC Hall

— Featuring Music By —
JOHNNY ALLEN & THE MEMORIES

Proceeds from the dance will benefit the Cameron Special Olympics.

Hackberry News

By Grace Welch

BENEFIT DANCE

A benefit dance will be held at the Hackberry Community Center Saturday, Oct. 14, 9 p.m. until 1 a.m. Admission is $5 per person. It is sponsored by the Hackberry Fire Department and music will be played by the Country Music Review.

This benefit is to help with the medical bills for Kayleigh Stansel.

TRIP

Diana, Kellie and Tobie Blanchard recently visited with Lauri, Jimmy, Cliff, Tyler and Jacob Doucet in El Campo, Tex. The biggest attraction for them was the stores giving 25% off to teachers of this city.

VISITORS

Mr. and Mrs. Mabry Simon, Mr. and Mrs. Jeffery Broussard, Leona Broussard and Mr. and Mrs. Lanny Benard from Milton; Mr. and Mrs. Theo Barres from Erath, Mrs. Mildred, Wanda and Judy Picard from Maurice visited Alton and Joyce Schexnider and family. They are her sisters.

THANK YOU

I appreciate the thoughts of friends and relatives who asked about my family who live in the Charleston area during Hurricane Hugo. I have two sisters, a brother and cousins in this area. They had damage but no one was hurt.

Another brother in Florence had some damage. A sister in Charlotte, N. C. had damage. Thank you all, Grace Welch.

RODEO NEWS

Students placing at the Grant High School Rodeo were: 1st, Brandon Devall, calf roping; 1st, Shane LeBlanc, bareback; 1st, Thad Little, steer dogging; 2nd, Thad Little, broncs; 1st, James Boudreaux, bull; 2nd, James Boudreaux, bareback and runner-up cowboy.

Revival set at Bargeman Church here

Bargeman Memorial Church of God in Christ will host its annual Fall Revival beginning Oct. 23-27, at the church, with nightly services at 7:30 p.m. Evangelistic hour is 8 p.m.

Evangelist of the week is Supt. Milton L. Horn, pastor of Jacob's Memorial Church of God in Christ of Nacogdoches, Tex., and First Church of God in Christ, Jasper, Tex.

Ministry music will be rendered by the church choir and evangelist.

Senior citizen supper is set

A senior citizen supper sponsored by the Catholic Daughters of America, Our Lady Star of the Sea Chapter, will be held Sunday, Oct. 15, at 5:30 p.m. in Our Lady Star of the Sea Center. Bingo will be played and door prizes will be awarded.

Supper will be prepared by Ruby Hebert.

Gingham got its name from a town in Brittany, France called Guingamp.

CHIROPRACTIC OUTLOOK

By: DR. KEVIN COX

TENSION HEADACHE

Tight muscles in the back of the neck and the shoulders can be followed by the awful squeezing pain of a tension headache. As the muscles contract, they impinge on nerves; blood vessels around the brain expand; there's a pounding in your head.

Your doctor of chiropractic helps ease discomfort with adjustments that remove the muscular fixation which caused the stiffness. Treatment may include gentle manual traction to stretch and then release neck muscles to relieve tension.

Chiropractic uses no drugs to mask pain. Instead, treatment relieves muscular tension and aches by restoring the normal curve of the cervical spine, freeing your body to heal itself.

FUNERALS

FRANCIS DOUGLAS ARTHUR, SR.

Funeral services for Francis Douglas "Sandy" Arthur Sr., 48, of Cameron, were held Tuesday, Oct. 10, at First Baptist Church.

The Rev. Waymon Culp officiated. Burial was in First Baptist Church Cemetery.

Garage Sale set Sat. Oct. 21

Christian Women of Cameron will hold their annual garage and food sale Saturday, Oct. 21, at the Front Ridge Community Center. Hat and perfume showing will start at 2 p.m.

Shrimp gumbo and spaghetti with meat sauce are among the food items that will be sold.

There will be games and prizes for young and old. The public is invited to attend.

Mr. Arthur died Tuesday, Oct. 3, near Sabine Pass, Tex.

A native of Beaufort, N. C., he lived in Cameron Parish for five years. He was emloyed by Zapata Haynie, where he was chief engineer of one of the boats. He was a veteran of the U. S. Air Force.

Survivors are his wife, Mrs. Barbara Arthur of Cameron; one son, Francis Douglas Arthur Jr. of Orlando, Fla.; one daughter, Mrs. Angela Daley of Orlando, Fla.; two stepsons, Robert Dunno of Seward, Alaska, and Richard Dunno of Houston; one stepdaughter, Mrs. Michelle Racca of Cameron; one brother, Charles Arthur of Beaufort, N.C.; his mother, Mrs. Grace Arthur of Beaufort, N.C.; three grandchildren, three stepgrandchildren and three stepgreat-grandchildren.

REV. JAMES J. DAVIS

Funeral services for the Rev. James J. Davis, 78, were held Sept. 30, in Saints Memorial Church of God in Christ in Lake Charles.

Bishop Roy Windbush officiated. Burial was in Combre Memorial Park.

A native of Woodville, Miss., Rev. Davis was a resident of Lake Charles for 54 years. He had served 42 years as district superintendent for the Lake Charles District of Church of God in Christ, being appointed by the late Overseer James Feltus, Sr. in 1947. He served as Jurisdictional Master of Ceremonies for 35 years; was chairman of the Board of Superintendents, served on the Board of Trustees of the Louisiana Church of God in Christ Corp., and was pastor of St. James Church of God in Christ in Grand Chenier for two years.

He was a recipient of the "Bishop's Award" which has been given to only three persons in the Jurisdiction.

Survivors are his wife, Mrs. Dorothy Davis; four sons, Nathaniel Davis of Los Angeles, Calif., Tommy Samuel of Houston, Tex., Jerry Manuel of Omaha, Neb., and Rodney Williams of Fort Worth, Tex.; three daughters, Deborah Elaine Davis Johnson of Los Angeles, and Ruby Loyce Skinner and Tanya Johnson, both of DeQuincy; three brothers, Adolph Davis of Oakland, Calif., Walter Davis of Baton Rouge, and Percy Holmes of Houston; two sisters, Daisy Steward of Pass Christian, Miss., and Edmonia Veal of Woodville, Miss.; 10 grandchildren and two great-grandchildren.

NOTICE

Public Notice of Federal Consistency review of a Proposed Exploration Plan by The Coastal Management Section/ Louisiana Department of Natural Resources for the plan's consistency with the Louisiana Coastal Resources Program.

Applicant- Enron Oil & Gas company, P.O. Box 1188, Houston, Texas 77251-1188, Attn: Ms. Cheryl Murphy, Room 1919.

Location: West Cameron Area, OCS-G 10592, Block 495, Lease Offering Date - March 1989 (#118).

Description: Proposed exploration plans for the above area provide for the exploration for oil and gas. Exploration activities will include drilling from a jack-up rig and transport of drilling crews and equipment by helicopter and/ or cargo vessel from an onshore base located at Cameron, Louisiana. No ecologically sensitive species or habitats are expected to be located near or affected by these activities.

A copy of the plan described above is available for inspection at the Coastal Management Section, Office located on the 10th Floor of the state Lands and Natural resources Building, 625 North 4th Street, Baton Rouge, Louisiana. Office hours: 8 a.m. to 4:30 p.m., Monday through Friday. The public is requested to submit comments to the Coastal Management Section, Attn: OCS Plans, P. O. Box 44396, Baton Rouge, La. 70804. Comments must be received within 15 days of the date of this notice or 15 days after the Coastal Management Section obtains a copy of the plan and it is available for public inspection. This public notice is provided to meet the requirements of the NOAA Regulations on Federal Consistency with approved Coastal Management Programs.

NOTICE OF NAMES
OF PERSONS APPEARING
TO BE OWNERS OF
ABANDONED OR
UNCLAIMED FUNDS/MONEY

The names listed below have been reported to the Louisiana Department of Revenue and Taxation, as being persons possibly entitled to unclaimed funds subject to the provisions of LRS 9:151-185, Uniform Disposition of Unclaimed Property.

Information concerning the description of the funds and the name and address of the company holding the funds may be obtained by any person having an interest in these funds by addressing an inquiry or calling the Louisiana Department of Revenue and Taxation, Unclaimed Property Section, P.O. Box 91010, Baton Rouge, LA 70821-9010, (504) 925-7425, from 8:00 a.m. to 4:30 p.m., Monday through Friday. When inquiring about these funds, please give the name as it was listed in the newspaper, last name first if applicable. Proof of ownership must be given to the holder (company) holding the account which is listed.

If proof of claim is not submitted to the holder (company) and if the rightful ownership is not established to the holder's satisfaction before October 30, 1989, the funds will be paid no later than November 1, 1989, into the custody of the Secretary of Revenue and Taxation. Once the funds are turned over to the Department of Revenue and Taxation, a claim for refund will not expire and can be submitted at any time using the address listed in the previous paragraph.

The names reported are: Cameron Salvage Yard, P O Box 596, Cameron; Canik, Louis or Orie, Box 104, Grand Lake; Crain Brothers, Grand Chenier; Dinger, Henry J. Sr., Box 735, Cameron; Theriot, Ira M., Rt. 2 Box 83, Creole; Thibodeaux, Theo, Rt. 2 Box 15, Creole.

FOURTEENTH JUDICIAL
DISTRICT COURT
FOR THE PARISH
OF CALCASIEU
Docket Number 22,026
SUCCESSION OF
HELEN WEBER HARRIS

NOTICE IS GIVEN that Willis Noland, the executor of this succession, has applied for ratification of the execution of an oil and gas lease executed by the Estate of Helen Weber Harris, Cherry Ridge Land Company and 3N75 Trust, as co-lessors, and Texaco Inc., a Delaware Corporation, as lessee, on September 14, 1989, on and affecting the following described property in the Parish of Cameron, State of Louisiana, in which the succession owns an undivided interest:

Township 12 South, Range 3 West; Section 23 - The West Half (W/2), containing approximately 320 acres.

Section 22 - the North Half of the Northeast Quarter (N/2 of NE/4), the Southeast Quarter (SE/4) and the South Half of the Southwest Quarter (S/2 of SW/4), containing approximately 320 acres.

Section 23 - The Northwest Quarter (NW/4), the North Half of the Southwest Quarter (N/2 of SW/4) and the Southwest Quarter of the Southwest Quarter (SW/4 of SW/4), which contains approximately 280 acres.

Section 26 - The Southwest Quarter (SW/4) and the Northwest Quarter of the Northwest Quarter (NW/4 of NW/4), which contains approximately 200 acres.

Section 27 - The entire Section, which contains approximately 640 acres.

Section 28 - The East Half (E/2), the Northwest Quarter (NW/4) and the South Half of the Southwest Quarter (S/2 of SW/4), which contains approximately 560 acres.

Total Gross acres leased hereby, more or less are 2,320 acres.

Total Net acres leased are 1,798 acres.

Notice is further given that the lease provides for a total bonus and rentals of Seventy-Five Thousand and No/100 ($75,000,00) Dollars and other valuable consideration and royalties of one-fourth (1/4), the executor to receive an amount proportionate to the interest of the deceased in the property. The other terms and conditions of the proposed lease are set forth in the petition and the attached copy of the lease.

An order may be issued ratifying the execution of this oil and gas lease after the expiration of seven (7) days from the date of publication thereof and opposition may be filed at any time prior to the issuance of said order.

PUBLIC NOTIRE
CAMERON PARISH COASTAL
USE PERMIT APPLICATION

Interested parties are hereby notifed that the Coastal Management Section of the Cameron Parish Police Jury has received the following apparently complete application for a Coastal Use Permit in accordance with the rules and regulations of the Louisiana Coastal Resources Program and R.S. 49:213.1, the State and Local Coastal Resources Management Act of 1978, as amended.

L.C.U.P. Application $89091.

Name of Applicant: George LeBoeuf, P.O. Box 1140, Cameron, La. 70631.

Location of Work: Fractional Section 17, Township 15 South, Range 9 West Cameron Area.

Character of Work: Dredging, fill and structures to provide an impoundment for a marsh crawfish/waterfowl management area. Approximately 6000 cu. yds of sand and clay material will be removed from within the impoundment by dragline or backhoe and used to construct the proposed levee.

The decision on whether to issue a permit will be based on an evaulation of the probable impacts of the proposed activity in accordance with the state policies outlined in R.S. 49:213.2. Permit issuance will reflect in the national concern for both protection and utilization of important resources. The decision must be consistent with the state program and approved local programs for affected parishes and must represent an appropriate balancing of social, environmental and economic factors. All factors which may be relevant to the proposal will be considered; among these are flood and storm hazards, water quality, water supply, feasible alternative sites, drainage patterns, historical sites, economics, public and private benefits, coastal water dependency, impacts on natural features, compatibility with the natural and cultural setting and the extent of long term benefits or adverse impacts.

Certification that the proposed activity will not violate applicable water and air quality, laws, standards and regulations will be required before a permit is issued.

Any person may request, in writing, within the comment period specified in this notice, that a public hearing be held to consider this application. Requests for public hearings shall state, with particularity, the reasons for holding a public hearing.

Plans for the proposed work may be inspected at the Cameron Parish Police Jury Annex Building, Coastal Management Division, Courthouse Square, P.O. Box 366, Cameron, Louisiana, (318) 775-5718. Written comments should be mailed within 25 days from the date of this public notice to Cameron Parish Police Jury, Coastal Managment Division, Post Office Box 366, Cameron, Louisiana 70631.

/s/ Tina Horn,
Coastal Management Division
CAMERON PARISH POLICE JURY

Pool tournament - 1st, Spencer Aplin; 2nd, Patrick Booth; 3rd, Chad Little.

Ping Pong tournament - 1st, Paul Corell; 2nd, Patrick Booth; 3rd, Earl Booth IV.

Fooshball - 1st, Cody Little and Carl Broussard; 2nd, Lance Bonsall and Robbie Peshoff; 3rd, Scott Baccigalopi and Patrick Booth.

Tennis - 1st, Jobe Johnson; 2nd, Scott Baccigalopi; 3rd, Carl Broussard.

Volleyball - 1st place team - Paul Coreil, Tom Hess, Carl Broussard, Mark Theriot, Chad Little and Ron Galloway. Tie between 2nd and 3rd place teams.

The next teen dance is scheduled for Saturday, Oct. 14, from 7:30 until 11:30 p.m. Adult supervision will be provided.

Lacassine to close waters to fishing

The Lacassine National Wildlife Refuge located in Cameron Parish, will close all its waters to fishing and other general use Oct. 15, according to Bobby Brown, manager.

The new road leading to Lacassine Pool will remain open, however, so people may visit that area all year. Only archery deer hunters may travel on refuge waters after Oct. 15.

The purpose of the refuge is to serve as a winter haven for migratory waterfowl. To avoid disturbing the hundreds of thousands of geese and ducks that use the refuge, public use of its waters has to be restricted during this period. The refuge will open again to fishing in March.

TWENTY-TWO Livingston, Ala., University students will complete graduation requirements by doing their student teaching during fall quarter. Student teachers are placed in area schools for practical experience in teaching that is monitored by the faculty at Livingston University. Student teaching from Louisiana is Lane Thomas of Creole.

Cameron Rec Center News

Saturday, Oct. 14, at 10 a.m. will begin Tarpon Honor Day. Games such as tug-o-war, volleyball, sack race, egg toss, pool, ping pong and more will be played.

Also, the old timers will play flag football and the ladies will play powder puff ball.

Barbecue burgers and more will be available with free ice cream to all football players and cheerleaders.

Sunday, Oct. 15, men's cake bake show down at 2 p.m. Rules are: 1. contestants must be males living in Cameron Parish; 2. bring recipe; 3. nothing over a 4 layer cake; 4. baked, then brought to women judges at Rec Plex.

Hackberry Basketball games slated

The Hackberry High School boys and girls basketball games scheduled for October are as follows:

Oct. 13 - Hackberry Jamboree.
Oct. 17 - at Johnson Bayou.
Oct. 20 - at Grand Lake.
Oct. 25-28 - Bell City tournament.

TEEN DANCE
Saturday, October 14

Tarps end Elton's streak

By ROBERT MANUEL

South Cameron last week hammered its way across Elton's goal line for a 28-0 District 7A opening game victory. The game outcome was never in doubt according to a 40 foot banner held up in the stands by Tarpon enthusiastic boosters. The message, "Sorry Elton, the streak ends here", was a sobering thought for any Indians on the warpath. Elton had come into the game with a record 20 district wins without a defeat in four years. They just finally lost to a better team.

South Cameron won the coin toss and elected to kick, putting their trust in the hands of the defense for the first encounter. Elton returned the kickoff to the Tarpon's 36, where a Tarpon gang tackle brought Elton's Williams to a halt.

The Indians failed to move the ball and the Tarpons took over on their 31 yard line. The Tarpons inches its way for two first downs but then the drive stalled with a muffed play and a 10 yard penalty. A 4th down pass attempt resulted in a quarterback sack by the rusing Indians.

Elton took over on their 30, completed a ten yard pass but were flagged for a clipping penalty forcing another Elton punt.

The Tarpons chalked up 3 consecutive first down on runs by Tarpon backs, Moore, Olivier, Duhon and quarterback Rutherford. With 5:55 remaining in the second quarter, Kevin Olivier rammed in from one yard to cap the 60 yard drive. Rutherford made it 8-0 with the extra point run.

The Elton Indians were held on downs once more, giving up the ball on the Tarpon 25, following a punt on fourth down.

Charles Duhon and Thomas "Pop" Moore took turns gobbling up big yards. Moore made it 14-0 from 14 yards out with time running out in the second quarter. The Elton Indians had managed but 7 yards rushing and one pass completion of 10 yards in two quarters of play. The Tarpons had picked up 8 first downs to Elton's 0.

South Cameron received the second half kickoff, starting its third touchdown march from its 41 yard line. The drive picked up two first downs on the ground. Quarterback Robin Rutherford took to the airways following a 10 yard penalty, connecting with wing back Charles Duhon deep in Indian territory. With two steps behind the defense, Duhon sprinted into the end zone to make it 20-0 in the third quarter.

Elton received the kickoff, starting a drive from its 25. The Indians chalked up two consecutive first downs, their first in the contest. Their drive ended with a lost fumble to Tarpon defenders.

The Tarpons started their final scoring drive early in the fourth quarter. Charles Duhon took it in from 18 yards out to cap the 54 yard drive. Lionel Robert made it 28-0 with a 2 point pass reception from Rutherford.

The Indians had two fourth quarter drives halted by fumble losses to the Tarpon's Dwayne Guilbeaux and Chris Daniels.

South Cameron is now 1-0 in district play and 5-1 overall. Elton drops to 0-1 in district and 2-4 overall.

South Cameron will play Rosepine at Rosepine this Friday, at 7 p.m. Rosepine was edged out 16-15 by East Beauregard, South Cameron's Homecoming opponent next week.

STATISTICS

Elton		S. Cameron
4	First Downs	15
46	Rushing Yardage	236
117	Passing Yardage	60
9-17-0	Passes	3-5-0
3-31	Punts	1-42
3-2	Fumbles, lost	3-1
5-45	Penalties, yards	4-30

SCORE BY QUARTERS

Elton	0	0	0	0	— 0
S.Cameron	0	14	6	8	—28

SC — Kevin Olivier 1 run. Robin Rutherford run.

SC — Chester Moore 15 run. Run failed.
SC — Charles Duhon 39 pass from Rutherford. Run failed.
SC — Duhon 10 run. Lionel Roberts pass from Rutherford.

Parish folks fair winners

Winners Best of Show categories were announced by the Calcasieu-Cameron Fair. Best of Show winners, as listed by fair officials were Debra McCall, Cameron, Cooking Division, Butterscotch Crunch Cake; and Marjorie Parnell, Hackberry, Hobby Craft Division, Shell dining accessories.

Elem. library given books

South Cameron Elementary School annouces the recent addition of several memorial books to its library.

The following title is to the memory of Roy Francis Hebert: Health and Medicine, Iris and Jimmy Trahan, Tanya and Tricia.

In memory of John Merrill Nettles, Little Britches Rodeo, Dr. and Mrs. Marck Smythe.

In memory of Floyd Nathan Kelley, World of Birds, Dr. and Mrs. Marck Smythe.

In memory of Adam Hebert, Sr., Sharks, Dr. and Mrs. Marck Smythe.

In memory of Mrs. Anna Paris, Stamp Your Feet, Dr. and Mrs. Marck Smythe.

In memory of Clyde S. Hall, Steam Railways of the World, Travis S. Gossen.

In memory of David Louis Crowson, Sr., The Big Book of Real Airplanes, Charlotte Crowson Bailey.

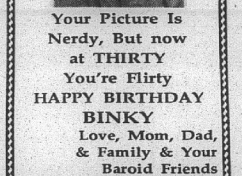
The following titles are dedicated to the memory of Mrs. Mary Annie Meaux: The Polar Express, Elma and Adam Hebert; Clovis Crawfish and the Orphan Zo-Zo, Elizabeth and D. L. Brasseaux and Dickie and Michael; The Tales of Uncle Remus, Iris and Jimmy Trahan, Tanya and Tricia; Gulliver's Travels, Wende and Greg Wicke.

TIDBITS

Coach Donna Welch and Willie Daigle are doing a good job of keeping the Tarpon stats. Joshua Soileau, out with a broken arm, was a big help to me keeping stats, while I also took pictures.

Thomas "Pop" Moore, Travis Pradia are all recovered from injuries and were ready to play in the Elton game.

John Ray LaBove, J. M. Boudreaux and Joshua Soileau may be out for several more weeks. Reggie Godette is out for the season because of surgery in the summer.



The Tarpons are rolling on, much like the tidal wave of 82-83 (Gabe LaLande and company).

Tarpon linebacker Joey Trahan had 9 solo tackles and one quarterback sack. Dwayne Guilbeaux had 7 and one fumble recovery.

14TH JUDICIAL DISTRICT COURT
PARISH OF CALCASIEU
STATE OF LOUISIANA
SUCCESSION OF
NO. 26,971
HAZEL ESTELLE VINCENT
FILED: 9-14-89
MELBA TROSCLAIR,
DEPUTY CLERK

NOTICE OF APPLICATION FOR AUTHORITY TO SELL IMMOVBLE PROPERTY AT PRIVATE SALE.

NOTICE IS GIVEN that Lastie Paul Vincent, Jr., Executor of the Succession of Hazel Estelle Vincent, has petitioned this court for authority to sell immovable property of the Succession at private sale in accordance with the provisions of Article 3281 of the Code of Civil Procedure for $1,500.00 cash, with the Succession to pay all encumbrances, pro rata taxes, and pay for all proper certificates. The immovable property proposed to be sold at private sale is described as follows:

(1) An undivided one-fourth (1/4th) interest in and to that certain property situated in Calcasieu Parish, Louisiana, described as follows:

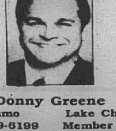
That certain tract commencing four hundred twenty (420) ft. North from Southwest Corner of Northeast Quarter of Northwest Quarter (NE 1/4 of NW 1/4), Section Twelve (12), Township Nine (9) South, Range Twelve (12) West, thence North four hundred twenty (420) ft., thence East four hundred twenty-four (424) ft., thence South four hundred (420) ft., thence West four hundred twenty-four (424) ft. to point of commencement, acquired from Edwin F. Gayle.

(2) An undivided one-half (1/2) interest in Northenst Quarter of Southeast Quarter of Southwest Quarter (NE 1/4 of SE 1/4 of SW 1/4) of Section 22, Township 10 South, Range 13, West.

(3) An undivided 1/160th interest in and to all oil, gas, and other minerals produced and saved from the following described property situated in Acadia Parish, Louisiana, to-wit: The Northeast Quarter (NE 1/4) of Section 42, Township 9 South, Range 2 West, La. Mer., less about 15 acres in the Northeast corner thereof formerly belonging to Eunice Crowley Oil Company, leaving about 144 acres; as per deed from Jack Lockett dated November 22, 1926, and from Mrs. Bertha Dietz dated December 23, 1926.

(4) An undivded 1/96th royalty interest in and to all oil, gas, sulphur, or other minerals save and the products from the following described lands situated in the Parish of Cameron, State of Louisiana, to-wit: West Half of southeast Quarter (W 1/2 of SE 1/4) of Section 31; South Half of Southwest Quarter (S 1/2 of SW 1/4) of Section 32, Township 12 South, Range 7 West; West Half (W 1/2) of Section 5, all of Section 6, North Half (N 1/2) of Section 7; Northwest Quarter (NW 1/4) of Section 8, Township 13 South, Range 7 West; all of Sections 1, 2, 31 and East Half (E 1/2) of Section 4; East Half (E 1/2) of Section 9, all of Sections 10, 11, 12; North Half (N 1/2) of Section 13; North Half (N 1/2) of Section 14, Township 13 South, Range 8 West; North Half (N 1/2) of Section 24, Township 12 South, Range 8 West, Louisiana Meridian, all of Section 15, South Half (S 1/2) of Section 14 and South Half (S 1/2) of Section 13, Township 13 South, Range 8 West, also South Half (S 1/2) of Section 7; South Half (S 1/2) of Section 8; North Half of Northwest Quarter (N 1/2 of NW 1/4) and North Half of Northeast Quarter (N 1/2 of NE 1/4) of Section 17; North Half of NOrth Half of North Half (N 1/2 of N 1/2) of Section 18, Township 13 South, Range 7 West, containing 2240 acres, more or less.

(5) An undivided 1/2 of an undivided 1/2 interest in and to the royalties or revenues acquired by C. O. Noble from S. A. Carroll in instrument dated September 10, 1924, derived from the exploitation for oil, gas or other minerals, under lease to Vacuum Oil Company covering a 1/10th interest in and to an undivided 60 acre interest in an undivded 1/2 interest in 640 acres of land more fully described as the South Half of Northwest Quarter (S 1/2 of NW 1/4) and southwest Quarter (SW 1/4) of Section 4; South Half of Northeast Quarter (S 1/2 of NE 1/4) and Southeast Quarter (SE 1/4) of Section 5, and North Half of Northwest Quarter (N 1/2 of NW 1/4) of Section 9, all in Township 10 South, Range 9 West.



(6) An undivided 1/2 interest in an undivided 9/10ths interest in and to an undivided 1/8th royalty interest or mineral rights in and to a fourth acre interest in an undivided interest in 651.5 acres of land located in the Parish of Calcasieu, State of Louisiana, purchased by John Isaacs from Marie Arnaudet Castille, et al, on November 9, 1923, by act of sale passed before W. H. Adams, Notary Public of Jefferson Davis, Louisiana, decribed as follows, to-wit: The South Half of the NOrtheast Quarter (S 1/2 of NE 1/4) and the Southeast Quarter (SE 1/4) of Section 5; the North Half of the Northeast Quarter (N 1/2 of NE 1/4) of Section 8; the South Half of the NOrthwest Quarter (S 1/2 of NW 1/4) and the Southwest Quarter (SW 1/4) of Section 4, and North Half of the Northwest Quarter (N 1/2 of NW 1/4) of Section 9, all in Township 10 South, Range 9 West, La. Mer., containing 651.5 acres, more or less, as per deed to Charles O. Noble and Sloan A. Emerson from said John Isaacs dated November 12, 1923.

(7) An undivded 1/4th interest in and to a certain mineral lease acquired by Maurice J. Muller from the State of Louisiana, covering and affecting the bed of Bayou D'Inde in Section 5 and Maple Fork of Bayou D'Inde in Sections 5 and 6, Township 10 South, Range 9 West, and the bed of Bayou D'Inde in Section 12, Township 10 South, Range 10 West, La. Mer. in Calcasieu Parish, Louisiana; also an undivded 1/4th interet in and to all rights and privileges and properties conveyed by said instrument of lense, recorded in Book 198 of Conveyances, Page 604, Calcasieu Parish, Louisiana, as per deed from said Maurice J. Muller, dated January 12, 1924.

Any heir, legatee, or creditor who opposes the proposed sale must file his or her opposition within seven (7) days from the day on which the last publication of this notice appears.

THE SOUTH CAMERON High School Drug Free Team released balloons Friday at the football game to kick off Substance Abuse Awareness Month. Helping them were members of the Cameron Parish Special Olympics Team.

Port commissioners are sworn in

Shown above being sworn in as the commissioners of the recently reactivated West Cameron Harbor, Port and Terminal District were, from left:

Karl Fournerat, Rodney Guilbeaux, Tony Smith, C. J. Kieffe, J. P. Constance, Kenneth Ducote and Clifton Cabell. Deputy Clerk of Court Cynthia King administered their oaths.

Elected as officers of the new commission were Clifton Cabell, president; Karl Fournerat, vice-president; and Don Criglow, secretary-treasurer. Criglow was selected as member at large by the commission.

CAMERON OUTDOORS

Refuge to be dedicated Sat.

By Loston McEvers

RUMOR TOLD

Rumors are out but nothing official, that some deer are dying in the Grand Chenier area. I talked to someone at Rockefeller and they are checking on this situation.

REFUGE DEDICATION

The new Cameron Prairie National Wildlife Refuge will have its dedication Saturday, Oct. 14, at the Grand Lake High School.

Cameron Prairie is the 447th national wildlife refuge in the National Wildlife Refuge System. It is the first refuge established under the Gulf Coast Joint Venture of the "North American Waterfowl Management Plan."

The new refuge is 9,600 acres. It can provide wintering habitat for about 100,000 ducks and 30,000 geese.

The nation's 448th national wildlife refuge has been established, again in Louisiana. It is located about 30 miles southeast of Alexandria. The new refuge is approximately 30,000 acres of bottomland hardwood swamp and was always considered a top priority. Again, wintering should hold 100,000 mallards and pintails

FISHING CLOSES

Sabine and Lacassine National Wildlife Refuges will close down for fishing Oct. 15, throughout the winter months, usually opening March 1.

Check with each refuge to see which canals can be used for boat traffic during these months.

DUCK AND GOOSE OUTLOOK

According to all reports I've gotten, when our duck and coot season open Nov. 18, we're in for quite a surprise.

We already know it's a three duck limit per day. No more than two mallards, only one which may be a female, two wood ducks, one black duck, one redhead and one pintail may be bagged within the daily bag limit. Canvasbacks cannot be taken at all anytime. Possession is twice the bag limit.

Word is out that we'll probably have less ducks down in Southwest Louisiana this season, than last season. The hatch was way off and will probably not see many young birds.

I do know that if we would have had a teal season this year, we could have stayed home, as we still don't have any teal down here to amount to anything. I know this will be bad, but I'm for the 3 duck limit if it helps start a new population of ducks, because the next thing will be to close the season. Duck season will be a two way split. Nov. 18 through Dec. 4, and from Dec. 26 through Jan. 7.

In the goose season we're supposed to see many more down here than we've seen in previous years.

The statewide goose season will begin Nov. 18 through Dec. 4, for blue, snow and white-fronted geese (speckle belly). The season will reopen Dec. 15, and close Feb. 5, for the same species of birds.

An additional nine days of blue and snow goose hunting will be allowed from Feb. 6 through Feb. 14, which will make a 79 day blue-snow goose season.

Something else new this year is a bag limit of 7 per day for geese; which may include a mixture of blue, snow, and white-fronted (speckle belly), however, no more than two may be white-fronted. Possession limit is twice the daily bag limit.

If we're over populated on blues and snows, the extra kill is fine. I just hope we don't do like the ducks and kill ten a day for 10 years or until we don't have any left.

QUAIL

This is something that I remember really enjoying - hunting down here in Cameron Parish and good eating. Now, if you see a covey of quail, you need to protect them because they're gone. I have a covey at my house of about 14 or 15 and I feed them and protect them.

I did have a quail gumbo last week, but I had to buy these off of a quail farm. Yes, they're just as good eating, expensive yes, and no because hunting is expensive today.

We do have a good quail season for Louisiana, beginning Nov. 23 and running through Feb. 28, with a daily bag limit of ten and possession of 20.

When I see this long season and bag limits I thought to myself, if I kill all in the covey around my house, I would wipe them out in two days and still not have a full two day possession bag limit.

High-quality buttons are perhaps the quickest tip-off about the quality of clothes. Good buttons are bone, leather, pearl or metal.

SCHOOL BOARD NEWS BRIEFS

VEHICLE MAINTENANCE

Supt. Roger Richard presented the board a proposal for setting up its own maintenance shop to take care of the 31 buses owned by the board, other board vehicles and tractors. He estimated that the board could save as much as $14,000 a year on labor and $12,000 on parts by doing its own maintenance work.

He proposed that the maintenance shop be set up using the old gym at the Vo-Tech school on the Front Ridge. The board had previously agreed to lease this property to a local concern to set up an oyster purification plant, but apparently the project has fallen through due to the inability to secure permits.

HUNTER SAFETY PROGRAM

The board was told by Asst. Supt. Robert Ortego that a hunter safety education program will be begun in eighth grade classes in the parish starting next March to meet a requirement that young hunters must take such a course before they can get their hunting licenses. He said that the Wildlife & Fisheries Dept. will train teachers in each school to conduct the courses.

MRS. SEAY NAMED

Mrs. Betty Seay, Hackberry board member, was reappointed by the school board to serve as a legislative liaison person between the board, area legislators and the Louisiana School Board Association.

BIDS ASKED

The board authorized the advertisement for bids for a new driver's education car with an old driver's ed car with a blown engine to be used as a trade-in.

It also authorized advertising for sale the old South Cameron athletic bus that also needs a new engine, although the body is in good shape. The school already has a new athletic bus.

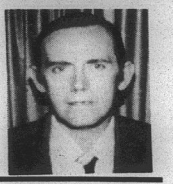
Personnel discussed

Several personnel matters were taken up by the Cameron Parish School Board at its monthly meeting Monday.

Molena Mae Burch was appointed as a part-time lunchroom worker at Johnson Bayou High School.

The board received notice of John Morgan's intended retirement as a maintenance worker on Jan. 1, 1990.

It was reported that the person who had been hired as the half time guidance counselor at Johnson Bayou High School and the half time gifted and talented teacher at Johnson Bayou and Hackberry High School had resigned and that no replacement has been found.



NICOLE FENETZ, 4 year old daughter of Tony and Kelli Fenetz, recently won first runnerup in the Cal-Cam Fair Tiny Tot Contest in Sulphur.

REMEMBER?

James Welsh dies in 1921

By Keith Hambrick

(Lake Charles American Press, Oct. 15, 1921)

JAMES WELSH

More than 100 years of age, James Welsh, one of the oldest citizens of Southwest Louisiana, died last night (Oct. 13) at the home of his daughter, Mrs. C. B. Jones, of Cameron.

In spite of his advanced age, Mr. Welsh had been in almost perfect health until the day before yesterday, when he was suddenly taken ill. His mind was clear and active and he kept in touch, through reading, with the affairs of the nation and the world, in all of which he was much interested, and concerning which he liked to talk.

Left an orphan, in Mississippi, when 12 years old, he began work on a schooner. A shipwreck landed him on the Cameron coast, where he had since made his home. He became one of the youngest schooner captains to be found along the coast and for many years worked between Lake Charles and Galveston and New Orleans, transporting loads of lumber.

He homesteaded a large tract of land in Cameron Parish and raised large droves of cattle. He served as representative of Cameron Parish under the administrations of three different governors and for many years was parish superintendent of schools.

Though his own education was acquired under much difficulty, having to make his own living from the time he was a small boy and having few school opportunities, a wide reading had supplied these deficiencies. He was an ardent advocate for world peace and often expressed the opinion that in the present state of civilization and enlightenment, war is a disgrace and a crime.

"Grandpa" Welsh is survived by one sister, Mrs. Geo. Wakefield, of Cameron, who is about 96 years of age, by four sons and three daughters. These include John Welsh and L. B. Welsh of Port Arthur, Amedee P. Welsh, registrar of voters of Cameron, James Welsh of Lafayette, Mrs. George Nicholson of Port Arthur, Mrs. J. B. Meaux of Cameron and Mrs. C. B. Jones of Cameron. There are many grandchildren and great-grandchildren.

Parish students take stand against drugs

By ULAND GUIDRY

Cameron Parish high school students have decided to take a stand and join forces in the fight against drug use.

Sept. 23, they took part in the REACH America training program (Responsible Educated Adolescents Can Help America - Stop Drugs!) a seminar offered by the National Federation of Parents for Drug-Free Youth.

The program, which was sponsored by the Cameron Parish School Board and Drug Free Schools Advisory Council, trains older students to be "peer leaders" -- good role models who know the facts about the hazards of drug and alcohol use and are willing to help educate their peers and younger students.

The REACH America training program presents the facts about drugs along with ideas on how to present the topic to elementary school students. It is a catalyst to get high school students out into different schools spreading the "just say NO" message.

Never before have children had so many choices - they are bombarded with pro-drug messages from the media and entertainment industries, and especially from their peers. That is why peer leaders are such an important part of the solution to the drug and alcohol problem.

They can break the chain of peer pressure to use drugs in two ways: First, they can show their peers and younger students that they lead a drug-free life - that not "everyone" is using drugs.

Second, they can give other students the facts on the dangers of alcohol and drug use. Armed with facts and positive role models, youth can feel confident in their decision to say NO! to drugs.

We salute the efforts of our area high school students and wish them luck and continued support in their fight against drugs.

Secretaries to get raises

Secretaries in the Cameron Parish seven schools will receive salary adjustments bringing them in line with the pay received by secretaries in the Cameron Parish School Board Office.

This was the result of action taken Monday at the monthly board meeting at the urging of Hackberry Board Member Betty Seay.

She noted that the school secretaries earn about $1 an hour less than those in the central office.

"I feel that all of our secretaries, school or central office, should work at the same (pay) rate," she said. "I don't think that our school secretaries should be penalized. I realize that they only work 200 days per year, as opposed to the central office, but for those 200 days, I think they should get the same hourly rate that the others get."

But board president Arnold Jones disagreed with Seay, stating:

"Every year when we get our audit, there wasn't one school in the parish that had a pretty good audit. This is the secretaries' (and the principals') job responsiblity to handle that money. This burns me up to see 10 and 12 exceptions at one school year after year. I cannot, if you're looking at performance, recommend a raise for somebody that doesn't improve their audit every year."

After an extended discussion Mrs. Seay's moton to equalize the secretaries' salaries passed 5-1 with Jones voting no.

Video given

The Cameron Youth Council has donated a VHS video, "Young People and Aids", to the Cameron Parish Library. The video combines interviews with young people, animation and the commentary of national authorities on AIDS education for an effective nonjudgmental presentation. The video is suited for young people ages 11-18.

Hackberry News

By GRACE WELCH

VISITOR

John (Bugger) DeBarge visited his parents, John and Flo DeBarge and Delia. He is coaching at Menard High School in Alexandria.

REUNION

The Mustangs of the 40's and 50's will hold their class reunion Oct. 21, at Hackberry Community Center. Reservations may be made by writing to Adam Duhon, Box 441, Hackberry, La. 70645.

Seniors: Tara Sanders, Benny and Eloise Sanders; Racheal Ducote, Kenneth and Lilly Mae Ducote; Dana Haley, Marsha Ellender.

The game will be played with W. O. Starks Nov. 17.

Baby christened

Mr. and Mrs. Jeffrey Duncan Fox of Orangefield, Tex., had their infant son, Jeffrey Scott, christened in the First United Methodist Church of Lake Arthur last Sunday. Dr. James Jones, pastor of the church, performed the ceremony.

The mother is the former Lisa Fabriguze. Grandparents are Mr. and Mrs. Charles H. Fox of Milton and Mr. and Mrs. John Fabriguze of Carlos. Paternal great-grandparents are Mrs. Bernice Stewart Denny of Iowa and the late A. P. Stewart and Mr. and Mrs. C. H. Fox of Lake Arthur. Maternal great-grandmothers are Mrs. Rachel Guillory and Mrs. Earle Lyons of Carlyss.

Mrs. Denny, Mrs. Lyons, and Mr. Stewart were all formerly of Cameron.

Following the church service a dinner was held in the home of the C. H. Foxes in Lake Arthur. Nearly 30 guests were present.

In addition to the baptismal celebration the birthday anniversary of Clinton H. Denny, Sr., was observed.

Seminar set at schools

The Cameron Parish School Board has announced that Cameron Parish high school students will hear the Life Expose Seminar presented by Jerry Johnston on Oct. 23 and 26.

Mr. Johnston is a widely sought after speaker in American high schools today on the subject of drug abuse, suicide and other problems of our youth. He has spoken to over two million students in 1800 schools in the United States.

Life Expose is scheduled as follows:

Monday, Oct. 23, 10:30 a.m. at Hackberry High School.

Thursday, Oct. 26, 1:15 p.m. at South Cameron High School.

Johnson Bayou High School students will attend the program in Hackberry and Grand Lake High students will attend at South Cameron High School.

Parents and other interested person are invited to attend.

Speaker told

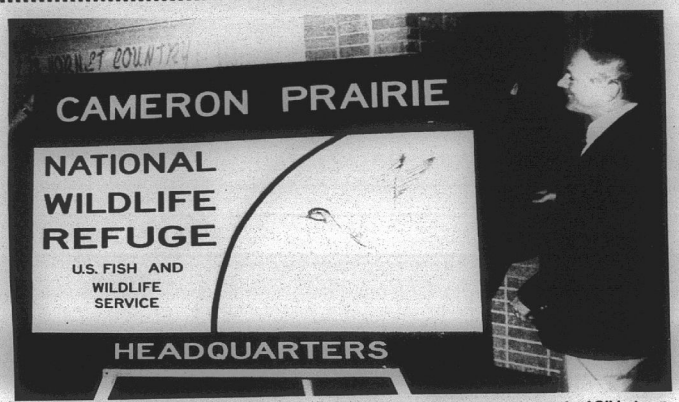
Joe Dunston, out-patient counselor with the chemical dependency unit of Charter Hospital will speak on "adoleacent substance abuse" at the Cameron Elementary auditorium at 7 p.m., Tuesday, Oct. 24 as part of the Substance Abuse Awareness Month program in the parish.

The public is invited to come out and hear Mr. Dunston. He received his Master of Psychology degree from the University of Alabama and lives in Sulphur.

Seminar held

A Medicare Supplemental Insurance Seminar was held in the Police Jury Room Oct. 10, hosted by the Cameron Council on Aging. Those in attendance heard information presented by Mrs. Helen Derbonne of Lake Charles, and Christine Crittendon of Lafayette.

The group was welcomed by Dinah Vaughn, Executive Director of CCOA. Also speaking to the group was Jennifer Bercier, assistant district attorney of Cameron Parish.



The Cameron Council on Aging wishes to thank the following for aid with the seminar; Jennifer Bercier, Eddie Conner, Helen Derbonne, Christine Crittenden, Gulfway Donuts, Cameron State Bank, Cameron Insurance and the Cameron Police Jury.

Pep rally set

A Pep Rally will be held at 2:20 p.m. in the school gym on Friday, Oct. 20. A Homecoming King will be crowned and a special presentation of the cheerleaders from 1980 and 1965. These cheerleaders are asked to contact Mrs. Perry or Mrs. Little at school before Friday.

AMONG THE speakers at the dedication of the new Cameron Parish National Refuge Saturday were, from left: Paul Yakupzack, refuge manager; Senator Bennett Johnston; Virginia VanSickle, state wildlife dept. secretary; and State Rep. Randy Roach.

SENATOR J. BENNETT JOHNSTON here unveils a sign that will be put up north of Gibbstown at the entrance to the new Cameron Prairie National Wildlife Refuge. Johnston and other officials attended a dedication ceremoney for the new refuge Saturday at Grand Lake high school.

New wildlife refuge is dedicated here

BY JERRY WISE

The 9,600 acre Cameron Prairie National Wildlife Refuge was officially dedicated Saturday at ceremonies held at Grand Lake high school which were attended by several hundred persons, including two members of Congress.

Senator J. Bennett Johnston served as master of ceremonies and unveiled the refuge sign which will be erected at the entrance to the refuge north of the Gibbstown bridge.

Also present for the ceremony were Congressman Jimmy Hayes and James W. Pulliam, Jr. of Atlanta, regional director for the U. S. Fish and Wildlife Services.

Others on the program were State Rep. Randy Roach; Virginia VanSickle, secretary of the La. Dept. of Wildlife & Fisheries; Police Juror Brent Nunez; School Board Member Ricky Guidry; Paul Coreil, president of the Cameron Parish Chamber of commerce; Paul Yakupzack, manager of the new refuge; and Monsignor Gaddy, who gave the invocation.

Senator Johnston told the audience that the federal government will spend $8.2 million in establishing the new refuge, including $2.1 million for a visitor's center.

He told about an amendment that he had introduced to the appropriates bill that would provide $75 million for wetlands work. However at the last minute the amendment had to be recalled due to national budget problems.

He also reported on a 7 year study costing $9 million that will determine what kind of grasses and plants will survive in the coastal marshes that have been invaded by salt water.

Mr. Pulliam said the new refuge is a part of the North America Waterfowl Management Plan and will provide much needed wintering grounds for waterfowl.

Rep. Roach thanked Senator Johnston for trying to get federal legislation for additional wetlands preservation. He noted also that he had introduced a bill in the Louisiana Legislature this year to build a visitors center at the Rockefeller Refuge, a state refuge in Cameron Parish.

Mrs. VanSickle noted that 41 percent of the coastal wetlands in the United States are in Louisiana which also has 80 percent of the wetlands losses. She said that Louisiana has one quarter of the waterfowl during the winter, the largest fur harvest in the nation and the largest population of alligators.

Juror Nunez welcomed the visitors to the community and said the refuge was welcomed because of the new revenues it will bring the parish.

School Board Member Guidry thanked everyone for helping put on the dedication ceremony.

special awards were given by Mr. Pulliam to Bobby Brown, Lacassine Wildlife Refuge manager, for 30 years of service; and John Walther, Sabine Refuge manager, for 40 years of service.

A meal was served to the visitors following the program and tours of the new refuge were conducted.

REMEMBER?

Road surveyed in 1924

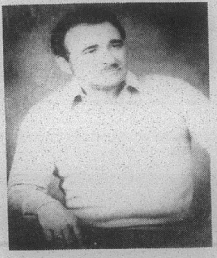
By Keith Hambrick

Lake Charles American Press, Oct. 20, 1924

CAMERON ROAD SURVEYED

Engineer L. C. Smith, working out of the state highway commission's office in Baton Rouge, and his assistant Milburn Kimball of Hammond, have completed the first survey for a highway from Lake Charles to Cameron and are returning to Baton Rouge for a couple of days, according to a statement made by Engineer Smith Monday evening.

The survey which has just been completed, Mr. Smith stated, began at Holmwood and intersected the Cameron-Grand Chenier highway at Creole. From that point it continued in a southeasterly direction to Mermentau Pass on the Gulf. It crossed the marsh there to the ridge on which the beach hotel is situated.



Mr. Smith said that he believes the survey lies along a ridge between the Mermentau and Calcasieu rivers and that all the entire distance from Holmwood to Creole, he found a clay bottom at a depth of about four feet. This was red and blue clay.

Concerning the proposed western route from Grand Lake south along the eastern shore of Calcasieu Lake, Mr. Smith said that when he returns from Baton Rouge he will begin work on it, as the marsh will then be still drier than it is now. He stated that he is leaving all his equipment here and is engaging his force of men for work when he gets back again.

Rodeo is Sat.

The sixth annual Boys Scouts of America youth fishing rodeo on Monkey island has been rescheduled for Saturday, Oct. 21. The program remains intact with an Early Bird session from 6:30 a.m. to 7:30 a.m. and the regular session from 8:00 a.m. to 2:00 p.m.

The youth fishing rodeo, open to all youth, boys and girls, was rescheduled because of the high tides resulting from Hurricane Jerry last week.

JOHNNY ALLAN, a south Louisiana musical legend, will be performing at the Special Olympics Dance Friday, Oct. 20 at the KC Hall in Cameron. He has had several best-selling single records in south Louisiana and England over the past three decades and is the author of a 800 page book "Memories, A Pictorial History Of South Louisiana Music, 1920's-1980's. Allan is a retired school principal.

Gator sale is new high here

A total 1151 alligator hides were sold at the recent alligator sale held at the parish barn near Cameron, an increase over the 1042 hides sold last year. Eighty-one other hides were bid on but owners declined the bids.

The total paid for this year's hides was $350,000, also an increase over the $328,000 paid last year. However, the average price per hide was down slightly to $44.75 as compared to $46.50 last year.

There were 51 lots of hides representing the work of 48 hunters sold this year. Last year there were 57 hunters.

Paul Coreil, parish fish and wildlife agent, said the hunters who sold at the Cameron auction did better than those who later sold at the Vermilion parish auction. A total of 1000 hides were offered there including 50 lots, however on 20 lots there no bids since the market had weakened.

Some damage reported at Constance Beach

Hurricane Jerry, which hit the Texas coast near Galveston, Sunday, presented a threat to Cameron parish for several days and many people evacuated the lower part of the parish.

However, the only significant damage reported was in the Constance Beach area between Holly Beach and Johnson Bayou where some 8 to 10 feet of beach front was lost in some places. However there was no loss of camps.

This was the same area that was hard hit earlier this year by Hurricane Chantal that did a great deal of damage to the beach, to camps and to Hwy. 82 along the Gulf.

Rodney Guilbeaux, a resident of Constance Beach, said that the tide did not come over the residential area this time as it did in Chantal but that the highway was flooded. The highway was not greatly damaged although it was closed for awhile by the high tides.

School dismissed in Cameron parish Monday due to the storm threat.

Drug free program to be held here Nov. 13

Everyone has been invited to participate in a special ceremony to be held at 12 noon on Monday, Nov. 13 in front of the Cameron Elementary School auditorium at which time the first Cameron Parish Drug Free Zone at a parish school will be established.

Also scrolls signed by students and individuals pledging not to use alcohol or other mood-altering drugs during "Celebration Week," Oct. 15-21 will be deposited in a special chest.

Uland guidry, Cameron Parish Supervisor of Student Services for the School Board, made these comments:

"For the last several years Cameron Parish Schools have been sponsoring various activities to celebrate Substance Abuse Awareness Week during October. This year the entire month of October is being observed as Substance Abuse Awareness Month. Additionally, the week of October 15-21 will be Celebration Week. During this week, all Cameron Parish students and staff will be signing scrolls pledging not to use alcohol or other mood-altering drugs.

As part of our efforts to promote this theme, we are asking people in business and industry, parish officials, companies, church congregations, members of community clubs and organizations, parents, students, indeed all citizens of Cameron Parish to join us in this celebration in order to make it a community-wide effort. You may participate in this Celebration by signing scrolls pledging not to use alcohol or other mood-altering drugs during Celebration Week Oct. 15-21."

Bon fire set

The first annual community bon fire will be at 6 p.m. at the Cameron Rec Plex, to support the 1989 Tarpons. The public is urged to attend and bring your noise makers. A trophy will be presented to the loudest spirited group in attendance. The trophy has been donated South Cameron hospital.

South Cameron Memorial Hospital challenges all comers.

Supper reset

The Senior Citizens Supper due to hurricane Jerry has been rescheduled for Sunday, Oct. 22 at 5:30 p.m. Sponsored by the Catholic Daughters of America Our Lady Star of the Sea chapter in Our Lady Center. Bingo will be played and door prizes will be awarded. Supper will be prepared by Ruby Hebert.

JAMES W. PULLIAM, Jr., left, regional director of the U. S. Fish & Wildlife Service, presented 40 and 30 year plaques, respectively, to Sabine Refuge Manager John Walther, center, and Lacassine Refuge Manager Bobby Brown last week.

FOUR MEMBERS of the Cameron Karate Institute recently competed in a karate tournament in Lafayette and all 4 placed in their respective sparring divisions. Attending were Mike Hebert, 2nd mens brown belt division; Tabitha Hendrix, 1st Little Tigers division; Wooley Dyson, 3rd Jr. beginner heavy wt.; and Walter Murrell, 2nd Jr. beginner light wt. division. The class was accompanied by their instructor Tommy Mouton who is ranked seventh in the world in Full-contact Karate.

SHOWN AT the recent Cameron Parish Chamber of Commerce reception at Johnson Bayou honoring area legislators was Chamber President Paul Corell presenting bouquets to two of the oldest residents of the area, Eunice Griffith, 83, Johnson Bayou, and Felicia Choate, 84, Constance Beach.

Hack, Jr. 4-H in Beachsweep

Hackberry Jr. 4-H members attending the beach clean-up Saturday, Sept. 23, were: Trisha Silver, Michael Fontenot, T-Claude Devall, Shelly Fontenot, Heather Spicer, and Ben Carpenter.

Jeromy Nolan, reporter

Hack. Sr. 4-H cleans beaches

Hackberry Senior 4-H members participated in the 1989 Beach Sweep. Three members helped clean Holly Beach.

The members involved with Thad Little, Ronnie Kershaw, and Ricky Silver.

Bobby Albair, reporter

CHIROPRACTIC OUTLOOK

By: DR. KEVIN COX

ON THE JOB

Low back injuries on the job are a leading cause of lost work time. It's been estimated that backaches cost some $50 billion a year in the price of care and lost productivity in the U.S.

Chiropractic care can be effective in treating industrial low back injuries. Chiropractic spinal manipulative therapy helps get the injured worker back on the job in the shortest time with the fullest recovery possible. This treatment has proved to be a cost-effective option.

Another advantage to chiropractic care: there are no hospital stays or drugs involved.

South Cameron Home-Coming set for Friday

BY KAREN WHITE

The 1989 South Cameron High School homecoming game will be held this Friday, Oct. 20, when the Tarpons take on the East Beauregard Trojans at 7 p.m. A pep rally in the new gym will start at 2:15 with the court and their escorts being presented. A homecoming king will also be crowned. Special guests of the pep rally will be the 1965 and 1980 cheerleaders. A reception honoring the court and the classes of 1940, 1965 and 1980 will be at 5:30 p.m.

Members of this years court are Sharonda Williams, Billie Jo Trahan and Sue Carroll, seniors; Dixie Willis and Sherrie Thomas, juniors; Trenda Thomas, Jenny Theriot, sophomores; Tricia Trahan, Shelly Broussard, freshmen; Brandi Sturlese and Larica Boudreaux, eighth grade.

The court will be introduced before the game, with the queen being crowned at half-time ceremonies.

Representing the senior class, Sharonda has been named an outstanding student in English I, Algebra I, Civics, and Physical Science. Serving her freshman and sophomore class as president, she was chosen Most Likely to Succeed both years. A varsity cheerleader for two years, Sharonda was named Student Council Sweetheart last year and was junior class vice president. The president of the senior class, she is the daughter of Michael Semien and Linda Felton. Her escorts for the pep rally are Lionel Roberts and Joey Trahan.

Billie Jo, the daughter of Mr. and Mrs. Billy Ray Trahan will be escorted at the pep rally by Shane LeBlanc and Shawn Rogers. Serving her freshman and junior classes as secretary, and the sophomore class as reporter, Billie Jo was named Miss Sophomore and Miss Junior. Making this her second year on court, she has been the FFA reporter and secretary and has been active in FFA for 4 years. Other clubs include 4-H, 4 years; FBLA, 2 years; FHA, 1 year; Beta, 3 years.

Senior class reporter and cheerleader is Sarah Sue Carroll, daughter of Donald and Judy Criglow. Her escorts will be Albert Guilliot and John Jay LaBove. Named Most Beautiful and class favorite her sophomore and junior years, she has been in the pep squad three years. Sarah has been the Outstanding Senior 4-H member and a District Literary Rally winner.

Dixie Willis, who will be escorted by Dwayne Guilbeau, has held the title of Junior Cal-Cam Queen. Representing the junior class, she is the daughter of Deborah McCall of Cameron and David Willis of Grand Lake. Her achievements include freshman, sophomore and junior class, president; Student Council, 2 years; Beta Club, 3 years; basketball, 3 years; cheerleader, 2 years; S.A.D.D., 3 years; Miss Tenth Grade and Miss Ninth Grade, and FBLA, 3 years.

Sherrie Lynn, daughter of Mr. and Mrs. Baron Thomas, will be escorted by Dennis Guilbeau. Named Most Beautiful her freshman and sophomore years, she has served vice president of the freshman, sophomore and junior class. Returning to the court her third year, she has been active in Student Council, Beta, FBLA, FBLA treasurer, S.A.D.D, 4-H, FHA, and cheerleading.

Trenda Marie, sophomore, daughter of Brenda Ball and Teddy Thomas, will be escorted by Ron Galloway. Active in pep squad, S.A.D.D., Beta, basketball, dance-line, and FBLA, Trenda attended the Reach America Leadership Conference.

President of her freshman and sophomore class, Jenny is making her second appearance on court. Named Miss Ninth Grade, she has received History, Algebra and Physical Science Awards, and has been active in Beta, 4-H, S.A.D.D., FBLA, pep squad, dance team, reporter of Beta, and track team. Being escorted by Charles Duhon, she is the daughter of Mr. and Mrs. Walter Theriot of Grand Chenier.

Tricia, freshman maid, is the daughter of Iris and Jimmy Trahan. She will be escorted by Jimmy Dowd. A member of the pep squad, she has served as president of the junior 4-H, president of the eighth grade class and has received the Louisiana History award. Other achievements include Jr. 4-H Club sweetheart, S.A.D.D., track team, dance team, and Sr. 4-H Club reporter. Her most recent honor was being named the 1989 Junior Miss Cal Cam Queen.

Shelly will be escorted by Chris Daniels. The daughter of Mr. and Mrs. Adam Broussard, she has served the eighth grade class as secretary and Most Beautiful. She is a member of the Beta Club.

Brandi will represent the eighth grade class. The daughter of Mr. and Mrs. Wayne Sturlese, she will escorted by Jamie Carroll. While in seventh grade, she was head cheerleader, sweetheart queen, 4-H president, and was a member of basketball, track and softball. Serving her eighth grade class as president, she is the Jr. 4-H president, a member of the Student Council, dance line and pep squad.

Larica Shantell, daughter of Mr. and Mrs. Gregory Boudreaux, will be escorted by Lane Bonsall. Presently holding the office of vice president for the Jr. 4-H, she is vice president of the eighth grade class and a member of the Student Council. Other clubs include S.A.D.D., pep squad, dance line, and Sacred Heart Catholic Youth Organization.

By Loston McEvers

OYSTER HARVEST

The 1989-90 oyster season in Calcasieu Lake and Sabine Lake will open a half-hour before sunrise, Wednesday, Nov. 15 according to the Louisiana Department of Wildlife and Fisheries.

The harvest, which will be by tonging only, will continue until a half-hour after sunset Thursday, March 15, 1990.

In approving the season dates, the Louisiana Wildlife and Fisheries Commission specified that the lakes be kept open for oyster fishing only so long as the State Department of Health and Hospitals classified those waters as safe.

AREA FISHING

As I write this, I guess redfish and speckle trout is at it's best.

The whole Gulf coast from Pecan Island to Sabine Pass, Texas is really turned on with redfish. Fishing in the Jetties and inland cuts from the Gulf has really worked well for redfish. Mostly artificial baits are being used, but shrimp is just as good. Bottom fishing is at best.

There are quite a number of undersize reds, but fun to catch until you get the big one. One angler caught 47 reds before he took home 4 reds, but nice in size. Another report of 15 to 19 pound reds caught.

Speckle trout is still also good, sometimes right on top of the redfish. Good sizes reported. Again artificial bait is mostly used.

TALK AROUND

Our alligators hunters are finished for another year, with prices ranging from $30 to $65.

Many hunters contracted for $52 to $58 per foot at the start of the season. Some sold a few hides early that average 7 to 9¼ feet at $65 per foot, and some waited to go to the sales and got $30 to $48 per foot.

The $30 gators were the small fur footers, then going up to 6¼ foot stayed in the $30 to $38 per foot range. After 7 foot the money was better.

As of now the TED (Turtle Excluder Device) is now in effect. Shrimpers not pulling TED's can be fined $8000, the first offense, $12,000 the second offense and $12,000 the third plus possibility of losing their boat, gear and shrimp catch.

Things are trying to be resolved, as it was brought up to President Bush's attention. Too many shrimp are lost pulling the TED's, which is a great loss to our already in trouble shrimpers.

This is still a wait and see, let's hope its not us seeing our shrimpers going out of business.

BLACK DRUM REGULATIONS

The Louisiana Wildlife and Fisheries Commission enacted interim emergency regulations for black drum during its Oct. 5 regular meeting.

Effective last Thursday, Oct. 12, there will be a 14 inch total length minimum size on black drum taken by recreational fishermen. For the commercial harvest, there will be an 18 inch total length minimum size on black drum and a 300,000 fish quota for the time period of Oct. 12, 1989 through April 12, 1990.

I have found from my own fishing experiences that there's a lots of waste on black drum. You go fishing and keep the the sizes you want, but whenever you start to clean your fish, the majority of the drum have worms and are thrown away.

SHARK PERMIT

Persons commercially fishing for shark are now being required by the Louisiana Department of Wildlife and Fisheries to obtain a permit and make monthly reports about their catch.

According to department personnel, there is no charge for the permit and a special form for reporting the number, species and weight of sharks taken each trip will be provided when fishermen apply for the permit.

To receive an application for a commercial shark fishing permit, write the Louisiana Department of Wildlife and Fisheries, Commercial Licensing Division, P. O. Box 98000, Baton Rouge, La. 70898-9000, or visit the Baton Rouge office at 2000 Quail Dr.

Ann Jillian

Miles for meals set

The first annual Miles for Meals Walkathon is scheduled for Tuesday, Nov. 14, from 1 p.m. to 6 p.m. at the Cameron Rec Plex. This event, expected to draw people from all ages is to raise money to support local Meals on Wheels and Congregate Meal Programs.

This local Walkathon is one of many Walkathons occuring this month across the country as part of Miles For Meals-USA, sponsored by the National Meals on Wheels Foundation.

Ann Jillian, three time Emmy nominated actress/singer and National Spokesperson for the event will lead the Spotlight Walkathon in the Florida Keys later this month as a "Key Walk For A Key Issue."

The Cameron Council on Aging Walkathon is a pledge walk with individual walkers seeking sponsors from friends, family, fellow employees and others who will be contributing money for each lap walked. All proceeds raised locally stay locally to expand meal service.

The afternoon event with refreshments, celebrity walkers and other surprises will culminate with an Awards Presentation.

For more information on the event, pledging, registering or just finding out how you can participate, contact Dinah Vaughn, Director, Cameron Council on Aging at 318-775-5668.

Santuary open house

The Baton Rouge Audubon Society has announced the acquisition of additional acreage for its Holleyman Migratory Bird Sanctuary near Johnson Bayou in Cameron Parish. It has acquired all the remaining unsold and undeveloped lots of the Little Florida Subdivison from H. Marsh Henshaw, III, of Lake Charles, plus several other undeveloped lots from Molly and Bruce Painter of Lake Charles and Wilford Lee of Groves, Texas.

The addition was acquired partially through purchase and partially through a generous donation by Mr. Henshaw of an interest in the property. Funds for the purchase were acquired totally through donations from interested persons and through a loan from The Nature Conservancy.

The Holleyman Sanctuary was established in August, 1984, when Baton Rouge Audubon Society acquired six acres adjacent to Little Florida Subdivision through the generous donations of Mr. Robert W. Holleyman of Lake Charles and Dr. Carlton H. Sheely, III, of Baton Rouge.

The Sanctuary preserves a small remnant of chenier woodland, a habitat type unique to southwest Louisiana and extreme southeast Texas, and therefore, to date, is the only preserve of its kind in the world. Coastal woodlands have been demonstrated to be of great importance to migrating birds, which in the Spring must have suitable place to rest and refuel after their long trans-Gulf flight. The Sanctuary is open to the public for bird-watching and nature study; no hunting is allowed. There is no admission charge, though donations are welcome.

The public is invited to attend an open house and reception for the new addition to be held at the Sanctuary on Saturday Oct. 21 at 1 p.m. The Holleyman Sanctuary is located on the Gulf of Mexico, 8.5 miles west of Holly Beach, just off La. Hwy. 82. A "Creole Nature Trail" sign shows where to turn.

Donations to help pay off the mortgage to The Nature Conservancy will be appreciated. At times other than the open house, donations may be left in the donation box at the Sanctuary or may be sent to:

Baton Rouge Audubon Society, Inc., HOLLEYMAN SANCTUARY FUND, P.O. Box 16106, Baton Rouge, LA 70803.

All donations are tax-deductible.

Anyone with questions may call Bruce Crider in Baton Rouge at (504)292-2739, or Marianna Tanner in Cameron at 775-5347.

Pecan Island flooding addressed at meeting

(FROM BATON ROUGE MORNING ADVOCATE)

Citizens expressed concern and anger to politicians and state and federal agencies at Pecan Island recently about the area's eroding marshland.

Representatives from several agencies, including the Environmental Protection Agency, the Corps of Engineers, the National Marine Fisheries Service, the U. S. Fish and Wildlife Service, and the Louisiana Department of Wildlife and Fisheries, attended the meeting to explain their roles in solving the erosion problems and to answer questions and discuss possible solutions.

Congressman Jimmy Hayes, State Reps. Cecil Picard, Christopher John and Sam Theriot, along with a representative from the governor's office, were among those attending.

Before the meeting, residents reminisced about how they used to walk and play in the areas that are now lakes.

"What I have seen in the last several years is mind boggling," said Sonny Hebert, a Pecan Island resident.

Erosion problems exist both north and south of La. 82, said Tommy Veazey, a life-long resident of Pecan Island. Water is stagnant north of the highway because Hurricane Chantal caused blockage in the mouths of two bayous that were used for drainage, he said.

Ted Joanen, biologist with the agency, said that the structures have flap gates to allow fresh water in and keep salt water out, and that the weirs are working as they should.

But Veazey said later that the structures don't have flap gates. "These are full crested weirs," he said.

An erosion problem also exists north of the highway, where the Mermentau Basin's water level is too high, he said.

The Corps of Engineers is looking into the feasibility of building a channel from White Lake, in the Mermentau Basin, to the Gulf of Mexico to improve drainage.

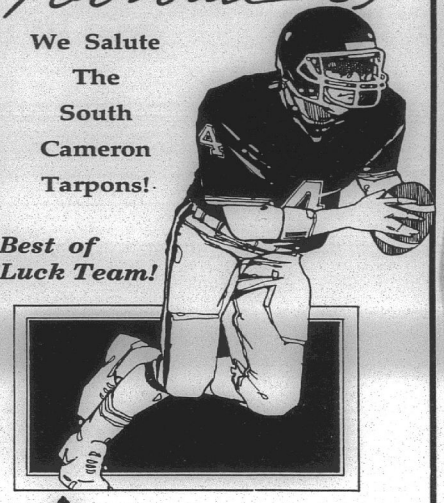
Sanitarians, with the assitance of enforcement officers from the Department of Wildlife and Fisheries, recently visited seafood wholesalers in the Cameron Parish area in an effort to determine 1) whether they are aware of the advisory; and 2) whether trout from the Calcasieu Estuary have been purchased and subsequently sold.

In addition, Sanitarians are visiting both wholesale and retail fish outlets to which trout might have been sold in order to determine if those individuals are aware of the advisory.

Trachtman reminded Calcasieu and Cameron Parish residents that DHH and Department of Environmental Quality (DEQ) warned gainst eating fish, shellfish or other seafood organisms taken from Bayou d'Inde, Prien Lake and that portion of the Calcasieu River bounded by Buoy Number 112 on the upstream end and Buoy Number 106 on the downstream end in January, 1987: that advisory is still in effect.

Pour vanilla on a bit of cotton and put it in the refrigerator to eliminate unpleasant odors there.

Trout sale to be monitored



Sanitarians from the Department of Health and Hospitals' (DHH) Office of Public Health (OPH) are monitoring the buying and selling of white and speckled trout in the Calcasieu River Estuary system.

Louis Trachtman, M. D., Acting State Health Officer, said OPH learned recently that commercial fishermen may be taking and selling trout from the Calcasieu River Estuary in spite of the existing advisory against such sale and consumption.

A SALUTE TO SOUTH CAMERON HIGH SCHOOL

I wish to extend my best wishes to the students, faculty and graduates of South Cameron High School on the occasion of the annual Homecoming Friday.

South Cameron High School is truly a credit to Cameron Parish. The school has one of the finest school plants to be found anywhere. It also has a fine faculty and outstanding programs.

The Senior classes of 1940, 1965 and 1980 who finished at South Cameron's predecessors, Creole and Grand Chenier High Schools, remind us of the fine citizens who have graduated at South Cameron over the years. We know that they continue to be proud of their old Alma Mater.

On one last note, I hope that all of the students and graduates enjoy the Homecoming festivities and the ballgame. I sincerely urge all of you to be careful when driving home to enable the parish to continue its safety record and make the Homecoming have a happy ending.

Your Friend,
James R. Savoie
Sheriff, Cameron Parish

Homecoming '89

THE 1989-90 South Cameron High School Cheerleaders are DeRinda Morris, Sherrie Thomas, Dixie Willis, Renee Lalande, Billie Jo Trahan, Hope Nash, Sharonda Williams, and Sue Carroll.

SENIOR TARPON Football players are shown above left to right. (Front row) Albert Guillot, Jimmy Dowd, Shane LeBlanc, SEan Rogers, Christ Daniels, Dennis Gullbeaux. (Back row) Dwayne Gullbeaux, Ron Galloway, Lloinel Robert, John Jay LaBove, Lane Bonsall, Charles Duhon, and Jamie Carroll.

South Cameron FFA officers

The South Cameron High School Future Farmers of America officers are: President, Lane Bonsall; vice-president, Derinda Morris; secretary, Billie J. Trahan; reporter, John Guidry; sentinel, Kelly Vincent; Chaplin, Chris Daniels; treasurer, Jill Boudreaux historian, Keith Portie and parlamentarian, J. M. Boudreaux.

A colony of honeybees may be composed of as many as 90,000 individual bees.

There are about 400 different kinds of ants in the United States alone.

DESPITE DEATH OF FATHER

Willie Jackson makes Grambling road trip

(EDITOR'S NOTE--Willie Jackson, the standout South Cameron high school football player who graduated in 1988, is now a member of Coach Eddie Robinson's famed Grambling State University team. His father, Charles Jackson, of Cameron, was killed in the pogey boat explosion near Sabine Pass on Oct. 3. The following article from Gannett News Service, published nationwide, tells of Willie Jackson's decision to play with his team that week.)

What apparently bothered Eddie Robinson, Grambling State's legendary football coach, the most Saturday night was not that his team lost 15-14 to bitter rival Tennessee State.

He didn't add to his total of 352 victories, the most of any college coach in the history of the game.

What preturbed him in post-game talks with the media was that Willard Jackson didn't get to play much.

Jackson lost his father Thursday in boat explosion in Louisiana.

But, rather than stay ho me, the freshman running back from Cameron, decided to make the trip to Nashville to help his team.

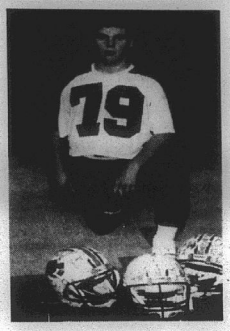
"Because the game was the way it was, I couldn't put Willard in but for a couple of downs," Robinson said. "I wish he could have played more. I wish I could have played him more.

"When a kid does something like that, it just damn nearly kills you."

Jackson, however, was not sorry he came.

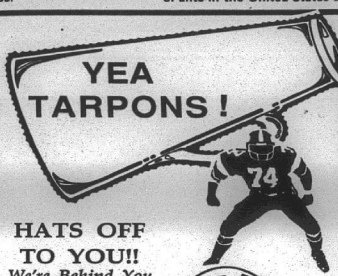
"I've been working hard with the team, and my father would have wanted me to come," he said. "He worked so hard to get me in college.

"I think he'd have been disappointed with me if I didn't come. A lot of people will think I did something wrong by coming.



"But I knew exactly what my father would have wanted me to do, I did it and I don't feel bad about it at all."

Robinson, Grambling's coach for 47 years, said he still continues to learn from his players.



"My heart really goes out to this kid," he said. "I don't know that I'd have had the courage to do what he did. Of course, I coached when my father died, but that was my job. Williard didn't have to come, but he wanted to come and help.

"It takes a strong man to do that. He's teaching all of us a little courage, a little strength."

Thomas Jefferson was the first president to wear long trousers instead of knee-breaches.

Activities told for Homecoming

South Cameron High School is celebrating Homecoming this year during the week of October 16-20. The activities for the rest of the week include dress-up days as follows: Thursday-Spook the Trojans!-Halloween Day; Friday-Red and Blue Spirit Day.

On Friday, October 20 there will be a Pep Rally held at the school beginning at 2:20 p.m. Everyone is invited to come show their spirit and support for the Tarpons. Special guests at the Pep Rally will be the cheerleaders from 1965 and 1980.

Classes to be honored this year are 1940, 1965, and 1980. Members of these classes are invited to the Pep Rally and to a special reception in their honor to be held at 5:30 p.m. in Tarpon Hall on Friday, Oct. 20. They will then be presented on the football field prior to the Homecoming Game.

The 1989 Homecoming Court will be introduced a halftime activities. The Tarpons will be hosting the East Beauregard Trojans at 7:00 p.m. in Tarpons Stadium to complete the Homecoming activities.

Invitation given for meetings

The Cameron Youth Council is a group of concerned volunteers in Cameron Parish who meet monthly to plan programs to meet the needs of parish youths. The Council believes that youth problems and their prevention are the responsibility of the community and that the contributing factors and solutions are to be found in the community.

Factors causing youth problems as peer pressure, drug and alcohol abuse, truancy, lack of alternative activities, poor parenting, family problems and lack of community concern are noted. Local resources are used to provide programs and activities.

The Cameron Youth Council meets on the first Thursday night of each month at 7 p.m. at the Cameron Parish Library. Persons interested in being involved with the Council are invited to the next meeting set for Nov. 2 at 7 p.m. at the library.

Maria Posada, 775-5619, can be contacted for additional information.

Balloons are released here

The South Cameron High SADD organization released ballons on Friday, Oct. 13 in observance of state wide celebrating No Drinking and Driving. The whole school took part in this activity and pledged to stay Drug-Free during Oct., the Substance Abuse Awareness Month.

Homecoming Week the SADD Organization is selling green and white shirts stating "South Cameron High drug free team."

Officers are picked by SC Senior 4-H

The 1989-90 senior 4-H officers of South Cameron have been elected. They are:

President, Lane Bonsall; vice-president, Sonya Guidry; secretary, Adrienne Picou; treasurer, Jenny Theriot; reporter, Tricia Trahan; parliamentarians, Kerri McCain and Shawn Bonsall; adult leaders, Candace Hebert and Judy Criglow.

SCHS Student Council is announced

South Cameron high school student council officers and representatives have been named for the 1989-90 school term.

President, Sharonda Williams; vice-president, Gus Fontenot; secretary, Thuy Nguyen; treasurer, Cathy Guidry; and reporter, Sue Carroll.

Representing 12th grade: Lane Bonsall, Chris Daniels, John Guidry, Keith Portie and Joey Trahan.

Representing 11th grade: J. M. Boudreaux, Sonya guidry, DJuana Nunez and Dixie Willis.

Representing 10th grade: James Daigle, Deven Gallien, Adrienne Picou and Jenny Theriot.

Representing 9th grade: Nancy Jo Clark, Dawn Dupuie, Chris McCall and Brandi Sturlese.

Representing 8th grade: Larica Boudreaux, Angela Godette, Ryan Nash and Jody Trahan.

S. Cameron 8th grade elects

The South Cameron high school 8th grade elected these officers:

Brandi Sturles, president; Larica Boudreaux, vice-president; Laurie Bonsall, secretary; Kimberley Sturlese, treasurer; Gretchen Mays, reporter.

Student council: Brandi Sturlese, Lucretia Godette, Ryan Nash and Larica Boudreaux.

4-Hers winners at the fair

Two members of the South Cameron High Junior 4-H Club were winners at the Cal-Cam Fair in Sulphur.

Chris Hebert won 1st place in metalcraft and 1st place with a handmade pillow.

Robert Bradley placed with the following exhibits: First places - leathercraft, weaving, sweet green peppers, banana peppers, hot green peppers, crocus, shrimp plant and digitalis. Second places - insect collection, morning glory, wildflowers and suprise lily.

So. Cameron FHA elects

South Cameron High Future Homemakers of America officers for 1989-90 are: president, Christi Guidry; vice-president, Amanda Harris; sec.-treasurer, Selena Thompson; parliamentarian, Sue Carroll; historian, Katina Miller and reporter, Richonda Brandon.

Special days are observed during week

Homeweek activities include: Monday, Tarpons are Hip! "Hippie Day"; Tuesday, Tarps are "Out of this World" Alien Day; Wednesday, Green/white day-SADD Day Hats off to the Tarpons! "Hat Day"; Thursday, Spook the Trojans! "Halloween Day"; and Friday, Blue and Red Spirit Day! Big Pep Rally.

Students are encouraged to dress up for the rest of the week. A "Best Dressed Student" prize will be awarded at the Pep Rally for each day.

Homecoming '89

Tarps take 25-0 win last week

BY ROBERT MANUEL

The Rosepine Eagles' defensive strategies overlooked the Tarpons' casshe of missiles and the Tarpons rolled on to a 25-0 District 7A victory.

South Cameron now stands at 6-1 overall and 2-0 in district.

The game took a quick turn in the Eagles favor, as a Tarpon onside kick backfired on the opening kickoff. The Eagles marched right down to the Tarpon 19 where a field goal attempt on 4th down fell short.

The Tarpons took possession on the 20, made 2 first downs, then lost possession on a fumble recovery by Rosepine.

The Eagles took over on their 38, made 3 first downs, including a 27 yard completion that had the Eagles pressing towards the Tarpons goal line once again. The Tarpon defense rose to the occasion once again, stopping that drive with an interception by defensive back Albert Doucet on the 2 yard line.

South Cameron took over, covering the 98 yard drive on key runs by TB Thomas Moore and big pass plays from quarterback Robin Rutherford to TE Lionel Robert (7), Albert Doucet (10) and a Rosepine backbreaker pass reception by wingback Charles Duhon for 40 yards. A fumble and recovery by OG Joey Trahan kept the drive alive. On the next series of downs Rutherford hit split and Albert Doucet for a 6 yard TD pass.

Charles Duhon made it 8-0 with 5:21 remaining in the second quarter. Tarpon backs Thomas Moore, Kevin Olivier, Charles Duhon and QB Robin Rutherford had found the Rosepine 11 man front particularly hard to run against. The Tarpons went over the wall with passes that netted 75 yards on 6 strikes.

The defense had done its job and the Tarpon offense was rolling with its full arsenal. The game momentum had switched back into the Tarpon hands.

The Eagles took over following the kickoff return to their 39. Unable to move for a first down, the Eagles punted. A poor punt had the Tarpons taking possession on their 47.

An incomplete pass, a 5 yarder by Moore made it 3rd and 5. Quarterback Robin Rutherford with good pass protection, was given time to combine again with an identical 40 yard pass completion to wingback Charles Duhon. With the ball on the 9 yard line, Rutherford kept for 1 yard. On the next play a short missile hit split end Albert for an 8 yard touchdown pass. The PAT pass play failed. The Tarpons went in at halftime with a well deserved 14-0 lead.

Second half action had Rosepine receiving to start the third quarter. The Eagles moved for a first down then stalled on its next series. A booming punt had the Tarpons taking over on their 3 yard line.

The Tarpons took over on their 3 for the second longest drive of the night. Tarpon backs were getting good yards through the Eagle wall. Chunks of yardage by Olivier, Moore, Duhon and Rutherford kept the ball moving downfield. Using but one pass, a 35 yarder to Doucet had the ball on the Eagle's 8 yard line. With first and goal, coach LaLande called on Dwayne Guilbeaux, a 200 lb. trouble shooter, who has played very well at several positions for the block buster job. Guilbeaux repeated his power thrust for the 2 point conversion. The score at the end of the third quarter was tarpons 22 and Rosepine 0.

Quarterback Robin Rutherford kicked a 36 yard field goal in the fourth quarter action to end all scoring at 25-0.

South Cameron will be playing East Beauregard for its annual Homecoming game this Friday, Oct. 20, at 7:00 p.m.

East Beauregard defeated Rosepine 16-15 two weeks ago, but were shutout 28-0 by Oberlin this past Friday. Oberlin lead by only 7 going into the fourth quarter.

STATISTICS

S. CAMERON		ROSEPINE
16	First Downs	8
149	Rushing Yardage	90
270	Passing Yardage	41
14-23-0	Passes	4-7-1
1-31	Punts	4-29.2
2-2	Fumbles Lost	1-0
7-65	Penalties Yards	2-10

SCORE BY QUARTERS

S. Cameron	0	14	8	3	----25
Rosepine	0	0	0	0	-----0

SC- Albert Doucet 6 pass from Robin Rutherford. Charles Duhon from Rutherford.

SC- Albert Doucet 8 pass from Robin Rutherford. Pass failed.

SC- Dwayne Guilbeaux 8 run. Guilbeaux run.

SC- Robin Rutherford 36 field goal.

Nominations sought for ASC committees

Calcasieu and Cameron Parish farmers are reminded that the Parish ASCS Office is now receiving nominations for ASC community committee election candidates.

The ASC election will be conducted by mail from Nov. 24 to Dec. 4 and eligible voters will be provided with instructions for filling out the secret ballot at returning it to the Parish ASCS Office.

Most farmers of Calcasieu and Cameron Parish are eligible to hold office as ASC committee members and if anyone would like detailed information concerning eligibility requirements, he or she should contact the Parish ASCS Office.

FBLA names new officers

The 1989-90 Future Business Leaders of America officers of South Cameron High School have been named. They are: president, Sharonda Williams; vice-president, Gus Fontenot; secretary, Thuy Nguyen; treasurer, Sherrie Thomas and reporter, Sonja Guidry.

REMEMBER?

1924 was dry year also . .

By Keith Hambrick

Lake Charles American Press, Oct. 17, 1924

CAMERON GETTING DRY

It's getting dry in Cameron and Vermilion parishes according to S. W. Sweeney, former clerk of court of Cameron and now a conservation officer in the parish, who was in Lake Charles Saturday.

Mr. Sweeney stated while here that citizens of Grand Chenier a week previous, had taken a trip in five automobiles from their little city, across the big marsh to Pecan Island and that the residents of the latter place were to return the visit Sunday.

There were no roads across the Marsh, said Mr. Sweeney. A man familiar with the route guided the party on its trip to Grand Chenier. The grass was so completely burned off and the ground in the lowest parts of the marsh was so dry no difficulty was experienced in driving the cars where none had ever been before.

Lake Charles American Press, Oct. 18, 1924

SWEETLAKE FIRE

Fire at the home of John Demarie, about three miles northwest of Sweetlake, Cameron parish, burned 1,050 bags of rice owned by Mr. Demarie, and destroyed the barn in which the rice was stored.

The rice was fully insured at cash value, as samples had been sent out and an offer of $5 had been made for it through the American Rice Growers' Association. The barn was partially covered by insurance. The origin of the fire, which broke out early Thursday morning (Oct. 16), is not known.

Mr. Demarie lives on the ridge near Sweetlake.

(Lake Charles American Press, Oct. 14, 1921)

CAMERON PARISH HELP

Oct. 11--Supporters of the $183,000 appropriation for the pink boll worm sufferers of Cameron parish will have their hearing before the appropriations committee Wednesday night at 8 o'clock, according to announcement from Chairman A. M. Smith. Representative J. B. Erbelding of Cameron will appear in behalf of his bills, as will others.

Abbeville Meridional, Oct. 22, 1910

LAKESIDE LACONICS

We have considerable rain. It is good for the garden but interferes with the rice harvest.

School commenced yesterday with an enrollent of 18. Miss Inez Smith is the teacher.

TO THE TOP TARPS!!

Let's Make it Another Win!

CAMERON PARISH Special Olympics participants and sponsor.

ALL OF THE above people are members of a special committee to raise funds for the Cameron Parish Special Olympics.

Please come to this dance and help us to fulfill the needs of our special kids. This is our second annual Homecoming Dance for this purpose and the first one was a huge success. Because of the monies at that benefit more than 60 kids were able to participate in all different kinds of Special Olympic Games. These handicapped children need your help now more than ever to give them a chance to know themselves and to help them feel good about the things they can accomplish.

These children are of all ages and are from all different areas of Cameron Parish. No one knows how important these games are to these children unless you have personally shared with a special child the joys of doing something rewarding for themselves. Please come and help us make this another successful year.

NOTICE

Public Notice of Federal Consistency review of a Proposed Exploration Plan by the coastal Management Section/ Louisiana Department of Natural Resources for the Plan's consistency with the Louisiana Coastal Resources Program.

Applicant: ARCO Oil and Gas Company, A Division of Atlantic Richfield Company, P. O. Box 1346, Houston, TX 77251.

Location: West Cameron Block 199, OCS-G 8623, Lease Offering Date April 1, 1987.

Description: Proposed exploration plans for the above area provide for the exploration for oil and gas. Exploration activities will include drilling from a jackup rig and transport of drilling crews and equipment by helicopter, crew boat, and workboat from an onshore base located at Sabine Pass, Texas. No ecologically sensitive species or habitats are expected to be located near or affected by these activities.

A copy of the plan described above is available for inspection at the Coastal Management Section office located on the 10th Floor of the State Lands and Natural Resources Building, 625 North 4th Street, Baton Rouge, Louisiana. Office hours: 8:00 a.m. to 4:30 p.m., Monday through Friday. The public is requested to submit comments to the Coastal Management Section, Attention OCS Plans, P. O. Box 44396, Baton Rouge, LA 70804. Comments must be received within 15 days of the date of this notice or 15 days after the Coastal Management Section obtains a copy of the plan and it is available for public inspection. This public notice is provided to meet the requirements of the NOAA Regulations on Federal Consistency with approved Coastal Management Programs.

RUN: Oct. 19

PUBLIC NOTICE

Notice is hereby given that the Department of Environmental Quality is proposing to issue a final Louisiana Water Discharge Permit System (LWDPS) permit to Chevron U.S.A., Inc. this permit will, if issued, establish effluent limitations and monitoring requirements for the discharge of certain wastewater streams associated with the company's oil and gas exploration, development and production operations in the West Cameron Area Block 17 Field, Cameron Parish, Louisiana. The receiving water is the West Cameron Area block 17 Field is the Gulf of Mexico. The limitations and conditions of this permit consistent with the permitting policy of the Office of Water Resources, which is to achieve and maintain full support of designated uses of the waters of the state.

During the preparation of this permit, it has been determined that these discharges will have no adverse impact on the existing uses of the receiving waters. As with any discharge, however, some change in existing water quality may occur.

All designated uses of the receiving waters are being fully supported.

The application and proposed limitations may be examined at the Office of Water Resources, 9th Floor, State Land and Natural Resources Building, 625 North Fourth Street, Baton Rouge, Louisiana.

Persons wishing to provide data, views or comments, or request a public hearing relative to the issuance of the permit are invited to submit their comments and requests, in writing, within thirty (30) days of the date of this notice using reference No. WP 2856 to:

Assistant Secretary
Office of Water Resources
RUN: Oct. 19, 1989

NOTICE

Public notice of federal consistency review of a proposed plan of exploration (POE) by the Coastal Management Section/Louisiana Department of Natural Resources for the Plan's consistency with the Louisiana Coastal Resources Program.

APPLICANT: BP Exploration, Inc., 9401 Southwest Freeway, Suite 1200, Houston, Texas 77074.

LOCATION: West Cameron Block 152, Lease OCS-G-10548, Block 152; lease offering date: March, 1989; Sale 118.

DESCRIPTION: The proposed POE is for the exploration of oil and gas. Exploration activities will include: drilling from a jack-up drilling unit, transporting of drilling crews and equipment by helicopter and/or cargo vessel from an offshore base located at Cameron, Louisiana. No ecologically sensitive species or habitats are expected to be located near or affected by these activities.

A copy of the plan described above is available for inspection at the Coastal Management Section Office located on the 10th Floor of the State Lands and Natural Resources Building, 625 North 4th Street, Baton Rouge, Louisiana. Office hours: 8:00 a.m. to 4:30 p.m. Monday through Friday. The public is requested to submit comments to the Coastal Management Section, Attention OCS Plans, Post Office Box 44396, Baton Rouge, LA 70804. Comments must be received within 15 days of the date of this notice, or 15 days after the Coastal Management Section obtains a copy of the plan and it is available for public inspection. This public notice is provided to meet the requirements of the NOAA Regulation on Federal Consistency with approved Coastal Management Programs.

RUN: October 19, 1989

PUBLIC NOTICE

Notice is hereby given that the Department of Environmental Quality is proposing to issue a final Louisiana Water Discharge Permit System (LWDPS) permit to Mobil Exploration & Producing North America Inc. This permit, if issued, will establish effluent limitations and monitoring requirements for the discharge of certain wastewater streams associated with the company's oil and gas exploration, development and production operations in the Deep Lake Field, Cameron Parish, Louisiana. Receiving waters in the Deep Lake Field include Deep Lake, Joseph Harbour Bayou, Cross Bayou, Little Constance Bayou, Little Constance Lake, Duhon Bayou, Sardine Lake, Grassy Bayou, Grassy Lake, Constance Bayou and associated natural and manmade waterbodies. The limitations and conditions of this permit are consistent with the permitting policy of the Office of Water Resources, which is to achieve and maintain full support of designated uses of the waters of the state.

During the preparation of this permit, it has been determined that these discharges will have no adverse impact on the existing uses of the receiving waters. As with any discharge, however, some change in existing water quality may occur.

The designated uses of the receiving waters are being partially supported. The partial support of designated uses is attributed to oil and grease contamination from petroleum industry exploration and production activities.

The application and proposed limitations may be examined at the Office of Water Resources, 9th floor, State Land and Natural Resources Building, 625 North Fourth Street, Baton Rouge, Louisiana.

Persons wishing to provide data, views or comments, or request a public hearing relative to the issuance of the permit are invited to submit their comments and requests, in writing, within thirty (30) days of the date of this notice using reference No. WP 2790 to:

PROCEEDINGS
CAMERON PARISH GRAVITY
DRAINAGE DISTRICT NO. 3

Minutes of the regular meeting of the Cameron Parish Gravity Drainage District No. 3, held on Tuesday, August 15, 1989, at 2:30 p.m. at the Cameron Parish Police Jury Annex.

Members Present - Edwin Quinn, Gary Kelley, E. J. Dronet, W. F. Henry, Jr., and Edward Petersen.

Members Absent - None.

Others Present - Bruce Lehto, S.C.S., Engineer; Lonnie Harper, J. B. Watts, Rudolph Bartie, Malcolm Savoie, Leon G. Savoie, Winston Theriot, Richard Dahlen, Leyton Miller, Robert Mudd, Ray Conner, Randall Jones, Ted Joanen, Lynn McCall, Billy Doland, Wayne Meiancon, Ray Conner, and Geneva Griffith.

Mr. Ray Conner was recognized and thanked the group for allowing him to speak. He had suggested at the Police Jury meeting that the Cameron, Creole, and Grand Chenier Drainage Boards meet together to discuss the extreme water conditions that existed in the parish last month. He suggested a reasonable tax to build a levee from back of W. F. Henry's property to Highway 27 at Creole and across to the Mermentau, with pumps at the Creole ditch, etc. Another suggestion has been made to widen and deepen the Intercoastal to build such a levee. Mr. Conner stated that this is a parish-wide problem, and should be approached as such. He stated that the Calcasieu Locks were kept closed during the high water situation, and this causes more flooding in Cameron. There has been more water piling up on us than ever before. Ted Joanen suggested a flood control spillway system that would involve the Calcasieu and Vermilion Locks operation to prevent build up of water in lower parishes. Ray Conner placed a telephone call to the U. S. Army Corps of Engineers to request emergency bypass relief procedures. Lonnie Harper said we need to get as many agencies as we can to recognize that there is a problem and try to get an agreement on our suggestion for dealing with the problem. Mr. Conner reported that we will attempt to get Greg Burwood with the Corps of Engineers to come for a meeting in Cameron at his convenience to discuss the problem with the three drainage boards, the Police Jury, and members of our legislative delegation.

The following members of the community were then recognized, and they each spoke to the group concerning drainage problems in their areas: Robert Mudd, Macolm Savoie, Guidry Savoie, and Leyton Miller.

A motion was made by W. F. Henry, Jr., seconded by Gary Kelley, and unanimously carried to approve the minutes of the Regular meeting of July 18, 1989.

A motion was made by Gary Kelley, seconded by Edward Petersen, and unanimously carried to approve the Financial Report for the month of July, 1989.

A motion was made by W. F. Henry, Jr., seconded by Gary Kelley, and unanimously carried to approve the following bills for payment:

1. J. B. Watts (reimbursement)	$ 11.71
2. Sargent-Sowell, Inc. (1/2 to be paid Grav. Dr. #4)	677.59
3. Campbell-Taylor Oil, Inc. of LA	2,807.12
4. Harlowe Lawn Mower Service, Inc.	27.94
5. Cameron Parish Pilot	55.60
6. Lake Charles Diesel, Inc.	57.78
7. Welsh Equipment Company	2,983.75
8. Cameron Construction, Inc.	219.60
9. Cameron Construction, Inc.	1,864.81
10. Costal Culverts	916.34
11. Cameron Parish Police Jury	355.20
12. Clayton Trahan	50.00

Recording secretary, Paula Pool, gave a report on the exit interview conducted by Mr. Francis Porche of the Office of the Legislative Auditor, State of Louisiana, on August 7, 1989, at the conclusion of the audit recently concluded on the books of the Gravity Drainage District No. 3 of Cameron Parish for the years ending December 31, 1987, and December 31, 1988. The report indicated that the books were found to be in very good order, with no significant exceptions noted.

A motion was made by E. J. Dronet, seconded by Gary Kelley, and unanimously carried to authorize President Quinn to sign a contract with the Office of the Legislative Auditor for audits to be conducted as of the next three years (1988, 1990, and 1991), as well as the Audit Questionnaire completed for this years audit.

It was agreed that Edward Petersen will have a dirt look at the flapgate on W-1 West to see what is causing this gate to stay open.

Engineer Harper reported that the culvert adjacent to Dan Dupont's property will be installed as soon as it is dry enough. Mr. Harper also reported that the levee behind the Methodist Church in Cameron is still up pretty well, but is a little low in several areas where water came over it in recent high water conditions. It was agreed that repair of this levee will be discussed at next month's meeting.

There being no further business, the meeting was adjourned.

Edwin W. Quinn,
President

E. J. Dronet,
Secretary-Treasurer
RUN: Oct. 19, 1989

MUSING. . . . .Bernice Denny

"We the people. . "

"We the people of the United States, in order to form a more perfect union . . ."

After 202 years how thrilling still are those words contained in the preamble to our Cpnstitution. Since Sept. 17 through 23, has been set aside each Constitution Week, we need to honor the memory of those tireless men who formulated it. Delegates from the original colonies with the exception of Delaware were sent to perform the task.

It behooves all of us from time to time to review our Constitution and its Bill of Rights. We would do well to contemplate its wise provisions by both delegated and implied powers.

In guarantees of personal freedom we daily wrap ourselves in with little recognition of its cloak of protection. And, yet, consider how unexpectedly and how ruthlessly that same mantle has been torn from the shoulders of our fellow countrymen by foreign terrorists, who disregard the rights of others. Dare we say that such treatment cannot happen to us? To date this unsolved problem causes every patriotic American deep concern.

THE CONSTITUTIONAL CONVENTION, called to revise the ineffective article of Confederation, was formally opened on Sept. 17, 1787, in Independence Hall in Philadelphia. It was presided over by George Washington. Benjamin Franklin, then 81, was present. James Madison by his conciliatory measures became known as Father of the Constitution. It is he who deserves most credit for the amendments that later became known as the Bill of Rights. Gouvernor Morris is credited with the final wording, especially the preamble.

There were two schools of thought regarding a federal government. One, led by Alexander Hamilton, opted for a strong central government. Hamilton argued that the bills of right would afford a colorful pretext to claim more power than was granted.

Patrick Henry argued that the states needed greater power than that already specified. He saw untold danger in a strong central government unrestricted by guarantees of rights.

SO FORCEFUL was Henry that one delegate, listening to him, said later,"I involuntarily felt my wrists to assure myself that the fetters were not already pressing on flesh."

The makers of the Constitution had built on American experience. The document was designed to serve the interests of all who lived within the boundaries of the United States regardless of which section they inhabited or what their occupation might be.

The framers of the Constitution provided three-fold distribution of powers: legislative, executive, and judicial. They inserted useful checks and balances as safeguards against undue power or encroachment on civil liberties.

The great principles of the Constitution are as pertinent today as when they were first framed. They are the most precious truths our great democracy possesses. May every branch of our federal government be careful that it does not tamper with or misinterpret those truths!

Youth council officers named

Kathryn Compton, a member of St. Lawrence Parish in Raymond, will chair the Diocese of Lake Charles Youth Council for the coming year.

Miss Compton is serving the second year of a two-year term on the board of directors for the council. Others with an additional year to serve are Keith Trahan and Ray Lee, St. Margaret Parish in Lake Charles; Terrell Conner, Sacred Heart Parish in Creole; Danna Sonnier, St. Philip Neri Parish in Kinder.

Board members elected for a one-year term are Crissy Borel, St. Theodore Parish, Moss Bluff; Melissa Doucet, St. Mary of the Lake Parish, Big Lake; and Michelle Olivier, Our Lady Queen of Heaven Parish, Lake Charles.

Elected to two-year terms on the board are Jeremy Porche, Our Lady Star of the Sea Parish, Cameron; James Coleman, Sacred Heart Parish, Lake Charles; Casey Vincent, St. Mary of the Lake Parish, Big Lake; and Tina Blessington, St. Margaret Parish, Lake Charles.

Book fair set at Grand Lake

Grand Lake school is holding a book fair at the school October 16-20. A wide selection of high quality, high interest paperback books for children will be for sale. There will also be items of interest for adults, including gift, craft and activity books. Profits from the book fair will be used to support school activities.

The public is invited to attend the fair during regular school hours, 9 to 3 each day.

Bell City Sr. 4 Hers meet

The Bell City Sr. 4-H Club met Aug. 21. The two parish agents, Mrs. Cindy Richard and Tommy Shields explained the contests available at Short Course.

It was announced that Aaron Natalie placed fourth with Safety Records in the state contest and Shane Monein was awarded a trip to Grand Isle because of his Wildlife Records.

Gretchen Schultz and Missy Breaux volunteered to put up a bulletin board encouraging people to join 4-H at school.

Gretchen Schultz, Aaron Natali and Cathleen Cannon are responsible for bringing treats to the teachers the first week back at school.
