MUSING . . . By BERNICE DENNY

Spring brings beautiful transformation from Winter

Another beautiful Easter season has arrived. Easter and Spring. In Cameron the two seem synonymous. God in his infinite wisdom must have timed the two so that the message of the Resurrection might better be understood in a season of rebirth and renewal.

For Jesus, Gethsemane, conspiracy and betrayal . . . denial . . . tiral and condemnation . . . crucifixion . . . the dark cold tomb . . . then the glorious resurrection . . . proof of live everlasting . . . miracle of miracles . . . release of spirit . . . love divine.

In the plant world, the long cold winter . . . a stage of dormancy . . . seed-embryo bursting its tomb-sheath . . . upward flow of sap . . . the revival of withered brown roots . . . exploding bulbs . . . secret commotions all up and down tree and shrub and flower . . . pulsating life . . . another miracle . . . new realities from the grave of winter.

In the animal kingdom, an awakening from hibernation . . . emergence of moth and butterfly from their chrysalides . . . a whir of wings and a flash of feathered color . . . vibrant music of a thousand birds and the z-z-z-te-dum of the insect world . . . newborn animals everywhere -- cuddly kittens and shy gray bunnies,long-legged colts, powder-puff chicks and butter-ball pups . . . miracles every one . . . links in the ever-lengthening chain of creation and re-creation.

We listen to the rhythmic melody of wind and rain. We thrill to the beauty of dew-drenched lawns sparkling in the long rays of the morning sun. Breathless, we watch that same sun crimsoning and gilding the western sky at the close of day. Lulled by the violet dusk of evening, we meditate upon the countless symbols that a gracious God has shown to us. Each is a promise of a life beyond that which we call life.

In nature, dormancy is temorary.It is repose and recuperation for the purpose of effervescence. In human life, that which some call death is but the releasing of new energies into life eternal.

Spring is ever recurring evidence of resurrection and renewal. Easter is the repeated promise of a risen Christ of life everlasting.

Another thought -- faint as the stirring of gossamer wings -- wafts our way. the beauties and wonders of Spring are not only symbols of Easter's eternal promise; they are also manna sent from heaven to feed our hungry souls.

Happy Easter

PROCEEDINGS
CAMERON PARISH GRAVITY DRAINAGE DISTRICT NO. 7

Meeting called to order April 3, 1995 at 5 p.m. by President Magnus McGee at Johnson Bayou Fire Station. Roll as follows: Magnus McGee, Carroll Trahan, Rogerest Romero, Leroy Trahan. Absent: Ivan Barentine. Guests: George Bailey, Wm. Lloyd Badon, Rodney Guilbeaux.

Motion to accept minutes of March 21 meeting by Carroll Trahan, second by Rogerest Romero, passed.

Motion to review and pay bills by Carroll Trahan, second by Rogerest Romero, passed.

Permits reviewd: Motion to acept by Rogerest Romero, second by Carroll Trahan, passed.

Permits: Chevron USA, Inc. West Cameron Block 18-S/L 3841 Offshore Well #6.

The US Corps of Engineers Galveston District has sent the completed permit for G.D.D. #7 (#20052) to be signed by the Board President. Rogerest Romero made a motion, second by Carroll Trahan, passed, that President McGee sign the permit and return to the Corps for their signature.

The Interagency Agreement between G.D.D. #3 and G.D.D. #7 was reviewed by the Board. An additional sentence was suggested to be added to the end of paragraph #3. The Exec. Secty. will contact Bonnie Conner at the Cameron Police Jury and request the sentence be added to the agreement.

The M.O.A. (Memorandum of Agreement) between GDD #7 and FINA, USA, NRGS, and the Gray Estate was discussed. Because of concerns expressed at the Board Mar. 21, 1995 meeting, there will be a meeting held on Friday, Apr. 5, regarding the East Mud Lake Hydrologic Restoration Project beginning at 9 a.m. at FINA's Holly Beach camp. Following a brief history of the project development and a summary of the project features and revisioins at FINA's camp, a field trip to the project site will be amde by boat. Interested landowners and members of the five groups are expected to attend.

A written request along with maps from The Gray Estate for a Gray Estate was reviewed and discussed by the Board. A more detailed study will be required before the Board can take action on this request.

It was reported that the Board office building was progressing. The carpet and linoleum are installed and all window and door facings and base moldings are in place. The house mover (who had raised the structure to FEMA height) is to remove the blocks from underneath the building. The porch and stairs are 60% complete. A new mechanical sewerage system will be installed and a slab will be poured under the structure. Cabinets, sink, lavatory and commode and hot water heater will be purchased and installed.

The electrical circuits to the shed and office buildings are in place and are operational. An additional outside door to the shed will be installed. Work bench and lavatory facilities and ceiling lights still need to be put up.

Re: The road at 536 drainage problem, Board member Leroy Trahan volunteered to walk the area to try to locate blockages. He walked the entire area, mapping the ridges, cuts, culverts, lakes, ponds, roads, gulleys, canals, etc. After presenting this to the Board, he recommended that the Board hire a hand to sweep the grass which is blocking the old gully. A motion by Rogerest Romero, second by Leroy Trahan, passed that the Board accept right of way grants and proceed with the project in the area where Roads 545 and 536 meet.

Re: Chauvin Canal Project; the pipeline companies have been contacted, they will probe the area.

A request from Ray Collins of Holly Beach for drainage assistance north of Parish Road 508 and south of La. Hwy. 27/82. Lloyd Badon was instructed to survey the problem and make recommendations.

The Exec. Secty. is in the process of bringing the books to Gus Schram Co. GDD CPA's for the audit for 1994 of GDD #7.

The next regular Board meeting will be Mon., May 1, 1995, at 5 p.m. in the Johnson Bayou Fire Station.

There being no further business, motion to adjourn by Carroll Trahan, second by Rogerest Romero, passed.

INTRACOASTAL TRAFFIC GROWING RAPIDLY

Workers for the completion of the Intracoastal Canal to a depth of 10 feet and bottom width of 100 feet, are much encouraged with a report of rapidly increasing traffic through the all-inland waterway in South Louisiana during 1927 and the first months of 1928, according to Leon Locke today.

Mr. Locke, who is considered as the father of the canal in Louisiana, has received a letter from T. LeBouef, keeper of the Intracoastal bridge at Black Bayou on the Lake Charles-Grand Lake highway, showing that the number of boats using the canal and for which the bridge had to be opened, increased from 40 a month in 1927 to more than 100 a month in 1928.

RURAL AREA DEVELOPMENT PROGRAM

A Rural Area Development Program can be compared to a parishwide Chamber of Commerce, Hadley A. Fontenot, Cameron County Agent said in explaining the R.A.D. program to a group of interested citizens last Thursday night in Cameron.

E. J. Dronet of Cameron, Leland Colligan of Hackberry and Fredman Theriot of Creole were appointed on a committee to suggest names for a parish chairman.

Control of salt water intrusion, improving recreational facilities and encouraging industries to process more of the natural resources in the parish were some of the ideas at the meeting.

HACKBERRY ASKS LIBRARY BRANCH

A branch of the Cameron Parish Library is being sought for Hackberry, Police Juror C. A. Riggs reported at the Cameron Jury meeting Monday.

Mr. Riggs said that a committee of Hackberry women had asked him to help get a branch library in the community, as they felt that Hackberry was large enough it could be more effectively served by a branch rather than the bookmobile.

The jury gave Mr. Riggs the authority to discuss the matter with the parish library board.

POLICE JURY NEWS

The jurors agreed to go to Port Arthur on April 17, to discuss a proposal by the Jefferson County Commissioners to build a boat launching ramp on the Louisiana side of the Sabine causeway.

Juror Advisor J. B. Jones was authorized to renew the business interruption policy on the causeway with Lloyd's of London. The jury paid $419 in premiums for the past three years and collected a claim of $4,300 when the bridge was knocked out by a tug in July, 1959.

The jury agreed to advertise for bids on a 750,000 BTU incinerator for the courthouse.

ROUNDABOUT THE PARISH

Cameron--Bobcat pins were presented to these new members by Cub Master, Dr. Cecil Clark, Mar. 29: Dens I and II, Steven Richeaux, Allan Baker, Wade Miller, Robert Nudaba, Phillip Billiot, Samuel Authement and Wade Hebert. One-year service pins were presented to Brent Cheramie, Lincoln Griffin, Peter Gerbenia, Carlton Styron, Charles May, Ronald Dosher, Charles Styron. Mark Spivey received a two-year pin.

Denner Badges were presented to Carlton Styron and assistant Denner to Peter Gerbinea. Bobcat pins in Den III were presented to Scott Henry, Earl Guthrie, David Kelly, Bob Tarter, Parry LaLande, Barry Kelly, Ricky Wolfe and Bonner Willis.

Black News--the upperclassmen of Audrey Memorial School enjoyed themselves with a "closed door" entertainment in the school cafeteria last Friday. They featured stunts and frozen punch for the benefit of certain graduation expenses.

Holly Beach--Camp building has kept at a steady pace lately Several more camps have gone up and much repair or finishing work is going on. The weekends bring visitors and many attempts are made at crabbing, but strong winds hamper the effort. Fishing results have not gotten to the enthusiastic stage yet.

JEFF DAVIS Electric manager Dale Landry, left, receives a safety certificate from Carl Schroer, director of sales and marketing for Federated Rural Electric Insurance Corp.

Jeff Davis Electric awarded for safety

Jeff Davis Electric Cooperative was one of three electric distribution cooperatives in Louisiana that was recognized for promoting the safety of employees and consumers at the statewide Board of Directors meeting for the Association of Louisiana Electric Cooperatives in Baton Rouge, Mar. 28.

The safety award was presented to Jeff Davis Electric for working over 390,361 man-hours without a lost time accident since June 1990. The award was presented by Federated Rural Electric Insurance Corp. of Kansas.

Carl L. Schroer, director of sales & marketing for Federated Insurance said that to qualify, an electric utility must have 2½ years invested in the program or have 500 man-hours per employee without an injury. "Jeff Davis Electric has far exceeded the minimum safety requirements," said Schroer, "It has earned this distrinction because of the high priority it places on reducing injuries, illness and property damage."

LOCAL FISHING

Our local fishing is good to fair, but Lacassine Refuge is still the hot spot for big bass. Last week one angler boated two 8 pounders and Quentin LeBoeuf had a 6 and 7 pounder one day, a 7 and 8 pounder the next and then the day after that he had an 8 and 10 pounder. He'll mount the 10 pounder and one of the 8 pounders.

Todd Conner and Lane Bonsall each had a stringer of nice bass, fishing the Big Burns, while Kelly Vincent had some good fish which came out of Miami's Eastern section in Grand Chenier. Good catches of white perch were reported in the Big Burns.

Sabine reports were good, but one angler told me he didn't believe the bass have really turned on, as they've seen lots of rain on the western portion of the parish.

Michael Trahan had a 9 pounder and Todd Conner at 6-12 out of Lacassine. Jimmy Trahan had a 4 pounder and I had a 5 pounder, again out of Lacassine.

Three days last week, Quentin LeBoeuf fished Lacassine Refuge and he averaged over 5 pounds of fish for 5 fish each day. On Monday, 5 bass, 25.11; Tuesday, 5 bass, 26.7; and Wednesday, 5 bass, 27.2. When you're hot, you're hot.

LEMESCHE BASS CLUB

The Lemesche Bass Club held their meeting last week and introduced new member, J. M. Boudreaux, Scott Quinn, Brandon Hess and Jeff Wainwright.

The club's next tournament will be Sun., Apr. 23. Fishing will take place in the Big Burns and weigh-in will be at 6 p.m. at the W.O.W. Hall.

OFFSHORE NEWS

The Southwest Louisiana Fishing Club is preparing for its 58th annual fishing rodeo on the July 4 weekend. The club is the oldest inland and offshore saltwater fishing event on the Gulf Coast with over 450 participants and over 250 boats. You may fish any waters in the world, you must return to Lake Charles for the weigh-in July 2. Rodeo dates are June 30, July 1, and July 2.

Other events connected to the rodeo are "Celebrity Fishing Trounament" on June 17, and there will be a "Captain's Night".

Some boats have braved the rain, high winds and rough seas and caught a few red snappers and closer to shore, good catches of speckle trout and a few redfish were caught.

COMMERCIAL NEWS

The oyster season will stay open for Calcasieu Lake until April 30.

HARD FACTS

Parents who refuse to pay child support might not be able to obtain hunting and fishing licenses if some state representatives have their way. The House Resources Committee agreed but enforcement would be hard to almost impossible.

Library Week set Apr. 17-21

National Library Week will be observed April 17-21, at the Cameron Parish Library. Quilts from communities around the parish will be on display. Also on display will be the winning posters from Headstart students.

Open house will be held at the library Fri., Apr. 21, from 2-4 p.m. Mrs. Harold D. Carter will give a short presentation on the history of Creole, Little Chenier and Chenier Perdue, and some of the quilters will be on hand to explain their quilting patterns and answer questions.

Refreshments will be served and the public is invited to attend.

Let's face it: words are words and they're pretty boring. Except in our state, Louisiana, in Opelousas you can fais-do-do to zydeco? Or paddle your pirogue on Bayou LaFourche. School Board proclaims Child Search Awareness Mo.

The Cameron Parish School Board has proclaimed April as "Child Search Awareness Month".

Child Search is a continuing effort of the State Department of Education and the Public School Systems to locate and identify children with special needs. Federal and state legislative programs require educators to find and evaluate children birth through 21 years of age who are in need of services to enable them to benefit from public education.

Due to legislation concerning the infant/toddler population, special emphasis is placed on identifying and servicing children between birth and two years old who are in need of special services. Sometimes, if a problem is identified and remediation occurs early enough, the problem can be eliminated before the child enters the regular school setting.

Child Search is looking for all children in Cameron Parish with special needs. These needs include children who may be mentally disabled, vision or hearing impaired, severely language disordered, autistic, emotionally disturbed, health impaired, multiply disabled, or otherwise disabled. These special needs children also include gifted and talented children who are provided special programs under Louisiana law.

A standard procedure for screening and evaluation of children who may have a special need has been developed by the Louisiana Department of Education. Although only a parent or guardian may give formal permission for a child to be evaluated, any concerned individual may refer a child to Child Serach. All information provided is confidential and no interventions or services will begin without parental/guardian permission.

For more information, or to make a referral, please call Willyne Kestel, Supervisor of Special Education, or Cyndie Davis, Child Search Coordinator, at 775-7570.

La. Goals 2000 struck out by Parish School Board

The Cameron Parish School Board last week struck out the Louisiana Goals 2000 proposal following Calcasieu, Beauregard and Vernon parishes, which did the same. Goals 2000 is a nine-educational-goal program that a school system can implement to receive federal money.

Cameron Parish would receive $8,000 to plan the goals next school year. The parish then would receive $20,000 in 1996-97 to implement the plan.

However, Supervisor of Secondary Curriculum Wayne Batts said the federal government may eliminate the 1996-97 funding.

Even if the money isn't eliminated, Superintendent Sonny McCall said the funding is not enough to justify the cost of training teachers and administrators.

Drainage Dist. #8 audit presented to Board Apr. 4

The first annual audit for Cameron Parish Drainage District #8 for 1994 was presented Apr. 4, to the Board at the regular meeting. The Board consists of Charles Preuth Jr., Albert Guidry, James Cox, Brent Nunez and Patrick Hebert.

The audit ws presented by W. Michael Elliot, CPA of Leesville.

Total assets as of Dec. 31, 1994 were $693,671 consisting mainly of $591,058 in cash and certificates of deposit and $91,374 in ad valorem taxes receivable. Total liabilities were $614,935 including $600,000 in general obligation bonds payable over ten years at an average interest rate of 6.23%. The total equity of the district at the end of the year $78,736.00.

Revenues for the year were $91,374 in ad valroem taxes and $14,113 in interest income. Expenses totaled $26,751 including $15,928 in bond interest expense. Excess revenues over expenditures totaled $78,736.

The Board accepted the report for transmittal to the State Legislative Auditor.

Bowhunters to take course

Cameron Prairie Refuge Manager Paul Yakupzack announced that all bowhunters hunting on the refuge will be required to have taken the International Bowhunters Education Program. This program is similar to the La. Dept. of Wildlife and Fisheries Hunter Education Course, but it is designed especially for bowhunters.

This program places emphasis on proper archery techniques, distance estimation, hunter ethics, and retrieval of game. The free programs will be offered prior to the Oct. 1995 bowhunting season.

For program schedules contact the refuge at 318-598-2216 or write to Rt. 1 Box 643, Bell City, La. 70630.

Easter Egg Hunt in Creole

The J. P. Boudoin Sr. Knights of Columbus Council 3014 of Creole will hold an Easter Egg Hunt Easter Sunday after 8:30 a.m. Mass at Sacred Heart Catholic Church in Creole.

The hunt will be north of the Life Center. There will be a hunt for pre-schoolers and another for grades 1-3. A prize egg for each group will be awarded and the ones collecting the most eggs for each group will win a prize. There will be candy for all children.

The Knights or anyone else is asked to bring one dozen dyed boiled eggs to the life center before the 8:30 a.m. Mass, or you may take eggs to Man Theriot or Loston McEvers.

DO YOU REMEMBER?

By Keith Hambrick

(Lake Charles American Press, Nov. 18, 1921)
CAMERON POLICE JURY SESSION

Jennings Jones appeared before the police jury at its last meeting to request an extension of one year on his contract as operating the Grand Chenier free ferry. His present contract expires within the next 60 days. The jury, after a careful consideration, decided it advisable to allow the extension in preference to letting it at sealed bids.

Mr. Midkiff, federal tick inspector for Cameron, Calcasieu and Jefferson Davis, was present and commented on the splendid headway made this season with reference to the eradication of ticks in this section. More than half of the general funds of this parish are spent on this tick eradication work, which makes it very difficult for the parish to carry on other business properly.

Cameron took the stand at the oeginning that, if the law required infested cattle to be dipped and dipped according to experts along that line, the only and best thing to do was to get busy and do it properly. This has been done and, had our adjoining parishes done likewise, we would have completed the task a year ago.

The boundary lines of Cameron are, for the most, imaginary, and there is no known method of preventing infested cattle from other parishes invading the clean territory and re-infesting it. This one phase of the law is very unjust and should have been remedied. All probabilities are that, if we are compelled to dip for the above reason another year, strong opposition will be made.

L. L. Figueron, member of the Vermilion Parish Police Jury, was present and asked for Cameron's cooperation in completing a two-mile stretch of road connecting a certain 45-mile highway now being constructed in his ward out of the proceeds of a $350,000 bond issue recently voted in same ward. This particular highway will pass over two miles of Cameron road, which was constructed by Cameron, but not surfaced and, in order to complete a 22-mile surfaced road out of the 45-mile road, Vermilion asks Cameron's assistance in surfacing her two miles. His request was not granted at present for the lack of funds.

TRANSFER OF KINDER PLAYER PROTESTED

The transfer of a Kinder High School football star to Oberlin just one week prior to the district-deciding Oberlin-South Cameron game has been protested by South Cameron school officials.

Head Tarpon Coach Robert Manuel said that he and Principal U. W. Dickerson had requested T. H. Waters, state high school athletic commissioner, to conduct an investigation to determine if "undue influence" had anything to do with the player's transfer.

South Cameron officials said they were advised Monday by Oberlin that they intended to play the young man in Friday night's game. He moved to Oberlin last Saturday with his family. This player is presently ranked as the 13th leading scorer in Southwest Louisiana, with 12 touchdowns to his credit.

Commissioner Waters advised South Cameron by phone Wednesday that apparently under present regulations Oberlin would be in its right to play him, since his family had actually moved to Oberlin.

Kinder lost to Oberlin last Friday, thereby ending Kinder's chances of winning the district title.

QUEEN CANDIDATES

Young ladies who are candidates for the title of queen of the Harvest Carnival to be held next Tuesday evening at Johnson Bayou High School are: Patricia Erbelding, Vickie McComic, Frances Ann Billiot, Nola Erbelding, Nancy Trahan, Marilyn Storm, Marlene Billiot, Elaine Trahan, Linda Thibodeaux, Rose Ann Constance, Debbie McComic and Diane Romero.

OLDEST RESIDENT?

Mrs. Pierre Boudoin, who is probably Cameron Parish's oldest resident celebrated her 102nd birthday at her home in Creole Sunday, although her birthday actually fell on Nov. 14. Many friends and relatives dropped by to have cake and refreshments with "Grandma Beean" and to wish her well.

HOLLY BEACH MOTEL DESTROYED BY FIRE

The 14-unit Holly Beach Motel was burned to the ground Thursday morning, according to Mrs. Walter Stanley, Pilot reporter, whose husband and Mike Benglis are the motel owners.

The units, which were built about four years ago, were being repaired due to damage from Hurricane Carla two months ago. The fire was believed to have started from electrical wiring in the ceiling of one of the units.

The Hackberry fire truck answered the call for aid, but most of the units were too far gone to save. The motel is covered by fire insurance.

SHRIMPING GREAT

Cameron shrimpers had a very slow time of it this summer, but the catches this fall may make up for it. Landings of shrimp at Cameron during October amounted to 680,700 pounds, as compared to 278,500 pounds for Delcambre and 157,500 for the Morgan City area.

In fact, shrimping is so good right now that two of the shrimp houses haven't been able to get into their fall sidelines--Tom Steed freezing nutria meet and Bolo Trosclair shucking oysters.

ROUNDABOUT THE PARISH

Oak Grove -- Mrs. Elza Miller had as guests this weekend her daughter and son-in-law, Mr. and Mrs. Harry Dupuy and Mr. and Mrs. Everette Sweeney and Mr. Kenneth Miller. This group enjoyed a good hunt on Grand Chenier Friday and Saturday.

Grand Chenier -- The Baptist and Methodist churches held a meeting Sunday afternoon to make plans for their Christmas program which will take place Dec. 15. Those serving on the several committees to plan the event are Rev. J. W. Crowell and Mesdames Loretta Boyd, Emma Nunez, J. W. Broussard, Shirley Crain, Pat Doxey, Adel Owen, Betty McCall, Phyliss Vaughan, Sandra Jones, Nancy Nunez, June Harper, Voelkel Dyson, Audrey Good, Marie Swire, Loretta Boyd, and Shirley Crain.

Cameron -- Allan Baker, son of Mr. and Mrs. Hugh Baker, celebrated his birthday recently at his parent's home. Those present were Donnie and Ronnie Hutson, Michael Trahan, Ricky Wolfe, Ronald Doshier, Randy Bouffanie, Michael Styron, Arlene, Bob and Ann Tartar, Brent, Myra, Tonie and Theresa Cheramie, Judy, James and Pierre Catorie, Wade Miller, Anna Maria and Sylvia Girior, Cindy Tanner, Earl Guthrie, Scott Henry, Arlene Cheramie, Carleen Hebert and Miss Bessie Davis and Mrs. Melvin Tartar.

Johnson Bayou -- Harry Erbelding and Archie Berwick are pumping out their water holes because of salt water due to Hurricane Carla. They are trying to get fresh water back into their wells so they will be fit for stock to drink.

Creole -- Natural gas was turned on in Creole on Nov. 9, and that night about five families used it. Among those families were Mr. and Mrs. Wilson Montie, Fredman Theriot, Charles Richard, Gilbert Landry and Adolph Theriot. Others are being connected every day and as you ride down the highway, you see more and more gas meters along the way.

Lowery-Klondike -- Sunday, Mr. and Mrs. Joe LaComb welcomed their son Roland home from the service with a barbecue. Present for the occasion were Mr. and Mrs. Edward LaComb, the Curley Cormiers and the Lionel Cormiers.

Grand Lake -- The eighth grade class of Grand Lake High School elected officers at a recent meeting. They are: Sandra Thomas, president; CArolyn LaVergne, vice-president; Yvonne Daigle, secretary-treasurer; and Kenneth Nunez, reporter.

HUNTING CLUB IN CAMERON

The wonderful hunting and fishing possibilities in the South Louisiana coastal territory are being more generally recognized each day and the opportunity for all year round sport is creating favorable comment and consideration.

This fact was strongly evidenced by the organization during the past week of the Coastal Hunting and Fishing Club of Lake Charles, which organization has secured the Devers Ranch consisting of some 4,000 acres in Cameron Parish, south of the Gerstner Field property, and close to the Intracoastal Canal.

The property in question is improved. Included in the improvements is a large two-story house, which will be converted into a club house, with screened gallery, sleeping porches, etc. In addition to this, there are six or seven small houses, a barn and a large warehouse.

CAMERON PROPERY ASSESSMENT

The 1961 property assesment for Cameron Parish is up more than a million and a half dollars over the 1960 amount, according to figures released by Leslie Richard, parish assessor.

This year's assessment is $22,820,250, as compared to $21,274,760 for 1960. The parish has enjoyed a similar assesment increase each year for the last few years due mainly to new pipelines and oil company facilities.

Taxes collectable this year are $800,936, a good increase over the 1960 figure of $763,761, according to Sheriff O. B. Carter's office.

ROUNDABOUT THE PARISH

Holly Beach -- The beach comes to a virtual standstill at Christmas. There are no beach visitors and most workers and residents go out. The Clay Boullions will close Christmas day and they usually ride around and visit relatives all day. Mrs. Boullion baked her fruit cakes six weeks ago and will take the day off from cooking. Their traditional family gathering is on New Year's Day.

Most unique decorations can be found at the Claude Rutherfords. They have a bare willow branch tree laden with tops cut out of tin cans. Any color reflects on the tins and an irridescence of colors exudes when the wind blows.

Hackberry -- The HD Club had its Christmas party Dec. 11. The Catholic hall was decorated with a tree and there were 24 members and two guests present. Games were played and Christmas carols sung. Mrs. Mildred Toups played the piano. New officers elected at the party were president, Mrs. W. E. Reasoner, Sr.; vice president, Mrs. Jack Moore; secretary, Mrs. Nata Hebert; treasurer, Mrs. Floyd Little.

Black News -- Miss Julia Ann Bartie of Grambling College, is visiting her parents, Mr. and Mrs. Lester Bartie for the holidays.

The Laymen Brotherhood of the Ebenezer Church met last Sunday and Bryant Bartie, Sr., president, named officers for 1962: vice president, Kenny Savoie; 2nd vice president, Lester Bartie; instructor, Kelly Savoie; secretary, Alcy Bartie; asst. secretary, Leonard January.

Cameron -- Coming home for Christmas holidays are Butch and James Wyatts, Edward Swindell and Bobby Doland. These boys attend LSU in Baton Rouge.

Mr. Emile Vincent celebrated his 83rd birthday at the home of his daughter in Cameron, Mr. and Mrs. Bud Murphy.

Grand Lake -- A Christmas program will be held at the Big Lake Gospel Tabernacle Church, Dec. 22. Mrs. C. J. Farque and Mrs. Edgar Poole are in charge of the program and decorations. Mrs. Rene Saltzman will ble in charge of the choir, Mrs. Rida Day, organist, and C. J. Farque, master of ceremonies.

Grand Chenier -- Ladies on the Chenier are busy baking fruit cakes and making other preparation for Christmas. Many are doing last minute shopping. Much decoration is being put up indoors and outdoors.

The dance class of Charolette Pepper enjoyed a Christmas party at the home of Mrs. Freddie Richard Saturday afternoon.

Johnson Bayou -- Eddie Jinks has a fine fall garden. It was one of the few in the area that survived Hurricane Carla.

Dewana Young

Young gets Fed. award

Dewana Young, secretary at the new $2.2 million office and visitor's center and maintenance complex at the Cameron Prairie National Wildlife Refuge recently traveled to Atlanta, Ga., to receive the Regional Director's Honor Award.

Jerome Butler, acting regional director of the Refuge Services, presented the award to her for "Outstanding performance in coordinating and purchasing the furniture, telephones, and office machines for the new Refuge Center."

Mrs. Young and her husband flew to Atlanta to take part in the ceremony.

The regional director commended her for the long dedicated hours in performing this duty as well as performing her full-time duties as the office assistant at Cameron Prairie.

ELECTION IS APRIL

2nd garbage tax election nears

By GENEVA GRIFFITH

The Cameron Parish Police Jury has called another parish-wide garbage tax election for Sat., Apr. 29.

This is a garbage renewal tax of 5.97 mills, plus a 1 mill increase, totaling 6.97 mills and will determine if Cameron Parish will continue to receive the present garbage collection services.

This is a property tax, and is homestead exempt. Should the tax pass, the garbage service will remain as is with dump sites open 16 hours a week. Residential garbage pickup will continue as in the past and the parish will continue to pay half of commercial dumpsters for businesses.

If the tax fails options include communities going out for bids for residential garbage pickup, and private firms running the dump sites on a fee basis.

These services will have to be paid for by individuals since the parish will no longer have funds for this, jurors said.

Cameron Parish does not receive any funds from the state or federal government to fund garbage collection and disposal.

Currently, parishwide garbage services cost up to $690,000 annually. The parish has been collecting approximately $570,000 each year in taxes and having to supplement the garbage fund about $70,000 per year.

Drainage project delay is explained

The board of commissioners of Cameron Parish Gravity Drainage District 8, which serves the Grand Lake-Sweetlake area, has issued the following information to explain problems facing the district:

The people of District 8 passed a drainage tax in November 1993 and the board then began identifying which laterals needed to be cleaned by physically checking all of the laterals.

In February, 1994 the board advertised for bids on $600,000 worth of improvement bonds and sent letters to property owners seeking rights-of-way for work on the laterals.

In May 1994 the bonds were sold and Lonnie Harper and Associates were retained as engineers.

In November the Corps of Engineers issued a permit for the project. In December the Board asked the Corps to add five more laterals to the project but the Corps rejected the whole package due to changes in the permit requirements.

The board met with the Corps in February, 1995 to get information needed to get the project repermitted and in April, Mr. Harper showed the board the final permit package which they accepted and forwarded to the Corps of Engineers for their acceptance. This is where the drainage project now stands.

"With all the rainfall in the past few months we know there has been some concern about the drainage district not getting the job done," Patrict Hebert, district secretary, stated. "We hope that this statement will answer your questions and that you will bear with us until we get our permit.

He said advertisement for bids on the project will be done as soon as the permit is granted.

Food Source distribution set Saturday

The Cameron Community Action Agency will distribute Food Source packets Sat., Apr. 22, from 10 to 11 a.m. at the First Baptist Church of Cameron. The truck is scheduled to deliver at 8 a.m. Anyone wishing to help unload, please be there at that time.

If anyone is unable to pick up their groceries, please make arrangements to have them picked up as they agency cannot deliver, store or give credit.

Food Source is requesting participants to return the mesh bags that the onions and potatoes come in each month to help cut down on cost. Participants can bring them to the distribution each month with their box.

Someone will be available to collect for May distribution. Cash or food stamps only, no checks.

May menu will be listed in the April newspaper that you will receive with your groceries. The Monday money due-in date listed in the newspaper is the due date for the money to be into Birmingham, Alabama. Our cut-off date to pick up the money is always the Wednesday before money is due in Alabama. We have to have the money to them by that Monday.

Also, we will distribute the groceries from 9 to 10 a.m. in May. As the gym is not air conditioned, we will not be able to keep foods from defrosting. Please make note of this for the May distribution. If there are any questions, call 775-5668.

Board meeting

The Cameron Community Action Agency will hold its quarterly board meeting on May 2, at 3:30 p.m. at the Cameron Senior Center. The april 10, meeting was cancelled due to bad weather. All members are encouraged to attend. If anyone needs a ride, contact Kathy at 775-5145.

Constance Beach hard hit

By GENEVA GRIFFITH

The Gulf of Mexico seems to have a vendetta on Constance Beach, located in Cameron Parish, west of Holly Beach.

A spring storm hit the area Monday night, Apr. 10, bringing with it 6-foot waves that swept some beach cabins into the water and undermined foundations on others.

The beach in front of these cabins at one time was three streets back but has eroded over the past years, taking the cabins in front, along with the paved streets, into the Gulf.

Rodney Guilbeaux, a permanent resident of the beach community, says that for some reason this particular area is targeted each year during the spring storms, and had it not been for the revetments that have been placed in front of the area, his house would probably have already been in the Gulf. His residence is only one row of cabins away from the beach.

He stated that the water had covered Highway 82 and left mounds of debris on the road, as well as all of the roads and yards in the Constance Beach community.

The highway department was out early to clear off the highway and the Cameron Parish road crew did a terrific job of cleaning up all of the debris, consisting of water lillies, lumber, etc., that had floated in from the Gulf.

Lions hear about Civil War battle

By GENEVA GRIFFITH

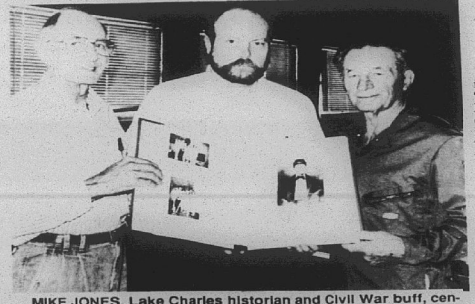
Mike Jones, historical Civil War buff, and a member of the Battle of Calcasieu Pass Park project, was the guest speaker at the meeting of the Cameron Lions Club last week.

He was introduced by Ed Kelley, a member of the local tourist commission.

Jones gave a brief history of the Calcasieu Pass Battle which occurred May 6, 1864, and displayed a picture of William Kneif, who was mortally wounded in the battle and is buried at the battle site, which is now Monkey Island.

The island was created when the ship channel was dug and was severed from the town of Cameron. It has to be reached by a small ferry.

The battle occurred during the Civil War, when a small band of Confederate soldiers came from Fort Griffin in Sabine Pass and defeated two Union battleships at the mouth of the Calcasieu River in a battle that lasted only one hour and 40 minutes.



About 500 men on both sides were engaged and there were about 50 casualties. The dead were buried in a small graveyard that was set up beside the LeBouef farm house which was used as a hospital to tend to the wounded. 170 men were captured and marched by foot back to Sabine Pass to be sent to Confederate prisons.

Jones said these gravesites need to be recovered and commemorated, and that the site should be preserved. There are no visible signs of the gravesites, as any signs were obliterated during Hurricane Audrey in 1957.

However, an archaeological study could be done and individual graves could be pinpointed, he said. Jones said that this is a very unusual gravesite since soldiers from both sides of the War are buried together.

He said the committee will look at possible grants and help from private channels and foundations for the project.

Two men were present at the luncheon who have close ties to the site, descendants of the LeBouef family who owned the farm house: field hospital, George LeBoeuf, a member of the Cameron Police Jury and J. Berton Daigle, retired Cameron Parish Clerk of Court.

MIKE JONES, Lake Charles historian and Civil War buff, center, holds a scrapbook with a picture of one of the casualties of the Battle of Calcasieu Parish at Cameron. He is flanked by George LeBouef and J. Berton Daigle, whose ancestors owned the land on which the battle's dead are buried. (Photo by Geneva Griffith)

Ribbon cut at the new refuge

By GENEVA GRIFFITH

U. S. Senator J. Bennett Johnston got to see a dream become a reality when he cut the ribbon officially opening the new Cameron Prairie National Wildlife Refuge in Sweet Lake Wednesday, April 12.

The 15,000 acre refuge was purchased in 1988 for over $5 million from the Hebert-Helms Company, and was turned into a refuge where once rice fields flourished.

The federal government dedicated $3.8 million to build the facility which now houses the visitors center, with its lifelike displays of "Taunte Marie", an old-time Cajun woman who tells her tale of life in the marsh in her broken English monolog.

Helping Sen. Johnston cut the ribbon was Congressman Jimmy Hayes; State Sen. Cecil Picard; Noreen Clough, Regional Director U.S. Fish and Wildlife Service; Ray Conner, vice president of the Cameron Parish Police Jury; Madeline Solina, president of the Cameron Parish Tourist Commission; Monte Hurley, chairman of the Board Southwest Louisiana Convention and Visitors Bureau and Paul Yakupzack, Refuge Manager.

Johnston said that the government was very lucky to have been able to purchase this large piece of land to protect the wildlife for posterity.

He predicted that the 1,000 visitors who come to the refuge each month so far will soon be 5,000 as more people hear about it and take the nature walks to see the wildlife in their habitat.

Boy Scout Troop 222 of Creole performed the flag ceremony. Yakupzack gave the welcome and Rev. T. L. Herlong, pastor of St. Mary of the Lake Catholic Church, Big Lake, gave the invocation.

At the close of the outdoor ceremony, a reception was held inside the visitors center.

Furnishing the music under the outdoor tent was the Hackberry Ramblers, a Cameron community group that has been playing since 1947 and is the only group with two of the original eight members.

Lady Tarpons win in Southwestern Relays

By JOE MUELLER

The South Cameron Lady Tarpons scored 85 points in the Southwestern Relays to win the small school division. The meet was held last week at U.S.L. in Lafayette.

The Lady Tarpons closest competition came from North Iberville who scored 78 points.

On the boys side, the South Cameron Tarpons scored 14 points.

The Lady Tarpons were led by Tina Fountain and Shawanna Felton.

Tina Fountain set a new meet record in the triple jump with a leap of 36'8". Fountain also won the long jump with a jump of 16'8".

Shawanna Felton won the 200 meter dash and was runner-up in the 100 meter dash.

The other first place by the Lady Tarpons was collected by Sarah Henry in the javelin.

The Tarpon track teams will be at Iota Thursday, Apr. 20, for the district track meet.

Tarpon softball team wins first playoff game

The South Cameron Lady Tarpons, winners of District 6AA girls softball, won their opening game of the state playoffs 9-4 over the Mamou Lady Green Demons.

The Tarpons led 3-1 over the Demons after three inning then they scored three runs in the fourth and fifth innings.

Jana Rutherford and Heather Sturlese pitched for the Tarpons.

Shannon Suratt and Jan Theriot each had a pair of hits for the Tarpons.

The Lady Tarpons will play the winner of the Homer-DeSoto game in the regional round.

DAVID DEVALL and Jean Garber received Catholic Youth Leadership Awards at the recent F. J. Pavell KC Council banquet at Holly Beach.

KC awards told

At the annual KC-CDA banquet on April 9, Jean Garber and David Devall were honored by F. J. Pavell Knights of Columbus Council 8323 as the 1994-95 Catholic Youth Leadership Award winners. The awards were presented by Gerald Touchet. Jean and David also assisted in the banquet by leading in the Pledge of Allegiance.

The Award was established in 1959 by the Louisiana State Knights of Columbus to give public recognition to young Catholic adults who have well exemplified Catholic leadership in their community and outstanding achievements in high school. Each boy and girl winner received a plaque and a $100 check, $50 from the Council and a matching $50 from the State K of C.

Garber is a senior at Johnson Bayou High School and is the daughter of Nick and Chris garber. She served as an altar server for 3 years, attended CCD for 9 yeas, and has participated in the Lake Charles Diocesan Youth Conference. With a near 4.0 grade point average, she served on the yearbook staff and was President of the Science Club. She participated in track and basketball and earned All-District Honorable Mention for '92-'93 and '93-'94. She plans to attend McNeese State University majoring in business.

Hornet girls lose playoff

Grand Lake's Lady Hornet girls softball team lost their opening round of the state playoffs to Epps by an 11-4 score.

The Lady Hornet district runners-up, finished the year with a 7-5 overall record. They were 4-2 in district.

Candy Thibodeaux pitched for the Hornets.

Parish Baseball scores, results

Hackberry 7, Grand Lake 2

The Hackberry Mustangs raised their district worksheet to 5-0 as they bet Grand Lake 7-2.

Patrick Dennis pitched for Hackberry and Josh Johnson hurled for Grand Lake.

Grand Lake's district record is 3-2. Tony Beard, Tommy Daigle, and Cody LeBleu each had a pair of hits for the Hornets.

Chad Desadier had three hits, and Gene Kittner and Mickey Schexneider each had two for the Mustangs.

Grand Lake 13, Singer 1

Grand Lake scored 9 runs in the first three innings and went on to a 13-1 victory over Singer. The win clinched second place in district for the Grand Lake Hornets who are 4-2 in district.

Josh LaBove and Chris Dalton pitched for the Grand Lake nine.

Timmy Daigle, Chris Dubon, Josh Johnson, Cody LeBlanc and Josh LaBove all had two hit for Grand Lake. Cody LeBlanc had two homeruns and Josh Johnson one for the Grand Lake Hornets.

Quilters had trip to antebellum home in Miss.

By GENEVA GRIFFITH

The Monday Morning Quilters had plenty to talk about at their weekly quilting bee in the meeting room of the Wakefield Memorial Methodist Church.

They were back from a trip to Jackson, Miss., where they visited with their friend Margurite "Pete" Carter who organized the group several years ago.

Mrs. Carter's husband, Rev. Paul Carter, was a former pastor of the local church and after his retirement, he and his wife moved back to Jackson where Mrs. Carter is now the manager of a bed and breakfast establishment.

The massive antebellum home was built in 1825 and was first used as a banking house for the Clinton-Port Hudson Railroad Company, one of the earliest flat-bed railroads in the nation.

The group slept in the mansion, and one of the group, Roberta Rogers, was privileged to sleep in the antique bed that was presented to Thomas Jefferson's daughter when she was married.

The group marveled at the antique furniture they viewed in the home.

The quilters have quilted about 40 quilts since they started for themselves, their families, friends, and some for auctions for worthy causes.

Each woman brings a covered dish for their noon lunch.

Those presently in the group, in addition to Mrs. Rogers, are Ethelyn Kebodeaux, Judy Rountree, Vivian Murphy, Belma "Kato" Picou, Lena Authement, and Patty Jo Trahan.

Cameron Outdoors

By Loston McEvers

Last week we saw the attack Mother Nature put across our area. A few anglers got caught in some of this,making it to the landings, but having a slow trip home fighting the high winds and flash flooding.

The water in our marshes was already high, now with the 3 to 4 inches we got, plus what will come down from the north, we will be flooded for quite sometime.

SALTWATER INSHORE-OFFSHORE

Before the last heavy rain, there were a good number of speckle trout taken at the platforms not far from shore and good red snappers around 30 miles out.

Easter weekend has passed and this is really when offshore fishing should be turning on, which I'm sure it will, but closer to shore could be a while later due to all the freshwater flowing into the Gulf outlets.

Big Lake has been muddy and dirty and again, all the water flow will keep the water this way. Reports have been slow.

There were a couple of good reports of Spanish and king mackeral caught a couple of weeks ago.

FRESHWATER REPORT

Lacassine Refuge slowed down some on big bass, but plenty average size bass caught. The Big Burns is still producing bass and white perch. Bass are scattered and the white perch are harder to catch if using tube jigs. Shiners are the best bet.

I managed to take home 8 nice bass up to 4 pounds last weekend. Larry Conner also had some nice bas up to 3¼ pounds.

BASS SHOOT-OUT

This week the local evening tournament started on Lacassine Refuge. Every Monday evening around 4 p.m. to dark will bring quite a few anglers together to have a fish-out. Only live bass will be weighed-in and they will be released right away. A $27 entry fee is charged.

OUT OF STATE

*A 27 pound peacock bass was taken by an Oklahoma angler. It was caught in Rio Negro River in Brazil. Caught on a topwater plug, it measured 36 inches long and girth of 26 inches. It is a new world record, beating the old record by 8 ounces.

*Toledo Bend Lake record for bass has been broken. A Leesville angler, Michael Rivers, weighed in a 14 lb. 8 oz. bass. The old record was 13.85.

*An interesting note: Here are three states with record largemouth bass weighing more than 10 pounds - California has 43 bass over 15 pounds; Florida has 13 more than 13 pounds and Georgia has 3 weighing over 20 pounds. Our state of Louisiana has a chance to match California and beat Florida.

FEDERAL PROGRAM

The U. S. Fish and Wildlife Service will drop it's proposal to divert Wallo-Breaux Funds for other priorities.

Recreational anglers and hunters have kept the conservation movement going, with hundreds of millions of dollars they pay each year in taxes on sporting equipment. The foundation has provided these monies for more than 60 years. The 1995 figures for the Pittman-Robertson/Wildlife is $211,000,000 and for the Wallop-Breaux/Sportsfish Restoration is $199,933,000.

The conclusion of a lawsuit on secondary use of National Wildlife Refuges has ended the talk that would shut down hunting and fishing on these refuges. It seems hunting and fishing programs will be largely unaffected. Hunting now takes place on 272 refuges and fishing on 254. These numbers included the opening of four refuges to hunting and one to fishing last year.

COMMERCIAL FISHING

Our commercial fishermen may not get the chance to take their oysters for the extra days they were given, to April 30. All these flood waters may shut them down and time may run out and end the season. Another tough break for an already depressed oyster harvest.

TIP FOR BASS

Watch the birds for clues to bass location. Birds that eat fish, such as blue herons, egrets and gulls, follow baitfish schools and so do the bass. Herons stalk shorelines as do egrets, while gulls roam our open waters. Now if you see birds diving for food, find the place, (weeds, deephole, moss beds) and work these with a spinner bait or buzzbait.

PUBLIC NOTICE

Notice is hereby given that the Department of Environmental Quality has issued a temporary permit and is proposing to issue a final Louisiana Water Discharge Permit System (LWDPS) permit to American Biochemical Corporation to discharge treated sanitary and domestic wastewater collected from oil and gas exploration, development, and production facilities, and to discharge stormwater runoff from vessels used to collect the waste water. The limitations and conditions of this permit are consistent with the permitting policy of the Office of Water Resources, which is to achieve or maintain full support of designated uses of the waters of the state.

During the preparation of this permit, it has been determined that these discharges will have no adverse impact on the existing uses of the receiving waters. As with any discharge, however, some change in existing water quality may occur.

The designated uses of the receiving waters include primary contact recreation, secondary contact recreation, propagation of fish and wildlife, drinking water supply, oyster propagation, agriculture, and outstanding natural resource waters.

The application and proposed limitations may be examined at the Office of Water Resources, 3rd Floor, Department of Environmental Quality, 7290 Bluebonnet Road, Baton Rouge, Louisiana.

Persons wishing to provide data, views or comments, or request a public hearing relative to the issuance of the permit are invited to submit their comments and requests, in writing, within thirty (30) days of the date of this notice using reference No. WP 5103 to:

Department of Environmental Quality, Office of Water Resources, Post Office Box 82215, Baton Rouge, Louisiana 70884-2215 ATTN: Danny Smith. Telephone: (504) 765-0543.

All written comments submitted during the period of comment shall be retained by the office and considered in the formulation of a determination to issue a final permit.

"EXHIBIT A"

The following resolution was offered by Mr. Hicks and seconded by Mr. Ray Conner.

RESOLUTION

A Resolution providing for the incurring of debt and issuance of Five Hundred Thousand ($500,000) of General Obligation Bonds, Series 1995A of Hackberry Fire Protection District No. 1 of Cameron Parish, Louisiana prescribing the form, terms, and conditions of such Bonds and providing for the payment thereof; authorizing an agreement with the Paying Agent; and providing for other matters in connection therewith.

WHEREAS, pursuant to a resolution adopted by the Police Jury of Cameron Parish, Louisiana (the "Governing Authority"), the Governing Authority of Hackberry Fire Protection District No. 1 of Cameron Parish, Louisiana (the "District" or "Issuer"), on September 16, 1994, and in conformity with notices to voters published in the manner required by law, in the Cameron Parish Pilot, a newspaper published in Cameron, Louisiana, the official journal of Issuer, and having general circulation throughout the District, there was held in the District on November 8, 1994, a special election at which there was submitted to the qualified electors entitled to vote thereon the following propositions:

PROPOSITION NO. 1

SUMMARY: AUTHORITY FOR HACKBERRY FIRE PROTECTION DISTRICT NO. 1 TO INCUR DEBT AND ISSUE BONDS IN AN AMOUNT OF FIVE HUNDRED THOUSAND DOLLARS ($500,000) 10-YEAR AD VALOREM TAX-SECURED GENERAL OBLIGATION BONDS, TO BEAR INTEREST AT A RATE OR RATES NOT TO EXCEED TEN PERCENT (10%) PER ANNUM, TO ACQUIRE BUILDINGS, MACHINERY AND EQUIPMENT TO BE USED IN GIVING FIRE PROTECTION TO THE DISTRICT

PROPOSITION: Shall Hackberry Fire Protection District No. 1 of Cameron Parish, Louisiana (the "District") be authorized to incur debt and issue bonds to the amount of Five Hundred Thousand and No/100 Dollars ($500,000.00), to run for a period of ten (10) years from date of issue thereof, to bear interest at a rate not to exceed ten percent (10%) per annum, for the purpose of acquiring buildings, machinery and equipment, including both real and personal property, to be used in giving fire protection to the property in said District, title to which shall be in the public, which bonds will be general obligations of the District and will be payable from ad valorem taxes to be levied and collected within the limits of the District, as authorized by Article VI, Section 33 of the Constitution of Louisiana of 1974 and statutory authority supplemental thereto?

PROPOSITION NO. 2

SUMMARY: AUTHORITY FOR HACKBERRY FIRE PROTECTION DISTRICT NO. 1 TO COLLECT, FOR 10 YEARS, A TAX OF 4.04 MILLS PER ANNUM FOR FIRE PROTECTION OPERATION AND MAIN-TENANCE PURPOSES, IN SUBSTITUTION FOR THE 4-MILL TAX APPROVED IN THE ELECTION OF JULY 22, 1989

PROPOSITION: Shall Hackberry Fire Protection District No. 1 of Cameron Parish, Louisiana, be authorized to levy and collect a tax of 4.04 mills on the dollar of assessed valuation on all property subject to taxation in said District for a period of 10 years, beginning with the year 1995, for the purpose of maintaining and operating the District's fire protection facilities, for purchasing fire fighting equipment, and for paying the cost of obtaining water for fire protection purposes, including charges for fire hydrant rentals and service within and for said District, which tax would supersede and replace the 4-mill tax approved at the special election in the District of July 22, 1989?

WHEREAS, pursuant to said resolution calling said special election and to the notice of said election, the Governing Authority of the District, did meet, on November 15, 1994, at 10:00 o'clock A.M., in open and public session, and did canvass the returns of said election and did declare the election to have resulted in favor of said Proposition; and

WHEREAS, the Governing Authority now deems it to be public interest to authorize the issuance and delivery of $500,000 General Obligation Bonds, Series 1995A (the "Bonds") of the District; and

NOW, THEREFORE, BE IT RESOLVED by the Hackberry Fire Protection District No. 1 of Cameron Parish, Louisiana, that:

SECTION 1. Definitions. As used herein the following terms shall have the following meanings, unless the context otherwise requires:

"Agreement" means the agreement to be entered into between the Issuer and the Paying Agent pursuant to this Resolution.

"Bond" means any Series 1995A Bonds of the Issuer authorized to be issued by this Resolution, whether initially delivered or issued in exchange for, upon transfer of, or in lieu of any Bond previously issued.

"Bonds" means the General Obligation Bonds, Series 1995A of the Issuer authorized by this Resolution in the total aggregate principal amount of Five Hundred Thousand Dollars ($500,000).

"Outstanding" when used with respect to the Bonds means, as of the date of determination, all Bonds theretofore issued and delivered under this Resolution, except:

1. Bonds theretofore cancelled by the Paying Agent or delivered to the Paying Agent for cancellation;

2. Bonds for which through payment or redemption sufficient funds have been theretofore deposited in trust for the Owners of such Bonds; provided that, if such Bonds are to be redeemed, irrevocable notice of such redemption has been duly given or provided for pursuant to this Resolution or waived.

3. Bonds in exchange for or in lieu of which other Bonds have been registered and delivered pursuant to this Resolution.

4. Bond alleged to have been mutilated, destroyed, lost, or stolen or which have been paid as provided in this Resolution or by law.

5. Bonds for the payment of the principal or redemption price of any of and interest on which money or Government Securities or both are held in trust with the effect specified in this Resolution.

"Owner" or "Owners" when used with respect to any Bond means the Person in whose name such Bond is registered in the Bond Register, as herein provided.

"Paying Agent" means a bank to be designated upon the sale of the Bonds in any City in Louisiana, until a successor Paying Agent shall have been appointed pursuant to the applicable provisions of this Resolution, and thereafter "Paying Agent" shall mean such successor Paying Agent.

"Person" means any individual, corporation, partnership, joint venture, association, joint-stock company, trust, unincorporated organization, or government or any agency or political subdivision thereof.

"Purchaser" means the original purchaser or purchasers of the Bonds.

"Record Date" for the interest payable on any Interest Payment Date means the 15th calendar day of the month next preceding such Interest Payment Date.

"Resolution" means this resolution authorizing the issuance of the Bonds, as it will be supplemented and amended upon receipt of bids and sale of the Bonds.

SECTION 2. Authorization of Bonds; Maturities. In compliance with and under the authority of the provisions of Article VI, Section 33 of the Constitution of State of Louisiana of 1974; Sub-Part A, Part III, Chapter 4 of Title 39 of the Louisiana Revised Statutes of 1950, as amended, and other constitutional and statutory authority, and a special election held in the Issuer on November 8, 1994, there is hereby authorized the incurring of an indebtedness of Five Hundred Thousand Dollars ($500,000) for, on behalf of and in the name of the Issuer, for the purpose of acquiring buildings, machinery and equipment to be used in giving fire protection to the Issuer and paying the costs of issuance of the Bonds, and to represent said indebtedness this Governing Authority does hereby authorize the issuance of Five Hundred Thousand Dollars ($500,000) of General Obligation Bonds, Series 1995A, of the Issuer. The Bonds shall be in fully registered form, shall be dated April 1, 1995, shall be issued in the denomination of Five Thousand Dollars ($5,000) each, or any integral multiple thereof within a single maturity, and shall be numbered consecutively from R-1 upward. The unpaid principal of the Bonds shall bear interest (computed on the basis of the most recent Interest Payment Date to which interest has been paid or duly provided for, payable on each Interest Payment Date, commencing April 1, 1996, at not to exceed ten percent (10%) per annum, or such lesser amount as may be fixed by supplemental resolution hereto adopted upon sale of the Bonds, and shall mature serially on April 1 of each year as follows:

Due (April 1):	Amount	Interest Rates
1996	$ 25,000	%
1997	30,000	%
1998	40,000	%
1999	45,000	%
2000	50,000	%
2001	55,000	%
2002	60,000	%
2003	60,000	%
2004	65,000	%
2005	70,000	%

The principal of the Bonds, upon maturity or redemption, shall be payable at the principal corporate trust office of the Paying Agent, upon presentation and surrender thereof, and interest on the Bonds shall be payable by check mailed by the Paying Agent to the Registered Owner (determined as of the close of business on the Record Date) at the address shown on the Bond Register. Each payment by the Paying Agent to the Resolution upon transfer of or in exchange for or in lieu of any other Bond shall carry all the rights to interest accrued and unpaid, and to accrue, which were carried by such other Bond, and each such Bond will bear interest (as herein set forth) so that neither gain nor loss in interest shall result from such transfer, exchange or substitution.

No Bond will be entitled to any right or benefit under this Resolution, or be valid or obligatory for any purpose, unless there appears on such Bond a certificate of registration, substantially in the form provided in this Resolution, executed by the Paying Agent by manual signature.

SECTION 3. No Redemption Prior to Maturity. The bonds are not subject to redemption prior to their stated dates of maturity.

SECTION 4. Registration and Transfer. The Issuer shall cause a book for registration and for the transfer of the Bonds (the Bond Register), as provided in this Resolution, to be kept at the principal office of the Paying Agent. The Bonds may be transferred, registered and assigned, at the expense of the Issuer, only upon the Bond Register upon surrender thereof at the principal office of the Paying Agent, together with the execution of the assignment form on the Bonds or by other instrument of transfer and assignment in such form as shall be satisfactory to the Paying Agent. A new Bond or Bonds will be delivered by the Paying Agent to the last assignee (the new registered owner) in exchange for such transferred and assigned Bonds within three (3) days after receipt of the Bonds to be transferred in proper form. Such new Bond or Bonds must be in the principal amount denomination of $5,000 or any integral multiple thereof within a single maturity. Neither the Issuer nor the Paying Agent will be required to issue, register, transfer or exchange any Bond during a period beginning at the close of business on the Record Date and ending at the close of business on the Interest Payment Date. The execution by the Issuer of any fully registered Bond shall constitute full and due author-ization of such Bond and the Paying Agent shall thereby be authorized to authenticate, date and deliver such Bond, provided, however, that the principal amount of outstanding Bonds of each maturity authenticated by the Paying Agent shall not exceed the authorized Principal amount of Bonds for such maturity less previous retirements, subject to the provisions of Section 16 hereof. The Issuer is authorized to prepare, and the Paying Agent shall keep custody of, multiple Bond blanks executed by the Issuer for use in the transfer and exchange of Bonds.

SECTION 5. Registered Owner. As to any Bond, the person in whose name the same shall be registered as shown on the Bond Register required by Section 3, shall be deemed and regarded as the absolute owner thereof for all purposes, and payment of or on account of the principal thereof, premium, if any, and interest on any such Bond shall be made only to or upon the order of the registered owner thereof or his legal representative, and the Issuer shall not be affected by any notice to the contrary. All such payments shall be valid and effectual to satisfy and discharge the liability upon such Bond, including the interest thereon, to the extent of the sum or sums so paid.

SECTION 6. Form of Bonds. The Bonds and the endorsements to appear thereon will be in substantially the following form (Exhibit A):

Hackberry Fire Protection District No. 1 of Cameron Parish, Louisiana (the "Issuer"), acting through the Police Jury of Cameron Parish, Louisiana, the governing authority of the Issuer, for value received hereby acknowledges itself indebted and promises to pay, in lawful money of the United States of America, to the Registered owner identified above, or registered assigns, on the Maturity Date set forth above, the principal amount set forth above, together with interest thereon from the original Issue Date set forth above or the most recent interest payment date to which interest has been paid or duly provided for, payable April 1 and October 1 of each year, commencing April 1, 1996 (each an "Interest Payment Date"), at the Interest Rate per annum set forth above until said Principal Amount is paid. The principal of this Bond, upon maturity, is payable in lawful money of the United States of America at the principal corporate trust office of

in the City of
Louisiana, or successor thereto, upon presentation and surrender hereof. Interest is payable by check mailed by the Paying Agent to the registered owner (determined as of the 15th calendar day of the month next preceding the Interest Payment Date) at the address as shown on the registration books of the Paying Agent.

REFERENCE IS MADE TO THE FURTHER PROVISION OF THIS BOND SET FORTH ON THE REVERSE HEREOF, WHICH SHALL FOR ALL PURPOSES HAVE THE SAME EFFECT AS THOUGH FULLY SET FORTH HEREIN.

The Issuer has designated this Bond as a "qualified tax-exempt obligation" pursuant to section 265(b)(3) of the Internal Revenue Code of 1986.

This Bond shall not be valid or become obligatory for any purpose or be entitled to any security or benefit under the Resolution (herein defined) until the certificate of registration hereon shall have been signed by the Paying Agent.

It is certified that this Bond is authorized by and is issued in conformity with the requirements of the Constitution and statutes of the State of Louisiana. It is further certified, recited and declared that all acts, conditions and things required to exist, to happen and to be performed precedent to and in the issuance of this Bond and the issue of which it forms a part to constitute the same legal, binding and valid obligations of the Issuer have existed, have happened and have been performed in due time, form and manner as required by law, and that the indebtedness of the Issuer, including this Bond and the issue of which it forms a part, does not exceed the limitations prescribed by the Constitution and statutes of the State of Louisiana.

IN WITNESS WHEREOF, the Police Jury of Cameron Parish, Louisiana, the governing authority of the Issuer, has caused this Bond to be executed in the name of the Issuer by the manual or facsimile signatures of its President and its Secretary and a manual or facsimile of its corporate seal to be imprinted hereon.

(FORM OF REVERSE OF BOND)

This Bond is one of an authorized issue of General Obligation Bonds, Series 1995A of the Issuer, aggregating in original principal amount the sum of $500,000 (the "Bonds"), all of like tenor and effect except as to number, denomination, interest rate, and maturity, said Bonds having been issued by the Issuer pursuant to resolutions adopted by the governing authority of the Issuer on February 7, 1995 and March 1, 1995 (collectively, the "Resolution"), for the purpose of acquiring buildings, machinery and equipment to be used in giving fire protection to Hackberry Fire Protection District No. 1 of Cameron Parish, Louisiana and for the District and paying the costs of issuance of the Bonds, under the authority conferred by Article VI, Section 33 of the Constitution of the State of Louisiana of 1974, as amended; Sub-Part A, Part III, Chapter 4 of Title 39 of the Louisiana Revised Statutes of 1950, as amended; and other constitutional and statutory authority supplemental thereto, and were specially authorized at a special election held in the District on , 1994, the result of which election has been duly promulgated in accordance with law.

The Bonds are not subject to redemption prior to maturity.

The Issuer shall cause to be kept at the principal corporate trust office of the Paying Agent a register (the "Bond Register") in which registration of the Bonds and transfers of the Bonds shall be made as provided in the Resolution. This Bond may be transferred, registered and assigned only on the Bond Register, and such registration shall be at the expense of the Issuer. This Bond may be assigned by the execution of the assignment form hereon or by other instrument of transfer and assignment acceptable to the Paying Agent. A new Bond or Bonds shall be delivered by the Paying Agent to the last assignee (the new registered owner) in exchange for this transferred and assigned Bond after receipt of this Bond to be transferred in proper form. Such new Bond or Bonds shall be in the denomination of $5,000 or any integral multiple thereof within a single maturity. Neither the Issuer nor the Paying Agent will be required to issue, register, transfer or exchange any Bond during a period beginning at the close of business on the 15th calendar day of the month next preceding an Interest Payment Date and ending at the close of business on the Interest Payment Date. The Issuer and the Paying Agent may deem and treat the registered owner hereof as the absolute owner hereof for the purpose of receiving payment of, or on account of, the principal hereof and interest due hereon and for all other purposes.

This Bond and the issue of which it forms a part constitute general obligations of the Issuer, and the full faith and credit of the Issuer is pledged for the payment of this Bond and the issue of which it forms a part. The Bonds are secured by a special tax to be imposed and collected annually in excess of all other taxes on all the property subject to taxation within the territorial limits of the Issuer, under the Constitution and laws of Louisiana, sufficient in amount to pay the principal of this

Bond and the issue of which it forms a part and the interest thereon as they severally mature.

This Bond and the issue of which it forms a part have been duly registered with the Secretary of State of Louisiana, as provided by law.

SECTION 7. Execution of Bonds. The Bonds shall be signed by the Executive officers of the Issuer for, on behalf of, in the name of and under the corporate seal of the Issuer, and the Legal opinion Certificate shall be signed by the Secretary of the Governing Authority, which signatures and corporate seal may be either manual or facsimile and the delivery of any Bond so executed at any time thereafter shall be valid although, before the delivery, any of the persons signing the Bonds cease to hold office.

SECTION 8. Registration with Secretary of State. The Bonds shall be registered with the Secretary of State of the State of Louisiana as provided by law and shall bear the endorsement of the Secretary of State of Louisiana in substantially the form set forth herein, provided such endorsement shall be manually signed only on the Bonds initially delivered to the Purchaser, and any Bonds subsequently exchanged therefore as permitted in this Resolution may bear the facsimile signature of said Secretary of State.

SECTION 9. Pledge of Full Faith and Credit; Tax Levy. The Bonds shall constitute general obligations of the Issuer, and the full faith and credit of the Issuer is hereby pledged to the punctual payment of the Bonds in accordance with the authority of Article VI, Section 33 of the Constitution of the State of Louisiana of 1974, and constitutional and statutory authority supplemental thereto. The Issuer obligates itself and is bound under the terms and provisions of law and the election authorizing the Bonds to impose and collect annually in excess of all other taxes an ad valorem tax on all property subject to taxation within the territorial limits of the Issuer sufficient to pay principal of and interest on the bonds falling due in each year, said tax to be levied and collected by the same officers, in the same manner and at the same time as other taxes are levied and collected within the territorial limits of the Issuer. The proceeds of such tax shall be devoted and applied to the payment of said interest and principal as such shall become due, and without further action being required of the Governing Authority, the proper officer or officers are hereby authorized and directed, beginning with the year 1995, to include in the annual levy of taxes upon, and to extend upon the assessment rolls against, all taxable property situated within the territorial limits of the Issuer, a sum sufficient to pay the principal of, premium, if any, and interest on the Bonds becoming due the ensuing year. The Issuer shall deposit the avails of said tax in the "Debt Service Fund" herein provided for. Principal and interest falling due at any time when the proceeds of said tax levy may not be available shall be paid from other funds of the Governing Authority and such funds shall be reimbursed from the proceeds of said taxes when said taxes shall have been collected. The Issuer covenants and agrees with the Purchaser and the owner of the Bonds that so long as any of the Bonds remain outstanding, the Issuer will take no action or fail to take any action which in any way would adversely affect the ability of the Issuer to levy and collect the foregoing tax levy, and the Issuer and its officers will comply with all present and future applicable laws in order to assure that the foregoing taxes will be levied, extended and collected as provided herein and deposited in the Debt Service Fund established in Section 10 to pay the principal of and interest on the Bonds. Forthwith upon the passage of this Resolution, the Secretary-Treasurer of the Governing Authority is hereby directed to file a certified copy of this Resolution with the Assessor of Cameron Parish, Louisiana.

SECTION 10. Debt Service Fund. For the payment of the principal of and the interest on the Bonds, the Issuer will establish a special fund, to be held by the regularly designated fiscal agent of the Issuer (the "Debt Service Fund"), into which the Issuer will deposit the proceeds of the aforesaid special tax and accrued interest on the Bonds. The depository for the Debt Service Fund shall transfer from the Debt Service Fund to the Paying Agent at least three (3) days in advance of each Interest Payment Date funds fully sufficient to pay promptly the principal and interest falling due on such date.

All moneys deposited with the regularly designated fiscal agent bank or banks of the Issuer or the Paying Agent under the terms of this Resolution shall constitute sacred funds for the benefit of the owners of the Bonds, and shall be secured by said depositaries to the full extent thereof in the manner required by law for the securing of deposits of public funds.

All or any part of the moneys in the Debt Service Fund and Project Fund shall, at the written request of the Issuer, be invested in accordance with the general laws of the State of Louisiana, in which event all income derived from such investments shall be added only to the Debt Service Fund.

SECTION 11. Application of Proceeds; Project Fund. The Executive officers are hereby empowered, authorized and directed to do any and all things necessary and incidental to carry out all of the provisions of this Resolution. Of the amounts received upon sale of the Bonds, all principal proceeds shall be deposited into a fund separate and apart from the general funds of the Governing Authority, namely, the "1994 Public Improvement Fund" (the "Project Fund") hereby created, and disbursements shall be made from the Project Fund solely and only for the purposes for which the Bonds are being issued and for which the principal proceeds are hereby appropriated.

SECTION 12. Bonds Legal obligations. The Bonds shall constitute legal, binding and valid obligations of the Issuer, and shall be the only representations of the indebtedness as herein authorized and created.

SECTION 13. Resolution a Contract. The provisions of this Resolution and the Bonds shall constitute a contract between the Issuer, or its successor, and the owner or owners from time to time of the Bonds, and any such owner or owners may at law or in equity, by suit, action, mandamus or other proceedings, enforce and compel the performance of all duties required to be performed by this Governing Authority or the Issuer as a result of issuing the Bonds.

No material modification or amendment of this Resolution, or of any resolution amendatory hereof or supplemental hereto, may be made without the consent in writing of the owners of two-thirds (2/3) of the aggregate principal amount of the Bonds then outstanding; provided, however, that no modification or amendment shall permit a change in the maturity provisions of the Bonds, or a reduction in the rate of interest thereon, or in the amount of the principal obligation thereof, or affecting the right of the Issuer to pay the principal of and the interest on the Bonds as the same shall come due from the taxes pledged and dedicated to the payment thereof by this Resolution or reduce the percentage of the owners required to consent to any modification or amendment of this Resolution, without the consent of all of the owners of the outstanding Bonds.

SECTION 14. Recital of Regularity. This Governing Authority having investigated the regularity of the proceedings taken in connection with the Bonds herein authorized and having determined the same to be regular, the Bonds shall contain the following recital, to-wit:

"It is certified that this Bond is authorized by and is issued in conformity with the requirements of the Constitution and statutes of the State of Louisiana."

SECTION 15. Effect of Registration. The Issuer, the Paying Agent, and any agent of either of them may treat the owner in whose name any Bond is registered as the owner of such Bond for the purpose of receiving payment of the principal of and interest on such Bond and for all other purposes whatsoever, and to the extent permitted by law, neither the Issuer, the Paying Agent, nor any agent of either of them shall be affected by notice to the contrary.

SECTION 16. Notices to owners. Wherever this Resolution provides for notice to owners of Bonds of any event, such notice shall be sufficiently given (unless otherwise herein expressly provided) if in writing and mailed, first class postage prepaid, to each owner of such Bonds, at the address of such owner as it appears in the Bond Register. In any case where notice to owners of Bonds is given by mail, neither the failure to mail such notice to any particular owner of Bonds, nor any defect in any notice so mailed, shall affect the sufficiency of such notice with respect to all other Bonds. Where this Resolution provides for notice in any event, such notice may be waived in writing by the owner or owners entitled to receive such notice, either before or after the event, and such waiver shall be the equivalent of such notice. Waivers of notice by owners shall be filed with the Paying Agent, but such filing shall not be a condition precedent to the validity of any action taken in reliance upon such waiver.

SECTION 17. Cancellation of Bonds. All Bonds surrendered for payment, redemption, transfer, exchange or replacement, if surrendered to the Paying Agent, shall be promptly cancelled by it and, if surrendered to the Issuer, shall be delivered to the Paying Agent and, when duly certified cancelled, shall be promptly cancelled by the Paying Agent. The Issuer may at any time deliver to the Paying Agent for cancellation any Bonds previously registered and delivered which the Issuer may have acquired in any manner whatsoever, and all such Bonds so delivered shall be promptly cancelled by the Paying Agent. All cancelled Bonds held by the Paying Agent shall be disposed of as directed in writing by the Issuer.

SECTION 18. Mutilated, Destroyed, Lost or Stolen Bonds. (1) If any mutilated Bond is surrendered to the Paying Agent, or the Issuer and the Paying Agent receive evidence to their satisfaction of the destruction, loss or theft of any Bond, and (2) there is delivered to the Issuer and the Paying Agent such security or indemnity as may be required by them to save each of them harmless, then, in the absence of notice to the Issuer or the Paying Agent that such Bond has been acquired by a bona fide purchaser, the Issuer shall execute, and upon its request the Paying Agent shall register and deliver, in exchange for or in lieu of any such mutilated, destroyed, lost or stolen Bond, a new Bond of the same maturity and of like tenor, interest rate and principal amount, bearing a number not contemporaneously outstanding. In case any such mutilated Bond has become or is about to become due and payable, the Issuer in its discretion may, instead of issuing a new Bond, pay such Bond. In addition, the provisions of Part XI of Chapter 4 of Title 39 of the Louisiana Revised Statutes of 1950, as amended, must be followed. Upon the issuance of any new Bond under this Section, the Issuer may require the payment by the owner of a sum sufficient to cover any tax or other governmental charge that may be imposed in relation thereto and any other expenses (including the fees and expenses of the Paying Agent) connected therewith. Every new Bond issued pursuant to this Section in lieu of any mutilated, destroyed, lost or stolen Bond shall constitute a replacement of the prior obligation of the Issuer, whether or not the mutilated, destroyed, lost or stolen Bond shall be at any time enforceable by anyone and shall be entitled to all the benefits of this Resolution equally and ratably with all other outstanding Bonds. Any additional procedures set forth in the Agreement, authorized in this Resolution, shall also be available with respect to mutilated, destroyed, lost or stolen Bonds. The provisions of this Section are exclusive and shall preclude (to the extent lawful) all other rights and remedies with respect to the replacement and payment of mutilated, destroyed, lost or stolen Bonds.

SECTION 19. Discharge of Resolution; Defeasance. If the Issuer shall pay or cause to be paid, or there shall otherwise be paid to the owners, the principal of and interest on the Bonds, at the times and in the manner stipulated in this Resolution,

then the pledge of the money, securities and funds pledged under this Resolution and all covenants, agreements and other obligations of the Issuer to the owners shall thereupon cease, terminate, and become void and be discharged and satisfied, and the Paying Agent shall pay over or deliver all money held by it under this Resolution to the Issuer.

Bonds or interest installments for the payment of which money shall have been set aside (through deposit by the Issuer or trust through deposit by the Issuer of funds for such payment or otherwise) at the maturity date thereof shall be deemed to have been paid within the meaning and with the effect expressed above in this Section. Bonds shall be deemed to have been paid, prior to their maturity, within the meaning and with the effect expressed above in this Section if they have been duly called for redemption pursuant to Chapter 14 of Title 39 of the Louisiana Revised Statutes of 1950, as amended, or any successor provisions thereof.

SECTION 20. Paying Agent; Paying Agent Agreement. The Issuer will at all times maintain a Paying Agent meeting the qualifications hereinafter described for the performance of the duties hereunder for the Bonds. The designation of the initial Paying Agent in this Resolution is hereby confirmed and approved. The Issuer reserves the right to appoint a successor Paying Agent by a filing with the Person then performing such function a certified copy of a resolution or ordinance giving notice of the termination of the Agreement and appointing a successor and (b) causing notice to be given to each owner. Every Paying Agent appointed hereunder

shall at all times be a bank organized and doing business under the laws of the United States of America or of any state, authorized under such laws to serve as Paying Agent, and subject to supervision or examination by Federal or State authority. The Issuer shall have officers are hereby authorized and directed to execute an appropriate Agreement with the Paying Agent for and on behalf of the Issuer in such form as may be satisfactory to said officers, the signatures of such officers on such Agreement to be conclusive evidence of the due exercise of the authority granted hereunder.

SECTION 21. Non-Arbitrage Representations Warranties and Covenants. The Governing Authority of the Issuer certifies and covenants that so long as the Bonds remain outstanding, moneys on deposit in any fund in connection with the Bonds, whether or not such moneys were derived from the proceeds of the sale of the Bonds or from any other sources, will not be used in a manner which will cause such Bonds to be "arbitrage bonds" within the meaning of Section 148 of the Code or ruling or regulations promulgated thereunder.

The Governing Authority hereby authorizes the Executive officers of the Issuer responsible for issuing the Bonds to make such further covenants and certifications as may be necessary to assure that the use thereof will not cause the Bonds to be arbitrage bonds and to assure that the interest on the Bonds will be excludable from gross income for purposes of federal income taxation. In connection therewith, the Issuer and the Governing Authority further agree: (a) that the Executive officers to make such further specific covenants, representations as shall be truthful, and certificates as may be necessary or advisable; (b) to consult with counsel approving the Bonds and to comply with such advice as may be given; (c) to pay to the United States, as necessary, such sums of money representing required rebates of excess arbitrage profits relating to the Bonds; (d) to file such forms, statements and supporting documents as may be required and in a timely manner; and (e) if deemed necessary or advisable by the Executive officers, to employ and pay fiscal agents financial advisors, attorneys, and other persons to assist the Issuer in such compliance.

SECTION 22. Printing and Delivery of Bonds. The Executive officers of the Issuer are hereby empowered, authorized and directed to cause the necessary Bonds to be printed or lithographed, and they are hereby further empowered, authorized and directed to sign, execute and seal all of the Bonds as herein provided and cause the same to be delivered with the Secretary of State, all in accordance with the provisions of law and this Resolution.

SECTION 23. official Notice of Bond Sale and Preliminary official Statement. The publication of an official Notice of Bond Sale inviting bids for the sale of the Bonds, in the form so published, and the distribution of the disclosure material in the Preliminary official Statement in substantially the form therewith are hereby ratified and confirmed in all respects by this Governing Authority, and the Issuer and the Governing Authority hereby certify that such disclosure material is deemed final by the Issuer and Governing Authority for purposes of purposes of Rule 15c2-12 of the Securities Exchange Act of 1934.

SECTION 24. Publication. A copy of this Resolution shall be published immediately after its adoption in one (1) issue of the official Journal of the Issuer. For a period of thirty (30) days from the date of such publication, any person in interest shall have the right to contest the legality of this Resolution and of the Bonds to be issued pursuant hereto and the provisions hereof securing the Bonds. After the expiration of said thirty (30) days, no one shall have any right of action to contest the validity of the Bonds or the provisions of this Resolution, and the Bonds shall be conclusively presumed to be legal and no court shall thereafter have authority to inquire into such matters.

SECTION 25. Savings Clause. In case any one or more of the provisions of the Resolution or of the Bonds issued hereunder shall for any reason be held to be illegal or invalid, such illegality or invalidity shall not affect any other provision of the Resolution or of the Bonds, but the Resolution and the Bonds shall be construed and enforced as if such illegal or invalid provisions had not been contained therein. Any constitutional or statutory provision enacted after the date or dates of the Resolution which validates or makes legal any provision of the Resolution or the Bonds which would not otherwise be legal, shall be deemed to apply to the Resolution and to the Bonds.

SECTION 26. Bank Qualification. The Bonds are designated "qualified tax-exempt obligations" within the meaning of section 265(b)(3) of the code.In making this designation the Police Jury finds and determines that: (a) the Bonds are not "private activity bonds" within the meaning of the Code; and

(b) the reasonably anticipated amount of qualified tax-exempt obligations which will be issued by the Issuer and all subordinate entities during calendar year 1996 does not exceed $10,000,000.

SECTION 27. Further Acts. All acts and duties of the Executive officers of the Issuer which are in conformity with the purposes and intent of this resolution are hereby in all respects ratified, approved and confirmed.

SECTION 28. Section Headings. The headings of the various sections hereof are inserted solely for ease of reference only and shall not control or affect the meaning or construction of any of the provisions hereof.

SECTION 29. Repealer. All resolutions and orders or parts thereof in conflict herewith are, to the extent of such conflict, hereby repealed, and this resolution shall be in effect from and after its passage.

RESOLUTION
PARISH OF CAMERON
STATE OF LOUISIANA

TO URGE AND REQUEST THE GOVERNOR OF THE STATE OF LOUISIANA, THE LOUISIANA LEGISLATIVE DELEGATION, THE LOUISIANA WILDLIFE AND FISHERIES COMMISSION AND THE LOUISIANA POLICE JURY ASSOCIATION TO SUPPORT A COMMON GROUND FOR THE COMMERCIAL GILL NETTING INDUSTRY AND THE SPORTS FISHING INDUSTRY IN LOUISIANA.

WHEREAS, Louisiana's commercial gill netting industry and the sports fishing industry is economically important to the State of Louisiana and the Parishes of Louisiana, and

WHEREAS, many of our citizens utilize commercial gill netting and sports fishing as a means of livelihood, and

WHEREAS, all efforts must be made to protect the continued rights of our citizens to have access to these valuable commercial industries,

WHEREAS, a state program should be devised to provide training for commercial fishermen and sports fishermen who are not able to fish any longer, but have been fishing for at least 3 years, and

WHEREAS, a group of gill net fishermen and sports fishermen under direct mediation of the Louisiana Department of Wildlife and Fisheries should find a common ground for both fishing industries to exist.

THEREFORE, BE IT RESOLVED, that the Cameron Parish Police Jury does hereby urge and request the Governor of Louisiana, the Louisiana Legislative Delegation, the Louisiana Wildlife and Fisheries Commission and the Louisiana Police Jury Association to support a common ground for commercial gill netting and sports fishing to exist in the State of Louisiana.

NOTICE
TO THE CUSTOMERS - CAMERON WATERWORKS DISTRICT NO. 1:

During the reporting period of March 15, 1995 to April 14, 1995, the Cameron Waterworks District No. 1 water supply violated the maximum contaminant level of coliform bacteria as set forth in the state and federal primary drinking water regulations. Action was taken to eliminate the contamination.

The United States Environmental Protection Agency (EPA) sets drinking water standards and has determined that the presence of total coliforms is a possible health concern. Total coliforms are common in the environment and are generally not harmful themselves. The presence of these bacteria in drinking water, however, generally is a result of a problem with water treatment or th pipes which distribute the water, and indicates that the water may be contaminated with organisms that can cause disease. Disease symptoms may include diarrhea, cramps, nausea, and possibly jaundice, and any associated headaches and fatigue. These symptoms, however, are not just associated with disease-causing organisms in drinking water, but also may be caused by a number of factors other than your drinking water. EPA has set an enforceable drinking water standard for total coliforms to reduce the risks of these adverse health effects. Drinking water which meets this standard is usually not associated with a health risk from disease-causing bacteria and should be considered safe.

PUBLIC NOTICE
CAMERON PARISH COASTAL
USE PERMIT APPLICATION

Interested parties are hereby notified that the Coastal Management Section of the Cameron Parish Police Jury has received the following apparently complete application for a Coastal Use Permit in accordance with the rules and regulations of the Louisiana Coastal Resources Progam and Act 9, 49, 213.1, the State and Local Coastal Resources Management Act of 1978, as amended.

L.C.U.P. Application #950501

Name of Applicant: Cameron Parish Gravity Drainage Dist. No. 8, Rt. 1 Box 508, Bell City, La. 70630.

Location of Work: Grand Lake, Sweet Lake Area, Township 12 South, Range 9 West, Township 12 South, Range 8 West.

Character of Work: Maintenance dredging, fill and structures. To restore drainage laterals to their original hydrologic capacity. Approximately 15,710 cy of native material will be removed from the waterbottom of the laterals and discharged on existing spoil banks.

The decision on whether to issue a permit will be based on an evaluation of the probable impacts including cumulative impacts of the state policies outlined in R.S. 49:213.2. The decision will reflect in the national concern for both protection and utilization of important resources. The decision must be consistent with the state program and approved local program. Permit issuance is and must represent an appropriate balancing of social, environmental and economic factors. All factors which may

State of Louisiana et al No. 9 Original, said three mile line as set out in the June, 1975, decree of the Supreme Court. All bearings, distances and coordinates are based on Louisiana Coordinate System of 1927 (South Zone).

NOTE: The State of Louisiana does hereby reserve and this lease shall be subject to the unrestrictible right of surface use in the nature of a servitude in favor of the Department of Natural Resources, including its Offices and Commissions, for the sole purpose of implementing, constructing, servicing and maintaining approved coastal zone management and/or restoration projects. Utilization of any and all rights derived under this lease by the grant of leases to its agents, successors or assigns, shall not interfere with nor hinder the reasonable surface use by the Department of Natural Resources, its Offices and Commissions as hereinabove reserved.

All bids are to offer a CASH PAYMENT one-half (1/2) of which is to be bonus as full and adequate consideration for the right granted by the lease and one-half (1/2) of which is to be paid at the end of one year of the lease, for a lease having a primary term which does not exceed **three years** and if the bid offers a delay rental for the first year of the lease that shall not be less than one-half (1/2) of the aforesaid cash payment. Said bid is to be granted without any warranty or recourse against lessor whatsoever except that lessor is compelled not even for return by lessor of any payments received under the lease or being otherwise responsible to lessee. THE MINIMUM RATES required by R.S. 30:127, as amended, are to be applied to all oil produced and saved or utilized one-eighth (1/8th) of all gas produced and saved or utilized one-eighth (1/8th) of all other liquid or gaseous minerals in solution or produced with oil or gas and saved or utilized, except royalty free minerals as hereinafter reserved. **Rights to geothermal resources, hydrocarbons, helium, salt and other solid minerals are to be excluded and any bid thereon will be disregarded to such extent.** A bid of a royalty less than the minimum royalty established by statutory minimums will be disregarded. Bids are notified that the Board does not obligate itself to accept a bid which offers the aforesaid statutory minimums, but reserves the right to accept a bid which offers a royalty in excess of the statutory minimums and is considered most advantageous to the State of Louisiana.

The provisions of this notice or advertisement and the relevant statutes establish the material considerations necessary for the formulation of proper bids, and this notice of advertisement shall not be deemed to be modified, enlarged or diminished by any action or expression of the Board not incorporated herein expressly or by reference.

Notice is given that the State Mineral Board will include in the lease provisions to insure applicable payments are made to the leased property without regard to adverse claims, disputes, litigation or title failure. The exact provisions of such provisions is available to any interested bidders at the Office of the Secretary, Department of Natural Resources or the Office of Mineral Resources prior to the opening of bids on the tract, and prospective bidders should familiarize themselves with the same prior to submitting any bid thereon.

Some tracts available for leasing may be subject to the Louisiana Coastal Zone as defined in Act 361 of 1978 (LSA-R.S. 49:213). Such tracts may be subject to the guidelines and regulations promulgated by the Coastal Management Section of the Department of Natural Resources.

All leases awarded shall be executed upon terms and conditions provided in the current State lease form with all applicable riders appended thereto, including but not limited to provisions as follows. Should lessee fail to begin the actual drilling (spudding in) of a well on the tract covered by the lease within one year from the date of the lease, the lease shall terminate as to both parties to the lease, unless on or before such anniversary date lessee shall pay a delay rental (which shall be submitted with each bid and no bid submitted may be considered and the certified check, cashier's check or bank money order accompanying the bid of the successful bidder shall be immediately negotiated by the Department of Mineral Resources, and the proceeds thereof deposited in the manner required by law.

SPECIAL NOTE

By rules promulgated by the Department of Natural Resources under the provisions of Act 1968 First Extraordinary Legislative Session, a bid equal to 10% of the cash payment is required to be submitted by each bidder for the first year of leases awarded on and after the September 14, 1968 lease sale. **The successful bidder on each lease is required to submit a deposit in the amount of 10% of the cash payment.** Such fee may be paid by regular check. **The fee may be submitted either with the bid (inside the sealed bid envelope) or within ten (10) days after the bid is awarded.** In the event the fee is submitted with the bid, and the bid is rejected, the fee will be returned along with the unsuccessful bid. In the event the successful bidder **successful bidder will not receive the lease executed by the State Mineral Board until the fee is received.**

Each successful bidder to whom the lease is awarded on the date of the lease sale shall execute and deliver same duly executed within **TWENTY (20) DAYS** after bidder's receipt of same under penalty of forfeiture of the lease and the deposit cash payment previously tendered and negotiated in the event of failure to do so.

NOTE: In the case of all State Agencies not herein offered, certified checks, cashier's checks or bank money orders for the cash payment shall be made payable to each respective State Agency, provided that a submission on behalf of any thereof located in a townsite shall be accompanied by a separate check for each such tract, and no more than one parish is offered. Certified checks, cashier's check or bank money order for the full amount of the cash payment shall be made payable to STATE AGENCY. Each Amendment, Assignment or Agreement executed by the State Mineral Board has been executed by the Lessee, Agency and Governor.

Bids may be for the whole or any particularly described portion of the land advertised. In addition to the policy of the Board as expressed in a resolution dated August 12, 1965, all bidders are hereby notified that bids for any of the tracts should be described by metes and bounds and be accompanied by a transparent map showing the tract or tracts bid upon. The plat shall be 1 inch = 2000 feet in scale and should identify the Point of Beginning the Township and Range and should clearly show the entire tract boundaries in relationship to the nearest known highway, road or the Topographic features (land and water) of the area in detail similar to the most recent edition of the U.S.G.S. Quadrangle Maps.

The Board reserves the right to reject any and all bids or to grant a lease on any portion of the tract advertised and to withdraw the remainder of the tract.

OFFICE OF MINERAL
RESOURCES
ON BEHALF OF THE
STATE MINERAL BOARD
FOR THE STATE OF
LOUISIANA

Published in the Baton Rouge The Advocate on April 19, 1995 and the Official Journal of the Parishes in which the property is located.

NOTICE OF PUBLICATION
OFFICE OF
MINERAL RESOURCES
ON BEHALF OF THE
STATE MINERAL BOARD
FOR THE
STATE OF LOUISIANA
BATON ROUGE, LOUISIANA
70821

By virtue of and in conformity with the provisions of Sub-part A of Chapter 2, Title 30 of the Louisiana Revised Statutes of 1950, as amended, and other applicable laws, sealed bids will be received in the Office of Mineral Resources, State Land and Natural Resources Building, Baton Rouge, Louisiana, (P.O. Box 2827, Baton Rouge, LA 70821), on or before the **10th day of May, 1995 at 10:00 a.m.**, for a lease to explore for, produce and mine oil, gas and any other liquid or gaseous minerals in solution and produced with oil or gas on the following described tracts. (Tract Nos. 28189 through 28247) at which time and date the bids will be opened publicly in the State Land and Natural Resources Building, Capitol Complex, Baton Rouge, Louisiana.

TRACT 28194 - Cameron Parish, Louisiana - All of the lands now or formerly constituting the beds and bottoms of all water bodies of every nature and description and all islands and other lands formed by accretion or by action, except tax lands owned by and not under mineral lease from the State of Louisiana on May 10, 1995, situated in Cameron Parish, Louisiana, and the following described boundaries: Beginning at a point having Coordinates of X = 1,278,050.96 and Y = 500,150.00; thence South 2,750.00 feet to a point having Coordinates of X = 1,278,050.00 and Y = 497,400.00; thence West 2,800.00 feet to a point having Coordinates of X = 1,275,250.00 and Y = 497,400.00; thence North 2,750.00 feet to a point having Coordinates of X = 1,275,250.00 and Y = 500,150.00; thence East 2,800.00 feet to the point of beginning. LESS AND EXCEPT that portion, if any, of Lease No. 7040, as amended, that may fall within the above described tract, and also excepting the tract of acres as shown outlined in red on a plat on file in the State Land Office, Division of Administration. All bearings, distances and coordinates are based on Louisiana Coordinate System of 1927 (South Zone).

NOTE: The State of Louisiana does hereby reserve and this lease shall be subject to the unrestrictible right of surface use in the nature of a servitude in favor of the Department of Natural Resources, including its Offices and Commissions, for the sole purpose of implementing, constructing, servicing and maintaining approved coastal zone management and/or restoration projects. Utilization of any and all rights derived under this lease by the grant of leases to its agents, successors or assigns, shall not interfere with nor hinder the reasonable surface use by the Department of Natural Resources, its Offices and Commissions as here-inabove reserved.

All bids are to offer a CASH PAYMENT one-half (1/2) of which is to be bonus as full and adequate consideration for the right granted by the lease and one-half (1/2) of which is to be paid at the end of one year of the lease, for a lease having a primary term which does not exceed **three years**, and if the bid offers a delay rental for the first year of the lease that shall not be less than one-half (1/2) of the aforesaid cash payment. Said bid is to be granted without any warranty or recourse against lessor whatsoever except that lessor is compelled not even for return by lessor of any payments received under the lease or being otherwise responsible to lessee. THE MINIMUM RATES required by R.S. 30:127, as amended, are to be applied to all oil produced and saved or utilized one-eighth (1/8th) of all gas produced and saved or utilized one-eighth (1/8th) of all other liquid or gaseous minerals in solution or produced with oil or gas and saved or utilized, except royalty free minerals as hereinafter reserved. **Rights to geothermal resources, hydrocarbons, helium, salt and other solid minerals are to be excluded and any bid thereon will be disregarded to such extent.** A bid of a royalty less than the minimum royalty established by statutory minimums will be disregarded. Bids are notified that the Board does not obligate itself to accept a bid which offers the aforesaid statutory minimums, but reserves the right to accept a bid which offers a royalty in excess of the statutory minimums and is considered most advantageous to the State of Louisiana.

The provisions of this notice or advertisement and the relevant statutes establish the material considerations necessary for the formulation of proper bids, and this notice of advertisement shall not be deemed to be modified, enlarged or diminished by any action or expression of the Board not incorporated herein expressly or by reference.

Particular attention is directed to the fact that in addition to the aforesaid stipulation against lessee's ownership of water bottoms, also includes a special provision that bids submitting leases to be let to reduce royalties provided in the lease to lessor on production of oil and gas from the tract (1) shall not be below the statutory minimum royalty established by law in the event of and pending final and definitive adjudication or other settlement of a bona fide dispute or litigation involving lessor's ownership of title, all upon the terms and conditions therein stated. A full description of the terms of the said stipulation is on file in the Office of the State Mineral Board, Fourth Floor, at the above address, and available for public inspection by anyone desiring to examine same.

Some tracts available for leasing may be situated in the Louisiana Coastal Zone as defined in Act 361 of 1978 (LSA-R.S. 49:213). Such tracts may be subject to the guidelines and regulations promulgated by the Coastal Management Section of the Department of Natural Resources.

All leases awarded shall be executed upon terms and conditions provided in the current State lease form with all applicable riders appended thereto, including but not limited to provisions as follows. Should lessee fail to begin the actual drilling (spudding in) of a well on the lease premises within one year from the date of the lease, the lease shall terminate as to both parties to the lease, unless on or before such anniversary date lessee shall pay a delay rental (which shall be submitted with each bid and no bid submitted may be considered and the certified check, cashier's check or bank money order accompanying the bid of the successful bidder shall be immediately negotiated by the Department of Mineral Resources, and the proceeds thereof deposited in the manner required by law.

SPECIAL NOTE

By rules promulgated by the Department of Natural Resources under the provisions of Act 1968 First Extraordinary Legislative Session, a bid equal to 10% of the cash payment is required to be submitted by each bidder for the first year of leases awarded on and after the September 14, 1968 lease sale. **The successful bidder on each lease is required to submit a deposit in the amount of 10% of the cash payment.** Such fee may be paid by regular check. **The fee may be submitted either with the bid (inside the sealed bid envelope) or within ten (10) days after the bid is awarded.** In the event the fee is submitted with the bid, and the bid is rejected, the fee will be returned along with the unsuccessful bid. In the event the successful bidder **successful bidder will not receive the lease executed by the State Mineral Board until the fee is received.**

Each successful bidder to whom the lease is awarded on the date of the lease sale shall execute and deliver same duly executed within **TWENTY (20) DAYS** after bidder's receipt of same under penalty of forfeiture of the lease and the deposit cash payment previously tendered and negotiated in the event of failure to do so.

NOTE: In the case of all State Agencies not herein offered, certified checks, cashier's checks or bank money orders for the cash payment shall be made payable

CARD OF THANKS

Boy Scout Troop 202 of Creole wishes to thank all those who participated in its Easter Cake Sale this past weekend. The troop is earning money to help pay for its trip to the Ozark Mountains this summer. Thanks go to all those in the community who bought cakes for their Easter Dinner. Also, thanks go to all those parents and grandparents who baked cakes and helped make the sale a success. The troop also wants to thank Cameron State Bank for allowing the cake sale to be held at its Creole and Grand Chenier locations.

CARD OF THANKS

The family of Steven Bourriaque would like to thank everyone who helped console us in our time of sorrow. Thanks to the ambulance members, Mr. John Driscoll and his staff, Father Bernard, and the choir that sang. Also, for the friends and family that brought food, sent sympathy cards, bestowed money for masses, sent flowers, and offered prayers. Our deepest appreciation to all of you.

Christmas bell tree in bloom

By GENEVA GRIFFITH

If you are traveling around the Little Chenier area at night and smell a delightfully sweet odor it may be coming from the Burt Vincent home.

The Vincents planted a bush 28 years ago which they call the Christmas Bell tree.

It is now 18 feet high and grown into a tree that is filled almost the year round with hundreds of hanging white blooms shaped like hanging bells.

When it gets dark the blooms give off a distinct smell that permeates the air and can be smelled some distance away. This smell cannot be distinguished during the daylight hours.

The tree sits next to their home and people from all over are flocking to see the very unusual sight.

Students of Year told

The Louisiana Students of the Year program nominees from Cameron Parish were chosen by a committee composed of parish, community, and school personnel, and will be honored at the May 3, School Board meeting. the winners are:

Lynn Thuy Nguyen, Cameron Elementary, grade 5.

Maranda Lynn Daigle, Hackberry High School, grade 8.

Jennifer Leigh Broadus, South Cameron High, grade 12.

Video poker brings parish $85,759.31

Taxes generated by video poker machines at truck stops and other establishments in Cameron Parish brought in $85,759.31 in revenue to the parish from 1992 to 1995, according to the La. Travel Centers Assoc.

This amount was split between the police jury and the sheriff, with each getting $42,879.66.

The parish received $16,859.29 in fiscal year 1992-93; $40,640.48 in 1993-1994 and $28,259.54 so far in the current fiscal year.

Tax vote is Sat.

The Cameron Parish Police Jury has called another parishwide garbage tax election for Sat., Apr. 29.

This is a garbage renewal tax of 5.97 mills, plus a 1 mill increase, totaling 6.97 mills and will determine if Cameron Parish will continue to receive the present garbage collection services.

This is a property tax, and is homestead exempt. Should the tax pass, the garbage service will remain as is with dump sites open 16 hours a week. Residential garbage pickup will continue as in the past and the parish will continue to pay half of commercial dumpsters for businesses.

If the tax fails options include communities going out for bids for residential garbage pickup, and private firms running the dump sites on a fee basis.

These services will have to be paid for by individuals since the parish will no longer have funds for this, jurors said.

Cameron Parish does not receive any funds from the state or federal government to fund garbage collection and disposal.

Currently, parishwide garbage services cost up to $690,000 annually. The parish has been collecting approximately $600,000 each year in taxes and having to supplement the garbage fund about $70,000 per year.

Persons who own homes assessed for less than $75,000 pay no property tax under the state's homestead exemption.

Those who own homes valued at more than $75,000 pay only on the extra value.

Fun Day set

A fun day will be held Saturday, May 6 at the Recreation District 6 facilities at Cameron and will include "fun, food and games." For more information contact the recreation office.

SHOWN AT THE Library Week reception held last Friday at the Cameron Parish Library were Mrs. Harold Carter, left, who spoke on the history of lower Cameron Parish, and Janell Greenhow, parish librarian. (Photo by Geneva Griffith.)

Parish librarian resigns position

Janelle D. Greenhow, Cameron Parish librarian since September, 1990, has announced that she has resigned from the position as of April 18 with this Friday being her last day on the job.

Mrs. Greenhow, who has made her home in Cameron for the past four and half years, said she plans to return to Texas. Prior to coming to Cameron she was a librarian for Bell Helicopters in Fort Worth for nine years.

Mrs. Greenhow had succeeded Ada Broussard as parish librarian after Mrs. Broussard retired after 17 years in the position.

It is expected that the parish library board will name an acting librarian until the position can be filled at a later date.

Mrs. Greenhow said she would like to thank the people of Cameron Parish for allowing her to serve as library director. "It has been a growing experience for me," she stated.

Among her accomplishments that she listed was a Summer Reading Program for parish children using 4-H Junior Leaders in the program.

She helped in furthering the computerization of the library and participated in the development of the Louisiana Online University Information Systems project which gives parish students and adult access to online information statewide. In 1994 she and staff members attended a number of meetings to learn the new computer program.

Mrs. Greenhow aided in the new Cameron Headstart Program and was active in the Community Action Agency.

She was also active in the Libraries Southwest Association and helped plan the annual authors dinner and various workshops.

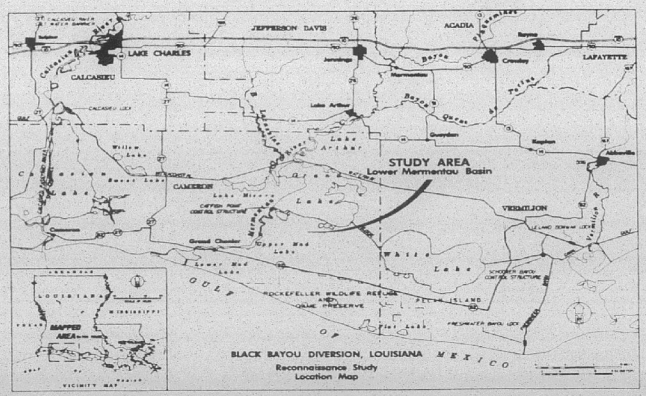
A native of Lake Charles, Mrs. Greenhow graduated from LaGrange high school and McNeese, receiving a B. A. degree in education and a Master's degree in Library Science.

Jobless rate is up here

The unemployment rate in Cameron parish increased from 7.9 percent in Feburary to 8.5 percent in March with the number of unemployed persons increasing from 275 to 300, according to the La. Dept. of Labor.

The March 1995 rate of 8.5 percent was almost the same as the March 1944 rate of 8.4 percent.

The number of persons listed as employed in the parish remained the same for March and February--3325.



The state jobless rate for March was 7.3 percent, an increase from 6.9 percent in February. The national rate was 5.5 percent in March, up from 5.4 percent in February.

Young Lawyers offer free aid

May 1, 1995 has been designated as a nationwide Law Day and in recognition of this day, the Young Lawyer Division of the Southwest Louisiana Bar Association and the Southwest Louisiana Legal Services will be sponsoring "Ask A Lawyer".

This is an opportunity for persons in Calcasieu and Cameron parishes to phone in questions to lawyers concerning domestic law, landlord tenant law, consumer law, and successions. Also, persons may inquire for information concerning the Southwest Louisiana Legal Services.

Calls should be made between the hours of 4 and 8 p.m. to 318-436-3308.

Flood problems to be studied

The U. S. Army Corps of Engineers is asking local residents for help in studying flood problems in the Mermentau Basin.

The Corps is planning to study the areas around the Calcasieu, Mermentau and vermilion rivers to see what can be done to prevent flooding along the basin, according to Col. Kenneth H. Clow.

High water levels in the basin — which spans across Calcasieu, Cameron, and Vermilion parishes — cause flooding in rural areas, stress wetland vegetation and prevent the seasonal drying of the marsh, resulting in land loss and decreased wetland productivity.

The study will be conducted in two phases — the reconnaissance phase and the feasibility phase — Clow said.

To aid in the study, send informationon flooding and environmental problems in lower Mermentau Basin, the causes of the problems and suggested solutions to: Kenneth H. Clow, Colonel, U.S. Army, District Engineer, U.S. Army Engineer District, New Orleans, P.O. Box 60267, New Orleans, La. 70160-0267, Attn: CLEMN-PD-FE.

Knights, Daughters hold annual banquet April 9

The F. J. Pavell Knights of Columbus Council 8323 and Agnes G. Pavell Catholic Daughter Court 2265 of Johnson Bayou - Holly Beach, held their 11th annual banquet Apr. 9. Rodney Guilbeaux served as master of ceremonies for the occasion, which had a "life" theme.

The speaker was Marcia Schexnider, a member of New Life Counseling in Lake Charles, dealing with a program called Healing Hearts, to help women who have had abortions cope with their problems. She gave a moving testimony to the largest crowd ever at the annual banquet.

Some 20 or so members of the Johnson Beach - Holly Beach CYO youth group performed a skit and slide presentation showing the value of life and the importance of protecting life.

Jeannie Gabrer, a senior at Johnson Bayou High School, and David Devall, a senior at Hackberry High School, were awarded the Catholic Youth Leadership Award. These awards were presented by Gerald Touchet, coordinator of the CYO.

The Catholic Daughter of the Year was awarded to Marsha Trahan by last year's recipient, Robin Sandifer.

The Knight of the Year was awarded to Edmond Trahan by Rev. Roland Vaughn, last year's Knight of the Year. Last year's Family of the year, Edmond Trahan, announced this year's Family as the Kenneth Trahan family, Kenneth, his wife Khristy, and their children, Brandon, Justine, Michael and Miranda.

Rev. Roland Vaughn pastor of Our Lady of the Assumption Church and pastor and Chaplain of the KC and CDA, gave the invocation and benediction.

GARBAGE TAX
Saturday, April 29

This letter will serve as a reminder that the garbage renewal tax of 5.97 mills, plus a 1 mill increase, totalling 6.97 mills, is set for April 29, 1995. This election will determine if Cameron Parish will continue to receive the present garbage services. This is an ad valorem, property tax, and is homestead exempt.

Should the tax pass, your garbage service will remain as is, (dumpsites open 16 hours per week, residential garbage pickup and the parish will continue to pay 1/2 of commercial dumpsters for businesses).

Should the tax fail, other possibilities such as, communities going out to bid for residential garbage pickup, and private firms running the dumpsites, can be reviewed. These services will not be cheap and will be paid for by individual residents.

Cameron Parish does not receive any funds from the state or federal government to fund garbage collection and disposal. Currently, garbage services cost up to $690,000 annually. We collect approximately $600,000 per year. Over the past 10 years, the parish has had to supplement the garbage fund an average of $70,000 per year.

Please consider this issue seriously and take part in this election. If you have questions, please contact your juror or the police jury office.

HOME FROM HOSPITAL

Donald Lee Miller, who spent some time in a Lake Charles hospital, came home last week and is doing better.

The Grand Chenier highway had lots of traffic this weekend. Many trucks and cars were seen towing boats going fishing and camping.

Many Grand Chenier cattlemen spent the weekend working their cattle, and changing their cattle to different ranges.

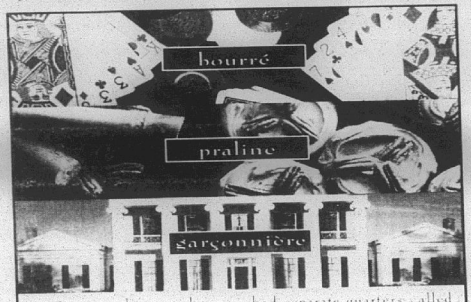
VISITORS

Shirley Bonsall spent the weekend with her daughter, X-Ann and and family in Lake Charles.

Mr. and Mrs. L. J. Adams and Hannah of New Orleans spent the weekend with Mrs. Ella Mae Booth here.

Judith Jones of Baton Rouge spent the weekend with her parents and family, the Arnold Jones.

Florence and Bea of Pecan Island visited Elora Montie Monday morning on their way to deliver the raffle winners of their parish church bazaar Sunday.



Easter Egg Hunt held by K. C.

The J. P. Boudoin Sr. Knights of Columbus 3014 held their annual Easter Egg Hunt at Sacred Heart Catholic Church in Creole. Winners in the pre-school hunt were Rose Martel, prize egg, and Alex Broussard, most eggs. In grades 1-3, Kila Rutherford, prize egg, and Scott Savoie, most eggs.

Msgr. Bernard donated the use of the grounds and the Catholic Hall for the event. Among those contributing candy was Rudy's Fish 'N' Stop.

Paul Batte, winner of the boys Catholic Youth Leadership Award for Council 3014 and winner for Area H, was named a finalist for the La. Knights CYLA competition.

Jerome Rutherford was named Knight of the Month and Monroe and Teen Wicke were chosen as Family of the Month.

Some words are so boring they'd make a dictionary yawn. But in Louisiana, our words put the accent on fun. We don't just play poker, we bet on bourré. For dessert, we satisfy our sweet tooth with pralines. And in times past, our plantations had separate quarters called garçonnieres. So have fun in Louisiana. And say things you've never seen before. "I Wish You Were Never Born!"
"Why Are You So Stupid?"
Sticks and Stones can break your bones, but words can never harm you. . .

When it comes to child abuse, this old adage just isn't true. Because while verbal abuse doesn't leave any marks on the outside, it almost always leaves scars on the inside.

And what's hardest to see is often hardest to cure. That's why so many children with low self-esteem often grow up to become abusive parents themselves. And most of the time, they don't even know it.

It isn't always easy being apparent. It takes wisdom, love and a lot of patience. So next time you've reached the end of your rope, take a deep breath and count to ten. Or perhaps call a neighbor or friend or seek professional help. But please, think before you speak. Because harsh words really can harm them..

MOTOR VOTER
LA SUPREME COURT—4, FRAUD—4,
LA VOTERS—0

CAMPAIGN '95 -- THE GOVERNOR'S RACE

By: M.J. "MIKE" FOSTER

On March 31st, the LA Supreme Court, in a four to three very political ruling, may have sent Louisiana back fifty years to the old days of voter fraud. Caving in to U.S. Justice Department, the court reversed Distrct Judge Bill Brown's decision to put this law on hold until final arguments were heard on the validity of the U.S. Justice Department's ability to line item veto fraud provisions of Louisiana law. The vote was Justices Dennis, Calogero, Marcus & Watson voting to remove the fraud provisions of the Louisiana Motor Voter Law. Justices Lemmon, Kimball & Victory had the courtesy to vote to allow a rehearing.

I filed this suit on January 18, 1995 because I did not think any Louisiana court would side with the Federal Government over the interests of Louisiana voters. I was wrong!

This is after all, the same court that did not know the difference between gaming and gambling, that recently threw Louisiana's workers' compensation law into chaos and the same court that the National and State President of Crime Fighters calls "The Most Liberal and Least Sensitive to Victims' Rights."

Like Federal Judges who have lifetime tenure and who think nothing of taking over Louisiana schools and prisons, the Louisiana Supreme Court is almost as immune to public sentiment because they have ten year staggered terms. Maybe it's time for shorter, concurrent terms so that the public will not be ignored.

With the court making law like this, it will be difficult for any new Governor to get Louisiana back on the right track. What can we do?

M.J. "Mike" Foster

1) Write letters to your local papers.
2) Write or call your legislators and ask for the repeal of the motor voter law during this session.

LA SENATE:
Call 504-342-2040 or write:
P.O. Box 94183, Baton Rouge, LA 70804

LA HOUSE OF REPRESENTATIVES:
Call 504-342-6945 or write:
P.O. Box 44486, Baton Rouge, LA 70804

3) Ask other Gubernatorial Candidates where they stand and let us know their position.

Question of the week: How do you feel about the court's decision on the motor voter law and how do you feel about shorter, concurrent terms for the Louisiana Supreme Court?

Update! 4-10-95

I found out today from State employees that every time a person comes into food stamp, welfare, etc. offices, they have to be asked (every month if necessary) if they want to register to vote. If they say "no", a form has to be filled out. Can you believe this? Bureaucracy, at its worst!

My address is:
Foster for Governor
P.O. Box 232
Franklin, LA 70538

You can contact my office by calling 1-800-634-9414 or (318) 828-0683.

Please make copies of this article and give them to your friends.

Boy Scout Troop 202 from Creole had an outing at Sam Houston State Park and worked on a merit badge for orienteering. Six boys completed this course and will receive their first class badge in a few weeks. Boys attending are shown above: Chris Johnson, Joshua Dupuie, Cody Styon, Blake Trahan, Jed Savoie, Michael Boudreaux, Jonathan Cogar, Neil Boudreaux, Michael (Bootsie) Semien, Scout Master Bill Morris, Assistant Scout Master David Dupuie. Also attending were John Cogar and Michael Semien.

The families of some of the boys came out with a picnic lunch for them.

Conoco employees clean beach

Seventy Conoco Oil Company employees celebrated Earth Day by showing up Saturday to clean up their part of Rutherford Beach which has been adopted by Conoco.

As they were filling their plastic bags, heavy equipment, furnished by the Roy Bailey Company, was standing by to assist.

Also, standing by in case of an accident were paramedics and an ambulance furnished by South Cameron Memorial Hospital.

CAMERON PARISH Head Start students recently participated in a poster contest sponsored by the Cameron Council on Aging's grant from the Louisiana Childrens Trust Fund for the prevention of child abuse. Pictured above are Brandon DeBarge, 1st; Jaylon Ball, 2nd; and Kayla Johns, 3rd; also Rachael Ellison, 1st; Lyndi Vincent, 2nd; and Jared Landry, 3rd. The children will be awarded at the Cameron Police Jury meeting May 2.

SWAMP, MARSH IMPORTANT

The swamps and marsh ponds are "The Lungs of the Earth" and a link in the great cycle of evaporation, condensation, rainfall, and seepage. This is work of the shallow waters of the earth, such as our marshes of southwest Louisiana, and supports a large amount of valuable life. There is a lot that depends on our marshes, such as vegetation, wildlife, fur-bearing animals, ducks, birds, fish and other seafoods and alligators. These are just a few as an example.

It's a proven fact that draining these will cause a failure, causing millions of dollars of damage and losses. Where there was water will turn out to be like flames. This is info from major scientific studies made across the country.

HUNTING NEWS

1st December the U.S. Fish and Wildlife Service granted approval for the use of bismuth-tin shot for waterfowl hunting duringthe remainder of the 1994-95 season. This was really a test which showed the shot to be non-toxic when ingested by waterfowl.

There are two additional tests before approval for the 1995-96 season. There could be an extension for '95 so hunters can have the opportunity to use and see the performance of the bismuth-tin shot under actual hunting conditions.

LITTER

Litter is a mess and our waterways, especially the ocean and Gulf of Mexico are bad. Plastic, such as drink bottles and 6 pack holders can take 400 years to decompose. Aluminum cans and tabs take 100 to 500 years to disintegrate. Take your litter home with you or put it in containers at the landing.

NEW BILLS TO BE INTRODUCED

Here are a few new bills to be introduced inthe House or Senate in Baton Rouge this session:

*Allow bowfishing for freshwater gamefish between June 1, and Feb. 28, and set limits on the fish.

*Lower the commercial size of channel catfish to 8 inches and 9 inches for recreational statewide.

*Require recreational boaters who do not have a hunting or fishing license to possess a "wild" La. stamp, when on public waters.

*Allow the Department of Wildlife and Fisheries to distribute fishing and hunting licenses directly, instead of going through the parish tax collector.

*Raise the age from 60 to 65 for exemption from buying sport fishing and hunting licenses. One license would cover every activity in that sport.

*Specifies that man-made or natural waterways that have captured the natural flow of other water in tidal areas is all public waters.

*Make speckle trout and redfish gamefish permanently.

AREA FISHING

Still plenty of water in our marshes, which has slowed bass and perch fishing somewhat.

Paul Canik caught a 5 pounder and Ricky Canik a 4½ pounder in the old Amoco field.

Rudy McEvers caught a 3¼ pounder in the Big Burn.

The Monday night shoot-out at Lacassine Refuge had a basss over 7 pounds weighed-in. No local anglers placed.

Saltwater anglers fishing inland are taking a few redfish and flounders but the activity is slow.

Offshore fishing is again great, however, evenign seas are getting rough with the high wind.

Albert John Carin and his fishing party have been doing real good on red snapper, large ones and it's not taking long.

Arnold Jones, Jr., has been doing good on Spanish mackeral. He told me what ever you drop overboard they'll hit. He is also taking a few nice redfish closer to shore.

Reports of king mackeral and large red snapper being taken on Cigar minnows at East Cameron Block 118.

West Cameron 253, 238 and 215 are reporting good catches of Spanish mackeral, red snapper, amberjack and king mackeral.

Back on the freshwater area, little Lawrence LeBoeuf had 5 blue catfish weighing up to 7 lbs.

OUT OF STATE

Paul Canik made a trip to Mexico but two inches of rain fell and made their trip slower on big bass catches. They did catch plenty of bass, with the large ones going 6¾ lbs., but only hooked a couple more large bass which broke their lines.

GILL NET BAN STILL IN QUESTION

A poll taken shows over 65 percent of voters want a gill net ban, while around 30 pecent did not want a ban.

This is surely going to be a controversial isue for the legislative session. Forty-three lawmakers have signed the two bills which would ban the nets. Our Representative, Randy Roach, where Calcasieu and Cameron commercial fishermen depend on gill netting for a living, filed bills mostly imposing more restrictions on nets and requiring an outright ban on Turner's Bay on Calcasieu lake. Randy Represents a large portion of recreational fishermen as well as many commercial fishermen from our area of Cameron.

Cameron's economy depends on the fishing industry and Randy has taken that into consideration. I do know one thing, he will look long and hard to try and help both sides and treat both sides fairly.

Fishermen settle suit

A suit filed by about 200 Cameron parish commercial fishermen against several Lake Charles Industries has been settled for an undisclosed sum, it was learned from unofficial sources this week.

In the suit, filed in March 1989, the plaintiffs alleged that PPG Industries, Oxy Oil and Gas USA and Citgo Petroleum Co. allowed hazardous and toxic chemicals to be discharged from 1945 to the present in Bayou D'Inde from where they went into the Calcasieu River and various bodies of water in Cameron parish.

The commercial fishermen and shrimpers plaintiffs, claimed that these chemicals became concentrated in shrimp, shellfish and fish thereby seriously affecting their livlihood.

No details of the settlement were available from either the attorneys for the plaintiffs or the defendents as terms of the settlement were sealed. However, it was rumored that a substantial settlement had been agreed upon.

Attorneys representing the plaintiffs were Jones & Jones and Glenn W. Alexander of Cameron and Baggett, McCall & Burgess of Lake Charles.

BFI want parish's garbage business

Representatives of Browning-Ferris Industries told the Cameron Parish Police Jury Tuesday that their firm would like to bid on furnishing the parish with garbage collection services.

The parish's present five year contract with Waste Management expires Sept. 5, and will be renewed automaticly unless the jury gives notice that it wants to receive bids on the next five years service.

Bobby Guidry of BFI told jurors that they could possibly get a cheaper price by going out for bids.

However, Juror Ray Conner said that BFI had failed to bid on the contract five years ago and said the parish may have saved money if there had been more than one bidder.

Some jurors were concerned that taking bids on the next five years might result in the jury getting higher bids than it presently has.

It was decided to postpone further discussion on the matter until a special meeting to be called later this month.

In a special election last Saturday, parish voters voted 1,250 to 274 in favor of renewing the parish garbage tax of 5.97 mills but increasing it to 6.97 mills to make up for a deficit in the program.

Carl Broussard

Broussard candidate for clerk

Carl Broussard, 40, of Grand Chenier has announced his candidacy for the office of Clerk of Court of Cameron Parish in the election this fall.

A lifelong resident of Cameron Parish, Broussard is a 1973 graduate of South Cameron high school and attended McNeese State University.

He has been employed as an abstractor for the past 18 years and as a Notary Public for the past 8 years. In these capacities he has worked in the Clerk's office researching public records, preparing and filing deeds, mortages, rights-of-way and oil and gas leases.

Broussard is married to Michelle Guidry, formerly of Creole, and they have two daughters, Jennifer Dawn and Amber Nicole. The family belongs to St. Eugene Catholic Church.

Bids opened on the ferry

Leevac Shipyards of Jennings was the successful bidder on dry-docking and making modifications to the Cameron II ferry when bids were recently opened by the La. Dept. of Transporation. Their bid was $198,924.

A substitute ferry will be provided while the ferry is out of service.

Trahan is candidate for juror

Martin "Martini" Trahan, 36, a life long resident of Grand Chenier, has announced that he will be a candidate for police juror from District 4 in the fall election.

He was employed by Crain Brothers, 1976-79 and by Tenneco from 1979 to 1989 when the company was bought by Chevron USA by whom he is still employed.

Trahan is a member of the American Brahman Breeders Assoc., American Quarter Horse Assoc., Farm Bureau and St. Eugene Catholic Church.

He is involved in various youth activities and raises registered and commercial cattle.

He is married to Jeanne "Bitsy" Trahan and they have two children, Julie Ann 11 and Amber Corinne 9.

Garbage tax passes big

Cameron Parish voters on Saturday overwhelmingly approved a 6.97-mill property tax for garbage collection.

There were 1,258 people, or 82 percent who voted for the tax, and 274 or 17 percent who voted against it. Voter turnout was 27 percent.

The tax increases the property tax for garbage collection from 5.97 mills, but garbage service will remain the same. Dump sites will stay open 16 hours a week. The parish will continue to pay half for commercial dumpsters.

Cameron Parish receives no state or federal funds for garbage collection or disposal. Parish garbage services cost $690,000 per year.

The 5.97-mill tax, which runs out this year, collects about $600,000 per year. The Police Jury has dipped into the general fund the past 10 years to cover the difference.

Sunday bar opening studied by jurors

Should bars in Cameron parish be permitted to open on Sunday during special holiday weekends?

That was the question that Cameron Parish police jurors were unable to answer at their monthly meeting Tuesday so they decided to call a special meeting later this month to make that decision.

Holly Beach bar owner Pressley Martin wrote the jury asking that his bar be allowed to stay open on Sundays, May 28, Memorial Day weekend; July 2, Independence Day weekend; Aug. 13, Cajun Riviera Festival weekend; and Sept. 3, Labor Day weekend.

It was noted that stores can sell beer, but not hard alcohol, on Sundays, but it may not be consumed on the premises. Juror Ray Conner suggested allowing the bars to stay open on Sunday but sell only beer, but it was decided this would not be worth it to the bars.

Juror Brent Nunez asked that the jury delay a decision on the matter until he and other jurors had a chance to talk to the constituents about the matter.

Police jurors set governor's award

Members of the Cameron Parish Police Jury have been named the winners of the Governor's Recognition Award of the Louisiana Council on Aging, it was announced at the jury's monthly meeting Tuesday.

Dinah Landry, director of the Cameron Council on Aging, said the local council had nominated the six jurors for the state award for their support of the council's work.

In her letter of nomination, she noted that the jury at one time had financed almost entirely the C-2 program for the sick and shut-ins in the parish before the jury's oil and gas revenue declined.

She noted that each juror had personnally participated in the Council's programs in the various communities and had backed such programs as meals on wheels, the transportation program, senior olympics, Adopt an Elderly, etc.

Jurors receiving certificates from Mrs. Landry were George LeBouef, Douaine Conner, Russell Badon, George Hicks, Ray Conner and Brent Nunez.

In her letter, Mrs. Landry noted that out of a population of about 10,000, some 1500 persons--or 15 percent--are over the age of 60.

Blind cyclists coming Tuesday

A group of blind bicycle riders, riding from coast to coast, are scheduled to be in Cameron parish next week.

They will make a lunch stop at the Bayou Convenience Store in Johnson Bayou Tuesday after crossing the Sabine Causeway from Texas and then are scheduled to spend the night in Cameron.

Owners of the Bayou Convenience Store provided them with a free meal last year and intend to do so this year.

Each blind rider rides with a biker with normal vision.

Fishing pier is studied for Cameron

Preliminary drawings for a proposed fishing pier and bird watching pavilion were shown to the Cameron Parish police jurors at their monthly meeting Tuesday.

Bill Turnbull, a local member of the Imperial Calcasieu Resource Conservation and Development Council, showed a drawing of the pier that would be located at the end of the jetty road and parallel with the east jetty along the ship channel and into the Gulf.

Turnbull said that capping the jetties with a walkway had been considered but this had been found to be too expensive and impractical.

A pavilion to be used by bird and nature watchers, angling off from the pier into the marsh, also was included in the plans.

Turnbull said his group will now seek grants with which to finance the construction of these improvements.

Library board to meet Tues.

The Cameron Library Board will hold a special meeting at 10 a.m., Tuesday, May 9, at the Cameron Library.

Norma Jean Blake, board president, said the board probably will take action to advertise for someone to fill the parish librarian position which became vacant last week on the resignation of Janelle Greenhow, librarian for the past nearly five years.

Mrs. Blake said an acting librarian may be named temporarily until the position can be permanently filled.

Deadline near on contest

Next Wednesday, May 10 is the deadline for submitting entries in the anti-litter slogan contest sponsored by the Cameron Parish Tourist Commission. A $500 savings bond will be awarded the winner.

The contest is open to all Cameron parish residents, including students and adults. Slogans should be no longer than eight words.

Mail entries to: Slogan Contest, Rt. 2, Box 358, Lake Charles, La. 70605.

The Cameron Parish Police Jury endorsed the contest at its monthly meeting Tuesday.

Sr. Citizen Day

Senior Citizens Day will be held Thursday, May 25 at the Creole Multi-Purpose building beginning at 9:30 a.m., sponsored by the Cameron Council on Aging. There will be fun, food, fellowship and door prizes.

Anyone needing a ride should call 775-5668.

Student of the Year announced

Lynn Nguyen, a fifth-grade student at Cameron Elementary, has been selected as Cameron Parish Student of the Year.

Each school within Cameron Parish submitted the name of one fifth grade student for this competition. The evaluation criteria was a written bibliography, grade point average, ledership qualities, and community service.

Lynn is shown above with Principal Clarence Vidrine and the school sign announcing her honor.

Funds coming to 24 persons

The Louisiana Dept. of Revenue and Taxation is publishing in the legal section of this issue of the Cameron Pilot a list of 24 Cameron parish persons or businesses who are eligible for unclaimed property being held by the state.

"Under Louisiana's unclaimed property law, intangible personal property not claimed by the owner within the prescribed period of time, must be reported to the department", Dept. Secretary Ralph Slaughter says. Intangible personal property may include payroll checks, checking and savings accounts, royalties, utility deposits, interest, dividends, stock certificates and life insurance proceeds.

There is no expiration date for making the claim, but proof of ownership must be submitted before the funds are released.

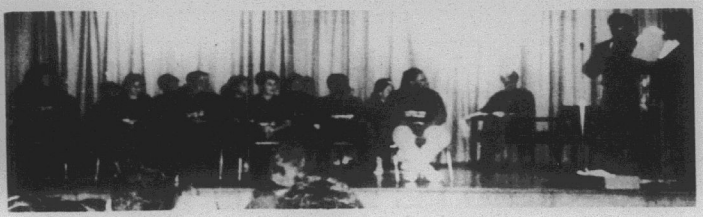
Information concerning the description of the funds, or company that remitted the funds may be obtained by writing to Louisiana Department of Revenue, Unclaimed Property Section, Post Office Box 91010, Baton Rouge, Louisiana 70821-9010.

Older Amer. act is 30

The 30th anniversary of the signing of the Older Americans Act by President Johnson in 1965 is now being observed, reminds Dinah Landry, director of the Cameron Council on Aging.

She also noted that the White House Conference on Aging is under way May 2-5, in Washington and will produce policies that will shape the lives of older people for years to come.

CAMERON COUNCIL on Aging Director Director Dinah Landry is pictured with Cameron Police Jurors after having presented them with certificates in recognition of their winning a state Council on Aging award. From left are Douaine Conner, Brent Nunez, Mrs. Landry, Russell Badon, Ray Nunez, George Hicks and George LeBouef.



THESE MEMBERS of the Cameron Parish Head Start program were winners in the poster contest on child abuse. They are shown above with Police Jury President Russell Badon at the jury's monthly meeting. The children are Brandon DeBarge, Jaylon Ball, Kaylin Johns, Rachael Ellison, Jared Landry and Lynn Vincent.

A.N.R. PIPELINE has made their annual donation to the Cameron Parish Youth Program. A check for $1,000 is being presented by Rod Nunez, right, employee of A.N.R. Pipeline Co. to Ricky Poole, president of the Cameron Parish Livestock Committee.

Paula Day

MRS. JANIE McCALL's 5th grade class ended their 16 week program on drug awareness with a DARE graduation held at Grand Chenier Elementary School Mar. 30. Deputy Donald LeDoux was the instructor. The fifth grade class was recently visited by Officer George Landry and his drug dog, Alex. A demonstration was given showing the dog's drug sniffing abilities. This program was sponsored by the Cameron Parish Sheriff's Department with the approval of the Cameron Parish School Board.

Court of Honor held

Boy Scout Troop 202 of Creole held its spring Court of Honor at the Muria Fire Station Sun., Apr. 30. Scoutmaster Bill Morris introduced Scout Joshua Dupuie who served as emcee. Jared Cogar, representing the Grand Chenier Cub Scout Pack 201, led the group in the Pledge of Allegiance and Scout Neil Boudreaux led the Boy Scout Oath.

Assistant Scoutmaster Michael Semien presented the badges of office to Kris Johnson, Senior Patrol Leader and to Joshua Dupuie, Patrol Leader. Assistant Scoutmaster John Cogar presented the following badges of rank: Michael Boudreaux, Scout; Jed Savoie and Cody Styron, 2nd Class and Jonathan Cogar, Joshua Dupuie, Neil Boudreaux, Michael Semien, Blake Trahan and Kris Johnson, 1st Class badges. Assistant Scoutmaster D. A. Dupuie passed out Merit Badges to all the Scouts. A total of 32 Merit Badges were presented.

Remy Broussard, Louisiana Wildlife and Fisheries Agent from Rockefeller Wildlife Refuge and a former Scout, was the guest speaker. He related to the group the importance of setting goals and sticking to them until the goals are achieved.

The mothers of Troop 202 served a spaghetti meal to the Scouts, parents and guests.

Heart problems don't keep office hours.

Even the very best medical care is of no value unless you have access to it. So here is our pledge to you:

If you have chest pain or other heart-related symptoms, you will be seen immediately-- 24 hours a day, 365 days a year.

If you don't have symptoms, but you or your doctor have concerns about your heart, you will be seen within 48 hours, even if we must extend office hours to accommodate you.

And if you simply want a heart checkup, it will normally be scheduled within one week.

AREA FISHING

Most of our saltwater fishing is ... redfish have been taken in Calcasieu Lake as well as the Mermentau River jetties.

picking up, but lots of muddy to ... Snapper fishing is still the best cloudy water still remains. A few ...

for offshore anglers, about 30 miles offshore. The water is warming up and that will increase fish activity but these high winds still keep anglers closer to shore.

According to Kevin Savoie, with the Department of Wildlife and Fisheries here in Cameron, the red snapper population has increased. In 1991 catches allowed were 4 million pounds to 6 million pounds last year. Now there has been an increase in recreational pressure. I know this year there has been a great number of 20 plus pounders caught.

LEMESCHE BASS CLUB

Results of the Lemesche Bass Club's Apr. 23, tournament:

Largest Team Stringer: 1st, Carl Broussard and Darrin Richard; second, Ricky and Jerry Canik; third, Loston McEvers and Todd Conner; fourth, Scootie Trosclair and Scott Quinn.

Largest Individual Stringers: 1. Ricky Canik; 2. Darren Richard; 3. Todd Conner; 4. Scootie Trosclair; 5. Carl Broussard; 6. Jerry Canik; 7. Scott Quinn; 8. Loston McEvers.

Largest Bass: 1. Ricky Canik, 5-5; 2. Todd Conner, 4-4; 3. Darren Richard, 4-3.

The next tournament will be Sun., May 21, in Amoco Miami Field.

MONDAY NIGHT SHOOT-OUT

The second Monday night Ron Castille shoot-out at Lacassine Refuge had 54 boats enter. The top 8 boats received money for the 3 bass team stringer, plus the top 5 teams with a Suzuki outboard motor won $250 extra for 5 thru 2 and $1000 for first place.

We had 5 teams from Cameron Parish enter: Jimmy Trahan and Loston McEvers, 9th, missing money by 6/100th of an ounce. Quenton LeBoeuf and Darren Thibodeaux took fourth place money plus $250 for a Suzuki and John Ed Duhon and his partner took over $800 but lost out on the $1,000 from Suzuki and they were sick. They had only 2 bass with largest 4-7, ending up with over 8 pounds taking largest team stringer and largest bass. John fished in his partner's boat and left his Suzuki home, costing him $1000.

FISHING LICENSES

Your present fishing license is good through June 30, but the new ones are out, so don't wait until the last minute, get one now.

Remember, to purchase a fishing or hunting license, you have to have either a driver's license, voter registration card, regular ID card, car ID papers, social security card, or you won't be issued a license.

Something that really got me was the military statutes of purchasing a license. If you are in the service on active duty, and you're stationed in Louisiana, you have to purchase a license to fish or hunt, however if you're in the military service on active duty and stationed outside Louisiana and you have the proper leave papers and ID you don't have to purchase a license.

To me this doesn't make much sense. It should be where all military people on active duty do not have to purchase a license.

NEWS TALK

•The proposed moratorium on new commercial saltwater licenses for gill nets, fish seines and trammel nets for 1995 had a meeting in Baton Rouge but only three people showed. Maybe the interest is not there or the gripe will come later.

•A three day special shrimp harvest in Calcasieu Lake and ship channel was held last Wednesday thru Friday. There were enough sizeable white shrimp available for this opening.

•The Gulf of Mexico Fishery Management Council has announced they intend to reduce the bycatch in the shrimping industry. This is to reduce the catch of finfish by shrimpers, especially small red snappers.

This could result in a finfish excluder device; reductions in shrimp fishing efforts, even areas to be closed, seasons to be closed, or maybe all of the above.

•The third annual Migratory Bird Day across the nation and Louisiana is planned for Sat., May 13. In 20 years of breeding surveys, it shows that the population of many bird species that breed in North America and winter in South and Cental America are dwindling. Loss and changes of habitat, and breeding grounds are major reasons.

•A year-long undercover operation by the Wildlife and Fisheries Enforcement agents has resulted in the arrest of 24 people accused of illegally selling and buying fish. Chefs from major restaurants, prominent citizens, sports and commercial fishermen were arrested. Illegal selling of these species of fish: redfish, speckle trout, red snapper, gray snapper, cobia, amberjack, grouper, black drum and Spanish mackeral. These were bought whole or filetted.

Unlicensed fishermen, as well as unlicensed wholesalers were charged with over limits, undersize and closed season.

Unfortunately, there are still those who try to bypass reglations intended to conserve Louisiana's fisheries. Some folks still haven't learned their lesson.

Sit on a Deere and you'll know what the competition has been sitting on.

Nothing compares with sitting on the solid luxury of a John Deere lawn tractor. From our easily lowered mowing deck to our tighter turning radius, everything has been engineered to outperform the competition. Like our exclusive Xenoy® hood that absorbs shocks, rather than being dented by them. Plus a heavier frame that makes our tractors more durable. So stop by your John Deere retailer soon and take a seat. It won't be long before you decide you'd rather have a Deere.

The following proclamation was offered by Mr. Ray Conner, seconded by Mr. LeBoeuf and declared duly adopted.

PROCLAMATION

WHEREAS, the Office of the Governor of the State of Louisiana recognizes older individuals as a growing and dynamic segment of the population; and

WHEREAS, traditional retirement patterns are changing and many of our elderly residents seeking senior employment opportunities are faced with common stereotypes and myths associated with older workers; and

WHEREAS, sponsors of the senior employment programs, in conjunction with the Office of Employment Security and the American Legion, strive to increase public awareness of the plight of the older worker by providing programs such as the Senior Community Service Employment Program and the Job Training Partnership Act; and

WHEREAS, these programs and agencies continue to offer older workers the valuable work-related skills and years of experience found among the older workers and seek to educate both public and private sector employers of the diversity of skills which older workers possess and attempt to match those skills with the needs of the employers.

NOW, THEREFORE, the Cameron Parish Police Jury does hereby proclaim the week of March 12 through 18, 1995, as "EMPLOY THE OLDER WORKER WEEK" in the Parish of Cameron and urge public and private sector employers and forces to recognize the contribution of older workers to the work force.

It was moved by Mr. Douanne Conner, seconded by Mr. Nunez and carried, that there shall be a brief recess.

The President called the meeting back to order.

It was again moved by Mr. LeBoeuf that a order, special No. One the election be held in Consolidated Garbage District of the Parish of Cameron, Louisiana, to authorize the levying of a renewal tax of five and ninety seven hundredths (5.97) mills on the dollar of assessed valuation on all property subject to taxation in said district for a period of ten years, commencing in the year 1995, for the purpose of providing and maintaining garbage collection and disposal services within and for said district. The proposal included a plan to close six of the eleven existing dumpsites, being the sites at Grand Chenier, Creole, Oak Grove, Big Lake, Holly Beach, and Klondike. The motion died for lack of a second.

The following resolution was offered by Mr. Nunez, seconded by Mr. Hicks and declared duly adopted:

RESOLUTION
STATE OF LOUISIANA
PARISH OF CAMERON

A RESOLUTION ORDERING AND CALLING A SPECIAL ELECTION TO BE HELD IN CONSOLIDATED GARBAGE DISTRICT NO. ONE OF THE PARISH OF CAMERON, LOUISIANA, TO AUTHORIZE THE LEVYING OF A TAX OF FIVE AND NINETY SEVEN HUNDREDTHS (5.97) MILLS ON THE DOLLAR OF ASSESSED VALUATION ON ALL PROPERTY SUBJECT TO TAXATION IN SAID DISTRICT FOR A PERIOD OF TEN YEARS, COMMENCING IN THE YEAR 1995, FOR THE PURPOSE OF PROVIDING AND MAINTAINING GARBAGE COLLECTION AND DISPOSAL SERVICES WITHIN AND FOR SAID DISTRICT AND MAKING APPLICATION TO THE STATE BOND COMMISSION AND PROVIDING FOR OTHER MATTERS IN CONNECTION THEREWITH.

Earth Day is celebrated

Earth Day in lower Cameron Parish was celebrated by a beach clean-up effort. Winnie Schubert with Mobil Oil Co. reported they had 64 employees who picked up 93 bags of trash on a two mile area of Martin Beach in the Johnson Bayou area.

Arlene Bergeron with Conoco Oil Co. reported 75 employees picked up 225 bags of trash on two miles of Rutherford Beach. They also picked up large items with a front-end loader on Rutherford Beach.

The spring clean-up is a strictly voluntary effort by these companies. They choose the time and date whereas the fall clean-up is nationwide on a set date.

"These companies are to be commended on their cooperation with Cameron Parish to improve our environment and our tourist attractions," said Ed Kelley, Cameron Parish coordinator.

CAMERON, LA. 70631

May 11, 1995 - 39th Year No. 3

Former local businessman dies Monday

Funeral services for Robert Tanner, 68, were held Wed., May 10, in First Baptist Church.

The Revs. Vernon Chevalier, Jack Tanner and Wallace Primeaux officiated; burial was in Enon Cemetery in Kennard, Tex.

Mr. Tanner died Mon., May 8, 1995, in a Lake Charles hospital.

A native of Houston County, Tex., he lived in Cameron Parish for 40 years. He was a Navy veteran and a process plant operator with Conoco in Grand Chenier. He was a member of First Baptist Church and Masonic Lodge 439 of Cameron.

Mr. Tanner operated a furniture store in Cameron for a number of years.

Survivors are his wife, Marianna Tanner; three sons, Robert Owen Tanner Jr. of Houston, Tex., Lawrence Wayne Tanner, Abbeville; and Marcus Dyson Tanner, Lake Charles; two daughters, Mrs. Cynthia Lynn Sellers, Cameron and Sylvia Beth Tanner, Lake Charles; three brothers, Cyril Wayne, and Raymond Tanner, both of Kennard, and Phillip Maurice Tanner; one sister, Mrs. Barbara Woodall, both of Austin, Tex.; and six grandchildren.

Hunt, fishing licenses are now on sale

The Department of Wildlife and Fisheries began selling 1995-96 licenses May 1.

Licenses, duck stamps, and the Wild Louisiana Stamp are available at sheriff's offices and retail outlets.

Recreational licenses purchased at this time are valid until June 30, 1996. A list of licenses and fees follows.

Resident Licenses (Fishing): Hook and Line (Cane Pole) License, $2.50; Basic Fishing License, $5.50; Saltwater Fishing License, $5.50.

Resident Licenses (Hunting): Basic Season License, $10.50; Big Game License, $10.50; Bowhunter License, $10.50; Muzzleloader License, $10.50; Universal License, $53; Migratory Waterfowl Conservation Stamp (Duck Stamp), $5; Wild Louisiana Stamp, $5.50

All fishermen must possess a basic fishing license (season or trip) in order to purchase a saltwater license.

Big game licenses are required in addition to the basic license for all deer and turkey hunters.

The Universal License, combining resident basic fish, saltwater, basic hunting, big game, bowhunting and muzzleloader licenses, is available for residents only.

Visitors to Department-managed lands (refuges and wildlife management areas) are reminded that they must possess a Wild Louisiana Stamp or a valid hunting or fishing license in order to access those regions.

The federal Duck Stamp, available for $15 after July 1, 1995, is required for water fowl hunters in addition to the state duck stamp.

The Manuels to warm up for Haggard

BY GENEVA GRIFFITH

One of the bands featured at the Contraband Festival this year has local connections.

The Abe Manual family, formerly of Little Chenier, will be playing Cajun music in the warm up period before Haggard performs. They will play Sunday evening at 5:30 in the Contraband pavilion on the festival grounds in Lake Charles.

Dot and Abe Manuel and their sons Joe and Abe, Jr. make up the band.

Dot is the former Dot Vincent Manual and was reared on Little Chenier where her children were born.

Production down here

—CAPITAL NEWS—

Natural resource production increased slightly in Cameron Parish as 1995 opened but did not quite reach the level recorded a year earlier, according to the state Department of Revenue and Taxation.

Severance tax collections on work in the parish during January totaled $1.55 million. While that is about $10,000 higher than the levels reported in the last month of 1994, it marks a $40,000 decline from the $1.59 million listed in the department's report for January 1994.

Most of the current report's receipts was credited to natural gas production, which provided $835,964 of the parish total. Oil added the remaining $718,826 to the January figure.

The parish recording the tax on oil and natural gas production receives one-fifth of the total up to $500,000. Seventy-five percent of all revenue collected on timber products goes back to the parish.

The state's 64 parishes reported a total of $30.1 million in severance taxes for January, topping the previous year's figure by $2.2 million. The month's total was, however, nearly $4 million lower than the receipts listed for December 1994, which were the state's highest for the year.

AT MAY MEETING

S. board debates budget reductions

The Cameron Parish School Board at its monthly meeting last Wednesday delayed its decision on two items pertaining to cutting costs and probably will take action on these at its next meeting at 2 p.m., Wednesday, June 14.

Action was delayed on whether to freeze salaries for all employees next year and reduce the number of teacher aides for each school to one.

Board President said a salary freeze would save up to $120,000. The board presently has a $1.35 deficit.

However, Peggy Boudreaux of the Cameron Association of Teachers aid teachers should not suffer because of a deficit that has built up over the years.

She noted that the board has a $8 million "rainy day" fund balance and suggested that the rainy day has now arrived.

The surplus has balanced the budget since 1991-92 when the Board first began running a deficit.

Boudreaux asked Board members if they would give up their $7,200 annual salaries to help balance the budget. Board Member Tony Johnson said he is giving half of his salary back to the school system.

In other business, the board tied 3-3 on establishing a school zone attendance policy. Karen Nunez, Daniel Billot and Glenda Abshire voted for the policy. Morris, Johnson and Clifton Hebert voted against it. The policy died as a result.

By a similar 3-3 vote, with same voting alignment, a motion to accept a low bid of $177,000 on additions to the Grand Lake High gym died.

Hours for the parish media center were reduced. The center will close in June and July. It will open in August and the school year from 4 to 6 p.m. on Tuesdays and Wednesday. This will save $6,000 a year.

Paper for each school will be issued based on enrollment. Schools will pay for extra paper used.

Teachers no longer will receive $50 after the school year ends to purchase materials for their class the next year.

The board will not longer help fund trips such as state and national conventions, which is expected to save up to $2000 a year.

Sellers in production

Alyssa Sellers, daughter of Paul and Cyndi Sellers of Cameron, will portray Mrs. Harper in the musical Tom Sawyer, presented by the Civic Student Theatre of ACTS during Contraband Days at the civic center theatre.

Performances will begin Thursday, May 11 at 9:15 a.m., and also at 12:15 and 7 p.m. On Friday, May 12, 10 a.m. and 7 p.m.

Tickets are available for all performances in advance by calling the ACTS ticket office at 433-ACTS, 436-5908, or producer Marie Downes at 479-0404. Ticket coordinator is Teresa Busby who is reached at 855-6335. Tickets are also available at the Civic Center ticket office during regular hours. Schools may call ahead for ticket information.

Walking horse show planned

The annual Charity Tennessee Walking and Racking Horse Show will be Friday and Saturday, May 19 and 20, at Burton Coliseum. Times for the shows are 6:30 p.m. on Friday, and 9 a.m. and 5:30 p.m. on Saturday. Admission is $2 per person, with children under 2 admitted free.

There will be a "Stick Horse" competition on Saturday morning for the children.

The show is being sponsored by West Calcasieu Cameron Hospital as a fundraiser for the Therapeutic Riding Program. Monies raised will be used to defray the cost of treatment for patients needing assistance.

For more information call West Calcasieu Cameron Hospital's Therapeutic Riding Center at (318)625-3972.

Agency will review sea turtle matter

A federal fisheries agency has agreed to review the stock and population of sea turtles and their effect on Gulf Shore shrimpers, in response to questions posed by Sen. John Breaux earlier this week.

"The National Marine Fisheries Service has agreed to provide up-to-date information on the stock conditions of the sea turtles off the Gulf Coast of Louisiana and Texas," Sen. Breaux said, "Also, as I requested, the agency will gather more scientific information on the survival rate of sea turtles and increases in their population."

A week ago, NMFS imposed a 30-day, temporary restriction on the use of certain turtle excluder devices (TEDs) by shrimpers, forcing some shrimpers to buy new TEDs with turtle release hatches on the top, not the bottom, of their shrimp nets.

MUSING... By Bernice Denny

Remember the gypsies?

Because Grand Chenier, Creole, Oak Grove and Leesburg (the old name for Cameron) were reached only by boat long ago, we, today, have a tendency to think that outsiders seldom went into the named communities. This was not true of the gypsy bands in the last two or three decades of the 19th century. There is a strong possibility that they also may have gone there previous to the Civil War.

A gypsy company would take passage on one of the steamers plying the Mermentau River to Grand Chenier or the Calcasieu to Leesburg. Once there they would set up their wares. Articles offered for sale were mostly tinware, basketry, and cheap jewelry.

The gypsies after much haggling would accept poultry, eggs, and vegetables for a product in lieu of money rather than lose a sale. Wise were they, for cash in those days was scarce among the farm population and bank checks for small payments were nigh unheard of.

The gypsies chose the fall or early winter for Cameron visitation, probably because the crops had been harvested and the settlers had more money and some leisure time.

In the evenings the dark-skinned, black-haired visitors hung their lanterns outside their tents and danced their wild rhythmic steps to the clanking of bracelets and tambourines.

It is interesting to pause here and contemplate upon the reaction of the audience. It was comprised mostly of older teen-agers and young married couples. In general, they represented hard-working families of stern religious convictions. Many of the youths felt that they became audacious worldlings merely by watching the graceful gypsy numbers. Within others conscience played a tic-tac-toe with fascination for the unique.

Time rushes on; customs change; such is life.

St. Mary Knights tell honorees for April

St. Mary of the Lake Knights of Columbus Council #11407 held its monthly meeting Apr. 26. Grand Knight Earl Ogea presented Family of the Month honors to Mr. and Mrs. Harley Matte and Knight of the Month honors to Father T. L. Herlong.

Items discussed at the meeting were the upcoming blood drive sponsored by the Knights for the church parishes of St. Mary and St. Patrick. The blood drive will be conducted on June 4, from 11 a.m. to 2 p.m. in the church hall. T-shirts and snacks will be provided to all who donate.

It was adopted by the Council to purchase yard signs for Knight and Family of the month. Also adopted was to send two delegates to the state convention in New Orleans. The two delegates who will represent the Council are Grand Knight Earl Ogea and Financial Secretary Ernet Vincent.

The main item on the agenda was the upcoming Mother's Day barbecue. This will be the first fund raising function to be conducted by the Council since its charter was granted in 1994. Advance tickets may be purchased from any Knight or local business in the area. Plates will be available the day of the barbecue also.

Complete DARE program

Mrs. Kim LaRocca's and Mrs. Sheliah Soirez's fifth grade classes at Cameron Elementary School have completed the DARE program. DARE stands for Drug Abuse Resistance Education. The graduation ceremony was held Apr. 19. Guest speakers were Sheriff Sono Savoie, Uland Guidry, and the officer in charge of the program, Donald LeDoux.

On completion of the program, students had to write an essay. The winners from Mrs. Soirez's class were Julie Delaunay, Tomas Johnston, and Lynn Nguyen. The winners from Mrs. LaRocca's class were Chance Doxey, Alicia Dyson, and Nichole Higgins.

After graduation there was an introduction of Deputy Alex, the drug dog. He gave a presentation of his skills in locating hidden drugs.

Most people who have been done a favor consider it an opportunity to show their incorruptibility rather than their gratitude. This is not only considerably cheaper morally, but it sometimes increases their pride so much that pretty soon they look down on their benefactor.

LIBRARY RUNS TO HACKBERRY

The Cameron Parish Library Board heard a request for improved library service to Hackberry at a meeting Monday. Police Juror C. A. Riggs told the group he had requests for a branch library in Hackberry.

The board agreed to increase bookmobile service to once a week as soon as funds permit. Runs are now made every two weeks.

RAISING SEED RICE

Five Cameron Parish farmers are engaged in raising foundation seed rice from the Louisiana Rice Experiment Station this year, according to Hadley Fontenot, county agent.

They are Claude Eagleson and Donald Todd of Sweetlake and Philip and Wilfred Zaunbrecher and Firmin Breaux of the Lacassine plantation.

Foundation rice is a pure strain of rice being raised for the first time off of the experiment station. The rice is certified as free of weeds. The rice will be sold to other farmers for seed.

STUDENTS GO TO STATE SCIENCE FAIR

Four students from South Cameron High School will compete in the state science fair at Bolton High School in Alexandria Apr. 13 and 14. These students were winners in the district Science Fair held at McNeese last month.

Mrs. Pearl Leach, math instructor, will accompany the group composed of Carolyn Roome and Leslie Griffith with electronics exhibits, and Marvin Owens and Jerri Ann Champagne in the Math division.

The above students won their respective divisions in the South Cameron Science Fair which had over 100 entries before going on to the district fair at McNeese.

PUBLIC NOTICE
CAMERON PARISH COASTAL USE PERMIT APPLICATION

Interested parties are hereby notified that the Coastal Management Section of the Cameron Parish Police Jury has received the following apparently complete application for a Coastal Use Permit in accordance with the rules and regulations of the Louisiana Coastal Resources Progam and R.S. 49, 213.1, the State and Local Coastal Resources Management Act of 1978, as amended.

L.C.U.P. Application #950503

Name of Applicant: North American Land Company, Inc., P.O. Box 997, Lake Charles, La. 70602.

Location of Work: Big Lake Area, Sections 7 & 8, T13S, R8W and Sections 11 & 12, T13S, R9W, Cameron Parish, Louisiana.

Character of Work: Dredging, fill and structures. To restore vegetation in an intermediate to slightly brackish marsh type. To restore an existing spoil embankment and install 4 water control structures. Approximately 77,000 cy of native material (clay) will be removed from the waterbottom and deposited on an existing spoil embankment.

The decision to whether to issue a permit will be based on an evaluation of the probable impacts of the proposed activity in accordance with the state policies outlined in R.S. 49:213.2. The decision will reflect in the national concern for both protection and utilization of important resources. The decision must be consistent with the state program and approved local programs for affected parishes and must represent an appropriate balancing of social, environmental and economic factors. All factors which may be relevant to the proposal will be considered; among these are flood and storm hazards, water quality, water supply, feasible alternative sites, drainage patterns, historical sites, economics, public and private benefits, coastal water dependency, impacts on natural features, compatibility with the natural and cultural setting and the extent of long term benefits or adverse impacts.

Certification that the proposed activity will not violate applicable water and air quality, laws, standards and regulations will be required before a permit is issued.

Any person may request, in writing, within the comment period specified in this notice, that a public hearing be held to consider this application. Request for public hearings shall state, with particularity, the reasons for holding a public hearing.

Plans for the proposed work may be inspected at the Cameron Parish Police Jury Annex Building, Coastal Management Division, Courthouse Square, P.O. Box 366, Cameron, Louisiana, (318) 775-5718. Written comments should be mailed within 25 days from the date of this public notice to Cameron Parish Police Jury, Coastal Management Division, Post Office Box 366, Cameron, Louisiana 70631.

Pavell KC Council names April awards

The Knight of the Month of F. J. Pavell K. C. Council, is Edmond Trahan, and the Family of the month is the Binky, Wanda and Amber Jinks Family. They were presented certificates and yard signs for this honor at the April meeting.

The Knight of the Year is Edmond Trahan, and the Family of the Year is the Kenneth, Khristy, Brandon, Justine and Miranda Trahan Family. They were presented plaques, certificates and yard signs. The Catholic Daughter of the Year is Marsha Trahan who was presented with a certificate and plaque by the Regent, Robin Sandifer. Grand Knight Magnus "Sonny" McGee made the presentations to the knights for their awards.

This year's Catholic Youth Leadership Award were presented to Jean Garber and David Devall. Both received a plaque and $100.

Three members were initiated into the 4th Degree in Sulphur at Our Lady Of Prompt Succor Saturday April 29. They are Chris Leger, Gene Little and Edmond Trahan.

The K. of C. Insurance Field Agent, Ronald Bourque has resigned. He is transferring to this council from Westlake. He made a $100 donation to the Patti Dommatti Scholarship Fund.

The General Insurance Agent, Havard Bonnette, introduced the new K. of C. Insurance Field Agent, Mark Gibson of Carlyss.

The Council will have a benefit dance on Saturday, May 20 at the Johnson Bayou Community Center. This benefit is to help Ronnie and Lisa Romero with medical expenses for their son Byron. Cash and other donations are being solicited. Contact Barry Badon.

Grand Knight Magnus McGee appointed Rodney Guilbeaux to head up the nominations committee and come up with a slate of new officers.

A $50 donation from Miss Marguerite Domatti was received by the council. The scholarship fund has been named for her mother, and she has been the largest benefactor in that fund.

The Good Friday Walk was held on April 14, the passion followed.

The KC Family Communion was observed on Sunday, April 30 at the 9 a.m. Mass in Holly Beach and at the 10:30 Mass in Johnson Bayou. Masses were offered for Past Grand Knight Henry Tingler, who died recently.

A CDA dance was held on April 20, with Marc Leblanc, Gerald Touchet, Joseph Griffith, Ray Young and Father Vaughn making cakes to be auctioned at this dance. For the KC dances, the CDA makes cakes for auctioning, so the KC's returned the favor.

The Council's next meeting is May 15.

CAMERON ROAD CONTRACTOR DIGGING CANAL

On account of an unusually large rainfall in Southwest Louisiana during the fall of 1929 and the winter months of 1929-30, marshes of lower Calcasieu and Cameron parishes were filled with water and many weeks are being required for lowlands to get back to normal conditions.

With this situation existing in Cameron Parish, with reference to new highway construction work, W. T. Burton, contractor for the completion of the Gulf Beach road between Hackberry and the town of Cameron, hopes to have his traffic canal for the movement of shell, completed by the time the grade is sufficiently dry for engineers to permit him to go on the grade and begin the work of hardsurfacing.

This work of digging an entrance canal is a large part of the undertaking, Mr. Burton stated this morning at his home in Sulphur. Water transportation facilities must be provided, he said, for getting shell into and upon the highway in the marshes of west Cameron.

This work will require weeks of time, and dredges are now busy cutting this new canal. It begins in Calcasieu Lake at Long Point, about seven miles below Hackberry Island, and will extend west to intersect with the right of way of the Gulf Beach road. Through this canal, hardsurfacing material will be brought in from shell banks of Cameron Parish for the new highway.

(Cameron Pilot, March 22, 1962)

FIRE STATION PLANS CHANGED

The Cameron fire station issue has been compromised as a result of action taken by the Cameron Fire Department board of directors last Wednesday.

The board voted to modify the plans for the proposed station so that the construction costs will run between $20,000 and $25,000, instead of up to $40,000 as originally proposed. The board felt that an adequate fire station can be built in the price range proposed.

Members of the board of directors are Ray Burleigh, fire chief; Wilman Saltzman, assistant chief; E. W. Swindell, E. J. Dronet and Roland Trosclair.

RAD GROUP TO MEET

The Cameron Parish Committee of the Rural Area Development Program will be organized at a meeting on March 29, in the police jury room of the courthouse, according to Hadley Fontenot, county agent.

Kenneth Koch, sociologist with the LSU Agricultural Extension Service, will explain the program to representatives of Cameron Parish communities and groups.

The program, which is being sponsored by the federal government, is designed to aid parishes and counties develop their local economy so as to provide the most jobs and opportunities for local citizens.

4-H CLUB MEMBERS GIVEN AWARDS

The Cameron Junior 4-H Club held its regular meeting March 12. Miss Patsy Granger and Clifford Myers were present.

The club members brought exhibits for the meeting. The winners were given ribbons and plaques.

The purple ribbon and plaque winners were: Lurchel Fontenot, Diane Warren, John Clark and Edward Peterson.

Other winners were: blue ribbon - Pamela Burleigh, Cheryl Alexandria, and Elaine Duhon.

Red ribbon - Lurchel Fontenot, Linda Miller, Martha May, Barbara Westbrook and Trudy Champagne.

White ribbon - Mona Authement, Deborah Catha, Nedia Hebert, Bonnie Willis, Pat Doxey, Tamara LaLane, Paula Dupont and Charlotte Duddleston.

ROUNDABOUT THE PARISH

Cameron -- Cub Scout den mothers in Cameron are Mrs. Ruby Kelly, Mrs. Ruth Theriot and Mrs. Curtis Roux.

Black News -- The Audrey Memorial School athletic boosters have just completed a drive to raise funds which will partially pay for boys basketball uniforms and other accessories.

The drive was sustained by candy and frozen punch sales, and was climaxed by a talent show which followed the usual assembly period on March 2.

Sweet Lake -- The fourth quaterly conference of the Sweet Lake Fairview Methodist Churches met at the Sweet Lake Church Feb. 26, with District Supt. Rev. Sam Nader presiding.

New officers of the Sweet Lake church are Mrs. Clement Demaret, chairman of the Commissin on Missions; Mrs. Pauline Landry was added to the official board as financial secretary; Mrs. Charles W. Hebert was elected conference delegate; and Mrs. Tom Taylor was elected a Lay speaker; other Lay speakers of the church are Hardy Stone, Gerald Helms and Donald Todd. Mr. Todd is also Lay leader.

Grand Lake -- Measles are making the round again in this area. Many are down with it and in some cases are very ill. Dr. Dix was called out to the George Duhon home Saturday. Mrs. Farque reports four cases of measles and flu in Grand Chenier.

Johnson Bayou -- Principal Joe Sonnier and the coaches wish to thank J. B. Erbelding, Roy Billeaud, Jim Erbelding, and Black Peshoff who hauled sawdust for a jumping pit and helped work on the track.

Hackberry -- Miss Patsy Granger, H.D. Agent, had three demonstrations for the Hackberry HD Club meeting March 12. This meeting was held at the home of Mrs. Leroy Barbier with Mrs. Mildred Hereford as co-hostess.

MUSING

By Bernice Denny

Tall tales favorite pastime years ago

Don Streater, who once lived on the old Streeter Ranch at Lowery, later became a columnist for the Beaumont Enterprise. He once wrote, "It's not that old men forget so much, but that they remember so many things that never happened."

Perhaps that is the reason that certain gentlemen in Cameron were able to tell such magnificent tales of earlier days.

One old-timer explained why he never had much work to do on his farm when he was a young man.

"The seasons were so good," he said, "and the land so new and fertile that every stalk of corn bore six or seven ears. One simple had to shake a tossel (tassel) and out popped a bushel of shelled corn."

Another prominent citizen told of his immense potato crop. "My potatoes make so well," he said. "that there isn't enough room in the ground for them. Every morning I have to hitch my team to the wagon and go out to the field to pick up a fair-sized bushel from each row that pushed out the ground over night."

One fine old gentelman claimed that his watermelons grew so big that an acquaintance traveling by on the road saw them, mistook them for a herd of cows lying down in the field, and stopped to warn him that his fence must be broken and cattle were in his field.

Another story tells of Irish potatoes that grew to the length and breadth of stove wood. The planter dug them out, stacked them on his arm like cord wood, and carried them in.

Fertile soil or fertile imagination? Perhaps a bit of each plus the remembering of that which never was!

Another story is told of a farmer who day after day found an old sow in his compatch. He would run her down with his dogs and turn her out into the woodland back of his farm.

Exasperated, the farmer finally decided to hide and watch the hog make her entrance. To his utter surprise the animal climbed a convenient stump, manouvered till she caught the end of a swinging grapevine in her mouth and vaulted over the fence in true Tarzan style.

Life jackets are must

Life jackets save lives. Few people will argue about that fact. In an attempt to further increase boater's chances of surviving accidents, the U.S. Coast Guard will, on May 1, 1995, begin requiring that wearable personal flotation devices be vailable to each person in a boat, no matter the vessel length.

"If someone goes into the water, the wearable life jacket would ensure a much greater chance of survival," said Lt. Col. Charlie Clark, boating safety law administrator for the Department of Wildlife and Fisheries. "A throwable PFD is worthless to a person who is unconscious or injured."

Boaters currently can substitute a type IV, or throwable personal flotation device (PFD), for a wearable PFD The exception to the existing law has been children under 13 years of age, who must always have on a wearable PFD when the boat is underway.

Boaters are reminded that wearable PFDs must be Coast Guard approved and be a type I, II or III to conform with the law.

To be legal, PFDs also must fit the intended wearers and have no tears, torn straps or missing fasteners. "If a person is thrown into the water from a fast-moving boat, a damaged PFD could pop off or be torn from the person and that person could drown," Clark explained.

Each boat, according to the law, must continue to carry at least one Coast Guard approved throwable PFD in addition to the necesary number of wearable life jackets.

The youngest baby boy, Jason Theriot and the youngest baby girl, Sudie Saucier got stuffed chenille dogs.

Coming the fartherest were Mr. and Mrs. John Crochet of Nacogdoches, Tex. who got a musical box.

The Challenge of Genealogy

by MARIE WISE

The Civil War Veterans of Old Imperial Calcasieu Parish, Louisiana is an outstanding accomplishment in history and genealogy.

Produced by the Southwest Louisiana Genealogical Society, compiled by members, Betty Tyler Rosteet and Sandra Fisher Miguez, this result of four years research gives more documented information for the Southwest Louisiana men of the Confederacy and also of the Union - their lives and times - than any other one source now in publication.

SW LOUISIANA CONFEDERATES

Sub-titled (for) *Allen, Beauregard, Calcasieu, Cameron and Jefferson Davis Parishes* because Old Imperial Calcasieu Parish, cut out of St. Landry Parish in 1840, at that time included these later-formed parishes plus small parts of Vernon and Rapides Parishes, *Civil War Veterans* includes information on some 1,400 old Calcasieu men of the Confederate or Union armies, as much of the following as could be discovered:

Name with variant spelling, birthdate and place, parents, marriage date and place, spouse and children with genealogical data, death and burial places and dates, childrens' spouses, military service, residence, pension record, all ending with information source (s).

The wide variety of sources includes census records, military service records, newspaper articles and obituaries, cemetery records, family genealogies, records of the Sons of Confederate Veterans, the scrapbooks of Maude Reid, the Calcasieu Voter Registration of 1898, records donated by family members, and various other sources.

Beginning with an important Preface and an Introduction, both very well written and both which should be read first by any user of this volume, its Part I consists of the alphabetical listing of veterans with their almost incredible amount of information.

Following these 346 pages comes the extremely interesting Part II, being soldiers' letters, newspaper articles, and stories authored mostly by Michael D. Jones. Included is the Battle of Calcasieu Pass Honor Roll and a ward by ward Calcasieu Parish Confederate Roll of Honor for veterans and widows resident in 1911.

Part III is a splendid collection of not-easy-to-find info: Imperial Calcasieu Civil War Fatalities, Men in the Louisiana Infantry, in the Louisiana Calvary, in Daly's/Ragsdale's Battalion, Texas Calvary; in Miscellaneous Confederate Units, from Unknown Regiments, etc.; plus a list of Union Veterans in Imperial Calcasieu, the 1895 roster of Camp No. 62, United Confederate Veterans, and other lists.

Also, there is a long list of Area Cemeteries with location, and another of Imperial Calcasieu Parish Towns and Villages (many of these no longer in existence), each given with its parish and any known alternate name, plus maps of the five Old Imperial Calcasieu parishes.

This book, which must be seen to appreciate its great amount of information, is softcover, 6 x 9 in., surname indexed, illustrated, well organized, presented and produced; has some 500 pages.

It is available at $40.000 including mailing from: Southwest Louisiana Genealogical Society, Inc., P.O. Box 5652, Lake Charles, LA 70606-5652.

MARYLAND SIDE-LIGHTS

Side-Lights on Maryland with Sketches of Early Maryland Families by Hester Dorsey Richardson, originally published in 1913, this year in its 2nd reprinting, has become a landmark in Maryland genealogy.

Originally published serially in the *Baltimore Sunday Sun*, it consists of two volumes of extremely interesting and very readable history and genealogy, 1600's - 1800's.

Volume I of 75 chapters (articles) varies from The First Maryland Settlers, Goods Brought by First Settlers, Colonial Life and Aristocracy, The Transported Settlers, Maryland Not a Penal Colony, The Old Tuesday Club, and The Palace of Lord Baltimore, to A Colonial Lending Library, Colonial Currency, Witchcraft in Maryland, The First Theatre in America, A Colonial Business Woman, Renaissance of Antiques, Scotch Exiles, Early Divorce Law, Diversity in Spelling Colonial Names, and many more.

Volume II of almost 100 chapters consists of genealogical sketches of that many families, Addison through Worthington, from their colonial Maryland beginnings, most, but not all, from England. Included are many coats of arms, portraits, sketches, photos, etc.

These two volumes are hardcover, 5 1/2 x 8 1/2 in., 482 pages in Vol. I and 508 in Vol. II; each volume with indexes and illustrations, the set available at $85.00 plus $4.75 for mailing from: Genealogical Publishing Co., 1001 N. Calvert St., Baltimore, MD 21202-3897.

QUERIES

Queries with a Louisiana connection may be run free in this column. Please type or print and limit to 50 words giving pertinent names, dates and places. This writer does not do research for others. Notices of work-shops, reunions, etc. are welcome, received four to six weeks in advance. Books reviewed when sample copy is submitted. Marie Wise, 313 Sam Dunham Road, Sulphur, LA 70663.

Publications reviewed in this column are given to the Erbon and Marie Wise Genealogical Library, Louisiana State Archives, Baton Rouge.

It's easier now to register to vote

—CAPITAL NEWS—

The number of locations for registering to vote shot from 66 to 400 overnight, state Elections Commissioner Jerry Fowler said last week s the state's motor voter law finally went into effect.

Fowler said driver's license offices began registering voters April 24, and social service offices were to begin by May 1. High schools also will begin registering voters but their goal for joining the program is July 1.

The expanded registration comes in response to a national motor voter law which required states to pass similar laws for federal elections. The state law, approved during last year's legislative session, was due to take effect Jan. 1, but its implementation was delayed by several factors.

The U.S. Justice Department invalidated a portion of the state law which required those who register by mail to present photo identification the first time they voted. The state Supreme Court ruled that the picture requirement could be severed from the rest of the law, but state Sen. Mike Foster filed a lawsuit challenging the law. He contended that the bill would not have pased without the photo requirement. When the Louisiana Supreme Court last month rejected Foster's argument, election officials began preparing for the expanded registration system.

Fowler estimates that an additional 85,000 to 100,000 voters will register before the governor's primary in October. The 2 million people currently registered are about 70 percent of those eligible to vote, he said.

Meanwhile, lines will move a little more slowly at driver's license, food stamp, welfare and public aid offices as customers are offered a chance to register.

There is a kinship, a kind of free-masonry, between all persons of intelligence, however antagonistic their moral outlook.

Blood drive to be held by fire dept.

The Cameron Volunteer Fire Department's annual blood drive will be held from 10 a.m. to 1 p.m. Saturday, May 13 at the Cameron Fire Station.

Donors will receive membership to the Louisiana Blood Center for one year, including immediate family members.

A free T-shirt will be given donors.

Remember?

(Lake Charles American Press, April 9, 1926)

For longer than a half century, the Calcasieu River has been considered capable of great possibilities as a waterway for shipping and the establishment of an inland port at Lake Charles. The federal government during all this time has been more or less interested in the development of water transportation facilities in Southwest Louisiana and at one time a bill was introduced in Congress proposing to deed to a private corporation 100,000 acres of land in Calcasieu and Cameron in payment for work required to open up and provide six feet of water from the "town of Lake Charles" to the Calcasieu Pass for navigation purposes.

Evidence of this long felt interest in the Calcasieu River as a potential waterway by the government, is proved by the copy of an old bill offered in Congress on January 17, 1873 by a "Mr. West" read twice and "referred to the committee on public lands and ordered to be published."

The late W. B. Morris, veteran lumberman of Lake Charles, obtained the copy at the time the proposal was made by Mr. West and recently Mrs. Norris found it among his old papers and submitted it to the American Press as a historical document.

A. M. Mayo advised that in his long experience in making up abstracts of lands lying in Calcasieu and Cameron parishes, he has never found any evidence that Mr. West's bill was passed and a land grant made to a concern mentioned as "The Calcasieu River Improvement and Navigation Company of Louisiana."

(EDITOR'S NOTE: Jospeh Rodman West (Sept. 19, 1822-Oct. 31, 1898), a native of New Orleans, was elected to the United States Senate and served from March 4, 1871 to March 3, 1877.)

May is a good month for bass fishing

— NEWS NOTES —

Louisiana will receive approximately $3.7 million from the U.S. Fish and Wildlife Service. This will be used to fund recreational wildlife projects statewide this year. The state's hunters are the source of this funding. Each time hunters purchase equipment for their pastime, they contribute to the Pittman Robertson Program, which is dedicated to wildlife restoration and education.

There are new rule changes in life jackets. Beginning on May 1, the U.S. Coast Guard will require that wearable personal flotation devices be available to each person in a boat, no matter the length of the boat.

Throwable personal devices won't count as a wearable life jacket. Also, life jackets assigned to a person has to fit. Example* a child size for a child, a medium for teenagers or small people and of course large or extra large for adults.

All children under 13 ;years of age must wear a life jacket while the boat is moving. All jackets must be Coast Guard approved.

You also need one throwable flotation device aboard in case a person falls over you cant throw the flotation device to him.

AREA FISHING

Bass, crappie and bream fishing has picked up the last week or so, as the water is sort of going down and fish are not as scattered. The Big Burn is a lot better as well as Sabine Refuge.

Rockefeller Refuge and Amoco is still slow as water is muddy. Lacassine Refuge has stayed the same, "good". Cameron Prairie Refuge did produce a 4 pounder and few bream to one angler last weekend.

May is usually a good month for bass, as bass become quite aggressive. Spinner baits, top water and worms will be good, however, early morning will see some good buzz bait fishing. Dollar lilies are starting to get thicker, so don't forget to rig up the old weedless spoon with your favorite pork chunk.

SALTWATER REPORTS

On the saltwater big pone, the high winds have kept boats from the Gulf or least closer to shore.

Water is still messed up in Calcasieu Lake, but May is the month for the big speckle trout to begin hitting. Fishing over oyster beds is good with grubs or cockahoe minnows or live bait shrimp. Don't forget to throw the Rattletrap or top water baits. This can be fun.

The Cameron Jetties and surf fishing towards Holly Beach as well as the Grand Chenier Jetties towards Hackberry Beach can also be a killer spot for good speckle trout in May, provided all the high water run offs are going and salt-water is coming in.

COMMERCIAL REPORTS

The battle of banning gill nets is still on in Baton Rouge and how it will end up, no one knows.

Now, another setback for our commercial fishermen, the feds are restricting the use of some of the T.E.D.'s. This is due to large numbers of dead sea turtles along the Louisiana and Texas coast. It makes you wonder if the T.E.D. does work. No soft or bottom opening T.E.D.'s will be usable.

There's also the shrimpers on the amount of fish being taken called by-catch. What's next?

BASS CLUB NEWS

Grand Lake teams compete

The Grand Lake track teams were at the state meet last week in Baton Rouge. The girls scored 38 points which was food for sixth place. The boys team scored 17 points.

Scoring points for the girls team were Missy Cox, first 400m. She is the state champ with a time of 104.6, Kristi Wasson ran third in the 400m.

Jennifer Drummond was fifth in the 200m, Jennifer Lake finished sixth in the 100m and Laura Cox was sixth in the 3200m and third in the 800m.

The relay team finished second in 1600m relay and fifth in both the 400 and 800 meter relay.

On the boys side, Tony Beard finished fourth in the long jump and Cody LeBleu finished sixth in the 200m. The 1600 meter relay team finished second and the 400 and 800 meter relay teams finished fifth.

Tarpon places

The South Cameron Tarpons placed one person in the state track meet on the boys side as Devon Theriot placed sixth in the discus.

On the girls side at the state meet the Lady Tarpons scored a dozen points. Tina Fountain placed third in the long jump and third in the triple jump.

Sr. breakfast

Court Mary Olive Catholic Daughters #1463 will host a Senior Breakfast for all graduates of South Cameron High on Wednesday, May 17 at 8:30 a.m. at the KC Hall in Creole.

Shrimp seasons are announced

The 1995 spring inshore shrimp season will open at 6 a.m. May 15, 1995 in Zone 1 and Zone 2 - and 6 a.m. May 29 in Zone 3.

In addition, that portion of Louisiana's territorial waters from the eastern shore of the Atchafalaya river to the western shore of Freshwater Bayou will open at 6 a.m. May 15, 1995.

Furthermore, the Wildlife and Fisheries Commission voted to ban shrimping between official sunset and official sunrise in the inshore waters from the western side of the Atchafalaya River Channel out to Eugene Island to the western shore of Vermilion Bay for the spring season.

Shrimping Zone 1 includes inshore waters from the Mississippi state line to the eastern shore of South Pass of the Mississippi River.

Zone 2 includes inshore waters from the eastern shore of South Pass of the Mississippi River to the western shore of Vermilion Bay and Southwest Pass at Marsh Island.

Zone 3 included inshore waters from the western shore of Vermilion Bay and Southwest Pass at Marsh Island to the Texas state line.

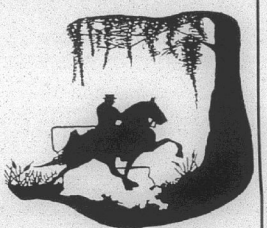
"Last years's harvest was below average," said Department of Wildlife and Fisheries Shrimp Program Manager L. Brandt Savoie. He noted that an average shrimp season is approximately 100 million pounds per year, while the 1994 season was 88 million pounds. "We expect this year to be better than last year, which should put us at average or a bit above."

Hornets out of playoffs

The Grand Lake Hornets baseball team was eliminated from the state playoffs by Mt. Herman 14-8 in a regional game.

The Hornets used Josh Johnson, Cody LeBleu and Josh LaBove on the mound.

The two teams were tied at 8 until Mt. Herman scored 6 runs in the bottom of the sixth inning.



Cody LeBleu, Josh Johnson and Timmy Daigle each had three hits and Tony Beard two hits for the Hornets.

The Hornets finished the year with a 10-7 record.

Ship channel ferry goes into drydock

The Cameron Ferry No. 2, which crosses the Calcasieu River at Cameron on La. 27/82, was temporarily removed from service Mon., May 15, for inspections and repairs.

A smaller ferry, the Ferry Ollie K. Wild, will replace the original ferry and will be in operation at the same location for 24 hours per day.

Due to vessel configuration, only cars, pickup trucks and pedestrians will be allowed passage. Trailers of any type will not be allowed.

It is anticiapted that the big ferry will be out for 30 days.

Tolls will not be collected during this period. All trucks and/or trailer traffic is advised to detour.

Chlorine to be added to local water

Waterworks District No. 1, which serves the town of Cameron, has begun adding sodium hypochlorite (Chlorine) and polyphosphate (iron inhibitor) to the Cameron water system.

This is being done so the system can comply with an Environmental Protection Agency mandate that all water systems with 500 or more customers be chlorinated by July 1, 1996.

Waterworks Manager Dan Dupont said the local water system had had a few problems in the past but that it was in good shape now.

He said by adding chlorine to the water iron would be released which could cause staining. The iron inhibitor is being added to prevent this from happening.

Dupont said the Cameron water system serves about 800 customers in the area from Jim Daigle's corner to the ship channel and from the Gulf north to Calcasieu lake. The system has been in operation since 1963.

Cabildo to be on view

The "Very Illustrious" Cabildo: Witness to Two Centuries of Louisiana History, will be on view at Cameron Parish Library from May 16, to June 11.

Created by the Louisiana State Museum to bring the story of the Cabildo into communities statewide, the traveling exhibit features over 50 historic images, photographs and architectural renderings that focus on events that have occurred in and around the 200-year-old landmark as well as the structure's unique architectural characteristics.

Call the Cameron Parish Library at 775-5421 for more information on this exhibit.

Postmark not entirely gone

Although most Cameron Parish mail now carries a Lake Charles postmark because of the use of labor-saving mail sorting machines, it is still possible to secure a local postmark for special occasions, at least in Grand Chenier.

Grand Chenier Postmaster Paul Savoie said he will still put a Grand Chenier postmark on a letter if requested by a mail patron. This is usually done when paying income tax or a bill by a certain date.

The postmarks of almost all small post offices around the country have been virtually eliminated in the last several years because of automation.

Donald January

January is candidate for juror

Donald R. (Big Newt) January, Sr., 36, has announced his candidacy for Cameron Parish Police Juror, District 6 Precinct 1.

A lifetime resident of Cameron, January is a graduate of South Cameron High School, attended Southern University at Baton Rouge and McNeese State University.

He has coached Little League softball, football, basketball and wrestling, and is active with his son in Boy Scouting.

January is a member of Bargeman Memorial Church of God in Christ, where he serves as recreation director and a member of the financial committee.

He worked as a full-time deputy sheriff for the Cameron Parish Sheriff's Department for eight years. He also was a member of the Louisiana Sheriff's Task Force, in which three deputies from each sheriff's department in the state volunteered to help in any type of emergency or crisis within the state.

He is currently employed with Newpark Environmental Services as site manager at their Cameron facility.

January and his wife, Ida Mae, have two children, Donald Ray January, Jr. and Donnie Ray January, both students at Cameron Elementary School.

January is the son of Ethel January and the late Arceneaux January, Sr. of Cameron.

Is the cancer rate unusual?

Is there an unusual number of cancer cases in Cameron Parish? One local person suspects that this be and has begun a study to find out more information.

Jesse Roux is running an ad in the Pilot this week asking that you are a cancer victim or have one in your family to contact her so that the number of local cancer cases can be better determined.

Ms. Roux said she already has the names of about 200 area people who have cancer or have died from the disease. She said she was concerned as to whether there might be some invironmental reason for such cases.

Ms. Roux may be contacted at P.O. Box 717, Cameron, La. 70631, phone 775-5750.

ROBERTA ROGERS doesn't have to go out on the roadside to pick her blackberries. She has her own berry patch right in her back yard. She freezes the fruit to have it on hand for jelly making the year round. (Photo by Geneva Griffith)

Berry lover has own backyard patch

By GENEVA GRIFFITH

Roberta Rogers loves the months of May and June for thisis the time she harvests her berries to last her for a year.

One of her favorite pasttimes in the summer is to pick berries and put them up in packages in the freezer.

She takes them out as she needs them to make fresh jelly, pies, and cobblers, and goodies to give toher friends.

About 15 years ago her late husband, Buster Rogers, felt sorry for her having to go out early in the morning to pick berries that grow wild along the fences, so he made her very own berry garden in the back yard.

He started about three dozen bushes from cuttings in three rows so she can conveniently harvest them.

Her bushes are yielding bumper crops of huge berries and she can harvest the bounty at will and can be assured that for another year she will always have fresh jelly when she wants it.

MANY DONATIONS

New Grand Lake field dedicated

The official dedication and ribbon-cutting ceremony was held recently for Grand Lake high school's new baseball/softball complex located on the school grounds.

Actually the field was completed in time for use this year by the school's boys baseball and girls softball teams but the dedication was delayed until all of the finishing touches were added.

The Grand Lake baseball and softball teams have just completed their second year of play and both finished second in their districts this year.

Under the leadership of Ricky Poole the new field became a reality through the generous monetary and service donations of various busineeses, community members and civic leaders.

The Cameron Parish School board contributed more than $14,000 for the fencing and cement work and the police jury contributed services of its crew and equipment.

Billy Navarre Chevrolet contributed about $3500 for a scoreboard and other needs and Mobil Oil Co. and Sweetlake Land & Oil Co. made major contributions. Other businesses and individuals also made contributions of money and supplies.

Much of the work on the field was done by school patrons and other members of the community.

Extending their appreciation to all of the donors and workers were Jim Melanson, principal; Geraldine Manuel, softball coach; David Duhon, head baseball coach; and Terry Bergeron, assistant baseball coach.

SHOWN CUTTING the ribbon for the new baseball/softball complex at Grand Lake high school were, from left: Police Juror Brent Nunez; Billy Navarre, who contributed the scoreboard; School Board Supervisor Pearl Leach; School Board Member Karen Nunez; and Julie Erwin and Winnie Schubert, representing Mobil Oil Co., a major contributor to the project.

Splash day

Splash Day will be held at the Johnson Bayou swimming pool Sunday, May 21 from 2 to 7 p.m. Refreshments will be served.

Summer pool hours will be from 3 to 7 p.m. Tuesday through Sunday beginning May 26. The pool will be closed on Mondays.

Women's night will be Tuesday from 7 to 8 p.m.

Summer recreation hours will be from 2 to 10 p.m. Tuesday-Saturday and 2 to 9 p.m. on Sundays.

911 coming

By GENEVA GRIFFITH

The Cameron Parish Emergency 911 system will go on line June 27, Hurricane Audrey Day, a holiday the parish has observed since 1957, in memory of the many people who lost their lives on that day, the Cameron Lions were told last week.

Tina Horn, Parish Administrator, was the guest speaker at the weekly meeting along with Ina Jane Gaspard, who is in charge of the system for the Cameron Parish Police Jury.

Mrs. Horn said that the parish has been working on setting up the system for the past two years. Every road in Cameron Parish that had two or more houses on it was named and every household was given a number, which has to be posted in 4-inch or larger letters.

"We have our own data base here in Cameron, which will be manned by the dispatcher at the Sheriff's office", Mrs. Horn said. "This way, we can update the information in a timely manner."

Mrs. Gaspard explained how she had set up the system so each building in the parish could be identified by number.

GREGG WICKE, president of the Cameron Lions Club welcomes Ina Jane Gaspard, left, and Tina Horn, to the weekly meeting of the Cameron Lions Club. The visitors explained how the new Cameron E-911 will work.

Cross-country cyclist pays visit

William L. Dahms, 36-year-old cross-country cyclist from Wisconsin, is shown above talking to Mickey Guilbeaux at Constance Beach last week.

Dahms is riding across the country and making stops at Kiwanis clubs along the way. He started his trip May 1 in St. Augustine, Fla. and expects to reach San Diego, Calif. by June 17.

He was facinated by the Cameron marshes and wildlife.

B. P. Babineaux

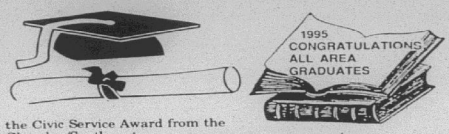
Babineaux to receive award

B. P. Babineaux, a member since 1971, has been selected to receive the Distinguished Service Cross, the highest award of the Serra Club of Lake Charles.

The award is presented only once every five years, and is conferred upon a member in recognition of his total services to the club throughout his career as a member. It has been presented only three times in the past.

Babineaux will receive the award at the club's annual Recognition Banquet in the spring. He served the club as President in 1981-82, and has also been Vice President and Secretary, and served four terms as a Club Trustee.

Babineaux has received a number of other club awards. He was "Serran of the Year" for 1979-80, received the Caraboca Cross in 1974, and Presidential Commendation Awards in 1976 and 1985.



Belisaire Paul Babineaux was born in Cameron Parish on July 15, 1911. Because storms destroyed his school, his education was delayed, and he was not able to enter Landry Memorial High School until 1928 as a boarder. He was graduated in 1932.

He has been a resident of Lake Charles since graduation, and is a charter member of Our Lady Queen of Heaven Parish. He was a parish trustee for 12 years, and a member of the Parish Pastoral Council for six years. His primary rligious work has been visiting the sick in the Lake Charles area, and distributing Holy Communion to Catholics in hospitals and nursing homes. During the past 15 years he has visited more than 2,500 patients in Lake Charles' three hospitals. He has distributed Holy Communion to more than 1,000 patients and 500 shut-ins since 1973.

He has been a member of the Knights of Columbus since 1935, and a member of the Fourth Degree since 1951. He was the charter Grand Knight of Our Lady Queen of Heaven Council 4562, and was Faithful Navigator of Msgr. Cramers Assembly of the Fourth Degree in 1970-71.

Babineaux has promoted the lay retreat movement throughout the Lake Charles area, and has been a member of the Lay Retreat Captains of Our Lady of the Oaks Retreat House for more than 40 years.

In 1980 he was decorated by Pope John Paul II with the Papal Medal Benemerenti (well-merited) for his services to the Church, and in 1985 he received the Civic Service Award from the Chamber/Southwest.

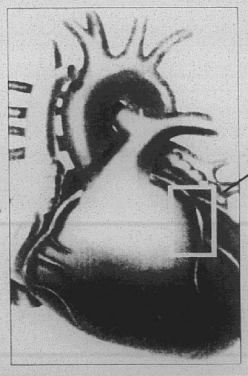
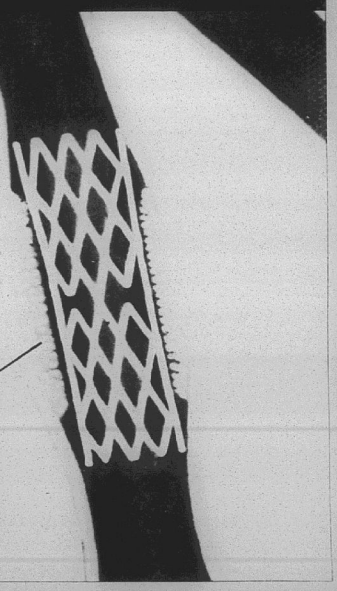
The Heart Doctors



Craig M. Walker, M.D., Clinical Research



When he founded Cardiovascular Institute of the South in 1985, Dr. Walker had a vision of a medical institution which would provide the highest quality treatment for heart and circulatory system disease, and contribute to the future of cardiovascular diagnosis and therapy through clinical research.

Today, that vision has been realized. CIS has become a treatment and clinical research center of international renown. It has participated in the development of virtually every major new method of non-surgical heart treatment developed over the past decade, including a number of firsts in stenting -- the highly promising technique of placing permanent implants to hold open previously blocked arteries.

"Clinical research is so demanding and time consuming that it's rarely pursued outside big academic medical centers," Dr. Walker concedes. "But it's the only way you can be sure you're really at the leading edge of your specialty. By the time most cardiologists are performing their first case using a new procedure, we will have performed hundreds."

NOTICE OF PUBLICATION
By virtue of and in conformity with the procedures of Section 151 through 158 of Title 30 of the Louisiana Revised Statutes of 1950, as amended, sealed bids will be received at the office of the Cameron Parish School Board in Cameron, Louisiana, on or before the fourteenth (14th) day of June, 1995 at 2:00 p.m., at which time all bids received will be opened by the Cameron Parish School Board for a lease covering the oil, gas, sulphur, potash, and/or other liquid or gaseous hydrocarbon mineral rights in, to and under the following described property:

Irregular Section 16, Township 14 South, Range 10 West.

Bids may be for the whole or any particularly described portions of the tract advertised herein.
All bids are to offer a CASH PAYMENT, one-half (1/2) of which is to be bonus as full and adequate consideration for every right granted by the lease and one-half (1/2) of which is to be rental for the first year of the lease, for a lease having a primary term which shall not exceed three years, and if the bid offers a delay rental the ANNUAL DELAY RENTAL shall not be less than one-half (1/2) of the aforesaid cash payment, which lease is to be granted without any warranty or recourse against lessor whatsoever, either expressed or implied, not even for return by lessor of any payments received under the lease or being otherwise responsible to lessee. Minimum royalties shall be one-fourth (1/4) of all oil and gas produced and saved; one-eighth (1/8) of the value per long ton of sulphur produced and saved which shall yield not less than ten cents ($.10) per ton; one-eighth (1/8) of the value per ton for all potash produced and saved; which shall yield not less than ten cents ($.10) per ton; and one-fourth (1/4) of all other minerals produced and saved.
All leases awarded shall be executed upon terms and conditions provided in the current Cameron Parish School Board lease form with all applicable riders appended thereto, including Approved Rider for Attachment to State Agency Lease Forms, and including, but not limited to, provisions as follows: Should lessee fail to begin the actual drilling (spudding in) of a well on the lease premises within one year from the date of the lease, the lease shall terminate as to both parties to the lease, unless on or before such anniversary date, lessee shall pay a delay rental (which shall in no event be less than one-half (1/2) of the aforesaid cash payment offered for the lease), which shall cover the privilege of deferred drilling operations for a period of one year.
Upon like payments annually, drilling operations may be further deferred for successive periods of one year each during the primary term of three years. The lease shall provide for drilling of offset wells where necessary to protect the Board's interest and shall contain the provisions against the assignment of sublease of the lease unless approved by the School Board. The lessee shall have the right to enter into pooling or unitization agreements with respect to development of the leased premises, subject to the approval of the School Board.
Any lease granted hereunder shall be on the regular current Cameron Parish School Board lease form with Approved Rider for Attachment to State Agency Lease Forms and shall be subject to the approval of the Mineral Board. A copy of the said lease form and rider are available for inspection at the office of the Cameron Parish School Board in Cameron, Louisiana. Certified check, bank money order, or cashier's check payable to the Cameron Parish School Board for the full amount of the bonus, shall accompany and be submitted with each bid; and no bid thus submitted may be thereafter withdrawn or cancelled; and the cash bonus accompanying the bid of the successful bidder shall be forfeited to Cameron Parish School Board should he not return the written lease, duly executed, within twenty (20) days after his receipt of the same.
The Cameron Parish School Board reserves the right to reject any and all bids and to grant a lease on any portion of the tract advertised for a price not less than proportionate to the best bid offered for the lease on the entire tract.

PUBLIC NOTICE
CAMERON PARISH COASTAL USE PERMIT APPLICATION
Interested parties are hereby notified that the Coastal Management Section of the Cameron Parish Police Jury has received the following apparently complete application for a Coastal Use Permit in accordance with the rules and regulations of the Louisiana Coastal Resources Progam and R.S. 49, 213.1, the State and Local Coastal Resources Management Act of 1978, as amended. LCUP Application #950508.
Name of Applicant: Glenda Boudreaux, Rt. 1 Box 107, Grand Chenier, La. 70643.
Location of Work: Cameron, Section 33, Township 14 South, Range 8 West.
Character of Work: Proposed fill for access road, and homesite development. The purpose will be to access the property for development and building of homesite. Approximately 7555' cubic yards of fill material will be transported by truck to the site to construct road embankment.
The decision on whether to issue a permit will be based on an evaluation of the probable impacts of the proposed activity in accordance with the state policies outlined in R.S. 49:213.2. The decision will reflect in the national concern for both protection and utilization of important resources. The decision must be consistent with the state program and approved local programs for affected parishes and must represent an appropriate balancing of social, environmental and economic factors. All factors which may be relevant to the proposal will be considered; among these are flood and storm hazards, water quality, water supply, feasible alternative sites, drainage patterns, historical sites, economics, public and private benefits, coastal water dependency, impacts on natural features, compatibility with the natural and cultural setting and the extent of long term beneficial or adverse impacts.
Certification that the proposed activity will not violate applicable water and air quality, laws, standards and regulations will be required before a permit is issued.
Any person may request, in writing, within the comment period specified in this notice, a public hearing be held to consider this application. Request for public hearings shall state, with particularity, the reasons for holding a public hearing.
Plans for the proposed work may be inspected at the Cameron Parish Police Jury Annex Building, Coastal Management Division, Courthouse Square, P.O. Box 366, Cameron, Louisiana, (318) 775-5718. Written comments should be mailed within 25 days from the date of this public notice to Cameron Parish Police Jury, Coastal Management Division, Post Office Box 366, Cameron, Louisiana 70631.

'62 G. Lake graduation

By Keith Hambrick

(Lake Charles American Press, May 17, 1929)

HOPEFUL OF EASTERN HIGHWAY

Citizens of the eastern part of Cameron Parish are more hopeful now than ever before of obtaining a highway from Lake Charles to Creole, Grand Chenier and Cameron, the parish seat of Cameron Parish, according to a statement today by citizens of the neighbor parish who returned last night from Baton Rouge in the interest of such an outlet to the outside world.

J. D. Demarets, vice president of the Cameron Police Jury for the Grand Lake section of Cameron, stated that he and his associates received much encouragement from the highway commission and that the people in Wards 1, 2, 3 and 4 of Cameron, east of the Calcasieu, are working harmoniously for a road to the port of Lake Charles.

The Cameron delegation went to Baton Rouge Wednesday morning in automobiles and returned Wednesday night. District Attorney Robira accompanied the party composed of Mr. Demarets, Benson Vincent, Hackberry, president of the Cameron Police Jury; Raymond Richard, merchant of Creole, and J. O. Hebert, deputy sheriff of Grand Lake.

TAT SINKS AT DOCKS

The front end of the "Flood Tide", oil workboat was all that could be seen after the vessel sank at the Baroid Division dock in Cameron Saturday morning.

The boat was loading with water and drilling mud when it began to lean sideways. Water stopped the engines and kept crewmen from pumping water out of the boat.

The boat is owned by Tidex Co. and is presently under contract to the Mobil Oil Co. Bobby Daigle is captain of the 120 by 36 boat. The vessel was raised and taken to a Port Arthur drydock Sunday.

Amoco names new manager

Amoco Production Company has executed a surface management agreement with Stream Property Management, Inc. which includes all of Amoco's fee lands in Cameron Parish.

This transaction expands on a prior contract covering Amoco properties in the Johnson Bayou area of Cameron Parish. Stream Property Management will be responsible for negotiating and administering all agricultural, grazing, hunting, trapping, and other surface leases. In addition, the company will consult with Amoco and represent its interests in conservation and wetlands issues.

Stream Property Management is a Lake Charles based concern specializing in corporate land management and wetland mitigation services. Stream Property Management currently manages 250,000 acres located in eleven south Louisiana parishes.

Aid sought for shrimpers

U. S. Reps. Bob Livingston, Billy Tauzin, and Jimmy Hayes, announced that House and Senate Appropriators agreed on language to help shrimpers fight new fishing restrictions and TED requirement propsed by the National Marine Fisheries Service (NMFA).

The language is included in a bill which cuts more than $16 billion from 1995 federal spending while providing $7 billion of relief for Louisiana floods, California earthquakes, the Oklahoma bombing and other disasters.

The Conference Committee passed the bill and both Houses are expected to ratify it within a week. Livingston, the House Appropriations Chairman, inserted the pro-shrimpers language shortly before the Conference ended, in close consultation with Tauzin and Hayes.

The report directs NMFS to convene a team of experts specifically including ones recommended by the shrimp fishing industry, to conduct a scientific review of the agency's proposal to force shrimpers to use bulkier, more costly turtle excluder devices. The report further suggests that the review committee consider exempting "smaller try nets" from TED requirements, and prohibits the agency from implementing any shrimp fishery closures before Sept. 30, because of the regulations.

Job increase reported by parish employers

—CAPITAL NEWS—

Employers in Cameron Parish reported an increase of 43 jobs between the third quarters of 1993 and 1994, according to the latest employment and earnings report from the Louisiana Department of Labor.

Employment averaged 3,515 workers during the three months covered in the report prepared by the department's Research and Statistics Unit of the Office of Employment Security. Wages of $22.6 million were paid between July 1 and Sept. 30, 1994, compared to $22.4 million paid to an average of 3,472 workers during the same period a year earlier.

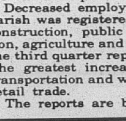
The largest employment category in the parish is transportation, which averaged 954 workers during the period. The service industries, which include entertainment, repairs, engineering and accounting as well as legal, health and educational services, provided 893 jobs.

The mining sector, which includes oil and gas exploration, employed an average of 527 from July through September. Manufacturing contributed 299 jobs to the parish work force, placing it just ahead of retail trade, where an average of 291 were employed. Wholesale trade put 209 people to work in the parish during the quarter.

Public administration accounted for 182 jobs, while construction employed 113. The number employed in finance, insurance and real estate banking averaged 37 for July through September. Agriculture, forestry and fishing place another 10 workers on the department's books.

Decreased employment in the parish was registered in mining, construction, public administration, agriculture and finance from the third quarter report for 1993. The greatest increases were in transportation and wholesale and retail trade.

The reports are based on the quarterly tax reports received by the department from employers subject to the Louisiana Employment Security Law. The figures may be slightly skewed by employers with workers in more than one parish, but most such "multi-parish" employers furnish parish breakdowns as well as state totals.



Bish. Winbush to head black church group

The Congress of National Black Churches, Inc. (CNBC), a national coalition of eight historically black religious denominations representing 65,000 churches and over 19 million members, has elected Bishop Roy L. H. Winbush as its new chairman. Bishop Winbush, who also serves as presiding bishop of the First Jurisdiction of Louisiana of the Church of God in Christ (COGIC), will serve as chairman of CNBC for a three-year term.

CNBC's board of directors consists of denominational leaders from each of the following denominations: African Methodist Episcopal; African Methodist Episcopal Zion; Christian Methodist Episcopal; Church of God in Christ; National Baptist Convention of America, Inc.; National Baptist Convention, USA, Inc.; National Missionary Baptist Convention of America; and Progressive National Baptist Convention, Inc.

Born in Crowley, La. where he attended public school, Bishop Winbush attended the Union Theological Seminary in New York, received his Master of Divinity Degree from the New Orleans Baptist Theological Seminary, and his Doctorate of Divinity Degree from the C. H. Mason Theological Seminary in Atlanta.

FISHING

Water in our marshes has gone down, but with the latest rain it kind of puts it back even, not as high, but replaced some of what went down.

Vegetation is growing real fast and many ponds have few open spots left. With the weather changes each week and post-spawning, bass can be hard to catch.

Lacassine and Sabine Refuges, along with the Big Burn, are still producing nice bass. The Big Burn also produced some nice white perch last week. White-red tube gigs and white-red jig (beatle spin jigs) were hot.

SALTWATER FISHING

It's trying to turn on, but it seems the water is still a factor. In Big Lake especially the south end around the washout area, some big speckle trout 6 to 9 lbs., were taken. Some of these were taken on topwater lures.

CATCH & RELEASE

Catch and release is a good thing, but some fish need to be taken out of pools. Biologists claim big bass (female) are not the best breeders. It is a fact that bass stock can be hurt from a restricted harvest in an impoundment that's closed in.

You take the famous Lake Fork in Texas, a trophy bass lake, which just produced an 11 plus pounder, is having bass taken out and restocking in other Texas lakes.

Speaking of Texas, Sam Rayburn Lake, had an angler catch a new lake record that he almost lost title to. It was recorded at 14 lbs. .04 ozs. Another angler had one 11 lbs. 4 ozs and officials realized the decimal was in the wrong place and both were 11 lbs. 4 ozs. The first bass caught was the record bass for the lake. There are no ties in record bass, first one turned in is first and will hold the record until broken.

FISHING VIOLATIONS

Area wildlife violations are down in our area, according to Region 5 Enforcement Division in Lake Charles.

July 1993 to June 1994 there were 1,764 cases, where the year before there were 1,991 cases, a decline of 227 cases.

The reasons for the decline are stricter enforcement, district attorney's prosecution of each case, and stricter penalties handed down by the judge.

The Cameron Parish D. A. Glenn Alexander has a 99 percent prosecution rate on wildlife violations.

Our neighboring state of Texas is also tough. Eight poachers in an illegeal commercial fishing ring were fined $100,000.

One man arrested for the sale of crappie, white and striped bass, was fined $93,930, in addition to four confiscated nets, two boats and motors. This took place in southeast Texas.

LEAD BAN

One U. S. Senator has a bill to stop the lead ban in fishing tackle. The EPA contends that waterfowl can die from ingesting small lead sinkers, however in their research, the EPA could only come up with 50 cases nationwide over a 16 year period where waterfowl died from lead poisoning from lead sinkers.

It is something that fishermen have been using on this continent for centuries. Do we need a banning law or do we work something out with the EPA. Good question.

Speaking of a looney fishing law that's still on the books - women who fish in Topsham, Vermont, by law have to be wearing a corset when fishing in public. A policeman, by law, must "carefully inspect" each female observed fishing in the area.

This sure is a far-fetched from our Louisiana women anglers using bikinis. Our lawmen can sure tell if they're not wearing a corset.

Oh, if you're fishing in Cornwall Bridge, Connecticut, and you're waiting for fish to bite, be careful how you fill your time while waiting. You cannot play cards or dominoes - it's strictly forbidden.

TALK AROUND

Alaska has more wetlands than any other state with 170 millon acres. In fact, more than the lower 48 states combined.

Canada has 25 percent of the world's wetlands.

Twenty-five percent of America's wetlands are freshwater marshes and 98 percent of commercial fish caught in the Gulf of Mexico rely on estuaries at some opint in their life cycle.

TOURNAMENT NEWS

The Lemesche Bass Club will hold their third tournament of 1995 Sun., May 21. Fishing will be on Miami Corporation Permit Land, Amoco Field.

Cameron Parish Library News

The Cameron Parish Library is gearing up for its annual Summer Reading Program. This year's program, "Reading Round-Up: Rope A Good Book", will be held at the library at 10 a.m. every Wednesday in June and July.

The last Monday's Lacassine Shootout saw 42 teams with 6 teams from Cameron Parish. Hard luck on our local teams, no one placed.

BEST FEEDING TIMES

Fri., May 19 - 5:35 a.m. and 6:05 p.m.

Sat., May 20 - 6:30 a.m. and 6:30 p.m.

Sun., May 21 - 7:25 a.m. and 7:50 p.m.

GOOD FEEDING PERIODS

Fri., 11:10 a.m.

Sat., 12:15 a.m. and 11:55 p.m.

Sun., 7:25 a.m. and 7:50 a.m.

Spotted sea trout (speckle trout) will start their summer-long spawning.

The program will be taken to the communities by the Library Bookmobile. Story Times will be as follows:

Tuesday: Grand Lake School, 12:15-12:35 p.m.; June 13, July 11 and 25, Aug. 8.

Wednesday, Hackberry School, 10:50-11:20 a.m.; June 14 and 28, July 12 and 26.

Thursday: Johnson Bayou (Denise Trahan's home), 9:10-9:40 a.m., June 8, July 6 and 20; Grand Chenier Fire Station, 11:15-11:45 a.m.; June 15 and 29, July 13 and 27; Creole (True Value Hardware Store), 12:40-1:05 p.m., June 1 and 29, July 13 and 27.

The program is for children 3 to 12 years of age. Any child, 3 to 6 years, may have someone read to him/her and get credit for the program. If another child reads to someone in the "Read to Me" program, the reader will get to count that book for him/herself too.

Every five books read earns the reader a dip into the prize box. Reading 20 books earns a reading certificate and a coupon for a hamburger and a drink courtesy of Lake Charles McDonald's. For more information call the library at 775-5421.

Tarpons end season with a scrimmage

By JOE MUELLER

The 1995 South Cameron Tarpon football team completed their spring football workouts with a scrimmage on Tues., May 16, against Kinder and South Beauregard.

The scrimmage was a conclusion of 15 practice dates for the Tarpons.

The Tarpons first team scored once against each team. Derrick Blackwell scored on a 30-yard pass from Chad Portier against the Golden Knights and Jerod Savoie scored on a 30-yard run against the Yellow Jackets.

The Tarpons had 40 players go through the spring drills under Head Coach Parry LaLande and his staff.

The Tarpons, who will be in a realigned District 6AA, have been to the state layoffs nine consecutive years.

The Tarpons will return 15 letter winners for the 1995 season, with 10 seniors on the squad.

District 6AA lost Iowa to reclassification and St. Louis moved to District 5AA.

The new District 6AA has South Cameron, Welsh, Lake Arthur, Iota, Notre Dame and North Vermilion.

The 1995 Tarpon scheduled will begin with the Iowa Jamboree then regular season opens Sept. 1, with a home game against DeQuincy. The rest of the schedule is Vinton, Pickering, St. Louis, North Vermilion, Notre Dame, Lake Arthur, Iota, and Welsh.

3rd graders visit 4-Hers

By SARAH RICHARD

Third graders were the guests at the May meeting of the Grand Chenier Jr. 4-H Club. they observed the way a meeting is conducted and were given information on the activities of 4-H.

David Lee Savoie and J. R. Boudreaux led the pledges and the minutes were read by Cassie Little. Rica Canik gave the treasurer's report and the 4-H banquet followed by a report by Jonathan Cogar on Achievement Day. New officers for 1995-96 were elected. Members viewed a film on 4-H Camp.

Letter to Ed

Dear Editor:

The Cameron Parish Police Jury is considering extending the trash collection service contract with its current vendor, Waste Management. I am concerned that this is being done without taking bids.

Competitive bidding is the only method to insure local governments are getting the best use of their tax dollars. Recent news stories have discussed the advantages of competitive bidding for other area governments. Why shouldn't we take advantage of the same thing? Residents of Cameron Parish should talk to their Police Jurors about this matter, and let them know how they feel.

Sincerely,
/s/ Bobbie J. Sammis,

Recipe For Success

Bite off more than you can chew
Then chew it.
Plan more than you can do.
Then do it.
Point your arrow at a star.
Take your aim, and there you are.
Arrange more time than you can spare.
Then spare it.
Take on more than you can bear.
Then bear it.
Plan your castle in the air.
Then build a ship to take you there.

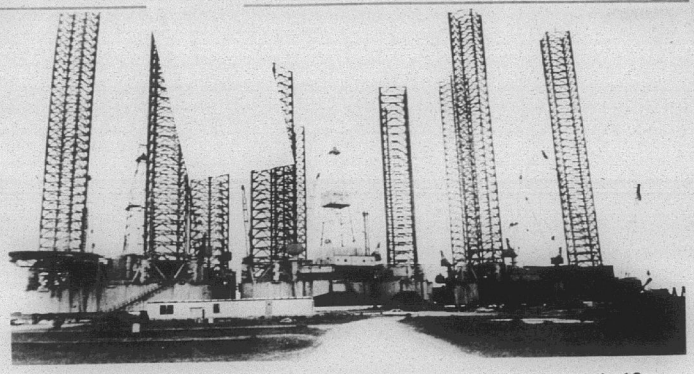
Sen. Cecil Picard

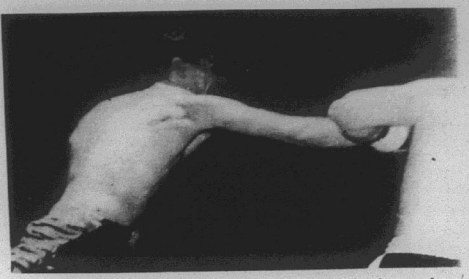
Sen. Picard renamed to SREB post

District 25 State Senator Cecil Picard who chairs the Senate Committee on Education will continue his service on the Southern Regional Education Board (SREB). Senator Picard has represnted Louisiana on the influential education policy and research board since 1979, having been appointed and re-appointed to the post by three different governors over the years.

The Southern Regional Education Board, created in 1948, serves as the operating agency for what was the nation's first interstate compact for education and strives to advance knowledge and to improve the social and economic level of the region. SREB is governed by a board comprised of governors and governor-appointed legislators, educators and lay leaders from the 15 member states including Alabama, Arkansas, Florida, Georgia, Kentucky, Louisiana, Maryland, Mississippi, North Carolina, Oklahoma, South Carolina, Tennessee, Texas, Virginia, and West Virginia.



Besides chairing the Senate Education Committee, Senator Picard also serves on the Senate Retirement and Revenue and Fiscal Affairs Committee.



DIXIE MICHELLE DESONIER, 6 year old daughter of Dean Desonier and Lori Theriot of Cameron, was crowned 1995 Little Miss Contraband April 30. Dixie is a kindergarten student at Cameron Elementary School. She was sponsored by Monique Pregeant and her grandmother, Leola Theriot.

Offices closed

All Cameron Parish Administrative offices will be closed Mon., May 29, in observance of Memorial Day.

THESE THREE offshore oil drilling rigs are tied up in the Calcasieu River just north of Cameron waiting to be overhauled. The work is providing a large number of much needed jobs for the Cameron area.

TOMMY MOUTON, former Cameron resident, is shown above successfully defending his lightweight world kickboxing title against Jordan Keepers in Milwaukee recently.

Mouton is still world champion

Former Cameron resident, Tommy Mouton successfully defended his lightweight world kickboxing title with a 12 round unanimous decision over Jordan Keepers in Milwaukee, Wis. recently.

Keepers who is rated 7th in the world recently gave Rick Rouffus a close fight. Tommy, attempting to be the first person to knock Keepers out, got off the deck in the second to knock him down in the third with a spinning back-kick to the face. Tommy continued the assault switching to Southpaw and knocked Keepers down in the 7th in which Keepers received a controversial 14 count and thereafter Tommy dominated the fight, handing Keepers his third loss in 25 fights.

Mouton's professional record is now 29 wins, 2 loses with 28 KO's. He plans fight Rick Rouffus in a pay-per-view fight sometime down the road.

Clinic will open Friday

The new Cameron Rural Health Clinic will open Friday, May 26 in the former offices of Dr. Cecil Clark, according to the South Cameron Memorial Hospital, sponsor of the clinic.

Dr. Jed Woodard, a new member of the hospital staff, will staff the new clinic.

The clinic will be closed Monday for Memorial Day but will reopen on Tuesday, May 30.

Clinic hours will be: Monday-Wednesday, 8:30 to 4:30; Thursday--8:30 to 12 noon; and Friday--8:30 to 4:30.

Call 775-5711 for appointments.

Food program

The Cameron Community Action Agency is now recertifying persons who are eligible for the food for needy families program. Anyone who has received commodities should call or come by the office in Cameron before June 15, to be included in the July distribution.

Each family must provide proof of gross income for the household. A valid blue food stamp print-out is acceptable. If you have any questions, call 775-5668 and ask for Beverly.

Dance is set

There will be an end of school dance Fri., June 2, at the Cameron Elementary gym. the dance is for kindergarten through 12th grade and from 7-11 p.m. The 12 and under boys softball team will sponsor the dance.

John LeBlanc

LeBlanc is candidate for juror

John LeBlanc has announced his candidacy for Cameron Parish Police Juror for District 6, Precinct 1.

A lifelong resident of Cameron, LeBlanc is a 1982 graduate of South Cameron High School. For the last 13 years he has been employed by Phillips Petroleum Co.

LeBlanc is a member of the Cameron Volunteer Fire Department and Rescue Squad. He also serves on the board of directors. He recently received his Emergency Medical Technician license. He is also an active member of the Cameron Parish Civil Defense.

LeBlanc is a coach for the Sheriff's Little League Softball Program. He has also helped coach Little League Football.

LeBlanc and his wife, Lori, have two children, Tara 9, and Brittany 6.

He is the son of Barbara Lou LeBlanc and the late James "Pep" LeBlanc.

Students to be honored

There will be a progam May 30, at 5:30 p.m at Bargeman Memorial Church Of God In Christ honoring all students who participated in the spring session of the Excel Tutorial and Counseling program. All students and their parents, junior volunteer tutors, and adult volunteer tutors are asked to be present.

Wed., May 31, 5:30 p.m., at the Cameron Recration Center picnic area, a barbecue supper will be given for all students, parents, junior and adult volunteer tutors, and all who assisted in the program this session.

The next session of the tutoring program will begin in August. Special thanks for all their help is extended to Rev. Leo Tyler, Rev. Willie Smith, Sr., Lois Bartie, Eva January, Patricia Dugas, Cornellia Dunaway, LaTasha January, Renesha Fountain, Irving Yerby, Jr., Sharika January, Latara Brown, Tanishna Brown, Linda Felton, Shirley Fountain, Latrell January and Cheryl Parks.

Law enforcement tax election set

The Cameron Parish Law Enforcement District will submit two propositions to the voters of Cameron parish at a special election to be held on Saturday, July 15.

One proposition is for the renewal of the 8-mill Special Law Enforcement millage for a five year period from 1995 to 1999.

A second proposition is for an additional 2-mill tax to go into effect in 1996 and end in 1999.

In a letter to the voters printed elsewhere in this issue, Sheriff James (Sono) Savoie said he is asking for the extra 2 mills for four years because the present 8 mills is not enough to keep the department operating at its present level.

He notes that the department had a deficit of $158,000 last year, which it was able to absorb due to having a surplus built up over the past few years.

If the shortfall should continue, the surplus will be used up by 1997 or 1998 and "then we will have to cut our service, because all our ad valorem tax is spent on salaries and the high cost of insurance," the sheriff stated.

The sheriff promised not to use the additional 2 mills until the department depletes its present surplus.

Meaux given vet's degree

Michael Joseph Meaux of Grand Chenier received a Doctor of Veterinary Medicine Degree from the LSU School of Veterinary Medicine at commencement exercises held May 19.

March for Jesus

Cameron Parish residents have been invited to take part in the "March of Jesus" to be held at 10 a.m., Saturday, May 27 at the Lake Charles Civic Center.

On this day all Christians, all denominations will join together nationwide to march through their towns and cities in support of Christianity. The march will conclude with prayers for the unity of all believers and God's leadership in local, state, national and world affairs.

Car wash set

The 18-year-old and under girls softball team will have a carwash Friday, June 2 from 9 to 2 at the Hurricane Carwash in Creole. There will also be a cake sale.

Funds raised will be for the team's expenses. Billy Delaney is their coach.

Car wash told

The Cameron Chapter of the NAACP will hold a car wash beginning at 10 a.m., Saturday, May 27 at the Cameron fire station to raise funds for its annual scholarship, according to Louise Cole, president.

Library has exhibit

On Feb. 27, 1994 Louisiana reclaimed its past when the Cabildo, the National Historic landmark wherein the Louisiana Purchase was finalized, reopened following a painstaking restoration in the wake of a 1988 fire. Since then, thousands of individuals have visited the State Museum's flagship property and learned about Louisiana's fascinating past in the beloved building that bore witness to so much of the state's, and the nation's, history.

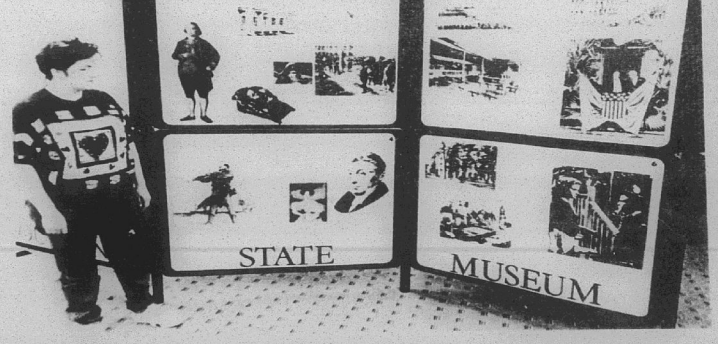
The "Very Illustrious" Cabildo, a new traveling exhibit created by the Louisiana State Museum to bring the story of the Cabildo into communities statewide, will be on view at the Cameron Parish Library from May 16 to June 11.

Designed to evoke the famous structure's distinctive architecture, the six-panel exhibit presents the history of the Cabildo as a microcosm of the history of Louisiana. Over 50 historic images, photographs and architectural renderings are used to tell the story of the many people and nationality groups who came together to create the Cabildo and Louisiana's famous "gumbo" of cultures.

WILLARD WHITE, chief spotter for Zapata Protein in Cameron, is shown presenting Diane Johnson with a rod and reel, which was a prize that Zapata donated to the Mayhaw Festival in Starks where White lives. At left is Sandy Treme, police juror for the Starks area.

Gill net bill gets House OK

The Louisiana House of Representatives on Monday approved a bill to restrict gill nets on parts of Calcasieu Lake.



Rep. Randy Roach, D-Lake Charles, authored HB 829, which would make it illegal to use saltwter gill nets, trammel nets, strike nets and seines in the northern part of Calcasieu Lake.

That part of the lake is in Calcasieu Parish where mostly recrational fishermen fish. The rest of the lake is in Cameron Parish where mostly commercial fishermen fish.

Bell program

The Youth Bell Choir of First Baptist Church of Sulphur will perform Sun., May 28, at 6 p.m. at First Baptist Church, Cameron. The group has been playing together for about two years. They will also play for the congregational singing.

All churches are invited to attend. Youth in the various churches are especially invited. There is no admission.

TINA BOUDREAUX, Cameron parish library employee, here views the exhibition on the Cabildo in New Orleans which will be on display at the library until June 11. In the righthand corner can be seen a scene from the Elvis Presley movie, "King Creole, which was partially filmed at the Cabildo.

Shrimpers reminded of TED regulations

Zone 3 inland spring shrimping season opens Mon., May 29, at 6 a.m. Shirmpers are reminded of the following TED requirements:

The rule exempting TED use for vessels using a single net with a headrope length of less than 35 feet and footrope length of less than 44 feet and is inside of the colregs line expired Dec. 1, 1994.

The only exemptions remaining are:

1. Boats that do not have any power or mechanical advantage device on board which can be used to haul any part of the fishing gear aboard.

2. Licensed bait shrimpers who have a circulating sea water system on board and possess no more than 32 pounds of dead shrimp.

3. Boats having only skimmers, wing nets, or pusher head trawls rigged for fishing.

Boats fishing under the above exemptions must obey the following tow times:

55 minutes - April 1 through October 31

75 minutes - November 1 through March 31

For nets using trawl boards, the tow time is measured from the time the boards enter the water until the time the boards leave the water. For nets such as skimmers and butterflys which do not use trawl boards, the tow time is measured from when the cod end enters the water to when the cod end leaves the water.

A net is considered rigged for fishing if it is in the water, or if it is shackled, tied or otherwise connected to any trawl door or borad, or any tow rope, cable or pole or extension.

Use of single test net with a headrope of 20 feet or less, if it is not towed as a primary net and if it is either pulled immediately in front of another net or is not conencted to another net in any way is exempt from TED and tow time requirements.

TO THE VOTERS OF CAMERON PARISH. . .

This is a subject that no one likes to hear about, but it's time to renew our Special Law Enforcement millage. As you know, I run this millage every five years instead of every ten years, so you, the voters, can have control of the Sheriff's Department if you feel we're not using the money wisely. I hope I have done this in the past and will continue in the future.

As you know, everything keeps going up, except the salaries of the people who serve and protect you. Without the money we cannot give you good service and protection. For the last 10 years our automobiles keep going up. When I first took office, we could buy cars for $7,000.00, today they are $17,500.00. They have taken a $2,000 jump in the past year. So my friends, without good cars and good equipment, we cannot have a good Sheriff's Department. Since I was elected I've always tried to show you where we've spent every dollar and show you where the money came in also because this is the taxpayer's money and you have the right to see if I'm spending it correctly. I think I have because I've never gotten any complaints that I was wasting your money. If you have a complaint, I welcome your criticism.

Now we're going to get down to what I'd like to explain to you. I'm also having a 2 mill supplement on the ballot. If this passes, I will not use this until I've depleted our little bit of surplus. The reason I'm running this is because in looking into the future we will run out of money with everything going up and our tax base shrinking. I have decided to run a supplement for 2 mills beginning in 1996 to 1999, a period of 4 years. I promise you I will not use this unless I have to. This is only a preparation if our ad valorem tax still keeps coming in short. This year alone we were $158,000.00 short from the year before. Thank God we have a little surplus. So if this following year we come up short again and it takes some more of our surplus, then by 1997 or 1998, if we do not have a system set in place to take care of the shortfall, then we will have to cut our service, because all our ad valorem tax is spent on salaries and the high cost of insurance.

I hope you will trust me enough to give me a vote of confidence in this 2 mill supplement proposition. Again, if our tax base moves forward and not backward, I can assure you we will not use it, but judging from the economy and industries and business, which is still declining, I don't see a bright future.

I know we're one of the highest taxed, per capita, in the state of Louisiana, but without the necessary funding we cannot continue the service we are rendering to you. So I ask you to examine my budget when it comes out in the paper and decide whether I spent your money wisely enough, then you can go to the polls and vote on both issues.

May God bless you and your family.

However it turns out, I will give you my best.

Your Sheriff,

James R. "Sono" Savoie

JULIE ANN TRAHAN, who was named the Outstanding Junior 4-H girl in Cameron parish, is shown receiving the award from 4-H Agent Michael Lavergn at the annual Grand Chenier Elementary 4-H banquet held May 15.

BRIAN NUNEZ and Mr. Wainwright are shown holding the plaque telling the achievements of the Grand Chenier 4-H club. The plaque will be displayed at the school.

When we met, you were a skinny young kid... And you couldn't boil water. Now you're a very distinguished-looking grandfather. And you can whip up gourmet meals to put Julia Child to shame. So much has happened in our lives. Look how far we've come together.

We understand. We're Louisiana Blue and we're your neighbors, your friends, your family. We're the people of Blue Cross and Blue Shield of Louisiana and we offer you a commitment for life: full-spectrum insurance coverage for all phases of your life from a company with a 60-year history of financial strength. But Louisiana Blue is so much more.

We're Louisiana Blue and we do more for you every day. We're a local company, Louisiana-owned and operated, involved in our community. We support numerous local charitable causes. We are a major sponsor of the Louisiana Senior Olympics, promoting the importance of fitness in our senior years.

We're Louisiana Blue and we've made a commitment to be there for you, to support and care for your family and generations to come. A commitment for life, from Blue Cross and Blue Shield of Louisiana — Louisiana Blue to friends like you. And look how far we've come together.

Contact your authorized broker/agent for more information.

A COMMITMENT FOR LIFE

WE DO MORE FOR YOU.

Each day the first exam session will be from 8:20-9:35 a.m. with the second exam from 9:30-11:30 a.m. Lunch will be served daily from 11:30 a.m. until noon. The buses will leave at noon.

Students do not report on Wed., May 31. Teachers will finalize grades and mail report cards. The report card mailing will include information from the new Cameron Parish School Board Medication Policy, immunization notices and a copy of the State Department of Education's summary report of South Cameron High School including such information as absentee and suspension rates and ACT and LEAP average scores.

4-H OFFICERS

At the May 23 4-H meeting the following senior club officers were elected for the 1995-96 school year:

Christa Richard, president; Sarah Henry, vice-president of programs; Shannon Suratt, vice-president of activities; Danielle Shay, secretary; Christi Kay Canik, treasurer; Toni Kay Nunez, reporter; Jarod Bacciglopi and Jared Savoie, parliamentarians; Amanda Johnson, CRD chairman; Ryan King, junior leader chairman; Bubba Richard, Heather Sturlese, Kristi Jo Dupuie, executive board members.

A-HEC

The Southwest La. Health Education Center of Lafayette, announces that the following students have been approved for participation in the 1995 Health Education Volunteers Program at South Cameron Memorial Hospital: Julie Batts, Alissa Boudoin, Alice Faye Boudreaux, Melanie Boudreaux, Nichole Chauvin, Erica Nunez, Terrell Thibodeaux.

The students and their parents attended an orientation on Wed., May 24. The program runs from June 13 until July 13 for six hours per day. Students will earn one-half of a Carnegie unit credit for ninety hours of volunteer work.

In addition to weekly dissection activities instructed by Dr. David Woodard and daily classes which will include guest speakers, the A-HEC participants will travel to the Burn Center and other medical sites in Galveston, the Therapeutic Riding Center in Sulphur, the Pathology Lab of Jennings, as well as SOWELA and Bayou Comprehensive Health Center in Lake Charles. The program is funded through the La. Area Health Education Program and the State Department of Education's "School-to-Work" initiative.

LA. SPECIAL OLYMPICS

The 1995 La. Special Olympics were held this past weekend at Tulane University. Over 1700 athletes from throughout the state competed in numerous events. Nolton Sittig, a junior, earned a gold medal in softball and a silver medal in the 50 M run.

CHEERLEADER CAMP

The Tarpon Cheerleaders have announced that Tarpon Spirit and Cheer Camp '95 will be held Mon.-Wed., Aug. 7-9, at South Cameron High School. The camp is open to all students entering kindergarten through 7th grade. There will be separate categories for individual participants as well as elementary squads.

THANKS TO SENIOR PARENTS

Senior sponsors Michael Booth, Parry LaLande and Nicky and Stephanie Rodrigue extend special thanks to all senior parents who assisted with prom and graduation, and for their support over the past five years.

LEADERSHIP PROGRAM

Jennifer Broadus, a South Cameron High School valedictorian, is one of the first students in the state to be named to the new Louisiana State University Chancellor's Leadership Program. In addition to receiving a $1,000 scholarship, Broadus will participate in a number of campus activities along with other freshmen who have demonstrated leadership abilities in addition to academic achievement. This award is made possible through the LSU Alumni Association.

PLATE LUNCHES

South Cameron High Sidekicks will sell plate lunches June 7. The menu is shrimp fettuccine, green salad, corn, bread and brownies. The cost is $4. Anyone who would like to place an order please contact any Sidekick or Mrs. Rogers at 542-4628 during the day or 542-4110 at night.

The message, it seems, is in the medium. More ad dollars are spent on newspaper than in television, radio, direct mail, magazines, yellow pages, billboards or anything else.

GILL NET BILL

The State House of Representatives approved a bill last week to ban gill nets in Louisiana's coastal waters 46 weeks a year. Gill nets can be used only during a six-week season, from Nov. 1 of each year for the taking of mullet. This goes to the Senate to see if they agree or disagree. This is bad news for our commercial fishermen.

It was announced also last week by U. S. Representatives Jimmy Hayes that the U. S. Marine Fisheries will have to make a further study on the new TED regulations they were to impose on our shrimpers. The larger, heavy, bulky and more expensive TED they proposed, has to be studied.

I think U. S. Sen. John Breaux had a great idea, when he said turtle farms are the way to end the fight over our shrimpers, should have yet another on the same, or even any at all, trap doors (TED) in their trawls. If more turtles can be raised in captivity, they could be taken from the endangered species list. This would help shrimpers increase their catch and be less expensive to operate. This farm raising of turtles could also create new businesses or jobs for our area if someone wanted to tackle this type of thing.

SPRING SEASON

The 1995 spring inshore shrimp season will open in our area at 6 a.m. May 29, if not changed before.

HUNTING NEWS

There is a bill in the House of Representatives that would create a trespass law, even though land is not posted. As it is now, if you don't have signs on your property, you can't stop anyone from going on it. This would eliminate this. This would limit hunters from going on your land, and of course, bird watchers, fishermen and others.

Muzzle loaders could see a uniform statewide season for December 2-8, for deer. Now we have different dates in different areas.

AREA FISHING - SALTWATER

The inland saltwater fishing has picked up and good catches of redfish reported along the beaches and Cameron and Grand Chenier jetties. With most of the freshwater gone out, saltwater with the high winds has come in and redfish and speckle trout fishing is getting hot. Grand Chenier Mermentau River reported good catches as well as Rockefeller Refuge. The Cameron jetties had a couple of days of good redfish and for speckle trout fishing, it's getting good.

Speckle trout are moving further into Big Lake and some big fish still being reported caught.

Offshore anglers have been stuck inshore, as the high winds have produced rough seas; even in our inland lake.

AREA FRESHWATER FISHING

Water is still down at this time and bass in the Big Burn area are turning on. Good catches reported last week.

Rudy McEvers had a 5 lb. 7 oz bass and a Lake Charles angler, Chris, had a 6 lb. 2 oz.

The Sabine Refuge is still about the same, with average size bass being taken.

Lacassine Refuge is still producing some big bass, but it has slowed down and the vegetation is growing fast.

The May 15, dog fight on Lacassine Refuge had 39 boats entered. First team had 12 lbs., followed by a 10 lb. plus second team. The two largest bass were 7½ and a little over 6 pounds. There were 5 Cameron Parish teams with no luck. I did win a meal for two at Harris' in Hayes on the drawing of my ticket.

LICENSE

The new 995-96 fishing licenses are on sale as well as the Wild La. Stamp. Licenses expire June 30, 1995.

Free fishing days June 10-11, in Louisiana will coincide with the National Fishing Week, which is June 5-11.

It is said that the number of Americans 16 years and older who took fishing trips in 1993 were 35 million plus.

MUSING . . .

By Bernice Denny

We have recently returned from a visit to my grandson in Prescott, Arizona. I had gone with my daughter, her husband, and his mother. It was a long trip of steady driving - two days each way.

Prescott, the seat of government for Yavapai County, became the marketing and cultural center of the north-central part of Arizona. Ranching and mining flourish there. A million acres of National Forest land surround Prescott.

In 1863 the Walker Party discovered gold in the central Arizona highlands. The town of Prescott was formed the following year and Arizona became a U. S. Territory. Fort Whipple Military Post was established and Governor John N. Goodwin set up Arizona's Territorial Capital in Prescott.

Prescott is known there as the "Mile High City". It has an altitude of 5,347 feet. The climate was fantastic while we were there. The middle of the day might get warm but by evening the temperature was decidedly cold. We enjoyed sitting out in Troy's flower garden and listening to bird-song and watching the many feathered visitors as they helped themselves to grain in the bird-feeder.

Not far from Troy's was a marvelous restaurant that served breakfasts and luncheons - Young's Farm - where we ate on several occasions.

We spent one day in Sedona, a town northeast of Prescott on Oak Creek. One street was lined with souvenir shops, which seemed to be doing a prosperous business. We bought items for all the family back home. One interesting item was labeled a "trouble box". It contained six very tiny dolls. The flier that was tucked inside told one to take out a single doll for each trouble that arose during the day; tell your trouble to the doll then forget about it. The doll would take care of it. One seldom is confronted with more than six troubles a day. I brought a set to each of my two little great-granddaughters, who enjoyed playing with the miniature dolls.

One afternoon late we all drove up Thumb Butte, part of a high mountain, that rises into the Arizona sky. At its top, it is said, one can see 35 miles in any direction on a clear day. The moon rose while we were up there, and the wind was so chilly that we had to get back into the van.

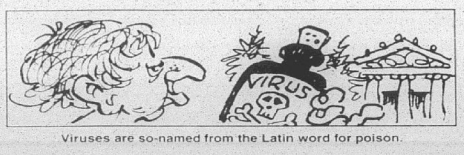
I was surprised that I could not take the high altitude as I had in the early 1980's when my late husband and I used to tour the West.

We found the food in Arizona and Texas delicious. We ate in a number of different restaurants.

Troy has a very attractive two-bedroom mobile home. One bedroom, however, he has turned into an office. He has used the favorite southwestern colors of white, mauve, and teal throughout the house. Mrs. Fox and I were allotted the bedroom while the younger ones slept on blow-up mattresses throughout the house.

Troy has a cute small black dog with silky, floppy ears, an affectionate, well-trained little creature. His neighbor, an 82-year-old gentleman, a native of Pennsylvania, comes over every day and takes Skeeter walking.

Troy had taken a week's vacation from his office while we were there. It was a delightful week for all of us.



Scholarships awarded

Tennessee Gas Pipeline, a unit of Houston-based Tenneco Gas, has awarded a $1,500 college scholarship to Jessica Kellum, a graduating senior at Johnson Bayou High School.

The grant is part of Tenneco Gas "Pipeline to Success" scholarship program that annually helps college-bound students from communities along the company's 19,000-mile pipeline system pay for tuition, books, fees and living expenses. In 1995, Tenneco Gas will award more than $50,000 in these scholarships.

Kellum, who plans to study accounting this fall at McNeese State University, is active in many school clubs and organizations, including the Future Business Leaders of America. She has served as class president for two years and is listed in "Who's Who Among American High School Students."

Jessica is the daughter of Mr. and Mrs. Kenneth Kellum of Cameron.

Viruses are so-named from the Latin word for poison.

ON G... CONTRACT

D...ocked jurors to v... again on Thursday

By JERRY WISE

After having already postponed a decision from its monthly meeting on May 2, Cameron Parish police jurors found themselves in a 3 to 3 deadlock last Wednesday on the question of what to do about the parish's waste collection contract which expires in September.

With a June 2 deadline to renew the existing contract, the jurors agreed to meet again at 5 p.m. on Thursday, June 1 to try and resolve the matter.

Here is the background to this highly unusal jury deadlock:

For the past nearly ten years, the jury has had a contract with Waste Management, Inc. to pick up its garbage and haul it to a disposal site outside the parish. Prior to that time for a number of years the parish had operated its own garbage pickup and dump sites, but due to EPA orders to close local dumps and the increase cost of operating a collection system, the jury contracted out the services to Waste Management.

But the costs of garbage collection has continued to escalate and the jury has had to subsidize from its general fund the garbage contract because the garbage millage was not enough.

In January voters turned down a proposition that would have increased the garbage tax from 5.97 to 8.5 mills. In a second vote in April the voters approved a 6.97 mill tax, a 1 mill increase.

With the Waste Management contract expiring in September, jurors have the option to renew the contract for ten more years at the present price or else to call for competitive bids on a new contract.

At the jury's May 2 meeting, representatives of Browning Ferris Industries (BFI), urged the jury to put contract out for bids implying that the jury might get a lower bid from either company than the present price.

At last week's meeting, Jurors Ray Conner, Russell Badon and George Hicks voted in favor of a motion by Conner to let the present Waste Management contract automatically renew in September.

Jurors George LeBouef, Douaine Conner and Brent Nunez voted no, thereby indicating an interest to see the contract put out for bids.

The 3-3 tie will, if not resolved, will result in the contract being renewed automatically. However, all of the jurors seemed interested in getting more input from their constitutents and breaking the tie one way or the other.

(Some people are under the impression that the police jury president does not have a vote and only votes in case of a tie. However, this is not the case since the president's constitutents have an equal right to be represented in any jury vote.)

Ray Conner said he would like to have the jury investigate the possibility of again picking up its own garbage using its own trucks and employees. He asked Frank LaBarbera, representing Waste Management, if he would release the jury from the contract if it were renewed and if the jury decided to go into business itself.

LaBarbera said he would agree to that and would put it in writing.

Lynn Andrus, representing BFI, said he could not promise to do likewise if his firm got the contract, but would see if his management would agree to this.

Neither representative could predict what might happen if the Cameron contract was put out for bids. LaBarbera noted that Lafayette had rebids its contract and Waste Management had gone up $1.31 a home in the new contract.

However, it was noted that Sulphur had also rebid its contract and had gotten a cheaper price.

Cameron resident Malcolm Savoie told the jurors that he thought the contract should be put out for bids as did John LeBlanc of Cameron, who is a candidate for police jury.

Faced with having to make the decision on whether to remain with the present contract at a known price or to go out for bids where the price could be either lower or higher, the jurors opted to postpone the decision for another week--just one day before the present contract renews automatically.

Ambulance sought for Cameron town

With the creation of a second ambulance district in Cameron parish, most parts of the parish now have an ambulance based in them--with the exception of the town of Cameron.

Cameron Juror George LeBouef told fellow jurors last week that he would like to see the town be assigned an ambulance by the South Cameron Memorial Hospital.

He noted that the local menhaden plant and an offshore rig refurbishing firm each hire about 200 employees and that the bulk of workers in lower Cameron are in the town of Cameron.

LeBouef asked permission of the jury to consult with Joe Soileau, hospital administrator, to see if an ambulance could be stationed in Cameron. He said it probably could be based at the new Cameron Rural Health Clinic or at the fire station.

Other jurors agreed to LeBouef's request, but Juror Douaine Conner asked that it be worked out so that two ambulance could remain on standby at the hospital, located near Creole.

The hospital, through an ambulance district, has provided ambulance service for the Cameron, Creole and Grand Chenier area for some years. Several years ago, a second ambulance district was created and now provides ambulances in the Holly Beach, Johnson Bayou, Hackberry, Grand Lake and Sweetlake areas.

Library to get roof

The Cameron Parish Library, which was built about 35 years ago, should be getting a new roof in a few months. The Cameron Parish Police Jury last Wednesday approved advertising for bids on a new hip type roof to replace the old flat roof.

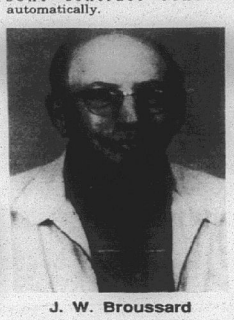
Juror George LeBouef said the library has been having problems with leaks and the new hip roof is expected to cure this.

This will be the second major expenditure by the library during the past year. A few months ago the library purchased some property on Marshall street next to the Cameron post office as a site for a new library building some time in the future.

Funds for the new roof will come from the library millage. The purchase of the property was partially funded through a gift of a former resident.

The jury also approved advertising for bids on a air curtain destructor. Parish Administrator Tina Horn explained that this is a portable incinerator that will be used to burn wood waste such as limbs, trees, old lumber, etc. She said such waste can no longer be placed on the ground at the parish's trash collection sites because of EPA regulations.

Layoffs reported here



Eleven Kerr-McGee Oil Co. employees in the Gulf coast area were laid off last week as part of a company wide restructuring program.

These employees were reported to have been working out of the Cameron office, but a Kerr-McGee spokesman in Kansas City said he could not verify that they were all from Cameron.

However, he reported that Kerr-McGee had recently bought some new leases in the Timberlier Bay area which should cause work to pick up in that area.

Leslie M. Savoie

J. W. Broussard

Savoie seeks Police Juror post here

Leslie Malcolm Savoie, 64, of Cameron, has announced his candidacy for Cameron Parish Police Juror, District 5.

A lifelong resident of Cameron, Savoie is a graduate of Creole High School, co-owner of Cameron Emu Ranch, an alligator hunter for the Louisiana Wildlife and Fishery, and is a retired production supervisor with Chevron USA after 27 years of service.

Savoie and his wife, Alva Mae, had four children, Thaunia Hardie, Mitzi Savoie, Terrance Savoie, all residents of Cameron Parish, and the late Kim Savoie, 12 grandchildren, and one great-grandchild.

He is a member of Sacred Heart Catholic Church, South Cameron Booster Club, PTA, Louisiana Trappers and Alligator Hunters Association, NRA, Louisiana EMU Association, and the American EMU Association.

Savoie is an active supporter of the youth softball program in Cameron Parish, having coached for several years.

Broussard seeks post

J. W. "Bud" Broussard of Grand Chenier has announced his candidacy for the office of Justice of the Peace for Ward 2, Cameron Parish, in the fall election.

Broussard is a lifelong resident of Grand Chenier. He is a veteran of World War II, having served in the U. S. Army Air Force in England for four years.

He worked for Crain Brothers for many years and retired as a rural mail carrier for the U. S. Postal Service. He is a member of the American Legion and the Veterans of Foreign Wars.

He is married to the former Ada L. Ricks and is a member of St. Eugene Catholic Church.

Library job

Elsewhere in this issue is an advertisement by the Cameron Parish Library board seeking applications for the position of parish library director.

The position became open recently when Janelle Greenhow, director, resigned.

Applications will be received until Aug. 1. The annual salary is $23,500.

Sunday sale of alcohol is denied

The Cameron Parish Police Jurors decided last Wednesday to deny a Holly Beach bar owner's request to stay open on Sunday for the Memorial Day, 4th of July, Cajun Riveria Festival and Labor Day weekends.

Presley Martin had requested the Sunday openings in a letter to the jury read at the May 2 meeting. The matter was tabled at that time to allow jurors to consult with their constituents.

Russell Badon, who serves the Holly Beach area, said that Martin was the only person who asked him for the Sunday opening and that "a bunch of others said they did not care for it."

Juror George LeBouef said he could not vote for the sale of hard liquor on Sunday.

Juror Ray Conner said he understood Martin's problem but he offered a motion to deny the request which was unanimously adopted.

Dead gator no bargain man finds

By GENEVA GRIFFITH

Andrew Stevens, 48, 411 E. Jackson Street, Ville Platte learned just how much a dead alligator is worth when he killed one on April 8, during the alligator closed season.

Judge H. Ward Fontenot sentenced him on May 25, in 38th Judicial District Court to pay $400, suspension of one half of the fine, and one year unsupervised probation on a charge of taking an alligator during closed season.

On April 8, Louisiana Wildlife and Fisheries agent Ivan Vaughn, Jr., from Pecan Island, was patrolling the North Island area of Cameron Parish when he noticed several persons fishing along Hwy. 82.

As he neared the group he observed a man striking an alligator with some type of iron object while another man held a cane pole on which the alligator was hooked.

Vaughn radioed Remy Broussard, another wildlife agent, for assistance and they issued a citation to Stevens. He told the agents that he killed the alligator because he was unable to free it from his fishing pole.

The 52½ inch alligator was tagged and taken to Rockefeller Wildlife Refuge.

Storm names

In 1953, the United States abandoned a three year old plan to name storms by the phonetic alphabet (Able, Baker, Charlie) when a new international phonetic alphabet was introduced. That year, the nation's weather services began using female names for storms.

Men's names were included in the list for the Atlantic, Caribbean, and Gulf of Mexico tropical storms and hurricanes for the first time in 1979. If a hurricane becomes strong and causes significant damage, the name is retired from the list and will not be used again, such as Audrey, Betsy, Hugo and Andrew.

Tropical Storm and Hurricane names for 1995 area:

Allison, Barry, Chantal, Dean, Erin, Felix, Gabrielle, Humberto, Iris, Jerry, Karen, Luis, Marilyn, Noel, Opal, Pablo, Roxanne, Sebastien, Tanya, Van, William.

Wetland program signup set

Landowners in Calcasieu & Cameron Parishes will have the opportunity to sign-up for the Wetlands Reserve Program at the Natural Resources Conservation Service (formerly, the Soil Conservation Service) office during the sign-up period for the program beginning May 30.

"The Wetland Reserve Program or WRP is a voluntary U.S. Department of Agriculture program that is now being administered by the Natural Resources Conservation Services (NRCS)," said Clay T. Midkiff, NRCS district conservationist for Calcasieu & Cameron parishes.

The Wetland Reserve Program offers landowners a chance to sell an easement to the federal government and to receive payment for restoring and protecting wetlands on their property.

The WRP sign-up wil llast from May 30-June 30. During that time, landowners who feel that they ...ant to enroll acreage into ...ogram need to do so at the ... office in Lake Charles.

There are a number of factors about WRP that Landowners should know before applying for the program, said Midkiff. "First, at the time of application, landowners who wish to enroll in the WRP must provide a copy of the legal document by which they took title of the land. The document can be a deed or other legal item. Second, there is a 1,000-acre maximum limit for enrollment and landowners can expect to receive the appraised agricultural value of the land for the easement. There is an $800 per acre maximum "cap" per acre. The third major factor is that the landowner may sell either a permanent or 30-year easement with priority being given to permanent easements."

A landowner must have owned the land, that is to be enrolled in the WRP, at least 12 months prior to June 30, 1995, the last day of this WRP sign-up period. The land has to be an eligible wetland as determined by the Natural Resources Conservation Service and the U.S. Fish and Wildlife Service.

The landowner controls public access and use of WRP lands. The WRP easement does not open these areas to public hunting, fishing, or other forms of recreation unless allowed by the landowner.

Some compatible land uses, such as hunting, fishing, timber harvest and oil and gas exploration, may be permitted on the restored acreage when such uses are consistent with the long-term protection and enhancement of wetland functions and values.

Landowners will be responsible for protecting and maintaining the wetlands within the boundaries of the WRP easement. Also, landowners will receive full payment for the easement upon closing or recording of the easement.

The Wetlands Reserve Program provides unique opportunity for farmers to retire marginal cropland and recap the benefits of having wetlands on their property. For more information on the WRP sign-up, call the Natural Resources Conservation Service office

CAMERON PARISH has the largest expanse of beaches of any parish in Louisiana and most are still underdeveloped as far as tourism is concerned. This striking photo of one of the beaches was taken by Cameron's own nature photographer, Bill Turnbull.

Moderate Drinking And Health Benefits: It's Not Just Wine

(NAPS)—Many news articles have reported recently on scientific literature indicating that moderate consumption of alcohol may potentially play a role in reducing the risk of coronary heart disease.

But the media often incorrectly report that this benefit is from the moderate consumption of wine only. The fact is that the scientific literature generally reports that this potential benefit is caused by the ethanol (alcohol) in *all* beverage alcohol products. Thus, it is available from moderate consumption of distilled spirits, wine or beer.

FUNERALS

LYNN LeBRUN

Funeral services for Lynn LeBrun, 80, were held Thurs., May 18, in the Sulphur Memorial Funeral Home.

The Rev. Decoteau officiated; burial was in Mimosa Pines Cemetery.

Mr. LeBrun died Tuesday, May 16, 1995, in a Lake Charles hospital.

He was a native of Sulphur and a member of Our Lady of LaSalette Catholic Church. He retired after 40 years as a boilermaker at Olin Corp.

Survivors are his wife, Mrs. Cressie Portie LeBrun, Grand Chenier; one daughter, Delores Boudreaux, DeQuincy; three sisters, Marie LeJune, Iota, Vivian Peveto, Sulphur, and Joy Tatum, Liberty, Tex.; three grandchildren and six great-grandchildren.

WILLIAM PEARCE

Funeral services for William "Clyde" Pearce, 78, of Hackberry, were held Fri., May 25, in the Multi-purpose Building.

The Rev. Leon A. Boggs officiated; burial with Masonic rites followed in New Hackberry Cemetery.

Mr. Pearce died Tuesday, May 23, 1995, in the Sulphur hospital.

A native of Port Barre, he had lived in Hackberry since 1943 and retired from Amoco Production Co. He was formerly employed with Younger Bros. Construction Co. and Standlin Oil and Gas Co., and was an Army veteran of World War II.

Survivors are his wife, Lucille Pearce; two daughters, Francis Gafford of Edgerly and Linda Welch of Grand Chenier; two sons, Bill Pearce of Hackberry and James Pearce of Breaux Bridge; one brother, Walter A. Pearce of Port Sulphur; one sister, Alice Pearce of Port Barre; nine grandchildren and four great-grandchildren.

All-Dist. teams told

The coaches of District 6AA have released their girls softball all district team.

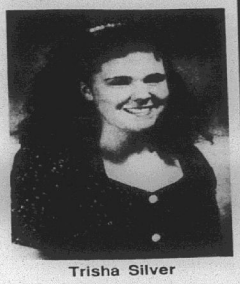
South Cameron placed six players on the first team and three on the second team.

The Tarpons, who won first team honors are: pitcher, Jana Rutherford, 8th grade, 3-1 record; catcher, Jennifer Savoie, junior, .363; second baseman, Shannon Suratt, junior, .444; outfielder Bonnye Savoie, senior, .333; and two utility players, Tredale Boudreaux, junior, .521; and Leslie Jones, sophomore, .333.

On the second team is Heather Sturlese, pitcher; Jan Theriot, outfielder; and Jennifer Harper, outfielder.

The Lady Tarpons advanced to the state tournament in Alexandria.

Red snappers on increase



Kevin A. Savoie, assistant area fisheries agent, for Cameron and Calcasieu parishes, reports that red snapper populations have increased in the last couple of years.

The total allowable catch was increased from 4 million pounds in 1991 to 6 million pounds in 1993 and 1994.

However, as a result of increased recreational pressure, the recreational allocation has been exceeded for the past four years.

For example, in 1993 the recreational allocation was 2.94 million pounds while the actual catch was 5.13 million pounds.

In an effort to bring the recreational harvest within its allocation, bag limits have been reduced from 7 to 5 fish per day and the minimum size was increased to 15 inches.

Trisha Silver

Trisha named as Scholar

The United States Achivement Academy announced that Trisha Silver has been named an All-American Scholar. The All-American Scholar must earn a 3.3, or higher, grade point average.

Trisha, who attends Hackberry High School, was nominated for this award by Mrs. Sherry Ross. She will appear in the All-American Scholar Yearbook, which is published nationally.

Trisha is the daughter of Robert and Alta Silver. Her grandparents are Mary Silver of Hackberry and Etia Broussard of Creole.

NOTICE OF PUBLICATION
By virtue of and in conformity with the procedures of Section 151 through 154 of Title 30 of the Louisiana Revised Statutes of 1950, as amended, sealed bids will be received at the office of the Cameron Parish School Board in Cameron, Louisiana, on or before the fourteenth (14th) day of June, 1995 at 2:00 p.m., at which time all bids received will be opened by the Cameron Parish School Board for a lease covering the oil, gas, sulphur, potash, and/or other liquid gaseous hydrocarbon mineral rights in, to and under the following described property:
Irregular Section 16, Township 14 South, Range 10 West.
Bids may be for the whole or any particularly described portions of the tract advertised herein.
All bids are to offer a CASH PAYMENT, one-half (1/2) of which is to be bonus as full and adequate consideration for every right granted by the lease and one-half (1/2) of which is to be rental for the first year of the lease, for a lease having a primary term which shall not exceed three years, and if the bid offers a delay rental the ANNUAL DELAY RENTAL shall not be less than one-half (1/2) of the aforesaid cash payment, which lease is to be granted without any warranty or recourse against lessor whatsoever, either expressed or implied, not even for return by lessor of any payments received under the lease or being otherwise responsible to lessee. Minimum royalties shall be one-fourth (1/4) of all oil and gas produced and saved; one-eighth (1/8) of the value per long ton of sulphur produced and saved which shall yield not less than $2.00 per long ton; one-eighth (1/8) of the value per ton for all potash produced and saved; which shall yield not less than ten cents ($.10) per ton; and one-fourth (1/4) of all other minerals produced and saved.
All leases awarded shall be executed upon terms and conditions provided in the current Cameron Parish School Board lease form with all applicable riders appended thereto, including Approved Rider for Attachment to State Agency Lease Forms, and including, but not limited to, provisions as follows: Should lessee fail to begin the actual drilling (spudding in) of a well on the lease premises within one year from the date of the lease, the lease shall terminate as to both parties as to the lease, unless on or before such anniversary date, lessee shall pay a delay rental (which shall in no event be less than one-half (1/2) of the aforesaid cash payment offered for the lease), which shall cover the privilege of deferred drilling operations for a period of one year.
Upon like payments annually, drilling operations may be further deferred for successive periods of one year each during the primary term of the lease. The lease shall provide for drilling of offset wells where necessary to protect the Board's interest and shall contain the provisions against the assignment of sublease of the lease unless approved by the School Board. The lessee shall have the right to enter into pooling or unitization agreements with respect to development of the leased premises subject to the approval of the School Board.
Any lease granted hereunder shall be on the regular current Cameron Parish School Board lease form with Approved Rider for Attachment to State Agency Lease Forms and shall be subject to the approval of the State Mineral Board. A copy of the said lease form and rider are available for inspection at the office of the Cameron Parish School Board in Cameron, Louisiana. Certified check, bank money order, or cashier's check, payable to the Cameron Parish School Board for the full amount of the bonus, shall accompany and be submitted with each bid; and no bid thus submitted may be thereafter withdrawn or cancelled; and the cash bonus accompanying the bid of the successful bidder shall be forfeited to the Cameron Parish School Board should he not return the written lease, duly executed, within twenty (20) days after his receipt of the same.
The Cameron Parish School Board reserves the right to reject any and all bids and to grant a lease on any portion of the tract advertised for a price not less than proportionate to the best bid offered for the lease on the entire tract.

PUBLIC NOTICE
Notice is hereby given that the Department of Environmental Quality is proposing to reissue a Louisiana Water Discharge Permit System (LWDPS) permit to Hunt Oil Company. This permit, if issued, will establish effluent limitations and monitoring requirements for the discharge of certain wastewater streams associated with the company's existing oil and gas exploration, development and production operations in the Southwest Lake Arthur Field, Cameron and Jefferson Davis Parishes. Receiving waters in the Southwest Lake ARthur Field include Lake Arthur, Klondike Drainage Canal, Mermentau River, Mitchell Bayou, and associated natural and manmade waterbodies. The limitations and conditions of this permit are consistent with the permitting policy of the Office of Water Resources, which is to achieve or maintain full support of designated uses of the waters of the state.
During the preparation of this permit, it has been determined that these discharges will have no adverse impact on the existing uses of the receiving waters, with any discharge, however, some change in existing water quality may occur.
The designated uses of the receiving waters include primary contact recreation, secondary contact recreation, propagation of fish and wildlife, and agriculture.
The application and proposed limitations may be examined at the Office of Water Resources, 3rd Floor, Department of Environmental Quality, 7290 Bluebonnet Road, Baton Rouge, Louisiana.
Persons wishing to provide data, views or comments, or to request a public hearing relative to the issuance of the permit are invited to submit their comments and requests, in writing, within thirty (30) days of the date of this notice using reference No. WP 3317 to:
Department of Environmental Quality, Office of Water Resources, Post Office Box 82215, Baton Rouge, Louisiana 70884-2215 ATTN: Christine Partney. Telephone: (504) 765-0543.
All written comments submitted during the period of comment shall be retained by the office and considered in the formulation of a determination to issue a final permit.

RESOLUTION
A resolution ordering and calling a special election to be held in the Law Enforcement District of the Parish of Cameron, State of Louisiana, to authorize the levy of a special tax and making application to the State Bond Commission in connection therewith and providing for other matters in connection therewith.
WHEREAS, Act No. 689 of the 1976 Regular Session of the Louisiana Legislature (R.S. 33:9901, et seq.) (the "Act") created a law enforcement district with boundaries coterminous with the boundaries of this Parish and designated the Sheriff as the Chief Executive Officer thereof; and
WHEREAS, the Law Enforcement District of the Parish of Cameron, State of Louisiana (the "District") is in need of additional funds for its operation; and
WHEREAS, the Act provides for the methods of funding the District and authorizes the Sheriff and Chief Executive Officer of the District to call a special election to impose an additional millage on all property subject to taxation within the District when approved by a majority of the electors voting thereon in an election held for that purpose;
THEREFORE, I, James R. Savoie, Sheriff of the Parish of Cameron and Chief Executive Officer (the "Governing Authority") of the Law Enforcement District of the Parish of Cameron, State of Louisiana, pursuant to the authority vested in me by the Act, resolve, that:
SECTION 1. ELECTION CALLED. Subject to the approval of the State Bond Commission, and under the authority conferred by Article VI, Sections 22, 30, and 32 of the Constitution of the State of Louisiana of 1974, the Act, and the applicable provisions of Chapter 5, Chapter 6-A and Chapter 6-B, Title 18 of the Louisiana Revised Statutes of 1950, as amended, and other constitutional statutory authority, a special election is hereby called and ordered to be held in the Law Enforcement District of the Parish of Cameron, State of Louisiana (the "District") on Saturday, July 15, 1995, between the hours of six o'clock (6:00) a.m. and eight o'clock (8:00) p.m., in accordance with the provisions of LA R.S. 18:541, and at the said election there shall be submitted to all registered voters qualified and entitled to vote at the said election under the Constitution and laws of this State and the Constitution of the United States the following propositions, to-wit:

RESOLUTION
PROPOSITION I
SUMMARY: RENEWAL OF EIGHT (8) MILL PROPERTY TAX FOR THE PURPOSE OF PROVIDING CONTINUED FUNDING FOR THE LAW ENFORCEMENT DISTRICT OF THE PARISH OF CAMERON FOR SALARY OBLIGATIONS AND NORMAL OPERATING EXPENSE OF THE DISTRICT.
Shall the Law Enforcement district of the Parish of Cameron, renew eight (8) mills on all property subject to taxation in said Law Enforcement District, beginning with the year 1995, and expiring in the year 1999, for the purpose of providing continued funding for the District for salary obligations and normal operating expense?

PROPOSITION II
SUMMARY: LEVY OF AN ADDITIONAL TWO (2) MILL PROPERTY TAX TO PROVIDE FOR INCREASED OPERATING COSTS.
Shall the Law Enforcement District of the Parish of Cameron, levy an additional two (2) mill property tax on all property subject to taxation in said Law Enforcement District beginning with the year 1996, and expiring in the year 1999, for the purpose of providing for increased operating costs?
SECTION 2. PUBLICATION OF NOTICE OF ELECTION. There shall be published in the "Cameron Pilot", a weekly publication of general circulation within the District, published in the City of DeQuincy, and being the official journal of the District, once a week for four consecutive weeks, with the first publication to be made not less than forty-five (45) days nor more than ninety (90) days prior to the date fixed for the election, a notice of said election, which notice shall be substantially in accordance with the Notice of Special Election attached hereto as Exhibit "A" and incorporated herein by reference the same as if it were set forth herein in full.
SECTION 3. CANVASS. The Sheriff, acting as the governing authority of the District, shall meet at his regular meeting place, the Cameron Parish Sheriff's Office, located in the Cameron Parish Courthouse, 119 Smith's Circle, Cameron, Louisiana, on the 20th of July, 1995 at ten o'clock (10:00) a.m., and shall then and there in open and public session proceed to examine and canvass the returns and declare the result of the said special election.
SECTION 4. POLLING PLACES. The polling places set forth in the aforesaid Notice of Special Election are hereby designated as the polling places at which to hold the said election, and the Commissioners in Charge and Commissioners, respectively, will be the same persons as those designated in accordance with law, with the Parish Board of Election Supervisors availing themselves of the authority of LSA-R.S. 18:1286.1.
SECTION 5. ELECTION COMMISSIONERS; VOTING MACHINES. The officers designated to serve as Commissioners in Charge and Commissioners pursuant to Section 4 hereof, or such substitutes therefor as may be selected and designated in accordance with LA R.S. 18:1287, shall hold the said special election as herein provided, and shall make due returns of said election for the meeting of the Governing authority to be held on the 20th day of July, 1995, as provided in Section 3 hereof. All registered voters in the District are entitled to vote at said special elections and voting machines shall be used.
SECTION 6. AUTHORIZATION OF OFFICERS. The Sheriff is hereby empowered, authorized and directed to arrange for and to furnish to said election officers in ample time for the holding of said election the necessary equipment, forms and other paraphernalia essential to the proper holding of said election and the Sheriff is further authorized, empowered and directed to take any and all further steps required by State and/or Federal law to arrange for the election, including but not limited to, appropriate submission of the Federal Department of Justice Preclearance Form for Federal Voting Rights Act of 1965, as amended.
SECTION 7. FURNISHING ELECTION CALCO ELECTION OFFICIALS. Certified copies of this resolution shall be forwarded to the Secretary of State, the Commissioners of Elections, the Clerk of Court and Ex Officio Parish Custodian of Voting Machines in and for the Parish of Cameron, State of Louisiana, and the Registrar of Voters in and for said Parish, as notification of the special election herein called in order that each may prepare for said election and perform the respective functions as required by law.
SECTION 8. APPLICATION TO STATE BOND COMMISSION. Application is made to the State Bond Commission for consent and authority to hold the aforesaid special election as herein provided, and in the event said Proposition carries, for the issuance and levy of the special tax as provided for in said Proposition for the purpose and for the number of years therein specified, and a certified copy of this resolution shall be forwarded to the State Bond Commission, on behalf of the Governing Authority, together with a request for meeting prompt consideration and approval of this application.
Thus done, adopted and signed this 20th day of April, 1995, at Cameron, Parish of Cameron, State of Louisiana.

Bycatch reduction being considered

By KEVIN A. SAVOIE,
Asst. Area Fisheries Agent

Reducing bycatch in the shrimp fishery is being considered by the Gulf of Mexico Fishery Management Council.
It lists as a specific management objective to minimize the incidental capture of finfish by shrimpers, when appropriate.
In 1990 the council, with pledges of assistance from the shrimp industry, expressed its intent to reduce the bycatch mortality of juvenile red snapper by 50 percent by 1993.
Congressional action extended the moratorium to 1994.
This reduction was to occur through the mandatory use of finfish excluder devices, reductions in shrimp fishery effort, area or season closures, or a combination of actions.
The Gulf of Mexico Fishery Management Council could move on this item in the near future.
According to a recent study, reduction of finfish bycatch in the shrimp fishery is ecologically and economically beneficial to the industry through reduced cost to harvest and process the catch.
A decreased workload in culling time, and a reduction in the time that shrimp must remain on deck during culling are beneficial.
Additionally, as the weight load in nets increases during towing, the outer doors are pulled closer together, reducing the total area fished by the net.
With a reduction in weight load in the net, the door closure will be reduced, thus increasing net working efficiency and catch per tow.

Sweetlake crawfish pond does well with proper management

Crawfish farming is not an exact science. There are numerous variables that affect crawfish production. For example weather is a major factor. Temperature and rainfall directly impact water quality and subsequently the health of crawfish.

Most crawfish ponds in Louisiana are double cropped with rice. Management practices for rice production also alter crawfish production. Dirt work, levee repairing, and pest control required for rice farming may reduce crawfish populations.

On the other hand, if all conditions are just right and crawfish reproduction and survival is excellent, the farmer could end up with an overpopulation of crawfish. In this situation, crawfish do not grow well. They are stunted or mature at a small size, resulting in a poor quality, low value product.

When a crawfish farmer floods up a pond it is hard to predict what production will be like. But, he can increase his chances of producing a good, high quality product by following a few management practices.

This spring, the cards fell just right for one local crawfish producer. Tommy Arceneaux of Sweet Lake is enjoying the fruits of his labor. During the fall flood-up period, Tommy monitored oxygen levels in his cut-over rice field pond. Fresh, aerated water was flushed through the pond as needed throughout the fall and winter. Juvenile crawfish populations and growth rates were also monitored.

Peak catches of 8 to 12 pounds per trap around mid-to-late April were documented by Kevin A. Savoie, Extension Aquaculture Agent with the LSU Agricultural Center. Normally, when crawfish populations are that dense, they stunt, reducing quality and size, but they were running 14 to 15 per pound. This is very extraordinary production.

The down side of this is the market situation in extreme Southwest Louisiana. With no large peeler houses in the area, most crawfish are marketed live. The live market is primarily weekend oriented and demands large crawfish.

CAMERON PARISH 4-H Achievement Day was held April 22, at Grand Lake High School. Cody Fenetz was awarded the State 4-H Governor's Award and 3rd place Channing Conner Memorial Award 1995.

Pianist is Lions club program topic

By GENEVA GRIFFITH

Judge H. Ward Fontenot was the guest speaker at the weekly meeting of the Cameron Lions Club last week at the Cameron Fire Station.

His topic was the life of L. Moreau Gottschalk, a New Orleans pianist from the mid-1800's who was said to be the father of ragtime, jazz, swing, and rock and roll.

He brought Creole music to Paris, where he studied under the great musicians of the day, and played for the royal courts all over Europe and in Russia.

He first started playing before the public in St. Louis Cathedral in New Orleans at the age of 7, and continued his music education in Paris at the age of 17.

Chopin predicted that Gottschalk would become the world's greatest pianist, which became true. He is credited with writing mroe than three hundred works, but he always played without written music and much of his work was lost.

Fontenot also played musical selections by Gottschalk.

Born: December 5, 1969
Died: June 3, 1994

A million times we've missed you
A million times we've cried
If love could have saved you,
You never would have died.
Things we feel most deeply are the hardest things to say.
Our precious one, we loved you in a very special way.
We often think of the way you had to die.

We couldn't even say good-bye before your closed your eyes.
No one can know our loneliness, no one can know our pain.
If we had one last wish, We'd want you back again.
We know that God showed you the way that very tragic day.
Some day we'll all be there to meet you. And we'll have so much to say.

GILL NET NEWS

Again this week, proposed gill net changes are big news. The latest at this writing appears that part of Calcasieu Lake (Big Lake) will be affected. A bill approved by the La. House of Representatives would restrict the northern part of Calcasieu Lake, like in the Turner Bay Area.

It would be illegal to use saltwater gill nets, trammel nets, strike nets and seines in the northern part of Calcasieu Lake.

It was said that that part of the lake is in Calcasieu Parish, where mostly recreational fishermen fish. The portion of the lake in Cameron Parish would stay open. Now, there's also talk of only 4 months fishing - Sept. thru Dec., of each year.

One state legislator backed off and will not go along with the gill net ban, because biologists for the state say gill nets are not hurting our fish population. A state representative from Houma states it's not about fish, but it's about the people and their Louisiana culture, he says it's Cajun culture, and should stay like it is, no matter how it affects the fisheries.

NRA CONTROVERSY

It's not only the fishing industry at stake, now with all the talk of the National Rifle Association (NRS) conduct, calling the federal law enforcement officers "Jack booted government thugs", has caused many to drop out of the organization.

The NRA claims to have 3.5 million members, and their leader has issued an apology, saying they didn't mean to say all federal officers, only those who were abusive. Will all this heal in time, only time will tell.

AREA FISHING

Saltwater fishing is picking up, both for redfish and speckle trout. Inland fishing as well as inland cuts including jettie fishing, has been good.

Speckle trout is the most popular marine gamefish inthe south. More specs are caught by more anglers than any other marine fish in the south, especially along the Gulf of Mexico coast.

Specs are hard hitting and fight like a tiger, but soft mouthed and will tear easy, and many of these trout are lost from hard hook setting or just bringing the trout in too fast. Thier mouth is tender like a crappie (white perch).

Specs are found in large schools and they're among the best eating at the table.

TOURNAMENTS

The LeMesche Bass Club held their third club tournament of the year, fishing the Miami's Corporation Amoco marsh. Fishing was hard, as all the Miami canals and marshes close to the canals were very muddy. Lots of the mud boat trails are full of water lilies and growth. You had to go way up in the marsh for clear water, and then one-half to three-fourths of the ponds were messed up or lillied up. All in all everyone caught their limits of bass. The results were as follows:

Team stringers: 1. Todd Conner and Scootie Trosclair; 2. Darren Richard and Loston McEvers; 3. Ricky Canik and Tom Hess; 4. Vince Theriot and Scott Quinn; 5. Carl Broussard (by himself).

Single stringer: 1. Scootie Trosclair; 2. Darren Richard; 3. Vince Theriot; 4. Todd Conner; 5. Loston McEvers; 6. Ricky Canik; 7. Tom Hess; 8. Carl Broussard; 9. Scott Quinn.

Largest bass: 1. Scootie Trosclair; 2. Darren Richard; 3. Vince Theriot; 4. Todd conner; 5. Loston McEvers; 6. Tom Hess; 7. Carl Broussard; 8. Ricky Canik; 9. Scott Quinn.

Last week Lacassine Refuge showed a summer time pattern on bass. It's getting tougher, growth is taking up fast but the refuge is still producing some good bass.

The Monday Night Shoot-out had a first place team of 3 bass weighing in at over 12 lbs., with 2 bass over 5 lbs. Second place team was over 11 lbs., with a 6 plus pounder, the largest bass of the tournament.

We had three local teams fishing and Richard Duhon and lYnn Thibodeaux took fourth place.

FEEDING PERIODS

Best: Fri., June 2 - 3:35 a.m. and 4 p.m.; Sat., June 3 - 4:25 a.m. and 4:50 p.m.; Sun., June 4 - 5:15 a.m. and 5:35 p.m.

Good: Fri., 9:45 a.m. and 10:30 p.m.; Sat., 10:35 a.m. and 11:05 p.m.; Sun., 11:25 a.m. and 11:50 p.m.

The law states you have to have a life vest for each passenger on board your boat, but it won't work if you don't wear it.

Summer reading program

The Cameron Parish Library's Summer Reading Program will begin Wed., June 7, at 10 a.m. In keeping with the theme "Reading Round-Up: Rope a Good Book", all cowboys and cowgirls, ages 3-12, are asked to don their western wear and come to the library for some frontier day fun. There'll be story telling, face painting, line dancing, singing and more.

Every registered reader who reads five books will pick a prize from the grab box. Those reading 20 books will earn a reading certificate and a coupon for a hamburger and a drink at a Lake Charles restaurant. Children must be registered to qualify for prizes.

The Summer Reading program and Story Time will be taken to the communities by the Library Bookmobile. Registration cards and reading logs will be available. Story Times will be as follows:

Tuesday: Grand Lake School, 12:15-12:35 p.m., June 13, July 11 & 25, Aug. 8.

Wednesday: Hackberry School, 10:50-11:20 a.m., June 14, 28, July 12 and 26.

REV. VERNON WAYNE LEBLEU is shown with his mother and step-father, Martha and Cliff Conner, at a Mass and reception held Sunday, June 4, in Father LeBleu's honor following his ordination on June 3 in Lake Charles. (Photo by Geneva Griffith)

LeBleu ordained to priesthood

By GENEVA GRIFFITH

The people of Creole and surrounding communities turned out in record numbers Sunday morning to celebrate the Mass of Thanksgiving at the Sacred Heart of Jesus Catholic Church in Creole. The mass, said on Pentecost Sunday, was dedicated to the Rev. Vernon Wayne LeBleu, who had been ordained into the priesthood the day before, June 3, in the Cathedral of the Immaculate Conception in Lake Charles by Bishop Jude Speyrer.

LeBleu is the son of Mrs. Martha Boudreaux Conner, daughter of the late Mr. and Mrs. Mayo Boudreaux of Oak Grove.

The Creole mass was pesided over by the church pastor, Msgr. M. J. Bernard. Assisting in the ceremonies were Mark Derise, Marcus Johnson, Matt Dupre, John Arnone, Darryl Daigle, Matt Rodgers, Wendy Wicke and David Conner.

Deem of the gospel was Rev. Keun Soo Lee, and Msgr. Gregory Aymond was the Homolist.

Ministers of Hospitality were Milford and Alma Theriot, Donny and Kathy Nunez, Kevin and Susan Boudreaux, and Scott and Michelle Trahan.

Furnishing the music were the choirs of Sacred Heart of Creole, St. Phillip Neri of Kinder, and Our Lad of Seven Dolors, Welsh. Sister Camille Martinez, S.E.C. was the director.

Following the service a reception was held in the K. C. hall in Cameron.

Rev. LeBleu thanked his family and friends for helping him through his long period of study to become a priest.

He said that his interest is in the missionary work in which he has participated in Africa, Nicaragua and elsewhere.

AARP shuts down

The Cameron Parish Chapter of the American Association of Retired Persons (AARP) is discontinuing its activities until further notice due to low membership attendance and lack of enthusiasm, according to Bill Turnbull, president.

RUSTY WELCH is shown with his parents, Linda and Benny Welch of Oak Grove, in the olympic stadium in Stockholm, Sweden where Welch played with the Benedictine College Ravens in two exibition football games. He is a former South Cameron high school football player.

Welch plays ball in Stockholm

By GENEVA GRIFFITH

Rusty Welch, son of Mr. and Mrs. Benny Welch of Oak Grove has just returned from Stockholm, Sweden where he participated in a football game with the Nordic Vikings, European Football Champions.

Rusty who is a linebacker on the Benedictine College football team in Atchinson, Kansas, graduated from South Cameron High School where he was a member of the Tarpons football team.

His team beat the European champions in two exhibition games with scores of 35 to 20 and 67-12.

Making the trip were 60 people, including the team coaches, and their wives and Rusty's parents, Linda and Benny Welch.

The games were played in the Olympic stadium in Stockholm, built when the Olympics were held there.

The team made sightseeing trips around Sweden and Finland while on the trip.

The Welchs had to cut their trip short when they received word that Mrs. Welch's father, William Clyde Pearce of Hackberry, had died.

Welch plans to complete his college education at Benedictine College where he had received a scholarship on his graduation from South Cameron High.

[illegible] may be scarce when storms hit

In the 38 years since Hurricane Audrey, residents of lower Cameron parish have faithfully evacuated the area when advised of an approaching hurricane, many of them renting rooms in Lake Charles motels.

However, they may have to make other plans in the case of future storms, Cameron Parish Civil Defense Director Pete Picou told the Police Jury Tuesday.

Because of the two gambling boats in Lake Charles, and also the casino at Kinder, Lake Charles motels are staying close to capacity and in the event of a hurricane probably will have few rooms available for Cameron parish residents, Picou stated.

He also said that some of the oil companies are reserving blocks of rooms for their offshore employees during storm threats leaving few rooms for the parish evacuees.

Picou said that there will be Red Cross shelters where evacuees can go, but noted in the past many parish residents preferred to get motel rooms rather than go to the shelters.

"We want to let people know in advance that there may be a shortage of motel rooms, and they need to make other plans in advance," Picou stated. "However, there will be a place for them to go."

In another Civil Defense matter, the police jurors authorized Picou to buy new doppler TV equipment that will provide the local agency with instant updates from Miami on hurricanes as well as track toradoes and bad weather. The equipment costs $264 and the service is $64 a month via statilite.

Picou said the equipment would be a great aid to the Civil Defense when they are deciding whether is issue an evacuation order or not.

Contract is renewed with Waste Man.

BY JERRY WISE

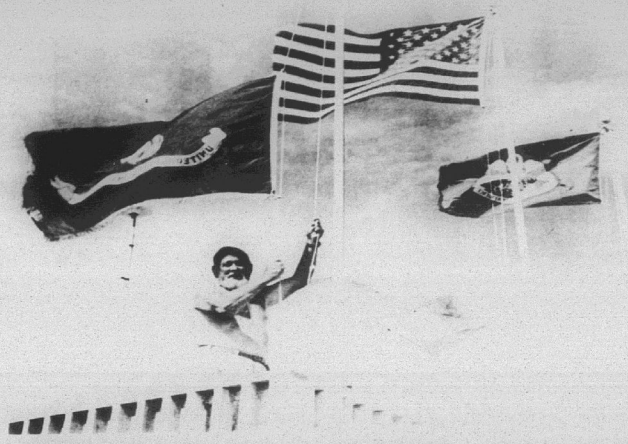
Although the Cameron parish police jury last Thursday deadlocked again 3 to 3 on awarding a parishwide garbage collection contract, their action still resulted in the estimated savings of $150,000 by the parish over the next five years.

The tie vote on a motion to renew the contract with Waste Management for another five years meant that no action was taken on the old contract which automatically renewed on Friday if bids for a new contract were not called for by the jury.

On a motion by Juror Ray Conner to renew the old Waste Management contract for five years, he, Russell Badon and George Hicks voted yes, and George LeBouef, Brent Nunez and Douaine Conner voted no.

Because of the deadlock no action was taken on renewing its contract with Waste Management and this meant that since the jury was not notifying the company that it was not renewing the contract will automatically renew for five years.

Before the vote was taken, Frank LaBarbera, Waste Management's area manager, told the jury he was prepared to offer the jury some concessions if they continued the contract but he wanted to make these offers privately.



District Attorney Glenn Alexander said the jury could not go into executive session to discuss the contract.

After the contract renewed automatically, LaBarbera announced these concessions effective immediately:

Collection rates will be lowered by 50 cents per home and the annual cost adjustment will be frozen for 1996. He said the lower rates for 4,100 homes will save the parish $110,000 over five years and the frozen CPI in 1996 will save $1,600 a month. The total savings over the five year period will be about $150,000.

GEORGE WILSON, the unofficial "mayor" of Rutherford Beach, is shown raising the Marine, American and Louisiana flags over the deck of his beach home. He is one of the few permanent residents of Rutherford Beach. (Photo by Geneva Griffith.)

It's fun & sun time!

By GENEVA GRIFFITH

Summer is here and many people will spend time on the Cameron Parish beaches.

One of these is Rutherford Beach in the Oak Grove area. At one time it was very muddy and had many oily patches. These patches have now stopped since boats no longer can pump out their bilges and are fined heavily if they are caught. It has built up into a beautiful strand of beach.

There are only a few permanent residents in the beach community, which includes George Wilson, known as the Mayor of Rutherford Beach, a retired Marine and oil company worker. He flies three flags in front of his deck, the U. S., Louisiana, and the Marine flags.

Many retired families and beach lovers from southwest Louisiana also maintain beach cottages. There are many people who use the beach daily to take walks, sunbathe, picnic, have weiner roasts, and there are sailboaters, jet skiers, swimmers, four-wheelers, and horseback riders.

Then there are the "shellers" who come beachcombing for the different shells that change with the seasons. The driftwood can be plentiful at times.

In addition to the summer cottages, many people set up their tents for the night and others bring their motor homes.

There are no public facilities on the beach, other than a few portable toilets that the Cameron Parish Police Jury puts up for the special occasions.

Sunset is an especially peacful time to be on the beach. There is a game that many people play, by guessing how long it will take the sun to completely disappear from the skyline once it touches the water.

Jerry W. Nunez

Nunez to be candidate for sheriff

Jerry Wayne Nunez, 38, of Little Chenier has announced that he will be a candidate for sheriff of Cameron Parish in the October election.

Nunez has been a sheriff's deputy for 11 years and has received special training at the Calcasieu Regional Police Academy, LSU Institute, LSU Traffic Investigation school, LSU DWI school, Drug Commander School, Photography School for Homicide Investigation and Highway Interdiction School for Highway Drug Investigation.

He is a member of the Louisiana Task Force and Custom Blue Lighting Task Force in which he has served in various emergencies.

Nunez has been married to Arleen LaBove Nunez for 17 years and they have two children, Jerica and Cassi.

He is a member of the Sacred Heart Catholic Church of Creole and has served as a director of the Family Faith Renewal. He is a member of the Prairie Rome Cursillo.

Nunez assists with youth softball and Girl and Boy Scouts.

Babysitting classes told

The Cameron Parish Health Unit and the Cooperative Extension Service are offering a baby sitting class for teens age 13 and older.

They will be taught things such as infant and child CPR, safety, crafts for children, etc. It will be held June 16, from 9-11 a.m. at the Cameron Parish Health Unit.

Bernard McLaughlin

McLaughlin is seeking House Seat

Lake Charles attorney Bernard McLaughlin, Jr., who lives in Grand Chenier announces that he will be a candidate for the District 36 seat in the House of Representatives in the Oct. 21 primary. This is the seat being vacated by Rep. Randy Roach.

McLaughlin is a graduate of Cocoa Beach, Fla., high school, Louisiana State University and the LSU School of Law.

He has practiced law in Lake Charles for 19 years and has extensive experience in insurance law, international law, maritime and admiralty law, oil and gas law, environmental law, and health care law.

He is commissioned as a captain in the United States Army Reserve and is currently assigned to the 256th Infantry Brigade (Mechanized) where he serves as Assistant Staff Judge Advocate. He is a graduate of the Judge Advocate Officer Basic Course, Judge Advocate Officer Advance Course and will complete the Combined Arms and Services Staff College at Ft. Leavenworth in August 1995.

He has particiapted in airborne training operations in Thailand and Russia, resulting in the award of Royal Thai Army Parachute Wings and Russian Parachute Wings. He served on active duty during Operation Desert Storm at Ft. Hood, Texas, with the 5th Infantry Division and 2nd Armored Division; and was awarded the Army Commendation Medal and National Defense Service Medal.

He also served on active duty during the Hurricane Andrew relief operations, for which he was

Miller in race for police jury

Richard (Rickey) Miller, Sr., 44, has announced his candidacy for Police Juror in District 5 Precinct 1 in the October election.

A resident of Creole, Miller is employed by South Cameron Memorial Hospital. He owned and operated a painting and sandblasting business for 17 years.

He is a 1971 graduate of South Cameron High School and attended Sowela Tech.

Miller is currently serving on the District 7 Recreation Board, the Cameron Parish Livestock Board Committee, is a Councilman for Sacred Heart Catholic Church, serves as secretary treasurer for the District 7 volunteer fire department and is a Third Degree Knight of Columbus.

He is a 10-year veteran of District 7 Waterworks board, served as an ASA amateur umpire, and coached boys and girls softball teams.

Miller and his wife, the former Arlene Veillon, have three children and two grandchildren, all living in Cameron Parish.

3 honored

The South Cameron Lady Tarpons softball team, which advanced to the state semifinal game, had three players receive recognition on the all state team released Tuesday by the La. Sportswriters Association.

Jennifer Savoie, Leslie Jones and Tredale Boudreaux all received honorable mention on the all state team.

The Tarpons were the only team of District 6AA to have players receive all state recognition.

Cameron Outdoors

By Loston McEvers

WEATHER CHANGES

The water in Big Lake had improved before the rain and the south end of the lake was producing redfish and speckle trout. Now it's wait and see. Both the Cameron jetties and along the Holly Beach area had some good fishing as well as the Grand Chenier jetties and the Mermentau River, but againthe water has to come down.

Offshore was a tough one with the high winds, but on calm days and two to three foot seas, good catches of red snapper and also king and Spanish mackeral were taken.

On the freshwater scene, Lacassine Refuge has become tough to fish with the vegetation growing up fast, but bass are being caught. Water at Sabine has been muddy and dropping some. The Big Burn-Miami Permit Land is fair, again growth of weeds and plenty of water lilies makes fishing difficult. The water is up aain and bass are scattered but we've managed to catch a few bass, not much in size.

SLOT LIMITS

Many anglers ask why doesn't Lacassine Refuge have some sort of slot limit and even drop the limit of bass from 10 to 8. There were many hawg bass caught earlier this year and they say it doesn't hurt. What I can't understand is the trophy lakes in our state have a slot limit between 15 and 19 inches and no more than two bass longer than 19 inches.

Quality lakes have slot limits 14 to 17 inches and no more than four black bass over 17 inches. Toledo Bend has a 14 inch minimum-length on bass. All these lakes have 8 fish per day limits.

Some don't like this set up, but there are lots of fish under the slots that need to be harvested.

The survey taken shows a major problem statewide with catch and release. To have a successful slot limit program, you have to harvest smaller fish to reduce competition for food. This allows bigger fish to grow bigger. Anglers have to harvest bass below the slot to make it work.

With all the big bass in Lacassine Refuge, I think these big fish need to at least spawn and maybe have only one bass five pounds or larger in your limit. It is nice to have a beautiful impoundment, good boat launches, good water and big fish in our back yards, I think we need to think of tomorrow and our kids and grandkids down the road.

I know that the Big Burns and Miami's Permit Lands don't have the bass there was and a stocking program is needed and some sort of rules on sizes and limits need to be changed also. We have something good for Cameron Parish and I think we need it protected.

TOURNAMENTS

The Monday night shoot-out on Lacassine Refuge was a Suzuki tournament. First place team received award money of $1,000 plus the tournament winning with over 41400.

Three fish went over 9 pounds; third place team had the largest bass over 6 lbs., paying over $400.

The second thru fifth place teams running a Suzuki each got $250 extra. There were 59 boats (teams) entered.

Lemesche Club

The club held their fourth tournament last weekend and results will be in next week's paper.

July 4th

The 58th annual Southwest Louisiana Deep Sea Fishing Rodeo will be June 30-July 2, at the Southwest Louisiana Fishing Club house at I-210 Park on Prien Lake. Weigh-in will be from 2-6 p.m. July 2. Boats can go out for threedays. A $35 entry fee per person is what it'll take.

OUT OF STATE

The state of Mississippi has two new state fish records. A 70pound blue catfish caught on 17 pound test line by Joyce Chapin of Vicksburg was 47-1/2 inches long, breaking the old record by 4 pounds.

The other record was a 3 lb. 7 oz. bluegill, caught on a jig on a farm pond, broke the old record of 2 lbs. 5 ozs. The happy angler was Gerald Thurmond of Blue Mountain.

FEEDING PERIODS

Best: Fri., June 9, 7:10 a.m. and 7:35 p.m.; Sat., June10, 8 a.m. and 8:30 p.m.; Sun., June 11, 8:55 a.m .and 9:25 p.m.

Good: Fri., 1 a.m. and 1 p.m.; Sat., 1:50 a.m. and 2:10 p.m.; Sun., 2:45 a.m. and 3:05 p.m.

Frog season re-opened June 1, and alligators will be at their peak nesting around June 15. Remember, your old fishing licenses are expired, be sure to purchase a 1995-96 license.

Jill, It's been two years since you have gone to be with your Father in Heaven. It's been hard for us these past two years. But God has given us the strength and peace of mind to continue on. It seems like yesterday that you were laughing with us, in that cute little laughter you always had. The picking, joking, and the love that you brought to your family and friends, with that beautiful smile that we will never forget. God has blessed us with our only little girl, and we are grateful to God. Jill, we know you are at peace with all the beauty, joy, love and happiness that God has given you in heaven. As we continue on, our thoughts, love and prayers will always be with you.

RESOLUTION
A resolution ordering and calling a special election to be held in the Law Enforcement District of the Parish of Cameron, State of Louisiana, to authorize the levy of a special tax; and, making application to the State Bond Commission in connection therewith and providing for other matters in connection therewith.
WHEREAS, Act No. 689 of the 1976 Regular Session of the Louisiana Legislature (R.S. 33:2490, et seq.) (the "Act") created a law enforcement district with boundaries coterminous with the boundaries of this Parish and designated the Sheriff as the Chief Executive Officer thereof; and
WHEREAS, the Law Enforcement District of the Parish of Cameron, State of Louisiana (the "District") is in need of additional funds for its operation; and
WHEREAS, the Act provides for the methods of funding the District and authorizes the Sheriff and Chief Executive Officer of the District to call a special election to impose an additional millage on all property subject to taxation within the District when approved by a majority of the electors voting thereon in an election held for that purpose.
THEREFORE, I, James R. Savoie, Sheriff of the Parish of Cameron and Chief Executive Officer (the "Governing Authority") of the Law Enforcement District of the Parish of Cameron, State of Louisiana, pursuant to the authority vested in me by the above laws, do
SECTION 1: ELECTION CALL: Subject to the approval of the State Bond Commission, and under the authority conferred by Article VI, Sections 22, 30, and 32 of the Constitution of the State of Louisiana of 1974, the Act, and the applicable provisions of Chapter 5, Chapter 6-A and Chapter 6-B, Title 18 of the Louisiana Revised Statutes of 1950, as amended, and other constitutional statutory authority, a special election is hereby called and ordered to be held in the Law Enforcement District of the Parish of Cameron, State of Louisiana (the "District") on Saturday, July 15, 1995, between the hours of six o'clock (6:00) a.m. and eight o'clock (8:00) p.m., in accordance with the provisions of LA.R.S. 18:541, and at the said election there shall be submitted to all registered voters qualified and entitled to vote at the said election under the Constitution and laws of this State and the Constitution of the United States the following propositions, to-wit:
RESOLUTION
PROPOSITION I
SUMMARY: RENEWAL OF EIGHT (8) MILL PROPERTY TAX FOR THE PURPOSE OF PROVIDING CONTINUED FUNDING FOR THE LAW ENFORCEMENT DISTRICT OF THE PARISH OF CAMERON FOR SALARY OBLIGATIONS AND NORMAL OPERATING EXPENSE OF THE DISTRICT.
Shall the Law Enforcement district of the Parish of Cameron, renew (8) mills on all property subject to taxation in said Law Enforcement District, beginning with the year 1995, and expiring in the year 1999, for the purpose of providing continued funding for the District for salary obligations and normal operating expense?

PROPOSITION II
SUMMARY: LEVY OF AN ADDITIONAL TWO (2) MILL PROPERTY TAX TO PROVIDE FOR INCREASED OPERATING COSTS.
Shall the Law Enforcement District of the Parish of Cameron, levy an additional two (2) mills on all property subject to taxation in said Law Enforcement District beginning with the year 1996, and expiring with the year 1999, for the purpose of providing for increased operating costs?
SECTION 2. PUBLICATION OF NOTICE OF ELECTION: This call shall be published in the "Cameron Pilot", a weekly publication of general circulation within the District, published in the City of Deqiuncy, Louisiana, the official journal of the District, once a week for four consecutive weeks, with the first publication to be made not less than forty-five (45) days or more than ninety (90) days prior to the date fixed for the election, notice of said election, which notice shall be substantially in accordance with the Notice of Special Election annexed hereto as Exhibit "A" and incorporated herein by reference the same as if it were set forth herein in full.
SECTION 3. CANVASS. The Sheriff, acting as the governing authority of the District, shall meet at his regular meeting place, the Cameron Parish Sheriff's Office, located in the Cameron Parish Courthouse, 119 Smith's Circle, Cameron, Louisiana, on the 20th of July, 1965 at ten o'clock (10:00) a.m., and shall then and there in open and public session proceed to examine and canvass the returns and declare the result of the said special election.
SECTION 4. POLLING PLACES. The polling places set forth in the aforesaid Notice of Special Election are hereby designated as the polling places at which to hold the said election, and the Commissioners in Charge and Commissioners, respectively, will be the same persons as those designated in accordance with law, with the Parish Board of Election Supervisors availing themselves of the authority of LSA-R.S. 18:1286.1.
SECTION 5. VOTING MACHINES: The officers designated to serve as Commissioners in Charge and Commissioners pursuant to Section 4 hereof, and such substitutes therefor as may be selected and designated in accordance with LA R.S. 18:1287, shall hold the said special election at which time and shall make due returns of said election for the meeting of the Governing authority to be held on the 20th day of July, 1995, as provided in Section 3 hereof. All registered voters in the District are entitled to vote at said special elections and voting machines shall be used therefor.
SECTION 6. AUTHORIZATION OF OFFICERS. The Sheriff is hereby empowered, authorized and directed to arrange for and furnish to said election officers in ample time for the holding of said election the necessary equipment, forms and supplies required for the election to the proper holding of said election and the Sheriff is further authorized, empowered and directed to take any and all further action required by Statute and/or Federal law to arrange for the election, including but not limited to, appropriate submission of this proposition for preclearance of Justice under Section 5 of the Federal Voting Rights Act of 1965, as amended.
SECTION 7. FURNISHING ELECTION CALL TO ELECTION OFFICIALS. Certified copies of this resolution shall be forwarded to the Secretary of State, the Commissioner of Elections, the Clerk of Court and Ex-Officio Parish Custodian of Voting Machines in and for the Parish of Cameron, State of Louisiana, and the Registrar of Voters in and for said Parish, as notification of the special election herein called in order that each may prepare for and perform their respective functions as required by law.
SECTION 8. APPLICATION TO STATE BOND COMMISSION. Application is made to the State Bond Commission for consent and authority to hold the aforesaid special election and, if called, and in the event said Proposition carries, for further authority to levy the special tax as provided for in said Proposition for the purpose and for the number of years therein specified, and a certified copy of this resolution shall be forwarded to the State Bond Commission, on behalf of the Governing Authority, together with a letter requesting prompt consideration and approval of this application.
Thus done, adopted and signed this 20th day of April, 1995, at Cameron, Parish of Cameron, State of Louisiana.

PUBLIC NOTICE
LOUISIANA DEPARTMENT OF ENVIRONMENTAL QUALITY
AIR QUALITY DIVISION
REQUEST FOR PUBLIC COMMENT ON A PROPOSED AIR PERMIT
MIAMI W-1 PRODUCTION FACILITY
VASTAR RESOURCES, INC.
CREOLE, CAMERON PARISH, LOUISIANA
Vastar Resources, Inc., 15375 Memorial Drive, Houston, Texas, proposes to add a low pressure separator at an existing condensate and gas production facility.
The total estimated emissions from the proposed facility in tons per year are as follows:

Pollutant	Emmission Rate
PM,	0.076
SO,	0.004
NO,	0.64
CO	0.13
VOC	75.0

The Miami W-1 Production Facility is a minor source of toxic air pollutants. The Air Quality Division, Louisiana Department of Environmental Quality, has reviewed the application and has made a preliminary determination of approval. This permit will include a federally enforceable condition limiting the source's potential to emit below the 100 tons per year major source threshold. For 30 days from the date of publication of this notice, the public is provided the opportunity to comment on Vastar Resources, Inc.'s proposal.
A copy of the permit by the applicant, and the proposed draft permit are available for inspection and review at the Office of Air Quality and Radiation Protection, Air Quality Division, 7290 Bluebonnet Drive, Baton Rouge, Louisiana.
Written comments on this project may be submitted to the Administrator, Air Quality Division, Post Office Box 82135, Baton Rouge, Louisiana 70884-2135. It is requested that all correspondence specify receipt Number R-31136. All comments will be considered prior to a final permit decision.

LEGAL NOTICE
The Governor's Office of Elderly Affairs (GOEA) intends to grant the Cameron Council on Aging a waiver of the minimum expenditure requirement for Legal Assistance under Title III of the Older Americans Act. This waiver will be effective for the period beginning July 1, 1995 and ending June 30, 1996. The Council on Aging, which is the designated Area Agency on Aging for Cameron Parish, has certified that services being furnished in the parish are sufficient to meet the need for such services.
A public hearing was conducted in Cameron Parish on April 20, 1995, wherein the Council on Aging presented a plan for the provision of Legal Assistance which indicates that adequate education, counseling and representation will be available to all individuals age 60 and older within the parish. There was no opposition to the plan.
Any individual or service provider from Cameron Parish is entitled to a hearing on Cameron Council on Aging's request that GOEA waive the minimum expenditure requirement for Legal Assistance for Fiscal Year 1996. Request must be received in the Governor's Office of Elderly Affairs by 4:00 p.m., Thursday, June 29, 1995. To request a hearing or obtain additional information, write to Mr. James R. Fontenot, Director, P.O. Box 80374, Baton Rouge, La. 70898-0374

The following proclamation was offered by Mr. Douaine Conner, seconded by Mr. Hicks and declared duly adopted:
PROCLAMATION
Our children deserve the best we have within us. They look to us to be their protectors, role models, heroes, and heroines.
Children who are loved and nurtured grow up to love and nurture others. They give back to their families, their neighbors, and the entire nation the good that was bestowed on them. When we show we care, they can show they care. And so the chain continues . . . or should continue.
The frightening reality is that nearly 3 million children each year are abused and neglected. Every year, over 1,000 of these children die from their injuries. The rest live on, but they may carry the burden of their maltreatment into adulthood. Children who were abused are more likely to suffer from substance abuse, depression, learning disabilities, school failure, emotional and behavioral disorders, criminal activity and an inability to foster healthy relationships. Child maltreatment knows no social or economic boundaries. It occurs in every neighborhood in America. We must dedicate our energies to eliminate child abuse, sexual abuse and neglect and their terrible legacy.
I encourage the citizens of this great community to show they care by committing themselves to fighting child abuse and neglect. In their homes, businesses, schools and neighborhoods, let us all accept the responsibility of assuring a safe environment for all children. The problem is too large, too many of our nation's children can be met if each one of us is determined to make a difference.
Therefore, the Cameron Parish Police Jury does hereby declare that April, 1995, and every April hereafter be designated as "Child Abuse Prevention Month" throughout this community. We pledge to create communities that care enough to protect our children.
ADOPTED AND APPROVED, by the Cameron Parish Police Jury this 4th day of April, 1995.

PUBLIC NOTICE

Notice is hereby given that the Department of Environmental Quality is proposing to reissue a Louisiana Water Discharge Permit System permit to Amerada Hess Corporation. This permit, if issued, will establish effluent limitations and monitoring requirements for the discharge of sanitary wastewater and stormwater runoff associated with the company's operation of an existing offshore support base located at East Fork Road, approximately 1.5 miles northeast of the Cameron Calcasieu River Ferry, Cameron Parish. The receiving waters for this facility include the East Fork of the Calcasieu River and the Calcasieu River. The limitations and conditions of this permit are consistent with the permitting authority of the Office of Water Resources, which is to achieve and maintain full support of designated uses of the waters of the state.

During the preparation of this permit, it has been determined that these discharges will have no adverse impact on the existing uses of the receiving waters. As with any discharge, however, some change in existing water quality may occur.

All designated uses of the receiving waters are being fully supported.

The application and proposed limitations may be examined at the Office of Water Resources, 3rd Floor, Department of Environmental Quality, 7290 Bluebonnet Road, Baton Rouge, Louisiana.

Persons wishing to provide data, views or comments, or request a public hearing relative to the issuance of the permit are invited to submit their comments and requests, in writing, within thirty (30) days of the date of this notice using reference No. WP 2976 to:

Department of Environmental Quality, Office of Water Resources, Post Office Box 82215, Baton Rouge, Louisiana 70884-2215 ATTN: Michelle Black. Telephone: (504) 765-0643.

All written comments submitted during the period of comment shall be retained and considered in the formulation of a determination to issue a final permit.

Andrus, who had been urging the jurors to put the contract out on bid, at the start of the meeting presented the jurors will a letter from BFI local manaber David Briggs stating that it would provide the same serves to the parish as Waste Management "for less than the parish is currently paying."

The parish paid $556,884 for residential and dumpster trash collection in 1994, which was down from $619,212.

After Waste Management's concessions were made, Juror George LeBoeuf said he and the two other jurors who had favored advertising the contract "actually did accomplish something here tonight. We saved the parish $150,000."

Juror Brent Nunez, who had also been for advertising, said after the meeting that Andrus had told him that the jury would haved saved even more had it gone out for bids.

Hospital tells rules on storm evacuations

South Cameron Ambulance Service, Cameron Parish E.M.S., in association with South Cameron Memorial Hospital wishes to remind all Cameron Parish residents that hurricane season is once again here.

All Cameron Parish residents with bedridden family members who live at home and wish to be evacuated when the order is given, please call Brenda Boudreaux at 542-4111, ext 200. Cameron Parish residents should plan a destination for their bedridden family members. This destination can be a Red Cross Shelter in Lake Charles, or a family or friend's residence in the Lake Charles area. South Cameron Memorial Hospital has only a limited amount of rooms reserved in the Lake Charles area for admitted hospital/swingbed patients. No unadmitted bedridden patients will be transported to the South Cameron Memorial Hospital evacuation area, so it is strongly advised that a destination is determined now for your bedridden family member.

The public is advised that all emergencies will have first priority, and the Ambulance Services will transport only to the Lake Charles, Port Arthur areas. No long distance transports will be permitted.

Below is a list for your bedridden family member that can be clipped out and saved in the event of an evacuation.

Ambulance numbers for emergencies only:

Cameron, Creole, Grand Chenier - 542-4444.

Holly Beach, Johnson Bayou - 542-4444.

Grand Lake, Sweet Lake - 598-4789.

Hackberry - 762-3789.

Ambulance number for non-emergencies - 542-4111 ext. 266.

Reminder List for Bedridden Family Members:

1. A predetermined destination area for the bedridden family member.

2. All prescription medications that are low should be refilled.

3. Prescribed items that a bedridden person would need for their bed; egg-crate (orthopedic) mattress, orthopedic pillows, Attends. Chux (linen savers), urinals, bedpans, extra sheets, blankets, pillow cases.

4. Toiletries: soap, shampoo, powder, deodorant, towels, wash cloths, tooth brush, toothpaste, comb/brush, razor, shaving cream, etc.

5. Extra clothes, eyeglasses, hearing aids with extra batteries.

6. If the bedridden family member is on oxygen, make sure that an extra full bottle is available, humidifier, sterile water, other oxygen adjuncts that they are prescribed - nasal cannula, oxygen mask, a wrench to switch bottles.

7. A 3 day supply of water (1 gallon per person per day), food that will not spoil, battery powered radio, or TV with extra batteries, flashlight, extra money, credit cards, etc.

Safety will be dinner theme

The second annual "Public Education - Contractor Awareness Program" will be held in Lake Charles on June 13, at 7:30 p.m. at the Lake Charles Civic Center, 900 Lakeshore Drive. It will be sponsored by a group of companies with a common goal of preventing accidents and damages to underground pipelines and utilites.

A free dinner will be for all persons involved in evacuation-related activities in Calcasieu, Cameron and Jefferson Davis parishes.

Following the dinner, a brief safety program will be presented which stresses the importance of accident prevention by identifying pipeline and utility rights of way, use of Louisiana One-Call System, and the importance of working with pipeline and utility companies to safely excavate in the vicinity of underground facilities.

Sponsors provide promotional materials that include notification information for their companies, safety related brochures and other safety reminders.

Roach's bill to settle Rutherford B. matter

The Louisiana legislature has approved House Bill 1204 by Rep. Randy Roach which authorizes the state to end the 30 year old dispute with private camp owners in the Rutherford Beach subdivision and is on the Governor's desk waiting for his signature.

The bill authorizes the state to release its ownership claim to certain lots in the Rutherford Beach subdivision in exchange for a cash payment of $150 per lot. The state will retain ownership of any minerals beneath these properties. There are 44 lots affected by this legislation.

Last year the state issued eviction notices to individual camp owners and told them they would have to move or negotiate a lease with the state for their camp. Rep. Roach contacted Attorney General Richard Ieyoub who agreed to cancel the eviction and directed the State Land Office to investigate this matter and determine if a compromise over these competing ownership claims could be reached.

After several months of investigation into the history of this dispute, the State Land Office recommended that the state voluntarily release its ownership claims to these individual lots and keep the minerals in the property. The only condition on this offer was that the Rutherford Estate would be required to release its ownership claim to the remaining lots it owns in the area south of the boundary line claimed by the state.

The Rutherford Estate did not agree to the compromise offer. They believe that the state does not have a valid claim to this property. Therefore, Rep. Roach decided to file this bill to end this crontroversy as it affects individuals who bought their camps in good faith.

After the Governor signs the bill the State Land Office will notify the various lot owners and arrange to have the releases executed by all parties. Landowners can expect to be contacted by the State Land Office concerning this matter sometime this fall.

Reverie is the Sunday of thought.

PIPELINE SAFETY

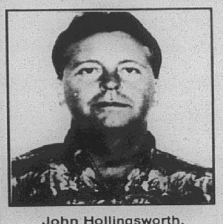
Conoco Inc./Louisiana Gas System Inc. (LGS) is the operator of pipelines that transport natural gas and natural gas liquids in the State of Louisiana.

For your personal protection and for the protection of our pipelines to ensure continuous operations, please follow these safety procedures:

EXCAVATIONS:

Contact Conoco/LGS 48 hours in advance of excavation, construction or similar activities occurring in or near the area of these pipelines. Line markers and signs generally mark approximate locations of Conoco/LGS pipelines. However, Conoco/LGS personnel are available to locate and mark exact pipeline locations and help coordinate work activities to minimize exposures and mitigate interference to service. This service is free of charge.

EMERGENCIES:



If you notice gas or liquids escaping from, or a fire near, a Conoco or LGS pipeline:
-Evacuate the area immediately. Do not attempt to correct the problem.
-Notify local law enforcement agencies, the fire department and Conoco/LGS.
-Do not return to the area.
-Help keep others away from the area.

Mrs. Wanita Harrison

Mrs. Harrison retires after 33 yrs. teaching

Mrs. Wanita Bartie Harrison was honored with a reception at South Cameron High School on May 19, upon her retirement from the teaching profession in Cameron Parish after 33 years.

Her teaching career began in 1962 at Audrey Memorial High School. then when a school desegregation plan caused the closing of Audrey Memorial, she was reassigned to teaching chemistry and biology at South Cameron High School from Aug. 1969 until her retirement in May, 1995.

She was voted "Educator of the Year" by her colleagues for 1983-84 and 1985-86 school years, and the 1984-85 "Tarpon" yearbook was dedicated in her honor, as well as the 1994-95 school annual.

At the reception in her honor, her gandchildren presented her with three dozen roses and a Waterford crystal clock. Her three sons presented her with an engraved Wilton Armentale platter.

The oldest son, Dr. Gregory Harrison, a general surgeon of Murphysboro, Ill., presented her with a Waterford crystal cloister vase that he purchased during a recent trip to Ireland.

Her husband, Lee J. Harrison, presented her with a black pearl necklace and matching earrings.

In addition to the gifts, two books were donated to the school's library to commemorate her retirement.

Excerpts from her 1952 high school year book were reproduced and presented to her since her original one was lost during the 1957 Hurricane Audrey.

Mrs. Harrison said that after she gets caught up on things she wants to do at home, she plans to travel, first in the United States, then abroad, then possibly do some writing. (She has been a correspondent for the Cameron Pilot for years).

She also will spend some time with each of her three sons and their families, Dr. Harrison in Murphysboro, Ill., Marlon Van Harrison, an attorney in Baton Rouge, and Dexter Grant Harrison, a CPA and author in Sugarland, Tex.

"Frontier Day" celebrated at library reading program

At the Cameron Parish Library's Summer Reading Program, June 7, "Frontier Day" was celebrated with line dancing, face painting, and stories and songs of the Old West.

Shauna Billings, Annette Duhon, Kayla Kelly, andKristin Sturlese painted boots, hats and sheriff's badges on everyone's faces, and Rhonda Duhon led the singing. All children, ages 3-12, who registered for the Summer Reading Program received a pencil imprinted with this year's theme, "Reading Round-Up: Rope A Good Book".

Next Wednesday, June 14, at 10 a.m., the Cameron Boy Scouts Troop 210, will present a knot tying demonstration at the library. In addition to Story Time, there will be a "Flag Day" celebration with a flag waving, song singing parade, and the face paitners will paint flags on everyone's faces.

June is start of hurricane season

June marks the official start of the hurricane season which lasts through the end of November. Louisiana, with over 400 miles of coastline, is extremely vulnerable to the destructive winds and storm surge associated with hurricanes.

In addition, the inland areas of north and central Louisiana are not spared the destructive forces of land falling tropical storms or hurricanes. Tornadoes and rainfall totals of 10 to 20 inches causing flash flooding often accompany tropical storms or hurricanes as they move inland over Louisiana.

With this in mind, the State of Louisiana in cooperation with the National Weather Service has declared the week of May 29 through June 2, as Hurricane Preparedness Week in Louisiana.

Hurricane preparedness activities for the 1995 hurricane season have already started in Louisiana. From May 4 through May 10, the Louisiana Office of Emergency Preparedness, other state agencies, parish emergency management agencies, and the National Weather Service participated in a regional hurricane preparedness exercise called Response '95 which was being sponsored by the Federal Emergency Management Agency.

During the early portion of the Hurricane Season, Louisiana residents, especially those in vulnerable coastal locations, should review action they would take if a hurricane threatened the Louisiana coast. Many people never take time to think about preparedness plans, even though they live in a vulnerable area. This lack of planning could lead to a large loss of life if a major hurricane struck Louisiana.

Some locations may take only a few hours to evacuate while large metropolitan areas may take several days to fully evacuate for a major hurricane. A recent hurricane evacuation study of southeast Lousiana indicates that it may take over 48 hours to evacuate the greater New Orleans area in the event a major hurricane threatened the region.

When developing or reviewing your preparedness plans ask yourself these questions: Do I need to evacuate for a hurricane, and how early do I need to leave? Remember, hurricane protection levees can be overtopped by the storm surge of a slow moving, major hurricane. Where will I go when I evacuate? How will I get there and what should I take? If I stay, do I have provisions of food and water to last from several days to a week or more wihtout normal service?

Remember, it only takes one hurricane striking land to cause billions of dollars in property damage and the loss of many lives. Review your ction plans and be prepared.

Registration to end here

Cameron parish residents not presently registered to vote and wishing to register in time to vote in the special election on July 15 have until the end of the working day on June 20 to do so, according to Registrar of Voters Ruby Kelley.

The registrar's office is located in the basement of the Cameron courthouse.

The vote on July 15 will be on two property taxes being called by Sheriff James Savoie for the Law Enforcement District of Cameron.

Attends meet

Sheriff James Savoie of Cameron Parish was among 40 members of the Louisiana Sheriff's Association who recently attended the first LSA-LSU Leadership Academy Program for elected officials in Baton Rouge.

Professional instructors and criminal justice experts addressed several current issues of concern to law enforcement leaders. The sheriff's association recently voted to support the enrollment of its statewide membership in the Academy seminars, to be held monthly in Baton Rouge.

Div n of Sabine wat opposed

Several Cameron parish public officials were scheduled to attend a special meeting in Orange, Texas Wednesday night to find out more about a proposal to divert a large amount of freshwater from the Sabine River for use in West Texas.

The meeting was called by the South East Texas Regional Planning Commission president, Ron Sigler, who invited members of the Cameron Parish police jury and parish drainage boards to attend.

"The negative economic and environmental impact to this area will likely be substantial," Mr. Sigler wrote to local officials. "The benefits to this area are nil."

The matter involves the Trans-Texas Water Plan, which if implimented, would take water from the Sabine for use by such cities as Houston, Austin, Corpus Christi, and San Antonio.

Rodney Guilbeaux, secretary of the Cameron Parish Drainage Board, was one of the local officials scheduled to attend the meeting held Wednesday. He said that Cameron Parish probably would fight the efforts to take the Sabine water.

Tina Horn, Cameron Parish administrator, said that about a dozen persons from Cameron parish were scheduled to attend the meeting. She said she understood the proposed project would include 13 different pipelines carrying water to numerous cities in Texas. She said Cameron parish probably would join with Orange county officials in fighting the project.

Don't take our ferry during summer--jurors

The Cameron Parish Police Jury Tuesday voted to write the La. Dept. of Transportation asking them to schedule its biannual overhaul of the Cameron ship channel ferry during the winter instead of the summer.

Juror George Hicks said that smaller ferry now in use while the large ferry is being repaired is hurting tourism in Cameron and that the state needs to take this into consideration when scheduling repairs.

Puddy Solina, representing the Cameron Parish Tourist Commission, said her group and the Cameron Chamber of Commerce have also written similar letters.

Solina also reported that the Tourist Commission, in cooperation with the jury, is planning to put a tourist information center in Hackberry. She said a state program will provide pay for someone to staff the center.

She announced that Shirley Nunez had won the commission's slogan contest to advertise the parish. Her slogan is: "Cameron Parish Litter Free--A Paradise to See." Mrs. Nunez donated the Savings Bond, that was the prize, to the tourist commission.

Cameron parish is magazine's feature

The May issue of "Natural History," the distinguished magazine published by American Museum of Natural History, contains an 8-page article on the butterflies of Cameron Parish written by Dr. Gary Noel Ross, professor emeritus of biology at Southern University.

Dr. Ross is no stranger to Cameron Parish since he is a prime mover behind the "Fourth of July Butterfly Count" in the parish, the fourth of which will be held on Sunday, July 23, between 9 and 4.

Anyone interested in participating in this event should meet at the Audubon Society's Migratory Bird and Butterfly Sancutary on Peveto Beach at 9 a.m.

"Bring lunch, water, sunscreen, insect repellent, and if possible, a pair of binoculars," Dr. Ross advised the Pilot. "The day is devoted to counting all butterflies within a 15 mile radius of the sanctuary. Past counts have indicated that butterfly populations have been improving and we are hoping that this trend continues."

Incidentally, Dr. Ross is the consultant for educational programming for the new "Butterflies in Flight" exhibit at the Audubon Zoo in New Orleans.

His "Natural History" article is entitled "Butterfly Wrangling in Louisiana" and not only does he write about the parish's butterflies, he tells about the chenieres, the beaches and the raising of cattle in Cameron marshes.

The article is illustrated by colored photos of prickly pear cactus, the chenieres, cattle being moved on a barge and cattle feeding in the marshes, plus numerous butterfly pictures.

The "Natural History" article may be viewed at the Cameron Parish Library.

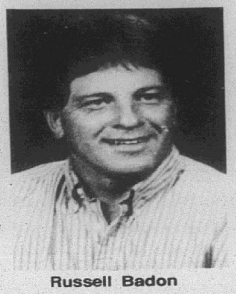
Jury makes appointments

A number of appointments were made by the Cameron Parish Police Jury at its meeting Tuesday.

Persons reappointed to various district after their terms expired were: Madeline Solina, Tourism Commission; Kenneth Montie, Mosquito Abatement District; Raymond LeBlanc, Waterworks Dist. 7; Wendell Rutherford, Waterworks Dist. 9; Carrie Hewitt, Hackberry Recreation Dist.; Gerald Doucet, Johnson Bayou Recreation Dist..

Gregory Trahan was named to the Johnson Bayou Recreation District and Alice Faye LaBove was named to Recreation Dist. 7.

Anniversary



The Bargeman Memorial Church will hold a church anniversary and building fund service at 3 p.m. on Sunday, June 25. The Rev. Alexander, pastor of the Brownsville Church of Lake Charles, will be the speaker.

Pep squad meet

A South Cameron high school pep squad meeting will be held at the school gym at 9:30 a.m., Friday, June 16 to measure squad members for new uniforms.

F. J. PAVELL K.C. Council of Johnson Bayou-Holly Beach was awarded a trophy for placing third in the state in overall accomplishments at the recent KC convention in New Orleans. Shown with the trophy, from left: Delegate Gene Little, Financial Secretary Gerald Touchet, Grand Knight Sonny McGee, District Deputy Monroe Wicke and Area Coordinator Wallace Vincent.

Russell Badon

Badon seeks re-election

Russell Badon, who is presently serving his first term as police juror from the District 1 of Cameron parish, has announced his candidacy for re-election in the October election. The district includes the Johnson Bayou-Holly Beach area and a small portion of the town of Cameron.

Mr. Badon is 38 and is a lifelong resident of the Johnson Bayou area. He graduated from Johnson Bayou high school and is self employed. He is the father of four children.

He is a member of Knights of Columbus Council 8323 and the Church of Assumption and Holy Trinity.

He is currently president of the police jury and is also president of the Cameron Parish Chamber of Commerce. He also serves on several parish board.

Fish tourney is announced

The Sturlese American Legion Post 364 of Grand Chenier will have a barbecue, dance and a fishing tournament at the Grand Chenier Park on Saturday, July 1.

The tournament will have bass, redfish and speckle trout divisions with a $15 entry fee for each with the top three winners in each category getting prizes.

Registration at the park will be at 5 a.m. and the weigh-in is at 7 p.m.

You may also pre-register at Julia's Tackle in Cameron, Rudy's in Creole and Larry's Seafood, Kajun Food and Booth's Grocery in Grand Chenier.

Cub Scouts set day camp

A Cub Scout day camp will be held at the Grand Chenier recreation center June 26-30 from 9 a.m. to 1 p.m. All boys who will be in the 1st through 5th grade this fall are invited to come and get active in Scouting.

For more information call 538-2762, 538-2348 or 538-2787.

Book about Cameron is on FM radio

A newly published book, in which Cameron Parish is featured, is presently being read on the radio and can be heard in this area twice a day.

The book is "Along the Edge of America" in which the author, Peter Jenkins, tells his experiences in a boat trip along the Gulf of Mexico coast in 1992. He spent several days in Cameron parish and one section of the book tells about the people he met and the experiences that he had here.

The book is being read by Dick Estelle on Public Radio and can be heard Monday through Friday on the Beaumont, Texas station at 91.3 or 90.9 on the FM dial. There is a 5 a.m. broadcast and a repeat at noon.

In the section that Estelle read Wednesday and Thursday, Jenkins was relating the experiences of J. Berton Daigle, retired clerk of court, in Hurricane Audrey in 1957.

The book is also out and may be purchased at book stores. The Cameron Library hasn't received a copy yet. It is also scheduled to be reprinted by the Reader's Digest as a condensed book.

The section on Cameron parish is expected to continue on the radio for the next day or so after which Jenkins will move on down the Texas coast.

Mr. Crain, last W.W.I vet, dies

Funeral services for Clayton Martin Crain, 98, of Groves, Tex., were held Sat., June 10, in Grand Chenier United Methodist Church.

The Rev. Joe Roundtree officiated; burial was in Grand Chenier Community Cemetery.

Mr. Crain died Wednesday, June 7, 1995, in the Sweeney, Texas hospital.

A native of Cameron, he lived in Groves for 72 years. He was a retired operator of Gulf Oil Corporatrion and a Marine Corps veteran of World War I.

Survivors are one son, Don C. Crain of Beaumont; one daughter, Gloria Patrick of Sweeney; four sisters, Sarah Waldron of Baton Rouge, June Harper of Grand Chenier, Blanche Bourg of Lake Charles, and Mary Johnson of Sour Lake, Tex.; five grandchildren and five great-grandchildren.

Mr. Crain was probably the last surviving World War I veteran from Cameron Parish.

Johnson B. poll changed for election

The polling place for the Johnson Bayou community (Dist. 1, Precinct 1) will be moved from Community Center to the Johnson Bayou high school lobby for the July 15 Cameron Parish Law Enforcement District tax election but will be moved back to the center for future elections.

Juror Russell Badon told the police jury that a wedding had been planned for the Community Center on that day before it was learned that the special election would be held.

The move will be for the July 15 election only.

In Loving Memory Of

JILL GALYN MORALES

Daughter, Sister

Aunt, Niece & Friend

Sept. 6, 1972 - June 4, 1993

Jill, it's been two years since you have gone to be with your Father in Heaven. It's been hard for us these past two years. But God has given us the strength and peace of mind to continue on. It seems like yesterday that you were laughing with us, in that cute little laughter you always had. The picking, joking, and the love that you brought to your family and friends, with that beautiful smile that we will never forget. God has blessed us with our only little girl, and we are grateful to God. Jill, we know you are at peace with all the beauty, joy, love and happiness that God has given you in Heaven. As we continue on, our thoughts, love and prayers will always be with you.

Heart problems don't keep office hours.

Even the very best medical care is of no value unless you have access to it. So here is our pledge to you:

If you have chest pain or other heart-related symptoms, you will be seen immediately-- 24 hours a day, 365 days a year.

If you don't have symptoms, but you or your doctor have concerns about your heart, you will be seen within 48 hours, even if we must extend office hours to accommodate you.

And if you simply want a heart checkup, it will normally be scheduled within one week.

Parish's toxic ranking drops

—CAPITAL NEWS—

While Cameron Parish's ranking among other parishes dropped slightly in the Louisiana Toxics Release Inventory for 1993, the amount of chemicals discharged into the parish's environment nearly doubled from a year earlier.

Zapta Haynie Corporation remains the only parish industry covered under the reporting requirements, but total releases increased from 84,049 pounds in 1992 to 167,250 pounds in 1993. All of the discharges were released into the air. The parish went from 32nd to 35th in the state rankings.

The inventory notes that it cannot calculate health or environmental risks from the releases because their effects depend on the specific chemicals involved. It is used instead as a tool in efforts to improve the quality of the environment.

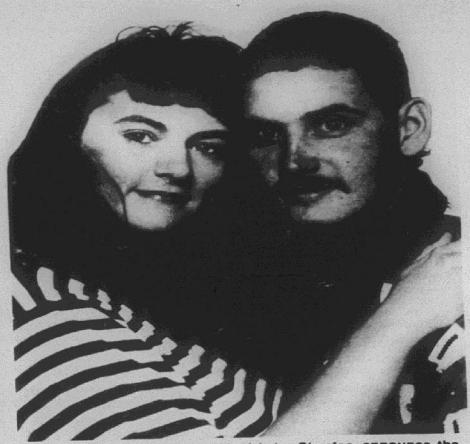
So. Cameron students are in "A-HEC" program

Seven students from South Cameron High School began their summer health careers at South Cameron Memorial Hospital on Tues., June 13. Titled "A-HEC of a Summer", the program is jointly sponsored by La. Department of Education "School-to-Work" initiative, the Southwest Louisiana Area Health Education Center and the Cameron Parish School Board.

On five consecutive Tuesdays and Thursdays, the students complete rotations in all departments of the hospital, complete journal assignments, participate in dissecting classes taught by Dr. Jed Woodard and hear speakers discuss various health careers.

On Wednesdays, the group tours medical, career and educational sites.



Wed., June 14, the group toured the burn unit and other facilities of Baton Rouge General Hospital.

This year's A-HEC participants include: Julie Batts, Alice Boudreaux, Melanie Boudreaux, Alissa Boudoin, Nichole Chauvin, Erica Nunez and Terrell Thibodeaux.

Supervisors of the program include Diana Foster, Trudy Champagne, Laura Doxey, and Eddy Jackson, all of South Cameron Memorial Hospital, and Stephanie Rodrigue, a teacher at South Cameron High School. This is the third year of the A-HEC program at South Cameron Memorial Hospital.

Don't Get Burned!
FRY NOW • PAY LATER
Only You Can Prevent Skin Cancer. . .
HOW CAN YOU PREVENT SKIN CANCER?
Even though overexposure to the sun is the leading cause, it isn't necessary to give up the outdoors in order to reduce your chances of developing skin cancer. Just use good sense and simple measures whenever you work or play in the sun — repeated sunburns are particularly risky.
Cover Up with a wide-brimmed hat, and a bandanna for your neck, wear long-sleeved shirts and pants the sun can't penetrate.
Use Sunscreens to help prevent skin cancer as well as premature aging of your skin. You'll want a Sun Protective Factor (SPF) rating of 15 or higher. Women can get a little added protection by using tinted opaque cosmetic foundation along with a sunscreen. Apply sunscreen at least an hour before going into the sun, and again after swimming or perspiring a lot. Don't use indoor sunlamps, tanning parlors or tanning pills.
Know The Ways Of The Rays for your best protection. You can get burned on a cloudy day. And the rays can reach down into three feet of water. Try to stay out of the direct sun at midday, as the sun's rays are strongest between 11 a.m. and 2 p.m. And beware of high altitudes — there's less atmosphere to filter out the ultraviolet rays. Skiers should remember that snow reflects the sun's rays, too.
Whatever your skin type, do a monthly self-exam of your skin to note any moles, blemishes or birthmarks. Check them once a month and if you notice any changes in size, shape or color or if a sore does not heal, see your physician without delay.

LEGAL NOTICES

RESOLUTION

A resolution ordering and calling a special election to be held in Law Enforcement District of the Parish of Cameron, State of Louisiana, to authorize the levy of a special tax therein, making application to the State Bond Commission in connection therewith and providing for other matters in connection therewith.

WHEREAS, Act No. 689 of the 1976 Regular Session of the Louisiana Legislature (R.S. 33:9001, et seq.) (the "Act") created a law enforcement district with boundaries coterminous with the boundaries of this Parish and designated the Sheriff as the Chief Executive Officer thereof; and

WHEREAS, the Law Enforcement District of the Parish of Cameron, State of Louisiana (the "District") is in need of additional funds for its operation; and

WHEREAS, the Act provides for the methods of funding the District and authorizes the Sheriff and Chief Executive Officer of the District to call a special election to impose an additional millage on all property subject to taxation within the District when approved by a majority of the electors voting thereon in an election held for that purpose;

THEREFORE, I, James R. Savoie, Sheriff of the Parish of Cameron and Chief Executive Officer (the "Governing Authority") of the Law Enforcement District of the Parish of Cameron, State of Louisiana, pursuant to the authority vested in me by the Act, resolve, that:

SECTION 1: ELECTION CALL: Subject to the approval of the State Bond Commission, and under the authority conferred by Article VI, Sections 22, 30, and 32 of the Constitution of the State of Louisiana of 1974, the Act, and the applicable provisions of Chapter 5, Chapter 6-A and Chapter 6-B, Title 18 of the Louisiana Revised Statutes of 1950, as amended, and other constitutional statutory authority, a special election is hereby called and ordered to be held in the Law Enforcement District of the Parish of Cameron, State of Louisiana (the "District") on Saturday, July 15, 1995, between the hours of six o'clock (6:00) a.m. and eight o'clock (8:00) p.m., in accordance with the provisions of LA R.S. 18:541, and at the said election there shall be submitted to all registered voters qualified and entitled to vote at the said election under the Constitution and laws of this State and the Constitution of the United States the following propositions, to-wit:

RESOLUTION
PROPOSITION I

SUMMARY: RENEWAL OF EIGHT (8) MILL PROPERTY TAX FOR THE PURPOSE OF PROVIDING CONTINUED FUNDING FOR THE LAW ENFORCEMENT DISTRICT OF THE PARISH OF CAMERON FOR SALARY OBLIGATIONS AND NORMAL OPERATING EXPENSE OF THE DISTRICT.

Shall the Law Enforcement district of the Parish of Cameron, renew eight (8) mills on all property subject to taxation in said Law Enforcement District, beginning with the year 1995, and expiring in the year 1999, for the purpose of providing continued funding for the District for salary obligations and normal operating expense?

PROPOSITION II

SUMMARY: LEVY OF AN ADDITIONAL TWO (2) MILL PROPERTY TAX TO PROVIDE FOR INCREASED OPERATING COSTS.

Shall the Law Enforcement District of the Parish of Cameron, levy an additional two (2) mill property tax on all property subject to taxation in said Law Enforcement District beginning with the year 1996, and expiring in the year 1999, for the purpose of providing for increased operating costs?

SECTION 2. PUBLICATION OF NOTICE OF ELECTION. There shall be published in the "Cameron Pilot", a weekly publication of general circulation within the District, published in the City of Equinez, at least one official journal of the District, once a week for four consecutive weeks, with the first publication to be made not less than forty-five (45) days nor more than ninety (90) days prior to the date fixed for the election, notice of said election, which notice shall be substantially in accordance with the Notice of Special Election annexed hereto as Exhibit "A" and incorporated herein by reference the same as if it were set forth herein in full.

SECTION 3. CANVASS. The Sheriff, acting as the governing authority of the District, shall meet at his regular meeting place, the Cameron Parish Sheriff's Office, located in the Cameron Parish Courthouse, 119 Smith's Circle, Cameron, Louisiana, on the 20th of July, 1995 at ten o'clock (10:00) a.m., and shall then and there in open and public session proceed to examine and canvass the returns and declare the result of the said special election.

SECTION 4. POLLING PLACES. The polling places set forth in the aforesaid Notice of Special Election are hereby designated as the polling places at which to hold the said election, and the Commissioners in Charge and Commissioners, respectively, will be the same persons as those designated in accordance with law, with the Parish Board of Election Supervisors availing themselves of the authority of LSA-R.S. 18:1286.1.

SECTION 5. ELECTION COMMISSIONERS; VOTING MACHINES: The officers designated to serve as Commissioners in Charge and Commissioners pursuant to Section 4 hereof, or such substitutes therefor as may be selected and designated in accordance with LA R.S. 18:1287, shall hold the said special election as herein provided, and shall make due returns of said election for the meeting of the Governing Authority to be held on the 20th day of July, 1995, as provided in Section 3 hereof. All registered voters in the District are entitled to vote at said special election and voting machines shall be used thereat.

SECTION 6. AUTHORIZATION OF OFFICERS. The Sheriff is hereby empowered, authorized and directed to arrange for and to furnish to said election officers in ample time for the holding of said election the necessary equipment, forms and other paraphernalia essential to the proper holding of said election and the Sheriff is further authorized, empowered and directed to receive any and all further action required by State and/or Federal law to arrange for the election, including but not limited to, appropriate submission of the Federal Department of Justice under Section 5 of the Federal Voting Rights Act of 1965, as amended.

SECTION 7. FURNISHING ELECTION CALL TO ELECTION OFFICIALS. Certified copies of this resolution shall be forwarded to the Secretary of State, the Commissioners of Elections, the Clerk of Court and Ex-Officio Parish Custodian of Voting Machines in and for the Parish of Cameron, State of Louisiana, and the Registrar of Voters in and for said Parish, as notification of the special election herein called in order that each may prepare for said election and perform their respective functions as required by law.

SECTION 8. APPLICATION TO STATE BOND COMMISSION. Application is made to the State Bond Commission for consent and authority to hold the aforesaid special election as herein provided, and in the event said Proposition carries, for further authority to levy the special tax as provided for in said Proposition for the purpose and for the number of years therein specified, and a certified copy of this resolution shall be forwarded to the State Bond Commission, on behalf of the Governing Authority, together with a letter requesting prompt consideration and approval of this application.

Thus done, adopted and signed this 20th day of April, 1995, at Cameron, Parish of Cameron, State of Louisiana.

/s/ James R. Savoie,
Sheriff and Executive Officer
of the Law Enforcement District
of the Parish of Cameron

"Reading Round-Up" puppet show

Reading program well attended

At the Cameron Parish Library's June 7, Summer Reading Program, the Cameron Boy Scout Troop 210 gave a knot-tying demonstration, and Flag Day was celebrated with a flag waving parade and stories.

Rhonda Duhon led the singing of patriotic songs, and Shauna Billings, Annette Duhon, Christi Canik, Brooke Arrant, Vickie Kiffe and Ryan Bourriaque painted flags and rockets on everyone's face. Jeni Cormier returned one of the reward posters for a prize.

On Wed., June 14, the Summer Reading Program Story Hour was held at the Cameron Recreation Center #6. The program was a puppet show "Westward Ho". The show was co-sponsored by the library and the Cameron Parish Police Jury and was made possible by a grant from the Louisiana Arts Council.

The puppet show will be repeated on June 21, at 2 p.m. at the Creole Fire station and again on Thurs., June 22, at the Johnson Bayou Recreation Center at 10 a.m., and the Hackberry Recreation Center at 2 p.m.

Johnson Bayou children met for a "Reading Round-up" on June 8, at Mrs. Denise Trahan's home. There were 7 children present for Story Time with Christy Billiot as reader.

On Thurs., June 22, books and the grab boxes will be at Mrs. Trahan's from 9:10-9:40 a.m.

Story Time will be the "Westward Ho" puppet show which will be held at 10 a.m. at the Johnson Bayou Recreation Center.

For more information, call the library at 775-5421.

Pavell KC Council places third in state competition

Johnson Bayou - Holly Beach Council 8323, F. J. Pavell Knights of Columbus, placed third in the state among 280 councils at the state convention in New Orleans on May 26-28. Grand Knight Sonny McGee, Gerald Touchet and Gene Little attended the festivities honoring the best councils in the state.

Council 8323 also received trophies for best in Family Life, Community, Youth, Council and Insurance. The council also received certificates for a perfect 100 points in Family Life, Community and Youth. The council placed 14th in the state last year. For the fourth year the council was awarded the Star Council Award by K of C Supreme a few months ago.

Hackberry has formed a new K of C Council, #11578. Grand Knight is Gene Little; Doud Welch is the Financial Secretary and Rev. Eugene McKenna is Chaplain. They are all members of F. J. Pavell Council 8323 and are transferring to the new council. Installation of officers for the Hackberry council will be Sun., June 18, at the 9 a.m. mass at St. Peter's in Hackberry.

Three members were initiated into the 4th Degree in Sulphur. They are Gene Little, Chris Leger and Edmond Trahan. The 1st Degree Team of Council 8323 held an initiation on May 22, in Johnson Bayou. John B. Constance of Council 8323 and Glen Vincent of Hackberry were the newest K C members to be exemplified.

Knight of the Month is Barry Badon and Family of the Month is Charles "Dusty" Sandifer (wife Juanita, children Dominique and Sabrina). They were presented certificates and yard signs by Warden Edmond Trahan and Grand Knight Magnus McGee.

Derald "Binky" Jinks and Clifford Jinks will be the cooks for the June 19 meeting, rosary, 6:25 p.m., and the meal at 6:30 p.m. The meeting will be at 7 p.m. in the Renewal Center.

A French mass was held Sat., June 3, with the Cajun French Music Association Choir and 4th Degree Color Guard participating. Aurelin "Bill" and Hilda Bearb celebrated their 50th wedding anniversary at this mass.

At the Johnson Bayou High School graduation, Rodney Guilbeaux presented the Patti Domatti scholarship to Jessica Kellum and the CYLA Award to Jeannie Garber. Gene Little presented the CYLA award to David Devall at the Hackberry graduation.

The council voted to help finance and chaperone a canoe trip for the youth group this summer.

The next bingo will be Sun., June 25, at 2 p.m. at the Renewal Center.

The next KC dance is set for Sat., June 17, 9 p.m.-1 a.m. at the Johnson Bayou Community Center. The band is Barry Badon and the Bayou Boys.

Officers for the 1995-96 year were elected as follows: Grand Knight Magnus McGee, Deputy Grand Knight Glenn Trahan, Chancellor Curtis Mathieu, Recorder Barry Badon, Treasurer Tim Trahan, Advocat Derald Jinks, Warden Edmond Trahan, Outside Guard Chris Leger, Inside Guard Ricky Romer, 1 year Trustee Bill Bearb, 2 year Trustee Marc LeBlanc, 3 year Trustee Ray Young, Lecturer Kenny Trahan, Chaplain Rev. SALTWATER FISHING

This is the time of the year when saltwater fishing reaches its peak. Fishing has been steadily improving over the last week or so.

May's heavy rainfall shouldn't have harmed the speckle trout spawning, according to state biologists.

Trout, unlike bass (largemouth) spawn several times during mating season and can hold off spawning.

Rainy springs are not uncommon in Louisiana. It takes at least somewhere around 15 parts per thousand salinity of salt for a successful spawn, however trout will swim toward the gulf until it reaches the right saltwater. Along the coast, until the freshwater leaves, trout will not spawn.

If we get heavy rainfalls later than May that hurts the trout spawn, because the spawning egg must float on the surface to hatch. If the salinity level falls too low, the eggs will sink to the bottom and die.

Specks, reds are being caught now along the beaches, jetties and in Big Lake. Reports this past week of 3 over 5 pounds were taken in the south end of Big Lake.

Recent bad weather and big winds had slowed offshore fishing down, but things are getting better. Good catches of red snapper are reported, 5 to 12 pounds, a few Spanish and king mackeral are also being caught. This was in the 30 to 40 mile range offshore.

Changes in size and creel limits on red snapper for state waters are proposed. Recreational anglers will see the minimum sizes go up from 14 to 15 inches. Also a drop from 7 red snappers down to 5 will take place in the proposal. This would be in line with the federal waters regulations and would go into effect in October at the earliest. This would stop the confusion and make it easier to enforce state and federal laws.

The commercial minimum total length of 14 inches would remain the same.

Freeport-McMoran is donating a mile long structure to Louisiana Artificial Reef Program. The sulfur mine platform will be the first of its kind in state waters and might be the largest artificial reef in the world.

FRESHWATER

The Big Burn is still producing bass, but vegetation is growing fast. Bass are in their summertime pattern, keeping close to the vegetation during the day. Early morning and late evening bass will go into open waters.

Lacassine Refuge is running the same as the Big Burn, except larger bass.

Trail fishing in Sabine Refuge has proven best, but the water is a little higher.

FISH RECORDS

A new chairman of the official Louisiana fish records has been named by the La. Outdoor Writers Association, who keeps record fish list. LOWA Vice President Bill Ford, P.O. Box 8571, Clinton, La. 70722-8571, or daytime phone, 504/344-6707 and night phone 504683-3289. He will have a committee helping him. The LOWA has maintained records for 40 years.

TOURNAMENTS

Lacassine Refuge had 30 plus boats at the last bass shoot-out with 13 plus pounds on 3 bass taking the money.

The Lemesche Bass club's June 4 tournament turnout went like this: Team stringers went to Carl Broussard and Ricky Canik, 1st; Darren Richard and Todd Conner, 2nd; and Scootie Trosclair and Loston McEvers, 3rd.

Largest bass honors went to Darren Richard, 1st; Ricky Canik, 2nd; Scootie Trosclair, 3rd.

The top three individual stringers award went to Darren Richard, Ricky Canik and Carl Broussard.

Bonus checks coming soon

—CAPITAL NEWS—

The 235,000 people awaiting a promised one-time bonus from the state soon may have their checks in hand, but there may not be quite as much in some of the checks as expected.

The governor and Commissioner of Administration Raymond Laborde said last week that the checks of up to $1,200 will go out by July 1. They will find their way to teachers and school and vo-tech employees; retirees of the state, teacher and state police systems; police and firefighters; constables; justices of the peace and registrars of voters.

However, because of delays in opening the land casino in New Orleans, the checks may not reach the 5 percent that has been expected. Had the casino opened in November 1994 as expected, casino revenues available for the supplement would have been $50 million. Since it didn't open until May, only $17.4 million in earnings will be added to the $114 million up-front payment, interest earnings and any other funds agencies can provide by June 30, to put together the largest supplements possible.

"At this moment, I'm not quite sure the entire 5 percent payment will be available, but I want to assure you we will scratch around for every dollar available and make the maximum payment allowble up to the 5 percent", the governor said.

To make any payments took legislative action changing the required unanimous vote for the state Revenue Estimating Conference to recognize the up-front casino payment as recurring revenue. The House and Senate disagreed over whether the change should be permanent or limited to this issue. A joint conference committee decided it should be effective only in this case, and both chambers then agreed.

Oyster harvesters to be reimbursed

(American Press)

Cameron Parish oyster harvesters will be reimbursed for expenses and income missed when the season was closed the day before it was to open last year.

A bill by Rep. Randy Roach, D-Lake Charles, was given final approval Monday by the Senate in a 37-0 vote.

HB 2446 sets a total cap of $60,000 which can be spent for reimbursement.

The bill does not spell out specifics other than giving the Department of Wildlife and Fisheries the order to set up a procedure in which they'll determine how many oyster harvesters were affected and how much money they should be paid.

Roach said those eligible oystermen, who were legally licensed and ready to start the season, will be paid for:

•Expenses incurred to prepare for the season.

•An estimation of the livelihood they lost in terms of the number of oysters they may have caught.

Jury Briefs

Here were some of the matters considered by the Cameron Parish Police Jurors at their monthly meeting Tuesday.

•The jury accepted a $500 bid for a 1975 Ford fire truck for the Cameron Fire Dept. but rejected a $5,000 bid on a 1979 Ford fire truck as being too low.

•The Cameron Parish Pilot was named as the official journal for the jury for 1995-96.

•The jury approved advertising for bids for someone to chip up old lumber, limbs and other wood products brought to the parish dumps. The jury had orginally considered burning this material but was told by EPA that it could not burn treated lumber.

•The jury approved a plan change on the Grangerville fire station project for a $5,964 underrun. The jury saved this money by doing the parking lot with parish equipment.

•At the request of Juror George LeBouef the jury agreed to invite the director of the La. Dept. of Transportation to come to Cameron and discuss the prospects for building a bridge over the ship channel.

•Also at LeBouef's suggestion, the jury agreed to write the South Cameron Memorial Hospital's board thanking them for opening a rural health clinic in the town of Cameron and inviting its doctor to visit with the jurors.

•Juror Douaine Conner told the jury that the Creole swimming pool's diving board was broken and the recreation board didn't have the funds with which to replace it. He asked if any of the other recreation districts might have an extra board they could donate to Creole.

Minimum size on snappers increased

The Wildlife and Fisheries Commission gave notice of its intent to increase the minimum size limit for recreationally taken red snapper from 14 inches to 15 inches minimum total length. The Commission also proposed to reduce the recreational bag limit from seven fish per person per day to five. The 15-inch minimum size limit and the five fish bag limit would be consistent with those in federal waters and would go into effect in October at the earliest.

According to John Roussel, acting administrator for the Department of Wildlife and Fisheries' Marine Fisheries Division, the action came at the request of the Gulf of Mexico Marine Fishery Management Council to implement state regulations consistent with federal rules for this species. "The Commission's move should reduce confusion regarding size and bag limits and would make the laws more esily enforced between state and federal waters," he said.

The commercial minimum total length of 14 inches would remain the same under the Commission's proposal.

Public comments on the proposed rule change will be taken until Aug. 3, 1995, at 4:30 p.m. Interested individuals may submit written comments to: Harry Blanchet, Marine Fisheries Division, Department of Wildlife and Fisheries, P.O. Box 98000, Baton Rouge, la. 70898-9000.

MUSING . . . **. . . By Bernice Denny**

The meaning of flag day

Flag Day, observed annually on June 14, is an opportune occasion upon which to re-evaluate the principles upon which our country was founded.

Our United States flag symbolizes the freedom, equality and justice which characterize our nation. It is an emblem of our unity and our heritage, representing the tradition and ideals we hold most sacred.

As our country received its birthright from the peoples of many lands who gathered here to found a new nation, so did the pattern of stars and stripes rise from divers origins back in the mists of antiquity to become emblazoned on the standard of our infant republic.

The stars, a symbol of the heavens and the divine goal to which men has aspired since time immemorial, and the stripe, symbolic of the rays of light emanating from the sun, has long been used on the standards of nations.

On the first birthday of Old Glory, June 14, 1777, the Continental Congress adopted a resolution: "That the flag of the thirteen United States be thirteen stripes, alternate red and white, that the union be thirteen stars, white on a blue field representing a new constellation."

When the star-spangled banner was first flown at the hed of the Continental Army, Gen. George Wsshington described its symbolism in these words: "We take the stars from heaven, the red from our mother country separating it by white stripes, thus showing that we have separated from her and the white stripes shall go down to posterity representing liberty."

In 1782, the Congress of the Confederation chose the colors of the flag for the newly designed Great Seal of the United States. The resolution on the seal listed meanings for the colors. Red is for hardiness and courage; white for purity and innocence; and blue for vigilance, perseverance and justice.

On April 4, 1918, Congress set the number of stripes in the flag at a permanent thirteen, one for each of the original thirteen states, and ordered a new star to be added to the flag on the Fourth of July following the admission of a state into the union.

President Woodrow Wilson during his administration said: "This flag, which we honor and under which we serve, is the emblem of our unity, our power, our thought and purpose as a nation. It has no other character than that which we give it from generation to generation. The choices are ours. It floats in majestic silence above hosts that execute those choices, whether in peace or in war. And, yet, though silent, it speaks to us -- speaks of the men and women who went before us, and of the records they wrote for us."

OUr Flag, Old Glory, the Stars and Stripes forever -- symbol of one nation under God -- undividable, liberal, just. May the literal truth bear out its symbolism always.

CHEVROLET FIRM HAS NEW OWNERS

Carter Chevrolet Co. of Creole, owned and operated by Mr. and Mrs. Harold Carter for nearly twenty years, has been sold to Dudley Fawvor of Grand Chenier.

Mr. Fawvor, who has been associated with his father, James H. Fawvor, Jr. and brother, James E. Fawvor, in the Fawvor Boat Service, will be associted with them also in the new business.

MARBLE CONTEST

Billy Bertrand, a student at Cameron Elementary School, won first place in the Annual Cameron Parish Marble Tournament sponsored by VFW, Doxey-Vincent Post 10019, last Saturday in Cameron. He is the son of the late Leroy Bertrand of Cameron. He will represent the parish in the VFW Fifth District Tournament in May.

Taking second place was Hayes P. Picou, son of Mr. and Mrs. Hayes Picou of Cameron. In third place was Charles Glenn Theriot, son of Mr. and Mrs. Ray Theriot of Cameron.

Medals and T-shirts will be awarded the winners by Post Commander Ray Dimas at the Cameron Post's regular meeting on May 7th at the VFW home.

In charge of the tournament was Pat Cheramie, Amos Miller and Conway LeBleu.

HURRICANE DAMAGE WAS $33 MILLION

Cameron Parish, with a population of only about 7,000, suffered over $33 million in damages from hurricanes within a five-year period.

That is the amazing figure released by a committee of the Cameron Lions CLub which has been making a study of means of getting storm protection facilities for the parish.

E. J. Dronet, committee chairman, said the U.S. Corps of Engineers supplied him with the following estimates:

In Hurricane Audrey in 1957, damages to the parish from the tidal overflow was estimated at $29,368,000. Last year in Hurricane Carla, the damages wer estimated at $3,955,000.

ROUNDABOUT THE PARISH

Water rates go up in town

Customers of the Cameron Parish Waterworks District #1, which serves the town of Cameron, will see their monthly water rates more than double effective July 1 as the result of EPA requirements placed on the system.

Water Superintendent Dan Dupont said the residential rates will increase from $5 to $12.50 a month and commercial rates will go from $1 to $1.50 per thousand gallons.

The water system is under an EPA order to add chlorine to its water by July 1 as are all other public water systems with 500 or more customers. Also polyphosphate must now be added to the water to prevent the discolored water caused by adding chlorine.

Dupont said the system has already started adding the two chemicals and that the extra cost for the first month was $4000.

Even with the big increase in the monthly rate, the new rate will not be out of line with other water systems, Dupont said. He noted that customers in the Creole water system are paying $13.50 a month.

Water systems in Hackberry, Grand Lake, Johnson Bayou and Grand Chenier are already chlorinating their water and the Creole system must do so by next year, he noted.

Tina Fountain

Fountain gets track scholarship

South Cameron High school girl track star Tina Fountain has signed a track scholarship with LSU in Baton Rouge.

Fountain was the top triple jumper and one of the top long jumpers in Southwest Louisiana.

Fountain said she chose LSU because of their Number 1 ranking in female track. She also feels they have the best jumping coaches.

Fountain led the southwest track leader with a jump of 37'2½" and jumped 38'5" in the state track meet in the triple jump.

Her best long jump was 17'9¼" which she jumped in the state meet.

Fountain is the daughter of Roosevelt (School Boy) and Bertina Fountain of Cameron. She plans to take paralegal studies at LSU.

She was a member of both the track and basketball teams at South Cameron high school. She also hopes to play basketball at LSU in her sophomore year.

Bubba January

January in jury race

Arceneaux "Bubba" January Jr., 44, has announced his candidacy for Cameron Parish Police Juror for District 6, Precinct 1.

A lifelong resident of Cameron Parish, January is a high school graduate. He is curently employed by Baroid Drilling Fluids in Cameron.

He is a member of Macedonia Baptist Church. He has coached Little League softball and basketball at Cameron Elementary. He has three children, Ronald, Jennie and Brandi.

January is the son of Ethel January and the late Arceneaux January Sr.

2 bridges to go into dry dock

The Louisiana Department of Transportation and Development has contracted drydocking and repairs of the Grand Lake Pontoon Bridge in Cameron Parish and the Black Bayou Pontoon Bridge in Calcasieu Parish with Fredeman Shipyard, Inc. These bridges are located on Route La. 384 on the Intracoastal Canal.

La. DOTD anticipates removing the Grand Lake Bridge from service the week of July 5. All traffic will be required to detour via the Black Bayou Bridge for approximately three weeks.

When the Grand Lake Bridge returns to service the Black Bayou Bridge will be removed from service and traffic must then detour via Grand Lake Bridge.

Detour signing will be provided and exact closure dates will be released via the media when exact times are determined.

Fredeman Shipyard Inc. of Sulphur was the low bidder with a bid of $182,507 on the dry-docking, repairs and modification to the Black Bayou bridge.

LeBleu assigned

The Rev. Vernon Wayne LeBleu, who was recently ordained to the priesthood, has been appointed parochial vicar of St. Theodore Catholic Parish in Moss Bluff until June 30, 1998.

Father LeBleu is the son of Mrs. Martha Conner of Creole.

Parish projects in state bill

Two projects for Cameron parish received Priority 1 ratings in the 1995-96 capital outlay bill adopted by the Legislature last week. This means that they probably will be funded during the coming year.

$5 million was included for emergency repairs to La. 82 between Johnson Bayou and Holly Beach. This was due to damage to the highway caused by high tides.

$1 million is included for wildlife land acquisition adjacent to Rockefeller Refuge in Cameron and Vermilion parish.

Audrey Day

Cameron Parish Administration offices will be closed Tues., June 27, in observance of Hurricane Audrey Day, and again on Tues., July 4, in observance of Independence Day.

Co-op meeting

The Jefferson Davis Electric Cooperative will hold its annual meeting Monday, July 10 in the Cameron Elementary auditorium with registration at 9 a.m.

Twenty door prizes will be awarded, including a color television. All co-op members are invited to attend.

THIS SIGN at the South Cameron Memorial Hospital leaves no 'earthly' doubt about not parking there.

ACCORDING TO NEW YORK TIMES

'Great oil rush' may be on in Gulf of Mexico

Following the oil bust in the 1980s and the devastation of the Cameron and coastal Louisiana economy many persons pessimistically predicted that the boom would never return. But if an article in last Sunday's New York Times is accurate they could be wrong.

The article reported that in recent bidding held in Metairie by the Interior Department, oil companies paid over $307 million for drilling rights--nearly triple what the Government had expected.

"The Great Oil Rush of the mid-1990's is on and in a most unexpecting setting," the article states.

It noted that as recent as three years ago, many oil executives described the Gulf of Mexico as a dead sea, a played-out place where production could only fall and drilling for new reserves would be futile."

"Now there is a growing conviction that the gulf holds reserves even larger than those in Alaska's Prudhoe Bay, the last huge domestic discovery." the Times states. "And no one wants to be left behind."

The article states that "below all the layers of salt on the gulf's continental shelf and the inky mile-deep waters further out lie fiels far exceeding the 12 million barrels at Prudhoe Bay, according to some projections."

"The gulf's deep-water reserves alone have been estimated as high as 15 billion barrels. Billions of barrels more are thought to be in shallower waters," the Times states.

The Times article is accompanied by a map showing the new oil fields that have been discovered off the Louisiana coast. The largest lie south of New Orleans west to about the Cameron parish east boundary.

Whether the new interest in the Gulf drilling will translate in to new jobs and more business for Cameron parish remains to be seen, but for now, this is the best news that has come along in years for the parish.

(The State Mineral Board has eight offshore and onshore tracts advertised for mineral leases elsewhere in this issue of the Pilot, an indication that drilling activity may also be picking up in the offshore water owned by the state and also on water bottoms inside the parish.)

Water diversion is opposed here

By GENEVA GRIFFITH

Cameron Parish was well represented at a meeting in Orange, Tex., last week to discuss the proposed Trans-Texas Water Program.

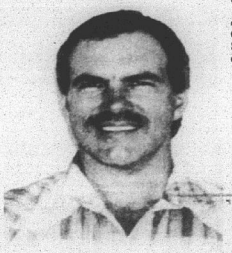
Members of the Police Jury and Gravity Drainage Districts who represented the parish in opposing the program were: Tina Horn, Russell Badon, George LeBoeuf, George Hicks, Ray Conner, Rodney Guilbeaux, Carroll Trhan, and Lloyd Badon.

The Trans-Texas water diversion proposal would transfer water from the Sabine River to water parched areas of south and west Texas.

The proposal from the Texas Water Development Board calls for transferring water from the Sabine River and two other Texas water basins to water-depleted areas of Houston, San Antonio, and Corpus Christi, Tex.

The proposal calls for sending other western river basins about 600 million gallons daily from the Sabine River through a series of canals and pipelines.

Louisiana lawmakers must consent to the plan since half of the Sabine River's daily output is regulated by Texas and Louisiana, through the Sabine River Authority.



The plan has severe environmental and economic implications and is a formula for disaster for southeast Texas and southwest Louisiana, dissenters stated.

The area's fish, water fowl and shrimp habitats would all be adversely affected by a lower freshwater output in the river because it would allow more saltwater into the marsh areas along the Sabine River and Sabine Lake.

Saltwater marshes will not support the proper organism needed to sustain these wildlife. The result would be a blow to the area's shrimping industry, as well as tourism and outdoor sports.

The system of canals and proposed pipelines to transfer the water westward would also affect natural drainage and increase the chances for flooding in flood prone areas.

Rep. Randy Roady has plans to hold informational meetings in the near future in regard to the program.

MARTIN "MARTINI" Trahan has announced his candidacy for police juror from District 4 in the October election. His announcement was printed earlier but a photo was not available at that time.

Cameron is tops!

Cameron parish students did very well on state standardized tests, as they have done in the past, and every senior in the parish passed the Graduate Exit Exam--probably an accomplishment that no other parish can claim.

For 1995 Cameron parish's 3rd, 5th and 7th graders scored in the range of 95 to 99 percent in language arts and math as compared to the state average of 80 to 88 percent.

Cameron parish students also scored in the 90 to 100 percent range in English, Matth, Written Composition, Science and Social Studies as compared to the state's 79 to 90 percent range. Cameron parish also was the top parish in each division among the five parishes of Southwest Louisiana.

Cameron parish students also scored high in CAT scores with students well in front of national scores in almost all of the 10 areas.

Superintendent Sonny McCall said Cameron parish has always scored high on such tests because of its small classes, good teachers and good learning environment. He said the parish has been able to attract better teachers because of its high pay scale. Also the schools have not had the problems of other schools systems with drugs, guns, etc.

Land owner 'sick' over hole cut in old oak tree

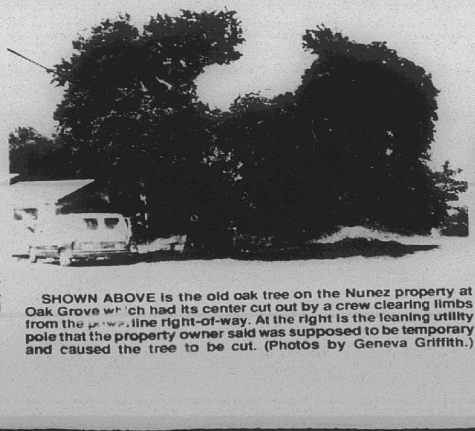
By GENEVA GRIFFITH

James Nunez is mad, or "sick" is more like it.

When he got home from work the other afternoon and went by his camp at the corner of the Oak Grove canal and Trosclair Road he was shocked to see what had been done to "Mr Red's oak tree" in the front yard.

Nunez had inherited the house when his father, Red Nunez, passed away last year. He is redoing in into a camp.

"Mr. Red" was a familiar sight along the highway because he entertained his friends under the stately oak tree in his front yard. In fact, the lawn chairs are still there.



However, this week a crew that is cutting limbs along the powerline right-of-way went on the Nunez land and cut out the center of the old oak tree.

Before Hurricane Audrey in 1957 the utility pole was located south of the highway. However, after the storm the company asked permission to put up a temporary pole on the Nunez property. The family has never granted a right-of-way because it was supposed to be temporary. When asked several times when the permanent pole would be put up, they received no answer.

On top of that the pole is now leaning seven feet to the north of perpendicular.

James Nunez says he is devastated by the mutilation of the tree because it was his late father's tree which he loved so much.

James' brother, Boyd Allen Nunez, who lives in the house next door, said he came home just in time to save his pecan tree from the crew which was fixing to cut it down.

SHOWN ABOVE is the old oak tree on the Nunez property at Oak Grove which had its center cut out by a crew clearing limbs from the powerline right-of-way. At the right is the leaning utility pole that the property owner said was supposed to be temporary and caused the tree to be cut. (Photos by Geneva Griffith.)

Gill net bill passed; Roach voted against it

(American Press)

The House voted 85-17 Saturday giving final passage to a bill restricting gill net use in saltwater areas across the state.

But Rep. Randy Roach, voted against final passage, saying "I did not feel in good conscience that I could vote for it."

The heavily amended bill, by Rep. Warren Triche, D-Thibodaux, now heads to Gov. Edwin Edwards for his signature.

Supported by the Gulf Coast Conservation Association, Triche's original bill was the subject of intense controversy and heavy opposition by commercial fishermen.

All Southwest Louisiana House members but Roach voted to concur with Senate amendments, allowing final passage.

Roach is the only House member representing Cameron Parish, and said he couldn't vote for Triche's bill because "commercial fishing is to Cameron what the petrochemical industry is to Calcasieu."

"I had to consider Cameron Parish", he said. "Cameron's economy was devastated because of the collapse in the oil and gas industry, and a lot of things have happened to the fishing industry. I feel this might be the last straw."

Roach said he recognizes there is a problem with gill net use in saltwater areas, "and no area is worse than Calcasieu Lake". He did get a bill passed to ban gill nets in Turner's Bay, which creates a "free zone" in Calcasieu Lake.

He was pushing another bill to create a 120-day netting season in Calcasieu Lake, but has since dropped it because Edwards has said he will sign into law Triche's bill.

"The problem is Big Lake just isn't big enough," he said. "It's statistically accessible by recreational and commercial fishermen, so there's conflict. There's more and bigger boats, better gear and more free time, so there's more use and conflict."

Candidate speaks to Cameron Lions

By GENEVA GRIFFITH

Greg Marcantel, candidate for Lt. Governor, was the guest speaker at the noon meeting of the Cameron Lions Club Wed., June 14, at the Cameron Fire Station.

Marcantel is the mayor of Jennings and has been recognized nationally for what he has done to revitalize his town and to draw tourists to his area since he was elected in 1989.

Since the Lt. Governor is in charge of tourism, Marcantel, who is running on the Republican ticket, feels like with his experience with tourism in his hometown, he can do a good job of doing the same for Louisiana.

In other business Greg Wicke, club president, read a letter from the DODT answering the club's letter of complaint that the large ferry crossing the Calcasieu was taken out of service during the height of the tourist season.

The DODT said it will take this into consideration the next time the Cameron ferry is drydocked for repairs.

Grand Chenier gets new mail addresses

By GENEVA GRIFFITH

"In cooperation with the Cameron Parish Police Jury, the U. S. Postal Service fully supports the 911 program, and believes that it can be the difference in saving and losing a life because of response time," says Paul Savoit, postmaster of the Grand Chenier post office.

Notices have been sent to patrons on the Grand Chenier postal route explaining how the addresses must be changed on the rural mail boxes.

The Route 1, Grand Chenier addresses have been changed to Grand Chenier Highway, from the eastern end of the highway to the Mermentau River.

Those on the highway from the Mermentau River westward to the Oak Grove Canal are Oak Grove Highway, Grand Chenier, La. 70643.

The addresses for the people with post office boxes will not change.

If the mailing address is changed, it is important that each person notify all personal correspondents, magazines, employers, banks, insurance companies, utility companies, Registrar of Voters, parish assessor, Dept. of Motor Vehicles, Social Security, Veterans Administration, and any other place from which the person receives mail.

The telephone company does not have to be notified. They will automatically make the address changes.

Postal regulations require that the assigned numbers by the 911 commission be put in at least 1-inch high letters on the side of the mailbox.

Anyone with questions about postal requirements may call Savoit 538-2660.

GILL NETS
Cont. from Pg. 1

Roach said, if he put the issue of banning gill nets to voters in his distrct, "the majority would probably vote to ban."

"But I had to consider Cameron," he said. "I had to consider the financial impact on that parish and its people."

Gill nets could be used only for mullet and speckled trout and only for a limited season under the bill.

The measure would also ban commercial fishing for speckled trout after two years, unless the 1997 Legislature changes the law.

Representatives agreed 92-10 to accept the Senate changes to the bill, which started out in the House as a total ban on gill nets.

The Gulf Coast Conservation Association, saying it represented the sentiments of the more than 300,000 recreational fishermen in Louisiana, had been fighting for a total ban. They argued that the huge expanses of mesh — extending as long as four football fields — deplete the state's fishing resources and are often left unattended.

Backers of the state's more than 1,100 commercial fishermen said a ban would put them out of business, and they noted the lack of scientific testimony indicating that the nets were deleting the state fisheries.

The Senate tacked the compromise amendment to the bill Monday, saying that while a total net ban was popular it risked a veto from the governor. Senators then approved the measure 39-0.

The bill would allow gill nets to be used for the harvest of speckled trout and mullet from Nov. 20 until March 1, 1996. The speckled trout season would be suspended when 1 million pounds of fish are harvested.

There would be a similar 1996-97 season for mullet and speckled trout. After that, using nets for speckled trout would be illegal.

Mullet seasons would continue. After 1997, each season would run from the fourth Monday of each October through the fourth Monday in each January. Pompano fishing will be allowed in some areas from August 1 through Oct. 31.

Nets would have to be used as strike nets — they would have to be pulled from the water soon after they are submerged. Fishermen who leave their nets unattended could permanently lose their licenses.

Sonnier takes part in N.Y. commemoration

Navy Airman Carey D. Sonnier, son of Kenneth A. and Angela M. Theriot of Grand Chenier, recently participated in a commemoration of the end of World War II as part of New York City's Fleet Week celebration aboard the aircraft carrier USS America.

Sonnier is one of 5,000 sailors and Marines aboard the aircraft carrier who participated in the Eighth Annual Fleet Week. This year, six U.S. Navy ships, five Coast Guard vessels, and Navy ships from Canada, Denmark and Italy took part in the celebration. Sonnier and fellow crew members began the week with a parade of ships by the Statue of Liberty.

Following the visit to New York City, which included thousands of visitors visiting the ships and a variety of activities for the Sailors, Sonnier headed south for the final phase of a Composite Training Unit Exercise in the Western Atlantic Ocean and Caribbean Sea. COMPTUEX is a two-part multinational exercise which included 18 U.S. ships and the Dutch ship HMNLS Karel Doorman.

During the exercise, USS America's squadrons dropped training bombs and fired torpedos and missiles at targets during day and night operations. The exercise is part of a year-long training cycle designed to prepare the 1,047-foot-long aircraft carrier and its embarked air wing of 70 tactical aircraft for an upcoming six-month overseas deployment.

After being at sea for more than 30 days, Sonnier visited the Caribbean island of St. Martin for three days of recreation and relaxation.

The 1992 graduate of South Cameron High School joined the Navy in September 1992.

The great man is the man who does a thing for the first time.

Bryan Little

Little has a good year

Bryan Colby Little, son of Kent and Ella Little of Grand Chenier, had a successful wrestling year. Bryan competes in the 85 lbs weight division, ages 12 and under. Only his fourth year in the sport, he is the undefeated Cameron Parish Champion, and is the undefeated Louisiana State Champion as a member of the South Cameron Elementary Wrestling Team.

As a member of the Gator Wrestling Club, Bryan competes nationally. He placed 8th in St. Louis, Mo., at the AAU United States National Championships earlier this year.

Joint Masonic, OES meet set

A combined Eastern Star and Masonic meeting will be held at the Masonic Lodge Building in Cameron on Tuesday, June 27.

The meeting will honor the charter members of both the Eastern Star and the Masonic Lodge.

A history of the Eastern Star chapter will be presented by Lynn Catrambone, words for the good of the order by Mary Henry, a history of the Masonic Lodge by Randy Jones, present condition of the Lodge and words for the good of the order by Lonnie Harper. Larry Dyson will set the tone for the evening.

All members are encouraged to bring guests who may or may not be members of the order.

All charter members are urged to attend.

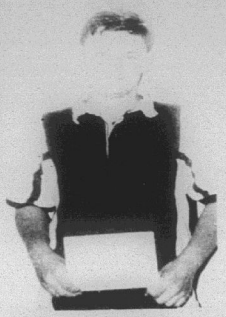
Ramblers to play this week in Lafayette

Vermilionville, Lafayette's Cajun/Creole Historic Bayou Attraction will bring together some of the area's musical greats for a weekend of favorite songs and stories.

The festivities get kicked off Saturday, June 24, at 11:30 a.m. with Canray Fontenot, Bois Sec Ardoin and Morris Ardoin. They will be followed at 1:30 by Cajun accordion player, Marcel "Pop" Comeaux, 72 years "young". The afternoon will conclude with Aldus Roger, 74, on the accordion.



Sun., June 24, will showcase 70-year-old fiddle layer, Adam Hebert at 11:30 a.m. and 63-year-old Andrew Guidry Jr. at 1:30. The festival will conclude with the legendary Hackberry Ramblers featuring band-cofounder, Luderin Darbone, 85, on the fiddle. The band was founded more than six decades ago and has brought their foot-stomping music from coast to coast and has appeared on "Entertainment Tonight."

The Hackberry Ramblers will conduct a music workshop in the Vermilionville Schoolhouse at 1:30. Up-and-coming musicians and fans can chat one-on-one with band members and learn what life on the road was really like. The Hackberry Ramblers take the stage from 3:30 until 5 p.m.

Tickets for the event are $4 for a one-day pass and $6 for the entire weekend.

Vermilionville is located across from the Lafayette airport at 1600 Surrey Street. For more inform,ation, call 318-233-4077.

Student is working with Dr. Sanders

The Southwest Louisiana Area Health Education Center recently announced the names of summer participants in their Primary Care Elective Program. These students currently study at either the LSU School of Medicine in New Orleans, or at Tulane Medical School in New Orleans. All participants will complete four weeks of "hands on" training under the guidance of primary care physicians from around the state.

This elective serves as the first clinical experience for students taking part in this summer's program. One of the participating students, Wilson Wang, is training with Dr. Richard Sanders in Creole, from June 12 through July 7.

In recent years, small rural areas have seen a decline in the number of physicans practicing in their communities. Because of this decline, strong concern has been voiced by community leaders and health care professionals. The Lousiana Area Health Education Centers have developed the elective program to combat primary care physician shortages in these areas. The goal of the elective is to begin the recruitment process early in the medical student's academic career. By training in rural communities, thse areas have the opportunity to retain the doctor for primary care work after medical school.

The American continent is longer from north to south than is any other land area on the globe—about 9,500 miles.

MICAH SILVER and Chad Pitre, both members of the Hackberry Jr. 4-H Club, were state 4-H Junior Wildlife Tour winners. The two will join ten other winners from throughout the state on a wildlife camping trip to Chicot State Park in August.

Roach tells results of his legislation

By REP. RANDY ROACH

During this past session the legislature adopted several of my bills which affected Cameron Parish. The following is a summary of those measures:

House Bill 1204 requires the state to quitclaim title to lot owners in Rutherford Beach subdivision in exchange for the payment of $150 per lot. We will be working with the State Land Office to arrange for the execution of these deeds. This will, hopefully, end the property dispute between the state and the camp owners which has been going on for the last 30 years.

House Bill 2349 dedicates the state's portion of the state sales taxes on motels in Cameron Parish to the Police Jury. This is not a new tax. This money is being collected now and paid to the state. The money will now be paid to the Police Jury to be used for tourism purposes. Approximately $3,000 should be collected for this purpose.

We passed a similar bill for the Southwest Louisiana Tourist Bureau. They will receive the state's share of sales taxes collected on motels in Calcasieu parish. I amended the bill to allow the Cameron Parish Police Jury to receive up to $20,000 from these funds on a matching basis.

House Bill 2446 authorizes the state to pay oyster fishermen for the damages they suffered when the Department of Health delayed the opening of the 1994 oyster season. I will be working with the Department of Wildlife and Fisheries to develop a procedure to handle these payments. The state should be able to disburse this money in late September or early October.

House Bill 799 was amended to allow Cameron Parish to establish a new enterprise zone and a new economic develoment zone. We lost our enterprise zone when the law was amended in 1991 based on updated census data. Enterprise zones and economic development zones will help the Police Jury attract new businesses to our Parish.

HCR 254 is a comanion measure which directs the Department of Economic Development to work with a task force made up of local officials to develop an economic development plan for the Parish.

House Bill 87 authorizes DOTD to transfer the park in Grand Chenier to the Police Jury.

House Bill 93 authorizes the Police Jury to adopt and enforce ordinances relative to grass and weed cutting.

House Bill 105 requires DOTD to erect highway signs on I-10 in Calcasieu Parish indicating exits to "Gulf of Mexico Beaches".

House Bill 260 requires the Office of Public Health to report results of testing for oysters in Calcasieu lake 45 days prior to the oepning of the osyter season.

House Bill 2254 increases the recreational sack limit for oyster fishermen to two sacks per day.

House Bill 597 authorizes Cameron fire districts to provide emergency medical services and transportation.

HCR 95 directs the Department of Wildlife and Fisheries to adopt rules regulating the placement of crab traps in Sabine Lake according to the recommendations of the Cameron Shrimp Task Force.

HCR 141 directs DOTD to work with the Police Jury to develop a plan to erect signs designating the location of communities in the parish.

Next week I will report to you on other legislation which I handled during the regular session. If you have any questions about any of these bills, please do not hesitate to contact my office.

Creole Nature Trail featured in magazine

A two-page article on the Creole Nature Trail in Cameron parish is the lead feature in the July/August issue of Car & Travel, the national travel magazine published by the American Automobile Association.

The front cover of the magazine also carries a full color photo of the beach apparently taken in the Holly Beach area.

The article tells about Holly Beach, "the Cajun Riviera," and notes that there are 25 miles of beach open to the public in the area. Also mentioned are the Sabine, Rockefeller, Lacassine and Cameron Prairie wildlife refuges, the Boudin Factory at Sweetlake and Captain Sammie Faulk.

The magazine does take some literary license with its article and the accompanied map. Instead of showing the Creole Nature Trail as starting in Sulphur and making the circle of the lake via Hackberry, Holly Beach, Cameron, Creole, Sweetlake and Lake Charles, the magazine shows the trail as heading east from Creole through Grand Chenier, Erath, Franklin, Morgan City, Houma and ending at Grand Isle.

But this nationwide coverage, if slightly in error, is certain to spark some additional visitors to the parish this summer.

Excel program graduates 18 students here

The Excel Tutoring Program held its closing ceremonies on May 30 at Bargeman Memorial Church of God in Christ. Eighteen students in grades 1-5 were tutored in various subjects.

Participants were Jeremy Williams, Lacey Sedlock, Heather Williams, Kristian Williams, Karisha Fountain, Brittany Sedlock, Brittany Fountain, Shantay Bartie, Shantell Bartie, Deon Bartie, Neal Felton.

Tutors were Linda Felton and Cheryl Parks. Junior tutors were Irvin Yerby, Renesha Fountain, Sharika Jean-Jary.

Individuals, organizations or businesses who helped with the program wre Rev. Leo Tyler, the Bargeman church family, Latrell January, Rev. Willie Smith, Sr., Macedonia Baptist Church, Lois Bartie, Shirley Fountain, Linda Fellon, Patricia Dugas, Cornellia Dunaway, Cameron Food Mart, Brown's Market, Eva January and Production Filers Sales.

The fall tutoring program will begin in August and will be held at the Macedonia Baptist Church.

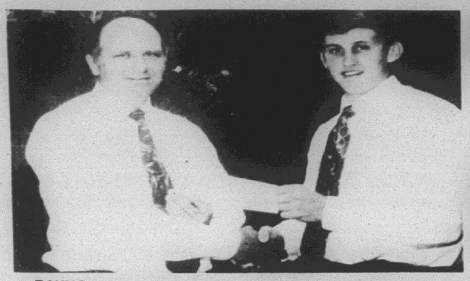
New G. Lake principal to be named soon



The Cameron Parish School Board will name a new principal for Grand Lake high school at its July 5 meeting.

Jim Melancon has served as acting principal at the school for the past year while the principal, Pearl Leach, served as acting curriculum supervisor of parish school for the 1994-95 school year.

Mrs. Leach was filling the parish position while Judy Jones, the regular supervisor, took a sabatical leave. Miss Jones has now returned to her job.

Mrs. Leach has advised the school board that she is taking retirement so a permanent appointment needs to be made for the Grand Lake principal.

A job advertisement notice listing the qualifications for applicants can be found elsewhere in the Pilot.

RAYMOND HENAGAN, General Manager of Cameron Telephone Company, congratulates John Bourgeois as he accepts the 1995 W. T. Henning Memorial Scholarship. This award is presented annually to a graduate from one of the four Cameron Parish High Schools.

POSTMASTER Geneva Dyson of Creole presented South Cameron Elementary School with a bald cypress tree to commemorate Arbor Day. Pictured are Lauren Sanders, Geneva Dyson, Shaun Fawvor and Barry Wayne Richard, principal of South Cameron Elementary School.

CAMERON ELEMENTARY 4-H elected 1995-96 officers at their May meeting. They are, left to right, front: Louis Hebert, vice-president; Chance Doxey, secretary; Jessica Murphy and Thomas Johnston, parliamentarians. Back row: Tabatha Beard, treasurer; Kristin Sturlese, reporter; Kayla Kelley, president; Josh Picou, CRD chairman.

Scholarship told

John Bourgeois, a 1995 graduate of South Cameron High School was selected to receive the W. T. Henning Memorial Scholarship given annually by Cameron Telephone Company. The $1,000 scholarship is awarded to a Cameron Parish graduate interested in pursuing a degree in the Electronics or Technology field at McNeese State University.

During high school, John was a member of the basketball team, Beta Club and the FFA. He plans to enter McNeese this fall where he will begin his studies in Electronics. He is the son of Joseph and Bonnie Bourgeois of Cameron.

Scholarship applications are accepted from graduating seniors in all four Cameron Parish High Schools, and those interested in Electronics are encouraged to apply. Applications may be obtained from the counselor's office at Grand Lake, Hackberry, Johnson Bayou or South Cameron high schools. Final selection of the yearly recipient is determined by the McNeese State University Scholarship Club.

Paul Batts receives Burton scholarship

For the 29th consecutive year, the William T. and Ethel Lewis Burton Foundation has provided four-year scholarships totaling more than $80,000 to area high school seniors.

The scholarships, valued at $4,000 each, were established to help local students continue higher education at the school of their choice. Recipients are chosen by school communities. Selection is based on excellence in scholarship, character, conduct, respect for authority, demonstration of leadership qualities, participation in extracurricular activities and personality.

Paul Wayne Batts, South Cameron High School, ranked sixth in his class of 49 with an academic average of 3.6. He plans to attend McNeese State University where he will study Accounting and Pre-Law.

Batts was very active at his high school. He was a member of the football team, elected to the District 6AA All District Football Team, a Member of the Golf Team, 4-H Club President, Louisiana 4-H Club Parliamentarian, member of the Beta Club and elected State Quiz Bowl Monitor, Member of Future Farmers of America, Future Business Leaders of America President, CYO Member, active in the Boy Scouts and will attend the Presidential Classroom in Washington, D.C. He received a National Merit Award in Science.

He is the son of Wayne and Mona Sue Batts, and was presented his award by Yvonne Mhire, Calcasieu Marine National Bank Assistant Vice President and Cameron Branch Manager.

Worker dies in the Gulf

Divers found an offshore worker Friday who died after falling off a rig and drowning.

The U.S. Coast Guard found Jeremy Boyd at 11:30 a.m. about 33 miles southeast of Cameron, said Coast Guard Lt. Scott Bates.

Boyd's hometown is unknown.

The victim, who worked for Houston Exploration, slipped off a harness and into the Gulf of Mexico, Bates said. The Coast Guard received word of the accident at 5:30 a.m. Friday.

Pastor to be honored by Creole KC council

BY LOSTON McEVERS

The J. P. Boudoin Sr. Knights of Columbus Council 3014 of Creole met this month and a supper was prepared by Fredman Theriot and Burl LaBove.

It was voted to honor our pastor at Friday evening mass, "The feast of the Sacred Heart", at the Sacred Heart Church in Creole, on June 23.

Because of the Knights founding by Father Michael J. McGivney, the Catholic priesthood has a special place in the hearts of the 1.5 million members of the Knights of Columbus.

Council 3014 would like to ask all to join us on June 23, as well as June 24 and 25, masses in honor of our pastor, Msgr. M. J. Bernard, in prayer for our priest and also for the priests who have served Sacred Heart so well.

Msgr. Bernard has been with us at Sacred Heart in Creole for 23 years and has served us well. The Knights thank him for all he has done for our church parish, for the Council 3014 and wish him well.

Let us all as Knights remember to pray for vocation to the priesthood and for the newly ordained Father Wayne LeBleu and also for Johnny Savoie, also of Creole, who will be ordained later this year.

Creole Scouts take trip to Arkansas

Boy Scout Troop 202 spent a week traveling in Arkansas recently. Leaving Creole June 10, the Troop spent three days at Ouachita State Park, canoeing in Lake Ouachita and hiking in the Ouachita Mountains. They then went to Ponca, Ark., where they canoed in the Buffalo River and hiked in the Ozark Mountains.

Boys Scouts Kris Johnson, Cody Styron, Blake Trahan, Michael Semien, Neil Boudreaux, Joshua Dupuie, Jonathan Cogar, Michael Boudreaux and Ryan Core participated in the activities. Scoutmaster Bill Morris and Leaders Michael Semien, David Trahan, D. A. Dupuie, Danny Boudreaux and John Cogar accompanied the boys. The Troop returned home June 17.

All the Scouts who made the trip qualified for their Canoeing merit badge.

Horse show set in L.C.

The annual Southwest District Light Horse Show will be held Wed., July 5, at Burton Ag Arena. This year's show will involve over 100 4-H and FFA youth from southwest Louisiana who will exhibit over 150 horses. The show will begin at 8:30 a.m. with the speed events, followed by halter and the other performance classes.

More than half of those surveyed placed great importance on an agent who could select policies from a number of insurance companies over those who could select policies from one company alone.

FISHING NEWS

Cameron Parish is hot as it ever was on fishing for the month of June so far. Bass fishing is getting better, although lots of small bass and the heat of the day makes early morning and late afternoon fishing best. Redfish and speckle trout along with a few flounder are good fishing from up in Big Lake down the gulf outlet, the saltwater marshes and along our beaches. Crabbing has been a little slow, but picking up. The offshore fishing is getting better and seas are down and anglers are getting further offshore.

Cobia close to 50 pounds, snappers up to 15 pounds are being caught along with a few king mackerals, plus the other usual fish taken offshore.

Lacassine Bayou is producing some nice white perch.

The washout is producing nice speckle trout, in fact a 6-11 was caught, plus a number of redfish in that area.

FISH HATCHERY

We've all seen what stocking of fish can do to an area. Example - the Atchafalaya Basin - the largemouth bass in that area have seen its populations recover from the damage of Hurricane Andrew three years ago. There were 7.9 million fish stocked of different species; of that 1.1 million were largemouth bass. Now, will our lakes and area lose these stocking programs? It seems the U.S. Fish and Wildlife Service has a plan that would close 11 federal fish hatcheries in 1996 with 22 states receiving fish from these hatcheries.

The USF&W proposed tranfer of the hatcheries to states on a voluntary basis and if the states don't take over the operation of the hatcheries they will be closed. In 1997 they plan to shut down another 15 hatcheries which would make one-third of public federal hatcheries in the next 18 months.

The closing of these hatcheries would destroy fishing opportunities from coast to coast and have a large impact on local economy, especially those who depend on anglers dollars, which would cut into retail sales of tackle.

To my fellow anglers - this is serious if we're to see our lakes and marshes continue to have great fishing and a good stock of fish. Contact your senator or representative in Washington and let him know how you feel.

Two 13 pound plus bass were caught in Caney Lake. They were caught in two days, thanks to good stocking of bass. This is just one example.

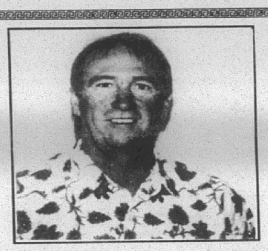
COMMERCIAL FISHING NEWS

As you read this I don't know what the outcome on the gill net ban will be. I had one commercial fisherman tell me something that made good sense. It seems that most of the argument is over Calcasieu Lake (Big Lake), and most of the commercial fishermen are from Cameron Parish. Well, draw the line and let the fishermen have their nets in Cameron Parish and let the GCCA (Gulf Coast Conservation Assocation) fish in Calcasieu Parish.

I don't think the GCCA made any points with a comment made in Lake Charles about calling the legislators "bottom dwelling scumsuckers" or was that fish they were talking about. An apology was made, however, I think it did no harm.

NEWS BRIEFS

A few number of people have had phone calls for a donation to help wildlife. I would like to remind you, these people have nothing to do with the La. Wildlife and Fisheries office in Baton Rouge.



The calls you are getting are from the La. Wildlife Agency Association, named close, but not the same. These people are based in Lafayette and do have lawyers and others in their organization. It's a legal organization which probably does good and they lobby in Baton Rouge, but the money, if you send them any, is for them to do their thing and none of it goes to the La. Wildlife and Fisheries.

FEEDING PERIODS

Best: Fri., June 23, 7:15 a.m. and 7:40 p.m.; Sat., June 24, 7:55 a.m. and 8:20 p.m.; Sun., June 25, 8:40 a.m. and 9:05 p.m.

Good: Fri., 1:10 a.m. and 1:25 p.m.; Sat., 1:55 a.m. and 2:05 p.m.; Sun., 2:35 a.m. and 2:50 p.m.

Bring a kid fishing and it'll make your day.

I would like to announce my candidacy for Police Juror of District 1, Precincts 1 & 2 of Cameron Parish. I have been a resident of Johnson Bayou for nearly 25 years. I am married to the former Juanita Jinks and we have two children, Dominique 10 and Sabrina 6. I am employed by Equinox Oil Company.

I am seeking your support for the office of Police Juror in hopes that together we can work for the betterment of our Parish. As your representative I will be your voice in matters that concern all the residents of Cameron Parish. Every citizen has the right to be heard and I assure you that it will be my goal to listen to your needs and work with our governing body to see that all citizens are given consideration when making decisions that concern our parish.

Your support would be greatly appreciated. I will be looking forward to meeting with you in the near future to discuss your concerns.

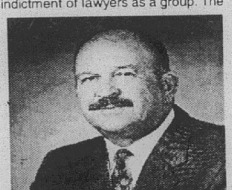
WHOLE LOTTA SUING GOING ON

CAMPAIGN '95 — THE GOVERNOR'S RACE

By: M.J. "MIKE" FOSTER



I think there are way too many lawsuits going on and so do most people I know. Do you?

With the exception of a few uninsured people, most folks I know are sick of high insurance rates and the threat of being dragged into court to defend themselves on any trumped-up charges. Ordinary home owners, small business people, teachers and law enforcement officers (to name a few) are fed up with having their lives and professions threatened by the present legal system.

We have laws like "Gotcha", "Deep Pockets", and "Let the Lawyer Punish You", that have been dreamed up by a small, greedy minority of the legal profession. "Gotcha" (strict liability) makes you pay even when you are careful and do nothing wrong on your own property. "Deep Pockets" (solitary liability) can make you pay just because you were there. "Let the Lawyer Punish You" (punitive damages) can drag you into court to face fine proceedings without the benefit of a grand jury of your peers to review the charges, as occurs in criminal cases.

No wonder our insurance rates are sky high and no wonder most people are totally disgusted with the system. The people of Louisiana are paying some of the highest insurance rates in the country.

This whole legal environment has been created by a few greedy lawyers in key political positions, who have rigged the system like a slot machine to pay off for them. Unfortunately, it works! These lawyers who work the system have made so much money, that they are opening the world's biggest casino in New Orleans. I don't mean this as an indictment of lawyers as a group. The majority of them are honorable and practice law in a positive way to help the public through our maze of rules, regulations and laws. My problem is with the FEW who work the system to the detriment of the vast majority of the citizens of this state. Couple these powerful few with a judiciary that owes its election to campaign contributions from the same powerful groups and you have a system that can make our life difficult. It can also financially break our state and local government.

M.J. "Mike" Foster

Fact: The State of Louisiana's insurance program is a BILLION dollars in debt and most local governments can't even get insurance. Call it a government problem, but it's OUR dollars and OUR problem.

I'm tired of high insurance rates and the constant threat of lawsuits. I want to change the present system and can with your help. Don't look for many other candidates to get excited about this issue, because guess where the big campaign contributions come from?

I would like to take this opportunity to apologize for the interruption of my scheduled article publication. Although I had hoped to continue my articles every two or three weeks, the current legislative session has truly been all consuming. Rest assured, I am in this race for the duration.

If you enjoy these articles and would like to help me continue them, a contribution of $5, $10, $25, $50, or more would be greatly appreciated and very helpful.

RESOLUTION

A resolution ordering and calling a special election to be held in the Law Enforcement District of the Parish of Cameron, State of Louisiana, to authorize the levy of a special tax therein, making application to the State Bond Commission in connection therewith and providing for other matters in connection therewith.

WHEREAS, Act No. 689 of the 1976 Regular Session of the Louisiana Legislature (R.S. 33:9001, et seq.) (the "Act") created a law enforcement district with boundaries coterminous with the boundaries of this Parish and designated the Sheriff as the Chief Executive Officer thereof; and

WHEREAS, the Law Enforcement District of the Parish of Cameron, State of Louisiana (the "District") is in need of additional funds for its operation; and

WHEREAS, the Act provides for the methods of funding the District and authorizes the Sheriff and Chief Executive Officer of the District to call a special election to impose an additional millage on all property subject to taxation within the District when approved by a majority of the electors voting thereon in an election held for that purpose;

THEREFORE, I, James R. Savoie, Sheriff of the Parish of Cameron and Chief Executive Officer of the "Governing Authority") of the Law Enforcement District of the Parish of Cameron, State of Louisiana, pursuant to the authority vested in me by the Act, hereby order:

SECTION 1: ELECTION CALL: Subject to the approval of the State Bond Commission, and under the authority conferred by Article VI, Sections 22, 30, and 32 of the Constitution of the State of Louisiana of 1974, the Act, and the applicable provisions of Chapter 5, Chapter 6-A and Chapter 6-B, Title 18 of the Louisiana Revised Statutes of 1950, as amended, and other constitutional statutory authority, a special election is hereby called and ordered to be held in the Law Enforcement District of the Parish of Cameron, State of Louisiana (the "District") on Saturday, July 15, 1995, between the hours of six O'clock (6:00) a.m. and eight o'clock (8:00) p.m., in accordance with the provisions of LA.R.S. 18:541, and at the said election there shall be submitted to all registered voters qualified and entitled to vote at the said election under the Constitution and laws of this State and the Constitution of the United States the following propositions, to-wit:

RESOLUTION
PROPOSITION I

SUMMARY: RENEWAL OF EIGHT (8) MILL PROPERTY TAX FOR THE PURPOSE OF PROVIDING CONTINUED FUNDING FOR THE LAW ENFORCEMENT DISTRICT OF THE PARISH OF CAMERON FOR SALARY OBLIGATIONS AND NORMAL OPERATING EXPENSE OF THE DISTRICT.

Shall the Law Enforcement District of the Parish of Cameron, renew eight (8) mills on all property subject to taxation in said Law Enforcement District, beginning with the year 1995, and expiring in the year 1999, for the purpose of providing continued funding for the District for salary obligations and normal operating expense?

PROPOSITION II

SUMMARY: LEVY OF AN ADDITIONAL TWO(2) MILL PROPERTY TAX TO PROVIDE FOR INCREASED OPERATING COSTS.

Shall the Law Enforcement District of the Parish of Cameron, State of Louisiana, be authorized to levy and collect an additional two (2) mill property tax on all property subject to taxation in said Law Enforcement District beginning with the year 1996, and expiring in the year 1999, for the purpose of providing for increased operating costs?

Bids may be for the whole or any particularly described portions of the tract advertised herein.

All bids are to offer a Cash Payment, one half (1/2) of which is to be bonus as full and adequate consideration for every right granted by the lease and one-half (1/2) of which is to be rental for the first year of the lease, for a lease having a primary term which shall not exceed three years, and if the bid offers a delay rental the Annual Delay Rental shall not be less than one-half (1/2) of the aforesaid cash payment, which lease is to be granted without any warranty or recourse against lessor whatsoever, either expressed or implied, not even for return by lessor of any payments received under the lease or being otherwise responsible to lessee. Minimum royalties shall be one-fourth (1/4) of all oil and gas produced and sved; one-eighth (1/8) of the value per long ton of sulphur produced and saved which shall yield not less than $2.00 per long ton; one-eighth (1/8) of the value per ton for all potash produced and saved; which shall yield not less than ten cents ($.10) per ton; and one-fourth (1/4) of all other minerals produced and sved.

All leases awarded shall be executed upon terms and conditions provided in the current Cameron Parish School Board lease form with all applicable riders appended thereto, including Approved Rider for Attachment to State Agency Lease Forms, and including, but not limited to, provisions as follows: Should lessee fail to begin the actual drilling (spudding in) of a well on the lease premises within one year from the date of the lease, if the lease shall terminate as to both parties to the lease, unless on or before such anniversary date, lessee shall pay a delay rental equivalent in no event to be less than one-half (1/2) of the aforesaid cash payment offered for the lease), which shall cover the privilege of deferring drilling operations for a period of one year.

Upon like payments annually, drilling operations may be further deferred for successive periods of one year each during the primary term of three years. The lease shall provide for drilling of offset wells where necessary to protect the Board's interests and shall contain the provisions against the assignment of sublease of the lease unless approved by the School Board. The lessee shall have the right to enter into pooling or unitization agreements with respect to development of the leased premises subject to the approval of the School Board.

Any lease granted hereunder shall be on the regular current Cameron Parish School Board lease form with Approved Rider for Attachment to State Agency Lease Forms and shall be subject to the approval of the State Mineral Board. A copy of the said lease form and rider are available for inspection at the office of the Cameron Parish School Board in Cameron, Louisiana. Certified check, bank money order, or cashier's check, payable to the Cameron Parish School Board for the full amount of the bonus, shall accompany each bid submitted with each bid; and no bid thus submitted may be thereafter withdrawn or cancelled; and the cash bonus accompanying the bid of the successful bidder shall be forfeited to the Cameron Parish School Board should he not return the written lease, duly executed, within twenty (20) days after his receipt of the same.

The Cameron Parish School Board reserves the right to reject any and all bids and/or grant a lease on any portion of the tract advertised for a price not less than proportionate to the best bid offered for the lease on the entire tract.

Mullethead tournament held here

By JOE MUELLER

The Cameron Recreation District No. 6 softball fields were busy last weekend as 42 teams took part in the annual Mullett Head Tournament.

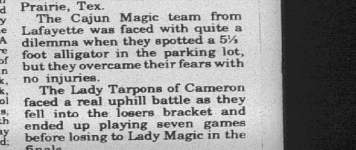
The Mens D Division as won by Sendals Elite, Frosty Factory garnered 2nd place and Sporting Edge was 3rd.

The D Division teams in the top 3 qualified for the USSSAA Regional Tournament in Albuquerque, N.M.

Mens E Divison was won by Choupiques of Lake Charles, Bones of Westlake was 2nd and the Cameron Tarpons were 3rd. All 3 teams qualified for the Houston Invitational Tournament.

In the co-ed division Line Drive claimed 1st, Classic Audio of Sulphur was 2nd and Menard Bar and Grill of Scott was 3rd. All three teams qualified for the World Tournament in Hutchinson, Kan.

The Ladies Division was won by Cajun Magic of Lafayette followed by the Lady Tarpons of Cameron and the Wildcats of Cameron. These teams qualified for the Divisional Tournament in Grand Prairie, Tex.



The Cajun Magic team from Lafayette was faced with quite a dilemma when they spotted a 5½ foot alligator in the parking lot, but they overcame their fears with no injuries.

The Lady Tarpons of Cameron faced a real uphill battle as they fell into the losers bracket and ended up playing seven games before losing to Lady Magic in the finals.

The proceeds of the tournament were equally divided between the Lady Tarpons 18 and under girls team, the Creole Tarpons boys 18 and under team and the Creole Marlins, a 12 and under boys team.

The District 6 Recreation District handled all the concessions for their share of the profits.

The beer drinking trophies were won by Lane Drake on the mens side and Galtons on the womens side.

Air conditioning was invented in 1902.

REQUEST FOR PUBLIC
COMMENT ON A PROPOSED
AIR POLLUTION SOURCE
CHALKLEY FIELD PRODUCTION
FACILITIES, FRENCH
PRODUCTION, Inc.
SWEET LAKE,
CAMERON PARISH,
LOUISIANA

French proposes to permit their grandfathered oil and gas production facility, Chalkley Field Production Facilities. The overall total production of dry gas and truckloading operations are restricted by federally enforceable conditions to maintain the VOC emissions below the 100 tpy major source threshold. The total estimated emissions, in tons per year, from the facility are as follows:

Pollutant	Emission Rate
PM_{10}	0.25
SO_2	Neg.
NO_x	1.83
CO	0.38
VOC*	94.31

*VOC include the following toxic air pollutants:

Benzene	4.27
Toluene	6.24
Ethylbenzene	0.68
Xylene	3.97
n-Hexane	1.52

The Air Quality Division, Louisiana Department of Environmental Quality, has reviewed the application and has made a preliminary determination of approval. For 30 days from the date of publication of this notice, the public is provided the opportunity to comment on the proposed permit.

A copy of the application and the proposed draft permit are available for inspection and review at the Office of Air Quality and Radiation Protection, 7290 Bluebonnet Drive, Baton Rouge, Louisiana 70810; and the Cameron Parish Library, Marshall Street, Cameron, Louisiana 70631.

Written comments on this project may be submitted to the Administrator, Air Quality Division, Post Office Box 82135, Baton Rouge, Louisiana 70884-2135. All comments will be considered prior to a final decision. It is requested that all correspondence specify Review Number 13071.

Legless lizards are common in Cameron

The creatures very closely resemble snakes. They are slender, legless reptiles that seem to slither about in sandy portions of the state. Closer examination shows that these animals actually possess eyelids and ears, marks distinguishing them as glass lizards.

"They're just your basic lizard without legs," said biologist Jeff Boundy of the Department of Wildlife and Fisheries. "They have eyelids and external ears. They have a pelvis, but they don't have any bones going out where the legs should be."

There are two species of glass lizards in Louisiana — the slender glass lizard and the eastern glass lizard. The former has been found throughout the state, although they are most common on Cameron Parish cheniers. The eastern glass lizard is confined almost solely to the Florida Parishes. Both species can grow to measure more than three feet and can be found in early summer prowling about looking for insects and smaller lizards to eat.

The slenner glass lizard is a golden tan, with dark stripes and the eastern glass lizard has a very fine, dull olive checkering. The diameter of both species is about the thickness of an adult's thumb.

Neither species is commonly seen, although the eastern glass lizard is the most rare. The reason for few sightings seems to be habitat related. Glass lizards prefer sandy areas, allowing them to seek shelter under the loose soil. "That could be why they like the cheniers," Boundy said.

LDWF zoologist Steve Shively said he believes the slender glass lizard in particular could be more common than thought, but its secretive nature means that very few are actually seen. "They spend a lot of time under grass or in burrows," Shively said. "That makes it very hard to find them."

Anyone who has attempted to handle a glass lizard has learned that this species has some of the same characteristics as its legged cousins. When harassed or frightened the creature's tail pops off and wiggles furiously.

"It's almost impossible to hold one carefully enough to keep their tail from breaking off," Shively said.

Lizards have evolved this trait to distract predators while the would-be meal escapes. A glass lizards' odds are improved because its body makes up only about 25 percent of its total length. The body of a three-foot-long glass lizard measures only about 10 inches long. "The body just skulks away while the predator is looking at this tail flopping around," Boundy said.

To further confuse predators the tail can break into many pieces. "Sometimes it seems that things are breaking off everywhere," Shively said. "That's how it got its name."

Snake-like features and the fact that the tail grows back in time has given rise to a legend that the lizard shatters at will. The myth continues that the head of the creature, known colloquially as the jointed snake, returns later to collect the pieces and rejoins to quickly form a complete reptile. Boundy, however, estimated that it takes about two years for a glass lizard to replace its missing tail.

Distinguishing these lizards from snakes is fairly easy, if one knows what to look for. Ears and eyelids serve as good indicators. If the lizard is moving, however, these features may be difficult to spot. Therefore, the method of locomotion should be observed — if it looks like a large worm writhing along, it probably is a glass lizard.

When a glass lizard is moving, it really wiggles more than it slithers," Shively said.

Evacuation rules

Rules concerning the evacuation of bedridden patients from lower Cameron parish in the event of a hurricane threat have been announced by the South Cameron Ambulance Service and the Cameron Parish E.M.S. in association with the South Cameron Memorial hospital.

The complete rules, along with ambulance numbers to be called, are printed in an ad by the hospital elsewhere in this issue of the Pilot. It is suggested that anyone have relatives or friends that may need to be evacuate cut out this ad and keep it handy for use if and when needed.

CAMERON TO HAVE UTILITY PLANT

The town of Cameron, the parish seat of Cameron Parish, is soon to be electrically lighted and to have a local plant manufacturing ice for citizens of the town and for visitors who are taking their vacations during the summer along the gulf coast of Southwest Louisiana.

Cameron is also to soon have pure artesian water along with other modern conveniences in the homes of residents of the future port of entry city at the mouth of the Calcasieu River.

The Cameron Ice, Light & Fuel Co., composed chiefly of Cameron stockholders and offered entirely by local citizens, has erected a building and is now installing machinery and wiring homes for electric light service in the near future.

Officers of the new company are L. R. Henry, president; John B. Daigle, vice president; and Dellino LeBoeuf, secretary-treasurer.

Cameron is not an incorporated town and a franchise to do business was granted to the company by the police jury of the parish. The company under its charger is authorized to manufacture, buy and sell ice; to operate a system of waterworks; and to buy and sell coal, wood, oil, etc.

Recently a delegation of Calcasieu citizens, including members of the parish police jury and District Attorney John J. Robira, went to Baton Rouge in the interest of highways for Cameron. Benson Vincent, president of the jury was assured by the Louisiana Highway Commissin that bids would be asked in July for the graveling of the Gulf Beach Highway between Hackberry Island and the town of Cameron. The grade for this road has been completed for some time, with the exception of finishing work. Trestles are also to be erected to permit the passage of water from western marshes into the Calcasieu Lake and river.

Long before this highway is completed, the people of the town of Cameron will be able to offer visitors the comforts of ice, electric lights and pure water. A highway has long existed between Cameron and Creole and Grand Chenier. Plans have been underway for more than ayear for the construction of a western road from Cameron to Johnson Bayou, and when this is completed, officials of the new utilities company believe they will have ample markets for the first unit of their ice factory.

CAMERON CATTLEMEN'S ASSOCIATION

Mark Richard, cattleman and former Cameron Parish Sheriff, was re-elected president of the Cameron Cattleman's Association for the fourth consecutive term at the annual spring meeting Sturday at the VFW Hall at Cameron.

Billy Doland of Grand Chenier was named vice president, and Clifford Myers of Cameron will serve as secretary and treasurer.

A field tour to view new varieties of corn, Gulf rye grass pastures and a farm built rotary tiller preceded the meeting and barbecue.

PROGRAM AT CAMERON ELEMENTARY

The Cameron Elementary School's spring program was held Thursday evening with the theme "Around the World in Ninety Minutes."

Tommy Kershaw gave the pledge of allegiance and was the reader. Arlene Roux, Tommy Kershaw and Joe Clark led in the singing of the Star Spangled Banner.

JUNE DAIRY MONTH
(By Mrs. Tom Taylor)

The big kick-off for June Dairy Month on KPLC TV's parking lot last Wednesday was a humorus program which brought hearty laughter to many of our local TV viewers.

Cows were furnished by the McNeese farm. Four outstanding community leaders participated in the milking contests. There were two police jury presidents, Tumpy Hebert of Cameron and Tom Watson of Calcasieu, and Sheriff O. B. Carter of Cameron and Sam Mazilly who represented Sheriff Reid of Calcasieu.

Milking may have been a daily chore for these men in their younger days but judging from the meager amount obtained by Sheriff Carter and Mr. Watson, they haven't milked for many a moon.

OPTIMIST CLUB

New officers of the Cameron Optimist Club were installed Saturday night at the Seven Nations Restaurant at the Lake Charles Municipal Airport. The meeting was a joint affair with the Lake Charles and Westlake Optimist Club, who also installed officers.

Cameron officers are Conway LeBleu, president; and Sing Faulk, Roy Theriot, Ray Champagne, Jimmy Derouen and Roland Trosclair.

ACADEMIC TROPHY WINNER

John L. Colligan, son of Leland L. Colligan of Hackberry, received the Dr. William L. Bendel Memorial Trophy during Honors Day at Northeast Louisiana State College recently. The trophy is awarded annually to the outstanding pre-medical student.

John was listed as one of the 29 Honor Students out of the 251 member graduating class. He will enter LSU Medical School in New Orleans this fall.

TB ASSOCIATION BOARD

Miss Elora Montie of Grand Chenier was named as a new member of the board of directors of the Calcasieu-Cameron Tuberculosis Association at the annual meeting held Monday.

Joe W. Doxey of Cameron continues as a member of the executive board of the association.

GARDEN AWARD

Interesting placement and color of plant materials, well cultured and kept lawn, pruned, healthy shrubbery were the factors in the Garden of the Month award given the Charles F. Heberts.

The Conway LeBleus, Louie LeBouefs and Mrs. Delino LeBouef received honorable mention for the general all over effect and neatness of the lawns.

ROUNDBOUT THE PARISH

Grand Chenier - Mosquitos are very plentiful on Grand Chenier. Cattlemen are having to make smoke to help fight the insects. Leonard Little moved his cattle to Edgerly and Lionel and Charlie Theriot are moving their cattle to Creole. This is the worst outbreak since Audrey. A new crop of mosquitoes hatched out Sunday night.

Sweet Lake - Grand Lake - I. P. Renfro, former band director of Grand Lake High, who this week is visiting in this area, is receiving a royal welcome from his many friends. He was a dinner guest of the Nolton Richards Sunday evening. He also visited Mr. and Mrs. Absie Duhon. Having come by train, Mr. Renfro had no way of transportation. To his surprise, Mr. Duhon presented him with his Chrysler for use for the duration of his stay. Mr. Renfro's daughter, Martha, has been a house guest of Mrs. Nancy Precht for the past few days.

Cameron - Visiting Judy Hebert as overnight guests last Thursday were Diane and Pat Davis, daughters of Mr. and Mrs. Furman Davis of Tampa, Fla., and Gloria Peron of Cameron. The girls enjoyed a slumber party.

The annual barbecue for the Calcasieu Marine National Bank employees and officials was held Saturday night at the home of the bank manager, James L. Derouen.

Oak Grove - The members from the Oak Grove Baptist Church enjoyed a skating party Saturday at Pelican Skate Land in Lake Charles. Those attending from Cameron were Kenneth and Dale Epperson, Richard McClelland, Juanita Mongier, Shelia Boudreaux and Wendell LaFosse.

Black News - Lester Bartie, Henry Bartie, and L. L. Bartie attended the Sunday School Congress of the Southwest Missionary Baptist Association June 5-8, at Lake Charles in The Greater St. Mary Baptist Church. Lester Bartie is superintendent of the Ebenezer Baptist Church Sunday School.

The Challenge of Genealogy

by MARIE WISE

The first in a planned series of books to record and preserve information from all tombstones in all cemeteries in Vernon Parish has been published by Jane Parker McManus, CPS.

Including much more information than her earlier volumes of Vernon cemetery inscriptions, this new, revised edition is an important supplement to genealogy and history of the parish.

From the Preface by Ms. McManus: "When the courthouse in Rapides Parish burned in 1864, it effectively destroyed the vital records that were available up to that time. As Vernon Parish was a part of Rapides until 1871, any records of its early settlers were also consumed in that blaze."

"The absence of this critical information in Vernon Parish quickly became apparent as I began my genealogical research in the late 1960's and early 1970's. To fill this gap, I found myself in the family cemetery to search for missing information. After many trips of this nature, I realized there must be people all over the country who were faced with this same problem, but without the means to visit the graveyards and obtain the information themselves."

"This new version of the Vernon Parish Cemeteries is better than the last. It (is) easier to read; all the information on the tombstones has been preserved; and the burials were copied as they lie in the cemeteries in order to preserve family relationships. There are many people who assisted with *additional* genealogical information, and that data has been included in this book in brackets."

VERNON PARISH CEMETERIES

Lest We Forgot: Cemeteries of Vernon Parish, Louisiana (Revised Edition) Volume I covers almost 50 cemeteries of varying sizes, many with dates from the 1800's.

Interesting history is given for many: Antioch, Old Antioch, Blue Branch, Old Burr, Collins, Cooley Family, Drakes Fork, the (old) Fort Polk cemeteries, Glass Window, Good Hope, Holly Grove Methodist, Laurel Hill, Mayo, Melton, Mitchell, Mt. Pleasant, Pine Island #1, Silver Creek, Welcome, Wisby.

Each begins with where the cemetery is located, how to get there, condition, description, special features, when the inscriptions were read, people who helped with the information, etc.

With all inscriptions given in full and additional genealogy often added, these cemetery records make a great deal of family data now readily available.

The volume is softcover, 8 1/2 x 11 in.; has photos and a full-name index including maiden names as known; is available at $30.00 plus $2.50 mailing from the author and compiler: Jane P. McManus, CPA, 4604 Parliament Drive #107, Alexandria, LA 71303-2732.

CLIBORN-CLAIBORNE

Cliborn - Claiborne Records by Lolita Bissell traces this distinguished line from the c1235 birth of Robert le Franceys de Cliburn in northwest England to establishment of the family in Colonial Virginia through William Claybore who first went there in 1621; then through succeeding generations to the American Revolution wherein there were many leading patriots.

Section III of this book, "East Tennessee Kin", traces John Cliborn, Sr. who moved in 1804 with his large family from Franklin County, Virginia to Claiborne County, Tennessee. In this section, families of some descendants are brought down 8 generations to 1986 when the book was first published. Included is the author's line.

This Cliborn - Claiborne genealogy (several variant spellings) is extensively researched, well-written, and filled with prominent ancestors, one of its strengths being the unusually thorough presentation of connecting families.

William Charles Cole Claiborne for whom Claiborne County was named, served as a judge of the Tennessee Supreme Court, member of the U.S. Congress, Governor of the Mississippi Territory, and after the Louisiana Purchase, as first Governor of the Territory of Orleans, 1804-1812, and as first elected Governor of the state, 1812-1816, dying the following year at the age of 42 after election to the U.S. Senate.

Mrs. Bissell's excellent genealogy, hardback with book jacket, 6x9 in., 370 pages, illustrated, full-name indexed, is available at $40.00 incl. mailing from her, 4221 Farrar Ave., Nashville, TN 37215.

RODRIGUE REUNION

Governor to sign gill net bill

(Southwest Daily News)

Gov. Edwin Edwards will sign a controversial bill to ban most use of saltwater gill nets in state waters, a top aide says.

The Governor decided to sign it after getting a memo stating that a "not" left out of the bill can be put back in by the Department of Wildlife and Fisheries, said Sid Moreland, Edwards' administrative assistant.

Lawmakers had meant to require a Social Security number for anyone who gets a license.

Edwards was waiting for a Department of Wildlife and Fisheries memo explaining how it plans to administer the law.

"But he knows pretty much what that one will say," Moreland said Friday. "He's decided to go ahead and sign it."

The decision is a blow for commercial fishermen who hoped the problems with the bill's text would force a veto.

"It was a bad bill made up by what you might call stupid lawyers," said Larry Loga, the owner of P and L Seafood, which buys fish from commercial fishermen who come into Venice Harbor. "There'll be plenty of lawsuits, for sure."

It would limit gill nets to a short season, he said. "It's no way to get 50 percent of our income in 92 days of fishing."

"They stopped night fishing. There's no sports fishermen out there at night," he said. "Without the nigh fishing you can't catch the mullet.

Loga pointed to other provisions in the bill that would hurt commercial fishermen. "No weekend fishing means no overtime," he said. Workers on the boats and on the docks gain extra income by working on weekends, he said, and if there are no fish, then these workers will suffer a big drop in income.

"You don't get regular types of people for this kind of work," he said. "My type of business can't exist without the part-time workers."

However, the report was hailed by Jeff Angers, executive director of the Gulf Coast Conservation Association, a group of sport fishermen that sought the legislation.

"If it's true, I'm really happy for the resource," Angers said. The GCCA argues that a ban is needed to prevent overfishing and the waste of fish that die in unattended nets.

Commercial fishermen argued that premise was only a ruse to get more fish for recreational anglers and the nets were not endangering fish populations.

Scientific data collected by the Louisiana Department of Wildlife and Fisheries supported that position — a change for fishermen who were forced to accept restrictions and regulations based on other biological studies.

"If biology was good enough to shut us down on redfish and it was good enough to require us to pull TEDs (turtle excluder devices), why isn't it good enough to keep us netting fish?" said Pete Gercia, a third-generation commercial fisherman from eastern New Orleans and president of the Lake Pontchartrain Fishermen's Association.

"It's about greed," said Manny Fernadez, who represented commercial fishermen during the legislative hearings. "Read the bill. It has nothing to do with conservation. You'll see it does not reduce the recreational catch in any fashion."

Mrs. Griffith recuperating at St. Patrick's

Geneva Griffith of Oak Grove is recuperating this week in St. Patrick's hospital in Lake Charles where she underwent an emergency operation last Thursday.

Mrs. Griffith is a secretary for the Cameron District Attorney's office and is also a journalist who writes for the Cameron Pilot and the American Press.

Jobless rate declines here

The unemployment rate in Cameron parish during May was 5.4 percent, down from 7.8 percent in April and 6.2 percent in May 1994.

According to the La. Dept. of Labor there were 190 persons unemployed in the parish during May, down from 280 in April and from 225 from May, 1994.

There were 3350 persons employed in May, the same as for April but down from 3500 in May a year ago.

The state unemployment rate for May was 7.1 percent, down from 7.6 percent in April.

Two winners

Two Cameron parish 4-H members were among the top winners at the annual 4-H Short Course held at LSU.

Maranda Daigle was a state winner in the Child Development contest and Kristi Jo Dupuie was a first alternate in Photography.

Harvey's grandson seeks information

By JERRY WISE

The Pilot received an unusual phone call last week from Richard Harvey of Severna Park, Maryland, who said he was seeking information on his grandfather, Ned Harvey.

Although Ned Harvey's name is virtually unknown to present day parish residents, 70 years ago it was a very famous--or infamous--name here.

On Jan. 1, 1925 Ned Harvey, who was a trapper living at Johnson Bayou, shot and killed a fellow trapper and the superintendent of the trapping camp where he was living. He escaped to Texas but later surrendered to the Orange County Sheriff.

He was tried in a historic trial in Cameron parish that created so much interest that the Lake Charles American Press had an airplane fly the accounts of the trial from Cameron to Lake Charles each day.

The prosecuters were District Attorney John J. Robira and Assistant DA Sam Jones, who would be governor years later. Assisting with the prosecution was a hired attorney, Griffin T. Hawkins, who would become the Calcasieu District Attorney later.

Harvey was found guilty and sentenced to hang by Judge Thomas F. Porter.

A scaffold was constructed on the courthouse square and Harvey was brought from Lake Charles to Cameron on the morning of his hanging on a speedboat. The Borealis Rex brought down a sizable number of spectators for the hanging, which was to be the last public execution to take place in Cameron Parish.

Harvey's grandson said he had only recently learned of his grandfather's past and said he was trying to find out more information about him and his crime.

I referred him to Judge H. Ward Fontenot, who wrote an account of the crime in 1970. More recently he delivered a talk on the subject to the Southwest Louisiana Historical Society.

A framed clipping of a story written by Geneva Griffith on the crime along with a picture of the Cameron parish men who served on the jury can be seen in the foyer of the District Attorney's office in Cameron.

Rep. Roach tells of bills affecting Cameron Parish

By RANDY ROACH

Last week I highlighted bills that were of particular interest to Cameron Parish. This week I want to discuss the bills I passed which will impact our area, but also apply statewide.

House Bill 304 was amended into Senate Bill 462 to require Wildlife and Fisheries to make the wild Louisiana stamps available at the entrances to state wildlife areas. Rep. Sammy Theriot also added an amendment that reduces the penalty for a first offense and expands the availability of the stamps. This legislation was in direct response to the tickets written by the Department of Wildlife and Fisheries last year.

House Bill 598 is a constitutional amendment which authorizes the legislature to enact local laws regulation the taking of fish and wildlife. This amendment will be on the October ballot. If approved, there will no longer be any question as to the authority of the legislature to establish seasons and limits for designated areas of the state. We have been routinely passing these types of laws. Some attorneys have questioned whether or not those laws are constitutional.

House Bill 829 prohibits the use of gill nets and strike nets in that portion of Calcasieu Lake situated in Calcasieu Parish, (Turner's Bay Area). This area was the site of a shooting incident involving a commercial fisherman and a recreational fisherman several months ago. This will separate the two groups and hopefully reduce the potential for conflict.

House Bill 1230 makes it clear that the use of federal funds in a coastal restoration project does not automatically give the public a right of access to private land.

House Bill 1544 requires that the public use benefits of a coastal restoration project be identified before the project is approved. It also requires that the plans for the project include information on how the project will be maintained after it is built to insure that the public use benefits of the project are protected.

House Bill 2208 increases the principal amount to be credited to the Rockefeller Refuge Trust Fund. This will also allow the Louisiana Fur and Alligator Council to continue receiving $150,000 per year for its operations.

House Bill 392 prohibits the victim of a sex crime who is under the age of 18 from being forced to submit to a medical or psychological examination at the request of the defendant. In many cases defendants try to intimidate a young sex crime victim by forcing them to submit to a medical or psychological examination prior to trial. Now the court will have the right to decide whether or not the defendant can require the victim to undergo such an examination.

House Bill 394 restricts the defendant's access to records pertaining to a sex crime victim who is under the age of 18. Such information will be disclosed only if the court determines that it is appropriate.

House Bill 210 will prevent riverboat gaming companies from negotiating with the State Police for new buildings. In situations where a private company which is regulated by a state agency wants to donate land or build a building for that agency, all negotiations will be contacted through the Commissioner of Administration Office in Baton Rouge. The state agency will not be able to have any direct contact or involvement in the matter and all work must be done by public bid.

House Bill 569 exempts small parishes from a requirement that

The mobile screening clinic of Lake Charles Memorial Hospital will be in Cameron on Pat's Restaurant's parking lot on Thursdays, July 20, Aug. 17 and Sept. 21 from 9:30 a.m. to 2 p.m. to offer various free health screenings.

Senator Picard is honored by Assoc.

State Senator Cecil Picard is the Louisiana Principals' Association "1994-95 Legislator of the Year." The group announced the honor at their annual meeting recently held in Baton Rouge.

"I am honored and very appreciative of this recognition especially since it comes from my former colleagues," Senator Picard, a former principal himself, said.

At the annual meeting, Senator Picard, chairman of the Senate Committee on Education, discussed the important issues facing education in Louisiana. He talked about childhood education, charter schools, school funding, computer literacy, and distance learning. He also stressed the growing problem with latch-key kids and the need for more parental involvement in a child's education.

4th Degree Knights hold meeting here

Fred Fluitt of DeQuincy, the outgoing Faithful Navigator of Msgr. Cramers Assembly, Fourth Degree Knights of Columbus, received a standing ovation for his year-long leadership at the assembly's final meeting of the 1994-95 Columbian Year, held in Cameron.

Fluitt goes out of office on June 30. During his year as chief executive officer the assembly won the Louisiana District membership contest, received the Civic Service Award from the Supreme Assembly in New Haven, Conn., and celebrated its 50th anniversary.

Fluitt will be succeeded by Wylace Vincent of Kinder. Fluitt will remain among the assembly's officers, however, as Faithful Admiral.

Prior to the meeting the assembly's Color Corps mounted a guard of honor for Msgr. Curtis Vidrine, pastor of Our Lady Star of the Sea Parish, during a Sunday Mass which commemorated the 47th anniversary of Hurricane Audrey, which swept over Cameron Parish on June 27, 1957, destroying vast amounts of property and taking more than 600 lives.

Msgr. Vidrine, in his homily at the Mass, welcomed the Fourth Degree, and asked all present to pray for those who died in the hurricane, and to further pray that Southwest Louisiana be spared such disasters in the future.

Following the Mass the Fourth Degree Knights and their guests were served a luncheon by members of Our Lad Star of the Sea Council 5461. In charge of local arrangements for Council 5461 were Liaison Officer Louis Hebert, and Grand Knight Hayes Picou Sr.

Scouts go to Camp Edgewood

Nine scouts from Cameron attended Camp Edgewood last week. They were Dusty Prejean, Randall Cormier, Donnie January, Brett Billings, Chance Doxey, Chris Dupont, Louis Hebert, David Nunez, and Adam Doxey.

Among these scouts there were 16 merit badge courses passed and 6 Brown Sea classes passed. Also attending camp with Troop 210 were Christopher McGee and his father, Sonny, from Troop 114. Johnson Bayou. Adults attending were Bobby Doxey and Joe Dupont.

Scouts participated in the Camp Edgewood Olympics which included a Scoutmaster golf tournament, log lift, knot relays, three-legged race patrol names, etc.

Troop 210 received the Pioneer Troop Award for completing various tasks during the week.

ROACH'S BILLS Cont. from Pg. 1

they provide 24 hour in-house anesthesia services in order to deliver premature infants. The regulations proposed by the Department would have prevented area hospitals from delivering premature babies unless the woman was in severe distress. This would have had a tremendous financial and emotional burden to young families in our area. This law allows Lake Charles hospitals to continue delivering premature infants and caring for them in their neonatal units.

House Bill 574 allows alligator trappers to pay an additional $25 to cover those persons who assist them in actually taking an alligator. The assistant cannot possess a tag or an alligator. He may only work with the trapper in the boat.

House Bill 1326 will allow the Council on Aging to establish a volunteer program to provide home repair and maintenance services for the elderly.

House Bill 573 authorizes federal judges to perform marriage ceremonies in Louisiana.

House Bill 2457 prohibits the sale of certain nonprescription products containing Ephedrine without a prescription. This drug is used primarily for over the counter medications to treat asthma. Some manufacturers have manufactured small tablets with large amounts of this drug as "pep pills". This has led to wide spread abuse among young people. Several months ago a story ran on "20/20" that documented the death of a young football player due to an overdose of this drug. Most of these drugs are available at truck stops and convenience stores under the trade name "Mini Thins". This law will go into effect on January 1, 1996.

Next week I will discuss other issues which the legislature considered during the last session. If you have any questions on these matters please contact my office.

Better carpet stores will have a knowledgeable staff to answer questions and address concerns about carpet choice and maintenance.

Fan language

Before the days of air conditioning the hand-held fan was a necessity in Cameron as well as elsewhere in the nation. There were palmetto fans, cardboard ones, and the dainty folding fans carried by ladies when they attended church and socials.

My grandmother and my mother each told me of the unspoken language associated with the fan. By it a woman might declare her marital status or use it in a flirtatious manner. The following ways are some that I recall:

To fan very slowly: "I am married." To fan very quickly: "I am engaged." Twirling the fan in the left hand: "We are watched." To open and shut the fan several times: "You are cruel." Drawing the fan across the eyes: "I am sorry."

Drawing the fan across the cheek or to cover the left ear with the fan: "I love you." Presenting the fan shut: "Do you love me?" Placing the fan near the heart: "You have won my love." To press the half-opened fan to the lips: "You may kiss me."

To shut the full open fan slowly: "I promise to marry you." Drawing the fan through the hand: "I hate you." Letting the fan rest on the right cheek: "Yes." On the left cheek: "No." To open the fan wide: "Wait for me."

It would seem that the young man as well as the young lady must have learned the language of the fan. Although such maneuvers seem silly to us today, we must remember how carefully chaperoned young ladies were in earlier days. The language of the fan provided excitement.

If the girl dropped her fan, a suitor might stealthily kiss her hand as he picked it up. If she forgot her fan, she was providing him with an opportunity to return it to her.

How times have changed!

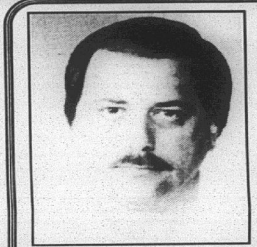
Sonnier takes part in event

Navy Airman Carey D. Sonnier, son of Kenneth A. and Angela M. Theriot of Grand Chenier, recently participated in a commemoration of the end of World War II as part of New York City's Fleet Week celebration aboard the aircraft carrier USS America.

Sonnier is one of 5,000 Sailors and Marines aboard the aircraft carrier who participated in the Eighth Annual Fleet Week. This year, six U.S. Navy ships, five Coast Guard vessels and Navy ships from Canada, Denmark and Italy took part in the celebration. Sonnier and fellow crew members began the week with a parade of ships by the Statue of Liberty.

Following the visit to New York City, which included thousands of visitors visiting the ships and a variety of activities for the Sailors, Sonnier headed south for the final phase of a Composite Training Unit Exercise (COMPTUEX) in the Western Atlantic Ocean and Caribbean Sea.

After being at sea for more than 30 days during the first phase of COMPTUEX Sonnier visited the Caribbean island of St. Martin for three days of recreation and relaxation.



The 1992 graduate of South Cameron High School joined the Navy in September 1992.

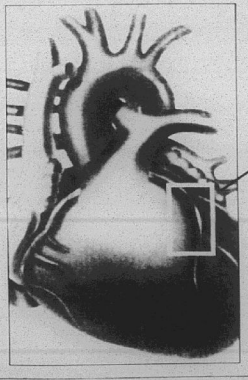
The Heart Doctors



Craig M. Walker, M.D., Clinical Research

When he founded Cardiovascular Institute of the South in 1983, Dr. Walker had a vision of a medical institution which would provide the highest quality treatment for heart and circulatory system disease, and contribute to the future of cardiovascular diagnosis and therapy through clinical research.

Today, that vision has been realized. CIS has become a treatment and clinical research center of international renown. It has participated in the development of virtually every major new method of non-surgical heart treatment developed over the past decade, including a number of firsts in stenting - the highly promising technique of placing permanent implants to hold open previously blocked arteries.

"Clinical research is so demanding and time consuming that it's rarely pursued outside big academic medical centers," Dr. Walker concedes. "But it's the only way you can be sure you're really at the leading edge of your specialty. By the time most cardiologists are performing their first case using a new procedure, we will have performed hundreds."

Item 3: To transact any business that may come before the District.
Item 4: Adjourn.
/s/ James R. Savoie, Sheriff as ex-officio chief executive officer of the Law Enforcement District of the Parish of Cameron, State of Louisiana
RESOLUTION
A Resolution making certain findings with respect to and authorizing the Law Enforcement District of the Parish of Cameron to issue an Anticipation Certificate of the Law Enforcement District in a principal amount not to exceed $700,000.00; approving the form of and authorizing the execution and delivery of the Purchase Agreement and the Anticipation Certificate; authorizing the execution and delivery of other documents required in conneciton therewith; and authorizing the Sheriff as ex-officio chief executive officer of the District to do all things necessary to effectuate this Resolution.
WHEREAS, the Law Enforcement District of the Parish of Cameron (the "District") is a political subdivision of the State of Louisiana, organized and existing pursuant to the provisions of La. R.S. 33:9001, et seq.; and
WHEREAS, the Sheriff of the Parish of Cameron (the "Sheriff") and the District pursuant to the provisions of La R.S. 33:1423(D)(2) and La. R.S. 33:9010, intend to issue a revenue anticipation obligation or any other evidence of indebtedness in a principal amount not to exceed $700,000.00 (the "Anticipation Certificate") in anticipation of expected revenues to accrue to the Sheriff's General Fund, for the Sheriff's fiscal year ending June 30, 1996; and
WHEREAS, Premier Bank, National Association, a national banking association organized and existing under and by virtue of the laws of the United States of America, with its principal corporate office located in Baton Rouge, Louisiana (the "Purchaser") desires to purchase a revenue anticipation obligation to be issued by the Sheriff and the Law Enforcement District, in order to ease the cash flow difficulties associated with the expenditures of such Sheriff; and
WHEREAS, the Sheriff has determined that the amount of its Anticipation Certificate does not exceed seventy-five (75%) percent of the expected revenues to accrue to the Sheriff's General Fund, as required by La. R.S. 33:1423(D), exclusive of interest, for the Sheriff's fiscal year ending June 30, 1996; and
WHEREAS, the District desires authorize the issue its Anticipation Certificate to the Purchaser or to any other purchaser thereof.
THEREFORE, I, James R. Savoie, Sheriff of the Parish of Cameron and Ex-Officio Chief Executive Officer of the District, pursuant to the authority vested in me by Act No. 589 of the 1976 Regular Session of the Louisiana Legislature (RS 33:9001, et seq.), resolve that:
SECTION 1. The District is hereby authorized to issue its Anticipation Certificate to the Purchaser or to issue its Anticipation Certificate to any other purchaser thereof.
SECTION 2. The forms of the documents in Exhibit A are hereby approved in substantially the same form as submitted at this meeting, with such additions, omissions and changes as may be approved by bond counsel to the Purchaser, or bond counsel to the District, and the Sheriff and ex-officio chief executive officer of the District is authorized and directed on behalf of the District to execute, attest, seal and deliver (or approve) the same in order to issue its Anticipation Certificate to the Purchaser or to any other purchaser thereof.
SECTION 3. The Anticipation Certificate shall mature no later than June 30, 1996 and shall bear interest, payable as stated therein, at the rate or rates stated thereon, provided, however, that the interest rate borne by the Anticipation Certificate from its date of issuance until its maturity date shall not exceed 6.0% per annum. On the maturity date, the Anticipation Certificate shall be issued in substantially the form attached hereto as Exhibit B to the hereinafter mentioned Agreement. Section/Louisiana Department of Natural Resources for the plan's consistency with the Louisiana Coastal Resources Program. Such additions, omissions and changes as may be approved by bond counsel to the Purchaser, or bond counsel to the District, and the Sheriff and ex-officio chief executive officer of the District is authorized and directed, for and on behalf of the District, to accept, execute, execute, seal, attest and deliver all such documents, certificates and other instruments as are required in connection with the authorization, issuance, sale and delivery of the Anticipation Certificate or by the Purchase Agreement and to take such further action as may be necessary or required by law in connection with the authorization, issuance, sale and delivery of the Anticipation Certificate.
SECTION 4. The Sheriff and ex-officio chief executive officer of the District is hereby authorized and directed to do all things necessary to effectuate and implement this Resolution.
SECTION 5. Application be and the same is hereby formally made to the Bond Commission, Baton Rouge, Louisiana, for its consent and authority to issue, sell and deliver the aforesaid Anticipation Certificate, and a certified copy of this Resolution shall be forwarded to the State Bond Commission, together with a letter requesting the prompt consideration and approval of this application.
SECTION 6. Application be and the same is hereby formally made to the Bond Commission, Baton Rouge, Louisiana, for its consent and authority to issue, sell and deliver the aforesaid Anticipation Certificate, and a certified copy of this Resolution shall be forwarded to the State Bond Commission, together with a letter requesting the prompt consideration and approval of this application.
SECTION 7. A copy of this Resolution shall be published at least once in the official journal of the Sheriff and the District or, if there is none, in a newspaper having general circulation therein. For thirty days after the date of publication, any person in interset may contest the legality of this Resolution and of any provision herein made for the security and payment of the Anticipation Certificate. After that time no one shall have any cause of action to test the regularity, formality, legality or effectiveness of this Resolution, and provisions thereof for the security and payment thereof, it shall be conclusively presumed that every legal requirement for the issuance of the Anticipation Certificate has been complied with. No court shall have authority to inquire into any of these matters after the thirty days.
SECTION 8. This Resolution shall take effect immediately.
Thus done, adopted and signed this 22 day of June, 1995.

PUBLIC NOTICE
Notice is hereby given that the Department of Environmental Quality is proposing to reissue Louisiana Water Discharge Permit System (LWDPS) per.mit to WRT Energy Corporation. This per.mit, if reissued, will continue to establish effluent limitations and monitoring requirements for the discharge of certain wastewater streams associated with the company's existing oil and gas exploration, development and production operations in the East Hackberry Field, Cameron Parish. Receiving waters in the East Hackberry Field consist of unclassified lake and associated natural and manmade waterbodies. The limitations and conditions of this permit are consistent with the antidegradation policy of the Office of Water Resources, which is to achieve and maintain full support of designated uses of the waters of the state.
During the preparation of this permit, it has been determined that these discharges will have no adverse impact on the existing uses of the receiving waters. As with any discharge, however, some change in existing water quality may occur.
The designated uses of the receiving waters include primary contact recreation, secondary contact recreation, propagation of fish and wildlife.
The application and proposed limitations may be examined at the Office of Water Resources, 3rd Floor, Department of Environmental Quality, 7290 Bluebonnet Road, Baton Rouge, Louisiana.
Persons wishing to provide data, views or comments, or request a public hearing relative to the issuance of the permit are invited to submit their comments and requests, in writing, within thirty (30) days of the date of this notice using reference No. WP 2580.

PUBLIC NOTICE
Notice is hereby given that the Department of Environmental Quality is proposing to reissue Louisiana Water Discharge Permit System permit to Stingray Pipeline Company. This permit, if issued, will establish effluent limitations and monitoring requirements for the discharge of stormwater runoff and hydrostatic test water associated with the company's existing natural gas processing facility, Stingray Onshore Separation Facility, located eight (8) miles west of Holly Beach on Louisiana Hwy. 82 in Cameron Parish. The receiving waters for this facility include an unnamed grassy swale area; thence into Old East Bayou. The limitations and conditions of this permit are consistent with the permitting policy of the Office of Water Resources, which is to achieve or maintain full support of designated uses of the waters of the state.
During the preparation of this permit, it has been determined that these discharges will have no adverse impact on the existing uses of the receiving waters. As with any discharge, however, some change in existing water quality may occur.
All designated uses of the receiving waters are being fully supported.
The application and proposed limitations may be examined at the Office of Water Resources, 3rd Floor, Department of Environmental Quality, 7290 Bluebonnet Road, Baton Rouge, Louisiana.
Persons wishing to provide data, views or comments, or request a public hearing relative to the issuance of the permit are invited to submit their comments and requests, in writing, within thirty (30) days of the date of this notice using reference No. WP 4472 to:
Department of Environmental Quality, Office of Water Resources, Post Office Box 82215, Baton Rouge, Louisiana 70884-2215 ATTN: Daryl M. Westmoreland. Telephone: (504) 765-0543.
All written comments submitted during the period of comment shall be retained by the office and considered in the formulation of a determination to issue a final permit.

Forgetfulness is a form of freedom.

PROCEEDINGS

Minutes of the regular meeting of the Cameron Parish Gravity Drainage District No. 3 held Tuesday, May 16, 1995 at 2:30 p.m. at the Cameron Parish Police Jury Annex.

Members Present: Edwin W. Quinn, E. J. Dronet, George Kelley, and Earl Guthrie.

Members Absent: Scott Henry.

Others Attending: Ray Conner, George LeBoeuf, James LeBoeuf, Ted Joanen, Billy Delany, Steve Klett, Paul Yakupzack, Tina Horn, J. Berton Daigle, Brent Nunez, Claude "Buddy" Leach, and Black Faulk.

A motion was made by Earl Guthrie, seconded by George Kelley, and unanimously carried that the minutes of the April 18, 1995, regular meeting be approved as written.

A motion was made by George Kelley, seconded by Earl Guthrie, and unanimously carried to approve the Financial Report for the month of April, 1995.

A motion was made by George Kelley, seconded by Earl Guthrie, and unanimously carried to table the Savoie Lumber bill and On-Target Surveying bills until next month.

Mr. Quinn read a letter from NRCS regarding stability of water control structures with regard to proposed automation. A motion was made by Earl Guthrie, seconded by George Kelley, and unanimously carried to authorize President Quinn to write a letter to Mr. Garrett Broussard of NRCS stating that this Board is not committing to the automation plans and specifications because we have not had a chance to discuss them, as they were sent out between meetings of this Board. Further, it should be stated that we will not consent until we get all requested documentation.

Steve Klett presented the monthly water management report. He reported that NRCS has consulted with two construction companies out of Houston, and both feel they can repair cracks in the Grand Bayou water control structure without dewatering the area. There were some compromise alternative to the Memorandum of Understanding between this board, U.S. Fish and Wildlife Service, and DNR, which expires in October of 1996. Mr. Klett stated that the Service will accept responsibility for maintenance of the structures, and they are now awaiting land rights and approval from Gravity Drainage District #3 to proceed with automation of water control structures in the Cameron-Creole Watershed. He also reported that DNR has installed staff gauges as part of the monitoring program for the plug project. NRCS is shooting marsh elevations on the Cameron-Creole Watershed to supplement those completed by Lonnie Harper early in 1995.

A motion was made by E. J. Dronet, seconded by George Kelley, and unanimously carried that this Board will agree with automation of structures, contingent upon our receipt of an irrevocable letter of intent from the Atlanta office of U.S. Fish and Wildlife Service to renew the Memorandum of Understanding in its exact form relative to automation of the structures.

It was reported that Lonnie Harper sent estimates on mitigation costs for projects to clean out Sells and Perreaux laterals. It was noted that we are not sure if it is legal for us to mitigate with public funds or not. Ray Conner said that he is 100% against using tax payers money on mitigation rather than for drainage for which the tax money is specifically designated. Claude "Buddy" Leach also spoke, expressing the opinion that mitigation using public funds already specifically designated for a specific purpose is not in order.

Claude "Buddy" Leach then introduced Ted Joanen to present a request from North American Land Company to retain 4,000 cubic yards and by assisting in the clean-out of a drainage lateral which falls partially in the extreme Northwest portion of our district. He stated that Gravity Drainage District #8 is beginning some work on the North end of the lateral, and he asked that this Board consider cleaning the Southern half of the canal. He stated that they will appreciate whatever we can do. Police Jury member from the Grand Lake area stated that whatever they can do to help in the project, they will do.

A motion was made by E. J. Dronet, seconded by Earl Guthrie, and unanimously carried to authorize Gravity Drainage District #3 to apply for a permit to clean a portion of the drainage lateral on North American Land & Oil Company property in the Northwestern portion of this drainage district. It was agreed that we will accept the cost of the permit only, at a cost of between $2,000 and $3,000 as previously discussed with Engineer Lonnie Harper.

Mr. George LeBoeuf requested information on the progress being made on clean-out of the School Board lateral requested three years ago. It was explained that we are attempting to work out an Interagency Agreement to use Gravity Drainage District #7 equipment to clean this lateral at the current time.

There being no further business, the meeting was adjourned.

PROCEEDINGS

Minutes of the regular meeting of the Cameron Parish Gravity Drainage District No. 3 held Tuesday, April 18, 1995 at 2:30 p.m. at the Cameron Parish Police Jury Annex.

Members Present: Edwin W. Quinn, E. J. Dronet, George Kelley, and Earl Guthrie.

Members Absent: Scott Henry.

Others Attending: Ray Conner, Lonnie Harper, Paul Yakupzack, Ashton Amos Vincent, James LeBoeuf, Larfay Ancelet, Ted Joanen, Carroll Lemaire, Billy Delany, and Edward Petersen.

It was noted by Edwin Quinn that this Board has requested an update of the Memorandum of Understanding with the U.S. Fish and Wildlife Service and Department of Natural Resources prior to this Board making approval of automation of the water control structures in the Cameron-Creole Watershed. The original MOU was only for five (5) years and needs to be reissued.

A motion was made by Scott Henry, seconded by Earl Guthrie, and unanimously carried that the minutes of the March 21, 1995, regular meeting be approved as written.

A motion was made by Scott Henry, seconded by Earl Guthrie, and unanimously carried to approve the Financial Report for the month of March, 1995.

A motion was made by George Kelley, seconded by Earl Guthrie, and unanimously carried to approve the following bill for payment:

1. Menard Oil Company, $530.02.

President Quinn read a letter from Cameron Telephone Company, stating that the cost to lower their cable on Highway 27 has been borne by Cameron Telephone Company, and they do not believe it should be their responsibility to pay the contractor for remobilization for completing his work on the clean out of W-1 West Drainage Canal. It was then noted that the original easement was held by Gravity Drainage District No. 3, and Cameron Telephone should have placed the cables lower when they were installed. It was agreed that Lonnie Harper will convey this message to Cameron Telephone Company and continue to request that they pay the mobilization cost.

An Interagency Agreement with Gravity Drainage District No. 7 for use of their track hoe was discussed, and it was agreed tht the cost of $296/day with an operator is acceptable, with approximate mobilization cost being $400-500. It was suggested that Crain Brothers be contacted for mobilization, and that a price be obtained from them on all six mobilizations. It was agreed that a price be sought from legal counsel, Glenn Alexander, regarding approval of the interagency agreement, and that Scott Henry will talk with him to clear up questions regarding liability insurance for the use of Gravity Drainage District No. 7 equipment for Gravity Drainage District No. 3 projects.

Lonnie Harper reported that he has talked with the Corps of Engineers regarding mitigation projects on Cameron Wildlife Refuge or somewhere on the Watershed for the Sells Lateral and the Primeaux Lateral clean-outs. He noted that the cost is $4.00 to $4.50 per plant for bullrush, and this would cost between $3,000 and $4,000 for the acreage necessary.

Ted Joanen was recognized and spoke to the group regarding a drainage lateral in the extreme Northwest portion of our district that North American Land Company would like for this Board to consider cleaning. The lateral extends generally East and West from Big Lake Lodge and ultimately ends up in the Cameron-Creole Watershed, approximately 15,000 feet long. Part of the lateral falls in the Gravity Drainage District No. 8.

Mr. Joanen stated that a permit will be required and they are requesting Gravity Drainage District No. 3 to investigate alleviating this drainage problem. After some discussion it was stated by Lonnie Harper that permit costs alone would run approximately $2,000.00. It was agreed that we can only make a decision based on the projected costs involved, and that Scott Henry will look at this project for discussion at next meeting.

It was reported that Roger Vincent of Miami Corporation has requested an amendment to the original easement document for the Cameron-Creole Watershed to include the water control structures that were apparently omitted from that document. A motion was made by E. J. Dronet, seconded by Scott Henry, and unanimously carried to approve an amendment to the original Miami Corporation easement to include all three water control structures that are on Miami Corporation property, and to authorize President Edwin Quinn to sign the amendment.

The Water Management Report was presented by Paul Yakupzack for the previous month. He also reported that the Grand Bayou and Mandgrove gage will be installed as originally planned.

There being no further business, the meeting was adjourned.

Const. Amendments to be on ballot in Oct.

—CAPITAL NEWS—

Besides a long slate of candidates for governor and other statewide offices, voters will face an extensive array of constitutional changes when they go to the polls in October and November.

State lawmakers approved 16 constitutional amendments from among the 193 which were introduced during the recently-concluded legislative session. At least 13 will be on the October ballot, and one is slated for November. A spokesman for the secretary of state's office said he may consult Attorney General Richard Ieyoub about scheduling two others which don't specify in which election they are to appear.

The highest-profile amendments are Metairie Rep. David Vitter's term limits proposal and the forced heirship amendment by Shreveport Rep. Roy Brun.

Term limit proposals say limiting legislators to three consecutive terms in both chambers would eliminate professional politicians and make it easier for new people with fresh ideas to be elected. Opponents say limiting terms will deprive the Legislature of experience and allow lobbyists and bureaucrats to gain more power.

Those favoring changes in the state's forced heirship law suggest it has kept some people from retiring in Louisiana since other states allow people to decide who inherits their property. Provisions restraining forced heirship for physically and mentally handicapped children and those up to age 23 were added to appease opponents who worried that children would be unfairly treated.

Financial considerations play a part in several proposed amendments.

Rep. Steve Gunn of Montgomery proposed requiring a two-thirds vote in each legislative chamber before any new fee or civil fine can be instituted or existing ones raised, except by departments overseen by officials elected statewide. On the subject of taxes, Shreveport Sen. Ron Bean has suggested that local tax propositions cannot be resubmitted to the voters within six months of their rejection. This is one that may appear in either October or November.

New Iberia Rep. Elias "Bo" Ackal authored the amendment allowing the Legislature to limit the liability of the state and its political subdivisions in lawsuits. Rep. Tim Stine of Sulphur is author of the amendment allowing money in the Mineral Revenue Audit and Settlement Fund to be used for additional payments on the unfunded accrued liability of public retirement systems but not for regular annual payments or cost-of-living increases.

Senate President Sammy Nunez authored three amendments which will -- if passed by the voters -- set up an Oil Spill Contingency Fund, establish an Oilfield Site Restoration Fund and provide for exceptions on state mineral rights. The mineral rights amendment is as yet unscheduled.

Three of the proposed amendments affect the judicial system. The first, by Rep. Edwin Murray of New Orleans, raises from 70 to 75 the mandatory retirement age for judges. Jury instruction would be allowed to include the governor's authority to grant a reprieve, pardon or commutation of sentence if voters in favor adopt the amendment by Rep. Steve Windhorst of Terrytown. Lake Charles Rep. Randy Roach's proposal would allow the Legislature to enact local or special laws regulating hunting or fishing in certain areas of the state.

Houma Rep. Hunt Downer authored the proposed amendment which would add the Persian Gulf War and any future legally-designated war to those which earn veterans preference points on civil service applications.

The remaining amendments, although they must pass statewide, have only limited effects. Two were handled by New Orleans Rep. Jackie Clarkson: one provides for donation of abandoned, blighted housing property to non-profit groups in certain municipalities, and the other changes the period for redemption of property sold for nonpayment of taxes in New Orleans. The final proposal, by Baton Rouge Sen. Mike Cross, authorizes the city of Baker and three wards in Rapides parish to set up their own public school systems separate from their parish districts.

CROPS FINE IN CAMERON

Conditions never appeared more promising in this section, so far as agriculture is concerned. The cotton crop is all in first-class condition, and the usual crops of corn and truck are being harvested. The cattle market this year has placed all farmers in an independent position, far above those of other sections.

In addition to this, the major oil companies are showing their faith in the future oil develements in leasing large tracts of land paying handsome bonuses.

The Hackberry road, for which the people of the western portion of the parish taxed themselves to the extent of $105,000 two years ago, is being graded and it is hoped to have the road opened to the public by the opening of the next summer season.

The road will be the means of adding new development to this rich section as at present the only way to reach the town of Cameron is by boat.

(Cameron Pilot, June 28, 1962)

BIDS ASKED ON WATER SYSTEM

Bids on the construction of a water system for the town of Cameron will be opened at 11 a.m., July 17, by the Cameron Waterworks Board of Commissioners and the Cameron Parish Police Jury.

Bids on the sale of $340,000 of ad valorem tax bonds by the waterworks district is set for July 30.

It is expected that the system will be in operation by next summer. Some 250 homes will be served by about eight miles of line. Tentative monthly rate for homes will be $3.

The water will not be treated, but the system will be completely closed so as to exclude contamination.

CARD OF THANKS

The family of Clifford A. Miller wishes to express their thanks to the administrator, staff, and ICU-CCU nurses of St. Patrick's Hospital. Doctors Raggio, Thompson, Gaharan, Kohler, Hauskins, and Kaimal, in the recent illness and death of their husband, father and grandfather. Also much gratitude to South Cameron Memorial Hospital, Director Joe Soileau and Dr. Richard Sanders. Heartfelt thanks to family and special friends who brought food, made memetary donations, sent flowers or made spiritual donations. A special appreciation to Msgr. M. J. Bernard, the Cameron Choir, Hixson Funeral Home, and Director John Driscoll for the beautiful service. To all of you, we say Thank You for your support and condolences during our special time of need. We shall forever be in your gratitude and you in our prayers.

Vera Miller,
Ronnie and Cheryl Murphy,
Bobby & Linda Conner & Children

CARD OF THANKS

It has been two weeks since the USSSA Mullethead Softball Tournament. Funds from that tournament were earned by and dedicated to the Creole Marlins coached by Kim Bourriaque, Creole Red Devils coached by Ricky Miller, and the Lady Tarpons coached by Ricky Miller, Jeff Duhon and Billy DeLany.

The Recreation District #6 received all profits from the concession stand which will be used for the recreation center. I would like to personally thank Mr. Raymond Henagan of Cameron Telephone Co. for their continued support of our youth softball program; Recreation District #6 Board members, especially Mike Johnson, Robin Roberts, and the Recreatioan District employees (they put in some long hours); the Creole Marlins, the Creole Red Devils, and the Lady Tarpons for their assistance throughout The Mullethead; all the visiting and local teams who participated in The Mullethead (Galtons, Line Drive, Prime Time, Zapata Protein, Miller & Miller, Road Kill, Lake Area Plumbing, and the Cameron Wildcats); Brown's Food Center of Hackberry, Brown's Super Market of Cameron, and Cameron State Bank for advertising assistance; Miami Corporation for their support of our youth softball program, and most of all my wife, Denise DeLany, for her understanding and administrative assistance.

Billy DeLany

View on Legislature

Dear Readers:

Commercial fishermen may be held up with Gun Bill.

I have had the unfortunate opportunity of witnessing our Louisiana Legislature in action during this past Session. I had the opportunity of sitting in on several different committee meetings ranging from Local Option and Concealed Weapons to Gill Net Bans.

It is very shocking to see how some representatives can vote on certain amendments knowing they are dead wrong. I don't understand how anyone with a conscience can vote to ban nearly all gill nets within two years then turn around and vote to give hundreds of thousands of people the right to carry concealed weapons. Then to make matters worse, these people could not come up with a Local Option Bill to keep gambling out of communities where they may not be wanted.

I am an avid outdoorsman. I believe in the right to bear arms, but not in the right to carry concealed weapons.

I also possess a Louisiana Saltwater Gill Net License. I believe that seasons should be set for inland bays and lakes but the ship channels and Gulf could be left open so fishermen can fish the year round.

However, after witnessing our Legislature in action, I believe that a compromise should be made between the commercial fishermen and the GCCA who know what the problems are and how to deal with them.

It was sad to see many of our Legislators voting for political reasons instead of voting for what was right or wrong. I believe that we should thank God for giving Governor Edwards the sense and the courage it is going to take to veto these bills which will in turn save the lives of innocent people as well as save a very much needed Louisiana culture.

/s/ Keith Courville,
Johnson Bayou

FISHING NEWS

Anglers are turning to the coast, fishing redfish and speckle trout. Things have been popping as these two species have turned on. The weather has been great, just perfect.

Average size trout from 1 to 3 pounds are making limits, but trout up to 9 lbs. have been taken. The jetties in Grand Chenier and Cameron are good producers of trout, along with redfish. The rocks between Holly Beach and Constance Beach are producing specks in good sizes.

This is the time of the year that the purple-white Buzzmaster Cocahoe with a 1/4 or up lead head is a good producer. There's also the purple-chartreuse and the smoking-green cocahoe that are good. Don't forget the top water lures for the trout.

Trout caught that make talk was an 8 pounder on the rocks in Holly Beach and a 9 pounder in Big Lake (washout) and a 7 and 9 pounder east of the jetty rocks in Grand Chenier.

The Big Lake (Calcasieu Lake) area is getting better and some good catches of flounder, besides reds and specks are being caught. White twister tail grubs are working good for flounder.

Offshore anglers claim the water is dirty, in some places 2 miles out. However specks, reds, Spanish mackeral and triple tail are being caught about 3 miles offshore around the small platform.

FRESHWATER REPORTS

I'll say this, it's much hotter fishing the marsh for bass than it is fishing the lake or surf along the Gulf. You just don't get a breeze in the marsh.

Early morning and late evening is best is our area marshes for bass. Lacassine and Sabine Refuge are best trail fishing, if you can find one that nobody just went through. The Big Burn is still best in the marshes with good cover of moss lines and lily pads. The pumpkin pepper frog, a plastic worm and don't forget to throw the Buzzbait and a tiny torpedo in the pot holes.

Finding trails that go through ponds is another good place to look for bass.

Water is going down in the Big Burn area, and mud is being kicked up in lots of the trails.

The Humble Canal has some good bream and white perch. Shrimp for bream and live minnows for the sacalait will work.

TALK AROUND

*As of this writing, Governor Edwin Edwards hadn't signed the gill net ban. A language glitch appears to not give a license to anyone with a Social Security number. Sounds funny doesn't it. We'll see if the Governor vetoes it or not.

*According to the La. Dept. of Culture, Recreation and Tourism people Chicot Lake will be closed at midnight Sept. 4 for a drawdown of the water. This was recommended by the LDWF to control aquatic vegetation. This is a good lake for fall fishing, but closing Sept. 4, and not reopening until Jan., 1996, we will miss the fall fishing.

*Dog fights last week at Lacassine Refuge, big stringer of 3 bass was 10⅞ lbs; the Mermentau River at Mermentau saw a little under 8 lbs; Sabine Refuge, 5⅞ lbs., and the Calcasieu River had a top team, 6.96 lbs.

*Don't forget the July 1 American Legion Fishing Rodeo at the Grand Chenier State Park. Three different entries - redfish, speckle trout and bass. An outstanding angler trophy will be given, one for bass and one for saltwater. These plaques are in memory of the late Gerald Richard and Phillip Trosclair, both of Grand Chenier and members of Lemesche Bass Club and lovers of the outdoors.

For To Go Orders Call: 542-4013

To All The People of Cameron Parish,

I am getting my annual report in earlier than usual because I want you to see our annual budget and report of arrests before the tax election on July 15th. When I talk about our finances, you will be able to look at our budget and see our revenues and expenditures and have all the facts and not rely on hearsay. As you can see our ad valorem tax brought in $1,952,000.00. We also have $186,000.00 which is held in escrow which has been paid under protest, which means that we would have had $2,136,000.00 in ad valorem tax. I would like to point out that all the ad valorem tax that we take in covers only the expenses we have in parentheses on the budget - which are salaries, medical and liability insurance, pension cost, medicare cost, social security cost and employment cost. Then if you look up above and see where we generate the money to operate the department - such as buying cars, feeding prisoners, and supplying all the equipment - this means you must run the Sheriff's Department as a business in order to operate and maintain a good department and have a little surplus left. To have a good sound operating department, at the end of the fiscal year in June, we should have $1,300,000.00 surplus. Then we would not have to borrow six or seven hundred thousand dollars until our tax comes in at the first of the year. No one knows any better than I do that taxes hurt businesses and the economy and keep businesses away. Again, I know we are the Parish paying the highest tax per capita in the State of Louisiana. I have no choice if we are going to continue operating at the present level to have enough money for your safety and protection.

On July 15th you will have the choice to renew our present 8 mill tax for 1995-1999 and approve an additional 2 mill tax that will go into effect 1996-1999. Remember, you will vote twice - yes or no on each one. As I told you in my opening report, I hope we do not ever have to use the 2 mill supplemental tax even if it passes. I hope the economy will start moving forward and revenues start getting better. So I am trying to safeguard our department where we can continue to protect and serve you. But if you choose not to, we will try our best to do the best we can with what we've got. So as you look at this annual report the only way you can streamline this is by cutting your employees and once you eliminate employees, you eliminate all the other costs that go with the employee.

I would like to address this to the people of Johnson Bayou and Holly Beach. In the past you have never supported my tax for one reason or another. I ask you today to give this tax some thought. Since serving and protecting your area costs the Sheriff's Department more money than any other part of the Parish, I don't think you can ever say that we haven't given you good service since I've been Sheriff. You may not like me, but thin k of the service and protection we've provided in trying to lead your young people ina positive direction. As you know 3/4ths of the people do not pay tax, but that doesn't mean that you won't pay part of this tax somewhere down the road. I hope that you can see fit in giving me a vote of confidence.

I would like to touch on the subject of protecting and serving the people of Cameron Parish. Friday evening I was on my way home from Lake Charles when a call from Cameron went out to the Creole car, operated by Deputy D.A. Dupuie. The dispatcher reported a family disturbance on the front ridge road. A few minutes later she called D.A. back and informed him that guns were involved in the dispute. This call went out at 6:32 p.m. and at 6:38, Dupuie arrived at complainant's house. She called other deputies for back-up. D.A. did not wait for his back-up, he went into this home not knowing if he would walk back out. A few minutes later the dispatcher got a phone call from the lady in the house saying D.A. needed more help. Within 12 minutes Deputy Dan Lavergne arrived from Grand Chenier, two Cameron Deputies, W.R. LaBove and Brad Saltzman were on a heavy smoke fire call in Cameron, when they got the call. Within 14 minutes of the call 4 deputies, Stephen Cheramie Paul Sellers, W.R. LaBove and Brad Saltzman had arrived at the dispute and Larry Broussard was on his way from Grand Lake. So my friends there were six deputies on a dangerous mission. Statistics show that more deputies get killed from family disputes than any other call. I felt proud knowing that these men were risking their lives to serve and protect you. How many of you would risk your life to serve and protect each other? Without the proper financing for the department you cannot have the proper coverage as we have today. So I ask you again to examine your feelings about the protection and service we provide and decide if this tax is too high a price to pay for your safety.

In closing, when I first announced I was running for Sheriff, I promised I would serve you and protect you; I would give you 24-hour patrolling; I would guide our young people in a positive direction; I would enforce the law fairly and impartially regardless of who they were and above all be honest and fair with you at all times. If you feel that I have done this, I hope you can support the taxes - if not, you have a chance to vote against them. I think you will be the loser, not me. But be sure to go and exercise e your right to vote on this issue. I hope you trust me enough to say yes.

SINCERELY,

Sono

The Rev. Vincent Vadakkdeth was recently appointed pastor to St. Eugene Catholic Parish in Grand Chenier until June 30, 2001. Father Vadakkdeth has been serving as Administrator of St. Eugene Parish. The appointment was announced by the Most Rev. Jude Speyrer, Bishop of the Diocese of Lake Charles.

Outreach meeting set at Hackberry

The new Hackberry Rural Health Clinic will hold a community outreach service meeting from 6:30 to 8 p.m., Tuesday, July at the clinic on Hwy. 27 across from the Sheriff's substation.

The program will be presented by Will Nidecker, manager, and staff of the Sabine National Wildlife Refuge and Katherine Arnold of the Red Cross and will be on gun, boating and water safety, rescue breathing techniques. There will also be fishing tips, a lifesaving video and door prizes.

All ages are invited to this meeting.

The Rural Health Clinic is sponsored by the West Calcasieu-Cameron Hospital.

Festival is near

The 6th annual Marshland Festival will be held Friday, Saturday and Sunday, July 28, 29 & 30 in Burton Colseum at Lake Charles. The festival is sponsored the community of Hackberry to raise funds for youth activities.

The music entertainment will include Southern Express, the Louisiana Boys with Joe Stampley, John Fred and G. G. Shinn, Billy Joe Royal, Lake Charles Ramblers, Country Music Revue, Na Na Sha, Lifters, Rockin Doupsey, Texas Cajun Playboys and Wayne Toups.

In addition there will be a variety of exhibits, games, arts and crafts and food.

Admission will be $5 per day for adults or $12 for the weekend and $1 a day for kids 7 to 14. Under 6 are admitted free.

Mosquitoes to be out this week

By DON MENARD,
Director, Cameron Parish
Mosquito Control

Heavy rains which have been occurring for the last week, have flooded most major mosquito breeding grounds in Cameron Parish. Our larval surveys have turned up high populations of juvenile mosquitoes (Larvae) throughout the parish, which means that heavy infestations are on their way. We expect to see rapidly increasing levels in most areas for the next several days.

The entire parish is being checked on a daily basis and treatments will be scheduled according to the severity of the problem in each area, as mosquitoes migrate in from the surrounding breeding grounds. Since some species easily fly 30 miles or more, reinfestation will occur in many areas, causing us to have to respray some areas several times before getting control.

The public can help relieve some of the problems around their homes by draining water holding areas and emptying any contained which is holding water. Old tires, buckets, boats, barrels and other artificial containers can produce lots of mosquitoes around you and your neighbor's yards, so should be kept dry.

Equine encephalitis always begins to increase at this time of the year, so all horse owners should make sure their horses are vaccinated. This is an easily prevented disease that has a high fatality rate in horses.

Spray requests are welcome, so if you are experiencing excessive mosquito problems, please call our office at 775-5942.

Two bridges will go into drydock soon

The Louisiana Department of Transportation and Develoment has contracted drydocking and repairs of the Grand Lake Pontoon Bridge in Cameron Parish and the Black Bayou Pontoon Bridge in Calcasieu Parish with Fredeman Shipyard, Inc.

La. DOTD will remove the Grand Lake Bridge from service at 2 a.m., Mon., July 10. All traffic will be required to detour via the Black Bayou Bridge. Detour signing will be provided. The bridge will be out of service for approximately 20 working days. These repairs are necessary due to poor structural condition of the Pontoon Bridges.

When the Grand Lake Bridge returns to service the Black Bayou Bridge will be removed from service and traffic must then detour via Grand Lake Bridge. Appropriate news releases will again be issued.

Visits told

Members of Congressman Jimmy Hayes Lake Charles staff will make visits in Cameron parish on Tuesday, July 25 to assist anyone with problems they may have with federal agencies. The schedule is as follows:

Hackberry Multi-Purpose Bldg.--9 to 10 a.m.

Holly Beach Fire Station--10:30 to 11:30 a.m.

Police Jury Annex, Cameron--12:30 to 1:30 p.m.

Creole KC Hall--2 to 3 p.m.

If anyone has additional questions they may call the Lake Charles office at 318-433-1613.

Ferry is back

The Cameron Ferry No. 2 which crosses the Calcasieu River at Cameron on La. Highway 27/82 was returned to service Thurs., June 29.

All truck and/or trailer traffic may resume crossing the ferry. Tolls will again be collected.

Bookmobile will change its schedule

If the La. Dept. of Transportation removes the Grand Lake Bridge from service on July 10, as planned, the Cameron Parish Library Bookmobile will change its Tuesday, July 11, Grand Lake route as follows:

Marion Marcantel, 9:40-9:55 a.m.; Ada Aguillard, 10-10:20 a.m.; Ella Fontenot, 10:30-10:50 a.m.; Wilford Ogea, 11-11:15 a.m.; Big Lake Church, 11:20-11:35 a.m.

Grand Lake School (Story Time), 12:15-12:35 p.m.; Betty Hebert, 12:45-1 p.m.; Harold Savoie, 1:10-1:25 p.m.

If the Grand Lake bridge is not removed from service, the Bookmobile will follow its regularly scheduled route.

For more information call the library at 775-5421.

Were teachers prettier then?

(EDITOR'S NOTE--This story was first printed in the Cameron ParishPilot in about 1958. It was written by Archie Hollister, principal of the Klondike School and Cameron Parish's unofficial historian. Hollister is now deceased, but his sister, Bernice Hollister Denny, still writes a regular column for the Pilot.)

By ARCHIE S. HOLLISTER

It is more or less the current fashion to deride those benighted individuals who lament the passing of the "good old days". In the superiority of our knowledge and the sophistication of our understanding, we explain to them, as painlessly as possible of course, just how bad those bygone days really were. Regretfully we must admit that it is time water, for they just won't understand! Still it gives us pleasure to make the efforts, and it helps us to gain a momentary feeling of superiority. That, we need.

But perhaps those old boys have a point after all. This picture shows the teaching staff of Cameron back in 1911, and while everyone is aware that our educational system, on the whole, has advanced greatly since then, in the matter of appearance and personal good looks -- (Pause here for reflection; one could get into trouble.)

No, I didn't say it -- in fact I didn't think it -- but an acquaintance of mine did remark, and I quote: "There are more pretty girls on that front porch than you can find at any teachers' meeting in Cameron today." End of quote!

The setting is the front porch of Mrs. Bill Stine's hotel in Cameron, and the occasion was a "Teachers' Institute," which was the quaint expression then employed for what we would refer to as a "workshop" today.

At the extreme left in the bottom row is Miss Willie Cain, and the next is Jewell McPherson. The third is Estelle Martin who married Ott Stewart, now deceased, and made Cameron her permanent home; later she resumed her teaching career, and is now teaching in one of the schools in Lake Charles.

The younger man in the picture is Charles Eagleson, then sheriff of Cameron, and the one with the mustache and bow-tie is A. G. Murray, superintendent of schools at the time.

The other three are Miss Frizell, Supt. Murray's own dughter, and Inez Smith.

In the back row are, from left to right, a Miss White, and Miss Fannie White. The second Miss White is quite well known throughout the parish. She married George H. Savoy of Creole, and taught in several of the communities in Cameron during a long and fruitful career. Tha is now retired, and she and Mr. Savoy are living in Lake Arthur. It is through her kindness that this picture is made available.

The girl in the white dress is Miss Aline Sibley, who, like Miss Martin and Miss White, married a local boy, Johnny Meaux. The happiness of their married life was terminated within a few years by her death. The three remaining are Mayme Pugh, Bessie North and Florence Tanner.

It might be of some interest to note that Supt. Murray had his residence at Lowery, and conducted the affairs of the school from there. This worked no particular hardship on anybody though. The local teacher on the job had an independence unknown today, the superintendent was not expected to be in constant contact with the schools, and the School Board itself met but once every three months.

Education was not big business then. It is quite doubtful that Mr. Murray's entire budget for the year would pay the present superintendent's annual salary.

Morgan promoted

Marine Lance Cpl. Marcus A. Morgan, son of Charlene and Charles Morgan Jr. of Sweet Lake, recently was designated a Crew Chief.

As a Crew Chief with Marine Helicopter Training Squadron 204, 2nd Marine Aircraft Wing, Marine Corps Air Station New River, Jacksonville, N.C.

Morgan is resonsible for the flight readiness nd pre-flight saffty inspections of aircraft assigned to the squadron.

He joined the Marine Corps in May 1994.

LSU making study of problems of shrimpers

A team of LSU sociologists is studying the economic and social problems of Louisiana's shrimp industry in hopes of helping shrimp fishermen cope with recent changes.

"The shrimp industry is rapidly changing due to global and local trends, and the communities which support and are supported by the industry are being adversely affected," said Andy Deseran, who is heading the two-year research project. He serves as a professor in the LSU Department of Sociology and Rural Sociology.

"The shrimp industry also is a highly visible industry that is indicative of other industries. The findings we accumulate in this study will be applicable to other areas that are also facing new technology and regulatory changes," he said.

Deseran said three major problems are now hampering the state's shrimp industry -- there are too many fishermen for the amount of shrimp available, increased importation of Latin American and Asian shrimp is driving down domestic shrimp prices and the loss of public wetland areas is depriving fishermen access to suitable shrimp estuaries. The industry also is faced with federal regulatory issues that could affect the welfare of shrimp fishermen.

In particular, Louisiana's lagging oil industry has forced many workers to seek other employment, and many have opted to go into the shrimping industry, thereby helping to flood it with a surplus of fishermen. Vietnamese shrimpers also fish in areas of the Gulf Coast, providing added competition.

"The problem of too many workers is peculiar to fishing because of the open-access nature of the fishing industry and the accompanying fact that increased catches by one fisherman results in decreased catches for others," said Deseran.

He said much of the industry's foreign competition is from China and Taiwan. A majority of the imported shrimp comes peeled and frozen, consistent with locally process shrimp. In addition, foreign imports of smaller shrimp pose a threat to the state's value-added industries.

Louisiana's disappearing wetlands also present an urgent threat to the industry, Deseran said. Marsh loss and the privatization of public water bottoms are decreasing the number of areas where shrimpers can drag their nets.

Deseran said some federal regulations aimed at protecting certain finfish populations and endangered species are adversely impacting the shrimp industry. In particular, shrimpers estimate they lose 30 percent of their catch when using Turtle Excluder Devices (TEDs), and proposed seasonal closures of Gulf Coast fishing regions would greatly limit the shrimpers' fishing opportunities.

"Some of these regulations are actually designed to enchance the shrimp catch. But what may be a logical, rational act for the shrimp industry as a whole may not be so for the individual fisherman who is trying to make ends meet," Deseran said.

Louisiana's shrimp industry accounts for the largest component of the state's seafood harvesting sector. In 1990, landings brought in $153 million dockside and amounted to 55 percent of the state's seafood harvest that year, according to the Louisiana Department of Wildlife and Fisheries.

More significant is the economic spin-off created by the industry. A recent labor market survey indicates that for every $1 million of shrimp harvested, 340 jobs are generated. In particular $1 million of harvested shrimp directly creates 23 full-time jobs at the harvest level, 52 full-time jobs in processing and distribution, 221 full-time jobs in the food-service and retail industries, and indirectly employs another 49 persons.

The LSU researchers will analyze the impact of recent changes on the shrimp industry and determine labor market alternatives for its dependent. They will record detailed information about the shrimp fishermen's work experience, their backgrounds and perceptions and their family structures. The researchers also will develop socioeconomic profiles of the labor market areas in which Louisiana shrimpers reside.

The LSU study is funded in part by a $54,000 grant from the Louisiana Sea Grant College Program.

Horses must be tested annually

Under new regulations adopted by the Louisiana Livestock Sanitary Board all horses in Louisiana must be tested annually for Equine Infectious Anemia, also known as swamp fever, according to Commissioner of Agriculture and Forestry Bob Odom.

The annual test is aimed at eliminating the disease from the state's horse population, estimated at some 210,000.

The EIA blood test is done by private veterinarians. When tested the animal is permanently identified with a brand, tattoo or electronic implant. Blood samples are submitted to the 12 licensed laboratories with results furnished to the testing veterinarians and the department.

A horse that tests positive for EIA must be put down or sent to a slaughter facility.

Do not shorten the morning by getting up late; look upon it as the quintessence of life, as to a certain extent sacred.

A PUPPET SHOW was put on for the Cameron Parish Library's summer reading program recently. Above are some of the children enjoying seeing the puppets in action.

Absentee voting

Absentee voting for the July 15, Cameron Parish Law Enforcement Dist. Special Election will begin Mon., July 3, and continue thru Sat., July 8, at noon.

Absentee voting is in the Registrar's Office, bottom floor of the courthouse. Regular office hour are 8:15 a.m.-4:15 p.m., Monday thru Friday.

AMERICANISM STUDY

Five Cameron Parish high school students will take part in a two-week long "Americanism vs. Communism" seminar at two state colleges this summer, according to U. E. Hackett, school superintendent.

Attending the one at McNeese in June will be Richard Ryan, Johnson Bayou; Lonnie Harper, South Cameron; Shirley Nunez, Grand Lake; and Lee Buford, Hackberry.

James Lee Bargeman of Audrey Memorial will take part in the seminar at Southern University during August.

Four students spoke on this subject at last week's meeting of the Cameron Lions Club. They were Bernie Jinks, Johnson Bayou; Marvin Owens, South Cameron; Shirley Nunez, Grand Lake; and Lee Buford, Hackberry.

LIONS OFFICERS

Clarence Guilbeau defeated his brother Rodney in a good-natured race for the president of the Cameron Lions Club recently. Other officers are Ray Dimas, secretary; E. W. Swindell, Rodney Guilbeau and Walter Stanley, vice-presidents; Ray Champagne, tail-twister; George Boyd, lion tamer; and Braxton Blake, Dr. Cecil Clark and Charles Hebert, trustees.

SCHOOL BOARD ELECTIONS CALLED

Saturday, July 28, has been set as the date for the election of school board members in Ward 1 (Klondike-Lowery) and Ward 5 (Johnson Bayou-Holly Beach), according to Jerry Jones, secretary of the Cameron Parish Democratic Executive Committee.

One school member is to be elected from each of the two wards. The seats are now held by Percy David of Ward 1 and Alton Trahan of Ward 5.

RED CROSS DRIVE

A total of $2,124.75 was collected in the Cameron Parish Red Cross Drive, according to A. H. Crain, parish chairman, who expressed his appreciation to all persons who contributed.

The amount collected in each community and the local chairmen were: Grand Chenier, Mrs. D. Y. Doland, $307.41; Cameron, Leslie Richard, $1,096.75; Johnson Bayou, Mrs. J. B. Erbelding, $62.75; Hawkberry, J. A. Lowery, $94.66; Sweetlake, Mrs. Charles H. Precht, $167.38; Grand Lake, Mrs. Ivan Fontenot, $117.20; Creole, Dalton Richard, $278.60.

ROUNDABOUT THE PARISH

Holly Beach -- "Where did they all come from?" ask the tourists concerning the abundance of crabs caught here last week. Local observers say it's been years since crabs were so plentiful. Crabbers say a line yields from six to ten crabs at every pull. The amount caught in the past two weeks for freezers, feasts, and take-home is just about incomprehensible.

Cameron -- The Melody Bluebirds last week had their end-of-the-year party making the end of their meeting for this season. the leader, Mrs. McJohnson, and the assistant leader, Mrs. Bob Schwark, served refreshments to the group.

Hackberry -- Awards given at the high school graduation included: Ernestine Colligan, the WOW American History, and the Lions Club citizenship and Danforth awards. Gary Sellars also received a Danforth award. VFW most progress awards went to Loretta Devall and Gary Sellars.

Johnson Bayou -- Class officer awards at the high school grduation were -- Walter Thomas Griffith, 7th; Nancy Irene Trahan, 8th; Judy Ann Trahan, 9th; Joyce Elaine Trahan, 10th; Thomas Walter Stanley Jr., 11th; and Richard H. Ryan, Jr., 12th.

SURPRISE PARTY

Mrs. Lula B. Sarvaunt was honored recently on the occasion of her 80th birthday. The surprise party was held in the Thomas Silva home in Lake Charles. Also there were Mrs. Savaunt's brother, Ike Bonsall, age 83, and Mrs. Ella Funk, age 78, sister.

Food Source program described

Each month, some 7,000-8,000 families in Louisiana and Texas are among the more than 50,000 families from across the Southern and Southeastern United States, who are volunteering in their communities and reaping lower food bills as a result of their service.

These families are saving money through their participation in Food Source, a unique food outreach program that is cropping up in parishes across Louisiana and now spans eight states. The program is headquartered at the Christian Service Mission in Birmingham, Ala. Anyone -- regardless of background or need -- can participate in Food Source. Participants come from all walks of life and socio-economic backgrounds. What brings them into the Food Source program is a desire to help others and to purchase food for their families at a lower cost.

The program itself is simple: participants sign up for Food Source monthly through one of about 800 host organizations that offer the community-action program to their local communities. About 110 of these host organizations are operating in Louisiana and Texas.

These host organizations may be local churches, community centers, volunteer fire departments, neighborhood associations or other service groups. Participants pay $13 and give two hours of volunteer service to their community each month; in return, they receive between $25 and $35 worth of frozen meats, fresh and frozen fruits and vegetables, and staple items, such as rice, beans and pasta. The package allows participants to stretch their food dollars further each month.

Food Source officials define the program's required two hours of community service as "anything a person does for someone else -- other than family -- that he or she doesn't get paid for." That might be driving a friend or neighbor to the doctor, taking food to shut-ins, helping with a community project or lending a hand to the Food Source program, which is dependent on volunteers to help with bagging and preparing the food for distribution.

Food Source is not a government or a welfare program. Rather it's similar to a food buying club that "pools" participants' money to get the most value for their dollar. The food is quality, purchased in bulk directly from producers on the U.S. markets -- further reducing cost -- and is delivered to Food Source's three Alabama warehouses in Birmingham, Mobile and Tanner, it's affiliate in Blackshear, Ga., and their "newest" warehouse in Lake Charles.

Hundreds of volunteers are needed each month to help repackage portions of the fresh produce into individual orders, or units. The food is then trucked out to designated distribution sites or picked up at the warehouses by area host groups and distributed to participants in their neighborhoods.

Food Source currently serves an average of 50,000 families in eight southern and southeastern states including Alabama, Tennessee, Arkansa, Mississippi, Louisiana, Texas, Georgia, and the Florida panhandle.

To find out more on how your volunteer service can bring you savings, or to lcoate a Food Source host organization hearest you, call 318-436-8633 or 1-800-379-0372 or 1-800-264-0909.

MUSING

By Bernice Denny

A new year like a magic chest has opened before us. What does it contain? What lies unseen within impenetrable wrappings? What has been tucked into its four corners? In all its separate little compartments?

Because it is magic, the note pasted within the lid reads, we shall be able to take out and use its contents by the minute through each hour of each day.

"Like other chests of 365 days," the note continues, "this one contains joys and sorrows, triumphs and disappointments, crushed hopes and hopes fulfilled. It contains, perhaps, illness as well as health, tears and laughter in turn. One packet and one only can be lifted and opened at a time. None may be discarded. Draw close to God in prayer that you may grow in the use of each."

Hesitantly we reach into the chest. We discover at once that the choice of packages is not ours. Only one among the thousands upon thousands is movable each minute. We open the available one. It contains the ordinary, but lying on the top is a link of gold. The wall clock ticks off the minutes. With each tick we open another package. Always there lies a shining link upon whatever else must be ours at the time.

We find that we are able to join each link to another. Soon we are forming a golden chain of precious hours. Already we realize what untold wealth the chest of 1995 has brought to us.

Our packages vary -- only the links of time attached to each are identical. In these first few days we have opened frustrations and pain as well as intangible riches and delights.

Quite by chance, or was it by divine inspiration, we have learned that by breathing deeply of the faint fragrance wafting upward from the chest we become filled with the perfect assurance that the Spirit of God is beside us each blessed moment. And we are further assured that the gifts from the chest of 1995 can be filled into the harmony of our lives if we tender them first to the guidance of that Spirit.

Don't Get Burned!

FRY NOW • PAY LATER

Only You Can Prevent Skin Cancer. . .

HOW CAN YOU PREVENT SKIN CANCER?

Even though overexposure to the sun is the leading cause, it isn't necessary to give up the outdoors in order to reduce your chances of developing skin cancer. Just use good sense and simple measures whenever you work or play in the sun — repeated sunburns are particularly risky.

Cover Up with a wide-brimmed hat, and a bandanna for your neck; wear long-sleeved shirts and pants the sun can't penetrate.

Use Sunscreens to help prevent skin cancer as well as premature aging of your skin. You'll want a Sun Protective Factor (SPF) rating of 15 or higher. Women can get a little added protection by using tinted opaque cosmetic foundation along with a sunscreen. Apply sunscreen at least an hour before going into the sun and again after swimming or perspiring a lot. Don't use indoor sun-lamps, tanning parlors or tanning pills.

Know The Ways Of The Rays for your best protection. You can get burned on a cloudy day. And the rays can reach down into three feet of water. Try to stay out of the direct sun at midday, as the sun's rays are strongest between 11 a.m. and 2 p.m. And beware of high altitudes — there's less atmosphere to filter out the ultraviolet rays. Skiers should remember that snow reflects the sun's rays, too.

Whatever your skin type, do a monthly self-exam of your skin to note any moles, blemishes or birthmarks. Check them once a month and if you notice any changes in size, shape or color or if a sore does not heal, see your physician without delay.

Tournament set here

By JOE MUELLER

The Cameron Recreation District 6 softball complex will be the site of the USSSA boys state tournament July 15 and 16.

The classifications will be 18 and under, 16 and under, and 8 and under coach pitch.

The top 25% of each class will win a world berth.

Team trophies will be given to first, second and third places in each division. Individual bat bags will be given to first place teams and individual T-shirts for first, second and third place teams.

All 1995 USSSA regulations governing youth softball will apply.

Tournament and team rosters must be received by July 12. If this is a problem contact Billy Delaney at 318-542-4082.

Brackets will be complete by 6 p.m., July 13. Call Billy Delaney to find out game time of teams. The tournament could start as early as 9 a.m on July 15.

Team rosters cannot exceed 20 and must be submitted on official USSSA team roster form.

The tournament will be open to all boys in their respective age class and who will not reach their next birthday before Aug. 1.

Any player can play in a higher age class, but cannot play in a lower age class.

The rules for boys 8 and under, a ten run rule will be in effect after five innings and a 15 run rule will be in effect after four innings.

During each of the first six innings the offensive team may score no more than five runs before three are out.

During the seventh inning the offensive team may score an unlimited number of runs before three outs are made.

Each batter gets a maximum of eight pitches from his coach. Their turn at bat will terminate when eight pitches have been thrown. The batter has three strikes or the batter hits a fair ball.

S All other playing rules shall be governed by the 1995 USSSA rule book.

THE CREOLE Young Guys, 9 and 10 year olds, were undefeated Parish Champions. Their record was 8-0 for the season. IMPORTANT NOTICE OF PROPOSED CLASS ACTION SETTLEMENT AND FAIRNESS HEARING

19TH JUDICIAL DISTRICT COURT
PARISH OF EAST BATON ROUGE
STATE OF LOUISIANA
MILDRED SUTHERLAND, FRED SUTHERLAND AND ROBERT A. BOURGEOIS
VERSUS
LOUISIANA HEALTH SERVICE AND INDEMNITY COMPANY
D/B/A BLUE CROSS AND BLUE SHIELD OF LOUISIANA, INC.
NUMBER: 416,428 DIVISION "M"

NOTICE OF PROPOSED CLASS ACTION SETTLEMENT AND FAIRNESS HEARING

TO: CERTAIN PERSONS AND/OR OTHER ENTITIES RESIDING IN AND/OR OUTSIDE THE STATE OF LOUISIANA AND BEING PRESENT OR FORMER POLICYHOLDERS AND/OR GROUP MEMBERS OF A MASTER GROUP HEALTH INSURANCE POLICY ISSUED BY BLUE CROSS AND BLUE SHIELD OF LOUISIANA ("BCBSLA")

You may belong to a class of people covered by a proposed settlement of a legal action ("Settlement"), and what rights you may have in connection with it. Please read this Notice carefully, because the rights and benefits of the proposed Settlement affect you. The District Judge will hold a hearing on September 6, 1995 to decide whether to approve the settlement. This Notice describes your legal rights in connection with the hearing in this lawsuit. All settlement class members who do not timely exclude themselves will be bound by the resulting orders.

PLEASE READ THIS NOTICE CAREFULLY. IT MAY AFFECT YOUR LEGAL RIGHTS.
FOR MORE INFORMATION, CALL 1-800-949-4932

This Notice is sent to you by order of the 19th Judicial District Court for the Parish of East Baton Rouge, State of Louisiana, to advise you that a Class action has been certified for settlement purposes on behalf of all present and former policyholders of Blue Cross and Blue Shield of Louisiana (BCBSLA), effective for the claims practices described below.

I. DEFINITION OF THE CLASS

Pursuant to this Court's preliminary class certification order of June 14, 1995, the settlement class is generally defined as certain persons and/or entities residing in and outside the State of Louisiana and being present or former policyholders and/or group members of a master group health insurance policy issued by Blue Cross and Blue Shield of Louisiana ("BCBSLA") between 1982 and 1994, inclusive, who are determined to be affected by the claims practices described below.

II. BRIEF SUMMARY OF THE LITIGATION

On April 28, 1995, a class action lawsuit was filed by Plaintiffs Mildred Sutherland, Fred Sutherland and Robert A. Bourgeois on behalf of themselves and on behalf of a class of individuals and businesses in Louisiana, composed of thousands of persons who are or were individual policyholders and/or group members of a master group health insurance policy issued by BCBSLA. The class action **Petition** alleges that Plaintiffs are entitled to damages as a result of certain BCBSLA practices relating to processing of insurance claims, including: (1) BCBSLA's alleged practice of erroneously subscribing consumers' payments to their employers' group insurance premiums and failing to remit such payments to Class members; (2) BCBSLA's alleged practices of manipulating policy limits based on the discounts negotiated with certain providers of medical services; (3) BCBSLA's alleged improper practice of excluding benefits under Accident and Sickness Insurance and medical benefit coverages provided based on Medicare Limits; herein; (4) BCBSLA's alleged improper practice of misclassifying benefits under Accident and Sickness Insurance and medical benefit coverages provided based on Medicare payments among other claims. Class action plaintiffs claim that class members are entitled to relief requiring BCBSLA to change its Coordination of Benefits practices and Cancer-out Practices to give affected subscribers the direct benefits of their funds sometimes co-pocketed by BCBSLA with hospitals and other providers and as a result of the reduced provisions which permit BCBSLA to claim the benefit of certain Medicare payments not affected by the claims. Plaintiffs also seek damages for BCBSLA's alleged improper practices in this regard and should be required to retroactively recalculate subscribers' co-insurance and limits, and to reimburse subscribers as well as to compensate affected subscribers. Various other claims, including requests for permanent injunctions, attorneys' fees and interest, are also made.

Defendant BCBSLA has denied the allegations of the **Petition** and has asserted that this Court has no jurisdiction over the matters of these claims.

The Court has preliminarily decided that this case can proceed as a class action for purposes of settlement only and that it does not appear that the Court will be successful that the case goes to trial. The Court has made no such determination, and the proposed settlement is not to be construed in any way as an admission that this Court is correct, or admission by BCBSLA as to the merits of any of the claims asserted against BCBSLA.

This matter has been preliminarily certified as a settlement class action by this Court's Order of June 14, 1995. The date of the fairness hearing is September 6, 1995.

All class members will be bound by this lawsuit with respect to the claims against which they have a right to be included. If a person asks to be excluded, he or she will not be bound by the outcome of this action nor entitled to share in any settlement proceeds.

A proposed settlement has been entered into between the class representatives and BCBSLA which is intended to resolve all claims against BCBSLA arising out of the disputed described above.

The proposed settlement, in summary, provides for the payment of approximately $ [illegible] to class members, after reduction for the attorneys' fees awarded by the court, costs and expenses. In exchange for these benefits, class members who choose not to be excluded from the settlement will release BCBSLA from all claims, including medical claims, on behalf of the class member based on the claims practices described above. All class members will be bound by this settlement and a voluntary change in claims administration with respect to these disputed issues and payments [illegible] BCBSLA unless they specifically ask to be excluded. If a person asks to be excluded, he or she will not be bound by the Notice, from the settlement proceeds and BCBSLA has [illegible] participation in the settlement proceeds.

III. CLASS REPRESENTATIVE AND CLASS COUNSEL

The Court has designated Mildred Sutherland, Fred Sutherland and Robert A. Bourgeois as class representatives for the settlement class. The Court has appointed as class counsel the following individuals: Steve Thompson, Esq. (#13,[illegible]) Thompson, Coe, Cousins & Irons, L.L.P., 701 Poydras Street, Suite 3100, New Orleans, Louisiana 70139-7103; Shane E. Guzzo, Esq., Post Office Box 23401, Jackson, Mississippi 39225-3401; John M. Frank, Esq., Post Office Box 2055, Baton Rouge, Louisiana 70821-2055; Hardy Hall, Esq., Hall, Estill, Hardwick, Gable, Golden & Nelson, P.C., 2600 One Williams Center, Tulsa, Oklahoma 74172-0148; and Anthony Sakalarios, Esq., 142 East Pearl Street, Hattiesburg, Mississippi 39401-3401; and Nancy S. Marcus, Esq., Post Office Box 2055, Baton Rouge, Louisiana 70821-2055.

The class representative and class counsel believe that the proposed settlement is fair, reasonable and adequate. They recommend approval of the proposed settlement after weighing the substantial benefits against the probabilities of success at trial, and the costs, risks and delay of trial and appeal.

IV. RIGHTS AND OPTIONS OF SETTLEMENT CLASS MEMBERS

If you are a settlement class member, you have the following options at this time:

(1) You may do nothing and remain a settlement class member. If you choose to take no action, you will be represented by the class representative and class counsel. You will not be charged for these services. You will be bound by any settlement and you will be eligible for benefits available as a member of the settlement class.

(2) You may remain a settlement class member and hire your own attorney to represent you in your capacity. Your attorney must file a notice of appearance with the [illegible] 19th Judicial District Court, Post Office Box 1991, Baton Rouge, Louisiana 70821, and serve a copy on counsel listed above. Such notice of appearance must be filed by August 16, 1995.

(3) You may request exclusion from the settlement class. If you elect to be excluded from the class, you will not be bound by any orders or judgments entered in the class action, but you also will not be able to participate in the settlement. You will retain any rights you may have to pursue your own claims. If you wish to be excluded from the settlement class, you must mail a request for exclusion to the following: Clerk of Court, 19th Judicial District Court, Post Office Box 1991, Baton Rouge, Louisiana 70821.

Your exclusion request must set forth your full name and current address. Your written request for exclusion must be received by August 16, 1995 or you will be deemed a member of the class.

(4) You may object to the settlement. Any settlement class member who does not request exclusion from the settlement may file written objections and any supporting papers to the following address: Clerk of Court, 19th Judicial District Court, Post Office Box 1991, Baton Rouge, Louisiana 70821, by August 16, 1995. If the person filing the objection intends to appear in person at the fairness hearing, he must also file a notice of appearance with the Court by August 16, 1995. A Notice of Appear Any settlement class member who does not timely file a written objection and notice of appearance will be deemed to have waived any objections and shall be precluded from raising any objections to such matters. Copies of all objections received by the Clerk of Court must be mailed to counsel listed above: BCBSLA: Van R. Mayhall, Jr., Esq. and David Kelly, Esq., Post Office Box 1791, Baton Rouge, Louisiana 70821.

V. FAIRNESS HEARING

On September 6, 1995, a hearing will be held at the Courthouse, 19th Judicial District Court for the Parish of East Baton Rouge, 300 North 10th Street, Louis Street, Room 376, Baton Rouge, Louisiana 70802, at 1:30 P.M., concerning whether the Court will approve the settlement as fair, reasonable and adequate and the law-suit ultimately dismissed. This hearing may be continued without further notice.

IF THE COURT APPROVES THE SETTLEMENT, YOU WILL BE NOTIFIED THAT THE COURT HAS GIVEN SUCH APPROVAL. THE NOTICE WILL EXPLAIN THE PROCEDURE FOR PARTICIPATING IN THE SETTLEMENT.

VI. FOR FURTHER INFORMATION

THIS NOTICE IS ONLY A SUMMARY. The complete terms of the settlement and all other pleadings and briefs are on file with the Court and may be inspected or copied during regular business hours at the office of the Clerk of Court of the 19th Judicial District Court for the Parish of East Baton Rouge, 300 North 10th Street, Baton Rouge, Louisiana 70802. DO NOT CALL THE CLERK OF COURT. If you have any questions about this Notice, the Settlement or Notice of Settlement in writing to the class counsel identified above.

A more detailed description of the Settlement, as well as questions and answers regarding the same, and directions for making a claim or request for direct mailing of more detailed information should be made by calling 1-800-949-4932.

POACHERS NABBED

Two Winn Parish men had to pay $2,000 each in fines and serve 30 days in jail of a 120 day sentence plus two years unsupervised probation and loss of hunting privileges for two years. They also forfeited three rifles and a knife. All of this for shooting a deer decoy set up by wildlife agents.

NEW LICENSES

I would like to remind you if you haven't purchased your new basic and saltwater licenses, your old licenses are expired.

COTILE LAKE SAFE

An angler fishing for catfish hooked a 4 lb. 15 inch fighting fish with a mouth full of teeth. Folks, even the swimmers took a scare thinking it was a flesh eating pirahna. After a lab test showed it was probably a pacu, which is a fruit eating fish from the Amazon basin. It is thought that someone had it in an aquarium and dumped it into the lake. This lake is located near Alexandria.

FISHING REPORTS

It's real hot but good bass have been reported caught. Lacassine Refuge and the Big Burn have serveral 5 to 6 pounders caught last week. Also, the Calcasieu River has been picking up on larger bass as the water is getting better.

Saltwater fishing is still great, especially on redfish. Several large reds were reported, and flounders are still hitting.

Offshore fishing has picked up, however, the thunderstorms, especially in the afternoon, make trouble for some smaller boats going too far offshore.

TALK AROUND

*The 21st of June was the first day of summer and with the temperature of 95 to 98 degrees, it's a proven fact.

*Alligator mesting is at its peak and good advice is to leave the gators alone in the marshes.

*There's still quite a few yellow belly turtles laying eggs. I've noticed the eggs don't stay buried long as skunks will dig them up and eat them quickly.

*The Wild Louisiana Stamp as well as the recreational gear licenses are expired and need to be renewed.

*Commerical King mackeral fishing reopened July 1.

*Due to the fact I sent in my article early because of July 4, the results of the fishing rodeo will be in next week's issue.

Before closing today, I would like to wish Mrs. Geneva Griffith, well known to our community and an excellent news lady, a quick recovery and let's keep her in our prayers.

Students are working as volunteers

Work-based learning is the basis of the "A-Hec of a Summer" health creers volunteer program taking place this summer at South Cameron Memorial Hospital in Cameron. Participants include: Julie Batts, Alice Boudreaux, Nichole Chauvin, Terrell Thibodeaux, Alissa Boudoin, Melanie Boudreaux and Eric Nunez.

During the "A-HEC of a Summer" program, student volunteers observe and assist clinical health care staff in various hospital and nursing home departments. Students also participate in workshops, focus group discussions and field trips to universities, vocational schools and specialty care facilities.

The purpose of the program is to expose young adults to opportunities in health care professions through volunteer work in local health care facilities.

Experience enables you to recognize a mistake when you make it again.

PUBLIC NOTICE

Notice is hereby given that the Department of Environmental Quality is propging to issue a new Louisiana Water Discharge Permit System permit to ANR Pipeline Company. This permit, if issued, will establish effluent limitations and monitoring requirements for the discharge of stormwater runoff associated with the company's existing natural gas compressor station, Lake Arthur Compressor Station, located 3 miles south of LouisianaHighway 14 on parish road 3056 near Lowry, Cameron Parish. The receiving waters for this facility include roadside ditch; thence into the Mermentau River. The limitations and conditions of this permit are consistent with the permitting policy of the Office of Water Resources, which is to achieve and maintain full support of designated uses of the waters of the state.

During the preparation of this permit, it has been determined that these discharges will have no adverse impact on the existing uses of the receiving waters. As with any discharge, however, some change in existing water quality may occur.

All designated uses of the receiving waters are being fully supported.

The application and proposed limitations may be examined at the Office of Water Resources, 3rd Floor, Department of Environmental Quality, 7290 Blue bonnet Road, Baton Rouge, Louisiana.

Persons wishing to provide data, views or comments, or request a public hearing relative to the issuance of the permit are invited to submit their comments and requests, in writing, within thirty (30) days of the date of this notice using reference No. WP 4160 to:

Department of Environmental Quality, Office of Water Resources, Post Office Box 82215, Baton Rouge, Louisiana 70884-2215 ATTN: Daryl M. Westmoreland Telephone: (504) 765-0543.

All written comments submitted during the period of comment shall be retained by the office and considered in the formulation of a determination to issue a final permit.

The Challenge of Genealogy

by MARIE WISE

SAMUEL MOSS was the progenitor of a Moss line from which a son, Nathaniel, Sr. moved to Lafayette Parish, Louisiana, sometime after 1807.

Samuel, of English heritage, was born c1675, owned land in New Kent County, Virginia, in the early 1700s, married _____ Aldridge, had 9 children.

The 3 youngest of these: John, Alexander and Nathaniel, Sr., left Virginia for Wilkes and Oglethorpe Counties, Georgia. About 1800, Nathaniel with several other relatives moved on to Mississippi and Louisiana. Nathaniel who had married Johanna Johnson in 1780 settled first in Wilkinson County, MS, of their 11 children, the first 2 had been born in Virginia, the rest in Georgia.

Moving after 1807 to Lafayette Parish, Nathaniel settled there with his wife and all but the 4 oldest grown children: George, Mary "Polly", Nathaniel, Jr. and Johnson. Two years later, these latter 2 joined the family in Louisiana.

Of Nathaniel and Johanna's children, 7 had marriages in Lafayette Parish: Mary "Polly" Johanna to (2nd) John Hayes; Nathaniel, Jr. to (2nd) Sarah Smith; Johnson to (2nd) Martha Lyons; Anderson to Elizabeth W. "Betsy" Hayes (mar. in St. Landry Parish); Henry to Anne Ryan; Melissa Harris to Allen Campbell; Alfred P. to (1) Johanna "Anne" Hartley and (2) to Mrs. Cyrene Sarah Porter (wid. Hinkle); and Joseph H. to Marie Claire Thibodeaux.

Henry Moss died 1875 in Calcasieu Parish.

George Moss, 1st son of Nathaniel, Sr. and Johanna, married Lucretia Glass, 1811 in Wilkinson County, MS where they had 7 children. Of these, George C. Moss married Nancy Shropshire in 1836 and they moved to the St. Landry Parish area before 1850 near his mother, Lucretia, and her 2nd husband, James M. Mumford.

Joseph H. Moss who married Marie Claire Thibodeaux had 10 children; the 1st 9 born in Lafayette Parish, the youngest in Vermillion. Of these, Anderson Joseph "A. J." mar. Therese Octavie Cornay; Alexander mar. Martha Orr Rice; Levi and Nathaniel died in Civil War service; Calvin mar. Helene LeBlanc; Emily mar. Duncan Greig; Melissa "Lessie" mar. Sidney Greig; 3 died young.

A large number of Moss descendants still reside in Lafayette, St. Landry, Vermillion, other Louisiana parishes, and elsewhere.

MOSS FAMILY

"The Moss Family: From Virginia to South Louisiana" by Marilyn S. Dyer from which the above genealogy comes is a featured article in the current issue of *La Voix des Prairies*, quarterly publication of the Evangeline Genealogical and Historical Society of Ville Platte.

The author, Marilyn S. Dyer, 2214 Miguel St., Lakeland, FL 33801-6669, writes that she has extensive information on the Moss and related families and will correspond with other interested persons.

Also in this *La Voix* are 2 interesting genealogical puzzle articles: "The Loner" by Jacqueline O. Vidrine (who was Jean Baptiste Gardes/Garde/Gardel in New Orleans c1765?) and "Pauline Miller, Her Possible Ancestry" (did she marry and have at least 5 children by Joseph Zincourt Fontenot, Jr. in St. Landry Parish c1860s-1870s?)

Including also other articles, and queries, *La Voix* is softcover, stapled, 40 pages, 8 1/2 x 11 in., available with $10.00 annual membership in the Society, P.O. Box 664, Ville Platte, LA 70586.

Publications reviewed in this column are given to the Erbon and Marie Wise Genealogical Library, Louisiana State Archives, Baton Rouge.

Law enforcement tax election set

The Cameron Parish Law Enforcement District will submit two propositions to the voters of Cameron parish at a special election to be held on Saturday, July 15.

One proposition is for the renewal of the 8-mill Special Law Enforcement millage for a five year period from 1995 to 1999.

A second proposition is for an additional 2-mill tax to go into effect in 1996 and end in 1999.

In a letter to the voters printed elsewhere in this issue, Sheriff James (Sono) Savoie said he is asking for the extra 2 mills for four years because the present 8 mills is not enough to keep the department operating at its present level.

He notes that the department had a deficit of $158,000 last year, which it was able to absorb due to having a surplus built up over the past few years.

If the shortfall should continue, the surplus will be used up by 1997 or 1998 and "then we will have to cut our service, because all our ad valoren tax is spent on salaries and the high cost of insurance," the sheriff stated.

The sheriff promised not to use the additional 2 mills until the department depletes its present surplus.

Tax vote set here Saturday

Cameron parish voters will vote on two tax proposition submitted to them by Sheriff James (Sono) Savoie this Saturday, July 15.

One of the prositions is for the renewal of a 8-mill Special Law Enforcemt millage for a 5-year period. This would renew a tax already in existence for the operation of the sheriff's department.

The second proposition is for an additional 2-mill tax to go into effect in 1996 and end in 1999.

Sheriff Savoie said he was asking for the extra 2 mills for four years because the present 8 mills is not enough to keep the department operating at its present level. He promised not to use the extra 2 mills until the department depletes its present surplus in 1997 or 1998.

TED rules eased some

Louisiana Congressmen Jimmy Hayes, Bob Livingston and Billy Tauzin announced that the National Marine Fisheries Service has agreed not to issue the proposed rule to further expand the use of turtle excluder devices (TED's) by shrimpers in West Gulf of Mexico.

On June 28, Hayes, Livingston, and Tauzin wrote NMFS Administrator Rolland Schmitten to bring to light the detrimental and disproportionate impact that the regulation would have had on Louisiana's shrimping industry. The rule would have placed certain requirements on the use of soft TEDs, bottom opening TEDs, and try nets. In response to the letter, NMFS indicated that they would not expand current TEDs requirements unless turtle strandings increase.

"NMFS actions vindicate what South Louisiana's shrimpers have been saying all along -- that there is no conclusive evidence linking shrimpers to increased turtle beachings," Hayes said. "I hope that the regulators at NMFS will finally realize that their action had better be grounded in law and fact, not ideology and supposition."

Devall tops

Mary Devall of Hackberry captured the all-around cowgirl title in the junior division at the Litle Britches Rodeo held June 30 in the Kinney Arena. Mary earned a total of 340 points. Runner-up was Keisha Addison of Hackberry earning 259 points.

Mary placed second in barrel racing, 17.170; first in goat tying, 9.88; second in trail course, 29.101; and first in pole bending, 21.618.

Keisha placed first in barrel racing, 16.507; second in goat tying, 13.41; and first in trail course, 27.502.

Douaine Conner

Conner asks re-election

Douaine Conner, Cameron Parish Police Juror for District 4, has announced his candidcy for re-election in the October primary election. Conner has served for the past 8 years, serving the Creole, Grand Chenier and the Klondike-Lowery areas.

Mr. Conner is 38 years old and is a resident of the East Creole area. He graduated from South Cameron High School and is married to the former Sheila Broussard. They have four children, Santana, Lancey, Jobe and the late Channing Conner.

He has been active in community and recreation affairs, and is a member of the Sered Heart Catholic Church. He has served as past president and vice-president of the Police Jury, Civil Defense, Council on Aging and the Fire Department. He serves on the National Association of Counties Community Economic Development Committee.

Wyoming bound

Carrisa Devall and David Devall, both of Hackberry, will be among the 39 Louisiana students who will compete in the National High School Rodeo in Gillette, Wyo.

They won the right to compete nationally after having won in the Louisiana High School Rodeo held recently in Lake Charles.

Ferry and bridge resolutions told

The Cameron Parish Police Jury adopted two resolutions on ferry and bridge problems at its monthly meeting last week.

Noting that the big Cameron ferry transports nearly 36,000 cars across the ship channel each year, the jurors said the long waits for the ferry is a detriment to the economy of the town and parish.

They asked the La. Dept. of Transportation to assign an additional ferry and landing at the ship channel to complement the present ferry.

Another resolution noted that the Grand Lake moveable span bridge on the Intracostal Canal was being taken out of service for repairs and asked the highway department to provide an alternate crossing of the canal during the repairs of the bridge.

IN OTHER BUSINESS, the jury appointed Doris Melancon to the Recreation Dist. 8 board to replace Kathleen Thevis who resigned.

Jan Thevis, Lori L. Hargrave and Darla Istre also resigned from the board but replacements were not named. Richard Richard was reappointed to the Recreation Dist. 6 board.

The speed limit on Parish Road 696 at Hackberry was amended to 12 miles per hour.

The jury approved a motion by Ray Conner to write a letter to state officials asking they widen La. 27 from Creole to Hackett's corner and that the road be designated a hurricane evacuation route.

Conner also asked the jury to write the Commissioner of Agriculture for aid in controlling water hyacinths, which are spreading rapidly in the marsh.

Repairs are delayed

Repairs to the Grand Lake Pontoon Bridge have been delayed, said state Rep. Randy Roach, D-Lake Charles.

The state Department of Transportation and Development had planned to remove the bridge Monday, July 10.

A DOTD attorney told Roach on Friday that the state would not insure Cameron Parish to transport people across the canal by boat unless the situation was life-threatening.

Roach said there were too many non-life threatening situations, such as broken arms, that would need immediate attention.

After Roach and Sen. Cecil Picard, D-Maurice, talked to the attorney, they asked DOTD Secretary Jude Patin to build a new pontoon barge instead of repairing the old one.

Roach said he asked Patin to provide emergency funding. He said he should know by mid-week whether the state will build a new bridge.

CPR classes

South Cameron Memorial Hospital will offer Community CPR classes as follows:

July 18, 9 a.m., Grand Lake Fire Station.

Aug. 5, 9 a.m., Cameron Fire Station.

Aug. 12, 9 a.m., Holly Beach Fire Station.

Sept. 2, 9 a.m., Hackberry Fire Station.

Sept. 16, 9 a.m., Grand Chenier Fire Station.

There will be a charge of $2 per person to cover costs.

Pre-registration is required and may be done by calling Brenda Boudreaux at 542-4111.

Kelly to be on tourism program

Ed Kelly of the Cameron Parish Tourist Bureau will be one of the persons on the program of the 1995 Louisiana Rural Tourism Development Conference to be held Wednesday and Thursday, Sept. 13 and 14 in New Iberia.

Kelly will report on the tourism efforts in Cameron parish which have been sponsored during the past few years by the Cameron Parish Tourist Commission and the Cameron Parish Police Jury in cooperation with the LSU Extension Service.

Other rural tourism projects that will be reported on include the Columbia Downtwon project, the River Road Plantation Parade Association, the St. Franciaville Overnight Assoc. and Lake Providence's Doorway to Louisiana.

Any individual or group interested in rural tourism development is welcomed to attend the conference. For information contact Brenda Henning at Louisiana Sea Grant College Program, 504-388-6342, or Margaret Moore at Louisiana Cooperative Extension Service, 504-388-2367.

SCHOOL BOARD TOLD

McCall to retire as superintendent

Thomas (Sonny) McCall, Cameron parish school superintendent for the past 18 years, informed the school board by letter Wednesday that he will take retirement effective Dec. 31.

Supt. McCall was unable to deliver his retirement announcement to the board in person as he was at home recuperating from an operation on his leg in Houston on June 29. He came home last week but will not be able to return to work for several weeks.

McCall, a native of Grand Chenier, has worked in the Cameron school system for 38 years, including serving as supervisor of elementary education and assistant superintendent. Prior to that he had been principal of Grand Chenier elementary school after having been a coach and teacher at South Cameron high school.

McCall also had formerly served as Civil Defense Director for Cameron Parish.

In his letter to the board he stated:

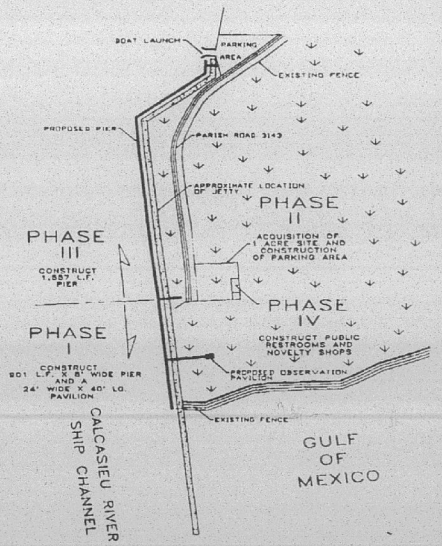
"I am very proud of the tremendous progress we have made; from physical plants that rank second to none in the state, to quality teachers who are among the best paid in the state and who have provide instruction at all levels that have consistently produced test scores in most areas in the top five to ten percentile in state rankings, and to a staff of outstanding support personnel."

Thomas McCall

He also praised the school board, parents and taxpayers "who have been willing to pay for this quality operation."

"I urge you to seek input from all of the people mentioned in this letter before drastic cuts are made to solve our financial problems," McCall concluded.

The school board probably will seek applications to fill McCall's position in the near future.



Meeting set here on proposed fish pier

A public meeting has been scheduled to obtain comments and suggestions for the devleopment of a recreation area south of the town of Cameron. The area will consist of a fishing pier (near the Calcasieu Ship Channel jetties which extend into the Gulf of Mexico), a birdwatching pavilion, and novelty shops, restrooms, camping/RV sites and parking areas.

The meeting will be held at 6 p.m. Mon., July 17, at the Cameron Parish Police Jury meeting room in Cameron. The main topic of the meeting will be to develop the first phase of the project. This phase will install a 900-foot fishing pier extending from the end of Jetty Road to an existing fence across the jetties and a 24' by 40' covered birdwatching pavilion attached to the fishing pier by a 175 foot walkway. The other three phases of the project will be undertaken after the successful completion of phase one.

The project is one of many projects being developed by the Imperial Calcasieu Resource Conservation and Development (RC&D) Council, Inc. The RC&D is a non-profit, tax-exempt organization sponsored by the five police juries and three soil and water conservation districts in Allen, Beauregard, Calcasieu, Cameron and Jefferson Davis parishes.

The completion of this project will require numerous federal, state, and local government agencies; industries and businesses, wildlife, fishery and others organizations; and individual citizens working together to provide technical and financial assistance. To insure that the Jetty Road Project meets the needs of the area the sponsors urges everyone to attend this important meeting and voice their opinions.

Anyone who is not currently certified to receive commodities is invited to make an application at the Cameron Community Action Agency. Please bring proof of income at time of application.

Cameron Outdoors

By Loston McEvers

The long July 4 weekend brought many people into our parish. Some to our beaches for barbecues or picnics, others sightseeing and many for fishing. I do know we had many crabbers. We also had three fishing rodeos. Two in our parish and one with headquarters in Lake Charles. Here are some of the results:

AMERICAN LEGION

The Grand Chenier American Legion Post 364 and the Ladies Auxiliary held a family fun day Saturday at the Grand Chenier State park. There was food, dancing, auctions, and a fishing rodeo, both saltwater and freshwater. Three places paid.

Largest Bass: 1. Ladd Wainwright, 4-15; 2. Lynn Thibodeaux, 4-15 (tie Wainwright longest bass); 3. Ladd Wainwright, 3-14. Others placing in order were: Petrus Primeaux, Lynn Thibodeaux, Scottie Trosclair, Matt Miller, Quenton LeBoeuf.

Largest Stringer (3 bass): 1. Ladd Wainwright and Allen Wainwright, 11-1; 2. Richard Duhon and Lynn Thibodeaux, 11-1 (again tied, with Wainwright team with longest bass); 3. Scottie Trosclair and Amanda Bertrand, 9-7. Others placing in order were: Dwight Savoie and Petrus Primeaux; Quenton LeBoeuf and Michael Trahan; and Matt and Sheila Miller.

The largest four redfish weighed were: 1. Scottie Trosclair, 14-10; 2nd. Michael Trahan, 11-6; Jann Jones had two reds for 3rd and 4th places weighing 5-13 and 4-9.

Only one speckle trout was weighed-in. Wayne Phenice had a 5 pounder.

The Phillip Trosclair and Gerald Richard memorial trophy was won by Ladd Wainwright in the freshwater division and Scottie Trosclair won the trophy in the saltwater division.

DUGAS LANDING

There was a saltwater tournament in Hackberry at Dugas Landing. Johnny LeDoux had 10 and 8 pounder redfish. Johnny is from Creole. I didn't get the name but the speckle trout division was won by a 3 plus pound speck and a two pound plus flounder also placed first.

SOUTHWEST LA. DEEP SEA RODEO

The rodeo held from Lake Charles quarters, that was once held in Cameron, saw many of the anglers fishing out of Cameron Parish. There were four divisions and some of our locals placing were:

Fly fishing division: blue fish - Scott Henry, Cameron, 1st and 2nd (1-7 and 2-1); flounder - Scott Henry, 1st and 2nd (2-2 and 7); redfish - Scott Henry, 1st and 3rd (6-8 and 3-2). Speckle trout - Scott Henry, 3rd. He was the top fly fishing angler.

First place weights in the fishing group division:

Amberjack, 32-7; groups, 16-7; gaff top, 7-2; flounder, 3-8; gas, 52-0; wahoo, 41-8; tuna, 64-9; drum, 47-9; trigger fish, 9-5; triple tail, 10-5; speckle trout, 5-8; spanish mackeral, 5-4; king mackeral, 37-3; jack fish, 25-5; redfish, 25-0; red snapper, 18-4; shark, 77-1; sheephead, 3-6; spadefish, 4-8; barracuda, 31-6; blue fish, 9-6; black fin tuna, 23-8; bonita, 14-7; cobia, 47-7; croaker, 1-3; dolphin, 48-4.

There were also blue and white marlin and sailfish tagged and released. There was also a 92-3 tarpon caught but not counted, as they are rare in this area and must be a tag and release fish. This one was brought to be weighed.

The weather was tough especially Friday and Saturday, but things got better Saturday evening and Sunday.

COMMISSIONER RESIGNS

John Mialjevich, a former shrimper, appointed to the board of the Louisiana Wildlife and Fisheries Commission by Governor Edwin Edwards has resigned. He represented the commercial fishermen. He stated he was frustrated with the relations between sport and commercial fishermen and differences with the governor and him not signing a veto on the gill net ban. There is also an ethics complaint filed against Mialjevich. We'll probably hear more on this.

FEEDING PERIODS

Best: Fri., July 14 - 1 a.m. and 1:45 p.m.; Sat., July 15 - 2:15 and 2:40 p.m.; Sun., July 16 - 3:15 a.m. and 3:50 p.m.

Good: Fri., 7:15 a.m. and 7:55 p.m.; Sat., 8:20 a.m. and 8:45 p.m.; Sun., 9:15 a.m. and 9:45 p.m.

Moratorium is delayed

The Wildlife and Fisheries Commission delayed action on a proposed moratorium on certain commercial licenses due to passage of a gill net bill by the Louisiana legislature.

The bill involved is House Bill 815, which regulates use and possession of certain nets in Louisiana saltwater regions. It also provides for certain licensing procedures. The intricacies and implications of the bill are being studied by Department of Wildlife and Fisheries personnel for implementation in August as mandated by the legislature.

"We don't know how this bill will effect the Department and the public", said LDWF Secretary Joe L. Herring. "It's very complicated and controversial, and involves many Department divisions, including Legal, Marine Fisheries, Inland Fisheries, Enforcement, and the License Section."

The Commission's moratorium proposal, promulgated in February, would have suspended the sale of 1995 gear licenses for saltwater gill nets, trammel nets, and fish seines except to those who bought them last year. The moratorium would have conflicted with H.B. 815.

Many hard-working families may now find it easier to become first time home owners because of the availability of five-percent-down payments.

Par. teams are winners

The ASA State Softball Tournament was held Sat., July 8, at the Cameron Recreation #6 ball park. Twenty-five teams from around the state and Cameron Parish participated. The Cameron Parish teams swept all division championships as follows:

T-Ball, Cameron All Stars.
10 year olds - Legal Eagles.
12 year olds - Marlins.
14 year olds - Young Guns.
16 year olds - Young Guns.
18 year olds - Tarpons.
18 year old girls - Lady Tarpons.

Cameron Telephone donated the first place awards in all divisions. Other sponsors were Cameron State Bank, Billy Navarre, K & K Water, Calcasieu Marine National Bank and Coastwide Marine Services.

Sheriff Sono Savoie sponsored the Sheriff's Youth League again this year.

Fish placed at Lacassine

On July 8, the pool area of Lacassine National Wildlife Refuge was stocked with 14,000 Florida largemouth bass delivered by Doug Daniel of Dunn's Fish Farm from Fittstown, Okla. The two inch fish were put in oxygenated bags and distributed throughout the pool.

Florida largemouth bass have been stocked by refuge personnel with fish from Natchitoches National Fish Hatchery two times previous to this stocking. In June of 1985, 57,000 (1 inch) fish were stocked in the pool, and in May of this year, 9,200 (2 inch) fish were released.

Other species stocked were 100,000 bluegill and redear sunfish, and 80,500 fingerling channel catfish in 1986. An additional 67,000 channel catfish were released in 1988.

Congressmen protest TED rule extensions

In a letter addressed to National Marine Fisheries Service Administrator Rolland Schmitten, Louisiana Congressmen Bob Livingston, Billy Tauzin and Jimmy Hayes protested the proposal to further restrict the use of turtle excluder devices (TEDs) by shrimpers in West Gulf of Mexico. The final rule is expected to be in place sometime in mid-July.

In early March, NMFS released a similar rule, which compels the use of bulkier, more costly TEDs as part of an Emergency Response Plan due to an increase in incidental take or stranding levels of the endangered Kemp Ridley Sea Turtle.

Although the new restrictions only cover geographic areas west of Louisiana's border, shrimpers throughout the Gulf look forward to the Texas opening with great anticipation. These rules will especially handicap Louisiana shrimpers because their efforts are typically focused on the near shore waters where the rules will be imposed, thus making it much more difficult to compete effectively during the Texas season.

The letter concludes, "more than 95% of shrimpers comply with TEDs regulations. They, like most Americans, abide by the law and in turn expect the government to allow them to operate their industry without interruption. It appears, however, that NMFS, notwithstanding the lack of scientific evidence, is doing everything in their authority to put the Gulf Coast shrimping industry out of business."

Pool plans ladies night

Creole swimming pool will offer ladies night on a trial basis, starting Thurs., July 13, at 6 p.m. Admission will be $2 per lady. Ladies with a family membership will also pay the $2 admission. No children allowed.

TO THE VOTERS OF CAMERON PARISH WHO WOULD LIKE TO SEE CONTINUED LAW ENFORCEMENT:

I ask you to go out and exercise your feelings and right to vote this Saturday, July 15th. I don't blame anybody for being fed up with high taxes, but the ad valorem tax system is the way we get most of our money to operate.

This is why I've always published my budget and showed you where your money went. My auditor projects that by 1997, if the economy stays as it is, we cannot operate in the same manner because insurance and auto costs will be higher.

So that's why I'm asking for the additional 2 mills so we can continue to operate at the present rate when the time comes. I can assure you we will not use this unless we cannot continue to give you the service that you presently have. I hope and I pray that our economy will move forward without any new tax.

To my knowledge, I never have misled you or given you reason not to trust me. So if you give me a vote of confidence, I can assure you that I will do exactly what I told you I would do. I hope for my last four years, you will give me enough money to serve you well.

MAY GOD BLESS YOU!

Hunting seasons are announced for state

Dates and bag limits for the 1995-96 hunting seasons for deer, rabbits, squirrels, and quail have been finalized. The Wildlife and Fisheries Commission approved the reglations July 6.

Among the changes to the regulations promulgated in March are the removal of proposed spring turkey hunting regulations that will be announced at a later date and a statewide uniform muzzleloading season for deer (Dec. 2-8, 1995). The muzzleloader season in Area 5 remains a bucks-only season, with either-sex deer being legal in all other areas.

Muzzleloading regulationswill be relaxed, allowing use of any firearm loaded with black powder from the muzzle. In the past, only those muzzleloaders with exposed percussion caps and single barrels were legal for use during this special season.

Deer hunters in portions of areas 3, 6, 7 and 8 will see an increase from five to seven days for either-sex harvest while the majority of areas 1 and 2 will have seven either-sex days.

The rules will be published in the 1995-96 Hunting Regulations pamphlet, available to the public in early September. Copies of the pamphlet may be obtained at all LDWF offices, sheriffs' offices, and places where licenses are sold.

A synopsis of the rules follows:

Quail: Nov. 23-Feb. 29. Daily bag limit: 10. Possession limit: 20.

Rabbit: Oct. 7-Feb. 29. Daily bag limit: 8. Possession limit: 16.

Squirrel: Oct. 7-Jan. 28. Daily bag limit: 8. Possession limit: 16.

Deer: Dates vary. See following schedule. Daily bag limit: 1antlered and 1 antlerless (when legal), 6 per season by all methods of take.

Archery: Oct.1-Jan. 31 (Area 1); Oct. 1-Jan. 21 (Areas 2-8.

Muzzleloader: Dec. 2-8, 1995 (statewide; bucks only in Area 5).

DEER GUN SEASON

Area 1: Nov. 18-Dec 1 (still hunt only); Dec. 9-Jan. 4 (with or without dogs); Jan. 5-15 (still hunt only).

Area 2: Oct. 28-Dec. 1 (still hunt only); Dec. 9-Jan. 4 (with or without dogs).

Area 3: Oct. 21-Dec. 1 (still hunt only); Dec. 16-Jan. 4 (still hunt only).

Area 4: Nov. 18-Dec. 1 (still hunt only); Dec. 9-Jan. 7 (still hunt only).

Area 5. Nov. 18-26 (still hunt only).

Area 6. Nov. 18-Dec. 1 (still hunt only); Dec. 9-Jan. 21 (with or without dogs).

Area 7: Oct. 21-Nov. 5 (still hunt only); Nov. 18-26 (still hunt only); Dec. 16-Jan. 21 (with or without dogs).

Area 8: Nov. 18-Dec. 1 ((still hunt only); Dec. 9-Jan. 4 (with or without dogs); Jan. 5-21 (still hunt only).

FROM GRAND CHENIER

Isaac Theriot has his boat back into the river from Ogro Ridge, where it was blown by the storm.

The water at Isaac's hotel reached five feet, and at Conner's hotel it reached seven feet.

Alfred Conner is rebuilding his hotel, which was blown down by the storm.

Most of the drift washed onto the Grand Chenier road has been burned. In some places it was as much as six feet high.

The crops were almost ruined by the salt water.

Parleaner Mhire's house was burned about six o'clock last Sunday evening. Besides the building, about seven hundred pounds of cotton were burned.

(Cameron Pilot, Sept. 22, 1961)

HURRICANE ROAD DAMAGE

Work is progressing rapidly on state highways which were damaged by Hurricane Carla, according to State Rep. Alvin Dyson.

State Route 82 west from Holly Beach to Sabine Causeway is still closed to traffic, except for persons living or working in the area. About a 3½ -mile secion of the road was completely washed away by the storm.

SURPLUS FOOD IS DISTRIBUTED

Surplus food was being distributed this week to all families in Cameron Parish who were adversely affected by Hurricane Carla.

The food, surplus commodities furnished by the federal government, was being given out through the cooperation of the Cameron and Calcasieu police juries, the Calcasieu-Cameron welfare department and the Civil Defense.

RICE LOSS NOT GREAT

Cameron Parish rice farmers probably will suffer about a 10 to 20 percent loss of their crops due to high winds caused by Hurricane Carla, according to Hadley Fontenot, county agent.

He said that the ripened rice was not blown down too much, but that some heads of the rice had been blown off.

HELP FOR TEXAS

(By Jerry Wise)

Although a good many homes in the parish had water damage from Hurricane Carla, and there was a lot of destruction at Holly Beach, local folks, for the most part, are thankful that they were spared the misfortune which they suffered during Audrey and which our neighbors in Texas had this time.

With this thought in mind, the Calcasieu-Cameron Red Cross chapter, is making an appeal this week to everyone in this area who did not suffer any great losses, to aid the storm victims in Texas.

CREOLE TO GET NATURAL GAS

(By Mrs. Roland Primeaux)

Some 80 homes and business places in Creole are expected to get natural gas before cold weather sets in this winter. The United Gas Corp. has agreed to lay a gas line from one mile east of the Creole intersection west five miles to the site of the Lower Cameron Hospital.

Work will begin within the next couple of weeks just as soon as the road ditches dry out from flooding caused by Hurricane Carla. The job is expected to be completed within about 30 days.

A local group has been working on gas for Creole for some time now and is known as the "Greater Creole Gas Co." Homeowners put up funds to help pay for the line and they will be reimbursed over a period of several years as other homes are added to the line.

The gas rates will be the same as those charged in Grand Chenier, which got gas a year ago. Gas for the system will come from the United Gas Pipeline that serves the Sunray wells near Creole.

Meeting with United Gas officials on Sept. 5, to work out details for the system were Dalton Richard, Johnny Boudoin, Robert L. Landry and Roland Primeaux.

Oil & gas production is up here

—CAPITAL NEWS—

When figures for the fourth month of the year were tallied, natural resource production in Cameron Parish had risen from the previous month's total and also marked an improvement over the same month of 1994.

The April severance tax report from the state Department of Revenue and Taxation indicated $1.47 million collected for work in the parish, ranking it sixth overall for April. That marks about a $70,000 increase from receipts reported in April 1994 and a jump of almost $200,000 from the previous month's severance taxes.

Natural gas production was credited with $817, 715 of the overall collections attributed to the parish, placing it fourth in that group. Oil accounted for the remaining $661,641 in severance taxes.

Overall, the state received $31.5 million in severance taxes for April, up from $29.8 million in the March report. The figure was an even greater improvement over the $26.3 million reported in April 1994.

Plaquemines continued to lead the other parishes in total severance tax receipts, showing $6.4 million in the current report. Vermilion's $3.1 million placed it well ahead of Terrebonne, where the total was $2.6 million, and neighboring Lafourche with $2.2 milion. Iberia listed $1.5 million for the month, followed by Cameron with $1.4 million and St. Mary with $1.1 million.

Miss Barbara Jane LeBlanc, who has been visiting her parents, left last week for Athens, Ohio.

Miss LeBlanc has done graduate work at the University of Athens, and will be employed in an Ohio high school this fall.

Grand Chenier -- Residents began returning home last Wednesday after Carla had passed. Most of the Grand Chenier roads had drifts of debris which the highway department had to push aside to let traffic go through.

Oak Grove -- Among area college students enrolled at McNeese for the fall semester are Sharon Welch, Benny Welch, Elmer Rutherford, Jr., and Frances Carol Miller.

Grand Lake-Sweetlake -- School reopened Monday at Grand Lake following a week's discontinuation caused by Hurricane Carla and life is getting back to normal here.

Creole -- The biggest damage done in Creole by the flood was to the pastures and gardens. Many fruit trees and shrubbery were ruined too. As far as is known, very few cattle, if any, were lost.

Holly Beach -- A tremendous clean-up job has gone on since last Wednesday when the first evacuees returned to Holly Beach.

Almost a hundred camps were wiped away as though they never existed. Those left had from 3 to 6 inches of mud in them. A few miles to the west at Peveto Beach, 3 or 4 camps are left. Only seven buildings are left at the heavily populated Constance Beach.

The Challenge of Genealogy

by MARIE WISE

The Great Historic Families of Scotland, first published in 1887 by James Taylor, remains one of the great genealogical works in existence. Originally produced for private circulation, its information on ancient and powerful families - some whose origins are "lost in antiquity" - is as interesting as the many novels, plays, poems, etc. since given the same background.

These founding families are irrevocably intertwined with Scottish and British history. Their descendants today are countless. The re-printing of this research, the original two volumes combined into one, is in answer to its continuing need and use for the past more than a century.

SCOTTISH FAMILIES

Distinguished by its superior writing, this volume has some 50 chapters - each on a great historic family of Scotland. In 1887 the Scottish peerage consisted of 87 members, of which 49 were also peers of England or of Great Britain and 3 were peers of Ireland.

The histories of these families, the roles they played in British history, the marriages and intermarriages, their winning and losing of battles, their acquisitions and losses of lands and titles, their allegiances and feuds with rulers and with one another, the varied personalities and exploits of individual members -- all this and much more are recounted by this skilled author in chapter after interesting chapter.

Chapter I begins: "The original earldom of Mar has been pronounced by the Ulster King-of-Arms, the most ancient title in Great Britain, perhaps in Europe. It has been held in succession by members of the great historic houses of Douglas and Stewart, Drummond, and Erskine; by the sons of two of the Scottish kings, and by three rulers who governed Scotland with vice-regal authority."

Other great families researched include Comyn, Graham, Keith, Seton, Ruthven, Crichton, MacKenzie, Hamilton, Campbell, Leslie, Ramsay, Maule, Maitland, Home, and Hume.

Volume II, incorporated in the same book, features (also) the families of Maxwell, Johnstone, Scott, Hepburn, Fraser, Gordon, MacClellan, and Hay. With all these major lines are many related families.

All genealogy and history for the families begins hundreds of years back to the most ancient of existing Scottish and British records and continues for varying numbers of generations.

Hardcover, 6 x 8 1/2 in., about 840 pages, available at $55.00 plus $3.00 for mailing from: Genealogical Publishing Co., 1001 N. Calvert St., Baltimore, MD 21202-3897.

REVOLUTIONARY WAR RECORDS

Revolutionary War Period: Bible, Family & Marriage Applications, Volume 15 is now in publication, continuing this excellent series for research of ancestors living before, during, and after the American Revolution.

Chan Edmondson and John V. Sobieski, compilers for this Volume 15 of several hundred applications alphabetical for Gourley through Gwinnup, follow the format established in previous volumes: state/states of the soldier's home, then of residence when pension application was made by him, his widow, or heirs.

Next comes: soldier's name with any variations found; some or all of his birth, marriage and death dates with places; children with birthdates; often the wife's maiden name; sometimes her parents, witnesses and presiding official at the wedding, place and date; other relatives, witnesses, etc., the soldier's military service; if his widow had re-married and names of her subsequent husband(s); sometimes name(s) of a previous husband; and various other genealogical material.

From the Preface: "Widows (whose application had first been rejected for want of proof of marriage) commonly cut or tore pages containing family records from Bibles, ledgers, journals, etc. to submit with their applications. This unwittingly preserved countless family records for genealogical researchers."

"Publishing these family records in printed form enables the researcher to locate family records which might otherwise go undiscovered and greatly broadens the scope of the use of pension applications as a research tool."

"Material in this book was abstracted from *Selected Records from Revolutionary War Pensions and Bounty-Land Warrant Application Files, 1800-1900*, Micro Publications M-805 (Record Group 15), National Archives Publication.

Softcover, 5 1/2 x 8 1/2 in., 168 pages, full-name indexed, $15.00 (Texas residents add sales tax) available from: Chan Edmondson, P.O. Box 190354, Dallas, TX 75219-0354.

Grandpa's oysters

The recent Louisiana Fur and Wildlife Festival's salute to the Cameron Parish oyster industry called to mind an old custom of my grandfather. Each year just before Christmas he would buy a hundred pounds of live oysters in the shell packed in a burlap bag.

Some winters he got the oysters in Cameron. On several occasions he bought them from the Portie brothers, who lived on upper Grand Chenier. It seems that the young men had made a canal from their home through the marsh to the Gulf and traveled by boat to harvest oysters by tonging.

Grandpa, who dearly loved oysters, would haul the sack out to the back yard and open them. We children were fascinated by the process. Then for several days we enjoyed oysters fried, stewed, in dressings and soups. Only Grandpa ate them raw.

In early days the only refrigeration available on the Chenier was ice ordered from the ice plant in Lake Arthur and shipped down the Mermentau by boat. What a blessing were the big kerosene freezers! My brother bought one for the family in 1935. My mother made ice cream every day or so and invited friends in to enjoy it. In the 1940's electricity, an even greater blessing, came to the Chenier.

By that time oysters, shucked and frozen, could be bought, stored in home freezers, and cooked when desired.

Nurse Practitioner tells her duties

By LINDA CHEVALLIER, RN, Family Nurse Practitioner

Although Nurse Practitioners may be found in all 50 states, they are a relatively new provider in Louisiana. For the past 20 years Nurse Practitioners have provided high quality, cost-effective care for patients throughout the United States. As I am newly associated with South Cameron Rural Health Clinic I felt that an explanation of what services I provide would be a good starting point.

A Nurse Practitioner is a Registered Nurse who has advanced education and clinical training in a health care specialty area. Nurse Practitioners work with people of all ages and their families, providing the care and information people need to make informed decisions about their health care and lifestyle choices.

Nurse Practitioners practice under the rules and regulations of the Nurse Practice Act of the state in which they work. Most nurse practitioners are also nationally certified in their specialty area and are recognized as expert nurses. In my case, I am regulated by the Nurse Practice Act of Louisiana and work in collaboration with Dr. Jed Woodard at the South Cameron Rural Health Clinic at 428 Marshall St., Cameron. I have sat for the National exam but will not receive notification of results for several months.

My specialty area is Family Nurse Practitioner, which means I offer a unique approach to primary health care for the entire family, both children and adults during health and illness. Nurse Practitioners provide nursing and medical service to individuals, families and groups, emphasizing health promotion and disease prevention as well as the diagnosis and management of acute and chronic disease. Services provided by the Nurse Practitioners include but are not limited to:

— obtain medical histories;
— perform physical examinations;
— diagnose and treat common health problems such as infections and minor injuries—
— diagnose, treat and monitor chronic disease such as high blood pressure and diabetes;
— order and interpret diagnostic studies such as lab work and x-rays;
— prescribe or recommend prescriptions for medications and other treatments;
— provide prenatal care and family planning services;
— provide well-child care, including screening and immunizations;
— provide health maintenance care for adults, including annual physicals;
— promote positive health behaviors and self-care skills through education and counseling;

— collaborate with physicians and other health professionals as needed.

As leaders in primary health care, Nurse Practitioners combine the roles of provider, mentor, educator, researcher and administrator. By working autonomously in collaboration with a variety of individuals to diagnose and manage clients' health care problems the Nurse Practitioner can serve as major health care resources, interdisciplinary consultants and patient advocates.

I am personally committed to seeking and sharing knowledge that will promote quality health care and improve clinical outcome. It is the desire of all of us here at South Cameron Rural Health Clinic to not only provide direct patient care but to be actively involved in education, research, and legislative activities to promote quality health care for all the residents of Cameron Parish. If we can be of help, please contact us at 775-5711.

FIVE GENERATIONS are represented in this photo. They are A. Mae Miller, Loretta Mae Dowd, Shirley Mae Dowd, Stephanie Mae Swire, holding her baby, Autum Mae Swire, all of Grand Chenier.

RECEIVING THE following awards at Cameron Parish 4-H Achievement Day were: Micah Silver, Outstanding Parish Jr. Boy; Chad Pitre, Outstanding Parish Jr. Boy, 2nd place; and Outstanding Parish Elementary Girl, Bethany Richard. They are members of the Hackberry Jr. 4-H Club.

HACKBERRY WILL GET SCHOOL ADDITION

The Cameron Parish School Board, in special session Monday, awarded a contract to O. S. Elender, of Sulphur, for the building of an addition to the Hackberry school.

The Successful bid was $4,919.23.

Several more schools have been consolidated in Cameron Parish and a number of buildings have been remodeled, in preparation for an efficient year's work beginning in September.

T. W. McCall, parish superintendent, has been actively engaged for several years in bringing the school system of Cameron Parish to rate as high as that of any other in the state.

FOR GOOD ROADS

James Bonsall returned to his home in Cameron Parish Wednesday morning on the Rex, after transacting some official business in Lake Charles Tuesday.

Mr. Bonsall stated while here (in Lake Charles) that he would be one of the citizens to go to Baton Rouge next week with a committee of Cameron people to appear with a petition before the highway commission, with reference to the good road movements in his parish.

RECORDS FALL AT FISHING RODEO

One of the most successful Deep Sea and Inland Fishing Rodeos ever staged by the Southwest Louisiana Fishing Club closed in Cameron Sunday with records smashed in the blue waters of the Gulf of Mexico. The rodeo attracted a record attendance of 540 registered sport fishermen. Registered boats numbered 43 but many more worked offshore and inland seeking out big game fish.

GARNER NUNEZ IS NEW TREASURER

Garner Nunez, a Grand Chenier resident, is the new Cameron Parish Police Jury Treasurer. His appointment was made by the jury Monday to fill the vacancy created by the resignation of Miss Dorothy Doxey.

The treasurer's salary was set at $350 a month with the jury stipulating that it would be a full-time job.

The jury also set the salary of the new jury secretary, Jerry Jones, at $300 a month, agreeing that all payments made by the police jury must first be approved by the finance committee.

FIGHTING MOSQUITOES

Federal aid in spraying the mosquito infested areas of Cameron Parish has been promised by U. S. public health officials, Cong. T. A. Thompson advised the Cameron Police Jury this week.

The jury had sent an appeal for relief from mosquitoes to Mr. Thompson Monday after cattlemen reported that hundreds of cows and calves were being killed by the insects.

Jerry Jones, Jury Secretary, said Rep. Thompson had advised him by telephone that the public health department was in the process of getting the Air Force to do the spraying, probably from Chennault Air Force Base in Lake Charles.

ROUNDABOUT THE PARISH

Oak Grove -- Mosquitoes in this area are worse than ever. Cattlemen are selling off their herds and some are leasing pastures in other areas in order to save a few head.

Grand Chenier -- Mosquitoes are still very plentiful in the Grand Chenier area. Some days they seem to slack off, while on arising the following day, they are worse than before. Folks are spraying cotton dust in their yards to eliminate many of the pests. Much insect repellent is being bought. Folks are forced to sell many cattle or rent pastures away to save the cattle.

Creole -- Among the many guests enjoying the neighborhood barbecue given annually by the Ray Dimas Family and held this year on July 1, were: Mr. and Mrs. Telesmar Bonsall, Mr. and Mrs. Arceneaux LaBove, Mr. and Mrs. Burton LaBove, Mr. and Mrs. Colin Savoie, Mr. and Mrs. Clarence Guidry, Mr. and Mrs. Gerald Guidry, Mr. and Mrs. Vick LaBove, J. and Linda LeBlanc, and Marion Primeaux.

Black News -- Mrs. Almedia Benjamin, daughter of Mr. and Mrs. Alex Bishop of Cameron, received her B.S. degree in Business Education recently from Grambling College. Mrs. Benjamin lives in Alexandria, where she plans to work this fall.

Grand Lake-Sweetlake -- Mrs. Ellen Cox, affectionately known as Grandma Cox, ws honored on her 94th birthday recently, with a birthday party given by Mrs. M. Walding, Mrs. Tom Taylor and her daughter, Mrs. Bessie Goodman, with whom she lives.

PICTURED ABOVE, left to right, are the 1995-96 State 4-H executive Committee officers. They are Michelle Collins, parliamentarian, Rapides Parish; Krisi Jo Dupuis, historian/reporter, Cameron Parish; Erin Eskew, secretary/treasurer, Jefferson Davis; Seth Segura, vice-president, Iberia; and Matt Miller, president, Union. The officers were elected during 4-H Short Course, held at LSU June 20-23.

TWO LOCAL girls, Tressa Crochet, and Kristie Boudreaux, were elected to office at the first Annual Louisiana Jr. Braford Show, June 9, in Abbeville. Pictured from left to right: President Jeremy Broussard, Vermilion; Vice-President Clint Meaux, Vermilion; Secretary Tressa Crochet and Treasurer, Kristie Boudreaux, both of Cameron Parish; and Reporter Stacy Revere, St. Tammany Parish.

Award ceremony set Thursday

The awards and recognition program for the Southwest Louisiana Area Health Education Center's "A-HEC of a Summer" program is set for Thurs., July 13, at 6:30 p.m. at the South Cameron Memorial Hospital. The program, developed to introduce teen volunteers to the area of health care by working in area hospitals, annually recognizes the volunteers and their accomplishments. The public is invited to attend.

The 1995 participants include Julie Batts, Alissa Boudoin, Alice Boudreaux, Melanie Boudreaux, Nichole Chauvin, Erica Nunez and Terrell Thibodeaux.

Upon completion of the "A-HEC of a Summer" program, which requires 100 hours of volunteer service, participants receive one-half credit at their respective schools, as well as educational materials related to the health care field and an academic student planner.

Bag limits announced

The 1995-96 season, bag limits and possession limits for certain migratory birds were tentatively adopted at the July 6, meeting of the Louisiana Wildlife and Fisheries Commission.

Recommendations were based on data supplied by wildlife biologists within a framework set by the U.S. Fish and Wildlife Service. They pertain strictly to dove, teal, rails, gallinules, snipe, and woodcock. Dates for the regular waterfowl seasons (ducks and geese) will be set at the Commission's August meeting.

The recommendations are as follows:

Dove: Setp. 2-10, Oct. 21-Nov. 20, and Dec. 16-Jan. 14; daily bag limit 12, possession 24.

Teal (Cinnamon, Blue-winged, and Green-winged Teal only: Sept. 16-24, daily bag limit 4, possession 8.

King and Clapper Rails: Sept. 16-24, Nov. 11-Jan. 10, daily bag limit 15 in the aggregate, possession 30.

Sora and Virginia Rails: Sept. 16-24, Nov. 11-Jan. 10, daily bag and possession limts 25 in the aggregate.

Gallinules- Sept. 16-24, Nov. 11-Jan. 10, daily bag limit 15, possession 30.

Snipe: Nov. 4-Feb. 18, daily bag limit 8, possession 16.

Woodcock: Nov. 28-Jan. 31, daily bag limit 5, possession 10.

Shooting Hours: Teal, Rail, Gallinule, Snipe, Woodcock: one half hour before sunrise to sunset. Dove: one half hour before sunrise to sunset, except for Sept. 2-3, Ot. 21-22, and Dec. 16-17 when shooting hours will be 12 noon to sunset.

Story hour schedule told

The Cameron Parish Library's July 5 "Reading Round-Up" Story Hour was a big success. 80 children watched "Pecos Bill", listening to stories and singing. Anthony Basco returned a reward poster found at the Cameron State Bank for a prize.

The next Story Hour will be Wed., July 19, at 10 a.m. in the library. In addition to singing and story telling, Kathy Rowland and the Cameron Elementary 4-H Officers will present a rodeo skit.

Johnson Bayou children met the Library Bookmobile for a "Reading Round-Up" at Denise Trahan's home. There were 2? children present with Natasha Trahan as reader. The next Johnson Bayou Story Hour will be Thurs., July 20, at 9:10 a.m. at Mrs. Trahan's.

For more information, call the library at 775-5421.

CAMERON FARMER PETITION

Three hundred petitioners of Cameron Parish, asking that federal land bank loans be granted farmers of the parish in land emergencies, have gained a reply from J. N. Guill, deputy land bank commissioner in Washington, that an investigation of the property in the parish will be made to determine whether loans can be made, it was learned here today.

Residents of the parish appealed to State Senator Clement M. Moss, who wrote Henry Morgenthau, Jr., governor of the farm credit administration.

Residents of Cameron, Johnson Bayou, Creole and Grand Chenier signed a petition for assistance, which was addressed to Mr. Morgenthau.

The petition stated that a number of Cameron farmers have, for a number of years, requested loans. They have been definitely advised by the Federal Land Bank of New Orleans that no loans will be considered in Cameron Parish, either by the bank or the farm loan commissioner.

The farmers state that the Cameron territory has a population of approximately 5,000 persons and it is settled by a very thrifty and excellent people. The land is very fertile and the production of cotton, corn, vegetables and the usual crops grown in this climate, are not only equal to but superior in amount per acre to any other section in Louisiana. In fact, the land is so rich that practically no commercial fertilizer is required. Many of these lands have been farmed for more than 50 years, with no appreciable deterioration of the soil. The land has been stable and when put on the market sells readily.

There are excellent hard-surfaced roads in Cameron and water transortation is used to deliver products to the markets of the world. The public school system of the parish has been and is being maintained in a high state of efficiency. The financial affairs of the parish are sound. The tax rate on the farms is relatively low, as compared with other sections of the state.

The petition further states that the residents of Cameron Parish have tried for a number of years to get from the Federal Land Bank of New Orleans, simple justice, and want the inherent right to do business with the Federal Land Bank of New Orleans on an equal basis with other American citizens, but for some unknown reason, there evidently are certain officials in the Federal Land Bank of New Orleans who appear to have a prejudice against this territory which cannot be shaken.

It is currently reported, though not definitely known, that this is their attitude because this territory was swept by a hurricane in 1918 and crops partially destroyed. This is the only reason that has ever been given for their attitude.

Boudoin, assistant director; Telsmar Bonsall, fire chief; Phillip Duhon, engineering; Gordon Nunez, transportation; Enos Sturlese, supply; J. M. Theriot, rescue; James Savoie, assistant rescue; James (Sono) Savoie, agriculture; H. D. Primeaux, police; Norbert LeBeouf, communications; Clarence Boudreaux, cattle rescue; Ira Theriot, assistant cattle rescue.

NEW ASC MANAGER

Charles Hackett, son of Mr. and Mrs. R. O. Hackett of Sweet Lake, has been named the new Cameron Parish ASC office manager to succeed Ednue Perron, who resigned recently to return to Ville Platte. Mr. Perron had held the position since 1955.

Mr. Hackett, an agriculture graduate from McNeese, is presently in training for the job and will take over his new duties in three months.

SKEETER SPRAYING

To spray or not to spray -- that was the question in Cameron this week.

The Cameron Police Jury was advised by a wire Tuesday from the Louisiana congressional delegation that all of the arrangements have been made for the spraying of Cameron by Air Force planes to kill the hordes of mosquitoes plaguing the cattle industry. All that is needed now is for Gov. Jimmie Davis to ask President Kennedy to declare the parish a disaster area, so that funds may be made available for the insecticides.

As the Pilot went to press this week, there had been no word of the disaster declaration having been made.

There was some speculation that there might not be any spraying for these reasons: (1) the mosquito problem has abated somewhat; (2) at a special meeting the police jury last week wildlife officials warned that spraying the marsh might kill crabs, young shrimp and other wildlife; (3) many of the cattlemen have taken matters into their own hands by moving their herds northward out of the parish.

DOOR PRIZE WINNERS

Cameron Parish folks who won door prizes at the annual meeting of the Jeff David Electric Co-op in Jennings Monday were: Mrs. Mervin Chaisson, Sweet Lake, mixer; R. O. Hackett, Sweet Lake, electric blanket; Mrs. Freddie Broussard, Klondike, percolator; Mrs. Curley Cormier, Klondike, table stove; Mrs. Marvin Owens, Grand Chenier, egg cooker; Mrs. Ray Champagne, Cameron, heating pad; Joseph Savoie, Klondike, hair dryer.

ROUNDABOUT THE PARISH

Grand Chenier -- Farmers and cattlemen have really been busy this past week with hay cutting. D. Y. Doland baled 1,115 bales of sorghum grass. This week, hay cutting will take place at Severin Miller's place. Dr. M. O. Miller's men also baled much hay.

Sweet Lake-Grand Lake -- Mrs. Charles Precht, Sr., our Library Trustee arrived home Sunday evening, June 24, tired but happy after a delightful trip, along with Mrs. Mary Brand, our Parish Librarian, to Miami Beach, where they attended the National Library Convention.

Holly Beach -- An emergency cattle exodus has been going on almost continuously here for the past several weeks. Some cattlemen sold all their herds while others hunted and obtained pastures in outlying parishes to truck them to. At latest report less than a half dozen herds remained on Johnson Bayou. The mosquitoes have lessened somewhat during daytime but are still a menace after dark.

Hackberry -- Mark Buckmaster celebrated his birthday recently with a party at his home and given by his parents, the Harold Buckmasters. Cake and cold drinks were served to Mike and Pat Comeaux, Berryl Kite, Mona and Cindy Nunez, Joni and Scott Gray, Cena, Callie and Charles Cabell, Steve DesOrmeaux, Dana and Cheryl Sheffield, Mike and Julie Lambert, Debbie and Rodney Frazier, Bussie and George Shove, and Charlie Colligan.

Creole -- The Guillory girls, Charlotte and Anna Louise, daughters of Mr. and Mrs. Mathew Guillory of East Creole, are now established registered hog producers.

Johnson Bayou -- Teachers at the high school this year are: Joseph G. Sonnier, principal; and Joseph Holton, Jr., Mrs. Phyllis Wiliams, Jimmy Hollingsworth, Norris J. Leger, Mrs. Georgialene Arceneaux and Mrs. Millie R. Koppie.

Visits told

Members of Congressman Jimmy Hayes Lake Charles staff will make visits in Cameron parish on Tuesday, July 25 to assist anyone with problems they may have with federal agencies. The schedule is as follows:

Hackberry Multi-Purpose Bldg.--9 to 10 a.m.

Holly Beach Fire Station--10:30 to 11:30 a.m.

Police Jury Annex, Cameron--12:30 to 1:30 p.m.

Creole KC Hall--2 to 3 p.m.

Alligator season set

The Louisiana Wildlife and Fisheries Commission set the 1995 alligator season for Sept. 2-Oct. 1. The declaration of emergency was passed at the Commission's regular monthly meeting held July 6.

Louisiana's alligator populations contiues to support the largest wild harvest of seven states in which these reptiles can be taken. Approximately 26,500 alligators were taken in this state during the 1994 season. Sale of resulting hides and meat contributed approximately $10.3 million to the Louisiana economy.

MY DEAR FRIENDS OF CAMERON PARISH,

These are some of the ways I will save and acquire money for the Sheriff's Office:

- I will not refuse, but instead I will solicit all of the Federal Monies available to me.
- Instead of giving away used Sheriff's cars and equipment, I will sell this at public bids.
- I will work hard with the Police Jury, School Board and other Public Bodies to bring new industry and keep old industry in Cameron Parish.
- I will not ask you for additional taxes unless it is absolutely necessary.

PLEASE VOTE FOR ME - GOD BLESS ALL OF YOU

CAMERON... THE GREAT OUTDOORS PARISH"

RICHARD HARVEY of Severna Park, Maryland here looks at an article on the history of Johnson Bayou. Harvey was in Cameron Parish last week doing research on his grandfather, Ned Harvey, who was hanged in Cameron in 1927 for murdering two persons at Johnson Bayou. Harvey, who recently retired from government service, said he never knew about his grandfather's past until recently.

Linda Chevallier

Clinic will have nurse practitioner

South Cameron Memorial Hospital has announced the association of Linda Chevallier, Family Nurse Practitioner, with the Rural Health Clinic located in Cameron.

Ms. Chevallier graduated from Northwestern State University - Shreveport branch with a Master's of Nursing - Family Practitioner. She also received a diploma of Nursing in 1974 from Our Lady of the Lake in Baton Rouge and a Bachelor of Science in Nursing in 1993 from McNeese State University, Lake Charles.

Ms. Chevallier has a varied background which includes past positions as emergency nurse, intensive care coordinator, supervision, director of nurses, nurse educator.

She is available to speak to local organizations. There is no charge for this service and she can be contacted at South Cameron Rural Health Clinic at 775-5711.

Bible School

Johnson Bayou Baptist Church will hold its Vacation Bible School July 24-28. Preschool through sixth grade will be from 8:30 to 11:30 a.m., and adults will be from 6-7 p.m.

Commencement will be Friday at 6:30 p.m. Shane Terrebonne is the pastor of Johnson Bayou Baptist Church.

THE GRAND LAKE pontoon bride on the Intracostal Canal will be removed from service at 2 a.m. Monday, July 24 and will be out for about three weeks for repairs. Traffic will be detoured via the Black Bayou bridge.

Grand Lake bridge to close Monday

The Louisiana Department of Transportation and Develoment has contracted drydocking and repairs of the Grand Lake Pontoon Bridge in Cameron Parish and the Black Bayou Pontoon Bridge in Calcasieu Parish with Predeman Shipyard, Inc. These bridges are located on La. Route 384 on the Intracoastal Canal.

La DOTD will remove the Grand Lake Bridge from service at 2 a.m., Mon., July 24. All traffic will be required to detour via the Black Bayou Bridge. Detour signs will be provided. The bridge will be out of service for approximately 20 working days. These repairs are necessary due to poor structural conditions of the Pontoon Bridge.

When the Grand Lake Bridge returns to service the Black Bayou Bridge will be removed from service and traffic must then detour via Grand Lake Bridge.

B. P. Babineaux

Mr. Babineaux is honored

An awards ceremony was held Monday at the Pioneer Club in Lake Charles to honor B. P. Babineaux for his 65 years of continuous service to The Chamber/Southwest.

The Board of Directors had voted unanimously at a previous meeting to bestow an honorary lifetime membership on Babineaux.

The presentation was made by Joseph W. Cironi, CCE, president of the Chamber/Southwest. Although surprised by the honor, the unshakable Babineaux presented two new memberships, with checks, to Cironi.

In addition to gaining new members for the organization over the years, Cironi said that Babineaux serves on the Red Carpet, Early Bird Breakfast and Membership Relations committees.

One of ten children Babineaux is a native of Cameron Parish and grew up in the Lake Charles area holding down various jobs before being employed by the Singer Company until his retirement at age 62. Coincident to the presentation, there was recognition of the honoree's 84th birthday, which occurred the previous day.

Other area organizations that benefit from Babineaux's involvement are the Knights of Columbus, Retired Senior Volunteer Program, Boy Scouts of America, St. Vincent de Paul, League of Women Voters, the Women's Commission of Southwest Louisiana and the Cattleman's Association. Being very active in his church, Babineaux also serves as an Eucharistic Minister to the homebound.

Babineaux shares his life with his wife, the former Ettie Bell Farmer, one son, five grandchildren and ten great-grandchildren.

Sheriff taxes are approved

Cameron Parish voters approved two tax propositions last Saturday to fund the Law Enforcement District.

According to complete but unofficial reports from Cameron Parish election officials:

•An 8-mill renewal passed 935-315, or with 75 percent approval.

•An extra two mills passed 724-518, or with 58 percent approval.

About 21 percent of the parish's 6,054 registered voters went to the polls Saturday.

Both five-year taxes are for operating expenses. Sheriff James "Sono" Savoie has promised not to collect the extra two mills if the parish's tax base goes up.

The department's budget is $1.9 million a year. Of this, $1.8 million is for salaries and insurance, Savoie said.

La. DAR 100 years old

A Daughters of the American Revolution "Reception 100" was recently held at the Governor's Mansion in Baton Rouge. During this Centennial Reception, Gov. Edwin W. Edwards conferred upon the Louisiana DAR the Governor's Special Recognition Award for their 100 years of service to Louisiana. The organization was founded May 2, 1895 and now has 53 chapters.

The award was presented to LSDAR Regent Mrs. J. Pollard Sealy, Jr. of Shreveport. Representing the Calcasieu Chapter DAR at the reception and forum were Regent Mrs. Kenneth L. Whitehead and Mrs. Thomas Burton of Sulphur, and Mrs. W. F. Henry, Jr. of Cameron.

New shrimp rules told

All shrimp nets used in Calcasieu Lake, Sabine Lake and other inshore waters will be required to have a 1-1/2 inch minimum mesh size during the white shrimp season this fall. Minimum mesh size remains 1-1/4 inches during the inshore brown shrimp season (spring season) and in outside state waters year round.

This law was passed by the legislature in 1993 and goes into effect beginning with the fall 1995 shrimp season.

Any person who intends to shrimp in Calcasieu Lake or Sabine Lake during the white shrimp season should immediately check their nets to make sure they are in compliance with the law.

Conoco makes contribution

Conoco Inc. has contributed $2,000 to The Nature Conservancy of Louisiana for the management of Little Pecan Island, located in Cameron Parish, which is the only fully protected chenier in the world.

The 300 acre chenier, which is forested with centuries old live oaks, provides critical stopover habitt for Neotropical migratory songbirds during migration, with thousands of individuals using the islands.

The 1,810 acre Little Pecan Island preserve also encompasses the largest stand of cypress in coastal southwest Louisiana and an extensive freshwater marsh. It has been identified as one of the nation's most significant wetland/chenier tracts and received a top rating in the North American Waterfowl Management Plan.

Local teams to compete in Georgia

Three youth baseball teams from Cameron Parish will compete in national competition in Marietta, Ga. July 27-30 as the results of state competition.

The 12-under-boys Marlins and the 16-under-boys Young Guns took first places in their divisions and the 14-under-boys Young Guns won a spot by having no teams to play.

Zeke Wainwright and the Grand Chenier Knights of Columbus sponsored bingos to help finance the trip for the boys.

Smythe gets scholarship

Tara Smythe, a graduate of Grand Lake high school, is among 30 incoming college freshmen who have been named recipients of the University of Southwestern Louisiana Housing Scholarship.

The award allows each student to live in a USL residence hall free of charge for one year. To qualify for the scholarship, each student participated in either the Distinguished Freshman program or the Scholarship Testing program. In addition, they were required to have at least a 3.0 cumulative high school GPA as well as an ACT composite score of 20.

Cameron golf team winners

The Mitchell J. Bono Golf Classic was held April 28, at the Lake Charles Country Club. A Cameron Parish team won first place in the third division. They will compete in the state tournament in New Orleans Aug. 14.

Members of the team are George Shoves and Marshall Spicer, Hackberry; and Pat Brown and Gerard Smith, Cameron.

Due to their efforts and success, Cameron Parish will be credited with $100 towards its 1994-95 American Cancer Society goal.

At the rodeo

Carrisa Devall and David Devall, both of Hackberry, will be among the 39 Louisiana students who will compete in the National High School Rodeo in Gillette, Wyo.

Dance slated

The Stars and Stripes Girls 14 & Under softball team will hold a dance Friday, July 21 from 7 to 11 a.m. at the Cameron Elementary gym to raise funds for the team.

DJ Corey Kelly will provide the music. Admission will be $2.

POLICE JURY office employees feted Geneva Griffith at a retirement luncheon Monday. Mrs. Griffith is retiring next week after 43 years of public service in Cameron Parish. Shown above at the luncheon were: seated, from left--Greg Fawvor, Mrs. Griffith, Tina Horn, Annabelle Smith. Griffith retires after 41 years

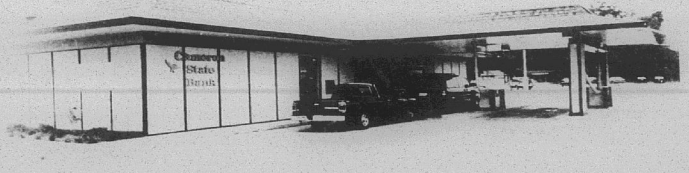
Geneva Griffith, who has worked for the state and parish in the Cameron courthouse for the past 41 years, will take retirement effective next Monday, July 31 from her government job but will continue to serve as Cameron Parish's "news bureau."



Mrs. Griffith was employed as secretary for the ASCS office in Cameron for 19 years from 1952 to 1971 and for the past 22 years has been a secretary in the district attorney's office. She has worked for five district attorneys and has probably served the public longer than any other present employee at the courthouse.

She had planned to work for several more years before retiring but after undergoing a serious operation recently she decided it was time to slow down a little. She is 73.

Mrs. Griffith plans to continue write news for the Cameron Pilot as she has been doing for nearly 40 years and also for the Lake Charles American Press, for whom she has been a reporter for over 30 years. She will be working out of her home at Oak Grove but will cover many of the public meetings in the parish including the police jury and school board.

She has received many honors for civic contributions and for her newspaper work over the years including the Cameron Parish Citizen of the Year Award in 1990, the Louisiana Press Women's Communicator award in 1992, a special award from the Louisiana Fur and Wildlife Festival in 1992, an award from the Lake Charles Catholic Diocese for coverage of Catholic activities, the Louisiana Press Assoc. Country Correspondent of the Year award in 1958 and has received numerous state and national newspaper awards for news articles and photographs.

The Cameron parish police jury honored Mrs. Griffith at a luncheon Monday and the district attorney's office plans to fete her at a dinner.

THE CAMERON STATE Bank recently opened another branch in Lake Charles, this one the University Branch at the corner of Ryan and West McNeese streets. The bank has facilities in Cameron, Creole, Grand Chenier, Johnson Bayou, Grand Lake, Johnson Bayou, Lake Charles and Sulphur.

THE MARLINS T-Ball boys were undefeated with 10 wins. Back row, left to right, J. D. Spivey, Shawn Eubanks, Clay Billedeaux, Brady Gallegos, Javin Brown, Nicholas Wolfe, Russell Trahan, Eric Guidry, Brett LaBauve, Jay Sanner. Front row, Kip Buford, Kevin Orgeron, Steven Welch, Travis Spicer, P. J. Hebert, Mascot Allyson Sanner. Coaches were Betty Nunez, Linda Cramberg, Dwayne Sanner and Cory Billedeaux. The Marlins were honored with a meal at the Marshland Grill.

CAMERON OUTDOORS

By Loston McEvers

One of Cameron Parish's many advantages . . . good crabbing

CRABBING

Summer on the Gulf Coast has many activities for local people as well as visitors. A crabbing trip can be lots of fun. There is a thrill about pulling up a large crab or sometimes three or four crabs on the end of a baited string.

Crabbing is a good way to spend leisure time. It's relaxing as an outdoor activity and is family oriented for all ages to have fun.

It doesn't take much equipment for crabbing. All that is needed is string, some bait (melt, chicken or turkey necks) and a good crab net plus something to put the crabs in that you catch.

Many folks have a crab boil on the location they're crabbing while others bring them home to boil, or to fry, stuff, stew and, yes, for a seafood gumbo.

We are fortunate to live just around the corner from good crabbing territory.

FISH LIMITS

Remember cobia (lemon fish or ling) bag limits apply both to sports fisherman and commercial fishermen. The daily bag limit for cobia in or from state waters to include federal waters of Louisiana's coast is 2 per person, regardless of the number of trips and duration of the trips. Minimum size limit is 33 inches fork length.

There is also a proposal to up the size of speckle trout from 12 inches to 14 inches.

FISH KILL

This is the time of the year when we can see many fish kills. Besides pollution in our waters, a natural factor can cause water conditions to deteriorate and lead to dead fish is when water temperatures climb as we've been having and oxygen levels fall.

A major problem with a small body of water is what we call a "turnover" during heavy rainfalls. The temperature of the rainwater is much lower than the standing water and actually make the water table flip and brings lots of organic matters to the surface. This decaying organism depletes the oxygen in the entire water table. In cloudy weather, plants, without having light, compete with fish for oxygen.

ALLIGATOR SEASON

The Louisiana Wildlife and Fisheries Commission set the 1995 alligator season for September 2-October 1, if all biological data stays as is.

Louisiana alligator population continues to support one of the largest harvests of seven states in which alligators can be taken. Approximately 26,500 alligators were taken in the state in last year's season. Sales of hides and meat put $10.3 million in the state's economy.

LACASSINE REFUGE

Lacassine Refuge was stocked with 14,000 pure Florida largemouth bass (fingerlings). This is all because of the Ron Castille Monday night dog fights. A portion of the entry fee money ($2.00) is saved to buy these fingerlings for restocking. All fish from the dog fights have to be weighed alive and released right back in Lacassine Refuge.

Florida bass grow about 2 pounds per year, twice as fast as our native Louisiana bass, and live to about the same age.

So far this summer, bass weighed in at the dog fight number about 1,000 and only 20 have been found dead around the area.

Last week's dog fight in Lacassine Refuge was won by Travis Broussard, both team (over 8 pounds) and largest bass, 6.78 pounds. He was fishing by himself. Lynn Thibodeaux had the second place largest bass with one over 4 pounds. Both are from Creole.

HUNTING LICENSES

It may seem a little early to start talking hunting season, but after next month, it'll be that time again. As of now the regular duck, coot and goose seasons are not set, but with the good water conditions up north, we should see more ducks in our area this year. Last year's duck count was 71 million and we should see up to 90 million this year.

HUNTING DATES

The 1995-96 season, bag limits and possession limits for some migratory game birds have been adopted and recommended, but could change.

Dove: Sept. 2-10; Oct. 21-Nov. 20; and Dec. 16-Jan. 14: daily bag limit 12, possession 24. Down from 15 daily limit last year.

Teal (cinnamon, blue-winged and green-winged teal only): Sept. 16-24, bag limit of 4, possession 8.

King and Clapper Rails: Sept. 16-24; Nov. 11-Jan. 10. Daily bag limit 15, possession 30.

Sora and Virginia Rails: Sept. 16-24; Nov. 11-Jan. 10. Daily and possession as 25.

Gallinules: Sept. 16-24; Nov. 11-Jan. 10. Daily 15, possession 30.

Snipe: Nov. 4-Feb. 18. Daily 8, possession 16.

Woodcock: Nov. 28-Jan. 31. Daily 5, possession 10.

Shooting hours for teal, rails, gallinules, snipe and woodcock is sunrise to sunset; doves - one-half hour before sunrise to sunset except on Sept. 2-3; Oct. 21-22; Dec. 16-17, when the shooting hours will be from 12 noon to sunset.

HUNTING DATES

Dates and bag limits for the 1995-96 hunting season for deer, rabbits, squirrels and quail have been finalized. Deer hunters in a portion of our Area 3 will see an increase from 5 to 7 days of either sex harvest. I really don't know if Cameron Parish will have more days or not.

Quail: Nov. 23-Feb. 29, daily 10, possession 20.

Rabbit: Oct. 7-Feb. 29, daily 8, possession 16.

Squirrel: Oct. 7-Jan. 28, daily 8, possession 16.

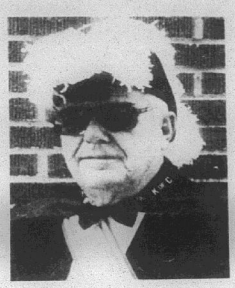
Deer: Area 3, Oct. 21-Dec. 1 (still hunt only - Dec. 16-Jan. 4); daily 1 antlered and 1 anterless (when legal). Only 6 deer per season by all methods of take.

Muzzleloaders only, still hunt Dec. 4-8. Archery - Oct. 1-Jan. 21.

FEEDING PERIODS

Best: Fri., July 21, 8:05 a.m. and 8:55 p.m.; Sat., July 22, 8:45 a.m. and 9:40 p.m.; Sun., July 23, 9:50 a.m. and 10:25 p.m.

Good: Fri., 4:15 p.m.; Sat., 2:40 a.m. and 3:25 p.m.; Sun., 3:25 a.m. and 3:40 p.m.



Students at beach and new sign

Young Scholars pay visit here

Young Scholars Program in Coastal Preservation at McNeese University attended a slide presentation on coastal erosion at Constance Beach conducted by Rodney Guilbeaux. Dr. Jay Uppot presented a National Science Foundation T-shirt (sponsor of the progam at McNeese) and a painted sign designating the surveying project center at Constance Beach at Guilbeaux's home.

This is the sixth year that the Young Scholars spent the first day of their summer program at Constance Beach learning the effects of erosion first hand. Two classes are involved each summer, one starting the first week of June and the second the first week of July.

Dr. Jay also presented Guilbeaux with charts of beach profile lines compiled by the Young Scholars in June. This was the result of their investigation of the effectiveness of breakwater comparison of June 1991 and June 1995. The students are from Louisiana, Texas, Mississippi, Alabama and Florida. They made weekly visits to Constance Beach, Holly Beach and other areas experiencing erosion.

Assembly to install new officers

John W. O'Reilly Jr., former Master of the Fourth Degree Knights of Columbus, will install officers for Msgr. Cramers Assembly of the Fourth Degree in Kinder Sat., July 29. Officers to be installed are (all from Lake Charles unless otherwise noted):

MORE THAN BUSINESS

Judge Winston Overton and Attorney J. D. Cline returned yesterday from Cameron where Judge Overton went Monday to hear several cases. They came back via Creole, Grand Chenier and Lake Arthur and it is surmised that something more than the court business engaged their attention.--Lake Charles American.

CAMERON POLICE JURY MEETS

Jurors present at the regular meeting on June 5, 1922 were H. A. Miller, president; and jurors Benson Vincent, Leonce Nunez, John Welch, Alfred Richard and J. W. Doxey, clerk. Mr. Hebert was absent.

The jury approved a plan to appropriate $5 a month which is to go toward the salary of a stenographer for the judge of this judicial district.

The report of the commission composed of Ordeal Demarets, Jos. LeBouf and Vance Plauche, appointed to investigate the matter of Mrs. Victoria Nunez's application for a mother's pension.

The jury then agreed to raise the salary of Mr. Raymond Richard, local tick inspector, from $75 a month to $90 a month.

(Cameron Pilot, July 19, 1962)
NO U.S. FUNDS FOR SPRAYING

A federal official told Cameron Parish residents Saturday that no U.S. agency has funds to help spray mosquitoes.

George Hastings of the U.S. Dept. of Emergency Planning addressed cattle owners and parish officials seeking an end to a mosquito plague that has cost an estimated $2 million in cattle losses.

Hastings said a search of Federal agencies indicated there was no money legally available. He said funds were available for mosquito control only when human lives were threatened.

Hastings was sent to Cameron Parish because Louisiana officials asked President Kennedy to declare Cameron a disaster area.

The Air Force offered planes to spray the area, but Hastings said funds for the insecticide were not available.

State Rep. Alvin Dyson of Cameron said the mosquito plague had let up in the last few days, but he predicted the mosquitoes would return in huge numbers if it rained in the next two weeks.

Officials said the mosquitoes invaded Southwest Louisiana after hatching in Gulf Coast salt deposits left by Hurricane Carla last year. More than 700 cattle were reported lost to the mosquitoes.

BIDS ON WATER SYSTEM

Low bids totaling $289,191 were received Tuesday by the Cameron Police Jury and Cameron Waterworks commissioners for the construction of a complete water works system for the town.

A property tax to support a $340,000 bond issue was voted by the taxpayers of Water Works and Fire Protection District last June.

MOSQUITO CRISIS HAS PASSED

Despite the failure to get federal aid in fighting the mosquitoes in Cameron Parish, the crisis has now passed, according to Hadley Fontenot, Cameron county agent.

He said there were no new crops of mosquitoes hatching at this time and probably would be no more until fall, unless the area receives heavy rains or high tides.

Reports from all sections of the parish indicated that the infestation was becoming less and less.

At a meeting of the Cameron Parish Agriculture Disaster Committee on July 11, the following estimate of livestock due to mosquito infestation this year was made:

250 adult animals lost -- $37,500; 2,500 fewer calves saved -- $125,000; 7,500 calves lost, $25 in value -- $187,000; 20,000 adult livestock in lower Cameron lost in fleshing value at least $10 -- $200,000; 25,000 adult livestock in upper Cameron not so severely affected lost $5 in value -- $125,000.

Total economic loss to cattlemen -- $675,000. In addition, 3,600 head of livestock were moved because of the mosquitoes.

Members of the committee are County Agent Fontenot; Terry Clement, SCS technician; Charles Precht, chairman, ASC committee; and Linward Manual, FHA supervisor.

ROUNDABOUT THE PARISH

Holly Beach - Summer trade continues to be at an unprecedented low. The July peak in tourists is noticeably absent this year. The unusually dull season is blamed on many factors: Carla's damage, seaweed debris and mosquito infestation which prevailed a while back. Seaweeds continue to be washed in occasionally and the old mounds litter the beach.

Sweet Lake-Grand Lake - At the annual Red Cross meeting held recently in Lake Charles, Mrs. Charles Hebert was re-elected for the third consecutive year to the Executive Committee. She also received a gold pin award for five years of service as a Board Member. Others in our area awarded for their service were Mrs. Absie Duhon and Mrs. Nolton Richard, each receiving another stripe for their four years of service as canteen workers.

Oak Grove - The Baptist church looked very nice on Sunday. Shorty, the sign painter, painted some nice fresh signs which really look good out in front.

Cameron - The new manager of Fred's Restaurant & Lounge is Helaire Hebert. Mr. Hebert also owns the St. Ann Motel. He was a shrimper before he became manager of Fred's. Mr. Hebert came here from Jefferson Island in 1945. He owned and operated "The Only Inn" from 1945 to 1948.

Some words are so boring they'd make a dictionary yawn. But in Louisiana, our words put the accent on fun. We don't just play poker, we bet on bourré. For dessert, we satisfy our sweet tooth with pralines. And in times past, our plantations had separate quarters called garçonnières. So have fun in Louisiana. And say things you've never seen before. PUBLIC NOTICE

Notice is hereby given that the Department of Environmental Quality is proposing to reissue a Louisiana Water Discharge Permit System (LWDPS) permit to Shell Western E & P Inc. This permit, if issued, will establish effluent limitations and monitoring requirements for the discharge of certain wastewater streams associated with the company's existing oil and gas exploration, development and production operations in the Black Bayou Field, Cameron Parish, Louisiana. The receiving waters in the Black Bayou Field include Black Bayou, Bancroft Canal, and associated natural and manmade waterbodies. The limitations and conditions of this permit are consistent with the permitting policy of the Office of Water Resources, which is to achieve and maintain full support of designated uses of the waters of the state.

During the preparation of this permit, it has been determined that these discharges will have no adverse impact on the existing uses of the receiving waters. As with any discharge, however, some change in existing water quality may occur.

All designated uses of the receiving waters are being fully supported.

The application and proposed limitations may be examined at the Office of Water Resources, 3rd Floor, Department of Environmental Quality, 7290 Bluebonnet Road, Baton Rouge, Louisiana.

Persons wishing to provide data, views or comments, or request a public hearing relative to the issuance of the permit are invited to submit their comments and requests, in writing, within thirty (30) days of the date of this notice using reference No. WP 2831 to:

Department of Environmental Quality, Office of Water Resources, Post Office Box 82215, Baton Rouge, Louisiana 70884-2215 ATTN: Michelle Black. Telephone: (504) 765-0643.

All written comments submitted during the period of comment shall be retained by the office and considered in the formulation of a determination to issue a final permit.

JEFF DAVIS Electric youth tour winners Kristi Dupuie (left) of Grand Chenier, and Erin Eskew of Jennings, stand before the Lincoln Memorial during their recent tour of the nation's capital.

Two students win trip to Washington, D. C.

Two students recently returned from an all-expense trip to Washington, D. C. sponsored by Jefferson Davis Electric Cooperative to attend the National Rural Electric Cooperative Association's "Government-In-Action" Youth Tour Conference.

A total of 36 young people from throughout Louisiana joined more than 1,200 students from 36 states for a week of sightseeing and a chance to get a firsthand look at how our government functions.

Attending this year's Washington Youth Tour were Erin Eskew of Jennings, representing Jennings High School and Kristi Dupuie of Grand Chenier, representing South Cameron High School.

Students were selected by the Louisiana Cooperative Extension Service on the basis of achievements in 4-H activities.

Before departing for Washington the students toured Cajun Electric Power Cooperative's "Big Cajun II" power generating plant in New Roads, which furnishes power to Jeff Davis Electric. They also visited the recently-restored old state capitol and were given a VIP tour of the Louisiana State Capitol. In Washington, the students toured the Lincoln and Jefferson Memorials, Washington Monument, Viet Nam Memorial, Arlington National Cemetery, Holocaust Museum, the Smithsonian Institution and attended a play at Ford's Theatre. One entire day was spent on Capitol Hill touring the U.S. Capitol and having lunch with their congressman.

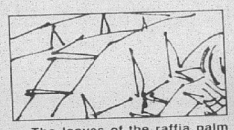
JANUARY FUNERAL

Funeral services for Laurent January, 74, were held July 11, at the First Sixth Street Baptist Church in Port Arthur, Tex. The Rev. Ransom Howard officiated. Entombment was in Greenlawn Mausoleum.



A native of Grand Chenier, he lived most of his life in Port Arthur. He was a retired carpenter.

Survivors are his wife, Mrs. Maggie Lee January; two daughters, Toinette January, Port Mugu, Calif., and Gertrude Robinson, Lake Charles; one step-daughter, Rose Ledet, Groves, Tex.; and one brother, Randolphe January, Lake Charles.

Mrs. Lillie Harrison, Mrs. Rosa LeBlanc and Mrs. Susie LaSalle and Melvin attended the funeral.

ILLINOIS TRIP

Mrs. Mary Cockrell visited Mr. and Mrs. Michael Johnson and Ashley in Chicago, Ill., last week.

The leaves of the raffia palm tree grow up to 65 feet long and eight feet across.

No signs on rights-of-way

The political season is here and the Department of Transportation and Development (DOTD) is reminding all political candidates and their supporters that it is illegal to place political signs on state highway rights-or-way.

According to Louisiana Revised Statute 48:347, it is illegal to place such signs on state highway rights-or-way, and DOTD is expected to remove these signs.

The placing of political signs create a problem for DOTD because most signs are placed illegally and also become another source of roadside litter.

PROCEEDINGS
Cameron Parish Gravity Drainage District No. 7, Cameron, Louisiana, met in regular session July 10, 1995 at 6:30 p.m. Meeting called to order by President Magnus McGee at Board Office, 205 Middle Ridge, Johnson Bayou.
Roll as follows: Magnus McGee, Carroll Trahan, Leroy Trahan, Rogerest Romero. Absent: Ivan Barentine; Guests: George Bailey, Wm. Lloyd Badon, Rodney Guilbeaux, Russell Badon, Kenneth Trahan, George LeBouef, Clay Midkiff, Allen Trahan.
Motion to accept minutes of June 12, meeting by Leroy Trahan, second by Carroll Trahan, passed.
Motion to review and pay bills by Rogerest Romero, second by Carroll Trahan, passed.
Permits reviewed: Motion to accept by Leroy Trahan, second by Rogerest Romero, passed.
Permits: Maurice Revit, Sec. 40, T15S, R13W, Parish Road 527 Gulf Breeze Subdivision, rip-rap 400' along shoreline of Gulf of Mexico. Liquid Carbonic, Sec. 7, T12S, R14W, 10" liquid carbonic P/L.
Gravity Drainage District Permit from U.S. Corps of Engineers and La. DNR has been approved. Right of way grant by landowner is being processed and when received, work will commence.
State Fire Marshal has accepted GDD #7 proposal for compliance regulations for handicapped. Work is underway to satisfy these items.
The CPA firm of Gus Schram, Ltd. has completed the 1994 audit. A favorable report was given and was accepted by the Board. Copies of the completed audit were passed out to the Board. Motion to accept by Carroll Trahan, second by Rogerest Romero, passed.
Comments from the State Attorney General's Office were received and forwarded to the Cameron District Attorney for review. The Board reviewed the comments.
The Inter-Agency Agreement between GDD #3 and GDD #7 was reviewed and approved on a motion by Carroll Trahan, second by Rogerest Romero, passed. The President signed the agreement, it was notarized and given to Police Juror George LeBouef for delivery to GDD #3. Arrangements to start work are underway.
Board employees Keith Price has passed the State Herbicide Test. Proper forms were forwarded to the State Office for processing.
Allen Trahan requested help in replacing a deteriorated culvert on his property north of Middle Road. Motion by Rogerest Romero, second by Leroy Trahan, passed, to grant the request. A right of way grant will be signed by the landowner, and the culvert will be ordered.
Carlton Delino of Holly Beach requested repairs to the step ditch below East Holly Lake. Lloyd Badon will repair when the Marsh Machine returns from doing work for GDD #3 east of Cameron.
The service agreement with LC Copy and Duplicating for another year on the Sharp Copier was approved on a motion by Rogerest Romero, second by Leroy Trahan, passed.
Board Asst. Secty. Rodney Guilbeaux was instructed to obtain plans from Sabine Wildlife Refuge related to structures at The West Cove Canal, Hog Island Gully, and Headquarters Canal for review by the Board.
Request from Constance Beach residents Alvin Guidry, Craig Leach, Langford Peavy and Burney Rouark were discussed at length. A culvert across Road 521 and Road 520 connected by a culvert across private property in between seemed to be the proper solution. Property owners will be contacted for right of way grants. Motion by Leroy Trahan, second by Carroll Trahan, passed, to proceed with the request.
Lloyd Badon was instructed to check on a drainage problem at the intersection of Road 520 and Road 516 in Constance Beach.
At the request of Police Juror Russell Badon, the Board passed a Resolution to the La. Dept. of Transportation and Development requesting a second ferry and landing at the Calcasieu River Ship Channel at Cameron adjacent to the Cameron Ferry No. Two. Motion by Carroll Trahan, second by Rogerest Romero, passed. Resolution attached.
The request of Charles Jinks was reviewed again. The pipeline Company and engineers were consulted, and specs show that it is not feasible to put culverts below the lower level of the existing pipeline.
Clay Midkiff spoke on various subjects. The Board agreed to draft a letter to the Appropriations Committee stating their support for the NRCS office in Lake Charles on a motion by Rogerest Romero, second by Leroy Trahan, passed. The Non-Profit Pollution Plan was discussed. The Board is requesting that this public comments period be extended on a motion by Leroy Trahan, second by Rogerest Romero, passed.
The Cameron Parish Police Jury will be contacted for information relative to Mitigation.
David Richard with Gray Estate will be invited to the next meeting to discuss their request for drainage assistance in the Light House Bayou area.
A special meeting will be held on Monday, July 24, at 6:30 p.m. at the Board Office located at 205 Middle Ridge Road in Johnson Bayou.
There being no further business, a motion to adjourn by Carroll Trahan, second by Rogerest Romero, passed.

LEGAL NOTICE
STATE OF LOUISIANA, OFFICE OF CONSERVATION, BATON ROUGE, LOUISIANA.
In accordance with the laws of the State of Louisiana, and with particular reference to Act 157 of 1940 and 30 of Louisiana Revised Statutes of 1950, a public hearing will be held in the Conservation Auditorium, 1st Floor, State Land & Natural Resources Building, 625 North 4th Street, Baton Rouge, Louisiana, at 9:00 a.m., on TUESDAY, AUGUST 22, 1995, upon the application of CENTRAL CRUDE, INC.
At such hearing the Commissioner of Conservation will consider evidence relative to the issuance of an Order pertaining to the following matters relating to the S Sand, Reservoir B, T Sand, Reservoir B, in the Chalkley Field, Cameron Parish, Louisiana.
1. To establish rules and regulations governing the exploration for and production of oil and gas from the S Sand, Reservoir B and the T Sand, Reservoir B.
2. To create a single drilling and production unit for each sand, and to force pool and unitize all tracts presently owned by tracts, mineral leases and other property interest within the units so created.
3. To grant an exception to the spacing provisions of Rule 68-D and the 68-E Series of Orders for the S and T Sands respectively, and Statewide Order No. 29-E for both sands.
4. To designate unit operators and unit wells for the proposed units.
5. To provide that the Commissioner may reclassify the reservoirs by Supplemental Order without the necessity of a public hearing should such reclassification be warranted, based on evidence furnished the Commissioner.
6. To consider such other matters as may be pertinent.
The S Sand, Reservoir B, in the Chalkley Field, is fully defined by the 68-D Series of Orders.
The T Sand, Reservoir B, in the Chalkey Field, is fully defined by the 68-E Series of Orders.
Plats are available for inspection in the Office of Conservation in Baton Rouge and Lake Charles, Louisiana.
All parties having interest therein shall take notice thereof.

BY ORDER OF,
ERNEST A. BURGUIERES, III
COMMISSIONER OF
CONSERVATION
Baton Rouge, La.
July 12, 1995; July 15, 1995
If accommodations are required under the Americans With Disabilities Act please contact Tillie Randazzo at P.O. Box 94275, Baton Rouge, La. 70804-9275 within ten (10) working days of the hearing date.

PUBLIC NOTICE
Notice is hereby given that the Department of Environmental Quality is proposing to issue a new Louisiana Water Discharge Permit System (LWDPS) permit to Deseo Oil Company. This permit, if issued, will establish effluent limitations and monitoring requirements for the discharge of certain wastewater streams associated with the company's existing oil and gas exploration, development and production operations in the North Grand Chenier Field, Cameron Parish, Louisiana. Receiving waters in the North Grand Chenier Field include Little Pecan Bayou, Cut Around Bayou, Go Around Bayou, and associated natural and manmade waterbodies. The limitations and conditions of this permit are consistent with the permitting policy of the Office of Water Resources, which is to achieve and maintain full support of designated uses of the waters of the state.
During the preparation of this permit, it has been determined that these discharges will have no adverse impact on the existing uses of the receiving waters. As with any discharge, however, some change in existing water quality may occur.
All designated uses of the receiving waters are being fully supported.
The application and proposed limitations may be examined at the Office of Water Resources, 3rd Floor, Department of Environmental Quality, 7290 Bluebonnet Road, Baton Rouge, Louisiana.
Persons wishing to provide data, views or comments, or request a public hearing relative to the issuance of the permit are invited to submit their comments and requests, in writing, within thirty (30) days of the date of this notice using reference No. WP 5251 to:
Department of Environmental Quality, Office of Water Resources, Post Office Box 82215, Baton Rouge, Louisiana 70884-2215 ATTN: Michelle Black Telephone: (504) 765-0543.
All written comments submitted during the period of comment shall be retained by the office and considered in the formulation of a determination to issue, modify or deny the proposed permit.

J. Dale Givens,
Assistant Secretary
Office of Water Resources

PUBLIC NOTICE
CAMERON PARISH COASTAL USE PERMIT APPLICATION
Interested parties are hereby notified that the Coastal Management Section of the Cameron Parish Police Jury has received the following apparently complete application for a Coastal Use Permit in accordance with the rules and regulations of the Louisiana Coastal Resources Progam and R.S. 49, 213.1, the State and Local Coastal Resources Management Act of 1978, as amended.
L.C.U.P. Application #950709
Name of Applicant: F. O. Theriot, P.O. Box 69, Creole, La. 70631
Location of Work: Creole, Section 3, T15S, R8W, Cameron Parish, Louisiana.
Character of Work: Construction of a cattle walkway that is approximately 3000' in length. Approximately 3100 cubic yards of fill material will be required. Three 20" diameter culverts will be installed, at the marsh level to provide for water movements if applicable to qualify for General Permit NOD-31. The purpose of the cattle walkway will be to have better grazing on the marsh range and to serve as a bedding ground.
The decision on whether to issue a permit will be based on an evaluation of the probable impacts of the proposed activity in accordance with the state policies outlined in R.S. 49:213.2. The decision will reflect in the national concern for both protection and utilization of important resources. The decision must be consistent with the state program and approved local programs for affected parishes and must represent an appropriate balancing of social, environmental and economic factors. All factors which may be relevant to the proposal will be considered; among these are flood and storm hazards, water quality, water supply, feasible alternative sites, drainage patterns, historical sites, economics, public and private benefits, coastal water dependency, impacts on natural features, compatibility with the natural and cultural setting and the extent of long term benefits or adverse impacts.
Certification that the proposed activity will not violate applicable water and air quality, laws, standards and regulations will be required before a permit is issued.
Any person may request, in writing, within the comment period specified in this notice, that a public hearing be held to consider this application. Request for public hearings shall state, with particularity, the reasons for holding a public hearing.
Plans for the proposed work may be inspected at the Cameron Parish Police Jury Annex Building, Coastal Management Division, Courthouse Square, P.O. Box 366, Cameron, Louisiana, (318) 775-5718. Written comments should be mailed within 25 days from the date of this public notice to Cameron Parish Police Jury, Coastal Management Division, Post Office Box 366, Cameron, Louisiana 70631.

Thanks said by Cancer Society

Dear Editor:

The Cameron Parish Chapter of the American Cancer Society would like to thank the people who participated in the 8th annual fund raiser "Let The Chips Fall Where They May." We sell 200 squares at $25 a square and all but 6 squares were sold this year. The 1995 winner of $1000 was Mrs. Hazel Savoie of Creole.

I would like to thank the ticket sales committee of: Cameron - Mrs. Virgie LeBleu; Creole - Mrs. Estelle Theriot, Mrs. Earline Baccigalopi and Mrs. Stephanie Rodrigue; Hackberry - Mrs. Velma Lowrey; Grand Lake - Mrs. Billie Fruge and Mrs. Carol Baccigalopi; and Shirley Bonsall - Grand Chenier, Holly Beach and Johnson Bayou. Also thanks to Mrs. Nell Colligan for printing the tickets, and Mr. Nicky Rodrigue for lining the field, and to Dupont Builders for sealing our "cow patties" each year.

This event is the primary way we reach our goal each year to provide for cancer research and aid to Cameron Parish residents. If for any reason we missed you this year, call one of the above representatives in your area and plan to participate next year. We would all like to thank you for your past, present, and future support.

/s/ Shirley Bonsall,
Chapter Chairman

DEAR CAMERON PARISH FRIENDS,

When I become your Sheriff, I will be a friend to all, but I will never let my friendship overrule my duties. I will never let anyone get away with a serious crime because he is my friend or I just don't believe he could do it.

The Sheriff's job is to investigate all crimes. The evidence should decide if someone is arrested not any personal feelings.

Marcus Williams wins statewide recognition

Marcus Williams, 11, of DeQuincy was named the state winner in the All American Student and Recognition Program, Junior Division, in Baton Rouge Sun., July 16.

During the weekend competition, he received top honors and awards in these categories: On Stage Personality Projection, Development of Personal Abilities, School Involvement, Community Involvement, School Honors and Achievements, and Overall Age Division Award. The total points from each of the categories enabled him to capture the state title.

As the winner, he received a $1,000 cash scholarship and a number of other awards.

The All American Student Program is an invitation-only scholarship and recognition program for students ages 7-18 years of age with a high academic ranking.

Marcus received his invitation as a fifth grade student in Mrs. Guillot's class. He has been a banner and honor roll student since kindergarten. He has received numerous academic awards and honors, which include being a DeQuincy Elementary School Senior Scholar; and the school and parish winner of the Daughters of American Revolution essay contest.

Marcus Williams

Additionally he has won the Jay Novacek (Dallas Cowboys) attitude award in 1994 and 1995; the three-point contest and best camper at Holmes Community College basketball camp. He also represented Southwest Louisiana as a member of the All-Star team in the National Little Dribblers basketball tournament.

Marcus is a member of Boy Scout Troop 155, Evergreen M. B. Church Sunday school, junior usher board, youth choir and youth department. He is CPR certified. He will be a sixth grader at DeQuincy Middle School in the fall. He hopes to become a doctor in the future.

Marcus is the son of Dr. Homer and Beverly Clark Williams of DeQuincy and the grandson of Aline Johnson of Cameron and Rogis and Claretta Clark of Clarksdale, Miss.

Cancer Society look-alikes

Residents of Cameron Parish who want to be certain that the money they donate to cancer research is used in the most effective way, should be aware of look-alike cancer organizations.

When you contribute to a charity, it makes good sense to find out exactly where your money is going and how it will be spent. Contributors have the right to know if their donations are being spent in an efficient way.

The term look-alike is used because some organizations may include words such as "National", "Society", "Institute," "Research", or "Foundation" in their names in an attempt to be mistaken for organizations like the American Cancer Society (ACS) or the federal government's National Cancer Institute (NCI). Look-alikes may actually spend an overwhelming proportion of the donations they receive on their fund raising and administrative expenses. ACS relies primarily on volunteer-fun fund raising.

The American Cancer Society distributes approximately 70 percent of its income in Louisiana to actual cancer control programs.

There are many reputable organizations that sponsor legitimate cancer research and offer services to cancer patients. The American Cancer Society does not want to discourage people from contributing to other organizations but would just like them to take note of how their funds are being distributed.

Some words are so boring they'd make a dictionary yawn. But in Louisiana, our words put the accent on fun. We don't just play poker, we bet on bourré. For dessert, we satisfy our sweet tooth with pralines. And in times past, our plantations had separate quarters called garçonnieres. So have fun in Louisiana. And say things you've never seen before. Mrs. Theriot rites held

Funeral services for Mrs. Amanda B. Theriot, 97, of Creole, were held Friday, July 14, from Sacred Heart Catholic Church.

The Rev. M. J. Bernard officiated; burial was in Sacred Heart Cemetery.

Mrs. Theriot died Wednesday, July 12, 1995, in the Creole hospital.

A lifelong resident of Cameron Parish, she was a member of Sacred Heart Catholic Church and Altar Society, and was a Gold Star mother of World War II.

Survivors include four daughters, Mrs. Lida Miller of Grand Chenier and Mrs. Lorena Miller, Mrs. Rena Baccigalopi and Ina Theriot; one brother, Eulice Boudreaux, all of Creole; six grandchildren; 10 great-grandchildren and six great-great-grandchildren.

Losses of $500,000 per hour were reported to researchers by some Fortune 1000 companies because of computer downtime.

A year has gone; since God has taken you home. My eyes are still tear stained; and the sadness I have, they say will get better in time. I will never know why God took you so soon. Perhaps he thought your work here was complete. Maybe he needed a red headed Angel to make heaven a more beautiful place. For whatever reason, we must trust Gods judgement. The memories I have are most treasured. Thank you for being here when I needed you. And in my own special way, I know you are still here for me.

I love and miss you,

AREA TEAMS WIN AT BOYS STATE USSSA TOURNAMENT

12-Under Boys Marlins places 1st. 14-Under Boys Young Guns had no teams to play. 16-Under Boys Young Guns placed 1st. All three teams will be on the road to Marietta, Georgia July 27 thru July 30 where they will compete on the National level. All three teams would like to thank the public, all the wonderful people who helped and especially the people who had no children on either of the teams, and most of all Zeke Wainwright, without Zeke and the Grand Chenier Knights of Columbus, there would be no Bingo. The Bingo helps sponsor three teams with expenses to the National Tournament. I would also like to take this time to thank all the coaches on all teams involved for their time and effort in coaching these children.

GOD HAS BLESSED OUR CHILDREN,

THANKS TO THE VOTERS OF CAMERON PARISH!

Words cannot express my gratitude for the vote of confidence that you gave the Sheriff's Department Saturday. I feel when you gave me this vote of confidence in the passing of the 2 mill tax that you gave me the most valuable thing a man could want in his lifetime, and that's trust. All the money and all the power cannot overcome trust, and I hope and pray that you will never be disappointed.

In closing, I want to thank each and every one that went out and voted in all the communities and give a special thanks to Johnson Bayou and Holly Beach for giving me a vote of confidence.

Now I will ask for your support to re-elect me as your sheriff in October, 1995. May God Bless you and your families.

Your Sheriff,

James

Don't shake babies

Every year thousands of babies are injured and some die from being shaken. Shaking a baby, even one time, can delay normal development, resulting in brain damage, spinal injury, retardation or even death.

"In moments of frustration, parents may forget how fragile their children are, says David Kurta, Ph.D., director of the Child-help IOF Foresters Hotline. "The stretching motion that comes from a child's head snapping back and forth can rupture the bridging veins of the brain and result in life-long injuries in a matter of seconds," Kurtz explains.

The Childhelp IOF Foresters Hotline (1-800-4-A-CHILD), the nation's largest child abuse hot-line, provides 24-hour crisis counseling to parents, children and adult survivors of abuse.

Parents may not realize the strength at which they handle their children when angry. Research shows that the danger of shaking your child is always present, but is most prevalent between birth and six years of age. Babies and infants are extremely at risk.

Even well-meaning parents can harm their child. While most parents enjoy the giggling and laughter as they toss their child up in the air, they need to be aware that the neck in small children and infants is very weak. The head, by contrast, is very heavy.

Here are some helpful hints to help you avoid injuring your child:

*Always support the neck of infants, babies and small children.

*If you are upset, calm down before dealing with your child.

*When playing with your child, never throw or toss your child.

*Screen all baby-sitters carefully, know if they are upset.

Should part-time working students have taxes withheld?

Students getting part time summer jobs are sometimes confused about whether federal taxes should be withheld from their paycheck.

According to the IRS, students with part time or vacation jobs should consider whether or not to have federal taxes withheld from their wages.

Employees, including students, fill out a Form W-4, "Employee's Withholding Allowance Certificate," when first getting a job but may resubmit a new form at any time to update their filing status and/or change the number of withholding allowances.

Employees may elect exempt status and have no federal taxes withheld from their wages in certain circumstances. To qualify for exemption, the employee must have had a right to a refund of all federal income tax withheld last year because he or she had no income tax liability, and the same situation is expected again this year.

However, total income for the year, as well as whether or not they can be claimed as a dependent on another person's tax return wil be determining factors.

Programs set under NRCS

The United States Department of Agriculture Reorganization Act of 1994 assigned program authority for the administration of the Forestry Incentive Programs, Water Bank Program, and the Westlands Reserve Program to the Natural Resources and Conservaiton Service (NRCS). These programs were previously administered by the Consolidated Farm Service Agency.

According to Kirk L. Smith, Acting County Executive Director for the Consolidated Farm Service Agency in Calcasieu-Cameron Parish, the transfer of the Forestry Incentives Program and the Water Bank Program to NRCS has been completed. As of June 15, 1995, and July 7, 1995, NRCS will administer all aspects of these two programs. This includes the issuance of any annual payments or cost-share payments that may be due persons particiating in these programs.

Transfer of the final program, the Westlands Reserve Program, to NRCS is anticipated for completion by the end of July 1995.

Producers and participants with questions relative to the Forestry Incentives Program or the Water Bank Program should contact the Calcasieu-Cameron Parish Natural Resources and Conservation Service Office.

Basketball game held in DeQuincy had score 211-29

When the alumni of Grand Avenue high school gather this week for their bi-annual reunion, among the memories that may be brought up may be a historic 1964 basketball game in which the Grand Ave. Tigers set what is probably a national high scoring record.

The Tigers that year beat Audrey Memorial High School of Cameron by the score of 211-29. According to the National Federation of State High School Associations in a letter to the DeQuincy News in 1978 this probably was a national record at that time and it is doubtful that it has been surpassed since then.

According to a newspaper article at that time, the Tigers scored 33 points in the first quarter, 70 in the second and 108 in the last half.

Members of the Grand Ave. team were Clifton Davis, Raymond Clarkston, Charles Johnson, James Clement, Alvin Farris, Charles Hodges, Mel Carrier, Tom Robinson and Clarence Kennedy. George (Slacks) Johnson was the coach.

Grand Ave. had a perfect 7-0 season that year winning the district title.

Grand Avenue and Audrey Memorial, both black high schools, were consolidate with DeQuincy and South Cameron high schools, respectively, some years later.

Civil War re-enactment is set at Niblett's Bluff

The first annual Fort Niblett Civil War Drill & Skirmish will be held Saturday and Sunday, July 29 and 30 at Niblett's Bluff Park on the Sabine River a few miles west of Vinton.

Events on Saturday include the opening of the opposing camps to the public at 9 a.m. followed by a drill at 9:30 a.m. and a skirmish at 11 a.m.

At 4:30 p.m. there will be a Confederate Memorial dedication followed by the Battle of Niblett's Bluff at 5 p.m. Reenactors will discuss the Civil War at 6:30 p.m.

On Sunday the camps will be open to the public at 9 a.m. with church service at 10:30 a.m. A firing demonstration and drill will be held at 12:30 p.m.

All of the activities are free to the public. To reach the park turn off of I-10 on La. 109 and then turn west on Nibletta Bluff Road which leads tot he park.

CIVIL WAR re-enactments such as the above held at Merryville a few months ago will be held next weekend at Niblett's Bluff park.

Mary Devall wins All Around title

Mary placed first in breakaway calf roping, 23.88; first in barrel racing, 14.50; and second in goat tying, 12.99, and first in dally ribbon roping, 32.64. Keisha placed second in barrel race, 17.511; first in goat tying, 11.24; second in trail course, 34.087; and first in pole bending, 23.011.

Annette Gunter of Hackberry placed third in barrel racing, 19.471 and third in pole bending, 25.270.

Shrimp net size increased to 1½ ”

Beginning with the fall 1996 shrimp season, all trawls, skimmers and butterfly nets used in inshore waters during the fall season will be required to have 1-1/2 inches stretched webbing.

According to Kevin A. Savoie, Associate Area Agent (Fisheries) for Cameron and Calcasieu Parishes, the minimum mesh remains 1-1/4 inches during the inshore brown shrimp season and in outside state waters (beach to 3 miles) the year round.

The measure was passed by the 1993 state legislature.

Niblett's Bluff history

Niblett's Bluff was founded by Dr. Robert Caldwell Neblett, a veteran of the war of 1812. He served two years and was discharged as First Sergeant. After receiving his medical diploma, he practiced first in Mississippi and finally moved to Louisiana where he settled in Neblett's Bluff on the Sabine River about 1833.

The higher bank or bluff on the river was located on the east side and at that time, trade was accomplished by use of light draft vessels. Niblett's Bluff became a major link between the Louisiana Territory and the Spanish possession known as Texas in the days before the Battle of the Alamo.

Niblett's Bluff was a stopping off place on what was known as the Military Road that traveled up to Alexandria. It was located at a pivotal position forming a triangle with Alexandria and Natchitoches. Niblett's Bluff was chosen as a possible military target for several reasons. The strategy of the Federals to take Texas via Sabine Pass failed miserably in September 1863 and plans were under way to take central Louisiana and to move north to Louisiana and eventually work north to Mansfield. The next step for the Federals was to move south through Calcasieu and towards eventually Texas. Niblett's Bluff was the only fortification between Mansfield and Texas, making it vulnerable to an attack from both land and river.

Niblett's Bluff was fortunate in that the Red River Campaign was again a failure for the Federals with major Confederate victories at Mansfield and Pleasant Hill. The Yankees were routed and retreated back south, diminishing the threat to Southwest Louisiana and East Texas. During the time before the battle of Spring 1864, Niblett's Bluff and the Calcasieu area were in a high state of readiness between September 1863 and April 1864.

Skirmishes between the two forces were recorded throughout the Calcasieu area. On one occasion in a letter, Lt. J. R. Livesay, Adjutant, Niblett's Bluff, expressed concern about 1000 Federal calvary troops moving from Opelousas and were reported on the way towards his position. In the same correspondence, he warned about jayhawkers in the area ready to seize cargo from two schooners located in the Mermentau.

The Niblett's Bluff fortifications were completed with the help of 75 slaves with shovels, who built up fortifications up to eight to ten feet high. The same fortifications can be seen today at Niblett's Bluff Park. Life at Fort Niblett had tragic times. A measles epidemic broke out in 1863, killing 30 Louisiana and Texas soldiers under the command of Capt. George O'Bryant. The soldiers were laid to rest and buried in a cemetery near the fort. The actual grave sites are not known, however the Confederate Daughters of America erected a marker near the grave sites in honor of the fallen soldiers.

There were no actual battles at Niblett's Bluff, however, records indicate there was a build-up of troops and cannons, preparing for a battle that seemed inevidable. History shows that the small fort, with only earthen fortification, was the next target of the Federals if they were to complete the strategy of cutting off vital supplies from Texas to the Confederate Armies to the east.

Kids, parents views sought on educational television

By The Federal Communications Commission

Surveys have shown that children under the age of 18 spend thousands of hours each year glued to their television sets. Children as young as 2 watch TV more than 23 hours a week, a figure that remains amazingly consistent until they turn 17.

Some experts now say many infants are propped in front of the tv to be dazzled by the sight and sound.

Federal Communications Commission, the government agency that regulates the television industry, is studying ways to ensure that an adequate supply of educational and informational television programming is available to children.

The FCC also is asking that this programming be clearly identified for children, their parents and care givers. From now until September 14 the FCC will be receiving comments and suggestions and will consider adopting new rules to improve children's tv programming. The date to reply to comments was extended to October 16.

There will be many comments from the broadcasters, from the people who produce the programs, from lawyers and from professional children's advocates. But the Commission would also like to get comments from kids, their parents and care givers.

Because it found that broadcasters were not providing enough educational programming for children, Congress in 1990 enacted the Children's Television Act to ensure such programming was available. The FCC was charged with overseeing this effort.

Based on the results an FCC's 1993 inquiry and a 1994 hearing on the effectiveness of its children's television programming regulations, the FCC proposed to make changes to assure that broadcast station license holders comply with the Children Television Act and to implement the Act more effectively.

In developing the proposed changes, the Commission has followed three principles: (1) judgments about the quality of programming, educational or otherwise, are best made by audiences, not the federal government; (2) the Commission's rules must be clear, simple and fair; and (3) broadcasters should be guided by market forces in determining whether they meet their programming obligations.

Specific proposals suggest that stations identify programs as educational and informational at the time they are aired and provide identifying information to publishers of programming guides.

Stations would publicize the availability of their children's programming, perhaps by announcing their existence and air time.

So - kids and parents - sit down at your kitchen table, at your desk, on the floor, wherever you are comfortable, and let the FCC know what's right about the way educational programs come into your home, if there's enough available, what's wrong with it, and how it should be identified so you'll know when to tune in.

Please send your comments to:

How to avoid problems at pay phones

It's summer and Americans are taking to the roads. Whether you're traveling the real highway or the information highway, the Federal Communications Commission (FCC) wants you to have a safe trip.

Each year, about three billion "away from home" calls are made from hotel and motel phones, payphones and other public phones. And most calls don't cause any problem. But every month the FCC receives more than 300 complaints from consumers who fell into a telephone trap for the unwary.

Carriers that serve hotels, motels, payphones in airports, hospitals and other public phones are called Operator Service Providers (OSPs). If you dial 0+ the phone number you are dialing, your call is routed to the OSP that serves that phone.

The OSP that handles your call may or may not be your carrier and may or may not charge the rates that are about the same as your carrier.

Many callers mistakenly believe if they use a telephone calling card or credit card, the call will always be rerouted to their own carriers.

These callers can then be unpleasantly surprised by high telephone bills from one trip out of town -- or one stop at a payphone.

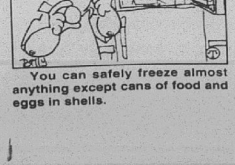
As the summer travel season nears, the FCC wants consumers to know they have rights and can make their own choice when they use a public phone.

FCC rules guarantee consumers using public phones the following rights:

> You have the right to know the carrier that will handle the call.

> You can find out how much you will be charged for that call and, if you think it's too much, how you can access the carrier of your choice.

> You are guaranteed the right to reach the carrier of your choice. If you have a calling card for a long distance carrier, look at the back for instructions on how to reach that carrier using an access code. If not, call your carrier before you leave home and ask for this information.



You can protect yourself when using the information highway just like you protect yourself when crossing a real highway --STOP-LOOK-LISTEN.

STOP before you use the phone in a hotel room, airport, hospital or other public place.

LOOK at the information on the phone. These phones are required by law to have posted on or near them the name of the carrier serving that phone and information on how to check the rates for that carrier.

LISTEN after you dial for the message naming the carrier that is handling your call. If you don't like what you hear, hang up.

If you get stung by high rates, you should first try to resolve your complaint with the carrier that handled your call. If the call was made in-state, file your complaint with that state's local or state regulatory commission. If the call was made between states, you can file a complaint with the FCC.

You can safely freeze almost anything except cans of food and eggs in shells.

Parish Homemakers hold meeting

The Cameron Parish Homemakers Clubs held their quarterly meeting July 11, at the Grand Chenier Fire Station. Hostess club was the Grand Chenier Club.

President, Shirley Bonsall presided. Beth Fergeson gave the blessing for the meal which was a covered dish effort of all members. Betty McCall held a class on quilting, all made a nine patch square and the advanced quilters did a double applique. Ready-made quilts were displayed by Betty McCall and Yvonne McNease.

Door prizes were won by Bonnie Theriot, Eddie Mae, Betty McCall, Melba Faulk, Lena Guidry and Bernice Greathouse.

There were five members of Creole Club; 10, Sweet Lake; and 9, Grand Chenier.

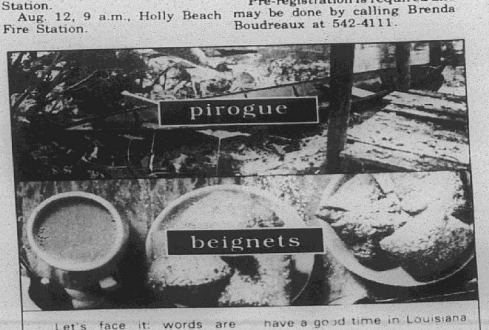
The next meeting will be held in Sweet Lake at the fire station on Oct. 10, at 6:30 p.m.

CPR classes set at hospital

South Cameron Memorial Hospital will offer Community CPR classes as follows:

July 18, 9 a.m., Grand Lake Fire Station.

Aug. 5, 9 a.m., Cameron Fire Station.



Aug. 12, 9 a.m., Holly Beach Fire Station.

Sept. 2, 9 a.m., Hackberry Fire Station.

Sept. 16, 9 a.m., Grand Chenier Fire Station.

There will be a charge of $2 per person to cover costs.

Pre-registration is required and may be done by calling Brenda Boudreaux at 542-4111.

16th Cajun Riviera F. to be held in August

The sixth annual Cajun Riviera Festival at Holly Beach is scheduled for Aug. 11-13. The festival gates open Friday at 4 p.m. Daily gate fees are adults, $4, ages 6-12, $1, and under 6, free.

The festival highlights the Cajun heritage with Cajun foods, music, and Cajun fun in the sun on the Gulf of Mexico.

The queens pageant this year will be included in the festival of events, with the Junior Miss and Miss Cajun Riviera selections on Friday, Aug. 11, from 6-8 p.m. The Junior Queen contest will be Saturday, Aug. 12, from 10 a.m.-12 noon.

The volleyball tourney will take place on the beach Saturday at 10 a.m.

Live bands will include the Coasters on Friday; Lagniappe, Down South and Earl Thomas Conley on Saturday; Sheryl Cormier and Wayne Toups on Sunday.

An Elvis Presley Mobile Museum will also be on display, along with various games, carnival rides, food booths, and novelties will be available. Festival T-shirts and cookbooks will be on sale throughout the weekend.

For more information call Gerald Touchet at 569-2474.

Oil & gas output up

—CAPITAL NEWS—

Natural resource production in Cameron Parish took a marked jump, according to the latest figures issued by the state Department of Revenue and Taxation.

The department's May severance tax report credited production in the parish with $1.72 million of the state's overall collections for the month, the fifth highest total in the state. The report for April had listed $1.4 million in severance taxes, so the current total is a great improvement. It also is $27,000 higher than the amount registered for the parish in the May 1994 report.

Oil and natural gas production contributed almost equally to the month's figure, but natural gas held a slight lead. The $870,468 listed in that category ranked the parish fourth for the month. Oil production contributed $857,361 to the total.

Overall state receipts grew somewhat from $31.5 million in April to $31.7 million. The latest figure also marked a $500,000 increase over severance taxes collected for production during May 1994.

Plaquemines held its long-standing lead over other parishes, recording $5.7 million in May severance taxes. It was again followed by Vermilion, where the total was $3.7 million. Lafourche pulled ahead of neighboring Terrebonne in the rankings as they listed $2.1 million and $1.8 million, respectively. Cameron was close behind with $1.7 million for the month moving it ahead of Iberia. Iberia listed $1.5 million for the second consecutive month, followed by St. Mary with $1.2 million and East Baton Rouge with $1 million.

Four projects planned to protect or create Louisiana wetlands will contribute 460 jobs and $14.5 million in household earnings to the state from 1992 to 2017. Department of Wildlife and Fisheries economists studying these projects note that protection of Louisiana's important coastal region is as vital to communities bordering wetlands preservation projects as it is to the wetlands themselves.

"Louisiana wetlands are a priceless natural resource," said LDWF economist Brian McManus, co-author with David Lavergne and Farhad Niami of the reports. "They provide wildlife habitat, recreational activities, storm protection and mineral resources to the state."

Agreements were signed in April 1993 to provide funding for 14 Louisiana wetlands projects totaling $108 million, affecting more than 875,000 wetland acres in eight parishes. DNR asked for economic impact studies on four projects including these from Cameron Parish:

CAMERON PRAIRIE REFUGE PROTECTION PROJECT

This project's goal is to protect 640 acres of marsh and prevent the loss of 247 additional wetland acres in Cameron Parish. Erosion has damaged a spoil bank in the southern portion of the refuge, increasing loss of freshwater marsh. This habitat is important to the more than 5,500 wintering ducks and geese observed in the project area. Impact on the regional economy (Calcasieu, Cameron, Jefferson Davis, Terrebonne and Vermilion parishes) is estimated at $1.84 million for industrial output, $740,000 for household spending, and 25 jobs.

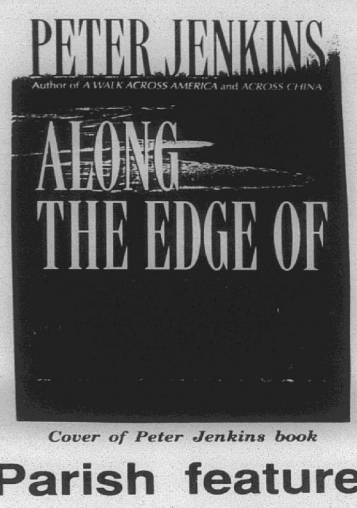
VEGETATIVE PLANTINGS WETLANDS RESTORATION PROJECTS

There are four project sites in Cameron, Terrebonne and Vermilion parishes, the goal being to protect 1,853 acres of brackish and saline marsh. Impact on the regional economy (Calcasieu, Cameron, Lafourche, Terrebonne and Vermilion parishes) is estimated at $1.4 million for industrial output, $740,400 for household spending, and 29 jobs.

Shots for tots

Free Shots for Tots is scheduled Thurs., Aug. 3, from 10-11:30 a.m. at the Johnson Bayou Recreation Center.

Please bring shot records. For information call the Office of Public Health at 491-2746.



Football camp

An elementary football camp will be held at the South Cameron High School gym Aug. 1-4. Registration will be held Aug. 1, 8:30-9 a.m.

This camp is for ages kindergarten thru 7th grade.

KRISTI JO DUPUIE, Cameron Parish Farm Bureau Queen, was chosen as Miss Congeniality by the other contestants in the Louisiana Farm Bureau state queen contest in New Orleans recently. She is the 17 year old daughter of Ruby and D. A. Dupuie of Grand Chenier. She is shown above being escorted by Whitney Bacciglaopi, Cameron Parish Farm Bureau president, at the state convention.

Cover of Peter Jenkins book

Parish featured in travel book

By JERRY WISE

Three chapters and 20 pages are devoted to Cameron Parish in the new travel book recently written by the well known author, Peter Jenkins, who spent about two weeks in the parish a couple years ago.

The book, "Along the Edge of America," tells of Jenkins trip in a boat along the Gulf coast from the tip of Florida to Brownsville, Texas. In it he tells of the interesting people that he met and the various adventures he had.

Jenkins was already familiar with Cameron parish, having visited here about twenty years ago when he and his wife walked across America and told of their experiences in two books, "Walk Across America," and "The Walk West."

"Cameron parish is known to have more alligators, otters, cottonmouths, muskrats and mosquitoes than any other place in the bayou country," Jenkins states in his introduction to the parish.

He then proceeds tell about the parish's "canoe-sized, black backed gators" blocking roads, the "black-horned Brahma cattle" in the marsh, and annual hurricane threat.

One of the chapters is taken up with an interview with J. Berton Daigle, former Cameron parish clerk of court, and his experiences in Hurricane Audrey in 1957.

The second chapter on Cameron parish is also on Hurricane Audrey, this time being the memories of that terrible storm by Clerk of Court Debbie Theriot. There is also a picture of Theriot and Sheriff Sono Savoie standing in front of the courthouae and one of the Little Chenier road where she lives.

The final chapter in the book on the parish is brighter. It tells of Jenkins' participation in the Cajun Riviera festival at Holly Beach.

The book contains some excellent color photographs taken by the author during his trip. One is a striking picture of a roseate spoonbill making a landing in the marsh.

A second book on Jenkins Gulf Coast trip will be published in October. This will be a picture book entitled "The Untamed Coast: Pictures and Words about Rare People and Rare Places Along the Edge of America." This book is also expected to have a section on Cameron Parish.

The first book is scheduled to be reprinted in a Readers Digest Condensed Book edition this year and it has already been read on the Dick Estelle radio show on National Public Radio.

The Jenkins book can be found in the Cameron Parish library. Anyone wishing to write the author may do so at this address: Peter Jenkins, PO Box 37, Franklin, TN 37064.

Class offered

Tuesday, Aug. 1, from 2-4 p.m., the Cameron Parish Health Unit will offer a class on breastfeeding in recognition of Breastfeeding Awareness Month.

Husbands, grandparents, and others are invited to attend to learn more about their role in breastfeeding.

For more information contact the Cameron Parish Health Unit at 775-5368. Babysitting services will be provided.

Devall 1st in nation

Louisiana finished the 1995 season as the nation's top rodeo state at the National High School Finals Rodeo recently held in Gillette, Wyo.

David Devall of Hackberry won the calf roping final.

THE 1995 Rotarian of the Year award was presented by the Rotary Club of Lafayette this year to Mark Smith. He is shown here with outgoing president Donna Landry. He is a 1975 graduate of South Cameron High School and the son of Mrs. Anna Belle Smith and the late Wilson Smith of Cameron.

AT BURTON COLISEUM

Marshland Fest. is this weekend

By GENEVA GRIFFITH

Hackberry will hold its sixth annual Marshland Festival July 28-30, at Burton Coliseum in Lake Charles.

The annual event is a means for local organizations to raise money instead of having to go to businesses for donations.

The three days of the event are filled with fun, food and entertainment in the air conditioned building. There will be exhibits, games, and arts and crafts.

Camper and RV spaces are also available at the coliseum.

Featured bands will be the Louisiana Boys featuring Joe Stampley, John Fred and G. G. Shinn on Friday; Billy Joe Royal on Saturday; and Wayne Toups on Sunday.

The admission is $5 per day for adults, weekend pass $12; children 7-14 years, $1 per day; and 6 years and under, free.

Indigo plant found in abundance here

Dr. Gary Noel Ross of Baton Rouge has written another magazine article in which Cameron Parish is featured. He recently authored an article on the butterflies of the parish in the American Museum of Natural History.

His newest article about the parish can be found in the May-June issue of the Louisiana Environmentalist, published by the La. Dept. of Environmental Quality, entitled "Indigo: The Mystery of a Louisiana Crop."

Although rice, sugarcane and cotton are Louisiana's main crops today, Dr. Ross notes that Louisiana's first important crop was indigo, the plant from which blue dye was extracted by the Spanish and French colonial settlers in the 1700s.

"In 1763, Louisiana's number one export was indigo, with a value of over $1.25 million," Dr. Ross' article notes. "By 1800, however, production was down drastically."

He noted that the dye received a decisive blow in 1878 when a laboratory-concocted chemical alternative was prepared in Europe.

No longer grown as a crop and virtually unknown to modern day Louisianians, the plant still thrives in Cameron parish, Dr. Ross discovered on one of his visits to make the annual Cameron Parish butterfly count. Bill and Janie Turnbull, who help with the count, pointed out the plant to him in their yard in Cameron.

"The plants are particularly abundant along pasture fences bordering the north side of many of the roads between Grand Chenier and Cameron," Dr. Ross states in his article.

"These plants are to easy to recognize: perennial shrubs sprouting in late spring from persistent root stocks; multiple stalks up to six feet in height; green, feathery leaves that shimmer with even the gentlest of breezes; delicate, pea-shaped, pinkish-coopery-colored flowers in late summer followed by green (and later black) bean-like seed pods clustered banana-fashion in October and November."

"The indigo plants of Cameron Parish are without doubt relics of a spent era," Dr. Ross notes. "Curiously, I found no local Cameron Parish residents who could recognize the indigo plants that were growing there in obvious places."

The article continues with an account and pictures of indigo production in southern Mexico, the only region in the western hemisphere where the crop is still commercially grown and processed--albeit on a small scale.

The Cameron Parish Library has a few extra copies of the magazine with Dr. Ross' article which it will give to interested persons as long as the supply lasts.

Football practice

The South Cameron Tarpon 1995 football team will get their fall practice underway Tues., Aug. 1, as head coach Parry LaLande expects 55 players out to the practice field at 8 a.m.

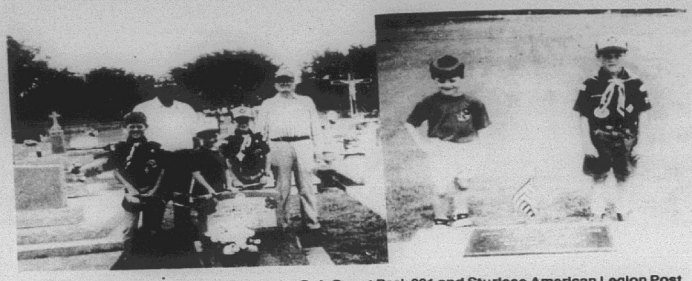
LaLande will start his 14th season as head coach at South Cameron High School.

The Tarpons will have 20 letter winners out for the 1995 season. In 1994 South Cameron compiled a 6-4 record. They advanced to the state playoffs where they lost to North Vermilion.

The Tarpons will see District 6AA realigned this year as St. Louis and Iowa have left, North Vermilion and Notre Dame have replaced them. Other teams in District 6AA are Welsh, Iota, Lake Arthur and South Cameron.

The Tarpons will have a scrimmage with Vinton on Aug. 18, at Tarpon Stadium.

The Tarpons start play in the fall in the Iowa Jamboree on Aug. 25, and open the regular season at home against DeQuincy on Sept. 1.



Coach LaLande said that the players should have taken a physical during the summer.

GENEVA GRIFFITH, who is retiring next Monday from the District Attorney's office, was honored at a surprise reception given by the courthouse employees Tuesday. She is shown with her son, Leslie, and grandson, Jared, with a retirement cake. Judge Ward Fontenot and Ed Kelley paid tribute to Mrs. Griffith's 41 years of service with parish and state offices.

MEMBERS OF THE Cameron Parish Police Jury were recently presented with a framed print of the cover of the new Cameron Telephone Co. telephone book by Dennis Arnold, company representative. The painting was of the old Herman Frasch home at the Sulphur Mines near Sulphur.

THE ANNUAL Community Service by Cub Scout Pack 201 and Sturlese American Legion Post #364 was the placing of American flags on graves for Memorial Day. Boys attending were Jared Cogar, Aaron McCall, Raphiel Heard, Justin Payne, Matt Richard. Legion members were Hubert Miller, Fred Dunham, Lee Nunez and J. W. Broussard.

BOY SCOUT Jonathan Cogar completed six hours of community service to earn his Star Rank in Troop 202 at Creole. He collected and delivered a truck load of clothing and household items to the Help-Hope in Cameron. Shown here with Jonathan is Roland Roux.

Hunter Education Class mandatory in 48 states

There is terrific support for safety and ethics in the woods within the hunting community. Completion of a Hunter Education Class is mandatory in order to hunt in 48 states. In Louisiana, the Department of Wildlife and Fisheries' Hunter Education Section is offering classes at many locations. They also have a special message for hunters traveling to Colorado.

Everyone born on or after Jan. 1, 1949, is required to complete a Hunter Education Class and carry a valid Hunter Certification Card to hunt in Colorado. This is roughly everyone 46 years old and under. Educators point out that they get more inquiries about Colorado's requirements because they are among the strictest. In many states the requirement for certification applies to people now in their 30's and under. Many require all first-time hunters regardless of age to complete the class. Several just require minors to pass the safety training.

In Louisiana, anyone born on or after Sept. 1, 1969, must complete a Hunter Education Class before purchasing a hunting license. That is roughly everyone 26 years old and younger. The law, however, does not require hunters younger than 16 to take the safety class or purchase a license. This season the legislature added a qualifier to that. Hunters younger than 16 must have a Hunter Certification Card or be directly supervised by a licensed hunter at least 18 years old.

Poor planning sometimes gets hunters traveling to other states in trouble. "What happens a lot," said Education Manager Bob Penley, "is a bunch of friends plan a Colorado trip. They purchase airplane tickets, put down deposits for guides and prepare all of their equipment. Then somehow they find out they have to have a Hunter Cetrification Card. We heard from them two or three days before the plane takes off."

Play it safe. Take a Hunter Education Class now. On completion of the class, you will get a blue receipt valid for 60 days. Your permanent card and certification number will arrive by mail.

For every 100 pounds of weight reduced on a vehicle, one mile per gallon is gained.

I-49 to be open in early 1996

With construction of the Alexandria urban section of I-49 proceeding about nine months ahead of schedle, motorists should be able to travel from Lafayette to Shreveport on an interstate highway for the first time beginning in early 1996, according to Brig. Gen. (Ret.) Jude W. P. Patin, Secretary of the Louisiana Department of Transportation and Development (DOTD).

The three segments of I-49 in Alexandria remaining to be completed are all nearly finished, he said.

When fully completed, I-49 will be 212 miles in length, and will have cost approximately $1.3 billion.

4-Hers entertain at reading program

At last week's Cameron Parish Library's Summer Reading Program Cameron Elementary School 4-H officers, dressed in western garb, entertained 90 children with a lively presentation based on this year's theme, "Reading Round-up: Rope A Good Book".

4-H President Kayla Kelley acted as mistress of ceremonies and joined Vice-President Louis Hebert, Secretary Chance Doxey, Treasurer Tabitha Beard, Reporter Kristin Sturlese, Girl Parliamentarian Jessica Murphy and Boy Parliamentarian Tomas Johnston in a series of skits, stories, and songs emphasizing the value of reading and using the library.

Marty LeBlanc returned a "reward" poster found at Thrifty Way Pharmacy for a prize.

Johnson Bayou children met the Library Bookmobile at Denise Trahan's house for their last "Reading Round-Up" of the summer. There were 12 children present with Sarah Griffith reading.

NOTICE FOR BIDS

The Cameron Parish School Board will receive sealed bids until 2:00 P.M. Wednesday, August 9, 1995 for alligator trapping on School Board owned lands where there is no surface lessee and/or where alligator tags were not claimed by surface lessee, at which time all bids will be opened in public session of the Cameron Parish School Board in Cameron, Louisiana. Alligator trapping will be permitted only on herein above described lands which will be determined by the harvesting of surface leases and issuing of alligator tags by the Louisiana Department of Wildlife and Fisheries in August.

Bidders may contact the Cameron Parish School Board Land Manager for further details and information.

Bid will be awarded to bidder offering the highest percentage of all monies earned from the sale of hides and other alligator products (minimum 25%) for a primary term of five (5) years to end July 31, 2000.

All bids must be sealed and the envelope marked "Bid - Alligator Trapping, August 9, 1995."

Cash or check in favor of the Cameron Parish School Board for payment of annual due for alligator hides and alligator products sold will be due no later than 30 days after sale of alligator hides and products.

The rights granted by this bid award shall be limited to harvesting of alligators only and then only on property hereinabove described and for which tags were assigned.

The Cameron Parish School Board does not warrant or provide ingress or egress to the leased premises. Ingress and egress are the sole responsibility of the trapper.

The Cameron Parish School Board reserves the right to reject any and/or all bids and to waive any formalities.

PUBLIC NOTICE

Notice is hereby given that the Department of Environmental Quality is proposing to re-issue a Louisiana Water Discharge Permit System (LWDPS) permit to Meridian Oil Inc. This permit, if issued, will establish effluent limitations and monitoring requirements for the discharge of certain wastewater streams associated with the company's existing oil and gas exploration, development and production operations in the Chalkley Field, Cameron Parish, Louisiana. The receiving waters in the Chalkley Field are the Bell City Drainage Canal and associated natural and manmade water bodies. The limitations and conditions of this permit are consistent with the permitting policy of the Office of Water Resources, which is to achieve or maintain full support of designated uses of the waters of the state.

During the preparation of this permit, it has been determined that these discharges will have no adverse impact on the existing uses of the receiving waters. As with any discharge, however, some change in existing water quality may occur.

The designated uses of the receiving waters include primary contact recreation, secondary contact recreation, propagation of fish and wildlife, drinking water supply, water propagation, agriculture, and outstanding natural resource waters.

The application and proposed limitations may be examined at the Office of Water Resources, 3rd Floor, Department of Environmental Quality, 7290 Bluebonnet Road, Baton Rouge, Louisiana.

STATE OF LOUISIANA
PARISH OF CAMERON

BE IT KNOWN AND REMEMBERED: That this contract and agreement made and entered into by the Cameron Parish Waterworks District No. 9, herein represented by Melvin Theriot, its duly authorized President; and the Cameron State Bank, Cameron, Louisiana, herein represented by Roy M. Raftery, Jr., its duly authorized President.

WHEREAS, the Cameron State Bank, Cameron Louisiana, has consented to make a private agreement under the provisions of the general laws of the State of Louisiana, to act as fiscal agent for the said Cameron Parish Waterworks District No. 9, and hereinafter set out on the following terms and conditions, to-wit:

- 1 -

The said contract and agreement shall take effect and become effective May 30, 1995.

- 2 -

The Bank agrees that they will accept and receive said deposits at par without reference to the points at which any check presented are made payable (checks drawn on nonpar points excepted), and will safely keep and return same to the said Cameron Parish Waterworks District No. 9, or to any party or parties it designates, upon demand.

- 3 -

The Bank agrees that they will transmit for the Cameron Parish Waterworks District No. 9 any and all sums received to be transmitted belonging to the said Cameron Parish Waterworks District No. 9 in payment of bonds and coupons.

- 4 -

The Bank hereby covenants and agrees to loan to the said Cameron Parish Waterworks District No. 9, when legally authorized to borrow, such money or monies as can be safely loaned to the said Cameron Parish Waterworks District No. 9, consistent with good banking business, to be determined on the uncollected and unpledged probably revenue for the current year of the said Cameron Parish Waterworks District No. 9 at the time of the said loan. Said loan to be secured by a pledge of the anticipated, uncollected revenue coming into the possession of the said Cameron Parish Waterworks District No. 9 for the then current year.

Such loans above provided for the said Cameron Parish Waterworks District No. 9 should bear the current rate of interest at the time of borrowing which will be determined by the bank.

The Bank agrees to furnish security for the said deposits received by them in the manner, form, and amount as provided in Section 9, Act 119 of 1934 of the Legislature of the State of Louisiana.

- 5 -

Deposits made in an interest bearing checking account will be subject to service charges. It is hereby agreed that said Bank will not furnish free of charge to the said District checks, checkbooks, and/or deposit slips for interest bearing accounts.

Said bank agrees that it will pay interest on surplus funds invested in Certificates of Deposit bearing an interest ratge indexed to 1/4 of 1% (25 basis points) less than the bond equivalent "Asked" rate on U. S. Treasury Securities, with comparable maturities as reported in the Wall Street Journal on the day of investment.

- 6 -

This contract shall terminate on May 30, 1997.

IN TESTIMONY WHEREOF, the parties hereto sign and execute this agreement in the presence of the undersigned competent witnesses this 25 day of May, 1995.

PROCEEDINGS

Proceedings from special meeting of Cameron Parish Gravity Drainage District No. 7, Cameron, Louisiana, July 24, 1995, 5:30 p.m. Meeting called to order by President Magnus McGee at Board Office, 205 Middle Ridge, Johnson Bayou, La.

Roll as follows: Magnus McGee, Carroll Trahan, Leroy Trahan, Ivan Barentine. Absent: Rogerest Romero. Guests: Lloyd Badon, Russell Badon, Rodney Guilbeaux, Kenneth Trahan, George Bailey, David Richard, Will Nidecker, Ray Conner, and George LeBouef.

Motion to accept minutes of July 10, meeting by Carroll Trahan, second by Leroy Trahan, passed.

Permits reviewed: Motion to accept by Ivan Barentine, second by Leroy Trahan, passed.

Permits: Goodrich Oil, Sec. 13, T14S, R12W, Sabine Wildlife Refuge, proposed pipelines and structures, Miami Fee Nos. 3 and 4 wells. Ballard Exploration, Sec. 21, T12S, R12W, 12 miles SE of Orange, Tex., refurbish 1,400' of existing road and construct 1,636' boardroad and 350' x 350' ring levee and drill pad, R.E. Odum et al Well No. 1 (with an objection see attached form).

Lloyd Badon commented on the work on the School Board Lateral cleanout for GDD #3 south of Cameron. George LeBouef showed board after photos of the ditch. He voiced opinions of several board members of GDD #3 and landowners in area.

Police Juror Ray Conner of Creole asked the Board to enter into an Inter Agency Agreement with GDD #4 to clean out its 7½ miles lateral north of Oak Grove. President McGee received phone call from Benny Welch, president of GDD #4 related to same request. All permits, right of way grants and culvert change outs have been secured. The Inter Agency Agreement will be worked up by Cameron Police Jury, signed by GDD #4, notarized and sent to us for signatures. Motion by Leroy Trahan, passed that the Inter Agency Agreement be signed after Board Member Rogerest Romero has viewed and approved same.

David Richard presented a request from Gray Estate and Amoco for help for drainage for area around Light House Bayou and area around Madam Johnson Bayou and Green's Bayou. Board assured Mr. Richard that they were interested and willing to assist them in this project.

Will Nidecker of Sabine Wildlife Refuge presented updated site plans and water control structures for CS 23, sites A, B and C. As soon as proposed management plans are completed, he will present them to the Board. The Board can then review the plan and voice approval or objections.

George Bailey reported on the Shallow Prong Permit. All necessary permits from US Corps of Engineers, Galveston and La. DNR have been received. Necessary right of way grants from landowners need to be signed. As soon as this is accomplished, work can proceed.

Quin Kinler of La. DNR sent the latest information on the Fina East Mud Lake Project. Bids are to be advertised in August, contract to be let in September and work to begin this fall.

Resolutions for a second ferry at the ship channel on the Calcasieu River at Cameron, for inclusion to the Transtexas Water Plan, the Non-Point Pollution Plan (asking for delay and securing public input) and to the Appropriations Committee stating our support for USDA NRCS Lake Charles Area were sent out as requested by Board action at July 10th, meeting.

The next regularly scheduled meeting was set for Mon., Aug. 21, at 5:30 p.m. at the Board Office on Middle Ridge Road.

There being no further business, a motion to adjourn by Ivan Barentine, second by Leroy Trahan, passed.

Hackberry FHA members attend Leadership Camp

Hackberry Future Homemakers of America were represented at the Louisiana FHA Leadership Camp in Bunkie, June 7-9, by Julia Sanders, local vice president and soutnwestern regional vice president of finance; Lori Sanders, local recreation leader; Trisha Silver, local reporter; Lindy Hinton, projects chairman; and Mrs. Vickie Parker, local advisor.

They participated in leadership workshops and group competition during the three days.

"FHA Youth Leading The Way" is the national theme for 1995-96 and competing camp groups planned and prepared group banners, name tags, yells, cheers, and songs that were presented before judges after the camp talent show and awards banquet.

Hackberry FHA group brought back the following awards: first place name tag, scavenger hunt; second, banner, group cheer; third, most spirited group, and most outstanding group.

Lori Sanders was elected group assistant leader by the 16 member before competition began. Lindy Hinton received the "Human Dynamo" award plaque. Julia Sanders and Mrs. Parker participated in a two hour planning session of the southwesstern regional officers and advisors. Plans for the 1996 meeting were discussed with the date of Mar. 7, 1996, set for the conference to be held at the Lake Charles Civic Center.

WHILE ON their Arkansas outing two members of Troop 202 and their fathers hiked 10 miles up a mountain where they camped overnight. They were Jonathan Cogar and his father, John, and Michael B[illegible]eaux and his father, Danny.

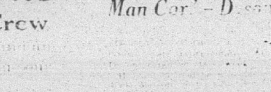
YOU'D JUST have to forgive the picture on the right. The editor never gets to put his own picture in the paper except once a year at Christmas.

Incidentally, instead of sending out Christmas cards this year, Joy, Susie and Lorie put mailing copies of this Christmas edition to all our friends and relatives.



THERE'S A FELLOW here in town who doesn't need a gun when he goes hunting. He is "Little David" Perkins with the United Gas company, who just mows down his game with anything at hand. The other day he threw a hunting knife at a coon and killed it, and one time he killed a squirrel with a pinekard up near his home at DeQuincy. He even bagged a rabbit once by throwing a shovel at it. We'd like to see him in the middle of a flight of geese with a pocketful of rocks.

SPEAKING OF GEESE, Raymond Hebert over Johnson Bayou way, reports that hunting is mighty good now that all the rain has arrived. He operates a commercial camp there, but wasn't able to do anything the first of the season because of dry weather and salt water.

THE NORTH CAROLINA folks here aboots are migrating back north this week for the Christmas holidays. E. W. Swindell, manager of Louisiana Sunbaden plant here, and family left Tuesday for Morehead City. The W. E. Guthries left Wednesday for Beaufort and Mr. and Mrs. Braxton Blake will leave Thursday for Beaufort. Perry Goodwin is also going along with the Blakes and will stop off at Cedar Island, North Carolina.

DID YOU KNOW that Cameron used to be known as Leesburg back in the old days. "Black" Carter tells us that a fellow named Lee used to own a warehouse down on the waterfront, and the seamen got in the habit of calling the town "Lee's burg". Later the name was changed to Cameron to honor Robert Alexander Cameron, a soldier in the Confederate army.

Crew boat explodes and burns Tuesday

A 25-foot crew boat owned by John W. Mecom exploded and then burned to the water line about 9:30 Tuesday morning, despite frenzied efforts of the Cameron fire department to stop the blaze.

The flaming boat for a time was a threat to the waterfront, but the motor vessel "Ruth" put a line on it and towed it away from the docks.

The fire started when a crewman tried to start the engine of the boat, which was moored at Cameron Marine Supply dock. There was an explosion, followed by the fire. The lone man was injured, but fire fighters up in the fury, the plastic hull of the boat burning merrily.

The Cameron fire truck and its uniform arrived, but were unable to do much other than the gasoline in their portable pump engine to their portable pump fizzled out and defied all efforts to start it.

The Cameron fire truck was then moved on down the docks across from Bides Shrimp Co. where it burned in peace to the water line, it was said.

The explosion was thought to be caused by gasoline fumes in the hull.

The boat was owned by Mecom and Lake.

Ferry to go into dry docks soon

The ferry at Cameron will go into dry docks one day next to have a bent propeller repaired, State Representative Alvin Dyson reports.

The ferry was damaged several months ago, but the highway department experienced several delays in getting bids on the repair work. At the first bid opening there were no bids. On the second time, the low bid was $2790, and it wasn't until the work was advertised the third time that a suitable bid of $8,000 was secured.

Burton Shipyard of Port Arthur has the contract. The ferry will be put in dry dock, and it will be sand blasted and painted at the same time repair work is going on. The job is expected to take 60 days.

In the meantime a ferry owned by Mecom will be used to ferry cars across the ship channel. The boat, which has been used to haul cattle, is presently undergoing repairs on its engine, which is one reason for the delay in getting the work started. It is a larger ferry than the Cameron ferry and will give adequate service.

Watts and Perron named to Cameron parish draft board

Local Draft Board No. 13, Cameron announces the appointment of two new members, J. A. Watts and Edna J. Perron, both of Cameron. Mrs. Ermyne R. Pepper is the board clerk. The other members are J. A. Davis, Tom Steel and Edward W. Swindell.

Boys should register on their 18th birthday or within five days thereafter. They may register at any board wherever they may happen to be on their 18th birthday.

Sewerage-water program discuss by Lions club

Further discussion on a sewerage and water system for the town of Cameron was heard at the Cameron Lions club meeting last Thursday noon at Fred's Restaurant.

R. E. L. Johnson and N. G. Harris, project engineers with Freese Nichols & Turner, consulting engineers, Houston, Texas, were guests at the meeting and outlined steps that the community needs to take towards geting such a system.

The first problem to solve, they said, would be the creation of a water deverage district. There was some discussion of whether this fire and water district already in existence for the fire department would serve this purpose. It was thought, however, that a new district would be more advantageous, since the fire district only covers a large rural area which could not be served with sewerage at this time.

At a conference between the two engineers and Assistant District Attorney J. B. Jones following the meeting, it was decided that legal assistance be sought on this problem from some bond attorney.

A three-man committee from the Lions club will be appointed to work on this project.

New Members Added

The club voted to issue invitations for membership to five persons. Robert Tanner, Tanner's Home Furbishings; Albert Richard, Louisiana Menhaden; W. P. Gore, Schlumberger; and B. D. Windham, Michelotti Bros., all of Cameron; and Harold Carter, Carter Chevrolet, and Joe O'Donnell, Theriot Funeral Home, both of Creole.

James L. Derouen and E. J. Dronet were presented keys for having signed up two new members each.

Larry Dyson, third vice president, presided at the meeting in the absence of the President and the first two vice presidents.

United Gas takes option on land in Grand Chenier area

Hattie Skidmore to represent Cameron

Queen candidate selected

2 parishes name queen candidates

Two parishes have selected queens to represent them in the annual Fish and Wildlife festival. They are Miss Dale Comeaux, 17, of New Iberia and Cameron's contestant to be crowned the queen of Delcambre who will represent Iberia and Vermilion parishes.

Miss Hattie Skidmore, a student at South Cameron high school, was selected Monday night as Cameron's contestant in the Fish and Wildlife festival.

She was selected in a pageant at the Cameron Elementary school auditorium. Parade marshal from admiral on will go to the parish drive.

Other girls in the contest Monday night were Barbara LaFosse, sponsored by Twenty Grand Oil Delcambre; Annie Swindell, sponsored by Cameron Chamber of Commerce; Angie Conner, sponsored by Vincent's Furniture; and Dale Breaux, sponsored by Roberts Room.

Judges were Dr. George Lyon and Adrien Lorrain from Sulphur and Dan Fontenot of Church Point.

Little Phillip Trosclair (Bebe) presented the pretty queen candidates, who all played for a talent show prior to the announcement of the queen. Miss Skidmore accompanied herself on the piano in a little Latin number. Miss Conner, daughter of Grady Conner, sang "Get ready" by Tammy Wynette. Miss Breaux performed Martin Denny's "Quiet Village" on the vibraphone. Miss LaFosse played the French horn and Miss Swindell played and sang "Misty" on the piano.

Members of the Cameron high school band were also present and played a few numbers.

A talent show will be held in connection with Buster Rikert's Rodeo on Aug. 5.

Nothing has been decided on the queen's duties, except when the car was pulled out of the canal. Later it was learned, Richard, who was working on the Sweet Lake road, had been fishing when he left the road and went and pulled the queen and had given her directions. Some tellers named.

Bond bids to be opened Fri.

The Cameron Police Jury will open bids Friday morning on the $1,000,000 courthouse bonds. Since the jury already has extended but that it actually will be sold.

Jefferson county has a courthouse bond issue that is getting a bid of 4.4 per cent, though a little high, the jury thought it could be sold at Cameron at its bonds.

A joint contract specifications will be let by Cameron and Jefferson county on the courthouse construction as soon as the bonds are sold.

There's no doubt that the man in the canal was the late Theriot Fakers Monday afternoon. Of course, with two ambulances to the scene the Gibstown bridge they found a 1956 Pittman ed over with the wheels pointing out.

New South Cameron high school dedicated

Distinguished educators from many parts of the state were present for the formal dedication of the new South Cameron high school last Friday night, and school patrons turned out to inspect their new building.

State School Superintendent Shelby M. Jackson told the audience that they had one of the finest school plants to be found anywhere in the United States.

"A new building such as this means progress in the community," he stated.

Thomas McCall, Cameron parish school superintendent for many years, now retired, recalled the days when there were 12 two room and 3 three-rooms schools in the parish. He said he visited them on horseback, in buggies and some in canoes. "Cameron has come a long way since then," he stated.

Sheriff O. B. Carter, representing the Veterans of Foreign Wars, presented a framed copy of the Declaration of Independence to the new school.

Other guests and dignitaries on the platform were U. E. Hackett, parish superintendent, who served as master of ceremonies, John Richard, Dennis Bonsall and Rudolph Theriot, school board members; Miss Gladys McCartney, state lunchroom supervisor; Miss Bonnie Smith, Lake Charles city school supervisor; Albert St. Julien, Lake Charles high school principal.

And President Wayne Curtis of McNeese State college, P. C. Rogers, retired secretary of the Louisiana Teachers Retirement System; State Rep. Alvin Dyson, N. B. Hackett, executive secretary of the Louisiana Teachers association; Leslie Richard, assessor; J. Burton Daigle, clerk of court; J. B. Jones, assistant district attorney; Horace Mhire, police juror; Dean Robert Brown of McNeese.

And Supt. G. W. Faust of the Lake Charles city school system; Superintendent Barry Lee of the Calcasieu school system; Robert Miller, the architect for the new school; Wilson Monie, Cameron supervisor; Charlie Faulk, Lake Charles school supervisor; and R. H. Pittman, South Cameron principal.

Father Victor Faure gave the invocation and the Rev. Mr. Culpepper gave the benediction.

A band program was presented by the South Cameron band preceding the ceremonies.

PICTURED at the South Cameron high school dedication Friday night were the above educators: R. H. Pittman, principal of the school; State Superintendent Shelby M. Jackson and U. E. Hackett, parish superintendent.

HOT WEATHER TIPS

Hot weather has caused many freshwater anglers to fish early mornings and late evenings. This is working well with most, as bass usually turn on at these hours in more open waters and pot holes, while in the heat of the day, bass will go for cover, and with the high temperatures, they go to heavy cover, especially in the shallow water.

Saltwater anglers are a little different, you got to go and keep up with the tides if you're going to catch fish in our inland water.

Bass are running 1 to 3 pounds in our marshes, with a few larger if you're lucky. Lacassine Refuge is still producing larger bass, but it's as tough as the other refuges and Miami Corporation marshes.

FISH STOCKING

Last week we talked of the stocking of Florida largemouth bass in Lacassine Refuge. There were two stockings of bass prior to the July 8 stocking. In June 1985, 57,000 (1 inch) fish were stocked in the pool and in May of this year, 9,200 (2 inch) fish were released. The 14,000 stocked July 8, were 2 inch bass.

Other species stocked were 100,000 bluegill and redear sunfish, and 80,500 fingerling channel catfish in 1986. An additional 67,000 channel catfish were released in 1988.

The Lacassine pool can only get better than what it already is.

NEWS TALK

The Utah Division of Wildlife is asking anglers in the state, whether or not fishermen should be allowed to use a second fishing rod. The state is currently taking public comments and will decide on this later this summer.

This has to be tough, if passed, with only one rod. I keep 6 rods at all times with me and some anglers keep even more, putting different baits on, especially bass fishing. Fishing catfish, bream or even redfish, we all use more than one rod.

DANGEROUS ANIMAL

The La. Wildlife and Fisheries Commission at its July 6, meeting has banned six animal species in our state because they pose a threat to humans if they come in contact.

The animals banned are cougars or mountain lions, black bears, polar bears, grizzly bears, red wolves and gray wolves.

WEED KILLERS

Alabama and Florida had a research on weed killer affecting bass or driving bass way. They have used 2-4-D and found just the opposite. Trying to rid water hyacinth with 2-4-D, they found no evidence that localized herbicide application changed the abundance, size structure, condition or movement of largemouth bass.

Many anglers, including myself, are hard to convince and don't believe this tory, but when herbicide kills these plants, they decompose and rob the water of oxygen and bass will move out for a few days, but will return, they say.

In a laboratory test, they found that bass would eat prey that had been put in 2-4-D water, also including bluegill. A tank with 2-4-D along with crawfish didn't stop bass from feeding on them.

Something of interest surely could affect bass is they sprayed shiners with Deets, and bass would grab or swallow them, but spit them out. This will surely make myself and many more be extra careful as most of, or the best mosquito spray, has deets in it and getting this on your artificial baits or live baits, could result in a bad fishing day.

LITTLE PECAN ISLAND

Conoco Inc. has contributed $2,000 to the Nature Conservancy of La. for the management of Little Pecan Island. Being located here in Cameron Parish (Grand Chenier), it is the only fully protected chenier or ancient beach ridge in the world.

The chenier is 300 acres with century old oak trees and the island of 1810 acres with freshwater marshes and huge cypress trees is home to many song birds, ducks, geese and other migratory birds, deer, nutria and alligator.

A GREAT TIP

We all know how hard it is for one person to put a spool of line on your reel, put it straight with no twists. Well, here's a great way to do the job: Run the line through your rod-guides and tie it to the reel spool. Get a heavy catalog, open it halfway and lay it on the floor. Set the filler spool behind the catalog, run the line down the middle and close the catalog. As you wind on the line, the weight of the catalog adds tension so you don't even have to hold it between your fingers while reeling.

FEEDING PERIODS

Best: Fri., July 28 - 11:45 a.m. and 11:55 p.m.; Sat., July 29 - 12:35 p.m.; Sun., July 30 - 1 a.m. and 1:25 p.m.

Good: Fri., 5:35 a.m. and 6 p.m.; Sat., 6:30 a.m. and 6:50 p.m.; Sun., 7:10 a.m. and 7:40 p.m.

Remember, feeding starts, if the weather is right about one hour before, and one hour after on best feeding time, and usually 30 to 45 minutes before and after good feeding times.

MUSING . . .

The role that light plays

By Bernice Denny

Light has played the leading role in every drama produced upon the stage of earth. Its manifestations are countless. There is the light of nature -- the sun and the moon and the stars; of science, of knowledge, of reason.

Light is the symbol of truth and the revelation of divine glory. There is light in its original form of radiant energy, and there is light that is a reflection of that form.

Since light is welcomed and darkness shunned, should we not seek to produce more light within our own lives? We cannot be the sun. We may not even be capable of producing the steady, undiminishing light of an incandescent bulb or fluorescent tube. But we can in our own small way be a candle flame in the darkness. The glow of a taper travels far in a midnight medium. Even when the substance of that candle is nearly spent, its flame has the power to light a thousand more.

History is filled with human counterparts whose flame first penetrated the darkness, then ignited others, and finally dispelled the gloom of ignorance and superstition and fear.

Florence Nightingale is an excellent example. At thirty she announced that she was going to be a nurse. In 1850, such an announcement was equivalent to saying, "I am planning to become insane." A nurse she did become -- the finest ever and under the most dreadful circumstances. Soldiers wounded in the Crimean War and attended by her called her "The Lady With A Lamp".

Florence Nightingale, an invalid for nearly half a century, during her ninety years fanned her feeble flame of service into a white, bright light of modern nursing.

We could go on and on citing examples of individuals whose lives lighted the way for others, others who in turn became the bearers of light.

Joan of Arc, whose religious passin and love of country, ignited the patriotic fires that saved France. Jane Adams, whose candle flame lighted a new philosophy of social service and showed the way to Hull House.

The great missionary benefactors, whose own lives reflected the personality of Jesus Christ, Light of the World - St. Francis of Assisi; St. Patrick of Ireland; John Wesley, who preached to the downtrodden classes of London, David Livingston, who carried the light of Christian civilization to backward Africa; Albert Schweitzer, who gave up three promising careers to transport the light of medical knowledge to that same dark continent.

Scores not so famous have and still are lighting candles in a smaller circle. Who is to say how far into the future their light will be reflected?

May we light our own candles so that we may see the problems in our community. May we trim them so that their smoke will not obscure our view or to keep others whom we wish to encourage from seeing their plans.

The freedom of the press is one of the great bulwarks of liberty, and can never be restrained but by despotic governments.

My Dear Friends,

I am now trying to visit and see each and everyone of you at your home. I hope to do this by October 21st.

I have a full time job at the Clerk of Court's Office and my work and responsibilities do not permit me to leave during the day. All of my campaigning has to be done after work, on the weekends and during my vacation. I do feel that this will give me enough time to meet with each of you and your families. I will be working hard to see all of you before the election. May God Bless each of you.

Sincerely,

The Challenge of Genealogy

by MARIE WISE

The new 2nd edition of *German-American Names* by George F. Jones, Phd. is 50 pages longer and has several thousand more entries than his 1st edition of 1990.

This highly acclaimed volume gives history and development for vast numbers of today's American names as derived from the German language or its dialects; explains the Americanization of these names; and deals with names that many of us would never have thought of as German.

For example, most of the names we consider typically French today were once Germanic from Gothic invaders of the 5th and 6th century Roman Empire.

GERMAN-AMERICAN HERITAGE NAMES

Superbly written, the introductory chapters of this valuable reference by Professor Jones are consistently interesting - often even comic - and filled with information.

Entitled "Given Names - Significance and Origin", "Surnames - Their Need and Origin", "Christian Names", "The Americanization of German Names", and "Suggestions for Using the Name-List", these chapters introduce the more than 250 pages of surnames listed with their root meanings, alternate spellings, cross reference, etc.

Explaining the social and historical phenomena resulting in the distinctive character of German-American names and tracing the connections with many languages, this volume represents "a lifetime's accumulation of names and their meanings".

"English is a Germanic language" with a background of Anglian and Saxon, etc. writes Dr. Jones. German names are so widespread - and have been in Louisiana since the early 1700's - that almost everyone will find this history-name dictionary interesting and informative.

It is hardcover with book jacket, 5 1/2 x 8 1/2 in., 320 pages, $25.00 plus $3.50 for mailing from: Genealogical Publishing Co., 1001 N. Calvert St., Baltimore, MD 21202-3897.

MARTIN FAMILY

A Martin Genealogy Tied to the History of Germanna, Virginia by William A. Martin traces descendants of Merten (Martin) born c1500 in Ferndorf, Germany, through Johann Jost Merten (John Joseph Martin) who in 1714 immigrated to Germanna, where 12 families of 42 persons established this frontier settlement.

Beginning with John Joseph of the 7th generation, born 1689, there are 21 chapters, each on a Martin and family giving a great amoung of genealogy, some into the present.

More than 100 pages following give genealogy into at least three generations for major allied families of Ehresmann, Fischback/Fishback, Heimbach, Knieling/Kneiling, Moore, Otterbach/Utterback, Richter/Rector, Stuell/Still, Turner, Wendling and Zachmann.

Descendants moved across the nation through mostly the middle states. (Charles Martin, born c1817 in Kentucky, was teaching school in Bossier Parish, Louisiana, in 1850, as per census records. He was a son of Charles Martin born c1777 in Amherst, Virginia who married Mary "Polly" Dishman and had 3 sons, 3 dau.)

VIRGINIA MILITIA

Militia of Montgomery County, Virginia, 1777-1790 compiled by Mary B. Kegley furnishes some 1900 names of males aged 18 to 50 as registered in the neighborhood where each lived, having taken an oath of alliegence to the State of Virginia, to attend muster and go out on patrol when called upon to do so.

"Often (this) was for a few days service because of an Indian scare, or as the American Revolution progressed, against Tories who had gathered in the neighborhood. Many of the men joined the regular army, while others served as militia men for a month in North Carolina, or for a few weeks on the frontier, or in some cases only a few days in their local community as scouts and guards."

These lists, which do not show military duty performed, serve an unusually valuable service in showing the county's male population of this period before the first U.S. census of 1790: those aged 18-50, often those under 18, sometimes those over 50, the infirm, those not fit.

This reference by Mary B. Kegley is one of the 17 publications available from her at Kegley Books, P.O. Box 134, Wytheville, VA 24382. It is softcover, 8 1/2 x 11 in., 82 pages, indexed, $12.00.

Bird life in 1929

(Lake Charles American Press, May 10, 1929)

BIRDS IN CAMERON

Colonies of plumage birds in Cameron Parish, which the Conservation department of the state is anxious to preserve and propogate, are now beginning to mate and build nests in the marshes of western Cameron, J. A. Caruthers, joint agent of the state and of the Cameron-Orange Land Co., stated in Lake Charles Saturday afternoon.

A few years ago, Mr. Caruthers said, there were in all but a few dozen of the different species. Now there are hundreds of them in each colony, thanks to the interest of the state and the cooperation of residents of Cameron who have responded most satisfactorily to the educational work which Mr. Caruthers has been doing among them for nearly ten years.

The habitat of one of these colonies, Mr. Caruthers stated, is in the territory where the Shell Petroleum Co. is developing a new oil field -- Black Bayou, section 18-12-12, and doubtless it will move to some other locality.

No one disturbs the birds unnecessarily and it is very seldom one is injured. Some species, Mr. Caruthers said, are lazy and do not like to build nests where the old nests are not destroyed. They rebuild them and use them two or three years. The increase in population each year is about two to one, and in a few years Cameron is expected to have thousands of these beautiful birds.

(Cameron Pilot, May 10, 1962)

JONES NEW SECRETARY OF JURY

Jerry Jones, Cameron attorney and Grand Chenier native, has been named secretary of the Cameron Police Jury effective in July.

Mr. Jones submitted his application to the jury Monday and his appointment was moved by Juror Roland Trosclair and seconded by C. A. Riggs then approved unanimously.

Mr. Jones, whose grandfather Ben Castain was secretary of the jury many years ago, was born in Grand Chenier. He is the son of the late Jennings B. Jones, Sr. and Mrs. Lola Jones. He graduated from Grand Chenier High School and also from the LSU Law School.

Jones served with the Air Force as a first lieutenant in the judge advocate's office until Feb., 1960 when he returned to Cameron and joined his brother, J. B. Jones, Jr. in the law firm of Jones & Jones.

The new secretary is married to the former Jeanine Pipes of Jena and they have three children. He is the president of the Cameron Lions Club, a member of the board of directors of the Sowela Area Camp Fire Girls, and secretary of the Cameron Democratic Committee.

It was understood that Miss Dorothy Doxey, Mr. Joe Doxey's daughter, will continue in her capacity as treasurer for the jury.

BONDS TO BE SOLD

Over $340,000 in bonds will be sold in Cameron Parish and bids taken on construction of a water system "within 30 to 45 days", it was announced during Monday's meeting of the parish police jury.

Attorney Fred Benton, Jr., explained that bids on the bonds will be taken a few days before construction bids are opened.

Bonds to be issued will be $133,000 by the waterworks district, $207,000 by the fire protection district and up to $50,000 in revenue bonds by the utilities district.

In addition to the waterworks system, improvements will be made in the fire protection facilities. The bonds were authorized by parish property owners last year.

A tax of four mills on the bonds and three mills for maintenance of the system were levied by the police jury Monday along with other taxes for the new fiscal year.

The police jury authorized a joint services agreement between the waterworks board, fire district board and utilities boad to construct the system.

Cameron presently gets water from private wells.

Other taxes levied by the police jury Monday are the same as for last year. They are: road district No. 7, four mills; Cameron fire protection district, four mills; Hackberry fire protection district, two mills; garbage district No. 1, three mills; parishwide tax, four mills; parish road tax, four mills; courthouse maintenance, two mills; and library maintenance, two mills. Total millage is 32.

RIGHTS OF WAY GIVEN TO L.C.

A new executive order designating the Lake Charles Harbor and Terminal District as the proper agency for securing rights-of-way for the Calcasieu Ship Channel has been filed with the Cameron Parish Clerk of Court. The order is signed by Gov. Jimmie H. Davis.

The new executive order omits a reference made in a Jan. 18, 1961 order to the effect that the Cameron Police Jury agreed to the designation of the Lake Charles Harbor and Terminal District as the proper agency.

The 1961 executive order was followed by a Cameron Police Jury resolution asking the governor to rescind the order and make the Cameron Police Jury the proper agency for securing rights-of-way in Cameron Parish.

The new executive order states: "...some question has been raised as to the authority of the Lake Charles Harbor and Terminal District to act in the matter beyond its territorial limits..."

The new order goes on to declare that the Lake Charles agency is designated "insofar as it is authorized by the constitution and laws of the state" and directs the district to use its authority to secure needed rights-of-way for the channel widening.

The executive order states that the improvements in the channel will be of value to the immediate area, to the state, city, harbor, district, Cameron Parish and town of Cameron and to the entire Gulf Coast and all the coastwise shipping area.

ROUNDABOUT THE PARISH

Black News - The 7-12 grades of Audrey Memorial School recently went on a picnic at the Grand Chenier Park. Various games were played after which the students enjoyed a barbecue dinner. The trip was under the supervision of Mr. Griffith and Mr. John A. Parker, teachers.

Cameron - Cub Scout Pack 102 has had a successful candy sale and candy may still be purchased from these Den Mothers: Mesdames Emilie Roux, Ruth Theriot and Ruby Kelly. A new Den Mother, Mrs. Henry Dinger, will have her first Den meeting May 10. The boys in her den are Stephen Richeau, Allan Baker, Wade Miller, Charles May, Ronnie Moody, Robert Nudaba, Donald Dosher and Henry Dinger, Jr.

Johnson Bayou -Johnny Fontenot and Mrs. Billeaud visited the Roy Billeauds in Orange recently.

Mr. and Mrs. Gordon Hinkles have returned from their vacation in Alice, Tex.

Grand Lake-Sweet Lake - Mr. and Mrs. Curtis McCain honored their daughter, Brenda, and her classmates, the graduating class of Grand Lake High School, with a chicken supper last Wednesday at their summer camp.

Seniors enjoying the party were Jerry Demary, Sylvia Demarest, Charles Duhon, Dorothy Sharp, Steven Farque, Albert Gary, Juanita Granger, Marie Lannin, Wayne Merrille, Kenneth Ogean, Stanley Thomas, and Shirley Nunez. Others included in the party were Mr. and Mrs. Roger Tassin and son Johnny, Mr. and Mrs. Luke Landry and Kenneth Rosfeld.

Oak Grove - Francis Carol Miller had as her guest over the weekend Linda Sue Welch from McNeese State College.

Roberta Ann Conner, Martha Boudreaux and Earline Richard spent the weekend at Grand Lake.

Holly Beach - The first full scale weekend of the beach was enjoyed by visitors and trade people alike this past weekend. The calm, clear waters of the Gulf gave out their very best and miles of beach were crowded with swimmers, strollers, and boaters.

Grand Chenier - Prevate Miller dug his Irish potatoes during the week. Because of dry weather, his turn out was not as good as in previous years, but he did make a good provision.

Mr. and Mrs. Bobby Harmon purchased a 1962 light brown Buick Special.

Hackberry - Dr. J. B. Colligan has built an unusual house-office. It is a hexagon replica of an antebellum Natchez, Miss. home called Longwood, an unfinished mansion acclaimed as one of the most interesting homes in America. Dr. Colligan's home has employed the very latest in modern convenience and workmanship. the home represents an efficient arrangement of some 3000 square feet of floorspace and is built to withstand winds of hurricane force. It is built of brick on a concrete slab and houses three bedrooms, kitchen, dinette, living room, den, office, two treatment rooms, utility rooms, garage and two bathrooms and a half. "Doc" Colligan is a native of Ged, and a graduate of Loyola and LSU. He and his wife, the former Helen Raphael, came to Hackberry in 1938 when the town was then a booming oil center.

Caterpillars at G. Chenier

(Lake Charles American Press, July 31, 1925)
CATERPILLARS AT GRAND CHENIER

T. Slack, inspector of the division of entomology, of the Louisiana Department of Agriculture and Immigration, makes the following statement of the appearance of the cotton caterpillar at Grand Chenier.

"Recently I returned from Grand Chenier, Cameron Parish, where a few fields of cotton are infested with the cotton caterpillar, sometimes termed the cotton leaf worm and army worm.

"Cotton farmers should be on the lookout for the appearance of this insect pest and be prepared to poison them should they be found in their fields."

CAMERON ROAD COMMITTEE

At the meeting at Grand Lake Saturday on the Cameron road project, State Engineer T. Mandell says that Mr. Robira suggested the appointment of a committee of two members from each community in Cameron Parish to go to Baton Rouge as the guests of the Lake Charles Association of Commerce. The committee would interview the State Highway Department as to the possibility of a change in the routing. No action was taken on the suggestion.

Mr. Mandell says that the Big Lake community feels that Lake Charles is not alive to the possibilities of diversion of travel and trade, should the Sweet Lake route be constructed; they feel that all travel, to eastern points would not come to Lake Charles, but would take the cross roads to the Old Spanish Trail, of which there are now two in good travelable condition, one going north from the Woodring farm by way of Manchester to the O.S.T. at Chloe; another leaving the gravel road near Hayes, then north over a partly graveled road to the O.S.T. at Lacassine. Doubtless it would only be a matter of time before these two roads were improved.

It was felt that the Lake Charles people do not fully appreciate the geography of lower Cameron; that Sweet Lake is due south of Chloe. Creole is due south of Lockport and Cameron is due south of Mossville. This means that, neglecting the travel in a southerly direciton in order to get from Lake Charles to Mossville it would be necessary to go first to Chloe and double back through Lake Charles to Mossville if the Sweet Lake route were constructed; while over the Big Lake route, in order to get to Mossville, a traveler would go to Lockport and then to Mossville.

The Big Lake route will be a saving in travel distance between Lake Charles and Cameron, and one saving in cost alone. A bridge over the Intercoastal Canal is worth investigation looking towards a change in route from the Sweet Lake route to another passing through Big Lake.

CAMERON RECEIVES A WINDFALL

Cameron Parish has received a windfall of $155,055 as the result of the settlement suit involving oil and gas production on the Rockefeller Refuge.

Assistant District Attorney J. B. Jones advised the police jury recently that he had noted a news article concerning the settlement of suit between the state and the Superior Oil Co. and Union Producing Co. concerning the $1,555,055 in severance taxes on production on the Rockefeller Refuge.

The court held that the taxes must be paid, and the $1,555,055, which had been held in escrow, pending the outcome of the suit, went to the state.

Mr. Jones told the jury that he had written the state treasurer reminding him that under the provisions of a law passed by Congress in October, 1961, Cameron Parish was entitled to ten percent of the severance taxes for road upkeep.

The treasurer obtained an opinion from the attorney general which verified Mr. Jones' point that Cameron should receive ten percent--or $155,055--of the suit's settlement.

The money will go into the Cameron Parish road royalty account to be spent on parish roads, bridges or ferries.

HEBERT HEADS CD POLICE

Charles W. Hebert, Sweet Lake rice grower, has been named parish director of police services for the Cameron Parish Civil Defense, it was announced this week by Sonny McCall, assistant parish CD director.

Mr. Hebert's appointment by CD Director Joe Doxey about completes the roster of parish service directors, which has been going through a reorganization phase during the past few months.

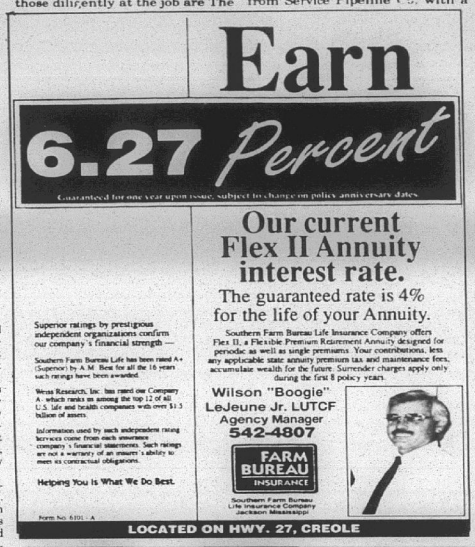
"Blanc" Bonsall, Chancellor; Wilman Saltzman, Warden; Mark Richard, Advocate; Joe G. Boudoin, Recording Secretary; Dalton Richard, Treasurer; Gordon Nunez, Inside Guard; Kenneth Montie, Outside Guard; and Jimmie Derouen, 3-year trustee. Father Joseph A. Decoteau, pastor of Sacred Heart Catholic Church ws named chaplain of the council.

ROUNDABOUT THE PARISH

Black News--Lester Bartie, superintendent of the Ebenezer Baptist Church Sunday School, attended the Louisiana Missionary Baptist State Convention July 17-20, at New Iberia.

Grand Lake-Sweet Lake--"Make hay while the sun shines" is an adage being literally observed by cattlemen of this area. Among those diligently at the job are The Sweet Lake Land and Oil Co., Tumpy Hebert, Malcolm Hebert, Carrodine Cox and Mervyn Taylor.



Grand Chenier--The hot, dry weather here was somewhat changed this week by several large showers which put water back in the marshes. Everyone is hoping the rain won't cause more mosquitoes. The Pecan Island barbecue for the Catholic Church Sunday was a success, in spite of the rain. Many folks from Grand Chenier, Creole, Cameron, Chenier Perdue and Lake Charles attended.

Creole--Departing Monday morning from Creole on a two-week vacation, which will include a five-day visit to the World's Fair in Seattle, were groups from Creole and Grand Chenier. Those who went in the two cars are the Dalton Richards, Mrs. Doris Sturlese, Margaret and Caroline Richard, daughters of Mr. and Mrs. Ernest Richard, and "Butch", Doris, Louise and Bobby Baccigalopi, children of Mr. and Mrs. Whitney Baccigalopi.

Hackberry--Sunday afternoon, friends and relatives of Adna Ellender helped him celebrate his 65th birthday and retirement from Service Pipeline Co., with a barbecue at his home. Leon Toups and John Henry Poole did the barbecueing. Several out-of-towners attended.

Johnson Bayou--Election officials for Saturday's primary are Mrs. J. B. Erbelding III, M. G. Trahan, Mrs. Claude Rutherford, Mrs. Lula Stanley and May E. Peshoff.

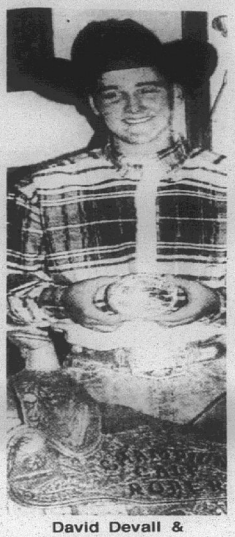
Bobby Conner

Conner asks re-election as assessor

Cameron Parish Assessor R. E. "Bobby" Conner has announced that he will seek re-election for a fourth term in the Oct. 21, primary election.

Conner was first elected assessor in 1985 after having served eight years as chief deputy assessor. He has acquired a Certified Louisiana Assessor's designation by having completed 160 hours of assessment related courses, and continues to maintain re-certification by attending educational courses of 45 classroom hours of instruction with exams every four years.



The incumbent assessor is a member of the Louisiana Assessor's Assocation and currently serves on the Oil and Gas and Watercraft committees, positions he has held for the past ten years. He is also a past board of directors member of that organization and is a member of the International Association of Assessing Officers.

Conner is a gradute of South Cameron High School and attended McNeese State University. He later served in the United States Army and is a Vietnam War veteran.

He is a member of Doxey-Vincent VFW Post 10010, the American Legion Post 176, Woodmen of the World, Louisiana and Cameron Cattleman's Assocaitions, Civil Defense, Msgr. Cramers Fourth Degree Knights of Columbus, and the J. P. Boudoin Sr. Knights of Columbus Council 3014 where he received the Knight of the Year award in 1988, and was honored with the Family of the Year award in 1991. He currently serves as the council's recording secretary.

A lifelong resident of Creole, Conner is married to the former Linda Miller of Cameron and they have two children, Todd and Lynsi. The Conners are members of Sacred Heart Catholic Church in Creole where he has served as a past chairman for the church council.

Hurricane season is here - be prepared!!

HACKBERRY FOLKS are proud of David Devall for the national honors that he brought home from Gillette, Wyo. This sign was put up on the highway last week.

Hackberry proud of David Devall

The folks in Hackberry are so proud of their native son that they erected a sign on the highway last week reading: "Home of David Devall, 1995 High School National Champion Calf Roper."

And when the 18-year-old Hackberry high school spring graduate returned home from the national high school finals in Gillette, Wyo. several hundred friends and neighbors showed up at his home to give him their congratulations.

David, the son of Mike and Francis Devall, has rodeoing since he was 9 years old and has been giving a lot of tutoring by his older brother, Mike, Jr., who also rodeoed in high school and was a member of the McNeese rodeo team.

David won the roping event in about five local high school rodeos and also was the state winner. He also took part in the team roping event with Hugh Irwin of DeQuincy.

He also will be competing in the National Little Britches Rodeo finals in Colorado Springs this month along with his sister Mary, 14, who is currently leading in the world rankings for all around cowgirl in Little Britches.

David received a $1100 scholarship for his Wyoming win and plans to enter McNeese. He has not decided whether he will go out for the rodeo team there or not.

In addition to his parents, David has received a lot of support from his grandparents, Alfred and Lavelle Devall of Hackberry and Guy Murphy, Sr. of Creole.

Dr. still on hosp. staff

Dr. Jeb Woodard still has full medical privileges on the South Cameron Memorial Hospital staff although at the present time he is no longer an employee of the hospital, Joe Soileau said this week in explaining actions taken by the hospital board recently.

Dr. Woodard was dismissed from the hospital's employment, he explained, after the board learned that Dr. Woodard owed the National Service Corp. $206,000 for his medical schooling and that the hospital board could be held liable to repay this amount.

Dr. Woodard, who came here in February, has been in charge of the Cameron Rural Health Clinic operated by the hospital in the former office of the late Dr. Cecil Clark in Cameron.

At a meeting last week, the hospital board agreed to reinstate Dr. Woodard if he works out a repayment agreement with the government or if he can secure a letter from them that they will not hold the hospital responsible for the medical schooling costs.

About 30 patients and supporters of Dr. Woodard attended the meeting of the hospital board last week to protest Dr. Woodard's dismissal.

School cuts recommended

The finance committee of the Cameron Parish School Board will recommend eight cost cutting proposals to the board when it holds its regular meeting at 2 p.m. on Wednesday, Aug. 9.

The total annual savings from these cuts would be $427,286, still far short of the $922,382 budgeted deficit this year. The board will make up the shortfall from its Section 16 or "rainy day fund," which it has been accummulating for some years from oil and gas revenues.

The proposed cuts, listed in order of priority, to be presented to the board next week are:

•Eliminate assistant superintendent position. Savings: $68,206.

•Eliminate one clerical position at the school board central office. Savings: $26,317.

•Elim.nate assistant principal position at Johnson Bayou and Cameron elementary schools. Savings: $65,821.

•Eliminate a special education bus route in Hackberry that is no longer needed, and consolidate routes for all schools. Svings: $68,019.

•Eliminate elementary physical education program. Savings: $66,568.

•Reduce regular education aides by four, leaving one at each school. Savings: $49,844.

•Eliminte clerk position at South Cameron High School. Svings: $12,736.

•Reduce by one the number of sweepers at each school except Grand Chenier, which has only one. Savings: $69,776.

Total Annual Savings: $427,286.

Special section

The Cameron Pilot will publish a special section next week on the 6th annual Cajun Riviera Festival. Anyone wishing to have an ad in this section is asked to submit it by Friday, Aug. 4.

AT POLICE JURY MEETING

Hearing urged on waste facility

By GENEVA GRIFFITH

Mrs. Nell Colligan, a local nurse, appeared before the Cameron Parish Police Jury Tuesday to tell the concerns she has about granting the Ambar Company a permanent permit to operate a waste disposal facility in Cameron.

The company, whose facility is located on the Calcasieu River, near the Cameron ferry, has been operating for some time under a temporary permit.

Mrs. Colligan said that her main concern is in case of a hurricaine the hazardous waste could be let loose and contaminate the whole town.

She said after the 1957 hurricane the mud in the Cameron homes could be smelled and could not be totally gotten rid of for years.

Ambar, of Lafayette, has has developed a process for the dissolution of barium sulfate scale. The treated substance has been classified by Louisiana Department of Natural Resources as a fluid that can be disposed of in commercial Class II injection wells.

The solids are disposed of in Lacassine and the solution containing barium sulfate (and radium) is disposed of in injection wells.

Storm damages local beaches

Tropical Storm Dean, which hit the Texas coast Monday, may have been a minimal storm, but the high waves it generated did plenty of damage at Constance Beach west of Holly Beach.

For some reason, in recent years the wave action has been extreme at this part of the Cameron parish coast with several camps and trailers being lost every year.

Some six or seven facilities were either destroyed or had their foundations underminded on Sunday and Monday including ones owned by Doug Donaldson of Moss Bluff, Roland Hebert of Port Arthur, Nancy Prioux of Constance Beach, Linda Richardson of Orange and T. J. Lange of Port Arthur.

Rodney Guilbeaux, Constance Beach resident, said the highway between Constance and Holly Beach was closed three different times during the high waves. He said the highway department did a good job in clearing the road of debris and reopening it as soon as possible.

Guilbeaux said when he moved to Constance Beach in 1972 most of the beach erosion was in the Holly Beach area. He said since the jetties at Cameron were extended in 1973 the erosion has moved to the Constance Beach area.

The state in two separate projects has installed rock breakwaters just off the beach for several miles between Constance and Holly Beach in an effort to halt the erosion.

Guilbeaux said he talked to the Dept. of Natural Resources this week about the latest erosion and was told that additional work on the breakwaters may be planned.

G. Lake sets registration

Registration for new students at Grand Lake School will be Fri., Aug. 11, at 9 a.m. New students must have their birth certificate, health record, social security card, report card, and proof of residence - preferably an electric bill.

Students entering kindergarten must be five years old before Oct. 1, 1995.

High school students or summer school students wishing to change their schedules should come in the week of Aug. 14-18, from 9 a.m. to noon.

For further information, call Leon Duhon, counselor, at 598-2056.

The first day of school for students is Aug. 24.

Ray Conner

Conner asks re-election

Ray Conner, 67, of Creole, District 5 police juror for the past 20 years, has announced that he will seek re-election in the October primary.

He owned and operated the Tarpon Freezo restaurant in Creole for 27 years before it burned several years ago. He has also been in the oilfield business. He has been married to the former Dorothy Bourriaque for the past 27 years.

Conner was first elected to the Cameron Parish police jury in 1975. He has served three terms as jury president and four as vice-president, a position he presently holds.

He serves on the Southwest Tourism Commission and has served as president of the statewide Tourism Commission. He served as Silverhaired Legislator representing a three parish area and is currently representing Cameron Parish.

He serves on the environmental committee for the Louisiana State Police Jury Association and served on the Highway Committee for the Association. He serves as treasurer of the Regional Solid Waste Committee.

He has served as president and vice-president of the Imperial Calcasieu Regional Planning District and has been an active member for the past 18 years.

He was an original board member of the Cameron Parish Mosquito Control Authority. He serves on the National Association of Counties Health and Human Resource Committee and served on the Economic Development Committee for the Chamber Southwest.

He is a member of the Farm Bureau, the Cameron Parish Cattleman's Association, and the American Legion. He is a veteran of World War II.

Creole highway work is slated

R. E. Heidt Construction Co. of Westlake submitted the low bid of $1,167,902 for improvements to the Creole-East Creole highway (La. 1143) when bids were opened by the state highway department last week.

The work will include drainage, pavement patching, overway and related work for 7.1 miles beginning at the intersection with La. 27 in Creole and proceeding east.

CAMERON 4-HERS received the top parish award at the recent 4-H short course at LSU. Maranda Daigle and Kristi Jo Dupuie also won top awards. Shown above are representatives of the 4-H Clubs after being honored by the police jury Tuesday.

WEED PROBLEM

Lawrence Suire, a resident of the Little Florida subdivision of Johnson Bayou, and Russell Badon, police juror from the area, addressed the weed problem in that area and asked the jury if an ordinance could be passed requiring people to rid their property of weeds.

Suire said that he is surrounded by property belonging to the Audubon Society and neither he or the police juror have had any luck getting the society to do anyting about controlling the weeds on their property, which is causing problems with rats.

"I am living in a virtual jungle, surrounded by all these weeds", Suire said.

The police jury tabled the matter until District Attorney Glenn Alexander can research the law.

WATER HYACINTHS

Charles Dugas with the state Wildlife and Fisheries Aquatic Control section, appeared at the invitation of the police jury to discuss the problem of the water hyacinths in the Creole Canal which are stopping the drainage.

"Our policy is to spray public waterways only", he said, "we do not spray private property."

There was some question as to how much of the Creole Canal in that location is owned by Miami Corporation.
