Mrs. Hariette Washington Baker came back to her Alma Mater Tuesday night and a reunion with old friends and her former basketball coach Henry Griffin, but she was not alone. She was accompanied by her 2-year-old daughter Natosha and her husband Dusty Baker, left fielder with the world champion Los Angeles Dodgers baseball team.

The occasion was a fund raising program and banquet given by the South Cameron Elementary school athletic teams who presented Mrs. Baker with a bouquet of long stemmed red roses as a token of appreciation.

Mrs. Baker gave a short talk and had much praise for her former basketball coach, who still directs the school atheletic program. The Bakers were visiting her mother, Mrs. Goldie Washington and her grandmother, Mrs. Agnes Nash.

Mr. Baker, who lives in Sacraminto, Calif., was introduced by Coach Griffin and gave a brief history of his athletic career.

He pointed out that he had started playing Little League ball at the age of seven with his father serving as his coach. He stressed the necessity of the encourage ment of parents to children in sports.

"Children need praise", he said, "And it is very important that they know that their parents are behind them."

He also said that everyone who enters sports cannot be professional players and that sports are no more important than a college education, pointing out that his parents objected to his becoming a professional player before he had completed his education.

He urged the young athletes in the audience to have goals high enough to keep them motivated and challenged the parents to support them.

Speaking about his busy baseball season he said "I came to Cameron to relax and I have been out in the marsh hunting all day and love it."

Mr. Baker was presented with a plaque of appreciation by the athletic department and autographed baseball and programs for the young athletes after the program.

Other talks were given by Sheriff Sono Savoie who supports the athletic programs in the schools and throughout the parish through the Sheriff's office; and Frank Brocata, principal of South Cameron high school.

Video films of the Los Angeles Dodgers World Series baseball games and of the South Cameron Elementary basketball games were presented by Mrs. Robert Mudd.

Trophies were passed out to the members of the ball team, the "Jets" by Mr. Griffin and Mr. Baker.

The first numbering of houses was introduced on the Pont Notre-Dame, Paris, in 1463.

$1 million theft told

A scheme to sell $1 million in stolen offshore equipment to an undercover deputy was the biggest such heist ever cracked in the area, detectives said Wednesday.

Suspect Earl Daniel McNeiley, 49, of Morgan City remained in the Calcasieu Parish Jail without bond on charges of receiving stolen goods.

Warrants on burglary and theft charges were outstanding in Cameron Parish where the theft occurred, deputies said.

McNeiley was accused of arranging to sell a 40-ton crane, a 110-foot barge and a 35-foot tugboat to an undercover deputy, said Assistant Chief Deputy John Fryar of the Calcasieu Parish Sheriff's Office.

"Most of the stuff stolen around here is "dozers and backhoes," Fryar said. "This is the first time we've come up with something this large."

"You won't believe this," he said. "He was selling it for $18,000."

He said the equipment is believed to have been stolen near Hackberry in Cameron Parish and hauled without lights along a fog-shrouded Intracoastal Waterway late at night Saturday.

McNeiley was nabbed early Sunday at the alleged drop-off point by deputies who had quietly trailed him in the shrimp boat, and by others who waited at the bank, he said. He was arrested at the dock on Intracoastal Canal in Calcasieu Parish, officers said.

Fryar said the probe began several weeks ago when deputy Jon Clausen got wind that McNeiley was allegedly willing to sell stolen offshore equipment.

It was arranged for Clausen to pose as a New Orleans contractor and meet McNeiley in Lake Charles, he said.

The crane was owned by Cameron Construction Co. of Cameron, and the barge by Central Services Inc. of New Orleans. They were leased by Amoco Inc., Fryar said.

He said the tug was owned by Nunez Towing Co. of Hackberry. McNeiley was a former employee.

Change asked in ordinance

The cameron parish district attorney and sheriff asked the Cameron police jury Tuesday at its monthly meeting to amend the parish liquor ordinance to make enforcement of the ordinance easier but the jury postponed action on the request.

District Attorney Jerry Jones and Sheriff James Savoie asked that ordinance be changed to read that all establishments selling alcoholic beverages be closed and have their doors locked from 2 to 5 a.m. Monday through Saturday.

The present ordinance reads that alcoholic beverages may not be sold during those hours but does not state that the bars and other establishments must be closed during those hours.

Jones and Savoie said it was almost impossible to enforce the law unless the sheriff kept a deputy on duty within the establishments during those hours to observe violations.

Jury President Kenneth Ducote said the jury had conferred with the sheriff and district attorney on the wording of the liquor ordinance when it was adopted some months ago and he didn't think the jury wanted to be changing the ordinance every few months.

Juror Braxton Blake pointed out that if the amendment was adopted as requested it would prevent any 24-hour convenience stores from operating in the parish if they sold alcoholic beverages.

When asked if everyone, including the proprietors would have to vacate the buildings precisely at 2 a.m., Savoie said he would be reasonable about this and give everyone a few minutes after 2 p.m. to close up and leave the building.

The sheriff said that the 2 to 5 a.m. prohibition on the sale of alcohol had been adopted to "keep the drunks off the highway."

When asked if he was having trouble in enforcing the no sale law in all of the establishments in the parish, the sheriff said only three bars were giving him a problem.

The jury decided to postpone a decision on the proposed ordinance amendment until they had time to study the matter more.

Conway LeBleu

LeBleu is honored

Conway LeBleu, Cameron parish cattleman and also long time state respresentative, received the Distinguished Service Award at the Louisiana Association of Conservation Districts' annual convention in Baton Rouge this week.

The following information on Rep. LeBleu was given to the convention at the time of the presentation:

Conway LeBleu is the Cameron Parish cattleman and is the great-grandson of S. P. Henry, who was an early settler and one of the pioneers in the cattle industry in Cameron Parish.

LeBleu was born and reared in Lake Charles. He is the son of Mrs. Sarah Henry LeBleu and the late Loree LeBleu. He graduated from Lake Charles High School. After serving four years in the Air Force during World War II, he attended McNeese State University, Colorado A & M University and graduated from Louisiana State University with a B. S. degree in Animal Husbandry in 1950.

LeBleu married the former Virgie McCall of Grand Chenier and moved to Cameron and has been actively engaged in the cattle industry since 1950.

He is the past president of Cameron Optimist Club, Cameron Parish Farm Bureau and Cameron Water District Board. He is also a member of the V.F.W., American Legion and Cameron Parish Cattleman's Association. In 1976 he received the V.F.W. Dixey-Vincent Citizenship Award as the outstanding citizen of the year in Cameron Parish.

He served on the Cameron Parish Police Jury from 1956 to 1960. He has been a member of the House of Representatives of the Louisiana State Legislature since 1964. He is presently serving as the chirman of State Appropriation Committee.

He was named King Fur XII in 1980 by the Louisiana Fur and Wildlife Festival.

Fur Festival is next week

By GENEVA GRIFFITH

The 26th annual Louisiana Fur and Will be held in Cameron next week Jan. 14-16.

It has long been billed as the "Coldest Festival in the State." Festival Officials point out that it is always held during the cold weather in order to havenutria and muskrats to be used in the fur skinning contests.

In addition to featuring all things connected with the fur and wildlife, each year an industry that contributes to the welfare of the parish is honored.

This year the oil industry will be honored and the king who is chosen to reign over the festival will come from that industry.

Some of the contests will be featured are fur skinning, trap shooting, archery, retriever dog trails, trap setting and oyster shucking.

The parish eliminations will be held on Friday and the state contests on Saturday.

The parade down Cameron's main street starts at 2 p.m. Saturday, Jan. 16 and features beauty queens representing festivals from all over the state.

The parade marshal this year will be Congressman John Breaux.

Rice crop is record

This year rice crop is the largest ever, Kirk Moore, County executive director for the Agricultural Stabilization and Conservation Service in Calcasieu-Cameron parishes, said that 3.7 million acres of rice was harvested this year with an average yield of 4900 pounds per acre.

The most recent report by agricultural outlook attributes the increased yields to favorable weather.

Mr. Moore pointed out that the Nov. 1 production estimate of 183 million hundredweights of rice exceeds last year's record by 37 million hundredweights. Total rice supplies for 1981-82 is up 16 percent to nearly 200 million hundredweights.

Based on the report, estimates are that the price for rice this year will average between $9 and $10.50 per hundredweight.

5 nominated

Five men have been nominated for the title of "King Fur XIV" to reign over the Louisiana Fur and Wildlife Festival.

The board of directors of the festival will vote by secret ballot on the king and his identity will be revealed at the Friday night program of the festival, Jan. 15.

The festival will salute the oil industry at the 1982 festival and all of the nominees are associated in some way with the local industry.

Nominees are J. Braxton Blake, Jr., Joe G. "Johnny" Boudoin, Neil R. Crain, C. A. "Buster" Rogers, and Adam M. Sturiese.

Contest slated

Mrs. Guthrie Perry, coordinator of the Little Miss and Mrs. Cameron Parish of the Louisiana Fur and Wildlife Festival, announced that all of the contestants have been chosen to represent the various communities of the parish.

Each little boy and girl was selected in contests held in that community.

The parish winners will be chosen at the night program of the festival on Thursday, Jan. 14 and will participate in the Friday and Saturday night programs.

All of the contestants will ride on a parade float on Saturday afternoon of the festival.

Mrs. Perry said that rehearsal for all of the contestants will be held on Monday night, Jan. 11 at 6 p.m. in the auditorium of the Cameron Elementary school.

Art Show

Mrs. Laura Guthrie, coordinator of the Art Show of the Louisiana Fur and Wildlife Festival announced that she will be at the Cameron State Bank all day Thursday, Jan. 14, during banking hours, receiving material for competition in the show.

The divisions are paintings for Advanced Mateur, Amateur, and Drawings for Teens and Seniors.

Practice set

Mrs. Pat Ortego, coordinator of the Miss Cameron Parish contest of the Louisiana Fur and Wildlife festival, announced that the contestants will report for practice at the auditorium of South Cameron Elementary school Saturday, Jan. 9, at 1 p.m.

Float work

The Cameron Council on Aging is asking that Senior Citizens who are interested in working on a float for the Fur Festival parade meet Friday, Jan. 8 at 10 a.m.

It is very important that everyone attend the meeting at the Cameron Senior Center.

Renee Reina gets degree

Renee Reina, daughter of Mr. and Mrs. J. C. Reina, graduated from the University of New Orleans Dec. 18. She received a Bachelor of Arts degree in Secondary Education with a major in English and a minor in Library Science. She is a past president of Delta Zeta Sorority.

12 girls seeking Miss Cameron title

Twelve young Cameron parish women will vie for the title of "Miss Cameron Parish" at the Friday night program of the Louisiana Fur and Wildlife Festival Jan. 16.

The winner will be crowned by the reigning Miss Cameron Parish, Yvonne Savoie.

The winner will receive a fur coat and an expense paid trip to the National Outdoor Show in Cambridge, Maryland

Competing for the title are: Recia LaBove, daughter of Larry LaBove and Mrs. Carolyn McDaniel of Creole.

Teresa Hicks, daughter of Mr. and Mrs. George Hicks of Hackberry.

Susan Spicer, daughter of Mr. and Mrs. C. H. Spicer of Hackberry.

April Leger, daughter of Mr. and Mrs. Lucien Leger, Jr. of Hackberry.

South Louisiana drilling wrap-up: Cameron Parish continues as hot spot

(EDITOR'S NOTE--The following article on the oil boom in Cameron parish is reprinted from New Business, a monthly business magazine published in Lafayette.)

By Rogers Olverson

The close of 1981 found the oil industry following up on discoveries made earlier in South Louisiana. One particularly hot area for the step-outs and extensions that have characterized the second half of 1981 is southern Cameron Parish. About a dozen rigs are drilling near the Cameron coast, aiming for "anything below 3,000 feet," according to Bill Wilhite, head of the Office of Conservation's Lake Charles district.

The Marg Tex, Camerina, Planulina and Abbeville sands, between 10,000 and 15,000 feet, have been particularly popular targets.

"There are just a lot of productive possibilities," says Wilhite. "And the success ratio there just seems to be higher than some other areas."

Some of the production has come from the shallower, normally pressured sands, while the deeper, typically more spectacular finds have been abnormally pressured. Wilhite says he once expected the high-pressured production to be short-lived, but it has continued to flow at high rates.

"Usually, when the abnormally high-pressured production starts making water, the pressure goes down. I don't know where the pressure is coming from, but these wells are holding up," says Wilhite.

One abnormally pressured field, North Creole, is producing 25.3 million cubic feet of gas per day from four Williams Exploration wells. Williams has two drilling permits for that area, aimed at 13,600 and 13,500 feet respectively.

Deep Lake Field flows 70.9 million cubic feet per day from 19 wells (9 Pennzoil, 9 Superior, and 1 Gulf Oil). Superior is drilling another well there, circulating and conditioning mud at 14,436 feet, and has locations for three more holes, with proposed total depths of 13,800 feet, 16,700 feet, and 20,500 feet.

At North Deep Lake, where 2 million cubic feet of gas flows from two wells, K-B Exploration is drilling at 15,110 feet and Houston Oil and Minerals has renewed a permit to drill to 16,500 feet.

Second Bayou is an older field where activity has been revived over the last few years. The field is producing 60.8 million cubic feet from 31 wells. Texaco has a 14,784 foot well waiting on a state test and Williams Exploration is drilling three wells and has a location for a fourth aimed at 15,500 feet.

There is also activity at East Cheniere, South Creole (Patrick Petroleum has two wells there waiting on a state test), Johnsons Bayou, Kings Bayou, Little Cheniere, Little Pecan Lake and South Pecan Lake.

In addition, Amerada Hess-Ethyl Corp. has a wildcat drilling at below 10,000 feet, and Houston Oil and Minerals has a location for a 16,500 foot exploratory hole in Section 14 T15S R3W.

Grand Chenier

By Elora Montie

Mr. and Mrs. G. C. Sweeney, who built a hot house last year, says it really paid off as she has tomatoes, cucumbers, chives, peppers and lettuce to eat while everything in the garden outside is frozen.

Mrs. Sweeney says she is now starting her 1982 vegetables seeds planting and will have plenty of plants in the spring.

The Grand Chenier Turtle Club had their get-to-gether New Years Eve party at the Richard Sturlese camp. They had a large attendance.

THOUGHT FOR THE WEEK

"People are a lot like tea bags; they don't know their own strength until they get in hot water."

Trap shooting rules told for festival

Bryon Richard is superintendent of the trap shooting contest of the Louisiana Fur and Wildlife festival, both the parish and state contests.

On Friday Jan. 15 at 8 a.m. parish elimination will begin and end at approximately 4:30 p.m. Anyone may enter the contest, but only parish contestants may win trophies. There will be three divisions, men, women and junior. Boys 16 years and under must shoot in the junior division. Girls 16 years old and under may enter either the junior or the women's division, whichever they choose, before they shoot. They must shoot in one division only.

On Saturday, Jan. 16, at 8 a.m. the state event will begin. Anyone may shoot. It will end at 4:30 p.m. and no new entries will be taken after 3:30 p.m. Only three plaques will be given for state. 1st, 2nd and 3rd place women and junior winners must compete equally against the men.

Cost of shooting will be $10. Only 12 and 20 gauge guns will be used. Five shots will be shot at each stand. All guns must be unloaded at all times except the person that is shooting. He will load and shoot only one shell at a time. No one under the influence of alcohol will be allowed to shoot. In case a tie a sudden death shoot off will be held at 4:45 p.m.

A person may shoot as many times as he chooses and his best score will count.

Plaques will be given to the top three competitors in the mens senior division, women's division and junior division of the parish contest.

In state competitions, first, second and third place plaques will be awarded.

Rules told for oyster shucking

The rules for the new oyster shucking contest of the Louisiana Fur and Wildlife Festival were announced this week by Paul Coreil and John Driscoll, co-chairmen of the outdoor activities of the festival.

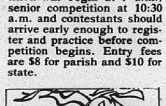
A total of $200 in prize money will be awarded as follows: $75, first place; $50, second place; $35, third place; $25, fourth place; and $15, fifth place.

The contest will be held on Saturday, Jan. 16 at 3:30 p.m. on the grounds of Cameron Elementary school immediately following the parade.

Each contestant will shuck one dozen oysters which will be supplied by the superintendent, and will be timed for the complete 12.

Oysters must be opened using an oyster knife only. Gloves can be worn. Oyster meat must be completely removed from the shell in one piece.

All ages, (juniors, seniors, men and women) will compete together.



Rules for archery are announced

Of interest to area and state archers are the archery tournaments to be held during the annual Louisiana Fur and Wildlife Festival Jan. 15 and 16 in Cameron.

Sidney Theriot is superintendent of the contests and announced that both the local and state tournaments will be held behind the Cameron Elementary school.

The local archery contest for Cameron parish citizens will be held Friday morning, Jan 15 and the state contest will be held Saturday, Jan. 16.

In the Friday tournament the junior division competition will begin at 9 a.m., senior competition at 10:30 a.m. and contestants should arrive early enough to register and practice before competition begins. Entry fees are $8 for parish and $10 for state.

FFA Aggie Day set at South Cameron

The sixth annual South Cameron High FFA Aggie Day will be held Saturday, Jan. 9 at the Cameron Parish Multi-Purpose Building beginning at 8 a.m. All South Cameron FFA members and 4-H members from Cameron Elementary, South Cameron High, South Cameron Elementary, and Grand Chenier Elementary Schools are eligible to participate.

Market hogs and market lambs will be weighed between 7:30 a.m. and 8:15 a.m. with judging to be held according to the following schedule:

8:45 a.m. - Breeding hogs followed by market hogs and hog showmanship.

10:30 a.m. - Breeding sheep followed by market lambs and sheep showmanship. 11:30 a.m. - Market steers followed by beef breeding cattle and beef showmanship.

After Show: Slave Auction.

Showmanship in all divisions will consist of a Jr. Division (under 14 years of age) and Sr. Division (14 years of age and over) with boys and girls competing together. Age will be computed as of Jan. 1, 1982.

Lunch will be served at the Aggie Day with proceeds going to the South Cameron FFA Chapter to be used for various projects.

Shrimp boat licenses are on sale now

Shrimp vessel licenses, available from the Department of Wildlife and Fisheries, must be obtained during the period Jan. 1 through Feb. 1, according to Jesse J. Guidry, department secretary.

Guidry urged shrimpers to mail in their applications immediately and pointed out that Act 492 of the 1981 regular legislative session provides that these licenses may only be sold during this period.

He said an opinion from the attorney general's office upholds this provision of the act and cautioned shrimpers that applications received after Feb. 1 could not be processed by the department and would be returned to applicants.

The only exception to the new act is that vessel licenses for new vessels introduced into the commercial fishing fleet at a time other than Jan. 1 through Feb. 1 may be acquired within 45 days after acquisition of the vessel.

He said the attorney general's ruling allows the department to issue trawl licenses at anytime during the year, but stressed that applications for shrimp vessel licenses be made immediately.

Cameron Outdoors

By Loston McEvers

Fishing: Not too much to talk about this week, as fishing hasn't been good at all except for catfish, and that wasn't anything to brag about. It's been so foggy that you get a late start trying to go out fishing, and the fog sets in very early in the evening, it's just not much fishing time.

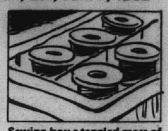
Hunting: Most of our hunters are having the "No" luck again this weekend, however some nice ducks were taken, but a little on the skinny side as far as limits are concerned.

Don't forget we don't have much hunting left as it closes Jan. 12, 1982.

Festival: Don't forget the Fur and Wildlife Festival activities right around the corner and the parade on Saturday.

Good Fishing Times: Jan 9 & 10.

Saturday a.m. good - 4:15; better - 10:15. Saturday p.m. good - 5:35; best 11:35.



Sunday a.m. good 5:05; better 11:25. Sunday p.m. good 5:35; better 11:35.

Hope the last few days of hunting is good for you.

PLANTING TREES AND SHRUBS

This month is ideal for planting trees and shrubs. However, success depends on several factors such as proper handling and setting of the plant. Important points to consider are:

1. Dig hole twice the size of the plant ball or spread of its roots

2. Set plant no lower than they were before they were dug. Setting ½ to 1 inch higher is really better.

3. Use a good quality soil to fill in around plant roots. If the soil where the hole was dug is of poor quality, which does exist in many areas of the parish, a good quality top soil should be used instead.

4. When filling, tramp firmly and thoroughly with foot or a well-rounded stick.

The addition of water when the hole is about ¾ full will aid in packing the soil around the roots and increase the chances for survival. After the water has completely soaked in, finish filling the hole leaving the soil loose on top.

As was discussing with Lee Conner, fertilizer should not be used at planting time. The following year ½ to 2 lbs., depending on the type of plant, should be applied. Use either 8-8-8 or 12-12-12. This amount and kind should be used yearly on a per year basis.

TREE SEEDLINGS

I have just received a "memo" from the Forestry Office advising that the only seedlings available will be loblolly pine, slash pine and water oak. They are to be available sometimes the middle part of this month.

PARISH LIVESTOCK SHOW MEETING

The final Livestock Show planning meeting will be held on Friday, Jan. 22 at the K. C. Hall in Creole beginning at 7:30 p.m. Parents with livestock exhibitors, especially those with market animals, are asked to attend.

MENHADEN MOVIE

A movie of the Menhaden Industry produced by the LSU Cooperative Extension Service Department will be shown in Cameron in the near future.

The public will be informed as to the time and place.

S. C. Elem. 4-Hers to caroling

The South Cameron Elementary 4-H Club went Christmas caroling Dec. 21. Scottie Primeaux and Perry Nunez presented Mr. Phirma LeBeouf with a Christmas basket which consisted of a turkey and various can goods which were collected by 4-H members. Club members also went caroling at the hospital.

Then the members visited Mrs. Raymie Broussard where Trent Guidry, Aquilla Portie and Neal Conner presented her with a gift from the club. Next stop was with Camelia Nunez where Bonnie McLean and Chris Rutherford presented their gifts.

Darren Miller and Tanya Trahan presented gifts to Mr. and Mrs. Joe Miller and to George Theriot. Kevin Savoie and Chad Mudd presented Mrs. Amatile Richard with a gift.

Richie Miller and Lane Bonsall presented Mrs. Arita Nunez with a gift. Next, the club members went to Kevin Savoies parents, Mr. and Mrs. Mike Savoie where the members had a Christmas party.

GUACAMOLE DIP

1 medium avocado, peeled and mashed
1 small tomato, peeled and chopped
2 tbsp. finely chopped green chilies
1 tbsp. finely chopped onion
1 tbsp. sour cream
1/8 tsp. coriander
1/8 tsp. salt

In bowl, combine ingredients. Serve as a dip. Makes about 1 cup.

Lower your income tax now... and plan for your future.

In 1982 the law allows any employed person to have an Individual Retirement Account (IRA) whether covered by another plan or not. At the Calcasieu Marine we have two plans:

1. IRA SAVINGS ACCOUNT

This Plan is more flexible than the Certificate of Deposit plan, and because of the attractive minimums it will appeal to a much greater number of people.

MINIMUM
With the CM IRA Savings Account, you may open the account with as little as $35.00.
Thereafter, you may take additional deposits to the account weekly, monthly, or irregularly. These additional deposits may be as little as $10.00 each.

TERM
Your IRA Savings Account will have a TERM of 18 Months, starting from the Date of the OPENING Deposit.

INTEREST RATE
The Calcasieu Marine will pay you interest on your IRA Savings Account at a rate equal to the previous 4 week Average Yield Rate of the 90-day Treasury Bills. This rate will change monthly, as the average changes. Therefore, you will be paid a true variable rate on your savings, one that will reflect the money market conditions at the time. The interest will compound monthly.

MAXIMUM
The Maximum you may contribute to your total IRA Savings plan is $2000 per tax-year if you are a single individual. If you are married, but only one spouse has an income the maximum is $2250, divided into two separate accounts. If you are married and both spouses have an income the maximum is $2000 for each spouse in separate accounts.

WHEN
The Calcasieu Marine will begin to offer these types of Accounts on Monday, January 11, 1982.

PENALTY
You should read and understand the interest and tax penalties for early withdrawal of an IRA account as described below.

TAX DEFERRAL
You are allowed to deduct from your reported income all contributions, within the maximums described, to your IRA Savings Account and pay NO Income Tax on these amounts currently. Also, any interest earned by the account is not subject to income tax at this time. You will be required to report as income the amounts you withdraw from your plan upon retirement on or after age 59½. It is usual that the rate of your income tax will be lower in the retirement years, and therefore a true tax savings can be had by opening and maintaining a continuing contribution plan to your own Individual Retirement Account.

ELIGIBILITY
All employed persons are eligible to have an IRA after January 1, 1982. This is true even if you are covered by a present retirement plan with your employer. This is a new change in the law.

DEFERRED INCOME TAX

The law provides that deposits (within the legal maximums) made to Individual Retirement Accounts may be excluded from income on which you pay Federal Income tax. Also, all interest earned by an IRA may be excluded from income taxable income. These funds will be subject to income tax, however, when they are withdrawn during retirement years after age 59½. This way you can defer income tax from the present time until retirement years. In most cases your rate of income tax will be lower then. That means a true tax savings.

2. IRA SPECIAL CERTIFICATE OF DEPOSIT

The Calcasieu Marine offers a fixed rate 2½ year Special Certificate of Deposit IRA Plan for those employed persons preferring this plan.

MINIMUM
The minimum amount for this special certificate is $1000.00. No additional deposits may be applied to the special certificate once it is written.

TERM
The term of these special certificates is 2½ years.

INTEREST RATE
The annual rate of interest that will be paid on these special certificates will be up to a maximum of the average yield rate of 2½ year treasury notes at the time the special certificate is written. Although this average yield rate changes every two weeks, once the special certificate is written the interest rate paid on it will remain constant throughout the term of the special certificate. Interest will be compounded quarterly and at maturity.

MAXIMUM
The maximum legal amount that may be deposited in IRA savings per tax-year is $2000.00 for single individuals; $2250.00 (in two separate certificates) for married couples with only one spouse employed; $2000.00 each for married couples with both employed. The maximum limits are stated as these amounts or 100% of your income, whichever is less. There are tax penalties for exceeding these amounts.

WHEN
The Calcasieu Marine will begin to offer these types of Accounts on Monday, January 11, 1982.

PENALTY
The law provides for substantial interest and tax penalties for early withdrawal. Please read the details of these penalties as described below.

ELIGIBILITY
All employed persons are eligible to have an IRA after January 1, 1982. This is true even if you are covered by a present retirement plan with your employer. This is a new change in the law.

EARLY WITHDRAWAL PENALTIES

The law provides for the following penalties for early withdrawal of Individual Retirement Account funds.

1. Immediate income tax liability at ordinary income rates on all funds withdrawn.
2. A tax penalty equal to 10% of the amount withdrawn.
3. If the funds are withdrawn prior to the maturity of the account or the certificate there will be a penalty of an amount equal to 6 months interest on the funds withdrawn.

Oil, gas permits still numerous

The oil and gas exploration boom is continuing in Cameron parish as evidenced by the number of permits for such work approved by the Cameron police jury at its monthly meeting Tuesday.

Twelve permits for oil and gas wells, pipelines and canals to be used in exploration work were approved and another permit on a wildcat well was delayed for further study.

Four permits for seismic work in the parish also were approved. The jury asked that the seismic company coordinate their work with various parish agencies so as not to interfer with oystering, shrimping, rice farming, etc.

Three residential building permits were approved. They were for Joseph LeDoux, Sweetlake; Winston Benoit, Creole; and Jeffery Sanders, Hackberry.

A non-residential building permit was approved for Wallace Styron in the Cameron area.

A permit was approved for Wallace Styron in the Cameron area.

A permit also was approved for the Lake Arthur Boat Club to build a private wharf and shelter in Lowery area.

In other business the jury granted permission to the Cameron NAACP chapter to use the police jury meeting room at 6 p.m., Saturday, Jan. 23 for a social hour preceding a special program featuring former Gov. Edwin Edwards and national NAACP officials.

On a motion by Juror Ray Conner the jury voted to write the state highway director opposing a change in rules governing the construction of driveways adjoining state highways. Conner said that culverts under the driveways would have to be uncovered for four feet on each side of the driveway, which would increase the cost of driveways by more than $100.

Engineer George Bailey reported that the asphalt was being laid this week on the ship channel road which serves many offshore companies offices.

An ordinance was adopted to set new speed limits on the jetty road at Cameron.

Also an ordinance was adopted to prohibit overnight parking in the Grand Chenier park on the Mermentau river. Also prohibited will be docking at the park except with launching boats and any commercial enterprises within the park.

A resolution protesting the porposed charges to Cameron parish ports for dredging work within the port was adopted. The Corps of Engineers has taken care of this work in the past.

Several appointments were made by the Cameron parish police jury at its monthly meeting Tuesday.

The following additional members were named to the parish rodeo committee: Gary Wicke, Grand Lake; Bobby Montie, Creole; Earl Guthrie, Cameron; Jimmy Jinks, Johnson Bayou; Guy Murphy, Grand Chenier; and Ernie Little, Hackberry.

The jury had named a number of members to the rodeo committee several months ago, but the additional members were named because it was felt a larger committee was needed.

Richard Dahlen was named to the board of Gravity Drainage District No. 4 to complete the unexpired term of Jimmy LaBove who died.

The jury adopted a resolution addressed to LaBove's family commending him for his services and expressing their condolences.

Elections set here in fall

Secretary of State Jim Brown said this week 1982 will be a light election year in Cameron Parish. Brown noted several elections are on tab in September.

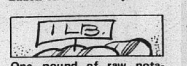
Cameron Parish voters will go to the polls Sept. 11 to elect a Congressman, members to the Board of Elementary and Secondary Education, school board members and a judge to the Court of Appeals, 3rd Circuit, 2nd District, Division B. A Nov. 2 runiff is scheduled if necessary.

Brown said qualifying for all these races will be held July 5-9.

"If the legislatively approved reapportionment plan survives judicial scruitiny," Brown added, "Cameron parish voters will again elect a Congressman for the Seventh Congressional District."

He indicated several school boards throughout the state are in the process of reapportioning their districts to conform with the 1980 census. By 1986, he pointed out, all school board members will be elected to four-year concurrent terms instead of the traditional staggered terms. The change is a result of an act passed by the Legislature in 1980.

Court News



James Littleton Phelps, 25, Plattsburgh, New York was sentenced to five months in jail for unauthorized use of a movable Tuesday, Dec. 29 in 38th Jucicial District Court by Judge Ward Fontenot.

The charge involved Phelps' taking a truck belonging to Joe Higgins in Cameron on Nov. 13.

Phelps was also fined $300 and costs or 30 days in jail for D.W.I. and $35 and costs or 3 days in jail for operating a motor vehicle without a drivers license, sentences to run concurrently.

Brent Paul Badon was a winner in the first annual Gulf Coast Pageant held recently in Johnson Bayou. Brent was crowned both photogenic and Mr. Gulf Coast in his division. Brent is the son of Mr. and Mrs. Gary Badon of Johnson Bayou.

One pound of raw potatoes, unpeeled, makes about two cups when mashed.

Contracts given by police jury

Several bids were accepted by the Cameron parish police jury at its monthly meeting Tuesday.

R. E. Heidt Construction Co., as the low bidder, was awarded a $308,378.10 contract for a road paving project in Ward 2.

The Motorola Communications and Electronics Co. was the only bidder on 24 monitors for the Johnson Bayou-Holly Beach fire district for a total cost of $8,544.

Calcam Tractor Co. was the successful bidder on a Ford tractor with front end loader and back blade for $16,984.

Mike Pearson Motor Co. was successful bidder on a one ton truck with a bod of $8,994.60.

The jury authorized the advertisement for bids on the replacing of the present Council on Aging building in Cameron with a new building and on renovations for the Cameron parish library.

Free cheese to be given out

Beginning sometime this month, the Food Nutrition and Distribution Department for the State Department of Education will begin a statewide free distribution of more than 500,000 pounds of cheese to persons of low income.

The distribution is the result of a recent announcement by President Ronald Reagan about the cheese being from the nation's surplus stockpile.

Nationally, about 80 million pounds of processed cheese will be distributed, an amount that's about five per cent of the nation's surplus cheese.

Delivery of the cheese in Louisiana will be by charitable, non-profit organizations.

Non-profit organizations which would like to participate in the distribution process should contact the Food and Nutrition Center Services in the State Dept. of Education in Baton Rouge by phoning 504-342-3727.

The cheese comes in five pound blocks in 30 pound cases. The total amount set for distribution in Louisiana fills almost six railway box cars.

Making the announcement for the amount of distribution of the cheese in La. last week was the Southwest Region Headquarters for the U.S. Dept. of Agriculture.

Other adjacent states, and their allocations, include Arkansas (308,700 pounds); New Mexico (172,800 pounds); Oklahoma (399,200 pounds); and Texas (1,884,900 pounds).

Allocations were based on state populations.

Reagan, in making the announcement, said, "At a time when American families are under increasing financial pressure, their government cannot sit by and watch millions of pounds of food turn to waste."

Programs such as the Elderly Feeding Program and Child Care Food Program qualify for part of the cheese.

The USDA has set Feb. 1 as the deadline for completing the cheese-give away project.

Just who qualifies as a "low-income" person, however, and other guidelines such as how much per person have yet to be announced for the program.

Church has new schedule

The Oak Grove Baptist Church announces its new schedule as follows:

Sunday - Morning worship, 9:30 a.m.; Sunday School, 10:30 a.m.; Church Training, 5 p.m.; evening service, 6 p.m.; choir practice, 7 p.m.

Wednesday - Children's choir, 3:30 to 5 p.m.; prayer meeting, study of the tabernacle, 7 p.m.

Permits are asked here

Arco Oil & Gas Co. has applied for the U. S. Corps of Engineers permit to dredge an extension to an existing canal for access to a proposed oil well location about 5.7 miles southwest of Sweetlake on Miami Corp. property.

MCOR Oil Development, Inc. has applied for a coastal use permit from La. Dept. of Natural Resources to construct a 580 foot shell road, an 800 foot board road, ring levee and a reserve pit east of Grand Chenier for a well on M. O. Miller property.

Classes to be given

McNeese State University will offer a number of college night classes at South Cameron and Hackberry high schools starting in January if there is enough interest from the public.

Registration for the classes will be held at 6 p.m. Thursday, Jan. 7 at Hackberry high school and at 6 p.m., Monday, Jan. 11 at South Cameron high school for undergraduate students interested in enrolling in one or more night classes to be taught locally.

Classes available include astronomy, criminology, English, education government, health and physical education, history music appreciation, philosophy, physical science, psychology, sociology and speech.

A special "Early Admissions" program will be available at the same locations to certain high school seniors.

Program is told here

Mrs. Wilma Guthrie, director of the Friday night program of the Louisiana Fur and Wildlife, announced the following events for the night.

Mrs. Lena Nunez will serve as the narrator and Mrs. Pat Ortego will serve as the pageant coordinator, assisted by Mrs. Ruby Dupuie.

WILD RICE STUFFING

2/3 cup wild rice
2 cups water
1/2 teaspoon salt
6 cups day-old white bread cubes (crusts removed)
1/2 cup finely chopped onions
1 teaspoon powdered sage
1/2 teaspoon salt
1/2 cup melted butter

Rinse rice thoroughly. Bring to boil in saucepan with water and salt. Reduce heat and simmer 30 minutes or until just tender. Combine bread cubes, onion, sage, salt and cooked rice. Add melted butter and toss to mix. Stuff goose lightly in neck and body cavities. Makes enough to stuff an 8 to 10 pound bird.

Fasten the neck with a skewer and tie legs together.

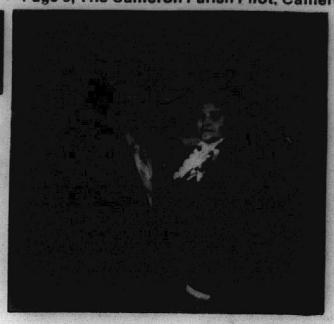
Medicare enrollment change set



A change has been made in the enrollment period for Medicare's medical insurance according to Donald Saulnier, Manager of the local Social Security office.

For a short period during 1981, eligible persons could sign up for Medicare medical insurance at any time. Medical insurance is the part of Medicare that helps pay doctor bills and other medical expenses not covered by hospital insurance. This is no longer true.

People who don't sign up for Medicare medical insurance during their initial enrollment period have the first 3 months of the year to enroll for this voluntary part of Medicare. Anyone wanting to enroll for this protection should contact the local office.

Household Hint

Anyone who lives in a hard-water area knows how quickly heavy mineral deposits can build up around bathroom faucets. You can clean them easily by wrapping the faucets in cloth or paper towels soaked in white vinegar and wrapping with plastic to prevent evaporation. After a few hours, the vinegar will have dissolved the mineral deposits. Wipe any residue away with a damp cloth.

Church installs council officers

Sacred Heart Parish recently installed its new council officers and members at a special Mass. Installed were: Clifford Myers, chairman; Myrna Conner, vice chairman; J. B. Meaux, new trustee; Leland Crochet, Uland Guildry, Jr., Linda Dahlen, Mason Istre, New members. Msgr. M. J. Bernard, Pastor, presided at the installation.

A banquet in the Catholic Life Center followed the installation with John Driscoll, past chairman, as master of ceremonies. Lay ministers, choir members, council members, lectors, teachers and aides of the school of religion were participants.

Mr. Myers announced the appointment of commission chairmen for the next year: Mrs. Olga Mudd, parish education; Linda Dahlen, worship and spiritual commission; Mrs. Brenda Boudreaux, community services; Elton Bonsall, Sr., administration commission; Msgr. Bernard, youth and young adult commission. Mrs. Mary Theriot was re-elected to serve as council secretary.

Elton Bonsall, Sr., and Jimmie LaSalle continue to serve as trustees of the parish, and Mrs. Carolyn Bargeman and John Driscoll continue to serve as council members.

ARMY SGT. JASON A. Miller of Cameron, a tank commander with the 24th Infantry Division, participated in the recent "Bright Star" exercises in the Western Desert of Egypt. (U. S. Army Photo by Ed Dixon)

THE FIRST U.S. armored formation in North Africa since World War II, the 2-70th Armor found the desert sands as challenging as did their predecessors. (U.S. Army Photo by Ed Dixon)

Local soldier in Mid-east exercise

CAIRO WEST, Egypt - While millions of Americans were reading about the Mid-East exercise "Bright Star," a Cameron soldier, Army Sgt. Jason A. Miller, was in on the action.

Miller, 24, son of Mr. and Mrs. Ernest J. Miller, Route 1, Cameron, was with the 24th Infantry Division's task force in the Western Desert some forty miles southwest of Cairo. He was assigned as a tank commander with 2nd Battalion, 70th Armor of the 24th Division.

This portion of the Western Desert, scene of some of the fiercest battles for North Africa during World War II, is one of the most inhospitable areas on earth. There are no trees, no large rocks, no hills--nothing but a barren expanse of sand and gravel stretching to the horizon in all directions.

"I've done a lot of reading about Rommel (Field Marshal Erwin Rommel, commander of Hitler's Afrika Corps during WWII," said Miller, "so the desert itself hasn't been all that much of a surprise. But seeing it for real, it's hard to believe that those soldiers actually lived out here, and fought battles."

"Bright Star 82," a multi-service exercise and test of the nation's Rapid Deployment Force (RDF), highlighted many of the problems and situations U. S. Forces would encounter in desert operations. The fine, abrasive sand coats everything with a gritty layer of dust. Engines require constant attention to keep them going. Optical systems, weapons systems--virtually everything--needs constant attention to protect it from the environment. Soldiers, while probably the toughest piece of equipment fielded during the exercise, also required extensive support and special desert gear to operate and survive.

"Mostly, I guess I've learned from my mistakes," said Miller "and the training we're getting here will be a big help to us. I love to train hard rather than just sit around--that's the only way you can get better at your job."

The troops of the 24th were fortunate in one respect; they did not maneuver in the incredible heat of the high summer, when temperatures can reach 120 degrees, making equipment almost impossible to handle and movement on foot an agony. During the winter months, daytime temperatures are a balmy eighty or so degrees, plunging to the forties at night. Blowing sand adds to the fun. Still, most of the men and women participating in "Bright Star" gained from the experience.

"I get the feeling sometimes that we don't really know what's going on until the last minute, and then we get told to move out--fast!" said Miller. "But, that's part of the game, being ready and flexible."

To those whose job it might someday be to actually fight in this environment, the revelations were many. Navigation is tough, with no terrain features to use in locating one's position. There is little concealment for man or machine, and the inevitable clouds of dust give away movement for miles. Distances are hard to estimate, and the stillness and clarity of the desert night make the slightest noise audible for long distances.

While the logistics required to support a large force in the desert are formidable enough in themselves, it would be the American soldier, the everyday GI, who would face two enemies here; the desert and his opponents.

Miller, who joined the Army in December, 1974, after attending South Cameron High school, has no firm plans to stay in the service, he says, 'I just don't know right now.'"

"He who has begun his task has half done it." Horace

THE NATION'S STUDIO

Beginning in 1982, people who have been ineligible for an Individual Retirement Account (IRA) because of having a retirement plan where they work, will be able to enjoy the benefits of a tax sheltered IRA, too.

The new IRA rules allow each working person to contribute up to $2,000 a year to his/her Individual Retirement Account. . .even if they have a pension or profit-sharing plan where they work.

In the case of working married couples, each spouse may contribute up to $2,000 per year. However, if only one spouse is employed, an IRA may be established for the working spouse, and another account, called a "Spousal IRA," may be set up for the nonworking spouse, but the combined total of the two cannot exceed $2,250 each year.

If you can't put the maximum in, invest what you can. It's important to get started as early in life as possible. One example in the chart at right shows what just $500 a year can multiply to with compounding interest in an IRA at the bank. Remember, too, the return on your IRA investment at the bank is GUARANTEED. . .and insured. And there are no fees. See us now about setting up your IRA. . .the safe and sure bank way.

EXAMPLES OF HOW AN IRA CAN ACCUMULATE TO AMAZING AMOUNTS AT YOUR BANK!

IRA CONTRIBUTION	FOR 30 YRS.	FOR 20 YRS.	FOR 10 YRS.
MARRIED COUPLE EACH PUTTING IN $2000 A YEAR	$1,258,655.96	$354,454.00	$82,059.76
MARRIED COUPLE EACH PUTTING IN $1000 A YEAR	$ 629,327.98	$177,227.00	$41,029.88
MARRIED COUPLE EACH PUTTING IN $500 A YEAR	$ 314,663.99	$ 88,613.50	$20,514.94
ONE PERSON PUTTING IN $2000 A YEAR	$ 629,327.98	$177,227.00	$41,029.88
ONE PERSON PUTTING IN $1000 A YEAR	$ 314,663.99	$ 88,613.50	$20,514.94
ONE PERSON PUTTING IN $500 A YEAR	$ 157,337.00	$ 44,306.75	$10,257.47

These examples are based on an IRA averaging a reasonable 12% a year with interest compounded daily. The actual rates paid may vary during the life of your IRA. Federal Regulations require substantial interest penalty for early withdrawal.

Your IRA at the bank is insured according to FDIC maximum limitation.

Trapping Movie

THE IMPORTANCE of fur trapping to Louisiana is the subject of the Department of Wildlife and Fisheries' new movie, LOUISIANA FUR TRAPPING, which will be premiered at the Louisiana Fur and Wildlife Festival in Cameron Saturday, Jan. 16. The film will be shown every half hour from 10 a.m. to 1 p.m. and the public is invited to see it. Above is a typical trapping scene.

Film slated here

"Louisiana Fur Trapping," a new movie by the Louisiana Dept. of Wildlife and Fisheries, will premiere at the Cameron Fur Festival Saturday, Jan. 16, according to Jesse J. Guidry, department secretary.

The film will be shown at the Cameron Elementary school from 10 a.m. to 1 p.m. Saturday. It contains numerous scenes filmed at the 1981 fur festival.

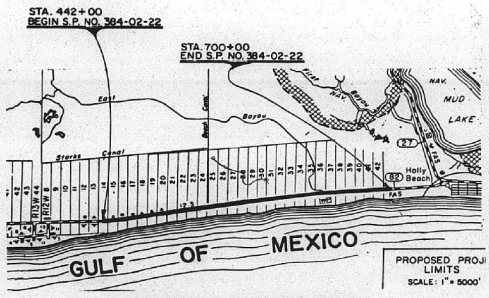
The 27-minute film traces the Louisiana fur harvest, a $20 million a year business, from the trapper to the dealer, from the coastal marsh to the North Louisiana uplands. Fur pelts are followed through the complete economic cycle, from the moment the trapper takes the fur animal to the time when the pelts are shipped to world fashion centers.

Guidry pointed out that the basic message of the film is that Louisiana fur animals are a renewable resource. The current harvest of fur animals can be sustained as long as the animals' habitat is preserved.

The film outlines the history of fur trapping in Louisiana and reviews the types of research being conducted by department and state university wildlife biologists.

"Louisiana Fur Trapping" should be of great interest to schools and civic groups.

Copies of the film may be obtained by writing Film Library, Dept. of Wildlife and Fisheries, P. O. Box 14526, Southeast Station, Baton Rouge, La. 70898.



Several showings will be held approximately every half hour from 10 a.m. to 1 p.m.

The general public is invited to attend this premier showing which Cameron is priviledged to host.

Much of the film was filmed in Cameron Parish and covers the 25th annual Fur and Wildlife festival held last year.

Service set

An interdenominational praise and worship service will be held Thursday, Jan. 14 at 7 p.m. at the Midway Baptist church, with Rev. and Mrs. Dores Ryder, Lake Charles conducting the service.

Erosion work area is shown

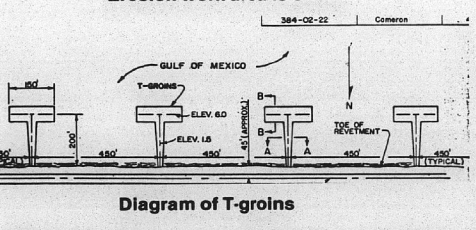


Diagram of T-groins

Beach erosion work planned at H. B.

The Louisiana Department of Transportation plans to install fill for T-groins along La. Hwy. 82 for a distance of nearly five miles west of Holly Beach for erosion control, according to an application to do the work filed with the U. S. Corps of Engineers.

This area of the highway has been washed out on several occasions during the last few years during high tides in the Gulf caused by storms. The Gulf is feet away from the road in some areas and another storm could wash the roadway away again if the erosion control work is not done.

The proposed structures of the highway department would be within an area about 25,8000 feet long and 280 feet wide, extending lengthwise approximately parallel to the shoreline with the outer edge to be about 280 feet channelward therefrom.

The fill operation will consist of the placement of about 130,000 cubic yards of sand, shell and stone in the waterway to construct the groins.

Any comments or protests to the proposed work will be received by the Corps until Feb. 12.

Board adopts drug policy

CAMERON- A student alcohol, drug and contraband use policy, outlining a program in which a drug detecting dog will be used in Cameron parish schools, was adopted by the Cameron parish school board at its monthly meeting Monday.

"Detecting marijuana and other drugs in schools in difficult because contraband can be hidden easily on the person, in lockers, cars, etc." the policy statement read. "To help school administrators locate and hopefully deter the use of such drugs within the school system, the Cameron Parish School Board will use the services of a drug detecting dog."

The policy statement said that the program would not "be of a malicious nature or deliberately intended to harass, or embarrass the students."

It was also noted that the evidence seized in such a program could not be used in criminal or juvenile court prosecution.

The policy provides that the dog will not be used in classrooms but will be used to make random searches in lockers, automobiles, school buses, school equipment, bathrooms, books and all other school facilities and grounds.

The dog may be used to search a student's clothing and personal objects, but at no time shall a student be asked to strip nude for purposes of a random search.

The random searches will be made according to a schedule agreed upon by the principal and the law enforcement officer in charge of the program and will be unannounced. The principal or his designee will accompany the search team.

If the dog alerts a school locker or other property belonging to the school board but being used by the student, the student will be asked to consent to a search of the property.

If consent is given and alcohol or durgs are discovered, they will be confiscated and the student's parents will be notified. An offender will be disciplined by school personnel in accordance with school board policy.

If the student refuses to permit a search, his or her parents will be notified and asked for permission to make the search if the parents own the property (such as a car).

If both the student and the parents refuse to permit a search of property not belonging to the school board, they will be informed that the property will be searched pursuant to a search warrant procured by the officer in charge and that parking on school premises is conditioned upon consent to reasonable searches for contraband.

Disciplinary action for discovering of alcohol or drugs will be suspension up to 10 days and a program of appropriate counseling, if needed, will be planned for the student.

If the student is suspected of distribution or attempted distribution, local law enforcement officials also will be notified.

A similar drug detecting dog program has been in operation in Calcasieu parish for the past several years.

Classes set at Hackberry

A special, off-campus registration for Cameron Parish residents interested in attending classes at the undergraduate level has been set by the McNeese State University Office of Community Services for Thursday, Jan. 14, at Hackberry high school.

George Kuffell, director of off-campus programs, says the registration will begin at 6 p.m. on Jan. 14 for "Psychology 201: Intermediate Psychology" and "Criminology 231: Causes and Incidences of Crime in modern Society" and that no late registration fees will be charged. The classes will meet on Thursdays from 6 to 8:45 p.m.

He notes that prospective students should come to the Jan. 14 meeting prepared to complete the registration procedures and pay their fees: either by cash, check, Mastercard or Visa.

The courses are open to individuals who meet the usual college requirements and to high school seniors who qualify for the "Early Admissions Program" which requires six semesters of high school work with at least a "B" average and the recommendation of their high school principals.

More information about the off-campus registration is available by telephoning the Office of Community Services at McNeese Mondays through Fridays, #:45 a.m. - 4:30 p.m.

Shrimpers to meet Feb. 6

Of interest, to area shrimpers and fisherman is the annual meeting of the "Concerned Shrimpers of Louisiana" meeting to be held in Thibodeaux, on the campus of Nichols State University Saturday, Feb. 6, in Peltier Auditorium.

The program of the meeting is to be found in an ad elsewhere in this issue of the Pilot.

A buffet will be available during the noon break.

Those planning to attend the buffet or the dance are asked to let Tee John Mailjevich know at 318-685-2883 or by writing him at 505 N. Railroad, Delcambre, La.

Menhaden film set

Paul D. Coreil, assistant area agent of fisheries and wildlife for Cameron and Calcasieu parish, announced that the L.S.U. Cooperative Extension Service has recently completed a new 16 mm color movie highlighting the menhaden industry in Louisiana.

The movie, filmed almost entirely in Cameron parish, vividly ilustrates harvesting techniques, processing, and final products derived from the small fish that most people in Cameron know as "Poggies."

In both 1979 and 1980 the port of Cameron was the leading fishing port in the nation primarily because of the large menhaden catch off the Cameron parish coast.

The general public is invited to the premiere showing of this film at 7 p.m. Tuesday, Feb. 2, at the Cameron elementary school auditorium.

The film is 30 minutes long and will be available to civic and religious organizations after this date for general showing.

10 p.m. -- Queen's Ball, K.C. Hall, Creole (Formal - Admission $20 couple)

Louisiana Fur and Wildlife Festival officers met Wednesday morning to discuss the possibility of postponing the 26th annual Louisiana Fur and Wildlife festival from this weekend due to the cold and icy weather.

However, after the weather bureau advised that most of the bad weather would be over by Thursday, the group decided to go ahead with plans for this weekend.

Only once during the 25 years of the festival did the festival have to be postoned due to cold weather and the 1958 festival was cancelled altogether because the parish was still recovering from Hurricane Audrey.

The schedule of the festival is to be found at left.

In addition to featuring all things connected with the fur and wildlife, each year an industry that contributes to the welfare of the parish is honored.

This year the oil industry will be honored and the king who is chosen to reign over the festival will come from that industry.

Some of the contests will be featured are fur skinning, trap shooting, archery, retreiver dog trails, trap setting and oyster shucking.

The parish eliminations will be held on Friday and the state contests on Saturday.

The parade down Cameron's main street starts at 2 p.m. Saturday, Jan. 16 and features beauty queens representing festivals from all over the state.

The parade marshal this year will be Congressman John Breaux.

Lions to sponsor festival dances

The Cameron Lions club will sponsor dances on Friday and Saturday nights during the Louisiana Fur and Wildlife Festival at the Cameron Recreation Center.

On Friday night, Jan. 15 the dance will be from 8:30 p.m. to 1 a.m. with music furnished by Jerry Furs and the Teardrops.

On Saturday night, Jan. 16, the dance will be from 8 to 12 p.m. with music by the Country Boogie Band.

Admission will be $5 per couple or $3 per person. Persons must be 18 years or older to attend.

Proceeds from the dances will go toward various eye conservation and crippled childrens projects conducted during the 1982 year by the Lions club.

Dean's list

James Everett Austin of Cameron is one of a number of area students who earned a place on the Dean's list for the fall semester at Louisiana State University by making a 3.5 average or better.

Gumbo set

The South Cameron High School Band Boosters will be serving gumbo in the lunchroom of the Cameron Elementary school Friday and Saturday during the Louisiana Fur and Wildlife Festival.

On Friday it will be served from 5 to 10 p.m. and on Saturday from 11 a.m. to 10 p.m.

MONICA REYES of Cameron is one of the 12 contestants in the Miss Cameron Parish contest which will be held Friday night at the Cameron elementary school as part of the Louisiana Fur and Wildlife Festival.

Red Cross to have van here

The Red Cross first aid van will be parked at the Cameron Elementary school all day Friday and Saturday, Jan. 15 and 16, beginning at 8 a.m. to be of service to anyone needing first aid treatment.

Literature on C.P.R., safety, etc. will be available.

Little Miss, Mr. contest is Thurs.

"Little Miss and Mr. Cameron Parish" will be selected from representatives of all of the communities in the parish at the Thursday night program of the Louisiana Fur and Wildlife Festival.

It will be held Thursday, Jan 14 in the auditorium of Cameron Elementary school at 7 p.m.

The contestants were each winners of contests held in their individual communities in December.

Mrs. Guthrie Perry is the coordinator, assisted by Msdms. Sue Mhire, Ruby Kelley, Shirley Bonsall and Miss Stacey Mudd, who will be the narrator.

Contestants representing each community are:

Little Miss and Mr. Cameron - Dixie Willis, daughter of Mrs. Debra McCall and David Willis and Bobby Carrol, son of Mr. and Mrs. Lloyd Carrol.

Little Miss and Mr. Grand Chenier - Adrienne Picou, daughter of Mr. and Mrs. Hayes Picou, Jr.; and Lance Bonsall, son of Mr. and Mrs. Tommy Bonsall;

Little Miss and Mr. Grand Lake - Christa Gale Neff, daughter of Mr. and Mrs. Ronald Neff; and Dwayne Mouton, son of Mr. and Mrs. Alfred Mouton, Sr;

Little Miss and Mr. Hackberry - Tiffany Seay, daughter of Mr. and Mrs. Charles Seay; and Dusty Jinks, son of Mr. and Mrs. Anthony Jinks;

Little Miss and Mr. Creole - Denise Domingue, daughter of Mr. and Mrs. John Domingue and Charles Smith, Jr., son of Mr. and Mrs. Charles Smith, Sr.

Little Miss and Mr. Johnson Bayou - Richard Badon, son of Mr. and Mrs. Raymond Badon and Benji Constance, daughter of Mr. and Mrs. Gene Constance.

The 1982 Little Miss and Mr. Cameron Parish will be crowned by last year's winners, Dawn Domingue and Jonathon Chilson.

The new winners will also take part in the Friday and Saturday night programs of the Louisiana Fur and Wildlife festival.

All of the contestants will ride on a float in the parade to be held Saturday afternoon at 2 p.m.

Cameron Outdoors

By Loston McEvers

Duck Hunting had it's ups and down for 1981.

Now that the duck season is over and we try to cap what happened, it's easy, not many ducks, not much water, and no cold weather, at least not enough in all 3 topics to have a good duck season.

Some areas did good, but just for a day or two at a time, but it wasn't much overall to brag about.

Barry Richard and I made our last hunts Sunday, and the front started in on us while in the blind. We managed to pick up 10 ducks with only one pintail, and we didn't miss except for one I missed and a hen Mallard we lost. When we got back to the camp, there were about 12 other hunters and we had done the best. Just one limit, but I was well satisfied, and they were fresh, pot roasted, and very good.

We tried a shot at some geese but they were a little too high. Goose season is still open until Jan. 27 and just maybe with this bad cold spell, we may see some geese and speckle belly in our area.

Other seasons still open are; Snipe - thru Feb. 21 - daily limit 8, possession 16, Woodcock - thru Feb. 14 - daily limit 5, possession 10; Geese - thru Jan. 27, see charts for limits; Quail - thru Feb. 28 - daily limit 10, possession 20; Rabbit - thru Feb. 28 - daily limit 8, possession 16.

Fishing talk: Saturday was such a beautiful day, everyone should have been fishing, but probably like myself, fishing has been real slow except for catfish and that's mostly trout lines at this time of the year. However, I cleaned and painted and got my boat ready, with the exception of a new depth finder I have to install and maybe a new trolling motor. So just hang in there in about another 6 weeks, Lacassine Refuge will open and the Big Burn two weeks later.

Lemesche Bass Club News: The officers of the Lemesche Bass Club had a special meeting at Phillip and Charlotte Trosclair's home in Grand Chenier Tuesday night, with very good gumbo. Our thanks for the hospitality.

The scores were tallied up so as to print the plaques, see the seasons tournaments (16 tournaments this year to help the 7 and 7 people set the dance and banquet.

The schedule went like this: Feb. 14, Award Banquet; May 7, Yearly dance.

Tournaments:

March 14, draw; March 28, select; April 28, draw; May 2, select; May 23, select (family day); June 13, draw; June 27, select; July 18, draw; Aug 1, select; Aug. 22, draw.

See you at the Fur Festival.

Learn gun safety

South Cameron High School eighth grade students enrolled in Health and Safety Mini-course under Bobby Pommier were given classroom instructions on rules for proper gun safety recently. Upon completion of the lesson, Paul Jackson, from Louisiana Wildlife & Fisheries put on a demonstration to give students first-hand experience in handling guns.

Students were given an opportunity to practice gun safety by shooting skeets.

In the above photo Mr. Jackson observes Billy Eakin as he shoots.

Shrimp boat licenses due

Resident and non-resident shrimp vessel licenses must now be obtained during the month of January each year due to a new law passed during the 1981 Louisiana Legislative session.

Shrimpers are cautioned that applications received after Feb. 1 cannot be processed and will be returned to the applicants.

However, the Department of Wildlife and Fisheries will trawl licenses at any time during the year.

The only exception to the new act is that vessel licenses for new vessels introduced into the commercial fishing fleet at a time other than Jan. 1 through Feb. 1 may be acquired within 45 days after acquisition of the vessels.

CONCERNED SHRIMPERS

Don't forget to buy your Commercial Shrimp License before Feb. 1st, or you will not be able to buy a license. This shouldn't be news to you, but someone else may not know, so take the time and tell a fellow shrimper who may not know how to read.

Our yearly meeting will be in Thibodaux, on the campus of Nichols State University in the 1200 seat Peltier Auditorium..

9 a.m. to noon: Sen. Sammy B. Nunez, Jr., "Seafood Marketing & Promotion Task Force"; Lt. Bill Glenn, US Coast Guard, "Coast Guard User Fees, Safety Devices and Boat Numbers;" Dr. Kenneth Roberts, LSU marine economist, "Limited Entry in Louisiana;' Prof. Gary Knight, LSU law professor, "Texas Closure;" Mike Wascom, LSU Sea Grant legal representative, "January Shrimping Licensing Law;" Gerald Horst, LSU marine advisory agent, "New Tax Breaks for Commercial Shrimpers."

2 to 5 p.m.--Congressman Billy Tauzin, "Federal Legislation;" Tee John Mialjevich, "Hospitalization Plan for Commercial Shrimpers."

8 p.m. until - Country Western Dance with a live band, snack table and free bar for $20 per couple, at the Holiday Inn. During the noon break we have made arrangements with the Holiday Inn for a special buffet meal at $3.95 per person. If you plan to attend the buffet or the dance please let me know by Jan. 20 either by mail or phone. Also if you want to stay the night at the Holiday Inn (2 blocks from the meeting) you can call 504-446-0561 and make arrangements. I suggest you don't wait too late. A room for two people is around $39 which is cheaper than an accident going home after the dance.

The meetings at Peltier Auditorium are free, so get your friends and come on down to Thibodaux and let's put together a Concerned Group of shrimpers who are Concerned about their living and doing something to help save it. Talk up the meeting and let's have a turn-out like this state has never seen before.

RESOLUTION

STATE OF LOUISIANA
PARISH OF CAMERON

WHEREAS, the commercial fishing industry is of vital importance to the livelihoods of many of the citizens of Cameron Parish; and,

WHEREAS, rising operating costs, especially fuel prices, have virtually crippled the profitability of commercial fishing operations; and,

WHEREAS, shrimp dockside prices have dropped significantly since 1979, while resulting cheaper increased imports from Mexico and other foreign countries where diesel fuel prices are still .17¢ per gallon; and,

WHEREAS, the United State Coast Guard Station in Cameron currently and for several years has not had any motor vessel and does not provide any search and rescue services; and,

WHEREAS, the search and rescue services provided by the United States Coast Guard through its nearby stations in Sabine Pass, Texas and Port Arthur, Texas have not served the area adequately.

THEREFORE, BE IT RESOLVED, that the Cameron Parish Police Jury strongly opposes any plan by the Federal Government to impose an annual user fee on shrimpers and other maritime industries for assistance and indirect services provided by the United States Coast Guard which currently are suggesting from $1,800 to $2,000 dollars annual charges per vessel.

It takes big dollars to serve business, industry and communities with natural gas, particularly since this fuel is being found further and further away from our traditional markets.

Our commitment to our customers is nowhere better illustrated than by our increased capital spending. In 1980, expenditures totaled $105 million for new onshore and offshore gas supply facilities, maintenance and reinforcement of the pipeline system, and joint venture gas supply projects.

For 1981, we are spending $170 million, primarily for gas supply projects and pipeline facilities. While the price of natural gas in the field is increasing, so is the cost of pipelines and other facilities necessary to bring it where it is needed.

Drug program is in operation

Substance abuse teams to deal with drug and alcohol problems have been established at South Cameron and Hackberry high school under the new SAPE program, the Cameron parish school board was told at its monthly meeting Monday.

Judith Jones, school supervisor, said the teams have trained teachers in the schools how to chart unusual behavior of students. The teams will meet weekly to review these reports and to decide how to help students found to have drug or alcoholic problems.

Parent nights are planned at the two schools to inform parents about the program.

Miss Jones said this spring the two teams will conduct an inservice training program for teachers so that similar programs can be established at the parish's four other schools next fall.

In other business, the board listening to a delegation of parents from Grand Lake asking that the band program be reinstated at Grand Lake high school.

They were informed that no band instructor could be found to replace the director who retired last year but that the board would continue to look for a replacement.

It was noted that Hackberry high school also has been without a band director for three years because of the difficulty in finding qualified directors.

The board was read a letter from the Cameron Association of Educators thanking the board for a recent teacher salary raise.

The resignation of Bobby Pommier, teacher and coach at South Cameron high school, was accepted.

The hiring of Lyle Van Horn as his replacement was approved. Other new teachers recently hired and approved by the board were: Mary Lou Grovenburg and Rachelle Chaffin, South Cameron elementary; and Wayne Chance, South Cameron high.

Mary Savoy and Phillip Bell were approved as sweeper for the central office and South Cameron high school respectively.

Mrs. Eula Mae Griffith was hired as an additional lunchroom worker for Johnson Bayou high school.

The board approved the issuance of $4.5 million of bonds for School District 10 (Cameron - Creole - Grand Chenier) with the bonds to be sold Feb. 8.

Bids for bleachers and track equipment for the new Johnson Bayou high school track also will be received Feb. 8.

The board approved granting Hackberry high school $700 to assist with repairs of its activity bus.

A request from Sheriff James Savoie for assistance in purchasing a computer was tabled until an attorney general's opinion could be obtained on the matter.

The board approved advertising for a head coach and athletic director for South Cameron high school for the 1982-83 session.

Aging party date reset

The Cameron Parish Council on Aging party originally scheduled tor Sunday afternoon Jan. 17 has been postponed to Jan. 24 at 5 p.m. in the reception room of the Wakefield United Methodist church in Cameron, due to the Fur Festival events.

A grocery bingo will be the featured event at the party.

TV course is offered by McNeese

Southwest Louisiana citizens will have a chance to participate in one of the most modern forms of education as McNeese State University will offer a course on television during the 1982 spring semester.

"Humanities Through the Arts" will be aired on Channel 18, Louisiana Public Broadcasting (LPB), from 10-11 a.m. on Sunday and repeated 11 p.m. to midnight on Thursday from Jan. 17 to April 29.

The three-hour credit course will be taught by Dr. Richey Novak, dean of the College of Liberal Arts, and requires only three class meetings on campus. These meetings have been set for 10 a.m. on Saturdays for the convenience of the working public and will meet Jan. 16, March 6 and May 8.

The "telecourse" will cover film, drama, music, literature, painting, sculpture and architecture from the perspectives of historical background to the view points of criticism and evaluation.

"An impressive array of experts and academicians lends support to this telecourse with thirty, 30-minute programs scheduled on Channel 18, states Dr. Novak.

Registration will be held at 10 a.m. Saturday, Jan. 16, in Kaufman 206 with the first broadcast set for 10 a.m. Sunday, Jan. 17.

Many of the program titles reflect the broad scope of the series and include "20th Century Legacy" in film, "Meaning for Every Age" in drama, "EMotion and Feeling in Sound," in music, "The Synthesis of Poetry" in literature, "Meaning Through the Ages" in painting, "Elements of Dimension" in sculpture and "From Earth to Sky" in architecture.

More information can be obtained by contacting the College of Liberal Arts or the Office of Community Services at McNeese

Couple married on drilling rig

A very unusual wedding took place in Cameron parish this week when Mrs. Tommy Alexander, local just of the peace, was called on to perform a wedding ceremony on an oil rig out in one of the vast floating turf marshes.

The wedding party, including Mrs. Alexander, all wore hard hats during the ceremony which united Miss Everte Marie Broussard and Billy Joe Abshire in marriage.

Both the bride and groom are from Lake Arthur and Abshire works as an oil field consultant on the rig.

Witnesses at the ceremony were John Gaspard, W. A. Morgan and Elizabeth R. Morgan.

Mrs. Alexander, left, is pictured with the newlyweds.

Johnson Bayou

By MIKKI PRESCOTT

Recapping 1981 brought back many pleasant events and also the reminder that the unpleasant events that plague other areas of the country are beginning to reach us in Johnson Bayou.

On the unpleasant side were the two murders with bodies left in Sabine Refuge. Both apparently narcotic related. Then there was the drug smugglers plane crash at Holly Beach that left two dead.

But without a doubt the good memories were more numerous than the bad. A year for weddings! Six that I remember: Denise Peavy and Edlaw Trahan, Alberta Bell and Edmond Trahan, Julie Hargrave and Rodney Billiot, Belinda Trahan and Jesse Simon, Helen Merrit and Eric LeBoeuf and Melinda Deroun and Tony Trahan.

Babies were abundant also with bundles of joy arriving for Claudette and Russel Badon (Corey), Hand and Liz Badon (Christopher), Edlaw and Denise Trahan (Minday), Johnny and Nancy Constance (Rachel), Robert and Tammy Romero (Ryan), Chris and Cheryl Skeldon (Christopher Brooks), Lester and Vicky Jinks (Norma Jean) and Brian and Tina Bell (Amy CeCyle).

We only lost five this year. I still count those who had moved away as residents, like Edith Trahan, Gus Adaway and Marion Burch. Living here at the time of death were Oscar Coleman and Mae Trahan.

The unfortunate accident that took two Hackberry girls, Julie Trahan and Liz Sanders, touched our community deeply. Aside from kin, Johnson Bayou and Hackberry have always been close in sports, 4-H, etc.

On the religious side, Johnson Bayou saw increased interest in the three churches. The Pentecostal Church added a new auditorium. The Catholic Church added a community center. The Baptist Church pastor celebrated his first year in service here. The churches held their third annual Thanksgiving program - a joint service. The Baptist Church initiated a "mature" citizens luncheon on a monthly basis for those over 60.

The school is always the center of activity in the community. The Harvest Festival set a new record of over $2,200. Queens were Karen Erbelding and Veronica Sandifer. But many new avenues were opened at the Harvest Festival this year with beauty pageants, talent shows, hoe down days. I was personally delighted to see the new methods of raising money where you felt like you were getting enjoyment out of giving money to the school.

Trudy Jinks was named Miss Basketball at the parish tournament. The boys scored an outstanding 120 points against Sabine Pass. Toby Sandifer netted 31 points in that game. The 1981 Sweethearts were Sheila Meaux and Bobby Lane Trahan.

The new track field was completed and other improvements begun. Belinda Simon and Robin Sandifer are the tutors for this year.

Little Mr. and Miss Johnson Bayou, Tina Jinks and Aaron Lagneaux, represented us at the Fur Festival.

Cindy McGee took a leave of absence and was replaced by Dianne Price.

The residential scene changed as Glenn and Donnel Trahan both barged in older houses from Hackberry and got them set up. New houses were started by Carol Trahan, Robert Trahan and Johnny Goodwin. Sonny McGee added on to his house plus built a garage. Bobby Brown moved his trailer from the back road to the front road. Jesse Simon moved his trailer to the back road. Rodney Billiot bought Ray Daigle's trailer and moved it. Jim Watkins got his double wide trailer set up on the far end of the road. Tony Trahan moved in a new trailer.

The industrial scene also changed with Tenneco starting construction on their new plant. Then Randall Corporation started on the new Shell plant. And what has become routine - another pipeline going west was laid.

Patty Morris replaced Belinda Simon at Cameron State Bank, then Francis Tingler replaced Dianne Price. Phyliss Trahan went to work at Stingray.

A full time maintenance man, Tony Trahan, was hired at the Recreation Center. Ron Vining resigned as Rec director and Dusty Sandifer was named to that post. Charles Jinks and Ann Badon were appointed to the Recreation Center Board.

The parish re-surfaced most of the parish roads and added a drainage bridge on the recreation center road.

Shrimping season was a record catch.

So looking back, Johnson Bayou really did prosper. New families, new babies, new homes, new jobs, a renewed interest in the spiritual part of our lives. Actively supporting the school and civic activities. Working together in all areas of our lives. If all of us reflect on the past year we will find 1981 was a lot better to us than we remember.

The onion is a lily that has been bred through the centuries for development of its bulb and suppression of its top.

Beach road funding is $3 million

Three million dollars has been funded by the state for the reconstruction of La. 82 between Holly Beach and Johnson Bayou, Ted Stockwell, a state highway engineer, said during a meeting of the Joint Legislative Committee on Transportation, Highways & Public Works in Lake Charles last Wednesday.

Final week to qualify

This is the final week to qualify as a candidate for delegate or alternate to the 1982 Louisiana Democratic Convention, announced Garner Nunez, Chairman of the Cameron parish caucus. "Any person wishing to be selected as a delegate or alternate must qualify before 5 p.m. Jan. 15., Nunez said. "Interested Democrats wishing further details concerning the Jan. 30 caucus and the March State convention should contact him immediately."

The 1982 Louisiana Democratic Convention is expected to be attended by the Democratic Congressional delegation, and other national Democratic leaders. The convention will adopt resolutions and a proposed platform to be presented to the Democratic Central Committee for possible adoption.

During the convention there will be several workshops relating to political party activities. These workshops will be of special interest to those actively engaged in political campaigns as a candidate or as a worker.

After the selection of the delegates and alternates on Jan. 30, proposed resolutions will be considered for presentation to the convention. Individuals who wish to sponsor resolutions should submit them in written form to Nunez prior to the date of the caucus.

BIRTHDAYS--Mrs. Theresa Theriot and Mrs. Ervis Portie, Sr. are shown with their birthday cakes at their joint birthday party held last Sunday in Cameron. Others enjoying the party were Mr. and Mrs. Joseph Giroir, Jr. and Cora, Ervis Portie, Sr., Vernish Hicks, Alta Hebert and Leslie Theriot.

Social events are set for queens

Several social events have been planned for the various queens and participants in the queen contests and other events of the Louisiana Fur and Wildlife Festival next weekend in Cameron.

On Thursday night the National Outdoor Queen and the delegation accompaning her from the National Outdoor Show in Cambridge, Maryland will be feted with a supper at the home of Mr. and Mrs. J. B. Jones in Sweetlake.

Club formed

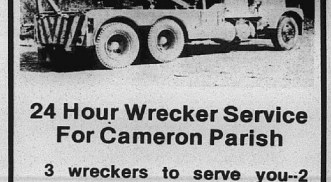
The Gulf Coast Hot Rod and Custom Club held its charter meeting last Thursday and these officers were installed:

Gary Gibson, president; Freddie Richard and Cedrick Hebert, vice-presidents; Nadine Richard, treasurer; and Roland Roux, secretary-recorder.

The club now has 22 members and extends an invitation to all persons interested in car, boat and bike racing to join.

A special membership drive meeting will be held at 7:30 p.m., Thursday, Jan. 21 at the Grand Chenier recreation center and all persons interested in joining are invited. A shrimp gumbo will be served.

On Friday afternoon the contestants of the Miss Cameron Parish contests will be honored at a tea in the home of Mrs. Pat Cogar which will be hosted by members of the Creole Extension Homemakers club, starting at 1:30 p.m.



On Friday night they will be guests of honor at a buffet supper in the home of Mr. and Mrs. Gilbert Mudd in Cameron, with Mrs. Becky Shirley serving as hostess, at 5:30 p.m.

The Mudd home will also be the scene of the Saturday morning brunch to honor the Louisiana Fur Queen contestants and the visiting queens from festivals all over Louisiana.

A buffet supper will be served in the home of Mrs. Lynn Jones, Sr. Saturday afternoon at Grand Chenier at 4 p.m. to honor festival dignitaries and guests.

Bar owners reply to Sheriff

In regards to the Sheriff's statement to the Police Jury published in the Cameron Parish Pilot last week, regarding three bar owners giving the Sheriff a problem about not closing at 2 a.m. during week days, I, John Richard, and Joe Venable, were two of the bar owners he arrested, mugged, fingerprinted, handcuffed, and relieved of our rights while not violating any law by being open after 2 a.m.

The problem is not the bar owners who were arrested but the Sheriff for violating our rights to do business during legal hours. The District Attorney could not find a charge or a violation on either of the bar owners. The Sheriff had been told by the Police Jury, the now assistant District Attorney, and also the District Attorney that closing at 2 a.m. on weekdays was not compulsory. It was also published in the Cameron Parish Pilot and the Lake Charles American Press.

New Queen

APRIL LEGER, right, of Hackberry was crowned as Miss Cameron Parish Friday night in Cameron. Runners-up, from left, were: Susan Spicer, third runnerup; Becky Conner, second runnerup; and Wendy Lannin, first runnerup.

Savoie named Fur Queen

By GENEVA GRIFFITH

Yvonne Savoie, a 19-year-old beauty, was crowned Louisiana Fur Queen at the climax of the Louisiana Wildlife and F ~ Festival Saturday night.

Yvonne is the daughter of Mr. and Mrs. Harold Savoie of Sweetlake and she represented Cameron Parish. She won over a field of 11 beauties from the fur producing parishes of Louisiana.

First runner-up was Jeannine Bergeron, Iberia Parish; second runner-up was Lori Devillier, St. Mary Parish; and third runner-up was Angie Benoit, Jeff Davis Parish.

Paula Michel of Assumption Parish won the Miss Personality Award.

Contestants were judged on beauty, personality and talent. Mrs. Karen Belenger was the coordinator, assisted by Mrs. Molina Skidmore and Mrs. Corrine Griffith. Mrs. Clarence Vidrine was the narrator and Mrs. Larry Dyson was the pianist.

The new queen was crowned by Miss Donna Harmon, the 1981 queen. She was joined on stage by King Fur XV, Charles (Buster) Rogers.

State Sen. Cliff Newman introduced Miss April Leger, the 1982 Miss Cameron Parish. Visiting royalty from 11 festivals throughout the state were also introduced and interviewed by Newman.

Judge Ward Fontenot introduced Carla Traverse, the National Outdoor queen, from Cambridge, Md., and explained that Cambridge, on the Eastern seaboard, is a twin city of Cameron. Each year the two cities exchange delegations to celebrate their festivals.

In the trap setting contest, held on stage, J. A. Miller won first place, Benny Welch, second and Duncar Crain, third.

The men's fur skinning contest, also held on stage, was won by Miller, who holds the world record for fur skinning. Miller skinned three muskrats in 57.7 seconds. Welch placed second and Benny Welch, Jr. was third.

Earlier in the day, 12-year-old Alice Welch placed first in the women's fur skinning contest. She and Miller won expense-paid trips to the National Outdoor Show in Cambridge, Md. in February, where they will compete for the world championship.

The LeMesche Bass Club won the Ed Swindell Memorial Award for the best all-around float in the parade which was held earlier in the day.

CROWNED AS Little Miss and Mr. Cameron parish last Thursday night in Cameron were Dixie Willis of Cameron and Dusty Jinks of Hackberry.

Livestock show set next week

The annual Cameron Parish livestock show will be held Thursday through Friday, Jan. 28-30 at the livestock barn east of Cameron.

The winners will participate in the Southwest District Livestock show in Lake Charles Feb. 17-21.

No animals will be released from the barn until the last animal is sold in the sale, according Gary Wicke, Assistant County Agent.

The schedule is as follows: Thursday, Jan. 28 - 10 a.m. - Beef Breeding show followed by Beef showmanship; 5 - 8 p.m. - Weigh hogs.

Friday, Jan. 29 - 8 a.m. - Hog show followed by showmanship; 12 noon - 1 p.m. - Weigh market lambs; 3 p.m. - Judging breeding sheep and market lambs followed by showmanship.

Saturday, Jan. 30 - 7 a.m. - Poultry, rabbits & pidgeons will be judged; 7:30 - 8 a.m. - Weigh steers; 8 a.m. - Dairy show followed by showmanship; 9 a.m. - Steer show; 11 a.m. - Buyers luncheon; 11:30 a.m. - Sale begins; 1 p.m. - Champions are sold.

Edwards to be speaker Sat.

"Agenda of the Eighties, Extravaganza-82" will be held by the Cameron NAACP Chapter at the Cameron elementary school auditorium at 7:30 p.m., Saturday, Jan. 23.

Former Governor Edwin Edwards will be the principal speaker.

Also scheduled to speak is Keigh Johnson of New Orleans, who is state Youth Committee Chairman for the NAACP.

Others on the program are: Rev. Herman Weston, prayer; Charles Cole, master of ceremonies; J. B. Jones, Cameron attorney; Don McZeal of McNeese; Mrs. Louise Cole, NAACP chapter president, who will introduce the speaker; and Sheriff James Savoie

Preceeding the program will be a reception at 6 p.m. at the Cameron police jury meeting room. Following the program will be a "poor man's dinner" at the Cameron recreation center.

Tickets for the program and dinner are $10 and may be secured from NAACP members or at the door.

Mrs. Cole said the program will deal with "the Reagan budget cuts, jobs, better education, social programs, etc."

Little Miss & Mr. chosen

Dixie Willis and Dusty Jinks were named "Little Miss and Mr. Cameron Parish" at the annual contest held in the Cameron Elementary school auditorium Thursday night, to open the Louisiana Fur and Wildlife Festival.

They were crowned by last year's winners, Dawn Domingue and Jonathon Cilson.

Dixie is the daughter of Mrs. Debbie McCall of Cameron and David Willis of Sweetlake. Dusty is the son of Mr. and Mrs. Anthony Jinks of Hackberry.

First runners-up were Tiffany Seay, daughter of Mr. and Mrs. Charles Seay of Hackberry, and Richard Badon, son of Mr. and Mrs. Raymond Badon of Johnson Bayou.

Mrs. Guthrie Perry served as program coordinator and Stacey Mudd as narrator. Others assisting were Mr. and Mrs. Ed Kelley, Mrs. Shirley Bonsall and Mrs. Sue Mhire.

Judges were Dr. and Mrs. Lee J. Monlezun, Dr. Wilbur Dahlquist, Mona Harper and Desi Devereaux, all of Lake Charles. Each contestant was presented with a trophy.

In the talent contests, Joni Constance and Scotty Sandifer placed first in their division with a disco dance, followed by Nita McGee with a gymnastics routine.

Placing first in the groups contest were the Grand Chenier Pom Pom girls, followed by the Cuda Cheerleaders.

Other talent numbers were presented by Barry Badon, Tiffany Racca, Stephanie Guilbeaux, Dana Willis and Dafne Eakin, Amanda Trahan, the Cameron clowns and the Johnson Bayou Western group.

Cameron parish youngsters who have won titles in other contests throughout the state were introduced. They are Dana Willis, Joni Constance, Bill Guthrie and Tara Kay LaBove.

Contest officials and festival officers were feted at the home of Mr. and Mrs. J. B. Jones in Sweetlake at a dinner after the program to welcome the group from the National Outdoor Show in Cambridge, Md. The group was headed by the National Outdoor Queen, Carla Travers. Other members of the delegation were Bill Doerge, David Frazier and Mr. and Mrs. Harry Sharp.

Festival host and hostess for the group were Mrs. J. T. Primeaux and Warner Daigle.

Winners

The LeMeche Bass Club was winner of the Edward Sindell Memorial Award for 1982 for the best all around float in the Louisiana Fur and Wildlife Festival's parade last Saturday. The float was also named the most original senior float.

The Cameron Council on Aging was second in the most original senior float.

The Cameron NAACP Chapter's float was judged the most beautiful senior float.

In the junior float division the Grand Chenier elementary school had the first place most original float.

Cameron elementary school and Brenda Jouett School of Dancing won first and second respectively in the most beautiful junior float division.

In the commercial float division Zapata was first; Shoreline, second; and Lake Charles Diesel, third.

Skinners to go to Maryland

J. A. Miller and Alice Welch, winners of the men's and women's muskrat skinning contest at the Louisiana Fur and Wildlife Festival Saturday, will represent the festival in the national fur skinning contests at the National Outdoor Show in Cambridge, Maryland in February.

Miller, who holds the world's muskrat skinning title, skinned his muskrats in 39.11 seconds, to win the La. championship again.

Pete Trahan was second with 52.89 seconds and Benny Welch third with 57.42 seconds.

Alice Welch skinned her rats in 49.96 seconds to win the women's muskrat title. Shirley Guillory was second with 1 minute, 1 second and Patty Trahan was third with 1:01.

Winners of the junior muskrat skinning and their times were: Yancy Welch, 1st, 17:08 seconds; Johnny Reina, 2nd, 22:01 seconds; and Willy Wynn, 3rd, 24:08 seconds.

Winners in the nutria skinning contests were:

Women's contest - Linda Dahlen, 1st, 1 min., 18.86 sec.; Inez Miller, 2nd, 1 min., 28 sec.; Shirley Guillory, 3rd, 2 min., 10.63 sec.

Charges are filed on crane theft here

Cameron parish District Attorney Jerry G. Jones has accepted charges against Earl Daniel McNeilly, 49, 705 Bush Street, Morgan City, for burglary, theft, unauthorized use of a tugboat and barge and simple criminal damage to property.

McNeilly was arrested on Jan. 3, by deputies from the Calcasieu and Cameron parish sheriffs department when he sold a crane, belonging to Cameron Construction Company, for $18,000, (which was valued at $350,000) to an undercover agent of the Calcasieu parish Sheriff's dept.

The crane was aboard a barge belonging to Central Services, Inc. of New Orleans, towed by a tug boat "Miss Rhonda" owned by Nunez Towing Company of Cameron.

He has also been charged with burglary of the tug boat "Alma R" on Dec. 10 which belongs to Rogers Boat Rentals of Cameron.

De s from Cameron parish ce to transport McNeilly from the Calcasieu parish jail, where he has been held since he was arrested, to the Cameron parish jail where he will be arraigned in 38th Judicial District Court.

CROWNED AS the 1982 royalty of the Louisiana Fur and Wildlife Festival last week were Yvonne Savoie, 1982 Louisiana Fur Queen, and Buster Rogers, King Fur XIV. (Photo by Geneva Griffith)

Rogers, Leger are given top honors

By GENEVA GRIFFITH

Charles "Buster" Rogers was named King Fur XIV Friday night to reign over the 26th Annual Louisiana Fur and Wildlife Festival in Cameron.

He was crowned by last year's co-kings, J. B. Jones, Jr. and Hadley A. Fontenot.

The Fur Festival this year saluted the oil industry with which Mr. Rogers has been associated for many years.

April Leger of Hackberry was named Miss Cameron Parish 1982. She is the 17-year-old daughter of Mr. and Mrs. Lucien Leger, Jr. of Hackberry.

First runner-up was Windy Lannin, second runner-up was Becky Conner and third runner-up was Susan Spicer.

Windy also won the Miss Personality award.

Mrs. Pat Ortego was pageant coordinator, assisted by Mrs. Ruby Dupis. Mrs. Donah Racca was narrator.

Judges were Mr. and Mrs. Maury Riff, Kent Mason and Ann Drake. Music was by Mrs. Larry Dyson.

Mrs. Wilma Guthrie was in charge of the program.

The new Miss Cameron was crowned by last year's queen, Yvonne Savoie.

The new Little Miss and Mister Cameron Parish, Dixie Willis and Dusty Jinks, carried the crown and flowers.

Bill Guthrie and Chris Herbert served as pages.

J. Baxton Blake, Fur Festival president announced that this year's festival was dedicated to four former deceased kings: Alvin Dyson, King II, Mark Richard, King III, Tom Steed, King V and Charles W. Hebert, King VI.

He stated, "They were not only former festival kings, but they were kings in their community."

Carla Travers, the National Outdoor Queen from cambridge, Md., and the delegation that accompanied her from the National Outdoor Show, were introduced as special festival guests.

She was presented with a mink fur coat by Blake and Paul Coreil, Festival vice president. She was also given a key to the city by Sheriff Sono Savoie.

Savoie also presented keys to Donna Harmon, 1981 Fur Festival Queen, and the newly chosen Miss Cameron, April Leger.

Kevin Driscall introduced each contestant with a musical number.

The program was staged by the Chenier Showcase Theater of Cameron, with numbers from the musical, "South Pacific."

Driscall and Beth Tanner also presented a special number, "Surrey With the Fringe on Top."

Thirteen state contestants from the fur-bearing parishes in the state were on hand and introduced to the audience.

Retriever winners told

Winners have been announced in the retriever dog trials held last week during the Louisiana Fur and Wildlife Festival.

Bob Chance's "Pepper" won the open state title, with dogs owned by O. J. Broussard, Ted Joanen and Bob Chance winning 2nd through fourth in that order.

Fred Dunham's dog won the Jam Award for state.

In the Cameron parish contests, Marshall LaFosse's "King" was first in the puppy class followed by dogs owned by Ray Burleigh and David Sturlese.

In the senior division, parish contest, Howard Romero's "Rome" was first; Howard Romero's "Velvet" was 2nd; Ray Burleigh, 3rd; and David Sturlese, 4th.

Winners told in calling

Winners in the waterfowl calling contests at the Louisiana Fur and Wildlife Festival last week were:

Senior duck calling: Jay Moon, 1st; Richard Timpa, 2nd; Bill Domingue, 3rd.

Junior duck calling: Doug Logan, 1st; Randall Hebert, 2nd; Jimbo LeBlanc, 3rd.

Senior goose calling: Richard Timpa, 1st; Frank Pickett, 2nd; and Bill Domingue, 3rd.

Bazaar meet

St. Mary of the Lake and St. Patrick's Churches will have a bazaar planning meeting Thursday, Jan. 28 in St. Mary's Church Hall.

Shucking winners told

Winners in the oyster shucking contest at the Louisiana Fur and Wildlife Festival were:

Men's division - Billy Doxey, 1st, 1:35.18; Hayes Picou, Sr., 2nd, 1:46.64; Tom Gaspard, 3rd, 1:49.

Women's division - June Kondrup, 1st, 1:00.15; Jean LeBleu, 2nd, 1:10.18; and Linda Dahlen, 3rd. 1:34.

Fines told

$4,371.25 was collected through 38th Judicial District Traffic Court on 82 tickets during the week of Jan. 11-15, according to Jerry G. Jones, Cameron Parish District Attorney.

Most Original

JUDGED AS the best all around float and as the most original senior float in the Louisiana Fur and Wildlife Festival parade Saturday was this entry of the LeMeche Bass Club. It won the Edward Windell Memorial Trophy.

MUSING...

By BERNICE STEWART DENNY

January of 1982 is almost over. The old year itself ended almost before it got under way, it seems. Yet, it was long enough to change my life in a dramatic manner.

January of 1981 was filled with the routine of living that I had come to accept. There were meetings to attend and relatives and friends to visit. Alone at home my hours were filled with reading and writing, seeking and organizing genealogical findings, sewing and crocheting.

One more afghan had been completed; another, begun. Now and then I would drive over to Iowa to visit Sue and Charles and the children. I was grateful that they were only thirty miles away instead of the two hundred they had been the six previous years.

"This is the way the rest of my life will be spent," I told myself one Saturday evening, and I figuratively hugged the comfort of my home and my style of living around me like a cloak.

The next morning, the first day of February- a chilly, rainy Sunday - I locked my side door for the last time and drove to Sunday School and church.

The last time, I said, because when I returned two hours later the door had burned away. A kind neighbor had come for me to impart the news. My house, my home for twenty-five years was burning down. By the time we reached my place the volunteer firemen of the Lake Arthur and the Thornwell Departments were getting the fire under control. Friends were rushing out to help.

No one knows the trauma, the helplessness, the numbness that grips one as he watches all his material possessions turning into soot and ashes unless he has experienced it.

At that moment I placed myself completely in God's hands. I was filled with gratitude--gratitude that no one had been injured, gratitude for the people who were working so diligently to put out the fire and to salvage as much as they could.

In the days and weeks that followed I was to know the love and caring concern of relatives and friends. They expressed themselves through labor and with money and letters and cards and telephone calls. As alway's, those in Cameron contacted me immediately.

I came to Iowa to make my home with my daughter and son-in-law until my own home in Lake Arthur could be rebuilt. They welcomed me as they had for the past five winters in Slidell.

The Iowa people whom I met were friendly. The United Methodist Church here extended the true hand of fellowship. I had attended the services on numerous occasions in 1980.

It was in a church school class that I really became acquainted with Clint Denny. Each of us had experienced loneliness during the years after our mates had died. We had attended the same college. We had similar backgrounds. Most of our ideas and views coincided. We enjoyed the same things.

As almost all of my friends know, Clint and I were married in July. Many have told us that God brought us together. We both firmly believe that God can fashion good from any mishap if we but trust him and permit him to direct us. Perhaps the fire precipitated the turning point in my life. If it had not occurred, Clint and I may never have become husband and wife.

Romance is not confined to youth. We are experiencing a wealth of love and understanding that maturity alone can provide. Both have learned valuable lessons in the school of life -- lessons which we feel are making us more sensitive to the needs of others.

It is as though a chapter of my old life ended and a new one began in 1981. My fervent wish is that 1982 end on as high a note as its predecessor.

Homemakers set meeting

The Grand Chenier Homemakers will hold its January meeting at 7 p.m. Jan. 26, at the home of Mrs. Lida Miller.

Hostesses for the evening will be Shirley Bonsall, Beverly Dyson and Lida Miller. The club will hold its White Elephant Sale and everyone is asked to bring your items for sale.

THE MARRIAGE of Delia Ann Duhon and Alcie Gerard Nunez will be at 2 p.m. Feb. 6 at St. Eugene Catholic Church at Grand Chenier. The bride-elect is the daughter of Paul H. Duhon of Cameron and the late Margaret Duhon. The prospective bridegroom is the son of Mr. and Mrs. Joseph A. Nunez of Grand Chenier.

Johnson Bayou

By MIKKI PRESCOTT

At the beginning of this century, celery was almost unknown as a commercial crop, little grown except in home gardens.

IT'S A BOY!

Brody Howell Trahan was born Jan. 15 on his father's birthday, to Malcolm and Marilyn Trahan. He weighed 6 lbs. 15 oz.

Grandparents are Utley and Georgia Marie Trahan and Rita Mae Badon and great-grandmother is Agnes Trahan.

They have one other son, Trevor, 2.

FUR FESTIVAL

Johnson Bayou had their foot in the door as usual at this year's Fur Festival. Richard Badon was first runner up in the Little Mister Contest. At the Thursday night program we had lots of talent on the program. Joni Constance and Scotty Sandifer placed first with their disco dance and Nita McGee, second with her gymnastic routine.

Others on the program were Barry Badon, Amanda Trahan and the Johnson Bayou Western Group (Amanda Trahan, Todd Jinks and Joni Constance). Bobby Lane Trahan was the only one who entered the poster contest but at least we had an entry.

LUNCHEON CHANGED

The "Mature Citizens" luncheon has been changed to the fourth Monday of the month making it Jan. 25 this month. That is next Monday at 10 a.m. at the Recreation Center. Meals have been good and a fun time. Come join your friends for a few hours.

MEN'S BREAKFAST

Next Sunday, Jan. 24 the Baptist Church's men will enjoy a breakfast at the Recreation Center at 7:30 a.m. to start the day off right for the nation wide "Baptist Men's Day".

SICK LIST

Rita Koppie is home now after a stay in the hospital with pneumonia. Pete and Iris Sells and Dude Jinks have been down with the flu but doing better now.

Willie McComic is back home now after breaking her hip in Dallas and spending several weeks in Northwest Medical Center. For 86 she is getting around really good after her ordeal.

Bettye Griffith is down again with the flu or pneumonia.

TONGUE TWISTER

The most difficult tongue twister is "the sixth sick sheik's sixth sheep's sick". But before you start trying, be sure people know what you are doing or they might think you have lost some marbles, or worse.

The Challenge of Genealogy

by MARIE WISE

The DAWSON Family Organization meets annually at the Jackson Methodist Church in Jackson, Louisiana "to keep in touch with family members and to gather new information on activities and history of Dawsons".

Proceeds from sale of a book about their family will be used for the organization to do more research into Dawson history.

DAWSON FAMILY

Our Dawson Kin by Sallie M. Patin is a hard-cover volume, 6x9 in., 220 pages, indexed, $22.00, available from: Mrs. Davis Patin, 11845 Newsom Drive, Baton Rouge, La. 70811 or Mrs. Rae D. Lawson, Box 845, Jackson, La. 70848.

The earliest proven ancestors of this line were William Dawson and Dinah McCormick, born in Virginia; married in 1795. Moving in 1803 to what is now West Feliciana Parish, they settled on a Spanish Land Grant from the Spanish Government of West Florida.

A few years later they and their children "were driven off their land by some men and a pack of dogs" and moved on to Wilkinson County, Mississippi. Dawsons later came back to Louisiana and there are many descendants now in our state.

This Dawson book lists 177 persons with the Dawson surname plus more than 500 allied names with Dawson family connections. Following the genealogy beginning and index, it has sections on biography, family Bibles, cemeteries, documents and pedigree charts.

TAYLOR OWENS

Taylor-Owens, Their Trails and Ties by Thomas A. and Edna C. Taylor is a big book, 8½x11 in., printed on heavy paper, 323 pages, hardcover, indexed, photographs, $25.00, available from: Thomas A. Taylor, 1687 E. 1460 N., Logan, Utah 84321.

Giving family and individual stories in addition to genealogy data and pedigree charts, this book offers considerable information on ancestors of the authors. Some lines are researched into the 1800s; others into the 1600s as they are traced spreading from the east coast across the nation.

Allied families include: George, Keyser, Burner, Briscoe, Kavannaugh, Rhodes or Roads, Strickler, Ruffner, Woods, Wallace, Hottel or Huddle.

COOK, PILCHER ROBERTS, ETC.

Patricia Huddleston, Rt. 1, Box 440BB, Palestine, Texas 75801 wants to exch. info. on: Richard M. COOK, b. 1832, Madison, Co., Ala., m. Mangum honored for aid to area

By GENEVA GRIFFITH

Alton Mangum, State Conservationist with the Soil Conservation Service at Alexandria, was the guest of honor at a retirement testimonial dinner held in his honor last Wednesday at the weekly noon luncheon of the Cameron Lions Club.

Local officials and members of the various drainage boards joined the Cameron Lions club members in giving Mangum a huge "Send-off" on his retirement.

Under a huge sign across the back wall which read "Thanks Alton, The Cameron-Creole Watershed, now a reality". E. J. Dronet introduced Mangum and Gene Simmons, the Assistant Conservationist for the state.

Dronet said "Mangum promised us that he would not retire until the Cameron-Creole Watershed was a reality, and he kept his promise because it is now a reality."

He pointed out that work on the application for the watershed was started in 1962 and was approved for study in 1964, in spite of many obstacles along the way, and Mangum was instrumental in seeing the project through and funded.

Sheriff James R. "Sono" Savoie presented Mangum with a key to the city of Cameron.

State Representative Conway LeBleu said "Those of us in Cameron parish who have been associated with the watershed project think that it is the most important project in the state and salute Mangum for his many years of work on it."

Judge H. Ward Fontenot outlined a brief history of the project and of the long struggle to get it approved and funded.

He pointed out that the importance of the nation's wetlands have just now been realized by the people as they see America's shorelines and wetlands being lost annually.

He said that Cameron parish's wetlands have been adversely affected by the deep water channel to Lake Charles and this was why the local people first started the plans for the watershed project, to save the ecological balance in the marshes.

He said because of the bureaucratic problems and the objections of people ecologists who didn't realize the full impact of the problem the Corps of Engineers "sat" on it for years.

He pointed out that Mangum made many trips to Washington and other places laying the groundwork for the project.

"Estuarine waters are the basis for white and brown shrimp, menhaden and much of the aquatic life of the Gulf and furnishes a part of the life cycle of each."

He said that the watershed will bring about the reversal of salt water intrusion and balance out the things that man has upset.

J. Berton Daigle, who serves on the board of the Calcasieu-Cameron SCS Committee, also paid tribute to Mangum.

Mangum stated that he was overwhelmed at this special tribute paid to him by the drainage boards, local officials and politicians and that he was proud to have been a part of making the watershed a reality.

"It will save some of your valuable fresh marshes here in Cameron parish. I have been disappointed in some of the delays but it has been worth it", he said.

"The plan developed in concurrence with the Fish and Wildlife Service was funded at $2.3 million dollars with the help of J. Bennett Johnston."

He also pointed out that Joe Hase, Deputy Chief of U.S. Natural Resources, who was scheduled to attend the dinner was stuck in Atlanta, Ga. by the weather and was unable to get here.

Dronet presented gifts to Mangum from the citizens of Cameron parish in appreciation.

MUSING...

By BERNICE STEWART DENNY

January of 1982 is almost over. The old year itself ended almost before it got under way, it seems. Yet, it was long enough to change my life in a dramatic manner.

January of 1981 was filled with the routine of living that I had come to accept. There were meetings to attend and relatives and friends to visit. Alone at home my hours were filled with reading and writing, seeking and organizing genealogical findings, sewing and crocheting.

One more afghan had been completed; another, begun. Now and then I would drive over to Iowa to visit Sue and Charles and the children. I was grateful that they were only thirty miles away instead of the two hundred they had been the six previous years.

"This is the way the rest of my life will be spent," I told myself one Saturday evening, and I figuratively hugged the comfort of my home and my style of living around me like a cloak.

The next morning, the first day of February- a chilly, rainy Sunday - I locked my side door for the last time and drove to Sunday School and church.

The last time, I said, because when I returned two hours later the door had burned away. A kind neighbor had come for me to impart the news. My house, my home for twenty-five years was burning down. By the time we reached my place the volunteer firemen of the Lake Arthur and the Thornwell Departments were getting the fire under control. Friends were rushing out to help.

No one knows the trauma, the helplessness, the numbness that grips one as he watches all his material possessions turning into soot and ashes unless he has experienced it.

At that moment I placed myself completely in God's hands. I was filled with gratitude--gratitude that no one had been injured, gratitude for the people who were working so diligently to put out the fire and to salvage as much as they could.

In the days and weeks that followed I was to know the love and caring concern of relatives and friends. They expressed themselves through labor and with money and letters and cards and telephone calls. As always, those in Cameron contacted me immediately.

I came to Iowa to make my home with my daughter and son-in-law until my own home in Lake Arthur could be rebuilt. They welcomed me as they had for the past five winters in Slidell.

The Iowa people whom I met were friendly. The United Methodist Church here extended the true hand of fellowship. I had attended the services on numerous occasions in 1980.

It was in a church school class that I really became acquainted with Clint Denny. Each of us had experienced loneliness during the years after our mates had died. We had attended the same college. We had similar backgrounds. Most of our ideas and views coincided. We enjoyed the same things.

As almost all of my friends know, Clint and I were married in July. Many have told us that God brought us together. We both firmly believe that God can fashion good from any mishap if we but trust him and permit him to direct us. Perhaps the fire precipitated the turning point in my life. If it had not occurred, Clint and I may never have become husband and wife.

Romance is not confined to youth. We are experiencing a wealth of love and understanding that maturity alone can provide. Both have learned valuable lessons in the school of life -- lessons which we feel are making us more sensitive to the needs of others.

It is as though a chapter of my old life ended and a new one began in 1981. My fervent wish is that 1982 end on as high a note as its predecessor.

The "Mature Citizens" luncheon has been changed to the fourth Monday of the month making it Jan. 25 this month. That is next Monday at 10 a.m. at the Recreation Center. Meals have been good and a fun time. Come join your friends for a few hours.

MEN'S BREAKFAST

Next Sunday, Jan. 24 the Baptist Church's men will enjoy a breakfast at the Recreation Center at 7:30 a.m. to start the day off right for the nation wide "Baptist Men's Day".

SICK LIST

Rita Koppie is home now after a stay in the hospital with pneumonia. Pete and Iris Sells and Dude Jinks have been down with the flu but doing better now.

Willie McComic is back home now after breaking her hip in Dallas and spending several weeks in Northwest Medical Center. For 86 she is getting around really good after her ordeal.

Bettye Griffith is down again with the flu or pneumonia.

TONGUE TWISTER

The most difficult tongue twister is "the sixth sick sheik's sixth sheep's sick". But before you start trying, be sure people know what you are doing or they might think you have lost some marbles, or worse.

At the beginning of this century, celery was almost unknown as a commercial crop, little grown except in home gardens.

The Challenge of Genealogy

by MARIE WISE

The DAWSON Family Organization meets annually at the Jackson Methodist Church in Jackson, Louisiana "to keep in touch with family members and to gather new information on activities and history of Dawsons".

Proceeds from sale of a book about their family will be used for the organization to do more research into Dawson history.

DAWSON FAMILY

Our Dawson Kin by Sallie M. Patin is a hard-cover volume, 6x9 in., 220 pages, indexed, $22.00, available from: Mrs. Davis Patin, 11845 Newsom Drive, Baton Rouge, La. 70811 or Mrs. Rae D. Lawson, Box 845, Jackson, La. 70848.

The earliest proven ancestors of this line were William Dawson and Dinah McCormick, born in Virginia; married in 1795. Moving in 1803 to what is now West Feliciana Parish, they settled on a Spanish Land Grant from the Spanish Government of West Florida.

A few years later they and their children "were driven off their land by some men and a pack of dogs" and moved on to Wilkinson County, Mississippi. Dawsons later came back to Louisiana and there are many descendants now in our state.

This Dawson book lists 177 persons with the Dawson surname plus more than 500 allied names with Dawson family connections. Following the genealogy beginning and index, it has sections on biography, family Bibles, cemeteries, documents and pedigree charts.

TAYLOR OWENS

Taylor-Owens, Their Trails and Ties by Thomas A. and Edna C. Taylor is a big book, 8½x11 in., printed on heavy paper, 323 pages, hardcover, indexed, photographs, $25.00, available from: Thomas A. Taylor, 1687 E. 1460 N., Logan, Utah 84321.

Giving family and individual stories in addition to genealogy data and pedigree charts, this book offers considerable information on ancestors of the authors. Some lines are researched into the 1800s; others into the 1600s as they are traced spreading from the east coast across the nation.

Allied families include: George, Keyser, Burner, Briscoe, Kavannaugh, Rhodes or Roads, Strickler, Ruffner, Woods, Wallace, Hottel or Huddle.

COOK, PILCHER ROBERTS, ETC.

Patricia Huddleston, Rt. 1, Box 440BB, Palestine, Texas 75801 wants to exch. info. on: Richard M. COOK, b. 1832, Madison, Co., Ala., m. Mangum honored for aid to area

By GENEVA GRIFFITH

Alton Mangum, State Conservationist with the Soil Conservation Service at Alexandria, was the guest of honor at a retirement testimonial dinner held in his honor last Wednesday at the weekly noon luncheon of the Cameron Lions Club.

Local officials and members of the various drainage boards joined the Cameron Lions club members in giving Mangum a huge "Send-off" on his retirement.

Under a huge sign across the back wall which read "Thanks Alton, The Cameron-Creole Watershed, now a reality". E. J. Dronet introduced Mangum and Gene Simmons, the Assistant Conservationist for the state.

Dronet said "Mangum promised us that he would not retire until the Cameron-Creole Watershed was a reality, and he kept his promise because it is now a reality."

He pointed out that work on the application for the watershed was started in 1962 and was approved for study in 1964, in spite of many obstacles along the way, and Mangum was instrumental in seeing the project through and funded.

Sheriff James R. "Sono" Savoie presented Mangum with a key to the city of Cameron.

State Representative Conway LeBleu said "Those of us in Cameron parish who have been associated with the watershed project think that it is the most important project in the state and salute Mangum for his many years of work on it."

Judge H. Ward Fontenot outlined a brief history of the project and of the long struggle to get it approved and funded.

He pointed out that the importance of the nation's wetlands have just now been realized by the people as they see America's shorelines and wetlands being lost annually.

He said that Cameron parish's wetlands have been adversely affected by the deep water channel to Lake Charles and this was why the local people first started the plans for the watershed project, to save the ecological balance in the marshes.

He said because of the bureaucratic problems and the objections of people ecologists who didn't realize the full impact of the problem the Corps of Engineers "sat" on it for years.

He pointed out that Mangum made many trips to Washington and other places laying the groundwork for the project.

"Estuarine waters are the basis for white and brown shrimp, menhaden and much of the aquatic life of the Gulf and furnishes a part of the life cycle of each."

He said that the watershed will bring about the reversal of salt water intrusion and balance out the things that man has upset.

J. Berton Daigle, who serves on the board of the Calcasieu-Cameron SCS Committee, also paid tribute to Mangum.

Mangum stated that he was overwhelmed at this special tribute paid to him by the drainage boards, local officials and politicians and that he was proud to have been a part of making the watershed a reality.

"It will save some of your valuable fresh marshes here in Cameron parish. I have been disappointed in some of the delays but it has been worth it", he said.

"The plan developed in concurrence with the Fish and Wildlife Service was funded at $2.3 million dollars with the help of J. Bennett Johnston."

He also pointed out that Joe Hase, Deputy Chief of U.S. Natural Resources, who was scheduled to attend the dinner was stuck in Atlanta, Ga. by the weather and was unable to get here.

Dronet presented gifts to Mangum from the citizens of Cameron parish in appreciation.

County Agent's Report

By CLIFFORD MYERS

COLD INJURY TO CITRUS

With the three recent hard freeze, most all citrus trees will be affected while many will probably be killed. What has happened is that the cells in the leaves were destroyed and possibly many in the branches also.

It is very difficult to point out a certain temperature as being the minimum that citrus trees will tolerate without being injured. Generally, as was discussing with Sono Crain, low temperatures of 4 to 6 hours are not more harmful than those not as low but of longer duration.

The condition of the tree determines to a great extent how severe it will be affected. Trees in healthy condition that were free of insects and diseases during the previous growing and bearing season will withstand lower temperatures without injury than others that are affected with diseases and/or insects.

Also, proper fertilization and timing of application is very important. Phosphorus applied in the fall will help harden the plants whereas, Nitrogen applied at the same time will, in most cases, create new growth thereby making the plant tender and more susceptible to cold injury.

IRRIGATION CANALS

Rice irrigation canals become infested with aquatic weeds and grasses causing a reduction in water flow and the seeds of these plants are carried in the rice fields adding to the weed and grass problem already existing in the rice fields.

Neil Hungerford and Lyons Breaux are making plans to spray with a mixture of 2, 4-D and Dalapon M. These two chemicals are mixed together in proportion to the weeds and grasses to be controlled.

Dalapon is slow reacting and therefore should be applied at least 30 days prior to filling the canal. They will both give good results when the plants are actively growing.

FARM SITUATION
AND OUTLOOK

Cattle The fed cattle market has traditionally perked up during the month of January. With reduced competitive meat supplies and some improvement in demand, there should be some modest improvement in prices for the next several weeks. However, with larger supplies becoming available in late January and February, price will most probably drop back to present levels.

Rice - U.S. rice exports for the 1981-82 marketing year are now being forecast to decline 14 percent from the 1980-81 level. A projected decline of 450,000 tons in exports to the Republic of Korea is the principal factor underlining the lower estimate. In addition, Indonesia has a large carryover rice stock. No U.S. rice is expected to be exported to that country in 1982.

NOTICE OF PUBLICATION
OFFICE OF
MINERAL RESOURCES
ON BEHALF OF THE
STATE MINERAL BOARD
FOR THE
STATE OF LOUISIANA
BATON ROUGE,
LOUISIANA 70821

By virtue of and in conformity with the provisions of Chapter 2, Title 30 of the Louisiana Revised Statutes of 1950, as amended, sealed bids will be received in the Office of Mineral Resources, State Land and Natural Resources Building, Baton Rouge, Louisiana, (P.O. Drawer 2827, Baton Rouge, LA 70821) on or before the 10th day of February, 1982 at 9:00 a.m., for a lease for oil, gas, drill or mine for and produce oil, gas and any other liquid or gaseous hydrocarbon minerals, sulphur and potash in and on the lands and water bottoms described in Tract No. 10604 through Tract No. 10619, inclusive, at which time and date the bids will be opened publicly in the State Land and Natural Resources Building, Capitol Complex, Baton Rouge, Louisiana. The descriptions of said tracts are more particularly set out below.

TRACT 10616 — Cameron Parish, Louisiana — All of the lands now or formerly constituting the beds and bottoms of all water bodies of every nature and description and all islands and other lands formed by accretion or reliction, except tax lands, owned by and not under mineral lease from the State of Louisiana on November 23, 1981, situated in Cameron Parish, Louisiana, within the following described boundaries: Beginning at the Southeast corner of State Lease No. 8707, having Lambert Plane Coordinates of X = 1,528,800.00 and Y = 432,650.00; thence North 3,700.00 feet along the East line of State Lease No. 8707 to the Southwest corner of State Lease No. 8708; thence East 8,700.00 feet along the South line of State Lease No. 8708 to its Southeast corner; on the West line of State Lease No. 9086, having Lambert Plane Coordinates of X = 1,537,500.00 and Y = 436,350.00; thence South 3,700.00 feet along the West line of State Lease No. 9086; thence West 8,700.00 feet to the point of beginning, estimated to contain approximately 385 acres, as shown outlined in red on a plat on file in the Office of the Secretary, Department of Natural Resources. There is SPECIFICALLY EXCLUDED from this tract all lands and waterbottoms determined to be privately owned in Miami Corporation vs. State Mineral Board, 173 So. 2d 315 (La. 1936). All bearings are based on Louisiana Lambert Plane Coordinate System (South Zone).

TRACT 10616 — Cameron Parish, Louisiana — All of the lands now or formerly constituting the beds and bottoms of all water bodies of every nature and description and all islands and other lands formed by accretion or reliction, except tax lands, owned by and not under mineral lease from the State of Louisiana on November 23, 1981, situated in Cameron Parish, Louisiana, within the following described boundaries: Beginning at the Southeast corner of State Lease No. 8442, having Lambert Plane Coordinates of X = 1,500,780.00 and Y = 417,735.00; thence West 5,400.00 feet and South 2,650.00 feet along the East line of State Lease No. 8442 to a point having Lambert Plane Coordinates of X = 1,503,300.00 and Y = 410,085.00; thence West 2,750.00 feet; thence North 1,400.00 feet to a point having Lambert Plane Coordinates of X = 1,500,550.00 and Y = 415,485.00; thence East approximately 5,400 feet to the intersection with the West bank of Mermentau River; thence Southwesterly along said bank to the intersection with a line having a Lambert Plane Coordinate of Y = 412,735.00; thence West to the point of beginning, estimated to contain approximately 600 acres, as shown outlined in red on a plat on file in the Office of the Secretary, Department of Natural Resources. All bearings are based on Louisiana Lambert Plane Coordinate System (South Zone).

TRACT 10618 — Cameron Parish, Louisiana — All of the lands now or formerly constituting the beds and bottoms of all water bodies of every nature and description and all islands and other lands formed by accretion or reliction, except tax lands, owned by and not under mineral lease from the State of Louisiana on November 23, 1981, situated in Cameron Parish, Louisiana, within the following described boundaries: Beginning at the Northeast corner of State Lease No. 8442, having Lambert Plane Coordinates of X = 1,500,780.00 and Y = 417,735.00; thence South 2,650.00 feet; thence East 5,280.00 feet to the point of beginning, estimated to contain approximately 41 acres, as shown outlined in red on a plat on file in the Office of the Secretary, Department of Natural Resources. All bearings are based on Louisiana Lambert Plane Coordinate System (South Zone).

TRACT 10617 — Cameron Parish, Louisiana — All of the lands now or formerly constituting the beds and bottoms of all water bodies of every nature and description and all islands and other lands formed by accretion or reliction, except tax lands, owned by and not under mineral lease from the State of Louisiana on November 23, 1981, situated in Cameron Parish, Louisiana, within the following described boundaries: Beginning at the Southeast corner of State Lease No. 8442, having Lambert Plane Coordinates of X = 1,500,780.00 and Y = 417,735.00; thence South 5,280.00 feet; thence West 5,550.00 feet; thence East 5,280.00 feet to the point of beginning, estimated to contain approximately 41 acres, as shown outlined in red on a plat on file in the Office of the Secretary, Department of Natural Resources. All bearings are based on Louisiana Lambert Plane Coordinate System (South Zone).

All bids are to offer a cash bonus for a lease having a primary term which shall not exceed three years and granted without any warranty or recourse against lessor whatsoever, either expressed or implied, not even for return by lessor of any payments received under the lease or being otherwise responsible to lessee. The minimum royalties required by RS 30:127, as amended, are one-eighth (1/8th) of all oil produced and saved; one-eighth (1/8th) of all gas produced and saved; one-eighth (1/8th) of the volume per long ton of sulphur produced and saved, which shall yield not less than two dollars per long ton; one-eighth (1/8th) of the value per ton for all potash produced and saved, which shall yield not less than ten cents per ton; and one-eighth (1/8th) of all other liquid or gaseous hydrocarbon minerals produced and saved. A bid of a royalty less than the aforesaid statutory minimums will be increased to said statutory minimums by the Board. All bidders are notified that the Board does not obligate itself to accept a bid which offers the aforesaid statutory minimums, but reserves the right to accept a bid which offers in excess of the statutory minimums, and is considered most advantageous to the State of Louisiana.

The provisions of this notice or advertisement and the relevant statutes establish the material considerations necessary for the formulation of proper bids, and this notice or advertisement shall not be deemed to be modified, enlarged or diminished by resolutions or policy expressions of the Board not incorporated herein expressly or by reference.

All leases awarded shall be executed upon terms and conditions provided in the current State lease form with all applicable riders appended thereto, including but not limited to provisions as follows: Should lessee fail to begin the actual drilling (spudding in) of a well on the lease within one year from the date of the lease, the lease shall terminate as to both parties to the lease, unless on or before such anniversary date, lessee shall pay a delay rental (which shall in no event be less than one-half the bonus offered), which shall cover the privilege of deferring drilling operations for a period of one year. Upon like payments annually, drilling operations may be further deferred for successive periods of one year each during the primary term of three years. The lease shall provide for the drilling of offset wells where necessary to protect the State's interest, and shall contain the provisions against the assignment or sublease of the lease unless approved by the State Mineral Board. The lessee shall have the right to enter into pooling or unitization agreements with respect to development of the leased property subject to the approval of the State Mineral Board.

Further, bidders are directed to the fact that, in addition to the aforesaid stipulation against warranty, the State Mineral Board also includes a special provision in the lease permitting lessee to reduce royalties provided in the lease to lessor on production of oil and gas by one-half (½), but not below the statutory minimum of one-eighth (1/8th), in the event of and pending final and definitive adjudication or other settlement of a title dispute or litigation involving lessee's ownership or title, of which the lessee is unaware at the time the terms and conditions thereof are stated. A full copy of Paragraph 12 including said stipulations is on file in the Office of the State Mineral Board, Baton Rouge, at the above address, and available for examination by anyone desiring to examine same.

Some tracts available for leasing may be situated in the State Inland Coastal Zone as defined in Act 361 of 1978 (La. R.S. 49:213). Such tracts may be subject to the guidelines and regulations promulgated by the Coastal Management Section of the Department of Natural Resources.

Certified check, cashier's check or bank money order, payable to the OFFICE OF MINERAL RESOURCES, for the amount of the cash bonus, shall accompany and be a part of each bid and each bid not so bid thus submitted may be thereafter withdrawn or cancelled. The certified check, cashier's check or bank money order accompanying the bid of the successful bidder shall be immediately negotiated by the OFFICE OF MINERAL RESOURCES and the proceeds thereof shall be held in the manner required by law. The successful bidder shall be notified that the lease is awarded on the date of the lease sale shall return the written lease, duly executed, within TWENTY (20) DAYS after bidder's receipt of same under penalty of forfeiture of the lease and the bonus previously tendered and negotiated in the event of failure to do so.

NOTE: In the case of all State Agency Lands, herein offered, certified checks, cashier's checks or bank money orders for the cash bonus shall be made payable to each respective State Agency, provided that if a sixteenth section, or part thereof, located in a township which is situated in more than one parish, is offered, certified check, cashier's check, or bank money order for the full amount of the cash bonus shall be made payable to the STATE TREASURER. Any Amendment, Assignment or Agreement entered into after the State Mineral Board has awarded any such lease must be approved by the Commissioner of Agencies.

Bids may be for the whole or any particularly described portion of the land advertised, in accordance with the policy of the Board as to acreage requirements, and on August 12, 1965, all bidders are hereby notified that bids on tracts of tracts should be described by metes and bounds and must be accompanied by a transparent plat outlining the tract or tracts upon which the bid is made. The scale of the plat should be 1 inch = 2000 ft.

The State Mineral Board reserves the right to reject any and all bids or to grant a lease on any portion of the tract advertised and to withdraw the remainder of the tract.

Coastal marshes subject of film

The four million acres of coastal marshes in Louisiana have been closely examined in a documentary film produced by the Northwestern State University Television Center for the Louisiana Department of Wildlife and Fisheries.

The 28-minute documentary, entitled "Louisiana's Coastal Marsh: A Threatened Paradise," will be distributed through the LDWLF's public information program to increase public awareness of the importance of the marshes and of recommendations to restore and preserve the state's coastline and wetlands.

Mark Cottrell of Shreveport, who recently received a master's degree from Northwestern, was the director and cinematographer for the project. The producer was Thomas N. Whitehead, producer-director of the NSU Television Center.

This is the eighth film that the NSU Television Center has produced for the Louisiana Department of Wildlife and Fisheries.

Other films produced by the center are "About Louisiana Boating," "Louisiana's Saltwater Harvest," "Managing Louisiana's Lakes," "The Wildlife Conservation Officer," "Allons Au Marais," "Survival in the Marsh" and "The Atchafalaya Basin: Nature's Renewable Resource."

The latest film explains that Louisiana's coastal marshes are important to the state's economy because of such activities as fishing, shrimping, oystering, trapping and oil and gas production.

But according to the documentary, the marshland in coastal Louisiana is being lost at a rate of more than 30,000 acres a year and "man has been mainly responsible."

The film states, "Over 800,000 acres of land have been lost in the last 80 years in southeast Louisiana...over half of this, some 460,000 acres, has been lost just in the last 25 years."

It also points out that, "If the present rate of loss continues, major areas of the Louisiana coastal region will be claimed by water within 50 years."

Plaquemines Parish, where segments for the documentary were filmed, has a life expectancy of only 52 years at the present rate of land loss in that parish, according to information in the film.

Among the man-made problems in land loss are the construction of Mississippi River levees, upstream diversions and flood control reservoirs, canal dredging for navigation and oil and gas production, and the drainage of the marshes and swamps for agricultural and urban development.

Various types of corrective measures to restore and preserve the Louisiana coastline and wetlands are brought out in the film. Among them are the introduction of fresh water, construction of barriers, and beach nourishment and revegetation.

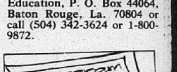
The film cites several reasons why efforts must be made to save the Louisiana coastal region, an area described as "one of America's most productive areas with resources renewable on an annual basis."

According to the documentary, about 25 percent of the nation's commercial fish and shellfish come from Louisiana coastal waters. The extensive coastal wetlands of Louisiana have made the state the leading fur-producing area in North America for years. One-third of the nation's furs are taken from the area.

The American alligator population in Louisiana has been increasing in recent years, and the Louisiana coastal region also has the largest nesting concentration of Bald Eagles in the south-central United States.

Recreational hunting and fishing are important in the region, and the coastal marshes are of great importance to wintering migratory waterfowl.

Scholarships available



T. H. Harris Scholarships are available to graduates of Louisiana high schools who wish to attend a state-supported university in Louisiana and have a 3.0 or better high school grade average, based on a 4.0 scale.

Applicants already enrolled in college must be full-time students, have had a 3.0 high school grade average and hold a 3.0 college average on a semester/quarter basis. Scholarships are given in the amounts of $100 for residents of the parish in which the university is located and $125 for students residing outside that parish.

Some funds are still available for the spring 1982 semester/quarter. For applications or additional information contact: Director Scholarship Division, Governors Special Commission on Education Services, State Department of Education, P. O. Box 44064, Baton Rouge, La. 70804 or call (504) 342-3624 or 1-800-272-9872.

Cameron Outdoors

By Loston McEvers

The last two cold spells we've had are to be remembered for quite a while, in fact the last 2 days of hunting were just shut down completely, with the mud boat trails iced up.

As for fishing in Cameron on the old river, a good dip net was all it took for redfish and spec's. Yes that's right, too cold for fish and they had to come up.

The most activity this past weekend was at the Fur Festival, which all the years that I have been riding on a float, this has got to be the most people of all. This year it was crowded from the start all the way to the Cameron elementary school.

Congratulations goes to Buster Roge on King Fur, Yvonne Savoie, the Queen, J. A. Miller on the Muskrat Skinning, the LeMeche Bass Club on the most original float and also the Ed Swindell award and to all the other winners in different catagories and all the nice floats.

Until next week, bye now.

Seminar set on crawfish

The L.S.U. Cooperative Extension Service will be conducting a crawfish production seminar in Lake Charles in February, in Room 103, Gayle Hall in McNeese State University Agriculture Building.

The guest speaker will be Larry de la Cretonne, Aquaculture Specialist for L.S.U. Extension Service, and an crawfish farming authority.

Topics to be covered include: crawfish pond, construction and location, water quality management; harvesting, marketing and processing.

Anyone interested in attending this free seminar may contact Paul Coreil's office in the Cameron or Calcasieu parish County Agent's office.

Water reaches its greatest density at 39.2°F. (4°C.).

JAMES YANCEY of Feazel Cottage at the Louisiana Baptist Children's Home in Monroe can hardly wait to accept the challenge offered by this five-pound candy bar that was donated during the recent food roundup. The Home is grateful to churches, individuals and groups in Calcasieu, Cameron and Beauregard parishes that participated in the roundup, donating canned goods, staple items and other useful things.

Rice Council sets meeting on Feb. 9

The annual Louisiana Rice Council meeting will be at 10 a.m. Tuesday, Feb. 9 at the Rice Festival Building, Crowley. Registration is at 9:30 a.m. and a luncheon will follow the program.

Louisiana State Executive Director of ASCS Willie F. Cooper will discuss this year's government rice program as it pertains to Louisiana. The Rice Council for Market Development will also report on its promotion, advertising and public relations activities throughout the United States and overseas.

The record crop this year has emphasized the importance of a market development program and Louisiana Rice Council President Jesse Knowles urges all rice farmers and spouses to attend the meeting.

Sunday Closing Law Destroyed By Cameron Parish VIPs!

Chapter 3, Article III, Paragraph B: (This paragraph states that all places of business engaged in the sale of alcoholic beverages shall be CLOSED and DOOR LOCKED by 1 a.m. on Sunday morning.) This was interpreted by the Police Jury to mean all patrons must be cleared of the building or premises.

This article was violated at 1:30 a.m., Sunday, January 17 in Creole, La. in the presence of the Sheriff, five of his deputies, Judge H. Ward Fontenot, a member of the district attorney's staff, one police juror and numerous other citizens. The sale of beverages had been closed but the consumption of beverages on the premises prevailed.

When reminded to check the time of day, not one deputy or the Sheriff made a move to stop the offense.

Remember, these men are the same men who arrested people in Holly Beach, Johnson Bayou, Rutherford Beach and Grand Chenier for the same or similar offense. Judge Fontenot sentenced a lady from Grand Chenier for the same violation. Sheriff Savoie had her arrested. The district attorney's office prosecuted her.

"Do as I say do, not as I do", must prevail here in Cameron Parish or is this Plaquemines Parish? Checking with two police jurors, there were not any requests granted for extra time to celebrate the Queen's Ball at the K.C. Hall on this date. If drinking is permitted after 1 a.m. on Sunday in the K.C. Hall, then all the bars should be allowed to close the bar section and continue to drink in the unlocked portion.

At a recent Police Jury meeting the Sheriff and district attorney asked for even stiffer laws. How can they do this when they can't live by these they now have?

Sheriff Savoie, answer the public as to why there were no arrests for this violation.

Judge Fontenot, have you fined yourself $100 as you did this woman? And does your name appear on the arrest sheet at the Police Department?

NAACP lambasts Treen and Reagan

Although the attendance at the Cameron NAACP's "Extravaganza/82" was very small last Saturday night, the principal speaker, former governor Edwin Edwards, didn't let it bother him a bit.

"Someone called me and told me that there might only be a handful of people here," he told the group, "but I said that any time there was a gathering of people in the state trying to better themselves, I'd come no matter how small the group."

Edwards made no secret of the fact that he is already running hard for re-election as governor in 1983 and said he was concerned about how things were going in Baton Rouge. "If you leave things in the wrong hands too long . . ." he commented.

He also had some criticism for President Reagan concerning his efforts to balance the budget by cutting some of the welfare program budgets.

"I suggest to President Reagan that he can better balance the budget by abolishing the Department of Energy that he promised to do when he was campaigning," Edwards stated. He said this move would save 515 billion a year.

However, he did give Reagan some credit for reducing government spending. "For a long time perhaps we went too far in the one direction," he noted. "But now we are going too far in the other direction. Maybe we need a few years in the middle of the road."

Edwards had praise for Sheriff James Savoie, who was also on the program. "He is one of the best and fairest in Louisiana," he commented. Edwards also noted that his son and his wife, Mr. and Mrs. David Edwards, had accompanied him to Cameron and that they were close friends of the sheriff also.

Keith Johnson of New Orleans, a member of the national NAACP board from New Orleans, also had praise for the sheriff.

"For years Cameron parish was a bad place for blacks to come to," he said. "I've known of blacks to just disappear, maybe in the Gulf, but since Sheriff Savoie has been in office, we've had nothing to fear."

Johnson then proceeded to tear into "Ronald (Geritol) Reagan" and "the lily white Senate" for what he said they had done to welfare and black programs. He also attacked Gov. Treen whom he said had been a member of the White Citizens Council and was a "moral threat" to blacks.

The Rev. Herman Weston, who told of the Solidarity Day March in Washington, told the audience that blacks were "outraged" that the Reagan administration was not backing the goals of blacks in this country.

Sheriff Savoie, who also spoke briefly, commended Edwards. "I don't think we ever had a finer governor," he said and noted Edwards help get two bridges over the intracoastal canal. "He is a fine man and needs your support in the coming election," he stated.

Others on the program included Mrs. Myrna Conner who represented Senator Cliff Newman at the meeting; Charles Cole, master of ceremonies; Mrs. Louise Cole, NAACP chapter president, who introduced guests; and the Voices of Zion.

The latter group led the audience in singing "We Shall Overcome" while everyone joined hands to end the program.

A reception preceeded the program at the police jury meeting room and a dinner followed at the Cameron recreation center.

Creole well funds given

Governor David C. Treen has allocated $100,000 from the Public Works Fund for installation of a water well in the community of Creole in Cameron Parish.

The funds will be allocated to Water Works District Number Seven and the Cameron Parish Police Jury for the installation of a well that will service not only the 600 customers in Creole and surrounding area, but 800 customers in the town of Cameron. The two systems are connected and the well will serve as a back-up for the Cameron water system.

The water well will service private residences as well as 59 commercial customers, mainly offshore industries.

Cameron Outdoors

By Loston McEvers

The last two cold spells we've had are to be remembered for quite a while, in fact the last 2 days of hunting were just shut down completely, with the mud boat trails iced up.

As for fishing in Cameron on the old river, a good dip net was all it took for redfish and spec's. Yes that's right, too cold for fish and they had to come up.

The most activity this past weekend was at the Fur Festival, which all the years that I have been riding on a float, this has got to be the most people of all. This year it was crowded from the start all the way to the Cameron elementary school.

Congratulations goes to Buster Roge on King Fur, Yvonne Savoie, the Queen, J. A. Miller on the Muskrat Skinning, the LeMeche Bass Club on the most original float and also the Ed Swindell award and to all the other winners in diffrent catagories and all the nice floats.

Until next week, bye now.

Sunday Closing Law Destroyed By Cameron Parish VIPs!

Chapter 3, Article III, Paragraph B: (This paragraph states that all places of business engaged in the sale of alcoholic beverages shall be CLOSED and DOOR LOCKED by 1 a.m. on Sunday morning.) This was interpreted by the Police Jury to mean all patrons must be cleared of the building or premises.

This article was violated at 1:30 a.m., Sunday, January 17 in Creole, La. in the presence of the Sheriff, five of his deputies, Judge H. Ward Fontenot, a member of the district attorney's staff, one police juror and numerous other citizens. The sale of beverages had been closed but the consumption of beverages on the premises prevailed.

When reminded to check the time of day, not one deputy or the Sheriff made a move to stop the offense.

Remember, these men are the same men who arrested people in Holly Beach, Johnson Bayou, Rutherford Beach and Grand Chenier for the same or similar offense. Judge Fontenot sentenced a lady from Grand Chenier for the same violation. Sheriff Savoie had her arrested. The district attorney's office prosecuted her.

"Do as I say do, not as I do", must prevail here in Cameron Parish or is this Plaquemines Parish? Checking with two police jurors, there were not any requests granted for extra time to celebrate the Queen's Ball at the K.C. Hall on this date. If drinking is permitted after 1 a.m. on Sunday in the K.C. Hall, then all the bars should be allowed to close the bar section and continue to drink in the unlocked portion.

At a recent Police Jury meeting the Sheriff and district attorney asked for even stiffer laws. How can they do this when they can't live by these they now have?

Sheriff Savoie, answer the public as to why there were no arrests for this violation.

Judge Fontenot, have you fined yourself $100 as you did this woman? And does your name appear on the arrest sheet at the Police Department?

NAACP lambasts Treen and Reagan

Although the attendance at the Cameron NAACP's "Extravaganza/82" was very small last Saturday night, the principal speaker, former governor Edwin Edwards, didn't let it bother him a bit.

"Someone called me and told me that there might only be a handful of people here," he told the group, "but I said that any time there was a gathering of people in the state trying to better themselves, I'd come no matter how small the group."

Edwards made no secret of the fact that he is already running hard for re-election as governor in 1983 and said he was concerned about how things were going in Baton Rouge. "If you leave things in the wrong hands too long . . ." he commented.

He also had some criticism for President Reagan concerning his efforts to balance the budget by cutting some of the welfare program budgets.

"I suggest to President Reagan that he can better balance the budget by abolishing the Department of Energy that he promised to do when he was campaigning," Edwards stated. He said this move would save $15 billion a year.

However, he did give Reagan some credit for reducing government spending. "For a long time perhaps we went too far in the one direction," he noted. "But now we are going too far in the other direction. Maybe we need a few years in the middle of the road."

Edwards had praise for Sheriff James Savoie, who was also on the program. "He is one of the best and fairest in Louisiana," he commented. Edwards also noted that his son and his wife, Mr. and Mrs. David Edwards, had accompanied him to Cameron and that they were close friends of the sheriff also.

Keith Johnson of New Orleans, a member of the national NAACP board from New Orelans, also had praise for the sheriff.

"For years Cameron parish was a bad place for blacks to come to," he said. "I've known of blacks to just disappear, maybe in the Gulf, but since Sheriff Savoie has been in office, we've had nothing to fear."

Johnson then proceeded to tear into "Ronald (Geritol) Reagan" and "the lily white Senate" for what he said they had done to welfare and black programs. He also attacked Gov. Treen whom he said had been a member of the White Citizens Council and was a "moral threat" to blacks.

The Rev. Herman Weston, who told of the Solidarity Day March in Washington, told the audience that blacks were "outraged" that the Reagan administration was not backing the goals of blacks in this country.

Sheriff Savoie, who also spoke briefly, commended Edwards. "I don't think we ever had a finer governor," he said and noted Edwards help get two bridges over the intracoastal canal. "He is a fine man and needs your support in the coming election," he stated.

Others on the program included Mrs. Myrna Conner who represented Senator Cliff Newman at the meeting; Charles Cole, master of ceremonies; Mrs. Louise Cole, NAACP chapter president, who introduced guests; and the Voices of Zion.

The latter group led the audience in singing "We Shall Overcome" while everyone joined hands to end the program.

A reception preceeded the program at the police jury meeting room and a dinner followed at the Cameron recreation center.

A WIN-WIN SITUATION

No matter where you draw the line, we have a high rate of return for you.

ALL SAVERS

The All Savers Certificate is not for everyone, but then again, neither is the small savers 2½ year certificate of deposit. Actually, at Cameron State Bank you come out a winner either way . . . you just have to pick the plan that's right for you.

The All Savers Certificate is a 1 year, fixed interest rate certificate which allows you to earn up to $2000.00 in savings interest, tax free, if you file a joint income tax return, or $1000.00 if you file individually. The Small Savers 2½ year certificate of deposit also has a fixed rate which, unlike the All Savers, is compounded quarterly. Both plans, however, only require a $500.00 minimum deposit. In any case, at Cameron State Bank, we pay the maximum interest rates allowable by law on all our investment plans. That means at Cameron State Bank, you'll always be a winner.

Come in today and let us help you decide which plan is right for you.

Sentences given in district court

By GENEVA GRIFFITH

The following sentences were handed down in 38th Judicial District court last week by Judge H. Ward Fontenot.

Romela Grace Trahan, 25, 710 W. Lyons St., Sulphur admitted that she had violated the conditions of her probation and the court revoked her probation and ordered her to serve the time previously sentenced.

She had originally been sentenced to four years in the Department of Corrections on May 4, 1978 for distribution of phencyclidine, and was resentenced on March 29, 1979 on an order of the Louisiana Supreme Court on an appeal, at which time her sentence was suspended and she was placed on supervised probation for three years.

She was recently charged in Calcasieu parish with a felony and was brought back to Cameron from the Calcasieu parish jail Wednesday for the sentencing.

She is being held in the Lake Charles parish jail until she can be sent to the Department of Corrections.

Victor W. Tarter, 50, Cutoff, was picked up on a fugitive warrent and pled guilty to 16 counts of issuing worthless checks and operating a motor vehicle with an expired license plate.

He was sentenced to serve six months in jail, suspended, and placed on one year supervised probation on the condition that he make restitution to all parties on whom the checks were made and that he pay court costs on all charges.

He pled not guilty to one worthless check charge and it will be fixed for a trial.

Stephen Merle Groomer, 25, Cameron, pled guilty to distribution of marijuana, distribution of meprobamate and possession of marijuana and was sentenced to four years in the Department of Corrections, suspended, placed on four years supervised probation and ordered to serve five months in the parish jail.

Jack C. Leonard, 22, Silvercreek, Florida was fined $300 and costs or 30 days in jail on a guilty plea to possession of marijuana.

Lori Ellen Schweizer, 20, Ingleside, Tex. was fined $150 and costs or one week in jail plus 15 days, placed on unsupervised probation for one year on the condition that she refrain from interferring with arresting officers on a charge of resisting arrest.

David William Stokes, 27, Conden, Ala. was sentenced to 30 days in jail, suspended, one year unsupervised probation plus $250 and costs or 30 days in jail for aggravated assault on Braxton Bragg Ellison with a gun.

Guilty pleas to D.W.I. drew the following sentences: Hallie W. Griffith, 20, J. B. Rt., suspension of the imposition of the sentence, pay court costs and one year unsupervised probation; and Calvin D. Smith, Jr., 30, Lafayette. $300 and costs or 30 days in jail.

Stephen Wayne Rhinehart, 32, 2100 Saintand, New Orelans was fined $35 and costs or 24 hours in jail for disturbing the peace (drunk)

William K. Poucher, 57, Sulphur, was fined $400 and costs, suspended and one year unsupervised probation, pay costs and the condition that he doesn't violate game laws during the term of the probation for Oystering in a closed area.

Roger D. Lavergne, 28, Lake Arthur was fined $45 and costs or 2 days for failure to maintain control and Larry W. Theriot, 20, Cameron, was fined $93 and costs or 3 days in jail for speeding 84 in a 55.

The following pled guilty to disturbing the peace by fighting and were fined $65 each and court costs or 3 days in jail for an incident on Dec. 22, 1981 at Gloria's Place, South Kelso Bayou Bridge in Hackberry: James Claude Granger, 28, Croker St., Sulphur; Robert A. Gros, 18, Wallace J. Gros, Jr., 27, (Gros Rd.), Sulphur; John Colonel Johnson, Jr., 20, Old Town Road, Hackberry; Michael Keith Johnson, 18, Seabreeze Rd., Hackberry; and Douglas Wayne Spicer, 19, MRH Box 295-A, Hackberry. Floyd Roy East, 21, MRH Box 23 A, Hackberry, also pled guilty to two charges of disturbing the peace, by fighting and drunk and his sentencing was set for March 3 when his trial will be held on a charge of criminal damage to property during the same incident to which he plead not-guilty.

Jackie Wayne Haley, 30, 105 James St., Center, Tex. was sentenced to serve 10 days in jail for driving under suspension.

Jason Allen Golden, 35, Cameron was fined $300 and costs or 30 days in jail for D.W.I.; $25 or one day for operating a motor vehicle without a drivers license and court costs for disturbing the peace (drunk).

Joseph Hampton Primeaux, 20, Rt. 1, Gueydan, received the suspension of the imposition of his sentence for one year and placed on unsupervised probation for possession of marijuana.

Fined $300 and costs or 30 days in jail for D.W.I. was John D. Shipley, Cameron.

Bench warrants were issued for the arrest of the following who failed to show up for court: Darrell Wayne Jones, 19, 4358 Knoxville St., Houston, Tex.; Mitchell T. David, 22, Rt. 1, Abbeville; Samuel Douglas Couch, 28, 314 March St., Lafayette; Wilfred Frank Trahan, 720 East, San Marcus, Tex.; Jerry L. Roberts, 35, 701 4th St., Morgan City; Guy Lee Hicke, Cameron; Robert Edward Ellison, 3400 45th St., Port Arthur, Tex.; Steven Keith Eddy, 18, Cameron; Jerry E. Summers, 33, Walnut Grove, Miss.; Faith Marie Brackin, Vinton; and Elba R. Williams, 28, 3619 Texas St., Lake Charles.

NAMED MR. and Miss Basketball at the Senior Parish Basketball tournament were Craig Vincent of Grand Lake and Truey Jinks of Johnson Bayou.

ALL TOURNEY players in the Junior Parish Basketball tournament were Darin Miller, Lori Jinks, Debra Badon and Pat Boudreaux of Johnson Bayou.

Cameron Outdoors

By Loston McEvers

This weeks weather after the fog lifted couldn't have been better for goose hunting or for fishing, with cool temperatures but nice sunny weather.

There's a few geese and speckle-bellies being killed, but not many.

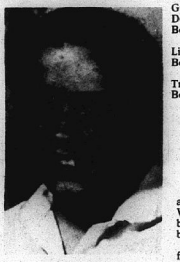
Fishing: This weekend quite a few anglers went out and enjoyed the sunshine and boated a few fish. There were a few nice redfish taken out of Big Constance (gulf side). In fact one boat had 11 reds and 3 drums, with the biggest red going 9¼ lbs. The other boat had 16 reds but all in around 3 to 5 lb. range. Quite a number were fishing along the Creole Canal and there were a few bass around ¾lb and some small bream taken. These were taken on small white and red beatles.

Trapping: Our trappers are having a hard time right now as their catches are very few and the price is low.

Fishing times: Jan. 30 and 31.

Saturday a.m. 9:10 to 12:00 fair fishing. Saturday p.m. 3:15 to 8:15 fair fishing.

Sunday a.m. 10:05 to 1:05 fair fishing. Sunday p.m. 4:20 to 7:30 fair fishing.



Catch you next week.

IT'S CALLED SQUIRRELING AWAY

Nearly everyone has heard about "squirreling away"—conservation for times of greatest need. And, of course, it comes from the squirrel, one of nature's smartest creatures, who methodically stores food for the winter.

So, too, at United Gas we annually have been squirreling away a different kind of vital necessity. During the warm season, when the demand is lower, we inject billions of cubic feet of natural gas into the porous limestone of storage formations. Here it is held safely until the winter demand goes up.

It's another way United Gas' foresight and investments of millions of dollars have helped keep the gas flowing during critical times. The lesson comes from nature, but our commitment to Gulf South energy puts it into practice.

A RESOLUTION AUTHORIZING THE ISSUANCE OF FOUR MILLION EIGHT HUNDRED THOUSAND DOLLARS ($4,800,000) PRINCIPAL AMOUNT OF BONDS OF SCHOOL DISTRICT NO. TEN OF THE PARISH OF CAMERON, LOUISIANA FOR THE PURPOSE OF PROVIDING FUNDS TO ACQUIRE AND IMPROVE SITES, ERECT AND EQUIP ADDITIONAL PUBLIC SCHOOL BUILDINGS, ACQUIRE THE NECESSARY EQUIPMENT AND FURNISHINGS THEREFOR, AND IMPROVE EXISTING PUBLIC SCHOOL BUILDINGS IN SAID DISTRICT, TITLE TO WHICH SHALL BE IN THE PUBLIC; PROVIDING FOR THE PAYMENT OF SAID BONDS; FIXING THE FORM AND DETAILS OF SAID BONDS; AND PROVIDING FOR THE SALE OF SAID BONDS.

WHEREAS, pursuant tot he provisions of a resolution adopted by the Cameron Parish School Board of the Parish of Cameron, Louisiana, on October 5, 1981, a special election in School District No. Ten (the "District") was held on November 28, 1981 on the question of the issuance of general obligation bonds of the District in the amount not to exceed four million eight hundred thousand dollars ($4,800,000) for the purpose of providing funds to acquire and improve sites, erect and equip additional public school buildings, acquire the necessary equipment and furnishings therefor, and improve existing public school buildings in the District, title to which shall be in the public; and

WHEREAS, a majority of the qualified electors of said District voting on the aforesaid question posed in said election voted in favor of such question to incur debt and issue such bonds of the District; and

WHEREAS, the Cameron Parish School Board has investigated the proceedings heretofore taken authorizing the issuance of said bonds and has found and does hereby determine that the same are regular and have been taken in all respects in due conformity with law; and

WHEREAS, under R.S.39:563 Louisiana Revised Statutes of 1950, as amended, makes it the duty of the Cameron Parish School Board to impose and collect annually, in excess of other takes, a tax on all property subject to taxation by the District sufficient in amount to pay the interest on and the principal failing due on said bond issue for each year, NOW THEREFORE,

BE IT RESOLVED BY THE CAMERON PARISH SCHOOL BOARD OF THE PARISH OF CAMERON, LOUISIANA:

SECTION 1. There are hereby authorized to be issued and sold bonds of School District No. Ten of the Parish of Cameron, Louisiana in the aggregate principal amount of four million eight hundred thousand dollars ($4,800,000) for the purpose of providing funds to acquire and improve sites, erect and equip additional public school buildings, acquire the necessary equipment and furnishings therefor, and improve existing public school buildings in the District, title to which shall be in the public. Said bonds shall be designated "School Improvement Bonds, Sries 1982" (the "Bonds"). The Bonds shall be dated February 1, 1982, shall be in the denomination of five thousand dollars ($5,000) each, shall be numbered from 1 to 960, inclusive, in order of maturity, shall be in coupon form payable to bearer, and shall bear interest at such rate or rates, not exceeding fifteen per centum (15%) per annum, as shall be determined upon the sale of the bonds, payable semiannually on February 1 and August 1 of each year, until the final payment of the principal and interest on said bonds, commencing on February 1, 1983, but only upon presentation and surrender of the respective coupons for such interest as they severally become due. Both principal of and interest on the Bonds shall be payable in any coin or currency of the United States of America which, on the date of payment thereof, shall be legal tender for public and private debts, at the fiscal office of Calcasieu-Marine National Bank in Cameron, Louisiana, or at the option of the holder, at the principal office of Cameron State Bank in Cameron, Louisiana.

The bonds of the issue of which this bond is a part maturing on and after February 1, 1993, may be called for redemption by the District, at the option of the District, prior to the stated maturities thereof, on and after February 1, 1992, in whole at any time, or in part from time to time on any interest payment date in inverse order of maturity (and if less than all of the bonds of any maturity shall be called for redemption, the bonds of such maturity to be redeemed shall be selected by lot), at the redemption prices with respect to each such bond, expressed as a percentage of the principal amount of the bond to be redeemed, set forth below, together with the accrued interest to the date of redemption:

Period During Which Redeemed (Both Dates Inclusive)	Redemption Prices
February 1, 1992 to January 31, 1993	103%
February 1, 1993 to January 31, 1994	102%
February 1, 1994 to January 31, 1998	101%
February 1, 1998 and thereafter	100%

In the event this bond shall be called for redemption, notice of such redemption shall be given by publication in a newspaper of general circulation published in the Parish of Cameron, and in a financial newspaper or journal published in the City of New York, New York, such publication in each case to be not less than thirty (30) days prior to the date fixed for redemption. If this bond shall have been duly called for redemption and notice of such redemption duly given, and if on or before such redemption date the payment of the principal amount hereof to be redeemed and the interest accrued on such principal amount to the redemption date shall be duly made or provided for, then this bond shall become due and payable on such redemption date and from and after such redemption date interest on the principal amount to be redeemed shall cease to accrue and the coupons representing such interest shall be void.

It is hereby certified, recited and declared that this Bond is authorized by and is issued in conformity with the requirements of the Constitution and statutes of the State of Louisiana; that all conditions, acts and things required by the Constitution and laws of the State of Louisiana to exist, happen and be performed precedent to and in the issuance of this bond and the bonds of the issue of which this bond is one do exist, have happened and been performed in regular and due time, form and manner as required by law; that this bond and the bonds of the issue of which this bond is one together with all other indebtedness of the District are within any constitutional or statutory limitation on indebtedness applicable to the District; that the full faith and credit of the District are irrevocably pledged to the payment of the principal and interest on this bond and the bonds of the issue of which this bond is one as the same respectively become due.

IN WITHESS WHEREOF, the Cameron Parish School Board, the governing authority of the District has caused this bond to be executed in its name by the President and Secretary of such Board, by their manual or facsimile signatures (provided that one of such signatures shall be a manual signature), the seal of the said Cameron Parish School Board to be affixed or a facsimile hereof imprinted hereon, the coupons pertaining to this bond to be executed by the facsimile signatures of said President and Secretary, and this bond to be dated the first day of February, 1982.

SECTION 4. Pursuant to law, and particularly pursuant to Section 39:699 of the Louisiana Revised Statutes of 1950, as amended, there is hereby imposed and shall be collected annually, in excess of all other taxes, a tax on all property subject to taxation by the District sufficient in amount to pay the interest on the Bonds and the principal failing due hereon for each year, which tax shall be levied and collected by the same officers, at the same time and in the same manner as the general taxes for the District. The full faith and credit of the District are hereby irrevocably pledged to the payment of the principal of and the interest on the Bonds.

SECTION 5. The Secretary of the Cameron Parish School Board is hereby authorized and directed to cause the Bonds to be offered at public sale on sealed bids on such date as shall be given notice of publication at least two times in a newspaper to be made at least seven clear calendar days in advance of the date scheduled for the reception of the bids with the second publication to be made at least seven clear calendar days subsequent to the first publication, in a newspaper of general circulation published in the Parish of Cameron, and at least seven clear calendar days in advance of the date scheduled for the reception of bids, in either The Times Picayune, in New Orleans, Louisiana, the same being a newspaper of general circulation, or, a financial journal or newspaper containing notices directed to municipal bond news in either of the cities of New Orleans, Louisiana, or New York, New York.

The Cameron Parish School Board shall meet on the date and at the time selected by the Secretary of the Cameron Parish School Board for the reception of bids for the Bonds for the purpose of considering and acting upon the bids received. If any of the bids for the Bonds shall be accepted, the Cameron Parish School Board at such meeting shall adopt proceedings fixing the rate or rates of interest to be borne by the Bonds in accordance with the bid accepted and authorizing such other action pertaining to the issuance, sale and delivery of the Bonds as may be necessary.

SECTION 6. The Notice of Sale shall be in substantially the following form, to-wit:

NOTICE OF SALE
$4,800,000
SCHOOL DISTRICT NO. TEN
OF THE PARISH OF CAMERON, LOUISIANA
SCHOOL IMPROVEMENT BONDS,
SERIES 1982

Time and Place for Receipt of Bids. Sealed proposals will be received by the Cameron Parish School Board of the Parish of Cameron, Louisiana, the governing authority of School District No. Ten of Cameron Parish, Louisiana (the "District"), for the purchase of all but not less than all of four million eight hundred thousand dollars ($4,800,000) School Improvement Bonds, Series 1982 of the District at the School Board Office in Cameron, Louisiana, up to 11:00 o'clock A.M., Louisiana Time, on February 8, 1982, at which time and place the sealed proposals will be publicly opened.

Bond Details. The bonds offered for sale will be dated February 1, 1982; will be coupon bonds in the denomination of $5,000 each; will bear interest payable semiannually on February 1 and August 1 of each year until the maturity thereof, commencing on February 1, 1983; and will mature serially in numerical order on February 1 in each of the years and in the respective principal amounts as follows:

Year	Principal Amount
1983	$65,000
1984	75,000
1985	85,000
1986	95,000
1987	105,000
1988	115,000
1989	130,000
1990	145,000
1991	165,000
1992	185,000
1993	205,000
1994	230,000
1995	260,000
1996	290,000
1997	325,000
1998	365,000
1999	410,000
2000	460,000
2001	515,000
2002	575,000

Both principal of and interest on the bonds will be payable at the Branch office of Calcasieu-Marine National Bank in Cameron, Louisiana, or at the option of the holder, at the principal office of Cameron State Bank in Cameron, Louisiana.

Prior Redemptions. Bonds maturing February 1, 1993 and thereafter are subject to redemption at the option of said District on and after February 1, 1992, in whole at any time, or in part from time to time on any interest payment date in inverse order of maturities and by lot within a maturity, at the redemption prices with respect to each such bond, expressed as a percentage of the principal amount of the bond to be redeemed, set forth below, together with the accrued interest to the date of redemption:

Period During Which Redeemed (Both Dates Inclusive)	Redemption Prices
February 1, 1992 to January 31, 1993	103%
February 1, 1993 to January 31, 1994	102%
February 1, 1994 to January 31, 1998	101%
February 1, 1998 and thereafter	100%

At least thirty days' notice of redemption will be given by publication in a newspaper of general circulation published in the Parish of Cameron, and in a financial newspaper or journal published in the City of New York, New York.

Payment and Security. The full faith and credit of the District are pledged to the payment of the principal of and interest on the bonds, and the District is authorized and required to levy ad collect annually, in excess of all other taxes, a tax on all the property subject to taxation by the District, sufficient in amount to pay the interest and the principal failing due each year.

Bidding Details. Each bid must be on the official bid form furnished by the undersigned and enclosed in a sealed envelope marked "Bid for $4,800,000 School Improvement Bonds, District No. Ten of the Parish of Cameron, Louisiana" and must be directed to the undersigned. Bidders shall specify the rate of interest which the bonds of each maturity shall bear, to be expressed in multiples of one-eighth (1/8) or one-twentieth (1/20) of one percent (1%). Bidders are not restricted as to the number of rates that may be named and any rate named may be repeated, but all bonds maturing on the same date must bear interest at the same single rate from their date to such maturity date. No rate named may exceed fifteen per centum (15%) per annum and the bond maturing February 1, 1993 and lowest rates named may not exceed two and one-half percent (2½%). Only one coupon will be attached to each bond for each installment of interest thereon, and bids providing for additional or supplemental coupons will be rejected. No proposal will be considered for less than all the bonds or at a price less than par or which specifies the cancellation of coupons or the payment of any premium thereof in anything other than cash. In addition to the price bid, the successful bidder must pay accrued interest from the date of the bonds to the date of their delivery and payment for the bonds. The bid must be unconditional and must be accompanied by a certified or cashier's check drawn upon a solvent bank or trust company payable to the order of Cameron Parish School Board, in the amount of ninety-six thousand dollars ($96,000). Checks of unsuccessful bidders will be returned promptly after the award of the bonds, the check of the successful bidder will be deposited by the Cameron Parish School Board, the proceeds of which will be credited on the purchase price on the settlement date or in the event the successful bidder fails to accept delivery of and pay for the bonds, retained by such Board as liquidated damages. No interest will be allowed upon the amount of such good faith check.

Award of the Bonds. Prior to the close of business on the date of opening of sealed proposals, the bonds will be awarded to the responsible bidder or bidders offering to purchase the bonds at such rate or rates of interest as will produce the lowest net interest cost to the District over the life of the bonds, such cost to be determined by deducting the total amount of any premium bid therefor as aggregate amount of interest payable on all of the bonds from their date until their respective maturities. The right is hereby reserved to reject any or all bids or to waive any irregularity or informality in any bid.

CUSIP Numbers. It is anticipated that CUSIP identification numbers will be imprinted on the filing panel of the bonds, but neither the failure to print any such number on any bonds nor any inaccuracy, error or omission with respect thereto shall constitute cause for failure or refusal by the successful bidder to accept delivery of and pay for the bonds in accordance with the terms of its bid. No such CUSIP identification number shall constitute a part of the contract evidenced by the particular bond upon which it is imprinted and no liability shall attach to the District or any officer or agent thereof, including any paying agent for the bonds, by reason of such numbers or any use made thereof, including any use thereof made by the District, any such officer or any such agent, or by reason of any inaccuracy, error or omission with respect thereto or in such use. Except for the CUSIP Service Bureau charge for the assignment of such numbers, which shall be the responsibility of and shall be paid by the successful bidder, all expenses in relation to the imprinting of such numbers on the bonds will be paid by the District.

SECTION 8. The proceeds derived from the sale of the Bonds shall be applied to acquire and improve sites, erect and equip additional public school buildings, acquire the necessary equipment and furnishings therefor, and improve existing public school buildings in the District, title to which shall be in the public. The District covenants to and with the holders of the Bonds, and with the holders of hereof from purchasers of the Bonds, and with the holders from time to time that the District shall make no use of the proceeds of the sale of the Bonds or any investment income therefrom which would cause the bonds to be "arbitrage bonds" under Section 103(c) of the U.S. Internal Revenue Code of 1954, as amended, and the District shall comply with the applicable Treasury Regulations adopted under such Section 103(c) so long as any bond is outstanding.

SECTION 9. This resolution shall take effect immediately upon its adoption, and all prior resolutions or parts thereof in conflict with this resolution are and are hereby repealed to the extent of such conflict herewith.

ADOPTED AND APPROVED this 11th day of January, 1982.

On motion of Mr. Dupont, seconded by Mr. Billiot, the Board appointed Eula Mae Griffith as an additional lunchroom worker at Johnson Bayou High School.

Only one coupon will be attached to each bond for each installment of interest thereon, and bids providing for additional or supplemental coupons will be rejected. No proposal will be considered for less than all the bonds or at a price less than par or which specifies the cancellation of coupons or the payment of any premium offered in anything other than cash. In addition to the price bid, the successful bidder must pay accrued interest from the date of the bonds to the date of the full payment of the purchase price. Each bid must be unconditional and must be accompanied by a certified or cashier's check drawn upon a solvent bank or trust company payable to the order of Cameron Parish School Board, in the amount of ninety-six thousand dollars ($96,000). Checks of unsuccessful bidders will be returned promptly after the award of the bonds. The check of the successful bidder will be deposited by the Cameron Parish School Board, the proceeds of which will be credited on the purchase price on the settlement date or in the event the successful bidder fails to accept delivery of and pay for the bonds, retained by such Board as liquidated damages. No interest will be allowed upon the amount of such good faith check.

Award of the Bonds. Prior to the close of business on the day of opening of sealed proposals, the bonds will be awarded to the responsible bidder or bidders offering to purchase the bonds at such rate or rates of interest as will produce the lowest net interest cost to the District over the life of the bonds, such cost to be determined by deducting the total amount of any premium bid from the aggregate amount of interest payable on all of the bonds from their date until their respective maturities. The right is hereby reserved to reject any or all bids or to waive any irregularity or informality in any bid.

CUSIP Numbers. It is anticipated that CUSIP identification numbers will be imprinted on the filing panel of the bonds, but neither the failure to print any such number on any bonds nor any inaccuracy, error or omission with respect thereto shall constitute cause for failure or refusal by the successful bidder to accept delivery of and pay for the bonds in accordance with the terms of its bid. No such CUSIP identification number shall constitute a part of the contract evidenced by the particular Bond upon which it is imprinted and no liability shall attach to the District or any officer or agent thereof, including any paying agent for the bonds, by reason of such numbers or any use made thereof, including any use thereof made by the District, any such officer or any such agent, or by reason of any inaccuracy, error or omission with respect thereto or in such use. Except for the CUSIP Service Bureau charge for the assignment of such numbers, which shall be the responsibility of and shall be paid by the successful bidder, all expenses in relation to the printing of such numbers on the bonds will be paid by the District.

Delivery of Bonds: Delivery of the fully executed bonds will be made at the expense of the District, at the option of the successful bidder at either the School Board Office in Cameron, Louisiana, or at any bank or trust company mutually agreeable to the District and the purchaser in New Orleans, Louisiana, on March 15, 1982, or as soon thereafter as possible. The purchase price then due, including the amount of the accrued interest, must be paid by a certified or cashier's check drawn upon a solvent bank or trust company payable to the order of Cameron Parish School Board. Upon delivery of and payment for the bonds the purchaser will also be furnished with the usual closing documents, including a certificate that no litigation is pending or threatened affecting the issuance of the bonds. The purchaser will also be furnished at the expense of the District with the approving legal opinion of Wood & Dawson, New York, New York, bond counsel, as to the validity of the bonds, which opinion will be printed upon the bonds.

Offering Circular; Additional Information. Copies of an offering circular regarding the School Improvement Bonds, Series 1982 of School District No. Ten of the Parish of Cameron, Louisiana and copies of the official bid form are available upon application to Mr. George W. White, Fiscal Services, Inc., 535 Gravier Street, 7th Floor, New Orleans, Louisiana 70130, or to the undersigned. Information relating to the bonds, will be furnished upon application to the undersigned.

SECTION 7. It is anticipated that CUSIP identification numbers will be imprinted on the filing panel of the bonds, but neither the failure to print any such number on any bonds nor any inaccuracy, error or omission with respect thereto shall constitute cause for failure or refusal by the successful bidder to accept delivery of and pay for the bonds in accordance with the terms of its bid. No such CUSIP identification number shall constitute a part of the contract evidenced by the particular bond upon which it is imprinted and no liability shall attach to theDistrict or any officer or agent thereof, including any paying agent for the bonds, by reason of such numbers or any use made thereof, including any use thereof made by the District, any such officer or any such agent, or by reason of any inaccuracy, error or omission with respect thereto or in such use. Except for the CUSIP Service Bureau charge for the assignment of such numbers, which shall be the responsibility of and shall be paid by the successful bidder, all expenses in relation to the printing of such numbers on the bonds will be paid by the District.

SECTION 8. The proceeds derived from the sale of the Bonds shall be applied to acquire and improve sites, erect and equip additional public school buildings, acquire the necessary equipment and furnishings therefor, and improve existing public school buildings in the District, title to which shall be in the public. The District covenants to and with the purchasers of the Bonds, and with the holders thereof from time to time that the District shall make no use of the proceeds of the sale of the Bonds or any investment income therefrom which would cause the bonds to be "arbitrage bonds" under Section 103(c) of the U.S. Internal Revenue Code of 1954, as amended, and the District shall compoy with the applicable Treasury Regulations adopted under such Section 103(c) so long as any bond is outstanding.

SECTION 9. This resolution shall take effect immediately upon its r ion, and all prior resolutions or parts thereof in conflict w... is resolution be and are hereby repealed to the extent of such conflict herewith.

ADOPTED AND APPROVED this 11th day of January, 1982.

County Agent's Report

By CLIFFORD MYERS

FREEZE DAMAGE

Some plants not normally affected by the cold, suffered freeze damage during the recent cold period. However, delay pruning freeze-damaged plants until spring because the extent of the damage cannot be determined until new growth begins. Also, dead and injured parts of shrubs can help protect the rest of it in the event of another freeeze.

Plants which did survive should be protected from another shock later by keeping them from going through drought stresses.

TRANSPLANTS

Planting seeds now for transplants later can give a head start on spring. To grow good transplants; a clean healthy soil, plenty sunlight and good temperature is needed. The most successful transplants will probably be grown in a greenhouse or cold frame.

The time needed to grow transplants depends on temperature, moisture and the plant itself. Vegetables such as broccoli and cabbage take four or five weeks. Tomato plants take six to eight weeks and slower growing peppers and eggplants need eight to ten weeks.

MESUROL - PROPANIL

Mesurol, a bird repellant for rice was approved for use in 1982 on 330,000 acres in Louisiana.

The Mesurol label cautions that when mesurol is applied to rice seed, crop injury may result from direct application of propanil or from propanil drift onto adjacent areas.

NOTICE

The Cameron Parish Sheriff's Department due to a mechanical malfunction making a replacement vehicle necessary to provide adequate law enforcement does declare an emergency situation exists with regard to the purchase from Hanna Abington Motors, DeRidder, La. of a 1981 Ford LTD 4-door SS, 733.

VEGETABLES TO PLANT

Vegetables that can be planted in February are: Beets, carrots, turnips, mustard, spinach, parsley, cabbage, Chinese cabbage, radishes, Irish potatoes, lettuce, snap beans and sweet corn.

SOYBEAN VARIETIES

Soybean varieties recommended for the 1982 planting season have been released by Research and Extension Agronomists of the L.S.U. Cooperative Extension Service.

Seven varieties have been added and two dropped from last year's recommended list.

Varieties added for this year are: Bedford, Deltapine 345, Wilstar 550, Tracy M, Braxton, Wright and Wilstar 790.

Varieties dropped are McNair 500 and Coker 156.

Facts from the Calcasieu Marine

EVERYONE SHOULD CONSIDER RETIRING THIS YEAR.

If you work for a living, now is the perfect time to plan for your retirement. Because now one of the best investment opportunities in years is available. The Calcasieu Marine IRA Savings Account.

YOU CAN RETIRE A MILLIONAIRE

Any wage earner, including those covered by pension and profit-sharing plans, can open an IRA account for as little as $35. Deposit up to $2,000 a year into the account, $2250 in two separate accounts if you want to include a non-working spouse, $4,000 if you both work.

You aren't obligated to contribute every year, and can deposit as little as $10. But it pays to contribute the maximum, because whatever you contribute is sheltered from taxes until you retire. Without that annual tax bite your principal and interest pyramid dramatically.

For example: If you're 25 now and continue depositing $2,000 a year into your IRA at 11%* interest, you'll have $1,446,493.50 at age 65 . . .

that's over $1,400,000.00!

*For illustration only and may not reflect actual rate.

YOU CAN GET A TAX BREAK

The Calcasieu Marine IRA Account is the retirement plan that pays dividends even while you're working. The amount you deposit into your IRA is deductible from your gross income. And you don't have to pay taxes on any interest earned on the account. So you'll pay less taxes in 1982, and every year you contribute. Your contribution may even drop you into a lower tax bracket.

And you won't pay taxes on the money accumulating in your IRA until you actually withdraw it. Which you can do anytime on or after age 59½. By that time you'll probably be in a lower tax bracket.

YOU CAN HAVE A CHOICE

Most banks offer you an IRA. But the Calcasieu Marine makes it better by offering two types. The Calcasieu Marine will pay you interest on your IRA Savings Account at a rate equal to the previous 4 week Average Yield Rate of the 90-day Treasury Bills. This rate will change monthly, as the average changes. Therefore, you will be paid a true variable rate on your savings. One that will reflect the money market conditions at the time. The interest will compound monthly. The rate being paid for January 1982 is 11.53%.

Or you can choose a fixed-rate IRA that provides security for the full term of your investment.

Both plans are FDIC insured and are designed to help you to retire independently wealthy.

EARLY WITHDRAWAL PENALTIES

The law provides for the following penalties for early withdrawal of Individual Retirement Account funds.

1. Immediate income tax liability at ordinary income rates on all funds withdrawn.
2. A tax penalty equal to 10% of the amount withdrawn.
3. If the funds are withdrawn prior to the maturity of the account or the certificate there will be a penalty of an amount equal to 6 months interest on the funds withdrawn.

Before you decide on any retirement plan, get all the facts. You can get them by stopping into a Calcasieu Marine location.

We can show why everyone who works should consider retiring this year.

Mrs. Shirley & Mrs. Vidrine

2 promoted at Cameron State

Two promotions at Cameron State Bank have been announced by E. J. Dronet, president.

Rebecca McCauley Vidrine was promoted to assistant cashier. She joined the bank in 1980 as management trainee. A former school teacher, Mrs. Vidrine holds a Master's degree from McNeese State University and is a graduate of the School for Supervisory Training at LSU.

She has completed the American Institute of Banking courses, Principles, Negotiable Instruments and Commercial Lending. She and her husband, Clarence, reside in Grand Chenier with their two daughters.

Rebecca Vanya Shirley was promoted to executive secretary to president. Mrs. Shirley has been employed at Cameron State Bank since 1980. She is a graduate of Louisiana State University with a B.S. degree and has completed the AIB Principles course.

She resides in Grand Chenier with her husband, Mark, and son, Jonathan.

Sabine lighthouse given recognition

The Sabine Pass Lighthouse, located on Lighthouse Bayou near Sabine Pass, Texas, has been officially entered into the National Register of Historic Places, Louisiana State Historic Preservation Officer Robert B. DeBlieux announced today. He said the lighthouse was cited by the National Register because of its architectural and engineering significance. It is the first property in Cameron Parish to be so recognized.

The Sabine Pass Lighthouse, completed in 1856, is an octagonal brick structure with a flared octagonal base. It is significant in the areas of architecture and engineering because it is one of very few extant brick structures of its type in the state. This lighthouse design is apparently unique on the Mississippi/Louisiana/Texas coast. The Sabine Pass Lighthouse was also historically a navigational aid in trade and westward migration in southeast Texas and southwestern Louisiana.

The National Register Program is dedicated to the preservation of the nation's irreplaceable historical, archaeological, and cultural sites, according to Ann Reiley Jones, director of Culture, Recreation and Tourism's Division of Archaeology and Historic Preservation.

Listing on the National Register of Historic Places provides properties with eligibility to apply for restoration grants, potential tax benefits, and with a measure of protection from federal projects.

Volunteers needed to aid school nurse

Volunteers are needed to assist with various health screening programs in the lower elementary grades, according to Cameron Parish School Nurse, Nell Colligan, R.N.

Typical of an activity that a volunteer might feel comfortable helping with is the growth and development program in which children in grades 1, 4, and 7 are measured and weighed. This activity is optional to the school health program as compared to programs that are mandated by state guidelines such as the hearing and vision screening programs.

Optional programs are worked into the school health program only as time permits. It is hoped that the use of volunteers will enable the school nurse to expand the school health program to include some of these optional activities.

Anyone interested in helping the school nurse is asked to contact any of the schools in the parish or to call Mrs. Colligan at 775-7570. Volunteers need not have children enrolled in school.

TWO OF THE happy spectators at this year's Louisiana Fur and Wildlife Festival were these long time festival workers--Ray Burleigh, former fire chief, and J. Berton Daigle, former clerk of court.

Champions named at stock show

Shawn LaBove exhibited the grand champion steer at the annual Cameron Parish Junior Livestock show last week. The animal was purchased for $6.25 a pound by Crain Bros. Ranch.

Kevin Jouett exhibited the reserve champion steer which was bought by Big Diamond at 53 a pound and donated to Boys Village.

Trey Picou exhibited the grand champion lamb which was purchased by Cameron Construction Co. for $16.50 a pound.

The reserve champion lamb, exhibited by Damon Delcambre, went for $15.50 a pound to Big Diamond and was donated to Boys Village.

Greg Richard exhibited the grand champion market hog, which was purchased by Big Diamond for $12.75 a pound and donated to Boys Village.

Tammy Conner had the reserve champion hog which was purchased for $15.50 by Cameron Cable and Cordage.

The names of other winners and photographs of the champions will be published later by the Pilot.

Nurse aide class opened at Vo-Tec

Leslie D. Griffith, director of the Cameron Vocational--Technical School, announced that the school will begin a NursesAide class on Feb. 15.

The class will be held on Monday and Wednesday nights from 6 to 9 p.m. and will be conducted at the South Cameron Memorial Hospital.

The Nurse Aide program is a 120 hour post-secondary curriculum designed to train youth sixteen years or older for employment in hospitals, private homes, extended care facilities and other related health facilities.

Interested persons sixteen years of age or older and not enrolled in high school may pick up applications at the school on weekdays from 8 a.m. to 4 p.m. Students that are on the waiting list for Nurses Aide will be contacted by mail.

There are no tuition fees for any courses at the school. The only expenses incurred by the students are for books, supplies and insurance.

Certificates of appreciation were awarded to Mrs. Frances January, Mrs. Rosa Lee Moore, James McMillan, Rev. Alfred Perry, Dr. Cecil W. CLark, Jennings B. Jones, Ray Conner and Sheriff James Savoie.

The next meeting of the N.A.A.CP. will be held at the Calcasieu Marine National Bank building on Friday, Feb. 19.

Jury amends liquor law

The Cameron parish police jury unanimously adopted three amendments to its alcoholic beverage ordinance Tuesday.

One of the amendments tightens up provision that all bars and night clubs must be closed from 2 a.m. to 5 a.m. Monday through Saturday. The old ordinance said no sales could be made between those hours. The new amendment provides that "the doors to said business premises shall be locked between such hours, and all customers thereof shall be vacated between such hours."

A second amendment adds a new provision to the liquor ordinance, namely that "upon the issuance of an evacuation order by the Cameron Parish Civil Defense due to hurricane or other impending disaster, all persons, firms or cooperations holding a Class A liquor license in the are ordered evacuated shall be notified of such evacuation order and shall immediately close their business premises, and all customers thereof shall be vacated until notified of the cancellation of an evacuation order by the Cameron Parish Civil Defense."

A third amendment provides that "religious, charitable, fraternal, civic and veterans organizations, which are non-profit organizations, may be allowed to sell beer between the hours of 11 a.m. on Sunday and midnight Sunday by special permit issued by the Cameron Parish Police Jury." Such permits would be temporary permits issued for one day only.

Sheriff James Savoie and District Attorney Jerry Jones had asked the jury at its last months meeting to adopt the first statement to clarify the law on bars staying open between 2 and 5 a.m. They said it was almost impossible to enforce the no-sale of alcohol during those hours as long as the bars were allowed to keep their doors open.

Police Juror Braxton Blake at that time asked that the matter be tabled for a month for further study. He objected to the wording since the amendment, in effect, would prohibit fast service grocery stores from staying open all night.

Sheriff Savoie said that only three bar owners in the parish had been causing a problem selling between 2 and 5 a.m.

John Richard, owner of John's Bar in Grand Chenier, replied the following week in an advertisement that he was one of the three the Sheriff was talking about and that he had been "arrested, mugged, fingerprinted, handcuffed and relieved of our rights while not violating any law by being open after 2 a.m."

The following week Richard charged in another advertisement that the law had been broken when alcoholic beverages had been consumed after the Sunday closing hour at a dance held at the Creole KC hall for the Louisiana Fur Festival. He charged that a number of public officials were present at the dance and observed the "violation."

At the jury's Monday meeting, the ordinance amendments were the first thing on the agenda and were quickly adopted without discussion. At the end of the meeting, Richard asked to make a statement and said he had not been permitted to speak when the amendments were brought up.

He accused Juror Blake of pushing the amendments through because "he is seeking political power up ahead . . . maybe running for sheriff."

Blake replied that he had supported the ordinance change because the old closing section was not clear and the sheriff department was having a problem with enforcing that section. He said that copies of the proposed amendments had been provided all of the jurors a day prior to the meeting and that Mr. Richard had also been given a copy.

Blake said he had been elected to represent the majority of the people and he felt that this was what the people wanted.

The amendment pertaining to the special permit for non-profit groups to sell beer for an extra hour was apparently adopted in answer to Richard's criticism of the fur queen's dance.

The amendment on the closing of the bar during hurricane evacuation was apparently adopted because of some "hurricane parties" that have been held at some bars and clubs in past years during evacuations.

Contracts are awarded here

A number of contracts were awarded by the Cameron police jury at its monthly meeting Tuesday.

C. J. Schexnens was the successful bidder on a new Council on Aging building at Cameron with a bid of $38,761.

Robira & Managan was low bidder on the Cameron parish library renovations with a bid of $43,309.

Gwen Bros. Construction was awarded a $165,600 contract on Road Project 1981-02-05.

J. W. McDonald got a $345,456 contract for road project 1982-01 in the Grand Lake area. Also included in the project is the Grand Lake high school driveway and parking lot, which the school board is to pay for.

The jury agreed to advertise for bids on heavy equipment, a car for the district attorney's investigator and on the boat launch at the end of the jetties road at Cameron.

The boat launch and park will be financed with a $200,000 grant from the Coastal Energy Impact Program.

The jury voted to call elections on the renewal of a 5 mill tax for ten years for the Cameron parish mosquito control program and of a 2.30 mill tax in Waterworks District 1 for ten years. The waterworks district is for the town of Cameron.

Fire protection districts 11 and 12 in the Grand Lake and Sweetlake areas were given permission to call bond elections to provide funds for a public water system.

The jury approved a 25 year lease from the Boudoin estate of land for a new Creole water system well with funds for the new well to come from the state. The lease is $25 a year.

A 5-year lease with Gulf and Intracoastal Ship Building for a shell dump site at Klondike was approved at $600 a year.

A resolution addressed to Gov. Dave Treen was adopted asking $250,000 in state funds for the Grand Lake-Sweetlake water system if a local bond issue is passed in those areas. The funds would provide for a water well in the Big Lake area and one in the Sweet-Jake area with a connection under the Intracoastal Canal.

Alton Schexnider was reappointed to Water Works District No. 2 board and Billy Smith was named to the Recreation District 5 board to replace Bubba Breaux who resigned.

The jury voted to create the position of deputy registrar of voters for the parish.

A 1785 foot road right-of-way was accepted from Lawrence Faulk of Grand Lake.

A liquor permit was approved for Martin Hebert for Hebert's Fishing Camp at Grand Lake.

Eleven permits for oil and gas wells, and pipelines were approved by the jury. In connection with the permit from United Gas Pipeline Co. for a gas pipeline in the Klondike area, Juror Brent Nunez asked that the company be requested to furnish natural gas for residents in the area if possible.

Six permits for seismic work in the parish were approved.

The eighth grade class from South Cameron school along with teachers Tommy Broussard and Henry Griffith attended the jury meeting.

Local group going to Md.

By GENEVA GRIFFITH

Three members of the Benny Welch family of Oak Grove will fly to Cambridge, Maryland on Feb. 18 where they will compete in the national women and men's fur skinning contests at the National Outdoor Show.

They earned the right to compete by winning the contests at the Louisiana Fur and Wildlife Festival in Cameron recently.

Alice, 12, was the youngest contender in the women's division in the local contest.

Yancey won in the junior fur skinning, (both muskrat and nutria contests) and the trap setting contest.

They will be accompanied on the trip by the other members of the family, Mrs. Benny Welch and Benjy.

April Leger, Hackberry, Miss Cameron Parish will also be in the delegation representing the local festival.

The two festivals have been twin events ever since the local festival was organized 27 years ago and exchange delegations each year.

The delegation from Maryland to Cameron this year was headed by the National Outdoor Queen, Carla Travers.

Hearing set on wildlife hunt seasons

A public hearing on seasons and bag limits has been scheduled Tuesday, March 23, in Lake Charles, at the Sheraton-Chateau Charles on U.S. Hwy. 90 West. It will be held in the West Napoleon Room, starting at 7 p.m.

The purpose of the annual hearings on seasons and bag limits is for the state wildlife commission to receive input from hunters, members of organized sportsmen's groups, legislators, police jury members, and representatives of the Louisiana Wildlife Federation, as well as interested persons.

Recommendations on hunting seasons for the 1982-83 hunting seasons made by those attending the hearings will receive full consideration by the commission when it sets the hunting season.

The public hearings give individuals an opportunity to express their views, or those of the organizations they represent.

Banquet set

A valentine banquet will be held for members of the Cameron Parish Council on Aging in the reception room of the Cameron Baptist church on Thursday night, Feb. 11 at 6 p.m.

Air freight service set

On Feb. 1, Avion Air Freight at McFillen Air Park, Lake Charles, will begin daily air freight flights to Houston. They will be able to carry anything from soup to pianos.

Avion Freight has chosen aircraft for fuel efficiency and load carrying capacity, which can be increased as the operation grows. Over-sized cargo poses no problems with loading through rear adjoining cabin and utility doors that open four and one-half feet wide, providing 195.3 cubic feet of space.

Small packages will be carried for a minimum price which will be competitive with current prices charged by other freight carriers.

Trips to Houston will be made daily. In Houston, Avion Air Freight will put the freight on connecting carriers and will be responsible for its reaching its ultimate destination.

Named queen

Tina Hebert was crowned the 1982 Homecoming Queen by last years Queen Sandy LaBove, at the Grand Lake High School Home Coming.

Tina is the daughter of Myrle Hebert. She is a junior at Grand Lake, a member of the FHA, Annual Staff, FBLA and the Lady Hornet track team.

Homecoming ceremonies were held Jan. 22 in the school gym.

MRS. NOLA MAE ROSS, owner of McFillen Air Park, discusses with a pilot the new Avion Air Freight service now being offered by McFillen at their field south of Lake Charles.

By Loston McEvers

Well the 1981-82 waterfowl season closed the last Wednesday in January for our area and the last which was the goose season was really nothing to brag about, in fact, this has been one of the poorest years that we've seen in a long time. I just think that our season is too early as you can see ducks are down now that all the cold weather and snow up North has made the ducks move South, but that's too late now. Well, anyhow, I greased up my gun and tucked away my duck callers and decoys for next winter.

Fishing: I've been ready to do a little fresh water fishing for a week, so I gathered all my fresh water tackle and got my boat ready to take a little trip to our camp in Lowery to try for early bass and white pearch in the Mermentau River area around Lake Arthur. One angler showed up at my office with 9 nice bass, still kicking, all a good 1¾ lbs., caught on white beatle spinner on the Creole canal and that set the fire. I hooked up Thursday evening for Friday and with the winds blowing 30 mph and the forecast for bad weather, I unhooked my boat and went just to relax, but 2 anglers braved the weather Saturday morning and came back with 40 white perch in the 1 lb. class all about the same size. These were caught on shiners. Well this week maybe only about 3 weeks before Laccassine Refuges opens March 1 for fishing. The Big Burn is duc to open March 15, but I sure hope they open it Feb. 13 & 14 and that's on Saturday and Sunday. I'll try to talk to Darrell "Fats" Dupont and let you all know when and where the Big Burn permits will be available.

Quite a few of us were talking and the water is still in the low stage but when all the ice and snow begins to melt up north this spring and summer, I'm sure we'll have some high water here as it comes down.

If you get a chance to fish this weekend, Feb. 6 and 7, here's some good fishing times if the weather permits.

Saturday from 9:15 until 11:15 should be good, and Saturday evening 3:30 to 5:30 should be fair fishing.

Sunday from 10:15 until 12:15 good and Sunday evening 4:30 to 6:30 fair.

Fishing tip: When you start to get spring fever, remember it's still unpredictable weather, so bring enough warm clothes, rain coat and by all means wear your life jacket as the water is still cold, and if you should fall overboard, the shock of the water can make you go numb and have muscle cramps within seconds.

Have a nice weekend.

Cameron cookbook in Jubilee edition

"Cameron Parish Fur & Wildlife Festival Cookbook" edited by Mrs. Lyle Crain and Mrs. Braxton Blake, available from: Larry Wainwright, cookbook sales chairman, P.O. Box 430, Cameron, La. 70631, 100 pages sc, $6.00 incl. mailing.

Reviewed by MARIE WISE

The Fur and Wildlife Festival held annually in January in Cameron Parish is one of Louisiana's oldest, 1982 being its 26th year and 25th Jubilee. Only 1958, the year after Hurricane Audrey, has not had a Fur Festival since its organization.

A Cameron cookbook, different each year, has been a festival feature for twelve years. 1982 brings a 25th Jubilee edition offering a selection of recipes from all previous books, a special advantage as most previous years have been sell-outs.

The 1982 Wildlife Festival cookbook is the largest yet, more than 400 recipes including those for the entire menus of five special "feasts" prepared for events of the festival. More lagniappe is plenty ' of photos from last year's festival.

Mrs. Braxton Blake and Mrs. Lyle Crain again serve as editors for the cookbook and again the sketches of Mrs. Gladys McCall are used with the section headings.

Some sixty recipes make up the chapter on Meats; that many again for Seafoods and almost as many for Cakes and Icings.

There are about forty recipes for Cookies and Candy, 25 for Pies and Pastry, 30 for Rice and Dressings, 20 each for Vegetables, Salads, Party Foods and Beverages; the rest in Breads, more Desserts and Lagniappe. Name of the contributor follows each recipe.

Recipes vary from the "this takes a while but it's worth it" category to "so easy you won't believe it." There are make-ahead recipes that will keep in the refrigerator and plenty that can be frozen. Scattered throughout the book are prize winning recipes from past years' cooking contests.

You'll want one of these books yourself and several for friends.

— NEW ALBUM —

The super country album everyone has been calling about is now officially released towards a national released album.

"JULIE'S SIXTEENTH BIRTHDAY" by John Bult, a one time Louisiana Hayride winner from Lake Charles, has been receiving heavy airplay on all the surrounding country radio stations.

The album can be purchased direct through DSR Records for $7.98. We will pay postage and handling costs for you. Tapes should be ready for sale around April 1. This album contains 10 country songs, and is produced by Teddy Broussard for DSR Records and Gray Stream Music, BMI.

Order your copy by sending $7.98 check or money order to: DSR RECORDS, RT. 1 BOX 142, DEPT. 200, GRAND CHENIER, LA. 70643.

WAYNE BATTS, Cameron elementary principal, gave a talk on classroom management and discipline for the religious education teachers of Our Lady Star of the Sea Catholic Church Jan. 27. Shown discussing teaching techniques with Mr. Batts are two of the teachers, Cheryl Eakin, center, and June Simon.

Now is time to plant your Irish potatoes

The Irish potato is a cool-season vegetable and requires cool nights and warm days for good tuber formation, according to Dr. Thomas Koske, horticulturist with the LSU Cooperative Extension Service. In Louisiana, Irish potatoes should be planted now through February.

Gardeners in north Louisiana should wait until the first part of February to plant. "The potato plant is sensitive to frost and if injured will generally renew its growth quickly from uninjured portions of the stem," he says.

Potatoes produce best on a well drained soil rich in organic matter. They respond to a generous application of fertilizer, especially on soils of low to medium fertility.

A general recommendation is about six to eight pounds of a complete fertilizer, such as 8-8-8 or 8-24-24 per 100 feet of row. An additional side-dressing of nitrogen should be applied after the plants are six to ten inches tall at the rate of one pound ammonium nitrate per 100 feet of row.

Irish potatoes will tolerate strongly acid soils, for example, ph below 5.8. In fact, growing potatoes on acid soils reduces the incidence of "scab" disease. Do not lime soils to be used for growing Irish potatoes, Koske warns.

In preparing the soil to plant potatoes, build a high bed to provide good drainage and loose soil in which the tubers can form. Space rows at least three feet apart. To help get a high yield, cut potatoes into pieces that weigh about 1½ to 2 ounces each, about the size of a hen egg. Be sure that each seed piece has at least one eye, since this is where the plant will originate.

Seed pieces should be spaced 12 to 15 inches apart within the row. At this spacing, seven to nine pounds of seed potatoes will plant 100 feet of row. If the soil temperature is below 65 degrees F., cut the seed potatoes and hold them at room temperature for three to five days to encourage wound tissue to form over the cut surface. The wound tissue gives some protection against entry of disease organisms. After the soil temperature has warmed, it is not as important to allow the cut surface to heal before planting.

Plant seed pieces about four to five inches deep in the row. Within three to four weeks, the plants should break through the soil. As the crop grows, pull the soil from the middle of the rows to the plant to cover shallow or exposed potatoes. Avoid deep cultivation since potential tubers may be destroyed.

Approximately 90 to 110 days are required from planting until the potatoes are ready to dig. As the plants approach maturity, the leaves begin to turn yellow and dies. Another sign of maturity is the "setting" of the skin, for example, the skin doesn't slip when rubbed with the thumb.

Varieties of potatoes recommended for Louisiana are Red LaSoda, LaRouge, and LaChipper (white skin), each of which were developed by the LSU horticulture department and are well adapted to the state's growing conditions.

For more information on Irish potato production, contact your county agent and ask for Publication No. 1903, "Grow Irish Potatoes in the Home Garden." Contact: Danny Koonce, (504) 388-4141.

JR. LIVESTOCK SALE

Cameron Parish 4-H and F.F.A. Livestock exhibitors were well supported by individuals and businesses again this year at the 20th annual parish Jr. Livestock Show.

The total sales last Saturday was a record as more market animals were sold than ever before. The average price per pound was near that of last year.

FREEZE DAMAGE

As stated earlier, most all citrus trees in the parish were damaged to some degree. The degree of damage is classified into four types. They are: light, medium, severe and very severe.

Light damage occurs when only foliage and small twigs are injured. Medium damage means a considerable part of the tops is killed. Severe damage indicates that the top and crown limbs are killed but, not the trunk. Very severe damage means damage extends well down the trunk.

Also, as advised earlier no pruning should be done until summer.

PLANTING IRISH POTATOES

Irish potatoes should be planted anytime from now until the end of February.

It will take about 90 to 110 days of growth before they are ready to be harvested.

Varieties recommended are: Red LaSoda, LaRouge, and LaChipper. LaChipper is a white skinned potato.

CABBAGE TRANSPLANT

Cabbage, a cool season vegetable, can be transplanted through late winter for spring production.

They can be set from the end of January through February. Planting on several different dates will help ensure that all cabbage is not ready to harvest at the same time.

Varieties recommended are: Rio Verde, Market Prize, Greenhog, Little Rock, Tastie, Green Jewel, Superette, Round Dutch and Louisiana All Year.

One pound of uncooked meat will make about two cups of ground meat.

The following Resolution was offered by Mr. Blake, seconded by Mr. Richard and declared duly adopted:

RESOLUTION

STATE OF LOUISIANA
PARISH OF CAMERON

WHEREAS, the economic stability of Cameron Parish depends heavily on marine related industries; and,

WHEREAS, marine transportation to and from oil and gas exploration ventures offshore must utilize the ports in Cameron Parish for loading and unloading activities; and,

WHEREAS, energy production is of primary benefit to all citizens of the United States; and,

WHEREAS, small ports in Cameron Parish cannot and do not support the large marine cargo traffic of other large ports in Louisiana and Texas; and,

WHEREAS, user taxes placed on marine related industries for covering dredging costs would have to be significantly higher in smaller ports because of the lower volume of marine traffic coupled with similar dredging expenses, this ultimately crippling the smaller ports located in Cameron Parish; and,

WHEREAS, these increased all around cost would more than likely mean increased gasoline costs to the consumer.

THEREFORE BE IT RESOLVED, that the Cameron Parish Police Jury strongly opposes any legislation being considered by the Federal Government that would mandate ports throughout the United States to charge their own user taxes on all marine vessels which would be used in paying for ship channel and river dredging operations which keep public waterways navigable and up to now have been funded by the Federal Government through the work of the United State Army Corps of Engineers.

ADOPTED AND APPROVED this 5th day of January, 1982.

2002	575,000

Both principal of and interest on the bonds will be payable at the Branch office of Calcasieu-Marine National Bank in Cameron, Louisiana, or at the option of the holder, at the principal office of Cameron State Bank in Cameron, Louisiana.

Prior Redemption. The bonds maturing February 1, 1993 and thereafter are subject to redemption at the option of said District on and after February 1, 1992, in whole at any time, or in part from time to time on any interest payment date in inverse order of maturities and by lot within a maturity, at the redemption prices with respect to each such bond, expressed as a percentage of the principal amount of the bond to be redeemed, set forth below, together with the accrued interest to the date of redemption:

Period During Which Redeemed (Both Dates Inclusive)	Redemption Price
February 1, 1992 to January 31, 1993	103%
February 1, 1993 to January 31, 1995	102%
February 1, 1995 to January 31, 1998	101%
February 1, 1998 and thereafter	100%

At least thirty days' notice of redemption will be given by publication in a newspaper of general circulation published in the Parish of Cameron, and in a financial newspaper or journal published in the City of New York, New York.

Payment and Security. The full faith and credit of the District are pledged to the payment of the principal of and interest on the bonds, and the District is authorized and required to impose and collect annually, in excess of all other taxes, a tax on all property subject to taxation by the District, sufficient in amount to pay the interest and the principal falling due each year on the bonds.

Bidding Details. Each bid must be on the official bid form furnished by the undersigned and enclosed in a sealed envelope marked "Bid for $4,800,000 School Bonds of School District No. Ten of the Parish of Cameron, Louisiana" and must be directed to the undersigned. Bidders shall specify the rate of interest which the bonds of each maturity shall bear, to be expressed in multiples of one-eighth (1/8) or one-twentieth (1/20) of one percent (1%). Bidders are not restricted as to the number of rates that may be named and any rate named may be repeated, but all bonds maturing on the same date must bear interest at the same single rate from their date to such maturity date. No rate named may exceed fifteen per centum (15%) per annum and the difference between the highest and lowest rates named may not exceed two and one-half per cent (2½%). Only one coupon will be attached to each bond for each installment of interest thereon, and bids providing for additional or supplemental coupons will be rejected. No proposal will be considered for less than all the bonds or at a price less than par or which specifies the cancellation of coupons or the payment of any premium offered in anything other than cash. In addition to the price bid, the successful bidder must pay accrued interest from the date of the bonds to the date of the full payment of the purchase price. Each bid must be unconditional and must be accompanied by a certified or cashier's check drawn upon a solvent bank or trust company payable to the order of Cameron Parish School Board, in the amount of ninety-six thousand dollars ($96,000). Checks of unsuccessful bidders will be returned promptly after the award of the bonds. The check of the successful bidder will be deposited by the Cameron Parish School Board, the proceeds of which will be credited on the purchase price on the settlement date or in the event the successful bidder fails to accept delivery of and pay for the bonds, retained by such Board as liquidated damages. No interest will be allowed upon the amount of such good faith check.

Award of the Bonds. Prior to the close of business on the day of opening of sealed proposals, the bonds will be awarded to the responsible bidder or bidders offering to purchase the bonds at such rate or rates of interest as will produce the lowest net interest cost to the District over the life of the bonds, such cost to be determined by deducting the total amount of any premium bid from the aggregate amount of interest payable on all of the bonds from their date until their respective maturities. The right is hereby reserved to reject any or all bids or to waive any irregularity or informality in any bid.

CUSIP Numbers. It is anticipated that CUSIP identification numbers will be imprinted on the filing panel of the bonds, but neither the failure to print any such number on any bonds nor any inaccuracy, error or omission with respect thereto shall constitute cause for failure or refusal by the successful bidder to accept delivery of and pay for the bonds in accordance with the terms of its bid. No such CUSIP identification number shall constitute a part of the contract evidenced by the particular bond upon which it is imprinted and no liability shall attach to the District or any officer or agent thereof, including any paying agent for the bonds, by reason of such numbers or any use made thereof, including any use thereof made by the District, any such officer or any such agent, or by reason of any inaccuracy, error or omission with respect thereto or in such use. Except for the CUSIP Service Bureau charge for the assignment of such numbers, which shall be the responsibility of and shall be paid by the successful bidder, all expenses in relation to the printing of such numbers on the bonds will be paid by the District.

Delivery of Bonds: Delivery of the fully executed bonds will be made at the expense of the District, at the option of the successful bidder at either the School Board Office in Cameron, Louisiana, or at any bank or trust company mutually agreeable to the District and the purchaser in New Orleans, Louisiana, on March 15, 1982, or as soon thereafter as possible. The purchase price then due, including the amount of the accrued interest, must be paid by a certified or cashier's check drawn upon a solvent bank or trust company payable to the order of Cameron Parish School Board. Upon delivery of and payment for the bonds the purchaser will also be furnished with the usual closing documents, including a certificate that no litigation is pending or threatened affecting the issuance of the bonds. The purchaser will also be furnished at the expense of the District with the approving legal opinion of Wood & Dawson, New York, New York, bond counsel, as to the validity of the bonds, which opinion will be printed upon the bonds.

Offering Circular; Additional Information. Copies of a preliminary offering circular regarding the School Improvement Bonds, Series 1982 of School District No. Ten of the Parish of Cameron, Louisiana and copies of the official bid form are available upon application to Mr. George W. White, Fiscal Services, Inc., 535 Gravier Street, 7th Floor, New Orleans, Louisiana 70130, or to the undersigned. Information relating to the bonds, will be furnished upon application to the undersigned.

The Challenge of Genealogy

by MARIE WISE

If your family name is GUEST or GUESS or anything similar, include the following spellings in research for connecting lines: Gist, Gest, Gust, Gess, Gefs, Guefs and especially in Louisiana, any of these variations with an added "e".

Even when the recorder of hand-written records was an expert speller, dealing with only his own language, and wrote beautifully, early American script holds pitfalls for all but the most experienced reader.

An oft recurring example is the double s which customarily was written "fs" and also can easily appear to be a single "p". Louisiana researchers should remember what this does to "Mississippi" in writing, especially the "Miss." abbreviation which can become "Mifs." or "Mip." for our neighboring state.

GUEST-GUESS FAMILIES

Guest-Guess and Related Families is a learned genealogy by an experienced researcher and writer. The author, Alta Louise Biggs, is president of The Cass County Genealogical Society in Atlanta, Texas, that publishes a small quarterly; is author of the "Cass County Cousins" genealogy column in the *Citizen Journal* newspaper, and Genealogical Chairman of the Guess-Guest Family Assn. that holds a reunion each year at Georgetown, Texas. In 1982 this reunion will be on July 18th. Mrs. Martin writes that queries may be run free in her newspaper column if they have a Cass County connection.

This genealogy begins with a listing of Guest and similar named immigrants of the 1600s, the coat of arms for the ancient English family of Guest, and three different identifications of the first Guest of this line to America.

Mrs. Martin accepts as her family progenitors, William Guest, Sr. and wife, Susannah, born early 1700s, perhaps in Virginia where most of their children were born. They had at least six sons who served in the American Revolution, including Captain Moses Guest (another man with this same name, rank, time frame, etc. was born in New Jersey).

Guests and their descendants with various spellings moved to the Carolinas, Georgia, Alabama, Miss., onward south and west to many areas.

This Guest, etc. book is softcover, 8 1/2 x 11 in., 282 pages, indexed, $22.00, available from: Mrs. C.A. Martin, P.O. Box 298, Atlanta, Texas 75551. Inquiries about her Genealogical Society, newspaper column, Family Association or annual reunion may use the same address. Enclose SASE for reply.

MUSING...

By BERNICE HOLLISTER DENNY

I am attempting to sort through a hodge podge of papers that escaped the fire that ruined my home last February. Among the batch I discovered a sheaf of notes given me twenty years ago by Mrs. George H. Savoy, the former Fannie White, of Lake Arthur.

We had taught together in the Klondike Elementary school in Cameron parish from 1946-1950. After forty years of teaching, she retired in May, 1950. Both she and her husband are now deceased.

Perhaps her former pupils and the couple's many relatives and friends in Cameron would like to read in her own words a brief account of her life during her first sixty years. It follows. Fannie White Savoy's Story:

My father, Eli Matthew White, and my mother, Mary Skipworth Robins, were married on Dec. 7, 1882, near Clinton in East Feliciana Parish. Both were members of pioneer families.

My mother's father, while serving in the Confederate Army somewhere in Kentucky, died. His buddy, Walter Stewart, saw that he was properly buried.

After the war had ended, Mr. Stewart returned home and married my grandmother. Five children were born to their union. Then my grandmother died, leaving my mother to help rear her siblings. A 96-year-old brother of hers still lives in the old family home. My mother, now 100 years of age, was born Dec. 18, 1861.

My father, a sawmill operator, owned a farm on which at least seven Negro families lived. Mother rode horseback to oversee the work done by the tenants while dad operated the mill.

Dad sawed lumber, and he and mother built a larger and better house than the log one they had. The house in which mother was born (built in 1832) still stands.

I was born on my parents' farm on Sept. 4, 1891. During my first year of school, I attended a one-room log schoolhours, a mile and a half from my home. I would run to keep up with my older brothers as we followed a path through the woods.

Wild turkeys, snakes and cattle seemed everywhere. The windows of the school had no glass. The wooden closures on cold or rainy days made it so dark that we could scarcely see to study.

The room was heated by a fireplace with a mud chimney. My first teacher, Miss Adele Nash, later married a lawyer, a Mr. Ethridge.

The next year school was held in a Baptist Church building, a quarter mile further down the road. We were thrilled because it boasted glass-paned windows. My older brothers were now ready for more learning than they could get there, and so we moved to the town of Clinton, ten miles away.

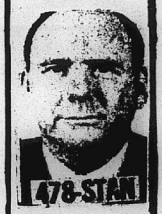
In 1910 a distant cousin and I attended the Louisiana State Normal in Natchitoches. There we met a Miss McDaniel, who had previously taught in Cameron parish. During zoology class she gave such glowing accounts of the beauties of the parish--of its plants and birds and geese--that my cousin and I applied to Supt. A. G. Murray for teaching positions in Cameron. We were assigned to the Cow Island and the Bonsall Schools, each a one-room, in Grand Chenier.

Willie Cain and I left Clinton with supposedly sufficient funds to cover our trip and for several weeks on the job. It turned out that we had barely enough to reach our boarding places. We spent one night in Baton Rouge, another in Lake Charles, and the last in Leesburg, an old name for Cameron. Our trip down the Calcasieu on the steamer, Borealis Rex, was wonderful.

From Leesburg to Grand Chenier we traveled with the mail carrier, Jim Bonsall, in a surrey drawn by two horses over dirt roads. Our respective landladies, in horse-drawn buggies, awaited us at the post office.

My cousin and I felt very lonely and unhappy at first. She cried a great deal and wanted to go home. Then we attended a wedding dance, entirely different from any social to which we were accustomed, and met so many nice people that we had no desire to leave. I did miss attending church since there was no Protestant one in the vicinity.

My room, board, and laundry cost six dollars a month that year.



The following year I taught at Church School in Creole. While there I met George H. Savoy, who while working in Humble, Tex., returned home to vote. We were married in February of 1913.

Other schools in which I taught were Johnson Bayou, Creole, Primeaux, Savoy, Sells and Howard in the lower western part of the parish.

Then I taught at Liberty Farm School at Sweetlake until 1932, when I transferred to the Live Oak School in Lowery. In 1946, Live Oak was combined with Klondike Elementary. I taught here till my retirement four years later.

I wish that I might write a book about my teaching experiences. I loved my career.

Facts from the Calcasieu Marine

EVERYONE SHOULD CONSIDER RETIRING THIS YEAR.

If you work for a living, now is the perfect time to plan for your retirement. Because now one of the best investment opportunities in years is available. The Calcasieu Marine IRA Savings Account.

YOU CAN RETIRE A MILLIONAIRE

Any wage earner, including those covered by pension and profit-sharing plans, can open an IRA account for as little as $35. Deposit up to $2,000 a year into the account, $2250 in two separate accounts if you want to include a non-working spouse, $4,000 if you both work.

You aren't obligated to contribute every year, and can deposit as little as $10. But it pays to contribute the maximum, because whatever you contribute is sheltered from taxes until you retire. Without that annual tax bite your principal and interest pyramid dramatically.

For example: If you're 25 now and continue depositing $2,000 a year into your IRA at 11%* interest, you'll have $1,446,493.50 at age 65... that's over $1,400,000.00!

*For illustration only and may not reflect actual rate.

YOU CAN GET A TAX BREAK

The Calcasieu Marine IRA Account is the retirement plan that pays dividends even while you're working. The amount you deposit into your IRA is deductible from your gross income. And you don't have to pay taxes on any interest earned on the account. So you'll pay less taxes in 1982, and every year you contribute. Your contribution may even drop you into a lower tax bracket.

And you won't pay taxes on the money accumulating in your IRA until you actually withdraw it. Which you can do anytime on or after age 59½. By that time you'll probably be in a lower tax bracket.

YOU CAN HAVE A CHOICE

Most banks offer you an IRA. But the Calcasieu Marine makes it better by offering two types. The Calcasieu Marine will pay you interest on your IRA Savings Account at a rate equal to the previous 4 week Average Yield Rate of the 90-day Treasury Bills. This rate will change monthly, as the average changes. Therefore, you will be paid a true variable rate on your savings. One that will reflect the money market conditions at the time. The interest will compound monthly. The rate being paid for January 1982 is 11.53%.

Or you can choose a fixed-rate IRA that provides security for the full term of your investment.

Both plans are FDIC insured and are designed to help you to retire independently wealthy.

EARLY WITHDRAWAL PENALTIES

The law provides for the following penalties for early withdrawal of Individual Retirement Account funds.

1. Immediate income tax liability at ordinary income rates on all funds withdrawn.
2. A tax penalty equal to 10% of the amount withdrawn.
3. If the funds are withdrawn prior to the maturity of the account or the certificate there will be a penalty of an amount equal to 6 months interest on the funds withdrawn.

Before you decide on any retirement plan, get all the facts. You can get them by stopping into a Calcasieu Marine location.

We can show why everyone who works should consider retiring this year.

School board members have been studying for several months a "shopping list" of needed school improvements prepared by school board members, principals and the board's architect.

The cost of all of the project on the list was estimated to be $2,700,000, so board members agreed that they would set priorities on the projects most needed and to do these first.

Among the priorities listed were reroofing and lighting projects at several schools, work on the Johnson Bayou gym, relocation of the Hackberry rodeo arena.

CERAMIC ASHTRAYS made by senior citizens in ceramic classes sponsored by the Cameron Council on Aging were recently presented to Cameron parish police jurors for their support of the Council's program. Shown with the trays, from left, are: Ernest Carol Trahan, Lester J. Richard, Jr., Kenneth Ducote, A. Brent Nunez and Ray Conner. Not present for the picture was Juror J. B. Blake, Jr.

Underwater snags to be mapped in parish

Cameron parish is one of three areas in Louisiana that has been selected by Louisiana Department of Natural resources for a survey of underwater obstructions that are hazards to fishermen, Paul Coreil, Marine Agent for the Louisiana Wildlife and Fisheries, told the Cameron police jury at its monthly meeting.

Coreil said Cameron was the only parish that wrote the agency and asked to be included in the survey.

He reminded the jurors that a map of underwater obstructions had been made by the department about a year ago and maps have been distributed to fishermen.

He said the Department now plans to come back and pinpoint the locations of the obstructions with sidescan sonar equipment, and chart them on a small book chart.

He said there would be charts made of Calcasieu Lake, Grand Lake and portions of the Gulf. "Each area will be fine tuned as to where the obstructions are," he said.

These charts will be made available free to the fishermen by the Fishermen's Gear Compensation Fund, which is paid for by the oil companies.

Coreil said that Cameron parish was the only area selected for buoying. "They're going to buoy our most severe hangs," he said. "We are going to identify the hangs that are giving fishermen he most problems, primarily navigation problems, the ones that are sinking the most boats."

He said that some people said the buoys would be knocked off or stolen, but that it was the only thing the agency could afford to do right now.

"I think if we continue to go step by step, we will eventually go in and remove some of these things," he said.

Coreil thanked the police jury for its support of the program as "the fishermen really need this help. They lose millions of dollars each year in gear."

He noted that the Fishermen's Gear Compensation Fund was making payments up to $5000 to fishermen who lose gear on the underwater hangs.

Coreil said the other two areas in the state selected for the obstruction study were Barataria Bay and Eloi Bay. In the Cameron area the whole parish, including Calcasieu lake, was selected.

Jury president Kenneth Ducote complimented Coreil for the work he had done on the project.

Road complete

Work has been completed on the ship channel road at Cameron, George Bailey, a parish engineer, reported to the Cameron police jury at its monthly meeting.

The road which runs north from Hwy. 27 from the Calcasieu ship channel ferry north along the ship channel and Calcasieu Lake was lengthened several years ago and in the most recent project was raised and hard-surfaced. The road provides industrial sites for many plants and service firms serving the offshore oil industry.

Bailey said that a savings of $12,000 on the project due to a plan change be used to install a metal gate on a culvert crossing the road connecting with the Gulf to prevent salt water from coming into the marsh. The jury agreed.

The road project was financed with $175,000 from Coastal Energy Impact Program funds, $175,000 from the Louisiana Department of Public Works with the balance of the funds coming from the police jury.

Juror Ray Conner pointed out that the local funds were put up by the jury to raise the road so that it could serve as one of the levees in the Cameron-Creole small watershed project.

Bailey also reported on the Hackberry waterwell and filter plant presently under construction as a Coastal Energy Impact Program project. He said the well was being tested and the project should be completed in two weeks.

Lonnie Harper, also an engineer for the parish, reported that the public timber on Calcasieu Lake at Big Lake is complete.

Four jury trials set

A Cameron Parish petit jury has been called for Feb. 22 to try these four cases:

Kevin D. Pilant, 21, 912 Joseph St., Lafayette, represented by Attorney Alcide Gray, charged with aggravated battery and simple criminal damage to property.

Julian Lucero, 52, 802 S. 7th Street, Phoenix, Arizona, represented by Attorney Hardy Parkerson, charged with theft.

James R. Nichols, 24, General Delivery, Cameron, represented by Attorney Stephen Broussard, charged with burglary and theft.

Terry W. Kelley, 24, P. O. Box 50, Cameron, represented by Attorney Terry Johnson, charged with three counts of distribution of marijuana.

Lions seeking children to go to camp

Applications for a summer vacation full of fun for handicapped children in the Cameron parish area are now being accepted by members of the Cameron Lions Club.

This unique Louisiana Lions Camp for Crippled Children at Leesville will open its first session Sunday, June 6.

Six sessions will be held this summer for youngsters from 8 through 15 years of age.

The camp is free to eligible blind, deaf, mute, crippled and mentally handicapped children.

Transportation to and from camp is supplied by the local Lions.

All requests for summer camp are handled locally by Lions.

Anyone interested in attending or needing more information about the camp is asked to contact Lion Edwin A. Kelley at 775-5425 or 775-5397.

G. L. Band Booster meet

The Grand Lake School Band Boosters will have an organizational meeting for old and new members Tuesday, Feb. 16, at 7 p.m. in the school library. Plans to advertise for a band director will be discussed.

Show winner

Mrs. Yvonne Mhire, chairman of the arts and crafts show of the Louisiana Fur and Wildlife Festival, announced that Mrs. Vernice Hicks was a first place winner in the Arts and Crafts show of the festival.

Firms ask permits

The following firms have applied for Corps of Engineers permits for work in Cameron parish wetlands or offshore:

Texas Energy Oil & Gas Corp, to construct a board road, drill site, ring levee, etc. for a proposed well location about 4 miles northeast of Creole in the Chenier Perdue field.

Daniel Oil Co., to install a drilling barge, platform, shell pad, etc. for drilling an exploratory oil well in Grand Lake about 17.8 miles northeast of Grand Chenier.

Mid Louisiana Gas Co., to install a 4½ inch and a 3 inch gas and oil pipeline. The 4½ inch line will extend from an existing well location in block 82, West Cameron area to a proposed facility site on the west bank of Hog Bayou, thence the 3-inch line will cross Hog Bayou and connect with an existing pipeline on the east bank of the bayou.

Amoco Production Co., to construct a board road, drill site, etc. for a proposed well location about 4.9 miles northwest of Oak Grove.

McMoran Exploration Co. to dredge a canal and slip for access to a proposed well location about 13.5 miles northeast of Grand Chenier.

Sturlese is named to post

Richard Sturlese of Grand Chenier was elected second vice-president of the Louisiana Cattlemen's Association at its annual convention in Alexandria Jan. 22 and 23.

Guthrie Mayet of Lockport was elected president.

JIM MILLER of DeQuincy was the auctioneer for the Cameron Parish Livestock Show which brought some good prices from purchasers of the animals for the 4-H and FFA members.

School bond bid rejected as high

The Cameron parish school board Monday rejected the sole bid that it received on $4,800,000 worth of School District 10 bonds as being too high and voted to readvertise for new bids.

The bonds would provide funds for improvements and additions to Cameron elementary, South Cameron high, South Cameron elementary and Grand Chenier elementary school.

Shearson/American Express, Inc., a syndicate of a number of financial firms including the Calcasieu Marine National Bank, bid an average interest rate of 14.111 percent, which would mean that the interest over the 20 year period would be $8,479,200, nearly twice the amount of the principal.

Jerry G. Jones, district attorney, after conferring with the bond attorneys by telephone, advised the board to reject the bid.

A representative of the bond buyers said he understood the board's problem. He noted that the state of Louisiana had the same problem as it could not sell $137 million of bonds recently. His only suggestion was to shorten the maturity dates on the bonds.

"You may think the bid is out of line, but it is right in line with the market," the spokesman said. He noted that some bonds had sold in Lafayette last week for 14 percent.

"That's the market," he noted, "Its not our fault and its not your fault."

A. Conner is given position

Adam Conner, Cameron parish high school supervisor, was given the additional duties of federal programs supervisor for the remainder of this school term by the Cameron parish school board Monday.

He will be doing the work of Orrie Canik, who retired from that position last month to go into private business.

The board plans to hire someone permanently for the position next school year.

In other personnel matters, the board approved the hiring of Louetta Nunez as a special education aide at South Cameron and Michael Vaughn as driver of the Hackberry-McNeese bus.

The board approved the advertisement for a social worker to interview parents in the course of evaluating special education students. The State Department of Education will pay the worker's salary.

The board approved paying tuition to the Jeff Davis parish school board in the amount of $105,980.02 for 74 Cameron students attending Jeff Davis schools from the Klondike and Lowery areas.

A contract for $9,291 was awarded to Millers House of Sports for track equipment for the Johnson Bayou school and Sturdisteel Co. was given a $8,819 contract for bleachers at the Johnson Bayou track.

The board received a request from Richard Gates asking that he be granted another year's hunting lease on School Section 16-15-4 since an oil well being drilled on the property had messed up the hunting this year. The board was advised that it could not legally do this without advertising for bids.

The board approved the expenses of board members John DeBarge and Mervyn Taylor attending a Louisiana School Board Association luncheon for Louisiana members of Congress in Washington March 16 and 17.

Senior party

Senior Citizens! Do not forget Valentine party Thursday, Feb. 11 at 6 p.m. at the First Baptist Church, Cameron, recreation.

Work approved at 7 schools

The Cameron parish school board voted Monday to spend $2,100,000 in surplus funds on repairs and improvements to the parish's seven schools and the superintendent was authorized to advertise for bids on work at the various schools.

The funds, which are from oil and gas leases on school board sections and from the parishwide school maintenance fund, was divided using a formula of $300,000 per school, which is how the funds will be spent for the Hackberry, Johnson Bayou and Grand Schools, which are in separate districts.

However, in District 10, which contains four schools - Cameron elementary, South Cameron high, South Cameron elementary and Grand Chenier - the funds will be divided so that the schools with the bigger plants and more students will be getting a larger portion of the funds.

School board members have been studying for several months a "shopping list" of needed school improvements prepared by school board members, principals and the board's architect.

The cost of all of the project on the list was estimated to be $2,700,000, so board members agreed that they would set priorities on the projects most needed and to do these first.

Among the priorities listed were reroofing and lighting projects at several schools, work on the Johnson Bayou gym, relocation of the Hackberry rodeo arena.

Lalande to be S. C. coach

Parry D. LaLande, 27, assistant football coach at South Cameron high school and social studies and physical education teacher, was named South Cameron's coach-athletic director for the 1982-83 school term by the Cameron parish school board Monday.

He will succeed Jimmy Marcantel who is resigning to take the position of assistant principal at South Cameron.

There were three other applications for the position Eddie Benoit, also an assistant coach at South Cameron; Alfred Herring of Caldwell Parish and Clifton Oestriecher, Jr. of Kaplan.

The school board went into a brief closed session to discuss the qualifications of the four candidates and then came back out and voted unanimously for LeLande.

A native of Cameron and a graduate of South Cameron high school in 1972, LaLande attended McNeese State University receiving a BS degree in health and physical education and a Master's degree in administration and supervision.

He worked as a mud company dispatcher while in college. He has been at South Cameron since 1977 serving one year as 8th and 9th grade coach, two years as junior varsity coach and assistant wrestling coach and three years as head wrestling coach, in addition to assistant football coach.

LeLande also has worked in the parish summer recreation progrm as softball and little league coach.

While in high school LaLande was named all-district in football in 1970 and received 13 letters in various sports. He was an Eagle Scout and a member of the Order of the Arrow.

LaLande is married to the former Natalie Doiron and is the son of Mr. and Mrs. Diel LaLande of Cameron.

County Agent's Report

By CLIFFORD MYERS

TREE SEEDLINGS

Tree seedlings ordered by individuals can be picked up at the mosquito control building Friday, Feb. 12 from 10 a.m. to 2 p.m.; or Monday and Tuesday Feb. 15 and 16 from 10 a.m. till noon.

Again, not all species ordered were received due to a short supply and back orders. However, I did receive a large supply of the following: Pine-longleaf, loblolly and slash; oaks - water oak, cherry bark and nutall.

Anyone wanting some, but did not order, will be able to be supplied. The price is 5 cents per pine and 10 cents per oak.

SOYBEAN RESEARCH

Several new soybean varieties are available to growers this year as was discussed at a recent soybean research meeting. As for as yields are concern, the new varieties produce about equal to that of the better older varieties.

Among the new varieties, Coker 237 matures similar to Bragg and Ramsom. It is a compact plant type similar in height to Ramson, has good lodging and shatter resistance. It is also resistant to bacterial pustule and powdery mildew.

It has performed very well in heavy clay soils which merits consideration on many Cameron Parish land. Also, Deltapine 345, which was added to the recommended list this year, appears to be one of the better adapted varieties for clay soils.

At the meeting, Dr. Dale Sanders discussed a new herbicide named "Poast". This is a very promising herbicide as it has a broad spectrum and is applied over-the-top.

NEW RICE PROGRAM

A very informative program was conducted by ARI last Friday evening. The "Agriculture Food Act of 1981," as pertain to rice was discussed, of more importance to producers is the 15 percent reduction in planted acreage. They must comply with in order to qualify for the National Program Acreage. Rice farmers will be required to reduce this planted acreage by 15 percent of that based on the last 2 years of rotational planting.

For example, if the same field was planted the last four years then the acres planted four years ago plus that of '81 would be averaged and then reduced by 15 percent. Rice farmers are urged to contact the A.S.C.S. office located in the Federal Building in Lake Charles to find out exactly the amount of acres they may plant this year.

Basically, the new act is referred to as, "open production - no allotments." The former, "disaster program" is no longer in effect therefore, farmers may want to inquire about the crop insurance program.

DON'T RUSH TO PRUNE

Don't be too hasty to prune ornamental plants which were damaged by January freezes. The amount of damage can better be determined after growth is well underway in spring.

If pruned now, freezes later this winter may cause further damage to the plants. Damaged or dead foliate offers some protection for tissue below it.

Plants severely damaged were those of evergreen whereas, the deciduous such as bridal wreath, crepe myrtle, flowering quince, mock orange and forsythia had little or no damage.

OAK LEAF BLISTER

Oak leaf blister, a fungus disease, attacks most species of oak found in Cameron Parish.

The Southern Red Oak and Water Oak are two of the most severely affected. Blisters first appear on new leaves as gray areas on the underside and yellow chlorotic spots on the upper side. Soon a blister forms on the upper surface of the leaf.

To control, apply a fungicide such as Bordeaux mixture, Maneb or Zineb at or just prior to bud well (leaf). After the symptoms are noticed in the spring and summer, it is too late to make a fungicidal application for that season.

Mary Olive court meets Altar Society

Court Mary Olive Catholic Daughters met Feb. 2 at the Life Center in Creole. Msgr. Bernard opened the meeting with prayer.

It was announced that the K. C. Banquet which was to be Feb. 20 was changed to March 13 instead.

A covered dish supper was enjoyed by members and husbands after the meeting.

The next meeting will be held March 2 at the K. C. Hall in Creole.

CAMERON ELEMENTARY students who won honors in the Fur Festival poster contest are shown with their ribbons. They are Bobby Carroll, Kelly Hardy, 1st; Bryon Richard, Dennis Guilbeau and Jessie Reese. Not pictured is Hope Nash.

Grand Lake student statewide winner

Laurie Daigle, an eighth grade student at Grand Lake High school, has captured statewide first-place honors for the second year in the Mental Health Association Read-A-Thon.

Miss Daigle is being honored for raising more money than any other student in the state who participated in the Read-A-Thon this fall. For her special effort, the student will receive a bicycle, in addition to a special award certificate and a t-shirt. She raised $452.24. The Grand Lake High Read-A-Thon Coordinator was the school's librarian Mrs. Biagas. The school's principal is Delmus Hebert.

The Read-A-Thon was designed to provide educational growth through reading and also to get young people involved in helping others. Proceeds from the project will be used to help in the on-going work of the Association to fight mental illness.

Society to meet Mon.

St. Mary's Altar Society will meet Monday Feb. 15 at 7 p.m. in the church hall.

District livestock show, rodeo set

The entry list of 2,966 steers, beef breeding, dairy animals, market hogs, market sheep and breeding sheep will be a record-breaker. All of these entries come from 4-H and FFA Club members in the seven parish area which is the Southwest District.

Marty Robbins, "The Super Legend" of Country-Western music, will star in the rodeo entertainment the first two nights.

Jeanne Pruett, an ex-songwriter of country music, now turned singing star, will entertain Saturday night and Sunday at the matinee.

The top 15 money-winning cowboys of the Professional Rodeo Cowboys Association (and of the world) will compete for honors and money as this year's competition for points moves into high gear.

The Bull of the Year, "Savage," will try to do his worst to the world's best bull riders.

An opening night feature, "Super-Bank Night," will mean discounts on tickets for those who have a special discount coupon which is available at each branch of the Calcasieu Marine National Bank. The discount coupons are redeemable at the Rodeo Ticket Office at Burton Coliseum, located across from Lake Charles Municipal Airport.

Junior Livestock Show exhibitors have exceeded the 1981 record entry list of 2,851 according to L. F. Swoope, Jr., Livestock Show manager. The greatest number in the field is in market hogs, where the youngsters have entered 1,196 "porkers."

Market lambs make up the second largest list of entries with 946, followed by Beef Breeding animals with 423, Steers 182, Sheep Breeding animals 158 and Dairy Cattle with 61 entries.

The Rodeo performances to be held Thursday, Feb. 18, Friday, Feb. 19 and Saturday, Feb. 20, will start at 7:30 p.m. The Sunday matinee on Feb. 21, is scheduled for 2:30 p.m.

Livestock competition begins on Thursday, Feb. 18 at 8 a.m. with Sheep Showmanship, followed immediately by Dairy Cattle Showmanship.

Market lambs will compete for championship honors at 11 a.m.; Beef Showmanship starts at 11:30 a.m.

Friday's competition lists Breeding Sheep, the Steer Show, and Swine Showmanship.

On Saturday, Market Hogs, Beef Breeding and the Parade of Champions takes the spotlight. The Parade of Champions is scheduled for 6:45 p.m. and will be followed by the sale of the market champions.

Some bristlecone pines in central Arizona are known to be more than 4,000 years old and called "the oldest living things."

Cowbelles hear report on convention

A report on the Louisiana Cowbelle Association Convention held last month in Alexandria was given by Mrs. Mae Ann Hebert, president, at the monthly meeting of the Cameron Cowbelles held at the KC Hall in Creole.

She announced that the local club had won an honorable mention on their scrapbook, that they are still the largest club in the state and that Mrs. Inez Spangler from West Monroe had been election state president, and eight local members attended the convention.

Mrs. Hebert was also elected to serve on the board of directors of the State Cowbelles.

She also announced that the State "Beef-Cook-Off" contest will be held Jund 8 at McNeese State University. The National contest will be held September 19-20 in San Antonio, Tex.

Mrs. J. D. Fruge was appainted "Beef - Cookoff" chairman for the local contest.

Mrs. Mayola Wicke and Mrs. Wayne Montie were appointed co-chairmen of Beef Month, which will be in March, and Mrs. Floyd Baccigalopi was appointed chairman of Ag-Day on March 18.

Members were urged to attend the Region 2 workshop in Baton Rouge April 22-23.

APPOINTED AS chairmen for the Cameron Cowbelles were Mrs. Floyd Baccigalopi, Ag Day chairman; and Mrs. Mayola Wicke and Mrs. Wayne Montie, co-chairmen of Beef Month.

The LeMesche Bass Club will have their annual awards banquet Sunday, Feb. 14, beginning at 11 a.m. A sinner will be held with rib eyes, beans, potato salad and green salads. Members and their families are invited. Awards for the top angler of the year, sportsmanship award, largest bass of the year, largest string of the year and largest team strings of the year will be presented, along with 40 other awards.

Red Fishing: Reports of reds being caught in the outlets going into the gulf, with quiet a few 9 and 10 pounders being taken. Also a few were caught in the Hog Bayou area.

Catfishing: Trop lines are still producing some real nice catfish along with the smaller ones.

Bass- white perch: Bass are still hitting along the Creole Canal and along the Little Chenier roadside cuts, however, that's if the weather permits. These are taken mostly on small beatles, (white with red dots) but some are using H/H, cactus color and doing o.k. Not much white perch action this week. Along these same cuts, noone I've talked to are using live shinners, and that makes the difference.

Toledo Bend: Rusty Benson and Tommy made a trip to Toledo last week, but the weather was bad and with the high winds, the lake was really too rough to fish.

Big Burns: I talked with Darrell "Fats" Dupont Sunday he told me the Big Burns permits should be on sale March 1, so I'll let you know when and where you may purchase your permit.

Good Fishing Times for Feb. 13 and 14. Saturday, a.m. 9:25; p.m. 3:45 (best period)

Sunday a.m. 10:20; p.m. 4:30.

Saturday will be a fairly good day for fishing, with the best period in the afternoon, but Sunday won't be anything special.

Fishing tips for this week: Start getting all your fishing tackles, hooks, life jackets, boats and motors ready, not waiting the last minute so you will be ready for March 1 for Lacassine and the middle of March for Big Burns.

If anyone would like to have an article put in the Cameron Outdoor column, please write me at P.O. Box 240, Creole, La. 70632 or call me at 542-4322.

I found out this week that we have some readers in Port Arthur, Tex., in fact the sheriff down there and I appreciate him liking our article.

ACTION ON THE NORTHERN BORDER

We call it the Northern Border Project. It's a new pipeline being constructed from Big Horn country into the Midwestern United States. United Gas is a partner in this visionary project. When completed, 400 million cubic feet of gas will be delivered to us each day from Canada for eventual use by United's customers.

This project is a segment of the proposed Alaska Natural Gas Transportation System that eventually will bring natural gas from the rich Alaskan fields. United's share of the new Canadian gas—and Alaskan gas when it becomes available—will be exchanged in the Mid-West for gas closer to the Gulf South.

It seems strange to be bringing Canadian and Alaskan gas to Louisiana. But this costly and complex project is one of the many things United is doing to keep the gas flowing to its customers.

The Challenge of Genealogy

by MARIE WISE

The more you research, the more ancestral lines you will record as marriages continue adding family names. Every genealogist knows that in research, the more names acquired, the more complete family history becomes.

Carl Boyer 3rd, an established genealogist and researcher, was able to present 144 families - an unusually large number - in the first edition of his *Ancestral Lines*. A second edition increases this, all in one volume, to the exceptional total of 190 predecessors for his and his wife's families.

ANCESTRAL LINES

Ancestral Lines Revised offers in alphabetical order, these 190 lines from Abell to Wynter, being primarily English, Welsh or German emigrants to New England colonies. Most begin with a European birth in the 1500s and arrival in America in the 1600s from where descendants spread across the country.

Among the names traced are Allen, Allsop, Anthony, Babcock, Campbell, Dodge, Howland, Kruse, Marshall, Owen, Reed, Remington, Sherman, Slade, Talbot, Tisdale, Underhill, Wood, many others.

Family chapters offer much more than data as they present family background, history, heraldry, how and why moves were made, politics and religion, occupations, community involvement, military service, recorded fact along with family tradition and legend.

Comprehensive, well documented and interesting to read, *Ancestral Lines Revised* is a first-class work from its preface to the four indexes: surname, place name, ship name and variant name spellings.

Hardcover, 6 x 9 in., 666 pages, $42.00, available from the author: Carl Boyer 3rd, P.O. Box 333, Newhall, CA 91322.

1850 CENSUS CLARKE COUNTY

1850 Census of Clarke County, Georgia from the 7th U.S. Census lists name, sex, age, occupation and place of birth for every person recorded, plus real estate value for household heads.

Edited by Mrs. Grace H. Jarvis, Certified Genealogist, historian, author and writer, this volume is softcover, 175 pages, 8 1/2 x 11 in., maps, indexed, $10.00, available from: Jacksonville Genealogical Society, Inc., 4589 Amherst St., Jacksonville, Fla. 32205.

Established in 1801 from parts of Jackson and Greene Counties, Clarke County has Louisiana connections because it lies within a popular migration trail from the Carolinas to Georgia, south and west to our state and beyond.

BAPTIST CHURCH RECORDS

Minutes of Old Providence Baptist Church, Providence, Union County, Florida. Established 1833 contains verbatim minutes of the old church, 1833-1870; the Columbia County, Fla. 1840 Census; tombstone inscriptions from the church cemetery; biographical sketches of some of its members and ministers; many names, dates, relationships for pioneer families.

This reference volume is softcover, 8 1/2 x 11 in., 118 pages, indexed, $7.50, available from: Jacksonville Genealogical Society, 4589 Amherst St., Jacksonville, Fla. 32205.

STATE CENSUS NASSAU COUNTY

1895 State Census, Nassau County, Florida is of particular value as a reference in place of the lost 1890 Federal Census for Florida. Discovery of these state records was an important find among old county courthouse records in 1975 by a Genealogical Research Committee.

Nassau County is located just south of Georgia and bordering the Atlantic. Its county seat, Fernandia, dating from Spanish settlement in 1567, is said to be the second oldest continuous settlement in the U.S.

This state census volume giving name, sex, age, relationship to head of family, birthplace, occupation, is softcover, 81/2 x 11 in., 229 pages, background history introduction, $9.50, available from: Jacksonville Genealogical Society, 4589 Amherst St., Jacksonville, Fla. 32205.

What To Do In The Event Of A Tornado

Suggested procedures for a tornado alert for Cameron Parish. If evacuation is centered around a TORNADO, the following are example safety rules to pass on to evacuees:

1. The best protection is an underground shelter or cave, or substantial steel-framed or reinforced concrete building. (If none is available, take refuge in other places as indicated below.)

2. If the home has no basement, take cover under heavy furniture on the ground floor that is away from outside walls and windows. (As a last resort, go outside to a nearby ditch, excavation, culvert or ravine.)

3. Doors and windows on the sides of the house away from the tornado may be left open to help reduce damage to the building, but stay away from them to avoid flying debris.

5. If advised that you are likely to be in the path of a tornado, and if time permits, electricity and fuel lines should be cut off.

6. If you are outside in open country, drive away from the tornado's path at a right angle to it. If there is not time to do this - or if you are walking - take cover and lie flat in the nearest depression, such as a ditch, culvert, excavation or ravine.

7. SCHOOLS - If the school building is of good steel reinforced construction, stay in side away from the windows and remain near an outside wall on the lower floors if possible.

8. AVOID AUDITORIUMS AND GYMNASIUMS with large, poorly-supported roofs.

9. In rural schools that do not have reinforced construction, move school children and teachers to a ravine or ditch if storm shelters are not available.

10. FACTORIES AND INDUSTRIAL PLANTS - When possible shut off electricel circuits and fuel lines if tornado approaches plant. Workers should be moved to sections offering the best possible protection, in accordance with advance plans.

11. SHOPPING CENTERS - Go to designated shelter area (NOT to the parked car.)

12. OFFICE BUILDINGS - Go to an interior hallway on the lowest floor, or to a designated shelter area. Stay away from windows.

TRUE or FALSE?

Of the 55,000 people who die a year, a reliable estimate is that 5,500 might never have developed cancer if cigarette smoking had not been romanticized (sometimes for secret payments) in motion pictures.

False. Although painful deaths from lung cancer have risen along with rising cigarette sales, there is no scientific proof of how many deaths from lung cancer are attributable to romanticizing smoking in motion pictures.

Booklets on wood heating available

A wood-burning stove can be a major investment which pays handsome dividends in its lifetime, says "Heating with wood," available from the Louisiana Office of Forestry.

The publication recommends careful consideration of individual needs, though, in selecting wood-burning heating devices.

The cheapest to buy may be the most costly to operate, whereas high-efficiency devices cost the most initially but are the cheapest to operate because they give the most heat per unit of fuel.

Three types of wood-burning stoves from which buyers may choose are cast iron, plate steel and sheet metal. Efficiency of stove types ranges from 40 percent to 65 percent, according to the publication. Characteristics of each are described, as are those of wood-burning furnaces and fireplaces, in the booklet.

In selecting a home heating device, the buyer should first decide the end use of the heater. If the choice is a stove, the buyer must decide stove location and determine correct stove size and type. Whatever the choice, the buyer is advised to talk with dealers about what he wants and why. The booklet advises him also to choose the device that fits his use and taste, not just his pocketbook.

Wood-burning furnaces are ideal for some houses, and they are usually designed to replace existing furnaces, using the pipes or vents already in place. However, wood-burning furnaces may not be legal in some states, "as code requirements have not been suitable developed to insure safe construction and maintenance."

Despite the cozy effect of fireplaces, alas, the publication says, "Fireplaces are at best poor heaters." A typical masonry fireplace has about 10 percent or less efficiency, it says, and even with extensive modifications, "the fireplace is not an efficient heating device." Not only does most of the fire's heat go up the chimney, the draft created by the fire also draws heated air from the room to expel it out the chimney.

Fireplace modifications include installation of a metal-lined heat exchanger to allow room air to be heated and remitted to the unit's top.

Fireplace inserts offered by many manufacturers can also improve fireplace efficiency. These inserts basically are efficient stoves which simply utilize the fireplace chimney. Additionally, conventional stoves can be adapted to a fireplace in a number of ways, described in "Heating with Wood."

Disaster area tag urged for this area

Congressman John Breaux has urged Secretary of Agriculture, John Block to take "prompt action" and declare several parishes in Southwest Louisiana as "drought-damaged disaster areas" and to implement the Congressionally authorized economic emergency program.

Nine of the parishes the State of Louisiana has requested to be declared emergency natural disaster areas, due to a drought last year, (June-September 30, 1981) are located in Breaux's district. They include Acadia, Allen Beauregard, Calcasieu, Cameron, Jefferson Davis, Lafayette, St. Martin and Vermilion.

Citing a critical economic situation for Southwest Louisiana farmers, Breaux has called for a speedy review by Block, in whose hands the final decision rests for action on either program.

"Access to these two plans would have a significant positive impact on the farmers and the economy of Southwest Louisiana. Enactment would provide the funds desperately needed for many farmers to remain in business, to make a living for their families and to feed this nation," Breaux told the secretary.

If approved, the Emergency Natural Disaster Loan Program, operated through the Farmer's Home, would be available to farmers in disaster designated parishes who could show crop losses due to the drought. Low interest loans would be available, but only to those who could qualify.

Many states, point out the transportation experts at the Association of American Railroads, whose members have a competitive interest in this issue, have found that the weight-distance tax is an equitable way to assess the use and damage factor. Such a tax is based on the weight of the loaded vehicle and the number of miles it travels. Fuel taxes are not considered equitable because while heavier vehicles do more damage to roads than lighter ones, an 80,000 pound truck doesn't use much more fuel per mile than a 50,000 pound truck.

VALENTINE'S DAY DESSERT

Show how much you care by serving Kiss of Persuasion Desserts as a fabulous finale to any Valentine's Day dinner. A rich, chocolate-almond mousse layered with bananas and almonds makes deliciously pretty parfaits . . . and thanks to unflavored gelatine, they can be prepared in less than one hour leaving plenty of time for romance.

This recipe is just like one of many in the exciting new cookbook, "The Grand Performer — Knox® Unflavored Gelatine." To order, send $2.50 (check or money order only made payable to Knox Gelatine, Inc.) with your name, address and zip code to: The Grand Performer, P.O. Box 8026MR, Clinton, Iowa 52736 (allow 6 to 8 weeks for delivery).

KISS OF PERSUASION DESSERTS

2 envelopes Knox Unflavored Gelatine
2 cups (1pt.) whipping or heavy cream
1 cup milk, heated to boiling
1/2 cup sugar
1/2 cup semi-sweet chocolate chips
1/2 teaspoon almond extract
1 cup ice cubes (about 6 to 8)
2 bananas, sliced
1/4 cup chopped almonds

In 5-cup blender, sprinkle unflavored gelatine over 1 cup cream; let stand 3 to 4 minutes. Add hot milk and process at low speed until gelatine is completely dissolved, about 2 minutes. Add sugar, chocolate, almond extract and remaining cream; process at high speed until blended. Add ice cubes, one at a time; process at high speed until ice is melted. Let stand until mixture is slightly thickened, about 8 minutes.

In parfait glasses or dessert dishes, alternately layer gelatine mixture with bananas and almonds; chill until set. Garnish, if desired, with additional whipped cream and chocolate kisses. Makes 6 servings.

Never iron a stained garment. Heat from the iron will set the stain.

● The heating values of common firewoods vary greatly, with hickory at the top of the list, followed by white oak, beech, sugar maple, red oak, birch, and yellow pine in that descending order. Aspen and white pine provide poorest heat.

● Ceiling fans have become popular heating and cooling energy savers because they really work, in winter pushing down the warm air that has naturally risen and reversing in summer to lift and circulate the cooler air at floor level.

● According to the makers of Nicholson files, one should never be used without a tight-fitting handle to cover the sharp point of the tang. They package an unbreakable handle with three adapters, available at hardware centers.

● The U.S. Department of Energy suggests these four simple ways to save 15¢ on every gallon of gas bought: slowing down from 70 to 55mph saves 6¢; keeping a car tuned saves 4¢; radial tires kept properly inflated save 5¢ a gallon.

● A tool kit of fixed-jaw box and open-end wrenches can become costly when working with both standard and metric nuts. The economical solution is a three-size set of Crescent adjustable wrenches.

● Sawing is much easier when the saw is held correctly. Use a cutting angle of 60° to the work with a rip saw, 45° with a crosscut.

Quick Chili With Biscuits Satisfies Hearty Appetites

A hearty and satisfying family casserole need not take hours to make. Olé Biscuit Chili can be prepared quickly in a skillet, popped into the oven and be ready to serve to the family in half an hour. The economical dish is a meal in itself because the chili is topped with refrigerated flaky biscuits.

OLÉ BISCUIT CHILI

1 lb. ground beef
16-oz. can tomatoes, undrained and cut up
15-oz. can kidney or chili beans, undrained
10 3/4-oz. can tomato soup
1 cup chopped celery
1/2 cup chopped onion
2 to 3 teaspoons chili powder
1/4 teaspoon pepper
10-oz. can Hungry Jack refrigerated flaky biscuits
1/4 cup crushed cheese-flavored crackers or seasoned croutons

Heat oven to 375°F. In large skillet, brown ground beef; drain. Add tomatoes, beans, soup, celery, onion and spices; mix well. Heat until bubbly; simmer while preparing dough.

Separate dough into 10 biscuits. Dip tops in crushed crackers. Pour hot chili mixture into ungreased 2 1/2-quart shallow casserole. Arrange coated biscuits on top of chili mixture. Bake at 375°F. for 13 to 18 minutes or until biscuits are deep golden brown, 5 to 6 servings.

TIP: Chili mixture may be prepared in 10-inch ovenproof skillet, topped with prepared biscuits and baked as directed.

Eggs and Rice for Dinner

Team protein-rich eggs, cheese and rice in a delicious casserole that makes a hearty family dinner. It's taste tempting and easy on the budget, too.

GREEN AND GOLD RICE CASSEROLE

1 cup finely chopped parsley
3/4 cup chopped green pepper
1/2 cup chopped onions
2 tablespoons butter or margarine
1 can (10-3/4 ounces) condensed cream of chicken soup
1/2 cup half-and-half (cream and milk)
1 teaspoon *each* garlic salt and seasoned pepper
1 tablespoon lemon juice
1 cup grated Cheddar cheese
3 cups cooked rice
6 hard-cooked eggs, chopped
1/2 cup dry bread crumbs

Cook parsley, green pepper, and onions in butter until tender crisp. Add soup, half-and-half, seasonings, lemon juice, and 1/2 cup cheese. Heat. Stir in rice and eggs. Turn into a buttered shallow 2-quart casserole. Top with remaining cheese and bread crumbs. Bake at 350° for 25 minutes or until hot and

The Merit Report: A Public Opinion Survey

While most Americans favor efforts to reduce Soviet and U.S. nuclear arms and would like to see President Reagan and Soviet Premier Brezhnev conduct tension-easing talks, they still feel by a large majority that it is very important for this country to maintain military superiority over the Soviets. The majority also would approve legislation giving the CIA authority to investigate American organizations within the United States. These are among the findings of the Merit Report: A Public Opinion Survey, conducted Nov. 17-18, 20-22.

Some 1,210 adult Americans living in telephone households were randomly selected to participate in this scientific, nationally projectable survey on current news issues. The Merit Report is sponsored by Merit cigarettes.

The Results:

THE CIA: INVESTIGATIONS IN THE U.S.?

More than half of the American people (55%) believe that Congress should pass legislation allowing the CIA to investigate American groups or organizations in this country. Almost one-third (28%), however, are opposed to changing the agency's current role. Males are more likely than females (62%-49%) to favor such legislation, but little difference is found in sentiment among different age, income or regional groups.

UNEMPLOYMENT BENEFITS SHOULD DEPEND ON COMMUNITY SERVICE

More than two-thirds (71%) of the American adult population believes that individuals receiving unemployment compensation should be required to perform community service work in order to receive benefits. This sentiment is found among all groups regardless of sex, age, income or region of the country. Twenty-one percent disagree, saying that individuals should not be required to perform community service in order to be entitled to unemployment compensation.

MAJORITY BELIEVE IN "RAGS TO RICHES"

The majority of the nation believes that hard work pays off. Fifty-seven percent of those surveyed by The Merit Report say it is either "fairly possible" (43%) or "highly possible" (14%) to start out poor in the U.S. and become rich by working hard. A significant majority (40%) do not subscribe to the American work ethic: 24% say it is "fairly impossible" and 16% say it is "very impossible" to get rich by working hard despite poor beginnings.

LUCK INFLUENCES JOB SUCCESS

While half of all Americans (51%) believe that luck plays an important role for most people in getting ahead on the job, a substantial minority (42%) disagree and say luck is unimportant. This holds true across the board with the exception of people between the ages of 35-49 who believe luck is not important (54% to 41%) and the Western states where 49% do not believe in luck's influence and 44% do.

PHYSICAL APPEARANCE AFFECTS MEN'S CAREERS

A decisive majority (86%) of the nation's adult population believe that a man's physical appearance is either "very important" (48%) or "fairly important" (38%) in determining how successful he will be in his business career. Only 12% say physical appearance is "not very important." Men and women agree: 85% of all men say physical appearance is a determining factor in career success, and 86% of all women say the same. People over 50 years of age are much more apt to say physical appearance is "very important" (60%) than are people between the ages of 18-34 (39%).

PHYSICAL APPEARANCE ALSO AFFECTS WOMEN'S CAREERS

Even more Americans (91%) believe that physical appearance is important in determining the success of a woman's business career, with 58% saying it is "very important" and 33% that it is "fairly important." Only 6% disagree and say it is "not very important." Men and women are in agreement: 90% of all men surveyed say it is important to some extent, and 93% of all women feel the same. People in the South are more likely than those in other regions of the country to believe that physical appearance is important in determining the success of a woman's career: 64% say "very important," 29% say "fairly important." Only 5% say it is "not very important."

Research for The Merit Report is conducted under the direction of Audits & Surveys, Inc., one of the nation's largest survey research organizations.

HOT TIPS ON HEATING

A Public Service From INTERTHERM Inc.

Warming That Add-On Room

The trend toward "don't move, improve" has resulted in the construction of many add-on rooms that are beautiful during the spring but useless on those cold, wintry days. Existing central heating systems, designed to accommodate the home as originally built, just cannot pump enough warm air into that add-on to make it livable when temperatures dip below freezing.

The solution lies in using a portable heater to provide supplementary heat, adding enough warmth to make that room addition usable year-round.

Hardware, home center and department stores offer a wide variety of portable heaters which may or may not have the capacity to warm a room adequately. Properly sizing a portable heater, based on floor space, windows, doors and ceiling height is the key to efficiently and effectively heating that new room.

The discreet addition of a touch of saffron in the dough can give home-baked bread a beautiful color.

The Egyptians flew the first flaglike symbols thousands of years ago. Soldiers tied streamers to poles and carried them into battle, hoping that their gods would help them win.

ACP funds available in Cameron parish

An allocation of $3,241,000 has been authorized for Louisiana as the state's share of the 1982 ACP, Moore said, and Calcasieu Parish has an allocation of $94,005 and Cameron Parish an allocation of $57,208 for use in approving requests for cost-share assistance. Statewide about $149,000 of the allocation will be transferred to the Soil Conservation Service for providing technical service.

The Agricultural Conservation Program is designed to encourage the application of enduring soil and water conservation practices on farms that also provide off-farm benefits such as improving water quality.

Practices available for cost-share assistance in Calcasieu and Cameron parishes are: SL-1 Permanent Vegetative Cover Establishment, SL-2 Permanent Vegetative Cover Improvement, SL-6 Grazing Land Protection, SL-8 Cropland Protective Cover, SL-11 Permanent Vegetative Cover on Cirtical Areas, SL-14 Reduced Tillage Systems, SL-15 No-Till Systems, WC-1 Water Impoundment Reservoirs, WC-4 Irrigation Water Conservation, WP-1 Sediment Retention, Erosion, or Water Control Structurds, WP-3 Sod Waterways, WP-4 Animal Waste Control Facilities, FR-1 Forest Tree Plantations (Calcasieu only), FR-2 Forest Tree Stand Improvement (Calcasieu only), WL-1 Permanent Wildlife Habitat, WL-2 Shallow Water Areas for Wildlife, SPWC-4 Leveling Land.

Anyone in Calcasieu or Cameron parish interested in participating in the 1982 Agricultural Conservation program and receiving cost-share assistance should contact the Calcasieu-Cameron parish ASCS office, Moore said. All program applicants will be given equal consideration without regard to race, color, sex, creed, or national origin.

The Agricultural Conservation Program for 1982 in Louisiana is in effect according to Kirk D. Moore, County Executive Director for Calcasieu and Cameron parishes.

Moore said that the Agricultural Conservation Program for Calcasieu and Cameron parishes has been developed and at this time he is announcing the program for both parishes for 1982. Farmers and landowndders on Feb. 1st can begin making a request for cost-share assistance at the Calcasieu-Cameron parish ASCS office. A request must be filed and approved before a practice is started to be eligible for cost-share assistance.

Sweetlake farm is growing alligators

Solar energy enthusiasts maintain that the sun's energy has unlimited applications, and an alligator farmer in Sweetlake agrees.

Bob Perkins, owner of Suaros, Inc., one of the few alligator farms in Louisiana, was awarded a $4,500 grant last year to develop low-cost solar energy space and water heating systems for his struggling new business. One year later, he credits solar energy with saving him several hundred dollars a month in utility bills - money he has been able to put toward his alligators' $23,000-a-year food bill.

"Alligators normally stop eating and go into hibernation when temperatures fall below 65 degrees," Perkins says. "So, if you can avoid the dormant period of late October to March by keeping the temperatures up, the gators have twice the growth rate of those living under natural conditions."

However, keeping temperatures at 75 degrees - the optimum temperature for alligators - was presenting a strain on his budget. "After I started getting my electric bills, it didn't take long to see that my new business wouldn't last unless I did something," he explains.

Receiving a grant from the U. S. Department of Energy enabled Perkins to construct two separate solar energy systems - one for space heating and another for water heating.

Both are essentially very simple systems, taking little technology to construct, and both could be applied to numerous agricultural operations.

The solar space heating system consists of an air-space created by constructing a wall of clear fiberglass to the south side of the metal barn, which is painted black. The sun's heat is absorbed by the black wall and then trapped by the fiberglass addition. It is then vented into the barn via ducts over a rock storage area on the north side of the wall. The heat warms the barn during the day and is then stored by the rocks to provide residual heat during the night.

The solar water heating system provided additional heat the first winter but was damaged by wind and is not operative. Located on the south side of the barn, it originally consisted of shallow ponds lined with black polyethylene material and covered with clear plastic.

Water was heated by the sun and then transferred into the alligator tanks from 9 a.m. to 3 p.m., maintaining a temperature of 80 degrees.

The water heating system provided excellent results, and Perkins has plans to reconstruct it soon.

Suaros, Inc. houses 2,500 alligators and is in Sweet Lake, 25 miles south of Lake Charles.

Production up for seven La. crops

One of the major crops grown in Louisiana, production in 1981 increased for seven and declined for one crop. According to Kirk Moore, County Executive Director for the Agricultural Stabilization and Conservation Service in Calcasieu-Cameron parishes, production of cotton, sugarcane, rice wheat, corn, grain sorghum, and sweet potatoes increased while soybean production dropped slightly.

Soybean production, at 65,730,000 bushels, was a 2 percent decline from 1980. According to the report, the decline in production was due to the 7 percent reduction in harvested acreage.

Cotton production in the state reached 735,000 bales, 275,000 bales or 60 percent above last year's crop.

Louisiana sugarcane production totaled 7,155,000 tons, a 21 percent increase over 1980. Yield per acre was 27 tons, the third largest on record behind the 28.9 tons in 1962 and 27.6 tons in 1967.

Rice production, Mr. Moore said, is estimated at 26,752,000 hundred-weight, a 29 percent increase over last year. Harvest of rice was from 667,000 acres, 14 percent more than in 1980.

A total of 11,550,000 bushels of wheat was produced in the state in 1981, which was over 6 times greater than the previous year's crop. Yields averaged 42 bushels per acre according to the report, Mr. Moore said.

Corn production last year was 2,409,000 bushels, a 75 percent increase over 1980, Moore said. The large increase was due to average yields of 73 bushels per acre compared to 46 bushels the previous year and a 10 percent increase in acreage.

Dowell sets safety week

Dowell, a division of Dow Chemical, located in Cameron will be observing safety week Feb. 15 through 19 for the fourth year.

Dowell employees work on safety 52 weeks a year, and will be working on it even harder that week. Each employee works on every job to maintain the best safety performance in the industry.

During the week of Feb. 15 each of the employees will spend a full work day learning to work even more safely, concentrating on ways to eliminate errors, sharpen techniques and improve attitudes.

The theme this year is "The Responsibility of Discovery" and the purpose is to make each employee aware of unsafe situations and to ame it his or her responsibility to see that unsafe conditions are corrected.

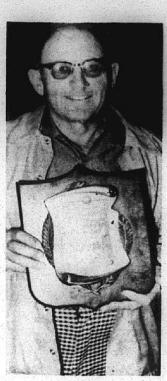
WINNERS OF awards at the annual awards banquet of the LeMesche Bass Club are pictured above with their awards. (Photo by Geneva Griffith)

Top fishermen are names by bass club

Barry Richard was named "Outstanding Fisherman" and Ernest Richard, "Sportsman of the Year" at the annual LeMesche Bass club awards banquet held Sunday noon at the WOW hall in Creole. They each received a plaque. The Sportsman award is the Kirby Gaspard Memorial award started in 1976.

Special awards were also presented to the weighmasters Pete Duhon and Lynex Richard and to Alice Richard, Geneva Griffith and Lou Duhon for their help to the club over the years.

Officers to serve for 1982 were installed as follows: Gerald Richard, president, Phillip Trosclair, vice president; Leslie Griffith, secretary-treasurer; and Loston McEvers, Carl Broussard and Barry Richard, trustees.



Winners of the largest stringers were: Loston McEvers, 1st, 31 lbs., 2 ozs.; Carl Broussard, 2nd, 31-2; Barry Richard, 3rd, 29-6.

Largest team stringers went to: Carl Broussard and Barry Richard, 1st., 57 lbs., 4 ozs.; Ricky Canik and Eddie Conner, 2nd, 43-3; and Tony Johnson and Eddie Conner, 3rd 41-10.

Phillip Trosclair won the award for the largest bass caught out of the parish with a 10 pound 10 oz. fish.

Gerald Richard caught the largest bass in the parish with a 6 pound 12 ounce fish, followed by Ricky Canik,6-4; Tony Johnson, 6.

Taking 2nd and third place in the "Outstanding fisherman" award were Gerald Richard and Eddie Conner.

ERNEST RICHARD is shown with the "Sportsman of the Year" plaque that was presented to him by the LeMesche Bass Club at its annual awards banquet.

Arson is suspected

Larry Jinks, chief of the Johnson Bayou Volunteer Fire Department, reported that arson is suspected in a fire which completely destroyed a house trailer Monday night on Smith Ridge.

The $21,000 trailer belonged to Brad Phillips. The fire department responded to the call at 7:30 p.m. and had the fire out at 8:58 p.m.

Eighteen local volunteer fireman responded to the call and were assisted by the Holly Beach Fire department, Jinks said.

He said that the investigation into the origin of the blaze has been turned over to Charles George, Lake Charles fire marshal and Ray Burleigh, Cameron, deputy state fire Marshal.

Burleigh stated that anyone having any information on this or any other fires may call on the toll free Arson Hot Line for the state at 1-800-2728310.

The line is underwritten by insurance companies and will pay up to $10,000 reward for information leading to the arrest and conviction of an arsonist. The person making the call will not have to worry about his name being revealed.

Fire put out on offshore rig

A fire was reported Monday in the engine room of an offshore drilling rig 12 miles south of Cameron, but no help was needed from the Coast Guard in putting the blaze out.

Galveston Coast Guard spokesman John Dec said the fire was reported to the Coast Guard at 9:05 a.m. Monday. He said 19 crew members of the jackup rig owned by Houston Oil and Mineral Inc. were evacuated from the rig into a standby boat, while the remaining 15 members stayed aboard to fight the fire.

Four commercial boats with firefighting capacity were at the scene to put out the blaze, Dec said, and the fire was reported out at 10:20 a.m.

No one was injured in the fire, Dec said. The origin of the fire and the extent of its damage was unknown, he added.

Marker sought on FDR's visit

BY GENEVA GRIFFITH

Mrs. Bernie Colvin Bonsall's birthday on Jan. 30, was also the birthday of President Franklin Delano Roosevelt, and had he still been living, he would have been 100 years old this year.

Mrs. Bonsall and President Roosevelt have something else in common. Her late husband, James "Jim" Bonsall, had Roosevelt as a friend and fellow duck hunter.

Mrs. Bonsall, who runs a little country store at Grand Chenier, not allowing her failing eyesight or arthritis to slow her down, received a very unusual present from her children, Belton and Connie.

They are making an application to the state for a historical plaque to be placed onHighway 82 at Grand Chenier in front of the "Old Jim Bonsall Homeplace" marking the visit of a president of the United States to Jim Bonsall's hunting camp in 1920, Franklin Delano Roosevelt.

Herman B. Deutsch, a writer for the New Orleans Item, wrote about the trip in the paper in 1939 when he was writing about a hunting trip taken by U.S. Senator Allen J. Ellender in Cameron parish.

Senator Ellender related that two years earlier President Roosevelt asked him if he had ever visited Cameron Parish.

"If you ever get down that way, I wish you'd look up two men, James Bonsall and Elmer Ogle," Roosevelt said.

"I met them nearly 20 years ago, when I was hunting in Cameron parish. Ogle was lost and we had to organize a search party to find him.

"I was lucky enough to be the one who finally found him and brought him in."

Senator Ellender met Jim Bonsall that winter and conveyed to him the greetings of the president and that is how it became known that Franklin D. Roosevelt had once save the life of a Louisianian.

Bonsall was a R.F.D. mail carrier between the towns of Cameron and Grand Chenier beginning in 1907, when he used to make that route along the marshes that rim the Gulf on horseback with a lock-pouch for a saddlebag.

Theatre group to name officers

The Chenier Showcase Theatre will hold its annual membership meeting and election of officers on Thursday, March 4, at 7 p.m. in the Calcasieu Marine Bank meeting room.

Anyone who has bought a membership for the 1981 season will be eligible to vote and to run for office. Seven board positions are to be filled. Members must be present to vote.

The meeting will be open to anyone interested in the upcoming season.

In addition to the election, other business, such as plays to be produced this year will be taken up, and refreshments will be served.

Several plays and musicals were discussed at last week's board meeting, including "The Fantastics", Tally's Folley", Everybody Loves Opal", "Catch me if you Can", A Golden Pond", "By Strouse", and "You're a Good Man, Charlie Brown."

Which shows that are produced will depend largely on the actors available.

Three productions are scheduled for this year, and the possibility of taking one of them to various schools was suggested.

Other items discussed included the 1982 membership drive, problems with finding rehearsal space, and the urgent need for storage space.

The board members attending the meeting would appreciate any input from the community of any of these items.

Mardi Gras dance slated

A Mardi Gras dance will be held at the new building of the Sturlese American Legion Post on Tuesday night, Feb. 23 in Grand Chenier.

It will feature a gumbo supper, a costume contest and a dance at 9 p.m. with music by Barry Wayne and the Teardrops.

Everyone is invited to attend.

The dance is the first function in the new building which replaces the old home that burned.

Unit closed

Dr. Russell R. Conley, Regional Medical Director, has announced that the Cameron Parish Health Unit and all its branch offices will be closed Tuesday, Feb. 23, for Mardi Gras.

VA visit set

Jerry W. Furs, Cameron Parish Veterans Service Officer, will be at the Hackberry Water Works Building Friday, Feb. 19, from 9:30 a.m. until noon, for anyone needing assistance with VA benefits.

Fire dept. to have 25th anniversary

The Cameron Volunteer Fire Department will hold its 25th anniversary banquet Monday night, Feb. 22 in the reception room of the Cameron Fire House.

The principal speaker is expected to be the new state fire marshall, according to Kirk Burleigh, Cameron Fire Chief.

The coctail hour starts at 6 p.m. followed by the banquet at 7 p.m.

MSU signs Tarp player

Tony Johnson, running back from South Cameron high school, was one of 15 outstanding athletes who signed letters of intent with McNeese State University last week.

Johnson was named All--District 5-AA as a junior, rushed for 1,438 yards despite missing two games with an ankle injury, and was named alternate to the Louisiana All-Star game.

Lent schedule given

Lenten Services for the Creole area were announced this week by Msgr. M. J. Bernard, pastor of Sacred Heart and St. Rose of Lima Catholic Churches.

On Ash Wednesday, Lent will open with a service at Sacred Heart Catholic church with blessed ashes imposed or distributed.

BIRTHDAY

Rita and John Broussard celebrated their second birthday with a party at the home of their parents, Mr. and Mrs. Huey Broussard. Nicole Crochet also celebrated her second birthday. She is the daughter of Mr. and Mrs. Valmond Crochet.

Council on Aging holds banquet here

The Cameron Council on Aging sponsored a Senior Citizens Valentine banquet on Feb. 11 at the First Baptist Church recreation room. The group enjoyed a guest speaker and a meal. Approximately 40 persons attended.

Mrs. Claudia Pipkins presented talk concerning elderly programs around the state. Hayes P. Picou, Jr. spoke on the history of the Cameron Council on Aging.

Mrs. Dinah Racca served as mistress of ceremonies. Mrs. Letha Savoie registered the guests. Miss Pat Theriot, Mrs. Anita Racca, Mrs. Pam Carroll, Mrs. Elvera Berkey and Mrs. Lois Gordon served as hostesse. Mrs. Grace Carroll served as head hostess.

Mrs. Pearl LaBove of Grand Lake won the door prize donated by Triftway Pharmacy.

The staff of the Cameron Council on Aging would like to express our appreciation to all those who donated food, served the meal, decorated the building and allowed the Council to use the building.

Birth

HENRY JOSEPH DINGER III

Mr. and Mrs. Henry Joseph Dinger, Jr. of Cameron announce the birth of their fourth child, Henry Joseph, Feb. 9 at Memorial hospital in Lake Charles.

He weighed 7 lbs. 9 oz.

Grandparents are Mr. and Mrs. Norman Cheramie and Mr. and Mrs. Henry Joseph Dinger, Sr., all of Cameron.

Great-grandparents are Mr. and Mrs. Wilbert Dinger of Cameron and Alphonse Lasseigne of Cut Off.

The couple's other children are Tunie, 11, Vicky, 10 and Mia 9.

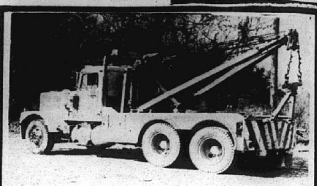
Officers installed by Creole club

At the January meeting of the Creole Extension Homemakers Club, officers for 1982 were installed. The meeting was held in the home of Mrs. Wayne Montie with Mrs. Rose Boudreaux and Mrs. Eleanor West serving as co-hostesses.

Officers installed were: Mrs. Estelle Theriot, president; Mrs. Mayola Wicke, first vice-president; Mrs. Eleanor West, third vice-president; Mrs. Mary Jane Guidry, secretary; Mrs. Charlotte Guidry, treasurer; Mrs. Butsy Carter, reporter; and Miss Elvina Trahan, parliamentarian.

Assistant home economist, Mrs. Nancy Cronan, gave a talk explaining the duties of the Educational Committee, and then read two articles which she thought would be of interest to the club. The first one, about Cameron Parish appeared recently in a booklet published in connection with the 50th anniversary of the Louisiana Homemakers Clubs and the other was by Northwestern University professor, D. Bienvenue, on "The Art of Stroking."

Recognition was given Mrs. Wicke for having been selected as Cameron Parish Citizen of the Year for 1981 by the VFW Doxey-Vincent Post in Cameron. Mrs. Wicke, the Creole club's nominee for the honor, was congratulated and given a round of applause.



Club treasurer, Mrs. Bonsall, reminded members that 1982 dues are payable now.

MARKER...Cont. from Pg. 1

Bonsall was born in Grand Chenier in 1896 and he and his father hunted, fished, trapped and farmed in the days when Cameron parish was cut off from the rest of the world with only a three-times-a-week mailboat from the outside. There were no roads, no telephones, and no lawyers in all the parish, and the jail door was secured by a corn-cob plugged through a rusty hasp, because the only use made of the jail was to store wood for the Sheriff's office.

Ogle was born in 1908 and was a step-brother to Bonsall.

He was only 14 years old when the late H. L. Alexander, first conservation commissioner of Louisiana, invited Franklin D. Roosevelt, then Assistant Secretary of the Navy, to come to Louisiana for a hunting trip.

Another guest was Theodore Roosevelt, Jr. (a cousin of Franklin's and a son of President Teddy Roosevelt).

They boarded the Alexandia, which was the New Orleans Dock Board's flagship, at New Orleans, went down the Mississippi river to the Gulf, and along the coast to the mouth of the Mermentau river to Cameron parish.

But their luck was bad and they bagged no game.

Commissioner Alexander, going ashore at Grand Chenier, complained about'it to James Bonsall.

"We can't let those men go back up North thinking we got no game in this country", agreed Bonsall.

"Send him over to my place. My father and my step-brother Elmer Ogle, have a big trapping lease where there's all the game in the world. Send 'em over to us, and we'll fix 'em up right."

Things were going well with the Bonsall family about then.

Those were the days of big money in trapping. Jim Bonsall had kept his mail route all the while, though the horse had been replaced by a hack and team with which he hauled passengers as well as mail, and ultimately, in 1914, by the first automobile in all Cameron parish, a car that had been sent down by freight boat from Lake Charles.

And so Franklin D. Roosevelt and Theodore Roosevelt, Jr. came to the camp the Bonsalls maintained on their trapping lease at the mouth of the Mermentau river that very evening, to make their first hunt the following dawn.

They made a hunt, too, but not the kind they had anticipated, for hardly had they reached the camp with Jim Bonsall than the latter's father informed them his step-son, 14 year old Elmer Ogle, had gone out to a trapline early that morning and had not yet returned.

They sent out search parties that very evening, but found no trace of the missing boy.

"Mr. Roosevelt was the one that said not a gun was to be fired till we find Elmer" Bonsall related at the time, "And wo we got ready to make a real search in the morning. We all divided up as soon as it was daylight."

The President went in a pirogue with Numa Conner to paddle him, and each pirogue took a different direction.

"It didn't seem hardly any time at all until we heard the shots that signaled somebody's found Elmer and who do you think it was that found him? Franklin D. Roosevelt himself," Bonsall related.

He had taken off his overcoat and wrapped Elmer up in it and they brought him to the camp that way.

The boy was pretty well done in, and they sent him to Grand Chenier right away from the camp. He got all right, but the mosquitoes and the cold and wethad made things pretty tough for him.

Bonsall continued: "We had some good hunts after that. Franklin D. Roosevelt's a good shot and good sport and good company. He used to spin us a world of yarns about all sorts of things, sitting aroung the camp at night.

"Anytime he wants to come back down here, and I hope he does it soon, he can have anything he wants in Cameron parish. Tell him we've got grand fishing here, too. Just think of that man remembering about that all these years."

"Of course things have changed in Cameron parish since the President was there," wrote Deutsch in 1939.

"They now have two hard-surfaced roads to the outside, and a new concrete courthouse, even though there's no more use for a jail than there used to be, and a lot of automobiles.

"And the Jim Bonsall Mr. Roosevelt used to know met Bernie Colvin of Jackson parish when she came down to Grand Chenier to teach school and she hadn't been there a year before Jim Bonsall married her, and they have two children, a 12 year old boy named Belton and a 7 year old girl named Constance.

"Mrs. Bonsall makes a daily round trip between Grand Chenier and Cameron with her husband, for the route now serves 265 families.

"And the only thing that worries Jim Bonsall today is whether he's going to keep the mail route in the next competitive award, when the bids are opened on March 1, for trapping's not what it used to be and, 'I'm not fit for anything else, being 54 years old now.'

"When the bottom fell out of the trapping business and muskrat pelts that had brought $1.50 were down to 20 cents, and farming wasn't much better, Elmer Ogle moved to Crowley.

He had said when he told his side of the "Lost in the marsh" story that if Mr. Roosevelt had not found him he might have died right there.

All of the characters in this story are now dead, with the exception of Mrs. Bonsall and her two children.

However, the events are forever etched in their memory and they are determined to see that this historical marker is erected so it can be remembered by generations to come.

ALTHOUGH her eyesight is failing and she has arthritis, Mrs. Bernie Bonsall still works at one of her beloved pasttimes--painting primitive type oil paintings. (Photo by Geneva Griffith)

Two persons returned on parole violations

Two men were brought back in 38th Judicial District Court Thursday on probation violation hearings and Judge H. Ward Fontenot imposed the following charges:

Eugene Moore, 39, P. O. Box 552, Cameron, La. pled guilty to aggravated battery on June 16, 1980 and was sentenced to one year in the Department of Corrections, with the sentence suspended and he was placed on two years supervised probation.

Since this time he has violated the conditions of his probation and Judge Fontenot ordered him to not go to bars and to leave his ex-wife alone.

Russell Dowd, 21, Rt. 1, Box 55A, Grand Chenier appeared in court on Dec. 10, 1979 and pled guilty to four counts of theft of animals and was sentenced to three years in the Department of Corrections with this sentence suspended and his being placed on four years probation.

He violated one of the conditions of his probation by contributing to the delinquincy of a juvenile.

Judge Fontenot ordered him to avoid the juvenile.

A probation hearing on Greg Stoddard was reset for Feb. 17 and a bench warrant was issued for Tony Guillory, Rt. 2, Box 381, Lake Charles who failed to show up for the hearing.

In other action Michael Jay Epperson, 18, P. O. Box 234, Grand Chenier, pled guilty to possession of marijuana and the imposing of the sentence was suspended for one year and he was placed on one year unsupervised probation.

Mary Amanda Adams, 23, Berwick, was sentenced to time already served for criminal mischief, the charge stemming from a false complaint made by Ms. Adams that her vehicle had been impounded by an officer of Troop D State Police and towed to a garage while in Cameron parish.

Glenn Alexander, Assistant District Attorney for Cameron, parish handled the prosecution.

Permits asked

The following firms have applied for coastal use permits from the Department of Natural Resources for work in Cameron parish:

McMoran Exploration Co., to dredge a 733 foot access canal for installation of drilling barge off Bayou Misere about 13.5 miles northeast of Grand Chenier.

Amoco Production Co., in construct 200 foot board road and rig site about four miles northwest of Creole.

Mid Louisiana Gas Co., to construct several pipelines near Hog Bayou.

McMoran Exploration Co. to clean out 2200 feet of existing canal and dredge slip about three miles southwest of Grand Chenier.

RED RICE

"Control red rice this year --without carryover into rice next year."

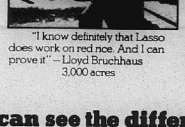
Bob Smith for Lasso® herbicide.

So you thought red rice was a problem? What can hurt even worse is applying a herbicide in your soybeans that carries over into next year's rice crop.

So why not choose the herbicide that gives you effective red rice control with good crop safety too. The one more farmers choose for their corn and soybeans than any other herbicide.

Lasso® herbicide from Monsanto.

Superior crop safety.



Lasso controls many tough grasses and certain broadleaves at recommended labeled rates. Plus you get excellent crop safety. So why suffer from the shortcomings of other herbicides that don't give you precise control?

The kind of control you get from Lasso is effective against annual grasses like brachiana and many hard-to-control weeds like pigweed.

Precise control means Lasso combines top crop tolerance with pre-emergent effectiveness. After application, Lasso still works hard to knock out emerging weeds.

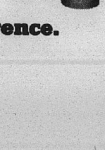
Lasso gives you more options for more weed and grass control.

When you're faced with a tough tea weed* problem, use Lasso straight. Or if sicklepod is your problem, just tank mix Lasso with Sencor** or Lexone*** You'll not only get broad-spectrum results, but the proven crop safety of Lasso as well.

"I know definitely that Lasso does work on red rice. And I can prove it" -- Lloyd Bruchhaus 3,000 acres

Ask your herbicide dealer how Lasso can best solve your problems.

Believe us, with Lasso, it's no problem.



Always read and follow the label directions for Lasso.

*Lasso alone for reduced competition. For reduced competion, Sencor is a trademark of the parent company of Farbenfabriken Bayer GmbH, Leverkusen.

***For reduced competition, Lexone is a trademark of E. I. duPont de Nemours and Company.

Honor roll

D'Juana Nunez and Patrick Booth made all A's and were on the honor roll from the Third Grade at Grand Chenier elementary school for the third six weeks.

Their names were accidentally omitted from the honor roll published in last week's Pilot.

Aerial valentines are a puzzle here

Two Cameron Parish Waterworks employees are on the lookout for the Valentine Cupid who sent aloft three red satin-covered hearts attached to four giant helium-filled balloons.

Kevin Smith and Dan Dupont found the hearts still attached to one of the balloons which was about six feet in circumference. The other balloons were found deflated in the marsh near the beach.

The men combed the marshy area around the hearts looking for a message but found none.

It remains a mystery where the hearts came from or where they were being sent on the wind currents.

They're now in the Cameron Water Co. office in the Cameron Parish courthouse where Mrs. Barbara LeBlanc hung them up for a decoration until after Valentine's Day.

All bids are to offer a cash bonus for a lease covering a primary term which shall not exceed five years and granted without warranty or recourse against lessor whatsoever, either express or implied, but limited for return by lessor of any payments received under the lease, and being otherwise responsible to lessee. The minimum royalty required by R.S. 30:127, as amended, are one-eighth (1/8th) of all gas produced and saved; one-eighth (1/8th) of all oil produced and saved; one-eighth (1/8th) of the value per long ton of sulphur produced and saved, which shall yield not less than two dollars per long ton; one-eighth (1/8th) of the value per ton for all potash produced and saved, which shall yield not less than ten cents per ton; and one-eighth (1/8th) of all other liquid or gaseous hydrocarbon minerals produced and saved. A bid or a royalty less than the above stated royalty minimums will be increased to said statutory minimums by the Board. All bidders are notified that the Board does not obligate itself to accept a bid which offers the aforesaid statutory minimums, but reserves the right to accept a bid which offers in excess of the statutory minimums and is considered most advantageous to the State of Louisiana.

The provisions of this notice or advertisement and the relevant statutes establish the material considerations necessary for the formulation of proper bids, and this notice or advertisement shall not be deemed to be modified, enlarged or diminished by resolutions or policy expressions of the Board not incorporated herein expressly or by reference.

Notice is hereby given the State Mineral Board will include in the lease provisions for the protection of interests attributable to the leased property without regard to adverse claims, boundary disputes, litigation or title failure. The exact language of provisions pertaining to the rights of interested bidders at the Office of the Secretary, Department of Natural Resources or the Office of Mineral Resources at the time of the opening of bids on the tracts, and prospective bidders are urged to examine the the same prior to submitting any bid bidders.

Some tracts available for leasing may be affected by the Louisiana Coastal Zone as defined in Act 361 of 1978 (LSA-R.S. 49:213). Such tracts may be subject to the guidelines and regulations promulgated by the Coastal Management Section of the Department of Natural Resources.

All leases awarded shall be executed upon terms and conditions provided in the current State lease form with all applicable riders appended thereto, including but not limited to provisions as follows: Should lessee fail to begin actual drilling (spudding in) of a well on the lease premises within one year from the date of the lease, the lease shall terminate as to both parties to the lease, unless on or before such anniversary date, lessee shall pay a delay rental (which shall in no event be less than one-fourth of the bonus offered), and cover the privilege of deferring drilling operations for a period of one year. In like manner and upon like payments or tenders the privilege of deferring drilling operations may be further extended for successive periods of one year each during the primary term of the lease. Lessee shall have the right to at any time surrender and cancel the lease as to all or any part thereof, if any, which is more than three nautical miles from the coast as determined by the Report of the Special Master in the litigation in the Supreme Court of the United States styled United States v. All bids are to offer a cash bonus for a lease covering a primary term which shall not exceed five years and granted without any warranty or recourse against lessor whatsoever, either express or implied, but limited for return by lessor of any payments received under the lease, and being otherwise responsible to lessee. The minimum royalty required by R.S. 30:127, as amended, are one-eighth (1/8th) of all gas produced and saved; one-eighth (1/8th) of all oil produced and saved; one-eighth (1/8th) of the value per long ton of sulphur produced and saved, which shall yield not less than two dollars per long ton; one-eighth (1/8th) of the value per ton for all potash produced and saved, which shall yield not less than ten cents per ton; and one-eighth (1/8th) of all other liquid or gaseous hydrocarbon minerals produced and saved. A bid or a royalty less than the above stated royalty minimums will be increased to said statutory minimums by the Board. All bidders are notified that the Board does not obligate itself to accept a bid which offers the aforesaid statutory minimums, but reserves the right to accept a bid which offers in excess of the statutory minimums and is considered most advantageous to the State of Louisiana.

The provisions of this notice or advertisement and the relevant statutes establish the material considerations necessary for the formulation of proper bids, and this notice or advertisement shall not be deemed to be modified, enlarged or diminished by resolutions or policy expressions of the Board not incorporated herein expressly or by reference.

Notice is hereby given the State Mineral Board will include in the lease provisions for the protection of interests attributable to the leased property without regard to adverse claims, boundary disputes, litigation or title failure. The exact language of provisions pertaining to the rights of interested bidders at the Office of the Secretary, Department of Natural Resources or the Office of Mineral Resources at the time of the opening of bids on the tracts, and prospective bidders are urged to examine the the same prior to submitting any bid bidders.

Some tracts available for leasing may be affected by the Louisiana Coastal Zone as defined in Act 361 of 1978 (LSA-R.S. 49:213). Such tracts may be subject to the guidelines and regulations promulgated by the Coastal Management Section of the Department of Natural Resources.

All leases awarded shall be executed upon terms and conditions provided in the current State lease form with all applicable riders appended thereto, including but not limited to provisions as follows: Should lessee fail to begin actual drilling (spudding in) of a well on the lease premises within one year from the date of the lease, the lease shall terminate as to both parties to the lease, unless on or before such anniversary date, lessee shall pay a delay rental (which shall in no event be less than one-fourth of the bonus offered), and cover the privilege of deferring drilling operations for a period of one year. In like manner and upon like payments or tenders the privilege of deferring drilling operations may be further extended for successive periods of one year each during the primary term of the lease. Lessee shall have the right to at any time surrender and cancel the lease as to all or any part thereof, if any, which is more than three nautical miles from the coast as determined by the Report of the Special Master in the litigation in the Supreme Court of the United States styled United States v. State of Louisiana et al, No. 9 Original, said three mile line as set out in the decree of the Supreme Court. All bearings are based on Louisiana Lambert Plane Coordinate System (South Zone).

MESUROL-BLACKBIRD CONTROL

Mobay Chemical Corporation has been granted under section 18 of FIFRA, an EPA Emergency Exemption label to use Mesurol as a seed treatment on sprouting rice for repellency of blackbirds during the coming crop year.

As I was discussing with several rice farmers, there are two important warnings in the label which growers must be aware of before they use Mesurol on their seed rice. They are:

1. Do not use Propanil for weed control in fields where Mesurol is applied to rice seed, crop injury may result from direct applications of Propanil or from Propanil drift from adjacent areas.

2. Do not use Mesurol treated seed rice in fields where crawfish are to be grown as a alternate crop following the rice crop. Canal water should not be used for crawfish ponds where sacks of rice seed treated with Mesurol have been soaked to pre-sprout the rice. Although juvenile crawfish are relatively insensitive to Mesurol they should be aware that that this product can attect their production if it is used indiscriminately around a crawfish operation.

Preliminary data indicates that Mesurol will, to some extent, repell blackbirds from sprouting rice was demonstrated in one of Perrin Arceneaux's rice fields several years ago.

SOYBEAN VARIETIES

The last three years yield average of soybean at the Rice Station in Crowley revealed that Forrest was the highest yielding variety in Group5, followed closely by with Deltapine 345 and then Mack.

In Group 6, Davis has been the highest and then Tracey - M followed very close by Centennial.

Coker 237 led the pack in Group 7 and has also been the highest of all varieties averaging 44.8 over the last 3 years. The next best in Group 7 was Agripro AP 70, followed by Terra Vig 708. Group 8 was led by coker 488, next was Coker 338.

Hackberry Sr. 4-H meets

The Hackberry Sr. 4-H Club meeting was called to order Feb. 8 by the president, Patrick Walther. Mitchell Jinks led the pledge of allegiance and Bill Powers led the 4-H pledge.

Shawn LaBove, secretary, read the minutes. Anita Walther, treasurer, gave the financial report. Jacky Gray reporter, read upcoming dates. Everyone told what they had placed at the Cameron Parish Livestock Show.

Mr. Wicke and Mrs. Cronan showed the club members a film on: The Search for Menhaden.

Miss Emma M. Nutt broke the male monopoly on telephone company jobs when she was hired as an operator for the Telephone Dispatch Compay in Boston on September 1, 1878.

26th Year-- No. 16 | Feb. 25, 1982 | Cameron, La.

THIS MAP showing the average date of the last spring freeze in Louisiana will be of interest to parish gardeners anxious to get their spring gardens planted. Note that the average date of the last freeze in the parish ranged from Feb. 9 to Feb. 19. The latest spring freeze for the period 1941-81 in the Hackberry area was March 27 with the last freeze for the lower part of the parish probably around March 20.

Sports fishing to begin on Sabine

Sport fishing for the interior of Sabine National Wildlife Refuge opens on March 1 and will remain open until Oct. 15, Refuge Manager John R. Walther announced. Regulations are generally the same as last year, he noted and copies are available at the refuge headquarters or at the Louisiana Department of Wildlife and Fisheries office in Lake Charles.

Fishermen may enter the refuge one hour before sunrise and must be off the area by one hour after sunset. Walther cautioned that there has been a misunderstanding in the past by some persons as to where the refuge boundary starts in relationship to public use. Boats launching at the refuge ramps along Highway 27 are entering the refuge at this point and the legal entry time applies here.

Pool 3 is in the second year of a three year draw-down management plan but will be open to public use. However, the low water level being maintained in the impoundment will make travel in the pool difficult and will restrict most fishermen usage to the deeper waters of the pool. Outboard motors of 25 hp or less will be permitted in the impoundments, he stated. There is no restriction as to outboard motor size for those using refuge canals.

All canals on the refuge, except Back Ridge Canal, will be open to public use for the first time in many years and will provide numerous good marsh fishing areas for fishermen to try. All boats using refuge waters in the early morning or after dark must have approved running lights on them, Walther continued. And anyone planning to leave a boat in an impoundment should have the owner's name and address and the state registration number on it.

Walther reminded fishermen that five large fish traps are still present in refuge canals and are a hazard to travel if not remembered and removed. Also this year for the first time there is a large fish trap and an equipment building in Grand Bayou of the East Cove Unit. These traps are used to obtain data for a three year management study to gain knowledge about the estaurine-dependent organisms that utilize the refuge.

Walther requests that fishermen not bother the traps or use them for tying up their boats. Warning flashers, reflectors, and reflective tape and paint have been used to mark the traps. A map, which is available to the public, shows the locations of these trap sites as a warning aid to fishermen.

The two weirs, water control structures, adjacent to Highway 27 on Hog Island Gulley and West Cove Canals have provided excellent bank fishing during the past winter, he noted, and will continue to be excellent fishing sites this spring. The weirs may not be used by fishermen and have been posted as closed to public use; however, bank fishing is permitted around them. The highway bridges at these two sites shold not be used by refuge fishermen to tish from as it is against state law.

Cast netting for shrimp, in the road canals will be allowed again this year, Walther stated. However, the problems which occurred last year will not be allowed to happen this season. A limit of 100 quarts of shrimp (two 48 qts. coolers) per vehicle per day will be permitted. Each cast netter will have to return to the water all shrimp, fish, and crabs not being kept after each cast and before another cast is made.

Littering charges will be written on any cast netter not returning all these fish, crabs, and small shrimp back to the water. Last year, the refuge canal banks, road and bridges were covered with rotting fish left by cast netters, Walther commented, and spoiled the area for any type use by other visitors.

Complete fishing regulations and a map of the refuge will be available at refuge headquarters: Sabine National Wildlife Refuge, MRH Box 107, Hackberry, La. 70645. Telephone: 318/762-4620.

Black history

The Cameron NAACP Chapter is observing Black History Month during February.

The chapter will hold its monthly meeting March 19 at 7 p.m. at the Calcasieu Marine Bank meeting room.

Also a leadership training conference is scheduled in March.

Permit asked on pipeline

Seagull Energy Corp. of Lafayette has applied for a Corps of Engineers permit to dredge a portion of an existing canal and dredge a slip as an extension thereto for access to a proposed well location and to construct a shell pad about 20 miles south of Lake Arthur near White Lake.

Protests to the proposed work will be received by the Corps until March 18.

Meeting set

St. Mary of the Lake Catholic Church's St. Joseph's Society will have a meeting Tuesday, March 2 at 7 p.m. in the church hall.

Bishop's visit

Bishop Jude Speyrer of the Diocese of Lake Charles will pay a visit to Our Lady Star of the Sea Catholic Church on Friday, Feb. 26.

Knights plan Hall of Fame

Forty members of the Knights of Columbus of Southwest Louisiana will be inducted into a "Columbian Hall of Fame" as part of the observance of the 100th anniversary of the Roman Catholic men's fraternal society.

Members of the "Hall of Fame" will be selected by the 22 subordinate councils of the Knights of Columbus in the Diocese of Lake Charles, according to Jules P. Snatic, diocesan coordinator.

Members of the Hall of Fame will be announced Sunday, March 7, at the Diamond Jubilee Banquet of Calcasieu Council 1207. The council, oldest in the diocese, is celebrating its 75th anniversary during the same month--March--that the parent organization is celebrating its 100th birthday.

Grand Knights of the 22 councils will be asked to announce the names their councils have chosen as the charter members of the Hall of Fame. Each council is allowed to name one member, plus one additional member for each 25 years of its existence.

The Creole council has been allotted three members and the Cameron council was allotted one member.

The banquet, at which the Hall of Famers will be announced is scheduled for 12:30 p.m., in the Lake Charles Civic Center. As a feature part of the banquet program, each grand knight in the diocese will be invited to announce his council's selections for the honor.

Films to be shown at J.B.

"A Distant Thunder", the second in a series of three films, will be shown at the Johnson Bayou Pentecostal Church Saturday, Feb. 27 at 7:30 p.m.

This is a Mark IV film staring Patty Dunning, Sally Johnson and Sally Stevens. The story concerns the great tribulations during the time of "the mark of the beast" in the ending days of mankind.

Everyone is welcome. There is no admission charge.

16 families get benefits

Sixteen Cameron Parish families were certified for benifits during January by the Department of Health and Human Resources' Office of Family Security. These 16 were found eligible for Food Stamp benefits.

AFDC grants totaling $3,884 were paid to 26 families for 54 children in the parish.

Food Stamp coupons amounting to $7,412 were authorized for 68 households.

Stockholders meeting set

The annual meeting of the stockholders of Cameron State Bank will be held at the bank's main office in Cameron on March 17 at 3 p.m. for the election of directors and to transact other business, according to E. J. Dronet, bank president.

Day of Prayer set by KCs

Members of the Fourth Degree Knights of Columbus of the Diocese of Lake Charles will participate in a Day of Payer for Vocations on Sunday, Feb. 28.

Kenneth Montie of Creole and E. J. Dronet of Cameron have been appointed to arrange the day of prayer in their respective communities and churches. both are Fourth Degree members.

The Day of Prayer for Vocations has been proclaimed by George Abraham of Lafayette, Master of the Fourth Degree for the Western District of Louisiana. The district is made up of the Dioceses of Lake Charles, Lafayette and Alexandria-Shreveport.

All members of the Fourth Degree in the Msgr. Cramers assembly are expected to attend church, in the uniform of the Fourth Degree, on Feb. 28, to pray for an increase of religious vocation in the church.

Lectures to be held at Sacred Heart

Sacred Heart Catholic Parish will sponsor a series of lectures during Lent, according to Mrs. Olga Mudd, chairman of the Parish Education Commission.

These will be held at 7:15 p.m. on Mondays, beginning March 8, and will be held at the Sacred Heart Catholic Church Life Center.

Fr. James Miles, McNeese Catholic chaplain, will conduct three sessions onthe "Historical Development of the Catholic Liturgy (Mass)" on March 8, 15, and 22.

Fr. Ronald Groschen, chaplain at St. Louis High School, will return to give two presentations on "The Book of Revelation".

All sessions are open to all interested persons.

Drives set

Concerned citizens throughout Louisiana will join together this spring in the fight against Cystic Fibrosis. The following chairmen will hold fund raising events in their communities:

Mrs. Clyde Barentine, Johnson Bayou, 569-9497; Jim Brown, Hackberry, 762-4632; Rose Robicheaux, Sweetlake, 598-2353.

Traffic fines

$4,476.25 was collected through 38th Judicial District traffic court on 82 tickets during the week of Feb. 8-12, according to Cameron Parish District Attorney Jerry G. Jones.

Welch family top skinners

Benny Welch, Grand Chenier elementary school principal, placed third in the Natinal Muskrat Skinning championship by removing the pelts of five Maryland muskrats with a time of 1.25 minutes last week in Cambridge, Md.

Welch's 12-year-old-daughter, Alice, won the Ladies' Muskrat Skinning Competition and his son, Yancey, took the Junior Muskrat Competition by skinning a muskrat in 13 seconds.

Chesapeake Bay waterman Wylie Abbott, Sr., won his fifth straight National Muskrat Skinning Championship by removing the pelts of five muskrats in 1:07.5 minutes.

Abbott vowed he would retire from muskrat-skinning competition in 1983 to make way for his 20-year-old son, Wylie, Jr., who placed second in Saturday's contest with a time of 1:16.2 minutes.

"After one more year I'm going to retire. He should be able to take it over then," said Abbott, a trapper and waterman who resides on Elliotts Island.

Officers named by Ducks Unlimited

Larry Wainwright was named chairman of the Cameron Parish Ducks Unlimited Chapter and Sheila Wainwright and Carolyn Beard, co-secretaries at a meeting of the board of directors held last week at the Crain Bros. hunting camp at Little Chenier.

March 20 was set as the date of the sponsors banquet to be held at the KC Hall in Creole. The social hour begins at 6:30 p.m. following by the meal at 7:30 p.m.

It will also feature a mini-auction of some DU limited editions that arrived after the annual DU banquet held in the fall.

Paul Coreil, the outgoing DU chairman, showed two films on Louisiana, parts of which were made in Cameron parish "Fur Trapping in Louisiana" and "The Menhaden Industry."

A gumbo prepared by Blanc Bonsall was served to the group.

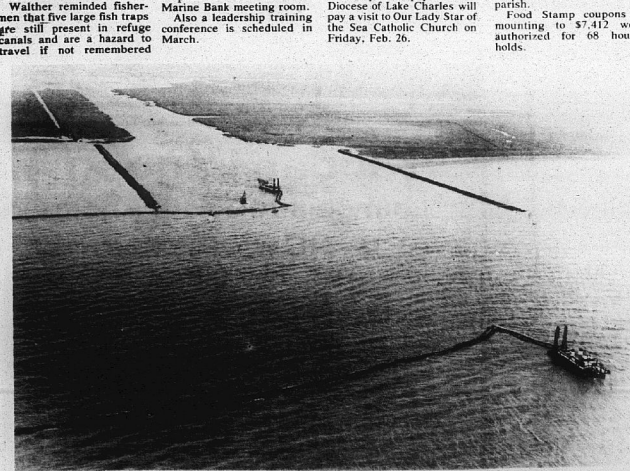
17 are graduated



Seventeen students from the Cameron Vocational-Technical School have passed the American Welding Society Structural Welding code D1.1-72. The students were performance tested with stick electrode in the 2G and 3G positions.

Charles N. Duddleston, welding instructor at the school, conducted the tests following the prescribed procedures as outlined by the American Welding Society Code for testing. Mr. Duddleston stated that this test is presently being used in the local industries as a basis for employment in the field of structural welding.

the next phase of training for these students will be in the area of pipe welding. Upon successful completion of this training they will be performance tested using the code as prescribed by the American Petroleum Institute Standards for Pipelines and the American Society of Mechanical Engineers Standards for Boilers and Pressure Vessels.

Pictured above are the students who passed the Welding Code. Back row, left to right: Debbie Sirman, Guy Murphy, Blaine Quinn, Robert Conner, Troy Mudd, Karl Nunez, Aaron Savoie, Charles N. Duddleston, Welding Instructor.

Front Row, left to right: Wayne Bourque, Jr., Ashful Authement, Jr., Calvin Hebert, Ricky Conner, Steve Duddleston, Richard Nunez. Not pictured are Tim Helms, Duncan Crain, David Conner and Mitchell Boudreaux.

Channel work

KING FISHER Marine dredges clear the channel near Grand Chenier for the U.S. Army Corps of Engineers, restoring the channel to a depth of 18 feet, mean low Gulf. The navigation channel work begins just above the Mermentau River entrance into Lower Mud Lake, passes through the lake (left background) and then through a land cut into the Gulf for a distance of over 7,000 feet. King Fisher Marine Service, Inc., of Port Lavaca, Texas, was low bidder at $484,715.29 for the contract.

One dies in 2-car collision

o-car collision at the ction of La. 27/82 and Road 357 left one person dead Monday, according to the Cameron Parish Sheriff's Department.

Deputies said the victim, Mary Jo Rand, 27, of Broussard died on the way to the hospital.

George Rand, 57, and Gloria Rand, 52, both of Thief River Falls, Minn., were injured in the mishap and admitted to South Cameron Hospital. Thomas H. Morrow, 23 of Maurice was treated and released at the same hospital.

Deputies said the mishap occurred 2:20 p.m. when the car driven by Morrow, eastbound on La. 27/82 was struck at the intersection by the car driven by Mary Rand, which was westbound on Parish Boad 357.

Morrow was cited for failure to yield and the investigation is continuing, deputies said.

The death was the first traffic fatality in Cameron Parish this year.

Permit asked for oil well

Chevron, U.S.A., Inc. of Lafayette has applied for a Corps of Engineers permit to install a 3-inch hydrocarbon pipeline in the Gulf of Mexico about 24 miles southwest of Cameron.

The pipeline will originate at an existing well location in block 81, West Cameron area, within the Sabine Pass Anchorage area, and will extend in a southerly direction, crossing the Calcasieu Pass-Sabine Pass Safety Fairway, to an existing structure in block 116.

Protests to be proposed work, suggestions for modification thereof or objections to it will be received until March 21 by the Corps.

Colligan is speaker here

On Feb. 17, the Senior Citizens of the Cameron Senior Center enjoyed an informative discussion with local pharmacist Jimmy Colligan of the Cameron Drug Store.

Cameron Outdoors

By Loston McEvers

If you didn't get out this weekend and enjoy the beautiful 76 degree spring weather you really missed it. It seems that everyone got in a little fishing of some type.

Gary's Landing, Lowery, La.: Friday afternoon I got my boat hooked up to my truck and loaded and my wife Glender and I headed for our camp in Lowery. We really had a nice trip. We caught a few catfish, with Glender catching the biggest and also 1 white perch. Just about everyone who tried for catfish did very well. A couple of anglers from Lafayette tried their luck for bass and one came up with a nice 7 pounder. The water in that area is high and dirty.

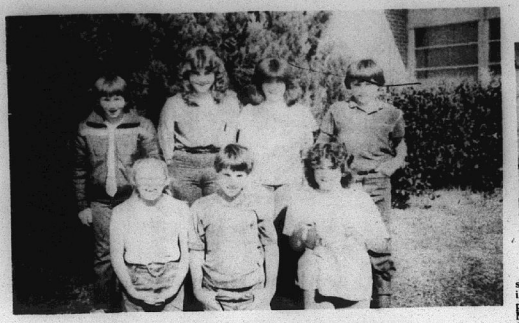
Creole Canal: The Creole canal is producing some nice catfish. My friend Gilbert "Poo" Landry did read good this past week. Also close to the Gibbstown bridge a few yearling bass are being caught on beetles. Coming home Sunday evening I also saw lots of people crabbing along the canal. Rudy McEvers also picked up 5 nice bass along the canal.

Other Areas: Homer Neil Smith and some of his fishing buddies had some nice bass this week caught in the Lake Charles area.

Next week I'm going to skip my column, as Phillip Trosclair, Gerald Richard, Edward Stuart and I will try a weeks fishing in Florida, hoping to hook a big one for the wall, but we'll catch you up on all the news the following week.

Good Fishing Times: Fri., Sat. and Sun. will be fairly good days for fishing, but the best time will be as follows: Friday afternoon from 1:30 to 7 p.m. Saturday afternoon from 2 to 7:30 p.m. Sunday afternoon from 3 to 8 p.m.

Fishing Tip: Remember we're getting ready for the Big Burn Lacassine Refuge, Sabine Refuge fishing. We check our boats, trailers, tackle and all the things we need, but some of us overlook our line and we change it after we lose a big fish, which is too late. We also need to check what shape our life jackets are in and you can't change it after you loose your life.



Boys baseball clinic set at McNeese

A boy's fundamental baseball clinic will be held on the McNeese State baseball diamond. March 6 from 9 a.m. to 11 a.m. and will feature Coach Triny Rivera and members of the McNeese State baseball team.

"We'll take them through phases of the game and through every position," Rivera said of the clinic, "particularly stressing the fundamentals."

There will be a $10 registration fee charged and the clinic will be held for boys between the ages of 8 and 12. A doubleheader between the Cowboys and Nichols State will follow that afternoon.

Checks should be made payable to: Fundamental Baseball Clinic and mailed to: McNeese State University, c/o Coach Rivera, Athletic Dept., Lake Charles, La. 70609.

Winners at district

Grand Chenier Junior 4-H club members who participated in the District Livestock Show in Lake Charles were: (front row) left to right: Kim Conley, received a purple ribbon with her hog; Micheal Richard placed 22 out of 24 with his Brahman heifer and received a blue ribbon; Toni Lyn Mhire received a purple ribbon with her pig and was awarded Reserve Champion in her class. With her other hog, she received a blue ribbon. (Back row): Norman Hebert received a blue ribbon with his hog; Alice Welch placed 4 with her hog; catherine Perry showed a Brahman heifer for which se she received a blue ribbon. She placed 14 out of 24; Damion Mhire received a blue ribbon with his Brahman heifer.

Not pictured: Christie Pinch received a purple ribbon with her calf and a blue ribbon with her pig.

Cowbelles make plans

Plans for Ag Day and Beef Month will be made at the monthly meeting of the Cameron Parish Cowbelles at the KC Hall Wednesday, March 3, at 6:30 p.m., according to Mrs. Mickey Hebert, president.

BEEF CATTLE SEMINAR

The Agriculture Department at McNeese State University will sponsor a Beef Cattle Seminar Tuesday, March 2 at Gayle Hall Auditorium, McNeese State University, beginning at 1 p.m.

Topics to be discussed are: Forage related Disease - by Dr. Sam Monticello, Hedging Beef Cattle on the Futures Market - by Dr. Gerald Giesler, Cross Breeding with Beefmasters - by Charles Bradburg, Weather Feed Index - by Dr. Hollis Chapman and Embryo Transplant - by Dr. A. C. Mills III.

FIRE ANT BAIT

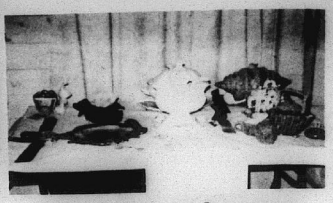
The Louisiana Department of Agriculture is offering Amdro for sale in 25 pound packages at $37.50 or $1.50 per pound or single one pound bags for $2 per pound. Through their district offices anyone interested in obtaining this bait may call the district office for this area which is located in Crowley. The telephone number is (318) 783-6224.

SOYBEAN OUTLOOK

Prices perked up a bit during the first part of the month, primarily because of reports of hot, dry weather in the major producing region of Brazil. Prices should also show some strength with the announcement of acreage reduction programs for cotton, feed grains, rice and wheat.

However, this price strength may only be temporary as it would require a reduction of 5.2 million metric tons in the Brazil-Argentine crop to have an impact in world prices. The weather in Brazil so far has not been hot and dry enough to cause this kind of reduction in yields.

GARDEN CONTROLS



Many vegetable gardens are planted each year with varying degrees of success.

A key factor is the condition of the soil, which should be tested to determine levels of available nutrients, organic matter, ph. and nematode population.

Proper sanitation is and around the garden site both before and after planting can reduce the need for insect and disease controls by up to seventy percent. Selecting good plants or seeds is also important. After the garden is growing, proper identification of an insect or disease is extrememly important so as to use the proper chemical for control.

CATTLE OUTLOOK

The January 1 cattle inventory has some good news for cattleman with calves on winter pasture. The report indicated ther was no increase in steers weighing 500 pounds or more over last years and that the number of heifers in this weight group was shown 1%.

Ceramic winners

During the recent ceramic show held at the Civic center in Lake Charles the following persons received honors: Mary O. Bargeman-1st. and 3rd., Vic Daigle-3rd., and 3rd. Ruby Nettles-2nd. 2nd, and honorable mention. Louetta Nunez. 1st. 2nd and honorable mention. These ladies are members of the Cameron Council on Aging ceramic class.

Their entries are pictured above.

Sentences given here

The following sentences were handed down in Judge H. Ward Fontenot's 38th Judicial District Court Firday on guilty pleas: John D. Eckland, 27, Aransas Pass, Texas, time already served in jail for disturbing the peace.

David J. Clark, 18, Abbeville, $175 and costs or 15 days in jail for reckless operation.

This information combined with projection that fed cattle supplies will be down in May or June, should result in feeder cattle prices in the upper 60 cent per pound weight range.

Most energy-conscious homeowners know the value of a properly insulated home or apartment. Most people think of insulation as those products used in walls and ceilings. But carpet, especially carpet installed over a padding, can contribute to a properly insulated home, as well as offer beauty and comfort underfoot.

If you have a home with a ventilated attic, you'd most likely have a slower rate of heat loss by carpeting the second floor. If you have an unheated basement, it might help to have carpeting on the first floor.

RED RICE

"Control red rice this year —without carryover into rice next year."
Bob Smith for Lasso herbicide.

So you thought red rice was a problem? What can hurt even worse is applying a herbicide in your soybeans that carries over into next year's rice crop.

So why not choose the herbicide that gives you effective red rice control with good crop safety too. The one more farmers choose for their corn and soybeans than any other herbicide.

Lasso® herbicide from Monsanto.

Superior crop safety.

Lasso controls many tough grasses and certain broadleaves at recommended labeled rates. Plus you get excellent crop safety. So why suffer from the shortcomings of other herbicides that don't give you precise control?

The kind of control you get from Lasso is effective against annual grasses like brachiaria and many hard-to-control weeds like pigweed.

Precise control means Lasso combines top crop tolerance with pre-emergent effectiveness. After application, Lasso still works hard to knock out emerging weeds.

Lasso gives you more options for more weed and grass control.

When you're faced with a tough leaweed problem, use Lasso straight. Or tank-mix Lasso with another herbicide. You'll have only one trip across the field but the precision and safety of Lasso as well.

Ask your herbicide dealer how Lasso can help solve your particular problem. Or talk that Lasso with before and after treatment results.

Always read and follow the label directions for Lasso.

I know definitely that Lasso does work on red rice. And I can prove it. — Lloyd Brachhaus 3,000 acres

Sr. Citizen of the Month

The Senior Citizen of the month of December is Buster (Bud) LeBoeuf of Cameron. He is an active member of the Council on Aging and participates in all of the programs.

Bud is shown receiving a plaque. He also received gifts from the Council on Aging members.

Johnson Bayou people have participated in the ceramics show and it was obviously a big success. The ceramics classes got started last year when Gerald Touchet offered to teach ceramics at the Recreation Center.

At one time there were about 25 attending the classes. Some continue to attend class and others work on their own.

HONOR ROLL

Vicky Delaino was let off the honor roll for Johnson Bayou last week due to an incomplete grade and should be listed with the ninth grade.

Cameron Parish Police Jury. . .

I want to congratulate you on breaking Mach II (the speed of sound). I am referring to the speed at which you passed the new Liquor Ordinance.

That was almost as fast as a local law enforcement officer drew a pistol on a local citizen while he himself was consuming alcoholic beverages on Feb. 6, 1982 in a crowded dance hall in Creole, La.

Now with this in mind, you should consider using your speed in quickly adopting an ordinance forbidding anyone, including a law enforcement officer, from carrying a weapon of any kind while indulging in any form of alcoholic beverage.

The person who could be killed by these inconsiderate actions of law officers could be your own child. If you fail to consider this at your next meeting, it may be too late.

The program will be given by Peggy Eagleson, the International chairman.

The club will make plans for Teachers Appreciation Week.

Serra Club has meeting at Big Lake

Three new members were inducted into the Serra Club of Lake Charles last week, during the club's outing at Big Lake.

The new members are William Mancuso, Greg Palumbo and Kermit Guidry, all of Lake Charles, and all members of Our Lady Queen of Heaven church parish, according to B. P. Babineaux, club president.

The program at Big Lake involved the celebration of a Mass for Vocations at St. Mary of the Lake Charles, with the Most Rev. Jude Speyrer, Bishop of Lake Charles, as the chief celebrant. The Rev. Sam Jacobs, pastor, was a concelebrant.

Following the Mass, parishioners served seafood and chicken gumbo to the visitors and to all members of the parish. The dinner was followed by a dance to music by Martin Vincent and his band.

The annual Big Lake outing was originated by the Serra Club as a means of giving support to the church.

Creole club sees slide presentation

A slide presentation given by assistant home economist Nancy Cronan was featured at the February meeting of Creole Extension Homemakers Club held in the home of Mrs. Eleanor West. Assisting Mrs. West with hostess duties was Mrs. Ann Meaux.

Cronin's presentation, entitled "The Extension Way", dealt with what Extension does, how it helps people, and what it accomplishes.

After a discussion called for by president, Mrs. Estelle Theriot, members voted to omit the club's June and July meetings, and to hold the annual Family Night in June instead of in August as in the past.

A complete re-assignment of hostesses for the monthly meetings was worked out so as to include new members.

Ms. Mayola Wicke reported on the quarterly Council meeting which she had attended on Feb. 2 at the Extension office in Cameron.

Members briefly discussed "Teacher Appreciation Week" which is held annualy in March.

President Theriot announced that at the March meting, Mrs. Diane Racca of the Cameron Parish Council on Aging will show a film pertaining to the aged.

Following the meeting, members exchanged valentines.

Letter to the Editor

Dear Sirs:

I have subscribed to the "Cameron Pilot" for almost two years.

I enjoy reading it, but especially enjoyed "The Johnson Bayou" news.

Lately, the issues have not carried that column.

I would like to see it continued and a part of the weekly issue as well as the news of the other communities.

Thank you,

Also, three sons, Joseph Russell LaBove of Houston, Otis Richard LaBove of Creole, and Wallace Roy LaBove of Westlake; two sisters, Mrs. Advillia Broussard of Little Chenier and Mrs. Rose Sonnier of Pecan Island, and four brothers, Wallace, Daniel, Adam and Austin Stanley LaBove, all of Cameron.

A natural gas dryer takes a load off your energy costs.

When you use a natural gas clothes dryer instead of its electric counterpart, you're using energy two and one-half times more efficiently.* That could save you hundreds of dollars in energy costs over the life of your dryer.

Plus, you save wear and tear on your clothes. Because a natural gas dryer dries your clothes gently, and faster than an electric dryer.

So, take it easy on your clothes and your energy costs. When you're looking for a clothes dryer, choose the finest. An efficient natural gas dryer. It will help take a load off your budget.

NATURAL GAS
THE ORIGINAL ENERGY VALUE

Out in the Texas Panhandle, in jackrabbit country, the route of a new natural gas pipeline is being staked out. This line will extend 635 miles through Oklahoma to a North Louisiana pipeline junction and will eventually help supply the Gulf South with necessary energy.

This new line also will help bring Rocky Mountain gas to the Gulf South. Our principal goal – whether we're participating in a new pipeline across Oklahoma or in pipeline projects to bring gas from Western Canada, the North Slope of Alaska or offshore in the Gulf of Mexico – is to keep the gas flowing to our customers.

Like all fossil fuels, natural gas is not always discovered in places most convenient to where it is needed. Long distances and difficult terrains are often involved as exploration for new energy goes on in more and more remote places.

26th Year--No. 17 | March 4, 1982 | Cameron, La.

THESE FIREMEN received awards at the Cameron fire department's annual banquet last week. From left: Oscar Reyes, Jr., named Fireman of the Year; Earl Mouton, 20 year plaque; Helier Hebert, 5 and 10 year award pins; and Claude Hebert, 25 year plaque. (Photo by Geneva Griffith)

Awards given to Cameron firemen

BY GENEVA GRIFFITH

Oscar Reyes, Jr. was named "Outstanding Fireman for 1981" at the 25th anniversary banquet of the Cameron Volunteer Fire Department held Monday night at the Cameron Fire Station.

Reyes was cited for his devotion and hard work to the local fire department and to his community.

Kirk Burleigh, Cameron Fire Chief, served as master of ceremonies and welcomed the guests, which included Cameron parish's newest fire chiefs from recently organized volunteer fire departments: J. P. Constance from Holly Beach and Larry Jinks, Johnson Bayou. Mike Cammansano, Baton Rouge, executive assistant to the State Fire Marshall, also was a guest.

The guest speaker, Jeff Gleason, Chief Administrative Fire Marshal for La., was introduced By Ray Burleigh, Deputy Fire Marshal.

Gleason congratulated the local department for its record and pointed out that 80% of the fire departments in Louisiana are made up of volunteer firemen, dedicated men to their departments and communities where they serve without pay.

He urged the local department to work on ways to prevent fires from happening and to make the community a safer place in which to live and gave suggestions on how to do it, such as maintaining good fire equipment, a good water system, and uringing the use of smoke detectors and fire extinguishers in the home.

He said that 80%of the fires in the U.S. happen in the home and by preventing fires with the use of these devices, fire deaths, will be cut drastically in the state and nation.

Burleigh handed out awards to the local firemen as follows: 5 year pins, to Stephen Cheramie, Michael Styron, and Helier Hebert, who also received a 10 year pin.

20 year plaque to Earl Mouton and a 25 year plaque to Oscar Reyes.

Officers are renamed here

The Board of Commissioners for the Lower Cameron Hospital Service District re-elected Richard Sturlese, chairman, Lynn Mc Call, vice-chairman and Dr. Cecil W. Clark, secretary-treasurer for 1982.

Other members of the Board of Commissioners are Johnny Boudoin and Dr. Richard Sanders.

Memorial gifts asked

A memorial gifts committee has been set up by the Sturlese American Legion Post of Grand Chenier.

Anyone wishing to make a donation in honor of a deceased person may contact Mrs. Mamie Richard, Memorial Gifts chairman.

The family of the deceased will be sent an appropriate notification that money has been donated to the post in memory of the deceased, according to Mrs. Richard.

Registration set for new students

Registration for children entering a Cameron Parish kindergarten next fall will be held for the vaious schools as listed below.

Parents of children who will enter first grade and who are not presently enrolled in a Cameron Parish kindergarten are requested to register at the roundup for their area as scheduled for children entering kindergarten.

Children attending kindergarten at this time are not required to register for first grade.

Hackberry High, Monday, March 15, 10 a. m.

Johnson Bayou High, Tuesday, March 16, 10 a. m.

South Cameron Elementary, Monday, March 22, 10 a. m.

Grand Chenier Elementary, Tuesday, March 23, 10 a. m.

Grand Lake High, Monday, March 29, 10 a. m.

Cameron Elementary, Wednesday, March 31, 1:30 p. m.

Children entering kindergarten for the 1982-83 session must have been born on or before Dec. 31, 1977. Children entering first grade must have been born on or before Dec. 31, 1976.

Parents who plan to register children in these roundups are urged to bring birth certificates to the registration in their area. Parents who do not yet have their children's birth certificates should begin proceedings to secure them. Application forms for birth certificates may be obtained at the parish health unit.

Mrs. Nell Colligan, R. N., Cameron Parish School Nurse, will be attending the roundups to talk with parents about immunizations now required by law before a child begins school. Please bring your child's immunization records to the roundup which you will be attending.

In the Klondike-Lowery area parents should watch for the registration news of the school in which they plan to enter their children next fall since they will not be entering a Cameron Parish School.

Church history to be taught

A series of six classes on the history of the Catholic Church will be given during Lent at the Our Lady Star of the Sea Church, according to Msgr. Curtis Vidrine, pastor.

The first of these classes was given Wednesday, March 3 at 7 p.m., and will be given every Wednesday after that up to an including April 7.

These classes are part of a program for the continuing education of Catholics in the history and teachings of the church.

The classes are likewise designated to acquaint non-Catholics with the basic tenets of the Catholic faith.

Any interested non-Catholic is welcome to attend.

AMONG THOSE attending the Cameron fire department's annual banquet last week, were, from left: Kirk Burleigh, Cameron fire chief; Jeff Gleason, chief administrative fire marshal for Louisiana; Ray Burleigh, deputy fire marshal; and Mike Cammanosano, executive assistant to the state fire marshal. Water election to be called

The Cameron parish police jury will hold a special meeting at 6 p. m., Thurs., March 25, to call a special election in the Grand Lake-Sweetlake area on issuing bonds for water and fire protection services for the area. The election will be held on May 15.

At Juror Brent Nunez's request, the police jury Tues. gave notice of intention to abolish Fire Portection Districts No. 11 and 12 that serve that area now and to create a new fire district -- Nov. 14.

Nunez said it had been decided it was more feasible to have one district rather than two serving the two areas, since they adjoin.

Nunez said it hasn't been determined what the size of the bond issue will be.

In other business, the jury accepted low bids on a number of items.

Norwell Equipment Co. was successful bidder on a 1982 motor grader with a bid of $71,985.

Mike Pearson Motor Co. was awarded a $19,188.80 contract for a 2½ ton cab and chassis.

Cagle Chevrolet was low bidder on a 1982 1-ton cab and chassis with a bid of $8,474.89

Cal-Cam Tractor Co. was awarded a $12,927 contract for a 1982 Ford tractor.

Mike Pearson was given a contract to furnish two dump trucks for $18,532 each.

Guinn Brothers submitted the low bid of $191,650 on a boat launch on the Jetty road to Cameron.

The jury accepted as complete a rebuilt pier at Sweetlake but when informed that the contractor had run over the period specified in his contract by 53 days, the jury voted to assess the contractor with a $75 a day penalty for each of those days, or a total of $3,975.

Reappointed to three boards on which their terms had expired were J. P. Boudoin, Gravity Drainage District No. 2; Lynn McCall, Gravity Drainage District No. 5; and Sandrus LaBove, Recreation District No. 5.

The jury voted to advertise for resurfacing two roads in the Hackberry area, with the Department of Energy helping with cost. These were some of the roads torn up by heavy trucks working in and out of the government oil storage facility at Hackberry.

Three liquor permits were approved by the jury: Coastal Foods and Services, Inc., Cameron; Sturlese American Legion Post, Grand Chenier; Jo's Cafe, Henry Jo LaBove, Hackberry; and the Bait Box, Jerry M. Benoit, Grand Lake.

Non-residential building permits were approved for Shirley Nunez, Sweetlake; and Lee A. Benoit, Grand Lake.

Residential building permits were approved for Don Menard, Grand Lake; Doyle Baccigalopi, Creole; Freddie Richard, Cameron; and Roy Nash, Cameron.

Industrial Marine Services was approved for dockside construction on the Calcasieu river.

The jury agreed they had no objections to Corps of Engineers permits for an oxidation pond for Sewerage District No. 1 at Cameron, a boat ramp on Smith Ridge in Ward 5 and a 17-acre fill to be installed by Cameron Construction Co. on the east side of the Jetty Road.

The jury approved seven permits for seismograph companies to do work in Cameron parish but warned the firms that the permits did not allow the firms to go on private property without permission from the land owners.

Juror Ray Conner said that he had had some complaints from private property owners about seismograph firms crossing their property without permission.

The jury also approved eight permits from oil companies for the construction of drill sites, board roads, ring levees, pipelines, etc.

Bishop visits local church

On Friday, Feb. 26, Bishop Jude Speyrer of the Diocese of Lake Charles made a pastoral visitation to Our Lady Star of the Sea Catholic church in Cameron.

Bishop Spreyer celebrated Mass with Msgr. Curtis Vidrine, local pastor, at 6:99 p.m.

Following Mass and a short "Way of the Cross" the Bishop officially blessed and installed the dedicatory crucifix in Our Lady parish and catechetical center, after which he was available for visits with parishioners and others.

Extra selling hour topic of dispute

John and Kitty Richard, owners of John's Bar at Grand Chenier, who have been at odds with Sheriff James Savoie and the Cameron police jury for a number of months over the parish liquor ordinance, were present at the jury's monthly meeting again Tuesday.

Richard told the jury he had been under the impression that at the last meeting when the jury amended the liquor ordinance, the bar owners had been given an extra hour to stay open on Saturday night.

"This past Saturday, we stayed open until 2 o'clock and they (the Sheriff) said it was illegal."

Richard told the jury the sheriff's department had sent two patrol cars to close him down and that the two had collided in front of his bar. He said he closed before another deputy arrived.

Jury President Kenneth Ducote said Richard had misunderstood the ordinance, that the 2 a. m. closing on Saturday referred to the 2 a. m. following midnight Friday and not midnight Sunday. He said the 1 a. m. closing on Sunday morning remained the same as in the past.

Assistant District Attorney Glen Bertrand assured Richard that the closing hour for Saturday night was 1 a. m. Sunday morning.

Richard insisted that Juror Braxton Blake had told him at the last jury meeting that the bars were being given an extra hour on Saturday night. But jurors told him that the extra hour was the one that had been given the bar owners last year when the closing time had been extended from 12 midnight on Saturday night to 1 a. m. that morning.

Jurors asked the news media to make it clear in their news reports that bars still were required to close at 1 a. m. on Sunday morning.

Election seminar to be held on Friday

Secretary of State Jim Brown and his election staff have scheduled an election seminar for elected officials and persons considering campaigning for public office who live in Calcasieu and Cameron parishes.

The seminar will be Fri., March 5, at 6 p. m. in the Calcasieu Parish courthouse in Lake Charles.

The seminar is designed to help candidates learn how to fill out financial disclosure reports required of all candidates and public officials who plan to run for re-election, who may need additional information about changes in the Campaign Finance Disclosure Law.

"We have had a number of calls about these changes," Brown said, "so many, in fact, that we felt it would be of great assistance to officials and candidates to have some formal instruction in these matters.

"We are working closely with Cameron Parish Clerk of Court Roland Primeaux and Calcasieu Parish Clerk of Court Acton Hillebrandt to make sure that all interested persons are aware of the seminar in Lake Charles."

Students on McNeese list

McNeese State University undergraduates named to the President's Honor List for the first semester, who earned 4.0 or all A grade point averages are: Sylvia Tanner of Cameron, Michelle Boudoin, Delbert Conner, Carolyn Rutherford and Iris Trahan of Creole; Carla Joann Frey, Harvey Vaughan II and Dorothy Walther of Hackberry.

Students on the University honor roll earning a 3.0 or B average include Lynn McCall, Mary McCall and Lori Stewart of Grand Chenier; Katherine Backlund, Elizabeth Ducote, Susan Frey, Stacy Goodrich, Penny Riggs and Catherine Walther of Hackberry.

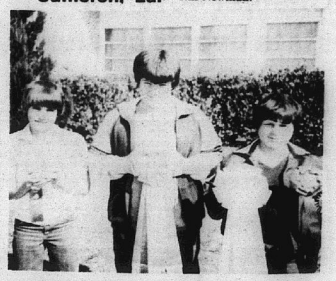
Scout show set at L. C.

Cub and Boy Scouts from Grand Lake will perform in the Louisiana Heritage'82 to be held at the Lake Charles Civic Center Saturday, Mar. 13, from 1 to 5 p. m.

The Scout and Cubs of Grand Lake Pack and Troop 160 will perform under the leadership of Patrick and Gale Hebert.

Their performance will feature "Come with us to the Cub-DadWeekend" for the Cub Scouts and "Emergency Preparedness to Preserve our Louisiana Heritage" for the Boy Scouts.

This year's Scout show will feature more than 100 demonstrations encompassing the wide variety of skills and techniques now offered by the scouting program.



The scouts are selling tickets for $1 in their local neighborhoods.

For more information contact Pat or Gale Hebert at 598-2734.

Meeting set

There will be a meeting of "The Concerned Shrimpers of Louisiana" Friday, March 5, at 7 p. m. in the meeting room of the Police Jury Annex.

Members and interested parties are invited to attend.

THESE THREE Grand Chenier elementary students won state championships in the recent livestock show held at LSU. Dwayne Nunez placed 1st in pig showmanship; Steven Boudreaux showed an AOB bull, which was named Grand Champion and Scott Nunez placed 1st with his pig, was awarded Reserve Champion with his AOB bull and Grand Champion with his Angus bull.

Drug prevention program started

A drug prevention and intervention team has been formed at South Cameron High.

The eight member team has been trained through a statewide program of the State Department of education.

The main goals of the team are to provide information on drug abuse, support and intervention when appropriate.

The team consists of Jimmy Marcantel, Rick Merchant, Clarence Vidrine, Teresa Martinez, Donna Nash, Rosalie Perry, Nell Colligan and JoAnn Doxey, parent representative.

Immediate plans consist of "Junior Awareness Day", March 5. A program is planned to introduce the team and its purpose to the junior class, the future leaders of the school. Beth Watkins, regional coordinator will head a panel of young people who will share personal experiences with our students.

"Parent Support Night" will be Monday, March 8, at 7 p. m. in the South Cameron High School auditorium. A similar program is planned for all parents and interested persons. The youth panel will again be present.

The S. A. P. E. team feels much can be learned from these young people and their past experiences.

The team hopes that all parents, friends and concerned persons show their support of this much needed program by their attendance March 8.

Chenier site removed from EPA listing

The Environmental Protection Agency (EPA) has removed the Mermentau Resources site at Grand Chenier from its list of potentially hazardous waste dumps, leaving 212 in La. on the list.

The Cameron parish site was one of ten removed from the list in Louisiana.

The site was presumably removed from the list since a state permit for the site was revoked last year and work has ceased at the site. Original plans were for hazardous waste to be barged to the site and then put into an injection well. The plan met strong local opposition.

Theatre sets annual meet

The Chenier Showcase Theatre will hold its annual meeting Thursday, March 4, at 7 p. m. in the Calcasieu Marine National Bank meeting room.

Officers are to be elected and the program will include a discussion of the projects for the coming year and the future plans for the organization.

All persons interested in the arts for Cameron Parish are invited to attend and share their ideas.

Refreshments will be served.

For more information, please call Cyndi Sellers at 775-7586 in Cameron. Ching Conner in Creole or Coral Perry in Grand Chenier.

Funds OKed for project

Governor David C. Treen announced the signing of a $930,145 contract with R. E. Heidt Construction Co. Inc. of Westlake to widen and improve La. Highway 27 in Cameron Parish.

The project will involve 5.620 miles of the highway between Holly Beach and Hackberry. The company will widen the highway and apply asphaltic concrete overlay.

The project is 100 percent state-funded.

Local legislators instrumental in the acquisition of funds for the project are Rep. Conway LeBleu and Senator Cliff Newman.

Chenier 4-Hers in state livestock show

Grand Chenier

by Elora Montie

With the starting of the first day of spring only three weeks off, the temperature this past week was in the mid-seventies. The first day of March brought along many signs of the coming spring. Folks are busy plowing and working their gardens while others are busy planting their spring crop of Irish potatoes.

Fruit trees such as peaches, pears and plums can be seen in full bloom.

TRAPPING CLOSED

This past week was the closing of trapping season with trappers stating this was one of the worst they had seen in many years.

Nutrias were very scarce and prices not as good as expected. Some trappers had so few on their trapping grounds they pulled up in mid-January, while others just now are taking in their equipment.

Many large marsh fires have been seen for the past two weeks.

The Grand Chenier 4-Hers who took part in the state fat stock show in Baton Rouge over the past week returned with their stock Sunday.

Eulice Kershaw, who is in Memorial Hospital, in Lake Charles, is reported doing better. His daughter, Eve, who has been in the northen states for some time has come to take care of him.

Alvin Conner came home Monday from a Lake Charles hospital.

Dorothy Theriot, who underwent surgery in St. Patrick's Hospital, came home Friday.

Residents of the area who took part in running Mardi Gras, also enjoyed the dance at the new American Legion Sturiese Post Home. This was their first event in their new building.

Mrs. Onelia Dupuis, who is ill, is being cared for by her daughter, Mrs. Winston Benoit, in their home in Creole.

Crystal Kay, daughter of Mr. and Mrs. Randy Nunez who was born January 23, was baptized Sunday, Feb. 21, on her mother and father's anniversary of their wedding day. Rev. Roland Vaughn officiated.

Godparents were Veda Nunez of Grand Chenier, and Terry Guillory of Lake Charles.

She is the first baby baptized in St. Eugene Church this year. The Baptism font was donated by her great - grandparents, Oliver Theriot Sr. and the late Veda Theriot.

After the baptism there was a fish fry at the home of Crystal Kay's grandparents, Mr. and Mrs. Asa Nunez Jr. Attending were: Mr. and Mrs. Huillory Guillory Jr. and Monica of Lake Charles; Mr. and Mrs. Mike King and Ryan, Rosalie Primeaux, Creole; Joe Landry, Cameron; the Nunez family, Mr. and Mrs. Oliver Theriot Sr., Gerard, Pat, Veda and D. D. Vincent.

Timothy Scott, son of Mr. and Mrs. Tom Hess, was baptized Sunday, Feb. 28, at St. Eugene Catholic Church with Rev. Roland Vaughn officiating.

Godparents were Mrs. Charolette Brasseaux, Grand Chenier, and Paul Yakupzack of St. Martinville.

After the ceremony a barbeque was served at the home of the parents in Grand Chenier.

Mrs. Corrine Canik purchased a light brown 1982 Mercury.

Students of Grand Chenier Catholic Church, who are making preparation for their confirmation, met March 1 in the Catholic Hall with Rev. Roland Vaughn.

There has been very good attendance so far with students attending grades 1 through 7, as well as high school, catechism classes.

P. F. C. John A. Zamora, who has been stationed in Ford Hood, Texas, is visiting his mother, Mrs. Shirley Mhire, before going to Germany March 23.

Mrs. Burney Bonsall attended the funeral of her niece, Mrs. Thelma Trammell, in Lake Charles Sat.

Mr. and Mrs. Adam Miller and Jennifer of Carencro, spent the weekend with Mr. and Mrs. Roy Clark.

Spending Sunday with the Roy Clarks were Mr. and Mrs. Whitney Miller and Betty Ann, Eugene and Phillip, all of Lake Charles.

The Paul Yakupzack family of St. Martinville spent the weekend with the Tom Hess family.

A commemorative gift for a new-born: assemble an assortment of coins from the year of birth. Mount them and frame. It's a gift to last a lifetime.

Band to hold skating on 3 Sundays

The South Cameron High School band will be holding skating sessions for the next three Sundays, March 7, 14 and 21. All proceeds will go towards the band trip to Florida, except for the March 21 session. Proceeds from the last session will go for Cystic Fibrosis.

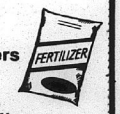
Cokes and snacks will be sold at all sessions. Admission is $1.

The first session was Feb. 28, with a good turn out.

Winner of the boys race was Teddy Gordon; girls race, Nikki Wolfe; doubles race, George Gordon and Ashful Authement; limbo champion, Christy Wolfe.

Donkey game set march 9

The South Cameron High School Band Boosters will hold their second annual Donkey Basketball game at 7 p. m. Tuesday, March 9, in the school gym.



Tickets will be sold at the door; only one ticket is needed for both games. Food and drinks will be sold also.

RED RICE

"Control red rice this year —without carryover into rice next year."
Bob Smith for Lasso® herbicide.

So you thought red rice was a problem? What can hurt even worse is applying a herbicide in your soybeans that carries over into next year's rice crop.

So why not choose the herbicide that gives you effective red rice control with good crop safety too. The one more farmers choose for their corn and soybeans than any other herbicide.

Lasso® herbicide from Monsanto.

Superior crop safety.

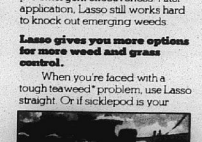
Lasso controls many tough grasses and certain broadleaves at recommended labeled rates. Plus you get excellent crop safety. So why suffer from the shortcomings of other herbicides that don't give you precise control?

The kind of control you get from Lasso is effective against annual grasses like brachiaria and many hard-to-control weeds like pigweed.

Precise control means Lasso combines top crop tolerance with pre-emergent effectiveness. After application, Lasso still works hard to knock out emerging weeds.

Lasso gives you more options for more weed and grass control.

When you're faced with a tough tea weed* problem, use Lasso straight. Or if sicklepod is your problem, just tank mix Lasso with Sencor** or Lexone***. You'll not only get broad spectrum results, but the proven crop safety of Lasso as well.



Ask your herbicide dealer how Lasso can best solve your problems.

Believe us, with Lasso, it's no problem.

Always read and follow the label directions for Lasso.

Conservation tillage on increase in La.

Conservation tillage is on the increase in Louisiana, according to F. J. Ezernack, district conservationist with the USDA Soil Conservation Service. This practice, which is divided into no-tillage and reduced tillage, was carried out on thousands of acres of Louisiana's cropland last year. About 60% of this acreage was in soybeans double-cropped with wheat.

No-tillage involves planting a crop in the stubble or residue of a previous crop without prior seedbed preparation. A special planter is used to prepare a narrow strip of soil 2-4 inches wide. The rest of the row is not disturbed during planting. A contact herbicide is used to kill existing vegetation. Preemerge herbicides should also be used to kill grass and weeds that germinate later.

According to Ezernack, the main reason for no-tillage is to reduce soil erosion. In a conventional tillage system much of the erosion occurs during and immediately after seedbed preparation, while the soil is bare. Not only is valuable topsoil eroded away, but organic matter and mineral elements attached to the soil particles are also lost. Since no seedbed is prepared in a no-till operation, the soil with its organic matter and mineral elements stays where it is needed.

A second advantage to no-till farming, says Ezernack, is the reduction of labor and fuel needed to produce the crop, and a third advantage is the reduction of soil moisture loss. Considerable soil moisture is lost while the soil is being stirred in the preparation of a conventional seedbed. Since no seedbed is necessary for no-till farming, the moisture remains in the soil and is available to help get the crop up. Ezernack lists the following reasons why conservation tillage is increasing in Louisiana.

1. The increasing desire of farmers to reduce erosion.
2. The increasing cost of fuel. By eliminating one or more trips over the field, a farmer can reduce the cost of crop production.
3. Availability of better no-till planters. Almost all implement manufacturers produce no-till planters. Most of these planters have the necessary features to do a good job.
4. Availability of better herbicides. There are herbicides on the market today that provide effective control of most grasses and broadleaf plants.

According to Ezernack, the keys to getting good yields in a no-till operation are: (1) selection of a well-drained field free of Johnson grass; (2) use of a good no-till planter; (3) use of a contact herbicide to control weeds and grasses present at planting time; (4) proper use of pre-emergence and post-emergence herbicides; and (5) timely cultivations.

Health Views

THE OLDER WE GET, THE HARDER WE FALL

None of us likes to think of ourselves as an "older person." You may be one of the lucky ones who feels nary a twinge as the years progress. Your pace hasn't slowed much and you exercise regularly. Nevertheless, time does take its toll, and you should use increased caution as you progress in years.

Although older people make up only about eleven percent of the population; they suffer 23 percent of all *accidental deaths*. According to the National Safety Council 24,000 persons over age 65 die each year from accidental injuries. At least 800,000 more are disabled for at least one year due to injury. This is a rather frightening statistic when you consider the fact that most accidents are the result of pure negligence, and likely could be avoided with caution and preventive action.

Many of the injuries suffered by older people are from falling, and most occur in the home. Check your home for the following:

- Do you have well-lighted stairways with switches at both bottom and top?
- Do you have night lights?
- Do you have sturdy handrails on both sides of stairways?
- Is your carpeting tacked down? Throw rugs are extremely treacherous when they slide.
- Do you have grab bars on bathroom walls, non-skid mats in the bathtub?
- Are all areas clear of objects that could cause a person to trip?

Other dangers include smoking in bed (a practice best avoided altogether), and preparing meals in loose, flowing, flammable clothing. Older people are particularly susceptible to burns because of their reduced agility. Be sure all your water heater thermostats are set so you can't be suddenly scalded. Also, the older person should plan an emergency fire exit route from the house. These precautions may seem at first over-protective. However, older people are especially prone to accidents because they often suffer from impaired hearing or poor eyesight, and coordination is not as it used to be.

The greatest number of back and limb injuries come from falls, especially on stairways, walkways and ladders. The older person should recognize that the bones are brittle and that they will heal more slowly. Likewise, one should be sensible about his or her physical limitations.

The older person should avoid standing on chairs and ladders, getting into awkward positions, or bending or stooping for long periods of time. The older person should seek help for lifting objects and use every tool available to avoid unusual physical exertion.

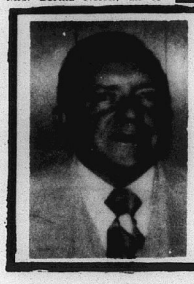
If a structural injury occurs, the older person should seek immediate professional attention. The doctor of chiropractic is a health specialist who gives special attention to problems of the spine and nervous system. Under chiropractic care, a patient is either treated or referred after a comprehensive differential diagnosis. Chiropractic has been particularly effective in keeping senior citizens ambulatory and active, important elements in having a fulfilling and satisfactory life.

Cox rites held here

Funeral services for Moses Cox, 69, of Cameron were held Wednesday, March 3, in Ebenezer Baptist Church.

The Rev. R. B. House, pastor, officiated. Burial was in the church cemetery.

Mr. Cox died Sunday in a Lake Charles hospital.



A lifelong resident of Cameron Parish, he was a retired fisherman, and a member of Ebenezer Baptist Church.

Survivors include his wife, Mrs. Linda Cox; three daughters, Mrs. Angeline Gause, Mrs. Clara Moye and Mrs. Bertha Nolon, all of Cameron, two sons, Johnny Cox of Lake Charles and Robert Cox of Cameron; one sister, Mrs. Stella Bartie; one brother, John Cox, both of Cameron; 13 grandchildren, and 20 great-grandchildren.

TIPS TO HELP YOU

Q. How can I choose the right interfacing for georgette and other soft fabrics?

A. The best way to tell if an interfacing will work well with a specific fabric is to sandwich the interfacing between your fabric and feel how it will handle between your fingers. Soft fabrics such as georgette require a very light weight interfacing.

Q. Will a garment be washable if everything used on it is washable?

A. If all of the fabrics, interfacings, notions, etc. are washable and preshrunk, your garment will be washable. However after putting work into the construction of a garment, it might look better dry cleaned and pressed.

Beauty Advice

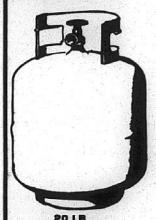
No matter what a woman's age or skin type, there are specific do's and don'ts for skin care and makeup that will help her look her best.

If your hair is gray or white use plenty of color on the face, in soft, flattering shades.

While the selection of skin care and makeup products is highly individual, here are some helpful beauty guidelines for the mature woman from the experts at Elizabeth Arden.

DO:

- Adopt current makeup trends, conservatively, to yourself.
- Wear a daytime moisturizer under makeup—it protects the skin and helps makeup "set" better.
- Use a moisture-rich foundation in a shade matching the skin on the throat.
- If your hair is gray or white use plenty of color on the face, in soft, flattering shades, to avoid a washed out appearance.



DON'T:

- Keep using the same makeup you used when you were 25—it will look dated make your look older.
- Use too dark a shade, or thick cream formula of foundation — too heavy foundation only emphasizes lines and wrinkles.
- Wear blusher too low—it makes skin look dragged down.
- Make brows pencil-thin or over-arched—it looks dated and unflattering.
- Use opaque powder or too much powder—it can emphasize lines.

The Challenge of Genealogy

by MARIE WISE

Lucien Marcus Underwood (1853-1907) had a doctorate in geology, was a botanist of international research and writings, and among his many professorships once taught biology at Alabama Polytechnic Institute.

He was also a genealogist who spent 25 years researching his Underwood lines from which a two-volume family history was published in 1913. A Bicentennial reprint of this work in 1976 makes it available again, this time as a single volume of some 870 pages.

UNDERWOOD FAMILIES

The Underwood Families of America as compiled by Dr. Underwood and edited by Howard J. Banker, traces Underwood immigrants from England to America in the 1600s and early 1700s. Five were named Joseph and five more, Thomas.

In addition to four family lines established in Mass. there is one each from N.H., R.I., Del., Md., Va., Ga., and N.C., plus a section on Recent Families, being those whose immigrant ancestor arrived after the American Revolution.

An extensive index lists over 5000 Underwoods plus that many allied family members and some 1900 place names. There is a list of college graduates and another of Underwoods with military service, both from the 1700s and 1800s. Considerable personal information is included with the excellent numbering and cross-referenced presentation.

There are some photographs, charts, reproduction of records and at least seven Underwood coats of arms, one in color. A list of descendants who made reprinting of this book possible by pre-purchasing copies shows names from coast to coast including all the Gulf States.

Hardcover, 6 x 9 in. with bookjacket, $39.50, this comprehensive family volume is available from: Glenn E. Underwood, 12240 69th Terr. North, Seminole, Florida 33542.

Mr. Underwood, address above, founder and president of The Underwood Family Organization, writes that he has information on several hundred additional Underwood descendants and related families which, hopefully, he will publish within the next year or two.

ROMERO FAMILIES

Michel (Miguel) Romero and Marie De Grano of Granada and Malaga, Spain, emigrated to the New Iberia area, Louisiana, c1780; had at least six children: Joseph Nicholas Benedicte who married Julienne Gosserand; Antoine who mar. Margurite Wisse (Wiltz); Jean, mar. Charlotte Dore; Theodule; Marie Bernarda, mar. Bernard George Miguez; and Bernardo Michel Victoire, mar. Agnes Salvadora Victoire Lopez. The Gosserand and Wisse lines were from Pt. Coupee; the Dore line from St. Charles.

Romero by Geneva Bailey Seymour is a soft-cover, spiral bound, 8 1/2 x 11 in., indexed, illustrated, multilithed book, $21.50, about 215 pages, available from her at: 5009 42nd St., Lubbock, Texas 79414.

The author traces her Romero line into the 8th generation and includes many related lines from south Louisiana. Index includes several hundred Romeros plus almost 300 different surnames.

LUNEAU LACHENEY, ETC.

Mary Luneau Manziano, 2529 Greenway Dr., Alexandria, La. 71301 seeks ancestry of Andrew LUNEAU, b. 1820, lived in Avoyelles Ph., and wife, Isommine, b. 1830. Their children were Juline, Jeromer, Elina, Virginia, Mearie. Also ancestry of Jeromer's wife, Claushine LACHENEY. Also ancestry of Jeff PETTAWAY of Alexandria and Lucandy SMITH, parents of Ada Pettaway who mar. Joseph Luneau, son of Jeromer. Lucandy Smith mar. 2nd, S B. RUTLEDGE of Palmetto, La. Also ancestry of James E. PHILIPS from St. Landry Ph. and wife, Josephine ROBERTS and of Annie E. who mar. their son, Edmond G. Roberts.

DEMETTE

Cindy Demette Patin, 311 Crawford St., Lafayette, La. 70506 seeks DEMETTE, also DEMET, family info. Leopold Demette mar. Emelie DESORMEAUX, 1868, Abbeville, La.

Four more new books for Louisiana keeping or giving have been printed by Pelican Publishing Co. - on Creole Cooking, Cajun French and New Orleans.

Now You're Cooking with Laughs! is a delightful little book; 5 1/4 x 7 1/2 in., stiff cover, spiral bound, 80 pages, $5.95, with comic comments accompanying each of its excellent recipes of which there are about 65. Sub-titled: Authentic Creole Recipes from the Old South - by "Mother Roux", you never find out exactly who "Mother Roux" is, except for being a Creole cook *extradoinaire* with an impish sense of humor.

The recipes from Shrimp Jambalaya to Pain Perdu are genuine and delicious; the reading is fun; all is for enjoying.

Kosher Creole Cookbook by Mildred L. Covert and Sylvia P. Gerson brings together two famous culinary traditions: Creole dating from colonial Louisiana and Jewish dating from biblical times; in a 6 x 9 in. book, stiff cover, spiral bound, 214 pages, indexed, $8.95, with more than 250 recipes.

How is it possible to be a Kosher cook and a Creole cook at the same time? With the creativity of these authors who improvised, combined and substituted ingredients into the blend of a new way to cook - Kosher-Creole.

Arranged by month, the recipes highlight feasts and festivals from both the Jewish calendar and the city of New Orleans. Each chapter is introduced with stories on history, traditions and culture of the Crescent City and black and white sketches are used throughout.

Pot Roast Piquant, Oysters Mock-a-feller, Poor Boy Sandwiches, Chicken Okra Gumbo with Sausage, Red Beans with Rice, Mirlitons, - the recipes are all Creole and all Kosher.

New Orleans on the Half Shell is the new expanded edition of "A Native's Guide to the Crescent City" by James Taylor and Alan Graham, who know the city well and love it.

Softcover, 5 1/2 x 8 1/2 in., 112 pages, funny, clever and full of information, this hand-sized edition is planned for budgeting one's time and money to maximum advantage - and seeing more than you would see without it.

From how best to get around the city and where and what to eat, to enjoying Mardi Gras, the Jazz Fest and other "musts", this guide will help both first-time and been-there-before visitors to a greater enjoyment of New Orleans.

Conversational Cajun French 1 by Randall P. Whatley and Harry Jannise makes the learning of Cajun French accessible to those born outside Cajun families. Stiffcover, 8 1/2 x 11 in., 25 pages printed one side only, $9.95, and beginning with a history of the Acadian people, this book presents French-English words and phrases from days of the week to old Cajun names.

It proves, say the authors, that Cajun French can be written and that, although this book is designed to be used with available tapes, the pronunciation guides should enable even a beginner to learn "enough to converse with Cajuns or at least enough to stay out of trouble in South Louisiana."

About 60 percent of the vocabulary presented - like Cajun French itself - can be found in any standard French dictionary; the other 40 percent is unique to South Louisiana.

QUERIES

Please limit queries to maximum of 50 words giving pertinent names, dates and places. Queries require La. connection. Notices of workshops, etc. must be received four to six weeks in advance. Books reviewed when sample copy is submitted. Marie Wise, Box 99, Sulphur, La. 70663.

Plea changed in distribution case

Terry W. Kelley, 24, Cameron, changed his plea to guilty to two counts of distribution of marijuana in 38th Judicial District Court Thursday, with Judge Ellis Bond of Lake Charles presiding.

Judge H. Ward Fontenot had recused himself.

One other charge of distribution of marijuana, a charge of possession of marijuana, and one of carrying a concealed weapon were dismissed by Cameron Parish District Attorney Jerry G. Jones.

March 18 was set as the date of the sentencing.

Ralph Gregory Ward, 21, Phoenix City, Ala. who had originally pleaded non-guilty changed his plea to guilty and was sentenced by Judge Fontenot to the following sentences:

10 days in jail for driving under suspension and $150 and costs or 10 days in jail for reckless operation.

Thomas P. Kearney, Cameron was fined $250 or 25 days in jail for unauthorized use of a movable.

The charge stemmed from an incident on Feb. 16, when a forklift was taken from McDaniel Welding Co. in Cameron.

Edward L. Robitsch, 19, Cameron, was sentenced to 90 days in jail for D.W.I.; 30 days for simple criminal damange to property; $35 and costs or 3 days for littering, 30 days for hit and run; 30 days for reckless operation; $75 and costs or 5 days for speeding 82/55; $75 and costs or 5 days for speeding 75/55, all charges to run concurrent, then suspended all but time served, and placed on one year probation, plus a $200 fine and restitution; plus time served for disturbing the peace (drunk(.

The charges stemmed from hitting Car 3 of the Cameron Parish Sheriff's Department causing $1700 worth of damage while trying to outrun the patrol car.

Trial ends with hung jury here

The trial of Kevin D. Piliant, 21, Lafayette, for aggravated battery resulted in a mistrial Tuesday night in 38th Judicial District Court due to a hung jury. He was tried before a 6-man jury which had to reach a unanimous decision.

The trial has been rescheduled for May 10.

Other trials scheduled for the petit jury resulted in guilty pleas from the defendants and the following sentences were handed down by Judge H. Ward Fontenot:

Jeffery Ray Payton, 25, Creole, was sentenced to two years in the Department of Corrections for possession of central nervous system drugs (Pentazucine) and another count of possession of CNSD.

Rose B. Brandon, 20, Creole was fined $500, with 90 days to pay, plus 6 months in jail, suspended and placed on two years supervised probation for possession of marijuana. A charge of possession of CNSD was dismissed.

Guilty pleas in criminal arraignments brought the following sentences:

Belinda Kay Ezell, 19, Cameron received a suspended sentence and was placed on one year unsupervised probation for possession of marijuana.

Gordon Paul LeJeune, 22, Cameron, was sentenced to 30 days in jail, suspended all but time served, provided he pay $100 to Raymie Boudreaux within one week for Criminal Mischief by dragging and old car across Boudreaux's property.

Steven Earl Brown, 23, Abbeville, was sentenced to time already served in jail for disturbing the peace (drunk).

Donald D. Champion, 18, Cameron was sentenced to one week in jail for driving under revocation and $300 and costs or 30 days in jail, concurrently for D.W.I.

Fines are told here

$4,485.50 was collected through 38th Judicial district traffic court on 72 tickets during the week of Feb. 22-26, according to Jerry G. Jones, Cameron parish District Attorney.

Mosquito abatement vote coming soon

Mosquitoes have been on earth at least 50 million years, while man has been around only ½ million years.

Mosquitoes occur on every continent, but reach their greatest variety in the Arctic and Antarctic regions after the snows melt in spring and summer.

There are at least 150 species in the United States, 59 in Louisiana and 36 in Cameron Parish.

Each mosquito undergoes a complete metamorphosis, passing through four successive stages in its development, namely egg, larva, pupa and adult.

More persons have died of diseases transmitted by mosquitoes than were killed in all wars combined.

A mosquito's preference for its host is determined by the amount of CO2 produced, amount of perspiration, skin temperature, skin color (dark preferred) and other factors.

Not all mosquitoes suck human blood; some feed only on birds, amphibia, reptiles, fish and other non-mammalian hosts.

The mouth parts of male mosquitoes are not developed for sucking blood.

Mosquito migration varies with species, with some species (such as out salt marsh mosquito) travelling 40 to 100 miles.

Don't forget to vote April 3, for the mosquito renewal tax.

The bonds maturing February 1, 1993, and thereafter are subject to redemption at the option of said District on and after February 1, 1992, in whole at any time upon payment of the principal amount thereof, together with the accrued interest to the date of redemption.

Notice of Redemption. At least thirty days' notice of redemption will be given by publication in a newspaper of general circulation published in the Parish of Cameron, and in a financial newspaper or journal published in the City of New York, New York.

Places of Payment. Both principal of and interest on the bonds will be payable at the branch office of Calcasieu-Marine National Bank in Cameron, Louisiana, or at the option of the holder, at the principal office of Cameron State Bank in Cameron, Louisiana.

Payment and Security. The full faith and credit of the District are pledged to the payment of the principal of and interest on the bonds, and the District is authorized and required to impose and collect annually, in excess of all other taxes, a tax on all the property subject to taxation by the District, sufficient in amount to pay the interest and the principal falling due each year on the bonds.

Bidding Details. Each bid must be on the official bid form furnished by the undersigned and enclosed in a sealed envelope marked "Bid for $4,800,000 School Bonds of School District No. Ten of the Parish of Cameron, Louisiana" and must be directed to the undersigned. The bid form will permit the bidder to bid for the bonds under any one or more of the options specified above. With respect to each option bid, bidders shall specify the rate of interest which the bonds of each maturity shall bear, to be expressed in multiples of one-eighth (1/8) or one-twentieth (1/20) of one percent (1%). Bidders are not restricted as to the number of rates that may be named and any rate named may be repeated, but all bonds maturing on the same date must bear interest at the same single rate from their date to such maturity date. No rate named may exceed fifteen per centum (15%) per annum and the difference between the highest and lowest rates named may not exceed two and one-half percent 2 1/2%). Only one coupon will be attached to each bond for each installment of interest thereon, and bids providing for additional or supplemental coupons will be rejected. No proposal will be considered for less than all the bonds or at a price less than par of which specifies the cancellation of coupons or the payment of accrued interest in anything other than cash. In addition to the price bid, the successful bidder must pay accrued interest from the date of the bonds to the date of the full payment of the purchase price. Each bid must be unconditional and must be accompanied by a certified or cashier's check drawn upon a solvent bank or trust company payable to the order of Cameron Parish School Board, in the amount of ninety-six thousand dollars ($96,000); only one such check must be submitted regardless of the number of options bid as specified above. Checks of unsuccessful bidders will be returned promptly after the award of the bonds. The check of the successful bidder will be deposited by the Cameron Parish School Board, the proceeds of which will be credited on the purchase price on the set-

lement date or in the event the successful bidder fails to accept delivery of and pay for the bonds, retained by such Board as liquidated damages. No interest will be allowed upon the amount of such good faith check. The District has received a commitment from the Municipal Bond Insurance Association ("MBIA") for a Municipal Bond Guaranty Insurance Policy guaranteeing payment of interest on and principal of the bonds in accordance with the specific terms of the Policy, the form of which may be obtained from the Municipal Issuers Service Corporation, general manager for MBIA, 34 South Broadway, White Plains, New York 10601. With respect to each option bid as specified above, each bidder shall specify whether its bid is for bonds insured by MBIA as aforesaid or if less than all of such bonds are to be insured, the particular maturities of bonds to be insured; or for bonds not so insured. With respect ot each option bid if no such specification is made such bid or such option shall be deemed to be for bonds not insured by MBIA. The amount of the premium for such insurance is .666% of the aggregate amount of principal and interest payable on the bonds to be insured, from their date until their respective maturities, rounded to the nearest $100, and shall be paid for by the District.

Award of the Bonds. Prior to the close of business on the day of opening of sealed proposals, the bonds will be awarded to the responsible bidder or bidders offering to purchase the bonds in accordance with any of the three options hereinabove mentioned at such rate or rates of interest as will produce the lowest net interest cost to the District over the life of the bonds, such cost to be determined by deducting the total amount of any premium bid from, and if any bidder specifies that his bid is for bonds insured by MBIA by adding the premium for such insurance (calculated as aforesaid) to, the aggregate amount of interest payable on all of the bonds from their date until their respective maturities. The right is hereby reserved to reject any or all bids or to waive any irregularity or informality in any bid.

CUSIP Numbers. It is anticipated that CUSIP identification numbers will be imprinted on the filing panel of bonds, but neither the failure to print any such number on any bonds nor any inaccuracy, error or omission with respect thereto shall constitute cause for failure or refusal by the successful bidder to accept delivery of and pay for the bonds in accordance with the terms of his bid. No such CUSIP identification number shall constitute a part of the contract evidenced by the particular bond upon which it is imprinted and no liability shall attach to the District or any officer or agent thereof, including any paying agent for the bonds, by reason of such numbers or any use made thereof, including any use thereof made by the District, any such officer or any such agent, or by reason of any inaccuracy, error or omission with respect thereto or in such use. Except for the CUSIP Service Bureau charge for the assignment of such numbers, which shall be the responsibility of an shall be paid by the successful bidder, all expenses in relation to the printing of such numbers on the bonds will be paid by the District.

Delivery of Bonds; Payment. Delivery of the fully executed bonds will be made at the expense of the District, at the option of the successful bidder at either the School Board Office in Cameron, Louisiana, or at any bank or trust company mutually agreeable to the Distrcit and the purchaser in New Orleans, Louisiana, on April 26, 1982, or as soon thereafter as possible. The purchase price then due, including the amount of the accrued interest, must be paid by a certified or cashier's check drawn upon a solvent bank or trust company payable to the order of Cameron Parish School Board. Upon delivery of and payment for the bonds the purchaser will also be furnished with the usual closing documents, including a certificate that no litigation is pending or threatened affecting the issuance of the bonds. The purchaser will also be furnished at the expense of the District with the approving legal opinion of Wood & Dawson, New York, New York, bond counsel, as the to the validity of the bonds, which opinion will be printed upon the bonds.

Offering Circular; Additional Information. Copies of an offering circular regarding the School Improvement Bonds, Series 1982 of School District No. Ten of the Parish of Cameron, Louisiana and copies of the official bid form are available upon application to Mr. George W. White, Fiscal Services, Inc., 535 Gravier Street, 7th Floor, New Orleans, Louisiana 70130, or to the undersigned. Limon on campaign expenses is sought

State Senator John Saunders, D-Ville Platte, says running for public office in Louisiana has become too expensive and he, along with other members of the Senate and Governmental Affairs Committee is looking into ways to limit the amount of money a candidate may spend during a campaign.

"After the last general election, may people were concerned about the fact that six candidates had spent approximately $20 million to run for governor," Saunders said Thursday.

He said other states do not spend that much electing public officials and he thinks Louisiana needs to cut back on the amounts of campaign money it spends.

Saunders said the Senate and Governmental Affairs Committee has appointed a four-member sub-committee to conduct an in depth study of political spending in Louisiana.

"We will be looking into the constitutionality of laws regulating campaign spending, other states that have such laws and analyzing this data to determine what can be done here realistically, constitutionally and practically to limit campaign spending," Saunders said.

He said the subcommittee and its staff will be contacting various groups such as police juries, school board associations, municipal associations, the Public Affairs Research Council, Common Cause and other lobbying organizations to get their ideas on how the problem should be dealt with.

Saunders said the subcommittee is also making a direct appeal to the public to come forth and present ideas on the subject. "The question is simple, do we spend too much money running for office, does it compromise the candidates in any way and does it discourage people from running for public office," Saunders said.

"I think there is certainly time to get a feel for public opinion to get input on it and to draft legislation for the upcoming session," Saunders said.

Hospital rates low in state

Hospital patients in Louisiana enjoy some of the lowest daily room and board rates in the nation, according to K. H. Hopper, South Cameron Hospital Administrator.

Hopper states that the latest results of a survey conducted last summer, Louisiana hospital charges an average of $150.50 a day for a semi-private room and board. Only six other states had lower rates.

The national average for a semi-private room was $151, according to a survey, which summarized data provided by 2,647 hospitals throughout the country. The national average for a private room was $150, and the national average for intensive care was $356.50, according to the Equitable Life Assurance Society. (The fact that semi-private rates were higher than private rates reflected varying ratios of private and semi-private rooms in the different states.)

In Louisiana, the average rates were private, $113.50; semi-private, $105.50; and Intensive Care $257.50. These rates were based upon responses from 30 hospitals in 24 cities. Louisiana's hospital room rates, and indeed many of the Southern states, have historically ran lower than the national average. Louisiana hospital salaries are just now catching up with the nation at large, and within the next few years the gap in room rates will probably close too.

Jeff Davis exhibit at McNeese

"Voices from the Louisiana Prairie:an exhibit of the Oral and Visual History of Jefferson Davis Parish" will be on display at the Frazar Memorial Library at McNeese State University beginning March 2.

The project, sponsored by the Zigler Museum in Jennings, was made possible by a grant from the Fred B. and Ruth B. Zigler Foundation of the Louisiana Committee for the Humanities. Burt Tietje and Stan Durk are the project directors.

Tietje is a professional photographer who grew up in the parish. His skill in the artistry of black and white photography is reminiscent of C. J. Duncan, a photographer from Jennings in the early 1900s.

Both use large format view cameras which allow for very precise and detailed photographs. The work of Duncan and Tietje are featured in the exhibit as well as additional photographs collected throughout the parish.

Durk is an illustrator and designer specializing in pencil and ink. All illustrations made for the exhibit were rendered in pencil. His realistic style complements the fine photographic work, and the illustrations capture the spirit of those who shaped the development of the parish.

Durk also designed the traveling exhibit to make in convenient to use and to enable the project to be placed on display throughout the state.

Permits are sought by oil firms

The following firms have applied for Corps of Engineers permits for work in the wetlands or offshore areas of Cameron parish in connection with oil and gas operations:

Arco Oil & Gas Co., to dredge portion of an existing canal and Bayou Misere, if required, and dredge a canal and slip for access to a proposed well location about 6.8 miles northeast of Grand Chenier.

McMoran Exploration Co., to dredge a portion of an existing canal and dredge a slip as an extension for access to a proposed well location about 3 miles southwest of Grand Chenier for McMoran-Cater-Rutherford No. 1 well.

Applying for coastal use permits from the Department of Natural Resources were:

Davis Oil Co., to construct a board road, mat, pit and ring levee for a well about 8 miles southeast of Grand Chenier.

Conoco, Inc., to dredge existing water supply channel for fire-fighting purposes in Grand Chenier off the Mermentau river.

Weaver Exploration Co., to dredge a 1270 foot canal and slip about 13 miles southwest of Gueydan off Snake Bayou.

Seagull Energy Corp., to sweep out an existing canal and dredge a slip for oil and gas exploration west of White Lake.

K-B Exploration Co., to construct a canal and slip to prepare a well site for oil and gas exploration northwest of Pecan Island.

Arco Oil and Gas Co., to dredge a 4600 foot canal and slip seven miles north of Grand Chenier and 3 miles southwest of Lake Misere.

Carrots, parsnips, sweet potatoes and winter squash can be simply candied with a tablespoon of honey or molasses and a tablespoon of melted butter, per cup of cooked vegetable. Gently heat until coated.

County Agent Report

Pine Seedlings

I have a limited supply of pine seedlings remaining. Anyone interested may contact the County Agent Office at 775-5516. They are 5 cents per seedling.

Pecan Phylloxera

Phylloxera has become of the main pecan insect problems in the parish. It overwinters in the egg stage in protected places on the branches. The young, or nymphs, appear in the spring about the time the buds unfold. The nymphs insert their beaks into newly developing terminals and the feeding process seems to stimulate rapid growth of the plant cells adjacent to the insects. This is the beginning of gall formation and soon the galls completely enclose the phylloxera.

In many cores, the galls may be extremely prevalent over an entire tree, giving the twigs a knotty appearance. Attack by the pest causes the shoots to become malformed and weakened to the point where death may occur. Heavy infestations can completely destroy a nut crop and damage the terminal growth to the extent that the following year's production is affected.

Once the insects have become entirely encased in the galls, there is nothing that can be done about the problem. It is impossible to get insecticide into the galls to kill the pests. Therefore, spraying must be done early in the spring from the time of bud-break (leaf growth) until new leaf growth on the tree reaches ½ inch in growth. Apply ½ pt. of Lindane per 25 gallons of water. Make a second application of 3/4 lbs. of Wettable Malathion per 25 gallons of water or ¼ lb. of Wettable powder Thiodane per 25 gallons of water. Thiodane is toxic to cattle therefore, do not use it where cattle graze.

Vegetables To Plant

Vegetables that may be planted in March are: Sweet Corn, Snap Beans, Cucumbers, Squash, Mushmelons, Pumpkins, Watermelons, Okra and transplant tomatoes. Delay transplanting of bell peppers and eggplants until after the temperature has warmed considerably. These two vegetables are very sensitive to cold soils and weather. Once eggplants are stunted by cool weather, they recover very slowly.

Funds given for shoreline study project

Governor David C. Treen has allocated $100,000 from the Public Works Fund to the La. Marine Boundaries and Tital Datums Cooperative Program to determine Louisiana's shoreline and offshore boundaries.

The program, in conjunction with the National Oceanic and Atmospheric Administration, will provide informational services concerned with coastal mapping to effectively manage, allocate, and protect impacted coastal resouces.

This project will effect both onshore public services and offshore energy operations. The information obtained will be used in determining state ownership within the coastal zone areas. Flood insurance coverage can better be determined, since the findings of the study will aid in tropical storm and hurricane evacuation.

The National Environmental Act of 1970, the Coastal Zone Management Act in 1972, and the Fisheries Management and Conservation Act in 1976 legally require this tidal and boundary information.

The Louisiana Department of Transportation and Development (DOTD) and the National Ocean Survey (NOS) entered into a cooperative agreement in April of 1980 and have begun a multi-year continuing program to determine marine boundaries and tidal information on the coast of Louisiana. The second phase of the six-phase National Ocean Survey/Louisiana Marine Boundary is scheduled to begin in March of 1982.

NOS began tide observations in 1844 in order to continously revise and update nautical charts. A permanent network of tide stations was established and has expanded to keep pace with new areas being surveyed. This network of long term tide stateions, now call the National Tide Observation Network, consists of approximately 174 stations. Twenty-seven stations have collected over 19 years of continous data and several have over 100 years of such data.

Drug program well attended

By GENEVA GRIFFITH

An auditorium full of concerned parents were on hand at the kick-off meeting of the Substance Abuse Prevention Education (SAPE) program at South Cameron High School.

Mrs. Rosalie Perry, a SAPE team member at the school, explained the purpose of the local program.

Mrs. Nell Colligan, school nurse, talked on "Substance Abuse Dependency", pointing out that anytime anyone takes a medication other than as prescribed by a doctor they are abusing a drug.

Donna Nash, another team member spoke on the purpose of the local team and the training the team hopes to give in the program.

Jimmy Marcantel, a teacher and team member, explained why he and the other members joined the group to give help and support to the students and talked on "Why Kids Do Drugs" mainly 1. Because of low self-esteem; 2. Unsatisfactory family relations; 3. Peer pressure, or "everybody's doing it"; 4. Not meeting success in other ways such as poor grades, bored, lack of recreation.

Teresa Martinez, a teacher and team member, spoke on the importance of parent support in the program and pointed out that "A child has to learn how to cope with problems without thinking he is a failure."

Rick Merchant, a teacher and team member, explained the goals of the SAPE team, calling it an intervention program and the hopes that it will bring the parents' attention to it and to help the team work with the students.

Clarence Vidrine introduced Mrs. Beth Watkins, Lake Charles, the Regional SAPE coordinator.

Mrs. Watkins pointed out that Judy Jones, supervisor with the Cameron parish school board, is the coordinator of the local program, which has been organized in two schools thus far, South Cameron and Hackberry, but they are planned in all of the parish schools.

She spoke on "The Adolescent Drug Culture" and urged parents to look for the signs of drug use in their children.

She had on display a table full of drug paraphernalia and drug publications and explained their use in the drug world.

She also showed a film on "Teenage Turn-on to Alcohol and Drugs".

She had high praise for the Cameron Parish Sheriff's Department and Theos Duhon, a deputy with the department and said "You have one of the best narcotics officers in the area in Mr. Duhon."

Mrs. Paula Digillia, Lake Charles, a member of "Concerned Parents and Friends for a Drug Free Youth", spoke on the work her group is doing in Lake Charles and offered help to the local group.

Frank Brocato, South High School principal, thanked the parents for the large turnout and their willingness to help out in the drug prevention in the school.

He announced that the next SAPE meeting will be held April 19, at 7 p.m. in the school auditorium.

Kneeling is in-- under guidelines

Having a student kneel is considered corporal punishment, the Cameron parish school board was advised at its monthly meeting Mon.

Mrs. Paula Wagner, school board staff member, had advised the board at its December meeting that some parents, primarily newcomers to the parish, had objected to the long time practice of using kneeling as a punishment in parish schools.

The board at that time had asked Mrs. Wagner to make a further study of the matter.

Monday, she said after consulting with state and legal authorities it had been determined that kneeling could be used as a punishment but that it would have to be considered corporal punishment, as is spanking, and would have to be administered under the same guidelines as spanking.

These guidelines include advising students beforehand of specific misbehavior that could result in corporal punishment and in administering the punishment in the presence of a professional staff member.

The board then voted to amend its corporal punishment policy to specifically include kneeling under that category.

The policy defines corporal punishment "as any method used to maintain student discipline which inflicts physical discomfort not normally associated with acceptable educational practices.

Board member John Debarge commented: "It is ridiculous to have to go through all of this to put a kid on his knees."

Board takes new bond bids Mon.

The Cameron parish school board will receive bids at 11 a.m., Monday, March 15 at a special meeting at the school board office on the sale of $4,8000,000 in school improvement bonds for School District 10 which encompasses the schools in the Cameron, Creole and Grand Chenier areas.

A bid of 14.111 percent interest on the same bonds was rejected as being too high at the February meeting of the board and bonds were readvertised.

Three different options involving bond maturity dates have been offered in the new bond offer and board members are hoping that lower bids will be received Monday.

Funds from the bond sale will provide money for renovations and improvements at the Cameron, South Cameron and Grand Chenier elementary schools and South Cameron high school.

Rockefeller to get state funds

Governor David C. Treen announced today that he has included $923,626 to increase the waterfowl population at the Rockefeller Wildlife Refuge in Cameron Parish, in his Capital Outlay Budget.

The project consists of improving the water control structures, and repairing the deteriorated levee that forms the eastern boundary of the refuge to prevent salt water intrusion and subsequent marsh deterioration. Stabilization of the water levels will make the area ideal for the production of desirable waterfowl on the refuge.

The Rockefeller Wildlife Refuge, in Grand Chenier, borders the Gulf of Mexico for 26.5 miles. Because of its unique location, the refuge is one of the most important wildlife areas in the United States. It is estimated that in excess of 100,000 man days of recreation are enjoyed by out-doorsmen in Louisiana.

Thousands of ducks, geese, coots, and many wading burds visit the refuge every year. It also serves as a resting place for many of the transient birds that winter in Central and South America and the refuge is the home of nutria, muskrat, raccoon, mink, otter, opossum, deer and alligators.

New band uniforms approved

The Cameron parish school board Mon. approved appropriating approximately $8,630. to purchase new uniforms for the South Cameron high school band.

The board was told in a letter from Band Director Gary Young, Principal Frank Brocato and Band Booster President Bob Fruge that the uniform blouses were discolored and can no longer be used. However, since uniform pants and hats are in good shape, these could still be used if new blouses were purchased.

There are 35 band members now, but since it is anticipated that the band will grow to 50 members within the next two years, some complete new uniforms also were requested.

The board approved the purchase of 80 new blouses, 34 new pairs of pants and 34 new hats.

S. C. band to make trip to Florida

The Cameron parish school board Monday approved a trip to Orlando, Florida for the South Cameron high school band to participate in the American International Music Festival April 29 - May 3.

All of the expenses for the trip have been raised by the Band Booster organization, Gary Young, band director, advised board members in a letter.

Thirty students and approximately 20 parents as chaperones will make the trip by chartered bus leaving Thursday, April 29. They will arrive in Orlando on April 30, perform at Circus World, sightsee and have rehearsal.

On Saturday, May 1, the band will perform for judges in the contest and attend a beach party and barbecue.

On Sunday, May 2, the band will travel to Disney World, where they will perform and spend the day taking in the amusement park. The bus will depart that evening traveling all night with the group scheduled to arrive back at South Cameron Monday afternoon.

Conoco gets new fire boats here

A reception, luncheon, tour and fire fighting demonstration was held at the Conoco Docks in Cameron Thursday to celebrate the arrival of two $5 million dollar fire boats by Gulf Fleet Corporation.

The boats, Gulf Fleet No. 48 and 49 are leased to Conoco Oil Company to service it's offshore activities.

The vessels were constructed by Hudson Shipbuilders in Pascagoula, Mississippi.

A Gulf Fleet company spokesman, Larry T. Rigdon, explained that these two new boats are just another step that Conoco has taken to assure that they have the best fire fighting potential anywhere in the world.

The boats are equipped with four six inch fire nozzels on the back and middle of the boats and each nozzel is capable of delivering 2500 gallons water per minute.

The special fire fighting system is also capable of producing up to 4,000 gallons per minute of specially formulated fire fighting foams.

When the nature of the fire dictates, the system can be converted from the conventional water system to the foam system.

Special fire fighting demonstrations were conducted on the boats throughout the afternoon out in the middle of the Calcasieu river when all four hoses were turned on to shoot a continuous stream of water.

Fines told

$4,370.25 was collected through 38th Judicial District traffic court on 71 tickets during the week of March 1-5, according to Jerry G. Jones, Cameron Parish District Attorney.

Play announced

The Chenier Showcase Theatre will hold open auditions for "You're a Good Man, Charlie Brown" Fri., March 12 and Monday, Mar. 15 at 7 p.m. at the First Baptist Church of Cameron.

There are six parts, two females and four males, based on the "Peanuts" characters Charlie Brown, Snoopy, Linus, Schroeder, Lucy and Patty.

Anyone from high school age and up is welcome to try out. There is no upper age limit.

The play will be presented in mid-May and rehearsals will probably be three nights a week, beginning next week.

Anyone who is interested in performing and for some reason cannot make the scheduled audition times may make special arrangements by calling Cyndi Sellers at 775-7586.

Near disaster averted here

A near-disaster was narrowly averted Wednesday morning at 7:50 a. m. when an offshore service vessel rammed the 50-car ferry "Cameron No. 2" on the Calcasieu River.

The "Cheramie Bo-Truck No. 2" was proceeding south toward the path of the ferry which was headed toward the east bank of the river on its regular run across the river, when the clutches went out on the Bo-Truck boat and it hit the ferry broadside, from the ferry wheelhouse forward.

The captain of the "Bo-Truck" boat stated to John Ed Duhon, Cameron parish Deputy Sheriff, that the clutches had been worked on last night and had been in working order, but went out again when he had started out into the river this morning, and he had no reverse so could not stop.

The boat was leased to Texaco Inc. and started drifting down the river after the accident and the M/V Henry McCall tied onto it and pulled it to a dock on the west side of the river.

Captain Alfred E. Racca was the captain on the ferry.

One of the ferry passengers said that he saw the boat heading for the ferry and got out of his car because all he could think about was the ferry disaster in Luling several years ago when a state ferry was rammed and sunk with a heavy loss of lives.

The damage to the ferry seemed to be structural and it never stopped the regular runs across the river.

The accident is under investigation by the Coast Guard.

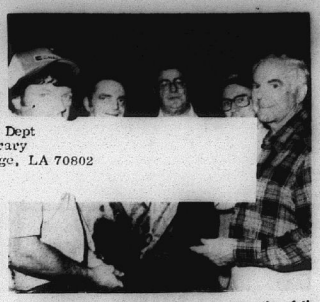
Frank Brocato

Brocato is named

Frank J. Brocato, principal of South Cameron High School, is the new president of the Southwest Louisiana Rally Association. Mr. Brocato was elected by his fellow principals earlier this year.

He will serve a two year term as president of the association that serves five surrounding parishes. His primary duties will be to coordinate efforts of competition for high school and junior high students in conjunction with regulations with the state and Mc Neese University.



The center of attention for this association yearly is speech and literary rallies sponsored in February and March respectively.

March 20 is the date for the literary portion of the rally. Mr. Brocato will work closely with Frances Summers, head of Mc Neese's Department on High School Relations.

Absentee vote to begin Mon.

Absentee voting in two special tax elections in Cameron parish will begin Monday, March 15, and continue through Saturday, March 27 in the offices of the Registrar of Voters during regular office hours on weekdays and until noon on Saturday.

The tax issues are a parishwide tax renewal for the Mosquito Control Abatement District and Water District No. 1 tax in Cameron.

EXAMINING PELTS at the final fur sale of the year held by the Miami Corp. are from left: Alvin Ray Rudd, Cameron Cattle & Fur Co.; Jimmy Goode, Yarborough Fur Co. buyer, Sicily Island; Charles Riggs and Jessie Knowles, member and chairman respectively of the La. Wildlife Commission; and Roger Vincent, vice president and land manager of the Miami Corp., New Orleans. (Photo by Geneva Griffith)

Trapping in hard times

Miami Corporation held it's final fur sale of the 1982 trapping season with a huge barbeque at the Tom Mudd Fur House honoring the 52 company trappers.

On hand for the occasion, in addition to the trappers and their families were friends and associates in the fur business and dignitaries which included Jesse Knowles and Charles Riggs, chairman and member of the Louisiana Wildlife and Fisheries Commission, respectively; Roger Vincent, New Orleans, Land Manger for Miami Corporation; and Jimmy Goode, Cicily Island, the buyer for Yarborough Fur Company which purchased all of the pelts.

Enos Richard, Little Chenier trapper, was declared the top nutria trapper with over 5,000 nutria pelts to his credit this season.

Richard traps the Middle Marsh, a prime 3600 acre trapping area between the Lake Charles road and Creole highway.

Darryl "Fats" Dupont, surface manager of Miami Corporation, said that the prices and the fur harvest were both down this year, the prices due to the economy and the harvest because of the low water.

Much of the fur is sold to foreign markets and because of the economy much of the fur has not moved from last season, thus causing a shallow market for this year's pelts.

Salt water intrusion is killing the marsh land in the western end of Cameron parish, where the Cameron-Creole Watershed project is to be built and low water is affecting the vegetation in other parts of the marsh, and since the vegetation is not there the animals left, he said.

Dupont pointed out that the foreign market glut will also affect the upcoming alligator season because the majority of the hides are sold overseas and the hides from last year have not moved due to the bad economic situation worldwide.

Yarborough Fur Company bought 5,000 furs Wed. at the last fur sale at $7.85 a round for top nutria hides and $6.75 for muskrats for a total sale of around $45,000, which represented a 10 day trapping period.

Dupont said this is running about 20 percent below last year, which is not as bad as Vermillion parish, which ran 60 percent below last years catch.

Dupont said that many trappers who have been trapping all their lives are getting out of the business because they are not making enough to stay in.

However, there are many who averaged between $25,000 and $30,000 during the season.

Parish youth shine at state

Cameron parish 4-H and FFA youngsters did well at the 1982 LSU Junior Livestock Show held recently.

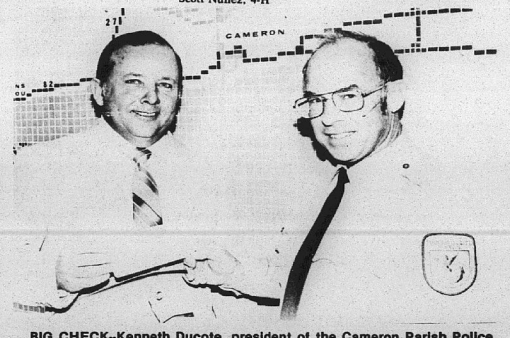
Clint Hewitt, 11, son of Mr. and Mrs. Robert Hewitt of Hackberry, exhibited the grand champion Louisiana-bred hog. The 250-pound animal was purchased by Schwegmann's of New Orleans and State Commissioner of Agriculture Bob Odom for $1,500 or $6 a pound. Clint is a Hackberry high school 4-H member.

Other Cameron parish youngsters who exhibited champion or reserve champion animals at the show were:

Champion Angus Bull: Scott Nunez, 4-H

Champion any-other-breed bull: Steven Boudreaux, 4-H, Limousin.

Reserve Champion any-other-breed bull: Scott Nune, 4-H, Beefmaster.



Champion any-other-breed female: Allyson Richard, 4-H, Limousin.

Reserve Champion Brahman female: Stephen Canik, FFA.

Retreat set

St. Mary of the Lake Catholic Church will have a high school youth retreat Sunday, March 14, from 1 to 5:30 p.m. in St. Mary's Church.

A group from Jennings will conduct the retreat.

BIG CHECK--Kenneth Ducote, president of the Cameron Parish Police Jury, is shown receiving a $116,307 check from John Walther, manager of the Sabine National Wildlife Refuge. The funds are being paid to Cameron parish in lieu of taxes on the Sabine and Laccasine National Wildlife Refuges, which cover a larger area of Cameron parish. The federal government does not pay regular parish taxes. The school board will receive half of the funds.

94TH BIRTHDAY

Dolza Dupuis, who lives on Gulf Highway, south of Lake Charles, and formerly of Grand Chenier, celebrated his 94th birthday Sunday at his home with friends and relatives.

He is a retired farmer and trapper. He still mows his own yard, walks without a walking cane, drives his own car and visits with friends and relatives. A niece, Virgie, lives with him.

Mr. Dupuis has one daughter, Mary Logan, who lives in Las Vegas. She recently spent a month with them.

SPRING NEWS

Spring is only two weeks away, and many signs of spring have been seen around. But the cold front which moved in last Saturday really brought in some chilly weather. This past Monday morning the temperature was down to 36 degrees with light frost seen.

Saturday many folks saw hail along with the rain. Some were the size of golf balls.

HOSPITAL NEWS

Brandon Carter of Grand Chenier, was taken to St. Patrick's hospital Fri. where he underwent surgery. He is in the intensive care unit.

Eulice Kershaw, who spent some time in Memorial Hospital, was transferred to South Cameron Memorial hospital Saturday. He is doing better.

Adam Swire of Grand Chenier entered Abbeville hospital Monday morning where he will undergo eye surgery.

VISITORS

Mr. and Mrs. Watkin Miller and Dinah Billings and daughter of Cameron spent last Tuesday with Mrs. Azomie LeBouef in Sulphur.

Spending some time with Mr. and Mrs. Cecile Bates in Orange, Texas is Mrs. Bate's sister, Mrs. Corrine Canik of Grand Chenier.

Karren Sue Belanger of Lake Charles visited with Mr. and Mrs. Edwin Mhire and Bo during the weekend.

The Walter Dupuis and Walter Keith Dupuis family of Lake Charles spent some time in Grand Chenier during the weekend.

Sarah Waldrop of Lake Charles is spending some time with Sono Crain while his wife Ella Mae Crain is visiting her relatives in Sulphur.

RED RICE

"Control red rice this year —without carryover into rice next year."
Bob Smith for Lasso® herbicide.

So you thought red rice was a problem? What can hurt even worse is applying a herbicide in your soybeans that carries over into next year's rice crop.

So why not choose the herbicide that gives you effective red rice control with good crop safety too. The one more farmers choose for their corn and soybeans than any other herbicide.

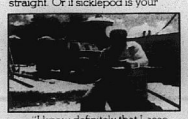
Lasso® herbicide from Monsanto.

Superior crop safety.

Lasso controls many tough grasses and certain broadleaves at recommended labeled rates. Plus you get excellent crop safety. So why suffer from the shortcomings of other herbicides that don't give you precise control?

The kind of control you get from Lasso is effective against annual grasses like brachiaria and many hard-to-control weeds like pigweed.

Precise control means Lasso combines top crop tolerance with pre-emergent effectiveness. After application, Lasso still works hard to knock out emerging weeds.



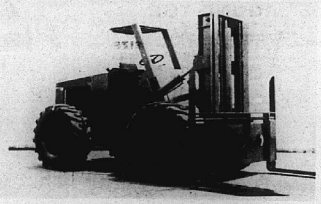
Lasso gives you more options for more weed and grass control.

When you're faced with a tough teaweed* problem, use Lasso straight. Or if sicklepod is your problem, just tank mix Lasso with Sencor** or Lexone***. You'll not only get broad-spectrum results, but the proven crop safety of Lasso as well.

Ask your herbicide dealer how Lasso can best solve your problems.

Believe us, with Lasso, it's no problem.

Always read and follow the label directions for Lasso.



"I know definitely that Lasso does work on red rice. And I can prove it." —Lloyd Bruchhaus 3,000 acres

CO-CHAIRMEN of the Cameron Cowbelles Beef Month, Mrs. Mayola Wicke and Mrs. Wayne Montie, display one of the posters they will put up throughout the parish this month.

Beef Cookoff to be held by Cowbelles

Mrs. Sherie Doland, Grand Chenier, has been named "Beef Cook-Off" chairman of the Cameron Parish Cowbelles annual event to be held May 8 at South Cameron High School cafeteria.

Mrs. Doland announced that the following rules will apply and welcomes entries:

Everyone is eligible to enter his or her favorite dish except the following: members of Cowbelles, employees of the Beef Industry Council, National Live Stock and Meat Board, State Beef Councils and their immediate families, and any person who has owned beef cattle (or whose immediate family, husband, wife or children, has owned beef cattle) in the 12 months preceding Oct. 1, 1982.

Any recipe using the following in any form may be entered in the Cook-Off contest: Beef Chuck, Round, Rump, Fresh Brisket, Plate Shank and Ground Beef.

The dish must contain a minimum of two pounds of beef and not more than five pounds of beef. The meat must be exclusively beef.

Total cooking time is not to exceed four hours and does not include preliminary preparation such as marinating time. Garnishes on the dish are permissible and, when used, should be included in the recipe.

Accessories such as placemats, flowers, figurines, etc. are not allowed.

The beef dish must be prepared according to the recipe submitted.

The recipe must be specific, with no use of brand names, and must state the number of servings and approximate preparation time.

The dish will be judged on taste, ease of preparation and practicality, originality and appearance.

Three prizes will be awarded for 1st through 3rd place and the winner will represent the parish in the State "Beef Cook-Off" at Mc Neese State University on June 8.

Anyone desiring more information may contact Mrs. Doland.

Cowbelles make plans for events

Mrs. Mayola Wicke and Mrs. Wayne Montie, co-chairman of the Cameron Cowbelle's "National Beef Month" campaign displayed the posters they will be putting up in area businesses at the monthly meeting of the Cowbelles held Wednesday night at the K. C. Hall.

They also will be passing out various recipe books that contain recipes using beef during March.

Mrs. May Ann Hebert, club president was in charge of the meeting and appointed Mrs. Sherie Doland as the parish "Beef Cook-off" chairman. The event will be held Saturday, May 8 at South Cameron high school.

She also announced that Mrs. Linda Canik has been appointed State Beef Cookoff chairman. This event will be held at McNeese State University on June 8.

Mrs. Earline Baccigalopi was appointed the chairman of "Ag Day" which will be held on March 18. Mrs. Baccigalopi will put up posters in all the schools and provide them with place mats to be used in the cafeterias.

Mrs. Hebert appointed Mrs. Verde LeBouef to serve as club parliamentarian.

Mrs. Hilda Crain, who heads the Cameron Parish Cattlemen Queen" contest announced that the contest will be held during the Cameron Cattlemen barbeque in the late spring.

THOUSANDS OF PEOPLE IN SOUTHWEST LOUISIANA HAVE FEATHERED THEIR RETIREMENT NESTS WITH TAX-EXEMPT DOLLARS.

HAVE YOU?

If you work for a living, now is the perfect time to plan for your retirement. Because now one of the best investment opportunities in years is available: the Calcasieu Marine IRA Savings Account.

YOU CAN RETIRE A MILLIONAIRE

Any wage earner including those covered by pension and profit-sharing plans, can open an IRA account for as little as $35. Deposit up to $2,000 a year into the account. $2250 in two separate accounts if you want to include a non-working spouse. $4,000 if you both work.

You aren't obligated to contribute every year, and can deposit as little as $10. But it pays to contribute the maximum, because whatever you contribute is sheltered from taxes until you retire. Without that annual tax bite, your principal and interest pyramid dramatically.

For example: If you're 25 now and continue depositing $2,000 a year into your IRA at 11%* interest, you'll have $1,446,493.50 at age 65 ... that's over $1,400,000!

*For illustration only and may not reflect actual rates.

YOU CAN GET A TAX BREAK

The Calcasieu Marine IRA Account is the retirement plan that pays dividends even while you're working. The amount you deposit into your IRA is deductible from your gross income. And you don't have to pay taxes on any interest earned on the account. So you'll pay less taxes in 1982, and every year you contribute. Your contribution may even drop you into a lower tax bracket.

And you won't pay taxes on the money accumulating in your IRA until you actually withdraw, which you can do anytime on or after age 59½. By that time you'll probably be in a lower tax bracket.

YOU CAN HAVE A CHOICE

Most banks offer you an IRA. But the Calcasieu Marine makes it better by offering two types. The Calcasieu Marine will pay you interest on your IRA Savings Account at a rate equal to the previous 4 week Average Yield Rate of the 90-day Treasury Bills. This rate will change monthly, as the average changes. Therefore, you will be paid a true variable rate on your savings, one that will reflect the money market conditions at the time. The interest will compound monthly. The current rate being paid is **14.48%**.

Or you can choose a fixed-rate IRA that provides security for the full term of your investment.

Both plans are FDIC insured and are designed to help you to retire independently wealthy.

EARLY WITHDRAWAL PENALTIES

The law provides for the following penalties for early withdrawal of Individual Retirement Account funds:

1. Immediate income tax liability at ordinary income rates on all funds withdrawn.

2. A tax penalty equal to 10% of the amount withdrawn.

3. If the funds are withdrawn prior to the maturity of the account or the certificate there will be a penalty of an amount equal to 6 months interest on the funds withdrawn.

Before you decide on any retirement plan, get all the facts. You can get them by stopping into a Calcasieu Marine location.

We can show why everyone who works should consider retiring this year.

REBEKAH DUCOTE is the "patient" and Kasey Welch, Catrina Navarre and Sue Portie are the "doctors and nurses" at this visit of the Hackberry first graders to Memorial Hospital in Lake Charles.

MRS. GENEVA CONNER, right, receives a Past President award from Field Representative, Mrs. Laura Cheramie. Mrs. Conner has been president of the Woodmen of the World Ladies Court for the past two years.

First graders pay visit to hospital

The first graders of Hackbery High School recently visited Memorial Hospital in Lake Charles. The purpose of the visit was to familiarize the children with hospital treatment and relieve their apprehensions concerning possible future hospital visits.

Thirty-seven students participated in the tour in addition to their teachers, Ruth Billedeaux and Linda McKinney, counselor Lorene Tanner and mothers Gwen Constance, Peggy Simon, Cele Devall, Cathy Devall and Jo Seay.

During the program, several of the students were asked to participate in a skit in which a patient was to have her tonsils removed.

Those students in the skit were Rebekah Ducote (patient), Courtney Devall and Dustin Jinks (patient's mother and father), Kasey Welch, Catrina Navarre, and Sue Portie (doctors and nurses).

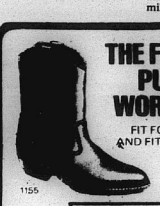
Sun Gas gets three offshore tracts

With a total bid of $27.6 million, the Sun Gas Division of Sun Exploration Company and four partners have won the right to explore for oil and gas on three tracts offered at the Gulf of Mexico Lease Sale 67.

Sun Gas and Anadarko Production Company bid $20.7 million for rights at East Cameron Block 339. Sun will operate the property in which each partner has a 50-percent interest. The block is adjacent to East Cameron 338, where Sun Gas is currently producing oil and gas from two production platforms.

CNG Producing Company and Sun Gas bid $4.69 million for rights at South Timbalier Block 69, about 40 miles southwest of Golden Meadow, La. Sun Gas has a one-third interest in the tract to be operated by CNG.

West Cameron Block 623, about 140 miles south of Cameron, is the third offshore Louisiana tract won by Sun Gas and its partners. A bid of $2.117 million was accepted from Sun Gas (33 percent interest), CNG (33 percent interest), Wilshire Oil Company of Texas and Denison Mies (U.S.) Inc. (each with a 17 percent interest). CNG will operate the property.



Lease Sale 67, Feb. 9 in New Orleans, drew 290 bids on 137 of the 234 tracts offered, for a total bid of $4.9 billion.

Sun Gas, a division of Sun Exploration and Production Company, is one of the nation's leading suppliers of natural gas and natural gas liquids.

Jail funds excluded from Treen budget

Gov. Dave Treen has included $1,062,000 for water control work at the Rockefeller Refuge in his capital outlay budget, however other Cameron parish items were deleted from the budget.

One rejected item was $3 million in bond funds for the new Cameron Parish jail.

Also rejected was $7 million requested by the Cameron Parish police jury but some of these items may be funded from other sources than capital outlay spending.

Nearly everyone has heard about "squirreling away"—conservation for times of greatest need. And, of course, it comes from the squirrel, one of nature's smartest creatures, who methodically stores food for the winter.
So, too, at United Gas we annually have been squirreling away a different kind of vital necessity. During the warm season, when the demand is lower, we inject billions of cubic feet of natural gas into the porous limestone of storage formations. Here it is held safely until the winter demand goes up.
It's another way United Gas' foresight and investments of millions of dollars have helped keep the gas flowing during critical times. The lesson comes from nature, but our commitment to Gulf South energy puts it into practice.

SHOWN AT the Cameron Lions Club meeting last week were, from left: Ed Kelley, program chairman; Jim Beam, Lake Charles American Press editor, who was the guest speaker; and Larry Wainwright, club president.

DR. LESLEY WARSHAW, left, is shown briefing Dr. C. W. Clark and Dr. Richard Sanders on the new $113,680 x-ray unit adapted with an image intensifier and T.V. which has been installed at the South Cameron Memorial Hospital with part of the $676,000 FCIP funds obtained for the hospital by the Cameron parish police jury. The unit which permits flouroscopic examinations to be done in the light vastly improves the diagnostic capabilities of the hospital. K. H. Hooper, administrator, said an open house will be announced later.

Editor is speaker at Lions meeting

BY GENEVA GRIFFITH

Jim Beam, Editor of the Lake Charles American Press was the guest speaker at the weekly noon meeting of the Cameron Lions club last week.

He was introduced by Ed Kelly, program chairman, who said that his ancestors were from here and he spent much of his early years in Cameron Parish.

Beam spoke on the newspaper business and pointed out that newspapers have survived radio and television as media, even though many people thought that the newspapers would not survive as each new media came into being.

He pointed out that newspapers cannot live without the readers and welcome comments from them.

The newspapers take great pains to give out the correct information in the papers and do not necessarily print sensational stories to sell the papers.

He said that the paper gives its opinion through editorials and that readers can give theirs through the "Letters to the Editor."

He gave the following criteria by which a newspaper can be judged: 1: tell you the news; 2: tell you what the political system is doing, such as rating public officials; 3: safeguard people's personal liberties; 4: entertain people, such as the comics, crossword puzzles, sports, and advertising; 5: sell things (without advertising, the newspapers would lose about 75 percent of the costs to run the papers).

He stated "We feel like it's our responsibility to give out opinion and get the comments from the people and welcome their comments."

He closed his talk with a quotation from an 1861 edition of the New York Times which he said he has hanging over his desk in his office, "It's a newspaper's duty to print the news."

Larry Wainwright, club president was in charge of the business meeting and reported that the club had received a certificate from the Louisiana Lions Foundation of the club's 100 percent participation in programs.

NEW OFFICERS of the Chenier Showcase Theatre are, from left: Ching Conner, Geneva Griffith, Coral Perry, Rev. Bob Peterson, Cyndi Sellers, Marianna Tanner and Betty Peterson.

Theatre group elects here

Cyndi Sellers was named chairman of the Chenier Showcase Theatre at a board of directors meeting Thurs. night.

Other officers named are: Betty Peterson, secretary; Ching Conner, financial director; Rev. Bob Peterson, membership director; Marianna Tanner, program director; Geneva Griffith, publicity director; and Coral Perry, play selection director.

Plans were made for a dinner theatre in June; a play in the fall and another later in the year.

Home Ec Assoc. has district meeting

The Louisiana Home Economics Association, Southwest District meeting was held at the "Lettuce Patch" in the Downtown Mall of Lake Charles, Saturday, Feb. 27. Mrs. Vickie Parker, Hackberry High School Home Economics Teacher, and Mrs. Renee Kinney, Hackberry Student Teacher of Home Economics were in attendance.

This professional meeting focused attention on "Teenage Parenting." Mrs. Barbara Marsh from the March of Dimes and Father Sam Jacobs of Lake Charles were guest speakers.

Some of the statistics discussed were: 1) One million teenagers become pregnant each year in the United States.

2) Nine out of ten teenage mothers who give birth keep their babies.

3) Pregnancy is the most common reason for teenage girls dropping out of school.

4) Although teenage pregnancy is high-risk by definition, nearly half receive no prenatal care in their first trimester.

5) Death rates for babies born to mothers under 18 are nearly twice that for babies born to mothers aged 20-29.

6) Between 1967 and 1977, the rate of out-of-wedlock births to mothers under 18 has doubled.

7) Three out of five pregnant teenage brides separate or divorce within six years after marriage.

8) The number of teenage abortions has risen 65 percent since 1973. One third of all abortions in this country are for teenagers.

9) Nearly two-thirds of all teenage pregnancies are unintentional.

Mrs. Teila Rockett, Home Economics Teacher at Barbe High School, was named Teacher of the Year for Southwest District with more than 12 years of experience.

Martha Hebert, Kindergarten Teacher at Breaux Bridge Primary School received Teacher of the Year with less than 12 years experience from The Southwest District LHEA.

He also reported that the Cameron Council on Aging will hold their "Health Fair" during the week of April 10 - 14 and that the Glaucoma Unit will be at the Fire Station in Cameron on April 12.

WESTERN DISTRICT OF LOUISIANA
LAKE CHARLES DIVISION
UNITED STATES OF AMERICA
VERSUS
2.27 ACRES OF LAND, MORE LESS, SITUATE IN CAMERON PARISH, STATE OF LOUISIANA, AND LINNIE LACY, ET AL, AND UNKNOWN OWNERS
CIVIL ACTION NO. 811898
TRACT: 147E-7
NOTICE OF CONDEMNATION

TO: The following unserved purported owners of Tract 147E 7, or their unknown heirs, legatees or assigns, if deceased, addresses unknown:

Frances Elender Sallier Lacy, Moise A. Sallier, Evelyn Sallier Dugas, John Avis Dugas, Grace Sallier, William Lacy, Union Texas Natural Gas Corporation, R. M.Hutchins, (Jr.), George G. Sales, Unknown Owners.

You are hereby notified that a Complaint in Condemnation has heretofore been filed in the office of the Clerk of the above named court in an action to condemn the following property.

The authority for the taking of the land, and the public uses for which said land is taken are set forth in Schedule "A" annexed hereto.

The estates taken for said public uses, a general description of the tracts of land being taken, and the estimated just compensation therefor are set forth in Schedule "B" annexed hereto.

You are further notified that if you desire to present any objection or defense to the taking of your property, you are required to serve your answer on the plaintiff's attorney at the address herein designated within 20 days after the date of third publication of this notice.

Your answer shall identify the property in which you claim to have an interest, state the nature and extent of the interest you claim, and state all your objections and defenses to the taking of your property. All defenses and objections not so presented are waived. In case of your failure so to answer the Complaint, Judgment will be rendered that part of the property described in Schedule "B" in which you claim an interest will be rendered.

But without answering, you may serve on the plaintiff's attorney a notice of appearance designating the property in which you claim to be interested. Thereafter you will receive notice of all proceedings affecting it. At the trial of the issue of just compensation, whether or not you have previously appeared or answered, you may present evidence as to the amount of the compensation to be paid for your property, and you may share in the distribution of the award.

The bonds maturing February 1, 1993, and thereafter are subject to redemption at the option of the District on and after February 1, 1992, in whole at any time upon payment of the principal amount thereof, together with the accrued interest to the date of redemption.

Notice of Redemption. At least thirty days' notice of redemption will be given by publication in a newspaper of general circulation published in the Parish of Cameron, and in a financial newspaper or journal published in the City of New York, New York.

Places of Payment. Both principal of and interest on the bonds will be payable at the branch office of Calcasieu-Marine National Bank in Cameron, Louisiana, or at the option of the holder, at the principal office of Cameron State Bank in Cameron, Louisiana.

Payment and Security. The full faith and credit of the District are pledged to the payment of the principal of and interest on the bonds, and the District is authorized and required to impose and collect annually, in excess of all other taxes, a tax on all the property subject to taxation by the District, sufficient in amount to pay the interest and the principal falling due each year on the bonds.

Bidding Details. Each bid must be on the official bid form furnished by the undersigned, enclosed in a sealed envelope marked "Bid for $4,800,000 School Bonds of School District No. Ten of the Parish of Cameron, Louisiana" and must be directed to the undersigned. The bid form will provide the bidder to bid for the bonds under any one or more of the options specified above. With respect to each option bid, bidders shall specify the rate of interest which the bonds of each maturity shall bear, to be expressed in multiples of one-eighth (1/8) or one-twentieth (1/20) of one percent (1%). Bidders are not restricted as to the number of rates that may be named and any rate named may be repeated, but all bonds maturing on the same date must bear interest at the same single rate from their date to such maturity date. No rate named may exceed fifteen per centum (15%) per annum and the difference between the highest and lowest rates named may not exceed two and one-half percent 2 1/2%). Only one coupon will be attached to each bond for each installment of interest thereon, and bids providing for additional or supplemental coupons will be rejected. No proposal will be considered for less than all the bonds or at a price less than par or which specifies the cancellation of coupons or the payment of any premium offered in anything other than cash. In addition to the price bid, the successful bidder must pay accrued interest from the date of the bonds to the date of the full payment of the purchase price. Each bid must be unconditional and must be accompanied by a certified or cashier's check drawn upon a solvent bank or trust company payable to the order of Cameron Parish School Board, in the amount of ninety-six thousand dollars ($96,000); only one such check must be submitted regardless of the number of options bid as specified above. Checks of unsuccessful bidders will be returned promptly after the award of the bonds. The check of the successful bidder will be deposited by the Cameron Parish School Board, the proceeds of which will be credited on the purchase price on the settlement date or in the event the successful bidder fails to accept delivery of and pay for the bonds, retained by such District as liquidated damages. No interest will be allowed upon the amount of such good faith check. The District has received a commitment from the Municipal Bond Insurance Association ("MBIA") for a Municipal Bond Guaranty Insurance Policy guaranteeing payment of interest on and principal of the bonds in accordance with the specific terms of the Policy, the form of which may be obtained from the Municipal Issuers Service Corporation, general manager for MBIA, 34 South Broadway, White Plains, New York 10601. With respect to each option bid as specified above, each bidder shall specify whether its bid is for bonds insured by MBIA as aforesaid and if less than all of such bonds are to be insured, the particular maturities of bonds to be insured or for bonds not so insured. With respect of each option bid if no such specification is made such bid or such option shall be deemed to be for bonds not insured by MBIA. The amount of the premium for such insurance is .666% of the aggregate amount of principal and interest payable on the bonds to be insured, from their date until their respective maturities, rounded to the nearest $100, and shall be paid for by the District.

Award of the Bonds. Prior to the close of business on the day of opening of sealed proposals, the bonds will be awarded to the responsible bidder or bidders offering to purchase the bonds in accordance with any of the three options hereinabove mentioned at such rate or rates of interest as will produce the lowest net interest cost to the District over the life of the bonds, such cost to be determined by deducting the total amount of any premium bid from, and if any bidder specifies that its bid is for bonds insured by MBIA by adding the premium for such insurance (calculated as aforesaid) to, the aggregate amount of interest payable on all of the bonds from their date until their respective maturities. The right is hereby reserved to reject any or all bids or to waive any irregularity or informality in any bid.

CUSIP Numbers. It is anticipated that CUSIP identification numbers will be imprinted on the filing panel of bonds, but neither the failure to print any such number on any bonds nor any inaccuracy, error or omission with respect thereto shall constitute cause for failure or refusal by the successful bidder to accept delivery of and pay for the bonds in accordance with the terms of its bid. No such CUSIP identification number shall constitute a part of the contract evidenced by the particular bond upon which it is imprinted and no liability shall attach to the District or any officer or agent thereof, including any paying agent for the bonds, by reason of such numbers or any use made thereof, including any use thereof made by the District, any such officer or any such agent, or by reason of any inaccuracy, error or omission with respect thereto or in such use. Except for the CUSIP Service Bureau charge for the assignment of such numbers, which shall be the responsibility of an shall be paid by the successful bidder, all expenses in relation to the printing of such numbers on the bonds will be paid by the District.

Delivery of Bonds; Payment. Delivery of the fully executed bonds will be made at the expense of the District, at the option of the successful bidder at either the School Board Office in Cameron, Louisiana, or at any bank or trust company mutually agreeable to the District and the purchaser in New Orleans, Louisiana, on April 26, 1982, or as soon thereafter as possible. The purchase price then due, including the amount of the accrued interest, must be paid by a certified or cashier's check drawn upon a solvent bank or trust company payable to the order of Cameron Parish School Board. Upon delivery of and payment for the bonds the purchaser will also be furnished with the usual closing documents, including a certificate that no litigation is pending or threatened affecting the issuance of the bonds. The purchaser will also be furnished at the expense of the District with the approving legal opinion of Wood & Dawson, New York, New York, bond counsel, as the validity of the bonds, which opinion will be printed upon the bonds.

Offering Circular; Additional Information. Copies of an offering circular regarding the School Improvement Bonds, Series 1982 of School District No. Ten of the Parish of Cameron, Louisiana and copies of the official bid form are available upon application to Mr. George W. White, Fiscal Services, Inc., 535 Gravier Street, 7th Floor, New Orleans, Louisiana 70130, or to the undersigned. Information relating to the District and its affairs, and further information relating to the bonds, will be furnished upon application to the undersigned.

Trophy Fishing:
Florida Big Bass

I'm writing this article on a return trip from Camp Lester right out of Lake Wales, Fla., where we stayed with Leo and Joann Cosce, owners of the camp.

Making the trip was Phillip "Bolo" Trosclair & Edward Stuart guided by Leo Cosce; Gerald Richard and myself, guided by Ken Jordan. We fished Monday thru Friday, fishing Lake Kissimmee and Lake Hatchineka. The two boats brought in 150 bass, which is real good because of the cold weather Monday and Tuesday, hot bright sunshine Wednesday and Thursday and a front with 2½ inches of rain coming in Friday.

Phillip captured the top big bass tipping the scales at 9 lbs., 8 oz., while Gerald weighed in at 7 lbs, 12 ozs. Edward's went 7 lbs., 2 ozs. and I had to settle with a 5 pounder. These fish were caught with our own March King Indigo worms, which we brought with us. These fish are really tough, as when you feel a bump, you had better set the hook fast and hard, and hold on tight as one took the rod right out of my hand.

All the fishermen save a certain number of fish, which are cleaned by Whimpy and Leo and Joann and fried for all the campers.

Fishing Tourney:

The Lemesche Bass Club will have their first tournament of 1982 Sunday, March 14. Names were drawn at the Monday night meeting for partners.

Also Fredman Theriot will have his regular yearly tournament for which you have to register at his place and put up your entry fees. Weigh-in will be at the W. O. W. Hall at 9 a.m. along with the Lemesche Bass Club weigh-in. Club members may enter both tournaments if they wish.

Remember:

Big Burns opens Saturday, March 13. Get your permits and sign them. Also, 25 hp motors only.

Good fishing.

Ground Covers

If ground covers are allowed to grow year after year without being clipped, the foliage degenerates badly and overall appearance is unsightly.

Late winter is the time to clip ground cover plantings.

The two most popular border plants, Liriope and Monkey Grass, and the viming Jasmine, are three ground covers most affected by freezing this winter. Trim the plantings back just before new growth begins using a lawnmower adjusted to its highest cutting setting.

March Weather Outlook

Even though Southern Louisiana received 65 percent less than normal precipitation in February, the March outlook indicates planting activities may be slowed in March by above normal rainfall and below normal temperatures.

Rice Program

The 15 percent acreage reduction program as announced by Secretary Block must be based on the higher of the acreage planted in 1981 or the 1980-81 average planted acres. By complying with the program, a rice farmer will be eligible for the loan rate of about $8.13 c.w.t. and a target price of $10.85 c.w.t. It appears now that rice prices for the 1982-83 rice crop will be below the target price.

Cork stoppers can be sterilized by boiling. If cork rings on coffee maker stops and the like become soiled, rub clean with an emery board.

Cloninger rites held at Creole

Funeral services for Willaim E. Cloninger, 46, were held Friday, March 5, from Sacred Heart Catholic Church at Creole.

Msgr. M. J. Bernard officiated. Burial was in the church cemetery.

Mr. Cloninger died Wed. March 3, in South Cameron Memorial Hospital.

Survivors include his wife, Mrs. Annie Cloninger; one son, William E. Cloninger Jr. of Jefferson, Iowa; two brothers, Otis Cloninger of Hugo, Okla., and Melvin Cloninger of Tulsa, Okla.; two stepbrothers, Willie and Marvin Allison, both of Dallas; one sister, Mrs. Ellen Marie Ayers of Hugo; two stepsisters, Nita Faye and Lawanda Allison, both of Dallas, and his mother, Mrs. Altrice Boldt of Hugo.

Boosters to meet Tuesday

The South Cameron High School Band Boosters will hold their next meeting Tuesday, March 16, in the band room. Final plans for the trip to Florida will be discussed.

Letter to the Editor

Dear Editor:

May I enlighten you to an incident that happens on our roads and highways everyday. Imagine your son or daughter being injured. The ambulance comes and seconds are ticking away. You know that if medical treatment isn't given immediately it could be fatal.

You get behind vehicles that are blocking the path to his or her only hope to life. Would you want to let his or her chances be threatened by a line of traffic? No?

Then not only should you be courteous but by law you are to pull off the road and give right-of-way to an emergency vehicle.

Think about it, save a life, pull over. It may be one of your own family.

Awards given by KCs, Daughters

By Geneva Griffith

Ray Hendrix and Mrs. Lauramae Miller were names Knight and Daughter of the Year at the 23rd Annual Knight and Daughter of the Year award banquet Saturday night at the KC Hall in Creole by the J. P. Boudoin Sr., KC Council and the Mary Olive CDA Court.

John M. Theriot, last year's winner, presented the Knight of the year award to Hendrix, and the Catholic Daughter award was presented by Lucia Bonsall.

Alvin Ray Mudd was names Sportsman of the Year" and was presented with the award by last year's winner, Jerome Rutherford.

A new award was made this year to two outstanding Catholic youths, Michelle Boudoin and Kevin Savoie

Honorary life memberships were presented to Telesmar "Blanc" Bonsall, Brown LeBouef and Wilson Montie by Richard Dahlen, Grand Knight.

John Driscoll presented a plaque to Msgr. M. J. Bernard who has served both the court and council as chaplain for 10 years. Mrs. Linda Dahlen, CDA Regent, presented a special award to Myrna Conner for church and civic work.

Mrs. Brenda Boudreaux presented special awards to the charter members of the court who were present, Winnie Montie, Teen Wickie, Wayne Montie and Mayola Wicke.

Mrs. Cora Hendrix was presented with a merit award and perfect attendance awards were presented to Mdms. Bernice Bertrand, Brenda Boudreaux, Esther Quinn, Cora Hendrix, Laura-Mae Miller, Mary Jane Guidry, Mayola Wicke and Myrna Conner.

Richard Dahlen introduced the public officials in attendance, special guests and K. C. officers and Linda Dahlen introduced C. D. A. officers and guests.

Mrs. Dahlen introduced Mrs. Eunice Ryals, from Baton Rouge, the State CDA Deputy, who told of plans for the state organization to monitor cablevision and push for adoption of measures to rid the cablevision programming of sex and pornography.

Cliff Conner, District Deputy KC, introduced the Past State Deoputy Robert Gremillion, from Baton Rouge, who was the main speaker.

Gremillion reminded the knights that this year is the 100th anniversary of the organization and gave a brief history of the origin.

The Knights of Columbus was founded in New Haven, Connecticut March 29, 1881 and now has a membership of 1,400,000 of which 28,000 are in Louisiana.

John Driscoll served as master of ceremonies and announced that two members of the local KC Council, both deceased, have been inducted into the Kc Hall of Fame, J. P. Boudoin, Sr. and Dalton Richard.

The invocation and benediction were given by Msgr. Bernard.

RECEIVING AWARDS at the KC-CDA banquet in Creole Saturday night were Alvin Ray Mudd, Sportsman of the Year, and Myrna Conner, a pin from the Catholic Daughters.

Contract let to remove asbestos

The Cameron parish school board accepted a $93,024 bid from Jim Hicks Construction Co. Monday to completely remove the insulated ceiling in the Grand Lake high school gym because it contains asbestos, it is considered a health hazard. A new insulated ceiling will be installed in the contract.

The board had received a letter last week from state health authorities advising that the gym should remain closed until corrective measures were taken.

Board Architect Sonny Hackett said that up until 1978, asbestos had been considered the ideal fire-proofing and insulating material and that probably every school in the nation had asbestos in it.

However, since it has been established that asbestos dust can cause cancer of the lungs, federal and state health officials have advised that the material be removed or covered up when it starts deteriorating and giving off dust.

The problem at the Grand Lake gym was that balls were hitting the ceiling and sides of the gym during play and some of the material was starting to come down.

The board offered contractors four different options on the gym work: two to seal over the asbestos with different types of materials; a third option, the one accepted, to remove the asbestos and install a wood fiber type of insulation; and the fourth to enclose the asbestos with sheetrock and acoustical tile.

The board decided to accept the alternate bid calling for the complete removal of the asbestos "so we get rid of it once and for all." Had it decided to take one of the sealing over options, it could have done the work for $47,013 low bid submitted by Dyson Lumber Co. (Jim Hicks had a bid of $56,629 on this option.)

Although the board had taken bids on similar work in the Grand Lake band room, it was decided not to do anything on that room at this time since there is no problem with the asbestos causing dust in that room.

Permit given for levee

The Gulf Coast Soil and Water Conservation District announced that a Corps of Engineers permit has been obtained by the Drainage District No. 3 and 4 in Cameron Parish for the construction of the levee along the Calcasieu Lake for the Cameron-Creole Watershed project.

Meeting set for fishermen

An important meeting for area fishermen, shrimpers, and marine interests has been set for Friday, March 26 at 1 p.m. in the Police Jury Annex, according to Paul Coreil.

Coreil said that Cameron Parish has been selected by the Department of Natural Resources for an important project, the buying of the 14 most dangerous "hangs" off the coast from Cameron Parish.

The project will not cost the parish anything since it is being paid for from the Fisherman Gear Compensation Fund.

Coreil said it is very important that people with marine interests be present so the 14 hangs can be selected.

He also said Cameron parish is lucky to be selected for this pilot program.

Three charged with vandalism

Three students at South Cameron high school have been charged with the vandalism at the school over last weekend that resulted in damages rising into the thousands of dollars.

Cameron Parish Chief Deputy Cliff Cabell said the three youths--two 14-year-old boys and one 16-year-old boy--were taken into custody Tuesday afternoon and charges are now being prepared to present to Judge Ward Fontenot's juvenile section of the district court.

Since all three are Juveniles their names cannot be released and they will be tried in juvenile court. Charges of criminal damage to properties and possibly theft are expected to be filed.

Chief Cabell said that certain evidence at the scene, plus the fact that the boys were missing from school, led deputies to the three youths.

Damages to the school were so extensive that school and law officials speculated that it may have taken both Friday and Saturday nights to accomplish.

Four or five windows were broken and a number of inside doors were damaged by being pried open.

All of the food in the home economics department and agriculture depts. such as coffee, eggs, sugar and meat was poured over floors, books, files, etc.

In the cafeteria milk and bread was thrown on the floor.

Copy machines and typewriters were damaged as well as sewing machines.

The teachers lounge was said to be "a complete mess." Couches were ripped.

A number of thefts were uncovered including change, lenses from cameras, microphones, etc.

The school was in such bad condition that no school was held Monday.

Principal Frank Brocato said that "just about every room" in the school was vandalized. Fortunately none of the school's student records were destroyed.

Bishop to dedicate center

Rev. E. J. Brunnert, pastor of St. Peter the Apostle Church of Hackberry and missions of Holy Trinity of Holly Beach and Our Lady of Assumption Church of Johnson Bayou, announce the blessing of the spiritual renewal center on Wednesday March 24.

Bishop Jude Spreyrer, Bishop of the Lake Charles Diocese, will be present to celebrate mass at 7 p.m. The blessing ceremonies will take place in the renewal center immediately following the mass.

Parishoners and friends of St. Peter the Apostle, Holy Trinity and Our Lady of Assumption are invited to this celebration. Refreshments will be served.

Open house will be held at the renewal center Sunday, March 28 from 1 to 3 p.m. Clergy and people of the community are cordially invited to visit the center. Also to enjoy fellowship and refreshments.

DU sponsors to be feted

A steak supper, sponsored by the Cameron parish chapter of Ducks Unlimited, will be held for the D.U. Sponsors Saturday, March 20, at the KC hall.

The social hour starts at 6:30, followed by the banquet at 7:30 p.m.

School bonds sold

The Cameron Parish School sold $4,800,000 worth of School District 10 bonds Monday at an interest rate of 11.7121 percent, a savings of nearly $5 million in interest cost over the bid that the board rejected a month ago as being too high.

Shearson/American Express, a syndicate of a number of financial firms, was the only bidder on the bonds. The syndicate had submitted the only bid a month ago when its bid was 14.111 percent.

The board was able to secure a more favorable bid by offering three different options involving bond maturity dates.

Option No. 1 called for the bonds to be paid off over a period of 20 years, the same period as in the February bidding. The syndicate bid 13.1441 percent interest on this option, a drop of nearly one percent from last month. Interest cost was set at $8,649,000.

Option No. 2 would have most of the bonds maturing within a 15 year period. The bond buyers bid 12.5532 percent or an interest cost of $6,612,000 on this option.

Option No. 3, the one which the board accepted, has most of the bonds maturing over a 10 year period with a bid of 11.7121 percent and an interest cost of $3,610,000.

The school board was told that School District 10 has $94,000 in old bonds maturing during 1982 and 1983 and that a millage of 25 mills will be required to retire both the old and new bonds for the next two years. However, after that the millage will drop.

New assessment figures are expected to further decrease tax millages, the board was told, and homestead exemption will cause a large portion of the tax to be paid by oil companies and non residents.

Board members agreed that probably no lower bid could be gotten by readvertisement but Arnold Jones said he was disturbed that there was only one bidder this time and last month.

A representative of the bond buyers said that because of the condition of the bond market it was not feasible for many firms to bid on the bonds.

School Board Architect Sonny Hackett told the board that selling the bonds at this time probably would be beneficial since with so little construction going on in the area favorable bids on the construction work should be received from a number of contractors.

The $4.8 million will be spent on improvements and repairs at the Cameron, South Cameron and Grand Chenier elementary schools and South Cameron high school.

Knights honored

A feature of the Diamond Jubilee celebration of the Knights of Columbus held Sunday, March 7, in lake Charles, was the announcement of a Columbian Hall of Fame for the Diocese of Lake Charles, with 34 charter members.

Each of the 22 Knights of Columbus councils in the diocese was allowed to select one of its members to be enrolled a the Hall of Fame, plus one additional member for each 25 years of the council's existence.

Selections were announced by the Grand Knights of the diocese at Calcasieu Council 1207's Diamond Jubilee banquet at the Lake Charles Civic Center.

Mark Richard, deceased, was selected by the Cameron KC Council 5461 for the honor.

Creole Council 3014 selected J. P. Boudoin Sr. and Dalton Richard, both deceased, for the honor.

Supper set

The Ladies Auxiliary of Doxey-Vincent V.F.W. Post No. 10019 will sponsor the supper for the Over-60 Club of Cameron Parish Sunday, March 21, at 5 p.m. at the V.F.W. Hall.

All members of the group are invited to attend.

Historical meeting set

A reorganizational meeting of the Cameron Parish Historical Society will be held Tuesday, March 23, at 7 p.m. in the Police Jury Annex.

The purpose of the organization will be the preservation of history in Cameron parish and plans will be made for setting up a permanent museum in the parish.

Everyone interested in joining is asked to be present for the meeting.

Mrs. Steed honored by Masonic Lodge

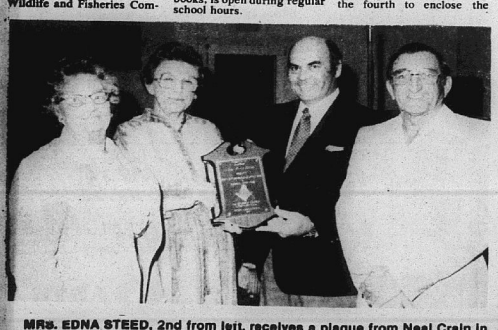
A family night supper was held by the Cameron Masonic Lodge Tuesday night with members of the Lake Charles Scottish Rite Masons from Lake Charles as special guests.

Mrs. Edna Steed was presented with a plaque of appreciation by Neal Crain, on behalf of the local lodge, for the help she has given to the lodge.

After the meal, which was a goose gumbo prepared by Ernest Taber, a film on Scottish Rite Masonry was shown by Julius Poole, a member of the Lake Charles unit.

Bob House introduced Jesse Knowles, both members of the Lake Charles unit, and Knowles, who is also chairman of the State Wildlife and Fisheries Commission, spoke on the work of the Commission and of its importance to Cameron Parish.

He also invited the local Masons who are members of the Blue Lodge to join the Scottish Rites.



Bill Nagem explained the various degrees that are available in the Scottish Rite.

He also announced that Neal Crain had recently been made a Knight Commander in the Scottish Rite Court of Honor.

Book fair

Cameron Elementary School will hold a Book Fair March 22 - 26 in the school library.

The fair, which offers a wide variety of children's books, is open during regular school hours.

MRs. EDNA STEED, 2nd from left, receives a plaque from Neal Crain in appreciation for her aid to the Cameron Masonic Lodge, while Mr. and Mrs. Buster Rogers look on.

Mosquitoes bad in past year

By DON MENARD
Director, Cameron Parish Mosquito Control Unit

This past year was a mosquito control worker's nightmare. Throughout the Gulf Coast, mosquito populations reached all time highs. In Cameron Parish we broke all records on the amounts hatched off, number of ground and aerial spray treatments, number of acres treated and amount of chemical and money spent for the treatments.

We sprayed 2658 gallons of Dibrom in the two Mosquito Control airplanes alone, which was about 30 percent more than any other year on record.

With summer rapidly approaching and temperatures much above normal for this time of year, mosquito populations are already beginning to increase dramatically. At present, several areas are scheduled to be sprayed aerially, and nearly all of the parish is due to be treated with the spray trucks.

Most of the mosquitoes are hatching off from larvae which have been in the marshes for several weeks, but couldn't complete their life cycle due to the cold weather.

Our mosquito surveillance operations have been in effect for several weeks now. All of our inspectors are out checking the parish daily, and spraying is being done as needed, although we are somewhat behind on aerial spraying due to the weather. High winds and foggy or hazy evenings have prevented us from getting any aerial treatments out. When conditions improve, those areas will be treated.

The District welcomes calls from the public and will do its best to spray each area as soon as possible after mosquitoes invade an area.

With the April 3 tax renewal only about two weeks away, please remind your friends and relatives to go out and vote for the tax renewal.

The hottest news this past week was the Big Burns opening, but fishing was hard, as the water is low and the wind strong. Lots of fishermen were trying their luck and there were some nice bass caught.

I lucked up Saturday with a 6 lb., 21½ inch long with a 16½ girth. Other anglers catching nice fish were Poo Landry, Kirk Landry, Ray George, Anthony Nunez.

FREDMAN'S TOURNEY

Fredmans Liquor Store had their annual tournament this past weekend with Carroll "Sugar Boy" Miller taking first place with the largest stringer of 28.4 lbs., 10 fish. His partner was Buddy Skidmore.

Taking first place with the largest bass was Gerald Richard with a 5.2 lb. bass. Second place stringer was Rudy McEvers with 23.8 lbs. Second largest bass was Eddie Conner with 4.14 lbs.

LEMESCHE TOURNEY

The Lemesche Bass Club had their first tournament of 1982 and the results went like this:

Largest Stringers: Rudy McEvers, 23.8; Phillip Trosclair, 23.6; Gerald Richard, 23.0; Eddie Conner, 22.20; Rod Richard, 19.8; Jimmy Trahan, 16.8; Ricky Canik, 16.8; Ronnie Picou, 16.4; Carl Broussard, 15.8; Tony Johnson, 12.8; Tony Ladeno, 12; Barry Richard, 10; Loston McEvers, 9; Mario Miller, 6.4; Ernest Richard, 6.2; Leslie Griffith, 4.6; Mike King, 1.6.

Largest Bass: Gerald Richard, 5.2; Eddie Conner, 4.14; Ronnie Conner, 4.10; Leslie Griffith, 4.6; Jimmy Trahan, 4.4.

Largest Stringer Team: Carl Broussard and Eddie Conner, 38.2; Tony Ladeno and Gerald Richard, 35; Ricky Canik and Jimmy Trahan, 33; Loston McEvers and Rod Richard, 28.8; Leslie Griffith and Rudy McEvers, 27.14; Phillip Trosclair and Mike King, 24.12; Ernest Richard and Ronnie Picou, 24.6.

FISHING REPORT

Fishing was good out of Gary's Landing at Lowery this past weekend, with some bass strings in the 40 lbs., 15 fish. Also some nice white perch and catfish caught.

MERMENTAU RIVER GRAND CHENIER

John Richard called me Wednesday and they were catching come nice red fish on the river in front of his place. Some in the 7 lb. class.

Good fishing times for this weekend:

Saturday - 7 a.m. to 9:30 a.m., 7:25 p.m. to 9:25 p.m.

Sunday - 7:45 a.m. to 9:45 a.m.

Middle row: Dwayne Nunez, Jimmy Dowd, Trey Picou, Kelley Richard, Chris Nash and Damion Mhire.

Back row: Lance McNease, Wes Perry, Coach Carol Wainwright, Steve Pierson and Keith Dyson.

Cameron County. . . . Agent's Report

By Clifford Myers

A.S.C.S. CROP SIGN UP

ASCS has announced sign-up for all acreage reduction programs (corn, grain, sorghum, rice, oats and wheat) is in progress and will continue until April 16. Farmers must sign an intention to participate during their period. However, this does not mean that they must participate, but to be eligible for target price protection and commodity loans they must abide by program provisions.

Even though a farmer does not plan to participate in the acreage reduction programs, he should file an acreage report for wheat and oats by April 15 and for all other crops by July 1.

It is important that they do so because any programs announced for 1983 will be based on acreage planted in 1982. If a farmer decides to participate in future programs, he must have a crop base, and this is the only way he will have one established.

PLANT POISONING

Conditions are right for animals to ingest toxic plants.

Dry leaves from freeze-damaged leander, a common highly toxic ornamental, pose a hazard to animals eating them. As few as 10 to 15 leaves are fatal to cattle and horses.

Other poisonous yard plants include Azaleas, Ligustrum, Chevy Laurel and boxwood.

NEW RICE VARIETY

Scientists at the LSU Rice Experiment Station at Crowley have developed a new high yield rice variety that resists wind damage (lodging) because of its short stem.

Wide areas of long-stemmed rice are often blown flat in fields by strong winds. This condition causes production lower and higher harvesting expenses.

The variety, called leah and designated cl9979, was formally released for the development of seed rice this season.

BEEF CATTLE

Livestock producers during 1982 are going to have lower and more stable costs and generally higher but more volatile prices. Making a profit under these circumstances means doing a better job of marketing.

Simply picking a certai day to haul a load of cattle to the auction will not cut it. Trying to obtain top price also will not do the job. Get the best information possible and try to move cattle as soon as you are assured a reasonable profit.

Parish players are named All-Stars

Players from three Cameron parish schools were named to Class 10-C All District teams recently.

Named to the boys all district team were Craig Vincent and W. C. Beard of Grand Lake; Toby Sandifer and Mark Young, Johnson Bayou; and Bobby Stansel, Hackberry.

Named to the girls all district team were Patty Jinks and Trudy Jinks, Johnson Bayou; and Stephanie Goodrich, Hackberry.

Patty Jinks also was named as co-most valuable player along with Jimmie Dunn of Singer.

Grand Lake troop wins

Grand Lake Boy Scouts from Pack and Troop 160 were awarded the blue ribbon for their performance in the 1982 Scout-o-Rama held this past weekend in Lake Charles.

The Cub Scouts demonstrated what the Cubs and Dads will expect when they attend the annual Cub-Dad weekend later this spring.

The Boy Scouts demonstrated how to be prepared when a hurricane threatens the area. Hurricane information and tracking charts were distributed during the event by the scouts.

Cub Scouts in attendance were Gus Fontenot, Bennie Fontenot, Michael Browne, Walter Businelle, Kevin Benoit, Nolan Picard, Roy Pesson, Shawn Moore, Kevin Breaux, Erik Morgan and Allen Granger.

The Boy Scouts in attendance were Scott Hebert, David Smith, Troy Thomas, Brett Schulz, Kerry Benoit, Mike Daigle, Jason Nunez, Andrew Picard and Richard Faulk.

The Scouts sold a total of 786 tickets with the top sales scout being Scott Hebert with 362 tickets.

The scouts extend special thanks to all the parents who attended to help put on the show.

So you thought red rice was a problem? What can hurt even worse is applying a herbicide in your soybeans that carries over into next year's rice crop.

So why not choose the herbicide that gives you effective red rice control with good crop safety too. The one more farmers choose for their corn and soybeans than any other herbicide.

Lasso® herbicide from Monsanto.

Superior crop safety.

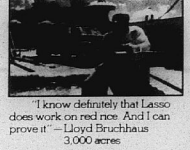
Lasso controls many tough grasses and certain broadleaves at recommended labeled rates. Plus you get excellent crop safety. So why suffer from the shortcomings of other herbicides that don't give you precise control?

The kind of control you get from Lasso is effective against annual grasses like brachiaria and many hard-to-control weeds like pigweed.

Precise control means Lasso combines top crop tolerance with pre-emergent effectiveness. After application, Lasso still works hard to knock out emerging weeds.

Lasso gives you more options for more weed and grass control.

When you're faced with a tough teaweed* problem, use Lasso straight. Or if sicklepod is your problem, just tank mix Lasso with Sencor** or Lexone***. You'll not only get broad-spectrum results but the proven crop safety of Lasso as well.



Ask your herbicide dealer how Lasso can best solve your problems.

Believe us, with Lasso, it's no problem.

Always read and follow the label directions for Lasso.

Anniversary set

Mr. and Mrs. Tan LaBove will celebrate their 50th wedding anniversary, Sun., March 21 from 5 to 7 p.m. at a reception at the District 5 Community Center in Grand Lake.

The event will be hosted by the couple's four children: Norris LaBove, Ina Beard, Dubby LaBove and Debbie Helms, all of Sweetlake. The LaBoves also have 14 grandchildren and three great-grandchildren.

By these means, relatives and friends are invited to attend.

Catholic women to have meeting

The first diocesan conference of the newly-organized Diocesan Council of Catholic Women of the Diocese of Lake Charles has been scheduled for Saturday, March 27, at St. Louis High School in Lake Charles.

The Diocesan Council of Catholic Women is made up of representatives from all of the 35 church parishes of the diocese.

The conference will begin at 9 a.m., and will conclude at 3:30 p.m. Registration will open at 8:30 a.m.

Sister Joanna Valoni, SSND, former provincial of the School Sisters of Notre Dame, and now chancellor of thediocese of lafayette, will be a keynote speaker, addressing the conference on "Progress Challenges Catholic Women in Spiritual Matters."

Representatives of church parishes in Cameron parish who are members of the DCCW board of directors are:

Mrs. Albert Guidry and Mrs. Gladys Ogea, St. Mary of the Lake, Big Lake; Mrs. Grace Boudreaux, St. Peter, Hackberry; Mrs. Emma Ogborn, St. Eugene, Grand Chenier; Mrs. Myrna Conner, Our Lady of the Sea, Cameron.

CHARTER MEMBERS of the Creole Catholic Daughters present at the banquet in Creole Saturday night were presented awards by Brenda Boudreaux, left. They are Teen Wicke, Winnie Montie, Mayola Wicke and Mrs. Wayne Montie.

Sweetlake club sees slides on Belgium

The Sweetlake Extension Homemakers Club met March 8 at 7 p.m. in the Grand Lake Recreation center.

Hostesses were Leora Granger, Petie LaBove, Gloria Sullivan, Delores LaBove and Norma Richard.

Pledge of Allegiance was led by Leora Granger and club collect by Gloria Sullivan.

Teacher Appreciation Day was planned for March 15. It will be the usual covered dish luncheon.

The program began with slides and a report by Don Menard of the Cameron Mosquito Control.

The last half of the program was given by Miss Patricia Quinart, French teacher at Grand Lake. She showed slides on Belgium, her home, and a film strip on Paris.

St. Patrick's Day gifts were exchanged by Sunshine Sisters and refreshments served.

Historians say the word "Yankee," meaning an American, comes from the Dutch word for "pirate," which the settler's in New Amsterdam (now New York) applied to their shrewd New England neighbors.

Johnson Bayou

By Mikki Prescott

The singing group "Gary Smith and Witness" will have a youth hot dog party with the young people of the community at the Baptist Church Wednesday evening from 4 to 6 p.m. All young people of the community are invited.

The dedication of the Spiritual Renewal Center for Our Lake of Assumption Catholic Church will be Wednesday March 24 following mass at 7 p.m. Bishop Jude Spreyrer of the Lake Charles Diocese will be the featured guest.

Refreshments will be served following the dedication ceremonies.

Hank Badon has bought a new trailer and moved in his daddy's yard along with Bettye and Mel May who also put a new trailer in Shirley's yard. Chad Badon bought Leslie Prescott's trailer and moved in on the back road.

The man found dead on the road apparently a hit and run victim, was an employee of Holoco on the Tenneco job site.

Jimmie Billiot left Sunday for Minnesota for a two week school with Mobil Oil. Treva will join him for the second week.

Former residents Tom and Mildred Mudd and Tee and Burnell Nunez were visiting family on the Bayou last week.

The Gary Smith and Witness revival group will be at the Baptist Church for revival March 21-24. Cottage prayer meetings preceeding the revival will be held Thursday, March 11 at Alton Trahan's home; Saturday, March 13 at J. B. Erbelding's home and Monday, March 15 at Harry Erbelding's home. Everyone is welcome to participate. They will all start at 6: 30 p.m.

TRACK WORK

The school track field has really taken on a professional appearance since the starting blocks and bleachers have been added. Couldn't help but notice the other day, if you will pardon a personal observation, as I was driving toward the west close to the school I noticed I was behind our school board member on the highway.

He slowed down for the school zone to the proper speed even though it was not during the school hours with the posted limit. That to me was the best indication of the dedication of the man to the job he could display. And I am sure he was unaware anyone was watching him.

SENIOR LUNCHEONS

Our senior citizens luncheon is slowly getting off the ground and into a fun time for our active "seniors". Mark your calendars for March 22. Special entertainment for the day will be the Gary Smith singing group. Everyone 60 and up are welcome at the Recreation Center 10:30 a.m., lunch around 11:30.

We are all proud of Sid Trahan last month being selected Senior Citizen of the Parish for the month of February.

MOVING AROUND

It happens every spring around Johnson Bayou. People get itchy feet and start moving around. Bobby and Carrie Brown moved their trailer from the front road back to the Griffith trailer park. Greg and Penny Trahan moved their trailer into the spot the Browns vacated.

Hallie Griffith bought a new trailer and moved to the Griffith trailer park. Connie and Robert Trahan have gotten the brick on their new house.

Bettye Griffith has been painting her new garage between rainy spells. Charlotte Jinks got a nice new set of steps built for her trailer.

HOSPITAL NEWS

Nancy Koppie is home from the hospital after several weeks with a sprained back. Roy Jones has been showing some improvement with his therapy in Houston.

Bobbie and Bruce Fox asked to express their appreciation to the Johnson Bayou volunteer Fire Department for their assistance last month with oxygen unit when Bobbie took ill. With special thanks to Larry Jinks and Peggy Reed for going on to the emergency room with them. At times like that you can really appreciate your fire department.

ATTEND SCHOOL

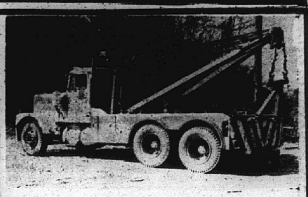
Last month four of our J. B. firemen attended the Search and Rescue in Smoke Filled Buildings - air tank school and got certificates. They were Bruce Fox, Donnell Trahan, Paul Young and Gerald Doucet. This month some of the firemen will start school in Sulphur for recognition and handling of hazardous materials.

NEWCOMERS

One of our newcomers to the community is Flo Seeman, Harry Brown's sister from Arkansas. She is employed at Haloco. With all the new poeple in our community from the construction jobs, be sure to invite them, to the ball games at the Rec, your church activities and the school activities. Make them welcome.

Church group has meeting

The St. Mary of the Lake Catholic Church Parish Council met and some of the items discussed were:



1. Proposal that we establish a nursery and pre-school program for the 10 a.m. Sunday mass.
2. Convert the altar boy room to a cry room.
3. Bishop's live-in visit on April 7.
4. Vocation project - Pilgrim Cross.
5. Alternates to Flowers for Funerals.
6. Evangelization project: Sick hot line and putting up church signs at several different places in parish.
7. Plans for Bazaar on May 30.
8. Plans for Peter Miller's first mass celebration.

CARD OF THANKS

CARD OF THANKS

Thank you dear people of the Creole area who were so kind and helpful at the time of our car accident and death of our dear daughter, Mary Jo on February 22. Our heartfelt thanks goes to each one who helped in any way. Attempting to list at least a few, we say thank you to Dr. Saunders, the nurses, ambulance driver and attendants, the Catholic priest, Pastor and Mrs. Larry Dyson, Mayola Wicke, Tootsie Dozier and her friend Jean from Texas, Mrs. Hoppe, the retired deputy sheriff and those who helped at the accident scene. Words can't express the compassion and warmth shown to us "strangers from Minnesota". We felt cradled with love even at so sad and tragic a time. We also want to express our thanks and appreciation for the Petroleum Helicopter people at Cameron and Lafayette headquarters. Steve Sims cared for us and all our needs so efficiently - with tender, loving care. May our dear Lord bless each of you.

Man killed in hit & run

A pedestrian on Louisiana 82 just west of Holly Beach was struck and killed by a hit and run driver early Friday, according to State Police Troop D.

The victim, Allen R. Lowe, 31, of Lafayette was dead at the scene.

Troopers said the mishap was reported at 2:45 a.m. when a passerby saw the body in the road.

The vehicle that struck the man was apparently westbound, but there were no witnesses. The victim, who was knocked 25 feet from point of impact, may have also been struck a second time by an eastbound vehicle, troopers said.

The death was the third traffic fatality in Cameron Parish this year.

High school rodeo set at Sweetlake

The Bell City Rodeo Boosters have scheduled Thursday through Saturday, March 25 - 27 as the dates for their annual high school qualifying rodeo.

The rodeo will be held at the Ox Yoke Rodeo Arena in Sweetlake. Performances begin at 7:30 nightly and 9 on Saturday.

Admission will be $3 for adults and $2 for children 12 years and under.

Approximately 400 high school students from around the state will be entered in 13 boys and girls events. They will be trying to gather points in each of their events to qualify for the Louisiana State Finals to be held in Sulphur in June.

The National Finals will be held in Douglas, Wyoming in August. Many contestants from Cameron parish are entered.

Revival set at J. Bayou

Gary Smith (above) and the Witness will hold a revival at the Johnson Bayou Baptist Church March 21-24 with services at 6:30 p.m. each evening. Smith mixes old hymns with contemporary Christian music. The public is invited to attend.

Services are being held at church

Youth services are being held every Friday night at 7:30 p.m. at the United Pentecostal Church on School Street in Cameron, according to the Rev. Charles Fontenot, pastor, Mrs. Louis Hoyt, Sr., youth director, and Richard Boykin, assistant director.

Everyone from "four to forty" is invited to attend the services which are for the "young" and "young at heart."

For more information on the services call Mrs. Hoyt at 775-7707 or 775-7215.

Parish deputies are graduated

David A. Dupuie and Tommy Thompson, Cameron parish sheriff department deputies, were among 30 officers from eight area agencies who graduated from the Calcasieu Parish Regional Law Enforcement Training Academy March 12 after receiving over 320 hours instructions in all phases of law enforcement.

Dupuie was named president of the class and he also placed second in the firearms competition.

State law requires that peace officers receive basic training within one year of accepting employment as a police officer and graduates of Calcasieu Academy are certified by the Louisiana Peace Officer Standards and Training Council.

MRS. MARGARET BOUDOIN, member of the Creole Extension Homemakers Club, demonstrates how to prepare the popular Japanese dish, "Sukiyaki", at the club's March meeting.

Court cases have doubled

The annual Judicial Statistical report for 1981 has just been released for Louisiana and it shows that the cases in Cameron's 38th Judicial District court have more than doubled over the last three year period.

7,535 cases were filed in 1981, including 7,036 criminal and 499 civil.

6,088 cases were filed in 1980 and 3,129 in 1979.

A total of 544,340 cases were filed in 1981 in all of the courts in Louisiana.

AT THE MARCH meeting of the Creole Extension Homemakers Club, Don Menard, director of the Cameron Parish Mosquito Control Unit, is shown given a slide presentation on "Cameron Parish Mosquito Control" while club member, Mrs. Willa Dean Morris, looks on.

Grand Chenier

By Elora Montie

We had beautiful spring weather here at the Chenier this past weekend with temperature of 81 degrees. Saturday, March 20, was the first day of spring and many folks were seen fishing and crabbing along highways. Many others who have camps at the beaches were seen going by to make preparations at their summer camps.

Cattlemen have been bush with their first spring roundups.

Mowing machines, tractors and garden tractors have also been busy.

There was a barbecue at the home of Louis Canik Sunday where some seventy-five folks attended. They were celebrating birthdays and also working with the family cattle.

Creole club hears about mosquitoes

When the Creole Extension Homemakers Club held its March meeting in the home of Mrs. Charlotte Bonsall, members saw a slide presentation on mosquito control and a cooking demonstration.

The first was given by Don Menard, director of the Cameron Parish Mosquito Control Unit, and the other by Mrs. Margaret Boudoin, the club's representative on the Council's International committee.

In his presentation, entitled "Cameron Parish Mosquito Contro," Menard first showed aerial photos of areas in Creole, Oak Grove and Chenier Perdue. He next went on to show and to explain the four stages in a mosquito's life, the different ways in which the unit checks for mosquito larvae and where and how mosquitoes breed.

He concluded by giving the different types of biological and chemical control of the pests, pointing out that the unit here uses only the chemical control.

Mrs. Boudoin selected to focus on Japan by preparing a popular Japanese dish "Sukiyaki", which translates as "beef with vegetables."

Following the demonstration, she served the dish for all to sample.

President, Mrs. Estelle Theriot, announced that the club's annual Spring Tour will be planned and set at the April meeting.

In observance of Teachers Appreciation Week, the club will honor teachers at both South Cameron High and Elementary schools with gifts on March 11. In charge of carrying out the honors are Mrs. Mayola Wicke and Mrs. Rose Boudreaux.

Assisting Mrs. Bonsall with hostess duties were Mrs. Earline Baccigalopi and Mrs. Boudoin.

Dixie Youth meeting set

Parents and youngsters are invited to a meeting of the Dixie Youth Baseball program at 7 p.m., Tuesday, March 23 at the Cameron courthouse at which time 13, 14 and 15 year old boys will register to play.

The league is selling household cleaner to raise funds and a supply will be available at the meeting.

S. Cameron Jr. 4-H club

The South Cameron Junior 4-H meeting was called to order by President Liz Arrington March 11. The 4-H pledge was led by Gena Carroll and Patricia Scott led the Pledge of Allegiance. Secretary Lori Theriot read the minutes. Delisa Conner gave the treasury report.

Reporter Jeffery Meaux stated the old and new business. The participants of the District and State Livestock show gave a report of their results. Our agents then showed a film on fur-trapping. The next meeting will be April 29.

A RESOLUTION AUTHORIZING THE ISSUANCE OF FOUR MILLION EIGHT HUNDRED THOUSAND DOLLARS ($4,800,000) PRINCIPAL AMOUNT OF BONDS OF SCHOOL DISTRICT NO. TEN OF THE PARISH OF CAMERON, LOUISIANA FOR THE PURPOSE OF PROVIDING FUNDS TO ACQUIRE AND IMPROVE SITES, ERECT AND EQUIP ADDITIONAL PUBLIC SCHOOL BUILDINGS, ACQUIRE THE NECESSARY EQUIPMENT AND FURNISHINGS THEREFOR, AND IMPROVE EXISTING PUBLIC SCHOOL BUILDINGS IN SAID DISTRICT, TITLE TO WHICH SHALL BE IN THE PUBLIC; PROVIDING FOR THE PAYMENT OF SAID BONDS; FIXING THE FORM AND DETAILS OF SAID BONDS; AND PROVIDING FOR THE SALE OF SAID BONDS.

WHEREAS, pursuant to the provisions of a resolution adopted by the Cameron Parish School Board (the "Board") of the Parish of Cameron, Louisiana, on October 5, 1981, a special election in School District No. Ten (the "District") was held on November 28, 1981 on the question of the issuance of general obligation bonds of the District in an amount not to exceed four million eight hundred thousand dollars ($4,800,000) for the purpose of providing funds to acquire and improve sites, erect and equip additional public school buildings, acquire the necessary equipment and furnishings therefor, and improve existing public school buildings in the District, title to which shall be in the public; and

WHEREAS, a majority of the qualified electors of said District voting on the aforesaid question posed in said election voted in favor of such question to incur debt and issue such bonds of the District; and

WHEREAS, the Board has investigated the proceedings heretofore taken authorizing the issuance of said bonds and has found and does hereby determine that the same are regular and have been taken in all respects in due conformity with law; and

WHEREAS, the Board, on January 11, 1982 adopted a resolution authorizing the issuance of $4,800,000 of bonds and providing for the public sale thereof (the "Prior Resolution"); and

WHEREAS, the Board, on February 8, 1982 rejected all bids received for the purchase of the Bonds authorized to be issued by the Prior Resolution; and

WHEREAS, Section 39:569 Louisiana Revised Statutes of 1950, as amended, makes it the duty of the Board to impose and collect annually, in excess of other taxes, a tax on all property subject to taxation by the District sufficient in amount to pay the interest on and the principal falling due on general obligation bonds for each year;

NOW THEREFORE, BE IT RESOLVED BY THE CAMERON PARISH SCHOOL BOARD OF THE PARISH OF CAMERON, LOUISIANA:

SECTION 1. The Prior Resolution is hereby repealed and shall hereafter be without force and effect.

SECTION 2. There are hereby authorized to be issued and sold bonds of School District No. Ten of the Parish of Cameron, Louisiana in the aggregate principal amount of four million eight hundred thousand dollars ($4,800,000) for the purpose of providing funds to acquire and improve sites, erect and equip additional public school buildings, acquire the necessary equipment and furnishings therefor, and improve existing public school buildings in the District, title to which shall be in the public. Said bonds shall be designated "School Improvement Bonds, Series 1982" (the "Bonds"). The Bonds shall be dated April 1, 1982, shall be in the denomination of five thousand dollars ($5,000) each, shall be numbered from 1 to 960, inclusive, in order of maturity, shall be in coupon form payable to bearer, and shall bear interest at such rate or rates, not exceeding fifteen per centum (15%) per annum, as shall be determined upon the sale of the bonds, payable semiannually on February 1 and August 1 of each year, until the final payment of the principal of and interest on said bonds, commencing on February 1, 1983, but only upon presentation and surrender of the respective coupons for such interest as they severally become due. Both principal of and interest on the Bonds shall be payable in any coin or currency of the United States of America which, on the date of payment thereof, shall be legal tender for public and private debts, at the branch office of Calcasieu-Marine National Bank in Cameron, Louisiana, or at the option of the holder, at the principal office of Cameron State Bank in Cameron, Louisiana. In order to provide options to the Board in obtaining the lowest interest rates to be borne by the Bonds, the Bonds shall become due and payable serially in numerical order on February 1 in each of the years and in the respective principal amounts in accordance with one of three options, as follows:

2000	5,000
2001	5,000
2002	5,000

The Bonds maturing on and after February 1, 1993, shall be redeemable by the District, at the option of the District, prior to the stated maturities thereof, on and after February 1, 1992, in whole at any time upon payment of the principal amount thereof, together with the accrued interest to the date of redemption.

In the event the Bonds under any of the above options shall be called for redemption, notice of such redemption shall be given by publication in a newspaper of general circulation published in the Parish of Cameron, and in a financial newspaper or journal published in the City of New York, New York, such publication in each case to be not less than thirty (30) days prior to the date fixed for redemption. If the Bonds shall have been duly called for redemption and notice of such redemption duly given, and if on or before such redemption date the payment of the principal amount of the Bonds to be redeemed and the interest accrued on such principal amount to the redemption date shall be duly made or provided for, then the Bonds so called for redemption shall become due and payable on such redemption date and from and after such redemption date interest on the principal amount of the Bonds redeemed shall cease to accrue and the coupons representing such interest shall be void.

SECTION 3. The Bonds shall be executed in the name of the District by the President and Secretary of the Cameron Parish School Board by their manual or facsimile signatures, provided that at least one such signature shall be a manual signature, and the corporate seal of the Cameron Parish School Board shall be affixed or a facsimile thereof imprinted thereon. The coupons to be attached to the Bonds shall be authenticated by the facsimile signatures of the said President and Secretary. The Bonds and coupons pertaining thereto bearing the signatures of officers in office at the date of the signing thereof shall, upon delivery thereof and payment therefor, be valid and binding obligations of the District, notwithstanding that before delivery thereof and payment therefor any or all of the persons whose signatures appear thereon shall have ceased to be such officers.

SECTION 4. The Bonds, the coupons pertaining thereto, and the endorsement of the Secretary of State of the State of Louisiana to appear thereon, shall be in substantially the following respective forms, to-wit:

PARISH OF CAMERON
SCHOOL IMPROVEMENT BOND, SERIES 1982
OF
SCHOOL DISTRICT NO. TEN
OF THE PARISH OF CAMERON,
STATE OF LOUISIANA

No. _____ $5,000

KNOW ALL MEN BY THESE PRESENT that School District No. Ten of the Parish of Cameron, Louisiana (the "District"), a subdivision of the State of Louisiana, acknowledges itself indebted and for value received hereby promises to pay to the bearer of the principal sum of five thousand dollars ($5,000) on the first day of February _____ (subject to the right of prior redemption hereinafter mentioned) upon presentation and surrender of this bond, and to pay interest on said principal sum, from the date hereof until said principal sum is paid in full, at the rate of _____ per centum (_____%) per annum, payable semiannually on the first days of February and August in each year, commencing on the first day of February, 1983, upon presentation and surrender of the respective coupons therefor attached hereto as the same severally become due. Both principal of and interest on this bond are payable in any coin or currency of the United States of America which at the time of such payment is legal tender for public and private debts, at the branch office of Calcasieu-Marine National Bank in Cameron, Louisiana, or at the option of the holder, at the principal office of Cameron State Bank in Cameron, Louisiana.

This bond is one of a duly authorized issue of bonds of like date and tenor herewith, except as to number, interest rate and maturity, issued by the District under and in strict compliance with the Constitution and laws of the State of Louisiana, approved by a majority of qualified electors of the District voting on the question of the issuance of said bonds at an election held in the District on November 28, 1981, and issued in accordance with proceedings of the Cameron Parish School Board of Cameron Parish, Louisiana duly adopted, for the purpose of providing funds to acquire and improve sites, erect and equip additional public school buildings, acquire the necessary equipment and furnishings therefor, and improve existing public school buildings in the District, title to which shall be in the public.

The bonds of the issue of which this bond is a part maturing on and after February 1, 1993, may be called for redemption by the District, at the option of the District, prior to the stated maturities thereof, on and after February 1, 1992, in whole at any time, (or in part from time to time on any interest payment date in inverse order of maturity (and if less than all of the bonds of any maturity shall be called for redemption, the bonds of such maturity to be redeemed shall be selected by lot), at the redemption prices with respect to each such bond, expressed as a percentage of the principal amount of the bond to be redeemed, set forth below,) (upon payment of the principal amount thereof,) together with the accrued interest to the date of redemption:

Period During Which Redeemed (Both Dates Inclusive)	Redemption Prices
_____	_____

In the event this bond shall be called for redemption, notice of such redemption shall be given by publication in a newspaper of general circulation published in the Parish of Cameron, and in a financial newspaper or journal published in the City of New York, New York, such publication in each case to be not less than thirty (30) days prior to the date fixed for redemption. If this bond shall have been duly called for redemption and notice of such redemption duly given, and if on or before such redemption date the payment of the principal amount of the bond to be redeemed and the interest accrued on such principal amount to the redemption date shall be duly made or provided for, then this bond shall become due and payable on such redemption date and from and after such redemption date interest on the principal amount to be redeemed shall cease to accrue and the coupons representing such interest shall be void.

It is hereby certified, recited and declared that this Bond is authorized by and is issued in conformity with the requirements of the Constitution and statutes of the State of Louisiana, and all conditions, acts and things required by the Constitution and laws of the State of Louisiana to exist, happen and be performed precedent to and in the issuance of this bond and the bonds of the issue of which this bond is one do exist, have happened and have been performed in regular and due time, form and manner as required by law; that this bond and the bonds of the issue of which this bond is one together with all otherindebtedness of the District do not exceed any constitutional or statutory limitation of indebtedness applicable to the District; that the full faith and credit of the District are irrevocably pledged to the payment of the principal of and interest on this bond and the bonds of the issue of which this bond is one as the same respectively become due.

IN WITNESS WHEREOF, the Cameron Parish School Board, the governing authority of the District, has caused this bond to be executed in its name by the President and Secretary of such Board, by their manual or facsimile signatures (provided that one of such signatures hereon shall be a manual signature), the seal of the said Cameron Parish School Board to be affixed or a facsimile thereof imprinted hereon, the coupons pertaining to this bond to be executed by the facsimile signatures of said President and Secretary, and this bond to be dated the first day of April, 1982.

The bonds maturing February 1, 1993, and thereafter are subject to redemption at the option of the District on and after February 1, 1992, in whole at any time upon payment of the principal amount thereof, together with the accrued interest to the date of redemption.

Notice of Redemption. At least thirty days' notice of redemption will be given by publication in a newspaper of general circulation published in the Parish of Cameron, and in a financial newspaper or journal published in the City of New York, New York.

Places of Payment. Both principal of and interest on the bonds will be payable at the branch office of Calcasieu-Marine National Bank in Cameron, Louisiana, or at the option of the holder, at the principal office of Cameron State Bank in Cameron, Louisiana.

Payment and Security. The full faith and credit of the District are pledged to the payment of the principal of and interest on the bonds, and the District is authorized and required to impose and collect annually, in excess of all other taxes, a tax on all the property subject to taxation by the District, sufficient in amount to pay the interest and the principal falling due each year on the bonds.

Bidding Details. Each bid must be on the official bid form furnished by the undersigned and enclosed in a sealed envelope marked "Bid for $4,800,000 School Bonds of School District No. Ten of the Parish of Cameron, Louisiana" and must be directed to the undersigned. The bid form will permit the bidder to bid for the bonds under any one or more of the options specified above. With respect to each option bid, bidders shall specify the rate of interest which the bonds of each maturity shall bear, to be expressed in multiples of one-eighth (1/8) or one-twentieth (1/20) of one percent (1%). Bidders are not restricted as to the number of rates that may be named and any rate named may be repeated, but all bonds maturing on the same date must bear interest at the same single rate from their date to such maturity date. No rate named may exceed fifteen per centum (15%) per annum and the difference between the highest and lowest rates named may not exceed two and one-half percent 2 1/2%). Only one coupon will be attached to each bond for each installment of interest thereon, and bids providing for additional or supplemental coupons will be rejected. No proposal will be considered for less than all the bonds or at a price less than par or which specifies the cancellation of coupons or the payment of any premium offered in anything other than cash. In addition to the price bid, the successful bidder must pay all accrued interest from the date of the bonds to the date of the full payment of the purchase price. Each bid must be unconditional and must be accompanied by a certified or cashier's check drawn upon a solvent bank or trust company payable to the order of Cameron Parish School Board, in the amount of ninety-six thousand dollars ($96,000); only one such check must be submitted regardless of the number of options bid as specified above. Checks of unsuccessful bidders will be returned promptly after the award of the bonds. The check of the successful bidder will be deposited by the Cameron Parish School Board, the proceeds of which will be credited on the purchase price on the settlement date or in the event the successful bidder fails to accept delivery of and pay for the bonds, retained by such Board as liquidated damages. No interest will be allowed upon the amount of such good faith check. The District has received a commitment from the Municipal Bond Insurance Association ("MBIA") for a Municipal Bond Guaranty Insurance Policy guaranteeing payment of interest on and principal of the bonds in accordance with the specific terms of the Policy, the form of which may be obtained from the Municipal Issuers Service Corporation, general manager for MBIA, 34 South Broadway, White Plains, New York 10601. With respect to each option bid as specified above, each bidder shall specify whether its bid is for bonds insured by MBIA as aforesaid and if less than all of such bonds are to be insured, the particular maturities of bonds to be insured; or for bonds not so insured. With respect ot each option bid if no such specification is made such bid or such option shall be deemed to be for bonds not insured by MBIA. The amount of the premium for such insurance is .666% of the aggregate amount of principal and interest payable on the bonds to be insured, from their date until their respective maturities, rounded to the nearest $100, and shall be paid for by the District.

Award of the Bonds. Prior to the close of business on the day of receiving of sealed proposals, the bonds will be awarded to the responsible bidder or bidders offering to purchase the bonds in accordance with any of the three options hereinabove mentioned at such rate or rates of interest as will produce the lowest net interest cost to the District over the life of the bonds, such cost to be determined by deducting the total amount of any premium bid from, and if any bidder specifies that its bid is for bonds insured by MBIA by adding the premium for such insurance (calculated as aforesaid) to, the aggregate amount of interest payable on all of the bonds from their date until their respective maturities. The right is hereby reserved to reject any or all bids or to waive any irregularity or informality in any bid.

CUSIP Numbers. It is anticipated that CUSIP identification numbers will be imprinted on the filing panel of bonds, but neither the failure to print any such number on any bonds nor any inaccuracy, error or omission with respect thereto shall constitute cause for failure or refusal by the successful bidder to accept delivery of and pay for the bonds in accordance with the terms of its bid. No such CUSIP identification number shall constitute a part of the contract evidenced by the particular bond upon which it is imprinted and no liability shall attach to the District or any officer or agent thereof, including any paying agent for the bonds, by reason of such numbers or any use made thereof, including any use thereof made by the District, any such officer or any such agent, or by reason of any inaccuracy, error or omission with respect thereto or in such use. Except for the CUSIP Service Bureau charge for the assignment of such numbers, which shall be the responsibility of an shall be paid by the successful bidder, all expenses in relation to the printing of such numbers on the bonds will be paid by the District.

Delivery of Bonds; Payment. Delivery of the fully executed bonds will be made at the expense of the District, at the option of the successful bidder, either at the School Board Office in Cameron, Louisiana, or at any bank or trust company mutually agreeable to the District and the purchaser in New Orleans, Louisiana, on April 26, 1982, or as soon thereafter as possible. The purchase price then due, including the amount of the accrued interest, must be paid by a certified or cashier's check drawn upon a solvent bank or trust company payable to the order of Cameron Parish School Board. Upon delivery of and payment for the bonds the purchaser will also be furnished with the usual closing documents, including a certificate that no litigation is pending or threatened affecting the issuance of the bonds. The purchaser will also be furnished at the expense of the District with the approving legal opinion of Wood & Dawson, New York, New York, bond counsel, as to the validity of the bonds, which opinion will be printed upon the bonds.

Offering Circular; Additional Information. Copies of an offering circular regarding the Improvement Bonds, Series 1982 of School District No. Ten of the Parish of Cameron, Louisiana and copies of the official bid form are available upon application to Mr. Darwin W. White, Fiscal Services, Inc., 535 Gravier Street, 7th Floor, New Orleans, Louisiana 70130, or to the undersigned. Information relating to the District and its affairs, and further information relating to the bonds, will be furnished upon application to the undersigned.

WESTERN DISTRICT OF LOUISIANA
LAKE CHARLES DIVISION
UNITED STATES OF AMERICA
VERSUS
2.27 ACRES OF LAND, MORE LESS, SITUATE IN CAMERON
PARISH, STATE OF LOUISIANA, AND LINNIE LACY, ET AL,
AND UNKNOWN OWNERS
CIVIL ACTION NO. 811898
TRACT: 147E-7
NOTICE OF CONDEMNATION
TO: The following unserved purported owners of Tract 147E-
7, or their unknown heirs, legatees or assigns, if deceased, ad-
dresses unknown:
Frances Elender Sallier Lacy, Moise A. Sallier, Evelyn Sallier
Dugas, John Avis Dugas, Grace Sallier, William Lacy, Union
Texas Natural Gas Corporation, R. M. Hutchins, (Jr.), George G.
Seles, Unknown Owners.
You are hereby notified that a Complaint in Condemnation
has heretofore been filed in the office of the clerk of the above
named court in an action to condemn the following estates.
The authority for the taking of the land, and the public uses
for which said land is taken are set forth in Schedule "A" an-
nexed hereto.
The estates taken for said public uses, a general description
of the tracts of land being taken, and the estimated just com-
pensation therefor are set forth in Schedule "B" annexed
hereto.
You are further notified that if you desire to present any ob-
jection or defense to the taking of your property, you are
required to serve your answer on the plaintiff's attorney at the
address herein designated within 20 days after the date of
third publication of this notice.
Your answer shall identify the property in which you claim to
have an interest, state the nature and extent of the interest you
claim, and state all your objections and defenses to the taking
of your property. All defenses and objections not so presented
are waived. In case of your failure so to answer the Complaint,
judgment of Condemnation of that part of the property
described in Schedule "B" in which you claim an interest will
be rendered.
But without answering, you may serve on the plaintiff's at-
torney a notice of appearance designating the property in
which you claim to be interested. Thereafter you will receive
notice of all proceedings affecting it. At the trial of the issue of
just compensation, whether or not you have previously ap-
peared or answered, you may present evidence as to the
amount of the compensation to be paid for your property, and
you may share in the distribution of the award.

AUTHORITY FOR THE TAKING:
The authority for the taking is under and in accordance with
the Act of Congress approved February 26, 1931 (46 Stat. 1421,
30 U.S.C. 258a) and acts supplementary thereto and amen-
datory thereof, and under the further authority of the Acts of
Congress approved August 1, 1888 (25 Stat. 357, 40 U.S.C. 257),
and the Act of Congress approved December 22, 1975 (Public
Law 94-163; 89 Stat. 871) entitled "the Energy Policy and Con-
servation Act, which authorizes the acquisition of land for the
Strategic Petroleum Reserve and related facilities, as modified
by the Act of Congress approved August 4, 1977 (Public Law
95-91; 91 Stat. 565), and the Acts of Congress approved June 1,
1976 (Public Law 94-303) and July 31, 1976 (Public Law 94-373),
which acts made funds available for such purposes.
PUBLIC USES:
The public uses for which said land is taken are as follows:
The said land is necessary for the establishment,
management, and maintenance of the Strategic Petroleum
Reserve and related facilities. The said land has been selected
for acquisition by the United States for the Strategic
Petroleum Reserve and for such other uses as may be
authorized by Congress or by Executive Order.

State of Louisiana et al No. 9 Original, said three mile line as set out in the June 1975, decree of the Supreme Court. All bearings are based on Louisiana Lambert Plane Coordinate System (South Zone).

All bids are to offer a cash bonus for a lease having a primary term which shall not exceed five years and granted without any warranty or recourse against lessor whatsoever, either expressed or implied, not even for return by lessor of any payments received under the lease or being otherwise responsible to lessee. The minimum royalty as required by R.S. 30:127, as amended, are one-eighth (1/8th) of all gas produced and saved, one-eighth (1/8th) of the value per long ton of sulphur produced and saved, one-eighth (1/8th) of all other liquid or gaseous hydrocarbons produced and saved. A bid of a royalty less than the minimums by the Board. All bidders are notified that the Board does not obligate itself to accept a bid which offers the aforesaid statutory minimums, but reserves the right to accept a bid which offers in excess of the statutory minimums, and is considered most advantageous to the State of Louisiana.
The provisions of this notice or advertisement and the relevant statutes establish the material considerations necessary for the formulation of proper bids, and this notice or advertisement shall not be deemed to be modified, enlarged or diminished by resolutions or policy expressions of the Board not incorporated herein expressly or by reference.
Notice is given that the State Mineral Board reserves the right to waive provisions to insure applicable payments attributable to the less leased property without regard to adverse title considerations, boundary and title failure. The exact language therein contained is available to any interested bidders at the Office of the Secretary. Copies of maps of the Mineral Resources or the Office of Mineral Resources and the rules governing the bids on the tracts, and prospective bidders should request and obtain the same prior to submitting any bid therefor.
Some tracts available for leasing may be situated in the Louisiana Coastal Zone as defined in Act 361 of 1978 (L.S.A.-R.S. 49:213). Such tracts may be subject to the guidelines and regulations promulgated by the Coastal Management Section of the Department of Natural Resources.
All leases awarded shall be executed upon terms and conditions provided in the current State lease form with all applicable riders appended thereto, including but not limited to provisions as follows: Should lessee fail to begin the actual drilling (spudding in) of a well on the land or premises within one year from the date of the lease, the lease shall terminate as to both parties to the lease, unless on or before such anniversary date, lessee shall pay a delay rental (which shall in no event be less than one-half the bonus offered), which shall extend the privilege of deferring drilling operations for a period of one year. Upon like payments annually, drilling operations may be further deferred for successive periods of one year each during the primary term of five years. The lease shall provide for the drilling of offset wells on the land or lands covered by the lease or on adjacent lands drained by wells located thereon, or in consideration of the payments or operations necessary to maintain the lease in force, it shall provide that the lessee will develop the property as a reasonably prudent operator would, but that it will not be responsible for wells unnecessary for such development, and that failure to drill such wells shall not be a breach of the lease. The lessee shall have the right to enter into pooling or unitization agreements with respect to development of the leased premises, subject to the approval of the State Mineral Board.
Bids may be for the whole or any particularly described portion of the tract advertised, but consistently with the policy of the Board as expressed in a resolution dated August 12, 1965, all bidders are hereby notified that bids on portions of tracts should be described by metes and bounds and be accompanied by a transparent plat outlining thereon the portion bid upon. The scale of the plat should be 1 inch = 4,000 feet.
The State Mineral Board reserves the right to reject any and all bids or to grant a lease on any portion of the tract advertised and to withdraw the remainder of the tract.

Funds given for Rockefeller refuge

Governor David C. Treen announced that he has included $923,626 to increase the waterfowl population at the Rockefeller Wildlife Refuge in Cameron Parish, in his Capital Outlay Budget.

The project consists of improving the water control structures, and repairing the deteriorated levee that forms the eastern boundary of the refuge to prevent salt water intrusion and subsequent marsh deterioration.

Stabilization of the water levels will make the area ideal for the production of desirable waterfowl food plants, necessary to attract and build-up the population of waterfowl on the refuge.

The Rockefeller Wildlife Refuge, in Grand Chenier, borders the Gulf of Mexico for 26.5 miles. Because of its unique location, the refuge is one of the most important wildlife areas in the United States. It is estimated that in excess of 1000,000 man days of recreation are enjoyed by out-doorsmen in Louisiana.

Thousands of ducks, geese, coots, and many wading birds visit the refuge every year. It also serves as a resting place for many of the transient birds that winter in Central and South American and the refuge is the home of nutria, muskrat, raccoon, mink, otter, opossum, deer and alligators.

Thomas Jefferson, the nation's third president, was one of the most accomplished and versatile of the nation's founders. He spoke six languages, was a surveyor, scientist, lawyer, musician, politician and architect, just to name a few.

Richard rites held

Funeral services for Harry John Richard, 70, of Lake Charles, were held Wednesday, March 17, from St. Eugene Catholic Church in Grand Chenier.

The Rev. Roland Vaughn officiated. Burial was in St. Eugene Cemetery.

Mr. Richard died Monday in a Lake Charles hospital.

He was a graduate of LSU and taught school in Hackberry and Creole. He was a retired employee of Cities Service Co. in Lake Charles.

Survivors include two sisters, Mrs. Elma Richard Vincent and Mrs. Annie Mae Sanner, both of Hackberry; one brother, Martin Richard of Metairie; one stepdaughter, Mrs. Kathryn Duperior of Houston, and one stepson, LaVelle Jones of Hartford, Conn.

Rules given for queen's contest

Mrs. Hilda Crain, Grand Chenier, has been named chairman of the queen's committee of the Cameron parish Cowbelles organization, in charge of handling the Cameron Cattlemen Queen contest.

Anyone interested in competing in the contest to be held at the annual Cameron Cattlemen barbecue in the spring is asked to call Mrs. Crain at 538-2411.

The winner of the local contest will represent Cameron at the Louisiana Cattlemen's Queen contest to be held at the state convention of the organization. Judging will be on beauty, personality, poise, and intelligence.

The following rules for contestants will apply:

Contestants shall not be queen of any other agricultural commodity.

They must be single, between 17-22 years of age, the daughter of a member of the Louisiana Cattlemen's Association who is a cattle producer, be able to attend the annual LCA convention, able to give her full time for promotional activities during Beef Month in Louisiana (generally the latter part of April and early May each year) and be able to attend other promotional activities throughout the year on behalf of LCA.

Zachary Taylor was the first career soldier to rise to the Presidency without having held any other civil post.

Film to be shown Sun. at Hackberry

"Reflections of His Love", a new film highlighting the life and ministry of Joni Eareckson, will be shown at 6 p.m. Sunday, March 21, at the Hackberry Baptist Church. The film features the ministry of the Billy Graham Association, according to the Rev. Johnny Mims, pastor of the church.

Miss Eareckson is the star of a recent theatrical motion picture, JONI, which relates the story of her diving accident, as a young girl, which left her paralyzed from the neck down. It chronicles her struggles to piece together her life and her faith in God, in spite of the devastating circumstances.

In "Reflections of His Love," Miss Eareckson, who is also the author of two best-selling books, JONI and A Step Further, tells of the great transformations that have taken place in her life because of her willingness to accept all of the things that have happened to her.

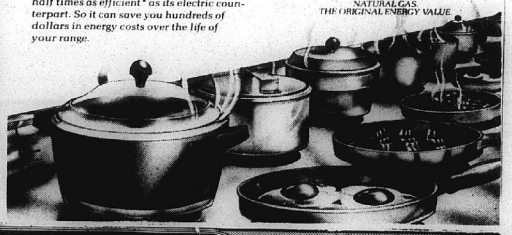
Natural gas cooks have an unlimited range.



One of the necessary ingredients in a good cook's kitchen is a natural gas range. The precise heat control of a gas range allows you to choose the exact amount of heat needed to prepare delicious meals.

A natural gas range is two-and-one-half times as efficient* as its electric counterpart. So it can save you hundreds of dollars in energy costs over the life of your range.

When you're in the market for a new range, do what the best cooks do. Limit your choice to a natural gas range. It's the most efficient way to keep things cooking.

Hackberry funds OK

Governor David C. Treen has allocated $100,000 from the Public Works Fund for improvements to Hackberry high school.

The funds will be used to complete renovations and additions to the food processing center at the school. The Cameron Parish School Board has allotted $43,000 towards this project. The total cost of the center is estimated to be $394,650.

The funds will enable the center to add 800 square feet and other features necessary to have the facility approved by the United States Department of Agriculture.

The residents of School District Number 15 have recently voted a bond issue to help in these additions.

Dredging eted

of Mexico Navigational Canal in Cameron Parish has been completed almost a month earlier than called for, the U. S. Army Corps of Engineers said. King Fisher Marine Service, Inc., of Port Lavaca, Texas, was the contractor.

Under the $484,715.29 award the Texas firm restored the channel to a depth of 18 feet below mean low Gulf and a width of 100 feet from just above the river's entrance into Lower Mud Lake, through the lake and a navigation cut into the Gulf. From a point between

etties out into the Gulf distance of 7,700 feet those dimensions were increased to a depth of 19 feet below mean low Gulf and a width of 200 feet.

Kevin Savoie

Savoie gets Rockefeller scholarship

Kevin Savoie is the first South Cameron High School student to receive the special Rockefeller Scholarship. He graduated in 1981 with a 3.4 average and is majoring in Wildlife and Forestry at McNeese State University.

The scholarship consists of a $1000 stipend per academic year automatically renewed each year contingent upon successfully completing the guidelines established by the scholarship division of Wildlife and Fisheries.

Kevin is the son of Mr. and Mrs. Sidney Savoie of Creole.

Cameron to be in new district

A five-parish convention and tourism district, with powers to levy a two percent hotel tax, would be created if proposed legislation introduced at the April legislature is approved by the state.

Monte Hurley, head of the Lake Charles tourist commission said legislation will be presented by Cameron Representative, Conway LeBleu.

An advertisement on the proposed legislation reads in part;"there will be introduced at the forthcoming session of the Legislature of Louisiana, to be convened at noon, Monday, April 19, 1982, a bill to create the Imperial Calcasieu Convention and Tourist District commission; to provide for membership and composition of said membership, its meetings, and powers and duties;"

"To authorize the levy of a tax of 2 percent upon occupancy and user of certain hotels; to require the submission of annual audit; to authorize the commission to borrow money to pay obligations; to provide for the authority; to dissolve any existing local commission and to transfer its property and employees to the Imperial Calcasieu Convention & Tourist Commission...etc.

Hurley said the District will embrace five parishes, Allen, Beauregard, Calcasieu, Cameron and Jeff Davis Parishes.

Two take part in program in Washington

Lola Jones and Stacy Mudd of South Cameron High School recently participated in a Presidential Classroom for Young Americans in Washington, D.C. The classroom had 423 outstanding high school students from all 50 states plus schools overseas represented in the national student body.

Presidential Classroom is an educational program for outstanding juniors and seniors in high school which introduces student leaders to the people who make and influence the policies of the federal government.

The students met and conversed with many policy makers while in seminars and workshops in D. C.

Lola is the daughter of Mr. and Mrs. Arnold Jones of Grand Chenier and Stacy is the daughter of Mr. and Mrs. Robert Mudd of Creole.

Skatathon

A Skatathon will be held at the Cameron recreation center on Sunday, March 28, from 2 to 5 p.m. to benefit the Cystic Fibrosis Drive.

Mrs. Barbella Cormier, is chairman of the drive in Cameron, and co-chairmen are Mrs. Whitney Baccigalopi and Mrs. E. R. Hendrix, both of Creole.

Quartet to sing here

The Relations, a gospel singing group from DeQuincy, will appear in concert Friday, March 26, at 7:30 p.m. at the Cameron Tabernacle, according to Rev. Marse Pruitt, pastor.

The male quartet was organized in 1977. They perform throughout Mississippi, Texas, Arkansas and Louisiana.

They have sung in various activities such as church services, revivals, concerts, and civic functions.

The public is invited to attend.

S. Cameron students go to district

The following students are not eligible for State but did receive excellent ratings: Crystal Mudd, Business Math II; Regina Quinn, Clerk Typist II, Kimberly Aplin, Office Procedures; Stacy Mudd and Charles Lute, Poster Event; David Vincent, Economics.

POISON PREVENTION WEEK MARCH 21-27 1982

Two banks report growth

Cameron State Bank

Stockholders of Cameron State Bank were told by its President E. J. Dronet that the bank experienced exceptional growth and profits last year. In his report at the annual stockholders meeting he said the bank grew to a total in excess of $39 million while earnings after taxes and security transactions rose by 22 percent to an all time record of over $635,000.

The bank's earnings record for the year 1981, reflecting a return on average assets of 1.68 percent enabled it to be titled a "High Performance Bank" he added.

Also reported is that the bank put in operation two new 24-hour Automatic Teller Machines at the main office in Cameron and the Grandsweetlake Branch. Construction of a new building for the Hackberry Branch should commence by midsummer, Dronet added.

President Dronet concluded his report by expressing gratitude to customers, shareholders, directors, officers and employees for their dedication and support of the bank.

Re-elected to the board of directors were Neil Crain, E. J. Dronet, Charles F. Hebert, Jerry Jones, Robert McHale, Leslie R. Richard, Enos Sturlese, Lionel Theriot and Sue C. Watson.

Following the stockholders meeting, the board of directors re-elected the following officers: Leslie Richard, chairman of the board; Lionel A. Theriot, secretary to the board; E. J. Dronet, president & chief executive officer; Robert W. Fruge, vice president & cashier; Larry R. Wainwright, vice president; Baron G. Thomas, assistant vice president; Margaret Theriot, assistant vice president; Donna LaBove, assistant cashier; Becky Vidrine, assistant cashier; and Rebecca Shirley, executive secretary to the president.

Calcasieu Marine

Another excellent year was recorded in 1981 for the Calcasieu Marine National Bank, according to William B. Lawton, chairman of the board of directors of the bank.

Substantial gains in all banking areas were reported by Lawton at the annual meeting of the shareholders.

In making his president's report to the stockholders, Allen J. Rhorer reported year-end figures showing total assets to be over $661 million. Total loans were said to be at $311 million, an increase of almost $30 million over the previous year.

Deposits were noted to be in excess of $531 million, a record high for the bank.

At the shareholders meeting, all directors of the bank were re-elected. They include Lawton, Rhorer, Jack E. Lawton Sr., Sam L. Puckett, J. Leo McGough, Frank Field, W. W. (Bill) Thompson, J. M. (Mike) Duhon and John C. Camp.

Immediately following the shareholders' meeting, the board met and re-elected William B. Lawton, chairman; Jack E. Lawton Sr., vice chairman, and J. Leo McGough, secretary.

Club to have meet Thurs.

The Gulf Coast rod and Custom Club will hold their monthly meeting Thursday, March 25, starting at 7 p.m. It will be held in the Grand Chenier Recreation Center.

Gumbo and refreshments will be served.

Any one interested in joining the club is invited to attend this meeting.

Opening set

The grand opening of Superior Supply Co., on the Jetty Road will be held Friday, April 2, starting at 12 p.m., according to Curtis Thibodeaux, manager.

Sentence was 60 days, not 6 days

On March 3, Judge H. Ward Fontenot, Judge of the 38th Judicial District Court, sentenced Victor Allen Carnes, 19, Cameron, to three years in the Department of Corrections on each of three charges: distribution of methaqualone, distribution of marijuana, and possession of marijuana and suspended, and placed on supervised probation, plus 60 days in jail, with credit for time served.

An earlier story had mistakenly stated that Carnes had been given six days in jail.

Basketball games set

The South Cameron Elementary School will be playing Grand Lake for the Little Dribblers Basketball championship in both age groups Tuesday, March 30, at South Cameron High School's gym. The admission will be $1.

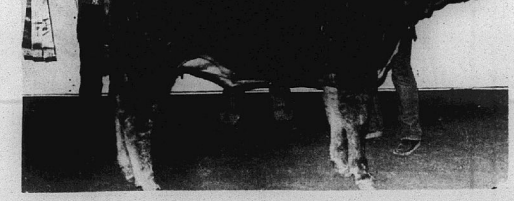
The South Cameron All Stars will play Grank Lake the third game of the day. (Age 13 and 14 years old.)

The second game will be South Cameron vs Grand Lake, girls.

South Cameron teams will play Grand Lake again on April 1 at Grand Lake.

RECENTLY PASSING the welding code test at the Cameron Vocational-Technical School were Floyd Burgin, left, and Ronald Wilson, center, shown with Charles Duddleston, welding instructor.

Two pass test for welders



Leslie D. Griffith, director of the Cameron Vocational-Technical School, announced that Floyd Burgin and Ronald Wilson from the welding department at the school have passed the American Welding Society Structural Welding Code D1.1-72 test. These students were performance tested with stick electrode in the 2G and 3G positions.

Charles N. Duddleston, welding instructor at the school, conducted the tests and the students were presented certificates upon completion.

Applications for day classes in Vehicle Marine Engines and Office Occupations are being accepted. Immediate openings are available in these programs for students 16 and older.

Presently, the welding class is full, but interested students may submit applications and be placed on the waiting list to be called when there are openings.

Classes are available part-time, fulltime and sevenand-seven. Interested persons may pick up applications at the school or call 542-4612 for information.

ALLYSON RICHARD, member of the South Cameron 4-H club, exhibited the Champion Any Other Breed female breeding animal at the LSU Junior Livestock show in Baton Rouge recently.

THE GRAND CHAMPION Louisiana-bred hog shown at the recent LSU Junior Livestock show was exhibited by Clint Hewitt of Hackberry. Shown with him, his hog and trophy are Rick Maloney, Bobby Hewitt and Lynn Trahan.

District Court News

Kelley sentenced

Judge Ellis Bond presided over 38th Judicial District court Thursday and sentenced Terry W. Kelley, 24, Cameron, who had pled guilty on Feb. 25 to two counts of distribution of marijuana.

On the first count Judge Bond sentenced Kelley to serve two years at hard labor in the Department of Corrections, suspended, and placed on supervised probation for two years and to pay the cost of court or on default of payment to serve 10 days in jail.

Also, he was ordered to pay a fine of $1,000 or 100 days in jail. He was given 5 days to make the decision whether to pay the fine or to serve the 100 days in jail or to make monthly payments of $50 each, beginning on April 15 until paid, with the provisions that the failure to make a payment on time will terminate his option to make that payment and he must serve that time.

Also, he is not to own or possess any firearm unless he gets a full pardon from the State of Louisiana and he is to refrain from unlawful or disreputable places.

He is to remain within the jurisdiction of the court unless he has permission of the probation officer on the change of employment.

Another condition of the probation is that he pays the sum of $1,000 to the Indigent Defendant board of Southwest Louisiana, at $50 per month until paid in full.

On the other charge Kelley was ordered to serve two years with the Department of Corrections at hard labor, suspended and placed on supervised probation for two years and pay cost of court or srve 10 days in jail on default of payment.

The time served is to run consecutively.

Linda Ebarb, 26, Meridian, Texas, pled guilty to one count of distribution of marijuana and was sentenced to three years in the Department of Corrections, suspended, and placed on three years supervised probation.

Joseph John, 18, Buna, Texas pled guilty to a charge of D.W.I. and the imposition of the sentence was suspended for one year and he was placed on one year unsupervised probation.

Friday court

Judge H. Ward Fontenot, Judge of the 38th Judicial District Court meted out the following sentences Friday to guilty pleas.

Fined $200 or 10 days in jail, plus 90 days in jail, suspended and placed on unsupervised probation with the condition he not be found guilty of violating game laws or regulations of the La. Wildlife and Fisheries were Doc LeThank, 30, Stanton, California and Liem Thanh Nguyen, 22, Port Neches, Texas who were charged with taking oysters in a closed area.

Mark Fuselier, 26, Cameron, was sentenced to 125 days in jail and Judge Fontenot authorized the sentence be served in part by committing or cooperating with the drug abuse center in Lake Charles for D.W.I.

He was also sentenced to 10 days in jail to run concurrent with other sentence for driving under suspension.

Charles Gary Ewalt, 39, Cameron, was fined $300 and costs or 30 days in jail, plus 45 days, suspended and placed on one year supervised probation and the condition that he not be found guilty of any crimes associated with drugs, and that he be treated at the substance abuse center on a charge of possession of marijuana that was reduced from possession of marijuana with intent to distribute.

Wed. court

The following sentences were handed down in 38th Judicial District Court Wednesday, March 17, by Judge H. Ward Fontenot.

Billy Wayne Ingram, 46, Big Lake Rd., Lake Charles, who had originally pled not guilty to four counts each of forgery and theft changed his plea to guilty and was sentenced to eight years in the Department of Corrections, to run concurrent with the sentence in Calcasieu Parish.

The charges were for the forgery of four checks and the theft of $7800 on the checks from the bank.

Lawrence J. Lachney, 48, Ville Platte, was fined $750 and costs or 60 days in jail, plus 60 days suspended, and placed on two years supervised probation and the condition that he does not violate any laws on wildlife during the term of the probation for selling wild deer.

Jerry Lynn Russi, 31, Houston, Texas was fined $110 and costs or 15 days for speeding 95/55; $200 or 20 days for reckless operation; and 45 days, suspended and pay costs for failure to yield to an emergency vehicle.

The charges resulted from a high speed chase through Johnson Bayou from the Cameron Ferry to the Gulf-gate Bridge in Port Arthur, Texas.

Clifton Stanley Harris, 35, Cameron was sentenced to 10 days in jail for driving under suspension.

Janet Lynn Hagar, 24, Cameron, was fined $100 and 20 days, suspended, on the condition that she pay for the damage within 6 months and forfeit the weapon to the court on charges of simple criminal damage to property and $35 and costs for disturbing the peace (fight).

Charges stemmed from the shooting of a hole in the trailer of Thomas Debarge causing $125 worth of damage.

David Vincent Benoit, 20, Hackberry, was sentenced to 91 days in jail, suspended and placed on one year supervised probation, and the condition he make restitution for simple criminal damage to property.

He pled guilty to damaging C. A. Rigg's car in Hackberry in the amount of $250.

James Ronald Racca, 23, Rt. 1, Cameron, pled guilty to two different counts of possession of marijuana.

On one count of January 21, 1982 he was fined $300 and costs or 30 days in jail; and on the other which occured February 13, 1982 he was sentenced to 90 days in jail, suspend 60 days, and placed on supervised probation for two years; with the condition that he seek help from the substance abuse center.

Andy Lee Miller, 19, Cameron, who pled guilty to possession of marijuana had the imposition of her sentence suspended for one year and ordered to pay court costs.

Frank H. Coleman, Jr., 20, Cameron, pled guilty to criminal non support and was placed on extended probation, ordered to pay $150 per month and $50 per month for back pay owed until it is paid up.

Thomas, Westlake; and William Vance Noe, 35, Cameron.

County Agent Report

By Clifford Myers

PLASTIC MULCH

You may be able to cut down on the amount of work you put into your garden this spring by using black plastic mulch in it. The plastic helps control weeds and grasses and it helps conserve soil moisture by reducing evaporation.

Black plastic mulch helps the soil by preventing crusting and compaction caused by rain. Also, you're less likely to injure the roots of your plants because there will be less need to cultivate close to them.

The one disadvantage of the black plastic is that coco grass will grow right through it and can lead to an even greater infestation.

CABBAGE BLACK ROT

Black Rot can be a serious disease of cabbage in Cameron Parish during its warm wet weather. The disease also affects cauliflower, broccoli and other related crops.

Plants may become infected at any stage of growth. The bacteria causes a V-shaped infected area gradually extending inward from the leaf edge. A number of these V-shaped areas are often observed on a single plant. After turning yellow, the area becomes brown with age. Veins become dark brown to black.

The only effective treatment to kill the organism is a hot water seed treatment method, which consists of placing seed in a hot water bath for 25 to 30 minutes at 122 degrees F. Seeds are then cooled and dried quickly.

VEGETABLES TO PLANT NOW

Vegetables that can be planted in April are: Snap beans, lima beans (butter beans), collards, cucumber, eggplants, southern peas, okra, cantaloupes, peppers (transplants), peanuts, pumpkin, winter squash, summer squash, sweet corn, sweet potatoes, tomatoes (transplants) & watermelons.

Dunlap on Navy carrier

Navy Machinist's Mate 2nd Class James E. Dunlap, whose wife, Tina, is the daughter of Lester Rigdon of Hackberry, is serving aboard the Navy's newest nuclear-powered aircraft carrier.

He is a crewmember aboard the USS Carl Vinson, homeported in Norfolk, Va.

Commissioned March 13, 1982 at the Newport News Shipbuilding and Dry Dock Company, it was finished one month ahead of schedule and cost $20 million less than the estimated $1.7 billion budgeted for the ship. Its keel was laid on Oct. 11, 1975 and it was launched March 15, 1980.

The Vinson is the third of the Nimitz class aircraft carrier and is actually a floating city. In addition to a modern fully-equipped airport, the ship provides living quarters and dining facilities for nearly 6,000 men, plus most of the services available to a small city, including retail stores, a hospital, post office, and radio and television stations.

Unlimited endurance at high speed, provided by nuclear-propulsion, as well as extensive armor against bombs and guided missiles makes the Carl Vinson the least vulnerable carrier ever designed. Measuring 1,092 feet from bow to stern, it is almost as long as the Empire State Building is tall. It has a 4.5 acre flight deck and is 24-stories high from the keel to the top of the mast.

As a "plankowner" of the Vinson, he now faces several months of intensive training as the carrier becomes part of the Atlantic Fleet.

Dunlap joined the Navy in July 1978.

Musing...

By Bernice Stewart Denny

The past month has been one of confinement and recuperation for me. The accident happened on the very first day of February.

Clint and I were preparing to leave our home in Lake Arthur to drive to Iowa. I was hurrying down the steps when...

I still do not know hot it happened. Did I slip? Did my foot go numb? Did I miss the next step? I only recall a sensation of flying through the air, a thud, excruciating pain, and blackness.

When I realized what had happened, Clint was lifting my head and shoulders from the concrete patio. I was facing the steps and my foot, doubled under me in the fall, was throbbing in agony.

No bones were broken, the x-rays proved. Then the doctor reminded me that torn ligaments and bruised muscles take longer to heal than broken bones.

When the period of keeping the foot surrounded by ice packs was over, Clint purchased a wheelchair for me. I became quite adept at wheeling my chair down a long straight hall but a little less so in maneuvering it around furniture.

Relating my accident was prompted by something entirely different. This morning as I picked up a book, an old newsletter from the Jeff Davis Home Extension office fell out. In it was note from Patsy Granger stating that she would be transferring to the Calcasieu Parish office as home economist. Patsy was thanking everyone for all "the little things" they had done for her during the past eight years.

I have known Patsy for many more than the eight years. At one time she was home economist in Cameron Parish.

I am sure that Patsy received many kindnesses, but I also know that Patsy did thousands of sweet, wonderful little things for other people.

I have seen Patsy in action -- the real Patsy, the genuine Patsy -- kind, helpful, patient, cheerful. I recall the way Patsy's eyes lit up when she met a friend, her quick smile, her firm handclasp.

My foot gives a twinge. It reminds me that along with all "the good little things" there are little things that lead to problems. It was little thing that caused my accident. Like Patsy, I shall strive to remember the good little things.

Dear Sheriff Savoie,

We at South Cameron High School would like to express our gratitude for the excellent co-operation and work done by your Department.

We are sure the work done by John Ed Duhon and Carroll LeMaire will create second thoughts about other attempts of vandalism at our school. These men's promptness and co-operation is to be commended.

Thank you again for excellent and outstanding professional law enforcement.

Sincerely,

ACTION ON THE NORTHERN BORDER

We call it the Northern Border Project. It's a new pipeline being constructed from Big Horn country into the Midwestern United States. United Gas is a partner in this visionary project. When completed, 400 million cubic feet of gas will be delivered to us each day from Canada for eventual use by United's customers.

This project is a segment of the proposed Alaska Natural Gas Transportation System that eventually will bring natural gas from the rich Alaskan fields. United's share of the new Canadian gas—and Alaskan gas when it becomes available—will be exchanged in the Mid-West for gas closer to the Gulf South.

It seems strange to be bringing Canadian and Alaskan gas to Louisiana. But this costly and complex project is one of the many things United is doing to keep the gas flowing to its customers.

Mosquitoes carry several diseases

By DON MENARD
Director, Cameron
Parish Mosquito Control

Mosquitoes are undoubtedly the most important public health insect; they have caused more human suffering than any other insect or animal. More persons have died of diseases caused by organisms transmitted by mosquitoes than were killed in all the wars combined.

Their success is due to their adaptability to human activities and their habit of sucking blood. While taking blood, infected female mosquitoes are capable of placing disease causing pathogenic organisms directly into the blood stream.

Through their bites, mosquitoes can transmit numerous types of pathogenic organisms which cause debilitating diseases such as malaria, yellow fever, dengue and encephalitis. These diseases are quite common throughout the world. The mosquito vectors of these diseases and a susceptible human population are present in Louisiana.

All that is necessary for one of these diseases to get started in Cameron Parish is the introduction of a human or other animal which has become infected abroad and has been transported here. The infected host is bitten by the vector mosquito and thereby can readily spread the disease amongst the population.

In the past year, the Cameron Mosquito Control began a parishwide Aedes aegypti surveillance program to detect the presence of that mosquito and help prevent any outbreaks of dengue and yellow fever. Although we have been unable to detect any infestations of Aedes aegypti, we will continue to monitor the entire parish on a weekly basis.

We are also in the planning stages of an encephalitis surveillance program. This involves collecting and testing of blood samples from resident and migratory birds and collection and processing of live mosquitoes for virus isolation. If the mosquito tax passes, we will initiate this much needed program at the beginning of next year.

Be sure and go vote for the Mosquito Renewal Tax on April 3.

Revival set at Ebenezer

The Ebenezer Baptist Church of Cameron will hold its annual revival beginning March 29 through April 2, according to program chairperson Mrs. Rebecca LaSalle.

Services will begin at 7 p.m. nightly, with singing provided by the Ebenezer senior and junior choirs. Music will be by Al Bartie. Guest minister will be Rev. Bradley Benn of Ville Platte.

Dr. R. B. House is pastor.

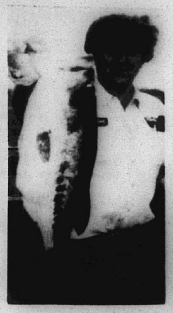
With Saturday being the first day of spring, it could sure be seen with all the outside activity.



Gary's Landing: Lowery

Friday evening, my wife, Glender, and I went to our camp in Lowery. All the over night camper spots were full and the parking lot full of boat trailers. People were out fishing, but also quite a few just camping. Fishing was good Saturday, but Sunday was slow. The Lynne Richards, Walter Comeauxs and Glender and I had 40 white perch, 5 good bass and 4 nice catfish. We were fishing Lacassine Refuge. There's some good fish being taken, but it's slow in number.

Big Burns: Amoco

Amoco in Grand Chenier is producing some bass, but the high winds are making the water dirty.

The Burns is probably the hottest spot right now with some nice bass being caught, mostly on spinner baits, such as Snag-a-Sallys (white, chartreuse, crayfish colors), H&H and H&M travelers, (same colors as Snag-a-Sally) and gold spoon with frog pork chunk. The bass are in the marsh getting their beds ready to spawn.

THIS 6 Lb., 2½-inch bass was caught in the Big Burn recently by Loston McEvers.

Creole Canal:

When we were returning Sunday afternoon, I counted 53 cars along the road from Gibbstown to Creole. People fishing, crabbing and some just taking a break swimming - like I say spring fever for the outdoors.

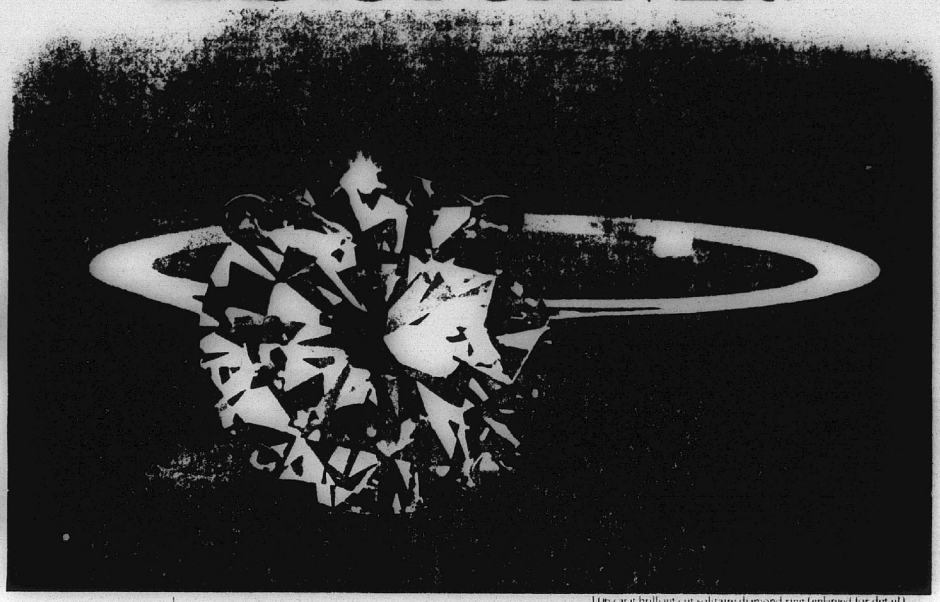
Game set here Sat.

The South Cameron Elementary Jets will play the Welsh All Stars at 11 a.m. Saturday in the South Cameron high school gym.

A second game will match the South Cameron 13 and 14 year old All Stars against the Welsh All Stars.

The South Cameron Jets have won 11 games and lost 3 so far this year and the 13 and 14 year olds have won two and lost one.

A Little Dribblers tournament will be held in April.



The youth basketball program is sponsored by the Cameron Parish Sheriff's Department.

Fishing meeting set

An important meeting for area fishermen, shrimpers, and marine interests has been set for Friday, March 26 at 1 p.m. in the Police Jury Annex, according to Paul Coreil.

Coreil said that Cameron Parish has been selected by the Department of Natural Resources for an important project, the buying of the 14 most dangerous "hangs" off the coast from Cameron

RESOLUTION

Cameron Parish School Board State Project No. 507-12-08

WHEREAS, the Cameron Parish School Board is unable to complete or proceed with the completion of the Hackberry School Additions and Renovations (Meat Processing Plant) due to insufficient funds; and

WHEREAS, the Cameron Parish School Board has secured a commitment from Governor David C. Treen in the amount of $100,000.00 to be funded to the Cameron Parish School Board as set out in one certain commitment from Mr. L. F. Hingle, Jr., Assistant Secretary, Department of Transportation and Development, Office of Public Works dated March 5, 1982; and

WHEREAS, the Cameron Parish School Board understands that adherence to all laws of the State of Louisiana is mandated as a condition of this reimbursement, and further understands that it must conform its engineering activities so as to be consistent with standard, accepted engineering practices; and

WHEREAS, the Cameron Parish School Board agrees and understands that should it fail to comply with all federal, state and local laws or should it fail to exercise the highest engineering practices to accomplish the Hackberry School Additions and Renovations (Meat Processing Plant) that the Cameron Parish School Board shall bear all costs associated with the failure to comply with said laws and engineering procedures, and hereby absolves responsibility for its failure to comply therewith, or the inadequacy thereof, and acknowledges that it may be subject to State audit.

NOW, THEREFORE BE IT RESOLVED that the Cameron Parish School Board, in special session assembled on this 15th day of March, 1982, does hereby declare that it is unable to complete or proceed with the completion of the Hackberry School Additions and Renovations (Meat Processing Plant) without the sum of $100,000.00 committed by Governor David C. Treen by letter dated March 5, 1982 from Mr. L. F. Hingle, Jr., Assistant Secretary, Department of Transportation and Development, Office of Public Works.

BE IT FURTHER RESOLVED that the Cameron Parish School Board hereby agrees and commit itself to adhere to all laws of the State of Louisiana; and will and hereby does agree and commit itself to conform its engineering activities so as to be consistent with standard, accepted engineering practices.

BE IT FURTHER RESOLVED that the Cameron Parish School Board does hereby agree and commit itself to bear all costs associated with its failure to fully comply with all federal, state and local laws and engineering practices and procedures, and acknowledges it may be subject to State audit.

BE IT FURTHER RESOLVED that the said District of Transportation and Development, Office of Public Works be and hereby is assured at all necessary servitudes, rights of way, rights of ingress and egress and the means thereof have been acquired by the Cameron Parish School Board and the titles thereto are valid and indefeasible, and the Cameron Parish School Board expressly agrees to defend any action for the failure of any servitude, right-of-way or right of ingress or egress, and will and hereby does assume complete responsibility for the adequacy thereof and the maintenance and upkeep of the project upon completion.

BE IT FURTHER RESOLVED that the Cameron Parish School Board will and hereby does assume complete responsibility for all fence relocation, spoil spreading, culvert and utility adjustments made necessary by the project, and will furnish all funds required for completion of the Hackberry School Additions and Renovations (Meat Processing Plant).

BE IT FURTHER RESOLVED that the Cameron Parish School Board does hereby save and hold the said Department of Transportation and Development, Office of Public Works, its officers, agents and employees harmless for any and all liability or claim for damages arising out of the project including death or injuries to third parties, including but not limited to the adequacy of the project, liability or claim for damages arising out of the negligence of said Department, its officers, agents or employees, and completely absolves the Department of Transportation and Development, Office of Public Works for its failure to totally comply with all federal, state and local laws and engineering practices and procedures, and agrees to defend any suit or any nature brought against the Department as a result of the project or its inadequacy.

WESTERN DISTRICT OF LOUISIANA
LAKE CHARLES DIVISION
UNITED STATES OF AMERICA
VERSUS
2.27 ACRES OF LAND, MORE LESS, SITUATE IN CAMERON PARISH, STATE OF LOUISIANA, AND LINNIE LACY, ET AL, AND UNKNOWN OWNERS
CIVIL ACTION NO. 811898
TRACT: 147E-7
NOTICE OF CONDEMNATION

TO: The following unserved purported owners of Tract 147E-7, or their unknown heirs, legatees or assigns, if deceased, addresses unknown:

Francis Elender Sallier Lacy, Moise A. Sallier, Evelyn Sallier Dugas, John Avis Dugas, Grace Sallier, William Lacy, Union Texas Natural Gas Corporation, R. M. Hutchins, (Jr.), George G. Seles, Unknown Owners.

You are hereby notified that a Complaint in Condemnation has heretofore been filed in the office of the clerk of the above named court in an action to condemn the following estates.

The authority for the taking of the land, and the public uses for which said land is taken are set forth in Schedule "A" annexed hereto.

The estates taken for said public uses, a general description of the tracts of land being taken, and the estimated just compensation therefor are set forth in Schedule "B" annexed hereto.

You are further notified that if you desire to present any objection or defense to the taking of your property, you are required to serve your answer on the plaintiff's attorney at the address herein designated within 20 days after the date of third publication of this notice.

Your answer shall identify the property in which you claim to have an interest, state the nature and extent of the interest you claim, and state all your objections and defenses to the taking of your property. All defenses and objections not so presented are waived. In case of your failure so to answer the Complaint, Judgment of Condemnation of that part of the property described in Schedule "B" in which you claim an interest will be rendered.

But without answering, you may serve on the plaintiff's attorney a notice of appearance designating the property in which you claim to be interested. Thereafter you will receive notice of all proceedings affecting it. At the trial of the issue of just compensation, whether or not you have previously appeared or answered, you may present evidence as to the amount of the compensation to be paid for your property, and you may share in the distribution of the award.

SCHEDULE "A"

AUTHORITY FOR THE TAKING:

The authority for the taking is under and in accordance with the Act of Congress approved February 26, 1931 (46 Stat. 1421, 40 U.S.C. 258a) and acts supplementary thereto and amendatory thereof, and under the further authority of the Acts of Congress approved August 1, 1888 (25 Stat. 357, 40 U.S.C. 257), and the Act of Congress approved December 22, 1975 (Public Law 94-163; 89 Stat. 871) entitled the Energy Policy and Conservation Act, which authorizes the acquisition of land for the Strategic Petroleum Reserve and related facilities, as modified by the Act of Congress approved August 4, 1977 (Public Law 95-91; 91 Stat. 565), and the Acts of Congress approved June 1, 1976 (Public Law 94-303) and July 31, 1976 (Public Law 94-373), which acts made funds available for such purposes.

PUBLIC USES:

The public uses for which said land is taken are as follows: The said land is necessary for the establishment, management, and maintenance of the Strategic Petroleum Reserve and related facilities. The said land has been selected for acquisition by the United States for the Strategic Petroleum Reserve and for such other uses as may be authorized by Congress or by Executive Order.

SCHEDULE "B"
TRACT NO. 147E-7

DESCRIPTION:

A strip or parcel of land lying in Section 22, Township 12 South, Range 10 West, Cameron Parish, Louisiana, and being the north 75 feet of the North half of the Southwest Quarter of the Southwest Quarter of said section.

The above described strip or parcel of land contains 2.27 acres, more or less.

Tract No. 147E-7

Estimated compensation deposited in the Registry of the Court for the above described property: $568.00.

Estate Taken: A temporary and assignable easement and right-of-way 75 feet in width in, on, over and across the land for a period not to exceed three years, beginning 11 June 1980, for use by the United States, its representatives, agents and contractors, for the construction and installation of a surface pipeline in the establishment, management and maintenance of the Strategic Petroleum Reserve, as authorized by the Act of Congress approved December 22, 1975, Public Law 94-163, 89 Stat. 871, 42 U.S.C. 6201, including the right to borrow and/or deposit excavated material thereon and the further right to remove temporary structures on the land and to perform any other work necessary and incident to the construction and installation of the said pipeline, together with the right to clear, cut, fell and remove therefrom all trees, underbrush, obstructions and other vegetation, structures or obstacles within the limits of the right-of-way, and the further right to remove the pipeline so constructed and installed on or before the expiration of said three-year period reserving, however, to the landowners, their heirs and assigns, all such rights and privileges as may be used without interfering with or abridging the rights and easements hereby acquired; subject, however, to existing easements for public roads and highways, public utilities, railroads and pipelines.

Bee stings

Ice compresses and applications of meat tenderizer are two new and effective methods for treating the pain and swelling of bee stings. According to pediatrics, tenderizer works because it contains papain, an enzyme which destroys certain proteins (this is how it breaks down tough meat fibers), including those of bee venom.

Cable charges rapped here

By GENEVA GRIFFITH

Members of the Police Jury accused a cable television company of breaking promises made when it asked for, and received, a franchise for the parish.

Corky Downing, representing Cameron Cablevision Co., a subsidiary of a Bridge City company, appeared before the Police Jury last Thursday to give a status report on installing service for the communities of Cameron, Holly Beach and Hackberry.

Downing drew the ire of some jurors when he quoted a price for a special all-movie channel called MBS.

Jurors claimed Downing had upped the original price quoted for the movie channel.

Downing started out by telling the jury that customers would start receiving service in June, and that all areas would be on line by July 4.

But when Downing went into detail about the costs of providing MBS, the meeting heated up.

Downing said that MBS would cost $189.95 for installation, plus $19.95 a month.

The $189.95 would be for the purchase of a "black box" needed for reception, and would be non-refundable if a customer wished to discontinue service.

Jurors said that Downing had originally promised the service for an original installation fee of $75, and the $19.95 monthly charge.

Jurors said they understood that the original $75 would be a deposit for rental of the "black box", and would be refundable if a customer discontinued service.

"This is not what you originally promised," said Juror Brent Nunez of Sweetlake. "I BELIEVED WHAT you said and this is what I told my people back home. Now you have upped the price...."

Juror Braxton Blake of Cameron said he planned to talk to the district attorney Friday morning about the possibility of canceling the company's franchise. Several other jurors echoed the same sentiments.

In other business liquor permits were issued to Lucile S. Bassler for Lucile's Lounge and Cafe in Johnson's Bayou and Gussie Mae Jackson for the 506 Club in Cameron.

Building permits were issued to David O. Drummond in Grand Lake, Dr. Richard Sanders in Creole, Philip Nunez in Grand Lake, Joseph C. Perry in Grand Lake and Conoco Inc. in Cameron.

A resolution proclaiming April 4 in honor of Martin Luther King Jr. was approved as requested by theCameron NAACP.

The jury approved a water works election for a water and fire district in the Sweetlake/Grand Lake area.

Mrs. Griffith state winner

Geneva Griffith, news writer for the Cameron Parish Pilot, and a correspondent for the Lake Charles American Press, received five awards Saturday in the Louisiana Press Women's annual writing contest held in Lafayette.

The feature story "Hunt is a family affair" was about three generations of the Garland Richard family in Creole hunting alligators, in the Cameron Pilot.

The food article was her "Lagniappe" column in the Lake Charles American Press.

The historical articles were on the Grand Chenier Oaks, Cameron's honoring of the Confederate efforts, and Jean Lafitte's buried treasure, all in the American Press.

The interview was the story of Horace Mhire and his trapping in the Cameron Pilot.

The first place award was for the historical story on the "Battle of Calcasieu Pass" in the program of the ceremony held on the Cameron courthouse lawn last year.

The first place award will be judged in the national contest in June.

Historical Soc. is reorganized

Cameron parish citizens interested in the preservation of the history of Cameron parish held an organizational meeting of the Cameron Parish Historical Soc. last Wed. in the police jury annex.

Of primary concern to the group is the saving of a local landmark slated to be wrecked, the old Isaac Bonsall homeplace, one of the oldest homes in the town of Cameron.

It belongs to the Cameron parish police jury and has housed the parish Council on Aging since its purchase from the Bonsall family.

However, a new building for the council is now under construction immediately behind the old home and the police jury had planned to raze the old home.

This was when a local group of interested citizens approached the jury to see if it could be saved and used as a historical museum for Cameron parish.

The police jury was in agreement and plans were then made to reorganize the historical society, which has been inactive for some years.

Many plans are in the making for the new society, including establishing the historical museum in the old home, the possibility of obtaining the state-owned artifacts that were retrieved from the 17th century Spanish ship the "El Constante" which was sunk off the Cameron coast and salvaged last year; the gathering of historical artifacts, furnishings, pictures, etc. from throughout the parish to be placed in the museum on loan or as gifts; having programs on historical and other facts relating to the parish.

A membership committee was appointed to report back to the next meeting composed of Ching Conner, chairman; Geneva Griffith, Coral Lee Perry and Norma Jean Blake.

The third Monday of each month was chosen as the meeting date and the next meeting is slated for April 19, at 7 p.m. in the police jury annex.

More information may be obtained by calling Mrs. Conner at 542-4293 or Mrs. Blake at 775-5335.

Raffle set on Lincoln by Knights

The Cameron Knights of Columbus Council will raffle a Lincoln automobile this year to raise funds for the new K. C. building, according to Grand Knight Howard Lancon.

Again this year only a limited number of tickets will be printed. The tickets will go for $100 donation and will entitle the person to a chance for the 1983 Lincoln and a meal to be served Sunday, Sept. 19, hopefully in the new K. C. building.

Proceeds will be used to help complete the new building which will serve as a center for church and community activities.

Committee chairman John Portie said that Shetler Lincoln of lake Charles will deliver to the K.Cs. the first 1983 Lincoln to arrive.

Tickets will be available at various businesses, to be announced later.

Work begun on bouy project

A program which provides funding for the surveying of underwater obstructions located within the 3-mile limit and Calcasieu Lake in Cameron Parish was begun in the parish with a meeting of marine interests and fishermen this week in the Police Jury Annex.

Those in attendance identified the 14 most severe navigational hazards in the area and they will be bouyed for identification.

Book charts showing underwater hangs on a larger scale in more specific areas will be made available to fishermen when this project is complete.

These charts will be more accurate and usable than the large parish chart of hangs which was previously made available to fishermen in Cameron in 1981.

The buoy program is a pilot program which may be continued in other areas if successfu.

The fishing industry commended the state legislature for the initial passage of the Fishermen's Gear Compensation Fund legislation and subsequent support of its continuance because of the funding provided for the buoying program will come from the Fishermens Gear Fund.

Two taxes on ballot Sat.

One district tax and a parishwide tax will be on the ballot in the election to be held in Cameron parish Saturday, April 3.

The parishwide tax issue is on the renewal of a 5 mill mosquito abatement district tax for ten years to continue the fight to control mosquitoes in the parish.

The district does extensive spraying both on the ground and by air during the mosquito season to control the insects.

The other tax will only be voted on Cameron Water District No. 1 which takes in the town of Cameron and immediate area and is for the renewal of a 2.30 mill tax for ten years to maintain the water system for the town.

Polls will open at 6 a.m. and close at p.m.

Employment is up here

Cameron parish's unemployment rate in February was 7.8 percent, slightly lower than 9.6 percent rate for Louisiana and much lower than the 12 percent for Calcasieu parish.

The parish's labor force was listed at 4,475 with 4,125 persons employed and 350 unemployed.

The parish's unemployment rate was down from 8.3 percent in January.

The parish was in good shape compared to some other parishes--Allen parish had a 28.3 unemployment rate, West Carrol 26.3 and East Carroll, 25.2.

Unit closed

Dr. Russell R. Conley, Regional Medical Director, has announced that the Cameron Parish Health Unit and all its branch offices will be closed Friday, April 9, for Good Friday. All clinics that are scheduled for that day will be rescheduled.

Crippled Children drive begun here

The annual Cameron Parish drive for the Calcasieu - Cameron Association for Crippled Children and Adults was kicked-off this week at a meeting in the Cameron State Bank.

Mrs. Loretta Seay is parish chairman of the drive, according to E. J. Dronet and Mrs. Norma Blake, board members of the Association.

Community chairmen are: Mrs. Yvonne Mhire, Cameron; Mrs. Peggy Mhire, Grand Chenier; Mrs. Barbara Dickinson, Grand Lake; Mrs. Jeanette Landry, Hackberry; Mrs. Viola Bourriague, Creole; and Juanita Sandifer, Johnson Bayou.

Mrs. Geneva Griffith is director of publicity.

The organization of the bi-parish group was held in 1974 to provide services for the needy crippled citizens in the community. All of the money stays in the parish and none is sent to any national organization.

All of the work is carried on by volunteers and there are no paid workers. Funds are obtained by asking for donations, street drives, school drives, special events, memorials and by $3 memberships, which are welcomed.

A referral by a doctor, the public health department-handicap clinic is needed to obtain the services which are braces, wheelchairs, lifts, crutches, orthopedic shoes, bedside commodes, walkers, artificial limbs, transportation to the doctor and hospital in New Orleans, and other requests, which are presented to a review committee for consideration.

Services not provided are hospital and doctor bills, buying hospital beds, electric wheelchairs and medication.

Last year $1,170.55 was spent on services in Cameron parish.

Contract let on state job at Creole

Governor David C. Treen and local state legislators today announced the signing of a $279,790 contract with Demal, Inc. of Lake Charles, for installation of steel buildings and related work in Cameron Parish.

Department of Transportation and Development Secretary Paul Hardy said the company will begin work at the Department of Transportation and Development's Creole Maintenance Unit site at Creole at the junction of Highways 27 and 82.

The project is funded entirely by the state.

Legislators instrumental in the acquisition of funds for the project are Senator Cliff Newman and Rep. Conway LeBleu.

Bank issues 1st published annual report

The Cameron State Bank recently issued its first published Annual Report.

In addition to containing detailed information on the bank's financial condition, the report contains photographs representative of the fishing, oil, gas and farming industries in the parish.

The report also contains a message to the shareholders from Bank President E. J. Dronet, scenes of banking activities, and pictures of the bank's directors and officers.

Knight, Daughter of Year named

By GENEVA GRIFFITH

Roger Lancon and Mrs. Corrine Willis were named Knight and Daughter of the Year at the 18th annual Knight and Daughter of the Year Award Banquet of Our Lady Star of the Sea KC Council and CDA Court held Sunday night at the VFW hall in Cameron.

They were cited for work for their organizations during the past year.

Mrs. Willis received her award from last year's winner, Mrs. Brenda Nash and Lancon received his award from last year's Knight of the Year, John Portie, Jr.

Other CDA nominees were Anita Burleigh, Edna Cunningham, Rose Loncon and Phalia Saltzman.

Other Knight nominees were Tony Cheramie, Milton Theriot, Calvin Boudreaux, Gordie Willis and Wadley Saltzman.

Dana Conner and Raymond Duhon were announced as the Catholic Youth Associate candidates.

Howard Lancon, Grand Knight called the banquet to order after a social hour, and introduced the public officials, special guests and K.C. officers.

Mrs. Mabel Saltzman, CDA Regent introduced the CDA officers and guests.

Claude Hebert served as Master of Ceremonies and Msgr. Curtis Vidrine gave the blessing and the benediction.

Msgr. Vidrine introduced the guest speaker Msgr. Irvin DeBlanc, the Vicor of the West Deanery and the pastor of Our Lady Queen of Heaven church in Lake Charles, who spoke on spiritual problems and moral integrity in the communities. He urged the maintaining of strong family ties and strength in each persons faith.

Sturlese named

Richard M. Sturlese of Grand Chenier was recently elected second vice president of the Louisiana Cattlemen's Association. He succeeds Charles Broussard of Kaplan who is now president-elect of the state association.

Mr. Sturlese has been the secretary/treasurer of the Cameron Parish Cattlemen's Association since 1979. He was vice president of District V last year and on the board of directors of LCA. In this position he represented members in his district and was liaison between the LCA board and those members. Parishes in District V include Beauregard, Allen, Calcasieu, Jefferson Davis and Cameron.

Mr. Sturlese is a board member of the Louisiana Brahman Association and has been board chairman of the South Cameron Hospital District since 1980. He is a member of the Lions Club in Cameron, the Knights of Columbus in Creole, and the American Brahman Breeders Association.

His cattle operation consists of 75 registered Brahmans and 110 commercial cattle. Mr. Sturlese is self employed. He and his wife, the former Linda Canik, live in Grand Chenier with their three young daughters.

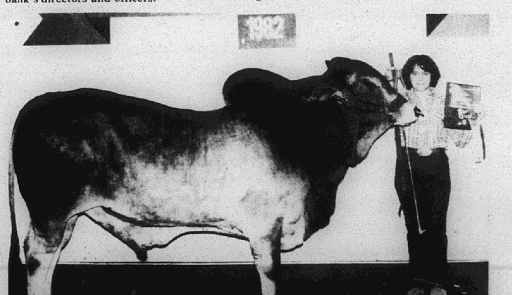
Books given here

The Xerox Educational Corporation has donated a large number of books and posters to the 40 migrant education programs in Louisiana, and Cameron Parish will be receiving about 4,500 new paperback books and colorful posters in the near future.

Some 175 migrant students in grades K-12 will benefit by this gift. Fifty percent or more of these books/posters will be given to the students as motivational incentives, rewards, or gifts, allowing them to begin or add to their home libraries.

The remaining books and posters will be used as lending libraries for the migrant students throughout the parish. All books and posters will be reviewed by teachers and parents at each school for censorship and readability levels.

Many of the books will be used in the summer school migrant program where by the end of the summer, all the summer school books will be given away for ownership.



Besides the big book and poster giveaway planned for this summer, there will be many fun-filled activities, field trips, and structured educational courses provided.

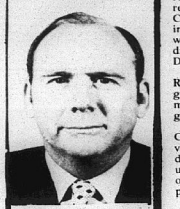
RAY HENDRIX, Conoco Plant Chemist, left, presents a donation to Robert Mhire, chief of Grand Chenier Volunteer Fire Department.

Check is given to Chenier fire dept.



The Grand Chenier Volunteer Fire Dept. recently received a $100 check and a resuscitator unit from the Conoco Gas Processing Plant in Grand Chenier. The gift was presented by Ray Hendrix in behalf of Herman Doescher, Plant Manager.

Volunteer Fire Chief Robert Mhire accepted the gift in behalf of his department and expressed his gratitude to Conoco.

He pointed out the Grand Chenier Department was a volunteer organization and donations such as this are used to help defray the cost of operating the unit and purchase of equipment.

Others interested in donations of money or equipment may contact Mr. Mhire at 538-2276.

County Agent Report

By Clifford Myers

I decided to write on the highlights of my activities of last week for this weeks report.

The Southwest Area Extension Service County Agents, District Agent and State Office personnels including Director Loupe honored the area Legislators last Monday evening in Jennings. The Jeff Davis staff served a roast pig cooked in a homemade microwave oven.

I thoroughly enjoyed the trip with Rep. Conway LeBleu and also meeting the other Legislators from Southwest Louisiana. We had an opportunity to exchange some ideas on the current agriculture situation.

I traveled to Lafayette Tuesday evening with Billy Doland, member of the State Livestock Sanitary Board, Glen Veazay, District VIII Louisiana Cattleman Assoc. vice president and Cecil McCory, Associate County Agent Vermillion Parish in reference to a meeting with commissioner of Agriculture Bob Odom.

Our purpose to meet with Mr. Odom was to discuss the current fire ant control situation. He stated that the new chemical "Ferrimicide" is being investigated for possible release. The only available product at the present time is "Amdro" which is in the form of a bait. It can be picked-up at their district office in Crowley. The number to call is 783-6224. It is suggested to call before going.

Mr. Odom told me during our visit that if we can locate storage facilities in Cameron that his Department would send some Amdro bait. I, therefore, checked with Don Menard, Mosquito control director, for possible storage at the mosquito office and will be able to do so. The public will be notified whenever it becomes available locally. It will be packaged in 25 pound bags for $37.50 per bag and 1 pound bags for $2 per bag.

Several LSU veterinary professors doing research on reproduction disease and liver fluke infestation in the parish were at Jimbo Henry's and Conway LeBleu's farm Wednesday. Assisting them were three veterinary students who will be graduating in May. Among the students was Trent Fogleman, one of my former outstanding 4-H members in Acadia parish. We all enjoyed a delicious meal at the Henrys prepared by Mrs. Henry and Mrs. LeBleu.

I visited with Larry St.Cyr, beef director with Louisiana Animal Breeders Co-op on Thursday. Mr. St.Cyr is closing an excellent job in the beef division of LABC. He reported on several new and prospective sires of which semen will become available in the near future.

On Thursday I also called for a few appointments in the Johnson Bayou area. Harry Erbelding wanted information on the possibilities of controlling insects in his pecan trees. As in the case with pecan trees, their height makes it nearly impossible to spray. Therefore, he is planning on incorporating Di-Syston granules under the trees. Di-Syston is a systamic.

Other information requested in the area was on the control of termites. Termites, when present in a building, will swarm in early spring. Winged ants are often mistaken for termites. There are two easy ways to tell them apart: ants are constricted or "pinched in" at the waistline. Termites have a thick waistline. Their wings are different. The rear pair of wings of an ant are considerably smaller than the front wings. There is little difference in size between the front and rear wings of a termite. Once they are identified, apply chlordane in a manner to form a barrier between the ground and the building.

A few visits in the Sweetlake area Friday indicated only a few rice fields planted. Billy Ewing, field office clerk with Sweetlake Land and Oil Co., reported very few fields planted on company land.

The annual West Louisiana Experiment Station field day Saturday was a wet one, unfortunately. Visitors had an opportunity to see some of the results obtained from the following: Beef cow-calf management systems on improved pastures, producing slaughter beef year round using primarily forages, new legumes including alfalfa, soil fertility studies, beef replacement heifer management, utilizing winter annuals sodseeded or on a prepared seedbed, and summer perennials and summer annuals for beef animals.

Considerable amount of time was spent last week and this week on billing buyers and checking on market animal disposition, etc. As a result of the annual 4-H and F.F.A. market animal sale held during the parish show the latter part of January.

Region fair is Fri., Sat.

Entries in the 27th Annual Region Five Science Fair set for April 2-3 on the McNeese State University campus include 454 projects covering 22 areas of science and submitted by approximately 50 schools.

Dr. Robert Maples, professor of biology and director of the fair, says the event is sponsored by McNeese, the Calcasieu and Cameron Parish School Boards and the Louisiana Academy of Sciences. He adds that eight awards, including trophies, plaques, certificates and a McNeese scholarship, will be presented during ceremonies set for 10 a.m. Saturday, April 3, in Parra Ballroom.

Individual awards will be made to first place winners and certificates will be given to second and third place winners. Judging is set for 6 p.m., Friday, April 2 and the exhibits--junior and senior--will be housed in Parra Ballroom while the elementary projects will be displayed in McNeese's Memorial gymnasium.

Dr. Maples says that first and second place winners in the junior and senior division will be eligible for the State Science Fair set for April 16-17 at Louisiana State University in Baton Rouge.

Probably the smallest of our presidents, James Madison, at five feet four, never weighed more than 100 pounds.

Grand Chenier

By Elora Montie

Mrs. Aspasie Miller, who spent some time in Memorial hospital in Lake Charles, was taken to the home of a daughter, Mr. and Mrs. Lionel Theriot, Friday.

Mrs. Sanders (Marie) Miller underwent surgery in a New Orleans hospital recently.

Brandon Carter, who had surgery in St. Patrick's hospital in Lake Charles, is showing improvement.

Eulice Kershaw spent some time home from the hospital but was taken back to South Cameron hospital in Creole Friday.

Mrs. Mona Kelley of Cameron, formerly of Grand Chenier, who underwent surgery will spend a few days with her parents, Mr. and mrs. Dallas Brasseaux.

NEW VEHICLES

New pickup trucks on the Chenier recently were: a dark blue with silver trim, 1982 GMC for Milton Collins; a light blue 1982 GMC for Lloid Hebert; a brown 1982 Chevrolet pickup truck for Martine Trahan; and a light blue 1982 Chevrolet pickup truck for Scott Trahan.

Alvin Conner is still in St. Patrick's hospital undergoing treatments.

Mr. and Vickie James and family of Crowley, spent the weekend with Mr. and Mrs. Bill James.

Mrs. Bertha Swire was visited Sunday by her daughter-in-law, Mrs. Elsie Swire and family of Lake Charles.

Miss Marilyn Miller of New Orleans spent several days at her home here.

Mr. and Mrs. Eddie Eshew and children of Jennings, spent the weekend with r. and Mrs. Evans Milsre. Also visiting them over the weekend were Kim Parker and her grandmother of Houston, Tex.

Mrs. Edmond Bertrand spent Monday thru Friday with Glenn and Della Richard in Scott.

Mr. and Mrs. Freddie Richard had a crawfish boil Sunday at their home where 40 attended.

Mr. and Mrs. Dudley Thibodeaux of Lake Arthur visited Mr. Thibodeaux's sister, Mrs. Rosa Milsre.

Mrs. Eve K. Nesquin, formerly of Grand Chenier, left Thursday for Maryland where she has been working for some time.

Belinda Vincent of Lake Charles, where she is attending college, spent the weekend with Lynn and Sue Vincent.

Mr. and Mrs. A. D. Trahan and Mr. and Mrs. Clyde Miller went to Houston, Friday.

Spending the weekend with Mr. and Mrs. Guy Murphy Jr. were Mrs. Sylvia Gouldsie and family and Mr. and Mrs. Lonnie Primeaux and family, all of Lake Charles.

Tribute set for Dr. King

A memorial tribute to the late Dr. Martin Luther King, Jr. will be held Sunday, April 4 at 11 a.m. at the Old Emanuel Baptist Church at North Prater Street in Lake Charles.

The Cameron NAACP chapter will take part in the ceremony.

Posters made by G. C. class

The Grand Chenier third grade recently made posters illustrating a home which they entered in the Science Fair.

Winners in the poster contest were Tara Pierson, 1st; Michelle George, 2nd; D'Juana Nunez, 3rd; and Mollie Mitchell, honorable mention.

Their teacher is Mrs. Charlotte Treuclair.

Hackberry delegates go to meet

On March 25-27, members of the Louisiana Home Economics Association met in Monroe, for their 30th annual meeting.

Mrs. Vickie Parker, teacher at Hackberry High and Mrs. Tracy Myers, McNeese college student attended the event as Cameron Parish representatives.

Kershaw goes to Spain

Roland Kershaw of Houston, son of Mr. and Mrs. Abel Kershaw of Hackberry, recently returned from Spain where he made a maintenance call for the computer service for which he works.

He brought back a number of souvenirs for his wife Pat, and daughter Caryn.

Roland is a graduate of Hackberry high school and took electronics at Sowela Tech in Lake Charles.

Last Supper to be acted at G. Chenier

A re-enactment of the Last Supper of our Lord will be held at the Grand Chenier United Methodist Church Thursday, April 8, at 6 p.m. and at Wakefield Memorial United Methodist church at 7:30 p.m.

This is a candlelight communion service and is open to the public.

Festival to be held at Natchitoches

Louisiana's gigantic oil and gas industry will receive special recognition Jul. 16-18 when the Louisiana Folklife Center of Northwester State University produces the third annual Natchitoches Folk Festival in NSU Prather Coliseum.

During the multi-cultural festival, more than 20 interesting, informative exhibits developed from historical, cultural, economic and technological perspectives will give visitors from throughout the state and nation a greater appreciation of an industry that has become the foremost contributor to the economy of Louisiana.

NSU professor Dr. Donald W. Hatley, director of the Louisiana Folklife Center and Natchitoches Folk Festival, said the festival's oil and gas component is being modeled after the energy exhibit at the Smithsonian Institute's 1978 Festival of American Folklife in Washington, D.C.

The Natchitoches Folk Festival's oil and gas exhibit will emphasize not only traditional a special presentation of Louisiana's traditional folk crafts, music, ethnic foods and storytellers, Hatley said.

The festival is committed to the documentation and preservation of the state's rapidly disappearing cultural heritage. The preservation of music and musical styles, folk foods and ways of cooking, old-time crafts, folk narratives, tools and machines make the program different from others around the country.

The 1982 Natchitoches Folk Festival will feature four sessions, including Friday and Saturday night music shows at 8 p.m. and daytime programs Saturday from 10 a.m. to 6 p.m. and Sunday from 10 a.m. to 4 p.m.

Visitors to the festival will hear old-time Mississippi River blues, bluegrass, lively Zodico, Cajun, old - time country and gospel music. Ethnic food varieties will include Coushwia Indian fry bread, meat pies, tamales, barbecue, fried catfish, boudin, jambalaya and pastries. Also, more than 30 master folk craftsmen will be demonstrating how their ancestors "made things right and passed them along."

Admission to the festival's Friday and Saturday night music shows and the daytime programs on Saturday and Sunday will be $2 for adults and $2 for children 12 years and younger. For information, call (318) 357-4332 or write Natchitoches Folk Festival, P.O. Box 5663, Northwestern State University, Natchitoches, La., 71457.

In addition to providing energy for the festival, jobs, dustry, jobs, payrolls, state taxes and royalties, a large amount of labore and a large number of folkways have developed out of the Louisiana oil & gas industry.

Oil and gas follows timber in 1981 and cotton in 1980 as industrial components developed for the natchitoches Folk Festival to present various aspects of life in Louisiana. The festival examines the development of the industry as well as the daily work experiences of the people on whom the industry depends.

Planned as the focal points for the festival's oil and gas exhibit are a "work-over" drilling rig to be located outside Prather Coliseum and a small cable derrick positioned inside the air-conditioned arena to serve as an area for demonstrations and storytelling sessions.

The Natchitoches Folk Festival's salute to the Louisiana oil and gas industry will feature numerous photographic exhibits, tool and machinery displays, pump designs, film and slide presentations, model rigs and industrial units, geological formations which indicate different exploration and production problems, and sessions when veterans of the industry will explain what the industry was like in its colorful past and also what it is like today.

The Louisiana oil and gas industry's contributions to the state's economy in 1981 included more than $500 million poured into the state treasury in severance taxes and almost $400 million in lease rental, bonus and royalty money.

Last year, 150,944 citizens of Louisiana lived and their living in the oil and gas industry. Based on an average family size of 3.5 persons, that means more than 600,000 Louisianians are members of oil industry families.

Two years ago, the lease and royalty income paid by the oil and gas industry to the state of Louisiana soared to an all-time record of more than $545 million.

Today, the industry's Louisiana payroll exceeds $3 billion, but the figure is much bigger when support jobs that exist because of the presence of the oil and gas industry are added.

Papal honors to be given area people

Papal decorations and honors will be conferred upon lay people and members of the clergy at a Diocese of Lake Charles honors convocation on Sunday, April 25, it has been announced by Bishop Jude Speyrer.

The convocation, which marks the second anniversary of the founding of the diocese, is scheduled to begin at 2 p.m., in the Cathedral of the Immaculate Conception, the bishop said.

Papal decorations and Pontifical Orders of Knighthood will be conferred upon lay men and women for services to the dioceses, and a number of lay people will also be decorated with the Order of St. Charles, a diocesan decoration instituted by Bishop Speyrer.

In addition, a number of priests of the diocese will be invested with the dignities of the Papal Household.

The Most Rev. Gerard L. Frey, Bishop of Lafayette, will preach the homily to mark the occasion, and the ceremonies of investiture will be concluded with the Benediction of the Blessed Sacrament.

Color Corps representing the Fourth Degree Knights of Columbus and Fourth Degree Knights of Peter Claver will escort the attending dignitaries. Knights of St. Gregory the Great of the diocese will provide escorts for both Bishop Speyrer and Bishop Frey.

All holders of diocesan and papal honors, as well as members of the clergy of the diocese have been invited to attend the ceremony.

Msgr. A. J. Vincent of Lake Charles will be master of cermonies.

Ducks, geese are fascinating

By BERNICE STEWART DENNY

On more than one occasion this past winter my husband and I have stopped our car on one of the highways in our area to gaze in awe at the thousands upon thousands of feathered visitors from the cold regions of the north.

Each time I wished with all my heart that I were an artist to capture on canvas or a poet to hold forever in rhythm the grace and beauty of the wild geese that rested in the fields bordering the road.

There were the Canada goose and the brant, the snow goose and the speckled belly. They wore combinations of black, white, brown, and gray. They seemed to intermingle with one another. Did they really fraternize, I wondered, or did they congregate primarily within their specific groups?

Clint pointed out that, unlike most fowls, both sexes of geese of a particular species have the same plumage.

He showed me his migratory bird hunting license with its proper hunting and conservation stamps. He explained that the money from the stamps goes to help provide and support a proper habitat for breeding grounds in Canada. He praised Ducks Unlimited, an organization with a similar purpose.

Clint explained that although ducks abound in marshes and woodlands, geese choose cleared areas. In the fall they forage on cut-over rice lands. In the winter and early spring they feed on rye grass and winter wheat. They favor rice fields in which levees hold ponds of water.

Most wild geese, naturalists tell us, are monogamous. If the mate of one is killed, the surviving one may refuse to leave the site. When all the others migrate, it remains behind. Its plaintive wail echoes across the field.

As intriguing as are the geese at rest, they are even more fascinating in flight. Clint says that they fly in companies, a leader heading each. They rank among the fastest flying birds.

One day while driving past their favorite haunts, we observed them in ground action. They reminded us of an army of soldiers being drilled by top sergeants.

From childhood up I have been thrilled by the honking of wild geese arriving in the fall. I could never quite analyze the sound. Was it the announcement of victory over a long weary flight? Was it a declaration that once more these grounds belonged to them? Or was it a hosanna, an outcry of praise and worship to the Creator of all things?

Before long a plaintive honk will resound through the silence of night. It will be an announcement of the departure of the wild geese from here to their breeding grounds in the north.

Again, that trumpeting honk may be a hosanna for the Providence that sustained them through another winter, but its undertone may be a dirge to the memory of their kindred that fly no more.

G. Chenier 4-H club

The Grand Chenier 4-H Club meeting was called to order on March 24 by President Dwayne Nunez. Secretary Angela conner read the minutes. Tammy Duprie and Kelley Richard led the pledges. Reporter Rhonda Perry read old and new business.

Treasurer Lance McNease reported a balance of $531.47.

Agent Gary Wicke talked about the newsletter, 4-H camp and dates to remember. He distributed photographs of livestock animals with their owner and buyers. He presented a slide presentation on making a dairy poster.

Knowles has praise for Fontenot, Jones

By Jesse Knowles
Chairman, Louisiana Wildlife and Fisheries Commission

I wish to take this opportunity to express the appreciation of the Wildlife and Fisheries Commission to Judge H. Ward Fontenot of the Thirty-Eighth Judicial District Court in Cameron, and to District Attorney Jerry G. Jones on their recent handling of a wildlife case.

Lawrence Lachney of Ville Platte, pleaded guilty to selling deer meat to an undercover agent of the wildlife department and was fined $750 plus costs of court, and placed upon two years of supervised probation.

He was also sentenced to 60 days in jail, but that part of the sentence was suspended.

In doing so, I would also like to call attention to the fine cooperation which the department has been getting from the courts in general, and of the new attitude that seems prevalent regarding the seriousness of wildlife violations.

In some instances, particularly in the last year or so, many of our judges have meted out stiff fines and jail sentences for violations of state laws pertaining to the illegal taking of game and game fish, and the selling of game and game fish.

It has been evident to me, too, that our district attorneys are not reluctant to take on wildlife cases. They appear to be treating those cases with the same importance they place on other types of cases if two men prosecuting with determination.

To briefly familiarize you with what is taking place today in a recent case involving 10 people who were arrested by wildlife agents for selling deer and other game, bonds totaling more than $50,000 were set by Judges Edward N. Engolio, Sr., and Daniel P. Kimball of the Eighteenth Judicial District Court.

Judge Engolio, in an earlier case, sentenced Jerry W. Hutzler, Sr. of Morganza, La., to a fine of $600 plus court costs of $50, and 60 days in jail for selling deer meat. District Attorney Joseph Cole of Port Allen, La., handled the case for the state.

Another example can be seen in the fining of Gregory A. Cooley of Denham Springs of $550 and his sentence to 30 days in jail for taking deer in closed season and hunting without a license. The fine & sentence was meted out by Judge William R. Kline, Jr., of the Twentieth Judicial District Court, with District Attorney Leon A. Picou, Jr., of St. Francisville, handling the case for the state.

I could cite many other instances in the past year when we have received full support from the courts in the prosecution and sentencing of violators of wildlife laws. These are sufficient. I think to illustrate what I amy trying to demonstrate.

There was a time, not too many years ago, when wildlife violations were winked at. Many people looked upon the taking of game out of season as a minor infraction of the law. They looked upon the practice as sly and not really important.

Now it appears those days are long gone. In 1981, wildlife agents issued over 23,000 citations for violations of hunting, fishing and boating laws or regulations. This set a new record in the total number of citations issued during any single year in the department's history.

Naturally, many of these violations are not major ones. In most cases, there are prescribed fines. But all citations are important in the orderly use of our wildlife and fisheries resources and the safe and proper use of boats on our waterways.

As for the serious cases, we are deeply gratful for the concern and full cooperation from the courts that we are now receiving.

Mr. Theriot rites held

Funeral services for Dallas Theriot, 57, were held at 10 a.m. Tuesday, March 30, in Sacred Heart Catholic Church in Creole.

Msgr. Curtis Vidrine officiated. Burial was in Sacred Heart Cemetery under the direction of Hixson-O'Donnell Funeral Home.

A Rosary was recited at 8 p.m. Monday, March 29, in the funeral home chapel.

Mr. Theriot died at 6:15 a.m. Sunday at a Lake Charles hospital.

A native of Erath, he lived in Cameron for the past 43 years. Mr. Theriot was a net repairman for Zapata Haney of Cameron.

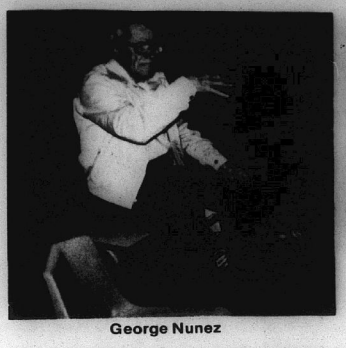
Mr. Theriot was a member of the VFW Post 1019 in Cameron and American Legion 176 in Creole.

Survivors include his wife, Mrs. Ruth Theriot of Cameron; one son, Glenn Theriot of Cameron; three brothers, Fredman Theriot of Creole and Terry and Leslie Theriot, both of Cameron; one sister, Mrs. Vernice Hicks; his mother, Mrs. Theresa Theriot, both of Cameron, and four grandchildren.

Gear fund pays for net losses

Many area commercial shrimpers have been utilizing and benefiting from the Louisiana Fishermen's Gear Compensation Fund to date.

All area shrimpers are encouraged to utilize the program which pays for gear damage lost due to unmarked underwater obstructions located within state waters (Gulf of Mexico to 3 miles offshore and inland waters south of the Intercoastal Canal Waterway.)



If any full-time commercial fisherman, who makes over 50 percent of his income from fishing, looses gear due to underwater hangs they are asked to call Ed Wagner, Hand Fund Administrator, collect at (504) 342-4600 or contact the office of Paul Coreil, Assistant Area Agent for Fisheries and Wildlife for Cameron and Calcasieu parishes in the county agent's office in the Cameron courthouse.

Boat may be C. G. Service

Marine interests in the area are advised that the Reagan Administration is again considering the possibility of placing user fees on all marine boats and vessels to pay for the services presently provided by the U. S. Coast Guard at no charge.

This includes search and rescue operations, LORAN C Navigation services and similar un-named services.

The annual cost per vessel is still not being released, however, it is believed that all boats, from small recreational aluminum boats to large oil field work boats will be assessed a user fee if this legislation passes.

George Nunez

Jason's grandfather wows sixth graders

Recently the Grand Lake sixth grade class was fortunate to have as a social studies resource speaker, George Nunez, who is Jason Nunez's grandfather and a senior citizen in the community. Jason is a sixth grade student at Grand Lake.

The scheduled 45 minute talk on Cameron Parish's educational system from about 1917-1925 lapsed into a two hour non-stop discussion and question and answer session, including not only educational history, but family and social life, occupations, religion, and economic conditions during this time period.

The children sat spellbound by his accurate account of boyhood activities, his unquestionable knowledge and wisdom, and his charming personality during the lecture. Mr. Nunez, who was 72 years old on George Washington's birthday brought with him no visual aids, except a remarkable vocabulary, frequent hand gestures, and facial expressions that held the undivided attention of every student in the classroom until his talk was interrupted by Coach Duhon, the physical education teacher.

An outstanding trait which he used during his talk was the ability to compare differences and similarities with the educational opportunities of the 1920s and 1980s. He compared class grouping, subjects taught, transportation, and discipline.

Although he worked hard in school and made good grades, he claimed to be a bit rowdy. He recalled the time he caught a sack of quail in his barn and let them go in the schoolhouse at night. When his teacher opened the schoolhouse doors the next morning, twenty or more quail flushed wildly about the room frightening her.

This wasn't bad according to Mr. Nunez, the worst stunt he pulled was when he tied his teacher's buggy wheels so that they would not roll when pulled by the horse. He said that he had to write lines for his punishment.

He didn't hesitate to point out that whatever tricks he played on people, he'd never do anything that he would not allow to be done to him, also.

When discussing school lunches Mr. Nunez humorously added, "We had the best lunches because we carried them from home, and we didn't eat the same thing two days in a row. We had cornbread and syrup one day and syrup and cornbread the next."

Other important and interesting topics discussed were food preservation, clothes, medicine, and wages. Meats were preserved in hog lard, and vegetables were canned in jars. Overalls were worn by the boys and girls wore gingham dresses. He added, "I had three paris of overalls. The one with no patches I wore on Sunday, the one with one patch I wore at school, and the one with two or more patches I wore at home after school."

When the discussion of bathroom facilities was mentioned, Mr. Nunez carefully described the outhouse and use of theSears and Roebuck catalog. This prompted many outhouse stories from the children as was told to them by their parents and grandparents.

On the subject of medicine, Mr. Nunez was quick to let students know that were no drug stores readily available, and the two basic medicines used were casteroil and Epsom salt.

When discussing economic conditions, the point which most impressed the students was the purchase of a 1930 Chevy roadster for $375. Today, he added, "You can't buy a good set of tires for that price." He went on to discuss his many occupations and daily wages through these years.

He also explained the cost of food and other items in relation to people's salaries. He compared the price of renting houses then and today. Summing up the money situation he expressed, "A millionaire in 1930 is worth only $160,000 today."

Because of the intense curiosity the students have in wanting to know what their grandparents did when they were 10 and 11 years old, Mrs. Roselyn LeMaire, their teacher, has agreed to having a day in the 1930s for them.

Students will be allowed to bring articles and relics used in the olden days, dress as the children did then, and invite their grandparents to visit the classroom, Friday, March 26.

Lead, steel shot study is completed

The Cooperative Wildlife Research Unit at LSU, in cooperation with the U. S. Fish and Wildlife Service and the Louisiana Department of Wildlife and Fisheries has completed a study of the relative effectiveness of lead and steel shot for hunting ducks under field conditions in Louisiana.

The loads compared were 12 gauge 1-1/4 oz. of No. 6 lead shot and 1-1/8 oz. of No. 4 steel shot. These two shells were selected because they were the most popular shot shell loads for duck hunting in Louisiana, readily available and ballistically comparable.

During the 1980-81 and 1981-82 duck hunting seasons over 1,000 hunters expended 8,042 No. 6 lead shot shells and 8,647 No. 4 steel shot shells manufactured by Federal Cartridge Corporation in order to bag 2,235 ducks. One thousand two hundred forty-five (1,245) ducks were bagged with lead shot and 990 with steel shot. also 803 ducks were crippled: 366 with lead shot and 437 with steel shot (a duck visibly hit but not retrieved was classified as a cripple).

Identity of the shells used was not known by the hunter, the observer in the blind, the shell handler, the project field supervisor or statistician until the study was completed and the data analyzed. This was done in an effort to eliminate any bias that may have resulted from prior knowledge of the type load.

Analysis of the data revealed the following information:

1. Mallard and gadwall were the most common species bagged in 1980 and 1981 followed by teal and shoveler.

2. There was no evidence that the species composition of the bag differed between loads.

3. Twenty one percent more ducks were hit per shot fired with No. 6 lead than with No. 4 steel.

4. Of the birds hit, No. 4 steel crippled 41 percent more than No. 6 lead.

5. Long range shots - over 35 yards - resulted in an increase of 55 percent in cripples per hit for both loads combined.

Dr. Bertrand

Bertrand in race

Dr. John A. Bertrand of Crowley announced he is a candidate for the State Board of Elementary and Secondary Education in the election for the Board seat representing the Seventh Congressional District on Sept. 11.

Dr. Bertrand is presently superintendent of schools for Acadia Parish, a position he has held for the past 17 years. Bertrand began his career in 1950 as a teacher at North Rayne Elementary School.

He served as a teacher and school administrator in Calcasieu Parish from 1952-1965.

He was a teacher at LaGrange High School and served as principal at Starks High School, College Oaks Elementary and F. K. White Junior High School.

He holds a B. A. from Southwestern Louisiana Institute, an M. S. Degree from LSU and a Ph.D from the University of Texas. Bertrand is married to the former Ella Mae Simar of Iota and they have four children and two grandchildren.

Conference to be held

A Cana Conference will be conducted by Msgr. Irving DeBlanc, Vicar General of the Lake Charles Diocese, at the Catholic Life Center in Creole on Palm Sunday, April 4.

This afternoon retreat for married couples will begin at 3 and end with a Sunday Mass at 5.

Parishioners of Sacred Heart and St. Rose churces are asked to make their reservations as soon as possible. Due to limited space such reservations will be accepted on a "first come, first served" basis according to Msgr. M. J. Bernard, pastor.

Shrimp catch is new record

The 1981 Louisiana shrimp catch in both volume and value set a new record, surpassing the previous record set in 1978.

Over 69.5 million pounds of shrimp tails valued at 116.8 million dollars were landed with average price per pound of tails being $1.86.

Some good news about shrimp imports is that in 1981 the United States imported less Mexican shrimp than in 1980.

About 76 million pounds were imported from Mexico in 1980;. In 1981 only 60 million pounds were imported from that country.

This drop can be significant in aiding the poor shrimp price in this country which is definitely influenced by the low cost, high-volume shrimp imports from all foreign countries, especially Mexico, the largest shrimp importer.

Airplane lands on highway at H. Beach

A Piper Cherokee single engine six passenger airplane, owned by J and T Hotshot Service out of Lafayette, made an emergency landing at 8:15 a.m. Wednesday, March 24, on La. 82, one and one-half miles west of Holly Beach.

The pilot Vincent Basset, 19, of Amsterdam, Holland, now living in New Iberia, said that he had left Lafayette at 6:45 a.m. in route to Jefferson County Airport in Beaumont, Texas, with three passengers who are employed by Southern Gulf Boat Co.

He lost communication and his navigation went out while he was flying at 4,000 feet and the visibility was zero, so he flew out over the Gulf and was hunting for a hole in the weather. He spotted the shore line and planned to land on the highway that runs adjacent to the water.

As he went to land, an 18-wheeler loomed into view on the road. He pulled up and circled around and landed on the highway within 15 feet of a truck that had stopped to fix a flat tire. Then the plane was pulled to a roadside park and a mechanic was called to repair the plane.

Sentences are given

The following sentences wre handed down in 38th Judicial District Court by Judge H. Ward Fontenot.

Francis V. Votsmer, 57, Spring, Texas, 7 days in jail for driving under suspension.

Rodney Dean Mattox, 28, Cameron, $150 and costs or 4 days in jail for possession of drug paraphernalia; and 10 days in jail for driving under suspension.

Wayne Ohara Campbell, 25, 7622 Quail Meadow, Houston, Texas, $61 and costs or 3 days in jail for speeding 71/55; $15 and costs or 1 day in jail for expired drivers license.

Donald D. Champion, 18, Cameron, time already served in jail for disturbing the peace (drunk).

Texas again will delay shrimp opening

Of vital interest to local fishing interests is the news that the 55-day delay last summer in opening the spring shrimp fishing season in federally-controlled waters off the Texas coast would again be placed into effect this year, according to VOAA's Assistant Administrator for Fisheries William G. Gordon.

The spring season's opening will be delayed again from May 22 to July 15 for federal waters off Texas. This closure coincides with a similar closure in effect in Texas state waters for the past several years.

The "Texas Closure" has been and continues to be a very controversial management measure especially among the Louisiana shrimp fishing fleet.

Melvin Boyd

Marcus Tanner

Two named to be on state band

Melvin Boyd and Marcus Tanner of South Cameron High School were recently selected to participate in the Louisiana All Star Marching Band this summer.

Melvin Boyd is in the 11th grade and is first trumpet in the South Cameron High band. He has received eight superior ratings at district solo and ensemble festivals. Since the 8th grade he has been selected twice as outstanding musician and once as Mister Music. He was selected as second alternate in this years district honor band. At present, he holds the position of President of the band.

Marcus is in the 10th grade and is first trombone in the band. Since 8th grade, he has twice received Outstanding Musician. He has received excellent ratings at District Solo and Ensemble Festivals. He has also performed in concert and stage bands at McNeese Band Camp.

Both Melvin and Marcus were featured as soloists with the marching band this past football season.

The All Star Band will consist of approximately 400 instruments and 200 rifles, flags and twirlers throughout the state.

The Band will perform at halftime at the Louisiana All Star Football game Saturday, July 31.

Students are recommended for selection by their high school band director.

Cox rites are held

Funeral services for Beverly Howard Cox, 68, of Sweetlake, were held Monday, March 29, in Johnson Funeral Home Chapel.

The Rev. Finas Corie, pastor of Sweetlake United Methodist Church officiated. Burial was in Highland Memory Gardens.

Mr. Cox died Saturday, March 28, in a Lake Charles hospital after a short illness.

A lifelong resident of Sweetlake, he was a farmer and cattleman. Mr. Cox was a member of the national, Louisiana, Cameron and Calcasieu cattlemen associations.

Mr. Cox was a member of the Cameron Agricultural Stabilization and Conservation Committee (ASCS) for 17 years. He was also a member of the West Cameron Harbor and Terminal District, Cameron Parish Farm Bureau, board of directors of Cameron Parish Mosquito Control and Sweetlake United Methodist Church.

Mr. Cox attended Morningside College in Sioux City, Iowa, majoring in aeronautical science. He later srved in the Army Air Corps during World War II.

A 32nd degree Mason and Shriner, he was a member of Lake Charles Lodge 165, F&AM, and a charter member of the Habibi Temple.

Survivors inclue his wife, Mrs. Johanna E. Cox; one son, Thomas Howard Cox of Sweetlake; two sisters, Jo Ellen Cox of Lake Charles and mrs. Marjorie Johnson of Sweetlake, and one brother, James Cox of Sweetlake.

Bank closed

The Cameron State Bank will be closed Friday for Good Friday. The bank will be open until 6 p.m. Thursday as a convenience to its customers, according to E. J. Dronet, president.

Jobs open

Warner Daigle, who heads the summer recreation program for the town of Cameron, asks that anyone interested in serving as a life guard at the Cameron swimming pool during the summer call him at 775-5011 or 775-5518.

Sunrise service

Easter sunrise services are scheduled for April 11, beginning at 5:45 a.m. in the Grand Chenier State Park.

The sunrise service is being sponsored by the Grand Chenier Baptist and Methodist Churches and the Oak Grove Baptist Church.

The public is invited to attend.

Blood is asked for student

The South Cameron high school student council has begun to campaign to collect blood for Edward Stamm, and 8th grade student at the school who has leukemia.

The youth, who is the som of Mrs. Marjorie Conner, special education teacher at South Cameron, has already used over 100 pints of blood in his fight against the disease.

Karen Savoie, student president, said that everyone who wishes to donate blood for Edward is asked to be at the council at 8:30 a.m., Thursday, April 15 when the Louisiana Blood Center will be there to collect blood.

Candlelight services set

The Wakefield Memorial United Methodist Church of Cameron will hold a candlelight communion service, a reenactment of the Last Supper, at 7:30 p.m. on Thursday, April 8.

A similar service will be held at 6 p.m. at the Grand Chenier Methodist Church.

On Easter Sunday, the two churches will join with other area churches in a Sunrise Service at 6 a.m. at the Grand Chenier park.

Jury cancels cable permit

For the second time within eight months the Cameron parish police jury has revoked a franchise of a cable television company and cable TV service for the parish is no nearer than when it was first proposed two years ago.

Upon a motion by Juror Braxton Blake the jury voted unanimously Tuesday to revoke the non-exclusive contract that had been given Allied Cable Corp. of Beaumont, Texas last October.

Blake said jurors had been mislead by the firm as to the cost of the 24-hour movie channel which was to be offered by another firm in cooperation with the cable company.

Juror Brent Nunez said the customers would have been charged $189.95 for a "black box" needed to receive the movie channel, which would not be [illegible]ndable should the customer drop the service. He said the jury was originally told the box would cost $75 and this would be refundable.

Jurors asked Assistant District Attorney Glenn Alexander if they would be on good legal grounds in revoking the franchise. Alexander said that the jury's contract issued last November had provided that the cable TV firm would have all of its FCC permits within three months, begin construction within six months and be in operation within nine months. He said that since the firm has already missed its first deadline, the contract could be voided.

In a letter concerning a meeting with the jury recently, Charles A. Downing, Jr., president of the cable TV firm stated that the police jury had no jurisdiction over the movie channel operators and that Cameron parish residents were not obligated to subscribe to either the cable TV or the movie channel.

He also stated that a contractor for Cameron Cablevision was currently mapping Cameron, Holly Beach and Hackberry.

He also accused the news media of "sensational news" coverage rather than "factual news reporting" of the March 25 jury meeting in which the cable TV matter was discussed.

The jury last revoked the franchise of another cable TV firm that had been issued about 15 months earlier after the firm was unable to obtain financing to begin construction of the system.

The cancellation of the latest franchise now leaves the jury open for cable TV proposals from other firms.

Bids opened on Hackberry job

R. E. Heidt Construction Co. was the low bidder on the resurfacing of two Cameron parish roads, a total of one mile in length, at Hackberry, it was announced at the Cameron policy jury meeting Tuesday.

The contract will be presented to the U.S. Dept. of Energy for its approval since the agency will share in the cost of the work.

These were roads that were torn up by heavy trucks hauling shell over them to the DOE strategic oil storage facility at Hackberry.

In other business the jury sent a letter to Gov. Dave Treen inviting him to attend the grand opening of the Grand Lake multipurpose building at noon on April 25. The governor aided in securing state funds for the project.

At the request of Juror Braxton Blake authorized a letter to the Corps of Engineers asking the Corps to reconsider its decision not to grant a permit for a high level bridge across the Calcasieu ship channel at Cameron.

The Corps denied the permit after a recent hearing at which Lake Charles shipping interests opposed the bridge on the grounds that it might interfer with navigation on the channel.

The jury approved a one day permit for the J. P. Boudoin Knights of Columbus Council to sell beer and liquor on Sunday, April 24 for a fund raising event.

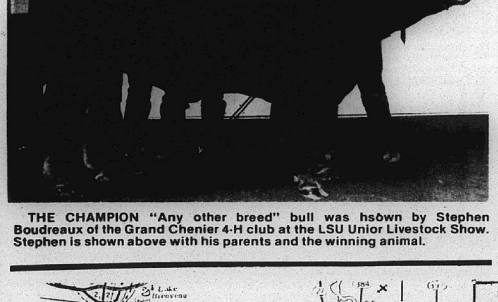
The permit is the first issued under a recently added provision to the parish alcoholic beverage ordinance that permits Sunday alcohol sales by civic, fraternal and religious organizations for fund raising events.

However, it was pointed out by the jury that only organizations which already held regular liquor permits could qualify for the special permits.

The jury rejected a request from Sam Myers for a permit to dredge a canal for access into a well site for oil and gas exploration on the Dr. S. O. Carter Estate property on the

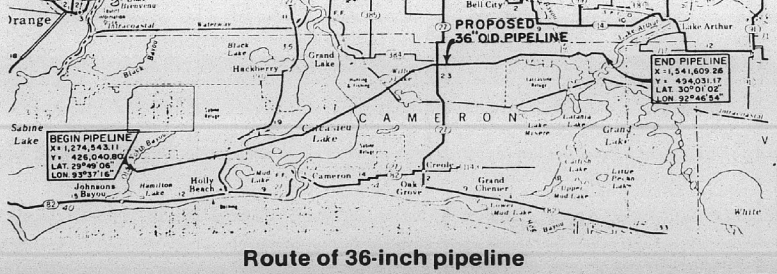
Cont. on page 2.

Pipeline permit sought by firm



Natural Gas Pipeline Company of America has applied for a Corps of Engineers permit across nearly the entire length of Cameron parish.

The 36-inch pipeline will extend from a connect on with an existing pipeline at a location about three miles northeast of Johnson Bayou near Old North Bayou, run north of Holly Beach and cross Calcasieu Lake about 5.5 miles north of the town of Cameron.



The line will cross the Intracoastal canal near Willow Lake and then cross Hwy. 27 near Hackett's Corner and then proceed to parallel the parish line to a point about 8 miles southwest of Lake Arthur.

The proposed pipeline will parallel an existing 30-inch pipeline for the entire route of the line.

The Corps will receive protests or suggestions for modification until May 10.

THE CHAMPION "Any other breed" bull was hsown by Stephen Boudreaux of the Grand Chenier 4-H club at the LSU Unior Livestock Show. Stephen is shown above with his parents and the winning animal.

Newman named as legislator of year

Sen. Newman

Senator Clifford L. Newman, senator for this area, was recently named "Legislator of the Year" by the Young Democrats of Louisiana. In a letter to Newman, Sam Jones, president of the organization, stated:

"It is with honor and pride that I inform you of your selection as 'Legislator of the Year' for the 1981 Legislative Session. This decision was made by Young Democrats throughout the state and was based on your introduction and support of legislation beneficial to young people, open-minded approach to all issues, and willingness and ability in addressing large and small problems that confront us.

The State Central Committee of the Young Democrats of Louisiana sincerely believe that your concern for the youth of this State is unprecedented in the Legislature. Taking into Consideration everything that you have done for us, this award is a mere attempt to show our total appreciation."

Newman to be honored at testimonial

Senator Cliff Newman, senator for Calcasieu and Cameron parishes, will be honored at a testimonial cocktail buffet at 7 p.m., Tuesday, April 13 in the Buccaneer Room of the Lake Charles Civic Center.

Guest speaker will be former Gov. Edwin Edwards and a number of state officials will be special guests.

Tickets for the affair, at $25 per person, may be obtained by calling 439-1060 or 491-2020 in Lake Charles or Mrs. Myrna Conner in Creole. Dress will be informal.

Soc. Studies winners are named here

The Region Five Social Studies Fair was held Thursday, April 1, at the McNeese State University campus.

Brandon Trahan and Kyle Theriot of South Cameron High school were group winners in anthropology division II.

Alice Welch of Grand Chenier Elementary was an individual winner in History Division II.

Students that place first or second in the individual projects and first place winners in the group exhibits qualify for entry in the State Social Studies Fair set for April 19 on the Louisiana State University campus in Baton Rouge.

Revival set at Oak Grove Baptist Ch.

Francis LaRocque, former fulltime evangelist, will lead revival services April 11-14 at Oak Grove Baptist Church, two miles south of Creole.

Rev. LaRocque is currently pastor of Metropolitan Baptist Church in Sulphur. He will also be sharing messages in song in each service. The times for the services are as follows:

Sunday, April 11, 6 p.m.
Monday - Wednesday, april 12-14, 7 p.m.

"You are cordially invited to all services and will find a warm welcome awaiting you," Pastor Ray Shawa said.

Health unit closed Friday

Dr. Russell R. Conley, Regional Medical Director, has announced that the Cameron Parish Health Unit and all its branch offices will be closed Friday, April 9, for Good Friday. All clinics that are scheduled for that day will be rescheduled.

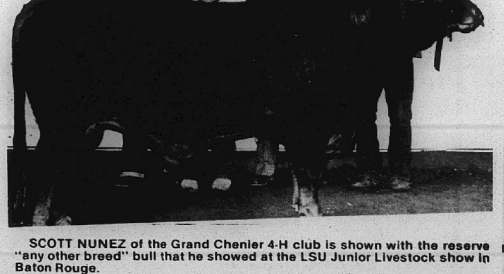
Meeting set on shrimping

All area commercial shrimpers are urged to attend an important meeting if they desire to have any say-so in the spring shrimp season opening date.

On Monday, april 26, the Louisiana Dept. of Wildlife and Fisheries Commission will hold the meeting on the annual spring shrimp season setting in a public hearing at the Sheraton Hotel located at 2150 Veteran's Blvd. in Metarie, La. at 10 a.m.

LDWF Biologists will give prospects on the upcoming season and fishermen will be given a chance to testify to the Commission on their views concerning the spring opening date.

3 churches plan V.B.S.



A new program has been prepared for Vacation Bible School to be held July 12-21 at the Grand Chenier Baptist Church. The school is a joint effort of the Grand Chenier Baptist Church, the Grand Chenier Methodist Church and the Oak Grove Baptist Church.

Come Follow Jesus is the theme for the school, to be held each weekday from 9-12 a.m.

Classes will be offered for ages 4 through 6th grade. All children in the community are invited to attend.

School board meet reset

Because of the Easter holidays, the monthly meeting of the Cameron parish school board, originally set for April 12, has been changed to Monday, April 19 at 10 a.m.

SCOTT NUNEZ of the Grand Chenier 4-H club is shown with the reserve "any other breed" bull that he showed at the LSU Junior Livestock show in Baton Rouge.

Dribblers winners are announced

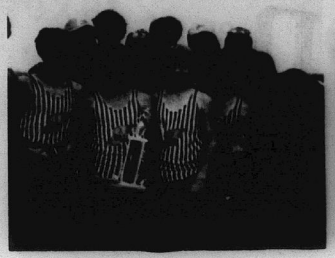
Season winners have been announced in the Little Dribblers basketball league sponsored by the Cameron Parish Sheriff's Department.

The Grand Chenier elementary girls won in the 11, 12 and 13 year old division with 9 wins and 1 loss. Benny Welch was their coach.

Johnson Bayou was second, coached by Dave Anderson.

In the 11 and 12 year old boys division, South Cameron elementary coached by Henry Griffin won with a 9-0 record. Hackberry, coached by Kyle, was second with a 8-2 record.

In the 13 and 14 year old boys division, Grand Lake, with a 4-0 record and coached by Drost was first; and the South Cameron All Stars, coached by Griffin, was second with a 2-2 record.



The top Cameron parish teams will take part in the state tournament in Welsh April 19.

S. Cameron teams play in tourney

The South Cameron elementary school basketball teams took part in the Little Dribblers tournament held last week in Westlake.

The South Cameron Jets took third place in the tourney by beating Iowa 37-15 and Bell City 40-12. South Cameron lost to Vinton 27-26 in one game. Double digit scorers for the Jets included David Montie, Chad Mudd, Peter LeBlanc.

In the same tournament, the South Cameron All Stars lost to Iowa 30-24 and then beat Hackberry 26-12 in the consolation game. Johnny Reina and Eric Benoit were high scorers for South Cameron.

Estuarine study in progress here

An estuarine Study is being carried out by the Louisiana Cooperative Fishery Research unit from L.S.U. in the Cameron - Creole Watershed.

The work shall consist of determining which estuarine-dependent organisms presently utilize the Cameron-Creole Watershed as a nursery, and to determine their seasonal presence and relative abundance.

The Soil Conservation Service, sponsors, and other members of the Cameron-Creole interagency technical steering committee need verification that certain information from the Sabine Refuge study is useful in determining if changes need to be made in the design features of the structure in the Cameron-Creole Watershed project, and to recommend an operational scheme for the structures. The contract covers the first phase of a two-part study for making the above determination.

A trap system shall be installed in Grand Bayou near its mouth at Calcasieu Lake. The trap system shall have three traps facing toward Calcasieu Lake and three traps facing toward the marsh (6 total). The trap system shall have two traps fished at the water surface, two traps fished at mid-depth and two traps fished on the bottom of the Grand Bayou.

Traps are to be constructed of monel wire, using 6 x 6 woven mesh comprised of .047 diameter wire. The openings in the mesh are to be .120-inch (3mm) square. Traps are to be constructed and mounted identical to the ones used on the Sabine study in order to have comparable data.

Sampling (checking of traps) shall be done once a week for a 24-hour period. Additional samples shall be taken prior to, during and after the passage of strong weather fronts.

Sample processing will be in the same manner as in the Sabine project as follows: The contents of each trap will be bagged, labeled, and returned to the laboratory in an ice-water slush for processing while fresh. If occasional catches prove to be too large to transport to the laboratory, it may be necessary subsample the catch at the trap site.

During the periods of peak migration, it still may be necessary to preserve some of the trap samples for later processing. However, since field collection will be continual, preservation must be minimized to avoid a large backlog of samples yet to be processed at the end of sampling for the project.

In the laboratory, the catch from each trap will be sorted to species and the biomass, number, and length frequency by 5mm-length class of each species will be recorded. Weights will be obtained to estimate total numbers based on the ratio between subsample and total sample weights.

Instruments for continual recording of the environmental factors most likely to stimulate emigration are to be installed near or on the trap system. Parameters to be continually recorded are temperature, salinity, pH, dissolved oxygen, water level, flow direction and flow velocity. Also, a precipitation gauge shall be installed. A Hydrolab Digital 8100 series or equivalent and necessary data integrators are to be used. Water level gauges, such as the Stevens 7003 digital or equivalent must be used.

(Next week will be the outline of the 2nd part of this Estuarine Study that will be carried out in the Cameron-Creole Watershed.)

Fines told

$6,384.25 was collected through 38th Judicial District Court on 114 traffic tickets during the week of March 29 - April 2, according to Jerry G. Jones, district attorney.

Cameron. . . . . Outdoors

By Loston McEvers

This weeks fishing report is about the same as the last three weeks, no rain, just dew and a front with light winds.

OFFSHORE

Not many boats were able to go offshore because of high winds and rough seas, but some fished the closer platforms and marsh cuts leading to the gulf and are catching a few redfish, specs and trout and a few red snappers.

Most of the offshore anglers are hoping Easter weekend will bring a change and they can make a fishing trip to some of the platforms in Oil City.

BIG BURNS

About the same story as far as weather goes, but it's still the hottest spot, as Lacassine Refuge hasn't shown very much in the last month. Terrance Savoie and David George fished a few days last week and boated 10 to 12 nice bass each day with some 3½ to 4 lbs. being the largest.

Catfishing has been good. Also, fishing the deep canals. Rudy McEvers and Becky Benson tried their luck Saturday and did rather well, fishing on bottom.

White perch and bream are also being taken along the banks of the deep canals, using shiners, small beetles and flyrod plugs.

TOLEDO'S STRIPERS

Whitney Baccigalopi, with Rockefeller Refuge Division of La. Wildlife and Fisheries, was helping Doug Adonis and Kenneth Lontz, wildlife biologist specialist, who perform operations on striped bass and insert ultrasonic transmitters, to locate and study the movement, the depths of water they go into etc. Whitney was telling me one angler had caught a 25 lb. striped bass. This program goes back to 1965 when the first fingerlings were put in Toledo Bend. They grow very rapidly as the state record is 33 lbs. 3 oz recorded in 1980. This study gives area fisherman knowledge as to where to search for stripes and be successful catching them.

FISHING TIMES

These times are good providing the tides and weather conditions are satisfactory.

April 9, Friday a.m. - 11:30 to 1:30 good. P.M. - 6:35 to 7:45 fair.

April 10 - Saturday a.m. - 6:10 to 8 fair. P.M. 6:35 to 8 fair.

April 11 - Sunday a.m. 6:55 to 8:30 fair. P.M. 1:10 to 3:10 good.

FISHING TIP

This time of the year, bass fishing requires patience and you do have to work your bait more slowly than usual, lots of times fish are there but being under cover, you have to give them a chance to see your bait as well as hear it.

Until next week, good luck!

If frosting becomes too stiff or hard as you are beating it, beat in some lemon juice.

grounds that the canal would split Hackberry beach and bring salt water into the marsh. Both the jury and the drainage boards for the area urged that some other means be used to get to the well site.

The jury also rejected a request from Wm. T. Burton Industries, Inc. for a permit to stop off some canals in the Oyster Bayou area near Holly Beach to prevent salt water intrusion and improve trapping and hunting.

The jury was afraid this would stop up the natural drainage in the area, but a representative of the company said that flap gates were planned to permit drainage but keep salt water out. Jurors said they would approve the permit if this was spelled out in the application.

The jury reappointed Lester Richard, Jr. to another term on Recreation District No. 4 and Leslie Griffith was renamed to Garbage District No. 3.

Ernest Vincent was appointed to fill the vacancy on the parish mosquito board created by the death of Howard Cox. The jury approved a letter to Mr. Cox's family expressing their appreciation for his services and their sympathy.

Welding graduates

Two graduate from welding course

Leslie D. Griffith, director of the Cameron Vocational--Technical School, announced the graduation of Wayne Bourque, Jr. and Tim Helms in the welding department.

Cameron Vocational--Technical School is now accepting applications for day preparatory welding, vehicle/marine engine mechanics and office occupations. Interested students 16 years of age and older and not enrolled in high school may pick up applications in the administrative office at the school on weekdays from 8 a.m. to 4 p.m. or call the school at 542-4612.

There are no tuition fees for any of the courses at the school. The only expense incurred by the students is for books, supplies and insurance. Classes are available for parttime, fulltime, and seven and seven classes.

The school will be closed for the Easter holidays through April 12. Classes will resume on April 13.

Yelverton in race for appeal court

Judge Henry L. Yelverton of Lake Charles is a candidate for the Louisiana Court of Appeal. He is presently Chief Judge of the Fourteenth Judicial District Court in Calcasieu Parish and has been a district judge for 11 years. Before that he was First Assistant District Attorney for Calcasieu and Cameron parishes.

Judge Yelverton will seek to fill the vacancy created last week by the retirement of Third Circuit Court of Appeal Judge G. Wm. Swift, Jr. The election is expected to be held on Sept. 11.

Although the Third Circuit Court of Appeal covers an area of 21 parishes, the election district for this judicial post is made up of only six Allen, Beauregard, Calcasieu, Cameron, Jefferson Davis and Vernon.

The Court of Appeal handles all appeals in civil cases. Beginning July 1st of this year it will also hear appeals in criminal cases. Judge Yelverton has sat on appeals courts by special assignment of the Louisiana Supreme Court on three different occasions. He is a member of the Supreme Court Advisory Committee which helped write and recently published the Louisiana Judges' Bench Book, a guide for trial judges in criminal cases.

He has a juris doctor degree from the law school of Louisiana State University. He is an active member of Our Lady Queen of Heaven Catholic Church of Lake Charles and the Knights of Columbus.

Judge Yelverton is 53. He was born in Winn Parish in central Louisiana and has lived in Lake Charles for the last 25 years. He and his wife, the former Lorraine LeJeune of Addis, Louisiana, have seven children and three grandchildren.

Cameron District court results

Don E. Spano, Jr., 3402 Swanson St., Lake Charles, was found guilty to disturbing the peacy by fighting in a judge trial March 31, in 38th Judicial District court with Judge H. Ward Fontenot presiding.

The charge stemmed from an incident at Sweeney's club on August 25, 1981 in which he was involved in a fight with Albert James Abbott, of Cameron.

In another trial Walter william Reed, 57, Orange, Texas was found not guilty of D.W.I.

James K. Book, who had originally pled not guilty to a charge of criminal mischief, changed his plea and was sentenced to one week in jail with credit for time served.

The charge stemmed from an incident on Jan. 17 when Book was charged with entering a house and tampering with property belonging to Mrs. Robert O. Hackett.

Kevin M. Smith, 18, Morgan City, who was charged with possession of marijuana had the suspension of the imposition of his sentence one year and placed on one year unsupervised probation and pay court costs.

Brian E. Cosma, 22, Kent, Ohio was sentenced to time already served in jail for disturbing the peace (drunk).

Fined $300 and costs or 30 days in jail for guilty pleas to D.W.I. were: Cynthia Schexnider, 32, Rt. 1, Creole; Dwayne C. Valois, 21, Grand Chenier; and William James Hudson, 49, Nederland, Tex; Kenneth L. Leger, 28, Welsh was also fined $25 or 2 days for driving left of center.

Jesse G. Racca, 17, Cameron, who pled guilty to possession of marijuana received a suspension on the imposition of his sentence for one year, pay costs, and placed on unsupervised probation for one year.

Matthew Bayaze Watson, 30, Alexandria, $150 and costs or 10 days for theft of money from Taber's Clothing Store in Cameron.

Noah W Lanigham, 34, Cameron, 10 days in jail for driving under suspension.

Rodney J. LaPoint, 23, Sulphur, $75 and costs or one week in jail for resisting arrest from Cameron Parish Sheriff's Deputy Ernest Koppie.

Donald R. Ancelet, 24, Sulphur, $175 and costs or 15 days in jail for reckless operation.

The charge involved a charge that the subject had ran another vehicle off the road, near Hackberry.

A bench warrant was issued for Paul Howard Asiala, 28, Newton, Texas who was charged with D.W.I. and failed to show up for court.

Leona Trahan, 45, Box 544, Cameron, must serve her original sentence in the Louisiana Dept. of Corrections, according to a State Supreme Court decision handed down this week, according to Cameron Parish District Attorney Jerry Jones.

On Sept. 15, 1980, Mrs. Trahan was charged by separate bills of information with three counts of distribution of marijuana.

An initial plea of not guilty was entered by her, however, on april 20, 1981 she withdrew the plea and pleaded guilty to two counts, with the third count dismissed by the state.

On June 1, 1981 the trial court sentenced the defendant to serve six years in the penitentiary on each count, the sentences to run concurrently.

Mrs. Trahan appealed the convictions asserting three assignments of erros: That the trial court erred in accepting her guilty plea because she was mentally incompetent to plead guilty; that the trial court failed to comply with the sentencing guidelines; and that the sentences imposed are excessive.

Judge H. Ward Fontenot was the trial judge on the case and District Attorney Jones was the prosecutor.

Guilty pleas brought the following sentences in 38th Judicial District court Monday with Judge H. Ward Fontenot presiding.

Ronnie R. Richardson, 39, Houston, Texas, $300 and costs or 30 days for D.W.I.; $35 or 3 days in jail for driving left of center and $75 and costs or 5 days in jail, all to run concurrent.

David L. Bonsall, 25, 1206 LeBouef, Vinton, 125 days in jail for second offense D.W.I., with Judge Fontenot stating that a portion of the sentence could be served at the Substance Abuse Center in Lake Charles, if it can be arranged; and 10 days in jail for driving under suspension, sentences to be served consecutively.

Steel shot may not be pushed any more

By JESSE KNOWLES
CHAIRMAN LOUISIANA WILDLIFE AND FISHERIES COMMISSION

In my opinion, if the findings of the steel shot experiment at Lacassine National Wildlife Refuge in Southwest Louisiana during the 1980 and 1981 duck hunting seasons are accurate, it sounds the death knell for any concerted push by the Department of Wildlife and Fisheries for use of steel shot in Louisiana.

John D. Newsom, assistant secretary for the department's office of wildlife, announced on March 24 that the steel shot experiment showed:

Twenty one percent more ducks were hit per shot fired with No. 6 lead than with No. 4 steel.

Of the birds hit, No. 4 steel crippled 41 percent more than No. 6 lead.

It was pointed out that mallard and gadwall were the most common species bagged during the two seasons, followed by teal and shoveler.

There was no evidence that the species composition of the bag differed between the two type loads.

Long range shots, over 35 yards, resulted in an increase of 55 percent in crepples per hit for both loads combined.

Here's how the experiment went:

The Cooperative Wildlife Research Unit at LSU, in cooperation with the U.S. Fish and Wildlife Service and the Louisiana Department of Wildlife and Fisheries participated in the study of the relative effectiveness of lead and steel for hunting ducks under field conditions in Louisiana.

The loads compared were 12 gauge 1-3⅛ oz. of No. 6 shot and 1-1/8 oz. of No. 4 steel shot. The two shells wre selected because they were the most popular shot shell loads for duck hunting in Louisiana, readily available and ballistically comparable.

During the 1980-81 and the 1981-82 duck hunting seasons, over 1,000 hunters expended 8,042 No. 6 lead shot shells and 8,647 No. 4 steel shot shells manufactured by Federal Cartridge Company in order to bag 2,235 ducks. Some 1,245 ducks were bagged with lead shot and 990 with steel shot; and 803 ducks were crippled: 366 with lead shot and 437 with steel shot (a duck visibly hit but not retrieved was classified as a cripple).

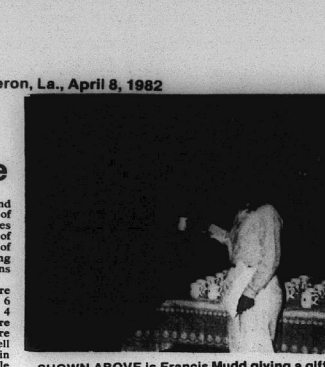
Identity of the shells used was not known by the hunter, the observer in the blind, the shell handler, the project field supervisor or statistician until the study was completed and the data analyzed. This was done in an effort to eliminate any bias that may have resulted from prior knowledge of the type load.

I am certain that many readers who are duck hunters will recall the six-hour long public hearing in Lafayette, La., in October of 1978. Both opponents and proponents of steel shot went at it hot and heavy for hours.

When the smoke finally cleared, the commission at that time voted to suspend enforcement of the mandatory regulations established by the U. S. Fish and Wildlife Service for the use of steel shot in previously designated steel shot zones for the taking of waterfowl in Louisiana.

The commission's action at that time rescinded the steel shot regulations contained in the digest of hunting regulations governing the taking of waterfowl in Louisiana during the 1978-79 hunting season and permitted taking of waterfowl anywhere in Louisiana with lead shot.

The only exception in the years since then has been allowing the U. S. Fish and Wildlife Service to make steel shot mandatory on federal wildlife refuges where duck hunting is allowed.



In view of the findings of Lacassine's two-year test, I'm wondering if the continued use of steel shot will be pressed by the federal service.

With steel shot crippling 41 percent more ducks than lead shot, and hunters bagging 21 percent more ducks with lead shot than with steel, it appears that some serious consideration should be given to determining, if steel shot were used nationally, would the crippling loss exceed the estimated loss from lead shot poisoning.

We all know that crippled ducks do not survive. They fall prey to raccoons, alligators and other predators.

The findings are something to think about.

Booklet available on treasure ship

A hurricane blew the Spanish merchant vessel El Nuevo Constante aground on the Louisiana coast in September 1766. Two hundred thirteen years later a Texas shrimper discovered the wreck when he caught copper ingots in his nets. Following the discovery, the state of Louisiana developed an agreement with the finder that led to the archaeological investigation of the shipwreck.

A free booklet from the Louisiana Dept. of Culture, Recreation and Tourism describes the history, discovery and archaeological excavation of the ship, according to state historic preservation officer Robert B. DeBlieux.

Through the underwater excavation of El Constante, hundreds of well-reserved artifacts were recovered including gold, silver and copper ingots. The excavation led to a detailed understanding not only of ship construction and life aboard ship, but also of the cargo.

The major cargo items were New World plant and animal products. El Constante carried over 192,000 pounds of medicinal plants and 60,000 pounds of dye materials, as well as smaller amounts of balsam, chocolate beans, vanilla pods and tortoise shells.

She also carried a variety of Mexican ceramics including tableware, small jars and knickknacks such as miniature guitars, shoes, vases and animals.

The most valuable cargo items were precious metals. Archaeologists recovered 7,000 pounds of copper, 80 pounds of silver and 50 pounds of gold from the wreck. A copy of the ship's manifest, located in Spain, lists all of El Constante's cargo. It shows that over 12,000 pounds of copper were originally loaded on the vessel in Mexico. It does not, however, list any silver or gold of the type recovered from the wreck.

This leads archaeologists to suspect that the silver and gold were smuggled out of Mexico. They might have been stored in the cargo holds deep in the ship. After the vessel grounded, the holds flooded, making recovery impossible. Later, mud replaced the water, sealing the cargo for hundreds of years.

The Constante is the first Spanish shipwreck to be discovered off the Louisiana coast. DeBlieux says that people throughout the state have expressed interest in knowing more about the ship.

They can obtain free copies of the booklet, "El Nuevo Constante," by writing Dr. Kathleey Byrd, state archaeologist, P. O. Box 44247, Baton Rouge, La. 70804.

Health unit offers blood testing here

High blood pressure is a factor in the deaths of more than 250,000 Americans each year. "The disease can hit anyone --- young or old, black or white, relaxed people and tense people, rich and poor," says Dr. Russell R. Conley, Regional Medical Director of the Cameron Parish Health Unit.

Recognizing the seriousness of this problem, the Cameron Parish Health Unit has initiated a high blood pressure program. The program offers high blood pressure screening and nutritional counseling. The service is available to all persons over 14 yeir of age regardless of income.

Clinic schedules are as follows: E

Every Thursday, 9 a.m. to 2 p.m. Cameron Parish Health Unit.

No appointment is necessary to attend the clinic.

If a patient's blood pressure is normal, the nurse will advise the patient to have his/her blood pressure rechecked in one year.

If the patient's blood pressure is elevated, the nurse will reschedule the client to return to the clinic in one week for further evaluation. The person's blood pressure will be rechecked three consecutive times on this date. If the blood pressure remains elevated, the client will then be referred to his/her private physician. The patient will also be provided a monitoring report form to take to his/her doctor. The nurses at the Cameron Parish Health Unit will provide counseling in nutrition and/or weight reduction, if necessary, and any other follow-up that the physician may recommend.

High blood pressure increases the risk of stroke, heart disease, kidney failure and other conditions. If you haven't had your blood pressure checked within the last year, contact the Cameron Parish Health Unit. Your life may depend on it. Remember, high blood pressure can be treated and controlled, and people suffering from it can usually lead normal, healthy lives.

For more information, call the Health Unit in Cameron at 775-5368.

CCD program ends at H'berry

The 1981-82 C.C.D. religious instruction program for grades 1-12 has been completed at St. Peter's Catholic Church in Hackberry, according to the Rev. Edward J. Brunnert, pastor.

On Monday, March 29 confessions were heard for the third graders. This was followed by an Easter egg hunt organized by the teenage youth of the church for grades one, two and three. Refreshments provided by the parents of the students were served after the hunt.

Perfect attendance awards were given to: Grade 1 - Curtis Fountain, Jr., Adrienne Hantz. Grade 2 - Michelle Hantz. Grade 3 - Damon Sonnier.

On Tuesday, Wednesday, Wednesday evening and Thursday at the Church of the Assumption in Hackberry, the students were given an opportunity to receive the Sacrament of Reconciliation. The Rosary was said during the time of confessions which was led by Bro. Don Smith, M. S.

Perfect attendance recognition was awarded to: Grade 4 - Theresa Simon. Grade 5 - Leroy Simon, Jr., Shannon Carroll, Christy Trahan. Grade 6 - Damon Broussard, Michael Devall, Amy Broussard, Cherelle Duhon. Grade 7 - Jessie Abshire, Shane Thibodeaux. Grade 8 - Bonnie Simon, James Abshire, Joyce Carroll.

The eleventh grade hosted the senior C.C.D. recognition night on Wednesday. The following were congratulated for their twelve years of instruction with the C.C.D. program: Deral Domingue, Teresa Hicks, Paul Hebert, William Powers, Veronica Schexnider, Paul Soirez, Sharon East and Jack East. High school student awards for perfect attendance were presented to: Grade 12 - Veronica Schexnider. Grade 9 - Brenda East and Daren Savoie.

On Thursday, April 1 the church of the Assumption concluded its C.C.D. program for 1981 - 1982. Preparation was made to celebrate Easter by the students being given an opportunity to receive the Sacrament of Reconciliation. Bro. Don Smith, M. S. led the saying of the Rosary while confessions were being heard.

The students gathered in the Spiritual Renewal Center where awards for perfect attendance were given to: Grade 3 - Tonya Reed. Grade 4 - Sonya Trahan. Grade 8 - Chad Constance of Holly Beach. Grade 11 - Mark Hebert of Holly Beach. Toby Sandifer. Grade 12 - Carla Trahan.

This was followed by refreshments served by the teachers and provided by the parents.

On Saturday, April 3 after the 6 p.m. Mass in St. Peter the Apostle Church in Hackberry the parents of the students were invited to visit with the teachers in the C.C.D. program. Posters and displays covered some of the class room walls, representative of the instruction during the second semester.

A slide show organized under the direction of Theo LaFargue, one of the sixth grade teachers, was presented with Wesley Vaughan reading the script as the slides were shown.

JR. LIVESTOCK SALE

I mentioned last week that the youngsters who sold their market animals at the Parish Livestock Show were receiving some of their monies. As of this writing $109,840.20 has been received from the buyers and I have made checks to the exhibitors for a total of $108,241.35. I will attempt to get the exhibitors paid as soon as the money comes in.

ANNUAL BULL SALE

The L.S.U. Iberia Livestock Experiment Station will have their annual bull sale at 1 p.m. Thursday, April 15, at the station. The sale will consist of approximately 20 selected bulls from their Angus and Brangus herds along with 20 crossbred heifers.

TREAT PECAN PESTS NOW

Spring brings with it pecan pests, in particular, Phlloxera which has become one of the main pecan pests in the parish.

The Phylloxera is what causes the golls and swellings on leaves, leafpetioler, shoots or early nuts. It can be controlled with sprayings of Malathion, Lindane, Thiodane or Dormant Oils. The application of Dormant Oils should be made before bud break. The other chemicals should be applied shortly after bud break or before 1 inch of new leaf growth occurs.

If Malathion or thiodane is used, two applications about seven-to-ten days apart are needed. One application of Lindane is adequate. Remember Thiodane is toxic to livestock if grazed on areas that were sprayed.

It usually takes two seasons to control phylloxera effectively.

High soil pH - Iron Chlorosis Plants need iron if they are to grow as they should - when they don't get the iron they need, they develop a condition called iron chlorosis.

A lack of iron in ornamental plants causes areas between leaf veins to become light green, yellow or white. In pine trees, the needles turn yellow and in extreme conditions, turn brown and die.

Two types of iron-containing compounds are used to provide iron for plants. There are iron chelates and inorganic compounds containing iron in soluble form. Usually, these are available at garden centers and nurseries. However, the soil should be analyzed before adding the iron.

Mumps vaccine now available at unit

Mumps vaccine is now available for a limited time through the facilities of the Cameron Parish Health Unit, according to Dr. Russell R. Conley, Regional Medical Director for the Cameron Parish Health Unit.

Mumps is a communicable disease that is characterized by fever, headache and swelling of the salivary glands in the cheeks. Although mumps is usually not a serious disease, it can cause deafness and/or inflammation of the brain from which most patients completely recover, but some may have permanent muscle weakness, seizures or brain disorders.

All children and individuals up to 24 years of age, male or female, who received their childhood immunizations before 1976 and did not later receive the mumps vaccine are eligible to receive the vaccine. Dr. Conley explained, "MRC shots (Measles-Rubella Combined) were the standard shot given to children until 1976 when the MMR shot (Measles, Mumps, Rubella) replaced it. Therefore, children vaccinated before 1976 who received the MRC shot may not be immunized against the mumps unless they received the mumps vaccine separately from their private physician".

Individuals who have previously had the mumps shot or who have had the mumps disease do not need the mumps vaccine.

The mumps vaccine is being offered through the Cameron Parish Health Unit during regularly scheduled immunization clinics, with dates as follows:

Cameron Health Unit - Every Thursday from 9 am - 2 p.m.

Grand Lake - First Wednesday from 1 pm - 3 pm.

Hackberry - Third Friday from 10 am - 2 pm.

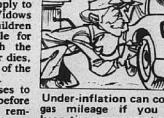
Johnson Bayou - Third Tuesday from 10 am-2 pm.

Parents are urged to check their child's shot record to make sure that they are protected against the mumps. For more information you may contact the Cameron Parish Health Unit in Cameron at 775-5368 or your private physician.

"Shampoo" comes from the Hindu word shampu, meaning "to press." A good shampoo involves pressing the fingers against the scalp so the original meaning still applies.

Social Security change is noted

Legislation enacted in 1981 made a basic change in when a person can first become eligible to receive Social Security monthly benefits, Donald Saylor, Social Security district manager in Lake Charles, said recently.



People now becoming eligible for benefits can receive a benefit only for months they are eligible throughout the entire month. This means that unless a person was born on the 1st or 2nd day of a month, he or she cannot get a benefit for the month they become 62. The first month they can receive a benefit is for the month after the month they reach 62.

This provision also applies to a wife or husband and children receiving benefits on a living person's Social Security record. The spouse or child must be eligible throughout the entire month to get a benefit. This mainly applies to stepchildren, since the marriage of the child's natural parent must have taken place one full year before the child can get benefits.

This rule does not apply to survivor benefits. Widows and surviving children continue to be eligible for benefits starting with the month the wage earner dies, regardless on what day of the month the person dies.

A person who chooses to receive benefits before reaching 65 should remember that, in general, benefits cannot be paid for months before the month he or she applies. Applications can be made up to 3 months before the month benefits can start.

More information about Social Security benefits can be obtained by calling the local Social Security office.

Under-inflation can cost you gas mileage if you don't keep tire pressure at recommended levels.

Grandparents day held at G. Lake

March 26 was "Grandparent's Day," a special day held for the grandparents of the sixth grade class at Grand Lake High School. This event was brought about as a result of an article published in "Senior Weekly Reader," an educational newspaper for sixth graders.

The newspaper printed an article about a 90 year old senior citizen who visited a class in Chicago and told about his adolescent years.

One of Grand Lake's own senior citizens was invited to talk to the sixth grade class. Mr. George Nunez's talk was so interesting and exciting that the students began bringing antiques to school along with stories they'd heard from their own grandparents.

The display grew daily and it wasn't long before the collection consisted of about 50 objects, from an 82-year-old picture of the town of Cameron to a very old musket.

All the grandparents were then invited for a class visit to see the complete display and share their own childhood experiences first hand. After answering many questions posed to them by the students, the stendents then shared stories that they had written about their grandparents.

Although some grandparents could not attend for various reasons, Mrs. Clara Gillespie, Ann Wood's grandmother drove to Grand Lake for this occasion from Ferriday.

Other out-of-town guests were: Mr. and Mrs. Brown LeBoeuf, Cameron, grandparents of Kimberly Belanger; Mr. and Mrs. Berman Cheramie, Cameron, grandparents of Christopher Cheramie; Mrs. Marlene Hillebrandt, Lake Charles, grandmother of Tracy Hillebrandt; Mrs. Janie Birch, grandmother of Billie Guillory.

Area grandparents were: Mr. and Mrs. Martin Hebert, Scott Hebert's grandparents; Mrs. Bessie Duhon, Jennifer Duhon's grandmother; Mrs. Pearl LaBove, Clint LaBove's grandmother; Mrs. Enola Granger, Rendy Drounette's grandmother; and Mr. and Mrs. George Nunez and Mrs. Wilton Young, grandparents of Jason Nunez.

A RESOLUTION CALLING A SPECIAL ELECTION IN FIRE PROTECTION DISTRICT NO. FOURTEEN OF CAMERON PARISH, LOUISIANA, FOR THE PURPOSE OF SUBMITTING TO THE QUALIFIED ELECTORS OF SAID DISTRICT (i) A PROPOSITION TO INCUR DEBT AND ISSUE NEGOTIABLE BONDS OF SAID DISTRICT IN AN AGGREGATE PRINCIPAL AMOUNT NOT TO EXCEED SIX HUNDRED SIXTY THREE THOUSAND DOLLARS ($663,000) FOR THE PURPOSE OF PROVIDING FUNDS TO ACQUIRE BUILDINGS, MACHINERY AND EQUIPMENT, INCLUDING BOTH REAL AND PERSONAL PROPERTY, TO BE USED IN GIVING FIRE PROTECTION TO THE PROPERTY IN SAID DISTRICT, TITLE TO WHICH SHALL BE IN THE PUBLIC, AND (ii) A PROPOSITION TO LEVY A SPECIAL TAX ON ALL TAXABLE PROPERTY IN SAID DISTRICT FOR THE PURPOSE OF MAINTAINING AND OPERATING FIRE PROTECTION FACILITIES AND PAYING THE COST OF OBTAINING WATER FOR FIRE PROTECTION PURPOSES, INCLUDING CHARGES FOR FIRE HYDRANT RENTALS AND SERVICE; PROVIDING FOR NOTICE OF SAID ELECTION; AND OTHERWISE PROVIDING WITH RESPECT TO SAID ELECTION

BE IT RESOLVED by the Police Jury of Cameron Parish, Louisiana (the "Police Jury"), as the governing body of Fire Protection District No. Fourteen of Cameron Parish, Louisiana (the "District"):

SECTION 1. Subject to the approval of the State Bond Commission, a special election shall be held in the District, and the same is hereby called for May 15, 1982, for the purpose of submitting to the qualified electors of the District two propositions as to (i) whether the District shall incur debt and issue negotiable bonds in an aggregate principal amount not to exceed SIX HUNDRED SIXTY THREE THOUSAND dollars ($663,000), to run twenty (20) years from the date hereof, and bearing interest at rates not to exceed seventeen per centum (17%) per annum, for the purpose of providing funds to acquire buildings, machinery and equipment, including both real and personal property, to be used in giving fire protection to the property in said District, title to which shall be in the public, which bonds shall be general obligations of the District and shall be payable from the proceeds of ad valorem taxes levied and collected on all taxable property in said District sufficient in amount to pay the principal of and interest on such bonds as they mature, and (ii) whether the District shall levy a five (5) mill special tax on all the taxable property in the District for the period of twenty (20) years, commencing in the year in which such fire protection facilities are put in operation, for the purpose of maintaining and operating fire protection facilities and paying the cost of obtaining water for fire protection purposes, including charges for fire hydrant rentals and service in the District.

SECTION 2. The Police Jury shall meet at its office at the Police Jury Building in Cameron, Louisiana, on Tuesday the 18th day of May, 1982, at 6:00 o'clock P.M., and shall, in open public session, proceed to examine and canvass the returns and declare the result of said election.

SECTION 3. The Secretary of the Police Jury is hereby directed to give notice of said election in the form and manner provided by law, said notice to state that the election is to be held on the date hereinbefore mentioned and at the polling places hereinafter named, for the purpose of submitting to the voters of the qualified electors of the District the propositions hereinafter mentioned, which notice shall also state that the Police Jury will meet at its office at the Police Jury Government Building in Cameron, Louisiana, on May 18, 1982, at 6:00 o'clock P.M., and will in open public session, proceed to examine and canvass the returns and declare the result of said election.

SECTION 4. In the event no election for any public official is held in the District at the same time as the election called by Section 1 hereof, the following provisions shall apply:

A. The polling places and commissioners of election for said election shall be as follows:

ELEVEN OF CAMERON PARISH, LOUISIANA, FOR THE PURPOSE OF SUBMITTING TO THE QUALIFIED ELECTORS OF SAID DISTRICT (i) A PROPOSITION TO INCUR DEBT AND ISSUE NEGOTIABLE BONDS OF SAID DISTRICT IN AN AGGREGATE PRINCIPAL AMOUNT NOT TO EXCEED SIX HUNDRED SIXTY THREE THOUSAND DOLLARS ($663,000) FOR THE PURPOSE OF PROVIDING FUNDS TO CONSTRUCT AND MAINTAIN WATERWORKS SYSTEMS OF SAID DISTRICT, TITLE TO WHICH SHALL BE IN THE PUBLIC, AND (ii) A PROPOSITION TO LEVY A SPECIAL TAX ON ALL TAXABLE PROPERTY IN SAID DISTRICT FOR THE PURPOSE OF MAINTAINING AND OPERATING SAID WATERWORKS SYSTEMS; PROVIDING FOR NOTICE OF SAID ELECTION; AND OTHERWISE PROVIDING WITH RESPECT TO SAID ELECTION.

BE IT RESOLVED by the Police Jury of Cameron Parish, Louisiana (the "Police Jury"), as the governing body of Waterworks District No. Eleven of Cameron Parish, Louisiana (the "District"):

SECTION 1. Subject to the approval of the State Bond Commission, a special election shall be held in the District, and the same is hereby called for May 15, 1982, for the purpose of submitting to the qualified electors of the District two propositions as to (i) whether the District shall incur debt and issue negotiable bonds in an aggregate principal amount not to exceed SIX HUNDRED SIXTY THREE THOUSAND dollars ($663,000), to run twenty (20) years from the date hereof, and bearing interest at rates not to exceed seventeen per centum (17%) per annum, for the purpose of providing funds to construct and maintain waterworks systems of said District, title to which shall be in the public, which bonds shall be general obligations of the District and shall be payable from the proceeds of ad valorem taxes levied and collected on all taxable property in said District sufficient in amount to pay the principal of and interest on such bonds as they mature, and (ii) whether the District shall levy a five (5) mill special tax on all the taxable property in the District for the period of twenty (20) years, commencing in the year in which such waterworks systems are put in operation, for the purpose of maintaining and operating the waterworks systems in the District.

SECTION 2. The Police Jury shall meet at its office at the Grand Lake Recreation Building in the Grand Lake-Sweet Lake Community, Cameron Parish, Louisiana, on Tuesday the 18th day of May, 1982 at 6:00 o'clock P.M., and shall, in open public session, proceed to examine and canvass the returns and declare the result of said election.

SECTION 3. The Secretary of the Police Jury is hereby directed to give notice of said election in the form and manner provided by law, said notice to state that the election is to be held on the date hereinbefore mentioned and at the polling places hereinafter named, for the purpose of submitting to the voters of the qualified electors of the District the propositions hereinafter mentioned, which notice shall also state that the Police Jury will meet at its office at the Police Jury Government Building in Cameron, Louisiana, on May 18, 1982, at 6:00 o'clock P.M., and will in open public session, proceed to examine and canvass the returns and declare the result of said election.

SECTION 4. In the event no election for any public official is held in the District at the same time as the election called by Section 1 hereof, the following provisions shall apply:

A. The polling places and commissioners of election for said election shall be as follows:

POLLING PLACES	COMMISSIONERS OF ELECTION
WARD 4 PRECINCT 1 - GRAND LAKE RECREATION CENTER	Mrs. Walter LeBleu Commissioner in Charge

Grand Lake Community	Mrs. Albert Guidry Mrs. Dupre Guidry Mrs. Gilferd A. Richard

B. The compensation of a certified commissioner at said election shall be fifty dollars ($50.00) and the compensation of the commissioner-in-charge appointed pursuant to L.R.S. 18:424 shall be seventy-five dollars ($75.00).

C. The polls for said election shall be opened on the day of such election at the hour of 6:00 o'clock A.M. and shall remain open until and not later than 8:00 o'clock P.M., but all qualified persons who were in line to vote at 8:00 o'clock P.M. shall be permitted to vote.

D. The Board shall, and the officers thereof are hereby directed to, provide for supplying voting machines and furnishing compiled statements of qualified voters, official absentee ballots, tally sheets, and other necessary election supplies, issue any proclamations and notices concerning said election as may be necessary, and otherwise do whatever is necessary to cause said election to be held, the votes compiled and the results promulgated as provided by law, including Chapter 6-A of Title 18 of the Louisiana Revised Statutes.

SECTION 5. In the event the election called by Section 1 hereof is held at the same time as an election in the District for any public official, the Board shall, and the officers thereof are hereby directed to, issue any proclamations and notices concerning said election as may be necessary and otherwise do whatever is necessary to cause said election to be held, the votes compiled and the results promulgated as provided by law, including Chapter 6-A of Title 18 of the Louisiana Revised Statutes.

SECTION 6. The propositions on the ballot to be used in said election shall be in substantially the following form:

PROPOSITION NO. 1

Shall Waterworks District No. Eleven of the Parish of Cameron, Louisiana, incur debt and issue negotiable bonds in an aggregate principal amount not to exceed SIX HUNDRED SIXTY THREE THOUSAND dollars ($663,000), to run twenty (20) years, and bearing interest at rates not to exceed seventeen per centum (17%) per annum, for the purpose of providing funds to construct and maintain waterworks systems of said District, title to which shall be in the public, which bonds shall be general obligations of the District and said District shall be payable from the proceeds of ad valorem taxes levied and collected on all taxable property in said District sufficient in amount to pay the principal of and interest and redemption premiums, if any, on said bonds as they mature?

PROPOSITION NO. 2

Shall Waterworks District No. Eleven of the Parish of Cameron, Louisiana, levy a five (5) mill special tax on all the taxable property in said District for the period of ten (10) years, commencing in the year in which such fire protection facilities are put in operation, for the purpose of maintaining and operating the waterworks systems in said District?

SECTION 7. The Secretary of the Police Jury is hereby directed to transmit a certified copy of this notice and a true copy of the notice of election prepared pursuant to Section 3 hereof to the Secretary of State of the State of Louisiana, the Commissioner of Elections of the State of Louisiana and each clerk of Court and registrar of voters of the Parish of Cameron, in sufficient time that the same may be received by them no later than forty-five days prior to the date of election.

SECTION 8. The Secretary of this Police Jury is hereby directed to transmit forthwith to the State Bond Commission two (2) certified copies of this resolution. The State Bond Commission is hereby requested to consent to and approve (a) the olding of said election and (b) the issuance of said bonds if authorized at said election.

SECTION 9. This resolution shall take effect immediately upon its passage.

ADOPTED AND APPROVED this 25th day of March, 1982.

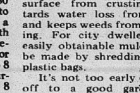
Now is the time to clear the garden of stones, trash and other debris.

It's best to line up a group of assistants for this job. Gather the family and encourage friendly young playmates, as well. Armed with sturdy trash bags, such as GLAD Three-Ply, you can make cleanup a snap.



It's time to think about gardens!

Once the yard is clean it's time to prepare the soil for planting, depending on specific weather conditions. Test the soil's readiness by molding a handful into a ball. If it crumbles readily when pressed with the thumb, it's ready to be worked. Otherwise, be patient. Plants won't grow in frozen or soggy soil.

Organic matter improves the soil, releasing nitrogen, minerals and other nutrients when it decays. A mulch of partially rotted straw, compost or undecomposed crop residue helps keep the soil surface from crusting, retards water loss from soil and keeps weeds from growing. For city dwellers, an easily obtainable mulch can be made by shredding dark plastic bags.

It's not too early to get off to a good gardening start.

Thomas Edison and his staff at Menlo Park invented something new every ten days.

Old Pure Ice Company plant is no more

Old landmark is being torn down

By Geneva Griffith

An old Cameron landmark is vanishing from the scene ending an era in the history of the parish, with the demolishing of the old Pure Ice building on Cameron's main street.

The building was built in 1935 by William C. Cezan on the C. F. Henry, Estate land in the west end of Cameron for the purpose of providing Cameron households with ice for their ice boxes. It was later sold to Mrs. William Parkins.

With the budding new shrimp industry that was just beginning in the area, large amounts of ice was then needed to service the seven shrimp houses that sprung up in Cameron. In addition to the packing houses, the shrimp boats needed ice to preserve their catches.

In 1967 a shrimp freezer with a quick freeze method was installed, at which time the plant made seven tons of ice every twenty four hours.

Before the plant was built, ice was trucked in from Lake Charles, and in earlier years, the ice was covered with sawdust, packed in boxes and brought down the Calcasieu river from Lake Charles on the steamboat "Rex".

Arnold Murphy, who now manages a local motel, served as the first manager of the plant.

He recalls that the plant was powered with a 150 HP Diesel and a 60 HP motor and that, in addition to furnishing electricity to the seven shrimp houses in Cameron, ran power lines to as far away as Grand Chenier to homes that wanted electricity.

Murphy said that when the shrimp houses required more electricity than the company could furnish he had to cut off the service to all the outlying areas by going to a station, here where the Cameron Elementary school is now, and disconnecting the power.

He said that outlying area electricity customers knew that the shrimp plants had first priority and that the switch would be pulled when it was needed by the shrimpers.

Murphy continued as manager of the plant for 12 years, running three shifts of employees around the clock.

Murphy recalls that during World War II the OPA closed down the plant for six months because they were charging too much for the electric power. The OPA was a watch-dog" government agency that clamped down a freeze on rents, and various rates, saying that no one could go up on the prices that they had charged before the agency was formed.

In 1944 the Jefferson Davis Electric Coop was formed in the parish and electricity was obtained for the whole parish.

Up to this time there were very few households that had run on electricity, although there were some that had Delco plants.

The old plant was to serve another very important function for the parish when it served as a temporary morgue for the dead after Hurricane Audrey, June 27, 1957, in which 526 people lost their lives.

As the bodies were brought in they were taken to the ice house and laid out for identification by their relatives.

This was a sad time for the parish and the sturdy old building a very important focal point during that time.

Cameron parish's Chief Deputy Sheriff Cliff Cabell recalls that during this time he was employed by the Louisiana State Police and was stationed at a temporary headquarters on the second floor of the Cameron courthouse.

One of his jobs was to recruit workers to bring in the bodies to put in the icehouse. He said that he recruited workers from the local menhaden plants by giving them the choice of either working with the "death crews" or going to jail. He said his ruse worked because he managed to get plenty of help.

Roland Trosclair, Sr., who has built a modern ice plant on the south side of the road, adjacent to the Calcasieu river, is having the old plant torn down because it no longer serves any purpose, since the other plant went into operation.

Two stately oaks stand in front of and flank the old building and when the demolition is completed the site will be cleaned up and no trace of the historic site will remain.

E. J. Dronet

Dronet gets post

E. J. Dronet, president of Cameron State Bank in Cameron, was elected treasurer of the Louisiana Bankers Association at its 82nd annual convention held in New Orleans.

More than 275 full-service banks are members of the association headquartered in Baton Rouge.

Dronet has been serving on the LBA board of directors representing Southwest Louisiana for the past two years. He is past president of the Texas-Louisiana Chapter of Bank Administrative Institute, a state representative in the Conference of State Bank Supervisors and recently served on the advisory board of the Community Banks Division of the American Bankers Association.

A graduate of the School of Banking of the South at LSU, Dronet has been president of the Cameron State Bank since 1973.

Achievement Day to be held here

The tentative date of the annual Cameron Parish Extension Homemaker clubs Achievement day has been set for Saturday, Sept. 25, in the Cameron Elementary school, according to Mrs. Nancy Cronan, Asst. Home Economist.

She asks that anyone planning to enter the dress revue must have descriptions of the garments to be modeled in the revue in the Extension Service office the Thursday before Achievement Day.

Judging in group contests are on scrapbooks, skits and name tags.

Individual contests are as follows: dress revue, clothing construction, home furnishings, crafts, flower arrangements, food preservation, food preparation, cakes, candy, pies, cookies, photography, Christmas decorations.

There will also be a country counter for which members of each club are expected to bring articles for sale.

Each article must have a price tag and all money collected goes into the Council treasury to help cover yearly expenses.

Items brought to the past Achievement Days have included canned products, aprons, sunbonnets, handicraft items, citrus fruit, plant cuttings, onion sets, pottery, potted plants, candy, cookies, jewelery, covered coat hangers, etc.

Members of each club are also expected to bring items for the Grab Bag.

Door prizes will also be provided, each club furnishing one of the approximate value of $10.

Local club secretaries are also responsible for turning in a list of club members who have attended every meeting to the Agent at the Sept. meeting for perfect attendance awards.

At the Sept. meeting each club will also vote on the "Woman of the Year" award, the winner to be announced at Achievement Day.

Shrimp meet set April 26

Shrimpers, representatives of the shrimp industry, and interested persons are invited to the annual meeting to discuss prospects for the brown shrimp season, according to the Louisiana Department of Wildlife and Fisheries.

Jesse J. Guidry, department secretary, said the meeting will be held Mon., April 26, at 10 a.m. at the Sheraton Inn-Airport, 2150 Veterans Memorial Blvd., Kenner, La.

Guidry said seafood division biologists have been gathering data to provide information about shrimp harvest potentials. Presentations will be made at the April 26 meeting to fully orient shrimp fishermen and industry people on the status of brown shrimp populations, including projected growth rates and estimated size at the time of opening of the upcoming brown shrimp season in inside waters.

He said department biologists will advise shrimpers and industry representatives of the recommendations they will make to the seven-man Louisiana Wildlife and Fisheries Commission regarding spring season dates for trawling in inside waters. Public input is welcome at the annual briefing.

Guidry stressed that the annual shrimp meeting is open to the public and urged all interested persons to attend and express their views.

Actual setting of the dates for inside waters trawling season by the Louisiana Wildlife and Fisheries Commission will take place the following day, April 27, at 10 a.m. in the same meeting room at the Sheraton Inn-airport. That meeting is also open to the public.

Duck stamp may be $35

Responding to a proposal to raise the cost of a duck stamp from $7.50 to as much as $35, Congressman John Breaux called for a complete review of how the Interior Department allocates funds for the purchase of parkland and wildlife refuge land.

"I am completely opposed to any proposal that raises the cost of the duck stamp until I can be convinced that existing revenues are being properly allocated. This year for example, the administration has requested only $1 million for wildlife refuge land while asking for $60 million for parks. I'm all for parks, but there is no way that this can be considered a fair division of our limited funds."

Duck stamp revenues are earmarked for the purchase of lands to protect migratory waterfowl. In addition to monies raised from the duck stamp, refuge land can also be purchased through revenues in the Land and Water Conservation Fund, (LWCF). The LWCF was established to fund the acquisition of both parkland and wildlife refuge land.

However, since the Migratory Bird Act of 1943, (the duck stamp act) also provides funds for wildlife refuge land, Breaux believes that the Interior Department has decided to use funds from the LWCF for parkland and funds from the Migratory Bird Act for wildlife refuge land.

"The problem with the present acquisition system is that the American sportsman contributes heavily to both the LWCF and the Migratory Bird Act, but only receives funds from the Migratory Bird Act."

Beef Cook-Off rules are announced here

Entries are now being received by the Louisiana Cowbelles for the annual Louisiana Beef Cook-Off contest according to Mrs. Richard Sturlese, state chairman.

Local competition will be held in some locales as elimination contest for the State Beef Cook-Off, which is scheduled for June 8, at McNeese State in Lake Charles. The deadline for recipes is May 30.

The winners of the Louisiana contest will represent the state at the National Beef Cook-Off Sept. 19-21 in San Antonio, Texas. First place nationally wins $5,000, second is $2,500 and third is $1,000. Five honorable mentions will each receive $300.

Contestants may enter through their local Cowbelles organization or by writing or calling Mrs. Richard Sturlese, Rt. 1 Box 5, Grand Chenier, La. 70643, 5382396.

The following persons are ineligible: Cowbelles, employees of the Beef Industry Council, National Live stock and meat Board, State Beef Council and their immediate families; and any person who has owned beef cattle (or whose immediate family husband, wife, children - has owned beef cattle) in the 12 months preceding Oct. 1, 1982.

Contestants have to be 18 years or older, with no professional food service background.

Recipes must contain beef as the principal ingredient. Cuts include beef chuck, round, rump, fresh brisket, plate, shank and ground beef. All meat in the recipe must be beef.

The dishes will be judged on taste, appearance, practicability ease of preparation and originality. The dish must contain a minimum of two pounds and no more than five pounds.

Braxton Blake

Blake is elected

Braxton Blake Jr. of Cameron Construction Company, Inc., was elected the 1982 president of the Louisiana Oilfield Contractors Association at the group's statewide meeting. Blake has been active in the association for the past five years and has held several other offices with the organization.

Immediate past president Wayne Bollich of Supreme Contractors was honored with a plaque for his outstanding work during 1981.

Bollich was behind the organization's successful fight to repeal Louisiana's Hold Harmless agreements. He was also instrumental in organizing the Louisiana Oilfield Health Insurance Group Trust, and in putting together the Louisiana Oilfield Political Action Committee.

Serving as board members for 1982 are: Ray "Shorty" Rozas, Oilfield Construction Company, Inc.; Vernon Coffman, Guy Scroggins, Inc.; Neil Crain, Crain Brothers; Peter Vallot, AM-VAK Corporation; Hank Danos, Danos and Curole Marine Contractors; Charles McDaniels, McDaniels Welding; R. D. Lowe, Central Industries, Inc.; Dailey Berard, Universal Fabricators; John D. Monteiro, Monteiro Contractors and Roland Perrin, The Land and Offshore Company.

The Louisiana Oilfield Contractors Association grew out of a series of informal meetings held between contractors in the late 1950's and early 1960's to discuss common problems - not the least of which was the growing labor violence in the oilfield.

Two agents are promoted

Two Cameron parish extension agents were among 39 members of the L.S.U. Cooperative Extension Service staff who were given promotions by the L.S.U. Board of Supervisors at a meeting in Shreveport April 2.

Paul D. Coreil was promoted to associate area agent for the Southwest area serving the fisheries and wildlife interests.

John Gary Wicke was promoted to associate county agent.

Booklet on tornadoes is available

If your radio or TV were to suddenly blare out -- this is a tornado warning...a tornado has been sighted north of town...you should take cover immediately -- would you know what to do?

The answer can be found in a pamphlet being made available by the Insurance Information Institute. Entitled "Tornado Safety," the pamphlet gives tips about what you should do before, during and after a windstorm.

You can get your free copy of "Tornado Safety" from the Institute by calling (toll-free) 1-800-221-4954 or by writing to 1001 Howard Ave., New Orleans, La. 70113.

Benefit to be held at Hackberry

A benefit street dance and barbecue will be held at the Hackberry Fire Station Sunday, April 18, according to Jeanette Landry, chairman of the Hackberry Crippled Children and Adults Association.

Dinner will be served, starting at 11 a.m. at $3.50 per plate and the dance will begin at 1 p.m.

Three area bands have volunteered their services, "The Buckaneers", "Bad Country Band" and "The Straight Slots".

The proceeds will go to the Calcasieu-Cameron chapter of Crippled Children and Adults program.

Everyone is invited to take part.

Raffle to be held to aid local person

A raffle is being held to raise funds for the medical expenses of Lou Murray who is very seriously ill, according to Dorothy Bourgeois. The first prize is a butcher calf and the second is a set of cook pots.

Tickets may be obtained from Mrs. Bourgeois in Cameron and from a number of other persons. The drawing will be held on April 25 at the annual K.C. barbecue in Cameron.

Historical meeting set

A meeting of the newly formed Cameron Parish Historical Society will be held Monday, April 19, at 7 p.m. in the Police Jury Annex.

A committee to nominate officers will be appointed.

Everyone interested in the preservation of the history of the parish and in helping to organize a historical museum is urged to attend, according to Mrs. Ailing Conner, temporary chairman.

Miller family reunion set

The second annual reunion of the descendants of the Pierre Valcour Miller family will be held Saturday, April 24 beginning at noon at the Grand Chenier recreation center.

Families are asked to bring covered dishes and drinks for their members. Coffee and tea will be served.

Persons planning to attend are asked to contact Mrs. David Doland, Grand Chenier, or Mrs. Josthene Broussard, Pecan Island.

$230 raised for fund here

The Cameron Extension Homemakers Club held a cake sale for the Cancer Society. All members donated a cake. The sale netted $230.

The club would like to thank all of those who helped make the cake sale a success. Also, we'd like to thank Pat Cogar, a member who did a very good job.

Singer to be at Tabernacle

Jimmy Steward, gospel recording artist, will give a concert at the Cameron Tabernacle Sunday, April 18, at 7 p.m. according to Rev. Marse Pruitt, pastor.

Everyone is welcome to attend.

Blood is asked

The South Cameron high school student council has begun to campaign to collect blood for Edward Staton, and 8th grade student at the school who has leukemia.

The youth, who is the son of Mrs. Marjorie Conner, special education teacher at South Cameron, has already used over 100 pints of blood in his fight against the disease.

Karen Savoie, student president, said that everyone who wishes to donate blood for Edward is asked to be at the council at 8:30 a.m., Thursday, April 15 when the Louisiana Blood Center will be there to collect blood.

Legislature to begin session

The legislative information phone line known as PULS Line will begin its seventh year of operation on April 19, the first day of the 1982 regular session of the legislature, according to Rep. Conway LeBleu. The phone service is available to callers throughout the legislative session beginning at 8 a.m. and continuing each day when either house is in session.

The PULS Line, an acronym for "Public Update Legislative Service", provides a toll-free statewide telephone line to all residents of Louisiana and will furnish up-to-the-minute information on the status of proposed legislation as well as schedules for committee hearings.

PULS Line utilizes the staff of the House Research Library to answer inquiries by callers. Current information on pending legislation is continually fed into computers from both chambers to provide immediate retrieval of information for PULS Line callers. House and Senate committee staff members provide committee schedules and agendas to the PULS Line staff.

The toll-free service is available to anyone within the state simply by dialing 1-800-272-8186, except Baton Rouge residents who are requested call the local PULS Line: 342-2456. It is not necessary that the caller know the specific bill number in order to find out its current status, but having the bill number will speed the process of obtaining the necessary information.

In 1975, the first year of operation, PULS Line staff fielded over 6,500 calls; in 1981 PULS Line received over 14,000 calls showing a significant increase in public interest in the use of the service.

Legion to meet Thurs.

The monthly meeting of the Richard Bros. American Legion Post and auxiliary will be held Tuesday, April 20 at 7 p.m. at the American Legion Hall in Creole.

A supper will be served prior to the meeting.

Fines told

$7,142.25 was collected through 38th Judicial District Traffic court on 120 tickets during the week of April 5 - 9, acording to Jerry G. Jones, Cameron Parish District Attorney.

Meeting

Because of the Easter holidays, the monthly meeting of the Cameron parish school board, originally set for April 12, has been changed to Monday, April 19 at 10 a.m.

Tanner in production

Beth Tanner, daughter of Mr. and Mrs. Robert Tanner of Cameron, is one of three McNeese State University students who have been cast in a variety of roles for the play, "The Night Thoreau Spent in Jail." The play is set for April 28 thru May 1 at McNeese State University.

Beth, a graduate of South Cameron High School, is a freshman accounting major.

Skate-a-thon is success

The South Cameron High School band held its Cystic Fibrosis Skate-a-thon Sun., March 28, with a large crowd attending. Over $800 was raised for Cystic Fibrosis.

George Gordon was top money raiser with 300 laps, with Kari Brown second at 200 laps.

Band members participating were: Missy Guthrie, Kari Brown, George Gordon, Teddy Gordon, Jana Richard, Charles Lute, Carlos Fredericks, Shane Hebert and Lisa Cormier.

The next skating session will be April 18 and April 25.

3 wheeler event slated

The Gulf Coast rod and Custom Club will hold their first three-wheeler pulls Sun-Day, April 18 at noon on Rutherford Beach.

There will be no admission charge and prizes will be awarded for different weight divisions.

There will also be prizes for three-wheeler drag races.

Also taking part in the event will be a unique three-wheeler sled built by Kirk Burleigh.

Refreshments will be available and everyone is invited to come out and take part.

VA visit set

Jerry W. Furs, Cameron Parish Service Officer, will be at the Hackberry Water Works Building Friday, April 16, from 9:30 to 11 a.m. for anyone needing assistance with VA benefits.

Library Week observance set locally

Cameron Parish Library will celebrate National Library Week April 19-24. Theme for 1982 is "Libraries Share."

An open house sponsored by the Home Demonstration Clubs of the parish will be held from 2 to 4 p.m., Thurs., April 22. Throughout that day a plant exchange will also be conducted. All interested persons are asked to bring one or more surplus plants to exchange for something else.

Bookmarks featuring an intellectual mouse reading a book are available to everyone visiting the Library or the Bookmobile.

The library board and staff cordially invite the public to visit the library, to enjoy the refreshments and the fellowship and to participate in the plant exchange.
