## PRINCIPAL'S MESSAGE

EDUCATION: Education begins the day that one is born and is a continuous process to the hour that one becomes unconscious in death. Education is the acquisition of knowledge, skill, and discipline of character. One is educated physically, mentally, and morally. Education is preparation for a complete life.

REPUTATION: It has been said that one's reputation is what people think of him. We begin to make a reputation at a very early age and by the time we have reached the age of twenty, we are well known in our community; by the time we are thirty, the die is cast and we are branded for life. What will your brand be?

SIN: We are conceived and born in sin, we keep sinning until we pass from this world; but as long as one lives, it is never too late to repent, believe in Jesus Christ, man's only savior, and be saved.

Reminiscing over the 55-56 school term, we, the Annual Staff, would like to fully record the history of the school year at Hackberry High School. However, this being impossible, all that the Round-Up, as the annual publication, can do is to catch and portray the high-spots of the ever-changing panorama, in such a way as to recall to each student, his own personal connection with the flow of events.

We present to you our yearbook, The Round-Up, for the school session of 1955-56, hoping that it will be a treasured possession to you all the years of your life.

## DEDICATION

A fighter likes to have a friend in his corner. A team wants their coach to watch the play, ready to advise.

We are proud to have you, Mr. Joe, in our corner and watching our team.

Therefore, we, the Staff, affectionately dedicate this 1956 ROUNDUP to you.
