THE WILDCAT

1960

LEST WE FORGET

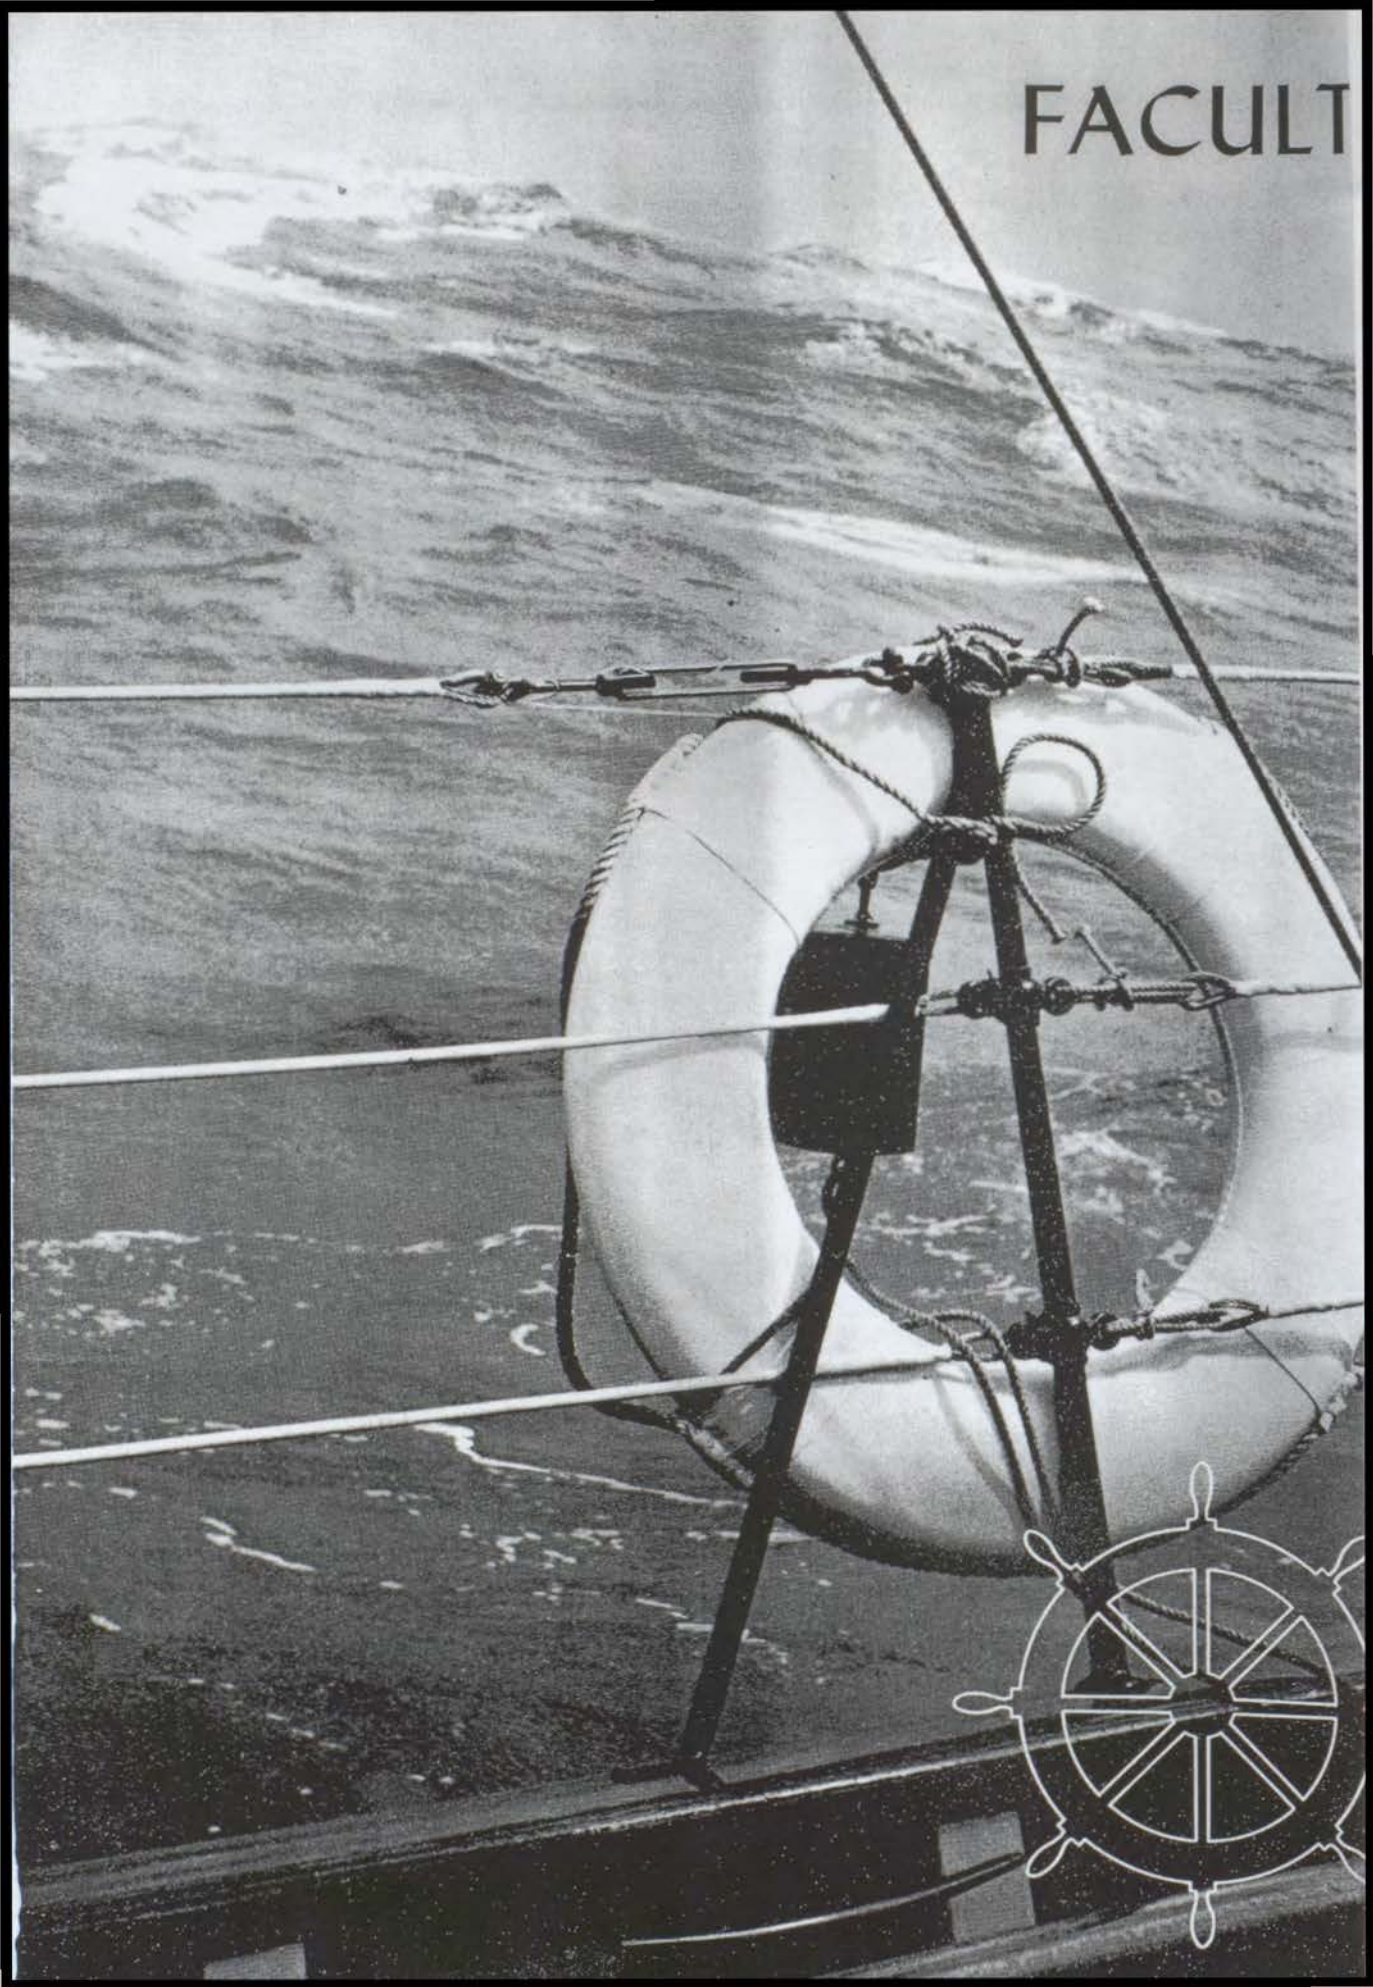

We, the staff, humbly dedicate this 1960 annual to Otis P. Billiot, who gave his life in discharging his duties.

PRINCIPAL'S MESSAGE

He who gives the most has the most. The only way to keep anything is to give it away. The story is told of a man who loved to count his grains of golden corn each night before retiring. One night a stranger knocked at his door and asked for some food. The miser gave him one grain of his corn. Later, as he counted his corn, he found one grain to be solid gold. Christ said He came into the world to minister, and not to be ministered to. Are we better than He? Our goal in education should not be, "How can we get the most out of life for ourselves;" but "How can we use it to be of greatest service to others."
