THE PRINCIPAL'S MESSAGE

U. W. DICKERSON, PRINCIPAL

The most important resource of this nation is the potential talent of its young citizens. You, as a young citizen, have potential talent which, if developed, can make a tremendous contribution to the community, state, and nation. The opportunities for the development of your talent are available to you, and your contributions are limited only by the level of your intellectual attainment. Neither you nor your country can afford the waste of this most precious asset.

A MEMORIAL

ADAM GEORGE STURLESE

On March 24, 1963, death called one from our midst whom we loved most dearly. The untimely death of Adam George Sturlese was deeply felt by all those with whom he was associated.

In his social, civil, and religious life, he was admired and held in great esteem. His personality was as radiant as the first warm days of spring. The void left by his death is only recompensed in the words of Tom Fuller, "That which is bitter to endure may be sweet to remember."

It is our sincere wish and earnest desire that this page will serve as a lasting memorial of Adam George Sturlese.

GRADUATION

1963 SENIOR CLASS PROPHECY

When I was told it had fallen my lot to prophesy, I set about making my impressions of the hands of the 1963 seniors of South Cameron High School. Most prophecies are made through crystal ball gazing but this class, to unique in itself, had skyrocketed from the realm of crystal balls. I have now become versed in the ancient art of palmistry. I took this means of foretelling the future, because I had always heard that the shape of the hand and the lines of the palm have a mysterious and powerful influence over the years to come. Now out of my newly acquired wisdom will I prophesy.

When we look into the future and review this class of 1963 as we find them in 1993, here's where we see these bright shining youths of South Cameron High School.

First is James Albarado the all-excuse man is now head coach at South Cameron and has as his side line hobby his own performing troubadours featuring, J. D. Murphy on the saxophone and also his booking agent.

Next we see Charles Bonsall who has finally landed Janith Savoie. The two have settled on their turkey ranch near Cape Canaveral. This all resulted from the natural-born turkey caller Janity.

Since we could not see how school could operate without Martha Boudreaux we sent her to Sowela where she took three days training and has now replaced Ervis Portie as supervisor of Janitors.

The always kind and tender hearted Tony Brown has developed his own kindergarten and nursery in the heart of Cameron. Tony has a becoming business.

Roberta Conner the first to wed from our class has long since been a widow. Her late husband besides leaving her in Bermuda, left her three sets of twins and 50 sheep, she is now looking for a sheepherder partner.

Johnny Duhon and Chester Dyson found life too dull when the comedians Amos 'N Andy dissolved partnership. So they resumed the show. Tune in on Channel 4-A every afternoon at 3.

Our own scientist has managed to keep his name in neon lights. The latest light which flashed across the universe was "still circling" with astronaut Glen Duddleston at the pilot wheel.

In order to avoid confusion during Pogie season Wade Dupont opened the only colored motel and restaurant. His business is thriving and everybody feels at home with Wade.

The late comer to our class Joe Gerbine is now disc jockey at the new radio station on Monkey Island. Joe said anything to keep our ancestors swinging in the trees.

The brawn and wit of the class John Allen Hebert emerged at a most opportune time. Just in time to replace Red Skelton. Now he's the kiddies favorite.

Lonnie Glenn Harper always musically inclined now operates his own Beach Pavillion in the new Holly Beach development.

Raymond Hebert keeps up with his classmates by mail. He is now our rural route delivery man.

Kay Kohara our petite little charm has been a great asset to the preservation of the South. She has for the past 14 years been ambassadrix to the Belgian Congo. She enjoys the hot deserts in the wild. Her chauffer is none other than Roland Trosclair, Jr. He resigned his position as president of the U. N. to accompany Kay.

Our own little loving Juliette, Mary Jane LaBove has given up trying to capture a husband. She feels that after 48 years of single life, it's too late to try and redo her style of living. Her companions are plenty and pleasant. She has 18 cats, 5 puppies, 2 monkeys, 1 racoon, a skunk, and a pet lamb. She likes that monkey business.

PROPHECY (CONT.)

There was no way of keeping Marvin Owen away from school. So when Phirma retired in 1963, Marvin Owen accepted the position as janitor and has been there ever since.

Glenda Mae Nunez our own hair stylist has closed her beauty parlor and is now specializing in wigs. There has been a change.

Ramona Picou is now her own employer. She is the sole life guard in her swimming pool in the metropolis of Cameron. In winter she freezes the pool and has ice skating as a sideline.

Eugene Primeaux has become a distinguished personage after harvesting the crop of the Freshman class he hit a landslide election as mayor of Little Chenier.

Earline Richard is the bus driver to the only parish bus route operating from Little Chenier to the Jigaboo Motel operated by Wade.

Since Andrew Richard was born and bred on the farm he has been most successful as a poultry farmer. He specializes in crossbreeds.

Lester Richard enjoyed the saddle and horse so much that he is a successful rancher operating his own ranch in Sydney, Australia. His own bookkeeper Jerrie Ann Champagne followed him over.

We had one in our class who dearly loved her teachers. So much so that Carolyn Rome joined the ranks of educators and is now foreign language instructor at Holly Beach. She receives them as they land.

Beverly Sue Rutherford the first woman sheriff of Cameron parish won her election on a popularity contest. She also won the Mrs. America contest.

Ray Boy Stevens operates his own dance school, patterned after the Arthur Murray School, he reshuffled the shuffle, and hopped up the bop, and straightened the twist.

Louie Stoute devoted his life to study and has replaced Einstein in the field of Scientific discovery.

May Lee Theriot who has undying courage and stamina is the star trapeze performer in the three ring circus of the Ringling Brothers.

Agnes Venable rapidly ascended to fame in the hearts of her countrymen. She is now commander-in-chief of the women's air force department.

Lena Bell Miller is the only pediatrician at the New South Cameron Memorial Hospital. She has a thriving and enterprising business.

As for myself, Bobby LaLande, I was unable to read the lines or between the lines, so the least I can ask you to do is to follow along with me and discover the future of my life along with me.

This my dear friends, is the future of the class of 1963, it is our sincere hope that these accomplishments should be fulfilled.
